ARTICLE 73

Security Breaches and Personal Information

24-73-101. Governmental entity - disposal of personal identifying information - policy - definitions. (1) Each governmental entity in the state that maintains paper or electronic documents during the course of business that contain personal identifying information shall develop a written policy for the destruction or proper disposal of those paper and electronic documents containing personal identifying information. Unless otherwise required by state or federal law or regulation, the written policy must require that, when such paper or electronic documents are no longer needed, the governmental entity destroy or arrange for the destruction of such paper and electronic documents within its custody or control that contain personal identifying information by shredding, erasing, or otherwise modifying the personal identifying information in the paper or electronic documents to make the personal identifying information unreadable or indecipherable through any means.

(2) A governmental entity that is regulated by state or federal law and that maintains procedures for disposal of personal identifying information pursuant to the laws, rules, regulations, guidances, or guidelines established by its state or federal regulator is in compliance with this section.

(3) Unless a governmental entity specifically contracts with a recycler or disposal firm for destruction of documents that contain personal identifying information, nothing in this section requires a recycler or disposal firm to verify that the documents contained in the products it receives for disposal or recycling have been properly destroyed or disposed of as required by this section.

(4) For the purposes of this section and section 24-73-102, unless the context otherwise requires:

(a) "Governmental entity" means the state and any state agency or institution, including the judicial department, county, city and county, incorporated city or town, school district, special improvement district, authority, and every other kind of district, instrumentality, or political subdivision of the state organized pursuant to law. "Governmental entity" includes entities governed by home rule charters. "Governmental entity" does not include an entity acting as a third-party service provider as defined in section 24-73-102.

(b) "Personal identifying information" means a social security number; a personal identification number; a password; a pass code; an official state or government-issued driver's license or identification card number; a government passport number; biometric data, as defined in section 24-73-103 (1)(a); an employer, student, or military identification number; or a financial transaction device, as defined in section 18-5-701 (3).

24-73-102. Governmental entity - protection of personal identifying information - definition. (1) To protect personal identifying information, as defined in section 24-73-101 (4)(b), from unauthorized access, use, modification, disclosure, or destruction, a governmental entity that maintains, owns, or licenses personal identifying information shall implement and maintain reasonable security procedures and practices that are appropriate to the nature of the personal identifying information and the nature and size of the governmental entity.

(2) Unless a governmental entity agrees to provide its own security protection for the information it discloses to a third-party service provider, the governmental entity shall require that the third-party service provider implement and maintain reasonable security procedures and practices that are:

(a) Appropriate to the nature of the personal identifying information disclosed to the third-party service provider; and

(b) Reasonably designed to help protect the personal identifying information from unauthorized access, use, modification, disclosure, or destruction.

(3) For the purposes of subsection (2) of this section, a disclosure of personal identifying information does not include disclosure of information to a third party under circumstances where the governmental entity retains primary responsibility for implementing and maintaining reasonable security procedures and practices appropriate to the nature of the personal identifying information and the governmental entity implements and maintains technical controls reasonably designed to:

(a) Help protect the personal identifying information from unauthorized access, modification, disclosure, or destruction; or

(b) Effectively eliminate the third party's ability to access the personal identifying information, notwithstanding the third party's physical possession of the personal identifying information.

(4) A governmental entity that is regulated by state or federal law and that maintains procedures for storage of personal identifying information pursuant to the laws, rules, regulations, guidances, or guidelines established by its state or federal regulator is in compliance with this section.

(5) For the purposes of this section, "third-party service provider" means an entity that has been contracted to maintain, store, or process personal identifying information on behalf of a governmental entity.

24-73-103. Governmental entity - notification of security breach. (1) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Biometric data" means unique biometric data generated from measurements or analysis of human body characteristics for the purpose of authenticating the individual when he or she accesses an online account.

(b) "Determination that a security breach occurred" means the point in time at which there is sufficient evidence to conclude that a security breach has taken place.

(c) "Encrypted" means rendered unusable, unreadable, or indecipherable to an unauthorized person through a security technology or methodology generally accepted in the field of information security.

(d) "Governmental entity" means the state and any state agency or institution, including the judicial department, county, city and county, incorporated city or town, school district, special improvement district, authority, and every other kind of district, instrumentality, or political subdivision of the state organized pursuant to law. "Governmental entity" includes entities governed by home rule charters. "Governmental entity" does not include an entity acting as a third-party service provider as defined in subsection (1)(i) of this section.

(e) "Medical information" means any information about a consumer's medical or mental health treatment or diagnosis by a health-care professional.

(f) "Notice" means:

(I) Written notice to the postal address listed in the records of the governmental entity;

(II) Telephonic notice;

(III) Electronic notice, if a primary means of communication by the governmental entity with a Colorado resident is by electronic means or the notice provided is consistent with the provisions regarding electronic records and signatures set forth in the federal "Electronic Signatures in Global and National Commerce Act", 15 U.S.C. sec. 7001 et seq.; or

(IV) Substitute notice, if the governmental entity required to provide notice demonstrates that the cost of providing notice will exceed two hundred fifty thousand dollars, the affected class of persons to be notified exceeds two hundred fifty thousand Colorado residents, or the governmental entity does not have sufficient contact information to provide notice. Substitute notice consists of all of the following:

(A) E-mail notice if the governmental entity has e-mail addresses for the members of the affected class of Colorado residents;

(B) Conspicuous posting of the notice on the website page of the governmental entity if the governmental entity maintains one; and

(C) Notification to major statewide media.

(g) (I) "Personal information" means:

(A) A Colorado resident's first name or first initial and last name in combination with any one or more of the following data elements that relate to the resident, when the data elements are not encrypted, redacted, or secured by any other method rendering the name or the element unreadable or unusable: Social security number; driver's license number or identification card number; student, military, or passport identification number; medical information; health insurance identification number; or biometric data, as defined in subsection (1)(a) of this section;

(B) A Colorado resident's username or e-mail address, in combination with a password or security questions and answers, that would permit access to an online account; or

(C) A Colorado resident's account number or credit or debit card number in combination with any required security code, access code, or password that would permit access to that account.

(II) "Personal information" does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records or widely distributed media.

(h) "Security breach" means the unauthorized acquisition of unencrypted computerized data that compromises the security, confidentiality, or integrity of personal information maintained by a governmental entity. Good faith acquisition of personal information by an employee or agent of a governmental entity for the purposes of the governmental entity is not a security breach if the personal information is not used for a purpose unrelated to the lawful government purpose or is not subject to further unauthorized disclosure.

(i) "Third-party service provider" means an entity that has been contracted to maintain, store, or process personal information on behalf of a governmental entity.

(2) **Disclosure of breach.** (a) A governmental entity that maintains, owns, or licenses computerized data that includes personal information about a resident of Colorado shall, when it becomes aware that a security breach may have occurred, conduct in good faith a prompt investigation to determine the likelihood that personal information has been or will be misused. The governmental entity shall give notice to the affected Colorado residents unless the investigation determines that the misuse of information about a Colorado resident has not occurred and is not reasonably likely to occur. Notice must be made in the most expedient time possible and without unreasonable delay, but not later than thirty days after the date of determination that a security breach occurred, consistent with the legitimate needs of law enforcement and consistent with any measures necessary to determine the scope of the breach and to restore the reasonable integrity of the computerized data system.

(b) In the case of a breach of personal information, notice required by this subsection (2) to affected Colorado residents must include, but need not be limited to, the following information:

(I) The date, estimated date, or estimated date range of the security breach;

(II) A description of the personal information that was acquired or reasonably believed to have been acquired as part of the security breach;

(III) Information that the resident can use to contact the governmental entity to inquire about the security breach;

(IV) The toll-free numbers, addresses, and websites for consumer reporting agencies;

(V) The toll-free number, address, and website for the federal trade commission; and

(VI) A statement that the resident can obtain information from the federal trade commission and the credit reporting agencies about fraud alerts and security freezes.

(c) If an investigation by the governmental entity pursuant to subsection (2)(a) of this section determines that the type of personal information described in subsection (1)(g)(I)(B) of this section has been misused or is reasonably likely to be misused, then the governmental entity shall, in addition to the notice otherwise required by subsection (2)(b) of this section and in the most expedient time possible and without unreasonable delay, but not later than thirty days after the date of determination that a security breach occurred, consistent with the legitimate needs of law enforcement and consistent with any measures necessary to determine the scope of the breach and to restore the reasonable integrity of the computerized data system:

(I) Direct the person whose personal information has been breached to promptly change his or her password and security question or answer, as applicable, or to take other steps appropriate to protect the online account with the person or business and all other online accounts for which the person whose personal information has been breached uses the same username or e-mail address and password or security question or answer.

(II) For log-in credentials of an e-mail account furnished by the governmental entity, the governmental entity shall not comply with this section by providing the security breach notification to that e-mail address, but may instead comply with this section by providing notice through other methods, as defined in subsection (1)(f) of this section, or by clear and conspicuous notice delivered to the resident online when the resident is connected to the online account from an internet protocol address or online location from which the governmental entity knows the resident customarily accesses the account.

(d) The breach of encrypted or otherwise secured personal information must be disclosed in accordance with this section if the confidential process, encryption key, or other means to decipher the secured information was also acquired in the security breach or was reasonably believed to have been acquired.

(e) A governmental entity that is required to provide notice pursuant to this subsection (2) is prohibited from charging the cost of providing such notice to individuals.

(f) Nothing in this subsection (2) prohibits the notice described in this subsection (2) from containing additional information, including any information that may be required by state or federal law.

(g) If a governmental entity uses a third-party service provider to maintain computerized data that includes personal information, then the third-party service provider shall give notice to and cooperate with the governmental entity in the event of a security breach that compromises such computerized data, including notifying the governmental entity of any security breach in the most expedient time and without unreasonable delay following discovery of a security breach, if misuse of personal information about a Colorado resident occurred or is likely to occur. Cooperation includes sharing with the covered entity information relevant to the security breach; except that such cooperation does not require the disclosure of confidential business information or trade secrets.

(h) Notice required by this section may be delayed if a law enforcement agency determines that the notice will impede a criminal investigation and the law enforcement agency has notified the governmental entity that operates in Colorado not to send notice required by this section. Notice required by this section must be made in good faith, in the most expedient time possible and without unreasonable delay, but not later than thirty days after the law enforcement agency determines that notification will no longer impede the investigation, and has notified the governmental entity that it is appropriate to send the notice required by this section.

(i) If a governmental entity is required to notify more than one thousand Colorado residents of a security breach pursuant to this section, the governmental entity shall also notify, in the most expedient time possible and without unreasonable delay, all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as defined by the federal "Fair Credit Reporting Act", 15 U.S.C. sec. 1681a (p), of the anticipated date of the notification to the residents and the approximate number of residents who are to be notified. Nothing in this subsection (2)(i) requires the governmental entity to provide to the consumer reporting agency the names or other personal information of security breach notice recipients.

This subsection (2)(i) does not apply to a person who is subject to Title V of the federal "Gramm-Leach-Bliley Act", 15 U.S.C. sec. 6801 et seq.

(j) A waiver of these notification rights or responsibilities is void as against public policy.

(k) (I) The governmental entity that must notify Colorado residents of a data breach pursuant to this section shall provide notice of any security breach to the Colorado attorney general in the most expedient time possible and without unreasonable delay, but not later than thirty days after the date of determination that a security breach occurred, if the security breach is reasonably believed to have affected five hundred Colorado residents or more, unless the investigation determines that the misuse of information about a Colorado resident has not occurred and is not likely to occur.

(II) The Colorado attorney general shall designate a person or persons as a point of contact for functions set forth in this subsection (2)(k) and shall make the contact information for that person or those persons public on the attorney general's website and by any other appropriate means.

(l) The breach of encrypted or otherwise secured personal information must be disclosed in accordance with this section if the confidential process, encryption key, or other means to decipher the secured information was also acquired or was reasonably believed to have been acquired in the security breach.

(3) **Procedures deemed in compliance with notice requirements.** (a) Pursuant to this section, a governmental entity that maintains its own notification procedures as part of an information security policy for the treatment of personal information and whose procedures are otherwise consistent with the timing requirements of this section is in compliance with the notice requirements of this section if the governmental entity notifies affected Colorado residents in accordance with its policies in the event of a security breach; except that notice to the attorney general is still required pursuant to subsection (2)(k) of this section.

(b) A governmental entity that is regulated by state or federal law and that maintains procedures for a security breach pursuant to the laws, rules, regulations, guidances, or guidelines established by its state or federal regulator is in compliance with this section; except that notice to the attorney general is still required pursuant to subsection (2)(k) of this section. In the case of a conflict between the time period for notice to individuals, the law or regulation with the shortest notice period controls.

(4) **Violations.** The attorney general may bring an action for injunctive relief to enforce the provisions of this section.

(5) **Attorney general criminal authority.** Upon receipt of notice pursuant to subsection (2) of this section, and with either a request from the governor to prosecute a particular case or with the approval of the district attorney with jurisdiction to prosecute cases in the judicial district where a case could be brought, the attorney general has the authority to prosecute any criminal violations of section 18-5.5-102.

ARTICLE 74

Protection of Personal Identifying Information

24-74-101. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) State agencies increasingly collect residents' personal information to be able to provide a variety of services, including education, healthcare, financial assistance, and regulatory and enforcement activities designed to ensure the safety of Colorado residents;

(b) Colorado residents have a reasonable expectation that state agencies will not disclose this information with outside actors for unintended purposes;

(c) Coloradans' access to government services, including services that can be crucial in a time of crisis, is key to the collective health and wellness of the state;

(d) All Coloradans should feel welcome to be the recipients of state services without fear of abuse of their privacy or data;

(e) Any role that a state agency plays in enforcing federal immigration laws can undermine public trust and deter persons from accessing these services offered by state agencies;

(f) The United States and Colorado constitutions guarantee persons a legitimate expectation of privacy from unreasonable government intrusions;

(g) The federal government does not have the authority to command state or local officials to enforce or administer a federal regulatory program, as doing so would violate the tenth amendment to the United States constitution; and

(h) This article 74 is not intended to interfere with criminal investigations and proceedings authorized by judicial process or with the collection or sharing of information that may be necessary to provide Coloradans with government services and benefits.

(2) The general assembly further finds and declares that it is necessary to adopt this article 74 to protect individual rights and to further the preservation of the peace, health, and safety of Colorado residents.

24-74-104. Reduce personal identifying information collected by state agencies. (1) Beginning January 1, 2022, a state agency employee shall not inquire into, or request information or documents to ascertain, a person's immigration status for the purpose of identifying if the person has complied with federal immigration laws, including civil immigration laws and 8 U.S.C. sec. 1325 or 1326, except as required by state or federal law or as necessary to perform state agency duties, or to verify a person's eligibility for a government funded program for housing or economic development if verification is a necessary condition of the government funding.

(2) Beginning January 1, 2022, a state agency shall not collect the following, except as required by state or federal law or as necessary to perform state agency duties, or to verify a person's eligibility for a government funded program for housing or economic development if verification is a necessary condition of the government funding:

- (a) Place of birth;
- (b) Immigration or citizenship status; or

(c) Information from passports, permanent resident cards, alien registration cards, or employment authorization documents.

(3) This section does not apply to a database or automated network collecting data or documents that was activated by a state agency on or before December 31, 2021.

24-74-105. Access to state agency records - limitations. (1) Beginning January 1, 2022, to be granted access to personal identifying information through a database or automated network that is not publicly available information, a third party must have, within the past year, certified under penalty of perjury that:

(a) The third party will not use personal identifying information obtained from the database or automated network for the purpose of investigating for, participating in, cooperating with, or assisting in federal immigration enforcement, including enforcement of civil immigration laws and 8 U.S.C. sec. 1325 or 1326, unless required by federal or state law or to comply with a court-issued subpoena, warrant, or order; and

(b) The third party will not disclose personal identifying information obtained from the database or automated network to individuals or entities engaged in investigating for, participating in, cooperating with, or assisting in federal immigration enforcement, including enforcement of civil immigration laws and 8 U.S.C. sec. 1325 or 1326, unless required by federal or state law or to comply with a court-issued subpoena, warrant, or order.

(2) The attorney general's office shall create a model certification form and provide it to state agencies within sixty days of June 25, 2021.

24-74-106. Record keeping and reporting - requests for records or information - definition. (1) For purposes of this section, "request" includes any time a third party, other than a person in interest as defined in section 24-72-202 (4), communicates, whether through written or electronic form, with a state agency or state agency employee for the purpose of obtaining records or information that includes personal identifying information. "Request" does not include:

(a) A request made under the "Colorado Open Records Act", part 2 of article 72 of this title 24, or the "Colorado Criminal Justice Records Act", parts 2 and 3 of article 72 of this title 24; except that, for purposes of this section, "request" does include a request made under the "Colorado Open Records Act," part 2 of article 72 of this title 24, whether made by telephone or through written or electronic form, if the requester indicates or a state agency employee determines the request is made for the purpose of investigating for, participating in, cooperating with, or assisting in federal immigration enforcement, including enforcement of civil immigration laws and 8 U.S.C. sec. 1325 or 1326;

(b) An inquiry made through a database or automated network; except that, beginning March 1, 2022, "request" includes a request through Colorado DRIVES, as defined in section 42-1-102 (16.5);

(c) A request governed by a data-sharing agreement, as long as the agreement ensures that the parties otherwise comply with the provisions of this article 74;

(d) A request related to the conduct of federal, state, and local elections;

(e) A request made to the department of public safety; or

(f) A request for personal identifying information that is protected by the "Family Educational Rights and Privacy Act of 1974", as amended, 20 U.S.C. sec. 1232g, or the "Health Insurance Portability and Accountability Act of 1996", as amended, Pub.L. 104-191.

(g) A request from a government entity for purposes of determining a person's eligibility for a government funded program for housing or economic development.

(2) Except as provided in subsection (3) of this section, beginning January 1, 2022, if a third party makes a request for a record from a state agency and the record contains personal identifying information, the state agency shall retain a written record containing the following information:

(a) The request;

(b) The date of the request;

(c) Whether the request was granted or denied;

(d) The name and title of the state agency employee who granted or denied the request;

(e) A description of the articulated purpose of the request;

(f) The identity of the requestor, including the federal office or agency or other entity that requested information, the name of the individual requestor, and, if the requestor is a law enforcement officer, the individual's badge number; and

(g) A summary of why the request was granted or denied.

(3) For a request through Colorado DRIVES, if the department of revenue cannot comply with the reporting requirements of this section for requests from a third party because it would require technological or programming changes outside the control of the department of revenue, the department of revenue shall:

(a) Continue to allow access to Colorado DRIVES if access for that third party is required to comply with state or federal law or is a condition of receiving federal or state funding;

(b) At least once quarterly, submit a report including the identity of the third party and the reason for the inability to report; and

(c) At least once quarterly, attest that the department of revenue and the third party are in compliance with the requirements of section 24-74-105.

(4) Beginning January 1, 2022, and on a quarterly basis thereafter, each state agency shall:

(a) Submit to the governor's office of legal counsel the information specified in subsection (2) of this section; and

(b) Attest that no request was granted for any purpose prohibited by this article 74.

(5) Beginning March 1, 2022, and on a quarterly basis thereafter, the governor's office shall provide a report to the joint budget committee containing quarterly and year-to-date summaries of the information in subsection (2) of this section. The report shall include, at a minimum, quarterly and year-to-date summaries of the total number of requests, responses to requests, categories of reasons for requests, and categories of the third parties requesting information.

STATE FUNDS

ARTICLE 75

State Funds

PART 1

APPROPRIATIONS

24-75-101. Deficiency in revenue. (1) The following appropriations shall be appropriations of the first class and shall be first paid out of the revenue of the state against which they are chargeable:

(a) All appropriations made by the general assembly for the executive, legislative, and judicial departments of the state government;

(b) All appropriations made by the general assembly for the institutions of higher education and for the penal, charitable, and eleemosynary institutions of the state government;

(c) All interests on the public debt of the state government;

(d) All appropriations of funds derived from state continuing mill levies for the support of penal, eleemosynary, and educational institutions and other state purposes, other than the general revenue fund, shall be appropriations of the first class and shall be expended as such for the purposes for which levied and appropriated.

(2) All other appropriations made by the general assembly shall be appropriations of the second class.

(3) In case there are insufficient revenues to pay all appropriations made by the general assembly in full, the appropriations of the first class, designated in subsection (1) of this section,

shall be first paid in full and the balance of revenue available shall be thereafter prorated among the second class appropriations designated in subsection (2) of this section.

24-75-102. When appropriations expended - balance. (1) (a) Except as otherwise provided by law, including paragraph (b) of this subsection (1), all moneys appropriated by the general assembly may be expended or encumbered, if authorized by the controller, only in the fiscal year for which appropriated. Except as otherwise provided by law, any moneys unexpended or not encumbered from the appropriation to each department for any fiscal year shall revert to the general fund or, if made from a special fund, to such special fund. Determination of such expenditures or encumbrances shall be made no later than thirty-five days after the close of the fiscal year and pursuant to the provisions of section 24-30-202 (11).

(b) (I) Appropriations for the superfund, brownfields, and natural resource damage programs administered by the department of public health and environment pursuant to article 15 of title 25, C.R.S., shall be encumbered within eighteen months after the beginning of the fiscal year for which they were appropriated.

(II) As used in this paragraph (b), "superfund" means the federal "Comprehensive Environmental Response, Compensation, and Liability Act of 1980", 42 U.S.C. sec. 9601 et seq., as amended.

24-75-104. Gifts and bequests to state institutions of higher education - effect. (1) All endowments, gifts, and bequests made to any state institution of higher education, and the income therefrom, shall belong to and be used only by such institution and shall be subject to state audit. In appropriating state funds to such institution of higher education, neither principal nor interest of such gifts shall be used to reduce such appropriation, and both principal and interest shall be in addition to any funds appropriated for such institution.

(2) Nothing in subsection (1) of this section shall be construed to commit the state of Colorado to continuing the levels of programs attained as results of such endowments, gifts, and bequests upon their expiration.

(3) (a) On January 30, 1997, and January 30 of each year thereafter, each state institution of higher education shall submit to the governor and general assembly a complete listing, in accordance with generally accepted accounting principles, of all endowments, gifts, and bequests made to or expenditures in excess of two hundred fifty dollars made on behalf of said state institution of higher education during the immediately preceding state fiscal year.

24-75-106. Transfers between departments of health care policy and financing and human services for materially similar items of appropriation for medicaid programs - limitation - repeal. (1) Notwithstanding the effect of the "M" provision in the 1990-91 and subsequent general appropriation acts, the governor may transfer unlimited amounts of general fund appropriations and reappropriated funds to and from the departments of health care policy and financing and human services when required by changes from the appropriated levels in the amount of medicaid cash funds earned through programs or services provided under the supervision of the department of human services or the department of health care policy and financing if the transfer of appropriations is between one or more materially similar items of appropriation and is for purposes other than department administrative costs associated with programs or services.

24-75-106.5. Transfers between departments of health care policy and financing and human services for corresponding items of appropriation - limitations - repeal. (1) Subject to the provisions of subsection (2) of this section, upon approval of the governor:

(a) The executive director of the department of health care policy and financing may transfer general fund or reappropriated funds spending authority from one or more items of appropriation made to that department in the annual general appropriations act to one or more corresponding items of appropriation made to the department of human services in the act.

(b) The executive director of the department of human services may transfer general fund or reappropriated funds spending authority from one or more items of appropriation made to that department in the annual general appropriations act to one or more corresponding items of appropriation made to the department of health care policy and financing in the act.

(2) The governor may approve a transfer of spending authority between one or more corresponding items of appropriation of the departments of health care policy and financing and human services pursuant to subsection (1) of this section only if:

(a) Authority for the transfer of spending authority has been expressly granted in a footnote in the annual general appropriations act;

(b) The amount of spending authority to be transferred does not exceed the maximum amount, if any, specified in the footnote authorizing the transfer; and

(c) The transfer is not otherwise authorized pursuant to section 24-75-106.

(3) The transfers authorized by this section shall:

(a) Be in addition to any other transfers between the departments of health care policy and financing and human services authorized by law; and

(b) Apply to the 2008-09 and subsequent general appropriations acts.

(4) The governor shall report to the joint budget committee no later than October 1 after the close of the fiscal year on any transfers approved by the governor pursuant to this section.

24-75-108. Intradepartmental transfers between appropriations - repeal. (1) Upon approval by the governor, the head of a principal department of state government may, on or after May 1 of any fiscal year and before the forty-fifth day after the close of such fiscal year, transfer moneys from one item of appropriation made to the principal department in the general appropriation act to another item of appropriation made to the same principal department in said act; except that such transfers shall be made only between appropriations for like purposes. All transfers made pursuant to this section shall be between appropriations made for the expiring fiscal year.

(2) None of the following transfers shall be deemed to be between like purposes within the meaning of subsection (1) of this section:

(a) and (b) (Deleted by amendment, L. 2010, (HB 10-1119), ch. 340, p. 1574, § 10, effective August 11, 2010.)

(c) Transfers from any item of appropriation into a lease purchase item;

(d) Transfers between governing boards of institutions of higher education;

(e) Transfers between capital construction projects; except that transfers between specific maintenance projects or between controlled maintenance projects may be made as authorized in the general appropriation act;

(f) Transfers made to match federal funds for a program which has not been authorized by law;

(g) Transfers of cash-spending authority which operate to increase appropriations of moneys out of one cash fund by decreasing appropriations of moneys out of a different cash fund in a corresponding amount if such transfers increase the total spending authority for all fund sources within a program. A transfer of cash spending authority shall not authorize a transfer of cash between cash funds.

(3) (a) (Deleted by amendment, L. 2010, (HB 10-1119), ch. 340, p. 1574, § 10, effective August 11, 2010.)

(b) Any savings realized from an energy cost-savings contract pursuant to section 24-30-2003 may be transferred to an operating expense item for the purpose of making an annual payment on a financed purchase of an asset or certificate of participation agreement under such contract.

(4) All transfers within a department or within an office involving cash funds shall be consistent with statutes governing the use of such cash funds.

(5) Transfers between items of appropriation made to the judicial department may be made, upon approval by the chief justice of the Colorado supreme court, to the same extent and subject to the same limitations as transfers within a principal department as authorized by subsections (1) to (4) of this section. Transfers between items of appropriation made to the judicial department shall also be subject to the limitation in section 24-75-110.

(6) Transfers between items of appropriation made to the office of the governor, including the office of state planning and budgeting, may be made, upon approval by the governor, to the same extent and subject to the same limitations as transfers within a principal department as authorized by subsections (1) to (4) of this section.

(7) The transfers authorized by this section shall be in addition to any other transfers within a department or within an office which are authorized by law or which are authorized in the general appropriation act and are required to implement appropriations conditioned on the distribution or transfer of the appropriated amounts.

(8) The total amount of money transferred between items of appropriation made to principal departments of state government and to the office of the governor pursuant to this section, other than transfers within a principal department from an operating expense item to a utilities item, from a utilities item to an operating expense item pursuant to subsection (3)(b) of this section, or from a utilities item to a utilities item, shall not exceed ten million dollars.

(9) The governor shall report to the joint budget committee no later than October 1 after the close of the fiscal year on the transfers approved by the governor and by the chief justice pursuant to this section and section 24-75-106 and on overexpenditures allowed under section 24-75-109.

(10) The transfers authorized by this section shall apply to the 1990-91 and subsequent general appropriation acts.

(11) This section is repealed, effective September 1, 2025.

(12) As used in this section, "utilities" means water, sewer service, electricity, or other fuel sources, equipment purchased for the purpose of utility cost savings, payments made to private companies for services rendered or equipment installed for the purpose of reducing utility costs, financed purchase of an asset or certificate of participation payments to private companies for the purpose of reducing utility costs, and all heating fuels.

24-75-109. Controller may allow expenditures in excess of appropriations - limitations - appropriations for subsequent fiscal year restricted - repeal. (1) For the purpose of closing the state's books, and subject to the provisions of this section, the controller may, on or after May 1 of any fiscal year and before the forty-fifth day after the close thereof, upon approval of the governor, allow any department, institution, or agency of the state, including any institution of higher education, to make an expenditure in excess of the amount authorized by an item of appropriation for such fiscal year if:

(a) The overexpenditure is for medicaid programs; or

(a.5) The overexpenditure is by the department of health care policy and financing for the children's basic health plan established pursuant to article 8 of title 25.5, C.R.S.; except that, to the extent that the overexpenditure allowed pursuant to this paragraph (a.5) is from the general fund, the overexpenditure from the general fund shall not exceed two hundred fifty thousand dollars in any fiscal year; or

(a.6) The overexpenditure is by the department of health care policy and financing for the required state contribution payment pursuant to the federal "Medicare Prescription Drug, Improvement, and Modernization Act of 2003", Pub.L. 108-173; or

(a.7) The overexpenditure is by the department of health care policy and financing for the state medical assistance program, established pursuant to section 25.5-2-104; or

(a.8) The overexpenditure is by the department of health care policy and financing for the state children's basic health plan, established pursuant to section 25.5-2-105; or

(b) The overexpenditure is by the department of human services for any purpose other than medicaid programs, but the total of all overexpenditures allowed pursuant to this paragraph (b) shall not exceed one million dollars in any fiscal year; or

(c) The overexpenditure is for any purpose of a department, institution, or agency of the executive branch other than the department of human services, but the total of all overexpenditures allowed pursuant to this paragraph (c) shall not exceed three million dollars in any fiscal year; or

(c.5) The overexpenditure is for the workers' compensation self-insurance program of the department of human services established pursuant to section 8-44-203, C.R.S.; or

(d) The overexpenditure is for any purpose of the judicial department, but overexpenditures allowed pursuant to this paragraph (d) shall be subject to the limitation in section 24-75-110; or

(e) The overexpenditure is by the department of corrections for the purchase of pharmaceuticals and the purchase of medical services from other medical facilities as part of the medical services subprogram for department institutions. The overexpenditure authorized by this paragraph (e) shall only be allowed for the 2001-02 fiscal year.

(f) The overexpenditure is by the department of education for either:

(I) Providing reimbursements to a participating school food authority for offering eligible meals without charge, pursuant to section 22-82.9-204 (1)(b); or

(II) Distributing money to a participating school food authority to increase wages or provide stipends for individuals whom the participating school food authority employs to directly prepare and serve food for school meals, pursuant to section 22-82.9-206 (1).

(1.5) For the purposes of this section, an overexpenditure includes any instance in which the total expenditures charged to a specific line item of appropriation are in excess of the total spending authority appropriated for that line item and any instance in which sufficient cash or

cash-exempt reserves have not been earned to cover related expenditures and there is no statutory fund balance to cover such expenditures.

(2) Overexpenditures allowed pursuant to subsection (1) of this section shall be subject to the following requirements:

(a) Except as specifically provided in this section, overexpenditures shall be consistent with all statutory provisions applicable to the program, function, or purpose for which the overexpenditure is made, including the provisions of appropriation acts.

(b) No overexpenditure shall be allowed in excess of the unencumbered balance of the fund from which the overexpenditure is made as of the date of the expenditure.

(c) For fiscal years commencing on or after July 1, 2014, no overexpenditure is allowed under paragraph (a) or (a.5) of subsection (1) of this section for any appropriation in the annual general appropriation act to the department of health care policy and financing that is in a line item for the executive director's office or in a line item that the general assembly has labeled as ineligible for an overexpenditure under said paragraphs.

(3) For any overexpenditure, whether or not allowed by the controller in accordance with subsection (1) of this section, the controller shall restrict, in an amount equal to said overexpenditure, the corresponding item or items of appropriation that are made in the general appropriation act for the fiscal year following the fiscal year for which the overexpenditure that is allowed occurs. For the purposes of determining such corresponding item or items of appropriation, the controller shall consider, in order of importance, the fund from which the overexpenditure was allowed, the department, institution, or agency that was allowed to make the overexpenditure, and the purpose for which the overexpenditure was allowed. The department, institution, or agency shall not be allowed to expend any amount restricted pursuant to this subsection (3) unless such restriction is released in accordance with subsection (4) of this section.

(4) (a) The department, institution, or agency whose appropriation is restricted may request a supplemental appropriation for the fiscal year in which the overexpenditure occurred for the amount of any overexpenditure allowed pursuant to this section. If a supplemental appropriation is enacted for the overexpenditure or some portion thereof, the restriction on the succeeding fiscal year's appropriation shall be released in the amount of the supplemental appropriation enacted.

(b) If the amount of the restriction imposed pursuant to subsection (3) of this section was based on an estimate of the amount of the overexpenditure and the amount of such restriction exceeds the actual amount of the overexpenditure, the controller shall release that portion of the restricted amount that exceeds the actual amount of the overexpenditure.

(5) The limitation on general fund appropriations and the requirement for a general fund reserve contained in section 24-75-201.1 shall not apply to overexpenditures from the general fund for medicaid programs allowed pursuant to subsection (1)(a) of this section to overexpenditures by the department of education allowed pursuant to subsection (1)(f) of this section, or to supplemental general fund appropriations for medicaid programs enacted pursuant to subsection (4) of this section. Overexpenditures for all other purposes allowed pursuant to subsection (1) of this section and supplemental general fund appropriations for all other purposes enacted pursuant to subsection (4) of this section shall be considered appropriations for the fiscal year in which the overexpenditure was allowed and shall accordingly be subject to the limitations and requirements of section 24-75-201.1.

(6) The controller may allow overexpenditures pursuant to this section only for the fiscal years beginning on or after July 1, 1998, but prior to July 1, 2025. This section is repealed, effective September 1, 2025.

24-75-111. Additional authority for controller to allow expenditures in excess of appropriations - limitations - appropriations for subsequent fiscal year restricted. (1) For fiscal years commencing on or after July 1, 1997, in addition to any overexpenditure allowed pursuant to section 24-75-109, the controller may allow any department, institution, or agency of

the state, including any institution of higher education, to make an expenditure in excess of the amount authorized by an item of appropriation for such fiscal year if:

(a) The overexpenditure is for any purpose of a department, institution, or agency of the state; and

(b) The overexpenditure is necessary due to unforeseen circumstances arising while the general assembly is not meeting in regular or special session during which such overexpenditure can be legislatively addressed; and

(c) (I) If the overexpenditure is in regard to an operating budget item and is requested by a department, institution, or agency of the state other than the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(A) The request for the overexpenditure has been submitted to the office of state planning and budgeting for approval and the office of state planning and budgeting has approved the overexpenditure, in whole or in part; and

(B) Upon approval by the office of state planning and budgeting, the request for the overexpenditure has been submitted to the joint budget committee of the general assembly for approval; and

(C) The request for the overexpenditure has been approved, in whole or in part, by a majority vote of the members of the joint budget committee and the controller has received written confirmation of such approval from the joint budget committee; or

(II) If the overexpenditure is in regard to an operating budget item and is requested by the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(A) The request for the overexpenditure has been submitted to the joint budget committee of the general assembly for approval; and

(B) The request for the overexpenditure has been approved, in whole or in part, by a majority vote of the members of the joint budget committee and the controller has received written confirmation of such approval from the joint budget committee; or

(III) If the overexpenditure is in regard to a capital construction budget item and is requested by a department, institution, or agency of the state other than the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(A) The request for the overexpenditure has been submitted to the office of state planning and budgeting for approval and the office of state planning and budgeting has approved the overexpenditure, in whole or in part; and

(B) Upon approval by the office of state planning and budgeting, the request for the overexpenditure has been submitted to the capital development committee of the general assembly for consideration; and

(C) Upon the issuance of a written recommendation regarding the overexpenditure by the capital development committee, the request for the overexpenditure has been submitted to the joint budget committee of the general assembly for approval; and

(D) The request for the overexpenditure has been approved, in whole or in part, by a majority vote of the members of the joint budget committee and the controller has received written confirmation of such approval from the joint budget committee; or

(IV) If the overexpenditure is in regard to a capital construction budget item and is requested by the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(A) The request for the overexpenditure has been submitted to the capital development committee of the general assembly for consideration; and

(B) Upon the issuance of a written recommendation regarding the overexpenditure by the capital development committee, the request for the overexpenditure has been submitted to the joint budget committee of the general assembly for approval; and

(C) The request for the overexpenditure has been approved, in whole or in part, by a majority vote of the members of the joint budget committee and the controller has received written confirmation of such approval from the joint budget committee; or

(V) If the overexpenditure is in regard to an information technology budget item and is requested by a department, institution, or agency of the state other than the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(A) The request for the overexpenditure has been submitted to the office of state planning and budgeting for approval and the office of state planning and budgeting has approved the overexpenditure, in whole or in part; and

(B) Upon approval by the office of state planning and budgeting, the request for the overexpenditure has been submitted to the joint technology committee of the general assembly for consideration; and

(C) Upon the issuance of a written recommendation regarding the overexpenditure by the joint technology committee, the request for the overexpenditure has been submitted to the joint budget committee of the general assembly for approval; and

(D) The request for the overexpenditure has been approved, in whole or in part, by a majority vote of the members of the joint budget committee and the controller has received written confirmation of such approval from the joint budget committee; or

(VI) If the overexpenditure is in regard to an information technology budget item and is requested by the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(A) The request for the overexpenditure has been submitted to the joint technology committee of the general assembly for consideration; and

(B) Upon the issuance of a written recommendation regarding the overexpenditure by the joint technology committee, the request for the overexpenditure has been submitted to the joint budget committee of the general assembly for approval; and

(C) The request for the overexpenditure has been approved, in whole or in part, by a majority vote of the members of the joint budget committee and the controller has received written confirmation of such approval from the joint budget committee.

(2) Any department, institution, or agency of the state requesting an overexpenditure pursuant to subsection (1) of this section shall make the request in such form and shall include in the request such information as may be required by the office of state planning and budgeting, the capital development committee, the joint technology committee, and the joint budget committee, as applicable.

(3) Overexpenditures allowed pursuant to subsection (1) of this section shall be subject to the following requirements:

(a) Overexpenditures shall be consistent with all statutory provisions applicable to the program, function, or purpose for which the overexpenditure is made, including the provisions of appropriation acts.

(b) No overexpenditure shall be allowed in excess of the unencumbered balance of the fund or account from which the overexpenditure is made as of the date of the overexpenditure.

(4) (a) For any overexpenditure allowed by the controller in accordance with subsection (1) of this section that is in regard to an operating budget item, the controller shall restrict, in an amount equal to said overexpenditure, the corresponding item or items of appropriation that are made in the general appropriation act for the fiscal year following the fiscal year for which the overexpenditure is allowed. For the purposes of determining such corresponding item or items of appropriation, the controller shall consider, in order of importance, the fund from which the overexpenditure was allowed, the department, institution, or agency that was allowed to make the overexpenditure, and the purpose for which the overexpenditure was allowed.

(b) For any overexpenditure allowed by the controller in accordance with subsection (1) of this section that is in regard to a capital construction budget item, the controller shall restrict, in an amount equal to said overexpenditure, an item or items of appropriation that are made in the general appropriation act for the fiscal year following the fiscal year for which the overexpenditure is allowed and that are made for the following purposes in the order specified: The capital construction budget item for which the overexpenditure was allowed; any other capital construction budget item of the department, institution, or agency that was allowed to make the overexpenditure; any operating budget item relating to the administration of the department, institution, or agency that was allowed to make the overexpenditure; and any other operating budget item of the department, institution, or agency that was allowed to make the overexpenditure. For the purposes of determining the item or items of appropriation for operating budget items to be restricted, the controller shall restrict the item or items of appropriation that would be the least disruptive to the operations of the department, institution, or agency.

(c) For any overexpenditure allowed by the controller in accordance with subsection (1) of this section that is in regard to an information technology budget item, the controller shall restrict, in an amount equal to said overexpenditure, the items of appropriation that are made in the general appropriation act for the fiscal year following the fiscal year for which the overexpenditure is allowed and that are made for the following purposes in the order specified: The information technology budget item for which the overexpenditure was allowed; any other information technology budget item of the department, institution, or agency that was allowed to make the overexpenditure; any operating budget item relating to the administration of the department, institution, or agency that was allowed to make the overexpenditure; and any other operating budget item of the department, institution, or agency that was allowed to make the overexpenditure. For the purposes of determining the items of appropriation for operating budget items to be restricted, the controller shall restrict the items of appropriation that would be the least disruptive to the operations of the department, institution, or agency.

(d) The department, institution, or agency shall not be allowed to expend any amount restricted pursuant to this subsection (4) unless such restriction is released in accordance with subsection (5) of this section.

(5) The joint budget committee of the general assembly shall introduce a supplemental appropriation for the fiscal year in which the overexpenditure occurred for the amount of any

overexpenditure allowed pursuant to this section. If a supplemental appropriation is enacted for the overexpenditure or some portion thereof, the restriction on the succeeding fiscal year's appropriation shall be released in the amount of the supplemental appropriation enacted.

(6) Overexpenditures allowed pursuant to the provisions of subsection (1) of this section and supplemental general fund appropriations enacted pursuant to subsection (5) of this section shall be considered appropriations for the fiscal year in which the overexpenditure was allowed and shall accordingly be subject to the limitations and requirements of section 24-75-201.1.

24-75-111.5. Additional authority for controller to allow expenditures for capital construction items in certain circumstances - definition. (1) For purposes of this section, "nonmonetary adjustment" means a change that does not affect the amount of the appropriation, including a name change, an extension of time for completion, a scope change, a transfer between departments, or other such similar changes.

(2) For fiscal years commencing on or after July 1, 2015, the controller may allow any department, institution, or agency of the state, including any institution of higher education, to expend moneys differently from the authority granted by an item of appropriation for a capital construction budget item or an information technology capital project if the capital construction, controlled maintenance, capital renewal project, or information technology capital project that the appropriation was for requires a nonmonetary adjustment for its timely continuation and the nonmonetary adjustment is due to unforeseen circumstances arising while the general assembly is not meeting in regular or special session during which such nonmonetary adjustment would be legislatively addressed, under the following circumstances:

(a) If the nonmonetary adjustment is in regard to a capital construction budget item and is requested by a department, institution, or agency of the state other than the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(I) The request for the nonmonetary adjustment has been submitted to the office of state planning and budgeting for approval and the office of state planning and budgeting has approved the nonmonetary adjustment, in whole or in part; and

(II) Upon approval by the office of state planning and budgeting, the request for the nonmonetary adjustment has been submitted to the capital development committee for consideration; and

(III) Upon the issuance of a written recommendation regarding the nonmonetary adjustment by the capital development committee, the request for the nonmonetary adjustment has been submitted to the joint budget committee for approval; and

(IV) The request for the nonmonetary adjustment has been approved, in whole or in part, by a majority vote of the members of the joint budget committee, and the controller has received written confirmation of such approval from the joint budget committee; or

(b) If the nonmonetary adjustment is in regard to a capital construction budget item and is requested by the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(I) The request for the nonmonetary adjustment has been submitted to the capital development committee for consideration; and

(II) Upon the issuance of a written recommendation regarding the nonmonetary adjustment by the capital development committee, the request for the nonmonetary adjustment has been submitted to the joint budget committee for approval; and

(III) The request for the nonmonetary adjustment has been approved, in whole or in part, by a majority vote of the members of the joint budget committee, and the controller has received written confirmation of such approval from the joint budget committee.

(c) If the nonmonetary adjustment is in regard to an information technology capital project and is requested by a department, institution, or agency of the state other than the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(I) The request for the nonmonetary adjustment has been submitted to the office of state planning and budgeting for approval and the office of state planning and budgeting has approved the nonmonetary adjustment, in whole or in part;

(II) Upon approval by the office of state planning and budgeting, the request for the nonmonetary adjustment has been submitted to the joint technology committee of the general assembly for consideration;

(III) Upon the issuance of a written recommendation regarding the nonmonetary adjustment by the joint technology committee, the request for the nonmonetary adjustment has been submitted to the joint budget committee for approval; and

(IV) The request for the nonmonetary adjustment has been approved, in whole or in part, by a majority vote of the members of the joint budget committee, and the controller has received written confirmation of such approval from the joint budget committee; or

(d) If the nonmonetary adjustment is in regard to an information technology capital project and is requested by the department of law, the department of the treasury, the department of state, the judicial department, or the legislative department:

(I) The request for the nonmonetary adjustment has been submitted to the joint technology committee of the general assembly for consideration;

(II) Upon the issuance of a written recommendation regarding the nonmonetary adjustment by the joint technology committee, the request for the nonmonetary adjustment has been submitted to the joint budget committee for approval; and

(III) The request for the nonmonetary adjustment has been approved, in whole or in part, by a majority vote of the members of the joint budget committee, and the controller has received written confirmation of such approval from the joint budget committee.

(3) Any department, institution, or agency of the state requesting a nonmonetary adjustment pursuant to subsection (1) of this section shall make the request in such form and shall include in the request such information as may be required by the office of state planning and budgeting, the capital development committee, the joint technology committee, and the joint budget committee, as applicable.

(4) Nonmonetary adjustments must be consistent with the original purpose for which the appropriation was made and may not change the amount of the appropriation.

(5) The joint budget committee shall introduce a supplemental appropriation for the fiscal year in which the nonmonetary adjustment occurred that reflects the nonmonetary adjustment.

24-75-112. Annual general appropriation act - headnote definitions - general provisions - footnotes. (1) As used in the annual general appropriation act, the following definitions and general provisions shall apply for the headnote terms preceding and specifying the purpose of certain line items of appropriation:

(a) (I) "Capital outlay" means:

(A) Equipment, furniture, motor vehicles, software, and other items that have a useful life of one year or more;

(B) Alterations and replacements, meaning major and extensive repair, remodeling, or alteration of buildings, the replacement thereof, or the replacement and renewal of the plumbing, wiring, electrical, fiber optic, heating, and air conditioning systems therein;

(C) New structures, meaning the construction of entirely new buildings, including the value of materials and labor, either state-supplied or supplied by contract; or

(D) Nonstructural improvements to land, meaning the grading, leveling, drainage, irrigation, and landscaping thereof and the construction of roadways, fences, ditches, and sanitary and storm sewers.

(II) "Capital outlay" does not include those things defined as capital construction, capital renewal, or controlled maintenance in section 24-30-1301 (2), (3), and (4).

(b) "Centralized appropriation" means the appropriation of funds to an executive director of a department or a central administrative program intended for subsequent allocation and expenditure at and among a department's divisions, programs, agencies, or long bill groups in order to reflect the amount of such resources actually used in each program or division. Such centralized appropriations may include salary survey, merit pay or anniversary increases, senior executive service, shift differential, group health and life insurance, capital outlay, ADP capital outlay, information technology asset maintenance, legal services, purchase of services from computer center, multiuse network payments, vehicle lease payments, leased space, financed purchase of an asset, certificate of participation, payment to risk management and property funds, short-term disability insurance, utilities, communications services payments, amortization equalization disbursements, supplemental amortization equalization disbursements, administrative law judge services, and centralized ADP. As provided in subsection (1)(I) of this section, capital outlay is included within the appropriation for "operating expenses".

(b.5) "Certificate of participation" means any certificate evidencing a participation right or a proportionate interest in any financing agreement or the right to receive proportionate payments from the state or an agency due under any financing agreement.

(c) "Communications services payments" means payments to the office of information technology created in section 24-37.5-103 for the cost of services from the state's public safety communications infrastructure.

(c.5) "Financed purchase of an asset" means a financing agreement that includes the purchase of an asset.

(d) (I) Except as otherwise provided in subparagraph (IV) of this paragraph (d), "full-time equivalent" or "FTE" means the budgetary equivalent of one permanent position continuously filled full time for an entire fiscal year by elected state officials or by state employees who are paid for at least two thousand eighty hours per fiscal year, with adjustments made to:

(A) Include in such time computation any sick, annual, administrative, or other paid leave;

(B) Exclude from such time computation any overtime or shift differential payments made in excess of regular or normal hours worked and any leave payouts upon termination of employment; and

(C) Account for the actual number of work hours in a given fiscal year.

(II) "Full-time equivalent" or "FTE" does not include contractual, temporary, or permanent seasonal positions.

(III) As used in this paragraph (d), "state employee" means a person employed by the state, whether or not such person is a classified employee in the state personnel system.

(IV) For purposes of higher education professional personnel and assistants in resident instruction and professional personnel in organized research and activities relating to instruction, "full-time equivalent" or "FTE" means the equivalent of one permanent position continuously filled for a nine-month or ten-month academic year.

(V) The number of FTE specified in a particular item of appropriation is the number utilized to calculate the amount appropriated and necessary to fund any combination of part-time positions or full-time positions equal to such number for the fiscal year to which the annual general appropriation act pertains in accordance with the definition contained in subsections (1)(d)(II) and (1)(d)(III) of this section and is not a limitation on the number of FTE that may be employed. No department shall make a material change in the number of FTE specified in a particular item of appropriation prior to notifying the joint budget committee in writing of such change. This subsection (1)(d)(V) does not apply to state trainee positions.

(e) "Health, life, and dental" means the state contribution for group benefits plans pursuant to section 24-50-609. These contribution amounts shall be effective in accordance with section 24-50-104 (4)(d)(II).

(f) "Indirect cost assessment" means reimbursements made to an agency of the state from federal funds, other nonstate funds, cash funds, or reappropriated funds for the indirect expenses that have been incurred by the state in operating such programs. These recoveries are made by the departments using the approved indirect cost rate, as required by the state fiscal rules.

(g) "Leased space" means the use and acquisition of office facilities and office and parking space pursuant to a rental agreement.

(h) Repealed.

(i) "Legal services" means the purchase of legal services from the department of law; however, up to ten percent of the amount appropriated for legal services may instead be expended for operating expenses, contractual services, and tuition for employee training.

(j) "Motor vehicle" means a motor truck designated three-quarters of one ton or less, automobile, or other self-propelled vehicle.

(k) "Multiuse network payments" means payments to the department of personnel for the cost of administration and the use of the state's telecommunications network.

(l) "Operating expenses" means those supplies, materials, items, services, and travel-related expenses needed to administer the programs delegated to the departments, except for personal services, legal services, or capital construction.

(m) "Personal services" means:

(I) All salaries and wages, including overtime, whether to full-time, part-time, or temporary employees of the state, and also includes the state's contribution to the public employees' retirement association and the state's share of federal medicare tax paid for state employees;

(II) Professional services, meaning services requiring advanced study in a specialized discipline that are rendered or performed by firms or individuals for the state other than for employment compensation as an employee of the state, including but not limited to accounting, consulting, architectural, engineering, physician, nurse, specialized computer, and construction management services. No appropriation for such services shall be expended on the provision of legal services by the department of law or by a private attorney or law firm prior to notifying the joint budget committee in writing of such change. Payments for professional services shall be in compliance with section 24-30-202 (2) and (3).

(III) Temporary services, meaning clerical, administrative, and casual labor rendered or performed by firms or individuals for the state other than for employment compensation as an employee of the state. Payments for temporary services shall be in compliance with section 24-30-202 (2) and (3).

(IV) Tuition, meaning payments for graduate or undergraduate courses taken by state employees at institutions of higher education; or

(V) Payments for unemployment claims or insurance as required by the department of labor and employment.

(n) "Pueblo data entry center payments" means payments to the department of personnel for the cost of data entry services from the data entry center.

(o) "Purchase of services from computer center" means the purchase of automated data processing services from the general government computer center.

(p) "Short-term disability" means the state contribution for employee short-term disability pursuant to section 24-50-603 (13).

(q) "Utilities" means water, sewer service, electricity, payments to energy service companies, purchase of energy conservation equipment, and all heating fuels.

(r) "Vehicle lease payments" means the annual payments to the department of personnel for the cost of administration, repayment of a loan from the state treasury, and financed purchase of an asset or certificate of participation payments for new and replacement vehicles.

(2) (a) When it is not feasible, due to the format of the annual general appropriation act, to set forth fully in the line item description the purpose of an item of appropriation or a condition or limitation on the item of appropriation, the footnotes at the end of each section of the annual general appropriation act are provisions that set forth such purposes, conditions, or limitations. Such provisions are intended to be binding portions of the items of appropriation to which they relate to the extent that those purposes, conditions, or limitations are integral to the appropriation and are not, in accordance with the Colorado supreme court decision in Colorado General Assembly v. Owens, 136 P.3d 262 (Colo. 2006), conditions reserving to the general assembly powers of close supervision over the appropriation.

(b) The footnotes may also contain an explanation of any assumptions used in determining a specific amount of an appropriation. However, such footnotes shall not contain any provision of substantive law or any provision requiring or requesting that any administrative action be taken in connection with any appropriation. Footnotes may set forth any other statement of explanation or expression of legislative intent relating to any appropriation.

(3) Where no purpose is specified or where a special program is specified, the appropriation shall be for operating expenses and personal services.

(4) Expenditures of funds appropriated for the purchase of goods and services shall be in accord with section 17-24-111, C.R.S., which requires institutions, agencies, and departments to purchase such goods and services as are produced by the division of correctional industries from said division.

24-75-112.5. Appropriation clauses - general provisions - legislative declaration - definition. (1) The general assembly hereby finds, determines, and declares that:

(a) The mechanism through which the general assembly commonly authorizes state agencies to spend moneys, the appropriation clause, has remained essentially unchanged for over a century;

(b) The typical appropriation clause employed prior to the 2015 regular legislative session features certain stock phrases that make ascertaining essential information more difficult;

(c) Legislation should, whenever possible, be written clearly and concisely; and

(d) It is therefore the intent of the general assembly, in enacting this section:

(I) To enhance comprehensibility of appropriation clauses by omitting the identified phrases formerly used in standard appropriation clauses; and

(II) To continue undisturbed the operation and legal effect of these phrases by codifying versions of them in a statute of general applicability.

(2) (a) Unless the context otherwise requires, and regardless of whether the law is statutory or noncodified, the following provisions apply to an appropriation made in a duly enacted law of the state:

(I) The appropriation is made in addition to any other appropriation;
(II) The appropriation is made from moneys that are not otherwise appropriated; and
(III) A state agency is only required to spend so much of the appropriation as may be necessary.

(b) As used in any appropriation clause, "C.R.S." means the Colorado Revised Statutes.

(3) This section applies to legislation enacted on or after January 1, 2015.

24-75-113. 2010 bills to increase state revenue - prohibition on hiring of new state employees. (1) No moneys derived from the increase in state revenues resulting from the passage of House Bill 10-1190, enacted in 2010, shall be appropriated for the purpose of funding additional full-time equivalent state employees.

(2) No moneys derived from the increase in state revenues resulting from the passage of House Bill 10-1191, enacted in 2010, shall be appropriated for the purpose of funding additional full-time equivalent state employees.

(3) Repealed.

(4) No moneys derived from the increase in state revenues resulting from the passage of House Bill 10-1193, enacted in 2010, shall be appropriated for the purpose of funding additional full-time equivalent state employees, except for any full-time equivalent state employees necessary to enforce the provisions of said House Bill 10-1193.

(5) No moneys derived from the increase in state revenues resulting from the passage of House Bill 10-1194, enacted in 2010, shall be appropriated for the purpose of funding additional full-time equivalent state employees.

(6) Repealed.

24-75-114. Appropriations for utilities - roll-forward spending authority - definition.

(1) As used in this section, unless the context otherwise requires, "utilities" has the same meaning as set forth in section 24-75-112 (1)(q).

(2) Subject to fiscal rules promulgated by the state controller, any unexpended and unencumbered money appropriated to a department in a specific line item for utilities in a fiscal year commencing on or after July 1, 2021, remains available for expenditure in the next fiscal year without further appropriation for the department to purchase utilities conservation equipment or services. At the end of the next fiscal year, money that is unexpended or unencumbered reverts to the fund from which it was appropriated.

(3) Subsection (2) of this section does not apply to a line item from which utility expenses are paid but that is not specifically identified as "utilities".

24-75-115. Use of state funds - marketing featuring elected officials - prohibition. (1)

A county clerk and recorder or designated election official who is administering an election and the department of state shall not use any appropriation of state or federal money to pay for advertising expenses that prominently feature a person who is a declared candidate for a federal, state, or local office for a future election. For purposes of this section, advertising does not include:

- (a) Official notices or communications that are required or authorized by law; or
- (b) Ongoing and routine communications, such as maintaining or publishing content on the website of the county clerk and recorder or designated election official or the secretary of state.

PART 2

GENERAL FUND

24-75-201. General fund - general fund surplus - custodial money. (1) There is hereby created and established the general fund, to which shall be credited and paid all revenues and moneys not required by the state constitution or the provisions of any law to be credited and paid into a special fund. The surplus fund created before June 30, 1971, is hereby merged into the general fund. Any unrestricted balance remaining in the general fund at the end of any fiscal year shall be designated as the general fund surplus.

(2) (a) The general fund surplus shall be determined based upon the accrual system of accounting, as enunciated by the governmental accounting standards board; except that:

(I) For state fiscal years commencing before July 1, 2003, any general fund revenues that are designated as state revenues in excess of the constitutional limitation on state fiscal year spending shall be included as unrestricted revenues in the general fund surplus for the fiscal year in which such excess revenues were accrued. Such excess revenues shall be restricted in the next

fiscal year to preserve their availability for refund unless voters have authorized the state to retain such excess revenues.

(II) General fund revenues shall be restricted only upon the issuance of a commitment voucher to the state controller by the department of health care policy and financing for the payment of a sufficient claim that warrants reimbursement in accordance with the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5, C.R.S., from general fund revenues appropriated for any nonadministrative expenditure that qualifies for federal financial participation under Title XIX of the federal "Social Security Act", except for expenditures under the program for the medically indigent, article 3 of title 25.5, C.R.S., or for the contributions required by 42 U.S.C. sec. 1396u-5 (c).

(III) (A) General fund revenues shall be restricted only upon actual payment on the first working day of July of monthly salaries of state employees for the month of June from general fund revenues.

(B) Repealed.

(C) For purposes of this subparagraph (III), "state employee" means a person employed by the state whether or not a classified employee in the state personnel system.

(IV) (A) For the state fiscal year commencing July 1, 2010, and each state fiscal year thereafter, general fund revenues shall be restricted only upon payment for the purchase of services in July from the office of information technology created in section 24-37.5-103 in an amount reported to state agencies by the office of information technology as required in sub-subparagraph (B) of this subparagraph (IV). State agencies shall report to the office of information technology by June 30, 2010, the amounts for positions that restricted general fund revenues in the 2009-10 fiscal year.

(B) The office of information technology created in section 24-37.5-103 shall calculate and report to state agencies by June 30, 2011, and each June 30 thereafter, according to the office of information technology's accepted billing methodology, the amount of information technology billings related to the current costs that are comparable to the general fund personal services payments for work performed by information technology employees of any state agency in June 2010. The calculation shall be limited to amounts for positions that would have restricted general fund revenues in the state fiscal year that commences July 1, 2010, if not for those revenues subsequently being reappropriated due to the consolidation of information technology services required by Senate Bill 08-155, enacted in 2008.

(b) (Deleted by amendment, L. 2003, pp. 1899, 2638, §§ 1, 1, effective July 1, 2003.)

(c) Any unrestricted balance remaining in the healthy school meals for all program general fund exempt account created in section 22-82.9-210 (2) at the end of any fiscal year shall not be designated as part of the general fund surplus.

(3) (a) Custodial moneys do not include moneys granted by the federal government to the state for the support of general or essential state government services of the type for which expenditures are made in the most recently approved annual general appropriation act, including, but not limited to, additional payments received by the state under the federal "Jobs and Growth Tax Relief Reconciliation Act of 2003", as amended, (Pub.L. 108-27), received by the state on or after April 30, 2004.

(b) Nothing in this subsection (3) shall cause federal relief payments under the federal "Jobs and Growth Tax Relief Reconciliation Act of 2003", as amended, (Pub.L. 108-27),

received by the state prior to April 30, 2004, to be credited or transferred to the general fund or any other fund of the state or to be subject to annual appropriation by the general assembly.

(c) All federal moneys described in paragraph (a) of this subsection (3) shall be credited and paid to the general fund unless otherwise provided by law and shall be subject to annual appropriation by the general assembly.

24-75-201.1. Restriction on state appropriations - legislative declaration - definitions. (1) (a) (I) For the fiscal year 1978-79 and each fiscal year thereafter ending with the fiscal year 1990-91, state general fund appropriations shall be limited to seven percent over the previous year plus such moneys as are necessary for reappraisals of any class or classes of taxable property for property tax purposes as required by section 39-1-105.5, C.R.S. The base for the calculation of the limitation on the increase in general fund appropriations for the fiscal year 1986-87 shall be state general fund appropriations for the fiscal year 1985-86 plus the amount appropriated for tax relief and for the cost of bringing civil actions pursuant to the federal "Comprehensive Environmental Response, Compensation, and Liability Act of 1980" for the fiscal year 1985-86.

(II) Except as otherwise provided for in subparagraphs (III) and (IV) of this paragraph (a), for the fiscal year 1991-92 and each fiscal year thereafter ending with the fiscal year 2008-09, the total state general fund appropriations shall be limited to such moneys as are necessary for reappraisals of any class or classes of taxable property for property tax purposes as required by section 39-1-105.5, C.R.S., plus the lesser of:

(A) An amount equal to five percent of Colorado personal income; or

(B) Six percent over the total state general fund appropriations for the previous fiscal year.

(II.5) Except as otherwise provided in subparagraphs (III) and (IV) of this paragraph (a), for the fiscal year 2009-10 and each fiscal year thereafter, the total state general fund appropriations shall be limited to such moneys as are necessary for reappraisals of any class or classes of taxable property for property tax purposes as required by section 39-1-105.5, C.R.S., plus an amount equal to five percent of Colorado personal income.

(III) The limitation on the level of state general fund appropriations set forth in subparagraphs (II) and (II.5) of this paragraph (a) shall not apply to:

(A) Any state general fund appropriation which, as a result of any requirement of federal law, is made for any new program or service or for any increase in the level of service for an existing program beyond the existing level of service;

(B) Any state general fund appropriation which, as a result of any requirement of a final state or federal court order, is made for any new program or service or for any increase in the level of service for an existing program beyond the existing level of service; or

(C) Any state general fund appropriation of any moneys which are derived from any increase in the rate or amount of any tax or fee which is approved by a majority of the registered electors of the state voting at any general election.

(IV) (A) The limitation on the level of state general fund appropriations as set forth in subparagraphs (II) and (II.5) of this paragraph (a) may be exceeded for a given fiscal year upon the declaration of a state fiscal emergency by the general assembly. A state fiscal emergency may be declared by the passage of a joint resolution which is approved by a two-thirds majority vote of the members of both houses of the general assembly and which is approved by the governor in accordance with section 39 of article V of the state constitution.

(B) Any funds appropriated in a given fiscal year which exceed the limitation on state general fund appropriations established by subparagraphs (II) and (II.5) of this paragraph (a) because of the declaration of a state fiscal emergency by the general assembly pursuant to sub-subparagraph (A) of this subparagraph (IV) shall not be included in the calculation of the maximum level of state general fund appropriations pursuant to sub-subparagraph (B) of subparagraph (II) of this paragraph (a) for subsequent fiscal years.

(V) No state cash fund appropriation which either supplants any state general fund appropriation or, if not made, would necessitate a state general fund appropriation shall be made in order to circumvent the limitation on the level of state general fund appropriations set forth in subparagraphs (II) and (II.5) of this paragraph (a). The provisions of this subparagraph (V) shall not apply to any state cash fund appropriation:

(A) Which authorizes an increase in expenditures necessary to offset an increase in costs to provide an existing program or service due to inflation or any increase in the number of recipients which does not result from any requirement of state law which either enlarges an existing class of recipients or adds a new class of recipients; or

(B) Which is funded by user charges that do not exceed the cost of the goods or services provided, and the purchase of such goods or services by the user is voluntary.

(VI) If the general assembly significantly restructures the method by which elementary, secondary, or postsecondary education in this state is financed, the general assembly shall examine the limitation on the level of state general fund appropriations set forth in this section and shall determine whether said limitation should be modified in light of such restructuring.

(VII) For purposes of this paragraph (a), unless the context otherwise requires:

(A) "Colorado personal income" means the total personal income for Colorado, as defined and officially reported by the bureau of economic analysis in the United States department of commerce, for the calendar year preceding the calendar year immediately preceding a given fiscal year.

(B) "Increase in the level of service for an existing program" does not include any increase in expenditures necessary to offset an increase in costs to provide such service due to inflation or any increase in the number of recipients of such service unless such increase results from any requirement of federal law which either enlarges an existing class of recipients or adds a new class of recipients.

(C) "Requirement of federal law" means any federal law, rule, regulation, executive order, guideline, standard, or other federal action which has the force and effect of law and which either requires the state to take action or does not directly require the state to take action but will, according to federal law, result in the loss of federal funds if state action is not taken to comply with such federal action.

(D) "State cash fund appropriation" means any appropriation of moneys which are not general fund moneys and which are the result of the collection of any fee authorized by law.

(b) For the fiscal year 1984-85, any amount of general fund revenues in excess of seven percent plus such moneys as are necessary for reappraisals of any class or classes of taxable property for property tax purposes as required by section 39-1-105.5, C.R.S., and after retention of unrestricted general fund year-end balances of one hundred million dollars, shall be placed in a special reserve fund to be utilized for tax relief, for capital construction as defined in section 24-30-1301 (2), for construction, maintenance, and repair of highways, for water projects, and for the cost of bringing civil actions pursuant to the federal "Comprehensive Environmental Response, Compensation, and Liability Act of 1980".

(c) (I) to (IV) Repealed.

(V) For the fiscal year 1989-90 and each fiscal year thereafter ending with the fiscal year 1990-91, fifty percent of general fund revenues in excess of general fund appropriations, after retention of the reserve as required by paragraph (d) of this subsection (1), shall be transferred to the capital construction fund as of the last day of the fiscal year. The general assembly may appropriate such funds for capital construction purposes during the regular legislative session next following the actual transfer of moneys thereto; except that, for the fiscal year 1989-90 only, the general assembly may appropriate such funds during the regular legislative session held in 1990 for the purpose of alleviating prison overcrowding for the fiscal year 1989-90 or for any future fiscal year and may appropriate such funds for any other capital construction purposes during the regular legislative session next following the actual transfer of moneys to the capital construction fund. General fund revenues in excess of general fund appropriations and the required reserve which are not transferred to the capital construction fund as specified in this subparagraph (V) shall be available for appropriation for the fiscal year in which the excess is realized or for any future fiscal year, subject to the limitation on general fund appropriations set forth in paragraph (a) of this subsection (1). For the purposes of applying this subparagraph (V) to the fiscal years 1990-91 and 1991-92, the required reserve shall be considered four percent of the amount appropriated for expenditure from the general fund, notwithstanding the actual percentage reserve requirement specified in subparagraph (IV) of paragraph (d) of this subsection (1).

(c.5) (I) (Deleted by amendment, L. 2002, p. 1005, § 1, effective August 7, 2002.)

(II) (Deleted by amendment, L. 2009, (SB 09-228), ch. 410, p. 2257, § 7, effective July 1, 2009.)

(d) For each fiscal year, unrestricted general fund year-end balances must be retained as a reserve in the following amounts:

(I) For fiscal years 1985-86 and 1986-87, five percent of the amount appropriated for expenditure from the general fund for the fiscal year;

(II) For the fiscal year 1987-88, six percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(III) For the fiscal year 1988-89 and each fiscal year thereafter ending with the fiscal year 2011-12, except for the fiscal years 1990-91, 1991-92, 1992-93, 2001-02, 2002-03, 2003-04, 2006-07, 2008-09, 2009-10, and 2010-11, as provided in subparagraphs (IV), (V), (VI), (VII), (VIII), (IX), (X), (XI), and (XI.5) of this paragraph (d), four percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(IV) For the fiscal years 1990-91 and 1991-92, three percent of the amount appropriated for expenditure from the general fund for that fiscal year. The additional amount of general fund moneys made available for appropriation by the reduction in the required reserve from four percent to three percent for the fiscal year 1990-91, as provided in this subparagraph (IV), may be appropriated only for the purpose of alleviating prison overcrowding, and any such appropriation shall not be subject to the limitation on general fund appropriations set forth in paragraph (a) of this subsection (1). The additional amount of general fund moneys made available for appropriation by the reduction in the required reserve from four percent to three percent for the fiscal year 1991-92, as provided in this subparagraph (IV), may be appropriated for any lawful purpose.

(V) For the fiscal year 1992-93, three percent of the amount appropriated for expenditure from the general fund for that fiscal year reduced by fourteen million dollars. The additional amount of general fund moneys made available for appropriation by the reduction in the required reserve from four percent to the amount provided in this subparagraph (V) may be appropriated during the fiscal year 1992-93 for any lawful purpose.

(VI) For the fiscal year 2001-02, no percentage of the amount appropriated for expenditure from the general fund for that fiscal year, as no reserve shall be required for said fiscal year. The additional amount of general fund moneys made available for appropriation by the elimination of the required reserve from four percent for the fiscal year 2001-02, as provided in this subparagraph (VI), may be appropriated for any lawful purpose.

(VII) and (VIII) Repealed.

(IX) For the fiscal year 2006-07, if the resources of the general fund are inadequate to meet the reserve required by subparagraph (III) of this paragraph (d), the state controller shall accrue a transfer from the capital construction fund to the general fund in the amount necessary to meet the reserve requirement of subparagraph (III) of this paragraph (d) up to thirty million dollars. The requirements of this subparagraph (IX) shall be applied before the requirements of section 39-26-123 (4)(a)(VI)(B), C.R.S.

(X) For the fiscal year 2008-09:

(A) Except as otherwise provided in sub-subparagraph (B) of this subparagraph (X), two percent of the amount appropriated for expenditure from the general fund for that fiscal year. The additional amount of general fund moneys made available for appropriation by the reduction

in the required reserve from four percent to two percent may be appropriated during the fiscal year 2008-09 for any lawful purpose.

(B) If the revenue estimate prepared for the fiscal year 2008-09 in accordance with section 24-75-201.3 (2) in June of 2009 indicates that general fund expenditures for that fiscal year based on appropriations then in effect will exceed the amount of general fund revenues available, excluding the reserve required by sub-subparagraph (A) of this subparagraph (X), upon written order, the governor may further reduce the required reserve from two percent to either a lower percentage or to a zero percentage as is necessary to cover to the greatest extent possible any appropriations then in effect made from the general fund for which general fund moneys would not otherwise be available comprising such reserve.

(XI) For the fiscal year 2009-10, two percent of the amount appropriated for expenditure from the general fund for that fiscal year. The additional amount of general fund moneys made available for appropriation by the reduction in the required reserve from four percent to two percent may be appropriated during the fiscal year 2009-10 for any lawful purpose.

(XI.5) For the fiscal year 2010-11, two and three-tenths percent of the amount appropriated for expenditure from the general fund for that fiscal year. The additional amount of general fund moneys made available for appropriation by the reduction in the required reserve from four percent to two and three-tenths percent may be appropriated during the fiscal year 2010-11 for any lawful purpose. Notwithstanding any provision of law to the contrary, on the date on which the state controller publishes the comprehensive annual financial report of the state for the fiscal year 2010-11, the state treasurer shall transfer the general fund surplus designated in accordance with section 24-75-201 (1) for the fiscal year 2010-11, which represents the unrestricted general fund balance after the applicable amount of reserve required pursuant to this subparagraph (XI.5), as follows:

(A) Except as otherwise provided in sub-subparagraph (B) of this subparagraph (XI.5), the general fund surplus shall be transferred to the state education fund created in section 17 (4) of article IX of the state constitution.

(B) An amount equal to the additional estimated revenue shall be transferred to the state public school fund created in section 22-54-114, C.R.S.; except that the transfer pursuant to this sub-subparagraph (B) shall not exceed sixty-seven million five hundred thousand dollars. For purposes of this sub-subparagraph (B), "additional estimated revenue" means the amount by which the June 2011 estimate of general fund revenue prepared by the office of state planning and budgeting for the 2010-11 fiscal year exceeds the March 2011 estimate of general fund revenue prepared by the office of state planning and budgeting for the 2010-11 fiscal year.

(XII) For the fiscal year 2012-13, five percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(XIII) For the fiscal year 2013-14, five percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(XIV) For the fiscal year 2014-15, six and one-half percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(XV) and (XVI) Repealed.

(XVII) For the fiscal year 2015-16, an amount equal to five and six-tenths percent of the amount appropriated for expenditure from the general fund for that fiscal year minus the total amount credited to the reserve created in section 39-29-107.8 in accordance with section 39-29-107.8 (2)(a);

(XVIII) For the fiscal year 2016-17, six percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(XVIII.5) For the fiscal year 2017-18, six and one-half percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(XIX) For the fiscal year 2018-19, seven and twenty-five one-hundredths percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(XX) For the fiscal year 2019-20, three and seven one-hundredths percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(XXI) For the fiscal year 2020-21, two and eighty-six one-hundredths percent of the amount appropriated for expenditure from the general fund for that fiscal year;

(XXII) For the fiscal year 2021-22, thirteen and four-tenths percent of the amount appropriated for expenditure from the general fund for that fiscal year; and

(XXIII) For the fiscal year 2022-23 and each fiscal year thereafter, fifteen percent of the amount appropriated for expenditure from the general fund for that fiscal year.

(e) Repealed.

(2) The basis for the calculation of the reserve as specified in this section includes all appropriations for expenditure from the general fund for such fiscal year, except for any appropriations for:

(a) Expenditure from the general fund due to a state fiscal emergency as provided for in subparagraph (IV) of paragraph (a) of subsection (1) of this section;

(b) to (d) Repealed.

(e) Expenditures from the healthy school meals for all program general fund exempt account created in section 22-82.9-210 (2).

(3) Any reimbursement made by a county to the state for the cost incurred by the state in reappraising any class or classes of taxable property for property tax purposes for which reimbursement is required by section 39-1-105.5, C.R.S., shall be made to the state treasurer, who shall, upon receipt thereof, credit the amount of such reimbursement to the state general fund.

(4) Repealed.

24-75-201.2. Restriction on state spending - unrestricted general fund year-end balances. (1) (a) For purposes of determining unrestricted general fund year-end balances as required in section 24-75-201.1 at the end of any fiscal year, moneys budgeted or allocated for possible state liability, pending the determination of a legal action, shall not be included.

(b) Moneys budgeted or allocated for possible state liability, pending determination of a legal action, may be utilized for such purpose without regard to the restrictions on and requirements for expenditures established in section 24-75-201.1.

(2) For purposes of determining the unrestricted general fund year-end balances as required in section 24-75-201.1, the year-end balance of the federal revenue sharing trust fund and all moneys received from the general and special revenue programs of the federal government shall be included in said balances.

24-75-201.3. Procedures relating to revenue estimates.

(1) (Deleted by amendment, L. 2013.)

(2) Notwithstanding section 24-1-136 (11)(a)(I), no later than June 20 prior to the beginning of each fiscal year, and no later than September 20, December 20, and March 20 within each fiscal year, the governor, with the assistance of the controller, the office of state

planning and budgeting, and the governor's revenue-estimating advisory group, shall make an estimate of general fund revenues for such fiscal year. Copies of each such revenue estimate must be promptly transmitted to the general assembly. Such revenue estimates are used in the implementation of section 24-75-201.5 but are not binding on the general assembly in determining the amount of general funds available for appropriation for the next ensuing fiscal year.

24-75-201.5. Revenue shortfalls - required actions by the governor with respect to the reserve. (1) (a) Whenever the revenue estimate for the current fiscal year, prepared in accordance with section 24-75-201.3 (2), indicates that general fund expenditures for such fiscal year based on appropriations then in effect will result in the use of one-half or more of the reserve required by section 24-75-201.1 (1)(d), the governor shall formulate a plan for reducing such general fund expenditures so that said reserve, as of the close of the fiscal year, will be at least one-half of the amount required by said section 24-75-201.1 (1)(d). The governor shall promptly notify the general assembly of the plan. The plan shall be promptly implemented by the governor, using the procedures set forth in section 24-2-102 (4) or 24-50-109.5 or any other lawful means.

(b) to (g) Repealed.

(2) In formulating a plan for the reduction of general fund expenditures as required by subsection (1) of this section, the governor may consider any recommendations for reducing general fund expenditures of the institutions of higher education submitted by the Colorado commission on higher education, after consultation with the governing boards of such institutions.

(3) Repealed.

(4) Whenever the governor has formulated and implemented a plan to reduce general fund expenditures in accordance with subsection (1) of this section, and such plan reduces general fund expenditures in an amount equal to or greater than one percent of all general fund appropriations for the fiscal year, the governor, after consultation with the capital development committee and the joint budget committee, may transfer general fund moneys from the capital construction fund into the general fund. Pursuant to this subsection (4), the governor will restrict the capital construction projects in the reverse order of the priorities as established by the capital development committee unless approved by the capital development committee and the joint budget committee.

24-75-201.7. Enforcement of state spending restriction - punitive or exemplary damages - property tax relief fund - creation. Any punitive or exemplary damages awarded to any party to a lawsuit brought to enforce the restriction on state spending as set forth in section 24-75-201.1 shall be deposited and credited to the property tax relief fund, which is hereby created in the state treasury. All moneys in the fund at the end of any fiscal year shall remain in the fund and shall not be transferred or credited to the state general fund or to any other state fund. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. Moneys in said fund shall be used only in such manner as the general assembly deems appropriate as to provide property tax relief throughout the state and shall never be available for appropriation for any other state purpose.

24-75-202. Imprest cash accounts. (1) The controller may, in writing, authorize any department, institution, or agency of the state government to withdraw from any moneys in the state treasury available to it such amount as he may specify, to be used as an imprest cash account.

(2) Under procedures prescribed by the controller, such department, institution, or agency may pay out of said imprest cash account, locally, such operating expense items as would be allowable if submitted on a regular voucher. The aggregate amount of such payments shall be submitted to the office of the state controller, monthly or more often, on a voucher signed by the fiscal officer of such department, institution, or agency or by some person authorized to act for him or her, and, upon approval of the same, a warrant or check in said amount shall be drawn upon the state treasurer for replenishment of said imprest cash account.

24-75-203. Loans and advances. (1) (a) Upon the prior written approval of the governor and the controller as to purpose and amount, the state treasurer may lend the approved amount, out of any moneys in the state treasury not immediately required to be disbursed, to any department, institution, or agency to provide it with working capital for the operation of business enterprises by institutions of higher education the primary purpose of which is not teaching or research and which are, or may be, in competition with private enterprise or any other self-maintaining program in other state agencies which generate their own revenues and which in the judgment of the state treasurer have the capacity to repay loans on the terms described in this subsection (1). Except as provided in section 17-24-106 (1)(j), C.R.S., any such loan shall bear interest at the earnings rate calculated monthly by the state treasurer. Loans shall be repaid to the state treasury by the borrower out of moneys to be subsequently received by it from the activities specified in this subsection (1) at such times as the controller shall direct. Loans made pursuant to this section shall be reviewed at least annually by the controller to determine if such loans have a continuing purpose and necessity. The general assembly may, through appropriation or notation in the general appropriation bill, place limitations on the amount to be loaned either in total or to any department, institution, or agency.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (1), for purposes of the loan approved to the Colorado state fair authority created in section 35-65-401, C.R.S., the authority may repay the loan with the appropriation specified in section 24-49.7-106 (5)(a).

(2) The controller may authorize an advance without interest to be made to any department, institution, or agency of the state government to provide it with working capital for the operation of programs other than those enterprises listed in subsection (1) of this section or for federal programs for which federal advances or letters of credit are not available in such amount as he may determine, but the amount advanced shall not exceed twelve million dollars to any such department, institution, or agency, out of any moneys available in the state treasury as provided in section 24-36-103 (1), and upon such authorization the state treasurer may make such advance. Under procedures prescribed by the controller, such department, institution, or agency may pay out of such advance any items which would be allowable if submitted on a regular voucher. Any such advance shall be repaid to the state treasury at such time as the controller shall direct. Advances authorized pursuant to this section shall be reviewed at least annually by the controller to determine if such advances have a continuing purpose and necessity. The general assembly may, through appropriation or notation in the general appropriation bill, place limitations on the amount to be advanced either in total or to any agency, department, or institution.

24-75-219. Transfers - transportation - capital construction - definitions - repeal. (1)

As used in this section, unless the context otherwise requires:

(a) "Capital construction fund" means the capital construction fund created in section 24-75-302.

(b) Repealed.

(c) "Funds" means the highway users tax fund and the capital construction fund.

(d) "Highway users tax fund" means the highway users tax fund created in section 43-4-201, C.R.S.

(e) and (f) Repealed.

(g) "Multimodal transportation and mitigation options fund" means the multimodal transportation and mitigation options fund created in section 43-4-1103 (1).

(g.5) "Revitalizing main streets program" means the department of transportation's grant program to support communities across the state as they build and improve multimodal infrastructure in a way that safely connects Coloradans to the community-focused downtowns where they live, work, dine, and shop.

(h) "State highway fund" means the state highway fund created in section 43-1-219.

(2) to (5) Repealed.

(6) On March 19, 2021, the state treasurer shall transfer thirty million dollars from the general fund to the state highway fund for the purpose of providing additional funding for the revitalizing main streets and safer main streets programs of the department of transportation.

(7) In addition to any other transfers required by this section:

(a) On June 30, 2021, from the money that the state received from either the federal coronavirus state fiscal recovery fund under section 9901 of title IX, subtitle M of the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, which is eligible to be used as specified in section 602 (c)(I)(C) of said section 9901, or from the general fund, as specified, the state treasurer shall transfer:

(I) One hundred eighty-two million one hundred sixty thousand dollars from money the state received from the federal coronavirus state fiscal recovery fund to the state highway fund. Of this amount, twenty-two million one hundred sixty thousand dollars is for the purpose of providing additional funding for the revitalizing main streets program and five hundred thousand dollars is for the purpose of acquiring, planning the development of, or developing the Burnham Yard rail property in Denver.

(II) One hundred sixty-one million three hundred forty thousand dollars from money the state received from the federal coronavirus state fiscal recovery fund to the multimodal transportation and mitigation options fund; and

(III) Thirty-six million five hundred thousand dollars from the general fund to the highway users tax fund.

(b) On July 1, 2021, the state treasurer shall transfer one hundred seventy million dollars from the general fund to the state highway fund.

(b.5) On July 1, 2022, the state treasurer shall transfer:

(I) Forty-seven million one hundred thousand dollars from the general fund to the state highway fund; and

(II) Thirty-one million four hundred thousand dollars from the general fund to the highway users tax fund.

(c) On each July 1 from July 1, 2024, through July 1, 2031, the state treasurer shall transfer:

(I) Ten million five hundred thousand dollars from the general fund to the multimodal transportation and mitigation options fund; and

(II) Seven million dollars from the general fund to the state highway fund for the purpose of providing additional funding for the revitalizing main streets program.

(d) (I) On each July 1 from July 1, 2024, through July 1, 2028, the state treasurer shall transfer one hundred million dollars from the general fund to the state highway fund; and

(II) On each July 1 from July 1, 2029, through July 1, 2031, the state treasurer shall transfer eighty-two million five hundred thousand dollars from the general fund to the state highway fund.

(e) The department of transportation shall expend ten million dollars of each transfer from the general fund to the state highway fund made pursuant to subsection (7)(d)(I) of this section from July 1, 2024, through July 1, 2028, solely to mitigate the environmental and health impacts of increased air pollution from motor vehicle emissions in nonattainment areas by funding projects that reduce vehicle miles traveled or that directly reduce air pollution.

(f) (I) On June 30, 2022, the state treasurer shall transfer from the general fund an amount equal to the lesser of fifty percent of the amount by which revenue for the 2020-21 state fiscal year that is subject to the excess state revenues cap, as defined in section 24-77-103.6 (6)(b), and does not exceed the cap exceeded what the cap would have been if the cap had been calculated in accordance with law in effect immediately prior to the enactment of Senate Bill 21-260, enacted in 2021, or one hundred fifteen million dollars as follows:

(A) Ninety-four percent of the amount to the multimodal transportation and mitigation options fund; and

(B) Six percent of the amount to the state highway fund for the purpose of providing additional funding for the revitalizing main streets program.

(II) On June 30, 2023, and on June 30 of each succeeding state fiscal year through June 30, 2026, the state treasurer shall transfer from the general fund an amount equal to the lesser of fifty percent of the amount by which revenue for the prior state fiscal year that is subject to the excess state revenues cap, as defined in section 24-77-103.6 (6)(b), and does not exceed the cap for the prior state fiscal year is estimated to exceed what the cap would have been if the cap had been calculated in accordance with law in effect immediately prior to the enactment of Senate Bill 21-260, enacted in 2021, or one hundred fifteen million dollars less the cumulative amount of all transfers previously made pursuant to this subsection (7)(f) as follows:

(A) Ninety-four percent of the amount to the multimodal transportation and mitigation options fund; and

(B) Six percent of the amount to the state highway fund for the purpose of providing additional funding for the revitalizing main streets program.

(g) and (h) Repealed.

(i) (I) On July 1, 2023, the state treasurer shall transfer five million dollars from the general fund to the state highway fund. The money transferred pursuant to this subsection (7)(i)(I) must be used by the department of transportation for the purpose of developing comprehensive operational capacity to maximize utilization and implementation of federal infrastructure funding.

(II) This subsection (7)(i) is repealed, effective July 1, 2025.

(j) (I) On October 1, 2023, the state treasurer shall transfer, for the 2023-24 state fiscal year, from the general fund to the marijuana cash fund, created in section 44-10-801, the amount of money that the department of revenue reports to the state treasurer pursuant to section 44-10-801 (6).

(II) This subsection (7)(j) is repealed, effective September 1, 2024.

24-75-220. State education fund - transfers - surplus - legislative declaration. (1) Notwithstanding any provision of law to the contrary, on the date on which the state controller publishes the comprehensive annual financial report of the state for the fiscal year 2011-12, the state treasurer shall transfer to the state education fund created in section 17 (4) of article IX of the state constitution fifty-nine million dollars from the general fund surplus designated in accordance with section 24-75-201 (1) for the fiscal year 2011-12, which represents the unrestricted general fund balance after the applicable amount of reserve required pursuant to section 24-75-201.1 (1)(d).

(2) Notwithstanding any provision of law to the contrary, on the date on which the state controller publishes the comprehensive annual financial report of the state for the fiscal year 2012-13, the state treasurer shall transfer to the state education fund created in section 17 (4) of article IX of the state constitution the general fund surplus designated in accordance with section 24-75-201 (1) for the fiscal year 2012-13, which represents the unrestricted general fund balance after the applicable amount of reserve required pursuant to section 24-75-201.1 (1)(d).

(3) (a) The general assembly hereby finds and declares that Senate Bill 13-234, enacted in 2013, required the state treasurer to transfer moneys from the general fund to the old hire plan members' benefit trust fund created in section 31-31-701 (6), C.R.S., to satisfy the state's future required payments. This transfer reduced the amount of the general fund surplus that would otherwise have been transferred to the state education fund created in section 17 (4) of article IX of the state constitution under subsection (2) of this section. The transfers in paragraph (b) of this subsection (3) are intended to reimburse the state education fund for this reduced transfer and they represent the amount the state would have contributed to the old hire plan member's benefit trust fund in the absence of the early pay off.

(b) On April 30, 2014, the state treasurer shall transfer forty-five million three hundred twenty-one thousand seventy-nine dollars from the general fund to the state education fund created in section 17 (4) of article IX of the state constitution. On April 30, 2015, and April 30 of each year thereafter through 2018, the state treasurer shall transfer twenty-five million three hundred twenty-one thousand seventy-nine dollars from the general fund to the state education fund. On April 30, 2019, the state treasurer shall transfer twenty-four million nine hundred ninety-one thousand seven hundred thirty-nine dollars from the general fund to the state education fund.

(4) Repealed.

(5) On July 1, 2019, the state treasurer shall transfer forty million three hundred twenty-six thousand eight hundred ninety-six dollars (\$40,326,896) from the general fund to the state education fund created in section 17 (4) of article IX of the state constitution.

(6) (a) On March 1, 2021, the state treasurer shall transfer one hundred thirteen million dollars from the general fund to the state education fund created in section 17 (4) of article IX of the state constitution.

(a.5) On July 1, 2021, the state treasurer shall transfer one hundred million dollars from the general fund to the state education fund created in section 17 (4) of article IX of the state constitution.

(b) On March 1, 2022, the state treasurer shall transfer twenty-three million dollars from the general fund to the state education fund created in section 17 (4) of article IX of the state constitution.

(7) Repealed.

(8) On July 1, 2022, the state treasurer shall transfer two hundred ninety million dollars from the general fund to the state education fund created in section 17 (4) of article IX of the state constitution.

24-75-225. Care subfund - creation - administration - transfer - legislative declaration. (1) The care subfund is created in the general fund. The subfund consists of seventy million dollars transferred to the general fund in accordance with the governor's executive order D 2020 070. Money in the subfund is subject to appropriation by the general assembly for allowable expenditures under section 42 U.S.C. 801 (d).

(2) A state department that receives an appropriation from the care subfund shall comply with any reporting or record-keeping requirements established by the state controller or the office of state planning and budgeting for the federal funds included in the subfund.

(3) Any money transferred from the care subfund to another cash fund is subject to the reporting and record-keeping requirements set forth in subsection (2) of this section. If as of December 31, 2021, there is any unexpended money that originated from the care subfund in another cash fund, then the state treasurer shall transfer the unexpended amount from the cash fund to the subfund prior to the transfer required in subsection (4)(a) of this section.

(4) (a) Just prior to the close of business on December 31, 2021, any unexpended appropriations from the care subfund revert to the subfund, and the state treasurer shall transfer the final balance in the subfund to the unemployment compensation fund, created in section 8-77-101 (1).

(b) The general assembly hereby finds and declares that:

(I) The public health emergency caused by COVID-19 caused a historic increase in unemployment in the state and this has caused a dramatic increase in the number of claims for benefits from the unemployment compensation fund;

(II) As a result, it is estimated that the unemployment compensation fund will have a deficit of approximately two billion dollars by the end of the fiscal year 2020-21;

(III) These costs will not be reimbursed by the federal government, nor are they accounted for in the budget approved as of March 27, 2020;

(IV) The United States department of treasury has stated that payments to the state unemployment insurance fund are an allowable use of the money from the federal coronavirus relief fund, under section 42 U.S.C. 801 (d); and

(V) The transfer from the care subfund to the state unemployment compensation fund is a necessary expenditure incurred due to the public health emergency with respect to COVID-19.

(c) The money transferred from the care subfund is not a grant to the unemployment compensation fund under section 24-77-102 (7)(b)(III).

24-75-226. "American Rescue Plan Act of 2021" cash fund - creation - recipient funds - limitations - reporting - legislative declaration - definitions - repeal. (1) As used in this section, unless the context otherwise requires:

(a) "American Rescue Plan Act of 2021" means the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended.

(a.5) "Coronavirus state fiscal recovery fund" means the federal fund created in 42 U.S.C. sec. 802, or any successor fund.

(b) "Fund" means the "American Rescue Plan Act of 2021" cash fund created in subsection (2) of this section.

(c) "Office" means the office of state planning and budgeting created in section 24-37-102.

(d) "Recipient fund" means a cash fund that includes any money that at one time was in the "American Rescue Plan Act of 2021" cash fund created in subsection (2) of this section.

(e) "Secretary" means the secretary of the treasury of the United States.

(f) "Subrecipient" means a person that receives money from the fund or a recipient fund to carry out a program or project on behalf of the state but that is not a beneficiary of the services or benefits provided through the program or project.

(2) The "American Rescue Plan Act of 2021" cash fund is hereby created in the state treasury. The fund consists of money credited to the fund pursuant to subsection (3) of this section.

(3) (a) From the money the state received from the federal coronavirus state fiscal recovery fund under section 9901 of title IX, subtitle M of the "American Rescue Plan Act of 2021", the state treasurer shall transfer three billion four hundred forty-eight million seven

hundred sixty-one thousand seven hundred ninety dollars, and any interest and income earned thereon, to the fund on June 11, 2021.

(b) The state treasurer shall deposit in the fund any money that a local government receives from the federal coronavirus local fiscal recovery fund and transfers to the state under section 9901 of title IX, subtitle M of the "American Rescue Plan Act of 2021".

(c) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the state emergency reserve cash fund created in section 24-77-104 (6)(a).

(d) The fund also includes the amount transferred to the fund in accordance with section 24-75-228 (3.5)(a).

(4) (a) The general assembly shall not appropriate money from the fund. The general assembly may transfer money in the fund to another cash fund that is established for the purpose of using the money from the federal coronavirus state fiscal recovery fund. Transfers from the fund to the general fund are prohibited. If there is any of the money transferred to the fund under subsection (3)(a) of this section remaining in the fund after any transfers from the fund required by bills enacted during the 2021 regular legislative session, then, of the remainder in the fund, the lesser of three hundred million dollars or the remainder is continuously appropriated to any department designated by the governor for any allowable purpose under the "American Rescue Plan Act of 2021". The money specified in subsection (3)(d) of this section is continuously appropriated to any department designated by the governor for any expenditures necessary to respond to the public health emergency with respect to COVID-19.

(b) A department may expend money appropriated from the fund or a recipient fund for purposes permitted under the "American Rescue Plan Act of 2021" and shall not use the money for any purpose prohibited by the act.

(c) (I) Notwithstanding any provision of law to the contrary, in order to ensure proper accounting for and compliance with the "American Rescue Plan Act of 2021", whenever money is transferred or appropriated to a recipient fund that also has money from other sources, the state controller or department controller shall create a companion cash fund that includes only the money the state received from the federal coronavirus state fiscal recovery fund under section 9901 of title IX, subtitle M of the "American Rescue Plan Act of 2021", but that is otherwise legally identical to the recipient fund, except as otherwise provided in subsection (4)(c)(II) of this section.

(II) Notwithstanding any provision of law to the contrary, the state treasurer shall credit all interest and income derived from the deposit and investment of money in a recipient fund that originates from money the state received from the federal coronavirus state fiscal recovery fund to the state emergency reserve cash fund created in section 24-77-104 (6)(a).

(d) (I) Money in the fund or a recipient fund must be expended or obligated by December 31, 2024. Just prior to the close of business on December 30, 2024, any unexpended appropriations from a recipient fund that are not for expenditures to be made after December 31, 2024, that were obligated before that date, revert to the "American Rescue Plan Act of 2021" cash fund, and the state treasurer shall transfer the unexpended and unobligated balance in the fund to the unemployment compensation fund created in section 8-77-101 (1). Any money obligated by December 31, 2024, must be expended by December 31, 2026. Effective December 31, 2026, the state controller shall transmit any unexpended money in the fund or a recipient fund to the United States department of the treasury.

(II) A subrecipient must spend or obligate money received from the fund or a recipient fund by November 30, 2024, and, by December 13, 2024, shall notify the state agency from which the subrecipient received the money of the status of the money that is obligated or expended. The subrecipient shall return to the state any unexpended and unobligated money under terms dictated by the state controller, and the state treasurer shall transfer the amount returned to the unemployment compensation fund created in section 8-77-101 (1). Any money obligated by November 30, 2024, must be expended by December 11, 2026. On or before December 11, 2026, the subrecipient shall return to the state any remaining money under terms dictated by the state controller and thereafter the state controller shall transmit the money to the United States department of the treasury in accordance with the treasury's requirements.

(III) The state controller shall determine whether money is obligated for purposes of determining the deadline for expenditures and the reversion or repayment of money in accordance with this subsection (4)(d).

(5) (a) (I) The state controller shall provide periodic reports to the secretary as required by the secretary under the "American Rescue Plan Act of 2021". The department of revenue shall provide the state controller with any information required by the secretary about any reductions or increases in net tax revenue.

(II) The general assembly hereby finds and declares that:

(A) Under 42 U.S.C. sec. 802 (c)(1)(C), the state is permitted to use money received from the coronavirus state fiscal recovery fund for the provision of government services to the extent of the reduction in the state's revenue due to the COVID-19 public health emergency relative to the revenues the state collected for the state fiscal year 2018-19;

(B) The United States department of the treasury has promulgated a rule to establish the methodology for the state to calculate a recipient government's annual reduction in revenue for the four calendar years beginning in 2020;

(C) As of May 27, 2022, the state reported a reduction for the 2020 and 2021 calendar years that totals three billion six hundred ninety-four million six hundred fifty-three thousand two hundred forty-nine dollars;

(D) This amount exceeds the total of all the funds that have yet to be reported to the United States department of the treasury; and

(E) Therefore, any money in the fund or transferred from the fund to a recipient fund is available to be reported as being an expenditure for the provision of government services.

(III) The state controller may report the expenditure of any money in or transferred from the "American Rescue Plan Act of 2021" that originated from the coronavirus state fiscal recovery fund as a government service to the extent of the reduction in the state's revenue due to the COVID-19 public health emergency relative to the revenues the state collected for the state fiscal year 2018-19, if the description is applicable, regardless of whether the purpose of the expenditure is also described as being to respond to the public health emergency with respect to COVID-19 or its negative economic impacts.

(b) The office and the state controller shall establish compliance requirements for any department that receives an appropriation from the fund or a recipient fund or any person that receives money from a department. If a department or person fails to comply with these requirements, then:

(I) A department shall, with approval by the office and state controller, identify the best method and fund source to be used to repay the fund or a recipient fund for the money expended on noncompliant functions, and, to the extent feasible, repay the fund or recipient fund;

(II) A person shall, to the extent possible, repay any money received by the state from the fund or recipient fund that is related to the noncompliance; and

(III) The state controller may, in his or her discretion, reduce or eliminate all unexpended appropriations from the fund or a recipient fund for the department.

(c) The office and the state controller shall establish reporting and record-keeping requirements for any department that expends money from the fund or a recipient fund or any person that receives the money from a department. To expend money from the fund or recipient fund, a department and the person must comply with these requirements.

(d) The office shall provide guidance on program evaluation, including exemptions from evaluation, evaluation criteria, implementation guidance, and selection of independent evaluators. To expend money from the fund or a recipient fund, a department or person that receives money from a department must comply with any program evaluation requirements established by the office.

(e) The office shall provide the joint budget committee with a yearly performance report that consists of the information that the state controller provides the secretary under subsection (5)(a) of this section and any other information, including program evaluation information, that the office determines to be relevant. Money in the fund or a recipient fund is not subject to the reporting requirements set forth in section 24-33.5-717.

(f) The general assembly may appropriate money from the revenue loss restoration cash fund created in section 24-75-227 to the department of personnel for use by the state controller and to the office for any direct or indirect expenses related to the administration of this subsection (5).

(g) The compliance, reporting, record-keeping, and program evaluation requirements established by the office of state planning and budgeting and the state controller apply to a person regardless of whether the person is a beneficiary or a subrecipient and regardless of whether the person receives the money directly from a department or from a subrecipient.

(6) Money transferred to the state highway fund and the multimodal transportation and mitigation options fund in accordance with section 24-75-219 (7), to the workers, employers, and workforce centers cash fund in accordance with section 24-75-231 (2)(b)(III), and to the revenue loss restoration cash fund in accordance with section 24-75-227 (2)(b)(III)(A) are subject to the requirements of this section as if they were recipient funds.

(7) This section is repealed, effective July 1, 2027.

Editor's note: This section takes effect June 11, 2021; however, section 4(2) of chapter 221 (SB 21-288), Session Laws of Colorado 2021, provides that subsection (6) of this section takes effect only if SB 21-260 (chapter 250) becomes law and takes effect either upon the

effective date of SB 21-288 or SB 21-260, whichever is later. SB 21-288 became law and took effect June 11, 2021, and SB 21-260 took effect June 17, 2021.

24-75-227. Revenue loss restoration cash fund - creation - allowable uses - definitions - repeal. (1) As used in this section, unless the context otherwise requires:

(a) "American Rescue Plan Act of 2021" means the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended.

(b) "Department" means a principal department identified in section 24-1-110 and the judicial department. The term also includes the office of the governor, including any offices created therein.

(c) "Fund" means the revenue loss restoration cash fund created in subsection (2) of this section.

(2) (a) The revenue loss restoration cash fund is created in the state treasury. The fund consists of money credited to the fund in accordance with subsection (2)(b) of this section and section 24-75-229 (4)(b). Subject to the limitations set forth in subsection (3) of this section, the general assembly may appropriate money from the fund to a department for the provision of government services, including kindergarten through twelfth grade public education, housing, state employees, asset maintenance, seniors, criminal justice, state parks, agriculture, and transportation infrastructure. The general assembly may transfer money from the fund to another cash fund to be used for the provision of such government services.

(b) (I) Three days after June 24, 2021, the state treasurer shall transfer one billion dollars from the "American Rescue Plan Act of 2021" cash fund created in section 24-75-226 to the fund.

(II) Repealed.

(III) The fund also includes:

(A) Five million five hundred sixty-three thousand nine hundred eighty-eight dollars from the money the state received from the federal coronavirus state fiscal recovery fund under section 9901 of Title IX, subtitle M of the "American Rescue Plan Act of 2021", which the state treasurer shall transfer to the fund;

(B) The amounts transferred to the fund in accordance with section 24-75-228 (3.5)(b) and (3.7); and

(C) The amount transferred to the fund in accordance with section 8-13.3-518 (4)(d)(II).

