TITLE 2

LEGISLATIVE

CONGRESSIONAL DISTRICTS

ARTICLE 1

Congressional Districts

Editor's note: (1) Colorado's apportionment of congressional representatives pursuant to the 2000 federal census increased from six representatives to seven representatives. In November 2002, Congressional elections were held in seven districts described in a redistricting plan created by the district court for the city and county of Denver and affirmed in *Beauprez v. Avalos*, 42 P.3d 642 (Colo. 2002). The districts, however, described in section 2-1-101 (1) were created in Senate Bill 03-352 for use in congressional elections to be held in November 2004 and thereafter. Senate Bill 03-352 was the subject of several court actions:

(a) *Keller v. Davidson* was filed in the district court for the city and county of Denver and subsequently removed to federal district court. On January 23, 2004, the district court denied a motion to file amended counterclaims and stayed the proceedings pending a final ruling in *Salazar v. Davidson*, discussed below. The district court opinion appears at 299 F. Supp. 2d (D. Colo. 2004). On October 15, 2004, the district court dismissed the matter.

(b) *Salazar v. Davidson*, case number 03SA133, and the related case of *Davidson v. Salazar*, case number 03SA147, were original actions filed with the Colorado Supreme Court. The Colorado Supreme Court held Senate Bill 03-352 unconstitutional and ordered the secretary of state to conduct congressional elections according to the plan approved in *Beauprez v. Avalos*. *People ex rel. Salazar v. Davidson*, 79 P.2d 1221 (Colo. 2003). The United States Supreme Court denied a writ of certiorari in *Colorado General Assembly v. Salazar*, 541 U.S. 1093 (2004).

(2) In *Hall v. Moreno*, 2012 CO 14, 270 P.3d 961, the Colorado Supreme Court ordered the secretary of state to implement the redistricting plan for Colorado's congressional districts adopted by the Denver District Court.

2-1-100.5. Legislative declaration. The general assembly hereby finds and declares that the state of Colorado shall be divided into districts pursuant to the official figures of the most recent decennial census of the United States. The general assembly further finds and declares that such figures are the most reliable data that the state has available and that the use of any

other data or of any data adjustments may create a serious risk of inaccuracy and injustice in establishing congressional districts to represent the citizens of Colorado.

2-1-102. Neutral criteria for judicial determinations of congressional districts. (1)
In determining whether one or more of the congressional districts established in accordance with section 44 of article V of the state constitution are lawful and in adopting or enforcing any change to any such district, courts:

(a) Shall utilize the following factors:

(I) A good faith effort to achieve precise mathematical population equality between districts, justifying each variance, no matter how small, as required by the constitution of the United States. Each district shall consist of contiguous whole general election precincts. Districts shall not overlap.

(II) Compliance with the federal "Voting Rights Act of 1965", in particular 42 U.S.C. sec. 1973; and

(b) May, without weight to any factor, utilize factors including but not limited to:

(I) The preservation of political subdivisions such as counties, cities, and towns. When county, city, or town boundaries are changed, adjustments, if any, in districts shall be as prescribed by law.

(II) The preservation of communities of interest, including ethnic, cultural, economic, trade area, geographic, and demographic factors;

(III) The compactness of each congressional district; and

(IV) The minimization of disruption of prior district lines.

(1) The compensation of officers and employees of each house of the general assembly shall cease upon final adjournment of each session, but prior to final adjournment of a session, each house may designate by resolution such officers and employees as are necessary to complete the clerical work and records of the proceedings of such session and fix their terms of service. Also, prior to adjournment of a session to a day certain, the general assembly may terminate by joint resolution the compensation of its officers and employees during such period of adjournment, but each house may designate by resolution such officers and employees as are necessary to complete, to

the extent possible during such period of adjournment, the clerical work and records of the proceedings of such session and fix their terms of service.

In the event such certification evidences an overpayment to a member for compensation during the session, the controller shall cause a statement of deficiency to be issued for the recovery of such funds previously disbursed to the member. Any such statement of deficiency shall be enforceable as a debt to the state of Colorado and may be enforced in the appropriate court by the attorney general.

(3) The controller, upon taking official notice of the existing membership of the general assembly, shall issue vouchers and draw warrants for the monthly and semimonthly per diem compensation and for the reimbursement of expenses and travel authorized by section 2-2-307.

2-2-316. Legislative declaration - travel by members - during adjournment. Considering the greatly improved highways and airways of this state which permit greater mobility with less cost in money and time, considering the increasing length of legislative sessions, the increasing complexity and importance of the problems presented, and the benefits to be derived from frequent contact between legislator and constituents, and considering the desirability of preserving the concept of part-time citizen-legislators and, therefore, the need to allow them a reasonable opportunity to attend to their own personal, family, and business affairs even during sessions of the general assembly, it is hereby declared to be necessary, within the meaning of the state constitution and in the best interests of the general assembly and the state of Colorado, that members of the senate and house of representatives travel to their homes or other locations within their districts and back to the capitol during sessions of the general assembly

when the house to which they belong is in adjournment for periods not exceeding seventy-two hours.

(1) (a) Except as provided in paragraph (b) of this subsection (1), each member of the general assembly shall be entitled to receive up to forty-five dollars per legislative day for expenses incurred during the sessions of the general assembly. Such allowance shall be considered as salary pursuant to section 24-51-101 (42), C.R.S. Each member of the general assembly who is serving on July 1, 1997, and who is entitled to such allowance may elect to have all of such allowance that was paid to the member during the period from January 1, 1992, through May 31, 1994, be considered salary pursuant to section 24-51-101 (42), C.R.S., subject to the following conditions:

(c) (I) Repealed.

(II) The per diem lodging and expense allowances of the general assembly as fixed by subparagraph (II) of paragraph (b) of this subsection (1) shall apply to regular or special sessions of the general assembly subsequent to July 1, 2012.

(d) The general assembly may provide by joint resolution for the suspension on a temporary basis of the normal per diem lodging and expense allowance, or any portion thereof, during that period when the general assembly is in recess for more than three days.

(e) Nothing in this section shall preclude a member of the general assembly from declining to accept all or part of the per diem lodging and expense allowance authorized by this subsection (1).

(2) (a) Each member of the general assembly who is entitled to claim a per diem lodging and expense allowance pursuant to paragraph (a) of subsection (1) of this section shall also be

entitled to receive travel expenses to such member's home and back to the capitol for each legislative day of actual attendance.

(b) Each member of the general assembly who is entitled to claim an expense per diem pursuant to paragraph (b) of subsection (1) of this section shall also be entitled to receive travel expenses to any location within such member's district and back to Denver once each week, pursuant to section 2-2-316.

(c) The executive committee of the legislative council may establish guidelines regarding reimbursements and substantiation requirements for actual and necessary travel expenses incurred by members of the general assembly.

In auditing any mileage claim of members of the general assembly, the controller is authorized to accept without further substantiating evidence the expense voucher duly signed by the member if the mileage in such claim does not exceed the authorized rate at which employees of the executive branch are reimbursed. In addition, he may accept without such further evidence the member's certification as to the number of days of actual attendance under section 2-2-317 (1) or, in lieu thereof, the member's certification as to the number of days of actual occupancy under section 2-2-317 (2).

2-2-320. Legislative department contracts - approval. (1) Any contract to which the house of representatives or the senate is a party shall be approved by the speaker of the house of representatives or the president of the senate, as the case may be. Whenever the house of representatives and the senate are parties to the same contract, both the speaker of the house of representatives and the president of the senate shall approve the contract. (2) (a) For legislative department contracts subject to section 29 of article V of the state constitution, the attorney general shall approve all such legislative department contracts as to form, and the controller shall approve such contracts in accordance with section 24-30-202, C.R.S.

(b) The director of the office of legislative legal services or the director's designee shall approve all legislative department contracts not subject to section 29 of article V of the state constitution. No approval by the controller or any assistant designated by the controller shall be required for the validity of any contract entered into and approved under this paragraph (b). The controller shall issue payment for expenditures for legislative department contracts approved in accordance with this paragraph (b) as set forth in section 24-30-202, C.R.S. Notwithstanding the legislative department's exemption from the fiscal rules pursuant to section 24-2-101, C.R.S., the office of legislative legal services shall consider the fiscal rules as guidelines for legislative department contracts approved under this paragraph (b) and may consult with the controller or attorney general, or both, when drafting legislative department contracts.

2-2-321. Designation and assignment of space in capitol buildings group and on the grounds thereof. (1) (a) The general assembly, by joint resolution, shall designate and assign such space in the capitol building (except for space on the first floor, which shall be designated and assigned by the executive department for the use of elected officials) and on the grounds surrounding the capitol which is necessary for the use of the legislative department, including, but not limited to, parking space on the grounds and streets surrounding the capitol building, all areas of the subbasement of the capitol building, and access to all tunnels providing access to the subbasements of the capitol building, the legislative services building, and the state office building at 1525 Sherman street.

(b) Notwithstanding any law, rule, or provision of any tenant handbook for the capitol complex facilities to the contrary, the executive committee of the legislative council created in section 2-3-301 (1) may grant any member or employee of the general assembly access to any or all of the tunnels providing access to the subbasements of the capitol building, the legislative services building, and the state office building at 1525 Sherman street unless, after consultation

with the department of personnel and the Colorado state patrol, the executive committee determines that denial of access is necessary to address immediate concerns about building security and occupant protection.

