TITLE 24

GOVERNMENT - STATE

ADMINISTRATION

ARTICLE 1

Administrative Organization Act of 1968

24-1-101. Legislative declaration. (1) The general assembly declares that this article 1 is necessary to create a structure of state government that is responsive to the needs of the people of this state and sufficiently flexible to meet changing conditions; to strengthen the powers of the governor and provide a reasonable span of administrative and budgetary controls within an orderly organizational structure of state government; to strengthen the role of the general assembly in state government; to encourage greater participation of the public in state government; to effect the grouping of state agencies into a limited number of principal departments primarily according to function; and to eliminate overlapping and duplication of effort. To the ends stated in this section, this article 1 shall be liberally construed.

(2) Since the general assembly enacted the "Administrative Organization Act of 1968", which laid out the structure of the principal departments, assigned and transferred every entity into a principal department, and specified whether the entity was transferred by a **type 1** or **type 2** transfer or abolished by a **type 3** transfer, the general assembly has determined that:

(a) The transfer language used in this article 1 is overly complicated, and the concept that a new entity obtains or retains its powers "as if it were transferred", based on a reorganization that occurred in 1968, is an awkward way of expressing the entity's status;

(b) While the status of an entity is expressed in this article 1, the **type 1** or **type 2** status of the entity often is not specified in the organic statute that governs the entity, which is where a reader would typically look for this information;

(c) While there were many references to **type 3** transfers by which entities were historically abolished, in 2022 the terminology used in the statutes was modernized to simply identify the new entity responsible for the powers, duties, and functions of the abolished entity without the use of the archaic **type 3** transfer language; and

(d) The Colorado Revised Statutes would be improved by modernizing the means by which an entity's status is designated and the way in which an entity's powers, duties, and

functions are expressed in the "Administrative Organization Act of 1968" and in the organic statute where the entity is created.

24-1-104.1. State education standards review - review committees convened by department of education - youth participation - definition. By September 1, 2023, and by each September 1 thereafter, the commissioner of education shall appoint youth representatives from nominations submitted by schools throughout the state to participate in the standards development process described in section 22-7-1005, which includes community engagement. The department of education shall select youth representatives from rural, small rural, and urban school districts, as those districts are designated by the department of education. The department of education shall promote the opportunities for youth involvement to schools throughout the state and request that schools nominate youth to serve as youth representatives. Youth representatives may be reimbursed for actual and reasonable expenses incurred in the performance of their duties and may receive a stipend for participation in an amount to be determined by the department of education. For the purposes of this section, "youth" means the age of eligibility for membership in the Colorado youth advisory council, as set forth in section 2-2-1303 (1)(b)(I).

24-1-105. Types of entities defined - creation of new entities - transfers of existing entities. (1) The following definitions apply to every statute, unless the context otherwise requires:

(a) "Entity" means a principal department of the state or any division, institution, or part of a principal department, or any agency, board, commission, or unit of state government that is created in or assigned to a principal department of the state. "Entity" includes an individual carrying out powers or exercising duties or functions.

(b) "**Type 1** entity" means an entity that is administered under the direction and supervision of a principal department established in this article 1, but exercises its prescribed statutory powers and performs its prescribed duties and functions, including rule-making, regulation, licensing, and registration; the promulgation of rules, rates, regulations, and standards; and the rendering of findings, orders, and adjudications, independently of the head of the principal department. Under a **type 1** entity, any powers, duties, and functions not specifically vested by statute in the entity, including, but not limited to, all budgeting, purchasing, planning, and related management functions of the entity, are performed under the direction and supervision of the head of the principal department.

(c) "**Type 2** entity" means an entity whose statutory authority, powers, duties, and functions, including the functions of budgeting, purchasing, and planning, are under the direction and supervision of the head of the principal department.

(2) When a new entity is created, the entity exercises its powers and performs its duties and functions in the principal department in which it is created as a **type 1** or **type 2** entity, as specified in law. When an existing entity is transferred from one principal department to another principal department, the entity exercises its powers and performs its duties and functions in the principal department to which it was transferred as a **type 1** or **type 2** entity, as specified in law. When an existing entity is abolished, all or part of the powers, duties, and functions of the abolished entity as well as its records, personnel, property, and unexpended balances of appropriations, allocations, or other money, may be transferred to another entity as specified in law.

24-1-106. Agencies not enumerated - continuation. Any board, commission, advisory board, or other entity not enumerated in this article, but established by law within or as advisory to an existing department, institution, or other agency shall continue to exercise all its powers, duties, and functions within or as advisory to such department, institution, or other agency under

the principal department and the type of transfer to which such department, institution, or other agency is transferred under this article.

24-1-107. Internal organization of department - allocation and reallocation of powers, duties, and functions - limitations. In order to promote economic and efficient administration and operation of a principal department and notwithstanding any other provisions of law, except as provided in section 24-1-105, the head of a principal department, with the approval of the governor, may establish, combine, or abolish divisions, sections, and units other than those specifically created by law and may allocate and reallocate powers, duties, and functions to divisions, sections, and units under the principal department, but no substantive function vested by law in any officer, department, institution, or other agency within the principal department shall be removed from the jurisdiction of such officer, department, institution, or other agency under the provisions of this section.

24-1-107.5. Nonprofit entities created or supported by state agencies and state-level authorities - requirements - legislative declaration. (1) The general assembly hereby finds and declares that:

(a) State agencies and state-level authorities currently benefit from working with nonprofit entities in a variety of areas, including contracting with nonprofit entities to obtain goods or services, developing working relationships with nonprofit entities to further an agency's or authority's goals and objectives, and using nonprofit entities to obtain gifts, bequests, or donations;

(b) Although state agencies also benefit from the ability to create nonprofit entities to assist them in carrying out their statutory powers and duties, the expenditure of state revenues through nonprofit entities created by state agencies hampers the general assembly's ability to adequately perform its duties of monitoring state revenues and ensuring that sufficient revenues are available for appropriations to the executive, legislative, and judicial branches of government;

(c) In order for the general assembly to carry out its duties to plan for and monitor state revenues, it is the intent of the general assembly to establish specific statutory requirements for the creation of nonprofit entities by state agencies to perform their statutory powers and duties and to establish accountability requirements for certain nonprofit entities formed for the benefit of state agencies; and

(d) It is the further intent of the general assembly to:

(I) Monitor the creation of nonprofit entities by state-level authorities where the creation of such entities could affect the purpose for which such authorities were established by imposing specific reporting requirements upon those authorities intending to create such entities; and

(II) Retain the laws applicable to the separate identity of nonprofit entities created by or on behalf of state agencies.

(2) (a) (I) Except as otherwise provided in subsection (3) of this section, commencing July 1, 1999, no state agency or employee or agent acting on behalf of such agency shall establish a nonprofit entity without specific statutory authority if:

(A) The purpose of establishing a nonprofit entity is to carry out the governmental functions of the state agency; and

(B) The state agency or an employee or agent acting on behalf of such agency has actual control over the management and internal operations of the nonprofit entity.

(II) The provisions of this paragraph (a) shall not limit:

(A) The office of the governor;

(B) State-supported institutions of higher education from using nonprofit entities, such as foundations, institutes, or similar organizations, as authorized in section 23-5-112, C.R.S.;

(C) State-supported institutions of higher education from issuing revenue bonds or pledging revenues as authorized in sections 23-5-102, 23-5-103, 23-70-107, and 23-70-108, C.R.S.;

(D) The Colorado educational and cultural facilities authority from financing facilities and capital expenditures or refunding or refinancing outstanding indebtedness as authorized in sections 23-15-107 to 23-15-110, C.R.S.;

(E) State-supported institutions of higher education from creating or using nonprofit entities to issue obligations for or assist in the financing of capital expenditures on behalf of or for the benefit of such institutions; and

(F) The Colorado school for the deaf and the blind, as provided for in article 80 of title 22, C.R.S., from using nonprofit entities, such as foundations, institutes, or similar organizations, as authorized in section 22-80-103, C.R.S.

(b) No later than September 1, 1999, each state agency shall provide to the state auditor a list of all nonprofit entities in existence on July 1, 1999, that were established by the state agency or an employee or agent acting on behalf of such agency and that meet the criteria set forth in sub-subparagraphs (A) and (B) of subparagraph (I) of paragraph (a) of this subsection (2), along with a copy of each nonprofit entity's most recent annual audit report or, if such entity has not been audited, the entity's most recent annual financial statement.

(c) The provisions of this subsection (2) do not apply to:

(I) Repealed.

(II) Any nonprofit corporation created by the board of regents of the university of Colorado pursuant to section 23-20-114 (2), C.R.S.; or

(III) Any private nonprofit corporation created by any state-supported institution of higher education, as authorized under section 23-5-121, C.R.S., for the purpose of developing discoveries and technology resulting from science and technology research at such institution of higher education.

(3) A state-supported institution of higher education may establish a nonprofit entity that would otherwise require specific statutory authority under paragraph (a) of subsection (2) of this section upon a finding by the governing board of the institution that establishing the nonprofit entity would be in the best interests of the institution.

(4) (a) (I) Except as otherwise provided in sections 23-5-112 (3) and 23-5-121, C.R.S., subparagraph (II) of this paragraph (a), and paragraph (b) of this subsection (4), any nonprofit entity created by or on behalf of a state agency under paragraph (a) of subsection (2) of this section or subsection (3) of this section and any nonprofit entities reported under paragraph (b)

of subsection (2) of this section shall be subject to an annual audit by the state auditor or his or her designee as required for state agencies under section 2-3-103 (1), C.R.S.

(II) The provisions of this paragraph (a) do not apply to any nonprofit corporation created by the board of regents of the university of Colorado pursuant to section 23-20-114 (2), C.R.S.

(b) If any nonprofit entity, created for the sole benefit of one or more state-supported institutions of higher education, issues obligations to finance capital expenditures for the benefit of the institution or institutions and pledges payments to be received from the institution or institutions in repayment of such obligations, such capital financing activities are subject to the same audit requirements imposed for gifts and bequests received by a nonprofit entity under section 23-5-112 (3), C.R.S.

(5) (a) (I) Except as provided in subparagraph (II) of this paragraph (a), beginning July 1, 1999, each state-level authority intending to create or participate in the creation of a nonprofit entity shall file a statement with the state auditor regarding its intent to create such entity. The statement shall include information about the purpose and use of the nonprofit entity. The state-level authority shall file such statement at least thirty days prior to the incorporation of the nonprofit entity.

(II) For purposes of the requirements specified in this paragraph (a), the office of the governor, the university of Colorado hospital authority, created in part 5 of article 21 of title 23, C.R.S., and the Denver health and hospital authority created in part 1 of article 29 of title 25, C.R.S., shall not be required to provide notice of its intent to create a nonprofit entity or to disclose any information relating to the modification, initiation, or cessation of patient care programs if the disclosure of such information would give an unfair competitive or bargaining advantage to any person or entity.

(b) For fiscal years ending after June 30, 1999, each state-level authority shall report the annual financial activities of any nonprofit entity it has created in conjunction with the filing of its annual financial audit report with the state auditor as required under section 29-1-603, C.R.S. The reporting of such financial activities may be a part of the audited financial statements if the financial activities are separately identified or the reporting may be performed separately.

(6) (a) Except as provided in this section or other applicable law, any nonprofit entity supported by or established by or on behalf of a state agency shall not be an agency or department of state government and shall not be subject to any provisions of law affecting only governmental or public entities. The state of Colorado or the applicable state agency shall not be held responsible for any debt or liability incurred by any nonprofit entity supported by or established by or on behalf of a state agency, except as otherwise provided by law.

(b) The provisions of this subsection (6) shall apply to any nonprofit entity supported by or created by or on behalf of a state agency regardless of whether such entity is subject to the requirements specified in this section.

(7) For purposes of this section:

(a) "Nonprofit entity" means a nonprofit corporation created under the "Colorado Revised Nonprofit Corporation Act", articles 121 to 137 of title 7, C.R.S. "Nonprofit entity" may include, but is not limited to, a corporation, a partnership, a joint venture, a foundation, and an institute.

(b) "State agency" means an agency as defined in section 24-3-101 or an institution of higher education.

(c) "State-level authority" means a special purpose authority as defined in section 24-77-102 (15) and excludes nonprofit entities created by and for local governmental entities, such as municipalities, counties, city and counties, school districts, and special districts.

24-1-108. Appointment of officers and employees - repeal. (1) Any provisions of law to the contrary notwithstanding and subject to the provisions of the constitution of the state of Colorado, the head of a principal department shall be appointed by the governor, with the consent of the senate. The head of a principal department shall appoint all subordinate officers and employees of his or her office and the head of each division under his or her department, and the head of each division shall appoint all employees in his or her division, but all appointments made by the head of a principal department and heads of divisions shall be made in accordance with section 24-2-102.

(2) In the event that the lieutenant governor is appointed during his or her term of office to concurrently serve as the head of a principal department:

(a) Acceptance or retention of such an appointment shall not result in a forfeiture of the office of lieutenant governor; and

(b) It shall be deemed that holding the office of lieutenant governor while concurrently serving as the head of a principal department is not incompatible, inconsistent, or in conflict with the duties of the lieutenant governor or with the duties, powers, and functions of the head of a principal department.

(3) Repealed.

(4) In the event that the lieutenant governor is appointed during his or her term of office to concurrently serve as the director of the office of saving people money on healthcare within the office of the governor:

(a) Acceptance or retention of such an appointment shall not result in a forfeiture of the office of lieutenant governor; and

(b) It shall be deemed that holding the office of lieutenant governor while concurrently serving as the director of the office of saving people money on healthcare is not incompatible, inconsistent, or in conflict with the duties of the lieutenant governor or with the duties, powers, and functions of the director of the office of saving people money on healthcare.

24-1-128.6. Department of public safety - creation. (1) There is hereby created a department of public safety, the head of which shall be the executive director of the department of public safety. The executive director shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The reappointment of an executive director after initial election of a governor shall be subject to the provisions of section 24-20-109.

(2) The department of public safety consists of the following divisions:

(a) The Colorado state patrol, the head of which is the chief of the Colorado state patrol. The Colorado state patrol and the office of chief, created in part 2 of article 33.5 of this title 24, are **type 2** entities, as defined in section 24-1-105, and exercise their powers and perform their duties and functions under the department of public safety. The responsibilities of the department of public safety and the Colorado state patrol include the powers, duties, and functions of the state department of highways relating to the Colorado state patrol. The responsibilities of the department of public safety and the Colorado state patrol include the powers, duties, and functions of the ports of entry section of the former motor carrier services division of the division of motor vehicles of the department of revenue, which motor carrier services division is abolished pursuant to section 24-1-117 (5), enacted by House Bill 12-1019, in 2012.

(b) Repealed.

(c) The Colorado bureau of investigation, the head of which is the director of the Colorado bureau of investigation. The Colorado bureau of investigation and the office of the director, created in part 4 of article 33.5 of this title 24, are **type 2** entities, as defined in section 24-1-105, and exercise their powers and perform their duties and functions under the department of public safety. The powers, duties, and functions of the department of public safety and the Colorado bureau of investigation include the powers, duties, and functions relating to the Colorado bureau of investigation that were formerly vested in the department of local affairs.

(d) The division of criminal justice, the head of which is the director of the division of criminal justice. The division of criminal justice and the office of the director, created in part 5 of article 33.5 of this title 24, are **type 2** entities, as defined in section 24-1-105, and exercise their powers and perform their duties and functions under the department of public safety. The powers, duties, and functions of the department of public safety and the division of criminal justice include the powers, duties, and functions relating to the division of criminal justice that were formerly vested in the department of local affairs.

(e) Repealed.

(f) (Deleted by amendment, L. 2002, p. 1204, § 1, effective June 3, 2002.)

(g) Repealed.

(h) (I) The division of homeland security and emergency management, the head of which is the director of the division of homeland security and emergency management. The division of homeland security and emergency management and the office of the director, created in part 16 of article 33.5 of this title 24, are **type 2** entities, as defined in section 24-1-105. The division of homeland security and emergency management and the office of the director of the

division exercise their powers and perform their duties and functions under the department of public safety and are allocated to the division of homeland security and emergency management.

(II) The division of homeland security and emergency management includes the following agencies, which are **type 2** entities, as defined in section 24-1-105, and which exercise their powers and perform their duties and functions under the department of public safety:

(A) The office of emergency management, created in part 7 of article 33.5 of this title 24, the head of which is the director of the office of emergency management. Effective July 1, 2012, the powers, duties, and functions of the department of public safety and the office of emergency management under the division of homeland security and emergency management pursuant to this article 1 include the powers, duties, and functions of the former division of emergency management, created in part 21 of article 32 of this title 24, prior to its repeal in 2012.

(B) The office of prevention and security, created in section 24-33.5-1606;

(C) The office of preparedness, created in section 24-33.5-1606.5; and

(D) The office of public safety communication created in section 24-33.5-2502.

(i) The division of fire prevention and control, the head of which is the director of the division of fire prevention and control. The division of fire prevention and control and the office of the director, created in part 12 of article 33.5 of this title 24, are **type 2** entities, as defined in section 24-1-105, and exercise their powers and perform their duties and functions under the department of public safety.

(3) Repealed.

(4) (a) The powers, duties, and functions of the department of public safety include the powers, duties, and functions of the Colorado emergency planning commission, created in section 24-33.5-1503, prior to the repeal of that section by House Bill 14-1004, as follows:

(I) The duty to promulgate any rules necessary for implementation of the federal "Emergency Planning and Community Right-to-Know Act of 1986", 42 U.S.C. sec. 11001 et seq., Title III of the federal "Superfund Amendments and Reauthorization Act of 1986", Pub.L. 99-499, the other powers and duties described under section 24-33.5-1503.5 (2), and the duty to administer the SARA Title III fund created in section 24-33.5-1506, are transferred to the department of public safety and allocated to the director of the division of homeland security and emergency management; and

(II) All other functions relating to implementation of the federal "Emergency Planning and Community Right-to-Know Act of 1986", 42 U.S.C. sec. 11001 et seq., Title III of the federal "Superfund Amendments and Reauthorization Act of 1986", Pub.L. 99-499, that were enjoyed by the Colorado emergency planning commission prior to its repeal by House Bill 14-1004, are transferred to the department of public safety and allocated to the emergency planning subcommittee of the homeland security and all-hazards senior advisory committee, which subcommittee is created under section 24-33.5-1614 (3.5).

(b) (Deleted by amendment, L. 2014.)

(5) The witness protection board, created in section 24-33.5-106, is a **type 1** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the department of public safety.

(6) The identity theft and financial fraud board, created in section 24-33.5-1703, is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the department of public safety.

(7) The cold case task force, created in section 24-33.5-109, is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the department of public safety.

(8) Repealed.

(9) The crime victim services advisory board, created pursuant to section 24-4.1-117.3, is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the division of criminal justice in the department of public safety.

(10) The office of school safety, created in section 24-33.5-2702, is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the office of the executive director in the department of public safety.

(11) The school resource center, created in section 24-33.5-1803, is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the office of school safety in the office of the executive director in the department of public safety.

24-1-135. Effect of congressional redistricting on boards and commissions - definition. (1) As used in this section, "board" includes any board, commission, committee, task force, or other similar body created in the state constitution or state statute.

(2) Unless a section of the state constitution or a statute creating a board provides otherwise:

(a) Any member of a board who was appointed or elected to the office as a resident of a designated congressional district pursuant to any section of the state constitution or any statutory section creating the board and who no longer resides in the congressional district solely because of a change made to the boundaries of the district pursuant to sections 44 to 44.6 of article V of the state constitution is eligible to hold office for the remainder of the term to which the member was elected or appointed, notwithstanding the nonresidency of the member.

(b) When a board increases in size or changes in composition due to the addition of a congressional district following a federal decennial census, an appointing authority responsible for making appointments of members from the state's congressional districts shall appoint a member to represent the new district as soon as practicable in the year following the approval of the new congressional district's boundaries pursuant to sections 44 to 44.6 of article V of the state constitution. The newly appointed member serves a full term as set forth in the state constitution or statute for a member of the board; except that the appointing authority may appoint the member for a shorter term if necessary to preserve any required staggering of the terms of the members of the board.

(c) (I) When a board decreases in size or changes in composition due to the loss of a congressional district following a federal decennial census, an appointing authority responsible for making appointments of members from the state's congressional districts shall review the current appointments to the board and:

(A) If the board decreases in size, select one board member whose term shall be terminated on June 30 of the year following the change in the number of congressional districts; or

(B) If the board changes in composition, select one board member appointed to represent a congressional district to be replaced with an at-large or other member when the member's term expires.

