Wellstone Collaborative Strategies

Workgroup Guidance

- Each work group will identify a lead and notetaker(s)
- Each work group will identify notetakers, and capture recommendations in this PPT presentation to the TF
- Update the facilitation team of progress

Review of Subpanel Guidance

1. Transformative for the long-term
2. Address populations in need, especially those experiencing systemic disparities (e.g. redlining)
3. One-time funding proposals with no or very little out-year costs, or with a financing plan that doesn't increase the state's structural deficit (e.g., reallocating from less effective existing programs)
4. Leverages local, private, and federal dollars, including public-private partnerships
5. Evidence-based, and/or based on what works in other states or with certain communities or partners
6. Community-based solutions informed by the uniqueness of that community
7. Culturally and linguistically competent
8. Consumer-driven, with a strong voice from those most impacted and involved in the affordable housing system
9. Address the full continuum of affordable housing supports, from prevention to high intensity
10. Fill the gaps in services, policies, and programs
11. Innovative and flexible, when appropriate
