schools, to effectively respond to reports of harassment or discrimination. The selected organization shall submit a report to the department, the office of school safety, and the general assembly's education committees that includes an explanation of the best practices developed by the selected organization.

Current law requires public schools to provide training to all employees about harassment and discrimination, beginning no later than July 1, 2024. The bill repeals that deadline and instead requires harassment and discrimination training beginning with employee training for the 2025-26 school year, with the training beginning no later than December 31, 2025. The bill requires that harassment and discrimination training that occurs after August 1, 2025, be consistent with the best practices developed by the selected organization.

The bill requires the selected organization to develop a harassment or discrimination training program curriculum for use by schools that is consistent with the best practices developed by the selected organization and that complies with the requirements for public schools' harassment and discrimination training. The department shall make the training program curriculum available to public schools at no cost.
