REPORT SUMMARY

Purposes and Scope

The Office of the State Auditor, State of Colorado, engaged Eide Bailly, LLP to conduct the financial and compliance audit of CollegInvest (a division of the Department of Higher Education, State of Colorado) College Savings Program Funds and Achieving a Better Life Experience Program Fund as of and for the years ended June 30, 2023 and 2022. Eide Bailly, LLP performed these audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

The purposes and scope of our audits were to (i) express opinions on each fiduciary fund of CollegInvest College Savings Program Funds and Achieving a Better Life Experience Program Fund as of and for the fiscal years ended June 30, 2023 and 2022 and (ii) issue a report on CollegInvest College Savings Program Funds' and Achieving a Better Life Experience Program Fund's internal control over financial reporting and on compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters based on our audits of the financial statements performed in accordance with *Government Auditing Standards* for the year ended June 30, 2023.

Audit Opinions and Reports

We expressed unmodified opinions on each fiduciary fund of CollegInvest College Savings Program Funds and Colorado Achieving a Better Life Experience Program Fund as of and for the years ended June 30, 2023 and 2022.

Summary of Key Findings and Recommendations

There were no findings for the year ended June 30, 2023.

DESCRIPTION OF
COLLEGEINVEST
COLLEGE SAVINGS PROGRAM FUNDS & ACHIEVING A BETTER
LIFE EXPERIENCE PROGRAM FUND

Organization

The Colorado General Assembly, pursuant to Colorado Revised Statutes 23-3.1-201, et seq. and 23-3.1-301, et seq., established a student obligation bond program (Student Loan Program Funds, which consist of the Borrower Benefit Fund and Bond Fund), an Internal Revenue Code Section 529 college savings program (Scholars Choice College Savings Program “Scholars Choice Fund,” Direct Portfolio College Savings Plan “Direct Portfolio Fund,” Smart Choice College Savings Plan “Smart Choice Fund,” and Stable Value Plus College Savings Plan “Stable Vale Plus Fund,” collectively referred to as the College Savings Program Funds), and an Internal Revenue Code Section 529A Achieving a Better Life Experience Program Fund (Colorado ABLE “ABLE”), which are administered by CollegInvest. The Bond Fund was closed in fiscal year 2022. The College Savings Program assists students in meeting the expenses incurred in availing themselves of higher education opportunities. The ABLE savings program helps individuals with disabilities save money while preserving their Supplemental Security Income and Medicaid benefits. This report only includes the financial statements of the College Savings Program Funds and ABLE. Information on the Student Loan Program Funds can be found in the State of Colorado Annual Comprehensive Financial Report. The Executive Director of the Colorado Department of Higher Education has responsibility for oversight and management of CollegInvest and appoints the Director of CollegInvest. In addition, CollegInvest has a nine-person Advisory Board of Directors (Board) appointed by the Governor with the consent of the State Senate to serve four-year terms.

The College Savings Program Funds were established to provide families with an opportunity to save for future college education expenses. The Funds provide an opportunity to invest on a tax-favored basis toward the “qualified higher education expenses” of a designated beneficiary (the Student) associated with attending an institution of higher education. These institutions include most community colleges; public and private four-year colleges, universities, graduate and post-graduate programs; and certain proprietary and vocational schools throughout the United States. “Qualified higher education expenses” include tuition, fees, books, supplies, and equipment required for the enrollment or attendance of a student at an eligible institution of higher education plus, subject to certain limitations, room and board expenses for a student attending such an institution on at least a half-time basis.

DESCRIPTION OF
COLLEGEINVEST
COLLEGE SAVINGS PROGRAM FUNDS & ACHIEVING A BETTER
LIFE EXPERIENCE PROGRAM (continued)

The College Savings Program Funds consist of four funds with various options to meet the savings needs of participants. The individual funds and available options are described throughout these financial statements and in greater detail in the notes to the financial statements.

ABLE was established to allow eligible individuals the ability to save for qualified disability expenses in a tax-advantaged way, without jeopardizing eligibility for federal means-tested benefits. “Qualified expenses” include education, health and wellness, housing, transportation, legal fees, financial management, employment training and support, assistive technology, personal support services, oversight and monitoring, and funeral and burial expenses. The Colorado ABLE Trust fund consists of one fund with various options to meet the savings needs of participants. The individual fund and available options are described throughout these financial statements and in greater detail in the notes to the financial statements.

The Colorado Constitution and other State laws prohibit the State from providing its full faith and credit to obligations of other entities, such as the College Savings Program Funds and ABLE. As a result, payments from the College Savings Program Funds and ABLE are not guaranteed in any way by the State and are not considered to have created a debt or obligation of the State. Such payments are limited obligations, payable from each College Savings Program Fund and ABLE, but not from the other assets of CollegelInvest.

Independent Auditor's Report

Members of the Board of Directors and Legislative Audit Committee:

Opinion

We have audited the financial statements of ColleeInvest (a division of the Department of Higher Education, State of Colorado) which are comprised of the College Savings Program Funds as of and for the years ended June 30, 2023 and 2022 and Achieving a Better Life Experience Program Fund as of and for the year ended June 30, 2023, (collectively "ColleeInvest"), and the related notes to the financial statements, which comprise ColleeInvest's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective fiduciary net position of ColleeInvest as of June 30, 2023, and 2022, and the respective changes in fiduciary net position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ColleeInvest and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Relationship with the State of Colorado

As discussed in Note 1 – Organization and Summary of Significant Accounting Policies, the financial statements of ColleeInvest are intended to present the fiduciary net position, and the changes in fiduciary net position, for only that portion of the financial reporting entity, State of Colorado, that is attributable to the transactions of the ColleeInvest College Savings Program Funds. They do not purport to, and do not, present fairly the fiduciary net position of the State of Colorado as of June 30, 2023 and 2022, and the changes in its fiduciary net position, or where applicable, its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CollegenInvest's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CollegenInvest's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CollegenInvest's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 8, 2023, on our consideration of ColleagueInvest's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of ColleagueInvest's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering ColleagueInvest's internal control over financial reporting and compliance.

Management’s Discussion and Analysis
(Unaudited)
June 30, 2023 and 2022

This section of the College Savings Program Funds’ financial statements is a discussion and analysis of the financial performance of the Funds for the years ended June 30, 2023, 2022, and 2021, prepared by management. The Funds are Internal Revenue Code (IRC) Section 529 college savings program administered by CollegInvest. The Scholars Choice, Direct Portfolio, Stable Value Plus, and Smart Choice Funds are plans within the Section 529 College Savings Program of CollegInvest.

This section also includes the discussion and analysis of the Achieving a Better Life Experience Program Fund’s financial statements for the year ended June 30, 2023, prepared by management. The Internal Revenue Code (IRC) Section 529A Achieving a Better Life Experience Program is administered by CollegInvest. The CollegInvest Achieving a Better Life Experience Program was formed in 2017 and is referred to as Colorado ABLE (ABLE). CollegInvest exited an Interstate Consortium agreement related to the ABLE Program in June 2023 and established its own Colorado ABLE Trust fund.

CollegInvest, is a division of the Department of Higher Education of the State of Colorado. The College Savings Program Funds’ and ABLE Program Fund are presented as fiduciary activities (specifically, private-purpose trust funds) in the State of Colorado’s Annual Comprehensive Financial Report. Management is responsible for these financial statements, footnotes, and this discussion. The management’s discussion and analysis should be read in conjunction with the College Savings Program Funds’ and ABLE Program Fund’s financial statements.