(c) Notwithstanding any law or rule to the contrary, after the attorney general and the staff of the attorney general vacate the state office building at 1525 Sherman street, the department of personnel shall designate parking space in the state parking lot at Lincoln street and east Colfax avenue to the general assembly based upon approximately the same proportion as the proportion of space in the state office building at 1525 Sherman street designated and assigned by the general assembly to the total amount of space in that state office building. The general assembly, by joint resolution, shall assign parking space allocated to the general assembly pursuant to this paragraph (c).

(2) (a) In addition, the general assembly shall designate and assign such space in the legislative services building at Fourteenth avenue and Sherman street, including, but not limited to, all areas of the subbasement of the legislative services building, and on no more than two floors of the state office building at 1525 Sherman street after the attorney general and the staff of the attorney general vacate said state office building and may provide for the furnishing and equipping thereof as may be necessary for the use of the legislative department.

(b) (I) If any of the space referred to in paragraph (a) of this subsection (2) is assigned to the senate or house of representatives, the executive committee of the legislative council created in section 2-3-301 (1) shall determine the allocation of the space between the two houses.

(II) Any space allocated to the senate shall be assigned by the president of the senate and the majority and minority leaders of the senate in an equitable manner among the major political parties with which members of the senate are affiliated.

(III) Any space allocated to the house of representatives shall be assigned by the speaker of the house of representatives and the majority and minority leaders of the house of representatives in an equitable manner among the major political parties with which members of the house of representatives are affiliated.

2-2-322. Fiscal notes. (1) The general assembly shall provide by rule for legislative service agency review of the fiscal impact of legislative measures.

(2) The general assembly shall provide by rule, as recommended by the executive committee of legislative council, for legislative service agency review of the fiscal impact of legislative measures which include the creation or increase of any fee collected by a state agency. The fiscal information on such measures shall include the average amount of such fee collected annually by such agency from each individual, family, or business, whichever is applicable, paying such fee and a projection of the average amount of such fee that will be collected from each individual, family, or business subsequent to the creation of or increase in such fee.

(2.5) If a legislative measure creates a new criminal offense, increases or decreases the crime classification of an existing criminal offense, or changes an element of an existing offense that creates a new factual basis for the offense, the fiscal note shall include the following:

(a) A description of the elements of the proposed new crime or a description of the new, amended, or additional elements of an existing crime;

(b) An analysis of whether the new crime, or changes to an existing crime, may be charged under current Colorado law;

(c) A comparison of the proposed crime classification to similar types of offenses;

(d) An analysis of the current and anticipated future prevalence of the behavior that the proposed new crime, or changes to an existing crime, intends to address; and

(e) A description of gender and minority data as it relates to the general Colorado population and available data on gender and minority offender and crime victims populations potentially affected by the proposed measure.

(3) (a) Each state department, agency, or institution shall cooperate with and provide information on the fiscal impact of a legislative measure in the manner requested by the staff of the legislative council for consideration by the staff in connection with the preparation of a fiscal note for the measure.

(b) The state department, agency, or institution shall substantiate the calculation of the fiscal impact of the legislative measure in its response to a request for information made pursuant to paragraph (a) of this subsection (3) by providing any documentation that clearly identifies any assumptions supporting that calculation and a narrative discussion of the justification for any increase or decrease in workload.

(c) The state department, agency, or institution shall meet the deadlines established by the staff of the legislative council for providing a response to a request for information made pursuant to paragraph (a) of this subsection (3) or shall specify the need for additional time to provide the response. If additional time is required to respond to the request for information, the staff of the legislative council shall set a reasonable time for providing the information.

(d) (I) The state department, agency, or institution shall not modify the amount of the fiscal impact that was originally calculated for a legislative measure after the staff of the legislative council has released and made public the fiscal note for such measure unless:

(A) The measure has been amended;

(B) There is newly discovered information that was previously unavailable that warrants modification of the original calculation and narrative submitted by the state department, agency, or institution; or

(C) Technical errors are discovered that warrant modification of the original calculation and narrative submitted by the state department, agency, or institution.

(II) Information supporting a modification to the fiscal impact shall be submitted in the manner requested by the staff of the legislative council by the head of the state department, agency, or institution.

(4) In addition to any other requirement under this section or in the legislative rules for legislative service agency review of the fiscal impact of legislative measures, the general assembly shall also provide for legislative service agency review of the fiscal impact of legislative measures considered by committees of the general assembly meeting during the legislative interim. For each interim, the deadlines and guidelines adopted prior to each interim by the executive committee of the legislative council for requesting and finalizing interim

committee bills must allow for sufficient time between the public release of the fiscal note for a particular measure by the staff of the legislative council and the final vote by the applicable legislative interim committee so that members of the committee are able to consider the fiscal note in voting on the measure. For each interim, the specific dates by which these requirements will be satisfied must be specified in the applicable set of deadlines and guidelines for that interim. Except as otherwise provided in this subsection (4), all other requirements governing legislative service agency review of the fiscal impact of legislative measures considered during regular legislative sessions that are specified in this section or in the legislative rules also govern the requirements of this subsection (4).

2-2-323. Service of process on the general assembly - legislative declaration. (1) The general assembly hereby declares that the provisions of the Colorado rules of civil procedure which govern the service of process on the state, on officers, agents, or employees of the state, and on departments and agencies of the state do not expressly address service on the general assembly; that such rules require delivery of a copy of any process to the attorney general, even though by statute the attorney general does not represent the general assembly; that confusion has existed about how the general assembly should be served; and that clarification of the procedure for serving the general assembly would be beneficial for all parties who may become involved in future litigation.

(2) Service of process on the general assembly as an entity shall be upon the chief clerk of the house of representatives and the secretary of the senate. The provisions of the Colorado rules of civil procedure concerning service of process, including the contents of the summons, by whom process may be served, and the manner of proof of service, shall continue to apply to service of process on the general assembly.

(3) As quickly as possible after service of process on the general assembly, the chief clerk of the house of representatives shall notify the speaker of the house and the minority leader of the house, and the secretary of the senate shall notify the president of the senate and the minority leader of the senate, concerning such service.

Mileage rates shall not exceed those authorized for the executive department. All compensation paid and reimbursements made pursuant to this paragraph (b) shall be paid from appropriations made to the legislative department.

(2) For purposes of this section, "state entity" means any board, commission, committee, task force, authority, enterprise, council, working group, review team, or other entity created or authorized by statute on which current members of the general assembly are statutorily required to be appointed to serve; except that "state entity" does not include the Colorado commission on uniform state laws created in section 2-3-601 (1) or the education commission of the states created pursuant to section 24-60-1201, C.R.S.

(1) The senate and the house of representatives shall each have the power to adopt rules or joint rules, or both, for the orderly conduct of their affairs and to preserve and protect the health, safety, and welfare of their members, officers, and employees in the performance of their official duties, as well as that of the general public in connection therewith, and to preserve and protect property and records under the jurisdiction of the general assembly or either house thereof, consistent with public convenience, the public's rights of freedom of expression and to peaceably assemble and petition government, and the established democratic concepts of the openness of the legislative process.

(1.5) Repealed.

(2) In lieu of or in addition to the adoption of such rules, the senate and the house of representatives may each, by rule, authorize its presiding officer to promulgate regulations for any or all such purposes.

(3) Rules or regulations may be adopted with respect to the following matters, among others, without limitation by reason of such specification:

(f) Establishing rules of conduct for visitors to the galleries;

(g) Authorizing the clearing of the public from the chambers, lobbies, and galleries or from any room in which a public legislative hearing or meeting is being conducted in the event of any disturbance therein which disrupts legislative proceedings or endangers any member, officer, or employee of the general assembly or the general public, or where reasonable grounds exist for believing that such a disturbance or danger may occur; except that duly accredited representatives of the news media not participating in any such disturbance shall be permitted to remain therein. The closing of such areas to the public shall continue only so long as necessary to avoid disruption of the legislative proceedings or to preserve and protect the safety of the members, officers, or employees of the general assembly or the general public.

(h) Authorizing the construction of safety barriers and other protective measures for the galleries and other areas under the jurisdiction of the general assembly and the acquisition of security equipment, all within the funds made available therefor;

(4) In lieu of or in addition to the adoption of separate rules, the senate and the house of representatives may adopt joint rules applicable to both houses.

(7) Such rules and regulations shall have the force and effect of law. 2-2-405. Injunctions. If the presiding officer of either the senate or the house of representatives has reasonable grounds for believing that any person is then committing an unlawful act, or is about to do so, which is interfering with or will interfere with any proceedings or other business of the general assembly, either house thereof, or any committee of the general assembly or either house thereof, he may seek injunctive relief in accordance with the Colorado rules of civil procedure.

Source: L. 73: p. 681, § 1. C.R.S. 1963: § 63-10-5.

2-2-406. Contempt of either house. (1) The senate and the house of representatives may each punish by imprisonment not extending beyond the same session of the general assembly, as and for a contempt, disorderly conduct of its members, officers, employees, or others committed in the immediate view of the senate or the house of representatives and tending to interrupt its proceedings. Imprisonment for contempt shall be effected by a warrant in the name of the people of the state, signed by the presiding officer of the house in which the contempt occurred, directed to the chief security officer of such house or the state police and ordering the apprehension of the contemnor and the delivery of him to the sheriff of the county in which the alleged contempt occurred for detention by said sheriff in accordance with such warrant, subject to such bail as may be set by the district court of the county in which the alleged contempt occurred. A finding of contempt and imprisonment therefor shall not constitute a bar to any other proceeding, civil or criminal, for the same act.

