It is further declared to be the policy of this state that there shall be provided a comprehensive program designed to offer the greatest possible variety of wildlife-related recreational opportunity to the people of this state and its visitors and that, to carry out such program and policy, there shall be a continuous operation of planning, acquisition, and development of wildlife habitats and facilities for wildlife-related opportunities.

(2) All wildlife within this state not lawfully acquired and held by private ownership is declared to be the property of this state. Right, title, interest, acquisition, transfer, sale, importation, exportation, release, donation, or possession of wildlife is permitted only as provided in articles 1 to 6 of this title or in any rule of the parks and wildlife commission.

(3) In order to foster the welfare of the inhabitants of the state of Colorado, it is further declared to be the policy of this state to protect and encourage full development of absolute and conditional water rights created under state law and to develop and maximize the beneficial use of the waters to which Colorado and its citizens are entitled under interstate compacts.

(3.5) (a) The general assembly hereby finds, determines, and declares that it supports the recommendation of the Lower Arkansas river commission in its plan dated March 25, 1993, to protect and enhance fish and wildlife resources at the Great Plains Reservoirs, and further finds that a joint funding effort, which includes funds appropriated from the wildlife cash fund created in section 33-1-112 to carry out such recommendation, would further the public interest by establishing recreational opportunities in southeastern Colorado.

(b) The general assembly further declares that the joint funding effort described in paragraph (a) of this subsection (3.5) shall not be solely a division responsibility and that the appropriation from the wildlife cash fund shall be used to maximize matching funds from other sources to ensure

full implementation of the recommendation.

(4) The state shall utilize hunting, trapping, and fishing as the primary methods of effecting necessary wildlife harvests.

No person is entitled to claim multiple states of residence except as provided in paragraphs (c) and (d) of this subsection (38). The following evidence or any other reliable evidence may be used in establishing, but is not necessarily determinative of, residence:

(I) The residence of a person is the principal or primary home or place of abode of a person. A principal or primary home or place of abode is that home or place in which a person's habitation is fixed and to which the person, whenever absent, has the present intention of returning after a departure or absence therefrom, regardless of the duration of such absence. A residence is a permanent building or part of a building and may include a house, condominium, apartment, room in a house, or mobile home. The temporary absence of such student or the student's spouse or dependent children from this state while the student is still enrolled at any such trade school, college, or university shall not be deemed to terminate their residency. A student shall be deemed "full-time" if considered full-time under the rules or policy of the educational institution he or she is attending.

(IV) Colorado residents who attend school full-time out of state and pay nonresident tuition unless exempted from such tuition payments by the trade school, college, or university.

(d.5) The residency status of children under eighteen years of age is presumed to be that of the parent with whom the child resides the majority of the time pursuant to court order or legal guardian.

(e) Except as provided in paragraph (c), (d), or (d.5) of this subsection (38), a person is deemed, for the purposes of this title, to have terminated his or her Colorado residence if the person applies for, purchases, or accepts a resident hunting, fishing, or trapping license issued by another state or foreign country; registers to vote in another state or foreign country; or accepts a driver's license that shows an address other than in Colorado.

(f) If a person moves to any other state or foreign country with the intention of making it the person's permanent residence, the person shall be considered to have lost his or her residence in Colorado.

(39) "Season" means the period of time during which wildlife may be legally hunted or taken.

Such determination within this statute shall not affect other statutes or court decisions determining injury to persons or damage to property which depend on the classification of animals by such statute or court decision as wild or domestic animals.

(52) "Wildlife sanctuary" means a place of refuge where a nonprofit entity, as defined in section 7-90-102 (40), C.R.S., provides care for abused, neglected, unwanted, impounded, abandoned, orphaned, or displaced wildlife for their lifetime and, with respect to any wildlife owned by such entity, does not:

(2) The commission shall establish objectives within the state policy, as set forth in section 33-1-101, which will enable the division to develop, manage, and maintain sound programs of hunting, fishing, trapping, and other wildlife-related outdoor recreational activities. Such objectives shall employ a multiple-use concept of management.

(3) The commission shall report to the executive director at such times and on such matters as the executive director may require. Publications of the commission circulated in quantity outside the division shall be subject to the approval and control of the executive director.

(4) Whenever the commission receives a dollar amount certification from the board of county commissioners of an eligible county pursuant to part 3 of article 25 of title 30, C.R.S., it shall review such certification, determine the amount to be certified to the general assembly, and certify said amounts pursuant to part 3 of article 25 of title 30, C.R.S.

(5) The commission may coordinate with the United States secretary of the interior and the United States secretary of agriculture to develop wildlife conservation and management plans consistent with this title for federal lands pursuant to 16 U.S.C. sec. 530, 16 U.S.C. sec. 1604, and 43 U.S.C. sec. 1712.

33-1-105. Powers of commission. (1) The commission has power to:

(a) (I) Acquire by gift, transfer, devise, lease, purchase, or long-term operating agreement such land and water, or interest in land and water, as in the judgment of the commission may be necessary, suitable, or proper for wildlife purposes or for the preservation or conservation of wildlife. The term "interest in land and water", as used in this section, means any and all rights and interests in land, including but not limited to fee title interests, future interests, easements, covenants, and contractual rights. Every such interest in land and water held by the commission when properly recorded shall run with the land or water to which it pertains for the benefit of the citizens of this state and may be protected and enforced by the commission in the district court of the county in which the land or water, or any portion thereof, is located. Game cash funds shall not be expended for water development projects except in those projects specifically authorized by the commission. Whenever the commission purchases any fee title interest in land or water as authorized by this section, it shall follow the procedures established in section 33-1-105.5.

(II) Repealed.

(b) Lease, exchange, or sell any property, water, land, or interest in land or water, including oil, gas, and other organic and inorganic substances which now are or may become surplus or which, in the proper management of the division, the commission desires to lease, exchange, or sell in accordance with the joint rule number 34 of the senate and house of representatives. All sales of property, water, or lands shall be at public sale, and the commission has the right to reject any or all bids. As used in this paragraph (b), "exchange" means the transferring of property, water, land, or interest in land or water to another person in consideration for the transfer to the commission of other property, water, land, or interest in land or water, or cash, or any combination thereof; except that

any cash received may not exceed fifty percent of the total value of the consideration. A transaction otherwise qualifying as an exchange shall not be deemed a sale merely because dollar values have been assigned to any property, water, land, or interest in land or water, for the purpose of ensuring that the commission will receive adequate compensation.

(c) Construct or otherwise establish public facilities and conveniences at any site or on any land in which the commission holds an interest and operate and maintain all such lands, facilities, and conveniences and provide services with respect thereto, and, when appropriate, make reasonable fees or charges for their use or enter into contracts for their maintenance or operation;

(d) Capture, provide for propagation of, transport, buy, sell, or exchange any species of wildlife needed for the purpose of stocking any of the lands or waters of this state;

(B) Moneys made available to the division for the purpose of mitigating or offsetting adverse impacts of development on wildlife or wildlife habitat.

(II) The commission may provide matching funds when appropriate moneys are available. The commission shall provide such information as may be required in order to secure matching funds. The receipt and expenditure of money so received by the commission shall be reported to the executive director prior to the time of submission of the commission's annual budget requests.

(g) Enter into agreements with landowners for public hunting and fishing areas. Such agreements shall be negotiated by the commission or its authorized agent and shall provide that, if the landowner opens the land under his control to public hunting and fishing, the commission shall compensate him in an amount to be determined by the parties to the agreement. Under the agreement, the commission shall control public access to the land to prevent undue damage and to properly manage attendant wildlife populations. The commission shall not be liable for damages caused by the public other than those specified in the agreement. Nothing in section 33-4-103 limits the authority of the commission both to enter into an agreement and to include the issuance of a hunting license in the agreement. Nothing in section 33-3-103.5 limits the authority of the commission to negotiate the waiver of game damage eligibility in an agreement.

(h) Provide for the destruction of any wildlife that poses a threat to public health, safety, or welfare;

(i) (I) Purchase, without using the bid process required by section 33-1-105.5, no more than two thousand acres of real property in Mesa county to build a multi-use shooting facility using moneys received from:

(A) Appropriated funds or nonappropriated grant moneys; or

(B) The federal government.

(II) The commission may contract with an independent contractor to build or operate the multi-use shooting facility authorized by this paragraph (i).

(III) The authority to purchase land under subparagraph (I) of this paragraph (i) expires on

July 1, 2020, but this expiration does not affect the authority to build and operate or to contract to build and operate the multi-use shooting facility.

(2) Nothing in articles 1 to 6 of this title shall be construed as authorizing the commission to change any penalty prescribed by law for the violation of the provisions of articles 1 to 6 of this title or to change the amount of any license fee established by statute.

(3) (a) In the event that the commission plans to acquire the fee title to any real property or to acquire an easement for a period to exceed twenty-five years or at a cost to exceed one hundred thousand dollars or to enter into any lease agreement for the use of real property for a period to exceed twenty-five years or at a cost to exceed one hundred thousand dollars, or to sell or otherwise dispose of the fee title to any real property that has a market value in excess of one hundred thousand dollars, after the commission has approved the transaction but before it has completed the transaction, the commission shall submit a report to the capital development committee that outlines the anticipated use of the real property, the maintenance costs related to the property, the current value of the property, any conditions or limitations that may restrict the use of the property, and, in the event real property is acquired, the potential liability to the state that will result from the acquisition. The capital development committee shall review the reports submitted by the commission and make recommendations to the commission concerning the proposed land transaction within thirty days from the day on which the report is received. The commission shall not complete the transaction without considering the recommendations of the capital development committee, if the recommendations are made in a timely manner.

(b) Repealed.

33-1-105.5. Acquisition of property - procedure. (1) Except as provided in subsection (7) of this section, before the commission purchases any fee title interest in real property or any interest in water pursuant to section 33-1-105 (1) (a), it shall solicit bid proposals from all interested parties through the issuance of a request for proposals. Notice of such request for proposals shall be published in a newspaper of general circulation in the area where the commission plans to purchase the real property or interest in water.

(2) The notices required to be published pursuant to subsection (1) of this section shall include, but shall not be limited to, the following information:

(a) The approximate amount of money available to the commission for the type of property, interest in water, and habitat to be acquired;

(b) The nature of the wildlife habitat, other property, or interest in water desired, including the type or types of recreational opportunities, if any;

(c) The expected terms and conditions of the proposed acquisitions;

(d) The name, address, and phone number of a contact person employed by the division who shall be responsible for providing further information relating to the bid process to any interested party;

(e) The deadlines for the submission of proposals and the address where proposals are to be sent; and

(f) Any other information deemed relevant by the commission.

(3) All proposals received by the commission shall be opened in a manner which is designed

to prevent the disclosure of the offering price information contained in such proposals to competing bidders. Once a successful bidder has been selected and the acquisition is completed, the acquisition price and any other information deemed relevant by the commission shall be made available to the public.

(4) The commission, or its designee, may conduct discussions with any person who submits a proposal pursuant to this section for the purpose of clarifying whether the bidder is responsive to, or has a full understanding of, the solicitation requirements. The commission, or its designee, shall, at the request of any person making a proposal, unless it deems such proposal nonresponsive to the bid solicitation, assist such person in restructuring the proposal for the purpose of making the most attractive possible proposal. Bidders shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals. The commission, or its designee, shall not disclose any information regarding the offering prices of other proposals during the course of such discussions. Bidders may submit revisions to proposals after the initial submission of the proposal, so long as such revisions are made prior to the date listed in the request for proposals for final submission of all proposals. The commission has the right to reject any and all bids.

(5) The commission shall evaluate the proposals based on the following criteria:

(a) Whether the ability of the commission to attain the goals established in the long-range plan of the division is enhanced by the acquisition of the property or interest in water;

(b) Whether the acquisition results in the establishment of additional wildlife habitat or in the potential for additional habitat through the use of habitat improvement methods;

(c) Whether the acquisition will improve access to other public lands;

(d) Whether additional wildlife-oriented recreational opportunities will result from the acquisition;

(e) The size and location of the property or interest in water, including the proximity of the property or interest in water to other property controlled by the division; and

(f) Such other criteria as the commission may establish.

(6) Prior to acceptance of proposals by the commission, said proposals must be reviewed by boards of commissioners of counties with lands or water included in the proposals.

(7) The commission may decide not to use the bid process established in this section when the property or interest in water being purchased is located in such proximity to other property controlled by the division that, in the judgment of the commission, the bid process would not be effective, or when the property or interest in water to be purchased is offered through foreclosure, receivership, or auction, or when the property or interest in water is to be purchased from another governmental entity. In the event that the bid process is not used, the purchase of any fee title interest in real property or any interest in water shall be approved by the general assembly acting by bill.

(8) The commission may adopt such rules as are necessary to implement the acquisition process established in this section.

(9) The commission shall include in its annual report, which report shall be submitted to the capital development committee and to the agriculture, livestock, and natural resources committee of the house of representatives and the agriculture, natural resources, and energy committee of the

senate, a listing of all acquisitions of real property or interests in water made pursuant to the provisions of this section. Such report shall describe all property and interests in water acquired since July 1, 1992, the acquisition cost of each such property or interest in water, and the appraised value of each such property or interest in water, and shall contain a description of all pending acquisitions of property and interests in water.

(10) Repealed.

33-1-106. Authority to regulate taking, possession, and use of wildlife - rules. (1) In order to provide an adequate, flexible, and coordinated statewide system of wildlife management and to maintain adequate and proper populations of wildlife species, the commission shall have authority in this state, by appropriate rules and regulations, to:

(a) Determine under what circumstances, when, in which localities, by what means, what sex of, and in what amounts and numbers the wildlife of this state may be taken and, further, to shorten, extend, or close seasons on any species of wildlife in any specific locality or the entire state when it finds after investigation that such action is necessary to assure maintenance of adequate populations of wildlife or to preserve the proper ecological balance of the environment. In no event, however, shall the commission adopt any regulation concerning the taking of black bears which is in conflict with the provisions of section 33-4-101.3.

(b) Provide for the disposal of the usable portions of wildlife confiscated, abandoned, or unclaimed at meat processing and storage facilities or by taxidermists or otherwise obtained under the provisions of articles 1 to 6 of this title;

(c) Control the exportation, importation, transportation, release, possession, sale, transfer, and donation of wildlife;

(d) Establish requirements for persons who are engaged in the business of buying, selling, processing, or otherwise handling wildlife for the keeping of records of such transactions and to make such records available for inspection;

(e) Provide for the issuance of and require persons to obtain licenses for the purpose of hunting, fishing, trapping, taking, or possession of wildlife in accordance with the provisions of articles 1 to 6 of this title and the rules and regulations adopted pursuant thereto;

(f) Authorize fishing without a license on a statewide basis for up to two days during the calendar year.

(2) The commission shall adopt rules which regulate the conduct of fishing contests in public waters of the state. Such rules may prohibit the holding of such a contest on specific waters and at specific times of the year, but such rules shall not unreasonably restrict persons conducting such a contest from charging an entry fee, awarding prizes to participants, or using marked or tagged fish.

(3) (a) The state agricultural commission shall review the rules concerning captive wild ungulates submitted by the division and make recommendations to the parks and wildlife commission concerning the rules. The parks and wildlife commission shall not pass nor implement rules concerning captive wild ungulates without the approval of the state agricultural commission. If the parks and wildlife commission makes the possession of red deer unlawful in this state, the division shall compensate any person who owns or possesses any red deer on the effective date of the prohibition for the cost to replace such red deer with a legal elk of the same sex and comparable

age.

(b) For purposes of this subsection (3), "captive wild ungulates" means wildlife which are ungulates lawfully acquired and held in confinement for breeding for agricultural purposes, production of meat, or other animal products; except that "captive wild ungulates" does not include wildlife held or used for the purpose of hunting or domestic elk or fallow deer held by persons licensed pursuant to section 35-41.5-104, C.R.S.

(c) Captive wild mammals and alternative livestock which have escaped from an owner's control may be removed from the wild by the division of parks and wildlife at the owner's expense, but not sooner than seventy-two hours after the division has given the owner or his designee actual notice of such escape, or the owner has notified the division of such escape. The amount the division of parks and wildlife may charge an owner shall be limited to actual costs incurred by the division to accomplish such removal, subject to further limitation by the following maximum caps:

(I) For native wildlife and for nonnative or exotic wildlife, one thousand dollars per animal not to exceed in the aggregate five thousand dollars per incident; and

(II) For prohibited species, no maximum cap per animal and no maximum cap per incident.

(4) (a) The commission may propose rules concerning:

(I) Hunting of alternative livestock as defined in section 35-41.5-102 (1), C.R.S.;

(II) Maintaining the purity of the native species of elk in the elk herds of Colorado by preventing the introduction of red deer or hybrid nonnative species, whether by the importation of untested live animals, gametes, eggs, sperm, or other genetic material, into Colorado. For purposes of this subparagraph (II), "native species of elk" includes those subspecies native to North America including *cervus elaphus roosevelti*, *cervus elaphus nannodes*, *cervus elaphus nelsoni*, *cervus elaphus manitobensis*, *cervus elaphus canadensis*, and *cervus elaphus merriavi*.

(III) Requirements that owners of alternative livestock have samples taken for the purpose of identifying individual animals;

(IV) Perimeter fences for alternative livestock farms, licensed pursuant to article 41.5 of title 35, C.R.S., to prevent ingress of big game wildlife and egress of alternative livestock.

(b) The state agricultural commission shall review any rules proposed by the commission and may make recommendations to the commission concerning such rules. The state agricultural commission shall approve all rules promulgated pursuant to this section prior to adoption by the commission.

(c) For purposes of carrying out the rules promulgated pursuant to this section, at any reasonable time during regular business hours, the director or the director's designee shall have free and unimpeded access upon consent or upon obtaining an administrative search warrant to:

(I) All buildings, yards, pens, pastures, and other areas in which any alternative livestock is kept, handled, or transported; and

(II) All records required to be kept and to make copies of such records.

(5) Nothing in this section shall be construed to preclude the commissioner of agriculture from authorizing, pursuant to section 35-40-101, C.R.S., the taking of depredating animals.

(6) The commission may adopt rules governing wildlife sanctuaries.

33-1-107. Regulation of areas under wildlife commission control. (1) The commission shall adopt such rules or regulations as may be reasonably necessary for the administration, protection, and maintenance of all land and water, or interests in land and water, acquired by the commission. The term "interests in land and water", as used in this section, means any and all rights and interests in land or water less than the full fee interest. Specifically, the commission shall have power to adopt rules or regulations upon the following matters:

(a) Maintenance, enhancement, or management of property, vegetation, wildlife, signs, markers, buildings or other structures, and any object of scientific value or interest in any such area;

(b) Restriction, limitation, or prohibition concerning the use of any such area either as to time, manner, permitted activities, or numbers of people;

(c) Necessary sanitation, health, and safety measures.

(2) Rules or regulations that apply to any particular area shall be published as provided in section 33-1-108 and shall be prominently posted at any such area. Absence of posting shall not, however, relieve any person from the responsibility to comply with applicable rules or regulations if such rules or regulations have been published as provided in section 33-1-108.

33-1-108. Rule-making procedure - judicial notice of rules. (1) Rule-making procedures shall be as prescribed in article 4 of title 24, C.R.S., except as otherwise provided in articles 1 to 6 of this title. Notice of rules and regulations may also be given such other publicity as the commission may deem desirable.

(2) A certified copy, which may be certified by the director or his designee, of any rule, regulation, or order of the commission shall be prima facie evidence in any court of this state. A printed copy of any rule or regulation purporting or proved to have been adopted and published by the authority of the commission or as published in the code of Colorado regulations in accordance with the provisions of section 24-4-103, C.R.S., is presumptive evidence of such rule or regulation and of its adoption.

(3) All rules, regulations, and orders of the commission, lawfully adopted and in force on December 31, 1984, shall continue to be effective until revised, amended, repealed, or nullified, or until they have expired, pursuant to law.

(5) The director shall appoint Colorado wildlife officers and may appoint special wildlife officers to serve without pay, who shall have the powers and authority designated by the director. A special wildlife officer commission shall not be issued until the applicant has submitted to the division an application setting forth his or her qualifications to act as such an officer. Such qualifications shall include a minimum of forty hours of continuing law enforcement education per calendar year. The director may revoke the special wildlife officer commission of any such person at his or her pleasure.

(6.5) The director, following notification of the commission, shall authorize an expenditure necessary to pay a local governing body for expenses incurred pursuant to section 35-5.5-110 (3), C.R.S.

(6.7) The director shall certify to the state controller that commitment or payment vouchers submitted by local habitat partnership committees are consistent with distribution management plans and guidelines approved by the commission. Such certification is the only requirement necessary to authorize the state controller to disburse funds from the habitat partnership cash fund.

(7) (a) The director, with approval of the commission, shall appoint a committee of nine persons to act as the "habitat partnership council", referred to in this section as the "council". The council shall have statewide responsibility and authority.

The term lengths for the members representing the various agencies shall be at the discretion of the respective agencies. There shall be no limit on the number of terms a member may serve.

(c) The duties of the council are:

- (I) To advise local habitat partnership committees;

(II) The Colorado outdoor recreation search and rescue card shall cost three dollars and shall be valid for one year from the date of purchase. The department shall charge vendors two dollars for each Colorado outdoor recreation search and rescue card, which shall be transmitted to the state treasurer, who shall credit the amount to the search and rescue fund created in subsection (1) of this section. The remaining one dollar shall be retained by the vendor as the vendor's fee.

(III) The department may issue a multi-year Colorado outdoor recreation search and rescue card that shall be valid for a period not to exceed five years. Such multi-year card may be offered at a reduced rate to vendors with a reduced vendor fee to reflect administrative cost savings and other considerations.

(IV) The general assembly finds and declares that the Colorado outdoor recreation search and rescue card program is a new program. The department of local affairs is therefore authorized to contract, pursuant to section 24-50-504 (2) (b), C.R.S., with a person, corporation, or entity for any elements of the administration of the program created by this paragraph (c).

The department of local affairs shall establish rules for the procedure through which claims shall be submitted and for payment of such claims.

(4) The search and rescue fund created in subsection (1) of this section shall be the sole source of funds for the reimbursement of costs incurred under this section in search and rescue activities involving those persons specified in subsection (1) of this section. The wildlife cash fund established in section 33-1-112 and the parks and outdoor recreation cash fund established in section 33-10-111 shall not be used for reimbursement of costs as provided in this section.

(5) The moneys in the search and rescue fund created in subsection (1) of this section shall be subject to annual appropriation by the general assembly for the direct and indirect costs of the administration of this section.

(6) At the close of any fiscal year, all of the moneys remaining in the search and rescue fund and appropriated for search and rescue expenses, after all approved claims and administrative costs have been paid, shall be divided among those counties that have applied to the department of local affairs for year-end grants or reimbursements from the search and rescue fund. The department of local affairs shall divide such moneys among the counties, first making payment for uncompensated searches and rescues of parents, siblings, spouses, children, or grandchildren of persons holding hunting or fishing licenses, vessel, snowmobile, or off-highway vehicle registrations, or the owner of a Colorado outdoor recreation search and rescue card and second making payment for search and rescue-related training and equipment, and for any other uncompensated searches. The department of local affairs shall establish operating procedures for applying for year-end grants or reimbursements from the moneys remaining in the search and rescue fund.

The magazine, subject to the approval of the executive director, shall be issued in accordance with the provisions of section 24-1-136, C.R.S. Funds necessary for the publication and distribution of such magazine and associated products shall be expended from the revolving fund, and additional funds,

if necessary, will be included in the division's annual budget of wildlife cash funds. Any change made by the United States department of the interior, fish and wildlife service, or any new ruling made by the secretary of the interior under said act which is applicable to the state of Colorado shall be in effect in the state of Colorado and shall be enforced by the division. The term "migratory birds" includes birds defined as such under the administrative provisions of said "Migratory Bird Treaty Act" and regulations adopted pursuant to the provisions of said act.

(2) (a) The commission shall issue licenses in accordance with its regulations to permit the possession of raptors for falconry and captive breeding purposes and to encourage individual efforts to propagate the species. The commission shall actively pursue the establishment of reciprocal agreements with other states and Canada as a signatory to the "Migratory Bird Treaty Act", which agreements shall allow for the taking, use, and transportation of raptors from each respective area by qualified and licensed applicants.

(b) Applicants from other states or Canadian provinces or territories which are signatories to the "Migratory Bird Treaty Act" and have reciprocal raptor agreements with Colorado may obtain nonthreatened raptors in reasonable numbers commensurate with raptor populations within this state. The commission may issue nonresident take licenses to such applicants, and the fees for such licenses shall be equivalent to the fees for comparable licenses in the states, provinces, or territories with which Colorado holds such agreements.

(c) It is the intent of the general assembly for the commission to make the rules of this state conform to or be more stringent than the provisions of the "Migratory Bird Treaty Act", as amended, and the "Endangered Species Act of 1973", as amended. These rules may include, but not be limited to, captive breeding and the use of domestic captive bred raptors and the purchase, sale, transportation, importation, exportation, or exchange of raptors with persons having like licenses.

(3) Repealed.

The director of the United States fish and wildlife service and his duly authorized agents have the right within this state to conduct fish hatching and fish culture activities and all other operations connected therewith that the said director may consider necessary and proper. Nothing in sections 33-1-116 to 33-1-119

The state of Colorado through the division assents to the provisions of the act of congress entitled "An Act to provide that the United States shall aid the states in wildlife restoration projects, and for other purposes.", approved September 2, 1937, and as amended. The division is authorized to perform such acts as may be necessary to conduct and establish cooperative wildlife restoration projects, as defined in such act, in compliance with such act and the rules and regulations promulgated by the secretary of the interior thereunder. No moneys or funds accruing to the division pursuant to such act shall be used for any purpose other than for such projects and the administration of the division, but the division may pay into the general fund as a part of its administrative costs a reasonable rental or service charge, as it may determine, for office quarters and auditing, bookkeeping, and like services furnished to the division by the state. All moneys now in the wildlife cash fund, or accrued or accruing to or received or receivable by the division, pursuant to such act shall be appropriated to pay for the administrative expense of such division for the protection, preservation, restoration, and control of wildlife of the state and to cover expenses in enforcing the wildlife laws of the state. Such moneys are to be expended upon a voucher approved by the director or an employee of the department authorized by the executive director and a warrant drawn by the controller.

33-1-118. Assent to Dingell-Johnson act. The state of Colorado through the division assents to the provisions of the act of congress entitled "An Act to provide that the United States shall aid the states in fish restoration and management projects, and for other purposes.", approved August 9, 1950, and as amended. The division is authorized and directed to perform such acts as may be necessary to conduct and establish cooperative fish restoration and management projects as defined in and in compliance with such act of congress and the rules and regulations promulgated by the secretary of the interior thereunder. No moneys or funds accruing to the division as a result of compliance with such act shall be used for any purpose other than for such projects and the administration of such division.

