*A consumer price index (CPI-U) is not calculated for the state of Colorado. The CPI-U for the Denver-Aurora-Lakewood core based statistical area is often used as a proxy for the inflation rate of Colorado. Beginning in February 2018, a bi-monthly index is published for the Denver-Aurora-Lakewood core based statistical area, instead of a semi-annual index for the Denver-Boulder-Greeley combined metropolitan statistical area.