(2) Notice of the proposed contempt citation shall be published in a resolution of the house in which the contempt occurred approved first by a majority of a committee and then of the house itself. If the contempt is committed before the house itself rather than a committee thereof, a resolution of the house itself shall be sufficient. Persons actually named in the resolution shall be either personally served or otherwise be given notice in the same manner as is

provided by law and the Colorado rules of civil procedure for acquisition of jurisdiction over the person in civil actions. The notice shall include:

(a) A statement of the terms or substance of the offense which caused the citation to be issued;

(b) A statement of the time and place of the hearing before the committee which first passed the contempt resolution or before the house in which the contempt occurred, as the case may be. The person to be cited shall be required to show cause why he should not be found in contempt. The time and place for hearing shall allow reasonable time to give the person to be cited notice of the charges against him and to prepare an appropriate defense concerning them.

(3) The contempt hearing shall give the person to be cited an opportunity for an oral presentation before the committee or before the house in which the contempt occurred, whichever is holding the hearing, for submission of written arguments, and for the right to counsel at the hearing.

(4) A person to be cited shall be found in contempt and shall be punished therefor only after a majority of the committee which initiated the contempt proceeding finds, after notice and a hearing which satisfies the provisions of subsections (2) and (3) of this section, that the person cited has been proven beyond a reasonable doubt to have committed a contempt as defined in this section. The committee shall state in a report to the full house the reasons for its finding. If the full house affirms by a majority vote the finding of the committee, the cited person shall be held in contempt.

(5) If the contempt citation is initiated by the house itself because of a contempt committed before the house, the person to be cited shall be punished for contempt if the house itself finds, by a majority vote, after notice and a hearing which satisfies the provisions of subsections (2) and (3) of this section, that the person cited has been proven beyond a reasonable doubt to have committed a contempt as defined in this section.

2-2-504. Holdover senators keep office - vacancies. (1) Nothing in this part 5 or in any reapportionment plan shall be construed to cause the removal of any senator from his or her office for the term for which the senator was elected, and each such senator shall serve the term for which he or she was elected.

(2) If any senator elected at the 2010 general election vacates his or her seat prior to the convening of the regular legislative session in 2013, such vacancy shall be filled from the district from which the senator was elected in accordance with section 1-12-203, C.R.S. If such vacancy occurs more than fifty-five days before the general election in 2012, there shall be an election at the general election in 2012 for the remainder of such senator's term from the senatorial district created by the commission. Nomination of candidates at such election shall be in accordance with article 4 of title 1, C.R.S.

(3) If any senator elected at the 2010 general election vacates his or her seat on or after the convening of the regular legislative session in 2013, such vacancy shall be filled from the senatorial district created by the commission in accordance with section 1-12-203, C.R.S.

2-2-505. Maps of legislative districts. (1) Following the development of a preliminary plan, as required by section 48 (1)(e) of article V of the state constitution, and prior to the

holding of public hearings on any preliminary plan, the commission may file with each county clerk and recorder and each county chairman of the two major political parties a copy of the preliminary reapportionment plan showing the proposed state senatorial and representative districts in which such county is located, together with a state outline map of legislative districts. A complete state plan may be provided to the state chairmen of the two major political parties.

(2) At the time of submission of a final reapportionment plan to the Colorado supreme court for its review and determination in accordance with section 48 (1)(e) of article V of the state constitution, the commission shall provide the supreme court with a copy of all maps showing the division of the state into legislative districts and necessary supportive evidence, pursuant to the supreme court rules adopted for such proceedings.

(3) As soon as possible after approval of a final plan by the Colorado supreme court, the commission shall prepare and file with the secretary of state copies of census maps showing thereon each legislative district and a description of each district in terms of official census units. The commission shall also file with the county clerk and recorder in each county the necessary maps and descriptions of each legislative district which is located within the boundaries of such county.

2-2-505.5. Presidential election years. Pursuant to section 1-3-102, C.R.S., in any year in which a presidential election will be held, a political party may decide to hold its precinct caucuses on the first Tuesday in February. Because 2012 is a presidential election year, political parties may hold precinct caucuses on February 7, 2012. To allow county clerks sufficient time to redraw precinct boundaries, pursuant to section 48 (1)(e) of article V of the state constitution, the Colorado supreme court is required to approve the commission's plan no later than fifty-five days before the precinct caucuses or by December 14, 2011. While this date shortens the timeline for the commission to complete its final plan, the general assembly urges the commission to complete its final plan and the supreme court to approve a final plan by this date.

Source: L. 2010: Entire section added, (HB 10-1210), ch. 352, p. 1635, § 4, effective August 11.

2-2-506. Precinct boundaries. (1) (a) Pursuant to the provisions of sections 1-5-101 and 1-5-102, C.R.S., the board of county commissioners of each county shall redraw the general election precincts in such county to ensure that no general election precinct is contained within more than one state representative, state senatorial, or congressional district.

(b) and (c) (Deleted by amendment, L. 94, p. 1623, § 9, effective May 31, 1994.)

(d) Not more than one week after such approval of precinct boundaries and in accordance with sections 1-5-101 and 1-5-102, C.R.S., the board of county commissioners shall file with the secretary of state a copy of the county precinct boundary map showing thereon the revised and reestablished general election precinct boundaries and the boundaries of any legislative or congressional district, if said county is divided into two or more state representative, state senatorial, or congressional districts.

(2) The board of county commissioners shall notify the county chairman of each of the two major political parties of any general election precinct boundaries revised and reestablished

in accordance with the provisions of this section within five days after the establishment of precinct boundaries in accordance with the provisions of this section.

2-2-507. Attachments and detachments. (1) If any area of the state is omitted from the reapportionment plan approved by the Colorado supreme court, inadvertently or by virtue of the complexities of the census materials used in the development of the plan, the secretary of state, upon discovery of such omission, shall determine to which senatorial or representative district the area should be assigned as follows:

(a) If the area is surrounded by a representative or senatorial district, the area shall be assigned to said district; and

(b) If the area is contiguous to two or more representative or senatorial districts, the area shall be assigned to the district that has the least population according to the latest national census.

(2) If any area of the state is included in two or more senatorial or representative districts in the reapportionment plan approved by the Colorado supreme court, inadvertently or by virtue of the complexities of the census materials used in the development of the plan, the secretary of state, upon discovery of such inclusion, shall detach said area from the senatorial or representative district or districts having the largest population and shall designate such area as being assigned to the district having the least population; except that, if such area is wholly surrounded by a senatorial or representative district and by inadvertence is also included in another district, the secretary of state shall assign such area to the district wholly surrounding such area, regardless of population.

(2.5) (a) If a county clerk and recorder discovers that a border between two senatorial or representative districts divides a residential parcel between the two districts and the clerk and recorder wishes to have the border moved, the clerk and recorder shall submit to the secretary of state documentation, satisfactory to the secretary of state, evidencing such division. If the secretary of state believes that the border should be moved, the secretary of state shall propose moving the border between the two districts to a visible feature normally relied upon by the United States census bureau such that the border:

(I) Does not split a residential parcel;

(II) Moves the remaining portion of the residential parcel into the least populated of the two districts; except that, if the border is a border between both senatorial and representative districts, the remaining portion of the residential parcel shall be moved into the least populated of the two representative districts;

(III) Would not result in a violation of section 46 or 47 of article V of the state constitution based upon the latest national census;

(IV) Minimizes the impact on the affected community for purposes of establishing polling locations; and

(V) Minimizes changes in distances from the reapportionment plan approved by the Colorado supreme court.

(b) If the secretary of state proposes moving any border pursuant to this subsection (2.5), the secretary of state shall describe any potential changes in populations of affected senatorial or representative districts, based on the latest national census, to the Colorado supreme court. If the supreme court determines that the assignments made by the secretary of state satisfy the criteria established in paragraph (a) of this subsection (2.5), the supreme court may approve said assignments. If the supreme court determines that the assignment does not satisfy the criteria established in paragraph (a) of this subsection (2.5), the supreme court shall deny the proposed assignment.

(3) Following the assignment of any area pursuant to the provisions of subsection (1) or (2) of this section, the secretary of state shall certify the population of such assigned area and any changes in populations of affected senatorial or representative districts, based on the latest national census, to the Colorado supreme court. If the supreme court determines that the assignments made by the secretary of state would not result in a violation of the population requirements of section 46 of article V of the state constitution, the supreme court shall approve said assignments. If the supreme court determines that the assignments would result in a violation of the population requirements of section 46 of article V of the state constitution, the supreme court shall certify a revised reapportionment plan to the secretary of state.

2-2-508. Changes in county and municipal boundaries. Whenever the boundaries of a senatorial or representative district coincide with the boundaries of a county or municipality, and said county or municipal boundaries are changed by annexation or detachment, the boundaries of the senatorial or representative district shall remain the same until such time as a new reapportionment is made following a national census as provided in section 48 of article V of the state constitution.

PART 7

ENACTMENT OF LAWS REGARDING SENTENCING OF CRIMINAL OFFENDERS

2-2-701. General assembly - bills regarding the sentencing of criminal offenders - legislative intent - definition.

