8-2-111.5. Certain employment references - exception to blacklisting prohibition. (1) The general assembly hereby finds, determines, and declares that the intent and purpose of the

provisions of sections 8-2-110 and 8-2-111 which prohibit the maintenance or use of blacklists were enacted to protect employees from retribution and harassment in the pursuit of their lawful activities. The general assembly further finds, determines, and declares that these prohibitions against blacklisting have in some instances been abused and have been used as a shield for persons responsible for thefts and other misappropriations of funds from financial institutions regulated under title 11, C.R.S., or under federal law in securing employment from other such financial institutions. These abuses of the antiblacklisting provisions have resulted in pattern and serial criminal activities at great expense and harm to such financial institutions and their customers.

(2) In response to a request by another bank, savings and loan association, credit card or travel and entertainment card company, trust company, credit union, or other state or federally chartered lending institution operating in Colorado, it is not unlawful or a violation of the prohibitions against blacklisting specified in sections 8-2-110 and 8-2-111 for a bank, savings and loan association, credit card or travel and entertainment card company, trust company, credit union, or other state or federally chartered lending institution operating in Colorado, when acting in good faith, to disclose any information about any involvement in a theft, embezzlement, misappropriation, or other defalcation by an employee or former employee.

(3) No bank, savings and loan association, credit card or travel and entertainment card company, trust company, credit union, or other state or federally chartered lending institution operating in Colorado or any officer, director, or employee thereof is civilly liable for providing an employment reference described in subsection (2) of this section upon request if the information is provided in good faith.

(4) The provision of such employment information shall not constitute a violation of the prohibition against blacklisting as provided in sections 8-2-110 and 8-2-111, nor shall it constitute an unfair labor practice in violation of any provision of article 3 of this title.

(5) A bank, savings and loan association, credit card or travel and entertainment card company, trust company, credit union, or other state or federally chartered lending institution operating in Colorado or any officer, director, or employee thereof who discloses information under this section is presumed to be acting in good faith unless it is shown by a preponderance of the evidence that the institution, officer, director, or employee intentionally or recklessly disclosed false information about the employee or former employee.

8-2-111.6. Health-care employers - immunity from civil liability - requirements - exception to blacklisting prohibition - legislative declaration. (1) The general assembly hereby finds, determines, and declares that the intent and purpose of sections 8-2-110 and 8-2-111, which prohibit the maintenance or use of blacklists, is to protect employees from retribution and harassment in the pursuit of their lawful activities. The general assembly further finds, determines, and declares that, in the area of health care, these prohibitions against blacklisting have in some instances been abused and have been used as a shield by persons responsible for drug violations or for patient endangerment.

(2) In response to a request by a prospective or current employer of a health-care worker, it is neither unlawful nor a violation of the prohibitions against blacklisting specified in sections 8-2-110 and 8-2-111 for an employer, when acting in good faith, to disclose information known about any involvement in drug diversion, drug tampering, patient abuse, violation of drug or alcohol policies of the employer, or crimes of violence as listed in section 18-1.3-406 (2)(a), C.R.S., by the health-care worker who is an employee or a former employee of the responding employer.

(3) (a) (I) An employer who provides information in accordance with subsection (2) of this section is immune from civil liability for providing the information or for any consequences that result from the disclosure of the information unless the health-care worker shows by a preponderance of the evidence that the information is false and the employer providing the information knew or reasonably should have known that the information is false.

(II) The provision of employment information in accordance with subsection (2) of this section does not constitute blacklisting under section 8-2-110 or 8-2-111, nor does it constitute an unfair labor practice in violation of article 3 of this title.

(b) This subsection (3) applies to any employee, agent, or other representative of the responding employer who is authorized to provide and provides information to an employer in accordance with subsection (2) of this section.

(4) An employer or any officer, director, employee, or representative of the employer who discloses information under this section shall be presumed to be acting in good faith unless it is shown by a preponderance of the evidence that the facility, officer, director, employee, or representative of the employer intentionally or recklessly disclosed false information about the employee or former employee.

8-2-111.7. Employees working with persons with intellectual and developmental disabilities - immunity from civil liability - requirements - exception to blacklisting prohibition - legislative declaration - definitions. (1) The general assembly hereby finds, determines, and declares that the intent and purpose of sections 8-2-110 and 8-2-111, which prohibit the maintenance or use of blacklists, is to protect employees from retribution and harassment in the pursuit of their lawful activities. The general assembly further finds, determines, and declares that these prohibitions against blacklisting have in some instances been abused and have been used as a shield by caregivers responsible for mistreatment, exploitation, neglect, or abuse of persons with developmental disabilities.

(2) In response to a request by a current or prospective employer of a caregiver, it is neither unlawful nor a violation of the prohibitions against blacklisting specified in sections 8-2-110 and 8-2-111 for an employer, when acting in good faith, to disclose information known

about any involvement in the mistreatment, exploitation, neglect, or abuse of persons with intellectual and developmental disabilities as prohibited by section 25.5-10-221, C.R.S., by a caregiver.

(3) (a) (I) An employer who provides information in accordance with subsection (2) of this section is immune from civil liability for providing the information or for any consequences that result from the disclosure of the information unless the caregiver shows by a preponderance of the evidence that the information is false and the employer providing the information knew or reasonably should have known that the information is false.

(II) The provision of employment information in accordance with subsection (2) of this section does not constitute blacklisting under section 8-2-110 or 8-2-111, nor does it constitute an unfair labor practice in violation of article 3 of this title.

(b) This subsection (3) applies to any employee, agent, or other representative of the responding employer who is authorized to provide and provides information to a current or prospective employer in accordance with subsection (2) of this section.

(4) An employer or any officer, director, employee, or representative of the employer who discloses information under this section is presumed to be acting in good faith unless it is shown by a preponderance of the evidence that the facility, officer, director, employee, or representative of the employer intentionally or recklessly disclosed false information about the caregiver.

(5) For the purposes of this section:

(a) "Caregiver" means a person currently or formerly employed to work with a person with an intellectual and developmental disability or a person who provides host home services by contract as part of residential services and supports as described in section 25.5-10-206 (1)(e), C.R.S. "Caregiver" does not mean a person who is employed by or who has contracted to work with a school district.

(b) "Person with an intellectual and developmental disability" has the same meaning as defined in section 25.5-10-202, C.R.S.

8-2-113. Unlawful to intimidate worker - agreement not to compete - prohibition - exceptions - notice - definitions. (1) **Legislative intent.** The general assembly intends to preserve existing state and federal case law in effect before August 10, 2022, that:

(a) Defines what counts as a covenant not to compete that is prohibited by this section; and

(b) Specifies the extent to which a covenant not to compete for the protection of trade secrets must be tailored in scope in order to be enforceable under this section.

(1.5) (a) It is unlawful to use force, threats, or other means of intimidation to prevent any person from engaging in any lawful occupation at any place the person sees fit.

(b) A person who violates this subsection (1.5) commits a class 2 misdemeanor, as defined in section 18-1.3-501.

(2) (a) Except as provided in subsections (2)(b) and (3) of this section, any covenant not to compete that restricts the right of any person to receive compensation for performance of labor for any employer is void.

(b) This subsection (2) does not apply to a covenant not to compete governing a person who, at the time the covenant not to compete is entered into and at the time it is enforced, earns an amount of annualized cash compensation equivalent to or greater than the threshold amount for highly compensated workers, if the covenant not to compete is for the protection of trade secrets and is no broader than is reasonably necessary to protect the employer's legitimate interest in protecting trade secrets.

(c) As used in this subsection (2):

(I) "Annualized cash compensation" means:

(A) The amount of the gross salary or wage amount, the fee amount, or the other compensation amount for the full year, if the person was employed or engaged for a full year;

(B) The compensation that the person would have earned, based on the worker's gross salary or wage amount, fee, or other compensation if the worker was not employed or engaged for a full year.

(II) "Threshold amount for highly compensated workers" means the greater of the threshold amount for highly compensated workers as determined by the division of labor standards and statistics in the department of labor and employment:

(A) As of August 10, 2022; or

(B) At the time the covenant not to compete is executed by the parties.

(III) In determining whether a worker's cash compensation exceeds the threshold amount, where the worker has been employed for less than a calendar year, the worker's cash compensation exceeds the threshold amount if the worker would reasonably expect to earn more than the threshold amount during a calendar year of employment.

(d) This subsection (2) does not apply to a covenant not to solicit customers governing a person who, at the time the covenant is entered into and at the time it is enforced, earns an amount of annualized cash compensation equivalent to or greater than sixty percent of the threshold amount for highly compensated workers if the nonsolicitation covenant is no broader than reasonably necessary to protect the employer's legitimate interest in protecting trade secrets.

(3) The following covenants are not prohibited by subsection (2) of this section:

(a) A provision providing for an employer's recovery of the expense of educating and training a worker where the training is distinct from normal, on-the-job training, the employer's recovery is limited to the reasonable costs of the training and decreases over the course of the

two years subsequent to the training proportionately based on the number of months that have passed since the completion of the training, and the employer recovering for the costs of the training would not violate the "Fair Labor Standards Act of 1938", 29 U.S.C. sec. 201 et seq., or article 4 of this title 8;

(b) A reasonable confidentiality provision relevant to the employer's business that does not prohibit disclosure of information that arises from the worker's general training, knowledge, skill, or experience, whether gained on the job or otherwise, information that is readily ascertainable to the public, or information that a worker otherwise has a right to disclose as legally protected conduct;

(c) A covenant for the purchase and sale of a business or the assets of a business; or

(d) A provision requiring the repayment of a scholarship provided to an individual working in an apprenticeship if the individual fails to comply with the conditions of the scholarship agreement.

(4) (a) Any covenant not to compete that is otherwise permissible under subsection (2) or (3) of this section is void unless notice of the covenant not to compete and the terms of the covenant not to compete are provided to:

(I) A prospective worker before the worker accepts the employer's offer of employment;

or

(II) A current worker at least fourteen days before the earlier of:

(A) The effective date of the covenant; or

(B) The effective date of any additional compensation or change in the terms or conditions of employment that provides consideration for the covenant.

(b) An employer shall provide the notice required in subsection (4)(a) of this section in a separate document from any other covenants between the worker and employer and in clear and conspicuous terms in the language in which the worker and employer communicate about the worker's performance. The notice must be signed by the worker.

(c) (I) A worker may request an additional copy of the covenant not to compete required by this subsection (4) once each calendar year.

(II) An employer is not required under this subsection (4) to provide the worker with an additional copy of the covenant not to compete more than once during a calendar year.

(d) An employer satisfies the notice requirement of this subsection (4) when the notice:

(I) Is provided with a copy of the agreement containing the covenant not to compete;

(II) Identifies the agreement by name and states that the agreement contains a covenant not to compete that could restrict the workers' options for subsequent employment following their separation from the employer; and

(III) Directs the worker to the specific sections or paragraphs of the agreement that contain the covenant not to compete.

(5) (a) Any covenant not to compete provision of an employment, partnership, or corporate agreement between physicians that restricts the right of a physician to practice medicine, as defined in section 12-240-107, upon termination of the agreement, is void; except that all other provisions of the agreement enforceable at law, including provisions that require the payment of damages in an amount that is reasonably related to the injury suffered by reason of termination of the agreement, are enforceable. Provisions of a covenant not to compete that require the payment of damages upon termination of the agreement may include damages related to competition.

(b) Notwithstanding subsection (5)(a) of this section, after termination of an agreement described in subsection (5)(a) of this section, a physician may disclose his or her continuing practice of medicine and new professional contact information to any patient with a rare disorder, as defined in accordance with criteria developed by the National Organization for Rare Disorders, Inc., or a successor organization, to whom the physician was providing consultation or treatment before termination of the agreement. Neither the physician nor the physician's employer, if any, is liable to any party to the prior agreement for damages alleged to have resulted from the disclosure or from the physician's treatment of the patient after termination of the prior agreement.

(6) A covenant not to compete that applies to a worker who, at the time of termination of employment, primarily resided or worked in Colorado may not require the worker to adjudicate the enforceability of the covenant outside of Colorado. Notwithstanding any contractual provision to the contrary, Colorado law governs the enforceability of a covenant not to compete for a worker who, at the time of termination of employment, primarily resided and worked in Colorado.

(7) A worker who is a party to a covenant not to compete, or a subsequent employer that has hired or is considering hiring the worker, may seek a declaratory judgment from a court of competent jurisdiction or an arbitrator that the covenant not to compete is unenforceable.

(8) (a) An employer shall not enter into, present to a worker or prospective worker as a term of employment, or attempt to enforce any covenant not to compete that is void under this section.

(b) An employer that violates subsection (8)(a) of this section is liable for actual damages and a penalty of five thousand dollars per worker or prospective worker harmed by the conduct. The attorney general and any worker or prospective worker harmed by an employer's conduct may bring an action for injunctive relief and to recover penalties. In addition to injunctive relief and the penalty allowed in this subsection (8)(b), a worker or prospective worker may recover actual damages, reasonable costs, and attorney fees in any private action brought under this section.

(c) In any action brought under this subsection (8), if the employer shows that the act or omission giving rise to such action was in good faith and that the employer had reasonable grounds for believing that the employer's act or omission was not a violation of this section, the court may, in its sound discretion, award the worker or workers no penalty or award a penalty of any amount not to exceed the amount specified in subsection (8)(b) of this section.

This immunity shall not apply when such employee shows by a preponderance of the evidence both of the following:

(a) The information disclosed by the current or former employer was false; and

(b) The employer providing the information knew or reasonably should have known that the information was false.

(4) This section applies to any employee, agent, or other representative of the current or former employer who is authorized to provide and who provides information in accordance with this section.

PART 2

EMPLOYER'S LIABILITY

Editor's note: In the original Volume 3, Colorado Revised Statutes 1973, this part 2 was included under article 42 of the "Workmen's Compensation Act of Colorado". It was moved to

this article in 1976 for correct location since it was not enacted by the General Assembly as a part of the "Workmen's Compensation Act of Colorado" (see chapter 113, p. 294, Session Laws of Colorado 1911, and chapter 210, p. 700, Session Laws of Colorado 1919, and article 5 of chapter 80 and article 1 of chapter 81, C.R.S. 1963, prior to the recodification of the statutes in 1973).

8-2-201. Damages - fellow servant rule abolished - limitation on admission of criminal history. (1) Every corporation or individual who employs agents, servants, or employees, such agents, servants, or employees being in the exercise of due care, shall be liable to respond in damages for injuries or death sustained by any such agent, servant, or employee resulting from the carelessness, omission of duty, or negligence of such employer, or which may have resulted from the carelessness, omission of duty, or negligence of any other agent, servant, or employee of the employer, in the same manner and to the same extent as if the carelessness, omission of duty, or negligence causing the injury or death was that of the employer.

(2) (a) Information regarding the criminal history of an employee or former employee may not be introduced as evidence in a civil action against an employer or its employees or agents that is based on the conduct of the employee or former employee if:

(I) The nature of the criminal history does not bear a direct relationship to the facts underlying the cause of action; or

(II) Before the occurrence of the act giving rise to the civil action, a court order sealed any record of the criminal case or the employee or former employee received a pardon; or

(III) The record is of an arrest or charge that did not result in a criminal conviction; or

(IV) The employee or former employee received a deferred judgment at sentence and the deferred judgment was not revoked.

(b) This subsection (2) does not supersede any statutory requirement to conduct a criminal history background investigation or consider criminal history records in hiring for particular types of employment.

If the death of a person is caused by an act of carelessness, omission of duty, or negligence as provided in section 8-2-201, the corporation or individual who would have been liable if the death had not ensued shall be liable to an action for damages regardless of the death of the party injured. In each such case the jury may award such damages as it deems fair and just, with reference to the necessary injury resulting from such death, to the parties who may be entitled to sue under this part 2; except that, if the decedent left

neither a widow, widower, or minor children nor a dependent father or mother, the damages recoverable in any such action shall not exceed forty-five thousand dollars.

- (b) If there is no husband or wife or if he or she fails to sue within one year after such death, by the children of the deceased or their descendants;
- (c) If such deceased is a minor or unmarried, without issue, by the father or mother or by both jointly; or
- (d) If there is no such person entitled to sue, by such other next of kin of the deceased as may be dependent upon the deceased for support.

(2) Every such action, in case of death, may be maintained by any person entitled to sue for the use and benefit of the others so entitled to sue as well as for the plaintiff so suing, and the verdict of the jury and the judgment of the court shall specify the amount of damages awarded to each person, and, if any such actions are separately brought, the same shall be consolidated with the action first commenced in the court which has jurisdiction of said actions when so consolidated.

If any agent, servant, or employee, while in the performance of his duty for his employer, is injured or killed in the employer's service on account of the employer's negligence or any defect or peril connected with ways, works, machinery, or instrumentalities used in the business of the employer which could have been remedied or made safer by the use of ordinary diligence, a recovery for such injury or death may be had. The fact that such employee had knowledge of the defect or peril shall not be a bar to a recovery unless the repairing or remedying of such defect or peril was his principal duty. All stipulations, contracts, or agreements between an employee and his employer or between other persons contrary to the provisions of this section shall be null and void.

(3) (a) An agricultural employer shall not retaliate against any person, including an agricultural employee, asserting or seeking rights protected under article 3 or 6 of this title 8, part 2 of article 13.5 of this title 8, article 14.4 of this title 8, including complaining publicly or supporting an agricultural employee seeking or asserting rights, remedies, or penalties under those provisions of this title 8, or any other remedies available pursuant to law.

8-3-102. Legislative declaration. (1) The public policy of the state as to employment relations and collective bargaining, in the furtherance of which this article 3 is enacted, is declared to be as follows:

(a) It recognizes that there are three major interests involved, namely: That of the public, the employee, and the employer. These three interests are to a considerable extent interrelated. It is the policy of the state to protect and promote each of these interests with due regard to the situation and to the rights of the others.

(b) Industrial peace, regular and adequate income for the employee, and uninterrupted production of goods and services are promotive of all of these interests. They are largely dependent upon the maintenance of fair, friendly, and mutually satisfactory employment relations and the availability of suitable machinery for the peaceful adjustment of whatever legitimate controversies may arise. It is recognized that certain employers, including farmers and farmer cooperatives, in addition to their general employer problems, face special problems arising from perishable commodities and seasonal production which require adequate consideration. It is also recognized that whatever may be the rights of disputants with respect to each other in any controversy regarding employment relations, they should not be permitted in the conduct of their controversy to intrude directly or indirectly into the primary rights of third parties to earn a livelihood, transact business, and engage in the ordinary affairs of life by any lawful means and free from molestation, interference, intimidation, restraint, or coercion.

(c) Negotiations of terms and conditions of work should result from voluntary agreement between employer and employee. For the purpose of such negotiation, an employee has the right, if he desires, to associate with others in organizing and bargaining collectively through representatives of his own free choosing without intimidation or coercion from any source.

(d) All rights of persons to join labor organizations or unions and their rights and privileges as members of labor organizations or unions should be recognized, safeguarded, and protected. A person shall not be denied membership in a labor organization or union on account of race, creed, color, religion, sex, sexual orientation, gender identity, gender expression, marital status, disability, national origin, or ancestry or by any unfair or unjust discrimination. A labor organization or union shall neither require arbitrary or excessive initiation fees and dues nor impose excessive, unwarranted, arbitrary, or oppressive fines, penalties, or forfeitures. The members are entitled to full and detailed reports from their officers, agents, or representatives of all financial transactions and have the right to elect officers by secret ballot and to determine and vote upon the question of striking, not striking, and other questions of policy affecting the entire membership.

(e) In order to preserve and promote the interests of the public, the employee, and the employer alike, the state shall establish standards of fair conduct in employment relations and provide a convenient, expeditious, and impartial tribunal by which these interests may have their respective rights and obligations adjudicated, without limiting the jurisdiction of the courts to protect property, and to prevent and punish the commission of unlawful acts. While limiting

individual and group rights of aggression and defense, the state substitutes processes of justice for the more primitive methods of trial by combat.

(f) It is declared to be the common law of the state that no act which if done by one person would constitute a crime under the common law or statutes of this state is any less a crime if committed by two or more persons or corporations acting in concert, and no act which under the common law or statutes of this state is a wrongful act for which any person has a remedy against the wrongdoer if done by one person is any less a remedial wrong if done by two or more persons or corporations in concert, nor shall the injured person be denied relief in the courts of this state in law or equity except as such relief may be expressly limited by statute.

(g) (I) The general assembly hereby finds and determines that the matters contained in this article have important statewide ramifications for the labor force in this state. The general assembly, therefore, declares that the matters contained in this article are of statewide concern.

(II) to (III) Repealed.

8-3-103. Construction. Except as specifically provided in this article, nothing in this article shall be construed so as to interfere with or impede or diminish in any way the right to strike or the right of individuals to work, nor shall anything in this article be so construed as unlawfully to invade the right to freedom of speech. It shall not be a labor dispute where the disputants do not stand in the proximate relation of employer and employee. No jurisdictional dispute or controversy between two or more unions as to which of them has or shall have jurisdiction over certain kinds of work; or as to which of two or more bargaining units constitutes the collective bargaining unit as to which the employer stands impartial or ready to negotiate or bargain with whichever is legally determined to be such bargaining unit, shall constitute a labor dispute.

8-3-105. Director to administer - adopt rules and regulations. The director shall enforce and administer the provisions of this article and may adopt reasonable rules and regulations relative to its administration and to the conduct of all elections and hearings pertaining to mass transportation as defined in section 8-3-104 (15). 8-3-106. Rights of employees. In accordance with the provisions of this article, employees have the right of self-organization and the right to form, join, or assist labor organizations, to bargain collectively through representatives of their own free choosing, and to engage in lawful, concerted activities for the purpose of collective bargaining or other mutual aid or protection. Each employee also has the right to refrain from any of such activities. The rights of each employee are essential rights, and nothing contained in this article shall be so construed as to infringe upon or have any operation against or in conflict with such rights.

8-3-107. Representatives and elections. (1) A unit chosen for the purpose of collective bargaining shall be the exclusive representative of all of the employees in such unit, if the majority of the employees of one employer, or the majority of the employees of one employer in a craft, vote at an election. But employees individually have the right at any time to present grievances to their employer in person or through representatives of their own free choosing, and the employer shall confer with them in relation thereto.

(2) When a question arises concerning the selection of a collective bargaining unit, it shall be determined by secret ballot, and the director, upon request, shall cause the ballot to be taken in such manner as to show separately the wishes of the employees in any craft, division, department, or plant as to the selection of the collective bargaining unit.

(3) When a question arises concerning the selection of a collective bargaining unit, the director shall determine the question thereof by taking a secret ballot of employees and certifying in writing the results thereof to the bargaining units involved and to their employer. There shall be included on any ballot for the selection of a bargaining unit the names or suitable description of each bargaining unit submitted to the director and claimed to be the appropriate unit by an employee or group of employees participating in the election; except that the director, in his discretion, may exclude from the ballot any bargaining unit which, at the time of the election, stands deprived of its rights under this article by reason of a prior adjudication of its having engaged in an unfair labor practice. The ballot shall be so prepared as to permit a vote against representation by any unit named on the ballot. The director's certification of the results of any election shall be conclusive as to the findings included therein, unless reviewed in the manner provided by section 8-3-110 (8), for review of orders of the director.

(4) Questions concerning the selection of collective bargaining units may be raised by petition of any employee or his employer or the representative of either of them. Where it appears by the petition that any emergency exists requiring prompt action, the director shall act upon said petition forthwith and hold the election requested within such time as will meet the requirements of the emergency presented. The fact that one election has been held shall not

prevent the holding of another election among the same group of employees, if it appears to the director that sufficient reason therefor exists.

(5) The director shall investigate and determine which persons shall be qualified and entitled to vote at any election held by him and shall prepare and certify a poll list of such qualified voters and shall file the same in the office of the director not later than twenty-four nor earlier than forty-eight hours preceding the time of such balloting. The list shall be available to the collective bargaining units whose interests are involved in the election. On request of any employee, the list shall be prepared so as to show separately which employees are entitled to vote for general representation of the employees and which employees are entitled to vote separately for craft representation or representation of any one of several plants of a common employer. No person whose name is not so certified shall be entitled to vote at such election. The director shall protect the secrecy of the ballot and shall take all proper measures for the accurate counting thereof and shall certify the result thereof and immediately file such certificate in the records of the division and make the same available for the inspection of any person interested. The bargaining units so elected and certified shall be the respective representatives of the employees so electing them and recognized as such under this article. The names of all persons voting at the election for the selection of a bargaining unit shall be certified to the division and filed in its records and shall constitute the voting roll for said bargaining unit for all purposes under this article. The name of any person leaving such employment shall be removed from the roll; except that any employee whose name appears on said voting roll may have his name withdrawn from said roll by notice in writing to the division.

8-3-108. What are unfair labor practices. (1) It is an unfair labor practice for an employer, individually or in concert with others, to:

(a) Interfere with, restrain, or coerce his employees in the exercise of the rights guaranteed in section 8-3-106;

(b) Initiate, create, dominate, or interfere with the formation or administration of any labor organization or contribute financial support to it; except that an employer shall not be prohibited from reimbursing employees at their prevailing wage rate for time spent conferring with him, nor from cooperating with representatives of at least a majority of his employees in a collective bargaining unit, at their request, by permitting employee organizational activities on employer premises or the use of employer facilities where such activities or use create no additional expense to the employer;

(c) (I) Encourage or discourage membership in any labor organization, employee agency, committee, association, or representation plan by discrimination in regard to hiring, tenure, or other terms or conditions of employment; except that an employer shall not be prohibited from entering into an all-union agreement with the representatives of his employees in a collective bargaining unit if such all-union agreement is approved by the affirmative vote of at least a majority of all the employees eligible to vote or three-quarters or more of the employees who actually voted, whichever is greater, by secret ballot in favor of such all-union agreement in an election provided for in this paragraph (c) conducted under the supervision of the director. Where the collective bargaining unit involved is currently recognized under sections 8 or 9 of the

"National Labor Relations Act", as amended, (49 Stat. 449; 61 Stat. 136), or where the collective bargaining unit involved is currently recognized by reason of certification by the director or the national labor relations board, or where such units were so recognized at the time of an election provided for in this paragraph (c), there is and shall be deemed to have been no need for a certification election as a precedent to an election provided for in this paragraph (c) in such collective bargaining unit on the issue of an all-union agreement. The employees in such a recognized or certified unit within this state shall be the only employees eligible to vote in an election provided for in this paragraph (c) held in such unit.

(II) (A) Any agreement as defined in section 8-3-104 (1.5) between an employer and a labor organization in existence on June 29, 1977, which has not been voted upon by the employees covered by it may, by written mutual agreement of such employer and labor organization, be ratified and upon such ratification shall be filed with the director. Any agreement as defined in section 8-3-104 (1.5) between an employer and a labor organization in existence on June 29, 1977, which has not been ratified and filed, as provided in this subsection (1)(c)(II), shall not be legal, valid, or enforceable during the remaining term of that labor contract unless and until either the employer, the labor organization, or at least twenty percent of the employees covered by such agreement file a petition upon forms provided by the division, demanding an election submitting the question of the all-union agreement to the employees covered by such agreement and said agreement is approved by the affirmative vote of at least a majority of all the employees eligible to vote or three-quarters or more of the employees who actually voted, whichever is greater, by secret ballot in favor of such all-union agreement in an election provided for in this subsection (1)(c) conducted under the supervision of the director.

(B) Upon filing of such instrument of ratification with the director, the director shall certify that such agreement complies with the provisions of section 8-3-104 (1.5) notwithstanding the absence of any other election requirements of this article 3, and by virtue of such ratification and certification, such agreement shall be deemed legal, valid, and enforceable to the extent permitted under the provisions of this article 3, subject to the provisions of subsection (1)(c)(II)(D) of this section.

(C) Within two weeks after the certification by the director provided for in sub-subparagraph (B) of this subparagraph (II), the employer which is a party to such agreement shall post or give written notice to all employees covered by such agreement on the date of ratification of the fact that the agreement has been ratified and certified pursuant to the provisions of this subparagraph (II) and of the right of such employees to file a petition demanding an election as provided in sub-subparagraph (D) of this subparagraph (II). Proof of giving of notice shall be filed with the director within twenty days after the certification by the director provided for in sub-subparagraph (B) of this subparagraph (II).

(D) Within forty-five days after the certification by the director provided for in sub-subparagraph (B) of this subparagraph (II) twenty percent of the employees covered by such agreement may file a petition, upon forms provided by the division, demanding an election submitting the question of ratification of such agreement to the employees covered by such agreement. If ratification of the agreement is approved by the affirmative vote of at least a majority of all the employees eligible to vote or three-quarters or more of the employees who actually voted, whichever is greater, in said election, the agreement shall be conclusively deemed ratified. Such election shall be held as promptly as possible following the filing of the petition. In the event that a certified contract expires or is terminated prior to the conducting of

such an election, such certification shall be applicable to any subsequent agreement between the same parties until such election may be held.

(III) The director shall declare any such all-union agreement terminated whenever:

(A) He finds that the labor organization involved unreasonably has refused to receive as a member any employee of such employer, and any person interested may come before the director, as provided in section 8-3-110, and ask the performance of this duty; or

(B) The employer or twenty percent of the employees covered by such agreement file a petition with the director on forms provided by the division seeking to revoke such all-union agreement and, in an election conducted under the supervision of the director, there is not an affirmative vote of at least a majority of all the employees eligible to vote or three-quarters or more of the employees who actually voted, whichever is greater, in such election by secret ballot in favor of such all-union agreement. Such petition may only be filed within a time period between one hundred twenty and one hundred five days prior to the end of the collective bargaining agreement or prior to a triennial anniversary of the date of such agreement, and the division must complete said election within sixty days prior to the termination or triennial anniversary of said collective bargaining agreement. The director may conduct an election within a collective bargaining unit no more often than once during the term of any collective bargaining agreement or once every three years in the case of agreements for a period longer than three years.

(IV) The director shall provide a means by which employees may submit confidential petitions for an election under this paragraph (c), a means for verifying the employment, status, and eligibility of petitioners, and a means for determining the sufficiency of such petitions with respect to the twenty percent signature requirement, all of which shall be accomplished without disclosing the identification of such petitioners, except as allowed under subparagraph (V) of this paragraph (c). This duty shall apply to petitions filed pursuant to subparagraph (II)(A), (II)(D), or (III)(B) of this paragraph (c).

(V) No officer or employee of the division shall disclose the names of any signers to a petition or disclose how any person voted in an election to any person outside the division except pursuant to a court order or subpoena issued by a governmental authority or a court, and any such officer or employee who violates such nondisclosure provisions or who refuses to call an election pursuant to this paragraph (c) or prevents or conspires to prevent such call of an election commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

(d) Refuse to bargain collectively with the representatives of his employees in any collective bargaining unit; except that where an employer with reasonable cause files with the division a petition requesting a determination as to bargaining unit representation, he shall not be deemed to have refused to bargain until an election has been held and the result thereof has been certified to him by the director;

(e) Enter into an all-union agreement except in the manner provided in paragraph (c) of this subsection (1);

(f) Violate the terms of a collective bargaining agreement, including an agreement to accept an arbitration award;

(g) Refuse or fail to recognize or accept as conclusive of any issue in any controversy as to employment relations the final determination, after appeal, if any, of any tribunal having competent jurisdiction of the same or whose jurisdiction the employer has accepted;

(h) Discharge or otherwise discriminate against an employee because he has filed charges or given information or testimony in good faith under the provisions of this article;

(i) Deduct labor organization dues or assessments from an employee's earnings, unless the employer has been presented with an individual order therefor, signed by the employee personally and terminable at any time by the employee's giving at least thirty days' written notice of such termination;

(j) Employ any person to spy upon employees or their representatives respecting their exercise of any right created or approved by this article;

(k) Make, circulate, or cause to be circulated a blacklist as described in section 8-2-110;

(l) Commit any crime or misdemeanor in connection with any controversy as to employment relations;

(m) Require a potential employee to furnish preemployment application information regarding said applicant's record of civil or military disobedience, unless any such matters resulted in a plea of guilty or a conviction by a court of competent jurisdiction.

(2) It is an unfair labor practice for an employee, individually or in concert with others, to:

(a) Coerce or intimidate an employee in the enjoyment of his legal rights, including those guaranteed in section 8-3-106, or to intimidate his family or any member thereof, picket his domicile, or injure the person or property of such employee or his family or of any member thereof;

(b) Coerce, intimidate, or induce any employer to interfere with any of his employees in the enjoyment of their legal rights, including those guaranteed in section 8-3-106, or to engage in any practice with regard to his employees which would constitute an unfair labor practice if undertaken by him on his own initiative;

(c) Violate the terms of a collective bargaining agreement, including an agreement to accept an arbitration award;

(d) Refuse or fail to recognize or accept as conclusive of any issue in any controversy as to employment relations the final determination, after appeal, if any, of any tribunal having competent jurisdiction of the same or whose jurisdiction the employees or their representatives accepted;

(e) Cooperate in engaging in, promoting, or inducing picketing, boycotting, or any other overt concomitant of a strike unless a majority in a collective bargaining unit of the employees of an employer against whom such acts are primarily directed have voted by secret ballot to call a strike;

(f) Hinder or prevent, by mass picketing, threats, intimidation, force, or coercion of any kind, the pursuit of any lawful work or employment; or to obstruct or interfere with entrance to or egress from any place of employment; or to obstruct or interfere with free and uninterrupted use of public roads, streets, highways, railways, airports, or other ways of travel or conveyance;

(g) Engage in a secondary boycott, or to hinder or prevent, by threats, intimidation, force, coercion, or sabotage, the obtaining, use, or disposition of materials, equipment, or services, or to combine or conspire to hinder or prevent, by any means whatsoever, the obtaining, use, or disposition of materials, equipment, or services;

(h) Take, retain, or remain in unauthorized possession of property or any part thereof of the employer, or to engage in any concerted effort to interfere with production, except by leaving the premises in an orderly manner for the purpose of going on strike;

(i) Engage in a sit-down strike on the premises or property of the employer;
(j) Fail to give the notice of intention to strike provided in section 8-3-113;
(k) Commit any crime or misdemeanor in connection with any controversy as to employment relations;

(l) Demand or require any stand-in employee to be hired or employed by an employer, or to demand or require that the employer employ or pay for an employee to stand by or stand in for work being done by other employees, or to require the employer to employ or pay for any employee not required by the employer or necessary for the work of the employer;

(m) Do or cause to be done, on behalf of or in the interest of employers or employees, or in connection with or to influence the outcome of any controversy as to employment relations, any act prohibited by subsections (1) and (2) of this section.

(3) It is an unfair labor practice for an employee, individually or in concert with others, or for a labor organization or any of its agents to:

(a) Induce or encourage the employees of an employer to engage in a strike or concerted refusal in the course of their employment, or by any means to force or require an employer or any one or more employees to refrain from or prevent the use of any material, device, tool, or equipment intended or calculated to reduce the cost of the work;

(b) Require or force an employer to use any materials or do any work or render any service in connection with any task, job, work, or service as a condition of using any labor-saving device, equipment, tool, or instrument in the performance of such task, job, work, or service;

(c) Impose on any employee any fine, penalty, or forfeiture because such employee has used, is using, or has attempted to use a labor-saving device;

(d) (I) Engage in or induce or encourage employees of any employer to engage in a strike or concerted refusal in the course of their employment to use, manufacture, process, transport, or otherwise handle or work on any goods, articles, materials, or commodities or to perform any service where an object thereof is forcing or requiring any employer to assign particular work to employees in a particular trade, craft, or class rather than to employees in another labor organization or in another trade, craft, or class unless such employer is failing to conform to an order of the director or certification determining the bargaining representative for employees performing such work; but nothing contained in this subsection (3) shall be construed to make unlawful a refusal by any person to enter upon the premises of any employer (other than his own employer). Whenever a complaint is filed charging that any person or labor organization is engaged in the unfair labor practice defined in this paragraph (d), the director shall hear and determine the dispute concerning the assignment of work out of which such complaint arises, unless within ten days the parties to the dispute provide evidence to the director that the dispute is properly adjusted, in which case the complaint shall be dismissed by the director.

(II) Upon the filing of a complaint under this paragraph (d), the director shall make a preliminary investigation, and, if he finds that there is reasonable cause that the complaint is true, he may issue an order directing that the employees or labor organization cease and desist from striking, picketing, or refusing to handle or work on goods pending a resolution by the director of the dispute out of which the complaint arises.

(III) Upon the failure or refusal of any person or labor organization against whom such order is issued to comply with this order or direction, the district court of the district wherein the strike, picketing, or refusal to handle or work on goods takes place may, upon application of the

director, issue injunctive relief in the manner provided in the Colorado rules of civil procedure for courts of record in Colorado.

(e) With regard to the entirety of this subsection (3), the following shall apply: Such material, device, tool, or equipment is germane to the employees' craft and not injurious to the employees' health and safety or the public generally, and nothing in this subsection (3) shall negate the rights of an employer and a labor organization to bargain collectively pursuant to subsection (1)(d) of this section.

(4) It is an unfair labor practice to do or cause to be done, on behalf of or in the interest of employers or employees, or in connection with or to influence the outcome of any controversy as to employment relations, any act prohibited by subsections (1), (2), and (3) of this section.

8-3-109. What are not unfair labor practices. (1) It is not an unfair labor practice for any employer to refuse to grant a closed shop or all-union agreement or to accede to any proposal therefor as provided in this article.

(2) The right of both employer and employee freely to express, declare, and publish their respective views and proposals concerning any labor relationship shall not be abrogated or limited by this article, nor shall the exercise of such right constitute an unfair labor practice. No strike shall be lawful unless it is authorized by a majority vote of the employees in the union involved taken by secret ballot such as is provided in this article.

(3) It shall not be an unfair labor practice for an employer engaged primarily in the building and construction industry to enter into an all-union agreement, except an agreement providing for an agency shop or modified agency shop, with a labor organization, which agreement is limited in its coverage to employees who, upon their employment, will be engaged in the building and construction industry, if a copy of such agreement is filed with the director and certified by him as provided in section 8-3-108 (1)(c)(II)(B). Such agreement may be ratified as provided in section 8-3-108 (1)(c)(II)(C) or terminated by the director as provided in section 8-3-108 (1)(c)(III).

8-3-110. Prevention of unfair labor practices. (1) Any controversy concerning unfair labor practices may be submitted to the division in the manner and with the effect provided in this article; but nothing in this article shall prevent the pursuit of equitable or legal relief in courts of competent jurisdiction, nor shall it be any ground for refusal of such relief that all of the administrative remedies provided in this article before the division have not been exhausted.

(2) Upon the filing with the division by any party in interest of a complaint in writing on a form provided by the division charging any person with having engaged in any specific unfair labor practice, the division shall mail a copy of such complaint to all persons so charged. Any other person claiming interest in the dispute or controversy, as an employer, an employee, or representative thereof, shall be made a party upon application. The director may bring in additional parties by service of a copy of the complaint. Only one such complaint shall issue against a person with respect to a single controversy, but any such complaint may be amended in the discretion of the director at any time prior to the issuance of a final order based thereon. The persons so complained of have the right to file an answer to the original or amended complaint and to appear in person or otherwise and give testimony at the place and time fixed in the notice of hearing. The director shall fix a time for the hearing on such complaint, which shall not be less than ten nor more than forty days after the filing of such complaint. Notice shall be given to the complainant and to each party named in the pleadings by service on him personally or by mailing a copy thereof to him at his last known post office address at least ten days before such hearing. In case a party in interest is located without the state and has no known post office address within this state, a copy of the complaint and copies of all notices shall be filed in the office of the secretary of state and shall also be sent by registered mail to the last known post office address of such party. Such filing and mailing shall constitute sufficient service with the same force and effect as if served upon the party located within this state. Such hearing may be adjourned from time to time in the discretion of the director and hearings may be held at such places as the director designates. The director may initiate and file any such complaint of his own motion or at the request of any interested person. Should the director file such a complaint on request, he shall not disclose the name or interest of the person upon whose request the complaint is filed, if in his judgment such disclosure would tend to prejudice the interest of any person who may be affected by any order that the director may enter upon such complaint.

(3) The director has the power to issue subpoenas and administer oaths. Depositions may be taken in the manner prescribed by the Colorado rules of civil procedure, and all such depositions shall be taken upon commissions issued by the director. No person shall be excused from attending and testifying or from producing books, records, correspondence, documents, or other evidence in obedience to the subpoena of the director on the ground that the testimony or evidence required of him may tend to incriminate him or subject him to a penalty or forfeiture under the laws of the state of Colorado. No individual shall be prosecuted or subjected to any penalty or forfeiture for any transaction, matter, or thing concerning which he may testify or produce evidence, documentary or otherwise, before the director in obedience to a subpoena issued by him. An individual so testifying shall not be exempt from prosecution and punishment for perjury in the first degree committed in so testifying.

(4) Any person who willfully and unlawfully fails or neglects to appear or testify or to produce books, papers, and records as required, upon application to a district court, shall be ordered to appear before the director to testify or produce evidence if so ordered, and failure to obey such order of the court may be punished by the court as a contempt thereof.

(5) Each witness who appears before the director by his order or subpoena shall receive for his attendance the fees and mileage provided for witnesses in civil cases in courts of record, which shall be audited and paid by the state in the same manner as other expenses are audited and paid, upon presentation of properly verified vouchers approved by the director and charged to the proper appropriation for the division.

(6) A complete record shall be kept of all proceedings had before the director, and all testimony and proceedings shall be taken down by the reporter appointed by the director. Such proceedings shall not be governed by the technical rules of evidence, but by such rules as are prescribed by the director for administrative hearings.

(7) After the final hearing the director shall promptly make and file his findings of fact upon all of the issues involved in the controversy and his order which shall state his determination as to the rights of the parties. Pending the final determination of any controversy before him, the director, after hearing, may make interlocutory findings and orders, which may be enforced in the same manner as final orders. Final orders may dismiss the charges or require the person complained of to cease and desist from the unfair labor practices found to have been committed; suspend his rights, immunities, privileges, or remedies granted or afforded by this article as the director may specify, but not more than one year; and require an employer to take such affirmative action, including reinstatement of employees with or without pay, as the director may deem proper. Any order may further require such person to make reports from time to time showing the extent to which he has complied with the order.

(8) The director may authorize a deputy, referee, or administrative law judge appointed pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the director. Any party in interest who is dissatisfied with the findings or order of the director may seek judicial review pursuant to section 24-4-106, C.R.S.

(9) The director, on his own motion, may set aside, modify, or change any of his findings or orders at any time within twenty days from the date thereof if he discovers any mistake therein or upon the ground of newly discovered evidence.

(10) If any party fails or neglects to obey an order of the director while the same is in effect, the director may file a complaint in the district court of the county wherein such person resides or usually transacts business for the enforcement of such order for appropriate temporary relief or restraining order, and shall certify and file in the court the record in the proceedings, including all documents and papers on file in the matter, and pleadings and testimony upon which such order was entered, and the findings and order of the director. Upon the filing the director shall cause notice thereof to be served upon such party by mailing a copy to his last known post office address, and thereupon the court has jurisdiction of the proceedings and of the question determined therein. Said action may thereupon be brought on for hearing upon such order by the director serving ten days' written notice upon the respondent, subject, however, to the Colorado rules of civil procedure for a change of the place of trial or the calling in of another judge. Upon such hearing the court may confirm, modify, or set aside the order of the director and enter an appropriate decree. No objection that was not urged before the director shall be considered by the court unless the failure or neglect to urge such objection is excused because of extraordinary circumstances. The findings of fact made by the director, if supported by credible and competent evidence in the record, shall be conclusive. The court in its discretion may grant leave to adduce additional evidence before the court where such evidence appears to be material and reasonable cause is shown for failure to have adduced such evidence in the hearing before the director. The director may modify his findings as to facts, or make new findings by reason of such additional evidence, and he shall file such modified or new findings with the same effect as his original findings and shall file his recommendations, if any, for the modification or setting aside of his original order. The court's judgment and decree shall be final; except that the same shall be subject to appellate review as provided by law.

(11) to (14) Repealed.

(15) Substantial compliance with the procedures of this article is sufficient to give effect to the orders of the director, and they shall not be declared inoperative, illegal, or void for any omission of a technical nature in respect thereto.

(16) The right of any person to proceed under this section and section 8-3-121 shall not extend beyond six months from the date of the specific act or unfair labor practice alleged.

(17) The director also has the power by himself and on his own motion to initiate proceedings in the manner provided in this section. It is likewise the duty of the director to so initiate a proceeding in his own name whenever complaint is made to him by any party in interest if it appears to the director that the disclosure of the name of the complainant, either as an employee or group of employees or as an employer or agent or representative of the employer, would jeopardize the rights or interests or standing of any party in interest. The proceedings so initiated by the director shall be conducted in the same manner and have the same effect as provided for in this section.

(18) (a) The director has the power and it is his duty in carrying out the public policy of the state, either upon his own initiative or upon the complaint of any party in interest or any organization or persons representing any public interests, if there is picketing which in the opinion of the director might tend to lead to riots, disturbances, or assaults or disturb public peace or injure the property or persons of individuals, to limit the number of pickets that may be permitted; and to prescribe the distance from any plant, entrance, or exit where such picketing may be permitted; and to otherwise prescribe limits to such picketing, including not only the number of persons picketing but also the manner or method thereof; and to prevent the use of weapons of any kind or threats or intimidation.

(b) Upon the failure or refusal of any person against whom any such order or direction is issued to comply with such order or direction, the district court of the district wherein the picketing takes place or the violation occurs, upon application of the director, may issue injunctive relief in the manner provided in the Colorado rules of civil procedure for courts of record in Colorado.

8-3-111. Protection of employees when authority acquires certain operations. (1) Before any authority may acquire and operate any property of a privately or publicly owned mass transportation system, fair and equitable protective arrangements, as determined by the director, shall be made to insure certain rights of employees. Such protective arrangements shall include, without being limited to, such provisions as may be necessary to accomplish the following objectives:

(a) The preservation of existing rights, privileges, and benefits of employees under existing collective bargaining agreements between the mass transportation system and the employees thereof, including the continuation of all pension rights and benefits of the employees and their beneficiaries;

(b) The continuation of all collective bargaining in any situation existing at the time of such acquisition and the assurance of employment of all the employees of such mass transportation system so acquired;

(c) The protection of all individual employees with respect to their employment, including priorities, seniorities, and right of advancement when in agreement with any existing collective bargaining agreement;

(d) Training and retraining programs of employees and managing personnel.

(2) The contract whereby an authority acquires any property of a privately or publicly owned mass transportation system shall specify with particularity, the terms and conditions of all the protective arrangements set forth in this section, including all other protective arrangements which may be added through collective bargaining or by direction of the director.

(3) The determination of the sufficiency of protective arrangements shall be made by the director in accordance with such rules and regulations as the commission may from time to time establish.

8-3-112. Arbitration. (1) Parties to a labor dispute may agree in writing to have the director act as arbitrator or to name arbitrators to arbitrate all or any part of such dispute, and thereupon the director shall have the power so to act. The director shall appoint as arbitrators only competent, impartial, and disinterested persons. Proceedings in any such arbitration shall be as provided by the rules of arbitration under the Colorado rules of civil procedure.

(2) All parties to any labor dispute when the employer is an authority shall submit to arbitration upon written order of the director when such written order is the result of the procedure set forth in section 8-3-113 (3). Any order so given shall be subject to appeal within five days of the receipt of such order by either the employee's representative or the authority, who are parties in interest. Appeal of the order shall be made to the district court in the judicial district where the most substantial number of the employees concerned are employed. Such court shall either confirm, deny, amend, or continue the order within sixty days following the application for appeal. The results of any arbitration conducted in accordance with the procedure set forth in this article shall be binding upon all parties in interest with the right of appeal to any court of competent jurisdiction on the grounds that the director or arbitration board has been unfair, capricious, or unjust in its conduct, determinations, or award.

8-3-113. Mediation. (1) The director has power to appoint any competent, impartial, disinterested person to act as mediator in any labor dispute either upon his own initiative or upon the request of one of the parties to the dispute. It is the function of such mediator to bring the parties together voluntarily under such favorable auspices as will tend to effectuate settlement of the dispute, but neither the mediator nor the director has any power of compulsion in mediation proceedings. The director shall provide necessary expenses and order reasonable compensation for such mediators as he may appoint.

(2) Where, as provided by this article, the exercise of the right to strike by the employees of any employer engaged in the state of Colorado in the production, harvesting, or initial processing, the latter after leaving the farm, of any farm or dairy product produced in this state would tend to cause the destruction or serious deterioration of such product, the employees shall give to the division at least thirty days' notice of their intention to strike, and, in the case of employees in all other industries or occupations, at least twenty days' notice of their intention to strike. The division shall immediately notify the employer of the receipt of such notice. Upon receipt of such notice, the director shall take immediate steps to effect mediation, if possible. In the event of the failure of the efforts to mediate, the director shall endeavor to induce the parties to arbitrate the controversy. Any strike called or made effective before the expiration of twenty days from the date of such notice shall constitute an unfair labor practice.

(3) Where the exercise of the right to strike is desired by the employees of any authority, the employees or their representatives shall file with the division written notice of intent to strike not less than forty calendar days prior to the date contemplated for such strike. Within twenty days of the filing of the notice, the director shall enter an order allowing or denying the strike based on the grounds of whether or not such strike would interfere with the preservation of the public peace, health, and safety in accordance with rules and regulations of the division. Any order denying a strike under this section shall include an order to arbitrate in accordance with section 8-3-112. Such arbitration shall be entered into not later than one hundred days from the filing of the notice of intent to strike. Immediately upon receipt of a notice of intent to strike, the director shall take steps to effect mediation, if possible. In the event of failure to mediate, the director shall endeavor to induce the parties to arbitrate the controversy. Any strike before the expiration of forty days from the giving of notice of intent to strike or in violation of an order of the director, unless such order is changed on appeal or otherwise, shall constitute an unfair labor practice.

(4) The division shall prescribe reasonable rules of procedure for mediation under this section.

Upon certification of an exclusive representative, the restrictions must be determined through collective bargaining.

(3) County employees have the right to have their exclusive representative be present at:

(a) Any formal discussion between one or more representatives of the county and one or more county employees in the bargaining unit or their representatives concerning a grievance, a personnel policy or practice, or any other general condition of employment; or

(b) Any examination of a county employee in the bargaining unit by a representative of the county in connection with an investigation if:

An election shall take place when, in accordance with rules promulgated by the director, a petition is filed by an employee organization containing a showing of interest of at least thirty percent of the county employees in a bargaining unit.

(b) The sufficiency of the showing of interest in a representation election for exclusive representation is an administrative determination made by the director or the director's designee and is not subject to challenge by any person. The director shall not disclose the identity of any county employee who has participated in the showing of interest to any person.

(2) (a) The director shall deem an employee organization certified as the exclusive representative if, on or before January 1, 2022, a county recognized the employee organization as the exclusive representative of a bargaining unit. (2) Within ten days after the date the notice required in subsection (1) of this section is first distributed, other employee organizations may seek to intervene in the certification process. An intervener organization shall file a petition with the director containing the signatures of not less than thirty percent of the county employees in the bargaining unit claimed to be appropriate by the intervener.

(3) If there is a dispute regarding the positions to be included in the appropriate bargaining unit, the director shall promptly order a hearing conducted in accordance with the rules adopted pursuant to this article 3.3. Upon determination of the composition of the appropriate bargaining unit, whether by consent of the parties or upon a decision by the director or the director's designee, the director shall determine the sufficiency of the showing of interest of each petitioner. If a petitioner lacks a sufficient showing of interest, the director shall provide that petitioner with a ten-day opportunity to demonstrate a sufficient showing of interest in the bargaining unit that was deemed appropriate.

(4) Within ten days after the director's determination that a sufficient showing of interest has been provided pursuant to subsection (3) of this section, the director shall:

(a) Order the county to provide to the petitioning employee organization or organizations the names, job titles, work locations, home addresses, personal e-mail addresses, and home or cellular telephone numbers of any county employee in the appropriate bargaining unit unless directed by the county employee not to provide some or all of the information;

(b) Establish by consent or order the procedures for a secret ballot election; and

(c) Order the county to distribute a notice prepared by the director that describes the procedures of the secret ballot election to all county employees in the appropriate bargaining unit.

(5) The ballot for the secret ballot election must contain:

(a) The name of any employee organization submitting a petition containing a showing of interest of at least thirty percent of the county employees in the appropriate bargaining unit; and

(b) A choice of "no representation" for county employees to indicate they do not desire to be represented by an employee organization.

(6) (a) If an employee organization receives a majority of ballots cast in a secret ballot election, the director shall certify the employee organization as the exclusive representative of all county employees in the appropriate bargaining unit subject to any valid objections to the conduct of the election filed in accordance with this article 3.3 and the rules of the director.

(b) Within twenty-eight days after a secret ballot election in which no employee organization receives a majority of the ballots cast, the director shall conduct a runoff election between the two employee organizations receiving the largest number of ballots cast. The director shall certify the results of the election, and, if an employee organization receives a majority of the ballots cast, the director shall certify the employee organization as the exclusive representative of all county employees in the appropriate bargaining unit, subject to any valid objections to the conduct of the election filed in accordance with this article 3.3 and the rules of the director.

(7) Within seven days after certification of the results of a secret ballot election, any party may file objections to the conduct of the election or to conduct affecting the results of the election in accordance with rules promulgated by the director. The objections must contain a short statement of the reasons for the objections and be accompanied by a written offer of proof identifying each witness the party would call to testify concerning the issue and a summary of the witness's testimony. Upon a showing of good cause, the director may extend the time for filing the offer of proof. The party filing the objections shall serve a copy of the objections, but not the written offer of proof, on each of the other parties to the case. If the director or a designated hearing officer finds that misconduct affected the outcome of the election, the director shall invalidate the election and order a subsequent election for the county employees in the appropriate bargaining unit within twenty-eight days after the finding.

(d) The administrative structure and size of the public employer;

(1) A county employee in a bargaining unit or an employee organization may initiate decertification of the employee organization as the exclusive representative upon submission to the director of a showing of interest demonstrating that thirty percent of the county employees in the appropriate bargaining unit request decertification of the existing exclusive representative or a showing of interest demonstrating that thirty percent of the county employees in the bargaining unit authorize an employee organization other than the exclusive representative to represent them for purposes of collective bargaining. Decertification elections must be held in a manner similar to certification elections, as specified in rules promulgated by the director, so long as an incumbent exclusive

representative employee organization is not required to file a showing of interest to be placed on the ballot.

(2) If there is a collective bargaining agreement in effect, a petition for a decertification election may be made to the director no earlier than ninety days and no later than sixty days prior to the expiration of the collective bargaining agreement; except that a request for an election may be filed at any time after the expiration of the third year of a collective bargaining agreement that has a term of more than three years.

(3) If an exclusive representative has been certified but no collective bargaining agreement is in effect, the director shall not act on a request for a decertification election earlier than twelve months after the certification of an employee organization as the exclusive representative.

8-3.3-112. Obligation to negotiate in good faith. (1) The county and the exclusive representative or its representative have the authority and the obligation to collectively bargain in good faith. The obligation to collectively bargain in good faith does not compel either party to agree to a proposal or make a concession.

(2) The obligation to collectively bargain in good faith:

(a) Requires a county, upon request of the exclusive representative, to provide information that may be relevant to the terms and conditions of employment or the interpretation of the collective bargaining agreement;

(b) Includes a county's duty to furnish data to the exclusive representative that:

(I) Is normally maintained by the county in the regular course of business; and

(II) Is reasonably available and necessary for full and proper discussion, understanding, and negotiation of subjects within the scope of collective bargaining or subject to a grievance under a collective bargaining agreement; and

(c) Does not include an obligation to furnish information that constitutes guidance, advice, counsel, or training provided for managerial employees or executive employees relating to collective bargaining.

(3) Collective bargaining between a single county and an employee organization serving as the exclusive representative of more than one bargaining unit of county employees must be consolidated upon the request of the county.

(4) An exclusive representative and a county shall make a good faith effort to complete negotiations so that the terms of a collective bargaining agreement may be effectively considered by the board of county commissioners during the adoption of the county budget. The board of county commissioners is not obligated to make an appropriation of funds necessary to fund the terms of a collective bargaining agreement reached after October 15 of the year prior to the budget year if the exclusive representative has not been certified prior to June 1 of the current year unless otherwise agreed upon by both parties.

8-3.3-113. Collective bargaining agreement - arbitration. (1) An agreement negotiated between an exclusive representative and a county, with the approval of the board of county commissioners of the county, constitutes the collective bargaining agreement between the parties.

(2) A collective bargaining agreement entered into under this article 3.3 must be for a term of at least twelve months and not more than sixty months. A collective bargaining agreement remains in effect until replaced by a subsequent collective bargaining agreement.

(3) If there is an existing law, policy, ordinance, or charter provision that applies to a county that provides procedures for the appeal of county employee discipline, including terminations, a county employee may elect to appeal a disciplinary action either under the applicable appeals procedure established by that law, policy, ordinance, or charter provision or under a grievance procedure established in a collective bargaining agreement applicable to the county, but not both. A county employee's election of a remedy is irrevocable and is made at the time the county employee timely files a written disciplinary appeal under the negotiated grievance procedure or the procedure established by law, policy, ordinance, or charter provision, whichever occurs first.

(4) (a) A collective bargaining agreement shall provide for a grievance procedure culminating in final and binding arbitration, subject to judicial review in accordance with this article 3.3, to resolve disputes over the interpretation, application, and enforcement of any provision of the collective bargaining agreement.

(b) An exclusive representative or the county may seek judicial review or confirmation of an arbitrator's decision as the final step in a collective bargaining agreement grievance procedure in a court of competent jurisdiction. The decision of an arbitrator must be enforced, and the parties shall comply with the decision and award, unless a court concludes that:

- (III) The arbitrator's decision and award violated public policy;
- (IV) The arbitrator engaged in manifest disregard of the law; or
- (V) The arbitrator denied the parties a fundamentally fair hearing.

(a) Delay the prompt interviewing of county employees under investigation; except that a county employee must be given sufficient time to have the county employee's exclusive representative present at any examination in connection with an investigation in accordance with section 8-3.3-103 (3);

(b) Permit a county employee to use paid time for any or all of a suspension when the suspension was properly imposed, in accordance with applicable standards or procedures, or where a supervisor, employer, administrative law judge, hearing officer, or a court has found a deprivation of rights under the state or federal constitution;

(c) Permit the expungement of disciplinary records from a county employee's personnel file for substantiated infractions of a county's policies regarding:

- (I) Physical use of force;
- (II) Deadly physical force;
- (III) Actions resulting in death or serious bodily injury; and
- (IV) Actions resulting in a deprivation of rights under the state or federal constitution;

(d) Impose limits on the period of time during which a county employee may be disciplined or an investigation may occur for incidents involving physical force, incidents of deadly physical force, incidents that resulted in death or serious bodily injury, or incidents alleging a deprivation of an individual's rights under the state or federal constitution;

(e) Place limitations on the substance, method for filing, or source of complaints that may prompt an investigation into employee misconduct.

(6) A collective bargaining agreement must be consistent with applicable state and federal laws, including state and federal laws governing the county officials' and county employees' retirement plan or the Colorado employee retirement system described in article 51 of title 24, whichever is applicable. If any clause in a collective bargaining agreement is determined to be invalid or unenforceable, the unenforceability or invalidity of such clause does not affect the enforceability or validity of any other clause of the collective bargaining agreement.

(7) Any term of a collective bargaining agreement requiring the appropriation of funds must be submitted to the board of county commissioners of the county at the meeting following notification by the exclusive representative to the county that the bargaining unit has approved the agreement in accordance with the internal procedures of the exclusive representative.

The deadlines in this section may be extended by mutual agreement of the parties.

(2) (a) If the exclusive representative and the county cannot reach an agreement on one or more issues subject to collective bargaining within ninety calendar days after commencing meetings to negotiate, or by the one hundred twentieth day prior to the expiration of an existing collective bargaining agreement, whichever is earlier, either party may request the assistance of a mediator. If mediation is requested by either party, bargaining must continue with the aid of a mediator.

(b) If the parties cannot agree on a mediator within seven calendar days after the request for mediation, the parties must request mediation assistance from the federal mediation and conciliation service. The parties shall share equally the cost of mediation services, if any.

(3) Mediation must continue for sixty days, until sixty days prior to the expiration of the existing collective bargaining agreement, or until the mediator determines that mediation services are no longer necessary or effective, whichever occurs first. Mediation may continue thereafter upon mutual agreement of the parties.

(4) (a) If the parties remain at an impasse following mediation, either party may request fact finding in accordance with rules promulgated by the director.

(b) The director shall maintain a roster of qualified fact finders, each of whom must be registered with the federal mediation and conciliation service or the American Arbitration Association, and shall require the parties to select a fact finder from the director's roster or from a roster of labor arbitrators obtained directly from the federal mediation and conciliation service

or the American Arbitration Association, or its successor organization. The parties shall select a fact finder from a list of seven names from the roster, as designated by the director and the American Arbitration Association, or its successor organization, or the federal mediation and conciliation service, whichever is applicable.

(c) Unless the parties otherwise agree, the fact finder will make a recommendation to accept the final offer of the exclusive representative or the final offer of the county on each issue in dispute.

(d) In arriving at a recommendation, the fact finder shall consider:

(I) The financial ability of the county to meet the costs of any proposed settlement;

(II) The interests and welfare of the public;

(III) The compensation, hours, and terms and conditions of employment of the county employees involved in the collective bargaining in comparison with the compensation, hours, and terms and conditions of employment of other employees in the public and private sectors in comparable communities;

(IV) The stipulations of the parties;

(V) The lawful authority of the county;

(VI) Changes in the cost of living; and

(VII) Other factors that are normally or traditionally taken into consideration in the determination of compensation, hours, and terms and conditions of employment through voluntary collective bargaining, interest arbitration, or otherwise between parties in public and private employment.

(e) The parties shall share the cost of the fact finder equally.

(5) The exclusive representative shall approve or reject the recommendation of the fact finder in accordance with its internal procedures. If the exclusive representative approves of the recommendation, the board of county commissioners of the county shall vote to accept or reject the recommendation at a regular or special meeting open to the public immediately following notification by the exclusive representative that the bargaining unit has accepted the recommendation.

(6) (a) Except for the parties identified in subsection (6)(b) of this section, if the parties are at an impasse following consideration of the recommendations of the fact finder, each party remains obligated to collectively bargain in good faith to resolve the impasse.

(b) Bargaining units of a local government employer that include firefighters, as defined in section 29-5-301 (2), must comply with post-fact-finding procedures in section 29-5-210 (9), (10), and (13).

(7) Except for the recommendation of a fact finder, all documents, proposals, and draft and tentative agreements drafted or exchanged pursuant to the process established in this section are privileged, are not public records, and are not subject to inspection pursuant to the "Colorado Open Records Act", part 2 of article 72 of title 24.

(2) A county, its representatives, its agents, or anyone acting on behalf of the county shall not:

(a) Discriminate against, coerce, intimidate, interfere with, or impose reprisals against, or threaten to discriminate against, coerce, intimidate, interfere with, or impose reprisals against, any county employee for forming or assisting an employee organization or expressing the county employee's views regarding county employee representation or workplace issues or the rights granted to the county employee in this article 3.3;

(b) Deter or discourage county employees or county employee applicants from becoming or remaining members of an employee organization or from authorizing payroll deductions for dues or fees to an employee organization; except that the county may respond to questions from a county employee pertaining to the county employee's employment or any matter described in this article 3.3, as long as the response is neutral toward participation in, selection of, and membership in an employee organization;

(c) Use any public funds or official position to support or oppose an employee organization; except that the provision of routine services and facilities and paid time for exclusive representatives may be provided by a county pursuant to a collective bargaining agreement between the county and an exclusive representative;

(d) Dominate or interfere in the administration of an employee organization;

the United States department of homeland security for deportation proceedings and thirty percent of the money is allocated to qualifying organizations serving indigent clients who are not detained for deportation proceedings; except that this split does not apply if the need for detained indigent client representation can be met with less than seventy percent of the money. Two-thirds of the money for those qualifying organizations serving indigent clients who are not detained must be used for in-person legal services serving indigent clients outside of the Denver metro area, unless there are no qualifying applicants serving nondetained indigent clients outside the Denver metro area.

(b) An employer is subject to the penalties specified in section 8-4-113 (1) if, two or more times within any twenty-four-month period, the employer causes an employee's check, draft, or order to not be paid because the employer's bank does not honor an employee's paycheck upon presentment. The director may investigate complaints regarding alleged violations of this paragraph (b).

(2) (a) In agricultural, horticultural, and floricultural pursuits and in stock or poultry raising, when the employee in such employments is boarded and lodged by the employer, all wages or compensation earned by any employee in such employment shall be due and payable for regular periods of no greater duration than one month and on paydays no later than ten days following the close of each pay period.

(b) Nothing in paragraph (a) of this subsection (2), as amended by House Bill 05-1180, as enacted at the first regular session of the sixty-fifth general assembly, shall be construed as changing the property tax classification of property owned by a floricultural operation.

(3) Nothing in this article shall apply to compensation payments due an employee under a profit-sharing plan, a pension plan, or other similar deferred compensation programs.

In addition, in each pay period, each field labor contractor shall provide to each migratory laborer engaged in agricultural employment a statement of the gross earnings of the laborer for the period and all deductions and withholdings therefrom. The director may prescribe appropriate forms for use pursuant to this subsection (5). All such payroll records shall be filed with the division quarterly or at any time said labor contractor leaves this state or terminates his or her contract. The director is charged with the responsibility of making periodic reports to the governor's committee on migrant labor.

(6) It is unlawful for an employer engaged in a business where the custom prevails of the giving of gratuities by patrons to an employee of the business to assert a claim to, or right of ownership in, or control over gratuities. These gratuities are the sole property of the employee unless the employer notifies each patron in writing, including by a notice on a menu, table tent, or receipt, that gratuities are shared by employees. Nothing in this section prevents an employer from requiring employees to share or allocate gratuities on a preestablished basis among the employees of the business.

In the event an employer acts without good faith, in addition to the amount wrongfully withheld and legally proven to be due, the accused employee may be awarded an amount not to exceed treble the amount wrongfully withheld. In any such action the prevailing party shall be entitled to reasonable costs related to the recovery of such amount including attorney fees and court costs.

(d) Any deduction, not listed in paragraph (a), (a.5), (b), or (c) of this subsection (1), that is authorized by an employee if the authorization is revocable, including deductions for hospitalization and medical insurance, other insurance, savings plans, stock purchases, supplemental retirement plans, charities, and deposits to financial institutions;

(e) (I) A deduction for the amount of money or the value of property that the employee failed to properly pay or return to the employer in the case where a terminated employee was entrusted during the employee's employment with the collection, disbursement, or handling of such money or property, but only after providing notice of the deduction as specified in subsection (1)(e)(II) of this section.

(II) The employer has ten calendar days after the termination of employment to:

(A) Audit and adjust the accounts and property value of any items entrusted to the employee before the employee's wages or compensation shall be paid as provided in section 8-4-109. This is an exception to the pay requirements in section 8-4-109. The penalty provided in section 8-4-109 shall apply only from the date of demand made after the expiration of the ten-day period allowed for payment of the employee's wages or compensation.

(B) Provide notice to the employee that the employer is deducting from the employee's wages or compensation the amount of money or the value of property that the employee failed to properly pay or return to the employer, which notice must include a written accounting specifying the amount of money or the specific property that the employee failed to pay or return, the replacement value of the property, and, to the extent known, when the money or property was provided to the employee and when the employer believes the employee should have paid the money or returned the property to the employer.

(III) After an employer provides the notice required by subsection (1)(e)(II)(B) of this section and makes a deduction from the wages or compensation of an employee, if the employee, within fourteen days after the employer provides the notice, pays the money or returns the property that was the basis for the deduction, the employer shall pay the employee the amount of the deduction within fourteen days after the employee pays the money or returns the property to the employer.

(IV) If, after auditing and adjusting the accounts and property value of any items entrusted to the employee pursuant to subsection (1)(e)(II)(A) of this section and providing notice pursuant to subsection (1)(e)(II)(B) of this section, it is found that any money or property entrusted to the employee by the employer has not been properly paid or returned to the employer as provided by the terms of any agreement between the employer and the employee, the employee is not entitled to the benefit of payment pursuant to section 8-4-109, but the

employee's claim for unpaid wages or compensation shall be disposed of as provided for by this article 4.

(2) Nothing in this section authorizes a deduction below the minimum wage applicable under the "Fair Labor Standards Act of 1938", 29 U.S.C. sec. 201 et seq.

(1) (a) (I) An employer that provides automatic enrollment in an employee retirement plan is not liable for the investment decisions made by the employer on behalf of any participating employee with respect to the default investment of contributions made for that employee to the plan if:

(A) The plan provides the participating employee at least quarterly opportunities to select investments for the employee's contributions among investment alternatives available under the plan;

(B) The participating employee is given notice of the investment decisions that will be made in the absence of direction from the employee, a description of all the investment alternatives available for employee investment direction under the plan, and a brief description of procedures available for the employee to change investments; and

(C) The employee is given at least annual notice of the actual default investments made of contributions attributable to the employee.

(II) The relief from liability of the employer under this subsection (1) extends to any employee retirement plan official who makes the actual default investment decisions on behalf of participating employees.

(b) Nothing in this subsection (1) modifies any existing responsibility of employers or other plan officials for the selection of investment funds for participating employees.

(2) As used in this section:

(a) "Automatic enrollment" means an employee retirement plan provision under which an employee will have a specified contribution made to the plan, equal to a compensation reduction, that will be made for the employee unless the employee affirmatively elects, in accordance with the federal "Pension Protection Act of 2006", Pub.L. 109-280, either not to have any compensation reduction contributions or a compensation reduction contribution in an alternative amount.

8-4-108. Payment in the event of strike. (1) In the event of a strike, every employee who is discharged shall be paid at the place of discharge, and every employee who quits or resigns shall be paid at the office or agency of the employer in the county or city and county where such employee has been performing the labor or service for the employer. All payments of money or compensation shall be made in the manner provided by law.

8-4-109. Termination of employment - payments required - civil penalties - payments to surviving spouse or heir. (1) (a) When an interruption in the employer-employee relationship by volition of the employer occurs, the wages or compensation for labor or service

earned, vested, determinable, and unpaid at the time of such discharge is due and payable immediately. If at such time the employer's accounting unit, responsible for the drawing of payroll checks, is not regularly scheduled to be operational, then the wages due the separated employee shall be made available to the employee no later than six hours after the start of such employer's accounting unit's next regular workday; except that, if the accounting unit is located off the work site, the employer shall deliver the check for wages due the separated employee no later than twenty-four hours after the start of such employer's accounting unit's next regular workday to one of the following locations selected by the employer:

- (I) The work site;
- (II) The employer's local office; or
- (III) The employee's last-known mailing address.

(b) When an employee quits or resigns such employee's employment, the wages or compensation shall become due and payable upon the next regular payday. When a separation of employment occurs, the employer shall make the separated employee's check for wages due available at one of the following locations selected by the employer:

- (I) The work site;
- (II) The employer's local office; or
- (III) The employee's last-known mailing address.

(c) If an employer has made the employee's wages or compensation available at the work site or at the employer's local office under paragraph (a) or (b) of this subsection (1), and the employee has not received the wages or compensation within sixty days after the wages or compensation were due, the employer shall mail the employee's check for wages or compensation due to the employee's last-known mailing address.

(2) Nothing in subsection (1) of this section shall limit the right of an employer to set off any deductions pursuant to section 8-4-105 owing by the employee to the employer or require the payment at the time employment is severed of compensation not yet fully earned under the compensation agreement between the employee and employer, whether written or oral.

(3) (a) If an employer refuses to pay wages or compensation in accordance with subsection (1) of this section or section 8-4-103 (1)(a), the employee, the employee's designated agent, or the division may send a written demand for the payment on behalf of the employee or a group of similarly situated employees or may file an administrative claim or civil action for the payment.

(a.5) If the employer disputes the amount of wages or compensation claimed by an employee under this article 4 and if, within fourteen days after the written demand is sent or the administrative claim or civil action is sent to or served on the employer, the employer makes a legal tender of the full amount of all wages that the employee, the employee's designated agent, or the division in good faith demands are owed for any violation of this article 4, the employer shall not be liable for any penalty unless, in a legal proceeding, including a civil action or an administrative procedure under sections 8-4-111 and 8-4-111.5, the employee recovers a greater sum than the amount the employer tendered.

(b) On or after January 1, 2023, if an employer fails or refuses to pay, in the manner specified in subsection (3)(d) of this section, all earned, vested, and determinable wages or compensation within fourteen days after the written demand is sent or within fourteen days after a civil action or administrative claim for the wages or compensation is sent to or served on the employer, the employer is liable to the employee or group of similarly situated employees for the

amount of the earned, vested, determinable, and unpaid wages or compensation plus an automatic penalty of:

(I) The greater of two times the amount of the unpaid wages or compensation or one thousand dollars; or

(II) If the employee can show that the employer's failure or refusal to pay wages or compensation was willful, the greater of three times the amount of the unpaid wages or compensation or three thousand dollars.

(c) Evidence that a judgment or wage determination of the division has, within the previous five years, been entered against the employer for failure to pay wages or compensation is admissible as evidence of willful conduct. An employer's failure or refusal to pay wages or compensation is per se willful if the employee can show that the claim for which a penalty under subsection (3)(b) of this section is assessed is the employer's second or subsequent failure or refusal to pay to employees wages or compensation of the same or similar type within the five years immediately preceding the claim.

(d) (I) The employer shall send or deliver payment, by check, draft, or voucher in the employee's name, to the employee at the address contained in the written demand or administrative claim or civil action; or make the payment by direct deposit authorized under section 8-4-102 (2) if the employee has not revoked the authorization. The employer may, but is not required to, make the payment by direct deposit to an account specified by the employee in the demand, administrative claim, or court action, even if the employee has not previously authorized direct deposit of the employee's compensation, or make the payment by another method requested by the employee in the demand, administrative claim, or court action, if applicable. If the employee has not previously authorized direct deposit of compensation and the demand, administrative claim, or court action does not state an address to which the payment should be mailed, the employer shall make the payment as follows:

(A) To the employee's last-known address according to the records of the employer; or

(B) If applicable and if the employer so elects, as otherwise requested by the employee in the demand, administrative claim, or court action.

(II) The employee or the employee's designated agent may commence a civil action to recover the penalty set forth in this subsection (3). If, within fourteen days after a written demand is sent to or an administrative claim or a civil action is sent to or served on the employer, the employer makes a full legal tender of all amounts demanded in good faith for all employees, the employee shall dismiss the action.

(4) If, at the time of the death of any employee, an employer is indebted to the employee for wages or compensation, and no personal representative of the employee's estate has been appointed, such employer shall pay the amount earned, vested, and determinable to the deceased employee's surviving spouse. If there is no surviving spouse, the employer shall pay the amount due to the deceased employee's next legal heir upon the request of such heir. If a personal representative for the employee has been appointed and is known to the employer prior to payment of the amount due to the spouse or other legal heir, the employer shall pay the amount due to such personal representative upon the request of such representative. The employer shall require proof of a claimant's relationship to the deceased employee by affidavit and require such claimant to acknowledge the receipt of any payment in writing. Any payments made by the employer pursuant to the provisions of this section shall operate as a full and complete discharge of the employer's indebtedness to the extent of the payment, and no employer shall thereafter be

liable to the deceased employee's estate or to the deceased employee's personal representative. Any amounts received by a surviving spouse or legal heir shall be considered in diminution of the allowance to the spouse or legal heir pursuant to the "Colorado Probate Code", articles 10 to 17 of title 15, C.R.S. Nothing in this section shall create a substantive right that does not exist in any agreement between the employer and the employee.

8-4-110. Disputes - fees. (1) (a) The court may award the employer reasonable costs and attorney fees incurred in a civil action if, within fourteen days after a written demand letter is sent to or a civil action is served on the employer for unpaid wages or compensation:

(I) The employer makes full legal tender of all amounts demanded in good faith for all employees; and

(II) The employees receiving such tender ultimately fail to recover a total sum that is greater than the amount the employer tendered.

(b) If, in an administrative claim or civil action in which the employee seeks to recover any amount of wages or compensation, the employee recovers a sum greater than the amount tendered by the employer:

(I) The court, in a civil action, may award the employee reasonable costs and attorney fees incurred in the civil action; and

(II) The division, in an administrative claim, may award the employee reasonable costs incurred in the administrative claim and may also award attorney fees to an employee who recovers more than five thousand dollars in unpaid wages in the administrative claim.

(c) If an employer fails or refuses to make a tender within fourteen days after the demand or administrative claim or civil action, then such failure or refusal must be treated as a tender of no money for any purpose under this article 4.

(1.5) This section shall not apply to a claimant who is found to be an independent contractor and not an employee.

(2) Any person claiming to be aggrieved by violation of any provisions of this article or regulations prescribed pursuant to this article may file suit in any court having jurisdiction over the parties without regard to exhaustion of any administrative remedies.

8-4-111. Enforcement - duty of director - duties of district or city attorneys - rules.

(1) (a) (I) It is the duty of the director to:

(A) Inquire diligently for any violation of this article 4;

(B) Institute the actions for penalties or fines provided for in this article 4 in such cases as the director deems proper; and

(C) Enforce generally the provisions of this article 4.

(II) The director may establish an administrative procedure to receive complaints and adjudicate claims for nonpayment of wages or compensation of seven thousand five hundred dollars or less.

(III) The procedures established pursuant to subsection (1)(a)(II) of this section may include claims of employees where no interruption of the employer-employee relationship has occurred.

(IV) The penalties and fines established by section 8-4-109 (3) apply to actions instituted by the director or adjudicated after a complaint was received under this article 4 when no interruption of the employer-employee relationship has occurred.

(b) The director shall promulgate rules providing for notice to employees of an employee's rights under this section and section 8-4-111.5, of the limitations on the amount of wages, compensation, and penalties available under the administrative remedy, and of the employee's option to bring a claim for wages and compensation in court without pursuing the administrative remedy unless the employee has accepted payment pursuant to subsection (2)(e) of this section.

(c) For purposes of investigating wage complaints and facilitating the collection of unpaid wages before or after a determination pursuant to this section, the division may apply the information-gathering provisions of article 1 of this title 8 to any employer, employee, or other person or entity.

(2) (a) (I) If one or more employees file a wage complaint with the division claiming unpaid wages or compensation of seven thousand five hundred dollars or less per employee, exclusive of penalties and fines, the division shall investigate the wage complaint. The division may investigate any wage complaint made on behalf of a group of similarly situated employees. If the division declines to investigate a group complaint, similarly situated employees may consent in writing to participate as parties to that complaint, and the division may pursue a direct investigation informed by and concurrent with that complaint. The division shall initiate the administrative procedure by sending a notice of complaint to the employer by mail or electronic means in accordance with rules as the director may promulgate when the complaint states a claim for relief. The notice of the complaint must include:

(A) The name of the complainant;
(B) The nature of the complaint; and
(C) The amount for which the employer may be liable, including any potential fines or penalties.

(II) An employer must respond within fourteen days after the complaint is sent.