33-1-119. Federal aid projects income fund. There is hereby created a fund designated as the federal aid projects income fund to which shall be deposited certain revenues and earnings derived from properties purchased and operated jointly by the United States government and the state of Colorado under the provisions of sections 33-1-116 to 33-1-119, and the provisions of the acts of congress referred to in this article, and the rules and regulations of the United States department of the interior. Such revenues and earnings so deposited shall be limited to those specific revenues and earnings to which each has a right under the provisions of cooperative agreements establishing such rights. All moneys deposited under the provisions of this section are specifically appropriated

for the purposes for which such moneys may accrue.

33-1-120. Limitation on division and commission authority. (1) Neither the commission nor the division shall enter into any mitigation agreements with any agency of the federal government relating to the transfer or exchange of land or water condemned by the federal government without the express consent of the general assembly.

(2) The provisions of subsection (1) of this section shall not be construed to prevent the commission or the division from entering into common agreements with a federal agency pertaining to the stocking of fish or management of other wildlife on federally owned lands.

(3) The programs of the commission and division, including the listing of threatened and endangered species, shall not be utilized by the commission or division to supersede, abrogate, or impair any water right. For the purposes of this subsection (3), "impair" means requiring water users to forego water to which they are entitled under a water right.

33-1-120.5. Oversight of the division - target dates for implementation of management review recommendations. (1) As used in this section, unless the context otherwise requires, "management review recommendations" means the recommendations made by Deloitte Touche LLP in the management review final report dated June 5, 1995.

(2) There is hereby established a deadline of no later than January 1, 1998, for the division to implement the management review recommendations.

(3) The director shall:

(a) Establish a schedule for the implementation of the management review recommendations;

(b) Repealed.

(c) Make decisions concerning the implementation of or departure from review recommendations in conjunction with the executive director of the department of natural resources and the commission.

(4) The director shall have the authority to reimburse or compensate employees relocated due to the implementation of the management review in the following manner:

(a) (I) The cost of all reasonable and necessary moving expenses incurred by an employee for the packing and unpacking, insurance, transportation, storage in transit, and installation of household effects shall be reimbursed.

(II) Notwithstanding subparagraph (I) of this paragraph (a), no reimbursement shall be paid for expenses incurred for insurance, transportation, or storage in transit to the extent such expenses cover a period longer than sixty days, nor shall reimbursement be paid for expenses incurred for household effects exceeding eighteen thousand pounds weight.

(b) Reimbursement is authorized for expenses charged by commercial business establishments for renting trailers or trucks for the purpose of moving household effects and for towing house trailers containing the household effects of employees. If such expenses exceed one thousand dollars, the claim therefor shall be accompanied by two competitive bids. Reimbursement shall be made at the rate proposed in the lowest bid. Any employee who performs his or her own

packing and moving shall be reimbursed at the rate of fifty percent of the lowest commercial moving bid, not to exceed two thousand five hundred dollars.

(c) When the director requires an employee to relocate due to the implementation of the management review, such employee shall receive a per diem allowance for not more than sixty days for the necessary and reasonable expenses incurred in locating a primary residence at the new location. Such sixty-day period shall be tolled during any interruption caused by sick leave, vacation, or other authorized leave of absence or ordered travel.

(d) No reimbursement rate under this subsection (4) shall exceed a rate established by executive order. The per diem rate for dependent children between the ages of twelve and eighteen years and the spouse or partner of an employee shall not exceed seventy-five percent of the rate established by executive order for employees. The per diem rate for dependent children of an employee who are less than twelve years of age shall not exceed fifty percent of the rate established by executive order for employees.

33-1-121. Captive wildlife and alternative livestock board - created - duties - repeal. (Repealed)

33-1-122. Wildlife legislative interim committee. (Repealed)

33-1-123. Division - predator management plan - predator management advisory committee - creation - repeal. (Repealed)

33-1-124. Revenue bonds - authority - issuance - requirements - covenants. (1) (a) The commission may, by resolution that meets the requirements of subsection (2) of this section, authorize and issue revenue bonds in an amount not to exceed ten million dollars in the aggregate for expenses of the division. Such bonds may be issued only after approval by both houses of the general assembly acting either by bill or joint resolution and after approval by the governor in accordance with section 39 of article V of the state constitution. Such bonds shall be payable only from moneys allocated to the division for expenses of the division pursuant to section 33-1-112.

(b) All bonds issued by the commission shall provide that:

(I) No holder of any such bond may compel the state or any subdivision thereof to exercise its appropriation or taxing power; and

(II) The bond does not constitute a debt of the state and is payable only from the net revenues allocated to the division for expenses as designated in such bond.

(2) (a) Any resolution authorizing the issuance of bonds under the terms of this section shall state:

(I) The date of issuance of the bonds;

(II) A maturity date or dates during a period not to exceed thirty years from the date of issuance of the bonds;

(III) The interest rate or rates on, and the denomination or denominations of, the bonds; and
(IV) The medium of payment of the bonds and the place where the bonds will be paid.

(b) Any resolution authorizing the issuance of bonds under the terms of this section may:

(I) State that the bonds are to be issued in one or more series;

(II) State a rank or priority of the bonds; and

(III) Provide for redemption of the bonds prior to maturity, with or without premium.

(3) Any bonds issued pursuant to the terms of this section may be sold at public or private sale. If bonds are to be sold at a public sale, the commission shall advertise the sale in such manner as the commission deems appropriate. All bonds issued pursuant to the terms of this section shall be sold at a price not less than the par value thereof, together with all accrued interest to the date of delivery.

(4) Notwithstanding any provisions of law to the contrary, all bonds issued pursuant to this section are negotiable.

(5) (a) A resolution pertaining to issuance of bonds under this section may contain covenants as to:

(I) The purpose to which the proceeds of sale of the bonds may be applied and to the use and disposition thereof;

(II) Such matters as are customary in the issuance of revenue bonds including, without limitation, the issuance and lien position of other or additional bonds; and

(III) Books of account and the inspection and audit thereof.

(b) Any resolution made pursuant to the terms of this section shall be deemed a contract with the holders of the bonds, and the duties of the commission under such resolution shall be enforceable by any appropriate action in a court of competent jurisdiction.

(6) Bonds issued under this section and bearing the signatures of the commission in office on the date of the signing shall be deemed valid and binding obligations regardless of whether, prior to delivery and payment, any or all of the persons whose signatures appear thereon have ceased to be members of the commission.

(7) (a) Except as otherwise provided in the resolution authorizing the bonds, all bonds of the same issue under this section shall have a prior and paramount lien on the net revenues pledged therefor. The commission may provide for preferential security for any bonds, both principal and interest, to be issued under this section to the extent deemed feasible and desirable by such commission over any bonds that may be issued thereafter.

(b) Bonds of the same issue or series issued under this section shall be equally and ratably secured, without priority by reason of number, date, sale, execution, or delivery, by a lien on the net revenue pledged in accordance with the terms of the resolution authorizing the bonds.

ARTICLE 2

Nongame and Endangered Species Conservation

33-2-101. Short title. This article shall be known and may be cited as the "Nongame, Endangered, or Threatened Species Conservation Act".

33-2-102. Legislative declaration. The general assembly finds and declares that it is the policy of this state to manage all nongame wildlife, recognizing the private property rights of individual property owners, for human enjoyment and welfare, for scientific purposes, and to ensure their perpetuation as members of ecosystems; that species or subspecies of wildlife indigenous to this state which may be found to be endangered or threatened within the state should be accorded protection in order to maintain and enhance their numbers to the extent possible; that this state should assist in the protection of species or subspecies of wildlife which are deemed to be endangered or threatened elsewhere; and that adequate funding be made available to the division annually by appropriations from the general fund.

33-2-103. Definitions. As used in this article, unless the context otherwise requires:

(1) "Management" means the collection and application of biological information for the purposes of increasing the number of individuals within species and populations of wildlife up to the optimum carrying capacity of their habitat and maintaining such levels. The term includes the entire range of activities that constitute a modern, scientific resource program including, but not limited to, research, census, law enforcement, habitat acquisition and improvement, and education. Also included within the term, when and where appropriate, is the periodic or total protection of species or populations. "Management" may include artificial propagation to maintain threatened or endangered species populations, in concert with the exercise of water rights, and may also include restriction of stocking of species which are in competition with threatened or endangered species for the available habitat.

33-2-104. Nongame species - regulations. (1) The division shall conduct investigations on nongame wildlife in order to develop information relating to population, distribution, habitat needs, limiting factors, and other biological and ecological data to determine management measures necessary for their continued ability to sustain themselves successfully. On the basis of such determinations, the commission shall issue regulations and develop management programs designed to ensure the continued ability of nongame wildlife to perpetuate themselves successfully. Such regulations shall set forth species or subspecies of nongame wildlife which the commission deems in need of management pursuant to this section, giving their common and scientific names by species and, where necessary, by subspecies. The commission shall conduct ongoing investigations of nongame wildlife and may from time to time amend such regulations by adding or deleting therefrom species or subspecies of nongame wildlife.

(2) The commission shall by regulation establish limitations relating to the taking, possession, transportation, exportation, processing, sale or offering for sale, or shipment as may be deemed necessary to manage nongame wildlife.

(3) Except as provided in regulations issued by the commission, it is unlawful for any person to take, possess, transport, export, process, sell or offer for sale, or ship nongame wildlife deemed by the commission to be in need of management pursuant to this section. Subject to the same exception, it is also unlawful for any common or contract carrier to knowingly transport or receive for shipment nongame wildlife deemed by the commission to be in need of management pursuant to this section.

33-2-105. Endangered or threatened species. (1) On the basis of investigations of nongame wildlife provided for in section 33-2-104 and other available scientific and commercial data and after consultation with other state wildlife agencies, the Colorado water conservation board, the Colorado water and power development authority, water conservancy districts, and other water conservation districts of the state, and other water resource development agencies within the state, appropriate federal agencies, and other interested persons and organizations, the commission shall by regulation adopted pursuant to the procedures specified in sections 33-1-111 and 24-4-103, C.R.S., establish a list of those species and, where necessary, subspecies of wildlife indigenous to this state which are determined to be endangered or threatened within this state, giving their common and scientific names by species and, where necessary, by subspecies.

(2) The commission shall:

(a) Conduct, by July 1, 1986, and at least once every five years thereafter, a review of all species included in the state lists of endangered or threatened species established pursuant to subsection (1) of this section; and

(b) Determine on the basis of such review whether any such species should:

(I) Be removed from such list;

(II) Be changed in status from an endangered species to a threatened species; or

(III) Be changed in status from a threatened species to an endangered species.

(3) Except as otherwise provided in this article, it is unlawful for any person to take, possess, transport, export, process, sell or offer for sale, or ship and for any common or contract carrier to knowingly transport or receive for shipment any species or subspecies of wildlife appearing on the list of wildlife indigenous to this state determined to be endangered within the state pursuant to subsection (1) of this section.

(4) Except as otherwise provided in this article, it is unlawful for any person to take, possess, transport, export, process, sell or offer for sale, or ship and for any common or contract carrier to knowingly transport or receive for shipment any species or subspecies of wildlife appearing on the list of wildlife indigenous to this state determined to be threatened within the state pursuant to subsection (1) of this section.

33-2-105.5. Reintroduction of endangered species - legislative declaration. (1) The general assembly determines and declares that pursuant to the tenth amendment of the United States constitution, the state of Colorado has primacy over affairs that are of statewide concern and that matters concerning the environment, including the introduction or reintroduction of species that are currently not found or no longer found in this state is a statewide concern and should be conducted

by the state through specific legislation. Reintroduction drives enormous land use questions and impacts property and water rights throughout Colorado.

(2) Before any species may be introduced or reintroduced into this state through action by any state or local government entity, the general assembly shall act by bill to specifically name such species and to specify the manner of introduction or reintroduction. The species to be introduced or reintroduced shall be:

(a) Not, or no longer, found in this state; and

(b) A candidate for listing or has been placed in the threatened or endangered species list pursuant to the federal "Endangered Species Act of 1973", 16 U.S.C. sec. 1531 et seq., as amended.

33-2-105.6. Reintroduction of the bonytail fish and the black-footed ferret - repeal. (1) In accordance with section 33-2-105.5, the general assembly hereby determines that the following species were not, as of April 18, 2000, found in the state and are listed under the federal "Endangered Species Act of 1973", 16 U.S.C. sec. 1531 et seq., as amended, and therefore require approval by the general assembly prior to reintroduction by the division. The general assembly hereby approves the reintroduction of the following species into the state of Colorado:

(a) (I) The bonytail (*gila elegans*).

(II) The reintroduction of the bonytail shall be conducted consistent with the five-year stocking plan for endangered Colorado river fish species in Colorado, as approved by the Colorado river fishes recovery program biology committee on September 1, 1998, or as may be amended.

(b) (I) The black-footed ferret (*mustela nigripes*).

(II) The reintroduction of the black-footed ferret shall be conducted consistent with the approach described in the black-footed ferret cooperative management plan dated June 1995, developed by the division, the United States fish and wildlife service, and the United States bureau of land management, as modified by the availability of programmatic safe harbor agreements and enhancement-of-survival permits under 16 U.S.C. sec. 1539 (a) (1) (A). The reintroduction program must provide for regular updates for the local community on the status of the reintroduction and involve representatives of local government and affected interests in resolving issues that may arise during the reintroduction effort.

(2) Reintroduction of the species listed in subsection (1) of this section shall commence before December 31, 2002.

(3) The division shall submit annual reports, no later than January 15 of each year, to the house agriculture, livestock, and natural resources committee and the senate agriculture, natural resources, and energy committee on the status of the reintroduction of the bonytail and the black-footed ferret and the progress towards meeting the goals of the recovery program and the removal of the species from the federal "Endangered Species Act of 1973", 16 U.S.C. sec. 1531 et seq., as amended.

(4) In addition to the requirements of paragraph (b) of subsection (1) of this section, the reintroduction of the black-footed ferret shall be conducted in accordance with the following requirements:

(a) Each annual report prepared pursuant to subsection (3) of this section shall include an

assessment evaluating whether the reintroduction of the black-footed ferret will impair any use of private land or beneficial use of water existing at the time of such reintroduction. If the assessment in any annual report concludes that any such use of land will be impaired by reintroduction of the black-footed ferret, the annual report shall also describe the reason for the impact and possible actions to reduce such impact.

(b) Any effort to reintroduce the black-footed ferret in any areas outside the experimental population boundaries described in the black-footed ferret cooperative management plan, as amended, dated June 1995, requires further legislative approval; except that a reintroduction of black-footed ferrets occurring on or after August 7, 2013, does not require further legislative approval if the reintroduction occurs on private land with landowner consent or on the land of a political subdivision of the state with the subdivision's approval and the reintroduction is in accordance with a programmatic safe harbor agreement and an enhancement-of-survival permit under 16 U.S.C. sec. 1539 (a) (1) (A) that:

(I) Authorize the incidental take of black-footed ferrets that may result from the implementation of conservation actions, specific land uses, and the return of the landowner's real estate to baseline conditions; and

(II) Provide landowners with assurances that the federal government will not impose further land, water, or resource-use restrictions or additional commitments of land, water, or finances beyond that agreed to in the agreement.

(c) The state of Colorado shall ensure enforcement of the provisions of the black-footed ferret cooperative management plan dated June, 1995, up to and including litigation if the memorandum of understanding between Colorado and any federal agency implementing such plan is violated.

(d) If requested, the state of Colorado shall relocate any black-footed ferrets within the state of Colorado that were reintroduced pursuant to the black-footed ferret cooperative management plan dated June 1995, and that move outside of the experimental population boundaries described in the plan into the area originally designated in the plan.

(e) Nothing in the black-footed ferret cooperative management plan, as amended, dated June 1995, affects current prairie dog management efforts on private lands or on the land of a political subdivision of the state.

(f) (I) Until July 1, 2019, only three political subdivisions are authorized to reintroduce black-footed ferrets under this section. A political subdivision of the state shall not reintroduce black-footed ferrets under this section unless the division of parks and wildlife certifies that the authorization would not result in more than three political subdivisions of the state reintroducing black-footed ferrets under this section.

(II) The division shall administer this paragraph (f) by:

(A) Tracking the number of political subdivisions that are authorized to release black-footed ferrets under this section; and

(B) Denying certification to a political subdivision of the state if certification would result in more than three political subdivisions introducing black-footed ferrets under this section.

(III) This section is repealed, effective July 1, 2019.

33-2-105.7. Reintroduction of species - legislative declaration - report. (1) (a) As used in this section, unless the context otherwise requires, "introduction" means the release of a nonaquatic wildlife species that is currently not found or no longer found in this state into the environment of Colorado, and shall include reintroduction; except that introduction shall not include any nonaquatic wildlife species the actual initial release of which occurred prior to May 24, 2000, or any release that has previously been approved by the general assembly acting by bill.

(b) The general assembly determines and declares that the introduction of species is a matter of statewide concern and should be conducted by the state through specific legislation. Such introduction may cause substantial harm to the state's overall ecosystem, including native plants and animal wildlife. The introduction of wildlife species also has far-reaching impacts on benefits from the use of both public and private lands within the state.

(2) Before any wildlife species may be introduced, the department shall prepare a report that includes, at a minimum, the following information:

(a) The potential ecological and economic impacts, including whether the introduction of a wildlife species will prevent or impair the then-existing use or uses of private land, and the benefits of the introduction;

(b) The probable survival rates of the introduced animals;

(c) The possible impacts should the introduction not take place; and

(d) An assessment evaluating whether the introduction of the wildlife species will impair any use of private land or beneficial use of water existing at the time of such introduction. If the assessment concludes that any such use will be impaired by the introduction, the report shall also describe the reason for the impact and possible actions to reduce such impact.

(3) The department shall deliver the report prepared pursuant to subsection (2) of this section to the general assembly, in accordance with section 24-1-136 (9), C.R.S., within thirty days after its completion.

(4) The department shall annually prepare a report for each of the five years after an introduction occurs that shall include, at a minimum, the following information:

(a) The status of the introduction effort;

(b) A report on the estimated survival rates of the introduced wildlife species and their progeny;

(c) If the survival rate of the introduced wildlife species and their progeny is below the initial projected range, an assessment of why the survival rate is lower than expected and the steps that have been considered and put in place to increase survival rates; and

(d) The recovery goals and anticipated timelines of the recovery program.

33-2-106. Management programs. (1) The division shall establish such programs including acquisition of land or aquatic habitat as are deemed necessary for management of nongame, endangered, or threatened wildlife.

(2) In carrying out programs authorized by this section, the division may enter into agreements with federal agencies or political subdivisions of this state or with private persons for administration and management of any area established under this section or utilized for management of nongame, endangered, or threatened wildlife.

(3) The commission may permit, under such terms and conditions as may be prescribed by regulation, the taking, possession, transportation, exportation, or shipment of species or subspecies of wildlife which appear on the state lists of endangered or threatened species for scientific, zoological, or educational purposes, for propagation in captivity of such wildlife, or for other special purposes.

(4) Upon good cause shown and where necessary to alleviate damage to property or to protect human health, endangered or threatened species may be removed, captured, or destroyed but only pursuant to permit issued by the division and, where possible, by or under the supervision of an agent of the division. Provisions for removal, capture, or destruction of nongame wildlife for the purposes set forth in this subsection (4) shall be set forth in regulations issued by the commission pursuant to section 33-2-104 (1).

33-2-107. Regulations. The commission shall issue such regulations as are necessary to carry out the purposes of this article.

33-2-108. Funding. (Repealed)

ARTICLE 3

Damage by Wildlife

PART 1

GENERAL PROVISIONS

33-3-101. Definitions. As used in this article, unless the context otherwise requires:

(1) "Division" means the division of parks and wildlife.

33-3-102. State's liability for damage. The state of Colorado is liable for certain damages caused by wildlife, but only to the extent provided in this article.

33-3-103. No liability for damage - when. (1) The state shall not be liable for:

(a) Damage to livestock caused by coyotes, bobcats, or dogs. It is the intent of the general assembly that the division shall use whatever proper means are available to effectively minimize depredation to livestock by coyotes and bobcats.

- (b) Damage to motor vehicles caused by wildlife;
 - (c) Injury to or the death of any person caused by wildlife;
 - (d) Damages, if the division has furnished to the claimant sufficient and appropriate damage prevention materials and the claimant has refused to accept or use such materials exclusively for game damage prevention, and if the provisions of section 33-3-103.5 have been complied with by the division and the claimant;
 - (e) Damages, if the claimant has willfully failed to maintain damage prevention materials throughout the normal life of such materials, and such materials have not been damaged or destroyed by wildlife;
 - (f) Damages caused by wildlife if the claimant has unreasonably restricted hunting on land under his control or has unreasonably restricted passage to other land by restricting access across land under his control. In determining whether or not there has been an unreasonable restriction on hunting or availability of access by the claimant, the division shall consider only whether or not such restriction has significantly and adversely reduced a necessary harvest of wildlife.
 - (g) Damages caused by wildlife, if claimant charges a fee in excess of five hundred dollars per person, per season, for the purpose of big game hunting access on or across claimant's property.
- (2) (Deleted by amendment, L. 2009, (SB 09-024), ch. 323, p. 1723, § 1, effective June 1, 2009.)

33-3-103.5. Game damage prevention materials - definitions. (1) This section shall be applicable in determining the liability of the state under paragraph (e) of subsection (3) of this section and section 33-3-103 (1) (d) and (1) (e).

(2) (a) (I) Every landowner shall be eligible to receive sufficient and appropriate temporary game damage prevention materials pursuant to this section.

(II) Permanent game damage prevention materials shall be available only to a landowner who does not unreasonably restrict hunting of species likely to cause damage on land under the landowner's control or restrict the hunting of species likely to cause damage on any other lands by restricting access across lands under the landowner's control, and:

(A) Who charges not more than five hundred dollars per person, per season, for big game hunting access on or across the landowner's property; or

(B) Who charges a fee in excess of five hundred dollars per person, per season, for big game hunting access on or across the landowner's property, if the landowner has requested and been denied game damage prevention materials from the habitat partnership program created in section 33-1-110 (8) and the division determines that excessive game damage is occurring, and may continue to occur in the future.

(III) The division shall not deny a landowner game damage claims or game damage prevention materials on the grounds that the landowner received a voucher pursuant to the wildlife conservation landowner hunting preference program for wildlife habitat improvement under section 33-4-103.

(IV) As used in this section:

(A) "Temporary game damage prevention materials" means materials of an adequate substance that are utilized to protect private property for a period of time agreed upon by the

landowner and the division. Such materials may include, but are not limited to, transferable panels or pyrotechnics.

(B) "Permanent game damage prevention materials" means materials of an adequate substance that are erected in such a way to protect private property for the expected normal life of the materials. The normal life of the materials shall be as specified in a written agreement between the landowner and the division.

(b) The division has the responsibility to supply useable, sufficient, and appropriate game damage prevention materials to a requesting landowner, and the landowner shall keep such materials in good repair throughout their normal life, if such materials have not been destroyed or damaged by wildlife.

(3) (a) The division shall respond to a landowner making an inquiry related to game damage within two business days after receiving the inquiry.

(b) (I) Within five business days after receiving a request for game damage prevention materials, the division shall consult with the landowner to discuss the sufficient and appropriate materials to prevent or mitigate the game damage. Temporary game damage prevention materials shall be delivered to the landowner within fifteen business days after the consultation, unless otherwise agreed to by the division and the landowner.

(II) For a landowner eligible to receive permanent game damage prevention materials pursuant to subparagraph (II) of paragraph (a) of subsection (2) of this section, such materials shall be provided within forty-five days after the date that the landowner makes the initial request for the materials.

(c) The division shall deliver game damage prevention materials to the specific site as directed by the landowner, if such delivery may be made by truck.

(d) When agreed upon by the landowner, the division may construct permanent stackyards or orchard fencing in those areas of high wildlife damage potential within the limitations of appropriation by the general assembly for that purpose.

(e) (I) If the division does not provide game damage prevention materials within the amount of time established by paragraph (b) of this subsection (3), the division shall have the sole responsibility to supply and erect the damage prevention materials, and the state shall be liable for game damages incurred on and after the date by which the division should have provided the game damage prevention materials.

(II) When erecting game damage prevention materials pursuant to subparagraph (I) of this paragraph (e), the division may use division employees, individuals under contract to the division, or voluntary workers. If the division uses voluntary workers to assist in erecting game damage prevention materials, the division shall keep in force workers' compensation insurance as necessary to protect the landowner from liability resulting from injuries or death of said voluntary workers while engaged in the erection of such game damage prevention materials. If the division uses contract workers to assist in erecting game damage prevention materials as provided in this section, the division shall require the contractor to provide evidence of workers' compensation insurance as necessary to protect the landowner from liability resulting from injuries or death of said contract workers while engaged in the erection of such game damage prevention materials.

(4) If the game damage prevention materials that the division provides to a landowner fail to prevent game damage due to insufficiency or inappropriateness of such materials, or if the

division's insufficient or inappropriate erection of such materials fail to prevent game damage, the state shall be liable for damages caused by such materials or erection.

33-3-104. State shall be liable - when. (1) Subject to the limitations contained in sections 33-3-103 (1) and 33-3-103.5, and in part 2 of this article, the state shall be liable only for:

(a) Damages to livestock or personal property used in the production of raw agricultural products, which under this article shall be no more than five thousand dollars per head of livestock injured or killed, caused by big game; except that damages to livestock shall be limited to physical trauma resulting in injury or death;

(b) Damages to real or personal property, when such damages are caused by wildlife that is being moved or is otherwise under the direct control of division personnel at the time the damage occurs;

(c) Damage to real or personal property caused by the use of damage prevention materials if the use of such materials or equipment is under the control of any personnel who are under the direction of division personnel at the time damage occurs;

(d) Damages caused by those species of wildlife enumerated in section 33-1-102 (2) to orchards, nurseries, crops under cultivation, and harvested crops, damages to lawful fences as defined in section 35-46-101 (1), C.R.S., when such damages exceed ten percent of the value of the specific fence involved, and damages to livestock forage in excess of ten percent of historic use levels for privately owned and fenced ranch or farm units which are specifically limited to hay meadows, pasture meadows, artificially seeded rangelands, and grazing land which is deferred to seasonal uses. Damages to aftermath on alfalfa shall be paid to the full extent of such damages without regard to historic numbers of wildlife. Historic levels shall be designated by the claimant at the time of making a claim. Historic levels shall be expressed in average numbers of wildlife present on the property in question based on the twenty-year period ending January 1, 1973. If the division does not agree with the claimant on normal historic levels or any element of a damage settlement, the matter shall be submitted to arbitration within ten days of notice by either party. The arbitration panel shall consist of one arbitrator chosen by the landowner, one arbitrator chosen by the division, and one arbitrator chosen by the other two arbitrators. If the two arbitrators cannot agree within ten days on a third arbitrator, a request by either party shall be made to the district court for the judicial district of the county in which the damage is located for appointment of a third impartial arbitrator. The division and the landowner shall equally share the cost of the use of the third arbitrator. Historic levels or any element settled by arbitration may be included in an appeal to a court of competent jurisdiction, and the court shall not be bound by the finding of the arbitration panel.