(II) In making the selections required by subsection (2)(c)(I) of this section, the appointing authority shall consider how well the current appointments represent the state's new congressional districts and attempt to ensure adequate representation for the new districts among the remaining board members for the remainder of their terms. If necessary, the appointing authority shall clarify which districts the remaining members represent and may adjust the terms of the remaining members to preserve any required staggering of the terms of the members of the board.

24-1-135.5. Boards and commissions - definitions. (1) As used in this section, "board" includes any board, commission, committee, task force, or other similar body created in the state constitution or state statute.

(2) Unless a section of the state constitution or a statute creating a board provides otherwise:

(a) Any vacancy in an appointed office on a board arising for any reason other than the expiration of the member's term shall be filled by the appointing authority who made the initial appointment for the remainder of the unexpired term. An appointment to fill a vacancy is subject to the same qualifications and conditions as set forth in statute or in the state constitution for the

vacant position. The staff of a state agency that provides staff support to the board, or, if no agency provides staff support to the board, the chair of the board, shall notify the appointing authority for the vacant position of the vacancy by e-mail within thirty days of the vacancy occurring.

(b) Notwithstanding the term length set forth in statute or the state constitution, an appointed member continues to serve until the member's successor is duly appointed.

(c) When the director or executive director of an executive agency, a division of an executive agency, or an office within an executive agency is an ex officio member of a board, the director or executive director may designate another person within the executive agency to fulfill the director or executive director's duties on the board.

(d) When a constitutional or statutory provision that creates or concerns activities of a board includes a requirement that applies to a "minimum majority" of the membership of a board, "minimum majority" means the lowest number of members that is more than half of all board members.

(e) A member of a board may participate remotely in board meetings if allowed by the board's policies or bylaws, including for the purposes of establishing a quorum of the board. Remote participation by a member at a board meeting must be recorded in the meeting minutes.

(f) For the purposes of any term limit that applies to the members of a board, a partial term counts toward the term limit only if the partial term was more than half the length of a standard term for a member of that board.

24-1-136. "Information Coordination Act" - policy - functions of the heads of principal departments. (1) This section shall be known and may be cited as the "Information Coordination Act". The legislative policy with reference to the coordination of information is hereby declared to be that:

(a) The operational reports of the executive agencies should provide complete, concise, and useful information about executive operations to the governor and the general assembly;

(b) The publications of executive agencies should be clearly related to agency functions and cost no more than is necessary to accomplish the purpose for which the material is published;

(c) Executive agencies should recover the full cost of those publications not necessary to the agency's function but issued for the convenience of the users;

(d) Publication activities of executive agencies should be responsive to the direction of the governor; and

(e) Operational reports and publications of executive agencies should continue to be produced as long as they are useful, but the need for them should be reviewed periodically to ensure that public resources are not misdirected toward the fulfillment of outmoded directives.

(2) There is assigned to the heads of the principal departments the function of coordination and control of operational and administrative information within the executive branch.

(3) The heads of the principal departments shall jointly have the following responsibilities of coordination and control:

(a) Development and direction of a system for the collection, coordination, control, and distribution of state operational and administrative reports and information;

(b) (I) Preparation for the governor of annual reports by the principal departments, accounting to the general assembly for the operations of all agencies in the executive branch, which shall include the results of any actions in furtherance of measurable annual objectives in the areas of operational efficiency and effectiveness set forth in the budget request of each department pursuant to section 24-37-304 (1)(a); and

(II) Publication of such reports subject to the approval of the governor;

(c) Preparation of operational and administrative reports and bringing to the attention of the governor special problems of agencies as disclosed through the reporting system;

(d) Repealed.

(e) Delivery to the custody of the state librarian of four copies of all state publications pursuant to section 24-90-204; and

(f) Effecting economies in the publication of operational and administrative information consistent with the purpose of the publication and without interference to the discharge of the agency's statutory responsibilities.

(4) The governor or the general assembly may at any time require that the heads of the principal departments collect and from time to time publish certain regular or special reports, in whole or in part.

(5) The provisions of this section shall not apply to reports and publications of the legislative and judicial branches of state government nor to the publications of executive agencies in connection with research they perform under contract.

(6) Nothing in this section shall be construed to change or supersede the present authority and responsibility of the executive director of the department of personnel to act as official custodian and trustee of permanent public documents and to respond to all reasonable requests for reference, research, and information and to provide facsimiles thereof concerning the contents of original agency reports.

(7) The authority of the heads of the principal departments over the issuance of publications as prescribed in this section shall in no way be construed as being in contravention of those administrative procedure laws which elsewhere either grant powers to executive agencies to promulgate and issue agency rules and regulations or define legal notice and publication with reference to such rules and regulations.

(8) Nothing in this section shall be construed to empower anyone to restrict or inhibit the free flow of news or the release of public information, or to establish censorship or control over news or information of actions by public employees or public bodies, or to restrict public access to public records; nor shall any part of this section be construed as restricting, amending, superseding, or contravening any existing law, order, or requirement relating to any required or permitted official or public notice or legal advertisement.

(9) Whenever any report is required or allowed to be made to the general assembly, including any report required to be made to any committee of the general assembly or legislative staff, the reporting entity shall file one electronic copy of the report with the joint legislative library, and four hard copies with the state librarian for the state publications depository and distribution center. Such filing is sufficient to comply with the direction or authority to make such report. The electronic filing shall be by means of a portable document format and shall include a hyperlink to the website where the report is located, if the report is directly accessible

via the internet. If the reporting entity cannot provide an electronic copy of the report to the joint legislative library, then the reporting entity shall deliver six hard copies to the joint legislative library. The joint legislative library is responsible for delivering an electronic or hard copy of the report to the legislators, legislative committees, or legislative staff, as applicable, who are to receive the report. A legislator may request from the joint legislative library delivery of a hard copy of any report.

(10) An agency or department not having an appropriation for producing publications to be sold to the public shall obtain the approval of the controller prior to making any disbursements for said publications. The request for approval shall include the proposed procedures for control of the proceeds of sales.

(11) (a) (I) Effective July 1, 1996, whenever any report is required to be made to the general assembly by an executive agency or the judicial branch on a periodic basis, the requirement for such report shall expire on the day after the third anniversary of the date on which the first such report is due unless the general assembly, acting by bill, continues the requirement.

(II) Repealed.

(b) Among the matters to be considered by the sunrise and sunset review committee, created by joint rule of the senate and house of representatives, during each interim shall be an inventory and review of all existing requirements for reports by executive agencies or the judicial branch to the general assembly that are due to expire on or before July 1 of the following year pursuant to paragraph (a) of this subsection (11); except that, if House Bill 96-1159 is enacted at the second regular session of the sixtieth general assembly and becomes law or if, for any other reason, the sunrise and sunset review committee ceases to exist, such inventory and review shall be conducted by the several committees of reference as directed by the president of the senate and the speaker of the house of representatives, or otherwise as follows:

(I) The agriculture, livestock, and natural resources committee in the house of representatives and the agriculture, natural resources, and energy committee in the senate, or any successor committees, shall consider reporting requirements contained in titles 33 to 37, C.R.S.;

(II) The appropriations committees, or any successor committees, in the house of representatives and the senate shall consider reporting requirements contained in articles 75 to 114 of this title;

(III) The business affairs and labor committee in the house of representatives and the business, labor, and technology committee in the senate, or any successor committees, shall consider reporting requirements contained in titles 4 to 12 and 40, C.R.S.;

(IV) The education committees, or any successor committees, in the house of representatives and the senate shall consider reporting requirements contained in titles 22 and 23, C.R.S.;

(V) The finance committees, or any successor committees, in the house of representatives and the senate shall consider reporting requirements contained in titles 38 and 39, C.R.S.;

(VI) The health and human services committees in the house of representatives and the senate, or any successor committees, shall consider reporting requirements contained in titles 25 to 27, C.R.S.;

(VII) The judiciary committees, or any successor committees, in the house of representatives and the senate shall consider reporting requirements contained in titles 13 to 21, C.R.S.;

(VIII) The local government committees, or any successor committees, in the house of representatives and the senate shall consider reporting requirements contained in titles 30 to 32, C.R.S.;

(IX) The state, veterans, and military affairs committees, or any successor committees, in the house of representatives and the senate shall consider reporting requirements contained in titles 1 to 3, C.R.S., titles 28 and 29, C.R.S., and this title with the exception of articles 75 to 114 and, in addition, any reporting requirement not otherwise assigned to a committee of reference under this paragraph (b); and

(X) The transportation and energy committee in the house of representatives and the transportation committee in the senate, or any successor committees, shall consider reporting requirements contained in titles 41 to 43, C.R.S.

24-1-136.5. Long-range planning for capital construction, controlled maintenance, capital renewal - policy - heads of principal departments. (1) The executive director of each department, after consultation with the directors of the subordinate agencies, divisions, or offices within the department, has the authority to prescribe uniform policies, procedures, and standards of space utilization in department facilities, except for office space, for the development and approval of capital construction, controlled maintenance, and capital renewal projects for the department. Nothing in this subsection (1) should be construed to alter the authority of the office of the state architect to prescribe uniform standards for office space pursuant to section 24-30-1303 (1)(h).

(2) The executive director shall review facilities master planning and facilities program planning for all capital construction, controlled maintenance, and capital renewal projects on department real property, regardless of the source of funds and shall submit for approval all such facilities master plans and facilities program plans to the office of the state architect for approval as specified in section 24-30-1311. No capital construction, controlled maintenance, or capital renewal shall commence except in accordance with an approved facilities master plan, facilities program plan, and physical plan.

(3) The executive director shall ensure conformity of facilities master planning with approved department operational master plans, facilities program plans with approved facilities master plans, and physical plans with approved facilities program plans.

(4) Plans for any capital construction, controlled maintenance, or capital renewal project for the department are subject to the approval of the executive director, regardless of the source of funds. The executive director may exempt any project which requires less than five hundred thousand dollars of state moneys from the requirements for master planning and program planning.

(5) The executive director shall annually request from the director of each subordinate agency, division, or office within the department a five-year projection of any capital construction, controlled maintenance, and capital renewal projects. The projection must include the estimated cost, the method of funding, a schedule for project completion, and the director's priority for each project. The executive director shall determine whether a proposed project is consistent with operational master planning and facilities master planning of the department and conforms to space utilization standards established pursuant to subsection (1) of this section and section 24-30-1303 (1)(h).

(6) (a) The executive director shall annually establish a department five-year capital construction, controlled maintenance, and capital renewal plan coordinated with department operational master plans and facilities master plans and forward the five-year plan to the office of the state architect for review as required in section 24-30-1311.

(b) The executive director shall transmit to the office of the state architect, consistent with the executive budget timetable, a recommended priority of funding of capital construction, controlled maintenance, and capital renewal projects for the department.

(c) Except as provided in subsection (4) of this section, it is the policy of the general assembly to appropriate funds only for projects approved by the office of the state architect.

(7) Any acquisition or utilization of real property by a department that is conditional upon or requires expenditures of state funds or federal funds is subject to the approval of the executive director and the office of the state architect, regardless of whether the acquisition is by lease, financed purchase of an asset, certificate of participation, purchase, gift, or otherwise.

(8) Prior to approving the facilities master plan and facilities program plan for any capital construction, controlled maintenance, or capital renewal project to be constructed, operated, and maintained solely from fees, gifts and bequests, grants, revolving funds, or a combination of such sources, the executive director shall request and consider recommendations from the office of the state architect.

(9) This section does not apply to the department of higher education, nor should it be construed to alter the duties of the Colorado commission on higher education set forth in section 23-1-106, C.R.S.

State Administrative Organization Board

24-1.5-101. Legislative declaration. The general assembly hereby finds and declares that the proliferation of **type 1** agencies in state government has increased the number of state government programs through the adoption of administrative rules and regulations and that the level of accountability within each principal department of state government has decreased due to the independence of the **type 1** agencies. The general assembly therefore adopts this article in order to evaluate existing **type 1** agencies and to determine whether agencies created in the future should be so designated.

Source: L. 90: Entire article added, p. 1177, § 1, effective May 24.

24-1.5-102. State administrative organization board - creation - duties. (1) There is hereby created the state administrative organization board, referred to in this article as the "board", to be comprised of eleven members. Two members of the board shall be appointed by the speaker of the house of representatives, one of whom shall be a member of the general assembly. One member shall be appointed by the minority leader of the house of representatives and shall not be a member of the general assembly and shall not be a state government employee. The other member appointed by the speaker shall not be a member of the general assembly and shall not be a state government employee. Two members of the board shall be appointed by the president of the senate, one of whom shall be a member of the senate. One member shall be appointed by the minority leader of the senate and shall not be a member of the general assembly and shall not be a state government employee. The other member appointed by the president shall not be a member of the general assembly and shall not be a state government employee. Five members of the board shall be appointed by the governor, three of whom shall not be members of the general assembly or state government employees.

(2) The board shall develop a procedure to systematically and regularly review the functions and duties of all **type 1** agencies in accordance with a schedule that the board shall devise. The board shall establish criteria for **type 1** agencies to determine whether all existing **type 1** agencies should continue as **type 1** agencies and to evaluate the designation of proposed new **type 1** agencies.

(3) The board shall select a chairman from among its members, and it shall meet as often as necessary to carry out the duties specified in this section.

Restructuring the Health and Human Services Delivery System

Editor's note: This article was added in 1993. This article was repealed and reenacted in 1997, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this article prior to 1997, consult the Colorado statutory research explanatory note and the table itemizing the replacement volumes and supplements to the original volume of C.R.S. 1973 beginning on page vii in the front of this volume. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

24-1.7-101. Legislative declaration. The general assembly hereby declares its support for local flexibility in the planning and delivery of health and human services and states its intent to foster continuing coordination, communication, and collaboration at the local level. The general assembly further states its support for local decisions to utilize people and resources at the local level in a more efficient, effective, and economical manner through consolidation of local advisory boards. The general assembly further declares its intent to streamline local planning and community input mechanisms.

24-1.7-102. Local health and human services advisory boards - creation - functions.

(1) In order to accomplish the intent of prior legislation on human services delivery that there be an ongoing process or forum for continued coordination and collaboration at the local level concerning the delivery of human services, this article authorizes the creation of local health and human services advisory boards. A local health and human services advisory board may serve a single county, two or more counties jointly, one or more judicial districts, or other service areas. Members of an advisory board shall be appointed by the governing body or bodies of the counties included. Membership shall be locally determined and shall include appropriate geographic, ethnic, and cultural representation and representation from the public and from consumers of services. Membership shall also include persons who have program expertise for the types of programs the advisory board advises.

(2) In addition to, in combination with, or in lieu of creating a local health and human services advisory board, a county, judicial district, or other service area may elect to consolidate its advisory board with that of one or more other counties, judicial districts, or service areas as specified in section 24-1.7-103.

Editor's note: This section is similar to former §§ 24-1.7-201 and 24-1.7-402 to 24-1.7-404 as they existed prior to 1997.

24-1.7-103. Consolidation of local boards - process - requirements. (1) The general assembly hereby finds that there are many advisory types of boards in the human services delivery system that have similar functions and purposes and have members with similar qualifications and expertise. The general assembly finds that greater efficiency and flexibility would be achieved by allowing counties, judicial districts, and other service areas to combine and consolidate some or all of these boards into one board that serves as a broad-based local planning group and carries out all of the functions and responsibilities of the previous boards through a consolidated board.

(2) Any combination of the following boards or groups may be consolidated into a single advisory board:

(a) Placement alternatives commissions, created pursuant to section 19-1-116 (2)(a), C.R.S.;

(b) Juvenile community review boards, as defined in section 19-2.5-102 and described in section 19-2.5-1402;

(c) Local juvenile services planning committees, created pursuant to section 19-2.5-302;

(d) Child protection teams, if such a team is created pursuant to section 19-3-308 (6)(a);

(e) Family preservation commissions, established pursuant to section 26-5.5-106, C.R.S.;

(f) A local health and human services advisory board, created pursuant to section 24-1.7-102.

(3) The consolidation of, and appointments to, local boards or groups that have different appointing authorities set in statute, are subject to the agreement of each appointing authority. Each of the separate functions and responsibilities of each board or group as specified in statute must continue to be met by the consolidated board.

ARTICLE 1.9

Collaborative Management of Multi-agency Services Provided to Children and Families

24-1.9-101. Legislative declaration. (1) The general assembly hereby finds that children and families often benefit from treatment and services that involve multiple agencies, divisions, units, and sections of departments at the state and county level.

(2) The general assembly further finds that the development of a uniform system of collaborative management is necessary for agencies at the state and county levels to effectively and efficiently collaborate to share resources or to manage and integrate the treatment and services provided to children and families who would benefit from multi-agency services.

(3) (a) The development of a more uniform system of collaborative management that includes the input, expertise, and active participation of parent advocacy or family advocacy

organizations may reduce duplication and eliminate fragmentation of services; increase the quality, appropriateness, and effectiveness of services provided; encourage cost sharing among service providers; and ultimately lead to better outcomes and cost-reduction for the services provided to children and families in the state of Colorado.

(b) In addition, the general fund moneys saved through utilizing a collaborative approach and consolidating various sources of agency funding will allow for reinvestment of these moneys by the agencies participating in the systems of collaborative management to provide appropriate support to children and families who would benefit from collaborative management of treatment and services.

(4) The general assembly therefore finds that because a collaborative approach may lead to the provision of more appropriate and effective delivery of services to children and families and may ultimately allow the agencies providing treatment and services to provide appropriate services to children and families within existing consolidated resources, it is in the best interests of the state of Colorado to establish systems of collaborative management of multi-agency services provided to children and families.

24-1.9-102. Memorandum of understanding - local-level interagency oversight groups - individualized service and support teams - coordination of services for children and families - requirements - waiver.

(1) (a) Local representatives of each of the agencies specified in this subsection (1)(a) and county departments of human or social services may enter into memorandums of understanding that are designed to promote a collaborative system of local-level interagency oversight groups and individualized service and support teams to coordinate and manage the provision of services to children and families who would benefit from integrated multi-agency services. The memorandums of understanding entered into pursuant to this subsection (1) must be between interested county departments of human or social services and local representatives of each of the following agencies or entities:

(I) The local judicial districts, including probation services;

(II) The health department, whether a county or district public health agency;

(III) The local school district or school districts;

(IV) *[Editor's note: This version of subsection (1)(a)(IV) is effective until July 1, 2024.]* Each community mental health center;

(IV) *[Editor's note: This version of subsection (1)(a)(IV) is effective July 1, 2024.]* Each comprehensive behavioral health safety net provider;

(V) *[Editor's note: This version of subsection (1)(a)(V) is effective until July 1, 2024.]* Each behavioral health organization;

(V) *[Editor's note: This version of subsection (1)(a)(V) is effective July 1, 2024.]* Each behavioral health administrative services organization;

(VI) The division of youth services;

(VII) A designated managed service organization for the provision of treatment services for alcohol and drug abuse pursuant to section 27-80-107, C.R.S.; and

(VIII) A domestic violence program as defined in section 26-7.5-102, if representation from such a program is available.

(a.5) In addition to the parties specified in subsection (1)(a) of this section, the memorandums of understanding entered into pursuant to this subsection (1) may include family resource centers created pursuant to part 1 of article 3 of title 26.5.

(b) The general assembly strongly encourages the agencies specified in paragraphs (a) and (a.5) of this subsection (1) to enter into memorandums of understanding that are regional.

(c) Notwithstanding the provisions of subsection (1)(b) of this section, the agencies specified in subsections (1)(a) and (1)(a.5) of this section may enter into memorandums of understanding involving only one or more county departments of human or social services, not necessarily by region, as may be appropriate to ensure the effectiveness of local-level interagency oversight groups and individualized service and support teams in the county or counties.

(d) In developing the memorandums of understanding, the general assembly strongly encourages the parties to the memorandums of understanding to seek input, support, and collaboration from key stakeholders in the private and nonprofit sector, as well as parent advocacy or family advocacy organizations that represent family members or caregivers of children who would benefit from multi-agency services.

(e) Nothing precludes the agencies specified in subsections (1)(a) and (1)(a.5) of this section from including parties in addition to the agencies specified in subsections (1)(a) and (1)(a.5) of this section in the memorandums of understanding developed for purposes of this section, and which may include the local juvenile services planning committee as described in section 19-2.5-302.

(1.5) The department of human services shall ensure a uniform system of collaborative management that results in statewide consistency with respect to the requirements for program memorandums of understanding pursuant to this article.

(2) (a) Each memorandum of understanding entered into shall include, but is not limited to, the requirements specified in paragraphs (b) to (j) of this subsection (2). On or before October 1, 2004, utilizing moneys in the performance incentive cash fund created in section 26-5-105.5 (3.2)(a), C.R.S., the state department of human services, in conjunction with the judicial department, shall develop and make available to the parties specified in paragraph (a) of subsection (1) of this section, a model memorandum of understanding based on the requirements specified in paragraphs (b) to (j) of this subsection (2).