(1) and (2) Repealed.

(3) On and after July 1, 1994, any bill which is introduced at any session of the general assembly which affects criminal sentencing and which may result in a net increase or a net decrease in periods of imprisonment in state correctional facilities shall be reviewed by the director of research of the legislative council for the purpose of providing information to the general assembly on the long-term fiscal impact which may result from the passage of the bill,

including the increased capital construction costs, increased operating costs, and increased parole costs for the department of corrections for the first five fiscal years following the effective date of the bill. The division of criminal justice in the department of public safety in cooperation with the department of corrections shall annually provide incarceration and parole length of stay estimates to the director of research of the legislative council.

(4) For purposes of this part 7, "state correctional facilities" means any facility under the supervision of the department of corrections in which persons are or may be lawfully held in custody as a result of conviction of a crime and any prison facility operated by a county, city and county, or private corporation located in this state or another state; except that it does not include any local jail, multijurisdictional jail, or community corrections center.

2-2-703. General assembly - bills which result in a net increase in periods of imprisonment in state correctional facilities - funding must be provided in the bill. On and after July 1, 1991, a bill may not be passed by the general assembly which would result in a net increase in periods of imprisonment in state correctional facilities unless, in such bill, there is an appropriation of money which is sufficient to cover any increased capital construction costs, any increased operating costs, and increased parole costs which are the result of such bill for the department of corrections in each of the first five years following the effective date of the bill. Money sufficient to cover such increased capital construction costs and increased operating costs for the first five fiscal years following the effective date of the bill must be estimated by the appropriations committee, and after consideration of such estimate the general assembly shall make a determination as to the amount of money sufficient to cover the costs, and such money must be appropriated in the bill in the form of a statutory appropriation from the general fund in the years affected. Any such bill which is passed on or after July 1, 1991, which is silent as to whether it is intended to be an exception to this section, shall not be deemed to be such an exception. Any person, including members of the general assembly and employees of each house of the general assembly, the office of legislative legal services, the legislative council staff, and the staff of the joint budget committee, shall ensure that, to the extent possible, all bills and amendments to bills prepared or proposed by such person are written in plain, nontechnical language and in a clear and coherent manner using words with common and everyday meaning which are understandable to the average reader. Enactment of a bill by the general assembly shall create a presumption that such bill conforms to this section.

2-2-802. People first language in state laws. (1) On or after August 11, 2010, all new or amended statutes that refer to persons with disabilities must:

(a) Avoid language that:

(I) Implies that a person as a whole is disabled, such as the "mentally ill" or the "learning disabled"; or

(II) Equates persons with their condition, such as "epileptics", "autistics", or "quadriplegics";

(b) Replace disrespectful language by referring to persons with disabilities as persons first. Examples of people first language include, but are not limited to, the following: Persons with disabilities, persons with developmental and intellectual disabilities, persons with behavioral or mental health disorders, and persons with autism.

(c) Replace disrespectful, insensitive, or outdated terms such as "mental retardation" with people first language such as "people with developmental and intellectual disabilities".

(2) Violation of this section shall not be grounds to invalidate any new or amended statute; however, such statutes shall be amended to reflect the provisions of this section in any subsequent revision.

(3) Nothing in this section shall constitute a requirement to change the name of any department, agency, or program of the state or any political subdivision of the state.

(4) The revisor of statutes is authorized to change any disrespectful, insensitive, or outdated terms that appear in the Colorado Revised Statutes and to replace such terms with people first language in accordance with this section.

PART 9

CENSUS DATA FOR REDISTRICTING

2-2-901. Population data for redistricting - legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Section 44 of article V of the state constitution requires the general assembly to divide the state into congressional districts after each new apportionment of seats in the United States house of representatives, and a new apportionment occurs after each federal decennial census;

(b) Section 48 of article V of the state constitution requires that a reapportionment commission be appointed after each federal census to establish, revise, and alter the state senatorial and representative districts;

(c) These sections imply that the general assembly and the reapportionment commission must perform their constitutional duty to redraw the boundaries of congressional and state legislative districts using population data derived from the latest federal census, so that the equal population requirements of the federal and state constitutions can be satisfied;

(d) Federal officials have proposed using statistical sampling techniques to modify the traditional headcount of the population;

(e) The United States supreme court has held that the federal census act prohibits the use of statistically adjusted population data to apportion seats in the United States house of representatives among the states;

(f) Many have argued that statistically adjusted population data does not satisfy the requirement of the federal constitution for an "actual enumeration" of the population;

(g) There is no reason for congress to use one set of population data for apportionment of seats in congress and for state redistricting authorities to use a different set of data to redraw congressional and state legislative district boundaries, and the federal government would incur additional costs by furnishing two sets of data to the states;

(h) Using different population data for redistricting would subject the state of Colorado to the risk of litigation over the appropriate population figures, which form the very foundation of any congressional or state legislative redistricting plan;

(i) It is therefore necessary to establish the intent of the general assembly that the same population data be used in the congressional and state legislative redistricting processes as is used for purposes of apportioning seats in the United States house of representatives among the states.

(2) For purposes of redrawing the boundaries of congressional, state senatorial, and state representative districts after the federal census in the year 2010, the general assembly and the Colorado reapportionment commission shall use population data supplied by the United States bureau of the census that has been used to apportion the seats in the United States house of representatives among the states.

The report shall be filed no later than sixty days after a post-enactment review is completed by the legislative service agencies and shall be a public record for purposes of article 72 of title 24, C.R.S.

(4) (a) Nothing in this section shall be construed to require the inclusion of an accountability clause and a legislative declaration in any bill.

(b) For purposes of this section, an accountability clause and a legislative declaration may be:

(I) Included in any bill introduced in the house of representatives or the senate at the request of the prime sponsor of the bill; or

(II) Added to any bill by amendment offered by any member of the general assembly and adopted during the legislative process in accordance with law and legislative procedures.

The appointing authorities shall, to the extent practicable, ensure that the members of the interim committee represent school districts in all areas of the state, including urban, suburban, and rural school districts, school districts of varying wealth in property tax and other local revenues, and school districts with varying student demographics. If a vacancy arises on the interim committee, the appropriate appointing authority shall appoint an appropriate person to fill the vacancy as soon as possible.

(d) An appropriate, accurate method for identifying students who, because of their life circumstances, are in greater need of services and supports to give them opportunities equal to those of their peers to achieve their academic potential;

(e) Funding each public school student through a per-pupil basis that consists of a base amount plus additional funding allocations associated with particular attributes of each student, to be used to provide educational programs to address students' particular attributes, and based on the particular attributes of each school district as follows:

(I) Allocations based on grade level as follows:

- (A) Preschool;
- (B) Kindergarten;
- (C) Grades one through five;
- (D) Grades six through eight; and
- (E) Grades nine through twelve;

(II) Allocations based on a student's eligibility for free or reduced-price meals under federal law, taking into account the varying eligibility levels specified in federal law. In considering this allocation, the interim committee must consider the extent to which a school district or charter school uses the additional state allocation and federal money, including money received pursuant to Title I of the federal "Elementary and Secondary Education Act of 1965", 20 U.S.C. sec. 6301 et seq., as amended, to provide services for at-risk pupils as defined in section 22-54-103, as demonstrated by the school's level of performance on state assessments and the school performance plan.

(VI) Allocations based on a student's participation in career and technical education programs or concurrent enrollment pursuant to article 35 of title 22; and

(VII) Allocations based on school district attributes as follows:

- (A) The number of students enrolled in the school district;
- (B) Whether the school district is rural as defined by rule of the state board of education;
- (C) Whether the school district is increasing or decreasing in enrollment; and
- (D) The cost of living and personnel costs within the school district;

(f) Eliminating direct funding for categorical programs and instead distributing categorical program funding on a per-pupil basis throughout the state using allocations added to the statewide per pupil base funding amount for each student who is eligible for funding through the categorical program, which allocations would be used to provide educational programs related to the categorical program, including high-quality educator professional development, to eligible students;

(g) Strategies for funding transportation for students enrolled in all public schools in a manner that would be included within the school finance funding formula, including consideration of total mileage traveled on a per-pupil basis;

(h) Alternative methods for counting enrolled students for purposes of per pupil funding;

(i) School district organization, including considering school district size based on pupil enrollment and the geographic location of school districts;

(j) The level of funding for education that is available from the local resources available to each local education provider and the amount of local resources that each district charter school and each institute charter school receives, including consideration of:

(I) The amount of property tax revenue each school district annually collects from the total program mill levy and additional authorized mill levies for operating purposes,

disaggregated by residential property tax revenues, business property tax revenues, and revenues from taxes on mineral resource extraction;

(II) Strategies for equalizing mill levies in school districts and public schools across the state and for ensuring that authorization for additional mill levies for operating purposes complies with the constitutional requirement of maintaining a thorough and uniform statewide education system;

(III) The methods and timing for calculating assessed property valuation related to mineral extraction; and

(IV) Other sources of funding for public education, including public and private gifts, grants, and donations, available to each institute charter school and each school district, or available to schools of a school district, including district charter schools, individually or by campus, and the amount received from each source; and

(k) The capital construction needs of each school district, district charter school, and institute charter school, including school districts' capacity to issue bonds and the relationship of bonding capacity to the ability to obtain authorization for other mill levies, and whether there are areas of student enrollment growth or decline within the state public education system.

