24-51-1102. Reduction of a service retirement benefit - disclosure of service agreements by employers - definitions. (1) Except as otherwise provided in part 17 of this article, employment of a retiree by an employer, whether or not in a position subject to membership, that exceeds the daily or hourly calendar year limits stated in section 24-51-1101 (1) shall result in a reduction of the benefit of such retiree by five percent per day for any part of a day that exceeds said limits. Any reduction of benefits pursuant to the provisions of this subsection (1) that exceeds one hundred percent of the benefit shall be carried forward to reduce future months' benefits.

(2) Employment of a retiree by an employer, whether or not in a position subject to membership, that occurs during the month of the effective date of retirement shall result in a reduction of the benefit of such retiree by five percent per day for any part of a day that the retiree works during such month. Any reduction of benefits pursuant to the provisions of this subsection (2) that exceeds one hundred percent of the benefit shall be carried forward to reduce future months' benefits.

(3) Each employer shall provide a copy to the association of any tax-related information on its employees or other individuals or firms whereby the employer receives services in any form, pursuant to rules promulgated by the association. In addition, each employer shall provide a copy to the association of any agreement, contract, letter of understanding, or other arrangement whereby the employer will receive services in any form, upon request by the association.

(4) For purposes of subsections (1) and (2) of this section, "employment" shall be determined by the association consistent with the internal revenue service's guidance in revenue ruling 87-41, 1987 - 1 C.B. 296, as revised from time to time.

24-51-1103. Contributions for a retiree who returns to membership - benefit calculation upon subsequent retirement - survivor benefit rights - disability retirement benefits. (1) Except as otherwise provided in section 24-51-1747, a retiree who returns to work in a position that is subject to membership may voluntarily suspend the service retirement benefits or the reduced service retirement benefits and resume membership. Upon such suspension, employer and member contributions are required to be made pursuant to the provisions of part 4 of this article.

(1.5) A retiree who, on or after January 1, 2011, suspends his or her service retirement or reduced service retirement benefits shall not add any service credit to the benefit segment from which the retiree suspends his or her retirement. Subject to the election set forth below, any additional service credit accumulated will be reflected in separate benefit segments upon subsequent termination of membership, but only after one year of service credit has been earned during a period of suspension. The service retirement or reduced service retirement benefits for each qualifying separate benefit segment will be calculated pursuant to the benefit structure

under which the retiree originally retired. The benefit for each separate benefit segment resulting from suspension shall be determined using the member's salary and service credit acquired during the period of suspension. The member's age and total service credit with the association upon retirement after each suspension shall govern whether the member shall receive a service retirement calculation or a reduced service retirement calculation pursuant to section 24-51-605 for that segment. Previous separate benefit segments shall be subject to recalculation only to reflect a change in the selected option or a designated cobeneficiary, if applicable, and no benefit increases pursuant to section 24-51-1001 will be applicable to any separate benefit segment during any period of suspension. Upon reinstatement of the retirement benefit allowance payments, no increase shall be made until such resumed payments have been paid continuously for the twelve months prior to July 1. Upon resumption of retirement after suspension, the association shall refund all moneys credited to the member contribution account during the period of suspension pursuant to section 24-51-405 unless, within a time period set by the association, the retiree makes written election to establish a separate benefit segment calculated as set forth above. The refund shall be an amount equal to all moneys credited to the member contribution account during the period of suspension and payment of matching employer contributions pursuant to section 24-51-408. The requirement to have at least five years of service credit to be eligible for the matching employer contributions provided in section 24-51-408 shall not apply in the event of returning to retirement after suspension. No refund may be issued for any benefit segment from which a benefit has been drawn. Such refund shall be required for any separate benefit segment during which less than one year of service credit has been earned.

(2) Survivor benefit rights provided for in part 9 of this article shall be available to a retiree who voluntarily suspends the benefits and returns to membership as if such retiree had not retired.

(b) Notwithstanding the provisions of section 24-51-1101, upon written agreement with the chief justice of the Colorado supreme court, a member of the judicial division may perform, during retirement, assigned judicial duties without pay for ten, twenty, thirty, sixty, or ninety days each year and must receive a benefit increase equal to three and three-tenths percent, six and seven-tenths percent, ten percent, twenty percent, or thirty percent, respectively, of the current monthly salary of judges serving in the same position as that held by the retiree at the time of retirement. Within thirty days prior to each anniversary date of retirement, and upon written request to and approval by the chief justice, a retiree, who has taken a leave of absence, may reenter into such agreement to perform assigned temporary judicial duties. Upon reentering into such agreement, the retirement benefit shall include the benefit increase specified in subsection (1) of this section.

(3) If a written agreement is entered into pursuant to the provisions of this section, and notice is received from the chief justice of the refusal of the retiree to accept a temporary assignment without just cause, the retirement benefit shall be recalculated to reduce the benefit to the amount payable without the increase specified in subsection (1) of this section. (4) Increases in the retirement benefit pursuant to the provisions of this section shall be reimbursed to the judicial division trust fund by an annual appropriation by the general assembly to the judicial department for payment into the judicial division trust fund.

(7) Retirees from the judicial division who received a "does not meet performance standard" or "do not retain" recommendation in their last judicial performance evaluation before their retirement, either public or unpublished, are not eligible to enter into an agreement under subsection (1)(b) of this section to return to temporary judicial duties during retirement.

(8) Retirees from the judicial division who receive a disciplinary disposition from the commission on judicial discipline of private admonishment, private reprimand, private censure, public reprimand, public censure, suspension, or removal are not eligible to enter into an agreement under subsection (1)(b) of this section to return to temporary judicial duties during retirement.

(1) Contribution rates by the employer and by members of the defined contribution plan established pursuant to this part 15 shall be the same as the rates that would be payable by the employer and the member pursuant to section 24-51-401. The individual's participant account shall receive the full member contribution amount in effect under section 24-51-401. The individual's participant account shall receive a portion of the employer contribution equal to the amount in table A in section 24-51-401 (1.7)(a). (3) Except as otherwise provided in subsection (4) of this section, members of the association's defined contribution plan shall be immediately and fully vested in their own contributions to the plan, together with accumulated investment gains or losses. Members shall

be immediately vested in fifty percent of the employer's contribution to the defined contribution plan, together with accumulated investment gains or losses on that vested portion. For each full year of membership in the defined contribution plan, the vesting percentage shall increase by ten percent. (4) A member of the association's defined contribution plan with an accrued balance in the plan who became a member of the plan pursuant to section 24-51-1501 (2) or 24-51-1503 (3), shall be fully vested in one hundred percent of the state's past and future contributions to the plan, together with accumulated investment gains or losses on that vested portion. (2) A member who elects to join the defined benefit plan pursuant to subsection (1) of this section may, upon meeting the requirements of section 24-51-505, purchase service credit for the period of employment covered by the defined contribution plan. The cost to purchase such service shall be the same as the cost determined by the board for the purchase of noncovered employment. The member may elect to have any portion of the member's account paid from the defined contribution plan to the defined benefit plan to facilitate the purchase of service credit through a direct rollover in accordance with section 401 (a)(31) of the federal "Internal Revenue Code of 1986", as amended. The member may not be vested in the defined contribution plan upon purchasing service credit for employment that was covered by the defined contribution plan.

(3) The board, in its sole discretion, may provide optional coverage for disability, survivor, and retiree health-care benefits to members of the association's defined contribution plan.

24-51-1506.5. Additional choices for employees who were eligible employees before January 1, 2006. (1) Effective July 1, 2009, any employee who became eligible to participate in the state defined contribution plan before January 1, 2006, who was a member or inactive member of the association may, as long as the employee is employed in a position with an employer for which the association's defined contribution plan is available, make a written election during the annual open enrollment period for the state employees group benefit plan of any year to participate in the association's defined contribution plan. The written election shall be effective the first day of the annual state employees group benefit plan year established pursuant to section 24-50-604 (1)(m). In the absence of such written election, the employee shall be a member of the association's defined benefit plan.

(2) Any employee who was eligible to participate in the state defined contribution plan before January 1, 2006, and who elects to participate in the association's defined contribution plan pursuant to subsection (1) of this section shall specify one of the following options:

(a) To terminate future defined benefit contributions beginning on the date of election while maintaining rights as provided by the laws applicable to the association relative to any contributions or benefits accrued prior to such election; or

(b) To terminate membership in the association's defined benefit plan and require payment by the association of all member contributions, accrued interest on such contributions, and matching employer contributions, as provided by the laws applicable to the association, to the association's defined contribution plan. Such election shall constitute a waiver of all rights and benefits provided by the association. Within ninety days after receipt of notice of an election to terminate membership pursuant to this paragraph (b), the association shall pay to the association's defined contribution plan an amount equal to the employee's member contributions plus accrued interest calculated pursuant to section 24-51-407 and matching employer contributions paid pursuant to section 24-51-408.

(3) (a) Effective July 1, 2009, any employee who became eligible to participate in the state defined contribution plan before January 1, 2006, and who participated in the state defined contribution plan before July 1, 2009, and became a member of the association's defined contribution plan pursuant to section 24-51-1501 (2) or 24-51-1503 (3) may terminate future contributions to the association's defined contribution plan and instead participate in the association's defined benefit plan by making a written election during the annual open enrollment period for the state employee group benefit plan of any year. The written election shall be effective on the first day of the annual state employee group benefit plan year, established pursuant to section 24-50-604 (1)(m). Any such election to participate in the

association's defined benefit plan shall be in writing and shall be filed with the association and with such eligible employee's employer. In the absence of such written election, the employee shall be a member of the association's defined contribution plan.

(b) Any employee who terminates participation in the defined contribution plan pursuant to paragraph (a) of this subsection (3) and becomes a member of the association's defined benefit plan may, upon meeting the requirements of section 24-51-505, purchase service credit for the period of employment during which the employee was a participant in the defined contribution plan. The cost to purchase service credit shall be determined in accordance with section 24-51-505 (3). The employee may elect to have any portion of the employee's account paid from the defined contribution plan to the association to facilitate the purchase of service credit through a direct rollover in accordance with section 401 (a)(31) of the federal "Internal Revenue Code of 1986", as amended. The employee may not be vested in the association's defined contribution plan upon purchasing service credit for employment that was covered by the defined contribution plan.

The amount deferred, including investment earnings, shall be exempt from federal and state income taxes until the ultimate distribution of such contributions has been made to the participant, former participant, or beneficiary.

PART 17

DENVER PUBLIC SCHOOLS DIVISION

24-51-1701. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) It is in the best interests of the people of this state to administer the Denver public schools pension system within the state under the public employees' retirement association.

(b) The combination of the Denver public schools retirement system as a separate division of the public employees' retirement association will recognize the distinctive characteristics of that system and its funding over sixty-three years, and will also facilitate the general assembly's anticipated assessment of the contribution and benefit structure of the association's defined benefit plans to maintain the perpetual sustainability of such plans based on the recommendations from the board of trustees of the association in 2010.

(c) The state's seventy-seven-year investment in the defined benefit plans for Colorado public servants has served the state invaluablely. The association has provided positive investment returns on funds that, when distributed as benefits, remain substantially within Colorado and fosters a professional and effective governmental service system. These features strengthen the provision of government services for all citizens of the state in ways that no other retirement system could, affecting the public safety and general welfare of the state for the better.

(d) The current separation of pension plans and provisions between Denver public schools employees and the employees of all the other school districts in the state creates artificial barriers for employees to relocate between the systems. Therefore, this separation hinders competitive forces for the placement of teachers and other employees at their potential optimum employment location, preventing the maximization of employee value for all school districts and citizens within the state.

(2) The general assembly further finds and declares that the purpose of this part 17 is to combine the two systems with the intent of facilitating the perpetual future maintenance, security, and sustainability of the defined benefit plans within the public employees' retirement association. Given the special services and benefits rendered by Colorado's public servants to the citizens of the state, it is the province, right, and obligation of the state to care for the members and the dependents and survivors of its public servants who are entitled to retirement benefits due to length of service or age or because they have been injured or disabled in service.

24-51-1702. Definitions. As used in this part 17, unless the context otherwise requires:

(1) "Accredited service" shall have the same meaning as set forth in section 24-51-1704.

(2) "Active service", as used in determining eligibility to receive benefits, as contrasted with determination of the amount thereof, means all periods of service that qualify as accredited service. Additionally, for employees appointed or reappointed on or after December 1, 1945, a maximum of ten years of civilian service, of a similar kind, in a tax-supported institution other than the district, referred to in this subsection (2) as "outside service", may count as active service; except that any service purchased together with any such outside service shall not exceed a maximum of ten years in calculating active service. No part of said outside service shall apply if earned while on leave from the district. Whenever the term "active service" is used with reference to civilian service of a similar kind of a regular or casual employee with any tax-supported institution other than the district, said active service shall be determined in a manner consistent with the definition of active service with the district. Periods of service in a charter school shall count as active service if such service is also counted as accredited service. Effective January 1, 1996, all service performed with the district or with a charter school and that meets the definition of accredited service shall be treated as if it were civilian service in a tax-supported institution other than the district, as provided in this subsection (2), if it is not counted as accredited service.

(3) "Annual compensation" means the established contractual salary rate for a regular employee on an annual basis for regularly assigned services, before any deductions. Special stipends and extra pay for additional assignments not on the basis of the regular established contractual salary rate shall not be deemed a part of annual compensation. For compensation received on and after January 1, 2010, annual compensation shall be governed by section 24-51-101 (42) for purposes of determining benefits under this part 17.

(4) "Annuity" means that portion of the benefit attributable to funds provided by normal or arrearage contributions or both made by a contributing or affiliate member.

(7) "Board of education" means the board of education of Denver public schools.

(8) "Career average salary" means the average of the applicable regular annual salary rates for the entire time of accredited service for regular employees.

(9) "Casual employee" means any part-time or temporary employee of the district or of a charter school who received or receives payment in the form of wages or salary from the district

or charter school. Payment of fees for contracted services to an independent contractor shall not be considered salary or wages. Any employee who is a regular employee shall not at the same time be a casual employee.

(10) "Charter schools" means schools created pursuant to the "Charter Schools Act", part 1 of article 30.5 of title 22, C.R.S., that are a part of the Denver public schools and that are accountable to the board of education as complying with the purposes and requirements of said act.

(12) "Contributing service" means that portion of service for which an employee has paid the normal contribution, including any regular interest that would have been credited upon said contribution prior to the payment thereof by the member, together with an amount equal to the pension assessment, if applicable, that would have been payable during such service.

(13) "Covered employment" means the employment of any regular or casual employee who is compensated by wages or salary paid by the district or by a charter school approved by the district. "Noncovered employment" means employment outside of the district or outside of a charter school approved by the district. Service in the armed forces of the United States is included in "noncovered employment".

(14) "District" means school district no. 1 in the city and county of Denver and state of Colorado and is used synonymously with the term "Denver public schools". Unless explicitly stated otherwise in the text, the term "district" also includes those schools that are part of the Denver public schools and that are accountable to the board of education as charter schools and shall also include the Denver public schools retirement system. For clarity or emphasis, there are references in certain sections to both the district and a charter school. The lack of such a dual reference shall not, however, be interpreted to change the foregoing definition as to any other sections.

(15) "Earned service" means service equal to the greater of a member's active or accredited service on January 1, 2004, calculated in accordance with the applicable provisions of this plan as it existed immediately prior to January 1, 2004. Following December 31, 2003, a member's earned service shall be used in lieu of active or accredited service in determining both the eligibility for and the amount of retirement benefits under the DPS plan. On and after January 1, 2010, earned service shall be governed by section 24-51-501.

(16) "Employee contribution" means any funds, other than the pension assessment, payable and paid hereunder by a contributing or affiliate member. The following additional terms are applicable to the term "employee contribution":

(a) "Accumulated contributions" means the balance in a member's account of normal arrearage or additional contributions and regular interest credits thereon. The pension assessment is not a part of accumulated contributions.

(b) "Arrearage contribution" means any contribution in excess of the normal contribution that is required of and paid by contributing or affiliate members.

(c) "Normal contribution" means the required payment by a contributing or affiliate member of a portion of compensation into the system retirement trust fund.

For benefits under sections 24-51-1727 to 24-51-1731, "highest average salary" applies to cases where termination of service occurs on or after July 1, 1994. This subsection (17) shall apply only to DPS members eligible for a retirement benefit as of January 1, 2011. For DPS members not eligible for a retirement benefit as of January 1, 2011, the definition of "highest average salary" specified in section 24-51-101 (25)(b)(V) and (25)(b)(VI) shall apply.

(18) "Job sharing" means the occupation of a single staff position by two employees who receive annual compensation on the active payroll of the district, with each assignment being half-time for the entire contractual work year. Job sharing shall also mean the occupation of a less-than-full-time but greater-than-half-time position by one employee who receives annual compensation on the active payroll of the district and who has no other assignment with the district. Job sharing shall not include the occupation of a position by a person who is a casual employee.

(19) "Membership" means the relationship a regular or casual employee has in the DPS plan and shall consist of the following:

(a) "Affiliate member" means any casual employee who, pursuant to the provisions of this plan, has applied for affiliate membership and whose application has been accepted. The term "contributing member" includes a regular employee of a charter school and a regular employee of the system.

(e) "Deferred member" means a former employee of the district who:

(I) Is not an annuitant who, on or before December 31, 2008, terminated employment with the district and who has on file an election and declaration of intent to apply for a deferred retirement allowance; or

(II) On or after January 1, 2009, terminated employment with the district and has not requested a refund of such member's accumulated contributions.

(f) "Supplemental needs trust" means a valid third-party special needs trust established for a member's or retiree's child as the beneficiary of the trust that complies with the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S., and the federal "Social Security Act", as amended. The department of health care policy and financing shall review any trust established during determination or redetermination of an individual's eligibility for medical assistance and specifically as to the effect of any trust on such eligibility for medical assistance. The trust must be for the benefit of a single beneficiary and must be coterminous with the lifetime of such beneficiary.

(21) "Monthly compensation" means annual compensation divided by twelve.

(22) "Monthly crediting method" means the way in which earnings on member accounts are calculated and credited at the end of a calendar month based upon the accumulated contributions in the member's account at the beginning of that month pursuant to provisions of the DPS plan.

(23) "Nonqualified service" means any noncovered employment that does not include:

(b) Service as an employee of a public, private, or sectarian elementary or secondary school;

(c) Service as an employee of an association of employees who are described in paragraph (a) of this subsection (23); or

(d) Service in the armed forces of the United States.

(24) "Normal retirement age" means the attainment of age sixty-five.

(25) "Outside service" means civilian service of a similar kind, in a tax-supported institution other than the district. Substantiation of outside service must be initiated as of July 1, 2009, or it cannot be applied to earned service for purposes of meeting regular retirement eligibility, pursuant to the provisions of this part 17 regarding earned service. Substantiation of such service must be completed on or prior to December 31, 2009.

(26) "Pension" means the portion of the benefit attributable to funds provided by the district.

(27) "Permanently incapacitated" means an incapacitating condition that is demonstrably permanent and prevents the employee from performing assigned duties subject to accommodation required in accordance with applicable law or reasonably imposed by the district. This subsection (27) applies only for purposes of determining eligibility for disability benefits for applications filed under the DPS plan prior to January 1, 2010.

(28) "Permitted absence" means any authorized and unpaid absence, other than severance of employment; except that no absence in excess of thirty consecutive calendar days shall be deemed permitted unless the authorization therefor shall be in writing, signed by an appropriate administrative official or by authorization of the district. Regardless of any time factor, no absence continued after written notice to return shall be deemed a permitted absence.

(29) "Primary percentage" shall be the product obtained by multiplying the unit benefit percentage factor by the total number of years and months of accredited service. Months shall be expressed as fraction with the number of months as the numerator and twelve as the denominator. The primary percentage shall be rounded to the nearest one-hundredth of a percent. Multiplying the primary percentage by the highest average salary as defined in subsection (17) of this section or career average salary, whichever is applicable, results in the annual retirement allowance expressed as a single life annuity and known as option A.

(30) "Regular employee" means any employee who receives annual compensation on the active payroll of the district and whose employment by the district represents the employee's principal gainful occupation and requires so substantial a portion of time that it is impractical to follow any other substantially gainful occupation. Absence of a regular employee on a permitted absence shall not change the employee's status as a regular employee. Any employee who is a casual employee shall not at the same time be a regular employee.

(31) "Regular interest" means, on and after January 1, 2010, the rate set by the association's board as provided in section 24-51-407 (4) and as may be periodically adjusted. On or before December 31, 2009, "regular interest" means the rates specified in the DPS plan document.

(32) "Reserve" means the present value of payments to be made on account of any benefit provided in this plan and computed upon the basis of such mortality tables and interest assumptions as may, from time to time, be approved.

(33) "Reserve for employees to be retired" means the reserve that is part of the system retirement trust fund and identifies the amount of moneys set aside to provide for the basic benefits that are anticipated to be payable to currently active members or to those members who have already elected deferred retirement benefits but who, because of age, are not yet actually receiving such benefits.

(34) "Retirement allowance" or "total retirement allowance" means the initial benefit for a benefit that becomes effective on or after January 1, 2010. For a benefit that became effective before January 1, 2010, "retirement allowance" means the total benefit payable as of June 30, 2010, including the sum of the initial benefit, accumulated annual increases, and cost of living increases.

(35) "Retirement plan" means the retirement and benefit plan contained in this part 17.

(36) "Supplement" or "special supplement" means postretirement increases in total retirement allowance to certain qualified annuitants and beneficiaries.

(37) "Tax-supported institution" means a governmental entity or agency that either has the power to levy taxes or that receives governmental appropriations as such an entity or agency.

(38) "Total temporary disability" means absence from work and temporary inability to perform assigned duties as a result of personal injury incurred in the scope and course of employment as determined by the district.

(39) "Unit benefit percentage factor" means the percentage used as the factor for one year of accredited service. The unit benefit percentage factor shall be one and two-thirds percent from July 1, 1962, to January 1, 1980. The unit benefit percentage factor shall be one and seventy-five one-hundredths percent effective January 1, 1980; one and ninety one-hundredths percent effective January 1, 1981; two percent effective January 1, 1982; two and seven one-hundredths percent effective January 1, 1988; two and twenty-five one-hundredths percent effective July 1, 1998; and two and one-half percent effective January 1, 2001. The unit benefit percentage applicable to a deferred retirement shall be that in effect on the actual date on which the employment of such member by the district finally terminated. In all other retirements, the unit benefit percentage factor shall be that in effect on the effective date of such retirement.

24-51-1703. Denver public schools division - consolidation. (1) The DPS plan shall continue to govern the benefits and programs specified in such plan through December 31, 2009. On January 1, 2010, the DPS plan shall be superseded by the provisions of this article except to the extent that it is necessary to refer to the DPS plan for the correction of errors and as it may be incorporated by reference in this article.

(2) On January 1, 2010, all the assets, liabilities, and obligations of the Denver public schools retirement system shall become the assets, liabilities, and obligations of the Denver public schools division of the association without any further act or document of transfer.

(3) On January 1, 2010, notwithstanding the provisions of subsection (2) of this section, the Denver public schools retirement system or the association, or both, may take such actions and execute such certifications or other instruments as may be convenient to evidence the consummation of the merger of the two systems, its effective date, and the assets or any particular asset transferred. Any such certification or other instrument purportedly executed by an authorized officer of either system and bearing the seal of such system shall be prima facie evidence of all matters stated in the certification or instrument and may be relied upon by any third party, without further inquiry, including, without limitation, any public trustee or other public official of this or any other state or local government. If any certification or other instrument is recorded in the appropriate real estate records in this or any other state or local government, a copy of the certification or instrument, when duly certified by the custodian of the real estate records to be a true copy of the recorded original, shall have the same effect as the original.

(4) The value of assets transferred as of January 1, 2010, as reflected in the audited financial report effective December 31, 2009, shall determine the initial asset value in the Denver public schools division trust fund for purposes of the initial and future valuations and the proportionate share of the total assets of the association attributable to the Denver public schools division. In the event that the audited value is adjudicated by a court of competent jurisdiction to be in error such that the true value on the date of transfer was different than reflected in the audited financials, an adjustment shall be made to the initial asset value of the Denver public schools division and appropriate adjustments made to the proportionate share of investment returns and expenses of the association attributed to the Denver public schools division. No adjustment to the starting asset value of the Denver public schools division shall result from a change in value after January 1, 2010, of the assets transferred. For purposes of this subsection (4), the Denver public schools retirement system real estate and private equity holdings shall be valued and audited as of December 31, 2009, and the directly owned real estate of the association shall be appraised for evaluation as of December 31, 2009.

(5) (a) Prior legislative attempts to accomplish the merger of the Denver public schools retirement system into the school division of the Colorado public employees' retirement association with agreement among the three parties have proven unsuccessful notwithstanding substantial expenditures of time and money by the parties. The reasons for such lack of success include the methodology involved in the determination and allocation of the costs of a merger in order to avoid any subsidy to either merging party as a result of the merger. To avoid these problems and to obtain the public policy benefits of a merger, this section mandates the merger without any requirement of agreement among the parties and implements it through the creation of a separate division within the association. Notwithstanding such mandate, the successful integration of the Denver public schools retirement system into the association while

maintaining a continuing high level of service to the members and beneficiaries of both systems has required and will continue to require the cooperation and best efforts of the governing bodies and staffs of the Denver public schools retirement system, the association, and the Denver public schools. In the course of the merger, the parties shall observe the fiduciary duties and legal obligations incident to their respective offices, positions, and employments, which duties and obligations may not always be entirely clear or easily accomplished. Therefore, to secure the public policy objectives incident to the merger and its successful implementation in the most efficient way feasible, so long as such governing bodies and staffs act or have acted in good faith and in accordance with a good faith interpretation of the requirements of this section and other applicable law, they shall be deemed to have fulfilled their fiduciary duties and other legal obligations. In addition, such governing bodies and staffs shall have no personal liability for their acts or omissions incident to the implementation of the merger, including all activities reasonably related thereto. Any person who contends otherwise shall bear the burden of proving that any act or omission challenged does not meet the requirements of good faith.

(b) It is the intent of this part 17 to achieve the mandated merger and to facilitate its implementation, thereby providing portability of the benefits of the members of the Denver public schools retirement system and the association. In addition, this part 17 is intended to pursue efficiencies in the administration of the benefits of members and beneficiaries of the Denver public schools retirement system and in the investment of moneys being transferred to the association and later accruing to it through employer and employee contributions, all in accord with changing conditions. The provisions of this part 17 and the benefit provisions for members and beneficiaries to be provided following the merger shall be interpreted and administered to attempt to further those objectives, and if pursued reasonably and in good faith shall be deemed to comply with applicable legal and fiduciary requirements. Any person who contends otherwise shall bear the burden of proving that any act or omission challenged does not meet all legal requirements applicable in the circumstances.

(c) On January 1, 2010, the separate existence of the Denver public schools retirement system shall cease, and the terms of its trustees shall expire. In addition, the employment of its employees shall cease, subject to section 24-51-1748, providing for their employment by the association. Any claims against such trustees, former trustees, employees, or former employees in their respective capacities shall be commenced within such periods of limitation and shall be subject to such other provisions as may be provided by law, but in no case shall such an action be brought more than two years after January 1, 2010. Any claims relating to the merger and made against the trustees, former trustees, employees, or former employees of the association in their respective capacities, and any claims relating to the merger and made against members or former members of the board of education or employees or former employees of the school district in their respective capacities shall be commenced within such periods of limitation and shall be subject to such other provisions as may be provided by law, but in no case shall such an action be brought more than two years after January 1, 2010.

24-51-1704. Service credit. (1) "Accredited service", as used in the determination of benefits, allowed or allowable, shall include the following:

(a) Subject to the express limitations in this section, all periods of employment with the district or with a charter school as a regular employee for which the employee received or receives payments in accordance with annual compensation.

(b) All periods of employment with the district or with a charter school as a casual employee prior to the effective date of retirement for which the employee received or receives wages or salary from the district; except that no period of employment as a casual employee shall be counted as accredited service if such employee during such period is also a regular employee.

(c) Leaves of absence or permitted absences commencing prior to July 1, 1962, as governed by the DPS plan document.

(d) Leaves of absence or permitted absences commencing on or after July 1, 1962, under the following conditions:

(I) A leave of absence for service in the United States armed forces, study, travel, or research shall count as accredited service if the entire period of said leave qualifies as contributing service.

(II) If said leave is a sabbatical leave or a leave for restoration of health on a half-salary basis and if the normal contribution is based on the full annual compensation of the member and the leave qualifies as contributing service, then the entire period of such leave shall count as accredited service. If, however, the normal contribution is based only on a fraction of the annual compensation, then said fraction shall be multiplied by the total period of such leave to determine the portion of the leave that shall count as accredited service.

(III) (A) Notwithstanding any other provision of this subparagraph (III), an absence due to a temporary total disability compensable in accordance with the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, C.R.S., shall be deemed accredited service only in accordance with the provisions of this sub-subparagraph (A).

(B) The portion of an absence due to a temporary total disability for which the employee is compensated by the district in accordance with its policies pertaining thereto from time to time shall be considered accredited service. If, however, the normal contribution is based only on a fraction of the annual compensation, then the fraction shall be multiplied by the total period of such leave to determine the portion of the leave that shall count as accredited service.

(C) The portion of an absence due to a temporary total disability for which the employee is not compensated in the manner provided in sub-subparagraph (B) of this subparagraph (III) but for which the employee receives workers' compensation shall be considered accredited service only if qualified as such within the earlier of two years after the employee's return to work full time or thirty days prior to the effective date of the employee's retirement. Such qualification shall be accomplished by payment into the DPS plan of an amount equal to the normal contributions and pension assessments, together with interest as calculated, and within the time limits determined by the association board and computed as of the date the agreement to pay is made, for the portion of the absence covered by this sub-subparagraph (C) in accordance with subparagraph (VI) of this paragraph (d).

(D) This subparagraph (III) shall become effective on January 1, 1986, and shall apply to absences covered by its terms that begin on or after that date.

(IV) No portion of a period of absence for illness where said period exceeds fifteen consecutive working days, for which period no payments in accordance with the employee's annual compensation were made, shall count as accredited service.

(V) Any other type of permitted absence not specified in this section may not be counted as accredited service unless the board of education, at the time such permitted absence is authorized, specifies that the time spent on such permitted absence shall be counted as accredited service for purposes of this retirement plan, subject to the requirement that the entire period of said absence shall qualify as contributing service. Notwithstanding this subparagraph (V), any such absence which is less than sixteen consecutive working days shall be counted as accredited service.

(VI) The normal contribution for all permitted absences other than those compensated in any way by the district shall be based upon the annual compensation in effect immediately prior to the date of commencement of such absence.

(VII) Service accrual for all permitted absences shall be consistent with service accruals that were allowed under this retirement plan immediately preceding the permitted absence. This shall include, without limitation, the retirement plan and associated rule definitions and provisions applicable to service accrual for job-sharing assignments as of any given date.

(e) Leaves of absences or permitted absence commencing on or after January 1, 1980, which can qualify as accredited service in accordance with this subsection (1), must be qualified as contributing service within two years from the date the employee returns to work. On and after January 1, 1998, leaves of absence that are qualified as contributing service shall be qualified in accordance with provisions of the DPS plan document.

(f) A person employed in a job-sharing assignment shall receive earned service accruals appropriate to reduce such service to its equivalent in full-time service.

(g) A leave of absence granted to an employee to allow that employee to work in a charter school shall not count as accredited service unless the period of time spent in charter school employment is covered as contributing or affiliate membership, in which case the service shall be covered pursuant to the requirements of such membership.

Purchases related to reemployment and noncovered employment for which payments are not complete prior to January 1, 2010, shall be governed by the DPS plan document. On January 1, 2010, service credit shall be credited to the member accounts to the extent of payments received, a new service credit purchase agreement shall be issued by the association using the previously existing lump-sum or installment payment amount, and future payments and service accruals shall be governed by part 5.

Accreditation of casual employment and qualifiable periods of leave as described in section 24-51-1704 for which payments are not complete prior to January 1, 2010, shall be governed by the DPS plan document. On January 1, 2010, such service shall be credited to the member accounts to the extent of payments received, and a new purchase agreement shall be issued by the association

using the previously existing lump-sum or installment payment amount, and future payments and service accruals shall be governed by part 5 of this article. After January 1, 2010, accreditation of casual employment and qualifiable leaves as provided in this part 17 shall not be permitted.

24-51-1707. Affiliate membership. A casual employee who has been approved or has applied, and is ultimately approved, for status as an affiliate member as of December 31, 2009, shall remain an affiliate member and the benefits provided for pursuant to the DPS plan document shall govern at the time of retirement, unless such status is revoked pursuant to the DPS plan document. Any applicant for affiliate member status shall complete payments in accordance with the DPS plan document or be subject to revocation of affiliate member status. On or after January 1, 2010, further applications for affiliate membership shall not be permitted, and all eligible benefits payable to the existing affiliate members shall be based on the highest average salary, as defined in section 24-51-1702 (17), and benefit descriptions, as detailed in sections 24-51-1715, 24-51-1729, and 24-51-1734 to 24-51-1746.

24-51-1710. Earned service. (1) Effective on January 1, 2004, each active member of the system shall be credited with earned service. Subject to the further provisions of this section, earned service shall be equal to the greater of a member's active or accredited service on January 1, 2004, calculated in accordance with the applicable provisions of this retirement plan as it existed immediately prior to January 1, 2004. Following December 31, 2003, a member's earned service shall be used in lieu of active or accredited service in determining both the eligibility for and the amount of retirement benefits under this retirement plan.

(2) On and after January 1, 2010, in making calculations of earned service, active service shall not include outside service, but outside service substantiated on or before December 31, 2009, may be added to earned service in determining a member's eligibility to retire for superannuation with an unreduced benefit at age fifty-five or older and with at least twenty-five years of service, in accordance with sections 24-51-1715 and 24-51-1734; except that outside service taken together with service purchased under sections 24-51-1705 and 24-51-1706 may not exceed ten years in determining such eligibility to retire. This subsection (2) only applies to DPS members who retire from the Denver public schools division without exercising portability and DPS members who retire a frozen segment of service in the Denver public schools division that includes outside service.

(3) On and after January 1, 2004, earned service shall be calculated in the same manner provided in the DPS plan document for calculating active service prior to January 1, 2004, except for casual employment, which shall be calculated in accordance with the provisions of the DPS plan document; except that earned service shall not include outside service.

(4) In the case of a person who is an employee of the district on January 1, 2004, and thereafter qualifies as a deferred member in accordance with the DPS plan document and later applies for benefits under this part 17, the conversion to earned service shall be accomplished in the manner provided in this part 17, and benefits shall be calculated accordingly.

(5) In the case of a person who, on January 1, 2004, has either qualified for disability retirement or has applied for disability retirement and is thereafter determined to be entitled to such disability retirement, the recomputation of retirement benefits in accordance with the DPS plan document shall be accomplished utilizing earned service calculated pursuant to the provisions of this section.

(6) On and after January 1, 2004, this section shall, in accordance with its terms, amend and supersede all prior provisions of this retirement plan in conflict with such terms.

24-51-1715. Benefits. (1) The annual superannuation retirement allowance shall be determined in the following manner:

(a) Subject to the provisions of paragraph (c) of this subsection (1) pertaining to certain members appointed or reappointed on or after July 1, 2005, and for persons who become affiliate members on or after July 1, 2005, the following calculations shall apply:

(I) If said member shall retire pursuant to section 24-51-1713, the highest average salary as defined in section 24-51-1702 (17) shall be multiplied by the primary percentage which shall determine the annual retirement allowance expressed as a single life annuity and known as option A.

(II) If, however, said member shall retire pursuant to section 24-51-1714 (2), and if the member has reached retirement eligibility as of January 1, 2011, and has attained a minimum age of fifty years, the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a), shall be reduced by the lesser of four percent for each year that fifty-five exceeds said member's attained age or four percent for each year that thirty exceeds said member's number of years of active service with the district, in either case prorated for a partial year. For members who have not reached retirement eligibility as of January 1, 2011, the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a), shall be reduced by an actuarially determined percentage as of the effective date of retirement to ensure that the benefit is the actuarial equivalent of the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a).

(III) If said member shall retire pursuant to section 24-51-1714 (2), and if the member has reached retirement eligibility as of January 1, 2011, and is younger than age fifty, the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a), shall be reduced by the greater of four percent for each year that fifty exceeds said member's attained age or four percent for each year that thirty exceeds said member's number of years of active service with the district, in either case prorated for a partial year. For members who have not reached retirement eligibility as of January 1, 2011, the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a), shall be reduced by an actuarially determined percentage as of the effective date of retirement to ensure that the benefit is the actuarial

equivalent of the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a).

(IV) If said member shall retire pursuant to section 24-51-1714 (3), and the member has reached retirement eligibility as of January 1, 2011, the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a), shall be reduced by the lesser of four percent for each year that twenty-five exceeds said member's number of years of active service with the district or four percent for each year that sixty-five exceeds said member's age, in either case prorated for a partial year. For members who have not reached retirement eligibility as of January 1, 2011, the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a), shall be reduced by an actuarially determined percentage as of the effective date of retirement to ensure that the benefit is the actuarial equivalent of the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a).

(V) If said member shall retire pursuant to section 24-51-1714 (4), and if the member has reached retirement eligibility as of January 1, 2011, the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a), shall be reduced by four percent for each year that fifty exceeds said member's age. For members who have not reached retirement eligibility as of January 1, 2011, the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a), shall be reduced by an actuarially determined percentage as of the effective date of retirement to ensure that the benefit is the actuarial equivalent of the annual retirement allowance, calculated pursuant to subparagraph (I) of this paragraph (a).

(b) If a reduction percentage is applicable, prior to calculation of the reduced retirement allowance, the annuity portion shall be determined and subtracted from the retirement allowance in order to determine the pension portion, using the terms of section 24-51-1726, if applicable, and then the reduced retirement allowance shall be determined by application of the appropriate reduction. The annuity portion of said allowance, as determined prior to the reduction, shall be subtracted from the reduced retirement allowance in order to determine the pension portion, if any, that may be applicable. In no event shall any reduced retirement allowance be less than the annuity portion of said allowance as determined prior to the reduction percentage. Said annual retirement allowance shall be payable on a monthly basis and shall continue for so long as said member shall live or so long as may be provided under any option available to and elected by such member pursuant to the provisions of this retirement plan. Payment shall be made at the end of the calendar month for any retirement allowance attributable to said month, and upon the death of said member payment shall be allowed for that portion of the calendar month in which death occurs up to and including the date of death.

(c) In making the calculation of the annual retirement allowance adjustment for a member who initially was appointed or who became an affiliate member on or after July 1, 2005, and who has reached retirement eligibility as of January 1, 2011, the reduction percentage provided in paragraph (a) of this subsection (1) shall be changed in each instance from four percent to six percent. For members who have not reached retirement eligibility as of January 1, 2011, the annual retirement allowance, calculated pursuant to subparagraph (I) of paragraph (a) of this subsection (1), shall be reduced by an actuarially determined percentage as of the effective date of retirement to ensure that the benefit is the actuarial equivalent of the annual retirement allowance, calculated pursuant to subparagraph (I) of paragraph (a) of this subsection (1).

24-51-1716. Optional forms of allowance. Any contributing member or affiliate member whose effective date of retirement is on or after December 31, 2004, may elect to receive a superannuation retirement allowance in accordance with any of the options hereinafter stated. Option A shall be deemed a basic option, and the amount of the annual retirement allowance payable under such option as determined under the provisions of section 24-51-1715 shall be the amount that shall be duly adjusted in computing payments to be made under options other than option A. Prior to application for retirement, any such election may be changed or revoked, but when a member files application for retirement and elects an option, such option may not thereafter be changed or revoked, except where the designated co-annuitant under option P2 or option P3 predeceases the member prior to the effective date of retirement, pursuant to section 24-51-1723 or 24-51-1724, whichever is applicable. This shall not preclude the member's right to have the option elected become effective as of the date of retirement. In addition to the provisions of this section, in any dissolution of marriage action in any district court of the state of Colorado, the court shall have jurisdiction to order or allow an annuitant who is a petitioner or respondent in such action, and who selected an option P2 or P3 at the time of retirement designating the annuitant's spouse as the co-annuitant, to revoke the co-annuitant designation and for an option A benefit to become payable thereafter to the annuitant. The option A benefit shall be the original option A amount calculated as of the annuitant's effective date of retirement increased by any increases in the basic retirement allowance granted in accordance with the provisions of the DPS plan document and section 24-51-1732 subsequent to the annuitant's effective date of retirement. If no option is elected by a member at or prior to the time of application for retirement, such member shall be considered to have automatically elected to receive the applicable benefit under option A.

24-51-1717. Option A. Option A is a single life annuity, which is defined as a specified sum of money payable monthly to an annuitant from the time of retirement until the death of said annuitant, without refund of any kind to the estate of the deceased annuitant or anyone claiming by or through the annuitant. The monthly retirement allowance under option A shall be calculated in accordance with the provisions of section 24-51-1715. For retirements having effective dates on or after December 31, 2004, option A shall be revised to provide that if, upon the death of the annuitant, the total amount of retirement allowance that has been paid to the annuitant does not exceed the amount of the member's accumulated contributions, then the difference between said accumulated contributions and the total amount of retirement allowance paid to such annuitant shall be paid to the named beneficiary of the annuitant or, if no named beneficiary exists, to the estate of the annuitant. The monthly retirement allowance under the revised option shall be calculated in accordance with the provisions of section 24-51-1715.

24-51-1718. Option B. (1) Option B is an installment refund annuity, which is defined as a smaller sum of money than the amount that would be payable under option A but that is the actuarial equivalent thereof, as provided in this retirement plan, payable monthly to an annuitant from the time of retirement until death, with the additional provision that if said annuitant dies before receiving an amount equal to the total reserve credited to said annuitant, said payments shall be continued to beneficiaries designated by said annuitant until the total amount of the payments made to such annuitant and to beneficiaries of said annuitant is equal to the total amount of reserve allocated to the payment of said annuitant's retirement allowance.

(2) If a deceased member's estate is the beneficiary, payment in one sum of the commuted value of the retirement allowance shall be made to the member's estate. The rate of interest used in determining the commuted value shall be the actuarial investment assumption rate of the association on the date of death of the member.

(3) In the event of the death of a retired deceased member's beneficiary who is receiving monthly benefits under option B, a payment in one sum of the commuted value of the remaining monthly payments shall be made to the estate of the deceased beneficiary. The rate of interest used in determining the commuted value shall be the actuarial investment assumption rate of the association on the date of death of the beneficiary.

24-51-1719. Option C. (1) Any contributing member or affiliate member choosing or having chosen option C through December 31, 2009, will be governed by the DPS plan document. As of January 1, 2010, option C will no longer be a permissible payment choice.

(2) Notwithstanding any provision to the contrary, an annuitant may change the co-annuitant that was named by such annuitant and designate a supplemental needs trust as a co-annuitant in place of the previously named co-annuitant if:

(a) The beneficiary of the supplemental needs trust is the same person as the previously named co-annuitant; and

(b) The retiree files an application and any required documents in a form as designated by the association.

(3) If a supplemental needs trust is not established before or within ninety days after the death of the annuitant, is determined to be invalid, or is terminated on or after the death of the annuitant, the beneficiary that was named in the trust is the co-annuitant.

(2) Notwithstanding any provision to the contrary, an annuitant may change the co-annuitant that was named by such annuitant and designate a supplemental needs trust as a co-annuitant in place of the previously named co-annuitant if:

(a) The beneficiary of the supplemental needs trust is the same person as the previously named co-annuitant; and

(b) The retiree files an application and any required documents in a form as designated by the association.

(3) If a supplemental needs trust is not established before or within ninety days after the death of the annuitant, is determined to be invalid, or is terminated on or after the death of the annuitant, the beneficiary that was named in the trust is the co-annuitant.

24-51-1722. Additional optional forms of allowance beginning December 31, 2004. In addition to the options provided in sections 24-51-1717 and 24-51-1721, any contributing member or affiliate member whose effective date of retirement is on or after December 31, 2004, may elect to receive a superannuation retirement allowance in accordance with any of the options provided in sections 24-51-1723 and 24-51-1724. Option A shall be deemed a basic option under this section, and the amount of the annual retirement allowance payable thereunder, as determined under the provisions of section 24-51-1715, shall be the amount that shall be duly adjusted in computing payments to be made under options P2 and P3. Prior to application for retirement, any such election may be changed or revoked, but when a member files application for retirement and elects an option, such option may not thereafter be changed or revoked except as provided in this part 17.

24-51-1723. Option P2. (1) Option P2 is a modified joint survivorship annuity, which is defined as a somewhat smaller sum of money than the amount that would be payable under

option A but that is the actuarial equivalent thereof, as calculated under this retirement plan, payable monthly to an annuitant from the time of retirement until the death of said annuitant, and, thereafter an amount equal to one-half of the monthly amount paid to the annuitant is payable monthly to the annuitant's designated co-annuitant until the death of that person. The designation of the co-annuitant shall be effective upon the effective date of the member's retirement and may not subsequently be changed except as provided in subsection (2) of this section. Upon the death of the co-annuitant prior to the death of the annuitant, the benefit payable to the annuitant thereafter shall be the original option A amount increased by any increases in the basic retirement allowance granted in accordance with the provisions of the DPS plan document and section 24-51-1732 subsequent to the annuitant's effective date of retirement. In addition to designating a co-annuitant, the member shall designate a beneficiary and shall have the exclusive right to change such designation of beneficiary at any time prior to the annuitant's death. If, upon the death of both the annuitant and the co-annuitant, the total amount of retirement allowance that has been paid to them does not exceed the member's accumulated contributions, then the difference between said accumulated contributions and the total amount of retirement allowance paid to such annuitant and co-annuitant shall be paid to the named beneficiary of the annuitant, or, if no named beneficiary exists, to the estate of the co-annuitant.

(2) In case of the death of the designated co-annuitant under option P2 after the date of application for retirement and before the effective date of retirement, the member may make a change of option or designate a new co-annuitant within thirty days after the death of the previously designated co-annuitant and subject to the appropriate recalculation of the retirement allowance.

(3) Notwithstanding any provision to the contrary, an annuitant may change the co-annuitant that was named by such annuitant and designate a supplemental needs trust as a co-annuitant in place of the previously named co-annuitant if:

(a) The beneficiary of the supplemental needs trust is the same person as the previously named co-annuitant; and

(b) The retiree files an application and any required documents in a form as designated by the association.

(4) If a supplemental needs trust is not established before or within ninety days after the death of the annuitant, is determined to be invalid, or is terminated on or after the death of the annuitant, the beneficiary that was named in the trust is the co-annuitant.

24-51-1724. Option P3. (1) Option P3 is a joint survivorship annuity, which is defined as a somewhat smaller sum of money than the amount that would be payable under option A but that is the actuarial equivalent thereof, as calculated under this retirement plan, payable monthly to an annuitant from the time of retirement until the death of said annuitant and thereafter to the annuitant's designated spouse or any one individual, so long as said designated spouse or

individual shall live; except that, if the co-annuitant is not a designated spouse, the calculation of the payments to the annuitant and co-annuitant will be made in accordance with the further provisions of subsection (2) of this section. The designation of the co-annuitant shall be effective upon the effective date of the member's retirement and may not subsequently be changed except as provided in subsection (4) of this section. Upon the death of the co-annuitant prior to the death of the annuitant, the benefit payable to the annuitant thereafter shall be the original option A amount increased by any increases in the basic retirement allowance granted in accordance with the provisions of the DPS plan document and section 24-51-1732 subsequent to the annuitant's effective date of retirement. In addition to designating a co-annuitant, the member shall designate a beneficiary and shall have the exclusive right to change such designation of beneficiary at any time prior to the annuitant's death. If, upon the death of both the annuitant and the co-annuitant, the total amount of retirement allowance that has been paid to them does not exceed the member's accumulated contributions, then the difference between said accumulated contributions and the total amount of retirement allowance paid to such annuitant and co-annuitant shall be paid to the named beneficiary of the annuitant or, if no such named beneficiary exists, to the estate of the co-annuitant.

(2) If the designated co-annuitant is not the annuitant's designated spouse or a former spouse of the annuitant under the circumstances stated in subsection (3) of this section, the co-annuitant's benefit shall be calculated in accordance with the treasury regulations under section 401(a)(9) of the federal "Internal Revenue Code of 1986", as amended, but, as so calculated, the benefits to the annuitant, the co-annuitant, and any beneficiary or to the estate of the co-annuitant, as provided for in option P3, shall be the actuarial equivalent of the amount that would be payable under option A as calculated under this retirement plan.

(3) If the designated co-annuitant is a former spouse, and if pursuant to a properly executed and filed agreement under section 14-10-113, C.R.S., the designated co-annuitant may, upon the prior death of the annuitant, and for the life of the co-annuitant, receive a monthly payment equal to that otherwise payable to the annuitant.

(4) In case of the death of the designated co-annuitant under option P3 after the date of application for retirement and before the effective date of retirement, the member may make a change of option or designate a new co-annuitant within thirty days after the death of the previously designated co-annuitant and subject to the appropriate recalculation of the retirement allowance.

(5) Notwithstanding any provision to the contrary, an annuitant may change the co-annuitant that was named by such annuitant and designate a supplemental needs trust as a co-annuitant in place of the previously named co-annuitant if:

(a) The beneficiary of the supplemental needs trust is the same person as the previously named co-annuitant; and

(b) The retiree files an application and any required documents in a form as designated by the association.

(6) If a supplemental needs trust is not established before or within ninety days after the death of the annuitant, is determined to be invalid, or is terminated on or after the death of the annuitant, the beneficiary that was named in the trust is the co-annuitant.

24-51-1725. Determination of option P2 or P3 benefits. For reduced superannuation retirements and disability recalculations, for members who retire with an effective date of retirement on or after December 31, 2004, the calculation of benefits payable pursuant to option P2 or P3, as set forth in sections 24-51-1723 and 24-51-1724, shall be actuarially determined as of the effective date of retirement or, in the case of a recalculation pursuant to the DPS plan document for a member retired for disability, the applicable recalculation date.

24-51-1726. Minimum benefits - contributing members and affiliate members. (1) The minimum monthly pension portion of the retirement allowance under an option A settlement shall be the greater of:

(a) Such pension amount payable as a part of the retirement allowance computed under the provisions of section 24-51-1715 in the case of a member retiring for superannuation.

(b) The minimum benefits in effect on or after January 1, 1974, and prior to January 1, 1985, as governed by the DPS plan document.

(c) Effective January 1, 1985, the sum of fifteen dollars, multiplied by the number of whole years of accredited service plus additional whole months expressed as a fraction of a year of accredited service but in no event in excess of the total sum of one hundred fifty dollars, plus the sum of twenty dollars multiplied by the number of whole years of accredited service in excess of ten years plus additional whole months expressed as a fraction of a year of accredited service. These minimum benefits shall not apply to retirements previous to January 1, 1985.

(d) The minimum monthly pension portion of the retirement allowance under options other than option A shall be computed by taking such minimum amount as established under an option A settlement and making the appropriate reduction to reflect the additional actuarial factors involved under such other option pursuant to the applicable tables then in use.

24-51-1726.5. Contributions for a retiree who returns to membership - benefit calculation upon subsequent retirement - survivor benefit rights. (1) Except as otherwise provided in section 24-51-1747, a DPS retiree who returns to work in a position that is subject to membership may voluntarily suspend his or her retirement allowance and resume membership. Upon such suspension, employer and member contributions are required to be made pursuant to the provisions of part 4 of this article.

(2) A DPS retiree who, on or after January 1, 2011, suspends his or her retirement allowance shall not add any service credit to the benefit segment from which the retiree suspends his or her retirement. Subject to the election set forth below, any additional service credit accumulated will be reflected in separate benefit segments upon subsequent termination of membership, but only after one year of service credit has been earned during a period of suspension. The retirement allowance for each qualifying separate benefit segment will be calculated pursuant to the benefit structure under which the retiree originally retired. The benefit for each separate benefit segment resulting from suspension shall be determined using the DPS member's salary and service credit acquired during the period of suspension. The DPS member's age and total service credit with the association upon retirement after each suspension shall govern whether the DPS member shall receive a retirement allowance pursuant to section 24-51-1713 or 24-51-1714 for that segment. Previous separate benefit segments shall be subject to recalculation only to reflect a change in the selected option or a designated coannuitant, if applicable, and no benefit increases pursuant to section 24-51-1001 will be applicable to any separate benefit segment during any period of suspension. Upon reinstatement of the retirement benefit allowance payments, no increase shall be made until such resumed payments have been paid continuously for the twelve months prior to July 1. Upon resumption of retirement after suspension, the association shall refund all moneys credited to the member contribution account during the period of suspension pursuant to section 24-51-405 unless, within a time set by the association, the retiree makes written election to establish a separate benefit segment calculated as set forth above. The refund shall be an amount equal to all moneys credited to the member contribution account during the period of suspension and payment of matching employer contributions pursuant to section 24-51-1711 or 24-51-1729 (6)(a)(I), whichever is applicable. No refund can issue for any benefit segment from which a benefit has been drawn. Such refund shall be required for any separate benefit segment during which less than one year of service credit has been earned.

(3) (a) A DPS member whose retirement allowances are in separate benefit segments pursuant to this section must elect the same option and designate the same coannuitant for all of his or her separate benefit segments.

(b) A DPS retiree who suspends his or her retirement and elects a separate benefit segment pursuant to this section may change his or her original option and coannuitant election only if the original option selected was option A, P2, or P3. DPS retirees who selected option B, C, D, or E shall not be allowed to change that election.

(4) Survivor benefit rights provided for in this part 17 shall be available to a DPS retiree who voluntarily suspends the benefits and returns to membership as if such retiree had not retired.

24-51-1727. Eligibility for deferred members. (1) Benefits shall be payable under this section and sections 24-51-1728 to 24-51-1731 if the following conditions are met:

(a) The employee must be an affiliate member or contributing member who has completed a period of not less than five years of active service with the district. Any contributing

member or affiliate member who terminated employment prior to January 1, 1997, shall be governed by the DPS plan document.

(b) Such member is not eligible to receive and has not received, by virtue of district employment, payment of any other benefits under this retirement plan. A refund of accumulated contributions is not deemed a benefit within the meaning of this section.

(c) The employment of such member with the district, either regular or casual, has been terminated and there has not been a withdrawal of the member's accumulated contributions. In the case of a member whose employment has terminated and who withdrew such contributions but thereafter accepted reemployment with the district, such prohibition against withdrawal shall refer to any normal, arrearage, or additional contributions thereafter made by such employee.

(d) Within one year following an effective date of termination of employment falling on or before December 31, 2008, such member must file an election and declaration of intent to apply for a deferred retirement allowance. Such election and declaration shall be made in the manner and form as prescribed.

(e) If a member's effective date of termination of employment falls on or after January 1, 2009, such member is automatically deemed a deferred member and is eligible to apply for a deferred retirement allowance upon meeting the requirements for commencement of a deferred retirement allowance.

Source: L. 2009: Entire part added, (SB 09-282), ch. 288, p. 1373, § 56, effective January 1, 2010.

24-51-1728. Accredited service - deferred members. In computing the amount of any deferred retirement allowance becoming due to such member upon final termination of employment, such member must, at the time of the effective date of termination of service, have a credit of accumulated contributions in such amount as would have been to such member's credit if such member had complied in full with the requirements of sections 24-51-1705 and 24-51-1707 as such requirements may apply. In the event said member fails to comply with such requirements, as applicable, then the accredited service of such member, subsequent to December 1, 1945, shall be credited in the same ratio that accumulated contributions, at the time of termination of service, bear to such member's credit if such member had complied in full with the requirements of sections 24-51-1705 and 24-51-1707 as such requirements may apply. If the provisions of section 24-51-1706 apply to such member applying for a deferred retirement allowance, then no portion of service subject to said provisions shall be counted as accredited service unless, at the time of termination of service, said member completed payment of the total amounts required by said section 24-51-1706. If such total amount as required by section 24-51-1706 is not so paid within such time, any incomplete amount paid in pursuant to section 24-51-1706 shall be refunded, without increase of any kind to such member, under such rules and regulations as the association may provide.

24-51-1729. Benefits - deferred members. (1) In the event the employment of such member with the district terminates on or after July 1, 1962, the deferred retirement allowance,

subject to the limitations set forth in section 24-51-1731, shall be computed in the following manner and paid under the following conditions:

(a) The amount of the deferred retirement allowance under option A shall be determined in the same manner and subject to the same conditions as is set forth in section 24-51-1715, if the member was a contributing member or affiliate member at the time that employment was terminated, with the following limitations:

(I) Accredited service shall be determined to the actual date on which employment of such member finally terminated.

(II) For contributing members and affiliate members, highest average salary as defined in section 24-51-1702 (17) shall be determined over the period to the actual date on which employment of such member finally terminated.

(III) The age factor for such member that is employed in calculating such deferred retirement allowance shall be that of attained age of fifty-five for employees having twenty-five or more years of active service, and that of attained age of sixty-five for employees having less than twenty-five years of active service. If, however, a member attains thirty or more years of active service with the district on or after January 1, 2001, the age factor for such member that is employed in calculating the deferred retirement allowance shall be that of attained age fifty.

(IV) The unit benefit percentage shall be in accordance with section 24-51-1702 (39).

(V) In making the calculation of the deferred retirement allowance for one qualified for deferred benefits, the provisions of section 24-51-1715 (1)(c) changing the reduction percentage from four percent to six percent for certain retirements shall not apply if the retiree terminated employment on or before June 30, 2005.

(b) Said member must apply to the association for a deferred retirement allowance in the manner and form as may be prescribed in section 24-51-1712. Such application may not be filed sooner than sixty days before the effective date of the member's deferred retirement allowance. No deferred retirement allowance shall be payable to any otherwise eligible member unless proper application is received within the three-year period following the earliest possible effective date of such an allowance.

(2) On or after January 1, 1998, the effective date of the deferred retirement allowance shall be thirty days after the date proper application for such allowance is received, but in no event before the attainment of age fifty-five by a member who has at least twenty-five years of active service, or age sixty-five, if such member has less than twenty-five years of active service. If, however, a member attains thirty or more years of active service with the district on or after January 1, 2001, the effective date of the deferred retirement allowance shall be thirty days after the date proper application for such allowance is received, but in no event before the attainment of age fifty. The first monthly installment of said allowance shall be payable at the end of the month in which such effective date falls. No payment shall be made for any period prior to such effective date.

(3) The deferred retirement allowance shall be payable under any of the options provided in sections 24-51-1717 to 24-51-1724, as elected by such member at the time of application for a deferred retirement allowance, and shall be calculated as provided therein, subject to the further provisions of this section. The age factor employed in calculating such deferred retirement allowance shall be that of attained age sixty-five as to such member, and under any option involving a co-annuitant the age of such co-annuitant at said attained age of sixty-five of such member; except that, for annuitants eligible for benefits at age fifty or age fifty-five, as

applicable, the age factor employed in calculations shall be that of attained age fifty or age fifty-five, as applicable, as to such member and under any option involving a co-annuitant the age of such co-annuitant at said attained age of fifty or age fifty-five, as applicable, of such member.

(4) In the case of a deferred retirement allowance payable after December 31, 1973, and prior to January 1, 1985, the minimum monthly pension attributable under an option A settlement shall be governed by the DPS plan document.

(5) In the event the employment of a member with the district terminates on or after January 1, 1985, the minimum monthly pension portion of the retirement allowance under an option A settlement shall be the greater of:

(a) Such pension amount payable as a part of the retirement allowance computed under the provisions of section 24-51-1729;

(b) The sum of fifteen dollars, multiplied by the number of whole years of accredited service plus additional whole months expressed as a fraction of a year of accredited service but in no event in excess of the total sum of one hundred fifty dollars, plus the sum of twenty dollars multiplied by the number of whole years of accredited service in excess of ten years plus additional whole months expressed as a fraction of a year of accredited service.

(6) (a) In the event the employment of a member with the district terminates on or after January 1, 2001, at the time said member becomes eligible to receive benefit payments in accordance with this section, the member shall have the following additional options:

(I) A payment equal to two hundred percent of the deferred member's then-accumulated contributions calculated without reference to amounts contributed for purchase of periods of noncovered employment service credit and interest credits on amounts so contributed; or

(II) A retirement allowance equal to the sum of the amount determined in paragraph (b) of subsection (5) of this section plus a money purchase monthly annuity that is the actuarial equivalent of two hundred percent of the deferred member's accumulated contributions at the time the member becomes eligible to receive benefit payments calculated without reference to amounts contributed for purchase of periods of noncovered employment service credit and interest credits on amounts so contributed. The determination of the money purchase monthly annuity shall incorporate the provisions of section 24-51-1732 and utilize the assumptions of the association.

(b) The minimum monthly pension portion of the retirement allowance under options other than option A shall be computed by taking such minimum amount as established under an option A settlement and making appropriate reduction therein to reflect the additional actuarial factors involved under such other option pursuant to the applicable tables then in use.

Dependence of a surviving parent must be established by a showing to the association beyond reasonable doubt that such parent was dependent upon the deceased member for not less than one-half of the parent's support and actually received such support from the deceased member during the six-month period prior to the death of such member.

(2) Effective for surviving spouses of members who die on or after January 1, 1984, eligibility for beneficiaries as described in paragraphs (a), (b), and (c) of subsection (1) of this section will not be forfeited by remarriage.

If a supplemental needs trust is determined to be invalid or terminates after the association commences payment to the supplemental needs trust, the survivor benefit, from then on, is paid to the beneficiary of the supplemental needs trust so long as that beneficiary is eligible for survivor benefits.

24-51-1745. Payment in good faith. Any payments of such survivor's benefits made to any person who is an eligible survivor of the deceased member and entitled thereto shall, to the extent of such payments actually made, be and constitute a complete release and acquittance to the system under this retirement plan. Such release shall not be deemed to preclude the right of another claimant or an adverse claimant of such survivor's benefits from establishing a right to future payments.

Likewise, the association may waive the appointment of a conservator for a beneficiary deemed mentally incompetent or otherwise unable by reason of age or illness to act without assistance, and may, from time to time, authorize and approve such payments to the person or institution having care of such beneficiary. For purposes of determining optional retirement plan choice eligibility, service credit within the benefit structure as set forth in this part 17 and service credit with the association will be combined. If the individual chooses to participate in the defined benefit plan, it will trigger a one-time irrevocable choice. The sixty-day choice period shall begin upon the date the association is notified of the selection of the defined benefit plan. The choice shall freeze the account not chosen. (c) A DPS inactive member who is also an inactive member of the association who does not make a one-time irrevocable choice and subsequently retires from either benefit structure shall choose at time of retirement which of the two benefits to accrue upon returning to employment with any affiliated employer.

(4) Notwithstanding subsections (1), (2), and (3) of this section, any employment with a Denver public schools division employer prior to January 1, 2010, is considered employment with the association for purposes of the eligibility for retirement plan choice as specified in part 15 of this article.

(5) Any individual hired by the Denver public school district or a Denver public school district charter school on or after January 1, 2010, without an existing account in either the benefit structure under this part 17 or the PERA benefit structure shall be governed exclusively by the statutes and rules of the association as they exist at the time of hire.

(6) (a) A person who is a retiree of the Denver public schools retirement system before January 1, 2010, shall not be subject to the working retiree contributions or a benefit reduction due to postretirement employment with an affiliated employer of the association existing before January 1, 2010, as long as the retiree continues to be employed by that same employer. The retiree may suspend and add

a separate benefit segment to his or her Denver public schools retirement system benefit. The retiree shall not be entitled to accrue a benefit under the PERA benefit structure.

(II) An individual who retires under the benefit structure provided in this part 17 after January 1, 2010, who did not make a one-time irrevocable choice and returns to work for any affiliated employer of the association, including the Denver public school district or a Denver public school district charter school, shall be subject to the provisions of this article and rules of the association governing employment after service retirement. The individual may suspend and add a separate benefit segment to his or her Denver public schools retirement system benefit. The individual shall not be entitled to accrue a benefit under the PERA benefit structure.

(c) A retiree of the Denver public schools retirement system with an inactive account in the association on January 1, 2010, who is employed by an affiliated employer of the association, including the Denver public school district or a Denver public school district charter school, shall be subject to the provisions of this article and rules of the association governing employment after service retirement. If the retiree chooses to suspend his or her benefit, he or she must make a one-time irrevocable choice within sixty days from the date of suspension to either add to his or her inactive account under the benefit structure for that account or add a separate benefit segment to his or her Denver public schools retirement system benefit. The retiree shall not be required to suspend his or her retirement benefit but will not be able to add to the inactive account or add a separate segment to the Denver public schools retirement system benefit unless the Denver public schools retirement system benefit is suspended. If the inactive account is chosen, the retiree will be permanently ineligible to add a separate segment to the Denver public schools retirement system benefit. If adding a separate segment to the Denver public schools retirement system benefit is chosen, the retiree will be permanently ineligible to add to the inactive account.

(d) A Denver public schools retirement system retiree shall be considered a retiree of the association for purposes of part 15 of this article and article 54.5 of this title. A Denver public schools retirement system retiree shall also be considered a retiree of the association when employed by the university of Colorado after January 1, 2010.

(e) A retiree of the Denver public schools retirement system before January 1, 2010, who is an active member of the association's defined contribution plan shall not be subject to a benefit reduction due to postretirement employment with his or her employer as long as the retiree continues to be employed by that same employer. The retiree shall be entitled to continue to contribute to the defined contribution plan. If the retiree begins employment with another nonretirement plan choice employer, including the Denver public school district or a Denver public school district charter school, the retiree will be subject to the provisions of this article and rules of the association governing employment after service retirement. If the retiree chooses to suspend his or her benefit, he or she must add a separate benefit segment to his or her benefit as set forth in this part 17. The retiree shall not be required to suspend his or her retirement benefit, but will not be able to add a separate segment to the benefit as set forth in this part 17 unless the benefit is suspended.

(f) A retiree of the Denver public schools retirement system before January 1, 2010, who is an active member of the association's defined contribution plan shall not be subject to a benefit reduction due to postretirement employment with his or her employer as long as the retiree continues to be employed by that same employer. The retiree shall be entitled to continue to contribute to the defined contribution plan. If the retiree begins employment with another

retirement plan choice employer without a twelve-month break in service, the retiree shall be subject to the provisions of this article and rules of the association governing employment after service retirement. If the retiree chooses to suspend his or her benefit within twelve months from the date of employment, he or she shall be placed into the defined contribution plan and will continue to build on his or her defined contribution account. If the retiree chooses to suspend after twelve months, he or she will build another segment onto the benefit as set forth in this part 17.

(g) An association retiree who is also a Denver public schools retirement system retiree on January 1, 2010, and who is subsequently employed by an affiliated employer of the association, including the Denver public school district or a Denver public school district charter school, shall be subject to the provisions of this article and rules of the association governing employment after service retirement with regard to both benefits. If the retiree does not suspend the benefits and works beyond the statutory limits, both retirement benefits shall be offset by five percent per day for every day worked beyond the limit. If the retiree chooses to suspend the benefits, he or she shall suspend both benefits and shall make a one-time irrevocable choice within sixty days from the date of suspension to either add to his or her association account under the benefit structure for that account or add a separate benefit segment to his or her benefit as set forth in this part 17. The retiree shall not be required to suspend his or her retirement benefits but will not be able to add to either account unless the benefits are suspended. If the association account is chosen, the retiree permanently forfeits the ability to add a separate segment to the benefit under this part 17. If the benefit under this part 17 is chosen, the retiree permanently forfeits the ability to add to the association account.

(7) (a) A person who is a retiree of the association and a DPS active member before January 1, 2010, shall not be subject to a benefit reduction due to postretirement employment with the Denver public school district or a Denver public school district charter school as long as the retiree continues to be employed by the same employer. A retiree so situated shall be entitled to a second and entirely separate retirement coverage segment under the benefit structure as set forth in this part 17. If such a retiree terminates employment with that employer, the retiree shall be subject to the provisions of this article and rules of the association governing employment after service retirement if reemployed by any affiliated employer. If the retiree chooses to suspend his or her benefit, the retiree shall make a choice within sixty days from the date of suspension to either add to his or her account under the PERA benefit structure for that account or add to his or her account as set forth in this part 17. The retiree shall not be required to suspend his or her retirement benefit, but will not be able to add to the benefit or add to the account under this part 17 unless the retirement benefit is suspended. If the association account is chosen, the retiree permanently forfeits the ability to add to the account under this part 17. If the account under this part 17 is chosen, the retiree permanently forfeits the ability to add to the association account. If the retiree does not suspend the association benefit, the separate segment of coverage will become an inactive account.

(b) Subject to the provisions of paragraph (d) of this subsection (7), a retiree of the association with no member account in the Denver public schools retirement system on January 1, 2010, who is employed by the Denver public school district or a Denver public school district charter school after January 1, 2010, shall be subject to the provisions of this article and rules of the association governing employment after service retirement.

(c) A retiree of the association with an inactive account with the Denver public schools retirement system on January 1, 2010, who is employed by any affiliated employer, including the Denver public school district or a Denver public school district charter school, beginning on or after January 1, 2010, shall be subject to the provisions of this article and rules of the association governing employment after service retirement. If the retiree chooses to suspend his or her benefit, he or she shall make a one-time irrevocable choice within sixty days from the date of suspension to either add to his or her account with the association under the benefit structure for that account or add to the account as set forth in this part 17. The retiree shall not be required to suspend his or her retirement benefit, but will not be able to add to either account unless the retirement benefit is suspended. If the association account is chosen, the retiree permanently forfeits the ability to add to the account under this part 17. If the account under this part 17 is chosen, the retiree permanently forfeits the ability to add to the association account.

(d) A retiree of the association who was not a member of the Denver public schools retirement system on December 31, 2009, but who was employed by the Denver public school district or a Denver public school district charter school as an hourly employee on December 31, 2009, shall not be subject to a benefit reduction due to postretirement employment with the Denver public school district or a Denver public school district charter school as long as the retiree continues to be employed by the same employer. The retiree shall be subject to the working retiree contributions beginning January 1, 2011, as specified in section 24-51-1101 (2), and the employer shall be required to remit employer contributions as specified in section 24-51-1101 (2), plus the applicable amortization equalization disbursement and supplemental amortization equalization disbursement as specified in section 24-51-411.

(8) An individual may reinstate time within the benefit structure that he or she is in as long as the time is not concurrent with the time, either earned or purchased, in the other benefit structure. The cost to reinstate the time shall be the cost required by the association's statutes and rules. An individual may purchase, at the actuarial cost according to the association's statutes and rules, time that has been previously refunded in the other benefit structure as long as the time is not concurrent with time, either earned or purchased, in the other benefit structure. The limits on the amount of service credit an individual may purchase set forth in this article shall apply to members under the benefit structure in this part 17.

(9) (a) A disability application submitted to the Denver public schools retirement system prior to January 1, 2010, shall be processed in accordance with this part 17.

(b) Any disability application submitted to the association on or after January 1, 2010, shall be processed in accordance with the provisions of this article and rules of the association.

(c) An individual shall not be eligible for disability benefits based on an account that is frozen.

(10) A frozen account shall be considered an inactive account for purposes of survivor benefit eligibility.

(11) Any time an individual continues to accrue a benefit under this part 17 while employed by an association affiliated employer other than the Denver public school district or a Denver public school district charter school, the individual's salary for pension purposes shall be governed by the association's definition of salary. On and after January 1, 2010, individuals in the Denver public schools division shall earn service credit based on the association's accrual rate of one month of service earned if the member receives eighty times federal minimum wage

in one month while employed by a PERA affiliated employer, including the Denver public school district or a Denver public school district charter school.

(12) A retiree or a beneficiary receiving a benefit from the Denver public schools retirement system, a disability retiree of the Denver public schools retirement system who applied for a disability retirement benefit prior to January 1, 2010, and a survivor benefit recipient based on an account of a person who died prior to January 1, 2010, shall have his or her benefits paid in accordance with the benefit structure as set forth in this part 17. For administrative convenience, annual benefit adjustments for such individuals may be scheduled so that the adjustments coincide with the dates on which benefit adjustments are effective under the rules of the association. Within the first calendar year following the effective merger date, it shall not be the intention of the association to deny an anticipated annual increase or to grant an additional increase to any annuitant, beneficiary, or survivor, as defined in section 24-51-1702, but rather that the association will administer an appropriate annual increase considering any differences between the administrative procedures under the DPS plan and the association in relation to the timing of the payment of such increase.

(13) The funding of a benefit based on an account that has contributions from the Denver public schools division shall be funded in the same manner as the association funds the benefit based on an account that has contributions in any one of the other four divisions as provided in section 24-51-208 (4).

(2) The commission shall study and develop proposed legislation relating to funding of police officers' and firefighters' pensions in this state and benefit designs of such pension plans. In addition, the commission shall study and develop proposed legislation relating to the public employees' retirement association. The commission study of police officers' and firefighters' pensions and of the public employees' retirement association shall include a review of, and the proposed legislation may include, among other subjects, the following, as applicable:

- (a) Normal retirement age;
- (b) Payment of benefits prior to normal retirement age;
- (c) Service requirements for eligibility;
- (d) Rate of accrual of benefits;
- (e) Disability benefits;
- (f) Survivors' benefits;

- (g) Vesting of benefits;
- (h) Employee and employer contributions;
- (i) Postretirement increases;
- (j) Creation of an administrative board;
- (k) Creation of a consolidated statewide system;
- (l) Coordination of benefits with other programs;
- (m) The volunteer firefighter pension system;
- (n) The provisions of articles 30, 30.5, and 31 of title 31; and
- (o) The provisions of article 51 of this title 24.

(3) (a) There is hereby created the pension review subcommittee. The subcommittee shall consist of fourteen members appointed as follows:

(I) The speaker of the house of representatives, the minority leader of the house of representatives, the president of the senate, and the minority leader of the senate shall each appoint one legislator whom he or she has appointed to serve on the pension reform commission to also serve on the subcommittee;

(II) The speaker of the house of representatives and the president of the senate shall both appoint two people from the community with experience or knowledge of investment management, corporate or public finance, compensation and benefit systems, economics, accounting, pension administration, or actuarial analysis;

(III) The minority leader of the house of representatives and the minority leader of the senate shall both appoint two people from the community with experience or knowledge of investment management, corporate or public finance, compensation and benefit systems, economics, accounting, pension administration, or actuarial analysis;

(IV) The governor shall appoint one person from the community with experience or knowledge of investment management, corporate or public finance, compensation and benefit systems, economics, accounting, pension administration, or actuarial analysis; and

(V) The state treasurer shall appoint one person from the community with experience or knowledge of investment management, corporate or public finance, compensation and benefit systems, economics, accounting, pension administration, or actuarial analysis.

(b) The chair of the subcommittee shall be designated by the speaker of the house of representatives in odd-numbered years and by the president of the senate in even-numbered years. The vice-chair of the subcommittee shall be appointed by the speaker of the house of representatives in even-numbered years and by the president of the senate in odd-numbered years. The chair and vice-chair shall be designated from the legislative members of the subcommittee.

(c) The nonlegislative members of the subcommittee shall serve without compensation from the general assembly.

(4) (a) The subcommittee shall review the items specified in subsection (2) of this section as they relate to the public employees' retirement association, as applicable. In addition, the subcommittee shall:

(I) Study the provisions of article 51 of this title 24 and make necessary recommendations to the commission or the public employees' retirement association;

(II) Determine the necessity of continuing the direct distribution to the public employees' retirement association pursuant to section 24-51-414;

(III) Suggest to the public employees' retirement association enhancements that the association could make to the annual analysis that it conducts pursuant to Senate Bill 14-214, enacted in 2014, to determine whether the association's model assumptions are meeting targets and achieving sustainability;

(IV) Review the annual actuarial valuation of the public employees' retirement association and make comments as necessary to the association regarding the actuarial valuation; and

(V) Make recommendations to the board of trustees of the public employees' retirement association regarding assumptions, funding policy, reporting practices, or other operational policy.

(b) Review semi-annually the overall financial health of the public employees' retirement association, including the levels of benefits, its sources of funding, and its overall financial viability based on both the assumptions of the association board of directors and the requirements of the governmental accounting standards board. The subcommittee may request that the association provide general financial reporting based on assumptions for economic and investment factors, including, but not limited to, inflation, economic growth, employment growth, and rate of return, that differ from board assumptions. If the subcommittee determines that the association's board of directors is using assumptions that are too conservative or too aggressive, the subcommittee shall request that the association adjust its assumptions accordingly.

(c) Review annually the calculated normal costs that will cover current pension benefits and the share of contributions going to cover the unfunded liability of the public employees' retirement association;

(d) Review semi-annually the planned reduction of the unfunded liability of the public employees' retirement association. If full funding will not be achieved by 2048, the subcommittee shall make additional recommendations to the commission, the joint budget committee, and the general assembly to achieve full funding by 2048. If, upon that review, the subcommittee determines that the association does not have at least a sixty-seven percent likelihood of achieving full funding by 2048, then the association shall provide recommendations to the subcommittee for policy changes that would return the association to fully funded status by 2048. Notwithstanding section 24-1-136 (11)(a)(I), the subcommittee shall annually report to the general assembly regarding whether or not the association is on track to achieve full funding by 2048 and if not, the corrective actions recommended by the subcommittee or the association to rectify the shortfall.