(b) **Identification of services and funding sources.** The memorandum of understanding must specify the legal responsibilities and funding sources of each party to the memorandum of understanding as those responsibilities and funding sources relate to children and families who would benefit from integrated multi-agency services, including the identification of the specific services that may be provided. Specific services that may be provided may include, but are not limited to: Prevention, intervention, and treatment services; family preservation services; family stabilization services; out-of-home placement services; services for children at imminent risk of out-of-home placement; probation services; services for children with behavioral or mental health disorders; public assistance services; medical assistance services; child welfare services; and any additional services the parties deem necessary to identify.

(c) **Definition of the population to be served.** The memorandum of understanding must include a functional definition of "children and families who would benefit from integrated multi-agency services". The collaborative management program target population consists of at-risk children and youth from birth to twenty-one years of age, or families of children or youth,

who would benefit from a multi-system integrated service plan that may include prevention, intervention, and treatment services.

(d) **Creation of an oversight group.** The memorandum of understanding must create a local-level interagency oversight group and identify the oversight group's membership requirements, procedures for selection of officers, procedures for resolving disputes by a majority vote of those members authorized to vote, and procedures for establishing any necessary subcommittees of the interagency oversight group. Each interagency oversight group must include a local representative of each party to the memorandum of understanding specified in subsections (1)(a) and (1)(a.5) of this section, each of whom is a voting member of the interagency oversight group. In addition, the interagency oversight group may include, but is not limited to, the following advisory nonvoting members:

- (I) Representatives of interested local private sector entities;
- (II) Family members or caregivers of children who would benefit from integrated multi-agency services or current or previous consumers of integrated multi-agency services; and
- (III) Representatives or practitioners from local, regional, or statewide restorative justice programs.

(e) **Establishment of collaborative management processes.** The memorandum of understanding shall require the interagency oversight group to establish collaborative management processes to be utilized by individualized service and support teams authorized pursuant to paragraph (f) of this subsection (2) when providing services to children and families served by the parties to the memorandum of understanding. The collaborative management processes required to be established by the interagency oversight group shall address risk-sharing, resource-pooling, performance expectations, outcome-monitoring, and staff-training, and shall be designed to do the following:

- (I) Reduce duplication and eliminate fragmentation of services provided to children or families who would benefit from integrated multi-agency services;
- (II) Increase the quality, appropriateness, and effectiveness of services delivered to children or families who would benefit from integrated multi-agency services to achieve better outcomes for these children and families; and
- (III) Encourage cost sharing among service providers.

(f) **Authorization to create individualized service and support teams.** The memorandum of understanding must include authorization for the interagency oversight group to establish individualized service and support teams to develop a service and support plan and to provide services to children and families.

(g) **Authorization to contribute resources and funding.** The memorandum of understanding shall specify that each party to the memorandum of understanding has the authority to contribute time, resources, and funding to solve problems identified by the local-level interagency oversight group in order to create a seamless, collaborative system of delivering multi-agency services to children and families, upon approval by the head or director of each agency or department specified in paragraphs (a) and (a.5) of subsection (1) of this section.

(h) **Reinvestment of money saved to serve additional children and families.** The memorandum of understanding must require the interagency oversight group to create a procedure, subject to approval by the head or director of each agency or department specified in subsections (1)(a) and (1)(a.5) of this section, to allow any money resulting from waivers

granted by the federal government, any local funds, and any state general fund money appropriated to the program to be used to provide services to children and families who would benefit from integrated multi-agency services, as the population is defined by the memorandum of understanding pursuant to subsection (2)(c) of this section.

(i) Repealed.

(j) **Confidentiality compliance.** The memorandum of understanding shall include a provision specifying that state and federal law concerning confidentiality shall be followed and that records used or developed by the interagency oversight group or its members or the individualized service and support teams that relate to a particular person are to be kept confidential and may not be released to any other person or agency except as provided by law.

(3) Each department or division, section, unit, or agency within a department that is a party to the memorandum of understanding shall enter into the memorandum of understanding and all revisions to the memorandum. Revisions to the memorandum shall be developed as necessary to reflect department reorganizations or statutory changes affecting the departments that are parties to the memorandum.

(4) The departments and agencies that provide oversight to the parties to the memorandum of understanding specified in paragraphs (a) and (a.5) of subsection (1) of this section are authorized to issue waivers of any rules to which the departments and agencies are subject and that would prevent the departments from effective implementation of the memorandums of understanding; however, the departments and agencies are prohibited from waiving a rule in violation of federal law or that would compromise the safety of a child.

24-1.9-102.3. Duties of individualized service and support teams. (1) A local collaborative management program, as described in section 24-1.9-102, must create one or more individualized service and support teams. An individualized service and support team may refer a child to services and may establish a service and support plan for a child after meeting with the child, the child's family, and any other relevant party or community partners.

(2) The information form for children created in section 24-1.9-102.7, or any other form created by the local collaborative management program, may be used by multiple agencies to refer a child to a local collaborative management program in accordance with the local collaborative management program's memorandum of understanding. Such agencies include, but are not limited to:

- (a) Law enforcement;
- (b) A district attorney;
- (c) A school;
- (d) A family resource center;
- (e) A child advocacy center; and
- (f) A county department of human or social services.

(3) Only the following persons or agencies have access to records created by an individualized service and support team, including service and support plans:

(a) The county department of human or social services when investigating a report of a known or suspected incident of child abuse or neglect or providing services for a child or family who is the subject of the report;

(b) An agency with legal responsibility or authorization to care for, treat, or supervise a child who is the subject of the record;

(c) A parent, legal guardian or custodian, or other person responsible for the health or welfare of a child named in a record, or the assigned designee of any such person acting by and through a validly executed power of attorney;

(d) The child named in the record and the child's guardian ad litem or counsel for youth;

(e) (I) A service provider who is and continues to be officially and professionally involved in the care of the child who is the subject of the record, but only with regard to information that the service provider has a need to know in order to fulfill the service provider's professional, official, and ongoing role, including:

- (A) Hospital personnel engaged in the admission, care, or treatment of the child;
- (B) Mental health professionals;
- (C) Physicians or surgeons, including physicians in training;
- (D) Registered nurses or licensed practical nurses;
- (E) Dentists;
- (F) Psychologists licensed pursuant to part 3 of article 245 of title 12;

- (G) Unlicensed psychotherapists;
 - (H) Professional counselors licensed pursuant to part 6 of article 245 of title 12;
 - (I) Marriage and family therapists licensed pursuant to part 5 of article 245 of title 12;
 - (J) Public or private school officials or employees;
 - (K) Social workers licensed pursuant to part 4 of article 245 of title 12 or individuals employed by an agency that is licensed or certified pursuant to part 9 of article 6 of title 26 or part 3 of article 5 of title 26.5;
 - (L) Victim's advocates, as defined in section 13-90-107 (1)(k)(II);
 - (M) Clergy members, as defined in section 19-3-304 (2)(aa)(III); or
 - (N) Educators providing services through the federal special supplemental nutrition program for women, infants, and children, as provided for in 42 U.S.C. sec. 1786.
- (II) Information disclosed to a service provider pursuant to this subsection (3)(e) is confidential and shall not be disclosed by the service provider to any other person, except as provided by law.
- (4) Information disclosed pursuant to subsection (3) of this section must not include the contact information of a victim, or any identifying information of a victim, unless the victim consents to sharing information.
- (5) Notwithstanding any other provision of law to the contrary, a child's records, statements, or history with the local collaborative management program are not, without the child's consent, admissible as evidence in any adjudicatory or criminal hearing in which the child is accused and are not subject to subpoena in any adjudicatory or criminal hearing in which the juvenile is accused. This subsection (5) does not supercede any obligations and duties of any mandatory reporter pursuant to section 19-3-304.

24-1.9-102.5. Evaluation. The department of human services shall ensure that an annual external evaluation of the statewide program and each county or regional program is conducted by an independent outside entity. The department may contract with the outside entity to conduct an external evaluation of those counties that opted not to participate in the collaborative management program. The department of human services shall utilize money in the collaborative management cash fund created in section 24-1.9-104, or any general fund money appropriated for this purpose, for annual external evaluations of the counties participating in memorandums of understanding pursuant to section 24-1.9-102, also known as the local collaborative management program, as well as external evaluations as determined by the department of human services of those counties that opted to not participate in the collaborative management program. The annual external evaluation must include any evaluation that may be required in connection with a waiver authorized pursuant to section 24-1.9-102 (4). Each county participating in the local collaborative management program shall participate fully in the annual external evaluation.

24-1.9-102.7. Technical assistance. (1) The department of human services shall develop and implement training for counties participating in the local collaborative management program. The department of human services shall utilize money in the collaborative management cash fund created in section 24-1.9-104, or any general fund money appropriated for this purpose, to develop and implement training for counties. The training must identify management strategies to collaborate effectively and efficiently to share resources or to manage and integrate the treatment and services provided to children and families receiving collaborative management services pursuant to this article 1.9, and strategies to address the needs of children who would benefit from integrated multi-agency services, including children who have had contact with law enforcement or are at risk of involvement with the juvenile justice system. In developing services to support victims, the department of human services shall consult with the department of public safety and the district attorneys. In developing the training and strategies to integrate treatment and services for children who have engaged in behavior in which the underlying factual basis involves unlawful sexual behavior, the department of human services shall consult with the sex offender management board created pursuant to section 16-11.7-103. In developing the training and oversight, the department of human services shall consider the report from the pre-adolescent services task force created in section 19-3-304.4.

(2) On or before December 1, 2023, the department of human services shall create a model information form for children for a party to use to refer a child to a local collaborative management program for assessment and services.

24-1.9-103. Reports - executive director review. (1) Commencing January 1, 2007, and on or before each January 1 thereafter, each interagency oversight group shall provide a report to the executive director of each department and agency that is a party to any memorandum of understanding entered into that includes:

(a) The number of children and families served through the individualized service and support teams and a description of the recommended services; the outcomes of the services provided, including the number, age, race, gender, and, if known, the disability status of the children served; a description of the outcomes for children served; and a description of any

reduction in duplication or fragmentation of services provided and a description of any significant improvement in outcomes for children and families;

(b) A description of estimated costs of implementing the collaborative management approach and any estimated cost-shifting or cost-savings that may have occurred by collaboratively managing the multi-agency services provided through the individualized service and support teams;

(b.5) The number of children and families who were referred to a local collaborative management program and did not receive recommended services, including a description of the services that were recommended but not provided; a description of the barriers to providing such services; and the age, race, gender, and, if known, the disability status of the children;

(b.7) The number of children, by age, served by a local collaborative management program, who were referred by the juvenile justice system;

(b.8) The number of children, by age, who were served by a local collaborative management program, who were referred by a county department of human or social services, including referrals through a dependency and neglect case;

(b.9) The number of children, by age, who were served by a local collaborative management program and who identified themselves to the local collaborative management program as:

(I) A named victim in a criminal protection order pursuant to section 18-1-1001 or in a juvenile delinquency or criminal case;

(II) A recipient of victim compensation pursuant to part 4.1 of this title 24; or

(III) A protected party in a protection order pursuant to part 14 of title 13, section 19-2-707 as it existed prior to its repeal in 2021, or section 18-1-1001;

(c) An accounting of money that was reinvested in additional services provided to children or families who would benefit from integrated multi-agency services due to cost-savings that may have resulted;

(d) A description of any identified barriers to the ability of the state and county to provide effective services to persons who received multi-agency services; and

(e) Any other information relevant to improving the delivery of services to persons who would benefit from multi-agency services.

(2) (a) Utilizing the reports created pursuant to subsection (1) of this section, the persons specified in paragraph (b) of this subsection (2) shall meet at least annually with the governor, or his or her designee, to review the activities and progress of counties and agencies engaged in collaborative management of multi-agency services provided to children and families. The purpose of the meeting shall be to identify barriers encountered in collaborative management development or implementation or reinvestment of moneys and to discuss and effectuate solutions to these barriers to achieve greater efficiencies and better outcomes for the state, for local communities, and for persons who would benefit from multi-agency services.

(b) The following persons or their designees shall attend the annual meeting required pursuant to subsection (2)(a) of this section:

(I) The commissioner of education;

(II) A superintendent of a school district that has entered into a memorandum of understanding, as such superintendent is selected by the commissioner of education;

(III) A director of a county department of human or social services that has entered into a memorandum of understanding, as such director is selected by the executive director of the state department of human services;

(IV) The executive director of the department of health care policy and financing;

(V) The executive director of the department of human services;

(VI) A director of a local mental health center that has entered into a memorandum of understanding, as such director is selected by the executive director of the department of human services;

(VII) A representative from a statewide parent advocacy or family advocacy organization who participated in the development of a memorandum of understanding, as such representative is selected by a director of a county department of human or social services chosen by the state department of human services;

(VIII) The executive director of the department of public health and environment; and

(IX) The chief justice of the Colorado supreme court.

24-1.9-104. Cash fund - creation - grants, gifts, and donations. (1) On July 1, 2005, there is created in the state treasury the collaborative management cash fund, which is referred to in this section as the "fund". The money in the fund is subject to annual appropriation by the general assembly to the department of human services for state fiscal year 2005-06 and each fiscal year thereafter. The fund consists of money received from docket fees in civil actions and transferred as specified in section 13-32-101.

(1.5) On July 1, 2023, and annually thereafter, the general assembly shall appropriate money to the fund to serve children who would benefit from integrated multi-agency services, including children who have had contact with law enforcement or who are at risk of involvement with the juvenile justice system.

(2) The executive director of the department of human services is authorized to accept and expend on behalf of the state any grants, gifts, or donations from any private or public source for the purposes of this section. All private and public funds received through grants, gifts, or donations must be transmitted to the state treasurer, who shall credit the same to the fund in addition to money credited pursuant to subsection (1) of this section and any money that may be appropriated to the fund directly by the general assembly. All investment earnings derived from the deposit and investment of money in the fund remains in the fund and does not transfer or revert to the general fund of the state or any other fund at the end of any fiscal year.

(2.5) Notwithstanding any provision of this section to the contrary, on June 1, 2009, the state treasurer shall deduct three hundred thousand dollars from the fund and transfer such sum to the general fund.

(3) (a) On and after July 1, 2005, the executive director of the department of human services shall allocate the money in the fund, and any general fund money appropriated for this purpose, to parties to a memorandum of understanding who have agreed to collaborative management pursuant to section 24-1.9-102. The executive director of the department of human services shall:

(I) Beginning July 1, 2023, distribute additional funds appropriated for the 2023-24 state fiscal year to the fund to existing collaborative management programs pursuant to the funding formula in place on June 30, 2023; and

(II) Beginning July 1, 2024, provide an annual sum to each local collaborative management program to provide services to children who would benefit from integrated multi-agency services, including children who have had contact with law enforcement or who are at risk of involvement with the juvenile justice system. For the 2024-25 state fiscal year and each state fiscal year thereafter, the amount of the sum provided to each local collaborative management program must be determined through a funding formula that considers:

(A) The amount of money available in the fund;

(B) The need for a base of resources to direct a child and the child's family members to appropriate services; and

(C) The number of children in the population to be served, as defined by the memorandum of understanding pursuant to section 24-1.9-102, in each county or region.

(a.5) On and after July 1, 2008, the executive director of the department of human services is authorized to allocate money in the fund, and any general fund money appropriated for this purpose, to be used to cover the direct and indirect costs of the external evaluation of the collaborative management program described in section 24-1.9-102 and the technical assistance and training for counties as described in section 24-1.9-102.7.

(b) For purposes of allocating money pursuant to this subsection (3), the executive director of the department of human services shall submit an accounting of money in the fund, and any general fund money appropriated for this purpose, and a proposal for the allocation of money to the state board of human services for review and approval prior to the allocation of the money. The state board of human services shall approve the proposal not later than thirty days after receipt of the proposal from the executive director of the department of human services.

24-1.9-105. Funding for future local collaborative management programs. (1) For state fiscal year 2023-24, the general assembly shall appropriate two million dollars from the general fund to the department of human services to be used to assist interested counties that do not already operate a local collaborative management program with establishing a local collaborative management program or joining an existing local collaborative management program. The department of human services shall determine the amount that is distributed to a county for this purpose.

(2) All unexpended or unencumbered money that remains at the end of state fiscal year 2023-24 shall revert to the collaborative management cash fund created in section 24-1.9-104.

ARTICLE 2

Organization of Administrative Departments

24-2-101. Application. The provisions of this article, parts 2 and 11 of article 30, and articles 31, 35, and 36 of this title shall not be construed to apply to the judiciary nor the legislature, except when expressly specified.

24-2-102. Appointment of officers and employees. (1) Except as otherwise provided by law, such officers and employees as may be necessary in each principal department or institution of higher education shall be appointed by the head of each such department or institution in conformity with section 13 of article XII of the constitution of the state and the laws enacted in accordance therewith.

(2) The head of each principal department shall certify to the governor the number of officers and employees needed or required for the operation of his or her department for the ensuing twelve-month period in accordance with article 37 of this title.

(3) If, after appointments have been made to any principal department, the governor is of the opinion that the appointed personnel of any such department is in excess of its needs, the governor may require the separation of any of said appointees if ten days' prior notice of the proposed action is given by the governor to the head of any such department affected and opportunity given to such head within said ten-day period to be heard as to the necessity for the retention of all or any of said appointees proposed to be separated. The decision of the governor after such hearing shall be final and conclusive.

(4) If, during any fiscal period, there are not sufficient revenues available for expenditure during such period to carry on the functions of the state government and to support its agencies and institutions and such fact is made to appear to the governor, in the exercise of

his discretion, by executive order, he may suspend or discontinue, in whole or in part, the functions or services of any department, board, bureau, or agency of the state government; except that the authority of the governor to restrict the expenditure of moneys appropriated from the capital construction fund shall be determined by the provisions of section 24-75-201.5. Such discontinuance or suspension shall become effective upon the first day of the calendar month following the entry of such executive order and shall continue for such period of time, not to exceed three months, as shall be determined by such executive order. If, during any such period of time, it again appears to the governor that such deficiency of revenues still persists, from time to time, he may extend the operation of such executive order for a like period of time not to exceed three months; but the state shall not be liable for the payment of any claim for salaries or expenses purporting to have accrued against any such department, board, bureau, or agency during any such period of suspension, and the controller shall not issue nor may the state treasurer honor any warrant therefor. Elective officers shall not be subject to the provisions of this article, parts 2 and 11 of article 30, and articles 31, 35, 36, and 101 to 111 of this title.

24-2-103. Compensation of heads of departments and other officers and employees.

(1) (a) Except as provided in paragraph (b) of this subsection (1), officers and employees of the state who are exempt from the state personnel system shall receive compensation as fixed by law. Any officer or employee who receives compensation as fixed by law shall not receive compensation or fees from more than one department or institution of higher education or in more than one capacity; except that the lieutenant governor may be compensated for any additional duties and functions relating to a department or institution of higher education as may be authorized by law.

(b) If the compensation of an officer or employee who is exempt from the state personnel system is not fixed by law, the officer's or employee's compensation shall be determined as follows:

(I) The governor shall determine the compensation for the head of each principal department, and the head of each principal department shall determine the compensation for officers and employees of the department.

(II) The governing board of each institution of higher education, including the Auraria higher education center established in article 70 of title 23, C.R.S., shall determine the compensation for the head of the institution, and the head of each institution shall determine the compensation for officers and employees of the institution.

(c) Officers and employees in the state personnel system shall receive compensation pursuant to section 13 of article XII of the state constitution and the compensation system established by the state personnel director pursuant to article 50 of this title. Officers and

employees in the state personnel system shall not receive compensation or fees from more than one department or institution of higher education except as permitted by rules adopted by the state personnel director in accordance with article 4 of this title that are consistent with the overtime provisions of section 24-50-104.5.

(d) Nothing in this subsection (1) shall prevent departments and institutions of higher education, including the Auraria higher education center established in article 70 of title 23, C.R.S., from sharing personnel if the terms and conditions of the personnel sharing agreement are in writing and include a provision concerning the distribution of compensation.

(2) Upon declaration of a fiscal emergency made pursuant to section 24-50-109.5 (1) and the subsequent imposition of mandatory furloughs or other measures to reduce personnel expenditures, such measures shall apply not only to state personnel system employees but shall be likewise imposed upon all other officers and employees of the executive branch, if exempt from the state personnel system, except as otherwise provided by law or prohibited by contract.