(2) Based on the study of issues described in subsection (1) of this section, the interim committee shall make legislative recommendations to the general assembly addressing how to most accurately meet the educational needs of individual students through the funding of education in Colorado.

(3) Subject to available appropriations, the interim committee shall issue a request for proposals for a private entity to assist in gathering information and analyzing the issues specified in subsection (1) of this section. The interim committee shall enter into a contract with the private entity by September 1, 2017. The interim committee shall not contract with a private entity that has ever previously contracted with the state of Colorado, or an agency or political subdivision thereof, for a study or analysis of school finance in Colorado.

No later than a day certain of a regular legislative session as established in the joint rules of the senate and house of representatives, a legislative member may submit a request in writing to the legislative council created in section 2-3-301 (1) regarding an issue that he or she wishes to study during the next interim between sessions. At minimum, the request must specify:

- (a) The scope of the policy issues to be studied;
- (b) The number of meetings that would be necessary to study the issues;
- (c) The suggested number and composition of legislative members on the interim committee;
- (d) Whether other nonlegislative members should have a role in the interim committee;
- (e) Whether a task force would be necessary to assist the interim committee in studying the scope of issues and, if so, the members and composition of such a task force; and
- (f) (I) An estimate of the maximum number of bills the interim committee will need in order to address the issues studied by the interim committee.
(II) Any interim committee bills are exempt from the five-bill limitation specified in rule 24 of the joint rules of the senate and the house of representatives.

(2) No later than a day certain of a regular legislative session as established in the joint rules of the senate and house of representatives, the director of research of the legislative council shall determine the number of interim committee meetings that may be held within the legislative budget and shall provide that information to the executive committee of the legislative council.

(3) (a) No later than a day certain of a regular legislative session as established in the joint rules of the senate and house of representatives, the legislative council shall meet to review and prioritize requests made by legislative members pursuant to subsection (1) of this section. Such review and prioritization must take into account the information provided by the director of research of the legislative council as specified in subsection (2) of this section. The legislative council shall also determine if any of the prioritized interim committees may create a task force. If a task force is approved, such task force shall include no more than two legislative members, one from the majority party and one from the minority party of the interim committee. The legislative council shall request that the entity offering the money, gift, grant, donation, services, or in-kind donation submit a letter prior to the offer specifying the amount of money, gift, grant, or donation offered, or the estimated value of the services or in-kind donation offered, the period for which the money, gift, grant, donation, services, or in-kind donation is available, and the specific purposes for which the money, gift, grant, donation, services, or in-kind donation is to be used.

(b) The president of the senate, the speaker of the house of representatives, and the minority and majority leaders of both houses shall appoint the legislative members to any prioritized interim committees or approved task forces.

(c) After the general assembly has adjourned, if an issue is brought to the attention of the executive committee of the legislative council and the executive committee determines that the issue is the result of changed circumstances or new circumstances and is appropriate material for an interim committee that is meeting during that interim between legislative sessions, the executive committee of the legislative council may add the interim committee by adopting a resolution. The resolution must include the items specified in the legislative member's written request for an interim study.

(h) Any bonds issued by the organization and the transfer of and income from any bonds issued by the organization shall be exempt from all taxation and assessments in the state.

Each bond issued on behalf of the organization under this subsection (4) shall contain on its face a statement to the effect that neither the state nor any political subdivision thereof other than the organization shall be obligated to pay the same or the interest thereon and that neither the full faith and credit nor the taxing power of this state nor any political subdivision thereof other than the organization is pledged to the payment of the principal or interest on such bond.

(j) Nothing in this subsection (4) shall be construed to obligate the general assembly to subscribe to membership or pay membership fees to any organization declared to be a joint governmental agency of the state pursuant to subsection (2) of this section.

2-3-510. Study regarding an organizational recodification of title 12 of the Colorado Revised Statutes - legislative declaration - repeal. (1) The general assembly hereby:

(a) Finds that title 12 of the Colorado Revised Statutes, entitled "Professions and Occupations":

(I) Lacks a coherent structure among its articles, including two groupings of articles entitled "general" that are separated by a grouping of "health care" articles, and a large percentage of articles that have either been repealed or been codified with a decimal number;

(II) Lacks a true "common provisions" article resulting in the recurrence of identical or nearly identical provisions throughout the title; and

(III) Includes numerous articles that do not strictly relate to the regulation of a profession or occupation and that could be more appropriately codified elsewhere in the Colorado Revised Statutes;

(b) Determines that these shortcomings make the title unnecessarily voluminous, repetitive, and difficult to amend, understand, and administer; and

(c) Declares that it is in the public interest to study an organizational recodification of title 12.

(2) (a) Beginning in the 2016 interim, the office, overseen by the committee, shall study an organizational recodification of title 12 of the Colorado Revised Statutes. In conducting the study, the office shall solicit input, including input regarding unofficial estimates of the fiscal impact that an organizational recodification of title 12 might entail, from:

(I) The judicial branch and the following state agencies that have regulatory authority established in title 12: agriculture, higher education, law, public health and environment, regulatory agencies, revenue, state, and any other interested state agency or office;

(II) Local governments and any other entity that has regulatory authority established in title 12;

(III) Representatives from the professions and occupations regulated by title 12; and

(IV) The public.

(b) The office shall provide periodic updates to the committee regarding the study and, no later than December 31, 2017, the committee shall determine whether to direct the office to provide to the committee proposed legislation for an organizational recodification of title 12.

(3) The study is subject to the following guidelines:

(a) Fundamentally, the recodification should be organizational and nonsubstantive, and any substantive provisions that may be included in the proposed legislation should be strictly limited to those that are necessary to promote the public purposes of an organizational recodification as specified in this section, such as:

(I) Conforming similar provisions to achieve uniformity, eliminate redundancy, and allow for the consolidation of common provisions; and

(II) Eliminating provisions that are archaic or obsolete;

(b) The office should endeavor to use active voice, authority verbs, gender-neutral language, and people-first language; and

(c) The executive and judicial branches of Colorado state government and the local governments and other entities with regulatory authority established in title 12 are encouraged to participate in the study and cooperate with the office.

(4) This section is repealed, effective September 1, 2018.

2-3-1203. Sunset review of advisory committees - legislative declaration - definition - repeal. (1) (a) The general assembly finds and declares that advisory committees are beneficial to government since they help involve private citizens in the daily operations of government and provide the government with a system for using the expertise of its citizens. However, historically there was no legislative supervision that would allow for the systematic review of these committees to identify those committees that may have outlived their usefulness yet remained in the statutes and those committees that may have failed to perform the functions for which they were created. To assure that newly created advisory committees are supervised and subjected to review, the life of a newly created advisory committee may not exceed ten years, and the statutory authorization for the committee must include a corresponding repeal provision. The general assembly, acting by bill, may reschedule the review date for an advisory committee to a later date if the rescheduled date does not violate the ten-year maximum life provision. Newly created advisory committees are subject to the review provisions of this section.

(b) As used in this section, "advisory committee" means an advisory body, including but not limited to a commission, council, or board.

(2) (a) A legislative committee of reference designated pursuant to section 2-3-1201 shall consider whether to continue or to continue with modification an advisory committee whose statutory authority is scheduled to repeal and may recommend the consideration of a bill as it deems necessary to continue the advisory committee.

(b) (I) Each advisory committee shall submit the following information to the department of regulatory agencies:

(A) The names of the current members of the advisory committee;

(B) All revenues and all expenditures, including advisory committee expenses per diem paid to members and any travel expenses;

(C) The dates the advisory committee met and the number of members who attended each meeting;

(D) A list of the advisory proposals the advisory committee made and an indication as to whether each proposal was acted on, implemented, or enacted into statute; and

(E) The reasons why the advisory committee should continue.

(II) The information required by subparagraph (I) of this paragraph (b) must be for the fiscal year in which the advisory committee makes the submission as well as the prior fiscal year. The advisory committee must submit the information before July 1 of the year preceding the year in which the statutory authorization for the advisory committee repeals.

(III) The department of regulatory agencies shall analyze and evaluate the performance of each advisory committee scheduled for repeal under this section. The department of regulatory agencies shall submit a report setting forth the analysis and evaluation to the office of legislative legal services by October 15 of the year preceding the date established for repeal.

(c) A legislative committee of reference designated in section 2-3-1201 shall conduct hearings for each advisory committee that submits the information required by paragraph (b) of this subsection (2).

(d) A bill recommended for consideration under this subsection (2) must be introduced in the house of representatives in even-numbered years and in the senate in odd-numbered years.

(e) A bill recommended for consideration under this subsection (2) does not count against the number of bills to which the sponsor is limited by a law or joint rule of the senate and house of representatives.

