Current Appropriations Clause in Bill

The bill requires but does not contain an appropriation clause.

Description of Amendments in This Packet

J.001 Staff has prepared amendment **J.001** (attached) to add a provision appropriating a total of \$8,874 from the Division of Professions and Occupations Cash Fund to the Department of Regulatory Agencies for FY 2024-25. This provision also states that the appropriation is based on the assumption that the Department will require an additional 0.2 FTE.

Points to Consider

TABOR/ Excess State Revenues Impact

The March 2024 Office of State Planning and Budgeting (OSPB) revenue forecast projects a TABOR surplus liability of \$1.3 billion for FY 2024-25 and \$1.8 billion for FY 2025-26 to be refunded to taxpayers out of the General Fund. Legislation that increases non-exempt revenue (such as cash funds) will increase the TABOR refund from the General Fund. The budget package includes a set aside of \$93.5 million General Fund for appropriations in FY 2024-25.

This bill is estimated to increase cash fund revenues by \$12,110 in FY 2024-25 and by \$6,836 in FY 2025-26, which will reduce the available General Fund in each fiscal year by equal amounts. This bill increases the TABOR refund made out of the General Fund by \$12,110 for FY 2024-25, reducing the \$93.5 million General Fund set aside for FY 2024-25 by the same amount.