Overview of the Financial Statements:

This annual report contains two sections – management’s discussion and analysis (this section) and the basic financial statements. The basic financial statements include the Statements of Fiduciary Net Position, the Statements of Changes in Fiduciary Net Position, and the Notes to Financial Statements. The Notes to Financial Statements present additional information to support the financial statements and are commonly referred to as “Notes.” Their purpose is to clarify and expand on the information in the financial statements.

The Statements of Fiduciary Net Position present information on all of the Funds’ assets and liabilities, with the difference between the two reported as fiduciary net position, held in trust. Over time, increases or decreases in the fiduciary net position may serve as a useful indicator of whether the financial results of the Funds are improving or deteriorating.

June 30, 2023 and 2022

Overview of the Financial Statements (continued):

The Statements of Changes in Fiduciary Net Position present information that reflects how the Funds' fiduciary net position changed during the past year. All changes in the net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, additions to and deductions from fiduciary net position are reported in the statements for some items that will only result in cash flows in future fiscal periods.

Analysis of Financial Activities:

CollegInvest's Board of Directors (BOD) approves the annual budget and the investment policies of the Funds. Inception of the Funds is as follows:

Analysis of Financial Activities (continued):

Scholars Choice Fund:

CollegelInvest has an agreement with TIAA-CREF Tuition Financing, Inc. (TFI) to manage the advisor sold accounts of the Scholars Choice Fund (SCF). The TFI contract is a ten-year contract expiring on July 19, 2031, subject to possible extension. TFI is responsible for investment advisory, asset allocation, recordkeeping, reporting and other services for the SCF. Nuveen Securities, LLC, is a wholly owned subsidiary of TFI, and is responsible for the marketing and distribution of the SCF.

During fiscal year 2021, CollegelInvest gave notice of termination of the Services Agreement between CollegelInvest and QS Investors, LLC ("QS") and Legg Mason Investor Services, LLC ("LMIS"), and contracted with TFI to serve as the successor manager for the SCF. QS and LMIS remained as managers through fiscal year 2021. The transfer of SCF assets, records and management responsibilities to TFI was completed on July 19, 2021.

CollegelInvest acts as trustee to the SCF, and TIAA holds the assets of the SCF in a segregated custody account. Assets of the SCF are held "in trust" for the exclusive benefit of account owners and beneficiaries. The SCF offers 10 enrollment year investment portfolios and 18 other investment portfolios, including 4 target allocation portfolios and 14 individual fund portfolios in which participants may invest. Each investment portfolio is comprised of one or more of the 25 underlying funds within the SCF. The investment return for the SCF is based on the market performance of underlying investments. These investment options are designed to help meet diverse investment goals of investors.

Direct Portfolio Fund:

CollegelInvest has an agreement in place with Ascensus College Savings Recordkeeping Services, LLC (Ascensus) and The Vanguard Group, Inc. (Managers) to provide administrative and record-keeping duties to the Direct Portfolio Fund (DPF). The contract expires on December 31, 2024, subject to possible extension.

CollegelInvest acts as trustee to the DPF, and the Managers hold the assets of the DPF in a segregated custody account. Assets of the DPF are held "in trust" for the exclusive benefit of account owners and beneficiaries. The investment return for DPF is based on the market performance of investments. DPF offers 11 investment options, including three age-based options and eight blended and individual portfolios, in which participants may invest. Each investment option is comprised of one or more of the 14 portfolios within DPF. These investment options are designed to help meet diverse investment goals of investors.

Stable Value Plus Fund:

CollegeInvest administers the Stable Value Plus Fund (SVP). In October 2019, CollegeInvest partnered with Nationwide Mutual Insurance Company (Nationwide) to offer a Deferred Fixed Annuity Contract (Nationwide Contract) for the SVP. The contract provides a guarantee on the principal and earnings of the SVP. The contract expires on June 30, 2029, subject to possible extension.

CollegeInvest had prior servicing and funding agreements with Brighthouse Insurance Company (Brighthouse), a wholly owned subsidiary of MetLife, Inc., to provide a guarantee on the principal and earnings of SVP. CollegeInvest provided notice of discontinuance of the service agreement (Brighthouse Agreement) in October 2019. Per the Brighthouse funding agreement, the funds held at Brighthouse were transferred in four equal installments to Nationwide over a three year and 60-day period. The last transfer occurred on December 23, 2022 when both agreements terminated.

The SVP offers an investment return based on an interest rate that is set annually by Nationwide on January 1. The Brighthouse interest rate was set at 2% (1.29% after administrative fee) for the three year and 60-day period. Under the Nationwide contract the minimum investment return on accounts in the SVP could be as low as 0.51%, which is the minimum annual rate of 1.50% less the maximum CollegeInvest administrative fee of 0.99%. The rate, net of CollegeInvest’s administrative fee of 0.71%, has been as follows:

Date	Nationwide Rate	Net Rate
January 1, 2021 – December 31, 2021	2.80%	2.09%
January 1, 2022 – December 31, 2022	2.50%	1.79%

Smart Choice Fund:

CollegeInvest has an agreement in place with FirstBank Holding Company (FirstBank), a Colorado banking company, to offer a college savings option called the Smart Choice College Savings Plan (SCCS). CollegeInvest acts as trustee for the plan and FirstBank provides administrative and record-keeping duties. The plan is offered to provide an additional tax-advantaged savings vehicle for participants to utilize in saving for post-secondary education by providing the benefits of a 529 plan along with the stability and security of an FDIC insured bank. The product offerings through the SCCS are a One-Year Time Savings Account and a Money Market Savings Account. The agreement expires September 30, 2029, subject to possible extension.

The interest rate paid on amounts deposited into the money market savings account and the one-year time savings account will be established by FirstBank. However, the rates for each type of account must not be less than 0.10% of the interest rate publicly offered directly by FirstBank on similar money market and savings accounts. The rates are variable and are published daily by FirstBank on their website. The interest rate will be calculated, and may be adjusted if needed, every Wednesday and on the first day of each month, and is net of all administrative and other charges of FirstBank. The average interest rate paid during fiscal years 2023, 2022, and 2021 was 0.07%.

Colorado ABLE:

The ABLE Program began in August 2017. CollegeInvest formed Colorado ABLE and was responsible for promoting the ABLE Program. CollegeInvest entered into an ABLE Interstate Agreement establishing an ABLE Consortium Advisory Committee with the Office of the Illinois State Treasurer as the facilitating state. The Office of the Illinois State Treasurer entered an agreement with Ascensus College Savings Recordkeeping Services, LLC to perform investment management, administrative services, customer service, and outreach material support for all members of the Consortium. CollegeInvest exited the Interstate Consortium agreement in June 2023 and established its own Colorado ABLE Trust fund. The Colorado assets were converted from the Consortium to the Colorado ABLE Trust fund on June 16, 2023.

Colorado ABL (continued):

In June 2023, CollegelInvest entered an agreement with Ascensus College Savings Recordkeeping Services, LLC and Ascensus Investment Advisors, LLC (the Contractors) to provide administrative and recordkeeping duties, and investment management for the ABL Program. The plan is offered to provide an additional tax-advantaged savings vehicle for participants to utilize in saving for qualified disability expenses without jeopardizing their federal means-tested benefits by providing the benefits of a 529A plan along with the stability and security of an FDIC insured bank. The agreement expires May 30, 2032, subject to possible extension.