24-2-106. Restriction of number of employees. It is the duty of the governor as the supreme executive power of the state to restrict the number of employees in the various offices, boards, divisions, and agencies of the executive department to the lowest number required for efficient operation thereof. In making any appointment or in approving any appointment made by any other official of the executive department, the governor shall certify in writing that he

deems such appointment necessary and for the best interests of the public service. In the exercise of his responsibility, the governor may delegate in writing to some other official the power to approve or disapprove appointments made by other officials of the executive department, subject always to final review by the governor at his option.

ARTICLE 3

Agencies as Parties in Actions

24-3-101. Agency defined. As used in this article, the term "agency" means every agency in the executive branch of the state government which is required by the constitution or statutes of the state to exercise discretion or to perform judicial or quasi-judicial functions. As so qualified, the term "agency" includes, but is not limited to, boards, commissions, departments, divisions, offices, and officers.

ARTICLE 3.5

Meetings of Boards and Commissions

24-3.5-101. Legislative declaration relating to meetings of state boards and commissions. The general assembly declares that public participation in government produces better government; therefore, to promote as much public participation in government as possible, every state board and commission established by law is encouraged to hold at least one-third of its regularly scheduled meetings outside the Denver metropolitan area each year, taking their budgetary constraints into account.

ARTICLE 3.7

Statutory Requirements for Creation of Boards and Commissions

24-3.7-101. Statutory language required for creation of state boards and commissions. When the general assembly statutorily creates any board or commission in state government, such statutory provision shall specify a termination date for such board or commission, the appointing authority for each member, any requirement for senate confirmation of appointments, the number and type of members, any per diem or allowance for expenses, the state department in which the board or commission shall be located, any explicit powers possessed by such board or commission, including but not limited to advisory authority, rule-making authority, or authority regarding the control of revenues, and any staffing, funding, or reporting requirements.

Source: L. 91: Entire article added, p. 834, § 1, effective March 29.

24-3.7-102. Best practices for state boards and commissions. (1) Notwithstanding any law to the contrary, commencing January 1, 2019, each statutorily created board or commission in state government, not including a special purpose authority as defined in section 24-77-102 (15), shall implement written policies or bylaws and obtain annual training on:

(a) Understanding and operating within the limits of statutory directives, legislative intent, and any specific directions or laws related to the board or commission's establishment and its powers and duties;

(b) Defining the board or commission's mission or role in the oversight of projects or entities approved to receive public funding, if applicable;

(c) Understanding the goals of the programs the board or commission oversees, and aligning the board or commission's processes with those goals;

(d) Identifying and managing conflicts of interest;

(e) Understanding the requirements of the "Colorado Open Records Act", part 2 of article 72 of this title 24, and the open meetings law, part 4 of article 6 of this title 24;

(f) Setting parameters regarding board or commission staff's duties relative to the board or commission's mission or role;

(g) Identifying and securing sufficient data in order for the board or commission to make informed decisions;

(h) Ensuring the appropriate involvement of members in the review of key communications and in any policy-making activities;

(i) Ensuring members act in accordance with their roles as public representatives;

(j) Coordinating with other boards or commissions, industry, educational institutions, and state agencies where responsibilities and interests overlap; and

(k) Annually reviewing management practices to ensure best practices are utilized.

(2) Each state agency responsible for a statutorily created board or commission shall ensure that the state board or commission obtains the annual training and implements the written policies specified in subsection (1) of this section.

PART 1

GENERAL

24-4-101. Short title. This article shall be known and may be cited as the "State Administrative Procedure Act".

Source: L. 69: p. 91, § 8. C.R.S. 1963: § 3-16-7.

24-4-101.5. Legislative declaration. The general assembly finds that an agency should not regulate or restrict the freedom of any person to conduct his or her affairs, use his or her property, or deal with others on mutually agreeable terms unless it finds, after a full consideration of the effects of the agency action, that the action would benefit the public interest and encourage the benefits of a free enterprise system for the citizens of this state. The general assembly also finds that many government programs may be adopted without stating the direct and indirect costs to consumers and businesses and without consideration of such costs in

relation to the benefits to be derived from the programs. The general assembly further recognizes that agency action taken without evaluation of its economic impact may have unintended effects, which may include barriers to competition, reduced economic efficiency, reduced consumer choice, increased producer and consumer costs, and restrictions on employment. The general assembly further finds that agency rules can negatively impact the state's business climate by impeding the ability of local businesses to compete with out-of-state businesses, by discouraging new or existing businesses from moving to this state, and by hindering economic competitiveness and job creation. Accordingly, it is the continuing responsibility of agencies to analyze the economic impact of agency actions and reevaluate the economic impact of continuing agency actions to determine whether the actions promote the public interest.

24-4-102. Definitions. As used in this article 4, unless the context otherwise requires:

(1) "Action" includes the whole or any part of any agency rule, order, interlocutory order, license, sanction, relief, or the equivalent or denial thereof, or failure to act. Any agency rule, order, license, sanction, relief, or the equivalent or denial thereof which constitutes final agency action shall include a list of all parties to the agency proceeding and shall specify the date on which the action becomes effective.

(2) "Adjudication" means the procedure used by an agency for the formulation, amendment, or repeal of an order and includes licensing.

(3) "Agency" means any board, bureau, commission, department, institution, division, section, or officer of the state, except those in the legislative branch or judicial branch and except:

(a) State educational institutions administered pursuant to title 23, except part 1 of article 8, parts 2 and 3 of article 21, and parts 2 to 4 of article 31 of title 23;

(b) Repealed.

(c) The adjutant general of the National Guard, whose powers and duties are set forth in section 28-3-106, C.R.S.

(3.5) "Aggrieved", for the purpose of judicial review of rule-making, means having suffered actual loss or injury or being exposed to potential loss or injury to legitimate interests including, but not limited to, business, economic, aesthetic, governmental, recreational, or conservational interests.

(4) "Counsel" means an attorney admitted to practice before the supreme court of this state.

(5) "Decision" means the determinative action in adjudication and includes order, opinion, sanction, and relief.

(5.5) "Economic competitiveness" means the ability of the state of Colorado to attract new business and the ability of the businesses currently operating in Colorado to create new jobs and raise productivity.

(6) "Initial decision" means a decision made by a hearing officer or administrative law judge which will become the action of the agency unless reviewed by the agency.

(6.2) "Interested person" includes any person who may be aggrieved by agency action.

(6.5) "Legislative committees of reference" means the committees established by the rules of the house of representatives and rules of the senate of the general assembly having jurisdiction over subject matter regulated by state agencies.

(7) "License" includes the whole or any part of any agency permit, certificate, registration, charter, membership, or statutory exemption.

(8) "Licensing" includes the procedure used by an agency respecting the grant, renewal, denial, revocation, suspension, annulment, limitation, or modification of a license.

(9) "Opinion" means the statement of reasons, findings of fact, and conclusions of law in explanation or support of an order.

(10) "Order" means the whole or any part of the final disposition (whether affirmative, negative, injunctive, or declaratory in form) by any agency in any matter other than rule-making.

(11) "Party" includes any person or agency named or admitted as a party, or properly seeking and entitled as of right to be admitted as a party, in any court or agency proceeding subject to the provisions of this article.

(12) "Person" includes an individual, limited liability company, partnership, corporation, association, county, and public or private organization of any character other than an agency.

(13) "Proceeding" means any agency process for any rule or rule-making, order or adjudication, or license or licensing.

(14) "Relief" includes the whole or any part of any agency grant of money, assistance, license, authority, exemption, exception, privilege, or remedy; recognition of any claim, right, immunity, privilege, exemption, exception, or remedy; or any other action upon the application or petition of, and beneficial to, any person.

(14.5) "Representative group" means a diverse group convened by an agency prior to rule-making or invited to participate in the rule-making hearing to give input and to comment on the effect of the proposed rules. The group should represent different points of view and may include representatives of persons, businesses, advocacy groups, trade associations, labor organizations, environmental advocacy groups, consumer advocates, or the regulated industry or profession affected negatively or positively by proposed rules.

(15) "Rule" means the whole or any part of every agency statement of general applicability and future effect implementing, interpreting, or declaring law or policy or setting forth the procedure or practice requirements of any agency. "Rule" includes "regulation".

(16) "Rule-making" means agency process for the formulation, amendment, or repeal of a rule. "Rule-making" does not include a statutory citation correction authorized by section 24-4-103 (11)(I).

(17) "Sanction" includes the whole or any part of any agency prohibition, requirement, limitation, or other condition affecting the freedom of any person; withholding of relief; imposition of any form of penalty or fine; destruction, taking, seizure, barring access to, or withholding of property; assessment of damages; reimbursement; restitution; compensation; costs; charges or fees; requirement; revocation or suspension of a license or the prescription or requirement of terms, conditions, or standards of conduct thereunder; or other compulsory or restrictive action.

(18) "Small business" means a business with fewer than five hundred employees.

24-4-103. Rule-making - procedure - definitions - statutory citation correction. (1)

When any agency is required or permitted by law to make rules, in order to establish procedures and to accord interested persons an opportunity to participate therein, the provisions of this section shall be applicable. Except when notice or hearing is otherwise required by law, this section does not apply to interpretative rules or general statements of policy, which are not meant to be binding as rules, or rules of agency organization.

(1.5) If an agency reinterprets an existing rule in a manner that is substantially different than previous agency interpretations of the rule or if there has been a change in a statute that affects the interpretation or the legality of a rule, the office of legislative legal services shall review the rule in the same manner as rules that have been newly adopted or amended under paragraph (d) of subsection (8) of this section upon receiving a request for such a review of the rule by any member of the general assembly.

(2) When rule-making is contemplated, public announcement thereof may be made at such time and in such manner as the agency determines. The agency shall establish a representative group of participants with an interest in the subject of the rule-making to submit views or otherwise participate informally in conferences on the proposals under consideration or to participate in the public rule-making proceedings on the proposed rules. In establishing the representative group, the agency shall make diligent attempts to solicit input from representatives of each of the various stakeholder interests that may be affected positively or negatively by the proposed rules. If the agency convenes a representative group prior to issuing a notice of proposed rule-making as provided in paragraph (a) of subsection (3) of this section, the agency shall add those persons who participated in the representative group to the list of persons who receive notification of proposed rule-making as provided in paragraph (b) of subsection (3) of this section.

(2.5) (a) At the time of filing a notice of proposed rule-making with the secretary of state as the secretary may require, an agency shall submit a draft of the proposed rule or the proposed amendment to an existing rule and a statement, in plain language, concerning the subject matter or purpose of the proposed rule or amendment to the office of the executive director in the department of regulatory agencies. The executive director, or his or her designee, shall distribute the proposed rule or amendment, the agency's statement concerning the subject matter or

purpose of the proposed rule or amendment, and any cost-benefit analysis prepared pursuant to this section to all persons who have submitted a request to receive notices from the department of regulatory agencies about proposed rule-making. Any person may, within five days after publication of the notice of proposed rule-making in the Colorado register, request that the department of regulatory agencies require the agency submitting the proposed rule or amendment to prepare a cost-benefit analysis. The executive director, or his or her designee, shall determine, after consultation with the agency proposing the rule or amendment, whether to require the agency to prepare a cost-benefit analysis. If the executive director, or his or her designee, determines that a cost-benefit analysis is required, the agency shall complete a cost-benefit analysis at least ten days before the hearing on the rule or amendment, shall make the analysis available to the public by posting the analysis on the agency's official website, and shall submit a copy to the executive director or his or her designee. The executive director, or his or her designee, shall post the analysis on the department of regulatory agencies' official website. By filing an additional notice published in the Colorado register, the agency may postpone the hearing on the rule or amendment to comply with the requirement to complete the cost-benefit analysis at least ten days before the hearing. Failure to complete a requested cost-benefit analysis pursuant to this subsection (2.5) shall preclude the adoption of such rule or amendment. Such cost-benefit analysis shall include the following:

- (I) The reason for the rule or amendment;
- (II) The anticipated economic benefits of the rule or amendment, which shall include economic growth, the creation of new jobs, and increased economic competitiveness;
- (III) The anticipated costs of the rule or amendment, which shall include the direct costs to the government to administer the rule or amendment and the direct and indirect costs to business and other entities required to comply with the rule or amendment;
- (IV) Any adverse effects on the economy, consumers, private markets, small businesses, job creation, and economic competitiveness; and
- (V) At least two alternatives to the proposed rule or amendment that can be identified by the submitting agency or a member of the public, including the costs and benefits of pursuing each of the alternatives identified.

(b) The executive director, or his or her designee, shall study the cost-benefit analysis and may urge the agency to revise the rule or amendment to eliminate or reduce the negative economic impact. The executive director, or his or her designee, may inform the public about the negative impact of the proposed rule or the proposed amendment to an existing rule.

(c) Any proprietary information provided to the department of revenue by a business or trade association for the purpose of preparing a cost-benefit analysis shall be confidential.

(d) If the agency has made a good faith effort to comply with the requirements of paragraph (a) of this subsection (2.5), the rule or amendment shall not be invalidated on the ground that the contents of the cost-benefit analysis are insufficient or inaccurate.

(e) This subsection (2.5) shall not apply to orders, licenses, permits, adjudication, or rules affecting the direct reimbursement of vendors or providers with state funds.

(f) Repealed.

(g) Each state rule-making agency with a website containing rule-making information shall include the following information on its website:

(I) Information about the cost-benefit analysis process set forth in this subsection (2.5); and

(II) A link to the online regulatory notice enrollment form created by the executive director of the department of regulatory agencies or the executive director's designee and listed on the department's website.

(2.7) (a) As used in this subsection (2.7):

(I) "Director" means the director of the office of state planning and budgeting.

(II) "State mandate" has the same meaning as set forth in section 29-1-304.5 (3)(d), C.R.S.

(b) No agency shall promulgate a rule creating a state mandate on a local government unless the agency complies with the requirements of section 29-1-304.5, C.R.S.

(c) (I) Except as provided in paragraph (g) of this subsection (2.7), beginning January 1, 2014, for each proposed rule that includes a state mandate, an agency shall provide to the director a description of:

(A) The proposed rule;

(B) The nature and extent of any consultations that the agency had with elected officials or other representatives of the local governments that would be affected by the proposed state mandate;

(C) The nature of any concerns of the elected officials or other representatives of the local governments;

(D) Any written communications or comments submitted to the agency by an elected official or other representative of a local government; and

(E) The agency's reasoning supporting the need to promulgate the rule containing the state mandate.

(II) The director shall review the information provided pursuant to subparagraph (I) of this paragraph (c) and, if it complies with the requirements of this paragraph (c), the director shall send a written notice of compliance to the agency. An agency shall not conduct a public rule-making proceeding unless the agency has received the written notice of compliance from the director.

(d) Each agency shall develop a process to actively solicit the meaningful and timely input of elected officials and other representatives of local governments into the development of proposed rules with state mandates affecting local governments. Each agency shall implement its process no later than January 1, 2014, and post the process on the agency's website.

(e) The executive director of each department shall be responsible for ensuring implementation of and compliance with this subsection (2.7).

(f) The general assembly shall appropriate any moneys necessary for the implementation of this subsection (2.7) to the office of state planning and budgeting in the annual general appropriation act for the fiscal year 2013-14.

(g) Beginning January 1, 2014, for each proposed rule of the state board of education that imposes a new state mandate or an increase in the level of service for an existing state mandate beyond that required by statute, the department of education shall comply with the provisions of paragraph (c) of this subsection (2.7).

(3) (a) Notice of proposed rule-making shall be published as provided in subsection (11) of this section and shall state the time, place, and nature of public rule-making proceedings that shall not be held less than twenty days after such publication, the authority under which the rule is proposed, and either the terms or the substance of the proposed rule or a description of the subjects and issues involved.

(a.5) If the agency proposes a rule to increase fees or fines, at the time of giving notice of proposed rule-making or within ten days following the adoption of an emergency or temporary rule that increases fees or fines, the agency shall send a written or electronic notification to each member of the general assembly notifying the members of the general assembly of the proposed rule or the adoption of an emergency rule and specifying the amount of the increase in the fees or fines.

(b) Each rule-making agency shall maintain a list of all persons who request notification of proposed rule-making, including temporary or emergency rule-making. Any person on such list who requests a copy of the proposed rules shall submit to the agency a fee that shall be set by such agency based upon the agency's actual cost of copying and mailing the proposed rules to such person. All fees collected by the agency are hereby appropriated to the agency solely for the purpose of defraying such cost. On or before the date of the publication of notice of proposed rule-making in the Colorado register, the agency shall mail the notice of proposed rule-making to all persons on such list. If a person requests to be notified by electronic mail, notice is sufficient by such means if a copy of the proposed rules is attached or included in the electronic mail or if the electronic mail provides the location where the proposed rules may be viewed on the internet. No fees shall be charged for notification by electronic mail. A person may only request notification on his or her own behalf, and a request for notification by one person on behalf of another person need not be honored.

(4) (a) At the place and time stated in the notice, the agency shall hold a public hearing at which it shall afford interested persons an opportunity to submit written data, views, or arguments and to present the same orally unless the agency deems it unnecessary. The agency shall consider all such submissions. Any proposed rule or revised proposed rule by an agency which is to be considered at the public hearing, together with a proposed statement of basis, specific statutory authority, purpose, and the regulatory analysis required in subsection (4.5) of this section, shall be made available to any person at least five days prior to said hearing. The rules promulgated by the agency shall be based on the record, which shall consist of proposed rules, evidence, exhibits, and other matters presented or considered, matters officially noticed, rulings on exceptions, any findings of fact and conclusions of law proposed by any party, and any written comments or briefs filed.

(a.5) Subject to the provisions of section 24-72-204 (3)(a)(IV), any study or other documentation utilized by an agency as the basis of a proposed rule shall be a public document in accordance with the provisions of part 2 of article 72 of this title and shall be open for public inspection. Subject to the provisions of section 24-72-204 (3)(a)(IV), all information, including, but not limited to, the conclusions and underlying research data from any studies, reports, published papers, and documents, used by the agency in the development of a proposed rule shall be a public document in accordance with the provisions of part 2 of article 72 of this title and shall be open for public inspection.

(b) All proposed rules shall be reviewed by the agency. No rule shall be adopted unless:

- (I) The record of the rule-making proceeding demonstrates the need for the regulation;
- (II) The proper statutory authority exists for the regulation;
- (III) To the extent practicable, the regulation is clearly and simply stated so that its meaning will be understood by any party required to comply with the regulation;
- (IV) The regulation does not conflict with other provisions of law; and

(V) The duplication or overlapping of regulations is explained by the agency proposing the rule.

(c) Rules, as finally adopted, shall be consistent with the subject matter as set forth in the notice of proposed rule-making provided in subsection (11) of this section. After consideration of the relevant matter presented, the agency shall incorporate by reference on the rules adopted a written concise general statement of their basis, specific statutory authority, and purpose. The written statement of the basis, specific authority, regulatory analysis required by subsection (4.5) of this section, and purpose of a rule which involves scientific or technological issues shall include an evaluation of the scientific or technological rationale justifying the rule. Each agency shall maintain a copy of its currently effective rules and the current status of each published proposal for rules and minutes of all its action upon rules, as well as any attorney general's opinion rendered on any adopted or proposed rule. Such materials shall be available for inspection by any person during regular office hours.

(d) Within one hundred eighty days after the last public hearing on the proposed rule, the agency shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication of a notice to that effect in the Colorado register.

(4.5) (a) Upon request of any person, at least fifteen days prior to the hearing, the agency shall issue a regulatory analysis of a proposed rule. The regulatory analysis shall contain:

(I) A description of the classes of persons who will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule;

(II) To the extent practicable, a description of the probable quantitative and qualitative impact of the proposed rule, economic or otherwise, upon affected classes of persons;

(III) The probable costs to the agency and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues;

(IV) A comparison of the probable costs and benefits of the proposed rule to the probable costs and benefits of inaction;

(V) A determination of whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule; and

(VI) A description of any alternative methods for achieving the purpose of the proposed rule that were seriously considered by the agency and the reasons why they were rejected in favor of the proposed rule.

(b) Each regulatory analysis shall include quantification of the data to the extent practicable and shall take account of both short-term and long-term consequences.

(c) The regulatory analysis shall be available to the public at least five days prior to the rule-making hearing.

(d) If the agency has made a good faith effort to comply with the requirements of paragraphs (a) to (c) of this subsection (4.5), the rule shall not be invalidated on the ground that the contents of the regulatory analysis are insufficient or inaccurate.

(e) Nothing in paragraphs (a) to (c) of this subsection (4.5) shall limit an agency's discretionary authority to adopt or amend rules.

(f) The provisions of this subsection (4.5) shall not apply to rules and regulations promulgated by the department of revenue regarding the administration of any tax which is within the authority of said department.

