Bill Topic: INVERTEBRATES & RARE PLANTS PARKS & WILDLIFE COMMISSION

Summary of Fiscal Impact: [] State Revenue [] State Transfer [] Local Government
[x] State Expenditure [] TABOR Refund [] Statutory Public Entity

The bill adds rare plants and invertebrates to the species that can be studied and conserved by Colorado Parks and Wildlife. It increases state expenditures on an ongoing basis.

Appropriation Summary: For FY 2024-25, the bill requires and includes an appropriation of \$774,788 to the Department of Natural Resources. See State Appropriations section.

Fiscal Note Status: The final fiscal note reflects the enacted bill.

Table 1
State Fiscal Impacts Under HB 24-1117

Table with 4 columns: Category, Budget Year FY 2024-25, Out Year FY 2025-26, and FTE. Rows include Revenue, Expenditures (Cash Funds, Centrally Appropriated, Total Expenditures), Total FTE, Transfers, and Other Budget Impacts.

Summary of Legislation

The bill adds rare plants and invertebrates to the species that can be studied and conserved by Colorado Parks and Wildlife (CPW) in the Department of Natural Resources (DNR) under the “Nongame, Endangered, or Threatened Species Conservation Act,” which is renamed to be the “Nongame, Endangered, or Threatened Wildlife and Rare Plant Conservation Act.” The bill allows for CPW to conduct investigations and surveys of rare plants and invertebrates to determine any necessary conservation and management measures, and to undertake programs designed to conserve, protect, and perpetuate rare plants and invertebrates. The bill requires that the General Assembly appropriate sufficient funding either from the General Fund or the Wildlife Cash Fund (excluding revenue from the sale of hunting and fishing licenses) for the implementation of the bill. The bill also adds rare plants to the management programs that can be funded with the Species Conservation Trust Fund. The DNR must present on CPW’s rare plant and invertebrate investigations at its annual SMART Act hearing beginning January 2026.

Background and Assumptions

In accordance with the bill's requirements, the CPW will utilize non-license revenue to implement the bill, and no licensing fee adjustments will be required. For informational purposes, in addition to licensing fee revenue, the Wildlife Cash Fund receives revenue from the Colorado Lottery, the Keep Colorado Wild Pass, rents, and sales of publications.

State Expenditures

The bill increases state expenditures from the Wildlife Cash Fund by about \$1 million per year beginning in FY 2024-25. Expenditures are shown in Table 2 and detailed below.

**Table 2
 Expenditures Under HB 24-1117**

	FY 2024-25	FY 2025-26
Department of Natural Resources		
Personal Services	\$412,885	\$496,234
Operating Expenses	\$6,400	\$7,680
Capital Outlay Costs	\$40,020	-
Temporary Staff	\$254,475	\$254,475
Additional Staff Operating Costs	\$120,000	\$120,000
Vehicle Leases and Operating Costs	\$34,203	\$56,361
Centrally Appropriated Costs ¹	\$88,523	\$96,505
Total Cost	\$948,343	\$1,031,255
Total FTE	5.0 FTE	6.0 FTE

¹ Centrally appropriated costs are not included in the bill's appropriation.

Colorado Parks and Wildlife—DNR. Based on the CPW's other species conservation programs, the agency requires permanent and temporary staff, equipment, and vehicles to implement the bill, as outlined below.

- **Permanent staff.** The CPW requires 6.0 FTE beginning in FY 2024-25. Permanent staff includes an invertebrate coordinator, two invertebrate conservation field staff, an aquatic invertebrate specialist, a rare plant coordinator, and a pollinator coordinator. These staff will be required to design, direct, and report on field work and to survey and gather data on the distribution and habitat conditions of rare plants and invertebrates on an ongoing basis. Personal services costs include standard operating and capital outlay expenses, and have been prorated in FY 2024-25 for a presumed September 1 effective date.
- **Temporary staff.** The CPW requires temporary staff to support the field and survey work of the permanent staff. Costs assume the temporary staff will work a combined average of 13,050 hours per year at an average salary of \$19.50 per hour.
- **Additional staff operating costs.** The CPW requires funding on an ongoing basis beginning in FY 2024-25 for non-standard operating costs, which includes equipment, sample testing, various contracts, and per diem and travel reimbursements.
- **Vehicle leases and operating costs.** The CPW requires multiple vehicle leases per year beginning in FY 2024-25. Staff will be required to travel statewide, and vehicles will be shared between the permanent and temporary staff. These costs are reappropriated to the Department of Personnel and Administration.
- **Centrally appropriated costs.** Pursuant to a Joint Budget Committee policy, certain costs associated with this bill are addressed through the annual budget process and centrally appropriated in the Long Bill or supplemental appropriations bills, rather than in this bill. These costs, which include employee insurance and supplemental employee retirement payments, are shown in Table 2.

Effective Date

The bill was signed into law by the Governor on May 17, 2024, and takes effect on August 7, 2024, assuming no referendum petition is filed.

State Appropriations

For FY 2024-25, the bill includes an appropriation of \$774,788 from the Wildlife Cash Fund to the Department of Natural Resources, and 4.0 FTE. Of this amount, \$34,203 should be reappropriated to the Department of Personnel and Administration. The remaining \$93,195 and 1.0 FTE required by the bill is included in the funding provided by the Long Bill, House Bill 24-1430.
