Department of Early Childhood

Transition and Collaboration

- Vision to build a unified, comprehensive early childhood system with programs under one cabinet-level agency
- Early childhood programs and services successfully transferred from the Colorado Department of Human Services and the Colorado Department of Education
- Close collaboration with CDHS, CDE, CDPHE, HCPF, and CDHE on implementing programs and aligning services utilized by children birth through 5 and their families, as well as the early childhood workforce

OUR MISSION

To ensure the delivery of a comprehensive, community-informed, data-driven, high quality and equitable early childhood system that supports the care, education and well-being of all Colorado's young children, their families and early childhood professionals in all settings.

OUR VISION

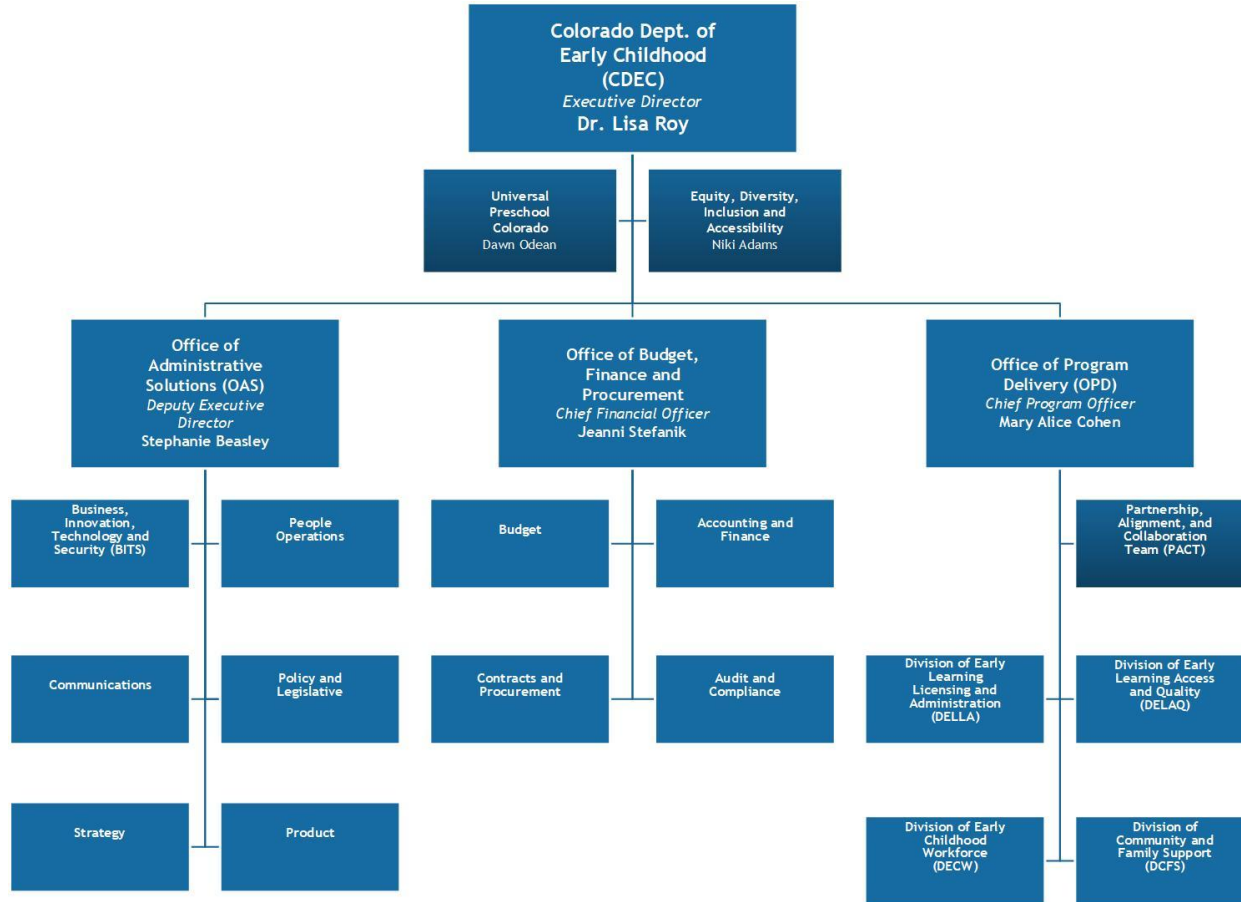

All Colorado children, families, and early childhood professionals are valued, healthy and thriving.

Goals 4-7: Foundational Goals: What CDEC must accomplish to achieve the Mission-Driven goals.