(III) The division shall issue a determination within ninety days after the notice of complaint is sent unless the division extends the time period by providing advance written notice to the employee and employer stating good cause for the extension of time.

(b) If the division does not find a violation based on the wage complaint and any response, including the failure by the employee to pursue the wage complaint, the division shall issue a notice of the dismissal of the complaint and send the notice to all interested parties. The notice must set forth the employee's right to any other relief available under this section or section 8-4-111.5.

(c) (I) If the division determines that an employer has violated this article 4 for nonpayment of wages or compensation, the division shall issue a citation and notice of assessment for the amount determined that is owed, which amount must include all wages and compensation owed, penalties pursuant to section 8-4-109, and any fines pursuant to section 8-4-113.

(II) The division shall notify the worker and employee protection unit in the department of law created in section 24-31-1302, at least once every six months, of any determinations pursuant to this subsection (2)(c) that were based, in whole or in part, on a finding that the employer misclassified one or more employees as independent contractors.

(d) To encourage compliance by the employer, if the employer pays the employee all wages and compensation owed within fourteen days after the citation and notice of assessment is sent to the employer, the division may waive or reduce any fines imposed pursuant to section 8-4-113 (1) and reduce by up to fifty percent penalties imposed pursuant to section 8-4-109.

(e) Upon payment by an employer, and acceptance by an employee, of all wages, compensation, and penalties assessed by the division in a citation and notice of assessment issued to the employer, the payment shall constitute a full and complete satisfaction by the employer and bar the employee from initiating or pursuing any civil action or other administrative proceeding based on the wage complaint addressed by the citation and notice of assessment.

(f) If an employer fails to pay an employee the amount the division determines, pursuant to subsection (2)(c) of this section, or a hearing officer determines, pursuant to section 8-4-111.5, to be owed within sixty days after the division's determination or the hearing officer's decision, whichever is applicable, the following may be recovered from the employer:

(I) Attorney fees incurred in pursuing a civil action to enforce the division's determination or the hearing officer's decision;

(II) An additional fine equal to fifty percent of the amount determined pursuant to subsection (2)(c) of this section; and

(III) A penalty equal to the greater of fifty percent of the amount determined pursuant to subsection (2)(c) of this section or three thousand dollars.

(3) An employee who has filed a wage complaint with the division pursuant to subsection (2) of this section may elect to terminate the division's administrative procedure within thirty-five days after the issuance of the determination of compliance or citation and

notice of assessment by providing a notice to the division. An employee who terminates the division's administrative procedure preserves any private right of action the employee may have. Upon receipt of the notice, the division shall immediately discontinue its action against the employer and revoke any citation and notice of assessment sent.

(4) Except for an appeal pursuant to section 8-4-111.5 (5) or as stated in a citation, notice of assessment, or order filed with the court pursuant to section 8-4-113 (2), any determination made by the division pursuant to this article, or any offer of payment by the employer of the wages made during or in conjunction with a proceeding of the division, is not admissible in any court action.

(5) The division's notice to the employer of a complaint filed pursuant to subsection (2) of this section satisfies the requirement of a written demand as described in section 8-4-109 (3)(a).

(6) Nothing in this section shall be construed to limit the right of the division to pursue any action available with respect to an employee that is identified as a result of a wage complaint or with respect to an employer in the absence of a wage complaint.

(7) Nothing in this section shall be construed to limit the right of the employee to pursue any civil action or administrative proceeding for any claims other than those considered by the division in the employee's wage complaint. The claims considered by the division in the employee's wage complaint are subject to the limitations set forth in paragraph (e) of subsection (2) of this section and subsection (3) of this section.

(8) Nothing in this article shall be construed to limit the authority of the district attorney of any county or city and county or the city attorney of any city to prosecute actions for such violations of this article as may come to his or her knowledge, or to enforce the provisions of this article independently and without specific direction of the director, or to limit the right of any wage claimant to sue directly or through an assignee for any wages or penalty due him or her under the provisions of this article.

8-4-111.5. Hearing officer review and appeals of administrative actions. (1) Pursuant to policies established by the director by rule, any interested party who is dissatisfied with the division's decision on a wage complaint filed pursuant to section 8-4-111 (2) may file a request for a hearing within thirty-five days after the division's decision is sent. If no request is filed within the thirty-five-day period, the division's decision is final.

(2) (a) If a request is filed pursuant to subsection (1) of this section, the director shall designate a hearing officer. The hearing officer shall have the power and authority to call, preside at, and conduct hearings. In the discharge of the duties imposed by this article, the

hearing officer has the power to administer oaths and affirmations, take depositions, certify to official acts, permit parties to participate by telephone, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim pursuant to this article.

(b) (I) In case of a failure to obey a subpoena issued to any person by the hearing officer, upon application by the division or its duly authorized representative, any court of this state has jurisdiction to issue to the person an order requiring him or her to appear before the hearing officer to produce evidence or give testimony touching the matter under investigation or in question. The court may issue an order of contempt to a person who fails to obey the order.

(II) It is a petty offense for a person who, without just cause, fails or refuses to attend and testify or to answer any lawful inquiry or to produce books, papers, correspondence, memoranda, and other records in obedience to a subpoena of the hearing officer. Each day the failure or refusal continues is a separate offense.

(c) A person may not be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before a hearing officer or in obedience to the subpoena of the hearing officer on the ground that the testimony or evidence, documentary or otherwise, required of him or her may tend to incriminate the person or subject the person to a penalty or forfeiture. But a person shall not be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he or she is compelled, after having claimed his or her privilege against self-incrimination, to testify or produce evidence, documentary or otherwise; except that the individual testifying is not exempt from prosecution and punishment for perjury in the first degree committed in so testifying.

(3) (a) The hearing officer, after affording all interested parties a reasonable opportunity for a fair hearing pursuant to the provisions of this article and the administrative procedures of the division, shall make a decision on each relevant issue raised, including findings of fact, conclusions of law, and an order.

(b) Evidence and requirements of proof in a hearing conducted pursuant to this section must conform, to the extent practicable, with those in civil nonjury cases in the district courts of this state. However, when necessary to do so in order to ascertain facts affecting the substantial rights of the parties to the proceeding, the person conducting the hearing may receive and consider evidence not admissible under such rules if the evidence possesses probative value commonly accepted by reasonable and prudent persons in the conduct of their affairs. Objections to evidentiary offers may be made and must be noted in the record. The hearing officer shall give effect to the rules of privilege recognized by law. He or she shall exclude incompetent and unduly repetitious evidence. The hearing officer may accept documentary evidence in the form of a copy or excerpt if the original is not readily available; except that, upon request, the party shall be given an opportunity to compare the copy with the original. The division may utilize its experience, technical competence, and specialized knowledge in the evaluation of the evidence presented. The provisions of the "State Administrative Procedure Act", article 4 of title 24, C.R.S., and particularly section 24-4-105, C.R.S., do not apply to hearings under this article. However, the rule-making provisions of section 24-4-103, C.R.S., shall apply to this article.

(c) When the same or substantially similar evidence is relevant and material to the matters at issue in claims by more than one individual or in claims by a single individual with respect to two or more claimed violations, if, in the judgment of the hearing officer,

consolidation of one or more proceedings would not prejudice any interested party, the hearing officer may:

- (I) Conduct hearings at the same time and place;
- (II) Conduct joint hearings;
- (III) Make a single record of the proceedings; and
- (IV) Consider evidence introduced with respect to one proceeding as if introduced in the

others.

(d) The division shall keep a full and complete record of all proceedings in connection with the wage complaint. All testimony at any hearing upon a wage complaint must be recorded but need not be transcribed unless the wage complaint is presented for further review. The division shall promptly provide all interested parties with copies of the hearing officer's decision.

(4) For the convenience or necessity of the employee or the employer, the division shall permit parties to participate in hearings by telephone, including in situations in which the parties would otherwise be required to travel to locations of the division from outside the general vicinity of such locations.

(5) Any party to the administrative proceeding may appeal the hearing officer's decision only by commencing an action for judicial review in the district court of competent jurisdiction within thirty-five days after the date of mailing of the decision by the division. The hearing officer's decision constitutes a final agency action pursuant to section 24-4-106, C.R.S. Judicial review is limited to appeal briefs and the record designated on appeal.

(1) (a) (I) If a case against an employer is enforced pursuant to section 8-4-111, any employer who without good faith legal justification fails to pay the wages of each of the employer's employees shall forfeit to the people of the state of Colorado a fine in an amount determined by the director or hearing officer but no more than the sum of fifty dollars

per day for each such failure to pay each employee, commencing from the date that such wages first became due and payable.

(II) The division may collect the fine imposed pursuant to this subsection (1)(a) through its citation and notice of assessment issued pursuant to section 8-4-111 (2) or after a hearing conducted pursuant to section 8-4-111.5.

(b) The director or hearing officer shall impose a fine of two hundred fifty dollars on an employer who fails to respond to a notice of complaint or to any other notice from the division to which a response is required. The director or hearing officer may waive or reduce the fine only if the director or hearing officer finds good cause for an extension of the time for the employer to file the response.

(2) (a) The division may, and, on or after January 1, 2023, at the request of a worker shall, file a certified copy of any citation, notice of assessment, or order imposing wages due, fines, penalties, or other relief pursuant to this article 4 with the clerk of any court having jurisdiction over the parties at any time after the entry of the citation, notice, or order. The division may file one certified copy of the citation, notice, or order for all amounts owed to, or for other relief for, all employees.

(b) The clerk of the court shall record the citation, notice, or order in the judgment book of the court and make an entry in the judgment docket. Upon recording, the citation, notice of assessment, or order has the effect of and may be executed as a judgment of the court.

(c) (I) Upon recording pursuant to subsection (2)(b) of this section, the judgment is sufficient to support the issuance of writs of garnishment in the manner provided by law in the case of a judgment that is wholly or partially unsatisfied.

(II) The court shall mail a copy of the judgment to the employer within three days after the division has filed the citation, notice, or order with the clerk of the court.

(3) (a) The division shall transmit all fines collected for the state pursuant to this section or section 8-1-114 (2), 8-1-116 (2), 8-1-117 (2), or 8-1-140 (2) to the state treasurer, who shall credit the money to the wage theft enforcement fund, which fund is created and referred to in this section as the "fund". The money in the fund may be used by the division to make payments to employees for unpaid liabilities for wage law violations pursuant to subsection (5) of this section and for the division's direct and indirect costs associated with implementing this article 4.

(b) The state treasurer may invest any money in the fund not expended for the purpose of this article 4 as provided by law. The state treasurer shall credit all interest and income derived from the investment and deposit of money in the fund to the fund. Any unexpended and unencumbered money remaining in the fund at the end of a fiscal year remains in the fund and must not be credited or transferred to the general fund or another fund.

(c) The money in the fund is:

(I) Subject to annual appropriation by the general assembly to the division for the direct and indirect costs associated with implementing this article 4; and

(II) Continuously appropriated to the division for the purpose of making payments to employees for unpaid liabilities for wage law violations pursuant to subsection (5) of this section.

(d) The limitations specified in section 24-75-402 do not apply to the fund.

the division may issue a notice of administrative lien and levy to the employer or any other person that has possession, custody, or control of the employer's assets. The division may issue the notice of administrative lien and levy when an employer is past due on paying wages determined to be due to its employees and any fines or penalties determined to be due pursuant to this article 4 without an order staying or reversing the applicable deadline for payment. The notice must include the following statements and information:

(I) The name and address of the person that has possession, custody, or control of the employer's assets;

(II) The employer's name, last-known address, and taxpayer identification number, if known;

(III) The total amount owed for past-due wages, fines, and penalties, as identified by the division as provided in this article 4;

(IV) The names of all employees determined to be owed wages or penalties and the amounts due to each named employee;

(V) A statement that:

(A) The notice of administrative lien and levy takes effect and is superior to any other lien on the same assets that is filed later in time;

(B) Unless the division consents to an earlier disposition, the person may not transfer or dispose of the assets in the possession, custody, or control of the person from the date the person received the notice until further order; and

(C) A person that receives notice pursuant to this subsection (4) and that transfers or disposes of the assets after receipt of the notice is liable for the amount of the past-due wages, fines, and penalties owed by the employer, to the extent of the value of the transferred or disposed of assets;

(VI) Instructions on the remittance, transmission, or transfer of the withheld or surrendered amounts or other assets, including the requirement that each check, remittance, transmission, or transfer:

(A) For past-due wages and penalties, be payable to, transmitted to, or transferred to the employee, employees, payee, or transferee designated by the division in the notice and sent to the address indicated in the notice or otherwise transmitted or transferred as specified in the notice;

(B) For fines, be payable to, transmitted to, or transferred to the division or other payee or transferee designated by the division in the notice and sent to the address indicated in the notice or otherwise transmitted or transferred as specified in the notice;

(C) Be surrendered within thirty days after the date of the notice of the lien and levy; and

(D) Include the division case number on the face of the check, remittance, transmission, or transfer;

(VII) A statement that, if insufficient assets are available to cover all amounts determined to be owed by the employer, the person must first pay wages and penalties determined to be due to the employee or employees and thereafter pay fines determined to be owed to the state;

(VIII) A statement that, if no assets are available for surrender, the person must return the remittance notice within thirty days after the date of the notice of the lien and levy; and

(IX) A statement that the administrative lien and levy is automatically inactivated once the person returns the remittance notice or surrenders the assets held by the person.

(b) (I) In order to attach and collect an employer's assets that are in the possession, custody, or control of another person for purposes of collecting past-due wages, fines, and penalties, the division is authorized to serve, by first-class or overnight mail, by personal delivery, or, if mutually agreed upon, through electronic means published by the person, a notice of administrative lien and levy on any person that has possession, custody, or control of the employer's assets. A notice of administrative lien and levy is effective if it is delivered or mailed to the principal office or any branch office of the person that has possession, custody, or control of the employer's assets.

(II) The administrative lien and levy applies against all assets of the employer that are in the possession, custody, or control of the person served with the notice at the time of, and within sixty days after, receipt of the notice.

(III) The division shall provide a copy of the administrative lien and levy to the employer and shall include information on the employer's right to file an applicable exception, exemption, or appeal, as specified by the director by rule, including an exception, exemption, or appeal for custodial accounts pursuant to section 11-50-110, the earnings limitations set forth in section 13-54-104 (3), or the appeal policy for jointly owned or shared accounts.

(IV) Upon satisfaction of the past-due wage, fine, or penalty obligations giving rise to the administrative lien and levy, the employer may request and be provided confirmation that the lien is extinguished.

(c) This subsection (4) applies to all past-due wage, fine, and penalty obligations ordered as part of any proceeding, regardless of when the order was entered, and all employers that owe wages, fines, or penalties are subject to notice of administrative lien and levy as described in this subsection (4).

(d) The director may adopt rules as necessary to implement this subsection (4).

(e) As used in this subsection (4), "asset" means any:

(I) Real, intangible, or personal property of an employer;

(II) An employer's right to real, intangible, or personal property;

(III) Payments due to and accounts receivable of an employer; and

(IV) Credits or debts involving the employer.

(5) (a) On and after April 1, 2024, if an employer fails to pay an employee an amount of wages or compensation owed the employee, as determined by the division pursuant to section 8-4-111 (2)(c) or as decided by a hearing officer pursuant to section 8-4-111.5, within six months after the division's determination, the hearing officer's decision, or the expiration of any order from the division, the hearing officer, or a court staying or postponing the employer's payment obligation, whichever is later, the division may disburse the amount of wages or compensation determined to be owed the employee, subject to available resources in the fund and the division's prioritization, from the fund to the employee.

(b) If the division disburses payment to an employee from the fund pursuant to this subsection (5):

(I) The employee may not recover that payment amount from the employer;

(II) The division replaces the employee as the creditor of the employer for the amount of the payment, the division may continue to pursue payment from the employer pursuant to section 8-4-111 and this section, and any money recovered from the employer toward the amount disbursed to the employee must be credited to the fund; and

(III) The division shall, to the extent necessary, supplement or amend any documents filed pursuant to an administrative claim or court action regarding the employer's debt to reflect any change in the amount and the creditor of the debt resulting from payment pursuant to this subsection (5).

(c) On or before December 29, 2023, the division shall promulgate rules specifying the procedures and criteria for employees to submit information and request payment pursuant to this subsection (5), specifying the procedures and criteria for the division to review, evaluate, and resolve employee payment requests, and as necessary to implement this subsection (5).

8-4-123. Termination of occupancy pursuant to contract of employment - legislative declaration. (1) The general assembly hereby finds, determines, and declares that many businesses, such as nursing homes or building management companies, either desire or are required by law to have staff on premises at all times. As part of the compensation for such

employees, many employers offer housing to employees. However, once that employment relationship ceases, it may become undesirable for such employees to occupy the premises for many reasons, including the safety of the employer's patients, clients, customers, or tenants. Under traditional landlord and tenant law, such employees may have established the technical or legal right to occupy the premises for a fixed term that continues far beyond the cessation of the employment relationship. However, in employment situations, such occupancy is not a tenancy, but a license to occupy the premises pursuant to an employment relationship. The occupancy of the premises by the employee is not entered into by the employer for the purpose of providing housing, but merely as a means to provide services to the employer's patients, clients, customers, or tenants. In certain cases, it may be necessary to curtail the occupancy of former employees in order to protect the rights or safety of an employer's tenants or patients.

(2) (a) Pursuant to a written agreement meeting the requirements of paragraph (b) of this subsection (2), a license to occupy the premises entered into as part of an employee's compensation may be terminated at any time after the employment relationship ceases between an employer and employee. A termination of a license to occupy the premises shall be effective three days after the service of written notice of termination of a license to occupy the premises.

(b) An agreement made pursuant to this section shall be in writing and shall include the following:

(I) The names of the employer and employee;

(II) A statement that the license to occupy the premises is provided to the employee as part of the employee's compensation and is subject to termination at any time after the employment relationship ceases;

(III) The address of the premises; and

(IV) The signature of both the employer and the employee.

(c) The notice of termination of a license to occupy the premises shall describe the premises and shall set forth the time when the license to occupy the premises will terminate. The notice shall be signed by the employer or the employer's agent or attorney.

(3) If an employee fails to vacate the premises within three days after the receipt of the notice of termination of the license to occupy the premises, the employer may contact the county sheriff to have the employee removed from the premises. The county sheriff shall remove the employee and any personal property of the employee from the premises upon the showing to the county sheriff of the notice of termination of the license to occupy the premises and agreement pursuant to which the license to occupy the premises was granted.

8-6-101. Legislative declaration - minimum wage of workers - authority of a local government to enact minimum wage laws - enforcement - report - severability - definition.

(1) The welfare of the state of Colorado demands that workers be protected from conditions of labor that have a pernicious effect on their health and morals, and it is therefore declared, in the exercise of the police and sovereign power of the state of Colorado, that inadequate wages and unsanitary conditions of labor exert such pernicious effect.

(2) Repealed.

(3) (a) (I) Notwithstanding any other provision of law, a local government may enact through its governing body or, when available, through its initiative or referendum powers, a law establishing minimum wages for individuals performing, or expected to perform, four or more hours of work for an employer in any given week within the geographic boundaries of the local government's jurisdiction. Minimum wages established in accordance with this section may exceed the statewide minimum wage established in accordance with section 15 of article XVIII of the state constitution, any other minimum wage established by state law, or any minimum wage established by federal law; except that a local government that enacts a minimum wage in accordance with this subsection (3) shall provide a tip offset for employees of any business or enterprise that prepares and offers for sale food or beverages for consumption either on or off the premises equal to the tip offset provided in section 15 of article XVIII of the state constitution. The tip offset applies only to employees who regularly receive tips and only when a tip offset is permitted by state law. A local government shall not include in its minimum wage law time spent in the local government's jurisdiction by an employee solely for the purpose of traveling through the local government's jurisdiction from a point of origin outside of the local government's boundaries to a destination outside of the local government's boundaries, with no employment-related or commercial stops in the local government's jurisdiction, except for refueling or the employee's personal meals or errands.

(II) All adult employees and emancipated minors, whether employed on an hourly, piecework, commission, time, task, or other basis, shall be paid not less than the minimum wage enacted by the local government through its governing body or through initiative or referendum powers.

(b) A local government that enacts a minimum wage law in accordance with this subsection (3) may adopt provisions for the local enforcement of the law, including:

(I) A private right of action to enforce the requirement in a court of competent jurisdiction;

(II) At levels that may exceed those set by state law:

(A) Fines and penalties;

(B) Payment of unpaid wages or unpaid overtime based on those wages;

(C) Liquidated damages;

(D) Interest;

(E) Costs and attorney fees payable to any affected prevailing employee; and

(F) Costs and attorney fees payable to the local government or its designated enforcement departments;

(III) Procedures for the local government to order any appropriate or equitable relief; and

(IV) Other provisions necessary for the efficient and cost-effective enforcement of a local minimum wage law.

(c) (I) Except as provided in subsection (3)(c)(II) of this section, a local minimum wage adopted by a county is only enforceable within the unincorporated portion of the county.

(II) One or more contiguous counties and any municipality within each county may enter into intergovernmental agreements to establish a local minimum wage law within the unincorporated portion of each county and within each municipality. An intergovernmental agreement entered into in accordance with this subsection (3)(c) must establish the manner in which a local government minimum wage law will be enforced and administered.

(d) Before enacting a minimum wage law, a local government shall consult with surrounding local governments and engage stakeholders, including chambers of commerce, small and large businesses, businesses that employ tipped workers, workers, labor unions, and community groups.

(4) For purposes of this section, "local government" means a:

- (a) City;
- (b) Home rule city;
- (c) Town;
- (d) Territorial charter city;
- (e) City and county;
- (f) County; or
- (g) Home rule county.

(5) If any provision of this section is found by a court of competent jurisdiction to be unconstitutional, the remaining provisions of this section are valid, unless it appears to the court that the valid provisions of this section are so essentially and inseparably connected with, and so dependent upon, the void provision that it cannot be presumed the legislature would have enacted the valid provisions without the void one; or unless the court determines that the valid provisions, standing alone, are incomplete and are incapable of being executed in accordance with the legislative intent.

(6) A local government that enacts a local minimum wage law pursuant to this section must specify that an increase in the local minimum wage must take effect on the same date as a scheduled increase to the statewide minimum wage required under section 15 of article XVIII of the state constitution.

(7) If a local government enacts a local minimum wage law requiring a minimum wage that exceeds the statewide minimum wage, the local government may only increase the local minimum wage each year by up to one dollar and seventy-five cents or fifteen percent, whichever is higher, until the local minimum wage reaches the amount enacted by the local government.

(8) (a) By July 1, 2021, the executive director of the department of labor and employment shall issue a written report regarding local minimum wage laws in the state. The report must include the location, nature, and scope of enacted local minimum wage laws. To the extent feasible, the executive director shall also include in the report economic data, including jobs, earnings, and sales tax revenue, in the jurisdiction of any local government that has enacted a local minimum wage law pursuant to this section, as well as data for neighboring jurisdictions, relevant regions, and the state. The report may include recommendations for possible improvements to this section.

(b) The executive director shall update the report by July 1 each year thereafter if an additional local government enacts a minimum wage law after July 1 of the year prior.

(c) (I) The executive director shall submit the report required in this subsection (8) to the senate local government committee and the house of representatives transportation and local government committee, or their successor committees.

(II) Notwithstanding section 24-1-136 (11)(a)(I), the report required in this subsection (8) continues indefinitely.

(9) (a) The executive director of the department of labor and employment shall notify the executive director of the department of health care policy and financing if a local government enacts a minimum wage that exceeds the statewide minimum wage.

(b) If the executive director of the department of health care policy and financing receives notice pursuant to subsection (9)(a) of this section, the executive director shall, as soon as practicable, submit a report to the joint budget committee with recommendations about whether provider rates, with the exception of rates for an eligible nursing facility provider as defined in section 25.5-6-201 (15.5), need to be increased to accommodate the local government's minimum wage increase and if establishing a fund to pass through those increases to facilities in the jurisdiction of the local government that has raised the minimum wage is necessary.

(c) Notwithstanding section 24-1-136 (11)(a)(I), the report required in this subsection (9) continues indefinitely.

(10) (a) If at any point ten percent of local governments in the state have enacted a local minimum wage law pursuant to this section, a local government that has not previously enacted a local minimum wage law shall not enact a local minimum wage law pursuant to this section until the general assembly has amended this section to authorize additional local governments to enact local minimum wage laws. A local government that enacted a local minimum wage law prior to the point at which ten percent of local governments have enacted a local minimum wage law may continue to amend that law.

(b) For purposes of determining whether ten percent of local governments in the state have enacted a local minimum wage law pursuant to this section, when a county enacts a local minimum wage law, if a local minimum wage law is enacted by any local government located within that county, only the county's minimum wage law counts toward the calculation of the ten percent. If local governments enter into an intergovernmental agreement on the enforcement or administration of local minimum wage policies, that will only be counted as one local minimum wage for determining the calculation of the ten percent.

8-6-101.5. Minimum wage for agricultural workers - rest periods - overwork protections - definition. (1) (a) On and after January 1, 2022, except as provided in subsection (1)(b) of this section, the minimum wage requirements of section 15 of article XVIII of the state constitution, and any minimum wage laws enacted pursuant to this article 6, apply to agricultural employers employing agricultural workers.

(b) The Colorado minimum wage that an agricultural employer must pay to an agricultural worker who is principally engaged in the range production of livestock, as described in 29 CFR 780.323 to 29 CFR 780.329, on the open range is:

(I) Beginning January 1, 2022, and through December 31, 2022, five hundred fifteen dollars per week; and

(II) Beginning January 1, 2023, the minimum wage required in the prior calendar year adjusted annually as measured by the United States department of labor's bureau of labor statistics consumer price index for Denver-Aurora-Lakewood or its predecessor or successor index. The director may set a higher minimum wage than is required in this subsection (1)(b)(II) consistent with the director's authority and duties, including under this article 6.

(2) (a) An agricultural worker is entitled to an uninterrupted and duty-free meal period of at least a thirty-minute duration when the agricultural worker's shift exceeds five consecutive hours. The meal periods, to the extent practicable, must be at least one hour after the start, and one hour before the end, of the shift. An agricultural worker must be relieved of all duties and permitted to pursue personal activities for a period to qualify as nonwork, uncompensated time. If the nature of the business activities or other circumstances makes the uninterrupted meal period impractical, the agricultural employee must be permitted to consume an on-duty meal while performing duties. An agricultural employee must be permitted to fully consume a meal of choice while working and be fully compensated for the on-duty meal period without any loss of time or compensation.

(b) An agricultural worker is entitled to an uninterrupted and duty-free rest period of at least ten minutes within each four hours of work.

(c) This subsection (2) does not apply to a truck driver whose sole and principal duty is to haul livestock or to a combine or harvester operator while harvesting.

(3) As used in this section, "agricultural worker" has the meaning set forth in section 8-13.5-201 (3).

8-6-108.7. Elimination of subminimum wage for individuals with disabilities - legislative declaration - definitions - repeal. (1) The general assembly finds and declares that:

(a) Colorado is an employment first state committed to the goal of achieving competitive integrated employment for individuals with disabilities;

(b) Ensuring that individuals with disabilities have the opportunity to pursue employment paid in an amount equal to minimum wage or higher is a critical element of achieving this goal;

(c) Due to systemic barriers, many individuals with disabilities are paid less than the minimum wage applicable to other employees and have limited opportunities to pursue competitive integrated employment;

(d) The payment of subminimum wages is an economic justice issue for individuals with disabilities, impacting their ability to earn wages equal to their peers without disabilities and devaluing their contributions based on their disabilities;

(e) Service enhancements and public policy changes are needed to address these systemic barriers and assist individuals in subminimum wage jobs to pursue competitive integrated employment; and

(f) The elimination of subminimum wage employment, along with the implementation of critical service enhancements and policy changes, is essential to promoting economic justice for, and the enhanced self-sufficiency of, individuals with disabilities while ensuring that individuals currently working in subminimum wage jobs can successfully transition to competitive integrated employment, supported employment, or integrated community activities related to each individual's employment goals.

(2) (a) On and after July 1, 2021, if an employer does not hold a special certificate issued on or before June 30, 2021, the employer shall not pay an employee at a wage rate that is below the highest applicable minimum wage.

(b) On and after July 1, 2021, an employer shall not hire any new employees at a wage rate that is below the highest applicable minimum wage.

(c) (I) An employer that holds a special certificate issued on or before June 30, 2021, shall, on or before July 1, 2021, submit data for individuals currently employed in subminimum wage jobs to the department of health care policy and financing in a manner determined by the department of health care policy and financing and shall include:

(A) The number of individuals currently employed in subminimum wage jobs by the employer;

(B) The number of hours per week worked by each individual employed in subminimum wage jobs; and

(C) The wages per hour or piece rate earned by each individual employed in subminimum wage jobs.

(II) The department of health care policy and financing shall compile and summarize the data submitted pursuant to subsection (2)(c)(I) of this section and make the summary available to the public on or before June 30, 2022.

(III) On or before June 30, 2022, each employer that holds a special certificate issued on or before June 30, 2021, shall submit a transition plan to the department of health care policy and financing detailing how the employer plans to phase out subminimum wage employment by July 1, 2025, and support individuals currently in subminimum wage jobs to pursue competitive integrated employment, supported employment, or integrated community activities related to each individual's employment goals.

(IV) The transition plan must include measurable benchmarks, be informed by evidence-based practices and effective employment models, and be updated and resubmitted to the department of health care policy and financing annually until the employer is no longer paying subminimum wages. The transition plan must be aligned with the employer's efforts to comply with federal home- and community-based services regulations, if applicable, and honor the personal choice of individuals currently working in subminimum wage jobs as identified through the person-centered career development planning process described in section 8-84-301 (2). The transition plan and each annual update must include the data outlined in subsection (2)(c)(I) of this section updated as of the date of submission and the data collected pursuant to this subsection (2)(c)(IV). The department of health care policy and financing shall compile and summarize the data and make the summary available to the public on an annual basis in compliance with federal and state privacy laws including the federal "Health Insurance Portability and Accountability Act of 1996", as amended, 42 U.S.C. sec. 1320d to 1320d-9. The transition plan and each annual update must include:

(A) The number of individuals who, since the most recent prior submission of data, have moved to another provider agency not affiliated with the employer;

(B) The number of individuals who, since the most recent prior submission of data, have transitioned to competitive integrated employment as defined in section 8-84-301 (3);

(C) The number of individuals who, since the most recent prior submission of data, have transitioned to supported employment that does not meet the definition of competitive integrated employment;

(D) The number of individuals who, since the most recent prior submission of data, have transitioned to integrated community activities related to the individual's employment goals, including individualized career exploration activities;

(E) The number of individuals who, since the most recent prior submission of data, have transitioned to non-employment-related day services; and

(F) For individuals included in subsections (2)(c)(IV)(B) and (2)(c)(IV)(C) of this section, the number of hours per week worked by each individual and the wages per hour earned by each individual.

(V) The department of health care policy and financing shall collaborate with employers and other interested stakeholders to create a process for approving transition plans. The process for approving transition plans must ensure that an employer has until July 1, 2025, to eliminate subminimum wage employment so that individuals currently working in subminimum wage jobs can successfully transition to competitive integrated employment, supported employment, or integrated community activities related to each individual's employment goals.

(VI) Each annual update of the transition plan must demonstrate progress toward its identified benchmarks. The department of health care policy and financing shall assess each employer's annual progress and provide technical assistance as needed. If an employer fails to demonstrate progress toward the benchmarks identified in its transition plan, the department of health care policy and financing shall notify the department of labor and employment which may issue a compliance order to the employer.

(VII) In order to ensure that individuals currently working in subminimum wage jobs may successfully transition to competitive integrated employment, supported employment, or integrated community activities related to each individual's employment goals, the individual's case manager must offer the individual the opportunity to have an advocate identified and selected by the individual present during the individual's service plan meetings where employment services are discussed. The case manager must offer and provide assistance, if requested, in identifying an independent advocate who is not involved with providing services or supports to the individual. The case manager shall document the offers of assistance and the individual's responses.

(d) This subsection (2) is repealed, effective July 1, 2025.

(3) On and after July 1, 2025, an employer shall not pay an employee with a disability less than the highest applicable minimum wage regardless of whether the employer was issued a special certificate.

(4) As used in this section:

(a) "Competitive integrated employment" has the same meaning as set forth in section 8-84-301 (3).

(b) "Department" means the department of labor and employment.

(c) "Special certificate" means a special certificate issued by the United States department of labor pursuant to section 214 (c) of the federal "Fair Labor Standards Act of 1938", as amended, 29 U.S.C. sec. 201 et seq., to an employer that authorizes the employer to pay wages that are less than the minimum wage otherwise required by law to employees whose earning or productive capacity is impaired by age, physical or mental disability, or injury.

8-6-109. Methods of establishing minimum wages - wage board. (1) If after investigation the director is of the opinion that the conditions of employment surrounding said

employees are detrimental to the health or morals or that a substantial number of workers in any occupation are receiving wages, whether by time rate or piece rate, inadequate to supply the necessary costs of living and to maintain the workers in health, the director shall proceed to establish minimum wage rates either directly or by the indirect method described in subsection (2) of this section. If he selects the direct method, the director shall establish the minimum wage rates.

(2) If he adopts the indirect method, the director shall establish a wage board consisting of not more than three representatives of employers in the occupation in question, and of an equal number of persons to represent the employees in said occupation, and of an equal number of disinterested persons to represent the public, and someone representing the director if it is desired. The director shall name and appoint all members of the wage board and designate the chairman thereof. The selection of members representing employers and employees shall be, so far as practicable, through election by employers and employees respectively, subject to approval and selection by the director. The members of the wage board shall be compensated at the same rate and fees for service as jurors in courts of record, and they shall be allowed their necessary traveling and clerical expenses incurred in the actual performance of their duties, to be paid from the appropriations for the expenses of the division.

(3) The proceedings and deliberations of such wage board shall be made a matter of record for the use of the director and shall be admissible as evidence in any proceedings before the director. Each wage board has the same power as the director to subpoena witnesses, administer oaths, and compel the production of books, papers, and other evidence. Witnesses subpoenaed by a wage board shall be allowed the same compensation as when subpoenaed by the director.

8-6-110. Wage board - duties - report - quorum. The director may transmit to each wage board all pertinent information in his possession relative to the wages paid or material to the subject of inquiry of the occupation in question. Each wage board shall endeavor to determine, if requested so to do by the director, the standard conditions of employment; the minimum wage, whether by time rate or piece rate, adequate to maintain in health and to supply with the necessary cost of living an employee of ordinary ability in the occupation in question, or in any branches thereof; and suitable minimum wages, graded, so far as practicable, on a rising scale toward the minimum allowed experienced workers, for learners and apprentices. When a majority of the members of a wage board agree upon standard conditions of employment or minimum wage board determinations, they shall report such determinations to the director, together with the reasons therefor and the facts relating thereto. A majority of the members of any such wage board shall constitute a quorum.

8-6-111. Director to review report. (1) Upon the receipt of a report from a wage board, the director shall review the same and may approve or disapprove any determination or recommit the subject to the same or a new wage board. If the director approves any of the determinations of the wage board, said director shall publish notice not less than once a week for two successive weeks in a newspaper of general circulation published in the county in which any business directly affected thereby is located, that he will, on a date and at a place named in said notice, hold a public meeting, at which all persons in favor of or opposed to said recommendations will be given a hearing.

(2) After publication of notice and the meeting, the director, if so desired, may make and render such an order as may be proper or necessary to adopt the recommendations and carry the same into effect and require all employees in the occupation directly affected thereby to preserve and comply with such recommendations and order. Such order is effective thirty days after it is made and rendered and shall be in full force and effect on and after that day. After the order is effective, it is unlawful for any employer to violate or disregard any of the terms of the order or to employ any worker in any occupation covered by the order at lower wages or under other conditions than authorized or permitted by the order. The director shall, as far as is practicable, mail a copy of any such order to every employer affected thereby; and every employer affected by the order shall keep a copy thereof posted in a conspicuous place in such employer's establishment. Such order shall include a notice of the contents of sections 8-12-105 (3), 8-12-115 (4)(b)(II), and 8-12-116 (2).

(3) In case of an emergency the director may authorize or permit the employment of any person for more hours per day or per week than the maximum now fixed by law.

(4) Overtime, at a rate of one and one-half times the regular rate of pay, may be permitted by the director under conditions and rules and for increased minimum wages which the director, after investigation, determines and prescribes by order and which shall apply equally to all employers in such industry or occupation.

8-12-102. Legislative declaration. (1) It is the policy of this state to foster the economic, social, and educational development of young people through employment. Work is an integral factor in providing a sense of purpose, direction, and self-esteem necessary to the overall physical and mental health of an individual. In the first part of this century, state and federal laws and regulations were needed to prevent the exploitation of child labor. Unfortunately, such legislation also has tended, on occasion, to limit and curtail opportunities for minors to participate in reasonable work experiences. Young people, especially those who have completed high school or occupational training and no longer are in school, should not be denied employment opportunities because of arbitrary minimum age limits. Work, however, should be coordinated with schooling wherever appropriate. Work and study combined must be developed in the interest of the youth to be trained.

(2) The director shall take the necessary steps to inform employers, school authorities, and the general public regarding the provisions of this article, and he shall work with other public and private agencies to minimize the obstacles to legitimate employment of minors.

(3) The director shall receive and investigate complaints and may from time to time visit employers at reasonable times and inspect pertinent records to determine compliance with this article.

(4) (a) If investigation of any place of employment or complaint discloses a violation of this article, except section 8-12-105 (3), the director shall give the employer written notice describing the violation and specifying the provisions of this article that such employer is allegedly violating. Within ten days of receipt of such notice of violation, the employer may file a written request for a hearing on the issue of whether the violation exists, which hearing shall be conducted in accordance with section 24-4-105, C.R.S. After a hearing concerning a violation of this article, or after the expiration of twenty days after the issuance of a notice of violation during which the employer has neither requested a hearing nor ceased the conduct that constitutes the alleged violation, the director may issue a final order requiring the employer to cease and desist the conduct found to be in violation. At any time thereafter, the director may order the violating employer to pay a penalty of twenty dollars for each offense. Each day that the conduct constituting the violation is continued after the order is made final, and each minor employed in violation of this article, constitutes a separate offense. The order imposing the penalty shall become final upon issuance, and the penalty shall be due and payable thirty days after the order assessing the penalty is entered, unless prior to that time the order has been modified or a hearing on the penalty has been requested as provided by section 24-4-105, C.R.S. All penalties imposed by this section shall be collected as provided in section 8-1-142.

(b) (I) If investigation of any place of employment or complaint discloses a violation of section 8-12-105 (3), the director shall give the employer written notice describing the violation and specifying the provisions of this article that such employer is allegedly violating. Within ten

days after receipt of such notice of violation, the employer may file a written request for a hearing on the issue of whether the violation exists, which hearing shall be conducted in accordance with section 24-4-105, C.R.S. After a hearing concerning a violation of section 8-12-105 (3), or after the expiration of twenty days after the issuance of a notice of violation during which the employer has neither requested a hearing nor ceased the conduct which constitutes the alleged violation, the director may issue a final order requiring the employer to cease and desist the conduct found to be in violation. At any time thereafter, the director may order the violating employer to pay a penalty pursuant to subparagraph (II) of this paragraph (b). The order imposing the penalty shall become final upon issuance, and the penalty shall be due and payable thirty days after the order assessing the penalty is entered, unless prior to that time the order has been modified or a hearing on the penalty has been requested as provided by section 24-4-105, C.R.S. All penalties imposed by this section shall be collected as provided in section 8-1-142.

(II) Failure to comply with the provisions of this paragraph (b) shall make the offender liable for administrative fines pursuant to the following penalty schedule:

(B) For a second offense within six months after the first offense, by a fine of not less than five hundred dollars nor more than one thousand dollars;

(C) For a third or subsequent offense within six months after the first offense, by a fine of not less than one thousand dollars nor more than ten thousand dollars.

(5) The findings, orders, and penalties made by the director shall be subject to judicial review pursuant to section 24-4-106, C.R.S.

(6) The director may apply for an injunction in any court of competent jurisdiction to enjoin any person from committing any act prohibited by this article.

(7) The director, in accordance with section 24-4-103, C.R.S., shall promulgate rules and regulations more specifically defining the occupations and types of equipment permitted or prohibited by this article.

The general assembly further finds and declares that it is necessary to enact this section in order for certain industries to support and cooperate with such state programs and powers and to assist their employees in the conservation of fuel by providing opportunity for certain employers to establish four-day workweeks thereby omitting one day of travel to and from work for employees.

PART 3

FAMILY AND MEDICAL LEAVE IMPLEMENTATION

8-13.3-301. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Colorado is a family-friendly state, and providing the workers of Colorado with family and medical leave insurance will encourage an entrepreneurial atmosphere and economic growth and promote a healthy business climate;

(b) The United States is the only industrialized nation in the world that does not mandate access to paid leave benefits. Simultaneously, nearly half of Americans live paycheck to paycheck and are unable to access two thousand dollars in the event of an emergency.

(c) This part 3 prepares for the implementation of a paid family and medical leave program in the state by completing a thorough analysis of paid family and medical leave programs by experts in the field, the establishment of a family and medical leave implementation task force, and actuarial and third-party studies;

(d) As specified in this part 3:

(I) The timeline for the analysis and implementation of a statewide paid family and medical leave program is as follows:

(A) By July 1, 2019, appointing authorities are required to make their appointments to the task force;

(B) By October 1, 2019, the department is required to provide the task force with the results of a third-party study and paid family and medical leave plan recommendations from the experts in the field, and the task force is required to accept and consider public comment regarding the administration and establishment of a paid family and medical leave program;

(C) By November 1, 2019, the task force shall make its initial recommendation on a family and medical leave program for employees in the state and provide the recommendation to an actuary contracted by the department;

(D) By December 1, 2019, an independent actuarial analysis must be completed and submitted to the task force;

(E) By January 8, 2020, the task force shall report its final recommendation on a paid family and medical leave program for all employees in the state;

(II) The timeline may also be assumed as follows:

(A) By July 1, 2020, the family and medical leave program will be established;

(B) By January 1, 2022, the public education and outreach campaign will begin;

(C) By January 1, 2023, the family and medical leave program funding will begin; and

(D) By January 1, 2024, the family and medical leave program will start paying benefits;

(e) The intent of this part 3 is to assist in the preparation of legislation in the 2020 legislative session establishing a paid family and medical leave program in the state.

8-13.3-302. Definitions. As used in this part 3, unless the context otherwise requires:

(1) "Department" means the department of labor and employment.

(2) "Executive director" means the executive director of the department.

(3) "Task force" means the family and medical leave implementation task force created in section 8-13.3-304 (1).

8-13.3-303. Department to perform analyses. (1) (a) The department shall analyze the feasibility of contracting with a third party to administer parts of a paid family and medical leave program for all employees in the state as an alternative to state administration of all aspects of such a program. In determining whether a third party should administer parts of a paid family and medical leave program, the department shall consider whether doing so would be cost-effective, in the short term and in the long term for both the state and covered individuals, and lead to more efficient program administration and benefit management while assuring quality, worker experience, affordability, coverage, and program accountability, as compared to if the state administers all aspects of the program.

(b) In fulfilling the requirements of this subsection (1), the department shall make a request for information from third parties that may be willing to administer single or multiple parts of a paid family and medical leave program. The requests for information pursuant to this subsection (1)(b) must solicit information from third parties that includes, but is not limited to, the third party's:

(I) Prior experience with paid family and medical leave insurance or providing monetary benefits in Colorado related to employees taking leave from work due to serious health conditions, parental bonding, or other family and medical leave purposes;

(II) Commitment to affirmative action, diversity, equity, and inclusion policies;

(III) Language access experience and cultural competency; and

(IV) Current or expected employee pay rates and benefits.

(c) Any study pursuant to this section must consider:

(I) The estimated difference in administrative costs charged by third parties as compared to a state-run paid family and medical leave program;

(II) The estimated difference in claims processing speeds;

(III) The state's costs to oversee any third-party administration, including costs to conduct annual audits and review regular reports from the third party;

(IV) The ability of a third party to satisfy necessary worker privacy and confidentiality requirements;

(V) The ability of a third party to access existing state data or to effectively interface with the department's systems and information;

(VI) The potential costs and challenges associated with terminating a third-party contract due to quality or compliance concerns following implementation of the program, as well as the feasibility of timely substituting administration by the state or a different third party without a disruption in benefits and administration; and

(VII) A timeline that presumes a paid family and medical leave program that is established by July 1, 2020; begins public education and outreach on January 1, 2022; establishes the funding stream on January 1, 2023; and starts paying benefits on January 1, 2024.

(d) The department's study must specifically address the effect of using a third-party administrator on the following aspects of a paid family and medical leave program:

(I) Claims appeals and administrative enforcement;

(II) Premium rate setting and collection of premiums;

(III) Approval and oversight of private plans, if applicable; and

(IV) Management of elective coverage of employees who may not be included in the program.

(2) (a) (I) The department shall contract with at least three experts in the field of paid family and medical leave selected by the task force. The experts must be local and national experts:

(A) With demonstrated experience studying the health, economic, and social benefits of access to paid leave; the cost and economic impact of paid leave; and the drafting and implementation of paid family and medical leave programs at the state level; and

(B) Who have some familiarity with cross-state comparisons.

(b) If an employee separates from employment and is rehired by the same employer within six months after the separation, the employer shall reinstate any paid sick leave that the employee had accrued but not used during the employee's previous employment with the employer and that had not been converted to monetary compensation to the employee at the time of separation from employment.

PART 5

PAID FAMILY AND MEDICAL LEAVE INSURANCE

Editor's note: This part 5 was added by Proposition 118, effective upon proclamation of the governor, December 31, 2020. The vote count for the measure at the general election held November 3, 2020, was as follows:

FOR: 1,804,546

AGAINST: 1,320,386

8-13.3-501. Short title. This part 5 shall be known and may be cited as the "Paid Family and Medical Leave Insurance Act".

Source: Initiated 2020: Entire part added, Proposition 118, L. 2021, p. 4225, effective upon proclamation of the Governor, December 31, 2020.

Editor's note: This section was originally numbered as 8-13.3-401 in Proposition 118 but was renumbered on revision for ease of location.

8-13.3-502. Purposes and findings. The people of the state of Colorado hereby find and declare that:

(1) Workers in Colorado experience a variety of personal and family caregiving obligations, but it can be difficult or impossible to adequately respond to those needs without access to paid leave.

(2) Access to paid family and medical leave insurance helps employers in Colorado by reducing turnover, recruiting workers, and promoting a healthy business climate, while also ensuring that smaller employers can compete with larger employers by providing paid leave benefits to their workers through an affordable insurance program.

(3) Paid family and medical leave insurance will also provide a necessary safety net for all Colorado workers when they have personal or family caregiving needs, including low-income workers living paycheck to paycheck who are disproportionately more likely to lack access to paid leave and least able to afford unpaid leave.

(4) Due to the need to provide paid time off to Colorado workers to address family and medical needs, such as the arrival of a new child, military family needs, and a personal or a family member's serious health condition, including the effects of domestic violence and sexual assault, it is necessary to create a statewide paid family and medical leave insurance enterprise and to authorize the enterprise to:

(a) Collect insurance premiums from employers and employees at rates reasonably calculated to defray the costs of providing the program's leave benefits to workers; and

(b) Receive and expend revenues generated by the premiums and other moneys, issue revenue bonds and other obligations, expend revenues generated by the premiums to pay family and medical leave insurance benefits and associated administrative and program costs, and exercise other powers necessary and appropriate to carry out its purposes.

(5) The fiscal approach of this part 5 has been informed by the experience of other state family and medical leave insurance programs, modeling based on the Colorado workforce, and input from a variety of stakeholders in Colorado.

(6) The creation of a statewide paid family and medical leave insurance enterprise is in the public interest and will promote the health, safety, and welfare of all Coloradans, while also encouraging an entrepreneurial atmosphere and economic growth.

(c) Nothing in this section limits or restricts the authority of the division to expend its revenues consistent with this part 5.

(d) The division is hereby authorized to issue revenue bonds for the expenses of the division, which bonds may be secured by any revenues of the division. Revenue from the bonds issued pursuant to this subsection shall be deposited into the fund.

8-13.3-509. Leave and employment protection. (1) Any covered individual who has been employed with the covered individual's current employer for at least 180 days prior to the commencement of the covered individual's paid family and medical leave who exercises the covered individual's right to family and medical leave insurance benefits shall be entitled, upon return from that leave, to be restored by the employer to the position held by the covered individual when the leave commenced, or to be restored to an equivalent position with equivalent employment benefits, pay and other terms and conditions of employment. Nothing in this section entitles any restored employee to:

(a) The accrual of any seniority or employment benefits during any period of leave; or

(b) Any right, benefit, or position of employment other than any right, benefit, or position to which the employee would have been entitled had the employee not taken the leave. Nothing in this section relieves an employer of any obligation under a collective bargaining agreement.

(2) During any paid family and medical leave taken pursuant to this part 5, the employer shall maintain any health-care benefits the covered individual had prior to taking such leave for the duration of the leave as if the covered individual had continued in employment continuously from the date the individual commenced the leave until the date the family and medical leave insurance benefits terminate. The covered individual shall continue to pay the covered individual's share of the cost of health benefits as required prior to the commencement of the leave.

(3) It is unlawful for an employer or any other person to interfere with, restrain, or deny the exercise of, or the attempt to exercise, any right protected under this part 5.

(4) An employer, employment agency, employee organization or other person shall not take retaliatory personnel action or otherwise discriminate against a person because the individual exercised rights protected under this part 5. Such rights include, but are not limited to, the right to: request, file for, apply for or use benefits provided for under this part 5; take paid family and medical leave from work under this part 5; communicate to the employer or any other

person or entity an intent to file a claim, a complaint with the division or courts, or an appeal; testify or assist in any investigation, hearing or proceeding under this part 5, at any time, including during the period in which the person receives family and medical leave insurance benefits under this part 5; inform any person about any employer's alleged violation of this part 5; and inform any person of his or her rights under this part 5.

(5) It is unlawful for an employer to count paid family and medical leave taken under this part 5 as an absence that may lead to or result in discipline, discharge, demotion, suspension or any other adverse action.

(6) (a) An aggrieved individual under this section may bring a civil action in a court of competent jurisdiction.

(b) An employer who violates this section is subject to the damages and equitable relief available under 29 U.S.C. section 2617 (a)(1).

(c) Except as provided in section 8-13.3-509 (6)(d), a claim brought in accordance with this section must be filed within two years after the date of the last event constituting the alleged violation for which the action is brought.

(d) In the case of such action brought for a willful violation of this section, such action may be brought within 3 years of the date of the last event constituting the alleged violation for which such action is brought.

(7) The director, by rule, shall establish a fine structure for employers who violate this section, with a maximum fine of \$500 per violation. The director shall transfer any fines collected pursuant to this section to the state treasurer for deposit in the fund. The director, by rule, shall establish a process for the determination, Assessment, and appeal of fines under this subsection.

(8) This section does not apply to an employee of a local government that has elected coverage pursuant to section 8-13.3-514.

8-13.3-510. Coordination of benefits. (1) (a) Leave taken with wage replacement under this part 5 that also qualifies as leave under the "Family and Medical Leave Act," as amended, Pub. L. 103-3, codified at 29 U.S.C. sec. 2601 et. seq., or part 2 of article 13.3 of title 8 runs concurrently with leave taken under the "Family and Medical Leave Act" or part 2 of article 13.3 of title 8, as applicable.

(b) An employer may require that payment made or paid family and medical leave taken under this part 5 be made or taken concurrently or otherwise coordinated with payment made or leave allowed under the terms of a disability policy, including a disability policy contained within an employment contract, or a separate bank of time off solely for the purpose of paid family and medical leave under this part 5, as applicable. The employer shall give its employees written notice of this requirement.

(c) Notwithstanding section 8-13.3-510 (1)(b), under no circumstances shall an employee be required to use or exhaust any accrued vacation leave, sick leave, or other paid time

off prior to or while receiving family and medical leave insurance benefits under this part 5. However, an employee and an employer may mutually agree that the employee may use any accrued vacation leave, sick leave, or other paid time off while receiving family and medical leave insurance benefits under this part 5, unless the aggregate amount a covered individual would receive would exceed the covered individual's average weekly wage. Nothing in this subsection requires an employee to receive or use, or an employer to provide, additional paid time off as described in this subsection.

(2) (a) This part 5 does not diminish:

(I) The rights, privileges, or remedies of an employee under a collective bargaining agreement, employer policy, or employment contract;

(II) An employer's obligation to comply with a collective bargaining agreement, employer policy, or employment contract, as applicable, that provides greater leave than provided under this part 5; or

(III) Any law that provides greater leave than provided under this part 5.

(b) After December 31, 2020, an employer policy adopted or retained shall not diminish an employee's right to benefits under this part 5. Any agreement by an employee to waive the employee's rights under this part 5 is void as against public policy.

(3) The director shall determine by rule the interaction of benefits or coordination of leave when a covered individual is concurrently eligible for paid family and medical leave and benefits under this part 5 with:

(a) Leave pursuant to section 24-34-402.7; or

(b) Workers' compensation benefits under article 42 of title 8.

8-13.3-511. Notice. The division shall develop a program notice that details the program requirements, benefits, claims process, payroll deduction requirements, the right to job protection and benefits continuation under section 8-13.3-509, protection against retaliatory personnel actions or other discrimination, and other pertinent program information. Each employer shall post the program notice in a prominent location in the workplace and notify its employees of the program, in writing, upon hiring and upon learning of an employee experiencing an event that triggers eligibility pursuant to section 8-13.3-504. The division shall provide the information required by this section in a manner that is culturally competent and linguistically appropriate.

8-13.3-512. Appeals. (1) The director shall establish a system for administrative review and determination of claims, and appeal of such determinations, including denial of family and medical leave insurance benefits. In establishing such system, the director may utilize any and all procedures and appeals mechanisms established under sections 8-4-111.5 (5), 8-74-102, and 8-74-103.

(2) Judicial review of any decision with respect to family and medical leave insurance benefits under this section is permitted in a court of competent jurisdiction after a covered individual aggrieved thereby has exhausted all administrative remedies established by the director. If a covered individual files a civil action in a court of competent jurisdiction to enforce a judgment made under this section, any filing fee under article 32 of title 13 shall be waived.

8-13.3-513. Erroneous payments and disqualification for benefits. (1) A covered individual is disqualified from family and medical leave insurance benefits for one year if the individual is determined by the director to have willfully made a false statement or misrepresentation regarding a material fact, or willfully failed to report a material fact, to obtain benefits under this part 5.

(2) If family and medical leave insurance benefits are paid erroneously or as a result of willful misrepresentation, or if a claim for family and medical leave insurance benefits is rejected after benefits are paid, the division may seek repayment of benefits from the recipient. The director shall exercise his or her discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

8-13.3-514. Elective coverage. (1) An employee of a local government that has declined participation in the program pursuant to section 8-13.3-522 or a self-employed person, including an independent contractor, sole proprietor, partner or joint venturer, may elect coverage under this part 5 for an initial period of not less than three years. The self-employed person or employee of a local government must file a notice of election in writing with the director, as required by the division. The election becomes effective on the date of filing the notice. As a condition of election, the self-employed person or employee of a local government must agree to supply any information concerning income that the division deems necessary.

(2) A self-employed person or an employee of a local government who has elected coverage may withdraw from coverage within 30 days after the end of the three-year period of

coverage, or at such other times as the director may prescribe by rule, by filing written notice with the director, such withdrawal to take effect not sooner than 30 days after filing the notice.

8-13.3-515. Reimbursement of advance payments. (1) Except as provided in section 8-13.3-515 (2), if an employer has made advance payments to an employee that are equal to or greater than the amount required under this part 5, during any period of paid family and medical leave for which such employee is entitled to the benefits provided by this part 5, the employer is entitled to be reimbursed by the fund out of any benefits due or to become due for the existing paid family and medical leave, if the claim for reimbursement is filed with the fund prior to the fund's payment of the benefits to the employee.

(2) If an employer that provides family and medical leave insurance benefits through a private plan approved pursuant to section 8-13.3-521 makes advance payments to an employee that are equal to or greater than the amount required under this part 5, during any period of paid family and medical leave for which such employee is entitled to the benefits provided by this part 5, the entity that issued the private plan shall reimburse the employer out of any benefits due or to become due for the existing paid family and medical leave, if the claim for reimbursement is filed with the entity that issued the private plan prior to the private plan's payment of the benefits under the private plan to the employee.

(3) The director, by rule, shall establish a process for reimbursements under this section.

8-13.3-516. Family and medical leave insurance program. (1) By January 1, 2023, the division shall establish and administer a family and medical leave insurance program and begin collecting premiums as specified in this part 5. By January 1, 2024, the division shall start receiving claims from and paying family and medical leave insurance benefits to covered individuals.

(2) The division shall establish reasonable procedures and forms for filing claims for benefits under this part 5 and shall specify what supporting documentation is necessary to support a claim for benefits, including any documentation required from a health-care provider for proof of a serious health condition and any documentation required by the division with regards to a claim for safe leave.

(3) The division shall notify the employer within five business days of a claim being filed pursuant to this part 5.

(4) The division shall use information sharing and integration technology to facilitate the disclosure of relevant information or records so long as an individual consents to the disclosure as required under state law.

(5) Information contained in the files and records pertaining to an individual under this part 5 are confidential and not open to public inspection, other than to public employees in the performance of their official duties. However, the individual or an authorized representative of an individual may review the records or receive specific information from the records upon the presentation of the individual's signed authorization.

(6) The director shall adopt rules as necessary or as specified in this part 5 to implement and administer this part 5. The director shall adopt rules including, but not limited to:

(a) Confidentiality of information related to claims filed or appeals taken;

(b) Guidance on the factors used to determine whether an individual is a covered individual's family member;

(c) The form and manner of filing claims for benefits and providing related documentation pursuant to section 8-13.3-516 (2); and

(d) The form and manner of submitting an application with a claim for benefits to the division or to the entity that issued a private plan approved pursuant to section 8-13.3-521.

(a) The internal revenue service has determined that benefits are subject to federal income tax; and

(b) Requirements exist pertaining to estimated tax payments.

(2) Benefits received pursuant to this part 5 are not subject to state income tax.

(3) The director, in consultation with the department of revenue, shall issue rules regarding tax treatment and related procedures regarding family and medical leave insurance benefits, as well as the sharing of necessary information between the division and the department of revenue.

8-13.3-518. Family and medical leave insurance fund - establishment and investment - repeal. (1) There is hereby created in the state treasury the family and medical leave insurance fund. The fund consists of premiums paid pursuant to section 8-13.3-507, revenues from revenue bonds issued in accordance with section 8-13.3-508 (2)(d), and money transferred pursuant to subsection (4) of this section. Money in the fund may be used only to pay revenue bonds; to repay the general fund loan provided in subsection (3) of this section; to reimburse employers who pay family and medical leave insurance benefits directly to employees in accordance with section 8-13.3-515 (1); and to pay benefits under, and to administer, the program pursuant to this part 5, including technology costs to administer the program and outreach services developed under section 8-13.3-520. Interest earned on the investment of money in the fund remains in the fund. Any money remaining in the fund at the end of a fiscal year remains in the fund and does not revert to the general fund or any other fund. State money in the fund is continuously appropriated to the division for the purpose of this section. The general assembly shall not appropriate money from the fund for the general expenses of the state.

(2) The division may seek, accept, and expend gifts, grants, and donations, including program-related investments and community reinvestment funds, to finance the costs of establishing and implementing the program.

(3) (a) On June 14, 2021, or as soon as possible thereafter, the state treasurer shall transfer one million five hundred thousand dollars from the general fund to the fund for the purpose of defraying expenses incurred by the division before it receives premium revenue or revenue bond proceeds. Notwithstanding any other law, the division may accept and expend any money so transferred, and, notwithstanding any state fiscal rule or generally accepted accounting principle that could otherwise be interpreted to require a contrary conclusion, such a transfer is a loan from the state treasurer to the division that is required to be repaid and is not a grant for purposes of section 20 (2)(d) of article X of the state constitution or as defined in section 24-77-102 (7). Loan liabilities that are recorded in the fund but are not required to be paid in the current fiscal year shall not be considered when calculating sufficient statutory fund balance for purposes of section 24-75-109.

(b) No later than December 31, 2023, the division shall repay the loan of one million five hundred thousand dollars received pursuant to subsection (3)(a) of this section and accumulated interest from the fund. Interest accrues on the money borrowed at a rate equivalent to the rate per annum on the most recently issued ten-year United States treasury note, rounded to the nearest one-tenth of one percent, as reported by the "Wall Street Journal", as of the date the transfer required by subsection (3)(a) of this section is made. Interest accrues at the rate specified in this subsection (3)(b) beginning on that date, until the date on which the money is repaid.

(c) This subsection (3) is repealed, effective December 1, 2024.

(4) (a) On May 17, 2022, or as soon as possible thereafter, and notwithstanding section 24-75-227 (3)(c), the state treasurer shall transfer fifty-seven million dollars from the revenue loss restoration cash fund to the fund. The money is an advance payment of premiums for state employee coverage that the state is required to pay under the family and medical leave insurance program established in section 8-13.3-516 and is not a grant for purposes of section 20 (2)(d) of article X of the state constitution or as defined in section 24-77-102 (7). Liabilities that are recorded in the fund but are not required to be paid in the current fiscal year shall not be considered when calculating sufficient statutory fund balance for purposes of section 24-75-109.

(b) (I) On or before December 31, 2022, the division shall determine the manner in which the state will receive a credit for the advance payment of premiums it has paid pursuant to subsection (4)(a) of this section for premiums it is required to pay under the family and medical leave insurance program established in section 8-13.3-516. The credit shall be calculated by multiplying the credit balance on the state's employer account or accounts as of June 30, 2022, and as of June 30 of each year thereafter, by a rate equivalent to the rate per annum on the most recently issued ten-year United States treasury note, rounded to the nearest one-tenth of one percent, as reported by the "Wall Street Journal", as of the date of the transfer required by subsection (4)(a) of this section. The state shall receive credit, calculated in this manner, until the amount of premiums the state is required to pay exceeds fifty-seven million dollars plus the amount of interest accrued as set forth in this subsection (4)(b)(I). On or before December 31, 2022, the division shall submit a report to the executive director of the department of personnel, the director of the office of state planning and budgeting, and the joint budget committee setting forth the manner in which it determines to credit the state pursuant to this subsection (4)(b)(I).

(II) On July 1, 2023, and on July 1 of each year thereafter, the executive director of the department of labor and employment shall submit a report of the amount of remaining credit the state can receive for premiums it is required to pay to the executive director of the department of personnel, the state treasurer, the director of the office of state planning and budgeting, and the joint budget committee.

(c) The advance payment of premiums by the state pursuant to this subsection (4) shall not constitute or become an indebtedness, a debt, or a liability of the state. The state shall not be liable on such advance payment, nor shall the advance payment constitute the giving, pledging, or loaning of the full faith and credit of the state. Advance payments shall be exempt from the state's fiscal rules.

(d) (I) Notwithstanding any provision of this section to the contrary, the division shall cease to credit the money transferred to the fund from the revenue loss restoration cash fund pursuant to subsection (4)(a) of this section as an advance payment of premiums for state employee coverage that the state is required to pay under the family and medical leave insurance program at the end of state fiscal year 2023-24.

(II) Notwithstanding any provision of this section to the contrary, on the date on which the fund balance meets or exceeds one hundred million dollars, or as soon as possible thereafter, the state treasurer shall transfer thirty-five million dollars from the fund back to the revenue loss restoration cash fund created in section 24-75-227 (2)(a) as repayment of the unexpended amount of the advance payment of premiums for state employee coverage made by the state pursuant to subsection (4)(a) of this section.

(III) Notwithstanding any provision of this section to the contrary, on or as soon as possible after the date the state controller publishes the comprehensive annual financial report of the state for state fiscal year 2023-24, the state treasurer shall transfer any remaining amount of the fifty-seven million dollars transferred to the fund from the revenue loss restoration cash fund pursuant to subsection (4)(a) of this section, in addition to the thirty-five million dollars to be transferred pursuant to subsection (4)(d)(II) of this section, back to the revenue loss restoration cash fund as repayment of the unexpended amount of the advance payment of premiums for state employee coverage made by the state pursuant to subsection (4)(a) of this section.

8-13.3-521. Substitution of private plans. (1) Employers may apply to the division for approval to meet their obligations under this part 5 through a private plan. In order to be approved, a private plan must confer all of the same rights, protections and benefits provided to employees under this part 5, including, but not limited to:

(a) Allowing family and medical leave insurance benefits to be taken for all purposes specified in section 8-13.3-504 (2);

(b) Providing family and medical leave insurance benefits to a covered individual for any of the purposes, including multiple purposes in the aggregate, as set forth in section 8-13.3-504 (2), for the maximum number of weeks required in section 8-13.3-505 (1) in a benefit year;

(h) Allowing a covered individual to take intermittent leave as authorized by section 8-13.3-505 (3);

(i) Imposing no additional conditions or restrictions on family and medical leave insurance benefits, or paid family and medical leave taken in connection therewith, beyond those explicitly authorized by this part 5 or regulations issued pursuant to this part 5;

(j) Allowing any employee covered under the private plan who is eligible for family and medical leave insurance benefits under this part 5 to receive benefits and take paid family and medical leave under the private plan; and

(k) Providing that the cost to employees covered by a private plan shall not be greater than the cost charged to employees under the state plan under section 8-13.3-507.

(2) In order to be approved as meeting an employer's obligations under this part 5, a private plan must also comply with the following provisions:

(a) If the private plan is in the form of self-insurance, the employer must furnish a bond to the state, with some surety company authorized to transact business in the state, in the form, amount, and manner required by the division;

(b) The plan must provide for all eligible employees throughout their period of employment; and

(c) If the plan is in the form of a third party that provides for insurance, the forms of the policy must be issued by an insurer approved by the state.

(3) The division shall withdraw approval for a private plan granted under section 8-13.3-521 (1) when terms or conditions of the plan have been violated. Causes for plan termination shall include, but not be limited to, the following:

(a) Failure to pay benefits;

(4) An employee covered by a private plan approved under this section shall retain all applicable rights under section 8-13.3-509.

(5) A contested determination or denial of family and medical leave insurance benefits by a private plan is subject to appeal before the division and any court of competent jurisdiction as provided by section 8-13.3-512.

(6) The director, by rule, shall establish a fine structure for employers and entities offering private plans that violate this section, with a maximum fine of \$500 per violation. The director shall transfer any fines collected pursuant to this subsection to the state treasurer for deposit into the fund. The director, by rule, shall establish a process for the determination, assessment, and appeal of fines under this subsection.

(7) The director shall annually determine the total amount expended by the division for costs arising out of the administration of private plans. Each entity offering a private plan pursuant to this section shall reimburse the division for the costs arising out of the private plans in the amount, form, and manner determined by the director by rule. The director shall transfer payments received pursuant to this section to the state treasury for deposit in the fund.

(e) In addition to individual health benefits, providing opportunities for breastfeeding results in substantial benefits to employers, including reduced health-care costs, reduced employee absenteeism for care attributable to infant illness, improved employee productivity, higher morale and greater loyalty, improved ability to attract and retain valuable employees, and a family-friendly image in the community;

(f) Nursing is a basic, normal, and important act of nurturing that should be encouraged in the interests of maternal and infant health.

(2) The general assembly further declares that the purpose of this part 1 is for the state of Colorado to become involved in the national movement to recognize the medical importance of breastfeeding, within the scope of complete pediatric care, and to encourage removal of boundaries placed on nursing mothers in the workplace.

8-13.5-202. Agricultural workers - right of access to key service providers - rules. (1)

(a) An employer shall not interfere with an agricultural worker's reasonable access to visitors at the agricultural worker's employer-provided housing during any time when the agricultural worker is present at such housing.

(b) An employer shall not interfere with an agricultural worker's reasonable access to key service providers at any location during any time in which the agricultural worker is not performing compensable work or during paid or unpaid rest and meal breaks, and with respect to health-care providers during any time, whether or not the agricultural worker is working.

(c) To ensure that agricultural workers have meaningful access to services, the director of the division shall promulgate rules regarding additional times during which an employer may not interfere with an agricultural worker's reasonable access to key service providers, including periods during which the agricultural worker is performing compensable work, especially during periods when the agricultural worker is required to work in excess of forty hours per week and may have difficulty accessing such services outside of work hours. The rules must be proposed on or before October 31, 2021, and adopted on or before January 31, 2022.

(d) An employer may require visitors accessing a work site to follow protocols designed to manage biohazards and other risks of contamination, to promote food safety, and to reduce the risk of injuries to or from livestock on farms and ranches except on the open range, if the same protocols are generally applied to any other third parties who may have occasion to enter the work site.

(e) An agricultural employer that provides housing and transportation for agricultural workers shall, at least one day per week, provide transportation to the agricultural workers to a location where the workers can access basic necessities, conduct financial transactions, and meet with key service providers; except that transportation must be provided not less than one day every three weeks for range workers who are actively engaged in the production of livestock on the open range. This subsection (1)(e) does not limit or restrict an agricultural worker's ability to travel using the agricultural worker's own means of transportation. Nothing in this subsection (1)(e) requires an employer to violate a state or federal law or regulation.

(f) If an agricultural worker has access to the worker's own vehicle and is permitted to park the vehicle on the employer's property, the employer is not required to provide transportation as set forth in subsection (1)(e) of this section.

(2) No person other than the agricultural worker may prohibit, bar, or interfere with, or attempt to prohibit, bar, or interfere with, the access to or egress from the residence of any agricultural worker by any person, either by the erection or maintenance of any physical barrier, by physical force or violence or by the threat of physical force or violence, or by any order or notice given in any manner.

8-13.5-203. Extreme overwork protections - heat stress training - short-handled hoe prohibited - rules. (1) The director of the division shall promulgate rules that require agricultural employers to protect agricultural workers from heat-related stress illnesses and injuries when the outside temperatures reach eighty degrees or higher, with discretion to adjust requirements based on environmental factors, exposure time, acclimatization, and metabolic demands of the job as set forth in the federal department of health and human services centers for disease control and prevention national institute for occupational safety and health 2016 revised publication: Criteria for a Recommended Standard, Occupational Exposure to Heat and Hot Environments. The rules must be proposed on or before October 31, 2021, and adopted on or before January 31, 2022.

(2) (a) Using a short-handled hoe is prohibited in agricultural employment for weeding and thinning in a stooped, kneeling, or squatting position.

(b) The performance of weeding and thinning by hand or with a short-handled tool, other than a short-handled hoe, in a stooped, kneeling, or squatting position is strongly disfavored unless there is no suitable long-handled tool or other alternative means of performing the work that is suitable and appropriate to both the production of the agricultural or horticultural commodity and the scale of the operation. Nothing in this subsection (2) is construed to allow the use of the short-handled hoe.

(c) Beginning January 1, 2022, this subsection (2) does not prohibit:

(I) Occasional or intermittent hand weeding or hand thinning in a stooped, kneeling, or squatting position that is incidental to a non-hand-weeding operation;

(II) Hand thinning of high density plants spaced less than two inches apart when planted;

(III) Hand weeding or thinning of any agricultural or horticultural commodity grown in fields or greenhouses for which the employer maintains a current certification from the Colorado department of agriculture or an authorized certifying body as meeting the standards of the United States department of agriculture's national organic program;

(IV) Hand weeding, thinning, or tending any agricultural or horticultural commodities when they are seedlings;

(V) Hand weeding, thinning, or tending agricultural or horticultural commodities grown in tubs or planter containers with an opening that does not exceed fifteen inches in width;

(VI) Seeding, planting, transplanting, or harvesting by hand or with a hand tool; or

(VII) Hand weeding, thinning, or tending the soil-exposed area immediately surrounding agricultural or horticultural commodities grown using polyethylene film or plastic mulch. This exemption does not permit the hand weeding of the spaces between rows of plants grown using polyethylene film or plastic mulch.

(d) The commissioner of the department of agriculture shall promulgate rules regarding allowances for and limitations to hand weeding and hand thinning for agricultural employers actively engaged in the transition to certified organic agriculture for a period of no more than three years while ensuring that agricultural workers are not at risk of acute, chronic, or debilitating injuries. The rules must be proposed on or before October 31, 2021, and adopted on or before January 31, 2022.

(e) On or before January 31, 2022, the commissioner of the department of agriculture shall promulgate rules that establish a procedure for agricultural employers to seek a certificate

of variance from the Colorado department of agriculture that allows for more than occasional or intermittent hand weeding of agricultural or horticultural products if the agricultural employer establishes that:

(I) The hand weeding does not involve prolonged and unnecessary stooping, kneeling, or squatting, and does not create a risk of acute, chronic, or debilitating injuries for agricultural workers;

(II) There is no suitable long-handled tool or other alternative means of performing the work that is suitable and appropriate to both the production of the agricultural or horticultural commodity and the scale of the operation; and

(III) The hand weeding cannot be performed pursuant to an existing exemption pursuant to this subsection (2).

(3) An agricultural employer shall provide agricultural workers engaged in hand weeding and hand thinning an additional five-minute rest period, which, insofar as is practicable, must be in the middle of each work period. The authorized rest period must be based on the total hours worked daily at the rate of fifteen minutes net rest time per four hours of work, or a major fraction thereof. The agricultural employer shall count the authorized rest period as hours worked and not deduct the rest period from the agricultural worker's wages.

(4) An agricultural employer shall provide gloves and knee pads, as necessary, to each agricultural worker engaging in hand weeding, hand thinning, or hand hot-capping.

(5) If any provision of this section or its application to any person or circumstance is held invalid or unconstitutional, such provision or application does not affect other provisions or applications of this section that can be given effect without the invalid or unconstitutional provision or application, and the provisions of this section are severable.

(a) Commence an action in district court against an agricultural employer for a violation of this part 2; or

(b) Assert a claim with the division pursuant to rules adopted by the director of the division against an agricultural employer. The director may investigate and order all remedies available in district court or may decline to investigate and thus authorize the complainant to file suit in district court. A decision by the director to decline to investigate must be made within ninety days after the claim is filed as established by rule of the director. The statute of limitations is tolled for the purpose of filing a claim in district court from the date that the claim is asserted until ninety days after the director declines to investigate the claim.

(2) (a) A court may:

(I) Order injunctive relief to enjoin the continuance of the violation of this part 2;

(II) Award the plaintiff actual damages or ten thousand dollars, whichever is greater; and

(III) Award the plaintiff attorney fees.

(b) Any amounts recovered by a whistleblower or key service provider pursuant to this section must be distributed to agricultural workers affected by the violation who can be located, insofar as such disbursement is economically feasible.

(3) An aggrieved agricultural worker or whistleblower is entitled to all rights, remedies, and penalties afforded under section 8-2-206.

(3) (a) The advisory committee shall gather and analyze data and other information regarding the wages and working conditions of agricultural workers and report its findings and any legislative recommendations to the general assembly.

(b) To the extent possible, the executive director of the department shall ensure that the advisory committee has the opportunity to meet with appropriate representatives from the department of labor and employment, the department of public health and environment, the department of agriculture, and the governor's office for purposes of conducting its work pursuant to subsection (3)(a) of this section.

(c) Notwithstanding section 24-1-136 (11)(a)(I), on or before January 1, 2023, and each January 1 thereafter, the advisory committee shall report its progress, findings, and legislative recommendations to the agriculture, livestock, and water committee and the business affairs and labor committee of the house of representatives, or their successor committees, and the agriculture and natural resources committee and the business, labor, and technology committee of the senate, or their successor committees.

8-14-102. Scaffolding - complaints - duty of building inspector. (1) Whenever complaint is made to the building inspector of any town or city wherein work is being done that the scaffolding or the slings, hangers, blocks, pulleys, stays, braces, ladders, or ropes of any swinging or stationary scaffolding used in the construction, alteration, repairing, painting, cleaning, or pointing of buildings within the limits of such city are unsafe or liable to prove dangerous to the life or limb of any person, the building inspector shall immediately cause an inspection to be made of the scaffolding or the slings, hangers, blocks, pulleys, stays, braces, ladders, irons, or other parts connected therewith. If, after examination, the scaffolding or any of the parts are found to be dangerous to life or limb, the building inspector shall prohibit the use thereof and require the same to be altered and reconstructed to avoid such danger. The building inspector making the examination shall attach a certificate to the scaffolding or the slings, hangers, irons, ropes, or other parts thereof examined by him stating that he has made an examination and that he has found it safe or unsafe, as the case may be. If he declares it unsafe, he shall notify the person responsible for its erection of the fact at once, in writing, and warn him against the use thereof. Such notice may be served personally upon the person responsible for its erection or by affixing it conspicuously to the scaffolding or the part thereof declared to be unsafe. (2) Where double floors are not to be used, the contractor shall keep the floor planked over not less than two stories below the story where the work is being performed. If a building in course of construction is five stories or more in height, no lumber or timber needed for such construction shall be hoisted or lifted on the outside of the building.

Environmental response surcharge - liquefied petroleum gas and natural gas inspection fund - perfluoroalkyl and polyfluoroalkyl substances cash fund - hazardous materials infrastructure cash fund - fuels impact reduction grant program - definitions. (1) (a) Every first purchaser of odorized liquefied petroleum gas, every manufacturer of fuel products who manufactures such products for sale within Colorado or who ships such products from any point outside of Colorado to a distributor within Colorado, and every distributor who ships such products from any point outside of Colorado to a point within Colorado shall pay to the executive director of the department of revenue, each calendar month, either twenty-five dollars per tank truckload of fuel products delivered during the previous calendar month for sale or use in Colorado or the fee for odorized liquefied petroleum gas and natural gas as specified in paragraph (d) of this subsection (1), whichever is applicable. Such payment shall be made on forms prescribed and furnished by the executive director. The provisions of this section shall not apply to fuel that is especially prepared and sold for use in aircraft or railroad equipment or locomotives.

(b) In the event the available fund balance in the petroleum storage tank fund is greater than twelve million dollars, no surcharge shall be imposed, but if the available fund balance in the fund is less than:

(I) Twelve million dollars, the fee imposed by paragraph (a) of this subsection (1) shall be fifty dollars per tank truckload;

(II) Six million dollars, the fee imposed shall be seventy-five dollars per tank truckload;

(III) Three million dollars, the fee imposed shall be one hundred dollars per tank truckload.

(c) Notwithstanding subsection (1)(b) of this section, on and after September 1, 2033, if the available fund balance in the petroleum storage tank fund is greater than eight million dollars, no surcharge shall be imposed, but if the available fund balance in the fund is less than eight million dollars, the fee imposed by subsection (1)(a) of this section is twenty-five dollars per tank truckload.

(d) Notwithstanding paragraph (b) of this subsection (1), the executive director of the department of revenue shall have the authority to determine and adjust a fee for odorized liquefied petroleum gas and natural gas, not to exceed ten dollars per tank truckload for liquefied petroleum gas and liquefied natural gas and per every eight thousand gallon equivalents for compressed natural gas.

