# North Routt Community Charter School Clark, CO

**Location:** Unincorporated town of Clark--17 miles north of Steamboat Springs

**Enrollment-**125 students Pk-8th

**Executive Director:** Brandon LaChance

### School House Approach

- 9 separate--grade level cohorts "school-houses" for each grade level
- Five days a week- full day
- 90% student population are in-person
- Class sizes are half the size as typical years, allowing teachers to focus on academic recovery and social/emotional health
- Increase service time and support for IEP students
- Our *Return to Learn Plan* was developed by leadership, staff and parents to ensure buy-in from all stakeholders

### Hardships

- Increase cost to our plan--staffing and a loss of revenue
- Transportation- create concern to our greater social distancing plan
- Our community does not have internet and has very poor cell service
- Continued regulation expectations (audits, UIP date change), all while we are simply trying to create a safe school

\*\*1am thought- Are we all safe and will our plan minimize exposure and outbreak potential?

### Cares Act Funding

- Staffing
- PPE
- Increase in cleaning
- Purchase of more student facing devices
