Summary of Legislation

The bill creates the Office of School Safety (office) in the Department of Public Safety (DPS) and charges the office with:

- overseeing the School Safety Resource Center (SSRC);
- implementing a newly created crisis response unit to assist schools in responding to a crisis or emergency event; and
- overseeing the School Access for Emergency Response Grant Program (SAFER), which is currently in the Division of Homeland Security in DPS.

The bill requires that the director of the office must appoint a grants manger to obtain funds and grants related to school safety. It also makes one-time SSRC reporting requirements permanent.

State Expenditures

The bill increases state expenditures in DPS by \$15.1 million in FY 2023-24 and \$8.9 million in FY 2024-25, paid from the General Fund and a variety of cash funds. Of this amount, \$6.7 million represents funding for existing programs, as the bill includes both appropriations for existing programs and additional funding for the programs discussed below. New staff costs are prorated in the first year.

**Table 2
 Expenditures Under SB 23-241**

	FY 2023-24	FY 2024-25
Department of Public Safety		
Existing Programs (10.3 FTE)	\$6,715,321	\$6,715,321
Administrative Services (4.0 FTE)	\$949,290	\$991,422
Crisis Response Unit (4.0 FTE)	\$1,144,023	\$876,079
Threat Assessment (0.5 FTE)	\$303,408	\$303,415
School Security Disbursement Grants	\$6,000,000	-
Total Cost	\$15,112,042	\$8,886,237
Total FTE	18.1 FTE	18.8 FTE

Existing school safety programs. The bill includes the appropriation for existing school safety programs in the SSRC, which is \$6.7 million and 10.3 FTE. Funding for these programs is not included in the Long Bill, and is assumed to be appropriated in this bill.

Administrative services. The bill includes funding for 2.0 FTE for administrative support for the office, including the office director and grant support, and 1.0 FTE to support the new office in the Executive Director's Office. It also provides an increase of \$460,000 and 1.0 FTE for the SSRC. Costs include associated employee insurance and indirect costs.

Crisis response unit. The bill includes about \$1.1 million for the new crisis response unit, which will be staffed by 4.0 FTE. The unit will assist schools with responding to emergency situations.

Threat assessment. The bill includes about \$303,000 to provide threat assessment training for school threat assessment teams. A portion of the funding will cover the cost of 0.5 FTE for data collection and research related to the effectiveness of threat assessments and interventions; the remainder is used for training.

School security disbursement grants. In FY 2023-24 only, the bill includes \$6.0 million for the existing School Security Disbursement Program, which provides grants for schools to improve security and provide training.

Other Budget Impacts

General Fund reserve. Under current law, an amount equal to 15 percent of General Fund appropriations must be set aside in the General Fund statutory reserve. Based on this fiscal note, the bill is expected to increase the amount of General Fund held in reserve by the amounts shown in Table 1, decreasing the amount of General Fund available for other purposes.

Effective Date

The bill takes effect upon signature of the Governor, or upon becoming law without his signature.

State Appropriations

For FY 2023-24, the bill includes the following appropriations to the Department of Public Safety, and 18.1 FTE:

- \$9,715,551 from the General Fund;
- \$5,000,000 from the School Access for Emergency Response Grant Program Cash Fund;
- \$250,000 from the Marijuana Tax Cash Fund; and
- \$146,491 from the School Safety Resource Center Cash Fund.