(e) Annually report in writing to the citizens of Colorado regarding whether or not the public employees' retirement association is on track to achieve full funding by 2048 and if not, the corrective actions recommended by the subcommittee or the association to the general assembly to rectify the shortfall. Such communication shall be made in a manner that is clear, concise, and accessible to laypeople. This communication shall quantify the net present value of any funding deficit on a per citizen basis. For example, fifty billion dollars on five million five hundred thousand people equals nine thousand ninety dollars per person. The certified annual financial report shall not serve as this communication.

(f) After full funding is achieved, make recommendations to the commission, the joint budget committee, and the general assembly during each legislative session regarding changes to the plan to maintain full funding;

(g) Ensure the public employees' retirement association board is administering the association as mandated and make recommendations for the association board structure as warranted; and

(h) Every three years, commission an independent review of the economic and investment assumptions used to model the public employees' retirement association financial situation. The subcommittee shall use experts other than those already working on behalf of the association.

(5) Each member of the subcommittee shall be required to:

(a) Attend at least one meeting per year of the board of trustees of the public employees' retirement association;

(b) Attend the hearing of the legislative audit committee when the committee reviews the annual actuarial valuation that the public employees' retirement association is required to submit to the legislative audit committee pursuant to section 24-51-204 (7); and

(c) Attend the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act" hearing of the joint finance committee pursuant to part 2 of article 7 of title 2 when the joint finance committee reviews the public employees' retirement association.

ARTICLE 52.5

Retirement Health Savings Trust

24-52.5-101. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) It is essential for the state to be able to attract and retain qualified employees in order to provide the highest quality of service to the people of Colorado.

(b) The quality and flexibility of health and retirement benefits are important factors in hiring and retaining qualified state employees.

(c) The cost of medical care rises every year and because medicare and state retiree health benefits do not fully cover those costs, retirees are increasingly responsible for covering their medical costs after retirement.

(d) A properly constructed program to help state employees prepare for the costs of medical expenses after retirement could be cash funded through contributions of state employees and could operate as an enterprise as defined in section 20 of article X of the state constitution.

(2) The general assembly further finds and declares that:

(a) A new concept for providing retirement health benefits for the employees of nonprofit entities, including state governments, is for the nonprofit entity to create a retirement health savings trust. Such trust offers the following advantages:

(I) A retirement health savings trust is established by the nonprofit entity for the purpose of providing retirement health benefits to the employees of the entity.

(II) The provision of retirement health benefits is considered an integral part of the nonprofit entity's activities.

(III) A retirement health savings trust that makes the provision of retirement health benefits possible is considered a part of the nonprofit entity and therefore may be included in the entity's tax-exempt status.

(IV) A retirement health savings trust creates an individual account within the trust for each employee who chooses to participate and allows the employer to make pretax contributions, including unused annual or sick leave, to an employee's account on behalf of the employee.

(V) The nonprofit entity that creates a retirement health savings trust maintains substantial control of the trust in that it has the power to amend or terminate the trust and to appoint the trustees of the trust.

(VI) A retirement health savings trust allows each participating employee to determine how his or her money will be invested.

(VII) All earnings in a retirement health savings trust grow on a tax-deferred basis, and a participating employee may make withdrawals on a tax-free basis after reaching a certain age, so long as the moneys are used for qualified medical expenses.

(VIII) Any assets that remain in a participating employee's account at the time of the employee's death may be used for qualified medical expenses by the employee's spouse, dependents, or other beneficiaries.

(b) The creation of a retirement health savings trust by the state for the benefit of state employees would give such employees an opportunity to prepare for health costs that they will incur during retirement and would be beneficial to the health and well-being of such employees.

24-52.5-102. Retirement health savings trust - state personnel director - investigation. (1) The state personnel director shall investigate the benefits and drawbacks of establishing a retirement health savings trust for the benefit of state employees.

(2) In investigating the benefits and drawbacks of establishing a retirement health savings trust, the state personnel director shall consider the feasibility of the following:

(a) The state, as an employer, establishing a trust for the purpose of providing retirement health savings benefits to state employees who choose to participate in the trust;

(b) The state specifying that providing retirement health savings benefits is an integral part of the state's activities;

(c) The state treating a trust that makes the provision of retirement health benefits possible as an integral part of the state and therefore including the trust in the state's tax-exempt status;

(d) The state creating an individual account within the trust for each state employee who chooses to participate and allowing the state to make pretax contributions, including unused annual or sick leave, to a state employee's account on behalf of the employee;

(e) The state maintaining substantial control of the trust and having the power to amend or terminate the trust and appoint the trustees of the trust;

(f) The state allowing each state employee who participates in the trust to determine how his or her money will be invested;

(g) The state allowing all moneys in the trust to grow without being subject to state or federal income taxes;

(h) The state allowing participating state employees to make withdrawals on a tax-free basis after reaching a certain age, so long as the moneys are used for qualified medical expenses; and

(i) The state allowing an employee's spouse, dependents, or other beneficiaries to use any assets that remain in a participating employee's account at the time of the employee's death for qualified medical expenses.

(3) The state personnel director, in investigating the feasibility of establishing a retirement health savings trust, shall investigate the benefits and drawbacks to the state and to state employees of allowing the state as an employer and state employees the option to make the following contributions to the trust:

(a) Pretax contributions, including a portion of unused employee annual and sick leave, by the state to an employee's account on behalf of the employee;

(b) Voluntary after-tax contributions by the state to an employee's account on behalf of the employee;

(c) Voluntary after-tax contributions by the employee into the employee's account; and

(d) Voluntary pretax contributions by the employee to the employee's account based on a one-time irrevocable election to make such contributions.

(4) The state personnel director shall investigate the benefits and drawbacks to the state and to state employees of various potential terms of a retirement health savings trust, including, but not limited to:

(a) The design, adoption, and schedule for implementation of the trust;

(b) The nature and amount of the contributions that the state may make to the trust on behalf of a participating state employee;

(c) The nature of the investments that a state employee may choose to make with the moneys contributed to the trust;

(d) The terms of eligibility for participating in the trust and for withdrawing the moneys contributed to the trust;

(e) The nature of the expenses that qualify as medical expenses for purposes of tax-free withdrawal of moneys from the trust; and

(f) The negotiation and payment of any administrative expenses to be paid by the state or by each employee who chooses to participate in the trust.

24-53-102. Federal-state and interstate agreements. (1) The department, with the approval of the governor, is authorized to enter on behalf of the state into an agreement with the secretary, consistent with the terms and provisions of this article, for the purpose of extending the benefits of the federal old-age, survivors', disability, and health insurance system to employees of political subdivisions thereof with respect to services specified in such agreement which constitutes employment, as defined in section 24-53-101. Such agreement may contain provisions relating to coverage, benefits, contributions, effective date, modification, and termination of the agreement, administration, and other appropriate provisions as the department and secretary agree upon, but, except as may be otherwise required by or pursuant to the social security act as to the services to be covered, such agreement shall provide in effect that:

(a) Benefits will be provided for employees, and their dependents and survivors, whose services are covered by the agreement on the same basis as though such services constituted employment within the meaning of Title II of the social security act;

(b) The state will pay to the United States secretary of the treasury, at such times as may be prescribed by the social security act, contributions with respect to wages, as defined in section 24-53-101, equal to the sum of the taxes which would be imposed by the federal insurance contributions act if the services covered by the agreement constituted employment within the meaning of that act;

(c) Such agreement shall be effective with respect to services in employment, covered by the agreement, performed after December 31, 1950, but in no event shall it be effective with respect to any such services performed prior to the first day of the calendar year in which such agreement is entered into or in which the modification of the agreement making it applicable to such services is entered into; except that, in the case of an agreement or a modification of an agreement made prior to January 1, 1955, if the date specified in section 218 (f) of the social security act, as amended, is not in conflict with such date, such agreement or modification may be made effective as of January 1, 1951, or as of the first day of any intervening calendar

quarter; except that such effective date may be made retroactive to the extent permitted by section 218 (f) of the social security act, as amended;

(d) All services which constitute employment, as defined in section 24-53-101, and are performed in the employ of the covered political subdivision shall be covered by the agreement, except as to those employees of political subdivisions not coming within the provisions of this article;

(2) Any instrumentality jointly created by this state and any other state is hereby authorized, upon the granting of like authority by such other state:

(a) To enter into an agreement with the secretary whereby the benefits of the federal old-age, survivors', disability, and health insurance system shall be extended to employees of such instrumentality;

(b) To require its employees to pay and for that purpose to deduct from their wages contributions equal to the amounts which they would be required to pay pursuant to the provisions of section 24-53-103 (1) if they were covered by an agreement made pursuant to subsection (1) of this section; and

(c) To make payments to the United States secretary of the treasury in accordance with such agreement, including payments from its own funds, and otherwise to comply with such agreements. Such agreement shall, to the extent practicable, be consistent with the terms and provisions of subsection (1) of this section and other provisions of this article.

24-53-103. Employee contribution. (1) Every employee of the political subdivision whose services are covered by an agreement entered into pursuant to the provisions of section 24-53-102 shall be required to pay for the period of such coverage into the contribution fund, established pursuant to the provisions of section 24-53-105, contributions with respect to wages, as defined in section 24-53-101, equal to the amount of tax which would be imposed by the federal insurance contributions act if such services constituted employment within the meaning of that act. Such liability shall arise in consideration of the retention of the employee in the service of the political subdivision, or his entry upon such service, after July 1, 1987.

(2) The contribution imposed by the provisions of this section shall be collected by deducting the amount of the contribution from wages as and when paid, but failure to make such deduction shall not relieve the employee from liability for such contribution.

(3) If more or less than the correct amount of the contribution imposed by the provisions of this section is paid or deducted with respect to any remuneration, proper adjustments, or refund if adjustment is impracticable, shall be made, without interest, in such manner and at such times as the department shall prescribe.

24-53-104. Coverage of political subdivisions. (1) Each political subdivision of the state is authorized to submit for approval by the department a plan for extending the benefits of Title II of the social security act, in conformity with applicable provisions of such act, to employees of such political subdivision. Each such plan and any amendment thereof shall be approved by the department if it finds that such plan, or such plan as amended, is in conformity with such requirements as are provided in regulations of the department; except that no such plan shall be approved unless:

(a) It is in conformity with the requirements of the social security act and with the agreement entered into pursuant to the provisions of section 24-53-102;

(b) It provides that all services which constitute employment, as defined in section 24-53-101, and are performed in the employ of the political subdivision by employees thereof shall be covered by the plan;

(c) It specifies the source from which the funds necessary to make the payments required by paragraph (a) of subsection (3) and by subsection (4) of this section are expected to be derived and contains reasonable assurance that such sources will be adequate for such purpose;

(d) It provides for such methods of administration of the plan by the political subdivision as are found by the department to be necessary for the proper and efficient administration of the plan;

(e) It provides that the political subdivision make such reports, in such form and containing such information as the department may from time to time require, and comply with such provisions as the department or the secretary from time to time may find necessary to assure the correctness and verification of such reports; and

(f) It authorizes the department to terminate the plan in its entirety, in the discretion of the department, if it finds that there has been failure to comply substantially with any provisions contained in such plan, such termination to take effect at the expiration of such notice and on such conditions as may be provided by regulations of the department and may be consistent with the provisions of the social security act.

(2) The department shall not finally refuse to approve a plan submitted by a political subdivision pursuant to the provisions of subsection (1) of this section and shall not terminate an approved plan without sixty days' notice and opportunity for hearing to the political subdivision affected thereby.

(3) (a) Each political subdivision as to which a plan has been approved pursuant to the provisions of this section shall pay into the contribution fund, with respect to wages, as defined in section 24-53-101, contributions in the amounts and at the rates specified in the applicable agreement entered into by the department pursuant to the provisions of section 24-53-102. Such contributions from the political subdivision to the department shall be due not earlier than the expiration of the initial one-third of the time provided for payment by the department to the United States secretary of the treasury pursuant to the provisions of section 24-53-102.

(b) Each political subdivision required to make such payments pursuant to the provisions of paragraph (a) of this subsection (3) is authorized, in consideration of the retention of the employee in or entry of the employee upon employment after July 1, 1987, to impose upon each of its employees, as to services which are covered by an approved plan, a contribution with respect to his wages, as defined in section 24-53-101, not exceeding the amount of tax which would be imposed by the federal insurance contributions act, if such services constituted employment within the meaning of that act, and to deduct the amount of such contribution from

his wages as and when paid. Contributions so collected shall be paid into the contribution fund in partial discharge of the liability of such political subdivision or instrumentality pursuant to the provisions of paragraph (a) of this subsection (3). Failure to deduct such contribution shall not relieve the employee or employer of liability therefor.

(4) Delinquent payments due pursuant to the provisions of paragraph (a) of subsection (3) of this section, with interest at the rate established by regulation pursuant to the social security act or pursuant to the provisions of this article, whichever is higher, may be recovered by action in a court of competent jurisdiction against the political subdivision liable therefor or, at the request of the department, may be deducted from any other moneys payable to such subdivision by any department or agency of the state. The department may establish additional penalties for failure of any political subdivision to make timely reports or contribution payments.

(5) Each political subdivision may exclude from wages such payment made under a plan or system if such plan or system is approved by the department. This subsection (5) shall authorize a political subdivision to establish a plan or system as required by section 209 (b) of the social security act.

24-53-105. Contribution fund. (1) There is hereby established a special fund to be known as the Colorado social security contribution fund, of which the state treasurer shall be custodian.

(2) (a) The department is authorized to administer said fund and to perform all acts necessary for such administration, whether or not expressly prescribed in this article.

(b) The department may establish within such fund, from interest and other charges accruing thereto not payable to the United States secretary of the treasury, a contingency account for the purpose of making payments to the United States secretary of the treasury of amounts claimed by the secretary of the United States department of health and human services to be due and owing from any political subdivision, payment of which amounts have not theretofore been made to the department by said political subdivision. The department may also establish within such fund, from such interest and other charges, an account from which the administrative expenses and costs incurred by the department may be paid directly to the department or to the department of the treasury in reimbursement of such expenses and costs previously paid. Such accounts shall be subject to annual audit. All moneys expended by the department from this account shall be appropriated by the general assembly.

(3) There shall be credited and paid to said contribution fund:

(c) Any interest derived from investment of moneys belonging to the fund and any property or securities received from the use of said moneys;

(d) Any moneys recovered upon the bond of the custodian or otherwise for losses sustained by the fund and all other moneys received for the fund from any other source.

(4) (a) Said fund shall be held separate and apart from other state moneys and shall be used exclusively for the purposes of this article. Payments therefrom shall be made solely for amounts required to be paid under this article to the United States secretary of the treasury from

time to time pursuant to agreements entered into pursuant to the provisions of section 24-53-102, for refunds provided for in section 24-53-103 (3), for refunds of overpayments of political subdivisions not otherwise adjustable, and for payments made pursuant to the provisions of subsection (2)(b) of this section.

(b) All such payments shall be made upon vouchers submitted to the office of the state controller and by warrants drawn upon the state treasurer in the manner prescribed by law.

(c) Any moneys in the fund not immediately required for such payments shall, at the direction of the department, be temporarily invested by the state treasurer, or, at the direction of the department, all amounts in excess of anticipated expenditures shall be paid annually to the general fund.

(d) If moneys in the fund are paid into the general fund pursuant to the provisions of paragraph (c) of this subsection (4) and if, subsequent to the payment to the general fund, the department becomes liable for any expenditure under this article, the expenditure shall be paid out of moneys in the general fund up to the amount paid into the general fund by the department.

Relocation Assistance and Land Acquisition Policies

24-56-101. Legislative declaration - relocation assistance. The general assembly finds and declares that the purpose of sections 24-56-102 to 24-56-113 is to establish a uniform policy for the fair and equitable treatment of persons displaced by the acquisition of real property by state agencies and political subdivisions of the state for federally assisted programs and projects and to comply with the federal "Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970", as amended, and the federal "Surface Transportation and Uniform Relocation Assistance Act of 1987", as amended. The general assembly also recognizes that the federally assisted acquisition of real property by the department of transportation and by municipalities and counties for highway programs and projects is requiring citizens to relocate their residences, farms, and businesses. The general assembly finds and declares that the

authority of the department of transportation concerning the equitable relocation and implementation of relocation payments and advisory assistance for highway projects on the state highway system contained in part 3 of article 1 of title 43, C.R.S., prior to March 31, 1989, and as amended, are included in this article to assure the consistent and uniform application of relocation policy for all federally assisted programs, to promote the efficient operation of the highway right-of-way acquisition program, and to define the authority and responsibility of the department of transportation and of municipalities and counties for all acquisitions and relocation for federally assisted highway programs and projects within their respective jurisdictions. Such policy shall be uniform as to relocation payments, advisory assistance, assurance of availability of standard housing, and state reimbursement for local relocation payments where state assistance may be authorized by law.

24-56-104. Replacement housing for homeowners. (1) In addition to payments otherwise authorized by this article, the displacing agency shall make an additional payment not in excess of twenty-two thousand five hundred dollars to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than one hundred eighty days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

(a) The amount, if any, which when added to the acquisition cost of the dwelling acquired equals the reasonable cost of a comparable replacement dwelling. All determinations required to carry out this paragraph (a) shall be determined by regulations issued pursuant to section 24-56-108.

(b) The amount, if any, which will compensate such displaced person for any increased interest costs and other debt service costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the displacing agency was encumbered by a bona fide mortgage or deed of trust which was a valid lien on such dwelling for not less than one hundred eighty days immediately prior to the initiation of negotiations for the acquisition of such dwelling.

(c) Reasonable expenses incurred by such displaced person for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

If such period is extended, the payment under this section shall be based on the costs of relocating the person to a comparable replacement dwelling within one year of such date.

24-56-105. Replacement housing for tenants and certain others. (1) In addition to amounts otherwise authorized by this article, a displacing agency shall make a payment to or for any displaced person displaced from any dwelling who is not eligible to receive a payment under section 24-56-104, which dwelling was actually and lawfully occupied by such displaced person for not less than ninety days prior to the initiation of negotiations for acquisition of such dwelling, or, in any case in which displacement is not a direct result of acquisition, such other event as the department of transportation may, within the purpose of this article, prescribe. Payment authorized by this section shall be made only to such a displaced person who leases and occupies a decent, safe, and sanitary replacement dwelling within one year after the date that such displaced person vacates the acquired dwelling. The payment shall consist of the amount necessary to enable the person to lease or rent, for a period of no longer than forty-two months, a comparable replacement dwelling, but no more than five thousand two hundred fifty dollars. At the discretion of the displacing agency, a payment under this subsection (1) may be made in periodic installments. Computation of a payment under this subsection (1) to or for a low-income displaced person for a comparable replacement dwelling shall take into account the person's income.

(2) Any person eligible for a payment under subsection (1) of this section may elect to apply such payment to a down payment on, and other incidental expenses for, the purchase of a decent, safe, and sanitary replacement dwelling. Any such person may, at the discretion of the displacing agency, be eligible under this subsection (2) for the maximum amount allowed under subsection (1) of this section; except that, in the case of a displaced homeowner who has owned and occupied the displacement dwelling for at least ninety days but not more than one hundred eighty days immediately prior to the initiation of negotiations for the acquisition of such dwelling, such payment shall not be greater than the payment such person would otherwise have

received under section 24-56-104 (1) had the person owned and occupied the displacement dwelling one hundred eighty days immediately prior to the initiation of such negotiations.

24-56-106. Relocation assistance advisory programs. (1) Whenever a displacing agency acquires real property for a program or project for which federal financial assistance will be available to pay all or any part of the cost of the program or project and such acquisition will result in the displacement of any person, the acquiring agency shall provide a relocation assistance advisory program for displaced persons which offers the services prescribed in this section. If the acquiring agency determines that any person occupying property immediately adjacent to the real property acquired is caused substantial economic injury because of the acquisition, it may offer such person relocation advisory services under such program.

(2) Each relocation assistance program required by subsection (1) of this section shall include such measures, facilities, or services as may be necessary or appropriate in order to determine, and make timely recommendations on, the needs and preferences, if any, of displaced persons, business concerns, and nonprofit organizations for relocation assistance; to assist owners of displaced businesses and farm operations in obtaining and becoming established in suitable business locations or replacement farms; to supply information concerning programs of the federal, state, and local governments offering assistance to displaced persons and business concerns and technical assistance to such persons in applying for assistance under such programs; to provide current and continuing information on the availability, sales prices, and rental charges of comparable replacement dwellings for displaced homeowners and tenants and suitable locations for businesses and farm operations; to assist in minimizing hardships to displaced persons in adjusting to relocation; and to secure, to the greatest extent practicable, the coordination of relocation activities with other project activities and other planned or proposed governmental actions in the community or nearby areas which may affect the carrying out of the relocation program.

(3) Notwithstanding the provisions of section 24-56-102 (2)(b)(II), in any case in which a displacing agency acquires property for a program or project, any person who occupies such property on a rental basis for a short term or a period subject to termination when the property is needed for the program or project shall be eligible for advisory services to the extent determined by the displacing agency.

24-56-107. Assurance of availability of standard housing. (1) Whenever a displacing agency acquires real property for a program or project for which federal financial assistance will be available to pay all or any part of the cost of the program or project and such acquisition will result in the displacement of any person, upon recommendation or approval of the displacing agency, such agency shall assure that a person shall not be required to move from a dwelling unless the person has had a reasonable opportunity to relocate to a comparable replacement

dwelling; except that regulations issued pursuant to section 24-56-108 may prescribe situations when these assurances may be waived.

(2) If a program or project for which federal financial assistance is available cannot proceed to actual construction because comparable replacement sale or rental housing is not available and the state agency determines that such housing cannot otherwise be made available, upon recommendation or approval of the displacing agency, the state agency may take such action as is necessary or appropriate to provide such housing by use of funds authorized for such project. The displacing agency may use this section to exceed the maximum amounts which can be paid by a displacing agency under sections 24-56-104 and 24-56-105 on a case-by-case basis for good cause shown as determined in accordance with regulations issued pursuant to section 24-56-108.

24-56-108. Authority of the department of local affairs. (1) The department of local affairs shall administer and implement the uniform policy for all relocation assistance for all nonhighway federally assisted programs and projects.

(2) (a) Notwithstanding any provision of this article to the contrary, the department of transportation has the primary authority to administer acquisition and relocation assistance for all highway and highway-related programs or projects on the state highway system. The department of transportation also has authority to coordinate and administer acquisition and relocation assistance for all highway and highway-related programs or projects which are not on the state highway system to the extent provided in paragraph (b) of this subsection (2).

(b) Each state agency has the primary authority to perform acquisition and relocation assistance within its jurisdiction for federally assisted highway and highway-related programs and projects for streets and roads which are not on the state highway system. In the event that the department of transportation, as the state agency responsible for monitoring and administering the use of federal highway funds, determines that such performance by another state agency will jeopardize distribution of federal highway assistance funds to the state or that such action is necessary to comply with federal highway administration policy or procedures, then the department of transportation has the authority to perform the acquisition and relocation assistance for any federally assisted highway or highway-related program or project for streets and roads which are not on the state highway system or to require that the state agency with jurisdiction for that highway program or project perform such acquisition and relocation assistance under the supervision and direction of the department of transportation. Prior to exercising the authority of this paragraph (b), the department of transportation will comply with procedures previously agreed to with the affected state agency, including, but not limited to, setting a contact person for the project, providing written notice of the basis of such determination or action, and meeting with the affected agency to discuss possible remedial measures.

(3) The executive director of the department of transportation shall adopt such rules and regulations as may be necessary to assure:

(a) That the payments and assistance authorized by this article are administered in a manner which is fair and reasonable and as uniform as practicable;

(b) That a displaced person who makes proper application for a payment authorized for such person by this article is paid promptly after a move or, in hardship cases, paid in advance; and

(c) That any person aggrieved by a determination as to eligibility for a payment authorized by this article or the amount of a payment may have his application reviewed by the head of the acquiring agency.

(4) The department of transportation may use the provisions of this article for programs or projects on the state highway system funded from the state highway fund.

24-56-109. Administration. In order to prevent unnecessary expense and duplication of functions and to promote uniform and effective administration of relocation assistance programs for displaced persons, the executive director of the department of transportation may authorize any state agency to enter into contracts with any individual, firm, association, or corporation for services in connection with such programs or may carry out its functions under this article through any federal or state agency or instrumentality having an established organization for conducting relocation assistance programs.

24-56-116. Inverse condemnation proceedings. Where an inverse condemnation proceeding is instituted by the owner of any right, title, or interest in real property because of the alleged taking of his property for any program or project for which federal financial assistance will be available to pay all or any part of the cost of the program or project, the court rendering a

judgment for the plaintiff in such proceeding and awarding compensation for the taking of property or the attorney for the acquiring agency effecting a settlement of any such proceeding shall determine and award or allow to such plaintiff, as a part of such judgment or settlement, such sum as will, in the opinion of the court or such attorney, reimburse such plaintiff for his reasonable costs, disbursements, and expenses, including reasonable attorney, appraisal, and engineering fees actually incurred because of such proceeding.

24-56-117. Real property acquisition policies. (1) Any acquiring agency or political subdivision of the state which acquires real property for a program or project for which federal financial assistance will be available to pay all or any part of the cost of such program or project shall comply with the following policies:

(a) Every reasonable effort shall be made to acquire expeditiously real property by negotiation.

(b) Real property shall be appraised before the initiation of negotiations, and the owner or his designated representative shall be given an opportunity to accompany the appraiser during his inspection of the property; except that the department of transportation may prescribe a procedure to waive the appraisal in cases involving the acquisition by sale or donation of property with a low fair market value.

(c) Before the initiation of negotiations for acquisition of real property, an amount shall be established which it is reasonably believed is just compensation therefor, and such amount shall be offered for the property. In no event shall such amount be less than the approved appraisal of the fair market value of such property. Any decrease or increase in the fair market value of real property prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner, shall be disregarded in determining the compensation for the property. The owner of the real property to be acquired shall be provided with a written statement of and summary of the basis for the amount established as just compensation. Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

(d) No owner shall be required to surrender possession of real property before the agreed purchase price is paid or before there is deposited with the court, in accordance with applicable law, for the benefit of the owner an amount not less than the approved appraisal of the fair market value of such property or the amount of the award of compensation in the condemnation proceeding of such property.

(e) The construction or development of a program or project for which federal financial assistance will be available to pay all or any part of the cost of the program or project shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling (assuming a replacement dwelling will be available) or to move his business or farm operation without at least ninety days' written notice of the date by which such move is required.

(f) If an owner or tenant is permitted to occupy the real property acquired on a rental basis for a short term or for a period subject to termination by the acquiring agency on short

notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

(g) In no event shall the time of condemnation be advanced, or negotiations or condemnation and the deposit of funds in court for the use of the owner be deferred, or any other action coercive in nature be taken to compel an agreement on the price to be paid for the property.

(h) If an interest in real property is to be acquired by exercise of the power of eminent domain, formal condemnation proceedings shall be instituted. The acquiring agency shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of his real property.

(i) If the acquisition of only part of the property would leave its owner with an uneconomic remnant, an offer to acquire the entire property shall be made.

(j) A person whose real property is being acquired in accordance with this article may, after the person has been fully informed of his right to receive just compensation for such property, donate such property, any part thereof, any interest therein, or any compensation paid therefor to an agency, as such person shall determine.

(k) As used in this section, "appraisal" means a written statement independently and impartially prepared by a qualified appraiser setting forth an opinion of defined value of an adequately described property as of a specific date, supported by the presentation and analysis of relevant market information.

(2) For the purposes of this section, "acquiring agency" means a state agency which has the authority to acquire property by eminent domain under state law and a state agency or person which does not have such authority to the extent provided by the department of transportation by regulation.

(3) The requirements of this section shall not apply to any acquiring agency or political subdivision of the state that acquires real property for a program or project for which federal financial assistance will be available from the rural utilities service of the United States department of agriculture for all or any part of the cost of such program or project.

24-56-118. Buildings, structures, and improvements. (1) Where any interest in real property is acquired for a program or project for which federal assistance will be available to pay all or any part of the cost of the program or project, the acquiring agency shall acquire an equal interest in all buildings, structures, or other improvements located upon the real property so acquired which are required to be removed from such real property or which the head of the acquiring agency determines will be adversely affected by the use to which such real property will be put.

(2) (a) For the purpose of determining the just compensation to be paid for any building, structure, or other improvement required to be acquired by subsection (1) of this section, such building, structure, or other improvement shall be deemed to be a part of the real property to be acquired notwithstanding the right or obligation of a tenant, as against the owner of any other interest in the real property, to remove such building, structure, or improvement at the expiration

of his term, and the fair market value which such building, structure, or improvement contributes to the fair market value of the real property to be acquired or the fair market value of such building, structure, or improvement for removal from the real property, whichever is greater, shall be paid to the tenant therefor.

(b) Payment for such buildings, structures, or improvements as set forth in this subsection (2) shall not result in duplication of any payments otherwise authorized by state law. No such payment shall be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer, and release all his right, title, and interest in and to such improvements. Nothing in this subsection (2) shall be construed to deprive the tenant of any rights to reject payment and to obtain payment for such property interests in accordance with other laws of the state.

24-56-119. No duplication of payments. 24-56-120. No new value or damage element created. (1) The provisions of section 24-56-117 create no rights or liabilities and shall not affect the validity of any property acquisition by purchase or condemnation.

(2) Nothing in this article shall be construed as creating in any condemnation proceedings brought under the power of eminent domain any element of value or damage not in existence immediately prior to May 6, 1971.

AGREEMENT ON DETAINERS

24-60-501. Disposal of detainers against prisoner based on untried charges. The agreement on detainers is hereby enacted into law and entered into by this state with all other jurisdictions legally joining therein in the form substantially as follows:

The Agreement on Detainers

The contracting states solemnly agree that:

Article I

The party states find that charges outstanding against a prisoner, detainers based on untried indictments, informations, or complaints, and difficulties in securing speedy trial of persons already incarcerated in other jurisdictions, produce uncertainties which obstruct programs of prisoner treatment and rehabilitation. Accordingly, it is the policy of the party states and the purpose of this agreement to encourage the expeditious and orderly disposition of such charges and determination of the proper status of any and all detainers based on untried indictments, informations, or complaints. The party states also find that proceedings with reference to such charges and detainers, when emanating from another jurisdiction, cannot properly be had in the absence of cooperative procedures. It is the further purpose of this agreement to provide such cooperative procedures.

Article II

As used in this agreement:

(a) "State" shall mean a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.

(b) "Sending state" shall mean a state in which a prisoner is incarcerated at the time that he initiates a request for final disposition pursuant to article III hereof or at the time that a request for custody or availability is initiated pursuant to article IV hereof.

(c) "Receiving state" shall mean the state in which trial is to be had on an indictment, information or complaint pursuant to article III or article IV hereof.

Article III

(a) Whenever a person has entered upon a term of imprisonment in a penal or correctional institution of a party state, and whenever during the continuance of the term of imprisonment there is pending in any other party state any untried indictment, information, or complaint on the basis of which a detainer has been lodged against the prisoner, he shall be brought to trial within one hundred eighty days after he shall have caused to be delivered to the prosecuting officer and the appropriate court of the prosecuting officer's jurisdiction written notice of the place of his imprisonment and his request for a final disposition to be made of the indictment, information or complaint; provided that for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance. The request of the prisoner shall be accompanied by a certificate of the appropriate official having custody of the prisoner, stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner.

(b) The written notice and request for final disposition referred to in paragraph (a) hereof shall be given or sent by the prisoner to the warden, commissioner of corrections, or other official having custody of him, who shall promptly forward it together with the certificate to the appropriate prosecuting official and court by registered or certified mail, return receipt requested.

(c) The warden, commissioner of corrections, or other official having custody of the prisoner shall promptly inform him of the source and contents of any detainer lodged against him and shall also inform him of his right to make a request for final disposition of the indictment, information, or complaint on which the detainer is based.

(d) Any request for final disposition made by a prisoner pursuant to paragraph (a) hereof shall operate as a request for final disposition of all untried indictments, informations, or complaints on the basis of which detainers have been lodged against the prisoner from the state to whose prosecuting official the request for final disposition is specifically directed. The warden, commissioner of corrections, or other official having custody of the prisoner shall forthwith notify all appropriate prosecuting officers and courts in the several jurisdictions within the state to which the prisoner's request for final disposition is being sent of the proceeding being initiated by the prisoner. Any notification sent pursuant to this paragraph shall be accompanied by copies of the prisoner's written notice, request, and the certificate. If trial is not had on any indictment, information, or complaint contemplated hereby prior to the return of the prisoner to the original place of imprisonment, such indictment, information, or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

(e) Any request for final disposition made by a prisoner pursuant to paragraph (a) hereof shall also be deemed to be a waiver of extradition with respect to any charge or proceeding contemplated thereby or included therein by reason of paragraph (d) hereof, and a waiver of extradition to the receiving state to serve any sentence there imposed upon him, after completion

of his term of imprisonment in the sending state. The request for final disposition shall also constitute a consent by the prisoner to the production of his body in any court where his presence may be required in order to effectuate the purposes of this agreement and a further consent voluntarily to be returned to the original place of imprisonment in accordance with the provisions of this agreement. Nothing in this paragraph shall prevent the imposition of a concurrent sentence if otherwise permitted by law.

(f) Escape from custody by the prisoner subsequent to his execution of the request for final disposition referred to in paragraph (a) hereof shall void the request.

Article IV

(a) The appropriate officer of the jurisdiction in which an untried indictment, information, or complaint is pending shall be entitled to have a prisoner against whom he had lodged a detainer and who is serving a term of imprisonment in any party state made available in accordance with article V (a) hereof upon presentation of a written request for temporary custody or availability to the appropriate authorities of the state in which the prisoner is incarcerated; provided that the court having jurisdiction of such indictment, information, or complaint shall have duly approved, recorded, and transmitted the request; and provided further that there shall be a period of thirty days after receipt by the appropriate authorities before the request be honored, within which period the governor of the sending state may disapprove the request for temporary custody or availability, either upon his own motion or upon motion of the prisoner.

(b) Upon receipt of the officer's written request as provided in paragraph (a) hereof, the appropriate authorities having the prisoner in custody shall furnish the officer with a certificate stating the term of commitment under which the prisoner is being held, the time already served, the time remaining to be served on the sentence, the amount of good time earned, the time of parole eligibility of the prisoner, and any decisions of the state parole agency relating to the prisoner. Said authorities simultaneously shall furnish all other officers and appropriate courts in the receiving state who have lodged detainers against the prisoner with similar certificates and with notices informing them of the request for custody or availability and of the reasons therefor.

(c) In respect of any proceeding made possible by this article, trial shall be commenced within one hundred twenty days of the arrival of the prisoner in the receiving state, but for good cause shown in open court, the prisoner or his counsel being present, the court having jurisdiction of the matter may grant any necessary or reasonable continuance.

(d) Nothing contained in this article shall be construed to deprive any prisoner of any right which he may have to contest the legality of his delivery as provided in paragraph (a) hereof, but such delivery may not be opposed or denied on the ground that the executive authority of the sending state has not affirmatively consented to or ordered such delivery.

(e) If trial is not had on any indictment, information, or complaint contemplated hereby prior to the prisoner's being returned to the original place of imprisonment pursuant to article V (e) hereof, such indictment, information, or complaint shall not be of any further force or effect, and the court shall enter an order dismissing the same with prejudice.

Article V

(a) In response to a request made under article III or article IV hereof, the appropriate authority in a sending state shall offer to deliver temporary custody of such prisoner to the appropriate authority in the state where such indictment, information, or complaint is pending against such person in order that speedy and efficient prosecution may be had. If the request for

final disposition is made by the prisoner, the offer of temporary custody shall accompany the written notice provided for in article III of this agreement. In the case of a federal prisoner, the appropriate authority in the receiving state shall be entitled to temporary custody as provided by this agreement or to the prisoner's presence in federal custody at the place for trial, whichever custodial arrangement may be approved by the custodian.

(b) The officer or other representative of a state accepting an offer of temporary custody shall present the following upon demand:

(1) Proper identification and evidence of his authority to act for the state into whose temporary custody the prisoner is to be given.

(2) A duly certified copy of the indictment, information, or complaint on the basis of which the detainer has been lodged and on the basis of which the request for temporary custody of the prisoner has been made.

(c) If the appropriate authority shall refuse or fail to accept temporary custody of said person, or in the event that an action on the indictment, information, or complaint on the basis of which the detainer has been lodged is not brought to trial within the period provided in article III or article IV hereof, the appropriate court of the jurisdiction where the indictment, information, or complaint has been pending shall enter an order dismissing the same with prejudice, and any detainer based thereon shall cease to be of any force or effect.

(d) The temporary custody referred to in this agreement shall be only for the purpose of permitting prosecution on the charge or charges contained in one or more untried indictments, informations, or complaints which form the basis of the detainer or detainers or for prosecution on any other charge or charges arising out of the same transaction. Except for his attendance at court and while being transported to or from any place at which his presence may be required, the prisoner shall be held in a suitable jail or other facility regularly used for persons awaiting prosecution.

(e) At the earliest practicable time consonant with the purposes of this agreement, the prisoner shall be returned to the sending state.

(f) During the continuance of temporary custody or while the prisoner is otherwise being made available for trial as required by this agreement, time being served on the sentence shall continue to run but good time shall be earned by the prisoner only if, and to the extent that, the law and practice of the jurisdiction which imposed the sentence may allow.

(g) For all purposes other than that for which temporary custody as provided in this agreement is exercised, the prisoner shall be deemed to remain in the custody of and subject to the jurisdiction of the sending state and any escape from temporary custody may be dealt with in the same manner as an escape from the original place of imprisonment or in any other manner permitted by law.

(h) From the time that a party state receives custody of a prisoner pursuant to this agreement until such prisoner is returned to the territory and custody of the sending state, the state in which the one or more untried indictments, informations, or complaints are pending or in which trial is being had shall be responsible for the prisoner and shall also pay all costs of transporting, caring for, keeping, and returning the prisoner. The provisions of this paragraph shall govern unless the states concerned shall have entered into a supplementary agreement providing for a different allocation of costs and responsibilities as between or among themselves. Nothing herein contained shall be construed to alter or affect any internal relationship among the

departments, agencies, and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

Article VI

(a) In determining the duration and expiration dates of the time periods provided in articles III and IV of this agreement, the running of said time periods shall be tolled whenever and for as long as the prisoner is unable to stand trial, as determined by the court having jurisdiction of the matter.

(b) No provision of this agreement, and no remedy made available by this agreement, shall apply to any person who is adjudged to be mentally ill.

Article VII

Each state party to this agreement shall designate an officer who, acting jointly with like officers of other party states, shall promulgate rules and regulations to carry out more effectively the terms and provisions of this agreement, and who shall provide, within and without the state, information necessary to the effective operation of this agreement.

Article VIII

This agreement shall enter into full force and effect as to a party state when such state has enacted the same into law. A state party to this agreement may withdraw herefrom by enacting a statute repealing the same. However, the withdrawal of any state shall not affect the status of any proceedings already initiated by inmates or by state officers at the time such withdrawal takes effect, nor shall it affect their rights in respect thereof.

Article IX

This agreement shall be liberally construed so as to effectuate its purposes. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provisions of this agreement is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement shall be held contrary to the constitution of any state party hereto, the agreement shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Under such compacts, the following covenants may be agreed to:

ARTICLE I

WHEREAS, the future of this Nation and of the Western States is dependent upon the quality of the education of its youth; and

WHEREAS, many of the Western States individually do not have sufficient numbers of potential students to warrant the establishment and maintenance within their borders of adequate facilities in all of the essential fields of technical, professional, and graduate training, nor do all of the States have the financial ability to furnish within their borders institutions capable of providing acceptable standards of training in all of the fields mentioned above; and

WHEREAS, it is believed that the Western States, or groups of such states within the Region, co-operatively can provide acceptable and efficient educational facilities to meet the needs of the Region and of the students thereof;

NOW, THEREFORE, The States of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming, and the Territories of Alaska and Hawaii do hereby covenant and agree as follows:

ARTICLE II

Each of the compacting states and territories pledges to each of the other compacting states and territories faithful co-operation in carrying out all the purposes of this Compact.

ARTICLE III

The compacting states and territories hereby create the Western Interstate Commission for Higher Education, hereinafter called the Commission. Said Commission shall be a body corporate of each compacting state and territory and an agency thereof. The Commission shall have all the powers and duties set forth herein, including the power to sue and be sued, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states and territories.

ARTICLE IV

The Commission shall consist of three resident members from each compacting state or territory. At all times one Commissioner from each compacting state or territory shall be an educator engaged in the field of higher education in the state or territory from which he is appointed.

The Commissioners from each state and territory shall be appointed by the Governor thereof as provided by law in such state or territory. Any Commissioner may be removed or suspended from office as provided by the law of the state or territory from which he shall have been appointed.

The terms of each Commissioner shall be four years, provided however that the first three Commissioners shall be appointed as follows: one for two years, one for three years, and one for four years. Each Commissioner shall hold office until his successor shall be appointed and qualified. If any office becomes vacant for any reason, the Governor shall appoint a Commissioner to fill the office for the remainder of the unexpired term.

ARTICLE V

Any business transacted at any meeting of the Commission must be by affirmative vote of a majority of the whole number of compacting states and territories.

One or more Commissioners from a majority of the compacting states and territories shall constitute a quorum for the transaction of business.

Each compacting state and territory represented at any meeting of the Commission is entitled to one vote.

ARTICLE VI

The Commission shall elect from its number a chairman and a vice chairman, and may appoint, and at its pleasure dismiss or remove, such officers, agents, and employees as may be required to carry out the purpose of this Compact; and shall fix and determine their duties, qualifications and compensation, having due regard for the importance of the responsibilities involved.

The Commissioners shall serve without compensation, but shall be reimbursed for their actual and necessary expenses from the funds of the Commission.

ARTICLE VII

The Commission shall adopt a seal and by-laws and shall adopt and promulgate rules and regulations for its management and control.

The Commission may elect such committees as it deems necessary for the carrying out of its functions.

The Commission shall establish and maintain an office within one of the compacting states for the transaction of its business and may meet at any time, but in any event must meet at least once a year. The Chairman may call such additional meetings and upon the request of a majority of the Commissioners of three or more compacting states or territories shall call additional meetings.

The Commission shall submit a budget to the Governor of each compacting state and territory at such time and for such period as may be required.

The Commission shall, after negotiations with interested institutions, determine the cost of providing the facilities for graduate and professional education for use in its contractual agreements throughout the Region.

On or before the fifteenth day of January of each year, the Commission shall submit to the Governors and Legislatures of the compacting states and territories a report of its activities for the preceding calendar year.

The Commission shall keep accurate books of account, showing in full its receipts and disbursements, and said books of account shall be open at any reasonable time for inspection by the Governor of any compacting state or territory or his designated representative. The Commission shall not be subject to the audit and accounting procedure of any of the compacting states or territories. The Commission shall provide for an independent annual audit.

ARTICLE VIII

It shall be the duty of the Commission to enter into such contractual agreements with any institutions in the Region offering graduate or professional education and with any of the compacting states or territories as may be required in the judgment of the Commission to provide adequate services and facilities of graduate and professional education for the citizens of the respective compacting states or territories. The Commission shall first endeavor to provide

adequate services and facilities in the fields of dentistry, medicine, public health, and veterinary medicine, and may undertake similar activities in other professional and graduate fields.

For this purpose the Commission may enter into contractual agreements --

(a) With the governing authority of any educational institution in the Region, or with any compacting state or territory, to provide such graduate or professional educational services upon terms and conditions to be agreed upon between contracting parties, and

(b) With the governing authority of any educational institutions in the Region or with any compacting state or territory to assist in the placement of graduate or professional students in educational institutions in the Region providing the desired services and facilities, upon such terms and conditions as the Commission may prescribe.

It shall be the duty of the Commission to undertake studies of needs for professional and graduate educational facilities in the Region, the resources for meeting such needs, and the long-range effects of the Compact on higher education; and from time to time prepare comprehensive reports on such research for presentation to the Western Governors' Conference and to the legislatures of the compacting states and territories. In conducting such studies, the Commission may confer with any national or regional planning body which may be established. The Commission shall draft and recommend to the Governors of the various compacting states and territories, uniform legislation dealing with problems of higher education in the Region.

For the purposes of this Compact the word "Region" shall be construed to mean the geographical limits of the several compacting states and territories.

ARTICLE IX

The operating costs of the Commission shall be apportioned equally among the compacting states and territories.

ARTICLE X

This Compact shall become operative and binding immediately as to those states and territories adopting it whenever five or more of the states or territories of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming, Alaska and Hawaii have duly adopted it prior to July 1, 1953. This Compact shall become effective as to any additional states or territories adopting thereafter at the time of such adoption.

ARTICLE XI

This Compact may be terminated at any time by consent of a majority of the compacting states or territories. Consent shall be manifested by passage and signature in the usual manner of legislation expressing such consent by the legislature and Governor of such terminating state. Any state or territory may at any time withdraw from this Compact by means of appropriate legislation to that end. Such withdrawal shall not become effective until two years after written notice thereof by the Governor of the withdrawing state or territory accompanied by a certified copy of the requisite legislative action is received by the Commission. Such withdrawal shall not relieve the withdrawing state or territory from its obligations hereunder accruing prior to the effective date of withdrawal. The withdrawing state or territory may rescind its action of withdrawal at any time within the two year period. Thereafter, the withdrawing state or territory may be reinstated by application to and the approval by a majority vote of the Commission.

ARTICLE XII

If any compacting state or territory shall at any time default in the performance of any of its obligations assumed or imposed in accordance with the provisions of this Compact, all rights, privileges and benefits conferred by this Compact or agreements hereunder, shall be suspended from the effective date of such default as fixed by the Commission.

Unless such default shall be remedied within a period of two years following the effective date of such default, this Compact may be terminated with respect to such defaulting state or territory by affirmative vote of three-fourths of the other member states or territories.

Any such defaulting state may be reinstated by: (a) performing all Acts and obligations upon which it has heretofore defaulted, and (b) application to and the approval by a majority vote of the Commission.

24-60-702. Execution of compact. The governor is hereby authorized to execute a compact on behalf of this state with any other state or states legally joining therein in the form substantially as follows:

THE INTERSTATE COMPACT FOR JUVENILES

ARTICLE I - PURPOSE

The compacting states to this Interstate Compact recognize that each state is responsible for the proper supervision or return of juveniles, delinquents and status offenders who are on probation or parole and who have absconded, escaped or run away from supervision and control and in so doing have endangered their own safety and the safety of others. The compacting states also recognize that each state is responsible for the safe return of juveniles who have run away from home and in doing so have left their state of residence. The compacting states also recognize that Congress, by enacting the Crime Control Act, 4 U.S.C. Section 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

It is the purpose of this compact, through means of joint and cooperative action among the compacting states to: (A) ensure that the adjudicated juveniles and status offenders subject to this compact are provided adequate supervision and services in the receiving state as ordered by

the adjudicating judge or parole authority in the sending state; (B) ensure that the public safety interests of the citizens, including the victims of juvenile offenders, in both the sending and receiving states are adequately protected; (C) return juveniles who have run away, absconded or escaped from supervision or control or have been accused of an offense to the state requesting their return; (D) make contracts for the cooperative institutionalization in public facilities in member states for delinquent youth needing special services; (E) provide for the effective tracking and supervision of juveniles; (F) equitably allocate the costs, benefits and obligations of the compacting states; (G) establish procedures to manage the movement between states of juvenile offenders released to the community under the jurisdiction of courts, juvenile departments, or any other criminal or juvenile justice agency which has jurisdiction over juvenile offenders; (H) insure immediate notice to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; (I) establish procedures to resolve pending charges (detainers) against juvenile offenders prior to transfer or release to the community under the terms of this compact; (J) establish a system of uniform data collection on information pertaining to juveniles subject to this compact that allows access by authorized juvenile justice and criminal justice officials, and regular reporting of Compact activities to heads of state executive, judicial, and legislative branches and juvenile and criminal justice administrators; (K) monitor compliance with rules governing interstate movement of juveniles and initiate interventions to address and correct noncompliance; (L) coordinate training and education regarding the regulation of interstate movement of juveniles for officials involved in such activity; and (M) coordinate the implementation and operation of the compact with the Interstate Compact for the Placement of Children, the Interstate Compact for Adult Offender Supervision and other compacts affecting juveniles particularly in those cases where concurrent or overlapping supervision issues arise. It is the policy of the compacting states that the activities conducted by the Interstate Commission created herein are the formation of public policies and therefore are public business. Furthermore, the compacting states shall cooperate and observe their individual and collective duties and responsibilities for the prompt return and acceptance of juveniles subject to the provisions of this compact. The provisions of this compact shall be reasonably and liberally construed to accomplish the purposes and policies of the compact.

The commission shall have all the responsibilities, powers and duties set forth herein, and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states in accordance with the terms of this compact.

B. The Interstate Commission shall consist of commissioners appointed by the appropriate appointing authority in each state pursuant to the rules and requirements of each compacting state and in consultation with the State Council for Interstate Juvenile Supervision created hereunder. The commissioner shall be the compact administrator, deputy compact

administrator or designee from that state who shall serve on the Interstate Commission in such capacity under or pursuant to the applicable law of the compacting state.

C. In addition to the commissioners who are the voting representatives of each state, the Interstate Commission shall include individuals who are not commissioners, but who are members of interested organizations. Such non-commissioner members must include a member of the national organizations of governors, legislators, state chief justices, attorneys general, Interstate Compact for Adult Offender Supervision, Interstate Compact for the Placement of Children, juvenile justice and juvenile corrections officials, and crime victims. All non-commissioner members of the Interstate Commission shall be ex-officio (non-voting) members. The Interstate Commission may provide in its by-laws for such additional ex-officio (non-voting) members, including members of other national organizations, in such numbers as shall be determined by the commission.

9. Specifically relate to the Interstate Commission's issuance of a subpoena, or its participation in a civil action or other legal proceeding.

J. For every meeting closed pursuant to this provision, the Interstate Commission's legal counsel shall publicly certify that, in the legal counsel's opinion, the meeting may be closed to the public, and shall reference each relevant exemptive provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken, and the reasons therefore, including a description of each of the views expressed on any item and the record of any roll call vote (reflected in the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes.

The executive director shall serve as secretary to the Interstate Commission, but shall not be a Member and shall hire and supervise such other staff as may be authorized by the Interstate Commission.

Section C. Qualified Immunity, Defense and Indemnification

1. The Commission's executive director and employees shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused or arising out of or relating to any actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided, that any such person shall not be protected from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person.

2. The liability of any commissioner, or the employee or agent of a commissioner, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person's state may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. ARTICLE VI - RULEMAKING FUNCTIONS OF THE

INTERSTATE COMMISSION

A. The Interstate Commission shall promulgate and publish rules in order to effectively and efficiently achieve the purposes of the compact.

B. Rulemaking shall occur pursuant to the criteria set forth in this article and the by-laws and rules adopted pursuant thereto. Such rulemaking shall substantially conform to the principles of the "Model State Administrative Procedures Act," 1981 Act, Uniform Laws Annotated, Vol. 15, p.1 (2000), or such other administrative procedures act, as the Interstate Commission deems appropriate consistent with due process requirements under the U.S. Constitution as now or hereafter interpreted by the U.S. Supreme Court. All rules and amendments shall become binding as of the date specified, as published with the final version of the rule as approved by the Commission.

C. When promulgating a rule, the Interstate Commission shall, at a minimum:

1. publish the proposed rule's entire text stating the reason(s) for that proposed rule;
2. allow and invite any and all persons to submit written data, facts, opinions and arguments, which information shall be added to the record, and be made publicly available;
3. provide an opportunity for an informal hearing if petitioned by ten (10) or more persons; and
4. promulgate a final rule and its effective date, if appropriate, based on input from state or local officials, or interested parties.

D. Allow, not later than sixty days after a rule is promulgated, any interested person to file a petition in the United States District Court for the District of Columbia or in the Federal District Court where the Interstate Commission's principal office is located for judicial review of such rule. If the court finds that the Interstate Commission's action is not supported by substantial evidence in the rulemaking record, the court shall hold the rule unlawful and set it

aside. For purposes of this subsection, evidence is substantial if it would be considered substantial evidence under the Model State Administrative Procedures Act.

E. If a majority of the legislatures of the compacting states rejects a rule, those states may, by enactment of a statute or resolution in the same manner used to adopt the compact, cause that such rule shall have no further force and effect in any compacting state.

F. The existing rules governing the operation of the Interstate Compact on Juveniles superceded by this act shall be null and void twelve (12) months after the first meeting of the Interstate Commission created hereunder.

G. Upon determination by the Interstate Commission that a state-of-emergency exists, it may promulgate an emergency rule which shall become effective immediately upon adoption, provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, but no later than ninety (90) days after the effective date of the emergency rule.

Section A. Oversight

1. The Interstate Commission shall oversee the administration and operations of the interstate movement of juveniles subject to this compact in the compacting states and shall monitor such activities being administered in non-compacting states which may significantly affect compacting states.

2. The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated hereunder shall be received by all the judges, public officers, commissions, and departments of the state government as evidence of the authorized statute and administrative rules. All courts shall take judicial notice of the compact and the rules. ARTICLE VIII - FINANCE

A. The Interstate Commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization and ongoing activities.

B. The Interstate Commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, taking into consideration the population of each compacting state and the volume of interstate movement of juveniles in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment.

C. The Interstate Commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its by-laws. However, all receipts and disbursements of funds handled by the Interstate Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Interstate Commission.

ARTICLE IX - THE STATE COUNCIL

Each member state shall create a State Council for Interstate Juvenile Supervision. While each state may determine the membership of its own state council, its membership must include at least one representative from the legislative, judicial, and executive branches of government, victims groups, and the compact administrator, deputy compact administrator or designee. Each compacting state retains the right to determine the qualifications of the compact administrator or deputy compact administrator. Each state council will advise and may exercise oversight and advocacy concerning that state's participation in Interstate Commission activities and other duties as may be determined by that state, including but not limited to, development of policy concerning operations and procedures of the compact within that state.

B. The compact shall become effective and binding upon legislative enactment of the compact into law by no less than 35 of the states. The initial effective date shall be the later of July 1, 2004 or upon enactment into law by the 35th jurisdiction. Thereafter it shall become effective and binding as to any other compacting state upon enactment of the compact into law by that state. The governors of non-member states or their designees shall be invited to

participate in the activities of the Interstate Commission on a nonvoting basis prior to adoption of the compact by all states and territories of the United States.

C. The Interstate Commission may propose amendments to the compact for enactment by the compacting states. No amendment shall become effective and binding upon the Interstate Commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

ARTICLE XI - WITHDRAWAL, DEFAULT, TERMINATION

AND JUDICIAL ENFORCEMENT

Section A. Withdrawal

1. Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided that a compacting state may withdraw from the compact by specifically repealing the statute which enacted the compact into law.

2. The effective date of withdrawal is the effective date of the repeal.

3. The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The Interstate Commission shall notify the other compacting states of the withdrawing state's intent to withdraw within sixty days of its receipt thereof.

5. Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the Interstate Commission.

Section B. Technical Assistance, Fines, Suspension, Termination and Default

1. If the Interstate Commission determines that any compacting state has at any time defaulted in the performance of any of its obligations or responsibilities under this compact, or the by-laws or duly promulgated rules, the Interstate Commission may impose any or all of the following penalties:

a. Remedial training and technical assistance as directed by the Interstate Commission;

b. Alternative Dispute Resolution;

c. Fines, fees, and costs in such amounts as are deemed to be reasonable as fixed by the Interstate Commission; and

d. Suspension or termination of membership in the compact, which shall be imposed only after all other reasonable means of securing compliance under the by-laws and rules have been exhausted and the Interstate Commission has therefore determined that the offending state is in default. Immediate notice of suspension shall be given by the Interstate Commission to the Governor, the Chief Justice or the Chief Judicial Officer of the state, the Majority and Minority Leaders of the defaulting state's legislature, and the state council. The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities imposed upon it by this compact, the by-laws, or duly promulgated rules and any other grounds designated in commission by-laws and rules. The Interstate Commission shall

immediately notify the defaulting state in writing of the penalty imposed by the Interstate Commission and of the default pending a cure of the default. The commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the commission, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination.

2. Within sixty days of the effective date of termination of a defaulting state, the Commission shall notify the Governor, the Chief Justice or Chief Judicial Officer, the Majority and Minority Leaders of the defaulting state's legislature, and the state council of such termination.

3. The defaulting state is responsible for all assessments, obligations and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

4. The Interstate Commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

5. Reinstatement following termination of any compacting state requires both a reenactment of the compact by the defaulting state and the approval of the Interstate Commission pursuant to the rules.

Section C. Judicial Enforcement

The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its offices, to enforce compliance with the provisions of the compact, its duly promulgated rules and by-laws, against any compacting state in default. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorneys fees.

Section D. Dissolution of Compact

1. The compact dissolves effective upon the date of the withdrawal or default of the compacting state, which reduces membership in the compact to one compacting state.

2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and any surplus funds shall be distributed in accordance with the by-laws.

ARTICLE XII - SEVERABILITY AND CONSTRUCTION

A. The provisions of this compact shall be severable, and if any phrase, clause, sentence or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

ARTICLE XIII - BINDING EFFECT OF COMPACT

AND OTHER LAWS

Section A. Other Laws

1. Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact.
2. All compacting states' laws other than state Constitutions and other interstate compacts conflicting with this compact are superseded to the extent of the conflict.

Section B. Binding Effect of the Compact

1. All lawful actions of the Interstate Commission, including all rules and by-laws promulgated by the Interstate Commission, are binding upon the compacting states.
2. All agreements between the Interstate Commission and the compacting states are binding in accordance with their terms.
3. Upon the request of a party to a conflict over meaning or interpretation of Interstate Commission actions, and upon a majority vote of the compacting states, the Interstate Commission may issue advisory opinions regarding such meaning or interpretation.
4. In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers or jurisdiction sought to be conferred by such provision upon the Interstate Commission shall be ineffective and such obligations, duties, powers or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers or jurisdiction are delegated by law in effect at the time this compact becomes effective.

PART 8

WESTERN INTERSTATE CORRECTIONS COMPACT

24-60-801. Execution of compact. The governor is hereby authorized to execute a compact on behalf of this state with any other contiguous state or states joining therein in the form substantially as follows:

WESTERN INTERSTATE CORRECTIONS COMPACT

Article I

PURPOSE AND POLICY

The party states, desiring by common action to improve their institutional facilities and provide programs of sufficiently high quality for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of co-operation with one another, thereby serving the best interests of such offenders and of society. The purpose of this compact is to provide for the development and execution of such programs of co-operation for the confinement, treatment and rehabilitation of offenders.

Article II

DEFINITIONS

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States, or, subject to the limitation contained in Article VII, Guam.

(b) "Sending state" means a state party to this compact in which conviction was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction was had.

(d) "Inmate" means a male or female offender who is under sentence to or confined in a prison or other correctional institution.

(e) "Institution" means any prison, reformatory or other correctional facility (including but not limited to a facility for the mentally ill or mentally defective) in which inmates may lawfully be confined.

Article III

CONTRACTS

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) Prior to the construction or completion of construction of any institution or addition thereto by a party state, any other party state or states may contract therewith for the enlargement of the planned capacity of the institution or addition thereto, or for the inclusion therein of particular equipment or structures, and for the reservation of a specific percentum of the capacity of the institution to be kept available for use by inmates of the sending state or states so contracting. Any sending state so contracting may, to the extent that monies are legally available therefore, pay to the receiving state, a reasonable sum as consideration for such enlargement of capacity, or provision of equipment or structures, and reservation of capacity. Such payment may be in a lump sum or in installments as provided in the contract.

(c) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

Article IV

PROCEDURES AND RIGHTS

(a) Whenever the duly constituted judicial or administrative authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary in order to provide adequate quarters and care, or desirable in order to provide an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have the benefit of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be cared for and treated

equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state. Costs of records made pursuant to this subdivision shall be borne by the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

Article V

ACTS NOT REVIEWABLE IN RECEIVING STATE; EXTRADITION

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is suspected of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition proceedings shall be that of the

sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

Article VI

FEDERAL AID

Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant hereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision provided that if such program or activity is not part of the customary correctional regimen the express consent of the appropriate official of the sending state shall be required therefor.

Article VII

ENTRY INTO FORCE

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two contiguous states from among the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nebraska, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming. For the purposes of this article, Alaska and Hawaii shall be deemed contiguous to each other; to any and all of the states of California, Oregon and Washington; and to Guam. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states, or any other state contiguous to at least one party state upon similar action by such state. Guam may become party to this compact by taking action similar to that provided for joinder by any other eligible party state and upon the consent of Congress to such joinder. For the purposes of this article, Guam shall be deemed contiguous to Alaska, Hawaii, California, Oregon and Washington.

Article VIII

WITHDRAWAL AND TERMINATION

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until two years after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

Article IX

OTHER ARRANGEMENTS UNAFFECTED

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

Article X

CONSTRUCTION AND SEVERABILITY

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

PART 9

VEHICLE EQUIPMENT SAFETY COMPACT

24-60-901. Legislative declaration. (1) The general assembly finds that:

(a) The public safety necessitates the continuous development, modernization, and implementation of standards and requirements of law relating to vehicle equipment in accordance with expert knowledge and opinion;

(b) The public safety further requires that such standards and requirements be uniform from jurisdiction to jurisdiction, except to the extent that specific and compelling evidence supports variation;

(c) The executive director of the department of revenue, acting upon recommendations of the vehicle equipment safety commission and pursuant to the vehicle equipment safety compact, provides a just, equitable, and orderly means of promoting the public safety in the manner and within the scope contemplated by this part 9.

Source: L. 63: p. 603, § 2. **C.R.S. 1963:** § 74-10-2.

24-60-902. Compact approved and ratified. The general assembly hereby approves and ratifies and the governor shall enter into a compact on behalf of the state of Colorado with any of the United States or other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I

Findings and Purpose

(a) The party states find that:

(1) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

(2) There is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

(b) The purposes of this compact are to:

(1) Promote uniformity in regulation of and standards for equipment.

(2) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision (a) of this article.

(c) It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II

Definitions

As used in this compact:

(a) "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

(b) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(c) "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

ARTICLE III

The Commission

(a) There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the commission. The commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the commission in such form as the commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the commission for expenses actually incurred in attending commission meetings or while engaged in the business of the commission.

(b) The commissioners shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

(c) The commission shall have a seal.

(d) The commission shall elect annually, from among its members, a chairman, a vice-chairman and a treasurer. The commission may appoint an executive director and fix his duties and compensation. Such executive director shall serve at the pleasure of the commission, and together with the treasurer shall be bonded in such amount as the commission shall determine. The executive director also shall serve as secretary. If there be no executive director, the commission shall elect a secretary in addition to the other officers provided by this subdivision.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director with the approval of the commission, or the commission if there be no executive director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the commission's functions, and shall fix the duties and compensation of such personnel.

(f) The commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full time employees. Employees of the commission shall be eligible for social security coverage in respect of old age and survivor's insurance provided that the commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(g) The commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

(h) The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize and dispose of the same.

(i) The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(j) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

(k) The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year, and embodying such recommendations as may have been issued by the commission. The commission may make such additional reports as it may deem desirable.

ARTICLE IV

Research and Testing

The commission shall have power to:

(a) Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

(b) Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

(c) Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

(d) Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V

Vehicular Equipment

(a) In the interest of vehicular and public safety, the commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this article. No less than sixty days after the publication of a report containing the results of such study, the commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

(b) Following the hearing or hearings provided for in subdivision (a) of this article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the commission will be fair and equitable and effectuate the purposes of this compact.

(c) Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

(d) The commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

(e) If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

(f) Except as otherwise specifically provided in or pursuant to subdivisions (e) and (g) of this article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

(g) The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the commission pursuant to this article if such agency specifically finds, after public hearing on due notice, that a variation from the commission's rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon

request, the commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

ARTICLE VI

Finance

(a) The commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: One-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the commission may employ such source or sources of information as, in its judgment present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under article III (h) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under article III (h) hereof, the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VII

Conflict of Interest

(a) The commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the commission and contractors with the commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a commission

rule or regulation adopted pursuant to this article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the commission subject to cancellation by the commission.

(b) Nothing contained in this article shall be deemed to prevent a contractor for the commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII

Advisory and Technical Committees

The commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX

Entry Into Force and Withdrawal

(a) This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE X

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

PART 10

INTERSTATE COMPACT ON MENTAL HEALTH

24-60-1001. Execution of compact. The governor is hereby authorized to enter into a compact on behalf of this state with any other state or states joining therein in the form substantially as follows:

Interstate Compact on Mental Health

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and

desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) "After-care" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement, or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state

an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escapee in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a non-party state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances; provided, however, that in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

ARTICLE IX

(a) No provisions of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII (b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party thereto, the compact shall remain in full force

and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

The director shall cooperate with all departments, agencies, and officers of the state and any political subdivision thereof to facilitate the proper administration of the interstate compact on mental health or of any supplementary agreement or agreements entered into by this state thereunder.

24-60-1005. Court review. The compact administrator is directed to consult with the immediate family of any proposed transferee and, in the case of a proposed transferee from an institution in this state to an institution in another party state, to make no transfer out of the state without approval of the district or probate court. Before granting such approval, the court shall hold such hearings as it deems appropriate. In addition, the court shall designate some appropriate person to deliver written notice of the proposed transferee's right to a hearing to the proposed transferee and his guardian ad litem. The person serving such notices shall make a written return to the court that such has been done. At the conclusion of such hearing, if any, the court may approve the proposed transfer, order the release of the proposed transferee, or enter any other suitable order.

PART 11

DRIVER LICENSE COMPACT

24-60-1101. Compact approved and ratified. The general assembly hereby approves and ratifies and the governor shall enter into a compact on behalf of the state of Colorado with any of the United States or other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I

Findings and Declaration of Policy

- (a) The party states find that:
 - (1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.
 - (2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.
 - (3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.
- (b) It is the policy of each of the party states to:
 - (1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.
 - (2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the over-all compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II

Definitions

As used in this compact:

- (a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
- (b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.
- (c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a

person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III

Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV

Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the offense reported, pursuant to Article III of this compact, as it would if such offense had occurred in the home state, in the case of convictions for:

- (1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;
- (2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;
- (3) Any felony in the commission of which a motor vehicle is used;
- (4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) As to other convictions, reported pursuant to Article III, the licensing authority in the home state shall give such effect to the offense as is provided by the laws of the home state.

(c) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature, and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this article.

ARTICLE V

Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

- (1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a conviction for a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a conviction for a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by Colorado law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI

Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a nonparty state.

ARTICLE VII

Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII

Entry Into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held

invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

This state shall require a resident to secure an operator's license from the department of revenue and to surrender any outstanding license to drive issued by another state; except that, if the laws of such other state require the person to be licensed to drive thereby in order to engage in such person's regular trade or profession, no license shall be issued by this state so long as such other license to drive is in force, nor shall this state issue any license to drive in contravention of the driver license compact.

PART 12

INTERSTATE COMPACT FOR EDUCATION

24-60-1201. Execution of compact. The governor is hereby authorized to enter into a compact on behalf of this state with any of the United States or other jurisdictions legally joining therein in the form substantially as follows:

INTERSTATE COMPACT FOR EDUCATION

ARTICLE I

Purpose and Policy

(a) It is the purpose of this compact to:

(1) Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the state and local levels.

(2) Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.

(3) Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the nation, so that the executive and legislative branches of state government and of local communities may have ready access to the

experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.

(4) Facilitate the improvement of state and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

(b) It is the policy of this compact to encourage and promote local and state initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and states.

(c) The party states recognize that each of them has an interest in the quality and quantity of education furnished in each of the other states, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the nation, and because the products and services contributing to the health, welfare and economic advancement of each state are supplied in significant part by persons educated in other states.

ARTICLE II

State Defined

As used in this compact, "state" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

ARTICLE III

The Commission

(a) (1) The education commission of the states, hereinafter called the commission is hereby established. The commission shall consist of seven members representing each party state. One of such members shall be the governor; two shall be members of the state legislature selected by its respective houses and, except as provided in subparagraph (2) of this paragraph (a), serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the governor, unless the laws of the state otherwise provide. If the laws of a state prevent legislators from serving on the commission, six members shall be appointed and serve at the pleasure of the governor, unless the laws of the state otherwise provide. In addition to any other principles or requirements which a state may establish for the appointment and service of its members of the commission, the guiding principle for the composition of the membership on the commission from each party state shall be that the members representing such state shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the state government, higher education, the state education system, local education, lay and professional, public and nonpublic educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the governor, having responsibility for one or more programs of public education. In addition to the members of the commission representing the party states, there may be not to exceed ten nonvoting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

(2) The terms of the members of the state legislature who are selected pursuant to subparagraph (1) of this paragraph (a) and who are serving on March 22, 2007, shall be extended to and expire on or shall terminate on the convening date of the first regular session of the sixty-seventh general assembly. As soon as practicable after such convening date, the speaker and president shall each appoint or reappoint one member. Thereafter, the terms of members appointed or reappointed by the speaker and the president shall expire on the convening date of the first regular session of each general assembly, and all subsequent appointments and reappointments by the speaker and the president shall be made as soon as practicable after such convening date. The person making the original appointment or reappointment shall fill any vacancy by appointment for the remainder of an unexpired term. Members appointed or reappointed by the speaker and the president shall serve at the pleasure of the appointing authority and shall continue in office until the member's successor is appointed.

(b) The members of the commission shall be entitled to one vote each on the commission. No action of the commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the commission are cast in favor thereof. Action of the commission shall be only at a meeting at which a majority of the commissioners are present. The commission shall meet at least once a year. In its bylaws, and subject to such directions and limitations as may be contained therein, the commission may delegate the exercise of any of its powers to the steering committee or the executive director, except for the power to approve budgets or requests for appropriations, the power to make policy recommendations pursuant to article IV and adoption of the annual report pursuant to article III (j).

(c) The commission shall have a seal.

(d) The commission shall elect annually, from among its members, a chairman, who shall be a governor, a vice-chairman and a treasurer. The commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the commission, and together with the treasurer and such other personnel as the commission may deem appropriate shall be bonded in such amount as the commission shall determine. The executive director shall be secretary.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director subject to the approval of the steering committee shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the commission, and shall fix the duties and compensation of such personnel. The commission in its bylaws shall provide for the personnel policies and programs of the commission.

(f) The commission may borrow, accept or contract for the services of personnel from any party jurisdiction, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party jurisdictions or their subdivisions.

(g) The commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, foundation, or corporation, and may receive, utilize and dispose of the same. Any donation or grant accepted by the commission pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this article shall be reported in the annual report of the commission. Such report shall include the nature, amount and conditions, if any, of the donation, grant, or services borrowed, and the identity of the donor or lender.

(h) The commission may establish and maintain such facilities as may be necessary for the transacting of its business. The commission may acquire, hold, and convey real and personal property and any interest therein.

(i) The commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(j) The commission annually shall make to the governor and legislature of each party state a report covering the activities of the commission for the preceding year. The commission may make such additional reports as it may deem desirable.

ARTICLE IV

Powers

In addition to authority conferred on the commission by other provisions of the compact, the commission shall have authority to:

(1) Collect, correlate, analyze and interpret information and data concerning educational needs and resources.

(2) Encourage and foster research in all aspects of education, but with special reference to the desirable scope of instruction, organization, administration, and instructional methods and standards employed or suitable for employment in public educational systems.

(3) Develop proposals for adequate financing of education as a whole and at each of its many levels.

(4) Conduct or participate in research of the types referred to in this article in any instance where the commission finds that such research is necessary for the advancement of the purposes and policies of this compact, utilizing fully the resources of national associations, regional compact organizations for higher education, and other agencies and institutions, both public and private.

(5) Formulate suggested policies and plans for the improvement of public education as a whole, or for any segment thereof, and make recommendations with respect thereto available to the appropriate governmental units, agencies and public officials.

(6) Do such other things as may be necessary or incidental to the administration of any of its authority or functions pursuant to this compact.

ARTICLE V

Cooperation With Federal Government

(a) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the commission by not to exceed ten representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, and may be drawn from any one or more branches of the federal government, but no such representative shall have a vote on the commission.

(b) The commission may provide information and make recommendations to any executive or legislative agency or officer of the federal government concerning the common

educational policies of the states, and may advise with any such agencies or officers concerning any matter of mutual interest.

ARTICLE VI

Committees

(a) To assist in the expeditious conduct of its business when the full commission is not meeting, the commission shall elect a steering committee of thirty-two members which, subject to the provisions of this compact and consistent with the policies of the commission, shall be constituted and function as provided in the bylaws of the commission. One-fourth of the voting membership of the steering committee shall consist of governors, one-fourth shall consist of legislators, and the remainder shall consist of other members of the commission. A federal representative on the commission may serve with the steering committee, but without vote. The voting members of the steering committee shall serve for terms of two years, except that members elected to the first steering committee of the commission shall be elected as follows: Sixteen for one year and sixteen for two years. The chairman, vice-chairman, and treasurer of the commission shall be members of the steering committee and, anything in this paragraph to the contrary notwithstanding, shall serve during their continuance in these offices. Vacancies in the steering committee shall not affect its authority to act, but the commission at its next regularly ensuing meeting following the occurrence of any vacancy shall fill it for the unexpired term. No person shall serve more than two terms as a member of the steering committee; provided that service for a partial term of one year or less shall not be counted toward the two term limitation.

(b) The commission may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any advisory or technical committee may, on request of the states concerned, be established to consider any matter of special concern to two or more of the party states.

(c) The commission may establish such additional committees as its bylaws may provide.

ARTICLE VII

Finance

(a) The commission shall advise the governor or designated officer or officers of each party state of its budget and estimated expenditures for such period as may be required by the laws of that party state. Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states.

(b) The total amount of appropriation requests under any budget shall be apportioned among the party states. In making such apportionment, the commission shall devise and employ a formula which takes equitable account of the populations and per capita income levels of the party states.

(c) The commission shall not pledge the credit of any party states. The commission may meet any of its obligations in whole or in part with funds available to it pursuant to article III (g) of this compact, provided that the commission takes specific action setting aside such funds prior to incurring an obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it pursuant to article III (g) thereof, the commission

shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established by its bylaws. However, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual reports of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained herein shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

ARTICLE VIII

Eligible Parties;

Entry Into and Withdrawal

(a) This compact shall have as eligible parties all states, territories, and possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico. In respect of any such jurisdiction not having a governor, the term "governor", as used in this compact, shall mean the closest equivalent official of such jurisdiction.

(b) Any state or other eligible jurisdiction may enter into this compact and it shall become binding thereon when it has adopted the same; provided, that in order to enter into initial effect, adoption by at least ten eligible party jurisdictions shall be required.

(c) Adoption of the compact may be either by enactment thereof or by adherence thereto by the governor; provided, that in the absence of enactment, adherence by the governor shall be sufficient to make his state a party only until December 31, 1967. During any period when a state is participating in this compact through gubernatorial action, the governor shall appoint those persons who, in addition to himself, shall serve as the members of the commission from his state, and shall provide to the commission an equitable share of the financial support of the commission from any source available to him.

(d) Except for a withdrawal effective on December 31, 1967, in accordance with paragraph (c) of this article, any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE IX

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person or circumstance is held invalid, the

validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the state affected as to all severable matters.

2. Promote uniformity or compatibility in significant components of tax systems.
3. Facilitate taxpayer convenience and compliance in the filing of tax returns and in other phases of tax administration.
4. Avoid duplicative taxation.

Article II.

6. "Gross receipts tax" means a tax, other than a sales tax, which is imposed on or measured by the gross volume of business, in terms of gross receipts or in other terms, and in the determination of which no deduction is allowed which would constitute the tax an income tax.
7. "Sales tax" means a tax imposed with respect to the transfer for a consideration of ownership, possession or custody of tangible personal property or the rendering of services measured by the price of the tangible personal property transferred or services rendered and which is required by State or local law to be separately stated from the sales price by the seller, or which is customarily separately stated from the sales price, but does not include a tax imposed exclusively on the sale of a specifically identified commodity or article or class of commodities or articles.
8. "Use tax" means a nonrecurring tax, other than a sales tax, which (a) is imposed on or with respect to the exercise or enjoyment of any right or power over tangible personal property incident to the ownership, possession or custody of that property or the leasing of that property from another including any consumption, keeping, retention, or other use of tangible personal property and (b) is complementary to a sales tax.

Article III.

Elements of Income Tax Laws.

Taxpayer Option, State and Local Taxes.

1. Repealed.

The Multistate Tax Commission, not more than once in five years, may adjust the \$100,000 figure in order to reflect such changes as may occur in the real value of the dollar, and such adjusted figure, upon adoption by the Commission, shall replace the \$100,000 figure specifically provided herein. Each party State and subdivision thereof may make the same election available to taxpayers additional to those specified in this paragraph.

Coverage.

3. Nothing in this Article relates to the reporting or payment of any tax other than an income tax.

Article IV.

Division of Income.

1. As used in this Article, unless the context otherwise requires:

(a) "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations.

(b) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

(c) "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.