(a) To study capital construction, controlled maintenance, and capital renewal requests and proposals, pursuant to rule 45 of the joint rules of the senate and the house of representatives, of each state agency and state institution of higher education;

(a.3) To review and make required recommendations on reports from state agencies and state institutions of higher education, including reports from:

(I) The office of the state architect on the approved and unapproved facility management plans and facility management plan updates pursuant to section 24-30-1303.5 (3.5), C.R.S., and acquisitions and dispositions pursuant to sections 24-30-1303.5 (6) and 24-82-102, C.R.S.;

(II) The adjutant general in the department of military and veterans affairs on the acquisition or disposition of property pursuant to section 28-3-106 (1)(s)(I), C.R.S.;

(III) The parks and wildlife commission in the department of natural resources on the acquisition or disposition of certain real property interests under section 33-1-105 (1)(i) or (3), C.R.S., and the acquisition of certain interest in real property or water pursuant to section 33-1-105.5 (9), C.R.S.; and

(IV) The parks and wildlife commission in the department of natural resources on the acquisition or disposition of certain interests in real property pursuant to section 33-10-107 (2), C.R.S.;

(a.5) To study the request from the transportation commission for state highway reconstruction, repair, and maintenance projects to be funded from money transferred to the capital construction fund pursuant to section 24-75-302 (2), C.R.S., specifically for such purpose. On or before October 1 of each year, the transportation commission shall submit its request, based on the statewide transportation improvement programs, with a prioritized list of recommended state highway reconstruction, repair, and maintenance projects with the priority of projects on the list determined on the basis of greatest need without regard to location in the state. The capital development committee shall determine the number of projects on the list that may be funded from money available in the capital construction fund for state highway reconstruction, repair, or maintenance projects. Only projects on the list may be funded from money available in the capital construction fund for state highway reconstruction, repair, or maintenance projects, and the projects must be funded in the priority determined by the transportation commission; except that, if a project on the list cannot be funded because an alternative source of funding for the project has become available, a court order has enjoined the project, or an act of God has made the project construction unfeasible, the transportation commission shall submit the next phase of that project or the next project on that regional priority list to the capital development committee for approval as an addition to the list in lieu of the project that cannot be funded. No substitute project submitted by the transportation commission from the regional priority list shall be approved by the capital development committee if funding said project would result in the delay of any other project on the list. Upon approval of an amended list, the department of transportation shall provide a copy of the amended list to the members of the joint budget committee, the transportation and energy committee in the house of representatives, and the transportation committee in the senate. Projects on the list submitted by the transportation commission by October 1 or on an amended list submitted as provided in this paragraph (a.5) may be funded from money transferred to the capital construction fund and available in the current fiscal year or money to be transferred to the capital construction fund for the fiscal year beginning the following July 1.

(b) To hold such hearings as may be necessary to consider reports from each state agency or state institution of higher education with respect to capital construction, controlled maintenance, or capital renewal;

(c) To make determinations, pursuant to rule 45 of the joint rules of the senate and the house of representatives, of the priority to be accorded to the proposals made by the various state agencies and state institutions of higher education with respect to capital construction, controlled maintenance, and capital renewal proposals, based upon information made available to the capital development committee from any sources with respect to estimates of revenues available for such purposes;

(d) To forecast the state's requirements for capital construction, controlled maintenance, and capital renewal as may be necessary or desirable for adequate presentation of the planning and implementation or construction of such projects and to forecast the projected available revenue to meet the state's requirements for capital construction, controlled maintenance, and capital renewal. Such revenue forecast must conform with the economic forecast period used in the quarterly revenue estimates prepared by the staff of the legislative council.

If a state agency or state institution of higher education has statutory authority as of June 6, 2014, to acquire real property and such statutory authority does not include a process whereby the capital development committee either reviews, reviews and approves, or approves such acquisition, then this paragraph (h) controls. Section 23-1-106, C.R.S., and any budget instructions of the office of state planning and budgeting that specify thresholds regarding the submission of acquisitions of real property as capital budget requests operate to limit the review specified in this paragraph (h).

(2) Nothing in this section shall in any way limit or reduce the powers of the governor, through the office of state planning and budgeting and the office of the state architect, to establish executive branch priorities and procedures.

PART 16

WILDFIRE MATTERS REVIEW COMMITTEE

2-3-1601. Legislative declaration. (1) The general assembly finds, determines, and declares that:

(a) Wildfires are a part of the natural cycle of Colorado's forests, yet increasingly pose a severe threat to human life and property;

(b) People are attracted to the forest and mountain areas of the state and increasingly choose to make their homes in what is known as the "wildland-urban interface", where wildland areas meet residential development;

(c) For many years now, residential areas in numerous parts of the state are regularly threatened by a close proximity to wildfires and, tragically, during the spring and summer of 2012, Colorado wildfires resulted in the loss of life and extensive property damage, including the destruction of homes affecting thousands of people;

(d) Since wildfires cause annual harm to many areas of the state and those residing in such areas, wildfire prevention and mitigation is a matter of extreme importance throughout the state and an issue demanding critical attention from the general assembly on a regular basis.

(2) The purpose of this part 16 is to provide a permanent interim committee as a forum through which the general assembly reviews state policies and resources addressing wildfire prevention and mitigation and the successful implementation and execution of such policies. In creating a permanent interim committee to address matters relating to wildfires, the general assembly intends that issues relating to wildfire prevention and mitigation receive sufficient legislative scrutiny and public participation.

2-3-1602. Wildfire matters review committee - creation - repeal of part. (1) To address wildfire prevention and mitigation and to review and propose legislation relating to such matters, the wildfire matters review committee is hereby created, and is referred to in this part 16 as the "committee". The committee shall meet at the call of the chair at least once during the interim of each year to review and to propose legislation or other policy changes relating to wildfire prevention and mitigation and all related matters, including, without limitation, public safety, forest health, and cooperation with appropriate federal agencies and local governments. The committee may take up to two field trips during the interim and consult with experts in all fields relating to wildfire prevention and mitigation as may be necessary to achieve the objectives of this part 16. All personnel of any state agency or political subdivision of Colorado involved in wildfire prevention and mitigation, including the Colorado department of public safety and the Colorado state forest service, shall cooperate with the committee and with any persons assisting the committee in carrying out its duties pursuant to this section.

PART 2

CONSTRUCTION OF STATUTES

Cross references: For editorial matters from which no implication or presumption of a legislative construction is to be drawn, see § 2-5-113 (4).

2-4-201. Intentions in the enactment of statutes. (1) In enacting a statute, it is presumed that:

- (a) Compliance with the constitutions of the state of Colorado and the United States is intended;
- (b) The entire statute is intended to be effective;
- (c) A just and reasonable result is intended;
- (d) A result feasible of execution is intended;
- (e) Public interest is favored over any private interest.

2-4-203. Ambiguous statutes - aids in construction. (1) If a statute is ambiguous, the court, in determining the intention of the general assembly, may consider among other matters:

- (a) The object sought to be attained;
- (b) The circumstances under which the statute was enacted;
- (c) The legislative history, if any;

(d) The common law or former statutory provisions, including laws upon the same or similar subjects;

2-4-204. Severability of statutory provisions. If any provision of a statute is found by a court of competent jurisdiction to be unconstitutional, the remaining provisions of the statute are valid, unless it appears to the court that the valid provisions of the statute are so essentially and inseparably connected with, and so dependent upon, the void provision that it cannot be presumed the legislature would have enacted the valid provisions without the void one; or unless the court determines that the valid provisions, standing alone, are incomplete and are incapable of being executed in accordance with the legislative intent.

2-4-205. Special or local provision prevails over general. If a general provision conflicts with a special or local provision, it shall be construed, if possible, so that effect is given to both. If the conflict between the provisions is irreconcilable, the special or local provision prevails as an exception to the general provision, unless the general provision is the later adoption and the manifest intent is that the general provision prevail.

2-4-206. Irreconcilable statutes passed at the same or different sessions. If statutes enacted at the same or different sessions of the general assembly are irreconcilable, the statute prevails which is latest in its effective date. If the irreconcilable statutes have the same effective date, the statute prevails which is latest in its date of passage.

2-4-213. Form of enacting clause. All acts of the general assembly of the state of Colorado shall be designated, known, and acknowledged in each such act of said state as follows: "Be it enacted by the General Assembly of the State of Colorado".

Source: L. 73: R&RE, p. 1425, § 1. **C.R.S. 1963:** § 135-1-213.

2-4-214. Use of relative and qualifying words and phrases. The general assembly hereby finds and declares that the rule of statutory construction expressed in the Colorado supreme court decision entitled *People v. McPherson*, 200 Colo. 429, 619 P.2d 38 (1980), which holds that ". . . relative and qualifying words and phrases, where no contrary intention appears, are construed to refer solely to the last antecedent with which they are closely connected . . ." has not been adopted by the general assembly and does not create any presumption of statutory intent.

Source: L. 81: Entire section added, p. 347, § 1, effective May 18.

2-4-215. Each general assembly a separate entity - future general assemblies not bound by acts of previous general assemblies. (1) The general assembly finds and declares, pursuant to the constitution of the state of Colorado, that each general assembly is a separate entity, and the acts of one general assembly are not binding on future general assemblies. Accordingly, no legislation passed by one general assembly requiring an appropriation shall bind future general assemblies.

(2) Furthermore, the general assembly finds and declares that when a statute provides for the proration of amounts in the event appropriations are insufficient, the general assembly has not committed itself to any particular level of funding, does not create any rights in the ultimate recipients of such funding or in any political subdivision or agency which administers such funds, and clearly intends that the level of funding under such a statute is in the full and complete discretion of the general assembly.

Source: L. 85: Entire section added, p. 289, § 1, effective June 11.