(5) A rule shall become effective twenty days after publication of the rule as finally adopted, as provided in subsection (11) of this section, or on such later date as is stated in the rule. Once a rule becomes effective, the rule-making process shall be deemed to have become final agency action for judicial review purposes.

(6) (a) A temporary or emergency rule may be adopted without compliance with the procedures prescribed in subsection (4) of this section and with less than the twenty days' notice prescribed in subsection (3) of this section, or where circumstances imperatively require, without notice, only if the agency finds that immediate adoption of the rule is imperatively necessary to comply with a state or federal law or federal regulation or for the preservation of public health, safety, or welfare and compliance with the requirements of this section would be contrary to the public interest and makes such a finding on the record. Such findings and a statement of the reasons for the action shall be published with the rule. A temporary or emergency rule may be adopted without compliance with subsections (2.5) and (2.7) of this section, but shall not become permanent without compliance with such subsections (2.5) and (2.7). A temporary or emergency rule shall become effective on adoption or on such later date as is stated in the rule, shall be published promptly, and shall have effect for not more than one hundred twenty days after its adoption or for such shorter period as may be specifically provided by the statute governing such agency, unless made permanent by compliance with subsections (3) and (4) of this section.

(b) The period of effectiveness provided by this subsection (6) does not apply to temporary or emergency rules adopted by the public utilities commission under section 40-2-108 (2), C.R.S.

(7) Any interested person shall have the right to petition for the issuance, amendment, or repeal of a rule. Such petition shall be open to public inspection. Action on such petition shall be within the discretion of the agency; but when an agency undertakes rule-making on any matter, all related petitions for the issuance, amendment, or repeal of rules on such matter shall be considered and acted upon in the same proceeding.

(8) (a) No rule shall be issued except within the power delegated to the agency and as authorized by law. A rule shall not be deemed to be within the statutory authority and jurisdiction of any agency merely because such rule is not contrary to the specific provisions of a statute. Any rule or amendment to an existing rule issued by any agency, including state institutions of higher education administered pursuant to title 23, C.R.S., which conflicts with a statute shall be void.

(b) An agency shall not issue a rule or amend an existing rule unless the issuing agency first submits the rule to the attorney general for the attorney general's opinion as to its constitutionality and legality. If an agency issues a rule or an amendment to an existing rule without first submitting the rule or amendment to the attorney general, the rule or amendment is void.

(c) (I) (A) Notwithstanding any other provision of law to the contrary, including section 24-4-107, and except as provided in subsection (8)(c)(I)(B) of this section, on and after November 1, 1993, all rules adopted or amended during any one-year period that begins each November 1 and continues through the following October 31 expire at 11:59 p.m. on the May 15 that follows such one-year period unless the general assembly by bill acts to postpone the expiration of a specific rule.

(B) A rule adopted pursuant to section 25.5-4-402.4 (6)(b)(III) expires at 11:59 p.m. on the May 15 following the adoption of the rule unless the general assembly acts by bill to postpone the expiration of a specific rule.

(C) Postponing the expiration of a rule does not constitute legislative approval of the rule and is not admissible in any court as evidence of legislative intent. Postponing the expiration date of a specific rule does not prohibit any action by the general assembly pursuant to subsection (8)(d) of this section with respect to the rule.

(II) It is the intent of the general assembly that, in the event of a conflict between this paragraph (c) and any other provision of law relating to suspension or extension of rules by joint resolution (whether said provision was adopted prior to or subsequent to this paragraph (c)), this paragraph (c) shall control, notwithstanding the rule of law that a specific provision of law controls over a general provision of law.

(d) (I) An agency that has adopted or amended a rule shall submit the adopted or amended rule, including a temporary or emergency rule, to the office of legislative legal services in the form and manner prescribed by the committee on legal services. The office of legislative legal services shall first review the rule or amendment to the existing rule to determine whether the rule or amendment is within the agency's rule-making authority and for later review by the committee on legal services for its opinion as to whether the rule conforms with subsection (8)(a) of this section.

(II) The committee on legal services shall direct the office of legislative legal services to review the rules submitted by adopting agencies using graduated levels of review based on criteria established by the committee. The criteria developed by the committee on legal services must provide that the office of legislative legal services review every rule as to form and compliance with filing procedures and that, upon request of any member of the committee or any other member of the general assembly, the office of legislative legal services provide full legal review of any rule during the time period that the rule is subject to review by the committee.

(III) The official certificate of the director of the office of legislative legal services, or the director's designee, as to the fact that an agency submitted a rule to the office of legislative legal services or as to the date an agency submitted a rule, as shown by the records of the director's office, as well as to the fact that an agency failed to submit a rule to the office of legislative legal services, as shown by the nonexistence of such records, shall be received and held in all civil cases as competent evidence of the facts contained in the official certificate. The office of legislative legal services shall retain records regarding the review of rules pursuant to this section in accordance with policies established pursuant to section 2-3-303 (2). If an agency issues a rule or an amendment to an existing rule for review by the committee on legal services pursuant to this subsection (8) without submitting the rule or amendment to the office of legislative legal services within twenty days after the date of the attorney general's opinion on the rule or amendment pursuant to subsection (8)(b) of this section, the rule or amendment is void.

(IV) The office of legislative legal services shall present its findings to the committee on legal services at a public meeting held after timely notice to the public and affected agencies. The committee on legal services shall, on affirmative vote, submit such rules, comments, and proposed legislation at the next regular session of the general assembly. The committee on legal services is the committee of reference for any bill introduced pursuant to this subsection (8)(d)(IV). Any member of the general assembly may introduce a bill that rescinds or deletes

portions of the rule. Rejection of such a bill does not constitute legislative approval of the rule. Only that portion of any rule specifically disapproved by bill is no longer effective, and that portion of the rule that remains after deletion of a portion of the rule retains its character as an administrative rule.

(V) Each agency shall revise its rules to conform with the action taken by the general assembly. An agency shall not repromulgate a rule that has been allowed to expire by action of the general assembly pursuant to subsection (8)(c) of this section because the rule, in the opinion of the general assembly, is not authorized by the state constitution or statute, unless the authority to promulgate the rule has been granted to the agency by a statutory amendment, by the state constitution, or by a judicial determination that statutory or constitutional authority exists. Any rule so repromulgated is void. Any rule that an agency revises pursuant to this subsection (8)(d)(V) shall be transmitted to the secretary of state for publication pursuant to subsection (11) of this section. Passage of a bill repealing a rule does not result in revival of a predecessor rule.

(VI) This subsection (8)(d) and subsection (4.5) of this section do not apply to rules of agency organization or general statements of policy that are not meant to be binding as rules.

(VII) For the purpose of performing the functions assigned it by this subsection (8)(d), the committee on legal services, with the approval of the speaker of the house of representatives and the president of the senate, may appoint subcommittees from the membership of the general assembly.

(e) The office of legislative legal services shall identify rules that were adopted during each applicable one-year period as a result of legislation enacted during any legislative session, regular or special, commencing on or after the previous eight calendar years. After the rules have been identified, the office of legislative legal services shall notify in writing any prime sponsors of the enacted legislation who are still serving in the general assembly and the current members of the applicable committees of reference in the senate and house of representatives for that enacted legislation that a rule has been adopted as a result of the legislation; except that the office of legislative legal services need not provide the notice regarding an adopted rule if the rule resulted from legislation that was enacted more than eight calendar years prior to the rule's adoption.

(8.1) (a) An agency shall maintain an official rule-making record for each proposed rule for which a notice of proposed rule-making has been published in the Colorado register. Such rule-making record shall be maintained by the agency until all administrative and judicial review procedures have been completed pursuant to the provisions of this article. The rule-making record shall be available for public inspection.

(b) The agency rule-making record must contain:

(I) Copies of all publications in the Colorado register with respect to the rule or the proceeding upon which the rule is based;

(II) Copies of any portions of the agency's public rule-making docket containing entries relating to the rule or the proceeding upon which the rule is based;

(III) All written petitions, requests, submissions, and comments received by the agency as of the date of the hearing on the rule and all other written materials, or a listing of such materials, considered by the agency in connection with the formulation, proposal, or adoption of the rule or the proceeding upon which the rule is based, which materials shall be available for public inspection during working hours;

(IV) Any official transcript of oral presentations made in the proceeding upon which the rule is based or, if not transcribed, any tape recording or stenographic record of those presentations and any memorandum prepared by a presiding official summarizing the contents of those presentations;

(V) A copy of any regulatory analysis or cost-benefit analysis prepared for the proceeding upon which the rule was based, if applicable, and any formal statement made to the agency promulgating the rule by the executive director of the department of regulatory agencies regarding such cost-benefit analysis;

(VI) A copy of the rule and explanatory statement filed in the office of the secretary of state;

(VII) All petitions for exceptions to, amendments of, or repeal or suspension of the rule;

(VIII) A copy of any objection to the rule presented to the committee on legal services by the office of legislative legal services pursuant to subsection (8)(d) of this section and the agency's response;

(IX) A copy of any filed executive order with respect to the rule; and

(X) A copy of any information provided to the director pursuant to paragraph (c) of subsection (2.7) of this section and the written notice of compliance from the director.

(c) Upon judicial review, the record required by this section constitutes the official rule-making record with respect to a rule. The agency rule-making record need not constitute the exclusive basis for agency action on that rule or for judicial review thereof; except that, this paragraph (c) shall not be interpreted to allow the introduction of evidence or information into such rule-making record from outside of the public rule-making hearing, or to allow such introduction of evidence or information without notice to all parties to such hearing and opportunity to respond.

(d) If an agency includes information required by subparagraph (X) of paragraph (b) of this subsection (8.1) in the rule-making record, the agency shall provide a copy of the portion of the record that includes such information with the executive committee of the legislative council in accordance with the provisions of section 24-1-136 (9).

(8.2) (a) A rule adopted on or after September 1, 1988, shall be invalid unless adopted in substantial compliance with the provisions of this section. However, inadvertent failure to mail a notice of proposed rule-making to any person as required by subsection (3) of this section shall not invalidate a rule.

(b) An action to contest the validity of a rule on the grounds of its noncompliance with any provision of this section shall be commenced within thirty days after the effective date of the rule.

(8.3) (a) On or after August 11, 2010, all new or amended rules or regulations promulgated pursuant to this section that refer to persons with disabilities shall comply with the provisions of section 2-2-802, C.R.S., as applicable to the new or amended rule.

(b) Violation of this subsection (8.3) shall not be grounds to invalidate any new or amended rule; however, such rules shall be amended to reflect the provisions of section 2-2-802, C.R.S., in any subsequent revision.

(c) Nothing in this subsection (8.3) shall constitute a requirement to change the name of any department, agency, or program of the state.

(9) Each agency shall make available to the public and shall deliver to anyone requesting it a copy of any notice of proposed rule-making proceeding in which action has not been

completed. Upon request, such copy shall be certified. The agency may make a reasonable charge for supplying any such copy.

(10) No rule shall be relied upon or cited against any person unless, if adopted after May 1, 1959, it has been published and, whether adopted before or after said date, it has been made available to the public in accordance with this section.

(11) (a) There is hereby established the code of Colorado regulations for the publication of rules of agencies of the executive branch and the Colorado register for the publication of notices of rule-making, proposed rules, attorney general's opinions relating to such rules, and adopted rules. The code and the register shall be the sole official publications for such rules, notices of rule-making, proposed rules, and attorney general's opinions. The code and the register shall contain, where applicable, references to court opinions and recommendations of the legal services committee of the general assembly that relate to or affect such rules and references to any action of the general assembly relating to the extension, expiration, deletion, or rescission of such rules and may contain other items that, in the opinion of the editor, are relevant to such rules. The register may also include other public notices, including annual departmental regulatory agendas submitted by principal departments to the secretary of state pursuant to section 2-7-203, C.R.S.; however, except as specifically permitted by law, the inclusion of such notices in the register shall be in addition to and not in substitution for existing public notice requirements.

(b) The secretary of state shall cause to be published in electronic form, and may cause to be published in printed form, at the least cost possible to the state, the code of Colorado regulations and the Colorado register no less often than once each calendar month. In the event of any discrepancy between the electronic and printed form of the code or the register, the electronic form shall prevail unless it is conclusively shown, by reference to the rule-making filings made with the secretary of state pursuant to this section, that the electronic form contains an error in publication.

(c) (Deleted by amendment, L. 2010, (SB 10-123), ch. 104, p. 350, § 1, effective April 15, 2010.)

(d) The agency adopting a rule shall file the adopted rule, together with the attorney general's opinion rendered in connection with the rule, with the secretary of state for publication in the Colorado register pursuant to subsection (12) of this section within twenty days after adoption of the rule. Upon written request of an agency, the secretary of state shall correct typographical and other nonsubstantive errors appearing in the rules as filed by the agency that occur after final adoption of the rules by the agency during the preparation of the rules for publication in order to conform the published rules with the adopted rules. The agency shall also file notices of rule-making proceedings pursuant to subsection (3) of this section with the secretary of state in sufficient time for publication in the register pursuant to subsection (5) of this section. An agency shall file rules revised to conform with action taken by the general assembly with the secretary of state for publication in the register and in the code of Colorado regulations. The office of legislative legal services shall notify the secretary of state whenever a rule published in the code is rescinded or a portion of the rule is deleted by the general assembly and whenever a rule or a portion of a rule is allowed to expire in accordance with subsection (8)(c)(I) of this section. The secretary of state shall direct the removal from the code of material that was deleted, rescinded, or allowed to expire.

(e) The secretary of state shall establish and maintain an accurate docket system for recording the time and date of the filing of each document, the agency filing the same, and the title or description of such document required to be filed for publication under the provisions of this section, which docket system shall be cross-indexed as to such time, date, agency, and title or description.

(f) (Deleted by amendment, L. 2010, (SB 10-123), ch. 104, p. 350, § 1, effective April 15, 2010.)

(g) Publication of notices and other required information related to proposed and adopted rules shall be by electronic publication.

(h) (Deleted by amendment, L. 2010, (SB 10-123), ch. 104, p. 350, § 1, effective April 15, 2010.)

(i) (I) (Deleted by amendment, L. 2010, (SB 10-123), ch. 104, p. 350, § 1, effective April 15, 2010.)

(II) The Colorado register shall contain only such notices, proposed rules, adopted rules, opinions, and other relevant information and materials as are filed pursuant to law with the secretary of state.

(III) (Deleted by amendment, L. 2010, (SB 10-123), ch. 104, p. 350, § 1, effective April 15, 2010.)

(j) Repealed.

(k) (Deleted by amendment, L. 2010, (SB 10-123), ch. 104, p. 350, § 1, effective April 15, 2010.)

(l) (I) An agency may request the secretary of state to correct a statutory citation contained in a rule, including a form incorporated into a rule, as published in the code of Colorado regulations if:

(A) The general assembly has relocated the statute in a manner that renders the rule's citation to the statute inaccurate; and

(B) The agency submits to the secretary a written determination by the attorney general that finds that the condition specified in subsection (11)(l)(I)(A) of this section applies, specifies what the correct citation is, and identifies each citation that should be corrected.

(II) Upon receipt of a request that complies with subsection (11)(l)(I) of this section, the secretary of state shall correct in the code of Colorado regulations each statutory citation listed in the determination specified in subsection (11)(l)(I)(B) of this section.

(III) A statutory citation correction authorized by this subsection (11)(l) is not rule-making and need not comply with any requirements of this section other than those specified in this subsection (11)(l).

(m) Repealed.

(12) All rules of any agency that have been submitted to the attorney general under the provisions of subsection (8) of this section and the opinion of the attorney general, when issued, shall be filed in the office of the secretary of state. The secretary of state shall require that all rules of any agency that have been submitted to the attorney general under the provisions of subsection (8) of this section and the opinion of the attorney general, when issued, be filed in an electronic format that complies with any requirements established pursuant to sections 24-37.5-106 and 24-71.3-118.

(12.5) (a) A rule may incorporate by reference all or any part of a code, standard, guideline, or rule that has been adopted by an agency of the United States, this state, or another state, or adopted or published by a nationally recognized organization or association, if:

(I) Repeating verbatim the text of the code, standard, guideline, or rule in the rule would be unduly cumbersome, expensive, or otherwise inexpedient;

(II) The reference fully identifies the incorporated code, standard, guideline, or rule by citation and date, identifies the address of the agency where the code, standard, guideline, or rule is available for public inspection, and states that the rule does not include any later amendments or editions of the code, standard, guideline, or rule;

(III) The code, standard, guideline, or rule is readily available to the public in written or electronic form;

(IV) The rule states where copies of the code, standard, guideline, or rule are available for a reasonable charge from the agency adopting the rule and where copies are available from the agency of the United States, this state, another state, or the organization or association originally issuing the code, standard, guideline, or rule; and

(V) The agency maintains a copy of the code, standard, guideline, or rule readily available for public inspection at the agency office during regular business hours.

(b) The agency shall provide certified copies of the material incorporated at cost upon request or shall provide the requester with information on how to obtain a certified copy of the material incorporated by reference from the agency of the United States, this state, another state, or the organization or association originally issuing the code, standard, guideline, or rule.

(c) If any agency incorporates or proposes to incorporate any material by reference in a rule and the version or edition of the material to be incorporated has not previously been provided to the state publications depository and distribution center, and if the rule or proposed rule does not identify where the incorporated material is available to the public on the internet at no cost, then the agency shall provide one copy of the material in either paper or electronic format to the state publications depository and distribution center. The state librarian shall retain the copy of the material and shall make the copy available to the public.

(13) Any agency conducting a hearing shall have authority on its own motion or upon the motion of any interested person for good cause shown to: Administer oaths and affirmations; sign and issue subpoenas; regulate the course of the hearing, set the time and place for continued hearings, and fix the time for the filing of appropriate documents; take depositions or have depositions taken; issue appropriate orders which shall control the subsequent course of the proceedings; and take any other action authorized by agency rule consistent with this article. In the event more than one person engages in the conduct of a hearing, such persons shall designate one of their number to perform the functions of this subsection (13) and subsection (14) of this section as can best be performed by one person only, and thereafter such person only shall perform those functions which are assigned to him by the several persons conducting such hearing.

(14) Subpoenas shall be issued without discrimination between public and private parties by any agency or any member, the secretary or chief administrative officer thereof, or, with respect to any hearing for which a hearing officer or an administrative law judge has been appointed, the hearing officer or administrative law judge. A subpoena shall be served in the same manner as a subpoena issued by a district court. Upon failure of any witness to comply with such subpoena, the agency may petition any district court, setting forth that due notice has

been given of the time and place of attendance of the witness and the service of the subpoena, in which event, the district court, after hearing evidence in support of or contrary to the petition, may enter an order as in other civil actions compelling the witness to attend and testify or produce books, records, or other evidence, under penalty of punishment for contempt in case of contumacious failure to comply with the order of the court. A witness shall be entitled to the fees and mileage provided for a witness in sections 13-33-102 and 13-33-103, C.R.S.

Editor's note: (1) House Bill 77-1646, which amended subsection (8)(d), was delivered to the governor on June 20, 1977. The general assembly adjourned sine die on June 22, 1977. The governor disapproved House Bill 77-1646 on July 15, 1977, but the bill was not filed with the secretary of state until July 27, 1977, and the governor's letter stating objections to the bill was not filed with the secretary of state until August 2, 1977. Because House Bill 77-1646 and the governor's objections to it were not filed with the secretary of state within thirty days after adjournment of the general assembly, House Bill 77-1646 became a law pursuant to the provisions of § 11 of article IV of the Colorado Constitution.

(2) Amendments to subsection (4) by House Bill 77-1419 and House Bill 77-1623 were harmonized.

(3) Amendments to subsection (8)(d) by House Bill 79-1393 and House Bill 79-1063 were harmonized.

(4) Amendments to subsection (11)(b) by Senate Bill 03-121 and House Bill 03-1350 were harmonized.

(5) Amendments to the introductory portion to subsection (2.5)(a) by Senate Bill 13-030 and Senate Bill 13-158 were harmonized.

(6) Section 34 of chapter 267 (SB 17-267), Session Laws of Colorado 2017, provides that the section of the act amending this section does not take effect if the centers for medicare and medicaid services determine that the amendments do not comply with federal law. For more information, see SB 17-267. (L. 2017, p. 1447.) The executive director of the department of health care policy and financing did not notify the revisor of statutes by June 1, 2017, of such determination; therefore, amendments to this section took effect July 1, 2017.

(7) Subsection (11)(m)(II) provided for the repeal of subsection (11)(m), effective July 1, 2018. (See L. 2017, p. 1321.)

