Healthy Families America® 2022 State Profile

HEALTHYFAMILIESAMERICA.ORG

Healthy Families America® (HFA) is the nationally recognized, evidence-based home visiting program of Prevent Child Abuse America®. HFA focuses on building nurturing, safe and secure relationships between parent and child that are essential for all children –and parents– to lead a healthy and productive life. Voluntary home visiting helps new and expectant parents develop the skills and confidence to raise healthy children and increases family well-being by preventing adversity and building resilience during a child's most critical years of development.

Research with the HFA model demonstrates sustained positive impact for HFA families:

Reduced recurrence of maltreatment by **1/3**

48% fewer low-birthweight infants

5x more likely to enroll in school or training programs

↑ Improved maternal and child health

↑ Increased child development and school readiness

↑ Increased family economic self-sufficiency

↓ Reduced family violence

By investing in evidence-based home visiting programs, like Healthy Families America®, we strengthen Colorado families, create thriving communities, and save taxpayer dollars.

Snapshot of Colorado HFA Data from 2022*

281
families

3,000
home visits

2
sites

HFA Families in Colorado face varying amounts of stress and challenge:

97% of families live in low-income households

77% of families have a caregiver who is age 21 or younger

45% of families have a caregiver with less than a high school diploma/GED

83% of families are headed by a single parent

*This snapshot reflects HFA sites that reported at least 1 family received a home visit during their 2022 reporting year.