2-4-216. Limitations on statutory programs. (1) When the general assembly creates statutory programs which are not required by federal law and which offer and provide services or assistance or both to persons in this state, the general assembly gives rise to a reasonable expectation that such services or assistance or both will be provided by the state in a manner consistent with the statutes which created the programs. However, the general assembly does not commit itself or the taxpayers of the state to the provision of a particular level of funding for such programs and does not create rights in the ultimate recipient to a particular level of service or assistance or both. The general assembly intends that the level of funding, and thus the level of service or assistance or both, shall be in the full and complete discretion of the general assembly, consistent with the statute which created the program.

(2) In the statutes creating some of these programs, the general assembly expressly conditions any rights arising under such programs by the use of the words "within available appropriations" or "subject to available appropriations" or similar words of limitation. The purpose of the use of these words of limitation is to reaffirm the principles set forth in subsection (1) of this section.

(3) At the time such a program is created, the general assembly appropriates funds for its implementation, taking into account many factors, including but not limited to the availability of revenues, the importance of the program, and needs of recipients when balanced with the needs of recipients under other state programs. The amount of the initial appropriation indicates a program's priority in relation to other state programs. The general assembly reasonably expects that the priority of the program will be subject to annual changes which will be reflected in the modification of the annual appropriation for the program. If the general assembly desires a substantive change in the program, or to eliminate the program, that can be accomplished by amendment of the statutory law which created the program.

(4) It is the purpose of the general assembly, through the enactment of this section, to clarify that the rights, if any, created through the enactment of statutory programs are subject to substantial modification through the annual appropriation process, so long as the modification is consistent with the statute which created the program.

PART 3

AMENDATORY STATUTES

2-4-301. Multiple amendments to the same provision - one without reference to the other. If amendments to the same statute are enacted at the same or different sessions of the general assembly and one amendment is without reference to another, the amendments are to be harmonized, if possible, so that effect may be given to each. If the amendments are irreconcilable, the amendment prevails which is latest in its effective date. If the irreconcilable statutes have the same effective date, the statute prevails which is latest in its date of passage.

2-4-303. Penalties and liabilities not released by repeal. The repeal, revision, amendment, or consolidation of any statute or part of a statute or section or part of a section of any statute shall not have the effect to release, extinguish, alter, modify, or change in whole or in part any penalty, forfeiture, or liability, either civil or criminal, which shall have been incurred under such statute, unless the repealing, revising, amending, or consolidating act so expressly provides, and such statute or part of a statute or section or part of a section of a statute so repealed, amended, or revised shall be treated and held as still remaining in force for the purpose of sustaining any and all proper actions, suits, proceedings, and prosecutions, criminal as well as civil, for the enforcement of such penalty, forfeiture, or liability, as well as for the purpose of sustaining any judgment, decree, or order which can or may be rendered, entered, or made in such actions, suits, proceedings, or prosecutions imposing, inflicting, or declaring such penalty, forfeiture, or liability.

(2) The revisor shall make no change in the substance of any statute but may make such changes in arrangement and terminology as will, in the judgment of the committee, improve the style and clarity of the laws, yet preserve the intent, effect, and meaning of each statutory provision.

(3) The revisor, with the approval of the committee, may employ such additional professional and clerical staff, within limits of appropriations, as may be necessary for the preparation and publication of the statutes under this article. In addition, the committee may obtain, by contract, such technical and professional assistance as it deems advisable for the efficient and accurate preparation and publication of such statutes, including but not limited to preparation of annotations and indices.

2-5-105. Publication contract - legislative declaration. (1) (a) Consistent with the requirement of section 8 of article XVIII of the state constitution that the general assembly provide for the publication of the laws passed at each session, the state acknowledges its obligation to provide official sets of statutes that are reasonably priced, accurate, and easy to use. In fulfillment of this obligation, the general assembly provides for distribution of statutes to state and local government agencies and the courts, without charge, in accordance with section 2-5-116 and provides for sale of statutes to the public in accordance with sections 2-5-111 and 2-5-118.

(b) The general assembly hereby finds and declares that:

(I) This section is enacted to assure that the obligation set forth in paragraph (a) of this subsection (1) is met consistent with the requirements of section 29 of article V of the state constitution governing the printing, binding, and distribution of the laws;

(II) An official, softbound, fully annotated set of statutes that is republished in its entirety annually and that is prepared under the supervision and direction of the committee on legal services of the general assembly meets that obligation; and

(III) On and after January 1, 1997, annual, softbound, official statutes shall be printed as a continuation of the original enactment of the Colorado Revised Statutes printed in accordance with the provisions of this article.

(2) On and after January 1, 1997, the work of the printing, binding, and packaging of softbound volumes and publications ancillary to Colorado Revised Statutes, originally entitled Colorado Revised Statutes 1973, and other similar operations precedent to the distribution thereof when published shall be performed pursuant to a contract or contracts bid and entered into in the manner directed by the committee on legal services in accordance with this section. Such contract or contracts shall be bid by employing standard bidding practices including, but not limited to, the use of requests for information, requests for proposals, or any other standard vendor selection practices determined by the committee to be best suited to selecting an appropriate printing contractor. The executive director of the department of personnel shall provide such technical advice and assistance regarding bidding procedures as deemed necessary by the committee.

(3) (a) It is the intent of the general assembly that the work of printing, binding, and packaging of softbound volumes and publications ancillary to Colorado Revised Statutes be submitted to bid and any contract or contracts be awarded by the committee on legal services at least one year prior to the expiration of the current printing contract on December 31, 1997. However, if the committee determines that a further extension of the current contract would facilitate preparation of Colorado Revised Statutes in a new format and that such an extension would be in the public interest, the committee may extend such contract for an additional period not to exceed five years. The committee shall determine whether such an extension should be granted and, subject to the five-year limitation, the duration of any extension. Subsequent contracts for the work of printing, binding, packaging, and distribution shall be rebid at the direction of the committee on legal services prior to the expiration of a contract or, if an extension is granted, prior to the expiration of the extension period. Subsequent contracts shall be awarded at least six months prior to the expiration of a prior contract or extension period. The committee shall assure that the work is rebid at least every ten years. Such contract or contracts shall be awarded to the lowest responsible bidder or bidders and the determination thereof by the committee shall be final.

(b) The terms and conditions of any contract shall be determined by the committee on legal services, subject to the following:

(I) The term of any contract shall not exceed five years; however, the committee on legal services may extend the term of any such contract for one additional period of not more than five years if it finds that such an extension would be in the public interest; and

(II) Any contract shall contain adequate procedures to allow for verification of actual costs of printing.

(c) The methods and terms of sale of Colorado Revised Statutes to the public shall be included in the contract as an alternative provision as provided for in section 2-5-111.

(d) The committee on legal services may authorize such enhancements to or improvements in Colorado Revised Statutes as the committee deems appropriate.

(e) In the award of said contract or contracts, the committee on legal services shall take into consideration the policies set forth in the "Unfair Practices Act", article 2 of title 6, C.R.S.

2-5-113. Effect of enactment of Colorado Revised Statutes 1973 - legislative construction not based on editorial matters. (1) Colorado Revised Statutes 1973 was enacted as a repeal and reenactment of Colorado Revised Statutes 1963 and the supplements thereto, as provided for in section 2-5-122, as said section existed upon its repeal.

(2) The effect of the enactment of the Colorado Revised Statutes 1973, as of its effective and operative date, shall be:

(a) To repeal all statutes and parts of statutes of a general and permanent nature not contained in the Colorado Revised Statutes 1973;

(b) To revive no law repealed or superseded before the effective and operative date of the Colorado Revised Statutes 1973;

(c) To affect no act done, right accrued, or obligation incurred or imposed by law prior to that effective and operative date;

(d) Neither to abate nor otherwise affect any action, suit, or proceeding pending on such effective and operative date;

(e) To affect no penalty or forfeiture incurred before such effective and operative date, except that where a punishment, penalty, or forfeiture is mitigated by any provision of the Colorado Revised Statutes 1973, that mitigating provision shall apply to any judgment pronounced after that effective and operative date; and

(f) To have no effect on the running or ending of a limitation or period of time prescribed for acquiring a right, barring a remedy, or for any other purpose, where the time limitation began to run before that effective and operative date and the same or a similar limitation is prescribed in Colorado Revised Statutes 1973.

(3) The provisions of Colorado Revised Statutes 1973, insofar as they are the same in substantial intent, effect, and meaning as those of prior laws, shall be given effect as though a continuation of those laws and not as new enactments. If, however, any act set out in the prior laws and reenacted by Colorado Revised Statutes 1973 or any supplement thereto is alleged to have had a defective title when originally enacted, that defect is cured by enactment of the Colorado Revised Statutes 1973 or any supplement thereto.

(4) The classification and arrangement by title, article, and numbering system of sections of Colorado Revised Statutes, as well as the section headings, source notes, annotations, revisor's notes, and other editorial material, shall be construed to form no part of the legislative text but to be only for the purpose of convenience, orderly arrangement, and information; therefore, no implication or presumption of a legislative construction is to be drawn therefrom.

2-5-115. Copyright by state. Colorado Revised Statutes and ancillary publications thereto, as published, shall be the sole property of the state of Colorado as owner and publisher thereof. The committee, or its designee, may register a copyright for and in behalf of the state of Colorado in any and all original publications and editorial work ancillary to the Colorado Revised Statutes that are prepared by the general assembly or its staff. The committee shall use its best efforts to ensure that any federal copyright registered pursuant to this section is appropriately maintained. Any prior actions of the committee and the revisor in securing such federal copyright are hereby validated.

