A BILL FOR AN ACT

101 CONCERNING THE REPLACEMENT OF CERTAIN CATALYTIC CONVERTERS.

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at http://leg.colorado.gov.)

When a catalytic converter mechanically fails or is stolen from a motor vehicle, current rules of the air quality control commission require the replacement to comply with the rules of the California air resources board. The bill creates a temporary exception that allows a person to use a replacement catalytic converter that complies with the standards established by rules of the federal environmental protection agency if:

- In the case of the theft of a catalytic converter, the theft has been reported to a law enforcement agency; and
- The owner or operator of the motor vehicle has made a reasonable effort to obtain the required replacement catalytic converter and has been unable to obtain the replacement catalytic converter.

The exception is repealed, effective July 1, 2027.

1 Be it enacted by the General Assembly of the State of Colorado: 2 **SECTION 1.** In Colorado Revised Statutes, add 42-4-318 as 3 follows: 4 42-4-318.
