Summary of Legislation

The bill requires the Office of Gun Violence Prevention in the Department of Public Health and Environment (CDPHE) to post certain materials on its website for local education providers, including school districts, boards of cooperative services, district charter schools, institute charter schools, approved facility schools, and the Colorado School for the Deaf and the Blind. Local education providers must distribute these materials to caregivers of elementary and secondary school students at the start of each school year and also post the materials on their website.

State Expenditures

CDPHE currently maintains a [resource bank](#) which contains the required materials. Any workload to update and adjust this information to distribute to educators is assumed to be minimal. Similarly, workload for the Colorado School for the Deaf and the Blind in the Department of Education will increase to distribute and post the materials. No change in appropriations is required.

School Districts

School districts will distribute information about the resource bank to parents and guardians at the start of each school year and post materials on their website. This workload is assumed to be minimal.

Effective Date

The bill takes effect 90 days following adjournment of the General Assembly sine die, assuming no referendum petition is filed.