(2) Repealed.

(3) The burden of proof shall be with the claimant for all claims for damages enumerated in paragraph (d) of subsection (1) of this section, pursuant to rules established by the commission pertaining to wildlife damage.

(4) If the commission has not promulgated rules relating to damage by wildlife, pursuant to sections 33-1-104 and 33-1-108, the division shall not refuse to pay a claim for wildlife damage.

(5) If for any reason a pertinent rule of the commission relating to wildlife damage is

declared void or suspended, the provisions of subsection (4) of this section shall not be applicable.

(6) For the year 1979, any damage claims received by the division after June 21, 1979, shall not be denied until and unless considered under the rules promulgated by the commission relating to damage by wildlife. If such rules are not promulgated by January 1, 1980, the provisions of subsection (4) of this section shall apply.

(7) Repealed.

(8) All rules concerning damages by wildlife adopted or amended by the commission on or after July 1, 1979, shall be subject to sections 24-4-103 (8) (c) and (8) (d) and 24-4-108, C.R.S.

(9) Reimbursement for wildlife damages shall be reduced by the amount of claim awarded by an insurance company for the same damages.

33-3-105. Wildlife migration areas - division to keep records. It is the duty of the division to maintain records of areas used by wildlife for migration purposes, and the division shall furnish information concerning wildlife migration areas to persons requesting such information.

33-3-106. Excessive damage to property - permit to take wildlife - when - harassment by dogs. (1) (a) Where wildlife is causing excessive damage to property, as determined by the division after consultation with the property owner, the division is authorized to issue a permit to the property owner, the property owner's designee, or to such other person selected by the division to kill a specified number of the species of wildlife causing such excessive damage. Upon request by the property owner, whenever the wildlife causing the excessive damage exceeds the wildlife objective set by the division for that species for that geographical area for the current year, the division is encouraged to issue a permit under this section. Any determination by the division that the damage being caused is not excessive may, upon application by the property owner, be reviewed by the commission.

(b) No permit to take wildlife pursuant to this subsection (1) shall be issued or used in violation of any local restriction on firearm use.

(2) Any wildlife killed, as permitted under subsection (1) of this section, shall remain the property of the state and shall be field dressed promptly, and such killing shall be reported to the division within forty-eight hours; except that the killing of a bear or mountain lion shall be reported within five days.

(3) Nothing in this section shall make it unlawful to trap, kill, or otherwise dispose of bears, mountain lions, or dogs without a permit in situations when it is necessary to prevent them from inflicting death, damage, or injury to livestock, real property, a motor vehicle, or human life and additionally, in the case of dogs, when it is necessary to prevent them from inflicting death or injury to big game and to small game, birds, and mammals. Any wildlife killed as permitted under this subsection (3) shall remain the property of the state, and such killing shall be reported to the division within five days. The division may bring a civil action against the owner of any dog inflicting death or injury to any big game and to small game, birds, and mammals for the value of each game animal injured or killed. The minimum value of each animal shall be as set forth in section 33-6-110.

(4) (Deleted by amendment, L. 2003, p. 1939, § 2, effective May 22, 2003.)

33-3-107. Claims procedure. (1) When any person has sustained damages to property caused by any wildlife, he shall notify the division of such damages within ten days after the discovery thereof. In the case of recurring damage, the division shall be notified within ten days after the discovery of each new or different occurrence of damage.

(2) Proof of loss forms shall be filed within ninety days after the last notice of loss is submitted to the division under subsection (1) of this section. The division, within thirty days after the filing of such proof of loss forms, shall make an investigation of the alleged loss, and, where possible, shall attempt to reach an agreement with the claimant upon an amount of settlement. The commission may review settlement agreements between the division and the claimant and may disapprove any settlement which it finds to be unreasonable; but said review is not required in every case and the commission may determine that it will review only certain categories of settlements or that it will not review any settlements. The commission shall review all claims which the division recommends for denial and all claims upon which the division and claimant are unable to reach a settlement; except that a claimant whose claim is within the monetary jurisdictional limitations of the small claims division of county court may waive such review by the commission and commence an action which shall entitle such claimant to a trial de novo in the small claims division of the county court of the county in which the damage or any portion thereof is alleged to have occurred. Such waiver shall be in writing and shall be mailed to the commission within ten days after such claimant receives notification from the division of the denial of his claim, or within ten days after the claimant receives from the division an offer of settlement unacceptable to such claimant. The division may be represented by a full-time employee in small claims court.

(2.5) For payment to a claimant, the controller shall draw a warrant upon a voucher approved by the division and the state treasurer shall pay the amount of settlement out of the wildlife cash fund.

(3) The division shall furnish forms to be used for the notice and proof of loss required under this section.

33-3-108. Review by the commission. If the commission reviews a claim pursuant to the provisions of section 33-3-107, the commission may either confirm a decision of the division denying a claim or may extend to the claimant an offer of settlement. If the claimant disagrees with the commission's determination or refuses to accept the commission's offer of settlement, the claimant may file an action for damages in the district or county court of the judicial district or county in which the damage or any portion thereof is alleged to have occurred. Such action shall be filed within sixty days after the claimant receives notice of denial by the commission, which notice shall set forth the reasons for denial, or within sixty days after the claimant receives an offer of settlement from the commission. If the action is not filed within said sixty-day period, such action shall be forever barred.

33-3-109. Review by commission waived. If a claimant waives the right to commission

review pursuant to the provisions of section 33-3-107, such claimant may commence an action for damages and, in connection therewith, shall be entitled to a trial de novo in the small claims division of the county court of the county in which the damage or any portion thereof is alleged to have occurred. Such action shall be filed within sixty days after the claimant receives notice of denial by the division, which notice shall set forth the reasons for denial, or within sixty days after the claimant receives an offer of settlement from the division. If the action is not filed within said sixty-day period, such action shall be forever barred.

33-3-110. Payment of claim. A certified copy of the judgment of the district or county court shall be forwarded to the division, and, in the event the judgment includes an award to the claimant, the controller is authorized to draw a warrant for the payment of the same upon a voucher approved by the division, and the state treasurer shall pay the same out of the wildlife cash fund.

33-3-111. Annual report to the general assembly. (1) Commencing with the second regular session of the sixty-seventh general assembly, the division shall report at least annually, by January 31 of each year, to the senate agriculture and natural resources committee and the house of representatives agriculture, livestock, and natural resources committee, or their successor committees, on game damage and game damage prevention issues. Such report shall include, at a minimum:

(a) (I) The herd management objectives set by the division and whether those objectives are being met. In providing this information, the division shall supply the actual number of herd animals by game unit.

(II) If any of the herd management objectives of the division are not being met, the division shall set forth in detail its plans, strategies, and efforts that it is using or intends to use in order to achieve compliance with the objectives.

(b) The number of requests for game damage prevention materials, the timeliness of the division in responding to such requests, the quantity and types of temporary and permanent materials issued, the number of requests for materials denied, and, to the extent that such information is available, the adequacy of materials in preventing game damage;

(c) The number of permits to take wildlife requested pursuant to section 33-3-106, the number of permits issued, the amount of wildlife killed under such permits, the number of permits denied, and the reasons for denial;

(d) The number of claims for damages submitted under this section, how many of those claims were settled and the monetary amounts of the settlements, the number of claims pending at the time of the report, the number of claims denied, and the reasons for denial;

(e) Any other costs incurred by the division in administering this article.

PART 2

FORAGE LOSSES

33-3-201. Scope of part - definitions. (1) This part 2 shall govern claims for damage arising from the foraging of wild ruminants on privately owned or leased private land and for which damage the state is liable under section 33-3-104 (1) (d). Except where inconsistent with a specific provision of this part 2, the provisions of part 1 of this article shall also apply to such claims.

(2) For purposes of this part 2, "wild ruminants" includes elk and other ruminants within the definition of big game as set forth in section 33-1-102 (2).

33-3-202. Head counts. The claimant's head count of wild ruminants shall be made upon no less than twenty-four hours' notice to the division, which may arrange to have its personnel present when the count is made. The time of day at which the count is made shall be at the claimant's discretion. If the division chooses not to have personnel present, the claimant's head count shall be conclusive. Subsequent head counts may be made at intervals of ten days.

33-3-203. Claims procedure. (1) When any person has sustained damage to livestock forage caused by wild ruminants, such person shall notify the division of such damages within ten days after the discovery thereof. In the case of recurring damage, the division shall be notified within ten days after the discovery of each new or different occurrence of damage.

(2) (a) Proof of loss forms shall be filed within ninety days after the last notice of loss is submitted to the division under subsection (1) of this section. The division, within thirty days after the filing of such proof of loss forms, shall make an investigation of the alleged loss, and, where possible, shall attempt to reach an agreement with the claimant upon an amount of settlement. All such agreements shall be completed and the settlement amount paid in full within sixty days after terms and conditions have been agreed upon; otherwise, at the claimant's option, the matter shall proceed to arbitration or to court as provided in this article.

(b) (I) If the division does not agree with the claimant on normal historic levels, or any element of a damage settlement, the matter shall be submitted to arbitration within ten days of notice by either party unless the claimant waives arbitration. The arbitration panel shall consist of one arbitrator chosen by the landowner, one arbitrator chosen by the division, and one arbitrator chosen by the other two arbitrators. If the two arbitrators cannot agree within ten days on a third arbitrator, a request by either party shall be made to the district court for the judicial district of the county in which the damage is located for appointment of a third impartial arbitrator. The division and the landowner shall equally share the cost of the use of the third arbitrator.

(II) (I) In any case which goes to arbitration, all arbitrators chosen shall reside within fifty miles of the subject property. The arbitration proceeding shall be conducted pursuant to part 2 of article 22 of title 13, C.R.S. The decision of the arbitration panel shall be binding and shall be subject to judicial review only for statutory compliance with the provisions of this article and the said act. The claimant or the division may seek such review by filing an action for same in the county or district court in the county or judicial district where the subject damage is alleged to have occurred within thirty days after receipt of the arbitration panel's decision.

(c) Any waiver of arbitration shall be in writing and shall be mailed to the division within

ten days after the claimant receives notification from the division of the denial of the claim, or within ten days after the claimant receives from the division an offer of settlement unacceptable to such claimant.

(d) In adjudication of any claim, should the court find that the claimant has made or the division has contested the claim without a substantial legal or factual basis, the court shall award the other party reasonable attorney fees, not to exceed the actual amount incurred, upon the submission of satisfactory proof thereof.

(3) For payment to a claimant, the controller shall draw a warrant upon a voucher approved by the division and the state treasurer shall pay the amount of settlement out of the wildlife cash fund.

(4) The division shall furnish forms to be used for the notice and proof of loss required under this section.

33-3-204. Waiver of arbitration - action for damages. If a claimant waives the right to arbitration pursuant to the provisions of section 33-3-203, the commission shall review the claim as provided in section 33-3-107. Such claimant may commence an action for damages and, in connection therewith, shall be entitled to a trial de novo in any court of the county in which the damage or any portion thereof is alleged to have occurred. The division may be represented by a full-time employee in small claims court. Such action shall be filed within sixty days after the claimant receives notice of denial by the commission, which notice shall set forth the reasons for denial, or within sixty days after the claimant receives an offer of settlement from the commission. If the action is not filed within said sixty-day period, such action shall be forever barred.

ARTICLE 4

Licenses, Certificates, and Fees

33-4-101. License agents - reports - board of claims - penalty for failure to account. (1) The director may designate sole proprietors, partnerships, or corporations as license agents to sell hunting, fishing, trapping, and other licenses of the division. License agents shall be paid a commission, in an amount to be determined by rule by the commission, on all moneys collected for licenses sold. All agents authorized to sell licenses shall keep accurate records of all sales of licenses and shall make such reports to the division regarding license sales as may be required by the division. Such agents shall be required to give evidence of financial responsibility, in the form of a savings account, deposit, or certificate of deposit meeting the requirements of section 11-35-101, C.R.S., or an irrevocable letter of credit meeting the requirements of section 11-35-101.5, C.R.S., or a bond, in such amount as may be fixed by the division based upon performance criteria established by the wildlife commission by rule, which may be less than the full value of consignment

in an amount adequate to ensure the remittance of all moneys collected from such license sales, less amounts allowed as commissions, and the making of reports required by the division. The commission may promulgate rules for the establishment and cancellation of license agencies. All license moneys received shall be kept separate and apart from any other moneys of the agent authorized to sell licenses and shall at all times belong to the state. All moneys due from the sale of wildlife licenses shall belong to the state and shall draw interest at the rate of one and one-half percent per month from the date due.

(2) The executive director, state auditor, and attorney general, or their duly designated representatives, shall constitute a board of claims for the hearing of all claims for relief when any license agent is unable to account for licenses and claims that the same have been destroyed, lost, or stolen. The findings of the board of claims are subject to review pursuant to section 24-4-106, C.R.S. Claims for relief in an amount totaling three hundred dollars or less shall not be determined by the board of claims, except as otherwise provided in this section, but shall be settled by the division. If the division offers to make settlement and such settlement is not accepted by the claimant, the claimant may submit his claim to the board of claims.

(3) Every agent designated to sell licenses shall account for all licenses delivered to such agent. If any license agent is not able to account for any license, such agent shall be responsible for the maximum fee for which each unaccounted-for license could have been issued, except as provided in subsections (4) to (8) of this section.

(4) Any agent designated to sell licenses may make a claim under oath for relief from responsibility for licenses which have been lost, stolen, or destroyed and for which such agent is unable to account, but no claim for relief shall be considered unless the agent making the claim informs the division of such loss, theft, or destruction within thirty days after such loss, theft, or destruction is discovered, said notice to set forth in detail all pertinent information then known to the agent. Upon receipt of any claim for relief, it is the duty of the division to make an investigation of the claim as soon as practicable, and for that purpose the claimant shall make available such records, information, or other pertinent data as may be in his possession or under his control. A written report of such investigation shall be filed by the division with the board of claims.

(5) As soon as practicable after receipt of the investigator's report and in no event later than one hundred twenty days after receipt of notice of a claim for relief, the board of claims shall set a date for the hearing on such claim for relief, and the claimant may appear at the hearing if he so desires. The claimant shall be given not less than ten days' written notice of the date of the hearing, such notice to be mailed to his last-known address.

(6) The board of claims may give relief to any claimant in the following circumstances and subject to the following limitations:

(a) If the board of claims is satisfied that any licenses were destroyed due to fire, flood, act of God, or any other cause beyond the control of the claimant and that destruction was not due in part to his negligence, then the board of claims may entirely relieve the claimant of the responsibility to account for such licenses or make such lesser adjustment as the board of claims may deem proper.

(b) If the board of claims is satisfied that any licenses were either lost, stolen, or destroyed under circumstances other than those set forth in paragraph (a) of this subsection (6), the board of claims may, in its discretion, make an adjustment of the amount due for any such licenses. The board of claims, in determining what adjustment, if any, shall be allowed for any lost, stolen, or destroyed

licenses, may consider the following:

(I) Whether or not, or the extent to which, the loss was due to the negligence or carelessness of the claimant in the handling of licenses, but no adjustment shall be made in the case of gross negligence or gross carelessness upon his part;

(II) Such other evidence as the board of claims may consider pertinent.

(7) The board of claims, in the event that it makes any adjustment upon a claim, may, in its discretion, require the use of such protection against the possibility of future loss, theft, or destruction of licenses as it may deem proper, including, but not limited to, the posting of corporate or personal surety bonds.

(8) It is the legislative intent of subsections (2) to (7) of this section to provide in proper cases for the relief of license agents where licenses have been lost, stolen, or destroyed, which relief, however, shall be strictly construed, it being the further intent of such sections to encourage the proper and careful handling of licenses by license agents.

(9) The commission may promulgate rules and regulations for the cash sale of licenses, at a price which is discounted five percent from the face value thereof, to license agents of the division for resale to the public at the face value stated on such a license. Only the license agents of the division in good standing may qualify to purchase and sell under this subsection (9); except that no evidence of financial responsibility shall be required to qualify under this subsection (9). A post or base exchange of the United States government located in Colorado may qualify as a license agent for the purpose of this subsection (9). Failure to comply with all applicable rules and regulations of the commission and lawful directives of the division regarding license agents shall be grounds for the suspension or termination of the license agency, and, upon suspension or termination, all unsold licenses shall be returned immediately to the division for return of cash in the amount paid by the license agent for the licenses. The commission, in connection with a program which it may adopt under this subsection (9), shall provide for redemption by the division, at least annually, of any unsold licenses in the amount paid by the license agent for such unsold licenses. The provisions of subsections (1) to (8) of this section, except the provisions of subsection (1) regarding the designation of license agents, shall not apply to licenses sold under this subsection (9).

(10) The commission may authorize certain employees to sell licenses for the face value thereof at the headquarters and regional offices of the division. Such employees are not entitled to five percent of the face value of the licenses and are not required to give evidence of financial responsibility. Such employees may make claims under oath for relief from responsibility for licenses or moneys which have been lost, stolen, or destroyed and for which the employees are unable to account in accordance with the provisions of subsections (4) to (8) of this section.

(11) Any license agent who fails, upon demand of the division, to account for licenses or who fails to pay over to the division or its authorized representative moneys received from the sales of licenses:

(a) When the amount in question is less than two hundred dollars, is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment;

(b) When the amount in question is two hundred dollars or more, commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S., which punishment shall include a

fine in an amount set out in section 18-1.3-401 (1) (a) (III), C.R.S.

33-4-101.3. Black bears - declaration of intent - spring season hunting prohibited - prohibited means of taking - penalty. (1) It is the intent of the voters of Colorado in adopting this measure to prohibit the taking of black bears when female black bears are rearing their cubs. It is the further intent of the voters of Colorado to promote the concept of fair chase in the taking of black bears by eliminating the use of bait and dogs. In considering proposed changes to the restrictions on the taking of black bears which are established in this measure, the Colorado general assembly shall take notice of the fact that this measure was adopted by a vote of the people at the 1992 general election.

(2) During the period from March 1 through September 1 of any calendar year, it is unlawful for any person to take a black bear by any means including but not limited to firearm or bow and arrow.

(3) It is unlawful for any person to take a black bear with the use of bait, or with the use of one or more dogs, at any time during any calendar year. In the event that a dog or dogs accidentally chases a black bear while the owner or person in control of such dog or dogs is in legal pursuit of other game, such owner or person in control of the dog or dogs shall not be charged with the illegal taking of a black bear so long as the dog or dogs are called off as soon as the mistake is realized and the black bear is not injured or killed.

(4) The provisions of this section shall not apply to employees or agents of the division of parks and wildlife or to field agents of the United States department of agriculture when such employees or agents are acting in their official capacity, nor shall this section apply to any person who lawfully takes a black bear in defense of livestock, real property, a motor vehicle, or human life pursuant to section 33-3-106.

(5) For purposes of this section, "bait" means to place, expose, deposit, distribute, or scatter salt, minerals, grain, animal parts, or other food, so as to constitute a lure, attraction, or enticement for black bears on or over any area where hunters are attempting to take black bears.

(6) Any person who violates any provision of this section is guilty of a class 1 misdemeanor and, upon conviction thereof, shall be punished as provided in section 18-1.3-501, C.R.S. In addition, persons convicted pursuant to this section shall have their wildlife license privileges suspended for five years and persons convicted of a second or subsequent offense pursuant to this section shall have their wildlife license privileges suspended permanently.

(7) For the purposes of this section, "agent" means any qualified individual trained in wildlife procedures and operating under the direction of the division of parks and wildlife.

(1.6) (a) By promulgation of appropriate rule, the commission may from time to time authorize the issuance of any of the licenses provided for in this section for a fee less than that specified in this section, and may by promulgation of appropriate rule later raise such license fee up to the statutory limit, when in the judgment of the commission one of the following conditions applies:

(I) When the commission determines that it would be beneficial to issue such license in conjunction with another type of license and creates a combination license;

(II) When the commission determines it is proper for management of the division or otherwise beneficial to the management of state wildlife resources. Licenses so discounted may be limited to certain geographic areas, by sex, or as otherwise deemed appropriate by the commission.

(III) When the commission determines that an activity is regulated at both the state and federal levels and that issuance of a multi-year state license or collection of a reduced state annual license fee, or both, would help to coordinate such state and federal regulation and reflect the administrative cost savings realized through such coordination;

(IV) When the commission determines pursuant to section 24-75-402 (3), C.R.S., that a reduction in the amount of the fee is necessary to reduce the uncommitted reserves of the fund to which all or any portion of the fee is credited. After the uncommitted reserves of the cash fund are sufficiently reduced, the commission by rule or as otherwise provided by law may increase the amount of the fee as provided in section 24-75-402 (4), C.R.S.

(b) The nonresident big game fees described in subsection (1.4) of this section shall annually be adjusted in accordance with changes in the United States bureau of labor statistics consumer price index for the Denver-Boulder-Greeley consolidated metropolitan statistical area for all urban consumers and all goods or its successor index. Such adjustment shall not be effective until the commission notifies the joint budget committee of such adjustment.

(c) Repealed.

(1.7) Nothing in this section shall be construed to invalidate any senior lifetime license previously issued by the division.

(1.8) Any moneys realized as a result of the fee increases related to fishing specified in

subsection (1.4) of this section shall be allocated for use in the fisheries and hatcheries presently operated by the division.

(1.9) (a) (I) The general assembly hereby finds, determines, and declares that:

(A) Service members returning from post-September 11, 2001, overseas contingency operations who have been injured during combat face a challenging period of rehabilitation upon their return to the United States;

(B) Many of these service members are so severely injured that they require medical assistance for many years, or even the rest of their lives, as they reenter mainstream life;

(C) Although the scope of care provided by the United States armed services wounded warrior programs varies with each service member, based on the needs of the individual, these service members may be assigned, upon return to Colorado, to a medical treatment facility such as Evans army hospital at Fort Carson, Colorado;

(D) Wounded warrior programs are direct efforts by the United States armed services to care for service members during their long transition from combat-related injury to civilian life and to provide assistance to those service members in recovery, rehabilitation, and reintegration that is worthy of their service and sacrifice; and

(E) For those wounded warriors who suffer injuries so severe that they will require intense, ongoing care or assistance for many years or the rest of their lives, a significant part of the healing process is enabling and encouraging these service members to experience some of the recreational activities they enjoyed prior to their service-related injuries.

(II) The general assembly therefore recognizes the need to provide opportunities for Colorado's severely injured "wounded warriors" to enjoy the natural resources of the state as part of their rehabilitative care. Furthermore, offering reduced-cost or free big game hunting licenses to such recovering service members is a small, but recognizable, acknowledgment of their selfless service and sacrifice.

(b) The commission may promulgate rules to reduce or eliminate big game license fees and establish a big game hunting license preference for members of the United States armed services wounded warrior programs who are residents of, or stationed in, Colorado and who have been so severely injured that they will require years of intense, ongoing care or assistance.

(c) As used in this subsection (1.9), "United States armed services wounded warrior programs" means:

(I) The Army wounded warrior (AW2) program;

(II) The Air Force wounded warrior (AFW2) program;

(III) The Navy safe harbor program;

(IV) The Coast Guard wounded warrior regiment; and

(V) Any successor program administered by a branch of the United States armed services to provide individualized support for service members who have been severely injured in overseas contingency operations undertaken since September 11, 2001.

(d) The commission may adopt rules to implement this subsection (1.9), including rules defining "severely injured" and establishing residency requirements for service members eligible under this subsection (1.9).

(2) Except as otherwise provided in subsection (1.6) of this section, the division is authorized to issue the following special licenses and shall collect the following fees therefor:

Fees

33-4-102.7. Colorado wildlife habitat stamp - review committee - rules - study - repeal. (1) The general assembly hereby finds, determines, and declares that:

(a) Protecting wildlife habitat and obtaining public access are important elements to preserving wildlife and wildlife-related recreational opportunities in Colorado;

(b) The general assembly specifically recognizes that hunting of big game species is an activity that hundreds of thousands of residents and visitors to Colorado enjoy, which contributes significantly to state and local economies; and

(c) Priorities for the expenditure of funds generated from the sale of habitat stamps shall include protecting big game winter range and migration corridors, acquiring public access to wildlife-related recreation, including fishing, hunting, and wildlife viewing, protecting habitat for species of concern, and preserving the diversity of wildlife enjoyed by Coloradans.

(1.5) A person eighteen years of age or older and under sixty-five years of age shall purchase a Colorado wildlife habitat stamp, or shall have purchased a lifetime Colorado wildlife habitat stamp, when applying for or purchasing a hunting or fishing license. No habitat stamp purchase is required prior to application for or purchase of such person's first two one-day hunting or fishing licenses, but a habitat stamp shall be purchased prior to applying for or purchasing a third one-day hunting or fishing license. No person is required to purchase more than one Colorado wildlife habitat stamp within a twelve-month period. Any person acquiring a license issued pursuant to section 33-4-104 and any person who is mobility-impaired, as defined by commission rules, is exempt from the requirement to purchase a Colorado wildlife habitat stamp.

(2) Such stamp, or an authorized facsimile of such stamp, shall be in the possession of the person while hunting or fishing.

(3) Fees for each stamp shall be as established in section 33-4-102 (1.4).

(4) (a) All moneys received pursuant to the issuance of the Colorado wildlife habitat stamp shall be used for the benefit of wildlife habitat or access to wildlife habitat, including costs associated with the operation and maintenance, such as weed control and fencing, of those lands purchased in fee simple by the division or those access easements acquired by the division under the Colorado wildlife habitat protection program. Revenues collected from the sale of the stamp are subject to annual appropriation. The Colorado wildlife habitat stamp review committee shall annually review proposed projects for expenditure of Colorado wildlife habitat stamp funds and make recommendations to the director and the commission. In consultation with the habitat stamp committee, the commission shall, in its discretion, ensure that, in the allocation of revenues under this section, sufficient priority is given to conserve and protect winter range and vital habitats, including migration corridors, for deer, elk, and other big game wildlife species; to improve public access for hunting, access for anglers to the waters of the state, and access for other wildlife-related recreation; to protect habitat for species of concern; and to preserve the diversity of wildlife enjoyed by Coloradans.

(b) Repealed.