(d) "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, or any type of insurance company.

(e) "Nonbusiness income" means all income other than business income.

(f) "Public utility" means any business entity (1) which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, except by pipe line, or the production, transmission, sale, delivery, or furnishing of electricity, water or steam; and (2) whose rates of charges for goods or services

have been established or approved by a Federal, State or local government or governmental agency.

(g) "Sales" means all gross receipts of the taxpayer not allocated under paragraphs of this Article.

(h) "State" means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any Territory or Possession of the United States, and any foreign country or political subdivision thereof.

(i) "This State" means the State in which the relevant tax return is filed or, in the case of application of this Article to the apportionment and allocation of income for local tax purposes, the subdivision or local taxing district in which the relevant tax return is filed.

2. Any taxpayer having income from business activity which is taxable both within and without this State, other than activity as a financial organization or public utility or the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this Article. If a taxpayer has income from business activity as a public utility but derives the greater percentage of his income from activities subject to this Article, the taxpayer may elect to allocate and apportion his entire net income as provided in this Article.

3. For purposes of allocation and apportionment of income under this Article, a taxpayer is taxable in another State if (1) in that State he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or (2) that State has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the State does or does not.

4. Rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in paragraphs 5 through 8 of this Article.

5. (a) Net rents and royalties from real property located in this State are allocable to this State.

(b) Net rents and royalties from tangible personal property are allocable to this State: (1) if and to the extent that the property is utilized in this State, or (2) in their entirety if the taxpayer's commercial domicile is in this State and the taxpayer is not organized under the laws of or taxable in the State in which the property is utilized.

(c) The extent of utilization of tangible personal property in a State is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the State during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the State in which the property was located at the time the rental or royalty payer obtained possession.

6. (a) Capital gains and losses from sales of real property located in this State are allocable to this State.

(b) Capital gains and losses from sales of tangible personal property are allocable to this State if (1) the property had a situs in this State at the time of the sale, or (2) the taxpayer's commercial domicile is in this State and the taxpayer is not taxable in the State in which the property had a situs.

(c) Capital gains and losses from sales of intangible personal property are allocable to this State if the taxpayer's commercial domicile is in this State.

7. Interest and dividends are allocable to this State if the taxpayer's commercial domicile is in this State.

8. (a) Patent and copyright royalties are allocable to this State: (1) if and to the extent that the patent or copyright is utilized by the payer in this State, or (2) if and to the extent that the patent copyright is utilized by the payer in a State in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this State.

(b) A patent is utilized in a State to the extent that it is employed in production, fabrication, manufacturing, or other processing in the State or to the extent that a patented product is produced in the State. If the basis of receipts from patent royalties does not permit allocation to States or if the accounting procedures do not reflect States of utilization, the patent is utilized in the State in which the taxpayer's commercial domicile is located.

(c) A copyright is utilized in a State to the extent that printing or other publication originates in the State. If the basis of receipts from copyright royalties does not permit allocation to States or if the accounting procedures do not reflect States of utilization, the copyright is utilized in the State in which the taxpayer's commercial domicile is located.

9. All business income shall be apportioned to this State by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

10. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this State during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

11. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

12. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the tax administrator may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

13. The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period.

14. Compensation is paid in this State if:

(a) the individual's service is performed entirely within the State;

(b) the individual's service is performed both within and without the State, but the service performed without the State is incidental to the individual's service within the State; or

(c) some of the service is performed in the State and (1) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the State, or (2) the base of operations or the place from which the service is directed or controlled is not in any State in which some part of the service is performed, but the individual's residence is in this State.

15. The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this State during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.

16. Sales of tangible personal property are in this State if:

(a) the property is delivered or shipped to a purchaser, other than the United States Government, within this State regardless of the f.o.b. point or other conditions of the sale; or

(b) the property is shipped from an office, store, warehouse, factory, or other place of storage in this State and (1) the purchaser is the United States Government or (2) the taxpayer is not taxable in the State of the purchaser.

17. Sales, other than sales of tangible personal property, are in this State if:

(a) the income-producing activity is performed in this State; or

(b) the income-producing activity is performed both in and outside this State and a greater proportion of the income-producing activity is performed in this State than in any other State, based on costs of performance.

18. If the allocation and apportionment provisions of this Article do not fairly represent the extent of the taxpayer's business activity in this State, the taxpayer may petition for or the tax administrator may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(a) separate accounting;

(b) the exclusion of any one or more of the factors;

(c) the inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this State; or

(d) the employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

Article V.

Elements of Sales and Use Tax Laws.

Tax Credit.

1. Each purchaser liable for a use tax on tangible personal property shall be entitled to full credit for the combined amount or amounts of legally imposed sales or use taxes paid by him with respect to the same property to another State and any subdivision thereof. The credit shall be applied first against the amount of any use tax due the State, and any unused portion of the credit shall then be applied against the amount of any use tax due a subdivision.

Exemption Certificates, Vendors May Rely.

2. Whenever a vendor receives and accepts in good faith from a purchaser a resale or other exemption certificate or other written evidence of exemption authorized by the appropriate State or subdivision taxing authority, the vendor shall be relieved of liability for a sales or use tax with respect to the transaction.

Article VI.

The Commission.

Organization and Management.

1. (a) The Multistate Tax Commission is hereby established. It shall be composed of one "member" from each party State who shall be the head of the State agency charged with the administration of the types of taxes to which this compact applies. If there is more than one such agency the State shall provide by law for the selection of the Commission member from the heads of the relevant agencies. State law may provide that a member of the Commission be represented by an alternate but only if there is on file with the Commission written notification of the designation and identity of the alternate. The Attorney General of each party State or his designee, or other counsel if the laws of the party State specifically provide, shall be entitled to attend the meetings of the Commission, but shall not vote. Such Attorneys General, designees, or other counsel shall receive all notices of meetings required under paragraph 1 (e) of this Article.

(b) Each party State shall provide by law for the selection of representatives from its subdivisions affected by this compact to consult with the Commission member from that State.

(c) Each member shall be entitled to one vote. The Commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the total number of members.

(d) The Commission shall adopt an official seal to be used as it may provide.

(e) The Commission shall hold an annual meeting and such other regular meetings as its bylaws may provide and such special meetings as its Executive Committee may determine. The Commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.

(f) The Commission shall elect annually, from among its members, a Chairman, a Vice Chairman and a Treasurer. The Commission shall appoint an Executive Director who shall serve at its pleasure, and it shall fix his duties and compensation. The Executive Director shall be Secretary of the Commission. The Commission shall make provision for the bonding of such of its officers and employees as it may deem appropriate.

(g) Irrespective of the civil service, personnel or other merit system laws of any party State, the Executive Director shall appoint or discharge such personnel as may be necessary for the performance of the functions of the Commission and shall fix their duties and compensation. The Commission bylaws shall provide for personnel policies and programs.

(h) The Commission may borrow, accept or contract for the services of personnel from any State, the United States, or any other governmental entity.

(i) The Commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any governmental entity, and may utilize and dispose of the same.

(j) The Commission may establish one or more offices for the transacting of its business.

(k) The Commission shall adopt bylaws for the conduct of its business. The Commission shall publish its bylaws in convenient form, and shall file a copy of the bylaws and any amendments thereto with the appropriate agency or officer in each of the party States.

(l) The Commission annually shall make to the Governor and legislature of each party State a report covering its activities for the preceding year. Any donation or grant accepted by the Commission or services borrowed shall be reported in the annual report of the Commission, and shall include the nature, amount and conditions, if any, of the donation, gift, grant or

services borrowed and the identity of the donor or lender. The Commission may make additional reports as it may deem desirable.

Committees.

2. (a) To assist in the conduct of its business when the full Commission is not meeting, the Commission shall have an Executive Committee of seven members, including the Chairman, Vice Chairman, Treasurer and four other members elected annually by the Commission. The Executive Committee, subject to the provisions of this compact and consistent with the policies of the Commission, shall function as provided in the bylaws of the Commission.

(b) The Commission may establish advisory and technical committees, membership on which may include private persons and public officials, in furthering any of its activities. Such committees may consider any matter of concern to the Commission, including problems of special interest to any party State and problems dealing with particular types of taxes.

(c) The Commission may establish such additional committees as its bylaws may provide.

Powers.

3. In addition to powers conferred elsewhere in this compact, the Commission shall have power to:

(a) Study State and local tax systems and particular types of State and local taxes.

(b) Develop and recommend proposals for an increase in uniformity or compatibility of State and local tax laws with a view toward encouraging the simplification and improvement of State and local tax law and administration.

(c) Compile and publish information as in its judgment would assist the party States in implementation of the compact and taxpayers in complying with State and local tax laws.

(d) Do all things necessary and incidental to the administration of its functions pursuant to this compact.

Finance.

4. (a) The Commission shall submit to the Governor or designated officer or officers of each party State a budget of its estimated expenditures for such period as may be required by the laws of that State for presentation to the legislature thereof.

(b) Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the party States. The total amount of appropriations requested under any such budget shall be apportioned among the party States as follows: one-tenth in equal shares; and the remainder in proportion to the amount of revenue collected by each party State and its subdivisions from income taxes, capital stock taxes, gross receipts taxes, sales and use taxes. In determining such amounts, the Commission shall employ such available public sources of information as, in its judgment, present the most equitable and accurate comparisons among the party States. Each of the Commission's budgets of estimated expenditures and requests for appropriations shall indicate the sources used in obtaining information employed in applying the formula contained in this paragraph.

(c) The Commission shall not pledge the credit of any party State. The Commission may meet any of its obligations in whole or in part with funds available to it under paragraph 1 (i) of this Article: provided that the Commission takes specific action setting aside such funds prior to

incurring any obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it under paragraph 1 (i), the Commission shall not incur any obligation prior to the allotment of funds by the party States adequate to meet the same.

(d) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the Commission.

(e) The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party States and by any persons authorized by the Commission.

(f) Nothing contained in this Article shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

Article VII.

Uniform Regulations and Forms.

1. Whenever any two or more party States, or subdivisions of party States, have uniform or similar provisions of law relating to an income tax, capital stock tax, gross receipts tax, sales or use tax, the Commission may adopt uniform regulations for any phase of the administration of such law, including assertion of jurisdiction to tax, or prescribing uniform tax forms. The Commission may also act with respect to the provisions of Article IV of this compact.

2. Prior to the adoption of any regulation, the Commission shall:

(a) As provided in its bylaws, hold at least one public hearing on due notice to all affected party States and subdivisions thereof and to all taxpayers and other persons who have made timely request of the Commission for advance notice of its regulation-making proceedings.

(b) Afford all affected party States and subdivisions and interested persons an opportunity to submit relevant written data and views, which shall be considered fully by the Commission.

3. The Commission shall submit any regulations adopted by it to the appropriate officials of all party States and subdivisions to which they might apply. Each such State and subdivision shall consider any such regulation for adoption in accordance with its own laws and procedures.

Article VIII.

Interstate Audits.

1. This Article shall be in force only in those party States that specifically provide therefor by statute.

2. Any party State or subdivision thereof desiring to make or participate in an audit of any accounts, books, papers, records or other documents may request the Commission to perform the audit on its behalf. In responding to the request, the Commission shall have access to and may examine, at any reasonable time, such accounts, books, papers, records, and other documents and any relevant property or stock of merchandise. The Commission may enter into

agreements with party States or their subdivisions for assistance in performance of the audit. The Commission shall make charges, to be paid by the State or local government or governments for which it performs the service, for any audits performed by it in order to reimburse itself for the actual costs incurred in making the audit.

3. The Commission may require the attendance of any person within the State where it is conducting an audit or part thereof at a time and place fixed by it within such State for the purpose of giving testimony with respect to any account, book, paper, document, other record, property or stock of merchandise being examined in connection with the audit. If the person is not within the jurisdiction, he may be required to attend for such purpose at any time and place fixed by the Commission within the State of which he is a resident: provided that such State has adopted this Article.

4. The Commission may apply to any court having power to issue compulsory process for orders in aid of its powers and responsibilities pursuant to this Article and any and all such courts shall have jurisdiction to issue such orders. Failure of any person to obey any such order shall be punishable as contempt of the issuing court. If the party or subject matter on account of which the Commission seeks an order is within the jurisdiction of the court to which application is made, such application may be to a court in the State or subdivision on behalf of which the audit is being made or a court in the State in which the object of the order being sought is situated. The provisions of this paragraph apply only to courts in a State that has adopted this Article.

5. The Commission may decline to perform any audit requested if it finds that its available personnel or other resources are insufficient for the purpose or that, in the terms requested, the audit is impracticable of satisfactory performance. If the Commission, on the basis of its experience, has reason to believe that an audit of a particular taxpayer, either at a particular time or on a particular schedule, would be of interest to a number of party States or their subdivisions, it may offer to make the audit or audits, the offer to be contingent on sufficient participation therein as determined by the Commission.

6. Information obtained by any audit pursuant to this Article shall be confidential and available only for tax purposes to party States, their subdivisions or the United States. Availability of information shall be in accordance with the laws of the States or subdivisions on whose account the Commission performs the audit, and only through the appropriate agencies or officers of such States or subdivisions. Nothing in this Article shall be construed to require any taxpayer to keep records for any period not otherwise required by law.

7. Other arrangements made or authorized pursuant to law for cooperative audit by or on behalf of the party States or any of their subdivisions are not superseded or invalidated by this Article.

8. In no event shall the Commission make any charge against a taxpayer for an audit.

9. As used in this Article, "tax", in addition to the meaning ascribed to it in Article II, means any tax or license fee imposed in whole or in part for revenue purposes.

Article IX.

Arbitration.

1. Whenever the Commission finds a need for settling disputes concerning apportionments and allocations by arbitration, it may adopt a regulation placing this Article in effect, notwithstanding the provisions of Article VII.

2. The Commission shall select and maintain an Arbitration Panel composed of officers and employees of State and local governments and private persons who shall be knowledgeable and experienced in matters of tax law and administration.

3. Whenever a taxpayer who has elected to employ Article IV, or whenever the laws of the party State or subdivision thereof are substantially identical with the relevant provisions of Article IV, the taxpayer, by written notice to the Commission and to each party State or subdivision thereof that would be affected, may secure arbitration of an apportionment or allocation, if he is dissatisfied with the final administrative determination of the tax agency of the State or subdivision with respect thereto on the ground that it would subject him to double or multiple taxation by two or more party States or subdivisions thereof. Each party State and subdivision thereof hereby consents to the arbitration as provided herein, and agrees to be bound thereby.

4. The Arbitration Board shall be composed of one person selected by the taxpayer, one by the agency or agencies involved, and one member of the Commission's Arbitration Panel. If the agencies involved are unable to agree on the person to be selected by them, such person shall be selected by lot from the total membership of the Arbitration Panel. The two persons selected for the Board in the manner provided by the foregoing provisions of this paragraph shall jointly select the third member of the Board. If they are unable to agree on the selection, the third member shall be selected by lot from among the total membership of the Arbitration Panel. No member of a Board selected by lot shall be qualified to serve if he is an officer or employee or is otherwise affiliated with any party to the arbitration proceeding. Residence within the jurisdiction of a party to the arbitration proceeding shall not constitute affiliation within the meaning of this paragraph.

5. The Board may sit in any State or subdivision party to the proceeding, in the State of the taxpayer's incorporation, residence or domicile, in any State where the taxpayer does business, or in any place that it finds most appropriate for gaining access to evidence relevant to the matter before it.

6. The Board shall give due notice of the times and places of its hearings. The parties shall be entitled to be heard, to present evidence, and to examine and cross-examine witnesses. The Board shall act by majority vote.

7. The Board shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts, books, papers, records, and other documents, and issue commissions to take testimony. Subpoenas may be signed by any member of the Board. In case of failure to obey a subpoena, and upon application by the Board, any judge of a court of competent jurisdiction of the State in which the Board is sitting or in which the person to whom the subpoena is directed may be found may make an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt. The provisions of this paragraph apply only in States that have adopted this Article.

8. Unless the parties otherwise agree the expenses and other costs of the arbitration shall be assessed and allocated among the parties by the Board in such manner as it may determine. The Commission shall fix a schedule of compensation for members of Arbitration Boards and of other allowable expenses and costs. No officer or employee of a State or local government who

serves as a member of a Board shall be entitled to compensation therefor unless he is required on account of his service to forego the regular compensation attaching to his public employment, but any such Board member shall be entitled to expenses.

9. The Board shall determine the disputed apportionment or allocation and any matters necessary thereto. The determinations of the Board shall be final for purposes of making the apportionment or allocation, but for no other purpose.

10. The Board shall file with the Commission and with each tax agency represented in the proceeding: the determination of the Board; the Board's written statement of its reasons therefor; the record of the Board's proceedings; and any other documents required by the arbitration rules of the Commission to be filed.

11. The Commission shall publish the determinations of Boards together with the statements of the reasons therefor.

12. The Commission shall adopt and publish rules of procedure and practice and shall file a copy of such rules and of any amendment thereto with the appropriate agency or officer in each of the party States.

13. Nothing contained herein shall prevent at any time a written compromise of any matter or matters in dispute, if otherwise lawful, by the parties to the arbitration proceeding.

Article X.

Entry Into Force and Withdrawal.

1. This compact shall enter into force when enacted into law by any seven States. Thereafter, this compact shall become effective as to any other State upon its enactment thereof. The Commission shall arrange for notification of all party States whenever there is a new enactment of the compact.

2. Any party State may withdraw from this compact by enacting a statute repealing the same. No withdrawal shall affect any liability already incurred by or chargeable to a party State prior to the time of such withdrawal.

3. No proceeding commenced before an Arbitration Board prior to the withdrawal of a State and to which the withdrawing State or any subdivision thereof is a party shall be discontinued or terminated by the withdrawal, nor shall the Board thereby lose jurisdiction over any of the parties to the proceeding necessary to make a binding determination therein.

Article XI.

(a) Affect the power of any State or subdivision thereof to fix rates of taxation, except that a party State shall be obligated to implement Article III 2 of this compact.

(b) Apply to any tax or fixed fee imposed for the registration of a motor vehicle or any tax on motor fuel, other than a sales tax: provided that the definition of "tax" in Article VIII 9 may apply for the purposes of that Article and the Commission's powers of study and recommendation pursuant to Article VI 3 may apply.

(c) Withdraw or limit the jurisdiction of any State or local court or administrative officer or body with respect to any person, corporation or other entity or subject matter, except to the

extent that such jurisdiction is expressly conferred by or pursuant to this compact upon another agency or body.

(d) Supersede or limit the jurisdiction of any court of the United States.

Article XII.

Construction and Severability.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any State or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any State participating therein, the compact shall remain in full force and effect as to the remaining party States and in full force and effect as to the State affected as to all severable matters.

PART 14

WESTERN INTERSTATE NUCLEAR COMPACT

24-60-1401. Compact approved and ratified. The general assembly hereby approves and ratifies and the governor shall enter into a compact on behalf of the state of Colorado with any of the United States or other jurisdictions legally joining therein in the form substantially as follows:

Article I.

Policy and Purpose

The party states recognize that the proper employment of scientific and technological discoveries and advances in nuclear and related fields, and direct and collateral application and adaptation of processes and techniques developed in connection therewith, properly correlated with the other resources of the region, can assist substantially in the industrial progress of the

West and the further development of the economy of the region. They also recognize that optimum benefit from nuclear and related scientific or technological resources, facilities and skills requires systematic encouragement, guidance, assistance, and promotion from the party states on a cooperative basis. It is the policy of the party states to undertake such cooperation on a continuing basis. It is the purpose of this compact to provide the instruments and framework for such a cooperative effort in nuclear and related fields, to enhance the economy of the West and contribute to the individual and community well-being of the region's people.

Article II.

The Board

(a) There is hereby created an agency of the party states to be known as the Western Interstate Nuclear Board, hereinafter called the "Board". The Board shall be composed of one member from each party state designated or appointed in accordance with the law of the state which he represents, and serving and subject to removal in accordance with such law. Any member of the Board may provide for the discharge of his duties and the performance of his functions thereon, either for the duration of his membership or for any lesser period of time, by a deputy or assistant, if the laws of his state make specific provisions therefor. The federal government may be represented without vote if provision is made by federal law for such representation.

(b) The Board members of the party states shall each be entitled to one vote on the Board. No action of the Board shall be binding unless taken at a meeting at which a majority of all members representing the party states are present, and unless a majority of the total number of votes on the Board are cast in favor thereof.

(c) The Board shall have a seal.

(d) The Board shall elect annually, from among its members, a chairman, a vice chairman, and a treasurer. The Board shall appoint and fix the compensation of an Executive Director who shall serve at its pleasure and who shall also act as Secretary, and who, together with the Treasurer, and such other personnel as the Board may direct, shall be bonded in such amounts as the Board may require.

(e) The Executive Director, with the approval of the Board, shall appoint and remove or discharge such personnel as may be necessary for the performance of the Board's functions, irrespective of the civil service, personnel, or other merit system laws of any of the party states.

(f) The Board may establish and maintain, independently or in conjunction with any one or more of the party states, or its institutions or subdivisions, a suitable retirement system for its full-time employees. Employees of the Board shall be eligible for social security coverage in respect of old age and survivors insurance, provided that the Board takes such steps as may be necessary pursuant to federal law to participate in such program of insurance as a governmental agency or unit. The Board may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(g) The Board may borrow, accept, or contract for the services of personnel from any state or the United States or any subdivision or agency thereof, from any interstate agency, or from any institution, person, firm or corporation.

(h) The Board may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state or the United States or any subdivision or agency thereof, or

interstate agency, or from any institution, person, firm, or corporation, and may receive, utilize, and dispose of the same. The nature, amount and conditions, if any, attendant upon any donation or grant accepted pursuant to this paragraph or upon any borrowing pursuant to paragraph (g) of this Article, together with the identity of the donor, grantor or lender, shall be detailed in the annual report of the Board.

(i) The Board may establish and maintain such facilities as may be necessary for the transacting of its business. The Board may acquire, hold, and convey real and personal property and any interest therein.

(j) The Board shall adopt bylaws, rules, and regulations for the conduct of its business, and shall have the power to amend and rescind these bylaws, rules, and regulations. The Board shall publish its bylaws, rules, and regulations in convenient form and shall file a copy thereof, and shall also file a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(k) The Board annually shall make to the governor of each party state, a report covering the activities of the Board for the preceding year, and embodying such recommendations as may have been adopted by the Board, which report shall be transmitted to the legislature of said state. The Board may issue such additional reports as it may deem desirable.

Article III.

Finances

(a) The Board shall submit to the governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that jurisdiction for presentation to the legislature thereof.

(b) Each of the Board's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. Each of the Board's requests for appropriations pursuant to a budget of estimated expenditures shall be apportioned equally among the party states. Subject to appropriation by their respective legislatures, the Board shall be provided with such funds by each of the party states as are necessary to provide the means of establishing and maintaining facilities, a staff of personnel, and such activities as may be necessary to fulfill the powers and duties imposed upon and entrusted to the Board.

(c) The Board may meet any of its obligations in whole or in part with funds available to it under Article II (h) of this compact, provided that the Board takes specific action setting aside such funds prior to the incurring of any obligation to be met in whole or in part in this manner. Except where the Board makes use of funds available to it under Article II (h) hereof, the Board shall not incur any obligation prior to the allotment of funds by the party jurisdictions adequate to meet the same.

(d) Any expenses and any other costs for each member of the Board in attending Board meetings shall be met by the Board.

(e) The Board shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Board shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Board shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become a part of the annual report of the Board.

(f) The Accounts of the Board shall be open at any reasonable time for inspection to persons authorized by the Board, and duly designated representatives of governments contributing to the Board's support.

Article IV.

Advisory Committees

The Board may establish such advisory and technical committees as it may deem necessary, membership on which may include but not be limited to private citizens, expert and lay personnel, representatives of industry, labor, commerce, agriculture, civic associations, medicine, education, voluntary health agencies, and officials of local, State and Federal Government, and may cooperate with and use the services of any such committees and the organizations which they represent in furthering any of its activities under this compact.

Article V.

Powers

The Board shall have power to:

(a) Encourage and promote cooperation among the party states in the development and utilization of nuclear and related technologies and their application to industry and other fields.

(b) Ascertain and analyze on a continuing basis the position of the West with respect to the employment in industry of nuclear and related scientific findings and technologies.

(c) Encourage the development and use of scientific advances and discoveries in nuclear facilities, energy, materials, products, by-products, and all other appropriate adaptations of scientific and technological advances and discoveries.

(d) Collect, correlate, and disseminate information relating to the peaceful uses of nuclear energy, materials, and products, and other products and processes resulting from the application of related science and technology.

(e) Encourage the development and use of nuclear energy, facilities, installations, and products as part of a balanced economy.

(f) Conduct, or cooperate in conducting, programs of training for state and local personnel engaged in any aspects of:

1. Nuclear industry, medicine, or education, or the promotion or regulation thereof.

2. Applying nuclear scientific advances or discoveries, and any industrial, commercial or other processes resulting therefrom.

3. The formulation or administration of measures designed to promote safety in any matter related to the development, use or disposal of nuclear energy, materials, products, by-products, installations, or wastes, or to safety in the production, use and disposal of any other substances peculiarly related thereto.

(g) Organize and conduct, or assist and cooperate in organizing and conducting, demonstrations or research in any of the scientific, technological, or industrial fields to which this compact relates.

(h) Undertake such nonregulatory functions with respect to nonnuclear sources of radiation as may promote the economic development and general welfare of the West.

(i) Study industrial, health, safety, and other standards, laws, codes, rules, regulations, and administrative practices in or related to nuclear fields.

(j) Recommend such changes in, or amendments or additions to the laws, codes, rules, regulations, administrative procedures and practices or local laws or ordinances of the party states or their subdivisions, in nuclear and related fields, as in its judgment may be appropriate. Any such recommendations shall be made through the appropriate state agency, with due consideration of the desirability of uniformity, but shall also give appropriate weight to any special circumstances which may justify variations to meet local conditions.

(k) Consider and make recommendations designed to facilitate the transportation of nuclear equipment, materials, products, by-products, wastes, and any other nuclear or related substances, in such manner and under such conditions as will make their availability or disposal practicable on an economic and efficient basis.

(l) Consider and make recommendations with respect to the assumption of and protection against liability actually or potentially incurred in any phase of operations in nuclear and related fields.

(m) Advise and consult with the federal government concerning the common position of the party states or assist party states with regard to individual problems where appropriate in respect to nuclear and related fields.

(n) Cooperate with the Atomic Energy Commission, the National Aeronautics and Space Administration, the Office of Science and Technology, or any agencies successor thereto, any other officer or agency of the United States, and any other governmental unit or agency or officer thereof, and with any private persons or agencies in any of the fields of its interest.

(o) Act as licensee, contractor, or subcontractor of the United States Government or any party state with respect to the conduct of any research activity requiring such license or contract, and operate such research facility or undertake any program pursuant thereto, provided that this power shall be exercised only in connection with the implementation of one or more other powers conferred upon the Board by this compact.

(p) Prepare, publish, and distribute, with or without charge, such reports, bulletins, newsletters, or other materials as it deems appropriate.

(q) Ascertain from time to time such methods, practices, circumstances, and conditions as may bring about the prevention and control of nuclear incidents in the area comprising the party states, to coordinate the nuclear incident prevention and control plans and the work relating thereto of the appropriate agencies of the party states, and to facilitate the rendering of aid by the party states to each other in coping with nuclear incidents.

The Board may formulate and, in accordance with need from time to time, revise a regional plan or regional plans for coping with nuclear incidents within the territory of the party states as a whole or within any subregion or subregions of the geographic area covered by this compact.

Any nuclear incident plan in force pursuant to this paragraph shall designate the official or agency in each party state covered by the plan who shall coordinate requests for aid pursuant to Article VI of this compact and the furnishing of aid in response thereto.

Unless the party states concerned expressly otherwise agree, the Board shall not administer the summoning and dispatching of aid, but this function shall be undertaken directly by the designated agencies and officers of the party states.

However, the plan or plans of the Board in force pursuant to this paragraph shall provide for reports to the Board concerning the occurrence of nuclear incidents and the requests for aid on account thereof, together with summaries of the actual working and effectiveness of mutual aid in particular instances.

From time to time, the Board shall analyze the information gathered from reports of aid pursuant to Article VI and such other instances of mutual aid as may have come to its attention, so that experience in the rendering of such aid may be available.

(r) Prepare, maintain, and implement a regional plan or regional plans for carrying out the duties, powers, or functions conferred upon the Board by this compact.

(s) Undertake responsibilities imposed or necessarily involved with regional participation pursuant to such cooperative programs of the federal government as are useful in connection with the fields covered by this compact.

Article VI.

Mutual Aid

(a) Whenever a party state, or any state or local governmental authorities therein, request aid from any other party state pursuant to this compact in coping with a nuclear incident, it shall be the duty of the requested state to render all possible aid to the requesting state which is consonant with the maintenance of protection of its own people.

(b) Whenever the officers or employees of any party state are rendering outside aid pursuant to the request of another party state under this compact, the officers or employees of such state shall, under the direction of the authorities of the state to which they are rendering aid, have the same powers, duties, rights, privileges, and immunities as comparable officers and employees of the state to which they are rendering aid.

(c) No party state or its officers or employees rendering outside aid pursuant to this compact shall be liable on account of any act or omission on their part while so engaged, or on account of the maintenance or use of any equipment or supplies in connection therewith.

(d) All liability that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a third state on account of or in connection with a request for aid, shall be assumed and borne by the requesting state.

(e) Any party state rendering outside aid pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries, and maintenance of officers, employees, and equipment incurred in connection with such requests; provided that nothing herein contained shall prevent any assisting party state from assuming such loss, damage, expense or other cost or from loaning such equipment or from donating such services to the receiving party state without charge or cost.

(f) Each party state shall provide for the payment of compensation and death benefits to injured officers and employees and the representatives of deceased officers and employees, in case officers or employees sustain injuries or death while rendering outside aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within the state by or in which the officer or employee was regularly employed.

Article VII.

Supplementary Agreements

(a) To the extent that the Board has not undertaken an activity or project which would be within its power under the provisions of Article V of this compact, any two or more of the party states, acting by their duly constituted administrative officials, may enter into supplementary agreements for the undertaking and continuance of such an activity or project. Any such agreement shall specify the purpose or purposes, its duration, the procedure for termination thereof or withdrawal therefrom, the method of financing and allocating the costs of the activity or project, and such other matters as may be necessary or appropriate.

No such supplementary agreement entered into pursuant to this article shall become effective prior to its submission to and approval by the Board. The Board shall give such approval unless it finds that the supplementary agreement or activity or project contemplated thereby is inconsistent with the provisions of this compact or a program or activity conducted by or participated in by the Board.

(b) Unless all of the party states participate in a supplementary agreement, any cost or costs thereof shall be borne separately by the states party thereto, but the Board may administer or otherwise assist in the operation of any supplementary agreement.

(c) No party to a supplementary agreement entered into pursuant to this article shall be relieved thereby of any obligation or duty assumed by said party state under or pursuant to this compact, except that timely and proper performance of such obligation or duty by means of the supplementary agreement may be offered as performance pursuant to the compact.

(d) The provisions of this Article shall apply to supplementary agreements and activities thereunder, but shall not be construed to repeal or impair any authority which officers or agencies of party states may have pursuant to other laws to undertake cooperative arrangements or projects.

Article VIII.

Other Laws and Relations

Nothing in this compact shall be construed to:

(a) Permit or require any person or other entity to avoid or refuse compliance with any law, rule, regulation, order, or ordinance of a party state or subdivision thereof now or hereafter made, enacted, or in force.

(b) Limit, diminish, or otherwise impair jurisdiction exercised by the Atomic Energy Commission, any agency successor thereto, or any other federal department, agency or officer pursuant to, and in conformity with, any valid and operative act of Congress; nor limit, diminish, affect, or otherwise impair jurisdiction exercised by any officer or agency of a party state, except to the extent that the provisions of this compact may provide therefor.

(c) Alter the relations between, and respective internal responsibilities of, the government of a party state and its subdivisions.

(d) Permit or authorize the Board to own or operate any facility, reactor, or installation for industrial or commercial purposes.

(a) Any or all of the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, and Wyoming shall be eligible to become party to this compact.

(b) As to any eligible party state, this compact shall become effective when its legislature shall have enacted the same into law; provided, that it shall not become initially effective until enacted into law by five states.

(c) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until two years after the Governor of the withdrawing state has given notice in writing of the withdrawal to the Governors of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

(d) Guam and American Samoa, or either of them may participate in the compact to such extent as may be mutually agreed by the Board and the duly constituted authorities of Guam or American Samoa, as the case may be. However, such participation shall not include the furnishing or receipt of mutual aid pursuant to Article VI, unless that Article has been enacted or otherwise adopted so as to have the full force and effect of law in the jurisdiction affected. Neither Guam nor American Samoa shall be entitled to voting participation on the Board, unless it has become a full party to the compact.

Article X.

Severability and Construction

The provisions of this compact and of any supplementary agreement entered into hereunder shall be severable and if any phrase, clause, sentence or provision of this compact or such supplementary agreement is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact or such supplementary agreement and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact or any supplementary agreement entered into hereunder shall be held contrary to the constitution of any state participating therein, the compact or such supplementary agreement shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. The provisions of this compact and of any supplementary agreement entered into pursuant thereto shall be liberally construed to effectuate the purposes thereof.

PART 15

INTERSTATE LIBRARY COMPACT

24-60-1501. Compact approved and ratified. The general assembly hereby approves and ratifies and the governor shall enter into a compact on behalf of the state of Colorado with any of the United States or other jurisdictions legally joining therein in the form substantially as follows:

INTERSTATE LIBRARY COMPACT

ARTICLE I

Policy and Purpose

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis, and to authorize cooperation and sharing among localities, states and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

ARTICLE II

Definitions

As used in this compact:

- (a) "Public library agency" means any unit or agency of local or state government operating or having power to operate a library.
- (b) "Private library agency" means any nongovernmental entity which operates or assumes a legal obligation to operate a library.
- (c) "Library agreement" means a contract establishing an interstate library district pursuant to this compact or providing for the joint or cooperative furnishing of library services.

ARTICLE III

Interstate Library Districts

(a) Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may establish and maintain an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(b) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(c) If a library agreement provides for joint establishment, maintenance or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

1. Undertake, administer and participate in programs or arrangements for securing, lending or servicing of books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information from libraries, the value and significance of particular items therein, and the use thereof.

2. Accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, (conditional or otherwise), from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm or corporation, and receive, utilize and dispose of the same.

3. Operate mobile library units or equipment for the purpose of rendering bookmobile service within the district.

4. Employ professional, technical, clerical and other personnel, and fix terms of employment, compensation and other appropriate benefits; and where desirable, provide for the inservice training of such personnel.

5. Sue and be sued in any court of competent jurisdiction.

6. Acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.

7. Construct, maintain and operate a library, including any appropriate branches thereof.
8. Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

ARTICLE IV

Interstate Library Districts, Governing Board

(a) An interstate library district which establishes, maintains or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district shall be represented on the governing board which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(b) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

ARTICLE V

State Library Agency Cooperation

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service or arrangement shall contain provisions covering the subjects detailed in Article VI of this compact for interstate library agreements.

ARTICLE VI

Library Agreements

(a) In order to provide for any joint or cooperative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact shall, as among the parties to the agreement:

1. Detail the specific nature of the services, programs, facilities, arrangements or properties to which it is applicable.
2. Provide for the allocation of costs and other financial responsibilities.
3. Specify the respective rights, duties, obligations and liabilities of the parties.
4. Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(b) No public or private library agency shall undertake to exercise itself, or jointly with any other library agency, by means of a library agreement any power prohibited to such agency by the constitution or statutes of its state.

(c) No library agreement shall become effective until filed with the compact administrator of each state involved, and approved in accordance with Article VII of this compact.

ARTICLE VII

Approval of Library Agreements

(a) Every library agreement made pursuant to this compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within ninety days of its submission shall constitute approval thereof.

(b) In the event that a library agreement made pursuant to this compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by him or it as to all matters within his or its jurisdiction in the same manner and subject to the same requirements governing the action of the attorneys general pursuant to paragraph (a) of this article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

ARTICLE VIII

Other Laws Applicable

Nothing in this compact or in any library agreement shall be construed to supersede, alter or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

ARTICLE IX

Appropriations and Aid

(a) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(b) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

ARTICLE X

Compact Administrator

Each state shall designate a compact administrator with whom copies of all library agreements to which his state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

ARTICLE XI

Entry Into Force and Withdrawal

(a) This compact shall enter into force and effect immediately upon its enactment into law by any two states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(b) This compact shall continue in force with respect to a party state and remain binding upon such state until six months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

ARTICLE XII

Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

24-60-1502. Limitations on interstate library districts. (1) No interstate library district agreement shall be entered into by any public library agency in this state pursuant to article III (a) of the compact without first obtaining the approval thereof by any county library or library district included in whole or in part in such proposed interstate library district, so as to eliminate duplication of library services.

(2) In lieu of an interstate library district, any county library or library district in this state may enter into a contract with one or more similar public library agencies or governmental entities in one or more other party states for the furnishing of library services by or for such county library or library district in this state.

An interstate library district lying partly within this state may claim and be entitled to receive state aid in support of any of its functions to the same extent and in the same manner as such functions are eligible for support when carried on by entities wholly within the state. For the purposes of computing and apportioning state aid to an interstate library district, this state shall consider that portion of the area of the interstate library district which lies within this state as an independent entity for the performance of the function to be aided, as well as the proportion of services rendered this state and compute and apportion the aid accordingly. Subject to any applicable laws of this state, such a district also may apply for and be eligible to receive any federal aid for which it may be eligible.

INTERSTATE CORRECTIONS COMPACT

ARTICLE I

Purpose and Policy

The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II

Definitions

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.

(b) "Sending state" means a state party to this compact in which conviction or court commitment was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(d) "Inmate" means a male or female offender who is committed, under sentence to or confined in a penal or correctional institution.

(e) "Institution" means any penal or correctional facility, including but not limited to a facility for the mentally ill or mentally defective, in which inmates as defined in (d) above may lawfully be confined.

ARTICLE III

Contracts

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV

Procedures and Rights

(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V

Acts Not Reviewable in Receiving State: Extradition

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be

that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI

Federal Aid

Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant hereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision, provided that if such program or activity is not part of the customary correctional regimen, the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII

Entry into Force

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

ARTICLE VIII

Withdrawal and Termination

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until one year after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX

Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X

Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

PART 18

INTERSTATE COMPACT ON PLACEMENT OF CHILDREN

24-60-1801. Short title. This part 18 shall be known and may be cited as the "Interstate Compact on Placement of Children".

Source: L. 75: Entire part added, p. 844, § 1, effective July 14.

24-60-1802. Execution of compact. The governor is hereby authorized to execute a compact on behalf of this state with any other state or states legally joining therein in the form substantially as follows:

ARTICLE I

Purpose and Policy

It is the purpose and policy of the party states to cooperate with each other in the interstate placement of children to the end that:

(a) Each child requiring placement shall receive the maximum opportunity to be placed in a suitable environment and with persons or institutions having appropriate qualifications and facilities to provide a necessary and desirable degree and type of care;

(b) The appropriate authorities in a state where a child is to be placed may have full opportunity to ascertain the circumstances of the proposed placement, thereby promoting full compliance with applicable requirements for the protection of the child;

(c) The proper authorities of the state from which the placement is made may obtain the most complete information on the basis of which to evaluate a projected placement before it is made;

(d) Appropriate jurisdictional arrangements for the care of children will be promoted.

ARTICLE II

Definitions

As used in this compact:

(a) "Child" means a person who, by reason of minority, is legally subject to parental, guardianship or similar control;

(b) "Sending agency" means a party state, officer or employee thereof; a subdivision of a party state, or officer or employee thereof; a court of a party state; a person, corporation, association, charitable agency, or other entity which sends, brings, or causes to be sent or brought any child to another party state;

(c) "Receiving state" means the state to which a child is sent, brought, or caused to be sent or brought, whether by public authorities or private persons or agencies, and whether for placement with state or local public authorities or for placement with private agencies or persons;

(d) "Placement" means the arrangement for the care of a child in a family free or boarding home or in a child-caring agency or institution but does not include any institution caring for the mentally ill, mentally defective or epileptic or any institution primarily educational in character, and any hospital or other medical facility.

ARTICLE III

Conditions for Placement

(a) No sending agency shall send, bring, or cause to be sent or brought into any other party state any child for placement in foster care or as a preliminary to a possible adoption unless the sending agency shall comply with each and every requirement set forth in this article and with the applicable laws of the receiving state governing the placement of the children therein.

(b) Prior to sending, bringing, or causing any child to be sent or brought into a receiving state for placement in foster care or as a preliminary to a possible adoption, the sending agency shall furnish the appropriate public authorities in the receiving state written notice of the intention to send, bring, or place the child in the receiving state. The notice shall contain:

(1) The name, date, and place of birth of the child;

(2) The identity and address or addresses of the parents or legal guardian;

(3) The name and address of the person, agency or institution to or with which the sending agency proposes to send, bring, or place the child;

(4) A full statement of the reasons for such proposed action and evidence of the authority pursuant to which the placement is proposed to be made.

(c) Any public officer or agency in a receiving state which is in receipt of a notice pursuant to paragraph (b) of this article may request of the sending agency, or any other appropriate officer or agency of or in the sending agency's state, and shall be entitled to receive therefrom, such supporting or additional information as it may deem necessary under the circumstances to carry out the purpose and policy of this compact.

(d) The child shall not be sent, brought, or caused to be sent or brought into the receiving state until the appropriate public authorities in the receiving state shall notify the sending agency, in writing, to the effect that the proposed placement does not appear to be contrary to the interests of the child.

ARTICLE IV

Penalty for Illegal Placement

(a) The sending, bringing, or causing to be sent or brought into any receiving state of a child in violation of the terms of this compact shall constitute a violation of the laws respecting the placement of children of both the state in which the sending agency is located or from which it sends or brings the child and of the receiving state. Such violation may be punished or subjected to penalty in either jurisdiction in accordance with its laws.

(b) In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for the suspension or revocation of any license, permit, or other legal authorization held by the sending agency which empowers or allows it to place, or care for children.

ARTICLE V

Retention of Jurisdiction

(a) The sending agency shall retain jurisdiction over the child sufficient to determine all matters in relation to the custody, supervision, care, treatment and disposition of the child which it would have had if the child had remained in the sending agency's state, until the child is adopted, reaches majority, becomes self-supporting or is discharged with the concurrence of the appropriate authority in the receiving state. Such jurisdiction shall also include the power to effect or cause the return of the child or its transfer to another location and custody pursuant to law. The sending agency shall continue to have financial responsibility for support and maintenance of the child during the period of the placement. Nothing contained herein shall defeat a claim of jurisdiction by a receiving state sufficient to deal with an act of delinquency or crime committed therein.

(b) When the sending agency is a public agency, it may enter into an agreement with an authorized public or private agency in the receiving state providing for the performance of one or more services in respect of such case by the latter as agent for the sending agency.

(c) Nothing in this compact shall be construed to prevent a private charitable agency authorized to place children in the receiving state from performing services or acting as agent in that state for a private charitable agency of the sending state, nor to prevent the agency in the receiving state from discharging financial responsibility for the support and maintenance of a

child who has been placed on behalf of the sending agency without relieving the responsibility set forth in paragraph (a) hereof.

ARTICLE VI

Institutional Care of Delinquent Children

A child adjudicated delinquent may be placed in an institution in another party jurisdiction pursuant to this compact but no such placement shall be made unless the child is given a court hearing on notice to the parent or guardian with opportunity to be heard, prior to his being sent to such other party jurisdiction for institutional care and the court finds that:

(1) Equivalent facilities for the child are not available in the sending agency's jurisdiction; and

(2) Institutional care in the other jurisdiction is in the best interest of the child and will not produce undue hardship.

ARTICLE VII

Compact Administrator

The executive head of each jurisdiction party to this compact shall designate an officer who shall be general coordinator of activities under this compact in his jurisdiction and who, acting jointly with like officers of other party jurisdictions, shall have power to promulgate rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE VIII

Limitations

This compact shall not apply to:

(a) The sending or bringing of a child into a receiving state by his parent, stepparent, grandparent, adult brother or sister, adult uncle or aunt, or his guardian and leaving the child with any such relative or nonagency guardian in the receiving state;

(b) Any placement, sending, or bringing of a child into a receiving state pursuant to any other interstate compact to which both the state from which the child is sent or brought and the receiving state are party, or to any other agreement between said states which has the force of law.

ARTICLE IX

Enactment and Withdrawal

This compact shall be open to joinder by any state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and, with the consent of Congress, the Government of Canada or any province thereof. It shall become effective with respect to any such jurisdiction when such jurisdiction has enacted the same into law. Withdrawal from this compact shall be by the enactment of a statute repealing the same, but shall not take effect until two years after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other party

jurisdiction. Withdrawal of a party state shall not affect the rights, duties and obligations under this compact of any sending agency therein with respect to a placement made prior to the effective date of withdrawal.

ARTICLE X

Construction and Severability

(a) The provisions of this compact shall be liberally construed to effectuate the purposes thereof;

(b) The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby;

(c) If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

24-60-1803. Additional provisions and definitions. (1) Financial responsibility for any child placed pursuant to the provisions of the compact shall be determined in accordance with the provisions of article V thereof in the first instance. However, in the event of partial or complete default of performance thereunder, the provisions of any other applicable laws may be invoked.

(5) Any court having jurisdiction to place delinquent children may place such a child in an institution in another state pursuant to article VI of the compact and shall retain jurisdiction as provided in article V thereof.

(6) As used in article VII of the compact, "executive head" means the governor. The governor is hereby authorized to appoint a compact administrator in accordance with the terms of said article VII.

(7) Notwithstanding the provisions of article VI of the compact, notice of the proceeding set forth therein shall also be given to the legal custodian of the child and to any other person by law entitled to such notice.

(8) Nothing in the compact shall be construed to terminate the jurisdiction of the courts and agencies of Colorado over children at an earlier age than is otherwise provided by the applicable laws of this state. PART 21

24-60-2101. Compact approved and ratified. The general assembly hereby approves and ratifies and the governor shall enter into a compact on behalf of the state of Colorado with any of the United States or other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I

Findings, Declaration of Policy, and Purpose

- (a) The party jurisdictions find that:
 - (1) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction:
 - (i) Must post collateral or bond to secure appearance for trial at a later date; or
 - (ii) If unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or
 - (iii) Is taken directly to court for his trial to be held.
 - (2) In some instances, the motorist's driver's license may be deposited as collateral to be returned after he has complied with the terms of the citation.
 - (3) The purpose of the practices described in paragraphs (1) and (2) above is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to his home jurisdiction and disregard his duty under the terms of the traffic citation.
 - (4) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to immediately continue on his way after promising or being instructed to comply with the terms of the citation.
 - (5) The practice described in paragraph (1) above causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial, or pay the fine, and thus is compelled to remain in custody until some arrangement can be made.
 - (6) The deposit of a driver's license as a bail bond, as described in paragraph (2) above, is viewed with disfavor.
 - (7) The practices described herein consume an undue amount of law enforcement time.
- (b) It is the policy of the party jurisdictions to:
 - (1) Seek compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions.
 - (2) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.
 - (3) Extend cooperation to its fullest extent among the jurisdictions for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction.
 - (4) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.
- (c) The purpose of this compact is to:
 - (1) Provide a means through which the party jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in paragraph (b) above in a uniform and orderly manner.
 - (2) Provide for the fair and impartial treatment of traffic violators operating within party jurisdictions in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

- (b) Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it must take place immediately following issuance of the citation.
- (c) Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report the failure to comply to the licensing authority of the jurisdiction in which the traffic citation was issued. The report shall be made in accordance with procedures specified by the issuing jurisdiction and shall contain information as specified in the compact manual as minimum requirements for effective processing by the home jurisdiction.
- (d) Upon receipt of the report, the licensing authority of the issuing jurisdiction shall transmit to the licensing authority in the home jurisdiction of the motorist, the information in a form and content as contained in the compact manual.
- (e) The licensing authority of the issuing jurisdiction need not suspend the privilege of a motorist for whom a report has been transmitted.

(a) Upon receipt of a report of a failure to comply from the licensing authority of the issuing jurisdiction, the licensing authority of the home jurisdiction shall notify the motorist and initiate a suspension action, in accordance with the home jurisdiction's procedures, to suspend the motorist's driver's license until satisfactory evidence of compliance with the terms of the traffic citation has been furnished to the home jurisdiction licensing authority. Due process safeguards will be accorded.

(b) The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the compact manual.

ARTICLE V

Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to license to drive to any person or circumstance, or to invalidate or prevent any driver license agreement or other cooperative arrangements between a party jurisdiction and a nonparty jurisdiction.

Moreover, the party states find that the United States Congress, by enacting the "Low-level Radioactive Waste Policy Act" (P.L. 96-573), has encouraged the use of interstate compacts to provide for the establishment and operation of facilities for regional management of low-level radioactive waste.

B. It is the purpose of the party states, by entering into an interstate compact, to establish the means for cooperative effort in managing low-level radioactive waste; to ensure the availability and economic viability of sufficient facilities for the proper and efficient management of low-level radioactive waste generated within the region while preventing unnecessary and uneconomic proliferation of such facilities; to encourage reduction of the volume of low-level radioactive waste requiring disposal within the region; to restrict management within the region of low-level radioactive waste generated outside the region; to distribute the costs, benefits and obligations of low-level radioactive waste management equitably among the party states; and by these means to promote the health, safety and welfare of the residents within the region.

ARTICLE 3

RIGHTS, RESPONSIBILITIES AND OBLIGATIONS

- A. There shall be regional facilities sufficient to manage the low-level waste generated within the region. At least one regional facility shall be open and operating in a party state other than Nevada within six years after this compact becomes law in Nevada and in one other state.
- B. Low-level waste generated within the region shall be managed at regional facilities without discrimination among the party states; provided, however, that a host state may close a regional facility when necessary for public health or safety.
- C. Each party state which, according to reasonable projections made by the board, is expected to generate twenty percent or more in cubic feet except as otherwise determined by the board of the low-level waste generated within the region has an obligation to become a host state in compliance with subsection D of this article.
- D. A host state, or a party state seeking to fulfill its obligation to become a host state, shall:

(1) Cause a regional facility to be developed on a timely basis as determined by the board, and secure the approval of such regional facility by the board as provided in Article 4 before allowing site preparation or physical construction to begin;

(2) Ensure by its own law, consistent with any applicable federal law, the protection and preservation of public health and safety in the siting, design, development, licensure or other regulation, operation, closure, decommissioning and long-term care of the regional facilities within the state;

(3) Subject to the approval of the board, ensure that charges for management of low-level waste at the regional facilities within the state are reasonable;

(4) Solicit comments from each other party state and the board regarding siting, design, development, licensure or other regulation, operation, closure, decommissioning and long-term care of the regional facilities within the state and respond in writing to such comments;

(5) Submit an annual report to the board which contains projections of the anticipated future capacity and availability of the regional facilities within the state, together with other information required by the board; and

(6) Notify the board immediately if any exigency arises requiring the possible temporary or permanent closure of a regional facility within the state at a time earlier than was projected in the state's most recent annual report to the board.

E. Once a party state has served as a host state, it shall not be obligated to serve again until each other party state having an obligation under subsection C of this article has fulfilled that obligation. Nevada, already being a host state, shall not be obligated to serve again as a host state until every other party state has so served.

F. Each party state:

(1) Agrees to adopt and enforce procedures requiring low-level waste shipments originating within its borders and destined for a regional facility to conform to packaging and transportation requirements and regulations. Such procedures shall include but are not limited to:

(a) Periodic inspections of packaging and shipping practices;

(b) Periodic inspections of waste containers while in the custody of carriers; and

(c) Appropriate enforcement actions with respect to violations;

(2) Agrees that after receiving notification from a host state that a person in the party state has violated packaging, shipping or transportation requirements or regulations, it shall take appropriate action to ensure that violations do not recur. Appropriate action may include but is not limited to the requirement that a bond be posted by the violator to pay the cost of repackaging at the regional facility and the requirement that future shipments be inspected;

(3) May impose fees to recover the cost of the practices provided for in paragraphs (1) and (2) of this subsection;

(4) Shall maintain an inventory of all generators within the state that may have low-level waste to be managed at a regional facility; and

(5) May impose requirements or regulations more stringent than those required by this subsection.

ARTICLE 4

BOARD APPROVAL OF REGIONAL FACILITIES

A. Within ninety days after being requested to do so by a party state, the board shall approve or disapprove a regional facility to be located within that state.

B. A regional facility shall be approved by the board if and only if the board determines that:

(1) There will be, for the foreseeable future, sufficient demand to render operation of the proposed facility economically feasible without endangering the economic feasibility of operation of any other regional facility; and

(2) The facility will have sufficient capacity to serve the needs of the region for a reasonable period of years.

ARTICLE 5

SURCHARGES

A. The board shall impose a "compact surcharge" per unit of waste received at any regional facility. The surcharge shall be adequate to pay the costs and expenses of the board in the conduct of its authorized activities and may be increased or decreased as the board deems necessary.

B. A host state may impose a "state surcharge" per unit of waste received at any regional facility within the state. The host state may fix and change the amount of the state surcharge subject to approval by the board. Money received from the state surcharge may be used by the host state for any purpose authorized by its own law, including but not limited to costs of licensure and regulatory activities related to the regional facility, reserves for decommissioning and long-term care of the regional facility and local impact assistance.

ARTICLE 6

THE BOARD

A. The "Rocky Mountain low-level radioactive waste board", which shall not be an agency or instrumentality of any party state, is created.

B. The board shall consist of one member from each party state. Each party state shall determine how and for what term its member shall be appointed, and how and for what term any alternate may be appointed to perform that member's duties on the board in the member's absence.

C. Each party state is entitled to one vote. A majority of the board constitutes a quorum. Unless otherwise provided in this compact, a majority of the total number of votes on the board is necessary for the board to take any action.

D. The board shall meet at least once a year and otherwise as its business requires. Meetings of the board may be held in any place within the region deemed by the board to be reasonably convenient for the attendance of persons required or entitled to attend and where adequate accommodations may be found. Reasonable public notice and opportunity for comment shall be given with respect to any meeting; provided, however, that nothing in this subsection shall preclude the board from meeting in executive session when seeking legal advice from its attorneys or when discussing the employment, discipline, or termination of any of its employees.

E. The board shall pay necessary travel and reasonable per diem expenses of its members, alternates and advisory committee members.

F. The board shall organize itself for the efficient conduct of its business. It shall adopt and publish rules consistent with this compact regarding its organization and procedures. In special circumstances the board, with unanimous consent of its members, may take actions by telephone; provided, however, that any action taken by telephone shall be confirmed in writing by each member within thirty days. Any action taken by telephone shall be noted in the minutes of the board.

G. The board may use for its purposes the services of any personnel or other resources which may be offered by any party state.

H. The board may establish its offices in space provided for that purpose by any of the party states or, if space is not provided or is deemed inadequate, in any space within the region selected by the board.

I. Consistent with available funds, the board may contract for necessary personnel services and may employ such staff as it deems necessary to carry out its duties. Staff shall be employed without regard for the personnel, civil service or merit system laws of any of the party states and shall serve at the pleasure of the board. The board may provide appropriate employee benefit programs for its staff.

J. The board shall establish a fiscal year which conforms to the extent practicable to the fiscal years of the party states.

K. The board shall keep an accurate account of all receipts and disbursements. An annual audit of the books of the board shall be conducted by an independent certified public accountant, and the audit report shall be made a part of the annual report of the board.

L. The board shall prepare and include in the annual report a budget showing anticipated receipts and disbursements for the ensuing year.

M. Upon legislative enactment of this compact, each party state shall appropriate seventy thousand dollars (\$70,000) to the board to support its activities prior to the collection of sufficient funds through the compact surcharge imposed pursuant to subsection A of article 5 of this compact.

N. The board may accept any donations, grants, equipment, supplies, materials or services, conditional or otherwise, from any source. The nature, amount and condition, if any, attendant upon any donation, grant or other resources accepted pursuant to this subsection, together with the identity of the donor or grantor, shall be detailed in the annual report of the board.

O. In addition to the powers and duties conferred upon the board pursuant to other provisions of this compact, the board:

(1) Shall submit communications to the governors and to the presiding officers of the legislatures of the party states regarding the activities of the board, including an annual report to be submitted by December 15;

(2) May assemble and make available to the governments of the party states and to the public through its members information concerning low-level waste management needs, technologies and problems;

(3) Shall keep a current inventory of all generators within the region, based upon information provided by the party states;

(4) Shall keep a current inventory of all regional facilities, including information on the size, capacity, location, specific wastes capable of being managed and the projected useful life of each regional facility;

(5) May keep a current inventory of all low-level waste facilities in the region, based upon information provided by the party states;

(6) Shall ascertain on a continuing basis the needs for regional facilities and capacity to manage each of the various classes of low-level waste;

(7) May develop a regional low-level waste management plan;

(8) May establish such advisory committees as it deems necessary for the purpose of advising the board on matters pertaining to the management of low-level waste;

(9) May contract as it deems appropriate to accomplish its duties and effectuate its powers, subject to its projected available resources; but no contract made by the board shall bind any party state;

(10) Shall make suggestions to appropriate officials of the party states to ensure that adequate emergency response programs are available for dealing with any exigency that might arise with respect to low-level waste transportation or management;

(11) Shall prepare contingency plans, with the cooperation and approval of the host state, for management of low-level waste in the event any regional facility should be closed;

(12) May examine all records of operators of regional facilities pertaining to operating costs, profits or the assessment or collection of any charge, fee or surcharge;

(13) Shall have the power to sue; and

(14) When authorized by unanimous vote of its members, may intervene as of right in any administrative or judicial proceeding involving low-level waste.

ARTICLE 7

PROHIBITED ACTS AND PENALTIES

A. It shall be unlawful for any person to dispose of low-level waste within the region, except at a regional facility; provided, however, that a generator who, prior to January 1, 1982, had been disposing of only his own waste on his own property may, subject to applicable federal and state law, continue to do so.

B. After January 1, 1986, it shall be unlawful for any person to export low-level waste which was generated within the region outside the region unless authorized to do so by the board. In determining whether to grant such authorization, the factors to be considered by the board shall include, but not be limited to, the following:

(1) The economic impact of the export of the waste on the regional facilities;

(2) The economic impact on the generator of refusing to permit the export of the waste; and

(3) The availability of a regional facility appropriate for the disposal of the waste involved.

C. After January 1, 1986, it shall be unlawful for any person to manage any low-level waste within the region unless the waste was generated within the region or unless authorized to do so both by the board and by the state in which said management takes place. In determining whether to grant such authorization, the factors to be considered by the board shall include, but not be limited to, the following:

(1) The impact of importing waste on the available capacity and projected life of the regional facilities;

(2) The economic impact on the regional facilities; and

(3) The availability of a regional facility appropriate for the disposal of the type of waste involved.

D. It shall be unlawful for any person to manage at a regional facility any radioactive waste other than low-level waste as defined in this compact, unless authorized to do so both by the board and the host state. In determining whether to grant such authorization, the factors to be considered by the board shall include, but not be limited to, the following:

(1) The impact of allowing such management on the available capacity and projected life of the regional facilities;

(2) The availability of a facility appropriate for the disposal of the type of waste involved;

(3) The existence of transuranic elements in the waste; and

(4) The economic impact on the regional facilities.

E. Any person who violates subsection A or B of this article shall be liable to the board for a civil penalty not to exceed ten times the charges which would have been charged for disposal of the waste at a regional facility.

F. Any person who violates subsection C or D of this article shall be liable to the board for a civil penalty not to exceed ten times the charges which were charged for management of the waste at a regional facility.

G. The civil penalties provided for in subsections E and F of this article may be enforced and collected in any court of general jurisdiction within the region where necessary jurisdiction is obtained by an appropriate proceeding commenced on behalf of the board by the attorney general of the party state wherein the proceeding is brought or by other counsel authorized by the board. In any such proceeding, the board, if it prevails, is entitled to recover reasonable attorney's fees as part of its costs.

H. Out of any civil penalty collected for a violation of subsection A or B of this article, the board shall pay to the appropriate operator a sum sufficient in the judgement of the board to compensate the operator for any loss of revenue attributable to the violation. Such compensation may be subject to state and compact surcharges as if received in the normal course of the operator's business. The remainder of the civil penalty collected shall be allocated by the board. In making such allocation, the board shall give first priority to the needs of the long-term care funds in the region.

I. Any civil penalty collected for a violation of subsection C or D of this article shall be allocated by the board. In making such allocation, the board shall give first priority to the needs of the long-term care funds in the region.

J. Violations of subsection A, B, C, or D of this article may be enjoined by any court of general jurisdiction within the region where necessary jurisdiction is obtained in any appropriate proceeding commenced on behalf of the board by the attorney general of the party state wherein the proceeding is brought or by other counsel authorized by the board. In any such proceeding, the board, if it prevails, is entitled to recover reasonable attorney's fees as part of its costs.

K. No state attorney general shall be required to bring any proceeding under any subsection of this article, except upon his consent.

ARTICLE 8

ELIGIBILITY, ENTRY INTO EFFECT, CONGRESSIONAL

CONSENT, WITHDRAWAL, EXCLUSION

A. Arizona, Colorado, Nevada, New Mexico, Utah and Wyoming are eligible to become parties to this compact. Any other state may be made eligible by unanimous consent of the board.

B. An eligible state may become a party state by legislative enactment of this compact or by executive order of its governor adopting this compact; provided, however, a state becoming a party by executive order shall cease to be a party state upon adjournment of the first general session of its legislature convened thereafter, unless before such adjournment the legislature shall have enacted this compact.

C. This compact shall take effect when it has been enacted by the legislatures of two eligible states. However, subsections B and C of article 7 shall not take effect until Congress has by law consented to this compact. Every five years after such consent has been given, Congress may by law withdraw its consent.

D. A state which has become a party state by legislative enactment may withdraw by legislation repealing its enactment of this compact; but no such repeal shall take effect until two years after enactment of the repealing legislation. If the withdrawing state is a host state, any regional facility in that state shall remain available to receive low-level waste generated within the region until five years after the effective date of the withdrawal; provided, however, this provision shall not apply to the existing facility in Beatty, Nevada.

E. A party state may be excluded from this compact by a two-thirds' vote of the members representing the other party states, acting in a meeting, on the ground that the state to be excluded has failed to carry out its obligations under this compact. Such an exclusion may be terminated upon a two-thirds' vote of the members acting in a meeting.

ARTICLE 9

CONSTRUCTION AND SEVERABILITY

A. The provisions of this compact shall be broadly construed to carry out the purposes of the compact.

B. Nothing in this compact shall be construed to affect any judicial proceeding pending on the effective date of this compact.

C. If any part or application of this compact is held invalid, the remainder, or its application to other situations or persons, shall not be affected.

24-60-2206. Site recommendation by counties. (1) Prior to any action by the department for the assessment and evaluation of potential areas for a facility under section 24-60-2207, the department shall first cooperate with and provide counties in this state the opportunity to recommend facility sites within their boundaries. In making such recommendation, the board of county commissioners shall consider the factors set forth in section 24-60-2207 (1)(b) and shall provide reasonable opportunity for public comment.

24-60-2207. Statewide assessment of facility sites. (1) For the protection of the public health and safety and without limiting or qualifying other applicable laws, rules, regulations, standards, or limitations pertaining to the control of radiation in this state, the department shall be granted the following additional authority concerning low-level radioactive waste:

(a) The department may acquire by gift, transfer, or purchase any and all lands, buildings, and grounds reasonably necessary for a regional low-level radioactive waste facility.

(b) To ensure that a suitable regional low-level radioactive waste facility is established, the department shall conduct a statewide assessment and evaluation of potential areas for the location of a facility. The assessment and evaluation shall consider all applicable federal and state laws and regulations and shall consider but need not be limited to the following factors:

- (I) Physical and chemical characteristics of strata;
- (II) Surface and subsurface hydrology;
- (III) Topography and drainage;
- (IV) Meteorology and climatology;
- (V) Demography (including population density near the site);
- (VI) Access routes and affected public roads;
- (VII) Ecological impact;
- (VIII) Relationship to local land use plans;
- (IX) Ownership of real property.

(c) The department shall provide reasonable opportunity for public comment during the assessment and evaluation and shall afford interested persons an opportunity, at public hearing, to submit data and views orally or in writing on the potentially suitable areas. Subsequent to having conducted the assessment and evaluation, the department shall identify those areas determined as potentially suitable for a facility.

(d) The department shall not approve any facility for the disposal of low-level radioactive waste outside of the areas identified pursuant to this subsection (1) or an area recommended by a board of county commissioners under section 24-60-2206 unless the site applicant demonstrates to the satisfaction of the department that the proposed site is at least as technically suitable as the areas identified pursuant to this subsection (1).

(e) The department may, by lease or license, provide for the operation of facilities for the implementation of the purposes of this part 22. No facility may be licensed until designated pursuant to part 1 of article 20 of title 30, C.R.S., by the board of county commissioners of the county in which the proposed facility is to be located. In the event that no county has

recommended a facility site or an application for such site has not been submitted by January 1, 1985, the department shall prepare an alternative plan for facility development. Said alternative plan shall be submitted to the general assembly no later than January 1, 1986, for review and approval. In the submission of an alternative plan to the general assembly, the department shall also request authority to acquire a site for a facility.

(f) The department shall require the posting of a bond or other surety by each licensee to assure the availability of funds to the state in the event of accident, abandonment, discontinuance of an operation, insolvency, or other inability of a lessee or licensee to meet the requirements of the department pursuant to article 11 of title 25, C.R.S., in providing for the safe operation, decommissioning, decontamination, and reclamation of a facility, or any circumstance which results in a potential radiation hazard.

24-60-2208. State surcharge. (1) In addition to the fees authorized by section 25-11-103, C.R.S., the following surcharges shall be imposed on each licensed facility:

(a) The licensee shall be required to pay an annual fee to the county or municipality in which the facility is located, unless waived by the county or municipality. The amount of the fee shall be established by mutual agreement of the county or municipality and the licensee and may include, but not be limited to, the actual direct costs of increased burden on county or municipal services created by the facility, including the improvement and maintenance of roads and bridges, fire protection, law enforcement, monitoring by county or municipal health officials, and emergency preparation and response. The amount of the annual fee shall not exceed two percent of the annual gross revenue received by the facility and shall be reduced by the amount paid by the facility as a payment in lieu of taxes to county government pursuant to section 25-11-103 (7)(c), C.R.S. No licensee shall commence operations at a facility until the agreement for the annual fee is executed by the county or municipality and the licensee or such fee is waived by the county or municipality. In the event that the licensee fails to comply with the terms of the executed agreement, the board of county commissioners or the governing body of the municipality may petition the department to suspend the facility's license in the manner provided in article 4 of this title until the agreement has been fully complied with.

(b) Each licensee shall pay an additional surcharge of one percent of gross revenue received by the facility. The surcharge shall be paid quarterly, as accrued, to the department, which shall credit all such receipts in the general fund of the state.

The department shall coordinate the low-level radioactive waste program with all other programs within the department and with other local, state, or federal agencies as appropriate. For the purpose of administration and enforcement of matters pertaining to transportation and packaging as provided in this part 22, the department shall coordinate its activities with those of the public utilities commission.

24-60-2212. Regulation of fees. (1) All rates, charges, and classifications made, demanded, or received in the operation of a licensed facility located in the state of Colorado shall be just and reasonable. Every unjust or unreasonable charge made, demanded, or received with respect to such operation is prohibited.

(2) The power and authority is hereby vested in the state board of health and it is hereby made the duty of the board in promoting public health and safety to adopt necessary rules and regulations to govern and regulate the rates, charges, and classifications of every facility in this state and to prevent unjust, unreasonable, and discriminatory rates, charges, and classifications of every such facility.

(3) (a) Under such rules and regulations as the state board of health may prescribe, any person operating a facility in this state shall file with the state board of health, at least sixty days prior to the proposed effective date and in such form and with such filing fee as the state board of health may designate, proposed schedules showing all rates, charges, and classifications collected or enforced or to be collected or enforced. Such rates, when effective, shall be posted and open to public inspection at the facility.

(b) The board shall make available for public inspection the filing and supporting information and provide reasonable public notice thereof.

(4) (a) Unless the board otherwise orders, no change shall be made in any rate, charge, or classification collected or enforced or to be collected or enforced by a facility except after sixty days of filing with the board. All filings shall be kept open for public inspection with new schedules stating plainly the changes to be made in the schedules then in force and the time when the changes will go into effect.

(b) The board shall not approve or disapprove a filing without a public hearing. If the board does not disapprove or schedule a hearing on a filing within sixty days of receipt by the board, the filing shall automatically become effective.

(c) During the sixty-day review period, the board may conclude that it is in the public interest to hold a public hearing, or an interested person may request a public hearing by so petitioning the board. Such hearings shall be held in the manner provided in article 4 of this title.

(5) (a) Whenever the board after a hearing upon its own motion or upon petition finds, based upon the record and investigation by the board, that the rates, charges, or classifications

collected or enforced or to be collected or enforced by any facility are unjust, unreasonable, discriminatory, or violative of any provision of law or that such rates, charges, or classifications are insufficient, the board shall determine the just, reasonable, or sufficient rates, charges, classifications, rules, regulations, or practices to be thereafter observed and in force and shall fix the same by order of the board.

(b) The board has the power, after a hearing upon its own motion or upon complaint, to investigate a single rate, charge, classification, or practice or the entire schedule of rates, charges, classifications, or practices of any facility and to establish new rates, charges, classifications, or practices in lieu thereof.

PART 26

WILDLIFE VIOLATOR COMPACT

24-60-2601. Short title. This part 26 shall be known and may be cited as the "Wildlife Violator Compact".

Source: L. 89: Entire part added, p. 1085, § 1, effective April 12.

24-60-2602. Execution of compact. The general assembly hereby approves and the governor is authorized to enter into a compact on behalf of this state with any other state or states legally joining therein in the form substantially as follows:

ARTICLE I

Findings, Declaration of Policy, and Purpose

(a) The participating states find that:

(1) Wildlife resources are managed in trust by the respective states for the benefit of all residents and visitors.

(2) The protection of the wildlife resources of a state is materially affected by the degree of compliance with state statutes, laws, regulations, ordinances, and administrative rules relating to the management of such resources.

(3) The preservation, protection, management, and restoration of wildlife contributes immeasurably to the aesthetic, recreational, and economic aspects of such natural resources.

(4) Wildlife resources are valuable without regard to political boundaries; therefore, every person should be required to comply with wildlife preservation, protection, management, and restoration laws, ordinances, and administrative rules and regulations of the participating states as a condition precedent to the continuance or issuance of any license to hunt, fish, trap, or possess wildlife.

(5) Violation of wildlife laws interferes with the management of wildlife resources and may endanger the safety of persons and property.

(6) The mobility of many wildlife law violators necessitates the maintenance of channels of communication among the various states.

(7) In most instances, a person who is cited for a wildlife violation in a state other than his home state:

(i) Is required to post collateral or a bond to secure appearance for a trial at a later date; or

(ii) Is taken into custody until the collateral or bond is posted; or

(iii) Is taken directly to court for an immediate appearance.

(8) The purpose of the enforcement practices set forth in paragraph (7) of this article is to ensure compliance with the terms of a wildlife citation by the cited person who, if permitted to continue on his way after receiving the citation, could return to his home state and disregard his duty under the terms of the citation.

(9) In most instances, a person receiving a wildlife citation in his home state is permitted to accept the citation from the officer at the scene of the violation and immediately continue on his way after agreeing or being instructed to comply with the terms of the citation.

(10) The practices described in paragraph (7) of this article cause unnecessary inconvenience and, at times, a hardship for the person who is unable at the time to post collateral, furnish a bond, stand trial, or pay a fine, and thus is compelled to remain in custody until some alternative arrangement is made.

(11) The enforcement practices described in paragraph (7) of this article consume an undue amount of law enforcement time.

(b) It is the policy of the participating states to:

(1) Promote compliance with the statutes, laws, ordinances, regulations, and administrative rules relating to management of wildlife resources in their respective states.

(2) Recognize the suspension of wildlife license privileges of any person whose license privileges have been suspended by a participating state and treat such suspension as if it had occurred in their state.

(3) Allow a violator, except as provided in paragraph (b) of article III, to accept a wildlife citation and, without delay, proceed on his way, whether or not a resident of the state in which the citation was issued, provided that the violator's home state is party to this compact.

(4) Report to the appropriate participating state, as provided in the compact manual, any conviction recorded against any person whose home state was not the issuing state.

(5) Allow the home state to recognize and treat convictions recorded against its residents, which convictions occurred in a participating state, as though they had occurred in the home state.

(6) Extend cooperation to its fullest extent among the participating states for enforcing compliance with the terms of a wildlife citation issued in one participating state to a resident of another participating state.

(7) Maximize effective use of law enforcement personnel and information.

(8) Assist court systems in the efficient disposition of wildlife violations.

(c) The purpose of this compact is to:

(1) Provide a means through which participating states may join in a reciprocal program to effectuate the policies enumerated in paragraph (b) of this article in a uniform and orderly manner.

(2) Provide for the fair and impartial treatment of wildlife violators operating within participating states in recognition of the violator's right to due process and the sovereign status of a participating state.

ARTICLE II

Definitions

As used in this compact, unless the context requires otherwise:

(a) "Citation" means any summons, complaint, summons and complaint, ticket, penalty assessment, or other official document issued to a person by a wildlife officer or other peace officer for a wildlife violation which contains an order requiring the person to respond.

(i) "Licensing authority" means the department or division within each participating state which is authorized by law to issue or approve licenses or permits to hunt, fish, trap, or possess wildlife.

(j) "Participating state" means any state which enacts legislation to become a member of this wildlife compact.

Species included in the definition of "wildlife" vary from state to state and determination of whether a species is "wildlife" for the purposes of this compact shall be based on local law.

(p) "Wildlife law" means any statute, law, regulation, ordinance, or administrative rule developed and enacted for the management of wildlife resources and the uses thereof.

(q) "Wildlife officer" means any individual authorized by a participating state to issue a citation for a wildlife violation.

(r) "Wildlife violation" means any cited violation of a statute, law, regulation, ordinance, or administrative rule developed and enacted for the management of wildlife resources and the uses thereof.

ARTICLE III

Procedures for Issuing State

(a) When issuing a citation for a wildlife violation, a wildlife officer shall issue a citation to any person whose primary residence is in a participating state in the same manner as though the person were a resident of the issuing state and shall not require such person to post collateral to secure appearance, subject to the exceptions noted in paragraph (b) of this article, if the officer receives the recognizance of such person that he will comply with the terms of the citation.

(b) Personal recognizance is acceptable (1) if not prohibited by local law or the compact manual and (2) if the violator provides adequate proof of identification to the wildlife officer.

(c) Upon conviction or failure of a person to comply with the terms of a wildlife citation, the appropriate official shall report the conviction or failure to comply to the licensing authority of the participating state in which the wildlife citation was issued. The report shall be made in accordance with procedures specified by the issuing state and shall contain information as specified in the compact manual as minimum requirements for effective processing by the home state.

(d) Upon receipt of the report of conviction or noncompliance pursuant to paragraph (c) of this article, the licensing authority of the issuing state shall transmit to the licensing authority

of the home state of the violator the information in form and content as prescribed in the compact manual.

ARTICLE IV

Procedure for Home State

(a) Upon receipt of a report from the licensing authority of the issuing state reporting the failure of a violator to comply with the terms of a citation, the licensing authority of the home state shall notify the violator and shall initiate a suspension action in accordance with the home state's suspension procedures and shall suspend the violator's license privileges until satisfactory evidence of compliance with the terms of the wildlife citation has been furnished by the issuing state to the home state licensing authority. Due process safeguards will be accorded.

(b) Upon receipt of a report of conviction from the licensing authority of the issuing state, the licensing authority of the home state shall enter such conviction in its records and shall treat such conviction as though it occurred in the home state for the purposes of the suspension of license privileges.

(c) The licensing authority of the home state shall maintain a record of actions taken and shall make reports to issuing states as provided in the compact manual.

ARTICLE V

Reciprocal Recognition of Suspension

(a) All participating states shall recognize the suspension of license privileges of any person by any participating state as though the violation resulting in the suspension had occurred in their state and could have been the basis for suspension of license privileges in their state.

(b) Each participating state shall communicate suspension information to other participating states in form and content as contained in the compact manual.

ARTICLE VI

Applicability of Other Laws

(a) Except as expressly required by provisions of this compact, nothing herein shall be construed to affect the right of any participating state to apply any of its laws relating to license privileges to any person or circumstance or to invalidate or prevent any agreement or other cooperative arrangement between a participating state and a nonparticipating state concerning wildlife law enforcement.

ARTICLE VII

Compact Administrator Procedures

(a) For the purpose of administering the provisions of this compact and to serve as a governing body for the resolution of all matters relating to the operation of this compact, a board of compact administrators is established. The board shall be composed of one representative from each of the participating states to be known as the compact administrator. The compact administrator shall be appointed by the head of the licensing authority of each participating state and shall serve and be subject to removal in accordance with the laws of the state he represents. A compact administrator may provide for the discharge of his duties and the performance of his functions as a board member by an alternate. An alternate shall not be entitled to serve unless written notification of his identity has been given to the board.

