**FOOTNOTES** -- The following statements are referenced to the numbered footnotes throughout section 2.

- 1 Department of Corrections, Management, Executive Director's Office Subprogram; Department of Human Services, Mental Health and Alcohol and Drug Abuse Services, Alcohol and Drug Abuse Division; and Division of Youth Corrections; Judicial Department, Probation and Related Services; and Department of Public Safety, Division of Criminal Justice; and Colorado Bureau of Investigation -- State agencies involved in multi-agency programs requiring separate appropriations to each agency are requested to designate one lead agency to be responsible for submitting a comprehensive annual budget request for such programs to the Joint Budget Committee, including prior year, request year, and three year forecasts for revenues into the fund and expenditures from the fund by agency. The requests should be sustainable for the length of the forecast based on anticipated revenues. Each agency is still requested to submit its portion of such request with its own budget document. This applies to requests for appropriation from the Drug Offender Surcharge Fund, the Offender Identification Fund, the Sex Offender Surcharge Fund, the Persistent Drunk Driver Cash Fund, and the Alcohol and Drug Driving Safety Program Fund, among other programs.
- 20 Department of Human Services, County Administration, County Share of Offsetting Revenues -- It is the intent of the General Assembly that, pursuant to Section 26-13-108, C.R.S., the Department utilize recoveries to offset the costs of providing public assistance. This appropriation represents an estimate of the county share of such recoveries and, if the amount of the county share of such recoveries is greater than the amount reflected in this appropriation, the Department is authorized to disburse an amount in excess of this appropriation to reflect the actual county share of such recoveries.
- 21 Department of Human Services, County Administration, County Incentive Payments; Office of Self Sufficiency, Colorado Works Program, County Block Grants -- It is the intent of the General Assembly that, pursuant to Sections 26-13-108 and 26-13-112.5 (2), C.R.S., the Department distribute child support incentive payments to counties. This appropriation represents an estimate of one-half of the State share of recoveries of amounts of support for public assistance recipients, as described in Section 26-13-108, C.R.S. If the amount of one-half of the State share of such recoveries is greater than the amount reflected in this appropriation, the Department is authorized to distribute an amount in excess of this appropriation to reflect one-half of the actual State share of such recoveries.
- 22 Department of Human Services, Division of Child Welfare -- It is the intent of the General Assembly to encourage counties to serve children in the most appropriate and least restrictive manner. For this purpose, the Department may transfer funds among all line items in this long bill group total for the Division of Child Welfare.

- 23 Department of Human Services, Division of Child Welfare, Family and Children's Programs -- It is the intent of the General Assembly that \$4,088,723 of the funds appropriated for this line item be used to assist county departments of social services in implementing and expanding family- and community-based services for adolescents. It is the intent of the General Assembly that such services be based on a program or programs that have been demonstrated to be effective in reducing the need for higher cost residential services.
- 24 Department of Human Services, Division of Child Welfare, Performance-based Collaborative Management Incentives -- The total appropriation in this line item exceeds the projected ongoing revenue stream for the Collaborative Management Incentives Cash Fund. Therefore, appropriations at the current level may not be available when reserves are exhausted.
- 25 (Governor lined through this provision. See L. 2009 p. 3263.)
- 26 Department of Human Services, Office of Self Sufficiency, Colorado Works Program, County Block Grants -- Pursuant to Sections 26-2-714 (7) and 26-2-714 (9), C.R.S., under certain conditions, a county may transfer federal Temporary Assistance for Needy Families (TANF) funds within its Colorado Works Program Block Grant to the federal child care development fund or to programs funded by Title XX of the federal Social Security Act. One of the conditions specified is that the amount a county transfers must be specified by the Department of Human Services as being available for transfer within the limitation imposed by federal law. It is the intent of the General Assembly that the Department allow individual counties to transfer a greater percent of federal TANF funds than the state is allowed under federal law as long as: (a) Each county has had an opportunity to transfer an amount up to the federal maximum allowed; and, (b) the total amount transferred statewide does not exceed the federal maximum.
- 27 Department of Human Services, Office of Self Sufficiency, Colorado Works Program, County Block Grants -- It is the intent of the General Assembly that the appropriation of local funds for Colorado works program county block grants may be decreased by a maximum of \$100,000 to reduce one or more small counties' fiscal year 2009-10 targeted or actual spending level, pursuant to Section 26-2-714 (8), C.R.S.
- 28 Department of Human Services, Services for People with Disabilities, Community Services for People with Developmental Disabilities, Program Costs -- It is the intent of the General Assembly that expenditures for these services be recorded only against the Long Bill group total for Program Costs.