(3) (a) The total amount that the general assembly appropriates or transfers from the fund shall not exceed:

(I) Three hundred fifty-seven million dollars for the fiscal year 2021-22;

(II) Three hundred thirty-three million dollars for the fiscal year 2022-23; and

(III) Three hundred ten million dollars for the fiscal year 2023-24.

(b) (I) If the amount appropriated, expended, or transferred in a fiscal year from the fund is less than the limit specified in subsection (3)(a) of this section, then the general assembly may appropriate or transfer the remainder for any later fiscal year.

(II) The limit specified in this subsection (3) does not apply to any amount appropriated from the fund for the 2022-23 fiscal year for capital construction, capital renewal, or controlled maintenance, as each term is defined in section 24-30-1301.

(c) On and after January 1, 2022, the general assembly may only appropriate money from the fund through the annual general appropriation act or a supplemental appropriation act.

(3.5) Notwithstanding the limitation in subsection (3)(c) of this section, on July 1, 2022, the state treasurer shall transfer twenty-four million one hundred thirty-one thousand three hundred ninety dollars from the fund to the judicial department information technology cash fund created in section 13-32-114.

(3.7) Notwithstanding any provision of this section to the contrary, no later than three days after May 25, 2022, the state treasurer shall transfer six hundred million dollars from the revenue loss restoration cash fund created in subsection (2) of this section to the title XII repayment fund created in section 8-77-103 (3)(a).

24-75-228. Economic recovery and relief cash fund - creation - allowable uses - interim task force - report - legislative declaration - definitions - repeal. (1) As used in this section, unless the context otherwise requires:

(a) "American Rescue Plan Act of 2021" means the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended.

(b) "Department" means a principal department identified in section 24-1-110 and the judicial department. The term also includes the office of the governor, including any offices created therein.

(c) "Fund" means the economic recovery and relief cash fund created in subsection (2)(a) of this section or an identical companion fund created by operation of section 24-75-226 (4)(c).

(2) (a) The economic recovery and relief cash fund is hereby created in the state treasury. The fund consists of money credited to the fund in accordance with subsection (3) of this section and any other money that the general assembly may appropriate or transfer to the fund. To respond to the public health emergency with respect to COVID-19 or its negative economic impacts or for the provision of government services, the general assembly may appropriate or transfer money from the fund to a department for the following uses:

- (I) Assistance to small businesses;
- (II) Assistance to individuals and households;
- (III) Assistance to nonprofit organizations;
- (IV) Public health expenditures for COVID-19 prevention and response, including expenditures for public health staff;
- (V) Administrative costs associated with COVID-19 public health emergency assistance programs;
- (VI) Aid to impacted industries;

(VII) Assistance to unemployed workers;
(VIII) Contributions to the unemployment compensation fund created in section 8-77-101 (1); and

(IX) Relief efforts for unmet needs, especially for communities disproportionately impacted by the COVID-19 pandemic.

(b) In addition to the uses set forth in subsection (2)(a) of this section:

(I) The general assembly may appropriate money to a department from the fund or transfer the money to another cash fund to make necessary investments in water, sewer, or broadband infrastructure.

(II) (A) The general assembly hereby finds and declares that many businesses in the state, large and small, and especially businesses in rural areas, sustained significant negative economic impacts as a result of the COVID-19 pandemic and it is therefore important and appropriate that any economic development efforts undertaken with money from the fund to support the state's businesses meet the purpose of responding to the COVID-19 pandemic or its negative economic consequences as specified under the "American Rescue Plan Act of 2021".

(B) Fifteen days after June 21, 2021, forty million dollars shall be transferred to the Colorado economic development fund created in section 24-46-105. Subject to the requirements in subsection (2)(a) of this section and section 24-75-226 (4)(b), the Colorado office of economic development shall use ten million dollars to incentivize or support businesses in rural Colorado or to undertake any other economic development activity in rural Colorado permitted in section 24-46-105 in response to the negative economic impacts of the COVID-19 pandemic. The Colorado office of economic development shall use the remaining money, subject to the requirements in subsection (4) of this section, to provide grants to businesses or to undertake any other economic development activity permitted in section 24-46-105 in response to the negative economic impacts of the COVID-19 pandemic.

(III) Money from the fund may be used for domestic violence, sexual assault, or culturally specific programs described in article 7.5 of title 26; crime victim services funded through the Colorado crime victim services fund established in section 24-33.5-505.5; and services funded through the victims and witnesses assistance and law enforcement fund described in section 24-4.2-103.

(2.5) (a) Upon June 2, 2022, or as soon as possible thereafter, the state treasurer shall transfer twenty million dollars from the economic recovery and relief cash fund as follows:

(I) Three million dollars to the healthy forests and vibrant communities fund created in section 23-31-313 (10), which must be expended for the purposes specified in section 23-31-313 (6)(a)(IV);

(II) Two million dollars to the wildfire mitigation capacity development fund created in section 24-33-117 (1), which must be expended for the purposes specified in section 24-33-117 (3);

(III) Ten million dollars to the Colorado water conservation board construction fund created in section 37-60-121 (1)(a), which must be expended for the purposes specified in section 37-60-121 (12);

(IV) Two million five hundred thousand dollars to the Colorado water conservation board construction fund created in section 37-60-121 (1)(a), which must be expended for the purposes specified in section 37-60-121 (13); and

(V) Two million five hundred thousand dollars to the Colorado water conservation board construction fund created in section 37-60-121 (1)(a), which must be expended for the purposes specified in section 37-60-121 (14).

(b) The watershed restoration programs, wildfire mitigation programs, and the provision of services to assist political subdivisions of the state and other entities in the draw down of federal funds to which the state treasurer shall transfer money from the fund pursuant to subsection (2.5)(a) of this section are essential government services.

(c) Any department that receives money from the transfer made by the state treasurer pursuant to subsection (2.5)(a) of this section shall comply with the compliance, reporting, record-keeping, and program evaluation requirements established by the office of state planning and budgeting and the state controller in accordance with section 24-75-226 (5).

(3) (a) Three days after June 21, 2021, the state treasurer shall transfer eight hundred forty-eight million seven hundred sixty-one thousand seven hundred ninety dollars from the "American Rescue Plan Act of 2021" cash fund created in section 24-75-226 to the fund.

(b) Repealed.

(3.5) Notwithstanding any other provision of this section, within three business days after May 27, 2022, the state treasurer shall transfer from the fund the following amounts that originate from money the state received from the federal coronavirus state fiscal recovery fund:

(a) Seventy million dollars to the "American Rescue Plan Act of 2021" cash fund created in section 24-75-226 (2);

(b) Ten million dollars to the revenue loss restoration cash fund created in section 24-75-227 (2)(a);

(c) Fifteen million dollars to the affordable housing and home ownership cash fund created in section 24-75-229 (3)(a); and

(d) One million four hundred thirty-seven thousand one hundred seventy-two dollars to the workers, employers, and workforce centers cash fund created in section 24-75-231 (2)(a).

(3.7) Notwithstanding any other provision of this section, within three business days after May 27, 2022, the state treasurer shall transfer ten million dollars from the fund that originates from the general fund to the revenue loss restoration cash fund created in section 24-75-227 (2)(a).

(4) A department may expend money appropriated or transferred from the fund for purposes permitted under the "American Rescue Plan Act of 2021" and shall not use the money for any purpose prohibited by the act. A department or any person who receives money from the fund shall comply with any requirements set forth in section 24-75-226.

(5) (a) The executive committee of the legislative council shall, by resolution, create a task force to meet during the 2021 legislative interim and issue a report with recommendations to the general assembly and the governor on policies that use money from the fund to provide a stimulative effect to the state's economy, necessary relief for Coloradans, or that address emerging economic disparities resulting from the pandemic.

(b) The staff of the joint budget committee shall review the recommendations made by the task force to ascertain whether the recommendations will result in programs requiring ongoing appropriations of state money after the federal money has been expended and to identify whether the recommendations are duplicative of any existing state programs or appropriations, or duplicative of any existing federally funded state program.

(c) The general assembly may appropriate general fund money from the fund for the reasonable expenses of the task force.

(d) The task force may include nonlegislative members and create working groups to assist them. The executive committee of the legislative council shall specify requirements for members' participation in the task force. The task force shall not submit bill drafts as part of their recommendations.

(6) This section is repealed, effective July 1, 2027.

24-75-229. Affordable housing and home ownership cash fund - creation - allowable uses - task force - legislative declaration - definitions - repeal. (1) The general assembly finds, determines, and declares that:

(a) As a result of the COVID-19 public health emergency, a significant share of households across the state now face various forms of housing insecurity;

(b) Although the impacts of the COVID-19 public health emergency have been widespread, both the public health and economic impact of the pandemic have fallen most severely on disadvantaged communities and populations. Low-income communities, people of color, and tribal communities have faced higher rates of infection, hospitalization, and death, as well as higher rates of unemployment and lack of basic necessities such as food and housing. Preexisting social vulnerabilities magnified the pandemic in these communities, where a reduced ability to work from home and denser housing amplified the risk of infection.

(c) The federal government enacted the "American Rescue Plan Act of 2021" to provide support to state, local, and tribal governments in responding to the impact of COVID-19 and to assist their efforts to contain the effects of COVID-19 on their communities, residents, and businesses. Under the federal act, the state of Colorado receives over three billion dollars to be used for the purposes identified in the federal act.

(d) Regulations construing the federal act promulgated by the United States treasury identify a nonexclusive list of uses that address the disproportionate negative economic effects of the COVID-19 public health emergency, including building stronger communities through investments in housing and neighborhoods. Services in this category alleviate the immediate economic impact of the COVID-19 public health emergency on housing insecurity, while addressing conditions that contributed to poor public health and economic outcomes during the pandemic, namely concentrated areas with limited economic opportunity and inadequate or poor quality housing. Under these regulations, funds may be used for programs or services that address housing insecurity, lack of affordable and workforce housing, or homelessness, including:

(I) Supportive housing or other programs or services to improve access to stable, affordable housing among unhoused individuals;

(II) The development of affordable housing to increase the supply of affordable housing units that are livable, vibrant, and driven by community benefits; and

(III) Housing vouchers and assistance to allow individuals to relocate in neighborhoods with high levels of economic opportunity and to reduce concentrated areas of low economic opportunity.

(e) The general assembly further determines that the programs and services funded by the transfers in this section are appropriate uses of the money transferred to Colorado under the federal act. This money will be put to expeditious and efficient use in building stronger communities across the state by making investments in housing for populations, households, or geographic areas disproportionately affected by the COVID-19 public health emergency.

(f) By the enactment of this section, the general assembly intends that the money appropriated to the department of local affairs for use by the division of housing from the affordable housing and home ownership cash fund created in section 24-75-229 (3)(a) be used to finance programs and services that provide gap financing for projects financed through the housing investment trust fund created in section 24-32-717 or the housing development grant fund created in section 24-32-721. The general assembly further intends that the programs and services financed by this appropriation assist populations, households, or geographic areas disproportionately affected by the COVID-19 public health emergency in order to obtain affordable housing by the acquisition, construction, or renovation of affordable housing projects or land acquisition, thus enabling individuals and families to relocate to neighborhoods with high levels of economic opportunity and reducing concentrated areas of low economic opportunity.

(g) Pursuant to 31 C.F.R. 35.6 (b)(6), the transfer to the eviction legal defense fund required by subsection (3.5) of this section for the purpose of providing legal representation to indigent tenants to resolve civil legal matters arising on and after March 1, 2020, for an eviction or impending eviction related to the public health emergency caused by the COVID-19 public health emergency, is intended to address housing insecurity, lack of affordable housing, or homelessness to assist persons disproportionately affected by the public health emergency in obtaining affordable housing. Accordingly, the general assembly further finds, determines, and declares that the transfer required by subsection (3.5) of this section is an eligible use of money received by the state under the "American Rescue Plan Act of 2021", Pub.L. 117-2.

(2) As used in this section, unless the context otherwise requires:

(a) "American Rescue Plan Act of 2021" or "federal act" means the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended.

(b) "Department" means a principal department identified in section 24-1-110, the judicial department, and the legislative department.

(c) "Fund" means either the affordable housing and home ownership cash fund created in subsection (3)(a) of this section or an identical companion fund created in section 24-75-226 (4)(c).

(3) (a) The affordable housing and home ownership cash fund is hereby created in the state treasury. The fund consists of money deposited in the fund in accordance with subsection (3)(b) of this section and any other money that the general assembly may appropriate or transfer to the fund. To respond to the public health emergency with respect to COVID-19 or its negative economic impacts or for the provision of government services, the general assembly may appropriate or transfer money from the fund to a department or cash fund for programs or services that benefit populations, households, or geographic areas disproportionately affected by

the COVID-19 public health emergency to obtain affordable housing, focusing on programs or services that address housing insecurity, lack of affordable and workforce housing, or homelessness. Money from the fund may be expended to support the task force pursuant to subsection (6)(a) of this section. Permissible uses of such money include costs associated with the creation and administration of the task force and related expenses for research and evaluation undertaken by the task force.

(b) (I) Three days after June 25, 2021, the state treasurer shall transfer five hundred fifty million dollars from the "American Rescue Plan Act of 2021" cash fund created in section 24-75-226 to the fund;

(II) Repealed.

(III) The fund also includes the amount transferred to the fund in accordance with section 24-75-228 (3.5)(c).

(c) The division of housing within the department of local affairs shall use the appropriation made by House Bill 21-1329, enacted in 2021, for programs or services of the type and kind financed through the housing investment trust fund created in section 24-32-717 or the housing development grant fund created in section 24-32-721 to support the programs or services that benefit populations, households, or geographic areas disproportionately affected by the COVID-19 public health emergency to obtain affordable housing, focusing on programs or services that address housing insecurity, lack of affordable and workforce housing, or homelessness, including the programs or services described in subsection (1)(d) of this section. The division may use not more than three percent of any money appropriated or transferred to it under House Bill 21-1329, enacted in 2021, to cover the total administrative costs of the division in administering the programs or services for which money is appropriated or transferred to it under House Bill 21-1329, enacted in 2021.

(d) On July 1, 2022, the state treasurer shall transfer three hundred fifty million three hundred ninety-four thousand four dollars from the general fund to the fund.

(4) (a) Three days after June 25, 2021, the state treasurer shall transfer one million five hundred thousand dollars from the fund to the eviction legal defense fund created in section 13-40-127 (2).

(b) On July 1, 2022, the state treasurer shall transfer three hundred fifty million three hundred ninety-four thousand four dollars from the fund to the revenue loss restoration cash fund created in section 24-75-227.

(5) A department may expend money appropriated from the fund for purposes permitted under the "American Rescue Plan Act of 2021" and shall not use the money for any purpose prohibited by the act. A department, nonprofit organization, or local government, including a county, municipality, special district, or school district, or any other person who receives money from the fund shall comply with any requirements set forth in section 24-75-226.

(6) (a) The executive committee of the legislative council shall, by resolution, create a task force to meet during the 2021 interim and issue a report with recommendations to the general assembly and the governor on policies to create transformative change in the area of housing using money the state receives from the federal coronavirus state fiscal recovery fund under title IX, subtitle M of the "American Rescue Plan Act of 2021". The general assembly shall also review recommendations for such policies submitted by the strategic housing working group assembled by the department and the state housing board created in section 24-32-706 (1).

(b) The task force may include nonlegislative members and create working groups to assist them. The executive committee of the legislative council shall hire a facilitator to guide the work of the task force.

(c) The task force created in this section is not subject to the requirements specified in section 2-3-303.3 or rule 24A of the joint rules of the senate and the house of representatives. The executive committee of the legislative council shall specify requirements governing members' participation in the task force. The task force shall not submit bill drafts as part of their recommendations.

(d) The money in the fund is continuously appropriated to the legislative branch of state government for payment of the reasonable expenses incurred by the task force subject to the approval of the executive committee of the legislative council.

24-75-230. Behavioral and mental health cash fund - creation - allowable uses - task force - definitions - repeal. (1) As used in this section, unless the context otherwise requires:

(a) "American Rescue Plan Act of 2021" means the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended.

(b) "Department" means a principal department identified in section 24-1-110 and the judicial department. The term also includes the office of the governor, including any offices created therein.

(c) "Fund" means the behavioral and mental health cash fund created in subsection (2)(a) of this section or an identical companion fund created by operation of section 24-75-226 (4)(c).

(2) (a) The behavioral and mental health cash fund is created in the state treasury. The fund consists of money credited to the fund in accordance with subsection (2)(b) of this section and any other money that the general assembly may appropriate or transfer to the fund. To respond to the public health emergency with respect to COVID-19 or its negative economic impacts or for the provision of government services, the general assembly may appropriate money from the fund to a department for behavioral health care.

(b) (I) Three days after June 28, 2021, the state treasurer shall transfer five hundred fifty million dollars from the "American Rescue Plan Act of 2021" cash fund created in section 24-75-226 to the fund.

(II) Repealed.

(3) A department may expend money appropriated from the fund for purposes permitted under the "American Rescue Plan Act of 2021" Pub.L. 117-2, as the act may be subsequently amended, and shall not use the money for any purpose prohibited by the act. A department or any person who receives money from the fund shall comply with any requirements set forth in section 24-75-226.

(4) (a) The executive committee of the legislative council shall, by resolution, create a task force to meet during the 2021 interim and issue a report with recommendations to the

general assembly and the governor on policies to create transformational change in the area of behavioral health using money the state receives from the federal coronavirus state fiscal recovery fund under title IX, subtitle M of the "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended.

(b) The task force may include nonlegislative members and have working groups created to assist them. The executive committee shall hire a facilitator to guide the work of the task force.

(c) The task force created in this section is not subject to the requirements specified in section 2-3-303.3 or rule 24A of the joint rules of the senate and the house of representatives. The executive committee shall specify requirements governing members' participation in the task force. The task force shall not submit bill drafts as part of their recommendations.

(b) "COVID-19" means the coronavirus disease caused by the severe acute respiratory syndrome coronavirus 2, also known as SARS-CoV-2.

(c) "COVID-19 public health emergency" or "public health emergency" means the period beginning on January 1, 2020, and extending until the termination of the national emergency concerning the COVID-19 outbreak declared pursuant to the federal "National Emergencies Act", 50 U.S.C. sec. 1601 et seq.

(d) "Department" means a principal department identified in section 24-1-110 and the judicial department. The term also includes the office of the governor, including any offices created therein.

(e) "Fund" means the workers, employers, and workforce centers cash fund created in subsection (2)(a) of this section or an identical companion fund created by operation of section 24-75-226 (4)(c).

(2) (a) The workers, employers, and workforce centers cash fund is hereby created in the state treasury. The fund consists of money credited to the fund in accordance with subsection (2)(b) of this section and any other money that the general assembly may appropriate or transfer to the fund. The general assembly may appropriate money from the fund to respond to the negative economic impacts of the COVID-19 public health emergency or for the provision of government services, including for the following purposes:

(I) To provide assistance to unemployed workers, including job training for individuals who want to and are available for work;

(II) To provide assistance to households;

(III) For programs, services, or other assistance for populations disproportionately impacted by the COVID-19 public health emergency, such as programs or services that address or mitigate the impacts of the public health emergency on education;

(IV) To provide aid to impacted industries, small businesses, and nonprofit organizations to respond to the negative economic impacts of the COVID-19 public health emergency through the provision of related educational and job training services; and

(V) For administrative costs related to the purposes specified in subsections (2)(a)(I) to (2)(a)(IV) of this section.

(b) (I) Three days after June 23, 2021, the state treasurer shall transfer:

(A) Two hundred million dollars from the "American Rescue Plan Act of 2021" cash fund created in section 24-75-226 to the fund; and

(B) Twenty-five million dollars from the general fund to the fund.

(II) Repealed.

(III) The fund also includes:

(A) Thirty million nine hundred thirty-six thousand twelve dollars from the money the state received from the federal coronavirus state fiscal recovery fund under section 9901 of title IX, subtitle M of the "American Rescue Plan Act of 2021", which the state treasurer shall transfer to the fund; and

(B) The amount transferred to the fund in accordance with section 24-75-228 (3.5)(d).

(c) Three days after May 26, 2022, the state treasurer shall transfer thirty-two million three hundred seventy-three thousand one hundred eighty-four dollars from the money in the fund that originated from the general fund to the general fund.

(3) A department may expend money appropriated from the fund for purposes permitted under the "American Rescue Plan Act of 2021" and shall not use the money for any purpose prohibited by that act. A department or any person who receives money from the fund shall comply with any requirements set forth in section 24-75-226.

24-75-232. "Infrastructure Investment and Jobs Act" cash fund - creation - allowable uses - report - legislative declaration - definitions - repeal. (1) The general assembly finds and declares that:

(a) The federal government enacted with bipartisan support the "Infrastructure Investment and Jobs Act", which includes five hundred fifty billion dollars in federal funds for new infrastructure investments nationwide;

(b) Approximately two hundred programs identified in the federal act may be relevant to Colorado and initial estimates show the state could receive between approximately three billion four hundred million dollars and six billion eight hundred million dollars in new federal funding for infrastructure investments, with significant funding subject to nonfederal match requirements;

(c) With these available federal funds, Colorado has the opportunity to make significant progress on its infrastructure goals that can create positive impacts for Coloradans across the state;

(d) In order for the state to be competitive for the highest range of funding available to it under the federal act, it is necessary for departments to have funds available as a nonfederal match, although due to still-evolving federal guidance the amounts needed and specific types of projects may not be known in time for this money to be appropriated in the annual general appropriation act; and

(e) The general assembly desires the money in the "Infrastructure Investment and Jobs Act" cash fund to be allocated as follows; except that the anticipated percentages may change dependent on need and guidance developed by the federal government for implementation of the federal act:

(I) Thirty-five percent for transportation programs;

(II) Twenty-five percent for water, environmental, and resiliency programs;

(III) Twenty-five percent for power, grid, and broadband programs;

(IV) Ten percent for local match support; and

(V) Five percent for grant writing support, administrative support, and project planning.

(2) As used in this section, unless the context otherwise requires:

(a) "Department" means a principal department of the state as identified in section 24-1-110 and the office of the governor, including any offices created therein.

(b) "Fund" means the "Infrastructure Investment and Jobs Act" cash fund created in subsection (3) of this section.

(b.5) "Inflation Reduction Act" means the federal "Inflation Reduction Act of 2022", Pub.L. 117-169, as the act may be subsequently amended.

(c) "Infrastructure Investment and Jobs Act" or "federal act" means the federal "Infrastructure Investment and Jobs Act", Pub.L. 117-58, as the act may be subsequently amended.

(d) "Local government" means a county, a municipality, a city and county, or a special district.

(e) "Office" means the office of the governor.

(3) The "Infrastructure Investment and Jobs Act" cash fund is hereby created in the state treasury. The fund consists of money credited or transferred to the fund pursuant to subsection (4) of this section and any other money that the general assembly may appropriate or transfer to the fund.

(4) (a) (I) No later than three days after June 7, 2022, the state treasurer shall transfer eighty million two hundred fifty thousand dollars from the general fund to the fund.

(II) On July 1, 2023, the state treasurer shall transfer eighty-four million dollars from the general fund to the fund.

(b) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(c) On June 30, 2028, the state treasurer shall transfer all unexpended money in the fund to the general fund.

(5) (a) Subject to approval by the governor, a department may expend money in the fund as the matching nonfederal funds for infrastructure projects pursuant to requirements of the "Infrastructure Investment and Jobs Act" for the following categories:

- (I) Transportation infrastructure projects as set forth in the federal act;
- (II) Water, environmental, and resiliency projects as set forth in the federal act;
- (III) Power, grid, and broadband projects as set forth in the federal act; and
- (IV) Any other infrastructure project explicitly funded and set forth in the federal act.

(b) In addition to the uses set forth in subsection (5)(a) of this section:

(I) Subject to approval by the governor, a department may expend money in the fund to provide matching nonfederal funds to a local government or a federally recognized Indian tribe for match uses directed under the federal act; and

(II) The office may expend money from the fund to provide grant writing support, project planning support for federal funding opportunities in connection with the "Infrastructure Investment and Jobs Act" and related federal funding opportunities including funding opportunities from the "Inflation Reduction Act", and for administrative needs in processing applications for money from the fund and disbursing money awarded from the fund in accordance with this section.

(c) Subject to annual appropriation by the general assembly, a department and the office may expend money from the fund for the purposes set forth in this subsection (5).

(d) Before a departmental expenditure from the fund, the office shall develop a process for departments to apply to expend money from the fund for infrastructure projects that require nonfederal match funds in order to be eligible for federal approval to receive federal funding for the infrastructure project under the "Infrastructure Investment and Jobs Act" and a process for reviewing and approving applications.

(6) Any department expending money from the fund shall include information regarding amounts expended and anticipated to be expended and information on the specific infrastructure project or projects the money has been or is anticipated to be expended on in the department's annual presentation to joint committees of reference pursuant to section 2-7-203.

(7) (a) On or before October 1, 2022, and on a quarterly basis beginning on July 1, 2023, of every year thereafter, the office shall submit a report to the joint budget committee of the general assembly, the senate committee on transportation and energy or any successor committee, and the house of representatives committees on transportation and local government and energy and environment or any successor committees. The report must include:

(I) Information, organized by department and priority funding category, on awards that have been made pending federal approval including the amount of money awarded from the fund, the federal funds anticipated to be received upon federal approval, and any other funding sources anticipated;

(II) Information, organized by department and priority funding category, on awards that have been made and received federal approval including the amount of money awarded from the fund, the federal funds authorized, and any other funding sources authorized, received, or anticipated; and

(III) Actual expenditures by department for amounts awarded from the fund.

(b) In addition to the information required pursuant to subsection (7)(a) of this section, the office shall include in its first report due on or before October 1, 2022, information on the process that it has established for receiving and reviewing applications pursuant to subsection (5)(d) of this section and any recommendations for legislative changes for purposes of implementing the provisions of this section.

(c) Any department applying for an award of money from the fund must provide the office with the information necessary for the report required by this subsection (7) and comply with any request from the office for the information.

(8) This section is repealed, effective July 1, 2028.

24-75-302. Capital construction fund - capital assessment fees - calculation - information technology capital account. (1) (a) There is hereby created the capital construction fund. The fund consists of moneys transferred to the fund by the general assembly and moneys credited to the fund pursuant to section 24-30-1310. Moneys in the capital construction fund may be appropriated for capital construction, capital renewal, controlled maintenance, or state highway reconstruction, repair, and maintenance projects as requested pursuant to section 43-1-113 (2.5), C.R.S.; except that any moneys transferred to the capital construction fund for state highway reconstruction, repair, and maintenance projects may only be appropriated for such projects. The appropriation for projects must be set forth in a single line item as a total sum. All unappropriated balances in the fund at the close of any fiscal year must remain in the fund and may not revert to the general fund. All unexpended or unencumbered moneys from a capital construction fund appropriation to a state agency or state institution of higher education for any fiscal year reverts to the capital construction fund at the end of the period for which the moneys are appropriated. Except as provided in sections 2-3-1304 (1)(a.5) and 24-30-1303.7 (1), C.R.S., no portion of the unexpended balance of a state agency's or state institution of higher education's capital construction fund appropriation may be used by the state agency or the state institution of higher education for any additional projects that are beyond the scope or design of the original project without further approval by the capital development committee of such additional project. Anticipation warrants or checks may be issued against the revenues of the fund as provided by law. Except as provided in subsection (7) of this section, all interest earned from the investment of moneys in the capital construction fund must remain in the fund and become a part thereof.

(b) The unrestricted year-end balance of the capital construction fund for the 1991-92 fiscal year constitutes a reserve, as defined in section 24-77-102 (12), and, for purposes of section 24-77-103:

(I) Any moneys credited to the capital construction fund in any subsequent fiscal year must be included in state fiscal year spending, as defined in section 24-77-102 (17), for such fiscal year; and

(II) Any transfers or expenditures from the capital construction fund in any subsequent fiscal year may not be included in state fiscal year spending, as defined in section 24-77-102 (17), for such fiscal year.

(2) The controller shall transfer a sum as specified in this subsection (2) from the general fund to the capital construction fund as money becomes available in the general fund during the fiscal year beginning on July 1 of the fiscal year in which the transfer is made or on the date otherwise specified for the transfer. (2.7) and (3) Repealed.

(3.2) (a) There is hereby created a special account within the capital construction fund established pursuant to subsection (1) of this section to be known as the emergency controlled maintenance account. The account consists of any money appropriated to the account by the general assembly or transferred or credited to the account. The money in the account is subject to annual appropriation and may be used only to fund any unplanned and immediate controlled maintenance needs pursuant to section 24-30-1303.9 (5). All money unexpended or unencumbered in any fiscal year must remain in the account.

(b) On July 1, 2021, the state treasurer shall transfer to the capital construction fund created in subsection (1)(a) of this section eight million dollars of the money appropriated to the emergency controlled maintenance account in section 1 (1)(d) of House Bill 20-1408, enacted in 2020.

(c) On July 2, 2021, the state treasurer shall transfer to the capital construction fund created in subsection (1)(a) of this section any excess proceeds from the issuance of a lease-purchase agreement under Senate Bill 20-219 that are initially credited to the emergency controlled maintenance account. The transferred money is subsequently available for appropriation for capital construction, capital renewal, or controlled maintenance projects, but must be spent no later than March 1, 2024. Unexpended appropriations do not revert to the

general fund and must be spent for capital construction, capital renewal, or controlled maintenance projects no later than March 1, 2024.

(3.3) (a) There is hereby created a special account within the capital construction fund established pursuant to subsection (1) of this section to be known as the Fort Logan land sale account. The account consists of any money credited to the account by the state treasurer from the proceeds of the sale of fifty-one acres of vacant land around the Colorado mental health institute at Fort Logan to the United States department of veterans affairs for the purpose of expanding the Fort Logan national cemetery, authorized in House Bill 17-1346, enacted in 2017. The money in the account may be used for future capital construction, capital renewal, or controlled maintenance expenses of the department of human services, contingent upon approval by both the office of state planning and budgeting and the capital development committee; except that all or a portion of the money must be expended for veterans-related and behavioral health-related projects. The money in the account is subject to annual appropriation and all money that is unexpended or unencumbered in any fiscal year must remain in the account.

(b) Notwithstanding subsection (3.3)(a) of this section, on June 30, 2020, the state treasurer shall transfer seven million nine hundred thousand dollars from the Fort Logan land sale account to the general fund.

(3.5) There is hereby created a special account within the capital construction fund established pursuant to subsection (1) of this section to be known as the "financed purchase of an asset or certificate of participation servicing account" for the benefit of the department of personnel. The state treasurer shall deposit into the financed purchase of an asset or certificate of participation servicing account all money transferred or received pursuant to section 24-82-802 (9). Money in the financed purchase of an asset or certificate of participation servicing account is subject to annual appropriation and may only be used to pay annual financed purchase of an asset or certificate of participation payments, as defined in section 24-82-802 (1)(a), for financed purchase of an asset or certificate of participation agreements authorized pursuant to section 24-82-802 or for operating, maintenance, and controlled maintenance costs and to establish a reserve for controlled maintenance costs for the buildings subject to the financed purchase of an asset or certificate of participation agreements. All interest and income derived from the investment and deposit of money in the account shall be credited to the account. All money remaining in the account at the end of a fiscal year that is unexpended or unencumbered must remain in the account.

(3.7) (a) There is hereby created a special account within the capital construction fund established pursuant to subsection (1) of this section to be known as the information technology capital account. The account consists of any money appropriated or transferred to the account by the general assembly. The general assembly may appropriate money in the account for information technology projects. The appropriation for information technology projects must be set forth in a single line item as a total sum. All unappropriated balances in the account at the close of any fiscal year remain in the account and do not revert to the general fund. All unexpended or unencumbered money from an information technology capital account appropriation to a state agency or state institution of higher education for any fiscal year reverts to the account at the end of the period for which the money is appropriated. No portion of the unexpended balance of a state agency's or state institution of higher education's information technology capital account appropriation may be used by the state agency or the state institution of higher education for any additional projects that are beyond the scope or design of the original

project without further approval by the joint technology committee of the additional project. Anticipation warrants or checks may be issued against the revenues of the account as provided by law. All interest earned from the investment of money in the account must remain in and become part of the account.

(b) In addition to appropriations from the information technology capital account that are authorized pursuant to subsection (3.7)(a) of this section, the general assembly may appropriate money in the account for an information technology project that is submitted to the general assembly by the legislative or judicial department, the department of law, the department of state, or the department of the treasury as an operating request pursuant to section 2-3-208. Any appropriation from the account pursuant to this subsection (3.7)(b) is subject to the requirements of subsection (3.7)(a) of this section.

(3.8) (a) There is hereby created an account within the capital construction fund, established pursuant to subsection (1) of this section, to be known as the regional center depreciation account. For the 2014-15 fiscal year, and each fiscal year thereafter, the state controller shall annually transfer to the account all moneys received by the department of human services for depreciation of the state's regional centers. The moneys in the account are subject to appropriation and may only be used to fund capital construction, capital renewal, or controlled maintenance of the state's regional centers. The department of human services shall submit requests for moneys from the account to the capital development committee and only upon approval by the capital development committee may an appropriation be authorized in a bill enacted by the general assembly, the annual general appropriation act, or a supplemental appropriation act. All moneys unexpended or unencumbered in any fiscal year must remain in the account.

(b) The department of human services shall provide details to the joint budget committee no later than thirty-five days after the close of the fiscal year of the total moneys credited to the regional center depreciation and controlled maintenance account for the fiscal year.

(4) Notwithstanding any provision of subsection (2) of this section to the contrary, seventy-five million dollars of the amount to be transferred on July 1, 1994, pursuant to paragraph (g) of said subsection (2) and twenty-five million dollars of the amount to be transferred on July 1, 1995, pursuant to paragraph (h) of said subsection (2) shall be transferred by the state treasurer and the controller from general fund reserves into the capital construction fund and, as reserve transfers, shall be excluded from state fiscal year spending, as defined in section 20 (2)(e) of article X of the state constitution, for the 1994-95 and 1995-96 fiscal years, respectively.

(5) On November 9, 2001, pursuant to S.B. 01S2-023, enacted at the second extraordinary session of the sixty-third general assembly, the state treasurer and the controller shall transfer two hundred nineteen million two hundred sixty-six thousand eight hundred fifty-three dollars from the capital construction fund to the general fund created in section 24-75-201 (1).

(6) (a) On March 27, 2002, pursuant to H.B. 02-1389, enacted at the second regular session of the sixty-third general assembly, the state treasurer and the controller shall transfer thirty-seven million five hundred thousand seven hundred fifty-five dollars from the capital construction fund to the general fund created in section 24-75-201 (1).

(b) On March 26, 2003, pursuant to S.B. 03-179, enacted at the first regular session of the sixty-fourth general assembly, the state treasurer and the controller shall transfer twenty-five

million two hundred fifty-five thousand nine hundred forty dollars from the capital construction fund to the general fund created in section 24-75-201 (1).

(7) (a) Notwithstanding any provision of this section to the contrary, as soon as practicable after March 27, 2002, the state treasurer shall transfer from the capital construction fund to the general fund created in section 24-75-201 (1), an amount equal to the interest earned on the principal of the capital construction fund from the beginning of the 2001-02 fiscal year through February 28, 2002.

(b) For each succeeding calendar month of the 2001-02 fiscal year, through June 30, 2002, the state treasurer shall transfer from the capital construction fund to the general fund an amount equal to the interest earned on the principal of the capital construction fund during such calendar month no later than the last day of the month in which such interest was earned.

(c) (I) Notwithstanding any provision of this section to the contrary, as soon as practicable after March 26, 2003, the state treasurer shall transfer from the capital construction fund to the general fund created in section 24-75-201 (1), an amount equal to the interest earned on the principal of the capital construction fund from the beginning of the 2002-03 fiscal year through February 28, 2003.

(II) For each succeeding calendar month of the 2002-03 fiscal year, through June 30, 2003, the state treasurer shall transfer from the capital construction fund to the general fund an amount equal to the interest earned on the principal of the capital construction fund during the calendar month. The transfer shall occur no later than the last day of the month in which the interest was earned.

(8) On May 28, 2002, pursuant to H.B. 02-1443, enacted at the second regular session of the sixty-third general assembly, the state treasurer and the controller shall transfer fifty-three million five hundred forty-five thousand dollars from the capital construction fund to the general fund created in section 24-75-201 (1).

(9) On July 1, 2004, pursuant to H.B. 04-1412, enacted at the second regular session of the sixty-fourth general assembly, the state treasurer and the controller shall transfer two hundred eighty-five thousand seven hundred eighty-two dollars from the capital construction fund to the general fund created in section 24-75-201 (1).

(10) (a) Notwithstanding any other provision of this section to the contrary, on July 1, 2009, the state treasurer shall deduct twenty-eight million fifty-four thousand four hundred seventy-six dollars from the capital construction fund and transfer such sum to the general fund.

(b) Notwithstanding any other provision of this section to the contrary, on May 5, 2010, the state treasurer shall deduct thirteen million three hundred seventeen thousand eight hundred forty-five dollars from the capital construction fund and transfer such sum to the general fund.

(11) Notwithstanding any provision of this section to the contrary, on April 15, 2010, the state treasurer shall deduct three hundred thirty-five thousand dollars from the emergency controlled maintenance account in the capital construction fund and transfer such sum to the general fund.

(12) Notwithstanding any other provision of this section to the contrary, on June 30, 2020, the state treasurer shall transfer twenty-one million one hundred thirty-four thousand seven hundred nine dollars from the information technology capital account created in subsection (3.7) of this section to the general fund.

(13) The fund includes money transferred pursuant to sections 24-33.5-706 (4.7) and 39-29-109.3 (10).

24-75-302.5. Controlled maintenance - trust fund - legislative declaration. (1) In light of the fluctuating amounts of state revenues that have been available for controlled maintenance purposes in the past, the general assembly hereby finds and declares that a stable, predictable, and consistent source of revenues for controlled maintenance projects will better allow the state to fund such projects on a timely basis and avoid higher replacement costs. In order to provide a consistent source of revenues, the general assembly hereby further finds and declares that it is

appropriate to create a trust fund which will generate an annual amount of interest which will be dedicated to controlled maintenance.

(2) (a) There is hereby created the controlled maintenance trust fund, the principal of which shall consist of any general fund revenues appropriated or transferred thereto by law, moneys credited thereto pursuant to section 24-30-1310, and proceeds of leveraged leasing agreements deposited thereto pursuant to section 24-82-1003 (3). For the 1996-97 fiscal year and fiscal years thereafter, the principal of the trust fund may constitute all or some portion of the state emergency reserve established pursuant to section 24-77-104 and may be expended in any given fiscal year as provided in said section. The principal of the trust fund shall not be expended or appropriated for any purpose other than use as part of the state emergency reserve. The state treasurer may in the state treasurer's discretion deposit, redeposit, invest, and reinvest moneys accrued or accruing to the controlled maintenance trust fund in the types of deposits and investments authorized in sections 24-36-109, 24-36-112, and 24-36-113.

(b) Beginning September 1, 1994, and on September 1 of each year thereafter, the state treasurer shall certify to the general assembly the amount of interest actually earned on the principal of the trust fund during the previous fiscal year and shall also provide an estimate of the interest expected to be earned on such principal during the current fiscal year.

(c) Beginning with the 1996-97 fiscal year, the interest earned on the principal of the trust fund balance may be appropriated for controlled maintenance, as defined in section 24-30-1301 (4), as follows: Up to fifty percent of the amount of interest expected to be earned on the principal of the trust fund during the current fiscal year as estimated by the state treasurer and the amount of interest actually earned on the principal of the trust fund during the previous fiscal year as certified by the state treasurer, not to exceed a maximum of thirty-five million dollars in any fiscal year.

(d) The principal of the trust fund and any unappropriated interest earned on the principal of the trust fund at the close of any fiscal year must remain in the trust fund and may not revert to the general fund.

(e) (Deleted by amendment, L. 2004, p. 261, § 1, effective April 5, 2004.)

(f) Repealed.

(2.3) For the fiscal year commencing July 1, 2017, the state treasurer shall transfer twenty million dollars from the general fund to the controlled maintenance trust fund.

(2.4) For the fiscal year commencing July 1, 2018, the state treasurer shall transfer thirty million dollars from the general fund to the controlled maintenance trust fund.

(2.5) For the state fiscal year commencing July 1, 2019, the state treasurer shall transfer forty-two million dollars from the general fund to the controlled maintenance trust fund.

(2.7) (a) On December 3, 2020, the state treasurer shall transfer one hundred million dollars from the general fund to the controlled maintenance trust fund.

(b) (I) Prior to July 1, 2021, the governor may transfer to the disaster emergency fund, created in section 24-33.5-706 (2)(a), any money in the controlled maintenance trust fund transferred thereto in accordance with subsection (2.7)(a) of this section, if the money available in the disaster emergency fund is insufficient for the public health and emergency response costs associated with the COVID-19 pandemic emergency. No other transfers of this money to the disaster emergency fund are permitted.

(II) If, after the date of a transfer to the disaster emergency fund under subsection (2.7)(b)(I) of this section, the state receives a reimbursement from the federal government for

any expenditures from the disaster emergency fund, the state treasurer shall deposit the reimbursement into the controlled maintenance trust fund; except that the deposited amount shall not exceed the amount transferred under subsection (2.7)(b)(I) of this section.

(3) Notwithstanding any other provision of this section to the contrary:

(a) On July 1, 2001, the state treasurer and the controller shall transfer an amount equal to the principal balance of the trust fund as of June 30, 2001, to the general fund to be expended or transferred as provided by law.

(b) Repealed.

(4) Notwithstanding any other provision of this section to the contrary, on March 27, 2002, the state treasurer and the controller shall transfer nine million five hundred thousand dollars from the trust fund to the general fund.

(5) Notwithstanding any other provision of this section to the contrary, on June 1, 2006, the state treasurer and controller shall transfer one hundred eighty-five million six hundred twenty-seven thousand eight hundred one dollars from the trust fund to the general fund.

(6) (a) Notwithstanding any provision of this section to the contrary, on February 1, 2006, the state treasurer and the controller shall transfer three million one hundred forty-four thousand one hundred sixty-two dollars from the interest earned on the principal of the trust fund balance to the general fund to be used to increase the general fund appropriation for safety net provider payments for private hospitals under the Colorado indigent care program created in part 1 of article 3 of title 25.5, C.R.S.

(b) If, on February 1, 2006, there is not sufficient interest earned on the principal of the trust fund to make the transfer required by paragraph (a) of this subsection (6), the state treasurer and controller shall transfer the available interest as of February 1, 2006, and shall transfer the remaining interest due as the interest accrues.

(7) Notwithstanding any provision of this section to the contrary, on July 1, 2009, the state treasurer shall deduct eight hundred three thousand six hundred ten dollars from the trust fund and transfer such sum to the general fund.

(8) Notwithstanding any provision of this section to the contrary, on July 1, 2014, the state treasurer shall deduct nine million six hundred seventy-two thousand dollars from the trust fund and transfer such sum to the general fund for the purpose of supporting a fiscal year 2014-15 appropriation for the Colorado firefighting air corps created in section 24-33.5-1228.

(9) Notwithstanding any provision of this section to the contrary, on July 1, 2016, the state treasurer and the controller shall transfer one million dollars from the interest earned on the principal of the trust fund balance to the capital construction fund created in section 24-75-302.

(10) Notwithstanding any provision of this section to the contrary, on July 1, 2021, the state treasurer and the controller shall transfer one hundred ten million dollars from the general fund to the controlled maintenance trust fund for controlled maintenance budget requests prioritized by the office of the state architect as level one and level two priority projects under section 24-30-1303 (1)(t)(II).

24-75-303. Appropriation for capital construction. (1) The general assembly shall make a capital construction appropriation in such form, in such amounts, and from such funds as it deems necessary and may appropriate either for construction or for planning of any project.

(2) No capital construction appropriation may be made to or expended by any state agency or state institution of higher education that has not complied with the requirements of section 24-30-1303.5, with respect to preparation and maintenance of a state inventory of real property.

(2.5) No capital construction appropriation may be made to or expended by any state agency or state institution of higher education that has not received approval of a facility management plan for a vacant facility controlled by the state agency or state institution of higher education pursuant to section 24-30-1303.5, unless the capital development committee exempts the state agency or state institution of higher education from the provisions of section 24-30-1303.5 (3.5)(f).

(3) A capital construction project for a state institution of higher education that is expected to be paid from cash funds or other nonstate moneys held by the institution must be commenced pursuant to section 23-1-106, C.R.S.

(3.5) If a capital construction project for a state institution of higher education is to be completed using a combination of capital construction appropriations pursuant to this section and cash funds or other nonstate moneys held by the institution, the institution may, at any time prior to or after receiving the cash funds or other nonstate moneys, earn the moneys appropriated from the state capital construction fund. For any project funded in part by capital construction appropriations pursuant to this section, if there are cash funds or other nonstate moneys remaining after the project is completed, the institution shall refund moneys to the state capital construction fund in proportion to the amount of state capital construction moneys appropriated for the project.

(4) All contracts required as the result of a capital construction appropriation shall be entered into in accordance with section 24-30-1404 (7).

(5) (a) Except for an appropriation for a financed purchase of an asset or certificate of participation payment, except as provided in subsection (5)(b) of this section, and unless otherwise noted in a footnote in an appropriation act, an appropriation for a capital construction budget item or an information technology capital project, including capital construction, controlled maintenance, or capital renewal projects, as such terms are defined in section 24-30-1301, included in:

(I) The annual general appropriation act is available for expenditure upon enactment of the act and remains available for expenditure or encumbrance for three full fiscal years commencing with the fiscal year for which the annual general appropriation act is enacted, or until the project is completed, whichever is first; and

(II) A supplemental appropriation act authorized or required by section 2-3-208, 24-37-304, 24-75-111 (5), or 24-75-111.5 (5) is available for expenditure upon enactment of the supplemental appropriation act and remains available for expenditure or encumbrance for three full fiscal years commencing with the fiscal year during which the supplemental appropriation act was enacted, or until the project is completed, whichever is first; except that expenditures and nonmonetary adjustments allowed under section 24-75-111 or 24-75-111.5 are available for expenditure as specified in such sections.

(b) If a portion of an appropriation for a capital construction budget item or an information technology capital project, including capital construction, controlled maintenance, or capital renewal projects, is not expended in the first fiscal year, then the appropriation does not remain available for expenditure or encumbrance as described in subsection (5)(a) of this section.

(c) Any unexpended and unencumbered money remaining after the periods set forth in subsection (5)(a) of this section reverts to the fund from which it was appropriated.

24-75-305. Transfers from capital construction fund. (1) In accordance with the legislative declaration as specified in section 24-75-304, the controller and the state treasurer shall, from time to time, during any fiscal year as fiscal procedures may require and upon the written approval of the governor, transfer from the capital construction fund to the general revenue funds such amounts of money as shall be necessary to insure prompt payment of all warrants drawn against said general revenue funds if the controller first certifies:

(a) That the general revenue funds shall have sufficient moneys accruing to them in the same fiscal year in which the transfer is made to retransfer to the capital construction fund any moneys so transferred;

(b) That appropriations from the general revenue funds do not exceed estimated general fund revenues and estimated surplus; and

(c) That the capital construction fund has, at the time of the transfer, and will have sufficient moneys accruing to it during the period prior to the anticipated retransfer to enable it to meet its own obligations.

(2) The controller and the state treasurer shall retransfer from the general revenue funds to the capital construction fund any moneys transferred under the provisions of subsection (1) of this section prior to June 30 of the fiscal year in which the transfer was made.

24-75-307. Capitol complex master plan implementation fund - creation - transfers for fund. (1) The capitol complex master plan implementation fund is created in the state treasury. The fund consists of moneys transferred from the general fund to the fund as specified in subsection (2) of this section, any other money that the general assembly may transfer or appropriate to the fund, and interest and income derived from the deposit and investment of the fund, which remains in the fund and is not transferred to the general fund or any other fund at the end of any fiscal year.

(2) On July 1, 2019, and on July 1 of each succeeding fiscal year, the state treasurer, upon the request of the capital development committee, may make a transfer from the general fund to the capitol complex master plan implementation fund in an amount equal to twenty million dollars less the amount transferred to the national western center trust fund pursuant to section 23-31-902 (3), subject to the following limitations:

(a) If the state has not entered into one or more financed purchase of an asset or certificate of participation agreements as authorized by section 23-31-903, and no transfer is made to the national western center trust fund pursuant to section 23-31-902, ten million dollars may be transferred to the capitol complex master plan implementation fund and ten million dollars may be transferred to the controlled maintenance trust fund created in section 24-75-302.5 (2)(a); and

(b) The total amount transferred to the capitol complex master plan implementation fund pursuant to this subsection (2) shall not exceed eighty million dollars.

(2.5) On July 1, 2023, and on each July 1 thereafter through July 1, 2028, the state treasurer shall transfer any amount transferred to the capitol complex master plan implementation fund pursuant to subsection (2) of this section from the capitol complex master plan implementation fund to the capitol complex renovation fund created in section 24-30-1313.

(3) Subject to project-specific approval by the capital development committee of the general assembly and annual appropriation by the general assembly, the department of personnel may expend money from the capitol complex master plan implementation fund for any project that is included in the capitol complex master plan developed, and if applicable, modified or updated, pursuant to section 24-82-101 (3).

(4) On September 1, 2022, the state treasurer shall transfer eighteen million six hundred thousand dollars from the capitol complex master plan implementation fund to the capitol complex renovation fund created in section 24-30-1313.

PART 4

CASH FUNDS

Editor's note: This part 4 was numbered as article 5 of chapter 130, C.R.S. 1963. The substantive provisions of this part 4 were repealed and reenacted in 1973, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to

this part 4 prior to 1973, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

24-75-401. Cash funds abolished. (1) All revenues derived on and after July 1, 1973, from the proceeds of the cash funds subject to the provisions of this part 4 immediately prior to July 1, 1973, without any deduction on account of salaries, fees, costs, charges, expenses, or claims of any description whatsoever shall be transmitted to the office of the state treasurer, and said moneys so transmitted together with all balances remaining in said funds after payment of all obligations of the preceding fiscal year shall be credited to the general fund of the state, and said cash funds are abolished.

(2) The general assembly shall make appropriations out of the general fund for the fiscal year beginning July 1, 1973, for the state agencies requiring an expenditure for any purpose formerly paid out of any of the cash funds abolished by subsection (1) of this section, and thereafter each such agency shall make a budgetary request for each fiscal year as provided by law.

24-75-402. Cash funds - limit on uncommitted reserves - reduction in the amount of fees - exclusions - definitions. (1) The general assembly hereby finds that:

(a) Section 20 of article X of the state constitution limits state fiscal year spending;

(b) Subject to certain exclusions specified in section 20 of article X of the state constitution, all state general fund revenues and all state cash fund revenues are subject to the limitation on state fiscal year spending;

(c) The legislative powers of the general assembly, including but not limited to its plenary power of appropriation, authorize and require the general assembly to assure compliance with the limitation on state fiscal year spending and to make fundamental fiscal policy decisions establishing the level of activity of all departments and agencies of state government, including those funded by revenues generated from fees;

(d) Consonant with the exercise of such legislative powers, the general assembly must establish limits on the amount of uncommitted reserves that may be maintained by state agencies for cash funds and exercise any other necessary controls on cash fund revenues, including but not limited to the power of appropriation;

(e) In order to ensure compliance with the limitations on the amount of uncommitted reserves that may be maintained for any cash fund, the general assembly may require reductions in the amount of fees collected by state agencies, even though such reductions may result in some persons paying more than other persons to receive state agency services.

(2) For purposes of this section, unless the context otherwise requires:

(a) "Alternative maximum reserve" means a maximum reserve balance established in the constitution, by law, or through a joint budget committee waiver that is different from sixteen and one-half percent of the amount expended from a cash fund during the fiscal year. The term also includes a minimum reserve balance established in the constitution or by law that is greater than sixteen and one-half percent of the amount expended from a cash fund during the fiscal year and that, for purposes of this section, is treated as a maximum balance.

(b) "Cash fund" means any fund that is established by law for a specific program or purpose and that includes moneys from fees; except that "cash fund" excludes the state general fund created by section 24-75-201, any federal fund, and any fund used by a state institution of higher education.

(c) (I) "Entity" means any organ of the legislative, executive, or judicial branch of the government of the state of Colorado, including but not limited to:

- (A) The departments of the executive branch;
- (B) The legislative houses and agencies; and
- (C) The appellate and trial courts and court personnel.
- (D) Repealed.

(II) "Entity" does not include any enterprise, as defined in section 24-77-102 (3), any special purpose authority, or any state institution of higher education.

(d) "Excess uncommitted reserves" means the amount of uncommitted reserves for a cash fund that exceeds the maximum reserve or alternative maximum reserve for that cash fund.

(e) "Fees" means any moneys collected or received by an entity; except that "fees" does not include:

(I) Any moneys collected from sources excluded from state fiscal year spending, as defined in section 24-77-102 (17);

(II) Any moneys received through the imposition of penalties or fines or surcharges imposed on any person convicted of a crime;

(III) Any moneys appropriated or transferred from the state general fund;

(IV) Any moneys received through the imposition of taxes;

(V) Any moneys received from charges or assessments, the amount of which are established in law and over which the entity has no authority to change or are otherwise not determined by the entity;

(VI) Any moneys received from gifts or donations;

(VII) Any moneys received from local government grants or contracts;

(VIII) Any moneys received through direct transfers from another entity, an enterprise, or a special purpose authority;

(IX) Any moneys received as interest or other investment income.

(e.5) "Maximum reserve" means sixteen and five-tenths percent of the amount expended from a cash fund during the fiscal year.

(f) "Nonmonetary current asset" means an asset that either cannot be converted to cash or is held with the intent of being used rather than being converted to cash.

(g) Repealed.

(h) "Uncommitted reserves" means the fund balance of a cash fund as of June 30 of any fiscal year, minus the following:

(I) Any long-term assets credited to the cash fund, including a capital reserve identified in accordance with section 24-75-403;

(II) Any unencumbered fund balance previously appropriated for capital construction or other multiyear purposes;

(III) Any nonmonetary current assets credited to the cash fund, including but not limited to consumable inventory and prepaid expenses;

(IV) Any portion of the revenues credited to the cash fund that is estimated to be derived from non-fee sources.

(3) (a) and (b) Repealed.

(c) For the 2014-15 fiscal year and for each fiscal year thereafter, the uncommitted reserves of a cash fund at the conclusion of a given fiscal year shall not exceed the maximum reserve for that fiscal year; except that, for any cash fund for which an alternative maximum reserve is otherwise set by the joint budget committee in accordance with subsection (8) of this section or specified in the constitution or by law, the uncommitted reserves of the cash fund shall not exceed the alternative maximum reserve. If the amount of uncommitted reserves of any cash fund at the conclusion of any given fiscal year exceeds the applicable maximum reserve or alternative maximum reserve, each entity that collects one or more of the fees deposited in the cash fund shall by rule or as otherwise provided by law reduce the amount of one or more of the fees to an amount calculated to result in an amount of uncommitted reserves of the cash fund for the current fiscal year that does not exceed the corresponding maximum reserve or alternative maximum reserve.

(d) If more than one entity collects the fees that are deposited in a cash fund and the amount of said fees are required to be reduced pursuant to this subsection (3), the reduction in fees for each entity shall be proportional to the amount of fees contributed by each entity to the excess uncommitted reserves.

(e) In calculating the reduction in fees under this subsection (3), an entity may take into account increases in expenditures from the cash fund.

(4) (a) If an entity reduces the amount of a fee pursuant to subsection (3) of this section, the entity by rule or as otherwise provided by law may subsequently raise the amount of the fee so long as the projected amount of uncommitted reserves of the cash fund does not exceed the limitations specified in subsection (3) of this section. Any such fee increase by an entity in the executive branch, prior to promulgation or adoption, shall be subject to approval by the office of state planning and budgeting. The entity shall not increase the fee beyond any amount specified in statute for the fee.

(b) Any rule adopted by an entity in the executive branch that reduces the amount of a fee pursuant to subsection (3) of this section or increases the amount of a fee pursuant to this subsection (4) shall be subject to the requirements of the "State Administrative Procedure Act", article 4 of this title.

(5) Notwithstanding any provision of this section to the contrary, the following cash funds are excluded from the limitations specified in this section:

(a) Any cash fund for which revenues are derived solely from fees, the amounts of which are established by the federal government;

(b) Any cash fund for which revenues are derived solely from fees set by the Colorado supreme court in the exercise of its exclusive authority to regulate the practice of law;

(c) Any cash fund for which revenues are derived solely from fees set by an enterprise, as defined in section 24-77-102 (3), or a special purpose authority;

(d) Any cash fund that is established to fund capital construction;

(e) Any cash fund for which the reserve amounts are based on actuarial requirements;

(f) Any trust fund;

(g) Any cash fund with uncommitted reserves of less than two hundred thousand dollars;

(h) The highway users tax fund and the state highway fund; except that the emergency medical services account created in section 25-3.5-603, the Colorado state titling and registration account, as it existed before July 1, 2019, and the Colorado DRIVES vehicle services account

created in section 42-1-211 (2), and the AIR account created in section 42-3-304 (18)(a) included in the highway users tax fund shall be subject to this section;

(i) The petroleum storage tank fund created in section 8-20.5-103, C.R.S.;

(j) and (k) Repealed.

(l) The brand inspection fund created in section 35-41-102, C.R.S.;

(m) to (o) Repealed.

(p) The workers' compensation cash fund created in section 8-44-112 (7);

(q) to (z) Repealed.

(ddd) The closed landfill remediation grant program fund created in section 30-20-124 (8).

(5.5) The exclusion from the limitations specified in this section for a cash fund under subsection (5) of this section applies for the last fiscal year prior to the repeal of the exclusion.

(6) Notwithstanding any provision of this section to the contrary, the limitations specified in this section shall not apply to any cash fund used to fund a single program if the program has been in existence less than two full fiscal years.

(7) The office of state planning and budgeting shall annually review the total amount of revenues credited to cash funds, including but not limited to the amounts received from fees and from other sources, and the report of uncommitted reserves prepared by the state controller pursuant to section 24-30-207 (3).

(7.5) Upon request by an entity with a program that has a multi-year revenue-collection cycle or revenue-contract period, the state controller may average the uncommitted reserves from the cash fund related to the program over the multi-year period. Notwithstanding any other provision of this section, the uncommitted reserves are equal to the averaged amount for purposes of this section.

(8) (a) Notwithstanding the maximum reserve limitation in paragraph (c) of subsection (3) of this section, for fiscal years beginning on or after July 1, 2015, the joint budget committee may grant a waiver of the maximum reserve for up to three years for an entity that demonstrates a specific purpose for which the entity needs to maintain uncommitted reserves in an amount greater than the maximum reserve. As part of the waiver, the joint budget committee may establish an alternative maximum reserve for the cash fund or exempt the cash fund altogether from any limits on uncommitted reserves. A specific purpose that may warrant a waiver pursuant to this subsection (8) includes, but is not limited to, purchase of a particular item of equipment or operation of a short-term program.

(b) To request a waiver in accordance with this subsection (8), an entity, during the annual budget-setting process, must present a plan to the joint budget committee that at a minimum specifies the specific purpose for which the entity needs the waiver, whether it would like a maximum alternative reserve or an exemption, the time period for the waiver, and the plan for reducing any excess uncommitted reserves that may remain on completion of the waiver period. The joint budget committee, in determining whether to approve a waiver pursuant to this subsection (8), shall consider the purpose for which the entity has requested the waiver, the reasonableness of the time period for the waiver, and the effect the waiver may have on the state's ability to comply with the limitations on state fiscal year spending imposed pursuant to section 20 of article X of the state constitution.

(c) The joint budget committee may grant any waiver requested in accordance with this subsection (8) that the committee deems appropriate. In a waiver, the committee shall specify the fund for which the waiver is granted, whether there is an alternative maximum reserve or an exemption, and the time period for the waiver.

(9) to (11) Repealed.

(12) If a cash fund has excess uncommitted reserves for three or more fiscal years in a row, the state controller shall restrict spending of any appropriation from the cash fund for the next fiscal year in an amount equal to the lesser of the excess uncommitted reserve or the applicable maximum reserve or alternative maximum reserve. The entity shall not expend any amount restricted pursuant to this subsection (12) unless the restriction is released. The restriction is released when the fund is in compliance with the maximum reserve or alternative maximum reserve requirement or when the joint budget committee approves a waiver for the excess uncommitted reserves in accordance with subsection (8) of this section.

24-75-403. Capital reserve - creation - annual appropriation - definitions. (1) As used in this section:

(a) "Capital construction" has the same meaning as set forth in section 24-30-1301 (2).

(b) "Capital outlay" has the same meaning as set forth in section 24-75-112 (1)(a).

(c) "Capital renewal" has the same meaning as set forth in section 24-30-1301 (3).

(d) "Cash fund" means any fund established by law for a specific program or purpose; except that "cash fund" does not include the state general fund created by section 24-75-201, the lottery fund created in section 44-40-111, the highway users tax fund created in section 43-4-201, or the limited gaming fund created in section 44-30-701 (1).

(e) "Controlled maintenance" has the same meaning as set forth in section 24-30-1301 (4).

(f) "Depreciation" means an amount calculated in accordance with generally accepted accounting principles.

(g) "Depreciation period" means a period determined in fiscal procedures issued by the state controller.

(2) For each cash fund from which moneys are appropriated for capital outlay or capital construction, the principal department responsible for the accounting related to the fund shall identify in the fund balance report a capital reserve, which consists of an amount equal to the depreciation of the depreciable components of the capital outlay or the capital construction, based on the depreciation period.

(3) Any uncommitted capital reserves at the end of a fiscal year may be used for capital outlay, capital construction, capital renewal, or controlled maintenance, subject to an appropriation in the annual general appropriation act. This appropriation requirement applies even if the moneys in the fund are otherwise continuously appropriated.

PART 6

FUNDS - LEGAL INVESTMENTS

Cross references: For investments in U.S. agency obligations, see article 60 of title 11; for investment by veterans administration fiduciaries, see part 3 of article 5 of title 28; for investment of public employees' retirement fund, see § 24-51-206; for investment of municipal funds, see § 31-20-303; for investment of police officers' and firefighters' pension funds, see part 5 of article 30.5 of title 31; for investments in special district bonds, see §§ 32-4-544 and 32-11-810.

24-75-601. Definitions. As used in this part 6, unless the context otherwise requires:

(1) "Public entity" means the state of Colorado; any institution, agency, instrumentality, authority, county, municipality, city and county, district, or other political subdivision of the state, including any school district and institution of higher education; any institution, department, agency, instrumentality, or authority of any of the foregoing, including any county or municipal housing authority; any local government investment pool organized pursuant to part 7 of this article; any public entity insurance pool organized pursuant to state law; and any other entity, organization, or corporation formed by intergovernmental agreement or other contract between or among any of the foregoing.

(2) "Public funds" means any funds in the custody, possession, or control of a public entity; any funds over which a public entity has investment control; any funds over which a public entity would have investment control but for the entity's delegation of that control to another person; and any funds over which another person exercises investment control on behalf of or for the benefit of a public entity. "Public funds" includes, but is not limited to, proceeds of the sale of securities of a public entity and proceeds of certificates of participation or other securities evidencing rights in payments to be made by a public entity under a lease, financed purchase of an asset agreement, certificate of participation agreement, or other similar arrangement, regardless of whether such proceeds are held by the public entity, a third-party trustee, or any other person. "Public funds" shall not include funds invested by the public employees' retirement association created in article 51 of this title 24 or any other funds invested for employee retirement or pensions. "Public funds" shall also not include trusts managed on behalf of the board of education of a school district coterminous with a city and county for the benefit of a retiree's health insurance and teacher compensation.

(2.5) (Deleted by amendment, L. 2006, p. 551, § 2, effective August 7, 2006.)

(3) "Security" means any bill, note, bond, bankers' acceptance, commercial paper, repurchase agreement, reverse repurchase agreement, securities lending agreement, guaranteed investment contract, guaranteed interest contract, annuity contract, funding agreement, certificate of indebtedness or other evidence of indebtedness, or interest in any of the foregoing. No foregoing instrument shall be convertible to equity or represent any equity interest. All foregoing instruments shall be denominated in the currency of the United States.

(4) "Nationally recognized statistical rating organizations" or "NRSROs" means credit rating agencies that are registered with the U.S. securities and exchange commission's office of credit ratings.

(5) "Negotiable certificate of deposit" means an unsecured, noncollateralized obligation of a bank to pay the holder of a negotiable certificate of deposit specified principal, plus interest, upon a particular maturity. A negotiable certificate of deposit is a security subject to federal securities law and can be uniquely identified by a security identifier issued by the committee on uniform securities identification procedures.

24-75-601.1. Legal investments of public funds - definition. (1) It is lawful to invest public funds in any of the following securities:

(a) Any security issued by, fully guaranteed by, or for which the full credit of the United States treasury is pledged for payment and, notwithstanding paragraph (a) of subsection (1.3) of this section, inflation indexed securities issued by the United States treasury. The period from the date of settlement of this type of security to its maturity date shall be no more than five years unless the governing body of the public entity authorizes investment for a period in excess of five years.

(b) (I) Any security issued by, fully guaranteed by, or for which the full credit of the following is pledged for payment: The federal farm credit bank, the federal land bank, a federal home loan bank, the federal home loan mortgage corporation, the federal national mortgage association, the export-import bank, the Tennessee valley authority, the government national mortgage association, the world bank, or an entity or organization that is not listed in this paragraph (b) but that is created by, or the creation of which is authorized by, legislation enacted by the United States congress and that is subject to control by the federal government that is at least as extensive as that which governs an entity or organization listed in this paragraph (b). The period from the date of settlement of this type of security to its maturity date shall be no more than five years unless the governing body of the public entity authorizes investment for a period in excess of five years.

(II) No subordinated security may be purchased pursuant to this paragraph (b).

(c) (Deleted by amendment, L. 2006, p. 552, § 3, effective August 7, 2006.)

(d) (I) Any security that is a general obligation of any state of the United States, the District of Columbia, or any territorial possession of the United States or of any political subdivision, institution, department, agency, instrumentality, or authority of any of such governmental entities.

(II) No security may be purchased pursuant to this subsection (1)(d) unless:

(A) At the time of purchase, the security carries at least two credit ratings at or above "A- or A3" or its equivalent from NRSROs if it is a general obligation of this state or of any political subdivision, institution, department, agency, instrumentality, or authority of this state or carries at least two credit ratings at or above "AA- or Aa3" or its equivalent from such NRSROs if it is a general obligation of any other governmental entity listed in subsection (1)(d)(I) of this section;

(B) (Deleted by amendment, L. 2006, p. 552, § 3, effective August 7, 2006.)

(C) The period from the date of settlement of this type of security to its maturity date or date of optional redemption that has been exercised as of the date the security is purchased is no more than five years unless the governing body of the public entity authorizes investment for a period in excess of five years.

(e) (I) Any security that is a revenue obligation of any state of the United States, the District of Columbia, or any territorial possession of the United States or of any political subdivision, institution, department, agency, instrumentality, or authority of any of such governmental entities.

(II) No security may be purchased pursuant to this subsection (1)(e) unless, at the time of purchase, the security carries at least two credit ratings at or above "A- or A3" or its equivalent from NRSROs if it is a revenue obligation of this state or of any political subdivision, institution, department, agency, instrumentality, or authority of this state or carries at least two credit ratings at or above "AA- or Aa3" or its equivalent from such NRSROs if it is a revenue obligation of any other governmental entity listed in subsection (1)(e)(I) of this section.

(III) The period from the date of settlement of this type of security to its maturity date or date of optional redemption that has been exercised as of the date the security is purchased shall be no more than five years.

(f) and (g) (Deleted by amendment, L. 2006, p. 552, § 3, effective August 7, 2006.)

(h) Any security of the investing public entity or any certificate of participation or other security evidencing rights in payments to be made by the investing public entity under a lease, financed purchase of an asset agreement, or similar arrangement;

(h.5) Any certificate of participation or other security evidencing rights in payments to be made by a school district under a lease, financed purchase of an asset agreement, or similar arrangement if the security, at the time of purchase, carries at least two credit ratings from NRSROs and is rated at or above "A- or A3" or its equivalent by all such organizations that have provided a rating;

(i) Any interest in any local government investment pool organized pursuant to part 7 of this article;

(j) The purchase of any repurchase agreement concerning any securities referred to in paragraph (a) or (b) of this subsection (1) that can otherwise be purchased under this section if all of the conditions of subparagraphs (I) to (VI) of this paragraph (j) are met:

(I) The securities subject to the repurchase agreement must be marketable.

(II) The title to or a perfected security interest in such securities along with any necessary transfer documents must be transferred to the investing public entity or to a custodian acting on behalf of the investing public entity.

(III) Such securities must be actually delivered versus payment to the public entity's custodian or to a third-party custodian or third-party trustee for safekeeping on behalf of the public entity.

(IV) The collateral securities of the repurchase agreement must be collateralized at no less than one hundred two percent and marked to market no less frequently than weekly.

(V) The securities subject to the repurchase agreement may have a maturity in excess of five years.

(VI) The period from the date of settlement of a repurchase agreement to its maturity date shall be no more than five years unless the governing body of the public entity authorizes investment for a period in excess of five years.

(j.5) Any reverse repurchase agreement concerning any securities referred to in paragraph (a) or (b) of this subsection (1) that can otherwise be purchased under this section if all of the conditions of subparagraphs (I) to (VII) of this paragraph (j.5) are met:

(I) Any necessary transfer documents must be transferred to the investing public entity.

(II) Cash must be received by the investing public entity or a custodian acting on behalf of the investing public entity in a deliver versus payment settlement.

(III) The cash received from a reverse repurchase agreement must be collateralized at no more than one hundred and five percent and marked to market no less frequently than weekly.

(IV) The repurchase agreement is not greater than ninety days in maturity from the date of settlement unless the governing body of the public entity authorizes investment for a period in excess of ninety days.

(V) The counter-party meets the credit conditions of an issuer that would qualify under paragraph (m) of this subsection (1).

(VI) The value of all securities reversed under this paragraph (j.5) does not exceed eighty percent of the total deposits and investments of the public entity.

(VII) No securities are purchased with the proceeds of the reverse repurchase agreement that are greater in maturity than the term of the reverse repurchase agreement.

(j.7) A securities lending agreement in which the public entity lends securities in exchange for securities authorized for investment in this section, if all of the following conditions are met:

(I) Any necessary transfer documents must be transferred to the investing public entity.

(II) Securities must be received by the investing public entity or a custodian acting on behalf of the investing public entity in a simultaneous settlement.

(III) The securities received in the securities lending agreement must be no less than one hundred two percent of the value of the securities lent and marked to market no less frequently than weekly.

(IV) The counter-party meets the conditions of an issuer specified in paragraph (m) of this subsection (1).

(V) In the case of a local government, the securities lending agreement shall be approved and designated by written resolution adopted by a majority vote of the governing body of the local government, which resolutions shall be recorded in its minutes.

(k) Any money market fund that is registered as an investment company under the federal "Investment Company Act of 1940", as amended, if, at the time the investing public entity invests in such fund:

(I) The investment policies of the fund include seeking to maintain a constant share price;

(II) No sales or load fee is added to the purchase price or deducted from the redemption price of the investments in the fund and no fee may be charged unless the governing body of the public entity authorizes such a fee at the time of the initial purchase;

(III) The fund operates in accordance with rule 2a-7 under the federal "Investment Company Act of 1940", as amended, or any successor regulation under that act regulating money market funds. The fund must have an investment policy or objective which seeks to maintain a stable net asset value of one dollar per share.

(IV) Repealed.

(l) (I) Any guaranteed investment contract, guaranteed interest contract, annuity contract, or funding agreement if, at the time the contract or agreement is entered into, the long-term credit rating, financial obligations rating, claims paying ability rating, or financial strength rating of the party, or of the guarantor of the party, with whom the public entity enters the contract or agreement is, at the time of issuance, rated in one of the two highest rating categories by two or more NRSROs.

(II) (Deleted by amendment, L. 2004, p. 950, § 7, effective May 21, 2004.)

(III) (A) Except as provided in sub-subparagraph (B) of this subparagraph (III), the contracts or agreements purchased under this paragraph (I) shall not have a maturity period greater than three years.

(B) Contracts or agreements with a maturity period greater than three years shall only be purchased with proceeds of the sale of securities of a public entity and proceeds of certificates of participation or other securities evidencing rights in payments to be made by a public entity under a lease, financed purchase of an asset agreement, or other similar arrangement or if purchased by revenues pledged to the payment of such securities or certificates; except that no contract or agreement may be purchased pursuant to this subsection (1)(I) with the proceeds of any of the foregoing that are held in an escrow or otherwise for the purpose of refunding bonds or other obligations of a public entity.

(m) (I) Any corporate or bank security that is denominated in United States dollars, that matures within three years from the date of settlement, that at the time of purchase carries at least two credit ratings from any of the NRSROs, and that is not rated below:

(A) "A1, P1, or F1" or their equivalents by either rating used to fulfill the requirements of this subparagraph (I) if the security is a money market instrument such as commercial paper or bankers' acceptance; or

(B) "AA- or Aa3" or their equivalents by either rating used to fulfill the requirements of this subparagraph (I) if the security is any other kind of security.

(C) These rating requirements first apply to the security being purchased and second, if the security itself is unrated, to the issuer, provided the security contains no provisions subordinating it from being a senior debt obligation of the issuer.

(II) At no time shall the book value of a public entity's investment in notes evidencing a debt pursuant to this paragraph (m) exceed the following:

(A) Fifty percent of the book value of the public entity's investment portfolio unless the governing body of the public entity authorizes a greater percent of such book value; or

(B) Five percent of the book value of the public entity's investment portfolio if the notes are issued by a single corporation or bank unless the governing body of the public entity authorizes a greater percent of such book value.

(III) No subordinated security may be purchased pursuant to this paragraph (m). No security issued by a corporation or bank that is not organized and operated within the United States may be purchased pursuant to this paragraph (m) unless the governing body of the public entity authorizes investment in such securities.

(IV) As used in this subsection (1)(m), the term "bank security" includes negotiable certificates of deposit issued by banks organized and chartered within the United States. Public entities must consider these bank securities as investments and not deposits subject to the protections of the "Public Deposit Protection Act", article 10.5 of title 11, or insured by the federal deposit insurance corporation.

(n) (Deleted by amendment, L. 2006, p. 552, § 3, effective August 7, 2006.)

(1.3) (a) Except as provided in subsections (1)(a) and (1.3)(b) of this section, public funds must not be invested in any security on which the coupon rate is not fixed, or a schedule of specific fixed coupon rates is not established, from the time the security is settled until its maturity date, other than shares in qualified money market mutual funds, unless the coupon rate is:

(I) Established by reference to the United States dollar London interbank offer rate of one year or less maturity, the secured overnight financing rate, the federal funds rate, or other reference rates which are similar to the United States dollar London interbank offer rate, the secured overnight financing rate, the federal funds rate, the cost of funds index, or the prime rate as published by the federal reserve; and

(II) Expressed as a positive value of the referenced index plus or minus a fixed number of basis points.

(b) A municipal index may be used for the investment of bond or note accounts from issues with coupons linked to the same index.

(c) For purposes of this section, "maturity date" means the last possible date, barring default, that principal can be repaid to the purchaser.

(1.5) Any firm that sells any financial instrument that fails to comply with the provisions of this section to any public entity in the state of Colorado shall, upon demand of the public entity through the state treasurer, repurchase such instruments for the greater of the original purchase principal amount or the original face value, plus any and all accrued interest, within one business day of the demand.

(2) Investments made pursuant to this section shall be made in conformance with the standard set forth in section 15-1-304, C.R.S.

(2.3) Public entities shall adopt criteria designating eligible broker-dealers for the purchase of term securities, except for bond proceed investments, under this section.

(2.5) (a) If a public entity invests public moneys through an investment firm offering for sale corporate stocks, bonds, notes, debentures, or a mutual fund that contains corporate securities, the investment firm shall disclose, in any research or other disclosure documents provided in support of the securities being offered, to the public entity whether the investment firm has an agreement with a for-profit corporation that is not a government-sponsored enterprise, whose securities are being offered for sale to the public entity and because of such agreement the investment firm:

(I) Had received compensation for investment banking services within the most recent twelve months; or

(II) May receive compensation for investment banking services within the next three consecutive months.

(b) For the purposes of this subsection (2.5), "investment firm" means a bank, brokerage firm, or other financial services firm conducting business within this state, or any agent thereof.

(3) Nothing in this section is intended to limit:

(a) The power of any public entity to invest any public funds in any security or other investment permitted to such public entities under any other valid law of the state; or

(b) The power of any home rule city, city and county, town, or county to invest any public funds in any security or other investment permitted under the charter or ordinance of such home rule city, city and county, town, or county; or

(c) The authority of the state board of regents to invest any funds available to the board in any security or other investment otherwise provided by law.

(3.5) (Deleted by amendment, L. 2006, p. 552, § 3, effective August 7, 2006.)

(4) Nothing in this section is intended to apply to public funds held or invested as part of any pension plan, full or supplemental retirement plan, or deferred compensation plan.

24-75-601.5. Liability for sale of unlawful investments to public entities. (1) Any person who sells or causes to be sold to a public entity any investment which is not a lawful investment for such public entity pursuant to section 24-75-601.1 or other authority, and who knew or should have known that said investment was not a lawful investment, shall be liable to such public entity for any loss of investment principal resulting from such investment and, in addition, shall be liable for any reasonably foreseeable costs resulting from such loss, including but not limited to:

(a) Attorney fees; and

(b) Interest on the principal which would have resulted from the investment of said principal on the day the unlawful investment was made in one-year United States treasury bills at the market yield on such bills on such day.

24-75-602. Bonds of housing authority as legal investments. Notwithstanding any restrictions on investments contained in any laws of this state, all banks, bankers, trust companies, savings banks and institutions, savings and loan associations, investment companies, and other persons carrying on a banking business and all insurance companies, insurance associations, and other persons carrying on an insurance business may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in any bonds or other obligations issued by a housing authority pursuant to the "Housing Authorities Law", part 2 of article 4 of title 29, C.R.S., or issued by any public housing authority or agency in the United States when such bonds or other obligations are secured by a pledge of annual contributions to be paid by the United States government or any agency thereof, and such bonds and other obligations shall be authorized security for all public deposits. It is the purpose of this section to authorize any persons, firms, corporations, and associations, public or private, to use any funds owned or controlled by them, including, but not limited to, sinking, insurance, investment, retirement, compensation, pension, and trust funds, and funds held on deposit, for the purchase of any such bonds or other obligations. Public entities, as defined in section 24-75-601 (1), may invest public funds in such bonds or other obligations only if said bonds or other obligations satisfy the investment requirements established in this part 6. Nothing contained in this section shall be construed as relieving any person, firm, or corporation from any duty of exercising reasonable care in selecting securities.

24-75-603. Depositories. (1) It is lawful for the state of Colorado and any of its institutions and agencies, counties, municipalities, and districts; any other political subdivision of the state; any department, agency, or instrumentality thereof; or political or public corporation of the state; and any bank, savings and loan association, credit union, fraternal benefit society, trust deposit and security company, trust company, or other financial institution operating under the laws of this state having funds in their possession or custody, respectively, to deposit, or cause to be deposited either by or through the treasurer or such other custodian of funds as may be appointed, such funds so eligible for investment in any state bank, national bank, or state or

federal savings and loan association in Colorado that is, at the time the deposit is made, a member of the federal deposit insurance corporation or its successor to the extent that the deposit is insured by the federal deposit insurance corporation or its successor or is secured by pledge of eligible collateral as required by statute.

(2) Notwithstanding any provisions of law of this state or any rule or requirement of any political subdivision thereof requiring security for deposits in the form of collateral, surety bond, or any other form, such security for deposits of public funds shall not be required to the extent said deposits are insured by the federal deposit insurance corporation or its successor.

(3) Repealed.

(4) In lieu of or in addition to other statutory authorization for the investment of public funds, any public funds that are not needed for current operating expenses may be invested in accordance with the following conditions:

(a) The public funds shall initially be placed by the public entity in a bank or savings and loan association located in this state that is an eligible public depository certified by the state banking board or the state financial services board that offers federal deposit insurance corporation insurance on its deposits;

(b) The selected eligible public depository simultaneously shall arrange for the redeposit of any public funds initially placed in such eligible public depository that are in excess of the amount insured by the federal deposit insurance corporation, or its successor, in one or more deposit accounts fully insured by the federal deposit insurance corporation in one or more other banks or savings and loan associations wherever located in the United States, for the account of the public entity;

(c) On the same date that the public funds are redeposited, the eligible public depository shall receive an amount of deposits from customers of other banks or savings and loan associations equal to the amount of the public funds initially placed by the public entity;

(d) Each such deposit account must be insured by the federal deposit insurance corporation;

(e) The selected eligible public depository shall act as custodian for the public entity with respect to the deposit in the public entity's account;

(f) Public funds invested in accordance with paragraphs (a) to (e) of this subsection (4) are not subject to the collateralization, requirements, or restrictions of article 10.5 of title 11, C.R.S., except for certification as an eligible public depository as provided in paragraph (a) of this subsection (4); and

(g) Banks and savings and loan associations that accept public funds for the purposes of investing them in accordance with paragraphs (a) to (e) of this subsection (4) are not subject to the additional requirements or restrictions of article 10.5 of title 11, C.R.S., except for certification as an eligible public depository as provided in paragraph (a) of this subsection (4).

24-75-604. Investments in bonds issued by member institutions of the farm credit system. All savings banks, insurance companies, assurance, casualty, fidelity, and guaranty companies, and savings and loan associations which are permitted or directed by the laws of the state of Colorado to invest any of their moneys or deposits in securities may invest such moneys or deposits in bonds issued by any federal land bank or joint-stock land bank organized pursuant to an act of congress known as the "Farm Credit Act of 1971", and acts amendatory thereto. Such bonds shall be accepted as security for all public deposits and in all cases where bonds are required by law to be deposited with any department or public official of the state of Colorado; but this section shall not be so construed as to prohibit such moneys or deposits from being invested in such other securities as are provided for by law.

24-75-605. Legal investments - cities of twenty-five thousand or more population - limitation in class of investments. (1) Whenever cities having a population of twenty-five thousand or more, as determined by the last preceding federal decennial census, have moneys in policemen's or firefighters' pension funds, or other special funds of said cities, including pension, endowment, and trust funds, whether or not administered by a board or similar authority, it is lawful to invest or reinvest these moneys as set forth in this section if the authorization to invest moneys as provided in this section does not affect the administration of or control over the various funds, to wit:

(a) Class 1. Bonds, warrants, or checks of the United States, the state of Colorado, or in the bonds of any other state of the United States;

(b) Class 2. General obligation bonds of any city, town, or school district of the state of Colorado, the valuation for assessment of which city, town, or school district in the year next preceding the year in which such bonds may be purchased equals or exceeds two million dollars;

(c) Class 3. Obligations secured by first liens on real estate or by pledge of specific income or revenue and issued, insured, or guaranteed by any agency or instrumentality of the United States or the state of Colorado;

(d) Class 4. Notes, bonds, or debentures which are direct obligations of United States corporations engaged in the production, transportation, distribution, or sale of electricity or gas, or the operation of telephone or telegraph systems or water works, or any combination of them, which, at the time of purchase, are designated as investment grade securities by any two nationally recognized investment services as may, from time to time, be designated by the city council;

(e) Class 5. In share certificates for savings accounts in any state or federally chartered savings and loan association in Colorado if said association is a member of the federal deposit insurance corporation or its successor and further if the full amount of each account is insured by the federal deposit insurance corporation or its successor; and in any time certificate of deposit or savings account in any state or national bank in Colorado, which certificates of deposit or savings accounts are fully insured by the federal deposit insurance corporations or its successor;

(f) Class 6. In stocks, preferred or common, or bonds of corporations, created or existing under the laws of the United States, or any state, district, or territory thereof, which, at the time of purchase, are listed on a national stock exchange in the United States.

(2) Investments under this section shall be limited in their acquisition and retention in the above classes of securities so that the aggregate of all investments in each separate fund at any time shall be as follows:

(a) Classes 1, 2, and 3, or any combination thereof, up to any amount but not less than seventy percent;

(b) Class 4. In any amount not to exceed thirty percent;

(c) Class 5. In any amount that is fully insured by the federal deposit insurance corporation or its successor.

(3) The legal investments in this section authorized for cities having a population of twenty-five thousand or more shall be in addition to those investments otherwise by law authorized for said cities.

(4) Notwithstanding the provisions of subsection (2) of this section, investments of firefighters' pension funds shall be limited in their acquisition and retention in the classes of securities set forth in subsection (1) of this section so that the aggregate of all investments in each separate fund at any time shall be as follows:

(a) Classes 1, 2, and 3, or any combination thereof, up to any amount but not less than fifty percent;

(b) Class 4. In any amount not to exceed fifty percent, but not more than fifty percent of such class 4 aggregate may be invested in class 4 notes, bonds, or debentures which are convertible into shares of common stock or in common stocks of such class 4;

(c) Class 6. In any amount not to exceed fifty percent;

(d) As a further limitation thereon, in any amount not to exceed seven percent or one hundred thousand dollars, whichever is the greater, of any one issue valued at the time of purchase;

(e) In no event shall any investment be made in the common or preferred stock, or both, of any single corporation in an amount in excess of five percent of the then book value of the assets of the retirement fund.

PART 7

INVESTMENT FUNDS - LOCAL GOVERNMENT POOLING

Editor's note: This part 7 was added in 1983. This part 7 was repealed and reenacted in 1993, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 7 prior to 1993, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of

C.R.S. 1973 beginning on page vii in the front of this volume. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

24-75-701. Definitions. As used in this part 7, unless the context otherwise requires:

(1) "Administrator" means the administrator of a local government investment pool trust fund created pursuant to section 24-75-703.

(2) "Board" or "board of trustees" means the board of trustees composed of members that are selected from among the treasurers or other local officials empowered to invest the funds of local governments pursuant to section 24-75-703 (2), and any other independent and unaffiliated trustees named by such members.

(3) "Custodian" means a designee located in the state of Colorado, with authority, including control, over public funds of a local government investment pool trust fund. For purposes of this subsection (3), "control" includes possession of public funds of a local government investment pool trust fund, as well as the authority to establish accounts for such public funds in banks and to make deposits, withdrawals, or disbursements of such public funds. If the exercise of authority over such public funds requires action by or the consent of two or more putative custodians, then such custodians shall be treated as one custodian with respect to such public funds.

(4) "Financial institution" means an institution, with its primary place of business in this state and authorized by its charter to exercise fiduciary powers, that is a state bank, savings and loan association, or trust company chartered by this state, a national bank organized or chartered under chapter 2 of title 12 of the United States Code, or a federal savings and loan association organized or chartered under chapter 12 of title 12 of the United States Code.

(5) (a) "Investment adviser" means, except as provided in paragraph (b) of this subsection (5), any person who, for compensation, engages in the business of advising others, either directly or through publications or writings, as to the value of securities or as to the advisability of investing in, purchasing, or selling securities or who, for compensation and as part of a regular business, issues or promulgates analyses or reports concerning securities. "Investment adviser" also includes financial planners and other persons who, as an integral component of other financially related services, provide such investment advisory services to a local government investment pool trust fund for compensation or who hold themselves out as providing investment advisory services to a local government investment pool trust fund for compensation.

(b) "Investment adviser" does not include:

(I) A publisher of any bona fide newspaper, magazine, or business or financial publication with a regular and paid circulation; a publisher of any securities advisory newsletter with a regular and paid circulation which does not provide advice to subscribers on their specific investment situations; or any author of material included in any such newspaper, magazine, publication, or newsletter who does not otherwise come within the definition of an "investment adviser" or "investment adviser representative";

(II) An investment adviser representative;

(III) A broker-dealer or sales representative for a broker-dealer licensed by the securities commissioner whose performance of investment advisory services is solely incidental to the conduct of its business as a broker-dealer and who receives no special compensation for such services;

(IV) A financial institution or any person employed by or directly associated with a financial institution;

(V) A lawyer, certified public accountant, professional engineer, professional geologist, or teacher, if such person:

(A) Does not take possession of the funds or securities of a local government investment pool trust fund in connection with providing investment advisory services; and

(B) Does not receive commissions or other compensation, directly or indirectly, from the sale of any security to any local government investment pool trust fund to whom such person provides advice about the value or advisability of investing in such security; and

(C) Does not engage in the business of advising a local government investment pool trust fund as to the value of securities or as to the advisability of investing in, purchasing, or selling securities and provides such advice, if at all, in a manner solely incidental to the practice of the person's profession;

(VI) Any official, employee, or representative of the United States, any state, any political subdivision of a state, or any agency or body corporate or other instrumentality thereof, acting in such person's official capacity on behalf of such entity;

(VII) Any other person or class of persons the securities commissioner designates by rule or order.

(6) "Investment adviser representative" means any individual who is a partner, officer, or director of an investment adviser, who occupies a similar status with or performs similar functions for an investment adviser, or who is employed or otherwise associated with an investment adviser, except clerical or ministerial personnel, and who:

(a) Makes any recommendations or otherwise renders advice regarding securities;

(b) Manages accounts or portfolios of clients of the investment adviser;

(c) Determines which recommendation or advice regarding securities should be given;

(d) Solicits, offers, negotiates for the sale of, or sells, investment advisory services; or

(e) Supervises employees who perform any of the duties specified in this subsection (6).

(7) "Investment advisory services" means those activities performed by a person in connection with such person's engaging in any of the activities described in paragraph (a) of subsection (5) of this section.

(8) "Local government" means any county, city and county, town, school district, special district, or other political subdivision of the state, or any department, agency, or instrumentality thereof, or any political or public corporation of the state.

(9) "Local government investment pool trust fund" means the trust fund created pursuant to section 24-75-703, that is comprised of moneys deposited by participating local governments in such trust fund and held by a custodian.

(10) "Participating local government" means a local government that participates in a local government investment pool trust fund.

(11) "Securities commissioner" means the commissioner of securities created by section 11-51-701, C.R.S.

(12) "Trust fund" means a local government investment pool trust fund.

Editor's note: This section is similar to former § 24-75-701 as it existed prior to 1993.

24-75-703. Local government investment pooling - trust method - resolution - filing requirements. (1) The governing body of each local government that desires to participate in a local government investment pool trust fund shall cooperate in drafting a uniform resolution to be adopted by a majority vote of the governing body of each participating local government. The resolution shall provide for, but need not be limited to, the following:

(a) Establishment of a local government investment pool trust fund;
(b) A statement of the purposes and objectives of the trust fund, including, but not limited to:

(I) The investment objectives of the trust fund;
(II) A description of eligible trust fund investments;
(III) Credit standards for trust fund investments;
(IV) Allowable maturity ranges for trust fund investments;
(V) The portfolio concentrations permitted for each type of security owned by the trust fund; and

(VI) Supervision of the trust fund by a board of trustees composed of members that are selected from among the treasurers or other local officials empowered to invest local funds of the participating local governments and such other independent and unaffiliated trustees named by such members and, a description of the powers and duties of the board of trustees;

(c) Appointment of an administrator with its primary place of business in this state for the trust fund by the board of trustees, the manner of such administrator's appointment, and the duties of such administrator;

(d) Appointment of a custodian of the trust fund by the board of trustees and a statement of the powers and duties of the custodian and the custodial arrangements, including, but not limited to:

(I) The safekeeping practices utilized for the trust fund;
(II) Maximum and minimum account sizes;
(III) Maximum and minimum transaction sizes for deposits to and withdrawals from such accounts;

(IV) Instructions for establishing accounts and making deposits to and withdrawals from such accounts; and

(V) The requirement that the primary records of the trust fund be maintained in this state;

(e) Appointment by the board of trustees of an investment adviser with its principal place of business in this state registered with the securities and exchange commission under the federal "Investment Advisers Act of 1940", or licensed as an investment adviser by the securities commissioner, or either a licensed broker-dealer with its primary place of business in this state or a financial institution to act in an advisory capacity, and a description of the duties and obligations of such adviser, advisory broker-dealer, or financial institution;

(f) The repayment from the earnings of the trust fund of costs incurred in the establishment of the trust fund;

(g) Payment of the expenses of administration from the income received from the earnings of the trust fund;

(h) Limitations, if any, on the aggregate amount of moneys which any participating local government may have on deposit in the trust fund at one time;

(i) Limitations, if any, on the period of time that the funds of any participating local government may be held in trust;

(j) Penalties upon participating local governments for early withdrawal of funds and procedures for resolving other contingencies which may jeopardize the earning potential of the trust fund; except that, any such penalty shall be payable only from earnings on the funds of the participating local government and the amount deposited by each participating local government in the trust fund;

(k) Distribution of the income from earnings of the trust fund to participating local governments on a pro rata basis;

(l) Maintenance of separate accounts for each participating local government; however, individual transactions and totals of all investments, or the share belonging to each participating local government, shall be recorded in the accounts;

(m) Annual audits of trust fund management pursuant to section 11-51-906 (4), C.R.S.;

(n) Quarterly reports to each participating local government which show the investments and the earnings thereon pursuant to section 11-51-906 (2), C.R.S.;

(o) Disclosure of administrative and associated costs incurred by the trust fund;

(p) Purchase of surety or other bonds necessary to protect the trust fund;

(q) That neither the trust fund's administrator, investment adviser, or investment adviser representative may act as a principal in the purchase of securities from or the sale of securities to the trust fund; and

(r) The method of voting of the trust membership and whether the voting shall be by each participating local government or by number of shares held by any participating local government.

(2) The securities commissioner may, by rule or order and subject to such terms and conditions as prescribed therein, waive any of the requirements set forth in subsection (1) of this section if the securities commissioner finds that the applicability of such requirements is not necessary in the public interest and for the protection of participating local governments.

(3) By separate resolution similarly adopted, the governing body of each participating local government shall authorize investment of any moneys in its treasury, which are not immediately required to be disbursed, in a local government investment pool trust fund established pursuant to this section. The resolution shall name the local government official, who may be the treasurer or other official empowered to invest local funds, responsible for deposit and withdrawal of such funds. In making such deposits and withdrawals, such official shall use

prudence and care to preserve the principal and to secure the maximum rate of interest consistent with safety and liquidity. The resolution shall be filed with the board of trustees of the trust fund.

(4) Any local government which invests in a local government investment pool trust fund shall make available for public inspection the name, address, and telephone number of any such trust fund in which the local government has deposited funds, as well as the most recent information statement or prospectus provided by such trust fund describing the funds, investments, and performance, including net rate of return earned for the most recent year or quarter after deduction of administrative expenses.

Editor's note: This section is similar to former § 24-75-702 as it existed prior to 1993.

24-75-704. Investments - limitations. (1) The investments made with local government investment pool trust fund moneys shall be limited to those instruments which all participating local governments may individually invest in by law. The trust fund shall not be used to circumvent such statutory limitations on the investment authority of participating local government entities.

(2) In order to assure compliance with subsection (1) of this section, the securities commissioner may, by rule or order, require trust funds to be in substantial compliance with the rules and regulations regarding money market funds promulgated by the securities and exchange commission under section 270 of the federal "Investment Company Act of 1940". The securities commissioner may, by rule or order, waive or modify such rules or orders if the securities commissioner finds that their application in a particular instance is not necessary in the public interest.

24-75-705. Board of trustees - duties - liabilities. (1) The board of trustees of any local government investment pool trust fund moneys authorized by this section shall invest in compliance with the requirements of this section and with that degree of judgment and care, under the circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital and need for liquidity as well as the probable income to be derived.

(2) The board shall exercise the functions over which such board has substantial discretion solely in the interest of the participating local governments and for the exclusive purpose of providing earnings and defraying expenses incurred in administering the trust fund. The board shall act in accordance with the provisions of this part 7 and with the care, skill, and due diligence in light of the circumstances then prevailing that a person in like capacity and

familiar with such matters would use in the conduct of an enterprise of like character and with like aims.

(3) It is unlawful for a member of the board to engage in any activities which might result in a conflict of interest with such member's functions as a fiduciary of the trust fund.

24-75-706. Custodian - location - unlawful activities. (1) It is unlawful for any custodian of a local government investment pool trust fund to:

(a) Maintain the primary records of the assets of the trust fund anywhere but within the state of Colorado;

(b) Act as a trustee, administrator, or investment adviser of the trust fund, except that a financial institution, or any person employed by or directly associated with a financial institution, acting as a custodian for a trust fund is not prohibited from also acting as administrator or in any advisory capacity for such trust fund;

(c) Effect any transaction to relinquish possession of, distribute, expend, or transfer any of the assets of the trust fund without the prior written authorization of the board, except for:

(I) The purchase or sale of authorized investments or the exchange of such assets for other assets of equal or greater value provided that such sale, purchase, or exchange is solely in the accounts of the trust fund;

(II) Distributions to participating local governments; or

(III) The payment of routine fees and expenses that have been authorized by the board of trustees in the annual budget of the trust fund; or

(d) Execute any transaction with any of the assets of the trust fund without the written instruction of the investment adviser or a financial institution acting in an advisory capacity.

(2) The custodian shall reconcile the accounts of a trust fund on a daily basis.

24-75-707. Investment adviser - duties - unlawful activities. (1) An investment adviser, a broker-dealer, or a financial institution acting in an advisory capacity for a local government investment pool trust fund which contracts with the board of trustees of such trust fund shall be held to the standard of conduct set forth in section 24-75-705 with respect to those functions over which such investment adviser, broker-dealer, or financial institution has substantial discretion.

(2) It is unlawful for any investment adviser to a local government investment pool trust fund or any investment adviser representative of such investment adviser to:

(a) Act as a member of the board of trustees or custodian of that trust fund; or

(b) Maintain the primary records of the trust fund anywhere but within this state; except that, the securities commissioner may, by rule or order, and subject to such terms and conditions as prescribed therein, permit the maintenance of such records in another state if the securities

commissioner finds that maintenance of such records in this state is not necessary in the public interest and for the protection of participating local governments.

(3) It is unlawful for any broker-dealer or financial institution acting in an advisory capacity to a local government investment pool trust fund or any person employed by or directly associated with a broker-dealer or financial institution acting in an advisory capacity to such a trust fund to:

(a) Act as a member of the board of trustees of that trust fund; or

(b) Maintain the primary records of the trust fund anywhere but within this state; except that, the securities commissioner may, by rule or order, and subject to such terms and conditions as prescribed therein, permit the maintenance of such records in another state if the securities commissioner finds that maintenance of such records in this state is not necessary in the public interest and for the protection of participating local governments.

24-75-708. Administrator - duties - unlawful activities. (1) Every local government investment pool trust fund shall be administered by an administrator in this state appointed by the board of trustees of such pool. The administrator shall have such duties as may be prescribed by the securities commissioner by rule.

(2) It is unlawful for an administrator to:

(a) Act as a trustee or custodian of a local government investment pool trust fund, except that a financial institution, or any person employed by or directly associated with a financial institution, acting as the administrator for a trust fund is not prohibited from also acting as custodian for such trust fund; or

(b) Maintain the primary records of the trust fund anywhere but within this state; except that, the securities commissioner may, by rule or order, and subject to such terms and conditions as prescribed therein, permit the maintenance of such records in another state if the securities commissioner finds that maintenance of such records in this state is not necessary in the public interest and for the protection of participating local governments.

Editor's note: This section is similar to former § 24-75-904 as it existed prior to 1986.

24-75-905. Authority to issue and sell notes. (1) The state treasurer, on behalf of the state, may, by resolution, issue from time to time and sell notes payable from the anticipated revenue of any fund in order to accomplish any of the purposes of this part 9. The proceeds of the notes may be applied for the payment of the costs of issuing the notes, for the payment of any expenditure otherwise payable from the revenue of the fund upon which the notes are issued, for the payment of the principal of, the interest on, or any premium due in connection with the redemption, purchase, or payment of any notes, or for the payment of any combination thereof. Pending such application, such proceeds may be invested or deposited as provided in this part 9.

(2) The state treasurer has the following powers in order to accomplish any of the purposes of this part 9, in addition to the powers otherwise granted by law:

- (a) To use the seal of the state treasurer;
- (b) To issue notes for the purposes provided in this part 9;
- (c) To adopt resolutions;
- (d) To engage the services of consultants, financial advisors, underwriters, attorneys, paying agents, registrars, remarketing agents, indexing agents, depositories, and other agents whose services may be required in connection with the notes;
- (e) To enter into contracts and agreements in connection with the notes, including but not limited to contracts with persons specified in paragraph (d) of this subsection (2) and contracts providing for the purchase or repurchase of the notes; and
- (f) To do all things necessary and convenient to carry out the purposes of this part 9 and in connection with the issuance of notes.

(3) The controller and the director of the office of state planning and budgeting shall, at the request of the state treasurer, assist and advise the state treasurer concerning the amount of notes to be issued and the terms and conditions under which the notes are to be issued.

Editor's note: This section is similar to former § 24-75-906 as it existed prior to 1986.