(b) Each member of the board of compact administrators shall be entitled to one vote. 24-60-2802. Execution of compact. The general assembly hereby approves and the governor is authorized to enter into a compact on behalf of this state with any other state or states legally joining therein in the form substantially as follows:

ARTICLE I PURPOSE

(a) The compacting states to this interstate compact recognize that each state is responsible for the supervision of adult offenders in the community who are authorized pursuant to the by-laws and rules of this compact to travel across state lines both to and from each compacting state in such a manner as to track the location of offenders, transfer supervision authority in an orderly and efficient manner, and, when necessary, return offenders to the originating jurisdictions. The compacting states also recognize that Congress, by enacting the "Crime Control Act", 4 U.S.C. sec. 112 (1965), has authorized and encouraged compacts for cooperative efforts and mutual assistance in the prevention of crime.

(c) In addition, this compact will: Create an interstate commission that will establish uniform procedures to manage the movement between states of adults placed under community

supervision and released to the community under the jurisdiction of courts, paroling authorities, corrections, or other criminal justice agencies which will promulgate rules to achieve the purpose of this compact; ensure an opportunity for input and timely notice to victims and to jurisdictions where defined offenders are authorized to travel or to relocate across state lines; establish a system of uniform data collection, access to information on active cases by authorized criminal justice officials, and regular reporting of compact activities to heads of state councils, state executive, judicial, and legislative branches and criminal justice administrators; monitor compliance with rules governing interstate movement of offenders and initiate interventions to address and correct noncompliance; and coordinate training and education regarding regulations of interstate movement of offenders for officials involved in such activity.

(d) The compacting states recognize that there is no right of any offender to live in another state and that duly accredited officers of a sending state may at all times enter a receiving state and there apprehend and retake any offender under supervision subject to the provisions of this compact and by-laws and rules promulgated hereunder. It is the policy of the compacting states that the activities conducted by the interstate commission created herein are the formation of public policies and are therefore public business.

(a) Each member state shall create a state council for interstate adult offender supervision which shall be responsible for the appointment of the commissioner who shall serve on the interstate commission from that state. Each state council shall appoint as its commissioner the compact administrator from that state to serve on the interstate commission in such capacity under or pursuant to applicable law of the member state. While each member state may determine the membership of its own state council, its membership must include at least one representative from the legislative, judicial, and executive branches of government, victims groups, and compact administrators.

(b) Each compacting state retains the right to determine the qualifications of the compact administrator who shall be appointed by the state council or by the governor in consultation with the legislature and the judiciary.

(c) In addition to appointment of its commissioner to the national interstate commission, each state council shall exercise oversight and advocacy concerning its participation in interstate commission activities and other duties as may be determined by each member state, including but not limited to development of policy concerning operations and procedures of the compact within that state.

ARTICLE VI ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION

(a) **By-laws.** The interstate commission, by a majority of the members, within twelve months of the first interstate commission meeting, shall adopt by-laws to govern its conduct as may be necessary or appropriate to carry out the purposes of the compact, including but not limited to:

(1) Establishing the fiscal year of the interstate commission;

(2) Establishing an executive committee and such other committees as may be necessary and providing reasonable standards and procedures:

(i) For the establishment of committees; and

(ii) Governing any general or specific delegation of any authority or function of the interstate commission;

(3) Providing reasonable procedures for calling and conducting meetings of the interstate commission, and ensuring reasonable notice of each such meeting;

(4) Establishing the titles and responsibilities of the officers of the interstate commission;

(5) Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the interstate commission. Notwithstanding any civil service or other similar laws of any compacting state, the by-laws shall exclusively govern the personnel policies and programs of the interstate commission;

(6) Providing a mechanism for winding up the operations of the interstate commission and the equitable return of any surplus funds that may exist upon the termination of the compact after the payment or reserving of all of its debts and obligations;

(7) Providing transition rules for "start up" administration of the compact; and

(8) Establishing standards and procedures for compliance and technical assistance in carrying out the compact.

(b) **Officers and staff.** (1) The interstate commission, by a majority of the members, shall elect from among its members a chairperson and a vice chairperson, each of whom shall have such authorities and duties as may be specified in the by-laws. The chairperson or, in his or her absence or disability, the vice chairperson, shall preside at all meetings of the interstate commission. The officers so elected shall serve without compensation or remuneration from the interstate commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for any actual and necessary costs and expenses incurred by them in the performance of their duties and responsibilities as officers of the interstate commission.

(2) The interstate commission, through its executive committee, shall appoint or retain an executive director for such period, upon such terms and conditions and for such compensation as the interstate commission may deem appropriate. The executive director shall serve as secretary to the interstate commission and hire and supervise such other staff as may be authorized by the interstate commission, but shall not be a member.

(c) **Corporate records of the interstate commission.** The interstate commission shall maintain its corporate books and records in accordance with the by-laws.

(d) **Qualified immunity, defense, and indemnification.** (1) The members, officers, executive director, and employees of the interstate commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused or arising out of any actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities; provided that nothing in this paragraph (d) shall be construed to protect any such person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of any such person.

(2) The interstate commission shall defend the commissioner of a compacting state, or his or her representatives or employees, or the interstate commission's representatives or employees, in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities or that the defendant had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities; provided that the actual or alleged act, error, or omission did not result from intentional wrongdoing on the part of such person.

(3) The interstate commission shall indemnify and hold the commissioner of a compacting state, the appointed designee, or employees or the interstate commission's representatives or employees harmless in the amount of any settlement or judgment obtained against such persons arising out of any actual or alleged act, error, or omission that occurred within the scope of interstate commission employment, duties, or responsibilities or that such persons had a reasonable basis for believing occurred within the scope of interstate commission employment, duties, or responsibilities; provided that the actual or alleged act, error, or omission did not result from gross negligence or intentional wrongdoing on the part of such person.

ARTICLE VII

ACTIVITIES OF THE INTERSTATE COMMISSION

(a) The interstate commission shall meet and take such actions as are consistent with the provisions of this compact.

(b) Except as otherwise provided in this compact and unless a greater percentage is required by the by-laws, in order to constitute an act of the interstate commission, such act shall have been taken at a meeting of the interstate commission and shall have received an affirmative vote of a majority of the members present.

(c) Each member of the interstate commission shall have the right and power to cast a vote to which that compacting state is entitled and to participate in the business and affairs of the interstate commission. A member shall vote in person on behalf of the state and shall not delegate a vote to another member state. However, a state council shall appoint another authorized representative, in the absence of the commissioner from that state, to cast a vote on behalf of the member state at a specified meeting. The by-laws may provide for members' participation in meetings by telephone or other means of telecommunication or electronic communication. Any voting conducted by telephone or other means of telecommunication or electronic communication shall be subject to the same quorum requirements of meetings where members are present in person.

(d) The interstate commission shall meet at least once during each calendar year. The chairperson of the interstate commission may call additional meetings at any time and, upon the request of a majority of the members, shall call additional meetings.

(e) The interstate commission's by-laws shall establish conditions and procedures under which the interstate commission shall make its information and official records available to the public for inspection or copying. The interstate commission may exempt from disclosure any information or official records to the extent they would adversely affect personal privacy rights or proprietary interests. In promulgating such rules, the interstate commission may make available to law enforcement agencies records and information otherwise exempt from disclosure and may enter into agreements with law enforcement agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

(f) Public notice shall be given of all meetings and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The interstate commission shall promulgate rules consistent with the principles contained in the "Government in Sunshine Act", 5 U.S.C. sec. 552b, as may be amended. The interstate commission and any of its committees may close a meeting to the public where it determines by two-thirds vote that an open meeting would be likely to:

(1) Relate solely to the interstate commission's internal personnel practices and procedures;

(2) Disclose matters specifically exempted from disclosure by statute;

(3) Disclose trade secrets or commercial or financial information which is privileged or confidential;

(4) Involve accusing any person of a crime or formally censuring any person;

(5) Disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;

(6) Disclose investigatory records compiled for law enforcement purposes;

(7) Disclose information contained in or related to examination, operating, or condition reports prepared by, or on behalf of or for the use of, the interstate commission with respect to a regulated entity for the purpose of regulation or supervision of such entity;

(8) Disclose information, the premature disclosure of which would significantly endanger the life of a person or the stability of a regulated entity;

(9) Specifically relate to the interstate commission's issuance of a subpoena or its participation in a civil action or proceeding.

(g) For every meeting closed pursuant to this provision, the interstate commission's chief legal officer shall publicly certify that, in his or her opinion, the meeting may be closed to the public and shall reference each relevant provision authorizing closure of the meeting. The interstate commission shall keep minutes that shall fully and clearly describe all matters discussed in any meeting and shall provide a full and accurate summary of any actions taken and the reasons therefor, including a description of each of the views expressed on any item and the record of any roll call vote (reflected in the vote of each member on the question). All documents considered in connection with any action shall be identified in such minutes.

(h) The interstate commission shall collect standardized data concerning the interstate movement of offenders as directed through its by-laws and rules which shall specify the data to be collected, the means of collection, and data exchange and reporting requirements.

ARTICLE VIII RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

(a) The interstate commission shall promulgate rules in order to effectively and efficiently achieve the purposes of the compact, including transition rules governing administration of the compact during the period in which it is being considered and enacted by the states.

(b) Rulemaking shall occur pursuant to the criteria set forth in this article and the by-laws and rules adopted pursuant thereto. Such rulemaking shall substantially conform to the principles of the federal "Administrative Procedure Act", 5 U.S.C.S. sec. 551 et seq., and the federal "Advisory Committee Act", 5 U.S.C.S. app. 2, sec. 1 et seq., as may be amended (hereinafter "APA"). All rules and amendments shall become binding as of the date specified in each rule or amendment.

(c) If a majority of the legislatures of the compacting states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

(d) When promulgating a rule, the interstate commission shall:

(1) Publish the proposed rule stating with particularity the text of the rule which is proposed and the reason for the proposed rule;

(2) Allow persons to submit written data, facts, opinions, and arguments, which information shall be publicly available;

(3) Provide an opportunity for an informal hearing; and

(4) Promulgate a final rule and its effective date, if appropriate, based on the rulemaking record. Not later than sixty days after a rule is promulgated, any interested person may file a petition in the United States District Court for the District of Columbia or in the federal District Court where the interstate commission's principal office is located for judicial review of such rule. If the court finds that the interstate commission's action is not supported by substantial evidence, as defined in the APA, in the rulemaking record, the court shall hold the rule unlawful and set it aside. Subjects to be addressed within twelve months after the first meeting must at a minimum include:

(i) Notice to victims and opportunity to be heard;

- (ii) Offender registration and compliance;
 - (iii) Violations and returns;
 - (iv) Transfer procedures and forms;
 - (v) Eligibility for transfer;
 - (vi) Collection of restitution and fees from offenders;
 - (vii) Data collection and reporting;
 - (viii) The level of supervision to be provided by the receiving state;
 - (ix) Transition rules governing the operation of the compact and the interstate commission during all or part of the period between the effective date of the compact and the date on which the last eligible state adopts the compact;
 - (x) Mediation, arbitration, and dispute resolution.
- (e) The existing rules governing the operation of the previous compact superceded by this act shall be null and void twelve (12) months after the first meeting of the interstate commission created hereunder.
- (f) Upon determination by the interstate commission that an emergency exists, it may promulgate an emergency rule that shall become effective immediately upon adoption; provided that the usual rulemaking procedures provided hereunder shall be retroactively applied to said rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule.

ARTICLE IX
OVERSIGHT, ENFORCEMENT,
AND DISPUTE RESOLUTION
BY THE INTERSTATE COMMISSION

- (a) **Oversight.** (1) The interstate commission shall oversee the interstate movement of adult offenders in the compacting states and shall monitor such activities being administered in non-compacting states which may significantly affect compacting states.
- (2) The courts and executive agencies in each compacting state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact's purposes and intent. In any judicial or administrative proceeding in a compacting state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the interstate commission, the interstate commission shall be entitled to receive all service of process in any such proceeding and shall have standing to intervene in the proceeding for all purposes.
- (b) **Dispute resolution.** (1) The compacting states shall report to the interstate commission on issues or activities of concern to them and cooperate with and support the interstate commission in the discharge of its duties and responsibilities.
- (2) The interstate commission shall attempt to resolve any disputes or other issues that are subject to the compact and that may arise among compacting states and non-compacting states.
- (3) The interstate commission shall enact a by-law or promulgate a rule providing for both mediation and binding dispute resolution for disputes among the compacting states.
- (c) **Enforcement.** The interstate commission, in the reasonable exercise of its discretion, shall enforce the provisions of this compact using any or all means set forth in Article XII (b) of this compact.

ARTICLE X FINANCE

(a) The interstate commission shall pay or provide for the payment of the reasonable expenses of its establishment, organization, and ongoing activities.

(b) The interstate commission shall levy on and collect an annual assessment from each compacting state to cover the cost of the internal operations and activities of the interstate commission and its staff which must be in a total amount sufficient to cover the interstate commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the interstate commission, taking into consideration the population of the state and the volume of interstate movement of offenders in each compacting state and shall promulgate a rule binding upon all compacting states which governs said assessment.

(c) The interstate commission shall not incur any obligations of any kind prior to securing the funds adequate to meet the same, nor shall the interstate commission pledge the credit of any of the compacting states, except by and with the authority of the compacting state.

(d) The interstate commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the interstate commission shall be subject to the audit and accounting procedures established under its by-laws. However, all receipts and disbursements of funds handled by the interstate commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the interstate commission.

ARTICLE XI COMPACTING STATES, EFFECTIVE DATE, AND AMENDMENT

(a) Any state, as defined in Article II of this compact, is eligible to become a compacting state.

(b) The compact shall become effective and binding upon legislative enactment of the compact into law by no less than thirty-five (35) of the states. The initial effective date shall be the later of July 1, 2001, or upon enactment into law by the thirty-fifth (35th) jurisdiction. Thereafter it shall become effective and binding, as to any other compacting state, upon enactment of the compact into law by that state. The governors of non-member states or their designees will be invited to participate in interstate commission activities on a nonvoting basis prior to adoption of the compact by all states and territories of the United States.

(c) Amendments to the compact may be proposed by the interstate commission for enactment by the compacting states. No amendment shall become effective and binding upon the interstate commission and the compacting states unless and until it is enacted into law by unanimous consent of the compacting states.

ARTICLE XII WITHDRAWAL, DEFAULT, TERMINATION, AND JUDICIAL ENFORCEMENT

(a) **Withdrawal.** (1) Once effective, the compact shall continue in force and remain binding upon each and every compacting state; provided that a compacting state may withdraw

from the compact ("withdrawing state") by enacting a statute specifically repealing the statute that enacted the compact into law.

(2) The effective date of withdrawal is the effective date of the repeal.

(3) The withdrawing state shall immediately notify the chairperson of the interstate commission in writing upon the introduction of legislation repealing this compact in the withdrawing state. The interstate commission shall notify the other compacting states of the withdrawing state's intent to withdraw within sixty days of its receipt thereof.

(4) The withdrawing state is responsible for all assessments, obligations, and liabilities incurred through the effective date of withdrawal, including any obligations, the performance of which extend beyond the effective date of withdrawal.

(5) Reinstatement following withdrawal of any compacting state shall occur upon the withdrawing state reenacting the compact or upon such later date as determined by the interstate commission.

(b) **Default.** (1) If the interstate commission determines that any compacting state has at any time defaulted ("defaulting state") in the performance of any of its obligations or responsibilities under this compact, the by-laws, or any duly promulgated rules, the interstate commission may impose any or all of the following penalties:

(i) Fines, fees, and costs in such amounts as are deemed to be reasonable as fixed by the interstate commission;

(ii) Remedial training and technical assistance as directed by the interstate commission;

(iii) Suspension and termination of membership in the compact. Suspension shall be imposed only after all other reasonable means of securing compliance under the by-laws and rules have been exhausted. Immediate notice of suspension shall be given by the interstate commission to the governor, the chief justice or chief judicial officer of the state, the majority and minority leaders of the defaulting state's legislature, and the state council.

(2) The grounds for default include, but are not limited to, failure of a compacting state to perform such obligations or responsibilities imposed upon it by this compact, interstate commission by-laws, or duly promulgated rules. The interstate commission shall immediately notify the defaulting state in writing of the penalty imposed by the interstate commission on the defaulting state pending a cure of the default. The interstate commission shall stipulate the conditions and the time period within which the defaulting state must cure its default. If the defaulting state fails to cure the default within the time period specified by the interstate commission, in addition to any other penalties imposed herein, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the compacting states and all rights, privileges, and benefits conferred by this compact shall be terminated from the effective date of suspension. Within sixty days of the effective date of termination of a defaulting state, the interstate commission shall notify the governor, the chief justice or chief judicial officer, the majority and minority leaders of the defaulting state's legislature, and the state council of such termination.

(3) The defaulting state is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination including any obligations, the performance of which extends beyond the effective date of termination.

(4) The interstate commission shall not bear any costs relating to the defaulting state unless otherwise mutually agreed upon between the interstate commission and the defaulting state. Reinstatement following termination of any compacting state requires both a reenactment

of the compact by the defaulting state and the approval of the interstate commission pursuant to the rules.

(c) **Judicial enforcement.** The interstate commission, by majority vote of the members, may initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the interstate commission, in the federal district where the interstate commission has its offices to enforce compliance with the provisions of the compact, its duly promulgated rules, and by-laws against any compacting state in default. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

(d) **Dissolution of compact.** (1) The compact dissolves effective upon the date of the withdrawal or default of the compacting state that reduces membership in the compact to one compacting state.

(2) Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the interstate commission shall be wound up and any surplus funds shall be distributed in accordance with the by-laws.

ARTICLE XIII SEVERABILITY AND CONSTRUCTION

(a) The provisions of this compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the compact shall be enforceable.

(b) The provisions of this compact shall be liberally constructed to effectuate its purposes.

ARTICLE XIV BINDING EFFECT OF COMPACT AND OTHER LAWS

(a) **Other laws.** (1) Nothing herein prevents the enforcement of any other law of a compacting state that is not inconsistent with this compact.

(2) All compacting states' laws conflicting with this compact are superseded to the extent of the conflict.

(b) **Binding effect of the compact.** (1) All lawful actions of the interstate commission, including all rules and by-laws promulgated by the interstate commission, are binding upon the compacting states.

(2) All agreements between the interstate commission and the compacting states are binding in accordance with their terms.

(3) Upon the request of a party to a conflict over meaning or interpretation of interstate commission actions, and upon a majority vote of the compacting states, the interstate commission may issue advisory opinions regarding such meaning or interpretation.

(4) In the event any provision of this compact exceeds the constitutional limits imposed on the legislature of any compacting state, the obligations, duties, powers, or jurisdiction sought to be conferred by such provision upon the interstate commission shall be ineffective and such obligations, duties, powers, or jurisdiction shall remain in the compacting state and shall be exercised by the agency thereof to which such obligations, duties, powers, or jurisdiction are delegated by law in effect at the time this compact becomes effective.

PART 29

EMERGENCY MANAGEMENT ASSISTANCE COMPACT

24-60-2901. Short title. This part 29 shall be known and may be cited as the "Emergency Management Assistance Compact".

Source: L. 2001: Entire part added, p. 187, § 1, effective August 8.

24-60-2902. Compact approved and ratified. The general assembly hereby approves and ratifies and the governor shall enter into a compact on behalf of the state of Colorado with any of the United States or other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I

Purpose and Authorities

This compact is made and entered into by and between the participating member states that enact this compact, hereinafter called party states. For the purposes of this compact, the term "states" is taken to mean the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions.

The purpose of this compact is to provide for mutual assistance among the states entering into this compact in managing any emergency disaster that is duly declared by the Governor of the affected state, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack.

This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' National Guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between or among states.

ARTICLE II

General Implementation

Each party state entering into this compact recognizes that many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies that require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

On behalf of the Governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management shall be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

ARTICLE III

Party State Responsibilities

A. It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation in the performance of the responsibilities listed in this article. In formulating such plans and in carrying them out, the party states, insofar as practical, shall:

1. Review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, man-made disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack;

2. Review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency;

3. Develop interstate procedures to fill any identified gaps and resolve any identified inconsistencies or overlaps in existing or developed plans;

4. Assist in warning communities adjacent to or crossing the state boundaries;

5. Protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material;

6. Inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and

7. Provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the above responsibilities.

B. The authorized representative of a party state may request assistance from another party state by contacting the authorized representative of that state. The provisions of this compact shall only apply to requests for assistance made by and to authorized representatives.

Requests may be oral or in writing. If oral, the request shall be confirmed in writing within thirty days after the oral request. Requests shall provide the following information:

1. A description of the emergency service function for which assistance is needed, including, but not limited to, fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;

2. The amount and type of personnel, equipment, materials and supplies needed, and a reasonable estimate of the length of time they will be needed; and

3. The specific place and time for staging of the assisting party's response and a point of contact at that location.

C. There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States Government, with free exchange of information, plans, and resource records relating to emergency capabilities.

ARTICLE IV

Limitations

Any party state that is asked to render mutual aid, or to conduct exercises and training for mutual aid, shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof, on the understanding that the state rendering aid may withhold resources to the extent reasonably necessary for its own protection.

Each party state shall afford to the emergency forces of any party state, while operating within its borders under the terms and conditions of this compact, the same powers, duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services, except the power of arrest unless specifically authorized by the receiving state. Emergency forces shall continue under the command and control of their regular leaders, but the organizational units shall come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only after a declaration of a state of emergency or disaster by the Governor of the party state that is to receive assistance or after the commencement of exercises or training for mutual aid, and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

ARTICLE V

Licenses and Permits

Whenever any person holds a license, certificate, or other permit issued by any state party to the compact that evidences the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the Governor of the requesting state may prescribe by executive order or otherwise.

ARTICLE VI

Liability

Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes. No party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. Good faith in this article shall not include willful misconduct, gross negligence, or recklessness.

ARTICLE VII

Supplementary Agreements

Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this compact contains elements of a broad base common to all states, and nothing herein shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation, and communications personnel and equipment and supplies.

ARTICLE VIII

Compensation

Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

ARTICLE IX

Reimbursement

Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to, or expense incurred in the operation of, any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; except that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost or may loan such equipment or donate such services to the receiving party state without charge or cost; and except that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses are not reimbursable under this article.

ARTICLE X

Evacuation

Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant, shall be worked out and maintained between the party states and the emergency management/services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees, the number of evacuees to be received in different areas, the manner in which food, clothing, housing, and medical care will be provided, the registration of the evacuees, the provision of facilities for the notification of relatives or friends, and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees, for expenditures for transportation, food, clothing, medicines, and medical care, and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

ARTICLE XI

Implementation

A. This compact shall become effective immediately upon its enactment into law by any two states. Thereafter, this compact shall become effective as to any other state upon its enactment by such state.

B. Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until thirty days after the Governor of the withdrawing state has given notice in writing of such withdrawal to the Governors of all other party states. Such action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.

C. Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the Federal Emergency Management Agency and other appropriate agencies of the United States Government.

ARTICLE XII

Validity

This act shall be construed to effectuate the purposes stated in Article I. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected.

ARTICLE XIII

Additional Provisions

Nothing in this compact shall authorize or permit the use of military force by the National Guard of a state at any place outside that state in any emergency for which the President is authorized by law to call into federal service the militia, or for any purpose for which the use of the Army or the Air Force would, in the absence of express statutory authorization, be prohibited under 18 U.S.C. sec. 1385.

3. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the Bylaws.

ARTICLE VII.

RULES & OPERATING PROCEDURES:

RULEMAKING FUNCTIONS OF THE COMMISSION

AND OPTING OUT OF UNIFORM STANDARDS

1. Rulemaking Authority. The Commission shall promulgate reasonable Rules, including Uniform Standards, and Operating Procedures in order to effectively and efficiently achieve the purposes of this Compact. Notwithstanding the foregoing, in the event the Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this Act, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force and effect.

2. Rulemaking Procedure. Rules and Operating Procedures shall be made pursuant to a rulemaking process that conforms to the Model State Administrative Procedure Act of 1981 as amended, as may be appropriate to the operations of the Commission. Before the Commission adopts a Uniform Standard, the Commission shall give written notice to the relevant state legislative committee(s) in each Compacting State responsible for insurance issues of its intention to adopt the Uniform Standard. The Commission in adopting a Uniform Standard shall consider fully all submitted materials and issue a concise explanation of its decision.

3. Effective Date and Opt Out of a Uniform Standard. A Uniform Standard shall become effective ninety (90) days after its promulgation by the Commission or such later date as the Commission may determine; provided, however, that a Compacting State may opt out of a Uniform Standard as provided in this Article. "Opt out" shall be defined as any action by a Compacting State to decline to adopt or participate in a promulgated Uniform Standard. All other Rules and Operating Procedures, and amendments thereto, shall become effective as of the date specified in each Rule, Operating Procedure or amendment.

4. Opt Out Procedure. A Compacting State may opt out of a Uniform Standard, either by legislation or regulation duly promulgated by the Insurance Department under the Compacting

State's Administrative Procedure Act. If a Compacting State elects to opt out of a Uniform Standard by regulation, it must (a) give written notice to the Commission no later than ten (10) business days after the Uniform Standard is promulgated, or at the time the State becomes a Compacting State and (b) find that the Uniform Standard does not provide reasonable protections to the citizens of the State, given the conditions in the State. The Commissioner shall make specific findings of fact and conclusions of law, based on a preponderance of the evidence, detailing the conditions in the State which warrant a departure from the Uniform Standard and determining that the Uniform Standard would not reasonably protect the citizens of the State. The Commissioner must consider and balance the following factors and find that the conditions in the State and needs of the citizens of the State outweigh: (i) the intent of the legislature to participate in, and the benefits of, an interstate agreement to establish national uniform consumer protections for the Products subject to this Act; and (ii) the presumption that a Uniform Standard adopted by the Commission provides reasonable protections to consumers of the relevant Product.

Notwithstanding the foregoing, a Compacting State may, at the time of its enactment of this Compact, prospectively opt out of all Uniform Standards involving long-term care insurance products by expressly providing for such opt out in the enacted Compact, and such an opt out shall not be treated as a material variance in the offer or acceptance of any State to participate in this Compact. Such an opt out shall be effective at the time of enactment of this Compact by the Compacting State and shall apply to all existing Uniform Standards involving long-term care insurance products and those subsequently promulgated.

5. Effect of Opt Out. If a Compacting State elects to opt out of a Uniform Standard, the Uniform Standard shall remain applicable in the Compacting State electing to opt out until such time the opt-out legislation is enacted into law or the regulation opting out becomes effective.

Once the opt out of a Uniform Standard by a Compacting State becomes effective as provided under the laws of that State, the Uniform Standard shall have no further force and effect in that State unless and until the legislation or regulation implementing the opt-out is repealed or otherwise becomes ineffective under the laws of the State. If a Compacting State opts out of a Uniform Standard after the Uniform Standard has been made effective in that State, the opt-out shall have the same prospective effect as provided under Article XIV for withdrawals.

6. Stay of Uniform Standard. If a Compacting State has formally initiated the process of opting out of a Uniform Standard by regulation, and while the regulatory opt-out is pending, the Compacting State may petition the Commission, at least fifteen (15) days before the effective date of the Uniform Standard, to stay the effectiveness of the Uniform Standard in that State. The Commission may grant a stay if it determines the regulatory opt-out is being pursued in a reasonable manner and there is a likelihood of success. If a stay is granted or extended by the Commission, the stay or extension thereof may postpone the effective date by up to ninety (90) days, unless affirmatively extended by the Commission; provided, a stay may not be permitted to remain in effect for more than one (1) year unless the Compacting State can show extraordinary circumstances which warrant a continuance of the stay, including, but not limited to, the existence of a legal challenge which prevents the Compacting State from opting out. A stay may be terminated by the Commission upon notice that the rulemaking process has been terminated.

7. Not later than thirty (30) days after a Rule or Operating Procedure is promulgated, any person may file a petition for judicial review of the Rule or Operating Procedure; provided, that

the filing of such a petition shall not stay or otherwise prevent the Rule or Operating Procedure from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Commission consistent with applicable law and shall not find the Rule or Operating Procedure to be unlawful if the Rule or Operating Procedure represents a reasonable exercise of the Commission's authority.

ARTICLE VIII.

COMMISSION RECORDS AND ENFORCEMENT

1. The Commission shall promulgate Rules establishing conditions and procedures for public inspection and copying of its information and official records, except such information and records involving the privacy of individuals and insurers' trade secrets. The Commission may promulgate additional Rules under which it may make available to federal and state agencies, including law enforcement agencies, records and information otherwise exempt from disclosure, and may enter into agreements with such agencies to receive or exchange information or records subject to nondisclosure and confidentiality provisions.

2. Except as to privileged records, data and information, the laws of any Compacting State pertaining to confidentiality or nondisclosure shall not relieve any Compacting State Commissioner of the duty to disclose any relevant records, data or information to the Commission; provided, that disclosure to the Commission shall not be deemed to waive or otherwise affect any confidentiality requirement; and further provided, that, except as otherwise expressly provided in this Act, the Commission shall not be subject to the Compacting State's laws pertaining to confidentiality and nondisclosure with respect to records, data and information in its possession. Confidential information of the Commission shall remain confidential after such information is proved to any Commissioner.

3. The Commission shall monitor Compacting States for compliance with duly adopted Bylaws, Rules, including Uniform Standards, and Operating Procedures. The Commission shall notify any non-complying Compacting State in writing of its noncompliance with Commission Bylaws, Rules or Operating Procedures. If a non-complying Compacting State fails to remedy its noncompliance within the time specified in the notice of noncompliance, the Compacting State shall be deemed to be in default as set forth in Article XIV.

4. The Commissioner of any State in which an Insurer is authorized to do business, or is conducting the business of insurance, shall continue to exercise his or her authority to oversee the market regulation of the activities of the Insurer in accordance with the provisions of the State's law. The Commissioner's enforcement of compliance with the Compact is governed by the following provisions:

a. With respect to the Commissioner's market regulation of a Product or Advertisement that is approved or certified to the Commission, the content of the Product or Advertisement shall not constitute a violation of the provisions, standards or requirements of the Compact except upon a final order of the Commission, issued at the request of a Commissioner after prior notice to the Insurer and an opportunity for hearing before the Commission.

b. Before a Commissioner may bring an action for violation of any provision, standard or requirement of the Compact relating to the content of an Advertisement not approved or certified to the Commission, the Commission, or an authorized Commission officer or employee, must authorize the action. However, authorization pursuant to this Paragraph does not require notice

to the Insurer, opportunity for hearing or disclosure of requests for authorization or records of the Commission's action on such requests.

ARTICLE IX.

DISPUTE RESOLUTION

The Commission shall attempt, upon the request of a Member, to resolve any disputes or other issues that are subject to this Compact and which may arise between two or more Compacting States, or between Compacting States and Non-compacting States, and the Commission shall promulgate an Operating Procedure providing for resolution of such disputes.

ARTICLE X.

PRODUCT FILING AND APPROVAL

1. Insurers and Third-Party Filers seeking to have a Product approved by the Commission shall file the Product with, and pay applicable filing fees to, the Commission. Nothing in this Act shall be construed to restrict or otherwise prevent an Insurer from filing its Product with the insurance department in any State wherein the Insurer is licensed to conduct the business of insurance, and such filing shall be subject to the laws of the States where filed.

2. The Commission shall establish appropriate filing and review processes and procedures pursuant to Commission Rules and Operating Procedures. Notwithstanding any provision herein to the contrary, the Commission shall promulgate Rules to establish conditions and procedures under which the Commission will provide public access to Product filing information. In establishing such Rules, the Commission shall consider the interests of the public in having access to such information, as well as protection of personal medical and financial information and trade secrets, that may be contained in a Product filing or supporting information.

3. Any Product approved by the Commission may be sold or otherwise issued in those Compacting States for which the Insurer is legally authorized to do business.

ARTICLE XI.

REVIEW OF COMMISSION

DECISIONS REGARDING FILINGS

1. Not later than thirty (30) days after the Commission has given notice of a disapproved Product or Advertisement filed with the Commission, the Insurer or Third-Party Filer whose filing was disapproved may appeal the determination to a review panel appointed by the Commission. The Commission shall promulgate Rules to establish procedures for appointing such review panels and provide for notice and hearing. An allegation that the Commission, in disapproving a Product or Advertisement filed with the Commission, acted arbitrarily, capriciously, or in a manner that is an abuse of discretion or otherwise not in accordance with the law, is subject to judicial review in accordance with Article III, Section 4.

2. The Commission shall have authority to monitor, review and reconsider Products and Advertisement subsequent to their filing or approval upon a finding that the Product does not

meet the relevant Uniform Standard. Where appropriate, the Commission may withdraw or modify its approval after proper notice and hearing, subject to the appeal process in Section 1 above.

ARTICLE XII.

FINANCE

1. The Commission shall pay or provide for the payment of the reasonable expenses of its establishment and organization. To fund the cost of its initial operations, the Commission may accept contributions and other forms of funding from the National Association of Insurance Commissioners, Compacting States and other sources. Contributions and other forms of funding from other sources shall be of such a nature that the independence of the Commission concerning the performance of its duties shall not be compromised.

2. The Commission shall collect a filing fee from each Insurer and Third-Party Filer filing a product with the Commission to cover the cost of the operations and activities of the Commission and its staff in a total amount sufficient to cover the Commission's annual budget.

3. The Commission's budget for a fiscal year shall not be approved until it has been subject to notice and comment as set forth in Article VII of this Compact.

4. The Commission shall be exempt from all taxation in and by the Compacting States.

5. The Commission shall not pledge the credit of any Compacting State, except by and with the appropriate legal authority of that Compacting State.

6. The Commission shall keep complete and accurate accounts of all its internal receipts, including grants and donations, and disbursements of all funds under its control. The internal financial accounts of the Commission shall be subject to the accounting procedures established under its Bylaws. The financial accounts and reports including the system of internal controls and procedures of the Commission shall be audited annually by an independent certified public accountant. Upon the determination of the Commission, but no less frequently than every three (3) years, the review of the independent auditor shall include a management and performance audit of the Commission. The Commission shall make an Annual Report to the Governor and legislature of the Compacting States, which shall include a report of the independent audit. The Commission's internal accounts shall not be confidential and such materials may be shared with the Commissioner of any Compacting State upon request, provided, however, that any work papers related to any internal or independent audit and any information regarding the privacy of individuals' and insurers' proprietary information, including trade secrets, shall remain confidential.

7. No Compacting State shall have any claim to or ownership of any property held by or vested in the Commission or to any Commission funds held pursuant to the provisions of this Compact.

b. The effective date of withdrawal is the effective date of the repealing statute. However, the withdrawal shall not apply to any product filings approved or self-certified, or any Advertisement of such products, on the date the repealing statute becomes effective, except by mutual agreement of the Commission and the Withdrawing State unless the approval is rescinded by the Withdrawing State as provided in Subsection e. of this Section.

c. The Commissioner of the Withdrawing State shall immediately notify the Management Committee in writing upon the introduction of legislation repealing this Compact in the Withdrawing State.

d. The Commission shall notify the other Compacting States of the introduction of such legislation within ten (10) days after its receipt of notice thereof.

b. Product approvals by the Commission or product self-certifications, or any Advertisement in connection with such Product, that are in force on the effective date of termination shall remain in force in the Defaulting State in the same manner as if the Defaulting State had withdrawn voluntarily pursuant to Paragraph 1 of this Article.

PART 31

COMPACT FOR PORTABILITY OF HEALTH-CARE PROFESSIONAL LICENSES - AUTHORIZATION

24-60-3101. Legislative declaration. The general assembly hereby finds that a lack of access to quality, affordable health-care services is an increasing problem, both in Colorado and nationwide, and contributes to the spiraling costs of health care for individuals and businesses. This problem could be alleviated by greater interstate cooperation among, and mobility of, medical professionals through the use of telemedicine and other means. Therefore, it is desirable to authorize the executive director of the department of regulatory agencies, together with the Colorado medical board created in section 12-240-105 and the state board of nursing created in section 12-255-105, and in consultation with representatives of other relevant state agencies, to negotiate one or more interstate compacts endorsing model legislation to facilitate the efficient distribution of health-care services across state lines.

PART 33

INTERSTATE COMPACT FOR THE PREVENTION AND CONTROL OF FOREST FIRES

Editor's note: This part was originally numbered as part 32 in Senate Bill 06-096 but has been renumbered on revision for ease of location.

24-60-3301. Execution of compact. The governor may enter into a compact on behalf of the state with any other state or states legally joining therein in the form substantially as follows:

ARTICLE I

The purpose of this compact is to promote effective prevention and control of forest fires in the great plains region of the United States by the maintenance of adequate forest fire fighting services by the member states, and by providing for reciprocal aid in fighting forest fires among the compacting states of the region, including South Dakota, North Dakota, Wyoming, Colorado, and any adjoining state of a current member state.

ARTICLE II

This compact is operative immediately as to those states ratifying it if any two or more of the member states have ratified it.

ARTICLE III

In each state, the state forester or officer holding the equivalent position who is responsible for forest fire control may act as compact administrator for that state, consult with like officials of the other member states, and implement cooperation between the states in forest fire prevention and control. The compact administrators of the member states may organize to coordinate the services of the member states and provide administrative integration in carrying out the purposes of this compact. Each member state may formulate and put in effect a forest fire plan for that state.

ARTICLE IV

If the state forest fire control agency of a member state requests aid from the state forest fire control agency of any other member state in combating, controlling, or preventing forest fires, the state forest fire control agency of that state may render all possible aid to the requesting agency, consonant with the maintenance of protection at home.

ARTICLE V

(1) If the forces of any member state are rendering outside aid pursuant to the request of another member state under this compact, the employees of the state shall, under the direction of the officers of the state to which they are rendering aid, have the same powers (except the power

of arrest), duties, rights, privileges, and immunities as comparable employees of the state to which they are rendering aid.

(2) No member state or its officers or employees rendering outside aid pursuant to this compact is liable on account of any act or omission on the part of such forces while so engaged, or on account of the maintenance or use of any equipment or supplies in connection with rendering the outside aid.

(3) All liability, except as otherwise provided in this compact, that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a third state on account of or in connection with a request for aid, shall be assumed and borne by the requesting state.

(4) Any member state rendering outside aid pursuant to this compact shall be reimbursed by the member state receiving the aid for any loss or damage to, or expense incurred in the operation of, any equipment used in answering a request for aid, and for the cost of all materials, transportation, wages, salaries, and maintenance of employees and equipment incurred in connection with the request. However, nothing in this compact prevents any assisting member state from assuming the loss, damage, expense, or other cost, from loaning the equipment, or from donating the services to the receiving member state without charge or cost.

(5) Each member state shall assure that workers compensation benefits in conformity with the minimum legal requirements of the state are available to all employees and contract firefighters sent to a requesting state pursuant to this compact.

(6) For the purposes of this compact, the term "employee" includes any volunteer or auxiliary legally included within the forest fire fighting forces of the aiding state under the laws of the aiding state.

(7) The compact administrators may formulate procedures for claims and reimbursement under the provisions of this article in accordance with the laws of the member states.

ARTICLE VI

(1) Ratification of this compact does not affect any existing statute so as to authorize or permit curtailment or diminution of the forest fighting forces, equipment, services, or facilities of any member state.

(2) Nothing in the compact authorizes or permits any member state to curtail or diminish its forest fire fighting forces, equipment, services, or facilities. Each member state shall maintain adequate forest fire fighting forces and equipment to meet demands for forest fire protection within its borders in the same manner and to the same extent as if this compact were not operative.

(3) Nothing in this compact limits or restricts the powers of any state ratifying the compact to provide for the prevention, control, and extinguishment of forest fires, or to prohibit the enactment or enforcement of state laws, rules, or regulations intended to aid in the prevention, control, and extinguishment in the state.

(4) Nothing in this compact affects any existing or future cooperative relationship or arrangement between the United States forest service and a member state or states.

ARTICLE VII

Representatives of the United States forest service may attend meetings of the compact administrators.

ARTICLE VIII

The provisions of articles IV and V of this compact that relate to reciprocal aid in combating, controlling, or preventing forest fires are operative as between any state party to this compact and any other state which is party to this compact and any other state that is party to a regional forest fire protection compact in another region if the legislature of the other state has given its assent to the mutual aid provisions of this compact.

ARTICLE IX

This compact shall continue in force and remain binding on each state ratifying it until the legislature or the governor of the state takes action to withdraw from the compact. Such action is not effective until six months after notice of the withdrawal has been sent by the chief executive of the state desiring to withdraw to the chief executives of all states then parties to the compact.

4. other U.S. Dept. of Defense personnel and other federal agency civilian and contract employees not defined as active duty members of the uniformed services.

ARTICLE IV - EDUCATIONAL RECORDS & ENROLLMENT

A. Unofficial or "hand-carried" education records - In the event that official education records cannot be released to the parents for the purpose of transfer, the custodian of the records in the sending state shall prepare and furnish to the parent a complete set of unofficial educational records containing uniform information as determined by the Interstate Commission. Upon receipt of the unofficial education records by a school in the receiving state, the school shall enroll and appropriately place the student based on the information provided in the unofficial records pending validation by the official records, as quickly as possible.

A. Course placement - When the student transfers before or during the school year, the receiving state school shall initially honor placement of the student in educational courses based on the student's enrollment in the sending state school and/or educational assessments conducted at the school in the sending state if the courses are offered. Course placement includes but is not limited to Honors, International Baccalaureate, Advanced Placement, vocational, technical and career pathways courses. Continuing the student's academic program from the previous school and promoting placement in academically and career challenging courses should be paramount when considering placement. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the course(s).

B. Educational program placement - The receiving state school shall initially honor placement of the student in educational programs based on current educational assessments conducted at the school in the sending state or participation/placement in like programs in the sending state. Such programs include, but are not limited to: 1) gifted and talented programs; and 2) English as a second language (ESL). This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

C. Special education services - 1) In compliance with the federal requirements of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C.A. Section 1400 et seq, the receiving state shall initially provide comparable services to a student with disabilities based on his/her current Individualized Education Program (IEP); and 2) In compliance with the requirements of Section 504 of the Rehabilitation Act, 29 U.S.C.A. Section 794, and with Title II of the Americans with Disabilities Act, 42 U.S.C.A. Sections 12131-12165, the receiving state shall make reasonable accommodations and modifications to address the needs of incoming students with disabilities, subject to an existing 504 or Title II Plan, to provide the student with equal access to education. This does not preclude the school in the receiving state from performing subsequent evaluations to ensure appropriate placement of the student.

D. Placement flexibility - Local education agency administrative officials shall have flexibility in waiving course/program prerequisites, or other preconditions for placement in courses/programs offered under the jurisdiction of the local education agency.

E. Absence as related to deployment activities - A student whose parent or legal guardian is an active duty member of the uniformed services, as defined by the compact, and has been called to duty for, is on leave from, or immediately returned from deployment to a combat zone or combat support posting, shall be granted additional excused absences at the discretion of the local education agency superintendent to visit with his or her parent or legal guardian relative to such leave or deployment of the parent or guardian.

ARTICLE VI - ELIGIBILITY

A. Eligibility for enrollment

1. Special power of attorney, relative to the guardianship of a child of a military family and executed under applicable law shall be sufficient for the purposes of enrollment and all other actions requiring parental participation and consent.

2. A local education agency shall be prohibited from charging local tuition to a transitioning military child placed in the care of a non-custodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent.

3. A transitioning military child, placed in the care of a non-custodial parent or other person standing in loco parentis who lives in a jurisdiction other than that of the custodial parent, may continue to attend the school in which he/she was enrolled while residing with the custodial parent.

B. Eligibility for extracurricular participation - State and local education agencies shall facilitate the opportunity for transitioning military children's inclusion in extracurricular activities, regardless of application deadlines, to the extent they are otherwise qualified.

ARTICLE VII - GRADUATION

In order to facilitate the on-time graduation of children of military families states and local education agencies shall incorporate the following procedures:

A. Waiver requirements - Local education agency administrative officials shall waive specific courses required for graduation if similar course work has been satisfactorily completed in another local education agency or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the local education agency shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

B. Exit exams - States shall accept: 1) exit or end-of-course exams required for graduation from the sending state; or 2) national norm-referenced achievement tests or 3) alternative testing, in lieu of testing requirements for graduation in the receiving state. In the event the above alternatives cannot be accommodated by the receiving state for a student transferring in his or her Senior year, then the provisions of Article VII, Section C shall apply.

C. Transfers during Senior year - Should a military student transferring at the beginning or during his or her Senior year be ineligible to graduate from the receiving local education agency after all alternatives have been considered, the sending and receiving local education agencies shall ensure the receipt of a diploma from the sending local education agency, if the student meets the graduation requirements of the sending local education agency. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student in accordance with Sections A and B of this Article.

ARTICLE VIII - STATE COORDINATION

A. Each member state shall, through the creation of a State Council or use of an existing body or board, provide for the coordination among its agencies of government, local education agencies and military installations concerning the state's participation in, and compliance with, this compact and Interstate Commission activities. While each member state may determine the membership of its own State Council, its membership must include at least: the state superintendent of education, superintendent of a school district with a high concentration of military children, representative from a military installation, one representative each from the legislative and executive branches of government, and other offices and stakeholder groups the State Council deems appropriate. A member state that does not have a school district deemed to contain a high concentration of military children may appoint a superintendent from another school district to represent local education agencies on the State Council.

B. The State Council of each member state shall appoint or designate a military family education liaison to assist military families and the state in facilitating the implementation of this compact.

C. The compact commissioner responsible for the administration and management of the state's participation in the compact shall be appointed by the Governor or as otherwise determined by each member state.

D. The compact commissioner and the military family education liaison designated herein shall be ex-officio members of the State Council, unless either is already a full voting member of the State Council.

ARTICLE IX - INTERSTATE COMMISSION ON EDUCATIONAL

OPPORTUNITY FOR MILITARY CHILDREN

The member states hereby create the "Interstate Commission on Educational Opportunity for Military Children." The activities of the Interstate Commission are the formation of public policy and are a discretionary state function. The Interstate Commission shall:

A. Be a body corporate and joint agency of the member states and shall have all the responsibilities, powers and duties set forth herein, and such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of this compact.

B. Consist of one Interstate Commission voting representative from each member state who shall be that state's compact commissioner.

1. Each member state represented at a meeting of the Interstate Commission is entitled to one vote.

Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary the prevailing party shall be awarded all costs of such litigation including reasonable attorney's fees.

INTERSTATE COMMISSION

A. The Interstate Commission shall pay, or provide for the payment of the reasonable expenses of its establishment, organization and ongoing activities.

The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff which must be in a total amount sufficient to cover the Interstate Commission's annual budget as approved each year. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

C. The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Interstate Commission pledge the credit of any of the member states, except by and with the authority of the member state.

D. The Interstate Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Interstate Commission shall be subject to the audit and accounting procedures established under its bylaws. The governors of non-member states or their designees shall be invited to participate in the activities of the Interstate Commission on a non-voting basis prior to adoption of the compact by all states.

C. The Interstate Commission may propose amendments to the compact for enactment by the member states. No amendment shall become effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

ARTICLE XVI - WITHDRAWAL AND DISSOLUTION

B. Dissolution of Compact

1. This compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the compact to one (1) member state.

2. Upon the dissolution of this compact, the compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

The purpose of this compact is to protect the public through verification of competency and ensure accountability for patient care-related activities of all states' licensed emergency medical services (EMS) personnel, such as emergency medical technicians (EMTs), advanced EMTs, and paramedics. This compact is intended to facilitate the day-to-day movement of EMS personnel across state boundaries in the performance of their EMS duties as assigned by an appropriate authority and authorize state EMS offices to afford immediate legal recognition to EMS personnel licensed in a member state. This compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of EMS personnel and that such state regulation shared among the member states will best protect public health and safety. This compact is designed to achieve the following purposes and objectives:

1. Increase public access to EMS personnel;
2. Enhance the states' ability to protect the public's health and safety, especially patient safety;
3. Encourage the cooperation of member states in the areas of EMS personnel licensure and regulation;

E. A member state shall report adverse actions and any occurrences that the individual's compact privileges are restricted, suspended, or revoked to the commission in accordance with the rules of the commission.

F. A remote state may take adverse action on an individual's privilege to practice within that state.

G. Any member state may take adverse action against an individual's privilege to practice in that state based on the factual findings of another member state, as long as each state follows its own procedures for imposing an adverse action.

H. A home state's EMS authority shall investigate and take appropriate action with respect to reported conduct in a remote state as it would if the conduct had occurred within the home state. In these cases, the home state's law controls in determining the appropriate adverse action.

I. Nothing in this compact overrides a member state's decision that participation in an alternative program may be used in lieu of adverse action and that participation remains confidential if required by the member state's laws. Member states must require individuals who enter any alternative programs to agree not to practice in any other member state during the term of the alternative program without prior authorization from the other member state.

SECTION 9

ADDITIONAL POWERS INVESTED IN A

MEMBER STATE'S EMS AUTHORITY

A. A member state's EMS authority, in addition to any other powers granted under state law, is authorized under this compact to:

1. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses and the production of evidence. Subpoenas issued by a member state's EMS authority for the attendance and testimony of witnesses or the production of evidence from another member state are enforceable in the remote state by any court of competent jurisdiction, according to that court's practice and procedure in considering subpoenas issued in its own proceedings. The issuing state's EMS authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses or evidence are located; and

2. Issue cease-and-desist orders to restrict, suspend, or revoke an individual's privilege to practice in the state.

SECTION 10

ESTABLISHMENT OF THE INTERSTATE COMMISSION

FOR EMS PERSONNEL PRACTICE

A. 1. The compact states hereby create and establish a joint public agency known as the Interstate Commission for EMS Personnel Practice.

2. The commission is a body politic and an instrumentality of the compact states.

3. Venue is proper, and judicial proceedings by or against the commission must be brought solely and exclusively in a court of competent jurisdiction where the principal office of the commission is located. The commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

4. Nothing in this compact waives sovereign immunity.

B. Membership, voting, and meetings.

1. Each member state has and is limited to one delegate. The responsible official of the state EMS authority or his or her designee shall be the delegate to this compact for each member state. Any delegate may be removed or suspended from office as provided by the law of the state from which the delegate is appointed. A vacancy occurring in the commission must be filled in accordance with the laws of the member state in which the vacancy occurs. If more than one board, office, or other agency with the legislative mandate to license EMS personnel at and above the level of EMT exists, the governor of the state will determine which entity is responsible for assigning the delegate.

2. Each delegate is entitled to one vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the commission. A delegate shall vote in person or by other means as provided in the bylaws. The bylaws may provide for delegates' participation in meetings by telephone or other means of communication.

3. The commission shall meet at least once during each calendar year. Additional meetings must be held as set forth in the bylaws.

4. All meetings are open to the public, and public notice of meetings must be given in the same manner as required under the rulemaking provisions in section 12 of this compact.

5. The commission may convene in a closed, non-public meeting if the commission must discuss:

a. Non-compliance of a member state with its obligations under the compact;

- b. Employment, compensation, discipline, or other personnel matters, practices, or procedures related to specific employees or other matters related to the commission's internal personnel practices and procedures;
- c. Current, threatened, or reasonably anticipated litigation;
- d. Negotiation of contracts for the purchase or sale of goods, services, or real estate;
- e. An accusation of a crime against any person or formally censuring any person;
- f. Disclosure of trade secrets or commercial or financial information that is privileged or confidential;
- g. Disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
- h. Disclosure of investigatory records compiled for law enforcement purposes;
- i. Disclosure of information related to any investigatory reports prepared by or on behalf of or for use of the commission or other committee charged with investigating or determining compliance issues pursuant to the compact; or
- j. Matters specifically exempted from disclosure by federal or member state statute.

6. If a meeting or portion of a meeting is closed pursuant to this section, the commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The commission shall keep minutes that fully and clearly describe all matters discussed in a closed meeting and shall provide a full and accurate summary of actions taken and the reasons for the actions, including a description of the views expressed. All documents considered in connection with an action must be identified in the minutes. All minutes and documents of a closed meeting must remain under seal, subject to release by a majority vote of the commission or order of a court of competent jurisdiction.

C. The commission shall, by a majority vote of the delegates, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of the compact, including:

- 1. Establishing the fiscal year of the commission;
- 2. Providing reasonable standards and procedures:
 - a. For establishment and meetings of other committees; and
 - b. Governing any general or specific delegation of any authority or function of the commission;
- 3. Providing reasonable procedures for calling and conducting meetings of the commission, ensuring reasonable advance notice of all meetings, and providing an opportunity for attendance of commission meetings by interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The commission may meet in closed session only after a majority of the commission members vote to close a meeting in whole or in part. As soon as practicable, the commission must make public a copy of the vote to close the meeting, revealing the vote of each member with no proxy votes allowed;
- 4. Establishing the titles, duties, and authority, and reasonable procedures for the election of the officers of the commission;
- 5. Providing reasonable standards and procedures for establishing the personnel policies and programs of the commission. Notwithstanding any civil service or other similar laws of any member state, the bylaws exclusively govern the personnel policies and programs of the commission;

6. Promulgating a code of ethics to address permissible and prohibited activities of commission members and employees; and

7. Providing a mechanism for winding up the operations of the commission and the equitable disposition of any surplus funds that may exist after the termination of the compact and after the paying or reserving of all of its debts and obligations.

D. The commission shall publish its bylaws and file a copy of its bylaws and any amendments to the bylaws with the appropriate agency or officer in each of the member states, if any.

E. The commission shall maintain its financial records in accordance with the bylaws.

F. The commission shall meet and take actions consistent with this compact and commission bylaws.

G. The commission has the following powers:

1. To promulgate uniform rules to facilitate and coordinate implementation and administration of this compact. The rules have the force and effect of law and are binding in all member states.

2. To bring and prosecute legal proceedings or actions in the name of the commission; except that the standing of any state EMS authority or other regulatory body responsible for EMS personnel licensure to sue or be sued under applicable law is not affected;

3. To purchase and maintain insurance and bonds;

4. To borrow, accept, or contract for services of personnel, including employees of a member state;

5. To hire employees, elect or appoint officers, fix compensation, define duties, grant those individuals appropriate authority to carry out the purposes of the compact, and establish the commission's personnel policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel matters;

6. To accept any appropriate donations and grants of money, equipment, supplies, materials, and services and to receive, utilize, and dispose of donations and grants; except that at all times the commission shall strive to avoid any appearance of impropriety or conflict of interest;

7. To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve, or use any real, personal, or mixed property; except that at all times the commission shall strive to avoid any appearance of impropriety;

8. To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any real, personal, or mixed property;

9. To establish a budget and make expenditures;

10. To borrow money;

11. To appoint committees, including advisory committees, composed of members, state regulators, state legislators or their representatives, consumer representatives, and other interested persons as may be designated in this compact and the bylaws;

12. To provide and receive information from, and to cooperate with, law enforcement agencies;

13. To adopt and use an official seal; and

14. To perform other functions as may be necessary or appropriate to achieve the purposes of this compact that are consistent with the state regulation of EMS personnel licensure and practice.

H. Financing of the commission.

1. The commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization, and ongoing activities.

2. The commission may accept any appropriate revenue sources, donations, and grants of money, equipment, supplies, materials, and services.

3. The commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount must be allocated based upon a formula to be determined by the commission, which shall promulgate a rule binding upon all member states.

4. The commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the commission pledge the credit of any of the member states, except by and with the authority of the member state.

5. The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission are subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the commission must be audited yearly by a certified or licensed public accountant, and the report of the audit must be included in and become part of the commission's annual report.

I. Qualified immunity, defense, and indemnification.

1. The members, officers, executive director, employees, and representatives of the commission are immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of commission employment, duties, or responsibilities. Nothing in this paragraph 1 protects any person from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

2. The commission shall defend any member, officer, executive director, employee, or representative of the commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, unless the actual or alleged act, error, or omission resulted from that person's intentional or willful or wanton misconduct. Nothing in this paragraph 2 prohibits that person from retaining his or her own counsel.

3. The commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error, or omission that occurred within the scope of commission employment, duties, or responsibilities, or that the person had a reasonable basis for believing occurred within the scope of commission employment, duties, or responsibilities, unless the actual or alleged act, error, or omission resulted from the intentional or willful or wanton misconduct of that person.

SECTION 11

COORDINATED DATABASE

A. The commission shall provide for the development and maintenance of a coordinated database and reporting system containing licensure, adverse action, and significant investigatory information on all licensed individuals in member states.

B. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the coordinated database on all individuals to whom this compact is applicable as required by the rules of the commission, including:

1. Identifying information;
2. Licensure data;
3. Significant investigatory information;
4. Adverse actions against an individual's license;
5. An indicator that an individual's privilege to practice is restricted, suspended, or revoked;
6. Nonconfidential information related to alternative program participation;
7. Any denial of an application for licensure and the reason for the denial; and
8. Other information that may facilitate the administration of this compact, as determined by the rules of the commission.

C. The coordinated database administrator shall promptly notify all member states of any adverse action taken against, or significant investigative information on, any individual in a member state.

D. Member states contributing information to the coordinated database may designate information that may not be shared with the public without the express permission of the contributing state.

E. Any information submitted to the coordinated database that is subsequently required to be expunged by the laws of the member state contributing the information must be removed from the coordinated database.

SECTION 12

RULEMAKING

A. The commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section 12 and the rules adopted under this section 12. Rules and amendments are binding as of the date specified in the rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the compact, the rule has no further force and effect in any member state.

C. Rules or amendments to the rules must be adopted at a regular or special meeting of the commission.

D. Prior to promulgating and adopting a final rule, and at least sixty days in advance of the meeting at which the rule will be considered and voted upon, the commission shall file a notice of proposed rulemaking:

1. On the commission's website; and
2. On the website of each member state's EMS authority or the publication in which each state would otherwise publish proposed rules.

E. The notice of proposed rulemaking must include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit to the commission notice of intent to attend the public hearing and any written comments.

F. Prior to adopting a proposed rule, the commission shall allow persons to submit written data, facts, opinions, and arguments, which the commission shall make available to the public.

G. The commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five persons;
2. A governmental subdivision or agency; or
3. An association having at least twenty-five members.

H. 1. If a hearing is held on the proposed rule or amendment, the commission shall publish the place, time, and date of the scheduled public hearing.

2. All persons wishing to be heard at the hearing shall notify the executive director of the commission or other designated member in writing of their desire to appear and testify at the hearing not less than five business days before the scheduled date of the hearing.

3. Hearings must be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

4. A transcript of the hearing is not required unless a written request for a transcript is made, in which case the person requesting the transcript shall bear the cost of producing the transcript. A recording may be made in lieu of a transcript under the same terms and conditions as a transcript. This paragraph 4 does not preclude the commission from making a transcript or recording of the hearing if it so chooses.

5. Nothing in this section requires a separate hearing on each rule. Rules may be grouped for the convenience of the commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the commission shall consider all written and oral comments received.

J. The commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

K. If the commission does not receive written notice of intent to attend the public hearing by interested parties, the commission may proceed with promulgation of the proposed rule without a public hearing.

L. Upon determination that an emergency exists, the commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, but the usual rulemaking procedures provided in the compact and in this section must be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety days after the effective date of the rule. For the purposes of this subsection L, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;

2. Prevent a loss of commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical, format, consistency, or grammatical errors. Public notice of any revisions must be posted on the commission's website. The revision is subject to challenge by any person for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge must be made in writing and delivered to the chair of the commission prior to the end of the notice period. If no challenge is made, the revision takes effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

SECTION 13

OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight.

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules promulgated under the compact have standing as statutory law.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact that may affect the powers, responsibilities, or actions of the commission.

3. The commission is entitled to receive service of process in any judicial or administrative proceeding and has standing to intervene in the proceeding for all purposes. Failure to provide service of process to the commission renders a judgment or order void as to the commission, this compact, or promulgated rules.

B. Default, technical assistance, and termination.

1. If the commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact or the promulgated rules, the commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and any other action to be taken by the commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the compact may be imposed only after all other means of securing compliance have been exhausted. The commission shall give notice of intent to

suspend or terminate to the governor of the defaulting state, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the compact, unless agreed upon in writing between the commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the United States District Court for the District of Columbia or the federal district where the commission has its principal offices. The court shall award all costs of the litigation, including reasonable attorney's fees, to the prevailing party.

C. Dispute resolution.

1. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and non-member states.

2. The commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

1. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. By majority vote, the commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the commission has its principal offices against a member state in default to enforce compliance with the compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. If judicial enforcement is necessary, the court shall award all costs of the litigation, including reasonable attorney's fees, to the prevailing party.

3. The remedies contained in this section are not the exclusive remedies available to the commission. The commission may pursue any other remedies available under federal or state law.

SECTION 14

DATE OF IMPLEMENTATION OF THE

INTERSTATE COMMISSION FOR EMS PERSONNEL

PRACTICE AND ASSOCIATED RULES,

WITHDRAWAL, AND AMENDMENT

A. The compact takes effect on the date on which the compact statute is enacted into law in the tenth member state. The provisions that become effective at that time are limited to the powers granted to the commission relating to assembly and the promulgation of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to implement and administer the compact.

B. Any state that joins the compact after the commission's initial adoption of the rules is subject to the rules as they exist on the date on which the compact becomes law in that state. Any rule that has been previously adopted by the commission has the full force and effect of law on the day the compact becomes law in that state.

C. 1. Any member state may withdraw from this compact by enacting a statute repealing the compact statute.

2. A member state's withdrawal does not take effect until six months after enactment of the repealing statute.

3. Withdrawal does not affect the continuing requirement of the withdrawing state's EMS authority to comply with the investigative and adverse action reporting requirements of this compact prior to the effective date of withdrawal.

D. Nothing contained in this compact invalidates or prevents any EMS personnel licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this compact.

E. The member states may amend the compact. An amendment to this compact is not effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 15

CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes of the compact. If a court finds that this compact is contrary to the constitution of any member state, the compact remains in full force and effect as to the remaining member states. Nothing in this compact supersedes state law or rules related to licensure of EMS agencies.

INTERSTATE MEDICAL LICENSURE COMPACT

24-60-3601. Short title. The short title of this part 36 is the "Interstate Medical Licensure Compact Act".

24-60-3602. Compact approved and ratified. The general assembly hereby approves and ratifies, and the governor shall enter into, a compact on behalf of the state of Colorado with any of the United States or other jurisdictions legally joining therein in the form substantially as follows:

INTERSTATE MEDICAL LICENSURE COMPACT

SECTION 1. PURPOSE

In order to strengthen access to health care, and in recognition of the advances in the delivery of health care, the member states of the Interstate Medical Licensure Compact have allied in common purpose to develop a comprehensive process that complements the existing licensing and regulatory authority of state medical boards, provides a streamlined process that allows physicians to become licensed in multiple states, thereby enhancing the portability of a medical license and ensuring the safety of patients. The Compact creates another pathway for licensure and does not otherwise change a state's existing Medical Practice Act. The Compact also adopts the prevailing standard for licensure and affirms that the practice of medicine occurs where the patient is located at the time of the physician-patient encounter, and therefore, requires the physician to be under the jurisdiction of the state medical board where the patient is located. State medical boards that participate in the Compact retain the jurisdiction to impose an adverse action against a license to practice medicine in that state issued to a physician through the procedures in the Compact.

(i) Static qualifications, which include verification of medical education, graduate medical education, results of any medical or licensing examination, and other qualifications as determined by the Interstate Commission through rule, shall not be subject to additional primary source verification where already primary source verified by the state of principal license.

(ii) The member board within the state selected as the state of principal license shall, in the course of verifying eligibility, perform a criminal background check of an applicant, including the use of the results of fingerprint or other biometric data checks compliant with the requirements of the Federal Bureau of Investigation, with the exception of federal employees who have suitability determination in accordance with U.S. 5 C.F.R. § 731.202.

(a) A physician seeking to renew an expedited license granted in a member state shall complete a renewal process with the Interstate Commission if the physician:

(1) Maintains a full and unrestricted license in a state of principal license;

(2) Has not been convicted, received adjudication, deferred adjudication, community supervision, or deferred disposition for any offense by a court of appropriate jurisdiction;

(3) Has not had a license authorizing the practice of medicine subject to discipline by a licensing agency in any state, federal, or foreign jurisdiction, excluding any action related to non-payment of fees related to a license; and

(4) Has not had a controlled substance license or permit suspended or revoked by a state or the United States Drug Enforcement Administration.

(b) Physicians shall comply with all continuing professional development or continuing medical education requirements for renewal of a license issued by a member state.

(c) The Interstate Commission shall collect any renewal fees charged for the renewal of a license and distribute the fees to the applicable member board.

(d) Upon receipt of any renewal fees collected in subsection (c), a member board shall renew the physician's license.

(e) Physician information collected by the Interstate Commission during the renewal process will be distributed to all member boards.

(f) The Interstate Commission is authorized to develop rules to address renewal of licenses obtained through the Compact.

SECTION 8. COORDINATED INFORMATION SYSTEM

(a) The Interstate Commission shall establish a database of all physicians licensed, or who have applied for licensure, under section 5.

(b) Notwithstanding any other provision of law, member boards shall report to the Interstate Commission any public action or complaints against a licensed physician who has applied or received an expedited license through the Compact.

(c) Member boards shall report disciplinary or investigatory information determined as necessary and proper by rule of the Interstate Commission.

(d) Member boards may report any non-public complaint, disciplinary, or investigatory information not required by subsection (c) to the Interstate Commission.

(e) Member boards shall share complaint or disciplinary information about a physician upon request of another member board.

(f) All information provided to the Interstate Commission or distributed by member boards shall be confidential, filed under seal, and used only for investigatory or disciplinary matters.

(g) The Interstate Commission is authorized to develop rules for mandated or discretionary sharing of information by member boards.

SECTION 9. JOINT INVESTIGATIONS

(a) Licensure and disciplinary records of physicians are deemed investigative.

(b) In addition to the authority granted to a member board by its respective Medical Practice Act or other applicable state law, a member board may participate with other member boards in joint investigations of physicians licensed by the member boards.

(c) A subpoena issued by a member state shall be enforceable in other member states.

(d) Member boards may share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

(e) Any member state may investigate actual or alleged violations of the statutes authorizing the practice of medicine in any other member state in which a physician holds a license to practice medicine.

SECTION 10. DISCIPLINARY ACTIONS

(a) Any disciplinary action taken by any member board against a physician licensed through the Compact shall be deemed unprofessional conduct that may be subject to discipline by other member boards, in addition to any violation of the Medical Practice Act or regulations in that state.

(b) If a license granted to a physician by the member board in the state of principal license is revoked, surrendered or relinquished in lieu of discipline, or suspended, then all licenses issued to the physician by member boards shall automatically be placed, without further action necessary by any member board, on the same status. If the member board in the state of principal license subsequently reinstates the physician's license, a license issued to the physician by any other member board shall remain encumbered until that respective member board takes action to reinstate the license in a manner consistent with the Medical Practice Act of that state.

(c) If disciplinary action is taken against a physician by a member board not in the state of principal license, any other member board may deem the action conclusive as to matter of law and fact decided, and:

(i) impose the same or lesser sanction(s) against the physician so long as such sanctions are consistent with the Medical Practice Act of that state;

(ii) or pursue separate disciplinary action against the physician under its respective Medical Practice Act, regardless of the action taken in other member states.

(d) If a license granted to a physician by a member board is revoked, surrendered or relinquished in lieu of discipline, or suspended, then any license(s) issued to the physician by any other member board(s) shall be suspended, automatically and immediately without further action necessary by the other member board(s), for ninety (90) days upon entry of the order by the disciplining board, to permit the member board(s) to investigate the basis for the action under the Medical Practice Act of that state. A member board may terminate the automatic suspension of the license it issued prior to the completion of the ninety (90) day suspension period in a manner consistent with the Medical Practice Act of that state.

SECTION 11. INTERSTATE MEDICAL LICENSURE COMMISSION

(a) The member states hereby create the "Interstate Medical Licensure Compact Commission".

(b) The purpose of the Interstate Commission is the administration of the Interstate Medical Licensure Compact, which is a discretionary state function.

(c) The Interstate Commission shall be a body corporate and joint agency of the member states and shall have all the responsibilities, powers, and duties set forth in the Compact, and

such additional powers as may be conferred upon it by a subsequent concurrent action of the respective legislatures of the member states in accordance with the terms of the Compact.

(d) The Interstate Commission shall consist of two voting representatives appointed by each member state who shall serve as Commissioners. In states where allopathic and osteopathic physicians are regulated by separate member boards, or if the licensing and disciplinary authority is split between multiple member boards within a member state, the member state shall appoint one representative from each member board. A commissioner shall be a(n):

- (1) Allopathic or osteopathic physician appointed to a member board;
- (2) Executive director, executive secretary, or similar executive of a member board; or
- (3) Member of the public appointed to a member board.

(e) The Interstate Commission shall meet at least once each calendar year. A portion of this meeting shall be a business meeting to address such matters as may properly come before the Commission, including the election of officers. The chairperson may call additional meetings and shall call for a meeting upon the request of a majority of the member states.

(f) The bylaws may provide for meetings of the Interstate Commission to be conducted by telecommunication or electronic communication.

(g) Each Commissioner participating at a meeting of the Interstate Commission is entitled to one vote. A majority of Commissioners shall constitute a quorum for the transaction of business, unless a larger quorum is required by the bylaws of the Interstate Commission. A commissioner shall not delegate a vote to another Commissioner. In the absence of its Commissioner, a member state may delegate voting authority for a specified meeting to another person from that state who shall meet the requirements of subsection (d).

(h) The Interstate Commission shall provide public notice of all meetings and all meetings shall be open to the public. The Interstate Commission may close a meeting, in full or in portion, where it determines by a two-thirds vote of the Commissioners present that an open meeting would be likely to:

- (1) Relate solely to the internal personnel practices and procedures of the Interstate Commission;
- (2) Discuss matters specifically exempted from disclosure by federal statute;
- (3) Discuss trade secrets, commercial or financial information that is privileged or confidential;
- (4) Involve accusing a person of a crime, or formally censuring a person;
- (5) Discuss information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy;
- (6) Discuss investigative records compiled for law enforcement purposes; or
- (7) Specifically relate to the participation in a civil action or other legal proceeding.

(i) The Interstate Commission shall keep minutes which shall fully describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, including record of any roll call votes.

(j) The Interstate Commission shall make its information and official records, to the extent not otherwise designated in the Compact or by its rules, available to the public for inspection.

(k) The Interstate Commission shall establish an executive committee, which shall include officers, members, and others as determined by the bylaws. The executive committee shall have the power to act on behalf of the Interstate Commission, with the exception of rulemaking, during periods when the Interstate Commission is not in session. When acting on behalf of the Interstate Commission, the executive committee shall oversee the administration of the Compact, including enforcement and compliance with the provisions of the Compact, its bylaws and rules, and other such duties as necessary.

(l) The Interstate Commission may establish other committees for governance and administration of the Compact.

SECTION 12. POWERS AND DUTIES OF THE INTERSTATE COMMISSION

(c) Issue, upon the request of a member state or member board, advisory opinions concerning the meaning or interpretation of the Compact, its bylaws, rules, and actions;

(e) Establish and appoint committees including, but not limited to, an executive committee as required by Section 11, which shall have the power to act on behalf of the Interstate Commission in carrying out its powers and duties;

(f) Pay, or provide for the payment of the expenses related to the establishment, organization, and ongoing activities of the Interstate Commission;

(g) Establish and maintain one or more offices;

(h) Borrow, accept, hire, or contract for services of personnel;

(i) Purchase and maintain insurance and bonds;

(j) Employ an executive director who shall have such powers to employ, select or appoint employees, agents, or consultants, and to determine their qualifications, define their duties, and fix their compensation;

(k) Establish personnel policies and programs relating to conflicts of interest, rates of compensation, and qualifications of personnel;

(l) Accept donations and grants of money, equipment, supplies, materials and services, and to receive, utilize, and dispose of it in a manner consistent with the conflict of interest policies established by the Interstate Commission;

(m) Lease, purchase, accept contributions or donations of, or otherwise to own, hold, improve, or use any property, real, personal, or mixed;

(n) Sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property, real, personal, or mixed;

(o) Establish a budget and make expenditures;

(p) Adopt a seal and bylaws governing the management and operation of the Interstate Commission;

(q) Report annually to the legislatures and governors of the member states concerning the activities of the Interstate Commission during the preceding year. Such reports shall also

include reports of financial audits and any recommendations that may have been adopted by the Interstate Commission;

(r) Coordinate education, training, and public awareness regarding the Compact, its implementation, and its operation;

(s) Maintain records in accordance with the bylaws;

(t) Seek and obtain trademarks, copyrights, and patents; and

(u) Perform such functions as may be necessary or appropriate to achieve the purposes of the Compact.

SECTION 13. FINANCE POWERS

(a) The Interstate Commission may levy on and collect an annual assessment from each member state to cover the cost of the operations and activities of the Interstate Commission and its staff. The total assessment must be sufficient to cover the annual budget approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated upon a formula to be determined by the Interstate Commission, which shall promulgate a rule binding upon all member states.

(b) The Interstate Commission shall not incur obligations of any kind prior to securing the funds adequate to meet same.

(c) The Interstate Commission shall not pledge the credit of any of the member states, except by, and with the authority of, the member state.

(d) The Interstate Commission shall be subject to a yearly financial audit conducted by a certified or licensed public accountant and the report of the audit shall be included in the annual report of the Interstate Commission.

SECTION 14. ORGANIZATION AND OPERATION OF THE INTERSTATE COMMISSION

(a) The Interstate Commission shall, by a majority of Commissioners present and voting, adopt bylaws to govern its conduct as may be necessary or appropriate to carry out the purposes of the Compact within twelve (12) months of the first Interstate Commission meeting.

(b) The Interstate Commission shall elect or appoint annually from among its Commissioners a chairperson, a vice-chairperson, and a treasurer, each of whom shall have authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson's absence or disability, the vice-chairperson shall preside at all meetings of the Interstate Commission.

(c) Officers selected in subsection (b) shall serve without remuneration from the Interstate Commission.

(d) The officers and employees of the Interstate Commission shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability caused or arising out of, or relating to, an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(1) The liability of the executive director and employees of the Interstate Commission or representative of the Interstate Commission, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within each person's state,

may not exceed the limits of liability set forth under the constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

(2) The Interstate Commission shall defend the executive director, its employees and subject to the approval of the attorney general or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

(3) To the extent not covered by the state involved, member state, or the Interstate Commission, the representatives or employees of the Interstate Commission shall be held harmless in the amount of a settlement or judgment, including attorney's fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

SECTION 15. RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

(a) The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of the Compact, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

(b) Rules deemed appropriate for the operations of the Interstate Commission shall be made pursuant to a rulemaking process that substantially conforms to the "Model State Administrative Procedure Act" of 2010, and subsequent amendments thereto.

(c) Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule in the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices provided that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the authority granted to the Interstate Commission.

SECTION 16. OVERSIGHT OF INTERSTATE COMPACT

(a) The executive, legislative, and judicial branches of state government in each member state shall enforce the Compact and shall take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of the Compact and the rules promulgated

hereunder shall have standing as statutory law but shall not override existing state authority to regulate the practice of medicine.

(b) All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of the Compact which may affect the powers, responsibilities, or actions of the Interstate Commission.

(c) The Interstate Commission shall be entitled to receive all service of process in any such proceeding, and shall have standing to intervene in the proceedings for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, the Compact, or promulgated rules.

SECTION 17. ENFORCEMENT OF INTERSTATE COMPACT

(a) The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of the Compact.

(b) The Interstate Commission may, by majority vote of the Commissioners, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the Compact, and its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

(c) The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.

SECTION 18. DEFAULT PROCEDURES

(a) The grounds for default include, but are not limited to, failure of a member state to perform such obligations or responsibilities imposed upon it by the Compact or by the rules and bylaws of the Interstate Commission promulgated under the Compact.

(b) If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under the Compact, or the bylaws or promulgated rules, the Interstate Commission shall:

(1) Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default, and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default; and

(2) Provide remedial training and specific technical assistance regarding the default.

(c) If the defaulting state fails to cure the default, the defaulting state shall be terminated from the Compact upon an affirmative vote of a majority of the Commissioners and all rights, privileges, and benefits conferred by the Compact shall terminate on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default.

(d) Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to terminate shall be given by the Interstate Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

(e) The Interstate Commission shall establish rules and procedures to address licenses and physicians that are materially impacted by the termination of a member state, or the withdrawal of a member state.

(f) The member state which has been terminated is responsible for all dues, obligations, and liabilities incurred through the effective date of termination including obligations, the performance of which extends beyond the effective date of termination.

(g) The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been terminated from the Compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state.

(h) The defaulting state may appeal the action of the Interstate Commission by petitioning the United States District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

SECTION 19. DISPUTE RESOLUTION

(a) The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the Compact and which may arise among member states or member boards.

(b) The Interstate Commission shall promulgate rules providing for both mediation and binding dispute resolution as appropriate.

