Summary of Legislation

The bill creates the School-based Mental Health Support Program in the Behavioral Health Administration (BHA) to provide training, resources, and implementation and sustainment support for educators to provide mental health services for students through an external provider. The program must emphasize supporting rural schools or schools which do not have equitable access to mental health care. The BHA must contract with a provider by January 1, 2025, to begin implementation of the program by the 2025-26 school year. The bill requires a General Fund appropriation of \$2.5 million to the BHA for the program in FY 2024-25. The program is repealed July 1, 2028.

State Expenditures

The bill increases expenditures in the BHA by \$2.5 million in FY 2024-25 only to contract with a provider. The bill allows the BHA to use up to \$100,000 for administrative costs, which leaves at least \$2.4 million for the contract with a provider. It is assumed that the provider will spend funds provided in FY 2024-25 through FY 2027-28.