(e) (I) There is hereby created the liquefied petroleum gas and natural gas inspection fund within the state treasury. Neither this section nor section 8-20.5-103 shall be construed to make the liquefied petroleum gas and natural gas inspection fund an enterprise fund. Such fund shall consist of:

(A) Liquefied petroleum gas and natural gas inspection moneys collected pursuant to this article;

(B) Civil penalties collected as a result of court actions pursuant to section 8-20-104;

(D) Any moneys granted to the department from a federal agency or trade association for administration of the department's liquefied petroleum gas and natural gas inspection program.

(II) The executive director of the department of revenue shall adjust the fees collected pursuant to this article so that the balance of unexpended and unencumbered moneys in the liquefied petroleum gas and natural gas inspection fund does not exceed the amount necessary to accumulate and maintain in the liquefied petroleum gas and natural gas inspection fund a reserve sufficient to defray administrative expenses of the division of oil and public safety for a period of two months.

(III) The moneys in the fund shall be subject to annual appropriation by the general assembly. Moneys in the fund shall only be used for costs related to:

(A) Initial and subsequent inspections of liquefied petroleum gas and natural gas installations;

(B) Proving, including calibrating and adjusting, liquefied petroleum gas and natural gas meters and dispensers;

8-20-213. Recycled or used motor oil - legislative declaration - definitions - sale. (1)

The general assembly hereby finds and declares that the used oil generated by this state each year is a valuable resource that can be reused as an environmentally acceptable re-refined product. The general assembly further finds that the disposal of automotive engine oil and other lubricants is very costly, creates environmental and health hazards, and depletes the state's and the nation's dwindling supply of petroleum. It is the intent of the general assembly to reduce the amount of used oil that is improperly disposed of and to increase the amount that is reused as a re-refined product.

(2) As used in this section, unless the context otherwise requires:

(a) "API service classification" means one of the two letter classification performance ratings for engine oils, including re-refined oils, as determined by the American petroleum institute.

8-20-232.5. Method of sales of motor fuels - gallon equivalents - conversion factors.

(1) In addition to any other allowed unit of measurement, motor fuels may be sold by gallon equivalents pursuant to the requirements of this section.

(2) (a) Any dispenser used for the sale of motor fuel in gallon equivalents shall display gallon equivalents as the primary display information provided. Such dispenser shall indicate the number of gallon equivalents and fractions of gallon equivalents sold, the total sales price of the motor fuel dispensed, and the sales price per gallon equivalent of motor fuel sold. Information concerning the sale of motor fuels by gallon equivalents may be provided at the point of sale in literature, signs, or other advertisements. Street sign advertisements regarding the sale of motor fuels by gallon equivalents may abbreviate the term "gallon gasoline equivalent" as "gallon G.E." and the term "gallon diesel equivalent" as "gallon D.E."

(b) In addition to the information required by paragraph (a) of this subsection (2), the face of a dispenser that is used for the sale of motor fuel in gallon equivalents shall prominently display the conversion factor that is being used by the seller to determine the number of gallon equivalents sold based upon the type and amount of actual measured units of motor fuel that is dispensed. The information displayed on such a dispenser shall include, but is not limited to, the following statements concerning the conversion factor:

(I) "One gallon diesel equivalent of (type of motor fuel) is equivalent to (amount of actual units of measurement) of (type of motor fuel)."

(II) "One gallon diesel equivalent of (type of motor fuel) contains an average lower heating value of 128,000 BTUs of energy, but in no case contains a lower heating value of less than 124,000 BTUs of energy."

(III) "One gallon gasoline equivalent of (type of motor fuel) is equivalent to (amount of actual units of measurement) of (type of motor fuel)."

(IV) "One gallon gasoline equivalent of (type of motor fuel) contains an average lower heating value of 114,000 BTUs of energy, but in no case contains a lower heating value of less than 110,000 BTUs of energy."

(3) Any seller using gallon equivalents for motor fuel sales shall calculate the conversion factor used by the seller to convert the actual units by which a motor fuel is measured at the dispenser to gallon equivalent units based on the inferred energy content of such motor fuel as measured by one of the following methods:

(a) For conversions to gallon diesel equivalents:

(I) If the motor fuel is actually measured at the dispenser as a volume, the gallon diesel equivalent measurement shall be calculated by determining the number of measured volumetric units required to provide an average lower heating value of one hundred twenty-eight thousand BTUs (British thermal units), but in no case a lower heating value of less than one hundred twenty-four thousand BTUs.

(II) If the motor fuel is actually measured at the dispenser as a mass, the gallon diesel equivalent measurement shall be calculated by determining the number of measured mass units required to provide an average lower heating value of one hundred twenty-eight thousand BTUs (British thermal units), but in no case a lower heating value of less than one hundred twenty-four thousand BTUs.

(b) For conversions to gallon gasoline equivalents:

(I) If the motor fuel is actually measured at the dispenser as a volume, the gallon gasoline equivalent measurement shall be calculated by determining the number of measured volumetric units required to provide an average lower heating value of one hundred fourteen thousand BTUs (British thermal units), but in no case a lower heating value of less than one hundred ten thousand BTUs.

(II) If the motor fuel is actually measured at the dispenser as a mass, the gallon gasoline equivalent measurement shall be calculated by determining the number of measured mass units required to provide an average lower heating value of one hundred fourteen thousand BTUs (British thermal units), but in no case a lower heating value of less than one hundred ten thousand BTUs.

(4) The actual unit of measurement for a motor fuel sold in terms of gallon equivalents shall be calibrated by the seller with appropriate precision to ensure conformance with any required dispensing accuracies.

(5) Repealed.

8-20-234. Temperature compensator permanent. Whenever a temperature compensating meter is used to determine the amount of liquid fuels or liquefied petroleum gas offered for sale in the liquid state, such compensating meter shall be installed permanently on all meters within a geographical location owned by a user in Colorado and used exclusively for at least a period of one year and the temperature compensating devices shall not be disconnected,

deactivated, or removed at any time except for repairs or for tests by the director of the division of oil and public safety. If a temperature compensating device is disconnected, deactivated, or removed for reasons other than repair, it shall not be reactivated for a period of one year from the date of removal. Notification of such removal or installation shall be in accordance with the provisions of section 8-20-408 (2).

8-20-235. Measuring gasoline and special fuel for sale to distributors. Notwithstanding any other provision of this part 2, the method of determining gallonage of gasoline or special fuel sold to distributors, as defined in section 39-27-101 (7), C.R.S., shall be on a gross or net gallons basis at the option of the distributor. Such election shall be for a twelve-month period.

Upon application of the manufacturer, packer, seller, or distributor, and the payment of a fee not to exceed twenty-five dollars for each sample of antifreeze submitted, the director of the division of oil and public safety shall inspect the antifreeze submitted as set forth in this subsection (1), but in no case shall an approved antifreeze be inspected more than one time for each antifreeze marketing year beginning May 1 and ending April 30, except as set forth in this section.

(2) If the antifreeze is not adulterated or misbranded, meets the standards of the director of the division of oil and public safety, and is not in violation of this part 8, the director of the division of oil and public safety shall give the applicant a written permit authorizing the sale by any person of such antifreeze in this state for the marketing year for which the inspection fee is paid. If the director of the division of oil and public safety at a later date finds that the product to be sold, exposed for sale, or held with intent to sell has been materially altered or adulterated, or that a change has been made in the name, brand, or trademark under which the antifreeze is sold, or that it violates the provisions of this part 8, the director of the division of oil and public safety shall notify the applicant and the permit shall be canceled.

(3) In the event a manufacturer, packer, seller, or distributor changes the composition, content, or formula of any antifreeze which the manufacturer, packer, seller, or distributor is marketing under a permit from the director of the division of oil and public safety, it is the duty of said manufacturer, packer, seller, or distributor to immediately notify the director of the division of oil and public safety and submit a sample for test in compliance with this section.

The director of the division of oil and public safety shall promulgate rules to implement this subsection (3.5).

(b) As used in this subsection (3.5), "significant operational compliance" means that an owner or operator of an underground or aboveground storage tank is in full compliance with all of the requirements of this article and, through one or more best management practices that are not otherwise required, has prevented or reduced the threat of a release to the environment.

(3.7) The director of the division of oil and public safety may annually transfer up to five hundred thousand dollars from the petroleum storage tank fund to the petroleum cleanup and redevelopment fund.

(4) Appropriations of moneys out of the fund for the purpose of initial abatement response or for corrective action purposes in the cleanup of releases shall be used only for those stated purposes and shall not be used for any administrative costs incurred by the department. (III) Can demonstrate that the owner or operator has complied with sections 8-20.5-209 and 8-20.5-304 and any other rules, policies, and procedures of the department concerning corrective action.

(b) Underground and aboveground storage tank owners and operators who have been denied access to the fund prior to July 1, 2005, based upon a determination that the tanks are on fee lands, are eligible to reapply for reimbursement from the fund if the application is filed prior to December 31, 2005, and is not barred by settlement or other agreement.

(c) Nothing in this subsection (7) shall be construed to modify the department's authority to regulate operation of or corrective action for underground and aboveground storage tanks on fee lands.

(7.5) In addition to the sources identified in subsection (1) of this section, the petroleum storage tank fund includes the amount transferred from the petroleum cleanup and redevelopment fund in accordance with subsection (9)(e)(II) of this section. (b) (I) The department may use revenues in the redevelopment fund for administration, investigation, abatement action, and preparing and implementing corrective action plans for petroleum releases not covered by the petroleum storage tank fund if, in the opinion of the director of the division of oil and public safety, such actions would enhance environmental protection and beneficial use of the property affected by the releases. The revenues in the redevelopment fund:

(A) Remain in the fund and shall neither be credited nor transferred to the general fund at the end of any fiscal year;

(B) Are exempt from section 24-75-402, C.R.S.; and

8-20.5-104. Rules - petroleum storage tank committee. (1) (a) There is created the petroleum storage tank committee, which consists of seven members who have technical expertise and knowledge in fields related to corrective actions taken to mitigate underground and aboveground storage tank releases.

(b) The committee consists of:

(I) The following permanent members:

(A) The director of the division of oil and public safety or the director's designee;

(B) The executive director of the department or the executive director's designee; and

(C) An owner or operator; and

(II) Four members appointed by the governor who shall be chosen from among the following groups, with no more than one member representing each group:

(A) Fire protection districts;

(B) Elected local governmental officials;

(C) Companies that refine and retail motor fuels in Colorado;

(D) Companies that wholesale motor fuels in Colorado;

(E) Owners and operators of independent retail outlets;

(F) Companies that conduct corrective actions or install and repair underground and aboveground storage tanks; and

(G) Private citizens or interest groups.

(c) The department shall provide staff to support the activities of the committee.

(2) Members of the committee shall serve three-year terms. All vacancies shall be filled by the governor to serve the remainder of the unexpired term.

(3) Members of the committee shall receive no additional salary or per diem reimbursement for their services as members of the committee, but shall be allowed travel and parking costs and maintenance expenses while on official committee business conducted more than one hundred miles from their respective residences.

(4) The committee shall be required to meet no more than twice in any month. The committee shall recommend all regulatory actions proposed by the committee to the director of the division of oil and public safety for adoption or ratification. The committee shall conduct the following activities in accordance with section 24-4-105, C.R.S., as its routine business:

(a) Establish procedures, practices, and policies governing the committee's activities;

(b) Review standards and regulations governing underground and aboveground storage tanks;

(c) Establish procedures, practices, and policies governing the form and procedures for applications to the petroleum storage tank fund for reimbursement compensation;

(d) (I) Establish procedures, practices, and policies governing any and all aspects of processing, adjusting, defending, or paying claims against the fund. To encourage tank owners

and operators to report and remediate contamination and achieve compliance with rules promulgated by the director of the division of oil and public safety, the committee may approve claims involving tanks not operated in substantial compliance, but may also determine the amount, if any, by which such claims may be reduced for noncompliance. Before imposing any reduction for noncompliance the committee shall determine whether the rules issued by the director of the division of oil and public safety are both substantially and procedurally no more stringent than United States environmental protection agency regulations under 42 U.S.C. sec. 6991 and whether the areas of noncompliance were brought into compliance prior to application to the fund, where possible. The committee shall use the following guidelines when imposing a reduction for noncompliance:

- (A) Up to a ten percent reduction for failure to register a tank;
- (B) Up to a twenty-five percent reduction for improper release detection;
- (C) Up to a ten percent reduction for improper release reporting;
- (D) Up to a twenty percent reduction for improper out-of-service and closure.

(II) Nothing in this article shall be construed to require the committee to approve a claim involving substantial noncompliance. The committee shall establish specific criteria to define when denial for substantial noncompliance may be imposed.

(e) Establish priorities governing the types of corrective actions which shall be reimbursed from the fund;

(f) Review corrective action plans submitted pursuant to section 8-20.5-209, for which no agreement has been reached through informal conferences between the department and the owner or operator, and make a recommendation to the department, upon request from the department or the owner or the operator, as to the corrective action that is acceptable;

(g) Issue public notices and hold public hearings to obtain comment on the activities described in this subsection (4);

(h) (I) (A) Pay interest to all persons who file a properly and fully completed claim for reimbursement and are not reimbursed in a timely manner. For purposes of this paragraph (h), interest shall accrue on the amount approved for payment by the committee at the rate determined pursuant to section 39-21-110.5, C.R.S., for each day a properly and fully completed application is not processed in a timely manner.

(B) Notwithstanding this paragraph (h), if a claimant cannot be reimbursed in a timely manner because insufficient moneys in the petroleum storage tank fund prevent the issuance of a reimbursement check within thirty days after approval of the disbursement, interest shall not begin to accrue on the claim until thirty-one days after sufficient moneys are available in said fund.

(II) For purposes of this paragraph (h), "timely manner" means:

(A) That an application filed with the petroleum storage tank fund on or after January 1, 1996, shall be submitted for review by the committee within ninety working days of receipt;

(B) That an application filed with the petroleum storage tank fund on or after July 1, 1995, but before January 1, 1996, shall be submitted for review by the committee within one hundred twenty working days of receipt;

(C) That an application filed with the petroleum storage tank fund before July 1, 1995, shall be submitted for review by the committee no later than December 31, 1995;

(D) That reimbursement checks shall be issued within thirty days after disbursement is approved by the committee.

(5) The committee may, in order to perform any or all of its responsibilities and functions under subsection (4) of this section, contract for the use of outside experts, consultants, or services.

(6) Reductions determined by the committee because of noncompliance shall be cumulative and shall apply to all eligible costs approved by the committee in the initial and all supplemental claims for the occurrence as defined in section 8-20.5-206 (2); except that in no instance shall cumulative reductions for noncompliance apply to claims submitted in accordance with section 8-20.5-206 (3) or 8-20.5-303 (3).

(7) The reductions described in subsections (4)(d) and (6) of this section pertain to this section only and shall not be construed to have any impact on cost-recovery actions taken in accordance with section 8-20.5-209 or any civil or criminal penalties imposed as part of an enforcement proceeding.

(8) At its first meeting of each fiscal year, on or about July 1, the committee shall establish and set aside for reimbursements to those individuals who are eligible to make application to the fund in accordance with section 8-20.5-206 (3) or 8-20.5-303 (3), an amount equal to twenty percent of the total budget of the department from the petroleum storage tank fund, which amount shall be used for the purpose of conducting remediation activities in accordance with sections 8-20.5-206 (3), 8-20.5-209, and 8-20.5-303 (3) and shall protect the integrity of the fund as a financial assurance mechanism for tank owners and operators. The committee shall reexamine on a quarterly basis the unencumbered balance of this allocation and may set aside lesser or additional amounts for reimbursements to such applicants based on the relative number of requested reimbursements from the owners and operators of active sites, with preference given to the remediation of recently contaminated locations and to active tank sites based on their higher potential for environmental impact.

(9) The petroleum storage tank committee is a **type 1** entity as defined in section 24-1-105, and exercises its powers and performs its duties and functions specified by this section under the department of labor and employment and the executive director.

(1) Any records, reports, and information obtained from any person under the provisions of this article shall be available to the public; except that any records granted confidentiality by the director of the division of oil and public safety or a designee, or granted confidentiality under existing Colorado statutes or rules, shall remain confidential.

(2) Any person making such confidential records available to any person or organization without authorization from the affected operator or owner commits a petty offense and shall be punished pursuant to section 18-1.3-503.

8-20.5-106. Injunctions. In addition to the remedies provided in this article, the director of the division of oil and public safety is authorized to apply to the district court, in the judicial district where the violation has occurred, for a temporary or permanent injunction restraining any person from violating any provision of this article, regardless of whether there is an adequate remedy at law.

8-20.5-107. Enforcement orders - civil penalties. (1) A notice of violation may be issued by the director of the division of oil and public safety to any person who is believed to have violated any provision of this article, any rule promulgated pursuant thereto, or any warrant issued pursuant to section 8-20.5-208. The notice of violation shall be served personally or by certified mail, return receipt requested, upon the alleged violator.

(2) The notice of violation shall set forth the facts which allegedly constitute the violation and the provisions which have allegedly been violated of either this article or any

regulation promulgated pursuant thereto. The notice of violation may require the alleged violator to take any actions necessary to correct the alleged violation.

(3) Within ten working days after service of the notice of violation, the alleged violator may file a written request with the director of the division of oil and public safety for an informal conference regarding the notice of violation. If the alleged violator fails to timely request an informal conference, all provisions of the notice of violation shall become final and not subject to further administrative review. The director of the division of oil and public safety may then seek judicial enforcement of the notice of violation.

(4) Upon receipt of the written request, the director of the division of oil and public safety shall provide the alleged violator with a written notice of the date, time, and place of the informal conference. The director of the division of oil and public safety or a designee shall preside at the informal conference, during which the alleged violator and the entity that issued the notice of violation may present information and arguments regarding the allegations and requirements of the notice of violation.

(5) Within twenty working days after the informal conference, the director of the division of oil and public safety shall uphold, modify, or strike the allegations of the notice of violation and may issue an enforcement order. The decision shall be served upon the alleged violator personally or by certified mail, return receipt requested. Such notice of violation or enforcement order may be appealed within twenty working days to the executive director of the department. The executive director may either conduct the hearing personally or appoint an administrative law judge from the office of administrative courts in the department of personnel to conduct the hearing. The executive director may review such decision in accordance with the provisions of section 24-4-105, C.R.S., and final agency action shall be determined in accordance with the provisions of said section. Such final agency action shall be subject to judicial review in accordance with section 24-4-106, C.R.S.

(6) The enforcement order may require the alleged violator to pay a civil penalty not to exceed five thousand dollars per tank for each day of violation.

(7) The director of the division of oil and public safety may file suit in the district court for the judicial district in which violations have occurred to obtain judicial enforcement of the provisions of any enforcement order. The petroleum storage tank fund may be subrogated to the rights of an owner or operator with respect to a claimed amount at the time a claim is filed with the fund.

8-20.5-108. Petroleum storage tank administration - transfer to department of labor and employment - legislative declaration. (1) (a) The general assembly hereby finds, determines, and declares that there is a significant backlog in the processing of claims being made against the petroleum storage tank fund. Claims for reimbursement for cleaning up petroleum contamination are not acted upon in a timely manner, which places the storage tank owner in financial jeopardy. Lenders are reluctant to write loans on contaminated property,

causing the next phase of remediation to be delayed and allowing contamination to spread, threatening the environment and unnecessarily escalating future cleanup expenses.

(b) The general assembly further finds, determines, and declares that it is in the best interest of this state to transfer petroleum storage tank administrative functions performed by the department of public health and environment to the department of labor and employment, and thereby consolidate the administration and regulation of petroleum storage tanks in this state under one department, which will minimize the cost of such functions and centralize management.

(2) (a) The administrative functions of the petroleum storage tank fund, including claims processing, corrective action plan review and approval, and any other responsibilities for petroleum storage tank programs performed by the department of public health and environment prior to July 1, 1995, are transferred to the department of labor and employment. All employees of the department of public health and environment, excluding any contract labor, who perform the functions transferred pursuant to this subsection (2) and whose employment in the department of labor and employment is deemed necessary by the executive director of the said department are transferred to the department of labor and employment and shall become employees thereof.

(b) Such employees shall retain all rights to the state personnel system and retirement benefits under the laws of this state, and their services shall be deemed to have been continuous. All transfers and any abolishment of positions in the state personnel system shall be made and processed in accordance with state personnel system laws and rules.

(c) On July 1, 1995, all items of property, real and personal, including office furniture and fixtures, books, documents, and records of the department of public health and environment pertaining to the duties and functions transferred to the department of labor and employment pursuant to this subsection (2) are transferred to the department of labor and employment and shall become the property of such department.

UNDERGROUND STORAGE TANKS

Law reviews: For article, "Colorado New Underground Storage Tank Law", see 19 Colo. Law. 233 (1990); for article, "Availability of the Colorado UST Fund to Property Owners and Mortgagees", see 23 Colo. Law. 873 (1994).

8-20.5-201. Legislative declaration. The general assembly hereby finds and declares that the leakage of regulated substances from underground storage tanks constitutes a potential threat to the waters and the environment of the state of Colorado and presents a potential menace to the public health, safety, and welfare of the people of the state of Colorado and that, to that

end, it is the purpose of this part 2 to establish a program for the protection of the environment and of the public health and safety by preventing and mitigating the contamination of the subsurface soil, groundwater, and surface water which may result from leaking underground storage tanks.

Such rules shall be promulgated with the purpose of developing a uniform statewide standard of issuing permits for underground storage tanks to promote the use of renewable fuels so that the process of obtaining a permit for an underground storage tank that contains renewable fuels may be more efficient and affordable.

(2) The director of the division of oil and public safety shall ensure that:

- (a) All releases from underground storage tank systems are promptly assessed and that further releases are stopped;
- (b) Actions are taken to identify, contain, and mitigate any immediate fire and safety hazards that are posed by a release;
- (c) All releases from underground storage tank systems are investigated to determine if there are impacts of reportable quantities on subsurface soil, groundwater, and any nearby surface water;
- (d) All releases above reportable quantities are reported to the director of the division of oil and public safety.

(3) The director of the division of oil and public safety shall, if necessary, negotiate and enter into memoranda of agreement with and apply for and receive grants from the United States environmental protection agency pursuant to the provisions of this article.

(4) The director of the division of oil and public safety shall establish criteria pursuant to subsection (1) of this section for delegation of authority to local agencies.

(1) Plans for any installation of a new underground storage tank and plans for the complete upgrading of an existing underground storage tank shall be submitted by the owner or operator of the proposed or existing underground storage tank to the director of the division of oil and public safety for approval prior to such installation or upgrading.

(2) Plans for the installation of a new underground storage tank or for the complete upgrading of an existing underground storage tank shall be in compliance with the rules promulgated pursuant to section 8-20.5-202 (1). The director of the division of oil and public safety or a designee shall approve or reject proposed plans and amendments thereto within twenty working days after submittal of the plan. If no action is taken by the director of the division of oil and public safety or a designee within twenty working days after submittal, the plans shall be deemed approved.

(3) In an emergency situation the director of the division of oil and public safety shall respond to plans within twenty-four hours.

(4) The director of the division of oil and public safety or a designee shall make an on-site inspection of every new installation and every upgrading of an existing underground storage tank prior to the operational start-up of such tank to ensure that all of the standards established in this part 2 have been met. The director of the division of oil and public safety or a designee shall complete the on-site inspection within ten calendar days prior to the anticipated

This section does not apply to requirements established pursuant to the uniform fire code or the national fire protection association codes, nor does it apply to requirements established pursuant to local zoning regulations.

(2) The limitation in subsection (1) of this section shall not apply to any municipality, city, home rule city, city and county, county, or other political subdivision of the state which has received an exemption from the committee created in section 8-20.5-104. (1) (a) Moneys in the petroleum storage tank fund, created pursuant to section 8-20.5-103, and referred to in this section as the "fund", may be used by certain owners and operators of petroleum storage tanks to demonstrate their compliance with the financial responsibility requirements in federal regulations. Owners and operators not eligible for access to the fund shall be solely responsible for securing independent financial assistance, but may use any federally approved financial assurance mechanism identified in 40 CFR 280.94 through 280.103 to help fund the cost of complying with such requirements.

(b) (I) After payment is made from the fund for remediation expenses, the owner or operator on whose behalf the payment was made shall pay to the fund the remediation amount or ten thousand dollars, whichever is less.

(II) The payment required pursuant to subparagraph (I) of this paragraph (b) shall be waived if:

(A) The owner or operator discovers the contamination while upgrading tanks to meet the December 22, 1998, deadline for corrosion protection, spill and overfill prevention, or monthly monitoring;

(B) The upgrade is completed no later than December 22, 1997; and

(C) The annual throughput of petroleum products at the site does not exceed six hundred thousand gallons during the year preceding the discovery of contamination.

(c) After payment is made from the fund for personal injury or property damage settlement expenses, or a combination of both, the owner or operator on whose behalf the payment was made shall pay to the fund the aggregate settlement payment amount or twenty-five thousand dollars, whichever is less.

(d) Moneys in the fund shall not be used for any remediation activity at a location that is within a site identified by the national priorities list, or where a response action by this state has begun pursuant to the federal "Comprehensive Environmental Response, Compensation, and Liability Act of 1980".

(e) If an owner or operator cannot meet the financial requirements of paragraphs (b) and (c) of this subsection (1), another approved financial assurance mechanism must be identified for such owner or operator to remain in compliance with this section and to be allowed to continue operation of an underground petroleum storage tank.

(f) The director of the division of oil and public safety, in consultation with the petroleum storage tank committee established pursuant to section 8-20.5-104, may establish rules that allow the payment required by subsection (1)(b)(I) of this section to be based on a percentage that is less than one hundred percent of the remediation amount.

(2) The maximum amount of liability of the fund under this section shall be three million dollars aggregate during a state fiscal year for multiple occurrences involving tanks that are the responsibility of an individual owner or operator, but in no event shall the liability of the fund exceed two million dollars per occurrence. For purposes of this section, an "occurrence" means the period of time from identification through remediation of a leak, spill, or release of a petroleum product from an underground storage tank. In the event the cost of remediation or third-party claims exceeds the amount available to pay such costs, such costs and claims shall be paid on a pro rata basis as determined by the committee created in section 8-20.5-104. Any balance owed shall be paid as moneys become available in the fund. Any excess costs that are not paid by the fund or by the federal leaking underground storage tank trust fund shall be paid by and are the sole responsibility of the responsible owner or operator.

(3) Moneys in the fund shall be available to pay required cleanup costs and third-party liability payments with no deductibles for the following applicants who are deemed to bear no responsibility for the release:

(a) A current or former property owner who has never owned, operated, leased, or managed petroleum underground storage tanks at the property where the release occurred, provided such property was acquired on or before June 3, 1992, and in the case of a preexisting

release, the property owner had no reason to know that a release had occurred prior to acquiring the property;

(b) When an orphan or abandoned petroleum underground storage tank is involved and the applicant is a current or former owner, operator, or property owner who has never operated the tank or tanks and had no reason to know that a release had occurred prior to acquiring the property;

(c) A current owner or operator of petroleum underground storage tanks if at the time the owner or operator acquired such tanks such owner or operator had no reason to know that a release had already occurred, if such owner or operator has operated the tanks in accordance with sections 8-20.5-202 and 8-20.5-302, and if the release was detected on or before December 22, 1998;

(d) Any mortgagee or holder of an evidence of debt secured by a deed of trust who, through foreclosure of the mortgage or deed of trust or through receipt of a deed to the property in lieu of foreclosure, acquires property on which an underground storage tank is located, and such mortgage or deed of trust is dated on or before January 1, 1993;

(e) (I) (A) Any mortgagee or holder of an evidence of debt secured by a deed of trust who, through foreclosure of the mortgage or deed of trust or through receipt of a deed to the property in lieu of foreclosure, acquires property on which an underground storage tank is located, and such mortgage or deed of trust is dated after January 1, 1993, and the mortgagee or holder of an evidence of debt secured by a deed of trust has obtained a certificate of eligibility regarding the property in accordance with the rules of the director of the division of oil and public safety; or

(B) Any mortgagee or holder of an evidence of debt as described in sub-subparagraph (A) of this subparagraph (I), who sells the property on which an underground storage tank is located in lieu of remediating such property and transfers the certificate of eligibility to the purchaser. Such purchaser may receive fund moneys pursuant to this subsection (3).

(II) The director of the division of oil and public safety shall promulgate rules necessary to implement this program.

(4) In lieu of seeking reimbursement directly from the fund, an owner, operator, or current property owner who bears no responsibility for the release, under the provisions of subsection (3) of this section, may request that the department perform the cleanup using funds from the petroleum storage tank fund without further proving eligibility for such use. In addition to any purpose provided for in section 8-20.5-103, moneys in the petroleum storage tank fund may be appropriated by the general assembly to the department for the purpose of providing for the cleanup authorized in this section.

(5) Whenever appropriate, to pay costs that exceed the maximum allowed to be paid from the fund under this section, the state shall seek funding from the federal leaking underground storage tank trust fund.

(6) Underground storage tanks containing petroleum or other regulated substances that are owned or operated by, or are on property owned or leased by, an Indian tribe or the federal government, or an agency or subcontractor performing services on behalf of the federal government shall be subject to federal financial responsibility regulations. Any financial responsibility requirements for damages caused by such tanks are not the responsibility of the fund unless the tanks are owned or operated by a person, other than the federal government or such agency or subcontractor, and located on property that is leased from or otherwise occupied

pursuant to a permit or other agreement with the United States or any agency thereof other than the department of defense or the department of energy.

(7) Nothing in this article shall create any liability for the state of Colorado that exceeds the amount available in the fund.

(8) Subject to subsection (6) of this section, owners and operators of underground storage tanks that are on fee lands may use the fund to demonstrate compliance with the financial responsibility requirements in federal regulations if the owners and operators have registered such tanks pursuant to section 8-20.5-102.

8-20.5-207. Financial responsibility for regulated substances other than petroleum. Owners and operators of underground storage tanks containing regulated substances other than petroleum may demonstrate financial responsibility for taking corrective action and for compensating third parties for bodily injury and property damages by using any one or more of the mechanisms allowable under 40 CFR 280.95, 280.96, 280.97, 280.98, 280.99, 280.102, and 280.103. 8-20.5-208. Reporting of releases - investigation. (1) If a release is detected or suspected, the owner or operator shall immediately take all actions necessary to mitigate or stop the release and shall mitigate fire and safety hazards.

(2) Upon detection of any release of reportable quantities of a regulated substance from an underground storage tank, the owner or operator shall report such release to the director of the division of oil and public safety within twenty-four hours of its detection. However, the local fire authority shall be notified immediately if such release exceeds reportable quantities. If the director of the division of oil and public safety determines that the release of such reportable quantity will affect subsurface soils, groundwater, or surface water, the department may require the owner or operator to take corrective action in accordance with section 8-20.5-209.

(3) If the director of the division of oil and public safety or a designee finds that a release has occurred, and the owner or the operator cannot be identified, or is unwilling to mitigate or

stop the release or mitigate fire and safety hazards, the director of the division of oil and public safety or a designee may initiate free product removal and whatever other actions are necessary to mitigate fire and safety hazards.

(4) For the purpose of enforcing this section, if a release poses an imminent and substantial threat to human health and the environment, the director of the division of oil and public safety or a designee is authorized to take such action as is necessary under the circumstances, including but not limited to:

(a) Entering any property, premises, or place where an underground storage tank is located;

(b) Monitoring or testing or requiring the owner or the operator to monitor or test any underground storage tank or any surrounding soils, groundwater, or surface water. A duplicate sample taken for testing shall be provided to any person, at such person's request, who the director of the division of oil and public safety or a designee reasonably believes may be responsible for the release. A duplicate copy of the analytical report pertaining to the samples taken pursuant to this paragraph (b) shall be provided as soon as practicable to any person who the director of the division of oil and public safety or a designee reasonably believes may be responsible for the release. When such tests are performed, the director of the division of oil and public safety shall notify, when possible, any person reasonably believed to be an owner or operator.

(c) Entering any site or premises in which records relevant to the operation of an underground storage tank are maintained and to inspect and copy such records.

(5) If such entry or inspection is denied or not consented to, the director of the division of oil and public safety or a designee shall obtain, from the district or county court for the judicial district or county in which such property, premises, or place is located, a warrant to enter and inspect any such property, premises, or place prior to entry and inspection. The district and county courts of the state of Colorado are authorized to issue such warrants upon proper showing of the need for such entry and inspection.

(6) If requested by the director of the division of oil and public safety or a designee, the owner or the operator of an underground storage tank shall provide any information in such owner's or operator's possession regarding the tank.

8-20.5-209. Regulated substances releases - corrective actions. (1) If a release has occurred at a site where the owner or the operator cannot be identified, after the director of the division of oil and public safety or a designee has mitigated fire and safety hazards in accordance with section 8-20.5-208 and determined that a release exceeds reportable quantities, the director of the division of oil and public safety may initiate corrective action to mitigate any threat to subsurface soil, groundwater, or surface water and develop a plan for cleanup in accordance with subsection (3) of this section and shall recover costs pursuant to section 8-20.5-103.

(2) If the release has occurred at a site where the owner or the operator can be identified, and after fire and safety hazards have been mitigated in accordance with section 8-20.5-208 and the director of the division of oil and public safety has determined that the release exceeds reportable quantities, then the owner or the operator shall provide the director of the division of oil and public safety with a corrective action plan to clean up subsurface soil, groundwater, and surface water as a result of the release. In addition to the corrective action plan, the owner or operator shall prepare a summary of the costs associated with the preferred corrective action, taking into account economic and technological feasibility, in accordance with the rules promulgated pursuant to section 8-20.5-104 (4)(d) and shall submit the summary to the committee created in said section. The director of the division of oil and public safety shall review and approve or disapprove the plan and, if the plan is disapproved, shall provide the owner or the operator with a statement specifying the deficiencies in the plan. The owner or the operator shall submit a revised plan within twenty working days after receipt of the statement, and the owner or the operator shall be given an opportunity to take necessary and appropriate actions to clean up subsurface soils, groundwater, and surface water. If the owner or the operator is unable or unwilling to take such necessary and appropriate actions, the director of the division of oil and public safety may conduct corrective action to the extent appropriate to protect subsurface soils, groundwater, or surface water as a result of that release. Such action shall be taken after consideration of the risks posed to the public health and shall be determined in light of current economic and technological feasibility.

(3) After the director of the division of oil and public safety mitigates the threat to subsurface soils, groundwater, and surface water as specified in subsections (1) and (2) of this section, and the owner or the operator of the tank from which petroleum has been released is identified, the owner or the operator shall pay the required costs pursuant to the financial responsibility requirements set forth in sections 8-20.5-206, 8-20.5-207, and 8-20.5-303, incurred in the investigation of the release and mitigation of threats to subsurface soils, groundwater, and surface water. The director of the division of oil and public safety may file suit in the district court for the judicial district in which the release occurred to recover such costs. The moneys obtained as a result of any suit brought pursuant to this section shall be credited to the petroleum storage tank fund created in section 8-20.5-103.

(4) The director of the division of oil and public safety may order the owner or the operator of an underground storage tank from which a regulated substance has been released to implement a corrective action plan approved under subsection (2) of this section. Such order shall be served personally or by certified mail, return receipt requested, upon the owner or the operator.

(5) If the director of the division of oil and public safety disapproves or fails to approve the plan within thirty days after the plan's submission, the director shall immediately provide a statement of findings of fact outlining the reasons for such disapproval or failure to approve, including the reasons the proposed plan fails to meet the criteria outlined in this section. The statement shall be provided by formal notice or by certified mail to the owner or the operator within ten days after the director's decision.

(6) The director of the division of oil and public safety may waive the requirement for such a plan if the director determines that reasonable steps have been taken to prevent further releases and that any previously released regulated substance has been cleaned up to the extent appropriate to protect subsurface soils, groundwater, or surface water as a result of that release at

that specific location. Such action shall be taken after consideration of the risks posed to the public health and shall be determined in light of current economic and technological feasibility.

(7) Within ten days after notification of disapproval of the plan, the owner or the operator may file a written request with the director of the division of oil and public safety for an informal conference regarding the disapproval. Upon receipt of such a request, the director shall provide the owner or the operator with a written notice of the date, time, and place of the informal conference. The executive director of the department or a designee shall preside at the informal conference, during which the owner or the operator and the director or the director's designee may present information and arguments regarding the issues raised in the statement of findings of fact.

(8) Within twenty days after the conference, the owner or operator may resubmit a modified plan which addresses the deficiencies identified by the department in the original plan. The department shall review the modifications to the plan and, within twenty days, approve or disapprove the resubmitted plan. If, after the conference, the owner, the operator, or the department determines that the issues identified in the statement of findings of fact cannot be reasonably resolved, the owner, the operator, or the department may request that the committee, created in section 8-20.5-104, schedule and hold a hearing within thirty days to resolve the issues identified in the statement of findings of fact.

(9) At any time after the receipt of the statement of findings of fact, the owner, the operator, or the department may request, in writing, a formal hearing before the committee created in section 8-20.5-104. Upon such request, the committee shall meet and review the initial plan and statement of findings of fact.

(10) The committee shall recommend such plan if any current release has been mitigated and if any regulated substance which has been released has been or will be cleaned up to the extent appropriate to protect subsurface soils, groundwater, or surface water as a result of the release at that specific location. The department shall give serious consideration to the recommendation of the committee. Such action shall be taken after consideration of the risks posed to the public and shall be determined in light of current economic and technological feasibility. If the committee finds that a current release has not been mitigated or that any regulated substance which has been released will not be cleaned up to the extent appropriate, the committee shall issue a statement of findings of fact and recommendations to the department for revisions to the plan. Such revisions, if approved by the department, shall be incorporated into the plan by the department, and the revised plan shall then be approved as provided in subsection (2) of this section.

(11) Within thirty days following mitigation and cleanup, the department shall notify the owner or the operator, in writing, that the owner or the operator has complied with the requirements for mitigation and cleanup as outlined in this section.

(12) For the purpose of implementing the provisions of this section, the department or its designee is authorized for justifiable cause:

(a) To enter the property, premises, or place where a release or suspected release from an underground storage tank is located;

(b) To monitor or test or require the owner or the operator to monitor or test an underground storage tank or any surrounding soils, groundwater, or surface water where a suspected release from an underground storage tank has occurred. A duplicate sample taken for testing shall be provided to any owner or operator who the department reasonably believes may

be responsible for the violation upon request of such person. A duplicate copy of the analytical report pertaining to the samples taken pursuant to this paragraph (b) shall be provided as soon as practicable to any person the department or its designee reasonably believes may be responsible for the violation. When such tests are performed, the department shall notify, when possible, any person reasonably believed to be an owner or operator.

(13) If such entry or inspection is denied, the department shall obtain, from the district or county court for the judicial district or county in which such property, premises, or place is located, a warrant to enter and inspect any such property, premises, or place prior to entry and inspection. The district and county courts of the state of Colorado are authorized to issue such warrants upon proper showing of the need for such entry and inspection.

(14) If requested by the department or its designee, the owner or operator of an underground storage tank shall provide any information in such owner's or operator's possession regarding the tank.

(15) The department may consider water quality standards adopted by the water quality control commission as guidelines for cleanup but must assure that cleanup requirements are appropriate, in light of economic and technical feasibility and after consideration of the risks to public health, to protect subsurface soils, groundwater, or surface water as a result of a release at a specific location.

(16) The department shall, if necessary, negotiate and enter into memoranda of agreement with and apply for and receive grants from the United States environmental protection agency pursuant to the provisions of this article.

PART 3

ABOVEGROUND STORAGE TANKS

8-20.5-301. Legislative declaration. The general assembly hereby finds and declares that the rising expense of operating and maintaining aboveground storage tanks, including but not limited to the cost of liability insurance, has resulted in the discontinuance of business by several small gasoline service station operators and imposes an increasing hardship on those service stations still in operation. The general assembly further finds that the viability of aboveground storage tanks is being recognized and that rules and regulations for aboveground storage tanks have been promulgated and endorsed by the western fire chiefs association's uniform fire code committee and the national fire protection association's automotive and service station code committee. The general assembly further finds that aboveground storage tanks for fuel products are feasible and economical and should be permitted under certain narrowly drawn circumstances.

8-20.5-302. Duties of director of division of oil and public safety - rules. (1) The director of the division of oil and public safety shall make, promulgate, and enforce rules for aboveground storage tanks installed before July 1, 1993, which rules shall be no more stringent than the rules in place on the date of installation, except as mandated by federal spill prevention, control, and countermeasures regulations promulgated by the United States environmental protection agency.

(2) The director of the division of oil and public safety shall make, promulgate, and enforce rules concerning the design, construction, installation, and operation of aboveground storage tanks permitted to be used and installed on or after July 1, 1993, which rules shall be no more stringent, either substantially or procedurally, than the requirements contained in the current edition of the national fire code published by the national fire protection association, as revised by the association from time to time, and in spill prevention control and countermeasures regulations promulgated by the United States environmental protection agency.

(3) Within one hundred twenty days after January 1, 2008, the director of the division of oil and public safety shall promulgate, and the division shall enforce, rules concerning the placement of aboveground storage tanks that contain renewable fuels. Such rules shall be promulgated with the purpose of developing a uniform statewide standard of issuing permits for aboveground storage tanks to promote the use of renewable fuels so that the process of obtaining a permit for an aboveground storage tank that contains renewable fuels may be more efficient and affordable.

8-20.5-303. Financial responsibility for aboveground storage tanks - rules. (1) (a) Moneys in the petroleum storage tank fund, created pursuant to section 8-20.5-103 and referred to in this section as the "fund", may be used by certain owners and operators of aboveground storage tanks. Any owner or operator of an aboveground storage tank with a capacity of at least six hundred sixty gallons and less than forty thousand gallons shall be eligible to participate in the fund.

(b) After payment is made from the fund for remediation expenses, the owner or operator on whose behalf the payment was made shall pay to the fund the remediation amount or ten thousand dollars, whichever is less.

(c) After payment is made from the fund for personal injury or property damage after a court judgment or a settlement agreed to by the attorney general's office, or a combination of both, the owner or operator on whose behalf the payment was made shall pay to the fund the aggregate settlement payment amount or twenty-five thousand dollars, whichever is less.

(d) Moneys in the fund shall not be used for any remediation activity at a location that is within a site identified by the national priorities list, or where a response action by this state has begun pursuant to the federal "Comprehensive Environmental Response, Compensation, and Liability Act of 1980".

(e) If an owner or operator cannot meet the financial requirements of this subsection (1), another approved financial assurance mechanism shall be identified for such owner or operator to remain in substantial compliance with this section and to be allowed to continue operation of an aboveground storage tank.

(f) The director of the division of oil and public safety, in consultation with the petroleum storage tank committee established pursuant to section 8-20.5-104, may establish rules that allow the payment of remediation expenses for certain owners and operators of aboveground storage tanks from the petroleum storage tank fund to be based on a percentage that is less than one hundred percent of the remediation amount.

(2) The maximum amount of liability of the fund under this section shall be three million dollars aggregate during a fiscal year for multiple occurrences involving tanks that are the responsibility of an individual owner or operator, but in no event shall the liability of the fund exceed two million dollars per occurrence. For purposes of this section, an "occurrence" means the period of time from identification through remediation of a leak, spill, or release of a petroleum product from an aboveground storage tank. In the event the cost of remediation or third-party claims exceeds the amount available to pay such costs, such costs and claims shall be paid on a pro rata basis as determined by the committee created in section 8-20.5-104. Any balance owed shall be paid as moneys become available in the fund. Any excess costs that are not paid by the fund shall be paid by and are the sole responsibility of the responsible owner or operator.

(3) Moneys in the fund shall be available to pay required cleanup costs and third-party liability payments with no deductibles for the following applicants who are deemed to bear no responsibility for the release:

(a) A current or former property owner who has never owned, operated, leased, or managed aboveground storage tanks at the property where the release occurred, provided such property was acquired on or before June 3, 1992, and in the case of a preexisting release, the property owner had no reason to know that a release had occurred prior to acquiring the property;

(b) When an orphan or abandoned aboveground storage tank is involved and the applicant is a current or former owner, operator, or property owner who has never operated the tank or tanks and had no reason to know that a release had occurred prior to acquiring the property;

(c) A current owner or operator of aboveground storage tanks if, at the time the owner or operator acquired such tanks, such owner or operator had no reason to know that a release had already occurred, if such owner or operator has operated the tanks in accordance with sections 8-20.5-202 and 8-20.5-302;

(d) Any mortgagee or holder of an evidence of debt secured by a deed of trust who, through foreclosure of the mortgage or deed of trust or through receipt of a deed to the property in lieu of foreclosure, acquires property on which an aboveground storage tank is located, and such mortgage or deed of trust is dated on or before January 1, 1993; or

(e) (I) Any mortgagee or holder of an evidence of debt secured by a deed of trust who, through foreclosure of the mortgage or deed of trust or through receipt of a deed to the property in lieu of foreclosure, acquires property on which an aboveground storage tank is located, and such mortgage or deed of trust is dated after January 1, 1993, and the mortgagee or holder of an evidence of debt secured by a deed of trust has obtained a certificate of eligibility regarding the

property in accordance with the rules of the director of the division of oil and public safety. The director of the division of oil and public safety shall promulgate rules necessary to implement this program.

(II) Any mortgagee or holder of an evidence of debt as described in subparagraph (I) of this paragraph (e) who sells the property on which an aboveground storage tank is located in lieu of remediating such property and transfers the certificate of eligibility to the purchaser. Such purchaser may receive funds pursuant to this subsection (3).

(4) In lieu of seeking reimbursement directly from the fund, an owner, operator, or current property owner who bears no responsibility for the release as set forth in subsection (3) of this section may request that the department perform the cleanup using moneys from the petroleum storage tank fund without further proving eligibility for such use. In addition to any purpose provided for in section 8-20.5-103, moneys in the petroleum storage tank fund may be appropriated by the general assembly to the department for the purpose of providing for the cleanup authorized in this section.

(5) An owner or operator of an aboveground storage tank or a person deemed to bear no responsibility for the release pursuant to subsection (3) of this section shall be eligible to participate in the fund if eligibility requirements established by the petroleum storage tank committee, created pursuant to section 8-20.5-104, are met.

(6) Aboveground storage tanks containing petroleum or other regulated substances that are owned or operated by, or are on property owned or leased by, an Indian tribe or the federal government or an agency or subcontractor performing services on behalf of the federal government shall be subject to federal financial responsibility regulations. Any financial responsibility requirements for damages caused by such tanks are not the responsibility of the fund unless such tanks are owned or operated by a person, other than the federal government or such agency or subcontractor, and located on property that is leased from or otherwise occupied pursuant to a permit or other agreement with the United States or any agency thereof other than the department of defense or the department of energy.

(7) Nothing in this article shall create any liability for the state of Colorado that exceeds the amount available in the fund.

(8) Subject to subsection (6) of this section, owners and operators of aboveground storage tanks that are on fee lands may use the fund to demonstrate compliance with the financial responsibility requirements in federal regulations if the owners and operators have registered such tanks pursuant to section 8-20.5-102.

8-20.5-304. Regulated substances releases - corrective actions. (1) If a release has occurred at a site where the owner or operator cannot be identified, after the director of the division of oil and public safety or a designee has mitigated fire and safety hazards in accordance with section 8-20.5-208 and determined that a release exceeds reportable quantities, the director of the division of oil and public safety may initiate corrective action to mitigate any threat to subsurface soil, groundwater, or surface water and develop a plan for cleanup in accordance with subsection (3) of this section and shall recover costs pursuant to section 8-20.5-103.

(2) If a release has occurred at a site where the owner or operator can be identified, and after fire and safety hazards have been mitigated in accordance with section 8-20.5-208 and the director of the division of oil and public safety has determined that the release exceeds reportable quantities, then the owner or operator shall provide the director of the division of oil and public safety with a corrective action plan to clean up subsurface soil, groundwater, and surface water as a result of the release. In addition to the corrective action plan, the owner or operator shall prepare a summary of the costs associated with the preferred corrective action, taking into account economic and technological feasibility, in accordance with the rules promulgated pursuant to section 8-20.5-104 (4)(d) and shall submit the summary to the committee created in said section. The director of the division of oil and public safety shall review and approve or disapprove the plan and, if the plan is disapproved, the director shall provide the owner or operator with a statement specifying the deficiencies in the plan. Within twenty working days after receiving such statements, the owner or operator shall submit a revised plan and shall be given an opportunity to take necessary and appropriate actions to clean up subsurface soils, groundwater, and surface water. If the owner or operator is unable or unwilling to take such necessary and appropriate actions, the director of the division of oil and public safety may conduct corrective action to the extent appropriate to protect subsurface soils, groundwater, or surface water as a result of that release. Such action shall be taken after consideration of the risks posed to the public health and shall be determined in light of current economic and technological feasibility.

(3) After the director of the division of oil and public safety mitigates the threat to subsurface soils, groundwater, and surface water as specified in subsections (1) and (2) of this section, and the owner or operator of the tank from which petroleum has been released is identified, the owner or operator shall pay the required costs of investigation and mitigation pursuant to the financial responsibility requirements set forth in sections 8-20.5-206, 8-20.5-207, and 8-20.5-303. The director of the division of oil and public safety may file suit in the district court for the judicial district in which the release occurred to recover such costs. The moneys obtained as a result of any suit brought pursuant to this section shall be credited to the petroleum storage tank fund created in section 8-20.5-103.

(4) The director of the division of oil and public safety may order the owner or operator of an aboveground storage tank from which a regulated substance has been released to implement a corrective action plan approved under subsection (2) of this section. Such order shall be served personally or by certified mail, return receipt requested, upon the owner or operator.

(5) (a) If the director of the division of oil and public safety disapproves or fails to approve the plan within thirty days following its submission, the director shall immediately provide a statement of findings of fact outlining the reasons for such disapproval or failure to approve, including the reasons the proposed plan fails to meet the criteria outlined in this section.

The statement shall be provided by formal notice or by certified mail to the owner or operator within ten days after the director's decision.

(b) The director of the division of oil and public safety may waive the requirement for such a plan if the director determines that reasonable steps have been taken to prevent further releases and that any previously released regulated substance has been cleaned up to the extent appropriate to protect subsurface soils, groundwater, or surface water as a result of that release at that specific location. Such action shall be taken after consideration of the risks posed to the public health and shall be determined in light of current economic and technological feasibility.

(6) (a) Within ten days after notification of disapproval of the plan, the owner or operator may file a written request with the director of the division of oil and public safety for an informal conference regarding the disapproval. Upon receipt of such a request, the director shall provide the owner or operator with a written notice of the date, time, and place of the informal conference. The executive director of the department or a designee shall preside at the informal conference, during which the owner or operator and the director or the director's designee may present information and arguments regarding the issues raised in the statement of findings of fact.

(b) Within twenty days after the conference, the owner or operator may resubmit a modified plan which addresses the deficiencies identified by the department in the original plan. The department shall review the modifications to the plan and, within twenty days, approve or disapprove the resubmitted plan. If, after the conference, the owner or operator or the department determines that the issues identified in the statement of findings of fact cannot be reasonably resolved, the owner or operator or the department may request that the committee, created in section 8-20.5-104, schedule and hold a hearing within thirty days to resolve the issues identified in the statement of findings of fact.

(7) (a) At any time after receiving the statement of findings of fact, the owner or operator or the department may request, in writing, a formal hearing before the committee created in section 8-20.5-104. Upon such request, the committee shall meet and review the initial plan and statement of findings of fact.

(b) The committee shall recommend such plan if any current release has been mitigated and if any regulated substance which has been released has been or will be cleaned up to the extent appropriate to protect subsurface soils, groundwater, or surface water as a result of the release at that specific location. The department shall give serious consideration to the recommendation of the committee. Such action shall be taken after consideration of the risks posed to the public and shall be determined in light of current economic and technological feasibility. If the committee finds that a current release has not been mitigated or that any regulated substance which has been released will not be cleaned up to the extent appropriate, the committee shall issue a statement of findings of fact and recommendations to the department for revisions to the plan. Such revisions, if approved by the department, shall be incorporated into the plan by the department, and the revised plan shall then be approved as provided in subsection (2) of this section.

(8) Within thirty days following mitigation and cleanup, the department shall notify the owner or operator, in writing, that the owner or operator has complied with the requirements for mitigation and cleanup as outlined in this section.

(9) (a) For the purpose of implementing the provisions of this section, the department or its designee is authorized for justifiable cause:

(I) To enter the property, premises, or place where a release or suspected release from an aboveground storage tank is located;

(II) To monitor or test or require the owner or operator to monitor or test an aboveground storage tank or any surrounding soils, groundwater, or surface water where a suspected release from an aboveground storage tank has occurred. A duplicate sample taken for testing shall be provided to any owner or operator who the department reasonably believes may be responsible for the violation upon request of such person. A duplicate copy of the analytical report pertaining to the samples taken pursuant to this subparagraph (II) shall be provided as soon as practicable to any person the department or its designee reasonably believes may be responsible for the violation. When such tests are performed, the department shall notify, when possible, any person reasonably believed to be an owner or operator.

(b) If such entry or inspection is denied, the department shall obtain, from the district or county court for the judicial district or county in which such property, premises, or place is located, a warrant to enter and inspect any such property, premises, or place prior to entry and inspection. The district and county courts of the state of Colorado are authorized to issue such warrants upon proper showing of the need for such entry and inspection.

(c) If requested by the department or its designee, the owner or operator of an aboveground storage tank shall provide any information in such owner's or operator's possession regarding the tank.

(10) (a) The department may consider water quality standards adopted by the water quality control commission as guidelines for cleanup but shall assure that cleanup requirements are appropriate, in light of economic and technical feasibility and after consideration of the risks to public health, to protect subsurface soils, groundwater, or surface water as a result of a release at a specific location.

(b) The department shall, if necessary, negotiate and enter into memoranda of agreement with and apply for and receive grants from the United States environmental protection agency.

PART 1

SHORT TITLE - LEGISLATIVE DECLARATION

8-40-101. Short title. Articles 40 to 47 of this title shall be known and may be cited as the "Workers' Compensation Act of Colorado".

Source: L. 90: Entire article R&RE, p. 468, § 1, effective July 1.

Editor's note: This section is similar to former § 8-40-101 as it existed prior to 1990.

8-40-102. Legislative declaration. (1) It is the intent of the general assembly that the "Workers' Compensation Act of Colorado" be interpreted so as to assure the quick and efficient delivery of disability and medical benefits to injured workers at a reasonable cost to employers, without the necessity of any litigation, recognizing that the workers' compensation system in Colorado is based on a mutual renunciation of common law rights and defenses by employers and employees alike.

(2) The general assembly hereby finds that the determination of whether an individual is an employee for purposes of the "Workers' Compensation Act of Colorado" is subject to a great deal of speculation and litigation. It is the intent of the general assembly to provide an easily ascertainable standard for determining whether an individual is an employee. In order to further this objective, the test for determining whether an individual is an employee for the purposes of the "Workers' Compensation Act of Colorado" shall be based on the nine criteria found in section 8-40-202 (2)(b)(II) which shall supersede the common law. The fact that an individual performs services exclusively or primarily for another shall not be conclusive evidence that the individual is an employee.

Duplicate benefits include any wages earned by a claimant in the same or other employment while a claimant is also receiving temporary disability benefits.

(c) Nothing in this subsection (15.5):

(b) The term "wages" includes the amount of the employee's cost of continuing the employer's group health insurance plan and, upon termination of the continuation, the employee's cost of conversion to a similar or lesser insurance plan, and gratuities reported to the federal internal revenue service by or for the worker for purposes of filing federal income tax returns and the reasonable value of board, rent, housing, and lodging received from the employer, the reasonable value of which shall be fixed and determined from the facts by the division in each particular case, but does not include any similar advantage or fringe benefit not specifically enumerated in this subsection (19). If, after the injury, the employer continues to pay any advantage or fringe benefit specifically enumerated in this subsection (19), including the cost of health insurance coverage or the cost of the conversion of health insurance coverage, that advantage or benefit shall not be included in the determination of the employee's wages so long as the employer continues to make payment. Medicaid and other indigent health-care programs are not health insurance plans for the purposes of this section.

(c) No per diem payment shall be considered wages under this subsection (19) unless it is also considered wages for federal income tax purposes.

The rate of compensation for such persons if accidentally injured or, if killed, for their dependents is based upon the wages normally paid in the community in which they reside for the type of work in which they are engaged at the time of such injury or death; except that, if any such person is a minor, compensation to such minor for permanent disability, if any, or death

benefits to such minor's dependents must be paid at the maximum rate of compensation payable under articles 40 to 47 of this title 8 at the time of the determination of such disability or of such death.

(IV) Except as provided in section 8-40-301 (3) and section 8-40-302 (7)(a), any person who may at any time be receiving training under any work or job training or rehabilitation program sponsored by any department, board, commission, or institution of the state of Colorado or of any county, city and county, city, town, school district, or private or parochial school or college and who, as part of any such work or job training or rehabilitation program of any department, board, commission, or institution of the state of Colorado or of any county, city and county, city, town, school district, or private or parochial school or college, is placed with any employer for the purpose of training or learning trades or occupations shall be deemed while so engaged to be an employee of the respective department, board, commission, or institution of the state of Colorado or of the county, city and county, city, town, school district, or private or parochial school or college sponsoring such training or rehabilitation program unless the following conditions are met, in which case the placed person shall be deemed an employee of the employer with whom he or she is placed:

(A) The sponsoring entity and the employer agree that the employer shall cover the placed person under the employer's workers' compensation insurance;

(B) The employer does in fact insure and keep insured its liability for workers' compensation as provided in articles 40 to 47 of this title and does in fact cover the placed person under such insurance; and

(C) With respect to agreements between sponsoring entities and employers entered into after April 1, 1991, the employer has been provided with notice of the provisions of this subparagraph (IV) and of subparagraphs (V) and (VI) of this paragraph (a).

(V) In the event a person placed with an employer is deemed an employee of the employer pursuant to subparagraph (IV) of this paragraph (a), the sponsoring entity shall not be subject to any liability for or on account of the death of or personal injury to the person so placed. In the event such person is deemed an employee of the sponsoring entity pursuant to the said subparagraph (IV), the employer shall not be subject to any liability for or on account of the death of or personal injury to the person and shall not be required to carry workers' compensation insurance or to pay premiums for workers' compensation insurance with respect to the person.

(VI) The rate of compensation for a person placed pursuant to subparagraph (IV) of this paragraph (a) if accidentally injured or, if killed, for dependents of such person shall be based upon the wages normally paid in the community in which such person resides or in the community where said work or job training or rehabilitation program is being conducted for the type of work in which the person is engaged at the time of such injury or death, as determined by the director; except that, if any such person is a minor, compensation for such minor for permanent disability, if any, or death benefits to such minor's dependents shall be paid at the maximum rate of compensation payable under articles 40 to 47 of this title at the time of the determination of such disability or death.

(b) Every person in the service of any person, association of persons, firm, or private corporation, including any public service corporation, personal representative, assignee, trustee, or receiver, under any contract of hire, express or implied, including aliens and also including minors, whether lawfully or unlawfully employed, who for the purpose of articles 40 to 47 of

this title are considered the same and have the same power of contracting with respect to their employment as adult employees, but not including any persons who are expressly excluded from articles 40 to 47 of this title or whose employment is but casual and not in the usual course of the trade, business, profession, or occupation of the employer. The following persons shall also be deemed employees and entitled to benefits at the maximum rate provided by said articles, and, in the event of injury or death, their dependents shall likewise be entitled to such maximum benefits, if and when the association, team, group, or organization to which they belong has elected to become subject to articles 40 to 47 of this title and has insured its liability under said articles: All members of privately organized volunteer fire departments, volunteer rescue teams or groups, volunteer disaster teams, volunteer ambulance teams or groups, and volunteer search teams and organizations while performing their respective duties as members of such privately organized volunteer fire departments, volunteer rescue teams or groups, volunteer disaster teams, volunteer ambulance teams or groups, and volunteer search teams and organizations and while engaged in organized drills, practice, or training necessary or proper for the performance of their respective duties.

(2) (a) Notwithstanding any other provision of this section, any individual who performs services for pay for another shall be deemed to be an employee, irrespective of whether the common-law relationship of master and servant exists, unless such individual is free from control and direction in the performance of the service, both under the contract for performance of service and in fact and such individual is customarily engaged in an independent trade, occupation, profession, or business related to the service performed. For purposes of this section, the degree of control exercised by the person for whom the service is performed over the performance of the service or over the individual performing the service shall not be considered if such control is exercised pursuant to the requirements of any state or federal statute or regulation.

(b) (I) To prove that an individual is engaged in an independent trade, occupation, profession, or business and is free from control and direction in the performance of the service, the individual and the person for whom services are performed may show by a preponderance of the evidence that the conditions set forth in paragraph (a) of this subsection (2) have been satisfied. The parties may also prove independence through a written document.

(II) To prove independence it must be shown that the person for whom services are performed does not:

(A) Require the individual to work exclusively for the person for whom services are performed; except that the individual may choose to work exclusively for such person for a finite period of time specified in the document;

(B) Establish a quality standard for the individual; except that the person may provide plans and specifications regarding the work but cannot oversee the actual work or instruct the individual as to how the work will be performed;

(C) Pay a salary or at an hourly rate instead of at a fixed or contract rate;

(D) Terminate the work of the service provider during the contract period unless such service provider violates the terms of the contract or fails to produce a result that meets the specifications of the contract;

(E) Provide more than minimal training for the individual;

(F) Provide tools or benefits to the individual; except that materials and equipment may be supplied;

(G) Dictate the time of performance; except that a completion schedule and a range of negotiated and mutually agreeable work hours may be established;

(H) Pay the service provider personally instead of making checks payable to the trade or business name of such service provider; and

(I) Combine the business operations of the person for whom service is provided in any way with the business operations of the service provider instead of maintaining all such operations separately and distinctly.

(III) A document may satisfy the requirements of this paragraph (b) if such document demonstrates by a preponderance of the evidence the existence of the factors listed in subparagraph (II) of this paragraph (b) as are appropriate to the parties' situation. The existence of any one of these factors is not conclusive evidence that the individual is an employee.

(IV) If the parties use a written document pursuant to this paragraph (b), such document must be signed by both parties and may be the contract for performance of service or a separate document. Such document shall create a rebuttable presumption of an independent contractor relationship between the parties where such document contains a disclosure, in type which is larger than the other provisions in the document or in bold-faced or underlined type, that the independent contractor is not entitled to workers' compensation benefits and that the independent contractor is obligated to pay federal and state income tax on any moneys earned pursuant to the contract relationship. All signatures on any such document must be duly notarized.

(V) If the parties use a written document pursuant to this paragraph (b) and one of the parties is a professional whose license to practice a particular occupation under the laws of the state of Colorado requires such professional to exercise a supervisory function with regard to an entire project such supervisory role shall not affect such professional's status as part of the independent contractor relationship.

(c) Nothing in this section shall be construed to conflict with section 8-40-301 or to relieve any obligations imposed pursuant thereto.

(d) Nothing in this section shall be construed to remove the claimant's burden of proving the existence of an employer-employee relationship for purposes of receiving benefits pursuant to articles 40 to 47 of this title.

(e) (I) Notwithstanding any other provision of this section, a written agreement between a nonprofit youth sports organization and a coach, specifying that the coach is an independent contractor and not an employee of the nonprofit youth sports organization and otherwise satisfying the requirements of this paragraph (e), shall be conclusive evidence that the relationship between the nonprofit youth sports organization and the coach is an independent contractor relationship rather than an employment relationship and that the nonprofit youth sports organization is not obligated to secure compensation for the coach in accordance with the "Workers' Compensation Act of Colorado".

(II) The written agreement shall contain a disclosure, in bold-faced, underlined, or large type, in a conspicuous location, and acknowledged by the parties by signature, initials, or other means demonstrating that the parties have read and understand the disclosure, indicating that the coach:

(A) Is an independent contractor and not an employee of the nonprofit youth sports organization;

(B) Is not entitled to workers' compensation benefits in connection with his or her contract with the nonprofit youth sports organization; and

(C) Is obligated to pay federal and state income tax on any moneys paid pursuant to the contract for coaching services and that the nonprofit youth sports organization will not withhold any amounts from the coach for purposes of satisfying the coach's income tax liability.

(III) A written agreement between a nonprofit youth sports organization and a coach in accordance with this paragraph (e) shall not be conclusive evidence of an independent contractor relationship for purposes of any civil action instituted by a third party.

(IV) As used in this paragraph (e), "nonprofit youth sports organization" means an organization that is exempt from federal taxation under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, and is primarily engaged in conducting organized sports programs for persons under twenty-one years of age.

(3) Notwithstanding any other provision of this section, "employee" includes a person who participates in a property tax work-off program established pursuant to article 3.7 of title 39, C.R.S.

(a) The state, and every county, city, town, and irrigation, drainage, and school district and all other taxing districts therein, and all public institutions and administrative boards thereof without regard to the number of persons in the service of any such public employer. All such public employers shall be at all times subject to the compensation provisions of articles 40 to 47 of this title.

(b) Every person, association of persons, firm, and private corporation, including any public service corporation, personal representative, assignee, trustee, or receiver, who has one or more persons engaged in the same business or employment, except as otherwise expressly provided in articles 40 to 47 of this title, in service under any contract of hire, express or implied.

PART 3

SCOPE AND APPLICABILITY

8-40-301. Scope of term "employee" - definition. (1) (a) "Employee" excludes any person employed by a passenger tramway area operator, as defined in section 12-150-103 (1), or other employer, while participating in recreational activity, who at such time is relieved of and is not performing any duties of employment, regardless of whether such person is utilizing, by discount or otherwise, a pass, ticket, license, permit, or other device as an emolument of employment.

(b) (I) "Employee" excludes any person employed by an out-of-state employer performing incidental work in Colorado where the employee is covered at the time of injury under the workers' compensation act of another state regardless of where the contract for employment was created.

(II) For purposes of this section, "incidental work" means work that is randomly or fortuitously in Colorado.

(III) This section only applies to a workers' compensation act of another state that includes a reciprocal provision exempting Colorado employers from liability under the other state's act for incidental work.

(2) "Employee" excludes any person who is a licensed real estate sales agent or a licensed real estate broker associated with another real estate broker if:

(a) Substantially all of the sales agent's or associated broker's remuneration from real estate brokerage is derived from real estate commissions; and

(b) The services of the sales agent or associated broker are performed under a written contract specifying that the sales agent or associated broker is an independent contractor; and

(c) Such contract provides that the sales agent or associated broker shall not be treated as an employee for federal income tax purposes.

(3) (a) Notwithstanding the provisions of section 8-40-202 (1)(a)(IV), "employee" excludes any person who is confined to a city or county jail or any department of corrections facility as an inmate and who, as a part of such confinement, is working, performing services, or participating in a training or rehabilitation or work release program; except that "employee" includes an inmate of a department of corrections facility or a city, county, or city and county jail who is working, performing services, or participating in a training, rehabilitation, or work release program that has been certified by the federal prison industry enhancement certification program pursuant to the federal "Justice System Improvement Act of 1979", 18 U.S.C. sec. 1761 (c). For the purposes of articles 40 to 47 of this title, an inmate participating in a program certified by the

federal prison industry enhancement certification program is an employee of that certified program, which certified program shall carry workers' compensation insurance pursuant to articles 40 to 47 of this title. No inmate participating in a certified program shall be deemed to be an employee of the state, city, county, or city and county that owns, operates, or contracts for the operation of the facility or jail in which the inmate is incarcerated.

(b) The provisions of paragraph (a) of this subsection (3) do not apply to an inmate who is working for a private employer under a contract of hire wherein the private employer is required to maintain workers' compensation insurance for its employees pursuant to articles 40 to 47 of this title. Such inmate shall be an employee of such private employer for purposes of articles 40 to 47 of this title.

(d) The provisions of paragraph (a) of this subsection (3) do not apply to an inmate working for a private person or entity pursuant to the provisions of section 17-24-122, C.R.S. Such inmate shall be an employee of such private person or entity for purposes of articles 40 to 47 of this title.

(4) "Employee" excludes any person who volunteers time or services for a ski area operator, as defined in section 33-44-103 (7), C.R.S., or for a ski area sponsored program or activity, notwithstanding the fact that such person may receive noncash remuneration for such person or such person's designee in conjunction with such person's status as a volunteer. No contract of hire, express or implied, is created between any volunteer pursuant to this section and a ski area operator. Notice shall be given to such volunteer in writing that the volunteering of time or services under this subsection (4) does not constitute employment for purposes of the "Workers' Compensation Act of Colorado" and that such person is not entitled to benefits pursuant to said act.

(5) "Employee" excludes any person who is working as a driver under a lease agreement pursuant to section 40-11.5-102, C.R.S., with a common carrier or contract carrier.

(6) Any person working as a driver with a common carrier or contract carrier as described in this section shall be eligible for and shall be offered workers' compensation insurance coverage by Pinnacle Assurance or similar coverage consistent with the requirements set forth in section 40-11.5-102 (5), C.R.S.

8-40-302. Scope of term "employer".

(1) Repealed.

(2) Articles 40 to 47 of this title are not intended to apply to employees of eleemosynary, charitable, fraternal, religious, or social employers who are elected or appointed to serve in an advisory capacity and receive an annual salary or an amount not in excess of seven hundred fifty dollars and are not otherwise subject to the "Workers' Compensation Act of Colorado".

(3) Articles 40 to 47 of this title are not intended to apply to employers of casual farm and ranch labor or employers of persons who do casual maintenance, repair, remodeling, yard, lawn, tree, or shrub planting or trimming, or similar work about the place of business, trade, or profession of the employer if such employers have no other employees subject to said articles 40 to 47, if such employments are casual and are not within the course of the trade, business, or profession of said employers, if the amounts expended for wages paid by the employers to casual persons employed to do maintenance, repair, remodeling, yard, lawn, tree, or shrub planting or trimming, or similar work about the place of business, trade, or profession of the employer do not exceed the sum of two thousand dollars for any calendar year, and if the amounts expended for wages by the employer of casual farm and ranch labor do not exceed the sum of two thousand dollars for any calendar year.

(4) Articles 40 to 47 of this title are not intended to apply to employers of persons who do domestic work or maintenance, repair, remodeling, yard, lawn, tree, or shrub planting or trimming, or similar work about the private home of the employer if such employers have no other employees subject to said articles 40 to 47 and if such employments are not within the

course of the trade, business, or profession of said employers. This exemption shall not apply to such employers if the persons who perform the work are regularly employed by such employers on a full-time basis. For purposes of this subsection (4), "full-time" means work performed for forty hours or more a week or on five days or more a week.

(5) (a) Any employer excluded under this section may elect to accept the provisions of articles 40 to 47 of this title by purchasing and keeping in force a policy of workers' compensation insurance covering said employees.

(b) Notwithstanding any other provision of articles 40 to 47 of this title, any working general partner or sole proprietor actively engaged in the business may elect to be included by endorsement as an employee of the insured and shall be entitled to elect coverage regardless of whether such working general partner or sole proprietor employs any other person under any contract of hire.

(6) Articles 40 to 47 of this title are intended to apply to officers of agricultural corporations; but effective July 1, 1977, any such agricultural corporation may elect to reject the provisions of articles 40 to 47 of this title for any or all of said officers.

(7) (a) Any employer, as defined in section 8-40-203, who enters into a bona fide cooperative education or student internship program sponsored by an educational institution for the purpose of providing on-the-job training for students shall be deemed an employer of such students for the purposes of workers' compensation and liability insurance pursuant to articles 40 to 47 of this title.

(b) If the student placed in an on-the-job training program does not receive any pay or remuneration from the employer, the educational institution sponsoring the student in the cooperative education or student internship program shall insure the student through the institution's workers' compensation and liability insurance or enter into negotiations with the employer for the purpose of arriving at a reasonable level of compensation to the employer for the employer's expense of providing workers' compensation and liability insurance while such student is participating in on-the-job training with said employer. 8-41-202. Rejection of coverage by corporate officers and others. (1) Notwithstanding any provisions of articles 40 to 47 of this title to the contrary, a corporate officer of a corporation or a member of a limited liability company may elect to reject the

provisions of articles 40 to 47 of this title. If so elected, said corporate officer or member shall provide written notice on a form approved by the division through a rule promulgated by the director of such election to the worker's compensation insurer of the employing corporation or company, if any, by certified mail. If there is no workers' compensation insurance company, the notice shall be provided to the division by certified mail. Such notice shall become effective the day following receipt of said notice by the insurer or the division.

(2) A corporate officer's or member's election to reject the provisions of articles 40 to 47 of this title shall continue in effect so long as the corporation's or company's insurance policy is in effect or until said officer or member, by written notice to the insurer, revokes the election to reject said provisions.

(3) Nothing in this section shall be construed to limit the responsibility of corporations or limited liability companies to provide coverage for their employees as required under articles 40 to 47 of this title. An election to reject coverage pursuant to this section may not be made a condition of employment.

(4) For the purposes of this section:

8-41-203. Negligence of stranger - remedies - subrogation - actions - compromise. (1)

(a) If any employee entitled to compensation under articles 40 to 47 of this title is injured or killed by the negligence or wrong of another not in the same employ, such injured employee or, in case of death, such employee's dependents, may take compensation under said articles and may also pursue a remedy against the other person to recover any damages in excess of the compensation available under said articles.

(b) The payment of compensation pursuant to articles 40 to 47 of this title shall operate as and be an assignment of the cause of action against such other person to Pinnacol Assurance, the medical disaster insurance fund, the major medical insurance fund, or the subsequent injury fund, if compensation is payable from said funds, and otherwise to the person, association, corporation, or insurance carrier liable for the payment of such compensation. Said insurance carrier shall not be entitled to recover any sum in excess of the amount of compensation for which said carrier is liable under said articles to the injured employee, but to that extent said carrier shall be subrogated to the rights of the injured employee against said third party causing the injury. If the injured employee proceeds against such other person, then Pinnacol Assurance, the medical disaster insurance fund, the major medical insurance fund, the subsequent injury

fund, or such other person, association, corporation, or insurance carrier, as the case may be, shall contribute only the deficiency, if any, between the amount of the recovery against such other person actually collected and the compensation provided by said articles in such case.

(c) The right of subrogation provided by this section shall apply to and include all compensation and all medical, hospital, dental, funeral, and other benefits and expenses to which the employee or, if the employee is deceased, the employee's dependents are entitled under the provisions of said articles, including parts 2 and 3 of article 46 of this title, or for which the employee's employer or insurance carrier is liable or has assumed liability.

(d) The assigned and subrogated cause of action provided by this section, together with the right to recover future benefits:

(I) Shall extend to all moneys collected from the third party causing the injury for all:

(A) Economic damages; and

(B) Physical impairment and disfigurement damages; except that, to the extent the trier of fact makes a separate award for disfigurement damages, the right of the beneficiary of the assigned interest to recover from such disfigurement damages shall be limited to the amount the beneficiary of the assigned interest paid, or is obligated to pay, in disfigurement damages pursuant to articles 40 to 47 of this title; and

(II) Shall not extend to moneys collected for noneconomic damages awarded for pain and suffering, inconvenience, emotional stress, or impairment of quality of life.

(e) (I) Except as otherwise provided in subparagraph (II) of this paragraph (e), the amount of the assigned and subrogated cause of action shall be reduced by an amount equal to the reasonable attorney fees and costs paid by the injured employee or, if the employee is deceased, the employee's dependents, in pursuing the recovery of the assigned and subrogated cause of action and the collection of such recovery.

(II) If the beneficiary of the assigned and subrogated cause of action elects to independently pursue such assigned cause of action, any recovery by such beneficiary shall not be reduced by any attorney fees and costs incurred by the employee. If the beneficiary of the assigned and subrogated cause of action elects to intervene within ninety days after receiving the notice required by paragraph (c) of subsection (4) of this section, any recovery by such beneficiary shall not be reduced by any attorney fees and costs incurred by the employee. If such beneficiary elects to intervene after the expiration of such ninety-day period, the court may reduce the beneficiary's recovery by a reasonable amount for any attorney fees and costs incurred by the employee after the end of such ninety-day period and before receiving notice that the beneficiary intends to intervene.

(f) Nothing in this section shall be construed as limiting in any way the right of the injured employee to take compensation under articles 40 to 47 of this title and also proceed against the third party causing the injury to recover any damages in excess of the subrogation rights described in this section.

(2) Such a cause of action assigned to Pinnacol Assurance may be prosecuted or compromised by it. A compromise of any such cause of action by the employee or, if the employee is deceased, the employee's dependents at an amount less than the compensation provided for by articles 40 to 47 of this title shall be made only with the written approval of the chief executive officer of Pinnacol Assurance, if the deficiency of compensation would be payable from the Pinnacol Assurance fund, and otherwise with the written approval of the person, association, corporation, or insurance carrier liable to pay the same. Such written

approval shall not be unreasonably withheld. Failure to obtain such written approval shall entitle the party responsible for paying workers' compensation benefits to be reimbursed for all benefits paid from, and offset any future liability under articles 40 to 47 of this title against, the entire proceeds recovered without any credit for reasonable attorney fees and costs as provided in paragraph (e) of subsection (1) of this section. If such approval is not obtained, the employee or, if the employee is deceased, the employee's dependents shall not be liable for any plaintiff's attorney fees for the third-party recovery on that portion of any recovery equal to the assigned and subrogated interest and are not subject to any action for refusal to pay such plaintiff's attorney fees resulting from the third-party case.

(3) If an employee is killed by the negligence or wrong of another not in the same employ and the dependents of such employee who are entitled to compensation under articles 40 to 47 of this title are minors, the decision to pursue or compromise any claim against a third party shall be made by such minor or shall be made on the minor's behalf by a parent of such minor or by the minor's next friend or duly appointed guardian, as the director of the division of workers' compensation may determine by rule in each case. Once such decision is made, the person who made the decision shall also bear the responsibility to provide all notices required by this section.

(4) (a) (I) If the employee or, if the employee is deceased, the employee's dependents make a demand upon or a request of a person or entity not in the same employ as the employee to seek recovery for damages arising from actions of such other person or entity, the employee or dependents shall also give written notice, within ten days, to the division of workers' compensation and to all parties who may be responsible for paying benefits to the employee or dependents under articles 40 to 47 of this title.

(II) If the party responsible for paying workers' compensation benefits under articles 40 to 47 of this title to the employee or, if the employee is deceased, the employee's dependents, makes a demand upon or a request of a person or entity not in the same employ as the employee to seek recovery for damages arising from actions of the other person or entity, the party responsible for paying the workers' compensation benefits shall also give written notice, within ten days, to the division of workers' compensation and to the employee or, if the employee is deceased, to the employee's dependents.

(III) The notice requirements of this paragraph (a) shall not apply to demands or requests seeking the recovery of medical payments only, and not seeking the recovery of any other type of damage or loss.

(b) The notice required by this subsection (4) shall contain the following:

(I) A description of the claim;

(II) The names and addresses of any and all other persons believed to be negligent;

(III) The name and address of any attorney representing the employee or dependents;

(IV) The name and address of any attorney representing other persons believed to be negligent; and

(V) The name, address, and telephone number of the insurance company or third-party administrator.

(c) (I) Except as provided in subparagraph (II) of this paragraph (c), at least twenty days before commencing a lawsuit or arbitration proceeding to recover damages arising from actions of another person or entity, the party initiating such lawsuit or arbitration shall give written notice to all parties who may be responsible for paying benefits to the employee or dependents

under articles 40 to 47 of this title and to the employee or, if the employee is deceased, the employee's dependents. Such notice shall contain all of the information set out in paragraph (b) of this subsection (4) and shall be accompanied by a draft copy of the complaint.