24-75-907. Form and terms of notes. (1) Notes shall be issued in a form consistent with the provisions of this part 9, describing the fund and the revenue from which such notes are payable; shall mature not later than three days before the last day of the fiscal year in which the same were issued; shall bear interest, if any, at a rate or rates determined by the state treasurer to be for the best advantage of the state; and may be redeemable, payable, or subject to purchase prior to maturity at such time and upon the payment of such premium or premiums, if any, as shall be determined by the state treasurer to be for the best advantage of the state. Book entry issuance is a form consistent with this part 9. The rate or rates of interest borne by the notes may be fixed, adjustable, or variable or any combination thereof. If any rate or rates are adjustable or variable, the standard, index, method, or formula pursuant to which the same are to be determined from time to time shall be set forth in the state treasurer's resolution authorizing the issuance of the notes. Such standard, index, method, or formula may include a delegation of authority to an agent acting for and on behalf of the state to determine a rate or rates within parameters, including a maximum interest rate, prescribed by the state treasurer in the resolution authorizing the issuance of the notes.

(2) In connection with the issuance of any notes, the state treasurer may direct the controller to create such restricted accounts within any fund as may be necessary or convenient for the segregation of note proceeds and investment income therefrom, revenue and investment income therefrom, or other sums, and the state treasurer may pledge any such accounts to and create liens thereon in favor of the owners of the notes; except that the aggregate amount of all such restricted accounts other than those created for note proceeds and investment income therefrom shall not exceed the principal and interest due at maturity on such notes. In connection with such issuance, the state treasurer may also make such customary covenants on behalf of the state as may be necessary to secure the notes.

(3) Any pledge made by the state treasurer shall be valid and binding from the time the pledge is made. The revenues and moneys so pledged and thereafter received shall immediately be subject to the lien of such pledge without any physical delivery or further act, and the lien of such pledge shall be valid and binding against all parties having claims of any kind in tort, by contract, or otherwise against such pledging parties, irrespective of whether such claiming

parties have notice of such lien. The resolution by which a pledge is created need not be recorded. Said resolution shall constitute a commitment voucher for purposes of section 24-30-202. The execution by the state treasurer and the controller of said resolution shall constitute the controller's approval of the commitment voucher and the treasurer's authorization of the expenditure of moneys from the state treasury to pay costs of issuance and the principal of and interest on notes at maturity.

Editor's note: This section is similar to former § 24-75-907 as it existed prior to 1986.

24-75-908. Execution of notes. (1) The notes shall be signed on behalf of the state by the state treasurer and countersigned by the controller, and the seal of the state treasurer shall be affixed thereto; except that no such signatures or seal shall be required if the notes are issued in book entry form pursuant to section 24-75-907 (1). The resolution authorizing the issuance of the notes may provide that the notes may be authenticated prior to delivery by the authorized representative of the registrar, paying agent, or depository.

(2) Pursuant to article 55 of title 11, C.R.S., any signature required by subsection (1) of this section may be a facsimile signature imprinted, engraved, stamped, or otherwise placed on the notes. If all signatures of public officials on the notes are facsimile signatures, provision shall be made for a manual authenticating signature on the notes by or on behalf of a designated authenticating agent. If an official ceases to hold office before delivery of the notes signed by such official, the signature or facsimile signature of the official is nevertheless valid and sufficient for all purposes. A facsimile of the seal of the state treasurer may be imprinted, engraved, stamped, or otherwise placed on the notes.

24-75-911. No debt created. Notes shall be payable solely from the revenues pledged thereto, and the owners or holders of the notes may not look to any other source for repayment of the principal of or interest on the notes. In every case, the revenues pledged shall be those which are the subject of appropriation for the current fiscal year and are yet to be credited to the applicable fund. The notes shall not constitute a debt or an indebtedness of the state within the meaning of any applicable provision of the state constitution or statutes.

PART 10

HIGHER EDUCATION FUND

24-75-1001. Higher education fund. (1) There is hereby created the higher education fund, which shall consist of all moneys which shall be allocated thereto by the state treasurer pursuant to subsection (2) of this section.

(2) The moneys annually allocated to the higher education fund shall be the amount of the total annual general fund appropriations to the department of higher education for that fiscal year. Such allocation shall be made, as moneys become available, on a periodic basis during such fiscal year commencing on July 1 or the beginning of such fiscal year.

(3) The higher education fund shall be separate from the general fund and considered a special fund under section 24-75-201.

(4) Nothing in subsection (1) of this section shall be construed to supersede the provisions of sections 23-20-117.5 and 23-30-106, C.R.S.

PART 11

TOBACCO SETTLEMENT FUNDS

24-75-1101. Legislative declaration. The general assembly hereby finds and declares that, pursuant to the master settlement agreement between several states, including Colorado, and certain tobacco companies, the state will receive substantial moneys for several years, and that such moneys may be reduced based on several factors, such as decreased sales of tobacco products. The general assembly further finds that such moneys will enable Colorado to enact tobacco use prevention, education, and cessation programs, related health programs, and literacy programs and that such programs must involve cost-effective programs at the state and local levels. For such purposes, the policies in this part 11 shall apply to all moneys received by the state from the master settlement agreement.

24-75-1102. Definitions. As used in this part 11, unless the context otherwise requires:

(1) "Master settlement agreement" means the master settlement agreement, the smokeless tobacco master settlement agreement, and the consent decree approved and entered by the court in the case denominated *State of Colorado, ex rel. Gale A. Norton, Attorney General v. R.J. Reynolds Tobacco Co.; American Tobacco Co., Inc.; Brown & Williamson Tobacco Corp.; Liggett & Myers, Inc.; Lorillard Tobacco Co., Inc.; Philip Morris, Inc.; United States Tobacco Co.; B.A.T. Industries, P.L.C.; The Council For Tobacco Research--U.S.A., Inc.; and Tobacco Institute, Inc.*, Case No. 97 CV 3432, in the district court for the city and county of Denver.

(2) "Settlement moneys" means the moneys received pursuant to the master settlement agreement, other than attorney fees and costs.

(2.5) "Strategic contribution fund moneys" means settlement moneys received by the state from the strategic contribution fund created under the terms of the master settlement agreement.

(3) "Tobacco settlement program" means any program that receives appropriations from moneys received by the state pursuant to the master settlement agreement.

24-75-1103. Policy on use of tobacco settlement funds. (1) No settlement moneys shall be used for a tobacco settlement program unless such program is expressly authorized by statute or is within the authority of the department or local government requesting funding. Nothing in this part 11 nor the establishment of any tobacco settlement program shall be deemed to create an entitlement to services or funding under this part 11 or other state law.

(2) Local governments are integral participants in the development and implementation of any tobacco prevention, education, and cessation programs. In addition to the ability to participate in any state programs, a portion of the settlement moneys may be dedicated to local governments for locally operated tobacco use prevention, education, and cessation programs and related health programs.

(3) The majority of the moneys received by the state from the master settlement agreement shall be dedicated to improving the health of the citizens of Colorado, including tobacco use prevention, education, and cessation programs and related health programs. Such moneys are intended to supplement any moneys appropriated to health-related programs established prior to May 18, 2000.

(4) Repealed.

(5) A portion of the settlement moneys shall be used to strengthen and enhance the health of all residents of Colorado by supplementing and expanding statewide and local public health programs.

(6) A portion of the settlement moneys shall be allocated to methods of addressing tobacco-related health problems, including but not limited to programs designed for tobacco use prevention, reduction, cessation, and education and the reduction of second-hand smoke.

(7) A portion of the settlement moneys shall be invested in tobacco-related in-state research, including but not limited to research in such areas as tobacco-related disease, illness, education, evaluation, cessation, and prevention.

(8) A portion of the settlement moneys shall be invested in improving the literacy of Colorado's children through reading programs implemented by public schools throughout the state.

24-75-1104.5. Use of settlement money - programs - repeal.

(1) Repealed.

(1.3) (a) For the 2012-13 fiscal year, and for each fiscal year thereafter through the 2015-16 fiscal year, the lesser of all settlement moneys received or the following amounts of settlement moneys shall be allocated in each fiscal year in which the state receives the moneys in the percentages or amounts specified and for the programs, services, and funds specified in subsections (1) and (1.5) of this section, as said subsections existed before July 1, 2016:

(I) For the 2012-13 fiscal year, eighty million four hundred thousand dollars less the amount of unexpended and unencumbered moneys remaining in the tobacco litigation settlement cash fund, created in section 24-22-115 (1)(a), at the end of the 2011-12 fiscal year;

(II) For the 2013-14, 2014-15, and 2015-16 fiscal years, the amount allocated pursuant to this subsection (1.3) for the prior fiscal year less the amount of any disputed payments in the tobacco litigation settlement cash fund that were credited to the fund pursuant to subparagraph (I) of paragraph (a) of subsection (5) of this section and less the amount of unexpended and unencumbered moneys remaining in the tobacco litigation settlement cash fund at the end of the prior fiscal year.

(III) (Deleted by amendment, L. 2016.)

(a.5) For the 2016-17 fiscal year, and for each fiscal year thereafter, the lesser of all settlement moneys received or the following amounts of settlement moneys shall be allocated in each fiscal year in which the state receives the moneys in the percentages specified and for the programs, services, and funds specified in subsection (1.7) of this section:

(I) For the 2016-17 fiscal year, for the 2018-19 and 2019-20 fiscal years, and for the 2021-22 fiscal year and each fiscal year thereafter, the amount allocated pursuant to this subsection (1.3) for the prior fiscal year less the amount of any disputed payments in the tobacco litigation settlement cash fund that were credited to the fund pursuant to subsection (5)(a)(I) of this section and less the amount of unexpended and unencumbered moneys remaining in the tobacco litigation settlement cash fund at the end of the prior fiscal year;

(II) For the 2017-18 fiscal year, the amount allocated pursuant to subsection (1.3)(a.5)(I) of this section for the 2016-17 fiscal year less fifteen million dollars, less the amount of any disputed payments in the tobacco litigation settlement cash fund that were credited to the fund pursuant to subsection (5)(a)(I) of this section, and less the amount of unexpended and unencumbered moneys remaining in the tobacco litigation settlement cash fund at the end of the 2016-17 fiscal year; and

(III) For the 2020-21 fiscal year, the amount allocated pursuant to subsection (1.3)(a.5)(I) of this section for the 2019-20 fiscal year less the amount of any disputed payments in the tobacco litigation settlement cash fund that were credited to the fund pursuant to subsection (5)(a)(I) of this section, less the amount of unexpended and unencumbered moneys remaining in the tobacco litigation settlement cash fund at the end of the 2019-20 fiscal year, and plus twenty million dollars.

(b) (I) For the 2016-17 fiscal year, and for each fiscal year thereafter, in addition to the amounts allocated pursuant to paragraph (a.5) of this subsection (1.3), the amount of unexpended and unencumbered moneys remaining in the tobacco litigation settlement cash fund, created in section 24-22-115 (1)(a), at the end of the prior fiscal year shall be allocated to the programs that receive settlement moneys pursuant to subsection (1.7) of this section in proportion to their shares of the settlement moneys.

(II) For the 2016-17 fiscal year, and for each fiscal year thereafter, in addition to the amounts allocated pursuant to paragraph (a.5) of this subsection (1.3), disputed payments received are allocated in the year received up to the amounts necessary to meet the requirements of subsection (1.7) of this section in the percentages specified and for the programs, services, and funds specified in said subsection (1.7).

(c) Notwithstanding the provisions of section 24-1-136, no later than October 1, 2013, and no later than October 1 of each year thereafter, the state treasurer shall submit a written report to the joint budget committee that sets forth the total amount allocated pursuant to this subsection (1.3) during the prior fiscal year and the total amount anticipated to be allocated pursuant to this subsection (1.3) during the current fiscal year.

(1.5) Repealed.

(1.7) Except as otherwise provided in subsections (1.3), (1.8), and (5) of this section, and except that disputed payments received by the state in the 2015-16 fiscal year or in any year thereafter are excluded from the calculation of allocations pursuant to this subsection (1.7), for the 2016-17 fiscal year and for each fiscal year thereafter, the following programs, services, and funds receive the following specified percentages of the total amount of settlement money received by the state in the preceding fiscal year:

(a) The Colorado nurse home visitor program created in part 5 of article 3 of title 26.5 receives twenty-six and seven-tenths percent of the settlement money;

(b) The children's basic health plan trust created in section 25.5-8-105, C.R.S., shall receive eighteen percent of the settlement moneys;

(c) The university of Colorado health sciences center shall receive a base amount of fifteen and one-half percent of the settlement moneys and an additional amount of two percent of the settlement moneys, and the state treasurer shall credit both amounts to the tobacco litigation settlement moneys health education fund, which is hereby created in the state treasury. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund. Any unexpended and unencumbered money in the fund at the end of any fiscal year remains in the fund and shall not be credited or transferred to the general fund or any other fund. All money in the fund is subject to annual appropriation by the general assembly to the health sciences center, but the health sciences center shall use the additional amount of settlement moneys credited to the fund only for tobacco-related in-state cancer research as authorized in section 24-75-1103 (7).

(d) The Fitzsimons trust fund created in section 23-20-136 (3), C.R.S., shall receive eight percent of the settlement moneys. Subject to annual appropriation by the general assembly, the settlement moneys shall be used as specified in section 23-20-136 (5), C.R.S.

(e) The Tony Grampas youth services program created in article 6.8 of title 26, C.R.S., shall receive seven and one-half percent of the total amount of settlement moneys, which the state treasurer shall transfer to the youth services program fund created in section 26-6.8-102 (2)(d), C.R.S.;

(f) The drug assistance program created in section 25-4-1401, C.R.S., shall receive five percent of the settlement moneys;

(g) The AIDS and HIV prevention fund created in section 25-4-1405, C.R.S., shall receive three and one-half percent of the settlement moneys;

(h) The supplemental tobacco litigation settlement moneys account of the Colorado immunization fund created in section 25-4-2301, C.R.S., shall receive two and one-half percent of the settlement moneys;

(i) (I) Except as otherwise provided in subsection (1.7)(i)(II) of this section, the tobacco settlement defense account of the tobacco litigation settlement cash fund created in section 24-22-115 (2)(a) shall receive two and one-half percent of the settlement moneys;

(II) For the 2020-21 fiscal year, the tobacco settlement defense account of the tobacco litigation settlement cash fund shall receive seventy-five one-hundredths percent of the settlement moneys;

(j) The supplemental state contribution fund created in section 24-50-609 (5) shall receive two and three-tenths percent of the settlement moneys, which, subject to annual appropriation by the general assembly, shall be used to pay the costs of increased nonsupplemental state contributions and to provide supplements to the state contribution for state employee group benefit plans for each eligible state employee as required by section 24-50-609.5;

(k) (I) The Colorado autism treatment fund created pursuant to section 25.5-6-805, C.R.S., shall receive two percent of the settlement moneys to pay a portion of the state's share of the annual funding required by the "Home- and Community-based Services for Children with Autism Act", part 8 of article 6 of title 25.5, C.R.S.

(II) This subsection (1.7)(k) is repealed, effective July 1, 2025.

(l) The Colorado state veterans trust fund created in section 28-5-709, C.R.S., shall receive one percent of the settlement moneys;

(m) The state dental loan repayment and oral health programs fund created in article 23 of title 25 shall receive one percent of the settlement money; and

(n) The Colorado health service corps fund created in section 25-1.5-506, C.R.S., shall receive one percent of the settlement moneys.

(1.8) (a) For the 2020-21 fiscal year, the total amount of settlement moneys received by the state in the preceding fiscal year shall be reduced by two million dollars before the calculation of allocations under subsection (1.7) of this section.

(b) On July 1, 2020, the state treasurer shall transfer all settlement moneys received during the 2019-20 fiscal year that are not allocated under subsection (1.7) of this section to the general fund.

(2) The general assembly shall appropriate or the state treasurer shall transfer, as provided by law, the amounts specified in subsection (1.7) of this section from moneys credited to the tobacco litigation settlement cash fund created in section 24-22-115. All settlement moneys other than settlement moneys received and allocated by the state during the same fiscal year pursuant to subsection (1.7) of this section shall be credited to the specified funds or accounts on July 1 of the fiscal year for which they are transferred, and all settlement moneys received and allocated by the state during the same fiscal year pursuant to said subsection (1.7) shall be credited to the specified funds or accounts upon receipt by the state.

(3) ***[Editor's note: This version of subsection (3) is effective until July 1, 2025.]*** Notwithstanding subsection (1.7) of this section, for purposes of sections 23-20-136 (3.5)(a), 25-4-1401 (6), 25-4-1405 (2), 25-23-104 (2), 25.5-6-805 (2), 25.5-8-105 (3), 26.5-3-507 (2)(e), 26-6.8-102 (2)(d), and 28-5-709 (2)(a), settlement money received and allocated by the state pursuant to subsection (1.7) of this section during the same fiscal year is deemed to be money received for or during the preceding fiscal year.

(3) ***[Editor's note: This version of subsection (3) is effective July 1, 2025.]*** Notwithstanding subsection (1.7) of this section, for purposes of sections 23-20-136 (3.5)(a), 25-4-1401 (6), 25-4-1405 (2), 25-23-104 (2), 25.5-8-105 (3), 26.5-3-507 (2)(e), 26-6.8-102 (2)(d), and 28-5-709 (2)(a), settlement money received and allocated by the state pursuant to subsection (1.7) of this section during the same fiscal year is deemed to be money received for or during the preceding fiscal year.

(4) Repealed.

(5) (a) (I) The state treasurer shall credit all disputed payments upon receipt to the tobacco litigation settlement cash fund; except that the state treasurer shall credit any disputed payments received during any fiscal year that are not allocated under paragraph (b) of subsection (1.3) of this section to the general fund.

(II) As used in this paragraph (a):

(A) "Allocable share" has the same meaning as set forth in section (II)(f) of the master settlement agreement and all amendments thereto.

(B) "Disputed payments" means payments of settlement moneys received by the state on or after July 1, 2008, in regard to the maximum potential NPM adjustment allocable share applicable to Colorado for any year, as calculated by the independent auditor, and any earned income or interest associated with the payments.

(C) "Independent auditor" has the same meaning as set forth in section (II)(w) of the master settlement agreement and all amendments thereto.

(D) "NPM adjustment" has the same meaning as set forth in section (II)(ff) of the master settlement agreement and all amendments thereto.

(E) Repealed.

(b) Repealed.

(6) Repealed.

(7) Notwithstanding any limitation on the amount of advances set forth in section 24-75-203 (2), the controller may authorize an advance without interest in any amount to be made to any department, institution, or agency of state government to provide it with working capital for the operation of tobacco settlement programs to which settlement moneys are allocated pursuant to this section.

24-75-1106. Repeal of sections - instructions to revisor of statutes. (Repealed)

Source: **L. 2003:** Entire section added, p. 2550, § 9, effective June 5.

Editor's note: This section provided for the repeal of this section, effective December 15, 2003, unless the state treasurer and the tobacco litigation settlement financing corporation entered into at least one property sale contract pursuant to article 82.5 of this title. No such contract had been entered into as of December 15, 2003. (See L. 2003, p. 2550.)

24-75-1107. Loss of disputed payments - authorization for transfers to tobacco litigation settlement cash fund. (1) The attorney general shall immediately notify the governor, the state treasurer, the joint budget committee of the general assembly, the speaker and minority leader of the house of representatives, and the president and minority leader of the senate if an arbitration panel makes any finding regarding the failure of the state to diligently enforce the provisions of part 2 of article 28 of title 39, C.R.S., that will reduce the amount of any payment of settlement moneys to the state.

(2) If the attorney general provides notification pursuant to subsection (1) of this section, the governor may instruct the state treasurer to transfer a specific amount of not more than forty million dollars from the general fund to the tobacco litigation settlement cash fund and to further transfer those moneys to programs and funds that receive settlement moneys pursuant to section 24-75-1104.5 as directed by the governor if:

(a) The general assembly is not in regular session;

(b) The notification indicates that the next scheduled payment of settlement moneys to the state will be at least thirty-five million dollars less than the most recent amount forecast by the staff of the legislative council when the general assembly was last in regular session;

(c) The settlement moneys that will no longer be paid to the state were previously expected to be paid within twelve months of the date of the finding that will reduce the amount of a payment of settlement moneys to the state; and

(d) The amount to be transferred is based on:

(I) The amount required to cover the amount of working capital advanced from the general fund to tobacco settlement programs before the date of the finding that will reduce the amount of a payment of settlement moneys to the state; and

(II) Any additional amount needed to allow tobacco settlement programs to meet critical state obligations and reduce program expenditure in an orderly manner through the end of the next January.

PART 13

STATUS OF GIFTS, GRANTS, AND DONATIONS MADE TO STATE AGENCIES

24-75-1301. Definitions. As used in this part 13, unless the context otherwise requires:

(1) "Grant" means any gift, grant, or donation from a nongovernmental entity to a state agency that is not required to be repaid and that is fifty dollars or more.

(2) "State agency" means any department, commission, council, board, bureau, committee, agency, or other governmental unit of the executive, legislative, or judicial branch of state government. "State agency" shall not include any institution of higher education.

Source: L. 2010: Entire part added, (HB 10-1178), ch. 173, p. 625, § 1, effective August 11. **L. 2013:** (1) amended, (SB 13-268), ch. 298, p. 1588, § 1, effective May 28.

24-75-1302. State agencies - information obtained with grants. Each state agency that receives a grant to provide funding for a bill enacted by the general assembly that relies entirely on grant moneys for the funding source of the program, service, study, interim committee, or

other government function required by the bill shall request that the entity submit a letter to the state agency at the time of making the grant specifying the amount of the grant, the duration of the grant, and the specific purposes for which the grant money is to be used. The state agency shall request that the entity awarding the grant include the bill number of the bill that created the program, service, study, interim committee, or other governmental function for which the grant is intended to provide funding.

24-75-1303. Report to general assembly. (1) On or before November 1, 2011, and on or before November 1 of each year thereafter, each state agency shall submit to the joint budget committee of the general assembly a report, in accordance with generally accepted accounting principles, of all grants made to the state agency during the immediately preceding state fiscal year, which grants provided funding for a bill enacted by the general assembly that relies entirely on grant moneys for the funding source of the program, service, study, interim committee, or other governmental function required by the bill. The state agency shall be prepared to review the report at the state agency's briefing with the joint budget committee in connection with its annual budget request.

(2) In compiling the report required pursuant to subsection (1) of this section, the state agency may use the documentation provided by the entity awarding the grant pursuant to section 24-75-1302.

(3) The report required pursuant to subsection (1) of this section must include the following information for every grant received:

- (a) The source of the grant;
- (b) The amount of money that the state agency receives through the grant on an annual basis and the number of years that the state agency will receive such grant moneys; and
- (c) The specific program that the grant is intended to support, including the bill number of the bill that created the program.

(4) In addition to the information specified in subsection (3) of this section, a state agency shall include in the report a statement of the state agency's intent regarding the sustainability of each program or service that is funded entirely by grant moneys in the event that grant moneys are no longer available to support the program or service in the future. If the state agency intends to continue the program or service after grant moneys are no longer available, the state agency shall include a statement regarding how the program or service will be funded.

(5) Nothing in this section shall be construed to require a school district to submit information to the department of education for purposes of the report required in this section.

24-75-1305. Programs or services reliant on grants - statutory reauthorization of program. (1) Except as otherwise provided in subsection (3) of this section, beginning January 1, 2011, the general assembly shall not make an appropriation of moneys from the general fund or from any other source of state moneys to fund a program, service, study, or other function of state government that was previously funded through grant moneys and that has not received adequate grant moneys to support the program, service, study, or other function of state government for the applicable fiscal year.

(2) Except as otherwise provided in subsection (3) of this section, beginning January 1, 2011, a state agency that oversees any program, service, study, or other function of state government shall not request as part of its annual budget request to the joint budget committee that the general assembly make an appropriation from the general fund or any other source of state moneys to fund a program, service, study, or other function of state government that was previously funded through grant moneys and that has not received adequate grant moneys to support the program, service, study, or other function of state government for the applicable fiscal year.

(3) The general assembly may adopt legislation to reauthorize any program, service, study, or other function of state government that was previously funded through grant moneys and, if such legislation includes an appropriation from the general fund or any other source of state moneys and becomes law, may make an appropriation from the general fund or from any other source of state moneys to a state agency to oversee the program, service, study, or other function of state government.

PART 14

INDIRECT COSTS EXCESS RECOVERY FUND

24-75-1401. Indirect costs excess recovery fund - creation - departmental accounts - use of fund - definitions - repeal. (1) As used in this section, unless the context otherwise requires:

(a) "Indirect costs" means the indirect cost assessment line items in the annual general appropriation act that represent expected collections of statewide and departmental indirect costs from cash-funded, reappropriated-funded, or federal-funded programs for the purpose of paying departmental or statewide overhead costs as allocated to those programs in the annual general appropriation act.

(b) "State agency" or "agency" means any board, bureau, commission, department, institution, division, section, or officer of the state except those within the department of higher education designation in the annual general appropriation act.

(2) The indirect costs excess recovery fund is created in the state treasury. A separate account for each principal department of state government other than the department of higher

education is created within the fund. Before the close of the state's accounting system each fiscal year, the state treasurer shall credit all moneys collected by a state agency for indirect costs for the fiscal year in excess of the actual amount expended during the fiscal year to the account for the department that includes the agency. The state treasurer shall credit all interest and income earned on the deposit and investment of moneys in any account of the fund to the account.

(3) (a) Each account of the indirect costs excess recovery fund is subject to annual appropriation for indirect costs by its corresponding department for the sole purpose of paying any indirect costs incurred by agencies within the department during a fiscal year that exceed their actual indirect cost collections for the fiscal year.

(b) (I) Notwithstanding subsection (3)(a) of this section, for the 2022-23 state fiscal year, a portion of the amount credited to the account created for the department of human services in the indirect costs excess recovery fund may be used for indirect costs billed to the department of early childhood.

(II) This subsection (3)(b) is repealed, effective July 1, 2024.

(3.5) On June 30, 2020, the state treasurer shall transfer eight million three hundred eighty-one thousand seven hundred fifty-three dollars from the indirect cost excess recovery fund to the general fund.

(4) No later than November 1, 2013, and no later than each November 1 thereafter, the state controller shall report to the joint budget committee of the general assembly regarding the revenues, expenditures, and balance of each account of the indirect costs excess recovery fund as of June 30 of the prior fiscal year.

FEDERAL FUNDS

ARTICLE 76

Federal Funds

24-76-101. Appropriation of certain federal funds. (1) The general assembly may appropriate block grant moneys in the state treasury received from any agency of the federal government, and, if so appropriated, such block grant moneys shall not be disbursed except in accordance with the appropriation. This section shall be construed so as to authorize legislative appropriation of block grant moneys, notwithstanding any other provision of law enacted prior to July 1, 1985, which authorizes any department, agency, institution, or officer of the state to apply for, receive, and expend moneys from the federal government without reference to legislative appropriation.

(2) As used in this article, "block grant moneys" means moneys received for use in a broad functional area as provided by federal law, and concerning which the state has discretion as to the specific programs to be funded, or as to the level at which such programs will be funded, or as to eligibility requirements or other criteria for identifying the beneficiaries of programs, or as to the transfer of moneys to another block grant, or as to two or more such

matters. "Block grant moneys" includes all such moneys in the state treasury, even if they will be passed through to local governments, private nonprofit agencies, or other entities for expenditure.

(3) The following federal moneys shall not be appropriated:

(a) Moneys received from the federal government by the state for the construction, improvement, or maintenance of highways;

(b) Moneys received from the federal government by the state as grants for research at institutions of higher education.

(4) Whenever any federal law permits the transfer of block grant moneys from one block grant to another, such moneys shall not be transferred and expended unless such transfer is authorized by the general assembly, either by appropriation or by permanent law.

(5) Nothing in this section shall be construed to affect the functions of any advisory committee or advisory council which has been established to make recommendations with regard to block grant moneys.

24-76-102. Reporting requirements. (1) Each department, agency, or officer of the state which applies for or receives block grant moneys shall file the following with the joint budget committee:

(a) A copy of each application for block grant moneys, and any revision thereto, whether denominated a grant application, a report of intended expenditures, a state plan, an implementation report, or any other term, within three days after transmitting such application to the federal government;

(b) A copy of each notice of grant award involving block grant moneys received by such department, agency, or officer, within three days after receipt of such notice;

(c) A copy of any guidelines, criteria, formulas, procedures, or other measures formulated or adopted by the department, agency, or officer and used in allocating block grant moneys among programs, beneficiaries, local governments, private nonprofit agencies, or other entities, within seven days after their formulation or adoption.

24-76-103. Federal grants - mortgage lending process. The division of real estate and any state agency involved in the prosecution of or public education about mortgage fraud and theft in the mortgage lending process may accept on behalf of the state grants of federal funds for the purpose of lowering the incidents of mortgage fraud in Colorado. The state agency, with the approval of the governor, shall have the power to direct the disposition of a federal grant consistent with the terms and conditions of the grant so long as the terms and conditions do not conflict with state law.

24-76-104. Reporting of federal funds. (1) Notwithstanding section 24-1-136 (11)(a), the state controller shall submit an annual report to the joint budget committee of all expenditures of federal funds by each state agency during the most recent state fiscal year, beginning with the state fiscal year 2020-21. The state controller shall consult with joint budget committee staff to determine the timing, format, and content of the report.

(2) The state controller shall post the reports required by subsection (1) of this section on the state controller's website.

(3) The report required by this section is in addition to the reporting requirement set forth in section 24-76-102.

RESTRICTIONS ON PUBLIC BENEFITS

ARTICLE 76.5

Access to Public Benefits

Editor's note: (1) This article 76.5 was added in 2006. It was repealed and reenacted in 2021, effective July 1, 2022, resulting in the addition, relocation, or elimination of sections as well as subject matter. For amendments to this article 76.5 prior to 2022, consult the 2021 Colorado Revised Statutes and the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

(2) Sections 24-76.5-102 and 24-76.5-103 were amended in HB 21-1054, SB 21-077, and section 1 of SB 21-199. Those amendments were superseded by the repeal and reenactment of this article 76.5 in section 2 of SB 21-199, effective July 1, 2022.

Law reviews: For article, "2006 Immigration Legislation in Colorado", see 35 Colo. Law. 79 (Oct. 2006).

24-76.5-101. Legislative declaration. (1) The general assembly finds and declares that:

(a) People who immigrated to the United States and live in Colorado are essential members of our communities;

(b) Every day, the state benefits from the contributions of undocumented immigrants to our society. Immigrants hold jobs that are critical to our economy and communities, and in some industries comprise more than one-third of the workforce. Immigrants make our tourism industry run; build our buildings; lay our roads; provide in-home care to our seniors, children, and people with disabilities; bring food to our tables; and bring food to our doorsteps.

(c) Immigrants comprise over nine percent of Colorado's population and contribute to the economy through the labor force and as consumers and taxpayers. In 2019, immigrants in Colorado paid almost six billion dollars in local, state, and federal taxes. In Colorado, undocumented immigrants pay nearly two hundred seventy-five million dollars in federal taxes and more than one hundred fifty million dollars in state and local taxes annually.

(d) These hardworking Coloradans are diverse and are often a part of a mixed-status family. In Colorado:

(I) The estimated population of undocumented immigrants is one hundred sixty-two thousand, and this number represents approximately eight percent of children under sixteen years of age;

(II) Additionally, an estimated two hundred seventy-six thousand five hundred eighty-nine Coloradans live with a family member who is an undocumented immigrant, including one hundred thirty thousand nine hundred fifty-eight children; and

(III) Children from immigrant families are disproportionately more likely to be from a low-income household.

(e) The 2006 special legislative session facilitated the passage of anti-immigrant legislation that left behind immigrant families, citizen families experiencing homelessness, and persons fleeing from domestic violence without the necessary public benefits, including professional and occupational licenses. Because of these policies, state and local agencies believed that they were required to verify the lawful presence of applicants for public benefits, including professional, occupational, and commercial licenses, above and beyond what is required in federal law.

(f) Undocumented immigrants who do not have the required documents to establish lawful presence are prevented in many circumstances from applying for such licenses, which, in turn, prevents these persons from fully participating in Colorado's economy and accessing state and local public benefits, including loans; grants; contracts; programs that address food, housing, and energy; and other benefits.

(g) Undocumented immigrants are ineligible for most federal benefits and were excluded from receiving federal stimulus money provided in the federal "CARES Act" Pub.L. 116-136, 134 Stat. 281 (2020), as amended. Local communities were restricted from providing their residents with crucial relief during the COVID-19 pandemic because of these anti-immigrant laws.

(h) In 2018, various industries including child care, agriculture, health care, K-12 education, and transportation averaged between one and two and one-half job openings per every unemployed worker, demonstrating a high need for a larger labor pool and workforce that can fill these gaps through contracting and small business development; and

(i) Protecting the well-being of these members of our communities and facilitating their access to important public benefits and opportunities, particularly during a global health crisis, makes our communities healthier, stronger, and more prosperous.

(2) Therefore, the general assembly declares it is the public policy of the state of Colorado that we ensure that our state-funded programs are not denied to people based on their immigration status.

(3) This article 76.5 does not affect federal public benefits. In the event a provision of this article 76.5 conflicts with federal law, federal law controls. Furthermore, while article 76.5 does not require lawful presence for local public benefits, it does not diminish any authority a local government may have to budget to meet the needs of its residents.

Notwithstanding any law to the contrary, pursuant to 8 U.S.C. sec. 1621 (d), on or after July 1, 2022, lawful presence is not a requirement of eligibility for state or local public benefits, as those state or local public benefits are distributed by any state agency, political subdivision as defined by section 29-1-202 (2), or home rule municipality.

ARTICLE 76.6

Prioritizing State Enforcement of Civil Immigration Law

Cross references: For the legislative declaration in HB 19-1124, see section 1 of chapter 299, Session Laws of Colorado 2019.

24-76.6-101. Definitions. As used in this article 76.6, unless the context otherwise requires:

(1) "Civil immigration detainer" means a written request issued by federal immigration enforcement authorities pursuant to 8 CFR 287.7 to law enforcement officers to maintain custody of an individual beyond the time when the individual is eligible for release from custody, including any request for law enforcement agency action, warrant for arrest of alien, order to detain or release alien, or warrant of removal/deportation on any form promulgated by federal immigration enforcement authorities.

(2) "Eligible for release from custody" means that an individual may be released from custody because one of the following conditions has occurred:

- (a) All criminal charges against the individual have been dropped or dismissed;
- (b) The individual has been acquitted of all criminal charges filed against him or her;
- (c) The individual has served all the time required for his or her sentence;
- (d) The individual has posted a bond or has been released on his or her own recognizance;

(e) The individual has been referred to pretrial diversion services; or

(f) The individual is otherwise eligible for release under state or municipal law.

(3) "Law enforcement officer" means a peace officer employed by the Colorado state patrol, a municipal police department, a town marshal's office, or a county sheriff's office.

(4) "Personal information" means any confidential identifying information about an individual, including but not limited to home or work contact information; family or emergency contact information; probation meeting date and time; community corrections locations; community corrections meeting date and time; or the meeting date and time for criminal court-ordered classes, treatment, and appointments.

Source: L. 2019: Entire article added, (HB 19-1124), ch. 299, p. 2760, § 2, effective May 28.

24-76.6-102. Civil immigration detainers - legislative declaration. (1) The general assembly finds and declares that:

(a) Federal immigration authorities at times submit requests to state and local law enforcement agencies to detain an inmate after the inmate is eligible for release from custody. Continued detention of an inmate under a federal civil immigration detainer constitutes a new arrest under state law and a seizure under the fourth amendment of the United States constitution.

(b) Requests for civil immigration detainers are not warrants under Colorado law. A warrant is a written order by a judge directed to a law enforcement officer commanding the arrest of the person named, as defined in section 16-1-104 (18). None of the civil immigration detainer requests received from the federal immigration authorities are reviewed, approved, or signed by a judge as required by Colorado law. The continued detention of an inmate at the request of federal immigration authorities beyond when he or she would otherwise be released constitutes a warrantless arrest, which is unconstitutional, *People v. Burns*, 615 P.2d 686, 688 (Colo. 1980).

(2) A law enforcement officer shall not arrest or detain an individual on the basis of a civil immigration detainer request.

(3) The authority of law enforcement is limited to the express authority granted in state law.

(4) Nothing in this section precludes any law enforcement officer or employee from cooperating or assisting federal immigration enforcement authorities in the execution of a warrant issued by a federal judge or magistrate or honoring any writ issued by any state or federal judge concerning the transfer of a prisoner to or from federal custody.

(5) Nothing in this section precludes any law enforcement officer from investigating or enforcing any criminal law or from participating in coordinated law enforcement actions with federal law enforcement agencies in the enforcement of local, state, or federal criminal laws.

Source: L. 2019: Entire article added, (HB 19-1124), ch. 299, p. 2761, § 2, effective May 28.

24-76.6-103. Limitations on providing personal information by probation offices. (1) A probation officer or probation department employee shall not provide personal information about an individual to federal immigration authorities.

(2) Nothing in section 24-76.6-102 prevents law enforcement officers from coordinating telephone or video interviews between federal immigration authorities and individuals incarcerated in any county or local jail or other custodial facility, to the same extent as telephone or video contact with such individuals is allowed by the general public, if the individual has been advised, in the individual's language of choice, of certain information in writing, including but not limited to:

(a) The interview is being sought by federal immigration authorities;
(b) The individual has the right to decline the interview and remain silent;
(c) The individual has the right to speak to an attorney before submitting to the interview;
and

(d) Anything the individual says may be used against him or her in subsequent proceedings, including in a federal immigration court.

(3) The written advisement described in subsection (2) of this section must be provided to the inmate again when the inmate is released.

ARTICLE 76.7

Prohibit State and Local Government Involvement in Immigration Detention

Cross references: For the legislative declaration in HB 23-1100, see section 1 of chapter 413, Session Laws of Colorado 2023.

24-76.7-101. Definitions. As used in this article 76.7, unless the context otherwise requires:

(1) "Governmental entity" means the state, any unit of local government, a county sheriff, or any agency, officer, employee, or agent thereof.

(2) "Immigration detention agreement" means any contract, including but not limited to an intergovernmental service agreement, or portion thereof for payment to a governmental entity to detain individuals for federal civil immigration purposes. For a contract or intergovernmental service agreement that is only in part for the detention of individuals for federal immigration officials, this term only applies to the civil immigration detention portion of the contract.

(3) "Immigration detention facility" means any building, facility, or structure used, in whole or in part, to house or detain individuals for federal immigration officials.

24-76.7-102. Governmental entities - agreements with privately owned immigration detention facilities - prohibition. (1) Beginning on January 1, 2024, a governmental entity shall not:

(a) Enter into an agreement of any kind for the detention of individuals in an immigration detention facility that is owned, managed, or operated, in whole or in part, by a private entity;

(b) Sell any public or government-owned property or building for the purpose of establishing an immigration detention facility that is or will be owned, managed, or operated, in whole or in part, by a private entity;

(c) Pay, reimburse, subsidize, or defray in any way any costs related to the sale, purchase, construction, development, ownership, management, or operation of an immigration detention facility that is or will be owned, managed, or operated, in whole or in part, by a private entity;

(d) Receive per diem, per detainee, or any other payment related to the detention of individuals in an immigration detention facility that is owned, managed, or operated, in whole or in part, by a private entity; or

(e) Otherwise give any financial incentive or benefit to any private entity or person in connection with the sale, purchase, construction, development, ownership, management, or operation of an immigration detention facility that is or will be owned, managed, or operated, in whole or in part, by a private entity.

(2) Nothing in this article 76.7 shall be construed to prohibit a governmental entity from providing health and safety resources to individuals who are being detained for immigration purposes.

(3) Nothing in this article 76.7 shall be construed to prohibit any unit of local government from contracting for health, utility, and sanitation services to immigration detention facilities.

**STATE FISCAL POLICIES RELATING TO SECTION 20
OF ARTICLE X OF THE STATE CONSTITUTION**

ARTICLE 77

State Fiscal Policies Relating to Section 20
of Article X of the State Constitution

Cross references: For restriction on state appropriations, see § 24-75-201.1.

PART 1

GENERAL PROVISIONS

24-77-101. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Section 20 of article X of the state constitution, which was approved by the registered electors of this state at the 1992 general election, limits fiscal year spending of the state government;

(b) It is within the legislative prerogative of the general assembly to enact legislation which will facilitate the operation of section 20 of article X;

(c) It is a legislative prerogative to facilitate compliance with the state fiscal year spending limit and legislation to implement section 20 of article X as it relates to state government is a reasonable and necessary exercise of the legislative prerogative;

(d) In interpreting the provisions of section 20 of article X, the general assembly has attempted to give the words of said constitutional provision their natural and obvious significance;

(e) Where the meaning of section 20 of article X is uncertain, the general assembly has attempted to ascertain the intent of those who adopted the measure and, when appropriate, the intent of the proponents, as well as to apply other generally accepted rules of construction;

(f) The content of this article represents the considered judgment of the general assembly as to the meaning of the provisions of section 20 of article X as it relates to state government.

(2) The general assembly further finds and declares that:

(a) The adoption of section 20 of article X imposes a limit on state fiscal year spending and the provisions of this article were enacted to facilitate compliance with the state fiscal year spending limit;

(b) This article reflects the judgment of the general assembly regarding the meaning and implementation of section 20 of article X of the state constitution as it relates to state government;

(c) The provisions of this article should not be construed to substitute for generally accepted accounting principles which are applicable to financial documents and reports of state government;

(d) The purpose of preparing figures in accordance with this article, to ensure compliance with the state fiscal year spending limit, may differ from the purpose of preparing financial statements of the state, to determine the financial condition of the state;

(e) The financial statements of the state prepared by the state controller shall be prepared, insofar as possible, in conformity with generally accepted accounting principles; and

(f) The financial report required by this article shall be prepared in conformity with generally accepted accounting principles unless otherwise provided by law or unless an irreconcilable conflict exists between generally accepted accounting principles and the provisions of section 20 of article X in which case the provisions of said constitutional provision shall control.

(3) The general assembly further finds and declares that:

(a) When revenues exceed the state fiscal year spending limitation for any given fiscal year, section 20 (7)(d) of article X of the state constitution requires that the excess revenues be refunded in the next fiscal year unless voters approve a revenue change allowing the state to retain the revenues;

(b) It is the duty and intent of the general assembly to comply with the constitutional requirement to refund state excess revenues;

(c) It is within the legislative prerogative to facilitate compliance with the constitutional requirement to refund state excess revenues and legislation relating to the refunding of such excess revenues is a reasonable and necessary exercise of the legislative prerogative; and

(d) State excess revenues that are carried forward from the fiscal year in which they accrued shall be refunded in the next fiscal year and shall not be available for any other governmental purpose unless voters have authorized the state to retain such revenues.

24-77-102. Definitions. As used in this article 77, unless the context otherwise requires:

(1) "Collections for another government" means any tax revenues or other revenues that are collected by the state for the benefit and use of any government other than the state pursuant to the authority of such other government and that are passed through to the government for whose use such revenues were collected.

(2) "Damage award" means any pecuniary compensation received by the state as a result of any judgment or allowance in favor of the state.

(3) "Enterprise" means a government-owned business:

(a) Which has authority to issue its own revenue bonds; and

(b) Which receives less than ten percent of its annual revenues in grants from all state and local governments in Colorado combined.

(4) "Expenditure" means the appropriation or disbursement of any state general fund or cash fund moneys for any expense incurred by the state.

(5) "Federal funds" means any pecuniary resources received by the state from the national government of the United States.

(6) "Gift" means something of value which is given to the state voluntarily by any person or entity, regardless of whether such person or entity specifies the purpose or purposes for which such thing of value is to be used. "Gift" includes, but is not limited to, voluntary contributions received by the state as a result of any state voluntary contribution program established pursuant to article 22 of title 39, C.R.S. "Gift" does not include federal funds or any pecuniary compensation received by the state from any other governmental entity.

(7) (a) "Grant" means any direct cash subsidy or other direct contribution of money from the state or any local government in Colorado which is not required to be repaid.

(b) "Grant" does not include:

(I) Any indirect benefit conferred upon an enterprise from the state or any local government in Colorado;

(II) Any revenues resulting from rates, fees, assessments, or other charges imposed by an enterprise for the provision of goods or services by such enterprise;

(III) Any federal funds, regardless of whether such federal funds pass through the state or any local government in Colorado prior to receipt by an enterprise;

(IV) Any moneys received by the division of parks and wildlife, created in section 33-9-104, from the great outdoors Colorado trust fund established in section 2 of article XXVII of the state constitution;

(V) Any revenues received by the division of brand inspection created in section 24-1-123 (4)(g)(I).

(8) "Inflation" means the percentage change in the consumer price index for the Denver-Boulder consolidated metropolitan statistical area for all urban consumers, all goods, as published by the United States department of labor, bureau of labor statistics, or its successor index.

(9) "Pension contributions by employees" means the amount contributed by state employees to the retirement plans of such employees.

(10) "Pension fund earnings" means the amount which is earned from the investment of moneys set apart for the payment of retirement income for state employees.

(11) "Property sale" means:

(a) Any transfer of the ownership of an estate in tangible assets or intangible rights, excluding leasehold interests, in which or to which the state has rights protected by law from the state to any party for consideration; or

(b) Any contract resulting in the payment of pecuniary compensation to the state for permitting another to exploit, use, or market nonrenewable natural resources which are located on real property owned by the state and which are subject to depletion with use.

(12) "Reserve" means any unrestricted general fund or cash fund year-end balance which is held by the state to meet any needs or demands.

(13) "Reserve increase" means any action which has the effect of increasing a reserve.

(14) "Reserve transfers or expenditures" means moneys which are passed from one fund of cash or assets held by the state as a reserve to another such fund or moneys which are disbursed from such fund.

(15) (a) "Special purpose authority" means any entity that is created pursuant to state law to serve a valid public purpose, which is either a political subdivision of the state or an instrumentality of the state, which is not an agency of the state, and which is not subject to administrative direction by any department, commission, bureau, or agency of the state.

(b) "Special purpose authority" includes, but is not limited to:

(I) The Colorado housing and finance authority created pursuant to section 29-4-704, C.R.S.;

(II) The university of Colorado hospital authority created pursuant to section 23-21-503 (1), C.R.S.;

(III) The Colorado water resources and power development authority created pursuant to section 37-95-104 (1), C.R.S.;

(IV) Pinnacol Assurance created pursuant to section 8-45-101, C.R.S.;

(V) The Colorado educational and cultural facilities authority created pursuant to section 23-15-104 (1), C.R.S.;

(VI) The Colorado health facilities authority created pursuant to section 25-25-104 (1), C.R.S.;

(VII) (Deleted by amendment, L. 2000, p. 1296, § 19, effective May 26, 2000.)

(VIII) The Colorado agricultural development authority created pursuant to section 35-75-104 (1), C.R.S.;

(IX) The public employees' retirement association created pursuant to section 24-51-201 (1);

(X) The Denver health and hospital authority created pursuant to section 25-29-103 (1), C.R.S.;

(XI) The Pueblo depot activity development authority created pursuant to section 29-23-104, C.R.S.;

(XII) and (XIII) Repealed.

(XIV) The venture capital authority created in section 24-46-202;

(XV) The statewide internet portal authority created pursuant to section 24-37.7-102, C.R.S.;

(XVI) Repealed.

(XVII) The Colorado channel authority created pursuant to article 49.9 of this title;

(XVIII) Repealed.

(XIX) The Colorado electric transmission authority created in section 40-42-103 (1); and

(XX) The middle-income housing authority created in section 29-4-1104 (1).

(16) (a) "State" means the central civil government of the state of Colorado, which shall consist of the following:

(I) The legislative, executive, and judicial branches of government established by article III of the state constitution;

(II) All organs of the branches of government specified in subparagraph (I) of paragraph (a) of this subsection (16), including the departments of the executive branch; the legislative houses and agencies; and the appellate and trial courts and court personnel; and

(III) State institutions of higher education.

(b) "State" does not include:

(I) Any enterprise;

(I.5) An institution or group of institutions of higher education that has been designated as an enterprise pursuant to section 23-5-101.7, C.R.S.;

(I.6) An institution or group of institutions of higher education that has been designated as an enterprise pursuant to section 23-5-101.8, C.R.S.;

(II) Any special purpose authority;

(III) Any organization declared to be a joint governmental entity under section 2-3-311 (2), C.R.S.

(17) (a) "State fiscal year spending" means all state expenditures and reserve increases occurring during any given fiscal year as established by section 24-30-204, including, but not limited to, state expenditures or reserve increases from:

(I) Moneys received by the state from enterprises; and

(II) Cash funds of state institutions of higher education. For purposes of this subparagraph (II), "cash funds" means funds received from tuition income, fees, indirect cost recoveries, and other sources of funds that can be appropriated as cash funds from state institutions of higher education, excepting those funds derived from gifts, federal funds, or other sources for which any expenditure or reserve increase is not subject to the provisions of section 20 of article X of the state constitution.

(III) and (IV) (Deleted by amendment, L. 2000, p. 2044, § 6, effective December 28, 2000.)

(b) "State fiscal year spending" does not include reserve transfers or expenditures or any state expenditures or reserve increases:

(I) For refunds of excess state revenues made in the current fiscal year or in the subsequent fiscal year;

(II) From gifts, including any interest earned thereon;

(III) From federal funds, including any interest earned thereon;

(IV) From collections for another government;

(V) From pension contributions by employees;

(VI) From pension fund earnings;

(VII) From damage awards, including any interest earned thereon;

(VIII) From property sales, including any interest earned on proceeds therefrom; and

(IX) From net proceeds from state-supervised lottery games, as defined in section 3 (1) of article XXVII of the state constitution.

Subsections (17)(a) and (17)(b)(IX) were effective upon the proclamation of the governor, December 28, 2000. The vote count for the measure was as follows:

FOR: 836,390

AGAINST: 783,275

(2) Subsection (15)(b)(XIII)(B) provided for the repeal of subsection (15)(b)(XIII), effective December 15, 2003, unless the state treasurer and the tobacco litigation settlement financing corporation entered into at least one property sale contract pursuant to article 82.5 of this title. No such contract had been entered into as of December 15, 2003. (See L. 2003, p. 2551.)

24-77-103. Limitation on state fiscal year spending - legislative declaration - report.

(1) For fiscal year 1993-94 and each fiscal year thereafter, state fiscal year spending shall not exceed an amount equal to:

(a) State fiscal year spending for the previous fiscal year as may be adjusted pursuant to the provisions of section 24-77-103.5; as modified by

(b) An amount equal to a percentage calculated pursuant to subsection (2) of this section times the state fiscal year spending for the previous fiscal year, as adjusted for qualification and disqualification of enterprises, as adjusted pursuant to the provisions of subsection (2.3) of this section, and as reduced by an amount equal to:

(I) Annual debt service changes; and

(II) Refunds made pursuant to section 20 (1) and (3)(c) of article X of the state constitution; and

(III) The amount of any revenues resulting from approval by a majority of the registered electors of the state voting on the issue at a statewide election held after 1991; as modified by

(c) To the extent not otherwise included in state fiscal year spending for the previous fiscal year, an amount equal to:

(I) Annual debt service changes; and

(II) Refunds made pursuant to section 20 (1) and (3)(c) of article X of the state constitution; and

(III) An amount of any revenues resulting from approval by a majority of the registered electors of the state voting on the issue at a statewide election held after 1991.

(2) (a) (I) For purposes of paragraph (b) of subsection (1) of this section, and in accordance with section 20 (7)(a) of article X of the state constitution, the percentage of allowable increase in state fiscal year spending shall equal the sum of inflation as modified by the percentage change in state population in the prior calendar year.

(II) The general assembly hereby finds and declares that:

(A) Section 20 (7)(a) of article X of the state constitution requires the maximum annual percentage change in state fiscal year spending to equal inflation plus the percentage change in state population in the prior calendar year adjusted for revenue changes approved by voters.

(B) It is the considered judgment of the general assembly that the inclusion of inflation and the percentage change in state population in the prior calendar year when calculating the maximum annual percentage change in state fiscal year spending is designed to allow state fiscal year spending to increase to the extent necessary, but only to the extent necessary, to ensure that state population growth and inflation, which are factors beyond the direct control of state government, do not unduly affect the ability of the state to fund transportation projects and other projects and services needed to meet the demands of a growing population.

(III) The general assembly further finds and declares that:

(A) For the purpose of determining the maximum percentage change in state fiscal year spending for any given fiscal year, section 20 (7)(a) of article X of the state constitution requires the state to annually determine population by annual federal census estimates and to further adjust the population determined every decade to match the decennial federal census.

(B) Section 20 (7)(a) of article X of the state constitution does not specify how adjustments to population to match the decennial federal census are to be made and it is therefore within the legislative prerogative to determine the manner in which such adjustments are to be made.

(C) The results of the 2000 federal census indicate that the annual federal census estimates used to determine population for the purpose of determining the maximum annual percentage change in state fiscal year spending in the fiscal years prior to the 2001-02 fiscal year underestimated population growth in the state, which caused a cumulative reduction in the maximum annual percentage change in state fiscal year spending during the prior fiscal years, resulted in over-refunds of state revenues during the prior fiscal years, and impaired the state's ability to fund transportation projects and other projects and services needed to meet the demands of the state's growing population.

(D) It is consistent with the purposes of section 20 (7)(a) of article X of the state constitution for the general assembly to enact legislation that will ensure that the state can recoup state revenues lost because the underestimates of population growth in the state in the fiscal years prior to the 2001-02 fiscal year resulted in over-refunds of state revenues and that the state can also recoup state revenues lost in the future due to over-refunds resulting from future underestimates of population growth.

(E) The mechanism for allowing the adjustment of population every decade to match the federal census to occur over more than one fiscal year when the actual amount of state fiscal year spending for the first fiscal year in which such an adjustment can be made is insufficient to allow the state to recoup the full amount of all over-refunds resulting from underestimates of population growth that is set forth in subparagraph (II.5) of paragraph (b) of this subsection (2),

is reasonable, necessary, in the best interests of the state, and consistent with the requirements and objectives of section 20 (7)(a) of article X of the state constitution.

(b) (I) Except as otherwise provided in subparagraphs (II) and (II.5) of this paragraph (b), the percentage change in state population for any given calendar year shall be the percentage change between the estimate of state population due to be issued by the United States bureau of census in December of such calendar year with a reference date of July 1 of the same calendar year and the estimate of state population due to be issued by the United States bureau of census in December of the same calendar year with a reference date of July 1 of the immediately preceding calendar year.

(II) Except as otherwise provided in subparagraph (II.5) of this paragraph (b), for any calendar year for which an estimate of state population is not issued due to the federal census of the United States bureau of census, the percentage change in state population for such calendar year shall be the percentage change between the state population as reported in the federal census conducted by the United States bureau of census due in December of such calendar year and the estimate of state population due to be issued by the United States bureau of census in December of the same year with a reference date of July 1 of the immediately preceding calendar year.

(II.5) (A) If the limitation on state fiscal year spending for a given fiscal year is calculated with a percentage of allowable increase in state fiscal year spending that includes a percentage change in state population determined in accordance with subparagraph (II) of this paragraph (b) and the limitation on state fiscal year spending exceeds the actual amount of state fiscal year spending for that fiscal year, the percentage change in state population shall be reduced so that the limitation on state fiscal year spending for that fiscal year calculated with a percentage of allowable increase in state fiscal year spending that includes such reduced percentage change in state population equals the amount of state fiscal year spending for that fiscal year.

(B) The difference between the percentage change in state population determined in accordance with subparagraph (II) of this paragraph (b) and the reduced percentage change in state population used to calculate the limitation on state fiscal year spending pursuant to sub-subparagraph (A) of this subparagraph (II.5) shall be carried forward as an adjustment of the percentage change in state population determined pursuant to subparagraph (I) of this paragraph (b) for a maximum period of nine fiscal years. If the amount of state fiscal year spending for the immediately subsequent fiscal year exceeds the limitation on state fiscal year spending for that fiscal year, the unused adjustment shall be added first to the percentage change in state population determined pursuant to subparagraph (I) of this paragraph (b) that is included in the percentage of the allowable increase in state fiscal year spending used in calculating the limitation on state fiscal year spending for that fiscal year to the greatest extent possible without causing the limitation on state fiscal year spending to exceed the actual amount of state fiscal year spending for that fiscal year.

(C) Any remaining portion of the unused adjustment shall continue to be added, to the greatest extent possible, to the percentage change in state population determined pursuant to subparagraph (I) of this paragraph (b) that is included in the percentage of allowable increase in state fiscal year spending used in calculating the limitation on state fiscal year spending for subsequent fiscal years without causing the limitation on state fiscal year spending for a given fiscal year to exceed the actual amount of state fiscal year spending for that fiscal year.

(D) Any portion of the unused adjustment that remains unused after the expiration of the maximum period of nine fiscal years shall not be included in the percentage of allowable increase in state fiscal year spending used in calculating the limitation on state fiscal year spending for any fiscal year subsequent to the expiration of such period.

(III) The department of local affairs shall notify the president of the senate, the speaker of the house of representatives, the governor, and the chairman of the joint budget committee of the general assembly of the percentage change in state population calculated pursuant to this paragraph (b) no later than January 15 following the calendar year for which such percentage is calculated. Such percentage shall not be subject to later modification based upon any subsequent revision of census counts or population estimates issued by the United States bureau of the census.

(2.3) (a) The general assembly hereby finds and declares that section 20 of article X of the state constitution fails to provide guidance as to how the absorption of an existing local government district by the state is to be treated for purposes of compliance with said constitutional provision. The general assembly further finds and declares that it is not reasonable for state fiscal year spending to remain at the same level, with an accompanying reduction in revenues available to fund other state services, in order that the state may absorb local government districts that provide higher education services. The general assembly further finds and declares that the method of absorbing local government districts that provide higher education services by the state for purposes of compliance with section 20 of article X of the state constitution embodied in this subsection (2.3) reasonably restrains most the growth of government since government as a whole has not grown while preserving essential state services.

(b) For purposes of paragraph (b) of subsection (1) of this section, when any local government district that provides higher education services joins the state, the amount of state fiscal year spending allowable for the fiscal year in which such joinder takes effect shall be adjusted by the amount of fiscal year spending of such local government district that provides higher education services in accordance with section 20 of article X of the state constitution in the current fiscal year.

(3) The base for the calculation of state reserve increases for fiscal year 1992-93 shall be the state unrestricted year-end fund balances of the state general fund and of all state cash funds for fiscal year 1991-92. For purposes of this section, the amount of said state unrestricted year-end fund balances does not constitute and shall not be included in state fiscal year spending for fiscal year 1992-93.

(4) For purposes of complying with the limitation on state fiscal year spending set forth in subsection (1) of this section, the state may refuse to accept any moneys, in whole or in part, from any enterprise in any given fiscal year, notwithstanding any law to the contrary.

(5) For purposes of complying with the limitation on state fiscal year spending set forth in subsection (1) of this section, the state may refuse to accept any gift, including but not limited to real property, for which state expenditures would be required for the maintenance and operation of such gift and which does not include sufficient revenues for said purposes.

(6) (a) For purposes of complying with the limitation on state fiscal year spending set forth in subsection (1) of this section, any moneys continuously appropriated by a permanent statute or constitutional provision shall be included in the general appropriation bill for informational purposes.

(b) The authority to expend such moneys shall be modified only by duly enacted amendment to the permanent statute or constitutional provision which continuously appropriates such moneys.

(c) Except as otherwise provided in this paragraph (c), any moneys continuously appropriated by a permanent statute or constitutional provision shall be subject to revenue and expenditure limits established annually by the general assembly as provided by law for the purpose of complying with the limitation on state fiscal year spending set forth in subsection (1) of this section. The provisions of this paragraph (c) shall not apply to moneys continuously appropriated to the limited gaming control commission pursuant to section 9 of article XVIII of the state constitution.

(7) For purposes of complying with the limitation on state fiscal year spending set forth in subsection (1) of this section, and notwithstanding section 24-1-136 (11)(a)(I), each state institution of higher education shall prepare a written report for each quarter of the fiscal year, which shall include the total amount of net revenues generated during such period from any facility, activity, or operation managed by such state institution of higher education that is an enterprise and the total amount of such net revenues and any other thing of value received by such state institution of higher education from such enterprises. The report shall be filed with the president of the senate, the speaker of the house of representatives, and the chair of the joint budget committee no later than thirty days after the close of such period.

24-77-103.5. Legislative declaration - correction of errors - authority of the controller and auditor. (1) The general assembly finds and declares that ascertaining compliance with the provisions of section 20 of article X of the state constitution requires that accurate calculations be made of state fiscal year spending. The general assembly further finds and declares that it is reasonable to account for any errors in calculating state fiscal year spending by authorizing the controller to make equivalent adjustments in state fiscal year spending for the fiscal year in which such errors are discovered in accordance with the provisions of this subsection (1).

(2) For purposes of section 24-77-103, for any given fiscal year, if the controller discovers an error involving a prior fiscal year by whatever means available affecting the calculation of state fiscal year spending, the controller may correct such error by increasing or decreasing in an appropriate amount the allowable state fiscal year spending for the fiscal year in which such error is discovered, subject to a review of such adjustment by the state auditor.

24-77-103.6. Retention of excess state revenues - general fund exempt account - required uses - excess state revenues legislative report - definitions. (1) (a) Notwithstanding any provision of law to the contrary, for each fiscal year commencing on or after July 1, 2005,

but before July 1, 2010, the state shall be authorized to retain and spend all state revenues in excess of the limitation on state fiscal year spending.

(b) Notwithstanding any provision of law to the contrary, for each fiscal year commencing on or after July 1, 2010, the state shall be authorized to retain and spend all state revenues that are in excess of the limitation on state fiscal year spending, but less than the excess state revenues cap for the given fiscal year.

(2) There is hereby created in the general fund the general fund exempt account, which consists of an amount of money equal to the amount of state revenues in excess of the limitation on state fiscal year spending that the state retains for a given fiscal year pursuant to this section, except as otherwise provided in subsection (2.5) of this section. The general assembly shall appropriate or transfer the money in the account for the following purposes:

- (a) To fund health care;
- (b) To fund education, including any capital construction projects related thereto;
- (c) To fund retirement plans for firefighters and police officers, so long as the general assembly determines that such funding is necessary; and
- (d) To pay for strategic transportation projects included in the department of transportation's strategic transportation project investment program.

(2.5) (a) If the amount of money that, based on revenue estimates, was appropriated or transferred from the account for a state fiscal year commencing on or after July 1, 2020, is less than the amount of approved excess state revenues, then:

(I) An amount of money in the general fund equal to the unaccounted amount constitutes a portion of the approved excess state revenues for the state fiscal year; and

(II) An amount equal to one-half of the unaccounted amount for the general fund appropriations for both of the following line items are appropriations of the state's approved excess state revenues for the state fiscal year:

(A) The line item for medical and long-term care services for medicaid eligible individuals, or a successor line item, which is an authorized use specified in section 24-77-104.5 (2)(a)(I)(I); and

(B) The state share of districts' total program funding, or a successor line item, which is an authorized use specified in section 24-77-104.5 (3)(a)(I).

(b) If the amount of money that, based on estimates, was appropriated or transferred from the account for a state fiscal year commencing on or after July 1, 2020, is greater than the amount of approved excess state revenues, then an amount of money in the account equal to the overage is not approved excess state revenues for the state fiscal year. The amount of each appropriation or transfer from the account for the fiscal year that constitutes approved excess state revenues is equal to the amount of the appropriation or transfer, reduced in proportion to the overage.

(c) As used in this subsection (2.5), unless the context otherwise requires:

(I) "Account" means the general fund exempt account created in subsection (2) of this section.

(II) "Approved excess state revenues" means the state revenues that the state is authorized to retain and spend for a state fiscal year in accordance with the voters' approval of this section at the November 2005 statewide election, as reported by the state controller in the annual financial report required by section 24-77-106.5 (1)(b), or, if the amount changes in the

final accounting for the state fiscal year, in the comprehensive annual financial report of the state for the state fiscal year.

(III) "Overage" means the amount by which the amount of money appropriated or transferred from the account for a state fiscal year exceeds the approved excess state revenues for the state fiscal year.

(IV) "Unaccounted amount" means the amount by which the approved excess state revenues for a state fiscal year exceed the amount of money appropriated or transferred from the account for the state fiscal year.

(3) The statutory limitation on general fund appropriations set forth in section 24-75-201.1 (1)(a), and the exceptions or exclusions thereto, shall apply to the moneys in the general fund exempt account.

(4) The approval of this section by the registered electors of the state voting on the issue at the November 2005 statewide election constitutes a voter-approved revenue change to allow the retention and expenditure of state revenues in excess of the limitation on state fiscal year spending.

(5) (a) For each fiscal year that the state retains and spends state revenues in excess of the limitation on state fiscal year spending pursuant to this section, the director of research of the legislative council shall prepare an excess state revenues legislative report that includes the following information:

(I) The amount of excess state revenues that the state retained; and

(II) A description of how the excess state revenues were expended.

(b) The report required by this subsection (5) shall be completed by October 15 following a fiscal year that the state retains and spends revenues in excess of the limitation on state fiscal year spending pursuant to this section and may be amended thereafter as necessary. The director of research shall publish and link to the official website of the general assembly a copy of the report.

(6) As used in this section:

(a) "Education" means:

(I) Public elementary and high school education; and

(II) Higher education.

(b) (I) "Excess state revenues cap" for a given fiscal year means:

(A) (Deleted by amendment, L. 2017.)

(B) For each fiscal year up to and including the 2016-17 fiscal year, an amount that is equal to the highest total state revenues for a fiscal year from the period of the 2005-06 fiscal year through the 2009-10 fiscal year, adjusted each subsequent fiscal year for inflation, the percentage change in state population, the qualification or disqualification of enterprises, and debt service changes;

(C) For the 2017-18 fiscal year, an amount that is equal to the excess state revenues cap for the 2016-17 fiscal year calculated pursuant to subsection (6)(b)(I)(B) of this section, adjusted for inflation, the percentage change in state population, the qualification or disqualification of enterprises, and debt service changes, less two hundred million dollars;

(D) For the 2018-19 fiscal year, the amount of the excess state revenues cap for the 2017-18 fiscal year calculated pursuant to subsection (6)(b)(I)(C) of this section, adjusted for inflation, the percentage change in state population, the qualification or disqualification of enterprises, and debt service changes;

(E) For the 2019-20 fiscal year, the amount of the excess state revenues cap for the 2018-19 fiscal year calculated pursuant to subsection (6)(b)(I)(D) of this section, adjusted for inflation, the percentage change in state population, the qualification or disqualification of enterprises, and debt service changes;

(F) For the 2020-21 fiscal year, an amount that is equal to the excess state revenues cap for the 2019-20 fiscal year calculated pursuant to subsection (6)(b)(I)(E) of this section, adjusted for inflation, the percentage change in state population, the qualification or disqualification of enterprises, and debt service changes, plus two hundred twenty-four million nine hundred fifty-seven thousand six hundred two dollars; and

(G) For the 2021-22 fiscal year and each succeeding fiscal year, the amount of the excess state revenues cap for the 2020-21 fiscal year calculated pursuant to subsection (6)(b)(I)(F) of this section, adjusted each subsequent fiscal year for inflation, the percentage change in state population, the qualification or disqualification of enterprises, and debt service changes.

(II) As used in this paragraph (b), inflation and the percentage change in state population shall be the same rates that are used in calculating the maximum annual percentage change in state fiscal year spending pursuant to section 24-77-103, and the qualification or disqualification of an enterprise or debt service changes shall change the excess state revenues cap in the same manner as such change affects the limitation on state fiscal year spending.

(c) "State revenues" means state revenues not excluded from state fiscal year spending, as defined in section 24-77-102 (17).

Editor's note: (1) This section was enacted by House Bill 05-1194. That bill contained a referendum clause and was approved by a vote of the registered electors of the state of Colorado on November 1, 2005. This section was effective upon the proclamation of the governor, December 16, 2005. The vote count for the measure was as follows:

FOR: 600,222

AGAINST: 552,662

(2) Section 34 of chapter 267 (SB 17-267), Session Laws of Colorado 2017, provides that the section of the act changing this section does not take effect if the centers for medicare and medicaid services determine that the amendments do not comply with federal law. For more information, see SB 17-267. (L. 2017, p. 1478.) The executive director of the department of health care policy and financing did not notify the revisor of statutes by June 1, 2017, of such determination; therefore, amendments to this section took effect July 1, 2017.

24-77-103.7. Over-refunds of state revenues - definitions. (1) For purposes of this section, "over-refund" means a refund of state revenues that occurs when, through one or more mechanisms utilized pursuant to law to refund state revenues in excess of the limitation on state fiscal year spending for any given fiscal year, the amount of state revenues actually refunded during any given fiscal year exceeds the amount of state revenues in excess of the limitation on state fiscal year spending for the immediately preceding fiscal year required to be refunded without making any calculations or reductions as otherwise provided in this section.

(2) The amount of any over-refunds actually made in a fiscal year commencing on or after July 1, 2001, that have not been used to reduce the amount of state revenues in excess of the limitation on state fiscal year spending for said fiscal year in accordance with the provisions of this section shall be carried forward as a reduction of subsequent fiscal years' state revenues in excess of the limitation on state fiscal year spending and shall be applied first to the earliest fiscal years possible.

(3) For the fiscal year commencing on July 1, 2004, the controller shall:

(a) Calculate state fiscal year spending for the fiscal year in accordance with the provisions of section 24-77-103 without making any reduction in state fiscal year spending for the amount of over-refunds actually made in said fiscal year or for the amount of any over-refunds made in the fiscal years commencing on or after July 1, 2001, but prior to July 1, 2004, that have been carried forward to said fiscal year in accordance with subsection (2) of this section; and

(b) Reduce the sum of the amount of state revenues in excess of the limitation on state fiscal year spending for said fiscal year and the amount of any unrefunded state revenues in excess of the limitation on state fiscal year spending for the fiscal years commencing on or after July 1, 2001, but prior to July 1, 2004, that have been carried forward to said fiscal year in accordance with section 24-77-103.8 (3) by an amount equal to the sum of the amount of over-refunds actually made in said fiscal year and the amount of any over-refunds made in the fiscal years commencing on or after July 1, 2001, but prior to July 1, 2004, that have been carried forward to said fiscal year in accordance with subsection (2) of this section; however, the amount of said reduction shall not exceed the amount of state revenues in excess of the limitation on state fiscal year spending for said fiscal year.

(4) For fiscal years commencing on or after July 1, 2005, the controller shall:

(a) Calculate state fiscal year spending for the fiscal year in accordance with the provisions of section 24-77-103 without making any reduction in state fiscal year spending for the amount of over-refunds actually made in said fiscal year or for the amount of any over-refunds made in previous fiscal years that have been carried forward to said fiscal year in accordance with subsection (2) of this section; and

(b) Reduce the sum of the amount of state revenues in excess of the limitation on state fiscal year spending for the fiscal year and the amount of any unrefunded state revenues in excess of the limitation on state fiscal year spending for previous fiscal years that have been carried forward to said fiscal year in accordance with section 24-77-103.8 (3) by an amount equal to the sum of the amount of over-refunds actually made in said fiscal year and the amount of any over-refunds made in previous fiscal years that have been carried forward to said fiscal year in accordance with subsection (2) of this section; however, the amount of said reduction shall not exceed the amount of state revenues in excess of the limitation on state fiscal year spending for said fiscal year.

(5) All calculations and reductions made by the controller pursuant to this section shall be subject to review by the state auditor.

24-77-103.8. Unrefunded state revenues. (1) Any amount of state revenues in excess of the limitation on state fiscal year spending for the 1996-97 fiscal year that voters statewide did not authorize the state to retain and spend and that are required to be refunded pursuant to section 20 (7)(d) of article X of the state constitution, but that are not refunded by the state as required, shall be added to and refunded with any state revenues in excess of the limitation on state fiscal year spending for the 1998-99 fiscal year required to be refunded.

(2) Any amount of state revenues in excess of the limitation on state fiscal year spending for the 1997-98 fiscal year and every fiscal year thereafter through the 2000-01 fiscal year that voters statewide did not authorize the state to retain and spend and that are required to be refunded pursuant to section 20 (7)(d) of article X of the state constitution, but that are not refunded by the state as required, shall be added to and refunded with any state revenues in excess of the limitation on state fiscal year spending for the fiscal year following the fiscal year for which state revenues in excess of the limitation on state fiscal year spending were required to be refunded.

(3) Any amount of state revenues in excess of the limitation on state fiscal year spending for the 2001-02 fiscal year and for every fiscal year thereafter that voters statewide did not authorize the state to retain and spend and that are required to be refunded pursuant to section 20 (7)(d) of article X of the state constitution, but that are not refunded by the state as required, shall be carried forward and added to the amount of any unrefunded state revenues in excess of the limitation on state fiscal year spending for previous fiscal years that has been carried forward. Said aggregate amount of unrefunded state revenues shall be added to and refunded with subsequent fiscal years' state revenues in excess of the limitation on state fiscal year spending that are required to be refunded; however, the amount of state revenues in excess of the limitation on state fiscal year spending that was required to be refunded but was not refunded during the most recently completed fiscal year shall be applied first to the fiscal year immediately following the most recently completed fiscal year.

24-77-103.9. Over-refunds of and unrefunded state revenues - records and disclosure. (1) The department of revenue shall maintain a record of:

(a) Any amount of over-refund, as defined in section 24-77-103.7 (1), made in each fiscal year commencing on and after July 1, 2004; and

(b) Any amount of state revenues in excess of the limitation on state fiscal year spending for any fiscal year commencing on or after July 1, 2004, that voters statewide did not authorize the state to retain and spend and that are required to be refunded pursuant to section 20 (7)(d) of article X of the state constitution, but that are not refunded by the state as required by the end of the next fiscal year.

(2) The amount of any over-refunds or unrefunded excess state revenues, as determined by the records maintained pursuant to subsection (1) of this section, for any fiscal year commencing on and after July 1, 2004, shall be disclosed in the state financial report required to be prepared by the controller pursuant to section 24-77-106.5 for such fiscal year.

Source: L. 2005: Entire section added, p. 132, § 3, effective April 5.

24-77-104. State emergency reserve - cash fund - creation - declaration of emergency - reimbursement of emergency reserve expenditures. (1) The state shall establish a state emergency reserve that is held by the state for emergencies declared pursuant to subsection (3) of this section. For each state fiscal year, the state emergency reserve shall not be less than three percent of state fiscal year spending minus annual bonded debt service.

(2) (a) The state emergency reserve consists of money in the state emergency reserve cash fund created in subsection (6) of this section and any other money or capital asset that is annually designated by the general assembly in the general appropriation bill or by separate bill to constitute the emergency reserve. The principal of the controlled maintenance trust fund created in section 24-75-302.5 (2), may constitute all or some portion of the state emergency reserve.

(b) Repealed.

(3) The state emergency reserve may be expended in any given fiscal year upon:

(a) The declaration of a state emergency by the passage of a joint resolution which is approved by a two-thirds majority of the members of both houses of the general assembly and which is approved by the governor in accordance with section 39 of article V of the state constitution; or

(b) The declaration of a disaster emergency by the governor pursuant to section 24-33.5-704 (4).

(4) Nothing in this section shall be construed to limit, modify, or abridge the powers and duties of the governor to respond to disasters as provided for in part 7 of article 33.5 of this title.

(5) Nothing in this section shall be construed to limit the ability of the general assembly to define the term "emergency" pursuant to section 20 (2)(c) of article X of the state constitution.

(6) (a) The state emergency reserve cash fund, referred to in this subsection (6) as the "fund", is hereby created in the state treasury. The fund consists of money transferred to the fund pursuant to subsection (6)(c) of this section, interest and income credited to the fund pursuant to section 24-75-226 (4)(c)(II), and any other money that the general assembly may appropriate to the fund. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the state emergency reserve cash fund to the fund.

(b) Money in the fund shall not be expended or appropriated for any purpose other than for a declared emergency in accordance with subsection (3) of this section. If the governor declares a disaster emergency pursuant to section 24-33.5-704 (4), then the governor may transfer money from the fund to the disaster emergency fund created in section 24-33.5-706, if the money in the disaster emergency fund is insufficient.

(c) (I) On June 30, 2021, the state treasurer shall transfer one hundred one million dollars from the general fund to the fund.

(II) On June 30, 2021, the state treasurer shall transfer one hundred million dollars from the controlled maintenance trust fund created in section 24-75-302.5 (2)(a) to the fund.

(d) (I) On June 30, 2023, the state treasurer shall transfer twenty million dollars from the general fund to the fund.

(II) On June 30, 2023, the state treasurer shall transfer ten million dollars from the revenue loss restoration cash fund created in section 24-75-227 (2)(a) that originates from the general fund to the fund.

(7) Beginning July 1, 2021, if any money in a fund that is designated by the general assembly as part of the state emergency reserve is expended and the state subsequently receives a reimbursement for the expenditure, then the state treasurer shall deposit the reimbursement into the fund that was the original source of the money. This subsection (7) applies regardless of whether the expenditure is made directly from the fund or if it is transferred from the fund to the disaster emergency fund, created in section 24-33.5-706 (2)(a), or any other fund, or if the expenditure is of money in the fund that was previously reimbursed before being spent again.

24-77-104.5. General fund exempt account - referendum C money - specification of uses for health care and education - definitions. (1) The moneys in the general fund exempt account created in section 24-77-103.6 (2) shall be appropriated or transferred in the following manner:

(a) (I) If available, the amount set forth in subparagraph (II) of this paragraph (a) shall be used as follows:

(A) If the voters of the state approve the ballot issue set forth in House Joint Resolution 05-1057, enacted at the first regular session of the sixty-fifth general assembly and submitted to the voters as referendum "D", the general assembly may appropriate moneys from the account to the critical needs fund created in section 24-115-111 to make payments on principal and interest on critical needs notes issued pursuant to section 24-115-110. Such an appropriation shall be an authorized use of moneys in the account pursuant to the provisions of section 24-77-103.6 (2)(b), (2)(c), and (2)(d).

(B) If the voters of the state do not approve referendum "D", if the principal and interest on notes issued pursuant to section 24-115-110 is less than the amount set forth in subparagraph (II) of this paragraph (a), or if the general assembly elects not to appropriate moneys to the critical needs fund to repay the principal and interest on notes issued pursuant to section 24-115-110, moneys in the account shall be used in a manner consistent with section 24-77-103.6 (2).

(II) The amount appropriated or transferred pursuant to this subsection (1) shall be fifty-five million dollars in the state fiscal year 2005-06, ninety-five million dollars in state fiscal year 2006-07, and one hundred twenty-five million dollars in each subsequent state fiscal year.

(b) If there are any moneys in the account after the appropriations or transfers required by paragraph (a) of this subsection (1) are made, then all moneys remaining in the account shall be split equally for the following three purposes:

(I) Funding for health care, which shall be limited to the uses set forth in subsection (2) of this section;

(II) Funding for preschool through twelfth grade education, which shall be limited to the uses set forth in subsection (3) of this section; and

(III) Funding for the benefit of students attending community colleges and other institutions of higher education, which shall be limited to the uses set forth in subsection (4) of this section.

(2) (a) Funding for health care, as used in subparagraph (I) of paragraph (b) of subsection (1) of this section, shall be limited to funding for:

(I) Health care for Colorado's elderly, low-income, and disabled populations, including:

(A) Physician visits;

(B) Hospital visits;

(C) Long-term care services, including nursing home care, home-based care, and community-based services;

(D) Prescription drugs;

(E) Mental health services;

(F) Prenatal care;

(G) Immunizations;

(H) Services for persons with developmental disabilities; and

(I) Medical services premiums;

(II) Programs to lower the cost of health insurance premiums for individuals and small businesses.

(b) All of the uses set forth in paragraph (a) of this subsection (2) are permitted under section 24-77-103.6 (2)(a). The general assembly shall not be required to appropriate or transfer moneys from the account for all of the programs and services set forth in paragraph (a) of this subsection (2).

(3) (a) Funding for preschool through twelfth grade education, as used in subparagraph (II) of paragraph (b) of subsection (1) of this section, shall be limited to funding for:

(I) Per-pupil funding for preschool through twelfth grade education through the "Public School Finance Act of 1994", article 54 of title 22, C.R.S., or any successor act;

(II) Capital construction projects related to preschool through twelfth grade public education;

(III) Kindergarten and preschool programs;

(IV) Libraries;

(V) Textbooks;

(VI) Student assessment and accountability;

(VII) Repealed.

(VIII) School breakfast and lunch programs; and

(IX) Categorical programs as defined in section 17 (2)(a) of article IX of the state constitution.

(b) As used in section 24-77-103.6 (6)(a)(I), "public elementary and high school education" means preschool through twelfth grade public education. Accordingly, all of the uses

set forth in paragraph (a) of this subsection (3) are permitted under section 24-77-103.6 (2)(b). The general assembly shall not be required to appropriate or transfer moneys from the account for all of the programs and services set forth in paragraph (a) of this subsection (3).

(c) Moneys from the account appropriated or transferred for funding for preschool through twelfth grade education may count as part of the general assembly's general fund maintenance of effort that is required pursuant to section 17 (5) of article IX of the state constitution.

(4) (a) Funding for the benefit of students attending community colleges and other institutions of higher education, as used in subsection (1)(b)(III) of this section, is limited to funding for:

(I) Need-based financial aid;

(II) Merit-based financial aid;

(III) The college opportunity fund program created in parts 1 and 2 of article 18 of title 23, C.R.S.;

(IV) Fee-for-service contracts authorized pursuant to section 23-18-303.5;

(V) Capital construction projects related to higher education;

(VI) Work-study programs;

(VII) Tuition for qualified Indian pupils who attend Fort Lewis college;

(VIII) Local district college grants; and

(IX) Area technical college grants.

(b) All of the uses set forth in paragraph (a) of this subsection (4) are permitted under section 24-77-103.6 (2)(b). The general assembly shall not be required to appropriate or transfer moneys from the account for all of the programs and services set forth in paragraph (a) of this subsection (4).

(5) As used in this section, "account" means the general fund exempt account created in section 24-77-103.6 (2).

24-77-105. Emergency taxes - declaration of emergency - limitation. (1) Emergency taxes may be imposed by the state pursuant to the requirements set forth in paragraph (a) of subsection (2) of this section without prior approval of the registered electors of the state; except that no state property tax shall be imposed as an emergency tax.

(2) (a) Any emergency tax may be imposed by the state upon:

(I) The declaration of a state emergency by the passage of a joint resolution which is approved by a two-thirds majority of the members of both houses of the general assembly and which is approved by the governor in accordance with section 39 of article V of the state constitution; and

(II) The imposition of an emergency tax by the passage of a bill which is approved by a two-thirds majority of the members of both houses of the general assembly and which is approved by the governor in accordance with section 11 of article IV of the state constitution.

(b) Any emergency tax which is imposed pursuant to paragraph (a) of this subsection (2) shall be subject to approval by a majority of the registered electors of the state at the next statewide election which occurs sixty days or more after the declaration of the emergency pursuant to subparagraph (I) of paragraph (a) of this subsection (2). Any emergency tax which is not approved at such election shall expire as of the last day of the month in which such election was held.

(3) Revenues from any emergency tax imposed pursuant to the provisions of subsection (2) of this section shall not be expended until all of the state emergency reserve has been expended for such emergency.

(4) Any emergency tax revenues which are not expended on the declared state emergency shall be refunded within one hundred eighty days after such emergency has ended.

24-77-106. Establishment of annual allowable uncommitted reserves - legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Section 20 of article X of the state constitution limits state fiscal year spending;

(b) Subject to certain exclusions specified in section 20 of article X of the state constitution, all state general fund revenues and all state cash fund revenues are included in the limitation on state fiscal year spending;

(c) The legislative powers of the general assembly, including but not limited to its plenary power of appropriation, authorize and require the general assembly to assure compliance with the limitation on state fiscal year spending and to make fundamental fiscal policy decisions establishing the level of activity of all departments and agencies of state government, including those funded by revenues generated from fees; and

(d) Consonant with the exercise of such legislative powers, the general assembly must establish limits on the amount of uncommitted reserves that may be maintained by the departments and agencies of state government for cash funds under their control and must exercise any other necessary controls on cash fund revenues, including but not limited to the power of appropriation.

(2) (Deleted by amendment, L. 99, p. 1237, § 4, effective August 4, 1999.)

(3) For the 1999-2000 fiscal year and each fiscal year thereafter, each department or agency of state government shall maintain the uncommitted reserves of any cash fund under its control in accordance with section 24-75-402.

24-77-106.5. Annual financial report - certification of excess state revenues. (1) (a) For each fiscal year, the controller shall prepare a financial report for the state for purposes of ascertaining compliance with the provisions of this article. Any financial report prepared

pursuant to this section shall include, but shall not be limited to, state fiscal year spending, reserves, revenues, revenues that the state is authorized to retain and spend pursuant to voter approval of section 24-77-103.6, and debt. Such financial report shall be audited by the state auditor.

(b) Notwithstanding section 24-1-136 (11)(a)(I), based upon the financial report prepared in accordance with subsection (1)(a) of this section for any given fiscal year, the controller shall certify to the governor, the general assembly, and the executive director of the department of revenue no later than September 1 following the end of a fiscal year the amount of state revenues in excess of the limitation on state fiscal year spending imposed by section 20 (7)(a) of article X of the state constitution, if any, for such fiscal year and the state revenues in excess of such limitation that the state is authorized to retain and spend pursuant to voter approval of section 24-77-103.6.

(2) Any financial report prepared and certification of state excess revenues made pursuant to subsection (1) of this section shall be audited by the state auditor. No later than September 15 following the certification made by the state controller for any given fiscal year, the state auditor shall report and transmit to the governor, the joint budget committee, the finance committees of the house of representatives and the senate, and the executive director of the department of revenue the results of any audit conducted in accordance with this subsection (2).

(3) Notwithstanding any generally accepted accounting principles to the contrary, financial reports prepared pursuant to subsection (1) of this section shall not include any unrealized gains or losses on investments held by the state.

Editor's note: (1) Subsection (1) was amended by House Bill 05-1194. That bill contained a referendum clause and was approved by a vote of the registered electors of the state of Colorado on November 1, 2005. Subsection (1) was effective upon the proclamation of the governor, December 16, 2005. The vote count for the measure was as follows:

FOR: 600,222

AGAINST: 552,662

(2) Subsection (1) was amended by SB 23-303. That bill contains a referendum clause and will be submitted to a vote of the registered electors of the state of Colorado at the next biennial regular general election in 2024 for its approval or rejection. The amended version of subsection (1) takes effect upon the proclamation of the governor if SB 23-303 is approved by the registered electors.

24-77-108. Creation of a new fee-based enterprise. In order to provide transparency and oversight to government mandated fees the People of the State of Colorado find and declare that:

(1) A state enterprise qualified or created after January 1, 2021, as defined under Colo. Const. Art. X, section 20(2)(d), shall not receive more than \$100,000,000 in revenue from fees and surcharges in its first five fiscal years unless approved at a statewide general election. If a state enterprise has collected one hundred million dollars (\$100,000,000) in fees and surcharges within its first five fiscal years prior to receiving voter approval, the state enterprise shall stop collecting fees and surcharges. Ballot titles for enterprises shall begin, "SHALL AN ENTERPRISE BE CREATED TO COLLECT REVENUE TOTALING (full dollar collection for first five fiscal years) IN ITS FIRST FIVE YEARS...?"

(2) Revenue collected for enterprises created simultaneously or within the five preceding years serving primarily the same purpose shall be aggregated in calculating the applicability of this section.

(3) For the purposes of applying the requirements of subsections (1) and (2) of this section:

(a) Enterprises serve primarily the same purpose when they provide the same services in the same geographic area; and

(b) The first five fiscal years of a state enterprise for the purpose of calculating the one hundred million dollar amount set forth in subsection (1) are the first five state fiscal years since the creation or first qualification of the enterprise.

PART 2

SUBMISSION OF BALLOT ISSUE - VOTER-APPROVED REVENUE CHANGE -
PROPERTY TAX REDUCTION BACKFILL

24-77-201. Definitions. As used in this part 2, unless the context otherwise requires:

(1) "Account" means the proposition HH general fund exempt account in the general fund created in section 24-77-203 (3)(a).

(2) "Ballot issue" means the question referred to voters in accordance with section 24-77-202 (1).

(3) "Excess state revenues cap" has the same meaning as set forth in section 24-77-103.6 (6)(b).

(4) "State revenues" means state revenues not excluded from state fiscal year spending, as defined in section 24-77-102 (17).

(5) "State surplus" means the amount of state revenues that exceed the excess state revenues cap for a given state fiscal year.

Source: L. 2023: Entire part added, (SB 23-303), ch. 258, p. 1463, § 3, effective May 24.

24-77-202. Submission of ballot issue - voter-approved revenue change. (1) At the election held on November 7, 2023, the secretary of state shall submit to the registered electors of the state for their approval or rejection the following ballot issue: "Shall the state reduce property taxes for homes and businesses, including expanding property tax relief for seniors, and backfill counties, water districts, fire districts, ambulance and hospital districts, and other local governments and fund school districts by using a portion of the state surplus up to the proposition HH cap as defined in this measure?"

(2) For purposes of section 1-5-407, the ballot issue is a proposition to be identified as "proposition HH". Section 1-40-106 (3)(d) does not apply to the ballot issue.

Source: L. 2023: Entire part added, (SB 23-303), ch. 258, p. 1464, § 3, effective May 24.

24-77-203. Retention of excess state revenues - transfer to state education fund - local government reimbursement - legislative declaration. (1) (a) If a majority of the electors voting on the ballot issue vote "Yes/For", then for each fiscal year commencing on or after July 1, 2023, the state is authorized to retain and spend all of the state surplus that is less than the proposition HH cap, which is:

(I) For the 2023-24 fiscal year, an amount equal to the excess state revenues cap for the 2022-23 fiscal year, adjusted for inflation plus one percentage point, the percentage change in state population, the qualification or disqualification of enterprises, and debt service changes; and

(II) For the fiscal year 2024-25 and each succeeding fiscal year, an amount equal to the proposition HH cap for the prior fiscal year, adjusted for inflation plus one percentage point, the percentage change in state population, the qualification or disqualification of enterprises, and debt service changes.

(b) (I) Notwithstanding subsection (1)(a) of this section and except as otherwise provided in subsection (1)(b)(II) of this section, if the general assembly does not enact legislation to establish valuations for assessment for the property tax years commencing on and after January 1, 2033, that are less than or equal to the temporarily reduced valuations for assessment established in sections 39-1-104 (1)(b)(V), (1.8)(a)(III), (1.8)(a)(IV), and (1.8)(b)(VI) and 39-1-104.2 (3)(q)(III) and (3)(r)(IV) in Senate Bill 23-303 for the property tax year commencing

on January 1, 2032, for the same classes of property, then, for the fiscal year commencing on July 1, 2032, and each fiscal year thereafter, the proposition HH cap is an amount equal to the excess state revenues cap.

(II) If the proposition HH cap is reduced by operation of subsection (1)(b)(I) of this section, the general assembly may, without additional voter approval, enact legislation to restore the cap for a fiscal year to an amount that is less than or equal to the amount that the proposition HH cap would have been for the fiscal year under subsection (1)(a)(II) of this section if subsection (1)(b)(I) of this section had not applied if, for the property tax year that ends during the fiscal year, the general assembly:

(A) Establishes valuations for assessment that are less than or equal to the temporarily reduced valuations for assessment established in sections 39-1-104 (1)(b)(V), (1.8)(a)(III), (1.8)(a)(IV), and (1.8)(b)(VI) and 39-1-104.2 (3)(q)(III) and (3)(r)(IV) in Senate Bill 23-303 for the property tax year commencing on January 1, 2032, for the same classes of property; or

(B) Reduces the valuations for assessment differently from the valuations for assessment established in Senate Bill 23-303, but the aggregate reduction in the valuation for assessment statewide from the reductions is greater than or equal to the estimated aggregate reduction in the valuation for assessments from the minimum reductions in valuation for assessment necessary to meet the condition specified in subsection (1)(b)(II)(A) of this section.

(c) For purposes of the calculation set forth in this subsection (1):

(I) Inflation and the percentage change in state population are the same rates that are used in calculating the maximum annual percentage change in state fiscal year spending pursuant to section 24-77-103; and

(II) The qualification or disqualification of an enterprise or a debt service change affects the proposition HH cap in the same manner as the change affects the limitation on state fiscal year spending.

(2) This section does not affect the amount that the state is permitted to retain and spend under the authority conferred by the voters' approval of section 24-77-103.6.

(3) (a) The proposition HH general fund exempt account is hereby created in the general fund. The account consists of an amount equal to the amount of state surplus that the state is authorized to retain and spend under this part 2 for the prior fiscal year, if any. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the proposition HH general fund exempt account to the account.

(b) The money in the account for each fiscal year beginning with the 2023-24 fiscal year must be used as follows:

(I) The money is first used to provide reimbursements to local governments under section 39-3-210 (4)(a)(II);

(II) If there is any money remaining after the allocation set forth in subsection (3)(b)(I) of this section, the state treasurer shall transfer an amount equal to the remainder, five percent of the total amount in the account for the fiscal year, or twenty million dollars, whichever amount is the least, to the housing development grant fund created in section 24-32-721 (1) to be used to reduce the amount of property taxes that are paid as a portion of a tenant's rent through a program established under subsection (2)(d)(VI) of said section; and

(III) As soon as possible after receiving the report from the property tax administrator in accordance with section 39-3-210 (3), the state treasurer shall transfer the amount, if any, in the account that is in excess of the amount that will be used in accordance with subsections (3)(b)(I)

and (3)(b)(II) of this section to the state education fund created in section 17 of article IX of the state constitution.

(4) The general assembly hereby finds and declares that:

(a) Public school funding consists of a combination of state and local school district revenue;

(b) Under the current school finance formula, an increase in state funding can backfill a decrease in local property tax revenue;

(c) Reductions in property tax valuations reduce the local property tax revenue collected for local governments, including school districts;

(d) Money in the state education fund is used to provide funding for local school districts; and

(e) It is the intent of the general assembly that transferring a portion of the money from the account to the state education fund in accordance with subsection (3) of this section provides additional funding to local school districts in order to backfill property tax revenue reductions resulting from property tax changes enacted in Senate Bill 23-303 and that the money so transferred shall not supplant general fund appropriations made for school districts' total program, as defined by section 22-54-103 (6).

INTERNET REGULATION

ARTICLE 79

Limitations on Sources of Revenue

24-79-101. Legislative declaration. (1) The general assembly finds, determines, and declares that:

(a) Free and unfettered access by Colorado's citizens to national and global communications media, including, without limitation, the internet, is essential to citizen participation in state and national affairs through the exchange of information and the continued vitality of commerce at the state, national, and international levels;

(b) Colorado's long-term economic health and competitiveness vis-à-vis the economies of other states and nations, including the benefits of full employment and the attraction of new businesses that may wish to locate here, depend on creating a business environment that is conducive to the continued growth of commerce via the internet and online services;

(c) A patchwork of local fees and taxes, or the addition of state fees and taxes to those already imposed on business activity, will tend to discourage new investment, reduce the number of jobs available in the state, and dissuade consumers and employers from enjoying the economic, social, and environmental benefits offered by use of the internet, including but not limited to telecommuting, just-in-time inventory control, and advance reservation of goods and services;

(d) The cost of forgoing these benefits, even partially and even at a local level, will be borne by all citizens of the state in the form of increased traffic congestion, air pollution, a lower quality of life, and lost time and productivity. Therefore, this act addresses a matter of statewide concern.

(e) Until pending federal legislation resolves issues involving electronic commerce, including whether, and to what extent, state and local taxation of internet access services will further the interests of all participants in the national economy, including the citizens of Colorado, a moratorium of at least three years is appropriate on the imposition of such charges, consistent with the pending national plan.

24-79-102. Limitation on sources of revenue. (1) From May 1, 1998, to and including April 30, 2001, there shall be a temporary moratorium during which the state shall not impose, assess, or collect any tax, regulation, fee, or charge upon:

(a) The direct charges for provision of internet access services; or

(b) Any provider of internet access services as a means of collecting sales or use taxes from persons who purchase taxable property or services through use of the internet unless such provider acts as a vendor of taxable property or services.

(1.5) On and after April 30, 2001, the state shall not impose, assess, or collect any tax, regulation, fee, or charge upon:

(a) The direct charges for provision of internet access services, whether offered separately or as part of a package or bundle of services; or

(b) Any provider of internet access services as a means of collecting sales or use taxes from persons who purchase taxable property or services through use of the internet unless such provider acts as a vendor of taxable property or services.

(2) As used in this section:

(a) "Internet" means the international computer network consisting of federal and nonfederal, interoperable, packet-controlled, switched data networks.

(b) "Internet access services" means services that provide or enable computer access by multiple users to the internet, but shall not include that portion of packaged or bundled services providing phone or television cable services when the package or bundle includes the sale of internet access services.

STATE DELINQUENCY CHARGES

ARTICLE 79.5

Delinquency Charges Imposed by the State

Cross references: For the legislative declaration contained in the 1999 act adding this article, see section 1 of chapter 320, Session Laws of Colorado 1999.

24-79.5-101. Definitions. As used in this article 79.5, unless the context otherwise requires:

(1) "Amount due" means the amount of a fee, fine, penalty, or other separate charge due and owing to the state.

(2) "Delinquency charge" means a separate fee, fine, or penalty levied as a result of the late payment of an amount due. For purposes of this article 79.5, a delinquency charge shall not include any fee, fine, or other penalty imposed:

- (a) In accordance with the express terms of a written contractual provision;
 - (b) As a result of the late payment of a tax;
 - (c) By a state, county, municipal, or other court;
 - (d) As a result of a check, draft, or order for the payment of money that is not paid upon presentment;
 - (e) In connection with the unlawful stopping, standing, or parking of a motor vehicle;
 - (f) By a public library upon overdue, damaged, or destroyed materials; and
 - (g) By a local liquor licensing authority pursuant to article 3 of title 44.
- (3) "State" shall have the same meaning as defined in section 11-54-102 (12), C.R.S.

Source: **L. 99:** Entire article added, p. 1332, § 2, effective January 1, 2000. **L. 2018:** IP, IP(2), and (2)(g) amended, (HB 18-1025), ch. 152, p. 1079, § 12, effective October 1.

24-79.5-102. Delinquency charges. (1) Notwithstanding any other provision to the contrary, the state shall not impose a delinquency charge except as provided in this section.

(2) No delinquency charge may be collected by the state on any amount due that is paid in full within five days after the scheduled due date.

(3) No delinquency charge shall exceed fifteen dollars or up to five percent per month, or fraction thereof, not to exceed a total of twenty-five percent of the amount due, whichever is greater.

(4) No more than the amount set forth in subsection (3) of this section shall be collected by the state on any amount due regardless of the period of time during which the amount due remains in default.

(5) In the event that an amount due is one of a series of payments to be made toward the satisfaction of a single fee, fine, penalty, or other charge assessed by the state, no more than the amount set forth in subsection (3) of this section shall be collected by the state on any one of such payments regardless of the period of time during which the payment remains in default.

(6) No interest shall be assessed on a delinquency charge.

(7) Nothing in this section shall be construed to prohibit the state from charging interest on an amount due. In no event shall such interest be charged upon a delinquency charge or any amount other than the amount due. In no event shall any such interest charge exceed an annual percentage rate of eighteen percent or the equivalent for a longer or shorter period of time.

(8) Nothing in this section shall be construed to prohibit the state from recovering the costs of collection, including but not limited to disconnection or reconnection fees or penalties assessed where fraud is involved.

STATE HISTORY, ARCHIVES, AND EMBLEMS

ARTICLE 80

State History, Archives, and Emblems

PART 1

STATE ARCHIVES AND PUBLIC RECORDS

24-80-101. Definitions. As used in this part 1, unless the context otherwise requires:

(1) "Governmental agency" means any state agency and any office, department, division, board, bureau, commission, institution, or agency of any county, city, city and county, special district or other district in the state, or any legal subdivision thereof.

(2) "Records" means all books, papers, maps, photographs, audio recordings, visual recordings, audio-visual recordings, or other documentary materials, regardless of format, made or received by any governmental agency in pursuance of law or in connection with the transaction of public business and preserved or appropriate for preservation by the agency or its legitimate successor as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities of the government or because of the value of the official governmental data contained therein. As used in this part 1, the following are excluded from the definition of records:

(a) Materials that are not made or received by any governmental agency in pursuance of law or in connection with the transaction of public business but that are preserved or appropriate

for preservation because of the value of the data contained therein or because of the historical value of the materials themselves;

(b) Library books, pamphlets, newspapers, or museum material made, acquired, or preserved for reference, historical, or exhibition purposes;

(c) Private papers, manuscripts, letters, diaries, pictures, biographies, books, and maps, including materials and collections previously owned by persons who are not associated with a governmental agency and that are transferred by the previous owners to the state historical society;

(d) Extra copies of publications or duplicated documents preserved for convenience of reference;

(e) Stocks of publications; and

(f) Electronic mail messages, regardless of whether such messages are produced or stored using state-owned equipment or software, unless the recipient has previously segregated and stored such messages as evidence of the organization, functions, policies, decisions, procedures, operations, or other activities of the government or because of the value of the official governmental data contained therein.

(3) "State agency" means any department, division, board, bureau, commission, institution, or agency of the state.

(4) "State archivist" means the head of state archives and records appointed by the executive director of the department of personnel.