24-4-103.3. Mandatory review of rules by agencies - report on results of review in departmental regulatory agendas. (1) The department of regulatory agencies shall establish a schedule, in consultation with each principal department, for the review of all of the rules for each principal department. Each principal department shall conduct a review of all of its rules to assess the continuing need for and the appropriateness and cost-effectiveness of its rules to determine if they should be continued in their current form, modified, or repealed. The

applicable rule-making agency or official in the principal department shall consider the following:

- (a) Whether the rule is necessary;
- (b) Whether the rule overlaps or duplicates other rules of the agency or with other federal, state, or local government rules;
- (c) Whether the rule is written in plain language and is easy to understand;
- (d) Whether the rule has achieved the desired intent and whether more or less regulation is necessary;
- (e) Whether the rule can be amended to give more flexibility, reduce regulatory burdens, or reduce unnecessary paperwork or steps while maintaining its benefits;
- (f) Whether the rule is implemented in an efficient and effective manner, including the requirements for the issuance of permits and licenses;
- (g) Whether a cost-benefit analysis was performed by the applicable rule-making agency or official in the principal department pursuant to section 24-4-103 (2.5); and
- (h) Whether the rule is adequate for the protection of the safety, health, and welfare of the state or its residents.

(2) Each rule-making agency or official shall provide public notice on the agency's official website of its review of the rules, give the public an appropriate opportunity to provide input, and notify other state agencies that may have jurisdiction over the subject matter of the rules to allow for collaboration and input. Based on this review, the rule-making agency or official shall determine whether the existing rules should be continued in their current form, amended, or repealed. If the rule-making agency or official decides that a rule should be amended or repealed, the rule-making agency or official shall comply with the notice and hearing requirements of section 24-4-103.

(3) The department of regulatory agencies shall not schedule mandatory review under this section during the year of and during the year following any scheduled sunset review conducted by the department of regulatory agencies pursuant to section 24-34-104.

(4) Each principal department shall include a report on the results of its mandatory review of rules as part of its departmental regulatory agenda that it submits to the staff of the legislative council for distribution to the applicable committee of reference of the general assembly as outlined in section 2-7-203, C.R.S.

24-4-104. Licenses - issuance, suspension or revocation, renewal. (1) In any case in which application is made for a license required by law, the agency, with due regard for the rights and privileges of all interested persons, shall set and conduct the proceedings in accordance with this article unless otherwise required by law.

(2) Every agency decision respecting the grant, renewal, denial, revocation, suspension, annulment, limitation, or modification of a license shall be based solely upon the stated criteria, terms, and purposes of the statute, or regulations promulgated thereunder, and case law interpreting such statutes and regulations pursuant to which the license is issued or required. Terms, conditions, or requirements limiting any license shall be valid only if reasonably necessary to effectuate the purposes, scope, or stated terms of the statute pursuant to which the license is issued or required.

(3) (a) No revocation, suspension, annulment, limitation, or modification of a license by any agency shall be lawful unless, before institution of agency proceedings therefor, the agency has given the licensee notice in writing of objective facts or conduct established upon a full investigation that may warrant such action and afforded the licensee opportunity to submit written data, views, and arguments with respect to the facts or conduct and, except in cases of deliberate and willful violation or of substantial danger to public health and safety, given the licensee a reasonable opportunity to comply with all lawful requirements. For purposes of this subsection (3), "full investigation" means a reasonable ascertainment of the underlying facts on which the agency action is based.

(b) The full investigation requirement specified in subsection (3)(a) of this section shall not apply to licenses issued under articles 1.1, 9, 10.1, and 11.5 of title 40 or article 2 of title 42.

(4) (a) Where the agency has objective and reasonable grounds to believe and finds, upon a full investigation, that the licensee has been guilty of deliberate and willful violation or that the public health, safety, or welfare imperatively requires emergency action and incorporates the findings in its order, it may summarily suspend the license pending proceedings for suspension or revocation which shall be promptly instituted and determined. For purposes of this subsection (4), "full investigation" means a reasonable ascertainment of the underlying facts on which the agency action is based.

(b) The full investigation requirement specified in subsection (4)(a) of this section shall not apply to licenses issued under articles 1.1, 9, 10.1, and 11.5 of title 40 or article 2 of title 42.

(5) A proceeding for the revocation, suspension, annulment, limitation, or modification of a previously issued license shall be commenced by the agency upon its own motion or by the filing with the agency of a written complaint, signed and sworn to by the complainant, stating the name of the licensee complained against and the grounds for the requested action.

(6) Except as provided in subsection (4) of this section, an agency shall not revoke, suspend, annul, limit, or modify a previously issued license until after holding a hearing as provided in section 24-4-105.

(7) In any case in which the licensee has made timely and sufficient application for the renewal of a license or for a new license for the conduct of a previously licensed activity of a continuing nature, the existing license shall not expire until such application has been finally acted upon by the agency, and, if the application is denied, it shall be treated in all respects as a denial. The licensee, within sixty days after the giving of notice of such action, may request a hearing before the agency as provided in section 24-4-105, and the action of the agency after any hearing shall be subject to judicial review as provided in section 24-4-106.

(8) An application for a license shall be acted upon promptly, and, immediately after the taking of action on such application by an agency, a written notice of the action taken by the agency and, if the application is denied, the grounds therefor shall be given to the applicant. The giving of such notice shall be by personal service upon the applicant or by mailing the same to

the address of the applicant as shown on the application or as subsequently furnished in writing by the applicant to the agency.

(9) If an application for a new license is denied without a hearing, the applicant, within sixty days after the giving of notice of such action, may request a hearing before the agency as provided in section 24-4-105, and the action of the agency after any hearing shall be subject to judicial review as provided in section 24-4-106.

(10) Written notice of the revocation, suspension, annulment, limitation, or modification of a license and the grounds therefor shall be served forthwith on the licensee personally or by mailing by first-class mail to the last address furnished the agency by the licensee.

(11) A limitation, unless consented to by the applicant, on a license applied for shall be treated as a denial. A modification, unless consented to by the licensee, of a license already issued shall be treated as a revocation.

(12) In an appropriate case a revoked or suspended license may be reissued.

(13) (a) Any applicant who, under oath, supplies false information to an agency in an application for a license commits perjury in the second degree, as defined in section 18-8-503, C.R.S. Any such application shall bear notice, in accordance with section 18-8-501 (2)(a)(I), C.R.S., that false statements made therein are punishable.

(b) On and after January 1, 1985, an agency shall not require that information contained in an application for a license be affirmed to before a notary.

24-4-104.5. Permits - rules in effect at time of submission of application for a permit control. (1) For purposes of this section, unless the context otherwise requires, "permit" means a grant of authority by an agency that authorizes the holder of the permit to do some act not forbidden by law but not allowed to be performed without such authority. "Permit" does not include a professional license issued by a licensing board or an agency to conduct a profession or occupation. "Permit" does not include a registration or certification issued by a board or state agency to an individual to pursue a profession, practice, or occupation. "Permit" does not include a water well permit issued by the state engineer pursuant to title 37, C.R.S.

(2) (a) The rules and any written statements of agency interpretation of the statutes of an agency that are in effect on the date that a person applies for issuance or renewal of a permit govern the application process and any permit eligibility requirement. If the rules or any written statements of agency interpretation of the statutes governing the agency's permit process or the requirements to qualify for a permit have been amended, the agency shall process the application under the rules and any written statements of agency interpretation of the statutes in effect on the date of the application, unless the agency determines in writing that:

(I) (A) The new rules materially affect the health and safety of the public; and

(B) Use of the rules in effect on the date of application is likely to result in an unsafe situation if the applicant does not comply with the new rules; or

(II) New rules or new requirements are necessary to ensure that the agency and the permit will be in compliance with the requirements of federal law and federal regulations; or

(III) New rules or new requirements are necessary to ensure that the agency and the permit will not be in conflict with state statutes; or

(IV) New rules or new requirements are necessary to ensure that the agency and the permit will be in compliance with the requirements of a court order.

(b) If the agency determines that one of the exceptions to the requirements of paragraph (a) of this subsection (2) will occur if the applicant does not comply with the new rules or new requirements, the agency shall:

(I) Treat the application as pending;

(II) Provide a written notice to the applicant stating the reasons the application is incomplete; and

(III) Give the applicant a reasonable opportunity to comply with the new rules or new requirements.

(3) If an agency adopts or amends rules that govern or impact the application process or any permit eligibility requirements after a person has applied for a permit or renewal of a permit and while the application is pending with the agency, the person shall have the option to have the application processed under the rules in existence at the time of the filing of the application or under the new rules.

24-4-104.6. Analysis of noncompliance with department rules - definition - legislative declaration. (1) (a) The general assembly hereby finds and declares that this section codifies existing practice, that each agency already knows about and tracks the rule issues described in subsection (2)(a) of this section, and that much of this work is currently completed in the normal course of an agency's business.

(b) The general assembly further finds and declares that it is not the general assembly's intent for an agency to increase its existing rule compliance monitoring.

(2) (a) Each agency shall conduct, within existing resources, an analysis of noncompliance with its rules to identify rules with the greatest frequency of noncompliance, rules that generate the greatest amount of fines, how many first-time offenders were given the opportunity to cure a minor violation, and those factors that contribute to noncompliance with rules by regulated businesses. The analysis will guide each department on how to improve its education and outreach to regulated businesses on compliance with the department's rules. The agency shall consider and review:

(I) Whether the rule is unclear and should be rewritten;

(II) Whether more education or training of the regulated businesses would be likely to achieve better compliance with the rule; and

(III) The enforcement level and any appropriate fines for noncompliance with the department's rules.

(b) Any principal department that conducts an analysis of noncompliance with rules adopted by agencies within its department pursuant to subsection (2)(a) of this section shall forward that analysis to the department of regulatory agencies, which shall compile and summarize those analyses into one combined analysis of noncompliance with rules. The department of regulatory agencies shall include the compiled analysis in its departmental presentation to its oversight legislative committee of reference made pursuant to section 2-7-203 of the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act".

24-4-105. Hearings and determinations. (1) In order to assure that all parties to any agency adjudicatory proceeding are accorded due process of law, the provisions of this section shall be applicable.

(2) (a) In any such proceeding in which an opportunity for agency adjudicatory hearing is required under the state constitution or by this or any other statute, the parties are entitled to a hearing and decision in conformity with this section. Any person entitled to notice of a hearing shall be given timely notice of the time, place, and nature thereof, the legal authority and jurisdiction under which it is to be held, and the matters of fact and law asserted. Unless otherwise provided by law, such notice shall be served personally or by mailing by first-class mail to the last address furnished the agency by the person to be notified at least thirty days prior to the hearing. In fixing the time and place for a hearing, due regard shall be had for the convenience and necessity of the parties and their representatives.

(b) Any person given such notice shall file a written answer thirty days after the service or mailing of such notice. If such person fails to answer, any agency, administrative law judge, or hearing officer, upon motion, may enter a default. For good cause shown, the entry of default may be set aside within ten days after the date of such entry.

(c) A person who may be affected or aggrieved by agency action shall be admitted as a party to the proceeding upon his filing with the agency a written request therefor, setting forth a brief and plain statement of the facts which entitle him to be admitted and the matters which he claims should be decided. Nothing in this subsection (2) shall prevent an agency from admitting any person or agency as a party to any agency proceeding for limited purposes.

(3) At a hearing only one of the following may preside: The agency, an administrative law judge from the office of administrative courts, or, if otherwise authorized by law, a hearing officer who if authorized by law may be a member of the body which comprises the agency. Upon the filing in good faith by a party of a timely and sufficient affidavit of personal bias of an administrative law judge or a hearing officer or a member of the agency or the agency, the administrative law judge, hearing officer, or agency shall forthwith rule upon the allegations in such affidavit as part of the record in the case. An administrative law judge or a hearing officer may at any time withdraw if he or she deems himself or herself disqualified or for any other good reason in which case another administrative law judge or hearing officer may be assigned to continue the case, and he or she shall do so in such manner that no substantial prejudice to any

party results therefrom. An agency or a member of an agency may withdraw for any like reason and in like manner, unless his or her withdrawal makes it impossible for the agency to render a decision.

(4) (a) Any agency conducting a hearing, any administrative law judge, and any hearing officer shall have authority to: Administer oaths and affirmations; sign and issue subpoenas; rule upon offers of proof and receive evidence; dispose of motions relating to the discovery and production of relevant documents and things for inspection, copying, or photographing; regulate the course of the hearing, set the time and place for continued hearings, and fix the time for the filing of briefs and other documents; direct the parties to appear and confer to consider the simplification of the issues, admissions of fact or of documents to avoid unnecessary proof, and limitation of the number of expert witnesses; issue appropriate orders that shall control the subsequent course of the proceedings; dispose of motions to dismiss for lack of agency jurisdiction over the subject matter or parties or for any other ground; dispose of motions to amend or to dismiss without prejudice applications and other pleadings; dispose of motions to intervene, procedural requests, or similar matters; reprimand or exclude from the hearing any person for any improper or indecorous conduct in his or her presence; award attorney fees for abuses of discovery procedures or as otherwise provided under the Colorado rules of civil procedure; and take any other action authorized by agency rule consistent with this article 4 or in accordance, to the extent practicable, with the procedure in the district courts. All parties to the proceeding shall also have the right to cross-examine witnesses who testify at the proceeding. In the event more than one person engages in the conduct of a hearing, such persons shall designate one of their number to perform such of the above functions as can best be performed by one person only, and thereafter such person only shall perform those functions that are assigned to him or her by the several persons conducting such hearing.

(b) (I) (A) The general assembly hereby finds that the mediation process generally saves the state and the licensee time and money. Mediation takes much less time than moving a case through agency proceedings and judicial review. These cases typically take months or years to resolve, but mediation typically achieves a resolution in a matter of hours. Taking less time means expending less money on hourly fees and costs. This benefits both the agency and the licensee, and because the result is attained by the parties working together, compliance with the mediated agreement is usually high. This further reduces costs because agencies do not have to pay an attorney or investigators to force compliance.

(B) The general assembly hereby declares that, in order to save time and money, the policy of Colorado is to use mediation whenever appropriate to settle disputes between agencies and licensees.

(II) Upon petition of the agency or licensee after the licensee has received the notice of hearing under subsection (2)(a) of this section, the hearing officer or administrative law judge shall order mediation between the agency and the licensee unless the license was summarily suspended in accordance with section 24-4-104 (4). When mediation is ordered, the agency shall:

(A) Assign a person with authority to make prehearing decisions concerning disposition of the matter to be present during meetings related to settlement communications or mediation communications and to be included in any material settlement communications with the licensee or the licensee's representative over the matter; and

(B) Upon the licensee's request, allow a private or public mediator chosen by the licensee to be present during meetings related to mediation and to be included in any material settlement communications with the licensee or the licensee's representative over the matter. If the mediator is privately retained, the licensee must pay the mediator's reasonable fees, and the agency need not pay the privately retained mediator's fees.

(III) To the extent feasible, for the purpose of carrying out this subsection (4):

(A) Administrative law judges shall make themselves available as public mediators without cost to the licensee;

(B) The members of any governing body that regulates the licensee shall make a member or other person available for mediation as a person with authority to make prehearing decisions concerning disposition of the matter.

(IV) If an agency fails to comply with an order of mediation, a licensee adversely affected by the failure may petition the administrative law judge or hearing officer to suspend the proceedings and require compliance with the order, to be completed in good faith as soon as practicable, under the administrative law judge's or the hearing officer's supervision.

(V) If mediation fails, the agency shall notify the administrative law judge or the hearing officer, and the administrative law judge or the hearing officer shall lift the suspension and proceed with the hearing.

(VI) When determining the place to hold the mediation, the agency shall give due consideration to the location of the licensee's occupation or residence, the availability of an administrative law judge to mediate, and the availability of a member of the governing body that regulates the licensee to be a person with authority to make prehearing decisions concerning disposition of the matter.

(VII) This subsection (4)(b) applies only to agency proceedings that concern an individual who is licensed to practice an occupation or profession; except that this subsection (4)(b) does not apply to a commercial driver's license issued under part 4 of article 2 of title 42.

(VIII) This subsection (4)(b) does not apply if a license has been summarily suspended because the agency finds, in accordance with section 24-4-104 (4), that the licensee is guilty of a deliberate and willful violation or that the public health, safety, or welfare imperatively requires emergency action and incorporates the findings in the agency's order. Nothing in this subsection (4)(b) prohibits an agency and licensee from voluntarily agreeing to a mediation following a summary suspension.

(IX) Repealed.

(5) Subpoenas shall be issued without discrimination between public and private parties by any agency or any member, the secretary, or chief administrative officer thereof or, with respect to any hearing for which an administrative law judge or a hearing officer has been appointed, the administrative law judge or the hearing officer. A subpoena shall be served in the same manner as a subpoena issued by a district court. Upon failure of any witness to comply with such subpoena, the agency may petition any district court, setting forth that due notice has been given of the time and place of attendance of the witness and the service of the subpoena; in which event, the district court, after hearing evidence in support of or contrary to the petition, may enter an order as in other civil actions compelling the witness to attend and testify or produce books, records, or other evidence, under penalty of punishment for contempt in case of contumacious failure to comply with the order of the court and may award attorney fees under

the Colorado rules of civil procedure. A witness shall be entitled to the fees and mileage provided for a witness in a court of record.

(6) No person engaged in conducting a hearing or participating in a decision or an initial decision shall be responsible to or subject to the supervision or direction of any officer, employee, or agent engaged in the performance of investigatory or prosecuting functions for the agency.

(7) Except as otherwise provided by statute, the proponent of an order shall have the burden of proof, and every party to the proceeding shall have the right to present his case or defense by oral and documentary evidence, to submit rebuttal evidence, and to conduct such cross-examination as may be required for a full and true disclosure of the facts. Subject to these rights and requirements, where a hearing will be expedited and the interests of the parties will not be substantially prejudiced thereby, a person conducting a hearing may receive all or part of the evidence in written form. The rules of evidence and requirements of proof shall conform, to the extent practicable, with those in civil nonjury cases in the district courts. However, when necessary to do so in order to ascertain facts affecting the substantial rights of the parties to the proceeding, the person so conducting the hearing may receive and consider evidence not admissible under such rules if such evidence possesses probative value commonly accepted by reasonable and prudent men in the conduct of their affairs. Objections to evidentiary offers may be made and shall be noted in the record. The person conducting a hearing shall give effect to the rules of privilege recognized by law. He may exclude incompetent and unduly repetitious evidence. Documentary evidence may be received in the form of a copy or excerpt if the original is not readily available; but, upon request, the party shall be given an opportunity to compare the copy with the original. An agency may utilize its experience, technical competence, and specialized knowledge in the evaluation of the evidence presented to it.

(8) An agency may take notice of general, technical, or scientific facts within its knowledge, but only if the fact so noticed is specified in the record or is brought to the attention of the parties before final decision and every party is afforded an opportunity to controvert the fact so noticed.

(9) (a) Any party, or the agent, servant, or employee of any party, permitted or compelled to testify or to submit data or evidence shall be entitled to the benefit of legal counsel of his or her own choosing and at his or her own expense, but a person may appear on their own behalf. An attorney who is a witness may not act as counsel for the party calling the attorney as a witness. Any party, upon payment of a reasonable charge therefor, shall be entitled to procure a copy of the transcript of the record or any part thereof. Any person permitted or compelled to testify or to submit data or evidence shall be entitled to the benefit of legal counsel of such person's own choosing and, upon payment of a reasonable charge therefor, to procure a copy of the transcript of such person's testimony if it is recorded.

(b) (I) Except as provided in subparagraph (III) of this paragraph (b), no attorney shall submit a document concerning an adjudicatory proceeding after January 1, 1994, unless such document is submitted on recycled paper. The provisions of this section shall apply to all papers appended to each such document.

(II) (A) Any state agency that adopts policies, procedures, rules, or regulations for the purpose of implementing the provisions of this section shall ensure that the conduct of state business is not impeded and that no person is denied access to the services or programs of a state agency as a result of such implementation.

(B) No document shall be refused by a state agency solely because it was not submitted on recycled paper.

(III) Nothing in this section shall be construed to apply to:

(A) Photographs;

(B) An original document that was prepared or printed prior to January 1, 1994;

(C) A document that was not created at the direction or under the control of the submitting attorney;

(D) Facsimile copies concerning an adjudicatory proceeding otherwise permitted to be filed in lieu of the original document; however, if the original is also required to be filed, such original shall be submitted in compliance with this section;

(E) Existing stocks of nonrecycled paper and preprinted forms acquired or printed prior to January 1, 1994.

(IV) The provisions of this section shall not be applicable if recycled paper is not readily available.

(V) For purposes of this paragraph (b), unless the context otherwise requires:

(A) "Attorney" means an attorney-at-law admitted to practice law before any court of record in this state.

(B) "Document" means any pleading or any other paper submitted as an appendix to such pleading by an attorney, which document is required or permitted to be filed with a state agency concerning any action to be commenced or which is pending before such agency.