(II) If any applicable statutory limitation period would expire before such twenty days have passed, the party initiating such lawsuit or arbitration may file or serve the complaint, or otherwise act to toll the running of such limitation period, before such twenty days have passed. The party initiating the lawsuit or arbitration shall provide the notice required by subparagraph (I) of this paragraph (c) within twenty days after commencing such action.

(d) If the employee or dependents fail to provide the written notice required pursuant to subparagraph (I) of paragraph (a) of this subsection (4):

(I) The party responsible for paying workers' compensation benefits shall be entitled to reimbursement from all moneys collected from the third party for all economic damages and for all physical impairment and disfigurement damages, without any credit for reasonable attorney fees as provided in paragraph (e) of subsection (1) of this section. If the trier of fact makes a separate award for disfigurement damages, reimbursement from such disfigurement damage award shall be limited to the amount the party paying workers' compensation benefits paid, or is obligated to pay, in disfigurement damages pursuant to articles 40 to 47 of this title. Such rights shall not extend to moneys collected for noneconomic damages awarded for pain and suffering, inconvenience, emotional stress, or impairment of quality of life.

(II) The employee or dependents shall not be liable for any plaintiff's attorney fees for the third-party recovery on that portion of any recovery equal to the assigned and subrogated interest and are not subject to any action for refusal to pay such plaintiff's attorney fees resulting from the third-party case.

(e) If the party responsible for paying workers' compensation benefits under articles 40 to 47 of this title fails to provide the written notice required pursuant to subparagraph (II) of paragraph (a) of this subsection (4), the amount of the claim shall be reduced by fifty dollars for each day such notice was not given to the employee or, if the employee is deceased, the employee's dependents, in an amount not to exceed twenty percent of the amount of the total assigned interest at the time such notice should have been given. The failure to provide such notice shall be a reassignment of a portion of the claim to the employee or, if the employee is deceased, the employee's dependents, in an amount equal to the penalty.

PART 3

LIABILITY

8-41-301. Conditions of recovery - definitions. (1) The right to the compensation provided for in articles 40 to 47 of this title, in lieu of any other liability to any person for any personal injury or death resulting therefrom, shall obtain in all cases where the following conditions occur:

(a) Where, at the time of the injury, both employer and employee are subject to the provisions of said articles and where the employer has complied with the provisions thereof regarding insurance;

(b) Where, at the time of the injury, the employee is performing service arising out of and in the course of the employee's employment;

(c) Where the injury or death is proximately caused by an injury or occupational disease arising out of and in the course of the employee's employment and is not intentionally self-inflicted.

(2) (a) A claim of mental impairment must be proven by evidence supported by the testimony of a licensed psychiatrist or psychologist. A mental impairment shall not be considered to arise out of and in the course of employment if it results from a disciplinary action, work evaluation, job transfer, lay-off, demotion, promotion, termination, retirement, or similar action taken in good faith by the employer. The mental impairment that is the basis of the claim must have arisen primarily from the claimant's then occupation and place of employment in order to be compensable.

(a.5) Repealed.

(b) (I) Notwithstanding any other provision of articles 40 to 47 of this title 8, where a claim is by reason of mental impairment, a claimant is limited to thirty-six weeks of medical impairment benefits, which shall be in an amount not less than one hundred fifty dollars per week and not more than fifty percent of the state average weekly wage, inclusive of any temporary disability benefits; except that this limitation shall not apply to any victim of a crime of violence, without regard to the intent of the perpetrator of the crime, nor to the victim of a physical injury or occupational disease that causes neurological brain damage.

(II) Nothing in this section limits the determination of the percentage of impairment pursuant to section 8-42-107 (8) for the purposes of establishing the applicable cap on benefits pursuant to section 8-42-107.5.

(c) The claim of mental impairment cannot be based, in whole or in part, upon facts and circumstances that are common to all fields of employment.

(d) The mental impairment which is the basis of the claim must be, in and of itself, either sufficient to render the employee temporarily or permanently disabled from pursuing the occupation from which the claim arose or to require medical or psychological treatment.

(3) As used in this section:

(a) "Mental impairment" means a recognized, permanent disability arising from an accidental injury arising out of and in the course of employment when the accidental injury involves no physical injury and consists of a psychologically traumatic event. "Mental impairment" also includes a disability arising from an accidental physical injury that leads to a recognized permanent psychological disability.

(b) (I) "Psychologically traumatic event" means an event that is generally outside of a worker's usual experience and would evoke significant symptoms of distress in a worker in similar circumstances.

(II) "Psychologically traumatic event" also includes an event that is within a worker's usual experience only when the worker is diagnosed with post-traumatic stress disorder by a licensed psychiatrist or psychologist after the worker experienced exposure to one or more of the following events:

(A) The worker is the subject of an attempt by another person to cause the worker serious bodily injury or death through the use of deadly force, and the worker reasonably believes the worker is the subject of the attempt;

(B) The worker visually or audibly, or both visually and audibly, witnesses a death, or the immediate aftermath of the death, of one or more people as the result of a violent event; or

(C) The worker repeatedly and either visually or audibly, or both visually and audibly, witnesses the serious bodily injury, or the immediate aftermath of the serious bodily injury, of one or more people as the result of the intentional act of another person or an accident.

(c) "Serious bodily injury" means bodily injury that, either at the time of the actual injury or a later time, involves a substantial risk of death, a substantial risk of serious permanent disfigurement, or a substantial risk of protracted loss or impairment of the function of any part or organ of the body.

evidence that such mental or emotional stress is proximately caused solely by hazards to which the worker would not have been equally exposed outside the employment.

(1) Where compensation is payable for an occupational disease, the employer in whose employment the employee was last injuriously exposed to the hazards of such disease and suffered a substantial permanent aggravation thereof and the insurance carrier, if any, on the risk when such employee was last so exposed under such employer shall alone be liable therefor, without right to contribution from any prior employer or insurance carrier. In the case of silicosis, asbestosis, or anthracosis, the only employer and insurance carrier liable shall be the last employer in whose employment the employee was last exposed to harmful quantities of silicon dioxide (SiO₂) dust, asbestos dust, or coal dust on each of at least sixty days or more and the insurance carrier, if any, on the risk when the employee was last so exposed under such employer.

(2) In any case where an employee of an employer becomes disabled from silicosis, asbestosis, anthracosis, or poisoning or disease caused by exposure to radioactive materials, substances, or machines or to fissionable materials, or any type of malignancy caused thereby, or in the event death results from silicosis, asbestosis, anthracosis, or poisoning or disease caused by exposure to radioactive materials, substances, or machines or to fissionable materials, or any type of malignancy caused thereby, and, if such employee has been injuriously exposed to such diseases while in the employ of another employer during the employee's lifetime, the last employer or that employer's insurance carrier, if any, shall be liable for compensation and medical benefits as provided by articles 40 to 47 of this title, including funeral expenses and death benefits.

PART 4

CONTRACTORS AND LESSEES

8-41-401. Lessor contractor-out deemed employer - liability - recovery. (1) (a) (I) Any person, company, or corporation operating or engaged in or conducting any business by leasing or contracting out any part or all of the work thereof to any lessee, sublessee, contractor, or subcontractor, irrespective of the number of employees engaged in such work, shall be construed to be an employer as defined in articles 40 to 47 of this title and shall be liable as provided in said articles to pay compensation for injury or death resulting therefrom to said lessees, sublessees, contractors, and subcontractors and their employees or employees' dependents, except as otherwise provided in subsection (3) of this section.

(II) Notwithstanding subparagraph (I) of this paragraph (a) and any other provision of law to the contrary, it is presumed that a buyer of goods is not liable as a statutory employer when a lessee, sublessee, contractor, or subcontractor, or their employee who is delivering the goods to the buyer injures himself or herself while not on the buyer's premises. The presumption may be overcome by a showing that the lessee, sublessee, contractor, or subcontractor, or their employee was performing a job function that would normally be performed by an employee of the buyer of the goods being delivered. Nothing in this subparagraph (II) creates a presumption of a statutory employer-employee relationship when an injury occurs on the buyer's premises.

(III) For the purposes of this section, a "statutory employer" is an employer who is responsible to pay workers' compensation benefits pursuant to subparagraph (I) of this paragraph (a).

(a.5) The general assembly hereby finds and determines that the decision of the Colorado court of appeals in the case of *Newsom v. Frank M. Hall & Co.*, No. 02CA1375 (February 26, 2004), in which the court held that an independent contractor may be an entity other than a natural person, did not accurately reflect the intent of the general assembly when it passed Senate Bill 93-132 and Senate Bill 95-072. The general assembly hereby declares that the term "individual", as used in this section and in section 8-40-202, means a natural person.

(b) The employer, before commencing said work, shall insure and keep insured against all liability as provided in said articles, and such lessee, sublessee, contractor, or subcontractor, as well as any employee thereof, shall be deemed employees as defined in said articles. The employer shall be entitled to recover the cost of such insurance from said lessee, sublessee, contractor, or subcontractor and may withhold and deduct the same from the contract price or any royalties or other money due, owing, or to become due said lessee, sublessee, contractor, or subcontractor.

(2) If said lessee, sublessee, contractor, or subcontractor is also an employer in the doing of such work and, before commencing such work, insures and keeps insured its liability for compensation as provided in articles 40 to 47 of this title, neither said lessee, sublessee, contractor, or subcontractor, its employees, or its insurer shall have any right of contribution or

action of any kind, including actions under section 8-41-203, against the person, company, or corporation operating or engaged in or conducting any business by leasing or contracting out any part or all of the work thereof, or against its employees, servants, or agents.

(3) Notwithstanding any provision of this section or section 8-41-402 to the contrary, any individual who is excluded from the definition of employee pursuant to section 8-40-202 (2), or a working general partner or sole proprietor who is not covered under a policy of workers' compensation insurance, or a corporate officer or member of a limited liability company who executes and files an election to reject coverage under section 8-41-202 (1) shall not have any cause of action of any kind under articles 40 to 47 of this title. Nothing in this section shall be construed to restrict the right of any such individual to elect to proceed against a third party in accordance with the provisions of section 8-41-203. The total amount of damages recoverable pursuant to any cause of action resulting from a work-related injury brought by such individual that would otherwise have been compensable under articles 40 to 47 of this title shall not exceed fifteen thousand dollars, except in any cause of action brought against another not in the same employ.

(4) (a) Notwithstanding any provision of this section to the contrary, any person, company, or corporation who contracts with a landowner or lessee of a farm or ranch to perform a specified farming or ranching operation shall, prior to entering into such contract, provide for and maintain, for the period of such contract, workers' compensation coverage pursuant to articles 40 to 47 of this title covering all the employees and laborers to be utilized under such contract. Proof of such coverage on forms or certificates issued by the insurer shall be provided to the person, company, or corporation contracting for the labor prior to performing such contract.

(b) Any person, company, or corporation contracting with a landowner or lessee of a farm or ranch to provide a specified farming or ranching operation who fails to provide coverage pursuant to subsection (1) of this section or who fails to maintain such coverage for the term of the contract commits a class 2 misdemeanor.

(c) Notwithstanding any provision of this section to the contrary, no person, company, or corporation contracting with a landowner or lessee of a farm or ranch operation to perform a specified farming or ranching operation nor any employee of such person, company, or corporation required to be covered by workers' compensation pursuant to this subsection (4) shall have any right of contribution from, or any action of any kind, including actions under section 8-41-203, against, the person, company, or corporation contracting to have such agricultural labor performed.

(d) (I) If any person, company, or corporation contracting to provide labor to perform specified farming or ranching operations and required to provide workers' compensation coverage pursuant to articles 40 to 47 of this title fails to provide such coverage and the person, company, or corporation for whom the labor is provided incurs any liability thereby, the person, company, or corporation providing the labor shall be subject to a cause of action for said liability and for reasonable attorney fees.

(II) If the person, company, or corporation for whom the labor for the performance of a specified farming or ranching operation is provided is sued by the injured employee, said person, company, or corporation may join the person, company, or corporation providing the labor as a third-party defendant in lieu of filing an independent action.

(5) The provisions of this section shall not apply to licensed real estate brokers and licensed real estate sales agents, as regulated in article 10 of title 12, who are excluded from the definition of employee pursuant to section 8-40-301 (2).

(6) Notwithstanding any provision of this section to the contrary, any person, company, or corporation operating a commercial vehicle as defined in section 42-4-235 (1)(a), C.R.S., who holds oneself or itself out as an independent contractor only to perform for-hire transportation, including loading and unloading, and who contracts to perform a specific transportation job, transportation task, or transportation delivery for another person, company, or corporation is not entering into an employee and employer relationship for purposes of workers' compensation coverage pursuant to articles 40 to 47 of this title. Nothing in this subsection (6) shall be construed to prohibit a determination that an individual is excluded from the definition of employee pursuant to section 8-40-202 (2) if such individual is operating a commercial vehicle as defined in section 42-4-235 (1)(a), C.R.S.

(7) This section shall not apply to any person excluded from the definition of "employee" pursuant to section 8-40-301 (5) or (7).

8-41-402. Repairs to real property - exception for liability of occupant of residential real property. (1) Every person, company, or corporation owning any real property or improvements thereon and contracting out any work done on and to said property to any contractor, subcontractor, or person who hires or uses employees in the doing of such work shall be deemed to be an employer under the terms of articles 40 to 47 of this title. Every such contractor, subcontractor, or person, as well as such contractor's, subcontractor's, and person's employees, shall be deemed to be an employee, and such employer shall be liable as provided in said articles to pay compensation for injury or death resulting therefrom to said contractor, subcontractor, or person and said employees or employees' dependents and, before commencing said work, shall insure and keep insured all liability as provided in said articles. Such employer shall be entitled to recover the cost of such insurance from said contractor, subcontractor, or person and may withhold and deduct the same from the contract price or any royalties or other money due, owing, or to become due to said contractor, subcontractor, or person. Articles 40 to 47 of this title shall not apply to the owner or occupant, or both, of residential real property which meets the definition of a "qualified residence" under section 163 (h)(4)(A) of the federal "Internal Revenue Code of 1986", as amended, who contracts out any work done to the property,

unless the person performing the work is otherwise an employee of the owner or occupant, or both, of the property.

(2) If said contractor, subcontractor, or person doing or undertaking to do any work for an owner of property, as provided in subsection (1) of this section, is also an employer in the doing of such work and, before commencing such work, insures and keeps insured all liability for compensation as provided in articles 40 to 47 of this title, neither said contractor, subcontractor, or person nor any employees or insurers thereof shall have any right of contribution or action of any kind, including actions under section 8-41-203, against the person, company, or corporation owning real property and improvements thereon which contracts out work done on said property, or against its employees, servants, or agents.

(1) The provisions of this part 4 shall not apply to any lessor or sublessor of real property who rents or leases real property to any lessee or sublessee for the purpose of conducting the business of such lessee or sublessee, whether as a franchise holder, independent agent, or consignee or in any other separate capacity and whether or not such person is an employer, as defined in section 8-40-203, but in no event where such lessee or sublessee is an employee, as defined in section 8-40-202.

(2) No such lessee or sublessee, or any employee or insurer thereof, shall have any right of contribution from or action against such lessor or sublessor under articles 40 to 47 of this title.

(3) The provisions of this part 4 shall not apply to any lessor or sublessor of real property who leases or rents real property to any lessee or sublessee for the purpose of conducting any agricultural production business of such lessee or sublessee, and no such lessee or sublessee, or any employee or insurer thereof, shall have any right of contribution from or action against such lessor or sublessor under articles 40 to 47 of this title.

8-41-404. Construction work - proof of coverage required - violation - penalty - definitions. (1) (a) Except as otherwise provided in subsection (4) of this section, every person performing construction work on a construction site shall be covered by workers' compensation insurance, and a person who contracts for the performance of construction work on a construction site shall either provide, pursuant to articles 40 to 47 of this title, workers' compensation coverage for, or require proof of workers' compensation coverage from, every person with whom he or she has a direct contract to perform construction work on the construction site.

(a.5) A person who is designated in a designated beneficiary agreement for purposes of receiving workers' compensation benefits in accordance with the provisions of article 22 of title 15, C.R.S., unless it is shown that the designated beneficiary was voluntarily separated and living apart from the other designated beneficiary at the time of the injury or death or was not dependent in whole or in part on the deceased for support;

(b) Minor children of the deceased under the age of eighteen years, including posthumous or legally adopted children;

(c) Minor children of the deceased who are eighteen years or over and under the age of twenty-one years if it is shown that:

8-42-101. Employer must furnish medical aid - approval of plan - fee schedule - contracting for treatment - no recovery from employee - medical treatment guidelines - accreditation of physicians and other medical providers - mental health provider qualifications - mileage reimbursement - rules - definition - repeal. (1) (a) (I) Every employer, regardless of the employer's method of insurance, shall furnish medical, surgical, dental, nursing, and hospital treatment; medical, hospital, and surgical supplies; crutches; apparatus; and guardian ad litem or conservator services as may reasonably be needed at the time of the injury or occupational disease and thereafter during the disability to cure and relieve the employee from the effects of the injury.

(II) An employer or an employer's insurer that is required to furnish guardian ad litem or conservator services pursuant to this subsection (1)(a) shall pay an amount set in a fee schedule established by the director by rule. The director shall include in the fee schedule:

(A) Reasonable attorney fees and costs to appoint a guardian ad litem or conservator through the appropriate probate court for an employee who is legally incapacitated as the result of a work-related injury or occupational disease; and

(B) Reasonable fees and costs of a guardian ad litem or conservator appointed for an employee for services that are reasonably necessary as a result of the work-related injury or occupational disease.

(b) In all cases where the injury results in the loss of a member or part of the employee's body, loss of teeth, loss of vision or hearing, or damage to an existing prosthetic device, the employer shall furnish within the limits of the medical benefits provided in subsection (1)(a) of this section artificial members, glasses, hearing aids, braces, and other external prosthetic devices, including dentures, that are reasonably required to replace or improve the function of each member or part of the body or prosthetic device so affected or to improve the employee's vision or hearing. Implants or devices necessary to regulate the operation of, or to replace, with implantable devices, internal organs or structures of the body may be replaced when the authorized treating physician deems it necessary. Every employer subject to the terms and provisions of articles 40 to 47 of this title 8 must insure against liability for the medical, surgical, and hospital expenses provided for in this article 42, unless permission is given by the director to such employer to operate under a medical plan, as set forth in subsection (2) of this section.

(c) In any case in which a firefighter, emergency medical services provider, or peace officer, as described in section 16-2.5-101, C.R.S., is exposed during the course and within the scope of employment to a known or possible source of hepatitis C, the employer, or if insured, the insurer, shall, at their expense, provide for baseline testing within the period of time specified in section 8-41-208 (1)(a) to determine whether the employee was free of hepatitis C at the time of the on-the-job exposure. The employer, or if insured, the insurer, shall pay for all reasonable and necessary medical procedures and treatment for exposure to hepatitis C during the period of time set forth in section 8-41-208 (1)(d).

(2) Every such plan, which is agreed to between the employer and employee, for the furnishing of medical, surgical, and hospital treatment, whether or not the employee is to pay any part of the expense of such treatment, before being put into effect, shall receive the approval of the director. The director has full power to formulate the terms and conditions under which any such plan may operate and the essentials thereof, and at any time the director may order modifications or changes in any such plan or withdraw prior approval thereof. No plan shall be approved by the director which relieves the employer from the burden of assuming and paying for any part of the medical, surgical, and hospital services and supplies required.

(3) (a) (I) The director shall establish a schedule fixing the fees for which all surgical, hospital, dental, nursing, vocational rehabilitation, and medical services, whether related to treatment or not, pertaining to injured employees under this section shall be compensated. It is unlawful, void, and unenforceable as a debt for any physician, chiropractor, hospital, person, expert witness, reviewer, evaluator, or institution to contract with, bill, or charge any party for services, rendered in connection with injuries coming within the purview of this article or an applicable fee schedule, which are or may be in excess of said fee schedule unless such charges are approved by the director. Fee schedules shall be reviewed on or before July 1 of each year by the director, and appropriate health-care practitioners shall be given a reasonable opportunity to be heard as required pursuant to section 24-4-103, C.R.S., prior to fixing the fees, impairment rating guidelines, which shall be based on the revised third edition of the "American Medical Association Guides to the Evaluation of Permanent Impairment", in effect as of July 1, 1991, and medical treatment guidelines and utilization standards. Fee schedules established pursuant to this subparagraph (I) shall take effect on January 1. The director shall promulgate rules concerning

reporting requirements, penalties for failure to report correctly or in a timely manner, utilization control requirements for services provided under this section, and the accreditation process in subsection (3.6) of this section. The fee schedule shall apply to all surgical, hospital, dental, nursing, vocational rehabilitation, and medical services and to expert witness, expert reviewer, or expert evaluator services, whether related to treatment or not, provided after any final order, final admission, or full or partial settlement of the claim.

(II) Notwithstanding the provisions of subparagraph (I) of this paragraph (a) the fees set forth in the schedule established pursuant to subparagraph (I) of this paragraph (a) shall be those fees in effect immediately prior to July 1, 1991, and such fees shall remain in effect until July 1, 1995.

(III) Notwithstanding the provisions of subparagraph (I) of this paragraph (a), until the impairment rating guidelines and medical treatment guidelines and utilization standards required by subparagraph (I) of this paragraph (a) and subsection (3.5) of this section are adopted and level I accreditation is received, compensation for fees for chiropractic treatments shall not be made more than ninety days after the first of such treatments nor after the twelfth such treatment, whichever first occurs, unless the chiropractor has received level I accreditation.

(b) Medical treatment guidelines and utilization standards, developed by the director, shall be used by health-care practitioners for compliance with this section.

(3.5) (a) (I) (A) "Physician" means, for the purposes of the level I and level II accreditation programs, a physician licensed under the "Colorado Medical Practice Act". For the purposes of level I accreditation only and not level II accreditation, "physician" means a dentist licensed under the "Dental Practice Act", article 220 of title 12; a podiatrist licensed under article 290 of title 12; and a chiropractor licensed under article 215 of title 12.

(B) A physician assistant licensed under the "Colorado Medical Practice Act", article 240 of title 12, may receive level I accreditation. In order for a level I accredited physician assistant to perform medical services requiring level I accreditation, a level I accredited physician must delegate the performance of those medical services to the level I accredited physician assistant.

(C) A physician shall not be deemed accredited under either level I or level II solely by reason of being licensed.

(D) An advanced practice registered nurse with prescriptive authority pursuant to section 12-255-112 may receive level I accreditation for purposes of receiving one hundred percent reimbursement under the medical fee schedule created in accordance with subsection (3) of this section.

(E) Nothing in this subsection (3.5)(a) grants any person other than a physician licensed under the "Colorado Medical Practice Act" the authority to determine that no permanent medical impairment has resulted from the injury pursuant to subsection (3.6)(b) of this section or that a claimant has attained maximum medical improvement pursuant to section 8-42-107 (8)(b)(I).

(II) The director shall promulgate rules establishing a system for the determination of medical treatment guidelines and utilization standards and medical impairment rating guidelines for impairment ratings as a percent of the whole person or affected body part based on the revised third edition of the "American Medical Association Guides to the Evaluation of Permanent Impairment", in effect as of July 1, 1991.

(b) A medical impairment rating system shall be maintained by the director.

(c) (I) This subsection (3.5) is repealed, effective September 1, 2025.

(II) Prior to such repeal the accreditation process created by this subsection (3.5) and subsection (3.6) of this section shall be reviewed as provided for in section 24-34-104, C.R.S.

(3.6) The two-tier accreditation system shall comprise the following programs:

(a) (I) A program establishing the accreditation requirements for physicians providing primary care to patients who have, as a result of their injury, been unable to return to work for more than three working days, referred to in this section as "time-loss injuries", which program shall be voluntary except in the case of chiropractors, for whom it shall be mandatory, and which shall be known as level I accreditation; and

(II) A program establishing the accreditation requirements for physicians providing impairment evaluation of injured workers, which program shall be known as level II accreditation.

(b) A physician who provides impairment evaluation of injured workers shall complete and must have received accreditation under the level II accreditation program. However, the authorized treating physician providing primary care need not be level II accredited to determine that no permanent medical impairment has resulted from the injury. Specialists who do not render primary care to injured workers and who do not perform impairment evaluations do not require accreditation. The facility where a physician provides such services cannot be accredited.

(c) Both the level I and level II accreditation programs shall be implemented and available to physicians. All physicians who are required to be accredited shall complete the level II accreditation program or programs.

(d) The level I and level II accreditation programs shall operate in such a manner that the costs of the program are fully met by registration fees paid by the physicians. The registration fee for each program must cover the cost of all accreditation course work and materials.

(e) The accreditation system shall be established so as to provide physicians with an understanding of the administrative, legal, and medical roles and in such a manner that accreditation is accessible to every licensed physician, with consideration of specialty and geographic diversity.

(f) Initial accreditation shall be for a three-year period and may be renewed for successive three-year periods. The director by regulation may determine any additional training program required prior to accreditation renewal.

(g) The director shall, upon good cause shown, revoke the accreditation of any physician who violates the provisions of this subsection (3.6) or any rule promulgated by the director pursuant to this subsection (3.6), following a hearing on the merits before an administrative law judge, subject to review by the industrial claim appeals office and the court of appeals, in accordance with all applicable provisions of article 43 of this title.

(h) If a physician whose accreditation has been revoked submits a claim for payment for services rendered subsequent to such revocation, the physician shall be considered in violation of section 10-1-128, C.R.S., and neither an insurance carrier nor a self-insured employer shall be under any obligation to pay such claim.

(i) A physician who provides treatment for nontime loss injuries need not be accredited to be reimbursed for the costs of such treatment pursuant to the provisions of the "Workers' Compensation Act of Colorado".

(j) (Deleted by amendment, L. 96, p. 151, § 2, effective July 1, 1996.)

(k) The division shall make available to insurers, claimants, and employers a list of all accredited physicians and a list of all physicians whose accreditation has been revoked. Such lists shall be updated on a monthly basis.

(l) The registration fees collected pursuant to paragraph (d) of this subsection (3.6) shall be transmitted to the state treasurer, who shall credit the same to the physicians accreditation program cash fund, which is hereby created in the state treasury. Moneys in the physicians accreditation program cash fund are hereby continuously appropriated for the payment of the direct costs of providing the level I and level II accreditation courses and materials.

(m) All administrative costs associated with the level I and level II accreditation programs shall be paid out of the workers' compensation cash fund in accordance with appropriations made pursuant to section 8-44-112 (7).

(n) The director shall contract with the medical school of the university of Colorado for the services of a medical director to advise the director on issues of accreditation, impairment rating guidelines, medical treatment guidelines and utilization standards, and case management and to consult with the director on peer review activities as specified in this subsection (3.6) and section 8-43-501. The medical director shall be a medical doctor licensed to practice in this state with experience in occupational medicine. The director may contract with an appropriate private organization that meets the definition of a quality improvement organization as set forth in 42 U.S.C. sec. 1320c-1 to conduct peer review activities under this subsection (3.6) and section 8-43-501 and to recommend whether or not adverse action is warranted.

(o) Except as provided in this subsection (3.6), neither an insurance carrier nor a self-insured employer or injured worker shall be liable for costs incurred for an impairment evaluation rendered by a physician where there is a determination of permanent medical impairment if such physician is not level II accredited pursuant to the provisions of this subsection (3.6).

(p) (I) As used in this paragraph (p):

(A) "Case management" means a system developed by the insurance carrier in which the carrier shall assign a person knowledgeable in workers' compensation health care to communicate with the employer, employee, and treating physician to assure that appropriate and timely medical care is being provided.

(B) "Managed care" means the provision of medical services through a recognized organization authorized under the provisions of parts 1, 3, and 4 of article 16 of title 10, C.R.S., or a network of medical providers accredited to practice workers' compensation under this subsection (3.6).

(II) Every employer or its insurance carrier shall offer at least managed care or medical case management in the counties of Denver, Adams, Jefferson, Arapahoe, Douglas, Boulder, Larimer, Weld, El Paso, Pueblo, and Mesa and shall offer medical case management in all other counties of the state.

(q) The division is authorized to accept moneys from any governmental unit as well as grants, gifts, and donations from individuals, private organizations, and foundations; except that no grant, gift, or donation may be accepted by the division if it is subject to conditions which are inconsistent with this article or any other laws of this state or which require expenditures from the workers' compensation cash fund which have not been approved by the general assembly. All moneys accepted by the division shall be transmitted to the state treasurer for credit to the workers' compensation cash fund.

(f) (I) This subsection (3.6) is repealed, effective September 1, 2025.

(II) Prior to such repeal the accreditation process created by subsection (3.5) of this section and this subsection (3.6) shall be reviewed as provided for in section 24-34-104, C.R.S.

(3.7) On and after July 1, 1991, all physical impairment ratings used under articles 40 to 47 of this title shall be based on the revised third edition of the "American Medical Association Guides to the Evaluation of Permanent Impairment", in effect as of July 1, 1991. For purposes of determining levels of medical impairment pursuant to articles 40 to 47 of this title a physician shall not render a medical impairment rating based on chronic pain without anatomic or physiologic correlation. Anatomic correlation must be based on objective findings.

(3.9) A person providing mental health services pursuant to articles 40 to 47 of this title 8, including cognitive behavioral therapy and other treatment modalities under the workers' compensation system, must be formally trained and licensed as a mental health provider.

(4) Once there has been an admission of liability or the entry of a final order finding that an employer or insurance carrier is liable for the payment of an employee's medical costs or fees, a medical provider shall under no circumstances seek to recover such costs or fees from the employee.

(5) If any party files an application for hearing on whether the claimant is entitled to medical maintenance benefits recommended by an authorized treating physician that are unpaid and contested, and any requested medical maintenance benefit is admitted fewer than twenty days before the hearing or ordered after application for hearing is filed, the court shall award the claimant all reasonable costs incurred in pursuing the medical benefit. Such costs do not include attorney fees.

(6) (a) If an employer receives notice of injury and the employer or, if insured, the employer's insurance carrier, after notice of the injury, fails to furnish reasonable and necessary medical treatment to the injured worker for a claim that is admitted or found to be compensable, the employer or carrier shall reimburse the claimant, or any insurer or governmental program that pays for related medical treatment, for the costs of reasonable and necessary treatment that was provided. An employer, insurer, carrier, or provider may not recover the cost of care from a claimant where the employer or carrier has furnished medical treatment except in the case of fraud.

(b) If a claimant has paid for medical treatment that is admitted or found to be compensable and that costs more than the amount specified in the workers' compensation fee schedule, the employer or, if insured, the employer's insurance carrier, shall reimburse the claimant for the full amount paid. The employer or carrier is entitled to reimbursement from the medical providers for the amount in excess of the amount specified in the worker's compensation fee schedule.

(7) (a) Except as provided in subsections (7)(b) and (7)(c) of this section, a claimant must submit a request for mileage expense reimbursement for travel reasonably necessary and related to obtaining compensable treatment, supplies, or services specified in subsection (1)(a) of this section to the employer or, if insured, to the employer's insurer no later than one hundred twenty days after the date the expense is incurred, unless good cause for a later submission is shown. Good cause includes a failure by the employer or employer's insurer to provide the notice in the brochure required by section 8-43-203 (3)(c)(IV). Within thirty days after the date the claimant submits the request for mileage expense reimbursement, the employer or employer's

insurer shall pay the mileage expenses or, if denying the request, provide written notice to the claimant stating the reason the request was denied.

(b) Within seven days after the date of receipt of a claimant's written request for advance mileage expenses for travel that is reasonably necessary and related to obtaining compensable treatment, supplies, or services specified in subsection (1)(a) of this section and requires round-trip travel greater than one hundred miles, the employer or the employer's insurer shall pay the advance mileage expenses or, if denying the request, provide written notice to the claimant stating the reason the request was denied.

(c) If advance mileage expense payment is made pursuant to this subsection (7), and the specific travel for which payment was provided does not occur, the employer or, if insured, the employer's insurer is entitled to a credit in the amount of the payment to be applied against liability for any future mileage expense reimbursements.

8-42-102. Basis of compensation - "wages" defined - average weekly wage - "at the time of injury" clarified. (1) The average weekly wage of an injured employee shall be taken as the basis upon which to compute compensation payments.

(2) Average weekly wages for the purpose of computing benefits provided in articles 40 to 47 of this title, except as provided in this section, shall be calculated upon the monthly, weekly, daily, hourly, or other remuneration which the injured or deceased employee was receiving at the time of the injury, and in the following manner; except that any portion of such remuneration representing a per diem payment shall be excluded from the calculation unless such payment is considered wages for federal income tax purposes:

(a) Where the employee is being paid by the month for services under a contract of hire, the weekly wage shall be determined by multiplying the monthly wage or salary at the time of the accident by twelve and dividing by fifty-two.

(b) Where the employee is being paid by the week for services under a contract of hire, said weekly remuneration at the time of the injury shall be deemed to be the weekly wage for the purposes of articles 40 to 47 of this title.

(c) Where the employee is rendering service on a per diem basis, the weekly wage shall be determined by multiplying the daily wage by the number of days and fractions of days in the week during which the employee under a contract of hire was working at the time of the injury or would have worked if the injury had not intervened.

(d) Where the employee is being paid by the hour, the weekly wage shall be determined by multiplying the hourly rate by the number of hours in a day during which the employee was working at the time of the injury or would have worked if the injury had not intervened, to determine the daily wage; then the weekly wage shall be determined from said daily wage in the manner set forth in paragraph (c) of this subsection (2).

(e) Where the employee is paid on a piecework, tonnage, commission, or basis other than a monthly, weekly, daily, or hourly wage and where the employment is but casual and in the usual course of the trade, business, profession, or occupation of his employer, the total amount earned by the injured or killed employee in the twelve months preceding the injury shall be computed, which sum shall be divided by the number of pay periods the injured person was employed during the twelve months immediately preceding the injury, and the result thus ascertained shall be considered the average wage of said employee per pay period.

(f) Where the employee is being paid by the mile, the weekly wage shall be determined by multiplying the rate per mile by the average number of miles per day the employee drove in the service of the employer in the sixty working days immediately preceding the date of the injury, to arrive at a daily wage; then the weekly wage shall be determined from the said daily wage in the manner set forth in paragraph (c) of this subsection (2). If, on the date of the injury, the employee has worked for the employer less than sixty days, the average daily wage shall be based on the average miles driven per working day during such period.

(3) Where the foregoing methods of computing the average weekly wage of the employee, by reason of the nature of the employment or the fact that the injured employee has not worked a sufficient length of time to enable earnings to be fairly computed thereunder or has been ill or has been self-employed or for any other reason, will not fairly compute the average

weekly wage, the division, in each particular case, may compute the average weekly wage of said employee in such other manner and by such other method as will, in the opinion of the director based upon the facts presented, fairly determine such employee's average weekly wage.

(4) Where an employee is a minor and the disability is temporary, the average weekly wage of such minor shall be determined by the division as in cases of disability of adults. Where the disability of such minor is permanent or if benefits under articles 40 to 47 of this title accrue because of the death of such minor, compensation to said minor or death benefits to said minor's dependents shall be paid at the maximum rate of compensation payable under said articles at the time of the determination of such permanency or of such death.

(5) (a) The general assembly hereby finds that the phrase "at the time of injury" in subsection (2) of this section refers to the date of the employee's accident. When subsection (2) of this section is used to determine a worker's average weekly wage, the wage on the date of the accident shall be used.

(b) Nothing in this subsection (5) alters the discretion of the division or the director to fairly determine a worker's average weekly wage in accordance with subsection (3) of this section.

8-42-103. Disability indemnity payable as wages - period of disability. (1) If the injury or occupational disease causes disability, a disability indemnity shall be payable as wages pursuant to section 8-42-105 (2)(a) subject to the following limitations:

(a) If the period of disability does not last longer than three days from the day the employee leaves work as a result of the injury, no disability indemnity shall be recoverable except the disbursement provided in articles 40 to 47 of this title for medical, surgical, nursing, and hospital services, apparatus, and supplies, nor in any case unless the division has actual knowledge of the injury or is notified thereof within the period specified in said articles.

(b) If the period of disability lasts longer than two weeks from the day the injured employee leaves work as the result of the injury, disability indemnity shall be recoverable from the day the injured employee leaves work.

(c) (I) In cases where it is determined that periodic disability benefits granted by the federal "Old-Age, Survivors, and Disability Insurance Amendments of 1965", Pub.L. 89-97, are payable to an individual and the individual's dependents, the aggregate benefits payable for temporary total disability, temporary partial disability, and permanent total disability pursuant to this section shall be reduced, but not below zero, by an amount equal as nearly as practical to one-half the federal periodic benefits; but, if the federal "Old-Age, Survivors, and Disability Insurance Amendments of 1965", Pub.L. 89-97, is amended to provide for a reduction of an individual's disability benefits thereunder because of compensation benefits payable under articles 40 to 47 of this title, the reduction of compensation benefits provided in said articles shall be decreased by an amount equal to the federal reduction. Upon request of the insurer or employer, the employee shall apply for such federal periodic disability benefits and respond to

requests from the insurer or employer as to the status of such application. Failure to comply with this section constitutes cause for suspension of benefits.

(II) In cases where it is determined that periodic benefits granted by the federal old-age, survivors, and disability insurance act or employer-paid retirement benefits are payable to an individual and the individual's dependents, the aggregate benefits payable for permanent total disability pursuant to this section shall be reduced, but not below zero:

(A) By an amount equal as nearly as practical to one-half such federal benefits; except that this reduction for the periodic benefits granted by the federal old-age, survivors, and disability insurance act shall not exceed the reduction specified in subparagraph (I) of this paragraph (c) for the periodic disability benefits payable to an individual;

(B) By an amount determined as a percentage of the employer-paid retirement benefits, said percentage to be determined by a weighted average of the employer's contributions during the period of covered employment divided by the total contributions during the period of covered employment; except that in permanent total disability cases all contributions made by the employer pursuant to a collective bargaining agreement with the employee's representative shall be considered to have been made by the employee.

(II.5) In cases where an employer does not participate in federal old-age, survivors, and disability insurance, and it is determined that employer-paid retirement benefits are payable to an individual and the individual's dependents, the aggregate benefits payable for permanent total disability pursuant to this section shall be reduced, but not below zero by an amount determined as a percentage of the employer-paid retirement benefits, said percentage to be determined by a weighted average of the employer's contributions during the period of covered employment divided by the total contributions during the period of covered employment.

(III) Notwithstanding sub-subparagraph (A) of subparagraph (II) of this paragraph (c), if the federal "Old-Age, Survivors, and Disability Insurance Amendments of 1965", Pub.L. 89-97, is amended to provide for a reduction of an individual's periodic benefits thereunder because of compensation benefits payable under articles 40 to 47 of this title, the reduction of compensation benefits provided in said articles shall be decreased by an amount equal to the federal reduction.

(IV) The provisions of subparagraphs (II) and (III) of this paragraph (c) shall apply only if the injury on which the award for permanent total disability was based occurred after the claimant reached forty-five years of age.

(V) The reductions or offsets in this subsection (1)(c) apply only if the employee was not receiving the periodic disability benefits or retirement benefits granted by the federal "Old-Age, Survivors, and Disability Insurance Amendments of 1965", Pub.L. 89-97, as amended, or employer-paid retirement benefits at the time of the work-related injury.

(d) (I) In cases where it is determined that periodic disability benefits are payable to an employee under a pension or disability plan financed in whole or in part by the employer, hereinafter called "employer pension or disability plan", the aggregate benefits payable for temporary total disability, temporary partial disability, and permanent total disability pursuant to this section shall be reduced, but not below zero, by an amount equal as nearly as practical to the employer pension or disability plan benefits, with the following limitations:

(A) Where the employee has contributed to the employer pension or disability plan, benefits shall be reduced under this section only in an amount proportional to the employer's percentage of total contributions to the employer pension or disability plan.

(B) Where the employer pension or disability plan provides by its terms that benefits are precluded thereunder in whole or in part if benefits are awarded under articles 40 to 47 of this title, the reduction provided in this paragraph (d) shall not be applicable to the extent of the amount so precluded.

(II) Upon request of the insurer or employer, the employee shall apply for such periodic disability benefits and respond to requests from the insurer or employer as to the status of such application. Failure to comply with this section shall be cause for suspension of benefits.

(III) The provisions of this paragraph (d) shall apply to a disability pension paid pursuant to article 30.5 or 31 of title 31, C.R.S.; except that said reduction shall not reduce the combined weekly disability benefits below a sum equal to one hundred percent of the state average weekly wage as defined in section 8-47-106 and applicable to the year in which the weekly disability benefits are being paid.

(IV) If the disability benefits awarded pursuant to articles 40 to 47 of this title are paid in a lump sum pursuant to section 8-43-406, the weekly benefit attributed to such workers' compensation benefits, for the purpose of calculating the combined weekly disability benefit specified in subparagraph (III) of this paragraph (d), shall be calculated by assuming that the employee is receiving the weekly disability benefits payments such employee would have received had such weekly disability payments not been reduced and paid as a lump sum.

(e) In cases where it is determined that periodic disability benefits are payable to an individual and said individual's dependents pursuant to a workers' compensation act of another state or of the federal government, the aggregate benefits payable for temporary total disability, temporary partial disability, permanent partial disability, and permanent total disability pursuant to this section shall be reduced, but not below zero, by an amount equal to the benefits payable pursuant to such other workers' compensation act.

(f) In cases where it is determined that unemployment compensation benefits are payable to an employee, the aggregate benefits payable for permanent total disability pursuant to this section shall be reduced, but not below zero, by an amount equal as nearly as practical to such unemployment compensation benefits. In cases where it is determined that unemployment insurance benefits are payable to an employee, compensation for temporary disability shall be reduced, but not below zero, by the amount of unemployment insurance benefits received, unless the unemployment insurance amount has already been reduced by the temporary disability benefit amount and except that temporary total disability shall not be reduced by unemployment insurance benefits received pursuant to section 8-73-112.

(g) In cases where it is determined that a temporarily disabled employee is responsible for termination of employment, the resulting wage loss shall not be attributable to the on-the-job injury.

(h) Unless the offset provisions of section 29-5-403 (10) have already been taken, in cases where it is determined that a firefighter has received an award of benefits for a cancer diagnosis pursuant to section 29-5-403 (3)(b) to (3)(k), the aggregate benefits payable for temporary total disability, temporary partial disability, permanent partial disability, and permanent total disability shall be reduced, but not below zero, by an amount equal to the total amount of such cancer diagnosis benefits. In cases where it is determined that a covered individual has received cosmetic disfigurement benefits pursuant to section 29-5-403 (4)(b), benefits for disfigurement payable pursuant to section 8-42-108 shall be reduced, but not below zero, by an amount equal to such cosmetic disfigurement benefits.

(2) Within fifteen days after receipt of written notice by the employer or, if insured, the employer's workers' compensation insurance carrier or third-party administrator of the termination of a fringe benefit or advantage enumerated in section 8-40-201 (19)(b), and the effective date of the termination and cost of conversion, the employer or, if insured, the employer's workers' compensation insurance carrier or third-party administrator shall recalculate the applicable average weekly wage and begin payment of benefits in accordance with the recalculation with interest beginning on the date the benefit was terminated.

8-42-104. Effect of previous injury or compensation. (1) The fact that an employee has suffered a previous disability or impairment or received compensation therefor shall not preclude compensation for a later injury or for death, but, in determining compensation benefits payable for the later injury or death, the employee's average weekly earnings at the time of the later injury shall be used in determining the compensation payable to the employee or such employee's dependents. Notwithstanding any other provision of articles 40 to 47 of this title, no claimant may receive concurrent permanent total disability awards from injuries occurring in this state or any other state.

(2) (Deleted by amendment, L. 2008, p. 1676, § 2, effective July 1, 2008.)

(3) An employee's temporary total disability, temporary partial disability, or medical benefits shall not be reduced based on apportionment under any circumstances. This subsection (3) supercedes the Colorado court of appeals' decisions in *Hutchison v. Industrial Claim Appeals Office of Colorado*, 405 P.3d 458 (Colo. App. 2017) and *Duncan v. Industrial Claim Appeals Office of Colorado*, 107 P.3d 999 (Colo. App. 2004).

(4) An employee's recovery of permanent total disability shall not be reduced when the disability is the result of a work-related injury or a work-related injury combined with genetic, congenital, or similar conditions; body habitus; or family history; except that this subsection (4) does not apply to reductions in recovery or apportionments allowed pursuant to the Colorado supreme court's decision in the case denominated *Anderson v. Brinkhoff*, 859 P.2d 819 (Colo. 1993).

(5) In cases of permanent medical impairment, the employee's award or settlement shall not be reduced except:

(a) When an employee has suffered more than one permanent medical impairment to the same body part and has received an award or settlement under the "Workers' Compensation Act of Colorado" or a similar act from another state. The permanent medical impairment rating

applicable to the previous injury to the same body part, established by award or settlement, shall be deducted from the permanent medical impairment rating for the subsequent injury to the same body part.

(b) When an employee has a nonwork-related previous permanent medical impairment to the same body part that has been identified, treated, and, at the time of the subsequent compensable injury, is independently disabling. The percentage of the nonwork-related permanent medical impairment existing at the time of the subsequent injury to the same body part shall be deducted from the permanent medical impairment rating for the subsequent compensable injury.

(6) Nothing in this section shall be construed to preclude employers or insurers from seeking contribution or reimbursement, as permitted by law, from other employers or insurers for benefits paid to or for an injured employee as long as the employee's benefits are not reduced or otherwise affected by such contribution or reimbursement.

(7) For the purposes of subsections (4) and (5) of this section, the employer or, if the employer is insured, the employer's insurer has the burden of proof, by a preponderance of the evidence, at any hearing regarding apportionment that may result in a reduction of benefits to an employee under this section.

8-42-105. Temporary total disability - hearings. (1) In case of temporary total disability of more than three regular working days' duration, the employee shall receive sixty-six and two-thirds percent of said employee's average weekly wages so long as such disability is total, not to exceed a maximum of ninety-one percent of the state average weekly wage per week. Except where vocational rehabilitation is offered and accepted as provided in section 8-42-111 (3), temporary total disability payments shall cease upon the occurrence of any of the events enumerated in subsection (3) of this section. If vocational rehabilitation is offered and accepted, any party may at any time terminate vocational rehabilitation upon fourteen days' written notice to the other parties and the director. For purposes of this section, termination of vocational rehabilitation shall be the same as if vocational rehabilitation had never been offered and accepted, and the employer or insurance carrier shall not be entitled to recover any temporary total disability benefits paid during the period that vocational rehabilitation was provided.

(2) (a) The first installment of compensation shall be paid no later than the date that liability for the claim is admitted by the insurance carrier or self-insured employer. If the insurance carrier or self-insured employer denies liability for the claim, the claimant may request an expedited hearing on the issue of compensability if the application is filed within forty-five days after the date of mailing of the notice of contest. The director shall set any such expedited matter for hearing within forty days after the date of the application, when the issue is liability for the disease or injury. The time schedule for such an expedited hearing is subject to the

extensions set forth in section 8-43-209. If a claimant elects not to request an expedited hearing pursuant to this paragraph (a), the time schedule for hearing the matter shall be as set forth in section 8-43-209. Compensation shall be paid at least once every two weeks, except where the director determines that payment in installments should be made at some other interval. The director may by rule convert monthly benefit schedules to weekly or other periodic schedules.

(b) Temporary disability compensation is not due and payable for any period of time for which the insurer or self-insured employer has requested from the employee's attending physician verification of the employee's inability to work resulting from the claimed injury or disease and the physician cannot verify the employee's inability to work, unless the employee has been unable to receive treatment for reasons beyond the employee's control. Failure of the physician to submit such verification, through no fault of the employee, shall not affect the payment of temporary disability compensation under this section.

(c) If an employee fails to appear at an appointment with the employee's attending physician, the insurer or self-insured employer shall notify the employee by certified mail that temporary disability benefits may be suspended after the employee fails to appear at a rescheduled appointment. If the employee fails to appear at a rescheduled appointment, the insurer or self-insured employer may, without a prior hearing, suspend payment of temporary disability benefits to the employee until the employee appears at a subsequent rescheduled appointment.

(d) If the insurer or self-insured employer has requested and failed to receive from the employee's attending physician verification of the employee's inability to work resulting from the claimed injury or disease, medical services provided by the attending physician are not compensable until the attending physician submits such verification.

(3) Temporary total disability benefits shall continue until the first occurrence of any one of the following:

- (a) The employee reaches maximum medical improvement;
- (b) The employee returns to regular or modified employment;
- (c) The attending physician gives the employee a written release to return to regular employment; or
- (d) (I) The attending physician gives the employee a written release to return to modified employment, such employment is offered to the employee in writing, and the employee fails to begin such employment.

(II) In the case of employment by a temporary help contracting firm, once the employee has received one written offer of modified employment meeting the requirements of subparagraph (III) of this paragraph (d), the employee shall be deemed to be on notice that modified employment is available. Subsequent offers of modified employment need not be in writing so long as the job requirements of such modified employment are within the restrictions given the employee by the employee's attending physician and the employee is allowed a period of at least twenty-four hours, not including any part of a Saturday, Sunday, or legal holiday, within which to respond to any such offer.

(III) A written offer of modified employment under subparagraph (II) of this paragraph (d) shall clearly state:

- (A) That future offers of employment need not be in writing;
- (B) The policy of the temporary help contracting firm regarding how and when employees are expected to learn of such future offers; and

(C) That benefits under this section will be terminated if an employee fails to respond to an offer of modified employment.

(4) (a) In cases where it is determined that a temporarily disabled employee is responsible for termination of employment, the resulting wage loss shall not be attributable to the on-the-job injury.

(b) The claimant's refusal to accept an offer of modified employment under either of the following conditions does not constitute responsibility for termination:

(I) The offer of modified employment would require the claimant to travel a distance of greater than fifty miles one way more than the claimant's preinjury commute; or

(II) An administrative law judge determines that the claimant's rejection of the offer of modified employment was reasonable considering the totality of the claimant's circumstances, including accounting for:

(A) The consequences of the industrial injury;

(B) The financial hardship that would be imposed on the claimant in order to accept the offer of modified employment; or

(C) Any other reasons that would, in the opinion of the administrative law judge, make it impracticable for the claimant to accept the offer of modified employment.

(c) The circumstances described in paragraph (b) of this subsection (4) are not exhaustive.

(5) (a) Within forty-five days after an insurer or self-insured employer terminates an employee's temporary total disability benefits pursuant to subsection (3)(c) of this section, the employee may file an application for an expedited hearing on any of the following issues:

(I) Who the attending physician is;

(II) Whether the attending physician gave the employee a written release to return to regular employment; and

(III) Whether there is a difference of opinion between authorized treating medical providers regarding whether the employee is released to return to regular employment.

(b) If an administrative law judge finds there is a difference of opinion as described in subsection (5)(a)(III) of this section, the employee has the burden of proving by a preponderance of the evidence that, as a proximate result of the claimed injury or disease, the employee is unable to return to regular employment. If the employee meets this burden, the administrative law judge shall reinstate the employee's terminated temporary total disability benefits back to the date of termination.

8-42-106. Temporary partial disability. (1) In case of temporary partial disability, the employee shall receive sixty-six and two-thirds percent of the difference between the employee's

average weekly wage at the time of the injury and the employee's average weekly wage during the continuance of the temporary partial disability, not to exceed a maximum of ninety-one percent of the state average weekly wage per week. Temporary partial disability shall be paid at least once every two weeks.

(2) Temporary partial disability payments shall continue until the first occurrence of either one of the following:

(a) The employee reaches maximum medical improvement; or

(b) (I) The attending physician gives the employee a written release to return to modified employment, such employment is offered to the employee in writing, and the employee fails to begin such employment.

(II) In the case of employment by a temporary help contracting firm, once the employee has received one written offer of modified employment meeting the requirements of subparagraph (III) of this paragraph (b), the employee shall be deemed to be on notice that modified employment is available. Subsequent offers of modified employment need not be in writing so long as the job requirements of such modified employment are within the restrictions given the employee by the employee's attending physician and the employee is allowed a period of at least twenty-four hours, not including any part of a Saturday, Sunday, or legal holiday, within which to respond to any such offer.

(III) A written offer of modified employment under subparagraph (II) of this paragraph (b) shall clearly state:

(A) That future offers of employment need not be in writing;

(B) The policy of the temporary help contracting firm regarding how and when employees are expected to learn of such future offers; and

(C) That benefits under this section will be terminated if an employee fails to respond to an offer of modified employment.

- (4) For the purpose of this schedule, permanent and complete paralysis of any member as the proximate result of accidental injury shall be deemed equivalent to the loss thereof.

(5) If amputation is made between any two joints mentioned in this schedule, except amputation between the knee and the hip joint, the resulting loss shall be estimated as if the amputation had been made at the joint nearest thereto. If any portion of the bone of the distal joint of any finger, thumb, or toe is amputated, the amount paid therefor shall be the amount allowed for amputation at said distal joint.

(6) (a) The amounts specified in subsections (1) to (5) of this section shall be at the compensation rate of one hundred seventy-six dollars per week.

(b) On July 1, 2000, and on each succeeding July 1 thereafter, the compensation rate established in this subsection (6) shall be modified for claims arising on and after such date by the same percentage increase or decrease as the state average weekly wage as determined by the director when the director establishes the state average weekly wage pursuant to section 8-47-106.

(7) (a) When an injured employee sustains two or more injuries coming under this schedule, the disabilities specified in subsections (1) to (5) of this section shall be added, and the injured employee shall receive the sum total thereof; except that, where the injury results in the loss or partial loss of use of the index finger and thumb of the same hand or of more than two digits of any one hand or foot, the disability, in the discretion of the director, may be compensated on the basis of the partial loss of use of said hand or foot, measured respectively from the wrist or ankle.

(b) (I) The general assembly finds, determines, and declares that the rating organization that studied the impact of the changes in Senate Bill 91-218, enacted at the first regular session of the fifty-eighth general assembly, assumed that scheduled injuries would remain on the schedule and nonscheduled injuries would be compensated as medical impairment benefits. Therefore, the general assembly finds, determines, and declares that the purpose of changing the provisions of subparagraph (II) of this paragraph (b), as amended by House Bill 99-1157, enacted at the first regular session of the sixty-second general assembly, is to clarify that scheduled injuries shall be compensated as provided on the schedule and nonscheduled injuries shall be compensated as medical impairment benefits, and that, when an injured worker sustains both scheduled and nonscheduled injuries, the losses shall be compensated on the schedule for scheduled injuries and the nonscheduled injuries shall be compensated as medical impairment benefits. The general assembly further determines and declares that mental or emotional stress shall be compensated pursuant to section 8-41-301 (2) and shall not be combined with a scheduled or a nonscheduled injury.

(II) Except as provided in subsection (8) of this section, where an injury causes the loss of, loss of use of, or partial loss of use of any member specified in the foregoing schedule, the amount of permanent partial disability shall be the proportionate share of the amount stated in the above schedule for the total loss of a member, and such amount shall be in addition to compensation for temporary disability. Where an injury causes a loss set forth in the schedule in subsection (2) of this section and a loss set forth for medical impairment benefits in subsection (8) of this section, the loss set forth in the schedule found in said subsection (2) shall be compensated solely on the basis of such schedule and the loss set forth in said subsection (8) shall be compensated solely on the basis for such medical impairment benefits specified in said subsection (8).

(III) Mental or emotional stress shall be compensated pursuant to section 8-41-301 (2) and shall not be combined with a scheduled or a nonscheduled injury, except for the purposes of

calculating a claimant's impairment rating to determine the applicable cap for benefits pursuant to section 8-42-107.5.

(IV) When an employee sustains an injury on the schedule of injuries listed in subsection (2) of this section that may also be compensated as specified in subsection (8) of this section, if the amount of compensation for medical impairment when using the schedule of injuries in subsection (2) of this section would be greater than the nonscheduled impairment benefits in subsection (8) of this section, then the employee is entitled to the compensation specified in subsection (2) of this section.

(8) Medical impairment benefits - determination of MMI for scheduled and nonscheduled injuries. (a) When an injury results in permanent medical impairment not set forth in the schedule in subsection (2) of this section, the employee is limited to medical impairment benefits calculated as provided in this subsection (8), except as provided in subsection (7)(b)(IV) of this section. The procedures for determination of maximum medical improvement set forth in subsection (8)(b) of this section are available in cases of injuries set forth in the schedule in subsection (2) of this section and also in cases of injuries that are not set forth in said schedule.

(b) (I) An authorized treating physician shall make a determination as to when the injured employee reaches maximum medical improvement as defined in section 8-40-201 (11.5).

(II) If either party disputes a determination by an authorized treating physician on the question of whether the injured worker has or has not reached maximum medical improvement, an independent medical examiner may be selected in accordance with section 8-42-107.2; except that, if an authorized treating physician has not determined that the employee has reached maximum medical improvement, the employer or insurer may only request the selection of an independent medical examiner if all of the following conditions are met:

(A) At least twenty-four months have passed since the date of injury;

(B) A party has requested in writing that an authorized treating physician determine whether the employee has reached maximum medical improvement and has provided the authorized treating physician with the written report required by subsection (8)(b)(II)(E) of this section;

(C) The authorized treating physician has not determined that the employee has reached maximum medical improvement;

(D) A physician other than the authorized treating physician has examined the employee at least twenty months after the date of the injury and determined that the employee has reached maximum medical improvement; and

(E) The requesting party has provided the authorized treating physician and all other parties with a written report from the physician who has examined the employee pursuant to subsection (8)(b)(II)(D) of this section, indicating that the examining physician has determined that the employee has reached maximum medical improvement, and the authorized treating physician has responded in writing to all the parties that the employee has not reached maximum medical improvement or has failed to respond in writing to all parties within fifteen calendar days after the service of the written report.

(III) Notwithstanding paragraph (c) of this subsection (8), if the independent medical examiner selected pursuant to subparagraph (II) of this paragraph (b) finds that the injured worker has reached maximum medical improvement, the independent medical examiner shall also determine the injured worker's permanent medical impairment rating. The finding regarding

maximum medical improvement and permanent medical impairment of an independent medical examiner in a dispute arising under subparagraph (II) of this paragraph (b) may be overcome only by clear and convincing evidence. A hearing on this matter shall not take place until the finding of the independent medical examiner has been filed with the division.

(b.5) When an authorized treating physician providing primary care who is not accredited under the level II accreditation program pursuant to section 8-42-101 (3.5) makes a determination that an employee has reached maximum medical improvement, the following procedures shall apply:

(I) (A) If the employee is not a state resident upon reaching maximum medical improvement, such physician shall, within twenty days after the determination of maximum medical improvement, determine whether the employee has sustained any permanent impairment. If the employee has sustained any permanent impairment, such physician shall conduct such tests as are required by the revised third edition of the "American Medical Association Guides to the Evaluation of Permanent Impairment" to determine such employee's medical impairment rating and shall transmit to the self-insured employer or insurer all test results and all relevant medical information.

(B) However, if the employee chooses not to have the authorized treating physician perform such tests, or if the information is not transmitted in a timely manner, the self-insured employer or insurer shall arrange and pay for the employee to return to Colorado for examination, testing, and rating, at the expense of the self-insured employer or insurer. If the employee refuses to return to Colorado for examination, no permanent disability benefits shall be awarded.

(C) The self-insured employer or insurer shall, within twenty days after receipt of the medical information described in sub-subparagraph (A) of this subparagraph (I), appoint a level II accredited physician to determine the employee's medical impairment rating. If the employee was treated by an authorized level II accredited physician in Colorado for the same injury for which a medical impairment rating is being sought, the self-insured employer or insurer shall request such physician to determine the claimant's medical impairment rating. At the same time as such rating is transmitted to the self-insured employer or insurer, the level II physician shall transmit a copy of the same to the authorized treating physician and the employee.

(D) If the employee, insurer, or self-insured employer disputes a medical impairment rating, including a finding that there is no medical impairment, made pursuant to sub-subparagraph (A) of this subparagraph (I), the parties to the dispute may select an independent medical examiner in accordance with section 8-42-107.2 to review the rating. The cost of such independent medical examination shall be borne by the requesting party. The finding of such independent medical examiner shall be overcome only by clear and convincing evidence. Any review by an independent medical examiner shall be based on the employee's written medical records only, without further examination, unless a party to the dispute requests that such review include a physical examination by the independent medical examiner. Except when the provisions of section 8-42-107.2 (5)(b) apply, the party requesting a physical examination shall pay all additional costs, including, if applicable, the reasonable cost of returning the employee to Colorado.

(II) If the employee is a state resident, such physician shall, within twenty days after the determination of maximum medical improvement, determine whether the employee has sustained any permanent impairment. If the employee has sustained any permanent impairment,

such physician shall refer such employee to a level II accredited physician for a medical impairment rating, which shall be based on the revised third edition of the "American Medical Association Guides to the Evaluation of Permanent Impairment". If the referral is not timely made by the authorized treating physician, the insurer or self-insured employer shall refer the employee to a level II accredited physician within forty days after the determination of maximum medical improvement. If the employee, insurer, or self-insured employer disputes the finding regarding permanent medical impairment, including a finding that there is no permanent medical impairment, the parties to the dispute may select an independent medical examiner in accordance with section 8-42-107.2. The finding of any such independent medical examiner shall be overcome only by clear and convincing evidence.

(c) When the injured employee's date of maximum medical improvement has been determined pursuant to subparagraph (I) of paragraph (b) of this subsection (8), and there is a determination that permanent medical impairment has resulted from the injury, the authorized treating physician shall determine a medical impairment rating as a percentage of the whole person based on the revised third edition of the "American Medical Association Guides to the Evaluation of Permanent Impairment", in effect as of July 1, 1991. Except for a determination by the authorized treating physician providing primary care that no permanent medical impairment has resulted from the injury, any physician who determines a medical impairment rating shall have received accreditation under the level II accreditation program pursuant to section 8-42-101. For purposes of determining levels of medical impairment, the physician shall not render a medical impairment rating based on chronic pain without anatomic or physiologic correlation. Anatomic correlation must be based on objective findings. If either party disputes the authorized treating physician's finding of medical impairment, including a finding that there is no permanent medical impairment, the parties may select an independent medical examiner in accordance with section 8-42-107.2. The finding of the independent medical examiner may be overcome only by clear and convincing evidence. A hearing on this matter shall not take place until the finding of the independent medical examiner has been filed with the division.

(c.5) When an injury results in the total loss or total loss of use of an arm at the shoulder, a forearm at the elbow, a hand at the wrist, a leg at the hip or so near thereto as to preclude the use of an artificial limb, the loss of a leg at or above the knee where the stump remains sufficient to permit the use of an artificial limb, a foot at the ankle, an eye, or a combination of any such losses, the benefits for such loss shall be determined pursuant to this subsection (8), except as provided in subsection (7)(b)(IV) of this section.

(d) Medical impairment benefits shall be determined by multiplying the medical impairment rating determined pursuant to paragraph (c) of this subsection (8) by the age factor determined pursuant to paragraph (e) of this subsection (8) and by four hundred weeks and shall be calculated at the temporary total disability rate specified in section 8-42-105. Up to ten thousand dollars of the total amount of any such award or scheduled award shall be automatically paid in a lump sum less the discount as calculated in section 8-43-406 upon the injured employee's written request to the employer or, if insured, to the employer's insurance carrier. The remaining periodic payments of any such award, after subtracting the total amount of the lump sum requested by the employee without subtracting the discount calculated in section 8-43-406, shall be paid at the temporary total disability rate but not less than one hundred fifty dollars per week and not more than fifty percent of the state average weekly wage, beginning on the date of maximum medical improvement.

(e) The age factor for use in calculating medical impairment benefits pursuant to this subsection (8) is as follows:

(f) In all claims in which an authorized treating physician recommends medical benefits after maximum medical improvement, and there is no contrary medical opinion in the record, the employer shall, in a final admission of liability, admit liability for related reasonable and necessary medical benefits by an authorized treating physician, which benefits are not limited to any specific medical treatment.

Editor's note: This section is similar to former §§ 8-51-104 and 8-51-108 as they existed prior to 1990.

8-42-107.2. Selection of independent medical examiner - procedure - time - allocation of costs - disclosures regarding physician relationships with insurers, self-insured employers, or claimants - rules - applicability. (1) This section governs the selection of an independent medical examiner, also referred to in this section as an "IME", to resolve disputes arising under section 8-42-107.

(2) (a) (I) Except as otherwise provided in subparagraph (II) of this paragraph (a), the time for selection of an IME commences as follows, depending on which party initiates the dispute:

(A) For the claimant, the time for selection of an IME commences with the date of mailing of a final admission of liability by the insurer or self-insured employer that includes an impairment rating issued in accordance with section 8-42-107.

(B) For the insurer or self-insured employer, the time for selection of an IME commences with the date on which the disputed finding or determination is mailed or physically delivered to the insurer or self-insured employer.

(II) If, as of the date on which the time for selection of an IME would otherwise commence, a medical condition is not yet ratable because of a provision in the medical treatment guidelines or in the revised third edition of the "American Medical Association Guides to the Evaluation of Permanent Impairment", the time for selection of an IME shall commence on the date on which an impairment rating is mailed or physically delivered.

(b) If any party disputes a finding or determination of the authorized treating physician, such party shall request the selection of an IME. The requesting party shall notify all other parties in writing of the request, on a form prescribed by the division by rule, and shall propose one or more acceptable candidates for the purpose of entering into negotiations for the selection of an IME. Such notice and proposal is effective upon mailing via United States mail, first-class postage paid, addressed to the division and to the last-known address of each of the other parties. Unless such notice and proposal are given within thirty days after the date of mailing of the final admission of liability or the date of mailing or delivery of the disputed finding or determination, as applicable pursuant to paragraph (a) of this subsection (2), the authorized treating physician's findings and determinations shall be binding on all parties and on the division.

(c) If the insurer or self-insured employer requests an IME and the examination is conducted before the insurer or self-insured employer admits liability pursuant to section 8-43-203 (2)(b), the claimant may not request a second independent medical examination on that issue but may appeal the IME's decision, as set forth in section 8-43-203 (2)(b)(II).

(3) (a) Upon receiving the requesting party's notice and proposal pursuant to subsection (2) of this section, the other parties have until the end of the thirtieth day after the date of mailing of such notice and proposal within which to negotiate and select an IME. If the parties agree on an IME on or before such thirtieth day, the requesting party shall promptly notify the IME in writing that he or she has been selected. If, within such time, the parties are unable to agree or the requesting party receives no response to the notice and proposal, the insurer or self-insured employer shall give written notice of such fact to the division within thirty days via United States mail, first-class postage paid. The division shall then, within ten days after receiving such written notice, select three physicians by a revolving selection process established by the division from the list of physicians maintained by the division. The division shall administer the list in such fashion as to ensure that the names of candidates to serve as IME in each pending case remain confidential until the IME is selected. The director of the division shall promulgate rules to implement the process of selecting a panel of three physicians from which the parties may select a physician to conduct a division independent medical examination. The selection of a physician panel shall be based on various factors, including, but not limited to, the designation by rule of the fields of specialization authorized to perform independent medical examinations for conditions listed under each medical treatment guideline and measures to prevent the

over-utilization of physicians or specialists. The requesting party shall have the opportunity to strike one of the three physicians from the list, followed by the opposing party who shall then be given the opportunity to strike one physician from the list. The remaining IME physician shall be designated by the division to conduct the IME. If one or neither party strikes a physician from the list, the division shall select the physician to conduct the IME from the remaining physicians on the list.

(b) Upon selection of the IME, the insurance carrier shall provide to the IME and all other parties a copy of all medical records in its possession relevant to the subject injury, postmarked or hand-delivered within fourteen days prior to the independent medical examination. If the insurance carrier or its representative fails to timely submit such medical records, the claimant may request that the division cancel the independent medical examination or the claimant may submit copies of all medical records relevant to the subject injury that the claimant has available within ten days prior to the independent medical examination, or as otherwise arranged by the division with the IME. If the claimant submits medical records, the defaulting party may supplement such records pursuant to rules of the division. This subsection (3)(b) shall not be construed to prohibit an independent medical examination from being rescheduled.

(c) Any supplemental medical records shall be prepared according to the rules of the division and shall be submitted to the IME and all other parties no later than seven days prior to the independent medical examination.

(d) (I) The IME shall neither contact any of the authorized treating physicians or any examining or reviewing physician nor request a claimant to undergo repeat testing when the testing results were valid and the IME has resolved any disparity in testing results.

(II) Subparagraph (I) of this paragraph (d), as enacted by Senate Bill 09-168, enacted in 2009, is declared to be procedural and was intended to and shall apply to all workers' compensation claims, regardless of the date the claim was filed.

(3.5) (a) Prior to making a determination to strike a physician from the list of IME physicians provided by the division in accordance with paragraph (a) of subsection (3) of this section, a party may request and shall be entitled to obtain and review a summary disclosure pertaining to any business, financial, employment, or advisory relationship between a listed physician, or any entity affiliated with the physician, and the insurer, self-insured employer, or claimant who is a party to the claim. The party shall not be required to make its determination to strike a physician from the list until he or she has received and has had a reasonable opportunity to review the summary disclosure.

(b) The director shall adopt rules as necessary to implement this subsection (3.5). At a minimum, the rules shall:

(I) Require physicians to disclose the requested business, financial, employment, or advisory relationship information in a summarized format;

(II) Detail the form and manner in which the summary disclosure is to be provided;

(III) Set parameters regarding the period within which a requesting party is allowed to review the summary disclosure prior to making a determination to strike a physician from the list; and

(IV) Prohibit a physician who fails to disclose the requested summarized information from conducting an independent medical examination until he or she complies with the request.

(4) (a) Upon receipt of the IME's report, the division has five business days to review the report and either:

(I) Issue a notice to all parties that the division has received the IME's report; or

(II) Notify the IME of any deficiencies in the report by letter and send copies to all parties.

(b) Upon notification of any deficiencies identified in the IME's report, the IME has twenty days to remedy the deficiencies and resubmit the report. After the report has been resubmitted, the division shall comply with paragraph (a) of this subsection (4). If the IME fails to timely respond to the notification of deficiencies, the division shall issue a notice that it has received the IME's report and the insurer or self-insured employer shall comply with paragraph (c) of this subsection (4).

(c) Within twenty days after the date of the mailing of the division's notice that it has received the IME's report, the insurer or self-insured employer shall either file its admission of liability pursuant to section 8-43-203 or request a hearing before the division contesting one or more of the IME's findings or determinations contained in such report.

(5) (a) (I) The director shall promulgate rules consistent with this subsection (5) to determine the amount and allocation of costs to be paid by the parties for the independent medical examination.

(II) Except as provided in subsections (5)(a)(III) and (5)(b) of this section, the requesting party shall pay the cost of an independent medical examination. The requesting party shall advance the full base cost of the independent medical examination to the IME at least ten days before the appointed time of the examination.

(III) If there is a dispute regarding indigency or the amount or allocation of any costs to be paid, including the format, content, volume, relevance, or duplicative medical records submitted to the IME, a party may request a prehearing conference with the division to resolve the dispute. The determination of the cost allocation in excess of the full base cost must include consideration of the volume of medical records, the format and content of the IME packet, and any other considerations necessary to determine the allocation of the IME costs between the parties.

(b) A claimant who has established that he or she is indigent shall receive an independent medical examination without having to advance the cost to the independent medical examiner. The director of the division of workers' compensation shall promulgate rules to establish a procedure to determine indigence.

(6) This section was enacted by House Bill 98-1062, as enacted at the second regular session of the sixty-first general assembly, as a remedial statute and is procedural in nature. The purpose of this section is to improve and simplify remedies already existing for the enforcement of rights and the redress of injuries under the workers' compensation laws of Colorado. This section effected procedures related to the selection of an IME and shall be applicable to all open cases with a date of injury on or after July 1, 1991, for which a division IME has not been requested, pursuant to section 8-42-107.

8-42-107.5. Limits on temporary disability payments and permanent partial disability payments. (1) A claimant whose impairment rating is nineteen percent or less may not receive more than seventy-five thousand dollars from combined temporary disability payments and permanent partial disability payments. A claimant whose impairment rating is greater than nineteen percent may not receive more than one hundred fifty thousand dollars from combined temporary disability payments and permanent partial disability payments.

(2) For the purposes of this section, any mental impairment rating shall be combined with the physical impairment rating to establish a claimant's impairment rating for determining the applicable cap. For injuries sustained on and after January 1, 2012, the director shall adjust these limits on the amount of compensation for combined temporary disability payments and permanent partial disability payments on July 1, 2011, and each July 1 thereafter, by the percentage of the adjustment made by the director to the state average weekly wage pursuant to section 8-47-106.

The commissioner of insurance shall include within the premium dividends specified in rules and regulations promulgated pursuant to section 10-4-408 (5), C.R.S., a premium dividend of up to ten percent if an employer reemploys injured employees at their preinjury wages including any wage increases to which such employees would have been entitled had the employee not been injured. The total amount of the premium dividend shall be determined on a pro rata basis, taking into account the total number of employees injured during the period of time the insurance policy was in effect and the total number of injured employees who have sustained permanent partial disability as a result of their injuries and who have been rehired by such employer.

(1) If an employee is seriously, permanently disfigured about the head, face, or parts of the body normally exposed to public view, in addition to all other compensation benefits provided in this article and except as provided in subsection (2) of this section, the director may allow compensation not to exceed four thousand dollars to the employee who suffers such disfigurement.

(2) If an employee sustains any of the following disfigurements, the director may allow up to eight thousand dollars as compensation to the employee in addition to all other compensation benefits provided in this article other than compensation allowed under subsection (1) of this section:

- (a) Extensive facial scars or facial burn scars;
 - (b) Extensive body scars or burn scars; or
 - (c) Stumps due to loss or partial loss of limbs.
- (3) The director shall adjust the limits on the amount of compensation for disfigurement specified in this section on July 1, 2008, and each July 1 thereafter by the percentage of adjustment made by the director to the state average weekly wage pursuant to section 8-47-106.

8-42-111. Award for permanent total disability. (1) In cases of permanent total disability, the award shall be sixty-six and two-thirds percent of the average weekly wages of the injured employee and shall continue until death of such person so totally disabled but not in excess of the weekly maximum benefits specified in this article for injuries causing temporary total disability.

(a) Where injury is caused by the willful failure of the employee to use safety devices provided by the employer;

(b) Where injury results from the employee's willful failure to obey any reasonable rule adopted by the employer for the safety of the employee; or

(c) (Deleted by amendment, L. 99, p. 581, § 2, effective July 1, 1999.)

(d) Where the employee willfully misleads an employer concerning the employee's physical ability to perform the job, and the employee is subsequently injured on the job as a result of the physical ability about which the employee willfully misled the employer. Notwithstanding any other provisions of articles 40 to 47 of this title, the provisions of this paragraph (d) shall apply in addition to any other penalty that may be imposed under section 8-43-402.

(2) In the event the claimant or dependent is receiving periodic disability benefits for which a reduction in Colorado workers' compensation benefits has been made pursuant to section 8-42-103, the fifty percent reduction provided for in subsection (1) of this section shall be computed according to the rate of benefits received by the claimant or dependent after, and not before, such other reduction has been made.

(3) An admission of liability reducing compensation under this section must include a statement by a representative of the employer listing the specific facts on which the reduction is based.

(4) If the insurer or self-insured employer admits liability for the claim, any party may request an expedited hearing on the issue of whether the employer or insurer may reduce compensation under this section if the application for hearing is filed within forty-five days after the date of the admission reducing compensation under this section. The director shall set any expedited matter for hearing within sixty days after the date of the application. The time schedule for an expedited hearing is subject to the extensions set forth in section 8-43-209. If the party elects not to request an expedited hearing under this subsection (4), the time schedule for hearing the matter is as set forth in section 8-43-209.

8-42-112.5. Limitation on payments - use of controlled substances. (1) Nonmedical benefits otherwise payable to an injured worker are reduced fifty percent where the injury results from the presence in the worker's system, during working hours, of controlled substances, as defined in section 18-18-102 (5), C.R.S., that are not medically prescribed or of a blood alcohol level at or above 0.10 percent, or at or above an applicable lower level as set forth by federal statute or regulation, as evidenced by a forensic drug or alcohol test conducted by a medical facility or laboratory licensed or certified to conduct such tests. A duplicate sample from any test conducted must be preserved and made available to the worker for purposes of a second test to be conducted at the worker's expense. If the test indicates the presence of such substances or of alcohol at such level, it is presumed that the employee was intoxicated and that the injury was due to the intoxication. This presumption may be overcome by clear and convincing evidence.

(2) As used in this section, "nonmedical benefits" means all benefits provided for in articles 40 to 47 of this title other than disbursements for medical, surgical, nursing, and hospital services, apparatus, and supplies.

8-42-113. Limitations on payments to prisoners - incentives to sheriffs and department of corrections. (1) Notwithstanding any other provision of law to the contrary except as provided in subsection (4) of this section, any individual who is otherwise entitled to benefits under articles 40 to 47 of this title shall neither receive nor be entitled to such benefits for any week following conviction during which such individual is confined in a jail, prison, or any department of corrections facility.

(1.5) (a) In the event the identifying information transmitted to the department of labor and employment pursuant to section 17-26-118.5 (2), C.R.S., results in the termination of workers' compensation benefits pursuant to subsection (1) of this section, the employer or the insurance carrier, if any, shall pay to the sheriff a reward equal to ten percent of one week's benefit to which the ineligible individual would otherwise be eligible to receive.

(b) An individual who is ineligible pursuant to subsection (1) of this section shall repay to the employer or the insurance carrier, if any, any amounts received while not eligible.

(2) After such individual's release from confinement, the individual shall be restored to the same position with respect to entitlement to benefits under articles 40 to 47 of this title as said individual would otherwise have enjoyed at the point in time of such release from confinement. However, except as provided in subsection (3) of this section, said individual shall not be able to recover, recoup, or otherwise be retroactively entitled to any of the benefits to which the individual would have been entitled without the limitation specified in subsection (1) of this section.

(3) If upon appeal such conviction is overturned, such individual shall be entitled to recover the benefits to which such individual would have been entitled except for the operation of subsection (1) of this section.

(4) This section shall not apply to benefits under articles 40 to 47 of this title to which an inmate of a department of corrections facility or a city, county, or city and county jail is entitled for injury or occupational disease arising out of and in the course of the inmate working, performing services, or participating in a training, rehabilitation, or work release program that has been certified by the federal prison industry enhancement certification program pursuant to the federal "Justice System Improvement Act of 1979", 18 U.S.C. sec. 1761 (c). The inmate shall be entitled to benefits in accordance with section 8-40-301 (3)(a).

(b.5) (I) After the filing of a final admission of liability, except in cases of fraud, any attempt to recover an overpayment shall be asserted within one year after the time the requester knew of the existence of the overpayment.

(II) Subparagraph (I) of this paragraph (b.5), as enacted by Senate Bill 09-168, enacted in 2009, is declared to be procedural and was intended to and shall apply to all workers' compensation claims, regardless of the date the claim was filed.