24-80-102. State archives and records - personnel - duties - cash fund - rules - definition. (1) The department of personnel shall succeed to all records of governmental agencies, including any state agency and any office, department, division, board, bureau, commission, institution, or agency of any county, city, city and county, special district or other district in the state, or any legal subdivision thereof. Except as provided in subsection (6) of this section, the department of personnel shall be the official custodian and trustee for the state of all records of whatever kind that are transferred to it under this part 1 from any governmental agency, including any state agency and any office, department, division, board, bureau, commission, institution, or agency of any county, city, city and county, special district or other district in the state, or any legal subdivision thereof.

(1.5) The state archives, created in the department of personnel, consists of a permanent records program and a records center as follows:

(a) The permanent records program consists of records that have been transferred to the department of personnel pursuant to this part 1 and that the department will permanently keep and maintain due to the legal, historical, or administrative value or significance of the record. Records that are in the permanent records program in the state archives shall be accessible to the public, subject to the requirements of this section, but shall not be removed from the archives. The department of personnel is the custodian of any records in the permanent records program.

(b) The records center consists of records that have been transferred, with the approval of the state archivist, to the department of personnel pursuant to this part 1 for storage until the final disposition of such records has been met. The state archivist may determine whether to accept any records from a governmental agency pursuant to this paragraph (b), and the state archivist's acceptance of any such records shall be pursuant to a written agreement between the state archivist and the governmental agency from which the records originated. The governmental agency from which the records originated shall remain the custodian of any records transferred to the records center pursuant to this paragraph (b). The state archivist may establish fees, to be paid by governmental agencies that transfer records to the records center, as necessary, to pay for the direct and indirect costs of storing such records. The state archivist shall transmit all fees collected to the state treasurer, who shall credit the same to the state archives and records cash fund, created in subsection (10) of this section.

(2) (Deleted by amendment, L. 2016.)

(3) The state archivist is responsible for the proper administration of records under this part 1. The state archivist shall determine and direct the administrative and technical procedures concerning state archives and records. The state archivist shall periodically study the problems of preservation and disposition of records, including digital records, and based on such study shall formulate and put into effect a program for records conservation by the state of Colorado or political subdivisions thereof.

(4) To effectuate the purposes of this part 1, the governor may direct any political subdivision of the state to designate a records administrator to cooperate with and assist and advise the state archivist in the performance of the duties and functions concerning state archives and records and to provide such other assistance and data as will enable the department of personnel to properly carry out its activities and effectuate the purposes of this part 1.

(5) (Deleted by amendment, L. 2016.)

(6) The general public and governmental agencies shall have the right of reasonable access to all records in the custody of the state archivist for purposes of historical reference, research, and information. The state historical society shall have the privilege of museum display of original historical records or facsimiles thereof, subject to the provisions of section 24-80-106. Copies of records having historical, library, or museum interest or value shall be furnished to the state historical society by the state archivist upon request of the society in accordance with the provisions of sections 24-80-103 and 24-80-107.

(7) (Deleted by amendment, L. 2016.)

(8) Repealed.

(9) Publications of the department concerning state archives and records circulated in quantity outside the executive branch shall be issued in accordance with the provisions of section 24-1-136.

(10) (a) Except as set forth in paragraph (b) of this subsection (10), the state archivist shall establish any fees as are necessary to pay for the direct and indirect costs of responding to requests for information and research from governmental agencies and the general public. The state archivist shall transmit all fees collected to the state treasurer, who shall credit the same to the state archives and records cash fund, which fund is hereby created. The moneys in the fund are subject to annual appropriation by the general assembly for the direct and indirect costs of responding to requests for information and research from governmental agencies and the general public and for the direct and indirect costs of storing records in the records center. All interest

derived from the deposit and investment of moneys in the fund is credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year remain in the fund and shall not be credited or transferred to the general fund or any other fund.

(b) (I) The department of personnel shall not charge any fees for responding to a request for information or research from a member of the general assembly or his or her agent or anyone from a legislative service agency if the request:

(A) Relates to an audio recording of a legislative proceeding or any document provided to the department of personnel by the legislative branch of the state; and

(B) Is made in the performance of the requester's official duties.

(II) As used in this paragraph (b), "legislative service agency" means the office of legislative legal services, legislative council staff, office of the state auditor, or staff of the joint budget committee.

(c) Notwithstanding subsection (10)(a) of this section, on July 1, 2020, the state treasurer shall transfer one hundred thirty thousand dollars from the state archives and records cash fund to the general fund.

(11) The state archivist is a **type 2** entity, as defined in section 24-1-105, and exercises the archivist's powers and performs the archivist's duties and functions concerning state archives and records under the department of personnel.

(12) The state archivist may promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of this title, as necessary to implement this part 1. Such rules may include, but need not be limited to:

(a) Criteria and guidelines for determining whether a record is subject to the requirements of this part 1;

(b) Administrative and technical procedures for records maintenance and management;

(c) Procedures for the preservation, protection, transfer, and disposal of records; and

(d) Procedures for the general public and governmental agencies to access records.

24-80-102.7. Records management programs - records liaison officers.

(1) (Deleted by amendment, L. 2016.)

(2) Each state agency shall:

(a) Establish and maintain a records management program for the state agency and document the policies and procedures of such program. The state agency shall ensure that such program satisfies the administrative and technical procedures for records maintenance and management established by the state archivist pursuant to section 24-80-102 (12).

(b) Designate a records liaison officer or officers from the state agency's existing personnel to cooperate with and assist and advise the state archivist in the performance of the duties and functions concerning state archives and records and to provide such other assistance and data that will enable the department of personnel to properly carry out its activities and implement the purposes of this part 1. The duties of a records liaison officer shall include the following:

(I) Reviewing the policies and procedures of the state agency's records management program created pursuant to this section to ensure that such program efficiently manages the state agency's records and complies with all state and federal law;

(II) Establishing an inventory of the state agency's records;

(III) Establishing retention and disposition schedules for the state agency's records that are consistent with this part 1 and the administrative and technical procedures established by the state archivist;

(IV) Providing information about the storage of the state agency's records to the state archivist, including the number of records stored, the amount of storage space used, and the cost of such storage; and

(V) Ensuring adequate security, public access, and proper storage of the state agency's records.

(c) Notify the state archivist of the appointment of the records liaison officer or officers. Any subsequent change in the designation of a records liaison officer shall be reported in writing to the state archivist within thirty days.

(3) Repealed.

24-80-103. Determination of value - disposition. (1) (a) Every public officer of a state agency who has records in his or her custody shall consult with the department of personnel and such officers shall determine whether the records in question are of legal, administrative, or historical value.

(b) Every public officer of a political subdivision who has records in his or her custody shall consult periodically with the department of personnel and such officers shall determine whether the records in question are of legal, administrative, or historical value.

(2) Those records unanimously determined to be of no legal, administrative, or historical value shall be disposed of by such method as such officers may specify. A list of all records so disposed of, together with a statement certifying compliance with this part 1, signed by the officers, shall be filed and preserved in the office from which the records were drawn and in the files of the department of personnel. Records in the custody of the state archivist may be disposed of upon a similar determination by the state archivist and the head of the governmental agency from which the records were received, or its legal successor.

24-80-107. Reproduction on film - evidence - digital scans. (1) Any officer of a governmental agency may cause any records, papers, or documents in his or her custody to be photographed, microphotographed, reproduced on film, or digitally scanned. Such reproduction shall comply with the minimum standards of quality approved for permanent records by the department of personnel, and the device used to reproduce such records shall be one which accurately reproduces the original thereof in all details. A reproduction is deemed to be an original record for all purposes, including introduction in evidence in all courts or administrative agencies as long as the public officer with custody of the record complied with the quality standards set by the department of personnel. A transcript, exemplification, or certified copy thereof, for all purposes recited in this section, shall be deemed to be a transcript, exemplification, or certified copy of the original.

(2) (a) If a public officer intends to destroy or dispose of original records that are determined to be of legal, administrative, or historical value, the public officer shall:

(I) Ensure that the records are photographed, microphotographed, reproduced on photographic film, or digitally scanned, in accordance with quality control standards set by the department of personnel;

(II) Properly certify that the photographed, microphotographed, film, or digitally scanned reproductions of the records are true copies of the original records;

(III) Ensure that the certified copies of the records are placed in conveniently accessible files in an approved file format for long-term preservation and access as determined by the department of personnel; and

(IV) Make provisions for preserving, examining, and using the certified copies of the records.

(b) After the public officer has satisfied the requirements of subsection (2)(a) of this section, the public officer may cause the original records from which the photographs, microphotographs, film, or digitally scanned reproductions have been made to be destroyed or

disposed of according to methods specified in sections 24-80-103 to 24-80-106 and the rules promulgated by the department of personnel pursuant to section 24-80-102 (12).

(c) Copies of records that are certified pursuant to subsection (2)(a) of this section shall have the same force and effect as the original records. Copies of records transferred from the office of their origin to the department of personnel, when certified by the state archivist, shall have the same legal force and effect as if certified by the original custodian of the records.

24-80-110. Disagreement as to value of records. (1) If the state archivist determines that any records in the custody of a public officer of a state agency, including the executive director of the department of personnel, are of no legal, administrative, or, subject to section 24-80-211 (1)(b), historical value, but the public officer having custody of said records or from whose office records originated fails to agree with such determination or refuses to dispose of said records, the state archivist may request the governor to make his or her determination as to whether said records should be disposed of in the interests of conservation of space, economy, or safety. This subsection (1) shall not apply to records in the custody of a public officer of any county, city, municipality, district, or political subdivision thereof.

(2) If the state archivist determines that any records in the custody of a public officer of a state agency, including the executive director of the department of personnel, are of legal, administrative, or, subject to section 24-80-211 (1)(b), historical value, but the public officer having custody of said records or from whose state agency records originated fails to agree with such determination and wants to proceed with the disposal of such records, the state archivist may request the governor to make his or her determination as to whether said records should be

transferred to the state archives. This subsection (2) shall not apply to records in the custody of a public officer of any county, city, municipality, district, or political subdivision thereof.

24-80-115. State archivist - review of best practices - records advisory board. (1) The state archivist may convene a records advisory board, consisting of representatives from governmental agencies that have an interest in the preservation of records. If the state archivist convenes the board, the state archivist shall ensure that technical experts from the following governmental agencies and nonprofit entities have an opportunity to participate in the work of the board:

- (a) Executive branch agencies under the governor's purview;
- (b) The office of the attorney general;
- (c) The office of the secretary of state;
- (d) The general assembly;
- (e) The judicial branch;
- (f) A nonprofit organization that represents counties and a nonprofit organization that represents county clerks;
- (g) A nonprofit organization that represents municipalities and a nonprofit organization that represents municipal clerks; and
- (h) A nonprofit organization that represents special districts.

(2) Each governmental agency and nonprofit entity that is asked to participate in the records advisory board pursuant to subsection (1) of this section shall designate the appropriate person from the agency or entity to participate in the work of the board.

(3) If the state archivist convenes a records advisory board, the board shall have the following goals:

- (a) Identify, research, and prioritize records management, preservation, and access problems;
- (b) Assist in the development of records management policies and procedures;
- (c) Collect and share accepted preservation and archival best practices;
- (d) Assist in the appraisal of records for historical value;
- (e) Review records retention schedules; and
- (f) Study and develop standards and management programs to address the creation, maintenance, archiving, and access of permanent digital records.

24-80-116. Display of original state constitution in state capitol - online display of state constitution - educational opportunities. (1) On or before February 28, 2023, the state archivist shall submit a proposal to the state capitol building advisory committee for the creation of a permanent public display of the original draft of the Colorado constitution inside the state

capitol building. The proposal shall include suggestions for how and where the original draft of the Colorado constitution should be displayed and stored and a proposal for the original draft of the Colorado constitution to be displayed in government buildings other than the state capitol building. History Colorado shall advise and consult with the state archivist regarding the creation on an appropriate display that will safeguard the original draft of the Colorado constitution. The state capitol building advisory committee shall evaluate the proposal and consider whether to approve the proposal in accordance with the criteria and procedures for placing other displays within the state capitol building pursuant to section 24-82-108 (3)(h). The state capitol building advisory committee shall also evaluate the proposal in accordance with best practices for displaying historic documents in a manner that safeguards the documents against deterioration. The display may include other objects and educational materials related to the adoption and history of the Colorado constitution. The state archivist shall collaborate with history Colorado to ensure adherence to the best practices when presenting the Colorado constitution in the existing environmental conditions of the state capitol and government buildings other than the state capitol building.

(2) The state archivist, in partnership with history Colorado, shall create an online exhibition of the Colorado constitution, including all amendments thereto currently in effect. The exhibition shall include aspects of educational opportunities and history and shall ensure that the electronic copy of each version of the Colorado constitution created pursuant to this section is available to the public in a searchable format through the website of the office of the state archives and history Colorado. The state archivist may contract with an online exhibit design company to determine the best practices when presenting the Colorado constitution in an educational format that is easily accessible and user-friendly for the general population of the state. The exhibit design company may coordinate as necessary with the state archivist, history Colorado, the office of legislative legal services, the secretary of state's office, and other relevant government agencies in the creation of the online exhibition.

(3) The state archivist, in partnership with history Colorado, shall create opportunities to provide updated physical copies of the constitution or other educational opportunities related to the updated physical copy of the Colorado constitution within state offices. The state archivist and history Colorado shall ensure that the constitution will be easily accessible and user-friendly for the general population of the state.

(4) The state archives:

(a) Remains the legal custodian of the original draft of the Colorado constitution and is responsible for the continuing protection and preservation of the original draft in accordance with section 24-80-106;

(b) May allow the original draft of the Colorado constitution to be removed periodically from the display for restoration purposes or to make it available for occasional temporary museum or other appropriate secure displays; and

(c) May solicit, accept, and expend any bequests, gifts, grants, or donations of any kind from any private source for the purpose of implementing this section. No appropriation shall be made out of the general fund or any cash fund for expenditures incurred by department of personnel or any other department or agency to carry out the provisions of this section.

24-80-201.5. State historical society - board - appointment - powers and duties. (1) Effective October 1, 2018, the board of directors of the state historical society, referred to in this part 2 as the "board" or "board of directors", consists of thirteen members appointed pursuant to subsection (2) of this section.

(2) (a) The governor shall appoint, with the consent of the senate, thirteen members of the board. If there is a vacancy of a member appointed pursuant to this subsection (2)(a), the governor shall appoint a new member of the board for the remainder of the unexpired term.

(b) The terms of the members of the board are three years; except that the terms shall be staggered so that no more than five members' terms expire in the same year.

(c) In appointing the thirteen members of the board, the governor shall ensure that collectively the members possess the skills in state financial, legal, and regulatory expertise as required to oversee the state historical society and shall consider both geographic and cultural diversity of the thirteen members. No more than seven members appointed by the governor shall be affiliated with one political party or unaffiliated persons.

(d) Members appointed to the board have the authority to act on behalf of the board prior to obtaining confirmation by the senate.

(3) The board appointed pursuant to this section constitutes the governing authority of the state historical society and shall exercise all of the powers, duties and functions of the board and the historical society, including those set forth in this part 2 or otherwise provided by law.

24-80-201.7. Directors council - creation - election - duties. (1) The board may establish a directors council of the state historical society, referred to in this part 2 as the "directors council". If established, the directors council shall provide advice, counsel, and expertise to the board of directors concerning the state historical society's operations and accomplishing its mission and objectives. Members of the directors council are elected by the members of the state historical society pursuant to nomination procedures adopted by the board.

(2) The board shall adopt bylaws for the directors council. The bylaws must include:

- (a) The number of members of the directors council;
 - (b) The terms of office for members of the directors council; and
 - (c) Procedures when there is a vacancy on the directors council.
- (3) Repealed.

24-80-202. Trustee for state - exchange duplicates - lending materials. (1) Except as otherwise provided in part 1 of this article, the society shall be the trustee of the state and as such shall faithfully expend and apply all money received from the state to the uses and purposes directed by law, and shall hold its present and future collections and property for the state, and shall not sell, mortgage, transfer, or dispose of in any manner or remove from the Colorado state museum any article thereof, or part of the same, without authority of law.

(2) Nothing in this section shall be construed to prevent the sale, exchange, or other disposition of materials held by the society that are determined by the president and board of directors of the society to be duplicates of other items held by the society, redundant examples of items of similar type held by the society, items that are beyond the scope of the society's mission statement or collections policy, or items that are lacking in usefulness or historical value.

(3) Nothing in this section shall be construed to prevent the loan for reasonable periods of time of materials or exhibits to responsible borrowers under adequate safeguards, or the transfer to other educational institutions of the state of property not deemed applicable to the purposes of the society.

(4) Revenue generated by the sale of such properties shall be held and disbursed pursuant to section 24-80-209.

24-80-209. Title to property - disbursement of revenues - enterprise services cash fund - community museums cash fund - definition. (1) The title to all property acquired by the society by gift, purchase, or otherwise shall absolutely vest in and belong to the state of Colorado when accepted or received by the society.

(2) All noncustodial revenues received by the society other than limited gaming revenues deposited in the state historical fund pursuant to section 44-30-1201, and revenues deposited in the community museums cash fund pursuant to subsection (3) of this section, whether from commissions, sale of goods and services, admissions, membership and user charges, service fees, operation or rental of concessions or facilities, or from any other state source shall be deposited in the enterprise services cash fund, which fund is hereby created in the state treasury. Money in the fund is subject to annual appropriation by the general assembly for the direct and indirect costs of carrying out the activities of the society. The state treasurer shall credit all interest

derived from the deposit and investment of money in the fund to the fund. Any money not appropriated remains in the fund and shall not be transferred or revert to the general fund or any other fund at the end of any fiscal year. Money in the enterprise services cash fund and any other historical society custodial accounts shall be held by the state treasurer as custodian separate and apart from other funds and may be withdrawn from the treasurer's custody for the purposes and under the control of the society, only upon the issuance of vouchers signed by the president or vice-president and treasurer or secretary of the society and upon warrants drawn against the funds by the controller.

(3) All noncustodial revenues received by the society that were earned by a community museum, whether from commissions, sale of goods and services, admissions, membership and user charges, service fees, operation or rental of concessions or facilities, or from any other state source shall be deposited in the community museums cash fund, which fund is hereby created in the state treasury. Moneys in the fund are subject to annual appropriation by the general assembly for the direct and indirect costs of carrying out the activities of the community museums. The state treasurer shall credit all interest derived from the deposit and investment of moneys in the fund to the fund. Any moneys not appropriated remain in the fund and shall not be transferred or revert to the general fund or any other fund at the end of any fiscal year. Moneys in the community museums cash fund shall be held by the state treasurer as custodian separate and apart from other funds and may be withdrawn from the treasurer's custody for the purposes and under the control of the society, only upon the issuance of vouchers signed by the president or vice-president and treasurer or secretary of the society and upon warrants drawn against such funds by the controller. For purposes of this section, "community museum" means any real property other than the state museum located at 1200 Broadway in Denver that is owned and operated by the historical society and that is open for public admission or events.

24-80-214. State museum cash fund. There is hereby created in the state treasury the state museum cash fund, referred to in this section as the "cash fund". The cash fund shall consist of all money transferred to the cash fund from the state historical fund pursuant to section 44-30-1201 (5); money transferred from the justice center cash fund pursuant to section 13-32-101 (7)(b)(II), as said subsection existed prior to its repeal in 2015; and any other money appropriated to the cash fund by the general assembly. Money in the cash fund shall be subject to annual appropriation by the general assembly to the state historical society to pay for the planning, design, acquisition, and construction of and relocation to a new state museum, exhibits for the museum, and for exhibit planning, development, and build-out at other facilities owned and operated by the historical society. Three million dollars and compounding interest earned on this amount beginning July 1, 2015, shall be retained in the cash fund as a controlled

maintenance reserve for the new state museum and will be available for appropriation for controlled maintenance at the museum beginning in the fiscal year that begins July 1, 2027. Appropriations from the cash fund shall remain available to the state historical society for a period of four years. Any money in the cash fund not expended for the purpose of this section may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of money in the cash fund shall be credited to the cash fund. Any unexpended and unencumbered money remaining in the cash fund at the end of a fiscal year shall remain in the cash fund and shall not be credited or transferred to the general fund or another fund.

24-80-215. America 250 - Colorado 150 commission - creation - powers and duties - report - definitions - repeal. (1) **Definitions.** As used in this section, unless the context otherwise requires:

(a) "Commission" means the America 250 - Colorado 150 commission created in this section.

(b) "Executive director" means the executive director of history Colorado.

(c) "History Colorado" means the state historical society established in section 24-80-201.

(2) **Commission created.** The America 250 - Colorado 150 commission is created in history Colorado to develop programs and plan for the official observance across Colorado of the semiquincentennial anniversary of the founding of the United States, as marked by the Declaration of Independence in 1776, and the sesquicentennial anniversary of Colorado statehood.

(3) **Membership and appointments.** (a) The commission consists of fifteen voting members as follows:

(I) The executive director or the executive director's designee;

(II) A representative of the Ute Mountain Ute Tribe, designated by the Ute Mountain Ute tribal council;

(III) A representative of the Southern Ute Indian Tribe, designated by the Southern Ute tribal council;

(IV) The director of the Colorado tourism office created in section 24-49.7-103 or the director's designee;

(V) The commissioner of education or the commissioner's designee; and

(VI) Ten members appointed by the governor, as follows:

(A) One member representing the Colorado philanthropic community;

(B) One member representing the Colorado business community;

(C) One member from a local historical society or museum;

(D) One member with experience in the study and documentation of the history of Black communities in Colorado;

(E) One member with experience in the study and documentation of the history of Latino communities in Colorado;

(F) One member with experience in the study and documentation of the history of Asian American communities in Colorado; and

(G) Four members determined by the governor, in the governor's discretion, to enhance and expand the expertise of the commission with regards to its duties as set forth in subsection (4) of this section.

(b) The governor shall make appointments to the commission as set forth in subsections (3)(a)(VI)(A) to (3)(a)(VI)(F) of this section on or before September 1, 2022. The governor shall make appointments to the commission as set forth in subsection (3)(a)(VI)(G) of this section on or before October 1, 2023. In making appointments, the governor shall attempt to ensure that the members represent the geographic diversity of the state.

(c) Each appointed member of the commission serves at the pleasure of the governor. The term of appointment is for the duration of the commission's existence. In the event of a vacancy, the governor shall appoint a new member for the remainder of the term. An appointment to fill a vacancy is subject to the requirements set forth for the vacant position in this subsection (3).

(d) The commission shall choose officers from among its members, including two co-chairs. One co-chair shall lead efforts related to the semiquincentennial activities in the state, and one co-chair shall lead efforts related to the sesquicentennial activities in the state.

(e) Members of the commission serve without compensation; except that each member who is not an employee of the state is entitled to reimbursement for actual and necessary expenses incurred in the discharge of the member's official duties.

(f) Members of the commission may participate remotely in commission meetings and other activities, including by telephone or video conference. Remote participation in commission meetings shall be noted in the meeting minutes.

(4) **Powers and duties.** (a) The commission shall:

(I) Develop and promote plans for statewide recognition of the two hundred fiftieth anniversary of the founding of the United States and the one hundred fiftieth anniversary of Colorado statehood between July 1, 2025, and December 31, 2026, including but not limited to:

(A) Historical activities;

(B) The creation and publication of historical documents;

(C) Cooperation with agencies responsible for the preservation or restoration of historic sites, buildings, art, and artifacts;

(D) Educational opportunities for Colorado youth to understand their historic roots in the United States and Colorado;

(E) The promotion of scholarship and research that illuminates the history of the American west and Colorado within the larger story of the United States;

(F) The arrangement of appropriate public ceremonies; and

(G) Commemorative events, supported by a comprehensive marketing and tourism campaign;

(II) Identify statewide and local community partners to provide local opportunities for public discussion, commemorative events, and historical and educational activities regarding the

founding of the United States and the subsequent two hundred fifty years and the advent of Colorado statehood and the subsequent one hundred fifty years;

(III) Cooperate with and represent the state in official dealings with the United States semiquincentennial commission and the America250 foundation;

(IV) Identify, celebrate, and build knowledge around the history of Black communities, Indigenous communities, communities of color, women, and people with disabilities in the history and development of the United States and the state of Colorado, including the history that pre-dates the founding of both nation and state; and

(V) Ensure that the activities of the commission represent the geographic and demographic diversity of the state, are accessible to people with disabilities, and are, to the extent possible, accessible to communities across the state on an equitable basis.

(b) In carrying out its duties, the commission may:

(I) Coordinate and engage in semiquincentennial or sesquicentennial initiatives proposed or undertaken by any public or nonpublic person or entity; and

(II) Consult with and seek guidance, information, and support from stakeholders across the state, including through the establishment of subcommittees in accordance with subsection (5) of this section.

(5) Advisory panel and subcommittees. (a) (I) The commission shall establish an advisory panel to consult with the commission on regional activities celebrating the history and culture of regions across the state. The co-chairs of the commission shall appoint with the advice and consent of the commission one member to the advisory panel from each of the eight tourism regions of the state, as defined by the Colorado tourism office created in section 24-49.7-103. The co-chairs of the commission shall make appointments to the advisory panel on or before December 1, 2022.

(II) The term of appointment to the advisory panel is for the duration of the panel's existence. Members of the advisory panel serve at the pleasure of the co-chairs of the commission. In the event of a vacancy, the co-chairs shall appoint a new member for the remainder of the term, subject to the requirements for the vacant position set forth in subsection (5)(a)(I) of this section.

(III) Members of the advisory panel serve without compensation but are entitled to reimbursement for actual and necessary expenses incurred in the discharge of the members' duties. Members of the advisory panel may participate in meetings and activities of the panel remotely, including through telephone or video conference. Remote participation in advisory panel meetings shall be noted in the meeting minutes.

(b) (I) The commission may establish additional subcommittees to help carry out the commission's duties, including the development of programming and events on a regional or thematic basis.

(II) When establishing a subcommittee, the commission shall set forth the purpose of the subcommittee and its membership, duties, and duration.

(III) The co-chairs of the commission shall appoint the members of a subcommittee with the advice and consent of the commission. The co-chairs may appoint individuals who are not members of the commission to serve on a subcommittee. Members of a subcommittee serve for the duration of the subcommittee's existence.

(IV) Members of a subcommittee serve without compensation, but are entitled to reimbursement for actual and necessary expenses incurred in the discharge of the members'

duties. Members of a subcommittee may participate in meetings and activities of the subcommittee remotely, including through telephone or video conference. Remote participation in subcommittee meetings shall be noted in the meeting minutes.

(6) **Meetings.** The commission shall hold its first meeting on or before November 1, 2022, and shall meet thereafter upon the call of either of the co-chairs.

(7) **Staff support.** Upon request by the commission, history Colorado shall provide office space, equipment, and staff services as may be necessary to implement this section. The commission may retain the services of a consultant or staff director to assist the commission in accomplishing its duties, including by providing administrative support, directing fundraising and development for the commission, planning events, and other duties as defined by the commission.

(8) **Gifts, grants, and donations.** History Colorado and the commission may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section.

(9) **Reports.** History Colorado shall annually report on the activities of the commission as part of its "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" presentation required by section 2-7-203.

(10) **Repeal.** This section is repealed, effective June 30, 2027.

24-80-216. Federal Indian boarding school research program - recommendations - definitions - repeal. (1) As used in this section, unless the context otherwise requires:

(a) "Federal Indian boarding school" means a boarding school for Native American youth authorized by the federal government that was not located on an Indian reservation.

(b) "Program" means the federal Indian boarding school research program established in this section.

(2) (a) There is established in the state historical society the federal Indian boarding school research program to research and make recommendations to promote Coloradans' understanding of the physical and emotional abuse and deaths that occurred at and in relation to federal Indian boarding schools in Colorado, including the victimization of, and intergenerational impacts on, families of the youth forced to attend the boarding schools.

(b) In addition to the consultation with the Southern Ute Tribe and the Ute Mountain Ute Tribe described in this section, the society shall consult with the Colorado commission of Indian affairs, established pursuant to section 24-44-102, and may consult with any other federally recognized Indian tribe.

(3) (a) As part of the program, the state historical society shall research the events, physical and emotional abuse, and deaths that occurred at the federal Indian boarding school at Fort Lewis, which was known as the Fort Lewis Indian school, including the victimization of families of the youth forced to attend the school and the intergenerational impacts of the abuse. The society shall conduct the research described in subsection (3)(c) of this section; provide the commission, the Southern Ute Tribe, and the Ute Mountain Ute Tribe with periodic updates

about its research; and shall deliver a final report to the commission, the Southern Ute Tribe, and the Ute Mountain Ute Tribe no later than June 30, 2023.

(b) (I) The state historical society may enter into an agreement with a third-party research entity to conduct parts of the research described in this subsection (3).

(II) In determining whether to enter into an agreement with a third-party research entity and selecting a third-party research entity, the society shall ensure that the society and any other party performing research collectively have:

(A) Experience working with Indigenous communities;

(B) An understanding of Native American history and culture, including the boarding school experience;

(C) Native American team members;

(D) An understanding of the impact of trauma and how it passes through generations;

(E) One or more team members with experience as an archaeologist at Native American sites, including the performance of historical archaeological investigations;

(F) One or more team members with experience in forensic anthropology;

(G) Experience with, or meaningful understanding of, the federal "Native American Graves Protection and Repatriation Act", 25 U.S.C. sec. 3001 et seq., or similar legislation;

(H) Experience in the use of geospatial technology, ground penetrating radar, mapping, and other resources that may be utilized in the identification of underground burial sites;

(I) Experience identifying human remains and disinterment; and

(J) Experience interviewing victims of trauma.

(c) The society shall, at a minimum:

(I) Conduct research necessary to more accurately estimate the number of deaths at the federal Indian boarding school at Fort Lewis;

(II) Identify and map graves of Native American students buried at the federal Indian boarding school at Fort Lewis and off-campus cemeteries by using research methods determined during consultation with the Southern Ute Tribe and the Ute Mountain Ute Tribe;

(III) Review existing research and conduct new research as needed on existing resources and materials to reveal Native American student victims at the federal Indian boarding school at Fort Lewis;

(IV) Review written and recorded history and oral history describing the experiences and trauma of students attending the federal Indian boarding school at Fort Lewis and their families; and

(V) Interview those with knowledge of the experiences and trauma experienced by Native American students attending the federal Indian boarding school at Fort Lewis and the experiences, including intergenerational trauma, of the students' families and descendants.

(4) (a) After the state historical society delivers the final report on its research, it shall facilitate consultation with the commission, the Southern Ute Tribe, and the Ute Mountain Ute Tribe to develop recommendations necessary to better understand the abuse that occurred at, and is related to, federal Indian boarding schools and to support tribal members healing from the effects of the abuse. In developing recommendations, the parties shall consider including recommendations for necessary immediate action, long-term goals, and any legislation necessary to implement any of its recommendations. The recommendations may include:

(I) A process for repatriation of any identified Native American remains in a culturally appropriate manner, as determined following consultation with federally recognized Indian tribes;

(II) A plan to provide support and services to tribal members to heal from the intergenerational impacts of federal Indian boarding schools and the related separation of families;

(III) Education programs to make the public aware of information learned from the research conducted as part of the program and to teach students about the history of federal Indian boarding schools in Colorado;

(IV) A process for transferring burial sites to tribal ownership;

(V) Allowing tribal blessings to occur at the sites of federal Indian boarding schools and burial sites; and

(VI) Any additional policies to support healing in tribal communities and to further determine the extent of, acknowledge, and educate Coloradans about, the abuse and victimization of students and families related to the operation of federal Indian boarding schools.

(b) In developing the recommendations, the society, commission, the Southern Ute Tribe, and Ute Mountain Ute Tribe may consult with any other federally recognized tribe whose children may have attended a federal Indian boarding school in Colorado.

(c) On or before September 1, 2023, the society shall make the recommendations and a summary of the society's research publicly available on the society's website and shall deliver a written copy of the recommendations and summary of research to the house of representatives judiciary committee and the senate judiciary committee, or their successor committees, the joint budget committee of the general assembly, the governor's office, any state agency that is the subject of a recommendation, the Southern Ute Tribe, the Ute Mountain Ute Tribe, and the board of trustees for Fort Lewis college.

(5) This section is repealed, effective December 31, 2023.

24-80-217. State historical society strategic initiatives fund - creation - repeal. (1) The state historical society strategic initiatives fund is hereby created in the state treasury. The fund consists of money transferred to the fund from the limited gaming fund pursuant to section 44-30-701 (2)(a)(V.5)(A). The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(2) Subject to annual appropriation by the general assembly, the state historical society may expend money from the fund for programs and activities that strengthen the society's financial position and expand its impact on the people of the state.

(3) (a) On June 30, 2027, the state treasurer shall transfer any unexpended money in the fund to the general fund.

(b) This section is repealed, effective July 1, 2027.

PART 4

HISTORICAL, PREHISTORICAL, AND ARCHAEOLOGICAL RESOURCES

Editor's note: This part 4 was numbered as article 12 of chapter 131, C.R.S. 1963. The substantive provisions of this part 4 were repealed and reenacted in 1973, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this part 4 prior to 1973, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

24-80-401. Title to historical, prehistorical, and archaeological resources. (1) The state of Colorado reserves to itself title to all historical, prehistorical, and archaeological resources in all lands, rivers, lakes, reservoirs, and other areas owned by the state or any county, city and county, city, town, district, or other political subdivision of the state. Historical, prehistorical, and archaeological resources shall include all deposits, structures, or objects which provide information pertaining to the historical or prehistorical culture of people within the boundaries of the state of Colorado, as well as fossils and other remains of animals, plants, insects, and other objects of natural history within such boundaries.

(2) As used in this part 4, "historical, prehistorical, and archaeological resources" includes, in addition to the specific site or deposit, rights-of-way access on state-owned land from a maintained public road for the exploration, protection, preservation, interpretation, and enhancement of the site or deposit proper.

24-80-403. Office of state archaeologist - purpose. The office of state archaeologist is established as a section within the society in the department of higher education. The office of state archaeologist is a **type 2** entity, as defined in section 24-1-105. The purpose of the office of state archaeologist is to coordinate, encourage, and preserve by the use of appropriate means the full understanding of this state's archaeological resources as the same pertain to humankind's cultural heritage, the study and understanding of which within the state of Colorado will result in an ultimate benefit to the citizens of this state.

24-80-404. State archaeologist - appointment - qualifications. The board of directors of the society is hereby authorized to and shall appoint a state archaeologist pursuant to the provisions of section 13 of article XII of the state constitution. The state archaeologist shall be the head of the office of state archaeologist. He shall be a graduate of a recognized college or university with a post-graduate degree in archaeology or anthropology and shall have had sufficient practical experience and knowledge in archaeology to qualify for the purposes of this part 4. The activities of the state archaeologist shall be closely coordinated with the other activities of the society.

Source: L. 73: R&RE, p. 1382, § 1. C.R.S. 1963: § 131-12-4.

24-80-405. Objectives and duties of the state archaeologist. (1) The state archaeologist shall function to provide assistance to and cooperate with the general public, industries, and

agencies of local, state, and federal government, including institutions of higher education, in pursuit of the following objectives:

- (a) To assist, consult with, and advise state and local governmental agencies and private persons on archaeological problems;
- (b) To promote development of archaeological resources for educational purposes;
- (c) To conduct studies to develop archaeological information;
- (d) To inventory and analyze this state's archaeological resources as to location, quantity, and their cultural significance;
- (e) To collect and preserve archaeological resources;
- (f) To advise the state and to act as liaison agency in transactions dealing with archaeological resources between state agencies and other states and between state agencies and the federal government on common problems and studies;
- (g) To issue permits to qualified applicants for the conduct of archaeological studies;
- (h) To arrange for the care, use, and storage of any archaeological resources collected;
- (i) To prepare, publish, and distribute reports, maps, and bulletins when necessary to achieve the purposes of this part 4;
- (j) To accept and, through the department of personnel, to use, disburse, and administer all federal funds or other property, services, and moneys allotted to the office of state archaeologist for the purposes of this part 4 and to prescribe, by regulation not inconsistent with the laws of this state, the conditions under which such funds, property, services, or moneys shall be accepted and administered. On behalf of the state, the society is empowered to make such agreements with the approval of the attorney general, not inconsistent with the laws of this state, as may be required as a condition precedent to receiving such funds or other assistance.
- (k) To implement a program of salvage archaeology, which shall include surveys and either the salvage or the preservation of sites or antiquities imperiled by construction or other earth-movement projects;
- (l) To establish and coordinate a procedure by which an historical, prehistorical, or archaeological resource belonging to the state of Colorado may be removed from Colorado on a loan basis, subject to its return pursuant to section 24-80-406.
- (2) The duties of the state archaeologist are to fulfill the objectives of this part 4 and, together with other employees of the society, to work for the maximum beneficial conservation of the archaeological resources of the state of Colorado and the acquisition and dissemination of knowledge pertaining to archaeology.

24-80-406. Permits. (1) (a) The society shall issue or deny permits for the investigation, excavation, gathering, or removal from the natural state of any historical, prehistorical, and archaeological resources within the state and determine whether or not the applicants for such permits are duly qualified to conduct investigations in the field for which the permit is requested.

(b) The issuance, denial, or revocation of permits shall be made in conformity with article 4 of this title.

(2) Permits shall carry the following stipulations, in addition to such others as the society may require:

(a) The investigations, excavations, gatherings, and removals shall be undertaken only for the benefit of reputable museums, universities, colleges, or other recognized scientific or educational institutions, with a view to increasing the knowledge of such resources; and such activities shall be conducted for permanent preservation, either on the site or in museums, open to the public and available to qualified students.

(b) All permit holders shall provide the state archaeologist, within one year after the start of the investigation, excavation, gathering, or removal, with a preliminary report of progress. If such activity continues for more than one year, an annual progress report shall be made. The permit holder shall furnish a final report of the activity undertaken within three years after termination of the field work.

(c) An inventory of all materials recovered during the course of the investigation, excavation, gathering, or removal shall be supplied to the state archaeologist.

(d) Upon receipt of the final report of the activity undertaken by a permit holder, the state archaeologist may require that a representative collection of the materials recovered be delivered to the state of Colorado and shall determine a repository for the same.

(e) Any permit issued by the society may be revoked by the society, pursuant to article 4 of this title, at any time if there is evidence that the activity authorized by the permit is being unlawfully or improperly conducted or if the permit holder does not honor the conditions of the permit. When a permit is revoked, all recovered materials, catalogues, maps, field notes, and other records necessary to identify the same shall be surrendered immediately to the society.

24-80-409. Penalty - injunction - temporary restraining order. (1) Any person who knowingly appropriates, excavates, injures, or destroys any historical, prehistorical, or archaeological resource on land owned by the state or any county, city and county, city, town, district, or other political subdivision of the state without a valid permit commits a class 2 misdemeanor. All articles and materials illegally taken and all money and materials derived from the sale or trade of the same shall be forfeited to the society.

(2) When the society has cause to believe that a person has engaged in or is engaging in any unlawful conduct as defined in subsection (1) of this section, it may apply for and obtain, in an action in any district court of this state, a temporary restraining order or injunction, or both, pursuant to the Colorado rules of civil procedure prohibiting such person from continuing such practices, or engaging therein, or doing any act in furtherance thereof.

24-80-802. Historic trail - marking. The general assembly hereby recognizes and commends the designation by the congress of the United States of the Santa Fe trail as a national historic trail and declares that portion of the Santa Fe trail occurring in the state of Colorado to be a valuable and noteworthy historic resource that should be identified for the traveling public where it travels on or crosses the highways of the state of Colorado. Therefore, the executive director of the department of transportation is directed to mark with suitable signs significant route segments and sites recognized as associated with the primary route of the historic Santa Fe trail in Colorado, as generally depicted on a map entitled "The Santa Fe Trail" contained in the final report of the secretary of the interior of the United States dated July 1976, where the trail travels on and crosses the highways of this state. The cost of implementing the purposes of this section shall be derived from any gifts, donations, or in-kind contributions to the department of transportation for this purpose.

24-80-803. Old Spanish trail - marking - legislative declaration. (1) (a) The United States congress added the old Spanish national historic trail to the national trails system on December 4, 2002, and authorized the secretary of the interior to administer the trail. The secretary of the interior designated the bureau of land management and the national parks service

as coadministrators of the entire trail. The bureau of land management and the national parks service were charged with the development of a comprehensive administrative strategy and draft environmental impact statement, in compliance with the "National Trails System Act", as amended, and the "National Environmental Policy Act", as amended. The comprehensive administrative strategy was finalized in December 2017.

(b) The general assembly hereby recognizes and commends the designation by the congress of the United States of the old Spanish trail as a national historic trail. The general assembly finds and declares that the portions of the old Spanish national historic trail occurring in the state of Colorado are a valuable and noteworthy historic resource that should be identified for the traveling public where they travel on or cross the highways of the state of Colorado.

(c) In order to preserve the landscape, ecological, and ethnographic characteristics of the old Spanish national historic trail, the executive director of the department of transportation shall consult with culturally affiliated American Indian tribes before posting any signs under this section.

(2) Subject to the availability of funding from gifts, grants, or donations, the executive director of the department of transportation shall mark with suitable signs, which may include the original indigenous name as a secondary interpretive theme in accordance with the consultations conducted under subsection (1)(c) of this section, significant route segments and sites recognized as associated with the old Spanish national historic trail in Colorado, as generally depicted on the maps contained in the United States department of the interior, national parks service report entitled "Old Spanish Trail National Historic Trail Feasibility Study and Environmental Assessment", dated July 2001, and as further refined by the secretary of the interior of the United States, where those routes travel on and cross the highways of the state. The department of transportation may seek, accept, and expend gifts, grants, or donations from private or public sources for the purposes of this section.

PART 12

GHOST TOWNS

24-80-1201. Ghost towns - historical society may designate. (1) To assist in preserving historical monuments of Colorado, the state historical society of Colorado may designate any appropriate area within the state as a ghost town, unless the private or public owner of such property objects.

(2) Upon designation of an area as a ghost town, the state historical society shall erect the necessary number of signs, markers, or plaques at the site of such ghost town to apprise persons of the designation of such area as a ghost town, the name of the ghost town, the historical significance of the ghost town, other pertinent historical data, and the penalty for destruction or

vandalism to the ghost town. Each such sign, marker, or plaque shall also bear the inscription: "The historical heritage of the state of Colorado can only be preserved by the citizens themselves."

UNMARKED HUMAN GRAVES

Law reviews: For note, "NAGPRA in Colorado: A Success Story", see 83 U. Colo. L. Rev. 593 (2012).

24-80-1301. Definitions. As used in this part 13, unless the context otherwise requires:

- (1) "Commission" means the commission of Indian affairs.
- (2) "Disturb" means to move, open, expose, dig up, disinter, excavate, remove, carry away, damage, injure, deface, desecrate, loot, vandalize, mutilate, or destroy.
- (3) "Human remains" means any part of the body of a deceased human being in any stage of decomposition.
- (4) "Land" means all lands, including submerged lands, located within the state of Colorado which are owned by the state or its political subdivisions, agencies, or instrumentalities or by any private person.
- (5) "Person" means an individual, limited liability company, corporation, unincorporated association, partnership, proprietorship, or governmental entity.
- (6) "Unmarked human burial" means any interment of human remains for which there exists no grave marker or any other historical documentation providing information as to the identity of the deceased.

Source: L. 90: Entire part added, p. 1279, § 6, effective May 9. L. 92: (5) amended, p. 2176, § 34, effective June 2.

24-80-1302. Discovery of human remains. (1) Except as provided in section 24-80-1303 with regard to anthropological investigations, any person who discovers on any land suspected human skeletal remains or who knowingly disturbs such remains shall immediately notify the coroner or medical examiner of the county wherein the remains are located and the sheriff, police chief, or land managing agency official.

(2) The coroner or medical examiner shall conduct an on-site inquiry within forty-eight hours after such notification to attempt to determine whether such skeletal remains are human remains and to determine their forensic value. If it is confirmed that the remains are human remains and of forensic value, the coroner or medical examiner shall take legal custody of the human remains pursuant to section 30-10-606 (1.2), C.R.S. If it is confirmed that the remains are human remains but of no forensic value, the coroner or medical examiner shall notify the state archaeologist of the discovery. The state archaeologist shall recommend security measures for the site.

(3) Prior to further disturbance, the state archaeologist shall cause the human remains to be examined by a qualified archaeologist to determine whether the remains are more than one hundred years old and to evaluate the integrity of their archaeological context. Complete documentation of the archaeological context of the human remains shall be accomplished in a timely manner.

(4) (a) If the on-site inquiry discloses that the human remains are Native American, the state archaeologist shall notify the commission.

(b) The remains shall be disinterred unless the landowner, the state archaeologist, and the chairman of the commission or his designee unanimously agree to leave the remains in situ.

(c) Disinterment shall be conducted carefully, respectfully, and in accordance with proper archaeological methods and by an archaeologist who holds a permit issued under sections 24-80-405 and 24-80-406. In the event the remains are left in situ, they shall be covered over.

(d) Without the landowner's express consent for an extension of time, disinterment shall be accomplished no later than ten consecutive days after the state archaeologist has received notification from the coroner or medical examiner pursuant to subsection (2) of this section.

(e) The archaeologist who conducts the disinterment will assume temporary custody of the human remains, for a period not to exceed one year from the date of disinterment, for the purpose of study and analysis. In the event that a period in excess of one year is required to complete such study and analysis, the commission shall hold a hearing and may, based upon its findings, grant an extension. During the period that the human remains are in the temporary custody of the archaeologist who conducted the disinterment, an archaeological analysis and report shall be prepared. At the same time, a physical anthropological study shall be conducted to include, but not be limited to, osteometric measurement, pathological analysis, and age, sex, and cause of death determinations. The cost of the disinterment, archaeological analysis, and physical anthropological study shall be borne by the state archaeologist except when the human remains are recovered from private lands. In the latter case, if no party can be identified who will bear the cost of such scientific study, the state archaeologist shall bear such costs.

(f) Upon completion of the studies pursuant to paragraph (e) of this subsection (4), the state archaeologist shall consult with the commission regarding reinterment.

(5) Those remains which are verifiably nonnative American and are otherwise unclaimed will be delivered to the county coroner or medical examiner for further conveyance to the Colorado state anatomical board.

24-80-1303. Discovery of human remains during an anthropological investigation.

(1) Prior to the commencement of an anthropological investigation in which it is probable that skeletal remains will be discovered, the anthropologists conducting such an investigation shall apply to the state archaeologist for an excavation permit issued under the authority of section 24-80-405 (1)(g). Upon receipt of said permit by a qualified applicant, he shall notify the coroner and sheriff of the county in which the investigation shall be conducted.

(2) When skeletal remains are discovered during such an investigation, the anthropologists shall determine whether such skeletal remains are human remains, and, if such remains are determined to be human remains, the anthropologists shall determine, whenever possible, the age and cultural affiliation of the individual. Based on such determinations, the anthropologists shall proceed as follows:

(a) If it is determined that the human remains are of an individual who has been dead less than one hundred years, the anthropologists shall notify the coroner of the discovery and shall offer an opinion as to the forensic significance of the human remains. The coroner shall respond to such notification within twenty-four hours, during which time all activity which could disturb such human remains shall cease. If, on the basis of the anthropologists' opinion or on an independent on-site inquiry, the coroner determines that the human remains are of no forensic significance, the anthropologists shall notify either the state archaeologist, if the human remains are those of a Native American, or the Colorado state anatomical board, if the human remains are those of a human being who was not a Native American.

(b) If it is determined that the skeletal remains are human remains but of an individual who has been dead for more than one hundred years, notwithstanding the provisions of section 30-10-606 (1.2), C.R.S., the anthropologists need not notify the coroner but shall notify either the state archaeologist, if the human remains are those of a Native American, or the Colorado state anatomical board, if the remains are of a non-Native American.

(3) Upon notification by the anthropologists of the discovery of the human remains of a Native American, the state archaeologist shall notify the commission and shall thereafter proceed in accordance with the provisions of section 24-80-1302 (4).

24-80-1304. Rule-making authority - state archaeologist. (1) In accordance with the provisions of the "State Administrative Procedure Act", article 4 of this title, the state archaeologist may adopt rules and regulations implementing the administrative procedures of this part 13. When adopting such rules and regulations, the state archaeologist shall consider the following:

- (a) The rights and interests of landowners;
- (b) The sensitivity of human beings for treating human remains with respect and dignity;
- (c) The value of history and archaeology as a guide to human activity; and
- (d) Applicable laws, standards, and guidelines for the conduct of archaeology and codes of ethics for participation in archaeology.

PART 14

COLORADO VETERANS' MONUMENT PRESERVATION TRUST FUND

24-80-1401. Colorado veterans' monument preservation trust fund - preservation trust committee - park name change. (1) There is hereby created in the state treasury the Colorado veterans' monument preservation trust fund, referred to in this section as the "trust fund", the principal of which shall consist of funds made available from private donations received by the department of personnel and any funds appropriated thereto by the general assembly. All moneys deposited in the trust fund and all interest earned in the trust fund shall remain in the trust for the purposes as set forth in this part 14, and no portion thereof shall be expended or appropriated for any other purpose.

(2) There is hereby created a preservation trust committee for the purpose of overseeing and making allocations out of the trust fund. The preservation trust committee shall be comprised of four members. One member shall be a representative or designee of the Colorado board of veterans affairs, created in section 28-5-702, one member shall be a member or designee of the state capitol building advisory committee, created in section 24-82-108, one member shall be a veteran appointed jointly by the speaker of the house of representatives and the president of the senate, and one member shall be a representative of the department of personnel that oversees real estate services, who shall be an ex officio nonvoting member.

(3) (a) The initial term for the member representing the Colorado board of veterans affairs and for the member representing the state capitol building advisory committee shall be three years. Thereafter, those members' terms shall be two-year terms. Except as provided in paragraph (b) of this subsection (3), the member appointed by the speaker of the house of representatives and the president of the senate shall serve a two-year term. Any vacancy on the committee shall be filled in the same manner provided for original appointments for the remainder of an unexpired term.

(b) The term of the member appointed by the speaker of the house of representatives and the president of the senate and who is serving on March 22, 2007, shall be extended to and

expire on or shall terminate on the convening date of the first regular session of the sixty-seventh general assembly. As soon as practicable after such convening date, the speaker and the president shall jointly appoint or reappoint one member in the same manner as provided in paragraph (a) of this subsection (3). Thereafter, the term of the member appointed or reappointed by the speaker and the president shall expire on the convening date of the first regular session of each general assembly, and all subsequent appointments and reappointments by the speaker and the president shall be made as soon as practicable after such convening date. Members appointed or reappointed by the speaker and the president shall serve at the pleasure of the appointing authority and shall continue in office until the member's successor is appointed.

(4) The preservation trust committee shall have discretion in determining the amount of funds to allocate from the trust fund to meet the purposes of this part 14; except that only the interest derived from the principal in the trust fund may be expended by the preservation trust committee. All gifts, grants, and donations received by the department of personnel pursuant to subsection (5) of this section shall be credited to the trust fund and retained as principal in the trust fund. All interest earned on the investment of money in the fund shall be continuously appropriated to the department of personnel for allocation to the preservation trust committee. The preservation trust committee shall determine annually how much of the interest generated from the principal in the trust fund will be spent and shall determine and approve what types of maintenance and repair work will be performed for the purposes of maintaining, enhancing, and repairing the Colorado veterans' monument and any fallen heroes memorials in Lincoln veterans' memorial park in Denver, Colorado, and for maintaining Lincoln veterans' memorial park. The principal of the trust fund and any unappropriated interest earned on the principal of the trust fund at the close of any fiscal year shall remain in the trust fund and shall not be transferred to or revert to the general fund.

(5) The department of personnel is authorized to receive gifts, grants, and donations from private or public sources for the trust fund. Such gifts, grants, and donations, together with any other money appropriated or transferred by the general assembly, shall be transmitted to the state treasurer who shall credit the same to the trust fund. Money in the trust fund shall be used for maintaining and enhancing the Colorado veterans' monument and Lincoln veterans' memorial park, but shall not be used to supplant existing appropriations for maintenance of the monument or Lincoln veterans' memorial park. For purposes of section 20 of article X of the state constitution, any donations received for the trust fund shall not be included in state fiscal year spending.

(6) On and after May 31, 2021, the parks previously known as "Lincoln park" and "Liberty park", bounded by Lincoln on the east, Broadway on the west, Fourteenth avenue on the south, and Colfax avenue on the north, shall be collectively known as "Lincoln veterans' memorial park".

ARTICLE 80.1

Register of Historic Places

24-80.1-101. Legislative declaration. The general assembly hereby declares that sites and structures possessing historical significance are cultural resources of this state; that the preservation of such resources is in the interest of the citizens of the state; and that the planning and activities of state agencies should include the preservation of such resources. It is the intent of the general assembly to provide that such resources be preserved to the extent possible for the education and enjoyment of the residents of this state, present and future.

24-80.1-102. Definitions. As used in this article, unless the context otherwise requires:

(1) "Action" means any state activity, program, project, or undertaking or the approval, sanction, assistance, or support of any activity, policy, program, project, or undertaking, including but not limited to:

(a) Recommendations or reports relating to legislation, including requests for appropriations;

(b) New and continuing activities, programs, projects, or undertakings directly engaged in by agencies or supported in whole or in part through state contracts, grants, subsidies, loans, or other forms of funding assistance or involving a state lease, permit, license, certificate, or other entitlement of use;

(c) The sale or transfer of state properties;

(d) Comprehensive or areawide planning in which provisions may be made for any actions or which may result in a proposed action.

(2) "Agency" means any principal department of this state as provided in section 24-1-110.

(3) "Comment" means any notation, observation, remark, or recommendation made in response to a proposed agency action.

(4) "Decision" means the exercise of agency authority at any stage of an action where alterations might be made in the action to modify its impact upon cultural properties.

(5) "Effect" means any change in the quality of the historical, archaeological, or architectural character that qualified property for entry in the state register.

(6) "Historical significance" means having importance in the history, architecture, archaeology, or culture of this state or any political subdivision thereof or of the United States, as determined by the society.

(7) "Local government" means a municipality or a county.

(8) "National register" means the national register of historic places maintained pursuant to 16 U.S.C. sec. 470a.

(9) "Preservation" means the protection, enhancement, and maintenance of historic properties.

(10) "Properties" means the resources, including buildings, structures, objects, sites, districts, or areas, that are of historical significance.

(11) "Review" means the examination of information related to agency actions in order to assess the effect of such actions on properties listed in the state register.

(12) "Society" means the state historical society.

(13) "State register" means the state register of historic properties.

(14) "Water supply structure" means a head gate, ditch, canal, flume, reservoir, bypass, pipeline, conduit, well, pump, or other facility, structure, or device used to store, divert, transport, or control water, and any appurtenances thereto. "Water supply structure" includes any grouping of such structures.

24-80.1-103. State register - creation. There is hereby created a state register of historic properties in the state historical society which shall be administered by and under the control of the society.

Source: L. 75: Entire article added, p. 861, § 1, effective July 1.

24-80.1-104. Effect of state register - exception - legislative declaration. (1) Except as otherwise provided in subsection (3) of this section, properties included or nominated for inclusion in the state register are protected from any action initiated by a state agency until a final determination concerning the effect of the action on such properties is made pursuant to subsection (2) of this section.

(2) (a) At the earliest stage of planning or consideration of a proposed action or when it is anticipated that properties of historical significance may be adversely affected in the course of an agency action and in all cases prior to an agency decision concerning an action that may have an effect on properties listed in the state register, the agency initiating the action shall identify such properties located within the area of the proposed action, notify the society of the proposed action, request a determination of effect on such properties, and afford the society a period of thirty days in which to review the proposed action. Notification shall include sufficient and relevant information needed to make a determination of effect. Comments made by the society which include specific recommendations to prohibit or alter all or some aspects of the proposed

action shall be implemented by the agency subject to paragraphs (b) and (c) of this subsection (2).

(b) If the agency rejects some or all of the comments of the society relative to the proposed action, the agency shall be afforded a period of thirty days during which to negotiate a satisfactory agreement with the society.

(c) If no agreement is reached or if any party to any such agreement is dissatisfied therewith, an appeal may be made to the governor for a final determination. The governor shall make such determination within thirty days after such appeal.

(3) (a) Subsections (1) and (2) of this section do not apply to actions initiated, taken, or authorized by the department of natural resources or the department of public health and environment or any subdivisions of those departments that affect or potentially affect water supply structures.

(b) The general assembly finds that water supply structures in Colorado are critical both to filling the projected shortfall in water supplies for current and future residents of the state and to protecting the state's agricultural lands from a loss of water supplies. The general assembly further finds that water supply structures and the ability to repair, replace, and change water supply structures are keys to the economic future of Colorado. For these reasons, the general assembly hereby determines and declares that it is necessary to exempt state agencies that take action concerning water supply structures from subsections (1) and (2) of this section.

24-80.1-105. Procedure for inclusion in state register. (1) Properties may be nominated to the state register by the owner thereof, a local government, an agency, or the society.

(2) Upon nomination, the society shall determine whether the property is to be included in the state register. Such determination shall be based on information made available to the society, including but not limited to information submitted with the nomination, information obtained through independent research efforts, information obtained through hearings and private conferences, and any other information or data which may come to the attention of the society.

(3) Property included in the national register shall be included in the state register without determination by the society, by reason of such inclusion.

24-80.1-107. Criteria for nomination. (1) Criteria for consideration of property for nomination to or inclusion in the state register shall include, but not be limited to, the following:

- (a) The association of such property with events that have made a significant contribution to history;
 - (b) The connection of such property with persons significant in history;
 - (c) The apparent distinctive characteristics of a type, period, method of construction, or artisan;
 - (d) The geographic importance of the property;
 - (e) The possibility of important discoveries related to prehistory or history.
- (2) Written approval of the owner of the land and the property is required for nomination to or inclusion in the state register.

Source: L. 75: Entire article added, p. 862, § 1, effective July 1.

24-80.1-108. Duties of the society. (1) In order to carry out the provisions of this article, the society shall:

- (a) Prepare, expand, and maintain a state register of historic properties and establish and promulgate criteria and procedures by which properties shall be determined to be eligible for, nominated to, and listed in the state register, no later than December 31, 1975;
 - (b) Regularly notify agencies of additions or deletions to the state register;
 - (c) Prepare, no later than June 30, 1976, a preservation plan which it shall review and revise annually after said date.
- (2) The society has the power to prepare and promulgate rules and procedures to implement this article.
- (3) The society shall assist the agencies in evaluating state-owned properties and in reviewing activities, programs, projects, undertakings, and all other agency actions for adequacy in addressing the preservation of properties in the state register.

24-80.1-109. Water supply structure - nomination for inclusion in the state register or national register - multiple property documentation form. (1) (a) Before acting upon a nomination of a water supply structure for inclusion in the state register or national register, the society shall:

(I) Submit, to the water clerks for the water divisions in which the water supply structure is located, notice of the proposed nomination, for publication as set forth in section 37-92-302 (3)(a) and (3)(b), C.R.S.; and

(II) Send written notice of the proposed nomination by first-class mail to every person having a property interest in the water supply structure or water rights used through the water supply structure. In order to comply with this paragraph (a), the society may rely upon the real property records of the county assessor for the counties in which the water supply structure is located to determine persons having real property interests and, to determine the identity of persons having water right interests, the society may rely upon the records of the division engineer in the water divisions in which the water supply structure is located, as set forth under part 2 of article 92 of title 37, C.R.S.

(b) (I) The society shall not proceed with a nomination for inclusion in the state register if a person having a real property interest in the water supply structure or an interest in water that is used in the water supply structure files a letter of objection to the proposed nomination with the society within one hundred twenty days after receiving notice under this subsection (1).

(II) For a nomination to include a water supply structure in the national register, the society shall not proceed with the nomination if objection is made in accordance with 36 CFR 60.6.

(2) (a) Prior to taking any action to request approval from the keeper of the national register of a multiple property documentation form in which any or all of the multiple property types or associated property types are water supply structures, the society shall procure the approval of the state engineer appointed pursuant to section 37-80-101, C.R.S.

(b) (I) The society shall provide notice to all persons having a property interest in a water supply structure included in a multiple property documentation form using the procedure set forth for substitute water supply plans in section 37-92-308 (5)(a), C.R.S.; except that the time requirements for any actions by the state engineer under this subsection (2) do not apply. The state engineer shall act solely at his or her discretion to consider and approve or disapprove the multiple property documentation form at a time he or she sees fit.

(II) The society shall enter into a programmatic agreement with the state engineer that requires, at a minimum, that any person having an interest in the water supply structure who objects to inclusion of the owners' water supply structure may have the water supply structure removed from the multiple property documentation form.

(3) Nothing in this section limits communications between the society and the keeper of the national register that are required under 16 U.S.C. sec. 470a (b)(3)(I). The state engineer shall not review any such communications in which water supply structures are only incidentally described.

State Property

PART 1

CAPITOL BUILDINGS - ACQUISITION OF PROPERTY

24-82-101. Control of legislative space in the capitol, the legislative services building, and the state office building at 1525 Sherman street - responsibility of department of personnel for supervision of maintenance in capitol buildings group - exception - capitol complex master plan. (1) In accordance with the provisions of section 2-2-321 concerning space for the legislative department, subject to appropriations made by the general assembly and subject to the provisions of section 24-82-108, concerning preservation of the state capitol building, the legislative department, acting through the executive committee of the legislative council:

(a) Shall have control of legislative spaces in the capitol; the legislative services building; the state office building at 1525 Sherman street, subject to the provisions of subsection (4)(b) of this section; the capitol building annex at 1375 Sherman street, subject to the provisions of subsection (4)(a) of this section; and the grounds adjacent to the capitol within the area bounded on the north by east Colfax avenue, on the west by Lincoln street, on the south by Fourteenth avenue, and on the east by Grant street, as shown on the official maps of the city and county of Denver, the state-owned grounds adjacent to the legislative services building at Fourteenth avenue and Sherman street, and the tunnels connecting the subbasements of the capitol, the legislative services building, and the state office building at 1525 Sherman street, together with all furniture, fixtures, furnishings, and equipment and all exhibits placed in and about said buildings; and

(b) Shall be responsible for the supervision of the provision of maintenance for legislative spaces in the capitol, the legislative services building, the state office building at 1525 Sherman street subject to the provisions of subsection (4)(b) of this section, the capitol building

annex at 1375 Sherman street subject to the provisions of subsection (4)(a) of this section, and the grounds and tunnels specified in subsection (1)(a) of this section if the executive committee of the legislative council adopts a resolution assuming such responsibility. The executive committee shall deliver a copy of any resolution it adopts pursuant to this subsection (1)(b) to the executive director of the department of personnel.

(2) Except as otherwise provided in section 2-2-321, C.R.S., the department of personnel shall have control of executive space in the capitol and the grounds and any other property the state may acquire adjacent to the capitol other than the grounds and tunnels specified in paragraph (a) of subsection (1) of this section, together with all furniture, fixtures, furnishings, and equipment and all exhibits placed in and about such space or property, subject to appropriations made by the general assembly and subject to the provisions of section 24-82-108, concerning preservation of the state capitol building. Except as otherwise provided in paragraph (b) of subsection (1) of this section, the department of personnel shall be responsible for the supervision of the provision of maintenance for the state capitol buildings group, including assignment of all executive space owned and rented in the capitol buildings group, subject to appropriations made by the general assembly and subject to the provisions of section 2-2-321, C.R.S., concerning space for the legislative department, and subject to the provisions of section 24-82-108, concerning preservation of the state capitol building.

(3) (a) The department of personnel shall enter into competitive negotiations for the acquisition of professional services, as specified in part 14 of article 30 of this title, to develop a master plan for the capitol complex.

(b) The master plan is subject to final approval from the office of state planning and budgeting and the capital development committee. The master plan must be completed no later than December 1, 2014, and shall:

(I) Determine space utilization needs for state agencies located in and near the capitol complex;

(II) Prioritize the location of various state agencies based on their service functions;

(III) Consider the symbolic importance of certain capitol complex buildings and grounds;

(IV) Identify opportunities for co-locating state agencies;

(V) Identify the most appropriate use of state-owned and leased space for state agencies;

(VI) Identify opportunities for energy cost savings and improved sustainability within state-owned facilities;

(VII) Assess and improve security for state-owned facilities, especially for those state agencies performing sensitive government functions;

(VIII) Establish guidelines regarding the appropriate use and maintenance of grounds within the capitol complex;

(IX) Assess existing parking capacity and identify the current and future need for capitol complex tenants, including the location of parking facilities;

(X) Establish guidelines for future development within the capitol complex, including a multi-year plan for:

(A) New and renovated capital construction projects;

(B) Controlled maintenance projects; and

(C) Real estate acquisition or disposition transactions as applicable;

(XI) Review the pedestrian circulation around the capitol complex;

(XII) Suggest financing options for future improvements and development;

(XIII) Make recommendations on buying, selling, constructing, financing, or leasing properties in the capitol complex based on factors such as land use and centralization versus decentralization of state functions; and

(XIV) Address any other issues that the office of the state architect deems important in relation to the goals of the master plan.

(c) Notwithstanding any law to the contrary, all real estate-related capital requests by executive branch departments or the legislative branch for the capitol complex shall be evaluated by the office of the state architect, the office of state planning and budgeting, and the capital development committee against the capitol complex master plan developed pursuant to paragraph (a) of this subsection (3).

(d) The capitol complex master plan shall be kept and maintained by the office of the state architect.

(e) (I) The capitol complex master plan may be modified by the office of the state architect on an as-needed basis, subject to approval by the office of state planning and budgeting and the capital development committee.

(II) At a minimum, an updated capitol complex master plan must be completed by the office of the state architect every ten years. Prior to completion of the updated master plan, the office of the state architect shall seek approval from the office of state planning and budgeting and the capital development committee of all amendments to the master plan.

(f) For purposes of this subsection (3), the "capitol complex" includes the following buildings, facilities, and surface parking lots:

(I) 1570 Grant street, Denver;

(II) 1575 Sherman street, Denver;

(III) 1525 Sherman street, Denver, and the surface parking lots located west and north of the building;

(IV) 201 East Colfax avenue, Denver, and the surface parking lot located north of the building;

(V) The state capitol building and grounds, 200 East Colfax avenue, Denver;

(VI) 200 East 14th avenue, Denver;

(VII) 1375 Sherman street, Denver;

(VIII) 1341 Sherman street, Denver;

(IX) 1313 Sherman street, Denver, and the surface parking lot located north of the building;

(X) 1350 Lincoln street, Denver;

(XI) 251 East 12th avenue, Denver;

(XII) 690 Kipling street, Lakewood;

(XIII) 700 Kipling street, Lakewood;

(XIV) Executive residence, 400 East 8th avenue, Denver;

(XV) 1881 Pierce street, Denver;

(XVI) North campus buildings (north, east, and west), 1001 East 62nd avenue, Denver; and

(XVII) Any other buildings, facilities, and surface parking lots belonging to the capitol complex acquired after May 28, 2013.

(4) (a) The executive committee of the legislative council, the director of the division of capital assets in the department of personnel or the director's designee, the secretary of the senate

or the secretary's designee, the chief clerk of the house of representatives or the chief clerk's designee, the director of the office of legislative legal services or the director's designee, the director of research of the legislative council or the director's designee, and the state auditor or the auditor's designee shall, after consultation and discussion, determine which areas in the capitol building annex at 1375 Sherman street are legislative space. The parties shall, subject to the approval of the executive committee of the legislative council and the governor, determine the legislative space in the capitol building annex at 1375 Sherman prior to the start of the first regular session of the seventy-fifth general assembly. The general assembly may enact legislation during the first regular session of the seventy-fifth general assembly to codify which areas in the capitol building annex are designated as legislative space.

(b) Within one year after the date that the division of capitol assets in the department of personnel determines, with the agreement of the executive committee of the legislative council, that the work to convert the space, as determined pursuant to subsection (4)(a) of this section, in the capitol building annex at 1375 Sherman street to legislative space is complete, the legislative space at the state office building at 1525 Sherman street shall cease to be legislative space and shall become executive space.

24-82-102. State authorized to acquire property - disposition. (1) (a) On behalf of the state of Colorado and with the approval of the governor, the executive director of the department of personnel is authorized to acquire fee simple title, or any lesser interest therein, to any real property for present or future use by the state. Title to such property may be acquired by purchase, donation, financed purchase of an asset agreements, or certificate of participation agreements or by the exercise of the power of eminent domain through condemnation proceedings in accordance with law from funds appropriated by the general assembly or from funds donated to the state for the purpose. In the event that the executive director plans to acquire any real property by any of the means authorized by this subsection (1)(a), except for easements or rights-of-way, or to sell or otherwise dispose of such property, the executive director shall first submit a report to the capital development committee which outlines the anticipated use of the real property, the maintenance costs related to the property, the current

value of the property, any conditions or limitations which may restrict the use of the property, and, in the event real property is acquired, the potential liability to the state which will result from such acquisition. The capital development committee shall review the reports submitted by the executive director and make recommendations to the executive director concerning the disposition of the real property. The executive director shall not acquire, sell, or otherwise dispose of any real property without considering the recommendations of the capital development committee.

(b) Any financed purchase of an asset or certificate of participation agreement that is entered into pursuant to subsection (1)(a) of this section shall comply with the requirements of section 24-82-801.

(c) to (e) (Deleted by amendment, L. 2009, (HB 09-1218), ch. 132, p. 570, § 3, effective July 1, 2009.)

(f) As used in this section:

(I) "Certificate of participation agreement" means any certificate evidencing a participation right of a proportionate interest in any financing agreement or the right to receive proportionate payments from the state or an agency due under any financing agreement.

(II) "Financed purchase of an asset agreement" means a financing agreement that includes the purchase of an asset.

(2) (a) The executive director of the department of personnel, with the approval of the governor, may rent or lease any real property not presently needed for state use and, under any such lease, with specific legislative authorization, may authorize the construction by the lessee on such property of any improvement which may be suitable for state use upon the termination of the lease, which improvement becomes the property of the state upon such termination at no additional cost to the state unless such costs are paid from funds appropriated by the general assembly or donated to the state for the purpose.

24-82-102.5. Unused state-owned real property - cash fund - legislative declaration - definitions - repeal. (1) (a) The general assembly hereby finds and declares that:

(I) The state owns a surplus of real property that is not needed for state use that could provide benefits to Colorado, including for affordable housing, child care, public schools, residential mental and behavioral health care, and renewable energy;

(II) The department of personnel is already authorized in section 24-82-102 (2)(a) to rent or lease real property not presently needed for state use;

(III) The state has set ambitious goals to increase renewable energy production across Colorado;

(IV) Families throughout Colorado continue to experience a shortage of quality and affordable child care options;

(V) There is a continued need in Colorado for quality public school facilities;

(VI) There is a continued need in Colorado for quality residential mental and behavioral health-care facilities;

(VII) Many senior citizens, veterans, and other hard-working Coloradans are unable to afford to live in or near the communities in which they work and far too many Coloradans pay in excess of half their monthly income on their basic needs;

(VIII) As the availability of finding land suitable for the development of affordable housing that can be obtained on an economic basis is often a significant barrier to the development of such housing, the identification of unused state-owned real property, with the ultimate objective of assessing such property for its sustainability and potential use for affordable housing, promises to be a critical tool available to the state and even local governments in meeting the state's housing needs for these segments of the population; and

(IX) Since real property owned by the state ultimately belongs to the people of Colorado, the state should maximize the use and value of its resources, including unused real property, to address the needs of the state's population.

(b) By enacting this section, the general assembly intends for the department to conduct a review of state-owned real property that is not presently used for state purposes and to transparently enter into agreements to construct affordable housing, child care facilities, public school facilities, residential mental and behavioral health-care facilities, or renewable energy production facilities on suitable unused state-owned real property and to determine other beneficial uses of any such unused state-owned real property.

(2) As used in this section, unless the context otherwise requires:

(a) "Department" means the department of personnel.

(b) "Fund" means the unused state-owned real property fund created in subsection (5) of this section.

(b.5) "Unit" means the public-private collaboration unit created in section 24-94-103 (2) within the department.

(c) "Unused state-owned real property" means state-owned real property identified in the inventory list maintained on the department's website pursuant to subsection (3) of this section, that is not being used at its optimal or best use, that is owned by or under the control of a state agency, not including the division of parks and wildlife in the department of natural resources and not including the state board of land commissioners or any state institution of higher education as defined in section 24-30-1301 (18), and that is not otherwise protected for or dedicated to another use such as an access or a conservation easement.

(3) (a) The department shall maintain an inventory of unused state-owned real property and shall post a list of the inventory on its website. The inventory must be updated annually.

(b) The department may request the list provided to the capital development committee under section 2-3-1304 (3) as a basis for the department's inventory, but the department shall independently ascertain the inventory for the department's purposes under this section.

(4) (a) The department shall determine whether the unused state-owned real property identified by the department under subsection (3) of this section is suitable for construction of affordable housing, child care facilities, public school facilities, residential mental and behavioral health-care facilities, or placement of renewable energy facilities, or may recommend that such property should be sold or is suitable for other purposes.

(b) In determining the suitability of property under subsection (4)(a) of this section, the department may consult with and seek input from:

- (I) The state architect, or their designee;
- (II) The executive director of the department of local affairs, or their designee;
- (III) The Colorado housing and finance authority created in section 29-4-704 (1);
- (IV) Any relevant political subdivisions of the state;
- (V) Any additional renewable energy facility experts;
- (VI) Any additional child care, public school, and mental and behavioral health-care experts; and
- (VII) Any additional affordable housing experts.

(c) Notwithstanding any section to the contrary, the department may seek proposals from qualified developers to construct affordable housing, child care facilities, public school facilities, or residential mental and behavioral health-care facilities, or to place renewable energy facilities on unused state-owned real property that the department has deemed suitable under subsection (4)(a) of this section. Proposals must be sought in accordance with the "Procurement Code", articles 101 to 112 of this title 24.

(d) The department may enter into contracts with qualified developers for proposals to construct affordable housing, child care facilities, public school facilities, or residential mental and behavioral health-care facilities, or to place renewable energy facilities on unused state-owned real property that the department has deemed suitable under subsection (4)(a) of this section, subject to available appropriations. Notwithstanding section 24-82-102 (2)(a), contracts between the state and qualified developers may not require improvements constructed on state property for the purposes of this section to become the property of the state upon termination of a lease for such property.

(e) In the event the department plans to enter into a contract regarding any unused state-owned real property as authorized by this section, or in the event the department enters into a lease of unused state-owned real property as allowed under section 24-82-102 (2)(a), the department shall first submit a report to the capital development committee that outlines the anticipated use of the property. The capital development committee shall review the reports submitted by the department, make recommendations to the department concerning the anticipated use of the unused state-owned real property, and approve or disapprove the anticipated use of the unused state-owned real property. The department shall not enter into a contract regarding unused state-owned real property or lease unused state-owned real property without the approval of the capital development committee.

(5) (a) The unused state-owned real property fund is hereby created in the state treasury. Unless otherwise directed, the state treasurer shall credit all proceeds from the sale, rent, or lease, including any leases entered into under section 24-82-102 (2)(a), of unused state-owned real property, any money transferred or credited pursuant to subsection (5)(b) of this section, and any revenue generated from public-private agreements pursuant to section 24-94-103 to the fund. The fund also consists of any other money that the general assembly may appropriate or transfer to the fund.

(b) (I) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the unused state-owned real property fund to the fund. Any unexpended and unencumbered money in the fund at the end of a fiscal year remains in the fund.

(II) The unit may seek and accept gifts, grants, or donations from private or public sources, and the department or the unit may expend the gifts, grants, or donations for the purposes set forth in subsection (5)(c) of this section. The unit shall transmit all money received through gifts, grants, or donations to the state treasurer, who shall credit the money to the fund.

(III) Any proceeds from real estate transactions that the unit is authorized to facilitate pursuant to section 24-94-103 (2.2)(c) shall be transmitted by the unit or by the department to the state treasurer, who shall credit the money to the fund.

(c) (I) The money in the unused state-owned real property fund is continuously appropriated to the department for:

(A) The purposes set forth in this section, including for appraisals, surveys, and property improvement, and for any costs to administer this section;

(B) Public-private agreements, as defined in section 24-94-102 (7), and any associated costs;

(C) Use by the unit to carry out the functions of the unit pursuant to section 24-94-103 (2.2) for public projects that provide affordable housing; and

(D) The standard operating expenses of the unit, including personal services and related costs.

(II) (A) For the 2022-23 state fiscal year, the general assembly shall make an appropriation from the fund to the department for the standard operating expenses of the public-private collaboration unit created in section 24-94-103 (2), including personal services and related costs.

(B) This subsection (5)(c)(II) is repealed, effective July 1, 2023.

(d) (I) On July 1, 2022, the state treasurer shall transfer fifteen million dollars from the general fund to the fund. This subsection (5)(d)(I) is repealed, effective July 1, 2023.

(II) On July 1, 2023, the state treasurer shall transfer five million dollars from the general fund to the fund and eight million dollars from the housing development grant fund to the fund. This subsection (5)(d)(II) is repealed, effective July 1, 2024.

24-82-103. Off-street parking - financing. (1) The department of personnel shall have the authority to acquire land for off-street parking and to construct related facilities, subject to specific appropriation for land acquisition and construction.

(2) The department of personnel shall develop and execute priorities for assignment of off-street parking. Rentals and charges for state-owned parking in the capitol buildings group shall not be less than those charges applicable to comparable parking offered privately and shall be reviewed annually prior to July 1.

(2.5) Notwithstanding the provisions of subsection (2) of this section, preferential rates shall be granted for parking spaces assigned to vehicles which are used by more than one person in going to and returning from work. Such rate shall be determined based upon the number of persons regularly going to and returning from work in the vehicle which is to be charged a preferential rate and shall decrease as the number of persons regularly going to and from work in such vehicle increases; except that no parking charge shall be made for any vehicle which regularly carries four or more persons, including the driver, in going to or returning from work. The office of state planning and budgeting shall provide that not less than ten percent of the available off-street parking shall be reserved for vanpool and carpool parking.

(3) All existing balance in the capitol parking account and the farmers' union amortization account shall be transferred to the capital construction fund.

(4) (a) Moneys received pursuant to this section in excess of those necessary to pay current capital and operating costs, which moneys to pay such costs are hereby appropriated, shall be deposited to the credit of a special account within the state treasury, and such moneys shall be expended only for incentives and programs to increase state employee participation in ridesharing arrangements, as defined in section 39-22-509 (1)(a)(II), C.R.S., and state employee use of bicycles or mass transit.

(b) Notwithstanding subsection (4)(a) of this section, the department of personnel is authorized, subject to appropriation by the general assembly, to expend money in the special account described in subsection (4)(a) of this section for the purpose of demolishing the state-owned buildings in the capitol complex at 1550 Lincoln street and making payments on a financed purchase of an asset or certificate of participation agreement for a parking structure on the southeast corner of fourteenth avenue and Lincoln street in the capitol complex.

(5) (a) There is hereby created in the department of personnel the capitol parking authority, referred to in this subsection (5) as the "authority", which shall be under the direction of the executive director of the department of personnel. The authority shall constitute an enterprise for the purposes of section 20 of article X of the state constitution so long as the authority retains the authority to issue revenue bonds pursuant to subsection (5)(b) of this section, and the authority receives less than ten percent of its total annual revenues from grants, as defined in section 24-77-102 (7), from all Colorado state and local governments combined. So long as the authority constitutes an enterprise pursuant to this section, the authority shall not be subject to any of the provisions of section 20 of article X of the state constitution.

(b) Subject to approval by the general assembly, either by bill or by joint resolution, and after approval by the governor pursuant to section 39 of article V of the state constitution, the authority is hereby authorized to issue revenue bonds to finance the acquisition of land for off-street parking or the construction of related facilities.

24-82-104. Capitol thoroughfares - city and county of Denver regulation. (1) The driveways now existing upon the state capitol grounds at Denver, Colorado, extending from Colfax avenue to Fourteenth avenue and connecting with Sherman street at said intersections, are hereby declared to be reserved principally for the usage of employees and members of the executive department and the legislative department in the performance of their duties and for the usage of members of the public while attending functions at the state capitol.

(2) The city and county of Denver is hereby granted jurisdiction to make such regulations as are deemed necessary to accomplish the purposes of subsection (1) of this section and shall have authority to enforce such regulations by means of any police powers established by ordinance of the city and county of Denver or other provisions of law for the management and control of other streets, highways, and public thoroughfares within said city and county.

(3) The jurisdiction hereby granted shall not be deemed to convey any right, title, or interest in said driveways other than expressly provided and shall only extend to the purposes specified in this section, and the state of Colorado reserves the right at all times to revoke the powers hereby granted by act of the general assembly.

24-82-105. Security for state capitol buildings group - jurisdiction of law enforcement personnel on state property. (1) (a) The city and county of Denver is granted jurisdiction to enforce the laws of the state of Colorado for the security of persons and property in the state capitol buildings group. In addition, the city and county of Denver is granted jurisdiction to enforce the ordinances of the city and county of Denver for the security of such persons and property. For the purposes of this subsection (1) and such enforcement, the ordinances of the city and county of Denver relating to access to and conduct on properties of the city and county of Denver referred to as parks shall likewise apply to the grounds of the state capitol buildings group, as to persons not having business thereon; except that the powers of the manager of parks and recreation enumerated in such ordinance shall not apply to such grounds. As used in this subsection (1), "state capitol buildings group" means those state-owned buildings, together with the state-owned grounds adjacent thereto, in the city and county of Denver within the area bounded on the north by Sixteenth avenue, on the west by Broadway, on the south by Eleventh avenue, and on the east by Grant street, as shown on the official maps of the city and county of Denver.

(b) Repealed.

(2) In addition to any other provision of law concerning jurisdiction of law enforcement personnel on state property, there is hereby vested in city police, town marshals, and county sheriffs, their undersheriffs and deputy sheriffs, jurisdiction to enforce the laws of this state on any state-owned or state-operated properties within their respective jurisdictions and to cooperate with members of the Colorado state patrol and other state law enforcement officers in such enforcement.

24-82-108. State capitol building advisory committee - creation - repeal. (1) It is the intent of the general assembly to ensure that the historic character and architectural integrity of

the capitol building and grounds be preserved and promoted. Because the rose onyx, marble, granite, gold, oak woodwork, and brass fixtures and trim are deemed to be historic, it is the intent of the general assembly to provide for special procedures to be followed in any project affecting such items. In order to ensure that structural changes and innovations do not injure or dramatically change the state capitol building or the historic items contained within the building or other areas set forth in paragraph (a) of subsection (3) of this section, there is hereby created the state capitol building advisory committee, which shall review plans to restore, redecorate, or reconstruct space within the state capitol building and make recommendations to the capital development committee based on such plans.

(2) (a) (I) The state capitol building advisory committee consists of the following twelve members:

(A) Three members appointed by the speaker of the house of representatives, at least one of whom shall be a member of the house of representatives who has served at least one year in the house of representatives;

(B) Three members appointed by the president of the senate, at least one of whom shall be a member of the senate who has served at least one year in the senate;

(C) Four members appointed by the governor, at least one of whom must be an architect who is knowledgeable about the historic and architectural integrity of the state capitol building; and

(D) The following ex officio members: The president of the state historical society or a designee of the president; and the executive director of the department of personnel or a designee of the executive director.

(II) All members appointed by the governor shall serve two-year terms; except that the terms shall be staggered so that no more than three members' terms expire in the same year.

(III) The terms of members appointed or reappointed by the speaker and the president expire on the convening date of the first regular session of each general assembly, and all subsequent appointments and reappointments by the speaker and the president shall be made as soon as practicable after such convening date. The person making the original appointment or reappointment shall fill any vacancy by appointment for the remainder of an unexpired term. Members appointed or reappointed by the president and the speaker serve at the pleasure of the appointing authority and continue in office until the member's successor is appointed.

(b) Ex officio members of the advisory committee shall serve as long as their office is held.

(c) The advisory committee shall meet at the state capitol no less than three times per year at the call of the chairman. One meeting shall be designated as the annual meeting.

(d) At the annual meeting, the advisory committee members shall elect a chairman from among its members to serve as chairman for one year of such member's term.

(e) All members of the advisory committee shall be volunteers and shall serve without per diem except as otherwise provided in section 2-2-326, C.R.S.; except that members of the advisory committee shall be reimbursed for necessary and actual expenses incurred in the performance of their duties.

(3) The advisory committee shall have the following duties:

(a) The advisory committee shall review, advise, and make recommendations to the capital development committee with respect to plans to restore, redecorate, and reconstruct space within the public and ceremonial areas of the state capitol buildings group, the legislative

services building and the surrounding grounds of such building, and the surrounding grounds of the state capitol building bounded by Colfax avenue on the north, Grant street on the east, Fourteenth avenue on the south, and Broadway on the west, in the city and county of Denver. This shall include but not be limited to the corridors, rotundas, lobbies, entrance ways, stairways, restrooms, porticos, steps, and elevators. The committee shall not have responsibility for reviewing, advising, or making recommendations concerning the outer office of the executive suite and the areas used for office space, legislative chambers, and legislative committee meeting rooms, except as to structural modifications affecting the rose onyx, marble, granite, gold, oak woodwork, or brass fixtures and trim as provided for in paragraph (b) of this subsection (3).

(b) The advisory committee shall review all planned construction projects affecting the rose onyx, marble, granite, gold, oak woodwork, and brass fixtures and trim of the state capitol building, and shall submit a written report to the capital development committee containing the advisory committee's findings. No such project affecting the rose onyx, marble, granite, gold, oak woodwork, and brass fixtures and trim shall be made without review by said advisory committee and the consent of the capital development committee. No alteration to the above listed items shall be permitted in any area of the state capitol building until such project is reviewed by the advisory committee and approved by the capital development committee. Notwithstanding the provisions of this paragraph (b), the department of personnel shall have the authority to perform emergency repairs where the safety of persons or the well-being of the building would be jeopardized by delay. Such emergency repairs shall be undertaken in a manner to prevent or minimize any damage to the rose onyx, marble, granite, gold, oak woodwork, or brass fixtures and trim of the state capitol building.

(b.5) Repealed.

(c) The advisory committee, in cooperation with the department of personnel and with the approval of the capital development committee, may engage in long-range planning for modifications and improvements to the state capitol building and its surrounding grounds.

(d) The advisory committee shall identify all furniture original to the state capitol building and create an inventory of such furniture. Any costs associated with identifying and inventorying furniture original to the state capitol building shall be paid with moneys raised through private sources and shall not be paid from the general fund. The department of personnel is hereby granted the authority to collect and use such moneys raised by private sources for the purpose of identifying and inventorying all furniture original to the state capitol building. The possession of all furniture original to the state capitol building shall be retained by the department of administration and shall be made available for use in the state capitol building. The furniture original to the state capitol building shall remain in the state capitol building at all times.

(e) The advisory committee shall determine which damaged pieces of furniture original to the state capitol building should be restored or renovated and shall make recommendations to the capital development committee regarding such furniture.

(f) (I) For the purpose of promoting historic interest in the state capitol building and for producing moneys to enhance preservation of original and historic elements of the state capitol building, the advisory committee shall formulate a plan for publishing publications on the history of the state capitol building and for developing other state capitol building memorabilia for sale to the public. This plan shall be presented to the capital development committee no later than October 1, 1991. All moneys received from the sale of such items shall be credited to a

special account within the public buildings trust fund established by section 8 of the "Enabling Act of Colorado", which account is hereby established.

(II) The committee is authorized to accept gifts, grants, or donations of any kind from any private or public source to carry out the purposes of this paragraph (f). All such gifts, grants, or donations shall be transmitted to the state treasurer who shall credit the same to the special account created by this paragraph (f) within the public buildings trust fund.

(III) Moneys in the special account are hereby continuously appropriated to the advisory committee for republishing and reissuing publications on the history of the state capitol building and other state capitol building memorabilia, for restoring, repairing, and enhancing the state capitol building, the legislative services building, and the grounds of said buildings, and for such other purposes as are necessary or incidental to accomplish the purposes of this paragraph (f).

(g) The advisory committee shall evaluate proposals for uses of the state capitol driveways in addition to those authorized in section 24-82-104. The advisory committee shall evaluate any proposals which are received from the general assembly, the governor, or the city and county of Denver. Such evaluation shall consider any potential threat to the safety of individuals who are in or around the state capitol building, any potential interference with the operations of the executive department which are posed by any proposed additional use, and the relevant provisions of any current master plan for the state capitol building and surrounding area. Notwithstanding the provisions of section 24-82-104 (2), if the advisory committee determines the proposed use to be reasonable, the proposal shall be directed to the capital development committee and the governor for approval. No additional use of the state capitol driveways shall be effective without the approval of the capital development committee and the governor.

(h) (I) Except as provided in subparagraph (II) of this paragraph (h), all proposals involving the gift or loan of objects of art and memorials to be placed on a permanent or temporary basis in the state capitol building or on its surrounding grounds and proposals for fund-raising efforts to place objects of art or memorials in the state capitol building or on its surrounding grounds shall be submitted to the advisory committee for evaluation. The advisory committee shall develop criteria and a procedure for such evaluations, which procedure shall include consulting with knowledgeable advisors to assist in evaluating each object of art or memorial individually. The advisory committee shall evaluate all such proposals and present recommendations resulting from such evaluations as follows:

(A) Proposals pertaining to all public areas of the state capitol building, including but not limited to the corridors, rotunda, lobbies, entrance ways, stairways, restrooms, porticos, steps, and elevators shall be submitted to the capital development committee for approval. No such proposal shall be permitted to proceed without the prior approval of the capital development committee.

(B) Proposals pertaining to the surrounding grounds of the capitol building bounded by Colfax avenue on the north, Grant street on the east, Fourteenth avenue on the south, and Broadway on the west, in the city and county of Denver, shall be submitted to the capital development committee and the governor for approval. No such proposal shall be permitted to proceed without the prior approval of the capital development committee and the governor.

(II) The provisions of this paragraph (h), shall not apply to proposals pertaining to the outer office of the executive suite and those areas of the first floor used as office space by the executive department.

(III) The advisory committee is authorized to direct the removal of any objects of art or memorials that are placed in the state capitol building or on its surrounding grounds that have not been submitted to the advisory committee for evaluation and approval pursuant to the criteria and procedure developed by the advisory committee pursuant to subparagraph (I) of this paragraph (h). This subparagraph (III) shall not apply to objects of art or memorials placed prior to the formation of the advisory committee.

(i) (I) The advisory committee shall be responsible for any remaining duties of the former fallen heroes memorial commission as it existed in section 24-80-1402 prior to its repeal. The advisory committee shall perform any remaining duties with the assistance of the department of personnel and a Colorado 501(c)(3) organization created for the purpose of raising funds for the construction of the fallen heroes memorial.

(II) This subsection (3)(i) is repealed, effective July 1 of the year following the receipt by the revisor of statutes of certification from the executive director of the department of personnel that the appropriate memorials have been constructed.

(4) The advisory committee may call upon the staff of the legislative council and the department of personnel to provide any necessary assistance in carrying out the committee's duties. Proposed plans to restore, redecorate, or reconstruct the building, or make alterations affecting the rose onyx, marble, granite, gold, oak woodwork, and brass fixtures or trim in the building shall be submitted in writing to the staff of the legislative council and the department of personnel at least thirty days before such work is scheduled to begin.

(5) Repealed.

24-82-109. State capitol building renovation fund. The department of personnel shall have the authority to accept any bequests, gifts, and grants of any kind from any private source or from any governmental unit to be used for the renovation of the Colorado state capitol building. For the purposes of this section, "renovation" means the repair, remodeling, restoration,

and preservation of the Colorado state capitol building and any fixtures or improvements associated therewith. The use of such bequests, gifts, and grants shall be subject to the conditions upon which the bequests, gifts, and grants are made; except that no bequest, gift, or grant shall be accepted if the conditions attached thereto require the use or expenditure thereof in a manner contrary to law or require expenditures from the general fund or any other fund in the state treasury unless such expenditures are approved by the general assembly. Such bequests, gifts, and grants, together with any other moneys appropriated or transferred by the general assembly, shall be credited to the Colorado state capitol building renovation fund, which fund is hereby created in the state treasury. The moneys in said fund shall be continuously appropriated to the department for expenditures recommended by the state capitol building advisory committee, created in section 24-82-108, and approved by the capital development committee and the joint budget committee for the purpose of renovating the Colorado state capitol building. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. All unencumbered moneys in the fund at the end of any fiscal year not appropriated shall remain in the fund and shall not be transferred or revert to the general fund of the state.

PART 2

EASEMENTS IN STATE LANDS

24-82-201. Power to grant - utilities - public streets and highways. All state institutions, departments, and other state agencies have the power to give and grant easements or rights-of-way across land owned by or under the control of the state or its institutions, departments, or agencies for construction and maintenance of public utilities, or of public streets and highways, or of public services, including but not limited to sanitary sewer lines, water lines, gas lines, telephone lines, electric power lines, or other services owned and controlled by a political subdivision or public corporation of the state of Colorado or of the United States, in accordance with the provisions of this part 2.

ATMOSPHERIC RESEARCH CENTER

24-82-301. Contract of purchase authorized. At the direction of the governor, the attorney general is authorized to enter into contracts or agreements on behalf of the state of Colorado with the federal government, or any of its duly constituted agencies, to procure and convey to the federal government, or any of its duly constituted agencies, all lands and rights pertaining to the site situate in Boulder county, Colorado, containing five hundred and fifty acres, more or less, selected as the location for the facilities and laboratories of the national center for atmospheric research.

24-82-302. Acquisition and conveyance. (1) At the direction of the governor, the attorney general is further authorized to acquire fee simple title, or lesser interest therein, to said lands and rights pertaining or appurtenant thereto, or other interests therein, in the name of the state of Colorado, by donation, purchase, or by the exercise of the power of eminent domain through condemnation proceedings in accordance with law. The attorney general is further authorized to receive and apply gifts of money to be used in the acquisition of such lands and to contract for such services as may be required and to institute other types of legal proceedings and take such further action as may be necessary to fully accomplish his or her duties as prescribed in this part 3.

(2) Such lands and rights pertaining thereto shall be conveyed to the federal government or its duly constituted agencies on behalf of the state of Colorado by the governor by appropriate deeds without warranty. Such property may be conveyed to the federal government or its duly constituted agencies with or without compensatory payment, and the deeds thereto may contain provisions for reversion of title to said property to the state of Colorado if said property is not used or ceases to be used for or in connection with the purposes and functions of a national center for atmospheric research.

PART 4

STATE AGENCY FOR SURPLUS PROPERTY

24-82-401. State agency for surplus property. There is hereby created, in the division of correctional industries in the department of corrections, a Colorado state agency for surplus property, the powers and duties of which are provided in this part 4.

24-82-402. Director - staff. The Colorado state agency for surplus property, referred to in this part 4 as the "state agency", is a section of the division of correctional industries. The state agency consists of a director, who is the executive officer of the state agency, and the deputies, assistants, and employees as in the opinion of the director and the governor are necessary to carry out the provisions of this part 4. The director is the director of the division of correctional industries. All deputies, assistants, and employees are appointed by the director pursuant to section 13 of article XII of the state constitution and receive such compensation and reimbursement of expenses incurred in the performance of their duties as other employees of the state government are paid. All employees of the state agency on July 1, 1987, remain employees of the agency without the need for further appointment due to the transfer of the state agency from the department of personnel. The employees of the state agency must not exceed ten employees. The state agency is a **type 2** entity, as defined in section 24-1-105.

24-82-403. State agency - powers and duties. (1) The state agency is hereby authorized:

(a) To acquire from the United States under and in conformance with the provisions of section 203 (j) of the "Federal Property and Administrative Services Act of 1949", as amended, such property, including equipment, materials, books, or other supplies under the control of any department or agency of the United States as may be usable and necessary for educational purposes, public health purposes, or civil defense, including research for any such purpose, and for such other purposes as may be authorized by federal law;

(b) To warehouse such property; and

(c) To distribute such property within the state to tax-supported medical institutions, hospitals, clinics, health centers, school systems, schools, colleges, and universities within the state, and to other nonprofit medical institutions, hospitals, clinics, health centers, schools, colleges, and universities which are exempt from taxation under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, to civil defense organizations of the state, or political subdivisions and instrumentalities thereof, which are established pursuant to state law, and to such other types of institutions or activities as may become eligible under federal law to acquire such property.

(2) The state agency is authorized to receive applications from eligible institutions listed in subsection (1)(c) of this section for the acquisition of federal surplus real property, investigate the same, obtain expression of views respecting such applications from the appropriate health or educational authorities of the state, make recommendations as to the need of such applicant for the property, the merits of its proposed program of utilization, the suitability of the property for such purposes, and otherwise assist in the processing of such applications for acquisition of real and related personal property of the United States under section 203 (k) of the "Federal Property and Administrative Services Act of 1949", as amended.

(3) For the purpose of executing its authority under this part 4, the state agency is authorized to adopt, amend, or rescind such rules and regulations and prescribe such requirements as may be deemed necessary and to take such other actions as are deemed necessary and suitable in the administration of this part 4 to assure maximum utilization by and benefit to health, educational, and civil defense institutions and organizations within the state from property distributed under this part 4.

(4) The state agency is authorized to make such certification, take such action, make such expenditures, and enter into such contracts, agreements, and undertakings for and in the name of the state (including cooperative agreements with any federal agencies providing for utilization by and exchange between them of the property, facilities, personnel, and services of each by the other with reimbursement), require such reports and make such investigations as may be required by law or regulation of the United States in connection with the disposal of real property and the receipt, warehousing, and distribution of personal property received by the state agency from the United States.

(5) The state agency is authorized to act as a clearinghouse of information for the public and private nonprofit institutions, organizations, and agencies referred to in subsection (1) of this section and other institutions eligible to acquire federal surplus real property, to locate both real

and personal property available for acquisition from the United States, to ascertain the terms and conditions under which such property may be obtained, to receive requests from said institutions, organizations, and agencies, and to transmit to them all available information in reference to such property, and to aid and assist such institutions, organizations, and agencies in every way possible in the consummation of acquisitions or transactions under this part 4.

(6) The state agency, in the administration of this part 4, shall cooperate to the fullest extent consistent with the provisions of this part 4 with the department or agencies of the United States and shall file a state plan of operation, operate in accordance therewith, and take such action as may be necessary to meet the minimum standards prescribed in accordance with this part 4, and make such reports in such form and containing such information as the United States or any of its departments or agencies may from time to time require, and it shall comply with the laws of the United States and the rules and regulations of any of the departments or agencies of the United States governing the allocation, transfer, use, or accounting for property donable or donated to the state.

(7) The director of the agency shall prepare and transmit annually, in the form and manner prescribed by the heads of the principal departments pursuant to the provisions of section 24-1-136, a report accounting to the governor for the efficient discharge of all responsibilities assigned by law or directive to the agency. Publications of the agency circulated in quantity outside the executive branch shall be issued in accordance with the provisions of section 24-1-136.

24-82-404. Delegation of power. The director may delegate to any employee of the state agency such power as he deems reasonable and proper for the effective administration of this part 4. The director of the state agency shall be bonded in an amount determined proper and sufficient by the governor, and the director may in his discretion, with the approval of the governor, bond any person in the employ of the state agency handling moneys, signing checks, or receiving or distributing property from the United States under authority of this part 4.

24-82-405. Transfer charges. The director is hereby authorized to make charges and to assess fees from the recipient of any surplus property acquired and distributed under this part 4. Any charges made or fees assessed by the state agency for the acquisition, warehousing, distribution, or transfer of any property of the United States for educational, public health, or civil defense purposes, including research for such purposes, and for such other purposes as may be authorized by federal law shall be limited to reasonable administrative costs of the state

agency and costs reasonably related to the care and handling in respect to its acquisition, receipt, warehousing, distribution, or transfer by the state agency, and, in the case of real property, such charges and fees shall be limited to the reasonable administrative costs of the state agency incurred in effecting transfer.

PART 5

SOLAR ENERGY RESEARCH INSTITUTE

24-82-501. Short title. This part 5 shall be known and may be cited as the "Solar Energy Research and Development Act of 1977".

Source: L. 77: Entire part added, p. 1255, § 1, effective February 1.

24-82-502. Legislative declaration. The general assembly hereby finds and declares that the enactment of this part 5 is in the interest of the people of the state of Colorado and of the United States and is for a public purpose; that the selection of a site within the state of Colorado for the construction and operation of a federal facility for the purpose of conducting solar energy research and development and other related forms of energy research is desirable and consistent with scientific, industrial, and commercial development of this state; and that the state should facilitate research which will protect and enhance the preservation of natural resources and the environment of the state, including its land, air, and water and the health and welfare of its citizens. It is the purpose of this part 5 to facilitate the acquisition and use of land or interests in land which may be needed or desirable for a permanent site suitable for a federal facility to conduct solar energy research and development. It is further declared that the development of renewable, fuel resource-conserving, and nonpolluting forms of energy is a matter of statewide concern and affected with the public interest and that the provisions of this part 5 are enacted in the exercise of the police powers of this state for the purpose of protecting the health, peace, safety, and general welfare of the people of this state.

