Bill Topic: TAX POLICY ANALYSIS BY THE LEGISLATIVE BRANCH

Summary of Fiscal Impact:
State Revenue [] State Transfer [] Local Government []
State Expenditure [x] TABOR Refund [] Statutory Public Entity []

The bill modifies the duties of the State Auditor related to evaluating tax expenditures, requires that the auditor evaluate the use of federal taxable income as the basis for state taxable income and the impact of federal tax law changes, and extends the Legislative Oversight Committee Concerning Tax Policy and associated task force. The bill increases state expenditures on an ongoing basis.

Appropriation Summary: No appropriation is required.

Fiscal Note Status: The fiscal note reflects the enacted bill. The bill was recommended by the Legislative Oversight Committee on Tax Policy.

Table with 4 columns: Category, Budget Year (FY 2024-25), Out Year (FY 2025-26), and Out Year (FY 2027-28). Rows include Revenue, Expenditures (General Fund, Centrally Appropriated, Total Expenditures, Total FTE), Transfers, and Other Budget Impacts (General Fund Reserve).

Summary of Legislation

The bill modifies the Office of the State Auditor (OSA)'s duties related to evaluating tax expenditures. Specifically, this bill:

- modifies the procedures for scheduling evaluations of tax expenditures by the OSA;
- changes the annual deadline for evaluation reports from September 15 to June 30;
- allows the Legislative Oversight Committee on Tax Policy (oversight committee) to direct the State Auditor to evaluate up to three additional specific tax expenditures in the report due in the following year;
- allows the oversight committee to request two reports annually from the State Auditor on specific topics related to existing tax policy; and
- requires the OSA to present the report on federal tax law, discussed below, and policy considerations in the tax expenditure evaluations to the Task Force Concerning Tax Policy (task force), upon request; and,
- extends the repeal of both the oversight committee and the task force from 2026 until 2031.

Evaluation of state and federal tax policy. The bill requires that the OSA evaluate the impacts of using federal taxable income as a basis for Colorado taxable income, and review federal tax law changes that impact the state's tax base or otherwise impact taxable income in the state. The first report required by June 30, 2025, with subsequent reports no later than June 30 of each year thereafter. The Department of Revenue (DOR) must provide OSA with data as necessary, and OSA must annually collaborate with DOR on any expected federal tax law changes.

The bill specifies that records, information, and documentation related to the report on federal taxable income are only open to public inspection upon approval of the Legislative Audit Committee.

State Expenditures

Beginning in FY 2024-25, the bill increases workload for the DOR and OSA. Beginning in FY 2027-28, the bill also increases costs in the Legislative Department by about \$110,000. Expenditures are shown in Table 2 and detailed below.

¹ Centrally appropriated costs are not included in the bill's appropriation.

Department of Revenue. The bill increases workload for the DOR to collaborate with the OSA at least annually on federal tax changes and provide statistics as necessary to determine the impacts of such changes. The fiscal note assumes that this support will occur similarly to current collaboration between the two agencies and can be accomplished within current resources. No change in appropriations is required.

Legislative Department. The bill increases workload and costs in the Legislative Department, as discussed below.

- **Committee staff.** Beginning in FY 2027-28, Legislative Council Staff requires 0.8 FTE to support the committee and task force, and the Office of Legislative Legal Services requires 0.2 FTE to support the committee with legal issues and bill drafting. This staff represents a continuation of current staffing levels needed to support the committee and task force.
- **Per diem and travel.** Beginning in FY 2027-28, the bill requires reimbursement for six legislative committee members and the four nonvoting members of the task force. The fiscal note assumes five meetings per year, legislator per diem of \$111.89 per day, and the standard travel reimbursement of \$124 per meeting.

- **Office of the State Auditor.** Beginning in FY 2024-25, the bill will shift the workload for the OSA. Adjusting the scheduling and evaluation procedures for tax expenditures will give the OSA more flexibility, allowing staff time to be available to complete the newly required tax policy report and other reports as requested by the committee. No change in staffing levels or appropriations is required.

Centrally appropriated costs. Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are shown in Table 2.

Other Budget Impacts

General Fund reserve. Under current law, an amount equal to 15 percent of General Fund appropriations must be set aside in the General Fund statutory reserve. Based on this fiscal note, the bill is expected to increase the amount of General Fund held in reserve by the amounts shown in Table 1, decreasing the amount of General Fund available for other purposes.

Effective Date

The bill was signed by the Governor on June 4, 2024, and took effect on that date. It applies to tax expenditure evaluation reports conducted on or after the effective date.