(c) Real property interest acquisitions made by the commission pursuant to this section shall emphasize the acquisition of easements and ensure that all other avenues are pursued prior to fee simple acquisition. Conservation easements, as described in section 38-30.5-104 (2), C.R.S., and fee

simple title purchases are allowed. All fee simple title purchases made with revenues collected pursuant to this section, not including purchases of water for maintenance or enhancement of aquatic habitats, such as minimum storage pools or direct flow rights purchased specifically to protect habitat, shall be primarily for the purpose of providing access to the public for wildlife-related recreation, and shall be made available to the public for hunting or fishing, subject to commission rules. The commission shall not use the power of eminent domain to obtain fee simple title or a conservation easement on real property. The commission shall comply with a seller's agreement or sections 33-1-105 and 33-1-105.5 prior to purchasing real property.

(d) No third-party conservation easement shall be obtained using proceeds from the sale of habitat stamps unless the requesting organization contributes at least fifteen percent of the purchase price of the easement or fifteen percent of the purchase price is secured using other sources of nondivision funding; however, if, in the commission's discretion, sufficient hunting or fishing access is provided, the fifteen percent contribution requirement may be waived.

(5) The Colorado wildlife habitat stamp committee is hereby created. The committee shall be composed of four sports persons; two representatives of national or regionally recognized conservation organizations whose missions are focused on nongame wildlife and whose membership is composed primarily of nongame wildlife users; two landowners actively engaged in agriculture; one citizen at large; and two division of parks and wildlife representatives as ex officio members, at least one of whom shall be a wildlife biologist. The sports persons shall be representative of the four quadrants of the state. Members shall be appointed by the governor and confirmed by the senate. (9) Repealed.

33-4-103. Landowner preference for hunting license - legislative declaration - rules. (1) **Legislative declaration.** (a) The general assembly hereby finds, determines, and declares that the wildlife resources of the state are in danger of decline from increasing population pressures and the loss of wildlife habitat. In order to encourage private landowners to provide habitat that increases wildlife populations for the benefit of all hunters, discourage the harboring of game animals on private lands during public hunting seasons, and relieve hunting pressure on public lands by increasing game hunting on private lands, the general assembly finds that it is necessary to provide an incentive-based system to landowners to provide habitat for wildlife through a hunting license allocation program that allows hunters access to the state's wildlife under the cooperative control of the private landowner.

(b) The landowner preference program is designed to encourage hunter access to private land by enabling landowners to apply for licenses using applications based upon land ownership and

wildlife benefit.

(2) **Eligibility.** (a) A landowner who is an owner, as shown by a recorded deed, of a parcel of agricultural land of one hundred sixty acres or more and whose land meets the following requirements is eligible for the landowner preference program, also referred to in this section as the "program". The land must:

(I) Be inhabited by the species being applied for in significant numbers throughout the year or in substantial numbers for shorter times;

(II) Provide for the species being applied for wintering habitat, transitional habitat, calving areas, solitude areas, migration corridors, or an important food source; and

(III) Have a history of game damage or a huntable population of the species being applied for.

(b) For owners of one hundred sixty to six hundred thirty-nine acres, the division shall verify the size of the property and that the property meets the eligibility requirements of this subsection (2) before issuing the applications under subsection (3) of this section.

(c) Owners of properties registered under the "wildlife conservation application program" that existed prior to July 1, 2013, remain eligible to participate in the program until the earlier of:

(I) July 1, 2016;

(II) The date when the ownership of the property is transferred to a person who is not within the immediate family of the owner; or

(III) The date when the owner of land no longer is in compliance with this section or any rule promulgated under this section.

(3) **Applications - availability.** (a) After determining a landowner is eligible and in compliance with this section, the division shall issue the landowner applications for licenses permitting the hunting of deer, elk, pronghorn, and such other species, except for moose, rocky mountain big horn sheep, desert big horn sheep, and rocky mountain goat, that meet the commission's animal management objectives for the game management unit where the property lies, in an amount determined by this subsection (3).

(b) (I) In game management units west of interstate highway 25:

(A) Ten percent of the number of licenses established for each management area where firearm hunting licenses are totally limited are available for eligible landowners; and

(B) An additional ten percent of the number of licenses established for each management area where firearm hunting licenses are totally limited are available for eligible landowners if these licenses are restricted to use on private land in the designated management area.

(II) In game management units east of interstate highway 25:

(A) Fifteen percent of the number of licenses established for each management area where firearm hunting licenses are totally limited are available for eligible landowners; and

(B) An additional ten percent of the number of licenses established for each management area where firearm hunting licenses are totally limited are made available for eligible landowners if these licenses are restricted to use on private land by the applicant's immediate family members or youth under eighteen years of age.

(III) The division shall make licenses not used by eligible landowners available to the general public.

(c) (I) The applications available under this subsection (3) are allocated to a participant based

upon the following schedule:

(A) For owners of one hundred sixty to one thousand two hundred thirty-nine acres, one application;

(B) For owners of six hundred forty to one thousand two hundred thirty-nine acres, an additional application for a license restricted to private land if the division has verified that the land meets the conditions required for eligibility under paragraph (a) of subsection (2) of this section; and

(C) For owners of one thousand two hundred forty or more acres, one additional application for each additional six hundred acres more than one thousand two hundred forty acres, not to exceed nineteen applications or the limit imposed by subparagraph (II) of this paragraph (c).

(II) Landowners may obtain more than eight applications only if the division has verified that the land is the size reported by the landowner and meets the conditions required for eligibility under paragraph (a) of subsection (2) of this section.

(4) **Requirements - vouchers.** In addition to the limitation on the number of applications available under the program, the program has the following additional requirements and authorizations:

(a) Successful applicants receive a voucher that may be transferred to any person who is eligible for a big game license for that species, to be used for the purchase of a license to be used only within the applicant's game management unit for that species and in accordance with any restrictions imposed by this section.

(b) The transfer of a license voucher by a landowner must include permission to access and hunt the lands yielding the license under the program during the entire season that the license is issued. The permission must not discriminate among hunters entering the property or contain restrictions other than manner of access, including foot, horseback, or vehicular restrictions reasonably necessary to prevent damage to property.

(c) Except as authorized by paragraph (a) of this subsection (4), a voucher that has been transferred by any person who is not the landowner or land manager is void. A voucher that is brokered for another person is void. A hunting license obtained for use with a void voucher is also void.

(d) If a landowner submits one or more applications that fail to yield a license, the division shall give a preference in succeeding years to one application of that landowner for each application of the same landowner that failed to yield a license.

(e) (I) In game management units where hunting is totally limited for a species, and where eligible landowners do not use the number of landowner preference licenses established for a species for that management area, the division shall make the unused licenses available to private landowners in that particular game management unit or data analysis unit as a first priority before making them available to the general public hunter.

(II) A landowner may receive no more than three times the number of leftover applications than the number of initial applications authorized under paragraph (c) of subsection (3) of this section.

(f) If a landowner or hunter fails to comply with this section or any rule promulgated under this section, the division may disqualify the person from participation in the program for up to five years.

(5) The commission shall adopt rules to implement this section prior to July 1, 2014.

(4) The commission may adopt appropriate rules to establish a preference for active duty members of the United States armed forces who are stationed at any military facility located in Colorado or are Colorado residents upon their return from service outside of the United States for licenses left over after completion of the division's annual limited license draw. The preference may allow for such a member of the United States armed forces to apply for preference points for any limited license draw that occurred during the member's absence.

ARTICLE 5

Protection of Fishing Streams

33-5-101. Legislative declaration. It is declared to be the policy of this state that its fish and wildlife resources, and particularly the fishing waters within the state, are to be protected and preserved from the actions of any state agency to the end that they be available for all time and without change in their natural existing state, except as may be necessary and appropriate after due consideration of all factors involved.

33-5-102. Projects affecting streams - submission of plans. No agency of the state, referred to in this article as an "applicant", shall obstruct, damage, diminish, destroy, change, modify, or vary the natural existing shape and form of any stream or its banks or tributaries by any type of construction without first notifying the commission of such planned construction. Such notice shall

be on forms furnished by the commission and shall be submitted not less than ninety days prior to the date of the commencement of planned construction. The notice shall include detailed plans and specifications of so much of the project as may or will affect, as set forth in this section, any stream.

33-5-103. Examination of plans. The commission shall promptly examine and investigate all plans submitted to it pursuant to the provisions of section 33-5-102. If the commission determines that the plans and specifications are technically inadequate to accomplish the purposes set forth in section 33-5-101, it shall notify the applicant and may render aid in preparing adequate plans and specifications.

33-5-104. Notice by commission. Within thirty days after the receipt of any plans submitted to it, the commission shall notify the applicant if the planned construction or project will adversely affect the stream involved. If an applicant is notified that the planned construction will adversely affect any stream involved, the commission shall accompany such notice with recommendations or alternative plans which will eliminate or diminish such adverse effect.

33-5-105. Arbitration. (1) If the commission notifies an applicant that the construction will adversely affect the stream involved, the applicant, within fifteen days after receiving the recommendations and alternatives of the commission, shall notify the commission if it refuses to modify its plans in accordance with such recommendations or alternatives.

(2) Upon receipt of such refusal, the commission shall determine if it desires to have the matter arbitrated. Within ten days after an affirmative decision and after notice to the other agency or agencies involved, the commission shall notify, in writing, the governor. No further action shall be taken to advance the planned construction until the governor issues a written decision within thirty days after receipt of written notice which shall be binding on all parties concerned, and there shall be no judicial review thereof.

33-5-106. Vested water rights. This article shall not operate or be so construed as to impair, diminish, or divest any existing or vested water rights acquired under the laws of this state or the United States, nor shall this article apply in emergency situations.

33-5-107. Irrigation projects exempt. This article shall not apply to any irrigation project.

ARTICLE 5.5

Fish Health Board

33-5.5-101. Fish health board - created. (1) There is hereby created and established in the division a fish health board, which shall consist of five members, each of whom shall be appointed no later than sixty days after June 7, 1991. The members of the board shall be as follows:

(a) One member who is not a commercial aquaculturist and who may be an employee of the department of agriculture, appointed by the commissioner of agriculture;

(b) One member who may be an employee of the division, appointed by the director;

(c) Two members who are engaged in the private business of aquaculture and who shall, insofar as is possible, represent the various segments of the aquaculture industry and the various geographic areas of the state, appointed by the commissioner of agriculture; and

(d) One member who is an employee of the United States fish and wildlife service, appointed by the regional director thereof.

(2) The term of office of said members shall be three years; but of the members first appointed to the board, two members shall be appointed for one-year terms, two members shall be appointed for two-year terms, and the remaining member shall be appointed for a three-year term. The assignment of such initial terms shall be made by the director. Each member shall serve until his or her successor has been appointed and qualified, and any member shall be eligible for reappointment. The appointing entity shall fill any vacancy by appointment for the remainder of an unexpired term. The commissioner of agriculture and the director of the division shall be ex officio nonvoting members of the board. Board members shall serve without compensation except for actual and necessary traveling expenses. The board shall meet at least once each year and additionally as necessary.

(3) The fish health board shall annually elect a chairman and a vice-chairman, each of whom shall serve at the pleasure of the board.

(4) A majority of the fish health board shall constitute a quorum, and, if a quorum is present, in person or by telephone, the board may act upon a vote of a majority of those present.

(5) The fish health board shall constitute a "public entity" and each member and employee of the board shall constitute a "public employee" within the meaning of the "Colorado Governmental Immunity Act", article 10 of title 24, C.R.S.

(6) The fish health board shall exercise its powers and perform its duties and functions specified in this article under the department and the executive director thereof as if the same were transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of title 24, C.R.S.

33-5.5-102. Duties of the fish health board. (1) The fish health board shall review or initiate and consider, prior to presentation to the commission for adoption, every rule which is to regulate or control, or otherwise relates to, fish health, the spread of aquatic disease within private aquaculture facilities or cultured aquatic stock, or the importation into the state or the distribution of any exotic aquatic species.

(2) After considering any proposed rule, the fish health board shall vote to approve or disapprove the rule.

(3) The proposed rules approved by the fish health board shall be sent to the commission with the recommendation to adopt. The commission shall, through its normal regulatory review procedure, timely review the rule and act either to adopt or to decline to adopt the rule. In the event the commission declines to adopt the rule, it shall convey its decision to the board, along with an explanation of the reason for its decision.

(4) The proposed rules disapproved by the fish health board shall not be forwarded to the commission unless the director determines that a situation or condition exists which threatens to have a serious impact on existing aquatic populations and that the proposed regulation should be considered by the commission in spite of the recommendation of the fish health board. The director shall then forward the rule to the commission along with a recommendation of disapproval from the fish health board.

(5) Nothing in this section shall be construed to diminish or supersede the authority of the division or the commission to regulate or manage wild populations of aquatic organisms in the waters of the state or in facilities controlled or managed by the division or by the United States fish and wildlife service.

(6) The fish health board shall review any orders for the destruction of aquatic organisms or quarantines of aquaculture facilities which last beyond thirty days, and all such orders shall be conditioned upon the board's approval; except that destruction orders may be approved by the director of the division upon a determination that a situation exists which threatens imminent danger to existing aquatic populations or to human health and safety, and that no more reasonable means exist to control the condition.

(7) Destruction of aquatic organisms or quarantines shall be done in accordance with applicable regulations of the division.

(8) The board shall periodically review division rules relating to destruction or quarantine of aquaculture stock or facilities and recommend appropriate changes to the commission.

ARTICLE 6

Law Enforcement and Penalties - Wildlife

PART 1

GENERAL PROVISIONS

33-6-101. Powers and duties of officers. (1) Every Colorado wildlife officer or other commissioned officer of the division shall enforce the provisions of articles 1 to 6 of this title. Every other peace officer, as defined in section 33-1-102 (32), may assist the Colorado wildlife officers in

the enforcement of articles 1 to 6 of this title. Each such officer has the full power and authority to arrest any person who he or she has probable cause to believe is guilty of a violation of articles 1 to 6 of this title, and, in accordance with the constitutions and laws of the United States and the state of Colorado, to open, enter, and search all places of concealment where he or she has probable cause to believe wildlife held in violation of articles 1 to 6 of this title is to be found or where other material evidence relating to a violation of articles 1 to 6 of this title is to be found and to seize the same. Each such officer shall have the authority to secure and execute search or arrest warrants.

(2) Any peace officer, as defined in section 33-1-102 (32), empowered with enforcing the provisions of articles 1 to 6 of this title has the authority to go onto any lands or waters, public or private, to demand of any person, who he has reason to believe has exercised the benefits conferred by any license provided for in articles 1 to 6 of this title, the immediate production of such license and any wildlife in possession; and such peace officer shall have the right and opportunity to inspect such licenses and wildlife.

(3) When protection of the public health, safety, or welfare requires, any officer having the power to enforce the provisions of articles 1 to 6 of this title shall have the authority to make use of any motor vehicle or other means of transportation, whether privately or publicly owned, to aid him in the performance of his duties. Payment of reasonable compensation shall be made for the use of such motor vehicle or other means of transportation.

(4) Repealed.

33-6-102. Items constituting public nuisance - when - seizure. (1) Every motor vehicle, vessel, firearm, seine, net, trap, explosive, poisonous or stupefying substance, or other personal property used in the hunting, taking, or harassing of wildlife in violation of the provisions of articles 1 to 6 of this title is declared to be a public nuisance. Every such item shall be subject to seizure, confiscation, and forfeiture or destruction as provided in this section, unless the possession of said property is not unlawful and the owner of said property was not a party to the violation and would suffer undue hardship by the sale, confiscation, or destruction of the property.

(2) (a) Any personal property subject to seizure, confiscation, and forfeiture or destruction under the provisions of this section, which is seized as a part of or incident to a criminal proceeding for violation of the provisions of articles 1 to 6 of this title and for which disposition is not provided by another statute of this state, shall be disposed of as provided in this section.

(b) (I) The division shall be in violation of this section if it seizes any personal property that is not part of or incident to a criminal proceeding for violation of articles 1 to 6 of this title and does not return such property on demand.

(II) If the division violates subparagraph (I) of this paragraph (b) or any other provision of law when seizing personal property, the division shall be charged one hundred dollars per day per violation plus any attorney's fees incurred by the owner of the property.

(3) Any such property, the possession of which is illegal and which in the opinion of the court having jurisdiction over the criminal proceeding is not properly the subject of a sale, may be destroyed pursuant to a warrant for the destruction of personal property issued by the court and directed to the division. The court shall stay the execution of any such warrant during the period in which the property is used as evidence in any pending criminal or civil proceeding.

(4) Except as otherwise provided in this section, the court may order any such property sold by the division in the manner provided for sales on execution. The proceeds of the sale shall be applied as follows:

(a) To the fees and costs of removal and sale;
(b) To the payment of the state's costs on such action; and
(c) The balance, if any, or any portion thereof not otherwise distributed pursuant to this paragraph (c), to the wildlife cash fund. Instead of being deposited in the wildlife cash fund, such balance or any portion thereof may be transmitted, upon order of the court, as follows:

(I) To the seizing agency, if the court finds that the proceeds can be used by such agency;
(II) To any person who suffers bodily injury or property damage as a result of the action which constitutes the violation, if said person petitions the court therefor.

(5) In lieu of ordering the sale or destruction of such property, the court may, if it finds that it can be used by the agency which seized it, order it delivered to the agency for such use.

(6) The division shall not undertake any seizure of property pursuant to this section unless the division has complied with parts 3 and 5 of article 13 of title 16, C.R.S., as applicable.

33-6-103. Prosecution of offenses. If the possession, use, importation, exportation, transportation, storage, sale, or offering or exposing for sale of wildlife is prohibited or restricted by articles 1 to 6 of this title or by rule or regulation of the commission, the prohibition or restriction, where not otherwise specifically provided, shall extend to and include every part of such wildlife, and a violation as to each animal or part thereof shall be a separate offense. Two or more offenses may be charged in the same complaint, information, or indictment, and proof as to part of an animal shall be sufficient to sustain a charge as to the whole of it. Violations as to any number of animals of the same kind may be charged in the same count and punished as a separate offense as to each animal.

33-6-104. Imposition of penalty - procedures. (1) Any person who violates any of the provisions of articles 1 to 6 of this title or any rule of the commission that does not have a specific penalty listed is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of fifty dollars, a surcharge as described in section 24-33.5-415.6, C.R.S., and an assessment of five license suspension points.

(2) At the time that any person is charged with violating any misdemeanor provisions of articles 1 to 6 of this title or any rule of the commission, the officer shall issue a summons and complaint to the alleged offender or, in the case of a violation for which a fine of a fixed amount is prescribed, may give the alleged offender an opportunity to voluntarily pay the fine and surcharge in the form of a penalty assessment. Penalty assessments shall not be issued for violations for which minimum and maximum fines have been established. The penalty assessment notice given to the alleged offender shall contain the information required in and be in the form of a summons and complaint and shall specify in dollars the amount of the penalty to be assessed for the alleged offense and the amount of the surcharges to be collected pursuant to sections 24-4.2-104 (1) and 24-33.5-415.6, C.R.S. If the alleged offender accepts such notice and pays the fine and the surcharges entered

thereon to the division within fifteen days of issuance of the notice, such acceptance and payment shall constitute an acknowledgment of guilt by such person of the violation set forth in the penalty assessment notice. Any person who accepts a penalty assessment notice but who does not furnish satisfactory evidence of identity or who the officer has reasonable and probable grounds to believe will disregard a written promise to pay the specified fine and surcharges may be taken by the officer to the nearest known post-office facility and be required to remit the amount of the specified fine and surcharges to the division immediately by mail in United States currency or other legal tender by money order or personal check. Refusal or inability to remit the specified fine and surcharges by mail when required shall constitute a refusal to accept a penalty assessment notice. The officer shall advise the person arrested of the license suspension points to be assessed in accordance with section 33-6-106. Checks tendered by the violator to and accepted by the division and on which payment is received by the division shall be deemed sufficient receipt. If the fine and surcharges are not so paid, then the officer who issued the penalty assessment notice shall docket the summons and complaint with a court of competent jurisdiction for appearance by the person to answer the charges therein contained at such time and place as is specified in the summons and complaint.

33-6-105. Disposition of fines and surcharges. (1) (a) Except as otherwise provided in paragraph (b) of this subsection (1), all moneys collected for fines under articles 1 to 6 of this title, either by payment of a penalty assessment or assessed by a court upon conviction and resulting from issuance of a citation by a wildlife officer of the division of parks and wildlife, shall be transmitted to the state treasurer, who shall credit one-half to the general fund and one-half to the wildlife cash fund or, for offenses involving nongame wildlife, to the nongame and endangered wildlife cash fund.

(b) When an arrest has been made or the citation for any wildlife offense has been issued by a park officer of the division of parks and wildlife or by any other Colorado peace officer, as defined in this title, the state treasurer shall credit one-half of the moneys collected to the general fund and one-half to the Colorado town, city, county, city and county, or state agency whose officer issued the citation.

(2) It is the duty of every clerk of a court before which prosecutions and appeals of violators of articles 1 to 6 of this title are heard, within twenty days after any such trial, appeal, disposition, or dismissal thereof, to notify the division, in writing, of the result thereof and the amount of fines collected, if any, and the disposition of such fines.

(3) The provisions of the "Colorado Crime Victim Compensation Act", article 4.1 of title 24, C.R.S., shall not apply to articles 1 to 6 of this title, and the costs imposed by said act shall not be levied on criminal actions for violations of articles 1 to 6 of this title.

(4) No fine, penalty, or judgment assessed or rendered under the provisions of articles 1 to 6 of this title shall be suspended, reduced, or remitted otherwise than as expressly provided by law.

(5) All moneys collected by the division as surcharges on penalty assessments issued pursuant to section 33-6-104 shall be transmitted to the court administrator of the judicial district in which the offense was committed for credit to the victims and witnesses assistance and law enforcement fund established in that judicial district.

33-6-106. Suspension of license privileges - repeal. (1) The commission, or a hearing officer who has been delegated authority by the commission, has the exclusive authority to suspend the privilege of applying for, purchasing, or exercising the benefits conferred by any or all licenses issued by the division for a period not to exceed five years, except as otherwise provided in articles 1 to 6 of this title, if a person:

(a) Has been convicted of violations of articles 1 to 6 of this title totaling twenty or more points in any consecutive five-year period;

(b) While a Colorado resident:

(I) Has been convicted of wildlife violations of another state, or any Canadian province, United States territory, or federal agency which is a member of the "Wildlife Violator Compact", part 26 of article 60 of title 24, C.R.S., for which equivalent charges exist in this state, and such convictions, individually or when combined with convictions specified in paragraph (a) of this subsection (1), would total twenty or more points in any consecutive five-year period.

(II) (Deleted by amendment, L. 2003, p. 1940, § 4, effective May 22, 2003.)

(c) Has been convicted of any violation of title 18, C.R.S., that was committed while hunting, trapping, fishing, or engaging in a related activity or of any federal wildlife violations within Colorado and such federal convictions, individually or when combined with convictions specified in paragraph (a) of this subsection (1), total twenty or more points;

(d) Is found to meet the requirements for reciprocal suspension as provided in the "Wildlife Violator Compact", part 26 of article 60 of title 24, C.R.S.;

(e) Has been convicted of any violation under section 33-6-114.5 (2), (3), (4), (5), or (6).

(2) For the purposes of license suspension under subsection (1) of this section, the payment of a penalty assessment, a court conviction, a plea of nolo contendere, the acceptance of a deferred or suspended sentence by the court, the adjudication of a juvenile as delinquent for any violation of this title that would have resulted in a conviction if prosecuted as an adult, or forfeiture of bail shall be deemed a conviction.

(3) Any person who is to be considered for suspension, including permanent suspension, shall be given due notice of such action and shall be given the opportunity to appear and show cause why his or her license privileges should not be suspended. Such notice shall be in the form of a certified letter, return receipt requested, sent to the last-known address of the person, stating the violations and the date of hearing. Proof of such mailing and attempted delivery shall be sufficient proof of the notice required by this subsection (3).

(4) Except as otherwise provided in subsection (4.5) of this section, any hearing on the suspension of license privileges for Colorado residents shall be held in a regional or area office of the division nearest to the residence of the respondent or, in the case of nonresidents, in such other location as may be determined by the division. Such hearing shall be conducted by a hearing examiner on behalf of the commission. The hearing examiner may administer oaths and affirmations, issue subpoenas for the attendance of witnesses and the production of books and papers, and apply to the district court for enforcement thereof. The hearing examiner shall not be subject to the provisions of part 10 of article 30 of title 24, C.R.S. The director shall appoint such hearing examiners, who may be employees of the division.

(4.5) With respect to any suspension of the license of a resident pursuant to the provisions of a compact with another state, territory, or province for failure to comply with the terms of a

summons, complaint, summons and complaint, penalty assessment notice, or other official notice of an alleged wildlife violation issued by a wildlife officer or other authorized peace officer in such other state, territory, or province, the hearing shall be conducted by the commission at the time and place of a regularly scheduled meeting without the need for any prior hearing by the hearing examiner. The commission shall have the authority with respect to any such suspension to suspend the resident's privileges until satisfactory evidence of compliance with the terms of the summons, complaint, summons and complaint, penalty assessment notice, or other official notice of violation has been furnished to the division.

(5) Notice of any resulting suspension shall be sent to the person by certified mail, return receipt requested, to the last-known address of such person and to license agents and other persons who should be notified of such suspensions.

(6) Any person whose license privileges have been suspended shall not be entitled to purchase, apply for, or exercise the benefits conferred by any license issued by the division until such person's suspension has expired. Any person who violates this subsection (6) is guilty of a misdemeanor and, upon conviction, shall be punished by a fine of five hundred dollars. Conviction under this subsection (6) shall result in an automatic two-year extension of the existing suspension added to the end of the original suspension unless such person was under a lifetime suspension when such violation occurred. If a person is under a lifetime suspension and violates this subsection (6), such person shall be guilty of a misdemeanor and shall be punished by a fine of not less than one thousand dollars nor more than ten thousand dollars or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment.

(7) The commission may delegate the exercise of its exclusive authority to suspend wildlife license privileges to any hearing examiner appointed by the division. The hearing examiner's decision may be appealed to the commission by filing a notice of appeal with the commission within thirty days after receipt of the hearing examiner's decision.

(8) If a person's privilege of applying for, purchasing, or exercising the benefits conferred by any or all licenses issued by the division is suspended three or more times pursuant to this section, such person shall receive a lifetime suspension of such privileges.

(9) (a) A person may petition the commission to end a suspension once every five years either:

- (I) After half of a suspension of at least ten years but less than a lifetime has elapsed; or
- (II) After fifteen years of a lifetime suspension has elapsed.