(c) If for any reason recovery of overpayments as contemplated in paragraph (a) or (b) of this subsection (1) is not practicable, the employer or insurer is authorized to seek an order for repayment.

(d) When an overpayment is repaid to the insurer, the insurer shall credit the losses on the claim and report the corrected losses to the insurance rating organization on the next scheduled report for purposes of the employer's experience modification.

8-42-124. Assignability and exemption of claims - payment to employers - when. (1) Except for amounts due under court-ordered support or for a judgment for a debt for fraudulently obtained public assistance, fraudulently obtained overpayments of public assistance, or excess

public assistance paid for which the recipient was ineligible, claims for compensation or benefits due, or any proceeds thereof, under articles 40 to 47 of this title shall not be assigned, released, or commuted except as provided in said articles and shall be exempt from all claims of creditors and from levy, execution, and attachment or other remedy or recovery or collection of a debt, which exemption may not be waived.

(2) The power given in any power of attorney or other authority from any injured employee or the dependents of any killed employee purporting to authorize any other person to receive, be paid, or receipt for any compensation benefits awarded any such claimant shall be wholly void and illegal and of no force and effect; except that:

(a) Any employer who is subject to the provisions of articles 40 to 47 of this title and who, by separate agreement, working agreement, contract of hire, or any other procedure, continues to pay a sum in excess of the temporary total disability benefits prescribed by articles 40 to 47 of this title to any employee temporarily disabled as a result of any injury arising out of and in the course of such employee's employment and has not charged the employee with any earned vacation leave, sick leave, or other similar benefits shall be reimbursed if insured by an insurance carrier or shall take credit if self-insured to the extent of all moneys that such employee may be eligible to receive as compensation or benefits for temporary partial or temporary total disability under the provisions of said articles, subject to the approval of the director. If the employee is injured while under a fixed duration contract of employment, all salary and wages paid pursuant to that contract shall be prorated over the duration of the contract in determining whether in any given week the employer paid a sum in excess of the temporary total disability benefit.

(b) This subsection (2) shall not apply to an attorney licensed to practice law in this state and acting in accordance with a power of attorney given by the claimant solely for the purpose of distributing funds pursuant to an admission of liability or an order of the division.

(3) Such payments shall be paid directly to the employer during the period of time that such employer continues to pay a sum in excess of the temporary total disability benefits prescribed by articles 40 to 47 of this title and has not charged any earned vacation leave, sick leave, or other similar benefits to any employee so disabled and for so long as such employee is eligible for temporary disability benefits under the provisions of articles 40 to 47 of this title. The payment of such moneys to an employer shall constitute the payment of compensation or benefits to the employee in accordance with the provisions of section 8-42-103.

(4) When the payment by an employer to any such disabled employee is reduced to a sum equal to or less than the temporary total disability benefits prescribed by articles 40 to 47 of this title, or when the employer has charged the employee with any earned vacation leave, sick leave, or other similar benefits for any reason, the rights of the employee to receive direct payment of any award for temporary partial or temporary total disability that said employee may be entitled to on and after the effective date of such reduction shall be reinstated in accordance with the provisions of articles 40 to 47 of this title.

(5) Any employer subject to the provisions of articles 40 to 47 of this title and otherwise qualifying for direct payment of employee benefits as provided in this section shall notify the division and the insurance carrier of such employer's eligibility to receive such moneys. The director shall approve such direct payment after the filing of such information by the employer as the director may require.

(7) Following an injury, any injured employee may authorize in writing the continuation of any payroll deduction which the employee had authorized or could have authorized before the injury, which authorization shall be legal and may be honored by the employer to the extent that proceeds of compensation of claims are available to the employer or are made available to the employer by the employer's insurance carrier for this purpose until the authorization is revoked in writing by the injured employee.

(8) If any employer who pays to an injured employee a sum in excess of the temporary total disability benefits prescribed by articles 40 to 47 of this title and who has not charged the employee with any earned vacation leave, sick leave, or other similar benefits seeks to have assigned the compensation benefits otherwise due the injured employee as provided in this section, the employer shall notify the employee of said request at the same time the employer makes the request of the director or insurance carrier or both.

(II) An employer who receives written notice of an injury pursuant to this subsection (2) shall affix the date and time of the receipt on the notice and shall make a copy of the notice affixed with the date and time of receipt available to the injured employee within seven days after receiving the notice. An employer is not subject to a penalty under articles 40 to 47 of this title 8 for failing to provide the injured employee a copy of the notice required by this subsection (2)(a)(II).

(3) An employee affected by the contraction of an occupational disease or someone on behalf of the affected employee shall give written notice of the contraction of the occupational disease to the employer within thirty days after the first distinct manifestation of the disease. In the event of death from the occupational disease, written notice of the employee's death shall be given to the employer within thirty days after the death. 8-43-103. Notice of injury - time limit. (1) Notice of an injury, for which compensation and benefits are payable, shall be given by the employer to the division and insurance carrier, unless the employer is self-insured, within ten days after the injury, and, in case of the death of any employee resulting from any such injury or any accident in which three or more employees are injured, the employer shall give immediate notice thereof to the director. If no such notice is given by the employer, as required by articles 40 to 47 of this title, such notice may be given by any person. Any notice required to be filed by an injured employee or, if deceased, by said employee's dependents may be made and filed by anyone on behalf of such claimant and shall be considered as done by such claimant if not specifically disclaimed or objected to by such claimant in writing filed with the division within a reasonable time. Such notice shall be in

Upon receipt of such notice from a claimant, the division shall immediately mail one copy thereof to said employer or said employer's agent or insurance carrier.

(2) The director and administrative law judges employed by the office of administrative courts shall have jurisdiction at all times to hear and determine and make findings and awards on all cases of injury for which compensation or benefits are provided by articles 40 to 47 of this title. Except in cases of disability or death resulting from exposure to radioactive materials, substances, or machines or to fissionable materials, or any type of malignancy caused thereby, or from poisoning by uranium or its compounds, or from asbestosis, silicosis, and anthracosis, the right to compensation and benefits provided by said articles shall be barred unless, within two years after the injury or after death resulting therefrom, a notice claiming compensation is filed with the division. This limitation shall not apply to any claimant to whom compensation has been paid or if it is established to the satisfaction of the director within three years after the injury or death that a reasonable excuse exists for the failure to file such notice claiming compensation and if the employer's rights have not been prejudiced thereby, and the furnishing of medical, surgical, or hospital treatment by the employer shall not be considered payment of compensation or benefits within the meaning of this section; but, in all cases in which the employer has been given notice of an injury and fails, neglects, or refuses to report said injury to the division as required by the provisions of said articles, this statute of limitations shall not begin to run against the claim of the injured employee or said employee's dependents in the event of death until the required report has been filed with the division.

(3) In cases of disability or death resulting from exposure to radioactive materials, substances, or machines or to fissionable materials, or any type of malignancy caused thereby, or from poisoning by uranium or its compounds, or from asbestosis, silicosis, or anthracosis, the right to compensation and benefits shall be barred unless, within five years after the commencement of disability or death, a notice claiming compensation is filed with the division.

8-43-201. Disputes arising under "Workers' Compensation Act of Colorado". (1) The director and administrative law judges employed by the office of administrative courts in the department of personnel shall have original jurisdiction to hear and decide all matters arising under articles 40 to 47 of this title; except that the following principles shall apply: A claimant in a workers' compensation claim shall have the burden of proving entitlement to benefits by a preponderance of the evidence; the facts in a workers' compensation case shall not be interpreted liberally in favor of either the rights of the injured worker or the rights of the employer; a workers' compensation case shall be decided on its merits; and a party seeking to modify an issue determined by a general or final admission, a summary order, or a full order shall bear the burden of proof for any such modification.

(2) The amendments made to subsection (1) of this section by Senate Bill 09-168, enacted in 2009, are declared to be procedural and were intended to and shall apply to all workers' compensation claims, regardless of the date the claim was filed.

(3) It is appropriate for the director or an administrative law judge to consider the medical treatment guidelines adopted under section 8-42-101 (3) in determining whether certain medical treatment is reasonable, necessary, and related to an industrial injury or occupational disease. The director or administrative law judge is not required to utilize the medical treatment guidelines as the sole basis for such determinations.

8-43-203. Notice concerning liability - notice to claimants - notice of rights and claims process - rules. (1) (a) The employer or, if insured, the employer's insurance carrier shall notify in writing the division and the injured employee or, if deceased, the decedent's dependents within twenty days after a report is, or should have been, filed with the division pursuant to section 8-43-101, whether liability is admitted or contested; except that, for the purpose of this section, any knowledge on the part of the employer, if insured, is not knowledge on the part of the insurance carrier. The employer or the employer's insurance carrier may notify the division electronically. Unless exempted by the director pursuant to rule because of a small number of filings or a showing of financial hardship, beginning July 1, 2006, all notices of contest shall be filed electronically. The rejection of an electronically filed notice by the division for a technical error shall not affect the validity of the notice to the claimant. If the insurance carrier or self-insured employer denies liability for the claim, the claimant may request an expedited hearing on the issue of compensability if the application therefor is filed within forty-five days after the date of mailing of the notice of contest. The director shall set any such expedited matter for hearing within sixty days after the date of the application, when the issue is liability for the disease or injury. The time schedule for such an expedited hearing is subject to the extensions set forth in section 8-43-209. If a claimant elects not to request an expedited hearing pursuant to this subsection (1), the time schedule for hearing the matter shall be as set forth in section 8-43-209.

(b) The written notice given pursuant to this subsection (1) shall include a specific reference to the claimant's obligations under section 8-42-113.5.

(c) The employer or, if insured, the employer's insurance carrier may not withdraw an initial admission of liability on the issue of compensability filed pursuant to this subsection (1) if two years or more have elapsed since the date the initial admission of liability was filed with the division, except in cases of fraud.

(1.5) (Deleted by amendment, L. 92, p. 1825, § 4, effective April 29, 1992.)

(2) (a) If such notice is not filed as provided in subsection (1) of this section, the employer or, if insured, the employer's insurance carrier, as the case may be, may become liable to the claimant, if the claimant is successful on the claim for compensation, for up to one day's compensation for each day's failure to so notify; except that the employer or, if insured, the employer's insurance carrier shall not be liable for more than the aggregate amount of three hundred sixty-five days' compensation for failure to timely admit or deny liability. Fifty percent of any penalty paid pursuant to this subsection (2) shall be paid to the subsequent injury fund, created in section 8-46-101, and fifty percent to the claimant.

(b) (I) If the employer or, if insured, the employer's insurance carrier admits liability, such notice shall specify the amount of compensation to be paid, to whom compensation will be paid, the period for which compensation will be paid, and the disability for which compensation will be paid, and payment thereon shall be made immediately.

(II) (A) An admission of liability for final payment of compensation must include a statement that this is the final admission by the workers' compensation insurance carrier in the case, that the claimant may contest this admission if the claimant feels entitled to more compensation, to whom the claimant should provide written objection, and notice to the claimant that the case will be automatically closed as to the issues admitted in the final admission if the

claimant does not, within thirty days after the date of the final admission, contest the final admission in writing and request a hearing on any disputed issues that are ripe for hearing, including the selection of an independent medical examiner pursuant to section 8-42-107.2 if an independent medical examination has not already been conducted. If an independent medical examination is requested pursuant to section 8-42-107.2, the claimant is not required to file a request for hearing on disputed issues that are ripe for hearing until the division's independent medical examination process is terminated for any reason. Any issue for which a hearing or an application for a hearing is pending at the time that the final admission of liability is filed shall proceed to the hearing without the need for the applicant to refile an application for hearing on the issue. This information must also be included in the admission of liability for final payment of compensation. The respondents have twenty days after the date of mailing of the notice from the division of the receipt of the IME's report to file an admission or to file an application for hearing. The claimant has thirty days after the date respondents file the admission or application for hearing to file an application for hearing, or a response to the respondents' application for hearing, as applicable, on any disputed issues that are ripe for hearing. The revised final admission, if any, must contain the statement required by this subparagraph (II), and the provisions relating to contesting the revised final admission apply. When the final admission is predicated upon medical reports, the reports must accompany the final admission.

(B) The amendments made to sub-subparagraph (A) of this subparagraph (II) by Senate Bill 09-168, enacted in 2009, are declared to be procedural and were intended to and shall apply to all workers' compensation claims, regardless of the date the claim was filed.

(c) No penalty may be assessed under this subsection (2) for failure to timely admit or deny liability if a request for such penalty is filed more than seven years after the alleged violation. The division shall retain original claim records filed with the division for at least seven years after closure of the case. Seven years after a case is closed, the records may only be used for reopening a settlement on the grounds of fraud or mutual mistake of material fact.

(d) Once a case is closed pursuant to this subsection (2), the issues closed may only be reopened pursuant to section 8-43-303. Upon proper showing in writing made within said times fixed therefor, the director may extend the time for filing such admission of liability or notice of contest, but not exceeding ten days at any one time. Hearings may be set to determine any matter, but, if any liability is admitted, payments shall continue according to admitted liability.

(3) In addition to any other notice required by this section, at the time that the employer or, if insured, the employer's insurance carrier provides the notice required by subsection (1) of this section, the employer or insurance carrier shall provide to the claimant a brochure written in easily understood language, in a form developed by the director after consultation with employers, insurance carriers, and representatives of injured workers, describing the claims process and informing the claimant of the claimant's rights. If the claimant has previously authorized the employer or, if insured, the employer's insurance carrier to communicate with the claimant through electronic transmission, the brochure may be sent to the claimant electronically. The brochure shall, at a minimum, contain the following information:

(a) Who the claimant may contact with questions concerning the claim, the claims process, and assistance with the claim, including:

 - (VIII) The claimant's right to a permanent impairment evaluation after the claimant's treating doctors determine that the claimant has reached maximum medical improvement; and
 - (IX) The claimant's right to be informed whether medical care after maximum medical improvement will be provided and to receive reasonable continued medical care if it is necessary to maintain maximum medical improvement;
- (c) A description of the claimant's right to receive benefit payments, including the claimant's right to receive:
 - (I) Wage replacement payments in the form of temporary total disability payments or temporary partial disability payments;

If such settlement provides by its terms that the employee's claim or award shall not be reopened, such settlement shall not be subject to being reopened under any provisions of articles 40 to 47 of this title other than on the ground of fraud or mutual mistake of material fact.

(2) Such a settlement shall be in writing and shall be signed by a representative of the employer or insurer and signed and sworn to by the injured employee. For claims that have a settlement amount of seventy-five thousand dollars or more, a written notice of the settlement agreement shall be provided to the employer.

(3) The settlement shall be reviewed in person with the injured employee and approved in writing by an administrative law judge or the director of the division prior to the finalization of such settlement. The settlement shall be filed with the division as a part of the injured employee's permanent record.

(4) If an employee owes child support and a garnishment has been filed pursuant to section 13-54.5-101, C.R.S., or the state child support enforcement agency has filed a notice of administrative lien and attachment pursuant to section 26-13-122, C.R.S., with the insurer or self-insured employer, all proceeds of any award, lump sum settlement, and the indemnity portion of any structured settlement shall be subject to said garnishment or administrative lien and attachment. (5) If an employee owes a debt for which a writ is issued as a result of a judgment for fraudulently obtained public assistance, fraudulently obtained overpayments of public assistance, or excess public assistance paid for which the recipient was ineligible and a garnishment has been filed pursuant to section 13-54-104 or 13-54.5-101 with the insurer or self-insured employer, all proceeds of any award, lump sum settlement, and the indemnity portion of any structured settlement are subject to the garnishment. (6) To aid in settlement, the director shall review mortality tables from the United States government and private industry and issue rules establishing a single life expectancy table on July 1 in every even-numbered year, commencing July 1, 2010. The director may adopt current mortality tables used by medicare. Nothing in this subsection (6) shall be construed to limit the use of rated ages.

(7) Any lump sum payable as a full or partial settlement shall be paid to the claimant or the claimant's attorney within fifteen calendar days after the date the executed settlement order is received by the carrier or the noninsured or self-insured employer.

(8) The director shall adopt rules as necessary to implement the procedure to review and approve settlement documents. At a minimum, the rules must:

(a) Allow a represented claimant to submit settlement documents for approval by electronic mail;

(3) The division shall develop a program to implement the provisions of this section. Such program shall be a simple, nonadversarial method for the mediation of disputes arising under articles 40 to 47 of this title. (n) Dismiss all issues in the case except as to resolved issues and except as to benefits already received, upon thirty days notice to all the parties, for failure to prosecute the case unless good cause is shown why such issues should not be dismissed. For purposes of this paragraph (n), it shall be deemed a failure to prosecute if there has been no activity by the parties in the case for a period of at least six months.

(o) Set aside all or any part of any fee for medical services rendered pursuant to articles 40 to 47 of this title if an administrative law judge determines after a hearing that, based upon a review of the medical necessity and appropriateness of care provided pursuant to said articles, any such fee is excessive or that the treatment rendered was not necessary or appropriate under

(1) Notwithstanding any provision of articles 40 to 47 of this title 8 to the contrary, at any time prior to the formal adjudication on the record of any issue before the director or an administrative law judge in the office of administrative courts in the department of personnel, any party to a claim may request a prehearing conference before a prehearing administrative law judge in the division for the speedy resolution of or simplification of any issues and to determine the general readiness of remaining issues for formal adjudication on the record. The issues addressed in the prehearing conference may include any issues properly within the authority of a prehearing administrative law judge pursuant to subsection (2) of this section. The filing of an application for hearing with the office of administrative courts in the department of personnel is not a prerequisite to a request for a prehearing conference under this section. The director and the administrative law judges in the office of administrative courts in the department of personnel may also request a prehearing conference under this section.

(2) (a) "Prehearing administrative law judge" means a qualified person appointed by the director pursuant to section 8-47-101 to preside over prehearing conferences pursuant to this section, to approve settlements pursuant to section 8-43-204, to conduct settlement conferences pursuant to section 8-43-206, and to conduct arbitrations pursuant to section 8-43-206.5.

(II) Resolving prehearing evidentiary disputes;

- (III) Determining if depositions must be taken;
 - (IV) Ruling on the imposition of sanctions for discovery disputes provided in the Colorado rules of civil procedure, except rule 107;
 - (V) Granting or denying requests for extensions of time for taking any action specified in this article 43;
 - (VI) Resolving disputes regarding discovery, including permission to engage in discovery with a self-represented party;
 - (VII) Appointing guardians ad litem and conservators, as appropriate, and assessing the reasonable fees and costs for any appointments from one or more of the parties;
 - (VIII) Determining the ripeness of legal issues for formal adjudication;
 - (IX) Determining the competency of any party to a claim to enter into settlement agreements; and
 - (X) Resolving disputes regarding indigency, the content and format of medical records submitted to an independent medical examiner selected pursuant to section 8-42-107.2, including whether medical records are relevant or duplicative, and the allocation of the cost of the IME to the respective parties in excess of the base cost.
- (3) An order entered by a prehearing administrative law judge shall be an order of the director and binding on the parties. Such an order shall be interlocutory. Prehearing conferences need not be held on the record; however, any party to a claim may request in advance that a record be made of the prehearing conference, either taken verbatim by a court reporter provided and paid for by the requesting party or electronically recorded by the division.
- (4) The director shall adopt rules and regulations as may be necessary to implement the provisions of this section.

Except upon the agreement of all parties or for good cause shown, a continuance to complete a hearing shall not exceed thirty calendar days.

8-43-211. Notice - request for hearing. (1) At least thirty days before any hearing, the office of administrative courts in the department of personnel shall send written notice to all parties by regular or electronic mail or by facsimile. The notice must:

- (a) Give the time, date, and place of the hearing;
- (b) Inform the parties that they must be prepared to present their evidence concerning the issues to be heard;
- (c) Inform the parties that they have the right to be represented by an attorney or other person of their choice at the hearing.

(b) Any party requests a hearing on issues ripe for adjudication by filing a written request with the office of administrative courts in the department of personnel on forms provided by the office. The request shall be mailed to all parties at the time they are filed with the office of administrative courts. After the filing of the requests, the office of administrative courts in the department of personnel shall set the matter for hearing insofar as is practicable in the order in which requests are received by the office of administrative courts.

(c) Any party or the attorney of such party sends notice to set a hearing on issues ripe for adjudication to opposing parties or their attorneys. The director of the office of administrative courts shall determine the place and time or times during which settings can be made. At such setting, the party requesting the setting shall submit a completed request for hearing form. Any notice to set shall be mailed to opposing parties at least ten days prior to the setting date.

(3) If an attorney requests a hearing or files a notice to set a hearing on an issue that is not ripe for adjudication at the time the request or filing is made, the attorney may be assessed the reasonable attorney fees and costs of the opposing party in preparing for the hearing or setting. The requesting party must prove its attempt to have an unripe issue stricken by a prehearing administrative law judge to request fees or costs. Requested fees or costs incurred after a prehearing conference may only be awarded if they are directly caused by the listing of the unripe issue.

(4) Except in claims in which compensability is contested or a hearing is requested in response to a final admission of liability or to overcome a conclusion in a division-sponsored independent medical examination, the party filing an application for a hearing shall certify on the application that the party attempted to resolve with the other parties all issues listed in the application for a hearing.

(b) A dissatisfied party may file the petition to review by regular or electronic mail, and the petition is deemed filed upon the date of mailing, as determined by the certificate of mailing, if the certificate of mailing indicates that the petition to review was mailed to the division or to the Denver office of the office of administrative courts in the department of personnel, as appropriate. The petition to review must be in writing and must set forth in detail the particular errors and objections of the petitioner. A petitioner must, at the time of filing the petition, order any transcript relied upon for the petition to review, arrange with the hearing reporter to pay for the transcript, and notify opposing parties of the transcript ordered. Opposing parties must order any other transcript not ordered by the petitioner and arrange with the hearing reporter to pay for the other transcript within twenty days after the date of the certificate of mailing of the petition to review the order.

(3) If transcripts of hearings are ordered as part of the record in a petition to review, the director or administrative law judge cannot rule on the petition until the transcripts are lodged with the division.

(4) When the record upon which a petition to review has been filed is complete, the parties shall be notified in writing. The petitioner shall have twenty days after the date of the certificate of mailing of the notice to file a brief in support of the petition. The opposing parties shall have twenty days after the date of the certificate of mailing of the petitioner's brief to file briefs in opposition thereto. After the briefs are filed or the time for filing has run, the director or administrative law judge shall have thirty days to enter a supplemental order or transmit the file to the industrial claim appeals office for review.

(5) In ruling on a petition to review, the director or administrative law judge may issue a supplemental order labeled as such limited to the matters raised in the petition to review, and, as to those matters, the director or administrative law judge may amend or alter the original order or set the matter for further hearing. In any event, if it has not already been done, the administrative law judge or director, following a petition to review an order, shall make findings of fact and conclusions of law necessary to support such order.

(6) A party dissatisfied with a supplemental order may file a petition for review by the panel. The petition shall be filed with the division if the supplemental order was issued by the

director or at the Denver office of the office of administrative courts in the department of personnel if the supplemental order was issued by an administrative law judge. The petition shall be filed within twenty days after the date of the certificate of mailing of the supplemental order. The petition shall be in writing, shall set forth in detail the particular errors and objections relied upon, and shall be accompanied by a brief in support thereof. The petition and brief shall be mailed by petitioner to all other parties at the time the petition is filed. All parties, except the petitioner, shall be deemed opposing parties and shall have twenty days after the date of the certificate of mailing of the petition and brief to file with the division or the Denver office of the office of administrative courts, as appropriate, briefs in opposition to the petition.

(7) When any petition for review by the panel is filed, the division or the Denver office of the office of administrative courts shall, when all briefs are submitted to the division or the Denver office of the office of administrative courts or within fifteen days after the date briefs were due, certify and transmit the record to the industrial claim appeals office along with the petitions and briefs. The division or the Denver office of the office of administrative courts, as appropriate, shall simultaneously send notice to the parties including the date that the record has been transmitted to the industrial claim appeals office.

(8) The industrial claim appeals office shall have sixty days after receipt of the certified record to enter its order. The panel may issue a summary order affirming the order of the administrative law judge or director. The panel may correct, set aside, or remand any order but only upon the following grounds: That the findings of fact are not sufficient to permit appellate review; that conflicts in the evidence are not resolved in the record; that the findings of fact are not supported by the evidence; that the findings of fact do not support the order; or that the award or denial of benefits is not supported by applicable law. If the findings of fact entered by the director or administrative law judge are supported by substantial evidence, they shall not be altered by the panel.

(9) The panel shall have the power to issue such procedural orders as may be necessary to carry out its appellate review under subsection (7) of this section, including but not limited to, orders concerning completion of the record and filing of briefs. In those cases where the parties file a stipulated motion requesting that consideration of the appeal be deferred pending ongoing settlement negotiations, the panel may extend the time for entry of its order up to a maximum of thirty days.

(10) The panel's order must be mailed to all parties of record. Any party dissatisfied with the panel's order has twenty-one days after the date of the certificate of mailing of such order to commence an action for judicial review in the court of appeals.

(11) If the panel has failed to enter its order within sixty days of the receipt of the certified record, the order of the director or administrative law judge is deemed the order of the panel and final unless, within thirty-five days after the end of the sixty-day period, the petitioner commences an action for judicial review in the court of appeals. If the panel has not acted on the sixtieth day, the industrial claim appeals office shall send a written notice to all parties stating that the parties have thirty-five days after the date of the certificate of mailing of the notice to commence such an action.

(12) If a petition to review is filed, a hearing may be held and orders entered on any other issue in the case during the pendency of the petition to review. If the order which is under petition to review concerns compensability, orders entered on these later issues are final and

appealable when entered, but not enforceable until the review of the order on compensability is completed.

(13) If the order which is under petition to review does not concern compensability, but concerns the respective liability of two or more employers or insurance carriers, and the injury or illness was found compensable in a hearing held pursuant to section 8-43-215, the employer or insurance carrier found liable by the director or administrative law judge shall pay benefits in accordance with the order under review until the review process is completed, at which time it shall be reimbursed by the other employer or carrier if reimbursement is necessary to comply with the final order.

(14) The signature of an attorney on a petition to review or brief in support thereof constitutes a certificate by the attorney that such attorney has read the petition or brief; that, to the best of the attorney's knowledge, information, or belief formed after reasonable inquiry, it is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law, and that it is not interposed for any improper purpose, such as to harass, cause delay, or unnecessarily increase the cost of litigation. If a petition or brief is signed in violation of this subsection (14), the director, the administrative law judge, or the panel shall award reasonable attorney fees and costs to the party incurring the fees and costs as a result of the improper actions.

(b) At any time within thirty days of the entry of an order, to correct any errors caused by mistake or inadvertence.

8-43-303. Reopening. (1) At any time within six years after the date of injury, the director or an administrative law judge may, after notice to all parties, review and reopen any award on the ground of fraud, an overpayment involving the circumstances described in section 8-42-113.5, an error, a mistake, or a change in condition, except for those settlements entered into pursuant to section 8-43-204 in which the claimant waived all rights to reopen an award; but a settlement may be reopened at any time on the ground of fraud or mutual mistake of material fact. In cases involving the circumstances described in section 8-42-113.5, recovery of overpayments shall be ordered in accordance with said section. If an award is reopened on grounds of an error, a mistake, or a change in condition, compensation and medical benefits previously ordered may be ended, diminished, maintained, or increased. Reopening does not affect the earlier award as to money already paid except in cases of fraud. Any order entered under this subsection (1) is subject to review in the same manner as other orders.

(2) (a) At any time within two years after the date the last temporary or permanent disability benefits or dependent benefits excluding medical benefits become due or payable, the director or an administrative law judge may, after notice to all parties, review and reopen an award on the ground of fraud, an overpayment, an error, a mistake, or a change in condition, except for those settlements entered into pursuant to section 8-43-204 in which the claimant waived all right to reopen an award; but a settlement may be reopened at any time on the ground of fraud or mutual mistake of material fact. Upon a prima facie showing that the claimant received overpayments, the award shall be reopened solely as to overpayments and repayment shall be ordered. In cases involving the circumstances described in section 8-42-113.5, recovery of overpayments shall be ordered in accordance with said section. If an award is reopened under this paragraph (a) on grounds of an error, a mistake, or a change in condition, compensation and medical benefits previously ordered may be ended, diminished, maintained, or increased. No such reopening shall affect the earlier award as to moneys already paid except in cases of fraud or overpayment. Any order entered under this paragraph (a) shall be subject to review in the same manner as other orders.

(b) At any time within two years after the date the last medical benefits become due and payable, the director or an administrative law judge may, after notice to all parties, review and reopen an award only as to medical benefits on the ground of an error, a mistake, or a change in condition, except for those settlements entered into pursuant to section 8-43-204 in which the claimant waived all right to reopen an award; but a settlement may be reopened at any time on the ground of fraud or mutual mistake of material fact. If an award is reopened under this paragraph (b), medical benefits previously ordered may be ended, diminished, maintained, or increased. No such reopening shall affect the earlier award as to moneys already paid. Any order entered under this paragraph (b) shall be subject to review in the same manner as other orders.

(3) (a) When a claimant has been awarded permanent total disability benefits, the award may be reopened at any time to determine if the claimant has returned to employment. If the claimant has returned to employment and has earned in excess of seven thousand five hundred dollars per year or has participated in activities that indicate that the claimant has the ability to return to employment and earn in excess of seven thousand five hundred dollars in a year, the claimant's permanent total disability award shall cease and the claimant is not entitled to further permanent total disability benefits as a result of the injury or occupational disease that led to the original permanent total disability award. Any subsequent permanent partial disability benefits

awarded for the same injury or occupational disease shall be decreased by the amount of permanent total disability benefits previously received by the employee.

(b) On July 1, 2022, and each July 1 thereafter, for injuries sustained on or after January 1, 2022, the director shall adjust the amount of earnings required for ceasing permanent total disability by the percentage of the adjustment made by the director to the state average weekly wage pursuant to section 8-47-106.

8-43-304. Violations - penalty - offset for benefits obtained through fraud - rules. (1) Any employer or insurer, or any officer or agent of either, or any employee, or any other person who violates articles 40 to 47 of this title 8, or does any act prohibited thereby, or fails or refuses to perform any duty lawfully enjoined within the time prescribed by the director or panel, for which no penalty has been specifically provided, or fails, neglects, or refuses to obey any lawful order made by the director or panel or any judgment or decree made by any court as provided by the articles shall be subject to such order being reduced to judgment by a court of competent jurisdiction and shall also be punished by a fine of not more than one thousand dollars per day for each offense, to be apportioned, in whole or part, at the discretion of the director or administrative law judge, between the aggrieved party and the Colorado uninsured employer fund created in section 8-67-105; except that the amount apportioned to the aggrieved party shall be a minimum of twenty-five percent of any penalty assessed.

(1.5) (a) (I) An insurer who knowingly or repeatedly violates any provision of articles 40 to 47 of this title shall be subject to a fine as determined by the director. If necessary, the director may conduct a hearing or may refer the matter to the office of administrative courts for the entry of findings of fact. The director shall promulgate rules that specify, with respect to an insurer's willful or repeated violations that are subject to this subsection (1.5):

(A) The circumstances pursuant to which the director may issue an order imposing a fine; and

(B) Criteria for determining the amount of the fine.

(II) If the division determines, as part of a compliance audit of an insurer or self-insured pool, that an injury or occupational disease was not reported to the division within the time specified in sections 8-43-101 and 8-43-103 because the insurer or self-insured pool did not have notice or knowledge of the injury, occupational disease, or fatality within a period of time that would allow the information to be reported to the division within the time specified in sections 8-43-101 and 8-43-103, the director shall not impose a fine for late reporting under this subsection (1.5). The director may impose a fine under this subsection (1.5) for late reporting under sections 8-43-101 and 8-43-103 as part of findings from a compliance audit if the director

finds that the late reporting constituted a knowing or repeated pattern of noncompliance with the reporting requirements of sections 8-43-101 and 8-43-103 and was not caused by the insurer or self-insured pool's lack of notice or knowledge of the injury, occupational disease, or fatality within a period of time that would allow the information to be reported to the division within the time specified in sections 8-43-101 and 8-43-103.

(b) Fines imposed pursuant to this subsection (1.5) on or after July 1, 2018, shall be transmitted to the state treasurer, who shall credit the fines to the Colorado uninsured employer fund created in section 8-67-105.

(2) An insurer or self-insured employer may take a credit or offset of previously paid workers' compensation benefits or payments against any further workers' compensation benefits or payments due a worker when the worker admits to having obtained the previously paid benefits or payments through fraud, or a civil judgment or criminal conviction is entered against the worker for having obtained the previously paid benefits through fraud. Benefits or payments obtained through fraud by a worker shall not be included in any data used for rate-making or individual employer rating or dividend calculations by any insurer or by Pinnacol Assurance.

(3) The director and each administrative law judge shall report to the division each time a penalty is imposed pursuant to this section. Each such report shall include the amount of the penalty, the name of the administrative law judge awarding the penalty, if applicable, and the name of the offending party.

(4) In any application for hearing for any penalty pursuant to subsection (1) of this section, the applicant shall state with specificity the grounds on which the penalty is being asserted. After the date of mailing of such an application, an alleged violator shall have twenty days to cure the violation. If the violator cures the violation within such twenty-day period, and the party seeking such penalty fails to prove by clear and convincing evidence that the alleged violator knew or reasonably should have known such person was in violation, no penalty shall be assessed. The curing of the violation within the twenty-day period shall not establish that the violator knew or should have known that such person was in violation.

(5) A request for penalties shall be filed with the director or administrative law judge within one year after the date that the requesting party first knew or reasonably should have known the facts giving rise to a possible penalty.

(1) A certified copy of any final order of the director or an administrative law judge ordering the payment of any penalty or repayment of overpayments pursuant to articles 40 to 47 of this title may be filed with the clerk of the district court of any county in this state at any time after the period of time provided by articles 40 to 47 of this title for appeal or seeking review of the order has passed without appeal or review being sought or, if appeal or review is sought, after the order has been finally affirmed and all appellate remedies and all opportunities for review have been exhausted. The party filing the order shall at the same time file a certificate to the effect that the time for appeal or review has passed without appeal or review being undertaken or that the order has been finally affirmed with all appellate remedies and all opportunities for review having been exhausted. with any final order of the division that determines compensability of a claim or liability of any party, that requires any party to pay a penalty or benefits, or that denies a claimant any benefit or penalty, the person may commence an action in the court of appeals against the industrial claim appeals office as defendant to modify or vacate the order on the grounds set forth in section 8-43-308.

(2) The director, an agent, deputy, or administrative law judge of the division, or an administrative law judge from the office of administrative courts, may, upon a showing of good cause, order the attendance at a hearing or deposition of any party, or of an officer, director, employee, or agent of any party, who is located in another state. A witness so ordered shall appear as indicated in the order or shall be available by telephone at the time and place set forth in the order.

(3) If a party or an officer, director, employee, or agent of a party fails, in the absence of a reasonable excuse, to obey an order issued pursuant to subsection (2) of this section, the party, officer, director, employee, or agent is liable for penalties as specified in section 8-43-304 (1).

PART 4

ENFORCEMENT AND PENALTIES

8-43-401. District attorney or attorney of division to act for director or office - penalties for failure of insurer to pay benefits. (1) Upon the request of the director or the industrial claim appeals office, the district attorney of any district or any attorney-at-law employed by the division shall institute and prosecute the necessary actions or proceedings for the enforcement of any of the provisions of articles 40 to 47 of this title, or any award or order of the director, an administrative law judge, or the industrial claim appeals office, or for the recovery of any money due to Pinnacol Assurance, or any penalty provided in said articles, and shall defend in like manner all suits, actions, or proceedings brought against the director, an administrative law judge, or the industrial claim appeals office.

(2) (a) After all appeals have been exhausted or in cases where there have been no appeals, all insurers and self-insured employers shall pay benefits within thirty days after any benefits are due. If any insurer or self-insured employer knowingly delays payment of medical benefits for more than thirty days or knowingly stops payments, such insurer or self-insured

employer shall pay a penalty of eight percent of the amount of wrongfully withheld benefits; except that no penalty is due if the insurer or self-insured employer proves that the delay was the result of excusable neglect. If any insurer or self-insured employer willfully withholds permanent partial disability benefits within thirty days of when due, the insurer or self-insured employer shall pay a penalty to the division of ten percent of the amount of such benefits due. The penalties shall be apportioned, in whole or part, at the discretion of the director or administrative law judge, among the aggrieved party, the medical services provider, and the workers' compensation cash fund created in section 8-44-112 (7)(a).

(b) All money collected as penalties by the division pursuant to this subsection (2) shall be transmitted to the state treasurer, who shall credit it to the Colorado uninsured employer fund created in section 8-67-105.

8-43-401.5. Financial incentives to deny or delay claim or medical care - prohibition - penalties. (1) No insurer, employee or contractor of an insurer, self-insured employer, employee or contractor of a self-insured employer, health-care provider, or employee or contractor of a health-care provider treating an injured worker under the provisions of articles 40 to 47 of this title shall pay or receive any form of financial remuneration that is based on any of the following:

(a) The number of days to maximum medical improvement;
(b) The rate of claims approval or denial;
(c) The number of medical procedures, diagnostic procedures, or treatment appointments approved; or

(d) Any other criteria designed or intended to encourage a violation of any provision of articles 40 to 47 of this title.

(2) (a) Payment of remuneration in violation of this section constitutes an unfair act or practice in the business of insurance, and the insurer or self-insured employer who pays or directs the payment of the remuneration shall be subject to penalties in accordance with part 11 of article 3 of title 10, C.R.S.

(b) In addition to, or as an alternative to, any penalties imposed pursuant to paragraph (a) of this subsection (2), an insurer or self-insured employer who is found to have violated subsection (1) of this section may be subject to fines as determined by the director pursuant to section 8-43-304 (1.5).

(3) Nothing in this section:

- (a) Restricts or limits the ability of a claims adjuster or employee or contracted claims personnel to investigate, detect, or prevent fraud; or
- (b) Limits the payment or receipt of financial incentives for any other lawful purpose.

8-43-402. False statement - felony. If, for the purpose of obtaining an order, benefit, award, compensation, or payment pursuant to the provisions of articles 40 to 47 of this title 8, either for self-gain or for the benefit of any other person, anyone willfully makes a false statement or representation material to the claim, such person commits a class 6 felony and shall be punished as provided in section 18-1.3-401 and forfeits all right to compensation under said articles upon conviction of the offense.

(2) Section 77 of chapter 298 (HB 23-1293), Session Laws of Colorado 2023, provides that the act changing this section applies to offenses committed on or after October 1, 2023.

8-43-403. Attorney fees. (1) A contingent fee shall not be applied to any medical benefits that have been previously incurred and will be paid to the claimant or directly to the medical care provider, in a permanent disability award, either by admission or settlement. If medical benefits are the only contested issue, the fee agreement shall provide for reasonable fees calculated on a per-hour basis or, subject to approval by the director, may provide for a contingent fee not to exceed the limitations imposed by this section. On unappealed contested cases, a contingent fee exceeding twenty-five percent of the amount of contested benefits is presumed to be unreasonable. At the request of either an employee or the employee's attorney, the director shall determine what portion of the benefits awarded were contested, or the reasonableness of the fee charged by such attorney, or both. At the request of the employer or its insurance carrier or the attorney for either of them, the director shall determine the reasonableness of the fee charged by the attorney for the insurance carrier. The director shall not consider a request for determination of the reasonableness of fees if received later than one hundred eighty days after the issuance of the final order, judgment, or opinion disposing of the last material issue in the case and the expiration of any right to review or appeal the final order, judgment, or opinion. In making this determination, the director shall consider fees normally charged by attorneys for cases requiring the same amount of time and skill and may decrease or increase the fee payable to such attorney. If the director finds that a review by the industrial claim appeals office or an appeal to the court of appeals or to the supreme court was perfected or

if the director finds that such attorney reasonably devoted an extraordinary amount of time to the case, the director may award or approve a contingent fee or other fee in a percentage or amount that exceeds twenty-five percent of the amount of contested benefits. In determining the reasonableness of fees charged by an attorney for an employer or employer's insurance carrier, the director shall compare the fees of such attorney with the fees charged by the claimant's attorney in the same case and shall not approve an amount substantially greater than the reasonable amount charged by the said claimant's attorney or, if the claimant did not prevail, the reasonable amount the said claimant's attorney would have charged had the claimant prevailed, unless the director finds, based on a showing by the attorney for the employer or carrier, that higher fees are objectively justifiable. Legal costs not found reasonable shall not be allowed as an expense in fixing premium rates by the commissioner of insurance.

(2) Any attorney who represents any party in a workers' compensation case shall provide the party with a written fee agreement which sets forth, in full, the attorney's specific fee arrangement, including the criteria upon which the attorney bases his hourly or set fee and the circumstances in which any modifications or adjustments to such fee will be made, and specifying whether the client will be charged for the attorney's expenses or advances made by the attorney on behalf of the party, including without limitation costs of copying, research, telephone calls, postage, and any other expenses incident to the litigation which the attorney may be ethically bound to undertake on behalf of the party pursuant to law or pursuant to any court rule including the code of professional responsibility as adopted by the supreme court of Colorado. Contingent fee agreements shall be in conformity with all applicable provisions of the said code or of rules of the supreme court, and, in addition, such agreements shall set forth the provisions of this section in easy to understand language in at least ten-point bold-faced type. No such fee agreement may be enforced against any party unless it complies with the requirements of this section and is signed by both parties. Any attempt by an attorney who intentionally does not comply with this section and who seeks to enforce a fee agreement which does not comply with the requirements of this section shall be presumed to be a violation of the code of professional responsibility as adopted by the supreme court of Colorado.

(2) Subsection (3)(d) provided for the repeal of subsection (3), effective July 1, 1993. (See L. 91, p. 1369.)

8-43-404. Examination - refusal - personal responsibility - physicians to testify and furnish results - injured worker right to select treating physicians - injured worker right to third-party communications - definitions - rules. (1) (a) If in case of injury the right to compensation under articles 40 to 47 of this title exists in favor of an employee, upon the written request of the employee's employer or the insurer carrying such risk, the employee shall from time to time submit to examination by a physician or surgeon or to a vocational evaluation,

which shall be provided and paid for by the employer or insurer, and the employee shall likewise submit to examination from time to time by any regular physician selected and paid for by the division.

(b) (I) At least three business days in advance of an examination under paragraph (a) of this subsection (1), if requested by the claimant, the employer or insurer shall pay to the claimant the claimant's estimated expenses of attending the examination, including transportation, mileage, food, and hotel costs. In addition, if the claimant verifies that he or she will incur uncompensated wage losses as a result of attending the examination, the employer or insurer shall reimburse the claimant at the rate of seventy-five dollars per day. Failure to provide payment in accordance with this subparagraph (I) constitutes grounds for the claimant to refuse to attend the examination.

(II) If an employer pays estimated expenses under this paragraph (b) and the claimant does not attend the examination, the employer or insurer may recover the costs paid for the employee's expenses from future indemnity benefits.

(2) (a) The employee shall be entitled to have a physician, provided and paid for by the employee, present at any such examination. If an employee is examined by a chiropractor at the request of the employer, the employee shall be entitled to have a chiropractor provided and paid for by the employee present at any such examination. After any examination conducted under this section, the examiner shall prepare a written report giving a description of the examination performed, the written documents or any other materials reviewed, and all findings or conclusions of the examiner. The employee shall be entitled to receive from the examining physician or chiropractor a copy of any report that the physician or chiropractor makes to the employer, insurer, or division upon the examination, and the copy shall be furnished to the employee at the same time it is furnished to the employer, insurer, or division. The employee shall also be entitled to receive reports from any physician selected by the employer to treat the employee upon the same terms and conditions and at the same time the reports are furnished by the physician to the employer. All such examinations shall be recorded in audio in their entirety and retained by the examining physician until requested by any party. Prior to commencing the audio recording, the examining physician shall disclose to the employee the fact that the exam is being recorded. If requested, an exact copy of the recording shall be provided to the parties. Nothing in this subsection (2) shall be construed to prevent any party to the claim from making an audio recording of the examination. The division shall promulgate rules regarding such recordings that shall include provisions for the protection of the audio recordings and the privacy of information contained in such recordings. The employer shall be entitled to receive reports from any physician or chiropractor selected by the employee to treat or examine the employee in connection with such injury upon the same terms and at the same time the reports are furnished by the physician or chiropractor to the employee.

(b) The amendments made to paragraph (a) of this subsection (2) by Senate Bill 09-168, enacted in 2009, are declared to be procedural and were intended to and shall apply to all workers' compensation claims, regardless of the date the claim was filed.

(3) So long as the employee, after written request by the employer or insurer, refuses to submit to medical examination or vocational evaluation or in any way obstructs the same, all right to collect, or to begin or maintain any proceeding for the collection of, compensation shall be suspended. If the employee refuses to submit to such examination after direction by the director or any agent, referee, or administrative law judge of the division appointed pursuant to

section 8-43-208 (1) or in any way obstructs the same, all right to weekly indemnity which accrues and becomes payable during the period of such refusal or obstruction shall be barred. If any employee persists in any unsanitary or injurious practice which tends to imperil or retard recovery or refuses to submit to such medical or surgical treatment or vocational evaluation as is reasonably essential to promote recovery, the director shall have the discretion to reduce or suspend the compensation of any such injured employee.

(4) Any physician or chiropractor who makes or is present at any such examination may be required to testify as to the results thereof. Any physician or chiropractor having attended an employee in a professional capacity may be required to testify before the division when it so directs. A physician or chiropractor will not be required to disclose confidential communications imparted to said physician or chiropractor for the purpose of treatment and which are unnecessary to a proper understanding of the case.

(5) (a) (I) (A) In all cases of injury, the employer or insurer shall provide a list of at least four physicians or four corporate medical providers or at least two physicians and two corporate medical providers or a combination thereof where available, in the first instance, from which list an injured employee may select the physician who attends the injured employee. At least one of the four designated physicians or corporate medical providers offered must be at a distinct location from the other three designated physicians or corporate medical providers without common ownership. If there are not at least two physicians or corporate medical providers at distinct locations without common ownership within thirty miles of the employer's place of business, then an employer may designate physicians or corporate medical providers at the same location or with shared ownership interests. Upon request by an interested party to the workers' compensation claim, a designated provider on the employer's list shall provide a list of ownership interests and employment relationships, if any, to the requesting party within five days of the receipt of the request. If the services of a physician are not tendered at the time of injury, the employee shall have the right to select a physician or chiropractor. For purposes of this section, "corporate medical provider" means a medical organization in business as a sole proprietorship, professional corporation, or partnership.

(B) If there are fewer than four physicians or corporate medical providers within thirty miles of the employer's place of business who are willing to treat an injured employee, the employer or insurer may instead designate one physician or one corporate medical provider, and subparagraphs (III) and (IV) of this paragraph (a) shall not apply. A physician is presumed willing to treat injured workers unless he or she indicates to the employer or insurer to the contrary.

(C) If there are more than three physicians or corporate medical providers, but fewer than nine physicians or corporate medical providers within thirty miles of the employer's place of business who are willing to treat an injured employee, the employer or insurer may instead designate two physicians or two corporate medical providers or any combination thereof. The two designated providers shall be at two distinct locations without common ownership. If there are not two providers at two distinct locations without common ownership within thirty miles of the employer's place of business, then an employer may designate two providers at the same location or with shared ownership interests. Upon request by an interested party to the workers' compensation claim, a designated provider on the employer's list shall provide a list of ownership interests and employment relationships, if any, to the requesting party within five days of the receipt of the request.

(D) Except as otherwise provided by sub-subparagraph (E) of this subparagraph (I), any party may request an expedited hearing on the issue of whether the employer or insurer provided a list in compliance with this subsection (5) if the application for expedited hearing is filed within forty-five days after the claimant provides notice of the injury to the employer.

(E) If the insurer or self-insured employer admits liability for the claim, any party may request an expedited hearing on the issue of whether the employer or insurer provided a list in compliance with this subsection (5) if the application for expedited hearing is filed within forty-five days after the initial admission of liability for the claim. The director shall set any expedited matter for hearing within sixty days after the date of the application. The time schedule for an expedited hearing is subject to the extensions set forth in section 8-43-209. If the party elects not to request an expedited hearing under this subsection (5), the time schedule for hearing the matter is as set forth in section 8-43-209.

(II) (A) If the employer is a health-care provider or a governmental entity that currently has its own occupational health-care provider system, the employer may designate health-care providers from within its own system and is not required to provide an alternative physician or corporate medical provider from outside its own system.

(B) If the employer has its own on-site health-care facility, the employer may designate such on-site health-care facility as the authorized treating physician, but the employer shall comply with subparagraph (III) of this paragraph (a). For purposes of this sub-subparagraph (B), "on-site health-care facility" means an entity that meets all applicable state requirements to provide health-care services on the employer's premises.

(III) An employee may obtain a one-time change in the designated authorized treating physician under this section by providing notice that meets the following requirements:

(A) The notice is provided within ninety days after the date of the injury, but before the injured worker reaches maximum medical improvement;

(B) The notice is in writing and submitted on a form designated by the director. The notice provided in this subparagraph (III) shall also simultaneously serve as a request and authorization to the initially authorized treating physician to release all relevant medical records to the newly authorized treating physician.

(C) The notice is directed to the insurance carrier or to the employer's authorized representative, if self-insured, and to the initially authorized treating physician and is deposited in the United States mail or hand-delivered to the employer, who shall notify the insurance carrier, if necessary, and the initially authorized treating physician;

(D) The new physician is on the employer's designated list or provides medical services for a designated corporate medical provider on the list;

(E) The transfer of medical care does not pose a threat to the health or safety of the injured employee;

(F) An insurance carrier, or an employer's authorized representative if the employer is self-insured, shall track how often injured employees change their authorized treating physician pursuant to this subparagraph (III) and shall report such information to the division upon request.

(IV) (A) When an injured employee changes his or her designated authorized treating physician, the newly authorized treating physician shall make a reasonable effort to avoid any unnecessary duplication of medical services.

(B) The originally authorized treating physician shall send all medical records in his or her possession pertaining to the injured employee to the newly authorized treating physician

within seven calendar days after receiving a request for medical records from the newly authorized treating physician.

(C) The originally authorized treating physician shall continue as the authorized treating physician for the injured employee until the injured employee's initial visit with the newly authorized treating physician, at which time the treatment relationship with the initially authorized treating physician shall terminate.

(D) The opinion of the originally authorized treating physician regarding work restrictions and return to work shall control unless and until such opinion is expressly modified by the newly authorized treating physician.

(E) The newly authorized treating physician shall be presumed to have consented to treat the injured employee unless the newly authorized treating physician expressly refuses in writing within five days after the date of the notice to change authorized treating physicians. If the newly authorized treating physician refuses to treat the injured employee, the employee may return to the employer to request an alternative authorized treating physician. If the employer does not provide an alternative authorized treating physician within five days after the employee's request, rules established by the division shall control.

(V) If the authorized treating physician moves from one facility to another, or from one corporate medical provider to another, an injured employee may continue care with the authorized treating physician, and the original facility or corporate medical provider shall provide the injured employee's medical records to the authorized treating physician within seven days after receipt of a request for medical records from the authorized treating physician.

(VI) (A) In addition to the one-time change of physician allowed in subparagraph (III) of this paragraph (a), upon written request to the insurance carrier or to the employer's authorized representative if self-insured, an injured employee may procure written permission to have a personal physician or chiropractor treat the employee. The written request must be completed on a form that is prescribed by the director. If permission is neither granted nor refused within twenty days after the date of the certificate of service of the request form, the employer or insurance carrier shall be deemed to have waived any objection to the employee's request. Objection shall be in writing on a form prescribed by the director and shall be served on the employee or, if represented, the employee's authorized representative within twenty days after the date of the certificate of service of the request form. An insurance carrier, or an employer's authorized representative if self-insured, shall track how often an injured employee requests to change his or her physician and how often such change is granted or denied and shall report such information to the division upon request. Upon the proper showing to the division, the employee may procure the division's permission at any time to have a physician of the employee's selection treat the employee, and in any nonsurgical case the employee, with such permission, in lieu of medical aid, may procure any nonmedical treatment recognized by the laws of this state as legal. The practitioner administering the treatment shall receive fees under the medical provisions of articles 40 to 47 of this title as specified by the division.

(B) If an injured employee is permitted to change physicians under sub-subparagraph (A) of this subparagraph (VI) resulting in a new authorized treating physician who will provide primary care for the injury, then the previously authorized treating physician providing primary care shall continue as the authorized treating physician providing primary care for the injured employee until the injured employee's initial visit with the newly authorized treating physician,

at which time the treatment relationship with the previously authorized treating physician providing primary care is terminated.

(C) Nothing in this subparagraph (VI) precludes any former authorized treating physician from performing an examination under subsection (1) of this section.

(D) If an injured employee is permitted to change physicians pursuant to sub-subparagraph (A) of this subparagraph (VI) resulting in a new authorized treating physician who will provide primary care for the injury, then the opinion of the previously authorized treating physician providing primary care regarding work restrictions and return to work controls unless that opinion is expressly modified by the newly authorized treating physician.

(b) Any private insurer or self-insured employer acting as its own insurance carrier as provided in section 8-44-201 providing workers' compensation coverage shall pay for chiropractic care as provided in paragraph (a) of this subsection (5).

(c) A treating physician shall not communicate with the employer or insurer of an injured worker regarding that injured worker unless:

(I) The injured worker is present for the communication; or

(II) The treating physician makes an accurate written record of the communication, containing all relevant and material information that was communicated, and provides the injured worker access to the writing in the same manner as medical records disclosures as required by director rules.

(6) Application or prosecution of a claim for benefits shall be a waiver of any privilege concerning communications relating to all medical issues raised by the claim, for the purposes of a utilization review conducted pursuant to section 8-43-501.

(7) An employer or insurer shall not be liable for treatment provided pursuant to article 285 of title 12, unless such treatment has been prescribed by an authorized treating physician.

(8) Upon request by an employee who has not reached maximum medical improvement and whose authorized treating physician is not level II accredited, an insurer or self-insured employer shall select a level II accredited physician as the authorized treating physician.

(9) (a) Health-care services provided shall be deemed authorized if the claim is found to be compensable when:

(I) Compensability of a claim is initially denied;

(II) The services of the physician selected by the employer are not tendered at the time of the injury; and

(III) The injured worker is treated:

(A) At a public health facility in the state;

(B) At a public health facility within one hundred fifty miles of the residence of the injured worker; or

(C) Through a publicly funded program.

(b) A claimant shall not be liable for payment for treatment by the provider under this subsection (9) if the treatment is reasonably needed and related to the injury.

(10) (a) If an authorized physician refuses to provide medical treatment to an injured employee or discharges an injured employee from medical care for nonmedical reasons when the injured employee requires medical treatment to cure or relieve the effects of the work injury, then the physician shall, within three business days from the refusal or discharge, provide written notice of the refusal or discharge by certified mail, return receipt requested, to the injured employee and the insurer or self-insured employer. The notice must explain the reasons for the

refusal or discharge and must offer to transfer the injured employee's medical records to any new authorized physician upon receipt of a signed authorization to do so from the injured employee. The director or any administrative law judge of the office of administrative courts has jurisdiction to resolve disputes regarding whether a refusal to provide medical treatment or a discharge from medical care was for medical or nonmedical reasons.

(b) If the insurer or self-insured employer receives written notice pursuant to paragraph (a) of this subsection (10), or if the insurer or self-insured employer and the authorized treating physician receive written notice by certified mail, return receipt requested, from the injured employee or the injured employee's legal representative that an authorized physician refused to provide medical treatment to the injured employee or discharged the injured employee from medical care for nonmedical reasons when such injured employee requires medical treatment to cure or relieve the effects of the work injury, and there is no other authorized physician willing to provide medical treatment, then the insurer or self-insured employer shall, within fifteen calendar days from receiving the written notice, designate a new authorized physician willing to provide medical treatment. If the insurer or self-insured employer fails to designate a new physician pursuant to this paragraph (b), then the injured employee may select the physician who attends to the injured employee.

8-43-405. Payment as discharge of liability - conflicting claims. Payment of death benefits to one or more dependents shall protect and discharge to that extent all compensation under articles 40 to 47 of this title unless and until any other person claiming to be a dependent has given the division notice of said person's claim and until the division has notified the employer or the employer's insurance carrier of such claim. In such case, the director or an administrative law judge shall determine the respective rights of said rival claimants, and thereafter such death benefits shall be paid to such dependents as the director or the administrative law judge may find so entitled under the provisions of said articles.

8-43-406. Compensation in lump sum. (1) At any time after six months have elapsed from the date of injury, the claimant may elect to take all or any part of the compensation awarded in a lump sum by sending written notice of the election and the amount of benefits requested to the carrier or the noninsured or self-insured employer. The carrier or self-insured employer shall file the calculation of the lump sum due and notice that the lump sum has been paid to the claimant within ten days after the election. When the claimant is unrepresented, the director shall calculate amounts to be paid based on the present worth of partial payments, considering interest at four percent per annum, and less a deduction for the contingency of death. The director shall make the method of calculation of lump sums available to all parties at all times, including posting the information on the division's website. Neither the director nor an administrative law judge shall in any way attempt to condition the lump sum payment on the claimant waiving the right to pursue permanent total disability benefits.

(2) If a claimant who has been awarded compensation is the injured worker or the sole dependent of a deceased injured worker, the aggregate of all lump sums granted to the claimant must not exceed eighty thousand eight hundred sixty-eight dollars and ten cents.

(3) If a claimant who has been awarded compensation is one of multiple dependents of a deceased injured worker, the aggregate of all lump sums granted to the claimant must be a proportionate share, as determined by the director or administrative law judge, of an amount not to exceed one hundred sixty-one thousand seven hundred thirty-four dollars and fifteen cents.

(4) For injuries sustained on or after January 1, 2014, the director shall adjust the lump-sum limits set forth in subsections (2) and (3) of this section on July 1, 2014, and each July 1 thereafter, by the percentage of the adjustment made by the director to the state average weekly wage pursuant to section 8-47-106. A claimant who has received compensation under this section is not entitled to any further compensation under this section related to the claim as a result of an adjustment by the director pursuant to this subsection (4).

8-43-407. Election to waive vocational rehabilitation benefits and become subject to permanent partial disability provisions. In all cases arising under articles 40 to 47 of this title prior to July 1, 1987, the employee, the employer, and, if insured, the insurance carrier may elect, upon unanimous agreement, in writing to waive vocational rehabilitation which was awarded pursuant to section 8-49-101 as it existed prior to July 1, 1987, and become subject to the permanent partial disability provisions pursuant to section 8-42-110, as said section existed

prior to July 1, 1991. Such election shall be made in a form prescribed by the director and shall not affect payments made prior to the filing of such agreement. Failure to agree to the options available under the provisions of this section shall not be evidence of bad faith in any future litigation by either party.

8-43-408. Default of employer - additional liability. (1) If an employer is subject to articles 40 to 47 of this title 8 and, at the time of an injury, has not complied with the insurance provisions of those articles or has allowed the required insurance to terminate, or has not effected a renewal thereof, the employee, if injured, or, if killed, the employee's dependents may claim the compensation and benefits provided in those articles.

(2) In all cases where compensation is awarded under the terms of this section, the director or an administrative law judge of the division shall compute and require the employer to pay to a trustee designated by the director or administrative law judge an amount equal to the present value of all unpaid compensation or benefits computed at the rate of four percent per annum; or, in lieu thereof, such employer, within ten days after the date of such order, shall file a bond with the director or administrative law judge signed by two or more responsible sureties to be approved by the director or by some surety company authorized to do business within the state of Colorado. The bond shall be in such form and amount as prescribed and fixed by the director and shall guarantee the payment of the compensation or benefits as awarded. The filing of any appeal, including a petition for review, shall not relieve the employer of the obligation under this subsection (2) to pay the designated sum to a trustee or to file a bond with the director or administrative law judge.

(3) A certified copy of any award of the director, administrative law judge, or panel ordering the payment of compensation entered in such case may be filed with the clerk of the district court of any county in this state at any time after the order of the administrative law judge awarding compensation, and the same shall be recorded by said clerk in the judgment book of said court and entry thereof made in the judgment docket, and it shall thenceforth have all the effect of a judgment of the district court, and execution may issue thereon out of said court as in other cases. Upon the reversal, setting aside, modification, or vacation of said order or award and upon payment to the trustee or furnishing of bond in accordance with the terms of this section, then, upon certification thereof by the director, administrative law judge, or panel, said record in the judgment book and the entry in the judgment docket shall be vacated, and any execution thereon shall be recalled.

(4) Any employer who fails to comply with a lawful order or judgment issued pursuant to subsection (2) or (3) of this section is liable to the employee, if injured, or, if killed, said employee's dependents, in addition to the amount in the order or judgment, for an amount equal to fifty percent of such order or judgment or one thousand dollars, whichever is greater, plus reasonable attorney fees incurred after entry of a judgment or order.

(5) In addition to any compensation paid or ordered in accordance with this section or articles 40 to 47 of this title 8, an employer who is not in compliance with the insurance

provisions of those articles at the time an employee suffers a compensable injury or occupational disease shall pay an amount equal to twenty-five percent of the compensation or benefits to which the employee is entitled to the Colorado uninsured employer fund created in section 8-67-105.

(6) An employer who fails to comply with a lawful order or judgment issued pursuant to subsection (2) or (3) of this section shall be ordered to pay an amount equal to twenty-five percent of the compensation or benefits to which the employee is entitled to the Colorado uninsured employer fund created in section 8-67-105 in addition to any other amount ordered pursuant to this section or articles 40 to 47 of this title 8.

8-43-409. Defaulting employers - penalties - enjoined from continuing business - fines - procedure - definition - repeal. (1) An employer subject to the terms and provisions of articles 40 to 47 of this title who fails to insure or to keep the insurance required by such articles in force, allows the insurance to lapse, or fails to effect a renewal of the insurance shall not continue business operations while such default in effective insurance continues. Upon receiving information that an employer is in default of its insurance obligations, the director shall investigate and, if the information can be substantiated, shall notify the employer of the opportunity to request a prehearing conference on the issue of default. As part of the director's investigation, the director may verify that all employees of that employer are insured through the employer's workers' compensation plan. The director may forward any workers' compensation coverage issue to the employer's workers' compensation carrier for further investigation by the carrier. Thereafter, if necessary, the director may set the issue of the employer's default for hearing in accordance with hearing time schedule and procedures set forth in articles 40 to 47 of this title and rules promulgated by the director. Upon a finding that the employer is in default of its insurance obligations, the director shall take either or both of the following actions:

(a) Order the employer in default to cease and desist immediately from continuing its business operations during the period such default continues;

(b) For every day that the employer fails or has failed to insure or to keep the insurance required by articles 40 to 47 of this title in force, allows or has allowed the insurance to lapse, or fails or has failed to effect a renewal of such coverage, impose a fine of:

(I) Not more than two hundred fifty dollars for an initial violation; or

(II) Not less than two hundred fifty dollars or more than five hundred dollars for a second and any subsequent violation. For purposes of this subparagraph (II) only, if an employer has been fined pursuant to subparagraph (I) of this paragraph (b) and the director determines that substantially the same people or entities were involved in forming a subsequent employer, the initial violation referred to in subparagraph (I) of this paragraph (b) shall be deemed to have already occurred with regard to violations committed by the subsequent employer.

(1.5) (a) A violation that occurs more than seven years after the date the preceding violation ended is subject to a fine up to the maximum amount permitted pursuant to subsection (1)(b)(I) of this section.

(b) After any fines have been imposed pursuant to subsection (1)(b)(I) or (1)(b)(II) of this section, the director has the discretion to enter into a settlement agreement and accept as consideration an amount less than the minimum fine allowed by subsection (1)(b)(II) of this section.

(c) Notwithstanding articles 40 to 47 of this title 8, fines pursuant to this section may be imposed only for periods that take place no more than three years prior to the date an employer is notified by the division of a potential violation of the requirements of articles 40 to 47 of this title 8.

(d) This subsection (1.5) is repealed, effective September 1, 2033. Before its repeal, this subsection (1.5) is scheduled for review in accordance with section 24-34-104.

(2) A cease-and-desist order issued or fine imposed by the director under subsection (1) of this section shall include specific findings of fact that reflect:

(a) The employer received notice of a hearing, when applicable;

(b) The employer employs employees for whom it must carry workers' compensation insurance under the provisions of articles 40 to 47 of this title;

(c) The employer does not or did not have a policy of workers' compensation insurance in effect; and

(d) The employer continues or continued to operate its business in the absence of such coverage.

(3) Notwithstanding any other provision of articles 40 to 47 of this title, after the entry of a cease and desist order and upon the request of the director, the attorney general shall immediately institute proceedings for injunctive relief against the employer in the district court of any county in this state where such employer does business. In any such district court proceeding, a certified copy of any cease and desist order entered by the director in accordance with the provisions of subsection (1) of this section based upon evidence in the record shall be prima facie evidence of the facts found in such record. Such injunctive relief may include the issuance of a temporary restraining order under rule 65 of the Colorado rules of civil procedure, which order shall enjoin the employer from continuing its business operations until it has procured the required insurance or has posted adequate security with the court pending the procurement of such insurance. The court, in its discretion, shall determine the amount that shall constitute adequate security.

(4) The issuance of an order to cease and desist, the imposition of a fine pursuant to subsection (1) of this section, or the issuance of an order for injunctive relief against an employer for failure to insure or to keep insurance in force as required by articles 40 to 47 of this title shall be the penalty for such failure within the meaning of section 8-43-304 (1) and such penalty shall be in addition to the increase in benefits that section 8-43-408 requires.

(5) The director or administrative law judge shall report to the division each time a fine is imposed pursuant to subsection (1) of this section. Each such report shall include the amount of the fine and the name of the offending party.

(6) A certified copy of any final order of the director ordering the payment of a fine imposed pursuant to subsection (1) of this section may be filed with the clerk of the district court of any county in this state at any time after the period of time provided by articles 40 to 47 of

this title for appeal or seeking review of the order has passed without appeal or review being sought or, if appeal or review is sought, after the order has been finally affirmed and all appellate remedies and all opportunities for review have been exhausted. The party filing the order shall at the same time file a certificate to the effect that the time for appeal or review has passed without appeal or review being undertaken or that the order has been finally affirmed with all appellate remedies and all opportunities for review having been exhausted. The clerk of the district court shall record the order and the filing party's certificate in the judgment book of the court and entry thereof made in the judgment docket, and it shall thereafter have all the effect of and constitute a judgment of the district court, and execution may issue thereon from said court as in other cases. Any such order may be filed by and in the name of the director.

(7) Fines collected pursuant to this section on or after July 1, 2018, shall be transmitted to the state treasurer, who shall credit the total amount of the fine to the Colorado uninsured employer fund, created in section 8-67-105.

(8) For the purposes of this section, "construction site" means a location where a structure that is attached or will be attached to real property is constructed, altered, or remodeled.

8-43-410. Right to compensation operates as lien - interest on award. (1) The right of compensation granted by articles 40 to 47 of this title and any awards made thereunder shall have the same preference or lien without limit of amount against the assets of the employer or the employer's insurer or both as may be allowed by law for a claim for unpaid wages for labor.

(2) Every employer or insurance carrier of an employer shall pay interest at the rate of eight percent per annum upon all sums not paid upon the date fixed by the award of the director or administrative law judge for the payment thereof or the date the employer or insurance carrier became aware of an injury, whichever date is later. Upon application and satisfactory showing to the director or administrative law judge of the valid reasons therefor, said director or administrative law judge, upon such terms or conditions as the director or administrative law judge may determine, may relieve such employer or insurer from the payment of interest after the date of the order therefor; and proof that payment of the amount fixed has been offered or tendered to the person designated by the award shall be such sufficient valid reason.

PART 5

UTILIZATION REVIEW PROCESS - INDEPENDENT MEDICAL EXAMINATIONS

8-43-501. Utilization review process - legislative declaration - cash fund. (1) The general assembly hereby finds and determines that insurers and self-insured employers should be required to pay for all medical services pursuant to this article which may be reasonably needed at the time of an injury or occupational disease to cure and relieve an employee from the effects of an on-the-job injury. However, insurers and self-insured employers should not be liable to pay for care unrelated to a compensable injury or services which are not reasonably necessary or not reasonably appropriate according to accepted professional standards. The general assembly, therefore, hereby declares that the purpose of the utilization review process authorized in this section is to provide a mechanism to review and remedy services rendered pursuant to this article which may not be reasonably necessary or reasonably appropriate according to accepted professional standards.

(2) (a) An insurer, self-insured employer, or claimant may request a review of services rendered pursuant to this article by a health-care provider. Requests for utilization review shall be submitted on forms promulgated by the director by rule. At the time of submission of a review request, the requester shall pay the division a fee prescribed by the director by rule. Such fee shall cover the division's administrative costs and the costs of compensating utilization review committee members. If a claimant is successful in a utilization review case brought pursuant to this section, the division shall reimburse the fee charged pursuant to this paragraph (a) and assess it against the insurer or self-insured employer. The state treasurer shall credit fees collected pursuant to this section to the utilization review cash fund, which fund is hereby created. Moneys in the utilization review cash fund are continuously appropriated to the division for the purpose of administering the utilization review program and may not revert to the general fund at the end of any fiscal year. The division shall mail to any claimant, insurer, or self-insured employer a notice that a case is to be reviewed and that the claimant may be examined as a result of such review. The claimant, insurer, or self-insured employer has thirty days from the date of mailing of such notice to examine the medical records submitted by the party who requested the review and may add medical records to the utilization review file that the party believes may be relevant to the utilization review. The division shall maintain a special file for utilization review cases. Such file shall be accessible only to interested parties in a utilization review case and shall not otherwise be open to any person.

(b) Prior to submitting a request for a utilization review pursuant to this section, an insurer, self-insured employer, or claimant shall hire a licensed medical professional to review the services rendered in the case. A report of the review shall be submitted with all necessary medical records, reports, and the request for utilization review.

(c) A claimant may request a utilization review pursuant to this section if the claimant has been refused a request pursuant to section 8-43-404 (5) to have a personal physician or chiropractor attend the claimant. A claimant requesting a utilization review pursuant to this paragraph (c) shall file the request on forms promulgated by the director by rule and shall pay the fee required by paragraph (a) of this subsection (2).

(d) For purposes of this section only, "medical records" means documents and transcripts of information obtained from a patient or his or her medical professional that are related to the patient's medical diagnosis, treatment, and care.

(e) When an insurer, self-insured employer, or claimant requests utilization review, no other party shall request a hearing pursuant to section 8-43-207 until the utilization review proceedings have become final, if such hearing request concerns issues about a change of physician or whether treatment is medically necessary and appropriate.

(f) Once a utilization review proceeding has become final and no longer subject to appeal, the final disposition of the issues in such proceeding shall be binding on the parties and preclude a contrary ruling on such issues in a subsequent hearing under section 8-43-207 unless a preponderance of evidence is shown.

(3) (a) The director, with input from the medical director serving pursuant to section 8-42-101 (3.6)(n), shall appoint members of utilization review committees for purposes of this section and section 8-42-101 (3.6). The director shall establish committees based on the different areas of health-care practice for which requests for utilization review may be made. The director shall establish the qualifications for members of the different committees and the areas of health-care practice in which each such committee shall conduct requested utilization reviews. Cases of requested utilization review shall be referred to committees appointed pursuant to this subsection (3) by the director based upon the areas of health-care practice for which each committee is appointed.

(b) Each committee established pursuant to paragraph (a) of this subsection (3) shall be composed of three members. Committee members shall be compensated for their time by the division out of moneys in the utilization review cash fund, created in paragraph (a) of subsection (2) of this section. Any member of a committee appointed pursuant to this subsection (3) shall be immune from criminal liability and from suit in any civil action brought by any person based upon an action of such a committee, if such member acts in good faith within the scope of the function of the committee, has made reasonable effort to obtain the facts of the matter as to which action is taken, and acts in the reasonable belief that the action taken is warranted by the facts. The immunity provided by this paragraph (b) shall extend to any person participating in good faith in any investigative proceeding pursuant to this section.

(c) (I) For each case, a committee may recommend by majority vote of such committee that no change be ordered or that a change of provider be ordered.

(II) A committee may also, by unanimous vote, recommend that the director order that payment for fees charged for services in the case be retroactively denied.

(III) A committee may also, by unanimous vote, recommend that the director order that a physician's accreditation status under section 8-42-101 (3.6) be revoked.

(d) In preparing and issuing an order in any case, the director shall review and give great weight to the reports and recommendations of the committee.

(e) In appropriate cases pursuant to this section and section 8-42-101 (3.6), the director may order that an insurer, employer, or self-insured employer be permitted to deny reimbursement to a provider for any medical care or services rendered to a claimant; and such order may be effective for up to three years. Bills for services rendered during the effective period of any such order shall be unenforceable and shall not result in any debt of the claimant. In deciding whether to issue any such order, the director shall give great weight to the fact that:

(I) The provider has, within any two-year period, been the subject of two or more orders removing the provider from the role of authorized treating physician; or

(II) The provider has, within any two-year period, been the subject of two or more orders retroactively denying the payment of the provider's fees; or

(III) The provider has, within any two-year period, been the subject of two or more orders either retroactively denying the payment of the provider's fees or removing the provider from the role of authorized treating physician.

(4) If the director orders pursuant to subsection (3) of this section that a change of provider be made in a case or that the physician's accreditation status be revoked, the claimant, insurer, or self-insured employer shall have seven days from receipt of the director's order in which to agree upon a level I provider. If the claimant, insurer, or self-insured employer can not reach agreement within the seven day time period, the director shall select three providers. A new provider shall be chosen from the three providers so selected by the party who was successful in the request for review. If no appeal is filed, the successful party shall notify the division of the name of the new provider within seven days of the selection of the three potential providers. If the new health-care provider is not selected within such seven days, the director shall select the provider.

(5) (a) Any party, including the health-care provider, may appeal to an administrative law judge for review of an order specifying that no change occur or that a change of provider be made with respect to a case. Such review shall be limited to the record on appeal. The findings of a utilization review committee regarding the change of provider in a case shall be afforded great weight by the administrative law judge in any proceeding. A party disputing the finding of such utilization review committee shall have the burden of overcoming the finding by clear and convincing evidence.

(b) If the director has entered an order specifying that the payment of fees in the case be retroactively denied, or permitting an insurer, employer, or self-insured employer to deny payments for medical services or care rendered pursuant to subsection (3)(e) of this section, the health-care provider may request a de novo hearing before an administrative law judge by filing an application for hearing within thirty days from the date of the certificate of mailing of the order. In a hearing held pursuant to this paragraph (b), the record upon which the director based the order shall be admissible in evidence. The findings of the utilization review committee regarding the retroactive denial of payment of fees in a case shall be afforded great weight by the administrative law judge in any proceeding. A party disputing the finding of such utilization review committee shall have the burden of overcoming the finding by clear and convincing evidence.

(c) Any appeal filed pursuant to this subsection (5) must be filed within forty days from the date of the certificate of mailing of the director's order.

(d) Any party dissatisfied with an order entered by an administrative law judge pursuant to paragraph (a) of this subsection (5) may file a petition to review the order pursuant to section 8-43-301.

8-43-502. Independent medical examinations. (1) The director shall maintain a list of physicians which shall be known as the medical review panel. The director shall utilize public and private resources as are available and appropriate in determining standards and qualifications for the medical review panel members. It shall be the duty of the medical review panel to perform independent medical examinations at the request of the director or an administrative law judge.

(2) Any party to a workers' compensation proceeding has the right to obtain an independent medical examination with the physician selected by the director from the medical review panel. The requesting party, when submitting a request for the independent medical evaluation, shall specify the professional specialty of the physician to be selected by the director to perform the independent medical examination. The director shall select, through a revolving selection process established by the department, the physician from the medical review panel to perform the examination. The cost of such independent medical examination shall be borne by the requesting party. In no instance shall the independent examining physician become the authorized treating physician.

(3) Whenever the director or an administrative law judge deems it necessary to assist in resolving any issue of medical fact or opinion, the director or administrative law judge shall cause the employee to be examined by a physician or physicians from the medical review panel. The director or the administrative law judge shall have the authority and discretion to charge the cost of such examination to the employer or, if insured, the employer's insurance carrier. Transportation expenses and all expenses necessary, reasonable, and incidental to such examination shall be included in the cost of such examination.

(4) Nothing in this section shall preclude any party from obtaining an independent medical examination from a physician who is not a member of the medical review panel.

(5) Upon written request of the employer, or if insured, the insurer, the employee shall submit to a reasonable number of independent medical examinations as provided for in this section. The employee shall be entitled to have a physician, provided and paid for by such employee, present at any such independent medical examination. The employee shall be entitled to receive from the independent examining physician a copy of any report which said physician makes to the employer, insurer, or the division. Said copy shall be furnished to the employee at the same time it is furnished to the employer, insurer, or division.

(6) Members of the medical review panel and any person acting as a consultant, witness, or complainant shall be immune from liability in any civil action brought against said person for acts occurring while the person was acting as a panel member, consultant, witness, or complainant, respectively, if such person was acting in good faith within the scope of the respective capacity, made a reasonable effort to obtain the facts of the matter as to which action was taken, and acted in the reasonable belief that the action taken by such person was warranted by the facts.

(7) Any physician determining an impairment rating on an injured worker pursuant to this title shall be immune from civil liability in any action brought by any person based on said impairment rating, absent the showing of malice or bad faith on the part of the rating physician.

8-43-503. Utilization review of health-care providers. (1) The general assembly hereby finds and determines that health-care providers that provide medical care or health-care services that are not reasonably necessary or not reasonably appropriate according to accepted professional standards should not be allowed to provide such services to workers' compensation claimants. The general assembly, therefore, hereby declares that the purpose of the utilization review process authorized in this section is to provide a mechanism to review medical care or health-care services rendered pursuant to this article that may not be reasonably necessary or reasonably appropriate according to accepted professional standards and to provide a mechanism to prevent such health-care providers from providing medical care or health-care services.

(2) The provisions relating to the procedures for utilization review found in section 8-43-501 (2), (3), (4), (5)(a), (5)(c), and (5)(d) shall apply to utilization review under this section. A unanimous vote by the committee created in section 8-43-501 (3) shall be required for a recommendation to the director that a health-care provider not be allowed to provide medical care or health-care services to claimants.

(3) Employers, insurers, claimants, or their representatives shall not dictate to any physician the type or duration of treatment or degree of physical impairment. Nothing in this subsection (3) shall be construed to abrogate any managed care or cost containment measures authorized in articles 40 to 47 of this title.

PART 6

PROVIDER REVIEW AND DISCLOSURE

8-43-601. Short title. This part 6 shall be known and may be cited as the "Provider Review and Disclosure Act".

Source: L. 2010: Entire part added, (SB 10-178), ch. 290, p. 1347, § 1, effective July 1.

8-43-602. Legislative declaration. The general assembly finds, determines, and declares that insurer performance programs are used in marketing, sales, and other efforts, and, as such, may impact an employer's selection of an authorized health-care provider. To protect patients, employers, and providers, and to avoid improper profiling, all performance programs must be fair, objective, consistently applied, and accord providers due process. Consistent with these goals, performance programs should align incentives not only with efficient operations, but also with cost-effective, high-quality care. Accordingly, the general assembly finds that requiring minimum standards and full disclosure of performance program data and methodologies will help improve the quality and efficiency of health care delivered to Colorado workers.