How CDEC Does Performance Management

CDEC Wildly Important Goals (WIGs): SFY 2023-2024

July 1, 2023 - June 30, 2024

WIG #1: Universal Preschool Family Satisfaction

Increase the Universal Preschool family uptake rate by 5%, from 59% in school year 2023-2024 to 64% in school year 2024-2025 by June 30, 2024

WIG #2: Universal Preschool Provider Satisfaction

Retain 94% of Universal Preschool providers from the 2023-2024 school year to the 2024-2025 school year by June 30, 2024.

WIG #3: Infant and Toddler Child Care Capacity

Increase the infant and toddler (0-36 months) licensed child care capacity by 5% by June 30, 2024.

WIG #4: Early Childhood Workforce

Increase the number of qualified early childhood professionals working in licensed child care settings available for children under five years old by 4% by June 30, 2024.

WIG 1 - Universal Preschool: Family Satisfaction (1/2)

Increase the Universal Preschool family uptake rate by 5%, from 59% in school year 2023-2024 to 64% in school year 2024-2025 by June 30, 2024

Background & Context

- This goal will increase equitable access to the Universal Preschool Program and ensure that participating families are satisfied with the program. Measuring family uptake helps CDEC evaluate family satisfaction, understanding that if families are satisfied, more will enroll in subsequent years.
- A 5% increase would result in 40,575 matched children, up from 36,969.
- The enrollment process for the second year of Universal Preschool is estimated to begin in February 2024. Data will be available in Spring 2024.

Universal Preschool Family Uptake

Total	39,165	1,820

39,165 Four Year Olds Receiving Universal Preschool

“Our family’s experience with Colorado’s Universal Preschool has been wonderful thus far. Applying was quick and easy. We are thrilled that UPK works in tandem with our child’s Individualized Education Program to keep our childcare/school costs low while supporting our local program.”

Alex Willis
Leadville, Colorado

WIG 2 - Universal Preschool: Provider Satisfaction

Retain 94% of Universal Preschool providers from the 2023-2024 school year to the 2024-2025 school year by June 30, 2024.

Background & Context

- This goal will ensure that participating providers are satisfied with the Universal Preschool program. If providers are satisfied, they will continue participating in subsequent years; this measure will also help inform on how to best support participating providers.
- Data will be available in Spring of 2024.

Universal Preschool Provider Retention

1,820 Providers in A True Mixed Delivery Universal Preschool System

"Universal preschool has been a support to me in allowing me to retain 4-year-olds in my family child care program as a preschool. I have lost students when they are 4 years old in the past because I lacked the funding to offer full tuition to those families. UPK has allowed me to be competitive and have the funding I need so I can pass that benefit on for the family. It has also helped me to afford to stay in the family childcare business."

Jennifer Reyelts

Academy de las Estrellas (A Dual Language Preschool in Garfield
County)

WIG 2 - Universal Preschool: Provider Satisfaction

Local Coordinating Organizations

Local Coordinating Organizations (LCOs) coordinate Universal Preschool locally. This includes supporting families in navigating enrollment, tracking and reporting on seat availability in preschools, and communicating with and supporting providers.

LCOs support providers by:

- Hosting monthly meetings to provide consistent information and updates to providers and to identify provider concerns to elevate to CDEC
- Execute Technical Assistance Plan goals developed based on specific community needs. Technical Assistance Plans include supports for the early childhood workforce and engagement to support provider retention.

Ensure 100% of Local Community Organizations (LCOs) meet the goals outlined in their technical assistance plans and meet with their community and home-based providers on a monthly basis.

Colorado Universal Preschool Program 2024-25 Priorities

Enrollment and Matching Process

- Streamlined enrollment that supports ease-of-access for families and providers

Online Application System

- Families can apply through a single, easily accessible application. Providers can promote their unique programs and reach a wider audience of potential students.

High-Quality Programming

- Support all providers to deliver high-quality preschool that prepares children for kindergarten, supports healthy development, and engages families.

Full-Day Hours Allocation

- Children who are low-income and have an additional qualifying factor have access to full-day hours and are notified earlier in the process.

Data Collection and Availability

- Data is collected and shared to identify program gaps and drive decision making.

Communications

- Clear, consistent, and frequent communications to ensure families, providers, LCOs, AUs, and partners are informed and engaged.

Supporting Children with Disabilities

- Children with disabilities can seamlessly access the Universal Preschool Program

Division of Early Learning Access and Quality

Supports Colorado children with new and innovative approaches to achieving school readiness; safe, stable, and nurturing environments; and resilience in early childhood. Administers the Colorado Child Care Assistance Program.