Source: L. 77: Entire part added, p. 1255, § 1, effective February 1.

24-82-503. Conveyance of state lands authorized - description. (1) Any other provision of law to the contrary notwithstanding, including, but not limited to, section 28-3-106, C.R.S., the adjutant general and the governor, assisted by the attorney general, may enter into an option agreement, exercisable by the federal government at any time within a five-year period, to convey, and may convey within such period, to the federal government, without compensation, approximately three hundred acres of the real property interest of the state of Colorado in section thirty-six, township three south, range seventy west of the sixth principal meridian, located in Jefferson county, or so much thereof as the governor, in consultation with the appropriate federal

agency, deems necessary for purposes of a solar energy research institute. The state's interest in this property shall not be conveyed in any other manner or for any other purpose.

(2) (a) A conveyance made pursuant to subsection (1) of this section shall be made only when the federal government is prepared to accept the conveyance according to a schedule for site preparation and construction of the facility as it deems appropriate. A conveyance made pursuant to subsection (1) of this section may be made by dividing the three hundred acres to be conveyed into two parcels. The first parcel, parcel A, may be of approximately one hundred forty-five acres, to be used for the main test site and for utility improvements. The title to parcel A shall revert to the state of Colorado after a period of five years from the date of the deed unless within such period the federal government commences construction of improvements to be made on parcel A, at which time the reversionary provision shall become null and void. The second parcel, parcel B, may be of approximately one hundred fifty-five acres, to be used for additional test sites and for office and laboratory facilities. The title to parcel B shall revert to the state of Colorado after a period of five years from the date of the deed unless within such period the federal government causes the reversionary provision concerning parcel A to become null and void.

(b) If the reversionary provision concerning parcel A becomes null and void, parcel B shall revert to the state of Colorado twenty years from the date of the deed unless either of the following occur, at which time the reversionary provision shall become null and void:

(I) The federal government has indicated that it has approved programs and appropriated funds and is prepared to commence construction of either an office building or laboratory building on either parcel A or parcel B; or

(II) The federal government commences construction of permanent improvements on said parcel B.

(3) The provisions of this section shall not apply to any interest in such property retained as state school land indemnity interest, but the state board of land commissioners, in a manner consistent with federal law and the constitution of the state, may subordinate such interest to facilitate the conveyance to the federal government pursuant to subsections (1) and (2) of this section. The procedural requirements of article 1 of title 36, C.R.S., regarding leasing or sale of state lands shall not apply to such subordination. Any subordination of the state school land indemnity interest made pursuant to this subsection (3) may contain provisions for a termination of the subordination under the same terms and conditions as reversion of the land conveyed pursuant to subsections (1) and (2) of this section.

24-82-504. Siting of institute. Any other provision of law to the contrary notwithstanding, including, but not limited to, article 23 of title 31, article 28 of title 30, article 65.1 of this title, and part 3 of article 1 of title 34, C.R.S., use of the property described in section 24-82-503 (1) is authorized and approved for purpose of a solar energy research facility by the federal government, but, insofar as feasible, the facility shall conform to the substantive standards of any state or local building, fire, safety, health, and environmental control code or any other requirement which would otherwise be applicable.

PART 6

STATE-OWNED FACILITIES - ENERGY CONSERVATION

24-82-601. Definitions. As used in this part 6, unless the context otherwise requires:

(1) "Description" means a nontechnical explanation of all passive solar design and energy conservation features.

(2) "Fifty-five thousand Btu/square foot/year energy performance goal" means the goal for the amount of energy to be consumed or used on-site for the purposes of heating, cooling, lighting, and ventilation, but the term does not include energy losses associated with energy transmission, generation, or distribution.

(3) "Renewable energy systems" means passive and active solar systems, wind energy systems, biomass energy source systems, geothermal energy systems, hydroelectric energy systems, cogeneration systems, waste heat recovery systems, and other innovative energy recovery systems which meet the energy performance goal as provided in this part 6.

(4) "Unconditioned space" means buildings and structures or portions thereof which are neither heated nor cooled by fuel or electrical energy, including buildings or portions of buildings used primarily for the storage of materials and are uninhabited, except for the handling of those materials, and are not heated to fifty degrees Fahrenheit.

Source: L. 81: Entire part added, p. 1251, § 1, effective July 1.

24-82-602. Required energy performance goal. (1) All state buildings, and improvements thereto, with design commencing on or after July 1, 1981, shall be designed:

(a) To achieve a fifty-five thousand Btu/square foot/year energy performance goal for heating, cooling, lighting, and ventilation energy;

(b) To make maximum use of passive solar concepts such as energy conservation, natural lighting, and orientation and incorporation of thermal-mass;

(c) To make maximum use of economically feasible renewable energy systems;

(d) To achieve the ease of retrofit with renewable energy systems.

(2) A description of said system shall be posted or filed at the construction site, and copies thereof shall be made available to any interested party upon request.

(3) State buildings which are not office buildings shall be designed for maximum use of passive solar concepts, economically feasible renewable energy systems, and ease of renewable energy system retrofit but may exceed the fifty-five thousand Btu/square foot/year energy performance goal if approved by the department of personnel for each building on a case-by-case basis. Said goal may also be adjusted by the department of personnel to accommodate different climate zones in the state.

(4) This section shall not apply to space or buildings which are unconditioned or which are listed in the historical registry.

PART 7

MASTER LEASING

Cross references: Section 24-82-1207 states that the provisions of this part 7 shall not apply to leases entered into pursuant to part 12 of this article.

24-82-701. Definitions. As used in this part 7, unless the context otherwise requires:

(1) "Additional financed purchase of an asset or certificate of participation agreement" means any transaction entered into on or after July 1, 1987, in which the state, acting by and through the department of personnel as provided by this part 7, is the lessee of real or personal property, which shall be used by the state and in which the state has an option to purchase such real or personal property.

(2) "Director" means the executive director of the department of personnel.

(3) "Existing financed purchase of an asset or certificate of participation agreement" means any financed purchase of an asset or certificate of participation agreement entered into prior to July 1, 1987, in which the state is the lessee of real or personal property which shall be used by the state and in which the state has an option to purchase such real or personal property.

(3.3) "Financed purchase of asset" means a financing agreement that includes the purchase of an asset.

(3.5) Repealed.

(4) "Master financing program" means the refinancing, revising, replacement, or consolidation of any existing or additional financed purchase of an asset or certificate of participation agreement or agreements.

(5) "State" means the state of Colorado or any department, agency, or commission thereof, including any state institution of higher education and the board of directors of the Auraria higher education center, but does not include the legislative department when acting pursuant to section 2-2-320 (2)(b), C.R.S.

24-82-702. Financed purchase of an asset or certificate of participation agreements.

(1) If the director determines that the state will realize economic or other benefits by revising or replacing existing financed purchase of an asset or certificate of participation agreements, or by entering into additional financed purchase of an asset or certificate of participation agreements,

or by combining all or any portion of existing or additional financed purchase of an asset or certificate of participation agreements authorized by appropriations made by the general assembly, the director may develop a master financing program and execute such agreements. Any additional financed purchase of an asset or certificate of participation agreement executed by the director pursuant to this part 7 may include personal property that is the subject of an existing financed purchase of an asset or certificate of participation agreement or personal property for which an appropriation has been made by the general assembly for the fiscal year commencing July 1, 1987, and any fiscal year thereafter. An additional financed purchase of an asset or certificate of participation agreement executed by the director pursuant to this part 7 may include real property only if the initial acquisition of such property by means of a financed purchase of an asset or certificate of participation agreement was specifically authorized by a separate bill enacted by the general assembly pursuant to section 24-82-801. For the purposes of this subsection (1), appropriations made by the general assembly do not include continuing appropriations made by permanent statute.

(2) Repealed.

24-82-703. Seller. (1) The seller under any additional financed purchase of an asset or certificate of participation agreement entered into by the director pursuant to the provisions of this part 7 shall be any for-profit or nonprofit corporation, trust, or commercial bank as trustee.

(2) On and after August 11, 2010:

(a) The director is authorized to execute on behalf of the nonprofit corporation abolished by Senate Bill 10-122, enacted in 2010, any documents related to any additional financed purchase of an asset or certificate of participation agreement for which said nonprofit corporation was the seller pursuant to this part 7;

(b) The director is authorized to expend moneys of the nonprofit corporation abolished by Senate Bill 10-122, enacted in 2010, as is necessary and appropriate to wind up the affairs of the nonprofit corporation. After receiving written notification from the director that the affairs of the nonprofit corporation have been concluded, the state treasurer shall transfer the remaining balance of any account in the state treasury containing moneys of the nonprofit corporation to the general fund.

(c) The state treasurer is authorized to accept on behalf of the nonprofit corporation abolished by Senate Bill 10-122, enacted in 2010, any revenues to which the nonprofit corporation would otherwise be legally entitled. Any revenues so received by the state treasurer shall be credited to the general fund.

24-82-704. Payment obligations subject to annual appropriation by the general assembly. Every additional financed purchase of an asset or certificate of participation agreement authorized by the director pursuant to this part 7 shall provide that all payment obligations of the state under such additional financed purchase of an asset or certificate of participation agreement are subject to annual appropriation by the general assembly and that such obligations shall not be deemed or construed as creating an indebtedness of the state within the meaning of any provision of the Colorado constitution or the laws of the state of Colorado concerning or limiting the creation of indebtedness by the state of Colorado.

24-82-705. Terms and conditions of financed purchase of an asset or certificate of participation agreements. Any additional financed purchase of an asset or certificate of participation agreement entered into by the director pursuant to this part 7 may contain such terms, provisions, and conditions as the director may deem appropriate. Such provisions may allow the state to receive fee title to the real and personal property which is the subject of such additional financed purchase of an asset or certificate of participation agreement on or prior to the expiration of the entire term of the agreement, including all optional renewal terms. Any additional financed purchase of an asset or certificate of participation agreement entered into pursuant to this part 7 may further provide for the issuance, distribution, and sale of instruments evidencing rights to receive rentals and other payments made and to be made under such additional financed purchase of an asset or certificate of participation agreement, but only if and after a court of competent jurisdiction renders a final decision as to the constitutionality of the issuance of certificates of participation or other instruments evidencing the commitment of a district to make payments in subsequent fiscal years of money due under an installment purchase agreement for the purchase of real or personal property which requires payments during more than one fiscal year, or any agreement for the lease or rental of real or personal property which requires payments during more than one fiscal year and under which such district is entitled to receive title to the property at the end of the term for nominal or no additional consideration. Such instruments shall not be notes, bonds, or any other evidence of indebtedness of the state of Colorado within the meaning of any provision of the Colorado constitution or the laws of the state of Colorado concerning or limiting the creation of indebtedness by the state of Colorado. Interest paid under any additional financed purchase of an asset or certificate of participation agreement entered into pursuant to this part 7, including interest represented by such instruments, shall be exempt from Colorado income tax. Any such additional financed purchase of an asset or certificate of participation agreements shall provide an option for the state to purchase the property that is the subject of the agreement prior to the termination of such additional financed purchase of an asset or certificate of participation agreement. In no event shall any individual representing a firm that was the successful bidder for a proposed financial services contract, which contract related to a master financing program, prior to June 20, 1987, be allowed to become the underwriter or financial advisor for any master financed purchase of an asset or certificate of participation agreement entered into by the director prior to June 30, 1988, pursuant to this part 7.

24-82-707. Ancillary agreements. The director may enter into or execute or may negotiate with any officer of the state to enter into or execute any deed, conveyance, escrow agreement, or other agreement or instrument that he deems necessary or appropriate in connection with any additional financed purchase of an asset or certificate of participation agreement entered into pursuant to this part 7.

24-82-708. Fiscal rules inapplicable - independent powers. (1) The provisions of section 24-30-202 (5)(b) shall not apply to any additional financed purchase of an asset or certificate of participation agreement or ancillary agreement entered into pursuant to this part 7. Any provision of the fiscal rules promulgated pursuant to section 24-30-202 (1) and (13) that the controller deems to be incompatible or inapplicable with respect to any such financed purchase of an asset or certificate of participation agreement or ancillary agreement may be waived by the controller or his designee.

(2) The powers conferred by this part 7 are in addition to any other law, and the limitations imposed by any other law do not affect the powers conferred by this part 7 and do not apply to the financing and refinancing contemplated by this part 7.

24-82-709. Participation by institutions of postsecondary education. Institutions of postsecondary education, including the board of directors of the Auraria higher education center, may utilize the provisions of this part 7 so long as the criteria established by this part 7 for inclusion in a master financed purchase of an asset or certificate of participation agreement are satisfied and so long as such institutions act in a manner that is consistent with section 23-1-104.

PART 8

FINANCED PURCHASE OF AN ASSET OR CERTIFICATE OF PARTICIPATION AGREEMENTS FOR ACQUISITION OF REAL OR PERSONAL PROPERTY

24-82-801. Financed purchase of an asset or certification of participation agreements for acquisition of real or personal property - definition. (1) (a) (I) Except as provided in subsection (6) of this section, and subject to the requirement set forth in subsection (1)(a)(II) of this section, no financed purchase of an asset or certificate of participation agreement for real property that requires total payments exceeding five hundred thousand dollars over the term of the agreement shall be entered into unless such agreement is specifically authorized, prior to its execution, by a bill enacted by the general assembly, other than the annual general appropriation act or a supplemental appropriation act.

(II) (A) Each bill enacted by the general assembly on or after August 8, 2018, as required in subsection (1)(a)(I) of this section, must include a requirement that the state agency or state institution of higher education entering into the financed purchase of an asset or certificate of participation agreement present a plan to the capital development committee, no later than the December of the fourteenth calendar year or the January of the fifteenth calendar year after either the date of the substantial completion of the construction or after the date of acquisition, that details how the state agency or state institution of higher education is prepared to fund the controlled maintenance needs of the real property so that at least an amount equal to an estimation of the sum of one percent of the insured value of the real property for each year starting with the sixteenth year after either the date of the substantial completion of the construction or after the date of acquisition is available for a total period of twenty-five years for the real property's controlled maintenance needs. The plan presented by the state agency or state institution of higher education may include a request for an additional financed purchase of an asset or certificate of participation agreement for such controlled maintenance needs or may include a request for partial or complete state funding of such controlled maintenance needs. The capital development committee shall review the plan presented by the state agency or state institution of higher education. Any approved plan shall be authorized by bill enacted by the general assembly, other than the annual general appropriation act or a supplemental appropriation act; except that, if the approved plan is for a state institution of higher education to fund such controlled maintenance needs from cash funds then the plan may be approved by majority vote of the capital development committee.

(B) For purposes of this section, "controlled maintenance" has the same meaning as set forth in section 24-30-1301 (4); except that it may include any maintenance needs that would ordinarily be funded in a state agency's or state institution of higher education's operating budget. Also for purposes of this section, "insured value" means the insured value of the real property as determined through the risk management program established in part 15 of article 30 of this title 24.

(b) Except as provided in subsection (6) of this section, no financed purchase of an asset or certificate of participation agreement for personal property that requires total payments exceeding five hundred thousand dollars over the term of the agreement shall be entered into

unless such agreement is specifically authorized, prior to its execution, by a bill enacted by the general assembly, other than the annual general appropriation act or a supplemental appropriation act, or specifically authorized by appropriation in the annual general appropriation act or a supplemental appropriation act.

(c) Subsequent to the general assembly's authorization of a financed purchase of an asset or certificate of participation agreement as specified in subsections (1)(a) and (1)(b) of this section, rentals and other payments by the state under any such financed purchase of an asset or certificate of participation agreement may be made from money appropriated by the general assembly as a separate line item in the capital construction or operating section of an annual general appropriation act or a supplemental appropriation act.

(2) Except as provided in subsection (6) of this section, financed purchase of an asset or certificate of participation agreements that require total payments of five hundred thousand dollars or less over the term of the agreement shall require an appropriation by the general assembly in an annual general appropriation act or a supplemental appropriation act.

(3) A financed purchase of an asset or certificate of participation agreement that requires total payments in excess of five hundred thousand dollars over the term of the agreement shall require, prior to its execution, approval by the state controller as authorized by section 24-30-202.

(4) As used in this section:

(a) "Certificate of participation agreement" means any certificate evidencing a participation right of a proportionate interest in any financing agreement or the right to receive proportionate payments from the state or an agency due under any financing agreement.

(b) "Financed purchase of an asset agreement" means a financing agreement that includes the purchase of an asset.

(5) A financed purchase of an asset or certificate of participation agreement may further provide for the issuance, distribution, and sale of instruments evidencing rights to receive rentals and other payments made by the state, but only if the financed purchase of an asset or certificate of participation agreement includes a provision that payments made by the state are subject to annual appropriation. A financed purchase of an asset or certificate of participation agreement shall not include notes, bonds, or any other evidence of indebtedness of the state within the meaning of any provision of the constitution or laws of the state of Colorado concerning or limiting the creation of indebtedness by the state.

(6) (a) Notwithstanding any provision of this section to the contrary, the department of transportation, institutions of higher education, the Auraria higher education center established in article 70 of title 23, and the state treasurer may enter into financed purchase of an asset or certificate of participation agreements if the state controller as authorized by section 24-30-202 approves each financed purchase of an asset or certificate of participation agreement that requires total payments in excess of five hundred thousand dollars over the term of the agreement or as otherwise provided by law.

(b) Notwithstanding any provision of this section to the contrary, the legislative department may enter into financed purchase of an asset or certificate of participation agreements pursuant to section 2-2-320.

(7) Nothing in this section shall be construed to impair any contract or instrument in existence on July 1, 2009, if the contract was validly entered into or the instrument was validly issued under the law in effect at the time of entering into said contract or issuing said instrument.

(8) All financed purchase of an asset or certificate of participation agreements described in section 24-48.5-312 (3)(a)(II) shall include the terms specified in said section.

24-82-802. Financed purchase of an asset or certificate of participation agreements for real property - definitions - financed purchase of an asset or certificate of participation rental cash fund. (1) As used in this section, unless the context otherwise requires:

(a) (I) "Annual financed purchase of an asset or certificate of participation payment" means the total amount due from the state on property subject to a financed purchase of an asset or certificate of participation agreement and includes:

(A) The annual base rent scheduled to be paid and the additional rent estimated to be paid on or pursuant to the financed purchase of an asset or certificate of participation agreement and any ancillary agreements that may include, but need not be limited to, any of the following that are paid on a current basis and not paid by a seller or other third party as part of a financed purchase of an asset or certificate of participation agreement: All acquisition costs, such as due diligence costs associated with evaluation of an existing building; land acquisition; penalties for breaking lease agreements; a capital reserve for space planning and capital improvements needed in the building for demolition and construction of tenant space for state agencies or the release to existing tenants; relocation costs; office furniture and equipment; insurance; and the costs associated with any financed purchase of an asset or certificate of participation financing; plus

(B) Operating and maintenance costs and a reserve for controlled maintenance costs.

(II) For the construction of a new building on land owned or leased by the state, the acquisition costs may also include the architectural and engineering design and engineering costs, site preparation, provisions for utilities and tap fees, and materials and construction costs.

(b) "Annual rent costs" means base rent typically found in the leased space line item in the annual general appropriation bill plus all operation, maintenance, and related costs paid to a lessor or other third party.

(c) "Department" means the department of personnel, created in section 24-1-128.

(d) "Executive director" means the executive director of the department of personnel.

(e) "Financed purchase of an asset agreement" and "certificate of participation agreement" shall have the same meanings as provided in section 24-82-801 (4).

(2) (a) Subject to the provisions of this section, the state treasurer, on behalf of the state of Colorado for the use of the department, is authorized to enter into one or more financed purchase of an asset or certificate of participation agreements for real and associated personal property existing or to be constructed pursuant to requirements of the state to be exclusively used, possessed, and managed by the department for state agencies and nonstate lessees of the department as the executive director may solely determine according to the plan approved pursuant to subsection (4) of this section and subject to the terms of the financed purchase of an asset or certificate of participation agreement.

(b) Subject to section 2 of article XI of the state constitution, the state treasurer, for the use and benefit of the department, may enter into such financed purchase of an asset or certificate of participation agreements in conjunction with the state board of land commissioners, created pursuant to section 9 of article IX of the state constitution, or with a private person. The state treasurer shall transfer all benefits and responsibilities under the financed purchase of an asset or certificate of participation agreement to the department. The department shall manage the property for the state as the executive director may solely determine, subject to the terms of the financed purchase of an asset or certificate of participation agreement.

(3) The state treasurer shall enter into a financed purchase of an asset or certificate of participation agreement authorized pursuant to subsection (2) of this section on behalf of the state for the use and benefit of the department only if, at the time that the financed purchase of an asset or certificate of participation agreement is executed:

(a) The state agencies that will be located in the property that is the subject of the financed purchase of an asset or certificate of participation agreement are funded, in whole or in part, by appropriations and a portion of the appropriations are being expended to pay rent to a seller;

(b) The projected annual rent costs of the state agencies that will be located in the property plus any current rental payments or rental payments projected to be received from nonstate lessees for each fiscal year during the maximum term of the financed purchase of an asset or certificate of participation agreement exceed the annual financed purchase of an asset or certificate of participation payment for the property, adjusted as appropriate to account for any differences in services provided to, or costs paid for the benefit of, the state under the related leases and financed purchase of an asset or certificate of participation agreements;

(c) The property or proposed construction plan for the property has been reviewed by the state architect who shall make written recommendations to the executive director for controlled maintenance needs during the term of the financed purchase of an asset or certificate of participation agreement;

(d) The plan for the financed purchase of an asset or certificate of participation transaction has been approved first by the office of state planning and budgeting and the capital development committee of the general assembly pursuant to subsection (4) of this section;

(e) The executive director acknowledges his or her approval of the terms of the financed purchase of an asset or certificate of participation agreements and any ancillary agreements;

(f) The agreements for the financed purchase of an asset or certificate of participation transaction accurately reflect the plan approved by the office of state planning and budgeting and the capital development committee; and

(g) The state controller has approved all agreements pursuant to section 24-30-202.

(4) Prior to the state treasurer entering into any financed purchase of an asset or certificate of participation agreement pursuant to this section, the executive director shall submit the report required by section 24-82-102 (1) and the plan for the financed purchase of an asset or certificate of participation transaction to the office of state planning and budgeting. If the office of state planning and budgeting approves the report and the plan, it shall submit the report and the plan to the capital development committee of the general assembly. The capital development committee shall approve the plan or refer its recommendations regarding the plan, with written comments, to the executive director and the office of state planning and budgeting.

(5) Approval of the plan by the office of state planning and budgeting shall not authorize the department to expend any money on the annual financed purchase of an asset or certificate of participation payment in any fiscal year in an amount greater than the projected annual rent costs of the state agencies plus any rental payments projected to be received from nonstate lessees for such fiscal year, adjusted as appropriate to account for any differences in services provided to, or costs paid for the benefit of, the state under the related leases and financed purchase of an asset or certificate of participation agreements.

(6) The state of Colorado, acting by and through the state treasurer, for the use and benefit of the department may, at the state treasurer's sole discretion, enter into one or more financed purchase of an asset or certificate of participation agreements authorized by subsection (2) of this section with any for-profit or nonprofit corporation, trust, or commercial bank as a trustee, as seller.

(7) (a) A financed purchase of an asset or certificate of participation agreement authorized in subsection (2) of this section shall provide that all of the obligations of the state under the financed purchase of an asset or certificate of participation agreement shall be subject to the action of the general assembly in annually making money available for all payments thereunder. The financed purchase of an asset or certificate of participation agreement shall also provide that the obligations shall not be deemed or construed as creating an indebtedness of the state within the meaning of any provision of the state constitution or the laws of the state of Colorado concerning or limiting the creation of indebtedness by the state of Colorado and shall not constitute a multiple fiscal-year direct or indirect debt or other financial obligation of the state within the meaning of section 20 (4) of article X of the state constitution. In the event the state of Colorado does not renew a financed purchase of an asset or certificate of participation agreement authorized in subsection (2) of this section, the sole security available to the seller shall be the property encumbered to secure the nonrenewed financed purchase of an asset or certificate of participation agreement or equivalent substitute collateral provided by the state.

(b) A financed purchase of an asset or certificate of participation agreement authorized in subsection (2) of this section may contain such terms, provisions, and conditions as the state treasurer, acting on behalf of the state of Colorado and for the use and benefit of the department, may deem appropriate, including all optional terms; except that a financed purchase of an asset or certificate of participation agreement:

(I) Shall not exceed in its term the shorter of the remaining useful life of the building or twenty-five years; and

(II) Shall specifically authorize the state of Colorado:

(A) To receive title to all real and personal property that is the subject of the financed purchase of an asset or certificate of participation agreement on or prior to the expiration of the terms of the financed purchase of an asset or certificate of participation agreement; and

(B) To reduce the term of the agreement through prepayment of rental and other payments subject to the terms of the financed purchase of an asset or certificate of participation agreement and any ancillary agreement.

(c) A financed purchase of an asset or certificate of participation agreement authorized in subsection (2) of this section may provide for the issuance, distribution, and sale of instruments evidencing rights to receive rentals and other payments made and to be made under the financed purchase of an asset or certificate of participation agreement. The instruments shall not be notes, bonds, or any other evidence of indebtedness of the state within the meaning of any provision of the state constitution or the law of the state concerning or limiting the creation of indebtedness of the state and shall not constitute a multiple fiscal-year direct or indirect debt or other financial obligation of the state within the meaning of section 20 (4) of article X of the state constitution.

(d) Interest paid under a financed purchase of an asset or certificate of participation agreement authorized in subsection (2) of this section, including interest represented by the instruments, shall be exempt from Colorado income tax.

(e) The state of Colorado, acting through the state treasurer, for the use and benefit of the department, is authorized, if the executive director concurs, to enter into ancillary agreements and instruments as are deemed necessary or appropriate in connection with a financed purchase of an asset or certificate of participation agreement, including but not limited to ground leases, site leases, easements, or other instruments relating to the real property on which the facilities are located; except that no ancillary agreement is authorized that would cause the annual financed purchase of an asset or certificate of participation payment to exceed the annual rent costs appropriated to the state agencies prior to the financed purchase of an asset or certificate of participation agreement plus any rent projected to be received from nonstate lessees.

(f) A financed purchase of an asset or certificate of participation agreement authorized in subsection (2) of this section may require the state to provide insurance; except that no insurance is authorized that would cause the annual financed purchase of an asset or certificate of participation payment to exceed the annual rent costs of the state agencies prior to the financed purchase of an asset or certificate of participation agreement plus any rent projected to be received from nonstate lessees, adjusted as described in subsection (3)(b) of this section. The insurance may be provided through the self-insured property fund created pursuant to section 24-30-1510.5.

(8) Any provision of the fiscal rules promulgated pursuant to section 24-30-202 (1) and (13) that the state controller deems to be incompatible or inapplicable with respect to said financed purchase of an asset or certificate of participation agreements or any such ancillary agreement may be waived by the controller or his or her designee.

(9) If a financed purchase of an asset or certificate of participation agreement authorized pursuant to subsection (2) of this section is executed, during the term of the financed purchase of an asset or certificate of participation agreement, money that at the time of the execution is appropriated to a state agency for rental payments in an amount equal to the annual financed purchase of an asset or certificate of participation payment, less any payments projected to be received from nonstate lessees pursuant to subsection (10) of this section, shall be transferred to the financed purchase of an asset or certificate of participation servicing account of the capital

construction fund, created in section 24-75-302 (3.5), and, subject to annual appropriation, shall be used to pay the annual financed purchase of an asset or certificate of participation payments for the property that is the subject of the financed purchase of an asset or certificate of participation agreement or for operating, maintenance, and controlled maintenance costs for the property subject to the financed purchase of an asset or certificate of participation agreement. Money held in the financed purchase of an asset or certificate of participation servicing account shall be for the benefit of the department.

(10) (a) If the executive director determines that, in a property subject to a financed purchase of an asset or certificate of participation agreement authorized pursuant to subsection (2) of this section, there is space that is not needed by a state agency, the executive director, separately or in conjunction with the state board of land commissioners or another person, may:

(I) Hire a building manager to manage the space; or

(II) Subject to the approval of the office of state planning and budgeting, lease the space to any person on commercially reasonable terms.

(b) (I) Any money received by the executive director on behalf of nonstate lessees pursuant to subsection (10)(a) of this section shall be transmitted to the state treasurer, who shall credit the same to the financed purchase of an asset or certificate of participation rental cash fund for the benefit of the department, which fund is hereby created and referred to in this section as the "fund". The money in the fund shall be subject to annual appropriation by the general assembly to the department of personnel and shall only be used for the annual financed purchase of an asset or certificate of participation payments for financed purchase of an asset or certificate of participation agreements authorized pursuant to subsection (2) of this section or for operating, maintenance, and controlled maintenance costs for the buildings subject to the financed purchase of an asset or certificate of participation agreements.

(II) Any money in the fund not expended for the purpose of this subsection (10) may be invested by the state treasurer as provided by law. All interest and income derived from the investment and deposit of money in the fund shall be credited to the fund. Any unexpended and unencumbered money remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or another fund.

24-82-803. Financed purchase of an asset or certificate of participation agreements for certain capital construction projects - legislative declaration. (1) (a) The general assembly hereby finds and declares that:

(I) Given the unprecedented economic situation in which the state finds itself because of the declared disaster emergency due to the COVID-19 pandemic, it is important for the general assembly to consider any option available to fund the continuations of certain previously funded capital construction projects;

(II) Funding the continuations of certain previously funded capital construction projects is particularly important because there are cost escalations due to construction inflation when a

project is postponed, there are repair, maintenance, and upkeep costs to minimize damage to the ongoing project or existing infrastructure while funding is delayed, and there may be increased operational costs for any project continuation alternatives; and

(III) In addition, funding the continuations of certain previously funded capital construction projects in a time of economic downturn helps boost local economies with construction projects that can commence quickly when money is made available.

(b) The general assembly further finds and declares that:

(I) The deadline to issue the financed purchase of an asset or certificate of participation agreement in subsection (2)(a) of this section is meant to provide the state treasurer with as much flexibility as possible to ensure that the financed purchase of an asset or certificate of participation agreement is executed on behalf of the state with the most favorable terms that the market will allow. The general assembly agrees with the need for this deadline flexibility and at the same time declares that the financed purchase of an asset or certificate of participation agreement should be executed as soon as possible.

(II) If there is any excess money as a result of the issuance, it is the general assembly's intent that the remainder be credited to the emergency controlled maintenance account created in section 24-75-302 (3.2).

(2) (a) Notwithstanding the provisions of sections 24-82-102 (1)(b) and 24-82-801, and pursuant to section 24-36-121, no later than June 30, 2021, the state, acting by and through the state treasurer, shall execute a financed purchase of an asset or certificate of participation agreement for the purpose described in subsection (4) of this section in an amount up to sixty-five million five hundred thousand dollars plus reasonable and necessary administrative, monitoring, and closing costs and interest, including capitalized interest and credit enhancement costs such as a debt service reserve fund or bond insurance.

(b) The anticipated annual state-funded payments for the principal and interest components of the amount payable under the financed purchase of an asset or certificate of participation agreement entered into pursuant to subsection (2)(a) of this section shall not exceed five million five hundred thousand dollars, with principal amortization not occurring before July 1, 2022.

(c) The state, acting by and through the state treasurer, at the state treasurer's sole discretion, may enter into the financed purchase of an asset or certificate of participation agreement authorized by subsection (2)(a) of this section with any for-profit or nonprofit corporation, trust, or commercial bank as a trustee as the seller.

(d) The financed purchase of an asset or certificate of participation agreement executed as required by subsection (2)(a) of this section shall provide that all of the obligations of the state under the agreement are subject to the action of the general assembly in annually making money available for all payments thereunder. Payments under any financed purchase of an asset or certificate of participation agreement must be made subject to annual appropriation by the general assembly, as applicable, from the capital construction fund, from the general fund, or from any other legally available source of money.

(e) The agreement must also provide that the state's obligation does not create state debt within the meaning of any provision of the state constitution or state law concerning or limiting the creation of state debt and is not a multiple fiscal-year direct or indirect debt or other financial obligation of the state within the meaning of section 20 (4) of article X of the state constitution. If the state does not renew the financed purchase of an asset or certificate of participation

agreement executed as required by subsection (2)(a) of this section, the sole security available to the seller is the property that is the subject of the nonrenewed financed purchase of an asset or certificate of participation agreement.

(f) (I) The financed purchase of an asset or certificate of participation agreement executed as required by subsection (2)(a) of this section may contain such terms, provisions, and conditions as the state treasurer, acting on behalf of the state, deems appropriate, including all optional terms; except that the financed purchase of an asset or certificate of participation agreement must specifically authorize the state or the governing board of the applicable state institution of higher education to receive fee title to all real and personal property that is the subject of the financed purchase of an asset or certificate of participation agreement on or before the expiration of the terms of the agreement.

(II) The state treasurer, acting on behalf of the state, has the authority as he or she deems appropriate to determine what collateral to use for the financed purchase of an asset or certificate of participation agreement.

(g) The financed purchase of an asset or certificate of participation agreement executed as required by subsection (2)(a) of this section may provide for the issuance, distribution, and sale of instruments evidencing rights to receive rentals and other payments made and to be made under the financed purchase of an asset or certificate of participation agreement. The instrument may be issued, distributed, or sold only by the seller or any person designated by the seller and not by the state. The instrument does not create a relationship between the purchasers of the instrument and the state or create any obligation on the part of the state to the purchasers. The instrument is not a note, bond, or any other evidence of state debt within the meaning of any provision of the state constitution or state law concerning or limiting the creation of state debt and is not a multiple fiscal-year direct or indirect debt or other financial obligation of the state within the meaning of section 20 (4) of article X of the state constitution.

(h) Interest paid under a financed purchase of an asset or certificate of participation agreement authorized pursuant to subsection (2)(a) of this section, including interest represented by the instruments, is exempt from Colorado income tax.

(i) The state, acting by and through the state treasurer and the governing boards of the institutions of higher education, is authorized to enter into ancillary agreements and instruments that are necessary or appropriate in connection with a financed purchase of an asset or certificate of participation agreement, including but not limited to deeds, ground leases, sub-leases, easements, or other instruments relating to the real property on which the facilities are located.

(j) The provisions of section 24-30-202 (5)(b) do not apply to a financed purchase of an asset or certificate of participation agreement executed as required by or to any ancillary agreement or instrument entered into pursuant to this subsection (2). The state controller or his or her designee shall waive any provision of the fiscal rules promulgated pursuant to section 24-30-202 (1) and (13) that the state controller finds incompatible or inapplicable with respect to a financed purchase of an asset or certificate of participation agreement or an ancillary agreement or instrument.

(3) (a) Before executing the financed purchase of an asset or certificate of participation agreement required by subsection (2)(a) of this section, in order to protect against future interest rate increases, the state, acting by and through the state treasurer and at the discretion of the state treasurer, may enter into an interest rate exchange agreement pursuant to article 59.3 of title 11. A financed purchase of an asset or certificate of participation agreement executed as required by

subsection (2)(a) of this section is a proposed public security for the purposes of article 59.3 of title 11. Any payments made by the state under an agreement entered into pursuant to this subsection (3) must be made solely from money made available to the state treasurer from the execution of a financed purchase of an asset or certificate of participation agreement or from money described in subsection (2)(d) of this section.

(b) An agreement entered into pursuant to this subsection (3) must also provide that the obligations of the state do not create state debt within the meaning of any provision of the state constitution or state law concerning or limiting the creation of state debt or any multiple fiscal-year direct or indirect debt or other financial obligation of the state within the meaning of section 20 (4) of article X of the state constitution.

(c) Any money received by the state under an agreement entered into pursuant to this subsection (3) shall be used to make payments on the financed purchase of an asset or certificate of participation agreement entered into pursuant to subsection (2) of this section or to pay the costs of the projects for which a financed purchase of an asset or certificate of participation agreement was executed.

(4) The proceeds of the financed purchase of an asset or certificate of participation agreement executed as required by subsection (2)(a) of this section shall be used to fund certain capital construction needs for state institutions of higher education that are continuations of previously funded projects as specified by the capital development committee. The capital development committee shall post the list of specific projects and the cost of each project, on its official website no later than August 15, 2020. In the event of any excess money as a result of the issuance, the capital development committee shall also specify in their list what any remainder money must be used for.

PART 9

OUTDOOR LIGHTING FIXTURES

Cross references: For the legislative declaration contained in the 2001 act enacting this part 9, see section 1 of chapter 203, Session Laws of Colorado 2001.

24-82-901. Definitions. As used in this part 9, unless the context otherwise requires:

(1) "Energy conservation" means reducing energy costs and resources used and includes using a light with lower wattage or a timer switch.

(2) "Full cutoff luminaire" means a luminaire that allows no direct light emissions above a horizontal plane through the luminaire's lowest light-emitting part.

(3) "Glare" means direct light emitting from a luminaire that causes reduced vision or momentary blindness.

(4) "Light pollution" means the night sky glow caused by the scattering of artificial light in the atmosphere.

(5) "Light trespass" means light emitted by a luminaire that shines beyond the boundaries of the property on which the luminaire is located.

(6) "Luminaire" means the complete lighting system, including the lamp and the fixture.

(7) (a) "Outdoor lighting fixture" means any type of fixed or movable lighting equipment that is designed or used for illumination outdoors and includes:

(I) Area lighting; and

(II) Billboard lighting, street lights, searchlights, and other lighting used for advertising purposes.

(b) "Outdoor lighting fixture" does not include lighting equipment that is required by law to be installed on motor vehicles or lighting required for the safe operation of aircraft or watercraft.

(8) "Special event or situation" includes, but is not limited to, sporting events and the illumination of monuments, historic structures, or flags.

Source: L. 2001: Entire part added, p. 668, § 2, effective August 8.

24-82-902. Outdoor lighting fixtures funded by the state - standards. (1) On or after July 1, 2002, any new outdoor lighting fixture installed by or on behalf of the state using state funds shall meet at least the following requirements:

(a) For outdoor lighting fixtures with a rated output greater than three thousand two hundred lumens, the fixture is a full cutoff luminaire;

(b) The minimum illuminance adequate for the intended purpose is used with consideration given to recognized standards, including, but not limited to, recommended practices adopted by the illuminating engineering society of North America (IESNA);

(c) Full consideration has been given to costs, energy conservation, glare reduction, the minimization of light pollution, and the preservation of the natural night environment; and

(d) For purposes of lighting a designated highway in the state highway system, the department of transportation determines that the purpose of the outdoor lighting fixture cannot be achieved by the installation of reflective road markers, lines, warning or informational signs, or other effective methods that do not require the use of artificial light.

(2) The provisions of subsection (1) of this section shall not apply if:

(a) A federal law or regulation preempts state law;

(b) The outdoor lighting fixture is used on a temporary basis to provide illumination for emergency personnel in an emergency situation;

(c) The outdoor lighting fixture is used on a temporary basis for nighttime work;

(d) Additional illumination is required for a special event or situation; except that any additional illumination required for a special event or situation shall be installed so as to shield the outdoor lighting fixtures from direct view and to minimize upward lighting and light pollution;

(e) The outdoor lighting fixture is used solely to enhance the aesthetic beauty of an object; or

(f) A compelling safety interest exists that cannot be addressed by another method.

(3) The provisions of subsection (1) of this section shall serve only as guidelines for and shall not be binding on any state prison facility or any private contract prison in the state.

PART 10

LEVERAGED LEASING

24-82-1001. Legislative declaration - exclusion of proceeds of leveraged leasing agreements from fiscal year spending - voter approval not required. (1) The general assembly hereby finds and declares that:

(a) Section 20 of article X of the state constitution limits state fiscal year spending.

(b) Section 20 (2)(e) of article X defines "fiscal year spending" to include all revenues and expenditures except those for refunds and those from certain sources, such as property sales.

(c) Monetary consideration paid to the state by a private person in connection with a leveraged leasing agreement constitutes revenues to the state from a property sale because the consideration is paid in exchange for a property interest in a qualified state asset and constitutes revenues from a property sale, and such revenues are therefore excluded from state fiscal year spending.

(2) The general assembly further finds and declares that:

(a) Section 20 of article X of the state constitution requires voter approval in advance for creation of any multiple-fiscal year financial obligation whatsoever without adequate present cash reserves pledged irrevocably and held for payments in all future fiscal years.

(b) The sublease of a qualified state capital asset from a private person to the state under a leveraged leasing agreement is a multiple-fiscal year financial obligation of the state under section 20 of article X of the state constitution, but the state may enter into a leveraged leasing agreement without voter approval in advance because a leveraged leasing agreement requires the state to deposit into a specified account adequate cash reserves pledged irrevocably for sublease payments in all future fiscal years.

Source: L. 2003: Entire part added, p. 1717, § 1, effective May 14.

24-82-1002. Definitions. As used in this part 10, unless the context otherwise requires:

(1) "Leveraged leasing agreement" means an agreement or a series of agreements between the state and a private person under which:

(a) In exchange for monetary consideration paid in a lump sum when the lease closes, the state leases a qualified state capital asset to a private person for a term of sufficient length to allow the private person to depreciate the asset for federal income tax purposes under the federal "Internal Revenue Code of 1986", as amended, or any successor provision thereto, and retains a right to cancel the lease in exchange for specified consideration;

(b) The private person subleases the qualified state capital asset back to the state pursuant to a sublease contract that:

(I) Is for a term shorter than the term of the lease;

(II) Gives the private person leasehold rights in the asset; and

(III) Requires an amount of the monetary consideration paid in a lump sum to the state when the lease closes that is adequate to meet all lease payments to be made by the state under the terms of the sublease contract to be deposited into a specified account established pursuant to

the sublease contract as adequate cash reserves pledged irrevocably for sublease payments in all future fiscal years; and

(c) The state retains the right to the use of the qualified state capital asset for the duration of the term of the sublease.

(2) "Qualified state capital asset" or "asset" means qualified technological equipment as defined by section 168 (i)(2)(A) of the federal "Internal Revenue Code of 1986", as amended, or any successor provision thereto.

24-82-1003. Leveraged leasing. (1) On and after May 14, 2003, the executive director of the department of personnel, with the approval of the director of the office of state planning and budgeting, may enter into leveraged leasing agreements on behalf of the state.

(2) The executive director of the department of personnel may retain attorneys, consultants, or financial professionals to the extent necessary to protect the interests of the state and to ensure the proper execution of a leveraged leasing agreement. The executive director shall use a competitive selection process approved by the director of the office of state planning and budgeting to select any attorneys, consultants, or financial professionals to be retained, but execution of such retention agreements shall not be governed by the "Procurement Code", articles 101 to 112 of this title. Any fees charged by any persons retained shall be paid only from the lump sum paid to the state in connection with the leveraged leasing agreement and shall not be paid from any other source.

(3) The state treasurer shall credit all monetary consideration paid in a lump sum to the state under the terms of a leveraged leasing agreement when the agreement closes that is not required to be deposited into a specified account established pursuant to a sublease contract as adequate cash reserves pledged irrevocably for sublease payments in all future fiscal years to the controlled maintenance trust fund created in section 24-75-302.5.

24-82-1005. Liability not created by leveraged leasing agreement - indemnification agreements. (1) The lease of a qualified state capital asset by the state to a private person and the sublease of the asset back to the state by the private person pursuant to a leveraged leasing agreement shall not cause the private person to whom the qualified state capital asset is being leased to incur any liability in any type of action by virtue of the private person's status as a lessor under the leveraged leasing agreement.

(2) As part of a leveraged leasing agreement, the executive director of the department of personnel, with the approval of the director of the office of state planning and budgeting, may enter into an indemnity agreement with the private person to whom the qualified state capital asset is being leased.

PART 11

SALES OF STATE PROPERTY AND LEASE-PURCHASE AGREEMENTS

24-82-1101 to 24-82-1103. (Repealed)

Editor's note: (1) Section 24-82-1103 provided for the repeal of this part 11, effective July 1, 2006, unless the executive director of the department of personnel entered into at least one property sale agreement pursuant to this part 11. No such contract had been entered into as of July 1, 2006. (See L. 2005, p. 1337.)

(2) This part 11 was added in 2003, repealed in 2004, recreated and reenacted in 2005, and repealed in 2006. This part 11 was not amended prior to its repeal in 2006. For the text of this part 11 prior to 2006, consult the 2005 Colorado Revised Statutes.

PART 12

LEASES OF BUILDING PROJECTS

24-82-1201. Definitions. As used in this part 12, unless the context otherwise requires:

(1) "Approved building project" means a capital construction project involving a lease that receives approval from the capital development committee and the joint budget committee pursuant to section 24-82-1202 (2).

(2) "Commission" means the Colorado commission on higher education established pursuant to section 23-1-102, C.R.S.

(3) "State department" means a department or agency of the state, but does not include the legislative department when acting pursuant to section 2-2-320 (2)(b), C.R.S.

Source: **L. 2005:** Entire part added, p. 1333, § 1, effective June 3. **L. 2010:** (3) amended, (HB 10-1020), ch. 111, p. 370, § 4, effective April 15.

24-82-1202. Leases of buildings. (1) Subject to the provisions of this part 12, the executive director of a state department, or the governing board of an institution of higher education, is authorized to execute a lease agreement for up to thirty years for the rental of an approved building project.

(2) (a) Prior to executing a lease agreement authorized pursuant to this part 12, the executive director of the leasing state department shall submit a report to the office of state

planning and budgeting on the proposed approved building project, including the proposed terms of the lease agreement, through the budgeting process established pursuant to section 24-37-304. If the office of state planning and budgeting approves the proposed approved building project and the lease, it shall make recommendations concerning the proposed approved building project and the lease to the capital development committee. If the capital development committee approves the proposed approved building project and the lease for the proposed approved building project, it shall make recommendations concerning the proposed approved building project and the lease to the joint budget committee. Following receipt of the recommendations, if the joint budget committee approves the proposed approved building project and the lease, it shall include any necessary moneys for the approved building project in its recommendations for the next long appropriations bill.

(b) Prior to executing a lease agreement authorized pursuant to this part 12, the governing board of a leasing institution of higher education shall submit a report to the Colorado commission on higher education on the proposed approved building project, including the proposed terms of the lease agreement, pursuant to the provisions of section 23-1-106, C.R.S. If the proposed approved building project does not require the approval of the capital development committee pursuant to section 23-1-106, C.R.S., the commission may approve the proposed approved building project and the lease. If the proposed approved building project is subject to the approval of the capital development committee pursuant to section 23-1-106, C.R.S., and if the commission approves the proposed approved building project and the lease, the commission shall make recommendations concerning the proposed approved building project and the lease to the capital development committee. If the capital development committee approves the proposed approved building project and the lease for the proposed approved building project, it shall make recommendations concerning the proposed approved building project and the lease to the joint budget committee. Following receipt of the recommendations, if the joint budget committee approves the proposed approved building project and the lease, it shall include any necessary moneys for the approved building project in its recommendations for the next general appropriation bill.

24-82-1204. Terms and conditions of lease agreements. (1) A lease agreement, financed purchase of an asset agreement, or certificate of participation agreement entered into pursuant to this part 12 may contain such terms, provisions, and conditions as the executive director of the leasing state department or the governing board of the leasing institution may

deem appropriate. Any lease agreement entered into pursuant to this part 12 shall comply with the requirements of section 24-82-801.

(2) As used in this section:

(a) "Certificate of participation" means any certificate evidencing a participation right of a proportionate interest in any financing agreement or the right to receive proportionate payments from the state or an agency due under any financing agreement.

(b) "Financed purchase of an asset" means a financing agreement that includes the purchase of an asset.

FINANCED PURCHASE OF AN ASSET OR CERTIFICATE OF PARTICIPATION AGREEMENTS FOR STATE PROPERTY

Cross references: For the legislative declaration in SB 17-267, see section 1 of chapter 267, Session Laws of Colorado 2017.

24-82-1301. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Due to insufficient funding, necessary high-priority state highway projects and state capital construction projects, including projects at state institutions of higher education, in all areas of the state have been delayed, and the state has also delayed critical controlled maintenance and upkeep of state capital assets;

(b) By issuing financed purchase of an asset or certificate of participation agreements using state buildings as collateral as authorized by this part 13, the state can generate sufficient funds to accelerate the completion of many of the necessary high-priority state highway projects and capital construction projects that have been delayed and better maintain and preserve existing state capital assets;

(c) It is the intent of the general assembly that a majority of the additional funding for state capital construction projects realized from issuing financed purchase of an asset or certificate of participation agreements be used for controlled maintenance and upkeep of state capital assets.

24-82-1302. Definitions. As used in this part 13, unless the context otherwise requires:

(1) "Capital construction" has the same meaning as set forth in section 24-30-1301 (2).

(2) "Controlled maintenance" has the same meaning as set forth in section 24-30-1301 (4).

(3) "Eligible state facility" means any financially unencumbered state-owned asset, including, without limitation, any building, structure, facility, or land determined to be eligible by a governing board of a state institution of higher education, but does not include any asset, building, structure, facility, or land that is part of the state emergency reserve for any state fiscal year as designated in the annual general appropriation act.

(4) "State institution of higher education" means a state institution of higher education, as defined in section 23-18-102 (10), and the Auraria higher education center created in article 70 of title 23.

24-82-1303. Financed purchase of an asset or certificate of participation agreements for capital construction and transportation projects. (1) Repealed.

(2) (a) Notwithstanding the provisions of sections 24-82-102 (1)(b) and 24-82-801, and pursuant to section 24-36-121, no sooner than July 1, 2018, the state, acting by and through the state treasurer, shall execute financed purchase of an asset or certificate of participation agreements, each for no more than twenty years of annual payments, for the projects described in subsection (4) of this section. The state shall execute the financed purchase of an asset or certificate of participation agreements as soon as possible after July 1 of the applicable state fiscal year only in accordance with the following schedule:

(I) During the 2018-19 state fiscal year, the state shall execute financed purchase of an asset or certificate of participation agreements in an amount up to five hundred million dollars;

(II) During the 2019-20 state fiscal year, the state shall execute financed purchase of an asset or certificate of participation agreements in an amount up to five hundred million dollars;

(III) During the 2020-21 state fiscal year, the state shall execute financed purchase of an asset or certificate of participation agreements in an amount up to five hundred million dollars; and

(IV) During the 2021-22 fiscal year, the state shall execute financed purchase of an asset or certificate of participation agreements in an amount up to five hundred million dollars.

(b) The anticipated annual state-funded payments for the principal and interest components of the amount payable under all financed purchase of an asset or certificate of participation agreements entered into pursuant to subsection (2)(a) of this section shall not exceed one hundred fifty million dollars.

(c) The state, acting by and through the state treasurer, at the state treasurer's sole discretion, may enter into one or more financed purchase of an asset or certificate of participation agreements authorized by subsection (2)(a) of this section with any for-profit or nonprofit corporation, trust, or commercial bank as a trustee as the seller.

(d) Any financed purchase of an asset or certificate of participation agreement executed as required by subsection (2)(a) of this section shall provide that all of the obligations of the state under the agreement are subject to the action of the general assembly in annually making money available for all payments thereunder. Payments under any financed purchase of an asset or certificate of participation agreement must be made, subject to annual allocation pursuant to section 43-1-113 by the transportation commission created in section 43-1-106 (1) or subject to annual appropriation by the general assembly, as applicable, from the following sources of money:

(I) First, nine million dollars annually, or any lesser amount that is sufficient to make each full payment due, shall be paid from the general fund or any other legally available source of money for the purpose of fully funding the controlled maintenance and capital construction projects in the state to be funded with the proceeds of financed purchase of an asset or certificate of participation agreements as specified in subsection (4)(a) of this section;

(II) Next, fifty million dollars annually, or any lesser amount that is sufficient to make each full payment due, shall be paid from any legally available money under the control of the transportation commission solely for the purpose of allowing the construction, supervision, and maintenance of state highways to be funded with the proceeds of financed purchase of an asset or certificate of participation agreements as specified in subsection (4)(b) of this section and section 43-4-206 (1)(b)(V); except that, for payments due during state fiscal years 2020-21 and 2021-22, sixty-two million dollars annually, or any lesser amount that is sufficient to make each full payment due shall be paid from such legally available money for said purpose; and

(III) The remainder of the amount needed, in addition to the amounts specified in subsections (2)(d)(I) and (2)(d)(II) of this section, to make each full payment due shall be paid from the general fund or any other legally available source of money.

(e) Each agreement must also provide that the obligations of the state do not create state debt within the meaning of any provision of the state constitution or state law concerning or limiting the creation of state debt and are not a multiple fiscal-year direct or indirect debt or other financial obligation of the state within the meaning of section 20 (4) of article X of the

state constitution. If the state does not renew a financed purchase of an asset or certificate of participation agreement executed as required by subsection (2)(a) of this section, the sole security available to the seller is the property that is the subject of the nonrenewed financed purchase of an asset or certificate of participation agreement.

(f) A financed purchase of an asset or certificate of participation agreement executed as required by subsection (2)(a) of this section may contain such terms, provisions, and conditions as the state treasurer, acting on behalf of the state, deems appropriate, including all optional terms; except that each financed purchase of an asset or certificate of participation agreement must specifically authorize the state or the governing board of the applicable state institution of higher education to receive fee title to all real and personal property that is the subject of the financed purchase of an asset or certificate of participation agreement on or before the expiration of the terms of the agreement.

(g) Any financed purchase of an asset or certificate of participation agreement executed as required by subsection (2)(a) of this section may provide for the issuance, distribution, and sale of instruments evidencing rights to receive rentals and other payments made and to be made under the financed purchase of an asset or certificate of participation agreement. The instruments may be issued, distributed, or sold only by the seller or any person designated by the seller and not by the state. The instruments do not create a relationship between the purchasers of the instruments and the state or create any obligation on the part of the state to the purchasers. The instruments are not notes, bonds, or any other evidence of state debt within the meaning of any provision of the state constitution or state law concerning or limiting the creation of state debt and are not a multiple fiscal-year direct or indirect debt or other financial obligation of the state within the meaning of section 20 (4) of article X of the state constitution.

(h) Interest paid under a financed purchase of an asset or certificate of participation agreement authorized pursuant to subsection (2)(a) of this section, including interest represented by the instruments, is exempt from Colorado income tax.

(i) The state, acting by and through the state treasurer and the governing boards of the institutions of higher education, is authorized to enter into ancillary agreements and instruments that are necessary or appropriate in connection with a financed purchase of an asset or certificate of participation agreement, including but not limited to deeds, ground leases, sub-leases, easements, or other instruments relating to the real property on which the facilities are located.

(j) The provisions of section 24-30-202 (5)(b) do not apply to a financed purchase of an asset or certificate of participation agreement executed as required by or to any ancillary agreement or instrument entered into pursuant to this subsection (2). The state controller or his or her designee shall waive any provision of the fiscal rules promulgated pursuant to section 24-30-202 (1) and (13) that the state controller finds incompatible or inapplicable with respect to a financed purchase of an asset or certificate of participation agreement or an ancillary agreement or instrument.

(3) (a) Before executing a financed purchase of an asset or certificate of participation agreement required by subsection (2)(a) of this section, in order to protect against future interest rate increases, the state, acting by and through the state treasurer and at the discretion of the state treasurer, may enter into an interest rate exchange agreement pursuant to article 59.3 of title 11. A financed purchase of an asset or certificate of participation agreement executed as required by subsection (2)(a) of this section is a proposed public security for the purposes of article 59.3 of title 11. Any payments made by the state under an agreement entered into pursuant to this

subsection (3) must be made solely from money made available to the state treasurer from the execution of a financed purchase of an asset or certificate of participation agreement or from money described in subsections (2)(d)(I) and (2)(d)(II) of this section.

(b) Any agreement entered into pursuant to this subsection (3) must also provide that the obligations of the state do not create state debt within the meaning of any provision of the state constitution or state law concerning or limiting the creation of state debt and are not a multiple fiscal-year direct or indirect debt or other financial obligation of the state within the meaning of section 20 (4) of article X of the state constitution.

(c) Any money received by the state under an agreement entered into pursuant to this subsection (3) shall be used to make payments on financed purchase of an asset or certificate of participation agreements entered into pursuant to subsection (2) of this section or to pay the costs of the project for which a financed purchase of an asset or certificate of participation agreement was executed.

(4) Proceeds of financed purchase of an asset or certificate of participation agreements executed as required by subsection (2)(a) of this section shall be used as follows:

(a) (I) The first one hundred twenty million dollars of the proceeds of financed purchase of an asset or certificate of participation agreements issued during the 2018-19 state fiscal year shall be used for controlled maintenance and capital construction projects in the state as follows:

(A) Thirteen million six thousand eighty-one dollars for level I controlled maintenance;

(B) Sixty million six hundred thirty-seven thousand three hundred five dollars for level II controlled maintenance;

(C) Forty million two hundred nine thousand five hundred thirty-five dollars for level III controlled maintenance; and

(D) The remainder for capital construction projects as prioritized by the capital development committee.

(II) The capital development committee shall post the list of specific controlled maintenance projects and the cost of each project funded pursuant to subsection (4)(a)(I)(A), (4)(a)(I)(B), or (4)(a)(I)(C) of this section on its official website no later than May 11, 2017.

(III) When the actual cost of a controlled maintenance project funded from the proceeds of the financed purchase of an asset or certificate of participation agreements executed as required by subsection (2)(a) of this section, as specifically set forth in subsections (4)(a)(I)(A) through (4)(a)(I)(C) of this section, is less than the amount specifically earmarked for such project, the executive director may utilize the savings to cover any additional cost of any other controlled maintenance project funded from the proceeds of the financed purchase of an asset or certificate of participation agreements executed as required by subsection (2)(a) of this section, as specifically set forth in subsections (4)(a)(I)(A) through (4)(a)(I)(C) of this section; except that the executive director's authority to use savings for other controlled maintenance projects may not in any way exceed the total allocation of one hundred thirteen million eight hundred fifty-two thousand nine hundred twenty-one dollars.

(a.5) Of the proceeds of financed purchase of an asset or certificate of participation agreements executed as required by subsection (2)(a)(II) of this section, the lesser of all proceeds in excess of five hundred million dollars or forty-nine million dollars of such excess proceeds shall be credited to the capital construction fund created in section 24-75-302 (1)(a) and appropriated only for controlled maintenance projects, including controlled maintenance projects that are capital renewal projects, in the state.

(b) The remainder of the proceeds shall be credited to the state highway fund created in section 43-1-219 and used by the department of transportation in accordance with section 43-4-206 (1)(b)(V).

24-82.5-101 to 24-82.5-118. (Repealed)

Editor's note: (1) This article was added in 2003 and was not amended prior to its repeal in 2003. For the text of this article, consult the 2003 Colorado Revised Statutes.

(2) Section 24-82.5-118 provided for the repeal of this article, effective December 15, 2003, unless the state treasurer and the tobacco litigation settlement financing corporation entered into at least one property sale contract pursuant to article 82.5 of this title. No such contract had been entered into as of December 15, 2003. (See L. 2003, p. 2543.)

STATE ASSISTANCE - DENVER CONVENTION CENTER

ARTICLE 83

State Assistance - Denver Convention Center

24-83-101. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that:

(a) The location, construction, operation, and maintenance of a convention center within the boundaries of the city and county of Denver affects and impacts the people of all areas of this state;

(b) The location, construction, operation, and maintenance of a convention center within the boundaries of the city and county of Denver will promote diversified economic development across this state;

(c) The location, construction, operation, and maintenance of a convention center within the boundaries of the city and county of Denver with statewide impact is a matter of statewide concern;

(d) Cooperation by the state and the city and county of Denver in the location, construction, operation, and maintenance of such convention center with statewide impact will serve a public use and will promote the health, safety, security, and general welfare of the people of the state of Colorado;

(e) In consideration of the statewide impact, the convention center should be named "the Colorado convention center".

24-83-102. State assistance for payment of obligations. (1) In 1987, the general assembly authorized state assistance to the city and county of Denver in connection with land acquisition for the proposed Denver convention center, in accordance with the provisions of this article.

(2) A contract, referred to in this article as the "contract", to accomplish the provisions of this article was required to be and was negotiated between the city and county of Denver and the state of Colorado, acting through the department of personnel. The contract was required to contain as a minimum the requirements of this article which relate to the mutual obligations of the city and county of Denver and of the state, and the provisions of this article which relate to the obligations that continue after the completion of the state's payment obligations shall continue to be contained in a contract between the city and county of Denver and the state.

(3) The contract provides that the state was obligated to pay six million dollars to the city and county of Denver on July 1, 1988, and on July 1 of each year thereafter through July 1, 1993. The total of such payments was thirty-six million dollars.

(4) The contract provides that amounts paid to the city and county of Denver pursuant to subsection (3) of this section were required to be applied for the payment of the obligations of the city and county in connection with its acquisition of land as the site for the proposed Denver convention center.

24-83-105. Other contractual provisions. (1) The contract shall include the following provisions:

(a) Since the question of residency requirements as a condition of employment at a convention center facility constructed on land acquired with state assistance is a matter of statewide concern, a provision that no charter provision to require residency in the city and county of Denver shall be imposed or enforced at the convention center;

(b) Provisions by which the city and county of Denver agrees to make suitable display space, as defined by rules and regulations promulgated by the executive director of the department of personnel, available in the convention center on a time-share basis to counties, municipalities, and state agencies and private nonprofit or commercial organizations whose purpose is the promotion of tourism and of Colorado businesses and products, in order that the entire state may share in the advertising opportunities provided by the convention center. The contract shall also include provisions which assure that appropriate space will be made available for the promotion of tourism, education, business, and agricultural efforts and activities outside the metropolitan area. Entities using the display space shall make their own determination as to whether union or nonunion labor or volunteers shall setup, service, or dismantle any displays; except that entities using the display space shall conform to any contracts executed before June 1, 1991.

24-83-106. Department of personnel - authority to manage space. (1) The department shall establish a graduated fee schedule for the use of the display space in the convention center in a manner which will enable a wide variety of organizations to use the display space and which takes into account the different types, sizes, and financial ability of such organizations; except that no fees shall be assessed against any counties, municipalities, or state agencies for the use of such display space. The department shall collect only such fees as are necessary to pay for the expenses of the department which are not covered by other moneys available to the department. The revenue from such fees shall be credited to the convention center fund, which fund is hereby created. In addition to fees, the department is authorized to accept any other moneys available to the department for the purpose of utilizing the display space, which other moneys shall include,

but shall not be limited to, donations by public or private entities, loans from the state treasury, or other gifts, grants, or loans. Such moneys shall be credited to the convention center fund. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund.

(2) All moneys in the convention center fund shall be subject to annual appropriation by the general assembly to the department and shall only be used for the purchase of equipment, the production of programs, the costs of managing, scheduling, and promoting the display space, and any other reasonable and necessary expenses related to the utilization of such display space or any other duties of the department pursuant to this section.

(3) The executive director of the department may contract with any public or private entity to manage, schedule, or promote the display space.

INFORMATION TECHNOLOGY ACCESS FOR BLIND

ARTICLE 85

Information Technology Access for Individuals Who are Blind or Visually Impaired

24-85-101. Legislative declaration. The general assembly finds that the state needs to improve access to information, including electronic information, for individuals with a disability.

Source: L. 2000: Entire article added, p. 1504, § 1, effective August 2. **L. 2021:** Entire section amended, (HB 21-1110), ch. 402, p. 2676, § 3, effective June 30.

24-85-102. Definitions. As used in this article 85, unless the context otherwise requires:

(1) "Access" means the ability to receive, use, and manipulate data and operate controls included in information technology.

(1.5) "Accessible" or "accessibility" means perceivable, operable, and understandable digital content that reasonably enables an individual with a disability to access the same information, engage in the same interactions, and enjoy the same services offered to other individuals, with the same privacy, independence, and ease of use as exists for individuals without a disability.

(2) "Blind or visually impaired individual" means an individual who:

(a) Has a visual acuity of 20/200 or less in the better eye with corrective lenses or has a limited field of vision so that the widest diameter of the visual field subtends an angle no greater than twenty degrees;

(b) Has a medically indicated expectation of visual deterioration; or

(c) Has a medically diagnosed limitation in visual functioning that restricts the individual's ability to read and write standard print at levels expected of individuals of comparable ability.

(2.3) "Disability" has the same meaning as set forth in the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and its related amendments and implementing regulations.

(2.7) "Individual with a disability" has the same meaning as "qualified individual with a disability" as defined in subsection (5.5) of this section.

(3) Repealed.

(4) "Information technology" means all electronic information processing hardware and software, including telecommunications.

(5) "Nonvisual" means synthesized speech, Braille, and other output methods not requiring sight.

(5.3) "Office of information technology" means the office of information technology created in section 24-37.5-103.

(5.5) "Qualified individual with a disability" or "individual with a disability" has the same meaning as set forth in the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and its related amendments and implementing regulations.

(6) "State agency" means the state or any of its principal departments, agencies, or boards or commissions.

(7) "Telecommunications" means the transmission of information, images, pictures, voice, or data by radio, video, or other electronic or impulse means.

Source: **L. 2000:** Entire article added, p. 1504, § 1, effective August 2. **L. 2007:** (3) repealed, p. 918, § 22, effective May 17. **L. 2021:** IP amended and (1.5), (2.3), (2.7), (5.3), and (5.5) added, (HB 21-1110), ch. 402, p. 2676, § 4, effective June 30. **L. 2023:** (1.5) amended, (SB 23-244), ch. 100, p. 369, § 1, effective April 20.

24-85-103. Accessibility standards for individuals with a disability - appropriation - repeal. (1) The chief information officer in the office of information technology shall establish in rule pursuant to section 24-37.5-106 (4) accessibility standards for an individual with a disability for information technology systems employed by state agencies that:

(a) Provide an individual with a disability with access to information stored electronically by state agencies by ensuring compatibility with adaptive technology systems so that an individual with a disability has full and equal access when needed; and

(b) Are designed to present information, including prompts used for interactive communications, in formats intended for both visual and nonvisual use, such as the use of text-only options.

(1.5) The chief information officer in the office of information technology shall, consistent with the responsibilities of the office, promote and monitor the accessibility standards for individuals with a disability in the state's information technology infrastructure. Each state agency is directed to comply with the accessibility standards for individuals with a disability, established by the office of information technology pursuant to subsection (2.5) of this section, in the creation and promulgation of any online content and materials used by such state agency.

(2) The chief information officer in the office of information technology shall consult with state agencies and representatives of individuals with a disability in maintaining the accessibility standards for individuals with a disability described in subsection (1) of this section and the procurement criteria described in section 24-85-104.

(2.5) The chief information officer in the office of information technology shall promulgate rules that establish accessibility standards for individuals with a disability based on and including, but not limited to, the most recent web content accessibility guidelines promulgated and published by the world wide web consortium web accessibility initiative or the international accessibility guidelines working group, or any successor group or organization, or any subsequent updates or revisions to such guidelines by any successor group or organization when establishing the accessibility standards for individuals with a disability.

(3) On or before July 1, 2024, each state agency shall fully implement the accessibility standards for individuals with a disability. Any state agency not in compliance with the accessibility standards pursuant to subsection (2.5) of this section after July 1, 2024, is in violation of section 24-34-802 and is subject to the remedies for noncompliance set forth in section 24-34-802.

(4) (a) Any unexpended and unencumbered money appropriated to a department in a specific line item for information technology accessibility for fiscal year 2023-24 remains available for expenditure by the department through fiscal year 2025-26 without further appropriation for the department to comply with information technology accessibility standards. At the end of fiscal year 2025-26, money that is unexpended or unencumbered reverts to the fund from which it was appropriated.

(b) This subsection (4) is repealed, effective July 1, 2027.

Source: **L. 2000:** Entire article added, p. 1505, § 1, effective August 2. **L. 2007:** IP(1) and (2) amended, p. 917, § 17, effective May 17. **L. 2021:** Entire section amended, (HB 21-1110), ch. 402, p. 2677, § 5, effective June 30. **L. 2023:** IP(1), (1.5), (2.5), and (3) amended and (4) added, (SB 23-244), ch. 100, p. 369, § 2, effective April 20.

24-85-104. Procurement requirements - criteria - implementation. (1) The office of information technology shall approve minimum standards and criteria to be used in approving or rejecting procurements by state agencies for adaptive technologies for nonvisual or other disability access uses.

(2) Nothing in this article 85 requires the installation of software or peripheral devices used for accessibility for an individual with a disability when the information technology is being used by individuals who are not disabled. Nothing in this article 85 requires the purchase of adaptive equipment by a state agency.

(3) Notwithstanding subsection (2) of this section, the applications, programs, and underlying operating systems, including the format of the data, used for the manipulation and presentation of information must permit the installation and effective use of and be compatible with software and peripheral devices that provide accessibility to an individual with a disability.

(4) Compliance with the procurement requirements of this section must be achieved at the time of procurement of an upgrade or replacement of existing information technology equipment or software.

Editor's note: This section is similar to former § 24-91-102 as it existed prior to 1979.

24-90-103. Definitions. As used in this article, unless the context otherwise requires:

(1) "Academic library" means a library established and maintained by a state-supported institution of higher education primarily for the use of its students and faculty.

(2) "County library" means a public library established and maintained by a county.

(3) "Governmental unit" means any county, city, city and county, town, or school district of the state of Colorado.

(3.5) "Institutional library" means a library, with the exception of a law library, contained within a correctional, residential, or mental health facility operated by the state.

(4) "Joint library" means a library established and jointly funded through an agreement by two or more governmental units or by one or more governmental units and an institution of higher education providing at least two of the following types of library services: Academic, public, or school.

(4.5) "Legal service area" means the geographic area for which a public library has been established to offer services and from which, or on behalf of which, the library derives income. A "legal service area" shall be defined in terms of geographic units for which official population estimates can be obtained or derived annually from the Colorado state data center. Legal service area population estimates shall be collected and reported according to guidelines developed by the state library. "Legal service area" includes any areas served under contract for which the library is the primary provider of library services and for which the library receives funds to serve.

(5) "Legislative body" means the body authorized to determine the amount of taxes to be levied in a governmental unit or in a library district or that undertakes other action on behalf of the governmental unit or library district as specified in this article. Governing bodies to which the term legislative body may apply include but are not limited to a board of county commissioners, a city council, a town board of trustees, or a library board of trustees as the context requires.

(5.5) "Library" means an entity that provides:

(a) An organized collection of printed or other resources or a combination of such resources;

(b) Paid staff;

(c) An established schedule in which services of the staff are available to its clientele; and

(d) The facilities necessary to support such collection, staff, and schedule.

(6) "Library district" means a public library established as its own taxing authority by one or more governmental units or parts thereof. A library district shall be a political subdivision of the state.

(7) "Library network" means libraries or other organizations cooperatively interconnected by communication links or channels which can be used for the exchange or transfer of materials and information.

(8) and (9) (Deleted by amendment, L. 2003, p. 2442, § 1, effective August 15, 2003.)

(9.5) "Metropolitan area" means a geographical area designated as a metropolitan area by the office of management and budget of the United States government.

(10) "Municipality" means any city or any town operating under general or special laws of the state of Colorado or any home rule city or town, the charter or ordinances of which contain no provisions inconsistent with the provisions of this part 1.

(11) "Municipal library" means a public library established and maintained by a municipality.

(12) "Notice" means publication, once a week for two consecutive weeks, in one newspaper of general circulation in the library service area or proposed library service area or by more than one such newspaper if no single newspaper is generally circulated throughout said area. Not less than seven days, excluding the day of the first publication but including the day of the last publication, shall intervene between the first and last publications.

(13) (a) "Public library" means an administrative entity that is:

(I) Operated and maintained for the free use of the public residing within its legal service area;

(II) Operated and maintained in whole or in part with money derived from local taxation; and

(III) Open to the public a minimum number of hours per week in accordance with rules established by the state library.

(b) An administrative entity may provide public library services through a single public outlet or any combination of any of the following types of outlets: A central or main library, branch libraries, or bookmobiles.

(13.5) "Public library services" means services customarily provided by a public library.

(14) "Publicly supported library" means a library supported principally with money derived from taxation. Publicly supported libraries shall include all public libraries and may include academic libraries, school libraries, and special libraries.

(15) "Registered elector" or "elector" means a person who is registered to vote at general elections in this state.

(15.5) "Regional library authority" means a separate governmental entity created by an agreement entered into by any two or more governmental units for the purpose of providing and funding public library services to the residents of the governmental units that are parties to the agreement.

(16) "Regional library service system" means an organization of publicly supported member libraries, established to provide, develop, and coordinate cooperative interlibrary services within a designated geographical area, that is governed by an independent board.

(17) "Resource center" means a library designated through contractual arrangements with the state library to provide specialized, statewide library services.

(18) "School library" means a library established and maintained by a school district for the use of its students and staff as well as for the general public under such regulations as the board of education of the school district may prescribe.

(19) "Special library" means a library established and maintained primarily for the use of a specialized population, including libraries operated by an Indian tribe having a reservation in this state; except that, where the specialized population that is an Indian tribe having a reservation in this state requests classification of a library established and maintained for its use as a public library and the library satisfies the definition of a public library as specified in subsection (13) of this section, the library shall be treated as a public library for purposes of this article.

(20) (Deleted by amendment, L. 2003, p. 2442, § 1, effective August 15, 2003.)

(21) "State library" means the state library created pursuant to section 24-90-104.

24-90-104. State library created - administration. (1) The state library is created as a division of the department of education, and its operation is declared to be an essential administrative function of the state government. The state library is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the department of education, the commissioner of education, and the state board of education.

(2) The commissioner of education, as ex officio state librarian, has charge and direction of the state library but may delegate to the assistant commissioner in charge of the state library any or all of the powers given to the state librarian in this article for such periods and under such restrictions as the commissioner sees fit, upon approval of the state board of education.

(3) The commissioner of education shall appoint an assistant commissioner, office of library services, in accordance with the provisions of section 13 of article XII of the state constitution. Said assistant commissioner shall have at least a master's degree from a library school accredited by the American library association and shall have at least seven years of progressively responsible library experience, five of which shall have been in administrative positions.

24-90-105. Powers and duties of state librarian. (1) The state librarian has the following powers and duties with respect to the state library:

(a) (I) To make reasonable rules and regulations for the administration of the provisions of this part 1 and parts 2, 3, 4, and 5 of this article; for the use of state library materials; and for the purchase, control, and use of books and other resources;

(II) Rules promulgated under this part 1 are subject to section 24-4-103.

(b) To appoint all professional and clerical help in the state library, subject to the provisions of section 13 of article XII of the state constitution;

(c) To furnish or contract for the furnishing of library or information services to state officials and departments;

(d) To furnish or contract for the furnishing of library service to institutional libraries, and to make reasonable rules for the establishment, maintenance, and operation of institutional libraries; except that any such rules shall not conflict with any rules promulgated by the department of corrections;

(e) To furnish or contract for the furnishing of library services to persons who are blind and physically disabled, including persons who cannot use printed materials in their conventional format;

(f) To contract for the furnishing of library resources to ensure equal access to information for all Coloradans;

(g) To coordinate programs and activities of the regional library service systems, as provided by the rules of the regional library service system created in section 24-90-115;

(h) To provide for the collection, analysis, publication, and distribution of statistics and information relevant to the state library and to public, school, academic, and institutional libraries. Publications circulated in quantity outside the executive branch shall be issued in accordance with the provisions of section 24-1-136.

(i) To conduct or contract for research projects necessary to plan and evaluate the effectiveness of library programs in the state;

(j) To contract for the lending of books and other resources to publicly supported libraries and institutions, including, without limitation, the Colorado resource center at the Denver public library and any other resource centers as may be designated;

(k) To report to the state board of education at such times and on such matters as the board may require;

(l) To accept gifts and bequests of money or property, and, subject to the terms of any gift or bequest and to applicable provisions of law, to hold in trust, invest, or sell any gift or bequest of money or property, and to use either the principal or interest or the proceeds of sale for programs or purposes specified in the gift or bequest as approved by the state board of education. The use of gifts and bequests shall be subject to audit by the state auditor or the state auditor's designee. The principal of any gift or bequest and the interest received thereon from investment shall be available for use by the state library in addition to any funds appropriated by the general assembly. The acceptance of any gift or bequest under this subsection (1)(l) shall not commit the state to any expenditure of state funds.

(m) To serve as the repository of the bylaws and the legal service area maps of all library districts within the state.

(2) The state librarian has the following powers and duties with respect to other publicly supported libraries in the state:

(a) To further library development and to provide for the supplying of consultative assistance and information to all types of publicly supported libraries in the state through field

visits, conferences, institutes, correspondence, statistical information, publications, and electronic media; and to do any and all things that may reasonably be expected to promote and advance library services;

(a.3) To develop and promulgate service standards for school, public, and institutional libraries to guide the development and improvement of such libraries; except that any such standards shall not conflict with any standards promulgated by the department of corrections;

(a.5) To encourage contractual and cooperative relations to enhance resource sharing among all types of libraries and agencies throughout the state;

(b) To serve as the agency of the state to receive and administer state or federal funds that may be appropriated to further library development within the state upon approval of the state librarian; except that this paragraph (b) shall not preclude other governmental units, including, but not limited to, municipalities, counties, a city and county, and library districts, from applying for, receiving, or administering such state or federal funds;

(c) To develop regulations under which state grants are distributed for assisting in the establishment, improvement, or enlargement of libraries or regional library service systems and to develop all necessary procedures to comply with federal regulations under which such grants are distributed for assisting in the establishment, improvement, or enlargement of libraries;

(d) (Deleted by amendment, L. 2003, p. 2445, § 5, effective August 15, 2003.)

(e) To cooperate with local legislative bodies, library boards, library advisory committees, appropriate professional associations, and other groups in the development and improvement of libraries throughout the state;

(f) To carry out the functions and responsibilities of the Colorado virtual library network pursuant to part 3 of this article.

(g) To work with public libraries throughout the state to facilitate access to evidence-based training in the science of reading, as defined in section 24-90-121, for librarians and assist in identifying materials and activities for parents and children to improve literacy, as described in section 24-90-121.

Editor's note: This section is similar to former §§ 24-90-107 and 24-90-108 as they existed prior to 1979.

24-90-105.5. Radio reading services. (1) The general assembly hereby declares that there is a growing need for reading services in Colorado to serve the citizens of the state. The general assembly recognizes that the state has numerous citizens who are blind or visually

impaired or who have physical impairments which make the use of printed materials difficult or impossible and further recognizes that the aging of the population of Colorado is increasing the number of such citizens. Because of the need for reading assistance to inform and inspire individuals who cannot use printed materials and because of the unique ability of radio reading services to reach individuals in every corner of the state who require reading services, the general assembly finds that radio reading services should be encouraged and should be made available throughout the state.

(2) In addition to any other powers granted to the state librarian under this article, the state librarian shall have the power with respect to the state library to contract with entities for the furnishing of radio reading services to individuals who are blind or visually impaired or who have physical disabilities which impair their use of printed materials.

(3) The furnishing of radio reading services shall include, but shall not be limited to, the production of reading service radio programs, the broadcast of reading services over a subcarrier frequency, and the provision of radio receivers to listeners for use in receiving reading service broadcasts.

(4) The reading materials for radio reading services shall include, but shall not be limited to, newspapers, periodicals, local calendars of events, consumer information, best seller books, and information concerning pending legislative matters.

(5) The general assembly hereby recognizes the importance of privately operated reading services to enable those persons who cannot effectively read newspapers or other printed documents to gain access to such otherwise inaccessible print materials. The state librarian shall have the authority to administer funds in the reading services for the blind cash fund, which is hereby created, for the support of said privately operated reading services. The fund shall consist of any public or private moneys transferred, appropriated, or otherwise credited thereto. All moneys credited to the fund and all interest earned on the investment of moneys in the fund shall be a part of the fund and shall not be transferred or credited to the general fund or to any other fund except as directed by the general assembly acting by bill. The general assembly shall make annual appropriations from the reading services for the blind cash fund to the state librarian to carry out the purposes of this subsection (5).

24-90-106. Participation of existing libraries in the formation of new libraries. (1) Any governmental unit of the state of Colorado has the power to establish and maintain a public library under the provisions of this part 1, either by itself or in cooperation with one or more other governmental units. Whenever a county library or library district is proposed to be formed, specific written notification of the proposed establishment shall be given at least ninety days prior to anticipated action on the proposed establishment to each governmental unit maintaining a public library in the legal service area of the proposed library and the board of trustees of each library. The legislative body of any governmental unit that maintains a public library within the territory to be served by a county library or a library district or the board of trustees of an established library district shall decide, by resolution or ordinance, whether or not to participate in the county library or library district. If participation in the county library or library district is to be funded by any amount of tax levy not previously established by resolution or ordinance nor

previously approved by the electors, the resolution or ordinance shall state that the electors of the library district or governmental unit must approve that levy before participation can be effected. Written notice of a decision not to participate shall be filed with the board of county commissioners in the case of a proposed county library or with the boards of county commissioners of each county having territory within the library's legal service area in the case of a proposed library district. The notice shall be filed at least thirty days prior to action being taken on the resolution or ordinance to create a county library or library district or on the resolution to conduct an election to create the county library or library district.

24-90-106.3. Inclusion of a governmental unit into an existing library district - procedure. (1) Any governmental unit sharing at least one common boundary with an existing library district may become part of the district upon a resolution executed by the board of trustees of the district and the adoption of an ordinance or resolution, as applicable, by the legislative body of the governmental unit approving the inclusion of the governmental unit into the district. If the tax levy imposed by the district pursuant to section 24-90-112 has not been previously approved by the registered electors of the governmental unit, the electors shall approve the levy before the governmental unit may be included in the district. Any such election shall be held in accordance with the requirements specified in section 20 of article X of the state constitution, articles 1 to 13 of title 1, C.R.S., and article 10 of title 31, C.R.S., as applicable, and the election shall be held on the date of the state biennial general election, the first Tuesday in November in odd-numbered years, or, if the governmental unit is a municipality, on the date of the regular election of the municipality.

(2) Upon the inclusion of a governmental unit into a library district in accordance with the requirements of subsection (1) of this section, the legislative body of the governmental unit and the board of trustees of the district shall enter into a written agreement within ninety days of the election that sets forth fully the rights, obligations, and responsibilities, financial and otherwise, of the parties to the agreement.

(3) In the case of a governmental unit that has a portion included within a library district and a portion that is not included within the district, the governmental unit may follow the procedures specified in subsections (1) and (2) of this section to bring about the inclusion of the entire governmental unit into the district; except that, in such circumstances, only the registered electors residing within the portion of the governmental unit that is not included within the district at the time of the commencement of the inclusion proceedings shall be allowed to vote on the question of approval of the district tax levy.

24-90-106.5. Establishment or removal of a municipal library in an existing county library or library district. If a municipality is in the legal service area of an existing county library or library district, public library service shall not be refused or discontinued other than as provided in this article. The municipality may establish its own municipal library only by choosing to do so by means of financial support that does not affect the financial support previously established for the county library or library district; except that the municipality and the county library or library district may, by mutual written agreement, permit a financing method for a municipal library that does affect the financial support previously established for the county library or library district. If establishment of the municipal library is to be funded by any amount of tax levy not previously established by resolution or ordinance nor previously approved by the electors of the municipality, the electors must approve that levy before the municipality can establish the library.

Editor's note: This section was formerly numbered as § 24-90-106 (2).

24-90-107. Method of establishment. (1) A municipal or county library may be established for a governmental unit either by the legislative body of said governmental unit on its own initiative, by adoption of a resolution or ordinance to that effect, or upon petition of one hundred registered electors residing in the proposed library's legal service area. A joint library may be established by the legislative bodies of two or more governmental units, and a library district by the legislative bodies of one or more governmental units, each proceeding to adopt a resolution or an ordinance to that effect. A library district may also be formed by petition of one hundred registered electors residing within the proposed library district addressed to the boards of county commissioners in each county in the proposed library district.

(2) If establishment of a municipal, county, or joint library or a library district is to be by resolution or ordinance, the following procedures shall be followed:

(a) A public hearing following notice shall be held by any governmental unit forming the public library. Such notice shall set forth the matters to be included in the resolution or ordinance and shall fix a date for the hearing that shall be not less than thirty nor more than sixty days after the date of first publication of such notice.

(b) Such public hearings shall include discussion of the purposes of the library to be formed and, where more than one governmental unit is involved, the powers, rights, obligations, and responsibilities, financial and otherwise, of each governmental unit.

(c) The resolution or ordinance shall describe the proposed library's legal service area, identifying any excluded areas, shall specify the mill levy and property tax dollars to be imposed or other type and amount of funding, and shall state that the electors of the governmental unit or library district must approve any amount of tax levy not previously established by resolution or ordinance nor previously approved by the electors before the library can be established.

(d) Upon the adoption of the resolution or ordinance, the legislative body or bodies shall establish the public library and provide for its financial support beginning on or before January 1

of the year following the adoption of the resolution or ordinance by all those legislative bodies effecting the establishment or, if any amount of tax levy not previously established by resolution or ordinance nor previously approved by the electors is to provide the financial support, following elector approval of that levy.

(e) Upon establishment of a joint library or library district, and after appointment of the library board of trustees, a written agreement between the legislative body of each participating governmental unit and the library board of trustees shall be effected within ninety days, which time frame may be extended by mutual agreement of the parties, and shall set forth fully the rights, obligations, and responsibilities, financial and otherwise, of all parties to the agreement, including provisions concerning:

(I) The transition from the library to a library district, such as ownership of the library's real and personal property, personnel, and the provision of administrative services during the transition;

(II) The method of trustee selection; and

(III) Such other necessary terms and conditions as may be determined by the parties.

(3) If establishment of a county or municipal library or a library district is by petition of registered electors, the following procedures shall be followed:

(a) The petition shall set forth:

(I) A request for the establishment of the library;

(II) The name or names of the governmental unit or units establishing the library;

(III) The name of the proposed library, and for a library district, the chosen name preceding the words "library district";

(IV) A general description of the legal service area of the proposed public library with such certainty as to enable a property owner to determine whether or not such property owner's property is within the proposed library's legal service area; and

(V) Specification of the mill levy to be imposed or other type and amount of funding and that the electors must approve any amount of tax levy not previously established by resolution or ordinance nor previously approved by the electors before the county or municipal library or library district can be established.

(b) Petitions shall be addressed to the legislative body of the county or municipality, or, in the case of a library district, to the boards of county commissioners of each county having territory within the legal service area of the proposed district.

(c) (I) Except as otherwise provided in subparagraphs (II) and (III) of this paragraph (c), at the time of filing the petition for the establishment of a library district, a bond shall be filed with the county or counties sufficient to pay all expenses connected with the organization of the library district if such organization is not affected.

(II) Except as otherwise provided in subparagraph (III) of this paragraph (c), the board of county commissioners of each county having territory within the legal service area of the proposed library district may:

(A) Waive the bonding requirement; and

(B) With the consent of the board of trustees of an existing library, pay for the costs of the election for the proposed library district. If the legal service area of a proposed library district includes two or more counties, the costs of election for such library district to be paid by any county pursuant to this sub-subparagraph (B) shall not exceed a percentage of said costs equal to

the percentage that the population of the county within the boundaries of the legal service area bears to the total population within the boundaries of such service area.

(III) (A) Subject to the provisions of sub-subparagraphs (B) and (C) of this subparagraph (III), the board of county commissioners of each county having territory within the legal service area of the proposed library district shall pay no less than fifty percent of the costs of the election for such library district if the petition submitted pursuant to subsection (1) of this section contains signatures by registered electors residing in the proposed library district in an amount equal to at least five percent of the total number of votes cast in every precinct in the proposed library district for all candidates for the office of secretary of state at the previous general election.

(B) Payment of election costs for any library district shall not be required of any county under this subparagraph (III) more than once every four years.

(C) In the case where the legal service area of a proposed library district includes two or more counties, the costs of the election for the library district shall be paid on a prorated basis with each county within the boundaries of the proposed library's legal service area paying a percentage of said costs equal to the percentage that the population of the county within the boundaries of the library's legal service area bears to the total population of such service area.

(c.5) Notwithstanding any other provision of this section, the costs of the election of a proposed library district may be assumed by an existing library where the assumption of the costs has been approved by the board of trustees of said library.

(d) Upon receipt of such petition, the legislative body or bodies shall either establish the library by resolution or ordinance, in accordance with subsection (2) of this section, or shall submit the question of the establishment of a public library to a vote of the registered electors residing in the proposed library's legal service area in accordance with the following provisions:

(I) In the case of a municipal library, such election shall be held in accordance with article 10 of title 31, C.R.S., and section 20 of article X of the state constitution, and shall be held on the date of the state biennial general election, the first Tuesday in November in odd-numbered years, or the municipal regular election, whichever is earliest; except that such petition shall be filed at least ninety days before such election.

(II) In the case of a library district or county library, such election shall be held in accordance with articles 1 to 13 of title 1, C.R.S., and section 20 of article X of the state constitution, and shall be held on the date of the state biennial general election or the first Tuesday in November in odd-numbered years, whichever is earliest; except that such petition shall be filed at least ninety days before such election.

(III) Public hearings shall be conducted by such legislative body or bodies prior to an election and shall include a discussion of the purposes of the library to be formed and, where more than one governmental unit is involved, the powers, rights, obligations, and responsibilities, financial and otherwise, of each governmental unit.

(e) and (f) (Deleted by amendment, L. 97, p. 411, § 1, effective April 24, 1997.)

(g) If a majority of the electors voting on the question vote in favor of the establishment of a library, the legislative body of each establishing governmental unit shall forthwith establish such library and provide for its financial support beginning on or before January 1 of the year following the election.

(h) Upon establishment of a library district, and after appointment of the library board of trustees, a written agreement between the legislative body of each participating governmental

unit and the library board of trustees shall be effected within ninety days, which time frame may be extended by mutual agreement of the parties, and shall set forth fully the rights, obligations, and responsibilities, financial and otherwise, of all parties to the agreement, including provisions concerning:

(I) The transition from the library to a library district, such as ownership of the library's real and personal property, personnel, and the provision of administrative services during the transition;

(II) The method of trustee selection; and

(III) Such other necessary terms and conditions as may be determined by the parties.

(i) If organization of a library district is effected, the district shall reimburse the legislative bodies holding the election for expenses incurred in holding the election.

24-90-108. Board of trustees of public libraries. (1) The management and control of any library established, operated, or maintained under the provisions of this part 1 shall be vested in a board of not fewer than five nor more than seven trustees. Appointees to the library board of trustees shall be chosen from the residents within the legal service area of the library.

(2) (a) In cities and towns the trustees shall be appointed by the mayor with the consent of the legislative body.

(b) In counties the trustees shall be appointed by the board of county commissioners.

(c) In a library district established by only one governmental unit, the legislative body of the governmental unit shall decide the number of its members to be appointed to the committee formed to appoint the initial board of trustees in accordance with the requirements of this paragraph (c). In a library district established by more than one governmental unit, the legislative body of each participating governmental unit shall appoint two of its members to a committee that shall appoint the initial board of trustees. Thereafter, any such legislative body or bodies may either continue such a committee or delegate to the board of trustees of the library district the authority to recommend new trustees. Trustee appointments shall be ratified by a two-thirds majority of the legislative body; except that the failure of a legislative body to act within sixty days upon a recommendation shall be considered a ratification of such appointment.

(d) In school districts the trustees shall be appointed by the school board.

(e) For joint libraries, the trustees shall be appointed by the legislative bodies of the participating governmental units unless otherwise specified in the contract.

(3) (a) The first appointments of such boards of trustees shall be for terms of one, two, three, four, and five years respectively if there are five trustees, one for each of such terms except the five-year term for which two shall be appointed if there are six trustees, and one for each of such terms except the four-year and five-year terms for each of which two shall be appointed if there are seven trustees. Thereafter, a trustee shall be appointed for the length of term specified by the legislative body or, in the case of a library district, by the bylaws adopted by its board of trustees. The number of terms a trustee may serve shall be specified by the legislative body or, in the case of a library district, by the bylaws adopted by its board of trustees.

(b) Vacancies shall be filled for the remainder of the unexpired term as soon as possible in the manner in which trustees are regularly chosen.

(4) A trustee shall not receive a salary nor other compensation for services as a trustee, but necessary traveling and subsistence expenses actually incurred may be paid from the public library fund.

(5) A library trustee may be removed only by a majority vote of the appointing legislative body or bodies, but only upon a showing of good cause as defined in, but not limited to, the bylaws adopted by the board.

(6) The board of trustees, immediately after their appointment, shall meet and organize by the election of a president and a secretary and such other officers as deemed necessary.

24-90-109. Powers and duties of board of trustees. (1) The board of trustees shall:

(a) Adopt such bylaws, rules, and regulations for its own guidance and policies for the governance of the library as it deems expedient. The bylaws shall include, but not be limited to, provisions for the definition of good cause to be applied in the removal of a trustee pursuant to section 24-90-108 (5); designation of those officers to be appointed or elected and the manner of such appointment or election; rules and regulations for the conducting of meetings; rules for public participation in meetings; and procedures for amending the bylaws. The bylaws of a library district shall further provide for the length and number of terms of board members. A copy of the bylaws shall be filed with the legislative body of each participating governmental unit and the state library in accordance with section 24-90-105 (1)(m).

(b) Have custody of all property of the library, including rooms or buildings constructed, leased, or set apart therefor;

(c) Employ a director and, upon the director's recommendation, employ such other employees as may be necessary. The duties of the director shall include, but not be limited to:

(I) Implementing the policies adopted by the board of trustees pursuant to paragraph (a) of subsection (1) of this section;

(II) Recommending individuals for employment by the board of trustees; and

(III) Performing all other acts necessary for the orderly and efficient management and control of the library.

(d) Submit annually a budget as required by law and certify to the legislative body of the governmental unit or units that the library serves the amount of the mill levy necessary to maintain and operate the library during the ensuing year;

(e) (I) In county and municipal libraries, have exclusive control and spending authority over the disbursement of the library funds as appropriated by its legislative body, including all assets of the public library fund, as set forth in section 24-90-112 (2)(a);

(II) In library districts, adopt a budget and make appropriations for the ensuing fiscal year as set forth in part 1 of article 1 of title 29, C.R.S., and have exclusive control and spending authority over the disbursement of library funds as set forth in section 24-90-112 (2)(a);

(f) Accept such gifts of money or property for library purposes as it deems expedient;

(g) Hold and acquire land by gift, lease, or purchase for library purposes;

(h) Lease, purchase, or erect any appropriate building for library purposes and acquire such other property as may be needed therefor;

(i) Sell, assign, transfer, or convey any property of the library, whether real or personal, which may not be needed within the foreseeable future for any purpose authorized by law, upon such terms and conditions as it may approve, and lease any such property, pending sale thereof, under an agreement of lease, with or without an option to purchase the same. The board, prior to the conveyance of such property, shall make a finding that the property may not be needed within the foreseeable future for library purposes, but no such finding shall be necessary if the property is sold or conveyed to a state agency or political subdivision of this state.

(j) Borrow funds for library purposes by means of a contractual short-term loan when moneys are not currently available but will be in the future. Such loan shall not exceed the amount of immediately anticipated revenues, and such loan shall be liquidated within six months.

(k) Authorize the bonding of persons entrusted with library funds;

(l) (I) In the case of a county or municipal library, submit financial records for audit as required by the legislative body of the appropriate governmental unit; or

(II) In the case of any library district, conduct an annual audit of the financial statements of the district.

(m) Adopt a policy for the purchase of library materials and equipment on the recommendation of the director;

(n) Hold title to property given to or for the use or benefit of the library, to be used according to the terms of the gift;

(o) (Deleted by amendment, L. 2009, (HB 09-1072), ch. 74, p. 265, § 6, effective August 5, 2009.)

(p) Have the authority to enter into contracts;

(p.5) Maintain a current, accurate map of the legal service area and provide for such map to be on file with the state library;

(q) Receive the true and correct copies of all school district collective bargaining agreements submitted pursuant to the "Colorado School Collective Bargaining Agreement Sunshine Act", section 22-32-109.4, C.R.S., and create an electronic or physical repository for all of said current collective bargaining agreements at the library that is available to the public for inspection during regular business hours in a convenient and identified location.

(2) At the close of each calendar year, the board of trustees of every public library shall make a report to the legislative body of the town or city, in the case of a municipal library or library district formed by a municipality, or the board of county commissioners of each county having territory within the legal service area, in the case of a county library or library district, showing the condition of its trust during the year, the sums of money expended, and the purposes of the expenditures and such other statistics and information as the board of trustees deems to be of public interest.

(2.5) At the close of each calendar year, the board of trustees of every public library shall make a report to the state library in the form of a response to a survey to be designed and administered by the state library. The report shall contain such other statistics and information as may be required by the state library.

(3) The board of trustees of a public library or the governing board of any other publicly supported library, under such rules and regulations as it may deem necessary and upon such terms and conditions as may be agreed upon may allow nonresidents of the governmental unit which the library serves to use such library's materials and equipment and may make exchanges of books and other materials with any other library, either permanently or temporarily.

(4) In addition to the powers and duties of a board of trustees specified in subsection (1) of this section, the board of trustees of a school district supported public library, municipal library, county library, or a library district shall have the authority to request of the board of education in the case of a school district supported public library, the legislative body of the city or town in the case of a municipal library, or the board of county commissioners in the case of a county library or library district that an election be held to alter the maximum tax levied to support the school district supported public library, municipal library, county library, or library district pursuant to section 24-90-112 (1)(b)(III), in which case such board of education, legislative body, or board of county commissioners shall cause the vote to be held. For purposes of this subsection (4), "school district supported public library" means any library solely established and maintained by a school district for which such school district began levying a tax before the enactment of the "Colorado Library Law" on July 1, 1979. For all other purposes under this article, a school district supported public library shall be deemed a public library.

24-90-110.7. Regional library authorities. (1) (a) In order to support and provide for public library service on a regional basis, particularly in any region of the state lacking sufficient public library resources to adequately serve the needs of the public, any combination of two or more governmental units acting through their governing bodies, regardless of whether such unit currently maintains a public library, may, by contracting with or among each other, establish a separate governmental entity to be known as a regional library authority, referred to in this section as an "authority". Such authority may be used by such contracting member governmental units to effect the acquisition, construction, financing, operation, or maintenance of publicly supported library services on a regional basis within the jurisdiction of the authority. For purposes of this section, a governmental unit may include a library district within the meaning of section 24-90-103 (6).

(b) No such authority shall be formed pursuant to this section unless each of the contracting member governmental units forming such authority has passed a resolution or ordinance in accordance with the requirements of paragraph (d) of this subsection (1) and has entered into a contract pursuant to section 29-1-203, C.R.S., for the creation, operation, and administration of such authority.

(c) (I) In connection with the establishment of an authority, at least one public hearing shall be conducted by each of the contracting member governmental units that intend to enter into a contract for the purpose of forming the authority. Any such hearing shall be preceded by adequate and timely notice of the time and place of the hearing. The notice shall specify the matters to be included in the resolution or ordinance and shall fix a date for the hearing that shall be held not less than thirty nor more than sixty days after the date of first publication of such notice.

(II) Any public hearing conducted in accordance with the requirement of subparagraph (I) of this paragraph (c) shall address, without limitation, the purposes of the authority, and, where more than one governmental unit is involved in the formation of the authority, the powers, rights, obligations, and responsibilities, financial and otherwise, of each governmental unit that is forming the authority.

(d) The resolution or ordinance to be adopted by each of the contracting member governmental units forming the authority in accordance with the requirements of paragraph (b) of this subsection (1) shall:

(I) Describe the legal service area of the authority;

(II) Describe the proposed governance of the authority; and

(III) State that the registered electors residing within the territorial boundaries of such contracting member governmental units shall approve any amount of sales or use tax, or both, in accordance with the requirements of paragraph (f) of subsection (3) of this section or an ad valorem tax in accordance with the requirements of paragraph (h) of subsection (3) of this section not previously approved by the electors before the authority shall levy such taxes.

(2) Upon establishment of an authority satisfying the requirements of this section, a contract between the legislative bodies of the contracting member governmental units, shall be effected within ninety days. Any contract establishing such authority shall, without limitation, specify:

(a) The name and purpose of such authority and the functions or services to be provided by such authority;

(b) The boundaries of the authority, which boundaries may include less than the entire area of any separate county, but shall not be less than the entire area of any municipality and any other governmental unit forming the authority, and may be modified after the establishment of the authority as provided in the contract;

(c) The establishment and organization of a governing body of the authority, which shall be a board of directors, referred to in this section as the "board of the authority", in which all legislative power of the authority is vested, including:

(I) The number of directors, their manner of appointment, their terms of office, their compensation, if any, and the procedure for filling vacancies on the board of the authority;

(II) The officers of the authority, the manner of their selection, and their duties;

(III) The voting requirements for action by the board of the authority; except that, unless specifically provided otherwise, a majority of directors shall constitute a quorum, and a majority of the quorum shall be necessary for any action taken by the board of the authority; and

(IV) The duties of the board of the authority, which shall include the obligation to comply with the provisions of parts 1, 5, and 6 of article 1 of title 29, C.R.S.;

(d) Provisions for the disposition, division, or distribution of any property or assets of the authority;

(e) The term of the contract, which may be continued for a definite term or until rescinded or terminated, and the method, if any, by which it may be rescinded or terminated; except that such contract may not be rescinded or terminated so long as the authority has bonds, notes, or other obligations outstanding, unless provision for full payment of such obligations, by escrow or otherwise, has been made pursuant to the terms of such obligations; and

(f) The expected sources of revenue of the authority and any requirements that contracting member governmental units consent to the levying of any taxes within the jurisdiction of such member. If the authority levies any taxes, the contract shall further include requirements that:

(I) Prior to and as a condition of levying any such taxes or fees, the board of the authority shall adopt a resolution determining that the levying of the taxes or fees will fairly distribute the costs of the authority's activities among the persons or communities benefited thereby and will not impose an undue burden on any particular group of persons or communities;

(II) Each such tax shall conform with any requirements specified in subsection (3) of this section; and

(III) The authority shall designate a financial officer who shall coordinate with the department of revenue regarding the collection of a sales and use tax authorized pursuant to

paragraph (f) of subsection (3) of this section. This coordination shall include but not be limited to the financial officer identifying those businesses eligible to collect the sales and use tax and any other administrative details identified by the department.