SECTION 20. MEMBER STATES, EFFECTIVE DATE, AND AMENDMENT

(a) Any state is eligible to become a member state of the Compact.

(b) The Compact shall become effective and binding upon legislative enactment of the Compact into law by no less than seven (7) states. Thereafter, it shall become effective and binding on a state upon enactment of the Compact into law by that state.

(c) The governors of non-member states, or their designees, shall be invited to participate in the activities of the Interstate Commission on a non-voting basis prior to adoption of the Compact by all states.

(d) The Interstate Commission may propose amendments to the Compact for enactment by the member states. No amendment shall be effective and binding upon the Interstate Commission and the member states unless and until it is enacted into law by unanimous consent of the member states.

SECTION 21. WITHDRAWAL

(a) Once effective, the Compact shall continue in force and remain binding upon each and every member state; provided that a member state may withdraw from the Compact by specifically repealing the statute which enacted the Compact into law.

(b) Withdrawal from the Compact shall be by the enactment of a statute repealing the same, but shall not take effect until one (1) year after the effective date of such statute and until written notice of the withdrawal has been given by the withdrawing state to the governor of each other member state.

(c) The withdrawing state shall immediately notify the chairperson of the Interstate Commission in writing upon the introduction of legislation repealing the Compact in the withdrawing state.

(d) The Interstate Commission shall notify the other member states of the withdrawing state's intent to withdraw within sixty (60) days of its receipt of notice provided under subsection (c).

(e) The withdrawing state is responsible for all dues, obligations and liabilities incurred through the effective date of withdrawal, including obligations, the performance of which extend beyond the effective date of withdrawal.

(f) Reinstatement following withdrawal of a member state shall occur upon the withdrawing state reenacting the Compact or upon such later date as determined by the Interstate Commission.

(g) The Interstate Commission is authorized to develop rules to address the impact of the withdrawal of a member state on licenses granted in other member states to physicians who designated the withdrawing member state as the state of principal license.

SECTION 22. DISSOLUTION

(a) The Compact shall dissolve effective upon the date of the withdrawal or default of the member state which reduces the membership in the Compact to one (1) member state.

(b) Upon the dissolution of the Compact, the Compact becomes null and void and shall be of no further force or effect, and the business and affairs of the Interstate Commission shall be concluded and surplus funds shall be distributed in accordance with the bylaws.

SECTION 23. SEVERABILITY AND CONSTRUCTION

(a) The provisions of the Compact shall be severable, and if any phrase, clause, sentence, or provision is deemed unenforceable, the remaining provisions of the Compact shall be enforceable.

(b) The provisions of the Compact shall be liberally construed to effectuate its purposes.

(c) Nothing in the Compact shall be construed to prohibit the applicability of other interstate Compacts to which the states are members.

SECTION 24. BINDING EFFECT OF COMPACT AND OTHER LAWS

(a) Nothing herein prevents the enforcement of any other law of a member state that is not inconsistent with the Compact.

(b) All laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

(c) All lawful actions of the Interstate Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

(d) All agreements between the Interstate Commission and the member states are binding in accordance with their terms.

(e) In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any member state, such provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that member state.

C. Nothing in this Compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action and that such participation shall remain non-public if required by the member state's laws. Member states must require licensees who enter any alternative programs in lieu of discipline to agree not to practice in any other member state during the term of the alternative program without prior authorization from such other member state.

D. Any member state may investigate actual or alleged violations of the statutes and rules authorizing the practice of physical therapy in any other member state in which a physical therapist or physical therapist assistant holds a license or compact privilege.

E. A remote state shall have the authority to:

1. Take adverse actions as set forth in Section 4.D. against a licensee's compact privilege in the state;

2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, and the production of evidence. Subpoenas issued by a physical therapy licensing board in a party state for the attendance and testimony of witnesses, and/or the production of evidence from another party state, shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness

fees, travel expenses, mileage, and other fees required by the service statutes of the state where the witnesses and/or evidence are located; and

3. If otherwise permitted by state law, recover from the licensee the costs of investigations and disposition of cases resulting from any adverse action taken against that licensee.

F. Joint Investigations

1. In addition to the authority granted to a member state by its respective physical therapy practice act or other applicable state law, a member state may participate with other member states in joint investigations of licensees.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

SECTION 7. ESTABLISHMENT OF THE PHYSICAL THERAPY COMPACT COMMISSION.

A. The Compact member states hereby create and establish a joint public agency known as the Physical Therapy Compact Commission:

1. The Commission is an instrumentality of the Compact states.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

3. Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

B. Membership, Voting, and Meetings

1. Each member state shall have and be limited to one (1) delegate selected by that member state's licensing board.

5. Promulgate uniform rules to facilitate and coordinate implementation and administration of this Compact. The rules shall have the force and effect of law and shall be binding in all member states;

6. Bring and prosecute legal proceedings or actions in the name of the Commission, provided that the standing of any state physical therapy licensing board to sue or be sued under applicable law shall not be affected;

7. Purchase and maintain insurance and bonds;

8. Borrow, accept, or contract for services of personnel, including, but not limited to, employees of a member state;

c. One ex-officio, nonvoting member from the recognized membership organization of the physical therapy licensing boards.

2. The ex-officio members will be selected by their respective organizations.

3. The Commission may remove any member of the Executive Board as provided in bylaws.

4. The Executive Board shall meet at least annually.

5. The Executive Board shall have the following Duties and responsibilities:

3. If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision.

4. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefore, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

3. The Commission may levy on and collect an annual assessment from each member state or impose fees on other parties to cover the cost of the operations and activities of the Commission and its staff, which must be in a total amount sufficient to cover its annual budget as approved each year for which revenue is not provided by other sources. The aggregate annual assessment amount shall be allocated based upon a formula to be determined by the Commission, which shall promulgate a rule binding upon all member states.

G. Qualified Immunity, Defense, and Indemnification

1. The members, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit and/or liability for any damage, loss, injury, or liability caused by the intentional or willful or wanton misconduct of that person.

2. The Commission shall defend any member, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further, that the actual or alleged act, error, or omission did not result from that person's intentional or willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any member, officer, executive director, employee, or representative of the Commission for the amount of any settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or omission did not result from the intentional or willful or wanton misconduct of that person.

SECTION 8. DATA SYSTEM

A. The Commission shall provide for the development, maintenance, and utilization of a coordinated database and reporting system containing licensure, adverse action, and investigative information on all licensed individuals in member states.

B. Notwithstanding any other provision of state law to the contrary, a member state shall submit a uniform data set to the data system on all individuals to whom this Compact is applicable as required by the rules of the Commission, including:

1. Identifying information;
2. Licensure data;
3. Adverse actions against a license or compact privilege;
4. Non-confidential information related to alternative program participation;
5. Any denial of application for licensure, and the reason(s) for such denial; and
6. Other information that may facilitate the administration of this Compact, as determined by the rules of the Commission.

C. Investigative information pertaining to a licensee in any member state will only be available to other party states.

D. The Commission shall promptly notify all member states of any adverse action taken against a licensee or an individual applying for a license. Adverse action information pertaining to a licensee in any member state will be available to any other member state.

E. Member states contributing information to the data system may designate information that may not be shared with the public without the express permission of the contributing state.

F. Any information submitted to the data system that is subsequently required to be expunged by the laws of the member state contributing the information shall be removed from the data system.

SECTION 9. RULEMAKING

A. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. If a majority of the legislatures of the member states rejects a rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within 4 years of the date of adoption of the rule, then such rule shall have no further force and effect in any member state.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

D. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least thirty (30) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a Notice of Proposed Rulemaking:

1. On the website of the Commission or other publicly accessible platform; and
2. On the website of each member state physical therapy licensing board or other publicly accessible platform or the publication in which each state would otherwise publish proposed rules.

E. The Notice of Proposed Rulemaking shall include:

1. The proposed time, date, and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment and the reason for the proposed rule;

3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

F. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions, and arguments, which shall be made available to the public.

G. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment if a hearing is requested by:

1. At least twenty-five (25) persons;
2. A state or federal governmental subdivision or agency; or
3. An association having at least twenty-five (25) members.

H. If a hearing is held on the proposed rule or amendment, the Commission shall publish the place, time, and date of the scheduled public hearing. If the hearing is held via electronic means, the Commission shall publish the mechanism for access to the electronic hearing.

1. All persons wishing to be heard at the hearing shall notify the executive director of the Commission or other designated member in writing of their desire to appear and testify at the hearing not less than five (5) business days before the scheduled date of the hearing.

2. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing.

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

I. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

J. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

K. The Commission shall, by majority vote of all members, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

L. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

M. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors,

errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

SECTION 10. OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of state government in each member state shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this Compact which may affect the powers, responsibilities or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default and/or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and non-member states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

SECTION 11. DATE OF IMPLEMENTATION OF THE INTERSTATE COMMISSION FOR PHYSICAL THERAPY PRACTICE AND ASSOCIATED RULES, WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's physical therapy licensing board to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any physical therapy licensure agreement or other cooperative arrangement between a member state and a non-member state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 12. CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any party state, the Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

PART 38

ENHANCED NURSE LICENSURE COMPACT

24-60-3801. Short title. The short title of this part 38 is the "Enhanced Nurse Licensure Compact".

Source: L. 2018: Entire part added, (SB 18-027), ch. 1, p. 1, § 2, effective January 18.

24-60-3802. Compact approved and ratified. The general assembly hereby approves and ratifies, and the governor shall enter into, a compact on behalf of the state of Colorado with any of the United States or other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I

Findings and Declaration of Purpose

- a. The party states find that:
 1. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;
 2. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;
 3. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;
 4. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

5. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and
6. Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.
 - b. The general purposes of this Compact are to:
 1. Facilitate the states' responsibility to protect the public's health and safety;
 2. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;
 3. Facilitate the exchange of information between party states in the areas of nurse regulation, investigation and adverse actions;
 4. Promote compliance with the laws governing the practice of nursing in each jurisdiction;
 5. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;
 6. Decrease redundancies in the consideration and issuance of nurse licenses; and
 7. Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

ARTICLE II

Definitions

As used in this Compact:

- a. "Adverse action" means any administrative, civil, equitable or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation of the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.
- b. "Alternative program" means a non-disciplinary monitoring program approved by a licensing board.
- c. "Coordinated licensure information system" means an integrated process for collecting, storing and sharing information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit organization composed of and controlled by licensing boards.
- d. "Current significant investigative information" means:
 1. Investigative information that a licensing board, after a preliminary inquiry that includes notification and an opportunity for the nurse to respond if required by state law, has reason to believe is not groundless and, if proved true, would indicate more than a minor infraction; or
 2. Investigative information that indicates that the nurse represents an immediate threat to public health and safety regardless of whether the nurse has been notified and had an opportunity to respond.
- e. "Encumbrance" means a revocation or suspension of, or any limitation on, the full and unrestricted practice of nursing imposed by a licensing board.

- f. "Home state" means the party state which is the nurse's primary state of residence.
- g. "Licensing board" means a party state's regulatory body responsible for issuing nurse licenses.
- h. "Multistate license" means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN) issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate licensure privilege.
- i. "Multistate licensure privilege" means a legal authorization associated with a multistate license permitting the practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.
- j. "Nurse" means RN or LPN/VN, as those terms are defined by each party state's practice laws.
- k. "Party state" means any state that has adopted this Compact.
- l. "Remote state" means a party state, other than the home state.
- m. "Single-state license" means a nurse license issued by a party state that authorizes practice only within the issuing state and does not include a multistate licensure privilege to practice in any other party state.
- n. "State" means a state, territory or possession of the United States and the District of Columbia.
- o. "State practice laws" means a party state's laws, rules and regulations that govern the practice of nursing, define the scope of nursing practice, and create the methods and grounds for imposing discipline. "State practice laws" do not include requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

ARTICLE III

General Provisions and Jurisdiction

- a. A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.
- b. A state must implement procedures for considering the criminal history records of applicants for initial multistate license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based information by applicants for the purpose of obtaining an applicant's criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records.
- c. Each party state shall require the following for an applicant to obtain or retain a multistate license in the home state:
 - 1. Meets the home state's qualifications for licensure or renewal of licensure, as well as, all other applicable state laws;
 - 2.
 - i. Has graduated or is eligible to graduate from a licensing board-approved RN or LPN/VN prelicensure education program; or
 - ii. Has graduated from a foreign RN or LPN/VN prelicensure education program that (a) has been approved by the authorized accrediting body in the applicable country and (b) has been verified by an independent credentials review agency to be comparable to a licensing board-approved prelicensure education program;

3. Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not the individual's native language, successfully passed an English proficiency examination that includes the components of reading, speaking, writing, and listening;

4. Has successfully passed an NCLEX-RN® or NCLEX-PN® Examination or recognized predecessor, as applicable;

5. Is eligible for or holds an active, unencumbered license;

6. Has submitted, in connection with an application for initial licensure or licensure by endorsement, fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal Bureau of Investigation and the agency responsible for retaining that state's criminal records;

7. Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense under applicable state or federal criminal law;

8. Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor offense related to the practice of nursing as determined on a case-by-case basis;

9. Is not currently enrolled in an alternative program;

10. Is subject to self-disclosure requirements regarding current participation in an alternative program; and

11. Has a valid United States Social Security Number.

d. All party states shall be authorized, in accordance with existing state due process law, to take adverse action against a nurse's multistate licensure privilege such as revocation, suspension, probation or any other action that affects a nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

e. A nurse practicing in a party state must comply with the state practice laws of the state in which the client is located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party state under a multistate licensure privilege will subject a nurse to the jurisdiction of the licensing board, the courts and the laws of the party state in which the client is located at the time service is provided.

f. Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as provided under the laws of each party state. However, the single-state license granted to these individuals will not be recognized as granting the privilege to practice nursing in any other party state. Nothing in this Compact shall affect the requirements established by a party state for the issuance of a single-state license.

g. Any nurse holding a home state multistate license, on the effective date of this Compact, may retain and renew the multistate license issued by the nurse's then-current home state, provided that:

1. A nurse, who changes primary state of residence after this compact's effective date, must meet all applicable Article III.c. requirements to obtain a multistate license from a new home state.

2. A nurse who fails to satisfy the multistate licensure requirements in Article III.c. due to a disqualifying event occurring after this Compact's effective date shall be ineligible to retain or renew a multistate license, and the nurse's multistate license shall be revoked or deactivated in

accordance with applicable rules adopted by the Interstate Commission of Nurse Licensure Compact Administrators ("Commission").

ARTICLE IV

Applications for Licensure in a Party State

a. Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any adverse action has been taken against any license or multistate licensure privilege held by the applicant and whether the applicant is currently in an alternative program.

b. A nurse may hold a multistate license, issued by the home state, in only one party state at a time.

c. If a nurse changes primary state of residence by moving between two party states, the nurse must apply for licensure in the new home state and the multistate license issued by the prior home state will be deactivated in accordance with applicable rules adopted by the Commission.

1. The nurse may apply for licensure in advance of a change in primary state of residence.

2. A multistate license shall not be issued by the new home state until the nurse provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a multistate license from the new home state.

d. If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate license issued by the prior home state will convert to a single-state license, valid only in the former home state.

ARTICLE V

Additional Authorities Invested in Party State Licensing Boards

a. In addition to the other powers conferred by state law, a licensing board shall have the authority to:

1. Take adverse action against a nurse's multistate licensure privilege to practice within that party state.

i. Only the home state shall have the power to take adverse action against a nurse's license issued by the home state.

ii. For purposes of taking adverse action, the home state licensing board shall give the same priority and effect to reported conduct received from a remote state as it would if such conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

2. Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that party state.

3. Complete any pending investigations of a nurse who changes primary state of residence during the course of such investigations. The licensing board shall also have the

authority to take appropriate action(s) and shall promptly report the conclusions of such investigations to the administrator of the coordinated licensure information system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any such actions.

4. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses, as well as, the production of evidence. Subpoenas issued by a licensing board in a party state for the attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage and other fees required by the service statutes of the state in which the witnesses or evidence are located.

5. Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of Investigation record search on criminal background checks and use the results in making licensure decisions.

6. If otherwise permitted by state law, recover from the affected nurse the costs of investigations and disposition of cases resulting from any adverse action taken against that nurse.

7. Take adverse action based on the factual findings of the remote state, provided that the licensing board follows its own procedures for taking such adverse action.

b. If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

c. Nothing in this Compact shall override a party state's decision that participation in an alternative program may be used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the multistate license of any nurse for the duration of the nurse's participation in an alternative program.

ARTICLE VI

Coordinated Licensure Information System and Exchange of Information

a. All party states shall participate in a coordinated licensure information system of all licensed registered nurses (RNs) and licensed practical/vocational nurses (LPNs/VNs). This system will include information on the licensure and disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and enforcement efforts.

b. The Commission, in consultation with the administrator of the coordinated licensure information system, shall formulate necessary and proper procedures for the identification, collection and exchange of information under this Compact.

c. All licensing boards shall promptly report to the coordinated licensure information system any adverse action, any current significant investigative information, denials of applications (with the reasons for such denials) and nurse participation in alternative programs

known to the licensing board regardless of whether such participation is deemed nonpublic or confidential under state law.

d. Current significant investigative information and participation in nonpublic or confidential alternative programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

e. Notwithstanding any other provision of law, all party state licensing boards contributing information to the coordinated licensure information system may designate information that may not be shared with nonparty states or disclosed to other entities or individuals without the express permission of the contributing state.

f. Any personally identifiable information obtained from the coordinated licensure information system by a party state licensing board shall not be shared with nonparty states or disclosed to other entities or individuals except to the extent permitted by the laws of the party state contributing the information.

g. Any information contributed to the coordinated licensure information system that is subsequently required to be expunged by the laws of the party state contributing that information, shall also be expunged from the coordinated licensure information system.

h. The Compact administrator of each party state shall furnish a uniform data set to the Compact administrator of each other party state, which shall include, at a minimum:

1. Identifying information;
2. Licensure data;
3. Information related to alternative program participation; and
4. Other information that may facilitate the administration of this Compact, as determined by Commission rules.

i. The Compact administrator of a party state shall provide all investigative documents and information requested by another party state.

ARTICLE VII

Establishment of the Interstate Commission of Nurse Licensure Compact Administrators

a. The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse Licensure Compact Administrators.

1. The Commission is an instrumentality of the party states.
2. Venue is proper, and judicial proceedings by or against the Commission shall be brought solely and exclusively, in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.
3. Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

b. Membership, Voting and Meetings

1. Each party state shall have and be limited to one administrator. The head of the state licensing board or designee shall be the administrator of this Compact for each party state. Any administrator may be removed or suspended from office as provided by the law of the state from which the Administrator is appointed. Any vacancy occurring in the Commission shall be filled in accordance with the laws of the party state in which the vacancy exists.

2. Each administrator shall be entitled to one (1) vote with regard to the promulgation of rules and creation of bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. An administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for an administrator's participation in meetings by telephone or other means of communication.

3. The Commission shall meet at least once during each calendar year. Additional meetings shall be held as set forth in the bylaws or rules of the commission.

4. All meetings shall be open to the public, and public notice of meetings shall be given in the same manner as required under the rulemaking provisions in Article VIII.

5. The Commission may convene in a closed, non-public meeting if the Commission must discuss:

- ii. The employment, compensation, discipline or other personnel matters, practices or procedures related to specific employees or other matters related to the Commission's internal personnel practices and procedures;
- iii. Current, threatened or reasonably anticipated litigation;
- iv. Negotiation of contracts for the purchase or sale of goods, services or real estate;
- v. Accusing any person of a crime or formally censuring any person;

- viii. Disclosure of investigatory records compiled for law enforcement purposes;
- ix. Disclosure of information related to any reports prepared by or on behalf of the Commission for the purpose of investigation of compliance with this Compact; or
- x. Matters specifically exempted from disclosure by federal or state statute.

6. If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Commission or order of a court of competent jurisdiction.

c. The Commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct as may be necessary or appropriate to carry out the purposes and exercise the powers of this Compact, including but not limited to:

1. Establishing the fiscal year of the Commission;
2. Providing reasonable standards and procedures:
 - i. For the establishment and meetings of other committees; and

3. Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring reasonable advance notice of all meetings and providing an opportunity for attendance of such meetings by interested parties, with enumerated exceptions designed to

protect the public's interest, the privacy of individuals, and proprietary information, including trade secrets. The Commission may meet in closed session only after a majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the Commission must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy votes allowed;

4. Establishing the titles, duties and authority and reasonable procedures for the election of the officers of the Commission;

5. Providing reasonable standards and procedures for the establishment of the personnel policies and programs of the Commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws shall exclusively govern the personnel policies and programs of the Commission; and

6. Providing a mechanism for winding up the operations of the Commission and the equitable disposition of any surplus funds that may exist after the termination of this Compact after the payment or reserving of all of its debts and obligations;

d. The Commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the website of the Commission.

7. To accept any and all appropriate donations, grants and gifts of money, equipment, supplies, materials and services, and to receive, utilize and dispose of the same; provided that at all times the Commission shall avoid any appearance of impropriety or conflict of interest;

8. To lease, purchase, accept appropriate gifts or donations of, or otherwise to own, hold, improve or use, any property, whether real, personal or mixed; provided that at all times the Commission shall avoid any appearance of impropriety;

9. To sell, convey, mortgage, pledge, lease, exchange, abandon or otherwise dispose of any property, whether real, personal or mixed;

10. To establish a budget and make expenditures;

11. To borrow money;

h. Financing of the Commission

1. The Commission shall pay, or provide for the payment of, the reasonable expenses of its establishment, organization and ongoing activities.

2. The Commission may also levy on and collect an annual assessment from each party state to cover the cost of its operations, activities and staff in its annual budget as approved each year. The aggregate annual assessment amount, if any, shall be allocated based upon a formula to be determined by the Commission, which shall promulgate a rule that is binding upon all party states.

3. The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet the same; nor shall the Commission pledge the credit of any of the party states, except by, and with the authority of, such party state.

4. The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a certified or licensed public accountant, and the report of the audit shall be included in and become part of the annual report of the Commission.

i. Qualified Immunity, Defense and Indemnification

1. The administrators, officers, executive director, employees and representatives of the Commission shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act, error or omission that occurred, or that the person against whom the claim is made had a reasonable basis for believing occurred, within the scope of Commission employment, duties or responsibilities; provided that nothing in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury or liability caused by the intentional, willful, or wanton misconduct of that person.

2. The Commission shall defend any administrator, officer, executive director, employee or representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of commission employment, duties or responsibilities; provided that nothing herein shall be construed to prohibit that person from retaining his or her own counsel; and provided further that the actual or alleged act, error or omission did not result from that person's intentional, willful or wanton misconduct.

3. The Commission shall indemnify and hold harmless any administrator, officer, executive director, employee or representative of the Commission for the amount of any

settlement or judgment obtained against that person arising out of any actual or alleged act, error or omission that occurred within the scope of Commission employment, duties or responsibilities, or that such person had a reasonable basis for believing occurred within the scope of Commission employment, duties or responsibilities, provided that the actual or alleged act, error or omission did not result from the intentional, willful, or wanton misconduct of that person.

ARTICLE VIII

Rulemaking

a. The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this Article and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment and shall have the same force and effect as provisions of this Compact.

b. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

c. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least sixty (60) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rulemaking:

1. On the website of the Commission; and
2. On the website of each licensing board or the publication in which each state would otherwise publish proposed rules.

d. The notice of proposed rulemaking shall include:

1. The proposed time, date and location of the meeting in which the rule will be considered and voted upon;
2. The text of the proposed rule or amendment, and the reason for the proposed rule;
3. A request for comments on the proposed rule from any interested person; and
4. The manner in which interested persons may submit notice to the Commission of their intention to attend the public hearing and any written comments.

e. Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts, opinions and arguments, which shall be made available to the public.

f. The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

g. The Commission shall publish the place, time, and date of the scheduled public hearing.

1. Hearings shall be conducted in a manner providing each person who wishes to comment a fair and reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made available upon request.

2. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

h. If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.

i. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

j. The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

k. Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule without prior notice, opportunity for comment or hearing, provided that the usual rulemaking procedures provided in this Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety or welfare;
2. Prevent a loss of Commission or party state funds; or
3. Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

l. The Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

ARTICLE IX

Oversight, Dispute Resolution and Enforcement

a. Oversight

1. Each party state shall enforce this Compact and take all actions necessary and appropriate to effectuate this Compact's purposes and intent.

2. The Commission shall be entitled to receive service of process in any proceeding that may affect the powers, responsibilities or actions of the Commission, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process in such proceeding to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.

b. Default, Technical Assistance and Termination

1. If the Commission determines that a party state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

i. Provide written notice to the defaulting state and other party states of the nature of the default, the proposed means of curing the default or any other action to be taken by the Commission; and

ii. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state's membership in this Compact may be terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in this Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of the party states.

4. A state whose membership in this Compact has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or whose membership in this Compact has been terminated unless agreed upon in writing between the Commission and the defaulting state.

6. The defaulting state may appeal the action of the commission by petitioning the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

c. Dispute Resolution

1. Upon request by a party state, the Commission shall attempt to resolve disputes related to the Compact that arise among party states and between party and non-party states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes, as appropriate.

3. In the event the Commission cannot resolve disputes among party states arising under this Compact:

i. The party states may submit the issues in dispute to an arbitration panel, which will be comprised of individuals appointed by the Compact administrator in each of the affected party states and an individual mutually agreed upon by the Compact administrators of all the party states involved in the dispute.

ii. The decision of a majority of the arbitrators shall be final and binding.

d. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the U.S. District Court for the District of Columbia or the federal district in which the Commission has its principal offices against a party state that is in default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE X

Effective Date, Withdrawal and Amendment

a. This Compact shall become effective and binding on the earlier of the date of legislative enactment of this Compact into law by no less than twenty-six (26) states or December 31, 2018. All party states to this Compact, that also were parties to the prior Nurse Licensure Compact, superseded by this Compact, ("Prior Compact"), shall be deemed to have withdrawn from said Prior Compact within six (6) months after the effective date of this Compact.

b. Each party state to this Compact shall continue to recognize a nurse's multistate licensure privilege to practice in that party state issued under the Prior Compact until such party state has withdrawn from the Prior Compact.

c. Any party state may withdraw from this Compact by enacting a statute repealing the same. A party state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

d. A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective date of such withdrawal or termination.

e. Nothing contained in this Compact shall be construed to invalidate or prevent any nurse licensure agreement or other cooperative arrangement between a party state and a nonparty state that is made in accordance with the other provisions of this Compact.

f. This Compact may be amended by the party states. No amendment to this Compact shall become effective and binding upon the party states unless and until it is enacted into the laws of all party states.

g. Representatives of nonparty states to this Compact shall be invited to participate in the activities of the Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

ARTICLE XI

Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable, and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held to be contrary to the constitution of any party state, this Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.

PSYCHOLOGY INTERJURISDICTIONAL COMPACT

ARTICLE I

PURPOSE

Whereas, states license psychologists, in order to protect the public through verification of education, training and experience and ensure accountability for professional practice; and

Whereas, this Compact is intended to regulate the day to day practice of telepsychology (i.e. the provision of psychological services using telecommunication technologies) by psychologists across state boundaries in the performance of their psychological practice as assigned by an appropriate authority; and

Whereas, this Compact is intended to regulate the temporary in-person, face-to-face practice of psychology by psychologists across state boundaries for 30 days within a calendar year in the performance of their psychological practice as assigned by an appropriate authority;

Whereas, this Compact is intended to authorize State Psychology Regulatory Authorities to afford legal recognition, in a manner consistent with the terms of the Compact, to psychologists licensed in another state;

Whereas, this Compact recognizes that states have a vested interest in protecting the public's health and safety through their licensing and regulation of psychologists and that such state regulation will best protect public health and safety;

Whereas, this Compact does not apply when a psychologist is licensed in both the Home and Receiving States; and

Whereas, this Compact does not apply to permanent in-person, face-to-face practice, it does allow for authorization of temporary psychological practice.

Consistent with these principles, this Compact is designed to achieve the following purposes and objectives:

1. Increase public access to professional psychological services by allowing for telepsychological practice across state lines as well as temporary in-person, face-to-face services into a state which the psychologist is not licensed to practice psychology;

3. Encourage the cooperation of Compact States in the areas of psychology licensure and regulation;

ARTICLE XII

OVERSIGHT, DISPUTE RESOLUTION AND ENFORCEMENT

A. Oversight

1. The Executive, Legislative and Judicial branches of state government in each Compact State shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the rules promulgated hereunder shall have standing as statutory law.
2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a Compact State pertaining to the subject matter of this Compact which may affect the powers, responsibilities or actions of the Commission.
3. The Commission shall be entitled to receive service of process in any such proceeding, and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact or promulgated rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Compact State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:
 - a. Provide written notice to the defaulting state and other Compact States of the nature of the default, the proposed means of remedying the default and/or any other action to be taken by the Commission; and
 - b. Provide remedial training and specific technical assistance regarding the default.
2. If a state in default fails to remedy the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the Compact States, and all rights, privileges and benefits conferred by this Compact shall be terminated on the effective date of termination. A remedy of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be submitted by the Commission to the Governor, the majority and minority leaders of the defaulting state's legislature, and each of the Compact States.
4. A Compact State which has been terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of termination, including obligations which extend beyond the effective date of termination.
5. The Commission shall not bear any costs incurred by the state which is found to be in default or which has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.
6. The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court for the state of Georgia or the federal district where the Compact has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a Compact State, the Commission shall attempt to resolve disputes related to the Compact which arise among Compact States and between Compact and Non-Compact States.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes that arise before the commission.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and Rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the State of Georgia or the federal district where the Compact has its principal offices against a Compact State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and Bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

ARTICLE XIII

**DATE OF IMPLEMENTATION OF THE
PSYCHOLOGY INTERJURISDICTIONAL COMPACT
COMMISSION AND ASSOCIATED RULES,
WITHDRAWAL, AND AMENDMENTS**

A. The Compact shall come into effect on the date on which the Compact is enacted into law in the seventh Compact State. The provisions which become effective at that time shall be limited to the powers granted to the Commission relating to assembly and the promulgation of rules. Thereafter, the Commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the Compact.

B. Any state which joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule which has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any Compact State may withdraw from this Compact by enacting a statute repealing the same.

1. A Compact State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Psychology Regulatory Authority to comply with the investigative and adverse action reporting requirements of this act prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any psychology licensure agreement or other cooperative arrangement between a Compact State and a Non-Compact State which does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Compact States. No amendment to this Compact shall become effective and binding upon any Compact State until it is enacted into the law of all Compact States.

ARTICLE XIV

CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. If this Compact shall be held contrary to the constitution of any state member thereto, the Compact shall remain in full force and effect as to the remaining Compact States.

PART 40

AGREEMENT AMONG THE STATES TO ELECT THE PRESIDENT BY NATIONAL POPULAR VOTE

Editor's note: (1) This part 40 was originally enacted in Senate Bill 19-042, effective August 2, 2019; however, a referendum petition was filed pursuant to section 1 (3) of article V of the state constitution and was submitted to the voters at the general election held November 3, 2020, as proposition 113. Proposition 113 was approved by the voters and became effective upon proclamation of governor, December 31, 2020, with the following vote count:

FOR: 1,644,716

AGAINST: 1,498,500

(2) The popular vote for the election of the U.S. president will not become applicable and govern the appointment of presidential electors in Colorado until enough states cumulatively possessing a majority of the electoral votes for the presidential election have also approved the agreement.

24-60-4001. Short title. The short title of this part 40 is the "Agreement Among the States to Elect the President by National Popular Vote".

Source: L. 2019: Entire part added, (SB 19-042 and Proposition 113), ch. 32, p. 101, § 1, effective upon proclamation of the Governor, December 31, 2020. See L. 2021, p. 4215.

24-60-4002. Execution of agreement. The agreement among the states to elect the President by national popular vote is hereby enacted into law and entered into with all jurisdictions legally joining therein, in the form substantially as follows:

ARTICLE I -- MEMBERSHIP

Any State of the United States and the District of Columbia may become a member of this agreement by enacting this agreement.

ARTICLE II -- RIGHT OF THE PEOPLE IN MEMBER STATES TO VOTE FOR PRESIDENT AND VICE PRESIDENT

Each member state shall conduct a statewide popular election for President and Vice President of the United States.

ARTICLE III -- MANNER OF APPOINTING PRESIDENTIAL ELECTORS IN MEMBER STATES

Prior to the time set by law for the meeting and voting by the presidential electors, the chief election official of each member state shall determine the number of votes for each presidential slate in each State of the United States and in the District of Columbia in which votes have been cast in a statewide popular election and shall add such votes together to produce a "national popular vote total" for each presidential slate.

The chief election official of each member state shall designate the presidential slate with the largest national popular vote total as the "national popular vote winner."

The presidential elector certifying official of each member state shall certify the appointment in that official's own state of the elector slate nominated in that state in association with the national popular vote winner.

At least six days before the day fixed by law for the meeting and voting by the presidential electors, each member state shall make a final determination of the number of popular votes cast in the state for each presidential slate and shall communicate an official statement of such determination within 24 hours to the chief election official of each other member state.

The chief election official of each member state shall treat as conclusive an official statement containing the number of popular votes in a state for each presidential slate made by the day established by federal law for making a state's final determination conclusive as to the counting of electoral votes by Congress.

In event of a tie for the national popular vote winner, the presidential elector certifying official of each member state shall certify the appointment of the elector slate nominated in association with the presidential slate receiving the largest number of popular votes within that official's own state.

If, for any reason, the number of presidential electors nominated in a member state in association with the national popular vote winner is less than or greater than that state's number of electoral votes, the presidential candidate on the presidential slate that has been designated as the national popular vote winner shall have the power to nominate the presidential electors for that state and that state's presidential elector certifying official shall certify the appointment of such nominees.

The chief election official of each member state shall immediately release to the public all vote counts or statements of votes as they are determined or obtained.

This article shall govern the appointment of presidential electors in each member state in any year in which this agreement is, on July 20, in effect in states cumulatively possessing a majority of the electoral votes.

ARTICLE IV -- OTHER PROVISIONS

This agreement shall take effect when states cumulatively possessing a majority of the electoral votes have enacted this agreement in substantially the same form and the enactments by such states have taken effect in each state.

Any member state may withdraw from this agreement, except that a withdrawal occurring six months or less before the end of a President's term shall not become effective until a President or Vice President shall have been qualified to serve the next term.

The chief executive of each member state shall promptly notify the chief executive of all other states of when this agreement has been enacted and has taken effect in that official's state, when the state has withdrawn from this agreement, and when this agreement takes effect generally.

This agreement shall terminate if the electoral college is abolished.

If any provision of this agreement is held invalid, the remaining provisions shall not be affected.

The applicant shall submit payment by certified check or money order for the fingerprints and for the actual costs of the record check at the time the fingerprints are submitted to the Colorado bureau of investigation. Upon receipt of fingerprints and receipt of the payment for costs, the Colorado bureau of investigation shall conduct a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation and shall forward the results of the criminal history record check to the licensing board. The licensing board shall use the information resulting from the fingerprint-based criminal history record check to investigate and determine whether an applicant is qualified to hold a license pursuant to the Compact. The licensing board may verify the information an applicant is required to submit. The results of the criminal history record check are confidential. The licensing board shall not release the results to the public, the Commission, or any other regulator, as that term is defined in section 12-20-102 (14).

D. A member state shall provide for the state's delegate to attend all Commission meetings.

E. Individuals not residing in a member state shall continue to be able to apply for a member state's single-state license as provided under the laws of each member state. However, the single-state license granted to these individuals shall not be recognized as granting the Compact privilege in any other member state.

F. Nothing in this Compact affects the requirements established by a member state for the issuance of a single-state license.

SECTION 4

C. A licensee providing occupational therapy in a remote state under the Compact privilege shall function within the laws and regulations of the remote state.

D. An occupational therapy assistant practicing in a remote state shall be supervised by an occupational therapist licensed or holding a Compact privilege in that remote state.

E. A licensee providing occupational therapy in a remote state is subject to that state's regulatory authority. A remote state may, in accordance with due process and that state's laws, remove a licensee's Compact privilege in the remote state for a specific period of time, impose

finest, and/or take any other necessary actions to protect the health and safety of its citizens. The licensee may be ineligible for a Compact privilege in any state until the specific time for removal has passed and all fines are paid.

F. If a licensee's home state license is encumbered, the licensee shall lose the Compact privilege in any remote state until the following occur:

J. Once the requirements of section 4 (H) have been met, the license must meet the requirements in section 4 (A) to obtain a Compact privilege in a remote state.

SECTION 5

OBTAINING A NEW HOME STATE LICENSE BY

VIRTUE OF COMPACT PRIVILEGE

A. An occupational therapist or occupational therapy assistant may hold a home state license, which allows for Compact privileges in member states, in only one member state at a time.

B. If an occupational therapist or occupational therapy assistant changes primary state of residence by moving between two member states:

1. The occupational therapist or occupational therapy assistant shall file an application for obtaining a new home state license by virtue of a Compact privilege, pay all applicable fees, and notify the current and new home state in accordance with applicable rules adopted by the Commission.

2. Upon receipt of an application for obtaining a new home state license by virtue of a Compact privilege, the new home state shall verify that the occupational therapist or occupational therapy assistant meets the pertinent criteria outlined in section 4 via the data system, without need for primary source verification except for:

a. A federal bureau of investigation fingerprint-based criminal background check if one has not been previously performed or updated pursuant to applicable rules adopted by the Commission in accordance with Pub.L. 92-544;

b. Other criminal background checks as required by the new home state; and

c. Submission of any requisite jurisprudence requirements of the new home state.

3. The former home state shall convert the former home state license into a Compact privilege once the new home state has activated the new home state license in accordance with applicable rules adopted by the Commission.

4. Notwithstanding any other provision of this Compact, if the occupational therapist or occupational therapy assistant cannot meet the criteria in section 4, the new home state shall apply its requirements for issuing a new single-state license.

5. The occupational therapist or occupational therapy assistant shall pay all applicable fees to the new home state in order to be issued a new home state license.

C. If an occupational therapist or occupational therapy assistant changes primary state of residence by moving from a member state to a nonmember state, or from a nonmember state to a member state, the state criteria shall apply for issuance of a single-state license in the new state.

D. Nothing in this Compact shall interfere with a licensee's ability to hold a single-state license in multiple states; however, for the purposes of this Compact, a licensee shall have only one home state license.

E. Nothing in this Compact shall affect the requirements established by a member state for the issuance of a single-state license.

SECTION 6

ACTIVE DUTY MILITARY PERSONNEL

OR THEIR SPOUSES

Active duty military personnel or their spouses shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall change the individual's home state only through application for licensure in the new state or through the process described in section 5.

SECTION 7

ADVERSE ACTIONS

A. A home state shall have exclusive power to impose an adverse action against an occupational therapist's or occupational therapy assistant's license issued by the home state.

B. In addition to the other powers conferred by state law, a remote state has the authority, in accordance with existing state due process law, to:

1. Take an adverse action against an occupational therapist's or occupational therapy assistant's Compact privilege within that member state; and

2. Issue subpoenas for hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence is located.

C. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

D. The home state shall complete any pending investigations of an occupational therapist or occupational therapy assistant who changes primary state of residence during the course of the investigations. The home state where the investigations were initiated shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the data system. The data system administrator shall promptly notify the new home state of any adverse actions.

E. A member state, if otherwise permitted by state law, may recover from the affected occupational therapist or occupational therapy assistant the costs of investigations and disposition of cases resulting from any adverse action taken against that occupational therapist or occupational therapy assistant.

F. A member state may take adverse action based on the factual findings of the remote state, provided that the member state follows its own procedures for taking the adverse action.

G. Joint investigations.

1. In addition to the authority granted to a member state by its respective state occupational therapy laws and regulations or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under this Compact.

H. If an adverse action is taken by the home state against an occupational therapist's or occupational therapy assistant's license, the occupational therapist's or occupational therapy assistant's Compact privilege in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose an adverse action against an occupational therapist's or occupational therapy assistant's license shall include a statement that the occupational therapist's or occupational therapy assistant's Compact privilege is deactivated in all member states during the pendency of the order.

I. If a member state takes an adverse action, it shall promptly notify the data system administrator. The data system administrator shall promptly notify the home state of any adverse actions by remote states.

J. Nothing in this Compact shall override a member state's decision that participation in an alternative program may be used in lieu of an adverse action.

SECTION 8

ESTABLISHMENT OF THE OCCUPATIONAL THERAPY COMPACT COMMISSION

A. The Compact member states hereby create and establish a joint public agency known as the Occupational Therapy Compact Commission:

1. The Commission is an instrumentality of the Compact states.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings.

3. Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

B. Membership, voting, and meetings.

1. Each member state shall have and be limited to one (1) delegate selected by that member state's licensing board.

2. The delegate shall be either:

a. A current member of the licensing board who is an occupational therapist, occupational therapy assistant, or public member; or

SECTION 10

RULE-MAKING

A. The Commission shall exercise its rule-making powers pursuant to the criteria set forth in this section and the rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment.

B. The Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of the Compact. Notwithstanding the foregoing, in the event the Commission exercises its rule-making authority in a manner that is beyond the scope of the purposes of the Compact or the powers granted hereunder, then such action by the Commission shall be invalid and have no force and effect.

C. If a majority of the legislatures of the member states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the rule, then the rule shall have no further force and effect in any member state.

D. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

E. Prior to promulgation and adoption of a final rule or rules by the Commission, and at least thirty (30) days in advance of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed rule-making:

3. All hearings will be recorded. A copy of the recording will be made available on request.

4. Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be grouped for the convenience of the Commission at hearings required by this section.

J. Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing was not held, the Commission shall consider all written and oral comments received.

K. If no written notice of intent to attend the public hearing by interested parties is received, the Commission may proceed with promulgation of the proposed rule without a public hearing.

that the usual rule-making procedures provided in the Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than ninety (90) days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted immediately in order to:

1. Meet an imminent threat to public health, safety, or welfare;
2. Prevent a loss of Commission or member state funds;
3. Meet a deadline for the promulgation of an administrative rule that is established by federal law or rule; or
4. Protect public health and safety.

N. The Commission or an authorized committee of the Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

2. All courts shall take judicial notice of the Compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this Compact that may affect the powers, responsibilities, or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated rules.

B. Default, technical assistance, and termination.

1. If the Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated rules, the Commission shall:

a. Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and/or any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

2. If a state in default fails to cure the default, the defaulting state may be terminated from the Compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.

4. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a state that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting state.

6. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

C. Dispute resolution.

1. Upon request by a member state, the Commission shall attempt to resolve disputes related to the Compact that arise among member states and between member and nonmember states.

2. The Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

2. By majority vote, the Commission may initiate legal action in the United States district court for the District of Columbia or the federal district where the Commission has its principal offices against a member state in default to enforce compliance with the provisions of the Compact and its promulgated rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or state law.

SECTION 12

COMMISSION FOR OCCUPATIONAL THERAPY PRACTICE

AND ASSOCIATED RULES, WITHDRAWAL,

AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth member state. Thereafter, the Commission shall meet and exercise rule-making powers necessary to the implementation and administration of the Compact.

B. Any state that joins the Compact subsequent to the Commission's initial adoption of the rules shall be subject to the rules as they exist on the date on which the Compact becomes law in that state. Any rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that state.

C. Any member state may withdraw from this Compact by enacting a statute repealing the same.

1. A member state's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing state's occupational therapy licensing board to comply with the investigative and adverse action reporting requirements of this Compact prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any occupational therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the member states. No amendment to this Compact shall become effective and binding upon any member state until it is enacted into the laws of all member states.

SECTION 13

CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any member state or of the United States, or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any member state, the Compact shall remain in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

SECTION 14

BINDING EFFECT OF COMPACT AND OTHER LAWS

A. A licensee providing occupational therapy in a remote state under the Compact privilege shall function within the laws and regulations of the remote state.

C. Any laws in a member state in conflict with the Compact are superseded to the extent of the conflict.

D. Any lawful actions of the Commission, including all rules and bylaws promulgated by the Commission, are binding upon the member states.

D. The audiologist or speech-language pathologist may apply for licensure in advance of a change in primary state of residence.

E. A license shall not be issued by the new home state until the audiologist or speech-language pathologist provides satisfactory evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to obtain a license from the new home state.

F. If an audiologist or speech-language pathologist changes primary state of residence by moving from a member state to a non-member state, the license issued by the prior home state shall convert to a single-state license, valid only in the former home state.

K. Once an encumbered license in the home state is restored to good standing, the licensee must meet the requirements of Section 4A to obtain a compact privilege in any remote state.

L. Once the requirements of Section 4J have been met, the licensee must meet the requirements in Section 4A to obtain a compact privilege in a remote state.

SECTION 5

Member states shall recognize the right of an audiologist or speech-language pathologist, licensed by a home state in accordance with Section 3 and under rules promulgated by the Commission, to practice audiology or speech-language pathology in any member state via telehealth under a privilege to practice as provided in the Compact and rules promulgated by the Commission.

SECTION 6

ACTIVE DUTY MILITARY PERSONNEL

OR THEIR SPOUSES

Active duty military personnel, or their spouse, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual shall only change their home state through application for licensure in the new state.

SECTION 7

ADVERSE ACTIONS

A. In addition to the other powers conferred by state law, a remote state shall have the authority, in accordance with existing state due process law, to:

1. Take adverse action against an audiologist's or speech-language pathologist's privilege to practice within that member state.

2. Issue subpoenas for both hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. Subpoenas issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state shall be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

3. Only the home state shall have the power to take adverse action against an audiologist's or a speech-language pathologist's license issued by the home state.

B. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In doing so, the home state shall apply its own state laws to determine appropriate action.

C. The home state shall complete any pending investigations of an audiologist or a speech-language pathologist who changes primary state of residence during the course of the investigations. The home state shall also have the authority to take appropriate action(s) and shall promptly report the conclusions of the investigations to the administrator of the data system. The administrator of the coordinated licensure information system shall promptly notify the new home state of any adverse actions.

D. If otherwise permitted by state law, the member state may recover from the affected audiologist or speech-language pathologist the costs of investigations and disposition of cases resulting from any adverse action taken against that audiologist or speech-language pathologist.

E. The member state may take adverse action based on the factual findings of the remote state, provided that the member state follows the member state's own procedures for taking the adverse action.

F. Joint Investigations

1. In addition to the authority granted to a member state by its respective audiology or speech-language pathology practice act or other applicable state law, any member state may participate with other member states in joint investigations of licensees.

2. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the Compact.

G. If adverse action is taken by the home state against an audiologist's or speech-language pathologist's license, the audiologist's or speech-language pathologist's privilege to practice in all other member states shall be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an audiologist's or a speech language pathologist's license shall include a statement that the audiologist's or speech-language pathologist's privilege to practice is deactivated in all member states during the pendency of the order.

H. If a member state takes adverse action, it shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse actions by remote states.

I. Nothing in this Compact shall override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

C. Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

Public notice of any revisions shall be posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of thirty (30) days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge shall be made in writing and delivered to the chair of the Commission prior to the end of the notice period. If no challenge is made, the revision shall take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the Commission.

SECTION 12.

OVERSIGHT, DISPUTE RESOLUTION, AND ENFORCEMENT

A. Oversight

1. The executive, legislative, and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact and the Rules promulgated hereunder shall have standing as statutory law.

2. All courts shall take judicial notice of the Compact and the Rules in any judicial or administrative proceeding in a Member State pertaining to the subject matter of this Compact which may affect the powers, responsibilities, or actions of the Commission.

3. The Commission shall be entitled to receive service of process in any such proceeding and shall have standing to intervene in such a proceeding for all purposes. Failure to provide

service of process to the Commission shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall:

a. Provide written notice to the defaulting State and other Member States of the nature of the default, the proposed means of curing the default, and any other action to be taken by the Commission; and

b. Provide remedial training and specific technical assistance regarding the default.

C. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Member States, and all rights, privileges and benefits conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

D. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, and each of the Member States.

E. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

F. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

G. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

H. Dispute Resolution

1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between member and non-Member States.

2. The Commission shall promulgate a Rule providing for both mediation and binding dispute resolution for disputes as appropriate.

I. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and Rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a Member State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing member shall be awarded all costs of such litigation, including reasonable attorney's fees.

3. The remedies herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or State law.

SECTION 13.
DATE OF IMPLEMENTATION OF THE COUNSELING
COMPACT COMMISSION AND ASSOCIATED RULES,
WITHDRAWAL, AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth Member State. The provisions, which become effective at that time, shall be limited to the powers granted to the Commission relating to assembly and the promulgation of Rules. Thereafter, the Commission shall meet and exercise Rulemaking powers necessary to the implementation and administration of the Compact.

B. Any State that joins the Compact subsequent to the Commission's initial adoption of the Rules shall be subject to the Rules as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State.

C. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Professional Counseling Licensing Board to comply with the investigative and Adverse Action reporting requirements of this Compact prior to the effective date of withdrawal.

D. Nothing contained in this Compact shall be construed to invalidate or prevent any Professional Counseling licensure agreement or other cooperative arrangement between a Member State and a non-Member State that does not conflict with the provisions of this Compact.

E. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

SECTION 14.
CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any Member State or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

SECTION 15.

BINDING EFFECT OF COMPACT AND OTHER LAWS

A. A Licensee providing Professional Counseling services in a Remote State under the Privilege to Practice shall adhere to the laws and regulations, including scope of practice, of the Remote State.

B. Nothing herein prevents the enforcement of any other law of a Member State that is not inconsistent with the Compact.

C. Any laws in a Member State in conflict with the Compact are superseded to the extent of the conflict.

D. Any lawful actions of the Commission, including all Rules and bylaws properly promulgated by the Commission, are binding upon the Member States.

E. All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

F. In the event any provision of the Compact exceeds the constitutional limits imposed on the legislature of any Member State, the provision shall be ineffective to the extent of the conflict with the constitutional provision in question in that Member State.

B. The Commission shall promulgate reasonable Rules to achieve the intent and purpose of this interstate compact. In the event the Commission exercises its Rulemaking authority in a manner that is beyond purpose and intent of this interstate compact, or the powers granted hereunder, then such an action by the Commission shall be invalid and have no force and effect of law in the Member States.

C. If a majority of the legislatures of the Member States rejects a Rule, by enactment of a statute or resolution in the same manner used to adopt the Compact within four (4) years of the date of adoption of the Rule, then such Rule shall have no further force and effect in any Member State.

B. Nothing in this Compact shall be deemed or construed to alter, limit, or inhibit the power of a Member State to control and maintain ownership of its licensee information or alter, limit, or inhibit the laws or regulations governing licensee information in the Member State.

ARTICLE X- OVERSIGHT, DISPUTE RESOLUTION, AND

ENFORCEMENT

A. Oversight

1. The executive and judicial branches of State government in each Member State shall enforce this Compact and take all actions necessary and appropriate to effectuate the Compact's purposes and intent. The provisions of this Compact shall have standing as statutory law.

2. Venue is proper and judicial proceedings by or against the Commission shall be brought solely and exclusively in a court of competent jurisdiction where the principal office of the Commission is located. The Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in alternative dispute resolution proceedings. Nothing herein shall affect or limit the selection or propriety of venue in any action against a licensee for professional malpractice, misconduct, or any such similar matter.

3. All courts and all administrative agencies shall take judicial notice of the Compact, the Rules of the Commission, and any information provided to a Member State pursuant thereto in any judicial or quasi-judicial proceeding in a Member State pertaining to the subject matter of this Compact, or which may affect the powers, responsibilities, or actions of the Commission.

4. The Commission shall be entitled to receive service of process in any proceeding regarding the enforcement or interpretation of the Compact and shall have standing to intervene

in such a proceeding for all purposes. Failure to provide the Commission service of process shall render a judgment or order void as to the Commission, this Compact, or promulgated Rules.

B. Default, Technical Assistance, and Termination

1. If the Commission determines that a Member State has defaulted in the performance of its obligations or responsibilities under this Compact or the promulgated Rules, the Commission shall:

b. Provide remedial training and specific technical assistance regarding the default.

2. If a State in default fails to cure the default, the defaulting State may be terminated from the Compact upon an affirmative vote of a majority of the Commissioners of the Member States, and all rights, privileges, and benefits conferred on that State by this Compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending State of obligations or liabilities incurred during the period of default.

3. Termination of membership in the Compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the governor, the majority and minority leaders of the defaulting State's legislature, the State Licensing Authority, and each of the Member States.

4. A State that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.

5. The Commission shall not bear any costs related to a State that is found to be in default or that has been terminated from the Compact, unless agreed upon in writing between the Commission and the defaulting State.

6. The defaulting State may appeal the action of the Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees.

C. Dispute Resolution

1. Upon request by a Member State, the Commission shall attempt to resolve disputes related to the Compact that arise among Member States and between Member and non-Member States.

2. The Commission shall promulgate a Rule providing for both binding and non-binding alternative dispute resolution for disputes as appropriate.

D. Enforcement

1. The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and Rules of this Compact.

2. By majority vote, the Commission may initiate legal action in the United States District Court for the District of Columbia or the federal district where the Commission has its principal offices against a Member State in default to enforce compliance with the provisions of the Compact and its promulgated Rules and Bylaws. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation, including reasonable attorney's fees. The remedies

herein shall not be the exclusive remedies of the Commission. The Commission may pursue any other remedies available under federal or State law.

ARTICLE XI- EFFECTUATION, WITHDRAWAL,

AND AMENDMENT

A. The Compact shall come into effect on the date on which the Compact statute is enacted into law in the tenth Member State.

1. On or after the effective date of the Compact, the Commission shall convene and review the enactment of each of the Charter Member States to determine if the statute enacted by each such Charter Member State is materially different from the model Compact statute.

2. A Charter Member State whose enactment is found to be materially different from the model Compact statute shall be entitled to the default process set forth in Article X.

3. Member States enacting the Compact subsequent to the Charter Member States shall be subject to the process set forth in Article VII.C.20 to determine if their enactments are materially different from the model Compact statute and whether they qualify for participation in the Compact.

B. If any Member State is later found to be in default, or is terminated or withdraws from the Compact, the Commission shall remain in existence and the Compact shall remain in effect even if the number of Member States should be less than ten.

C. Any State that joins the Compact after the Commission's initial adoption of the Rules and Bylaws shall be subject to the Rules and Bylaws as they exist on the date on which the Compact becomes law in that State. Any Rule that has been previously adopted by the Commission shall have the full force and effect of law on the day the Compact becomes law in that State, as the Rules and Bylaws may be amended as provided in this Compact.

D. Any Member State may withdraw from this Compact by enacting a statute repealing the same.

1. A Member State's withdrawal shall not take effect until six (6) months after enactment of the repealing statute.

2. Withdrawal shall not affect the continuing requirement of the withdrawing State's Licensing Authority to comply with the investigative and Adverse Action reporting requirements of this act prior to the effective date of withdrawal.

E. This Compact may be amended by the Member States. No amendment to this Compact shall become effective and binding upon any Member State until it is enacted into the laws of all Member States.

ARTICLE XII- CONSTRUCTION AND SEVERABILITY

This Compact shall be liberally construed to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the constitution of any Member State or a State seeking membership in the Compact, or of the United States or the applicability thereof to any other government, agency, person, or circumstance is held invalid, the validity of the remainder

of this Compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any Member State, the Compact shall remain in full force and effect as to the remaining Member States and in full force and effect as to the Member State affected as to all severable matters.

ARTICLE XIII- CONSISTENT EFFECT AND

CONFLICT WITH OTHER STATE LAWS

A. Nothing herein shall prevent or inhibit the enforcement of any other law of a Member State that is not inconsistent with the Compact.

B. Any laws, statutes, regulations, or other legal requirements in a Member State in conflict with the Compact are superseded to the extent of the conflict.

C. All permissible agreements between the Commission and the Member States are binding in accordance with their terms.

ARTICLE 61

Taxation Compact Between the
Southern Ute Indian Tribe, La Plata County,
and the State of Colorado

PART 1

APPROVAL AND TEXT OF COMPACT

24-61-101. Compact as basis for payments - legislative declaration. (1) The general assembly hereby finds and declares that:

(a) It is in the interest of the state of Colorado for the general assembly to act to assist in the resolution of a dispute between the state, the county of La Plata, and the Southern Ute Indian tribe concerning the imposition of taxes and charges on property and property interests owned or held by the Southern Ute Indian tribe within the exterior boundaries of the Southern Ute Indian reservation;

(b) It is within the authority of the general assembly pursuant to section 4 of the Enabling Act of Colorado to approve special provisions with respect to taxes and charges that the state could otherwise seek to impose upon property and property interests owned or held by the Southern Ute Indian tribe; and

(c) In approving the special provisions set forth in the taxation compact described in this article, the state does not waive its claims, concede its rights, or otherwise impair its position with respect to its authority to levy taxes and other charges on property and property interests owned or held by the Southern Ute Indian tribe except as specifically set forth in said taxation compact and acknowledges that the Southern Ute Indian tribe has similarly not impaired its position to challenge such authority except as specifically set forth in said taxation compact.

(2) It is the intent of the general assembly that, for the duration of the taxation compact set forth in this article, with respect to the taxes and charges imposed pursuant to article 29 of title 39, C.R.S., concerning severance taxes, article 60 of title 34, C.R.S., concerning the conservation levy and environmental response fund surcharge, and article 1 of title 39, C.R.S., concerning ad valorem property taxes, the payments established pursuant to said taxation compact on property described in said taxation compact shall be made as an alternative to said taxes, charges, surcharges, and levies.

24-61-102. Taxation compact between the Southern Ute Indian tribe, La Plata county, and the state of Colorado. The general assembly hereby approves the taxation compact between the Southern Ute Indian tribe, La Plata county, and the state of Colorado, referred to in this section as the "Taxation Compact", dated March 18, 1996, and signed by Roy Romer, governor of the state of Colorado; Leonard C. Burch, chairman of the Southern Ute Indian tribal council; Fred W. Klatt, III, chairman of the La Plata county board of county commissioners; Craig Larson, La Plata county assessor; and Ed Murray, La Plata county treasurer. Said compact is as follows:

TAXATION COMPACT

between

THE SOUTHERN UTE INDIAN TRIBE, LA PLATA COUNTY and

THE STATE OF COLORADO

THIS AGREEMENT ("Taxation Compact") is entered into this 18th day of March, 1996, by, between and among the STATE OF COLORADO, on behalf of itself, its political subdivisions, offices, and officials ("the State"), the SOUTHERN UTE INDIAN TRIBE, by and through the Southern Ute Indian Tribal Council ("the Tribe"), and the COUNTY OF LA PLATA, by and through the Board of County Commissioners of La Plata county and the La Plata County Assessor and Treasurer ("County").

Article One

Recitals.

1.01. Litigation.

The parties to this Taxation Compact have been engaged in protracted litigation regarding the authority of the County and the State to tax the real or personal property owned or acquired by the Tribe within the exterior boundaries of the Southern Ute Indian Reservation ("Reservation"). That litigation ("the Litigation") has not provided the parties with definitive answers regarding the scope of such taxing authority or the scope of tribal immunity from such taxation ("the Dispute"). In the absence of agreement, the parties will be compelled to reinstitute litigation and to incur substantial litigation costs and commitments of time and energy to such disputes.

1.02. Intergovernmental Agreement.

Prior to refiling the Litigation, the parties to this taxation Compact entered into good faith negotiations in an effort to resolve the Dispute amicably in a manner consistent with the respective interests of the parties. In furtherance of the negotiation efforts, the parties entered into an Intergovernmental Agreement Concerning Taxation Negotiations which addressed procedures for maintaining the status quo and preserving the legal positions of the parties pending negotiation.

1.03. Principal Individual Interests.

During the negotiations, the Tribe has requested recognition of its claimed immunity from State and County taxation with respect to any interests in real or personal property it owns or may acquire within the boundaries of the Reservation, regardless of whether such property is held in trust for its benefit by the United States of America. The County has taken the position that interests in real or personal property owned or acquired by the Tribe within the boundaries of the Reservation are subject to ad valorem property taxes in circumstances where those real or personal property interests within the Reservation have been previously taxed to or are taxable in non-Tribal ownership. The county has reiterated its concern that recognition of taxing immunity to the Tribe with respect to any interest in real or personal property owned or acquired by the Tribe when that property has been taxed or taxable under non-Tribal ownership will have an adverse economic impact on those governmental institutions which rely upon general ad valorem property tax revenue to carry out governmental functions, particularly if Tribal acquisition efforts continue to escalate. The State's position is that real property acquired by the Tribe and not placed or held in trust by the federal government for the benefit of the Tribe is subject to taxation. The State has attempted to assist in the identification of governmental mechanisms that could be employed by the parties to settle their Dispute reasonably in a manner that will minimize adverse economic consequences resulting from possible recognition of the Tribe's

claimed immunity. As used herein, the words "tax" and "taxes" includes ad valorem and severance taxes as well as the oil and gas conservation levy and the environmental response fund surcharge.

1.04. Mutual Interests.

Each of the parties seeks to avoid further litigation in a manner consistent with the best interests of the respective constituents of each government. Further, in recognition of the fact that there are many substantive areas that require mutual cooperation of the parties, including social issues, economic development, land use and environmental protection, the parties seek to improve their government-to-government relationships for the present and the future.

1.05. Educational Equalization.

The parties acknowledge that the State maintains as part of its system of public school financing a program which is intended to provide equalization in funding for students in the various public school districts throughout the State as reflected in, inter alia, "The Public School Finance Act of 1994" (article 54 of title 22, C.R.S.). The public school finance system also establishes a state public school fund which is available to provide relief to individual school districts in the event that unforeseen difficulties in maintaining assessment levels of property within any such district or in collecting property taxes is encountered. See section 22-54-117, C.R.S. Based on the status of public school financing, the parties acknowledge that the level of financing available for educating public school students within the boundaries of the Reservation will not be adversely affected in a material way so long as a system of State-wide equalization of student funding is maintained by the State.

1.06. Settlement.

Based upon the foregoing, the parties have agreed to settle the Dispute, subject to the fulfillment of certain conditions hereinafter set forth, and each party finds that the settlement reflected in this Taxation Compact is in furtherance of the individual and mutual interests of the parties.

Article Two

Conditions Precedent.

2.01. Legislative Ratification.

As a condition precedent to implementation of this Taxation Compact, the parties agree that the Colorado General Assembly and the Governor of the State of Colorado must approve, and the Office of the Colorado Attorney General must review, this Taxation Compact and permit the County and the State to perform the covenants herein contained. If such authorization is not obtained prior to the close of the 1996 legislative session, this Taxation Compact shall become null and void, unless otherwise agreed by the parties.

2.02. Statutory Amendment.

As an additional condition precedent, the parties agree that such amendments to existing State statutes needed to implement the terms of this Taxation Compact shall be enacted prior to the close of the 1996 legislative session. If such amendments are not so enacted, then this Taxation Compact shall become null and void.

2.03. Tribal Enactment.

As an additional condition precedent, the parties agree that the Tribe, prior to expiration of the 1996 legislative session of the Colorado General Assembly, through its Tribal Council, shall have enacted such resolutions or ordinances permitting the implementation of this Taxation

Compact, including, but not limited to: Authorization for issuing annual tribal declarations of real property acquired by the Tribe, as provided in Article Five, *infra*; authorization for issuing annual payments, as provided in Article Six, *infra*; a mechanism for requiring non-Indians constructing facilities on tribal land to report to the County Assessor notice of completion of such facilities, as provided in Article Eight, *infra*; and a system for the recognition of County liens validly obtained under State law against the property of non-Indians, as well as, a system for foreclosure of such liens, as provided in Article Ten, *infra*.

2.04. Federal Approval.

To the extent that the Taxation Compact constitutes an agreement with an Indian Tribe related to land owned by an Indian Tribe, it is arguable that the validity of such Taxation Compact is dependent upon obtaining the approval of the Secretary of the Interior of the United States or his authorized representative pursuant to 25 U.S.C. sec. 81. Accordingly, as an additional condition precedent, prior to the close of the 1996 legislative session of the Colorado General Assembly, the parties must obtain the written approval of the Secretary of the Interior, or his authorized representative, of this Taxation Compact, or, alternatively, a written statement from such duly authorized official indicating that such written approval is not necessary or required under federal law.

2.05. Intergovernmental Agreement Operative.

Until such time that each of the conditions set forth above in Paragraphs 2.01, 2.02, 2.03, and 2.04 has been satisfied, the parties agree to honor and carry out the provisions of the Intergovernmental Agreement Concerning Taxation Negotiations referenced in Paragraph 1.02, above, and the parties hereby expressly extend the duration of said Intergovernmental Agreement Concerning Taxation Negotiations until the earlier of: (a) The close of the 1996 legislative session of the Colorado General Assembly; or (b) The satisfaction of the referenced conditions. In the event that each of the aforementioned conditions is not satisfied in the time provided, then, upon the close of the legislative session, the Intergovernmental Agreement Concerning Taxation Negotiations shall terminate, unless otherwise extended by the parties in writing.

Article Three

Tribal Immunity From Taxation.

3.01. Trust Property.

The parties acknowledge that historically neither the State nor the County has attempted to tax real or personal property located within the Reservation when such property has been owned by the United States of America in trust for the benefit of the Tribe ("trust property"). Such exempt property has included: Surface estates; subsurface estates; tribal landowner royalty interests in mineral leases issued by the Tribe in accordance with federal laws and regulations; and any other interests acquired by the Tribe in trust property. The parties acknowledge that in the absence of express consent from the United States Congress, the Tribe, or as otherwise determined by the courts, trust property is exempt from State and local taxation. This Taxation Compact is not intended to and does not address whether there is express consent from the United States Congress and the Tribe for the taxation of trust property; however, the State and County agree to treat such trust property as exempt from State and County taxation for the duration of this Taxation Compact.

3.02. Tribal Reacquisitions of Interests in Trust Property.

The parties acknowledge that a decline in the County's assessed value will occur when the Tribe reacquires interests in real or personal property on trust property under Article 3.01 in circumstances when those property interests have been previously held by and taxable to non-Tribal parties. While the County and State agree that interests so acquired by the Tribe will be treated as not subject to taxation under Article 3.01, the Tribe and State agree to assist the County in exploring future cooperative efforts to mitigate the negative revenue impacts that may result from these Tribal acquisitions on trust lands. Those cooperative efforts will include joint efforts at seeking federal or state assistance as required to mitigate those revenue impacts and other joint revenue raising efforts acceptable to the Tribe, the State and the County.

3.03. Non-Trust Tribal Property.

So long as this Taxation Compact remains in full force and effect, the State and County shall not seek to tax any property, real or personal, owned or acquired by the Tribe and held by the Tribe in non-federal-trust status; provided that said property is located within the exterior boundaries of the Reservation. Tribal property intended by this paragraph to be treated as non-taxable includes, but is not limited to the following:

- a. Real Property Surface Estates;
- b. Real Property Subsurface Estates;
- c. Mineral Lease Working Interests;
- d. Mineral Lease Royalty Interests;
- e. Mineral Lease Production Payments;
- f. Tribal Income;
- g. Vehicles and Mobile Homes;
- h. Buildings or Improvements;
- i. Equipment;
- j. Security Interests;
- k. Other Real or Personal Property.

3.04. Tribal Activities.

So long as this Taxation Compact remains in full force and effect, the State and the County shall not seek to impose on the Tribe, any activity undertaken by the Tribe, or tribal property, real or personal, located within the exterior boundaries of the Reservation the following taxes: An ad valorem tax (article 1 of title 39, C.R.S.); conservation levy or environmental response fund charge (section 34-60-122, C.R.S.); or severance tax (article 29 of title 39, C.R.S.).

3.05. Partial Interests.

So long as this Taxation Compact remains in full force and effect, the foregoing limitations on State and County taxation shall apply to partial or undivided interests owned by the Tribe, whether such interests arise from partnerships, joint ventures, or otherwise; provided that prior to such limitation becoming applicable, the Tribe shall file with the County and the State Department of Revenue, a declaration of the name of the partnership or joint venture, together with a statement listing the partners or venturers, the ownership interest of said partners or venturers, and a schedule of the on-Reservation property subject to any such partnership or joint venture.

3.06. Reports and Declarations by Third Parties.

So long as this Taxation Compact remains in full force and effect, any person or entity, other than the Tribe, required to submit reports or declarations related to the assessed value of property

located within the Reservation owned by the Tribe, or any person or entity otherwise required to withhold and remit taxes or estimated taxes attributable to interests owned by the Tribe shall be permitted to report such tribal interests as exempt and shall not be required to withhold any taxes or estimated taxes with respect to such tribal ownership interests in such property or income.

3.07. State Legislative Amendments.

The Tribe maintains that the foregoing limitations on State and County taxation are mandated by federal statutes and case law and that the State and County are bound by such rules for decision under the United States Constitution, regardless of the provisions of State law. The County has taken the position that interests in real or personal property owned or acquired by the Tribe within the boundaries of the Reservation are subject to ad valorem property taxes in circumstances where those real or personal property interests within the Reservation have been previously taxed to or are taxable in non-Tribal ownership. The State's position is that real property acquired by the Tribe and not placed or held in trust by the federal government for the benefit of the Tribe is subject to taxation. In order to carry out the terms of this Taxation Compact, the parties covenant jointly to seek legislative amendment to existing State statutory law confirming that throughout the duration of this Taxation Compact, the limitation on State and County taxation set forth above in this Article will be recognized by the State. Specifically, the parties shall seek legislative enactments necessary to implement this Taxation compact, including the following:

Add a new section to article 3 of title 39, C.R.S., (or some other appropriate designation) which provides essentially as follows:

Taxation Compact with the Southern Ute Indian Tribe.

(1) The general assembly hereby finds and declares that the Taxation Compact dated March 18, 1996, entered into by and between the County of La Plata, the Southern Ute Indian Tribe, and the Governor, is in the best interests of the State of Colorado and settles in a satisfactory manner a taxation dispute which has been and would otherwise continue to be a matter of extensive litigation.

(2) The general assembly hereby ratifies said Taxation Compact subject to the conditions and covenants therein contained.

(3) Limited to the duration of said Taxation Compact, with respect to the taxes and the charges imposed by article 29 of title 39, C.R.S. (i.e., severance tax) and article 60 of title 34, C.R.S. (i.e., conservation levy and environmental response fund surcharge), and with respect to ad valorem taxes (article 1 of title 39, C.R.S.), the Southern Ute Indian Tribe and all property, real and personal, owned by the Tribe and located within the exterior boundaries of the Southern Ute Indian Reservation shall be deemed as exempt from taxation as more particularly set forth in said Taxation Compact.

(4) The State Property Tax Administrator, whose duties, powers, and authority are described in article 2 of title 39, C.R.S., shall have the authority to resolve disputes submitted to the administrator for resolution pursuant to and in the manner prescribed by the Taxation Compact dated March 18, 1996, between the County of La Plata, the Southern Ute Indian Tribe, and the State of Colorado.

(5) Any statutory change necessary concerning the school bonded indebtedness provisions of said Taxation Compact.

Should the General Assembly of the State fail to enact such statutory amendments deemed by the parties as necessary to carry out the terms of this Taxation Compact by the close of the 1996 legislative session, the Taxation Compact shall terminate for failure of satisfaction of conditions precedent, unless otherwise extended in writing by the parties.

3.08. Limitation on Scope.

Nothing in this Article Three shall be construed as affecting in any manner the tax liability of any entity other than the Southern Ute Indian Tribe. Nothing in this Taxation Compact shall prevent the Oil and Gas Commission from charging its conservation levy and environmental response fee against any non-Indians operating within the exterior boundaries of the Southern Ute Indian Reservation.

Article Four

Real and Personal Property Interests

Subject to Taxation on the Reservation.

The parties acknowledge that certain non-Indian real and personal property interests within the exterior boundaries of the Southern Ute Indian Reservation, including the interests of non-Indian partners or venturers with the Tribe, are generally subject to State and local taxation; however, the Tribe maintains that those taxes may be legally objectionable in circumstances where Congress has expressly granted an exemption from such taxation or imposition of the tax poses a serious and demonstrable threat to the economic or political security of the Tribe. The Tribe agrees not to interpose any objection for the duration of this Taxation Compact to State and local taxation of non-Indian real and personal property interests located within the Reservation boundaries under current circumstances (i.e., so long as present levels of State and local taxation of such interests do not change significantly). Specifically, those non-Indian real and personal property interests for which the Tribe does not assert exemption from State and local taxation under this Taxation Compact include:

- a. Real Property Surface Estates;
- b. Real Property Subsurface Estates;
- c. Mineral Lease Working Interests;
- d. Mineral Lease Royalty Interests;
- e. Mineral Lease Production Payments;
- f. Vehicles and Mobile Homes;
- g. Buildings or Improvements;
- h. Equipment;
- i. Security Interests;
- j. Other Real or Personal Property;
- k. Any Oil and Gas Production and Interest.

Article Five

Tribal Declaration of Real Property Acquisition.

5.01. Tribal Declaration.

Following acquisition by the Tribe of any interest in real property located within the boundaries of the Reservation, in order to be entitled to the benefits of this Taxation Compact relative to such interest, the Tribe shall file a declaration of such acquisition with the County Assessor, which declaration shall contain: A legal description of the real property interest acquired, including a geographical description and a statement of the interest acquired; identification of the grantor of such interest; the date of closing of the acquisition transaction; and, with respect to interests acquired by the Tribe in non-trust real property, a statement of tribal intent of whether or not application is to be made by the Tribe to the United States of America to place ownership of such acquired interest into trust status. If the Tribe subsequently applies to have such interest placed into federal trust status, the Tribe shall so notify the County Assessor in writing, and the Tribe shall further notify the County Assessor in writing if and when such trust status is conferred.

5.02. Assessor's Annual Compilation.

No later than the thirty-first day of January of each year during which the Taxation Compact is in force, the County Assessor shall prepare a compilation of all tribally declared real property interests within the Reservation acquired during the preceding calendar year by the Tribe, which interests have not been identified by the Tribe as having been taken into trust status by the United States of America. For each such parcel or interest listed on said compilation, the County Assessor shall prepare a schedule showing within which taxing districts such parcel or interest is located, together with a statement of the mill levy attributable to said interests by taxing district as reported on the last applicable tax or assessment notice, and a statement of the assessed or estimated assessed value of such parcel or interest based on the last applicable assessment notice. If tribally acquired interests have been shown on a previously issued annual compilation under this paragraph for the immediately preceding year, without subsequent notification by the Tribe of either a change in ownership or trust status of such interests, the County Assessor shall carry forward such interests on the then current annual compilation with such updated schedules of mill levy by taxing district for the particular carried-forward interest or parcel. For each such listed parcel or interest, the County Assessor shall also submit, with the assistance of the County Treasurer, a statement of the amount of ad valorem tax revenue that would have been collected during said applicable annual period, or part thereof during which the Tribe owned a listed interest, but for the Tribe's ownership. Upon completion of the annual compilation, the County Assessor shall promptly forward the same to the designated representative of the Tribe.

5.03. Tribal Valuation Protest.

No later than forty-five days following its receipt of the County Assessor's Annual Compilation of tribally acquired interests, valuation, and statement of tax revenue, the Tribe may submit to the County Assessor a protest of the valuation estimate or statement of tax revenue for any parcel or interest which the Tribe believes is overstated in the Annual Compilation. Said protest shall be accompanied by written justification setting forth the basis for the protest. Such justification may include, for example, records of actual production and sales value of oil and gas or coalbed methane using valuation criteria similar to that employed by the State in valuing non-Indian oil and gas properties. Should the County Assessor and the Tribe not be able to reach agreement as to the proper valuation or statement of tax revenue to be assigned to any such parcel or interest, then said dispute shall be submitted to the State Property Tax Administrator for resolution. The State Property Tax Administrator shall employ such procedures he or she deems fair and reasonable for hearing the dispute, provided that in any event, both the Assessor

and the Tribe shall have an effective opportunity to state their respective positions. The State Property Tax Administrator shall issue a ruling resolving said dispute no later than the first day of June of any such year, which ruling shall be binding and final. In no event shall the State Property Tax Administrator be permitted to reach a finding of valuation or a statement of tax revenue greater than that originally estimated by the County Assessor as set forth in the Annual Compilation.

Article Six

Annual Tribal Payment in Lieu of Taxation.

6.01. Voluntary Payment.

In consideration for the covenants herein contained, the Tribe agrees during each year that this Taxation Compact is in full force and effect to make a voluntary payment to the County as more particularly described below.

6.02. Non-Public School Share and Bonded Indebtedness.

The Tribe hereby agrees to remit to the County no later than the fifteenth day of June of each year a voluntary payment in lieu of taxes which shall be equal to the non-public school share of annual real property ad valorem taxes, plus the portion of annual real property ad valorem taxes that are attributable to public school bonded indebtedness, for non-trust real property owned or acquired by the Tribe within the Reservation that otherwise would have been assessed and collected but for acquisition or ownership of such real property by the Tribe. The parties agree that the Colorado statutory definitions for the terms "real property" and "personal property" presently contained in article 1 of title 39, C.R.S., shall apply for purposes of this section of this Taxation Compact; provided however, the parties agree that regardless of how they are treated under Colorado law, mobile homes owned or acquired by the Tribe shall be considered personal property for purposes of this section of this Taxation Compact.