CollegelInvest acts as trustee to ABL, and the Contractors hold the assets of the ABL in a segregated custody account. Assets of the ABL are held "in trust" for the exclusive benefit of account owners and beneficiaries. ABL offers six target risk investment portfolios and an FDIC insured checking account option. The investment return for the ABL is based on the market performance of underlying investments. These investment options are designed to help meet diverse investment goals of investors.

Comparison of Current Year Results to Prior Year:

College Savings Program:

Condensed Statements of Fiduciary Net Position as of June 30:

	2023	2022	2021
	(dollar amounts expressed in thousands)		
Cash and investments	\$ 11,018,260	\$ 10,172,617	\$ 11,386,125

Comparison of Current Year Results to Prior Year (continued):

College Savings Program (continued):

As compared to the prior year, combined cash and investments of the College Savings Program decreased by \$1.2 billion, or 10.7%, from June 30, 2021, to June 30, 2022, due primarily to investment loss of \$1.4 billion and administrative expenses of \$41.4 million offset by net contributions (participant contributions less benefits paid to participants and withdrawals) of \$177.3 million.

Receivables consist primarily of receivables for investments sold, dividends and interest receivable, and due from Student Loan Program Funds. Receivables increased by \$3.4 million in 2023, decreased by \$20.7 million in 2022 and increased by \$12.5 million in 2021. The fluctuation in years is primarily due to the timing and amount of fund shares sold, receivables for investments sold, and dividends and interest receivable. The year-to-year changes reflect investment decisions made by the participants and the corresponding action taken by the plan manager to process the required transactions.

Liabilities consists of amounts payable for underlying fund investments purchased, payables for withdrawals approved but not yet paid, service and administrative fees payable, unearned revenue, and due to participants. Total liabilities increased by \$1.5 million in fiscal year 2023, decreased \$18.6 million in 2022 and increased \$11.6 million in 2021. The decrease in the liabilities is due to timing and amount of the payables for underlying fund investments purchased and payables for withdrawals approved but not yet paid in the SCF and DPF. The year-to-year changes reflect investment decisions made by the participants and the corresponding action taken by the plan manager to process the required transactions.

Net investment earnings (losses) are comprised of dividends, interest earnings, net realized and unrealized gains and losses from security transactions less investment fees. Net investment earnings were \$932 million, (\$1.4) billion and \$1.9 billion for the years ended June 30, 2023, 2022 and 2021, respectively. The significant swings in the 2023 and 2022 investment earnings are due to market conditions. The significant increase in 2021 investment earnings was due to record fiscal and monetary stimulus which led to a strong equity market recovery from the COVID-19 pandemic. Investment returns are also dependent on individual investor behavior and the timing of benefits paid to participants as funds are utilized to pay for college or for withdrawals.

College Savings Program (continued):

Fees are primarily comprised of funds received from TFI, Legg Mason and the Managers for marketing and promotion of the Funds. In fiscal year 2023, CollegeInvest recorded these fees as income to the Borrower Benefit Fund and transferred \$2.0 million to the College Savings Program Funds for promotion of the program. In the fiscal years 2022 and 2021, CollegeInvest recorded income in the College Savings Program Funds for the amount utilized. CollegeInvest utilized fees of \$2.0 million, \$1.4 million, and \$1.3 million for the years ended June 30, 2023, 2022, and 2021, respectively.

Administrative and service fees are charged to participants as a percentage of net position based on the investment option chosen. These charges were approximately 0.4%, 0.4%, and 0.3% of average net position for the years ended June 30, 2023, 2022 and 2021, respectively.

Economic Factors (continued):

- Amounts contributed to the College Savings Program by participants may be more or less than the amounts needed by beneficiaries to attend a particular institution of higher education and do not guarantee acceptance into any institution of higher education.
- Participants are responsible for selecting portfolios in accordance with their risk tolerance. The College Savings Program and ABLE do not guarantee return of principal or a certain investment rate of return on investments. Under the Nationwide and FirstBank agreements, the return of principal and certain investment rates of return are guaranteed for the SVP and the SCCS, respectively.

1. Organization and Summary of Significant Accounting Policies:

Pursuant to Colorado Revised Statutes 23-3.1-201, et seq., and 23-3.1-301, et seq., as amended, CollegInvest is a division of the Colorado Department of Higher Education (Department) of the State of Colorado. The Executive Director of the Department has responsibility for oversight and management of CollegInvest. In addition, CollegInvest has a nine-person Advisory Board of Directors (Board) appointed by the Governor, with the consent of the State Senate, to serve four-year terms.

The Colorado General Assembly established a Section 529 college savings program, which includes the Scholars Choice Fund (SCF), Direct Portfolio Fund (DPF), Stable Value Plus Fund (SVP), and Smart Choice Fund (SCCS) (the College Savings Program Funds) and a Section 529A Achieving a Better Life Experience Program which includes the Colorado ABLE Fund (ABLE), all of which are administered by CollegInvest. CollegInvest also administers the Student Loan Program Funds, which is an enterprise fund consisting of the Borrower Benefit Fund and the Bond Fund. The Bond Fund was closed in fiscal year 2022. Separate financial statements were not prepared for the Student Loan Program Funds; however, information and related disclosures associated with this fund may be found in the State of Colorado Annual Comprehensive Financial Report. This report contains information relating only to the College Savings Funds and ABLE. The operations of the College Savings Funds and ABLE are presented as fiduciary activities (specifically private purpose trust funds) under accounting principles generally accepted in the United States of America. CollegInvest receives no grants from, and is not otherwise financially assisted by, the State of Colorado or any local government of the state. CollegInvest is an enterprise activity under Section 20, Article X of the Colorado Constitution (TABOR).

The Colorado Constitution and other State laws prohibit the State from providing its full faith and credit to obligations of entities such as the College Savings Funds and ABLE. As a result, payments from the College Savings Funds and ABLE are not guaranteed in any way by the state and shall not be considered to have created a debt or obligation of the state. Such payments are limited obligations, payable from participants' individual accounts in the College Savings Funds and ABLE, but not from the other assets of CollegInvest, or the state. Similarly, investments in the College Savings Funds and ABLE are not insured by the Federal Deposit Insurance Corporation (FDIC) or any other State or federal government agency, except for SCCS and ABLE checking option, which is insured by the FDIC, subject to the applicable limits. Investments in SCF, DPF and ABLE are not deposits or other obligations of TIAA-CREF Tuition Financing, Inc., Ascensus, The Vanguard Group, Inc., or any depository institution or affiliate of Ascensus or The Vanguard Group, Inc. Investments in SVP are obligations of Nationwide.

1. Organization and Summary of Significant Accounting Policies (continued):

Reporting Entity:

The College Savings Program was authorized in the 1999 legislative session and, as a result, the College Savings Funds were established to provide families with additional opportunities to save for future college educational expenses. The College Savings Funds account for the operations and fiduciary activities of the Section 529 savings program as private-purpose trusts, where both principal and earnings on principal may be spent for the trust's intended purpose. Participant contributions and the earnings thereon are invested to assist in meeting the obligations for future higher education expenses of a named student. The payments of general and administrative expenses and other activities of the Funds necessary to fulfill their purposes are recorded within the College Savings Funds.