Division of Early Learning, Licensing, and Administration

Leads in planning and implementing public child care policy in compliance with federal and state regulations. Responsible for licensing and monitoring approximately 5,000 child care facilities in Colorado.

Division of Early Childhood Workforce

Leads in honoring, professionalizing, and growing early care and education professionals to ensure we recruit and retain a diverse, well-compensated, highly competent, and thriving Early Childhood Educator workforce across Colorado communities.

Division of Community and Family Support

Provides families and communities across Colorado with the resources needed to support young children to thrive. Organized into four units: Early Childhood Mental Health; Early Intervention Colorado; Family Strengthening; and State Systems Building Initiatives.

Office of Program Delivery

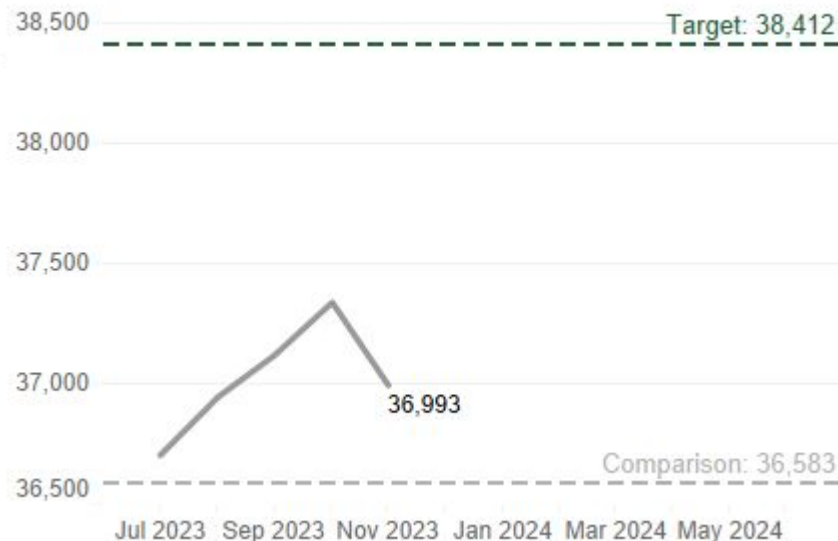

WIG 3 - Infant and Toddler Child Care Capacity (1/3)

Increase the infant and toddler (0-36 months) licensed child care capacity by 5% by June 30, 2024.

Background & Context

- This goal will help to meet the high infant and toddler licensed child care demand across Colorado. Access to infant and toddler child care has been heavily impacted by limited affordability and availability due to the shortage of early childhood professionals.
- A 5% increase in capacity would result in 1,829 new infant and toddler child care slots.
- SFY 23-24 is the third year CDEC is tracking this WIG, set initially as a Lead Measure for increasing birth to five-year-old child care capacity by the Early Childhood Working Group in SFY 21-22.

Infant and Toddler Child Care Capacity: SFY 23-24 *

* The decrease in capacity between October and November 2023 is due to a change in data methods, rather than a true decrease in capacity.

Emerging & Expanding Grant

Provides funding to cover expenses related to the expansion of current program capacity or the opening of a new child care program. Priority is given to those with infant and toddler capacity.

- FY 2021-22: 5,459 new slots were created across 37 counties
- Second round of funding launched in 2023 and will last until FY 2026
- As of December 2023, 170 applications have been approved, creating 1,873 new slots

Employer-Based Child Care Facility Grant

Offers financial assistance to eligible employers to construct, remodel, renovate, or retrofit a child care center to provide licensed child care services on- or near-site to its employees.

- 26 grants across 17 counties
- \$15.4M awarded
- 2,314 child care slots estimated to be opened
- 288 total educators and at least 50 staff estimated to be hired

Colorado Child Care Assistance Program

Helps families that are homeless, working, searching for work or in school find low-income child care assistance. In FY 2022-23, 25,864 children utilized CCCAP.

Performance is measured by the number of children served and in high quality care. The program improves delivery by utilizing an evidence-based decision making framework, implementing strategies to improve access, and developing policies that reduce access barriers for families. Access strategies include:

- Increasing provider rates and developing an alternative rate methodology to align with the true cost of care
- Reimbursing infant and toddler providers based on enrollment rather than attendance
- Increasing the number of paid absences
- Lowering the maximum family co-pay from 14% to 10%

WIG 4 - Early Childhood Workforce

Increase the number of qualified early childhood professionals working in licensed child care settings available for children under five years old by 4% by June 30, 2024.

Background & Context

- This goal will help meet child care needs across Colorado by ensuring we have the qualified early childhood professionals to support both the existing and necessary expansion of child care capacity.
- A 4% increase would grow the workforce from 24,151 to 25,117 professionals (+966).