6.03. How Determined and Reported.

The amount of said voluntary payment will be computed based on the total sum of taxes that would have been collected for each parcel or interest listed on the County Assessor's Annual Compilation for all non-public school taxing districts. Together with the Tribe's voluntary payment, the Tribe shall submit a schedule setting forth the amount of voluntary payment being made for each parcel or interest contained on the County Assessor's Annual Compilation.

6.04. Previously Acquired Non-Trust Real Property.

The parties acknowledge that the County asserts a claim for seventy-seven thousand sixty-five dollars and eighty-four cents (\$77,065.84) in taxes due on non-trust real property acquired by the Tribe from and previously taxable to non-Tribal parties for the period of time prior to the 1996 tax year (i.e., prior to and including December 31, 1995). The Tribe agrees to pay the County seventy-seven thousand sixty-five dollars and eighty-four cents (\$77,065.84) in full satisfaction of any claims that the County may have against the Tribe relating to these claims. Additionally, prior to December 31, 1996, the Tribe agrees to provide to the County Assessor, in a format consistent with that described in Section 5.01, supra, a listing of real property interests owned by the Tribe, not held in trust, acquired by the Tribe prior to the effective date of this Taxation Compact for which the Tribe is entitled to exemption from taxation under the provisions of Section 3.03, supra.

Article Seven

**Tribal Oil and Gas Operations;
Reporting and Remittance for Non-Indian Parties.**

7.01. Red Willow Production Company.

The parties acknowledge that the Tribe serves as the operator of oil, gas, and coalbed methane wells which produce minerals associated with both trust and non-trust mineral interests located within the Reservation. Such operations have been conducted by the Tribe under the name Red Willow Production Company, which is wholly owned by the Tribe. While in most instances such operations involve mineral leases issued by the Tribe pursuant to federal law, there are situations in which the underlying leases have been issued or could have been issued by non-Indian mineral interest holders. In either instance, however, non-operating interest holders typically include non-Indians who own working interests or overriding royalty interests in the applicable leases. The parties acknowledge that nothing in this Taxation Compact shall preclude the collection of lawful and applicable taxes and charges on property and interests owned by the Tribe and located outside the exterior boundaries of the Southern Ute Indian Reservation.

7.02. State and County Reporting Requirements.

Under existing State law, well operators are required to submit to State and County officials reports related to the conduct of well production activities and the disposition of produced substances. Such reports are utilized by the Colorado Oil and Gas Conservation Commission to monitor and regulate the development of oil, gas, and coalbed methane resources within the State. Additionally, such reports are available for use by the Colorado Department of Revenue and County officials to assess and collect taxes, including severance tax and ad valorem tax, from the actual holders of interests in minerals or from the beneficiaries of income derived from energy resource development. Based upon the reporting requirements imposed upon well operators, and based upon statutory provisions which require well operators to withhold and remit funds from production income to meet the tax liabilities of non-operating interest holders of such wells, compliance by well operators in submitting timely reports and remitting taxes withheld is integral to the effective operation of State tax laws with respect to non-operating interest holders.

7.03. Red Willow Reporting Responsibilities.

In order to assist the State and County in obtaining information needed for the effective monitoring and regulation of resource development, the accurate valuation of taxable interests of non-Indian interest holders on the Reservation, and the collection of taxes from parties lawfully subject to State and County taxes, the Tribe d/b/a Red Willow Production Company (or in whatever name the Tribe is doing business) agrees to remit reports and declarations involving energy production activities on the Reservation over which it serves as operator on the following basis:

a. Operational Reports. With respect to operational reports and filings, including, for example, applications for permits to drill and sundry notices, involving mineral operations conducted by Red Willow Production Company subject to federal supervision on lands within the Reservation, the Tribe hereby consents to provide or to cause the appropriate federal agencies to provide informational copies of documents filed by Red Willow with such federal agencies to the Colorado Oil and Gas Conservation Commission. This tribal consent is intended as a supplement

to joint cooperative procedures already contained in the Memorandum of Understanding and Interagency Agreement between the Tribe and the Bureau of Land Management and the Bureau of Indian Affairs and the Bureau of Land Management, dated August 22, 1991, and in the Memorandum of Understanding between the Colorado Bureau of Land Management and the Colorado Oil and Gas Conservation Commission, dated August 22, 1991.

b. Severance Tax Reports and Withholding. The Tribe hereby agrees to submit to the executive director of the Colorado Department of Revenue an annual report related to energy impacts as otherwise required by section 39-29-110, C.R.S. With respect to wells operated by Red Willow located on the Reservation, the Tribe agrees to withhold from income it receives for the sale of production attributable to non-Indian interests such amounts otherwise required to be withheld on a quarterly basis pursuant to section 39-29-111, C.R.S., and to remit such withholding, together with forms for related reporting, to the Colorado Department of Revenue.

c. Ad Valorem Declarations. With respect to any leased lands that are producing or are capable of producing oil or gas on the assessment date of each year, which are operated by Red Willow on the Reservation, the Tribe shall file with the County Assessor in accordance with section 39-7-101, C.R.S., and section 39-5-107, C.R.S., a declaration of the oil, gas, or coalbed methane sold or transported from the premises, which declaration shall designate the Tribe's exempt share, if any, and such tax schedules normally filed by non-Indian operators designating such taxable personal property of non-operators or portions thereof over which Red Willow exercises control as operator. In preparing and filing any such declarations or schedules, the Tribe shall be entitled to list its own ownership share as exempt.

7.04. Cooperation in Reporting.

In order to assist the Tribe in complying with the reporting obligations of this Article Seven, officials from the State and the County shall make reasonable efforts to meet with tribal officials responsible for rendering such reports and to cooperate with said tribal officials to eliminate any unnecessary reporting obligations and to develop mutually acceptable means for facilitating the transmission of reported information. To the extent practicable and satisfactory, the parties may utilize and develop electronic reports and data retrieval systems.

Article Eight

Statement of Completion of Improvements

By Non-Indians on Tribal Lands.

8.01. Tribal Consent for Surface Disturbance.

In accordance with federal law and regulations, including 25 U.S.C. sec. 476, and the Constitution of the Southern Ute Indian Tribe, tribal consent is required as a condition for third parties to obtain valid mineral leases, surface leases, commercial leases, rights-of-way or easements, or to conduct surface disturbing activities on tribal surface lands, whether held in trust or non-trust status. The Tribe maintains that it possesses the authority to condition its approval or consent to the issuance of such rights to third parties. The County has indicated that its efforts to determine the assessed valuation of improvements constructed by third parties on tribal lands pursuant to tribal authorization have been hampered by a lack of knowledge of the completion or installation of such improvements, including pipelines and compressor stations.

8.02. Disclosure of Completion of Improvements.

Where the Tribe, in its sole discretion, determines that it has the legal right to do so, the Tribe covenants to establish a uniform procedure imposing, as a condition for the grant of its consent to the issuance of leases or rights-of-way on tribal lands involving the installation or construction of improvements, including pipelines or compressor stations, a requirement that the grantee or direct beneficiary of such rights shall notify the County Assessor in a timely manner of the completion of such improvements or facilities.

8.03. Rights Withheld.

In agreeing to require disclosure of completion of improvements by third parties on tribal land, the Tribe expressly reserves and retains all authority it possesses to control where and in what manner such improvements may be located or constructed. The disclosure requirement is solely intended as an aid to the County in conducting determinations of assessed valuation, and is not intended as conceding that the State or the County possesses the authority to tax such improvements.

Article Nine

Access to Tribal Land for Assessment.

9.01. Conditional Consent to Cross Tribal Lands.

Subject to the conditions hereinafter set forth, the Tribe hereby consents to permit the County Assessor and his duly authorized representatives to cross tribal lands for the purpose of performing assessment and valuation activities with respect to improvements located within the Reservation, including, but not limited to: Oil, gas, and coalbed methane wells; compressor stations; pipelines; buildings; and surface facilities or equipment.

9.02. Annual Permit.

Upon the effective date of this Taxation Compact, and no later than the fifteenth day of January every year thereafter, the County Assessor shall contact the Director of the Division of Natural Resources of the Tribe to obtain a written permit evidencing his authority to cross tribal lands. The County Assessor shall provide to said Director a list of names of persons acting under his authority who he intends to have cross tribal lands for the purposes specified herein, together with a description of vehicles to be used by such persons and corresponding vehicle registration numbers. The list shall be updated from time to time to reflect changes in personnel within the office of the County Assessor. The County Assessor shall require any person within his supervision acting under authority of this Article Nine to carry such permit with him while performing assessment duties within the Reservation. Said permit shall be valid for one year, and shall bear the signature of the County Assessor and the Director.

9.03. Possession of Alcohol and Firearms Prohibited.

Any person, while carrying out his assessment duties within the Reservation pursuant to the aforementioned permit, shall be prohibited from carrying firearms or alcoholic beverages.

9.04. Prior Notice for Tribal Lands.

Prior to entering upon tribal lands for the purpose of inspecting or evaluating any facility or improvement so located, the County Assessor or his authorized delegee shall notify the Director of his intentions and the approximate location of the inspection or evaluation. In the event that the facility to be inspected is related to oil, gas, or coalbed methane operations on tribal surface or mineral lands, the County Assessor shall also notify the Director of the Energy Resource Division of the Tribe.

9.05. Permit Revocation.

In the event that the County Assessor or his authorized delegates fail to comply with the conditions set forth in section 9.03 of this Article, the Tribal Council Chairman shall be authorized to revoke said permit, in whole or in part. In the event that the County Assessor or his authorized delegates fail to comply with the other conditions set forth in this Article, and such failure is wilful or material, the Tribal Council Chairman shall be authorized to revoke said permit, in whole or in part. Should such permit be revoked in whole, it shall not be eligible for reinstatement until the following year. Revocation of a crossing permit for cause shall not be grounds for termination of this Taxation Compact.

Article Ten

Collection Procedures for Delinquent Taxes of Non-Indians on Tribal Lands.

10.01. Tribal Court Recognition Required.

No lien created by operation of State law in any interest in Tribal real property, whether owned by the Tribe or by a non-Indian, or in personal property or improvements located on Tribal real property located within the boundaries of the Reservation, shall be recognized by the Tribe as having lawful effect unless recognized under principles of comity by the Southern Ute Tribal Court.

10.02. How Recognition is Obtained.

The Tribal Council hereby covenants to enact by appropriate resolution and ordinance a specially designated section of the Southern Ute Indian Tribal Code addressing recognition of State and County tax liens and the procedure by which such liens may be effectively foreclosed by said officials. Such enactment shall provide that recognition of State created liens, in interests in tribal real property or in personal property located on tribal real property, for non-payment of taxes may be obtained by the appropriate officer of the State or County by commencing an action for such recognition in the Tribal Court. Such action shall name as respondent the person or persons against whom the lien is claimed and shall set forth the basis supporting the lien. Any named respondent shall have the opportunity, in accordance with the Tribe's Civil Procedure Code, to contest the underlying jurisdictional basis of such lien, or the sufficiency of due process in its issuance. Should the named respondent fail to demonstrate an absence of jurisdiction or a lack of due process in the creation of the lien, the Tribal Court shall be required under the enactment to afford recognition to said lien effective as of the date of its creation under State law. Such recognition shall be evidenced by a judgment of recognition entered by the Tribal Court.

10.03. Execution and Foreclosure.

a. Personal Property. The Tribal enactment contemplated in the foregoing section shall provide that recognized tax liens on personal property may be executed upon in accordance with the Enforcement of Secured Transactions Code, Title 15, Southern Ute Indian Tribal Code.

b. Real Property Interests. The Tribal enactment contemplated in the foregoing section shall also specifically address the foreclosure on real property interests in Tribal real property in a manner that comports with both Tribal and federal law, and to the extent applicable, state law. In that regard, the transfer of an interest in Tribal real property requires both Tribal and federal

written consent. Both the Tribe and the United States must be provided an opportunity to ensure that purchasers of interests foreclosed upon meet the necessary qualifications to hold such interests under Tribal and federal law. Provision shall be made in said enactment for a process of qualification of bidders at a foreclosure sale in a manner that will not unduly restrict the ability for the State and the County to foreclose on liens on Tribal real property interests owned by non-Indians within the Reservation.

Article Eleven

Duration of Taxation Compact.

11.01. Conditions Subsequent.

This Taxation Compact is premised upon certain conditions that currently exist or that must exist prior to its effectiveness. Certain of such conditions, once in place, are beyond the ability of the parties to control fully; however, alteration of such conditions could dramatically change the nature of the amicable agreement reflected in this Taxation Compact. Accordingly, this Article is intended to identify those conditions subsequent, which, in the absence of amendment of this Taxation Compact will result in its termination. In order to provide the parties an opportunity to amend the Taxation Compact prior to its automatic termination, unless otherwise agreed by the parties in writing, there shall be a 120-day period between the creation of such conditions subsequent and the termination of the Taxation Compact. During the 120-day period, the parties shall meet and confer at least once in an attempt to resolve the issues created by that change in circumstance in a mutually acceptable manner. Any party that believes such a change in circumstance has occurred shall promptly notify the other parties of said occurrence in writing. The commencement of the 120-day period shall begin on the date of such written notice.

11.02. Substantial Alteration or Repeal of Public School Financing and Equalization.

This Taxation Compact is premised on the continuation of the equalization formula set forth under the Public School Finance Act of 1994, article 54 of title 22, C.R.S., which is intended to provide equalization payments to school districts throughout the State including the school districts in La Plata County in a manner that includes the consideration of the assessed value for real and personal property taxes. Accordingly, the parties understand that the level of funding available to school districts in La Plata County from the State of Colorado will be adjusted in accordance with the equalization formula of the Public School Finance Act in a manner that will address tax revenue losses, except for those associated with bonded indebtedness, to the school districts within La Plata County resulting from real and personal property acquisitions by the Tribe of properties that are subject to the provisions of Sections 3.01 and 3.03 of this Taxation Compact. This Taxation Compact shall terminate, in accordance with the provisions of Section 11.01, in the event that the Public School Finance Act does not in the future operate in such a manner to achieve the results set forth in this Section 11.02.

11.03. Escalation of Non-Public School Taxation District Average Percentage of County Mill Levy above 33-1/3 Percent.

This Taxation Compact is premised on the fact that the average portion of total real property tax levies assessed and collected by the County and its officials attributable to public school taxing districts for any taxed parcel or interest is approximately 70% of the total real property tax assessed and collected by the County and its officials for such parcel or interest. Accordingly, in estimating the voluntary payment that may be due in any annual period of this Taxation Compact

for any parcel listed in the Assessor's Annual Compilation, the Tribe anticipates paying an amount that will not exceed approximately 30% of the total mill levy that would have been applicable, but for the Tribe's ownership. Should the aggregate average percentage of non-public school district taxes, as reflected in the Assessor's Annual Compilation, exceed 33-1/3% of the total taxes that would have been assessed with respect to the properties therein listed, the Tribe shall be required to remit as its annual voluntary payment in lieu of taxes an amount no greater than 33-1/3% of the aggregate total tax that would have been assessed, but for the Tribe's ownership. In said event, and upon receipt of the Tribe's annual voluntary payment and accompanying report, the County shall have the option to accept said payment in full satisfaction of the Tribe's contractual liabilities under this Taxation Compact for the immediately preceding tax year, or the County may notify the parties of the occurrence of a condition subsequent in accordance with Section 11.01 above. Should the parties be unable to make mutually satisfactory amendments to this Taxation Compact caused by the change in percentage of non-public school district taxation of total taxation, then this Taxation Compact shall terminate. In said event, the annual voluntary payment tendered by the Tribe shall be held in escrow in an account established by the State, to be distributed in accordance with the order of a court of competent jurisdiction or in accordance with the mutual written agreement of the parties.

11.04. Escalation of Annual Tribal Payment in Lieu of Taxes Above One Million Dollars (\$1,000,000).

Should the annual voluntary payment of the Tribe, computed in accordance with this Taxation Compact, ever exceed the amount of one million dollars (\$1,000,000), then the Tribe shall have the option in any such year to either make the payment or notify the parties of termination of the Taxation Compact in accordance with Section 11.01 above. Should the parties be unable to make mutually satisfactory amendments to this Taxation Compact caused by the unanticipated amount of such annual voluntary payment, then this Taxation Compact shall terminate.

11.05. Voluntary Termination by State, County, or Tribe.

Upon one year's notice in writing as set forth in this Taxation Compact, any of the parties may choose to voluntarily terminate this Compact. Upon the notice of such voluntary termination which shall include a statement of reasons and issues as to why the party is terminating this Compact, the matter shall be subjected to the alternative dispute resolution process set forth in Article 12 of this Taxation Compact. Upon any voluntary termination of this Taxation Compact by any of the parties to this Taxation Compact, other than pursuant to sections 11.01-11.04, the Tribe shall make payment to the County pursuant to Section 6.02 calculated up to the end of the tax year preceding the year in which the notice of such termination occurs and the County shall accept such payment in full satisfaction of any obligation the Tribe may have for payment of taxes to the County for the tax year preceding the year in which the notice of such voluntary termination occurs.

Article Twelve

Dispute Resolution.

12.01. Dispute Resolution Mechanism.

The parties shall attempt to promptly and in good faith resolve any dispute arising out of or relating to the matters addressed in the Taxation Compact. Any party may give the other parties written notice of any dispute not resolved in the normal course of business which notice shall

include a statement of reasons and issues for the proposed termination as set forth in Article Ten. Upon the receipt of such notice, a meeting at a mutually acceptable place and time shall be scheduled within 15 days after delivery of such notice and will be attended by the Governor of the State of Colorado, the Chairman of the Southern Ute Indian Tribal Council, the Chairman of the La Plata County Board of County Commissioners or their respective designees, and said officials or their designees shall meet to exchange information relating to the dispute and to attempt to resolve the dispute. If the parties are unable to reach agreement to resolve the dispute within 60 days from the date of the notice invoking the provisions of this Article Twelve, the parties within 15 days after the passage of such 60-day period shall agree upon a single arbitrator to render a recommended decision to the parties concerning the resolution of the dispute. The arbitrator shall render his or her decision within 120 days of the date of notice invoking the provisions of this Article Twelve. The decision of the arbitrator shall then be implemented by the parties, provided however, that the State's obligation to implement the decision shall be subject to State constitutional limitations, unless affirmatively rejected by any of the parties in writing setting forth that party's conclusions and reasons for such rejection within 30 days of the arbitrator's recommended decision.

Article Thirteen

Miscellaneous.

13.01. Third Party Rights Unaffected.

Except as provided herein, this Taxation Compact is not intended by the parties to affect the individual rights of third parties or entities, including rights of individual members of the Tribe or the rights of persons subject to taxation by the State, County, or Tribe.

13.02. Amendments.

The parties may amend this Taxation Compact from time to time in writing, provided that such amendment must bear the signature of an authorized representative of each party. This provision for amendment, however, is not intended to grant to any party individually or to the parties collectively any legislative authority to change State or Tribal law without the concurrence of the appropriate legislative body.

13.03. Annual Review.

On the anniversary date of this Taxation Compact or the first business day thereafter, or on some other mutually agreed upon date, but in no event less than annually, the parties to this Taxation Compact agree to meet and confer to discuss compliance, progress in implementation, whether amendments are necessary, and other issues related to this Taxation Compact.

Article Fourteen

Post-Compact Non-Waiver and Preservation.

14.01. Preservation of Rights, Claims, and Defenses.

Upon the termination of the Taxation Compact, the parties may wish to reinstitute litigation concerning any claims and defenses relating to taxation within the exterior boundaries of the Reservation, and if that occurs, the parties understand and agree that all issues relating to State and local taxation may be litigated *de novo* including any and all claims and defenses related to the taxation of all real and personal property interests within the Reservation as set forth in

Articles Three and Four of the Taxation Compact. The parties acknowledge, understand and agree that this Taxation Compact, the prior litigation and the settlement negotiations leading up to this Taxation Compact shall not operate as a bar, waiver of any rights of the parties, or in any respect affect the ability of any party to this Taxation Compact to institute litigation and seek declaratory or injunctive relief or damages. The parties acknowledge, understand and agree that this Taxation Compact and the conduct of the parties pursuant to this Taxation Compact shall not be used in discovery or admissible into evidence, and all negotiations relating to this Taxation Compact and efforts to resolve any disputes relating to this Taxation Compact under Article Eleven shall be treated as compromise in settlement negotiations for purposes of the Federal Rules of Evidence, State Rules of Evidence, or Tribal Rules of Evidence. Notwithstanding the foregoing, however, for every annual period during which the Tribe makes and the County accepts, without contest, an annual voluntary payment in lieu of taxes, the Tribe shall be barred from asserting as a claim the sum of such payment, and the County and State shall be barred from seeking any taxes from the Tribe attributable to property, real or personal, owned by the Tribe within the Reservation.

IN WITNESS WHEREOF, the parties set forth their hands and seals on the date first above written.

ARTICLE 62

Intergovernmental Agreement Between
the Southern Ute Indian Tribe and the State of Colorado
Concerning Air Quality Control on the Southern Ute Indian Reservation

Law reviews: For article, "Air Pollution Control on the Southern Ute Indian Reservation", see 42 Colo. Law. 85 (Aug. 2013).

24-62-101. Intergovernmental agreement between the Southern Ute Indian tribe and the state of Colorado concerning air quality control on the Southern Ute Indian reservation. The general assembly hereby approves the intergovernmental agreement between the Southern Ute Indian tribe and the state of Colorado, referred to in this section as the "Agreement", dated December 13, 1999, and signed by Bill Owens, governor of Colorado; Howard D. Richards, Sr., vice-chairman of the Southern Ute Indian tribal council; and Ken Salazar, attorney general of Colorado. Said compact is as follows:

**INTERGOVERNMENTAL AGREEMENT
between
THE SOUTHERN UTE INDIAN TRIBE
and THE STATE OF COLORADO
CONCERNING AIR QUALITY CONTROL
ON THE SOUTHERN UTE INDIAN RESERVATION**

THIS INTERGOVERNMENTAL AGREEMENT is made and entered into by and between the SOUTHERN UTE INDIAN TRIBE ("Tribe") and the STATE OF COLORADO ("State").

**Article I
Purpose and Summary of the Agreement.**

The purpose of this Agreement is to establish a single air quality program applicable to all lands within the exterior boundaries of the Southern Ute Indian Reservation ("the Reservation Air Program"). The Southern Ute Indian Tribe/State of Colorado Environmental Commission ("Commission") established under this Agreement shall promulgate rules and regulations for the Reservation Air Program and shall conduct review of appealable administrative actions, pursuant to laws enacted by both parties. Any United States Environmental Protection Agency ("EPA") delegation to the Tribe as contemplated in this Agreement shall be contingent upon and shall last only so long as this Agreement is in effect and shall be exercised pursuant to this Agreement. The Commission shall be the air quality policy making and the administrative review entity for the Reservation Air Program. When all conditions and terms of this Agreement are fully in effect, the Tribe and the State intend that the Reservation Air Program shall be implemented and administered by the Tribe, pursuant to a delegation from the EPA, through the use of the staff of the Tribe's Environmental Programs Division ("EPD"), with the participation of the State's Air Pollution Control Division as outlined in this Agreement.

**Article II
Background.**

The Southern Ute Indian Reservation ("Reservation") is located in southwest Colorado in the southern portions of La Plata and Archuleta Counties. Congress confirmed the boundaries of the Reservation in the Act of May 21, 1984, Pub. L. No. 98-290, 98 Stat. 201, 202 (found at "Other Provisions" note to 25 U.S.C.S. § 668) ("P.L. 98-290"). The Reservation encompasses approximately 681,000 acres, of which approximately 308,000 surface acres are held in trust by the United States for the benefit of the Tribe. Additionally, the Tribe owns the mineral estate underlying a majority of Reservation lands. As the result of the historical allotment, homesteading, and restoration of undisposed of lands to tribal ownership, the Reservation is a checkerboard of land ownerships, including: lands held in trust by the United States for the Tribe's benefit; lands held in trust by the United States for the benefit of individual tribal members; lands owned in fee by members of the Tribe; lands owned in fee by non-Indians; and National Forest lands.

The Clean Air Act directs EPA to promulgate regulations specifying those Clean Air Act provisions for which Indian tribes may be treated in the same manner as states for the purposes of primacy in the development and implementation of air quality programs, 42 U.S.C. § 7601 (d). EPA promulgated such regulations on February 12, 1998, 63 Fed. Reg. 7253. Pursuant to the Clean Air Act and EPA regulations, tribes have the flexibility to assume responsibility for administering some, but not necessarily all, Clean Air Act programs and preserving that flexibility is important to the Tribe.

In July, 1998, the Tribe submitted an application for treatment as a state ("TAS application"). In its application, the Tribe requested it be treated as a state with respect to the administration of Clean Air Act programs over all land located within the exterior boundaries of the Reservation. The specific purposes of the TAS application were to receive grant funding under section 105 of the Clean Air Act and recognition as an "affected State" to comment on draft operating permits. The Tribe asserted in its TAS application that it has jurisdiction to regulate all sources of air pollution located within the Reservation's exterior boundaries under the Clean Air Act, including non-Indian owned sources located on fee lands.

In its comments on the Tribe's TAS application, the State has objected insofar as the application requests tribal Clean Air Act authority over non-Indian owned sources located on fee land within the exterior boundaries of the Reservation. The State asserts that P.L. 98-290 establishes its jurisdiction to regulate non-Indian owned sources located on fee lands within the Reservation boundaries. There is no dispute as to the Tribe's jurisdictional authority to regulate sources of air pollution located on trust lands within the Reservation and Indian-owned sources located on fee land within the Reservation.

The purpose of P.L. 98-290 was to avoid long and costly litigation over issues dependent on reservation or Indian country status by confirming the boundaries of the Southern Ute Indian Reservation and defining jurisdiction within such reservation. Despite the enactment of P.L. 98-290, the Tribe and the State do not agree as to territorial and regulatory jurisdiction concerning the administration of Clean Air Act programs relative to non-Indian air pollution sources on fee land within the boundaries of the Reservation. Notwithstanding the Tribe's and the State's conflicting jurisdictional assertions regarding the regulation of non-Indian sources of air pollution located on fee lands within the boundaries of the Reservation, the Tribe and the State wish to work cooperatively to develop a comprehensive air quality program applicable to all lands within the boundaries of the Reservation to improve and protect the air quality on the

Reservation. It is agreed that the air quality program to be developed pursuant to this Agreement should reflect the particular interests of the Tribe, yet remain compatible with State air quality goals. The State and the Tribe, as governments that share contiguous physical boundaries, recognize that it is in the interest of the environment and all residents of the Reservation and the State of Colorado to work together to ensure consistent and comprehensive air quality regulation on the Reservation without threat of expensive and lengthy jurisdictional litigation.

The Tribe and State agree that the establishment of a single collaborative authority for all lands within the exterior boundaries of the Reservation best advances rational, sound, air quality management and will minimize duplicative efforts and expenditures of monetary and program resources by the Tribe and the State. The State and the Tribe also agree that the establishment of such an air program would create the most readily defined regulatory environment for sources on the Reservation. Therefore, this Agreement encompasses the regulation of all air pollution sources on the Reservation.

Article III Authorities.

The Tribe is a federally recognized Indian tribe that is organized under a constitution, approved by the Secretary of the Interior, pursuant to the Indian Reorganization Act of 1934, ch. 576, 48 Stat. 984 (codified as amended at 25 U.S.C. §§ 461, et seq.). The Tribal Council of the Southern Ute Indian Tribe is authorized to act for the Tribe by the Constitution adopted by the Southern Ute Indian Tribe and approved by the Secretary of the Interior on November 4, 1936, and approved as amended on October 1, 1975.

Colorado is a state admitted to the United States of America on an equal footing, pursuant to Art. IV, § 3 of the Constitution of the United States of America. The State of Colorado was duly formed in 1876 under its Constitution and Enabling Act. The Governor of the State of Colorado is empowered to act on behalf of the State pursuant to Art. IV of the Colorado Constitution and other authorities.

In the Clean Air Act, Congress encourages cooperative activities and agreements between adjoining governments for the prevention and control of air pollution, 42 U.S.C. § 7402. Moreover, EPA strongly encourages tribal and State cooperation in the development of air programs, 64 Fed. Reg. 8253.

Article IV Preservation of Jurisdiction and Sovereign Immunity.

Nothing in this Intergovernmental Agreement shall affect the respective jurisdictions of the Tribe and the State as set forth in P.L. 98-290, until and unless changed by federal legislation. By entering into this Agreement, neither the State nor the Tribe concedes or waives any legal arguments concerning the authority to regulate non-Indian air pollution sources located on fee lands within the boundaries of the Reservation. Upon termination of this Agreement, the parties acknowledge, understand and agree that this Agreement shall not operate as a bar, waiver of any rights of the parties, or in any respect affect the ability of any party to this Agreement to assert its arguments in support of its authority to regulate non-Indian air pollution sources located on fee lands within the boundaries of the Reservation.

Nothing in this Agreement shall be construed as constituting a waiver of any immunity by either the Tribe or State for any purpose whatsoever.

Article V

Process for Establishing the Reservation Air Program.

The Tribe and the State agree that establishing the Reservation Air Program will take many steps and occur in phases. The parties set forth the phases here to serve as a context for the remainder of the terms of this Agreement. A description of the phases also clarifies the particular aspects of this Agreement that are operative at any given time.

A. Formation Phase. The Formation Phase is the time between execution of this Agreement and the enactment of tribal and State legislation that approves of this Agreement and creates the Commission as provided in Articles VII and VIII. In the Formation Phase, the Tribe and the State will seek the enabling legislation. If EPA grants the portion of the Tribe's TAS application seeking grant authority only for the limited purpose of determining that the Tribe is eligible to receive grant funding under section 105 of the Clean Air Act, the State will not contest this limited EPA finding. To implement the terms and conditions of this Agreement, the EPA will also have to find that the Tribe has authority to and is eligible to implement a regulatory program under the Clean Air Act. The Tribe will incorporate this Agreement and the Commission's role under this Agreement in any amended TAS application or request for EPA delegation to the Tribe of Clean Air Act programs. The Tribe and the State agree that they will cooperate to obtain this further finding and approval from EPA as is necessary for and subject to the performance of this Agreement. The parties will also seek federal legislation as set forth in this Agreement. During the Formation Phase, the Tribe and the State will work cooperatively to administer and enforce an air quality program for the Reservation, as provided in Article IX.

B. Development Phase. The Development Phase is the time period after enactment of the tribal and State legislation creating the Commission and its authority and before adoption of federal legislation and delegation by the EPA of any Clean Air Act programs. In the Development Phase, the Commission will determine which parts of the Clean Air Act or other air programs to incorporate into the Reservation Air Program, based on State or other regulations as modified by the Commission to address the particular local circumstances of the Reservation. The Tribe will then apply for delegation of those programs from EPA, such delegation being conditioned upon compliance with this Agreement, including the Commission's authority to participate under this Agreement in the administration of the Reservation Air Program. The Commission will also adopt procedural rules and regulations for the Reservation Air Program. The Commission will work cooperatively with the Tribe's EPD staff in the administration and implementation of the Reservation Air Program, as set forth in Articles VII and VIII. The parties shall also diligently seek federal legislation during the development phase.

C. Program Phase. The program phase is that time period after enactment of federal legislation and after actual delegation of Clean Air Act Programs by the EPA. At that point all components of this Agreement will be in effect.

Article VI

Conditions.

A. Legislative Ratification. As a condition to implementation of this Agreement, the parties agree that this Agreement must be approved by the Colorado General Assembly.

B. State Statutory Enactment. As an additional condition, the parties agree that the state legislation needed to implement the terms of this Agreement, including authorization for creation of a joint Southern Ute Indian Tribe/State of Colorado Environmental Control Commission, shall be enacted by the Colorado General Assembly during the Second Regular Session of the Sixty-Second General Assembly.

C. Tribal Enactment. As an additional condition, the parties agree that the Tribe, through its Tribal Council, shall enact such resolutions or ordinances approving and permitting the implementation of this Agreement, including authorization for creation of a joint Southern Ute Indian Tribe/State of Colorado Environmental Control Commission, no later than January 26, 2000.

D. Agreement for Federal Enactment. The parties agree to support and to seek the passage of federal legislation, as provided in Article XI. The parties agree to seek and support passage of such federal legislation during the Congressional session held during the years 2000, 2001, and 2002. As an additional condition, if such federal legislation is not enacted within three years of the effective date of this Agreement, this Agreement shall become null and void.

Article VII

The State/Tribe Environmental Commission.

The Tribe and the State shall establish a joint Southern Ute Indian Tribe/State of Colorado Environmental Control Commission ("Commission"), by the enactment of legislation by each party. The Commission is not an agency of the State of Colorado nor the Southern Ute Indian Tribe, but is a separate entity.

The Commission shall consist of six members, three of whom shall be appointed by the Tribal Council of the Tribe and three of whom shall be appointed by the Governor. Commission members shall serve for the terms and under the conditions specified in the enabling legislation. The Commission shall annually elect a person to preside as chair. The chair shall alternate annually between a tribal and State member. During their term of service, a member may be removed with or without cause only by the authority that appointed that member.

The Commission shall only act by a majority vote of all of its members.

The purpose of the Commission is to establish the rules and regulations applicable to the Reservation Air Program and conduct review of appealable administrative actions. Both the Tribe and the State may advocate any particular interest or viewpoint to the Commission, but the Commission is empowered to make rules and regulations for the Reservation Air Program and to review appealable administrative actions taken by the Tribe. While this Agreement is in effect, the Tribe and the State shall recognize and abide by the Commission's decisions, and its rules and regulations.

To carry out its functions, the Commission may call upon the employees of the Tribe's Environmental Programs Division and the State's Air Pollution Control Division, as more fully set forth in Article VIII of this Agreement.

The duties of the Commission shall include the responsibility to:

(a) Determine the specific programs under the Clean Air Act, or other air programs, that should apply to the Reservation, by taking into account the specific environmental, economic, geographic, and cultural needs of the Reservation;

(b) Promulgate rules and regulations that are necessary for the proper implementation and administration of those programs, including determining which administrative actions are appealable to the Commission;

(c) Establish procedures the Commission will follow in promulgating rules and regulations, and for review of appealable administrative actions taken by the Tribe;

(d) Review and approve of a long-term plan, initially prepared by the Tribe, for improving and maintaining air quality within the Reservation, which also takes into account regional planning in the La Plata and Archuleta County region;

(e) Monitor the relationships among the State and tribal environmental protection agencies to facilitate information sharing, technical assistance and training;

(f) Review administrative actions according to the Commission's adopted administrative procedures;

(g) Approve and adopt fees for permits and other regulatory services conducted by the Tribe or the State, after considering a proposed fee schedule prepared by the Tribe, and direct payment of fees by air pollution sources to the Tribe;

(h) Ensure consistency and adherence to applicable standards and resolve disputes involving third parties;

(i) Review emission inventories as developed by the Tribe and State;

(j) Conduct public hearings pertaining to the adoption of rules and regulations, or relating to review of appealable administrative actions, and issue orders resulting from those proceedings;

(k) Request tribal staff to perform any administrative or clerical functions necessary to issue orders and conduct Commission business, or the Commission at its option may appoint a technical secretary to perform such duties, except that no authority shall be delegated to adopt, promulgate, amend or repeal standards or regulations, or to make determinations, or to issue or countermand orders of the Commission;

(l) Any other duties necessary to accomplish the purposes of this Agreement, and as authorized by the State and tribal enabling legislation.

Article VIII

Administration of the Reservation Air Program.

The Commission is the policy making and administrative review authority for the Reservation Air Program. The Commission may call upon either tribal or State staff for assistance in carrying out its responsibilities pursuant to this Agreement. The Tribe and the State agree that during the Development and Program Phases, tribal employees shall assume the primary role for day-to-day administration and enforcement.

A. Duties of Tribe. The State and Tribe agree that the day-to-day administration and enforcement of the Reservation Air Program shall be the responsibility of the Tribe. The Tribe agrees that it shall administer and enforce the standards, rules and regulations adopted by the Commission for the Reservation Air Program. The Tribe may also promulgate rules and regulations that are consistent with the rules and regulations adopted by the Commission and

necessary for the Tribe to maintain its delegations from EPA obtained to perform this Agreement.

In addition to other responsibilities that the parties may agree are necessary for the effective implementation of this Agreement, it is agreed that the administrative and enforcement responsibilities of the Tribe shall include the responsibility to:

(a) Prepare initial drafts of rules and regulations for the Reservation Air Program for review by the State and, ultimately, for consideration by the Commission;

(b) Administer all activities related to permits including, for example, permit application review, permit issuance, permit modification procedures, and conduct all permit processing;

(c) Collect data, by means of field studies and air monitoring conducted by the Tribe or by individual stationary sources and mobile air pollution sources, and determine the nature and quality of existing ambient air throughout the Reservation;

(d) Conduct inspections of any property, premises, or place within the Reservation with respect to any actual, suspected, or potential source of air pollution or for ascertaining compliance or noncompliance with any applicable requirements;

(e) Furnish technical advice and services relating to air pollution problems and control techniques;

(f) Initiate enforcement actions when the results of atmospheric tests conducted establish that the ambient air or source of emission of smoke or air pollution fails to meet the applicable standards;

(g) Develop a long-term plan, for approval by the Commission, for improving and maintaining air quality within the Reservation, which also takes into account regional planning in the La Plata and Archuleta County region;

(h) Prepare a fee schedule for approval by the Commission, and to collect said fees as are necessary for the administration of the Reservation Air Program and the Commission expenses, consistent with sub-section (B) of this article VIII;

(i) Expend and account for funds, either collected from air pollution sources or granted to the Tribe by the EPA to administer the Reservation Air Program, for reasonable and necessary expenses to administer the Reservation Air Program;

(j) Establish emission inventories;

(k) Issue permits and enforce the terms and conditions of permits;

(l) Gather information from sources of air pollution;

(m) Issue cease and desist orders, and take other emergency actions as may be necessary to protect the public health, welfare, and the environment;

(n) Issue notices of violation as may be required;

(o) Require any air pollution source to furnish information related to source emissions or to any investigation authorized by law or regulation, and to obtain from a court of appropriate jurisdiction a subpoena to compel the production of necessary documents to obtain such information;

(p) Prepare applications for delegation of programs from EPA, in furtherance of this Agreement.

The Tribe shall afford the State, through its Air Quality Control Division and Air Quality Control Commission, the opportunity to participate in the carrying out of such responsibilities by the Tribe, through appropriate notice, comment, and consultation.

B. Funding for Commission and Program Costs. Once the Commission is established and during the Program Phase of this Agreement, it is the intent of the Tribe and the State that funding for administration of the Reservation Air Program and the Commission's expenses shall come from fees and grants. Pursuant to Article VII, the Commission shall establish fees for air pollution sources and direct payment of those fees to the Tribe. The Tribe shall apply for and may receive grants from EPA for administration of the Reservation Air Program. From these revenues (i.e., fees and grants), the Tribe shall fund the staff and program costs necessary to perform the Tribe's duties under this Agreement. The Tribe shall pay the State for the personal services costs, at a rate of compensation determined by contract, of any State employee who participates in the administration of the Reservation Air Program pursuant to this Article VIII. It is the intent of the Tribe and the State that fees shall also be sufficient to cover the Commission's necessary expenses. The parties agree that they may also jointly seek funding from EPA for the necessary expenses of the Commission to perform its duties. To the extent such EPA funding is not obtained or if funding from fees is not allowed by the Clean Air Act, the State and the Tribe each will be responsible for funding associated with the participation of their representatives on the Commission. However, State funding for its expenses is conditioned upon appropriation or the availability of other state-only funds that the State could use for this purpose.

Article IX
Tribal and State Cooperation
During the Formation and Development Phases
of the Reservation Air Program.

The parties recognize that the fulfillment of the purposes of this Agreement will require communication, collaboration, and cooperation among the State, Tribe, and federal governments, State agencies such as the Department of Public Health and Environment and the Air Pollution Control Division, the Tribe's Environmental Programs Division, EPA, and the Commission. Such cooperation is especially needed during the formation and development phases of this Agreement.

A. Air Program During the Formation and Development Phases. During the Formation and Development Phases, the Tribe will work cooperatively with EPA to allow direct EPA implementation of Clean Air Act requirements for sources located on trust lands and Indian sources located on fee lands within the Reservation. With regard to Fee Lands, the Tribe will not jurisdictionally challenge the State's administration of such programs with respect to non-Indian owned air pollution sources located on fee lands within the Reservation. During the formation and development phases, for regulation of non-Indian air pollution sources on fee lands, the State and the Tribe shall participate together in regulatory activities. In its administration of permits for non-Indian air pollution sources on fee lands, the State shall:

(a) Notify the Tribe upon receipt of permit applications and afford the Tribe an opportunity to participate in the review of permit applications;

(b) Afford the Tribe the opportunity to review and comment, within thirty (30) days, on draft notices of violation, draft consent orders, draft compliance orders, and draft air pollution source permits prepared by the APCD;

(c) Afford the Tribe the opportunity to participate in source inspections and in surveillance activities;

(d) Notify the Tribe and provide for tribal participation in decisions concerning potential enforcement actions, including penalties to be assessed, and participation in all notice of violation conferences.

1. Funding during the Formation and Development Phases. During the Formation Phase, the State will continue to assess and collect fees as provided by Colorado statute and will expend such funds to administer the State program for non-Indian sources on fee lands. The Tribe will use its own funds or may apply for EPA grants to fund its activities. During the Development Phase, permitting fees and any other fees for non-Indian owned sources located on fee lands will be divided between the Tribe and State in a manner that is commensurate with the responsibilities, costs incurred, and time spent by each party with respect to such permits and such division of fees shall be authorized pursuant to the State and tribal legislation contemplated herein. The parties shall endeavor to reach agreement on the appropriate division of fees prior to the conduct of any work related to such permits.

B. Other Cooperation during the Formation and Development Phases. During the time period that the Commission is being created by State and tribal legislation, and prior to the time that EPA delegates specific programs to the Tribe, the Tribe and the State agree to cooperate as follows:

1. Technical Assistance. The State, by and through the APCD, will advise the Tribe about the kinds of technical assistance that it can provide. The Tribe, with the assistance of the APCD, will develop technical assistance priorities. The APCD will make available technical expertise from all APCD program areas to assist the Tribe in the development and management of the Reservation Air Program and to assist the Tribe in developing its own technical expertise in air resource management. The Tribe and the APCD agree to exchange technical expertise regarding matters of mutual interest. Unless otherwise required by state or federal law, the APCD shall not share or release to any other governmental or private agency or person, without the written consent of the Tribe, any information obtained by the APCD from the Tribe or information generated by the APCD through technical assistance to the Tribe; provided, however, this confidentiality requirement shall not apply to information which has already been disclosed to the public by the Tribal Council or its representatives and information that the Tribe specifically approves for distribution to the public. If the APCD receives a request under the state Open Records Act to disclose confidential information, the APCD shall notify the Tribe of the request within a time sufficient to enable the Tribe to assert its claim to confidentiality prior to the APCD producing any requested documents.

2. Training. Upon request, the Tribe will help APCD employees improve their understanding of Southern Ute traditional values and practices, natural resource values, treaty and other federally reserved rights, and relevant law enforcement policy issues. The APCD will provide the Tribe with access to APCD training programs. To facilitate the attendance of tribal personnel at APCD training programs, the APCD shall notify the Tribe in advance of such programs.

3. Funding. During the Program Phase, the Reservation Air Program shall be funded as set forth in Article VIII.

Article X

Enforcement and Judicial Review.

A. During Formation and Development Phase. Prior to the formation of the Commission and the adoption of the federal legislation and actual EPA delegation of Clean Air Act programs, the parties agree that the State may exercise civil and criminal enforcement jurisdiction over non-Indians on fee lands within Reservation boundaries for violations of applicable air quality regulations. Appeals of State air enforcement action and other air quality related decisions may be brought in State court consistent with State law and regulation. Pursuant to P.L. 98-290, the Tribe may exercise jurisdiction over Indians on all lands within the boundaries of the Reservation, and over non-Indians on trust land, for violations of applicable tribal air quality regulations. Nothing herein is intended as restricting, diminishing or defining the jurisdiction of EPA.

B. During the Program Phase.

1. Civil Enforcement Action. Following the adoption of the federal legislation and EPA delegation of Clean Air Act programs contemplated by this agreement, the Tribe will exercise civil enforcement jurisdiction over any persons on all lands within Reservation boundaries for violations of the Reservation air quality program, subject to administrative review by the Commission. Consistent with the federal legislation contemplated by this Agreement, final decisions of the Commission will be subject to review in federal district court in accord with the provisions of the federal Administrative Procedure Act.

2. Criminal Enforcement Action. Following the formation of the Commission and the adoption of the federal legislation contemplated by this agreement, it is the intent of the parties that EPA will exercise criminal enforcement jurisdiction over any persons on all lands with Reservation boundaries for violations of the Reservation Air Program.

**Article XI
Federal Legislation.**

The State and Tribe agree to seek cooperatively federal legislation to confirm the eligibility of the Tribe to receive a delegation of authority to administer programs under the Clean Air Act for all lands within the boundaries of the Reservation, contingent upon the continued existence of this Agreement. The purpose of the federal legislation will be to facilitate the delegation of authority to the Tribe pursuant to the terms and conditions of this Agreement and to provide an effective mechanism for the enforcement of program requirements and for administrative and judicial review. It is agreed that the parties will seek legislation whereby, notwithstanding any limitation contained in P.L. 98-290 or any other limitation contained in federal law, the Tribe will be authorized to be treated as a State for Clean Air Act purposes for all lands within the Reservation and recognized as eligible to receive a delegation of authority from EPA to administer programs pursuant to the Clean Air Act, provided that this Agreement and the joint Southern Ute Indian Tribe/State of Colorado Environmental Control Commission, established pursuant to State and tribal law as provided herein, remains in effect.

**Article XII
Tribal Treatment as a State Applications
and Requests for Program Approval.**

During the Development Phase, the Tribe shall apply to EPA for approval of Clean Air Act programs and delegation to the Tribe of the authority to administer such programs with respect to all lands within the Reservation, as determined by the Commission and subject to the terms of this Agreement. The State agrees that it will not jurisdictionally challenge the Tribe's requests to EPA for approval of these programs or delegation to the Tribe of the authority to administer Clean Air Act programs with respect to the Reservation, including non-Indian facilities located or non-Indian activities conducted on fee lands within the boundaries of the Reservation, provided such requests are pursuant to the determination of the Commission and subject to the terms of this Agreement.

For Indian tribes establishing eligibility pursuant to 40 C.F.R. § 35.220 (a), EPA may provide financial assistance in an amount up to 95 percent (95%) of the approved costs of planning, developing, establishing, or approving an air pollution control program, and up to 95 percent (95%) of the approved costs of maintaining that program, 40 C.F.R. § 35.205.

The Tribe and the State agree to cooperate in seeking from EPA any recognition of or delegation to the Tribe necessary to carry out the terms and conditions of this Agreement. The State agrees that it will support an amended or additional TAS application or request for program delegation by the Tribe which incorporates the terms of this Agreement. The Tribe agrees that it will not submit a request for approval of a Clean Air Act program or for approval of partial elements of a Clean Air Act program unless asked to do so by the Commission and in accordance with the requirements contained in this Agreement.

Article XIII

Miscellaneous.

A. Effective Date. This Agreement shall begin and become effective when executed by both parties.

B. Amendment. The parties may amend this Agreement from time to time in writing, provided that such amendment must bear the signature of an authorized representative of each party. This provision for amendment is not intended to grant to any party individually or to the parties collectively any legislative authority to change State or Tribal law without the concurrence of the appropriate legislative body.

C. Termination. This Agreement shall continue in effect until terminated by joint agreement of the parties, provided, however, that either party may terminate the agreement contained herein by giving advance written notice of one year to the other party. Any termination of this Agreement shall serve to end the delegation from EPA to the Tribe to administer any Clean Air Act programs delegated pursuant to this Agreement. The termination of this Agreement shall also operate as an automatic repeal of the State and tribal legislation enacted pursuant to Article VI of this Agreement.

D. Notices. Notices hereunder shall be in writing and shall be given by personal delivery or by deposit in the United States mail by certified mail, return receipt requested, postage prepaid and addressed to the Tribe and the State at the addresses set forth below, or such other place as is provided to the other parties by written notice:

24-62-102. Legislative declaration. (1) The general assembly hereby:

(a) Finds that sub-section (D) of article VI of the "Intergovernmental Agreement between the Southern Ute Indian Tribe and the State of Colorado Concerning Air Quality Control on the Southern Ute Indian Reservation" originally specified that if federal legislation authorizing the treatment of the tribe as a state for federal "Clean Air Act" purposes was not enacted by December 13, 2002, then the agreement would become null and void;

(b) Determines that, pursuant to sub-section (B) of article XIII of the agreement, the parties to the agreement modified sub-section (D) of article VI of the agreement in December 2001, December 2002, and December 2003, to extend for one year the deadline for passage of the federal legislation, and the final deadline for such passage according to the agreement as modified is December 13, 2004; and

(c) Declares that, whereas the federal legislation contemplated by the agreement, "The Southern Ute and Colorado Intergovernmental Agreement Implementation Act of 2004" (P.L. 108-336), was approved on October 18, 2004, the contingency contemplated by sub-section (D) of article VI of the agreement and section 25-7-1309 (1)(c), C.R.S., is moot.

PART 2

AREAS AND ACTIVITIES DESCRIBED - CRITERIA FOR ADMINISTRATION

24-65.1-201. Areas of state interest as determined by local governments. (1) Subject to the procedures set forth in part 4 of this article, a local government may designate certain areas of state interest from among the following:

- (a) Mineral resource areas;
- (b) Natural hazard areas;
- (c) Areas containing, or having a significant impact upon, historical, natural, or archaeological resources of statewide importance; and
- (d) Areas around key facilities in which development may have a material effect upon the key facility or the surrounding community.

Source: L. 74: Entire article added, p. 341, § 1, effective May 17.

24-65.1-202. Criteria for administration of areas of state interest. (1) (a) Mineral resource areas designated as areas of state interest shall be protected and administered in such a manner as to permit the extraction and exploration of minerals therefrom, unless extraction and exploration would cause significant danger to public health and safety. If the local government having jurisdiction, after weighing sufficient technical or other evidence, finds that the economic value of the minerals present therein is less than the value of another existing or requested use, such other use should be given preference; however, other uses which would not interfere with the extraction and exploration of minerals may be permitted in such areas of state interest.

(b) Areas containing only sand, gravel, quarry aggregate, or limestone used for construction purposes shall be administered as provided by part 3 of article 1 of title 34, C.R.S.

(c) The extraction and exploration of minerals from any area shall be accomplished in a manner which causes the least practicable environmental disturbance, and surface areas disturbed thereby shall be reclaimed in accordance with the provisions of article 32 of title 34, C.R.S.

(d) Repealed.

(2) (a) Natural hazard areas shall be administered as follows:

(I) (A) Floodplains shall be administered so as to minimize significant hazards to public health and safety or to property. The Colorado water conservation board shall promulgate a model floodplain regulation no later than September 30, 1974. Open space activities such as agriculture, horticulture, floriculture, recreation, and mineral extraction shall be encouraged in the floodplains. Any combination of these activities shall be conducted in a mutually compatible manner. Building of structures in the floodplain shall be designed in terms of the availability of flood protection devices, proposed intensity of use, effects on the acceleration of floodwaters, potential significant hazards to public health and safety or to property, and other impact of such development on downstream communities such as the creation of obstructions during floods. Activities shall be discouraged that, in time of flooding, would create significant hazards to public health and safety or to property. Shallow wells, solid waste disposal sites, and septic tanks and sewage disposal systems shall be protected from inundation by floodwaters. Unless an activity of state interest is to be conducted therein, an area of corrosive soil, expansive soil and rock, or siltation shall not be designated as an area of state interest unless the Colorado conservation board, through the local conservation district, identifies such area for designation.

(B) Nothing in sub-subparagraph (A) of this subparagraph (I), as amended by House Bill 05-1180, as enacted at the first regular session of the sixty-fifth general assembly, shall be construed as changing the property tax classification of property owned by a horticultural or floricultural operation.

(II) Wildfire hazard areas in which residential activity is to take place shall be administered so as to minimize significant hazards to public health and safety or to property. The Colorado state forest service shall promulgate a model wildfire hazard area control regulation no later than September 30, 1974. If development is to take place, roads shall be adequate for service by fire trucks and other safety equipment. Firebreaks and other means of reducing conditions conducive to fire shall be required for wildfire hazard areas in which development is authorized.

(III) In geologic hazard areas all developments shall be engineered and administered in a manner that will minimize significant hazards to public health and safety or to property due to a geologic hazard. The Colorado geological survey shall promulgate a model geologic hazard area control regulation no later than September 30, 1974.

(b) After promulgation of guidelines for land use in natural hazard areas by the Colorado water conservation board, the Colorado conservation board through the conservation districts, the Colorado state forest service, and the Colorado geological survey, natural hazard areas shall be administered by local government in a manner that is consistent with the guidelines for land use in each of the natural hazard areas.

(3) Areas containing, or having a significant impact upon, historical, natural, or archaeological resources of statewide importance, as determined by the state historical society, the department of natural resources, and the appropriate local government, shall be administered by the appropriate state agency in conjunction with the appropriate local government in a manner that will allow man to function in harmony with, rather than be destructive to, these resources. Consideration is to be given to the protection of those areas essential for wildlife habitat. Development in areas containing historical, archaeological, or natural resources shall be conducted in a manner which will minimize damage to those resources for future use.

(4) The following criteria shall be applicable to areas around key facilities:

(a) If the operation of a key facility may cause a danger to public health and safety or to property, as determined by local government, the area around the key facility shall be designated and administered so as to minimize such danger; and

(b) Areas around key facilities shall be developed in a manner that will discourage traffic congestion, incompatible uses, and expansion of the demand for government services beyond the reasonable capacity of the community or region to provide such services as determined by local government. Compatibility with nonmotorized traffic shall be encouraged. A development that imposes burdens or deprivation on the communities of a region cannot be justified on the basis of local benefit alone.

(5) In addition to the criteria described in subsection (4) of this section, the following criteria shall be applicable to areas around particular key facilities:

(a) Areas around airports shall be administered so as to:

(I) Encourage land use patterns for housing and other local government needs that will separate uncontrollable noise sources from residential and other noise-sensitive areas; and

(II) Avoid danger to public safety and health or to property due to aircraft crashes.

(b) Areas around major facilities of a public utility shall be administered so as to:

(I) Minimize disruption of the service provided by the public utility; and

(II) Preserve desirable existing community patterns.

(c) Areas around interchanges involving arterial highways shall be administered so as to:

(I) Encourage the smooth flow of motorized and nonmotorized traffic;

(II) Foster the development of such areas in a manner calculated to preserve the smooth flow of such traffic; and

(III) Preserve desirable existing community patterns.

(d) Areas around rapid or mass transit terminals, stations, or guideways shall be developed in conformance with the applicable municipal master plan adopted pursuant to section 31-23-206, C.R.S., or any applicable master plan adopted pursuant to section 30-28-108, C.R.S. If no such master plan has been adopted, such areas shall be developed in a manner designed to minimize congestion in the streets; to secure safety from fire, floodwaters, and other dangers; to promote health and general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; and to facilitate the adequate provision of transportation, water, sewerage, schools, parks, and other public requirements. Such development in such areas shall be made with reasonable consideration, among other things, as to the character of the area and its peculiar suitability for particular uses and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the jurisdiction of the applicable local government.

24-65.1-203. Activities of state interest as determined by local governments. (1) Subject to the procedures set forth in part 4 of this article, a local government may designate certain activities of state interest from among the following:

- (a) Site selection and construction of major new domestic water and sewage treatment systems and major extension of existing domestic water and sewage treatment systems;
- (b) Site selection and development of solid waste disposal sites except those sites specified in section 25-11-203 (1), C.R.S., sites designated pursuant to part 3 of article 11 of title 25, C.R.S., and hazardous waste disposal sites, as defined in section 25-15-200.3, C.R.S.;
- (c) Site selection of airports;
- (d) Site selection of rapid or mass transit terminals, stations, and fixed guideways;
- (e) Site selection of arterial highways and interchanges and collector highways;
- (f) Site selection and construction of major facilities of a public utility;

Editor's note: Amendments to subsection (1)(b) by Senate Bill 79-335 and House Bill 79-1156 were harmonized, effective January 1, 1980.

24-65.1-204. Criteria for administration of activities of state interest. (1) (a) New domestic water and sewage treatment systems shall be constructed in areas which will result in the proper utilization of existing treatment plants and the orderly development of domestic water and sewage treatment systems of adjacent communities.

(b) Major extensions of domestic water and sewage treatment systems shall be permitted in those areas in which the anticipated growth and development that may occur as a result of such extension can be accommodated within the financial and environmental capacity of the area to sustain such growth and development.

(2) Major solid waste disposal sites shall be developed in accordance with sound conservation practices and shall emphasize, where feasible, the recycling of waste materials. Consideration shall be given to longevity and subsequent use of waste disposal sites, soil and wind conditions, the potential problems of pollution inherent in the proposed site, and the impact on adjacent property owners, compared with alternate locations.

(3) Airports shall be located or expanded in a manner which will minimize disruption to the environment of existing communities, minimize the impact on existing community services, and complement the economic and transportation needs of the state and the area.

(4) (a) Rapid or mass transit terminals, stations, or guideways shall be located in conformance with the applicable municipal master plan adopted pursuant to section 31-23-206, C.R.S., or any applicable master plan adopted pursuant to section 30-28-108, C.R.S. If no such master plan has been adopted, such areas shall be developed in a manner designed to minimize congestion in the streets; to secure safety from fire, floodwaters, and other dangers; to promote health and general welfare; to provide adequate light and air; to prevent the overcrowding of land; to avoid undue concentration of population; and to facilitate the adequate provision of

transportation, water, sewerage, schools, parks, and other public requirements. Activities shall be conducted with reasonable consideration, among other things, as to the character of the area and its peculiar suitability for particular uses and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the jurisdiction of the applicable local government.

(b) Proposed locations of rapid or mass transit terminals, stations, and fixed guideways which will not require the demolition of residences or businesses shall be given preferred consideration over competing alternatives.

(c) A proposed location of a rapid or mass transit terminal, station, or fixed guideway that imposes a burden or deprivation on a local government cannot be justified on the basis of local benefit alone, nor shall a permit for such a location be denied solely because the location places a burden or deprivation on one local government.

(5) Arterial highways and interchanges and collector highways shall be located so that:

(a) Community traffic needs are met;

(b) Desirable community patterns are not disrupted; and

(c) Direct conflicts with adopted local government, regional, and state master plans are avoided.

(6) Where feasible, major facilities of public utilities shall be located so as to avoid direct conflict with adopted local government, regional, and state master plans.

(7) When applicable, or as may otherwise be provided by law, a new community design shall, at a minimum, provide for transportation, waste disposal, schools, and other governmental services in a manner that will not overload facilities of existing communities of the region. Priority shall be given to the development of total communities which provide for commercial and industrial activity, as well as residences, and for internal transportation and circulation patterns.

(8) Municipal and industrial water projects shall emphasize the most efficient use of water, including, to the extent permissible under existing law, the recycling and reuse of water. Urban development, population densities, and site layout and design of storm water and sanitation systems shall be accomplished in a manner that will prevent the pollution of aquifer recharge areas.

(9) Nuclear detonations shall be conducted so as to present no material danger to public health and safety. Any danger to property shall not be disproportionate to the benefits to be derived from a detonation.

(1) (a) Any person desiring to engage in development in an area of state interest or to conduct an activity of state interest shall file an application for a permit with the local government in which such development or activity is to take place. (b) If a person proposes to engage in development in an area of state interest or to conduct an activity of state interest not previously designated and for which guidelines have not been adopted, the local government may hold one hearing for determination of designation and guidelines and granting or denying the permit.

(c) The local government may maintain a mailing list and send notice of hearings relating to permits in a manner similar to that described in section 24-65.1-404 (2)(b).

(d) If the development or activity involves the construction or expansion of transmission facilities for which the applicant has sought a certificate of public convenience and necessity from the public utilities commission pursuant to section 40-2-126, the local government shall approve or deny issuance of the permit within one hundred eighty days after the application is deemed complete and public notice of the application is given. If the local government does not deny issuance of the permit within that period, the application is deemed approved.

(3) The local government may approve an application for a permit to engage in development in an area of state interest if the proposed development complies with the local government's guidelines and regulations governing such area. If the proposed development does not comply with the guidelines and regulations, the permit shall be denied.

(4) The local government may approve an application for a permit to conduct an activity of state interest if the proposed activity complies with the local government's regulations and

guidelines for conduct of such activity. If the proposed activity does not comply with the guidelines and regulations, the permit shall be denied.

(5) The local government conducting a hearing pursuant to this section shall:

(a) State, in writing, reasons for its decision, and its findings and conclusions; and

(b) Preserve a record of such proceedings.

(6) After May 17, 1974, any person desiring to engage in a development in a designated area of state interest or to conduct a designated activity of state interest who does not obtain a permit pursuant to this section may be enjoined by the appropriate local government from engaging in such development or conducting such activity.

(7) As part of an application for a permit under subsection (1) of this section, a transmission provider, as defined in section 33-45-102 (11), must demonstrate to the local government through written documentation that it has complied with sections 29-20-108 (6) and 33-45-103 (2).

ARTICLE 65.5

Notification of Surface Development

Law reviews: For article, "Oil and Gas Title Searches and Notice Under the Surface Development Notification Act", see 31 Colo. Law. 113 (Oct. 2002).

24-65.5-101. Legislative declaration - intent. The general assembly recognizes that the surface estate and the mineral estate are separate and distinct interests in real property and that one may be severed from the other. It is the intent of the general assembly that this article provide a streamlined procedure for providing notice to owners of mineral interests concerning impending surface development and to facilitate the negotiation of a surface use agreement providing for the joint use of the surface and a mechanism for resolution if an agreement is not reached. Further, it is the intent of the general assembly to include local governments in this process without creating additional liabilities for local governments.

Source: L. 2001: Entire article added, p. 486, § 2, effective July 1. **L. 2007:** Entire section amended, p. 2111, § 1, effective August 3.

24-65.5-102. Definitions - legislative declaration. As used in this article 65.5, unless the context otherwise requires:

(1) "Applicant" means a person who submits an application for development to a local government.

(1.5) "Affiliate" means a person controlling, controlled by, or under common control with another person and any officer, director, shareholder, member, partner, or owner of any such person.

(2) (a) "Application for development" means an initial application for a sketch plan, a preliminary or final plat for a subdivision, a planned unit development, or any other similar land use designation that is used by a local government. "Application for development" includes applications for general development plans and special use permits or any applications for zoning or rezoning to a planned unit development that would change or create lot lines where such applications are in anticipation of new surface development, but does not include amendments to an urban growth boundary, applications for annexation and zoning, applications for zoning or rezoning that will not change or create lot lines, an application for development that is a special use permit for the extraction of construction materials, as that term is defined in section 34-32.5-103, C.R.S., building permit applications, applications for a change of use for an existing structure, applications for boundary adjustments, applications for platting of an additional single lot, applications for lot site plans, or applications with respect to electric lines, crude oil or natural gas pipelines, steam pipelines, chilled and other water pipelines, or appurtenances to said lines or pipelines.

(b) (I) The general assembly hereby finds that:

(A) Pursuant to section 2-4-202, C.R.S., statutes are presumed to have only prospective effect, and under applicable case law this presumption applies unless the general assembly's contrary intent is clearly expressed; and

(B) House Bill 01-1088, which enacted this article, did not contain an applicability clause and was silent with regard to the issue of whether the requirements of this article apply to applications for development that were pending on July 1, 2001, the effective date of House Bill 01-1088.

(II) The general assembly hereby determines that, notwithstanding the fact that House Bill 01-1088 did not clearly express any intent of the general assembly that the requirements of this article would apply retroactively, there is uncertainty concerning whether such requirements should apply retroactively.

(III) To clarify its intent, the general assembly hereby declares that this article was intended to apply, and should only be applied, to applications for development that were filed on or after July 1, 2001, except as specified in subparagraphs (IV) and (V) of this paragraph (b).

(IV) To further clarify its intent, the general assembly hereby declares that the provisions of section 24-65.5-103 as amended on August 3, 2007, are intended to apply, and should only be applied, to applications for development where the initial public hearing had not been held prior to August 3, 2007, and that nothing in section 24-65.5-103 shall be deemed to supersede or modify the provisions of any surface use agreement or the provisions of any oil and gas or mineral lease entered into prior to August 3, 2007.

(V) To further clarify its intent, the general assembly hereby declares that nothing in this article shall be deemed to affect or establish the application of the doctrine of reasonable accommodation to determine the respective rights and obligations of the surface owner or mineral estate owner except upon lands that are qualifying surface developments burdened by oil and gas operations areas under section 24-65.5-103.5.

(2.5) "Commission" means the energy and carbon management commission created in section 34-60-104.3 (1).

(2.6) "Drilling window" means an area established by the commission within which the surface location of a well or wells may be established. In the greater Wattenberg area, such drilling windows are referred to generally as the "GWA window" and more specifically as the "four-hundred-foot window" and the "eight-hundred-foot window".

(2.7) "Governmental quarter section" means an area, approximately square, consisting of four contiguous quarter-quarter sections as defined by an official governmental survey.

(2.8) "Greater Wattenberg area" means those lands from and including townships 2 south to 7 north and ranges 61 west to 69 west of the sixth principal meridian.

(3) "Local government" means a county; a home rule or statutory city, town, or city and county; or a territorial charter city.

(4) "Mineral estate" means a mineral interest in real property that is shown by the real estate records of the county in which the real property is situated.

(5) "Mineral estate owner" means the owner or lessee of a mineral estate underneath a surface estate that is subject to an application for development.

(5.5) "Oil and gas operations" has the meaning established in section 34-60-103, C.R.S.

(5.6) "Oil and gas operations area" means an area designated pursuant to section 24-65.5-103.5 as the exclusive area for the conduct of oil and gas drilling and production operations and the location of associated production facilities in qualified surface developments.

(5.7) "Qualifying surface development" means an application for development covering at least one hundred sixty gross acres, plus or minus five percent, within the greater Wattenberg area, including any applications for development filed by affiliates sharing a common boundary, in whole or in part.

(6) "Surface estate" means a fee title interest in the surface of real property that may or may not include mineral rights as shown by the real estate records of the county in which the real property is situated.

(7) "Surface owner" means the owner of the surface estate and any person with rights under a recorded contract to purchase all or part of the surface estate.

24-65.5-103. Notice requirements. (1) Not less than thirty days before the date scheduled for the initial public hearing by a local government on an application for development, the applicant shall send notice, by certified mail, return receipt requested, or by a nationally recognized overnight courier, to:

(a) (I) A mineral estate owner who either:

(A) Is identified as a mineral estate owner in the county tax assessor's records, if those records are searchable by parcel number or by section, township, and range numbers or other legally sufficient description; or

(B) Has filed in the office of the county clerk and recorder in which the real property is located a request for notification in the form specified in subsection (3) of this section.

(II) Such notice shall contain the time and place of the initial public hearing, the nature of the hearing, the location and legal description by section, township, and range of the property that is the subject of the hearing, and the name of the applicant.

(b) The local government considering the application for development. Such notice shall contain the name and address of the mineral estate owners to whom notices were sent in accordance with paragraph (a) of this subsection (1).

(1.5) If an applicant files more than one application for development for the same new surface development with a local government, the applicant shall only be required to send notice pursuant to subsection (1) of this section of the initial public hearing scheduled for the first application for development to be considered by the local government. Local governments shall, pursuant to section 24-6-402 (7), provide notice of subsequent hearings to mineral estate owners who register for such notification.

(2) (a) The applicant shall identify the mineral estate owners entitled to notice pursuant to this section by examining the records in the office of the county tax assessor and clerk and recorder of the county in which the real property is located, including the appropriate request for notification pursuant to subsection (3) of this section. Notice shall be sent to the last-known address of the mineral estate owner as shown by such records.

(b) If such records do not identify any mineral estate owners, including their addresses of record, the applicant shall be deemed to have acted in good faith and shall not be subject to further obligations under this article. The applicant shall not be liable for any errors or omissions in such records.

(3) A mineral estate owner who requests or desires to obtain notice under this article or the mineral estate owner's agent may file in the office of the county clerk and recorder of the county in which the real property is located a request for notification form that identifies the mineral estate owner's mineral estate and the corresponding surface estate by parcel number and by section, township, and range numbers or other legally sufficient description. The clerk and recorder shall file request for notification forms in the real estate records for the county and shall also keep an index of request for notification forms by section, township, and range numbers or by subdivision lots and blocks.

(4) Prior to convening an initial public hearing on an application for development, a local government shall require the applicant to certify that notice has been provided to the mineral estate owner pursuant to subsection (1) of this section.

(5) A mineral estate owner may waive the right to notice under this section in writing to the applicant. Failure of a mineral estate owner to be identified in the records described in paragraph (a) of subsection (1) of this section or to file a request for notification under subsection (3) of this section shall not waive the right of such mineral estate owner to file an objection with the local government to such application for development no later than thirty days following the initial public hearing for approval of the application for development or to exercise the remedies set forth in section 24-65.5-104.

(6) Before completing the sale of a mineral estate, a mineral estate owner who has received notice as the owner of the mineral estate of a pending public hearing with respect to an application for development pursuant to this section shall notify the buyer of the mineral estate of the existence of the application for development. A transfer of an interest in a mineral estate by a mineral estate owner following the filing of a request for notification pursuant to subsection (3) of this section shall not modify the address to which the applicant may deliver notice under paragraph (a) of subsection (1) of this section until the transferee of such interest has filed an amendment to the request for notification describing the address to which such notices shall be sent.

24-65.5-103.3. Local government approval. (1) A local government shall, as a condition of final approval of an application for development, require the applicant to certify:

(a) That notice has been provided to mineral estate owners pursuant to section 24-65.5-103; and

(b) With respect to qualifying surface developments, that either:

(I) No mineral estate owner has entered an appearance or filed an objection to the proposed application for development within thirty days after the initial public hearing on the application;

(II) The applicant and any mineral estate owners who have filed an objection to the proposed application for development or have otherwise filed an entry of appearance in the initial public hearing regarding such application no later than thirty days following the initial public hearing on the application have executed a surface use agreement related to the property included in the application for development, the provisions of which have been incorporated into the application for development or are evidenced by a memorandum or otherwise recorded in the records of the clerk and recorder of the county in which the property is located so as to provide notice to transferees of the applicant, who shall be bound by such surface use agreements; or

(III) The application for development provides:

(A) Access to mineral operations, surface facilities, flowlines, and pipelines in support of such operations existing when the final public hearing on the application for development is held by means of public roads sufficient to withstand trucks and drilling equipment or thirty-foot-wide access easements;

(B) An oil and gas operations area and existing wellsite locations in accordance with section 24-65.5-103.5; and

(C) That the deposit for incremental drilling costs described in section 24-65.5-103.7 has been made.

(2) A local government approval of an application for development without the certification required by subsection (1) of this section when a mineral owner has timely entered an appearance or filed an objection shall be suspended and shall not constitute a valid final approval until the required certification is provided, any required local government proceedings following notice to affected mineral estate owners are held, and the local government approval is confirmed, amended, or revoked in response to the certification.

24-65.5-103.5. Oil and gas operations areas. (1) (a) Within the boundaries of a qualifying surface development, an oil and gas operations area shall meet at least one of the following requirements:

(I) If three or more wells have been or are being drilled in three separate drilling windows in any governmental quarter section, the oil and gas operations area shall provide for a setback not to exceed:

(A) A two-hundred-fifty-foot radius around one of the existing wells located in each of three separate drilling windows;

(B) A two-hundred-foot radius around any other existing wells;

(C) A two-hundred-foot perimeter around tanks; and

(D) An adequate right-of-way or easement for existing and future flowlines and pipelines and a nonexclusive right-of-way for roads reasonably necessary to access the wells and operations located within such areas; or

(II) If two or fewer wells have been or are being drilled in any governmental quarter section, the oil and gas operations area shall provide for:

(A) A six-hundred-foot by six-hundred-foot area, referred to in this paragraph (a) as the six-hundred-foot window, the center of which shall be located no further than two hundred feet from the center of the governmental quarter section. The six-hundred-foot window shall establish a setback from wells and tanks not to exceed two hundred feet from any occupied structure, one-hundred-fifty feet of such setback to be located inside the boundary of the oil and gas operations area and fifty feet to be located outside the boundary of the oil and gas operations area.

(B) A two-hundred-foot radius around any existing wells located outside of the six-hundred-foot window;

(C) A two-hundred-foot perimeter around tanks; and

(D) An adequate right-of-way or easement for existing and future flowlines and pipelines and roads reasonably necessary to access the wells and operations located within such areas.

(b) The oil and gas operations area configured under subparagraph (I) or (II) of paragraph (a) of this subsection (1) shall be the exclusive area for the location of wells and associated surface production facilities, including tanks. The approved plat may provide that the outer fifty feet of any setback of two hundred feet or more may be used by the surface owner for underground utilities, sidewalks, trails, and parking and may be landscaped with grasses or shallow-root landscaping and irrigated by sprinklers, all at the cost of the surface owner and without any liability to the mineral estate owner in the event of any damage to such improvements from the resumption or continuation of oil and gas operations. The surface owner shall cooperate with the operator to ensure that any sidewalks, trails, or parking areas within the outer fifty feet of any setback are restricted from public access during active oil and gas operations requiring use of the area by heavy equipment.

(2) A surface owner may not encroach on an oil and gas operations area or interfere with the mineral estate owner's use of an oil and gas operations area or any associated rights of way or easements designated in a plat or other application for development approved for recordation except as specified in this section.

(3) In addition to the criteria specified in subsection (1) of this section, the area included within an oil and gas operations area may be modified or moved as reasonably necessary to take into account legal, topographical, or existing surface development restrictions if such modification or movement does not adversely affect oil and gas operations, but an oil and gas operations area may not be reduced or increased in area.

(4) If the development plan contained in an approved application for development containing an approved oil and gas operations area is vacated, a mineral estate owner owning a mineral estate within the boundaries of such development shall thereafter be free to conduct operations within such boundaries in accordance with article 60 of title 34, C.R.S., and the commission's rules then or thereafter existing and subject to the provisions of any applicable surface use agreement.

(5) Nothing in this section impairs or overrides the authority of the commission to establish, amend, or otherwise regulate with respect to the establishment, modification, or elimination of drilling windows or any other matter within the commission's jurisdiction.

24-65.5-103.7. Deposit for incremental drilling costs. (1) The deposit for incremental drilling costs required under section 24-65.5-103.3 (1)(b)(III)(C) shall be an amount for each well in an approved oil and gas operations area that is required to be drilled directionally in order to access a bottom-hole location in one of the five drilling windows permitted by the commission under its greater Wattenberg rule, 2 CCR 404-1, rule 318A, as in effect on August 3, 2007, excluding directional wells required by the commission's greater Wattenberg rule, 2 CCR 404-1, rule 318A (e), as such rule was in effect on December 31, 2006, to be drilled at the operator's expense, up to a total of four wells per governmental quarter section, and shall be determined in accordance with the following criteria:

(a) The amount deposited by the applicant for incremental drilling costs shall be eighty-seven thousand five hundred dollars per well, which amount shall be increased or decreased on July 1 of each year in accordance with corresponding percentage increases or decreases in the Denver-Aurora-Lakewood consumer price index, or its applicable predecessor or successor index, published by the United States department of labor, bureau of labor statistics.

(b) As a condition of obtaining approval to record the final plat, the applicant shall provide confirmation to the local government that the applicant has deposited into an escrow account maintained at a commercial financial institution approved by the commission the amount determined under paragraph (a) of this subsection (1) to defray incremental drilling costs to be incurred by mineral estate owners for drilling wells to prospective formations accessible from the oil and gas operations area that could otherwise have been vertically drilled within drilling windows established by the commission that are not included in such oil and gas operations area. As an alternative to such deposit, the applicant may post a letter of credit or other security for such costs in such manner as the commission shall determine to be adequate. An applicant's failure to make such deposit shall not otherwise rescind, curtail, abrogate, or restrict any final approval of an application for development. If a directional well is commenced within the oil and gas operations area after final plat approval by the local government and before recordation of the final plat, the operator shall give written notice to the applicant of such

commencement and the applicant shall be required to make the escrow deposit required under this section within ten days after the commencement for each well that is so commenced.

(c) At the end of three years after recording the plat, subject to extension for a period of up to one year during the pendency of any federal, state, or local drilling permit filed within such three-year period, any funds in escrow or posted as security for which a claim has not been made by a mineral estate owner shall be released or returned to the applicant or its designated successor.

(d) A mineral estate owner that begins to drill a well pursuant to a drilling permit approved no later than three years after final plat approval, as such period may be extended as provided in paragraph (c) of this subsection (1), is entitled to draw on the incremental drilling cost account the amount of its actual incremental drilling costs up to eighty-seven thousand five hundred dollars per directional well, as such amount may be adjusted pursuant to paragraph (a) of this subsection (1) and by allocation of earned interest, by presenting to the commission confirmation that the well has been drilled directionally and confirmation regarding the amount of incremental drilling costs it has incurred with respect to such well. Incremental drilling costs eligible for reimbursement shall not include a mark-up for overhead, administrative, or managerial costs in excess of the actual costs directly incurred as the result of directional drilling of wells within oil and gas operations areas. No mineral estate owner is entitled to recover more than the amount of incremental drilling costs initially deposited in the escrow account, plus its proportionate share of accrued interest, divided by the number of wells for which the deposit was initially made. Upon the commission's approval of such information, the commission shall issue a directive to the escrow account holder or security holder to release the designated incremental drilling costs for such well to such mineral estate owner.

