¹ Table 1 shows the new impacts resulting from changes to the program under the bill, and the continuing impacts from extending the program beyond its current repeal date. Because the bill continues a program without making any changes, there are no new impacts. The continuing program impacts will end if the bill is not passed and the program is allowed to repeal.

Summary of Legislation

Under current law, the rulemaking authority of the Executive Director of the Department of Early Childhood (CDEC) is repealed September 1, 2024. The bill continues that authority for seven years until September 1, 2031.

Background

House Bill 21-1295, which established the functions of and programs within the CDEC, gave the rulemaking authority for CDEC to the Executive Director and created a rules advisory council to provide recommendations to the director. The sunset report from the Department of Regulatory Agencies is available <u>here</u>.

Continuing Program Impacts

Based on the sunset report, the Department of Early Childhood is expected to have expenditures of \$52,842 and 1.0 FTE for rulemaking, including supporting the rules advisory council and providing other core rulemaking functions. If this bill is enacted, current expenditures will continue for the program starting in FY 2024-25. If this bill is not enacted, the program will end on September 1, 2024, and state expenditures will decrease by an estimated \$44,035 in FY 2024-25 and \$52,842 beginning in FY 2025-26. The estimated reduction in FY 2024-25 is prorated for the September 1 repeal date.

Legal services for rulemaking are provided by the Department of Law. In FY 2024-25, CDEC was appropriated about \$1.0 million for legal services. If the bill is not enacted, the fiscal note assumes that any reductions in legal services will occur through the annual budget process.

Other Budget Impacts

General Fund reserve. Under current law, an amount equal to 15 percent of General Fund appropriations must be set aside in the General Fund statutory reserve. Based on this fiscal note, the bill is expected to increase the amount of General Fund held in reserve by the amounts shown in Table 1, decreasing the amount of General Fund available for other purposes.

Effective Date

The bill was signed into law by the Governor on May 24, 2024, and takes effect August 7, 2024, assuming no referendum petition is filed.

State Appropriations

No appropriation is required or included, as funding to cover the continuing costs is included in the FY 2024-25 Long Bill.