(b) If a person petitions the commission to end a suspension, the commission shall hold a hearing to determine whether to end the suspension within one hundred twenty days after receiving the petition; except that a person may petition the commission no more than three times. Upon receiving a fourth or subsequent petition, the commission may deny the petition without a hearing.

(c) (I) The commission may end a suspension if:

- (A) The person is unlikely to violate this article again;
- (B) The person has not been convicted of or pled guilty or nolo contendere to any violation of articles 1 to 6 of this title after the suspension was imposed; and
- (C) The suspension is the person's first in Colorado.

(II) In determining whether to end a suspension under this subsection (9), the commission may consider whether the person has been convicted of or pled guilty or nolo contendere to any

misdemeanor or felony.

(d) If a suspension is ended, the commission may require the petitioner to:

(I) Pay a reinstatement fee, not to exceed three hundred dollars;

(II) Perform service, not to exceed forty hours, under the division's direction on wildlife or state park projects; or

(III) Attend a hunter's safety or hunter outreach course.

(e) The commission shall hold a hearing required by this subsection (9) at one of its regularly scheduled meetings but not more than quarterly.

(f) This subsection (9) is repealed, effective July 1, 2017. Prior to the repeal, the commission shall review the petition program under this subsection (9) to determine whether the number of petitions granted justifies the continuance of the program. Based upon this review, the commission shall make recommendations to the general assembly whether to continue this subsection (9) by October 1, 2016.

33-6-107. Licensing violations - penalties - rule. (1) (a) Except as otherwise provided in articles 1 to 6 of this title or by rule of the commission, a person shall not procure or use more than one license of a certain type in a calendar year. (b) A license procured in violation of this subsection (1) is void.

(2) (a) Any person who makes a false statement or provides false information in connection with applying for or purchasing a license, or any license agent who knowingly uses or accepts false information in connection with selling or issuing a license, is guilty of a misdemeanor and, upon conviction, shall be punished by the following fines:

(b) For each big game license, fifteen license suspension points and a fine that is equal to twice the cost of the most expensive license for such species shall be assessed.

(3.5) Except as provided in subsection (9) of this section, it is unlawful for any person under sixteen years of age to hunt wildlife with a youth license issued pursuant to section 33-4-102 (1.4)

A person who violates this subsection (6) is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of fifty dollars and an assessment of ten license suspension points.

A person who violates this subsection (7) is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of two hundred dollars and an assessment of fifteen license suspension points, and licenses so used are void.

(8) (a) Unless otherwise permitted by commission rule, it is unlawful for any person born on or after January 1, 1949, to purchase or obtain any hunting license, hunt, or trap unless the person has been issued a hunter education certificate by the division, attesting to the person's successful completion of a division-certified hunter education course taught by a division-certified instructor or equivalent education and training recognized by the division under paragraph (b), (c), or (e) of this subsection (8) or subsection (10) of this section.

(b) In order to increase hunter recruitment and retention, the commission may promulgate a rule establishing alternative requirements to obtain a certificate of hunter education. The alternatives may include: Options to demonstrate knowledge of hunting, safety, and ethics; course delivery options; issuing temporary or apprentice certificates of hunter education; and an option to test out of the hunter education course.

(c) The commission shall promulgate a rule allowing veterans, including active-duty, reserve-duty, or national guard personnel, to obtain a hunter education certificate without attending a hunter education course if the veteran successfully passes a test-out option as developed by the commission. To qualify, a veteran must be discharged under honorable conditions.

(d) Unless the certificate of hunter education has been verified by the division, any person

required to obtain a certificate of hunter education shall have the certificate on his or her person while hunting, trapping, or taking wildlife.

(e) For the purposes of this subsection (8), the division shall recognize, in addition to Colorado hunter education certificates issued on or after January 1, 1985, those Colorado hunter education certificates issued before January 1, 1985, and any valid temporary hunter education certificate issued by the division, and the division may recognize the hunter education programs of or certificates of other states or countries as being sufficient for the purposes of purchasing a hunting license in Colorado.

(a) The purpose of this part 2 is to implement section 12b of article XVIII of the state constitution, adopted by the people at the 1996 general election.

(b) The provisions of this part 2 are intended to honor the expressed desire of the people of Colorado to promote humane methods of animal control and discourage the use of inhumane methods while preserving the ability to protect human life, health, safety, and property by taking wildlife when there is no practical alternative.

(c) Whenever possible, this part 2 should be read in conjunction and harmony with the other provisions of this title and with sections 35-40-101 and 35-40-102, C.R.S.; except that, in case of conflict, the provisions of this part 2 shall prevail.

33-6-202. Definitions. As used in this part 2, unless the context otherwise requires:

(1) "Department of health" means a governmental entity with the responsibility to prevent or alleviate diseases and other biological or environmental hazards to human health or safety. The term specifically includes, without limitation, the department of public health and environment, created in section 25-1-102, C.R.S., and every department or agency at the county or local level that is charged with comparable powers and duties.

(2) "Human health or safety" means the physical health or safety of individual human beings. The term does not encompass economic, aesthetic, or social values or the health of ecosystems.

33-6-203. General prohibition - penalties. (1) Except as otherwise provided in this part 2, it is unlawful to take wildlife with any leghold trap, any instant kill body-gripping design trap, or by poison or snare in the state of Colorado. Penalties shall be as provided in section 33-6-109 unless a different penalty is specifically provided in this part 2.

(2) Except as otherwise provided in this part 2, any person who attempts to take wildlife using any leghold trap, instant kill body-gripping design trap, poison, or snare commits a class 1 petty offense and, upon conviction thereof, shall be punished by a fine of forty dollars and an assessment of four license suspension points.

(3) An owner or lessee of private property or an employee of such owner or lessee, as such terms are defined and used in sections 33-6-207 and 33-6-208, who takes wildlife using any leghold trap, instant kill body-gripping design trap, poison, or snare on such private property under circumstances that give rise to the exemption set forth in section 33-6-207 (1) but without complying with the notice and certification requirements of section 33-6-208 (1) (c) commits a class 2 petty offense and, upon conviction thereof, shall be punished by a fine of twenty-five dollars; except that, upon conviction of a second or subsequent offense, the fine shall be fifty dollars.

33-6-205. Exemption - departments of health. (1) Section 33-6-203 shall not apply to the taking of wildlife by federal, state, county, or municipal departments of health for the purpose of protecting human health or safety.

(2) (a) To ensure that the taking of wildlife pursuant to subsection (1) of this section is accomplished in as competent, safe, effective, and humane a manner as is possible, a department of health may contract with an independent contractor or, by appropriate intergovernmental agreement, enlist the aid of qualified employees or agents of the division, the United States department of agriculture, the state department of agriculture, or a local police department or animal control agency for the taking of wildlife.

(b) The commission is authorized to adopt and enforce reasonable rules for the licensing and supervision of persons desiring to act as independent contractors under this section. This paragraph (b) shall not supersede the licensure requirements of the "Pesticide Applicators' Act", article 10 of title 35, C.R.S.

33-6-206. Exemptions - nonlethal methods. (1) Notwithstanding section 33-6-203, but subject to regulation by the commission, authorized persons may use nonlethal snares, traps specifically designed not to kill, or nets to take wildlife for purposes of:

- (d) Medical treatment of the animal being captured.

33-6-207. Exemption - landowners' protection of crops and livestock - definitions - authority of division and of department of agriculture. (1) Section 33-6-203 shall not apply to the owner or lessee of a parcel of private property, nor to the employees of such owner or lessee, so long as all of the following conditions are met:

- (a) The property is primarily used for commercial livestock or crop production;
- (b) The use of the methods otherwise prohibited by section 33-6-203 occurs only on the property;
- (c) Such use does not exceed one thirty-day period per year for each parcel of private property; and
- (d) The owner or lessee can present on-site evidence to the division that ongoing damage to livestock or crops has not been alleviated by the use of methods other than those prohibited by section 33-6-203.

If the possessory interest is held in trust, "lessee" includes a beneficiary of such trust.

(d) "Livestock" includes all animals raised for profit.

(e) "Ongoing damage" means measurable physical harm to livestock or crops that has resulted or will result in economic loss to an owner or lessee and appears likely to continue or recur in the near future.

(II) Where direct evidence has not been preserved, current or recent losses may be considered as "on-site evidence" so long as such losses are documented.

(g) "Owner" means the holder of record title to real property. If the title to real property is held by a corporation, partnership, association, or other entity, "owner" includes the individual shareholders, principals, partners, or members of such entity. If the title to real property is held in trust, "owner" includes a beneficiary of such trust.

(h) "Parcel of private property" means either of the following, at the option of the owner or lessee thereof:

(3) The division and, in the case of depredating animals as defined in section 35-40-100.2 (4), C.R.S., the department of agriculture shall have the authority to adopt and enforce reasonable rules governing trapping, snaring, and poisoning activity under subsection (1) of this section. Such rules may include, without limitation, reasonable restrictions on the devices and, to the extent permissible under section 33-6-209, the poisons to be used and the manner of their use, including a requirement for serial numbering or other identification of devices if such is deemed necessary or desirable. The general assembly specifically endorses the implementation of a coordinated trade-in or pooling program to encourage the phasing out of older, less humane devices and the use, in their

place, of newer, more humane ones.

33-6-208. Thirty-day period - administration - conditions precedent to use of exemption. (1) For purposes of the exemption specified in section 33-6-207:

(a) Where an owner or lessee raises livestock or crops on two or more separate parcels of private property, the exemption stated in section 33-6-207 shall apply separately to each parcel.

(b) The division shall verify that the owner or lessee has made reasonable efforts to alleviate ongoing damage to livestock or crops through reasonable efforts using methods other than those prohibited by section 33-6-203. The use of at least two of the following methods is presumed to represent reasonable efforts:

(I) Routine gathering of livestock in areas where predators are known to be present;

(II) The use of guard animals;

(III) The use of flashing lights, boom guns, or other scare tactics;

(IV) The presence of human herders or guards;

(V) Any other industry-accepted method that is effective in reducing losses and whose use is approved by the agriculture commission and the parks and wildlife commission for that purpose.

(c) (I) An owner or lessee seeking to use the exemption stated in section 33-6-207 shall notify the division by telephone, telefacsimile, or first-class mail before the beginning of each period during which trapping, snaring, or poisoning activity is to take place. Within ten days after giving such notice, the owner or lessee shall provide the division with a written certification that there exists on-site evidence of ongoing damage to livestock or crops and that the owner or lessee has made reasonable efforts to alleviate such damage by the use of alternative methods.

(II) The owner or lessee need not present on-site evidence of damage or of reasonable efforts using alternative methods before commencing trapping, snaring, or poisoning activity, but the owner or lessee shall be prepared to do so upon request of the division at any time within the thirty-day period. The division may, at its option, send an employee or agent to visit the site and verify compliance with the requirements of this section and of section 33-6-207.

(b) The commission may raise or lower park fees and charges described in paragraph (a) of this subsection (4) if the commission reasonably anticipates that the total annual revenues realized from such fees and charges will not increase by more than twenty percent over the annual amount earned from fees and charges as they existed on July 1, 2011.

33-9-103. Office of director of division created - duties. (1) (a) The office of director of the division is hereby created. The commission, with the consent of the executive director, shall appoint the director. 33-9-107. Reaffirmation of assent to federal Pittman-Robertson and Dingell-Johnson acts. Nothing in this article alters or affects the state's assent to the federal acts described in sections 33-1-117 and 33-1-118, which assent prohibits diversion of license fees paid by hunters and sport fishermen to purposes other than administration of the fish and wildlife agency.

33-9-108. Transfer of functions - employees - property - records - rules - contracts - lawsuits - statutory references. As used in this section, "interest in land and water" means any and all rights and interest in land less than the full fee interest, including future interests, easements, covenants, and contractual rights. Every interest in land and water held by the commission when properly recorded runs with the land or water to which it pertains for the benefit of the citizens of this state and may be protected and enforced by the commission in the district court of the county in which the land or water, or any portion thereof, is located.

(b) Lease, exchange, or sell any property, water rights, land, or interest in land or water rights, including oil, gas, and other organic and inorganic substances which now are or may become surplus or which, in the proper management of the division, the commission desires to lease, exchange, or sell. A transaction otherwise qualifying as an exchange is not deemed a sale merely because dollar values have been assigned to any property, water rights, land, or interest in land or water rights, for the purpose of ensuring that the commission will receive adequate compensation.

(c) Construct, lease, or otherwise establish public parks or outdoor recreational facilities and conveniences at any site or on any land controlled by the commission or in which it holds an interest, operate and maintain any such lands, facilities, and conveniences, and provide services with respect thereto, and, when appropriate, make reasonable charges for their use or enter into contracts for their maintenance or operation;

(d) Enter into cooperative agreements with state and other agencies, educational institutions, municipalities, political subdivisions, corporations, clubs, landowners, associations, and individuals for the development and promotion of parks and outdoor recreation programs;

(g) Encourage the organization of public parks and outdoor recreational activities in political subdivisions of the state;

(h) Establish by rules pursuant to section 33-10-111 (5) the amounts of fees for certificates, permits, licenses, and passes and any other special charges in order to provide for cash revenues necessary for the continuous operation of the state park and recreation system, subject to section 33-10-115; except that no such fees shall be used for capital construction other than controlled maintenance activities. The capital development committee shall review the reports submitted by the commission and make recommendations to the commission concerning the proposed land transaction within thirty days from the day on which the report is received. The commission shall not complete the transaction without considering the recommendations of the capital development committee, if the recommendations are made in a timely manner.

Development and management of each segment of the trails system shall be designed to harmonize with and complement any established multiple-use plans for that specific area in order to insure continued maximum benefits from the land. Acquisition shall be, whenever possible, through donations, purchased with donated funds, or

through easements and exchanges. When such methods fail, the division may authorize expenditure of state appropriations for acquisition in fee. Agreements for less than fee shall be for terms of not less than twenty-five years whenever possible.

(2) The division may abandon all or any portion of a trail or easement acquired for trail purposes which is no longer necessary for such purposes, or it may transfer any trail or easement acquired for trail purposes to a local government having jurisdiction over the area in which the trail or easement is located if such local government agrees to maintain and operate the trail.

(3) The division shall notify the owner of land through which any trail or easement acquired for trail purposes passes prior to entering into an operating agreement for that trail with any local government, and it shall secure the consent of the landowner prior to the transfer of any trail or easement acquired for trail purposes to a local government.

(4) Nothing in this article shall permit the acquisition of recreational trails by proceedings in eminent domain by any state agency or any unit of local government or any agency thereof; except that, when a recreational trail is included within a highway right-of-way, the department of transportation may acquire such contiguous land as a part of the right-of-way as is necessary to permit the uninterrupted continuation of the recreational trail.

(5) Nothing in this section modifies, impairs, or supersedes the authority of the commission or the ability of the division to acquire any interest in water or water rights pursuant to section 33-10-107 (1) (a).

(6) Trails acquired pursuant to this article shall not be used for purposes of annexation or access to private lands. Access to private property may be allowed upon consent of the landowner. Nothing in this subsection (6) shall preclude the annexation of private lands with the consent of the landowner.

33-11-105. Recreational trails committee. (1) There is hereby created the Colorado recreational trails committee, which is advisory and consists of nine members, eight of whom are appointed by the commission. One member shall be appointed from the governing committee of the state board of the great outdoors Colorado trust fund created by section 6 of article XXVII of the state constitution. The terms of the members appointed by the commission are four years. No member shall serve more than two consecutive terms. One member shall be appointed from each congressional district, one member shall be appointed from the state at large, and one member shall represent and be appointed by the state board of the great outdoors Colorado trust fund. The committee shall include in its membership representation of the broad spectrum of trail users. (3) Repealed.

33-11-106. Responsibilities of committee. (1) The committee, with the approval of the

commission, shall coordinate trail development among local governments and shall assist local governments in the formation of their trail plans and advise the commission quarterly of its findings. In carrying out this responsibility, the committee shall review records of easements and other interests in land which are available and may be adapted for recreational trail usage, including public lands, utility easements, floodplains, railroad and other rights-of-way, geological hazard areas, gifts of land or interests therein, and steep slope areas. The committee shall advise the commission in the development of uniform standards for trail construction that may be adopted by the commission for statewide use and that shall be made available to participating local governments. The committee shall offer plans and methods for funding a trails system through user fees or other financing methods.

(2) Repealed.

33-11-107. Availability of funds. The commission is authorized to make funds appropriated by the general assembly for the purposes of this article available to local governments and nonprofit organizations in accordance with criteria developed by the committee and adopted by the commission. The committee shall advise the commission of its recommendations for the allocation of such funds among participating local governments and nonprofit organizations.

33-11-108. State trails system. (1) The commission shall designate a state trails system. The trails comprising such system shall meet criteria established by the commission and shall be consistent with the objectives of this article.

(2) The commission shall establish a procedure whereby federal, state, and local governments and nongovernmental organizations may propose trails for inclusion within the system.

(3) In consultation with appropriate federal, state, and local governments and nongovernmental organizations, the commission shall establish a procedure for review and public hearings upon proposals for the inclusion of trails in the system.

(4) The commission may participate in the planning, establishment, development, and long-term operation and maintenance of segments of national scenic trails which might be authorized by the congress of the United States.

(5) The establishment of trails to or along lakes, streams, or reservoirs shall not constitute any determination relative to the suitability of the river segment for designation as a wild, scenic, or recreational river under the federal "Wild and Scenic Rivers Act".

33-11-109. Trail categories - rules. (1) Any of the following categories of trails may be established:

(a) Cross-state trails which connect scenic, historical, geological, or other significant features which are characteristic of the state;

(b) Water-oriented trails which provide a designated path to or along lakes, streams, or reservoirs in which water and other water-oriented recreational opportunities are the primary points of interest;

(c) Scenic-access trails which give access to quality recreation, scenic, historic, or cultural areas of statewide or nationwide significance;

(e) Historical trails which identify and interpret routes which were significant in the historical settlement and development of the state.

(2) The planning and designation of trails for the state trails system shall take into account and give due regard to the interests of federal agencies, state agencies, individuals, and interested recreation organizations. The categories set forth in subsection (1) of this section need not be used to label specific trails, but the division shall assure that full consideration is given to including trails from all categories within the system.

(3) The commission, through the division, is authorized to conduct studies, and to promulgate such rules as may be necessary for establishing and managing the Colorado greenway trails system. The commission shall consult and cooperate with the Colorado water conservation board, transportation commission, Colorado water resources and power development authority, and all other appropriate units of state government and political subdivisions of the state, including any county, city, city and county, and water conservation and conservancy district; any other public and private persons; and any appropriate federal agencies to establish a Colorado greenway trails system that minimizes adverse impacts on activities, natural features, and sensitive habitats adjacent to trails.

33-11-110. Uniform signs and markers. The commission may establish uniform signs and markers, which signs and markers may include appropriate and distinctive symbols. Where trails cross lands administered by federal agencies, such markers may be provided and erected by the appropriate federal agency at appropriate points along trails and maintained by the federal agency administering the trails in accordance with standards mutually established by the division and the federal agency concerned. Where trails cross lands of state or local governmental agencies, the division may provide such uniform signs and markers to such agencies in accordance with written agreements and may require such agencies to erect and maintain them in accordance with standards established in such agreements.

33-11-111. Cooperation with state agencies. The department of transportation, the state board of land commissioners, the urban drainage and flood control district, and other state agencies and political subdivisions having jurisdiction or control over or information concerning the use, abandonment, or disposition of highway or utility rights-of-way or other properties that may be suitable for the purpose of improving or expanding the state trails system shall cooperate with the division to assure, to the extent practicable, that any such properties that are suitable for trail purposes may be made available for such use.

33-11-112. Trails enforcement. It is unlawful for any person, except a parks and recreation

officer or other peace officer, to operate a motorized vehicle on a signed and designated nonmotorized trail. Any person who violates this section is guilty of a class 2 petty offense and, upon conviction, shall be punished by a fine of one hundred fifty dollars.

ARTICLE 12

Passes and Registrations

33-12-100.2. Legislative declaration. The general assembly hereby finds, determines, and declares that the system of state parks and state recreation areas is vital to the economic health and well-being of the entire state of Colorado and that such system of parks and recreation areas provides an important benefit to the citizens of this state and to the tourists from outside the state who visit and make use of such state parks and recreation areas. Because of the nature and operation of such state parks and recreation areas, the system can be largely self-supporting, and the users of such resources can help to fund the system's operation and maintenance. The general assembly declares and intends that as a matter of state policy the system of state parks and state recreation areas should be financed as much as reasonably possible through revenues derived from the users of such system.

33-12-101. Passes and registrations - rules - definition. (1) (a) Except as specified in section 33-12-103 (1) (b), every pass or registration expires on the date printed or written on the face of the document. The commission may adopt rules establishing a subscription program through which a person to whom an annual pass has been issued pursuant to this article is notified, prior to the expiration of the pass, of the opportunity to renew the pass by mail or other means determined by the commission. As used in this article, "document" means pass or registration.

(b) When, in articles 10 to 15 and 32 of this title or a rule adopted pursuant thereto, the doing of an act between certain dates or from one date to another is allowed or prohibited, the period of time indicated includes both dates specified.

(2) Money received in payment for passes and registrations issued under articles 10 to 15 of this title shall not be refunded, except as follows:

(a) For proven errors committed by the division in issuing passes or registrations;

(b) For bona fide emergencies as may be determined by the division.

(3) In the event of loss or destruction of a pass or registration, the person to whom the document was issued, upon payment of a fee of fifty percent of the cost of the original document, but not to exceed five dollars, may obtain a replacement pass or registration by signing an affidavit stating where and by whom said document was issued and the circumstances under which the document was lost or destroyed. If the division determines that a pass or registration has been lost or destroyed in the mail, the person to whom the document was issued may obtain a replacement

pass or registration without charge by signing an affidavit stating that such document was never received. The division shall supply agents selling such documents with affidavit forms for obtaining a replacement pass or registration.

33-12-102. Types of passes and registrations - fees - repeal. (Repealed)

33-12-103. Aspen leaf annual pass - aspen leaf lifetime pass - rules - report. (1) (a) A resident of this state, as defined in section 33-10-102, may obtain from the division an aspen leaf annual pass, which pass is valid from the date the pass is purchased through the last day of the month of purchase in the following year. The commission shall determine the age of eligibility for the aspen leaf pass.

(b) (I) A resident of this state, as defined in section 33-10-102, may obtain from the division an aspen leaf lifetime pass, which is valid from the date the pass is purchased through the lifetime of the pass holder. The age of eligibility for the aspen leaf lifetime pass is the same as that for the aspen leaf annual pass pursuant to paragraph (a) of this subsection (1). Notwithstanding any provision of law to the contrary, the fee for the aspen leaf lifetime pass is as set by rule of the commission; except that the fee shall not exceed five times the cost of the aspen leaf annual pass.

(II) (A) The aspen leaf lifetime pass shall not be sold on or after March 1, 2014.

(B) Prior to that date but during the second regular session of the sixty-ninth general assembly, the department shall prepare and deliver a report to the senate agriculture and natural resources committee and the house of representatives agriculture, livestock, and natural resources committee, or their successor committees, evaluating the aspen leaf lifetime pass. The report shall include, at a minimum, the number of aspen leaf lifetime passes sold and the financial impacts of the aspen leaf lifetime pass.

(2) Except as provided by rule of the commission, for the purpose of this section, the holder of an aspen leaf annual pass or aspen leaf lifetime pass shall own in whole or in part any vehicle used to enter a park area, the vehicle shall have a current valid registration issued by the department of revenue, and the pass holder shall be present in the vehicle. An aspen leaf pass or aspen leaf lifetime pass entitles the holder to enter state park and recreation areas during the period that the pass is valid and when such areas are open.

(3) Each aspen leaf annual pass issued shall be affixed to the vehicle for which it was issued in the manner prescribed by rule promulgated by the commission. Each aspen leaf lifetime pass shall be displayed by the person to whom it was issued, in the manner prescribed by the commission by rule, when the person enters a state park or state recreation area.

(4) The continued use of the aspen leaf annual pass and the aspen leaf lifetime pass shall be subject to the holder's observance of rules concerning the state park or the state recreation area. For a violation of any of such rules, the division has the power to suspend the pass for six months; for a second violation, for one year; and, for a third violation, indefinitely. Any person aggrieved by an action of the division taken pursuant to this subsection (4) may appeal such action in accordance with the procedures provided in article 4 of title 24, C.R.S.

33-12-103.5. Columbine annual pass - rules. (1) As used in this section, unless the context otherwise requires, a person is "disabled" if the person has been determined to be totally and permanently disabled by the social security administration, the division of workers' compensation, or pursuant to rule or regulation of the division.

(2) (a) A disabled resident may obtain from a regional office or the central office of the division, or at such other locations as may be determined by the division, a Columbine annual pass. The pass shall be valid from the date the pass is purchased through the last day of the month of purchase in the following year. A columbine annual pass shall entitle the disabled resident to enter state park and recreation areas during the period that the pass is valid and when such areas are open.

(b) The commission, by rule, shall provide for a transferable columbine annual pass that is valid when temporarily affixed to any vehicle used to bring such pass holder into a park.

(3) The continued use of the columbine annual pass shall be subject to the holder's observance of rules and regulations concerning the state park or state recreation area.

33-12-104. Pass and registration agents - reports - board of claims - unlawful acts - rules. (1) The director may designate sole proprietors, partnerships, or corporations having permanent business locations in this state as pass and registration agents to sell, at their permanent business locations, passes and registrations. Pass and registration agents shall be paid a commission on all moneys collected for passes and registrations sold by such agents in an amount determined by the commission by rule. All agents authorized to sell passes and registrations shall keep accurate records of all sales of passes and registrations and shall make such reports to the division regarding pass and registration sales as may be required. Such agents shall be required to give evidence of financial responsibility, in the form of a savings account, deposit, or certificate of deposit meeting the requirements of section 11-35-101, C.R.S., or an irrevocable letter of credit meeting the requirements of section 11-35-101.5, C.R.S., or a bond, in such amount as may be fixed by the division to insure the remittance of all moneys collected from such pass and registration sales, less amounts allowed as commissions, and the making of reports required by the division. The commission may promulgate rules for the establishment and cancellation of pass and registration agencies. All pass and registration moneys received shall be kept separate and apart from any other moneys of the agent authorized to sell passes and registrations and shall at all times belong to the state. All moneys due from the sale of passes and registrations belong to the state and shall draw interest at the rate of one and one-half percent per month from the time that the agency is cancelled by the division until paid.