(e) Exhaustion of the incremental drilling funds in an escrow account or termination of the account shall not modify the availability of designated oil and gas operations areas for further drilling and other oil and gas operations or the protection afforded well sites, tanks, access roads, flowlines, and pipelines pursuant to section 24-65.5-103.5. The commission shall resolve disputes between the applicant and a mineral estate owner regarding the amount of incremental drilling costs to be deposited in escrow or the amount of such costs for which reimbursement is sought.

24-65.5-104. Enforcement - remedies. (1) (a) If an applicant certifies to the local government that such applicant has complied with the notice requirements of section 24-65.5-103 and that no mineral estate owner has entered an appearance or filed an objection as provided in this article to the applicant and to the local government, after the final approval of the application for development, no development or related activities contemplated by such application, no permit or other approval by such local government, and no permit or other approval by any other local government or agency that approves or permits such development or related activities or any aspect thereof shall, except as provided in subparagraphs (I) and (II) of this paragraph (a), be rescinded, curtailed, abrogated, or otherwise restricted in connection with any purported noncompliance with the notice requirements of section 24-65.5-103 that may be alleged by any party. If the applicant complies with the publication and posting notice

requirements of the local government reviewing its application for development, and if an applicant certifies that it has provided the required notice as provided in section 24-65.5-103 in a timely manner, mineral estate owners shall be deemed to have constructively received notice of the application for development. In such event, if the applicant otherwise complies with this article, the applicant shall not have any liability to a mineral estate owner for any legal or equitable remedy or relief arising from, in connection with, or otherwise relating to the application for development, any development activities commenced on the surface of the real property, any inability or impediment or other hindrance to drilling operations or other development of the mineral estate or any portion thereof, or any actual failure to receive any notice required by section 24-65.5-103 or 31-23-215, C.R.S., unless:

(I) The applicant knowingly and willfully provides a false certification with respect to the provision of notice, the existence of a surface use agreement, the designation of oil and gas operations areas, or the establishment of an escrow account as required by this article, in which case any local government approval of the application for development is null and void and all aggrieved parties shall have all legal and equitable remedies available to them;

(II) The certification by the applicant with respect to the provision of notice is incorrect due to the negligence of the applicant or its agent in identifying the mineral estate owners entitled to actual notice under this article, in which case a mineral owner entitled to actual notice that was not sent such notice in the manner required by section 24-65.5-103 is entitled to file an objection to the application for development at any time prior to the final approval of the application for development and to seek compensatory damages only thereafter, in accordance with paragraph (b) of this subsection (1); or

(III) A mineral estate owner, who received constructive notice only and did not enter an appearance or file an objection with the applicant and the local government within thirty days after the initial public hearing on the application for development, files suit for compensatory damages within one year after the posting of the property with a sign indicating that the application for development has received final approval by the local government.

(b) With respect to actions brought under subparagraph (II) or (III) of paragraph (a) of this subsection (1), a mineral estate owner may not recover special, punitive, or other extraordinary damages and is not entitled to equitable remedy or relief. The prevailing party in such action is entitled to an award of reasonable attorney fees.

(2) A mineral estate owner entitled to notice pursuant to section 24-65.5-103 has standing to enforce the requirements of that section, and, except as provided in this subsection (2) with respect to qualifying surface developments, has standing to make claims as may be available at law or equity for noncompliance. With respect to qualifying surface developments:

(a) A mineral estate owner has standing to move for the vacation of the final plat covering an area in which the mineral estate owner owns a mineral estate after depletion of the incremental drilling funds in an escrow account posted under section 24-65.5-103.7 in connection with the recording of such plat only to the extent of areas encompassed within commission-approved drilling windows, and upon the granting of such vacation by the local government has the right to conduct oil and gas drilling and production operations within such commission-approved drilling windows, if such mineral estate owner establishes to the satisfaction of the local government that there is no reasonable likelihood that the surface development approved in such plat will occur and if all other local government requirements for vacating the plat are met.

(b) If a mineral estate owner believes that the oil and gas operations area designated by the applicant for land in which such mineral estate owner owns a mineral estate does not satisfy the criteria specified in section 24-65.5-103.5, such person may register an objection with the local government within thirty days after the public hearing at which the oil and gas operations area is designated, and may appeal the designation to the district court having jurisdiction of the land covered by such application within thirty days after the decision of the local government with respect to such objection.

(b) To provide for well-located, clean, safe, and pleasant industrial sites involving a minimum of strain on transportation facilities;

(c) To ensure that the provisions of the zoning laws which direct the uniform treatment of dwelling type, bulk, density, and open space within each zoning district will not be applied to the improvement of land by other than lot-by-lot development in a manner which would distort the objectives of the zoning laws;

(d) To encourage innovations in residential, commercial, and industrial development and renewal so that the growing demands of the population may be met by greater variety in type, design, and layout of buildings and by the conservation and more efficient use of open space ancillary to said buildings;

(e) To encourage a more efficient use of land and of public services, or private services in lieu thereof, and to reflect changes in the technology of land development so that resulting economies may enure to the benefit of those who need homes;

(f) To lessen the burden of traffic on streets and highways;

(g) To encourage the building of new towns incorporating the best features of modern design;

(h) To conserve the value of the land;

(i) To provide a procedure which can relate the type, design, and layout of residential, commercial, and industrial development to the particular site, thereby encouraging preservation of the site's natural characteristics; and

(j) To encourage integrated planning in order to achieve the above purposes.

(2) "Plan" means the provisions for development of a planned unit development, which may include, and need not be limited to, easements, covenants, and restrictions relating to use, location, and bulk of buildings and other structures, intensity of use or density of development, utilities, private and public streets, ways, roads, pedestrian areas, and parking facilities, common open space, and other public facilities. "Provisions of the plan" means the written and graphic materials referred to in this definition.

(3) "Planned unit development" means an area of land, controlled by one or more landowners, to be developed under unified control or unified plan of development for a number of dwelling units, commercial, educational, recreational, or industrial uses, or any combination of the foregoing, the plan for which does not correspond in lot size, bulk, or type of use, density, lot coverage, open space, or other restriction to the existing land use regulations.

24-67-104. Implementation of article. (1) Any county with respect to territory within the unincorporated portion of the county or any municipality with respect to territory within its corporate limits may authorize planned unit developments by enacting a resolution or ordinance which:

- (a) Refers to this article;
 - (b) Includes a statement of objectives of development;
 - (c) Designates the board, which may be a commission, board, or the governing body of the county or municipality, authorized to review planned unit development applications as set forth in this article;
 - (d) Sets forth standards of development consistent with the provisions of section 24-67-105;
 - (e) Sets forth the procedures pertaining to the application for, hearing on, and tentative and final approval of a planned unit development which shall afford procedural due process to interested parties. The resolution or ordinance shall establish maximum time periods within which any application shall be reviewed and approved, disapproved, or conditionally approved. At least one public hearing shall be held by the board designated pursuant to paragraph (c) of this subsection (1) prior to approval, disapproval, or conditional approval of a planned unit development. Public notice of the public hearing shall be given in the manner prescribed by section 30-28-116 or 31-23-304, C.R.S., whichever is applicable, for the amendment of zoning resolutions and ordinances. Written notice of the public hearing shall be delivered or mailed, first-class postage prepaid, at least fifteen days prior to the public hearing to adjoining landowners.
 - (f) Requires a finding by the county or municipality that such plan is in general conformity with any master plan or comprehensive plan for the county or municipality.
- (2) The enactment of the resolution or ordinance provided for in this section and the enactment of any amendment thereto shall be in accordance with the procedures required for the adoption of an amendment to a zoning resolution or ordinance as prescribed by section 30-28-116 or 31-23-305, C.R.S., whichever is applicable.

24-67-105. Standards and conditions for planned unit development. (1) Every resolution or ordinance adopted pursuant to the provisions of this article shall set forth the standards and conditions by which a proposed planned unit development shall be evaluated, which shall be consistent with the provisions of this section. No planned unit development may be approved by a county or municipality without the written consent of the landowner whose properties are included within the planned unit development.

(2) Such resolution or ordinance shall set forth the uses permitted in a planned unit development and the minimum number of units or acres which may constitute a planned unit development.

(3) Such resolution or ordinance may establish the sequence of development among the various types of uses.

(4) Such resolution or ordinance shall establish standards governing the density or intensity of land use, or methods for determining such density or intensity, in a planned unit development.

(5) Such resolution or ordinance shall specify information which shall be submitted with the planned unit development application to ensure full evaluation of the application, and the board designated pursuant to section 24-67-104 (1)(c) may require such additional relevant information as it may deem necessary.

(6) (a) Such resolution or ordinance may provide standards for inclusion of common open space.

(b) The ordinance or resolution may require that the landowner provide for and establish an organization for the ownership and maintenance of any common open space or that other adequate arrangements for the ownership and maintenance thereof be made.

(c) In the event that the organization established to own and maintain common open space, or any successor organization, fails at any time after establishment of the planned unit development to maintain the common open space in reasonable order and condition in accordance with the plan, the county or municipality may serve written notice upon such organization or upon the residents of the planned unit development setting forth the manner in which the organization has failed to maintain the common open space in reasonable condition, and said notice shall include a demand that such deficiencies of maintenance be cured within thirty days thereof and shall state the date and place of a hearing thereon which shall be held within fourteen days of the notice. At such hearing the county or municipality may modify the terms of the original notice as to deficiencies and may give an extension of time within which they shall be cured. If the deficiencies set forth in the original notice or in the modifications thereof are not cured within said thirty days or any extension thereof, the county or municipality, in order to preserve the taxable values of the properties within the planned unit development and to prevent the common open space from becoming a public nuisance, may enter upon said common open space and maintain the same for a period of one year. Said entry and maintenance shall not vest in the public any right to use the common open space except when the same is voluntarily dedicated to the public by the owners. Before the expiration of said year, the county or municipality shall, upon its initiative or upon the written request of the organization theretofore responsible for the maintenance of the common open space, call a public hearing upon notice to such organization or to the residents of the planned unit development to be held by the board designated by the county or municipality, at which hearing such organization or the residents of the planned unit development shall show cause why such maintenance by the county or municipality shall not, at the election of the county or municipality, continue for a succeeding year. If the board designated by the county or municipality determines that such organization is ready and able to maintain said common open space in reasonable condition, the county or municipality shall cease to maintain said common open space at the end of said year. If the board designated by the county or municipality determines that such organization is not ready and able to maintain said common open space in a reasonable condition, the county or municipality may, in its discretion, continue to maintain said common open space during the next succeeding year and, subject to a similar hearing and determination, in each year thereafter.

(d) The cost of such maintenance by the county or municipality shall be paid by the owners of properties within the planned unit development that have a right of enjoyment of the common open space, and any unpaid assessments shall become a tax lien on said properties. The

county or municipality shall file a notice of such lien in the office of the county clerk and recorder upon the properties affected by such lien within the planned unit development and shall certify such unpaid assessments to the board of county commissioners and county treasurer for collection, enforcement, and remittance in the manner provided by law for the collection, enforcement, and remittance of general property taxes.

(7) Design, construction, and other requirements applicable to a planned unit development may be different from or modifications of the requirements otherwise applicable by reason of any zoning or subdivision regulation, resolution, or ordinance of the county or municipality as long as such requirements substantially comply with the subdivision provisions of part 1 of article 28 of title 30 or part 2 of article 23 of title 31, C.R.S., whichever is applicable, and appropriate regulations promulgated thereunder. Subdivision regulations applicable to planned unit developments may differ from those otherwise applicable.

24-67-105.5. Review of planned unit development. (1) The county planning commission or governing body may request redesign of all or any portion of a planned unit development submitted for approval, but any such request shall include specific, objective criteria. If the applicant redesigns the planned unit development in accordance with the request, no further redesign shall be required unless necessary to comply with a duly adopted county resolution, ordinance, or regulation.

(2) Nothing in this section shall be construed to preclude a county from taking any action permitted by law based on the consideration of the rights and privileges of the owners of subsurface mineral interests and their lessees pursuant to section 30-28-133 (10), C.R.S.

(3) Any required public hearing on any planned unit development shall be conducted expeditiously and concluded when all those present and wishing to testify have done so. No public hearing shall continue for more than forty days from the date of commencement without the written consent of the applicant. Any continuation of a public hearing shall be to a date certain.

(4) Unless withdrawn by the applicant, any planned unit development that has been neither approved, conditionally approved, nor denied within a time certain mutually agreed to by the county and the applicant at the time of filing shall be deemed approved. Such time period may be extended by the county to receive a recommendation from an agency to which a planned unit development was referred, but such extension shall not exceed thirty days unless the agency has notified the county that it will require additional time to complete its recommendation.

(5) Any requirement set forth in this section may be waived in writing by the applicant.

24-67-106. Enforcement and modification of provisions of the plan. (1) To further the mutual interest of the residents, occupants, and owners of a planned unit development and of the public in the preservation of the integrity of the plan, the provisions of the plan relating to the use of land and the location of common open space shall run in favor of the county or

municipality and shall be enforceable at law or in equity by the county or municipality without limitation on any power or regulation otherwise granted by law.

(2) All provisions of the plan shall run in favor of the residents, occupants, and owners of the planned unit development, but only to the extent expressly provided in the plan and in accordance with the terms of the plan, and, to that extent, said provisions, whether recorded by plat, covenant, easement, or otherwise, may be enforced at law or in equity by residents, occupants, or owners acting individually, jointly, or through an organization designated in the plan to act on their behalf. However, no provisions of the plan shall be implied to exist in favor of residents, occupants, and owners except as to those portions of the plan which have been finally approved.

(3) All those provisions of the plan authorized to be enforced by the county or municipality may be modified, removed, or released by the county or municipality, subject to the following:

(a) No modification, removal, or release of the provisions of the plan by the county or municipality shall affect the rights of the residents, occupants, and owners of the planned unit development to maintain and enforce those provisions at law or in equity as provided in subsection (1) of this section.

(b) Except as otherwise provided in paragraph (b.5) of this subsection (3), no substantial modification, removal, or release of the provisions of the plan by the county or municipality shall be permitted except upon a finding by the county or municipality, following a public hearing called and held in accordance with the provisions of section 24-67-104 (1)(e) that the modification, removal, or release is consistent with the efficient development and preservation of the entire planned unit development, does not affect in a substantially adverse manner either the enjoyment of land abutting upon or across a street from the planned unit development or the public interest, and is not granted solely to confer a special benefit upon any person.

(b.5) (I) Subject to the requirements of subparagraph (II) of this paragraph (b.5), in the case of any land located within a planned unit development that has been set aside for a governmental use or purpose as specified in the plan, the plan agreement, or related documents, a governmental entity that holds legal title to the land may, with the approval of the county or municipality in which the land is located, as applicable, and following a public hearing called for and held in accordance with the provisions of section 24-67-104 (1)(e), do any of the following, singularly or in combination:

(A) Subdivide all or any portion of the land;

(B) Remove or release all or any portion of the land from any limitations on its use or purpose by the governmental entity as specified in the plan, the plan agreement, or related documents; or

(C) Sell or otherwise dispose of all or any portion of the land.

(II) Any action authorized in accordance with the requirements of subparagraph (I) of this paragraph (b.5) shall only be undertaken upon a finding by the county or municipality, as applicable, following the public hearing required pursuant to subparagraph (I) of this paragraph (b.5) that all or any portion of the land is not reasonably expected to be necessary for a governmental use or purpose or that the governmental use or purpose will be furthered by disposal of the land. Notwithstanding any other provision of this paragraph (b.5), where action has been undertaken in accordance with the requirements of this paragraph (b.5), the future use

of all or any portion of the land shall in all other respects be consistent with the efficient development and preservation of the entire planned unit development and with the plan.

(c) Residents and owners of the planned unit development may, to the extent and in the manner expressly authorized by the provisions of the plan, modify, remove, or release their rights to enforce the provisions of the plan, but no such action shall affect the right of the county or municipality to enforce the provisions of the plan.

Editor's note: Section 2 of chapter 200, Session Laws of Colorado 2005, provides that the act amending subsection (3)(b) and enacting subsection (3)(b.5) applies to any planned unit development approved prior to, on, or after June 1, 2005.

24-67-107. Application and construction of article. (1) The provisions of this article shall apply to home rule municipalities unless superseded by charter or ordinance enactment.

(2) Any county or municipality which has enacted, prior to May 21, 1972, a resolution or ordinance providing for planned unit developments may continue to follow the provisions established therein, and any amendments thereto in lieu of electing to follow the provisions of this article.

(3) Nothing in this article shall be construed to impair, affect, or invalidate any rights vested in connection with planned unit developments for which applications were filed prior to May 21, 1972.

(4) Nothing in this article shall be construed to waive the requirements for substantial compliance by counties and municipalities with the subdivision requirements of part 1 of article 28 of title 30 and part 2 of article 23 of title 31, C.R.S., respectively, and appropriate regulations promulgated thereunder. Counties and municipalities, including home rule cities, shall comply with the requirements of article 65.5 of this title. Subdivision regulations applicable to planned unit developments may differ from those otherwise applicable. In order to facilitate processing of applications, however, a county or municipality, pursuant to resolution or ordinance, may provide for concurrent or simultaneous processing of planned unit development and subdivision applications.

(5) No county or municipality shall adopt pursuant to this article any resolution or ordinance which limits development exclusively to planned unit development districts.

(6) This article shall be liberally construed in furtherance of the purposes of this article and to the end that counties and municipalities shall be encouraged to utilize planned unit developments. Enactment of this article by the general assembly is declared to be for the purpose of supplementing the provisions of part 1 of article 28 of title 30 and article 23 of title 31, C.R.S., as the same relate to and authorize planned unit developments.

Vested Property Rights

Law reviews: For article, "Vested Property Rights in Colorado: The Legislature Rushes in Where . . .", see 66 Den. U.L. Rev. 31 (1988); for article, "Colorado Establishes a Statutory Vested Property Rights Scheme", see 17 Colo. Law. 263 (1988); for article, "Changes to Colorado's Vested Property Rights Law", see 28 Colo. Law. 83 (July 1999).

24-68-101. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) It is necessary and desirable, as a matter of public policy, to provide for the establishment of vested property rights in order to ensure reasonable certainty, stability, and fairness in the land use planning process and in order to stimulate economic growth, secure the reasonable investment-backed expectations of landowners, and foster cooperation between the public and private sectors in the area of land use planning.

(b) The ability of a landowner to obtain a vested property right after local governmental approval of a site specific development plan will preserve the prerogatives and authority of local government with respect to land use matters, while promoting those areas of statewide concern described in paragraph (a) of this subsection (1).

(c) The establishment of vested property rights will promote the goals specified in this subsection (1) in a manner consistent with section 3 of article II of the state constitution, which guarantees to each person the inalienable right to acquire, possess, and protect property, and is therefore declared to be a matter of statewide concern.

24-68-102. Definitions. As used in this article, unless the context otherwise requires:

(1) "Application" means a substantially complete application for approval of a site specific development plan that has been submitted to a local government in compliance with applicable requirements established by the local government. For local governments that have provided for the review and approval of site specific development plans in multiple stages, "application" means the original application at the first stage in any process that may culminate in the ultimate approval of a site specific development plan.

(1.5) "Landowner" means any owner of a legal or equitable interest in real property, and includes the heirs, successors, and assigns of such ownership interests.

(2) "Local government" means any county, city and county, city, or town, whether statutory or home rule, acting through its governing body or any board, commission, or agency

thereof having final approval authority over a site specific development plan, including without limitation any legally empowered urban renewal authority.

(3) "Property" means all real property subject to land use regulation by a local government.

(4) (a) "Site specific development plan" means a plan that has been submitted to a local government by a landowner or such landowner's representative describing with reasonable certainty the type and intensity of use for a specific parcel or parcels of property. Such plan may be in the form of, but need not be limited to, any of the following plans or approvals: A planned unit development plan, a subdivision plat, a specially planned area, a planned building group, a general submission plan, a preliminary or general development plan, a conditional or special use plan, a development agreement, or any other land use approval designation as may be utilized by a local government. What constitutes a site specific development plan under this article that would trigger a vested property right shall be finally determined by the local government either pursuant to ordinance or regulation or upon an agreement entered into by the local government and the landowner, and the document that triggers such vesting shall be so identified at the time of its approval.

(b) "Site specific development plan" shall not include a variance, a preliminary plan as defined in section 30-28-101 (6), C.R.S., or any of the following:

(I) A sketch plan as defined in section 30-28-101 (8), C.R.S.;

(II) A final architectural plan;

(III) Public utility filings; or

(IV) Final construction drawings and related documents specifying materials and methods for construction of improvements.

(5) "Vested property right" means the right to undertake and complete the development and use of property under the terms and conditions of a site specific development plan.

24-68-102.5. Applications - approval by local government. (1) Except as otherwise provided in subsection (2) of this section, an application for approval of a site specific development plan as well as the approval, conditional approval, or denial of approval of the plan shall be governed only by the duly adopted laws and regulations in effect at the time the application is submitted to a local government. For purposes of this section, "laws and regulations" includes any zoning law of general applicability adopted by a local government as well as any zoning or development regulations that have previously been adopted for the particular parcel described in the plan and that remain in effect at the time of the application for approval of the plan.

(2) Notwithstanding the limitations contained in subsection (1) of this section, a local government may adopt a new or amended law or regulation when necessary for the immediate preservation of public health and safety and may enforce such law or regulation in relation to applications pending at the time such law or regulation is adopted.

Source: L. 99: Entire section added, p. 861, § 2, effective May 24.

24-68-103. Vested property right - establishment - waiver. (1) (a) Each local government shall specifically identify, by ordinance or resolution, the type or types of site specific development plan approvals within the local government's jurisdiction that will cause property rights to vest as provided in this article. Any such ordinance or resolution shall be consistent with the provisions of this article. Effective January 1, 2000, if a local government has not adopted an ordinance or resolution pursuant to section 24-68-102 (4) specifying what constitutes a site specific development plan that would trigger a vested property right, then rights shall vest upon the approval of any plan, plat, drawing, or sketch, however denominated, that is substantially similar to any plan, plat, drawing, or sketch listed in section 24-68-102 (4).

(b) A vested property right shall be deemed established with respect to any property upon the approval, or conditional approval, of a site specific development plan, following notice and public hearing, by the local government in which the property is situated.

(c) A vested property right shall attach to and run with the applicable property and shall confer upon the landowner the right to undertake and complete the development and use of said property under the terms and conditions of the site specific development plan including any amendments thereto. A local government may approve a site specific development plan upon such terms and conditions as may reasonably be necessary to protect the public health, safety, and welfare. Such conditional approval shall result in a vested property right, although failure to abide by such terms and conditions will result in a forfeiture of vested property rights. A site specific development plan shall be deemed approved upon the effective date of the local government legal action, resolution, or ordinance relating thereto. Such approval shall be subject to all rights of referendum and judicial review; except that the period of time permitted by law for the exercise of such rights shall not begin to run until the date of publication, in a newspaper of general circulation within the jurisdiction of the local government granting the approval, of a notice advising the general public of the site specific development plan approval and creation of a vested property right pursuant to this article. Such publication shall occur no later than fourteen days following approval.

(2) Zoning that is not part of a site specific development plan shall not result in the creation of vested property rights.

24-68-104. Vested property right - duration - termination. (1) A property right which has been vested as provided for in this article shall remain vested for a period of three years. This vesting period shall not be extended by any amendments to a site specific development plan unless expressly authorized by the local government.

(2) Notwithstanding the provisions of subsection (1) of this section, local governments are hereby authorized to enter into development agreements with landowners providing that property rights shall be vested for a period exceeding three years where warranted in light of all relevant circumstances, including, but not limited to, the size and phasing of the development, economic cycles, and market conditions. Such development agreements shall be adopted as legislative acts subject to referendum.

(3) Following approval or conditional approval of a site specific development plan, nothing in this article shall exempt such a plan from subsequent reviews and approvals by the

local government to ensure compliance with the terms and conditions of the original approval, if such reviews and approvals are not inconsistent with said original approval.

Source: L. 87: Entire article added, p. 1839, § 1, effective January 1, 1988.

24-68-105. Subsequent regulation prohibited - exceptions. (1) A vested property right, once established as provided in this article, precludes any zoning or land use action by a local government or pursuant to an initiated measure which would alter, impair, prevent, diminish, impose a moratorium on development, or otherwise delay the development or use of the property as set forth in a site specific development plan, except:

(a) With the consent of the affected landowner;

(b) Upon the discovery of natural or man-made hazards on or in the immediate vicinity of the subject property, which hazards could not reasonably have been discovered at the time of site specific development plan approval, and which hazards, if uncorrected, would pose a serious threat to the public health, safety, and welfare; or

(c) To the extent that the affected landowner receives just compensation for all costs, expenses, and liabilities incurred by the landowner after approval by the governmental entity, including, but not limited to, costs incurred in preparing the site for development consistent with the site specific development plan, all fees paid in consideration of financing, and all architectural, planning, marketing, legal, and other consultants' fees, together with interest thereon at the legal rate until paid. Just compensation shall not include any diminution in the value of the property which is caused by such action.

(2) The establishment of a vested property right shall not preclude the application of ordinances or regulations which are general in nature and are applicable to all property subject to land use regulation by a local government, including, but not limited to, building, fire, plumbing, electrical, and mechanical codes.

24-68-106. Miscellaneous provisions. (1) As used in this article, the term "development" includes redevelopment.

(2) A vested property right arising while one local government has jurisdiction over all or part of the property included within a site specific development plan shall be effective against any other local government which may subsequently obtain or assert jurisdiction over such property.

(3) Nothing in this article shall preclude judicial determination, based on common law principles, that a vested property right exists in a particular case or that a compensable taking has occurred.

(4) This article shall apply only to site specific development plans approved on or after January 1, 1988.

24-70-103. Requisites of legal newspaper. (1) Any and every legal notice or advertisement shall be published only in a daily, a triweekly, a semiweekly, or a weekly newspaper of general circulation and printed or published in whole or in part in the county in which such notice or advertisement is required to be published, except as provided in this section. The newspaper, if published triweekly, semiweekly, or weekly, shall have been so published in such county, except as provided in this section, continuously and uninterruptedly during the period of at least fifty-two consecutive weeks next prior to the first issue thereof containing any such notice or advertisement; and the newspaper, if published daily, shall have been so published in such county, uninterruptedly and continuously, during the period of at least six months next prior to the first issue thereof containing any such notice or advertisement. In the case of a municipality having territory in two counties, each of which counties has one or more legal newspapers within the municipality, the publication by such municipality of its legal notices and advertisements in one of such newspapers shall be construed as valid publication under this part 1.

(2) The mere change in the name of any newspaper or the removal of the principal business office or seat of publication of any newspaper from one place to another in the same county shall not break or affect the continuity in the publication of any such newspaper if the same is in fact continuously and uninterruptedly printed or published within such county. A newspaper shall not lose its rights as a legal publication if it fails to publish one or more of its issues by reason of a strike, transportation embargo or tie-up, or other casualty beyond the control of the publishers. Any legal notice which fails of publication for the required number of insertions by reason of a strike shall not be declared illegal if publication has been made in one issue of the publication.

(3) If in any county in this state no newspaper has been published for the prescribed period at the time when any such notice or advertisement is required to be published or if there is no newspaper published therein, such notice or advertisement may be published in any newspaper published in whole or in part in an adjoining county and having a general circulation in whole or in part in said county having no newspaper published therein. If there is no newspaper in any adjoining county that has been published for the prescribed period at the time when any such notice or advertisement is required to be published, a required notice or advertisement may be published in a newspaper having general circulation within the county.

(4) Notwithstanding any other provision of this part 1, if no newspaper is published within the territorial boundaries of a municipality that satisfies the requirements for a legal publication as specified in section 24-70-102, but a newspaper that provides local news and that would satisfy the requirements to be admitted to the United States mails with periodicals mailing privileges but for the absence of paid circulation is distributed within such territorial boundaries, the municipality may publish any legal notice or advertisement required by law in such newspaper.

(5) When any legal notice is required by law to be published in any newspaper, the newspaper publishing the notice shall, at no additional cost to the person or entity placing the notice, place the notice on a statewide website established and maintained by an organization representing a majority of Colorado newspapers as a repository for the notices.

Except where the publication of any such legal notice or advertisement at intervals of less than one week is required by law, publication once each week on the same weekday in any such daily, weekly, semiweekly, or triweekly newspaper for the required number of times shall constitute publication in accordance with the law.

(2) For the purpose of defining and clarifying ambiguities in the various statutes requiring the publication of legal notices and advertisements, but not for the purpose of increasing any period of publication or the number of publications required by any statute, the meaning and intent of any law governing the publication of legal notices and advertisements, except as otherwise expressly provided, is declared to be as follows, where publication is required for:

If the notice is set in larger type, the rate shall be prorated. Regardless of the size of type the notice is set in, the rates specified in this paragraph (a) are based on a single column measuring ten pica ems wide. If the column width is either wider or narrower for a single column, the rate per line shall be prorated on the ten pica em width.

(b) All emblems, display headings, rule work, and necessary blank space shall be considered to be solid type. For the purpose of calculating the charge for the items enumerated in this paragraph (b) only, the rate shall not exceed the line rate charge figured at twelve lines per inch for each column inch or a proportional amount for fractions of an inch.

(2) (a) On or after January 1, 1993, for all privately supported legal notices or advertisements, the rate paid shall not exceed the newspaper's local classified display line rate which is offered to commercial customers and shall include the same frequency and volume discounts. The legal publication rate shall be published in the newspaper's rate card.

(b) Notwithstanding any statute to the contrary, if any local government fee set by statute is too low to permit the local government to recover the full cost of publishing a privately supported legal notice or advertisement, the local government may adjust the fee by the actual dollar amount necessary to recover the full cost of the publication.

(3) Any contract providing for payment of a notice at a lesser sum than is provided in this section shall be valid.

(4) Upon request by the party placing a legal publication, the newspaper shall minimize the space required for publication of a valid and readable notice, but in no case shall the type be less than six points.

24-71.3-105. Use of electronic records and electronic signatures - variation by agreement. (1) This article does not require a record or signature to be created, generated, sent, communicated, received, stored, or otherwise processed or used by electronic means or in electronic form.

24-71.3-107. Legal recognition of electronic records, electronic signatures, and electronic contracts. (1) A record or signature may not be denied legal effect or enforceability solely because it is in electronic form.

(2) A contract may not be denied legal effect or enforceability solely because an electronic record was used in its formation.

(3) If a law requires a record to be in writing, an electronic record satisfies the law.

24-71.3-108. Provision of information in writing - presentation of records. (1) If parties have agreed to conduct a transaction by electronic means and a law requires a person to provide, send, or deliver information in writing to another person, the requirement is satisfied if

the information is provided, sent, or delivered, as the case may be, in an electronic record capable of retention by the recipient at the time of receipt. An electronic record is not capable of retention by the recipient if the sender or its information processing system inhibits the ability of the recipient to print or store the electronic record.

(2) If a law other than this article requires a record to be posted or displayed in a certain manner, to be sent, communicated, or transmitted by a specified method, or to contain information that is formatted in a certain manner, the following rules apply:

(b) A requirement under a law other than this article to send, communicate, or transmit a record by first-class mail, postage prepaid, or regular United States mail may be varied by agreement to the extent permitted by the other law.

24-71.3-109. Attribution and effect of electronic record and electronic signature. (1)

An electronic record or electronic signature is attributable to a person if it was the act of the person. (2) The effect of an electronic record or electronic signature attributed to a person under subsection (1) of this section is determined from the context and surrounding circumstances at the time of its creation, execution, or adoption, including the parties' agreement, if any, and otherwise as provided by law.

Source: L. 2002: Entire article added, p. 850, § 1, effective May 30.

24-71.3-110. Effect of change or error. (1) If a change or error in an electronic record occurs in a transmission between parties to a transaction, the following rules apply:

(a) If the parties have agreed to use a security procedure to detect changes or errors and one party has conformed to the procedure, but the other party has not, and the nonconforming party would have detected the change or error had that party also conformed, the conforming party may avoid the effect of the changed or erroneous electronic record.

(b) In an automated transaction involving an individual, the individual may avoid the effect of an electronic record that resulted from an error made by the individual in dealing with

the electronic agent of another person if the electronic agent did not provide an opportunity for the prevention or correction of the error and, at the time the individual learns of the error, the individual:

(I) Promptly notifies the other person of the error and that the individual did not intend to be bound by the electronic record received by the other person;

(II) Takes reasonable steps, including steps that conform to the other person's reasonable instructions, to return to the other person or, if instructed by the other person, to destroy the consideration received, if any, as a result of the erroneous electronic record; and

(III) Has not used or received any benefit or value from the consideration, if any, received from the other person.

(c) If neither paragraph (a) nor paragraph (b) of this subsection (1) applies, the change or error has the effect provided by other law, including the law of mistake, and the parties' contract, if any.

(d) Paragraphs (b) and (c) of this subsection (1) may not be varied by agreement.

24-71.3-111. Notarization and acknowledgment. If a law requires a signature or record to be notarized, acknowledged, verified, or made under oath, the requirement is satisfied if the electronic signature of the person authorized to perform those acts, together with all other information required to be included by other applicable law, is attached to or logically associated with the signature or record.

(a) Accurately reflects the information set forth in the record after it was first generated in its final form as an electronic record or otherwise; and

(b) Remains accessible for later reference.

(2) A requirement to retain a record in accordance with subsection (1) of this section does not apply to any information the sole purpose of which is to enable the record to be sent, communicated, or received.

(3) A person may satisfy subsection (1) of this section by using the services of another person if the requirements of said subsection (1) are satisfied.

(4) If a law requires a record to be presented or retained in its original form, or provides consequences if the record is not presented or retained in its original form, that law is satisfied by an electronic record retained in accordance with subsection (1) of this section.

(5) If a law requires retention of a check, that requirement is satisfied by retention of an electronic record of the information on the front and back of the check in accordance with subsection (1) of this section.

(6) A record retained as an electronic record in accordance with subsection (1) of this section satisfies a law requiring a person to retain a record for evidentiary, audit, or like purposes

unless a law enacted after May 30, 2002, specifically prohibits the use of an electronic record for the specified purpose.

(7) This section does not preclude a governmental agency of this state from specifying additional requirements for the retention of a record subject to the agency's jurisdiction.

24-71.3-114. Automated transaction. (1) In an automated transaction, the following rules apply:

(a) A contract may be formed by the interaction of electronic agents of the parties, even if no individual was aware of or reviewed the electronic agents' actions or the resulting terms and agreements.

(b) A contract may be formed by the interaction of an electronic agent and an individual, acting on the individual's own behalf or for another person, including by an interaction in which the individual performs actions that the individual is free to refuse to perform and that the individual knows or has reason to know will cause the electronic agent to complete the transaction or performance.

(c) The terms of the contract are determined by the substantive law applicable to it.

24-71.3-115. Time and place of sending and receipt. (1) Unless otherwise agreed between the sender and the recipient, an electronic record is sent when it:

(a) Is addressed properly or otherwise directed properly to an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record;

(b) Is in a form capable of being processed by that system; and

(c) Enters an information processing system outside the control of the sender or of a person that sent the electronic record on behalf of the sender or enters a region of the information processing system designated or used by the recipient that is under the control of the recipient.

(2) Unless otherwise agreed between a sender and the recipient, an electronic record is received when:

(a) It enters an information processing system that the recipient has designated or uses for the purpose of receiving electronic records or information of the type sent and from which the recipient is able to retrieve the electronic record; and

(b) It is in a form capable of being processed by that system.

(3) Subsection (2) of this section applies even if the place the information processing system is located is different from the place the electronic record is deemed to be received under subsection (4) of this section.

(4) Unless otherwise expressly provided in the electronic record or agreed between the sender and the recipient, an electronic record is deemed to be sent from the sender's place of business and to be received at the recipient's place of business. For purposes of this subsection (4), the following rules apply:

(a) If the sender or recipient has more than one place of business, the place of business of that person is the place having the closest relationship to the underlying transaction.

(b) If the sender or the recipient does not have a place of business, the place of business is the sender's or recipient's residence, as the case may be.

(5) An electronic record is received under subsection (2) of this section even if no individual is aware of its receipt.

(6) Receipt of an electronic acknowledgment from an information processing system described in subsection (2) of this section establishes that a record was received but, by itself, does not establish that the content sent corresponds to the content received.

(7) If a person is aware that an electronic record purportedly sent under subsection (1) of this section or purportedly received under subsection (2) of this section was not actually sent or received, the legal effect of the sending or receipt is determined by other applicable law. Except to the extent permitted by the other law, the requirements of this subsection (7) may not be varied by agreement.

(3) A system satisfies subsection (2) of this section, and a person is deemed to have control of a transferable record, if the transferable record is created, stored, and assigned in such a manner that:

(a) A single authoritative copy of the transferable record exists that is unique, identifiable, and, except as otherwise provided in paragraphs (d), (e), and (f) of this subsection (3), unalterable;

(e) Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and

(f) Any revision of the authoritative copy is readily identifiable as authorized or unauthorized.

(4) Except as otherwise agreed, a person having control of a transferable record is the holder, as defined in section 4-1-201 (b)(20), C.R.S., of the transferable record and has the same rights and defenses as a holder of an equivalent record or writing under the "Uniform Commercial Code", title 4, C.R.S., including, if the applicable statutory requirements under section 4-3-302 (a) or 4-9-308, C.R.S., are satisfied, the rights and defenses of a holder in due course, a holder to which a negotiable document of title has been duly negotiated, or a purchaser, respectively. Proof may include access to the authoritative copy of the transferable record and related business records sufficient to review the terms of the transferable record and to establish the identity of the person having control of the transferable record.

24-72-203. Public records open to inspection. (1) (a) All public records shall be open for inspection by any person at reasonable times, except as provided in this part 2 or as otherwise provided by law, but the official custodian of any public records may make such rules with reference to the inspection of such records as are reasonably necessary for the protection of such records and the prevention of unnecessary interference with the regular discharge of the duties of the custodian or the custodian's office. Except as otherwise required by section 24-72-204 (3.5)(g), and except when a record requested is confidential and accessible only on the basis that the requester is the person in interest, a custodian of public records shall not require a requester to provide the custodian with any form of identification to request or inspect records pursuant to this part 2.

(b) Where public records are kept only in miniaturized or digital form, whether on magnetic or optical disks, tapes, microfilm, microfiche, or otherwise, the official custodian shall:

(I) Adopt a policy regarding the retention, archiving, and destruction of such records; and

(II) Take such measures as are necessary to assist the public in locating any specific public records sought and to ensure public access to the public records without unreasonable delay or unreasonable cost. Such measures may include, without limitation, the availability of viewing stations for public records kept on microfiche; the provision of portable disk copies of computer files; or direct electronic access via online bulletin boards or other means.

(2) (a) If the public records requested are not in the custody or control of the person to whom application is made, such person shall forthwith notify the applicant of this fact, in writing if requested by the applicant. In such notification, the person shall state in detail to the best of the person's knowledge and belief the reason for the absence of the records from the person's custody or control, the location of the records, and what person then has custody or control of the records.

(b) If an official custodian has custody of correspondence sent by or received by an elected official, the official custodian shall consult with the elected official prior to allowing inspection of the correspondence for the purpose of determining whether the correspondence is a public record.

(3) (a) If the public records requested are in the custody and control of the person to whom application is made but are in active use, in storage, or otherwise not readily available at the time an applicant asks to examine them, the custodian shall forthwith notify the applicant of this fact, in writing if requested by the applicant. If requested by the applicant, the custodian shall set a date and hour at which time the records will be available for inspection.

(b) The date and hour set for the inspection of records not readily available at the time of the request shall be within a reasonable time after the request. As used in this subsection (3), a "reasonable time" shall be presumed to be three working days or less. Such period may be extended if extenuating circumstances exist. However, such period of extension shall not exceed seven working days. A finding that extenuating circumstances exist shall be made in writing by the custodian and shall be provided to the person making the request within the three-day period. Extenuating circumstances shall apply only when:

(I) A broadly stated request is made that encompasses all or substantially all of a large category of records and the request is without sufficient specificity to allow the custodian reasonably to prepare or gather the records within the three-day period; or

(II) A broadly stated request is made that encompasses all or substantially all of a large category of records and the agency is unable to prepare or gather the records within the three-day period because:

(A) The agency needs to devote all or substantially all of its resources to meeting an impending deadline or period of peak demand that is either unique or not predicted to recur more frequently than once a month; or

(B) In the case of the general assembly or its staff or service agencies, the general assembly is in session; or

(III) A request involves such a large volume of records that the custodian cannot reasonably prepare or gather the records within the three-day period without substantially interfering with the custodian's obligation to perform his or her other public service responsibilities.

(c) In no event can extenuating circumstances apply to a request that relates to a single, specifically identified document.

(3.5) (a) Except as otherwise required by subsection (3.5)(b) of this section:

(I) If a public record is stored in a digital format that is neither searchable nor sortable, the custodian shall provide a copy of the public record in a digital format.

(II) If a public record is stored in a digital format that is searchable, the custodian shall provide a digital copy of the public record in a searchable format unless otherwise requested by the requester.

(III) If a public record is stored in a digital format that is sortable, the custodian shall provide a copy of the public record in a sortable format.

(IV) If a public record is available in a digital format, the custodian shall transmit a digital copy of the public record in a digital format by electronic mail or by another mutually agreed upon transmission method if the size of the record prevents transmission by electronic communication.

(V) Except as otherwise required by subsection (3.5)(b) of this section, a custodian shall not convert a digital public record into a non-searchable format before transmission.

(b) A custodian is not required to produce a digital public record in a searchable or sortable format in accordance with subsection (3.5)(a) of this section if:

(I) Producing the record in the requested format would violate the terms of any copyright or licensing agreement between the custodian and a third party or result in the release of a third party's proprietary information; or

(II) After making reasonable inquiries, it is not technologically or practically feasible to permanently remove information that the custodian is required or allowed to withhold within the requested format, it is not technologically or practically feasible to provide a copy of the record in a digital searchable or sortable format, or if the custodian would be required to purchase software or create additional programming or functionality in its existing software to remove the information.

(c) If a custodian is not able to comply with a request to produce a public record that is subject to disclosure in a requested format specified in subsection (3.5)(a) of this section, the custodian shall produce the record in an alternate format or issue a denial under section 24-72-204 and shall provide a written declaration attesting to the reasons the custodian is not able to produce the record in the requested format. If a court subsequently rules the custodian should have provided the record in the requested format, attorney fees may be awarded only if the custodian's action was arbitrary or capricious.

(d) Altering an existing public record, or excising fields of information pursuant to this subsection (3.5) to remove information that the custodian is either required or permitted to withhold, does not constitute the creation of a new public record.

(e) Nothing in this subsection (3.5) relieves or mitigates the obligations of a custodian to produce a public record in a format accessible to individuals with disabilities in accordance with Title II of the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., and other federal or state laws.

(4) Nothing in this article shall preclude the state or any of its agencies, institutions, or political subdivisions from obtaining and enforcing trademark or copyright protection for any public record, and the state and its agencies, institutions, and political subdivisions are hereby specifically authorized to obtain and enforce such protection in accordance with the applicable federal law; except that this authorization shall not restrict public access to or fair use of copyrighted materials and shall not apply to writings which are merely lists or other compilations.

24-72-204. Allowance or denial of inspection - grounds - procedure - appeal - definitions - repeal. (1) The custodian of any public records shall allow any person the right of inspection of such records or any portion thereof except on one or more of the following grounds or as provided in subsection (2) or (3) of this section:

(a) Such inspection would be contrary to any state statute.

(b) Such inspection would be contrary to any federal statute or regulation issued thereunder having the force and effect of law.

(c) Such inspection is prohibited by rules promulgated by the supreme court or by the order of any court.

(d) Such inspection would be contrary to the requirements of any joint rule of the senate and the house of representatives pertaining to lobbying practices.

(2) (a) The custodian may deny the right of inspection of the following records, unless otherwise provided by law, on the ground that disclosure to the applicant would be contrary to the public interest:

(I) Any records of the investigations conducted by any sheriff, prosecuting attorney, or police department, any records of the intelligence information or security procedures of any sheriff, prosecuting attorney, or police department, or any investigatory files compiled for any other law enforcement purpose;

(II) Test questions, scoring keys, and other examination data pertaining to administration of a licensing examination, examination for employment, or academic examination; except that written promotional examinations and the scores or results thereof conducted pursuant to the state personnel system or any similar system shall be available for inspection, but not copying or reproduction, by the person in interest after the conducting and grading of any such examination;

(III) The specific details of bona fide research projects being conducted by a state institution, including, without limitation, research projects undertaken by staff or service agencies of the general assembly or the office of the governor in connection with pending or anticipated legislation;

(IV) The contents of real estate appraisals made for the state or a political subdivision thereof relative to the acquisition of property or any interest in property for public use, until such time as title to the property or property interest has passed to the state or political subdivision; except that the contents of such appraisal shall be available to the owner of the property, if a condemning authority determines that it intends to acquire said property as provided in section 38-1-121, C.R.S., relating to eminent domain proceedings, but, in any case, the contents of such appraisal shall be available to the owner under this section no later than one year after the condemning authority receives said appraisal; and except as provided by the Colorado rules of civil procedure. If condemnation proceedings are instituted to acquire any such property, any owner of such property who has received the contents of any appraisal pursuant to this section

shall, upon receipt thereof, make available to said state or political subdivision a copy of the contents of any appraisal which the owner has obtained relative to the proposed acquisition of the property.

(V) Any market analysis data generated by the department of transportation's bid analysis and management system for the confidential use of the department of transportation in awarding contracts for construction or for the purchase of goods or services and any records, documents, and automated systems prepared for the bid analysis and management system;

(VI) Records and information relating to the identification of persons filed with, maintained by, or prepared by the department of revenue pursuant to section 42-2-121, C.R.S.;

(VII) Electronic mail addresses, telephone numbers, or home addresses provided by a person to an elected official, agency, institution, or political subdivision of the state for the purposes of future electronic communications to the person from the elected official, agency, institution, or political subdivision;

(VIII) (A) Specialized details of either security arrangements or investigations or the physical and cyber assets of critical infrastructure, including the specific engineering, vulnerability, detailed design information, protective measures, emergency response plans, or system operational data of such assets that would be useful to a person in planning an attack on critical infrastructure but that does not simply provide the general location of such infrastructure. Nothing in this subsection (2)(a)(VIII) prohibits the custodian from transferring records containing specialized details of either security arrangements or investigations or the physical and cyber assets of critical infrastructure to the division of homeland security and emergency management in the department of public safety, the governing body of any city, county, city and county, or other political subdivision of the state, or any federal, state, or local law enforcement agency; except that the custodian shall not transfer any record received from a nongovernmental entity without the prior written consent of the entity unless such information is already publicly available.

(B) Records of the expenditure of public moneys on security arrangements or investigations, including contracts for security arrangements and records related to the procurement of, budgeting for, or expenditures on security systems, shall be open for inspection, except to the extent that they contain specialized details of security arrangements or investigations. A custodian may deny the right of inspection of only the portions of a record described in this sub-subparagraph (B) that contain specialized details of security arrangements or investigations and shall allow inspection of the remaining portions of the record.

(C) If an official custodian has custody of a public record provided by another public entity, including the state or a political subdivision, that contains specialized details of security arrangements or investigations, the official custodian shall refer a request to inspect that public record to the official custodian of the public entity that provided the record and shall disclose to the person making the request the names of the public entity and its official custodian to which the request is referred.

(IX) (A) Any records of ongoing civil or administrative investigations conducted by the state or an agency of the state in furtherance of their statutory authority to protect the public health, welfare, or safety unless the investigation focuses on a person or persons inside of the investigative agency.

(B) Upon conclusion of a civil or administrative investigation that is closed because no further investigation, discipline, or other agency response is warranted, all records not exempt

pursuant to any other law are open to inspection; except that the custodian may remove the name or other personal identifying or financial information of witnesses or targets of such closed investigations from investigative records prior to inspection.

(C) Notwithstanding any other provision of this subparagraph (IX), a record is not subject to withholding on the grounds that it is maintained or kept in a civil or administrative investigative file except pursuant to paragraph (a) of subsection (6) of this section if the record was publicly disclosed; was filed with an agency of the state by a regulated entity under a statutory, regulatory, or permit requirement; or was received from a governmental entity and would be available if requested directly from the transmitting entity.

(D) Nothing in this subparagraph (IX) prohibits an agency from disclosing information or materials during an open investigation if it is in the interest of public health, welfare, or safety.

(X) Any records containing data or information that reveals the specific location or could be used to determine the specific location of:

(A) A plant species identified as a Colorado plant of greatest conservation need in Colorado's state wildlife action plan;

(B) An individual animal or a group of animals; or

(C) An individual animal's or group of animal's breeding or nesting habitat.

(b) If the right of inspection of any record falling within any of the classifications listed in this subsection (2) is allowed to any officer or employee of any newspaper, radio station, television station, or other person or agency in the business of public dissemination of news or current events, it shall be allowed to all such news media.

(c) Notwithstanding any provision to the contrary in subparagraph (I) of paragraph (a) of this subsection (2), the custodian shall deny the right of inspection of any materials received, made, or kept by a crime victim compensation board or a district attorney that are confidential pursuant to the provisions of section 24-4.1-107.5.

(d) Notwithstanding any provision to the contrary in subparagraph (I) of paragraph (a) of this subsection (2), the custodian shall deny the right of inspection of any materials received, made, or kept by a witness protection board, the department of public safety, or a prosecuting attorney that are confidential pursuant to section 24-33.5-106.5.

(e) Notwithstanding any provision to the contrary in subparagraph (I) of paragraph (a) of this subsection (2), the custodian shall deny the right of inspection of any materials received, made, or kept by the safe2tell program, as described in section 24-31-606.

(3) (a) The custodian shall deny the right of inspection of the following records, unless otherwise provided by law; except that the custodian shall make any of the following records, other than letters of reference concerning employment, licensing, or issuance of permits, available to the person in interest in accordance with this subsection (3):

(I) Medical, mental health, sociological, and scholastic achievement data, and electronic health records, on individual persons, other than scholastic achievement data submitted as part of finalists' records as set forth in subsection (3)(a)(XI) of this section and exclusive of coroners' autopsy reports and group scholastic achievement data from which individuals cannot be identified; but either the custodian or the person in interest may request a professionally qualified person, who shall be furnished by the said custodian, to be present to interpret the records;

(II) (A) Personnel files; but such files shall be available to the person in interest and to the duly elected and appointed public officials who supervise such person's work.

(B) The provisions of this subparagraph (II) shall not be interpreted to prevent the public inspection or copying of any employment contract or any information regarding amounts paid or benefits provided under any settlement agreement pursuant to the provisions of article 19 of this title.

(III) Letters of reference;

(IV) Trade secrets, privileged information, and confidential commercial, financial, geological, or geophysical data, including a social security number unless disclosure of the number is required, permitted, or authorized by state or federal law, furnished by or obtained from any person;

(V) Library and museum material contributed by private persons, to the extent of any limitations placed thereon as conditions of such contributions;

(VI) Except as provided in section 1-2-227, addresses and telephone numbers of students in any public elementary or secondary school;

(VII) Library records disclosing the identity of a user as prohibited by section 24-90-119;

(VIII) Repealed.

(IX) Names, addresses, telephone numbers, and personal financial information of past or present users of public utilities, public facilities, or recreational or cultural services that are owned and operated by the state, its agencies, institutions, or political subdivisions; except that nothing in this subparagraph (IX) shall prohibit the custodian of records from transmitting such data to any agent of an investigative branch of a federal agency or any criminal justice agency as defined in section 24-72-302 (3) that makes a request to the custodian to inspect such records and who asserts that the request for information is reasonably related to an investigation within the scope of the agency's authority and duties. Nothing in this subparagraph (IX) shall be construed to prohibit the publication of such information in an aggregate or statistical form so classified as to prevent the identification, location, or habits of individuals.

(X) (A) Any records of sexual harassment complaints and investigations, whether or not such records are maintained as part of a personnel file; except that, an administrative agency investigating the complaint may, upon a showing of necessity to the custodian of records, gain access to information necessary to the investigation of such a complaint. This sub-subparagraph (A) shall not apply to records of sexual harassment complaints and investigations that are included in court files and records of court proceedings. Disclosure of all or a part of any records of sexual harassment complaints and investigations to the person in interest is permissible to the extent that the disclosure can be made without permitting the identification, as a result of the disclosure, of any individual involved. This sub-subparagraph (A) shall not preclude disclosure of all or part of the results of an investigation of the general employment policies and procedures of an agency, office, department, or division, to the extent that the disclosure can be made without permitting the identification, as a result of the disclosure, of any individual involved.

(B) A person in interest under this subparagraph (X) includes the person making a complaint and the person whose conduct is the subject of such a complaint.

(C) A person in interest may make a record maintained pursuant to this subparagraph (X) available for public inspection when such record supports the contention that a publicly reported, written, printed, or spoken allegation of sexual harassment against such person is false.

(D) Repealed.

(X.5) Records created, maintained, or provided to a custodian by the office of legislative workplace relations created in section 2-3-511 that are related to a workplace harassment

complaint or investigation, a complaint under the workplace expectations policy, or an inquiry or request concerning workplace harassment or conduct, whether or not the records are part of a formal or informal complaint or resolution process;

(XI) (A) Except as provided in subsection (3)(a)(XI)(D) of this section, records submitted by or on behalf of an applicant or candidate for any employment position, including an applicant for an executive position as defined in section 24-72-202 (1.3) who is not a finalist. For purposes of this subsection (3)(a)(XI), "finalist" means an applicant or candidate for an executive position as the chief executive officer of a state agency, institution, or political subdivision or agency thereof who is named as a finalist pursuant to section 24-6-402 (3.5).

(B) This subsection (3)(a)(XI) shall not be construed to prohibit the public inspection or copying of any records submitted by or on behalf of a finalist or the applications of past or current employees; except that letters of reference or medical, psychological, and sociological data concerning finalists or past or current employees shall not be made available for public inspection or copying.

(C) This subsection (3)(a)(XI) applies to employment selection processes for all employment and executive positions, including, but not limited to, selection processes conducted or assisted by private persons or firms at the request of a state agency, institution, or political subdivision.

(D) Notwithstanding subsection (3)(a)(XI)(A) of this section, a custodian shall allow public inspection of the demographic data of a candidate who was interviewed by the state public body, local public body, or search committee for an executive position as defined in section 24-72-202 (1.3), but is not named as a finalist pursuant to subsection 24-6-402 (3.5). For purposes of this subsection (3)(a)(XI)(D), "demographic data" means information on a candidate's race and gender that has been legally requested and voluntarily provided on the candidate's application and does not include the candidate's name or other information.

(XII) Any record indicating that a person has obtained an identifying license plate or placard for persons with disabilities under section 42-3-204, C.R.S., or any other motor vehicle record that would reveal the presence of a disability;

(XIII) Records protected under the common law governmental or "deliberative process" privilege, if the material is so candid or personal that public disclosure is likely to stifle honest and frank discussion within the government, unless the privilege has been waived. The general assembly hereby finds and declares that in some circumstances, public disclosure of such records may cause substantial injury to the public interest. If any public record is withheld pursuant to this subparagraph (XIII), the custodian shall provide the applicant with a sworn statement specifically describing each document withheld, explaining why each such document is privileged, and why disclosure would cause substantial injury to the public interest. If the applicant so requests, the custodian shall apply to the district court for an order permitting him or her to restrict disclosure. The application shall be subject to the procedures and burden of proof provided for in subsection (6) of this section. All persons entitled to claim the privilege with respect to the records in issue shall be given notice of the proceedings and shall have the right to appear and be heard. In determining whether disclosure of the records would cause substantial injury to the public interest, the court shall weigh, based on the circumstances presented in the particular case, the public interest in honest and frank discussion within government and the beneficial effects of public scrutiny upon the quality of governmental decision-making and public confidence therein.

(XIV) Veterinary medical data, information, and records on individual animals that are owned by private individuals or business entities, but are in the custody of a veterinary medical practice or hospital, including the veterinary teaching hospital at Colorado state university, that provides veterinary medical care and treatment to animals. A veterinary-patient-client privilege exists with respect to such data, information, and records only when a person in interest and a veterinarian enter into a mutual agreement to provide medical treatment for an individual animal and such person in interest maintains an ownership interest in such animal undergoing treatment. For purposes of this subsection (3)(a)(XIV), "person in interest" means the owner of an animal undergoing veterinary medical treatment or such owner's designated representative. Nothing in this subsection (3)(a)(XIV) shall prevent the state agricultural commission, the state agricultural commissioner, or the state board of veterinary medicine from exercising their investigatory and enforcement powers and duties granted pursuant to section 35-1-106 (1)(h), article 50 of title 35, and section 12-315-106 (5)(e), respectively. The veterinary-patient-client privilege described in this subsection (3)(a)(XIV), pursuant to section 12-315-120 (5), may not be asserted for the purpose of excluding or refusing evidence or testimony in a prosecution for an act of animal cruelty under section 18-9-202 or for an act of animal fighting under section 18-9-204.

(C) Nothing in this subparagraph (XVIII) shall prohibit a county clerk and recorder from taking appropriate protective actions with regard to records that were filed with or placed in storage by the county clerk and recorder prior to July 1, 2002, in accordance with any limitations determined necessary by the county clerk and recorder.

(D) The county clerk and recorder and any individual employed by the county clerk and recorder shall not be liable for any damages that may result from good faith compliance with the provisions of this part 2.

A person in interest under this subsection (3)(a)(XIX) includes

an immediate family member of either party to the marriage application. As used in this subsection (3)(a)(XIX), "immediate family member" means a person who is related by blood, marriage, or adoption. (XXII) Personal information, as defined in section 18-9-313 (1)(l), in a record for which the custodian has received a request under section 18-9-313, and personal information, as defined in section 18-9-313.5 (1)(e), in a record for which the custodian has received a request under section 18-9-313.5 (3), unless access to the information is authorized by section 18-9-313.5 (3)(c);

(XXIII) Records, including analyses and maps, compiled or maintained in accordance with article 73 of title 35 that are based on information related to private lands and identify or allow to be identified any specific Colorado landowners, land managers, agricultural producers, or parcels of land; except that the custodian may release or authorize inspection of summary or aggregated data that do not specifically identify individual landowners, land managers, agricultural producers, or parcels of land.

(c) Nothing in this subsection (3) shall prohibit the custodian of the records of a school, including any institution of higher education, or a school district from transmitting data concerning standardized tests, scholastic achievement, disciplinary information involving a student, or medical, psychological, or sociological information of any student to the custodian of such records in any other such school or school district to which such student moves, transfers, or makes application for transfer, and the written permission of such student or his or her parent or guardian shall not be required therefor. Notwithstanding subsection (3)(a)(VI) of this section, under policies adopted by the local board of education, the names, addresses, and home telephone numbers of students in any secondary school must be released to a recruiting officer for any branch of the United States armed forces who requests such information, subject to the following:

(I) Each local board of education shall adopt a policy to govern the release of the names, addresses, and home telephone numbers of secondary school students to military recruiting officers that provides that such information shall be released to recruiting officers unless a student submits a request, in writing, that such information not be released.

(II) The directory information requested by a recruiting officer shall be released by the local board of education within ninety days of the date of the request.

(III) The local board of education shall comply with any applicable provisions of the federal "Family Educational Rights and Privacy Act of 1974" (FERPA), 20 U.S.C. sec. 1232g, and the federal regulations cited thereunder relating to the release of student information by educational institutions that receive federal funds.

(IV) Actual direct expenses incurred in furnishing this information shall be paid for by the requesting service and shall be reasonable and customary.

(V) The recruiting officer shall use the data released for the purpose of providing information to students regarding military service and shall not use it for any other purpose or release such data to any person or organization other than individuals within the recruiting services of the armed forces.

(e) (I) This subsection (3)(e) applies to all public schools and school districts. Notwithstanding subsection (3)(a)(I) of this section, under policies adopted by each local board of education, consistent with applicable provisions of the federal "Family Educational Rights and Privacy Act of 1974" (FERPA), 20 U.S.C. sec. 1232g, and all federal regulations and applicable guidelines adopted thereto, information directly related to a student and maintained by a public school or by a person acting for the public school must be available for release if the disclosure meets one or more of the following conditions:

(A) The disclosure is to other school officials, including teachers, working in the school at which the student is enrolled who have specific and legitimate educational interests in the information for use in furthering the student's academic achievement or maintaining a safe and orderly learning environment;

(B) The disclosure is to officials of a school at which the student seeks or intends to enroll or the disclosure is to officials at a school at which the student is currently enrolled or receiving services, after making a reasonable attempt to notify the student's parent or legal guardian or the student if he or she is at least eighteen years of age or attending an institution of postsecondary education, as prescribed by federal regulation;

(C) The disclosure is to state or local officials or authorities if the disclosure concerns the juvenile justice system and the system's ability to serve effectively, prior to adjudication, the student whose records are disclosed and if the officials and authorities to whom the records are disclosed certify in writing that the information shall not be disclosed to any other party, except as otherwise provided by law, without the prior written consent of the student's parent or legal

guardian or of the student if he or she is at least eighteen years of age or is attending an institution of postsecondary education;

(D) The disclosure is to comply with a judicial order or a lawfully issued subpoena, if a reasonable effort is made to notify the student's parent or legal guardian or the student if he or she is at least eighteen years of age or is attending a postsecondary institution about the order or subpoena in advance of compliance, so that such parent, legal guardian, or student is provided an opportunity to seek protective action, unless the disclosure is in compliance with a federal grand jury subpoena or any other subpoena issued for a law enforcement purpose and the court or the issuing agency has ordered that the existence or contents of the subpoena or the information furnished in response to the subpoena not be disclosed;

(E) The disclosure is in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals, as specifically prescribed by federal regulation.

(II) Nothing in this paragraph (e) shall prevent public school administrators, teachers, or staff from disclosing information derived from personal knowledge or observation and not derived from a student's record maintained by a public school or a person acting for the public school.

(3.5) (a) Effective January 1, 1992, any individual who meets the requirements of this subsection (3.5) may request that the address of such individual included in any public records concerning that individual which are required to be made, maintained, or kept pursuant to the following sections be kept confidential:

(I) Sections 1-2-227 and 1-2-301, C.R.S.;

(II) (Deleted by amendment, L. 2000, p. 1337, § 1, effective May 30, 2000.)

(III) Section 24-6-202.

(b) (I) An individual may make the request of confidentiality allowed by this subsection (3.5) if such individual has reason to believe that such individual, or any member of such individual's immediate family who resides in the same household as such individual, will be exposed to criminal harassment as prohibited in section 18-9-111, C.R.S., or otherwise be in danger of bodily harm, if such individual's address is not kept confidential in accordance with this subsection (3.5).

(II) A request of confidentiality with respect to records described in subparagraph (I) of paragraph (a) of this subsection (3.5) shall be made in person in the office of the county clerk and recorder of the county where the individual making the request resides. Requests shall be made on application forms approved by the secretary of state, after consultation with county clerk and recorders. The application form shall provide space for the applicant to provide his or her name and address, date of birth, and any other identifying information determined by the secretary of state to be necessary to carry out the provisions of this subsection (3.5). In addition, an affirmation shall be printed on the form, in the area immediately above a line for the applicant's signature and the date, stating the following: "I swear or affirm, under penalty of perjury, that I have reason to believe that I, or a member of my immediate family who resides in my household, will be exposed to criminal harassment, or otherwise be in danger of bodily harm, if my address is not kept confidential." Immediately below the signature line, there shall be printed a notice, in a type that is larger than the other information contained on the form, that the applicant may be prosecuted for perjury in the second degree under section 18-8-503, C.R.S., if the applicant signs such affirmation and does not believe such affirmation to be true.

(III) The county clerk and recorder of each county shall provide an opportunity for any individual to make the request of confidentiality allowed by this subsection (3.5) in person at the time such individual makes application to the county clerk and recorder to register to vote or to make any change in such individual's registration, and at any other time during normal business hours of the office of the county clerk and recorder. The county clerk and recorder shall forward a copy of each completed application to the secretary of state for purposes of the records maintained by him or her pursuant to subparagraph (I) of paragraph (a) of this subsection (3.5). The county clerk and recorder shall collect a processing fee in the amount of five dollars of which amount two dollars and fifty cents shall be transmitted to the secretary of state for the purpose of offsetting the secretary of state's costs of processing applications forwarded to the secretary of state pursuant to this subparagraph (III). All processing fees received by the secretary of state pursuant to this subparagraph (III) shall be transmitted to the state treasurer, who shall credit the same to the department of state cash fund.

(IV) The secretary of state shall provide an opportunity for any individual to make the request of confidentiality allowed by paragraph (a) of this subsection (3.5), with respect to the records described in subparagraph (III) of paragraph (a) of this subsection (3.5). The secretary of state may charge a processing fee, not to exceed five dollars, for each such request. All processing fees collected by the secretary of state pursuant to this subparagraph (IV) or subparagraph (III) of this paragraph (b) shall be transmitted to the state treasurer, who shall credit the same to the department of state cash fund.

(V) Notwithstanding the amount specified for any fee in subparagraph (III) or (IV) of this paragraph (b), the secretary of state by rule or as otherwise provided by law may reduce the amount of one or more of the fees credited to the department of state cash fund if necessary pursuant to section 24-75-402 (3), to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the secretary of state by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4).

(c) The custodian of any records described in subsection (3.5)(a) of this section that concern an individual who has made a request of confidentiality pursuant to this subsection (3.5) and paid any required processing fee shall deny the right of inspection of the individual's address contained in such records on the ground that disclosure would be contrary to the public interest; except that the custodian shall allow the inspection of the records by the individual, by any person authorized in writing by that individual, and by any individual employed by one of the following entities who makes a request to the custodian to inspect the records and who provides evidence satisfactory to the custodian that the inspection is reasonably related to the authorized purpose of the employing entity:

(I) A criminal justice agency, as defined by section 24-72-302 (3);

(II) An agency of the United States, the state of Colorado, or of any political subdivision or authority thereof;

(III) A person required to obtain such individual's address in order to comply with federal or state law or regulations adopted pursuant thereto;

(IV) An insurance company which has a valid certificate of authority to transact insurance business in Colorado as required in section 10-3-105 (1), C.R.S.;

(V) A collection agency which has a valid license as required by section 5-16-115 (1);

(VI) A supervised lender licensed pursuant to section 5-1-301 (46), C.R.S.;

(VII) A bank as defined in section 11-101-401 (5), C.R.S., a trust company as defined in section 11-109-101 (11), C.R.S., a credit union as defined in section 11-30-101 (1), C.R.S., a domestic savings and loan association as defined in section 11-40-102 (5), C.R.S., a foreign savings and loan association as defined in section 11-40-102 (8), C.R.S., or a broker-dealer as defined in section 11-51-201 (2), C.R.S.;

(VIII) An attorney licensed to practice law in Colorado or his representative authorized in writing to inspect such records on behalf of the attorney;

(IX) A manufacturer of any vehicle required to be registered pursuant to the provisions of article 3 of title 42, C.R.S., or a designated agent of such manufacturer. Such inspection shall be allowed only for the purpose of identifying, locating, and notifying the registered owners of such vehicles in the event of a product recall or product advisory and may also be allowed for statistical purposes where such address is not disclosed by such manufacturer or designated agent. No person who obtains the address of an individual pursuant to this subparagraph (IX) shall disclose such information, except as necessary to accomplish said purposes.

(d) Notwithstanding any provisions of this subsection (3.5) to the contrary, any person who appears in person in the office of any custodian of records described in paragraph (a) of this subsection (3.5) and who presents documentary evidence satisfactory to the custodian that such person is a duly accredited representative of the news media may verify the address of an individual whose address is otherwise protected from inspection in accordance with this subsection (3.5). Such verification shall be limited to the custodian confirming or denying that the address of an individual as known to the representative of the news media is the address of the individual as shown by the records of the custodian.

(e) No person shall make any false statement in requesting any information pursuant to paragraph (a) or (b) of this subsection (3.5).

(f) Any request of confidentiality made pursuant to this subsection (3.5) shall be kept confidential and shall not be open to inspection as a public record unless a written release is executed by the person who made the request.

(g) Prior to the release of any information required to be kept confidential pursuant to this subsection (3.5), the custodian shall require the person requesting the information to produce a valid Colorado driver's license or identification card and written authorization from any entity authorized to receive information under this subsection (3.5). The custodian shall keep a record of the requesting person's name, address, and date of birth and shall make such information available to the individual requesting confidentiality under this subsection (3.5) or any person authorized by such individual.

(4) If the custodian denies access to any public record, the applicant may request a written statement of the grounds for the denial, which statement shall cite the law or regulation under which access is denied and shall be furnished forthwith to the applicant.

(5) (a) Except as provided in subsection (5.5) of this section, any person denied the right to inspect any record covered by this part 2 or who alleges a violation of section 24-72-203 (3.5) may apply to the district court of the district wherein the record is found for an order directing the custodian of such record to show cause why the custodian should not permit the inspection of such record; except that, at least fourteen days prior to filing an application with the district court, the person who has been denied the right to inspect the record shall file a written notice with the custodian who has denied the right to inspect the record informing the custodian that the person intends to file an application with the district court. During the fourteen-day period before

the person may file an application with the district court under this subsection (5)(a), the custodian who has denied the right to inspect the record shall either meet in person or communicate on the telephone with the person who has been denied access to the record to determine if the dispute may be resolved without filing an application with the district court. The meeting may include recourse to any method of dispute resolution that is agreeable to both parties. Any common expense necessary to resolve the dispute must be apportioned equally between or among the parties unless the parties have agreed to a different method of allocating the costs between or among them. If the person who has been denied access to inspect a record states in the required written notice to the custodian that the person needs to pursue access to the record on an expedited basis, the person must provide such written notice, including a factual basis of the expedited need for the record, to the custodian at least three business days prior to the date on which the person files the application with the district court and, in such circumstances, no meeting to determine if the dispute may be resolved without filing an application with the district court is required.

(b) Hearing on the application described in subsection (5)(a) of this section must be held at the earliest practical time. Unless the court finds that the denial of the right of inspection was proper, it shall order the custodian to permit such inspection and shall award court costs and reasonable attorney fees to the prevailing applicant in an amount to be determined by the court; except that no court costs and attorney fees shall be awarded to a person who has filed a lawsuit against a state public body or local public body and who applies to the court for an order pursuant to subsection (5)(a) of this section for access to records of the state public body or local public body being sued if the court finds that the records being sought are related to the pending litigation and are discoverable pursuant to chapter 4 of the Colorado rules of civil procedure. In the event the court finds that the denial of the right of inspection was proper, the court shall award court costs and reasonable attorney fees to the custodian if the court finds that the action was frivolous, vexatious, or groundless.

(5.5) (a) Any person seeking access to the record of an executive session meeting of a state public body or a local public body recorded pursuant to section 24-6-402 (2)(d.5) shall, upon application to the district court for the district wherein the records are found, show grounds sufficient to support a reasonable belief that the state public body or local public body engaged in substantial discussion of any matters not enumerated in section 24-6-402 (3) or (4) or that the state public body or local public body adopted a proposed policy, position, resolution, rule, regulation, or formal action in the executive session in contravention of section 24-6-402 (3)(a) or (4). If the applicant fails to show grounds sufficient to support such reasonable belief, the court shall deny the application and, if the court finds that the application was frivolous, vexatious, or groundless, the court shall award court costs and attorney fees to the prevailing party. If an applicant shows grounds sufficient to support such reasonable belief, the applicant cannot be found to have brought a frivolous, vexatious, or groundless action, regardless of the outcome of the in camera review.

(b) (I) Upon finding that sufficient grounds exist to support a reasonable belief that the state public body or local public body engaged in substantial discussion of any matters not enumerated in section 24-6-402 (3) or (4) or that the state public body or local public body adopted a proposed policy, position, resolution, rule, regulation, or formal action in the executive session in contravention of section 24-6-402 (3)(a) or (4), the court shall conduct an in camera review of the record of the executive session to determine whether the state public body or local

public body engaged in substantial discussion of any matters not enumerated in section 24-6-402 (3) or (4) or adopted a proposed policy, position, resolution, rule, regulation, or formal action in the executive session in contravention of section 24-6-402 (3)(a) or (4).

(II) If the court determines, based on the in camera review, that violations of the open meetings law occurred, the portion of the record of the executive session that reflects the substantial discussion of matters not enumerated in section 24-6-402 (3) or (4) or the adoption of a proposed policy, position, resolution, rule, regulation, or formal action shall be open to public inspection.

(6) (a) If, in the opinion of the official custodian of any public record, disclosure of the contents of said record would do substantial injury to the public interest, notwithstanding the fact that said record might otherwise be available to public inspection or if the official custodian is unable, in good faith, after exercising reasonable diligence, and after reasonable inquiry, to determine if disclosure of the public record is prohibited pursuant to this part 2, the official custodian may apply to the district court of the district in which such record is located for an order permitting him or her to restrict such disclosure or for the court to determine if disclosure is prohibited. Hearing on such application shall be held at the earliest practical time. In the case of a record that is otherwise available to public inspection pursuant to this part 2, after a hearing, the court may, upon a finding that disclosure would cause substantial injury to the public interest, issue an order authorizing the official custodian to restrict disclosure. In the case of a record that may be prohibited from disclosure pursuant to this part 2, after a hearing, the court may, upon a finding that disclosure of the record is prohibited, issue an order directing the official custodian not to disclose the record to the public. In an action brought pursuant to this paragraph (a), the burden of proof shall be upon the custodian. The person seeking permission to examine the record shall have notice of said hearing served upon him or her in the manner provided for service of process by the Colorado rules of civil procedure and shall have the right to appear and be heard. The attorney fees provision of subsection (5) of this section shall not apply in cases brought pursuant to this paragraph (a) by an official custodian who is unable to determine if disclosure of a public record is prohibited under this part 2 if the official custodian proves and the court finds that the custodian, in good faith, after exercising reasonable diligence, and after making reasonable inquiry, was unable to determine if disclosure of the public record was prohibited without a ruling by the court.

(b) In defense against an application for an order under subsection (5) of this section, the custodian may raise any issue that could have been raised by the custodian in an application under paragraph (a) of this subsection (6).

(7) (a) Except as permitted in subsection (7)(b) of this section, the department of revenue or an authorized agent of the department shall not allow a person, other than the person in interest, to inspect information contained in a driver's license application under section 42-2-107, a driver's license renewal application under section 42-2-118, a duplicate driver's license application under section 42-2-117, a commercial driver's license application under section 42-2-403, an identification card application under section 42-2-302, a motor vehicle title application under section 42-6-116, a motor vehicle registration application under section 42-3-113, an identification document under section 42-2-505, or other official record or document maintained by the department under section 42-2-121.

(b) Notwithstanding subsection (7)(a) of this section, only upon obtaining a completed requester release form under section 42-1-206 (1)(b), the department may allow inspection of the information referred to in subsection (7)(a) of this section for the following uses:

(I) For use by any government agency, including any court or law enforcement agency, in carrying out its functions, or any private person or entity acting on behalf of a federal, state, or local agency in carrying out its functions; except that this subsection (7)(b)(I) does not apply to a request made for the purpose of investigating for, participating in, cooperating with, or assisting in federal immigration enforcement, including enforcement of civil immigration laws, 8 U.S.C. sec. 1325, and 8 U.S.C. sec. 1326, except as required by federal or state law or as required to comply with a court-issued subpoena, warrant, or order;

(II) For use in connection with matters of motor vehicle or driver safety and theft; motor vehicle emissions; motor vehicle product alterations, recalls, or advisories; performance monitoring of motor vehicles, motor vehicle parts and dealers; motor vehicle market research activities, including survey research; and removal of non-owner records from the original owner records of motor vehicle manufacturers;

(III) For use in the normal course of business by a legitimate business or its agents, employees, or contractors, but only:

(A) To verify the accuracy of personal information submitted by the individual to the business or its agents, employees, or contractors; and

(B) If such information as so submitted is not correct or is no longer correct, to obtain the correct information, but only for the purposes of preventing fraud by, pursuing legal remedies against, or recovering on a debt or security interest against, the individual;

(IV) For use in connection with any civil, criminal, administrative, or arbitral proceeding in any federal, state, or local court or agency or before any self-regulatory body, including the service of process, investigation in anticipation of litigation, and the execution or enforcement of judgments and orders, or pursuant to an order of a federal, state, or local court; except that this subsection (7)(b)(IV) does not apply to a request made for the purpose of investigating for, participating in, cooperating with, or assisting in federal immigration enforcement, including enforcement of civil immigration laws, 8 U.S.C. sec. 1325, and 8 U.S.C. sec. 1326, except as required by federal or state law or as required to comply with a court-issued subpoena, warrant, or order;

(V) For use in research activities, and for use in producing statistical reports, so long as the personal information is not published, redisclosed, or used to contact the parties in interest;

(VI) For use by any insurer or insurance support organization, or by a self-insured entity, or its agents, employees, or contractors, in connection with claims investigation activities, anti-fraud activities, rating or underwriting;

(VII) For use in providing notice to the owners of towed or impounded vehicles;

(VIII) For use by any licensed security service for any purpose permitted under this subsection (7)(b);

(IX) For use by an employer or its agent or insurer to obtain or verify information relating to a party in interest who is a holder of a commercial driver's license;

(X) For use in connection with the operation of private toll transportation facilities;

(XI) For any other use in response to requests for individual motor vehicle records if the department has obtained the express consent of the party in interest pursuant to section 42-2-121 (4), C.R.S.;

(XII) For bulk distribution for surveys, marketing or solicitations if the department has obtained the express consent of the party in interest pursuant to section 42-2-121 (4), C.R.S.;

(XIII) For use by any requester, if the requester demonstrates he or she has obtained the written consent of the party in interest;

(XIV) For any other use specifically authorized under the laws of the state, if such use is related to the operation of a motor vehicle or public safety; or

(XV) For use by the federally designated organ procurement organization for the purposes of creating and maintaining the organ and tissue donor registry authorized in section 15-19-220.

