department) to promulgate rules to modify the requirements for kinship foster care homes, including training topics for kinship foster care certification.

Emergency financial assistance for a kinship foster care home is expanded to include goods needed for the child's basic care, including beds, clothing, and transportation costs, and limited rental or housing assistance not to exceed a 60-day subsidy.

The bill clarifies the definitions regarding foster care homes, kinship foster care homes (kinship home), and non-certified kinship foster care homes (non-certified kinship home). A kinship home is a home that has been certified by a county department of human or social services (county department) or a child placement agency to provide 24-hour care for relatives or kin only who are less than 21 years of age. A kinship home is eligible for financial assistance and supports. "Kinship foster care home" does not include a non-certified kinship home. A non-certified kinship home means a relative or kin who has a significant relationship with the child or youth and who has either chosen not to pursue the certification process or who has not met the certification requirements for a kinship home.

The bill formally establishes the process by which a kinship home may apply for certification from a county department or child placement agency. A county department or child placement agency, upon the completion of the required background checks, may issue a one-time provisional certificate for a period of 6 months to an applicant at a specific location who is requesting provisional certification, if requested by the applicant. If the applicant completes the required background checks, the county department or child placement agency shall make payment beginning with the date of placement. The county department or child placement agency shall complete the certification process within the timelines promulgated by rule of the state board. The applicant has the right to appeal any denial of certification. The state department, a county department, or a child placement agency has the right to revoke a kinship home's certification for cause.

Prior to issuing a certificate or subsequent certificate to an applicant to operate a kinship home, a county department or a child placement agency shall conduct a fingerprint-based criminal history record check (fingerprint check) through the Colorado bureau of investigation. The applicant shall pay, unless otherwise paid by a county department, the costs associated with the fingerprint check to the Colorado bureau of investigation.

The county department or child placement agency to which the kinship home applied for certification shall extend the provisional certification by an additional 60 days if the applicant can demonstrate that the applicant did not cause the delay in completing all the requirements for certification.

A kinship home may opt out of the provisional certification process and remain eligible for supports through sources other than foster care maintenance.

The bill stipulates that prior to transferring temporary legal custody of any child or youth to a relative or kin, the court shall make findings that the relative or kin was advised regarding the differences between kinship foster care and non-certified kinship care, including but not limited to financial assistance, custody requirements, and long-term financial support options.

Kinship foster care homes are eligible for financial reimbursement and supports at the same rate as foster care homes, as established in rules promulgated by the state board of human services. Non-certified kinship care homes are eligible for financial assistance and supports at 50% of the foster care rate, based on the age of the child or youth receiving care.

The state department shall collaborate with the department of education, the department of public health and environment, and the department of health care policy and financing to develop an interagency resource guide to assist kinship in the certification process. The state department shall prominently post the interagency resource guide on the state department's website.

The bill directs the state department and the judicial department to collect data on the number of children who are placed with certified and non-certified kin through a dependency and neglect case, regardless of whether the kin or county has custody of the child or youth. The state department shall make the data available on its website on or before January 30, 2025.

On or before October 1, 2024, the state department shall study and report to the general assembly the feasibility of using federal funds, including but not limited to federal IV-B, IV-E, or TANF funds, or other grant funding to provide or reimburse for the provision of brief legal services or legal representation of relative and kin caregivers.

The bill makes conforming amendments to align statutory sections related to foster care homes with kinship homes.

The bill takes effect September 1, 2024.

16 A KINSHIP FOSTER CARE HOME FOR A PERIOD OF SIX MONTHS UPON THE  
17 APPLICANT'S REQUEST AND THE SUCCESSFUL COMPLETION OF A

15 (1)(b), (1)(d)(I), and (4) as follows:

16           **26-6-912. Investigations and inspections - local authority -**

8 placement agency is able to certify that the applicant or licensee is  
9 competent and will operate adequate facilities to care for children  
10 pursuant to the requirements of this part 9 and that standards are being  
11 met and will be complied with, it shall issue the license for which the  
12 applicant or licensee applied. The state department shall inspect or cause  
13 to be inspected the facilities to be operated by an applicant for an original  
14 license before the license is granted and shall thereafter inspect or cause  
15 to be inspected the facilities of all licensees that, during the period of  
16 licensure, have been found to be the subject of complaints or to be out of  
17 compliance with the standards set forth in section 26-6-909 and the rules  
18 of the state department, or that otherwise appear to be placing children at  
19 risk. The state department may make such other inspections as it deems  
20 necessary to ensure that the requirements of this part 9 are being met and  
21 that the health, safety, and welfare of the children being placed are  
22 protected. If, as a result of an inspection of a certified foster care home OR  
23 KINSHIP FOSTER CARE HOME, the state department determines that a child  
24 residing in the foster care home OR KINSHIP FOSTER CARE HOME is subject  
25 to an immediate and direct threat to the child's safety and welfare, as  
26 defined by rules promulgated by the state board, or that a substantial  
27 violation of a fundamental standard of care warrants immediate action,

1 the state department may require a county department to immediately  
2 remove the child from the foster care home OR KINSHIP FOSTER CARE  
3 HOME.

4 (4) Within available appropriations, the state department shall  
5 monitor, on at least a quarterly basis, the county department certification

8 follows:

9 **26-6-913. Revocation of certification of foster care home or**  
10 **kinship foster care home - emergency procedures - due process.**

11 Notwithstanding any other provision of law to the contrary, a county  
12 department may act immediately to revoke the certification of a  
13 county-certified foster care home OR KINSHIP FOSTER CARE HOME when  
14 the county department has reason to believe that a child residing in the  
15 foster care home OR KINSHIP FOSTER CARE HOME is subject to an  
16 immediate and direct threat to the child's safety and welfare or when a  
17 substantial violation of a fundamental standard of care warrants  
18 immediate action. If the county department acts pursuant to this section,  
19 a due process hearing shall be held within five days after the action and  
20 conducted as the hearing would normally be conducted pursuant to article  
21 4 of title 24.

4 periodic review, the department shall consult with foster care providers,  
5 KINSHIP FOSTER CARE PROVIDERS, child placement agencies, county  
6 departments, the department of public health and environment, and other  
7 interested parties throughout the state. The periodic review must include  
8 an examination of the rules applicable to foster care homes, KINSHIP

14 licensing by the department; duplication and conflicts in rules,  
15 requirements, or procedures between the department and the department  
16 of public health and environment; and recommendations for streamlining  
17 and unifying the licensing process. The review must also include an  
18 examination of rules and procedures regarding the general physical and  
19 mental health of foster care providers, KINSHIP FOSTER CARE PROVIDERS,  
20 employees, and owners. At the conclusion of each review, the department