PART 1

GENERAL PROVISIONS

8-44-101. Insurance requirements. (1) Any employer subject to the provisions of articles 40 to 47 of this title shall secure compensation for all employees in one or more of the following ways, which shall be deemed to be compliance with the insurance requirements of said articles:

(a) By insuring and keeping insured the payment of such compensation in the Pinnacle Assurance fund;

(b) By insuring and keeping insured the payment of such compensation with any stock or mutual corporation authorized to transact the business of workers' compensation insurance in this state. If insurance is effected in such stock or mutual corporation, the employer or insurer shall forthwith file with the division, in form prescribed by it, a notice specifying the name of the

insured and the insurer, the business and place of business of the insured, the effective and termination dates of the policy, and, when requested, a copy of the contract or policy of insurance.

(c) By procuring a self-insurance permit from the executive director as provided in section 8-44-201, except for public entity pools as described in section 8-44-204 (3), which shall procure self-insurance certificates of authority from the commissioner of insurance as provided in section 8-44-204;

(d) By procuring a self-insurance certificate of authority from the commissioner of insurance as provided in section 8-44-205.

(2) It shall be unlawful, except as provided in sections 8-41-401 and 8-41-402, for any employer, regardless of the method of insurance, to require an employee to pay all or any part of the cost of such insurance.

(3) (a) (I) Except as otherwise provided in subparagraph (II) of this paragraph (a), all public entities in the state shall insure and keep insured the payment of compensation by electing one of the methods provided in subsection (1) of this section. A public entity having an insured payroll of less than one million dollars annually shall not be eligible for self-insurance; except that public entities forming a pool pursuant to section 8-44-204 (3) shall be eligible if the total of all the payrolls of the public entities in the pool exceeds the required minimum.

(II) Any public entity in the state that is participating in the federal prison industry enhancement certification program pursuant to the federal "Justice System Improvement Act of 1979", 18 U.S.C. sec. 1761 (c), shall insure and keep insured the payment of compensation by electing one of the methods provided in subsection (1) of this section; except that the method for insuring the participants of such program need not be the same method selected by the public entity pursuant to subparagraph (I) of this paragraph (a).

(b) For purposes of this subsection (3), the department of human services, by virtue of the self-insurance program established pursuant to section 8-44-203, shall be considered a public entity of the state.

Editor's note: This section is similar to former § 8-44-101 as it existed prior to 1990.

8-44-102. Contract for insurance subject to workers' compensation act. (1) Every contract for the insurance of compensation and benefits as provided in articles 40 to 47 of this title or against liability therefor is subject to articles 40 to 47 of this title, and all provisions in the contract for insurance inconsistent with those articles are void. Any contract of insurance issued under articles 40 to 47 of this title by any insurance carrier, including stock and mutual corporations and Pinnacol Assurance, may include and cover any liability of the employer on account of personal injuries sustained by or death resulting therefrom to any employee.

(2) (a) (I) Except as specified in subparagraph (III) of this paragraph (a), every carrier providing workers' compensation insurance that is authorized to conduct business in Colorado shall submit an annual report to the commissioner of insurance listing any policy forms as may be requested by the commissioner. The listing must be submitted no later than July 1 of each

year and must contain a certification by an officer of the carrier that, to the best of the officer's knowledge, each policy form in use complies with Colorado law. The commissioner shall determine the necessary elements of the certification.

(II) (A) An advisory organization as defined in section 10-4-402 (1), C.R.S., or a rating organization as defined in section 10-4-402 (3), C.R.S., shall submit an annual report to the commissioner of insurance listing any policy forms as may be requested by the commissioner. The listing must be submitted no later than July 1 of each year and must contain a certification by an officer of the organization that, to the best of the officer's knowledge, each policy form listed complies with Colorado law. The commissioner shall determine the necessary elements of the certification.

(B) As used in this section, "form" may include any endorsement, rider, letter, notice, or other document affecting an insurance policy or contract issued or delivered to any policyholder in Colorado.

(III) If a carrier uses, in their entirety and without modification, forms prepared by an advisory organization as defined in section 10-4-402 (1), C.R.S., or a rating organization as defined in section 10-4-402 (3), C.R.S., the carrier shall notify the commissioner of insurance that it adopts the annual report filed by the advisory organization or rating organization under subparagraph (II) of this paragraph (a) and, if it so notifies the commissioner, it need not submit the certification required by subparagraph (I) of this paragraph (a). If a carrier uses forms that deviate from the forms listed by the advisory organization or rating organization, or if it uses forms other than those listed by the advisory organization or rating organization, the carrier shall submit the annual listing of forms and certification as required by subparagraph (I) of this paragraph (a).

(b) In addition to submitting the documentation required under paragraph (a) of this subsection (2) and except as specified in subparagraph (III) of this paragraph (b):

(I) Every carrier providing workers' compensation insurance that is authorized to conduct business in Colorado, every advisory organization as defined in section 10-4-402 (1), C.R.S., and every rating organization as defined in section 10-4-402 (3), C.R.S., shall submit to the commissioner a list of any new or revised policy forms as may be requested by the commissioner at least thirty-one days before a carrier uses the forms. Unless a carrier notifies the division of insurance otherwise, policy forms submitted on behalf of a member of an advisory organization or rating organization are deemed to be automatically adopted by the carrier without modification.

(II) The listing must also contain a certification by an officer of the carrier or an officer of the advisory or rating organization that, to the best of the officer's knowledge, each new or revised policy form, endorsement, rider, letter, notice, or other document proposed to be used complies with Colorado law. The commissioner shall determine the necessary elements of the certification.

(III) If an advisory organization or rating organization certifies a form as required by subparagraph (II) of this paragraph (b) and a carrier is a member of that organization and uses the form in its entirety, the carrier need not list that form as required by subparagraph (I) of this paragraph (b) or submit a certification for that form as required by subparagraph (II) of this paragraph (b).

(c) The commissioner may examine and investigate workers' compensation carriers authorized to conduct business in Colorado to determine whether workers' compensation policy

forms, as may be requested by the commissioner, comply with the certification of the carrier and statutory mandates.

Every contract insuring against liability for compensation or insurance policy evidencing the same shall contain a clause to the effect that the insurance carrier shall be directly and primarily liable to the employee and, in the event of death, to said employee's dependents to pay compensation, if any, for which the employer is liable, thereby discharging to the extent of such payment the obligations of the employer to the employee; that, as between the employee and the insurance carrier, notice or knowledge of the occurrence of the injury on the part of the employer shall be deemed notice or knowledge, as the case may be, on the part of the insurance carrier; that jurisdiction of the employer, for the purpose of articles 40 to 47 of this title, shall be jurisdiction of the insurance carrier; and that the insurance carrier, in all things, shall be bound by and subject to the orders, findings, decisions, or awards rendered against the employer under the provisions of said articles. Such policy shall also provide that the employee shall have a first lien upon any amount which becomes owing to the employer from the insurance carrier, and the insurance carrier shall pay the same directly to the employee or the employee's dependents, thereby discharging to the extent of such payment the obligation of the employer to the employee. The policy shall not contain any provisions relieving the insurance carrier from payment when the employer becomes legally incapable or insolvent or is discharged in bankruptcy or otherwise during the period that the policy is in operation or the compensation remains owing.

Upon written request by the employer, the issue of whether a job misclassification occurred shall be determined in writing by the insurance company. The employer's request shall be made within thirty working days after the anniversary date of the policy or the date of receipt by the employer of notice of a change in job classification. An employer may appeal any determination of an insurance company made pursuant to this subsection (1) to the workers' compensation classification appeals board, pursuant to section 8-55-102. If it is determined that a job misclassification occurred and that such misclassification was caused by the failure of the insured to provide accurate or complete data in order to determine the proper classification as requested by the insurance carrier, the repayment may be collected during the term of the contract for such insurance plus an additional reasonable time not to exceed twelve months.

(2) Any employer who has purchased insurance against liability for compensation under the provisions of articles 40 to 47 of this title is authorized to recover any amount of money which should not have been included in premiums paid by the employer but which were included in such premiums as a result of job misclassification. The repayment may be collected during the term of the contract for such insurance plus an additional reasonable time not to exceed twelve months.

The amount of premium to be paid by an employer who agrees to pay such deductible shall be reduced based upon such deductible in an amount determined by the insurance carrier.

(b) As used in this subsection (1), "split point" means the amount of each loss approved by the commissioner of insurance that an insurer may apply as the primary loss in each workers' compensation claim. The full amount of primary losses counts in each employer's experience modification calculation that determines the employer's percentage credit or surcharge on workers' compensation coverage. The loss amount above the split point is excess loss and constitutes part of each employer's experience modification calculation.

(c) Nothing in this section abrogates an employer's responsibility to pay the full amount of any compensation and benefits due under articles 40 to 47 of this title. It is a violation of this title for an employer or, if insured, the insurer to require any employee to pay any part of the compensation and benefits due under articles 40 to 47 of this title.

(d) It is a violation of this title for an employer or, if insured, the insurer to require an employee to use any other type of insurance, regardless of whether it is provided as a benefit of employment, or any other employment benefit, to pay any portion of any compensation and benefits due under articles 40 to 47 of this title.

(e) Nothing in this subsection (1) allows a carrier to stop offering no-deductible policies.

(1.5) Whenever any insurer, including Pinnacol Assurance created in section 8-45-101, issues a workers' compensation policy in this state, and annually thereafter, the insurer must issue a policy including the deductible provision if requested by the insured employer; except that the commissioner shall promulgate rules establishing criteria to allow the insurer to deny a deductible policy to an employer based on financial inability to reimburse the insurer for the deductible plan selected.

(2) The existence of an insurance contract with a deductible or the fact of payment as a result of a deductible shall not affect the requirement of an employer to report an injury or death to the division as required in section 8-43-103 (1).

(3) The deductible amounts paid by any employer under the provisions of this section shall be excluded from consideration by insurance carriers authorized to transact business in Colorado, including Pinnacol Assurance, which insures employers against liability for compensation under the provisions of articles 40 to 47 of this title, in establishing the modification factors based upon experience used by such insurance carriers to determine premiums. For purposes of experience modifications, medical only claims shall be calculated in the same manner as claims with indemnity payments.

(4) Every insurance carrier authorized to transact business in Colorado, including Pinnacol Assurance, which insures employers against liability for compensation under the provisions of articles 40 to 47 of this title, shall clearly and conspicuously inform policyholders of the availability of the deductible option specified in subsection (1) of this section.

8-44-112. Surcharge on workers' compensation insurance premiums - workers' compensation cash fund. (1) (a) Notwithstanding the provisions of sections 10-3-209 (1)(c) and 10-6-128 (3), C.R.S., for the purpose of offsetting the direct and indirect costs of the administration of the workers' compensation system, every person, partnership, association, and corporation, whether organized under the laws of this state or of any other state or country, every mutual company or association, every captive insurance company, and every other insurance carrier, including Pinnacol Assurance, insuring employers in this state against liability for personal injury to their employees or death caused thereby under the provisions of the "Workers' Compensation Act of Colorado" shall, as provided in this section, pay a surcharge upon the premiums received, whether in cash or not, in this state, or on account of business done in this state, for such insurance in this state, at a rate established by the director by rule, which

surcharge shall be reviewed and adjusted annually based upon appropriations made for the direct and indirect costs of the administration of the workers' compensation system, as provided in subsection (7) of this section. Such insurance carriers shall be credited with all canceled or returned premiums actually refunded during the year of such insurance.

(b) (I) For the purpose of funding the direct and indirect costs of the activities of the division related to the "Workers' Compensation Cost Containment Act", article 14.5 of this title, there shall be added to the surcharge imposed pursuant to paragraph (a) of this subsection (1) an increment not to exceed three-hundredths of one percent upon the premiums received, said surcharge to be reviewed and adjusted annually and paid over to the division in the same manner as specified in this section for the surcharge.

(II) Notwithstanding any other provisions of this section, no employer acting as a self-insurer under the provisions of the "Workers' Compensation Act of Colorado" shall be subject to the increment added to the surcharge pursuant to subparagraph (I) of this paragraph (b).

(III) All moneys collected pursuant to subparagraph (I) of this paragraph (b) shall be transmitted to the state treasurer, who shall credit the same to the cost containment fund, created in section 8-14.5-108.

(2) Every such insurance carrier shall, on July 1, 1987, and semiannually thereafter, make a return, verified by affidavits of its president and secretary, or other chief officers or agents, to the division of workers' compensation, stating the amount of all such premiums received and credits granted during the period covered by such return. Every insurance carrier required to make such return shall file the same with the division within thirty days after the close of the period covered thereby and shall, at the same time, pay to the division of workers' compensation a surcharge ascertained as provided in subsection (1) of this section, less return premiums on canceled policies.

(3) Every employer acting as a self-insurer under the provisions of the "Workers' Compensation Act of Colorado" shall, under oath, report to the division of workers' compensation the business payroll in such form as may be prescribed by the director and at the times in this section provided for premium reports by insurance companies in subsection (2) of this section. The division shall assess against such payroll a surcharge for the purposes of this section ascertained as provided in subsection (2) of this section on the basic premiums chargeable against the same or most similar industry or business taken from the manual insurance rates, including any discount or experience modification allowed, chargeable by the Pinnacol Assurance fund, and, upon receipt of notice from the division of workers' compensation of the surcharge so assessed, every such self-insurer shall, within thirty days after the receipt of such notice, pay to the division of workers' compensation the surcharge so assessed.

(4) If any such insurance carrier or self-insurer fails or refuses to make the return required by this article, the director shall assess the surcharge against such insurance carrier or self-insurer at the rate provided for in this section on such amount of premium as the director may deem just, and the proceedings thereof shall be the same as if the return had been made.

(5) If any such insurance carrier or self-insurer withdraws from business in this state before the surcharge falls due as provided in this section, or fails or neglects to pay such surcharge, the director shall at once proceed to collect the same; and the director is authorized to employ such legal processes as may be necessary for that purpose. Suit shall be brought by the director in any of the courts of this state having jurisdiction.

(6) The director, in the enforcement of this section, shall have all of the powers granted to said director in the "Workers' Compensation Act of Colorado", and any insurance carrier or self-insurer violating any of the provisions of this section, or failing to pay the surcharge imposed in this section, is guilty of violation of said act and subject to the penalties therein prescribed.

(7) (a) All moneys collected pursuant to this section shall be transmitted to the state treasurer, who shall credit the same to the workers' compensation cash fund, which fund is hereby created. The moneys in the workers' compensation cash fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs of the administration of the "Workers' Compensation Act of Colorado", articles 40 to 47 of this title. Any interest earned on the investment or deposit of moneys in the workers' compensation cash fund shall remain in the fund and shall not revert to the general fund of the state at the end of any fiscal year.

(b) and (c) Repealed.

(d) The workers' compensation cash fund is exempt from the limitations set forth in section 24-75-402.

(e) Repealed.

- (a) The employee is entitled to benefits under articles 40 to 47 of this title; and
- (b) The accident was not caused, wholly or in part, by the employee or the employer;

and

(c) The use of a motor vehicle is not an integral part of the employer's business, as determined under rules promulgated by the commissioner of insurance under section 10-4-408 (5)(e), C.R.S.

(2) (a) Any modification of an employer's experience rating resulting from an accident described in subsection (1) of this section shall reflect the deduction of a loss limitation, the amount of which shall be determined by the commissioner of insurance under rules adopted pursuant to section 10-4-408 (5)(e), C.R.S.

(b) All loss experience remaining after deduction of the loss limitation referred to in paragraph (a) of this subsection (2) shall be distributed among all workers' compensation classifications in use in the state as determined by the commissioner of insurance. (1) The executive director has the discretion to grant to any employer who has accepted the provisions of articles 40 to 47 of this title permission to be its own insurance carrier for the payment of the compensation and benefits provided by said articles. Such permission may be granted by the executive director after the filing by an employer of such statement and the giving of such information as may be required by the executive director. The executive director has the sole power to prescribe the rules, regulations, orders, terms, and conditions upon which said permit shall be granted or continued. Permission for self-insurance may be revoked at any time by the executive director, and the employer, upon notice of revocation, shall immediately insure otherwise all liability.

(2) Notwithstanding the provisions of subsection (1) of this section, the executive director shall not prescribe or apply security requirements in granting or continuing permission for the self-insurance program of the department of human services established pursuant to section 8-44-203 but shall provide instead for alternatives to such security requirements including trust funds, surety bonds, excess insurance, or other security acceptable to the executive director. The alternative security requirements provided by this subsection (2) shall apply only to claims arising on or after July 1, 1985, and before July 1, 1990. The trust fund in existence on May 24, 1990, pursuant to the trust agreement between the department of human services, a third party administrator, and the state treasurer, dated June 27, 1985, shall remain in existence through June 30, 1990.

(3) Notwithstanding the provisions of subsection (1) of this section, the executive director shall not prescribe or apply security requirements in continuing permission for an employer which is acting as its own insurance carrier on July 1, 1986, which are in excess of those security requirements in effect on July 1, 1986, unless there is a substantial change in the economic condition or potential liability of such employer.

(4) Notwithstanding the provisions of subsection (1) of this section, the executive director shall not prescribe or apply security requirements in granting or continuing permission for a self-insurance program established by the state pursuant to section 24-30-1510.7, C.R.S.

(2) The executive director shall transmit any moneys received pursuant to subsection (1) of this section to the state treasurer, who shall place such moneys in the workers' compensation self-insurance fund, which fund is hereby created. (2) A public entity may, after receiving permission pursuant to section 8-44-101 (1)(c), act as its own insurance carrier for compensation and benefits. Any public entity other than a school district may establish and maintain an insurance reserve fund for self-insurance purposes and may include in the annual tax levy of the public entity such amounts as are determined by its governing body to be necessary for the uses and purposes of the insurance reserve fund, subject to the limitations imposed by section 29-1-301, C.R.S. School districts may establish and maintain an insurance reserve fund in accordance with the provisions of section 22-45-103 (1)(e), C.R.S., using moneys allocated thereto pursuant to the provisions of section 22-54-105 (2), C.R.S. In the event that a public entity has no annual tax levy, it may appropriate from any unexpended balance in the general fund such amounts as the governing body shall deem necessary for the purposes and uses of the insurance reserve fund.

Any such insurance pool shall be formed pursuant to the provisions of part 2 of article 1 of title 29, C.R.S. The provisions of articles 10.5 and 47 of title 11, C.R.S., shall apply to moneys of such self-insurance pool.

(4) Any self-insurance pool authorized by subsection (3) of this section shall not be construed to be an insurance company nor otherwise subject to the laws of this state regulating insurance or insurance companies; except that the pool shall comply with the applicable provisions of sections 10-1-203 and 10-1-204 (1) to (5).

(5) Prior to the formation of a self-insurance pool, there shall be submitted to the commissioner of insurance a complete written proposal of the pool's operation, including, but not limited to, the administration, claims adjusting, membership, plan for reinsurance, and capitalization of the pool. The commissioner shall review the proposal within thirty days after receipt to assure that proper insurance techniques and procedures are included in the proposal. After such review, the commissioner shall have the right to approve or disapprove the proposal. If the commissioner approves the proposal, the commissioner shall issue a certificate of authority. The costs of such review shall be paid by the public entities desiring to form such a pool.

(6) Each self-insurance pool for public entities created in this state shall file, with the commissioner of insurance on or before March 30 of each year, a written report in a form prescribed by the commissioner, signed and verified by its chief executive officer as to its condition.

(7) The commissioner of insurance, or any person authorized by the commissioner of insurance, shall conduct an insurance examination at least once a year to determine that proper underwriting techniques and sound funding, loss reserves, and claims procedures are being followed. This examination shall be paid for by the self-insurance pool out of its funds at the same rate as provided for foreign insurance companies under section 10-1-204 (9), C.R.S.

(II) Refusal or failure to submit an annual report as required by subsection (6) of this section;

(III) Failure to comply with the provisions of its own ordinances, resolutions, contracts, or other conditions relating to the self-insurance pool;

(IV) Failure to submit to examination or any legal obligation relative thereto;

(V) Refusal to pay the cost of examination as required by subsection (7) of this section;

(VI) Use of methods which, although not otherwise specifically proscribed by law, nevertheless render the operation of the self-insurance pool hazardous, or its condition unsound, to the public;

(VII) Failure to otherwise comply with the law of this state, if such failure renders the operation of the self-insurance pool hazardous to the public.

(b) If the commissioner of insurance finds upon examination, hearing, or other evidence that any participating public entity has committed any of the acts specified in paragraph (a) of this subsection (8) or any act otherwise prohibited in this section, the commissioner may suspend or revoke such certificate of authority if the commissioner deems it in the best interest of the public. Notice of any revocation shall be published in one or more daily newspapers in Denver which have a general state circulation. Before suspending or revoking any certificate of authority of a public entity, the commissioner shall grant the public entity fifteen days in which to show cause why such action should not be taken.

(9) (a) Any self-insurance pool organized pursuant to this section may invest in securities meeting the investment requirements established in part 6 of article 75 of title 24, C.R.S., and may also invest in membership claim deductibles and in any other security or other investment authorized for such pools by the commissioner of insurance.

(b) Any public entity which is a member of a self-insurance pool which is organized pursuant to this section or any instrumentality formed by two or more of such members may invest in subordinated debentures issued by such self-insurance pool.

(10) In addition to workers' compensation coverage pursuant to subsection (3) of this section, a self-insurance pool authorized by subsection (3) of this section may provide property coverage pursuant to section 29-13-102, C.R.S., and liability coverage pursuant to section 24-10-115.5, C.R.S.

(4) Prior to the formation of a self-insurance pool, there shall be submitted to the commissioner of insurance a complete written proposal of the pool's operation, including, but not limited to, the administration, claims adjusting, membership, plan for reinsurance, capitalization of the pool, and risk management programs. The commissioner shall review the proposal within forty-five days after receipt to assure that proper insurance techniques and procedures are included in the proposal. After such review, the commissioner shall have the right to approve or disapprove the proposal. If the commissioner of insurance has not disapproved the proposal within ninety days of receipt of the proposal, such proposal shall be deemed approved. If the commissioner approves the proposal, the commissioner shall issue a certificate of authority. The costs of such review shall be paid by the employers desiring to form such a pool.

(5) Each self-insurance pool for employers created in this state shall file with the commissioner of insurance, on or before March 30 of each year, a written report in a form prescribed by the commissioner, signed and verified by its chief executive officer as to its condition.

(6) The commissioner of insurance, or the commissioner's designee, shall conduct an insurance examination at least once a year to determine that proper underwriting techniques and sound funding, loss reserves, and claims procedures are being followed. This examination shall

be paid for by the self-insurance pool out of its funds at the same rate as provided for foreign insurance companies under section 10-1-204 (9), C.R.S.

(7) (a) The certificate of authority issued to an employer self-insurance pool under this section may be revoked or suspended by the commissioner of insurance for any of the following reasons:

- (I) Insolvency or impairment;

- (III) Failure to comply with the provisions of its own rules, resolutions, contracts, or other conditions relating to the self-insurance pool;
- (IV) Failure to submit to examination or any legal obligation relative thereto;
- (V) Refusal to pay the cost of examination as required by subsection (6) of this section;
- (VI) Use of methods which, although not otherwise specifically proscribed by law, nevertheless render the operation of the self-insurance pool hazardous, or its condition unsound, to the public;
- (VII) Failure to otherwise comply with the law of this state, if such failure renders the operation of the self-insurance pool hazardous to the public.

(b) If the commissioner of insurance finds upon examination, hearing, or other evidence that any participating employer self-insurance pool has committed any of the acts specified in paragraph (a) of this subsection (7) or any act otherwise prohibited in this section, the commissioner may suspend or revoke such certificate of authority if the commissioner deems it in the best interest of the public. Notice of any revocation shall be published in one or more daily newspapers in Denver which have a general state circulation. (9) The commissioner of insurance may promulgate reasonable rules and regulations necessary to effectuate the purposes of this section.

(10) Any self-insurance pool or any trust which provides insurance coverage for purposes of articles 40 to 47 of this title which is in existence and is operating prior to July 10, 1987, is not subject to the requirements of this section and may continue to operate such pool or trust as authorized by law.

(11) Each self-insurance pool created under this section shall establish a trust fund, on an annual basis, to provide payment of the total workers' compensation loss cost incurred by all pool members within each given year. Aggregate excess insurance shall be provided by each self-insurance pool to the statutory limit of coverage, attaching at the maximum amount of each annual trust fund balance, or, in lieu thereof, the commissioner of insurance shall set other security standards which assure payment of workers' compensation in the event that a self-insurance pool disbands or defaults.

8-44-206. Guaranty fund - immediate payment fund - legislative declaration. (1) The general assembly hereby finds and declares that benefits awarded under articles 40 to 47 of this title to claimants employed by self-insurers may be unreasonably delayed or not paid at all if receipt of the proceeds of the bond required of the self-insurer is delayed or if the self-insurer declares bankruptcy or has insufficient reserves to cover the claim. The general assembly further finds and declares that the creation of an immediate payment fund and a guaranty fund will assure prompt and complete payment of benefits awarded to such claimants.

(2) Repealed.

(3) **Immediate payment fund - assessments - creation of fund.** (a) The director shall impose an assessment upon each employer self-insured under section 8-44-201. Assessments under this subsection (3) shall be based upon a ratio equal to the self-insured employer's paid workers' compensation medical and indemnity losses for the most recent self-insurance permit year divided by the aggregate sum of paid medical and indemnity losses by all self-insured employers for that year. Such losses shall be determined on July 1, 1990, for the most recently completed permit year, and on the first day of July for each year thereafter until the minimum fund balance has been reached. Contributions to the fund shall not be assets of the self-insured employer.

(b) (I) All moneys received by the executive director pursuant to this subsection (3) shall be deposited in the state treasury in the immediate payment fund, which fund is hereby created, and all moneys credited to such fund shall be used solely for the administration and payment of benefits to employees pursuant to this section. The general assembly shall make annual appropriations out of such fund for the administration of the fund. The moneys in such fund for the payment of benefits are hereby continuously appropriated to the department for payment of such benefits. Any moneys not utilized in the fund shall not revert to the general fund.

(II) The minimum fund balance shall be three hundred thousand dollars, to be assessed during the first three years at the rate of one hundred thousand dollars annually. Interest shall accrue to the fund to a maximum fund balance of one million dollars. Thereafter, the fund balance shall be maintained at one million dollars by refunding the excess funds to each self-insured employer, on a pro rata basis, based on that employer's contribution.

(4) **Guaranty fund - assessments - creation of fund.** (a) When the director determines that existing security held by an employer self-insured under section 8-44-201 is insufficient to meet its existing liability for workers' compensation benefits, the director shall impose an assessment on each self-insured employer. The assessment shall be based on a ratio which equals each self-insured employer's paid workers' compensation medical and indemnity losses for the most recent self-insurance permit year divided by the aggregate sum of paid medical and indemnity losses by all self-insured employers for that year. If necessary, the executive director may direct the director to make an annual assessment thereafter until such time as the present value of the guaranty fund, created in subsection (4)(b) of this section, equals the total liability for workers' compensation benefits which are in excess of the security held by the defaulting self-insured employers.

(b) (I) All moneys received by the executive director pursuant to this subsection (4) shall be deposited in the state treasury in the guaranty fund, which fund is hereby created. Such moneys credited to the fund shall be used solely for the administration and payment of benefits to employees pursuant to this section. The general assembly shall make annual appropriations out of such fund for the administration of the fund. The moneys in such fund for the payment of benefits are hereby continuously appropriated to the department for payment of such benefits. Any moneys not utilized in the fund shall not revert to the general fund.

(II) All interest shall accrue to the fund. No amounts shall be refunded until all liability in excess of security held by self-insured employers has been discharged and until the dates imposing limitations on actions, as specified in sections 8-43-103 and 8-43-303, have passed. When those conditions have been met, the remaining moneys in the fund shall be refunded to each self-insured employer, on a pro rata basis, based on that employer's contribution.

(c) Public entities self-insuring under section 8-44-201 shall be exempt from and shall not participate in this subsection (4).

(5) The department shall select any claims administrators required under this section based on the qualifications and requirements established by the director. For the purpose of contracting for such services, the department shall not be subject to articles 101 to 114 of title 24.

The board may establish different rates for employers who meet the requirements established by the board for any classification after complying with the requirements of part 4 of article 4 of title 10, C.R.S., so long as those rates are not excessive, inadequate, or unfairly discriminatory.

(f) Offer to provide workers' compensation insurance and employer's liability insurance covering any liability of Colorado employers on account of personal injuries sustained by, or the death of, any employee. Nothing in this article shall be interpreted to permit Pinnacol Assurance to provide any other type of insurance or to provide insurance to employers that are not Colorado employers. Pinnacol Assurance shall not refuse to insure any Colorado employer or cancel any insurance policy due to the risk of loss or amount of premium, except as otherwise provided in this title.

8-45-106. Insurance at cost - board may impose surcharges. (1) It is the duty of the board, in the exercise of the powers and discretion conferred upon it by articles 40 to 47 of this title, ultimately to fix and maintain, for each class of occupation, the lowest possible rates of premium consistent with the maintenance of a solvent Pinnacol Assurance fund, and the creation

and maintenance of a reasonable surplus after the payment of legitimate claims for injury and death, that may be authorized to be paid from the Pinnacol Assurance fund for the benefit of injured and dependents of killed employees.

(2) The board may impose a premium surcharge, not to exceed an additional fifty percent, for up to twelve continuous months, as a condition precedent to insure or reinsure an employer whose policy was canceled or terminated by any insurer for reasons of fraud or intentional misrepresentation of a material fact; except that, if an employer disputes the imposition of such surcharge, the employer may make a complaint to the commissioner of insurance. (a) Carry all claims to maturity such that the rates shall be based upon the reserve and not upon the assessment plan;

(b) Produce a reasonable surplus as provided in articles 40 to 47 of this title, cover the catastrophe hazard, and ensure the payment to employees and their dependents of the compensation provided in said articles.

(2) In determining the amount of reserve to be laid aside to meet deferred payments according to awards, such reserve may be ascertained by finding the present worth of such deferred medical and indemnity payments calculated at a rate of interest not higher than six percent per annum, and such calculations of disability indemnity benefits shall be made according to a table of mortality not lower than the American experience table of mortality and, in the discretion of the board, by such other and further methods as will result in the establishment of adequate reserves.

(3) The amounts raised for the Pinnacol Assurance fund shall ultimately become neither more nor less than necessary to make the fund self-supporting, which includes the attainment and maintenance of an adequate surplus as determined in accordance with section 8-45-111, and the premiums or rates levied for such purpose shall be subject to readjustment from time to time by the board as may become necessary.

Not less often than once a year the chief executive officer shall tabulate the earned premiums paid by policyholders of Pinnacol Assurance. Should the experience of the Pinnacol Assurance fund show a credit balance and after payment of all amounts that have fallen due because of operating expenses, injury, or death, and after setting aside proper reserves, the board shall distribute such credit balance to the policyholders who have a balance to their credit in proportion to the premium paid and losses incurred by each such policyholder during the preceding insurance period. (3) (a) The state treasurer shall, upon the request of the chief executive officer, transfer any such funds held to the credit of or for the payment of such warrant back to the credit of the Pinnacol Assurance fund. Except as otherwise provided in paragraph (b) of this subsection (3), if

PART 1

SUBSEQUENT INJURY FUND

8-46-101. Subsequent injury fund. (1) (a) In a case where an employee has previously sustained permanent partial industrial disability and in a subsequent injury sustains additional permanent partial industrial disability and it is shown that the combined industrial disabilities render the employee permanently and totally incapable of steady gainful employment and incapable of rehabilitation to steady gainful employment, then the employer in whose employ the employee sustained such subsequent injury shall be liable only for that portion of the employee's industrial disability attributable to said subsequent injury, and the balance of compensation due such employee on account of permanent total disability shall be paid from the subsequent injury fund as is provided in this section.

(b) (I) In addition to such compensation and after the completion of the payments therefor, the employee shall continue to receive compensation at said employee's established compensation rate for permanent total disability until death out of a special fund to be known as the subsequent injury fund, hereby created for such purpose. The subsequent injury fund shall be funded pursuant to the provisions of section 8-46-102.

(II) The unrestricted year-end balance of the subsequent injury fund, created pursuant to subparagraph (I) of this paragraph (b), for the 1991-92 fiscal year shall constitute a reserve, as defined in section 24-77-102 (12), C.R.S., and, for purposes of section 24-77-103, C.R.S.:

(A) Any moneys credited to the subsequent injury fund in any subsequent fiscal year shall be included in state fiscal year spending, as defined in section 24-77-102 (17), C.R.S.; and

(B) Any transfers or expenditures from the subsequent injury fund in any subsequent fiscal year shall not be included in state fiscal year spending, as defined in section 24-77-102 (17), C.R.S., for such fiscal year.

(1.5) Notwithstanding any provision of this section to the contrary, on May 1, 2003, the state treasurer shall deduct twenty million dollars from the subsequent injury fund and transfer such sum to the general fund.

(1.7) Notwithstanding any provision of this section to the contrary, on March 30, 2009, the state treasurer shall deduct twenty-six million five hundred thousand dollars from the subsequent injury fund and transfer such sum to the general fund.

(2) If an employee entitled to additional benefits, as provided in this section, obtains employment while receiving compensation from the subsequent injury fund, such employee shall be compensated out of said fund at the rate of one-half of said employee's average weekly wage loss, subject to the maximum and minimum provisions of the workers' compensation act, during such period of employment.

(3) In case payment is or has been made under the provisions of this section and dependency later is shown or if payment is made by mistake or inadvertence or under such circumstances that justice requires a refund thereof, the division is authorized to refund such payment to the employer or, if insured, the employer's insurance carrier.

(4) (a) The sums provided for the subsequent injury fund created by this section shall be used to pay the costs related to the administration of the fund and to make such compensation payments as may be required by the provisions of articles 40 to 47 of this title.

(b) Moneys in the subsequent injury fund are continuously appropriated to the division for the payment of benefits as provided in this section and legal fees.

(5) The director shall administer and conduct all matters involving the subsequent injury fund in the name of the division, and, in that name and without any other name, title, or authority, the director may:

(a) (I) Sue and be sued in all the courts of this state, of any other state, or of the United States and in actions arising out of any act, deed, matter, or thing made, omitted, entered into, done, or suffered in connection with the subsequent injury fund and the administration or conduct of matters relating thereto, including the authority to employ counsel to represent the fund in any action.

(II) Nothing in this paragraph (a) shall be construed to waive any provisions of the "Colorado Governmental Immunity Act", article 10 of title 24, C.R.S., nor shall it be construed to waive immunity of the state of Colorado from suit in federal court, guaranteed by the eleventh amendment to the constitution of the United States.

(b) Make and enter into contracts or obligations relating to the subsequent injury fund as authorized or permitted under the provisions of articles 40 to 47 of this title, but neither the director nor any officer or employee of the division shall be personally liable in any private capacity for or on account of any act done or omitted or contract or other obligation entered into or undertaken in an official capacity in good faith and without intent to defraud in connection with the administration or conduct of the subsequent injury fund, its business, or other affairs relating thereto.

8-46-102. Funding for subsequent injury fund and major medical insurance fund.

(1) (a) For every compensable injury resulting in death wherein there are no persons either wholly or partially dependent upon the deceased, the employer or the employer's insurance carrier, if any, shall pay to the division the sum of twenty thousand dollars, not to exceed one hundred percent of the death benefit, to be transmitted to the state treasurer, as custodian, and credited by the state treasurer to the Colorado uninsured employer fund created in section 8-67-105. In the event that there are only partially dependent persons dependent upon the deceased, the employer or the employer's insurance carrier, if any, shall first pay such benefits to such partial dependents and shall transmit the balance of the sum of twenty thousand dollars to the state treasurer, as custodian, who shall credit the same to the Colorado uninsured employer fund.

(b) In the event that the deceased is a minor with no persons either wholly or partially dependent upon the deceased, the employer or the employer's insurance carrier, if any, shall pay to the parents of the deceased the sum of fifteen thousand dollars, not to exceed one hundred percent of the death benefit. In the event that there are no surviving parents, the employer or the employer's insurance carrier, if any, shall pay such benefits to the division, to be transmitted to the state treasurer, as custodian, and credited by the state treasurer to the subsequent injury fund. In the event that there are persons only partially dependent upon the deceased, the employer or the employer's insurance carrier, if any, shall first pay such benefits to such partially dependent persons and shall pay the balance to the surviving parents of the deceased, or in the event that there are no surviving parents, the remaining balance shall be paid to the division, to be

transmitted to the state treasurer, as custodian, who shall credit the same to the subsequent injury fund.

(c) For injuries sustained on or after July 1, 2018, and on each July 1 thereafter, the director shall adjust the amount paid to the Colorado uninsured employer fund in this subsection (1) by the percentage of the adjustment made by the director to the state weekly wage pursuant to section 8-47-106.

(2) (a) (I) Notwithstanding sections 10-3-209 (1)(c) and 10-6-128 (3), C.R.S., for the purpose of funding the financial liabilities of the subsequent injury fund pursuant to this section and of the major medical insurance fund pursuant to section 8-46-202, every person, partnership, association, and corporation, whether organized under the laws of this state or of any other state or country, every mutual company or association, every captive insurance company, and every other insurance carrier, including Pinnacol Assurance, insuring employers in this state against liability for personal injury to their employees or death caused thereby under the provisions of articles 40 to 47 of this title shall, as provided in this subsection (2), be levied a tax upon the premiums received in this state, whether or not in cash, or on account of business done in this state for such insurance in this state at a rate determined by the director to generate sufficient revenue for claim payments and direct and indirect costs of administration that are anticipated to be submitted in the following state fiscal year for which such funds are liable. In determining the rate, the director shall, in addition to revenue for claim payments and direct and indirect costs of administration that are anticipated to be due in the following state fiscal year, maintain a cash balance in both the major medical insurance fund and the subsequent injury fund of an amount of otherwise unrestricted revenues equal to approximately one year's worth of claim payments and direct and indirect administrative costs. Such insurance carriers shall be credited with all canceled or returned premiums actually refunded during the year of such insurance.

(II) Repealed.

(b) Every such insurance carrier shall, on July 1, 1988, and semiannually thereafter, make a return, verified by affidavits of its president and its secretary or by affidavits of its other chief officers or agents, to the division, stating the amount of all such premiums received and credits granted during the period covered by such return. Every insurance carrier required to make such return shall file the same with the division within thirty days after the close of the period covered thereby and shall, at the same time, pay to the division a tax ascertained as provided in paragraph (a) of this subsection (2), less return premiums on canceled policies.

(c) Every employer acting as a self-insurer under the provisions of articles 40 to 47 of this title shall, under oath, report to the division the employer's payroll in such form as may be prescribed by the director and at the times specified for premium reports by insurance companies in paragraph (b) of this subsection (2). The division shall assess against such payroll a tax for the purposes of paragraph (b) of this subsection (2) on the basic premiums chargeable against the same or most similar industry or business taken from the manual insurance rates, including any discount or experience modification allowed, chargeable by Pinnacol Assurance, and, upon receipt of notice from the division of the tax so assessed, every such self-insurer shall, within thirty days after the receipt of such notice, pay to the division the tax so assessed.

(d) If any such insurance carrier or self-insurer fails or refuses to make the return or report required by paragraph (b) or (c) of this subsection (2), the director shall assess the tax against such insurance carrier or self-insurer at the rate provided for in this subsection (2) on

such amount of premium as the director may deem just, and the proceedings thereof shall be the same as if the return had been made.

(e) If any such insurance carrier or self-insurer withdraws from business in this state before the tax provided for in this subsection (2) falls due as provided in this section, or fails or neglects to pay such tax, the director shall proceed at once to collect the same; and the director is authorized to employ such legal processes as may be necessary for that purpose. Suit shall be brought by the director in any of the courts of this state having jurisdiction.

(f) The director, in the enforcement of this subsection (2), shall have all of the powers granted in articles 40 to 47 of this title, and any insurance carrier or self-insurer who violates any of the provisions of this subsection (2) or fails to pay the tax thereby imposed is guilty of a violation of said articles and shall be subject to the penalties therein prescribed.

(g) All moneys collected pursuant to this subsection (2) shall be transmitted to the state treasurer, as custodian, who shall credit the same to the subsequent injury fund and to the major medical insurance fund as determined by the director in accordance with subsection (3) of this section. Any interest earned on the investment or deposit of moneys in said funds shall remain in the funds and shall not revert to the general fund of the state at the end of any fiscal year.

(3) (a) As determined by the director, a portion of the revenue received each year pursuant to subsection (2) of this section shall be deposited into the subsequent injury fund, established in section 8-46-101 (1)(b), and a portion shall be deposited into the major medical insurance fund, established in section 8-46-202 (1). In addition, the director may move revenue between the funds when the director determines that doing so is necessary. The director shall continue to establish a surcharge rate pursuant to subsection (2) of this section until the balance in both such funds is sufficient to meet the future claim payments plus the amount necessary to pay the direct and indirect costs of administration of the funds, at which time the surcharge rate established in paragraph (a) of subsection (2) of this section shall be reduced to zero.

(b) For the purpose of determining the proper allocation of the surcharge and making the estimates contemplated in paragraph (a) of this subsection (3), the director shall contract for the services of qualified private actuaries.

(1) Effective July 1, 1993, in any case in which an employee previously has sustained permanent partial disability and, in a subsequent injury, sustains additional permanent partial disability and it is shown that the combined industrial disabilities render the employee permanently and totally disabled, then the premiums of the employer in whose employ the employee sustained such subsequent injury shall be determined only on the basis of the impairment rating for such subsequent injury and not on the basis of the employee's permanent total disability. If such employer disputes the impairment rating for the subsequent injury, the employer shall request an independent medical examination pursuant to the procedures set forth in section 8-42-107.2. The finding of the independent medical examiner regarding the impairment rating may be overcome only by clear and convincing evidence. For the purposes of premium calculations, if such employer disputes the impairment rating for the occupational disease, the employer shall request an independent medical examination pursuant to the procedures set forth in section 8-42-107.2. Such action may be taken after a finding by the director as to the insolvency, the threatened insolvency, or any other condition or danger which may cause the loss of, or which has delayed or may impede, hinder, or delay prompt payment of, compensation or benefits by any insurance carrier or employer. The action and finding of the director shall not be subject to review, and the director shall not be required to give any notice of hearing or hold any hearing prior to taking such action or making such finding.

(2) All moneys so paid in shall constitute a separate trust fund in the office of the state treasurer, and, after any such payment is so ordered, the employer or insurance carrier shall thereupon be discharged from any further liability under such award for which payment is made to the extent of the payment made, and the payment of the award shall then be assumed to the extent of payment made by the special trust fund so created. The state treasurer shall invest any portion of the special trust fund, including its surplus and reserves, which the director determines is not needed for immediate use.

8-47-203. Access to files, records, and orders. (1) Notwithstanding the provisions of section 8-47-202, the filing of a claim for compensation is deemed to be a limited waiver of the doctor-patient privilege to persons who are necessary to resolve the claim. The release of mental health records pursuant to this section must comply with section 8-47-203.2. Access to claim files maintained by the division will be permitted only as follows:

(a) Workers' compensation claim files shall be available for inspection upon request by the parties to the claim, including the claimant, the employer, and the insurer or their attorneys or other designated representatives. The director may disallow such requests if the purpose of the inspection is to further commercial interests, to

disseminate information to nonparties, or if the inspection does not comply with section 8-47-203.2. Any such request shall be considered and determined by the division within seventy-two hours.

(c) (I) The director may permit access to other governmental entities only as required for the performance of their official duties and only if those official duties relate to enforcement of provisions of articles 40 to 47 of this title; except that the department of revenue may access results of any inquiry made by the division to determine whether an employer has any liability pursuant to articles 22 to 29 of title 39, C.R.S. This provision is not intended to restrict the rights of persons otherwise provided for in articles 40 to 47 of this title to inspect and copy files.

(II) The general assembly intends that any contract, agreement, or any other means to transfer information between the department of labor and employment and any other governmental entity related to access to claim files in effect prior to May 27, 1997, shall be conformed to the provisions of this paragraph (c), as amended, or terminated as authorized by law.

(III) Notwithstanding articles 40 to 47 of this title 8, the director may provide information to the Colorado uninsured employer board created in section 8-67-106, as necessary, to exercise its powers and duties.

(d) Persons entitled to review claim files may obtain copies upon payment of the fee set by the division. Such persons shall not disseminate information contained in those files except as required to resolve the claim, or as permitted by the director, or as permitted by law.

(e) Claimants may waive the protection of this statute by executing a waiver for the release of information. The waiver must be dated and will be effective for ninety days thereafter.

The workers' compensation classification appeals board is a **type 1** entity, as defined in section 24-1-105. The board shall hear grievances brought by employers against insurers and Pinnacol Assurance concerning the calculation of experience modification factors and classification assignment decisions. The board consists of five voting members, each of whom must be knowledgeable about workers' compensation classification and experience modification factors, and one nonvoting member, as follows:

(a) (I) One member must be either:

(A) A salaried employee of an insurance company that issues workers' compensation insurance policies in this state; or

(III) The two members appointed pursuant to subsections (1)(a)(I) and (1)(a)(II) of this section must not both represent Pinnacol Assurance or the same insurance company. In addition, one person must be selected to serve as an alternate member to represent the interests of the insurance industry, Pinnacol Assurance, or insurance agents. The alternate shall represent such interests if the primary member recuses himself or herself.

(b) One member, who shall be a nonvoting member, shall be an employee of a workers' compensation rating organization functioning under the provisions of section 10-4-408, C.R.S. The workers' compensation rating organization shall serve as a technical resource for the board.

(c) Three members shall represent private employers. The commissioner shall immediately notify the workers' compensation rating organization concerning the identity of any appointees.

(3) Each member shall serve one three-year term, and, in addition:

(a) (Deleted by amendment, L. 2002, p. 1889, § 46, effective July 1, 2002.)

(b) A private employer member or member representing the insurance industry or Pinnacol Assurance may serve a second consecutive three-year term; and

Such expenses shall be limited to travel, food, and lodging expenses.

Every insurance carrier authorized to transact business in this state, including Pinnacle Assurance, shall provide employers with a written copy or summary of their appeal procedures, together with a written notice of the availability of an appeal under this article, at the beginning of each policy year and when notice is provided to the employer of a change in experience modification factors or job classification.

parties to the appeal agree to waive such conflict. For purposes of this paragraph (f), a member shall be deemed to have a conflict of interest if such member:

(I) Has a conflict that would call into question such member's ability to render an unbiased decision; and

(II) Is associated with either party to the appeal. A member is "associated" with a party to an appeal if:

(g) Notwithstanding the provisions of paragraph (f) of this subsection (3), the member representing the workers' compensation rating organization shall not be deemed to have a conflict of interest with respect to any appeal based solely on his or her affiliation with his or her organization.

(4) The secretary of the board shall carry out the administrative functions of the board and shall be responsible for providing notice of, preparing the agenda for, and arranging the facilities for each hearing and meeting. The secretary shall also prepare a memorandum after each hearing that includes the vote of the board. An employer may hold disputed premium amounts in abeyance from the date an appeal is filed pursuant to section 8-55-102 until the later of:

(a) The date a final decision is made by the board concerning such appeal; or

(b) The date of any written decision of the commissioner of insurance issued pursuant to subsection (3) of this section.

(2) Each employer, insurance company, or Pinnacol Assurance, as the case may be, shall be advised of the right to appeal to the office of the commissioner of insurance.

(3) An employer, insurance company, or Pinnacol Assurance shall provide written notice of an appeal to the commissioner of insurance within thirty days after the date of the board's decision. The commissioner shall review any decision of the board properly appealed pursuant to this section and shall provide a written decision within thirty days after the request for such review.

The court having jurisdiction shall grant such claims priority equal to that which the injured worker would have been entitled in the absence of this article 67 against the assets of the employer. The expenses of the board shall be accorded the same priority as the liquidator's expenses.

(5) Upon the acceptance of a claim into the fund, the board shall record, as provided by subsection (6) of this section, a certificate prepared and furnished by the division showing the date on which the claim was filed, the date of the injury, the name and last-known address of the employer against whom it was filed, the names and last-known addresses of the employer's principals, and the fact that the employer has not secured the payment of compensation as required. Upon recording, the certificate constitutes a valid lien against the assets of the employer and its principals in favor of the fund for the whole amount that may be due as compensation. Any lien secured pursuant to this article 67 has priority in the order filed. The board shall serve a copy of the certificate upon the employer and its principals.

(6) The certificate constituting a lien in favor of the fund must be filed in the following offices:

- (a) The offices of the county clerks of the counties in which the principals of the defendant employer reside;
- (b) The office of the county clerk of the county in which the defendant employer has its principal place of business; and

(c) The offices of the county clerks in the counties where the employer's property is located.

(7) If an uninsured employer becomes insolvent, the board may convert all future payments of workers' compensation weekly benefits, medical expenses, or other payments pursuant to articles 40 to 47 of this title 8 to a present lump sum. The board shall fix the lump sum of probable future medical expenses and weekly compensation benefits, or other benefits payable pursuant to articles 40 to 47 of this title 8, capitalized at their present value upon the basis of interest at the rate of four percent per annum. The board shall then file with the receiver or liquidator of an insolvent employer the statement of the lump sum, which shall preserve the rights of the board against the assets of the insolvent employer. The employer is discharged from all further liability for the commuted workers' compensation claim upon payment of the present lump sum to either the injured worker or, subject to approval by the board, to a licensed insurer for purchase of an annuity or other periodic payment plan for the benefit of the injured worker.

(8) Payment from the fund does not relieve the obligation of the employer to pay benefits as required by articles 40 to 47 of this title 8 to the injured worker; except that any benefits due to the injured worker will be reduced by the amount of the benefits paid by the fund to the injured worker. All benefits required pursuant to articles 40 to 47 of this title 8 remain the liability of the employer.

8-67-110. Collection of benefit reimbursements. (1) The board shall institute practices and procedures as it deems necessary to collect any money due the fund in the form of reimbursement for benefits paid from the fund to an injured worker.

(2) Repealed.

(3) If, after due notice, an employer defaults in the repayment of any benefits paid by the fund to an injured worker on that employer's behalf, the board may seek collection from the employer by instituting a civil action, which shall include the right of attachment in the name of the fund. Court costs shall not be charged to the board, but any employer against whom judgment is taken shall be charged with all costs of the action. All costs collected by the fund shall be paid into the registry of the court.

(4) The board may employ counsel and other personnel necessary to collect reimbursements as described in this section.

8-67-111. Payment of benefits. (1) Benefits paid under this article 67 are treated as benefits paid by an insurer or self-insured employer under articles 40 to 47 of this title 8.

(2) A person having a single claim against multiple employers is not entitled to receive benefits unless each of the liable employers is uninsured.

(3) When paying benefits, the board is entitled to claim any reduction of benefits, to claim overpayments, or to make any other adjustments allowed under articles 40 to 47 of this title 8.

(4) Benefits awarded under this article 67 must be reduced by any benefits paid by the uninsured employer.

8-67-112. Medical benefits. (1) Medical benefits paid under this article 67 are treated as benefits paid by an insurer or self-insured employer under articles 40 to 47 of this title 8.

(2) Upon acceptance of a claim for benefits from the fund, the board may designate a new authorized treating physician. Application to the fund shall be deemed as acceptance by the injured worker of the new designated physician if the designation is made. The previously authorized treating physician providing primary care shall continue as the authorized treating physician providing primary care for the injured employee until the injured employee's initial visit with the newly authorized treating physician, at which time the treatment relationship with the previously authorized treating physician providing primary care is terminated.

(3) Notwithstanding articles 40 to 47 of this title 8, the board is permitted to negotiate rates of reimbursement for medical providers.

8-67-113. Procedure. (1) A controversy concerning any issue arising under this section shall be resolved through hearings in accordance with sections 8-43-207 and 8-43-207.5. In any such hearing, a decision of the board to deny benefits may only be set aside upon a showing of abuse of discretion.

(2) The division shall notify the board of any claim determined or suspected to be uninsured, either at the time of filing or otherwise. Upon the notification, the board is permitted to join the claim as a party upon written notice to all other parties.

(3) A hearing must not proceed on the issue of lack of coverage without the board having been notified and provided an opportunity to join the claim as a party.

(4) The board, its agents, or employees have no liability for any action taken against them for the performance of their duties under this article 67.

LABOR III - EMPLOYMENT SECURITY

ARTICLE 70

Definitions - General Provisions

Cross references: For applicability of legislation that amends, repeals, or adds to the provisions of this article on and after May 18, 1979, see § 8-70-143.

8-70-101. Short title. Articles 70 to 82 of this title shall be known and may be cited as the "Colorado Employment Security Act".

Source: L. 36, 3rd Ex. Sess.: p. 13, § 1. CSA: C. 167A, § 1. L. 41: p. 761, § 1. CRS 53: § 82-1-1. C.R.S. 1963: § 82-1-1.

8-70-102. Legislative declaration. As a guide to the interpretation and application of this article, the public policy of this state is declared to be as follows: Economic insecurity due to unemployment is a serious menace to the health, morals, and welfare of the people of this state. Involuntary unemployment is therefore a subject of general interest and concern which requires appropriate action by the general assembly to prevent its spread and to lighten its burden which now so often falls with crushing force upon the unemployed worker and his family. The achievement of social security requires protection against this greatest hazard of our economic life. This can be provided by encouraging employers to provide more stable employment and by the systematic accumulation of funds during periods of employment to provide benefits for periods of unemployment, thus maintaining purchasing power and limiting the serious social consequences of poor relief assistance. The general assembly, therefore, declares that in its considered judgment the public good and the general welfare of the citizens of this state require the enactment of this measure, under the police powers of the state, for the compulsory setting aside of unemployment reserves to be used for the benefit of persons unemployed through no fault of their own.

The executive director of the department shall prescribe forms and promulgate rules to promote the efficient administration of this paragraph (e). The department may require employee leasing companies to submit documentation to show compliance with the provisions of paragraph (b) of this subsection (2) and may conduct any necessary review to verify that the employee leasing company is an employing unit or coemployer under this section. Each employee leasing company shall file an annual renewal of its certification on or before June 30 of each year.

(g) (I) Each employee leasing company operating within this state as of August 5, 2008, shall complete its initial certification not later than sixty days after August 5, 2008. The initial certification shall be valid until the end of the state's first fiscal year that is more than one year after August 5, 2008.

(II) An employee leasing company not operating within this state as of August 5, 2008, shall complete its initial certification prior to commencement of operations within this state.

(A) Repealed.

(A.5) On and after December 31, 2012, execute and file a surety bond or deposit with the division money or a letter of credit equivalent to fifty percent of the average annual amount of unemployment premium assessed within the previous calendar year for all covered employees regardless of the election made pursuant to subparagraph (VII) of paragraph (b) of this subsection (2). For a new employee leasing company, the initial bond amount is the unrated premium rate, as determined pursuant to section 8-76-102.5, multiplied by fifty percent of the estimated projected chargeable payroll for the current calendar year as estimated by the employee leasing company.

(B) Provide the most recent independently audited financial statement prepared by a certified public accountant pursuant to generally accepted accounting principles, which statement may not be older than thirteen months. The audit shall also include items that demonstrate an accounting working capital of not less than one hundred thousand dollars. For the purposes of this sub-subparagraph (B), "working capital" of an employee leasing company means the employee leasing company's current assets minus the employee leasing company's current liabilities as determined by generally accepted accounting principles.

(C) Provide sufficient evidence on an annual basis that it has been accredited by a bonded, independent, and qualified assurance organization approved by the director of the division that provides satisfactory assurance of compliance acceptable to the department.

(IV) The department may, at its discretion, require the employee leasing company to provide evidence of compliance with sub-subparagraph (B) or (C) of subparagraph (III) of this paragraph (g) immediately.

(V) An employee leasing company shall, within fifteen days following any deduction from a money deposit or sale of deposited securities, deposit sufficient additional moneys or securities to make whole the employee leasing company's deposit at the prior level. Any cash remaining from the department's sale of such securities shall be a part of the employee leasing company's escrow account. The department may, at any time, review the adequacy of the deposit made by any employee leasing company. If, as a result of such review, the department determines that an adjustment is necessary, it shall require the employee leasing company to make an additional deposit within thirty days after receipt of written notice of the department's determination or shall return to the employee leasing company such portion of the deposit as the department no longer considers necessary, whichever action is appropriate.

(VI) Upon filing an annual certification under this section, an employee leasing company shall pay a fee, as determined by rule of the department, not to exceed five hundred dollars. Fees collected pursuant to this section shall be transmitted to the state treasurer, who shall credit the same to the employee leasing company certification fund, referred to in this section as the "fund", which is hereby created in the state treasury. Moneys in the fund shall be subject to annual appropriation by the general assembly for implementation of this section. The moneys in the fund and interest earned on the moneys in the fund shall not revert to the general fund or be transferred to any other fund. No fee charged pursuant to this section shall exceed the amount reasonably necessary for the administration of this section.

(VII) The department shall maintain a list of employee leasing companies that submit certifications required under paragraph (e) of this subsection (2) that is readily available to the public by electronic or other means.

(VIII) All records, reports, and other information obtained from an employee leasing company under this section, except to the extent necessary for the proper administration of this section by the department, shall be held confidential and shall not be published or open to public inspection other than to public employees in the performance of their public duties, pursuant to provisions governing records and reports in this title.

(3) (a) The status of an employee leasing company as the employing unit or a co-employer of a work-site employer's employees shall be revoked by the division if such employee leasing company fails to file the required reports or pay the premiums due under the provisions of articles 70 to 82 of this title. The effective date of a revocation shall be the first day of the quarter for which the reports and premiums are due. In the event of a revocation, the work-site employer shall become liable for the reports and premiums due.

(b) The provisions of paragraph (a) of this subsection (3) shall apply if any portion of an employing unit's business activity can be characterized as an employee leasing company, as defined in subsection (2) of this section.

(c) The provisions of paragraph (a) of this subsection (3) shall not apply if an employee leasing company acts as an agent for a work-site employer pursuant to the provisions of subsection (1) of this section, files the required reports, and pays the premiums due under an account established for the work-site employer.

(d) The provisions of paragraph (a) of this subsection (3) shall not apply to any temporary help contracting firm, as defined in section 8-73-105.5. However, if any portion of such firm's business activity can be characterized as an employee leasing company, as defined in subsection (2) of this section, that portion of the firm's business shall be subject to the provisions of this subsection (3).

(4) An employee leasing company shall not report wages for any work-site employer that would not otherwise be subject to articles 70 to 82 of this title.

(5) An employee leasing company or business management company shall not report remuneration paid:

(a) For services performed by individuals who are clients and who are sole proprietors or partners in a partnership; or

(b) For any other services which would not otherwise constitute employment pursuant to articles 70 to 82 of this title.

(6) (a) Nothing in this section shall exempt a work-site employer or any employee from any other licensing requirements imposed by local, state, or federal law. An employee who is licensed, registered, or certified by a unit of local, state, or federal government shall, for the purposes of such license, registration, or certification, be considered an employee of the work-site employer. An employee leasing company shall not be deemed to engage in any occupation, trade, profession, or other activity that is subject to licensing, registration, or certification requirements, or is otherwise regulated by a governmental entity, solely by entering into and maintaining an employee leasing company contract with a work-site employer or work-site employees who are subject to such requirements or regulation.

(b) **Collective bargaining agreements.** Nothing contained in this subsection (6) or in any employee leasing company contract shall affect, modify, or amend any collective bargaining agreement, or the rights or obligations of any work-site employer, employee leasing company, or work-site employee under the federal "National Labor Relations Act", 29 U.S.C. sec. 151 et seq., or the federal "Railway Labor Act", 45 U.S.C. sec. 151 et seq.

(c) **Tax or premium credits and other incentives.** For purposes of determination of employment-based tax or premium credits, such as economic development, enterprise zone, development zone, and other such economic incentives provided by the state or any other governmental entity, work-site employees shall be deemed employees solely of the work-site employer. A work-site employer shall be entitled to the benefit of any tax or premium credit, economic incentive, or other benefit arising as the result of the employment of work-site employees of the work-site employer. If the grant or amount of any credit, benefit, or other incentive is based on number of employees, then each work-site employer shall be treated as employing only those work-site employees coemployed by the work-site employer. Work-site employees working for other work-site employers of the employee leasing company shall not be counted. Upon request by a work-site employer or an agency or department of this state, each employee leasing company shall provide employment information reasonably required by any agency or department of this state responsible for administration of any tax or premium credit or economic incentive and necessary to support any request, claim, application, or other action by a work-site employer seeking the tax or premium credit or economic incentive.

(d) **Disadvantaged business.** With respect to a bid, contract, purchase order, or agreement entered into with the state or a political subdivision of the state, a work-site employer's status or certification as a small, minority-owned, disadvantaged, or women-owned business enterprise or as a historically underutilized business is not affected because the work-site employer has entered into an employee leasing company contract or uses the services of an employee leasing company.

(e) **Taxes, premiums, fees, other assessments.** (I) A tax, premium, fee, surcharge, penalty, or any other assessment on a work-site employer or employee leasing company on the basis of the number of employees shall be assessed:

(A) Against the work-site employer for the work-site employees under the employee leasing company contract with the employee leasing company; and

(B) Against the employee leasing company for the employees of the employee leasing company who are not work-site employees for any work-site employers in the state.

(II) For a tax or premium imposed or calculated upon the basis of total payroll, an employee leasing company may apply any small business allowance or exemption available to the work-site employer for the work-site employees for purposes of computing the tax or premium.

(III) The provisions of this paragraph (e) shall not apply to the reporting, withholding, and paying of taxes or premiums pursuant to subparagraphs (VI) and (VII) of paragraph (b) of subsection (2) of this section.

(7) **Employment arrangements.** Nothing in this section or in any employee leasing company contract shall:

(a) Diminish, abolish, or remove rights of covered employees of a work-site employer or obligations of such work-site employer to a covered employee existing prior to the effective date of the employee leasing company contract;

(b) Affect, modify, or amend any contractual relationship or restrictive covenant between a covered employee and any work-site employer in effect at the time an employee leasing company contract becomes effective. Nor shall it prohibit or amend any contractual relationship or restrictive covenant that is entered into subsequently between a work-site employer and a covered employee. An employee leasing company shall have no responsibility or liability in connection with, or arising out of, any such existing or new contractual relationship or restrictive covenant unless the employee leasing company has specifically agreed otherwise in writing.

(c) Create any new or additional enforceable right of a covered employee against an employee leasing company that is not specifically provided by the employee leasing company contract or this section.

(8) **Prohibited acts and enforcement.** (a) A person shall not offer or provide employee leasing company services or use the names employee leasing company, professional employer organization, PEO, staff leasing, employee leasing, administrative employer, or other title representing employee leasing services without first obtaining certification from the department under this section.

(b) A person shall not knowingly provide false or fraudulent information to the department in conjunction with any certifications or in any report required under this section.

(c) The executive director of the department may take disciplinary action against an employee leasing company for a violation of paragraph (a) or (b) of this subsection (8), for the conviction in a court of law for a crime arising from the operation of an employee leasing company relating to fraud or deceit or the ability of the employee leasing company to operate as such, for knowingly making a material misrepresentation to the department or other governmental agency, or for a willful violation of this section or any order or rule issued by the department under this section.

(d) Upon finding, after notice and opportunity for hearing, that an employee leasing company has violated one or more provisions of this section, the director of the division may:

(I) Place the certified employee leasing company on probation for a period and subject to conditions that the director of the division specifies;

(II) Impose an administrative penalty in an amount not to exceed one thousand dollars for each material violation; and

(III) Refuse to accept the certification and rescind the employee leasing company's ability to make unemployment insurance contributions for work-site employees under its unemployment insurance account.

8-70-115. Employment - federal unemployment tax act. (1) (a) "Employment", subject to other provisions of this subsection (1), includes any service performed prior to January 1, 1972, which was employment as defined in this subsection (1) prior to such date and service performed after December 31, 1971, by an employee as defined in section 3306 (i) of the "Federal Unemployment Tax Act" and any service performed after December 31, 1977, by an employee, as defined in subsection (o) of section 3306 of the "Federal Unemployment Tax Act", including service in interstate commerce.

(b) Notwithstanding any other provision of this subsection (1) and notwithstanding the provisions of section 8-80-101, service performed by an individual for another shall be deemed

to be employment, irrespective of whether the common-law relationship of master and servant exists, unless and until it is shown to the satisfaction of the division that such individual is free from control and direction in the performance of the service, both under his contract for the performance of service and in fact; and such individual is customarily engaged in an independent trade, occupation, profession, or business related to the service performed. For purposes of this section, the degree of control exercised by the person for whom the service is performed over the performance of the service or over the individual performing the service, if exercised pursuant to the requirements of any state or federal statute or regulation, shall not be considered.

(c) To evidence that such individual is engaged in an independent trade, occupation, profession, or business and is free from control and direction in the performance of the service, the individual and the person for whom services are performed may either show by a preponderance of the evidence that the conditions set forth in paragraph (b) of this subsection (1) have been satisfied, or they may demonstrate in a written document, signed by both parties, that the person for whom services are performed does not:

(I) Require the individual to work exclusively for the person for whom services are performed; except that the individual may choose to work exclusively for the said person for a finite period of time specified in the document;

(II) Establish a quality standard for the individual; except that such person can provide plans and specifications regarding the work but cannot oversee the actual work or instruct the individual as to how the work will be performed;

(III) Pay a salary or hourly rate but rather a fixed or contract rate;

(IV) Terminate the work during the contract period unless the individual violates the terms of the contract or fails to produce a result that meets the specifications of the contract;

(V) Provide more than minimal training for the individual;

(VI) Provide tools or benefits to the individual; except that materials and equipment may be supplied;

(VII) Dictate the time of performance; except that a completion schedule and a range of mutually agreeable work hours may be established;

(VIII) Pay the individual personally but rather makes checks payable to the trade or business name of the individual; and

(IX) Combine his business operations in any way with the individual's business, but instead maintains such operations as separate and distinct.

(d) A document may satisfy the requirements of paragraph (c) of this subsection (1) if such document demonstrates, by a preponderance of the evidence, the existence of such factors listed in subparagraphs (I) to (IX) of paragraph (c) of this subsection (1) as are appropriate to the parties' situation.

(2) Where the parties use a written document pursuant to paragraph (c) of subsection (1) of this section, such document may be the contract for performance of service or a separate document. Such document shall create a rebuttable presumption of an independent contractor relationship between the parties, where such document contains a disclosure, in type which is larger than the other provisions in the document or in bold-faced or underlined type, that the independent contractor is not entitled to unemployment insurance benefits unless unemployment compensation coverage is provided by the independent contractor or some other entity, and that the independent contractor is obligated to pay federal and state income tax on any moneys paid pursuant to the contract relationship.

(3) Where the parties use a written document pursuant to paragraph (c) of subsection (1) of this section, and one of the parties is a professional whose license to practice a particular occupation under the laws of the state of Colorado requires such professional to exercise a supervisory function with regard to an entire project, such supervisory role shall not affect such professional's status as part of the independent contractor relationship.

(4) To improve the process of determining the classification of an individual for purposes of this section, including any audits performed pursuant to section 8-72-107, the department shall:

(a) Develop guidance for employers on the factors specified in paragraph (c) of subsection (1) of this section;

(b) Clarify the process by which an employer or individual may submit further information in response to a determination by the department and prior to an appeal;

(c) Establish an individual to serve as a resource for employers by providing guidance on:

(I) The proper classification of workers;

(II) Audit findings; and

(III) Options for curing or appealing an audit;

(d) Establish internal methods to improve the consistency among auditors; and

(e) Establish an independent review of a portion of audit and appeal results at least twice a year to monitor trends and make improvements to the audit process.

base of operations or place from which the service is directed or controlled is not in any state in which some part of the service is performed but that the individual's residence is in this state. For purposes of this section, service shall be deemed to be localized within a state if the service is performed entirely within the state or if the service is performed both within and without the state but the service performed without the state is incidental to the individual's service within the state or, for example, is temporary or transitory in nature or consists of isolated transactions.

8-71-103. Organization of division - authority to issue bonds.

(1) (Deleted by amendment, L. 2012.)

(2) (a) The division constitutes an enterprise for purposes of section 20 of article X of the state constitution, as long as the division retains authority to issue revenue bonds and the division receives less than ten percent of its total annual revenues in grants, as defined in section 24-77-102 (7), C.R.S., from all Colorado state and local governments combined. For as long as it constitutes an enterprise pursuant to this section, the division is not subject to section 20 of article X of the state constitution.

(b) (I) Except as provided in subparagraph (II) of this paragraph (b), the enterprise established pursuant to this subsection (2) has all the powers and duties authorized by articles 70 to 82 of this title pertaining to unemployment insurance and unemployment compensation. The unemployment compensation fund, created in section 8-77-101, constitutes part of the enterprise established pursuant to this subsection (2).

(II) The employment support fund established in section 8-77-109 (1) shall not be included in or administered by the enterprise established pursuant to this subsection (2).

(c) Nothing in this subsection (2) limits or restricts the authority of the division to expend its revenues consistent with the provisions of articles 70 to 82 of this title.

(d) (I) Upon receiving the certifications specified in subsections (2)(d)(III) and (2)(d)(IV) of this section, the division may issue revenue bonds for the same purposes and on the same terms, and levy and apply the proceeds of bond assessments for the same purposes and in the same manner, as the Colorado housing and finance authority may issue bonds and may levy and apply the proceeds of bond assessments under section 29-4-710.7, substituting references to the division for references to the authority under that section. The state treasurer may advise the division in accordance with section 24-36-121. Bond assessments levied by the division may be used to pay revenue bonds issued by the division under this subsection (2)(d) or revenue bonds issued by the Colorado housing and finance authority under section 29-4-710.7.

(II) Any bonds issued pursuant to this subsection (2)(d) must be executed and delivered by the director of the division and may be in the form, may be sold, and may have the same terms as provided in section 43-4-807 (1)(b) and (1)(c); may contain the provisions permitted by section 43-4-807 (1)(d); shall be legal investments for the entities described in, and subject to the terms set forth in, section 43-4-807 (3); and shall be exempt from taxation and assessments in the state as provided in section 43-4-807 (4). The division may invest or deposit any proceeds and interest from the sale of such bonds as provided in section 43-4-807 (2). The division has the power to enter into all other contracts or agreements, which contracts and agreements are not subject to the "Procurement Code", articles 101 to 112 of title 24, that are necessary or incidental to the exercise of its powers and duties under this subsection (2)(d), including the power to engage the services of consultants, financial advisors, underwriters, bond insurers, letter of credit banks, rating agencies, and agents and other persons whose services may be required or deemed

advantageous by the division, and the power to enter into interest rate exchange agreements for bonds that have been issued in accordance with this subsection (2)(d). The amount of outstanding liability for bonds issued pursuant to this subsection (2)(d) or section 29-4-710.7 is not taken into account for purposes of rate setting under article 76 of this title 8. The amount of outstanding liability for bonds issued pursuant to this subsection (2)(d) and financial obligations under section 24-36-121 is not taken into account for purposes of rate setting under article 76 of this title 8.

(III) The division may not issue its bonds pursuant to this paragraph (d) until the monthly balance in the unemployment compensation fund is equal to or less than nine-tenths of one percent of the total wages reported by ratable employers for the calendar year, or for the most recent available four consecutive quarters prior to the last computation date, and the governor, the state treasurer, and the executive director of the department of labor and employment have each certified in writing to the division:

(A) That other funding alternatives to the issuance of bonds by the division under this paragraph (d) have been considered and that the issuance of such bonds is the most cost-effective means for the division to maintain adequate balances in the unemployment compensation fund or to repay moneys advanced to the state pursuant to 42 U.S.C. sec. 1321;

(B) The amount of money required to maintain adequate balances in the unemployment compensation fund or to repay moneys advanced to the state pursuant to 42 U.S.C. sec. 1321, or both; and

(C) The amount of bonds to be issued.

(IV) In addition to the written certifications specified in subparagraph (III) of this paragraph (d), the executive director of the department of labor and employment shall certify in writing that the issuance of bonds as authorized by law would not result in decertification of Colorado's unemployment insurance program, impact any cap application, affect the receipt of emergency unemployment compensation funds, create an ineligibility for receipt of federal funds, or result in other penalties or sanctions under the federal "Social Security Act", as amended, or the "Federal Unemployment Tax Act", as amended, 26 U.S.C. sec. 3301 et seq.

8-72-108. Oaths - witnesses - subpoenas. (1) In the discharge of the duties imposed by articles 70 to 82 of this title, the division or its duly authorized representative shall have power to administer oaths and affirmations, take depositions, certify to official acts, and issue subpoenas to compel the attendance of witnesses and the production of books, papers, correspondence, memoranda, and other records deemed necessary as evidence in connection with a disputed claim or the administration of articles 70 to 82 of this title.

(2) In case of contempt or refusal to obey a subpoena issued to any person, any court of this state within the jurisdiction of which the inquiry is carried on or within the jurisdiction of which said person guilty of contempt or refusal to obey is found or resides or transacts business, upon application by the division or its duly authorized representative, shall have jurisdiction to issue to such person an order requiring him or her to appear before the division or its duly authorized representative to produce evidence if so ordered or give testimony touching the matter under investigation or in question. Any failure to obey such order of the court may be punished by said court as a contempt thereof. Any person who, without just cause, fails or refuses to attend and testify or to answer any lawful inquiry, or to produce books, papers, correspondence, memoranda, and other records, if it is in his or her power so to do in obedience to a subpoena of the division or its duly authorized representative commits a petty offense. Each day such violation continues shall be deemed a separate offense.

(3) No person may be excused from attending and testifying or from producing books, papers, correspondence, memoranda, and other records before the division or its duly authorized representative or in obedience to the subpoena of the division or its duly authorized representative in any cause or proceeding before the division or its duly authorized representative on the ground that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise; except that such individual so testifying is not exempt from prosecution and punishment for perjury in the first degree committed in so testifying.

8-72-109. State-federal cooperation. (1) (a) In the administration of articles 70 to 82 of this title, the division shall cooperate with the United States department of labor to the fullest extent consistent with the provisions of articles 70 to 82 of this title, and shall take such action through the adoption of appropriate rules, regulations, administrative methods, and standards as may be necessary to secure to the state and its citizens all the advantages available under the provisions of the federal "Social Security Act", as amended, section 3302 of the "Federal Unemployment Tax Act", the "Wagner-Peyser Act", as amended, and the "Federal-State Extended Unemployment Compensation Act of 1970".

(b) In the administration of the provisions of article 75 of this title, which are enacted to conform with the requirements of the "Federal-State Extended Unemployment Compensation Act of 1970", the division shall take such action as may be necessary:

(I) To ensure that the provisions are so interpreted and applied as to meet the requirements of such federal act as interpreted by the United States department of labor; and

(II) To secure to this state the full reimbursement of the federal share of extended benefits paid under articles 70 to 82 of this title that are reimbursable under the federal act.

(2) The division shall comply with the regulations of the secretary of labor or his successor relating to the receipt or expenditure by this state of money granted under any of said acts and shall make such reports, in such form and containing such information as the secretary of labor may from time to time require, and shall comply with such provisions as the secretary of labor, from time to time, may find necessary to assure the correctness and verification of such reports. The division shall afford reasonable cooperation with every agency of the United States charged with the administration of any employment security law.

(3) The division is authorized to make such investigations, obtain and transmit such information, make available such services and facilities, and exercise such of the other powers provided in articles 70 to 82 of this title with respect to the administration of articles 70 to 82 of this title as it deems necessary or appropriate to facilitate the administration of any state or federal unemployment insurance or public employment service law and in like manner to accept and utilize information, services, and facilities made available to the state by the agency charged with the administration of any such other unemployment insurance or public employment service law.

(4) Upon request therefor the division shall furnish to any agency of the United States charged with the administration of public works or assistance through public employment the name, address, ordinary occupation, and employment status of each recipient of benefits and such recipient's right to further benefits under articles 70 to 82 of this title.

(5) The division may make the state's records relating to the administration of articles 70 to 82 of this title available to the railroad retirement board and may furnish the railroad retirement board, at the expense of such board, such copies thereof as the railroad retirement board deems necessary for its purposes.

(6) (a) The division may afford reasonable cooperation with every agency of the United States charged with the administration of any law providing for payment of benefits arising out of unemployment. In so doing, the division may use its personnel and equipment and accept and use federal funds and make payments therefrom, but in so doing it is not required to neglect or to carry on with less efficiency its own program, and the state of Colorado and its employees shall be free from liability except in case of gross negligence or attempt to defraud the United States.

(b) The director of the division is authorized to enter into agreements with every agency of the United States charged with administration of income or wage verification for the purpose of exchanging information among agencies as a method of controlling the overpayment of unemployment benefits.

(7) The director of the division is authorized to enter into agreements with other departments and divisions of the state for the purpose of obtaining such information as he deems necessary for the proper administration of articles 70 to 82 of this title and providing for payment of the costs thereof.

(8) The director of the division is authorized to enter into agreements with other departments and divisions of the state for the purpose of establishing an income and eligibility system for the exchange of information among agencies administering federally assisted human service programs. Such system shall conform to all requirements and restrictions of section 1137 of the federal "Social Security Act", as amended.

(9) (a) Information obtained by a state or local child support enforcement agency pursuant to subsection (8) of this section may be used only for the purposes authorized by said subsection (8) and may not be disclosed by such agency to any person or entity for the purposes

of establishing, modifying, or collecting child support obligations or locating individuals owing such obligations unless safeguards for the confidentiality of such information, consistent with section 303 (e)(1)(B) of the federal "Social Security Act", as amended, are established by agreement. Neither the division nor its employees shall be liable in civil action for providing information in accordance with subsection (8) of this section.

(b) The limitations on disclosure of information obtained pursuant to subsection (8) of this section set forth in paragraph (a) of this subsection (9) shall apply to any agent of a state or local child support enforcement agency specified in section 8-72-107 (1).

(10) On a quarterly basis, the director of the division shall provide wage and claim information contained in division records to the secretary of the federal department of health and human services for purposes of the national directory of new hires pursuant to all requirements and restrictions set forth in section 453 of the federal "Social Security Act", as amended.

8-72-110. Reciprocal interstate agreements - rules. (1) The division is authorized to enter into reciprocal arrangements with appropriate and duly authorized agencies of other states, or of the federal government, or both, whereby potential rights to benefits under articles 70 to 82 of this title may constitute the basis for payment of benefits by another state or by the federal government, and potential rights to benefits accumulated under the law of another state or of the federal government may constitute the basis for the payment of benefits by this state. Such benefits shall be paid under such provisions of articles 70 to 82 of this title, or under the provisions of the law of such state or of the federal government, or under such combination of the provisions of both laws as may be agreed upon as being fair and reasonable to all affected interests. No such arrangement shall be entered into unless it contains provisions for reimbursement to the fund for such benefits as are paid on the basis of wages and service, subject to the law of another state or of the federal government, and provisions for reimbursement from the fund for such benefits paid by another state or by the federal government on the basis of wages and service, subject to articles 70 to 82 of this title. Reimbursements paid from the fund pursuant to this section shall be deemed to be benefits for the purposes of articles 70 to 82 of this title.