(c) (I) For purposes of this paragraph (c), "law" shall mean the federal "Driver's Privacy Protection Act of 1994", 18 U.S.C. sec. 2721 et seq., the federal "Fair Credit Reporting Act", 15 U.S.C. sec. 1681 et seq., section 42-1-206, C.R.S., and this part 2.

(II) If the requester release form indicates that the requester will, in any manner, use, obtain, resell, or transfer the information contained in records, requested individually or in bulk, for any purpose prohibited by law, the department or agent shall deny inspection of any motor vehicle or driver record.

(III) In addition to completing the requester release form under section 42-1-206 (1)(b), C.R.S., and subject to the provisions of section 42-1-206 (3.7), C.R.S., the requester shall sign an affidavit of intended use under penalty of perjury that states that the requester shall not obtain, resell, transfer, or use the information in any manner prohibited by law. The department or the department's authorized agent shall deny inspection of any motor vehicle or driver record to any person, other than a person in interest as defined in section 24-72-202 (4), or a federal, state, or local government agency carrying out its official functions, who has not signed and returned the affidavit of intended use.

(d) Notwithstanding paragraph (b) of this subsection (7), the department of revenue or an authorized agent of the department shall allow inspection of records maintained by the department pursuant to section 42-2-121.5, C.R.S., only by the person in interest or by an officer of a law enforcement or public safety agency in accordance with section 42-2-121.5 (3), C.R.S.

(8) (a) A designated election official shall not allow a person, other than the person in interest, to inspect the election records of any person that contain the original signature, social security number, month of birth, day of the month of birth, or identification of that person, including electronic, digital, or scanned images of a person's original signature, social security number, month of birth, day of the month of birth, or identification.

(b) Nothing in paragraph (a) of this subsection (8) shall be construed to prohibit a designated election official from:

(I) Making such election records available to any law enforcement agency or district attorney of this state in connection with the investigation or prosecution of an election offense specified in article 13 of title 1, C.R.S.;

(II) Making such election records available to employees of or election judges appointed by the designated election official as necessary for those employees or election judges to carry out the duties and responsibilities connected with the conduct of any election; and

(3) On or before January 1, 2024, each member of the general assembly, the governor's office and each office of the governor, and each state agency and institution shall submit a report to the staff of the legislative council of the general assembly outlining its respective electronic mail retention policy. 24-72-205. Copy, printout, or photograph of a public record - imposition of research and retrieval fee. (1) (a) In all cases in which a person has the right to inspect a public record, the person may request a copy, printout, or photograph of the record. The custodian shall furnish a copy, printout, or photograph and may charge a fee determined in accordance with subsection (5) of this section; except that, when the custodian is the secretary of state, fees shall be determined and collected pursuant to section 24-21-104 (3), and when the custodian is the executive director of the department of personnel, fees shall be determined and collected pursuant to section 24-80-102 (10). Where the fee for a certified copy or other copy, printout, or photograph of a record is specifically prescribed by law, the specific fee shall apply.

(b) Upon request for records transmission by a person seeking a copy of any public record, the custodian shall transmit a copy of the record by United States mail, other delivery service, facsimile, or electronic mail. No transmission fees may be charged to the record requester for transmitting public records via electronic mail. Within the period specified in section 24-72-203 (3)(a), the custodian shall notify the record requester that a copy of the record is available but will only be sent to the requester once the custodian either receives payment or makes arrangements for receiving payment for all costs associated with records transmission and for all other fees lawfully allowed, unless recovery of all or any portion of such costs or fees has been waived by the custodian. Upon either receiving such payment or making arrangements to receive such payment at a later date, the custodian shall send the record to the requester as soon as practicable but no more than three business days after receipt of, or making arrangements to receive, such payment.

(2) If the custodian does not have facilities for making a copy, printout, or photograph of a record that a person has the right to inspect, the person shall be granted access to the record for the purpose of making a copy, printout, or photograph. The copy, printout, or photograph shall be made while the record is in the possession, custody, and control of the custodian thereof and shall be subject to the supervision of the custodian. When practical, the copy, printout, or photograph shall be made in the place where the record is kept, but if it is impractical to do so, the custodian may allow arrangements to be made for the copy, printout, or photograph to be made at other facilities. If other facilities are necessary, the cost of providing them shall be paid by the person desiring a copy, printout, or photograph of the record. The custodian may establish a reasonable schedule of times for making a copy, printout, or photograph and may charge the same fee for the services rendered in supervising the copying, printing out, or photographing as the custodian may charge for furnishing a copy, printout, or photograph under subsection (5) of this section.

(3) If, in response to a specific request, the state or any of its agencies, institutions, or political subdivisions has performed a manipulation of data so as to generate a record in a form not used by the state or by said agency, institution, or political subdivision, a reasonable fee may be charged to the person making the request. Such fee shall not exceed the actual cost of manipulating the said data and generating the said record in accordance with the request. Persons making subsequent requests for the same or similar records may be charged a fee not in excess of the original fee.

(4) If the public record is a result of computer output other than word processing, the fee for a copy, printout, or photograph thereof may be based on recovery of the actual incremental costs of providing the electronic services and products together with a reasonable portion of the costs associated with building and maintaining the information system. Such fee may be reduced

or waived by the custodian if the electronic services and products are to be used for a public purpose, including public agency program support, nonprofit activities, journalism, and academic research. Fee reductions and waivers shall be uniformly applied among persons who are similarly situated.

(5) (a) A custodian may charge a fee not to exceed twenty-five cents per standard page for a copy of a public record or a fee not to exceed the actual cost of providing a copy, printout, or photograph of a public record in a format other than a standard page; except that a custodian shall not charge a per-page fee for providing records in a digital or electronic format.

(b) Notwithstanding paragraph (a) of this subsection (5), an institution, as defined in section 24-72-202 (1.5), that is the custodian of scholastic achievement data on an individual person may charge a reasonable fee for a certified transcript of the data.

(6) (a) A custodian may impose a fee in response to a request for the research and retrieval of public records only if the custodian has, prior to the date of receiving the request, either posted on the custodian's website or otherwise published a written policy that specifies the applicable conditions concerning the research and retrieval of public records by the custodian, including the amount of any current fee. Under any such policy, the custodian shall not impose a charge for the first hour of time expended in connection with the research and retrieval of public records. After the first hour of time has been expended, the custodian may charge a fee for the research and retrieval of public records that shall not exceed thirty dollars per hour.

(b) On July 1, 2019, and by July 1 of every five-year period thereafter, the director of research of the legislative council appointed pursuant to section 2-3-304 (1) shall adjust the maximum hourly fee specified in subsection (6)(a) of this section in accordance with the percentage change over the period in the United States department of labor, bureau of labor statistics, consumer price index for Denver-Aurora-Lakewood for all items and all urban consumers, or its successor index. The director of research shall post the adjusted maximum hourly fee on the website of the general assembly.

(7) If a custodian of a public record requested pursuant to this part 2 allows members of the public to pay for any other service or product provided by the custodian with a credit card or electronic payment, the custodian must allow the requester of the public record to pay any fee or deposit associated with the request with a credit card or via an electronic payment. The custodian may require a requester to pay any service charge or fee imposed by the processor of a credit card or electronic payment.

24-72-205.5. Public inspection of ballots - stay period - recounts - rules governing public inspection of ballots - legislative declaration - definitions. (1) (a) By enacting this section, the general assembly intends to permit the inspection of ballots under the conditions specified in this section and to protect the integrity of the election process while protecting voter privacy and preserving secrecy in voting in accordance with the provisions of section 8 of article VII of the state constitution.

(b) In order to facilitate and ensure a consistent application of the provisions of this section across the state, the matters addressed in this section are matters of statewide concern.

(2) As used in this section, unless the context otherwise requires:

(a) "Ballot" means a ballot voted by any acceptable, applicable, or legal method that is in the custody of an election official. "Ballot" includes any digital image or electronic representation of votes cast.

(b) "Designated election official" has the same meaning as set forth in section 1-1-104 (8), C.R.S.

(c) "Interested party" means:

(I) Any candidate who was in an election contest that is the subject of a recount or the political party or political organization as defined in section 1-1-104 (24), C.R.S., of such candidate;

(II) Any petition representative identified pursuant to section 1-40-113 or 31-11-106 (2), C.R.S., as applicable, in connection with a ballot issue or ballot question that is the subject of the recount;

(III) The governing body that referred a ballot question or ballot issue to the electorate that is the subject of the recount; or

(IV) The agent of an issue committee that is required to report contributions pursuant to the "Fair Campaign Practices Act", article 45 of title 1, C.R.S., that either supported or opposed a ballot question or ballot issue that is the subject of the recount.

(3) (a) Except as otherwise provided in paragraph (b) of this subsection (3), the designated election official shall not fulfill a request under this part 2 for the public inspection of ballots during the period commencing with the forty-fifth day preceding election day and concluding with the date either by which the designated election official is required to certify an official abstract of votes cast for the applicable candidate contest or ballot issue or ballot question pursuant to section 1-10-102 or 31-10-1205 (1), C.R.S., as applicable, or by which any recount conducted in accordance with article 10.5 of title 1, C.R.S., or section 31-10-1207, C.R.S., is completed, as applicable, whichever date is later. The denial of public inspection of ballots authorized pursuant to this paragraph (a) shall also apply to any internal batch reports generated by a designated election official for the specific purpose of auditing ballots received in the course of conducting an election.

(b) Notwithstanding any other provision of this section, the denial of public inspection of ballots authorized pursuant to paragraph (a) of this subsection (3) shall apply to a recount that is conducted in accordance with the provisions of article 10.5 of title 1, C.R.S., or section 31-10-1207, C.R.S., as applicable; except that, during the period described in paragraph (a) of this subsection (3), an interested party may inspect and request copies of ballots in connection with such recount without having to obtain a court order granting such inspection. In connection with an inspection by an interested party as authorized by this paragraph (b), an interested party may witness the handling of ballots involved in the recount to verify that the recount is being

conducted in a fair, impartial, and uniform manner so as to determine that all ballots that have been cast are accurately interpreted and counted; except that an interested party is not permitted to handle the original ballots. Except as specified in this paragraph (b), nothing in this section shall be construed to prohibit an interested party from requesting copies of ballots in connection with a recount, to affect the conduct of a recount, or to affect the rights of an interested party in connection with a recount.

(c) Notwithstanding any other provision of this section, nothing in this section shall be construed to restrict the public inspection of election records as defined in section 1-1-104 (11), C.R.S.; except that, for purposes of this section, election records shall not include ballots.

(4) (a) In accordance with the provisions of section 24-72-203 (1)(a) and in addition to any other requirements that are applicable to a person requesting the inspection of public records under this part 2, prior to and later than the stay period described in paragraph (a) of subsection (3) of this section, ballots shall be available for inspection by the public in accordance with the requirements of this part 2.

(b) In connection with the public inspection of the ballots to which this section pertains:

(I) The original ballots shall at all times remain in the custody of the designated election official or his or her designee. In the discretion of the designated election official or his or her designee, and subject to the provisions of paragraph (a) of this subsection (4) and this part 2, the designated election official or his or her designee shall determine the manner in which such ballots may be viewed by the public.

(II) The designated election official or his or her designee shall cover or redact, based upon the most practical means available, any markings or message on a ballot that may identify the particular elector who cast the ballot before the ballot may be made available for public inspection;

(III) To protect the privacy of particular electors, any ballots cast by electors within groups of discrete individuals who are more susceptible of being personally identified, such as military and overseas electors, shall be made available for public inspection only to the extent such ballots may be duplicated without identifying elector information. Insofar as such ballots are not able to be duplicated without identifying elector information, they are not available for public inspection. Notwithstanding any other provision of this section, no ballot, or any portion thereof, may be made available for inspection where the ballot, or any requested portion thereof, is identical in printed form, considering a combination of the election contests at issue and precinct coding, to only nine or fewer ballots, or comparable portions thereof, among all ballots used in the same election. However, any such ballot, or any requested portion thereof, that is identical in printed form to ten or more ballots, or comparable portions thereof, used in the same election may be inspected.

(IV) To protect the privacy of particular electors, ballots made available for inspection may be presented in random order selected by the designated election official or his or her designee;

(V) For the purpose of minimizing the costs of making ballots available for public inspection, the person seeking the inspection may indicate the candidate contest, ballot issue, or ballot question for which the person seeks to inspect the ballots; and

(VI) Any actual costs incurred by the office of the designated election official in making the ballots available for inspection in accordance with the requirements of this section may be charged to the person requesting inspection of the ballots. If the designated election official

selects a person other than an employee of his or her office to conduct the duties required by this section, the actual costs to be charged the person seeking inspection shall not exceed the actual costs that would have been incurred if the work involved in complying with the requirements of this section was completed by an employee of the designated election official.

(5) Notwithstanding any other provision of this section, nothing in this section affects either the rights of a watcher set forth in the provisions of titles 1 and 31, C.R.S., or the operation of a canvass board in accordance with the provisions of articles 1 to 13 of title 1, C.R.S.

24-72-303. Records of official actions required - open to inspection - applicability.

(1) Each official action as defined in this part 3 shall be recorded by the particular criminal justice agency taking the official action. Such records of official actions shall be maintained by the particular criminal justice agency which took the action and shall be open for inspection by any person at reasonable times, except as provided in this part 3 or as otherwise provided by law. The official custodian of any records of official actions may make such rules and regulations with reference to the inspection of such records as are reasonably necessary for the protection of such records and the prevention of unnecessary interference with the regular discharge of the duties of the custodian or his office.

(2) If the requested record of official action of a criminal justice agency is not in the custody or control of the person to whom application is made, such person shall forthwith notify the applicant of this fact in writing, if requested by the applicant. In such notification, he shall state, in detail to the best of his knowledge and belief, the agency which has custody or control of the record in question.

(3) If the requested record of official action of a criminal justice agency is in the custody and control of the person to whom application is made but is in active use or in storage and therefore not available at the time an applicant asks to examine it, the custodian shall forthwith notify the applicant of this fact in writing, if requested by the applicant. If requested by the applicant, the custodian shall set a date and hour within three working days at which time the record will be available for inspection.

(4) (a) Upon completion of an internal investigation, including any appeals process, that examines the in-uniform or on-duty conduct of a peace officer, as described in part 1 of article 2.5 of title 16, related to an incident of alleged misconduct involving a member of the public, the entire investigation file, including the witness interviews, video and audio recordings, transcripts, documentary evidence, investigative notes, and final departmental decision is open for public inspection upon request; except that the custodian may first provide the requester with a summary of the investigation file and if, after reviewing the summary, the requester requests

access to the investigation file, the custodian shall provide access to the entire investigation file subject to the provisions of subsections (4)(b), (4)(c), and (4)(d) of this section.

(b) Prior to providing access to the internal investigation file pursuant to subsection (4)(a) of this section, the custodian shall redact or remove the following information from the disclosed records:

(I) Any personal identifying information as defined by section 6-1-713 (2)(b);

(II) Any identifying or contact information related to confidential informants, witnesses, or victims;

(III) The home address, personal phone number, and personal e-mail address of a peace officer;

(IV) Any information prohibited for public release by state or federal law; except that internal investigation records examining in-uniform or on-duty conduct of a peace officer during an alleged incident of office misconduct while interacting with a member of the public does not fall within the definition of "personnel files" in section 24-72-202 (4.5);

(V) Any medical or mental health information;

(VI) Any identifying information related to a juvenile; and

(VII) Any nonfinal disciplinary recommendations.

(c) (I) In addition to the information required to be redacted pursuant to subsection (4)(b) of this section, prior to providing access to the internal investigation file pursuant to subsection (4)(a) of this section, the custodian may also redact only the following from disclosed records:

(A) Any compelled statements made by peace officers who are the subject of a criminal investigation or a filed criminal case directly related to conduct underlying the internal investigation;

(B) Any video interviews if an official transcript of the interview is produced, unless, after receiving the transcript, the requester requests the video;

(C) Any video or photograph that raises substantial privacy concerns for criminal defendants, victims, witnesses, or informants, including video reflecting nudity, a medical emergency, a mental health crisis, a victim interview, or the interior of a home or treatment facility. Whenever possible, the video should be redacted or blurred to protect the privacy interest while still allowing public release.

(D) The identity of officers who volunteered information related to the internal investigation but who are not a subject of the internal investigation; and

(E) Specific information that would reveal confidential intelligence information, confidential security procedures of a law enforcement agency or that, if disclosed, would compromise the safety of a peace officer, witness, or informant. However, nothing in this subsection (4)(c)(I)(E) justifies or permits the redaction or withholding of information describing or depicting use of force by a peace officer on a member of the public.

(II) If a record contains information redacted pursuant to this subsection (4)(c), the applicant may request a written explanation of the reasons for the redaction.

(d) A witness, victim, or criminal defendant may waive in writing the individual privacy interest that may be implicated by public release. Upon receipt of such a written waiver, accompanied by a request for release of the records, the custodian shall not redact, remove, or withhold records to protect the waived privacy interest.

(e) Notwithstanding the provisions of subsection (4)(a) of this section, the custodian of an internal investigation file as described in subsection (4)(a) of this section may deny inspection

of the file if there is an ongoing criminal investigation or criminal case against a peace officer related to the subject of the internal investigation. The investigation file must be open for public inspection upon the dismissal of all charges or upon a sentence for a conviction.

(f) Any person who has been denied access to any information in a completed internal affairs investigation file may file an application in the district court in the county where the records are located for an order directing the custodian thereof to show cause why the withheld or redacted information should not be made available to the applicant. The court shall set the hearing on the order to show cause at the earliest practical time. If the court determines, based on its independent judgment, applying de novo review, that any portion or portions of the completed internal affairs investigation file were improperly withheld pursuant to this section, the court shall order the custodian to provide the applicant with a copy of those portions that were improperly withheld.

(g) Notwithstanding the provisions of subsections (4)(a) and (4)(e) of this section, the custodian of an internal investigation file as described in subsection (4)(a) of this section may deny inspection of the file if the inspection is prohibited by rules promulgated by the Colorado supreme court or by a court order.

(h) This subsection (4) applies to internal investigations initiated after April 12, 2019.

(5) Any compelled statement by a peace officer, or evidence derived from that compelled statement, may not be used against that officer in a criminal prosecution.

24-72-304. Inspection of criminal justice records. (1) Except for records of official actions which must be maintained and released pursuant to this part 3, all criminal justice records, at the discretion of the official custodian, may be open for inspection by any person at reasonable times, except as otherwise provided by law, and the official custodian of any such records may make such rules and regulations with reference to the inspection of such records as are reasonably necessary for the protection of such records and the prevention of unnecessary interference with the regular discharge of the duties of the custodian or his office.

(2) If the requested criminal justice records are not in the custody or control of the person to whom application is made, such person shall forthwith notify the applicant of this fact in writing, if requested by the applicant. In such notification, he shall state, in detail to the best of his knowledge and belief, the reason for the absence of the records from his custody or control, their location, and what person then has custody or control of the records.

(3) If the requested records are not in the custody and control of the criminal justice agency to which the request is directed but are in the custody and control of a central repository for criminal justice records pursuant to law, the criminal justice agency to which the request is directed shall forward the request to the central repository. If such a request is to be forwarded to the central repository, the criminal justice agency receiving the request shall do so forthwith and shall so advise the applicant forthwith. The central repository shall forthwith reply directly to the applicant.

(4) (a) The name and any other information that would identify any victim of sexual assault or of alleged sexual assault or attempted sexual assault or alleged attempted sexual

assault shall be deleted from any criminal justice record prior to the release of such record to any individual or agency other than a criminal justice agency when such record bears the notation "SEXUAL ASSAULT" prescribed by this subsection (4).

(b) (I) A criminal justice agency or custodian of criminal justice records shall make the notation "SEXUAL ASSAULT" on any record of official action and on the file containing such record when the official action is related to the commission or the alleged commission of any of the following offenses:

(A) Sexual assault under section 18-3-402, C.R.S., or sexual assault in the first degree under section 18-3-402, C.R.S., as it existed prior to July 1, 2000;

(B) Sexual assault in the second degree under section 18-3-403, C.R.S., as it existed prior to July 1, 2000;

(C) Unlawful sexual contact under section 18-3-404, C.R.S., or sexual assault in the third degree under section 18-3-404, C.R.S., as it existed prior to July 1, 2000;

(D) Sexual assault on a child under section 18-3-405, C.R.S.;

(E) Sexual assault on a child by one in a position of trust under section 18-3-405.3, C.R.S.;

(F) Sexual assault on a client by a psychotherapist under section 18-3-405.5, C.R.S.;

(G) Incest under section 18-6-301, C.R.S.;

(H) Aggravated incest under section 18-6-302, C.R.S.; or

(I) An attempt to commit any of the offenses listed in sub-subparagraphs (A) to (H) of this subparagraph (I).

(II) The notation required pursuant to subparagraph (I) of this paragraph (b) shall be made when:

(A) Any record or file or both of official action is prepared relating to the commission or alleged commission of an offense enumerated in subparagraph (I) of this paragraph (b); or

(B) The name of any victim of the commission or alleged commission of any offense enumerated in subparagraph (I) of this paragraph (b) for which official action was taken appears on the criminal information or indictment.

(c) A criminal justice agency or custodian of criminal justice records shall make the notation "SEXUAL ASSAULT" on any record of official action and on the file containing such record when:

(I) Any employee of the court, officer of the court, or judicial officer notifies such agency or custodian of the name of any victim of the commission or alleged commission of any offense enumerated in subparagraph (I) of paragraph (b) of this subsection (4) when such victim's name is disclosed to or obtained by such employee or officer during the course of proceedings related to such official action; or

(II) Such record or file contains the name of a victim of the commission or alleged commission of any such offense and the victim requests the custodian of criminal justice records to make such a notation.

(d) The provisions of this subsection (4) shall not apply to the sharing of information by a state institution of higher education police department to authorized university administrators pursuant to section 23-5-141, C.R.S.

(4.5) (a) Except as otherwise provided in this section, the name and any other information that would identify any child victim or any child witness of offenses, alleged offenses, attempted offenses, or allegedly attempted offenses shall be deleted from any criminal

justice record prior to the release of the record to any individual or agency other than a criminal justice agency, the named child victim or child victim's designee, the named child witness or child witness's designee, or except when shared pursuant to subsection (4.5)(d) of this section. This subsection (4.5)(a) does not apply to criminal justice records that solely involve traffic offenses.

(a.5) **Good cause exception.** Disclosure of the name and identifying information of a child victim or child witness is permitted only when authorized by a district court for good cause after notice is provided to the child victim, child witness, child victim's legal guardian, or child witness's legal guardian and a hearing is conducted. Any person may petition a district court for the disclosure of the name and identifying information of a child witness or child victim. For purposes of this subsection (4.5)(a.5), "good cause" means a finding that the person seeking disclosure has established that the public interest in accessing the name and identifying information of a child victim or child witness substantially outweighs the harm to the privacy interest of the child victim, child witness, child victim's legal guardian, or child witness's legal guardian.

(b) Repealed.

(c) A criminal justice agency or custodian of criminal justice records shall make the notation "CHILD VICTIM" or "CHILD WITNESS" on any record of official action and on the file containing the record when the official action involves a child victim or child witness when:

(I) Any employee of the court, officer of the court, or judicial officer notifies the agency or custodian of the name of a child victim or child witness when the name is disclosed to or obtained by the employee or officer during the course of proceedings related to the official action; or

(II) The record or file contains the name of a child victim or child witness and the child victim, the child witness, or the child's legal guardian requests that the custodian of the criminal justice record make such a notation.

(d) This subsection (4.5) does not apply to the sharing of information between:

(I) Criminal justice agencies, school districts, state institution of higher education police departments and authorized university administrators pursuant to section 23-5-141, assessment centers for children as defined in section 19-1-103, or social services agencies as authorized by section 22-32-109.1 (3);

(II) Public schools and school districts for the purposes of suspension, expulsion, and reenrollment determinations pursuant to sections 22-33-105 (5)(a), 22-33-106 (1.2) and (4)(a), and 19-1-303, C.R.S.; and

(III) The office of the child protection ombudsman, the office of the child's representative, the office of the respondent parents' counsel, child fatality review teams as defined in sections 25-20.5-404, 25-20.5-406, and 26-1-139, C.R.S., and state or county departments of human or social services in the exercise of their duties.

(e) **Short title.** The short title of this subsection (4.5) is "Riley's Law".

(5) Nothing in this section shall be construed to limit the discretion of the district attorney to authorize a crime victim, as defined in section 24-4.1-302 (5), or a member of the victim's immediate family, as defined in section 24-4.1-302 (6), to view all or a portion of the presentence report of the probation department.

24-72-305. Allowance or denial of inspection - grounds - procedure - appeal. (1) The custodian of criminal justice records may allow any person to inspect such records or any portion thereof except on the basis of any one of the following grounds or as provided in subsection (5) of this section:

(a) Such inspection would be contrary to any state statute;

(b) Such inspection is prohibited by rules promulgated by the supreme court or by the order of any court.

(1.5) On the ground that disclosure would be contrary to the public interest, the custodian of criminal justice records shall deny access to the results of chemical biological substance testing to determine the genetic markers conducted pursuant to sections 16-11-102.4 and 16-23-104, C.R.S.

(2) to (4) Repealed.

(5) On the ground that disclosure would be contrary to the public interest, and unless otherwise provided by law, including as required by section 24-72-303 (4), the custodian may deny access to records of investigations conducted by or of intelligence information or security procedures of any sheriff, district attorney, or police department or any criminal justice investigatory files compiled for any other law enforcement purpose.

(6) If the custodian denies access to any criminal justice record, the applicant may request a written statement of the grounds for the denial, which statement shall be provided to the applicant within seventy-two hours, shall cite the law or regulation under which access is denied or the general nature of the public interest to be protected by the denial, and shall be furnished forthwith to the applicant.

(7) Any person denied access to inspect any criminal justice record covered by this part 3 may apply to the district court of the district wherein the record is found for an order directing the custodian of such record to show cause why said custodian should not permit the inspection of such record. A hearing on such application shall be held at the earliest practical time. Unless

the court finds that the denial of inspection was proper, it shall order the custodian to permit such inspection and, upon a finding that the denial was arbitrary or capricious, it may order the custodian to pay the applicant's court costs and attorney fees in an amount to be determined by the court. Upon a finding that the denial of inspection of a record of an official action was arbitrary or capricious, the court may also order the custodian personally to pay to the applicant a penalty in an amount not to exceed twenty-five dollars for each day that access was improperly denied.

(8) The allowance or denial of the right to inspect criminal justice records that contain specialized details of security arrangements or investigations shall be governed by section 24-72-204 (2)(a)(VIII).

24-72-702. Expungement of arrest records in case of mistaken identity - definitions.

(1) (a) Notwithstanding any other provision of law, a court shall expunge the arrest and criminal records information of a person who was arrested as a result of mistaken identity and who did not have charges filed against him or her.

(b) No later than ninety days after an investigation by a law enforcement agency finds that a person was arrested as a result of mistaken identity and no charges were filed, the law enforcement agency that made the arrest shall petition the district court in the judicial district where the person was arrested for an expungement order for the arrest and criminal records information made as a result of the mistaken identity, at no cost to the person arrested. A petition filed pursuant to this subsection (1)(b) is not subject to a filing fee.

(c) No later than ninety days after receiving the petition, the court shall order the expungement of the arrest and criminal records information and all other administrative records of the law enforcement agency relating to the person's arrest as a result of mistaken identity.

(2) The courts shall direct any order entered pursuant to subsection (1)(c) of this section to every custodian who may have custody of any part of the arrest and criminal records information that is the subject of the order. When a court enters an order expunging criminal records pursuant to subsection (1)(c) of this section, the petitioner shall provide the Colorado bureau of investigation and every custodian of such records with a copy of the order. The petitioner shall provide a private custodian with a copy of the order and send the private custodian an electronic notification of the order. Each private custodian that receives a copy of

the order from the petitioner shall remove the records that are subject to the order from its database. Thereafter, the court may issue an order sealing the civil case in which the records were sealed.

(3) Upon the entry of an order to expunge the records, the petitioner and all criminal justice agencies may properly reply, upon any inquiry into the matter, that no such records exist with respect to the person.

(4) Employers, educational institutions, state and local government agencies, officials, and employees shall not, in any application or interview or in any other way, require an applicant to disclose any information contained in expunged records. An applicant need not, in answer to any question concerning arrest and criminal records information that has been expunged, include a reference to or information concerning the expunged information and may state that no such action has ever occurred. Such an application may not be denied solely because of the applicant's refusal to disclose arrest and criminal records information that has been expunged.

24-72-703. Sealing of records - general provisions - order applicability - discovery and advisements. (1) **Applicability.** This section applies to the sealing of arrest and criminal justice records pursuant to sections 24-72-704 to 24-72-710. Subsections (2), (4), (5), (6), (7), and (12) of this section apply to the automatic sealing of criminal justice records pursuant to section 13-3-117.

(2) **Effect of a sealing order.** (a) (I) An order sealing arrest or other criminal records does not deny access to the criminal records of a petitioner or defendant by any court, law enforcement agency, criminal justice agency, prosecuting attorney, party, or governmental agency required by statute or rules or regulations to conduct a criminal history record check on an individual, including for the purpose of a prosecutor complying with prosecutorial duties under rule 16 of the Colorado rules of criminal procedure to disclose criminal justice records in criminal proceedings.

(II) An order sealing conviction records does not vacate a conviction.

(III) A record sealed pursuant to this article 72 and section 13-3-117 may be used by a criminal justice agency, law enforcement agency, court, or prosecuting attorney for any lawful purpose relating to the investigation or prosecution of any case, including any subsequent case that is filed against the petitioner or defendant; for collecting fines, court costs, late fees, or other fees; or for any other lawful purpose within the scope of the agency's, court's, or attorney's duties. A party or agency required by law to conduct a criminal history record check is

authorized to use any sealed conviction for the lawful purpose for which the criminal history record check is required by law.

(IV) Criminal justice information and criminal justice records in the possession of a criminal justice agency may be shared with any other criminal justice agency when an inquiry concerning the arrest and criminal justice information or records is made.

(V) If a defendant is convicted of a new criminal offense after an order sealing conviction records is entered, the court shall order the conviction records to be unsealed.

(VI) The sealing of a record pursuant to this article 72 and section 13-3-117 does not preclude a court's jurisdiction over any subsequently filed motion, including a motion to amend the record, a postconviction relief motion or petition, or any other motion concerning a sealed conviction record.

(VII) A defendant whose record has been sealed or expunged may access information contained in the sealed record from the Colorado bureau of investigation without a court order. In response to an inquiry from the defendant, the Colorado bureau of investigation shall reply both pursuant to subsection (2)(b) of this section and with the information and records underlying the sealed record.

(VIII) A prosecuting attorney's access to records pursuant to this subsection (2) does not require a court order.

(b) Except as otherwise provided in subsection (2)(a)(I) of this section, upon the entry of an order to seal the criminal records, the defendant may properly reply, upon an inquiry into the matter, that public criminal records do not exist with respect to the petitioner or defendant. Upon an inquiry into a sealed record, a criminal justice agency shall reply that a public criminal record does not exist with respect to the defendant who is the subject of the sealed record.

(c) The person who is the subject of the records and the prosecuting attorney may inspect the records included in an order sealing criminal records without a court order and only for the purposes permitted by law.

(d) (I) Except as otherwise provided in subsection (2)(a)(I) of this section, employers, state and local government agencies, officials, landlords, employees, and any other entity shall not require an applicant to disclose any information contained in sealed criminal justice records in any application or interview or in any other way. An applicant does not need to include a reference to or information concerning the sealed records in answer to any question concerning records that have been sealed and may state that the applicant has not been criminally convicted. An application may not be denied solely because of the applicant's refusal to disclose records that have been sealed.

(II) Subsection (2)(d)(I) of this section does not preclude the bar committee of the Colorado state board of law examiners from making further inquiries into the fact of a conviction that comes to the attention of the bar committee through other means. The bar committee of the Colorado state board of law examiners has a right to inquire into the moral and ethical qualifications of an applicant, and the applicant has no right to privacy or privilege that justifies his or her refusal to answer any question concerning arrest and criminal records information that has come to the attention of the bar committee through other means.

(III) Notwithstanding the provisions of subsection (2)(d)(I) of this section, the department of education shall require a licensed educator or an applicant for an educator's license who files a petition to seal a criminal record to notify the department of education of the pending petition to seal. The department of education has the right to inquire into the facts of the

criminal offense for which the petition to seal is pending. The educator or applicant has no right to privacy or privilege that justifies his or her refusal to answer any questions of the department of education concerning the arrest and criminal records information contained in the pending petition to seal.

(IV) Sealed court records are open to inspection without court order to any person or agency for research purposes if all of the following conditions are met:

(A) The person or agency conducting the research is employed by the state of Colorado or is under contract with the state of Colorado or other governmental subdivision and is authorized by the state or subdivision to conduct the research;

(B) The person or agency conducting the research ensures that all documents containing identifying information are maintained in secure locations and access to such documents by unauthorized persons is prohibited, that no identifying information is included in documents generated from the research conducted, and that all identifying information is deleted from documents used in the research when the research is completed;

(C) The person or agency only releases any data in aggregate form;

(D) If applicable, when publicly reporting de-identified aggregate information about criminal justice issues, the information would be inaccurate without the inclusion of sealed record information;

(E) If applicable, when the purpose of the research cannot be accomplished without the inclusion of de-identified sealed record information; and

(F) If applicable, when the person or agency conducting the research is also conducting data maintenance or data linkage on behalf of a custodian of criminal justice records and requires access to identified sealed record information.

(3) A person may only file a petition with the court for sealing of each case once every twelve-month period, unless otherwise provided by the court.

(4) Nothing in this part 7 regarding sealing of records authorizes the physical destruction of any conviction records.

(5) (a) Inspection of the court records included in an order sealing criminal records may be permitted by the court only upon petition by the petitioner or the defendant who is the subject of the records or by the prosecuting attorney and only for those purposes named in the petition. This petition to inspect the criminal justice records must be filed by the petitioning party within the case in which the sealing order was entered.

(b) Notwithstanding the provisions of subsections (2)(b) and (2)(c) of this section, the prosecuting attorney or the law enforcement agency may release to the victim in the sealed case copies of police reports or any protection orders issued in the sealed case if the victim demonstrates to the prosecuting attorney or law enforcement agency a need for the reports or court orders for a lawful purpose. The prosecuting attorney, including staff of the prosecuting attorney's office or a victim or witness assistance program, or the staff of a law enforcement agency or law enforcement victim assistance program, may discuss the sealed case, the results of the sealing proceedings, and information related to any victim services available to the victim.

(c) Notwithstanding any other provision of this section, any member of the public may petition the court to unseal any court file of a criminal conviction that has previously been sealed upon a showing that circumstances have come into existence since the original sealing and, as a result, the public interest in disclosure now outweighs the defendant's interest in privacy.

(6) For the purpose of protecting the author of any correspondence that becomes a part of criminal justice records, the court having jurisdiction in the judicial district in which the criminal justice records are located may, in its discretion, with or without a hearing, enter an order to seal any information, including but not limited to basic identification information contained in the correspondence that is part of the record in the criminal case. However, the court may, in its discretion, enter an order that allows the disclosure of sealed information to defense counsel or, if the defendant is not represented by counsel, to the defendant.

(7) **Rules of discovery - rules of evidence - witness testimony.** Court orders sealing records of official actions pursuant to this part 7 do not limit the operations of:

(a) The rules of discovery or the rules of evidence promulgated by the supreme court of Colorado or any other state or federal court;

(b) The provisions of section 13-90-101 concerning witness testimony.

(8) **Service of sealing order.** The court shall direct a sealing order entered pursuant to this part 7 to each custodian who may have custody of any part of the criminal justice records or arrest and criminal records information that are the subject of the order. The court shall direct that the sealing order applies to public and private custodians of the records. Whenever a court enters an order sealing criminal justice records, the court shall provide the Colorado bureau of investigation and each custodian of the records with a copy of the order. The defendant may serve a private or public custodian with a copy of the order. Each private custodian that receives a copy of the order from the defendant shall remove the records that are subject to an order from its database and shall secure and keep confidential any records in the custodian's possession. The defendant shall pay to the bureau any costs related to the sealing of the defendant's criminal justice records in the custody of the bureau, unless the defendant demonstrates that the records should have been automatically sealed pursuant to section 13-3-117, 24-72-704, or 24-72-705. Thereafter, the defendant may request and the court may grant an order sealing the case in which the records were sealed.

(9) **Advisements.** (a) Whenever a defendant is sentenced following a conviction for an offense described in sections 24-72-706 to 24-72-708, the court shall provide him or her with a written advisement of his or her rights concerning the sealing of his or her conviction records pursuant to this section if he or she complies with the applicable provisions of this section.

(b) In addition to, and not in lieu of, the requirement described in subsection (9)(a) of this section:

(I) If a defendant is sentenced to probation following a conviction for an offense described in sections 24-72-706 to 24-72-708, the probation department, upon the termination of the defendant's probation, shall provide the defendant with a written advisement of his or her rights concerning the sealing of his or her conviction records pursuant to this section if he or she complies with the applicable provisions of this section; or

(II) If a defendant is released on parole following a conviction for an offense described in sections 24-72-706 to 24-72-708, the defendant's parole officer, upon the termination of the defendant's parole, shall provide the defendant with a written advisement of his or her rights concerning the sealing of his or her conviction records pursuant to this section if he or she complies with the applicable provisions of this section.

(10) If the person in interest has successfully completed a veterans treatment program established pursuant to section 13-5-144 in the case that is the subject of the petition to seal, the

court shall consider such factor favorably in determining whether to issue an order to seal records pursuant to this section.

(10.5) If the person in interest has entered into or successfully completed a substance use disorder treatment program licensed pursuant to section 27-80-205 in the case that is the subject of the petition to seal, the court shall consider such factor favorably in determining whether to issue an order to seal records pursuant to this section.

(11) A defendant shall not be required to waive his or her right to file a motion to seal pursuant to the provisions of this section as a condition of a plea agreement in any case.

(12) **Exclusions.** (a) (I) Notwithstanding any provision in this part 7 to the contrary, in regard to any conviction of the defendant resulting from a single case in which the defendant is convicted of more than one offense, records of the conviction may be sealed pursuant to the provisions of this part 7 only if the records of every conviction of the defendant resulting from that case may be sealed pursuant to the provisions of this part 7.

(II) If a criminal case is dismissed or if a criminal offense is not charged due to a plea agreement in a separate case, the records are eligible for sealing at such time as the criminal case in which the conviction was entered is eligible for sealing pursuant to the provisions of this part 7.

(b) Neither the court nor the state court administrator's office shall factor in or take into consideration any unpaid fines, court costs, late fees, or other fees ordered by the court in the case that is the subject of the motion to seal when the court is determining whether the record should be sealed.

(c) Sealing is not available for cases when the only charges were as follows:

(I) A class 1 or 2 misdemeanor traffic offense; or

(II) A class A or B traffic offense.

(d) Sealing is not available for:

(I) Records pertaining to a deferred judgment and sentence concerning the holder of a commercial driver's license as defined in section 42-2-402 or the operator of a commercial motor vehicle as defined in section 42-2-402; and

(II) Records pertaining to a deferred judgment and sentence for a felony offense for the factual basis involved in unlawful sexual behavior as defined in section 16-22-102 (9).

24-72-704. Sealing of arrest records when no charges filed - automatic sealing. (1)

(a) Any person in interest may petition the district court of the district in which any arrest and criminal records information pertaining to the person in interest is located for the sealing of all of the records, except basic identification information, if the records are a record of official actions involving a criminal offense for which the person in interest:

(I) Completed a diversion agreement pursuant to section 18-1.3-101 and no criminal charges were ever filed;

(II) Was not charged and the statute of limitations for the offense for which the person was arrested that has the longest statute of limitations has run; or

(III) Was not charged and the statute of limitations has not run but the person is no longer being investigated by law enforcement for commission of the offense.

(b) Any petition to seal criminal records shall include a listing of each custodian of the records to whom the sealing order is directed and any information that accurately and completely identifies the records to be sealed.

(c) (I) Upon the filing of a petition, the court shall review the petition and determine whether the petition is sufficient on its face. If the court determines that the petition on its face is insufficient or if the court determines that, after taking judicial notice of matters outside the petition, the petitioner is not entitled to relief pursuant to this section, the court shall enter an order denying the petition and mail a copy of the order to the petitioner or, as permitted, serve the order pursuant to Colorado supreme court rules. The court's order must specify the reasons for the denial of the petition.

(II) If the court determines that the petition is sufficient on its face and that no other grounds exist at that time for the court to deny the petition pursuant to this section, the court shall set a date for a hearing at least thirty-five days after the determination and notify the prosecuting attorney, the arresting agency, and any other person or agency identified by the petitioner of the hearing date. If no objection is received by the court seven days prior to the hearing date, the court shall vacate the hearing and order such records, except for basic identification information, to be sealed. If an objection is filed and the court determines at a hearing or otherwise that the objection provides facts that make the petitioner ineligible for sealing of the arrest records, the court shall deny the petition and provide a copy of the order to the petitioner. The court's order must specify the reasons for the denial of the petition. If the objection does not provide facts that make the petitioner ineligible for sealing of the arrest records, the court shall order such records, except basic identification information, to be sealed.

(d) The person who is the subject of the records and the prosecuting attorney may inspect the records included in an order sealing criminal records without a court order and only for the purposes permitted by law.

(2) (a) For arrests on or after January 1, 2022, the Colorado bureau of investigation in the department of public safety shall automatically seal an arrest record that is in its custody and control of a person when no criminal charges have been filed within one year of the date of the person's arrest. If the Colorado bureau of investigation does not receive documentation of the filing of criminal charges matching arrest records in its custody and control from a court or another state or local agency or office within one year of the date of arrest, the bureau shall seal the arrest records. The Colorado bureau of investigation is not required to conduct any independent investigation of whether criminal charges have been filed and is not required to seal any arrest records not in its custody and control. An arrest record eligible for sealing pursuant to this subsection (2)(a) must be sealed within sixty days after the year has passed since the person's arrest date. If the Colorado bureau of investigation receives notice of filed charges after it sealed the record, the bureau shall immediately unseal the record.

(b) (I) For arrests without a conviction after January 1, 2019, but before January 1, 2022, the Colorado bureau of investigation shall automatically seal an arrest record that is in its custody and control of a person when no criminal charges have been filed:

(A) Within three years after the date of arrest for a felony offense for which the statute of limitations is three years; or

(B) Within eighteen months after the date of arrest for a misdemeanor offense, a misdemeanor traffic offense, a civil infraction, a petty offense, a municipal ordinance violation for which the statute of limitations is eighteen months or less, or if there is no indication of the classification of the crime in the arrest data.

(II) If the Colorado bureau of investigation does not receive documentation from a court or another state or local agency or office that criminal charges have been filed within the time periods provided in subsection (2)(b)(I) of this section, the bureau shall seal the arrest records in its custody and control. The Colorado bureau of investigation is not required to conduct any independent investigation of whether criminal charges have been filed and is not required to seal any arrest records not in its custody and control. If the Colorado bureau of investigation receives notice of filed charges after it sealed the record, the bureau shall immediately unseal the record.

(III) This subsection (2)(b) only applies to criminal arrest records that the Colorado bureau of investigation has custody and control over in an electronic format.

(IV) (A) For arrest records with no conviction that are from 2013 to 2018, the Colorado bureau of investigation shall seal the records by January 1, 2023.

(B) For arrest records with no conviction that are from 2008 to 2012, the Colorado bureau of investigation shall seal the records by January 1, 2024.

(C) For arrest records with no conviction that are from 2003 to 2007, the Colorado bureau of investigation shall seal the records by January 1, 2025.

(D) For arrest records with no conviction that are from 1997 to 2002, the Colorado bureau of investigation shall seal the records by January 1, 2026.

(E) For any other arrest records with no conviction, the Colorado bureau of investigation shall seal the records by January 1, 2027.

(V) Arrest records for a felony offense with a statute of limitations of more than three years or with no statute of limitations pursuant to section 16-5-401 are not eligible for sealing under this subsection (2).

(3) Notwithstanding subsection (2) of this section, the Colorado bureau of investigation shall develop a process to allow an approved treatment provider providing treatment pursuant to section 16-11.7-103 (4) or 16-11.8-103 (4) access to sealed arrest records. A treatment provider shall not use records accessed pursuant to this subsection (3) for any other purpose.

(4) The provisions of section 24-72-703 (2) apply to an arrest record sealed pursuant to this section.

(5) Sealing of arrest records under this section does not impair the ability of the department of education to access and use sealed records in connection with background checks, investigations, and disciplinary actions conducted under article 60.5 of title 22.

(6) (a) Beginning November 1, 2023, and annually thereafter, the Colorado bureau of investigation shall report the number of arrest records sealed to the judiciary committees of the senate and the house of representatives, or their successor committees, by judicial district and, to the extent possible, with data disaggregated by race and sex and by offense level.

(b) Notwithstanding section 24-1-136 (11)(a)(I), the report required in this subsection (6) continues indefinitely.

24-72-705. Sealing criminal justice records other than convictions - simplified process - applicability. (1) (a) On its own motion, the court shall order the defendant's criminal justice records sealed when:

- (I) A case against a defendant is completely dismissed;
- (II) The defendant is acquitted of all counts in the case;
- (III) The defendant completes a diversion agreement pursuant to section 18-1.3-101 when a criminal case has been filed; or
- (IV) The defendant completes a deferred judgment and sentence pursuant to section 18-1.3-102 and all counts are dismissed.

(a.5) The court shall not require a written motion or any other written pleadings for sealing pursuant to this section. The court shall enter an order sealing records pursuant to this subsection (1) at the time of disposition and shall serve the sealing order pursuant to section 24-72-703(8) no later than twenty-eight days after the date of disposition.

(b) If the court did not order the record sealing at the time of the dismissal or acquittal, the Colorado bureau of investigation shall automatically seal the record upon receipt of disposition in the case, unless the deferred judgment is ineligible for sealing pursuant to section 24-72-703 (12)(d).

(c) Motions filed pursuant to this section are procedural in nature, and sealing pursuant to this section applies retroactively for all eligible cases when the case has been completely dismissed or the defendant has been acquitted of all counts in a state or municipal criminal case.

(d) Notwithstanding the provision of subsection (1)(c) of this section, if the defendant is acquitted or if the case dismissed is a crime enumerated in section 24-4.1-302 (1) in which notice of a hearing on a motion to seal is required pursuant to section 24-4.1-303 (11)(b.7), the court shall allow the district attorney the opportunity to inform the victim that the record will be sealed and shall set a return date for the sealing motion no later than forty-two days after receipt of the motion.

(e) The provisions of section 24-72-703 (2)(b) and section 24-72-703 (5) apply to this section.

(f) This section does not apply to records that are subject to the procedure set forth in section 18-13-122 (13).

(2) If the automatic sealing of a criminal record does not occur, the defendant may make a motion to seal in the criminal case the record at any time subsequent to the dismissal or acquittal through the filing of a written motion. 24-72-706. Sealing of criminal conviction and criminal justice records - processing fee. (1) **Sealing of conviction records.** (a) Subject to the limitations described in subsection (2) of this section, a defendant may file a motion in the criminal case in the court in which any conviction records pertaining to the defendant are located for the sealing of the conviction records, except basic identification information, if the motion is filed within the time frame described in subsection (1)(b) of this section and proper notice is given to the district attorney.

(b) (I) If the offense is civil infraction, a petty offense, or a drug petty offense, the motion may be filed one year after the later of the date of the final disposition of all proceedings against the defendant or the release of the defendant from supervision concerning a conviction.

(I.5) If the offense is a second or subsequent conviction for a violation of section 18-13-122 (3), the motion may be filed one year after the date of the second or subsequent conviction, and the court shall order that the motion be granted if the defendant has not been convicted of or is not currently charged with any felony, misdemeanor, or petty offense during the period of one year after the date of the defendant's conviction for a violation of section 18-13-122 (3).

(II) If the offense is a class 2 or class 3 misdemeanor, any drug misdemeanor, or a level 4 drug felony for a conviction pursuant to section 18-18-403.5 (2.5), the motion may be filed two years after the later of the date of the final disposition of all criminal proceedings against the defendant or the release of the defendant from supervision concerning a criminal conviction.

(III) If the offense is a class 4, class 5, or class 6 felony, a level 3 or level 4 drug felony except a level 4 drug felony for a conviction pursuant to section 18-18-403.5 (2.5), or a class 1 misdemeanor, the motion may be filed three years after the later of the date of the final disposition of all criminal proceedings against the defendant or the release of the defendant from supervision concerning a criminal conviction.

(III.3) Notwithstanding subsection (1)(b)(I) of this section, if the offense is a first conviction for intentional misrepresentation of entitlement to an assistance animal as described in section 18-13-107.3 (1), the defendant may file a motion three years after the conviction and the court shall order the record sealed if the defendant does not have a subsequent conviction for intentional misrepresentation of entitlement to an assistance animal.

(III.5) If the offense is a first conviction for intentional misrepresentation of a service animal, as described in section 18-13-107.7 (1), the defendant may file a motion three years after the conviction, and the court shall order the record sealed if the defendant does not have a subsequent conviction for intentional misrepresentation of a service animal.

(IV) Subject to the limitations in subsection (2) of this section, for all other offenses, the petition may be filed five years after the later of the date of the final disposition of all criminal proceedings against the defendant or the release of the defendant from supervision concerning a criminal conviction.

(c) A motion to seal conviction records pursuant to this section shall include a listing of each custodian of the records to whom the sealing order is directed and any information that accurately and completely identifies the records to be sealed. The defendant shall submit a verified copy of the defendant's criminal history, current through at least the twentieth day before the date of the filing of the petition to the court, along with the motion at the time of filing, but in no event later than the tenth day after the motion is filed. The defendant shall pay for his or her criminal history record.

(d) Upon the filing of any motion pursuant to this section, the court shall initially review the motion and determine whether there are grounds pursuant to this section to proceed to a hearing on the motion. If the court determines that the motion on its face is insufficient or if the court determines that, after taking judicial notice of matters outside the motion, the defendant is not entitled to relief pursuant to this section, the court shall enter an order denying the motion and mail a copy of the order to the defendant. The court's order shall specify the reasons for the denial of the motion. If the court determines that the motion is sufficient on its face and that no other grounds exist at that time for the court to deny the motion pursuant to this section, the court shall proceed pursuant to the provisions of this section.

(e) Conviction records may not be sealed if the defendant still owes restitution, unless the court that entered the order for restitution vacated the order.

(f) (I) If a motion is filed for the sealing of a civil infraction, a petty offense, a petty drug offense, or, notwithstanding any provision of this part 7 to the contrary, an offense for the possession of marijuana, the court shall order that the records be sealed after the motion is filed and the criminal history filed with the court documents to the court that the defendant has not been convicted of an offense since the date of the final disposition of all proceedings against the defendant or since the date of the defendant's release from supervision, whichever is later.

(II) If a motion is filed for the sealing of a class 2 or class 3 misdemeanor or any drug misdemeanor, the defendant shall provide notice of the motion to the district attorney. The district attorney shall determine whether to object to the motion after considering the factors in subsection (1)(g) of this section. If the district attorney does not object and the offense is not a crime enumerated in section 24-4.1-302 (1), the court shall order that the records be sealed if the criminal history filed with the court documents to the court that the defendant has not been convicted of a criminal offense since the date of the final disposition of all criminal proceedings against him or her or since the date of the defendant's release from supervision, whichever is later. The district attorney shall advise the court of a victim's objection and request for hearing when known. If the district attorney objects to the motion or the offense is a crime enumerated in section 24-4.1-302 (1) and the victim requests a hearing, the court shall set the matter for hearing. The court may only seal the records if the criminal history filed with the motion as required by subsection (1)(c) of this section documents to the court that the defendant has not been convicted of a criminal offense since the date of the final disposition of all criminal proceedings against him or her or since the date of the defendant's release from supervision, whichever is later. The court shall decide the motion after considering the factors in subsection (1)(g) of this section.

(III) If a motion is filed for the sealing of a class 4, class 5, or class 6 felony, a level 3 or level 4 drug felony, or a class 1 misdemeanor, the defendant shall provide notice of the motion to the district attorney. The district attorney shall determine whether to object to the motion after considering the factors in subsection (1)(g) of this section. If the district attorney does not object and the offense is not a crime enumerated in section 24-4.1-302 (1), the court may grant the motion with or without the benefit of a hearing. The district attorney shall advise the court of a victim's objection and request for hearing when known. If the district attorney objects to the motion or the offense is a crime enumerated in section 24-4.1-302 (1) and the victim requests a hearing, the court shall set the matter for hearing. The court may only seal the records if the criminal history filed with the motion as required by subsection (1)(c) of this section documents to the court that the defendant has not been convicted of a criminal offense since the date of the

final disposition of all criminal proceedings against him or her or since the date of the defendant's release from supervision, whichever is later. The court shall decide the motion after considering the position of the district attorney and the factors in subsection (1)(g) of this section.

(IV) If a motion is filed for any other offense, the defendant shall provide notice of the petition to the district attorney. The district attorney shall determine whether to object to the motion after considering the factors in subsection (1)(g) of this section. The court shall set any motion filed for a hearing. The court may only seal the records if the criminal history filed with the motion as required by subsection (1)(c) of this section documents to the court that the defendant has not been convicted of a criminal offense since the date of the final disposition of all criminal proceedings against him or her or since the date of the defendant's release from supervision, whichever is later. The court shall decide the motion after consideration of the position of the district attorney and the factors in subsection (1)(g) of this section.

(f.5) (I) Notwithstanding any provision of this part 7 to the contrary, a motion filed for the sealing of conviction records for an offense that was unlawful at the time of conviction, but is no longer unlawful pursuant to section 18-18-434, may be filed at any time. The court shall order the records sealed unless the district attorney objects pursuant to subsection (1)(f.5)(II) of this section.

(II) If a motion is filed for the sealing of an offense described in this subsection (1)(f.5), the defendant shall provide notice of the motion to the district attorney, who may object. The district attorney shall determine whether to object to the motion based on whether the underlying conviction for an offense is no longer unlawful pursuant to section 18-18-434. The district attorney shall determine whether to object and provide notice to the court within forty-two days of receipt of the motion. If the district attorney objects to the motion, the court shall set the matter for hearing and the burden is on the defendant to show by a preponderance of the evidence that the underlying factual basis of the conviction sought to be sealed is no longer unlawful pursuant to section 18-18-434.

(III) (A) A defendant who files a motion pursuant to this subsection (1)(f.5) must not be charged fees or costs.

(B) Notwithstanding subsection (1)(c) of this section, a defendant who files a motion pursuant to this subsection (1)(f.5) is not required to submit a verified copy of the defendant's criminal history with a filed motion.

(C) Section 24-72-703 (2)(a)(V) does not apply to conviction records sealed pursuant to this subsection (1)(f.5).

(g) At any hearing to determine whether records may be sealed, except for basic identification information, the court must determine that the harm to the privacy of the defendant or the dangers of unwarranted, adverse consequences to the defendant outweigh the public interest in retaining public access to the conviction records. In making this determination, the court shall, at a minimum, consider the severity of the offense that is the basis of the conviction records sought to be sealed, the criminal history of the defendant, the number of convictions and dates of the convictions for which the defendant is seeking to have the records sealed, and the need for the government agency to retain the records.

(h) A defendant who files a motion to seal criminal justice records pursuant to this section shall pay a processing fee of sixty-five dollars to cover the actual costs related to the sealing of the criminal justice records. The defendant shall pay to the Colorado bureau of

investigation any costs related to the sealing of the defendant's criminal justice records in the custody of the bureau. The court shall waive the processing fee upon a determination that:

- (I) The defendant is indigent;
 - (II) The defendant's records should have been automatically sealed pursuant to section 13-3-117, 24-72-704, or 24-72-705; or
 - (III) The defendant filed a motion to seal pursuant to subsection (1)(f.5) of this section.
- (i) The court shall determine eligibility of a drug offense committed before October 1, 2013, by the classification of the offense at the time of considering the record sealing.
- (2) (a) The provisions of this section do not apply to records pertaining to:
- (I) A class 1 or class 2 misdemeanor traffic offense;
 - (II) A class A or class B traffic infraction;
 - (III) A conviction for a violation of section 42-4-1301 (1) or (2);
 - (IV) A conviction for an offense for which the underlying factual basis involved unlawful sexual behavior as defined in section 16-22-102 (9);
 - (V) A conviction for a violation of section 18-6-401; or
 - (VI) A conviction that is subject to one or more of the following provisions:
 - (A) Sentences for a crime involving extraordinary aggravating circumstances pursuant to section 18-1.3-401 (8);
 - (B) A sentence for an extraordinary risk crime pursuant to section 18-1.3-401 (10);
 - (C) Sentencing for a crime involving a pregnant victim, pursuant to section 18-1.3-401 (13);
 - (D) Sentencing for a crime pertaining to a special offender pursuant to section 18-18-407;
 - (E) Sentencing for a criminal conviction for which the underlying factual basis involves domestic violence as defined in section 18-6-800.3;
 - (F) Sentencing for a criminal conviction for a sexual offense, pursuant to part 4 of article 3 of title 18;
 - (G) Sentencing for any crime of violence pursuant to section 18-1.3-406;
 - (H) Sentencing for a felony crime enumerated in section 24-4.1-302 (1);
 - (I) Sentencing for a felony offense in violation of section 18-9-202;
 - (J) Sentencing for an offense classified as a class 1, 2, or 3 felony or a level 1 drug felony pursuant to any section of title 18; except a class 3 felony in violation of section 18-18-106 (8)(a)(II)(B) as it existed prior to July 1, 1992; a class 3 felony in violation of section 18-18-406 (8)(a)(II)(B) as it existed prior to August 11, 2010; or a class 3 felony in violation of section 18-18-406 (6)(a)(II)(B) as it existed prior to October 1, 2013;
 - (K) Sentencing for an offense in violation of part 1 of article 6 of title 18;
 - (L) Sentencing for an offense in violation of section 18-5-902 (1);
 - (M) Sentencing for an offense in violation of section 18-3.5-103 (4), (5), (6), (7), (8), and (9); or
 - (N) Sentencing for an offense in violation of section 18-7-203.

(b) Notwithstanding the provisions of this section, a misdemeanor offense ineligible pursuant to the provisions of this section or subsection (2)(a) of this section is eligible for sealing pursuant to this section if the district attorney consents to the sealing or if the court finds, by clear and convincing evidence, that the petitioner's need for sealing of the record is significant and substantial, the passage of time is such that the petitioner is no longer a threat to public

safety, and the public disclosure of the record is no longer necessary to protect or inform the public.

(c) Repealed.

(3) **Applicability.** Motions filed pursuant to this section are procedural in nature, and sealing pursuant to this section applies retroactively to all eligible cases.

24-72-707. Sealing of criminal conviction records information for offenses committed by victims of human trafficking. (1) **Sealing of conviction records.** At any time after conviction, a defendant may file a motion in the case in which any conviction records exist pertaining to the defendant's conviction for any misdemeanor offense or municipal code or ordinance violation, excluding any offense of a crime as defined in section 24-4.1-302 (1).

(1.5) A person charged with or convicted of prostitution, as described in section 18-7-201, or any corresponding municipal code or ordinance, which offense was committed as a direct result of being a victim of human trafficking, as defined in section 18-7-201.3 (4) , may file a motion with the court for a sealing of the person's records.

(2) A defendant moving to have his or her criminal records sealed pursuant to this section is not required to pay a processing fee.

(3) The court shall order the records sealed after:

(a) The petition is filed; and

(b) The defendant establishes by a preponderance of the evidence that, at the time the defendant committed the offense, the defendant had been trafficked by another person, as described in section 18-3-503 or 18-3-504, for the purpose of performing the offense. Official documentation from a federal, state, local, or tribal government agency indicating that the defendant was a victim of human trafficking at the time of the offense creates a presumption that the defendant's participation in the offense was the direct result of being a victim of human trafficking.

24-72-708. Sealing of criminal conviction records information for municipal offenses for convictions. (1) **Sealing of conviction records.** A defendant may file a motion in the criminal case in which any conviction records pertaining to the defendant for a municipal violation are located for the sealing of the conviction records within the time frames described in subsection (3)(a) of this section, except basic identification information, if:

(a) The defendant has not been charged with or convicted of a felony, misdemeanor, or misdemeanor traffic offense since the date of the final disposition of all criminal proceedings against the defendant or the date of the defendant's release from supervision, whichever is later; and

(b) The conviction records sought to be sealed are not for a misdemeanor traffic offense committed either by a holder of a commercial learner's permit or a commercial driver's license, as defined in section 42-2-402, or by the operator of a commercial motor vehicle, as defined in section 42-2-402.

(2) **Sealing of conviction records with a single subsequent offense.** Notwithstanding the provisions of subsection (1)(a) of this section, a defendant may file a motion in the criminal case in which any conviction records pertaining to the defendant for a municipal violation or petty offense are located for the sealing of the conviction records within the time frames described in subsection (3)(b) of this section, except basic identification information, if:

(a) The defendant was convicted of a single offense that was not a felony and did not involve domestic violence as defined in section 18-6-800.3 (1), unlawful sexual behavior as defined in section 16-22-102 (9), or child abuse as defined in section 18-6-401;

(b) The defendant has not been convicted of a felony, misdemeanor, or misdemeanor traffic offense since the date of the final disposition of all criminal proceedings against the defendant for the subsequent criminal case or since the date of the defendant's release from supervision for the subsequent case, whichever is later; and

(c) The conviction sought to be sealed is not a municipal assault or battery offense in which the underlying factual basis involves domestic violence, as defined in section 18-6-800.3 (1), or any other municipal violation in which the underlying factual basis involves domestic violence, as defined in section 18-6-800.3 (1).

(3) **Timing for filing motions.** (a) A motion filed pursuant to subsection (1) of this section may be filed three years after the later of the date of the final disposition of all criminal proceedings against the defendant or the release of the defendant from supervision concerning a criminal conviction.

(b) A motion filed pursuant to subsection (2) of this section may be filed ten years after the date of the final disposition of all criminal proceedings against the defendant for the subsequent criminal case or ten years after the date of the defendant's release from supervision for the subsequent criminal case, whichever is later.

(4) Upon filing the motion, the defendant shall pay the filing fee required by law.

(5) (a) Upon the filing of a motion, the court shall review the motion and determine whether there are grounds pursuant to this section to proceed to a hearing on the petition. If the court determines that the motion on its face is insufficient or if the court determines that, after

taking judicial notice of matters outside the motion, the defendant is not entitled to relief pursuant to this section, the court shall enter an order denying the motion and mail a copy of the order to the defendant. The court's order shall specify the reasons for the denial of the motion.

(b) If the court determines that the petition is sufficient on its face and that no other grounds exist at that time for the court to deny the petition pursuant to this section, the court shall grant the motion unless the prosecution files an objection. If the prosecution files a written objection, the court shall set a date within forty-two days after the filing of the motion for a hearing and the court shall notify the prosecution, the municipal police department or local law enforcement agency, and any other person or agency identified by the defendant.

(c) After the hearing described in subsection (5)(b) of this section is conducted and if the court finds that the harm to the privacy of the defendant or the dangers of unwarranted, adverse consequences to the defendant outweigh the public interest in retaining public access to the conviction records, the court may order the conviction records, except basic identification information, to be sealed. In making this determination, the court shall consider the factors in section 24-72-706 (1)(g).

(d) Pursuant to section 24-72-703 (12)(b), the court shall not factor in or take into consideration any unpaid fines, court costs, late fees, or other fees ordered by the court in the case that is the subject of the motion to seal when the court is determining whether the record should be sealed. Conviction records may not be sealed if the defendant still owes restitution unless the court that entered the order for restitution vacated the order.

24-72-709. Sealing of criminal conviction records information for multiple conviction records. (1) (a) Subject to the provisions of subsection (5) of this section, a defendant with multiple conviction records in the state may petition the court of the jurisdiction where the conviction record or records pertaining to the defendant are located for the sealing of the conviction records, except basic identifying information, if the record or records are not eligible for sealing pursuant to any other section in this part 7 because of an intervening conviction and if the petition is filed within the time frame described in subsection (2) of this section and proper notice is given to the district attorney. If the multiple conviction records are in different jurisdictions, the defendant shall file a petition in each jurisdiction with a conviction record that includes a copy of each petition filed in the other jurisdictions and provide notice of the petition to each district attorney.

(b) A motion to seal conviction records pursuant to this section must include a listing of each custodian of the records to whom the sealing order is directed and any information that accurately and completely identifies the records to be sealed. The defendant shall submit a verified copy of their criminal history, current through at least the twentieth day before the date of the filing of the petition to the court, along with the motion at the time of filing, but in no event later than the tenth day after the motion is filed. The defendant shall pay for his or her criminal history record.

(2) (a) If the offense or highest offense of the multiple offenses is an eligible civil infraction and not an offense or civil infraction listed in subsection (5)(a) of this section, eligible

petty offense, or eligible petty drug offense, the petition may be filed two years after the later of the date of the final disposition of all proceedings against the defendant or the release of the defendant from supervision concerning the conviction, or the latest in time conviction of the multiple convictions.

(b) If the offense or highest offense of the multiple offenses is an eligible misdemeanor or eligible misdemeanor drug offense, or eligible level 4 drug felony, the petition may be filed five years after the later of the date of the final disposition of all criminal proceedings against the defendant or the release of the defendant from supervision concerning the conviction, or the latest in time criminal conviction of the multiple convictions.

(c) If the offense or highest offense of the multiple offenses is an eligible felony or eligible drug felony, the petition may be filed ten years after the later of the date of the final disposition of all criminal proceedings against the defendant or the release of the defendant from supervision concerning the conviction, or the latest in time criminal conviction of the multiple convictions.

(3) (a) If the offense or highest offense of the multiple offenses is an eligible petty offense or eligible petty drug offense, the petition may be filed only if the defendant has no more than five convictions in separate criminal cases.

(b) If the offense or highest offense of the multiple offenses is an eligible class 2 or eligible class 3 misdemeanor or eligible level 1 or eligible level 2 misdemeanor drug offense, the petition may be filed only if the defendant has no more than four previous convictions in separate criminal cases.

(c) If the offense or highest offense of the multiple offenses is an eligible class 1 misdemeanor, an eligible class 4, eligible class 5, or eligible class 6 felony, or an eligible drug felony, the petition may be filed only if the defendant has no more than three previous convictions in separate criminal cases.

The district attorney shall determine whether to object to the petition after considering the factors in section 24-72-706 (1)(g). The district attorney shall advise the court of a victim's objection and request for hearing when known. If the district attorney does not object and the offense is not a crime enumerated in section 24-4.1-302 (1), the court may decide the petition with or without the benefit of a hearing. If the district attorney objects to the petition or the offense is a crime enumerated in section 24-4.1-302 (1) and the district attorney requests a hearing on behalf of a victim, the court shall set the matter for hearing. To order the record sealed, the criminal history filed with the petition must document to the court that the defendant has not been convicted of a criminal offense since the date of the final disposition of all criminal proceedings against him or her or since the date of the defendant's release from supervision, whichever is later. The court shall decide the petition after considering the factors in section 24-72-706 (1)(g).

(b) Conviction records may not be sealed if the defendant still owes restitution, unless the court that entered the order for restitution has vacated the order.

(5) (a) The provisions of this section do not apply to records pertaining to:

(1) At any time after receiving a full and unconditional pardon, a defendant may file a motion in the case in which any conviction records exist pertaining to the defendant's conviction for any offenses that received a full and unconditional pardon.

(2) A defendant moving to have his or her criminal records sealed pursuant to this section is not required to pay a processing fee but shall provide notice of the motion to the district attorney.

(3) The district attorney shall determine whether to object to the petition after considering the factors in section 24-72-706 (1)(g) and the additional factor of the defendant having received a full and unconditional pardon. The district attorney shall advise the court of a victim's objection and request for hearing if known. If the district attorney does not object and the offense is not a crime enumerated in section 24-4.1-302 (1), the court may decide the petition with or without the benefit of a hearing. If the district attorney objects to the petition or the offense is a crime enumerated in section 24-4.1-302 (1) and the district attorney requests a hearing on behalf of a victim, the court shall set the matter for hearing. The court shall order the records sealed unless the court finds by clear and convincing evidence that the public interest in retaining public access to the conviction records outweighs the harm to the privacy of the defendant, the dangers of unwarranted, adverse consequences to the defendant, and the intent of the full and unconditional pardon.

Revenue and Expenditure Web-based System

24-72.4-101. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Taxpayers should be able to easily access the details of the state's finances, including how much revenue the state receives and how that revenue is spent;

(b) On April 2, 2009, the governor issued an executive order that created the transparency online project;

(c) The transparency online project is a free, searchable web-based system providing easy access to information about the state's revenues and expenditures;

(d) The transparency online project is an important first step in providing a more transparent and accountable state government; and

(e) The purpose of this legislation is to improve the system created by the executive order.

(2) Now, therefore, it is the intent of the general assembly that the web-based system established by the governor's executive order be modified as set forth in this article.

(3) (a) The general assembly further finds and declares that:

(I) Only a limited number of the department of transportation's transactions are included in the state's official book of record and, accordingly, most of its revenues and expenditures are not included in the web-based system;

(II) Because of accounting and information technology differences, it is not feasible to fully assimilate the department of transportation into the web-based system; and

(III) Taxpayers should still be able to access the details of the department of transportation's finances.

(b) Now, therefore, it is the intent of the general assembly that the department of transportation be required to create and maintain a searchable, online revenue and expenditure database and that such information should be accessible through the web-based system.

(4) The general assembly further finds and declares that the web-based system, known as the transparency online project, has made state government more transparent and accountable and that county taxpayers are entitled to the same access to information. Now, therefore, it is the intent of the general assembly to expand the system to include revenue and expenditure data for counties.

24-72.4-103. Web-based system - enhancements - procedure for challenging exclusions. (1) The department of personnel shall modify the web-based system to meet the following requirements:

(a) Except as set forth in paragraphs (g) and (i) of this subsection (1), the state expenditures and revenues data included in the web-based system shall be the expenditure and revenue data included in the state's official book of record;

(b) The web-based system shall be accessible from the website maintained by the state, and each state agency with a website shall provide a link on the website home page to the system;

(c) The information on the web-based system shall be updated every five business days to include new expenditure and revenue data;

(d) The web-based system reports shall be available for download in a structured data format, such as extensible markup language;

(e) The web-based system shall include a method for users to provide feedback about the system;

(f) The web-based system shall include archived revenue and expenditure data for the ten prior state fiscal years; except that no data shall be required for any state fiscal year prior to July 1, 2009, and, for the 2009-10 state fiscal year only, no state revenue data shall be required to be archived;

(g) The web-based system shall not include the following information:

(I) Any information that is not a public record or that is exempt from disclosure pursuant to the "Colorado Open Records Act", part 2 of article 72 of this title, or pursuant to part 3 of article 72 of this title;

(II) Any information that is confidential pursuant to state or federal law;

(III) Any information contained in an unstructured data field; or

(IV) Any information that the chief financial officer of a state agency or the director or head of a state agency requests to not be disclosed because the potential injury to the public interest arising from the disclosure of such information on the web-based system outweighs the public interest in having such information publicly available on the web-based system. For purposes of this subparagraph (IV), the public interest arising from the disclosure of information shall include the protection of the privacy, safety, and security of individuals.

(h) For any information excluded from the web-based system pursuant to paragraph (g) of this subsection (1), the web-based system shall include:

(I) A description of the information excluded;

(II) The basis for exclusion; and

(III) The state agency that requested the exclusion;

(i) Regardless of the form of the data in the state's official book of record, the web-based system may provide access to aggregated information where:

(I) Access to each individual transaction is likely to hinder, rather than foster, the goal of accountability and transparency;

(II) An individual transaction includes information that is only partially excludable pursuant to paragraph (g) of this subsection (1); or

(III) An accounting code contained in the state's official book of record includes both includable and excludable transactions pursuant to paragraph (g) of this subsection (1);

(j) The web-based system shall include a link to the online database;

(k) The web-based system shall include county expenditure and revenue data in accordance with section 24-72.4-106; and

(l) The web-based system must include, for any expenditure made to pay a vendor, the legal name of the vendor paid; except that the web-based system is not required to include the legal name of the vendor if the state agency has determined that the public interest is best served by excluding the legal name of the vendor or that including the legal name of the vendor is otherwise prohibited by law. When included in the web-based system, the legal name of the vendor must be included without redaction.

(2) (a) An individual may challenge the exclusion of information from the web-based system pursuant to paragraph (g) of subsection (1) of this section by sending written notice to the state agency that requested the exclusion. The notice shall set forth the basis for challenging the exclusion and shall cite this section.

(b) Within thirty calendar days of receiving a challenge to an exclusion pursuant to paragraph (a) of this subsection (2), the state agency receiving the challenge shall respond in writing to the challenger. In the response, the state agency may:

(I) Agree to withdraw the exclusion;

(II) Deny the challenge; or

(III) Agree to withdraw the exclusion, in part, and deny the challenge, in part.

(c) If, in response to the challenge, the state agency agrees to withdraw the exclusion, in whole or in part, then the state agency shall inform the state controller in writing within two

working days of the date the response is sent to a challenger pursuant to paragraph (b) of this subsection (2), and the state controller shall make the appropriate information available on the web-based system promptly, which in no case shall be later than ten working days of receipt.

(d) If the state agency denies a challenge brought pursuant to paragraph (a) of this subsection (2), in whole or in part, or fails to respond to a challenge in writing within thirty calendar days, then a challenger may apply to the district court for the city and county of Denver for an order directing the state agency denying the challenge to show cause why the challenged exclusion is proper; except that an action may not be initiated pursuant to this paragraph (d) if a state agency has first initiated an action pursuant to paragraph (e) of this subsection (2) with respect to the same exclusion. Upon a finding that information was improperly excluded from the web-based system, the court shall order the state agency to withdraw the exclusion and the state controller to make the excluded information available on the web-based system. In order to prevail in an application brought under this paragraph (d), a challenger shall bear the burden of proving by a preponderance of the evidence that the office or agency improperly excluded information from the web-based system.

(e) If the state agency, acting in good faith and after receiving notice of a challenge pursuant to paragraph (a) of this subsection (2), is unable to determine whether exclusion of information on the web-based system is proper pursuant to paragraph (g) of subsection (1) of this section, the state agency may apply to the district court for an order permitting the state agency to exclude information from the web-based system or for the court to determine that the exclusion is prohibited. In an action brought pursuant to this paragraph (e), the burden of proof shall be upon the state agency asserting the exclusion to prove by a preponderance of the evidence that the information may be properly excluded from the web-based system. A challenger shall have notice of the action served upon him or her in the manner provided for service of process by the Colorado rules of civil procedure and shall have the right to appear and be heard.

(f) (I) Except as set forth in subparagraph (II) of this paragraph (f), if a court determines that a state agency improperly excluded information from the web-based system, the court shall award reasonable attorney fees and costs to a challenger who appears in the court proceeding.

(II) The attorney fees provision of subparagraph (I) of this paragraph (f) shall not apply in cases brought pursuant to paragraph (e) of this subsection (2) if the court finds that the state agency acted in good faith and, after exercising reasonable diligence and making reasonable inquiry, was unable to determine if exclusion from the web-based system was proper without a ruling by the court.

(1) Notwithstanding the privilege of nondisclosure established in section 24-72.5-103, a governmental entity otherwise authorized by law to issue or obtain subpoenas may subpoena a newsperson in order to obtain news information by establishing, by a preponderance of the evidence:

- (a) That the news information is directly relevant to a substantial issue involved in the proceeding;
- (b) That the news information cannot be obtained by any other reasonable means; and
- (c) That a strong interest of the party seeking to subpoena the newsperson outweighs the interests under the first amendment to the United States constitution of such newsperson in not responding to a subpoena and of the general public in receiving news information.

24-72.5-105. Waiver of privilege. The privilege of nondisclosure established in section 24-72.5-103 may be waived only by the voluntary testimony or disclosure of a newsperson that directly addresses the news information or identifies the source of such news information sought
