the 2023-24 budget year.

In addition, local property tax revenue and specific ownership tax revenue are higher than anticipated, resulting in an increase in the local share of total program funding for the 2023-24 budget year.

The bill declares the general assembly's intent to maintain the budget stabilization factor at the amount of the original appropriation for the 2023-24 budget year.

The bill decreases the appropriation for the state share of total program funding by \$23,964,790 in cash funds from the state education fund and adjusts the 2023-24 state fiscal year long bill accordingly.

Be it enacted by the General Assembly of the State of Colorado:

SECTION 1. Legislative declaration. (1) The general assembly finds that:

(a) The actual funded pupil count and at-risk pupil count for the 2023-24 budget year are higher than anticipated when the appropriation was established in the 2023 legislative session for total program funding for the 2023-24 budget year. As a result, total program funding, before application of the budget stabilization factor, is \$61,208,977 higher than anticipated when appropriations were established in the 2023 legislative session.

(b) Based on actual local property tax revenue and specific ownership tax revenue available to school districts for the 2023-24 budget year, the local share of total program funding is \$85,173,767 higher than anticipated when appropriations were established in the 2023 legislative session.

(2) Therefore, it is the general assembly's intent to maintain the budget stabilization factor at the dollar amount of the original appropriation from the 2023 legislative session for the 2023-24 budget year, resulting in a decrease of \$23,964,790 to the state share of districts' total program funding, which amount will remain in the state education

1 fund.

2 **SECTION 2.** In Colorado Revised Statutes, 22-54-104, **amend**
3 (5)(g)(I)(N) as follows:

4 **22-54-104. District total program - definitions - repeal.** (5) For
5 purposes of the formulas used in this section:

6 (g) (I) For the 2010-11 budget year through the 2023-24 budget
7 year, the general assembly determines that stabilization of the state budget
8 requires a reduction in the amount of the annual appropriation to fund the
9 state's share of total program funding for all districts and the funding for
10 institute charter schools. The department of education shall implement the
11 reduction in total program funding through the application of a budget
12 stabilization factor as provided in this subsection (5)(g)(I). For the
13 2010-11 budget year through the 2023-24 budget year, the department of
14 education and the staff of the legislative council shall determine, based
15 on budget projections, the amount of such reduction to ensure the
16 following:

17 (N) That, for the 2023-24 budget year, the sum of the total
18 program funding for all districts, including the funding for institute
19 charter schools, after application of the budget stabilization factor, is not
20 less than ~~nine billion one hundred one million six hundred thousand nine~~
21 ~~hundred twenty-two dollars (\$9,101,600,922)~~ NINE BILLION ONE HUNDRED
22 SEVENTY-ONE MILLION EIGHT HUNDRED TWENTY-SEVEN THOUSAND THREE
23 HUNDRED FIFTEEN DOLLARS (\$9,171,827,315); except that the department
24 of education and the staff of the legislative council shall make mid-year
25 revisions to replace projections with actual figures, including but not
26 limited to actual pupil enrollment, assessed valuations, and specific
27 ownership tax revenue from the prior year, to determine any necessary

1 changes in the amount of the reduction to maintain a total program
2 funding amount for the applicable budget year that is consistent with this
3 subsection (5)(g)(I)(N). For the 2024-25 budget year, the difference
4 between calculated statewide total program funding and actual statewide
5 total program funding must not exceed the difference between calculated
6 statewide total program funding and actual statewide total program
7 funding for the 2023-24 budget year.