(2) (a) Repealed.

(b) (I) The division may enter into reciprocal arrangements with appropriate and duly authorized agencies of other states or of the federal government, or both, whereby wages for insured work paid in another state or by the federal government are deemed to be wages for insured work under articles 70 to 82 of this title; and wages for insured work paid under articles 70 to 82 of this title are deemed to be wages on the basis of which unemployment insurance is payable under a corresponding law of another state or of the federal government. No such arrangement may be entered into unless it contains provision for reimbursement to the fund for the benefits paid under articles 70 to 82 of this title on the basis of the wages and provision for reimbursement from the fund for the benefits paid under such other law on the basis of wages for insured work as the division finds will be fair and reasonable to all affected interests. Reimbursements paid from the fund pursuant to this section are deemed to be benefits for the purposes of articles 70 to 82 of this title; except that no charge may be made to a premium-paying employer's account under sections 8-76-101 to 8-76-104. With the exception of benefit overpayments, the noncharging shall not apply to reimbursing employer accounts that will be charged in accordance with section 8-76-102.5 in the same amount and to the same extent as if the reimbursement to another state had been benefits based solely on wages paid by an employer covered by articles 70 to 82 of this title.

(II) This paragraph (b) is effective December 31, 2012.

(3) (a) The division is authorized to enter into arrangements with the appropriate agencies of other states or the federal government whereby individuals performing services in this and other states for employing units under circumstances not specifically provided for in sections 8-70-126 to 8-70-140.7 or under similar provisions in the unemployment compensation laws of such other states are deemed to be engaged in employment performed entirely within this state or within one of such other states and whereby potential rights and benefits accumulated under the unemployment compensation laws of several states or under such a law of the federal government, or both, may constitute the basis for the payment of benefits through a single appropriate agency under terms that the department finds will be fair and reasonable as to all affected interests and will not result in any substantial loss to the fund. An individual applying for unemployment insurance benefits through an interstate agreement authorized by this section who is not a Colorado resident and is unable to produce a Colorado driver's license or Colorado identification card shall produce one of the other documents listed in subsection (3)(b) of this section, a valid driver's license or state identification card issued in another state, or, in the case of individuals residing in Canada, a valid Canadian identification card or valid Canadian driver's license, and execute an affidavit stating that the individual is a United States citizen, a legal permanent resident, or otherwise lawfully present in the United States pursuant to federal law.

(b) The following documents shall satisfy the production requirement described in subsection (3)(a) of this section:

- (I) A United States military card or a military dependent's identification card;
- (II) A United States Coast Guard Merchant Mariner card;
- (III) A Native American tribal document; or
- (IV) Any other document verifying the individual's identity, as determined by the division.

(4) The division is further authorized to enter into arrangements with the appropriate agencies of other states or of the federal government for the determination, adjustment,

collection, and assessment of premiums by employers with respect to employment within and without this state.

(5) For the purposes of establishing and maintaining free public employment offices, the division is authorized to enter into agreements with the railroad retirement board or any other agency of the United States charged with the administration of an employment security law, with any political subdivision of this state, or with any private, nonprofit organization. As a part of any such agreement, the division may accept moneys, services, or quarters as a contribution to the employment security administration fund.

Upon receipt of such information, it shall be the responsibility of the bureau to provide appropriate law enforcement agencies with location information obtained from the division. Location information provided pursuant to this section shall be used solely for law enforcement purposes. The division and the bureau shall determine and employ the most cost-effective method for obtaining and providing location information pursuant to this section. Neither the division nor its employees or agents shall be liable in civil action for providing information in accordance with the provisions of this subsection (1).

8-72-114. Employee misclassification - investigations - enforcement - advisory opinions - rules - employee misclassification advisory opinion fund - statewide study - report - definitions - legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Misclassification of employees as independent contractors in violation of the "Colorado Employment Security Act" and, in particular, the provisions of article 70 of this title defining the employment relationship, may pose a significant problem in this state and leads to underpayment of employment taxes and premiums that employers are obligated to pay the state for covered employment;

(b) Businesses that misclassify employees gain an unfair competitive advantage over businesses that properly classify employees and pay appropriate taxes and premiums to the state;

(c) When employees are misclassified, the protections available to properly classified employees against economic insecurity are unavailable to those misclassified employees, and the stream of revenue that should be paid to the state to provide protections to misclassified employees is not available.

(2) As used in this section:

(a) "Act" means the "Colorado Employment Security Act".

(b) "Complainant" means the person who files a complaint with the division pursuant to this section.

(c) "Director" means the director of the division.

(d) Repealed.

(e) "Executive director" means the executive director of the department of labor and employment.

(f) "Misclassification of employees" means erroneously classifying a person as an independent contractor, free from control and direction of the employer in the performance of service for the employer, when the employer cannot show an exception, pursuant to section 8-70-103 (11), to the general rule that service being performed for the employer is presumed to be employment for purposes of the act.

(g) "Respondent" means the person against whom a complaint is filed pursuant to this section.

(3) (a) The division shall be responsible for accepting and investigating complaints regarding misclassification of employees and enforcing the requirements of the act regarding classification of employees and payment of premiums.

(b) Any person may file a written complaint with the division alleging that a person engaged in employment is being misclassified by an employer as an independent contractor. The complainant shall specify in the complaint the facts showing that the person classified as an independent contractor is engaged in employment, as defined in article 70 of this title.

(c) The director may investigate a complaint filed pursuant to this subsection (3) and shall focus on the investigation of the most egregious complaints or those complaints alleging intentional acts of misclassification of employees undertaken in order to gain a competitive advantage or to avoid the payment of premiums.

(d) No later than thirty days after receipt of a complaint, the director shall determine whether or not an investigation is warranted. If the director determines that an investigation is warranted, the director shall notify the complainant and respondent that an investigation will be conducted and shall conduct the investigation in accordance with the act and the rules adopted pursuant to the act. The complainant and respondent shall cooperate and provide information as necessary to facilitate the investigation.

(e) (I) Upon conclusion of an investigation, the director shall issue a written order either dismissing the complaint or finding that the employer has engaged in the misclassification of employees and has failed to pay appropriate premiums for covered employment as defined in article 70 of this title.

(II) If the director finds that an employer has engaged in the misclassification of employees, the director shall order the employer to pay back premiums owed and interest.

(III) Upon a finding that the employer, with willful disregard of the law, misclassified employees, the director may:

(A) Impose a fine of up to five thousand dollars per misclassified employee for the first misclassification with willful disregard, and for a second or subsequent misclassification with willful disregard, a fine of up to twenty-five thousand dollars per misclassified employee; and

(B) Upon a second or subsequent misclassification with willful disregard, issue an order prohibiting the employer from contracting with, or receiving any funds for the performance of contracts from, the state for up to two years after the date of the director's order. Upon the issuance of such order, the director shall notify state departments and agencies as necessary to ensure enforcement of the order.

(IV) Fines received by the division pursuant to subsection (3)(e)(III) of this section or by the department of law pursuant to subsection (9) of this section shall be transferred to the department of labor and employment and credited to the unemployment revenue fund created in section 8-77-106.

(f) The director shall provide a copy of the written order to the respondent. Those portions of the written order that are not confidential under the act shall be a public record.

(g) An employer shall have the right to appeal the director's order in accordance with section 8-76-113.

(4) (a) An employer may request a written advisory opinion from the director concerning whether the employer should classify the individual as an employee for purposes of complying with the act. The employer shall provide the director with information necessary for the director to issue an advisory opinion.

(b) Upon receipt of a request and pertinent information from an employer, the director shall issue an advisory opinion to the employer, indicating whether the employer should classify the individual as an employee in order to comply with the act. An opinion issued pursuant to this subsection (4) is only advisory, based on the information provided by the employer and the director's understanding of the circumstances at the time issued, and is not binding on the division, the employer, or any other state or local governmental entity.

(c) The director shall promulgate rules in accordance with article 4 of title 24, C.R.S., establishing the process for issuing an advisory opinion and the fees to be charged the requesting employer to cover the director's and division's costs in providing the advisory opinion. Any fees charged pursuant to this subsection (4) for the costs associated with issuing an advisory opinion shall be deposited in the employee misclassification advisory opinion fund, which fund is hereby created. Moneys in the employee misclassification advisory opinion fund shall be subject to annual appropriation by the general assembly for the purposes of this subsection (4). Interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. At the end of any fiscal year, all unexpended and unencumbered moneys in the fund shall remain in the fund and shall not be credited or transferred to the general fund or any other fund.

(5) The director, by all means reasonable and within budgetary constraints, shall publicize the complaint process established in this section and its availability to those who have discovered misclassification of employees. The director shall develop and make available free of charge to employers a notice explaining the rights of employees to be properly classified and the availability of a complaint process pursuant to this section. Employers shall post the notice conspicuously in the workplace or otherwise where it can be seen as employees come or go to their places of work.

(6) to (8) Repealed.

(9) (a) Subject to the approval of the executive director, the director may enter into an interagency agreement with the department of law for assistance in enforcing this section. The director is authorized to transfer to the department of law from the unemployment revenue fund created in section 8-77-106 such money as is necessary to pay for reasonable costs associated with enforcement actions by the department of law.

(b) Regardless of whether the director has entered into an interagency agreement with the department of law pursuant to subsection (9)(a) of this section, at least once every twelve months, beginning January 1, 2024, the director shall share with the worker and employee protection unit in the department of law created in section 24-31-1302 any orders issued pursuant to this section finding that any employers have engaged in the misclassification of employees.

All benefits shall be paid through employment offices or such other agencies as the director of the division, by general rule, may designate. Notwithstanding any other provision of the law to the contrary, any amount of unemployment compensation payable to any individual for any week, if not an even dollar amount, shall be rounded to the next lower full dollar amount.

(2) An individual's eligibility and benefit amounts shall be determined weekly. Unemployment insurance benefit checks shall be issued once every two weeks; except that the division, when it determines it to be necessary for proper administration of articles 70 to 82 of this title, including the effecting of administrative economies, may issue benefit checks on a weekly basis. Under no circumstance shall benefit checks be issued less frequently than once every two weeks.

8-73-102. Weekly benefit amount for total unemployment - definitions. (1) (a) Except as otherwise provided in section 8-73-104 or subsection (2) of this section, each eligible individual who is totally unemployed in any week shall be paid, with respect to such week, benefits at the rate of sixty percent of one-twenty-sixth of the wages paid for insured work during the two consecutive quarters of the individual's base period in which such total wages were highest, computed to the next lower multiple of one dollar but not more than one-half of the average weekly earnings in all covered industries in Colorado according to the records of the division, as computed by the division in June for the ensuing twelve months beginning July 1, on the basis of the most recent available figures, and not less than twenty-five dollars.

(b) (I) If an individual does not have sufficient qualifying weeks or wages in the base period to qualify for unemployment insurance benefits, the individual shall have the option of designating that the base period shall be the alternative base period.

(II) If information regarding weeks and wages for the calendar quarter immediately preceding the first day of the benefit year is not available from the regular quarterly reports of wage information, and the division is not able to obtain the information using other means pursuant to state or federal law, the division may base the determination of eligibility for unemployment insurance benefits on the affidavit of the unemployed individual with respect to weeks and wages for that calendar quarter. The individual shall furnish payroll documentation, if available, in support of the affidavit. The division shall verify the employee's wage information. A determination of unemployment insurance benefits based on an alternative base period shall be adjusted when the quarterly report of wage information from the employer is received, if that information causes a change in the determination.

(2) An individual who is entitled to the maximum weekly benefit amount as computed in subsection (1) of this section shall receive a weekly benefit amount of fifty percent of one fifty-second of his total wages paid for insured work during his base period, computed to the next lower multiple of one dollar, but not to exceed fifty-five percent of the average weekly earnings in all covered industries in Colorado; except that the maximum weekly benefit amount in effect on July 1, 1985, as computed pursuant to this subsection (2), shall remain in effect until such maximum weekly benefit amount is equal to or less than fifty-five percent of the average weekly earnings in all covered industries in Colorado. In no case shall an individual receive a weekly benefit amount computed in accordance with this subsection (2) unless it is greater than the weekly benefit amount yielded by computation in accordance with subsection (1) of this section.

(3) Benefit amounts determined under the provisions of this section shall apply only to those individuals whose benefit years begin subsequent to the effective date of each newly computed maximum benefit amount. No redetermination of benefit amounts already established shall be required by the computation of new maximum benefit amounts.

(4) (a) There shall be deducted from the weekly benefit amount that part of wages payable to an individual with respect to a week that is in excess of twenty-five percent of the

weekly benefit amount, and the weekly benefit amount resulting shall be computed to the next lower multiple of one dollar.

(b) Repealed.

(5) (a) There shall be deducted from the weekly benefit amount child support intercept payments calculated under paragraphs (b) to (h) of this subsection (5).

(b) An individual filing a new claim for unemployment compensation shall, at the time of filing such claim, disclose whether or not the individual owes child support obligations. If any such individual discloses that he owes child support obligations and is determined to be eligible for unemployment compensation, the division shall notify the state or local child support enforcement agency enforcing such obligation that the individual has been determined to be eligible for unemployment compensation.

(c) The division shall deduct and withhold from any unemployment compensation payable to an individual that owes child support obligations:

(I) The amount specified by the individual to the division to be deducted and withheld under this subsection (5), if neither subparagraph (II) of this paragraph (c) nor subparagraph (III) of this paragraph (c) is applicable; or

(II) The amount, if any, determined pursuant to an agreement submitted to the division under section 454(20)(B)(i) of the "Social Security Act", as amended, by the state or local child support enforcement agency, unless subparagraph (III) of this paragraph (c) is applicable; or

(III) Any amount otherwise required to be so deducted and withheld from such unemployment compensation pursuant to legal process, as that term is defined in section 462(e) of the "Social Security Act", as amended, transmitted to the division.

(d) Any amount deducted and withheld under paragraph (c) of this subsection (5) shall be paid by the division to the appropriate state or local child support enforcement agency.

(e) Any amount deducted and withheld under paragraph (c) of this subsection (5) shall be treated as if it were paid to the individual as unemployment compensation and as if it were paid by such individual to the state or local child support enforcement agency in satisfaction of the individual's child support obligations.

(f) For the purposes of this subsection (5), "unemployment compensation" means any compensation payable under articles 70 to 82 of this title, including amounts payable by the division pursuant to an agreement under any federal law providing for compensation, assistance, or allowances with respect to unemployment.

(g) This subsection (5) applies only if appropriate arrangements have been made for reimbursement by the state or local child support enforcement agency for the administrative costs incurred by the division under this section which are attributable to child support obligations being enforced by the state or local child support enforcement agency.

(h) As used in this subsection (5), "child support obligations" includes only those obligations which are being enforced pursuant to a plan described in section 454 of the "Social Security Act", as amended, which has been approved by the secretary of health and human services under part D of Title IV of the "Social Security Act".

(i) As used in this subsection (5), "state or local child support enforcement agency" means any agency of a state or a political subdivision operating pursuant to a plan described in paragraph (h) of this subsection (5).

(6) (a) There shall be deducted from the weekly benefit amount any uncollected overissuance of food stamp coupons calculated under paragraphs (b) to (f) of this subsection (6).

(b) The division shall deduct and withhold from any unemployment compensation payable to an individual that owes an uncollected overissuance of food stamp coupons:

(I) The amount specified by the individual to the division to be deducted and withheld under this subsection (6);

(II) The amount, if any, determined pursuant to an agreement submitted to the division under section 13(c)(3)(A) of the federal "Food Stamp Act", as amended, by the state food stamp agency; or

(III) Any amount otherwise required to be deducted and withheld from such unemployment compensation pursuant to section 13(c)(3)(B) of the federal "Food Stamp Act", as amended.

(c) Any amount deducted and withheld under paragraph (b) of this subsection (6) shall be paid by the division to the appropriate state food stamp agency.

(d) Any amount deducted and withheld under paragraph (b) of this subsection (6) shall for all purposes be treated as if it were paid to the individual as unemployment compensation and then paid by such individual to the state food stamp agency to which the uncollected overissuance of food stamp coupons is owed as repayment for the overissuance.

(e) This subsection (6) applies only if appropriate arrangements have been made for reimbursement by the state food stamp agency for the administrative costs incurred by the division under this section that are attributable to repayment of uncollected overissuances of food stamp coupons owed to the state food stamp agency.

(f) For the purposes of this subsection (6):

(I) "State food stamp agency" means any agency described in section 3(n)(1) of the federal "Food Stamp Act", as amended, that administers the food stamp program established under such federal act within this state.

(II) "Uncollected overissuance" has the meaning provided for the term in section 13(c)(1) of the federal "Food Stamp Act", as amended.

(III) "Unemployment compensation" has the meaning provided for the term in paragraph (f) of subsection (5) of this section.

(7) (a) An individual filing a new claim for unemployment compensation shall, at the time of filing such claim, be advised that:

(I) Unemployment compensation is subject to federal and state income tax;

(II) Requirements exist pertaining to estimated tax payments;

(III) The individual may elect to have federal income tax deducted and withheld from the individual's payment of unemployment compensation at the rate specified in the federal internal revenue code;

(IV) The individual may elect to have Colorado state income tax deducted and withheld from the individual's payment of unemployment compensation at the rate of four percent; and

(V) The individual shall be permitted to change a previously elected withholding status no more than one time during each "benefit year" as that term is defined by section 8-70-111 (1).

(b) Amounts deducted and withheld from unemployment compensation for income tax purposes shall remain in the unemployment compensation fund, created pursuant to section 8-77-101, until transferred to the federal or state taxing authority as a payment of income tax.

(c) The director of the division shall follow all procedures specified by the United States department of labor and the federal internal revenue service pertaining to the deducting and withholding of income tax.

(d) Amounts shall be deducted and withheld under the provisions of this subsection (7) for income tax purposes only after amounts are deducted and withheld for any overpayments, child support obligations, food stamp overissuances, or any other amounts required to be deducted and withheld under articles 70 to 82 of this title.

(8) As used in this section:

(a) "Election judge" has the same meaning as in section 1-6-101 (1).

(b) "Wages" does not include payment made to an election judge for services; except that "wages" includes payment made to an election judge if the payment exceeds the maximum amount permissible pursuant to federal law.

8-73-103. Benefits for partial unemployment. (1) Each eligible individual who is partially unemployed shall be paid a partial benefit. Partial benefits shall be in an amount equal to the eligible individual's weekly benefit amount for total unemployment, minus that part of wages payable to the individual with respect to the week that is in excess of fifty percent of the individual's weekly benefit amount as computed in accordance with section 8-73-102, and the benefit payment resulting shall be computed to the next lower multiple of one dollar.

8-73-104. Duration of benefits. (1) The division shall compute wage credits for each individual by crediting him with the wages for insured work paid during each quarter of such individual's base period or twenty-six times the current maximum benefit amount, whichever is the lesser. Any otherwise eligible individual shall be entitled during any benefit year to a total amount of benefits equal to twenty-six times his weekly benefit amount or one-third of his wage credits for insured work paid during his base period, whichever is the lesser; except that benefits based on seasonal wages may be paid only for unemployment during the normal seasonal period of the seasonal industry in which such wage credits were earned and only to seasonal workers who are available for work in such seasonal industry, and the total thereof shall not exceed one-third of such individual's wages paid for insured seasonal work during the corresponding normal seasonal period of his base period. For the purposes of this section, wages shall be counted as "wages for insured work" for benefit purposes with respect to any benefit year only if such benefit year begins subsequent to the date on which the employing unit by whom the wages were paid has satisfied the conditions of section 8-70-113, 8-76-104, or 8-76-107, with respect to becoming an employer.

8-73-105. Part-time workers. (1) As used in this section, "part-time worker" means an individual whose normal work is in an occupation in which his services are not required for the customary scheduled full-time hours prevailing in the establishment in which he is employed or

who, owing to personal circumstances, does not customarily work the customary scheduled full-time hours prevailing in the establishment in which he is employed.

(2) The director of the division shall prescribe fair and reasonable general rules applicable to part-time workers for determining their full-time weekly wage and the total wages for employment by employers required to qualify such workers for benefits. The rules, with respect to such part-time workers, shall supersede any inconsistent provisions of articles 70 to 82 of this title but, so far as practicable, shall secure results reasonably similar to those provided in the analogous provisions of articles 70 to 82 of this title.

8-73-105.3. Temporary employees. (1) As used in this section, "temporary employee" means an individual who is employed by an employer on an irregular schedule and who has agreed to work for the employer on an as-needed or on-call basis.

(2) At the time of hire as a temporary employee, an employer must give the employee notice that the employee is required to contact or notify the employer upon completion of an assignment and to be available to work, as agreed upon at the time of hire, during a specified period of time, on specified dates, or upon call by the employer on an as-needed basis.

(3) If a temporary employee receives the notice pursuant to subsection (2) of this section and does not contact or notify the employer upon completion of an assignment in compliance with the notice and is not available to work at the agreed-upon times, the employee is deemed to have voluntarily terminated employment for the purpose of determining benefits pursuant to section 8-73-108 (5)(e).

(4) If a temporary employee who agrees to work on an as-needed basis receives the notice pursuant to subsection (2) of this section and refuses all work within three separate pay periods when contacted by the employer, the temporary employee is deemed to have voluntarily terminated employment for reasons that may or may not allow an award of benefits pursuant to section 8-73-108.

(5) Repealed.

8-73-105.5. Employment by temporary help contracting firm. (1) (a) For the purposes of this section, "temporary help contracting firm" means any person who is in the business of employing individuals and, for compensation from a third party, providing those individuals to perform work for the third party, under the supervision of the third party.

(b) Repealed.

(2) Employment with a temporary help contracting firm is characterized by a series of limited-term assignments of an employee to a third party, based on an agreement between the temporary help contracting firm and the third party. A separate employment agreement exists between the temporary help contracting firm and each individual it hires as an employee. Completion of an assignment for a third party by an employee employed by a temporary help

contracting firm does not, in itself, terminate the employment agreement between the temporary help contracting firm and the employee.

(3) (Deleted by amendment, L. 94, p. 637, § 3, effective July 1, 1994.)

(4) At the time of hire a temporary help contracting firm shall provide written notice to each employee which clearly states that the employee is required to contact the firm upon completion of an assignment.

(5) If an employee of a temporary help contracting firm receives the written notice pursuant to subsection (4) of this section and does not contact the firm upon completion of an assignment in compliance with such written notice, such employee shall be held to have voluntarily terminated employment for purposes of determining benefits pursuant to section 8-73-108 (5)(e)(XXII).

(6) If an employee of a temporary help contracting firm contacts the firm upon completion of an assignment in compliance with subsection (4) of this section and does not continue employment in a new assignment, such employee shall be considered separated under the provisions of section 8-73-108 (4)(a).

8-73-106. Seasonal industry - definitions. (1) (a) As used in articles 70 to 82 of this title, "seasonal industry" means an industry or functionally distinct occupation within an industry which, because of climatic conditions or the seasonal nature of the employment, customarily employs workers only during a regularly recurring period or periods of less than twenty-six weeks in a calendar year. "Nonseasonal period or periods" means the time within a calendar year other than the seasonal period or periods. "Seasonal worker" means an individual who has been paid seasonal wages by a seasonal employer for seasonal work only during the designated seasonal period.

(b) During the nonseasonal period or periods, the seasonal employer may employ not more than twenty-five percent of the total number of workers in each functionally distinct occupation that were employed in the previous seasonal period or periods without losing the seasonal designation for that functionally distinct occupation, so long as the seasonal employer does not employ any workers in the designated seasonal occupations during a consecutive forty-five-day period at any time following the seasonal period or periods. A worker who performs services for the same seasonal employer outside the employer's designated seasonal period or periods shall not be considered a seasonal worker for any period, and all wages paid by the seasonal employer to such worker shall be considered nonseasonal wages. If a seasonal worker performs services for the same seasonal employer outside the employer's designated seasonal period or periods thereby resulting in the loss of the worker's seasonal status and if such worker is not thereafter employed by such employer between any two following designated seasonal periods, the worker may thereafter be reemployed by such seasonal employer and regain his status as a seasonal worker.

(2) The director of the division shall prescribe rules and regulations applicable to seasonal industries for determining their normal seasonal period or periods and seasonal workers, as such terms are defined in subsection (1) of this section.

(3) Upon written application filed with the division by an employer, the director of the division shall determine and may thereafter redetermine, from time to time in accordance with the rules and regulations of the division, the normal seasonal period during which workers are ordinarily employed for the purpose of carrying on seasonal operations in the seasonal industry in which such employer is engaged. Such determination shall be made by said director within ninety days after the filing of such application by an employer with the division. Until such determination by the director of the division, no occupation or industry shall be deemed seasonal. Any employing unit affected by such seasonal determination may appeal the determination in accordance with section 8-76-113. For the purpose of determining whether an individual is a seasonal worker and the duration of such individual's benefits, the determination by said director of the normal seasonal period of a seasonal industry shall be applicable to the filing of the quarterly report of wages in the calendar quarter commencing after the date of such determination.

(4) Repealed.

8-73-107. Eligibility conditions - penalty - notice to revisor of statutes - repeal. (1) Any unemployed individual shall be eligible to receive benefits with respect to any week only if the division finds that:

(a) (I) He or she has registered for work at and thereafter has continued to report at an employment office in accordance with such regulations as the director of the division may prescribe; except that the director of the division, by regulation, may waive or alter either or both of the requirements of this subparagraph (I) as to individuals attached to regular jobs and as to such other types of cases or situations with respect to which the director of the division finds that compliance with such requirements would be oppressive, or would be inconsistent with the purposes of articles 70 to 82 of this title, but that no such regulation shall conflict with section 8-73-101.

(II) Without in any way limiting the authority of the director of the division to waive or alter the requirements of subparagraph (I) of this paragraph (a), during the period of the national economic recession that began in 2008, in order to assist unemployed individuals in being available for appropriate jobs and to assist employers in having available trained employees, the director of the division shall waive or alter such requirements so that individuals attached to regular jobs do not have to comply with the requirements of subparagraph (I) of this paragraph (a) for a period of twenty-six weeks.

(b) He has made a claim for benefits in accordance with the provisions of section 8-74-101;

(c) (I) The individual is able to work and is available for all work deemed suitable pursuant to the provisions of section 8-73-108, and, with respect thereto:

(A) Decisions of the division regarding the ability of the claimant to work, the availability of the claimant for work, and the claimant's active search for work may be appealed by the claimant or by any employer whose account may be charged with any benefits paid pursuant to such decision, if the appeal is received within twenty calendar days, as defined in section 8-70-103 (5), after the date on the notice of any such decision;

(B) A potentially chargeable employer may protest on the basis of inability to work, nonavailability for work, or failure to search for work within fifteen calendar days after the date on which he discovers such a condition to exist, within thirty days after the date on which payment was made for the week during which the claimant is alleged to have been unable to work or unavailable for work, or within sixty calendar days after the mailing date of the report of quarterly benefit charges, whichever comes first;

(C) No individual shall be considered available for work during any week in which he has no reasonable expectation of securing employment in his usual occupation or in an occupation for which he is reasonably qualified as a result of his movement to an area;

(D) No individual shall be denied benefits because of nonavailability or failure to make an active search for work solely due to his compliance with a summons to report for jury duty. Remuneration received in connection with such duty shall not be considered wages, as defined in section 8-70-141 (1)(a), and the individual's weekly benefit amount shall not be reduced as prescribed in section 8-73-102 (4).

(E) If an individual left employment because of health-related reasons, the division may require a written medical statement issued by a licensed practicing physician or licensed practicing physician assistant authorized under section 12-240-107 (6) addressing any matters related to health.

(II) Nothing in this paragraph (c) shall prevent the division from reviewing and redetermining any decision at any time if the redetermination is based upon facts not known to the division at the time of its original decision.

(d) (I) The individual has been either totally or partially unemployed for a waiting period of one week. No benefits are payable for the waiting period. No week shall be counted as a week of unemployment for the purposes of this subsection (1)(d):

(A) Unless it occurs within the benefit year, which includes the week with respect to which the individual claims payment of benefits;

(B) If benefits have been paid with respect to the week;

(C) Unless the individual was eligible for benefits with respect to the week under the provisions of sections 8-73-107 to 8-73-112;

(D) Unless total wages earned for the week are less than the weekly benefit amount.

(II) This subsection (1)(d) will be repealed if the balance of the unemployment compensation fund reaches at least one billion dollars. The director of the division shall notify the revisor of statutes in writing of the date on which the condition specified in this subsection (1)(d)(II) has occurred by e-mailing the notice to revisorofstatutes.ga@coleg.gov. This subsection (1)(d) is repealed, effective upon the date identified in the notice on which the balance of the unemployment compensation fund reached at least one billion dollars or, if the notice does not specify that date, upon the date of the notice to the revisor of statutes.

(e) The individual has during his or her base period been paid wages for insured work equal to not less than forty times such individual's weekly benefit amount or two thousand five hundred dollars, whichever is greater. For the purposes of this paragraph (e), wages shall be

counted as "wages for insured work" for benefit purposes with respect to any benefit year only if such benefit year comes subsequent to the date on which the employing unit by whom such wages were paid has satisfied the conditions of sections 8-70-113, 8-76-104, and 8-76-107 with respect to becoming an employer.

(f) His total wages earned for the week are less than his weekly benefit amount;

(g) (I) He or she is actively seeking work. In determining whether the claimant is actively seeking work, the division, taking notice of the customary methods of obtaining work in the claimant's usual occupation, or any occupation for which he or she is reasonably qualified, and the current condition of the labor market, shall consider, but shall not be limited to a consideration of, whether, during said week, the claimant followed a course of action that was reasonably designed to result in his or her prompt reemployment in suitable work.

(II) This paragraph (g) shall not apply to a person determined eligible to receive benefits pursuant to section 8-73-108 (4)(r)(I) for the first fifteen business days after a claim for benefits is filed if compliance with this paragraph (g) would:

(A) Make it more difficult for the person to escape domestic abuse; or

(B) Unfairly penalize a person who is or has been a victim of domestic abuse or is at further risk of domestic abuse.

(h) The individual has furnished the division with separation and other reports containing the information deemed necessary by the division to determine the individual's eligibility for benefits, but this provision shall not apply if the individual proves to the satisfaction of the division that he or she had good cause for failing to furnish such reports. The eligibility of any individual shall not be affected by the refusal or failure of an employer to furnish reports concerning separation and employment as required by articles 70 to 82 of this title and the rules pursuant thereto, and the division shall determine the eligibility of such individual upon the basis of such information it may obtain; and any employer who fails or refuses to furnish reports concerning separation and employment shall cease to be an interested party to the separation issue directly related to determinations made in accordance with section 8-73-108 (4) and (5)(e). For each instance of failure to furnish the division with such reports, the employer, unless good cause to the contrary is shown to the satisfaction of the division, may be assessed a penalty of twenty-five dollars, which shall be collected in the same manner as premiums due under articles 70 to 82 of this title.

(i) It is not, in whole or in part, within a period during which the worker is not working due to a disciplinary suspension as provided in the contract of employment;

(j) Such individual is not absent from work due to an authorized and approved voluntary leave of absence.

(2) An individual who has received compensation during the individual's benefit year is required to have worked for an employer as defined in section 8-70-113 since the beginning of such year and to have earned at least two thousand dollars as remuneration for such employment in order to qualify for compensation in the next benefit year.

(3) For the purpose of this subsection (3), "educational institution" includes the Colorado school for the deaf and the blind; except that such term does not include a headstart program that is not a part of a school administered by a board of education because such headstart employees are not subject to the same employment conditions as other employees of the school. Compensation is payable on the basis of services to which sections 8-70-119, 8-70-125, and 8-70-125.5 apply in the same amount, on the same terms, and subject to the same conditions as

compensation payable on the basis of other services subject to articles 70 to 82 of this title; except that:

(a) With respect to services in an instructional, research, or principal administrative capacity for an educational institution, compensation shall not be payable based on such services for any week commencing during the period between two successive academic years or terms (or when an agreement provides instead for a similar period between two regular but not successive terms, during such period) to any individual if such individual performs such services in the first of such academic years or terms and if there is a contract or reasonable assurance that such individual will perform services in any such capacity for any educational institution in the second of such academic years or terms;

(b) With respect to services in any other capacity, for an educational institution compensation payable on the basis of such services shall be denied to any individual for any week which commences during a period between two successive academic years or terms or periods described in paragraph (c) of this subsection (3) if such individual performs such services in the first of such academic years, terms, or periods and there is a reasonable assurance that such individual will perform such services in the second of such academic years, terms, or periods; except that, if compensation is denied to any individual for any week under this paragraph (b) and such individual was not offered, an opportunity to perform such services for the educational institution for the second of such academic years, terms, or periods, such individual shall be entitled to a retroactive payment of the compensation for each week for which the individual filed a timely claim for compensation and for which compensation was denied solely by reason of this paragraph (b);

(c) With respect to any services described in paragraph (a) or (b) of this subsection (3), compensation payable on the basis of such services shall be denied to any individual for any week which commences during an established and customary vacation period or holiday recess if such individual performs such services in the period immediately before such vacation period or holiday recess and if there is a reasonable assurance that such individual will perform such services in the period immediately following such vacation period or holiday recess;

(d) With respect to any services described in paragraph (a) or (b) of this subsection (3), compensation payable on the basis of services in any such capacity shall be denied as specified in paragraph (a), (b), or (c) of this subsection (3) to any individual who performed such services in an educational institution while in the employ of an educational service agency. For the purpose of this paragraph (d), the term "educational service agency" means a governmental agency or governmental entity, such as that created by the "Boards of Cooperative Services Act of 1965", article 5 of title 22, C.R.S., which is established and operated exclusively for the purpose of providing such services to one or more educational institutions.

(e) With respect to any services described in paragraph (a) of this subsection (3), compensation payable on the basis of such services shall be denied to any individual for any week during a period of paid or unpaid sabbatical or other voluntary leave provided for in the individual's contract if such individual performs such services in the academic year or term immediately preceding the beginning of sabbatical or other voluntary leave and if there is a contract or reasonable assurance that such individual will perform such services in the academic year or term following the end of the sabbatical or other voluntary leave;

(f) With respect to services to which section 8-70-140 applies, if such services are provided to or on behalf of an educational institution, benefits shall not be payable under the

same circumstances and subject to the same terms and conditions as described in paragraphs (a) to (d) of this subsection (3).

(4) (a) Notwithstanding any other provision in this section, no otherwise eligible individual shall be denied benefits for any week because he is in training with the approval of the division, nor shall such individual be denied benefits by reason of the application of provisions in paragraph (c) of subsection (1) of this section relating to availability for work, the provisions of paragraph (g) of subsection (1) of this section relating to active search for work, or the provisions of section 8-73-108 relating to failure to apply for, or a refusal to accept, suitable work with respect to any week in which he is in training with the approval of the division.

(b) (Deleted by amendment, L. 98, p. 89, § 3, effective March 23, 1998.)

(5) Repealed.

(6) Benefits shall not be paid to any individual on the basis of any services, substantially all of which consist of participating in sports or athletic events or training or preparing to so participate, for any week which commences during the period between two successive sport seasons (or similar periods) if such individual performed such services in the first of such seasons (or similar periods) and there is a reasonable assurance that such individual will perform such services in the latter of such seasons (or similar periods).

(7) (a) Benefits shall not be payable on the basis of services performed by an alien unless such alien is an individual who was lawfully admitted for permanent residence at the time such services were performed, or was lawfully present for purposes of performing such services, or was permanently residing in the United States under color of law at the time such services were performed. For purposes of the "Colorado Employment Security Act":

(I) An alien shall be considered to be "lawfully admitted for permanent residence" only if the alien has been granted status under section 101 of the "Immigration and Nationality Act", 8 U.S.C. sec. 1101 (a)(20);

(II) An alien shall be considered to be "lawfully present for purposes of performing services" only if the alien is an alien who possesses work authorization or has been lawfully admitted to temporary residence under section 245 (a) or section 210 of the "Immigration and Nationality Act", 8 U.S.C. sec. 1255(a) and 8 U.S.C. sec. 1160, respectively;

(III) An alien shall be considered to be "permanently residing in the United States under color of law" only if the alien is:

(A) An alien admitted as a refugee under section 207 of the "Immigration and Nationality Act", 8 U.S.C. sec. 1157, in effect after March 31, 1980;

(B) An alien granted asylum by the attorney general of the United States under section 208 of the "Immigration and Nationality Act", 8 U.S.C. sec. 1158;

(C) An alien granted a parole into the United States for an indefinite period under section 212 (d)(5)(B) of the "Immigration and Nationality Act", 8 U.S.C. sec. 1182 (d)(5)(B);

(D) An alien granted the status as a conditional entrant refugee under section 203 (a)(7) of the "Immigration and Nationality Act", 8 U.S.C. sec. 1153 (a)(7), in effect prior to March 31, 1980; or

(E) An alien who has been formally granted deferred action status by the immigration and naturalization service, or any successor agency.

(b) Any data or information required of individuals applying for benefits to determine whether benefits are not payable to them because of their alien status shall be uniformly required from all applicants for benefits.

(c) In the case of an individual whose application for benefits would otherwise be approved, no determination that benefits to such individual are not payable because of his alien status shall be made except upon a preponderance of the evidence.

8-73-108. Benefit awards - definitions. (1) (a) In the granting of benefit awards, it is the intent of the general assembly that the division at all times be guided by the principle that

unemployment insurance is for the benefit of persons unemployed through no fault of their own; and that each eligible individual who is unemployed through no fault of his own shall be entitled to receive a full award of benefits; and that every person has the right to leave any job for any reason, but that the circumstances of his separation shall be considered in determining the amount of benefits he may receive, and that certain acts of individuals are the direct and proximate cause of their unemployment, and such acts may result in such individuals receiving a disqualification.

(b) A full award of benefits shall be the total amount of benefits computed under sections 8-73-102 and 8-73-104. Benefits payable under the provisions of this section shall be awarded, subject to other applicable provisions of articles 70 to 82 of this title.

(2) Repealed.

(3) (a) (I) The most recent separation and all separations from base period employers, excluding those defined in subparagraph (II) of paragraph (e) of this subsection (3), shall be considered. In the event a claimant has more than one separation from the same adjudicable employer, the most recent separation shall be controlling as to the determination of eligibility for benefits attributable to that employer.

(II) Benefits remaining from a previous full award shall be reduced if a disqualification is granted on the most recent separation from that employer.

(III) Benefits previously reduced due to a disqualification shall become available if a full award is granted on the most recent separation. If a disqualification was previously imposed, then the employee must work ten consecutive workdays for the same employer before a full award may be granted on the most recent separation.

(b) An additional claim filed during an existing benefit year because of a recurrence of unemployment shall require the claimant to report all job separations subsequent to the effective date of the initial claim which may be considered by the division. Those job separations that are considered shall result in a full award or a disqualification. If a disqualification is imposed on the most recent separation, a ten-week deferral of benefits shall be imposed.

(c) The gross misconduct of an individual causing his discharge from employment shall result in a disqualification of twenty-six weeks. "Gross misconduct" means conduct evincing such willful or wanton disregard of an employer's interests or negligence or harm of such a degree or recurrence as to manifest culpability or wrongful intent, or assault or threatened assault upon supervisors, coworkers, or others at the work site.

(d) Benefits shall not be denied to any individual by reason of cancellation of wage credits or total reduction of his benefit rights for any cause other than discharge for gross misconduct connected with his work, fraud in connection with a claim for benefits, or receipt of disqualifying income.

(e) (I) Benefit payments will be charged against the experience rating accounts of the base period employers in inverse chronological order.

(II) When the total amount of base period wages, as defined in section 8-70-141 (1)(a), paid by a base period employer is less than one thousand dollars:

(A) Such wages shall be included in the computation of wage credits under the provisions of section 8-73-104; and

(B) Benefits paid with respect to such wages shall not be charged against the experience rating account of an employer but will be charged against the fund; and

(C) Separations from such employers, other than the last employer, shall not be adjudicated.

(III) Repealed.

(f) Benefit payments shall not be charged against the experience rating account of an employer and shall be charged against the fund when:

(I) The benefits are paid for unemployment directly caused by a major natural disaster;

(II) The president has declared the event a disaster pursuant to section 102 (2) of the federal "Robert T. Stafford Disaster Relief and Emergency Assistance Act", as amended, 42 U.S.C. sec. 5122(2); and

(III) The benefits are paid to an individual who would have otherwise been eligible for disaster unemployment assistance with respect to that unemployment but for the individual's receipt of unemployment compensation benefits.

(4) **Full award.** An individual separated from a job must be given a full award of benefits if the division determines that any of the following reasons and pertinent related conditions exist. The determination of whether or not the separation from employment must result in a full award of benefits is the responsibility of the division. The following reasons must be considered, along with any other factors that may be pertinent to such determination:

(a) Laid off for lack of work;

(b) (I) The health of the worker is such that the worker is separated from his or her employment and must refrain from working for a period of time that exceeds the greater of the employer's medical leave of absence policy or the provisions of the federal "Family and Medical Leave Act of 1993", if applicable, or the worker's health is such that the worker must seek a new occupation, or the health of the worker or the worker's spouse, partner in a civil union, or dependent child is such that the worker must leave the vicinity of the worker's employment; except that, if the health of the worker or the worker's spouse, partner in a civil union, or dependent child has caused the separation from work, the worker, in order to be entitled to a full award, must have complied with the following requirements: Informed the worker's employer in writing, if the employer has posted or given actual advance notice of this writing requirement, of the condition of the worker's health or the health of the worker's spouse, partner in a civil union, or dependent child prior to separation from employment and allowed the employer the opportunity to make reasonable accommodations for the worker's condition; substantiated the cause by a competent written medical statement issued by a licensed practicing physician or physician assistant authorized under section 12-240-107 (6) prior to the date of separation from employment when so requested by the employer prior to the date of separation from employment or within a reasonable period thereafter; submitted himself or herself or the worker's spouse, partner in a civil union, or dependent child to an examination by a licensed practicing physician or licensed practicing physician assistant authorized under section 12-240-107 (6) selected and paid by the interested employer when so requested by the employer prior to the date of separation from employment or within a reasonable period thereafter; or provided the division, when so requested, with a written medical statement issued by a licensed practicing physician or licensed practicing physician assistant authorized under section 12-240-107 (6). For purposes of providing the medical statement or submitting to an examination for an employer, "a reasonable period thereafter" includes the time before adjudication by either a deputy or referee of the division. An award of benefits pursuant to this subsection (4)(b)(I) includes benefits to a worker

who, either voluntarily or involuntarily, is separated from employment because of pregnancy and who otherwise satisfies the requirements of this subsection (4)(b)(I).

(II) In the event of an injury or sudden illness of the worker that would preclude verbal or written notification of the employer prior to such occurrence, the failure of the worker to notify the employer prior to such occurrence will not in itself constitute a reason for the denial of benefits if the worker has notified the employer at the earliest practicable time after such occurrence. Such notice shall be given no later than two working days following such occurrence unless the worker's physician or physician assistant authorized under section 12-240-107 (6) provides a written statement to the employer within one week after the employer's request that the worker's condition made giving such notice impracticable and substantiating the illness or injury.

(III) Any physician or physician assistant authorized under section 12-240-107 (6) who makes or is present at any examination required under these provisions shall testify as to the results of the physician's or physician assistant's examination; except that no such physician or physician assistant shall be required to disclose any confidential communication imparted to him or her for the purpose of treatment that is not necessary to a proper understanding of the case.

(IV) The off-the-job or on-the-job use of not medically prescribed intoxicating beverages or controlled substances, as defined in section 18-18-102 (5), may be reason for a determination for a full award pursuant to this subsection (4)(b), but only if:

(A) The worker has declared to the division that he or she has an alcohol or substance use disorder;

(B) The worker has substantiated the alcohol or substance use disorder by a competent written medical statement issued by a physician licensed to practice medicine pursuant to article 240 of title 12, or by a licensed physician assistant authorized under section 12-240-107 (6), or has substantiated the successful completion of, or ongoing participation in, a treatment program as described in subsection (4)(b)(IV)(C) of this section within four weeks after the claimant's admission. The substantiation must be in writing to the division and signed by an authorized representative of the approved treatment program.

(C) A worker who is not affiliated with an approved treatment program must present to the division within four weeks after the date of the medical statement referred to in sub-subparagraph (B) of this subparagraph (IV), substantiation of registration in a program of corrective action that will commence within four weeks after the date of the medical statement and that is provided by an approved private treatment facility or an approved public treatment facility as defined in section 27-81-102 (2) or (3), C.R.S., or by an alcoholics anonymous program. The substantiation shall be in writing to the division and signed by an authorized representative of the approved treatment program.

(D) (Deleted by amendment, L. 2006, p. 653, § 1, effective April 24, 2006.)

(IV.5) Any benefits awarded to the claimant under the provisions of subparagraph (IV) of this paragraph (b) and normally chargeable to the employer will be charged to the fund.

(V) A potentially chargeable employer may notify the division concerning the failure of the worker to participate in or complete an approved program of corrective action to deal with the alcohol or substance use disorder within fifteen calendar days after the date on which he or she discovers the existence of such a disorder. The worker must be given an opportunity to respond to the employer's allegations. The division, upon review of additional information, may modify a prior decision pursuant to subsection (5)(e)(XXIV) of this section.

(c) Unsatisfactory or hazardous working conditions when so determined by the division. In determining whether or not working conditions are unsatisfactory for an individual, the degree of risk involved to his health, safety, and morals, his physical fitness and prior training, his experience and prior earnings, the distance of the work from his residence, and the working conditions of workers engaged in the same or similar work for the same and other employers in the locality shall be considered. For the purpose of this paragraph (c), "hazardous working conditions" means such conditions, as are determined by the division to exist, that could result in a danger to the physical or mental well-being of the worker. In any such determination the division shall consider, but shall not be limited to a consideration of, the following: The safety measures used or the lack thereof and the condition of equipment or lack of proper equipment. No work shall be considered hazardous if the working conditions surrounding a worker's employment are the same or substantially the same as the working conditions generally prevailing among workers performing the same or similar work for other employers engaged in the same or similar type of activity.

(d) A substantial change in the worker's working conditions, said change in working conditions being substantially less favorable to the worker; but requiring a worker to work a different shift shall not be considered a substantial change in working conditions unless such requirement would be a violation of seniority rights which entitle the worker to shift preferential, but in any such case the burden of proving such seniority rights shall rest upon the worker. No change in working conditions shall be considered substantial if it is determined by the division that the conditions prevailing after the change are those generally prevailing for other workers performing the same or similar work.

(e) Unreasonable reduction in the worker's rate of pay as determined by the division. In determining whether or not there has been an unreasonable reduction in the worker's rate of pay, the division shall consider, but shall not be limited to a consideration of, whether or not the reduction in pay was applied by the employer to all workers in the same or similar class or merely to this individual, the general economic conditions prevailing in the state, the financial condition of the employer involved, and whether or not the reduction in wage was agreed to by other workers employed in the same or similar work. The worker's loss of a shift differential or overtime pay shall not be considered an unreasonable reduction in the worker's rate of pay under this paragraph (e), unless such shift differential or overtime pay was guaranteed by the employer.

(f) (I) Due to the particular nature of the building and construction industry, construction workers who quit a construction job to accept a different construction job in any of the following circumstances:

(A) Quitting within thirty days immediately prior to the established termination date of the job quit; and at the time of quitting, the construction worker had been offered and had accepted another construction job and the specific starting date of the new job was within thirty days from the date of quitting the prior job; and the new job offered employment for a longer period of time than remained available on the job quit unless the new job was terminated by a contract cancellation; or

(B) Unsatisfactory working conditions with respect to the distance of his work from his residence when so determined by the division; or

(C) Quitting a construction job that is outside the state of Colorado in order to accept a construction job within the state of Colorado, if such construction worker has maintained a residence in this state; or

(D) Leaving a job to comply with a condition of an apprenticeship assignment of an employer, which condition was imposed to meet the conditions of a joint apprenticeship or other apprenticeship program which is in accordance with requirements for programs registered with the federal government; or

(E) Quitting a job outside the worker's regular apprenticeable trade to return to work in the worker's regular apprenticeable trade. As used in this subsection (4)(f), "regular apprenticeable trade" means a skilled trade or occupation in the construction industry in which, by longstanding and recognized practice of a significant segment of the industry, a worker generally must complete a period of apprenticeship or training pursuant to a joint apprenticeship or other apprenticeship program that is in accordance with requirements for programs registered with the federal government or a state apprenticeship agency recognized by the United States department of labor. A worker may have more than one regular apprenticeable trade.

(II) If the provisions of either sub-subparagraph (A), (B), (C), (D), or (E) of subparagraph (I) of this paragraph (f) are met, any benefits normally chargeable to the employer for whom the employee worked immediately prior to accepting the new job will be charged to the fund. Benefits shall not be awarded pursuant to this paragraph (f) unless the worker has subsequently separated from the new job under conditions which would result in a full award under this subsection (4).

(g) After being given the choice by his employer between being terminated, furloughed, or laid off and replacing another worker, the worker has elected to accept a termination, furlough, or layoff;

(h) Quitting employment because of a violation of the written employment contract by the employer; except that before such quitting the worker must have exhausted all remedies provided in such written contract for the settlement of disputes before quitting his job;

(i) Being discharged from employment without the employer informing either the worker or the division, after a request from the division as to the reason for the discharge;

(j) Being physically or mentally unable to perform the work or unqualified to perform the work as a result of insufficient educational attainment or inadequate occupational or professional skills. In cases where an individual quits because of physical or mental inability to perform the work because of domestic abuse, any award of benefits will be made in accordance with paragraph (r) of this subsection (4).

(k) Refusing with good cause to work overtime without reasonable advance notice. Good cause as used in this paragraph (k) shall be restricted to reasonable, compelling personal reasons as determined by the division affecting either the worker or the worker's immediate family.

(l) Being instructed or requested to perform a service or commit an act which is in violation of an ordinance or statute;

(m) Involuntary retirement in accordance with company policy or at the volition of the employer;

(n) Quitting employment under conditions which would not have resulted in a denial of benefits under the provisions of paragraph (b) of subsection (5) of this section;

(o) Quitting employment because of personal harassment by the employer not related to the performance of the job;

(p) (I) Business closure because the employer is, or was, a member of the military reserves or National Guard and was called to active military duty.

(II) Any benefits awarded to the claimant under the provisions of subparagraph (I) of this paragraph (p) and normally chargeable to the employer will be charged to the fund.

(q) Repealed.

(r) (I) Separating from a job because of domestic violence may be reason for a determination for a full award if the worker reasonably believes that the worker's continued employment would jeopardize the safety of the worker or any member of the worker's immediate family.

(II) If the worker does not meet the provisions of subparagraph (I) of this paragraph (r), the worker shall be held to have voluntarily terminated employment for the purposes of determining benefits pursuant to subparagraph (XXII) of paragraph (e) of subsection (5) of this section.

(III) Any benefits awarded to the claimant under the provisions of this paragraph (r) normally chargeable to the employer shall be charged to the fund.

(IV) The director of the division shall adopt rules as necessary to implement and administer this paragraph (r).

(V) Repealed.

(s) and (t) Repealed.

(u) (I) Separating from a job due to a change in location of the employment of the worker's spouse or partner in a civil union that necessitates a new place of residence for the worker, either within or outside Colorado, from which it is impractical to commute to the worker's place of employment, and upon arrival at the new place of residence, the individual is in all respects available for suitable work. The director of the division shall adopt rules as necessary to implement and administer this paragraph (u).

(II) Any benefits awarded to the claimant under this paragraph (u) normally chargeable to the employer shall be charged to the fund.

(v) (I) Separating from a job because a member of the worker's immediate family is suffering from an illness that requires the worker to care for the immediate family member for a period that exceeds the greater of the employer's medical leave of absence policy or the provisions of the federal "Family and Medical Leave Act of 1993" if the worker meets the following requirements:

(A) The worker informed his or her employer, if the employer has posted or given actual advance notice of the requirement to so inform the employer, of the condition of the worker's immediate family member; and

(B) The worker provides the division, when requested, a competent statement verifying the condition of the worker's immediate family member.

(II) Separating from a job because a member of the worker's immediate family is suffering from a disability that requires the worker to care for the immediate family member for a period that exceeds the greater of the employer's medical leave of absence policy or the provisions of the federal "Family and Medical Leave Act of 1993" if the worker meets the following requirements:

(A) The worker informed his or her employer, if the employer has posted or given actual advance notice of the requirement to so inform the employer, of the condition of the worker's immediate family member; and

(B) The worker provides the division, when requested, a competent statement verifying the condition of the worker's immediate family member.

(III) The director of the division shall adopt rules as necessary to implement and administer this paragraph (v).

(IV) Any benefits awarded to the claimant under this paragraph (v) normally chargeable to the employer shall be charged to the fund, and any such benefits shall not affect an employer's premium.

(V) As used in this subsection (4)(v):

(A) "Disability" means all types of verified disability, including, without limitation, mental and physical disabilities; permanent and temporary disabilities; and partial and total disabilities.

(B) "Illness" means verified poor health or sickness.

(C) Repealed.

(w) Separating from employment because the employer requires the employee to work in an environment that is not in compliance with:

(I) Federal centers for disease control and prevention guidelines applicable to the employer's business and workplace at the time of the determination;

(II) State and federal laws, rules, and regulations concerning disease mitigation and workplace safety;

(III) An executive order issued by the governor requiring the employer to close the business or modify the operation of the business; and

(IV) Any public health order issued by the department of public health and environment or a local government to close the business or modify the operation of the business;

(x) Separating from employment because the employee is the primary caretaker of:

(I) A child enrolled in a school that is closed due to a public health emergency; or

(II) A family member or household member who is quarantined due to an illness during a public health emergency;

(y) Separating from employment because the employee is immunocompromised and more susceptible to illness or disease during a public health emergency as evidenced by the employee's health-care provider.

(5) **Disqualification.** (a) An individual who refuses to accept suitable work or refuses a referral to suitable work shall be disqualified from receiving benefits for a period of twenty weeks beginning with the week in which the refusal occurred, and his total benefits shall be reduced by an amount equal to the number of weeks of disqualification multiplied by his weekly benefit amount. The determination of whether or not an individual has refused to accept suitable work or refused to accept a referral to suitable work shall be the responsibility of the division.

(b) The division shall consider the refusal of suitable work or refusal of referral to suitable work at any time after the last separation from employment that occurred prior to the time of filing the initial claim in determining the direct and proximate cause of the separation. In determining whether or not any work is suitable for an individual, the division shall consider the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness and prior training, the individual's experience and prior earnings, the individual's length of unemployment and prospects for securing work in the individual's customary occupation, and the distance of the available local work from the individual's residence. Notwithstanding any other provisions of articles 70 to 82 of this title 8, the division shall not deem work to be suitable and shall not deny benefits under articles 70 to 82 of this title 8 to any otherwise eligible individual for refusing to accept new work under any of the following conditions:

(I) If the position offered is vacant due directly to a strike, lockout, or other labor dispute;

(II) If the wages, hours, or other conditions of the work offered are substantially less favorable to the individual than those prevailing for similar work in the locality;

(III) If as a condition of being employed the individual would be required to join a company union or to resign from or refrain from joining any bona fide labor organization;

(IV) The employer requires the individual to work in an environment that is not in compliance with:

(A) Federal centers for disease control and prevention guidelines applicable to the employer's business and workplace at the time of the determination;

(B) State or federal laws, rules, and regulations concerning disease mitigation and workplace safety;

(C) An executive order issued by the governor requiring the employer to close the business or modify the operation of the business; and

(D) Any public health order issued by the department of public health and environment or a local government to close the business or modify the operation of the business;

(V) The individual is the primary caretaker of:

(A) A child enrolled in a school that is closed due to a public health emergency; or

(B) A family member or household member who is quarantined due to an illness during a public health emergency; or

(VI) The employee is immunocompromised and more susceptible to illness or disease during a public health emergency as evidenced by the employee's health-care provider.

(c) An award shall not be denied to an individual more than once for failure to apply for or to accept the same or a similar position with the same employer.

(d) Repealed.

(e) Subject to the maximum reduction consistent with federal law, and insofar as consistent with interstate agreements, if a separation from employment occurs for any of the following reasons, the employer from whom such separation occurred must not be charged for benefits which are attributable to such employment and, because any payment of benefits which are attributable to such employment out of the fund as defined in section 8-70-103 (13) is deemed to have an adverse effect on the employer's account in such fund, a payment of such benefits must not be made from such fund:

(I) Quitting employment because of dissatisfaction with prevailing rates of pay in that industry, standard hours of work, standard working conditions, or working conditions which generally prevail for other workers performing the same or similar work, regularly assigned duties, or opportunities for advancement;

(II) Quitting employment because of dissatisfaction with a supervisor with no evidence to indicate that the supervision is other than that reasonably to be expected in the proper performance of work;

(III) Quitting to marry, irrespective of whether or not such marriage occurs subsequent to the separation from employment;

(IV) Quitting to move to another area as a matter of personal preference, unless such move was pursuant to other provisions of subsection (4) of this section;

(V) Quitting to seek other work; or quitting to accept other employment if such employment does not meet the requirements of paragraph (f) of subsection (4) of this section;

(VI) Insubordination such as: Deliberate disobedience of a reasonable instruction of an employer or an employer's duly authorized representative, refusal or failure to obtain, maintain, or renew licenses, certifications, credentials, conditions, or other professional designations which are necessary to permit the claimant to perform a job, failure to keep in good standing with the union because of nonpayment of dues, or repeated acts of agitation against employer working conditions, pay scale, policies, or procedures; except that orderly action on the part of an employee or through union negotiation shall not be so considered if such action does not interfere with work performance;

(VII) Violation of a statute or of a company rule which resulted or could have resulted in serious damage to the employer's property or interests or could have endangered the life of the worker or other persons, such as: Mistreatment of patients in a hospital or nursing home; serving liquor to minors; selling prescription items without prescriptions from licensed doctors; immoral conduct which has an effect on worker's job status; divulging of confidential information which resulted or could have resulted in damage to the employer's interests; failure to observe conspicuously posted safety rules; intentional falsification of expense accounts, inventories, or other records or reports whether or not substantial harm or injury was incurred; or removal or attempted removal of employer's property from the premises of the employer without proper authority;

(VIII) Off-the-job use of not medically prescribed intoxicating beverages or controlled substances, as defined in section 18-18-102 (5), C.R.S., to a degree resulting in interference with job performance;

(IX) On-the-job use of or distribution of not medically prescribed intoxicating beverages or controlled substances, as defined in section 18-18-102 (5), C.R.S.;

(IX.5) The presence in an individual's system, during working hours, of not medically prescribed controlled substances, as defined in section 18-18-102 (5), C.R.S., or of a blood alcohol level at or above 0.04 percent, or at or above an applicable lower level as set forth by federal statute or regulation, as evidenced by a drug or alcohol test administered pursuant to a statutory or regulatory requirement or a previously established, written drug or alcohol policy of the employer and conducted by a medical facility or laboratory licensed or certified to conduct such tests;

(X) Incarceration after conviction of a violation of any law, or loss of license, certification, credential, condition, or other professional designation that is essential to job performance;

(XI) Theft;

(XII) Assaulting or threatening to assault under circumstances such as to cause a reasonably emotionally stable person to become concerned as to his physical safety;

(XIII) Willful neglect or damage to an employer's property or interests;

(XIV) Rudeness, insolence, or offensive behavior of the worker not reasonably to be countenanced by a customer, supervisor, or fellow worker;

(XV) Careless or shoddy work. In determining whether or not work has been performed in a careless or shoddy manner, the division shall consider the length of time the worker has been performing the work satisfactorily and industry standards for such work. No work shall be considered careless or shoddy that comes within the area of reasonable mistakes and errors normally made by workers engaging in the same or similar work.

(XVI) Failure to properly safeguard, maintain, or account for the employer's property when this obligation is an essential part of the job;

(XVII) Taking unauthorized vacations or failing to return to work as scheduled after an authorized vacation or other leave of absence unless such failure to return to work was caused by circumstances which would result in a full award under the provisions of this section;

(XVIII) Refusal without good cause to work a different shift when no violation of seniority rights, as provided in paragraph (d) of subsection (4) of this section, is involved;

(XIX) Refusal without good cause to accept transfer to another department which does not involve a substantial change in working conditions or a substantial loss in wages;

(XX) For other reasons including, but not limited to, excessive tardiness or absenteeism, sleeping or loafing on the job, or failure to meet established job performance or other defined standards, unless such failure is attributable to factors listed in paragraph (b) of subsection (4) of this section;

(XXI) Lack of transportation. Transportation shall be the responsibility of the worker; if, however, in the opinion of the division, it would have been unreasonable to require the worker to continue in employment with his same employer at a new jobsite substantially less accessible or substantially more distant from the worker's residence than the site at which he had worked, benefits shall not be denied because of his refusal to continue in employment at the new site.

(XXII) Quitting under conditions involving personal reasons, unless the personal reasons were compelling pursuant to other provisions of subsection (4) of this section;

(XXIII) Voluntary retirement;

(XXIV) Failure to participate in or failure to complete an approved program of corrective action to deal with an alcohol or substance use disorder pursuant to subsection (4)(b)(IV) of this section. The determination of whether or not an individual has failed to participate in or complete an approved program of corrective action to deal with an alcohol or substance use disorder is the responsibility of the division. In making such a decision, the division may consider extenuating circumstances for the individual's failure to participate in or complete the approved program of corrective action which would justify a decision not to disqualify the individual from receiving benefits, but only if the individual presents a program of corrective action in accordance with subsection (4)(b)(IV)(C) of this section. The only extenuating circumstances which may be considered by the division are whether the individual suffered an illness not related to the alcohol or substance use disorder or received incapacitating injuries in an accident or whether the death of an immediate family member of the individual occurred which contributed to the failure of the individual to participate in or complete the program of corrective action. The burden of proof that an extenuating circumstance existed lies with the claimant.

(f) Repealed.

(g) If a separation from employment subject to adjudication under this subsection (5) occurs for any of the reasons enumerated in paragraph (e) of this subsection (5) and such separation is the most recent separation from employment, any benefits to which the claimant is entitled shall be deferred for ten weeks. In the event that the last separation does not include wages in the base period and the job separation results in a disqualification, the receipt of any benefits from qualifying employment in the base period shall be deferred for a period of ten weeks from the effective date of the claim. A subsequent initial claim in which such wages are within the base period shall result in the maximum reduction of benefits attributable to such

employment consistent with federal law and interstate agreements. Such deferral shall begin with the effective date of the valid initial or additional claim. As used in this paragraph (g), "most recent separation from employment" means the claimant's last employment prior to filing a valid initial or additional claim.

(h) Repealed.

8-73-109. Strikes or other labor disputes - definitions. (1) (a) For purposes of this section:

(I) "Coordinated bargaining" means two or more employers bargaining with a union where there is communication and accommodation among the employers but where each is free to make independent decisions on some or all of the issues being negotiated with the union, either written notification of the intent to engage in coordinated bargaining has been provided to the union or the union has rejected an offer to engage in multiemployer bargaining, and one or more representatives of each employer participating in the coordinated bargaining is present at one or more bargaining sessions.

(II) "Defensive lockout" means a lockout:

(A) Reasonably imposed by an employer to protect materials, property, or operations; or

(B) Where a union or two or more employees that are represented by the union take economic action against an employer and that action causes the employer to lock out; or

(C) By any member of a multiemployer bargaining unit or an employer engaged in coordinated bargaining with one or more other employers if such lockout is initiated because of a strike or labor dispute involving any member of such multiemployer bargaining unit or coordinated bargaining group.

(III) "Lockout" means a refusal by an employer engaged in a dispute with a union to permit its employees to perform employment services.

(IV) "Multiemployer bargaining unit" means any group of two or more employers bargaining with a union as a single unit with the consent of each employer and the union.

(V) "Offensive lockout" means any lockout by an employer that does not satisfy the definition of a defensive lockout.

(VI) "Strike or labor dispute" means the withholding of employment services or other economic action by two or more employees that are represented by the union directed at an employer's business.

(b) An individual is ineligible for unemployment compensation benefits for any week with respect to which the division finds that his or her total or partial unemployment is due to a strike or labor dispute in the factory, establishment, or other premises in which he or she was employed and thereafter for such reasonable period of time, if any, as may be necessary for such factory, establishment, or other premises to resume normal operations.

(c) For the purposes of this section, a lockout by any member of a multiemployer bargaining unit or an employer engaged in coordinated bargaining with another employer shall constitute a labor dispute if such lockout was a defensive lockout. In accordance with paragraph (b) of this subsection (1), the employees laid off in such a defensive lockout are ineligible for unemployment compensation benefits.

(d) However, notwithstanding paragraph (b) of this subsection (1), if his or her unemployment is due to an offensive lockout initiated by the employer, the individual will be determined eligible for unemployment compensation benefits.

(2) This section shall not apply if he is not participating in or financing or directly interested in the strike as an individual or as a member of the grade or class of workers conducting the strike. Participating in a strike shall include refusal to cross the picket line.

8-73-110. Other remuneration - severance pay - definitions. (1) (a) The benefits for an individual who is separated from employment and receives a severance allowance must be postponed for a number of calendar weeks after separation from employment that is equal to the total amount of the severance allowance, divided by the individual's usual weekly wage. The postponement required by this subsection (1) begins with the calendar week in which the severance allowance was received. If the number of weeks does not equal a whole number, the remainder is disregarded. Notwithstanding section 8-73-107 (1)(f), any wages earned by an individual in a calendar week during postponement are disregarded.

(b) For purposes of this subsection (1), "individual's weekly wage" means an individual's usual or average wage earned in a representative number of calendar weeks.

(1.5) Repealed.

(1.6) (Deleted by amendment, L. 2009, (HB 09-1076), ch. 408, p. 2248, § 1, effective June 2, 2009.)

(2) An individual who has an award for any week and for which week he, at a subsequent date, received a pay award by reason of a decision of the national labor relations board or other source, as a result of the action taken by the national labor relations board or other source, shall immediately repay to the division such amounts as will reimburse the division for all benefit payments made for the period during which he drew benefits and for which the national labor relations board or other source has caused a payment to be made in the form of back pay award to the claimant; and the employer's account charged for such benefits shall be credited accordingly.

(3) (a) (I) Except as provided in subparagraph (II) of this paragraph (a), an individual's weekly benefit amount shall be reduced (but not below zero) by:

(A) (Deleted by amendment, L. 2009, (HB 09-1076), ch. 408, p. 2248, § 1, effective June 2, 2009.)

(B) The prorated weekly amount of a pension, retirement or retired pay, or annuity that has been contributed to by a base period employer; or

(C) The prorated weekly amount of any other similar periodic or lump-sum retirement payment from a plan, fund, or trust which has been contributed to by a base period employer.

(II) An individual's weekly benefit amount shall not be reduced when an individual receives a lump-sum retirement payment from a plan, fund, or trust that has been contributed to by a base period employer when all of the following conditions are met:

(A) The individual's separation from the employer awarding the payment is not due to a retirement pursuant to section 8-73-108 (4)(m) or (5)(e)(XXIII);

(B) The individual presents proof to the division within fourteen calendar days from date of claim or sixty calendar days of receipt of such lump-sum payment, whichever is later, that this total payment has been reinvested into an individual retirement account or Keogh plan, as defined in 26 U.S.C. sec. 408 or 26 U.S.C. sec. 401, and such proof establishes that the investment is for a duration of at least one year; except that such lump-sum retirement payment shall not be considered to be received by the individual until the entire balance has been so received. Should a portion of the payment be ineligible for reinvestment and the claimant presents proof that the total eligible portion has been reinvested, only the remaining uninvested portion will be prorated in accordance with subparagraph (III) of this paragraph (a).

(III) When an individual receives a lump-sum retirement payment from a plan, fund, or trust that has been contributed to by a base period employer and the payment does not meet all of the criteria established in subparagraph (II) of this paragraph (a), then the division shall postpone the individual's benefits for a number of calendar weeks equal to the gross amount of the lump-sum payment divided by the individual's full-time weekly wage. However, when an individual receives a lump-sum retirement payment from a plan, fund, or trust as described in this subparagraph (III), but only reinvests a portion of that payment as required in subparagraph (II) of this paragraph (a), or when an individual otherwise withdraws an amount from a plan, fund, or trust that is less than the total lump sum of the account, then the division shall consider only the portion that is received but not reinvested pursuant to subparagraph (II) of this paragraph (a) in determining the number of calendar weeks that the individual's benefits are postponed.

(IV) An individual's weekly benefit amount shall not be reduced by any amount of a primary insurance benefit under Title II of the federal "Social Security Act" that has been contributed to by a base period employer if the employee has made contributions to federal social security.

(b) (I) An individual who has applied for a retirement payment shall be entitled to receive, if otherwise eligible, the weekly benefit amount reduced by the prorated weekly amount of the estimated or reported amount of such retirement payment. When notice of the actual or confirmed amount of the retirement payment is received by the individual, he shall advise the division and the deduction will be adjusted accordingly.

(II) If the estimated amount of the retirement payment exceeds the amount of unemployment compensation to which the individual is entitled, he shall receive one payment equal to the minimum weekly benefit amount, as prescribed by section 8-73-102 (1), other provisions of articles 70 to 82 of this title notwithstanding.

(c) For purposes of this subsection (3), "lump-sum retirement payment" means the entire balance due the individual from the plan, fund, or trust that has been contributed to by a base period employer.

(4) An individual's weekly benefit amount shall not be reduced because of the receipt of military service-connected disability compensation payable under 38 U.S.C., chapter 11, by the federal veterans administration. An individual's weekly benefit amount shall be reduced because of the receipt of a military disability retirement pension based on previous work performed by the individual, the relationship to the level of prior remuneration, or the length of service.

(5) Individuals who receive compensation for temporary disability under the workers' compensation law of any state or under a similar law of the United States shall be entitled to receive benefits for a corresponding week, if otherwise eligible, reduced by the amount of the temporary disability compensation unless the temporary disability amount has already been reduced by the unemployment insurance benefit amount.

(6) Individuals who receive sick pay benefits or other similar periodic cash payments paid to the worker by a base period employer or from any trust or fund contributed to by a base period employer shall be entitled to receive benefits for a corresponding week, if otherwise eligible, reduced by the amount of such sick pay benefits or other similar periodic cash payments.

(7) Repealed.

8-74-102. Deputy's decision - rules. (1) Upon receipt of a claim, the division shall notify any other interested parties of the claim by mail or electronic means in accordance with such rules as the director of the division may promulgate. The interested parties must be afforded seven calendar days after the date of the notice of the claim to present any information pertinent to the claim by mail, telephone, or electronic means in accordance with such rules as the director of the division may promulgate. The information must be received by the division within seven calendar days after said date. "Deputy", as used in this article, means a person who adjudicates claims for the division when Colorado is the paying state. Wages paid in Colorado and transferred to another state in which the claimant has filed shall not be subject to adjudication by a deputy of the division or to an appeal directed to this state.

(2) The hearing officer shall have the power and authority to call, preside at, and conduct hearings pursuant to the provisions of section 8-72-108 and such regulations as the director of the division may prescribe.

(3) The hearing officer, after affording all interested parties a reasonable opportunity for a fair hearing in conformity with the provisions of this article and the regulations of the division, shall make a decision on each relevant issue raised, including findings of fact, conclusions of law, and an order. The division shall promptly provide all interested parties with copies of the hearing officer's decision.

(4) The hearing officer may conduct all appeal hearings at designated locations which are most convenient to the claimant and employer. If the claimant and employer request that such hearing be bifurcated, the division may honor this request.

8-74-104. Industrial claim appeals office review. (1) Any interested party who is dissatisfied by a hearing officer's decision may appeal that decision and obtain administrative review by the industrial claim appeals office. Any such appeal must be received by the industrial claim appeals office within twenty calendar days after the date of notification of the decision of the hearing officer. The director of the division may prescribe rules for the conduct of such appeals, including apportionment of transcript costs (not to exceed the actual costs of such materials), filing methods, briefing schedules, and similar matters.

(2) Upon petition to review by an interested party, the industrial claim appeals panel may affirm, modify, reverse, or set aside any decision of a hearing officer on the basis of the evidence in the record previously submitted in the case.

(3) The industrial claim appeals office shall promptly provide all interested parties with copies of the industrial claim appeals panel's written decision and order in each case.

The deputy, hearing officer, or industrial claim appeals panel may, on his or its own motion, reconsider a decision within a twelve-month period subsequent to the date of decision when it appears that an apparent procedural or substantive error has occurred in connection therewith. Notification of a decision on reconsideration and the reasons therefor shall be promptly given to all interested parties. In the event that an appeal involving an original decision is pending as of the date on which a decision as a result of reconsideration is issued by the division, such appeal shall be considered void. 8-74-106. Appeals - time limits - procedures. (1) The following procedures and limitations shall apply to all appeals taken pursuant to this article:

(a) Any party may petition for review of a deputy's decision by filing a petition therefor with the division within twenty calendar days after the date of notification of such decision. Notification of the decision shall be by personal delivery of the decision to an interested party or by mailing a copy of the decision to the last-known address shown in the division records of an interested party and to the interested party's attorney or representative of record, if any, or by electronic means. The date of notification shall be the date of personal delivery, the date of transmission as recorded by the division, if notification is made by electronic means, or the date of mailing of a decision.

(b) Unless, within twenty calendar days after the date of notification of a deputy's decision, an interested party petitions for review of such decision, the decision shall be final. Petitions for review may be accepted out of time only for good cause shown and in accordance with rules adopted by the director of the division.

(c) The division shall give written notice to all interested parties when a petition for review is filed. Such notice shall be pursuant to regulations adopted by the director of the division.

(d) Pursuant to section 8-72-107, each interested party shall be given such reasonable access to division records concerning the claim as is necessary for proper presentation of his position concerning the claim.

(e) Any interested party to an appeal from a deputy's decision shall be entitled to a hearing before a hearing officer. All interested parties shall have the right to be present or to be represented by an attorney or other representative at the hearing, to present such testimony and evidence as may be pertinent to the claim, and to cross-examine witnesses. The division, pursuant to regulations adopted by the director of the division, shall notify all interested parties of the hearing. Such notification shall be made not less than ten calendar days prior to the hearing.

(f) (I) The manner in which disputed claims shall be presented, the reports required from interested parties, and the conduct of hearings shall be in accordance with the provisions of this article and the regulations prescribed by the director of the division, whether or not such regulations conform to common law or statutory or regulatory rules of evidence or other technical rules of procedure.

(II) Evidence and requirements of proof shall conform, to the extent practicable, with those in civil nonjury cases in the district courts of this state. However, when necessary to do so in order to ascertain facts affecting the substantial rights of the parties to the proceeding, the person conducting the hearing may receive and consider evidence not admissible under such rules, if such evidence possesses probative value commonly accepted by reasonable and prudent men in the conduct of their affairs. Objections to evidentiary offers may be made and shall be noted in the record. The person conducting a hearing shall give effect to the rules of privilege recognized by law. He may exclude incompetent and unduly repetitious evidence. Documentary evidence may be received in the form of a copy or excerpt if the original is not readily available; but, upon request, the party shall be given an opportunity to compare the copy with the original. The division may utilize its experience, technical competence, and specialized knowledge in the evaluation of the evidence presented. The provisions of the "State Administrative Procedure Act", article 4 of title 24, C.R.S., and particularly sections 24-4-105 and 24-4-106, C.R.S., shall not apply to hearings and court review under this article. However, the rule-making provisions of section 24-4-103, C.R.S., shall apply to this article.

(III) When the same or substantially similar evidence is relevant and material to the matters at issue in claims by more than one individual or in claims by a single individual with respect to two or more weeks of unemployment, the same time and place for considering each such claim may be fixed, hearings thereon may be jointly conducted, a single record of the proceedings may be made, and evidence introduced with respect to one proceeding may be considered as introduced in the others, if, in the judgment of the tribunal having jurisdiction over the proceeding, such consolidation would not be prejudicial to any interested party.

(IV) No person shall participate on behalf of the division in any case in which he has a direct or indirect interest.

(V) A full and complete record shall be kept of all proceedings in connection with a disputed claim. All testimony at any hearing upon a disputed claim shall be recorded but need not be transcribed unless the disputed claim is presented for further review. If necessary, the industrial claim appeals panel may listen to the recorded testimony of a hearing on a disputed claim prior to rendering a decision. If review is sought pursuant to section 8-74-107, the division shall transcribe the testimony pursuant to such regulations as the director of the division may prescribe.

8-74-107. Court review. (1) No action, proceeding, or suit to set aside an industrial claim appeals panel's decision or to enjoin the enforcement thereof shall be brought unless the petitioning party has first complied with the review provisions of sections 8-74-104 and 8-74-106.

(2) Actions, proceedings, or suits to set aside, vacate, or amend any final decision of the industrial claim appeals panel or to enjoin the enforcement thereof may be commenced in the court of appeals by any interested party, including the division. Such actions, proceedings, or suits shall be commenced by filing a notice of appeal in the court of appeals within twenty-one days of the mailing of the industrial claim appeals panel's decision, together with a certificate of service showing service of a copy of said notice of appeal on the division, the industrial claim appeals office, and all other parties who appeared in the administrative proceedings. The industrial claim appeals office, within twenty-one days after the service of the notice, shall make return to said court of all documents and papers on file in the matter, of all testimony taken therein, and of certified copies of all findings, orders, and awards, which return shall be deemed its answer to said petition. Such return of the industrial claim appeals office shall constitute the judgment roll in any such action, proceeding, or suit, and it shall not be necessary to settle a bill of exceptions in order to make such return part of the record of such court in such action, proceeding, or suit.

(3) The industrial claim appeals panel may certify to the court of appeals questions of law involved in any of its decisions.

(4) In judicial proceedings under this article, administrative findings as to the facts, if supported by substantial evidence and in the absence of fraud, shall be conclusive.

(5) Actions, proceedings, and suits to review any final decision of the industrial claim appeals panel or questions certified to the court of appeals by such panel shall be heard in an expedited manner and shall be given precedence over all other civil cases, except cases arising under the "Workers' Compensation Act of Colorado", articles 40 to 47 of this title.

(6) The industrial claim appeals panel's decision may be set aside only upon the following grounds:

- (a) That the industrial claim appeals panel acted without or in excess of its powers;
- (b) That the decision was procured by fraud;
- (c) That the findings of fact do not support the decision;
- (d) That the decision is erroneous as a matter of law.

Any right, fact, or matter in issue directly passed upon or necessarily involved in a decision of a deputy, a hearing officer, the industrial claim appeals office, or the court of appeals which has become a final decision under this article, after appeal procedures, if initiated, have been completed or otherwise terminated, shall be conclusive for all the purposes of articles 70 to 82 of this title as between all interested parties. No finding of fact or law, judgment, conclusion, or final order made with respect to a determination made under articles 70 to 82 of this title may be conclusive or binding or used as evidence in any separate or subsequent action or proceeding in another forum, except proceedings under articles 70 to 82 of this title, regardless of whether the prior action was between the same or related parties or involved the same facts. No findings of fact or law, judgment, conclusion, or final order made by any other agency, administrative body, or forum that are not made pursuant to articles 70 to 82 of this title shall be binding on the division for the purposes of articles 70 to 82 of this title.