The CollegInvest ABLE Program, referred to as Colorado ABLE, was authorized in the 2017 legislative session and, as a result, the ABLE fund was established to provide eligible individuals the ability to save for qualified disability expenses in a tax-advantaged way. The ABLE fund accounts for the fiduciary activities of the Section 529A savings program as private-purpose trusts, where both principal and earnings on principal may be spent for the trust's intended purpose. Participant contributions and the earnings thereon are invested to assist in meeting the obligations for qualified disability expenses. CollegInvest exited an Interstate Consortium agreement and established its own Colorado ABLE Trust fund in June 2023. The payments of general and administrative expenses and other activities of the ABLE Fund necessary to fulfill their purposes, are recorded within the Student Loan Program Funds.

There are no other funds of CollegInvest combined in the accompanying financial statements. Thus, the accompanying statements are not intended to present the financial position or changes in financial position, of CollegInvest as a whole in conformity with accounting principles generally accepted in the United States of America. Additionally, the College Savings Funds and ABLE are also presented as fiduciary activities (specifically private-purpose trust funds) in the State of Colorado Annual Comprehensive Financial Report. The financial statements of the College Savings Funds and ABLE are intended to present the fiduciary net position and changes in fiduciary net position for only that portion of the financial reporting entity, State of Colorado that is attributable to the transactions of the College Savings Funds and ABLE. They do not purport to, and do not present fairly, the financial position of the State of Colorado, as of June 30, 2023 and 2022, and the changes in its financial position, or, where applicable, its cash flows, for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

1. Organization and Summary of Significant Accounting Policies (continued):

Reporting Entity:

Each Fund in the College Savings Program was established as a Section 529 plan under the Internal Revenue Code (IRC). The College Savings Funds offer certain federal and state tax advantages to investors. The primary tax advantage to participants in the College Savings Funds is the ability to exclude from federal taxable income the earnings on any withdrawals that are used for qualified higher education expenses from the College Savings Program, as that term is defined in Section 529 of the IRC. If a participant is subject to Colorado income tax, earnings on qualified withdrawals are excluded from state taxable income.

ABLE was established as a Section 529A plan under the IRC. The ABLE Fund offers certain federal and state tax advantages to investors. The primary tax advantage to participants in the ABLE Fund is the ability to exclude from federal taxable income the earnings on any withdrawals that are used for qualified disability expenses from the ABLE Program, as defined in the IRC. If a participant is subject to Colorado income tax, earnings on qualified withdrawals are excluded from state taxable income. ABLE account owners are entitled to a Colorado income tax deduction up to the Federal limit on contributions of \$17,000 per year, subject to recapture in subsequent years in which non-qualified withdrawals are made.

In addition, individuals, estates, and trusts subject to Colorado income tax generally are entitled to a deduction to the extent of their Colorado taxable income for the year for contributions made to a state sponsored Section 529 and 529A plans, subject to recapture in subsequent years in which nonqualified withdrawals are made. The Colorado state tax deduction is \$20,700 per tax payer, per beneficiary for single filers, or \$31,000 per tax filing, per beneficiary for joint tax return filers for the 2023 tax year and \$20,000 per tax payer, per beneficiary for single filers, or \$30,000 per tax filing, per beneficiary for joint tax return filers for the 2022 tax year. Note that an otherwise nontaxable rollover to another Section 529 or Section 529A program that is not associated with the State will trigger recapture of the Colorado income tax deduction described above in the year of the rollover. ABLE state tax deductions were effective January 1, 2023.

Scholars Choice Fund:

The Scholars Choice Fund (SCF) began operations in October 1999. SCF offers 28 investment portfolios in which participants may invest. Each investment portfolio is comprised of one or more of the 25 underlying investments as of June 30, 2023.

CollegInvest has an agreement with TIAA-CREF Tuition Financing, Inc. (“TFI”) to manage the advisor sold accounts of the SCF. The TFI contract is a ten-year contract expiring on July 19, 2031, subject to possible extension. TFI is responsible for investment advisory, asset allocation, recordkeeping, reporting and other services for the SCF. Nuveen Securities, LLC, is a wholly owned subsidiary of TFI, and is responsible for the marketing and distribution of the SCF.

During fiscal year 2021, CollegInvest gave notice of termination of the Services Agreement between CollegInvest and QS Investors, LLC (“QS”) and Legg Mason Investor Services, LLC (“LMIS”), and contracted with TFI to serve as the successor manager for the Program. QS and LMIS remained as managers through fiscal year 2021. The transfer of program assets, records and management responsibilities to TFI was completed on July 19, 2021.

The investment return for SCF is based on the market performance of investments. Investment options are selected by CollegInvest based on recommendations from TFI.

Participants in the SCF may invest in one or more of the following options:

- Enrollment year investment portfolios: Contributions are invested in one or more of 10 enrollment year investment portfolios according to the target enrollment year of the student. As the student gets older and closer to college years, the investment becomes increasingly conservative over time. Except for the In School Portfolio, each Enrollment Year Investment Portfolio’s Investments in its underlying fund are assessed and rebalanced on a quarterly basis by TFI.

- Cash Reserve Option: Contributions were invested in the Western Institutional Government Reserves Fund. The investment objective of the Cash Reserve Option was to seek maximum current income and preservation of capital.
- Individual Fund Options: Contributions were invested in the U.S. Aggressive Equity, U.S. Core Equity, U.S. Small Cap Equity, International Equity and Global Fixed Income. Each of the Individual Fund Portfolios invested all of its assets in a single Fund, as specified in the “Current Underlying Fund for Individual Fund Portfolio” tab under the “Target Fund Allocations” listed in the Program Disclosure Statement. While each of the Individual Fund Portfolios invested all of its assets in a single specified Fund, the Individual Fund Portfolios themselves were not mutual funds. The Fund in which an Individual Fund Portfolio invests all of its assets was subject to change.

Direct Portfolio Fund:

The Direct Portfolio Fund (DPF) began operations in October 2004. DPF offers 11 investment options, including three age-based options and eight blended and individual portfolios, in which participants may invest. Each investment option is comprised of one or more of 14 active portfolios within DPF as of June 30, 2023.

As the trustee for DPF, CollegInvest entered into an agreement (DPF Service Agreement) with Ascensus and The Vanguard Group, Inc. (Managers) to manage the DPF. This contract expires on December 31, 2024, subject to possible extension. The investment return for DPF is based on the market performance of investments. Investment options are selected by CollegInvest based on recommendations from the Managers.

Participants may invest in one or more of the following 11 options:

- Age-Based Options: Contributions are invested in one of three portfolios according to the age of the beneficiary. Money invested in age-based options are automatically transferred over time to successive Portfolios with asset allocations that change from equity funds to fixed income and to short-term reserve funds as the beneficiary approaches college age.

- Bond Index Portfolio: Contributions are invested 100% in Vanguard Total Bond Market Index Fund Institutional Plus Shares and seeks to track the performance of a broad, market-weighted bond index.
- Interest Accumulation Portfolio: Contributions are invested 100% in Colorado Short-Term Reserves Account and seeks to provide preservation of principal and current income.

