A BILL FOR AN ACT

101 **CONCERNING THE HEALTHY SCHOOL MEALS FOR ALL PROGRAM.**

Bill Summary

(Note: This summary applies to this bill as introduced and does not reflect any amendments that may be subsequently adopted. If this bill passes third reading in the house of introduction, a bill summary that applies to the reengrossed version of this bill will be available at <http://leg.colorado.gov>.)

The bill refers 2 ballot issues to the voters at the November 2025 statewide election concerning funding for the healthy school meals for all program.

Section 2 of the bill refers a ballot issue to the voters at the November 2025 statewide election to allow the state to retain and spend state revenue that would otherwise need to be refunded for exceeding the estimate in the ballot information booklet analysis for Proposition FF and to allow the state to maintain the increases in state taxable income

established in Proposition FF that would otherwise need to be decreased. If voters reject the ballot issue, the state will both:

- Refund \$26,265,621 to individuals who have a federal taxable income of \$300,000 or more and claimed itemized or standard state income tax deductions greater than \$12,000 for single tax return filers and \$16,000 for joint tax return filers; and
- Adjust the limit on itemized deductions established in Proposition FF to a level that would have reduced the amount of income tax revenue attributable to these itemized deductions by \$26,265,621.

If voters approve the ballot measure:

- The state will not refund \$26,265,621 to individuals who have a federal taxable income of \$300,000 or more and claimed itemized or standard state income tax deductions greater than \$12,000 for single tax return filers and \$16,000 for joint tax return filers; and
- The increases in federal taxable income as a result of Proposition FF will stay at the levels established by Proposition FF.

Section 3 refers a ballot issue to the voters at the November 2025 statewide election to allow the state to increase taxes by \$95 million annually by increasing state taxable income to support the healthy school meals for all program. If voters approve the ballot issue:

- Income tax deductions for individuals who have a federal taxable income of \$300,000 or more will be reduced from current levels to \$1,000 for single filers and \$2,000 for joint filers; and
- The state will allocate the additional revenue generated by the reduction in income tax deductions to the healthy school meals for all program.

If voters reject the ballot issue, income tax deductions will not be reduced.

In addition to the income tax changes and potential refunds that may result from voters approving or rejecting the ballot issues described in **sections 2 and 3**, the bill also changes the healthy school meals for all program cash fund (fund) and healthy school meals for all programs. If voters approve the ballot issue submitted pursuant to **section 2** and reject the ballot issue submitted pursuant to **section 3**, \$1 million is transferred annually from the fund to local school food purchasing programs. If voters approve the ballot issue submitted pursuant to **section 3**, regardless of whether the voters approve the ballot issue submitted pursuant to **section 2**:

- The permissible distribution of local food purchasing grants is modified;

- Certain school food authorities are allowed to collaborate to implement advisory committees;
- The duties of an advisory committee are clarified; and
- The distribution of funds from the fund is changed so that the amounts distributed through local food purchasing grants for increasing wages or providing stipends for individuals whom the participating school food authority employs to directly prepare and serve food for school meals and through the local school food purchasing technical assistance and education grant program are modified based on the amount of money in the fund.

1 *Be it enacted by the General Assembly of the State of Colorado:*

2 **SECTION 1. Legislative declaration.** (1) The general assembly
3 finds and declares that:

4 (a) No child in Colorado should experience hunger;

5 (b) Every public school student should benefit from access to
6 healthy, locally sourced, and freshly prepared meals to support their
7 academic success and physical and mental well-being;

8 (c) Investing in nutritious school meals for all public school
9 students, free from stigma or stress, enables those students to focus on
10 learning and is a critical investment in the success of Colorado's public
11 schools;

12 (d) Investing in nutritious school meals also supports Colorado
13 farmers and ranchers, strengthening Colorado's local food systems;

14 (e) That is why, in 2022, the general assembly enacted House Bill
15 22-1414, which limited itemized and standard income tax deductions for
16 taxpayers who have a federal adjusted gross income of \$300,000 to
17 \$12,000 for single filers and \$16,000 for joint filers to fund the
18 implementation of a healthy school meals for all program, and
19 subsequently referred Proposition FF, which sought voter approval for

1 these portions of House Bill 22-1414 to take effect;

2 (f) Proposition FF was approved by the voters, with 56.7% of the
3 votes in favor of the proposition;

4 (g) Yet, in state fiscal year 2023-24 the revenue the state recorded
5 exceeded the ballot information booklet estimate for state revenue from
6 the new tax deduction limits in Proposition FF, and the state is required
7 to refund revenues related to Proposition FF and proportionally reduce
8 future revenue by changing the tax deduction limits in Proposition FF;

9 (h) The refund is because section 20 (3)(c) of article X of the state
10 constitution, commonly known as TABOR, requires the combined
11 amount of state revenue in excess of the ballot information booklet
12 estimate to be refunded, unless there is later voter approval to retain these
13 excess revenues;

14 (i) The potential increase in the tax deduction limits in Proposition
15 FF is because paragraph (3)(c) of TABOR also requires a percentage
16 reduction in the rate of a newly increased tax equal to the amount of
17 revenue in excess of the ballot information booklet estimates as a
18 percentage of the total state revenue from the increased tax, unless there
19 is later voter approval;

20 (j) Consequently, this act includes the referral of a new ballot
21 issue to the voters at the first possible election to seek the voter approval
22 necessary to avoid a refund under TABOR and to avoid increasing the tax
23 deduction limits in Proposition FF;

24 (k) If the voters approve that new ballot issue, the refund and tax
25 deduction limit increases will be unnecessary, the money that would have
26 otherwise been refunded will be retained and remain in the healthy school
27 meals for all program cash fund, and the tax deduction limits will not be

1 raised;

2 (l) Since voters approved Proposition FF, the healthy school meals
3 for all program went into effect in the 2023-24 state fiscal year and is
4 reducing stigma, improving student physical and mental health and
5 well-being, boosting academic success, and saving families money;

6 (m) The healthy school meals for all program has been embraced
7 by Colorado schools and students, with all 190 eligible school food
8 authorities electing to participate in the program and meal participation
9 increasing by more than 30% compared to the previous school year;

10 (n) The healthy school meals for all program has proven to be an
11 effective strategy for the goal of ending child hunger in Colorado;

12 (o) Access to free school meals for all public school students,
13 investment in local food purchasing, local food purchasing training and
14 technical assistance, parent and student advisory committees, and wage
15 boosts or stipends for fronting school nutrition professionals who are
16 serving more students than ever, are all core components of the healthy
17 school meals for all program established in Proposition FF and are critical
18 for its effective implementation;

19 (p) With high participation and rising food costs causing the
20 healthy school meals for all program's expenditures to exceed available
21 revenue, the general assembly finds it necessary to raise additional funds
22 to continue to support all students' ability to access free, quality, nutritious
23 meals at school and to fully implement all components of the healthy
24 school meals for all program, including those that have not yet been
25 implemented; and

26 (q) Collecting additional tax revenue would also allow the state
27 to build a reserve in the healthy school meals for all program cash fund

1 to ensure the fiscal health and sustainability of the healthy school meals
2 for all program.

3 (2) Therefore, it is the general assembly's intent to include in this
4 act the referral of a second ballot issue to raise additional revenue by
5 lowering the tax deduction limits originally approved by the voters in
6 Proposition FF, only on taxpayers with a federal taxable income of
7 \$300,000 or more, to fully fund and implement the healthy school meals
8 for all program.