If further benefits are granted by a subsequent decision, all accrued and unpaid benefits shall be promptly paid. If a subsequent decision denies or reduces benefits, subsequent benefits shall be denied or reduced pursuant to and upon issuance of the decision. PART 1

EXTENDED BENEFITS

8-75-101. Definitions. As used in this part 1, unless the context otherwise requires:

(1) "Eligibility period" of an individual means the period consisting of the weeks in his benefit year which begin in an extended benefit period and, if his benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

(2) (a) "Exhaustee" means an individual who, with respect to any week of unemployment in his or her eligibility period:

(I) Has received, prior to such week, all of the regular benefits that were payable to him under articles 70 to 82 of this title or any other state law (including dependents' allowances and regular benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C., chapter 85) for his benefit year that includes such week;

(II) Has received, prior to such week, all of the regular benefits that were available to him under articles 70 to 82 of this title or any other state law (including dependents' allowances and regular benefits available to federal civilian employees and ex-servicemen under 5 U.S.C., chapter 85) in his benefit year that includes such week, after the cancellation of some or all of his wage credits or the total or partial reduction of his right to regular benefits. For the purposes of this subparagraph (II) and subparagraph (I) of this paragraph (a), an individual shall be deemed to have received in his applicable benefit year all of the regular benefits that were payable to him or available to him, as the case may be, even though:

(A) As a result of a pending appeal with respect to wages or employment, or both, that was not included in the original monetary determination with respect to such benefit year, he may subsequently be determined to be entitled to more regular benefits; or

(B) By reason of the seasonal provisions of another state law, he is not entitled to regular benefits with respect to such week of unemployment (although he may be entitled to regular benefits with respect to future weeks of unemployment in the next season or off-season, as the case may be, in such benefit year), and he is otherwise an exhaustee within the meaning of this

subsection (2) with respect to his right to regular benefits under such other state law's seasonal provisions during the season or off-season in which that week of unemployment occurs; or

(C) Having established a benefit year, no regular benefits are payable to him during such year because his wage credits were canceled or his right to regular benefits was totally reduced as a result of the application of a disqualification;

(III) His benefit year having ended prior to such week, has insufficient wages or employment, or both, on the basis of which he could establish in any state a new benefit year that would include such week or, having established a new benefit year that includes such week, he is precluded from receiving regular benefits by reason of the provisions of section 8-73-107 (2) which meet the requirements of section 3304 (a)(7) of the "Federal Unemployment Tax Act" or a similar provision in any other state law;

(IV) Has no right for such week to unemployment benefits or allowances, as the case may be, under the "Railroad Unemployment Insurance Act", the "Trade Expansion Act of 1962", and such other federal laws as are specified in regulations issued by the United States secretary of labor;

(V) Has not received and is not seeking for such week unemployment benefits under an unemployment compensation law of Canada, unless the appropriate agency finally determines that he is not entitled to unemployment benefits under such law for such week; or

(VI) Has received all of the unemployment compensation benefits pursuant to part 2 of this article and regular unemployment compensation benefits available in a benefit year.

(b) "Applicable benefit year", as used in this subsection (2), means, with respect to an individual, his current benefit year if at the time he files a claim for extended benefits he has an unexpired benefit year only in the state in which he files such claim or, in any other case, his most recent benefit year. For the purpose of this paragraph (b), his "most recent benefit year", if he has unexpired benefit years in more than one state when he files a claim for extended benefits, is the benefit year with the latest ending date or, if such benefit years have the same ending date, the benefit year in which his latest continued claim for regular benefits was filed.

(3) (a) "Extended benefit period" means a period which:

(I) Begins with the third week after a week for which there is an "on" indicator; and

(II) Ends with either of the following weeks, whichever occurs later:

(A) The third week after the first week for which there is an "off" indicator; or

(B) The thirteenth consecutive week of such period.

(b) But no extended benefit period may begin by reason of an "on" indicator before the fourteenth week following the end of a prior extended benefit period which was in effect with respect to this state.

(4) "Extended benefits" means benefits as defined in section 8-70-110 (1)(b).

(4.5) "High unemployment period" means a period in which the seasonally adjusted total unemployment rate, as determined by the United States secretary of labor, for the most recent three months for which data for all states is published, equals or exceeds eight percent.

(5) and (6) Repealed.

(7) "Rate of insured unemployment", for the purposes of subsection (11) of this section, means the percentage derived by dividing: The average weekly number of individuals filing claims for regular compensation in this state for weeks of unemployment with respect to the most recent consecutive thirteen-week period as determined by the division on the basis of its reports to the United States secretary of labor, by the average monthly employment covered

under articles 70 to 82 of this title for the first four of the six most recently completed calendar quarters ending before the end of such thirteen-week period.

(8) "Regular benefits" means benefits as defined in section 8-70-110 (1)(a).

(9) "State law" means the unemployment insurance law of any state, approved by the United States secretary of labor under section 3304 of the federal "Internal Revenue Code of 1986", as amended.

(9.5) "Total unemployment rate" or "TUR" means the percentage derived by dividing the number of all unemployed persons in the civilian labor force by the number of individuals comprising the total labor force, including both employed and unemployed individuals, and then multiplying that number by one hundred.

(10) There is an "off" indicator for a week if, for the period consisting of such week and the immediately preceding twelve weeks, either:

(a) Sub-subparagraph (A) or (C) of subparagraph (I) of paragraph (a) of subsection (11) of this section was not satisfied, and subparagraph (II) of paragraph (a) of subsection (11) of this section was not satisfied; or

(b) Sub-subparagraph (B) or (C) of subparagraph (I) of paragraph (a) of subsection (11) of this section was not satisfied, and subparagraph (II) of paragraph (a) of subsection (11) of this section was not satisfied.

(11) (a) There is an "on" indicator for a week if the rate of insured unemployment under articles 70 to 82 of this title for the period consisting of such week and the immediately preceding twelve weeks:

(I) (A) Equaled or exceeded one hundred twenty percent of the average of such rates for the corresponding thirteen-week period ending in each of the preceding two calendar years; or

(B) Equaled or exceeded one hundred twenty percent of the average of such rates for the corresponding thirteen-week period ending in each of the preceding three calendar years with respect to weeks beginning on or after December 17, 2010, and ending December 31, 2011, or while Pub.L. 111-312 and any amendments thereto are in effect; and

(C) Equaled or exceeded five percent; or

(II) Equaled or exceeded six percent.

(b) Repealed.

8-75-102. Effect of state law provisions relating to regular benefits on claims for, and payment of, extended benefits. Except when the result would be inconsistent with the other provisions of this section as provided in the regulations of the division, the provisions of articles 70 to 82 of this title which apply to claims for, or the payment of, regular benefits shall apply to claims for, and the payment of, extended benefits.

8-75-103. Eligibility requirements for extended benefits. (1) An individual shall be eligible to receive extended benefits with respect to any week of unemployment in his eligibility period only if the division finds that with respect to such week:

- (a) He is an exhaustee;
- (b) He has satisfied the requirements of articles 70 to 82 of this title for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits; and
- (c) He files his interstate claim from a state in which there is an extended benefits state "on" indicator. If he files his interstate claim from a state in which there is an extended benefits state "off" indicator, he shall be paid for not more than the first two weeks in which extended benefits are payable in an interstate claim.

8-75-103.5. Additional extended benefit requirements. (1) An individual shall be ineligible for payment of extended benefits for any week of unemployment in his eligibility period if the division finds that during such period:

- (a) He failed to accept any offer of suitable work as defined under subsection (3) of this section or failed to apply for any suitable work to which he was referred by the division; or
- (b) He failed to actively engage in seeking work which is prescribed as suitable work under subsection (5) of this section.

(2) Any individual who has been found ineligible for extended benefits by reason of the provisions of subsection (1) of this section shall also be denied benefits beginning with the first day of the week following the week in which such failure occurred and until he has been employed in each of four subsequent weeks, whether or not consecutive, and has earned remuneration equal to not less than four times the extended weekly benefit amount.

(3) For the purposes of this section, "suitable work" means, with respect to any individual, any work which is within such individual's capabilities. The gross average weekly remuneration payable for such work shall:

- (a) Exceed the sum of the individual's extended weekly benefit amount as determined under sections 8-73-102 and 8-75-104 plus the amount, if any, of supplemental unemployment benefits, as defined in section 501 (c)(17)(D) of the federal "Internal Revenue Code of 1986", as amended, payable to such individual for such week;

(b) Not be less than the higher of the minimum wage provided by section 206 (a)(1) of the "Fair Labor Standards Act of 1938", as amended, without regard to any exemption, or the applicable state or local minimum wage.

(4) No individual shall be denied extended benefits for failure to accept an offer of or apply for any job which meets the definition of suitability, provided in subsection (3) of this section, if:

(a) The position was not offered to such individual in writing or was not listed with the state employment service;

(b) Such failure could not result in a denial of benefits under the definition of suitable work for regular benefit claimants in section 8-73-108 (5)(b) to the extent that the criteria of suitability in that section are not consistent with the provisions of subsection (3) of this section;

(c) The individual furnishes satisfactory evidence to the division that his prospects for obtaining work in his customary occupation within a reasonably short period are good. 8-76-102.5. Rates effective upon fund solvency - repeal of prior rates - solvency surcharge - definitions - repeal.

(1) Repealed.

(2) Effective January 1, 2013, each employer shall pay premiums in the manner prescribed by this section.

(3) (a) (I) Each employer's rate for the twelve months commencing January 1 of any calendar year is determined on the basis of the employer's record prior to the computation date for the year. The computation date for any calendar year is July 1 of the year preceding the calendar year for which the rate is computed.

(II) As used in the standard premium rate schedule in subsection (3)(a)(III)(B) of this section and the support surcharge rate schedule in subsection (3)(a)(IV) of this section:

(A) "Percent of excess" means the percentage resulting from dividing the excess of premiums paid over benefits charged by the average chargeable payroll, computed to the nearest one percent.

(B) "Reserve ratio" means the fund balance on any June 30 as a proportion of total wages reported by experience-rated employers.

(C) "To" in the column headings, which make reference to fund balances (resources available for benefits), means "not including".

(III) (A) The total of an employer's premiums paid, designated, and deposited into the unemployment compensation fund on the employer's own behalf on or before thirty-one days immediately after the computation date and the total benefits that were chargeable to the employer's account and were paid before the computation date, with respect to weeks, or any established payroll period of unemployment, beginning before the computation date, is used to compute the employer's premium for the following calendar year.

(B) The following standard premium rate schedule reflects the rates applicable in computing an employer's premium: [Insert PDF file 8-76-102.5 (3)(a)(III) here]

(IV) The support surcharge rate, which is the rate dedicated to employer support surcharge payments deposited into the employment support fund, the benefit recovery fund, and

the employment and training technology fund, is calculated using the following support surcharge rate schedule: [Insert PDF file 8-76-102.5 (3)(a)(IV) here]

(a.5) Notwithstanding subsection (3)(a) of this section, if the reserve ratio is one and four-tenths percent or greater on June 30 of any year, the department shall reduce employer premiums up to fifteen percent for the following calendar year.

(b) Only those wages paid for covered employment that occurred before the computation date and were reported to the division on or before thirty-one days immediately following the computation date will be used to determine the experience rate effective for the next calendar year.

(c) Whenever an employer subject to articles 70 to 82 of this title acquires, before the computation date and pursuant to section 8-76-104, all or a segregable portion of the organization, trade, and business or substantially all of the assets of an employer who was subject to articles 70 to 82 of this title at the time of the acquisition, and the successor submitted in writing that the successor met the conditions set forth in section 8-76-104, a total or partial transfer of the experience rating record of the predecessor employer shall be made as provided in section 8-76-104. No merger of the accounts for experience rating purposes will be made for the rate effective the next calendar year unless the information is submitted to the division on or before sixty days following the computation date.

(d) Notwithstanding any provision to the contrary, an employer, at any time before March 15 of any year, may pay voluntary premiums in addition to the premiums and surcharges provided under articles 70 to 82 of this title. Voluntary premiums shall allow for a reduction of the employer's experience rate and shall be credited to the employer's account and be used in determining the employer's rate for the current calendar year and subsequent calendar years; except that, if an employer is delinquent in the payment of any premiums or surcharges due, the voluntary premium payments shall be reduced by the total amount of delinquent premiums and surcharges before such computation is made. No voluntary premiums paid pursuant to this paragraph (d) shall be refunded or applied to future premium liability.

(e) As used in sections 8-76-101 to 8-76-104, for the purpose of computing the premium rate of any employer, the term "annual payroll" means the total amount of wages for employment paid by an employer during the twelve-month period ending on June 30. The term "average chargeable payroll" means the average of the chargeable payrolls for the last three fiscal years ending on June 30. For any employer who has not reported payrolls to the division for thirty-six consecutive months ending on June 30, the division shall compute the average chargeable payroll by dividing the total chargeable payrolls of the employer during the three fiscal years ending on June 30 by the total months during which such wages were paid and multiplying the amount so determined by twelve.

(f) An employer shall have sixty calendar days after the mailing date or the transmission date as recorded by the division of a quarterly statement of benefits charged to the employer's account in which to file a written application for a review and determination of benefit charges. The application must specify in detail the grounds upon which the employer relies and may be filed in person, by mail, or by electronic means in accordance with such rules as the director of the division may promulgate. The division shall investigate the matters specified and shall give the employer notice of its redetermination by mail or by electronic means. If the employer fails to act within the prescribed time, benefits charged to the account shall be deemed correct and final. Appeal from the redetermination decision may be made pursuant to section 8-76-113 (2).

(g) By December 1 of each year, or as soon as practicable, the division shall notify each employer of the employer's premium rate as determined for the next calendar year pursuant to sections 8-76-101 to 8-76-104. The notification shall include the amount determined as the employer's average annual payroll, the total of all the employer's premiums paid on his or her own behalf and credited to his or her account for all past years, and the total benefits charged to the employer's account for all such years.

(h) The division shall develop and maintain an online computer application that allows employers to review and manage account information. The online computer application shall include at least the following:

(I) A method for employers to file wage reports and make premium payments;

(II) A method for employers to review account balances, charging history, premium rates, and account status;

(III) A method for employers to change the physical address of an account, reinstate an account, and close an account; and

(IV) A method for employers to receive and return division forms and correspondence.

(i) Whenever there has been a period of five consecutive calendar years during which there were no chargeable wages paid for services considered employment under articles 70 to 82 of this title, any balance shown in the employer's account will not be transferred nor be used for premium rating purposes if the employer again becomes liable under articles 70 to 82 of this title.

(4) (a) The division shall determine employer premium rates for employers newly subject to articles 70 to 82 of this title each year as of the computation date in accordance with subsection (3) of this section. New employers pay the same premiums as unrated employers as prescribed in subsection (3) of this section or at the computed rate, whichever is higher, unless there have been twelve consecutive calendar months immediately preceding the computation date during which an employer's account has been chargeable with benefit payments.

(b) An employer that elects reimbursement under sections 8-76-108 to 8-76-110 is exempt from this section.

(c) An "employer newly subject", as used in this article, means an employer who has never, at any time, been an employer under any provision of articles 70 to 82 of this title, an employer who has lost his or her prior experience under subsection (3) of this section, or an employer who, under section 8-76-110 (2)(e), terminates his or her election to make payments in lieu of premiums or whose election to make payments in lieu of premiums has been terminated by the division under the authority of section 8-76-110 (4)(e) or (4)(f).

(5) (a) Those employers newly subject to articles 70 to 82 of this title and assigned the three-digit North American industry classification code 236, 237, or 238 for the construction industry must pay the same premiums as unrated employers as prescribed in subsection (3) of this section, at the actual experience rate, at a rate equal to the average actual experience rate, or at a rate equal to the average industry premium rate as determined by the division, whichever is greater, unless there have been thirty-six consecutive calendar months immediately preceding the computation date.

(b) For purposes of this subsection (5), assignment by the division of employment and training of industrial classifications to employers pursuant to this subsection (5) must be in accordance with procedures and guidelines of the bureau of labor statistics of the United States

department of labor and be the appropriate three-digit subsector level found in the North American industry classification system manual issued by the office of management and budget.

(c) For purposes of this subsection (5), "average industry premium rate" means the average premium rate of all employers assigned the same three-digit North American industry classification code pursuant to this subsection (5). The rate is computed annually by the division using the latest data as of the computation date.

(6) (a) A political subdivision or its instrumentality that has elected to become a premium-paying employer will have its account charged with the full amount of all regular and extended benefits that are attributable to service in its employ.

(b) (I) The premium rate for political subdivisions or their instrumentalities will be examined annually in conjunction with the employer's benefit experience and may be adjusted on a year-by-year basis as prescribed by subparagraph (I) of paragraph (a) of subsection (3) of this section.

(II) The division must notify all political subdivisions or their instrumentalities, as defined in paragraph (a) of this subsection (6), of the premium rate no later than January 1 of the year for which the rate applies.

(7) (a) A solvency surcharge will be assessed when the fund balance of the unemployment compensation fund on any June 30 is equal to or less than 0.005 multiplied by the total wages reported by experience-rated employers for the previous calendar year, or for the most recent available four consecutive quarters before the last computation date. The solvency surcharge will be assessed on all experience-rated employers beginning with the next calendar year, and the solvency surcharge is added to the employer's premium rate. The solvency surcharge rate added to the employer's premium rate will also be identified separately on the employer's premium rate notice as the solvency surcharge. The solvency surcharge remains in effect until the June 30 fund balance in the unemployment compensation fund is equal to or greater than 0.007 multiplied by the total wages reported by experience-rated employers for the calendar year, or for the most recent available four consecutive quarters:

(b) The solvency surcharge shall not be assessed against:

- (I) The covered employers of state and local governments;
- (II) Nonprofit organizations that are reimbursing employers; or
- (III) Political subdivisions electing the special rate.

(c) (I) Notwithstanding subsection (7)(a) of this section, for the calendar years 2021, 2022, and 2023, the division shall not assess a solvency surcharge on any employer.

(II) This subsection (7)(c) is repealed, effective January 1, 2024.

(8) (a) Subject to the conditions stated in paragraph (b) of this subsection (8), an employer is eligible for a premium credit, as determined by the division, of a proportionate amount of the excess of the amount specified in subparagraph (IV) of paragraph (b) of this subsection (8). Each employer that qualifies for the premium credit receives a share of the total available premium credit equal to his or her proportionate share of the total chargeable wages paid by qualifying employers.

(b) An employer does not receive premium credit under this subsection (8) unless all of the following conditions are met:

(I) As of the most recent computation date, the employer has filed all required reports and paid all premiums and surcharges due under articles 70 to 82 of this title;

(II) The employer is not a negative excess employer under the table in subsection (3) of this section;

(III) The employer has not elected to make reimbursement payments in lieu of premiums; and

(IV) As of the computation date immediately preceding the calendar year for which the premium credit is to be taken, the unexpended and unencumbered surplus balance in the unemployment compensation fund created in section 8-77-101 (1) exceeded one and six-tenths percent of total wages reported by experience-rated employers. Amounts in excess of one and six-tenths percent of total covered wages are considered available for disbursement as part of the premium credit.

(9) Any premium credit remaining to an employer after the first year in which the premium credit is applied is available to the employer in subsequent calendar years.

(10) As used in subsections (8) and (9) of this section, "premium credit" means the dollar amount discount available to eligible employers under the conditions set forth in paragraph (b) of subsection (8) of this section to be applied against premiums due in any given calendar year. For purposes of computing an employer's future rate, any premium credit claimed

by an employer under subsection (8) of this section is disregarded, and the premium that would otherwise be due is deemed paid.

(11) (a) The division shall maintain a separate account for each employer and shall credit the employer's account with all premiums and surcharges paid on the employer's behalf. Nothing in articles 70 to 82 of this title shall be construed to grant any employer or individuals in the employer's service prior claims or rights to the amounts paid by the employer into the fund, either on the employer's behalf or on behalf of such individuals. Benefits paid to an eligible individual shall be charged, in the amount provided in this section, against the accounts of his or her employers in the base period in the inverse chronological order in which the employment of the individual occurred. Benefits paid to a seasonal worker during the normal seasonal periods shall be charged against the account of his or her most recent seasonal employers in the corresponding normal seasonal period of his or her base period in the inverse chronological order in which the seasonal employment of the individual occurred and prior to the charging of benefits based on nonseasonal employment.

(b) The maximum amount charged against the experience rating account of any employer pursuant to paragraph (a) of this subsection (11) may not exceed one-third of the wages paid to an individual by the employer for insured work during the individual's base period, but not more per completed calendar quarter or portion thereof than one-third of the maximum wage credits as computed in section 8-73-104. Nothing in sections 8-76-101 to 8-76-104 shall be construed to limit benefits payable pursuant to sections 8-73-101 to 8-73-106. Notwithstanding section 8-73-108 or any administrative practice that results in fund charging, a reimbursing employer shall bear the cost of all benefits paid to its former employees, with the exception of benefit overpayments. The director of the division, by general rules, shall prescribe the manner in which benefits shall be charged against the accounts of several employers for whom an individual performed employment at the same time.

(c) If, by reason of fraud, mistake, or clerical error, an individual receives benefits in excess of those to which he or she is entitled and the employer's account is charged, the employer's account shall be credited an amount equal to the benefits erroneously charged to the account.

8-76-104. Transfer of experience - assignment of rates - definitions. (1) (a) An employing unit, as defined in section 8-70-113 (1)(f), that becomes an employer because it

acquires all of the organization, trade, or business or substantially all of the assets of one or more employers subject to articles 70 to 82 of this title shall succeed to the entire experience rating record of the predecessor employer, and the entire separate account, including the actual premiums, benefits, and payroll experience of the predecessor employer, shall pass to the successor for the purpose of determining the premium rate for the successor.

(b) If the successor was not an employer prior to the date of acquisition, the successor's rate shall be the rate applicable to the predecessor employer in the period immediately preceding the date of acquisition if there was only one predecessor or if there were multiple predecessors with identical rates. If there were multiple predecessor employers with rates that were not identical, the successor's rate shall be the highest rate applicable to any of the predecessor employers in the period immediately preceding the date of acquisition.

(c) (I) Repealed.

(II) (A) If, at the time of transfer, a person who is not an employer under this section acquires the trade or business of an employer and the division finds that the successor acquired the trade or business solely or primarily for the purpose of obtaining a lower rate of contributions, the unemployment experience of the predecessor employer shall not be transferred to the successor and the division shall assign the successor the applicable new employer rate determined pursuant to section 8-76-102.5 (4).

(B) This subparagraph (II) is effective December 31, 2012.

(2) (a) Notwithstanding any other provision of sections 8-76-101 to 8-76-104, if the successor employer was an employer subject to articles 70 to 82 of this title prior to the date of acquisition and, at the time of the transfer, there is no substantial common ownership, management, or control of the two employers, the successor's premium rate for the remainder of the calendar year shall be the same as the successor's rate in the period immediately preceding the date of acquisition.

(b) If an employer transfers all or a portion of its trade or business to another employer and, at the time of the transfer, there is substantially common ownership, management, or control of the two employers, the unemployment experience attributable to the predecessor employer shall be transferred to the successor employer. The rates of both employers shall be recalculated and made effective immediately upon the date of the transfer of the trade or business. If, following a transfer experience, the division determines that the purpose of the transfer of the trade or business was solely or primarily to obtain a reduced liability for contributions, the division shall combine the experience rating accounts of the employers into a single account and shall assign a single rate to the account.

(c) If an employer transfers all or a portion of its trade or business to another employer and the division finds that the successor acquired the trade or business solely or primarily for the purpose of obtaining a lower rate of contributions, the experience and reserve account attributable to the predecessor employer shall not be transferred to the successor employer and shall revert to the predecessor employer.

(3) (a) Whenever an employer in any manner transfers a clearly segregable unit of the employer's business for which the predecessor employer has maintained, in such form as to be separable, continuous records of wages, premiums, and benefits paid on account of the segregable unit, the predecessor employer and successor employer may jointly request that the division transfer a proportionate share of premium, benefit, and payroll experience attributable to the unit based on the ratio of the chargeable payrolls paid during the twelve calendar quarters

immediately preceding the computation date of the segregable unit to the total employer account prior to the notice to the division of the transfer. A transfer of experience may not be made under this subsection (3) unless the segregable unit has fourteen consecutive quarters of payroll immediately preceding the computation date. If, at the time of the transfer, there is substantially common ownership, management, or control of the two employers, the unemployment experience attributable to the predecessor employer shall be transferred to the successor employer. The rates of both employers shall be recalculated and made effective immediately upon the date of the transfer of the trade or business.

(b) The division may transfer the experience and perform all other acts required by this subsection (3). The proportionate share of the predecessor employer's reserve account attributable to the transferred unit shall pass to the successor employer.

(c) The experience rate established for the predecessor employer for all units of the business shall continue in effect for the remainder of the calendar year in which the transfer is made, and, for succeeding calendar years, it shall be computed on the experience of those units retained.

(d) If the successor was an employer prior to the effective date of the transfer, the experience rate for the calendar year in which the transfer is made shall be the same as that previously established without reference to the acquired segregable unit, and, for succeeding calendar years, it shall be computed on the combined experience of all units of the successor's business.

(e) If the successor was not an employer prior to the effective date of transfer and two or more segregable units are simultaneously transferred to the successor by a single employer, the successor's premium rate shall be computed from the combined premium, benefit, and payroll experience of the units.

(f) If the successor was not an employer prior to the effective date of transfer and two or more segregable units are simultaneously transferred to the successor by different employers, the successor's premium rate shall be the highest rate applicable to any of the units unless the rates with respect to the transferred units are identical.

(g) The transfer of experience with respect to a segregable unit shall be of no force and effect unless an application for the transfer, signed by both the predecessor employer and the successor employer, is filed with the division in the form and manner prescribed by the director by rule. The application shall be filed within sixty days after the notice of employer liability from the division is mailed or transmitted by electronic means to the successor employer. The notice shall contain information pertaining to segregable unit transfers.

(h) Whenever a predecessor employer and a successor employer jointly request that the division transfer the proportionate share of premium, benefit, and payroll experience attributable to a clearly segregable unit to the successor employer, the predecessor employer shall furnish to the division any information requested by the division for such purpose.

(4) (a) In determining whether the trade or business was acquired solely or primarily for the purpose of obtaining a lower rate of contributions, the division shall use objective factors that may include, without limitation, the cost of acquiring the trade or business, whether and for how long the successor continued the business enterprise of the acquired trade or business, and whether a substantial number of new employees were hired for performance of duties unrelated to the business activity conducted prior to the acquisition.

(b) The division may void a rate determination if it finds that a successor has no business existence separate and apart from the predecessor and should not have been established as a separate employer for unemployment compensation purposes. Under the circumstances described in this paragraph (b), the experience and reserve account attributable to the predecessor employer shall not be transferred to the successor employer and shall revert to the predecessor employer.

(5) When determining whether one or more employers have common ownership, management, or control, the division may consider factors such as stock ownership, officers, employees, payroll systems, and common business interests.

(6) The division shall establish procedures to identify the transfer or acquisition of a business or trade for purposes of this section.

(7) Notwithstanding any provision of section 8-70-113 to the contrary, any subject employer whose entire reserve account has been transferred to a successor employer, as provided in subsection (1) of this section, shall immediately cease to be a subject employer and shall thereafter become a subject employer only upon any future employment experience.

(8) A transfer of experience shall not occur when a work-site employer's account is made inactive as a result of entering into a contract with an employee leasing company, as defined in section 8-70-114 (2)(a)(V), or when a contract between a work-site employer and an employee leasing company is terminated unless there is substantial common ownership, management, and control of the work-site employer and the employee leasing company. The existence of an employee leasing arrangement, without other evidence of common control, shall not constitute substantial common ownership, management, and control.

(9) When any part of the predecessor employer's trade or business utilizes the services of ninety percent or more of the total number of employees in covered employment on the payroll for each of the four pay periods immediately preceding the transfer to a successor employer, the entire separate account, including the actual premium, benefit, and payroll experience of the predecessor employer, shall pass to the successor employer for the purpose of the rate of computation of the successor.

(10) (a) If a person knowingly violates or attempts to violate any provision of this section in order to obtain a lower contribution rate, the person shall pay all owed premiums with applicable penalties and interest and may be subject to the penalties set forth in paragraph (c) of this subsection (10).

(b) If a person knowingly advises another person in a way that results in a violation of paragraph (a) of this subsection (10), the person may be subject to the penalties set forth in paragraph (c) of this subsection (10).

(c) If the person who violates this section as described in paragraph (a) or (b) of this subsection (10) is an employer, the division may assign the employer the highest contribution rate assignable under this article for the rate year during which the violation or attempted violation occurred and the next three years. If, during the rate year in which a violation occurs, the subject employer was assigned the highest contribution rate, or the amount of the rate increase would be less than two and seven-tenths percent for the rate year, the division may impose a penalty contribution rate of two and seven-tenths percent of chargeable wages for that rate year and the next three years. If the person is not an employer, the person may be subject to a civil fine of not more than five thousand dollars, which shall be deposited in the unemployment revenue fund created in section 8-77-106.

(d) In addition to any penalty imposed pursuant to subsections (10)(a), (10)(b), and (10)(c) of this section, any violation of this section may be prosecuted as a class 2 misdemeanor pursuant to section 18-1.3-501.

(11) As used in this section, unless the context otherwise requires:

(a) "Knowingly" or "willfully" means being aware that one's conduct is practically certain to cause the result or having reckless disregard for the prohibition involved.

(b) "Person" means any individual, trust, estate, partnership, association, company, corporation, joint venture, limited liability company, or other legal or commercial entity.

(c) "Trade" or "business" includes an employer's work force.

(a) Such employing unit was not an employer as defined in the introductory portion to section 8-70-113 (1) and section 8-70-113 (1)(g);

(b) Such employing unit was not liable by having elected to become liable during such year; or

(1) An employing unit, not otherwise subject to articles 70 to 82 of this title, which files with the division its written election to become an employer subject hereto for not less than two calendar years, with the written approval of such election by the division, shall become an employer subject hereto to the same extent as all other employers, as of the date stated in such approval, and shall cease to be subject hereto as of January first of any calendar year subsequent to such two calendar years, only if such employing unit has filed with the division a written application for termination as provided in subsection (2) of this section.

(2) Any employing unit for which services that do not constitute employment are performed may file with the division a written election that all such services performed by individuals in its employ in one or more distinct establishments or places of business shall be deemed to constitute employment for all the purposes of articles 70 to 82 of this title for not less than two calendar years. Upon the written approval of such election by the division, such

services shall be deemed to constitute employment subject to articles 70 to 82 of this title from and after the date stated in such approval. Such services shall cease to be deemed employment subject hereto as of January 1 of any calendar year subsequent to such two calendar years, only if such employing unit has filed with the division a written application for termination as provided in this section.

8-76-108. Coverage by political subdivisions. (1) (a) Political subdivisions are covered employers if employees employed by such political subdivisions perform services in employment as defined by section 8-70-119. Such political subdivisions may elect to pay premiums in lieu of reimbursements. Any political subdivision that makes reimbursement shall not be liable to make such payments with respect to the benefits paid to any individual whose base period wages include wages for previously uncovered services as defined in section 8-70-141 (1)(d) to the extent that the unemployment compensation fund is reimbursed for such benefits pursuant to section 121 of Public Law 94-566.

(b) Repealed.

(c) The amounts required to be paid in lieu of premiums by any political subdivision under this section shall be billed and payment made as provided in section 8-76-110 (3) with respect to similar payments by nonprofit organizations.

(d) An election by a contributing political subdivision to become a reimbursing employer or an election by a reimbursing political subdivision to become a contributing employer may be made by filing with the division written notice, in such form and manner as the director of the division may prescribe by rule, not later than March 1 of the calendar year in which the election is to be effective. (e) Political subdivisions or their instrumentalities that are liable for payments in lieu of premiums shall pay to the division for the unemployment compensation fund the full amount of all regular and extended benefits paid that are attributable to service in their employ. Political subdivisions or their instrumentalities that have elected to pay premiums as permitted by this section shall have their accounts charged with the full amount of all regular and extended benefits that are attributable to service in their employ.

8-76-109. Payments in lieu of premiums by state hospitals and state institutions of higher education. State hospitals and state institutions of higher education as defined in section 8-70-103 (14) and (15) may elect to make reimbursements in lieu of premiums as provided for nonprofit organizations in section 8-76-110 (1) to (3) and (5).

8-76-110. Financing benefits paid to employees of nonprofit organizations. (1) Benefits paid to employees of nonprofit organizations shall be financed in accordance with the provisions of this section. For the purpose of this section, a nonprofit organization is an organization or group of organizations described in section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, which are exempt from income tax under section 501 (a) of such code.

(2) **Liability for premiums and election of reimbursement.** (a) Any nonprofit organization that, pursuant to section 8-70-113 (1)(c), is or becomes subject to articles 70 to 82 of this title shall pay premiums under the provisions of section 8-76-101, unless it elects, in accordance with this subsection (2), to pay to the division for the unemployment compensation fund an amount equal to the amount of regular benefits and one-half of the extended benefits paid, that is attributable to service in the employ of such nonprofit organization, to individuals for weeks of unemployment that begin during the effective period of such election.

(b) (Deleted by amendment, L. 2009, (HB 09-1363), ch. 363, p. 1897, § 18, effective July 1, 2009.)

(c) Any nonprofit organization that becomes subject to articles 70 to 82 of this title may elect to become liable for payments in lieu of premiums for a period of not less than the calendar year within which such subjection begins by filing a written notice of its election with the division not later than thirty days immediately following the date of the determination of such subjection. Any nonprofit organization that elects to make payments in lieu of premiums into the unemployment compensation fund as provided in this paragraph (c) shall not be liable to make such payments with respect to the benefits paid to any individual whose base period wages include wages for previously uncovered services as defined in section 8-70-141 (1)(d) to the extent that the unemployment compensation fund is reimbursed for such benefits pursuant to section 121 of Public Law 94-566.

(d) (Deleted by amendment, L. 2009, (HB 09-1363), ch. 363, p.1897, § 18, effective July 1, 2009.)

(e) Any nonprofit organization that makes an election in accordance with paragraph (c) of this subsection (2) will continue to be liable for payments in lieu of premiums until it files with the division a written notice terminating its election not later than thirty days prior to the beginning of the calendar year for which such termination is first effective.

(f) Any nonprofit organization that pays premiums under articles 70 to 82 of this title may change to a reimbursing basis by filing with the division not later than thirty days prior to the beginning of any calendar year a written notice of election to become liable for payments in lieu of premiums. Such election shall not be terminable by the organization for that and the next year. Any organization making such an election remains liable for the payment of all charges to its account and all premiums and surcharges due the division, and past due premiums and surcharges are subject to all interest and penalties as provided in articles 70 to 82 of this title.

(g) The division may for good cause extend the period within which a notice of election, or a notice of termination, must be filed and may permit an election to be retroactive.

(h) The division, in accordance with such rules as it may prescribe, shall notify each nonprofit organization of any determination that it may make of the status of the organization as an employer and of the effective date of any election and of any termination of such election.

(i) Notwithstanding any other provisions of articles 70 to 82 of this title, any nonprofit organization that, prior to January 1, 1969, paid premiums required by articles 70 to 82 of this title and that elects, pursuant to paragraph (d) of this subsection (2) as it existed prior to its repeal in 2009, to make payments in lieu of premiums shall not be required to make any such payment on account of any regular or extended benefits paid and attributable to wages paid for service performed in its employ for weeks of unemployment that begin on or after the effective date of such election until the total amount of such benefits equals the amount by which the premiums paid by such organization with respect to a period before such election exceed benefits paid for the same period and charged to the experience rating account of such organization, as of the effective date of such election.

(3) **Reimbursement payments.** (a) Payments in lieu of premiums shall be made in accordance with the provisions of this subsection (3).

(b) At the end of each calendar quarter, the division shall bill each nonprofit organization, or group of such organizations, that has elected to make payments in lieu of premiums for an amount equal to the full amount of regular benefits plus one-half of the amount of extended benefits paid during such quarter or other prescribed period that is attributable to service in the employ of such organization.

(c) Payment of any bill rendered under paragraph (b) of this subsection (3) shall be made not later than thirty days after such bill was mailed to the last-known address of the nonprofit organization or was otherwise delivered to it, unless there has been an application for review and redetermination in accordance with paragraph (e) of this subsection (3).

(d) Payments made by any nonprofit organization under the provisions of this subsection (3) shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization.

(e) The amount due specified in any bill from the division shall be conclusive on the organization unless, not later than fifteen days after the bill was mailed to its last-known address or otherwise delivered to it, the organization files an application for redetermination by the

division setting forth the grounds for such application. The division shall promptly review and reconsider the items specified and shall thereafter issue a redetermination in any case in which such application for redetermination has been filed. The amount due on the specified items in such redetermination shall become due and payable not later than thirty days following the date of mailing of the redetermination. All other charges specified on the original bill are due and payable within thirty days as provided by paragraph (c) of this subsection (3).

(f) Past-due payments of amounts in lieu of premiums shall be subject to the same interest and penalties that, pursuant to sections 8-79-101 and 8-79-104, apply to past-due premiums and surcharges.

(4) Provision of bond or other security. (a) In the discretion of the division, any nonprofit organization that elects to become liable for payments in lieu of premiums shall be required, within fifteen days after the effective date of its election, to execute and file with the division a surety bond approved by the division, or it may elect instead to deposit with the division money or securities. The amount of such bond or deposit shall be determined in accordance with the provisions of this subsection (4).

(b) The amount of bond or deposit required by this subsection (4) shall be equal to three times the sum of the amount of regular benefits plus one-half the extended benefits paid, if any, that are attributable to service in the employ of the nonprofit organization during the previous calendar year or the sum of said payments during the three previous calendar years, whichever is greater, but shall not exceed three and six-tenths percent nor be less than one-tenth of one percent of the total covered payroll of such organization for the preceding calendar year. If the employer has not been subject to articles 70 to 82 of this title for a sufficient period of time to acquire three calendar years' experience, then the bond shall be an amount computed by multiplying the total covered payroll for the previous calendar year, or the equivalent thereof, by two and seven-tenths percent. Any organization that, under the provisions of paragraph (i) of subsection (2) of this section, is not required to make payments in lieu of premiums will not be required to file a surety bond or make a surety deposit with the division as provided in this paragraph (b) until such time as said organization is required to make payments in lieu of premiums.

(c) Any bond deposited under this subsection (4) shall be in force for a period of not less than two calendar years and shall be renewed with the approval of the division, at such times as the division may prescribe, but not less frequently than at two-year intervals as long as the organization continues to be liable for payments in lieu of premiums. The division shall require such adjustments to be made in a previously filed bond as it deems appropriate. If the bond is to be increased, the adjusted bond shall be filed by the organization within fifteen days after the date notice of the required adjustment was mailed or otherwise delivered to it. Failure by any organization covered by such bond to pay the full amount of payments in lieu of premiums when due, together with any applicable interest and penalties provided for in paragraph (f) of subsection (3) of this section, shall render the surety liable on said bond to the extent of the bond, as though the surety were such organization.

(d) Any deposit of money or securities in accordance with this subsection (4) shall be retained by the division in an escrow account until liability under the election is terminated, at which time it shall be returned to the organization, less any deductions as provided in this subsection (4). The division may deduct from the money deposited under this paragraph (d) by a nonprofit organization or sell the securities a nonprofit organization has so deposited to the

extent necessary to satisfy any due and unpaid payments in lieu of premiums and any applicable interest and penalties provided for in paragraph (f) of subsection (3) of this section. The division shall require the organization, within fifteen days following any deduction from a money deposit or sale of deposited securities under the provisions of this paragraph (d), to deposit sufficient additional money or securities to make whole the organization's deposit at the prior level. Any cash remaining from the sale of such securities shall be a part of the organization's escrow account. The division may, at any time, review the adequacy of the deposit made by any organization. If, as a result of such review, the division determines that an adjustment is necessary, it shall require the organization to make an additional deposit within fifteen days after written notice of its determination or shall return to it such portion of the deposit as it no longer considers necessary, whichever action is appropriate. Disposition of income from securities held in escrow shall be governed by the applicable provisions of state law.

(e) If any nonprofit organization fails to file a bond or make a deposit, or to file a bond in an increased amount or to increase or make whole the amount of a previously made deposit, as provided under this subsection (4), the division may terminate the organization's election to make payments in lieu of premiums, and the termination shall continue for not less than the four-consecutive-calendar-quarter period beginning with the quarter in which the termination becomes effective, but the division may, for good cause, extend the applicable filing, deposit, or adjustment period by not more than fifteen days.

(f) If any nonprofit organization is delinquent in making payments in lieu of premiums as required under subsection (2) of this section, the division may terminate the organization's election to make payments in lieu of premiums as of the beginning of the next calendar year, and the termination shall be effective for that and the next calendar year.

(5) **Allocation of benefit costs.** (a) A political subdivision that is liable for payments in lieu of premiums shall pay to the division for the unemployment compensation fund the full amount of all regular and extended benefits paid that are attributable to service in the employ of such employer. A nonprofit organization liable for payments in lieu of premiums shall pay to the division for the unemployment compensation fund the amount of regular benefits plus the amount of one-half of extended benefits paid that are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one employer and one or more of such employers are liable for payments in lieu of premiums, the amount payable to the fund by each employer that is liable for such payments shall be determined in accordance with the provisions of paragraph (b) or (c) of this subsection (5).

(b) If benefits paid to an individual are based on wages paid by one or more employers that are liable for payments in lieu of premiums and on wages paid by one or more employers that are liable for premiums, the amount of benefits payable by each employer that is liable for payments in lieu of premiums shall be an amount that bears the same ratio to the total benefits paid to the individual as the total base period wages paid to the individual by such employer bear to the total base period wages paid to the individual by all of his or her base period employers.

(c) If benefits paid to an individual are based on wages paid by two or more employers that are liable for payments in lieu of premiums, the amount of benefits payable by each such employer shall be an amount that bears the same ratio to the total benefits paid to the individual as the total base period wages paid to the individual by such employer bear to the total base period wages paid to the individual by all of his or her base period employers.

(6) **Group accounts.** Two or more employers that are liable for payments in lieu of premiums, in accordance with the provisions of subsection (2) of this section and sections 8-76-108 and 8-76-109, may file a joint application with the division for the establishment of a group account for the purpose of sharing the cost of benefits paid that are attributable to service in the employ of such employers. Each application shall identify and authorize a group representative to act as the group's agent for the purposes of this subsection (6). Upon its approval of the application, the division shall establish a group account for the employers effective as of the beginning of the calendar quarter in which it receives the application and shall notify the group's representative of the effective date of the account. The account shall remain in effect for not less than two years and thereafter until terminated at the discretion of the division or upon application by the group. Upon establishment of the account, each member of the group shall be liable for payments in lieu of premiums with respect to each calendar quarter in the amount that bears the same ratio to the total benefits paid in that quarter that are attributable to service performed in the employ of all members of the group as the total wages paid for service in employment by the member in that quarter bear to the total wages paid during that quarter for service performed in the employ of all members of the group. The division shall prescribe rules as necessary with respect to applications for establishment, maintenance, and termination of group accounts that are authorized by this subsection (6); for addition of new members to, and withdrawal of active members from, such accounts; and for the determination of the amounts that are payable under this subsection (6) by members of the group and the time and manner of such payments.

(7) Repealed.

(8) For the purposes of this section, applications, filings, and notices of election shall be filed in such form and manner as the director of the division may prescribe by rule, including in person, by mail, by telephone, or by electronic means.

8-76-111. Coverage of state employees. (1) (a) The state of Colorado hereby elects, effective January 1, 1976, with respect to all services performed in the employ of this state or any branch or department thereof or any instrumentality thereof which is not otherwise an employer subject to this title, to become a reimbursing employer subject to this title, and all services performed in the employ of this state or any branch or department or instrumentality thereof shall constitute employment. This election does not apply to political subdivisions of this state.

(b) Repealed.

(2) As used in this section, prior to January 1, 1978, "services performed in the employ of this state" means employment in the state personnel system of this state as defined in section

8-76-115. Coverage of Indian tribes. (1) Indian tribes or tribal units, including all subdivisions or subsidiaries of, and business enterprises wholly owned by, such Indian tribes, subject to the provisions of articles 70 to 82 of this title shall pay premiums and surcharges under the same terms and conditions under sections 8-76-101 and 8-76-102.5 as apply to other premium-paying employers unless an election is made, in the same manner provided in section 8-76-108 (1)(d), to make payments in lieu of premiums into the unemployment compensation fund in amounts equal to the amount of benefits attributable to service in the employ of the Indian tribe.

(2) Indian tribes shall determine if payments in lieu of premiums will be elected by the tribe as a whole, by individual tribal units, or by combinations of individual tribal units. Two or more individual tribal units may apply with the division for the establishment of a group account in the same manner and subject to the same terms as set forth in section 8-76-110 (6).

(3) Indian tribes or tribal units electing to make payments in lieu of premiums shall be billed for the full amount of benefits attributable to service in the employ of said Indian tribes or tribal units, and payment shall be made with respect to said billings in the manner provided in section 8-76-108 (1)(c).

(4) The division may require any Indian tribe or tribal unit that elects to become liable for payments in lieu of premiums to execute and file with the division a surety bond or to deposit money or securities in the manner provided in section 8-76-110 (4).

(5) (a) Failure of the Indian tribe or tribal unit to make required payments pursuant to subsection (3) of this section, to pay premiums pursuant to sections 8-76-101 and 8-76-102.5, to pay assessments of interest and penalties pursuant to sections 8-79-101 and 8-79-104, or to execute and file a surety bond or deposit money or other security pursuant to section 8-76-110 (4) within ninety days after receipt of a delinquency notice by the division shall cause the Indian tribe to lose the option to make payments in lieu of premiums effective with the beginning of the following calendar year unless a division-approved payment plan is established or payment in full is received within the ninety-day period.

(b) The division shall notify the United States internal revenue service and the United States department of labor of failures by the Indian tribe or tribal unit to comply with this subsection (5).

(6) Any Indian tribe that loses the option to make payments in lieu of premiums due to late payment or nonpayment, as described in subsection (5) of this section, shall have such option reinstated effective with the beginning of the following calendar year if, by March 1 of said year, all contributions have been timely made and no premiums or surcharges, payments in lieu of premiums for benefits paid, penalties, or interest remain outstanding.

(7) (a) Failure of the Indian tribe or any tribal unit thereof to make any payment required by subsection (5) of this section, after all collection activities deemed necessary by the division have been exhausted, shall cause services performed for such tribe to not be treated as "employment" for purposes of section 8-70-125.5.

(b) The division may determine that any Indian tribe that loses coverage under the provisions of this subsection (7) may have services performed for such tribe again included as "employment" for purposes of section 8-70-125.5 if all premiums and surcharges, payments in

lieu of premiums, penalties and interest, or surety bond or payment of other money or security have been paid.

(8) Notices of payment and reporting delinquency to Indian tribes or their tribal units shall include information stating that failure to make full payment within the prescribed time period:

(a) Shall cause the Indian tribe to be liable for taxes under the "Federal Unemployment Tax Act", 26 U.S.C. sec. 3301 et seq.;

(b) Shall cause the Indian tribe to lose the option to make payments in lieu of premiums; and

(c) May cause the Indian tribe to be excepted from the definition of "employer" as provided in section 8-70-113 (1)(k) and may cause services in the employ of the Indian tribe, as provided in section 8-70-125.5, to be excepted from "employment".

(9) Extended benefits paid that are attributable to service in the employ of an Indian tribe and not reimbursed by the federal government shall be financed in their entirety by such Indian tribe in the manner provided in section 8-76-108 (1)(e).

8-76-116. Power to levy bond assessments - definition. (1) As used in this section, "fund" means the unemployment compensation fund created in section 8-77-101 (1).

(2) Upon receiving the certifications specified in section 8-71-103 (2), the division, in addition to the other powers granted by articles 70 to 82 of this title 8, has power to levy certain bond assessments as follows:

(a) All bonds and notes issued pursuant to this section are limited obligations of the division, payable solely from revenues generated through the levy by the authority of a bond assessment against each employer, as defined in section 8-70-113, subject to an experience rating under articles 70 to 82 of this title 8, in an aggregate amount sufficient to satisfy subsection (2)(c) of this section or from revenues generated through the levy by the division of a bond assessment under section 8-71-103 (2)(d); from payments from the division or money applied by the division under section 8-77-101 (1); from proceeds derived from the sale of bonds and notes issued under this section and from the earnings on those proceeds; and from all money and securities in all special accounts created by and under the control of the division under this section. The division shall collect and administer the bond assessment in substantially the same manner as other employer premiums and surcharges required under articles 70 to 82 of this title 8. Subject to articles 70 to 82 of this title 8, the assessment does not apply to the covered employers of the state and local governments, to those nonprofit organizations that are reimbursable employers, or to political subdivisions electing the special rate.

(b) The division may deposit all or any portion of money collected from assessments for principal-related bond repayment costs into the fund. The portion of these revenues deposited into the fund constitutes part of each employer's unemployment insurance contributions, and the division shall pay amounts from these revenues for the repayment of the principal of bonds issued under this section or section 8-71-103 (2)(d).

(c) The levy must be at a rate or rates that, when applied against the taxable wages of those employers subject to the bond assessment, will produce an amount sufficient to pay all costs associated with or otherwise relating to bonds and notes issued pursuant to this subsection (2), including the principal of, and interest and premium, if any, on, the bonds and notes, the costs of bond issuance and administration, other related fees and costs of the division, and reserves therefor;

(d) Employers shall submit bond assessments described in this subsection (2) associated with nonprincipal-related bond repayment costs in a different manner than the employer's normal premiums and surcharges paid under articles 70 to 82 of this title 8, as determined by the division, and the assessments are a lien upon the real and personal property of an employer in the manner and to the extent set forth in section 8-79-103. The division shall deposit the assessments into the unemployment bond repayment account created in section 8-77-103.5, and shall, after offsetting the division's costs for collecting and administering the bond assessments, use this money only for payment from time to time to one or more special accounts created by and under the control of the issuer of the bonds. The issuer of the bonds shall use all money accruing in a special account only to pay nonprincipal-related bond repayment costs described in subsection (2)(c) of this section, and the issuer of the bonds shall pay any money remaining in such an account and not be required to pay nonprincipal-related bond repayment costs to the division for deposit in the fund.

(e) Employers shall submit bond assessments described in this subsection (2) associated with principal-related bond repayment costs in the same manner as the employer's normal premiums and surcharges paid under articles 70 to 82 of this title 8, and the assessments are a lien upon the real and personal property of an employer in the manner and to the extent set forth in section 8-79-103. The division may deposit all or any portion of the assessments into the fund. The portion of the assessments deposited into the fund constitutes part of each employer's unemployment insurance contributions. Bond assessments described in this subsection (2) associated with principal-related bond repayment costs are available for payment from time to time to one or more special accounts created by and under the control of the issuer of the bonds. All money accruing in a special account for principal-related bond repayment costs can be used by the issuer of the bonds only to pay the principal costs of the bonds.

(3) The division shall not issue its bonds and notes until the monthly balance in the fund is equal to or less than nine-tenths of one percent of the total wages reported by ratable employers for the calendar year, or the most recent available four consecutive quarters prior to the last computation date, and the governor, the state treasurer, and the executive director of the department of labor and employment have each certified in writing to the division:

(a) That other funding alternatives to the issuance of bonds and notes have been considered and that the issuance of such bonds and notes is the most cost-effective means for the division to maintain adequate balances in the fund or to repay money advanced to the state pursuant to 42 U.S.C. sec. 1321;

(b) The amount of money required to maintain adequate balances in the fund or to repay money advanced to the state pursuant to 42 U.S.C. sec. 1321, or both;

(c) The amount of bonds and notes required for the purposes described in subsection (2) of this section; and

(d) The bond assessment rate or rates, or a formula or other procedure for determining such rate or rates, that will produce an amount sufficient, together with any other money available or expected to be available, to pay all costs associated with or otherwise relating to bonds and notes issued pursuant to subsection (2) of this section, including the principal of, and interest and premium, if any, on, the bonds and notes, the costs of bond issuance and administration, and any other related fees and costs of the division, and reserves therefor.

8-77-101.5. CARES act funds - administration - transfer - unemployment compensation fund - legislative declaration. (1) The general assembly finds that:

(a) On March 27, 2020, the federal government enacted the "Coronavirus Aid, Relief, and Economic Security Act" ("CARES Act"), Pub.L. 116-136, pursuant to which Colorado received approximately one billion six hundred seventy-four million dollars from the federal coronavirus relief fund to use for necessary expenditures incurred due to the current COVID-19 public health emergency;

(b) The public health emergency caused by COVID-19 caused a historic increase in unemployment in the state and this has caused a dramatic increase in the number of claims for benefits from the unemployment compensation fund created in section 8-77-101;

(c) As a result, it is estimated that the unemployment compensation fund, created in section 8-77-101, will have a deficit of approximately two billion dollars by the end of fiscal year 2020-21;

(d) These costs will not be reimbursed by the federal government, nor are they accounted for in the budget approved as of March 27, 2020;

(e) The United States department of treasury has stated that payments to the state unemployment compensation fund, created in section 8-77-101, are an allowable use of the money from the federal coronavirus relief fund, under section 42 U.S.C. sec. 801 (d); and

(f) The transfer of money from the "CARES Act" to the state unemployment compensation fund, created in section 8-77-101, is a necessary expenditure incurred due to the public health emergency with respect to COVID-19.

(2) If, as of December 30, 2020, there is any unexpended money that the state received through section 42 U.S.C. sec. 801 (d) of the "CARES Act", then just prior to the close of business on December 30, 2020, the state treasurer shall transfer the unexpended amount of federal funds to the unemployment compensation fund created in section 8-77-101.

(1) The division or its agent shall collect or receive all premiums, surcharges, payments in lieu of premiums, fines, and penalties provided for in articles 70 to 82 of this title, all interest on delinquent premiums and surcharges provided for in section 8-79-101, and all other moneys accruing to the fund from the federal government or any other source whatsoever and shall transmit all such moneys to the state treasurer, who shall cause the same to be deposited in a clearing account in his or her name in a state or national bank doing business in this state.

(2) Repealed.

(3) As instructed by the division, the state treasurer shall transfer from the clearing account to the employment security administration fund all amounts received pursuant to the provisions of section 8-72-110 (5). (4) All amounts remaining in the clearing account after payment of refunds and the transfers provided for in subsection (3) of this section shall be paid to the secretary of the treasury of the United States for credit to the account of the state of Colorado in the federal unemployment trust fund established and maintained pursuant to section 904 of the federal "Social Security Act", as amended.

8-77-103. Advances from federal unemployment trust fund - Title XII repayment fund. (1) The division may apply for advances to the state of Colorado from its account in the federal unemployment trust fund and accept responsibility for repayment of advances in accordance with the conditions specified in Title XII of the "Social Security Act", as amended, in order to secure to this state the advantages available under the federal act.

(2) (a) Advances from the federal unemployment trust fund which are interest-bearing shall have such interest cost together with all associated administrative costs assessed against each employer subject to experience rating. This interest assessment shall not apply to the covered employers of state and local government nor to those nonprofit organizations that are reimbursable. This interest assessment shall not apply to the political subdivisions electing the special rate.

(a.1) The interest cost assessment provided for in paragraph (a) of this subsection (2) shall not apply to any employer whose benefit-charge account balance is zero or to any employer with a positive excess of plus seven percent or more.

(b) Using the most recently available data to the division, the total covered wages of all employers subject to the interest assessment, as found for the calendar quarter nearest to the quarter in which a trust fund deficit occurred, shall be summed. This sum shall be divided into the amount of interest due on the advance. The percent resulting from this calculation shall contain four significant figures. The percent shall be applied by the employer to the total covered wages reported on the next contribution report received or that contribution report indicated in the notification of the percent sent to the employer by the division. The amount resulting shall be submitted in the same manner as normal contributions, but as a separate payment, to the division. Each interest-bearing advance may be treated separately.

(c) The amounts received as a result of paragraph (b) of this subsection (2) shall be segregated and collected in the federal advance interest repayment fund.

(3) (a) The Title XII repayment fund, referred to in this subsection (3) as the "fund", is hereby created in the state treasury. The fund consists of money transferred by the state treasurer pursuant to section 24-75-227 (3.7) and any other money that the general assembly may appropriate or transfer to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(c) Money in the fund is continuously appropriated to the division to repay federal advances received pursuant to this section, any costs associated with bonds or notes issued pursuant to section 8-71-103 or 8-77-103.5, and any interest owing on federal advances, bonds, or notes, as permitted by the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended, and by any other applicable federal law.

(d) The repayment of federal advances, and interest on such advances, is an allowable use of the money received by the state under the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as specified in 31 CFR 35.6 (b)(3)(ii)(A)(10)(i) and 31 CFR 35.6 (b)(3)(ii)(A)(10)(ii).

(e) The division shall comply with the compliance, reporting, record-keeping, and program evaluation requirements established by the office of state planning and budgeting and the state controller in accordance with section 24-75-226 (5).

Such expenditures shall not be subject to any provisions of law requiring specific appropriations for payment thereof.

(2) From time to time the division shall requisition from such account such amounts as it deems necessary to provide for payment of benefits for a reasonable future period of time. Upon receipt of such requisitioned amounts, the state treasurer shall cause the same to be deposited in an account in the name of the division in some state or national bank doing business in this state.

If such unemployment trust fund ceases to exist, or such separate book account is no longer maintained, all moneys, properties, or securities therein belonging to the unemployment compensation fund of this state shall be transferred to the treasurer of the unemployment compensation fund, who shall hold, invest, transfer, sell, deposit, and release such moneys, properties, or securities in a manner approved by the director of the division in accordance with provisions of articles 70 to 82 of this title. 8-78-104. Reimbursement of fund. If any money received in the employment security administration fund, which is not a part of this state's share of the excess remaining in the federal unemployment account on July first of any fiscal year, is found by the secretary of labor, because of any action or contingency, to have been lost or to have been expended for purposes other than, or in amounts in excess of, those found necessary by the secretary of labor for the proper administration of the employment security program, it is the policy of this state that such money shall be replaced by money appropriated for such purpose from the general funds of this state to the employment security administration fund for expenditures as provided in section 8-78-103 or by those funds which constitute this state's share of the excess remaining in the federal unemployment account on July first of any fiscal year. Upon receipt of such a finding by the secretary of labor, the division shall promptly report the amount required for such replacement to the governor, and the governor, at the earliest opportunity, shall submit to the general assembly a request for the appropriation of such amount.

8-79-102. Collection of premiums and surcharges, benefit overpayments, penalties, and interest - rules. (1) The division shall institute such practices and procedures as it deems necessary to collect any money due the division in the form of delinquent premiums, surcharges, or overpaid benefits, including all penalties and interest thereon. In the case of overpaid benefits, the division may, in addition to instituting collection procedures, withhold subsequent benefit payments to which the claimant is or becomes entitled and apply the amount withheld as an offset against the overpayment. However, any amount withheld shall not exceed twenty-five percent of a claimant's benefit payments except in those cases where overpayments have occurred on an established current claim or as a result of false representation or willful failure to disclose a material fact.

(2) Repealed.

(3) If, after due notice, any employer or claimant defaults in any payment of premiums or surcharges, the repayment of overpaid benefits, or the payment of any interest or penalties thereon, the amount due may be collected by civil action, which shall include the right of attachment in the name of the division. Court costs shall not be charged to the division, but any employer or claimant against whom judgment is taken shall be charged with all costs of such action. All costs collected by the division shall be paid into the registry of the court.

(4) The collection efforts of the division shall be in accordance with subsection (1) of this section; except that, in instances involving willful violation of any provision of articles 70 to 82 of this title, or if deemed appropriate by the director of the division, the division may seek relief under subsection (3) of this section.

(5) (a) Notwithstanding any other provision of this title, the division shall charge an employer's account for an improper payment from the unemployment compensation fund if the division determines that:

(I) The payment was made because the employer, or an agent of the employer, was at fault for failing to respond timely or adequately to the request of the division for information relating to the claim for compensation; and

(II) The employer or agent has established a pattern of failing to respond timely or adequately to such requests.

(b) The division shall promulgate rules to specify what factors and frequency constitute a pattern of failing to respond timely or adequately for purposes of enforcing this subsection (5).

8-79-103. Premiums, surcharges, and assessments a lien on property. (1) The premiums and surcharges imposed by sections 8-76-101 to 8-76-104 and any assessments imposed pursuant to section 29-4-710.7, C.R.S., shall be a first and prior lien upon the real and personal property of any employer subject to articles 70 to 82 of this title, except as to the lien of general property taxes and except as to valid liens existing at the time of the filing of the notice provided for in section 8-79-105, and shall take precedence over all other liens or claims of whatsoever kind or nature. Any employer that sells, assigns, transfers, conveys, loses by foreclosure of a subsequent lien, or otherwise disposes of its business, or any part thereof, shall file with the division such reports as the director of the division, by rule, may prescribe within ten days after the date of any such transaction. The employer's successor shall be required to withhold from the purchase money an amount of money sufficient to cover the amount of premiums or surcharges and assessments due and unpaid until such time as the former owner produces a receipt from the division showing that the premiums, surcharges, or assessments have been paid or a certificate that no premiums, surcharges, or assessments are due. Any successor that fails to comply with this subsection (1) shall be personally liable for the payment of any premiums, surcharges, or assessments due and unpaid.

(2) When the business or property of any employer is placed in receivership, seized under distraint for property taxes, or assigned for the benefit of creditors, all premiums, surcharges, assessments, penalties, and interest imposed by articles 70 to 82 of this title and section 29-4-710.7, C.R.S., shall be a prior and preferred claim against all of the property of said employer, except as to the lien of general property taxes, and as to valid liens existing at the time of the filing of the notice provided for in section 8-79-105, and as to claims for wages of not

more than two hundred fifty dollars to each claimant earned within six months after the commencement of the proceeding. No sheriff, receiver, assignee, or other officer shall sell the property of any employer under process or order of court in such cases without first ascertaining from the division the amount of any premiums, surcharges, or assessments due and payable under articles 70 to 82 of this title and section 29-4-710.7, C.R.S. If any premiums, surcharges, or assessments are due, owing, and unpaid, it is the duty of such sheriff, receiver, assignee, or other officer to first pay the outstanding amount of premiums, surcharges, or assessments out of the proceeds of the sale before making payment of any moneys to any judgment creditor or other claims of whatsoever kind or nature, except the costs of the proceedings. In the event of an employer's being subject to an order for relief, judicially confirmed extension proposal, or composition under the federal bankruptcy code of 1978, title 11 of the United States Code, premiums, surcharges, or assessments then or thereafter due shall be entitled to such priority as is provided in section 507 of that code for taxes due the state of Colorado.

8-79-104. Failure to file true report - penalty.

(1) (a) (I) Repealed.

(II) (A) It is the responsibility of each employer subject to articles 70 to 82 of this title 8 to file true and accurate reports, whether or not premiums or surcharges are due, and to pay all premiums and surcharges when due. Whenever an employer fails to furnish wage reports required by the division by the due date, the division shall assess against the employer a penalty of fifty dollars for each occurrence; except that an "employer newly subject" as defined by section 8-76-102.5 (4) shall be assessed a penalty of ten dollars for each occurrence during the first four quarters of coverage. Each subsequent quarter in which the employer continues the failure to file the wage reports shall be considered a separate occurrence. Penalties collected by the division pursuant to this subsection (1)(a)(II)(A) shall be paid into the unemployment revenue fund.

(B) This subparagraph (II) is effective December 31, 2012.

(b) If any employer fails or neglects to make and file such reports, as required by articles 70 to 82 of this title or by the rules of the division pursuant thereto, or willfully makes a false or fraudulent report, the division may make an assessment of the premiums or surcharges due from its own knowledge and from such information as it can obtain through testimony or otherwise.

(c) An employer who is delinquent in paying premiums or surcharges on the computation date shall have a penalty assessed by the division. The amount of the penalty shall be the amount of delinquent premiums or surcharges; except that the penalty shall not exceed an amount equal to one percent of the employer's chargeable wages paid that were subject to unemployment insurance in the preceding calendar year. The amount of the penalty for an employer that was not subject to the provisions of articles 70 to 82 of this title in the preceding calendar year shall be the amount of delinquent premiums or surcharges. Such penalty shall be in addition to any payments and interest due under articles 70 to 82 of this title. The penalty shall

be payable in four quarterly installments during the current calendar year and shall be remitted to the division with the employer's quarterly report. Penalties collected by the division pursuant to this paragraph (c) shall be paid into the unemployment revenue fund.

(d) Any penalty imposed pursuant to this subsection (1) shall be waived if good cause is shown for failing to pay the premiums or surcharges or to make wage reports, as prescribed by rule of the division. Penalties under this subsection (1) that are unpaid on the date on which they are due shall bear interest at the same rate and in the same manner as unpaid premiums and surcharges under articles 70 to 82 of this title 8. The provisions of section 13-80-108 (9) shall be used for determining when an offense is committed for the purposes of this subsection (1).

(2) Any assessment so made and certified by the division shall be prima facie good and sufficient for all legal purposes. Notice and demand for premiums or surcharges plus any interest and penalties imposed by articles 70 to 82 of this title shall be made upon forms as prescribed by the division, and the notice and demand shall become final fourteen calendar days after the date of delivery of the notice and demand to the employer in person or after the date of the transmittal by electronic means or by registered mail to the employer's last-known address or place of business. The employer may file a request for review or modification of the assessment with the division within the fourteen days in the manner and form prescribed by the division. The division, on the basis of evidence submitted by the employer disclosing the correct amount of premiums or surcharges, may amend or otherwise modify its previous assessments.

8-79-105. Levy on property - sale. (1) If any premiums, surcharges, penalties, or interest imposed by articles 70 to 82 of this title, as shown by reports filed by the employer or as shown by assessment duly made as provided in section 8-79-104 or 8-79-107, are not paid within five days after they are due and demand is made therefor, the division may issue a notice setting forth the name of the employer, the amount of the premiums, surcharges, penalties, and interest, the date of the accrual thereof, and a statement that the division claims a first and prior lien therefor, except as provided in this article. Such notice shall be on forms prepared by the division and shall be verified by any duly qualified representative of the division and may be filed or recorded in the office of the county clerk and recorder of any county in the state in which the employer owns property. After such notice has been filed or recorded, the division may issue

a warrant under its official seal directed to the sheriff of any county of the state or any duly authorized agent of the division commanding him or her to levy upon, seize, and sell such of the real and personal property of the employer found within his or her county necessary for the payment of the amount due, together with interest and penalties, as provided by law.

(2) It is the duty of any county clerk and recorder to whom such notices are sent to file or record the same without cost. Upon the payment of all premiums, surcharges, penalties, and interest, a lien for such premiums, surcharges, penalties, and interest, as shown upon the records of the county clerk and recorder, shall be released by the division in the same manner as judgments are released.

(3) The sheriff, or any duly authorized agent of the division, shall forthwith levy upon the property of the employer, and personal property so levied upon shall be sold in all respects with like effect and in the same manner as prescribed by law with respect to executions of distraint warrants issued by a county treasurer for the collection of taxes levied upon personal property. Real property shall be levied upon and sold in the same manner as prescribed by law with respect to executions against property upon judgment of a court of record. The sheriff shall be entitled to such fees for executing such warrants as are allowed by law for similar services.

8-79-107. Immediate assessment - when. (1) An employing unit may file an application for the refund of money paid erroneously in such form and manner as the director of the division may prescribe by rule, including in person, by mail, by telephone, or by electronic means. If the division determines that such payment, or any portion thereof, was paid erroneously, the division shall either issue to the employing unit a credit memo therefor, or make a refund thereof, in either event without interest thereon. Where no application is received, and the division determines that premiums or surcharges have been paid erroneously, the division may, at its option, correct any erroneous payments. Any such correction, if it involves less than one hundred dollars, may be by credit memo. In no event may an employing unit recover money paid erroneously, or otherwise, that has been paid prior to January 1 of the first year of the five calendar years immediately preceding the date of the filing of the application for refund. If such application for refund is refused, or if no final action is taken thereon within six months, an employing unit may commence an action in the district court for the city and county of Denver for the collection thereof. In the event of court action, no recovery of any money paid prior to January 1 of the first year of the five calendar years immediately preceding the date of the filing of the application shall be allowed. For like cause and for the same period, a recovery, as above indicated, may be allowed on the division's own initiative.

(2) Repealed.

(3) Refunds of interest that was paid into the unemployment compensation fund shall be paid from the unemployment compensation fund, and refunds of interest that was paid into the unemployment revenue fund shall be paid from the unemployment revenue fund. 8-81-101. Penalties. (1) (a) Any person who makes false statement or representation of a material fact knowing it to be false, or knowingly fails to disclose a material fact, with intent to defraud by obtaining or increasing any benefit under articles 70 to 82 of this title 8 or under an employment security law of any other state, of the federal government, or of a foreign government, either for himself, herself, or for any other person commits a class 2 misdemeanor.

(b) Any person who, in the opinion of the division, has received a benefit to which he was not entitled by reason of his false representation or failure to disclose a material fact with intent to obtain or increase any benefit for himself or any other person and his trial by court is prevented by the inability of the court to establish its jurisdiction over said person shall be ineligible to receive any benefits under articles 70 to 82 of this title from the date of the discovery of the said act until such time as he makes himself available to the court for trial.

(c) If any employer makes or causes to be made a false statement as to the reason for a claimant's separation from employment or makes or causes to be made a false offer of work to a claimant, which statement or offer shall result in a delay in the payment of benefits to any such claimant, such employer shall be penalized by having his account charged with one and one-half times the amount of benefits due during the period of the delay and with one hundred percent of all other benefit payments paid to the claimant thereafter during his current benefit year, any other provisions of articles 70 to 82 of this title to the contrary notwithstanding, and the claimant shall be compensated by being paid one and one-half times his weekly benefit amount for the period of the delay. "The period of delay" as used in this section shall be determined by the division, and such determination shall be binding upon all parties affected and shall not be subject to review. The penalty imposed by this paragraph (c) shall be in addition to and not in lieu of any other penalty, civil or criminal, provided in articles 70 to 82 of this title.

(2) Any employing unit, or any officer or agent of an employing unit, or any other person who makes a false statement or representation knowing it to be false or who knowingly fails to disclose a material fact either to cause an individual to receive benefits to which such individual is otherwise not entitled or to defraud an individual by preventing or reducing the payment of benefits to which such individual would otherwise be entitled, or to avoid becoming or remaining a subject employer, or to avoid or reduce any premium, surcharge, or other payment required from an employing unit under articles 70 to 82 of this title 8 or under the employment security law of any other state, the federal government, or a foreign government or any such employing unit, officer or agent, or other person who willfully fails or refuses to pay any such premiums or surcharges or make any other payment, or to furnish any reports required under section 8-72-107, or to produce or permit the inspection or copying of records as required under section 8-72-107 commits a class 2 misdemeanor. Each false statement or representation

or failure to disclose a material fact and each day such failure or refusal continues shall constitute a separate offense.

(3) Any person who willfully violates any provision of articles 70 to 82 of this title 8 or any rule or regulation thereunder, the violation of which is made unlawful or the observance of which is required under the terms of articles 70 to 82 of this title 8 and for which a penalty is neither prescribed in this article 81 nor provided by any other applicable statute commits a petty offense.

(4) (a) (I) Any person who has received any sum as benefits under articles 70 to 82 of this title 8 to which the person was not entitled may be required to repay such amount to the division for the fund. Such sum shall be collected in the manner provided in section 8-79-102; except that the division may waive the repayment of an overpayment if the division determines such repayment to be inequitable. Repayment is inequitable when:

(A) The person who received the overpayment is receiving or has received any of the following public assistance benefits in the twelve months prior to the division providing notice to the person of the overpayment: Federal supplemental nutrition assistance program benefits, temporary assistance to needy families benefits, federal supplemental security income, social security disability benefits received after any unemployment insurance benefits were paid, means-tested legal aid services, benefits from the low-income energy assistance program created in section 26-2-122.5, federal or state earned income tax credits, free or reduced-price school lunch benefits, public or subsidized housing benefits, medicaid benefits under the medical assistance program, articles 4 to 6 of title 25.5, or medicare benefits;

(B) The person's household income, exclusive of public assistance benefits, during the three months prior to the overpayment determination, was at or below four times the federal poverty guidelines determined by the United States department of health and human services under the authority of 42 U.S.C. sec. 9902 (2);

(C) The person needs much of the person's current income to meet ordinary and necessary living expenses and liabilities, including housing, food, school loans, child care, outstanding loan and credit card balances, transportation, and medical expenses;

(D) Due to the notice that the benefit payment would be made or because of the incorrect payment the person either relinquished a valuable right or changed positions for the worse, including if: The person incurred a financial obligation, such as a lease, based on benefit payments that the person received; the person relied on the benefit payment and took out a loan, in which the person has already invested the benefit payment received and repayment of the overpayment will cause the person to default on the loan, resulting in criminal or civil actions; or the person declined other financial assistance because the person received benefits under articles 70 to 82 of this title 8 and thought the person would not need additional financial assistance from other sources;

(E) The overpayment was caused, at least in part, by an error by the division or by the person's reliance on the division's publicized information or guidance that was later determined to be erroneous; or

(F) Any other reason the division finds sufficient to establish that repayment would be inequitable.

(I.5) The division shall, to the extent possible, review and waive the repayment of an overpayment at the time the overpayment is determined if the division has sufficient information to determine that the repayment would be inequitable. If the division does not have sufficient

information in its possession to make such a determination, the division shall notify the person of the right to request a waiver of the overpayment and the process for such a request. The division shall accept copies of relevant bills, receipts, award letters, bank statements, and all other reasonable forms of proof that repayment would be inequitable. If a person cannot provide documentation, the division may accept as sufficient proof a written statement signed by the person seeking to waive the overpayment attesting to the facts at issue.

(II) If any person receives an overpayment because of the person's false representation or willful failure to disclose a material fact, inequity must not be a consideration in any civil, administrative, or criminal action, and the person shall pay to the division the total amount of the overpayment plus a sixty-five percent monetary penalty. Of the monetary penalty, the division shall pay twenty-three percent into the unemployment compensation fund, created in section 8-77-101, and the remainder into the unemployment revenue fund, created in section 8-77-106. In addition, the person may be denied benefits, when otherwise eligible, for a four-week period for each one-week period in which the person filed claims for or received benefits to which the person was not entitled. The provisions of section 13-80-108 (9) shall be used for determining when an offense is committed for the purposes of this subsection (4)(a)(II). For purposes of this subsection (4)(a)(II), a person has not received an overpayment because of the person's false representation or willful failure to disclose a material fact if: The person provided all information requested by the division correctly, but the division failed to take appropriate action with that information or took delayed action when determining or redetermining eligibility; the person provided incorrect information due to conflicting, changing, or confusing information or instructions from the division; the person was unable to reach the division despite the person's best efforts to inquire or clarify what information the person needed to provide, or experienced other similar barriers, including that it was the person's first time applying for or receiving unemployment benefits, or the person experienced language, education, or literacy barriers; or the person's employer provided the person with incorrect or untimely information or did not timely report facts.

(III) All investigative costs awarded by the court and collected by the division in connection with the conviction, in any criminal action, of a person who has received any overpayment because of his or her false representation or willful failure to disclose a material fact shall be paid into the unemployment revenue fund.

(IV) The penalties associated with an overpayment pursuant to subparagraph (II) of this paragraph (a) shall be made known to individuals upon filing an unemployment claim as defined in section 8-70-112.

(b) Pursuant to rules and regulations promulgated by the director of the division, the division may write off all or a part of the amount of any overpayment which it finds to be uncollectible or the recovery of which it finds to be administratively impracticable. Amounts which remain uncollected for more than five years, or seven years for overpayments due to false representation or willful failure to disclose a material fact, may be written off as uncollectible.

(c) Any person aggrieved by a determination of the division made under this subsection (4) may appeal that determination and obtain a hearing before a hearing officer with the right to further appeal as provided by article 74 of this title. The initial appeal must be received within twenty calendar days after the date of notification of such determination by the division; otherwise, the determination shall be final.

(d) Upon final determination pursuant to paragraph (c) of this subsection (4), repayment of an overpayment that is a result of the individual's false representation or willful failure to disclose a material fact pursuant to subparagraph (II) of paragraph (a) of this subsection (4) shall be made within thirty days.

(e) The division shall not attempt to recover an overpayment until there is a final determination that the debt is in fact owed and all appeals are exhausted. The division shall not attempt to recover an overpayment when there is a pending waiver application until there is a final determination that the person is not eligible for a waiver and all appeals are exhausted.

(2) The general assembly recommends that:

(a) To the extent possible, counties or multi-county areas integrate their work force development program sources of funding to maximize the resources available at the local level to provide the services authorized under this part 2; and

PART 5

JUST TRANSITION SUPPORT FOR COAL-RELATED JOBS

8-83-501. Legislative declaration. (1) The general assembly hereby:

(a) Finds that:

(I) Coal provides more than half of Colorado's net power generation. There were approximately one thousand three hundred workers employed in Colorado coal mines at the end of 2018, and half of the domestic consumption of Colorado's mined coal is for power generation within the state.

(II) Colorado's power sector, and the nation's, is moving away from coal as a fuel source based on consumer demand for cleaner power and the declining cost of natural gas and renewable resources. Electricity generated from renewable sources has doubled since 2010 to approximately twenty-five percent of Colorado's power generation in 2017.

(b) Determines that:

(I) In addition to the changing economics of power generation, there is a scientific consensus that greenhouse gas emissions, which are primarily the result of fossil fuel combustion, must be reduced in order to mitigate the worst effects of climate change. These effects are already being experienced by Coloradans in forms that include more extreme weather, snow pack melt, and higher temperatures.

(II) The effects of coal plant closures on workers and communities have the potential to be significant if not managed correctly. The closure of coal-fired plants nationwide is also likely to have a serious impact on employment in the state's coal mines and the transportation and logistics supply chains that move coal from mine to market. Many of these jobs provide family-supporting wages and benefits. The communities that host retiring power plants may lose principal contributors to their tax base and revenue for vital local government services. The enactment of this part 5 will help alleviate these impacts.

(III) While Colorado companies and policymakers have worked to drive new investment from the clean energy economy into transitioning communities and rural parts of the state, there does not exist at the state or federal level sufficient resources to assist workers and communities

impacted by changes in Colorado's coal economy, and there does not exist sufficient coordinated leadership within Colorado's state government to align and deliver assistance to these coal communities and workers; and

(c) Declares that:

(I) A strong and comprehensive policy is also needed to invest new financial resources in coal communities that are seeking to diversify and grow their local and regional economies in a manner that is both sustainable and equitable; and

(II) Colorado must ensure that the clean energy economy fulfills a moral commitment to assist the workers and communities that have powered Colorado for generations, as well as the disproportionately impacted communities who have borne the costs of coal power pollution for decades, and to thereby support a just and inclusive transition.

(5) "Employment first" means a framework for change in the provision of services that is centered on the premise that all persons, including persons with significant disabilities, are capable of full participation in competitive integrated employment and community life. Under this framework, in providing publicly funded services, employment in the general workforce is the first and preferred outcome for all working-age persons with disabilities, regardless of the level of disability. Publicly funded agencies and systems align policies, service delivery