Stable Value Plus Fund:

The Stable Value Plus Fund (SVP) began operations in February 2003. In October 2019, CollegInvest partnered with Nationwide Mutual Insurance Company (Nationwide) to offer a Deferred Fixed Annuity Contract (Nationwide Contract) for SVP. The contract provides a guarantee on the principal and earnings of SVP. The contract expires on June 30, 2029, subject to possible extension.

CollegInvest had prior servicing and funding agreements with Brighthouse Insurance Company (Brighthouse), a wholly owned subsidiary of MetLife, Inc., to provide a guarantee on the principal and earnings of SVP. CollegInvest provided notice of discontinuance of the service agreement (Brighthouse Agreement) in October 2019.

Nationwide offers an investment return based on an interest rate that is reset annually by Nationwide each January 1. The minimum investment return on accounts in the SVP could be as low as 0.51%, which is the minimum annual rate of 1.50% less the maximum CollegInvest administrative fee of 0.99%. The administrative fee was 0.71% for the year ended June 30, 2023 and 2022.

January 1, 2023 – June 30, 2023	2.50%	1.79%

The prior Brighthouse funding agreement paid an annual rate of 2.0% from July 1, 2020 to December 23, 2022. The rate, net of CollegeInvest’s administrative fee was 1.29% from July 1, 2020 through December 23, 2022.

CollegeInvest funded the interest shortfall between the Nationwide’s net rate and Brighthouse’s net rate of 2.09% and 1.29%, respectively, from January 1, 2021 to December 31, 2021 and 1.79% and 1.29%, respectively from January 1, 2022 to June 30, 2023. A total of \$72,000 and \$312,000 was paid by CollegeInvest for the years ended June 30, 2023 and 2022, respectively.

The plan assets held at Brighthouse were transferred in four equal installments to Nationwide over a three year and 60-day time period, per the terms in the Brighthouse Funding Agreement. The last transfer occurred on December 23, 2023, when both agreements terminated.

CollegeInvest may terminate the Nationwide Contract at any time. In the event of such termination, CollegeInvest shall direct the investment of SVP assets to alternate investments as permitted by the Nationwide Contract and the investment policy of SVP. There is no assurance that CollegeInvest will be able to obtain such an alternate investment or maintain the current investment return for any such alternate investment.

Smart Choice Fund:

In October 2009, CollegInvest entered into an agreement with FirstBank, a Colorado banking company, to begin offering a college savings option called the Smart Choice College Savings Plan (SCCS). CollegInvest acts as trustee for the plan and FirstBank performs administrative and record-keeping duties. The plan is being offered to provide an additional tax-advantaged savings vehicle for participants to utilize in saving for post-secondary education by providing the benefits of a 529 plan along with the stability and security of an FDIC-insured bank. The product offerings through the SCCS are a One-Year Time Savings option and a Money Market Savings option. The agreement expires September 30, 2029, subject to possible extension.

The interest rate paid on amounts deposited into the money market savings account and the one-year time saving account will be established by FirstBank. However, the rates for each type of account must not be less than 0.10% of the interest rate publicly offered directly by FirstBank on similar money market and savings accounts. The rates are variable and are published daily by FirstBank on their website. The interest rate will be calculated, and may be adjusted if needed, every Wednesday and on the first day of each month, and is net of all administrative and other charges of FirstBank.

Colorado ABLE:

The Colorado ABLE Program began in August 2017. CollegInvest formed Colorado ABLE and was responsible for promoting the ABLE Program. CollegInvest entered into an ABLE Interstate Agreement establishing an ABLE Consortium Advisory Committee with the Office of the Illinois State Treasurer as the facilitating state. The Office of the Illinois State Treasurer entered an agreement with Ascensus College Savings Recordkeeping Services, LLC to perform investment management, administrative services, customer service, and outreach material support for all member of the Consortium. CollegInvest exited the Interstate Consortium agreement in June 2023 and established its own Colorado ABLE Trust fund.

1. Organization and Summary of Significant Accounting Policies (continued):

Basis of Accounting:

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, including applicable standards of the Governmental Accounting Standards Board (GASB). The accrual basis of accounting is utilized by the Funds.

Additions to fiduciary net position are recognized in the accounting period in which they are earned and deductions from fiduciary net position are recognized in the period they are incurred.

Cash and Cash Equivalents:

The College Savings Funds and ABLE consider all cash and demand deposit accounts to be cash equivalents.

Investments and Fiduciary Net Position Additions/Deductions:

For the College Savings Program, TFI has responsibility for investing the assets of each of the SCF's portfolios, and the Managers have responsibility for investing the assets of the DPF's portfolios in equity mutual funds, fixed income mutual funds, money market funds, and other investments (Underlying Funds), in accordance with CollegInvest's Investment Policy Statements, and the Portfolio selected for investment by the participant. Investments are carried at fair value, which is primarily determined based on market prices at June 30, 2023 and 2022.

For the ABLE Program, Ascenus has the responsibility for investing the assets of the ABLE fund in equity mutual funds, fixed income mutual funds, and money market funds in accordance with CollegInvest's ABLE Investment Policy Statement and the option selected for investment by the participant. Investments are carried at fair value, which is primarily determined based on market prices at June 30, 2023 and 2022.

Security transactions for the SCF, the DPF, and ABLE are accounted for on a trade-date basis. This may result in receivables and payables for transactions at year-end. Investments in the Underlying Funds are valued at the closing net asset value per share of each Underlying Fund on the day of valuation.

Investments and Fiduciary Net Position Additions/Deductions (continued):

Income distributions and short-term capital gain distributions from the Underlying Funds are recorded on the ex-dividend date as investment and interest earnings are recorded on an accrual basis. Long-term capital gains, if any, from the Underlying Funds are recorded on the ex-dividend date as realized gains. Gains or losses on the sale of the Underlying Funds are calculated by using the specific identification method.

CollegInvest has responsibility for transferring the assets of the participants of the SVP to Nationwide in accordance with the Nationwide Contract. Investments in the Underlying Funds are purchased weekly and are valued at the closing net asset value per share on the date of transfer to Nationwide. Interest earnings are credited to participant accounts daily. Distributions from the SVP are valued on the date immediately preceding the date that a payment is made by CollegInvest in satisfaction of a withdrawal request.

All contributions received from participants of the SCCS will be made to a plan account and, at the direction of the account owner, will be deposited in a One-Year Time Savings Account or a Money Market Savings Account with FirstBank through its individually chartered bank.

All ABLE checking account contributions received from participants will be made to a plan account and, at the direction of the account owner, will be deposited in a checking account with Fifth Third Bank through its individually chartered bank.

Due from (to) Student Loan Program Funds:

CollegInvest utilizes the Borrower Benefit Fund (within the Student Loan Program Funds of CollegInvest) for payment of general and administrative expenses including salaries and related pension and other postemployment benefits and other activities necessary to fulfill the purposes of the various funds administered by CollegInvest, including the College Savings Funds and ABLE. Expenses paid from the Borrower Benefit Fund related to the College Savings Funds are reimbursed by the College Savings Funds through the administrative fee. The amount of College Savings administrative fees received and held in the Borrower Benefit Fund that exceeds expenses paid by the Borrower Benefit Fund results in a receivable, and vice-versa. In addition, marketing and scholarship commitments and reserves are held in the Borrower Benefit Fund and are recorded as receivable on the College Savings Funds.

