Tom Raynes Amend CDAV	CDAC supports the bill as introduced. While we are neutral on some of the amendments added in the Senate the one requiring translation of all meetings and especially requiring that and that written materials be translated essentially undermines the ability for the CCJJ to operate with any efficacy. It is the same as asking this of the legislature. While a worthy intent, it is not practical. This committee lauded the performance of the CCJJ in regard to several bills that came through this session. For that work to continue the CCJJ needs to be reauthorized. CDAC supports the bill but sees the need to amend the interpreting requirement.