(2) The executive director, state auditor, and attorney general, or their duly designated representatives, shall constitute a board of claims for the hearing of all claims for relief when any agent is unable to account for passes and registrations and claims that the same have been destroyed, lost, or stolen. The findings of the board of claims are subject to review pursuant to section 24-4-106, C.R.S. Claims for relief in an amount totaling one hundred dollars or less shall not be determined by the board of claims, except as otherwise provided in this section, but shall be settled by the division. If the division offers to make settlement and such settlement is not accepted by the claimant, the claimant may submit his claim to the board of claims.

(3) Every agent authorized to sell passes and registrations shall account for all passes and registrations delivered to such agent. If any agent is not able to account for any pass or registration, such agent shall be responsible for the maximum amount for which each unaccounted-for pass or registration could have been issued, except as provided in subsections (4) to (8) of this section.

(4) Any agent authorized to sell passes and registrations may make a claim under oath for relief from responsibility for passes and registrations which have been lost, stolen, or destroyed and for which such agent is unable to account, but no claim for relief shall be considered unless the agent making the claim informs the division of such loss, theft, or destruction within thirty days after such loss, theft, or destruction is discovered, said notice to set forth in detail all pertinent information then known to the agent. Upon receipt of any claim for relief, it is the duty of the division to make an investigation of the claim as soon as practicable, and for that purpose the claimant shall make available such records, information, or other pertinent data as may be in his possession or under his control. A written report of such investigation shall be filed with the board of claims.

(5) As soon as practicable after receipt of the investigator's report and in no event later than one hundred twenty days after receipt of notice of a claim for relief, the board of claims shall set a date for the hearing on such claim for relief, and the claimant may appear at the hearing if he so desires. The claimant shall be given not less than ten days' written notice of the date of the hearing, such notice to be mailed to his last-known address.

(6) The board of claims may give relief to any claimant in the following circumstances and subject to the following limitations:

(a) If the board of claims is satisfied that any passes or registrations were destroyed due to fire, flood, act of God, or any other cause beyond the control of the claimant and that destruction was not due in part to his negligence, then the board of claims may entirely relieve the claimant of the responsibility to account for such passes and registrations or make such lesser adjustment as the board of claims may deem proper.

(b) If the board of claims is satisfied that any passes or registrations were either lost, stolen, or destroyed under circumstances other than those set forth in paragraph (a) of this subsection (6), the board of claims may, in its discretion, make an adjustment of the amount due for any such passes or registrations. The board of claims, in determining what adjustment, if any, shall be allowed for any lost, stolen, or destroyed passes and registrations, may consider the following:

(I) Whether or not, or the extent to which, the loss was due to the negligence or carelessness of the claimant in the handling of passes and registrations, but no adjustment shall be made in the case of gross negligence or gross carelessness upon his part;

(II) Such other evidence as the board of claims may consider pertinent.

(7) The board of claims, in the event that it makes any adjustment upon a claim, may, in its discretion, require the use of such protection against the possibility of lost, stolen, or destroyed passes and registrations as it may deem proper, including, but not limited to, the posting of corporate or personal surety bonds.

(8) It is the legislative intent of subsections (2) to (7) of this section to provide in proper cases for the relief of agents where passes or registrations have been lost, stolen, or destroyed, which relief, however, shall be strictly construed, it being the further intent of such subsections to encourage the proper and careful handling of such documents by pass and registration agents.

(9) The commission may promulgate rules for the cash sale of passes and registrations to

pass and registration agents of the division for resale to the public. Only agents of the division in good standing may qualify to purchase and sell under this subsection (9); except that no evidence of financial responsibility shall be required to qualify under this subsection (9). A post or base exchange of the United States government located in Colorado may qualify as an agent for the purpose of this subsection (9). Failure to comply with all applicable rules of the commission and lawful directives of the division regarding pass and registration agents constitutes grounds for the suspension or termination of such an agent, and, upon suspension or termination, all unsold passes and registrations shall be returned immediately to the division for return of cash in the amount paid by the agent for the passes and registrations. The commission, in connection with a program that it may adopt under this subsection (9), shall provide for redemption by the division, at least annually, of any unsold passes and registrations in the amount paid by the agent for such unsold passes and registrations. Subsections (1) to (8) of this section, except the provisions of subsection (1) regarding the designation of pass and registration agents, do not apply to passes and registrations sold under this subsection (9).

(10) The commission may authorize certain employees to sell passes and registrations at the headquarters and regional offices of the division. Such employees are not entitled to a discount off of the face value of the passes and registrations and are not required to give evidence of financial responsibility. Such employees may make claims under oath for relief from responsibility for passes and registrations or moneys that have been lost, stolen, or destroyed and for which the employees are unable to account in accordance with subsections (4) to (8) of this section.

(11) Any pass or registration agent who fails, upon demand of the division or its authorized representative, to account for passes and registrations or who fails to pay over to the division or its authorized representative moneys received from the sale of passes and registrations:

(a) When the amount in question is less than two hundred dollars, is guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not less than two hundred dollars nor more than one thousand dollars, or by imprisonment in the county jail for not more than one year, or by both such fine and imprisonment;

(b) When the amount in question is two hundred dollars or more, commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S., which punishment shall include a fine in an amount set out in section 18-1.3-401 (1) (a) (III), C.R.S.

33-12-105. Licensing violations. (1) Except as otherwise provided in section 33-12-104, it is unlawful for any person to transfer, sell, or assign any pass or registration issued under articles 10 to 15 of this title to another person. Any person who violates this subsection (1) is guilty of a class 2 petty offense and, upon conviction, shall be punished by a fine of two hundred dollars.

(2) Any person who makes any false statement or gives any false information in connection with purchasing or selling a pass or registration or who makes any alteration of a pass or registration is guilty of a class 2 petty offense and, upon conviction, shall be punished by a fine of two hundred dollars, and any such statement, information, or alteration shall render such pass or registration void.

(3) Any person who fails to obtain or make readily available for inspection by a parks and recreation officer or other peace officer an appropriate and valid pass is guilty of a class 2 petty offense and, upon conviction, shall be punished by a fine of twenty-five dollars.

33-12-106. Park entrance privileges - identified veterans - wounded warriors - search and rescue organizations conducting training activities - legislative declaration - rules. (1) Any resident who displays on the resident's vehicle a Colorado disabled veteran's license plate pursuant to section 42-3-304 (3) (a), C.R.S., shall be allowed free entrance to any state park or recreation area, not to include campgrounds, on any day of the year such park or area is open. For the purpose of this section, display of such license plates shall entitle the disabled veteran and passengers in such veteran's vehicle to enter such park or recreation area free of charge.

(2) Repealed.

(2.3) The commission may promulgate rules to allow free entrance to any state park or recreation area, not to include campgrounds, yurts, or other amenities and services offered, for veterans on one day each year. The commission may determine by rule which day veterans are allowed free entrance to state parks and recreation areas.

(2.4) (a) The commission shall promulgate a rule to allow veterans, including active duty personnel, free entrance to any state park or recreation area, not to include campgrounds, yurts, or other amenities and services, for the month of August each year. The commission may promulgate a rule setting evidence standards to show a person is a veteran and issue a sticker or other device that identifies a person as a veteran for future entrance. The commission may also charge a fee for issuing the sticker or other device that identifies a person as a veteran, but the fee must be based on the direct and indirect cost of issuing the sticker or other device.

(b) The general assembly shall annually appropriate moneys to the division to implement this subsection (2.4). If the general assembly does not make the appropriation, the commission need not offer free entrance to veterans to state parks or recreational areas until the money is appropriated.

(2.7) (a) (I) The general assembly hereby finds, determines, and declares that:

(A) Service members returning from post-September 11, 2001, overseas contingency operations who have been injured during combat face a challenging period of rehabilitation upon their return to the United States;

(B) Many of these service members are so severely injured that they require medical assistance for many years, or even the rest of their lives, as they reenter mainstream life;

(C) Although the scope of care provided by the United States armed services wounded warrior programs varies with each service member, based on the needs of the individual, these service members may be assigned, upon return to Colorado, to a medical treatment facility such as Evans army hospital at Fort Carson, Colorado;

(D) Wounded warrior programs are direct efforts by the United States armed services to care for service members during their long transition from combat-related injury to civilian life and to provide assistance to those service members in recovery, rehabilitation, and reintegration that is worthy of their service and sacrifice; and

(E) For those wounded warriors who suffer injuries so severe that they will require intense, ongoing care or assistance for many years or the rest of their lives, a significant part of the healing process is enabling and encouraging these service members to experience some of the outdoor recreational activities they enjoyed prior to their service-related injuries.

(II) The general assembly therefore recognizes the need to provide opportunities for

Colorado's severely injured "wounded warriors" to enjoy the natural resources of the state as part of their rehabilitative care. Furthermore, offering free entrance to state parks and recreation areas to such recovering service members is a small, but recognizable, acknowledgment of their selfless service and sacrifice.

(b) The commission may promulgate rules to allow free entrance to any state park or recreation area, not to include campgrounds, yurts, or other amenities or services offered, for participants in the United States armed services wounded warrior programs who are residents of, or stationed in, Colorado. Any such rules must also allow for free admission of persons accompanying the wounded warrior program participant in the same vehicle.

(c) As used in this subsection (2.7), "United States armed services wounded warrior programs" means:

- (I) The Army wounded warrior (AW2) program;
- (II) The Air Force wounded warrior (AFW2) program;
- (III) The Navy safe harbor program;
- (IV) The Coast Guard wounded warrior regiment; and

(V) Any successor program administered by a branch of the United States armed services to provide individualized support for service members who have been severely injured in overseas contingency operations undertaken since September 11, 2001.

(3) Pursuant to section 33-10-115, a public or nonprofit search and rescue organization shall be allowed free entrance to any state park or recreation area on any day of the year such park or area is open, subject to availability.

33-12-107. Agreements with special districts to collect special district tolls for access road maintenance furnished by special districts. (Repealed)

33-12.5-102. Legislative declaration. The general assembly recognizes that the Arkansas river is a major recreation attraction and a vital resource for residents and nonresidents alike and hereby declares that it is the policy of this state to safeguard the recreational quality of the Arkansas river and the adjacent lands by granting the commission the authority to regulate recreational use on the Arkansas river. It is not the intent of the general assembly to in any way interfere with private

(c) Granting the commission any vested water rights or right to apply for or obtain any decree for a water right for recreational purposes;

(d) Prohibiting or in any way regulating the construction, modification, rehabilitation, or operation of reservoirs, diversion structures, or other facilities necessary for the storage, diversion, or conveyance of water in the drainage of the Arkansas river and its tributaries as otherwise permitted by law;

(e) Superseding, abrogating, or impairing rights to divert water and apply water to beneficial uses in accordance with sections 5 and 6 of article XVI of the Colorado constitution, the provisions of articles 80 to 93 of title 37, C.R.S., or Colorado court decisions with respect to the determination and administration of water rights. Nothing in this article shall be construed, enforced, or applied so as to cause or result in material injury to water rights. The question of whether such material injury to water rights exists and the remedy thereof shall be determined by the water court.

(f) Allowing the commission or the division to require minimum stream flows or minimum water levels in any lakes or impoundments.

33-12.5-105. Repeal of article. (Repealed)

33-13-103. Numbering of vessels required - rules. (1) It is unlawful for any person to operate or use a vessel on the waters of this state or to possess a vessel at a vessel staging area unless the vessel has been numbered and a certificate of the number, referred to in this article as a "registration", has been issued to the vessel by the division. The operator of the vessel shall produce the registration for inspection upon demand of any officer authorized to enforce articles 10 to 15 and

32 of this title. The following are exempt from the requirements of this subsection (1) and from the vessel registration fee as specified pursuant to section 33-10-111 (5):

(a) Any vessel which is neither a motorboat nor a sailboat as defined in section 33-13-102; except that canoes, kayaks, and nonmotorized rafts exempted by this paragraph (a) shall be marked as required by subsection (5) of this section;

(b) Vessels holding a valid marine document issued by the United States;

(c) Vessels which are numbered in accordance with applicable federal law or in accordance with a federally approved numbering system of another state when the registration is valid and the identifying number set forth in the registration is displayed on each side of the bow of such vessel, which vessel is not used within this state during a period of not more than sixty consecutive days;

(d) A vessel from a country other than the United States temporarily using the waters of this state;

(e) A vessel belonging to a class of vessels which has been exempted after the division has found that the numbering of vessels of such class will not materially aid their identification, and, if an agency of the federal government has a numbering system applicable to the class of vessels to which the vessel in question belongs, after the division has further found that the vessel would also be exempt from numbering if it were subject to federal law;

(f) Any vessel defined as a sailboard in section 33-13-102 (3.7) shall be marked as required by subsection (5) of this section.

(2) Every registration issued pursuant to this article shall continue in full force and effect for a period ending December 31 of the year of issuance of the registration unless sooner terminated or discontinued in accordance with the provisions of this article. A registration may be renewed by the owner in the same manner as that provided for obtaining the initial registration. The same number shall be reissued if the application for renewal is received by the division within thirty days before the date of expiration.

(3) The commission shall prescribe by rule a system of numbering that complies with the federal system for numbering vessels.

(4) Any person who violates subsection (1) of this section is guilty of a class 2 petty offense and, upon conviction, shall be punished by a fine of fifty dollars.

(5) It is unlawful for any person to operate or use a canoe, kayak, sailboard, or nonmotorized raft which is not required to be registered under subsection (1) of this section on the waters of this state unless it has been marked with the owner's name and current address in a legible, clearly visible, and durable fashion. The application shall be signed by the owner of the vessel and shall be accompanied by a fee as specified pursuant to section 33-10-111 (5); except that those vessels owned and operated by the state or any political subdivision thereof shall be registered without payment of a registration fee. Upon receipt of the application in approved form, the division or its representative shall issue to the applicant a registration stating the

number issued to the vessel. The number issued shall be painted on or attached to each side of the bow on the forward half of the vessel or, if there are no such sides, at a corresponding location on both sides of the foredeck of the vessel for which it is issued. The number issued shall read from left to right in block characters of good proportion having a minimum of three inches in height, excluding border or trim, and of a color that contrasts with the color of the background, and so maintained as to be clearly visible and legible. No other number shall be carried on the bow of the vessel. Any person who fails to display a vessel number as required in this subsection (1) is guilty of a class 2 petty offense and, upon conviction, shall be punished by a fine of twenty-five dollars.

(2) The registration shall be of pocket size and shall be on board and available at all times for inspection whenever the vessel for which it is issued is in operation in this state. Any person who violates this subsection (2) is guilty of a class 2 petty offense and, upon conviction, shall be punished by a fine of fifty dollars. (3) When a numbered vessel is lost, destroyed, or abandoned, the registration issued for the vessel shall be surrendered to the division within fifteen days after any such event. When the owner of a numbered vessel changes his or her address from that shown on the registration, the owner shall notify the division within fifteen days of such change and, as a part of such notification, shall furnish the division with his or her new address. The commission may provide in its rules for the surrender of the registration bearing the former address and its replacement with a registration bearing the correct address or for the alteration of an outstanding registration to show the new address of the owner.

(b) It is the duty of any officer seizing any vessel, on being informed of any such vessel, to immediately notify the appropriate law enforcement agencies and the owner if known. Such notification shall contain a description of such vessel and any other helpful facts that may assist in locating or establishing the ownership thereof or in prosecuting any person for a violation of article 4 of title 18, C.R.S., or other state laws.

(2) "Hull identification number" means any identifying number, serial number, engine number, or other distinguishing number or mark, including letters, if any, placed on a vessel or engine by its manufacturer or by authority of the division or in accordance with the laws of another state or country, excluding the vessel registration number.

(3) (a) Whenever a vessel is seized pursuant to subsection (1) of this section, the law enforcement agency or a governmental entity may commence an action in a court of competent jurisdiction to determine whether said vessel shall be destroyed, sold, converted to the use of the seizing agency, or otherwise disposed of by an order of said court.

(b) (I) Any forfeiture proceeding initiated pursuant to this section shall be conducted in conformance with section 16-13-505, C.R.S.

(4) Nothing in this section shall preclude the return of the seized vessel to the owner by the seizing agency following presentation of satisfactory evidence of ownership and, if determined necessary, requiring the owner to obtain an assignment of a hull identification number for the vessel from the division.

(5) and (6) (Deleted by amendment, L. 96, p. 725, § 1, effective January 1, 1997.)

(7) If the court having jurisdiction orders the vessel sold by the division, the proceeds of the sale shall be forwarded to the treasurer who shall credit such proceeds to the general fund.

33-13-108.1. Operating a vessel while under the influence. (1) (a) It is a misdemeanor for any person to operate or be in actual physical control of a vessel in this state while:

(I) Under the influence of alcohol;

(II) The amount of alcohol, as shown by analysis of the person's blood or breath, in the person's blood is 0.08 or more grams of alcohol per one hundred milliliters of blood or 0.08 or more grams of alcohol per two hundred ten liters of breath at the time of the commission of the alleged offense or within two hours after operating a vessel, if the evidence establishes beyond a reasonable doubt that the person did not consume any alcohol between the time of operation and the time of testing;

(III) Under the influence of any controlled substance as defined in section 18-18-102 (5), C.R.S., or any other drug that renders the person incapable of safely operating a vessel;

(IV) Under the influence of any combination of alcohol and any controlled substance as defined in section 18-18-102 (5), C.R.S., or any other drug, when the combination of alcohol and controlled substance or any other drug renders the person incapable of safely operating a vessel.

(b) For the purposes of this subsection (1), "under the influence of any controlled substance or any other drug" shall include the use of glue-sniffing, aerosol inhalation, or the inhalation of any other toxic vapor.

(2) (a) In any prosecution of a violation of paragraph (a) of subsection (1) of this section, the amount of alcohol in the defendant's blood or breath at the time of the commission of the alleged offense or within a reasonable time thereafter, as shown by analysis of the defendant's blood or breath, shall give rise to the following presumption: If there was at that time 0.08 or more grams of alcohol per one hundred milliliters of blood as shown by analysis of the person's blood or 0.08 or more grams of alcohol per two hundred ten liters of breath as shown by analysis of the person's breath, it shall be presumed that the defendant was under the influence of alcohol.

(b) The limitation of this subsection (2) shall not be construed as limiting the introduction, reception, or consideration of any other competent evidence bearing upon the question of whether or not the defendant was under the influence of alcohol.

(3) In any prosecution for a violation of subsection (1) of this section, the defendant shall be entitled to offer direct and circumstantial evidence to show that there is a disparity between what the tests show and other facts so that the trier of fact could infer that the tests were in some way defective or inaccurate. Such evidence may include testimony of nonexpert witnesses relating to the absence of any or all of the common symptoms or signs of intoxication for the purpose of impeachment of the accuracy of the analysis of the person's blood or breath.

(4) (a) A person who operates a vessel or who is in actual physical control of a vessel on the waters of this state shall be deemed to have expressed consent to the provisions of this subsection (4).

(b) Any person who operates or is in actual physical control of a vessel on the waters of this state may be required to submit to a test or tests of breath or blood for the purpose of determining the alcoholic content of the person's blood or breath if arrested for any misdemeanor offense arising out of acts alleged to have been committed while the person was operating a vessel in violation of subsection (1) of this section. If the person requests that the test be a blood test, then the test shall be of the person's blood; but, if the person requests that a specimen of blood not be drawn, then a specimen of the person's breath shall be obtained and tested.

(c) Any person who operates or is in actual physical control of a vessel on the waters of this state may be required to submit to a test or tests of the person's blood, saliva, and urine for the purpose of determining the drug content within the person's system if arrested for any misdemeanor offense arising out of acts alleged to have been committed while the person was operating a vessel in violation of subsection (1) of this section.

(5) Any person who is required to submit to testing or who requests that a specimen of blood, breath, saliva, or urine be taken or drawn shall cooperate with the person authorized to obtain the specimens, including the signing of any release forms required by any person who is authorized to take or withdraw such specimens. If the person refuses to sign any release forms, the refusal shall be considered a refusal to take the tests, if said forms conform to subsection (6) of this section. No peace officer shall physically restrain any person for the purpose of obtaining a specimen of his blood, breath, saliva, or urine for testing.

(6) The arresting officer having probable cause to believe a person has violated this section

shall direct the administration of the tests in accordance with rules prescribed by the state board of health with utmost respect for the constitutional rights, dignity, and health of the person being tested. No person except a physician, a registered nurse, a paramedic as certified in part 2 of article 3.5 of title 25, C.R.S., an emergency medical service provider as defined in part 1 of article 3.5 of title 25, C.R.S., or a person whose normal duties include withdrawing blood samples under the supervision of a physician or registered nurse shall withdraw blood to determine the alcoholic or drug content of the blood for purposes of this section. No civil liability attaches to a person authorized to obtain blood, breath, saliva, or urine specimens or to a hospital in which the specimens are obtained as provided in subsection (4) of this section as a result of the act of obtaining the specimens from any person submitting thereto if the specimens were obtained according to the rules of the state board of health; except that this provision does not relieve the person from liability for negligence in obtaining a specimen sample.

(7) Any person who is dead or unconscious shall be tested to determine the alcoholic content of the person's blood as provided in subsection (4) of this section. In addition to the tests prescribed, the blood of a dead person shall be checked for carbon monoxide content and for the presence of drugs, as prescribed by the department of public health and environment. All information obtained will be made a part of the accident report.

(8) If a person refuses to submit to tests as provided for in subsection (4) of this section and the person subsequently stands trial for a violation of subsection (1) of this section, the refusal to submit to the tests shall be admissible into evidence at the trial, and a person may not claim the privilege against self-incrimination with regard to admission of refusal to submit to any tests.

(9) The fact that any person charged with a violation of subparagraph (II) or (III) of paragraph (a) of subsection (1) of this section is or has been entitled to use the controlled substance or drug under the laws of this state shall not constitute a defense against any person charged with the violation.

(10) No court shall accept a plea of guilty to a non-alcohol-related or non-drug-related boating offense from a person charged with a violation of subsection (1) of this section unless the prosecuting attorney makes a good faith representation that a prima facie case could not be established if the defendant were brought to trial on the original alcohol-related or drug-related offense.

(11) When a peace officer has reasonable grounds to believe that a person is operating a vessel while under the influence of alcohol or that the operator has been involved in a boating accident resulting in injury or death, the peace officer may request the operator to provide a sample of the operator's breath for a preliminary screening test. The test shall be given using a device approved by the executive director of the department of public health and environment as being accurate to within ten percent of the actual reading obtained by the officer upon administering the test. The results of this preliminary screening test may be used for the purpose of deciding whether an arrest should be made and whether to administer a test pursuant to paragraph (b) of subsection (4) of this section but shall not be used in any court action except to prove that a test was properly authorized pursuant to this section. The results of the test shall be made available to the operator or the operator's attorney upon request. The preliminary screening test shall not constitute the test for the purposes of subsection (4) of this section.

(12) (a) Every person who is convicted of a violation of subsection (1) of this section shall be punished by imprisonment in the county jail for not less than five days nor more than one year, and, in addition, the court may impose a fine of not less than two hundred dollars nor more than one thousand dollars. Except as provided in paragraph (c) of this subsection (12), the minimum period of imprisonment provided for the violation shall be mandatory. In addition to any other penalty that is imposed, every person who is convicted of a violation to which this paragraph (a) applies shall perform no more than ninety-six hours of useful public service.

(b) Upon a conviction of a subsequent violation of subsection (1) of this section that occurred within five years of the date of a previous violation of subsection (1) of this section, the offender shall be punished by imprisonment in the county jail for not less than sixty days nor more than one year, and, in addition, the court may impose a fine of not less than five hundred dollars nor more than one thousand five hundred dollars. The minimum period of imprisonment as provided for the violation shall be mandatory, but the court may suspend up to fifty-five days of the period of imprisonment if the offender complies with paragraph (c) of this subsection (12). In addition to any other penalty that is imposed, every person convicted of a violation to which this paragraph (b) applies shall perform not less than sixty hours nor more than one hundred twenty hours of useful public service. The performance of the minimum period of service shall be mandatory, and the court shall have no discretion to suspend the mandatory minimum period of performance of the service.

(c) The sentence of any person subject to paragraph (a) or (b) of this subsection (12) may be suspended to the extent provided for in said paragraphs if the offender receives a presentence alcohol and drug evaluation and, based on that evaluation, if the offender satisfactorily completes an appropriate level I or level II alcohol and drug driving safety education or treatment program and abstains from the use of alcohol for a period of one year from the date of sentencing. The abstinence shall be monitored by the treatment facility by the administration of disulfiram or by any other means that the director of the treatment facility deems appropriate. If, at any time during the one-year period, the offender does not satisfactorily comply with the conditions of the suspension, that sentence shall be reimposed, and the offender shall spend that portion of the sentence that was suspended in the county jail.

(d) In addition to any other penalty provided by law, the court may sentence a defendant who is convicted pursuant to this section to a period of probation for the purposes of treatment not to exceed two years.

(e) For the purposes of this subsection (12), "useful public service" has the meaning set forth in section 42-4-1301.4, C.R.S., and the useful public service program authorized therein shall be utilized for the purposes of this subsection (12). An offender sentenced to a useful public service program shall complete the same within the time established by the court. In addition to any other penalties, fines, fees, or costs prescribed in this section, the court shall assess an amount not to exceed the amount established in section 42-4-1301.4, C.R.S., upon any person required to perform useful public service. The amount shall be used only to pay for the costs authorized in section 42-4-1301.4, C.R.S.

(f) For the purposes of this subsection (12), "alcohol and drug driving safety education or treatment" has the meaning set forth in section 42-4-1301.3, C.R.S., and the alcohol and drug driving safety program and the presentence alcohol and drug evaluations authorized in said section shall be utilized for the purposes of this subsection (12). The presentence alcohol and drug evaluation shall

be conducted on all persons convicted of a violation of subsection (1) of this section; except that this requirement shall not apply to persons who are not residents of Colorado at the time of sentencing. Any defendant sentenced to level I or level II education or treatment programs shall be instructed by the court to meet all financial obligations of the programs. If the financial obligations are not met, the sentencing court shall be notified for the purpose of collection or review and further action on the defendant's sentence. In addition to any other penalties, fines, fees, or costs prescribed in this section, the court shall assess an amount, not to exceed the amount established in section 42-4-1301.3, C.R.S., upon any person convicted of a violation of subsection (1) of this section. The amount shall be used only to pay for the costs authorized in section 42-4-1301.3, C.R.S. The court shall consider the alcohol and drug evaluation prior to sentencing. This paragraph (f) is also applicable to any defendant who receives a diversion in accordance with section 18-1.3-101, C.R.S., or who receives a deferred sentence in accordance with section 18-1.3-102, C.R.S.

