

MEMORANDUM

JOINT BUDGET COMMITTEE

TO Members of the Joint Budget Committee
FROM Scott Thompson, JBC Staff (303-866-4957)
DATE Wednesday, March 20, 2024
SUBJECT Technical Correction to Legal Services and Risk Management
allocation in Office of Governor

During drafting, JBC Staff identified a drafting error resulting in a need to increase the amount of General Fund appropriated for Legal Services for the Governor's Office to reflect the Committee's action on the legal services common policy. This error was caught by the Governor's Office on their preliminary review of the bill. JBC Staff requests permission to reflect that appropriation as it was approved, which will increase the amount of General Fund appropriated to the Governor's Office by \$800,690.

Additionally, the fund splits between General Fund and Reappropriated funds for the appropriation for Risk Management and Property Funds included \$113,624 General Fund that should have been classified as reappropriated funds. Staff requests permission to reflect this change as well. The total General Fund impact when considering both corrections is an increase of \$687,066 General Fund to the Office of the Governor.