(3) The general powers of such authority shall include the following powers:

(a) To acquire, construct, finance, operate, or maintain public library services located within the territorial boundaries of the authority;

(b) To make and enter into contracts with any person, including, without limitation, contracts with state or federal agencies, private enterprises, and nonprofit organizations also involved in providing such public library services or the financing for the services, irrespective of whether the agencies are parties to the contract establishing the authority;

(c) To employ agents and employees;

(d) To cooperate with state and federal governments in all respects concerning the financing of such library services;

(e) To acquire, hold, lease, as lessor or lessee, sell, or otherwise dispose of any real or personal property, commodity, or service;

(f) (I) Subject to the provisions of subsection (9) of this section, to levy, in all of the area described in subparagraph (II) of this paragraph (f) within the boundaries of the authority, a sales or use tax, or both, at a rate not to exceed one percent, upon every transaction or other incident with respect to which a sales or use tax is levied by the state pursuant to the provisions of article 26 of title 39, C.R.S. The tax imposed pursuant to this paragraph (f) is in addition to any other sales or use tax imposed pursuant to law. The executive director of the department of revenue shall collect, administer, and enforce the sales or use tax, to the extent feasible, in the manner provided in section 29-2-106, C.R.S. However, the executive director shall not begin the collection, administration, and enforcement of a sales and use tax until such time as the financial officer of the authority and the executive director have agreed on all necessary matters pursuant to subparagraph (III) of paragraph (f) of subsection (2) of this section. The executive director shall begin the collection, administration, and enforcement of a sales and use tax on a date mutually agreeable to the department of revenue and the authority.

(II) The area in which the sales or use tax authorized by this paragraph (f) is levied shall not include less than the entire area of any municipality located within the area in which the tax will be levied. The area may also include portions of unincorporated areas located within a county.

(III) The executive director of the department of revenue shall make monthly distributions of the tax collections to the authority, which shall apply the proceeds solely to the acquisition, construction, financing, operation, or maintenance of public library services within the jurisdiction of the authority.

(IV) The department of revenue shall retain an amount not to exceed the cost of the collection, administration, and enforcement and shall transmit the amount retained to the state treasurer, who shall credit the same amount to the regional library authority sales tax fund, which fund is hereby created in the state treasury. The amounts so retained are hereby appropriated annually from the fund to the department to the extent necessary for the department's collection, administration, and enforcement of the provisions of this section. Any moneys remaining in the fund attributable to taxes collected in the prior fiscal year shall be transmitted to the authority; except that prior to the transmission to the authority of such moneys, any moneys appropriated

from the general fund to the department for the collection, administration, and enforcement of the tax for the prior fiscal year shall be repaid.

(g) Notwithstanding any other provision of law, any sales tax authorized pursuant to subparagraph (I) of paragraph (f) of this subsection (3) shall not be levied on:

(I) The sale of tangible personal property delivered by a retailer or a retailer's agent or delivered to a common carrier for delivery to a destination outside the boundaries of the authority; and

(II) The sale of tangible personal property on which a specific ownership tax has been paid or is payable when such sale meets the following conditions:

(A) The purchaser does not reside within the boundaries of the authority or the purchaser's principal place of business is outside the boundaries of the authority; and

(B) The personal property is registered or required to be registered outside the boundaries of the authority under the laws of this state.

(h) Subject to the provisions of subsection (9) of this section, to levy, in all of the area within the boundaries of the authority, an ad valorem tax in accordance with the requirements of this section. The tax imposed pursuant to this paragraph (h) shall be in addition to any other ad valorem tax imposed pursuant to law. In accordance with the schedule prescribed by section 39-5-128, C.R.S., the board of the authority shall certify to the board of county commissioners of each county within the authority, or having a portion of its territory within the district, the levy of ad valorem property taxes in order that, at the time and in the manner required by law for the levying of taxes, such board of county commissioners shall levy such tax upon the valuation for assessment of all taxable property within the designated portion of the area within the boundaries of the authority. It is the duty of the body having authority to levy taxes within each county to levy the taxes provided by this subsection (3). It is the duty of all officials charged with the duty of collecting taxes to collect the taxes at the time and in the form and manner and with like interest and penalties as other taxes are collected and when collected to pay the same to the authority ordering the levy and collection. The payment of such collections shall be made monthly to the authority or paid into the depository thereof to the credit of the authority. All taxes levied under this paragraph (h), together with interest thereon and penalties for default in payment thereof, and all costs of collecting the same shall constitute, until paid, a perpetual lien on and against the property taxed, and the lien shall be on a parity with the tax lien of other general taxes.

(i) To incur debts, liabilities, or obligations;

(j) To sue and be sued in its own name;

(k) To have and use a corporate seal;

(l) To fix, maintain, and revise fees, rents, security deposits, and charges for functions, services, or facilities provided by the authority;

(m) To adopt, by resolution, rules respecting the exercise of its powers and the carrying out of its purposes;

(n) To exercise any other powers that are essential to the provision of functions, services, or facilities by the authority and that are specified in the contract; and

(o) To do and perform any acts and things authorized by this section under, through, or by means of an agent or by contracts with any person, firm, or corporation.

(4) The authority established by such contracting member governmental units shall be a political subdivision and a public corporation of the state, separate from the parties to the

contract, and shall be a validly created and existing political subdivision and public corporation of the state, irrespective of whether a contracting member governmental unit withdraws, whether voluntarily, by operation of law, or otherwise, from the authority subsequent to its creation under circumstances not resulting in the rescission or termination of the contract establishing such authority pursuant to its terms. It shall have the duties, privileges, immunities, rights, liabilities, and disabilities of a public body politic and corporate. The authority may deposit and invest its moneys in the manner provided in section 43-4-616, C.R.S.

(5) The bonds, notes, and other obligations of such authority shall not be the debts, liabilities, or obligations of the contracting member governmental units.

(6) The contracting member governmental units may provide in the contract for payment to the authority of funds from proprietary revenues for services rendered or facilities provided by the authority, from proprietary revenues or other public funds as contributions to defray the cost of any purpose set forth in the contract, and from proprietary revenues or other public funds as advances for any purpose subject to repayment by the authority.

(7) The authority may issue revenue or general obligation bonds, as the term "bond" is defined in section 43-4-602 (3), C.R.S., and may pledge its revenues and revenue-raising powers for the payment of the bonds. The bonds shall be issued on the terms and subject to the conditions set forth in section 43-4-609, C.R.S.

(8) The income or other revenues of the authority, all properties at any time owned by an authority, any bonds issued by an authority, and the transfer of and the income from any bonds issued by the authority are exempt from all taxation and assessments in the state.

(9) (a) No action by an authority to establish or increase any tax authorized by this section shall take effect unless first submitted to a vote of the registered electors residing within the boundaries of the authority in which the tax is proposed to be collected.

(b) No action by an authority creating a multiple-fiscal year debt or other financial obligation that is subject to section 20 (4)(b) of article X of the state constitution shall take effect unless first submitted to a vote of the registered electors residing within the boundaries of the authority.

(c) The questions proposed to the registered electors under paragraphs (a) and (b) of this subsection (9) shall be submitted at a general election or any election to be held on the first Tuesday in November of an odd-numbered year. The action shall not take effect unless a majority of the registered electors voting thereon at the election vote in favor thereof. The election shall be conducted in substantially the same manner as county elections and the county clerk and recorder of each county in which the election is conducted shall assist the authority in conducting the election. The cost of the election shall be incurred by the contracting member governmental units that have formed the authority in proportion to the percentage of the population of the governmental units within the territorial boundaries of the authority. No moneys of the authority may be used to urge or oppose passage of an election required under this section.

(10) (a) For the purpose of determining any authority's fiscal year spending limit under section 20 (7)(b) of article X of the state constitution, the initial spending base of the authority shall be the amount of revenues collected by the authority from sources not excluded from fiscal year spending pursuant to section 20 (2)(e) of article X of the state constitution during the first full fiscal year for which the authority collected revenues.

(b) For purposes of this subsection (10), "fiscal year" means any year-long period used by an authority for fiscal accounting purposes.

(11) An authority established by contracting member governmental units shall, if the contract so provides, be the successor to any nonprofit corporation, agency, or other entity theretofore organized by the contracting member governmental units to provide the same function, service, or facility, and the authority shall be entitled to all the rights and privileges and shall assume all the obligations and liabilities of such other entity under existing contracts to which such other entity is a party.

(12) (a) The authority granted pursuant to this section shall in no manner limit the powers of any governmental unit to cooperate on an intergovernmental basis, to enter into any contract with another governmental entity, or to establish a separate legal entity pursuant to the provisions of section 29-1-203, C.R.S., or any other applicable law, or otherwise to carry out their individual powers under applicable statutory or charter provisions, nor shall such authority limit the powers reserved to cities and towns pursuant to the state constitution.

(b) Notwithstanding any other provision of law, any governmental unit that has entered into a contract for the purpose of forming an authority may form such authority in accordance with the requirements of this section without any effect on the ability of the unit to own its own property, maintain a separate governing body or board of trustees, levy its own taxes for library purposes, or retain its own identity.

(c) Notwithstanding any other provision of law, nothing in this section shall be construed to authorize any one or more library districts to:

(I) Form an authority without entering into a contract with one or more governmental units to form such authority in accordance with the requirements of this section; or

(II) Exercise any of the powers of said authority, including, without limitation, the power to levy a sales or use tax, in the absence of entering into a contract with one or more governmental units for the purpose of forming such authority in accordance with the requirements of this section.

Editor's note: This section was similar to former § 24-90-113 as it existed prior to 1979.

24-90-112. Tax support - elections. (1) (a) (I) If the electors of the governmental unit approve a tax levy, the legislative body of any incorporated city or town is hereby authorized to levy the tax for municipal libraries upon real and personal property for the establishment, operation, and maintenance of a public library.

(II) If the electors of the governmental units approve a tax levy, the board of county commissioners of any of the several counties is hereby authorized to levy the tax for county

libraries or library districts upon real and personal property for the establishment, operation, and maintenance of county libraries or library districts.

(III) (Deleted by amendment, L. 2003, p. 2458, § 12, effective August 15, 2003.)

(IV) The tax authorized by section 24-90-110.7 (3)(f) and (3)(h) may be levied in addition to any other tax the participating governmental entities levy for the support of their own public libraries.

(V) The board of education of a school district that began levying a tax for the operation and maintenance of a school district supported public library before the enactment of the "Colorado Library Law" on July 1, 1979, is authorized to continue to levy such tax for said purposes, subject to the limitations set forth in paragraph (b) of this subsection (1).

(b) (I) (A) Except as otherwise provided under sub-subparagraph (B) of this subparagraph (I), the legislative body for the specified governmental unit shall submit, after notice, the question of any amount of tax levy not previously established by resolution or ordinance nor previously approved by the electors for the establishment, operation, and maintenance of public libraries to a vote of the registered electors residing in the unit or that portion of a library district within the unit, as the case may be, at the next general election, or on the election held on the first Tuesday in November of odd-numbered years.

(B) The board of education of a school district shall submit, after notice, the question of any amount of tax levy not previously established by resolution for the operation and maintenance of school district supported public libraries to a vote of the registered electors residing in the school district at the next general election on the first Tuesday in November of odd-numbered years. For purposes of this subsection (1), "school district supported public library" means any library solely established and maintained by a school district for which such school district began levying a tax before the enactment of the "Colorado Library Law" on July 1, 1979.

(II) (Deleted by amendment, L. 2003, p. 2458, § 12, effective August 15, 2003.)

(III) Notwithstanding the authorization contained in paragraph (a) of this subsection (1) and in addition to the provisions of subparagraph (I) of this paragraph (b), upon request of the board of trustees of the municipal or county library or the library district, or upon resolution of the legislative body of the city or town by its own initiative in the case of a municipal library, of the board of education of the school district by its own initiative in the case of a school district supported public library, or of the board of county commissioners by its own initiative in the case of a county library or library district, the legislative body of the city or town, the board of education of the school district, or the board of county commissioners shall cause to be submitted to a vote of the registered electors residing within the library's legal service area a proposition containing the desired maximum tax levy specified in the request or resolution.

(IV) Following a vote by the people in which a maximum mill levy has been set for the support of a municipal or county library or a library district, such levy shall remain in effect, subject to the requirements of section 29-1-301, C.R.S., until the people have established by subsequent vote pursuant to the provisions of this section a change in the levy. For a school district that began levying a tax for the operation and maintenance of a school district supported public library before the enactment of the "Colorado Library Law" on July 1, 1979, such mill levy shall remain in effect until the people have established, by subsequent vote pursuant to the provisions of this section, a change in the levy.

(2) (a) The treasurer of the governmental unit in which such library is located or, if a library district has been established embracing parts or all of more than one county, the treasurer of the county containing the largest valuation for assessment of property for tax purposes of the said district shall be the custodian of all moneys for the library, whether derived from taxation, gift, sale of library property, or otherwise. All moneys generated for library purposes shall be credited to a special fund in the office of said treasurer to be known as the public library fund. The fund, together with all interest income that accrues thereon on and after July 1, 1991, shall be used only for library purposes.

(b) (Deleted by amendment, L. 2003, p. 2458, § 12, effective August 15, 2003.)

(c) If requested by the board of trustees, the treasurer designated as custodian of the library's money pursuant to paragraph (a) of this subsection (2) may transfer moneys into the custody of the board, but the board shall carry insurance for such purpose, make monthly accountings to said treasurer, and cause an annual audit to be performed and submitted to said treasurer with respect to the board's management of said moneys.

(3) Approval of any tax levy not previously established by resolution or ordinance nor previously approved by the electors shall conform to the requirements of section 20 of article X of the state constitution.

24-90-112.5. Issuance of bonds. (1) (a) Whenever the board of trustees of a library district determines that the interest of the library district and the public interest or necessity requires the creation of a general obligation indebtedness of the county on behalf of and in the name of the library district to finance the acquisition, construction, expansion, or remodeling of any real or personal property for library purposes of such district, including, without limitation, acquisition of books and equipment for such purposes, the board of trustees shall adopt a resolution requesting the board of county commissioners of the county in which the library district is located to submit the question of creating such indebtedness at the next general

election or on the election held on the first Tuesday in November of odd-numbered years. The resolution of the board of trustees, in addition to the declaration of public interest or necessity, shall recite:

- (I) The objects and purposes for which the indebtedness is proposed to be incurred;
- (II) The amount of indebtedness to be incurred therefor;
- (III) The maximum net effective interest rate to be paid on such indebtedness; and
- (IV) The question to be submitted by the county to the registered electors.

(b) In the event that territory within a library district is located within more than one county, the resolution shall also specify the principal amount of indebtedness proposed to be incurred by each county in which territory within the district is located. Such principal amount of indebtedness for each county shall bear approximately the same ratio to the total principal amount of indebtedness proposed to be incurred as the valuation for assessment of that portion of the property within the library district which is located within such county bears to the valuation for assessment of all property located within the library district. The board of trustees shall deliver such resolution to the board of county commissioners of each county in which territory within the library district is located.

(2) Within twenty days after receipt of a resolution adopted pursuant to paragraph (a) of subsection (1) of this section, the board of county commissioners shall either adopt the resolution subject to mutually agreed upon changes in the resolution or reject the resolution. Where the board adopts the resolution, it shall order the question of incurring such indebtedness to be submitted, on the date specified in the resolution of the board of trustees, to the registered electors residing in territory within the county which is included in the library district. Such order shall be adopted and the election shall be held and conducted in accordance with section 30-26-301, C.R.S. In its order the board shall specify polling places and precincts for such election, which may be the same as or different than the polling places and precincts established pursuant to the provisions of section 1-5-101, C.R.S. If, upon canvassing the vote, it appears that a majority of the registered electors voting at such election vote in favor of the proposition to contract said indebtedness, the board on behalf of and in the name of the library district is authorized to and shall contract for said indebtedness.

(2.5) (a) Whenever the board of trustees of a library district determines that the interest of such district and the public interest or necessity requires the creation of a general obligation indebtedness of such district to finance the acquisition, construction, expansion, or remodeling of any real or personal property for library purposes of such district, including, without limitation, acquisition of books and equipment for such purposes, the board of trustees shall adopt a resolution to submit the question of creating such indebtedness on their own authority at the next general election or on the election held on the first Tuesday in November of odd-numbered years. In addition, at such election the board of trustees may also submit such question to the electors in the event the board of county commissioners of a county rejects the resolution of the board of trustees under subsection (2) of this section. In addition to reciting the declaration of public interest or necessity, the resolution of the board of trustees shall also recite:

- (I) The objects and purposes for which the indebtedness is proposed to be incurred;
- (II) The amount of indebtedness to be incurred therefor;
- (III) The maximum net effective interest rate to be paid on such indebtedness; and
- (IV) The question to be submitted by the board to the electors.

(b) The board of trustees of the district shall deliver a copy of the resolution to the board of county commissioners of each county within which the district is located.

(c) Within twenty days after adoption of the resolution, the board of trustees shall order the question of whether the library district shall incur such indebtedness to be submitted, on the date specified in the resolution, to the registered electors residing in such district. The order shall be adopted, and the election shall be held and conducted as provided in articles 1 to 13 of title 1, C.R.S. In its resolution, the board of trustees shall specify polling places and precincts for such election, which may be the same as or different than polling places and precincts established pursuant to the provisions of section 1-5-101, C.R.S. If, upon canvassing the vote, it appears that a majority of the registered electors voting at such election vote in favor of the question, the library district is authorized to and shall contract for said indebtedness.

(3) (a) When authorized pursuant to subsection (2) of this section and upon the request of the board of trustees of the library district, the board of county commissioners shall issue bonds of the county in the manner provided in section 30-26-302, C.R.S., but such bonds may be redeemable prior to maturity at such time, in such manner, and upon payment of such premium as the board of county commissioners may determine. Such bonds shall not be subject to the limitation on county indebtedness set forth in section 30-26-301 (3) or 30-35-201 (6)(b), C.R.S. In the event that territory within a library district is located within more than one county, each board of county commissioners may issue its bonds for the authorized purposes of the library district regardless of whether any or all of the other counties in which the library district is located issue bonds for such purposes, but the bonds of a county issued pursuant to this section shall be payable from ad valorem taxes levied only on that property within such county that is located in the library district.

(b) When authorized pursuant to subsection (2.5) of this section, the library district shall issue its bonds in the manner provided in section 32-1-1101, C.R.S., but the bonds may be redeemable prior to maturity at such time, in such manner, and upon payment of such premium as the board of trustees may determine.

(4) The board of county commissioners acting pursuant to subsection (1) of this section, and the board of trustees of a library district acting pursuant to subsection (2.5) of this section, are authorized to levy an ad valorem tax on all taxable property either within such county that is located in the library district, or within such district where the boundaries of said district cover more than one county, as applicable, to pay the principal of, redemption premium, if any, and interest on county or district indebtedness incurred pursuant to this section. The board of county commissioners and board of trustees, in certifying annual levies, shall take into account the maturing indebtedness of such county or such district incurred pursuant to this section for the ensuing year and deficiencies and defaults of prior years and shall make ample provision for the payment thereof. If the moneys produced from such levies, together with other revenues of the county or district available therefor, are not sufficient to pay punctually the annual installments on its contracts or bonds, and interest thereon, and to pay defaults and deficiencies, the board of county commissioners or board of trustees, as applicable, shall make such additional levies of taxes as may be necessary for such purposes, and such taxes shall be made and continue to be levied until the indebtedness is fully paid.

(5) Moneys resulting from such indebtedness shall be deposited with and disbursed by the custodian of library district funds pursuant to section 24-90-112 (2). The real or personal

property to be acquired, constructed, expanded, or remodeled with the proceeds of such indebtedness shall be held, operated, and maintained by the library district.

24-90-113.3. Contract to receive library service. In lieu of establishment of a public library, the legislative body of a governmental unit may contract to receive library service from an existing library, the board of trustees or governing body of which has the reciprocal power to render the service. Any school district may contract for library service from any existing public library, such service to be paid from funds available to the school district for library purposes. Any contract entered into pursuant to this section shall specify, without limitation, the geographic area covered by the contract, the amount of compensation to be paid to the library delivering the service, the term of the contract, and any other information deemed necessary by the contracting parties.

24-90-114. Abolishment of libraries. (1) A public library, other than a joint library, established, operated, or maintained pursuant to this part 1 may be abolished only by vote of the registered electors in that library's legal service area, taken in the manner prescribed in section 24-90-107 (3) for a vote to establish a library. If a library is abolished, the materials and equipment belonging to it shall be disposed of as the legislative body of the governmental unit, or in the case of a library district, as the library board of trustees, directs.

(2) Following notice of public hearings, the abolishment of a joint library shall be by resolution of the legislative bodies of the governmental units that established, operated, or maintained the joint library. The resolution shall specify that all indebtedness, including obligations arising from financed purchase of an asset or certificate of participation agreements, of the joint library must be fully protected until retired, that all trusts of the library will be continued as specified under current terms, and that all properties of the joint library will be divided as provided in the agreements entered into by the legislative bodies of the governmental units.

(3) Disposition of school district libraries that have been abolished shall be accomplished as provided by law.

24-90-115. Regional library service system - governing board. (1) (a) The board of trustees of any public library, library district, or the governing board of any publicly supported library may participate in a regional library service system that provides cooperative services such as resource sharing, consulting, and continuing education under a plan submitted to the state librarian for the approval of said librarian. The bylaws of each regional library service system shall provide for a governing board consisting solely of representatives from publicly supported libraries that are members of the system. The bylaws of a regional library service system may provide for membership in the system by libraries that are not publicly supported. In such case, the bylaws shall specify which such libraries are members of the system and any benefits of membership in the system that shall accrue to such libraries.

(b) The state board of education shall adopt rules and regulations, in accordance with article 4 of this title, relating to the establishment, governance, and dissolution of regional library service systems.

(2) (a) The governing board of a regional library service system shall consist of at least one representative from any three of the following four types of publicly supported libraries participating in the system:

- (I) Schools;
- (II) Public;
- (III) Academic; and
- (IV) Special.

(b) The governing board of the regional library service system shall be elected by a system membership council comprised of one representative of each system member representing a publicly supported library.

(3) (a) The governing board of each regional library service system has the right to exercise all powers vested in a board of trustees pursuant to section 24-90-109. Nothing pertaining to the organization or operation of a regional library service system shall be construed to infringe upon the autonomy of the board of trustees of a public library or the governing board of any publicly supported library.

(b) The governing board of each regional library service system shall submit annual plans and budgets under regulations established by the state librarian as provided in section 24-90-105 (1)(a).

(4) Before withdrawing from a regional library service system, any participating library shall be required to fulfill all outstanding obligations for that fiscal year. Withdrawal shall be accomplished pursuant to rules and regulations established by the state board of education.

(5) If the need for a regional library service system ceases to exist, the membership council, in its sole discretion, shall by a two-thirds vote of its members, declare its intent to dissolve the organization and file with the state library a plan for effecting such dissolution, which shall be carried out upon approval by the state board of education.

24-90-116. Existing libraries to comply. Any public library established on or after July 1, 1979, shall be established as provided in this part 1. Every public library which has been established prior to said date under provisions of state law shall be considered as established under this part 1, and the board of trustees and the legislative body of the governmental unit in which the library is located shall proceed forthwith to make such changes as may be necessary to effect a compliance with the terms of this part 1. Every contract existing prior to July 1, 1979, for library service shall continue in force and be subject to this part 1 until the contract is terminated or a public library is established by the governmental unit for which the service was engaged.

24-90-119. Privacy of user records. (1) Except as set forth in subsection (2) of this section, a publicly supported library shall not disclose any record or other information that identifies a person as having requested or obtained specific materials or service or as otherwise having used the library.

(2) Records may be disclosed in the following instances:

- (a) When necessary for the reasonable operation of the library;
- (b) Upon written consent of the user;
- (c) Pursuant to subpoena, upon court order, or where otherwise required by law;
- (d) To a custodial parent or legal guardian who has access to a minor's library card or its authorization number for the purpose of accessing by electronic means library records of the minor.

(3) Any library official, employee, or volunteer who discloses information in violation of this section commits a civil infraction and, upon conviction thereof, shall be punished by a fine of not more than three hundred dollars.

24-90-120. Colorado imagination library program - creation - request for proposal - state librarian duties - report - legislative declaration - definitions. (1) For the purposes of this section, unless the context otherwise requires:

(a) "County-based affiliate programs" means a local affiliate of the Colorado imagination library program that operates within a county or city and county.

(b) "Eligible child" means a child from birth to the child's fifth birthday.

(c) "National nonprofit foundation" means a national nonprofit foundation that exists for the sole purpose of working with local entities to identify eligible children and mail age-appropriate, high-quality books each month to those children at no cost to families.

(d) "Program" means the Colorado imagination library program created pursuant to subsection (2) of this section.

(2) No later than December 31, 2021, the state librarian in the department of education shall contract with a Colorado nonprofit organization for the creation and operation of the Colorado imagination library program. The contractor shall:

(a) Exist for the sole purpose of creating and operating the program;

(b) Manage the daily operations of the program, including but not limited to establishing county-based affiliate programs in all Colorado counties and cities and counties and advancing and strengthening the affiliate programs to ensure enrollment growth;

(c) Develop, promote, and coordinate a public awareness campaign in coordination with the department of education to ensure alignment with the "Colorado READ Act", part 12 of article 7 of title 22, including any public awareness campaign for the "Colorado READ Act", and to make the public aware of the opportunity to register eligible children to receive free books through the program;

(d) Contract with a national nonprofit foundation to provide age-appropriate, high-quality books each month to eligible children at no cost to families;

(e) Provide for a high-quality independent evaluation of the impact of the program on child and family outcomes, including child literacy and parent and family engagement; and

(f) Establish a distressed affiliate fund using gifts, grants, or donations to help county-based affiliate programs that have financial difficulty meeting the county-based affiliate programs' funding requirements.

(3) Notwithstanding section 24-1-136 (11)(a)(I), on or before July 1 of the year after the state librarian enters into a contract pursuant to subsection (2) of this section, and each July 1 thereafter, the contractor shall submit a report to the department of education which shall then submit the report to the education committees of the senate and house of representatives, or any successor committees, concerning the total number of eligible children residing in each county or city and county in Colorado and how many eligible children are enrolled in the program in each county or city and county.

(4) (a) The contractor, in operating the program pursuant to subsection (2) of this section, shall pay to the national nonprofit foundation the statewide cost to provide free books to eligible children enrolled in the program, as determined by the national nonprofit foundation. The general assembly shall annually appropriate money from the general fund to the department of education for the state librarian to distribute to the contractor for the state's fifty percent share of the cost to provide the books.

(b) Each county-based affiliate program shall pay to the contractor the remainder of the cost, as determined by the national nonprofit foundation, to provide books to the eligible children enrolled in the county or city and county.

(5) The department of education may seek, accept, and expend gifts, grants, or donations from private or public sources for the implementation of this section.

(6) (a) It is the intent of the general assembly to provide full funding by 2026 for any eligible child who wants to participate in the program.

(b) For the 2022-23 state fiscal year, the general assembly shall appropriate nine hundred seven thousand one hundred forty dollars for the Colorado imagination library and shall increase the appropriation in subsequent fiscal years as necessary to meet the intention of the general assembly set forth in subsection (6)(a) of this section.

(c) Twenty percent of money appropriated for the 2021-22 state fiscal year, and each fiscal year thereafter, may be used for the contractor operating the program for duties set forth in subsections (2)(a) to (2)(d) and (2)(f) of this section.

24-90-121. Public libraries - science of reading - training - report - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Director" means the director of a board of trustees employed by the board of trustees pursuant to section 24-90-109 (1)(c).

(b) "Evidence-based training in the science of reading" or "training" means training that:

(I) Is based on reliable, trustworthy, and valid evidence;

(II) Includes explanation and instruction in the areas of phonemic awareness, phonics, vocabulary development, reading fluency, including oral skills, and reading comprehension; and

(III) Is included on the advisory list of rigorous professional development programs created and maintained by the department of education pursuant to section 22-7-1209 (2)(c).

(2) (a) The director of each public library is encouraged to work with the department of education to provide evidence-based training in the science of reading for each librarian who works with children enrolled in preschool, kindergarten, or early elementary grades. In addition, the director is encouraged to identify and provide in the library materials and activities for parents and children to improve literacy, which materials and activities are appropriate for preschool, kindergarten through second grade, and third through sixth grade and are designed to improve reading competency in the areas of phonemic awareness; phonics; vocabulary development; reading fluency, including oral skills; and reading comprehension.

(b) At the request of a director, the department of education shall provide, at no cost to the public library, evidence-based training in the science of reading to one or more librarians who are employed by the public library. The department may provide the training in-person or online and may provide the same training for librarians that it provides for teachers pursuant to section 22-7-1208 (6)(c).

(3) The director of each public library may prepare a plan describing how the director and the librarians employed at the library will work with children and their parents to support literacy using materials, activities, and strategies that are supported by the science of reading. The director is encouraged to submit the plan to the state librarian by July 1, 2024.

PART 2

STATE PUBLICATIONS DEPOSITORY AND DISTRIBUTION CENTER

24-90-201. Establishment of a state publications depository and distribution center.

In consideration of the fundamental importance attached in our constitutional republic to a well-educated citizenry participating in our democratic processes that understands the activities of its state government, and to allow the people of the state to draw benefits from information developed at public expense, and to enjoy access to the information services of state agencies, there is hereby established a state publications depository and distribution center. Such center shall be a section of the state library. The center shall ensure that all state publications are available to residents of Colorado through a system of depository libraries. Operation of the center is declared to be an essential administrative function of the state government.

Source: L. 80: Entire part added, p. 617, § 1, effective July 1. **L. 2003:** Entire section amended, p. 2463, § 19, effective August 15.

24-90-202. Definitions. As used in this part 2, unless the context otherwise requires:

(1) "Center" means that section of the state library responsible for the state publications depository and distribution functions.

(2) "Depository library" means a library designated to collect, maintain, and make available to the general public state agency publications.

(3) "State agency" means every state office, whether legislative, executive, or judicial, and all of its respective officers, departments, divisions, bureaus, boards, commissions, and committees, all state-supported colleges and universities which are defined as state institutions of higher education, and other agencies which expend state-appropriated funds.

(4) "State publication" means any information for public distribution, regardless of format, method of reproduction, source, or copyright that is produced, purchased for distribution, or authorized, with the imprint of, or at the total or partial expense of the agency, with the exception of correspondence, interoffice memoranda, or those items detailed by section 24-72-204. "State publication" includes, without limitation, information available electronically by means of computer diskettes, compact discs, computer tapes, other electronic storage media, or a public telecommunications network.

24-90-203. Purposes - direction - rules. (1) The purposes of the center are to identify, collect, catalog, distribute, preserve, and make state publications, regardless of format, available to the public. Public access to such publications may be accomplished by use of depository library facilities throughout the state, and, for electronic documents, by means of a public telecommunications network.

(2) The center shall be under the direction of the state librarian.

(3) The state board of education shall adopt such rules as are necessary or appropriate to accomplish the provisions of this part 2. No rule shall deny public access to the state publications enumerated in this part 2.

PART 3

COLORADO COMPUTER INFORMATION NETWORK

24-90-301. Legislative declaration. The general assembly hereby declares that access to information is of utmost importance to the people of the state of Colorado; that people with better access to information have enhanced opportunities to improve the quality of their own lives, their children's lives, and the contributions they make to their communities and the state; and that access to online information accessed through libraries should be equal throughout the state, regardless of place of residence or economic status.

Source: L. 90: Entire part added, p. 1304, § 2, effective July 1. **L. 2003:** Entire section amended, p. 2465, § 26, effective August 15.

24-90-302. Colorado virtual library - creation - components - access. (1) There is hereby created the Colorado virtual library, formerly known as the access Colorado library and information network (ACLIN), which shall be a part of the state library system under the charge of the state librarian pursuant to section 24-90-105 (2)(f). For purposes of this section, "library" shall mean the Colorado virtual library created in this subsection (1).

(2) The library shall provide electronic resources through libraries to all Colorado residents, to the students, faculty, and staff of institutions of higher education, and to the students and faculty of elementary and secondary schools wherever such persons obtain access to the internet, regardless of place of residence within Colorado or economic status.

(3) The library shall have the following components:

- (a) A connection to the online catalogs of the holdings of Colorado libraries;
- (b) A connection to locally produced databases;
- (c) Digitized collections of Colorado resources;
- (d) Indexes and full text database products selected in accordance with subsection (3.5) of this section to serve the needs of the people of the state;
- (e) An interlibrary loan system facilitating resource sharing throughout Colorado; and
- (f) Other services associated with providing computer-based library services.

(3.5) Subject to available appropriations, the state librarian shall procure through a competitive bid process online databases necessary to provide on behalf of all publicly supported libraries the indexes and database products specified in paragraph (d) of subsection (3) of this section.

(4) Access to the Colorado virtual library by any person within the state shall be through the world wide web or successive technology.

(5) (a) The component parts of the Colorado virtual library described in subsection (3) of this section are affected with a public interest.

(b) Accordingly, in the administration of this part 3, the state librarian shall be guided by the principle that information generally provided by libraries, such as library catalogues and

online resources, should be provided free to library users; however, said users may be subject to appropriate charges and fees for specialized services.

(c) Further, the state librarian shall be guided by the principle that direct competition between publicly funded agencies and private firms is to be avoided. Publicly funded agencies that are part of the library established under this part 3 are discouraged from selling at a profit information contributed to them by private firms.

PART 4

LIBRARY GRANTS

24-90-401. Short title. This part 4 shall be known and may be cited as the "State Grants for Libraries Act".

Source: **L. 2000:** Entire part added, p. 1323, § 2, effective May 26.

24-90-402. Legislative declaration. The general assembly hereby finds and declares that the purpose of this part 4 is to promote means whereby the state will make grant moneys available to publicly supported libraries, including public libraries, school libraries, and academic libraries, to enable these institutions to obtain educational resources they would otherwise be unable to afford, to the end that the state will receive the corresponding benefits of a better educated and informed population.

Source: **L. 2000:** Entire part added, p. 1324, § 2, effective May 26.

24-90-403. Definitions. As used in this part 4, unless the context otherwise requires:

- (1) "Academic library" has the same meaning as set forth in section 24-90-103 (1).
- (2) "County library" has the same meaning as set forth in section 24-90-103 (2).
- (3) "Educational resources" means any one or all of the following: Books, periodicals, or any other form of print media; audiovisual materials; and electronic information resources.
- (4) "Electronic information resources" means material of an educational or informational nature that may only be accessed by computer or electronic terminal.
- (5) "Eligible participant" means a publicly supported library that otherwise satisfies the requirements for grant eligibility pursuant to this part 4.

(6) "Fund" means the state grants to publicly supported libraries fund created pursuant to this part 4.

(7) "Joint library" has the same meaning as set forth in section 24-90-103 (4).

(8) "Library district" has the same meaning as set forth in section 24-90-103 (6).

(9) "Minor" means any person under the age of eighteen.

(10) "Municipal library" has the same meaning as set forth in section 24-90-103 (11).

(11) "Public access computer" means a computer that is:

(a) Located in a school library or a public library; and

(b) Connected to any computer communication system.

(12) "Public library" has the same meaning as set forth in section 24-90-103 (13).

(13) "Publicly supported library" has the same meaning as set forth in section 24-90-103 (14).

(14) "Regional library service system" has the same meaning as set forth in section 24-90-103 (16).

(15) "School library" has the same meaning as set forth in section 24-90-103 (18). For purposes of this part 4, a "school library" shall be the equivalent of the library system established and maintained by a particular school district and shall not mean each separate or individual library facility established and maintained by such school district.

(16) "State librarian" means the commissioner of education, as ex officio state librarian pursuant to section 24-90-104 (2), or any person designated by him or her to perform any of the duties and responsibilities charged to the state librarian pursuant to this part 4.

Source: L. 2000: Entire part added, p. 1324, § 2, effective May 26.

24-90-404. Qualifications. (1) Subject to the requirements of this section, the governing body of any eligible participant may submit an application to the state librarian requesting a grant pursuant to this part 4. Any grant approved by the state librarian pursuant to the requirements of this part 4 shall be awarded to the governing body that submitted said application.

(2) In order to obtain grant moneys under this part 4, and as a condition of the receipt of moneys under said part, each eligible participant shall agree to:

(a) Use any grant moneys only for the purchase or use of educational resources to support the educational and informational needs and activities of its residents, students, or faculty, as the case may be;

(b) Participate as the state librarian deems appropriate in various programs established to promote and enhance interlibrary sharing of resources and information including, without limitation, the Colorado library card reciprocal program and the Colorado library computer network;

(c) In the case of a school library that provides one or more public access computers:

(I) Equip each such computer with software that will limit the ability of minors to gain computer access to material that is obscene or illegal;

(II) Purchase internet connectivity from an internet service provider that provides filter services to limit the computer access of minors to material that is obscene or illegal; or

(III) Develop and implement a policy, publicly adopted by the board of education of the school district that maintains such library, that establishes and enforces measures to restrict minors from obtaining computer information that is obscene or illegal;

(d) In the case of any publicly supported library other than a school or academic library that provides one or more public access computers:

(I) Equip each such computer with software that will limit the ability of minors to gain computer access to material that is obscene or illegal;

(II) Purchase internet connectivity from an internet service provider that provides filter services to limit the computer access of minors to material that is obscene or illegal; or

(III) Develop and implement a policy, publicly adopted by the governing body of such library, that establishes and enforces measures to restrict minors from obtaining computer information that is obscene or illegal;

(e) In the case of any eligible participant other than an academic library, maintain its current efforts to obtain funding from existing local revenue sources to the end that moneys received under this part 4 do not replace or displace existing local revenue sources;

(f) In the case of an eligible participant that is an academic library, maintain its current efforts to obtain funding from other federal or state revenue sources to the end that moneys received under this part 4 do not replace or displace existing federal or state revenue sources;

(g) Perform other such requirements as the state librarian deems appropriate in the exercise of his or her discretion to further the purposes of this part 4.

(3) Eligible participants shall apply for grants made available pursuant to this part 4 on official application forms provided by the state librarian. Eligible participants shall provide such information on said forms as the state librarian may require in furtherance of the purposes of this part 4.

(4) A school library or public library that complies with paragraph (c) or (d) of subsection (2) of this section, as the case may be, shall be immune from any criminal or civil liability resulting from access by a minor to obscene or illegal material through the use of a public access computer owned or controlled by such school or public library.

Source: L. 2000: Entire part added, p. 1325, § 2, effective May 26.

24-90-405. Administration of the grants program - powers and duties of the state librarian. (1) The state librarian shall have the following powers and duties in administering this part 4:

(a) To adopt and publicize criteria regarding grants made available pursuant to this part 4;

(b) To review and monitor the expenditure of grant moneys by grant recipients;

(c) To approve requests for grants under this part 4 and to determine the amount of money to be awarded under each grant. Grants may be awarded subject to the limitations of this part 4 and in the following amounts:

(I) Each public library that satisfies the requirements of this part 4 may be awarded grant moneys in an aggregate amount that shall not be less than three thousand dollars. Notwithstanding the fact that a public library as defined for purposes of this part 4 may maintain more than one branch or other separate facility, a public library shall be considered the equivalent of one eligible participant for purposes of this part 4.

(II) Each school library that satisfies the requirements of this part 4 may be awarded grant moneys in an aggregate amount that shall not be less than three thousand dollars. Notwithstanding the fact that a school library as defined for purposes of this part 4 may maintain more than one separate or individual library facility under its control, a school library shall be considered the equivalent of one eligible participant for purposes of this part 4.

(III) Each academic library that satisfies the requirements of this part 4 may be awarded grant moneys in an aggregate amount that shall not be less than three thousand dollars. Notwithstanding the fact that an institution of higher education may maintain more than one library at the same or additional campuses, each such institution shall be considered the equivalent of one eligible participant for purposes of this part 4.

(d) To promulgate reasonable rules necessary for the administration of this part 4 pursuant to section 24-90-105 (1)(a)(I) and article 4 of this title;

(e) To exercise any other powers or perform any other duties that are consistent with the purposes of this part 4 and that are reasonably necessary for the fulfillment of the state librarian's responsibilities.

(2) For any given fiscal year, the state librarian may expend no more than two and one-half percent of the moneys that the general assembly appropriates for this part 4 for the administrative costs of the state librarian in administering this part 4. For any given fiscal year, if the administrative costs amount to less than two and one-half percent of the amount of the appropriation, the state librarian may distribute the difference between an amount equal to two and one-half percent of the amount of the appropriation and the amount of administrative costs actually incurred to the regional library service system to assist publicly supported libraries in meeting the eligibility criteria under this part 4.

24-90-407. State grants to publicly supported libraries fund - creation - source of funds - appropriations - administrative costs. (1) There is created in the state treasury the state grants to publicly supported libraries fund, which fund is administered by the state librarian and which consists of all moneys that the state librarian collects for purposes of this part 4 from federal grants and other contributions, grants, gifts, bequests, and donations received from individuals, private organizations, or foundations. The state librarian shall transmit the collected moneys to the state treasurer to be credited to the fund.

(2) (a) All moneys in the fund are subject to annual appropriation by the general assembly. In addition to any moneys credited to the fund, the general assembly may annually appropriate moneys to the department of education for the purposes of this part 4. For any given fiscal year, the state librarian shall expend no more than two and one-half percent of the moneys appropriated for this part 4 for the administrative costs of the state librarian in administering this part 4. For any given fiscal year, if the administrative costs amount to less than two and one-half percent of the amount appropriated, the state librarian may distribute the difference between an amount equal to two and one-half percent of the amount appropriated and the amount of administrative costs actually incurred to the regional library service system to assist publicly supported libraries in meeting the eligibility criteria under this part 4.

(b) Repealed.

(3) Notwithstanding any provision of this section to the contrary, on March 5, 2003, the state treasurer shall transfer the balance of moneys in the state grants to publicly supported libraries fund to the general fund.

LIBRARY CAPITAL FACILITIES DISTRICTS

24-90-501. Short title. This part 5 shall be known and may be cited as the "Library Capital Facilities Districts Act".

Source: **L. 2003:** Entire part added, p. 2467, § 29, effective August 15.

24-90-502. Legislative declaration. The general assembly finds and declares that the organization of library capital facilities districts within library districts of the state, having the purposes and powers provided in this part 5, will serve a public purpose, will promote the health, safety, prosperity, security, and general welfare of the residents of said library districts and facilities districts, property owners within said library districts and facilities districts, and the people of the state generally, will promote the continued vitality of library services within library

districts, and will be of special benefit to property located within the boundaries of any such facilities district created pursuant to this part 5.

Source: L. 2003: Entire part added, p. 2467, § 29, effective August 15.

24-90-503. Definitions. As used in this part 5, unless the context otherwise requires:

(1) "Board" means the board of trustees of a facilities district created pursuant to this part 5.

(2) "Facilities district" means a library capital facilities district organized by a library district pursuant to this part 5 to provide library capital facilities within a library capital facilities area.

(3) "Governing body" for the purposes of this part 5, means the board of trustees of a library district forming an area pursuant to this part 5.

(4) "Library capital facilities" means any real or personal property, improvement, or facility, including, without limitation, land, buildings, site improvements, equipment, furnishings, or collections, that are directly related to any service that a library district is authorized to provide, together with any necessary costs related to the acquisition, construction, installation, operation, or maintenance of such property, improvement, or facility.

(5) "Library capital facilities area" means the geographical division within a library district that is described in the resolution establishing a facilities district pursuant to this part 5. Notwithstanding any provision in this subsection (5) to the contrary, the library capital facility area may include a location designated by the library district, after public notice and hearing, as a location for the siting of new library capital facilities.

(6) "Library district" has the same meaning as set forth in section 24-90-103 (6).

(7) "Net effective interest rate" means the net interest cost of securities divided by the sum of the products derived by multiplying the principal amount of the securities maturing on each maturity date by the number of years from their date to their respective maturities. In all cases, the net effective interest rate shall be computed without regard to any option of redemption prior to the designated maturity dates of the securities.

(8) "Net interest cost" means the total amount of interest to accrue on securities from their date to their respective maturities, less the amount of any premium above par, or plus the amount of any discount below par, at which said bonds are being or have been sold. In all cases, the net interest cost shall be computed without regard to any option of redemption prior to the designated maturity dates of the securities.

24-90-504. Authority of governing body. The board of trustees of the library district as the governing body of said district is hereby vested with jurisdiction, power, and authority to establish one or more facilities districts within the boundaries of the library district in which the library capital facilities are to be acquired, constructed, installed, operated, or maintained in accordance with the requirements of this part 5.

Source: L. 2003: Entire part added, p. 2468, § 29, effective August 15.

24-90-505. Organization - preliminary resolution. (1) The organization of a facilities district shall commence with a preliminary resolution of the board.

(2) The preliminary resolution required by subsection (1) of this section shall specify:

(a) The name of the proposed facilities district, which shall include a descriptive name of such district along with the words library capital facility district;

(b) A general description of the boundaries of the proposed library capital facilities area; and

(c) A general description of the library capital facilities to be acquired, constructed, installed, operated, or maintained in the proposed library capital facilities area by the proposed facilities district.

Source: L. 2003: Entire part added, p. 2468, § 29, effective August 15.

24-90-506. Notice of hearing - disqualification of member of governing body. (1) The governing body, as soon as possible after the adoption of the preliminary resolution, shall fix by order the place and time for a public hearing on the resolution, which hearing shall be held not less than twenty days or more than forty days after the adoption of the preliminary resolution. Thereupon, the governing body shall cause notice by publication to be made of the resolution and of the time and place of the hearing on the resolution. A copy of the notice shall be mailed to each property owner within the boundaries of the proposed library capital facilities area at the owner's last-known address as disclosed by the tax records of any county in which the library district is located.

(2) No member of the governing body shall be disqualified from performing any duty imposed by this part 5 by reason of direct or indirect ownership of property within the boundaries of any proposed library capital facilities area, by reason of relationship to any person who owns property within the proposed library capital facilities area, or by reason of ownership of, or employment with, any entity that owns property within the boundaries of the proposed library capital facilities area.

24-90-507. Hearing - resolution - when action barred. (1) On the date fixed for the hearing described in section 24-90-506 or at any adjournment of the hearing, the governing body shall ascertain, from the tax rolls of any county in which the library district is located, the total valuation for assessment of the taxable property located within the proposed library capital facilities area.

(2) Upon the conclusion of the hearing required by section 24-90-506, if it appears that the library capital facilities specified in the preliminary resolution pursuant to section 24-90-505 (2)(c) are of the type and kind of library capital facilities that satisfy the purposes of this part 5, the governing body:

(a) Shall by adoption of a resolution:

(I) Adjudicate all questions of jurisdiction;

(II) Designate the boundaries of the facilities district pursuant to section 24-90-505

(2)(b);

(III) Affix a name to the facilities district that shall be the name as is specified in the preliminary resolution pursuant to section 24-90-505 (2)(a) and by which, in all subsequent proceedings, the facilities district shall thereafter be known; and

(IV) Specify that the facilities district shall have the power to levy ad valorem taxes in accordance with the requirements of section 24-90-511.

(b) May order that the question of the organization of the facilities district and other matters as the governing body deems appropriate, including, without limitation, the issuance of bonds or other matters for which voter approval is required under section 20 of article X of the state constitution, be submitted to the registered electors residing within the boundaries of the proposed facilities district at an election to be held for that purpose in accordance with the provisions of articles 1 to 13 of title 1, C.R.S. Unless otherwise provided in section 20 of article X of the state constitution, such election may be held in conjunction with a general election or on the election held on the first Tuesday in November of odd-numbered years.

(3) At an election held under paragraph (b) of subsection (2) of this section, the registered electors residing within the boundaries of the proposed facilities district shall vote for or against the organization of such district and such other matters as the governing body may deem appropriate, including, without limitation, the issuance of bonds of the library district or facilities district or other matters for which voter approval is required under section 20 of article X of the state constitution. If, upon canvassing the vote, it appears that a majority of the registered electors voting at such election vote in favor of the organization of the facilities district, the governing body shall adopt a resolution declaring the facilities district organized.

(4) If a resolution is adopted establishing the facilities district in accordance with the requirements of subsection (3) of this section, the resolution shall finally and conclusively establish the regular organization of the facilities district against all persons unless an action, including an action for certiorari review, attacking the validity of the facilities district is commenced in a court of competent jurisdiction within thirty days after the adoption of the resolution. Thereafter, any such action shall be perpetually barred. The organization of the facilities district shall not be directly or collaterally questioned in any suit, action, or proceeding.

24-90-509. Governing body - meetings. (1) The board of trustees of the library district that creates the facilities district, as the governing body of said district, shall constitute ex officio the board of the facilities district. The presiding officer of the board of trustees of the library district shall be ex officio the presiding officer of the board of the facilities district, the secretary of the board of trustees of the library district shall be ex officio the secretary of the board of the facilities district, and the treasurer of the board of trustees of the library district shall be ex

officio the treasurer of the board of the facilities district. The secretary and the treasurer may be one person. The board of the facilities district shall adopt a seal. The secretary shall keep in a visual text format that may be transmitted electronically a record of all its proceedings, minutes of all meetings, certificates, contracts, and all corporate acts, which shall be open to inspection of all owners of property in the facilities district as well as to all other interested parties. The treasurer shall keep permanent records containing accurate accounts of all money received by and disbursed for and on behalf of the area.

(2) The board shall hold meetings, on notice to each member of the board, which shall be open to the public in a place to be designated by the board as often as the needs of the facilities district require. A quorum of the governing body shall constitute a quorum at any meeting.

24-90-510. General powers of facilities district. (1) The facilities district has the following limited powers:

- (a) To have perpetual existence;
- (b) To have and use a corporate seal;
- (c) To sue and be sued and be a party to suits, actions, and proceedings;
- (d) To enter into contracts and agreements, except as otherwise provided in this part 5, affecting the affairs of the facilities district, including contracts with the United States and any of its agencies or instrumentalities. Except in cases in which a facilities district receives aid from an agency of the federal government, a notice shall be published for bids on all construction contracts for work or material or both involving an expense of one thousand dollars or more. The facilities district may reject any and all bids, and, if it appears that the facilities district can perform the work or secure material for less than the lowest bid, it may proceed to do so.
- (e) To borrow money and incur general obligation indebtedness and evidence the same by bonds, certificates, warrants, notes, and debentures in accordance with the provisions of this part 5;
- (f) To acquire, finance, construct, install, operate, and maintain the library capital facilities contemplated by this part 5, including all property, rights, or interests incidental or appurtenant thereto, and to dispose of real and personal property and any interest therein, including leases and easements in connection therewith;
- (g) To refund any general obligation indebtedness of the facilities district without an election; otherwise, the terms and conditions of refunding bonds shall be substantially the same as those of an original issue of bonds of the facilities district;
- (h) To have the management, control, and supervision of all the business and affairs of the facilities district and of the acquisition, construction, installation, operation, and maintenance of the facilities district's library capital facilities;
- (i) To adopt and amend bylaws not in conflict with the constitution and laws of the state or with the ordinances of the county or municipality affected for carrying on the business, objects, and affairs of the governing body and of the facilities district;
- (j) To exercise all rights and powers necessary or incidental to or implied from the specific powers granted in this part 5. Such specific powers shall not be considered as a

limitation upon any power necessary or appropriate to carry out the purposes and intent of this part 5.

(k) To conduct an election in accordance with articles 1 to 13 of title 1, C.R.S., for any purpose the board deems necessary or required.

24-90-511. Power to levy taxes. Subject to the requirements of section 20 (4) of article X of the state constitution, in addition to any other means of providing revenue for a facilities district, the board has the power to levy and collect ad valorem taxes on and against all taxable property located within the boundaries of the facilities district. The rate of levy to be submitted to the registered electors for their approval in accordance with the requirements of this section, or, if such rate is unlimited, shall be specified in the resolution creating the facilities district pursuant to section 24-90-507.

Source: L. 2003: Entire part added, p. 2472, § 29, effective August 15.

24-90-512. Determining and fixing rate of levy. The governing body shall determine the amount of moneys necessary to be raised by a levy on the taxable property located within the facilities district, taking into consideration other sources of revenue of the library district and the facilities district, and shall fix a rate of levy that, when levied upon every dollar of the valuation for assessment of taxable property within the facilities district together with other revenues, shall raise the amount required by the library district and the facilities district during the ensuing fiscal year to supply funds for paying expenses of organization and the costs of acquiring, financing, constructing, installing, operating, or maintaining the library capital facilities and promptly to pay in full when due all interest on and principal of general obligation bonds, indebtedness, and other obligations issued by the library district or the facilities district for the library capital facilities located within the facilities district. In the event of accruing defaults or deficiencies, additional levies may be made as provided in section 24-90-513. In accordance with the time schedule provided in section 39-5-128, C.R.S., the governing body shall certify to the board of county commissioners of each county in which the facilities district or a portion of the facilities district lies the rate so fixed in order that, at the time and in the manner required by law for the levying of taxes, such board of county commissioners shall levy such tax upon the valuation for assessment of all taxable property within the facilities district.

24-90-513. Levies to cover deficiencies. The governing body, in certifying annual levies, shall take into account the maturing indebtedness for the current and ensuing year as provided in its contracts, maturing bonds, and interest on bonds and the deficiencies and defaults of prior years and shall make ample provisions for the payment thereof. In case the moneys produced from such levies, together with other revenues of the library district or facilities district, are not sufficient to pay punctually the annual installments on its contracts or bonds and interest thereon and to pay defaults and deficiencies, the governing body, from year to year, shall make such additional levies of taxes as may be necessary for such purposes, and,

notwithstanding any limitations, such taxes shall be levied and shall continue to be levied until the indebtedness of the library district or facilities district is fully paid.

Source: L. 2003: Entire part added, p. 2473, § 29, effective August 15.

24-90-514. County officers to levy and collect taxes - lien. It is the duty of the body having authority to levy taxes within such county to levy the taxes certified to it as provided in this part 5. It is the duty of all officials charged with the duty of collecting taxes to collect and enforce such taxes at the time and in the form and manner and with like interest and penalties as other taxes are collected and, when collected, to pay the same to the library district or facilities district ordering its levy and collection. The payment of such collections shall be made monthly to the treasurer of the library district and paid into the depository thereof to the credit of the facilities district. All taxes levied under this part 5, together with interest thereon and penalties for default in payment thereof, and all costs of collecting the same shall constitute a lien, until paid, on and against the property taxed, and such lien shall be a lien as for all other general taxes.

24-90-515. Property sold for taxes. The taxes provided for in this part 5 shall be included as a part of general ad valorem taxes and shall be paid and collected accordingly. The sale of properties for delinquencies shall be conducted in the manner provided by the statutes of this state for selling property for nonpayment of other ad valorem taxes.

Source: L. 2003: Entire part added, p. 2473, § 29, effective August 15.

24-90-516. Governing body can issue bonds - form. To carry out the purposes of this part 5, the governing body is hereby authorized to issue bonds of the library district or facilities district for the purpose of financing the acquisition, construction, installation, operation, or maintenance of library capital facilities within the facilities district. The bonds shall bear interest at a rate such that the net effective interest rate of the issue of bonds does not exceed the maximum net effective interest rate authorized, payable at such times as determined by the governing body, and shall be due and payable in installments at such times as determined by the governing body extending not more than thirty years from the date of issuance. The form and terms of the bonds, including provisions for their sale, payment, and redemption, shall be determined by the governing body. If the bonds are payable from the general ad valorem taxes levied on property located within the facilities district, the bonds shall not be issued unless first approved at an election held for that purpose pursuant to section 24-90-507 (3). If the governing body so determines, bonds issued pursuant to this section may be redeemable prior to maturity, with or without payment of a premium, but no premium shall exceed three percent of the principal thereof. The bonds shall be executed in the name of the library district or the facilities district and signed by the presiding officer of the governing body with the seal of the library district or facilities district affixed thereto and attested by the secretary of the governing body. The bonds shall be in such denominations as the governing body shall determine. Under no circumstances shall any of the bonds be held to be an indebtedness, obligation, or liability of the

municipalities or counties in which the area is located, and bonds issued pursuant to the provisions of this part 5 shall contain a statement to that effect.

24-90-517. Dissolution procedures. Any facilities district organized pursuant to this part 5 may be dissolved after notice is given, publication is made, and a hearing is held in the manner prescribed by sections 24-90-506 and 24-90-507. The dissolution shall be commenced with a filing by the governing body with the clerk or secretary of the governing body of a resolution of the governing body approving the dissolution. After hearing any protest against or objection to the dissolution, and if the governing body determines that it is for the best interests of all concerned to dissolve the facilities district, the governing body shall so provide by an effective resolution, a certified copy of which shall be filed in the office of the county clerk and recorder in each county in which the facilities district or any part of the facilities district is located. Upon the filing, the dissolution shall be complete. However, no facilities district shall be dissolved until it has satisfied or paid in full all outstanding indebtedness, obligations, and liabilities issued to provide library capital facilities or until funds are on deposit and available therefor.

PART 6

INTERNET PROTECTION IN PUBLIC LIBRARIES

24-90-601. Legislative declaration. The general assembly hereby finds and declares that use of the internet in the public libraries of the state provides an extraordinary, unique, and unparalleled educational resource and source of knowledge and information. The general assembly further finds and declares that reasonable measures must be adopted and implemented to protect the children who use such internet services in public libraries from access to material

that is harmful to their beneficial development as responsible adults and citizens. It is the intent of the general assembly by enacting this part 6 that public libraries be required to adopt and enforce reasonable policies of internet safety that are consistent with the federal "Children's Internet Protection Act", as amended, (Pub.L. 106-554), and that will protect children from access to harmful material without compromising responsible adult use of internet services in such libraries.

Source: L. 2004: Entire part added, p. 598, § 1, effective July 1.

24-90-602. Definitions. As used in this part 6, unless the context otherwise requires:

(1) "Access to the internet" means, with reference to a particular computer, that the computer is equipped with a modem or is connected to a computer network that provides access to the internet.

(2) "Computer" includes any hardware, software, or other technology attached or connected to, installed in, or otherwise used in connection with a computer.

(3) "Harmful to minors" means any picture, image, graphic image file, or other visual depiction that:

(a) Taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;

(b) Depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, an actual or simulated normal or perverted sexual act, or a lewd exhibition of the genitals; and

(c) Taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

(4) "Minor" means any person who has not attained the age of seventeen years.

(5) "Public library" shall have the same meaning as set forth in section 24-90-103 (13). For purposes of this part 6, a "public library" shall be the equivalent of the library system established and maintained by the governing body of a particular library district or otherwise connected group of libraries and shall not mean each separate or individual library facility established and maintained by such library district or connected group of libraries.

(6) "Sexual act" or "sexual contact" shall have the same meaning as set forth in 18 U.S.C. sec. 2246 (2) and (3).

(7) "Technology protection measure" means a specific technology, including without limitation computer software, that blocks or filters internet access to visual depictions that are:

(a) Obscene, as defined in section 18-7-101 (2), C.R.S.;

(b) Child pornography, as defined in 18 U.S.C. sec. 2256 (8); or

(c) Harmful to minors; except that no technology protection measure may block scientific or medically accurate information regarding sexual assault, sexual abuse, incest, sexually transmitted infections, or reproductive health.

24-90-603. Adoption and enforcement of policy of internet safety for minors including technology protection measures - public libraries. (1) No later than December 31,

2004, the governing body of each public library shall adopt and implement a policy of internet safety for minors that includes the operation of a technology protection measure for each computer operated by the public library that allows for access to the internet by a minor.

(2) After the adoption and implementation of the policy of internet safety required by subsection (1) of this section, the governing body of each public library shall continue to enforce the policy and the operation of the technology protection measure for each computer operated by the public library that allows for access to the internet by a minor.

Source: L. 2004: Entire part added, p. 600, § 1, effective July 1.

24-90-604. Temporary disabling of technology protection measure. (1) (a) (I) Subject to the requirements of paragraph (b) of this subsection (1), an administrator, supervisor, or any other person authorized by the public library to enforce the operation of the technology protection measure adopted and implemented in accordance with the requirements of section 24-90-603 shall temporarily disable the technology protection measure entirely to enable access to the internet on a particular computer able to be accessed by a minor by an adult upon request without significant delay by the public library in responding to the request.

(II) Subject to the requirements of paragraph (b) of this subsection (1), an administrator, supervisor, or any other person authorized by the public library to enforce the operation of the technology protection measure adopted and implemented in accordance with the requirements of section 24-90-603 may temporarily disable the technology protection measure entirely to enable access to the internet on a particular computer able to be accessed by a minor for bona fide research or other lawful purposes where the internet use in connection with the research or other lawful purpose is supervised by an administrator, supervisor, parent, guardian, or other person authorized by the public library to perform such function.

(b) Where the public library has installed a technology protection measure that requires electronic verification of the age of the computer user, or where the parent or guardian of a minor has provided explicit prior approval for use of the computer by the minor, before the technology protection measure required by section 24-90-603 is disabled, no additional involvement by the staff of the public library shall be required.

(2) Notwithstanding any other provision of this section, the temporary disabling of the technology protection measure authorized by this section shall not be allowed in connection with a computer located in an area in a public library facility used primarily by minors.

Source: L. 2004: Entire part added, p. 600, § 1, effective July 1.

24-90-605. No restrictions on blocking access to the internet of other material. Nothing in this part 6 shall be construed to prohibit a public library from limiting internet access to or otherwise protecting against materials other than those that are obscene, child pornography, or harmful to minors.

Source: L. 2004: Entire part added, p. 600, § 1, effective July 1.

24-90-606. No requirement of additional action for public libraries already in compliance - no additional action in special circumstances. (1) Nothing in this part 6 shall be

construed to require any additional action on the part of any public library that is already in compliance with the requirements of this part 6 as of July 1, 2004.

(2) Nothing in this part 6 shall be construed to require any additional action on the part of any public library in circumstances where:

(a) No moneys exist in the budget for such library for the purchase of a technology protection measure that satisfies the requirements of this part 6; and

(b) After a good faith effort, the library is unable to acquire a technology protection measure free of charge that satisfies the requirements of this part 6.

CONSTRUCTION

ARTICLE 91

Construction Contracts with Public Entities

24-91-101. Legislative declaration. (1) The general assembly hereby declares that retentions in and delays in the completion of construction contracts with public entities are a matter of statewide concern and are affected with the public interest and that the provisions of this article are enacted in the exercise of the police power of this state for the purpose of protecting the health, peace, safety, and welfare of the people of this state.

(2) The general assembly hereby further finds and declares that the construction industry is a significant component of the state's economy; that there is a substantial statewide interest in fostering the growth and stability of the construction industry and ensuring that it remains economically viable; that the ability of construction and design enterprises to obtain and satisfactorily perform projects at all levels of government affects the construction industry as a whole; that clauses in public construction contracts which provide that public entities shall not be required to compensate contractors for delays in the completion of the work caused by the public entity are adhesive in nature and, if enforced, can have ruinous financial consequences on affected contractors due to risks over which the contractor may have no control; that public construction projects are subject to public appropriation laws which may be in direct conflict with commonly used construction contract clauses such as clauses which authorize additional payment to the contractor based on changed conditions; and that there is a substantial statewide interest in ensuring that the policy underlying the efficient expenditure of public moneys is balanced with the policy of fostering a healthy and viable construction industry.

24-91-102. Definitions. As used in this article, unless the context otherwise requires:

(1) "Acceptable securities" means:

(a) United States bonds, United States treasury notes, or United States treasury bills;

(b) General obligation or revenue bonds of this state;

(c) General obligation or revenue bonds of any political subdivision of this state;
(d) Certificates of deposit from a state or national bank or a savings and loan association insured by the federal deposit insurance corporation or its successor and having its principal office in this state.

(1.5) "Construction" includes the terms capital construction, capital renewal, and controlled maintenance as defined in section 24-30-1301.

(2) "Contractor" means any person, company, firm, or corporation which is a party to a contract with a public entity to construct, erect, alter, install, or repair any highway, public building, public work, or public improvement, structure, or system.

(3) "Public entity" means this state or a county, city, city and county, town, or district, including any political subdivision thereof.

(4) "Subcontractor" means and includes any person, company, firm, or corporation which is a party to a contract with a contractor to construct, erect, alter, install, or repair any highway, public building, public work, or public improvement, structure, or system and which, in connection therewith, furnishes and performs on-site labor with or without furnishing materials.

(5) "Substantial completion" means the date when the construction is sufficiently complete, in accordance with the contract documents, as modified by any change orders agreed to by the parties, so that the work or designated portion thereof is available for use by the owner.

24-91-103. Public entity - contracts - partial payments. (1) (a) A public entity awarding a contract exceeding one hundred fifty thousand dollars for the construction, alteration, or repair of any highway, public building, public work, or public improvement, structure, or system, including real property as defined in section 24-30-1301 (15), shall authorize partial payments of the amount due under such contract at the end of each calendar month, or as soon thereafter as practicable, to the contractor, if the contractor is satisfactorily performing the contract. The public entity shall pay at least ninety-five percent of the calculated value of completed work. The withheld percentage of the contract price of any contracted work, improvement, or construction may be retained until the contract is completed satisfactorily and finally accepted by the public entity.

(b) The public entity shall make a final settlement in accordance with section 38-26-107, C.R.S., within sixty days after the contract is completed satisfactorily and finally accepted by the public entity.

(c) If the public entity finds that satisfactory progress is being made in any phase of the contract, it may, upon written request by the contractor, authorize final payment from the withheld percentage to the contractor or subcontractors who have completed their work in a manner finally acceptable to the public entity. Before the payment is made, the public entity

shall determine that satisfactory and substantial reasons exist for the payment and shall require written approval from any surety furnishing bonds for the contract work.

(2) Whenever a contractor receives payment pursuant to this section, the contractor shall make payments to each of his subcontractors of any amounts actually received which were included in the contractor's request for payment to the public entity for such subcontracts. The contractor shall make such payments within seven calendar days of receipt of payment from the public entity in the same manner as the public entity is required to pay the contractor under this section if the subcontractor is satisfactorily performing under his contract with the contractor. The subcontractor shall pay all suppliers, sub-subcontractors, laborers, and any other persons who provide goods, materials, labor, or equipment to the subcontractor any amounts actually received which were included in the subcontractor's request for payment to the contractor for such persons, in the same manner set forth in this subsection (2) regarding payments by the contractor to the subcontractor. If the subcontractor fails to make such payments in the required manner, the subcontractor shall pay said suppliers, sub-subcontractors, and laborers interest in the same manner set forth in this subsection (2) regarding payments by the contractor to the subcontractor. At the time the subcontractor submits a request for payment to the contractor, the subcontractor shall also submit to the contractor a list of the subcontractor's suppliers, sub-subcontractors, and laborers. The contractor shall be relieved of the requirements of this subsection (2) regarding payment in seven days and interest payment until the subcontractor submits such list. If the contractor fails to make timely payments to the subcontractor as required by this section, the contractor shall pay the subcontractor interest as specified by contract or at the rate of fifteen percent per annum whichever is higher, on the amount of the payment which was not made in a timely manner. The interest shall accrue for the period from the required payment date to the date on which payment is made. Nothing in this subsection (2) shall be construed to affect the retention provisions of any contract.

24-91-103.5. Public entity - contracts - delay clauses - definition. (1) (a) Any clause in a public works contract that purports to waive, release, or extinguish the rights of a contractor to recover costs or damages, or obtain an equitable adjustment, for delays in performing such contract, if such delay is caused in whole, or in part, by acts or omissions within the control of the contracting public entity or persons acting on behalf thereof, is against public policy and is void and unenforceable.

(b) As used in this subsection (1), "public works contract" means a contract of the state, county, city and county, city, town, school district, special district, or any other political subdivision of the state for the construction, alteration, repair, or maintenance of any building, structure, highway, bridge, viaduct, pipeline, public works, real property as defined in section 24-30-1301 (15), or any other work dealing with construction, which includes, but need not be limited to, moving, demolition, or excavation performed in conjunction with such work.

(2) Subsection (1) of this section is not intended to render void any contract provision of a public works contract that:

(a) Precludes a contractor from recovering that portion of delay costs caused by the acts or omissions of the contractor or its agents;

(b) Requires notice of any delay by the party responsible for such delay;

(c) Provides for reasonable liquidated damages;

(d) Provides for arbitration or any other procedure designed to settle contract disputes.

24-91-103.6. Public entity - contracts - appropriations - contract modifications - severability - definition. (1) No public entity shall contract with a designer, a contractor, or a designer and contractor for the construction, the design, or both the construction and design of a public works project unless a full and lawful appropriation when required by statute, charter, ordinance, resolution, or rule or regulation has been made for such project.

(2) Every public works contract, as defined in section 24-91-103.5 (1)(b), shall contain the following:

(a) A statement that the amount of money appropriated is equal to or in excess of the contract amount;

(b) A clause that prohibits the issuance of any contract modification, as defined in section 24-101-301 (10), or other form of modification or directive by the public entity requiring additional compensable work to be performed, which work causes the aggregate amount payable under the contract to exceed the amount appropriated for the original contract, unless the contractor is given written assurance by the public entity that lawful appropriations to cover the costs of the additional work have been made and the appropriations are available prior to performance of the additional work or unless such work is covered under a remedy-granting provision in the contract; and

(c) For any form of modification or directive by the public entity requiring additional compensable work to be performed, a clause that requires the public entity to reimburse the contractor for the contractor's costs on a periodic basis, as those terms are defined in the contract, for all additional directed work performed until a contract modification is finalized. In no instance shall the periodic reimbursement be required before the contractor has submitted an estimate of cost to the public entity for the additional compensable work to be performed. Notwithstanding the provisions of this subsection (2)(c), state public works contracts shall be subject to the provisions of section 24-30-202.

(3) If the requirements of subsection (1) or (2) of this section are not met, a civil action may be maintained against the public entity which has contracted for the public works project to recover sums due under the contract notwithstanding any appropriation statute, ordinance, resolution, or law to the contrary.

(4) In the event that a good faith dispute arises between a public entity and a contractor concerning the contractor's right to receive additional compensation under a remedy-granting provision of the public works contract, it shall not be a defense to a civil action for payment for such claim that no moneys have been appropriated for such claimed amounts, so long as the contractor has complied with all provisions of the contract applicable to the dispute, including but not limited to contract modification and additional work clauses, and has submitted to the public entity a statement sworn to under penalty of perjury which sets forth: The amount of additional compensation to which the contractor contends that it is entitled; that claim-supporting data which is accurate and complete to the best of the contractor's knowledge and belief have been submitted; and that the amount requested accurately reflects what is owed by the public entity. As used in this subsection (4), "remedy-granting provision" means any contract clause which permits additional compensation in the event that a specific contingency or event occurs. Such term shall include, but shall not be limited to, change clauses, differing site conditions clauses, variation in quantities clauses, and termination for convenience clauses.

(5) If a final judgment is entered pursuant to a civil action brought by a contractor for which adequate appropriations have not been made, the judgment debtor public entity shall promptly make payment pursuant to section 13-60-101, 24-10-113, 24-10-113.5, or 30-25-104, C.R.S., and any other statutory requirement on payment of judgments.

(6) Any provision of this section which is in conflict with the terms of any federal grant shall be inapplicable to a contract between a contractor and a public entity which is funded in whole or in part by that grant.

(7) Nothing in this section shall prohibit:

(a) The use of phased construction over a period of years where, if applicable, the public entity has informed the contractor of initial annual appropriations at the time the contract is signed, and subsequent annual appropriations as they occur, in statements issued pursuant to subsection (2) of this section; or

(b) The use of bond-financed construction where appropriations to service bond debt may occur subsequent to the commencement of construction, where this fact is clearly stated in disclosure statements made pursuant to subsection (2) of this section.

(8) The provisions of this section shall apply to any contract executed on or after July 1, 1992.

(9) If any provision of this section or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this section that can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

24-91-104. Contract - completion by public entity - partial payments. If it becomes necessary for a public entity to take over the completion of any contract, all of the amounts owing the contractor, including the withheld percentage, shall be applied: First, toward the cost of completion of the contract; second, toward performance of the public entity's withholding requirement set forth in section 38-26-107, C.R.S.; third, to the surety furnishing bonds for the contract work, to the extent such surety has incurred liability or expense in completing the contract work or made payments pursuant to section 38-26-106, C.R.S.; then, to the contractor. Such retained percentage as may be due any contractor shall be due and payable at the expiration of thirty days from the date of final acceptance by the public entity of the contract work.

24-91-105. Withdrawal by contractor of sums withheld - security deposit required. The contractor under any contract exceeding one hundred fifty thousand dollars made or awarded by any public entity, pursuant to which sums are withheld to assure satisfactory performance of the contract, may withdraw the whole or any portion of the said sums withheld if the contractor deposits acceptable securities with the public entity. The contractor shall take such actions as the public entity may require to transfer the securities or a limited interest in the securities, including a security interest, and to authorize the public entity to negotiate the acceptable securities and to receive the payments due the public entity pursuant to law or the terms of the contract, and, to the extent there are excess funds resulting from said negotiation, the balance shall be returned to the contractor. Such acceptable securities so deposited at all times shall have a market value at least equal in value to the amount so withdrawn. If at any time a public entity determines that the market value of the acceptable securities theretofore deposited has fallen below the amount so withdrawn, the public entity shall give notice thereof to the contractor, who forthwith shall deposit additional acceptable securities in an amount sufficient to reestablish a total deposit of securities equal in value to the amount so withdrawn.

24-91-106. Escrow agreement - authority to enter into - effect on acceptable securities. (1) A public entity and the contractor may enter into an escrow contract or escrow contract and security agreement with any national bank, state bank, trust company, or savings and loan association located in this state and designated by mutual agreement of the public entity and the contractor, after notice to the surety, to provide as escrow agent for the custodial care and servicing of any acceptable securities deposited with him pursuant to this section. Such services shall include the safekeeping of the acceptable securities and the rendering of all services required to effectuate the purposes of this section and section 38-26-107, C.R.S.

(2) Any acceptable securities deposited with an escrow agent pursuant to this section shall be deemed to be in the possession of the public entity, and the public entity shall be deemed to have a perfected security interest in the acceptable securities for purposes of article 8 or 9 of title 4, C.R.S.

(3) The deposit of acceptable securities with a state or national bank, or a state or federal savings and loan association, shall not be deemed a holding of public deposits for purposes of article 10.5 or 47 of title 11, C.R.S.

24-91-107. Custodian for acceptable securities - collection of interest income - payable to contractor. The public entity or any national bank, state bank, trust company, or savings and loan association located in this state and designated by mutual agreement of the public entity and the contractor to serve as custodian for the acceptable securities pursuant to section 24-91-106 shall collect all interest and income when due on the acceptable securities so deposited and shall pay them, when and as collected, to the contractor who deposited the acceptable securities. If the deposit is in the form of coupon bonds, the escrow agent shall deliver each coupon, as it matures, to the contractor. Any expense incurred for this service shall not be charged to the public entity.

24-91-109. Retained payments - disbursement. All retained payments and interest thereon disbursed to any contractor under any contract with a public entity covered under this article shall be disbursed to each subcontractor by the contractor. The disbursement of such retained payments and interest shall be in proportion to the respective amounts of retained payments, if any, which the contractor theretofore has withheld from his subcontractors if the subcontractor has performed under his contract with the contractor.

ARTICLE 92

Construction Bidding for Public Projects

PART 1

GENERAL PROVISIONS

24-92-101. Short title. This article shall be known and may be cited as the "Construction Bidding for Public Projects Act".

Source: L. 81: Entire article added, p. 1254, § 1, effective July 1.

24-92-102. Definitions. As used in this article 92, unless the context otherwise requires:

(1) "Agency of government" means any agency, department, division, board, bureau, commission, institution, or section of this state which is a budgetary unit exercising construction contracting authority or discretion.

(2) "Construction contract" or "contract" means any agreement for building, altering, repairing, improving, or demolishing any public project of any kind. For the purposes of this article, the terms include capital construction, capital renewal, and controlled maintenance, as defined in section 24-30-1301.

(3) "Cost" means the total cost of labor, materials, provisions, supplies, equipment rentals, equipment purchases, insurance, supervision, engineering, clerical, and accounting services, the value of the use of equipment, including its replacement value, owned by a state agency, and reasonable estimates of other administrative costs not otherwise directly attributable to the public project which may be reasonably apportioned to such project in accordance with generally accepted cost accounting principles and standards.

(4) "Cost-reimbursement contract" means a contract under which a contractor is reimbursed for costs which are allowable and allocable in accordance with the contract terms and the provisions of this article.

(5) "Invitation for bids" means all documents, whether attached or incorporated by reference, utilized for soliciting bids.

(6) "Low responsible bidder" means any contractor who has bid in compliance with the invitation to bid and within the requirements of the plans and specifications for a public project, who is the low bidder, and who has furnished bonds or their equivalent as required by law.

(7) "Project description" means the words used in a solicitation to describe the construction to be performed, and includes specifications attached to, or made a part of, the solicitation.

(8) (a) "Public project" means any construction, alteration, repair, demolition, or improvement of any land, building, structure, facility, road, highway, bridge, or other public improvement suitable for and intended for use in the promotion of the public health, welfare, or safety and any maintenance programs for the upkeep of such projects.

(b) Except as provided in paragraph (c) of this subsection (8), "public project" does not include any project for which appropriation or expenditure of moneys may be reasonably expected not to exceed five hundred thousand dollars in the aggregate for any fiscal year. Nothing in this paragraph (b) shall affect the requirements for the delivery of bonds or security pursuant to sections 24-105-202, 38-26-105, and 38-26-106, C.R.S.

(c) "Public project" does not include any project under the supervision of the department of transportation for which appropriation or expenditure of funds may be reasonably expected not to exceed two hundred fifty thousand dollars in the aggregate of any fiscal year.

(9) "Responsible officer" means the person having overall contract administration responsibility for an agency of government.

24-92-103. Construction of public projects - invitation for bids. (1) All construction contracts for public projects that do not receive federal moneys may be solicited by invitation for bids pursuant to this section.

(2) An invitation for bids shall be issued and shall include a project description and all contractual terms and conditions applicable to the public project.

(3) Adequate public notice of the invitation for bids shall be given at least fourteen days prior to the date set forth therein for the opening of bids, pursuant to rules. Such notice may include publication by electronic online access pursuant to section 24-92-104.5 or in a newspaper of general circulation at least fourteen days prior to bid opening or in an electronic medium approved by the executive director of the department of personnel.

(4) Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The amount of each bid and such other relevant information as may be specified by rules, together with the name of each bidder, shall be entered on a record, and the record shall be open to public inspection. After the time of the award, all bids and bid documents shall be open to public inspection in accordance with the provisions of sections 24-72-203 and 24-72-204.

(5) Bids shall be unconditionally accepted, except as authorized by subsection (7) of this section. Bids shall be evaluated based on the requirements set forth in the invitation for bids,

which may include criteria to determine acceptability, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in the evaluation for award shall be objectively measurable, such as discounts, transportation costs, and total or life-cycle costs.

(6) Withdrawal of inadvertently erroneous bids before the award may be permitted pursuant to rules if the bidder submits proof of evidentiary value which clearly and convincingly demonstrates that an error was made. Except as otherwise provided by rules, all decisions to permit the withdrawal of bids based on such bid mistakes shall be supported by a written determination made by the responsible officer.

(7) The contract shall be awarded with reasonable promptness by written notice to the low responsible bidder whose bid meets the requirements and criteria set forth in the invitation for bids. In the event that all bids for a construction project exceed available funds, as certified by the appropriate fiscal officer, the responsible officer is authorized, in situations where time or economic considerations preclude resolicitation of work of a reduced scope, to negotiate an adjustment of the bid price with the low responsible bidder in order to bring the bid within the amount of available funds; except that the functional specifications integral to completion of the project may not be reduced in scope, taking into account the project plan, design, and specifications and quality of materials.

24-92-103.5. Construction of public projects - invitation for best value bids. (1) All construction contracts for public projects that do not receive federal moneys may be awarded through competitive sealed best value bidding pursuant to this section.

(2) An invitation for bids under competitive sealed best value bidding shall be made in the same manner as provided in section 24-92-103 (2), (3), and (4); except that adequate public notice of the invitation for bids shall be given at least thirty days prior to the date set forth therein for the opening of bids.

(3) The invitation for competitive sealed best value bids must identify the evaluation factors upon which the award will be made. When making the award determination, the responsible officer shall evaluate the factors specified in the invitation for bids and shall not evaluate any other factors other than those specified in the invitation for bids. The factors that must be included in the invitation for bids and that the responsible officer shall consider include, but need not be limited to:

- (a) The project price stated in the bid;
- (b) The bidder's design and technical approach to the public project;
- (c) The experience, past performance, and expertise of the bidder and the bidder's primary subcontractors in connection with prior construction contracts, including its

performance in the areas of cost, quality, schedule, safety, compliance with plans and specifications, and adherence to applicable laws and regulations;

(d) The bidder's project management plan for the construction contract that identifies the key management personnel that will be used for the project, the proposed project schedule, the bidder's quality control program and project safety program, financial resources, equipment, and any other information that demonstrates the bidder's competency to perform the contract, including technical qualifications and resources;

(e) The bidder's staffing plan;

(f) The bidder's safety plan and safety record;

(g) The bidder's job standards, including the bidder's method of personnel procurement, employment of Colorado workers, workforce development and long-term career opportunities of workers, the availability of training programs, including apprenticeships registered by the United States department of labor's office of apprenticeship or a state apprenticeship agency recognized by that office, the benefits provided to workers, including health-care and defined benefit or defined contribution retirement benefits, and whether the bidder pays industry-standard wages; and

(h) The availability and use of domestically produced iron, steel, and related manufactured goods to execute the contract.

(4) The contract shall be awarded with reasonable promptness by written notice to the bidder whose bid is determined in writing to be the most advantageous to the state and that represents the best overall value to the state, taking into consideration the price and other evaluation factors set forth in the invitation for bids in accordance with subsection (3) of this section. The contract file maintained by the state must contain the basis on which the award determination was made.

(5) An invitation for best value bids issued pursuant to this section must otherwise comply with the requirements of section 24-103-203 concerning requests for proposals for nonconstruction contracts to the extent that such requirements do not conflict with this section. In the case of a conflict, the provisions of this section supersede.

(6) To ensure that the best value bidding process pursuant to this section is open and transparent to the greatest possible degree:

(a) After selection of most qualified participants, all statements of qualification shall be made available to the public; and

(b) After the contract has been awarded, all requests for proposals shall be made public with the score sheets used to make the bid selection, omitting any confidential corporate information.

24-92-103.7. Disclosure - invitation for bids - invitation for best value bids. The executive director of an agency of government or president of an institution of higher education

that enters into a construction contract for a public project pursuant to this article 92 that is not funded in any part with federal moneys shall disclose to the public the agency of government's rationale or the institution's rationale for selecting the invitation for bids process pursuant to section 24-92-103 or the invitation for best value bids process pursuant to section 24-92-103.5 for the public project. The agency or institution shall post the disclosure on its website.

24-92-104. Exemptions - applicability. (1) The provisions of sections 24-92-103 and 24-92-103.5 do not apply to:

(a) A public project for which the agency of government receives no bids or for which all bids have been rejected; or

(b) A situation for which the responsible officer determines it is necessary to make emergency procurements or contracts because there exists a threat to public health, welfare, or safety under emergency conditions, but such emergency procurements or contracts shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file.

(c) Contracts for architectural, engineering, land surveying, and landscape architectural services as provided for in part 14 of article 30 of this title.

(2) Nothing in this article shall be construed to affect or limit any additional requirements imposed upon an agency of government for awarding contracts for public projects.

(3) This article shall not apply to any county, municipality, school district, special district, or political subdivision of the state and shall not be construed to affect any requirements which may otherwise apply to such entities for awarding contracts for public projects, except as provided in section 24-92-109.

24-92-104.5. Solicitation of bids by electronic online access - department of transportation. The executive director of the department of transportation may invite bids using electronic online access, including the internet, for purposes of acquiring construction contracts for public projects on behalf of the department of transportation.

Source: **L. 98:** Entire section added, p. 1097, § 12, effective June 1.

24-92-105. Cancellation of invitations for bids. An invitation for bids or any other solicitation may be canceled or any or all bids or proposals may be rejected in whole or in part as may be specified in the solicitation when it is in the best interests of the agency of government. The reasons for any cancellation or rejection shall be made part of the contract file.

24-92-106. Responsibility of bidders and offerors. (1) A written determination of nonresponsibility of a bidder or offeror shall be made pursuant to rules. The unreasonable failure of a bidder or offeror to promptly supply information in connection with an inquiry with respect to responsibility may be grounds for a determination of nonresponsibility with respect to such bidder or offeror.

(2) Information furnished by a bidder or offeror pursuant to this section shall not be disclosed without prior written consent by the bidder or offeror.

24-92-107. Prequalification of contractors. Prospective contractors may be prequalified for particular types of construction, and the method of compiling a list of and soliciting from such potential contractors shall be pursuant to rules.

Source: L. 81: Entire article added, p. 1257, § 1, effective July 1.

24-92-108. Types of contracts. Subject to the limitations of this section, any type of contract which will promote the best interests of the agency of government may be used; except that the use of a cost-plus-a-percentage-of-cost contract is prohibited. A cost-reimbursement contract may be used only when a determination is made in writing that such contract is likely to be less costly to the agency of government than any other type of contract or that it is impracticable to obtain the construction required unless the cost-reimbursement contract is used.

Source: L. 81: Entire article added, p. 1257, § 1, effective July 1.

24-92-109. Agency of government to submit cost estimate. (1) Whenever an agency of government proposes to undertake the construction of a public project, reasonably expected to cost in excess of fifty thousand dollars by any means or method other than by a contract awarded by competitive bid, it shall prepare and submit a cost estimate in the same manner as other bidders; except that, for projects under the supervision of the department of transportation undertaken by such means or method, the department shall prepare and submit a cost estimate if the cost of the project is reasonably expected to exceed two hundred fifty thousand dollars. Cost estimates for projects undertaken by the department of transportation that are reasonably expected to cost more than one hundred fifty thousand dollars but not more than two hundred fifty thousand dollars shall be submitted to the transportation commission on at least a quarterly basis for its review and approval. An agency of government itself may not undertake a proposed project unless it shows the lowest cost estimate.

(2) In preparing such cost estimate, the agency of government shall preserve a full, true, and accurate record of the cost of such project. Such records shall be kept and maintained by the responsible officer on behalf of the agency of government. To the extent the agency of government contracts with any other state or local government agency in connection with a public project, such other agency shall provide all necessary data or information to enable the agency of government to document a full, true, and accurate record of the cost of such project, which data or information shall be kept in an orderly manner by the agency of government for a period of at least six years after completion of the project. All such records shall be considered public records and shall be made available for public inspection.

(3) State agencies shall not be required to be bonded when performing the work on a public project.

24-92-110. Rules and regulations. The executive director of the department of personnel shall promulgate rules and regulations which are designed to implement the provisions of this article 92; except that the executive director of the department of transportation shall promulgate rules and regulations relating to bridge and highway construction bidding practices including, notwithstanding any other provisions of this article 92, rules governing debarment of contractors. The rules must include provisions requiring agencies of government to keep certain public project records, even if duplicative, in accordance with generally accepted cost accounting principles and standards. In addition, the rules must include criteria to be used by a responsible procurement official in evaluating a response to an invitation for best value bids pursuant to section 24-92-103.5 (3).

24-92-111. Audit. If any agency of government is alleged to be in violation of or in material noncompliance with this article 92 or the rules promulgated thereunder, the legislative audit committee shall be advised, in writing, of the activities alleged to be in violation or noncompliance. The legislative audit committee shall give notice to the agency, which has ten days to respond to the allegation. If the committee thereafter determines that there is a reasonable probability of a violation or material noncompliance, the committee shall take

appropriate action and may direct the state auditor to conduct an audit and review of the records being kept by the agency. If the state auditor determines that the agency has violated or has not complied or is not complying with this article 92 or the rules promulgated thereunder, a written report shall be issued to the agency detailing the areas of violation or noncompliance and curative recommendations. The agency shall implement the recommendations of the state auditor within a time period set by the state auditor not to exceed six months.

24-92-115. Apprenticeship utilization requirements - mechanical, electrical, and plumbing contracts - public projects - definition. (1) (a) Unless prohibited by applicable federal law, and except as otherwise provided in subsection (1)(b) of this section, the contract for any public works project that does not receive federal money, including a public project that will have an integrated project delivery contract pursuant to article 93 of this title 24, in the amount of one million dollars or more shall require the general contractor or other firm to which the contract is awarded to submit, at the time the mechanical, electrical, or plumbing subcontractor is put under contract, documentation to the agency of government that:

(I) Identifies the contractors or subcontractors that will be used for all mechanical, sheet metal, fire suppression, sprinkler fitting, electrical, and plumbing work required on the project;

(II) Certifies that all firms identified participate in apprenticeship programs registered with the United States department of labor's office of apprenticeship or a state apprenticeship agency recognized by the United States department of labor and have a proven record of graduating apprentices as follows:

(A) Beginning July 1, 2021, through June 30, 2026, a minimum of fifteen percent of its apprentices for at least three of the past five years;

(B) Beginning July 1, 2026, through June 30, 2031, a minimum of twenty percent of apprentices for at least three of the past five years; and

(C) Beginning July 1, 2031, and each year thereafter, a minimum of thirty percent of apprentices for at least three of the past five years; and

(III) Supplies supporting documentation from the United States department of labor's office of apprenticeship or a state apprenticeship agency recognized by the United States department of labor verifying the information provided in the certification specified in subsection (1)(a)(II) of this section.

(b) The provisions of this section do not apply to the department of transportation, regardless of the amount or funding source of the public project. The provisions of this section also do not apply to any county, city and county, city, municipality, town, school district, special district, or any other political subdivision of the state.

(c) For the purposes of subsection (1)(a)(II) of this section, "graduating" means the completion of a multi-year program, including the requisite classroom course work and on-the-job training requirements and a certificate of completion issued by the United States department of labor's office of apprenticeship or awarded pursuant to article 15.7 of title 8.

(2) The documentation required pursuant to subsection (1) of this section shall be made publicly available by the contracting agency of government through its website within thirty days from when it is submitted.

(3) To ensure compliance with the requirements of subsection (1) of this section, the general contractor or other firm to which the contract is awarded shall agree to provide additional documentation to the contracting agency regarding affected apprenticeship training programs relating to the requirements of this section. If a contracting agency of government determines that a mechanical, electrical, or plumbing subcontractor has willfully falsified documentation or willfully misrepresented their qualifications required to comply with this section in the contract, the agency of government shall direct the contractor to terminate the subcontractor contract immediately and the subcontractor will be immediately removed from the public project. At the discretion of the director of the department of personnel, the state may initiate the process to debar the contractor pursuant to section 24-109-105, and may pursue any other remedy provided by law.

(4) Upon evaluation of the submitted bids, the contracting agency of government may waive the requirements of this section for a public project if the agency of government determines that there is substantial evidence that there were no responsive, eligible subcontractors available to fulfill the mechanical, electrical, or plumbing portions of the contract. Each agency of government that has contracts for public projects subject to the requirements of this section shall make public all waivers and the specific rationale for granting the waiver. The agency of government shall post notice of the waiver and a justification for the waiver on its website.

(5) Nothing in this section shall be construed to supersede the requirements for licensed plumbers, licensed electricians, or apprentices registered with the state pursuant to title 12, including sections 12-115-109, 12-113-115, 12-155-108, and 12-155-124.

(6) (a) To promote and facilitate the development of new apprenticeship programs, an apprenticeship program that does not satisfy the requirements of subsection (1)(a) of this section may petition the department of labor and employment for conditional approval for the purposes

of this section. To be allowed conditional approval, an apprenticeship program must demonstrate the following:

(I) The program has been registered with the United States department of labor's office of apprenticeship or a state apprenticeship agency recognized by the United States department of labor and has been providing training for at least six months; and

(II) The program is performing bona fide apprenticeship training as evidenced by information showing that it has the requisite facilities, personnel, and other resources needed to provide such training; and

(b) (I) If conditional approval is granted, the program will remain eligible for future covered projects, subject to annual reviews by the department of labor and employment for five years after conditional approval is granted or until it can satisfy the requirements of subsection (1)(a) of this section and can show a three-year graduation track record.

(II) To maintain conditional approval pursuant to this subsection (6), the apprenticeship program must demonstrate to the department of labor and employment that it has registered new apprentices into its program for every year it has been in operation and that it has advanced, at a minimum, ten percent of its apprentices in each year of operation. The department shall rescind a conditional approval for any program that fails to maintain these standards.

(7) **[Editor's note: This subsection (7) is effective January 1, 2024.]** (a) For an energy sector public works project, as defined in section 24-92-303 (5), the general contractor or other firm to which the contract is awarded shall:

(I) Identify, at the time they are put under contract, all contractors or subcontractors required for the project, other than those used for all mechanical, sheet metal, fire suppression, sprinkler fitting, electrical, plumbing work, and construction craft labor; and

(II) Certify that all contractors or subcontractors identified participate in apprenticeship training programs registered with the United States department of labor's employment and training administration or state apprenticeship agencies recognized by the United States department of labor's employment and training administration and have a proven record of graduating apprentices for at least three of the past five years.

(b) Subsections (1)(a) to (1)(c) of this section apply to mechanical, electrical, and plumbing contractors and subcontractors subject to this subsection (7).

(c) Contractors and subcontractors that are subject to the requirements of this subsection (7) and that provide construction craft labor must certify that all firms identified participate in apprenticeship training programs that are registered with the United States department of labor's employment and training administration or a state apprenticeship agency recognized by the United States department of labor's employment and training administration and that:

(I) Satisfy the graduation requirements of subsections (1)(a)(II)(A) to (1)(a)(II)(C) of this section at the time the contract or subcontract was executed; and

(II) Provide documentation required in subsection (1)(a)(III) of this section.

(d) Upon evaluation of the submitted bids, a public utility, independent power producer, or cooperative electric association may waive the requirements of this section if it determines that there is substantial evidence that there are no responsive eligible contractors or subcontractors for any trades available to fulfill the apprenticeship requirements for one or more of the trades subject to this section. Any party exercising a waiver pursuant to this subsection (7)(d) shall disclose the waiver on a publicly accessible website, including the contractor or subcontractor to which the waiver applies and the specific rationale for the waiver.

(e) In the event of an extreme weather event, a wildfire, or an emergency declared by the state of Colorado or the federal government, a public utility or cooperative electric association may waive the requirements of this subsection (7) when performing repair work to restore electric service to customers or association members when it can reasonably demonstrate that:

(I) The capacity needed to restore power exceeds the public utility's or cooperative electric association's available capacity for emergency repairs through its employees, standby contractor capacity, or applicable mutual aid agreements; and

(II) A good faith effort to identify contractors and subcontractors that can comply with this subsection (7) was made and no eligible contractors or subcontractors were available for the time frame for which the emergency capacity was needed.

Editor's note: Section 13(2) of chapter 247 (SB 23-292), Session Laws of Colorado 2023, provides that the act changing this section only applies to any energy sector public works project for which a public utility or cooperative electric association invitation for bids or proposals is issued on or after January 1, 2024.

24-92-116. Department of transportation - reporting requirements. (1) The department of transportation shall annually identify in a report to the transportation commission and to the transportation legislation review committee of the general assembly all highway maintenance projects for the reporting year costing more than one hundred fifty thousand dollars but not more than two hundred fifty thousand dollars that:

(a) The department is completing using its own employees;

(b) The department awarded by invitation for bids pursuant to section 24-92-103 or by competitive sealed best value bidding pursuant to section 24-92-103.5; or

(c) For which the department solicited but did not receive bids pursuant to section 24-92-103 or 24-92-103.5.

(2) Notwithstanding the requirement in section 24-1-136 (11)(a)(I), the requirement to submit the report required in subsection (1) of this section continues indefinitely.

24-92-117. Maximum global warming potential for materials used in eligible projects - buildings - projects that are not roads, highways, or bridges - environmental product declaration - short title - report - definitions. (1) The short title of this section and section 24-92-118 is the "Buy Clean Colorado Act".

(2) As used in this section, unless the context otherwise requires:

(a) "Eligible material" means materials used in the construction of a public project, including:

- (I) Asphalt and asphalt mixtures;
- (II) Cement and concrete mixtures;
- (III) Glass;
- (IV) Post-tension steel;
- (V) Reinforcing steel;
- (VI) Structural steel; and
- (VII) Wood structural elements.

(b) "Eligible project" means a public project as defined in section 24-92-102, for which an agency of government issues a solicitation on or after January 1, 2024; except that "eligible project" does not include any maintenance program for the upkeep of a public project or any road, highway, or bridge project.

(c) "Greenhouse gas" has the same meaning as set forth in section 25-7-140 (6).

(d) "Office of the state architect" means the office of the state architect in the department of personnel.

(3) (a) By January 1, 2024, the office of the state architect shall establish by policy a maximum acceptable global warming potential for each category of eligible materials used in an eligible project in accordance with the following requirements:

(I) The office of the state architect shall base the maximum acceptable global warming potential on the industry average of global warming potential emissions for that material. The office of the state architect shall determine the industry average by consulting nationally or internationally recognized databases of environmental product declarations and may include transportation-related emissions as part of the global warming potential emissions.

(II) The office of the state architect shall express the maximum acceptable global warming potential as a number that states the maximum acceptable global warming potential for each category of eligible materials. The global warming potential shall be provided in a manner that is consistent with criteria in an environmental product declaration. The office of the state architect may establish additional subcategories within each eligible material with distinct maximum acceptable global warming potential limits. The policy may permit maximum acceptable global warming potential for each material category in the aggregate.

(b) In establishing a maximum acceptable global warming potential for each category of eligible materials used in an eligible project, the office of the state architect may consult with any other relevant department or division of state government.

(c) By January 1, 2026, and every four years thereafter, the office of the state architect shall review the maximum acceptable global warming potential for each category of eligible materials and may adjust the number for any eligible material to reflect industry conditions. The office of the state architect shall not adjust the number upward for any eligible material.

(4) (a) (I) For any solicitation for a contract for the design of an eligible project, an agency of government shall require the designer who is awarded the contract to include, in project specifications when final construction documents are released, a current environmental product declaration, type III, as defined by the international organization for standardization standard 14025:2006, or similarly robust life cycle assessment methods that have uniform standards in data collection, as set by policy by the office of the state architect for each eligible material proposed to be used in the eligible project that meet the maximum acceptable global warming potential for each category of eligible materials.

(II) If a product that meets the maximum acceptable global warming potential for a category of eligible materials is not reasonably priced or is not available on a reasonable basis at the time of design or construction, the office of the state architect may waive the requirements of this section for that product.

(b) For any solicitation for a contract for an eligible project, an agency of government shall specify the eligible materials that will be used in the project and reasonable minimum usage thresholds below which the requirements of this section shall not apply. An agency of government may include in a specification for solicitations for an eligible project a global warming potential for any eligible material that is lower than the maximum acceptable global warming potential for that material as determined pursuant to subsection (3) of this section.

(c) A contractor that is awarded a contract for an eligible project shall not install any eligible materials on the project until the contractor submits an environmental product declaration for that material pursuant to subsection (4)(a) of this section. The environmental product declaration shall be deemed approved if it complies with the original specification required by subsection (4)(a) of this section. If an environmental product declaration is not available for an eligible material, the contractor shall notify the agency of government and install an alternative eligible material with an environmental product declaration. If a product meeting the maximum acceptable global warming potential for a category of eligible materials is not reasonably priced or is not available to the contractor on a reasonable basis, the agency of government may waive the requirements of this section for that product. The agency of government shall report the waivers it awards to the office of the state architect.

(5) In administering this section, the office of the state architect shall strive to achieve a continuous reduction of greenhouse gas emissions over time. Reduction of greenhouse gas emissions achieved under this section shall be credited under the process created in section 25-7-105 (1)(e).

(6) Beginning in 2026, and in each year thereafter, the office of the state architect shall prepare a report for the general assembly that includes the following information:

(a) For the report prepared in 2026 only, a description of the method that the office of the state architect used to develop the maximum acceptable global warming potential for each category of eligible materials;

(b) What the office of the state architect has learned about how to identify and quantify embodied carbon in building materials, including life cycle costs; and

(c) Any obstacles the office of the state architect as well as bidding contractors have encountered in identifying and quantifying embodied carbon in building materials.