(g) Upon a conviction for a first offense for a violation of subsection (1) of this section, in addition to any other penalties, fines, fees, or costs imposed, the court shall order the person to not operate a vessel for a three-month period. Upon a conviction for a subsequent offense for a violation of subsection (1) of this section, in addition to any other penalties, fines, fees, or costs imposed, the court shall order the person to not operate a vessel for a one-year period. For the purposes of this paragraph (g), "conviction" includes a conviction in any court of record or municipal court, a plea of no contest accepted by the court, or the forfeiture of any bail or collateral deposited to secure a defendant's appearance in court or the failure to appear in court by a defendant charged with a violation of subsection (1) of this section who has been issued a summons and complaint to appear pursuant to section 33-15-102 (2).

(h) Upon a plea of guilty or a verdict of guilty by the court or a jury to any offense specified in subsection (1) of this section, the court shall order the defendant to immediately report to the sheriff's department in the county where the defendant was convicted. At that time, the defendant's fingerprints and photographs shall be taken and returned to the court, which fingerprints and photographs shall become a part of the court's official documents and records pertaining to the defendant's conviction and the defendant's identification in association with the conviction. In any trial for a violation of any of the offenses specified in subsection (1) of this section, a duly authenticated copy of the record of former convictions and judgments of any court of record for any of said crimes against the party indicted or informed against shall be prima facie evidence of the convictions and may be used in evidence against the party. Identification photographs and fingerprints that are part of the record of such former convictions and judgments of any court of record or are part of the record at the place of the party's incarceration after sentencing for any of such former convictions and judgments shall be prima facie evidence of the identity of the party and may be used in evidence against the party. Any person who fails to immediately comply with the court's order to report to the sheriff's department, to furnish fingerprints, or to have photographs taken may be held in contempt of court.

(13) (a) No owner or operator of a vessel shall knowingly authorize the vessel to be operated by or come under the actual physical control of any other person if the person is under the influence of alcohol, a controlled substance or any other drug, or any combination of alcohol, controlled substance, or drug.

(b) Any person who is convicted of a violation of paragraph (a) of this subsection (13) is

guilty of a misdemeanor and, upon conviction, shall be punished by imprisonment in the county jail for not more than one year, or by a fine of not less than two hundred dollars nor more than one thousand dollars, or by both fine and imprisonment.

(14) In all actions, suits, and judicial proceedings in any court of this state concerning alcohol-related or drug-related vessel offenses, the court shall take judicial notice of methods of testing a person's alcohol or drug level and of the design and operation of devices, as certified by the department of public health and environment, for testing a person's blood, breath, saliva, or urine to determine the alcohol or drug level. This subsection (14) shall not prevent the necessity of establishing during a trial that the testing devices used were in proper working order and that the testing devices were properly operated. Nothing in this subsection (14) shall preclude a defendant from offering evidence of the accuracy of the testing device.

(15) As used in this section, "convicted" includes a plea of no contest accepted by the court.

(16) (a) Upon conviction of or plea of no contest to a violation of this section, the court shall forward a certified copy of the conviction or plea to the division.

(b) When a peace officer requests a person to submit to tests as required by subsection (4) of this section and the person refuses to submit to the tests, the officer shall forward to the division a verified report of all relevant information, including information that adequately identifies the person and a statement of the officer's probable cause for requesting the person to submit to the tests.

33-13-108.2. Operating a vessel while the privilege to operate is suspended. (1) Any person who operates a vessel in this state at a time when a court-ordered suspension of the operator's vessel operating privilege is in effect for a conviction of an alcohol- or drug-related operating offense pursuant to section 33-13-108.1 (1) is guilty of a misdemeanor and, upon conviction thereof, shall be punished by imprisonment in the county jail for not less than three days nor more than one hundred eighty days and, in the discretion of the court, by a fine of not less than three hundred dollars nor more than one thousand dollars. Upon a subsequent conviction, the person shall be punished by imprisonment in the county jail for not less than ninety days nor more than one year and, in the discretion of the court, by a fine of not less than five hundred dollars nor more than three thousand dollars. The minimum jail sentence imposed by this subsection (1) shall be mandatory, and the court shall not grant probation or a suspended sentence. However, in a case where the defendant is convicted and it is established that it was necessary to operate the vessel in violation of this subsection (1) because of an emergency, the mandatory jail sentence shall not apply, and, for a conviction, the court may impose a sentence of imprisonment in the county jail for a period of not more than one year and, in the discretion of the court, a fine of not more than one thousand dollars, and, for a subsequent conviction, the court may impose a sentence of imprisonment in the county jail for a period of not more than two years and, in the discretion of the court, a fine of not more than three thousand dollars.

(2) In any trial in which a person is charged with a violation of subsection (1) of this section, a duly authenticated copy of the record of former convictions and judgments of any court of record against the party indicted or informed against for an alcohol- or drug-related vessel operating offense pursuant to section 33-13-108.1 shall be prima facie evidence of the convictions and judgments and may be used in evidence against the party. Identification photographs and fingerprints that are part

of the record of such former convictions and judgments and the party's incarceration after sentencing for any of such former convictions and judgments shall be prima facie evidence of the identity of the party and may be used in evidence against the party.

(3) Upon a subsequent conviction under subsection (1) of this section within five years after the first conviction, in addition to the penalty prescribed in said subsection (1), the court shall order the defendant to not operate a vessel in this state for a period of two years after the subsequent conviction.

(4) Upon conviction of or a plea of no contest to a violation of this section, the court shall forward a certified copy of the conviction or plea to the division.

(1) Every peace officer, as defined in section 33-10-102 (17), has the authority to enforce this article and shall assist parks and recreation officers in the enforcement of articles 10 to 15 and 32 of this title and the rules of the commission adopted pursuant thereto. Each such officer has the full power and authority to arrest any person who such officer has probable cause to believe is guilty of a violation of articles 10 to 15 or 32 of this title or any rule adopted pursuant thereto, and, in accordance with the constitutions and laws of the United States and the state of Colorado, to open, enter, and search all places of concealment including motor vehicles and vessels and all other places as provided by law where such officer has probable cause to believe evidence relating to a violation of this title is to be found and to seize the same.

(2) When the public health, safety, welfare, or necessity requires, any officer having the power to enforce the provisions of articles 10 to 15 and 32 of this title shall have the authority to make use of any motor vehicle or other means of transportation, whether privately or publicly owned, to aid such officer in the performance of such officer's duties. In such a case, payment of

reasonable compensation shall be made for the use of such motor vehicle or other means of transportation. Any person who refuses to comply with the provisions of this subsection (2) is guilty of a class 2 petty offense and, upon conviction thereof, shall be punished by a fine of fifty dollars.

Penalty assessments shall not be issued for violations for which minimum and maximum fines have been established. The penalty assessment notice given to the alleged offender shall contain the information required in and be in the form of a summons and complaint and shall specify in dollars the amount of the penalty to be assessed for the alleged offense and the amount of the surcharge to be collected pursuant to section 24-33.5-415.6, C.R.S. If the alleged offender accepts such notice and pays the fine and surcharge entered thereon to the division within twenty days of issuance of the notice, such acceptance and payment shall constitute an acknowledgment of guilt by such person of the violation set forth in the penalty assessment notice. Any person who accepts a penalty assessment notice but who does not furnish satisfactory evidence of identity or who the officer has reasonable and probable grounds to believe will disregard a written promise to pay the specified fine and surcharge may be taken by the officer to the nearest known post-office facility and be required to remit the amount of the specified fine and surcharge to the division immediately by mail in United States currency or other legal tender or by money order or personal check. Refusal or inability to remit the specified fine and surcharge by mail when required shall constitute a refusal to accept a penalty assessment notice. Checks tendered by the violator to and accepted by the division and on which payment is received by the division shall be deemed sufficient receipt. If the fine and surcharge are not so paid, then the officer who issued the penalty assessment notice shall docket the summons and complaint with a court of competent jurisdiction for appearance by the person to answer the charges therein contained at such time and place as is specified in the summons and complaint.

(I) To the seizing agency, if the court finds that the proceeds can be used by such agency;
(II) To any person who suffers bodily injury or property damage as a result of the action which constitutes the violation, if said person petitions the court therefor.

(5) In lieu of ordering the sale or destruction of personal property pursuant to this section, the court may, if it finds that it can be used by the agency which seized it, order it delivered to the agency for such use.

33-15-105. Eluding. It is unlawful for any person to elude or attempt to elude by any means a parks and recreation officer or other commissioned officer of the division after having received a visual or audible signal such as a red or red and blue light, a siren, or a voice command directing him to stop. River Outfitters

33-32-101. Legislative declaration. The general assembly declares that it is the policy of this state to promote and encourage residents and nonresidents alike to participate in the enjoyment and use of the rivers of this state and, to that end, in the exercise of the police powers of this state for the purpose of safeguarding the health, safety, welfare, and freedom from injury or danger of such residents and nonresidents, to license and regulate those persons who provide river-running services in the nature of equipment or personal services to such residents and nonresidents for the purpose of floating on rivers in this state unless the provider of such river-running services is providing such river-running services exclusively for family or friends. It is not the intent of the general assembly to interfere in any way with private land owner rights along rivers or to prevent the owners of whitewater equipment from using said equipment to accommodate friends when no consideration is involved; nor is it the intent of the general assembly to interfere in any way with the general public's ability to enjoy the recreational value of state rivers when the services of river outfitters are not utilized or to interfere with the right of the United States to manage public lands and waters under its control. The general assembly recognizes that river outfitters, as an established business

on rivers flowing within and without this state, make a significant contribution to the economy of this state and that the number of residents and nonresidents who are participating in river-running is steadily increasing.

33-32-102. Definitions. As used in this article, unless the context otherwise requires:

(5.5) (a) "Regulated trip" means any river trip for which river-running services are provided which has been the subject of an advertisement or for which a fee has been charged regardless of whether such fee is:

(I) Charged exclusively for the river trip or as part of a packaged trip, recreational excursion, or camp; or

(II) Calculated to monetarily profit the river outfitter or is calculated merely to offset some or all of the actual costs of the river trip.

(b) "Regulated trip" does not include a trip in which a person is providing river-running services exclusively for family or friends as part of a social gathering of such family or friends.

(6) "River outfitter" means any person advertising to provide or providing river-running services in the nature of facilities, guide services, or transportation for the purpose of river-running; except that "river outfitter" does not include any person whose only service is providing motor vehicles, vessels, and other equipment for rent, any person whose only service is providing instruction in canoeing or kayaking skills, or any person who is providing river-running services exclusively for family or friends.

(7) "Trip leader" means any guide whose job responsibilities include being placed in charge of a river trip.

of this article. The commission may promulgate rules specifically outlining the procedures to be followed by the commission and by the enforcement section of the division in the event of a death or serious injury during a regulated trip. The commission shall e-mail a notice of every proposed rule to each licensee. The commission shall adopt rules regarding notification to outfitters of certain division personnel changes within ten days of the change and safety training standards and customer and outfitter interaction training standards for division rangers who monitor regulated trips.

The director may grant variances from rules adopted by the commission pursuant to section 33-32-103 to any river outfitter on a case-by-case basis if the director determines that the health, safety, and welfare of the general public will not be endangered by the issuance of such variance.

33-32-104. License required - fee. (1) No person shall act in the capacity of a paid river outfitter or advertise or represent himself or herself as a river outfitter in this state without first obtaining a river outfitter's license in accordance with rules prescribed by the commission.

33-33-108. Designation of a natural area. (1) A natural area that has been found by the commission, pursuant to its criteria, to be desirable for inclusion within the system and which inclusion has been approved by the owner of the land, becomes a designated natural area when articles of designation have been filed with the commission by the owner of the land or by a governmental agency having ownership or control of the land and such articles have been accepted by the commission with the advice and recommendation of the council.

(2) Articles of designation filed with the commission under subsection (1) of this section shall:

33-33-109. Effect of article - rights of property owners - water rights - prior designations. (1) Nothing in this article shall be construed as:

- (a) Diminishing the rights of owners of property as provided in the constitution of this state

or in the constitution of the United States;

33-33-111. Periodic evaluation to be made by commission. The commission shall make an evaluation of each designated natural area every three years, or more often as it deems necessary, to determine whether it is being administered in accordance with the conditions and provisions of the articles of designation. If such conditions and provisions are not being met, the commission may remove the area from the system.

33-33-112. Supplemental protection. The provisions of this article shall supplement and not replace or otherwise affect any existing protective status that a designated natural area may have under any other law.

33-33-113. Legislative review - termination. (1) The council terminates on September 1, 2024, unless the general assembly votes to renew the legislative mandate of this article. ARTICLE 41

Owners of Recreational Areas - Liability

33-41-101. Legislative declaration. The purpose of this article is to encourage owners of land to make land and water areas available for recreational purposes by limiting their liability toward persons entering thereon for such purposes.

33-41-102. Definitions. As used in this article, unless the context otherwise requires:

(1) "Charge" means a consideration paid for entry upon or use of the land or any facilities thereon or adjacent thereto; except that, in a case of land leased to a public entity or in which a public entity has been granted an easement or other rights to use land for recreational purposes, any consideration received by the owner for such lease, easement, or other right shall not be deemed a charge within the meaning of this article nor shall any consideration received by an owner from any federal governmental agency for the purposes of admitting any person constitute such a charge.

(2) "Land" also means roads, water, watercourses, private ways, and buildings, structures, and machinery or equipment thereon, when attached to real property.

(3) "Owner" includes, but is not limited to, the possessor of a fee interest, a tenant, lessee, occupant, the possessor of any other interest in land, or any person having a right to grant permission to use the land, or any public entity as defined in the "Colorado Governmental Immunity Act", article 10 of title 24, C.R.S., which has an interest in land.

(4) "Person" includes any individual, regardless of age, maturity, or experience, or any corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership, or association, or any other legal entity.

(4.5) "Public entity" means the same as defined in section 24-10-103 (5), C.R.S.

(5) "Recreational purpose" includes, but is not limited to, any sports or other recreational activity of whatever nature undertaken by a person while using the land, including ponds, lakes, reservoirs, streams, paths, and trails appurtenant thereto, of another and includes, but is not limited to, any hobby, diversion, or other sports or other recreational activity such as: Hunting, fishing, camping, picnicking, hiking, horseback riding, snowshoeing, cross country skiing, bicycling, riding or driving motorized recreational vehicles, swimming, tubing, diving, spelunking, sight-seeing, exploring, hang gliding, rock climbing, kite flying, roller skating, bird watching, gold panning, target shooting, ice skating, ice fishing, photography, or engaging in any other form of sports or other recreational activity.

33-41-103. Limitation on landowner's liability. (1) Subject to the provision of section 33-41-105, an owner of land who either directly or indirectly invites or permits, without charge, any

person to use such property for recreational purposes does not thereby:

(a) Extend any assurance that the premises are safe for any purpose;
(b) Confer upon such person the legal status of an invitee or licensee to whom a duty of care is owed;

(c) Assume responsibility or incur liability for any injury to person or property or for the death of any person caused by an act or omission of such person.

(2) (a) To the extent liability is found, notwithstanding subsection (1) of this section, the total amount of damages that may be recovered from a private landowner who leases land or a portion thereof to a public entity for recreational purposes or who grants an easement or other rights to use land or a portion thereof to a public entity for recreational purposes for injuries resulting from the use of the land by invited guests for recreational purposes shall be:

(I) For any injury to one person in any single occurrence, the amount specified in section 24-10-114 (1) (a) (I), C.R.S.;

(II) For an injury to two or more persons in any single occurrence, the amount specified in section 24-10-114 (1) (a) (II), C.R.S.

(b) The limitations in this subsection (2) shall apply only when access to the property is limited, to the extent practicable, to invited guests, when the person injured is an invited guest of the public entity, when such use of the land by the injured person is for recreational purposes, and only during the term of such lease, easement, or other grant.

(c) Nothing in this subsection (2) shall limit, enlarge, or otherwise affect the liability of a public entity.

(d) In order to ensure the independence of public entities in the management of their recreational programs and to protect private landowners of land used for public recreational purposes from liability therefor, except as otherwise agreed by the public entity and a private landowner, a private landowner shall not be liable for a public entity's management of the land or portion thereof which is used for recreational purposes.

(e) For purposes of this subsection (2) only, unless the context otherwise requires:

(I) "Invited guests" means all persons or guests of persons present on the land for recreational purposes, at the invitation or consent of the public entity, and with or without permit or license to enter the land, and all persons present on the land at the invitation or consent of the public entity or the landowner for business or other purposes relating to or arising from the use of the land for recreational purposes if the public entity receives all of the revenues, if any, which are collected for entry onto the land. "Invited guests" does not include any such persons or guests of any person present on the land for recreational purposes at the invitation or consent of the public entity or the landowner if the landowner retains all or a portion of the revenue collected for entry onto the land or if the landowner shares the revenue collected for entry onto the land with the public entity. For the purposes of this subparagraph (I), "revenue collected for entry" does not include lease payments, lease-purchase payments, or rental payments.

(II) "Land" means real property, or a body of water and the real property appurtenant thereto, or real property that was subject to mining operations under state or federal law and that has been abandoned or left in an inadequate reclamation status prior to August 3, 1977, for coal mining operations, or July 1, 1976, for hard rock mining operations, which is leased to a public entity or for

which an easement or other right is granted to a public entity for recreational purposes or for which the landowner has acquiesced to public use of existing trails that have historically been used by the public for recreational purposes. "Land", as used in this subsection (2), does not include real property, buildings, or portions thereof which are not the subject of a lease, easement, or other right of use granted to a public entity; except that land on which a landowner has acquiesced to public use of existing trails that have historically been used by the public for recreational purposes need not be subject to a lease, easement, or other right of use granted to a public entity. Nothing in this subparagraph (II) shall be construed to create a prescriptive easement on lands on which a landowner has acquiesced to public use of existing trails that have historically been used by the public for recreational purposes. The incidental use of such private property for recreational purposes shall not establish or presume facts to support land use classification or zoning.

(II.5) "Lease" or "leased" includes a lease-purchase agreement containing an option to purchase the property. Any lease in which a private landowner leases land or a portion thereof to a public entity for recreational purposes shall contain a disclosure advising the private landowner of the right to bargain for indemnification from liability for injury resulting from use of the land by invited guests for recreational purposes.

(II.7) "Management" means the entire range of activities, whether undertaken or not by the public entity, associated with controlling, directing, allowing, and administering the use, operation, protection, development, repair, and maintenance of private land for public recreational purposes.

(III) "Recreational purposes" includes, but is not limited to, any sports or other recreational activity of whatever nature undertaken by an invited guest while using the land, including ponds, lakes, reservoirs, streams, paths, and trails appurtenant to, of another and includes, but is not limited to, any hobby, diversion, or other sports or other recreational activity such as: Fishing, picnicking, hiking, horseback riding, snowshoeing, cross country skiing, bicycling, swimming, tubing, diving, sight-seeing, exploring, kite flying, bird watching, gold panning, ice skating, ice fishing, photography, or engaging in any other form of sports or other recreational activity, as well as any activities related to such sports or recreational activities, and any activities directly or indirectly resulting from such sports or recreational activity.

(f) Nothing in this subsection (2) shall limit the protections provided, as applicable, to a landowner under section 13-21-115, C.R.S.

33-41-104. When liability is not limited. (1) Nothing in this article limits in any way any liability which would otherwise exist:

(a) For willful or malicious failure to guard or warn against a known dangerous condition, use, structure, or activity likely to cause harm;

(b) For injury suffered by any person in any case where the owner of land charges the person who enters or goes on the land for the recreational use thereof; except that, in case of land leased to a public entity or in which a public entity has been granted an easement or other rights to use land for recreational purposes any consideration received by the owner for such lease, easement, or other right shall not be deemed a charge within the meaning of this article nor shall any consideration received by an owner from any federal governmental agency for the purpose of admitting any person constitute such a charge;

(c) For maintaining an attractive nuisance; except that, if the property used for public recreational purposes contains mining operations that were abandoned or left in an inadequate reclamation status as provided in section 33-41-103 (2) (e) (II) or was constructed or is used for or in connection with the diversion, storage, conveyance, or use of water, the property and the water or abandoned mining operations within such property shall not constitute an attractive nuisance;

(d) For injury received on land incidental to the use of land on which a commercial or business enterprise of any description is being carried on; except that in the case of land leased to a public entity for recreational purposes or in which a public entity has been granted an easement or other rights to use land for recreational purposes, such land shall not be considered to be land upon which a business or commercial enterprise is being carried on.

33-41-105. Article not to create liability or relieve obligation. (1) Nothing in this article shall be construed to:

(a) Create, enlarge, or affect in any manner any liability for willful or malicious failure to guard or warn against a known dangerous condition, use, structure, or activity likely to cause harm, or for injury suffered by any person in any case where the owner of land charges for that person to enter or go on the land for the recreational use thereof;

(b) Relieve any person using the land of another for recreational purposes from any obligation which he may have in the absence of this article to exercise care in his use of such land and in his activities thereon or from the legal consequences of failure to employ such care;

(c) Limit any liability of any owner to any person for damages resulting from any occurrence which took place prior to January 1, 1970.

33-41-105.5. Prevailing party - attorney fees and costs. The prevailing party in any civil action by a recreational user for damages against a landowner who allows the use of the landowner's property for public recreational purposes shall recover the costs of the action together with reasonable attorney fees as determined by the court.

33-41-106. Ownership of recreational area by another state. No other state of the United States, or agency or political subdivision thereof, shall acquire, own, or operate any land or interest therein in the state of Colorado for park or recreational purposes, except under the terms of an interstate compact.

ARTICLE 44

Ski Safety and Liability

33-44-101. Short title. This article shall be known and may be cited as the "Ski Safety Act of 1979".

33-44-102. Legislative declaration. The general assembly hereby finds and declares that it is in the interest of the state of Colorado to establish reasonable safety standards for the operation of ski areas and for the skiers using them. Realizing the dangers that inhere in the sport of skiing, regardless of any and all reasonable safety measures which can be employed, the purpose of this article is to supplement the passenger tramway safety provisions of part 7 of article 5 of title 25, C.R.S.; to further define the legal responsibilities of ski area operators and their agents and employees; to define the responsibilities of skiers using such ski areas; and to define the rights and liabilities existing between the skier and the ski area operator and between skiers.

33-44-103. Definitions. As used in this article, unless the context otherwise requires:

(1) "Base area lift" means any passenger tramway which skiers ordinarily use without first using some other passenger tramway.

(2) "Competitor" means a skier actually engaged in competition, a special event, or training or practicing for competition or a special event on any portion of the area made available by the ski area operator.

(3) "Conditions of ordinary visibility" means daylight and, where applicable, nighttime in

nonprecipitating weather.

(3.1) "Extreme terrain" means any place within the ski area boundary that contains cliffs with a minimum twenty-foot rise over a fifteen-foot run, and slopes with a minimum fifty-degree average pitch over a one-hundred-foot run.

(3.3) "Freestyle terrain" includes, but is not limited to, terrain parks and terrain park features such as jumps, rails, fun boxes, and all other constructed and natural features, half-pipes, quarter-pipes, and freestyle-bump terrain.

(3.5) "Inherent dangers and risks of skiing" means those dangers or conditions that are part of the sport of skiing, including changing weather conditions; snow conditions as they exist or may change, such as ice, hard pack, powder, packed powder, wind pack, corn, crust, slush, cut-up snow, and machine-made snow; surface or subsurface conditions such as bare spots, forest growth, rocks, stumps, streambeds, cliffs, extreme terrain, and trees, or other natural objects, and collisions with such natural objects; impact with lift towers, signs, posts, fences or enclosures, hydrants, water pipes, or other man-made structures and their components; variations in steepness or terrain, whether natural or as a result of slope design, snowmaking or grooming operations, including but not limited to roads, freestyle terrain, jumps, and catwalks or other terrain modifications; collisions with other skiers; and the failure of skiers to ski within their own abilities. The term "inherent dangers and risks of skiing" does not include the negligence of a ski area operator as set forth in section 33-44-104 (2). Nothing in this section shall be construed to limit the liability of the ski area operator for injury caused by the use or operation of ski lifts.

(4) "Passenger" means any person who is lawfully using any passenger tramway.

(5) "Passenger tramway" means a device as defined in section 25-5-702 (4), C.R.S.

(6) "Ski area" means all ski slopes or trails and all other places within the ski area boundary, marked in accordance with section 33-44-107 (6), under the control of a ski area operator and administered as a single enterprise within this state.

(7) "Ski area operator" means an "area operator" as defined in section 25-5-702 (1), C.R.S., and any person, partnership, corporation, or other commercial entity having operational responsibility for any ski areas, including an agency of this state or a political subdivision thereof.

(8) "Skier" means any person using a ski area for the purpose of skiing, which includes, without limitation, sliding downhill or jumping on snow or ice on skis, a toboggan, a sled, a tube, a snowbike, a snowboard, or any other device; or for the purpose of using any of the facilities of the ski area, including but not limited to ski slopes and trails.

(9) "Ski slopes or trails" means all ski slopes or trails and adjoining skiable terrain, including all their edges and features, and those areas designated by the ski area operator to be used by skiers for any of the purposes enumerated in subsection (8) of this section. Such designation shall be set forth on trail maps, if provided, and designated by signs indicating to the skiing public the intent that such areas be used by skiers for the purpose of skiing. Nothing in this subsection (9) or in subsection (8) of this section, however, shall imply that ski slopes or trails may not be restricted for use by persons using skis only or for use by persons using any other device described in subsection (8) of this section.

33-44-104. Negligence - civil actions. (1) A violation of any requirement of this article

shall, to the extent such violation causes injury to any person or damage to property, constitute negligence on the part of the person violating such requirement.

(2) A violation by a ski area operator of any requirement of this article or any rule or regulation promulgated by the passenger tramway safety board pursuant to section 25-5-704 (1) (a), C.R.S., shall, to the extent such violation causes injury to any person or damage to property, constitute negligence on the part of such operator.

(3) All rules adopted or amended by the passenger tramway safety board are subject to sections 24-4-103 (8) (c) and (8) (d) and 24-34-104 (6) (b), C.R.S.

33-44-105. Duties of passengers. (1) No passenger shall board a passenger tramway if he does not have sufficient physical dexterity, ability, and knowledge to negotiate or use such facility safely or until such passenger has asked for and received information sufficient to enable him to use the equipment safely. A passenger is required to follow any written or verbal instructions that are given to him regarding the use of the passenger tramway.

(2) No passenger shall:

(a) Embark upon or disembark from a passenger tramway except at a designated area except in the event of a stoppage of the passenger tramway (and then only under the supervision of the operator) or unless reasonably necessary in the event of an emergency to prevent injury to the passenger or others;

(b) Throw or expel any object from any passenger tramway while riding on such device, except as permitted by the operator;

(c) Act, while riding on a passenger tramway, in any manner that may interfere with proper or safe operation of such passenger tramway;

(d) Engage in any type of conduct that may contribute to or cause injury to any person;

(e) Place in an uphill track of a J-bar, T-bar, platter pull, rope tow, or any other surface lift any object that could cause another skier to fall;

(f) Embark upon a passenger tramway marked as closed;

(g) Disobey any instructions posted in accordance with this article or any verbal instructions by the ski area operator regarding the proper or safe use of a passenger tramway unless such verbal instructions are contrary to this article or the rules promulgated under it, or contrary to posted instructions.