1. Organization and Summary of Significant Accounting Policies (continued):

Unearned Revenue:

Colorado legislation passed in 2019 required CollegInvest to transfer funds from the Colorado CollegInvest Scholarship Program to the SVP for creation of Child Kickstarter (First Step) Accounts. The CollegInvest First Step Program provides a \$100 contribution adjusted annually for inflation, to the CollegInvest college savings account of a beneficiary born or adopted in the State of Colorado on or after January 1, 2020. The gift amount was \$110 and \$105 for calendar year 2023 and 2022, respectively. The amount recorded as First Step unearned revenue was approximately \$12.3 million and \$12.6 million as of June 30, 2023 and 2022, respectively.

Fee Limitation/Due to Participants:

To the extent that College Savings administrative fees collected from participants exceed the expenses of the College Savings Program, CollegInvest shall 1) determine if such revenues are required to fund subsequent year expenses of the Program; 2) determine if such fees are required to fund prior years' unfunded expenses of the Program; or 3) reduce future fees of the plan participants for the following year.

As of June 30, 2023 and 2022, \$11.8 million and \$10.7 million in fees were accumulated in reserves that were greater than actual expenses, respectively. As of June 30, 2023, the \$11.8 million reserve is restricted for future expenses of CollegInvest in its capacity as administrator of the College Savings Program. It is CollegInvest's intent to maintain up to a 36-month reserve of estimated expenses.

Participant Contributions:

The aggregate balance limit for all Colorado Section 529 plans for a particular beneficiary from all sources, excluding income, is \$500,000. The balance limit is set by CollegInvest based on Internal Revenue Service (IRS) guidelines and is subject to change. In particular, if the IRS adopts final regulations, it may require or permit a maximum balance limit that differs from the \$500,000 limit. No additional contributions may be made to an account if the balance limit is reached; however, the account may continue to grow beyond this limit through earnings.

1. Organization and Summary of Significant Accounting Policies (continued):

Participant Contributions (continued):

The account balance limit in the ABLE fund is \$500,000. An account owner is allowed to contribute up to \$17,000 per year to their ABLE account, unless the account owner earns income and may contribute additional funds beyond the \$17,000 contribution limit. Account balances of \$100,000 or less are excluded from the Supplemental Security Income (SSI). Account balances greater than \$100,000 are counted against the resource limit and SSI benefits will be suspended until the account balance no longer exceeds the resource limit.

Withdrawals:

A qualified withdrawal from the College Savings Funds is a withdrawal made to pay qualified higher education expenses of the beneficiary. The earnings on qualified withdrawals are not subject to federal income tax. All withdrawals other than for this purpose are considered non-qualified withdrawals. Non-qualified withdrawals are subject to federal income tax plus a 10% penalty on earnings per Section 529 of the IRC. A non-qualified withdrawal from College Savings Funds is not subject to the 10% penalty only if the withdrawal is: (i) made on account of the death or disability of the beneficiary; (ii) made on account of a scholarship received by the beneficiary, to the extent that the withdrawal does not exceed the amount of the scholarship; or (iii) a non-taxable transfer to another account or to another Section 529 plan on behalf of a beneficiary or for a different beneficiary who is a family member of the original student. A non-qualified withdrawal may also be subject to recapture in the event a deduction has been taken from Colorado taxable income.

A qualified withdrawal from the ABLE fund is a withdrawal for a qualified disability expense. The earnings on qualified withdrawals are not subject to federal income tax. All withdrawals other than for this purpose are considered non-qualified withdrawals. Non-qualified withdrawals are subject to federal income tax plus a 10% penalty on earnings per Section 529A of the IRC.

Exchanges, Conversions and Transfers

Subject to certain limitations and restrictions, account owners may generally direct that their amount balance be reinvested in one or more different investment options twice per calendar year. Transfers of funds between investment options are referred to as “exchanges.”

In the SCF, Class C units automatically convert to Class A units in the sixth year after purchase. These transactions are referred to as “conversions.”

Under certain conditions, College Savings account assets may be transferred from one beneficiary to another or from one account owner to another. Upon death, ABLE account assets may be transferred from the account owner to a sibling, but only if the sibling is also disabled. These transactions are referred to as “transfers.”

The amounts of contributions and withdrawals reported on the statement of changes in fiduciary net position do not include exchanges, share conversions or transfers, as these types of transactions have no impact on the overall financial position of CollegInvest.

CollegInvest exited the Interstate Consortium agreement and converted the Colorado assets to the Colorado ABLE Trust fund on June 16, 2023, in the amount of \$23.9 million. The assets are presented in the statement of changes in fiduciary net position as conversion in.

Investment, Service and Administrative Fees:

Scholars Choice Fund:

The SCF Service Agreement states that TFI will receive plan manager and service fees at an annual percentage rate of average daily net assets. The rate structures can be found in the Plan Disclosure Statement for the Scholars Choice Fund.

This rate will vary with the Unit Class the account owner chooses. According to the SCF Service Agreement, each participant bears certain ongoing service fees that will vary with the Unit Classes the participant chooses. These direct service fees provide for the costs associated with distribution, servicing, and administration of the Unit Classes. Such direct service fees reduce the value of the participant’s account as incurred. Such fees are payable to TFI monthly, solely from the assets of SCF. SCF paid service fees of \$20.0 million and \$21.6 million for the years ended June 30, 2023 and 2022, respectively.

Under the SCF Service Agreement with LMIS, the SCF paid \$78,600 in investment fees and \$724,800 in service fees for the years ended June 30, 2022.

(Managers), pursuant to which the Managers are responsible for providing administrative, record-keeping, marketing, and investment management services to the DPF. During the year ended June 30, 2023, and 2022, DPF paid investment fees of \$1.9 million and \$2.0 million and service fees of \$10.7 million and \$12.2 million, respectively. Such direct investment and service fees reduce the value of the participant's account as incurred. Such fees are payable to the Managers monthly, solely from the assets of the DPF.

Under the DPF Service Agreement, CollegeInvest receives an administrative fee at an annual rate of up to 0.10% of average daily net assets. These fees represent charges to DPF for actual administrative costs of CollegeInvest. Such fees are payable to CollegeInvest monthly, solely from the assets of DPF. From July 1, 2021 through June 30, 2023 CollegeInvest received an administrative fee at an annual rate of 0.06% of average daily net assets. DPF paid administrative fees of \$3.3 million and \$3.5 million for the years ended June 30, 2023 and 2022, respectively.

Stable Value Plus Fund:

Contributions are invested by deposit under the Deferred Fixed Annuity Contract (Nationwide Contract) between CollegeInvest and Nationwide. Deposits made under the Nationwide Contract become commingled with the general account of Nationwide. Nationwide is obligated to repay the amounts deposited under the Nationwide Contract and an investment return as described on page 36. The annual interest rate calculated each year under the Nationwide Contract is net of all administrative and other charges of Nationwide.

Stable Value Plus Fund (continued):

The Nationwide Contract states that CollegeInvest will receive an administrative fee at an annual rate of up to 0.99% of the average daily net assets of the Fund. Such fees are payable to CollegeInvest solely from account owners and cannot exceed actual expenses of administering the Fund as defined by statute. For the period from July 1, 2021 through June 30, 2023, the fee was 0.71%. SVP paid administrative fees on behalf of its participants of \$1.2 million for the years ended June 30, 2023 and 2022.