(7) For purposes of the sales and use tax exemption for eligible decarbonizing building materials allowed pursuant to section 39-26-731, any manufacturer of an eligible material may submit the environmental product declaration for the eligible material to the office of the state architect. The office shall review the environmental product declaration for any eligible material submitted to the office by a manufacturer, and shall determine whether the manufacturer's eligible material is within the maximum acceptable global warming potential for that material as determined by the office pursuant to subsection (3) of this section. Beginning January 1, 2024, the office shall compile and maintain a list of all eligible materials and the manufacturers of the eligible materials that are submitted to the office and verified by the office to be within the maximum acceptable global warming potential for that material as determined by the office pursuant to subsection (3) of this section. In compiling the list, the office shall consult with the

department of revenue to ensure that all information required for purposes of the sales and use tax exemption allowed pursuant to section 39-26-731 is included on the list. The office shall regularly update the list, post the most current version of the list on the office's website, and ensure that the list is available to the department of revenue.

24-92-118. Maximum global warming potential for materials used in public projects - road - highway - bridge projects - environmental product declaration - short title - report - definitions. (1) The short title of this section and section 24-92-117 is the "Buy Clean Colorado Act".

(2) As used in this section, unless the context otherwise requires:

(a) "Department" means the department of transportation.

(b) "Eligible material" means materials used in the construction of a public project, including, but not limited to:

(I) Asphalt and asphalt mixtures;

(II) Cement and concrete mixtures; and

(III) Steel.

(c) "Greenhouse gas" has the same meaning as set forth in section 25-7-140 (6).

(d) "Public project" means all publicly bid construction projects, projects from within the asset management, or other projects as determined by the department.

(3) (a) By January 1, 2025, the department shall establish a policy to determine and record greenhouse gas emissions from eligible materials used in a public project with the goal of reducing greenhouse gas emissions in accordance with the following requirements:

(I) The department shall use the nationally or internationally recognized databases of environmental product declarations and may include transportation-related emissions as part of the global warming potential emissions; and

(II) The department shall develop a tracking and reporting process in a manner that is consistent with criteria in an environmental product declaration. The department may establish additional subcategories within each eligible material with distinct maximum global warming potential limits.

(b) In establishing the policy pursuant to this section, the department may consult with any other relevant department or division of state government.

(c) By January 1, 2027, and every four years thereafter, the department of transportation shall review the policy created pursuant to this section and may adjust the policy to reflect industry conditions. The department shall not adjust the policy for any eligible material to be less stringent.

(4) (a) For invitation for bids for contracts for public projects issued on or after July 1, 2022, the department shall require the contractor who is awarded the contract to submit a current environmental product declaration, type III, as defined by the international organization for standardization standard 14025:2006, or similarly robust life cycle assessment methods that have

uniform standards in data collection, for each eligible material proposed to be used in the public project.

(b) For invitation for bids for contracts for public projects issued on or after July 1, 2025, the department shall require the contractor who is awarded the contract to submit a current environmental product declaration, type III, as defined by the international organization for standardization standard 14025:2006, or similarly robust life cycle assessment methods that have uniform standards in data collection, as set by policy by the department for each eligible material proposed to be used in the public project.

(c) For invitation for bids for contracts for publicly bid public projects issued on or after July 1, 2025, the department of transportation shall specify the eligible materials that will be used in the project based on the policy and reasonable minimum usage thresholds below which the requirements of this section shall not apply.

(d) A contractor that is awarded a contract for a public project shall not install any eligible materials on the project until the contractor submits an environmental product declaration for that material pursuant to subsection (3)(a) of this section. The environmental product declaration shall be deemed approved if it complies with the policy established by the department pursuant to this section. If an environmental product declaration is not available for an eligible material, the contractor shall notify the department and install an alternative eligible material with an environmental product declaration. If a product meeting the policy requirements for a category of eligible materials is not reasonably priced or is not available to the contractor on a reasonable basis, the department may waive the requirements of this section for that product.

(5) In administering this section, the department shall strive to achieve a continuous reduction of greenhouse gas emissions over time. Reduction of greenhouse gas emissions achieved under this section shall be credited under the process created in section 25-7-105 (1)(e).

(6) Beginning in 2026, the department shall annually present the following information to the transportation legislation review committee, or any successor committee:

(a) For the presentation in 2026 only, a description of the method that the department used to develop the policy requirements for each category of eligible materials;

(b) What the department has learned about how to identify and quantify embodied carbon in building materials, including life cycle costs; and

(c) Any obstacles the department as well as bidding contractors have encountered in identifying and quantifying embodied carbon in building materials.

PART 2

PREVAILING WAGE FOR PUBLIC PROJECTS

24-92-201. Definitions. As used in this part 2, unless the context otherwise requires:

(1) "Agency of government" means any agency, department, division, board, bureau, commission, institution, or section of the state which is a budgetary unit exercising construction contracting authority or discretion. "Agency of government" does not include any county, city and county, city, municipality, town, school district, special district, or any other political subdivision of the state.

(2) "Contractor" means any person having a contract for a public project with an agency of government.

(3) "Director" means the director of the department of personnel.

(4) "Employees" means workers who are employees pursuant to section 8-4-101 (5), and who are engaged by contractors or subcontractors to perform jobs on various types of public projects including mechanics, laborers, and other construction workers.

(5) "Public project" means any construction, alteration, repair, demolition, or improvement of any land, building, structure, facility, road, highway, bridge, or other public improvement suitable for and intended for use in the promotion of public health, welfare, or safety and any operation or maintenance programs for the operation and upkeep of such projects. "Public project" includes any work, construction, or repair performed by a private party through a contract to rent, lease, or purchase at least fifty percent of the project by one or more agencies of government.

(6) "Wages", "scale of wages", "wage rates", "minimum wages", and "prevailing wages" means:

(a) The basic hourly rate of pay; and

(b) For medical or hospital care, pensions on retirement or death, compensation for injuries or illness resulting from occupational activity, or insurance to provide any of the foregoing, for unemployment benefits, life insurance, disability and sickness insurance, or accident insurance, for vacation and holiday pay, for defraying the costs of apprenticeship or other similar programs, or for other bona fide fringe benefits, but only where the contractor or subcontractor is not required by other federal, state, or local law to provide any of those benefits, the amount of:

(I) The rate of contribution irrevocably made by a contractor or subcontractor to a trustee or to a third person under a fund, plan, or program; and

(II) The rate of costs to the contractor or subcontractor that may be reasonably anticipated in providing benefits to employees pursuant to an enforceable commitment to carry out a financially responsible plan or program which was communicated in writing to the employees affected.

24-92-202. Contractors subject to provisions - weekly payment of employees - rules.

(1) Except as otherwise provided in subsection (2) of this section, any contractor who is awarded a contract for a public project by an agency of government in the amount of five hundred thousand dollars or more, and any subcontractors working on the public project, shall pay their employees at weekly intervals and shall comply with the enforcement provisions established in section 24-92-209. This part 2 applies to a contract for a public project awarded pursuant to part 1 of this article 92 and to an integrated project delivery contract for a public project awarded

pursuant to article 93 of this title 24. This part 2 does not apply to contracts for public projects that receive federal funding.

(2) This part 2 does not apply to the department of transportation, regardless of the amount or funding source of the public project; except that a contractor performing work on a public project for the department of transportation is required to pay employees performing work on any public project, regardless of the amount or funding source of the public project, in accordance with the wage requirements of the federal "Davis-Bacon Act", 40 U.S.C. sec. 3141 et seq., and related federal acts. Any work performed on a public project under the supervision of the department of transportation that is electrical work, as defined in section 12-115-103 (5), must utilize licensed journeymen electricians, as defined in section 12-115-103 (6), licensed master electricians, as defined in section 12-115-103 (7), or registered and properly supervised apprentices, as defined in section 12-115-103 (1), regardless of whether the work is performed by department of transportation employees or performed by a contractor on behalf of the department of transportation.

(3) The director may promulgate rules in accordance with article 4 of this title 24 as may be necessary to administer and enforce any requirement of this part 2.

Source: L. 2019: Entire part added, (SB 19-196), ch. 316, p. 2950, § 2, effective August 2. **L. 2021:** (2) amended, (HB 21-1056), ch. 181, p. 978, § 4, effective September 7.

24-92-203. Prevailing rate of wages and other payments - specifications in solicitations and contract - repeal. (1) For solicitations issued for public projects on or after January 1, 2022, before awarding any contract for a public project in the amount of five hundred thousand dollars or more, an agency of government shall obtain from the director the general prevailing rate, as determined by the director pursuant to section 24-92-205, of the regular, holiday, and overtime wages paid and the general prevailing payments on behalf of employees to lawful welfare, pension, vacation, apprentice training, and educational funds in the state, for each employee needed to execute the contract for the public project. Payments to the funds must constitute an ordinary business expense deduction for federal income tax purposes by contractors and subcontractors.

(1.5) (a) For solicitations issued for public projects on or after July 1, 2021, but prior to January 1, 2022, before awarding any contract for a public project in the amount of five hundred thousand dollars or more, an agency of government shall obtain directly from the United States department of labor the general prevailing rate of the regular, holiday, and overtime wages paid and the payments on behalf of employees to the welfare, pension, vacation, apprentice training, and education funds in the state for each employee needed to execute the contract for the public project.

(b) This subsection (1.5) is repealed, effective June 30, 2025.

(2) An agency of government shall specify in the competitive solicitation for a public project in the amount of five hundred thousand dollars or more and in the contract for such public project, the general prevailing rate of the regular, holiday, and overtime wages paid and the payments on behalf of employees to the welfare, pension, vacation, apprentice training, and education funds existing in the geographic locality for each employee needed to execute the contract or work.

(3) The general prevailing rate of the regular, holiday, and overtime wages paid and the payments on behalf of employees to the welfare, pension, vacation, apprentice training, and education funds specified in the competitive solicitation and in the contract for a public project pursuant to subsection (2) of this section shall remain the same for the duration of the work on the public project.

(4) Contracting agencies of government shall not artificially divide public projects to avoid compliance with the requirements of this part 2.

24-92-204. Specification in contract - payment of wages - amount and frequency - unclaimed prevailing wages special trust fund - creation. (1) Every contract for a public project subject to the provisions of this part 2 shall contain a stipulation that:

(a) The contractor and any subcontractors shall pay all the employees employed directly on the site of the work, unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account, the full amounts accrued at time of payment computed at wage rates not less than those stated in the competitive solicitation, regardless of any contractual relationships that may be alleged to exist between the contractor or subcontractor and the employees;

(b) The contractor and any subcontractors shall prepare and submit payroll reports to the contracting agency of government on a monthly basis that disclose all relevant payroll information, including the name and address of any entities to which fringe benefits are paid, and that the contracting agency of government is required to review the certified payroll reports in a timely manner as required by the state contract;

(c) The contractor and any subcontractors shall maintain on the site where public projects are being constructed a daily log of employees employed each day on the public project. The log shall include, at a minimum, for each employee his or her name, primary job title, and employer, and shall be kept on a form prescribed by the director. The log shall be available for inspection on the site at all times by the contracting agency of government and the director.

(d) If the contractor or any subcontractor fails to pay wages as are required by the contract, the contracting agency of government shall not approve a warrant or demand for payment to the contractor until the contractor furnishes the contracting agency of government evidence satisfactory to such agency of government that such wages so required by the contract have been paid; except that the contracting agency of government shall approve and pay any portion of a warrant or demand for payment to the contractor to the extent the agency of government has been furnished evidence satisfactory to the agency of government that the contractor or one or more subcontractors has paid such wages required by the contract, even if the contractor has not furnished evidence that all of the subcontractors have paid wages as required by the contract. Any contractor or subcontractor may use the following procedure in order to satisfy the requirements of this section:

(I) The contractor or subcontractor may submit to the director, for each employee to whom such wages are due, a check as required by the director. Such check shall be payable to that employee or to the state so it is negotiable by either of those parties. Each such check shall

be in an amount representing the difference between the accrued wages required to be paid to that employee by the contract and the wages actually paid by the contractor or subcontractor.

(II) If any check submitted pursuant this subsection (1)(d) cannot be delivered to the employee within a reasonable period as determined by the director, then it shall be negotiated by the state and the proceeds deposited in the unclaimed property trust fund created in section 38-13-116.6. Nothing in this subsection (1) shall be construed to lessen the responsibility of the contractor or subcontractor to attempt to locate and pay any employee to whom wages are due.

24-92-205. Investigation and determination of prevailing wages - filing of schedule - repeal. (1) In determining the applicable prevailing wage for public projects pursuant to section 24-92-204, the director shall use appropriate wage determinations issued by the United States department of labor in accordance with the "Davis-Bacon Act", 40 U.S.C. sec. 3141, et seq., to establish the prevailing wage rates for the applicable trades or occupation for the geographic locality of the public project. Beginning on January 1, 2022, the director shall keep a schedule on file in his or her office of the customary prevailing rate of wages and payments made to or on behalf of the employees, which shall be open to public inspection.

(1.5) (a) For solicitations issued for public projects on or after July 1, 2021, but prior to January 1, 2022, the agency of government shall keep a schedule on file for the life of the project of the customary prevailing rate of wages and payments made to or on behalf of the employees, which shall be open to public inspection.

(b) The director shall notify the revisor of statutes in writing of the date when all the public projects covered by subsection (1.5)(a) of this section have been completed by e-mailing the notice to revisorofstatutes.ga@state.co.us. This subsection (1.5) is repealed effective upon the date identified in the notice or, if the notice does not specify that date, upon the date of the notice to the revisor of statutes.

(2) The director shall update the applicable prevailing wage for public projects as determined pursuant to subsection (1) of this section on or before July 1, 2022, and on or before July 1 each year thereafter.

24-92-207. Prevailing wage rates - posting. (1) Each contractor awarded a contract for public project with a contract price of five hundred thousand dollars or more and each subcontractor who performs work on the public project shall post in conspicuous places on the

project, where employees are employed, posters that contain the current prevailing rate of wages and the current prevailing rate of payments to the funds required to be paid for each employee employed to execute the contract as established in sections 24-92-203 and 24-92-204, and the rights and remedies of any employee described in section 24-92-210 for nonpayment of any wages earned pursuant to this section. The posters shall be furnished to contractors and subcontractors by the director in a form and manner to be determined by the director.

(2) A contractor or subcontractor who fails to comply with this section commits a petty offense and shall pay to the director one hundred dollars for each calendar day of noncompliance as determined by the director.

(3) Contracts for public works projects shall contain the specific obligations of the contractor under this section including provisions regarding the posting of posters on the job site as required by this section and the department's procedures for the contractor to receive the posters.

24-92-208. Apprenticeship contribution rate. (1) (a) The director shall establish a separate apprenticeship contribution rate under the prevailing wage and fringe benefit requirements of this part 2.

(b) The contracting agency of government shall specify in the competitive solicitation for a public project in the amount of five hundred thousand dollars or more and in the contract for such public project the apprenticeship contribution rate and fringe benefit requirements of this part 2.

(c) The director shall update the applicable apprenticeship contribution rate as determined pursuant to subsection (1)(a) of the section on or before July 1, 2022, and on or before July 1 each year thereafter.

(d) The applicable apprenticeship contribution rate specified in the competitive solicitation and in the contract for a public project pursuant to this subsection (1) shall remain the same for the duration of the work on the public project.

(2) The amount of the apprenticeship contribution will be set in accordance with the apprenticeship contribution of the collective bargaining agreement of the applicable trade in the geographic locality of the public project. Contractors shall achieve compliance with this requirement by one of the following options:

(a) Contractors signatory to the applicable collective bargaining agreement shall be required to pay no more than the apprenticeship contribution rate of the agreement;

(b) Contractors that are not signatory to a collective bargaining agreement but that are members of a multi-employer trade association that sponsors an apprenticeship program registered with the United States department of labor's office of apprenticeship or a state apprenticeship agency recognized by the United States department of labor, or that directly sponsor such a program for their own employees, shall pay the determined apprenticeship contribution to that program or to a state apprenticeship agency recognized by the United States department of labor; or

(c) Except as otherwise provided in subsection (5) of this section, contractors that do not qualify for either option specified in subsection (2)(a) or (2)(b) of this section shall be required

to pay the amount of the apprenticeship contribution to affected workers in cash payments in addition to the other components of the prevailing wage and fringe benefit package required pursuant to this part 2.

(3) The apprenticeship contribution rate shall be deducted from the prevailing wage rate package to avoid double payment by the contractor or subcontractor.

(4) To the extent feasible, the department of personnel shall publish an annual report detailing the amount of apprenticeship training contribution paid pursuant to subsections (2)(a), (2)(b), and (2)(c) of this section from information reported by the contracting agencies of government. An annual report issued by the department of personnel pursuant to this subsection (4) is only required to include solicitations issued for public projects on or after January 1, 2022.

(5) If the data tracked by the department of personnel demonstrates that portions of the apprentice contributions required pursuant to subsection (2) of this section are paid under the requirements of subsection (2)(c) of this section at a higher rate than under the requirements of subsection (2)(a) or (2)(b) of this section, the department may promulgate rules for alternatives to the requirements subsection (2)(c) of this section.

24-92-209. Enforcement - rules. (1) Upon receipt of a complaint from an employee, a former employee, or a contracting agency derived from an analysis of certified payroll records, a contracting agency of government shall report any perceived violation of this part 2 to the contractor within forty-eight hours of being made aware of the perceived violation. In connection with the perceived violation:

(a) The contracting agency of government shall allow the contractor to cure the perceived violation within fifteen calendar days if the contractor can demonstrate the instance in question was the result of legitimate administrative error.

(b) If the contractor does not remedy the perceived violation within fifteen calendar days or if the contracting agency determines that the perceived violation was willful, the contracting agency shall report the perceived violation to the department of labor and employment for investigation.

(2) (a) The department of labor and employment shall investigate all complaints referred to the department by the contracting agency of government to determine if the perceived violation was conducted in a willful manner.

(b) For the purposes of this section, "willful violation" includes intentional violations and those violations made with reckless disregard or deliberate ignorance of the law.

(3) If the department of labor and employment determines that a willful violation occurred, it shall require restitution of applicable back pay for the impacted employees and shall subject the contractor to the following fines:

(a) Five thousand dollars for the first violation;

(b) Ten thousand dollars for the second violation; and

(c) Twenty-five thousand dollars for the third and all subsequent violations.

(4) At the discretion of the director, the contractor may be debarred if they have been found to have three or more willful violations in any five year period. The term of debarment will be three years.

(5) The department of labor and employment shall maintain a list of contractors who have been found to have willfully violated this act, including details of the violation, on a publicly available website.

(6) If a contracting agency of government or the department of labor and employment fails to resolve an actionable wage claim within one hundred twenty days from the date of the initial determination by the department that a willful violation occurred, the employee shall have the right to file a private lawsuit pursuant to section 24-92-210.

(7) The department of labor and employment shall promulgate rules in accordance with article 4 of this title 24 as may be necessary to administer and enforce any requirement of this part 2. Such rules shall include a reasonable administrative appeal process for determinations made pursuant to this section and an administrative process for an employee or former employee of a contractor or subcontractor to file a complaint for a violation of this part 2.

24-92-210. Private right of action to collect wages or benefits - definition. (1) An employee or former employee of a contractor or subcontractor may bring a civil action for a violation of section 24-92-204 for appropriate injunctive relief, actual damages, or both within three years after the occurrence of the alleged violation. An action commenced pursuant to this section may be brought in the district court for the county where the alleged violation occurred, the county where the complainant resides, or the county where the person against whom in the civil complaint is filed resides or has their principal place of business. Any contractor or subcontractor who violates section 24-92-204 shall be liable to the affected employee or employees in the amount of unpaid wages or benefits plus interest.

(2) A contractor or subcontractor's responsibility and liability is solely for its own employees.

(3) An action initiated pursuant to this section may be brought by one or more employees or former employees on behalf of him or herself or themselves and other employees similarly situated; except that no employee shall be a party to any such action unless he or she consents in writing to become such a party and such consent is filed in the court in which such action is brought.

(4) If the court finds that an action brought pursuant to this section was frivolous, the court shall award costs and attorney fees to the defendant in the action.

(5) The court in an action filed under this section shall award affected employees or former employees liquidated damages in an amount equal to the amount of unpaid wages or benefits owed. Unpaid fringe benefit contributions owed pursuant to this section in any form shall be paid to the appropriate benefit fund; except that in the absence of an appropriate fund the benefit shall be paid directly to the individual.

(6) The filing of a civil action under this section shall not preclude the director from prohibiting a contractor or subcontractor from bidding on or otherwise participating in state contracts or from prohibiting termination of work on failure to pay agreed wages.

(7) (a) Any person, firm, or corporation found to have willfully made a false or fraudulent representation in connection with wage obligations owed on a contract shall be required to pay a civil penalty in an amount of no less than one thousand dollars and not greater than three thousand dollars per representation. Such penalties shall be recoverable in civil actions filed pursuant to this section.

(b) For purposes of this subsection (7) "willfully" means representations that are known to be false or representations made with deliberate ignorance or reckless disregard for their truth or falsity.

(8) An employer shall not discharge, threaten, or otherwise discriminate against an employee, or former employee, regarding compensation terms, conditions, locations or privileges of employment because the employee or former employee, or a person or organization acting on his or her behalf reports or makes a complaint under this section or otherwise asserts his or her rights under this section.

PART 3

ENERGY SECTOR PUBLIC WORKS PROJECTS CRAFT LABOR REQUIREMENTS

Editor's note: Section 13(2) of chapter 247 (SB 23-292), Session Laws of Colorado 2023, provides that the act adding this part 3 applies to any energy sector public works project for which a public utility or cooperative electric association invitation for bids or proposals is issued on or after January 1, 2024.

24-92-301. Short title. [*Editor's note: This section is effective January 1, 2024.*] The short title of this part 3 is the "Colorado Energy Sector Public Works Project Craft Labor Requirements Act".

Source: L. 2023: Entire part added, (SB 23-292), ch. 247, p. 1349, § 1, effective January 1, 2024.

24-92-302. Legislative declaration. [*Editor's note: This section is effective January 1, 2024.*] (1) The general assembly hereby finds and declares that:

(a) The energy industry in Colorado is undergoing a historic transformation to address threats posed by climate change, which includes efforts to diversify capacity, promote the development of renewable and other clean, non-carbon generation sources, and electrify major segments of the state's economy;

(b) These developments will require massive investments of resources from the state and public utility companies, which will ultimately be paid by residents through future taxes and utility bills;

(c) The safe and cost-effective delivery of these projects is vital to the public health and welfare of residents and the economic security of the state, and critical to ensure that adequate power is provided to Colorado homes and businesses;

(d) Deficient planning of these resources can result in escalating utility bills and dangerous power outages if power supply is not maintained in sufficient capacity to meet future, growing demand. For these reasons, appropriate measures must be taken to protect future energy investments, promote successful construction delivery, and prevent errors in the planning and delivery of new facilities.

(e) One of the most challenging aspects of energy facility construction is ensuring that projects are supported by capable craft labor resources. It is essential for these projects to be staffed by a reliable and adequate supply of properly trained workers in all applicable trades and crafts required for these facilities.

(f) Energy sector public works projects built by or for the use of regulated utilities, like traditional public projects, are often built for the collective benefit of all citizens and residents of Colorado. These projects are often funded through public tax dollars or through the collective resources acquired through Colorado utilities billing customers. Like tax dollars, these resources acquired through utility rates should demand a higher standard of public benefit back to the consumers and communities from which the resources were collected.

(g) Extensive research shows that prevailing wage laws are effective in attracting better qualified workers to projects and promoting critically needed investments in apprenticeship training required to ensure adequate craft labor skill levels and productivity. Likewise, the use of registered apprenticeship training programs and project labor agreements has been proven to be the most effective strategy for providing high-level skills training and ensuring needed qualification credentialing for workers in the construction industry.

(h) By providing project owners, developers, and contractors unique and unparalleled access to an adequate supply of well-trained, highly skilled craft labor in affected project areas, craft labor standards promote successful project delivery goals, including quality, safety, timeliness, and cost-efficiency, by providing effective quality control over craft labor supply capabilities, as well as risk avoidance to prevent disruptions and other labor performance problems caused by inadequate craft labor capabilities;

(i) For these reasons, incorporating prevailing wage standards and apprenticeship requirements and encouraging project labor agreements for public utilities and other energy facility planning and construction is necessary to protect and promote the public's interest in these projects;

(j) By incorporating well established quality contracting procurement tools, such as prevailing wages, apprenticeship utilization requirements, and project labor agreements into our energy resource planning, the state of Colorado will have the capabilities to better protect its energy investments, improve construction project delivery in the energy sector, fully document and evaluate the directives set forth in section 40-2-129, and create a clear set of standards for enforcement to achieve the law's intent for the benefit of Colorado workers and the communities where they live;

(k) Use of these quality contracting tools is already incorporated into Colorado's traditional public procurement law as prevailing wage and apprenticeship policies adopted in sections 24-92-115 (7) and part 2 of this article 92. In addition, project labor agreements have been successfully used in Colorado in the past for projects in the energy sector and the broader private sector construction industry. These agreements have also been upheld by the courts, for example, in *Bldg. & Constr. Trades Council v. Associated Builders & Contractors of Mass./R.I.*,

Inc., 507 U.S. 230, 231 (1993), due to their ability to help secure reliable craft labor staffing and promote timely project delivery.

(1) Due to their benefits in promoting successful project delivery in projects assisted by federal grants and tax credits, the federal government is strongly encouraging the use of these quality contracting tools generally, and especially in the energy sector, where major federal assistance programs under the recent federal "Inflation Reduction Act of 2022", Pub.L. 117-169, are providing approximately three hundred seventy billion dollars in funding to promote clean energy sources across the country.

(2) The general assembly further finds and declares that because cost-effective, safe, and efficient generation, transmission, and distribution systems in the energy sector are vital to the state's economy and the public welfare and safety, quality control and risk avoidance measures are necessary to ensure that the construction of projects necessary for these systems are adequately staffed by properly trained and qualified craft labor personnel.

24-92-303. Definitions. [*Editor's note: This section is effective January 1, 2024.*] As used in this part 3, unless the context otherwise requires:

(1) "Construction" means the construction, alteration, or repair of an energy sector public works project, consistent with and including the same limitations as the definition of construction as established in section 45 (b)(7)(a) of the federal "Internal Revenue Code of 1986", as amended, and as described in all related official guidance from the federal internal revenue service and the United States department of labor implementing the applicable sections of the federal "Inflation Reduction Act".

(2) "Cooperative electric association" has the same meaning as set forth in section 40-9.5-102 (1).

(3) "Craft labor" means employees who are engaged in the construction of an energy sector public works project, including all trades, crafts, and occupations, and who are paid hourly.

(4) "Craft labor certification" means all documentation and certification of payroll required for an energy sector public works project in accordance with the requirements of section 24-92-115 (7) and part 2 of this article 92.

(5) (a) "Energy sector public works project" means any project in the state that:

(I) Has the purpose of generating, transmitting, or distributing electricity or natural gas to provide energy to Colorado individual consumers and businesses, is built by or for a public utility, including any project for which energy is purchased through a power purchaser or similar agreement, and is funded in whole or in part by:

(A) The state, through direct funding, loans, loan guarantees, land transfers, tax assistance, including tax credits, deductions, or incentives, or other assistance allocated or appropriated by the state; or

(B) Utility customer funding as approved in any proceeding conducted by the public utilities commission as part of an electric resource acquisition or requests for certificates of convenience and necessity for construction or expansion of a project, including but not limited to

pollution control or fuel conversion upgrades and conversion of existing coal-fired plants to natural gas plants; or

(II) Has the purpose of generating or distributing electricity or natural gas for the purposes of providing energy to Colorado individual consumers and businesses from utility customer funding as approved by a cooperative electric association.

(b) "Energy sector public works project" includes the following project types, so long as they satisfy the criteria in subsection (5)(a)(I) or (5)(a)(II) of this section:

(I) Power generation with a nameplate generation capacity of one megawatt or higher, including generation sourced from wind, solar, geothermal, hydrogen, nuclear, or bioenergy, or any project that generates electricity from the combustion of oil, gas, or other fossil fuels or an energy storage system as defined by section 40-2-202 with an energy rating of one megawatt of power capacity or four megawatt hours of useable energy capacity or higher; and

(II) Other projects with a total project cost of one million dollars or more that include:

(A) Pollution controls;

(B) Utility gas distribution;

(C) Electric transmission projects;

(D) Geothermal systems that are used to provide heat or heated water or that operate as thermal systems or thermal networks as defined in law;

(E) Electric vehicle charging infrastructure installations;

(F) Hydrogen-related infrastructure construction projects;

(G) Any project that transports or stores carbon dioxide captured from power generation; and

(H) Any other construction projects covered by this part 3.

(6) "Federal prevailing wage and apprenticeship requirements" means the requirements under:

(a) Sections 45 (b)(7) and (8) of title 26 of the United States Code, whether applicable directly or under a provision of the federal "Internal Revenue Code of 1986", as amended, that applies such sections of the United States Code; or

(b) Sections 48 (a)(10) and (11) of title 26 of the United States Code, whether applicable directly or under a provision of the federal "Internal Revenue Code of 1986", as amended, that applies such sections of the United States Code.

(7) "Federal "Inflation Reduction Act"" means the federal "Inflation Reduction Act of 2022", United States Code, title 26, including but not limited to sections 30C, 45, 45B, 45L, 45Q, 45U, 45V, 45X, 45Y, 45Z, 48, 48C, 48E, and 179D, and associated implementing rules and guidance promulgated by the United States department of the treasury and the United States internal revenue service, as the statute and implementing rules and guidance may be amended from time to time.

(8) "Lead contractor" means a general contractor, construction manager, developer, design builder, or other party that is primarily responsible to a public utility or independent power producer for performing construction under a contract for an energy sector public works project.

(9) "Project labor agreement" means a prehire collective bargaining agreement between a lead contractor and construction labor organizations, including but not limited to the Colorado building and construction trades council and its affiliates or a group of labor unions covering the affected trades necessary to perform work on a project, that establishes the terms and conditions

of employment of the construction workforce on an energy sector public works project. A project labor agreement must include provisions that:

- (a) Set forth effective, immediate, and mutually binding procedures for resolving jurisdictional labor disputes and grievances arising before the completion of work;
 - (b) Contain guarantees against strikes, lockouts, or similar actions;
 - (c) Ensure a reliable source of trained, skilled, and experienced construction craft labor;
 - (d) Further public policy objectives regarding improved employment opportunities for minorities, women, or other economically disadvantaged populations in the construction industry, including persons from disproportionately impacted communities, to the extent permitted by state and federal law;
 - (e) Permit the selection of the lowest qualified responsible bidder or lowest qualified responsible offeror without regard to union or non-union status at other construction sites;
 - (f) Bind all contractors and subcontractors on the energy sector public works project to the project labor agreement through the inclusion of appropriate bid specifications in all relevant contract documents; and
 - (g) Include other terms as the parties deem appropriate.
- (10) "Public utility" has the same meaning as set forth in section 40-1-103.

24-92-304. Energy sector public works projects - craft labor employment - training - wage requirements. [*Editor's note: This section is effective January 1, 2024.*] (1) (a) Except as otherwise provided in subsections (1)(b) and (1)(c) of this section, a contract between public utilities, cooperative electric associations, or independent power producers and lead contractors for an energy sector public works project must include provisions expressly requiring that all work performed under the contract comply with the requirements of section 24-92-115 (7) and the requirements of part 2 of this article 92 if the project is an electric power generation project with a nameplate generation capacity of one megawatt or higher or if the project is a project specified in section 24-92-303 (5)(b)(II) with a total project cost of one million dollars or more. These requirements constitute material terms of such contracts.

(b) (I) For energy sector public works projects funded pursuant to section 24-92-303 (5)(a)(I)(A), the requirements of this part 3 apply only when the project is a power generation project with a nameplate generation capacity of one megawatt or higher or an energy storage system as defined by section 40-2-202 with an energy rating of one megawatt of power capacity or four megawatt hours of useable energy capacity or higher and the aggregated public assistance from the state is five hundred thousand dollars or more.

(II) For energy sector public works projects under section 24-92-303 (5)(b)(II), the requirements of this part 3 apply only when the total project cost is one million dollars or more, and the aggregated public assistance from the state, funding from a public utility, or funding from a cooperative electric association is five hundred thousand dollars or more.

(c) The requirements of this part 3 do not apply to:

- (I) A project that is covered by a project labor agreement;
- (II) Work on an energy sector public works project performed by the employees of a utility company;

(III) So long as compliance with any applicable federal "Inflation Reduction Act" qualification requirements is a material term of the agreement with a public utility, cooperative electric association, independent power producer, or the state, work on an energy sector public works project put out to bid on or after January 1, 2024, that is qualified for and claims the increased federal production tax credit or investment tax credit amount, excluding any domestic content, energy community, or low-income community bonus credit, as a result of:

(A) Satisfying the prevailing wage and apprenticeship requirements under the provisions of the federal "Inflation Reduction Act"; or

(B) Achieving the start of construction prior to January 29, 2023, pursuant to the principles outlined in the federal internal revenue service guidance and the United States department of labor guidance related to the federal "Inflation Reduction Act", as amended or supplemented from time to time;

(IV) A utility-incentivized demand-side management or electrification program pursuant to section 40-3.2-105.5 or 40-3.2-105.6;

(V) Utility or state-funded building energy efficiency programs;

(VI) Service agreements that were entered into by a public utility, independent power producer, or cooperative electric association on or before March 1, 2023; except that, upon renewal or issuance of a new request for proposals, the service agreement must come into compliance with the requirements of this section;

(VII) Projects that involve an electric distribution line with a capacity of 69kv or less; and

(VIII) Projects that involve pipelines with a specified minimum yield strength less than thirty percent.

(2) Unless the contractual requirements specified in subsection (1) of this section are in place, an affected project shall not be eligible to:

(a) Receive funding from the state through general fund appropriations, tax credits, tax deductions, land transfers, or other funding or assistance provided by the general assembly or a government agency; or

(b) Receive any approvals or authorizations from the public utilities commission, including approvals for utility funding or for commencement of the project, including a certificate of public convenience.

(3) The lead contractor engaged to perform construction services for an energy sector public works project must require all subcontractors used on the project to comply with section 24-92-115 (7) and part 2 of this article 92 by ensuring that such requirements are stipulated in all subcontracts. Lead contractors must take all reasonably necessary steps to ensure compliance by monitoring subcontractors.

(4) The public utilities commission shall not find an energy sector public works project to be in compliance with section 40-2-129 unless the construction contract for the project includes provisions expressly requiring that all work performed under the contract comply with the requirements of section 24-92-115 (7) and part 2 of this article 92. Compliance with this subsection (4) does not prevent the commission from considering all "best value" employment metrics as defined in section 40-2-129, including those metrics that are not directly related to the procurement of craft labor and apprenticeship training on an energy sector public works project.

(5) Consistent with section 24-92-203 (4), bidders on energy sector public works projects shall not artificially divide the overall generation capacity or overall project cost of an energy

sector public works project to deliberately avoid the requirements to comply with section 24-92-115 (7) and part 2 of this article 92. The public utilities commission, the state, a public utility, or a cooperative electric association may still require compliance with prevailing wage and apprenticeship utilization requirements if they determine that a bidder has artificially divided a project with the intent of avoiding the requirement to comply with those sections.

24-92-305. Energy sector public works projects - record keeping - reporting - craft labor certification - sanctions - compliance with best value employment metrics. [*Editor's note: This section is effective January 1, 2024.*] (1) The lead contractor for an energy sector public works project shall prepare certified payroll records for craft workers directly employed by the contractor, obtain certified payroll records from all contractors and subcontractors on the projects, and submit the records to the public utility or other owner of the energy sector public works project on a weekly basis. Each lead contractor and subcontractor shall certify, under the penalty of perjury, that the records provide complete and accurate information for all craft workers employed on the project.

(2) The lead contractor for an energy sector public works project shall prepare a craft labor certification on a quarterly basis for work that is being performed under affected projects.

(3) A craft labor certification must include the following:

(a) A sworn attestation, under the penalty of perjury, that the lead contractor is fully compliant with all employment, training, and wage requirements of section 24-92-115 (7) and part 2 of this article 92; and

(b) An identical, equivalent craft labor certification executed in the same manner by all subcontractors participating in the energy sector public works project.

(4) The public utility, cooperative electric association, independent power producer, or other owner of an energy sector public works project is responsible for maintenance of records for all craft labor certifications. The public utility, cooperative electric association, independent power producer, or other owner of an energy sector public works project shall either provide copies quarterly or require by contract that the lead contractor provide copies quarterly, to the department of labor and employment for review and oversight purposes.

(5) No later than January 1, 2029, and at least five years thereafter, the state auditor's office shall conduct an audit of the commission's approval of energy sector public works projects. The purpose of the audit is to establish oversight and accountability for compliance with section 40-2-129, and to determine whether a sample of projects that have been approved by the commission are fully compliant with all employment, training, wage, and apprenticeship requirements of section 24-92-115 (7) and part 2 of this article 92. The audit must consider information and records related to the craft labor certifications that are collected and maintained by the department of labor and employment. The department of labor and employment shall provide any information needed to perform the audit as requested by the state auditor's office.

(a) The audit process must select a sample of projects for review and ensure that the scope of the audit encompasses the broad types of energy sector public works projects.

(b) Upon release of the audit report by the legislative audit committee, the state auditor must make the results of the audit available to the public.

(c) After conducting two audits under this subsection (5), the state auditor may conduct additional audits in the state auditor's discretion.

(6) Violations of the requirements specified in this section, including wage and hour violations, violations of apprenticeship requirements, falsification of records, or willful non-compliance, are subject to the penalties and enforcement rights and remedies described in sections 24-92-115 (3), 24-92-209, 24-92-210, and 24-109-105.

(7) If an energy sector public works project uses federal funding that requires compliance with the federal "Davis-Bacon Act", 40 U.S.C. sec. 3141 et seq., or related statutes, the owner of the energy sector public works project shall:

(a) Notify the public utilities commission of their intent to use federal funding to fund, in whole or in part, the energy sector public works project; and

(b) Require the lead contractors and all other contractors and subcontractors working on the energy sector public works project to pay applicable federally stipulated wage and benefit rates and provide certified payroll reports to the public utilities commission in the same manner required by subsection (1) of this section.

24-92-306. Energy sector public works projects - use of project labor agreements. *[Editor's note: This section is effective January 1, 2024.]* (1) A public utility, cooperative electric association, or independent power producer is authorized to incorporate a project labor agreement requirement for an energy sector public works project if the project labor agreement will promote successful project delivery by securing a skilled labor force for the project and if it will promote cost-efficiency, safety, quality, and timely completion of the project.

(2) If all construction work on an energy sector public works project is covered by a project labor agreement, the requirements of sections 24-92-304 and 24-92-305 do not apply to the project.

(3) The public utilities commission shall not deny approval of an energy sector public works project solely because the project owner voluntarily elects to use a project labor agreement for the project. The public utilities commission must state its reasons for denial in writing when it issues the decision.

24-92-307. Energy sector public works projects - existing authority of the public utilities commission. *[Editor's note: This section is effective January 1, 2024.]* Nothing in this section contravenes the statutory authority of the public utilities commission to consider overall project costs, the impact of a project on utility customers, or the impact of project cost on utility rates.

Construction Contracts

24-93-101. Short title. This article shall be known and may be cited as the "Integrated Delivery Method for Public Projects Act".

Source: L. 2007: Entire article added, p. 1805, § 1, effective August 3.

24-93-102. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) It is the policy of the state of Colorado to encourage public contracting procedures that encourage competition, openness, and impartiality to the maximum extent possible.

(b) Competition exists not only in the costs of goods and services, but also in the technical competence of the providers and suppliers in their ability to make timely completion and delivery and in the quality and performance of their products and services.

(c) Timely and effective completion of public projects may be achieved through a variety of methods when procuring goods and services for public projects.

(d) In enacting this article, the general assembly intends to establish for any agency of state government an optional alternative public project delivery method.

Source: L. 2007: Entire article added, p. 1805, § 1, effective August 3.

24-93-103. Definitions. As used in this article, unless the context otherwise requires:

(1) "Agency" means any agency, department, division, board, bureau, commission, institution, or other agency of the executive, legislative, or judicial branch of state government that is a budgetary unit exercising construction contracting authority or discretion.

(2) "Contract" means any agreement for designing, building, altering, repairing, improving, demolishing, operating, maintaining, or financing a public project. For purposes of this article, "contract" includes capital construction as defined in section 24-30-1301 (2).

(3) "Cost-reimbursement contract" means a contract under which a participating entity is reimbursed for costs that are allowable and that is allocable in accordance with the contract terms and provisions of this article.

(4) "Integrated project delivery" or "IPD" means a project delivery method in which there is a contractual agreement between an agency and a single participating entity for the design, construction, alteration, operation, repair, improvement, demolition, maintenance, or financing, or any combination of these services, for a public project.

(5) "IPD contract" means a contract using an integrated project delivery method.

(6) "Participating entity" means a partnership, corporation, joint venture, unincorporated association, or other legal entity that provides appropriately licensed planning, architectural, engineering, development, construction, operating, or maintenance services as needed in connection with an IPD contract.

(7) "Public project" means any construction, alteration, repair, demolition, or improvement of any land, building, structure, facility, road, highway, bridge, or other public

improvement suitable for and intended for use in the promotion of the public health, welfare, or safety and any operation or maintenance programs for the operation and upkeep of such projects.

Cross references: For the legislative declaration in HB 14-1387, see section 1 of chapter 378, Session Laws of Colorado 2014.

24-93-104. Integrated project delivery contracts - authorization - effect of other laws. (1) Notwithstanding any other provision of law, any agency may award an IPD contract for a public project in accordance with the provisions of this article upon the determination by such agency that integrated project delivery represents a timely or cost-effective alternative for a public project.

(2) Nothing in this article is intended to affect or limit the applicability of article 91 or 92 of this title to the extent the provisions of said articles are not inconsistent with the provisions of this article. To the extent there is a conflict between the provisions of article 91 or 92 of this title and this article, the provisions of this article shall control.

(3) Nothing in this article shall be construed as exempting any agency or participating entity from applicable federal, state, or local laws, rules, resolutions, or ordinances governing labor relations, professional licensing, public contracting, or other related laws, except to the extent that an exemption is granted under such legal authority or created by necessary implication from such legal authority.

Source: **L. 2007:** Entire article added, p. 1806, § 1, effective August 3.

24-93-105. Integrated project delivery contracting process - prequalification of participating entities - apprentice training. (1) An agency may prequalify participating entities for IPD contracts by public notice of its request for qualifications prior to the date set forth in the notice. Any such request for qualifications may contain the following elements and such additional information as may be requested by the agency:

(a) A general description of the proposed public project;

(b) Relevant budget considerations;

(c) Requirements of the participating entity, including:

(I) If the participating entity is a partnership, limited partnership, limited liability company, joint venture, or other association, a listing of all of the partners, general partners, members, joint venturers, or association members known at the time of the submission of qualifications;

(II) Evidence that the participating entity, or the constituent entities or members thereof, has completed or has demonstrated the experience, competency, capability, and capacity, financial and otherwise, to complete projects of similar size, scope, or complexity;

(III) Evidence that the proposed personnel of the participating entity have sufficient experience and training to completely manage and complete the proposed public project; and

(IV) Evidence of all applicable licenses, registrations, and credentials required to provide the proposed services for the public project, including but not limited to information on any revocation or suspension of any such license, registration, or credential;

(d) The criteria for prequalification.

(2) From the participating entities responding to the request for qualifications, the agency shall prepare and announce a short list of participating entities that it determines to be most qualified to receive a request for proposal.

(3) Where an apprentice program as defined in section 8-15.7-101 (4) or certified by the office of apprenticeship in the employment and training administration in the United States department of labor exists in the state, or a comparable program for the training of apprentices is available in the state:

(a) Each participating entity shall demonstrate to the agency that it has access to either the certified program or a comparable alternative; and

(b) Each participating entity shall demonstrate that each of its subcontractors, at any tier, selected to perform work under a contract with a value of two hundred fifty thousand dollars or more has access to either the certified program or a comparable alternative.

24-93-106. Requests for proposals - evaluation and award of integrated project delivery contracts. (1) An agency shall prepare and publish a request for proposals for each IPD contract that complies with the requirements of this section. Requests for proposals for IPD contracts shall, at a minimum, include the following evaluation factors and subfactors that shall be used to evaluate the proposals and capabilities of participating entities:

(a) Price;

(b) Design and technical approach to the project;

(c) Past performance and experience;

(d) Project management capabilities, including financial resources, equipment, management personnel, project schedule, and management plan; and

(e) Craft labor capabilities, including adequacy of craft labor supply and access to federal or state-approved apprenticeship programs, if available.

(2) The agency responsible for the IPD contract shall select, on the basis of these factors, and any other factors and subfactors included in the request for solicitation as authorized by this section, the participating entity whose proposal is most advantageous and represents the best overall value to the state.

(3) Requests for proposals may contain additional relevant factors and subfactors as determined by the agency, which may include:

(a) The procedures to be followed for submitting proposals;

(b) The criteria for evaluation of a proposal, which criteria may provide for selection of a proposal on a basis other than solely the lowest costs estimates submitted;

(c) The procedures for making awards;

(d) Required performance standards as defined by the participating entity;

(e) A description of the drawings, specifications, or other submittals to be provided with the proposal, with guidance as to the form and the acceptable level of completion of the drawings, specifications, or submittals;

(f) Relevant budget considerations or, for an IPD contract that includes operation or maintenance services, the life-cycle cost analysis for the contract;

(g) The proposed scheduling for the project; and

(h) The stipend, if any, to be paid to participating entities responding to the request for proposals who appear on the agency's short list pursuant to section 24-93-105 (2) but whose proposals are not selected for award of the IPD contract.

(4) After obtaining and evaluating proposals according to the criteria and procedures set forth in the request for proposals in accordance with the requirements specified in subsection (1) of this section, an agency may accept the proposal that, in its estimation, represents the best value to the agency. Acceptance of a proposal shall be by written notice to the participating entity that submitted the accepted proposal.

(5) With respect to performance under each IPD contract, the agency and participating entity shall comply with all laws applicable to public projects.

(6) Notwithstanding any other provision of law, a participating entity selected for award of an IPD contract shall not be required to be licensed or registered to provide professional services, as defined in section 24-30-1402 (6), if the person or firm actually performing any such professional services on behalf of the participating entity is appropriately licensed or registered and if the participating entity otherwise complies with applicable state licensing laws and requirements related to such professional services.

24-93-107. Supplemental provisions. The executive director of the department of personnel may establish supplemental provisions that are designed to implement the provisions of this article; except that the executive director of the department of transportation may establish supplemental provisions relating to bridge and highway construction contract procurement practices, including, notwithstanding any other provision of this article, provisions governing debarment of participating entities.

24-93-108. Types of contracts. Subject to the requirements of this section, any agency making use of the provisions of this article may award any type of contract that will promote the best interests of the agency; except that the use of a cost-plus-a-percentage-of-cost contract under this article is prohibited. An agency may award a cost-reimbursement contract only when a determination is made in writing that such contract is either likely to be less costly to the agency than any other type of contract or that it is impracticable to obtain the required construction or other services authorized under this article unless the cost-reimbursement contract is used. Operation and maintenance elements may be procured on a cost-reimbursement basis under or in connection with an IPD contract.

24-93-109. Disclosure. The executive director of an agency or president of an institution of higher education that enters into a construction contract for a public project pursuant to this article shall disclose to the public the agency's rationale or the institution's rationale for selecting the integrated project delivery contracting process pursuant to this article for the public project. The agency or institution shall post the disclosure on its website.

24-93-110. Department of transportation - additional requirements for integrated project delivery contracts - short-listing - transparency. (1) The department of transportation shall not exclude a participating entity from a short list, prepared and announced by the department as required by section 24-93-105 (2), of responding participating entities that have been determined to be most qualified to receive a request for proposals for an IPD contract for a public project based solely on the participating entity's lack of experience in delivering a public project in the state by the IPD method to be used for the public project.

(2) (a) If the cost to complete a public project is expected to exceed seventy-five million dollars, the department of transportation shall, before selecting the IPD method for a construction project and beginning the procurement process:

(I) Hold public meetings with the construction industry and the general public to discuss the justification for selecting the IPD method. The required public meetings may be held in conjunction with other required public meetings about the project or as stand-alone meetings.

(II) Obtain approval for the use of the IPD method from the transportation commission created in section 43-1-106.

(b) For any public project, regardless of the expected cost of completion, to be completed using the IPD method, the department of transportation shall:

(I) Before beginning the procurement process, publish on the department's website, the justification for selecting the IPD method;

(II) During the procurement process, include the justification for selecting the IPD method in any request for qualifications and in the request for proposals;

(III) Following the award of the IPD contract to a participating entity, publish on the department's website the evaluation scores for each step of the IPD contract solicitation phase for all solicitations received and evaluated; and

(IV) From the time the IPD contract is executed until the department's final acceptance of the completed public project, provide, maintain, and update on the department's website a transparency platform such as a dashboard that indicates the ongoing status of the public project.

(3) The requirements of this section apply only to a public project involving infrastructure that is part of the state highway system, as described in section 43-2-101 (1).

ARTICLE 94

Public-private Partnerships for State Public Entities

24-94-101. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Public-private partnerships are an effective tool to leverage the expertise and resources of both the public and private sectors to accommodate multifaceted social infrastructure and operational needs;

(b) Public-private partnerships have a proven track record of enabling public projects to be completed on time and at a lower cost than either the public or private sectors are able to achieve alone;

(c) Delivering public projects through public-private partnerships is an effective model to accommodate some of our state's most pressing and foundational needs, such as increased behavioral health capacity, broadband deployment, affordable housing development, and child care services;

(d) The COVID-19 pandemic forced the closure of many child care facilities and classrooms, exacerbating a child care shortage that forced many parents to compromise between work and family life; and

(e) Colorado families have long struggled with the cost of child care and it remains one of the primary barriers to full participation in the workforce.

(2) The general assembly further finds and declares that it is the intent of this article 94 to permit state public entities to enter into public-private partnerships to:

(a) Develop, build, finance, operate, and maintain quality, cost-effective public projects that provide economic and social value;

(b) Provide a well-defined and transparent process to facilitate collaboration between state public entities and private partners while enabling access to private capital;

(c) Bring innovative thinking and approaches to public projects;

(d) Reduce total life-cycle costs of public projects; and

(e) Allow for cost, risk, and benefit sharing between public and private partners.

24-94-102. Definitions. As used in this article 94, unless the context otherwise requires:

(1) "Department" means the department of personnel.

(2) "Develop" means to plan, design, develop, build, establish, finance, lease, acquire, install, construct, reconstruct, or expand a public project.

(3) "Executive director" means the executive director of the department of personnel or the executive director's designee.

(4) "Finance" means the supply by a private partner of resources to accomplish all or any part of the work or services for a public project, including funds, financing, income, revenue,

cost sharing, technology, personnel, equipment, expertise, data, or engineering, construction, or maintenance services.

(5) "Operate" means to finance, operate, maintain, improve, equip, modify, repair, or administer a public project.

(6) "Private partner" means any natural person, corporation, general partnership, limited liability company, limited partnership, joint venture, business trust, public benefit corporation, nonprofit entity, local government, other private business entity, or any combination thereof.

(7) "Public-private agreement" means any agreement between one or more private partners and one or more state public entities that contractually provides for the responsibilities of all parties in negotiating, developing, or operating any aspect of a proposed or approved public project or financed purchased of an asset. "Public-private agreement" does not mean a grant or incentive program established in another provision of law or an agreement approved by the economic development commission pursuant to parts 1 and 3 of article 46 of this title 24.

(8) "Public-private partnership" means an agreement between one or more state public entities and one or more private partners by which a state public entity may allocate responsibility or risk to a private partner to develop or operate a public project and, in return, the private partner may receive the right to all or a portion of fees generated by the public project, availability payments made by the state public entity, other public money, or any other legally available consideration. A public-private partnership does not confer onto the relationship formed any of the attributes or incidents of a partnership pursuant to section 7-60-106 or the common law. "Public-private partnership" does not mean any grant or incentive program established by another provision of law or agreements that are approved by the economic development commission, including but not limited to grant or incentive programs described in parts 1 and 3 of article 46 of this title 24.

(9) "Public project" means any construction, alteration, repair, demolition, or improvement of any state-owned land, building, structure, facility, asset, or other public improvement suitable for and intended for use in the promotion of the public health, welfare, or safety, and any maintenance programs for the upkeep of such projects subject to part 2 of article 92 of this title 24. "Public project" includes but is not limited to a project for civic, child care, medical, utility, telecommunication, cultural, recreational, or educational facilities or services.

(10) "State public entity" means any department, agency, or subdivision of the executive branch of state government; except that "state public entity" does not include state entities that have specific statutory authority to enter into public-private partnerships, including but not limited to the authority specified in sections 23-3.1-301 (1), 23-3.1-306.5, 24-33.5-510, 26-6.9-102, 32-22-105 (1)(a)(VIII), 40-2-123, and 43-4-806.

(11) "Subcommittee" means the public-private partnership subcommittee of the Colorado economic development commission created in section 24-46-102 (4).

(12) "Unit" means the public-private collaboration unit created in section 24-94-103 (2).

Source: L. 2022: Entire article added, (SB 22-130), ch. 232, p. 1711, § 2, effective May 26.

24-94-103. Public-private partnerships - oversight of state public entities in the executive branch of state government - definition - repeal. (1) Within one year of May 26, 2022, the executive director shall:

(a) Create requirements regarding the authority for state public entities to initiate requests for proposals or bids or to review any private partner-initiated proposals for public projects to be completed through public-private partnerships subject to the executive director's approval pursuant to section 24-94-104(1). The processes may include, but need not be limited to:

(I) Completion of analyses regarding perceived advantages, disadvantages, risks, benefits, costs, and value-for-money of a proposed public-private partnership;

(II) Documented considerations of potential funding alternatives, impacts on affected communities, and the suitability and scope of a proposed public-private partnership;

(III) Documented considerations of the entire life cycle of a proposed public-private partnership, including planning, design, engineering, construction, repair, maintenance, operations, financing, and handover;

(IV) Due diligence requirements; and

(V) Development of any other materials, analyses, considerations, requirements, or reports necessary for the executive director to make a determination that the proposal for a public-private partnership serves an important social or economic value, including but not limited to increased behavioral health capacity, broadband deployment, affordable housing development, child care services, or any other public benefit.

(b) Create requirements regarding the authority for state public entities to execute public-private partnership agreements for public projects subject to the executive director's approval pursuant to section 24-94-104 (1). The processes may include, but need not be limited to:

(I) Acceptable project delivery methods, including alternative delivery methods, for an approved public-private partnership proposal;

(II) Acceptable financing methods for an approved public-private partnership, including but not limited to a pledge of, security of, interest in, or lien on property or interest in property, and any amounts, terms, and conditions to be included in public-private agreements;

(III) Reporting requirements for state public entities and private partners throughout the life cycle of an executive director-approved public-private partnership;

(IV) Policies concerning transparency and timely reporting; and

(V) Developing a fair, unbiased method of choosing proposals based on the best interests of the state and considering financial costs and benefits to the state and public project users.

(c) Further define any relevant terms in this article 94, including but not limited to public-private partnership and public-private agreement; and

(d) Develop cost thresholds for public projects that qualify as a public-private partnership or public-private agreement, which may depend on the type of project and the responsible state public entity.

(2) There is hereby established the public-private collaboration unit in the department. The unit shall:

(a) In coordination with relevant state public entities, identify, prioritize, and advance potential public projects that may be best delivered through a public-private partnership;

(b) Facilitate collaboration between state public entities and private partners in connection with public projects;

(c) Provide technical assistance and expertise to state public entities in connection with any aspect of proposed or approved public-private partnerships, which may include assistance with:

(I) Satisfying the requirements established by the executive director in subsections (1)(a) and (1)(b) of this section;

(II) Project screening, planning, development, procurement, operations, and management; and

(III) Serving as a liaison with federal and local government officials;

(d) Create best practices that incorporate lessons learned from other public-private partnerships for every stage of the life cycle of a public-private partnership, which may include:

(I) Standardizing methodologies and processes;

(II) Creating templates for interagency agreements that identify project resources and responsibilities; and

(III) Creating templates for partnership agreements that address risk allocations, key terms, and conditions;

(e) Conduct public and stakeholder engagement to encourage transparency, accountability, and information sharing regarding public-private partnerships;

(f) Track proposed, ongoing, and completed public-private partnerships;

(g) Attract private investments for public projects;

(h) In coordination with the department of early childhood, created in section 24-1-120.5 (1), distribute funding to help increase the supply of child care facilities using public buildings or other appropriate public assets; and

(i) Give preference to proposed or executed public-private partnership agreements that will use state-owned real property for the purposes of mixed-income development and affordable housing that is proportional to the community's demonstrated affordable housing needs.

(2.2) (a) The unit may:

(I) Accept monetary and nonmonetary gifts, grants, and donations. Monetary gifts, grants, and donations shall be transferred by the unit to the state treasurer and credited by the state treasurer to the unused state-owned real property fund created in section 24-82-102.5 (5).

(II) Accept, appropriate, hold in trust, and leverage, on behalf of private partners, proceeds from real estate transactions conducted in accordance with this section and other applicable state law, as well as revenues from public-private partnership agreements for public projects that provide affordable housing;

(III) Use real property that, upon approval by the governor, has been deeded to the department by a state public entity for the purpose of carrying out the provisions of an executed or proposed public-private agreement or real estate state contract for a public project that provides affordable housing. In furtherance of this subsection (2.2)(a)(III), the unit may act as the department's agent in real estate transactions to:

(A) Purchase state-owned real property;

(B) Transfer state-owned real property;

(C) Exchange state-owned real property;

(D) Sell or otherwise dispose of state-owned real property subject to any procedures and limitations applicable to the state public entity to sell or otherwise dispose of property;

(E) Enter into an agreement for easements or deed restrictions concerning state-owned real property; and

(F) Enter into a lease agreement concerning state-owned real property.

(IV) Use requests for information to solicit public projects that provide affordable housing and establish policies concerning a request for information process.

(b) As used in this subsection (2.2), unless the context otherwise requires:

(I) "Public project that provides affordable housing" means a public project that includes housing proportional to a community's demonstrated affordable housing needs and may include mixed-use development. The percentage of income-restricted units and affordability levels in such a public project must comply with any local laws promoting the development of new affordable housing units pursuant to section 29-20-104 (1)(e.5).

(II) "State-owned real property" has the same meaning as "real property" as set forth in section 24-30-1301 (15).

(3) Repealed.

(4) Any issuance or incurrence of financial obligations under this article 94 must comply with section 24-36-121.

24-94-104. State public entity agreements - public-private partnership. (1) A state public entity is authorized, either separately or in combination with any other state public entity, to initiate solicitations, review any private partner-initiated proposals, execute public-private partnership agreements, or execute public-private agreements to develop or operate a public project subject to the requirements of this article 94.

(2) Subject to subsection (5) of this section, any state public entity must obtain approvals from the executive director in the time and manner determined by the executive director pursuant to sections 24-94-103 (1)(a) and (1)(b).

(3) Any public-private agreement entered into pursuant to subsection (1) of this section must comply with applicable state laws and processes developed by the executive director pursuant to section 24-94-103 (1)(a) and 24-94-103 (1)(b).

(4) Subject to subsection (2) of this section, state public entities may review any private partner-initiated proposals but need not respond to such proposals.

(5) Nothing in this article 94 shall be construed to prohibit, limit, or otherwise modify the specific statutory authority of state public entities, including but not limited to the authority specified in sections 23-3.1-301 (1), 23-3.1-306.5, 23-5-101.7, 24-33.5-510, 24-36-121, 26-6.9-102, 32-22-105 (1)(a)(VIII), 33-1-105(1), 33-10-107(1), 36-1-118(1), 40-2-123, and 43-4-806, and the authority specified in parts 1 and 3 of article 46 of this title 24 and parts 8 and 13 of article 82 of this title 24, to enter into a public-private partnership, a public-private agreement, or other agreement, or to utilize a statutory mechanism as authorized by any other provision of law.

24-94-105. Public-private partnership subcommittee - contract review - lease - sale of state property. (1) Except as otherwise provided in subsection (2) of this section, a state public entity that intends to enter into a contract, sale, or lease of state property pursuant to section 24-82-102.5 or 24-94-104 on or after May 26, 2022, shall submit the proposed contract,

sale, or lease of state property to the public-private partnership subcommittee created in section 24-46-102 (4) for the subcommittee's review before entering into the contract, sale, or lease of state property. The state public entity, in coordination with the Colorado economic development commission staff, shall submit a report to the subcommittee regarding the anticipated use of the state property in a time and manner established by the subcommittee. The subcommittee shall review the report and make any recommendations it deems necessary to the state public entity. The state public entity must consider the subcommittee's recommendations, but need not incorporate or adopt any of the recommendations.

(2) Subsection (1) of this section does not apply to a state public entity that intends to enter into a new contract, sale, or lease of state property pursuant to section 24-82-102.5 or 24-92-104 with existing private partners.

24-94-106. Report. (1) The executive director or the executive director's designee shall annually report on the implementation and use of this article 94 at its presentation to its committee of reference at a hearing held pursuant to section 2-7-203 (2)(a) of the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act".

(2) The report presented pursuant to subsection (1) of this section shall include:

(a) The number of public-private partnerships that were executed to develop or operate a public project pursuant to this article 94 during the year in which the report is presented;

(b) The project delivery method and financing method of each public-private partnership specified in subsection (2)(a) of this section; and

(c) An overview of the important social or economic value of each public-private partnership specified in subsection (2)(a) of this section.

(3) The executive director or the executive director's designee shall annually provide the information specified in subsection (1) of this section to the joint budget committee.

PART 3

DEFINITIONS

24-101-301. Definitions. The terms defined in this section shall have the following meanings whenever they appear in this code, unless the context in which they are used clearly requires a different meaning or a different definition is prescribed for a particular article or portion thereof:

(1) "Acceptance" means the action of consenting to receive or undertake something offered.

(2) "Award" means the selection of a bid or proposal by a governmental body. An award does not mean that a contract has been executed or that a commitment voucher has been issued pursuant to section 24-30-202.

(3) "Bidder" means any person that submits a bid in response to an invitation for bids.

(4) "Business" means any corporation, limited liability company, partnership, individual, sole proprietorship, joint-stock company, joint venture, or other private legal entity.

(5) "Business day" means any day other than Saturday, Sunday, or a legal holiday.

(6) "Chief procurement officer" means the individual to whom the executive director has delegated his or her authority pursuant to section 24-102-202 to procure or supervise the procurement of all supplies and services needed by the state.

(7) "Construction" means the process of building, altering, repairing, improving, or demolishing any public structure or building or any other public improvements of any kind to any public real property. For the purposes of this code, "construction" includes capital construction and controlled maintenance, as defined in section 24-30-1301.

(8) "Contingency-based contract" shall have the same meaning as set forth in section 24-17-203 (1).

(9) "Contract" means any type of state agreement, regardless of what it may be called, between a governmental body and a contractor, where the principal purpose is to acquire supplies, services, or construction or to dispose of supplies for the direct benefit of a governmental body. "Contract" includes commitment vouchers as described in section 24-30-202.

(10) "Contract modification" means any written alteration of a contract accomplished in accordance with the terms of that contract.

(11) "Contractor" means any person having a contract with a governmental body. For the purposes of this code, a vendor is considered a contractor.

(12) "Cooperative purchasing" means procurement conducted by, or on behalf of, more than one public procurement unit or by a public procurement unit with an external procurement unit.

(13) "Cost-reimbursement contract" means a contract under which a contractor is reimbursed for costs which are allowable and allocable in accordance with the contract terms and the provisions of this code and a fee, if any.

(14) "Department" means the department of personnel.

(15) "Established catalog price" means the price included in a catalog, price list, schedule, or other form that:

(a) Is regularly maintained by a manufacturer or contractor;

(b) Is either published or otherwise available for inspection by customers; and

(c) States prices at which sales are currently or were last made to a significant number of any category of buyers or buyers constituting the general buying public for the supplies or services involved.

(16) "Executive director" means the executive director of the department of personnel.

(17) "External procurement unit" means any buying organization not located in this state which, if located in this state, would qualify as a public procurement unit. An external procurement unit includes any purchasing cooperative that satisfies the purposes of this code as set forth in section 24-101-102. An agency of the United States is an external procurement unit.

(18) "Governmental body" means any department, commission, council, board, bureau, committee, institution of higher education, agency, government corporation, or other establishment or official, other than an elected official, of the executive branch of state government in this state; except that the governing board of each institution of higher education, including the Auraria higher education center established in article 70 of title 23, by formal action of the board, and the Colorado commission on higher education, by formal action of the commission, may elect to be excluded from the meaning of "governmental body".

(19) "Grant" means an agreement in which a governmental body as grantor transfers anything of value to a grantee to carry out a public purpose of support or stimulation authorized by law instead of acquiring property or services for the direct benefit or use of that governmental body. A grant may include a distribution of funds.

(20) "Invitation for bids" means all documents, whether attached or incorporated by reference, utilized for soliciting bids. Invitation for bids is the commonly used term for soliciting competitive sealed bids and competitive sealed best value bids.

(21) "Legal holiday" shall have the same meaning as defined in section 24-11-101 (1).

(22) "Local public procurement unit" means any county, city, county and city, municipality, or other political subdivision of the state, any public agency of any such political subdivision, any public authority, any educational, health, or other institution, and, to the extent provided by law, any other entity which expends public funds for the procurement of supplies, services, and construction.

(23) "Low responsible bidder" means any person who has bid in compliance with the invitation for bids and within the requirements of the plans and specifications for a public contract who is the low bidder and who has furnished bonds or their equivalent if required by law.

(24) "Low tie bids" means low responsible bids from bidders that are identical in amount and that meet all the requirements and criteria set forth in the invitation for bids pursuant to this code.

(25) "Nonresident bidder" means a bidder that does not satisfy the criteria to be a resident bidder.

(26) "Offeror" means any person that submits a proposal in response to a request for proposals.

(27) "Person" means any business, individual, union, committee, club, other organization, joint venture, or group of individuals.

(28) "Procurement" means buying, purchasing, renting, leasing, or otherwise acquiring any supplies, services, or construction. "Procurement" includes all functions that pertain to the obtaining of any supply, service, or construction, including description of requirements, selection and solicitation of sources, preparation and award of contract, and all phases of contract administration. "Procurement" also includes the procurement of information technology as defined in section 24-37.5-102 (11).

(29) "Procurement agent" means any person duly authorized to enter into and administer procurements and make written determinations with respect thereto. "Procurement agent" includes an authorized representative acting within the limits of his or her authority.

(30) "Procurement official" means the individual of a purchasing agency with purchasing authority created pursuant to section 24-102-202 (3) or 24-102-302 (2) or the individual authorized to enter into contracts for capital construction or controlled maintenance pursuant to section 24-30-1303 (5).

(31) Except as otherwise provided in section 24-103-1103 (13), "professional services" means services of accountants, clergy, physicians, lawyers, and dentists and such other services as may be procured through agents of those services, excluding those professional services as defined in section 24-30-1402, as the executive director may by rule designate as professional services.

(32) "Public employee" means an individual drawing a salary from a governmental body or a noncompensated individual performing personal services for a governmental body.

(33) "Public procurement unit" means either a local public procurement unit or a state public procurement unit.

(34) "Purchase description" means the words used in a solicitation to describe the supplies, services, or construction to be purchased, and includes specifications attached to, or made a part of, the solicitation.

(35) "Purchasing agency" means any governmental body which is authorized to enter into contracts by section 24-102-302 (1) by way of delegation from the executive director pursuant to section 24-102-302 (2) or by the way of delegation from the executive director.

(36) "Request for proposals" means all documents, whether attached or incorporated by reference, utilized for soliciting proposals. Request for proposals is the commonly used term for soliciting competitive sealed proposals.

(37) "Resident bidder" means:

(a) A person that is authorized to transact business in Colorado and that maintains its principal place of business in Colorado; or

(b) A person that:

(I) Is authorized to transact business in Colorado;

- (II) Maintains a place of business in Colorado; and
- (III) Has paid Colorado unemployment compensation taxes in at least six of the eight quarters immediately prior to bidding on a construction contract for a public project.
- (38) "Responsible" means the capability in all respects to perform fully the contract requirements and the integrity and reliability that will assure good faith performance.
- (39) "Responsive" means a bid or proposal that meets the specifications, acceptability requirements, and terms and conditions of the solicitation and that uses the form prescribed by the purchasing agency.
- (40) "Rules" means state procurement rules and has the same meaning as provided in section 24-4-102 (15).
- (41) "Sealed" means a bid or proposal submitted in a manner that:
- (a) Ensures that the contents of the bid, proposal, or best value bid cannot be opened or viewed before the formal bid opening without leaving evidence that the document has been opened or viewed;
 - (b) Ensures that the document cannot be changed, once received by the state, without leaving evidence that the document has been changed;
 - (c) Bears a physical or electronic signature, as electronic signature is defined in the "Uniform Electronic Transactions Act", section 24-71.3-102 (8), evincing an intent by the bidder or offeror to be bound; and
 - (d) Records, manually or electronically, the date and time the bid or proposal is received by the state and that cannot be altered without leaving evidence of the alteration.
- (42) "Services" means the furnishing of labor, time, or effort by a contractor not involving the delivery of a specific end product other than reports which are merely incidental to the required performance. The term does not include professional services as defined in section 24-30-1402.
- (43) "Solicitation" means all documents and related information, whether attached or incorporated by reference, published on an electronic bidding system in connection with a procurement prior to the response deadline.
- (44) "Specification" means any description of the physical or functional characteristics or of the nature of a supply, service, or construction item. It may include a description of any requirement for inspecting, testing, or preparing a supply, service, or construction item for delivery.
- (45) "State public procurement unit" means the department of personnel or any other purchasing agency of this state.
- (46) "Statement of work" means a document that defines specific activities and deliverables and their respective timelines, all of which form a contractual obligation upon the vendor in providing services to the state.
- (47) "Supplies" means all property, including but not limited to equipment, materials, and insurance. The term does not include land, the purchase of an interest in land, water or mineral rights, workers' compensation insurance, benefit insurance for state employees, or property furnished in connection with public printing, as defined in section 24-70-201.
- (48) "Using agency" means any governmental body of the state which utilizes any supplies, services, or construction procured under this code.

PART 4

PROCUREMENT RECORDS AND INFORMATION

24-101-401. Public access to procurement information. (1) Except as provided in section 24-103-201.5, proposals and bids shall be opened so as to avoid disclosure of the contents of the proposal or bid to competing offerors during the review process. A register of proposals and bids shall be prepared in accordance with rules and such procurement records shall be open for public inspection after the award as provided in sections 24-72-203 and 24-72-204. The executive director may promulgate rules to clarify the process for classifying confidential or proprietary information in procurement records.

(2) (a) To the extent not prohibited by federal law, each contract entered into by a governmental body pursuant to this code shall specify that the contract and performance measures and standards under article 103.5 of this title are open to inspection by the public as provided in sections 24-72-203 and 24-72-204.

(b) Repealed.

24-102-202. Authority of the executive director and chief procurement officer - delegation of authority - rules. (1) Consistent with the provisions of this code, the executive director may adopt operational procedures governing the internal functions of the department.

(2) (a) The executive director may promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of this title 24, in furtherance of the administration of this code.

(b) The executive director may delegate his or her authority to promulgate rules.

(c) No rule promulgated pursuant to this section shall change any commitment, right, or obligation of the state or of a contractor under a contract in existence on the effective date of such rule.

(3) Subject to rules, the executive director may delegate his or her purchasing authority to designees or to any department, agency, or official.

(4) Except as otherwise specifically provided in this code, the chief procurement officer shall, pursuant to rules:

(a) Procure or supervise the procurement of all supplies and services needed by the state;

(b) Repealed.

(c) Establish and maintain programs for the inspection, testing, and acceptance of supplies and services;

(d) Retain the right to examine each requisition submitted by a using agency and approve, disapprove, or revise it as to quantity or quality;

(e) Develop and maintain programs and procedures to delegate purchasing authority in order to conserve resources for management of the statewide purchasing system; and

(f) Develop programs to evaluate and reduce the administrative costs of the statewide procurement function.

24-102-202.5. Supplier database - fees - cash fund - program account. (1) The executive director shall develop a centralized database that includes a listing of all businesses which are interested in providing goods and services to the state. The businesses in the database shall be identified by a registration number, and the executive director shall develop a procedure for notifying the appropriate businesses whenever the state issues solicitations for goods or services which a particular business provides. The database shall be accessible through the department of personnel to all purchasing agencies designated pursuant to section 24-102-302 (2).

(2) (a) The executive director may require each business that wishes to be included in the database created pursuant to subsection (1) of this section to pay a registration fee as determined by the executive director. The executive director may set and collect such fees as are necessary to cover the direct and indirect costs that are incurred in implementing the provisions of this section. The revenue from such fees shall be transmitted to the state treasurer, who shall credit the same to the supplier database cash fund, which fund is hereby created. The general assembly shall make appropriations from such fund as necessary to implement the provisions of this section. All moneys not expended or encumbered and all interest earned on the investment or deposit of the moneys in the fund shall remain in the fund and shall not revert to the general fund or any other fund at the end of any fiscal year.

(b) (Deleted by amendment, L. 2009, (SB 09-099), ch. 420, p. 2336, § 1, effective June 4, 2009.)

(2.5) (a) The executive director shall develop and implement a statewide centralized electronic procurement system to allow the utilization of technology to create a more efficient delivery of state procurement services. The executive director may set and collect fees from vendors with cooperative purchasing agreements and from local public procurement units that are participating in the electronic procurement system, as necessary to cover the direct and indirect costs of implementing and maintaining the electronic procurement system. In addition, the executive director may collect moneys from cooperative purchasing organizations for procurement support.

(b) (Deleted by amendment, L. 2017.)

(c) The revenue from the fees and any moneys collected from cooperative purchasing organizations pursuant to subsection (2.5)(a) of this section shall be transmitted to the state

treasurer, who shall credit the same to the supplier database cash fund created in subsection (2)(a) of this section.

(3) The provisions of this section shall not apply to contractors required to be approved pursuant to the provisions of section 24-30-1303 (1)(q).

(2) Amendments to this section by HB 17-1051 and HB 17-1058 were harmonized.

24-102-206. Contract performance outside the United States or Colorado - notice - penalty. (1) (a) Prior to contracting or as a requirement for the solicitation of any contract from the state for services, as appropriate, any prospective vendor shall disclose in a written statement of work whether it anticipates subcontracting any services under the contract, where such subcontracted services will be performed under the contract, including any subcontracts, and

whether any subcontracted services under the contract or any subcontracts are anticipated to be performed outside the United States or the state. If the prospective vendor anticipates services under the contract or any subcontracts will be performed outside the United States or the state, the vendor shall provide in its written statement of work a provision setting forth why it is necessary or advantageous to go outside the United States or the state to perform the contract or any subcontracts.

(b) Each contract entered into or renewed by a governmental body pursuant to this code must contain a clause that requires the vendor to provide written notice to the governmental body if the vendor decides, after the contract is awarded, to perform services under the contract outside the United States or the state or to subcontract services under the contract to a subcontractor that will perform such services outside the United States or the state. The contract must specify that the vendor is required to provide such written notice no later than twenty days from the time the vendor decides to perform services under the contract outside the United States or the state or subcontracts services under the contract to a subcontractor that will perform such services in a location outside the United States or the state.

(2) The written notification required by paragraphs (a) and (b) of subsection (1) of this section must include, but need not be limited to, a statement of the type of services that will be performed at a location outside the United States or the state and the reason why it is necessary or advantageous to go outside the United States or the state to perform such services.

(3) A governmental body shall provide written notice to the department of personnel if it awards a contract to a vendor that has provided written notice pursuant to paragraph (a) or (b) of subsection (1) of this section that the vendor or the vendor's subcontractor will perform services under the contract outside the United States or the state.

(4) If a vendor knowingly fails to notify the governmental body of any outsourced services as specified in this section, the governmental body may, in the governmental body's discretion, terminate the contract.

(5) The executive director shall post any notice that a vendor provides to a governmental body pursuant to this section on the official website of the department.

(6) Nothing in this section shall be construed to apply to any contract to which the state is a party under medicare, the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S., the "Children's Basic Health Plan Act", article 8 of title 25.5, C.R.S., or the "Colorado Indigent Care Program", part 1 of article 3 of title 25.5, C.R.S.

(7) Nothing in this section applies to any project that receives federal moneys. In addition, nothing in this section contravenes any existing treaty, law, agreement, or regulation of the United States. Contracts entered into in accordance with any treaty, law, agreement, or regulation of the United States do not violate this section to the extent of that accordance. The requirements of this section are suspended if such requirements would contravene any treaty, law, agreement, or regulation of the United States, or would cause denial of federal moneys or preclude the ability to access federal moneys that would otherwise be available.

24-102-206.5. Contract performance outside the United States or Colorado - annual report. (1) On January 1, 2014, and on each January 1 thereafter, a governmental body shall submit an annual report to the general assembly if the governmental body entered into one or more contracts with a vendor during the previous state fiscal year and received written notice from one or more vendors pursuant to section 24-102-206 (1)(b) that the vendor or the vendor's subcontractor would perform services under the contract outside the United States or the state.

(2) (a) The purpose of the report required in subsection (1) of this section is to notify taxpayers and the general assembly regarding the use of United States and state tax dollars on state contracts in which services under the contract are performed outside the United States or the state. The governmental body shall provide information required in the report based on the information that vendors submitted to the governmental body pursuant to section 24-102-206 during the previous state fiscal year.

(b) The report must separate data by state contract type and provide information regarding the type and the percentage of the total services that were performed outside the United States or the state by each vendor or a vendor's subcontractor under each state contract.

(c) The report required by subsection (1) of this section must also include a description of any initiatives that the governmental body has taken to actively reduce the number of contracts in which a vendor or vendor's subcontractor perform services under the contract outside the United States or the state.

(d) A governmental body that is required to submit a report pursuant to subsection (1) of this section may include the report in its annual report to the general assembly required by the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act".

24-102-207. Statewide procurement card agreement - definition. (1) The department shall establish a statewide procurement card program. All governmental bodies that utilize a procurement card shall participate in the statewide program. For purposes of this section, "governmental body" has the same meaning as set forth in section 24-101-301 (18); except that, for purposes of this section, "governmental body" also includes elected officials.

(2) Governmental bodies that are not subject to the "Procurement Code", articles 101 to 112 of this title 24, or the fiscal rules are subject to this section; except that, on and after December 1, 2010, this section does not apply to an institution of higher education that has elected to be excluded from the meaning of "governmental body" pursuant to section 24-101-301 (18).

(3) The statewide procurement card shall be considered an alternate method of payment and shall not be considered a commitment voucher required by section 24-30-202 (1). Any revenues resulting from the procurement card program shall be deposited as cash revenue in the general fund and shall be subject to annual appropriation by the general assembly. Unless otherwise directed by the general assembly, the state controller shall make adjustments equivalent to such revenues in the form of a reduction of administrative costs allocated to

governmental bodies on a basis proportional to each governmental body's contribution to statewide procurement card expenditures, as determined by the state controller, to ensure that the federal government receives its share of procurement card revenues as required by federal regulations and to ensure that the indirect obligations are funded. Institutions of higher education that elect to be excluded from the meaning of "governmental body" pursuant to section 24-101-301 (18) shall transfer money to the department of higher education or the Colorado commission on higher education to the extent required to pay indirect cost assessments, as defined in section 24-75-112 (1)(f). For purposes of this subsection (3) the term "allocated" does not mean an appropriation or cash transfer to any governmental body, but refers to an internal process within the office of the state controller.

24-102-208. Software application contracts - generally available hardware - no limitation. A contract for the licensing of software applications that are designed to run on generally available desktop or server hardware shall not limit a governmental body's ability to install or run the software on the hardware of the governmental body's choosing. This section applies to any contract or addendum for the licensing of software applications on or after June 8, 2022.

PART 3

ORGANIZATION OF PUBLIC PROCUREMENT

24-102-301. Centralization of procurement authority. Except as otherwise provided in this part 3, all rights, powers, duties, and authority relating to the procurement of supplies, services, and construction and the sale and disposal of supplies, services, and construction are vested in the department of personnel except for the disposal of surplus state property as provided in section 17-24-106.6, C.R.S., and except as provided in part 4 of article 82 of this title.

24-102-302. Purchasing agencies - establishment - authority. (1) Capital construction and controlled maintenance, as defined and delegated to a procurement official by part 13 of article 30 of this title 24, shall be procured by such procurement official as the appropriate purchasing agency.

(2) If the executive director or his or her designee is of the opinion and so certifies in writing that the needs of any governmental body are of such specialized nature and sufficient volume to warrant a purchasing agency for such governmental body, he or she shall authorize the creation of the same. All such purchasing agencies shall operate under the provisions of this code and the rules promulgated pursuant thereto and shall be subject to the supervision and control of the executive director. All such purchasing agencies shall operate under the provisions of section 17-24-111 requiring the purchase of goods and services from the division of correctional industries, and failure of any such purchasing agency to comply with such requirement shall be cause for the executive director to suspend for a period of up to one year at the discretion of the executive director the authority of a purchasing agency created pursuant to this subsection (2) to purchase goods and services. The authority of a purchasing agency to purchase goods and services may also be suspended at the discretion of the executive director. The financial and staff resources dedicated to the purchasing function in the affected agency shall be under the authority of the department of personnel during the period of suspension, and purchases made for the affected agency shall be in accordance with the requirements of section 17-24-111 (1).

(3) The procurement officials responsible for procuring the supplies, services, or construction delegated to them by subsections (1) and (2) of this section shall conduct procurements in accordance with the provisions of this code and its implementing rules. The executive director may establish a standard supplier's form and a standard set of procedures that each purchasing agency shall use in accepting the form and evaluating the supplier.

PART 2

METHODS OF SOURCE SELECTION

24-103-201. Methods of source selection. (1) Unless otherwise authorized by law, all state contracts shall be awarded as provided in:

- (a) Section 24-103-202, concerning awards solicited by an invitation for bids;
- (b) Section 24-103-203, concerning awards solicited by a request for proposals;
- (c) Section 24-103-202.3, concerning awards solicited by an invitation for best value bids;
- (d) Section 24-103-204, concerning small purchases;
- (e) Section 24-103-205, concerning sole source procurements;
- (f) Section 24-103-206, concerning emergency procurements;
- (g) Part 14 of article 30 of this title 24, concerning architect, engineer, landscape architect, and land surveying services;
- (h) Section 24-103-208, concerning other procurement methods; or
- (i) Part 2 of article 38 of this title 24, concerning public-private initiatives.

24-103-201.5. Market research - request for information. (1) A procurement official may conduct market research prior to selecting a method of source selection pursuant to this part 2. The executive director may promulgate rules in accordance with the "State Administrative Procedure Act", article 4 of this title 24, to further define methods of conducting market research.

(2) A request for information may be used as a method to obtain preliminary information about a market or type of available service or product when there is not enough information readily available to write an adequate specification or statement of work. A request for information may ask for input from potential vendors to assist the state in preparing a specification or statement of work for a subsequent solicitation and may ask for pricing information only with the provision that such information would be submitted voluntarily. The request for information must clearly state that no award will result from the request.

(3) When market research has been conducted, the governmental body is not obligated to commit to a method of source selection and may determine that it will not pursue a procurement.

(4) All responses to requests for information are confidential until after an award based on a subsequent solicitation has been made or until the procurement official determines that the state will not pursue a solicitation based on the request for information. After such time, the responses to a request for information shall be open to public inspection in accordance with the provisions of the "Colorado Open Records Act", part 2 of article 72 of this title 24.

Source: **L. 2017:** Entire section added, (HB 17-1051), ch. 99, p. 312, § 15, effective August 9.

24-103-202. Invitation for bids. (1) Contracts shall be solicited by an invitation for bids except as otherwise provided in section 24-103-201.

(2) (a) An invitation for bids shall be issued and shall include a purchase description and all contractual terms and conditions applicable to the procurement.

(b) Repealed.

(3) Adequate public notice of the invitation for bids shall be given a reasonable time, but in the case of construction at least fourteen days, prior to the date set forth therein for the opening of bids, pursuant to rules. Such notice may include publication in a newspaper of general circulation.

(4) Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The amount of each bid and such other relevant information as may be specified by rules, together with the name of each bidder, shall be entered on a record, and the record shall be open to public inspection. After the time of the award, all bids and bid documents shall be open to public inspection in accordance with the provisions of sections 24-72-203 and 24-72-204.

(5) Bids shall be unconditionally accepted, except as authorized by subsection (7) of this section. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability, such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in the evaluation for award shall be objectively measurable, such as discounts, transportation costs, and total or life-cycle costs. No criteria may be used in the bid evaluation that are not set forth in the invitation for bids.

(6) Withdrawal of inadvertently erroneous bids before the award may be permitted pursuant to rules if the bidder submits proof of evidentiary value which clearly and convincingly demonstrates that an error was made. Except as otherwise provided by rules, all decisions to permit the withdrawal of bids based on such bid mistakes shall be supported by a written determination made by the chief procurement officer or the procurement official.

(7) The contract shall be awarded with reasonable promptness by written notice to the low responsible bidder whose bid meets the requirements and criteria set forth in the invitation for bids, except as otherwise provided for certain low tie bids under section 24-103-902. In the event that all bids for a construction project exceed available funds, as certified by the appropriate fiscal officer, the procurement official is authorized, in situations where time or economic considerations preclude resolicitation of work of a reduced scope, to negotiate an adjustment of the bid price with the low responsible bidder in order to bring the bid within the amount of available funds; except that the functional specifications integral to completion of the project may not be reduced in scope, taking into account the project plan, design, and specifications and quality of materials.

(8) When it is considered impractical to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(9) The provisions of subsections (4), (5), and (6) of this section shall also apply to construction and shall be in addition to any other requirements for an invitation for bids for construction as provided for in this title 24.

24-103-202.3. Invitation for best value bids. (1) When, pursuant to rules, the chief procurement officer or a procurement official determines in writing that the use of an invitation for best value bids is advantageous to the state, a contract may be solicited by invitation for best value bids.

(2) An invitation for best value bids shall be made in the same manner as provided in section 24-103-202 (2), (3), and (4).

(3) (a) The chief procurement officer or procurement official may allow a bidder to submit prices for enhancements, options, or alternatives to the base bid for a commodity or service that will result in a product or service to the state having the best value at the lowest cost. The invitation for best value bids must clearly state the purchase description of the commodity or service being solicited and the types of enhancements, options, or alternatives that may be bid; except that the functional specifications integral to the commodity or service may not be reduced.

(b) Prices for enhancements, options, or alternatives to the bid may be evaluated by the chief procurement officer or procurement official to determine whether the total of the bid price and the prices for enhancements, options, or alternatives provide a contract with the best value at the lowest cost to the state. This evaluation shall be made utilizing the rules of the executive director of the department of personnel promulgated pursuant to subsection (3)(d) of this section.

(c) A contract may be awarded to a bidder where the total amount of a bid price and the prices for enhancements, options, or alternatives of the bidder exceed the total amount of the bid price and the prices for enhancements, options, or alternatives of another bidder if it is determined pursuant to subsection (3)(b) of this section that the higher total amount provides a contract with the best value at the lowest cost to the state.

(d) The executive director of the department of personnel shall promulgate rules to be utilized by the chief procurement officer or procurement official in making the evaluation pursuant to subsection (3)(b) of this section. The rules shall provide:

(I) Criteria for objectively measuring prices for enhancements, options, or alternatives to a bid, including relevant formulas or guidelines;

(II) Criteria for objectively determining whether the prices for enhancements, options, or alternatives provide the best value at the lowest cost to the state.

(4) The contract shall be awarded with reasonable promptness by written notice to the bidder whose bid provides for a contract with the best value at the lowest cost to the state.

Editor's note: This section was relocated to § 24-103-902 in 2017.

24-103-203. Requests for proposals. (1) A contract may be entered into by requests for proposals. Requests for proposals may be used for the procurement of professional services. The executive director may provide by rule that it is neither practicable nor advantageous to the state to procure specified types of supplies, services, or construction by an invitation for bids.

(2) Proposals shall be solicited through a request for proposals.

(3) Adequate public notice of the request for proposals shall be given in the same manner as provided in section 24-103-202 (3).

(4) Repealed.

(5) The request for proposals shall state evaluation factors.

(6) As provided in the request for proposals and pursuant to rules, discussions may be conducted with responsible offerors who submit proposals determined to be reasonably susceptible of being selected for an award for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors.

(7) The award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the state, taking into consideration the price and the evaluation factors set forth in the request for proposals. No other factors or criteria shall be used in the evaluation. The contract file shall contain the basis on which the award is made. No property interest of any nature shall accrue until the contract is awarded and signed by both parties.

(8) The procurement official, or his or her designee, shall negotiate, in the case of procurement of professional services, with the highest qualified offerors and in that negotiation shall take into account, in the following order of importance, the professional competence of the offerors, the technical merits of the offers, and the price for which the services are to be rendered.

24-103-205. Sole source procurement. A contract may be awarded for a supply, service, or construction item without competition when, under rules, the executive director, the chief

procurement officer, the procurement official, or a designee of any such officer determines in writing that there is only one source for the required supply, service, or construction item.

24-103-206. Emergency procurements. Notwithstanding any other provision of this code, the executive director, the chief procurement officer, the procurement official, or a designee of any such officer may make or authorize others to make emergency procurements when there exists a threat to public health, welfare, or safety under emergency conditions, as defined in rules, but such emergency procurements shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the particular contractor shall be included in the contract file.

PART 3

CANCELLATION OF INVITATIONS FOR
BIDS OR REQUESTS FOR PROPOSALS

24-103-301. Cancellation of invitations for bids or requests for proposals. An invitation for bids, a request for proposals, or any other solicitation may be canceled or any or all bids or proposals may be rejected in whole or in part at any time before a contract is executed when it is in the best interests of the state pursuant to rules. The reasons therefor shall be made part of the contract file but shall remain confidential and shall not be subject to the provisions of

the "Colorado Open Records Act", part 2 of article 72 of this title 24, for the lesser of six months or until the contract at issue is awarded.

PART 4

QUALIFICATIONS AND DUTIES

24-103-401. Responsibility of bidders and offerors. (1) A written determination of nonresponsibility of a bidder or offeror shall be made pursuant to rules. The unreasonable failure of a bidder or offeror to promptly supply information in connection with an inquiry with respect to responsibility may be grounds for a determination of nonresponsibility with respect to such bidder or offeror.

(2) Information furnished by a bidder or offeror pursuant to this section shall not be disclosed outside of the department of personnel or the purchasing agency without prior written consent by the bidder or offeror.

24-103-403. Cost or pricing data. (1) A contractor shall, except as provided in subsection (3) of this section, submit cost or pricing data and shall certify that, to the best of his or her knowledge and belief, the cost or pricing data submitted was accurate, complete, and current as of a mutually determined specified date prior to the date of:

(a) The pricing of any contract awarded by requests for proposals as specified in section 24-103-203, or pursuant to the sole source procurement authority as specified in section 24-103-205, where the total contract price is expected to exceed an amount established by rule; or

(b) The pricing of any contract modification which is expected to exceed an amount established by rule.

(2) Repealed.

(3) The requirements of this section need not be applied to any contract in which:

(a) The contract price is based on adequate price competition;

(b) The contract price is based on established catalog prices or market prices;

(c) The contract price is set by law or rule; or

(d) It is determined in writing, pursuant to rules, that the requirements of this section may be waived and the reasons for such waiver are stated in writing.

PART 8

SET ASIDES IN STATE PROCUREMENT FOR ALL PERSONS WITH SEVERE DISABILITIES

24-103-801. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) It is in the best interest of the state to enhance the dignity and capacity for self-support of all persons with severe disabilities and to minimize their dependence on government programs for their basic needs; and

(b) It benefits the state as well as all persons with severe disabilities to encourage and assist all persons with severe disabilities to achieve maximum personal independence through useful and productive gainful employment by identifying a market for the services that they can offer.

(2) The general assembly further finds and declares that the purpose of this part 8 is to create a set aside program for nonprofit agencies that employ any persons with severe disabilities and to allow nonprofit agencies to bid on certain types of services solicitations. In furtherance of this purpose, the general assembly recognizes that it is in the best interests of all persons with severe disabilities that the employment options created pursuant to this part 8 expand the opportunities for all persons with severe disabilities to work in integrated employment settings.

Source: L. 2008: Entire part added, p. 2190, § 1, effective August 5.

24-103-802. Definitions. As used in this part 8, unless the context otherwise requires:

(1) "Bundling" means a state agency consolidating two or more solicitations for services previously provided or performed under separate smaller contracts into a single solicitation that is likely to be unsuitable for award to a nonprofit agency due to any of the following:

- (a) The diversity, size, or specialized nature of the elements of the required services;
- (b) The aggregate dollar value of the anticipated award; or
- (c) The geographical dispersion of the contract performance sites.

(2) "Department" means the department of human services.

(3) "Nonprofit agency" means a private nonprofit organization established under the laws of the United States or this state that is operated in this state in the interest of persons with severe disabilities or that specializes in services for persons with severe disabilities, the net income of which does not benefit in whole or in part any shareholder or officer.

(4) "Self-certified vendor" means a nonprofit agency that has applied and been approved by the department to bid on certain services solicitations pursuant to this part 8.

(5) "Services solicitation" means a solicitation by a state agency for the furnishing of labor, time, or effort by a contractor not involving the delivery of a specific end product other than products that are merely incidental to the required performance.

(6) "Severe disability" means one or more physical or mental disabilities that constitute a substantial impairment to employment and that are of such a nature as to require multiple vocational rehabilitation services over an extended period.

(7) "State agency" means any state office, department, commission, institution, or bureau, or any agency, division, or unit within a department or office. Notwithstanding the provisions of section 24-101-105, "state agency" shall include each institution of higher education and the Colorado commission on higher education. "State agency" shall not include any municipality, county, school district, special district, or any other local government in the state.

24-103-803. Nonprofit agencies - self-certified vendor list - creation. (1) Any nonprofit agency that is interested in performing state services and that would like to bid on solicitations for such services through the set aside program created in this part 8 shall first apply to the department, in a manner to be determined by the department, to become a self-certified vendor pursuant to this section.

(2) The department shall accept applications from any nonprofit agency that seeks to become a self-certified vendor to bid on certain services solicitations. In order for a nonprofit agency to become a self-certified vendor, the nonprofit agency shall certify that:

(a) The nonprofit agency is an independent tax-exempt charitable or social welfare organization operating under section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, and is operating in Colorado;

(b) Repealed.

(c) The nonprofit agency satisfies the statutory requirements to be eligible to bid on a state services solicitation pursuant to section 24-103-401 and any rules promulgated by the department of personnel in furtherance of said section;

(d) The nonprofit agency would be capable of hiring and would employ people to perform any service for which the nonprofit agency bids, and that of those people employed a total of seventy-five percent would be persons with severe disabilities and a minimum of twenty percent would be persons with severe disabilities who have developmental disabilities as defined in section 25.5-10-202, C.R.S.; and

(e) Any other criteria consistent with the purposes of this part 8 that are deemed necessary by the department.

(3) The department shall create and maintain a list of all nonprofit agencies that have attained self-certified vendor status and shall make the list available to the department of personnel pursuant to rules promulgated by the executive director.

(4) A nonprofit agency's self-certified vendor status is valid for up to five years after the date that the nonprofit agency's self-certification application was approved. A nonprofit agency is required to reapply to the department, at a time and in a manner determined by the department, for self-certified vendor status to be eligible to respond to a set aside solicitation pursuant to this part 8.

(5) (a) Nothing in this part 8 shall be construed to require a nonprofit agency that seeks to respond to services solicitations to become a self-certified vendor; except that a nonprofit agency shall not be eligible to bid for a set aside solicitation pursuant to this part 8 unless the nonprofit agency is self-certified pursuant to this section.

(b) Nothing in this part 8 shall be construed to prevent a nonprofit agency from bidding on any state agency solicitation that is not a set aside solicitation pursuant to this part 8.

24-103-804. Services solicitations - categorical identification. (1) (a) The department of personnel shall publish a list of the services that state agencies seek through services solicitations and shall make the list available to nonprofit agencies on an annual basis. The executive director shall promulgate rules regarding the process for review, determinations, and publication of a list that shall be referred to as the services set aside list.

24-103-805. Contract set asides - bid process created by department of personnel - obligation of state agencies - rules. (1) (a) Any state agency that intends to solicit bids for a service that is included on the services set aside list created pursuant to section 24-103-804 shall first solicit bids from self-certified vendors for such service and shall follow the procedures specified in rules promulgated by the executive director.

(b) If two or more self-certified vendors bid on the solicitation for the services, the procurement official shall award a contract to one of the self-certified vendors based on which acceptable response is most advantageous to the state taking into consideration factors other than price alone.

(c) If one self-certified vendor bids on the solicitation for the services, the procurement official shall award a contract to the self-certified vendor and shall ensure that the contract is

awarded at a fair and reasonable price of up to fifteen percent above the fair market value of the services, subject to available appropriations.

(d) If the state agency does not receive a bid from any self-certified vendor for the services, the state agency is permitted to procure the services through other approved procurement methods and shall not be subject to the requirements of this part 8 for that specific solicitation.

(2) The department of personnel shall, within one hundred eighty days after August 5, 2008, establish a process whereby any state agency that intends to solicit bids for a service that is included on the services set aside list created pursuant to section 24-103-804 may solicit bids solely from self-certified vendors.

(3) Any state agency that has awarded a solicitation for services to a self-certified vendor pursuant to paragraph (a) or (b) of subsection (1) of this section shall, before the expiration of the term of the contract, renegotiate a fair and reasonable price for the services with the self-certified vendor that has performed the services for the state agency. The state agency is not permitted to solicit new bids for the services performed by the self-certified vendor unless one of the following occurs:

(a) The nonprofit agency that is the self-certified vendor no longer wishes to perform the services for the state agency;

(b) The state agency decides to perform the services internally and hires employees who will be employees of the state to perform the services;

(c) The state agency no longer needs the service that was provided by the self-certified vendor; or

(d) The self-certified vendor has not met the requirements for the services offered.

(4) Any state agency that is required to solicit bids for a service that is included on the services set aside list is prohibited from bundling the service with one or more other services not included on the services set aside list before soliciting bids from self-certified vendors pursuant to this section. If the state agency has not received a bid from any self-certified vendor and is therefore authorized to procure the services through other approved procurement methods, the bundling prohibition shall no longer apply to the state agency for that specific solicitation for services.

(5) The department of personnel may promulgate rules to implement the requirements of this section pursuant to section 24-102-101. Such rules shall be promulgated in accordance with the provisions of article 4 of this title 24.

(6) Any self-certified vendor that has been awarded a solicitation for services by a state agency pursuant to this part 8 shall report to the chief procurement officer regarding the progress of the award and the contract in a manner and frequency to be determined by the chief procurement officer. The vendor shall include in the report the percentage of the total contract price that it will spend on the salary or wages of the employees hired to perform the services solicitation, not including the salary or wages for administrative staff or employees.

(7) Any self-certified vendor pursuant to this part 8 must maintain the requirements to be a self-certified vendor pursuant to section 24-103-803 (2) for the duration of the services set aside list and for the entire term of any contract resulting from the services set aside list.

PART 9

PROCUREMENT PREFERENCES AND GOALS

24-103-901. Procurement preferences and goals. The procurement preferences and goals specified in this part 9 apply to the award of contracts under this code.

Source: L. 2017: Entire part added with relocated provisions, (HB 17-1051), ch. 99, p. 319, § 28, effective August 9.

24-103-902. Low tie bids - award procedure and determination - bid preference. (1) If low tie bids are received in response to an invitation for bids for a supply contract, the following procedures are required:

(a) If the low tie bids are from a resident bidder and a nonresident bidder, the resident bidder shall be given preference over the nonresident bidder;

(b) If the low tie bids are from resident bidders, the procurement agent shall:

(I) Use a fair and reasonable procedure for determining which bidder receives the contract award that at a minimum provides for the presence, at the time and place the determination is made, of the bidders or the bidders' representatives and an impartial witness designated by the procurement agent who is not an employee of that procurement agent's agency; and

(II) Give the bidders at least five business days' written notice by certified mail of the date the determination will be made, of the procedure for making the determination, and that the bidders or the bidders' representatives may be present when the determination is made;

(c) If the low tie bids are only from nonresident bidders, the procurement agent shall follow the procedures in subsections (1)(b)(I) and (1)(b)(II) of this section;

(d) All other applicable provisions of the code that are not inconsistent with this section shall be followed.

(2) If the procurement agent determines that compliance with this section will cause denial of federal moneys that would otherwise be available or would otherwise be inconsistent with federal law, this section shall be suspended, but only to the extent necessary to prevent denial of the moneys or to eliminate the inconsistency with federal law.

24-103-903. State purchases of recycled paper and recycled products - definitions.