33-44-106. Duties of operators - signs. (1) Each ski area operator shall maintain a sign system with concise, simple, and pertinent information for the protection and instruction of passengers. Signs shall be prominently placed on each passenger tramway readable in conditions of ordinary visibility and, where applicable, adequately lighted for nighttime passengers. Signs shall be posted as follows:

(a) At or near the loading point of each passenger tramway, regardless of the type, advising that any person not familiar with the operation of the device shall ask the operator of the device for assistance and instruction;

- (b) At the interior of each two-car and multicar passenger tramway, showing:
 - (I) The maximum capacity in pounds of the car and the maximum number of passengers allowed;
 - (II) Instructions for procedures in emergencies;
 - (c) In a conspicuous place at each loading area of two-car and multicar passenger tramways, stating the maximum capacity in pounds of the car and the maximum number of passengers allowed;
 - (d) At all chair lifts, stating the following:
 - (I) "Prepare to Unload", which shall be located not less than fifty feet ahead of the unloading area;
 - (II) "Keep Ski Tips Up", which shall be located ahead of any point where the skis may come in contact with a platform or the snow surface;
 - (III) "Unload Here", which shall be located at the point designated for unloading;
 - (IV) "Safety Gate", which shall be located where applicable;
 - (V) "Remove Pole Straps from Wrists", which shall be located prominently at each loading area;
 - (VI) "Check for Loose Clothing and Equipment", which shall be located before the "Prepare to Unload" sign;
 - (e) At all J-bars, T-bars, platter pulls, rope tows, and any other surface lift, stating the following:
 - (I) "Remove Pole Straps from Wrists", which shall be placed at or near the loading area;
 - (II) "Stay in Tracks", "Unload Here", and "Safety Gate", which shall be located where applicable;
 - (III) "Prepare to Unload", which shall be located not less than fifty feet ahead of each unloading area;
 - (f) Near the boarding area of all J-bars, T-bars, platter pulls, rope tows, and any other surface lift, advising passengers to check to be certain that clothing, scarves, and hair will not become entangled with the lift;
 - (g) At or near the boarding area of all lifts, regarding the requirements of section 33-44-109
- (6).
- (2) Other signs not specified by subsection (1) of this section may be posted at the discretion of the ski area operator.
 - (3) The ski area operator, before opening the passenger tramway to the public each day, shall inspect such passenger tramway for the presence and visibility of the signs required by subsection (1) of this section.
 - (4) The extent of the responsibility of the ski area operator under this section shall be to post and maintain such signs as are required by subsection (1) of this section in such condition that they may be viewed during conditions of ordinary visibility. Evidence that signs required by subsection (1) of this section were present, visible, and readable where required at the beginning of the passenger tramway operation on any given day raises a presumption that all passengers using said devices have seen and understood said signs.

33-44-107. Duties of ski area operators - signs and notices required for skiers' information. (1) Each ski area operator shall maintain a sign and marking system as set forth in this section in addition to that required by section 33-44-106. All signs required by this section shall be maintained so as to be readable and recognizable under conditions of ordinary visibility.

(2) A sign shall be placed in such a position as to be recognizable as a sign to skiers proceeding to the uphill loading point of each base area lift depicting and explaining signs and symbols which the skier may encounter at the ski area as follows:

(a) The ski area's least difficult trails and slopes, designated by a green circle and the word "easiest";

(b) The ski area's most difficult trails and slopes, designated by a black diamond and the words "most difficult";

(c) The ski area's trails and slopes which have a degree of difficulty that falls between the green circle and the black diamond designation, designated by a blue square and the words "more difficult";

(d) The ski area's extreme terrain shall be signed at the commonly used access designated with two black diamonds containing the letters "E" in one and "X" in the other in white and the words "extreme terrain". The ski area's specified freestyle terrain areas shall be designated with an orange oval.

(e) Closed trails or slopes, designated by an octagonal-shaped sign with a red border around a white interior containing a black figure in the shape of a skier with a black band running diagonally across the sign from the upper right-hand side to the lower left-hand side and with the word "Closed" printed beneath the emblem.

(3) If applicable, a sign shall be placed at or near the loading point of each passenger tramway, as follows:

"WARNING: This lift services (most difficult) or (most difficult and more difficult) or (more difficult) slopes only."

(4) If a particular trail or slope or portion of a trail or slope is closed to the public by a ski area operator, such operator shall place a sign notifying the public of that fact at each identified entrance of each portion of the trail or slope involved. Alternatively, such a trail or slope or portion thereof may be closed with ropes or fences.

(5) The ski area operator shall place a sign at or near the beginning of each trail or slope, which sign shall contain the appropriate symbol of the relative degree of difficulty of that particular trail or slope as set forth by subsection (2) of this section. This requirement shall not apply to a slope or trail designated "easiest" which to a skier is substantially visible in its entirety under conditions of ordinary visibility prior to his beginning to ski the same.

(6) The ski area operator shall mark its ski area boundaries in a fashion readily visible to skiers under conditions of ordinary visibility. Where the owner of land adjoining a ski area closes all or part of his land and so advises the ski area operator, such portions of the boundary shall be signed as required by paragraph (e) of subsection (2) of this section. This requirement shall not apply in heavily wooded areas or other nonskiable terrain.

(7) The ski area operator shall mark hydrants, water pipes, and all other man-made structures on slopes and trails which are not readily visible to skiers under conditions of ordinary visibility from a distance of at least one hundred feet and shall adequately and appropriately cover such obstructions

with a shock-absorbent material that will lessen injuries. Any type of marker shall be sufficient, including but not limited to wooden poles, flags, or signs, if the marker is visible from a distance of one hundred feet and if the marker itself does not constitute a serious hazard to skiers. Variations in steepness or terrain, whether natural or as a result of slope design or snowmaking or grooming operations, including but not limited to roads and catwalks or other terrain modifications, are not man-made structures, as that term is used in this article.

(8) (a) Each ski area operator shall post and maintain signs which contain the warning notice specified in paragraph (c) of this subsection (8). Such signs shall be placed in a clearly visible location at the ski area where the lift tickets and ski school lessons are sold and in such a position to be recognizable as a sign to skiers proceeding to the uphill loading point of each base area lift. Each sign shall be no smaller than three feet by three feet. Each sign shall be white with black and red letters as specified in this paragraph (a). The words "WARNING" shall appear on the sign in red letters. The warning notice specified in paragraph (c) of this subsection (8) shall appear on the sign in black letters, with each letter to be a minimum of one inch in height.

(b) Every ski lift ticket sold or made available for sale to skiers by any ski area operator shall contain in clearly readable print the warning notice specified in paragraph (c) of this subsection (8).

(c) The signs described in paragraph (a) of this subsection (8) and the lift tickets described in paragraph (b) of this subsection (8) shall contain the following warning notice:

WARNING

Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing, including: Changing weather conditions; existing and changing snow conditions; bare spots; rocks; stumps; trees; collisions with natural objects, man-made objects, or other skiers; variations in terrain; and the failure of skiers to ski within their own abilities.

33-44-108. Ski area operators - additional duties. (1) Any motorized snow-grooming vehicle shall be equipped with a light visible at any time the vehicle is moving on or in the vicinity of a ski slope or trail.

(2) Whenever maintenance equipment is being employed to maintain or groom any ski slope or trail while such ski slope or trail is open to the public, the ski area operator shall place or cause to be placed a conspicuous notice to that effect at or near the top of that ski slope or trail. This requirement shall not apply to maintenance equipment transiting to or from a grooming project.

(3) All snowmobiles operated on the ski slopes or trails of a ski area shall be equipped with at least the following: One lighted headlamp, one lighted red tail lamp, a brake system maintained in operable condition, and a fluorescent flag at least forty square inches mounted at least six feet above the bottom of the tracks.

(4) The ski area operator shall have no duty arising out of its status as a ski area operator to any skier skiing beyond the area boundaries marked as required by section 33-44-107 (6).

(5) The ski area operator, upon finding a person skiing in a careless and reckless manner, may revoke that person's skiing privileges. This subsection (5) shall not be construed to create an affirmative duty on the part of the ski area operator to protect skiers from their own or from another skier's carelessness or recklessness.

33-44-109. Duties of skiers - penalties. (1) Each skier solely has the responsibility for knowing the range of his own ability to negotiate any ski slope or trail and to ski within the limits of such ability. Each skier expressly accepts and assumes the risk of and all legal responsibility for any injury to person or property resulting from any of the inherent dangers and risks of skiing; except that a skier is not precluded under this article from suing another skier for any injury to person or property resulting from such other skier's acts or omissions. Notwithstanding any provision of law or statute to the contrary, the risk of a skier/skier collision is neither an inherent risk nor a risk assumed by a skier in an action by one skier against another.

(2) Each skier has the duty to maintain control of his speed and course at all times when skiing and to maintain a proper lookout so as to be able to avoid other skiers and objects. However, the primary duty shall be on the person skiing downhill to avoid collision with any person or objects below him.

(3) No skier shall ski on a ski slope or trail that has been posted as "Closed" pursuant to section 33-44-107 (2) (e) and (4).

(4) Each skier shall stay clear of snow-grooming equipment, all vehicles, lift towers, signs, and any other equipment on the ski slopes and trails.

(5) Each skier has the duty to heed all posted information and other warnings and to refrain from acting in a manner which may cause or contribute to the injury of the skier or others. Each skier shall be presumed to have seen and understood all information posted in accordance with this article near base area lifts, on the passenger tramways, and on such ski slopes or trails as he is skiing. Under conditions of decreased visibility, the duty is on the skier to locate and ascertain the meaning of all signs posted in accordance with sections 33-44-106 and 33-44-107.

(6) Each ski or snowboard used by a skier while skiing shall be equipped with a strap or other device capable of stopping the ski or snowboard should the ski or snowboard become unattached from the skier. This requirement shall not apply to cross country skis.

(7) No skier shall cross the uphill track of a J-bar, T-bar, platter pull, or rope tow except at locations designated by the operator; nor shall a skier place any object in such an uphill track.

(8) Before beginning to ski from a stationary position or before entering a ski slope or trail from the side, the skier shall have the duty of avoiding moving skiers already on the ski slope or trail.

(9) No person shall move uphill on any passenger tramway or use any ski slope or trail while such person's ability to do so is impaired by the consumption of alcohol or by the use of any controlled substance, as defined in section 18-18-102 (5), C.R.S., or other drug or while such person is under the influence of alcohol or any controlled substance, as defined in section 18-18-102 (5), C.R.S., or other drug.

(10) No skier involved in a collision with another skier or person in which an injury results shall leave the vicinity of the collision before giving his or her name and current address to an employee of the ski area operator or a member of the ski patrol, except for the purpose of securing

aid for a person injured in the collision; in which event the person so leaving the scene of the collision shall give his or her name and current address as required by this subsection (10) after securing such aid.

(11) No person shall knowingly enter upon public or private lands from an adjoining ski area when such land has been closed by its owner and so posted by the owner or by the ski area operator pursuant to section 33-44-107 (6).

(12) Any person who violates any of the provisions of subsection (3), (9), (10), or (11) of this section is guilty of a class 2 petty offense and, upon conviction thereof, shall be punished by a fine of not more than one thousand dollars.

33-44-110. Competition and freestyle terrain. (1) The ski area operator shall, prior to use of any portion of the area made available by the ski area operator, allow each competitor an opportunity to reasonably visually inspect the course, venue, or area.

(2) The competitor shall be held to assume the risk of all course, venue, or area conditions, including, but not limited to, weather and snow conditions; obstacles; course or feature location, construction, or layout; freestyle terrain configuration and conditions; and other courses, layouts, or configurations of the area to be used. No liability shall attach to a ski area operator for injury or death to any competitor caused by course, venue, or area conditions that a visual inspection should have revealed or by collisions with other competitors.

33-44-111. Statute of limitation. All actions against any ski area operator or its employees brought to recover damages for injury to person or property caused by the maintenance, supervision, or operation of a passenger tramway or a ski area shall be brought within two years after the claim for relief arises and not thereafter.

33-44-112. Limitation on actions for injury resulting from inherent dangers and risks of skiing. Notwithstanding any judicial decision or any other law or statute to the contrary, including but not limited to sections 13-21-111 and 13-21-111.7, C.R.S., no skier may make any claim against or recover from any ski area operator for injury resulting from any of the inherent dangers and risks of skiing.

33-44-113. Limitation of liability. The total amount of damages which may be recovered from a ski area operator by a skier who uses a ski area for the purpose of skiing or for the purpose of sliding downhill on snow or ice on skis, a toboggan, a sled, a tube, a skibob, a snowboard, or any other device and who is injured, excluding those associated with an injury occurring to a passenger while riding on a passenger tramway, shall not exceed one million dollars, present value, including any derivative claim by any other claimant, which shall not exceed two hundred fifty thousand dollars, present value, and including any claim attributable to noneconomic loss or injury, as defined in section 13-21-102.5 (2), C.R.S., whether past damages, future damages, or a combination of both,

which shall not exceed two hundred fifty thousand dollars. If, upon good cause shown, the court determines that the present value of the amount of lost past earnings and the present value of lost future earnings, or the present value of past medical and other health care costs and the present value of the amount of future medical and other health care costs, or both, when added to the present value of other past damages and the present value of other future damages, would exceed such limitation and that the application of such limitation would be unfair, the court may award damages in excess of the limitation equal to the present value of additional future damages, but only for the loss of such excess future earnings, or such excess future medical and other health care costs, or both. For purposes of this section, "present value" has the same meaning as that set forth in section 13-64-202 (7), C.R.S., and "past damages" has the same meaning as that set forth in section 13-64-202 (6), C.R.S. The existence of the limitations and exceptions thereto provided in this section shall not be disclosed to a jury.

33-44-114. Inconsistent law or statute. Insofar as any provision of law or statute is inconsistent with the provisions of this article, this article controls.

* Payment may be made prior to September 1, 1993, if authorized by the trust fund pursuant to section 33-60-103 (1) (b) (II).

(b) All principal and interest payment amounts set forth in paragraph (a) of this subsection (2) are subject to bank charges, arbitrage calculation, insurance premiums, and other miscellaneous charges which were not calculable at the time principal and interest payment amounts were determined and are determined and payable in the year in which any given payment is due. Such charges are a part of each payment due pursuant to the certificates of participation enumerated in this section.

(3) Subject to the provisions of subsection (4) of this section, remaining net lottery proceeds, if any, shall be deposited no less frequently than quarterly in trust for the trust fund board. Deposits in trust for the trust fund board, or a portion thereof, may be deferred only to the extent that payments on certificates of participation pursuant to paragraph (c) of subsection (1) of this section are due on or before the date of distribution or balances due on loans authorized pursuant to subsection (4) of this section are outstanding on the date of distribution.

(4) Pursuant to amendment XXVII of the state constitution, the sum of all distributions of net lottery proceeds made to the capital construction fund from the fourth quarter of fiscal year 1992-93 through the fourth quarter of fiscal year 1997-98 shall include payment in full of all debt service due from and including September 1, 1993, to and including November 30, 1998, on all obligations set forth in section 3 (1) (c) of article XXVII of the state constitution. In the event net lottery proceeds are insufficient to defray payments of principal and interest on the obligations according to the schedule set forth in subsection (2) of this section, the state treasurer shall transfer sufficient funds in an amount not to exceed the amount of such insufficiency to the debt service repayment account in the capital construction fund created by section 24-75-302 (3), C.R.S., for the purpose of defraying such payments. Such transfer shall be in the form of a loan from moneys in the general fund not immediately required to be disbursed and shall bear interest at the earnings rate calculated monthly by the state treasurer. In the event any such loan is required to be made, succeeding distributions of net lottery proceeds shall be made in accordance with subsections (1) and (2) of this section. Thereafter, net lottery proceeds in an amount not to exceed the outstanding amount of the loan plus interest accrued shall be transferred to the debt service repayment account in the capital construction fund created by section 24-75-302 (3), C.R.S., for the purpose of repaying the general fund for such loan. No distribution shall be made pursuant to subsection (3) of this section until the principal and interest on such loan is repaid in full.

33-60-104. Distribution of net lottery proceeds beginning first quarter of fiscal year 1998-99. (1) For the first quarter of fiscal year 1998-99 and for each quarter thereafter, the state treasurer shall distribute net lottery proceeds as follows:

(a) Forty percent to the conservation trust fund for distribution to municipalities and counties and other eligible entities for parks, recreation, and open space purposes;

(b) Ten percent to the division of parks and wildlife for the acquisition, development, and improvement of new and existing state parks, recreation areas, and recreational trails; and

(c) All remaining net lottery proceeds in trust to the trust fund board; except that, in any state fiscal year in which the portion of net lottery proceeds which would otherwise be given in trust to

the trust fund board exceeds the adjusted amount of thirty-five million dollars as determined by the state treasurer in accordance with subsection (2) of this section, the net lottery proceeds in excess of such adjusted amount shall be allocated to the general fund.

(2) Beginning with the first quarter of fiscal year 1998-99 and each fiscal year thereafter, the base amount of thirty-five million dollars shall be adjusted annually based on the decrease or increase, if any, in the consumer price index for the Denver metropolitan area, for the preceding calendar year reported by the United States bureau of labor statistics, or its successor index. Such adjustment shall reflect changes, if any, in such index from the actual consumer price index for the Denver metropolitan area, for the calendar year 1992.

33-60-104.5. Property acquired by state agencies with funds from the great outdoors Colorado trust fund - payments in lieu of taxes - restrictions - legislative declaration. (1) (a) The general assembly hereby finds and declares that:

(I) The withdrawal of property from county tax rolls as a result of the purchase of interests in real property by state agencies with funds provided from the great outdoors Colorado trust fund may have a significant financial impact on the counties and other political subdivisions in which such property is located;

(II) When state agencies acquire interests in real property with moneys from the great outdoors Colorado trust fund and remove them from the tax rolls, the agencies acquiring the interests shall make payments in lieu of taxes to the counties in which the property underlying the interest is located in order to alleviate the financial burdens such acquisitions create; and

(III) Section 10 of article XXVII of the state constitution provides that payments in lieu of taxes for acquisitions of property pursuant to article XXVII shall be made from moneys made available by the great outdoors Colorado trust fund.

(b) It is therefore the intent of this section to address the financial impact resulting from acquisitions of interests in real property by state agencies and to implement section 10 of article XXVII of the state constitution by establishing a mechanism for payments in lieu of taxes to be made from the great outdoors Colorado trust fund.

(2) Whenever a state agency acquires an interest in real property using moneys from the trust fund pursuant to article XXVII of the state constitution and the interest is no longer subject to property taxation as a result of such acquisition, the agency that holds the interest shall pay annually to the treasurer of the county in which the property is located a payment in lieu of taxes that shall not exceed the amount of taxes that would be due if the interest was taxable.

(3) (a) In accordance with section 10 of article XXVII of the state constitution and subject to the provisions of this section, the annual payments described in subsection (2) of this section shall be made with funds made available from the trust fund in the manner set forth in this subsection (3).

(b) Each year during the regular tax assessment period, the board of county commissioners of each county in which a real property interest described in subsection (2) of this section is located shall provide to each state agency that holds such real property interests the following information in the same manner as such information is provided to any other owner of property in the county:

(I) The current assessed value of each real property interest, expressed in dollars;

(II) The amount of the payment in lieu of taxes due on each real property interest, based on the value and tax rate that would be applicable to the real property interest if it were taxable; and

(III) The date the payment in lieu of taxes is due for such real property interests, based on the date property taxes within the county are due.

(c) Each state agency that receives information from a board of county commissioners pursuant to this subsection (3) shall promptly forward such information to the trust fund board. In addition, for each real property interest reported, the agency shall provide information to the trust fund board concerning the portion of the total acquisition cost of the interest that was paid with moneys from the trust fund.

(d) The trust fund board shall pay from the trust fund to the reporting state agency that portion of the payment in lieu of taxes that is equivalent to the portion of the total acquisition cost of the interest that was paid with moneys from the trust fund. The trust fund board shall be responsible for ensuring that timely payment is made to each state agency.

(e) Each state agency that receives a payment from the trust fund board pursuant to this subsection (3) shall promptly transmit the payment, along with any other amounts payable by the agency as part of the payment in lieu of taxes and appropriated by the general assembly, to the county entitled to receive it.

(4) The treasurer of each county that receives a payment in lieu of taxes pursuant to this section shall pay over to each school district, special district, or other political subdivision in which a real property interest described in subsection (2) of this section is located its appropriate share of the total payment; except that the treasurer may deduct the costs incurred by the treasurer in administering this subsection (4).

(5) Every state agency that makes a payment in lieu of taxes that will be distributed, in whole or in part, to a school district and every school district that receives a payment in lieu of taxes shall report the amount paid or received to the state board of education.

(6) The general assembly may make appropriations for the purpose of funding a state agency's share of payments in lieu of taxes to any county entitled to receive such payments. Appropriations concerning lands purchased with wildlife cash or other wildlife moneys shall be made from the wildlife cash fund. Appropriations concerning lands purchased with parks and outdoor recreation cash or other parks and outdoor recreation moneys shall be made from the parks and outdoor recreation cash fund.

(7) In the event a state agency does not receive funds from the trust fund board to make the payments in lieu of taxes described in this section by the date that property taxes within the county are due, the agency shall not be authorized to accept any grants or other funding assistance from the trust fund board for acquisition of interests in real property until such payments are brought up to date.

(8) Nothing in this section shall be construed to alter the requirements of section 30-25-302, C.R.S., pertaining to property acquired by the division of parks and wildlife without assistance from the trust fund board.

33-60-105. Use of general fund moneys by state agencies - prohibition - cash funds. The general assembly finds that the enactment of article XXVII of the state constitution dedicates a

significant amount of moneys previously available to meet other state needs to the great outdoors Colorado trust fund and provides for the unrestricted expenditure of such moneys by the trust fund board for the preservation, protection, enhancement, and management of the state's wildlife, park, river trail, and open space heritage. Accordingly, no general fund moneys shall be used by any state agency for the purpose of funding necessary or incidental management costs which result from a distribution of moneys, land, or any other asset of the great outdoors Colorado trust fund, unless otherwise approved by the general assembly. Moneys derived from user fees and other revenue sources which are generated from programs and completed facilities funded by the great outdoors Colorado trust fund board shall not be transferred or revert to the general fund. Moneys generated from such programs and facilities at state parks shall be credited to the parks and outdoor recreation cash fund created by section 33-10-111 (1). All such moneys shall be subject to annual appropriation by the general assembly.

33-60-106. Report required - general appropriations act. On or before September 1 of each year beginning with 1993, each state agency that has received or is scheduled to receive moneys from the great outdoors Colorado trust fund shall provide the senate agriculture, natural resources, and energy committee and the house of representatives agriculture, livestock, and natural resources committee with a detailed accounting of all such moneys received or to be received along with a detailed accounting of how such moneys have been or will be expended. For informational purposes, the expenditure of such moneys may be indicated in the annual general appropriation act.

33-60-107. State board of the great outdoors Colorado trust fund. (1) Public members of the state board of the great outdoors Colorado trust fund shall be appointed by the governor. Such appointments shall be subject to the consent of the senate.

(2) Members of the state board of the great outdoors Colorado trust fund shall be subject to removal pursuant to section 6 of article IV of the Colorado constitution.

(3) In addition to its other powers under article XXVII of the Colorado constitution and this article, the trust fund board shall have the power to issue bonds to finance any expenditure to address urgent and permanent land acquisition priorities, including the acquisition of perpetual conservation easements, that may be made from the trust fund and may pledge all or any portion of the moneys deposited or to be deposited into the trust fund for the payment of the bonds. The owners or holders of the bonds may not look to any other revenues of the state other than the trust fund for the payment of the bonds. The bonds shall be issued on the terms and subject to the conditions set forth in section 33-60-108. Notwithstanding any other provision of this article, the bonds may only be issued if the registered electors of the state approve the ballot question submitted at the November 2001 statewide election pursuant to section 33-60-114. The amount of any debt incurred and the repayment costs for any bonds issued by the board shall not exceed the maximum amounts of debt and repayment costs approved by the voters in such election.

33-60-108. Bonds. (1) The trust fund board may, from time to time, issue bonds to finance

any expenditure to address urgent and permanent land acquisition priorities, including the acquisition of perpetual conservation easements, that may be made from the trust fund. The bonds shall be issued pursuant to a resolution of the trust fund board and shall be payable solely out of all or any portion of the moneys deposited or to be deposited into the trust fund as specified by the trust fund board.

(2) As provided in the resolution of the trust fund board under which the bonds are authorized to be issued or as provided in a trust indenture between the trust fund board and any commercial bank or trust company having trust powers, the bonds may:

(a) Be executed and delivered by the trust fund board at such times as may be provided in the resolution or indenture;

(b) Be in such form and denominations and include such terms and maturities as may be provided in the resolution or indenture;

(c) Be subject to optional or mandatory redemption prior to maturity with or without a premium;

(d) Be in fully registered form or bearer form registrable as to principal or interest or both or be in the form of coupon bonds that have attached interest coupons bearing a manual or facsimile signature of an officer of the trust fund board;

(e) Bear such conversion privileges as may be provided in the resolution or indenture;

(f) Be payable in such installments and at such times not exceeding twenty years from the date thereof;

(g) Be payable at such place or places whether within or without the state;

(h) Bear interest at such rate or rates per annum, which may be fixed or vary according to index, procedure, or formula, or as determined by the trust fund board or its agents, without regard to any interest rate limitation appearing in any other law of the state;

(i) Be subject to purchase at the option of the holder or the trust fund board and evidenced in such manner;

(j) Be executed by the officers of the trust fund board, including the use of one or more facsimile signatures so long as at least one manual signature appears on the bonds, which signatures may be either of an officer of the trust fund board or of an agent authenticating the same; and

(k) Contain such other provisions not inconsistent with this article.

(3) The bonds may be sold at public or private sale at such price, in such manner, and at such times as determined by the trust fund board, and the trust fund board may pay all fees, expenses, and commissions that it deems necessary or advantageous in connection with the sale of the bonds. The power to fix the date of sale of the bonds, to receive bids or proposals, to award and sell bonds, to fix interest rates, and to take all other action necessary to sell and deliver the bonds may be delegated to an officer or agent of the trust fund board. Any outstanding bonds may be refunded by the trust fund board pursuant to article 56 of title 11, C.R.S.