2-5-116. Official list - designation and disposition of statutes. (1) The revisor shall prepare for approval by the committee an official list of the state, district, county, and municipal officials and state boards, commissions, divisions, and agencies who shall receive for official use sets of Colorado Revised Statutes, including a sufficient number of volumes for exchange with other states and territories on a reciprocal basis.

(2) The office of legislative legal services shall distribute such sets to the officials and agencies so listed, taking a receipt for each set so delivered.

(3) All sets of volumes provided for official use shall remain the property of the state of Colorado for the use of the named officials and their successors, and shall bear such designation.

2-5-117. Softbound volumes - ancillary publications. (1) Following the regular legislative session convening after January 1, 1997, the revisor, under the supervision and direction of the committee, shall annotate, arrange, and prepare for publication all laws of a general and permanent nature enacted at that session and at any special session intervening since the last preceding regular legislative session. Such laws shall be combined with the laws previously contained in the original hardbound volumes or replacement volumes and with the laws contained in the 1996 cumulative supplements for those volumes. Such combined laws shall be republished in accordance with this article in a fully annotated, softbound set of statutes.

(2) After each regular legislative session convening after January 1, 1998, the preparation for publication shall be as a republication of the entire set of statutes in softbound format that combines newly enacted laws with those published in the preceding year.

(3) Such softbound volumes, when, in like manner as is provided for enactment of Colorado Revised Statutes 1973, certified and reported to the general assembly by the committee, approved and enacted by the general assembly, published, and deposited with the secretary of state, shall be received, recognized, and referred to in like manner as Colorado Revised Statutes. Each year's set of softbound volumes shall become effective on the date specified in section 2-5-126 (2).

(4) The committee may issue such ancillary publications as it considers necessary or desirable in aid of the general use and purposes of Colorado Revised Statutes.

2-5-118. Official statutes - publications by other persons or agencies. (1) (a) The statutes prepared in accordance with sections 2-5-102 and 2-5-103 and printed and enacted as the law of the state in accordance with sections 2-5-105, 2-5-113, 2-5-117, and 2-5-126 shall be considered to be the official statutes of the state of Colorado. Such official statutes shall be the only publication of the statutes entitled to be considered as evidence in Colorado courts in accordance with section 13-25-101, C.R.S., and with applicable Colorado court rules. The courts of this state shall take judicial notice of such official statutes.

(b) To ensure public access to the statutes, the committee:

(I) Shall authorize the printing of the official statutes in softbound sets in accordance with section 2-5-105;

(II) May authorize and work cooperatively with the person printing the official statutes in accordance with section 2-5-105 to reprint and distribute the statutes in alternative printed and electronic formats, including, but not limited to the following:

(A) Compact discs;

(B) Online public access through the world wide web;

(C) Electronic applications for handheld electronic devices;

(D) Electronic books or digital versions of books readable on personal computers, mobile handheld electronic devices, or special e-reader or tablet-style devices; and

(E) Other electronic products or formats;

(III) May, pursuant to subsection (2) of this section, provide the statutory database containing the official text of the statutes, with or without original ancillary publications prepared by the general assembly or its staff, for the additional publication, reprinting, and distribution of the statutes in print, electronic, or other digital format by another person, agency, or political subdivision, in accordance with subsections (2) to (5) of this section; and

(IV) Recognizes that other persons, agencies, or political subdivisions may, from time to time, also publish, reprint, or otherwise distribute the statutes in print, electronic, or other digital format without the use of the statutory database containing the official text of the statutes as prepared by the general assembly or its staff.

(c) Publication, reprinting, or distribution of any of the publications ancillary to the statutes of the state of Colorado, as prepared by the general assembly or its staff, other than pursuant to sections 2-5-101 to 2-5-116, may be made only as provided for in this section.

(2) (a) Any person, agency, or political subdivision desiring to publish, reprint, or distribute, whether by use of printed matter or by use of computer or other electronic means, the statutes of the state of Colorado using the statutory database prepared by the general assembly or its staff containing the official text of the statutes, shall submit to the committee or the committee's designee:

(I) A statement specifying those portions of the statutes the person, agency, or political subdivision seeks to publish;

(II) A statement specifying whether the person, agency, or political subdivision is seeking to publish, reprint, or distribute any of the publications ancillary to the statutes as prepared by the general assembly or its staff pursuant to subsection (2.5) of this section;

(III) The costs and fees required by the committee as specified in paragraph (c) of this subsection (2); and

(IV) Such other information as the committee reasonably requires.

(b) Any person, agency, or political subdivision who wishes to publish, reprint, or distribute an officially sanctioned version of the statutes pursuant to this subsection (2) shall reproduce the statutes and ancillary publications, if any, accurately.

(c) (I) In addition to any other requirement, the committee may require that any person, agency, or political subdivision seeking to publish, reprint, or distribute the statutes using the statutory database prepared by the general assembly or its staff containing the official text of the statutes pay a fee to the state and any direct costs of preparation of any material provided by the state. Such fee and costs shall be determined by the committee, and any fee shall be in an amount that the committee determines is necessary to pay for state property interests in the statutes, to pay for the use of any material copyrighted by the state, and to pay for expenses incurred by the committee to ensure the accuracy of the statutes.

(II) (Deleted by amendment, L. 92, p. 959, § 1, effective April 29, 1992.)

(2.5) (a) Any person, agency, or political subdivision desiring to publish, reprint, or distribute, whether by use of printed matter or by use of computer or other electronic means, any of the publications ancillary to the statutes of the state of Colorado shall make prior written application to the committee, in which the applicant:

(I) Specifies what ancillary publications it seeks to publish;

(II) States generally the purpose for the publication, reprinting, or distribution and the persons or classes of persons to receive copies thereof;

(III) Demonstrates to the satisfaction of the committee that such ancillary publications will be accurately reproduced; and

(IV) Agrees to pay the costs and fees required by the committee.

(b) If the committee finds from the application that such distribution meets the requirements of this subsection (2.5) and that it will not be detrimental to the interests of the citizens of the state, it may authorize distribution of such ancillary publications specified in the application. Upon satisfactory arrangements for the payment by such person, agency, or political subdivision of any costs and fees, the committee may provide copies of such ancillary publications in printed or electronic format.

(3) (a) (Deleted by amendment, L. 2011, (SB 11-261), ch. 205, p. 875, § 3, effective May 23, 2011.)

(b) The committee may enter into such contracts as it deems necessary to implement the provisions of this section. Any contracts entered into prior to May 23, 2011, are hereby validated.

(4) The general assembly hereby finds and declares that this section and the other provisions of this article are enacted in furtherance of the general assembly's legislative duty to provide for the publication of the laws as required by section 8 of article XVIII of the state constitution and that any acts of the committee or its staff in implementing these provisions are legislative in character. The purpose of this section is to ensure that the official statutes are made available to the courts, state and local government agencies, and other users; that copies of the Colorado Revised Statutes, when published, reprinted, or distributed to interested citizens, accurately state the law in effect when those copies are prepared; and that unofficial publications, reprintings, or distributions of the statutes are not mistaken for the official statutes produced and enacted in accordance with this article. Any person, agency, or political subdivision that publishes, reprints, or otherwise distributes the statutes of the state of Colorado, with or without any ancillary publications to the statutes, shall reproduce them accurately.

(5) (a) Any publication, reprinting, or distribution that is published in accordance with paragraph (a) of subsection (2) of this section using the statutory database containing the official text of the statutes may contain a notice, approved by the committee, that indicates that it is an officially sanctioned publication using the official text of the Colorado Revised Statutes. Except for the official statutes provided for in subsection (1) of this section, publications of the statutes shall not contain any notice or other indication that they are official statutes of this state.

(b) to (d) (Deleted by amendment, L. 2011, (SB 11-261), ch. 205, p. 875, § 3, effective May 23, 2011.)

(6) Notwithstanding any other provision of this section to the contrary, a person, agency, or political subdivision may publish, reprint, or distribute two hundred or fewer sections of the Colorado Revised Statutes, with or without the ancillary publications thereto, for educational purposes.

PART 1

JOINT LEGISLATIVE OVERSIGHT COMMITTEES

2-7-101. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) A multiplicity of powers, duties, and functions have been assigned to the executive branch of state government in accordance with law and have been undertaken by the executive branch on its own initiative or at the behest of the federal government;

(b) Considerations such as avoidance of duplication, cost-effective service delivery, and efficient management of state government may have been overlooked in the assignment and undertaking of said powers, duties, and functions;

(c) While the initial assignment or undertaking of powers, duties, and functions may be reasonable, the assignment or undertaking may become obsolete because of changes in the nature of the problem sought to be solved or because of the passage of time;

(d) The interests of cost-effective and expedited delivery of services, avoidance of excessive tax burdens, and better government would be served by regular analytical review of the powers, duties, and functions of executive agencies by the general assembly for the purpose of determining whether there is a public need for continued existence of such powers, duties, and functions and whether the public need would be better served by the elimination, reassignment, or expansion of said powers, duties, and functions.

(b) Said study may include, but not be limited to:

(I) Identification of unnecessary duplication of functions, situations in which similar functions should be consolidated in one division or in which divisions should be consolidated, and situations in which efficient administration would be served by transferring existing powers, duties, and functions among principal departments or elimination of said powers, duties, and functions;

(a) It is important that state government be accountable and transparent in such a way that the general public can understand the value received for the tax dollars spent by the state;