(1) When purchasing paper and paper products, any procurement agent shall, whenever the price is competitive and the quality adequate for the purpose intended, purchase recycled paper, as defined in section 13-1-133 (4)(d).

(2) For the fiscal year 1990-91, the executive director shall establish as a goal that at least ten percent of the total volume of paper and paper products purchased by the state shall contain recycled paper. The goal shall increase to twenty percent for the fiscal year 1991-92, to thirty percent for the fiscal year 1992-93, to forty percent for the fiscal year 1993-94, and to fifty percent for the fiscal year 1994-95, and for each fiscal year thereafter.

(3) Each agency using recycled paper may print the notation "printed on recycled stock" on any paper or paper product which has been certified by the division as recycled paper.

(4) For purposes of this section, "paper and paper products" means paper items, including but not limited to paper napkins, towels, corrugated and other cardboard, toilet tissue, high-grade office paper, newsprint, offset paper, bond paper, xerographic bond paper, mimeo paper, and duplicator paper.

(5) When purchasing any product with public funds, any procurement agent shall be authorized to purchase products or materials with recycled content, that have been source-reduced, that are reusable, or that have been composted, unless one or more of the following conditions exist:

- (a) The product is not available within a reasonable period of time;
- (b) The product fails to meet existing purchasing rules, including specifications; or
- (c) The product fails to meet federal or state health or safety standards, as set forth in the code of federal regulations or the Colorado code of regulations.

(6) In addition to the requirements set forth in subsections (1), (2), and (5) of this section, the procurement agent shall be authorized to purchase, when cost-efficient and economically feasible, equipment that results in the reduction of paper usage.

24-103-904. Purchasing preference for environmentally preferable products - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Environmentally preferable products" means products, including products that do not contain intentionally added PFAS chemicals, that have a lesser or reduced adverse effect on human health and the environment when compared with competing products that serve the same purpose. The product comparison may consider such factors as the availability of any raw materials used in the product being purchased and the availability, use, production, safe operation, maintenance, packaging, distribution, disposal, or recyclability of the product being purchased.

(b) "Intentionally added PFAS chemicals" has the meaning set forth in section 25-15-603 (12).

(2) All invitations for bids for products shall include language that describes the availability of the purchasing preference for environmental products. In connection with the purchase of products, a governmental body shall award the contract to a bidder who offers environmentally preferable products subject to the conditions specified in subsection (3) of this section unless the specifications used in the solicitation contain environmentally preferable product criteria. This preference does not apply to the purchase of services, including construction services.

(3) The preference specified in subsection (2) of this section shall apply only if all of the following conditions are met and selecting an environmentally preferable product would not otherwise be disadvantageous to the state upon consideration of these conditions, singly or in combination:

(a) The quality of the environmentally preferable products meets the specification of the bid.

(b) The environmentally preferable products are suitable for the use required by the purchasing entity.

(c) Any bidder able to offer environmentally preferable products is able to supply such products in sufficient quantity, as indicated in the invitation for bids.

(d) The bid price for environmentally preferable products does not exceed the lowest bid price for products that are not environmentally preferable by more than five percent.

(e) The head of the governmental body or other official charged by law with the duty to purchase products has made a determination that the governmental body is able to purchase the environmentally preferable products out of the governmental body's existing budget without any further supplemental or additional appropriation.

(4) If the bid price for environmentally preferable products exceeds the bid price for products that are not environmentally preferable by more than five percent, a governmental body may award the contract to a bidder who offers environmentally preferable products where the governmental body demonstrates, on the basis of assessments such as the costs of ownership and a life-cycle analysis, that long-term savings to the state will result from environmentally preferable purchasing in accordance with the requirements of this section. Nothing in this section shall require that a governmental body perform an analysis of the costs of ownership or a life-cycle analysis in connection with the purchase of any products.

(5) (a) Any bidder that seeks to qualify for the preference created by subsection (2) of this section shall provide documentation to the governmental body inviting the bid that the

products offered by the bidder are environmentally preferable. This requirement may be satisfied by submission of any of the following:

(I) A life-cycle analysis conducted on the applicable product that has been conducted in accordance with applicable standards as determined by the purchasing governmental body or by the international organization for standardization or any successor organization;

(II) A reference to an existing environmentally preferable product list maintained by a state or the federal government that contains the product; or

(III) A reference to a nationally recognized third-party certification entity that has certified the product as environmentally preferable on the basis of a valid life-cycle analysis. The governor's energy office or successor office shall maintain a list of certification entities.

(b) The governmental body may rely in good faith on any form of documentation that satisfies the requirement of subsection (5)(a) of this section.

(c) Notwithstanding any other provision of this section, if none of the forms of documentation specified in subsection (5)(a) of this section apply to the product being purchased, the requirements of this section shall not apply to the purchase of the product.

(6) In connection with any cost of ownership analysis or life-cycle analysis undertaken in connection with any purchase under this section of a product that involves the replacement of existing electrical, natural gas, or steam service, the cost analysis shall consider any stranded utility costs.

24-103-905. Service-disabled veteran-owned small businesses - state procurement preference - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Service-disabled veteran-owned small business" means a business that is:

(I) Incorporated or organized in the state or that is maintaining a place of business or office in the state; and

(II) Officially registered and verified as a service-disabled veteran-owned small business by the center for verification and evaluation within the United States department of veterans affairs.

(b) "State agency" means a principal department of the executive branch of state government as specified in section 24-1-110, including any division, office, agency, or other unit created within a principal department, including institutions of higher education and the Colorado commission on higher education; except that "state agency" does not include those entities that have elected to be exempt from the code pursuant to section 24-101-105 (1)(b).

(2) In awarding all contracts that are subject to this code, the state shall have the goal of awarding at least three percent of all such contracts, by dollar value, to service-disabled veteran-owned small businesses. To satisfy this goal, a state agency may grant a preference for service-disabled veteran-owned small businesses.

(3) When a state agency intends to award a contract to a business in furtherance of the three percent goal specified in subsection (2) of this section, the state agency shall, prior to awarding the contract, require the business to submit to the agency documentation from the United States department of veterans affairs that verifies that the business is a service-disabled veteran-owned small business.

(4) On or before September 30, 2015, and on or before September 30 each year thereafter, the executive director shall submit a report regarding the state's progress in satisfying the three percent goal established in this section to the department of military and veterans affairs, the members of the Colorado board of veterans affairs, and to the members of the committees of the house of representatives and the senate that have jurisdiction over state affairs and veterans affairs. The report shall include the following:

(a) The total number of contracts that all state agencies awarded to service-disabled veteran-owned small businesses in the prior fiscal year and the number of such contracts that each state agency awarded;

(b) The total dollar amount of contracts that all state agencies awarded to service-disabled veteran-owned small businesses in the prior fiscal year and the percentage that such dollar amount bears to the total dollar amount of contracts awarded by all state agencies in the prior fiscal year; and

(c) The total dollar amount of contracts that each state agency awarded to service-disabled veteran owned small businesses in the prior fiscal year and the percentage that such dollar amount bears to the total dollar amount of contracts awarded by the state agency in the prior fiscal year.

24-103-906. Bid preference - state contracts. (1) (a) Except as provided in subsection (1)(b) of this section and in section 24-103-907, when a contract for commodities or services is to be awarded to a bidder, a resident bidder shall be allowed a preference against a nonresident bidder equal to the preference given or required by the state in which the nonresident bidder is a resident.

(b) Notwithstanding subsection (1)(a) of this section, when an invitation for bids for a contract for the purchase of commodities results in a low tie bid, the provisions of section 24-103-902 apply.

(c) For the purposes of this subsection (1), "commodities" includes supplies as defined in section 24-101-301 (47).

(2) If it is determined by the procurement agent responsible for awarding the bid that compliance with this section may cause denial of federal moneys which would otherwise be available or would otherwise be inconsistent with requirements of federal law, this section shall be suspended, but only to the extent necessary to prevent denial of the moneys or to eliminate the inconsistency with federal requirements.

24-103-907. Preference for state agricultural products. (1) When purchasing agricultural products, a governmental body shall award the contract to a resident bidder who produces products in the state, subject to the conditions in subsection (2) of this section.

(2) The preference in subsection (1) of this section shall apply only if the following conditions are met:

(a) The quality of available products produced in the state is equal to the quality of products produced outside the state;

(b) Available products produced in the state are suitable for the use required by the purchasing entity;

(c) The resident bidder is able to supply products produced in the state in sufficient quantity, as indicated in the invitation for bids; and

(d) (I) The resident bidder's bid or quoted price for products produced in the state does not exceed the lowest bid or price quoted for products produced outside the state or the resident bidder's bid or quoted price reasonably exceeds the lowest bid or price quoted for products produced outside the state.

(II) For purposes of this subsection (2)(d), "reasonably exceeds" shall occur when the head of the governmental body, or other public officer charged by law with the duty to purchase such products, at his or her sole discretion, determines such higher bid to be reasonable and capable of being paid out of that governmental body's existing budget, without any further supplemental or additional appropriation.

(3) (a) For purposes of this section, an agricultural product is produced in the state if it is grown, raised, or processed in the state.

(b) A resident bidder that seeks to qualify for the preference created by subsection (1) of this section shall certify to the governmental body inviting the bid and provide documentation confirming that the resident bidder's agricultural product was produced in the state. The governmental body may rely in good faith on such certification and documentation.

24-103-908. Bid preferences - resident bidder - public projects - report - federal and state law - definitions. (1) As used in this section, unless the context otherwise requires, "public project" means:

(a) Any public project as defined in section 24-92-102 (8), including any such project awarded by any county, including any home rule county, municipality, as defined in section 31-1-101 (6), school district, special district, or other political subdivision of the state;

(b) Any publicly funded contract for construction entered into by a governmental body of the executive branch of this state which is subject to this code; and

(c) Any highway or bridge construction, whether undertaken by the department of transportation or by any political subdivision of this state, in which the expenditure of funds may be reasonably expected to exceed fifty thousand dollars.

(2) (a) When a construction contract for a public project is to be awarded to a bidder, a resident bidder shall be allowed a preference against a nonresident bidder from a state or foreign country equal to the preference given or required by the state or foreign country in which the nonresident bidder is a resident.

(b) If it is determined by the procurement agent responsible for awarding the bid that compliance with this section may cause denial of federal moneys which would otherwise be available or would otherwise be inconsistent with requirements of federal law, this section shall be suspended, but only to the extent necessary to prevent denial of the moneys or to eliminate the inconsistency with federal requirements.

(3) (a) The executive director of the department of personnel, or the executive director's designee, shall use a national registry of bidding preferences published by another state or national organization or shall conduct a survey and compile the results into a list of which states provide a bidding preference on public works contracts for their resident bidders. The list must include details on the type of preference provided by each state, the amount of the preference, and how the preference is applied. The executive director shall complete the initial list on or before July 1, 2014, shall update the list periodically as needed but at least on an annual basis, and shall make the list available to the public on the department's website.

(b) In any bidding process for public works in which a bid is received from a bidder who is not a resident bidder and who is from a state that provides a percentage bidding preference to resident bidders of that state, a comparable percentage disadvantage shall be applied to the bid of that bidder.

(c) Any request for proposals issued by a state agency or political subdivision of the state must include a notice to nonresident bidders that if the nonresident bidder is from a state that provides a bidding preference to bidders from that state, then a comparable percentage disadvantage will be applied to the bid of that nonresident bidder. The notice must also specify that the bidder may obtain additional information from the department of personnel's website.

(d) The executive director of the department of personnel may promulgate rules necessary for the implementation of this section. Such rules shall be promulgated in accordance with the "State Administrative Procedure Act", article 4 of this title 24.

(4) Nothing in this section applies to any project that receives federal moneys. In addition, nothing in this section contravenes any existing treaty, law, agreement, or regulation of the United States. Contracts entered into in accordance with any treaty, law, agreement, or regulation of the United States do not violate this section to the extent of that accordance. The requirements of this section are suspended if such requirement would contravene any treaty, law, agreement, or regulation of the United States, or would cause denial of federal moneys or preclude the ability to access federal moneys that would otherwise be available.

24-103-909. Bid preference - recycled plastic products. (1) When a contract is to be awarded pursuant to this code, a bidder who has used recycled plastics in the manufacture of the commodity or supplies described in the bid shall be allowed a preference of up to five percent for finished products which contain no less than ten percent recycled plastics.

(2) If it is determined by the procurement agent responsible for awarding a bid that compliance with this section may cause denial of federal moneys which would otherwise be available or would otherwise be inconsistent with requirements of federal law, this section shall be suspended, but only to the extent necessary to prevent denial of the moneys or to eliminate the inconsistency with federal requirements.

24-103-910. Use of foreign-produced goods - iron, steel, and related manufactured products - disclosure - report - definitions. (1) The contractor for any public works project that is funded by a state agency as defined in section 24-30-1301 (17) or by a state institution of higher education as defined in section 24-30-1301 (18), that does not receive any federal moneys, and that costs more than five hundred thousand dollars shall, upon completion of the project, make a good faith effort to disclose to the department of personnel the five most costly goods incorporated into the project, including iron, steel, or related manufactured goods; except that, for public projects under the supervision of the department of transportation, the contractor shall disclose such information to the department of transportation.

(2) (a) In the case of an iron or steel product, the product will be considered manufactured in the United States if all of the manufacturing processes for the final product take place in the United States.

(b) In the case of a manufactured good, a good will be considered manufactured in the United States if all of the manufacturing processes for the final product take place in the United States irrespective of the origin of the manufactured good's subcomponents.

(c) In order for a manufactured good to be considered subject to disclosure under this article 103, the product must be manufactured predominantly of steel or iron. The manufactured good is deemed a product manufactured predominantly of steel or iron if the product consists of more than fifty percent steel or iron content when it is delivered to the job site for installation.

(3) The disclosure must state the total cost and country of origin of the five most costly goods used on a project, including iron, steel, and related manufactured goods described pursuant to subsections (1) and (2) of this section. The contractor may rely on documents provided by third-party vendors when disclosing the country of origin of iron, steel, or related manufactured goods. In addition, the disclosure must state whether the public works project was

subject to any existing domestic content preference, including 41 U.S.C. secs. 8301 to 8305, 23 U.S.C. sec. 313, 49 U.S.C. sec. 5323, 49 U.S.C. sec. 24305, 49 U.S.C. sec. 24405, and 49 U.S.C. secs. 50101 to 50105. The contractor shall disclose the information in a manner to be determined by the department.

(4) The department shall issue an annual report detailing the information that contractors submitted to the department and to the department of transportation pursuant to subsections (1) to (3) of this section. The report must include aggregate data collected for the calendar year and analysis of the data broken down by product and public works project type. The report shall not publicly disclose any proprietary information provided by the contractor that is not subject to disclosure pursuant to the "Colorado Open Records Act", part 2 of article 72 of this title 24. The department shall make the report available to the public on the department's website.

(5) As used in this section, unless the context otherwise requires:

(a) "Country of origin" shall have the meaning ascribed to it under 19 U.S.C. sec. 1304 and 19 CFR 134.

(b) "Public works" shall have the same meaning as "public project" as defined in section 24-92-102 (8)(a).

(c) "United States" means the United States of America and includes all territory, continental or insular, subject to the jurisdiction of the United States.

(6) Nothing in this section applies to any project that receives federal moneys. In addition, nothing in this section contravenes any existing treaty, law, agreement, or regulation of the United States. Contracts entered into in accordance with any treaty, law, agreement, or regulation of the United States do not violate this section to the extent of that accordance. The requirements of this section are suspended if such requirements would contravene any treaty, law, agreement, or regulation of the United States, or would cause denial of federal moneys or preclude the ability to access federal moneys that would otherwise be available.

PART 10

PROCUREMENT DISPARITY STUDY

24-103-1001. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that:

(a) It is imperative and the public policy of Colorado that the state procurement process be free from bias so that all qualified persons and entities may compete for state business;

(b) A fair procurement process not only ensures justice and fairness in state contracting but will broaden the procurement contractor pool, which will result in efficiencies statewide and, as warranted, promote the growth of historically underutilized businesses, thereby creating jobs and stimulating the state's economy;

(c) Although studies establishing discrimination in procurement for certain industries or in certain localities have been conducted, a comprehensive analysis of state contracts awarded to historically underutilized businesses has not yet been commissioned;

(d) The United States supreme court has recognized that disparity studies are tools that seek to qualify and quantify past discrimination and recommend certain corrective measures as may be warranted by the study's findings;

(e) If any disparities exist, such a study is essential to the ultimate achievement of a marketplace in which historically underutilized businesses are not subject to discrimination and can obtain a fair market share of contract expenditures; and

(f) Therefore, it is the intent of the general assembly, consistent with the code's stated policies of ensuring the fair and equitable treatment of persons who deal with the procurement system and fostering effective broad-based competition within the free enterprise system, that an independent study be commissioned to:

(I) Determine the frequency with which state contracts are awarded to historically underutilized businesses and the monetary amounts of such awards, compared to the frequency and size of contracts awarded to other businesses; and

(II) To the extent that the study establishes that disparities attributable to past or present discrimination exist or inhere in the state procurement process, to recommend remedial measures to address the effects of that discrimination.

24-103-1002. Definitions. As used in this part 10, unless the context otherwise requires:

(1) "Contract" has the same meaning as set forth in section 24-101-301 (9) and includes public-private partnerships and other agreements for public-private financing.

(2) "Contractor" means any person who is a party to a contract.

(3) "Historically underutilized business" means a business:

(a) That is at least fifty-one percent owned by one or more individuals who are:

(I) United States citizens or permanent resident aliens; and

(II) One or more of the following:

(A) Members of a racial or ethnic minority group;

(B) Non-Hispanic Caucasian women;

(C) Persons with physical or mental disabilities; or

- (D) Members of the lesbian, gay, bisexual, and transgender community; and
- (b) For which the minority ownership controls both the management and day-to-day business decisions.
- (4) "Persons with physical or mental disabilities" means persons who:
 - (a) Have impairments that substantially limit one or more major life activities;
 - (b) Are regarded generally by the community as having a disability; and
 - (c) Whose disabilities substantially limit their abilities to engage in competitive business.
- (5) "Racial or ethnic minority group" means:
 - (a) African American persons, meaning individuals having origins in any of the black racial groups;
 - (b) Hispanic American persons, including persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
 - (c) Asian American persons, including persons whose origins are from Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Samoa, the United States territories of the Pacific, or the Northern Mariana Islands; or persons whose origins are from subcontinent Asia, including persons whose origins are from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, or Nepal; or
 - (d) Native American persons, including persons who are American Indians, Eskimos, Aleuts, or Hawaiians of Polynesian descent.
- (6) "Subcontractor" means any person who is a party to a contract with a contractor.

24-103-1003. Disparity study - report. (1) (a) The executive director shall commission a state disparity study regarding the participation of historically underutilized businesses in state contracts entered into by all principal departments of the executive branch of state government as specified in section 24-1-110, including any division, office, agency, or other unit created within a principal department and including institutions of higher education and the Colorado commission on higher education; except that the study shall not include those entities that have elected to be exempt from the code pursuant to section 24-101-105 (1)(b). The study shall include state contracts entered into during the 2014-15, 2015-16, 2016-17, and 2017-18 state fiscal years.

(b) (I) The study must be conducted, and a final report prepared, by an entity independent of the department that is selected in response to a request for proposal issued in accordance with this code.

(II) The entities subject to the study pursuant to subsection (1)(a) of this section shall cooperate fully with the independent contractor engaged to conduct the study.

(c) The study and final report setting forth the study's methodologies, findings, and recommendations must be provided by December 1, 2020, to:

(I) The members of the general assembly; and

(II) The executive director, who shall transmit a copy of the disparity study final report produced pursuant to this section to the director of the minority business office created in section 24-49.5-102, which shall post the report on that office's official website.

(d) The executive director or the executive director's designee shall include the findings and recommendations from the final report required by subsection (1)(c) of this section in its

report to the applicable house and senate committees of reference required by the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act", part 2 of article 7 of title 2.

(2) (a) The purposes of the disparity study undertaken pursuant to this section are:

(I) To determine whether there is a disparity between the number of qualified historically underutilized businesses that are ready, willing, and able to perform state contracts for goods and services, and the number of such contractors actually engaged to perform such contracts, which information must be ascertained by evaluating the prime contracts and subcontracts awarded in the following industries:

(A) Construction, including new construction, remodeling, renovation, maintenance, demolition and repair of any public structure or building, pipeline construction, and other public improvements;

(B) Architecture and engineering, including construction management, landscape architecture, planning, surveying, mapping services, and design, build, and construction services;

(C) Professional services, including legal services, accounting, information technology services, medical services, technical services, research planning, and consulting services;

(D) Brokerage and investment, including banking, asset management, state retirement, and pension services; and

(E) Goods and services that may be provided or performed without professional licensure or special education or training, including, but not limited to, goods and services relating to materials, supplies, equipment, maintenance, personnel, pharmaceuticals, and food;

(II) To determine whether, of the total amount spent on state contracts in a fiscal year, there is a disparity between the percentage of spending attributable to contracts awarded to qualified historically underutilized businesses and the percentage of state contracts that were awarded to historically underutilized businesses in that fiscal year; and

(III) To determine what changes, if any, should be made to state policies affecting historically underutilized businesses.

(b) The disparity study must specifically include the following analyses, both for the historically underutilized businesses as a group and for each subgroup, as set forth in section 24-103-1002 (3)(a)(II):

(I) A prime contractor utilization analysis that presents the distribution of prime contracts by industry;

(II) A subcontractor utilization analysis that presents the distribution of subcontracts by the industries described in subsection (2)(a)(I) of this section;

(III) A market area analysis that presents the legal basis for the geographical market area determination and defines the state's market area;

(IV) A prime contractor and subcontractor availability analysis that presents the distribution of available businesses in the state's market area;

(V) A prime contractor disparity analysis that presents prime contractor utilization compared to prime contractor availability by industry and determines whether the comparison is statistically significant;

(VI) A subcontractor disparity analysis that presents subcontractor utilization compared to subcontractor availability by industry and determines whether the comparison is statistically significant;

(VII) A qualitative analysis that presents the business community's experiences and perceptions of barriers encountered in contracting or attempting to contract with the state; and

(VIII) Recommendations regarding best management practices and ways to enhance Colorado's contracting and procurement activities with historically underutilized businesses.

(c) (I) Any conclusion that discrimination-related disparity exists between the availability and utilization of historically underutilized businesses must be supported by statistical evidence and may be supplemented or supported by anecdotal evidence.

(II) If the analysis supports a finding that such disparity exists, the report must include recommendations to address the disparity, including any statutory changes likely to cure, mitigate, or redress such disparity. Any proposed remedial measures must be tailored to address documented statistical disparities in procurement policies.

(3) The general assembly may annually appropriate to the department of personnel such amount as it deems appropriate for the purposes specified in this part 10. Any unexpended and unencumbered money from an appropriation made for the purposes of this part 10 remains available for expenditure by the department for the purposes of this part 10 in the next fiscal year without further appropriation.

24-103-1004. Requests for information - disparity study. The executive director or the entity that the executive director commissions to conduct a disparity study pursuant to section 24-103-1003 may request information in furtherance of the disparity study from each entity that is subject to the study, including each principle department of the executive branch of state government as specified in section 24-1-110, including any division, office, agency, or other unit created within a principle department, and including institutions of higher education and the Colorado commission on higher education; except that such requests may not be made of entities that have elected to be exempt from the code pursuant to section 24-101-105 (1)(b). Each entity that is subject to the disparity study shall respond to any such request for information in furtherance of the disparity study as soon as practicable after receiving the request.

PART 11

REMEDATION OF STATE PROCUREMENT DISPARITIES THAT AFFECT HISTORICALLY UNDERUTILIZED BUSINESSES

24-103-1101. Short title. The short title of this part 11 is the "State Procurement Disparities Remediation Act".

Source: L. 2022: Entire part added, (SB 22-163), ch. 433, p. 3046, § 1, effective June 8.

24-103-1102. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that:

(a) When it enacted Senate Bill 19-135 in 2019, it found, determined and declared, in section 24-103-1001, the importance of ensuring an equitable state procurement process;

(b) As required by Senate Bill 19-135, the department contracted with an entity independent of the department to conduct a state disparity study regarding the participation of historically underutilized businesses, which included a review of minority-owned businesses, women-owned businesses, businesses owned by persons with disabilities, and businesses owned by members of the lesbian, gay, bisexual, and transgender community, in state contracts entered into by any department, agency, or institution of the executive branch of state government;

(c) The state disparity study examined whether a disparity exists between the percentage of state contract dollars going to historically underutilized businesses and the percentage that might be expected to go to those businesses based on the relative number of those businesses that are ready, willing, and able to perform different types, sizes, and locations of state contracts;

(d) The independent entity completed the required state disparity study and issued the "2020 state of Colorado disparity study final report" in November 2020, which found that:

(I) Minority-owned and women-owned businesses received about eight percent of state contract dollars, below the twenty-eight percent expected from the availability analysis;

(II) Utilization of firms owned by persons with disabilities was less than one percent of contract dollars, below the twelve percent expected from the availability analysis;

(III) A very small percentage of contract dollars went to businesses certified as being owned by members of the lesbian, gay, bisexual, and transgender community (LGBT-certified businesses), but because a very small number of businesses in the availability analysis were LGBT-certified businesses, that utilization is comparable to the availability benchmark for LGBT-certified businesses;

(IV) There was a substantial disparity between utilization and availability for firms owned by African American persons, Hispanic American persons, Native American persons, white women, and persons with disabilities for state construction, construction-related professional services, other professional services, goods and other services contracts;

(V) There was a substantial disparity for businesses owned by Asian-American persons for other professional services contracts; and

(VI) For state brokerage and investment contracts, there were substantial disparities between utilization and availability of businesses owned by African American persons, Hispanic American persons, Native American persons, and white women;

(e) As detailed in the state disparity study report, the results of the study indicate that disparities between availability of historically underutilized businesses and utilization of such businesses exists in state contracting;

(f) Although the state is already endeavoring to help small businesses obtain state contracts, it is doing so with limited tools and resources;

(g) The disparities identified in the state disparity report are likely to persist unless further action is taken; and

(h) The state disparity study report recommended that the general assembly consider enacting legislation to authorize and fund a procurement equity program to address the specific disparities shown in the state disparity study report for historically underutilized businesses based on industry and business ownership.

24-103-1103. Definitions. As used in this part 11, unless the context otherwise requires:

(1) "Construction-related professional services" means services with architecture and engineering, surveying, real estate consulting, and related work.

(2) "Disparity" means an inequality, difference, or gap between an actual outcome and a reference point or benchmark.

(3) "Disparity index" means a measure of the relative difference between an outcome, such as percentage of contract dollars received by a group, and a corresponding benchmark, such as the percentage of contract dollars that might be expected given the relative availability of that group for those contracts. In this example, disparity index is calculated by dividing a numerator of percent utilization by a denominator of percent availability and then multiplying the result by 100. A disparity index of 100 indicates "parity" or utilization "on par" with availability. Disparity index figures closer to 0 indicate larger disparities between utilization and availability.

(4) "Historically underutilized business" means an entity:

(a) That is a business, for-profit corporation, sole proprietorship, partnership, or joint venture that is more than fifty percent owned by one or more individuals who are:

(I) United States citizens or permanent resident aliens; and

(II) One or more of the following:

(A) Members of a racial or ethnic minority group; except that a business owned by Asian American persons is a historically underutilized business only with respect to state procurement for "other professional services contracts", as that term is defined in the state disparity study;

(B) Non-Hispanic Caucasian women; or

(C) Persons with disabilities; and

(b) For which the minority ownership controls both the management and day-to-day business decisions.

(5) "Industry" means businesses within one of the following economic sectors:

(a) Construction;

(b) Construction-related professional services;

(c) Brokerage and investment;

(d) Other professional services; and

(e) Goods and other services.

(6) "Minority business office" means the minority business office created in section 24-49.5-102.

(7) "Office" means the office of economic development created in section 24-48.5-101 (1).

(8) "Persons with disabilities" means persons who:

(a) Have physical or mental impairments, or both, that substantially limit one or more major life activities;

(b) Are regarded generally by the community as having a disability; and

(c) Whose disabilities substantially limit their abilities to engage in competitive business.

(9) "Prime contract" means a contract between the state and a business.

(10) "Prime contractor" means a construction business that performs a prime contract for the state.

(11) "Procurement technical assistance center" means the entity through which a procurement technical assistance program is provided.

(12) "Procurement technical assistance program" has the same meaning as set forth in section 24-48.5-121 (2)(d).

(13) "Professional services" means types of work in the service sector requiring special training. Some professional services such as accounting and law, require holding professional licenses.

(14) "Program" means the state procurement equity program established in section 24-103-1104 (1).

(15) "Racial or ethnic minority group" means individuals who belong to one or more racial or ethnic groups identified in 49 CFR Section 26.5:

(a) African American persons, including persons having origins in any of the black racial groups of Africa;

(b) Hispanic American persons, including persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;

(c) Asian American persons, including persons whose origins are from Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Samoa, the United States territories of the Pacific, or the Northern Mariana Islands; or persons whose origins are from subcontinent Asia, including persons whose origins are from India, Pakistan, Bangladesh, Sri Lanka, Bhutan, or Nepal; or

(d) Native American persons, including persons who are American Indians, Eskimos, Aleuts, or Hawaiians of Polynesian descent.

(16) "Remedial measure" means an action designed to address barriers to full participation of a targeted group.

(17) "Small business" means a business that qualifies as a small business pursuant to 13 CFR 121.

(18) "Small business development center" has the same meaning as set forth in section 24-48.5-121 (2)(f).

(19) "Solicitation assistance" means the provision of real-time responses to questions asked by potential contractors who seek guidance as to how best to respond to solicitations for state contracts, including guidance regarding availability of opportunities, interpretation of solicitation documents, and solicitation response procedures and best practices. "Solicitation assistance" does not include guidance specific to a particular solicitation for a state contract that could reasonably be expected to provide an unfair advantage to the potential contractor over other potential contractors responding to the solicitation.

(20) "State disparity study" or "study" means the study regarding the participation of historically underutilized businesses in state contracts entered into by all principal departments of state government that was commissioned by the executive director as required by section 24-103-1003.

(21) "State disparity study report" or "report" means the "2020 State of Colorado Disparity Study Final Report" published in November 2020.

(22) "Subcontractor" means any person who is a party to an agreement with a prime contractor for the purpose of performing a portion of the work that the prime contractor is obliged to perform or have performed under a contract.

(23) "Substantial disparity" means a disparity where the disparity index is less than 80, which can indicate evidence of discrimination affecting the outcome.

(24) "Utilization" means the percentage of total contract dollars of a particular type of work going to a specific group of businesses.

(25) "Women-owned business" or "WBE" means a business that is at least fifty-one percent owned and controlled by one or more individuals that are non-minority women.

24-103-1104. State procurement equity program - established - goal - preliminary implementation maximization of contracting opportunities - expansion of historically underutilized business registry - real-time solicitation assistance help desk - bond assistance program - cash fund - report. (1) (a) The state procurement equity program is established in the department. The department, in accordance with its existing state procurement related duties of promulgating state contracting fiscal rules and providing procurement related guidance and management, including contract forms and the contract management system, to most state executive branch agencies, shall act to ensure the expeditious development and full implementation of the program as required by this part 11. The department shall act in consultation with, to the extent required by this part 11 or as otherwise deemed necessary or advisable by the department, the office, the procurement technical assistance center, the small business development center, the minority business office, the department of transportation, and other persons or entities that have expertise or interest in procurement generally or in state procurement equity.

(b) The goal of the program is to reduce disparities identified in the state disparity study report between the availability of historically underutilized businesses and the utilization of such businesses in state procurement.

(2) As implementation of the program, the department shall:

(a) Provide, at all times during regular state business hours, solicitation assistance through a help desk. The department shall track usage of solicitation assistance and, to the extent feasible, follow up with recipients of solicitation assistance to determine and track the extent to which they have succeeded in being awarded state contracts. The department shall also continuously monitor usage of the solicitation assistance help desk to determine whether the amount of human and financial resources dedicated to the provision of solicitation assistance is optimal to meet demand while stewarding state resources.

(b) (I) Create a bond assistance program to help historically underutilized businesses that are small businesses to offset all or a portion of the cost of obtaining a surety bond that is required for a solicitation for a state procurement opportunity.

(II) The bond assistance program cash fund is hereby created in the state treasury. The fund consists of general fund money transferred to the fund as required by subsection (2)(b)(III) of this section and any other money that the general assembly may appropriate or transfer to the fund. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund. Money in the fund is continuously appropriated to the department for the implementation of the bond assistance program.

(III) On July 1, 2022, the state treasurer shall transfer two million dollars from the general fund to the bond assistance program cash fund.

(c) Carefully consider all of the recommendations in the state disparity study report that are not required to be implemented pursuant to subsections (2)(a) to (2)(c) of this section to

determine whether, using only existing resources, it can implement or make meaningful progress towards implementing any of the recommendations. If the department determines that it can implement or make meaningful progress towards implementing any such recommendation using only existing resources, it shall do so.

(3) The department shall report to the general assembly regarding its preliminary implementation of the program during the department's January 2025 departmental presentation to legislative committees of reference required by section 2-7-203 (2)(a).

Source: L. 2022: Entire part added, (SB 22-163), ch. 433, p. 3051, § 1, effective June 8.

24-103-1105. State procurement equity program implementation - stakeholder group - recommendations - report - legislative declaration. (1) The general assembly hereby finds, determines, and declares that:

(a) The state seeks recommendations from state procurement stakeholders, as convened pursuant to subsection (2) of this section for the implementation of remedial measures, including remedial measures using procurement equity tools, and quantification of the amount of additional funding and personnel required to both implement specific remedial measures and fully implement the program; and

(b) To support the intent of the general assembly in enacting this part 11, the remediation of disparities in state procurement, through thoughtful, efficient, and effective implementation of the program that takes into account the professional expertise and lived experience of state procurement stakeholders as convened pursuant to subsection (2) of this section, it is necessary, appropriate, and in the best interest of the state to require the department to convene, contract with a facilitator to facilitate discussion among, engage in consultation with, and strongly consider the formal policy recommendations of a stakeholder group that may be comprised, to the extent practicable, of representatives of historically underutilized businesses and small businesses, governmental entities, federal and local organizations that provide procurement technical assistance or outreach to historically underutilized businesses and small businesses, and such other persons with relevant professional experience, including government procurement and government contracting experience as the department deems appropriate.

(2) The department shall convene, contract with a facilitator to facilitate discussion among, and engage in consultation with a stakeholder group, which, to the extent practicable may consist of:

(a) The following state government employees:

(I) An employee of the department who has extensive experience and expertise in state procurement;

(II) An employee of the office who has been involved in the office's administration of or is otherwise knowledgeable about the procurement technical assistance program, the small business COVID-19 grant program created in section 24-48.5-126, or the COVID-19 relief for disproportionately impacted businesses program created in section 24-48.5-127;

(III) An employee of the minority business office; and

(IV) An employee of the department of transportation who has significant experience and expertise regarding the department of transportation's civil rights programs that establish, administer, and enforce the department of transportation's diversity, equity, and inclusion requirements for engineers, contractors, consultants, local agencies, and transit providers;

(b) An employee of the city and county of Denver's division of small business opportunity who has significant experience and expertise regarding the programs and operation of the division;

(c) An employee of the procurement technical assistance center;

(d) An owner or high-level employee of each of the following types of historically underutilized businesses:

(I) A business owned by one or more women;

(II) A business owned by one or more African American persons;

(III) A business owned by one or more Asian American persons;

(IV) A business owned by one or more Hispanic American persons;

(V) A business owned by one or more Native American persons; and

(VI) A business owned by one or more persons with disabilities;

(e) To the extent practicable, an owner or high-level employee of each of the following types of businesses that are not historically underutilized businesses and that have competed for or been awarded state contracts:

(I) A small business;

(II) A business that is not a small business but that has fewer than five hundred employees and a demonstrable record of successful engagement and contracting with small businesses;

(III) A business that has more than five hundred employees and a demonstrable record of successful engagement and contracting with small businesses; and

(IV) With consideration for the volume of construction contracts awarded annually by the state, a representative of the associated general contractors; and

(f) Any other individuals who have a demonstrable commitment to furthering equity in government procurement and substantial knowledge of procurement equity best practices who the department deems necessary or appropriate to include in the stakeholder group.

(3) The stakeholder group convened as required by subsection (2) of this section shall:

(a) Closely examine the findings, conclusions, and recommendations in the state disparity study report;

(b) Using the information in the state disparity study report as a baseline for studying procurement equity programs in other states and at the federal and large local government level, identify best practices for successful procurement equity program implementation and administration; and

(c) No later than November 1, 2023, present to the department a report of specific findings, remedial measures, and recommendations that includes, at a minimum:

(I) Prioritization of the recommendations outlined in the state disparity study report. The prioritization may include written explanations of recommendations that specify whether recommendations in the report will be implemented and the remedial measures that will be taken to support program implementation in a manner that is sufficiently comprehensive to meet the state's goal of reducing disparities between the availability of historically underutilized businesses and their utilization in state procurement and increasing such utilization.

(II) Confirmation or refutation of the disparity study report finding of no substantial disparity between available and utilized lesbian, gay, bisexual, and transgender businesses;

(III) Confirmation or refutation of the disparity study report finding of no substantial disparity between availability and utilization of businesses owned by Asian American persons

for construction, construction-related professional services, goods and other services contracts, brokerage, and investment;

(IV) A preliminary estimate of the amount of initial and ongoing funding, personnel, information technology resources, and other resources needed to implement the policy recommendations and remedial measures in accordance with subsection (3)(b) of this section;

(V) A step-by-step timeline for full implementation of the program;

(VI) Suggested methodologies and metrics for monitoring and evaluating the success of the program and ensuring program accountability; and

(VII) Identification of any public or private sources of funding or other resources that may be available to expedite the implementation or ongoing administration of the program and reduce costs to the state.

(4) The department shall report on the progress and policy recommendations and any suggested remedial measures of the stakeholder group, the preliminary plans, recommendations, and remedial measures that the department has taken regarding the full implementation of the program, and any recommendations that the department has regarding the need for related legislation during its January 2025 annual presentation to legislative oversight committees required by section 2-7-203 (2)(a). In preparation for the presentation, the department shall give strong consideration to the policy recommendations report provided by the stakeholder group as required by subsection (3)(c) of this section.

Construction Contracts

PART 1

MANAGEMENT OF CONSTRUCTION CONTRACTING

24-105-101. Responsibility for selection of methods of construction contracting management. The executive director may promulgate rules providing for as many alternative methods of construction contracting management as he or she may determine to be feasible. These rules may set forth criteria to be used in determining which method of construction contracting management is to be used for a particular project, grant to the head of a division within the department or the procurement official who is responsible for carrying out the construction project the discretion to select the appropriate method of construction contracting management for a particular project, and require the procurement agent to execute and include in the contract file a written statement setting forth the facts which led to the selection of a particular method of construction contracting management for each project.

PART 2

BONDS

24-105-201. Bid security. (1) Bid security shall be required for all invitations for bids for construction contracts when the price is estimated by the procurement agent to exceed fifty thousand dollars. Bid security shall be a bond provided by a surety company authorized to do business in this state, the equivalent in cash, or otherwise supplied in a form satisfactory to the state. Nothing in this subsection (1) prevents the requirement of such bonds on construction contracts under fifty thousand dollars.

(2) Bid security shall be in an amount equal to at least five percent of the amount of the bid.

(3) When the invitation for bids requires security, noncompliance requires that the bid be rejected as nonresponsive.

(4) After the bids are opened, they shall be irrevocable for the period specified in the invitation for bids, except as provided in section 24-103-202 (6). If a bidder is permitted to withdraw his bid before award, no action shall be had against the bidder or the bid security.

24-105-202. Contract performance and payment bonds - applicability. (1) When a construction contract is awarded in excess of one hundred fifty thousand dollars, the following bonds or security shall be delivered to the state and shall become binding on the parties upon the execution of the contract:

(a) A performance bond satisfactory to the state, executed by a surety company authorized to do business in this state or otherwise secured in a manner satisfactory to the state, in an amount equal to fifty percent of the price specified in the contract; and

(b) A payment bond satisfactory to the state, executed by a surety company authorized to do business in this state or otherwise secured in a manner satisfactory to the state, for the protection of all persons supplying labor and material to the contractor or its subcontractors for the performance of the work provided for in the contract. The bond shall be in an amount equal to fifty percent of the price specified in the contract.

(2) Nothing in this section shall be construed to limit the authority of the state to require a performance bond or other security in addition to those bonds or in circumstances other than those specified in subsection (1) of this section.

(3) Suits on payment bonds and labor and payment bonds shall be brought in accordance with sections 38-26-105 to 38-26-107, C.R.S.

(4) This section applies to all construction contracts awarded to a private entity for construction that is situated or located on publicly owned property using any public or private money or public or private financing.

PART 3

CONSTRUCTION CONTRACT CLAUSES AND FISCAL RESPONSIBILITY

24-105-301. Contract clauses and their administration. (1) The executive director may promulgate rules requiring the inclusion in state construction contracts of clauses providing for adjustments in prices, time of performance, and other appropriate contract provisions affected by and covering the following subjects:

(a) The unilateral right of the state to order in writing changes in the work within the scope of the contract and changes in the time of performance of the contract that do not alter the scope of the contract work;

(b) Variations occurring between estimated quantities of work on a contract and actual quantities;

(c) Suspension of work ordered by the state; and

(d) Site conditions differing from those indicated in the contract or ordinarily encountered; except that differing site condition clauses required by the rules need not be included in a contract when the contract is negotiated or when the contractor provides the site or design.

(2) (a) Adjustments in price shall be computed in one or more of the following ways:

(I) By agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;

(II) By unit prices specified in the contract or subsequently agreed upon;

(III) By the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as specified in the contract or subsequently agreed upon;

(IV) In such other manner as the contracting parties may mutually agree; or

(V) In the absence of agreement by the parties, by a unilateral determination by the state of the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as computed by the state pursuant to the applicable sections of any rules issued under section 24-106-108, and subject to the provisions of article 109 of this title 24.

(b) A contractor shall be required to submit cost or pricing data if any adjustment in contract price is subject to the provisions of section 24-103-403.

(3) The executive director shall promulgate rules requiring the inclusion in state construction contracts of clauses providing for appropriate remedies and covering the following subjects:

(a) Liquidated damages as appropriate;

(b) Specified excuses for delay or nonperformance;

(c) Termination of the contract for default; and

(d) Termination of the contract in whole or in part for the convenience of the state.

(4) The contract clauses promulgated under this section may be set forth in rules; except that such rules shall be consistent with section 24-91-103.5 (1) and (2) and section 24-30-1303 (1)(s)(IV).

Source: **L. 81:** Entire article added, p. 1274, § 1, effective January 1, 1982. **L. 89:** (4) amended, p. 1143, § 3, effective April 10. **L. 2017:** IP(1), (2)(a)(V), and (4) amended, (HB 17-1051), ch. 99, p. 330, § 35, effective August 9.

24-105-302. Fiscal responsibility. Every contract modification or contract price adjustment under a construction contract with the state in excess of an amount specified in the contract shall be subject to prior written certification by the controller or other official responsible for monitoring and reporting upon the status of the costs of the total project or contract budget as to the effect of the contract modification or adjustment in contract price on the total project or contract budget. In the event that the certification of the controller or other responsible official discloses a resulting increase in the total project or contract budget, the procurement agent shall not execute or make such contract modification or adjustment in contract price unless sufficient funds are available therefor or the scope of the project or contract is adjusted so as to permit the degree of completion that is feasible within the total project or contract budget as it existed prior to the contract modification or adjustment in contract price under consideration; except that, with respect to the validity of any executed contract modification or adjustment in contract price which the contractor has reasonably relied upon, it shall be presumed that there has been compliance with the provisions of this section.

ARTICLE 106

Modification and Termination of Contracts

24-106-101. Contract clauses - price adjustments - additional clauses - modification.

(1) The executive director may promulgate rules permitting or requiring the inclusion of clauses providing for adjustments in prices, time of performance, or other appropriate clauses covering the following:

(a) The unilateral right of the state to order, in writing, changes in the work within the scope of the contract and temporary stopping of work or delaying of performance; and

(b) Variations occurring between estimated quantities of work in a contract and actual quantities.

(2) (a) Adjustments in price pursuant to clauses promulgated under subsection (1) of this section shall be computed in one or more of the following ways:

(I) By agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;

(II) By unit prices specified in the contract or subsequently agreed upon;

(III) By the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as specified in the contract or subsequently agreed upon;

(IV) In such other manner as the contracting parties may mutually agree; or

(V) In the absence of agreement by the parties, by a unilateral determination by the state of the costs attributable to the events or situations under such clauses with adjustment of profit or fee, all as computed by the state in accordance with applicable sections of the rules promulgated under article 107 of this title and subject to the provisions of article 109 of this title.

(b) A contractor shall be required to submit cost or pricing data if any adjustment in contract price is subject to the provisions of section 24-103-403.

(3) The executive director may promulgate rules including, but not limited to, rules permitting or requiring the inclusion in state contracts of clauses providing for appropriate remedies and covering the following subjects:

(a) Liquidated damages as appropriate;

(b) Specified excuses for delay or nonperformance;

(c) Termination of the contract for default; and

(d) Termination of the contract in whole or in part for the public interest of the state.

(4) Any contract clauses promulgated under this section may be set forth in rules; except that such rules shall be consistent with section 24-91-103.5 (1) and (2). However, the executive director or the procurement official may vary the clauses for inclusion in any particular state contract so long as any variations are supported by a written determination that describes the circumstances justifying such variations and notice of any material variation is stated in the invitation for bids or request for proposals. No variation that is inconsistent with section 24-91-103.5 (1) and (2) shall be made pursuant to this subsection (4).

24-106-103. Centralized contract management system - personal services contracts - legislative declaration - definitions. (1) (a) The general assembly hereby finds and declares that by enacting this section the general assembly intends to centralize the location of information about personal services contracts and provide for legislative, executive, and public access to all personal services contracts entered into by any governmental body.

(b) For purposes of this section, "governmental body" shall have the same meaning as set forth in section 24-101-301 (18); except that, for purposes of this section, "governmental body" shall also include elected officials.

(2) This section shall apply to any personal services contract to which the state is a party the value of which exceeds one hundred thousand dollars with the exception of any contract to which the state is a party under medicare, the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, the "Children's Basic Health Plan Act", article 8 of title 25.5, or the "Colorado Indigent Care Program", part 1 of article 3 of title 25.5.

(3) (a) On or before June 30, 2009, the department shall implement and maintain a centralized contract management system for the purpose of monitoring all personal services contracts entered into by a governmental body that are subject to the requirements of this section. With respect to each contract entered into by a governmental body, information contained in the system shall include, without limitation, the following:

(I) The governmental body that entered into the personal services contract;

(II) The persons or entities with which the governmental body is contracting;

(III) The purpose of the personal services contract;

(IV) The effective dates, expiration dates, and any renewal periods of the personal services contract;

(V) The vendor selection method upon which the personal services contract was awarded, whether competitively procured, awarded on a sole-source basis, or otherwise. Where the contract has been awarded on a sole-source basis, the governmental body shall certify that the governmental body has followed the requirements of subsection (5) of this section.

(VI) The total amount of the personal services contract and any amendments to the contract;

(VII) Whether any services under the personal services contract, or any subcontracts to the contract that directly relate to the services provided under the contract, are anticipated to be performed outside the United States or the state as disclosed in the statement of work pursuant to

section 24-102-206 and the vendor's justification for obtaining services outside the United States or the state in accordance with the requirements of section 24-102-206; and

(VIII) Upon completion of the personal services contract, the extent as disclosed by the vendor to which any services under the contract, or any subcontracts to the contract that directly relate to the services provided under the contract, were performed outside the United States or the state.

(b) Each governmental body shall be responsible for gathering relevant information for inclusion in the centralized contract management system in accordance with the requirements of subsection (3)(a) of this section.

(c) The centralized contract management system required to be maintained by the department pursuant to subsection (3)(a) of this section shall be a publicly available database of all personal services contracts entered into by any governmental body, accessible from the website maintained by the state. Information concerning contracts contained in the database and accessible on the website shall be searchable by criteria enumerated in subparagraphs (I) to (VIII) of subsection (3)(a) of this section. Information in the database shall be either presented in plain and nontechnical language or by means of key terms that are clearly and easily defined.

(d) Any new personal services contracts subject to the requirements of this section shall be added to the centralized contract management system maintained by the department pursuant to subsection (3)(a) of this section not more than thirty days after the execution of the contract.

(4) The centralized contract management system required to be maintained by the department pursuant to subsection (3)(a) of this section shall include information concerning personal services expenditures by the governmental body and types of services. The types of services that may be designated shall include, without limitation, professional technical, nonprofessional support, purchased services, architectural, engineering and construction trades, and professional equipment repair.

(5) Prior to entering into a sole-source personal services contract, the governmental body shall attempt to identify competing vendors by placing a notice on the state's electronic procurement system for not less than three business days. If the governmental body receives any responses to the notice from qualified and responsible vendors that are able to meet the specifications identified in the notice and that are not otherwise prohibited from bidding on the contract, the sole-source selection method shall not be used.

24-106-104. Types of contracts. Subject to the limitations of this section, any type of contract which will promote the best interests of the state may be used; except that the use of a cost-plus-a-percentage-of-cost contract is prohibited. A contingency-based contract may be used only upon approval by the governor's office of state planning and budgeting pursuant to section 24-17-204. A cost-reimbursement contract may be used only when a determination is made in writing that such contract is likely to be less costly to the state than any other type of contract or

that it is impracticable to obtain the supplies, services, or construction required unless the cost-reimbursement contract is used.

24-106-105. Multiyear contracts. (1) Unless otherwise provided by law, a contract for supplies or services may be entered into for any period of time deemed to be in the best interests of the state if the term of the contract and conditions of renewal or extension, if any, are included in the solicitation and if funds are available for the first year at the time of contracting. If the chief procurement officer determines that extenuating circumstances exist and an extension of the contract beyond the term included in the solicitation is in the best interest of the governmental body, then the chief procurement officer may approve a longer term for a reasonable time based on what is practicable and necessary given the circumstances. The state shall initiate the renewal or extension of a contract for supplies or services. Payment and performance obligations for succeeding fiscal years shall be subject to the availability and appropriation of funds therefor.

(2) Prior to the utilization of a multiyear contract, it shall be determined in writing:

(a) That estimated requirements cover the period of the contract and are reasonably firm and continuing; and

(b) That such a contract will serve the best interests of the state by encouraging effective competition or otherwise promoting economies in state procurement.

(3) When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal year, the contract shall be canceled, and the contractor may be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the supplies or services delivered under the contract.

24-106-106. Right to audit records. The state shall be entitled to audit the books and records of any contractor or subcontractor under any negotiated contract or subcontract to the extent that the books and records relate to the performance of a state contract or subcontract, if the state is able, in conducting any such audit, to maintain the confidentiality of any information contained in the books and records that is deemed proprietary as determined by the state. Such books and records shall be maintained by the contractor for a period of six years after the date of final payment under the prime contract and by the subcontractor for a period of six years after

the date of final payment under the subcontract, unless a shorter period is otherwise authorized in writing.

24-106-107. Monitoring of vendor performance - definitions. (1) For purposes of this section, "governmental body" has the same meaning as set forth in section 24-101-301 (18); except that, for purposes of this section, "governmental body" shall also include elected officials.

(2) Each personal services contract entered into pursuant to this code with a value of one hundred thousand dollars or more shall contain:

(a) Performance measures and standards developed specifically for the contract by the governmental body administering the contract. The performance measures and standards shall be negotiated by the governmental body and the vendor prior to execution of the contract and shall be incorporated into the contract. The measures and standards shall be used by the governmental body to evaluate the performance of the vendor under the contract.

(b) An accountability section that requires the vendor to report regularly on achievement of the performance measures and standards specified in the contract and that allows the governmental body to withhold payment until successful completion of all or part of the contract and the achievement of established performance standards. The accountability section shall include a requirement that payment by the governmental body to the vendor shall be made without delay upon successful completion of all or any part of the contract in accordance with the payment schedule specified in the contract or as otherwise agreed upon by the parties.

(c) Monitoring requirements that specify how the governmental body will evaluate the vendor's performance, including progress reports, site visits, inspections, and reviews of performance data. The governmental body shall use one or more monitoring processes to ensure that the results, objectives, and obligations of the contract are met.

(d) Methods and mechanisms to resolve any situation in which the governmental body's monitoring assessment determines noncompliance, including termination of the contract.

(3) Each governmental body administering the personal services contract shall, within existing resources of the governmental body, designate a contract manager with subject matter expertise within the governmental body responsible for day-to-day management of the contract, including performance monitoring.

(4) If the governmental body determines that the vendor has not complied with the contract terms, including but not limited to performance standards and measurable outcomes, the state may pursue remedies in accordance with article 109 of this title 24 and shall be entitled to any remedy available under law in the case of contract nonperformance, including but not limited to termination of the contract and the return of any and all payments made to the vendor by the state under the contract; except that the recovery of any moneys by the state shall be reduced by the value of any contractual benefits realized by the state from partial performance by the vendor under the contract. If a vendor is deemed to be in default under any one particular

contract with the state, the state may, upon a showing of good cause, declare any or all other contracts it has entered into with the vendor to be in default.

(5) Notwithstanding any other provision of this section, nothing in this section shall be construed to apply to any contract to which the state is a party under medicare, the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, the "Children's Basic Health Plan Act", article 8 of title 25.5, or the "Colorado Indigent Care Program", part 1 of article 3 of title 25.5.

24-106-109. Terms and conditions in contracts. Any term or condition in any contract entered into by the state that requires the state to indemnify or hold harmless another person, except as otherwise authorized by law, or by which the state agrees to binding arbitration or any other binding extra-judicial dispute resolution process in which the final resolution is not determined by the state, or by which the state agrees to limit liability of another person for bodily injury, death, or damage to tangible property of the state caused by the negligence or willful misconduct of such person or such person's employees or agents shall be void ab initio; except that the contract containing that term or condition shall otherwise be enforceable as if it did not contain such term or condition. All contracts entered into by the state, except for contracts with another government, shall be governed by Colorado law notwithstanding any term or condition to the contrary.

Editor's note: This section was relocated to § 24-109-101.5 in 2017.

24-109-101.1. Definitions. As used in this article 109, unless the context otherwise requires:

(1) "Aggrieved party" means any actual or prospective bidder, offeror, or contractor who believes that he or she has suffered a denial of legal rights under this code in connection with the solicitation or award of a contract. For purposes of contract controversies, an aggrieved party may also be the contractor.

(2) "Material issue" means a nontrivial defect in the solicitation or award that would prejudice the outcome of the procurement. The presence of multiple nonmaterial issues in a

solicitation or award does not constitute a material issue unless the aggrieved party can establish that those nonmaterial issues together would prejudice the outcome of the procurement.

24-109-101.5. Resolution of controversies. (1) The procurement official or his or her designee is authorized to settle and resolve any questions regarding:

- (a) Any protest concerning the solicitation or award of a contract;
- (b) Debarment or suspension from consideration for award of contracts; and
- (c) Any controversy arising between the state and a contractor by virtue of a contract between them, including, without limitation, controversies based upon breach of contract, mistake, misrepresentation, or any other cause for contract modification or rescission.

(2) Any decision of the procurement official or his or her designee with respect to a material issue raised in a protest is subject to appeal pursuant to part 2 of this article 109.

(3) Except for appeals referred to the office of administrative courts pursuant to section 24-109-201, the provisions of section 24-4-105 shall not apply to the administrative procedures established pursuant to this article 109.

24-109-102. Protested solicitations and awards. (1) Any aggrieved party in connection with the solicitation or award of a contract may protest to the procurement official or his or her designee. The protest of an invitation for bids or a request for proposals shall be submitted in writing to the procurement official or his or her designee within ten business days after such aggrieved party knows or should have known of the facts giving rise thereto. The protest of a small purchase solicitation or award of contract shall be submitted in writing to the procurement official or his or her designee within three business days, unless the procurement official otherwise extends the time period to ten business days, after such aggrieved party knows or should have known of the facts giving rise thereto.

(2) The procurement official or his or her designee shall have the authority to settle and resolve a protest of an aggrieved party concerning the solicitation or award of a contract. A written decision regarding the protest shall be rendered within ten business days after the protest is filed. The decision shall be based on and limited to a review of the material issues raised by the aggrieved party and shall set forth each factor taken into account in reaching the decision. This authority shall be exercised pursuant to rules promulgated by the executive director to provide for the expeditious resolution of the protest. Remedies awarded pursuant to this decision, if any, shall be limited to those set forth in part 5 of this article 109.

(3) If the procurement official or his or her designee does not issue a written decision regarding a solicitation or award within the period specified in this article 109 or within such

longer period as may be agreed upon by the procurement official and the aggrieved party, then the aggrieved party may proceed as if the procurement official or his or her designee had rendered an adverse decision.

24-109-105. Debarment and suspension. (1) (a) After reasonable notice to the person involved and reasonable opportunity for that person to be heard, the procurement official or his or her designee, after consultation with the using agency and the attorney general, shall have authority to debar a person for any of the reasons set forth in subsection (2) of this section from consideration for award of contracts. The debarment shall not be for a period of more than three years; except that, if a person is convicted of a crime specified in subsection (2) of this section, the length of the debarment period must equal the length of the confinement sentence including the period of mandatory parole if imposed or the length of the probation sentence.

(b) The procurement official or his or her designee, after consultation with the using agency and the attorney general, shall have authority to suspend a person from consideration for award of contracts if there is probable cause to believe that such person has engaged in activities that may lead to debarment. The suspension shall not be for a period exceeding three months. However, if a criminal charge has been issued for an offense that would be a cause for debarment under subsection (2) of this section, the suspension shall, at the request of the attorney general, remain in effect until after the trial of the suspended person. If a person is suspended because a criminal charge has been issued against an officer, director, partner, manager, key employee, or other principal of the suspended person, the suspension may remain in effect until after the trial of the officer, director, partner, manager, key employee, or other principal or until after the charges against such officer, director, partner, manager, key employee, or other principal have been dismissed.

(c) The authority to debar or suspend shall be exercised pursuant to rules which shall provide for an expeditious resolution of the issue of debarment or suspension.

(2) A person may be debarred for any of the following reasons:

(a) Conviction of a criminal offense as an incident to obtaining or attempting to obtain a public or private contract or subcontract or in the performance of such contract or subcontract;

(b) Conviction under state or federal statutes of embezzlement, theft, forgery, bribery, falsification or destruction of records, or receiving stolen property;

(c) Conviction under state or federal antitrust statutes arising out of the submission of bids or proposals;

(d) Willful material failure to perform in accordance with the terms of one or more contracts, following notice of such failure, or a history of material failure to perform, or of materially unsatisfactory performance of, one or more contracts;

(e) The person is currently under debarment by any other governmental entity which is based upon a settlement agreement or a final administrative or judicial determination issued by a federal, state, or local governmental entity;

(f) The department of labor and employment has imposed three fines on a contractor within five years pursuant to section 8-17-104, C.R.S., for failure to satisfy Colorado labor requirements; or

(g) The person willfully falsified documentation or willfully misrepresented their qualifications required to comply with the contract.

24-109-106. Resolution of contract and breach of contract controversies - applicability - authority. (1) This section applies to controversies between the state and a contractor which arise under, or by virtue of, a contract between them, including, without limitation, controversies which are based upon breach of contract, mistake, misrepresentation, or any other cause for contract modification or rescission.

(1.5) When a controversy cannot be resolved by mutual agreement, the aggrieved party may submit the controversy to the procurement official. The procurement official or his or her designee shall, within twenty business days after receiving a written request by the aggrieved party for a final decision, issue a written decision.

(2) The procurement official or his or her designee is authorized to settle and resolve any controversy described in subsection (1) of this section. This authority shall be exercised pursuant to rules promulgated by the executive director which shall provide for an expeditious resolution of the controversy.

24-109-107. Issuance and appeal of decision. (1) The procurement official or his or her designee shall issue a written decision within the periods specified in this article 109 regarding any protest, debarment or suspension, or contract controversy if it is not settled by mutual agreement. The decision shall state the reasons for the action taken and give notice to the aggrieved party of his or her right to administrative review of any material issue and judicial review as provided for in this article 109.

(2) A decision shall be effective unless reversed on appeal. A copy of the decision rendered under subsection (1) of this section shall be mailed or otherwise furnished immediately to the aggrieved party. The decision shall be final and conclusive unless the aggrieved party appeals the decision to the executive director or commences an action in court pursuant to this article 109. Except for appeals referred to the office of administrative courts pursuant to section 24-109-201, an appeal from a decision under this section shall not be subject to the provisions of section 24-4-105.

(3) If the procurement official or his or her designee does not issue a written decision regarding a contract controversy within twenty business days after written request for a final decision, or within such longer period as may be agreed upon by the procurement official or his or her designee and the contractor, then the contractor may proceed as if a decision against him or her had been rendered.

PART 2

APPEALS

Law reviews: For article, "Administrative Law", which discusses Tenth Circuit decisions dealing with questions of administrative law, see 63 Den. U.L. Rev. 165 (1986).

24-109-201. Appeal to the executive director - stay of procurements. (1) Unless an action has been initiated previously in the district court of the city and county of Denver pursuant to this article 109, the executive director shall have the authority to review and determine any appeal by an aggrieved party from a decision of the procurement official or his or

her designee rendered pursuant to section 24-109-107. The executive director is authorized to designate another person to exercise his or her powers pursuant to this part 2. The executive director or his or her designee may refer an appeal to the office of administrative courts to review and determine any appeal pursuant to section 24-30-1001. If the aggrieved party files an action with the district court of the city and county of Denver pursuant to section 24-109-205 at any time during the review by the executive director or his or her designee, the authority of the executive director or the executive director's designee is terminated.

(2) A contract for a total value of one million five hundred thousand dollars or more resulting from a request for proposals is not awarded until any appeal made in connection with the request for proposals has been resolved pursuant to this part 2; except that the executive director or the executive director's designee may override the stay if he or she determines that such override is in the best interest of the state.

24-109-202. Rules of procedure. (1) The executive director shall adopt rules of procedure which, to the fullest extent possible, provide for the expeditious resolution of appeals of controversies. The only parties to the appeals shall be the aggrieved parties and the appropriate governmental body. Section 24-4-105 shall not apply to reviews and determinations made by the executive director or his or her designee pursuant to this article 109.

(2) An appeal is limited to only the material issues raised in the original protest; except that the appeal may include new evidence or additional information related to those material issues or material issues related to the conduct of the protest.

24-109-203. Time limitation for appeals. (1) In the case of an appeal to the executive director from a decision regarding a protested solicitation or award, the aggrieved party shall file an appeal within ten business days of the date that a decision is mailed or otherwise furnished to the aggrieved party pursuant to section 24-109-107 (2).

(2) In the case of an appeal to the executive director from a decision regarding a debarment, suspension, or contract controversy, the aggrieved party shall file an appeal within twenty business days of a decision rendered or deemed to be rendered pursuant to section 24-109-107.

Source: **L. 81:** Entire article added, p. 1280, § 1, effective January 1, 1982. **L. 85:** Entire section amended, p. 874, § 7, effective June 6. **L. 2017:** Entire part amended, (HB 17-1051), ch. 99, p. 343, § 48, effective August 9.

24-109-204. Decisions of the executive director. (1) On each appeal submitted, the executive director or his or her designee shall promptly decide the contract controversy, debarment, or suspension or whether the solicitation or award was in accordance with the procedures provided in this code, regulations enacted pursuant to this code, and the terms and conditions of the solicitation. The decision shall be in writing. A copy of any decision shall be provided to the aggrieved party and the procurement official of the using agency.

(2) In the case of any protest concerning the solicitation or award of a contract or of debarment or suspension from consideration for award of contract or contract controversy, a written decision shall be issued within thirty business days after receipt of the appeal.

(3) If the executive director or his or her designee determines that the solicitation or award was not in accordance with this code, remedies awarded in the decision, if any, shall be limited to those set forth in part 5 of this article 109.

24-109-205. Appeals to district court. An appeal of a decision of the executive director or his or her designee rendered pursuant to section 24-109-201 or by the procurement official or his or her designee rendered pursuant to section 24-109-107 shall be filed with the district court for the city and county of Denver, which shall have exclusive jurisdiction to hear such appeals. The provisions of section 24-4-106 shall not apply to any appeal to the district court under this part 2.

24-109-206. Time limitations on appeals to the district court. (1) A judicial review of a decision of the executive director or his or her designee or of the procurement official or his or her designee shall be initiated within the following time periods:

(a) In the case of an action between the state and an aggrieved party aggrieved in connection with the solicitation or award of a contract, within ten business days after the decision is rendered;

(b) In the case of a suspension or debarment, within six months after the decision is rendered; or

(c) In the case of an action on a contract or for breach of a contract, within twenty business days after the date the decision is rendered.

PART 3

INTEREST

24-109-301. Interest. Except for interest payable on liability incurred by the state under section 24-30-202 (24), interest on amounts determined to be due to a contractor or to the state under this code shall accrue from the date the controversy was submitted pursuant to section 24-109-106 through the final resolution of the controversy by the procurement official or upon final determination of the executive director or adjudication of the Denver district court, whichever occurs last. Interest shall be calculated at the amount due at the rate set forth in the contract or at the rate of one percent per month, whichever is greater, until the amount is paid in full.

24-109-404. Liability of public employees. If any governmental body purchases any supplies, services, or construction contrary to the provisions of this code or the rules promulgated pursuant thereto, the head of such governmental body and the public employee, which for the purposes of this section includes elected officials, actually making such purchase shall be personally liable for the costs of such supplies, services, or construction. If such supplies, services, or construction are unlawfully purchased and paid for with state moneys, the amount thereof may be recovered in the name of the state in an appropriate civil action.

PART 5

REMEDIES

24-109-501. Applicability. The remedies set forth in this part 5 shall be the exclusive remedies available to an aggrieved party upon a judicial or administrative determination that a solicitation or award of a contract was in violation of this code. For the purposes of this part 5, a violation of the code shall not include administrative or clerical defects that are not material to the solicitation or award of a contract or that can be corrected by the governmental body. Any relief not expressly provided for in this part 5 is prohibited.

Source: L. 2017: Entire part added, (HB 17-1051), ch. 99, p. 345, § 51, effective August 9.

24-109-502. Protests - remedies prior to an award. If, prior to the awarding of a contract, the procurement official determines that a solicitation or the proposed award is in violation of this code, the solicitation or proposed award shall be canceled or revised to comply with this code, at the direction of the procurement official. The determination of the procurement official under this section shall not be subject to further administrative or judicial review.

Source: L. 2017: Entire part added, (HB 17-1051), ch. 99, p. 345, § 51, effective August 9.

24-109-503. Protest - remedies following an award - ratification by chief procurement officer. If the procurement official determines that the solicitation or award is in violation of this code, the procurement official may cancel or terminate such solicitation or award, direct the governmental body to modify such solicitation or award to eliminate the violations, or if the procurement official determines that the solicitation or award is in the best interests of the state, the procurement official may submit the recommendation to ratify the solicitation or award to the executive director or the chief procurement officer or a designee of either officer. If the executive director or chief procurement officer or a designee of either officer elects to ratify the solicitation or award, the aggrieved party who should have been awarded the contract under the solicitation, but was not, shall be entitled to costs as set forth in section 24-109-505. The acceptance of costs by the aggrieved party constitutes a waiver of the right to appeal the determination of the executive director or the chief procurement officer or a designee of either officer.

Source: L. 2017: Entire part added, (HB 17-1051), ch. 99, p. 345, § 51, effective August 9.

24-109-504. Appeals - remedies following an award. (1) If the executive director or his or her designee determines that the solicitation or award is in violation of this code in any material respect, the executive director or his or her designee may cancel or terminate such solicitation or award, direct the purchasing agency to modify such solicitation or award to eliminate any violations, or if the procurement official determines that the solicitation or award

is in the best interests of the state, the procurement official may submit the recommendation to ratify the solicitation or award to the executive director or his or her designee. If the executive director or his or her designee elects to ratify the solicitation or award, the aggrieved party who should have been awarded the contract under the solicitation, but was not, shall be entitled to costs as set forth in section 24-109-505.

(2) If, upon judicial review under section 24-109-205, it is determined that a solicitation or proposed award is in violation of this code, the court shall direct the executive director to determine whether the best interests of the state require ratification, termination, or cancellation of the solicitation, award, or contract. The executive director or his or her designee shall issue a determination in writing, within ten business days of the court's direction, and direct the purchasing agency to comply with the determination. The determination of the executive director or his or her designee under the direction of the district court shall not be subject to further administrative or judicial appeal or review.

(3) If the executive director or his or her designee ratifies a solicitation or award in violation of this code, the aggrieved party who should have been, but was not, awarded the contract under the solicitation shall be entitled to costs as set forth in section 24-109-505.

Source: L. 2017: Entire part added, (HB 17-1051), ch. 99, p. 345, § 51, effective August 9.

24-109-505. Costs. When a protest is sustained by the procurement official or upon administrative or judicial review and the aggrieved party should have been, but was not, awarded the contract under the solicitation, the aggrieved party shall be entitled to only the reasonable costs incurred in connection with the solicitation, including bid preparation costs. Reasonable costs shall not include attorney fees. No other costs shall be permitted. These costs shall be paid from funds appropriated or otherwise made available to the using agency that is determined to be responsible for the violation of the code. Such determination shall be made by the procurement official in connection with a protest and by the executive director in connection with an appeal.

PART 2

COOPERATIVE PURCHASING

24-110-201. Cooperative purchasing authorized. (1) In accordance with the provisions of this article 110 and rules promulgated by the executive director, any public procurement unit may either participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the procurement of any supplies, services, or construction with one or more public procurement units, external procurement units, or procurement consortiums that include as members tax-exempt organizations as defined by section 501 (c)(3) of the federal "Internal Revenue Code of 1986", as amended, in accordance with an agreement entered into between the participants. Such cooperative purchasing may include, but is not limited to, joint or multiparty contracts between public procurement units and open-ended state public procurement unit contracts that are made available to local public procurement units.

(1.5) With prior written approval of the chief procurement officer and under procedures established by rule, a state public procurement unit may sponsor, conduct, or administer a cooperative purchasing agreement with one or more public procurement units, external procurement units, or procurement consortiums.

(2) With prior written approval of the chief procurement officer and under procedures established by rule, a state public procurement unit may purchase goods or services under the terms of a contract between a vendor and an external procurement unit or a local public procurement unit without complying with the requirements of section 24-102-202.5 and article 103 of this title 24.

(3) With written approval from the procurement official and under procedures established by rule, a state public procurement unit may purchase goods or services under the terms of another state public procurement unit without complying with the requirements specified in section 24-102-202.5 and article 103 of this title 24.

(4) Unless otherwise approved by the chief procurement officer, the procurement official shall comply with the following order of priority for the use of cooperative purchasing agreements:

- (a) First, state-issued cooperative purchasing agreements;
- (b) Second, state public procurement unit cooperative purchasing agreements; and
- (c) Third, public procurement unit or external public procurement unit cooperative purchasing agreements.

(5) A local public procurement unit may participate in, sponsor, conduct, or administer a cooperative purchasing agreement for the procurement of any supplies or services as permitted by the procurement code, ordinances, and rules of such local public procurement unit.

24-110-205. Supply of personnel, information, and technical services. (1) Any public procurement unit is authorized, in its discretion, upon written request from another public procurement unit or external procurement unit, to provide personnel to the requesting public procurement unit or external procurement unit.

(2) Informational, technical, and other services of any public procurement unit may be made available to any other public procurement unit or external procurement unit if the requirements of the public procurement unit tendering the services shall have precedence over the requesting public procurement unit or external procurement unit. The requesting public procurement unit or external procurement unit shall pay any expenses incurred in providing such services, in accordance with the agreement between the parties.

(3) Upon request, the executive director through the division of local government, within the department of local affairs, may make available to local public procurement units and external procurement units the following items, including, but not limited to:

- (a) Standard forms;
- (b) Printed manuals;
- (c) Product specifications and standards;
- (d) Quality assurance testing services and methods;
- (e) Lists of qualified products;
- (f) Source information;
- (g) Lists of common use commodities;
- (h) Supplier prequalification information;
- (i) Supplier performance rating;
- (j) Lists of debarred and suspended bidders;
- (k) Forms for invitations for bids, requests for proposals, instructions to bidders, general contract provisions, and other contract forms; and
- (l) Contracts or published summaries of contracts, including price and time of delivery information.

(4) The state, through the division of local government within the department of local affairs, may provide to local public procurement units and external procurement units technical services, including, but not limited to, the following:

- (a) The development of products specifications;
- (b) The development of quality assurance test methods including receiving, inspection, and acceptance procedures;
- (c) The use of product testing and inspection facilities; and
- (d) The use of personnel training programs.

GOVERNMENT COMPETITION WITH PRIVATE ENTERPRISE

ARTICLE 113

State Government Competition with Private Enterprise

24-113-101. Legislative declaration. The general assembly hereby finds and declares that state government competes with the private sector when state government provides certain goods and services to the public. Recognizing this problem, it is the intent of the general assembly and the purpose of this article to provide additional economic opportunities to private industry and to regulate competition by state agencies, including institutions of higher education. To that end, it is the intent of the general assembly that neither the faculty nor administration of such institutions use research equipment or facilities purchased or provided with state funds to provide goods or services to the public for a fee when such action is in direct competition with private companies that provide similar goods or services.

Source: L. 88: Entire article added, p. 985, § 1, effective April 22.

24-113-102. Definitions. As used in this article, unless the context otherwise requires:

- (1) "Commission" means the Colorado commission on higher education.
- (2) "Institution of higher education" means a state-supported college, university, or community college.
- (3) "Invited guests" means persons who enter onto a campus for an educational, research, or public service activity and not primarily to purchase or receive goods and services not related to the educational, research, or public service activity for which such persons enter onto the campus.
- (4) "Private enterprise" means an individual, firm, limited liability company, partnership, joint venture, corporation, association, or any other legal entity engaging in the manufacturing,

processing, sale, offering for sale, rental, leasing, delivery, dispensing, distributing, or advertising of goods or services for profit.

(5) "State agency" means a department, office, commission, institution, board, or other agency of state government. Such term shall not include the Colorado state museum, the state historical society, or the Auraria higher education center established in article 70 of title 23, C.R.S., nor shall such term include institutions of higher education.

24-113-103. State competition with private enterprise prohibited - exceptions. (1) A state agency shall not engage in the manufacturing, processing, sale, offering for sale, rental, leasing, delivery, dispensing, distributing, or advertising of goods or services to the public which are also offered by private enterprise unless specifically authorized by law.

(2) A state agency shall not offer or provide goods or services to the public for or through another state agency or a local agency, including by intergovernmental or interagency agreement, in violation of this section.

(3) The restrictions on competition with private enterprise contained in this section do not apply to:

(a) The development, operation, and management of state parks, historical monuments, and hiking or equestrian trails or to the management, protection, or restoration of Colorado's forest and soil resources;

(b) Correctional industries established and operated by the department of corrections pursuant to article 24 of title 17, C.R.S.;

(b.5) The correctional education program operated by the department of corrections pursuant to article 32 of title 17, C.R.S.;

(c) Veterans community living centers, except the Colorado veterans community living center at Rifle, Colorado;

(d) The Colorado tourism office;

(e) Printing and distributing information to the public if the state agency is otherwise authorized to do so and printing or copying public records or other material relating to the state agency's public business if the costs of such printing, copying, and distribution are recovered through fees and charges;

(e.5) Printing of the first class, as described in section 24-70-203 (1)(a), performed by the legislative council print shop under a contract awarded through competitive bidding pursuant to section 2-3-304 (7), C.R.S.;

(f) The department of public safety;

(g) The construction, maintenance, and operation of state transportation facilities;

(h) The provision of free medical services or equipment to indigents in association with a community service health program; and

(i) The regional transportation district.

(4) The provisions of section 24-113-104 and not the restrictions contained in subsection (1) of this section shall apply to institutions of higher education.

24-113-104. Competition with private enterprise by institutions of higher education - rules. (1) Institutions of higher education shall not, unless specifically authorized by statute:

(a) Provide to persons other than students, faculty, staff, and invited guests, through competitive bidding, goods, services, or facilities that are available from private enterprise, unless the provision of the good, service, or facility offers a valuable educational or research experience for students as a part of their education or fulfills the public service mission of the institution of higher education; however, institutions of higher education may sponsor or provide facilities for recreational, cultural, and athletic events or facilities for food services and sales. If the institution of higher education enters into competitive bidding, its bids shall include all direct and indirect costs of providing the good or service unless the agency receiving the bid requires all bidders to use a specific procedure or formula.

(b) (I) Provide goods, services, or facilities for or through another state agency or unit of local government, including by intergovernmental or interagency agreement, which, if provided directly by the institution of higher education would be in violation of this section.

(II) In determining whether the provision of a good or service offers a valuable teaching, educational, or research experience, the following criteria shall be considered:

(A) Whether the provision of the good, service, or facility is substantially and directly related to the instructional, research, or public service mission of the institution of higher education;

(B) Whether the provision of the good, service, or facility is necessary or convenient for the campus community;

(C) Whether there is a demand in the public for the good, service, or facility;

(D) Whether the price charged for the good, service, or facility reflects the direct and indirect costs and overhead costs of providing such good, service, or facility and the price in the private marketplace; and

(E) Whether measures have been taken to ensure that the provision of a good, service, or facility is only for students, faculty, staff, or invited guests and not for the general public.

(2) (a) The commission shall develop, after consultation with governing boards of institutions of higher education and Colorado business organizations, guidelines for the provision of goods, services, and facilities to students, faculty, and staff of institutions of higher education and to the invited guests of such students, faculty, and staff.

(b) Repealed.

(3) (a) The governing board of each institution of higher education shall adopt, in accordance with guidelines established by the commission, procedures for the hearing of

complaints by privately owned businesses. If a privately owned business makes a complaint of unfair competition in relation to the activities of an institution of higher education, the business shall have an opportunity for a hearing regarding such complaint. The complaint shall first be heard by the chief executive officer of the institution, or his designee, and appeal may be made by the privately owned business to the governing board of the particular institution involved in the complaint.

(b) Repealed.

(4) This section shall not apply to:

(a) The Colorado health sciences center operated by the university of Colorado, except in those cases in which the health sciences center provides prosthetic or medical devices, or services related to such devices, and a surgical or medical treatment or procedure is not involved in the application of the device;

(b) The provision of free medical services or equipment to indigents in association with a community service health program;

(c) Public service radio and television stations licensed to a governing board or to the institution of higher education under its jurisdiction.

ARTICLE 114

Private Enterprise Employee Protection

Cross references: For state employee protection, see article 50.5 of this title.

24-114-101. Definitions. As used in this article, unless the context otherwise requires:

(1) "Disciplinary action" means any direct or indirect form of discipline or penalty, including, but not limited to, dismissal, demotion, transfer, reassignment, suspension, corrective action, reprimand, admonishment, unsatisfactory or below standard performance evaluation, reduction in force, or withholding of work, or the threat of any such discipline or penalty.

(2) "Disclosure of information" means the written provision of evidence to any person, or the testimony before any committee of the general assembly, regarding any action, policy, regulation, practice, or procedure regarding a private enterprise under contract with a state agency which, if not disclosed, could result in the waste of public funds, could endanger the public health, safety, or welfare, or could otherwise adversely affect the interests of the state.

(3) "Employee" means any person employed by a private enterprise under contract with a state agency.

(4) "Private enterprise under contract with a state agency" means any individual, firm, limited liability company, partnership, joint venture, corporation, association, or other legal entity which is a party to any type of state agreement, regardless of what it may be called, for the procurement or disposal of supplies, services, or construction for any department, office, commission, institution, board, or other agency of state government.

(5) "Supervisor" means any person who supervises or is responsible for the work of one or more employees.

Source: L. 88: Entire article added, p. 988, § 1, effective April 22. L. 90: (4) amended, p. 450, § 25, effective April 18.

24-114-102. Retaliation prohibited. (1) Except as provided in subsection (2) of this section, no appointing authority or supervisor of a private enterprise under contract with a state agency shall initiate or administer any disciplinary action against any employee on account of the employee's disclosure of information concerning said private enterprise. This section shall not apply to:

(a) An employee who discloses information that he knows to be false or who discloses information with disregard for the truth or falsity thereof;

(b) An employee who discloses information which is confidential under any other provision of law.

(2) It shall be the obligation of an employee who wishes to disclose information under the protection of this article to make a good faith effort to provide to his supervisor or appointing authority or to a member of the general assembly the information to be disclosed prior to the time of its disclosure.

(3) An entity under contract with a state agency shall not initiate or administer any disciplinary action against any employee on account of the employee's disclosure of information to the fraud hotline administered by the state auditor in accordance with section 2-3-110.5; except that this subsection (3) does not apply to an employee who discloses information with disregard for the truth or falsity of the information.

Financing of Critical State Needs

24-115-101. Short title. This article shall be known and may be cited as the "Critical State Needs Financing Act".

Source: L. 2005: Entire article added, p. 745, § 1, effective June 1.

24-115-102. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) The population of the state has grown rapidly in recent years, and that growth has increased the burdens placed upon state and local governments.

(b) The state and local governments have found it difficult to maintain existing infrastructure and to fully fund critical needs due to a decline in state revenues that resulted from an economic downturn and constitutional restrictions on state revenues and expenditures that impaired the ability of the state to fully recover from that decline in state revenues when economic conditions improved.

(c) In enacting this article, it is the intent of the general assembly to provide an administrative framework for the state to use to incur voter-approved multiple-fiscal year financial obligations to be used to finance critical state needs as efficiently and effectively as possible.

24-115-104. Critical needs financing corporation - creation - composition of board of directors - powers. (1) There is hereby created an independent public body politic and corporate to be known as the critical needs financing corporation. The corporation shall be a body corporate and an instrumentality of the state and shall not be an agency of state government and shall not be subject to administrative direction by any department, commission, board, or agency of the state. Notwithstanding the service of elected officials of state government or employees of agencies of state government on the board, the corporation shall be treated and accounted for as a separate legal entity with separate corporate purposes as set forth in this article. Assets, liabilities, and funds of the corporation shall not be consolidated or commingled with assets, liabilities, or funds of the state or of any entity that is capable of being a debtor in a case under the United States bankruptcy code, title 11 of the United States Code, as amended, or any successor bankruptcy code. Assets of the corporation shall not be used to pay debts or financial obligations of the state.

(2) (a) The governing body of the corporation shall be a board of directors, which shall consist of the following five ex officio members:

(I) The director of the office of state planning and budgeting;

(II) The state controller;

(III) The state treasurer;

(IV) A member of the joint budget committee of the general assembly selected by and to serve at the pleasure of the members of the committee; and

(V) The chair of the capital development committee of the general assembly or any successor committee.

(b) Each ex officio member of the corporation may designate an official or employee of the member's agency or committee to represent the member at meetings of the corporation, and each designee may lawfully vote and otherwise act on behalf of the designating member.

(c) A member of the board or a designee of a member of the board is immune from personal liability for any action taken by the member or designee that is within the scope of the board's authority under this article.

24-115-105. Organizational meeting - chair - personnel - surety note - conflict of interest. (1) (a) The director of the office of state planning and budgeting shall call and convene the initial organizational meeting of the board and shall serve as its chair pro tempore. At the meeting, appropriate bylaws shall be presented for adoption. The bylaws may provide for the election or appointment of officers, the delegation of certain powers and duties to any executive officer or other agent of the board, and such other matters as the board deems proper. At the meeting, and annually thereafter, the board shall elect one of its members as chair.

(b) The board shall appoint an executive officer and such other personnel as it deems necessary. The executive officer shall have expertise in the area of public finance and shall have any powers specified in this article or delegated by the board in accordance with this article. The executive officer and any other personnel appointed by the board shall not be members of the board, shall serve at the board's pleasure, and shall receive no compensation for their services.

(2) The executive officer or any other person designated by the board shall keep a record of the proceedings of the board and shall be custodian of all books, documents, papers filed with the board, minute books or journals of the board, and its official seal. The executive officer or designated person may cause copies to be made of all minutes and other records and documents of the board and may give certificates under the official seal of the corporation to the effect that such copies are true copies and all persons dealing with the corporation may rely on such certificates.

(3) The board may delegate, by resolution, to one or more of its members, to its executive officer, or to an indenture trustee or any other third party to whom the board has assigned any rights of the corporation, such powers and duties as it may deem proper and to its executive officer or any other person designated by the board, the power to set the interest rates and other terms of any particular note issue and to invest proceeds of notes held by a commercial bank or trust company having full trust powers, subject to such limitations as shall be prescribed by the board by resolution.

(4) The executive officer and any other personnel appointed by the board are immune from personal liability for any actions taken by them that are within the scope of the authority granted to them by this article or delegated to them by the board.

24-115-106. Meetings of board - quorum - expenses. (1) Three members of the board shall constitute a quorum for the purpose of conducting business and exercising the board's powers. Action may be taken by the board upon the affirmative vote of three members of the board. A vacancy in the membership of the board shall not impair the right of a quorum to exercise all the rights and perform all the duties of the board.

(2) Each meeting of the board, for any purpose whatsoever, shall be open to the public and records of the corporation shall be subject to the open records law under article 72 of this title. However, the board may go into executive session as permitted pursuant to section 24-6-402. Notice of meetings shall be as provided in the bylaws of the corporation. If a meeting of the board is called for the sole purpose of adopting resolutions authorizing the issuance of notes by the corporation, one or more members of the board may participate in the meeting and may vote on the resolutions through the usage of telecommunications devices, including, but not limited to, the usage of a conference telephone or similar communications equipment. Participation through telecommunications devices shall constitute presence in person at such meeting, but use of telecommunications shall not supersede any requirements for public hearing otherwise provided by law. Resolutions need not be published or posted, but resolutions and all proceedings and other acts of the board are public records.

(3) Members of the board shall receive no compensation for services but shall be entitled to the necessary expenses, including travel and lodging expenses, incurred in the discharge of their official duties. Any payments for expenses shall be paid from the critical needs fund, created in section 24-115-111.

24-115-107. General powers of corporation. (1) In addition to any other powers specifically granted to the corporation in this article, the corporation has the following powers:

- (a) To have perpetual existence and succession as a body politic and corporate;
- (b) To adopt, amend, or repeal bylaws for the regulation of its affairs and the conduct of its business, consistent with the provisions of this article;
- (c) To sue and be sued;
- (d) To have and to use a seal and to alter the same at its pleasure;
- (e) To maintain an office at such place as it may designate;
- (f) To borrow no more than two hundred fifty thousand dollars from a private sector financial institution, or from the state, at prevailing interest rates, for the purpose of defraying expenses of the corporation incurred prior to the issuance of any notes pursuant to this article. The final repayment date of any borrowing shall be no later than the last day of the state fiscal year in which the borrowing is undertaken, and any certificate, trust indenture, or other instrument providing for the borrowing shall expressly state that the borrowing shall be repaid on or before that date.
- (g) To issue note anticipation notes for the purpose of raising no more than two hundred fifty thousand dollars to defray expenses of the corporation incurred prior to the issuance of any notes pursuant to this article. The final maturity date of any note anticipation notes shall be no later than the last day of the state fiscal year in which the anticipation notes are issued, and any certificate, trust indenture, or other instrument providing for the issuance of anticipation notes shall expressly state that the anticipation notes shall be repaid on or before that date.
- (h) To make and execute contracts, including, but not limited to, trust agreements, trust indentures, note purchase agreements, tax regulatory agreements, continuing disclosure agreements, ancillary financial facilities, and all other instruments necessary or convenient for the exercise of its powers and functions under this article; and
- (i) To do all things necessary and convenient to carry out the purposes of this article. The powers granted to the corporation shall be liberally construed to effect the purposes of this article. However, the corporation shall not undertake any enterprise, operations, or business other than the issuance of notes as authorized by this article.

24-115-108. Corporate fiscal year - account of activities and receipts for expenditures - report - audit. The fiscal and budget year for the corporation shall commence on July 1 and end on June 30 of each year. The corporation shall keep an accurate account of all its activities and of all its receipts and expenditures and shall submit an annual report that sets forth a complete and detailed operating and financial statement of the corporation for the most recently ended fiscal year to the joint budget and legislative audit committees of the general assembly or any successor committees no later than January 15 of any year in which notes remain outstanding. The state auditor may investigate the affairs of the corporation, examine the properties and records of the corporation, and prescribe methods of accounting and the rendering of additional periodical reports in relation to the undertakings of the corporation.

24-115-109. Limitation on power of corporation to declare bankruptcy.

Notwithstanding any other provision of law, the corporation is not authorized to be, and no public officer, organization, entity, or other person shall authorize the corporation to be, a debtor in a case under the United States bankruptcy code, title 11 of the United States Code, to make an assignment for the benefit of creditors or to become the subject of any similar case or proceeding. The state hereby covenants with the holders of any notes issued pursuant to this article that the state will not limit or alter the prohibition on the filing of voluntary bankruptcy petitions set forth in this section until one year and one day after the corporation no longer has any notes outstanding. The corporation and any trust established by the corporation are hereby authorized to include this covenant as an agreement of the state in any contract with the note holders of the corporation.

24-115-110. Critical needs notes - issuance schedule - distribution of note proceeds.

(1) (a) Except as otherwise provided in paragraphs (b) and (c) of this subsection (1), if the general assembly passes and the governor signs a joint resolution that requires the submission of a ballot issue to voters statewide that seeks authorization for the state to incur multiple-fiscal year financial obligations by issuing critical needs notes and the voters approve the ballot issue an issuing authority may issue, on one or more occasions, notes, which shall have a maximum maturity of no more than twenty-five years. The board or the executive director, as applicable, shall determine the specific dates on which the issuing authority issues notes, the principal amount of notes to be issued on any date, and the redemption and other terms of notes.

(b) An issuing authority shall issue notes only for the purposes, under the terms, and up to the maximum amounts approved by voters through the approval of a statewide ballot issue.

(c) If the amount of excess state revenues that is retained by the state as authorized by voters statewide through their approval of House Bill 05-1194, enacted at the first regular session of the sixty-fifth general assembly, at the November 2005 statewide election for any state fiscal year that immediately precedes a state fiscal year in which an issuing authority may issue notes is less than the maximum amount of annual payments of principal and interest on notes authorized by voters statewide for the state fiscal year in which the issuing authority may issue notes or any subsequent state fiscal year, the general assembly, by passage of a joint resolution, may, but shall not be required to, limit the maximum amount of scheduled annual payments of principal and interest on notes issued after the effective date of the joint resolution to any amount that is greater than or equal to the difference between the amount of excess state revenues retained and the amount of scheduled annual payments of principal and interest on notes issued prior to the effective date of the joint resolution. The passage of a joint resolution limiting the maximum amount of scheduled annual payments of principal and interest on notes shall not affect the voter authorization of notes, including, but not limited to, any restriction on the scheduled annual payments of principal and interest on notes or any other terms specified in the voter-approved ballot issue that authorized the issuance of the notes. The general assembly, by passage of a subsequent joint resolution, may remove or modify any limit imposed by joint resolution on the maximum amount of scheduled annual payments of principal or interest on notes, subject to any limits set forth in the voter-approved ballot issue that authorized the issuance of the notes.

(2) (a) An issuing authority shall issue notes pursuant to a certificate executed by the board or the executive director, a trust indenture between the issuing authority and any commercial bank or trust company having full trust powers, or any other instrument issued or executed by the issuing authority.

(b) As the board or the executive director deems appropriate, the certificate, trust indenture, or other instrument authorizing notes may contain provisions setting forth the rights and remedies of the owners or holders of the notes, provisions for protecting and enforcing the rights and remedies of the owners or holders of the notes, and any other provisions for the security of the owners or holders of the notes. The provisions may include, but shall not be limited to, provisions regarding letters of credit, insurance, stand-by credit agreements, or other forms of credit ensuring timely payment of the notes, including the redemption price or the purchase price, and provisions regarding the reimbursement of providers of the credit from moneys available for the payment of principal of and interest on the notes for any amounts paid by the providers with respect to the notes.

(3) (a) A certificate, trust indenture, or other instrument authorizing the issuance of notes in accordance with the provisions of this article may pledge to the payment of notes all or any portion of the proceeds from the issuance of such notes and the moneys appropriated to the critical needs fund pursuant to section 24-115-111 to pay the principal or interest on notes. Proceeds and moneys pledged shall be used only for the purpose or purposes for which they are pledged. Any pledge of the proceeds of notes shall be valid and binding from the date of issuance of the notes. Any pledge of moneys appropriated to the fund shall be valid and binding from the time the moneys were appropriated to the fund pursuant to section 24-115-111. A pledge shall create a valid security interest, proceeds and moneys pledged shall immediately be subject to the lien of the pledge and security interest without any physical delivery or further act, and the lien of the pledge and security interest shall be valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the pledging party irrespective of whether the claiming party has notice of the lien. The instrument by which the pledge and security interest is created need not be recorded or filed in order to perfect the pledge and security interest.

(b) An issuing authority shall apply the gross proceeds of notes issued pursuant to subsection (1) of this section that are not pledged to the payment of the notes or allocated to the payment of costs associated with the issuance and administration of the notes for the purposes specified in the ballot issue approved by voters of the state that authorized the issuance of the notes.

(4) Subject to the provisions of subsection (1) of this section, notes may be issued in any aggregate principal amount, may be issued in one or more series by the corporation or in three or more series by the department, may bear any dates, may be in any denomination or denominations, may mature on any date or dates, may mature in any amount or amounts, may be in any form, may be payable at any place or places, may be subject to any terms of redemption with or without a premium, may contain any provisions that the board or the executive director deems appropriate regarding insurance to ensure the timely payment of the notes, and may contain any other provisions not inconsistent with the provisions of this article as the board or the executive director may determine; except that the maximum amount of notes that the department may issue before January 1, 2007, is six hundred million dollars.

(5) The rate or rates of interest borne by notes may be fixed, adjustable, or variable, or any combination thereof, without regard to any interest rate limitation appearing in any other law of this state. If any rate or rates are adjustable or variable, the standard, index, method, or formula shall be determined by the board or the executive director.

(6) Notes may be sold at public or private sale and may be sold at, above, or below the principal amounts thereof. The sale of notes shall not be subject to the "Procurement Code", articles 101 to 112 of this title, but when contracting for necessary and advisable services connected to the issuance of notes, the board or the executive director, whichever is applicable, shall use an open and transparent competitive selection process determined by the board or the executive director that provides the public sufficient information to evaluate the process.

(7) Notes shall be signed on behalf of the state by the members of the board, or by the executive officer of the board if authorized by the board, or by the executive director. Pursuant to article 55 of title 11, C.R.S., the applicable signature or signatures may be one or more facsimile signatures imprinted, engraved, stamped, or otherwise placed on the notes. If all of the signatures on notes are facsimile signatures, provision shall be made for a manual authenticating signature on the notes by or on behalf of a designated authenticating agent.

(8) Subject to the provisions of subsection (1) of this section, the power to fix the date of sale of notes, to receive bids or proposals, to award and sell notes, to fix interest rates, and to take all other action necessary to sell and deliver notes may be delegated to an agent of the board or the executive director.

(9) Any outstanding notes may be refunded by the board or the executive director pursuant to article 56 of title 11, C.R.S.

(10) The board or the executive director is authorized to engage the services of any investment bankers, consultants, financial advisors, underwriters, note insurers, letter of credit banks, rating agencies, agents, note counsel or other legal counsel, or other persons whose services may be required or deemed advantageous by the board or the executive director in connection with notes. The board or the executive director shall not be subject to the "Procurement Code", articles 101 to 112 of this title, when engaging services but shall use an open and transparent competitive selection process determined by the board or the executive director that provides the public sufficient information to evaluate the process.

(11) The board or the executive director may, with respect to notes that have been issued or proposed, enter into interest rate exchange agreements in accordance with article 59.3 of title 11, C.R.S.

(12) The executive director and any member or employee of the board are immune from personal liability for any action taken within the scope of their authority under this article.

24-115-111. Critical needs fund - creation - appropriations to fund - repayment of notes from fund. (1) The critical needs fund is hereby created in the state treasury. The fund shall consist of moneys appropriated to the fund by the general assembly and all interest and income earned on the deposit and investment of moneys in the fund. The board or the executive director may expend moneys in the fund only to make payments of principal and interest on notes issued pursuant to section 24-115-110, to make transfers to any fund or account established for the payment of the principal or interest on any of the notes by the certificate, trust indenture, or other instrument authorizing the notes on the dates and in the amounts required by the certificate, trust indenture, or other instrument, to pay the reasonable administrative and issuance costs incurred by the issuing authority in connection with the notes, to pay the principal and interest on and any costs incurred by the corporation in connection with a borrowing pursuant to section 24-115-107 (1)(f) or note anticipation notes issued pursuant to section 24-115-107 (1)(g), to pay necessary expenses of the board as authorized by section 24-115-106 (3), and, to the extent that the amount of moneys in the fund or to be credited to the fund in any state fiscal year exceeds the amount needed for those purposes during the state fiscal year only, to directly pay the costs of transportation projects. Moneys in the fund at the end of any state fiscal year shall not be transferred to the general fund of the state. It is the intent of the general assembly to appropriate moneys from the general fund or other legally available sources to the fund in amounts sufficient to allow the issuing authorities to make all payments of principal and interest on notes issued pursuant to section 24-115-110, to pay the reasonable administrative and issuance costs incurred by the issuing authorities in connection with the notes, to pay the principal and interest on and any costs incurred by the corporation in connection with a borrowing pursuant to section 24-115-107 (1)(f) or note anticipation notes issued pursuant to section 24-115-107 (1)(g), to pay necessary expenses of the board as authorized by section 24-115-106 (3), and to ensure that the total amount of moneys in the fund available for expenditure by the department for all purposes for which the department may expend moneys from the fund is thirty million dollars in state fiscal year 2005-06, seventy million dollars in state fiscal year 2006-07, and one hundred million dollars in each subsequent state fiscal year.

(2) The intention of the general assembly to make appropriations to the critical needs fund as specified in subsection (1) of this section shall not be construed to be binding on any future general assembly, and such appropriations are subject to annual appropriation by the general assembly. Every contract entered into by an issuing authority that relates to the issuance or administration of notes issued pursuant to section 24-115-110 and imposes an obligation that is to be paid from the fund shall state that the financial obligations of the issuing authority or the state under the contract are subject to annual appropriations to the fund by the general assembly, in its sole discretion, in accordance with this section and that the contract shall not be deemed to create any indebtedness of the state within the meaning of the state constitution or the laws of the state concerning or limiting the creation of indebtedness by the state. A decision by the general assembly not to appropriate moneys to the fund shall not be construed as an action impairing any such contract.

(3) General fund appropriations made pursuant to this section are not subject to the limitation on state general fund appropriations set forth in section 24-75-201.1 because approval of a ballot issue that authorizes the issuance of notes and provides for the payment of notes by voters of the state constitutes voter approval for the exemption of those appropriations from that limitation.

24-115-112. Notes legal investments. All banks, trust companies, savings and loan associations, insurance companies, executors, administrators, guardians, trustees, and other fiduciaries may legally invest any moneys within their control in any notes issued in accordance with this article. Public entities, as defined in section 24-75-601 (1), may invest public funds in notes only if the notes satisfy the investment requirements established in part 6 of article 75 of this title.

24-115-115. Annual reports. (1) No later than January 15 of any year in which notes issued pursuant to this article are outstanding or any moneys are in the critical needs fund, each issuing authority shall submit a report to the members of the joint budget committee of the general assembly and the members of the legislative audit committee of the general assembly that includes, at a minimum, the following information:

- (a) The total amount of notes issued by the issuing authority pursuant to this article;
- (b) The total and itemized amounts of gross note proceeds received from the issuance of notes, note proceeds and earnings thereon expended, and moneys credited to the critical needs fund; and
- (c) The total amount of moneys expended from the critical needs fund in each state fiscal year for the payment of notes issued by the issuing authority pursuant to this article, the costs to the issuing authority associated with the issuance and administration of the notes, the payment of principal and interest in connection with a borrowing pursuant to section 24-115-107 (1)(f) or note anticipation notes issued pursuant to section 24-115-107 (1)(g), to pay necessary expenses of the board as authorized by section 24-115-106 (3).

24-115-116. Investments. (1) Except as otherwise provided in subsection (2) of this section, proceeds from the issuance of notes may be invested in any manner in which public moneys generally may be invested as provided by section 24-75-601.1 or any other applicable law.

(2) An issuing authority, in consultation with the state treasurer, may direct a corporate trustee that holds any proceeds from the issuance of notes or any other moneys paid to the trustee in connection with the notes or any other moneys relating to the notes or moneys in the fund to invest or deposit the proceeds or other moneys in investments or deposits other than those in which public moneys generally may be invested or deposited pursuant to section 24-75-601.1 or any other applicable law if the board or the executive director, in consultation with the state treasurer, determines that the investment or deposit meets the standard established in section 15-1-304, C.R.S., the income is at least comparable to income available on investments or deposits of moneys in the state highway supplementary fund, and the investment will assist the department in the financing of the projects or purposes for which the notes were issued.