Smart Choice Fund:

All monies received as contributions to the accounts under the service agreement (SCCS Service Agreement) between CollegeInvest and FirstBank shall be deposited by FirstBank into the Trust Account and invested according to the respective Investment Option or Options, as directed by the account owner. The SCCS Service Agreement requires FirstBank to repay the amounts deposited along with any interest earned on their deposit. The interest rate will be calculated, and may be adjusted if needed, every Wednesday and on the first day of each month and is net of all administrative and other charges of FirstBank.

Under the SCCS Service Agreement, CollegeInvest receives an administrative fee at an annual rate of up to 0.10% of average daily net assets. These fees represent charges to SCCS for actual administrative costs of CollegeInvest. Such fees are payable to CollegeInvest monthly, solely from the assets of SCCS. SCCS paid administrative fees on behalf of its participants of \$91,000 and \$87,000 for the years ended June 30, 2023 and 2022, respectively.

Investment, Service and Administrative Fees (continued):

Colorado ABL:

CollegInvest entered into a management agreement with Ascensus College Savings Recordkeeping Services, LLC and Ascensus Investment Advisors, LLC (the Contractors) pursuant to which the Contractors are responsible for providing administrative, record-keeping, and investment management services to the ABL Fund. Ascensus charges Investment fees, an annual account maintenance fees and a checking account fee. The annual account maintenance fee is \$58, assessed quarterly. If electronic delivery is established, the annual account maintenance fee is reduced to \$33. There is \$2.00 per month fee for the Checking Account Option which is waived if electronic delivery is established. During the year ended June 30, 2023, the ABL fund paid investment fees and service fees of \$2,000. Such direct investment and service fees reduce the value of the participant's account as incurred. Such fees are payable to the Contractors monthly, solely from the assets of the ABL fund.

From the annual account maintenance fee, CollegInvest receives \$5.00 per ABL account annually for ongoing administrative oversight. CollegInvest received \$9,700 and \$5,400 in administrative fees from the Interstate Consortium agreement during the years ended June 30, 2023 and 2022, respectively, paid to the Borrower Benefit Fund.

2. Cash, Cash Equivalents and Investments:

Cash and Cash Equivalents:

Cash and cash equivalents generally include contributions received that have not yet been invested in underlying funds and/or redemption proceeds from underlying funds for withdrawals that have not yet been distributed in accordance with the account owner's instructions.

All cash deposits of the SCF, DPF and ABL are held by a custodian on behalf of the Manager/Contractor of each Fund until it is invested and/or redeemed from the Underlying Funds. Depending upon the timing of the cash receipts or payment, there could be up to two days' delay between actual receipt/payment of cash and the investment transaction. Cash and cash equivalents are held in trust by the College Savings Funds' managers and ABL Contactors as of June 30, 2023 and 2022.

2. Cash, Cash Equivalents and Investments (continued):

Cash and Cash Equivalents (continued):

All cash deposits of the SVP Funds are held by a bank. Payments and cash receipts are deposited to a demand deposit account daily. Contributions will be invested with Nationwide within 30 days of receipt by CollegInvest. Interest earned on contributions prior to investment with Nationwide will accrue to CollegInvest and will be used to offset administrative expenses. SVP had deposits that were not yet transferred to Nationwide of \$199,800 and \$188,700 as of June 30, 2023 and 2022, respectively.

All cash deposits of the SCCS Funds are held by FirstBank.

All cash deposits of the ABLE Checking accounts are held by Fifth Third Bank.

Custodial Credit Risk – Cash Deposits:

Cash deposits for the College Savings Funds as of June 30 are as follows:

	2023		2022

Demand deposit accounts	\$ 253		\$ 251
Money market accounts	93,700		90,032
Total cash deposits	\$ 93,953		\$ 90,283

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, CollegInvest will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Monies in the SVP demand deposit accounts are insured by federal depository insurance for the first \$250,000. Deposits in excess of the \$250,000 limit are collateralized subject to the provisions of the State’s Public Deposit Protection Act (PDPA) for monies held within the state. Monies held in the SCF and DPF are uncollateralized. Individual accounts in the SCCS that are greater than \$250,000 are uncollateralized. There were no uncollateralized accounts in the SCCS as of June 30, 2023 and June 30, 2022.

Investment Authority and Policy:

Scholars Choice Fund and Direct Portfolio Fund:

The Board approves the investment policies for both the SCF and DPF. Investments of assets in the SCF and DPF and the underlying portfolios are selected and managed in accordance with the standards set forth in the Sections 15-1-304 and 15-1.1-102, C.R.S. Consistent with these standards, the Board, or its designated committee, will determine from time-to-time suitable investment parameters for the SCF and the DPF, which seek to control risk through portfolio diversification. Generally, investments include money market mutual funds and bond and equity mutual funds. Each mutual fund in which an underlying portfolio is invested shall comply with the investment policy's permitted investment guidelines.

The table below identifies the significant investment types that are authorized for the SCF and DPF:

Stable Value Plus Fund:

The Board approves the investment policy for the SVP. Generally, investments include any funding agreement, guaranteed interest contract, guaranteed investment contract, annuity contract, repurchase agreement, or other similar investments which are issued by an insurance company or other investment provider with financial strength ratings in any one of the three highest rating categories by two or more nationally recognized rating agencies which regularly rate the ability of such investment providers to pay claims. The SVP may terminate any agreement with an existing investment provider should two or more of the nationally recognized rating agencies reduce their rating of the provider to a category that is below the lowest “A” rating. As of June 30, 2023 and 2022, the Nationwide Mutual Insurance Company’s rating met the requirements of the investment policy.

Interest Rate Risk:

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. CollegInvest provides participants with investment opportunities in various portfolios that are constructed from a range of mutual funds that it has selected. CollegInvest does not actively manage interest rate risk except through its mutual fund selection process. TFI and the Managers of the College Savings Funds and the Contractors of the ABLE Fund primarily report interest rate risk evaluation of the fixed income mutual funds in the various portfolios based on the duration method.

2. Cash, Cash Equivalents and Investments (continued):

Credit Risk:

Generally, credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment options in SCF, DPF, and ABLE attempt to diversify risk by offering multiple portfolio options with a range of credit risk characteristics. Investments of the underlying portfolios shall be selected and managed in accordance with the standards set forth in Section 15-1-304, C.R.S., that is: (a) with the care which men of prudence, discretion and intelligence exercise in the management of the property of another, not in regard to speculation but in regard to the permanent disposition of funds, considering the probable income as well as the probable safety of capital; and (b) for the sole benefit of the beneficiary. Investment decisions shall be made in accordance with the prudent investor rule set forth in Section 15-1.1-102, C.R.S. Consistent with the above, the Board of Directors, or its designated Committee, will determine, from time to time, suitable investment parameters for the SCF, DPF and ABLE which seek to control risk through portfolio diversification. Additionally, CollegInvest's investment policy states that all mutual fund assets are subject to the provisions of the Investment Company Act of 1940. As of June 30, 2023 and 2022, investments in the SCF, DPF and SCCS portfolios and the Funding Agreement were unrated. The underlying securities of the repurchase agreement are explicitly guaranteed by the U.S. government and are not subject to credit risk disclosures.