(C) "Recycled paper" means paper with not less than fifty percent of its total weight consisting of secondary and postconsumer waste and with not less than ten percent of such total weight consisting of postconsumer waste.

(10) Every agency shall proceed with reasonable dispatch to conclude any matter presented to it with due regard for the convenience of the parties or their representatives, giving precedence to rehearing proceedings after remand by court order. Prompt notice shall be given of the refusal to accept for filing or the denial in whole or in part of any written application or other request made in connection with any agency proceeding or action, with a statement of the grounds therefor. Upon application made to any court of competent jurisdiction by a party to any agency proceeding or by a person adversely affected by agency action and a showing to the court that there has been undue delay in connection with such proceeding or action, the court may direct the agency to decide the matter promptly.

(11) Every agency shall provide by rule for the entertaining, in its sound discretion, and prompt disposition of petitions for declaratory orders to terminate controversies or to remove uncertainties as to the applicability to the petitioners of any statutory provision or of any rule or order of the agency. The order disposing of the petition shall constitute agency action subject to judicial review.

(12) Nothing in this article shall affect statutory powers of an agency to issue an emergency order where the agency finds and states of record the reasons for so finding that immediate issuance of the order is imperatively necessary for the preservation of public health, safety, or welfare and observance of the requirements of this section would be contrary to the public interest. Any person against whom an emergency order is issued, who would otherwise be entitled to a hearing pursuant to this section, shall be entitled upon request to an immediate hearing in accordance with this article, in which proceeding the agency shall be deemed the proponent of the order.

(13) The administrative law judge or the hearing officer shall cause the proceedings to be recorded by a reporter or by an electronic recording device. When required, the administrative law judge or the hearing officer shall cause the proceedings, or any portion thereof, to be transcribed, the cost thereof to be paid by the agency when it orders the transcription or by any party seeking to reverse or modify an initial decision of the administrative law judge or the hearing officer. If the agency acquires a copy of the transcription of the proceedings, its copy of the transcription shall be made available to any party at reasonable times for inspection and study.

(14) (a) For the purpose of a decision by an agency that conducts a hearing or an initial decision by an administrative law judge or a hearing officer, the record must include: All pleadings, applications, evidence, exhibits, and other papers presented or considered, matters officially noticed, rulings upon exceptions, any findings of fact and conclusions of law proposed by any party, and any written brief filed. The agency, administrative law judge, or hearing officer may permit oral argument. The agency, the administrative law judge, or the hearing officer shall not receive or consider ex parte material or representation of any kind offered without notice. The agency, an administrative law judge, or hearing officer, with the consent of all parties, may eliminate or summarize any part of the record where this may be done without affecting the decision. In any case in which the agency has conducted the hearing, the agency shall prepare, file, and serve upon each party its decision. In any case in which an administrative law judge or a hearing officer has conducted the hearing, the administrative law judge or the hearing officer shall prepare and file an initial decision that the agency shall serve upon each party, except where all parties with the consent of the agency have expressly waived their right to have an initial decision rendered by such administrative law judge or hearing officer. Each decision and initial decision must include a statement of findings and conclusions upon all the material issues of fact, law, or discretion presented by the record and the appropriate order, sanction, relief, or denial. An appeal to the agency must be made as follows:

(I) With regard to initial decisions regarding agency action by the department of health care policy and financing, the department of early childhood, the state department of human services, or county department of human or social services, or any contractor acting for any such department, under section 26-1-106 (1)(a), 26.5-1-107, or 25.5-1-107 (1)(a), by filing exceptions within fifteen days after service of the initial decision upon the parties, unless extended by the department of health care policy and financing, the department of early childhood, or the state department of human services, as applicable, or unless a review has been initiated in accordance with this subsection (14)(a)(I) upon motion of the applicable department within fifteen days after service of the initial decision. In the event a party fails to file an exception within fifteen days, the applicable department may allow, upon a showing of good cause by the party, for an extension of up to an additional fifteen days to reconsider the final agency action.

(II) With regard to initial decisions regarding agency action of any other agency, by filing exceptions within thirty days after service of the initial decision upon the parties, unless extended by the agency or unless review has been initiated upon motion of the agency within thirty days after service of the initial decision.

(b) (I) In the absence of an exception filed pursuant to subparagraph (I) of paragraph (a) of this subsection (14), the executive director of the department of health care policy and financing shall review the initial decision regarding agency action by such department in

accordance with a procedure adopted by the medical services board pursuant to section 25.5-1-107 (1), C.R.S.

(II) In the absence of an exception filed pursuant to subparagraph (I) of paragraph (a) of this subsection (14), the executive director of the state department of human services shall review the initial decision regarding agency action by such department in accordance with a procedure adopted by the state board of human services pursuant to section 26-1-106 (1), C.R.S.

(III) In the absence of an exception filed pursuant to subparagraph (II) of paragraph (a) of this subsection (14), the initial decision of any other agency shall become the decision of the agency, and, in such case, the evidence taken by the administrative law judge or the hearing officer need not be transcribed.

(c) Failure to file the exceptions prescribed in this subsection (14) shall result in a waiver of the right to judicial review of the final order of such agency, unless that portion of such order subject to exception is different from the content of the initial decision.

(15) (a) Any party who seeks to reverse or modify the initial decision of the administrative law judge or the hearing officer shall file with the agency, within twenty days following such decision, a designation of the relevant parts of the record described in subsection (14) of this section and of the parts of the transcript of the proceedings which shall be prepared and advance the cost therefor. A copy of this designation shall be served on all parties. Within ten days thereafter, any other party or the agency may also file a designation of additional parts of the transcript of the proceedings which is to be included and advance the cost therefor. The transcript or the parts thereof which may be designated by the parties or the agency shall be prepared by the reporter or, in the case of an electronic recording device, the agency and shall thereafter be filed with the agency. No transcription is required if the agency's review is limited to a pure question of law. The agency may permit oral argument. The grounds of the decision shall be within the scope of the issues presented on the record. The record shall include all matters constituting the record upon which the decision of the administrative law judge or the hearing officer was based, the rulings upon the proposed findings and conclusions, the initial decision of the administrative law judge or the hearing officer, and any other exceptions and briefs filed.

(b) The findings of evidentiary fact, as distinguished from ultimate conclusions of fact, made by the administrative law judge or the hearing officer shall not be set aside by the agency on review of the initial decision unless such findings of evidentiary fact are contrary to the weight of the evidence. The agency may remand the case to the administrative law judge or the hearing officer for such further proceedings as it may direct, or it may affirm, set aside, or modify the order or any sanction or relief entered therein, in conformity with the facts and the law.

(16) (a) Each decision and initial decision shall be served on each party by personal service or by mailing by first-class mail to the last address furnished the agency by such party and, except as provided in paragraph (b) of this subsection (16), shall be effective as to such party on the date mailed or such later date as is stated in the decision.

(b) Upon application by a party, and prior to the expiration of the time allowed for commencing an action for judicial review, the agency may change the effective date of a decision or initial decision.

24-4-106. Judicial review. (1) In order to assure a plain, simple, and prompt judicial remedy to persons or parties adversely affected or aggrieved by agency actions, the provisions of this section shall be applicable.

(2) Final agency action under this or any other law shall be subject to judicial review as provided in this section, whether or not an application for reconsideration has been filed, unless the filing of an application for reconsideration is required by the statutory provisions governing the specific agency. In the event specific provisions for rehearing as a basis for judicial review as applied to any particular agency are in effect on or after July 1, 1969, then such provisions shall govern the rehearing and appeal procedure, the provisions of this article to the contrary notwithstanding.

(3) An action may be commenced in any court of competent jurisdiction by or on behalf of an agency for judicial enforcement of any final order of such agency. In any such action, any person adversely affected or aggrieved by such agency action may obtain judicial review of such agency action.

(4) Except as provided in subsection (11) of this section, any person adversely affected or aggrieved by any agency action may commence an action for judicial review in the district court within thirty-five days after such agency action becomes effective; but, if such agency action occurs in relation to any hearing pursuant to section 24-4-105, then the person must also have been a party to such agency hearing. A proceeding for such review may be brought against the agency by its official title, individuals who comprise the agency, or any person representing the agency or acting on its behalf in the matter sought to be reviewed. The complaint shall state

the facts upon which the plaintiff bases the claim that he or she has been adversely affected or aggrieved, the reasons entitling him or her to relief, and the relief which he or she seeks. Every party to an agency action in a proceeding under section 24-4-105 not appearing as plaintiff in such action for judicial review shall be made a defendant; except that, in review of agency actions taken pursuant to section 24-4-103, persons participating in the rule-making proceeding need not be made defendants. Each agency conducting a rule-making proceeding shall maintain a docket listing the name, address, and telephone number of every person who has participated in a rule-making proceeding by written statement, or by oral comment at a hearing. Any person who commences suit for judicial review of the rule shall notify each person on the agency's docket of the fact that a suit has been commenced. The notice shall be sent by first-class certified mail within fourteen days after filing of the action and shall be accompanied by a copy of the complaint for judicial review bearing the action number of the case. Thereafter, service of process, responsive pleadings, and other matters of procedure shall be controlled by the Colorado rules of civil procedure. An action shall not be dismissed for failure to join an indispensable party until an opportunity has been afforded to an affected party to bring the indispensable party into the action. The residence of a state agency for the purposes of this subsection (4) shall be deemed to be the city and county of Denver. In any action in which the plaintiff seeks judicial review of an agency decision made after a hearing as provided in section 24-4-105, the parties after issue is joined shall file briefs within the time periods specified in the Colorado appellate rules.

(4.5) Subject to the limitation set forth in section 39-8-108 (2), C.R.S., the board of county commissioners of any county of this state may commence an action in the Denver district court within the time limit set forth in subsection (4) of this section for judicial review of any agency action which is directed to any official, board, or employee of such county or which involves any duty or function of any official, board, or employee of such county with the consent of said official, board, or employee, and to the extent that said official, board, or employee could maintain an action under subsection (4) of this section. In addition, in any action brought against any official, board, or employee of a county of this state for judicial enforcement of any final order of any agency, the defendant official, board, or employee may obtain judicial review of such agency action. In any such action for judicial review, the county official, board, or employee shall not be permitted to seek temporary or preliminary injunctive relief pending a final decision on the merits of its claim.

(4.7) The county clerk and recorder of any county may commence an action under this section in the Denver district court for judicial review of any final action issued by the secretary of state arising under the "Uniform Election Code of 1992", articles 1 to 13 of title 1, C.R.S. In any such action, the county clerk and recorder may seek temporary or preliminary injunctive relief pending a final decision on the merits of the claim as permitted under this section.

(5) Upon a finding that irreparable injury would otherwise result, the agency, upon application therefor, shall postpone the effective date of the agency action pending judicial review, or the reviewing court, upon application therefor and regardless of whether such an application previously has been made to or denied by any agency, and upon such terms and upon such security, if any, as the court shall find necessary and order, shall issue all necessary and appropriate process to postpone the effective date of the agency action or to preserve the rights of the parties pending conclusion of the review proceedings.

(6) In every case of agency action, the record, unless otherwise stipulated by the parties, shall include the original or certified copies of all pleadings, applications, evidence, exhibits, and other papers presented to or considered by the agency, rulings upon exceptions, and the decision, findings, and action of the agency. Any person initiating judicial review shall designate the relevant parts of such record and advance the cost therefor. As to alleged errors, omissions, and irregularities in the agency record, evidence may be taken independently by the court.

(7) (a) If the court finds no error, it shall affirm the agency action.

(b) The court shall hold unlawful and set aside the agency action and shall restrain the enforcement of the order or rule under review, compel any agency action to be taken that has been unlawfully withheld or unduly delayed, remand the case for further proceedings, and afford other relief as may be appropriate if the court finds that the agency action is:

- (I) Arbitrary or capricious;
- (II) A denial of statutory right;
- (III) Contrary to constitutional right, power, privilege, or immunity;
- (IV) In excess of statutory jurisdiction, authority, purposes, or limitations;
- (V) Not in accord with the procedures or procedural limitations of this article 4 or as otherwise required by law;
- (VI) An abuse or clearly unwarranted exercise of discretion;
- (VII) Based upon findings of fact that are clearly erroneous on the whole record;
- (VIII) Unsupported by substantial evidence when the record is considered as a whole; or
- (IX) Otherwise contrary to law, including failing to comply with section 24-4-104 (3)(a) or 24-4-105 (4)(b).

(c) In making the findings specified in this subsection (7), the court shall review the whole record or portions of the record cited by any party.

(d) In all cases under review, the court shall determine all questions of law and interpret the statutory and constitutional provisions involved and shall apply the interpretation to the facts duly found or established.

(8) Upon a showing of irreparable injury, any court of competent jurisdiction may enjoin at any time the conduct of any agency proceeding in which the proceeding itself or the action proposed to be taken therein is clearly beyond the constitutional or statutory jurisdiction or authority of the agency. If the court finds that any proceeding contesting the jurisdiction or authority of the agency is frivolous or brought for the purpose of delay, it shall assess against the plaintiff in such proceeding costs and a reasonable sum for attorney fees (or an equivalent sum in lieu thereof) incurred by other parties, including the state.

(9) The decision of the district court shall be subject to appellate review as may be permitted by law or the Colorado appellate rules, but a notice of intent to seek appellate review must be filed with the district court within forty-nine days after its decision becomes final. If no notice of intent to seek appellate review is filed with the trial court within forty-nine days after its decision becomes final, the trial court shall immediately return to the agency its record. Upon disposition of a case in an appellate court which requires further proceedings in the trial court, the agency's record shall be returned to the trial court. On final disposition of the case in the appellate court when no further proceedings are necessary or permitted in the trial court, the agency's record shall be returned by the appellate court to the agency with notice of such disposition to the trial court or to the trial court, in which event the agency's record shall be returned by the trial court to the agency.

(10) In any judicial review of agency action, the district court or the appellate court shall advance on the docket any case which in the discretion of the court requires acceleration.

(11) (a) Whenever judicial review of any agency action is directed to the court of appeals, the provisions of this subsection (11) shall be applicable except for review of orders of the industrial claim appeals office.

(b) Such proceeding shall be commenced by the filing of a notice of appeal with the court of appeals within forty-nine days after the date of the service of the final order entered in the action by the agency, together with a certificate of service showing service of a copy of said notice of appeal on the agency and on all other persons who have appeared as parties to the action before the agency. The date of service of an order is the date on which a copy of the order is delivered in person or, if service is by mail, the date of mailing.

(c) The record on appeal shall conform to the provisions of subsection (6) of this section. The designation and preparation of the record and its transmission to the court of appeals shall be in accordance with the Colorado appellate rules. A request for an extension of time to transmit the record shall be made to the court of appeals and may be granted only by that court.

(d) The docketing of the appeal and all procedures thereafter shall be as set forth in the Colorado appellate rules. The agency shall not be required to pay a docket fee. All persons who have appeared as parties to the action before the agency who are not designated as appellants shall, together with the agency, be designated as appellees.

(e) The standard for review as set forth in subsection (7) of this section shall apply to appeals brought under this subsection (11).

24-4-109. State engagement of disproportionately impacted communities - definitions. (1) **Goal.** The goal of outreach to and engagement of disproportionately impacted communities is to build trust and transparency, provide meaningful opportunities to influence public policy, and modify proposed state action in response to received public input to decrease environmental burdens or increase environmental benefits for each disproportionately impacted community.

(2) **Definitions.** (a) (I) (A) All statewide agencies shall use the definition of disproportionately impacted community set forth in subsection (2)(b)(II) of this section.

(B) In applying the definition of disproportionately impacted community, a statewide agency may prioritize or target certain criteria of the definition of disproportionately impacted community or certain subsets of communities that meet the definition of disproportionately impacted community if the statewide agency makes a determination by rule or other public decision-making process that the prioritization or targeting is warranted and reasonably tailored to the category of statewide agency action involved. A statewide agency with rulemaking authority shall make the determination by rule.

(C) A determination of the public utilities commission that it will prioritize or target certain criteria of the definition of disproportionately impacted community or subsets of communities that meet the definition of disproportionately impacted community does not constitute any prejudice or disadvantage or any unreasonable difference as set forth in section 40-3-106 (1)(a).

(II) (Deleted by amendment, L. 2023.)

(b) As used in this section and sections 25-1-133, 25-1-134, and 25-7-105 (1)(e), unless the context otherwise requires:

(I) "Agency" means the air quality control commission created in section 25-7-104 and, as used in this section and sections 25-1-133 and 25-1-134, the water quality control commission created in section 25-8-201 (1)(a). The portions of this subsection (2)(b)(I) that apply to the water quality control commission are effective on July 1, 2023, except for the portions requiring the water quality control commission to effectuate the requirements of subsections (3)(b)(I), (3)(b)(II), (3)(b)(IV), and (3)(b)(V) of this section, which apply to any rule-making proceedings of the commission concerning the classifications and numeric standards for the South Platte river basin, Laramie river basin, Republican river basin, and Smoky Hill river basin that occur after June 8, 2022.

(II) "Disproportionately impacted community" means a community that is described in subsection (2)(b)(II)(G) or (2)(b)(II)(H) of this section or that is in a census block group, as determined in accordance with the most recent five year United States bureau of the census American community survey and meets one or more of the following criteria:

(A) The proportion of the population living in households that are below two hundred percent of the federal poverty level is greater than forty percent;

(B) The proportion of households that spend more than thirty percent of household income on housing is greater than fifty percent;

(C) The proportion of the population that identifies as people of color is greater than forty percent;

(D) The proportion of the population that is linguistically isolated is greater than twenty percent;

(E) A statewide agency determines, after a community presents evidence of being and requests to be classified as a disproportionately impacted community, that the population is disproportionately impacted based on evidence, presented in a relevant statewide agency decision-making process, that a census block group is disproportionately impacted because it has a history of environmental racism perpetuated through redlining or through anti-indigenous, anti-immigrant, anti-Latino, or anti-Black laws, policies, or practices and that present-day demographic factors and data demonstrate that the community currently faces environmental health disparities;

(F) The community is identified by a statewide agency as being one where multiple factors, including socioeconomic stressors, vulnerable populations, disproportionate environmental burdens, vulnerability to environmental degradation or climate change, and lack of public participation may act cumulatively to affect health and the environment and may contribute to persistent disparities;

(G) The community is a mobile home park, as defined in section 38-12-201.5 (6), regardless of whether the mobile home park is a census block group; or

(H) The community is located on the Southern Ute or Ute Mountain Ute Indian reservation, regardless of whether the community is a census block group;

(III) "Proposed state action" means:

(A) Rule-making proceedings held pursuant to section 24-4-103;

(B) Licensing proceedings, including the issuance and renewal of permits, held pursuant to section 24-4-104; and

(C) Adjudicatory hearings held pursuant to section 24-4-105.

(IV) "Statewide agency" means any board, bureau, commission, department, institution, division, section, or officer of the state. "Statewide agency" does not include:

(A) The legislative branch;

(B) The judicial branch;

(C) State educational institutions administered pursuant to title 23, except part 1 of article 8, parts 2 and 3 of article 21, and parts 2 to 4 of article 31 of title 23; or

(D) The adjutant general of the National Guard, whose powers and duties are set forth in section 28-3-106.

(3) **Engagement.** (a) To promote the goal of state engagement of disproportionately impacted communities, an agency shall strive to create new ways to gather input from

communities across the state, using multiple languages and multiple formats and transparently sharing information about adverse environmental effects from its proposed state action.

(b) When conducting outreach to and engagement of disproportionately impacted communities regarding a proposed state action, the agency shall:

(I) Schedule variable times of day and days of the week for opportunities for public input on the proposed state action, including at least one weekend time, one evening time, and one morning time for public input;

(II) Provide notice at least thirty days before any public input opportunity or before the start of any public comment period;

(III) Utilize several different methods of outreach and ways to publicize the proposed state action, including disseminating information through schools, clinics, social media, social and activity clubs, local governments, tribal governments, libraries, religious organizations, civic associations, community-based environmental justice organizations, or other local services;

(IV) Provide several methods for the public to give input, such as in-person meetings, virtual and online meetings, online comment portals or e-mail, and call-in meetings;

(V) Consider using a variety of locations for public input on the proposed state action, including meeting locations in urban centers, in neighborhoods whose populations are predominantly Black, Indigenous, or people of color and have an average income below the state's average, and in rural locations in various regions of the state; and

(VI) Create outreach materials concerning the proposed state action in layperson's terms, translated into the top two languages spoken in a community, that inform people of opportunities to provide input on the proposed state action, their rights, the possible outcomes, and the upcoming public input process.

