Defintions

Total Cases Filed

This is the total unique case numbers that had a petition for temporary extreme risk or a petition for extreme risk protection order filed.

Total Petitions Filed

This is the total number of petitions for a temporary extreme risk or extreme risk protection order. This is only for the first petition filed into the case, meaning if the petitioner files a petition for temporary extreme risk and then files an extreme risk petition in the same case, this would only be counted under the temporary petition for extreme risk since that was the first petition in the case.

Total Orders Issued and Denied

This is the total number of cases with an order for temporary extreme risk or extreme risk protection order that was issued or denied. Please note a case may have both a temporary and an extreme risk order issued/denied at separate times on the case. Therefore a case may be counted under each category.

Special Note: A petitioner may petition for an extreme risk order, but the Judicial Officer may decide to issue a temporary extreme risk order. The petitioner may petition for a temporary extreme risk order, but the Judicial Officer does not grant or deny that request at the initial hearing. The Judicial Officer does determine an extreme risk hearing should happen. At the extreme risk hearing an extreme risk protection order is granted (and a temporary order was never granted on this case). A case may also have a temporary extreme risk order granted and later have the extreme risk order granted in the case. This may cause the petition numbers to not align with the order numbers.

Total Orders Terminated

This is the total number of cases with an order for temporary extreme risk or extreme risk protection order that were vacated. A case may have a temporary and an extreme risk order vacated.

Total Orders Renewed

This is the total number of cases with an extreme risk protection order that was renewed.

New Criminal Case Filed 30 Days After Extreme Risk or Temporary Extreme Risk Granted

This displays any temporary extreme risk or extreme risk protection order case where within 30 days of issuance of the order a new criminal case was filed. The 30 days is based on the offense date for the criminal case. If a case has been sealed or suppressed it will not be included in the list.

Special Note: The data has been matched based on Last Name, First Name and Date of Birth. It is a possibility that due to this matching that some cases may not be displayed or display due to another person in the state having the same Last Name, First Name and Date of Birth. Please note the state court administrator does not know if the new criminal case was filed due to the temporary extreme risk or extreme risk protection order case.

A petitioner may petition for an extreme risk order, but the Judicial Officer may decide to issue a temporary extreme risk order. The petitioner may petition for a temporary extreme risk order, but the Judicial Officer does not grant or deny that request at the initial hearing. The Judicial Officer does determine an extreme risk hearing should occur and the court schedules this hearing. At the extreme risk hearing an extreme risk protection order is granted (a temporary order is never granted on this case). A case may also have a temporary extreme risk order granted and later have the extreme risk order granted in the case. This may cause the petition numbers to not align with the order numbers.