Units:

The beneficial interests of each participant and beneficiary in the net position of all portfolios except SCCS and ABLE checking account are represented by units. Contributions to and redemptions from the portfolios are subject to terms and limitations defined in the participation agreement between the participant and the respective plan. Contributions to SCF, DPF, and ABLE (other than by electronic funds transfers) will purchase units in a portfolio at the net asset value per unit for that portfolio calculated no later than the business day following the day payment is received by TFI, the Managers, or the Contractors. Contributions by electronic funds transfers will purchase units at the unit value calculated on the day of transfer or, in certain cases, on the day that the monies become available. Contributions to SVP, including contributions received by electronic transfer, will purchase units at the net asset value calculated on the business day immediately preceding the date the contributions are invested with Nationwide. Contributions are required to be invested with Nationwide within 30 days of receipt by CollegInvest.

2. Cash, Cash Equivalents and Investments (continued):

Units (continued):

Withdrawals from SCF, DPF, and ABLE result in the redemption of units. The unit value is determined following TFI's, the Manager's or the Contractor's receipt of the withdrawal request. Unit values for each portfolio are determined daily. There are no distributions of net investment gains or net investment income to the portfolios' participants or beneficiaries. Withdrawals from SVP result in the redemption of units, based on the unit value determined on the date immediately preceding the date that a payment is made by CollegInvest in satisfaction of a withdrawal request. Unit values for the Fund are determined daily. There are no distributions of net investment gains or net investment income to the participants or beneficiaries.

3. Disclosures About Fair Value of Assets and Liabilities:

Units:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) in active markets for an identical asset or liability that a government can access at the measurement date

Level 2: Inputs other than quoted prices included within Level 1, that are observable for an asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3: Unobservable inputs supported by little or no market activity for an asset or liability

3. Disclosures About Fair Value of Assets and Liabilities (continued):

Investments:

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including but not limited to, yield curves, interest rates volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases, where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. CollegeInvest does not have any investments classified as Level 2 or Level 3.

4. Net Position:

All of the College Savings Funds' fiduciary net position of \$11.0 billion and \$10.2 billion as of June 30, 2023 and 2022, respectively, are net position held in trust on behalf of investors in the College Savings Funds.

All of ABLE fiduciary net position of \$24.2 million as of June 30, 2023, are net position held in trust on behalf of investors in ABLE.

5. Intraplan Administrative Fee Transfers:

CollegeInvest may receive an administrative fee at an annual rate of up to 0.99% of the average daily net assets of SVP, and up to 0.10% of the average daily net assets of SCF, DPF and SCCS. These fees are deducted monthly from each fund and are used by CollegeInvest for the payment of administrative expenses incurred by CollegeInvest in connection with the operation of the College Savings Program in accordance with and as permitted by applicable law. From July 1, 2021 through June 30, 2023, the fee for SVP was 0.71%, 0.10% for SCCS, and 0.06% for SCF and DPF.

During the fiscal year ended June 30, 2023, DPF transferred \$422,000 to SCF, SVP transferred \$270,000 to SCF, and SCCS transferred \$17,000 to SCF for the excess of fees collected over expenses.

Notes To Financial Statements

June 30, 2023 and 2022

5. Intraplan Administrative Fee Transfers (continued):

During the fiscal year ended June 30, 2022, DPF transferred \$1.0 million to SCF, SVP transferred \$490,000 to SCF, and SCCS transferred \$35,000 to SCF for the excess of fees collected over expenses.

6. Capital Markets:

During the last several years, financial markets as a whole have incurred significant fluctuations in values. Because the values of individual investments fluctuate with market conditions, the amount of investment gains or losses that the plan will recognize in its future financial statements, if any, cannot be determined.

Independent Auditor’s Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Members of the Board of Directors and Legislative Audit Committee:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of ColleagueInvest’s (a division of the Department of Higher Education, State of Colorado) as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise ColleagueInvest’s basic financial statements, and have issued our report thereon dated December 8, 2023.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered ColleagueInvest’s internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of ColleagueInvest’s internal control. Accordingly, we do not express an opinion on the effectiveness of ColleagueInvest’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether ColleeInvest's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of ColleeInvest's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor’s Communication to the Board Members of ColleeInvest and Legislative Audit Committee

Members of the Board of Directors and Legislative Audit Committee,

We have audited the financial statements of ColleeInvest as of and for the year ended June 30, 2023 and have issued our report thereon dated December 8, 2023. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit under Generally Accepted Auditing Standards and *Government Auditing Standards*

As communicated in our letter dated May 24, 2023, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the ColleeInvest solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, as appropriate, our firm, and other firms utilized in the engagement, if applicable, have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified

As stated in our auditor's report, professional standards require us to design our audit to provide reasonable assurance that the financial statements are free of material misstatement whether caused by fraud or error. In designing our audit procedures, professional standards require us to evaluate the financial statements and assess the risk that a material misstatement could occur. Areas that are potentially more susceptible to misstatements, and thereby require special audit considerations, are designated as "significant risks". We have identified the following as significant risks.

- Management override of controls – Professional standards require auditors to address the possibility of management overriding controls, which is inherent to every entity. Accordingly, we identified as a significant risk that management of the organization may have the ability to override controls that the organization has implemented.
- Fair Value of Investments – There is a risk that the fair value of investments could be misstated if the valuation to fair value is not completed or not completed accurately.
- Administrative Fees – There is a risk that administrative fees are not being charged in accordance with set rates.
- Revenue Recognition – *Generally Accepted Auditing Standards* require a presumed risk of improper revenue recognition, unless otherwise noted. We identified improper revenue recognition as an identified fraud risk due to the possibility that revenue is not recorded appropriately such as in the wrong period, in the incorrect amount, etc. either due to error or fraud.
- Unauthorized Distributions - The risk that distributions from participant accounts are not properly authorized.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by ColleagueInvest is included in Note 1 to the financial statements. There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2023. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. No such significant accounting estimates were identified.

Financial Statement Disclosures

There were no financial statement disclosures that we consider to be particularly sensitive or involve significant judgement.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit. There were no corrected or uncorrected misstatements identified during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the CollegenInvest's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Circumstances that Affect the Form and Content of the Auditor's Report

We have made the following modification to our auditor's report, related to CollegenInvest's relationship with the State of Colorado:

As discussed in Note 1 – Organization and Summary of Significant Accounting Policies, the financial statements of ColleeInvest are intended to present the fiduciary net position, and the changes in fiduciary net position, for only that portion of the financial reporting entity, State of Colorado, that is attributable to the transactions of the ColleeInvest College Savings Program Funds and Achieving a Better Life Experience Program Fund. They do not purport to, and do not, present fairly the fiduciary financial position of the State of Colorado as of June 30, 2023 and 2022, and the changes in its fiduciary financial position, or where applicable, its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Representations Requested from Management

We have requested certain written representations from management that are included in the management representation letter dated December 8, 2023.

Management’s Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the ColleeInvest we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating conditions affecting the entity, and operating plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as ColleeInvest’s auditors.

This report is intended solely for the information and use of the ColleeInvest, the Board of Directors for ColleeInvest, management of ColleeInvest, the Legislative Audit Committee, and Office of the State Auditor, and is not intended to be, and should not be, used by anyone other than these specified parties. However, upon release by the Legislative Audit Committee, this report is a public document.