Increase Child Care Workforce

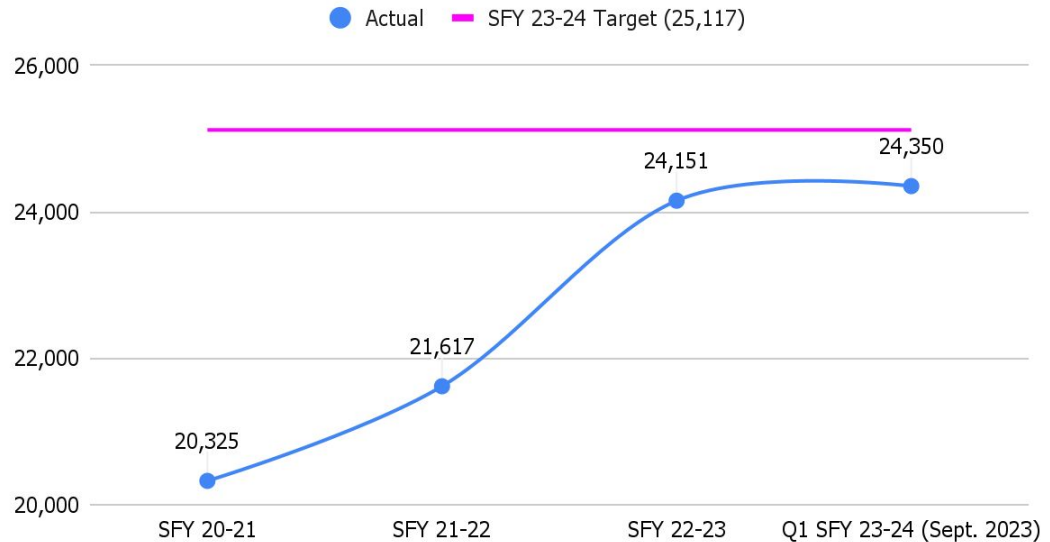

WIG 4 - Early Childhood Workforce

Increase the number of qualified early childhood professionals working in licensed child care settings available for children under five years old by 4% by June 30, 2024.

Background & Context

- SFY 23-24 is the third year CDEC is tracking this goal, set initially by the Early Childhood Working Group in SFY 21-22.
- CDEC increased the workforce by **19.8% (+4,025)** between July 2020 and September 2023.

Early Childhood Workforce: SFY 20-21 - Current

WIG 4 - Early Childhood Workforce (1/3)

Division of Early Childhood Workforce

Takes the lead for the State in honoring, professionalizing, and growing early care and education professionals to ensure that we recruit and retain a diverse, well-compensated, highly competent and thriving Early Childhood workforce across all Colorado communities.

Family, Friend, and Neighbor Support

- Launched the legislatively-mandated Friend, Family, and Neighbor (FFN) Advisory Council
 - Advises on regulations, policies, funding, and procedures
 - 25 members, majority of whom are FFN providers
- Contracting with a vendor to administer professional training, support, and mini-grants to FFN providers statewide

Delivers 24 programs that focus on meeting young children's needs in the places that they spend their time, beyond child care and preschool.

Early Intervention

Provides developmental support and services for children from birth through two years of age who are referred due to a suspected developmental delay or disability.

Family Strengthening

Administers 13 home visiting and family support programs focused on building protective factors among children, families and communities.

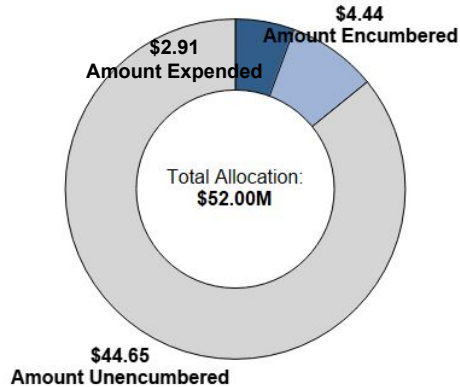

Early Childhood Mental Health

Strengthens adult-child relationships and engages families and child care providers in children's learning and development.

Legislative Agenda

The Department respectfully requests the General Assembly consider legislation on the following:

- **Bilingual Licensing:** Requires CDEC to ensure that child care licensing services be available in Spanish and establish a Bilingual Licensing Unit. The bill appropriates ongoing funding to staff the Bilingual Licensing Unit and one-time funding to enhance the child care licensing mobile application Spanish capabilities.
- **Imagination Library of Colorado Transfer:** Transfers the authority, along with current levels of program funding, for the Imagination Library of Colorado from the Colorado Department of Education to CDEC.
