A BILL FOR AN ACT
CONCERNING ADJUSTMENTS TO SCHOOL FUNDING FOR THE 2023-2
BUDGET YEAR, AND, IN CONNECTION THEREWITH, REDUCING A

103 APPROPRIATION.

Bill Summary

A RILL FOR AN ACT

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov/.)

Joint Budget Committee. The general assembly recognizes that the actual funded pupil count and the at-risk pupil count for the 2023-24 budget year are higher than expected when the appropriation amount for the state share of total program funding was established during the 2023 legislative session, resulting in an increase in total program funding for

the 2023-24 budget year.

In addition, local property tax revenue and specific ownership tax revenue are higher than anticipated, resulting in an increase in the local share of total program funding for the 2023-24 budget year.

The bill declares the general assembly's intent to maintain the budget stabilization factor at the amount of the original appropriation for the 2023-24 budget year.

The bill decreases the appropriation for the state share of total program funding by \$23,964,790 in cash funds from the state education fund and adjusts the 2023-24 state fiscal year long bill accordingly.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds that:

- (a) The actual funded pupil count and at-risk pupil count for the 2023-24 budget year are higher than anticipated when the appropriation was established in the 2023 legislative session for total program funding for the 2023-24 budget year. As a result, total program funding, before application of the budget stabilization factor, is \$61,208,977 higher than anticipated when appropriations were established in the 2023 legislative session.
- (b) Based on actual local property tax revenue and specific ownership tax revenue available to school districts for the 2023-24 budget year, the local share of total program funding is \$85,173,767 higher than anticipated when appropriations were established in the 2023 legislative session.
- (2) Therefore, it is the general assembly's intent to maintain the budget stabilization factor at the dollar amount of the original appropriation from the 2023 legislative session for the 2023-24 budget year, resulting in a decrease of \$23,964,790 to the state share of districts' total program funding, which amount will remain in the state education

fund.

SECTION 2. In Colorado Revised Statutes, 22-54-104, **amend** 3 (5)(g)(I)(N) as follows:

22-54-104. District total program - definitions - repeal. (5) For purposes of the formulas used in this section:

(g) (I) For the 2010-11 budget year through the 2023-24 budget year, the general assembly determines that stabilization of the state budget requires a reduction in the amount of the annual appropriation to fund the state's share of total program funding for all districts and the funding for institute charter schools. The department of education shall implement the reduction in total program funding through the application of a budget stabilization factor as provided in this subsection (5)(g)(I). For the 2010-11 budget year through the 2023-24 budget year, the department of education and the staff of the legislative council shall determine, based on budget projections, the amount of such reduction to ensure the following:

(N) That, for the 2023-24 budget year, the sum of the total program funding for all districts, including the funding for institute charter schools, after application of the budget stabilization factor, is not less than nine billion one hundred one million six hundred thousand nine hundred twenty-two dollars (\$9,101,600,922) NINE BILLION ONE HUNDRED SEVENTY-ONE MILLION EIGHT HUNDRED TWENTY-SEVEN THOUSAND THREE HUNDRED FIFTEEN DOLLARS (\$9,171,827,315); except that the department of education and the staff of the legislative council shall make mid-year revisions to replace projections with actual figures, including but not limited to actual pupil enrollment, assessed valuations, and specific ownership tax revenue from the prior year, to determine any necessary

-3- HB24-1207

- changes in the amount of the reduction to maintain a total program
- 2 funding amount for the applicable budget year that is consistent with this
- 3 subsection (5)(g)(I)(N). For the 2024-25 budget year, the difference
- 4 between calculated statewide total program funding and actual statewide
- 5 total program funding must not exceed the difference between calculated
- 6 statewide total program funding and actual statewide total program
- 7 funding for the 2023-24 budget year.