(4) The division of parks and wildlife created in section 33-9-104 shall, in conducting public outreach regarding the keep Colorado wild pass pursuant to section 33-12-108 (7):

(a) Include outreach to and engagement of disproportionately impacted communities with a goal to build trust and transparency, provide meaningful opportunities to influence public policy, and modify proposed state action in response to public input received to decrease environmental burdens or increase environmental benefits for each disproportionately impacted community; and

(b) Engage disproportionately impacted communities in accordance with the procedures set forth in subsection (3) of this section.

(5) (a) (I) The division of administration in the Colorado department of public health and environment shall administer the Colorado EnviroScreen tool so that a census block group that scores above the eightieth percentile in the Colorado EnviroScreen tool is presumed to be a disproportionately impacted community under subsection (2)(b)(II)(F) of this section. A statewide agency determining whether a community is a disproportionately impacted community under subsection (2)(b)(II)(F) of this section shall apply the most recent version of the Colorado EnviroScreen tool available at the time the statewide agency makes the determination.

(II) As used in this subsection (5)(a), "Colorado EnviroScreen tool" means the environmental justice mapping tool developed and administered by the department of public health and environment and Colorado state university, or any successor tool.

(b) A census block group that is within a census tract that qualifies as disadvantaged as determined under the climate and economic justice screening tool developed by the council on environmental quality in the office of the president of the United States is presumed to be a

disproportionately impacted community under subsection (2)(b)(II)(F) of this section. A statewide agency determining whether a community is a disproportionately impacted community under subsection (2)(b)(II)(F) of this section shall apply the most recent version of the climate and economic justice screening tool available when it is determining whether a community is a disproportionately impacted community.

(6) The provisions of subsection (2)(b)(II) of this section are severable, and if any provision of subsection (2)(b)(II) of this section is found by a court of competent jurisdiction to be unconstitutional, the remaining provisions are valid, unless:

(a) It appears to the court that the valid provisions are so essentially and inseparably connected with, and so dependent on, the unconstitutional provision that it cannot be presumed that the legislature would have enacted the valid provisions without the unconstitutional one; or

(b) The court determines that the valid provisions, standing alone, are incomplete and are incapable of being executed in accordance with the legislative intent.

24-4-202. Legislative declaration - reports. (1) The general assembly intends that:

(a) Each state agency that authorizes more than ten occupations to practice or oversees other agencies that authorize more than ten occupations to practice should have implemented this part 2 for:

- (I) At least twenty-five percent of the occupations by December 30, 2018;
- (II) At least fifty percent of the occupations by December 30, 2020; and
- (III) All of the occupations by December 30, 2022;

(b) Each state agency that authorizes ten or fewer occupations to practice or oversees other agencies that authorize ten or fewer occupations to practice should have implemented this part 2 for:

- (I) At least fifty percent of the occupations by December 30, 2018; and
 - (II) All of the occupations by December 30, 2020.
- (2) Repealed.

24-4-203. Evaluation and implementation. (1) Each agency shall:

(a) Document the following results and publish a summary of pathways available to a veteran to obtain authorization to practice an occupation:

- (I) Evaluate the extent to which military training meets all or part of the state requirements to be authorized to practice an occupation;
- (II) Identify reciprocity mechanisms with other states; and
- (III) Determine if an occupational exam is available to authorize a veteran to practice an occupation;

(b) Consult with community colleges and other post-secondary educational institutions with regard to:

- (I) Courses or programs to cover the gap between military occupational specialty training and the training required to be authorized to practice an occupation; and
- (II) Refresher courses for the reinstatement of lapsed civilian credentials; and
- (c) Consider adopting a national credentialing exam.

PART 1

CRIME VICTIM COMPENSATION ACT

24-4.1-100.1. Short title. This part 1 shall be known and may be cited as the "Colorado Crime Victim Compensation Act".

Source: L. 82: Entire section added, p. 364, § 1, effective March 22. **L. 84:** Entire section amended, p. 657, § 5, effective May 14.

24-4.1-101. Legislative declaration. The general assembly hereby finds that an effective criminal justice system requires the protection and assistance of victims of crime and members of the immediate families of such victims in order to preserve the individual dignity of victims and to encourage greater public cooperation in the apprehension and prosecution of criminal defendants. The general assembly hereby intends to provide protection and assistance to victims and members of the immediate families of such victims by declaring and implementing the rights of such persons and by lessening the financial burden placed upon victims due to the commission of crimes. This article shall be liberally construed to accomplish such purposes.

Source: L. 81: Entire article added, p. 1135, § 5, effective July 1. **L. 92:** Entire section amended, p. 415, § 1, effective January 14, 1993.

24-4.1-102. Definitions. As used in this part 1, unless the context otherwise requires:

(1) "Applicant" means any victim of a compensable crime who applies to the fund for compensation under this part 1. In the case of such victim's death, the term includes any person who was his dependent at the time of the death of that victim.

(1.3) "Assault by strangulation" means assault as described in section 18-3-202 (1)(g) or 18-3-203 (1)(i).

(2) "Board" means the crime victim compensation board in each judicial district.

(3) "Child" means an unmarried person who is under eighteen years of age. The term includes a posthumous child, a stepchild, or an adopted child.

(4) (a) "Compensable crime" means:

(I) An intentional, knowing, reckless, or criminally negligent act of a person or any act in violation of section 42-4-1301 (1) or (2), C.R.S., that results in residential property damage to or bodily injury or death of another person or results in loss of or damage to eyeglasses, dentures, hearing aids, or other prosthetic or medically necessary devices and which, if committed by a person of full legal capacity, is punishable as a crime in this state; or

(II) An act in violation of section 42-4-1402, C.R.S., that results in the death or bodily injury of another person or section 42-4-1601, C.R.S., where the accident results in the death or bodily injury of another person.

(b) "Compensable crime" includes federal offenses that are comparable to those specified in paragraph (a) of this subsection (4) and are committed in this state.

(5) (a) "Dependent" means relatives of a deceased victim who, wholly or partially, were dependent upon the victim's income at the time of death or would have been so dependent but for the victim's incapacity due to the injury from which the death resulted.

(b) "Dependent" also means the child or spouse of the accused or other person in an intimate relationship, as defined in section 18-6-800.3, C.R.S., with the accused, if the accused provided household support to the dependent.

(6) "Economic loss" means economic detriment consisting only of allowable expense, net income, replacement services loss, and, if injury causes death, dependent's economic loss. The term does not include noneconomic detriment.

(7) "Fund" means the crime victim compensation fund as established in each judicial district.

(7.5) "Household support" means the monetary support that a dependent would have received from the accused for the purpose of maintaining a home or residence.

(8) "Injury" means impairment of a person's physical or mental condition and includes pregnancy.

(8.5) (a) "Property damage" means damage to windows, doors, locks, or other security devices of a residential dwelling and includes damage to a leased residential dwelling.

(b) "Property damage" also includes expenses related to the rekeying of a motor vehicle or other locks necessary to ensure a victim's safety.

(9) "Relative" means a victim's spouse, parent, grandparent, stepfather, stepmother, child, grandchild, brother, sister, half brother, half sister, or spouse's parents. The term includes said relationships that are created as a result of adoption. In addition, "relative" includes any person who has a family-type relationship with a victim.

(10) (a) "Victim" means any of the following persons who suffer property damage, economic loss, injury, or death as a result of a compensable crime perpetrated or attempted in whole or in part in this state:

(I) Any person against whom a compensable crime is perpetrated or attempted. Such person shall be referred to as a "primary victim".

(II) Any person who attempts to assist or assists a primary victim;

(III) Any person who is a relative of a primary victim.

(b) "Victim" also means a person who suffers injury or death, the proximate cause of which is a compensable crime perpetrated or attempted in the person's presence against a primary victim.

(c) "Victim" also means a person who is a resident of this state and who is a victim of a crime that occurred outside of this state, where the crime would be a compensable crime had it occurred in this state and where the state or country in which the crime occurred does not have a crime victim compensation program for which the person would be eligible.

(d) "Victim" also means a person who is a resident of this state who is injured or killed by an act of international terrorism, as defined in 18 U.S.C. sec. 2331, committed outside of the United States.

24-4.1-103. Crime victim compensation board - creation. (1) There is hereby created in each judicial district a crime victim compensation board. Each board shall be composed of three members to be appointed by the district attorney. The district attorney shall designate one of the members as chairman. To the extent possible, members shall fairly reflect the population of the judicial district.

(2) The term of office of each member of the board shall be three years; except that, of those members first appointed, one shall be appointed for a three-year term, one for a two-year term, and one for a one-year term. All vacancies, except through the expiration of term, shall be filled for the unexpired term only. Each member may be reappointed once and serve two consecutive terms. A person may be reappointed to the board thereafter if it has been at least one year since such person served on the board.

(3) Members of the board shall receive no compensation but are entitled to be reimbursed for travel expenses at the rate authorized for state employees.

24-4.1-105. Application for compensation. (1) A person who may be eligible for compensation under this part 1 may apply to the board in the judicial district in which the crime was committed. In a case in which the person entitled to apply is a minor, the application may be made on his behalf by his parent or guardian. In a case in which the person entitled to apply is mentally incompetent, the application may be made on his behalf by his parent, conservator, or guardian or by any other individual authorized to administer his estate.

(2) (a) In order to be eligible for compensation under this part 1, the applicant shall submit reports, if reasonably available, from any physician who has treated or examined the victim at the time of or subsequent to the victim's injury or death. The report shall be in relation to the injury for which compensation is claimed. If, in the opinion of the board, reports on the previous medical history of the victim, a report on the examination of the injured victim, or the report on the cause of death of the victim by a medical expert would be of material aid to its determination, the board may order the reports.

(b) In order to be eligible for compensation for property damage under this part 1, the applicant shall submit a report or case number, if reasonably available, from a law enforcement agency which shall set forth the nature of the property damage which is the result of a compensable crime.

(3) If the applicant makes any false statement as to a material fact, he shall be ineligible for an award pursuant to this part 1.

24-4.1-106. Hearings. (1) The board, in its discretion, may conduct a hearing upon any application submitted to it. All hearings conducted by the board and appeals therefrom shall be held pursuant to sections 24-4-105 and 24-4-106.

(2) The burden of proof is upon the applicant to show that the claim is reasonable and is compensable under the terms of this part 1. The standard of proof is by a preponderance of the evidence.

(3) If a person has been convicted of an offense with respect to an act on which a claim is based, proof of that conviction shall be taken as conclusive evidence that the offense has been committed, unless an appeal or a proceeding with regard to it is pending. The fact that the identity of the assailant is unknown or that the assailant has not been prosecuted or convicted shall not raise a presumption that the claim is invalid.

(4) Orders and decisions of the board are final.

(5) Review of an order or decision of the board may be made in accordance with the Colorado rules of civil procedure.

24-4.1-107.5. Confidentiality of materials - definitions. (1) For purposes of this section, unless the context otherwise requires:

(a) "In camera review" means the judge views the material in private, without either party present.

(b) "Materials" means any records, claims, writings, documents, or information.

(2) Any materials received, made, or kept by a board or a district attorney to process a claim on behalf of a crime victim under this article are confidential. The district attorney shall have standing in any action to oppose the disclosure of any such materials. A board shall not provide through discovery in any civil or criminal action any exhibits, medical records, psychological records, counseling records, work records, criminal investigation records, criminal court case records, witness statements, telephone records, and other records of any type or nature whatsoever gathered for the purpose of evaluating whether to compensate a victim except:

(a) In the event of the review by the court of an order or decision of the board pursuant to section 24-4.1-106, and then only to the extent narrowly and necessary to obtain court review; or

(b) Upon a strict showing to the court in a separate civil or a criminal action that particular information or documents are known to exist only in board records. The court may inspect in camera such records to determine whether the specific requested information exists. If the court determines that the specific information sought exists in the board's records, the documents may then be released only by court order if the court finds as part of its order that the documents will not pose any threat to the safety or welfare of the victim or any other person whose identity may appear in the board's records, or violate any other privilege or confidentiality right.

(3) In a proceeding for determining the amount of restitution, if the defendant's request is not speculative and is based on an evidentiary hypothesis that warrants an in camera review to rebut the presumption established in section 18-1.3-603, C.R.S., the court may release additional information contained in the records of the board only after an in camera review and additionally finding that the information:

(a) Is necessary for the defendant to dispute the amount claimed for restitution; and

(b) Will not pose any threat to the safety or welfare of the victim, or any other person whose identity may appear in the board's records, or violate any other privilege or confidentiality right.

24-4.1-108. Awarding compensation. (1) A person is entitled to an award of compensation under this part 1 if:

(a) The person is a victim or a dependent of a victim or a successor in interest under the "Colorado Probate Code" of a victim of a compensable crime which was perpetrated on or after July 1, 1982, and which resulted in a loss;

(b) The appropriate law enforcement officials were notified of the perpetration of the crime allegedly causing the death of or injury to the victim within seventy-two hours after its perpetration, unless the board finds good cause exists for the failure of notification;

(c) The applicant has cooperated fully with law enforcement officials in the apprehension and prosecution of the assailant, or the board has found good cause exists for the failure to cooperate, or, if the applicant is a victim of assault by strangulation, the applicant cooperates with law enforcement by undergoing a medical forensic examination;

(d) Repealed.

(e) The death of or injury to the victim was not substantially attributable to his wrongful act or substantial provocation of his assailant; and

(f) The application for an award of compensation under this part 1 is filed with the board within one year of the date of injury to the victim or within such further extension of time as the board, for good cause shown, allows. For purposes of this paragraph (f), "good cause" may include but is not limited to circumstances in which a crime has remained unsolved for more than one year.

(1.5) A person is entitled to an award of compensation for property damage under this part 1 if:

(a) The person is a victim of a compensable crime which was perpetrated on or after July 1, 1983, and which resulted in property damage;

(b) The appropriate law enforcement officials were notified of the perpetration of the crime causing property damage within seventy-two hours after its perpetration, unless the board finds good cause exists for the failure of notification;

(c) The applicant has cooperated fully with law enforcement officials in the apprehension and prosecution of the assailant or the board has found good cause exists for the failure to cooperate; and

(d) The application for an award of compensation for property damage under this part 1 is filed with the board within six months of the date of property damage or within such further extension of time as the board, for good cause shown, allows.

(2) The board may waive any of the requirements set forth in this section, or the limitations set forth in section 24-4.1-109 (1), or order a denial or reduction of an award if, in the interest of justice, it is so required.

(3) Upon a finding by the board that compensation should be awarded, the board shall submit a statement of award to the court administrator who shall remit payment in accordance with the statement of award.

(4) Consistent with approved standards established pursuant to section 24-4.1-117.3 (3) for the administration of crime victim compensation funds, the board may develop policies to ensure that primary victims are compensated and to ensure that available moneys in the fund are not exceeded.

24-4.1-109. Losses compensable. (1) Losses compensable under this part 1 resulting from death of or injury to a victim include:

(a) Reasonable medical and hospital expenses and expenses incurred for dentures, eyeglasses, hearing aids, or other prosthetic or medically necessary devices;

(b) Loss of earnings;

(c) Outpatient care;

(d) Homemaker and home health services;

(e) Burial expenses;

(f) Loss of support to dependents;

(g) Mental health counseling;

(h) Household support; except that household support is only available to a dependent when:

(I) The offender is accused of committing the criminally injurious conduct that is the basis of the dependent's claim under this article;

(II) As a result of the criminal event, the offender vacated any home the offender shared with the dependent; and

(III) The dependent provides verification of dependency on the offender at the time of the criminal event.

(1.5) (a) Losses compensable under this part 1 resulting from property damage include:

(I) (A) Repair or replacement of property damaged as a result of a compensable crime; or

(B) Payment of the deductible amount on a residential insurance policy;

(II) Any modification to the victim's residence that is necessary to ensure victim safety; and

(III) The rekeying of a motor vehicle or other lock that is necessary to ensure the victim's safety.

(b) (Deleted by amendment, L. 98, p. 517, §2, effective April 30, 1998.)

(2) Compensable losses do not include:

(a) Pain and suffering or property damage other than residential property damage or rekeying a lock pursuant to subparagraph (III) of paragraph (a) of subsection (1.5) of this section; or

(b) Aggregate damages to the victim or to the dependents of a victim exceeding thirty thousand dollars.

(c) Repealed.

24-4.1-110. Recovery from collateral source. (1) The board shall deduct from compensation it awards under this part 1 any payments received by the applicant from the offender or from a person on behalf of the offender, from the United States or any state, or any subdivision or agency thereof, from a private source, or from an emergency award under this part 1 for injury or death compensable under this part 1, excluding death or pension benefits.

(2) If compensation is awarded under this part 1 and the person receiving it also receives a collateral sum under subsection (1) of this section which has not been deducted from it, he shall refund to the board the lesser of the sums or the amount of compensation paid to him under this part 1 unless the aggregate of both sums does not exceed his losses. The fund shall be the payer of last resort.

(3) If a defendant is ordered to pay restitution under article 18.5 of title 16, C.R.S., to a person who has received compensation awarded under this part 1, an amount equal to the compensation awarded shall be transmitted from such restitution to the board for allocation to the fund.

24-4.1-112. Emergency awards. (1) The board may order an emergency award to the applicant pending a final decision in the claim if it appears to the board, prior to taking action upon the claim, that undue hardship will result to the applicant if immediate payment is not made. Awards pursuant to this section are intended to cover expenses incurred by crime victims in meeting their immediate short-term needs. The amount of such award shall not exceed two thousand dollars and shall be deducted from any final award made as a result of the claim.

(2) If the amount of such emergency award exceeds the sum the board would have awarded pursuant to this part 1, such excess shall be repaid by the recipient.

24-4.1-116.5. Collection actions against crime victims - suspension. (1) A medical service provider or medical service provider billing agent shall suspend all debt collection actions against the claimant for a compensable loss under section 24-4.1-109 related to the substance of the claim pending a resolution of the claim by the board for a period of ninety days to allow an opportunity for the board to resolve the claim, if, within one hundred eighty days after date of services rendered as part of the criminal episode, the claimant files an application for a claim with the board pursuant to section 24-4.1-105 and:

(a) Provides written notice to the medical service provider or its billing agent that a claim has been submitted to the board, including a crime victim compensation claim number; and

(b) Authorizes the medical service provider or its billing agent to confirm with the board the claimant's claim status and date of resolution as it relates to the medical provider's specific debt.

(2) The provisions of this section apply only to the claimant and not to a collateral source on the claimant's behalf.

(3) The provisions of subsection (1) of this section:

(a) Do not require the deletion of the debt on the claimant's credit report if the debt had already been reported to one or more credit bureaus prior to notice of the victim compensation claim being received by the medical service provider or its billing agent.

(b) Do not apply to any debt where a lawsuit has been commenced against the claimant for the collection of the debt prior to notice of the victim compensation claim being received by the medical service provider or its billing agent.

24-4.1-117. Fund created - control of fund. (1) The crime victim compensation fund is hereby established in the office of the court administrator of each judicial district for the benefit of eligible applicants under this part 1.

(1.5) Repealed.

(2) The fund consists of all money paid as a cost or surcharge levied on criminal actions, as provided in section 24-4.1-119; any federal money available to state or local governments for victim compensation; all money received from any action or suit to recover damages from an assailant for a compensable crime which was the basis for an award of, and limited to, compensation received under this part 1; any restitution paid by an assailant to a victim for damages for a compensable crime which was the basis for an award received under this part 1 and for damages for which the victim has received an award of, and limited to, compensation received under this part 1; money transferred from the marijuana tax cash fund pursuant to section 39-28.8-501 (4.9)(b); and any other money that the general assembly may appropriate or transfer to the fund.

(3) All moneys deposited in the fund shall be deposited in an interest-bearing account, which shall be no less secure than those used by the state treasurer, and which shall yield the highest interest possible. All interest earned by moneys in the fund shall be credited to the fund.

(4) At the conclusion of each fiscal year, all moneys remaining in the fund shall remain in the fund for use the succeeding year.

(5) All moneys deposited in the fund shall be used solely for the compensation of victims pursuant to this part 1; except that the district attorney and the court administrator may use an aggregate of no more than twelve and one-half percent of the total amount of moneys in the crime victim compensation fund for administrative costs incurred pursuant to this part 1. The district attorney shall be permitted to use no more than ten percent of the total amount of moneys in the fund for administrative costs. The court administrator shall be permitted to use no more than two and one-half percent of the total amount of moneys in the fund for administrative costs.

(6) Grants of federal funds that are accepted pursuant to this part 1 for the purpose of assisting crime victims shall not be used to supplant state funds available to assist crime victims.

24-4.1-117.3. Crime victim services advisory board - creation - duties. (1) There is created in the division of criminal justice in the department of public safety the crime victim services advisory board, referred to in this section as the "advisory board". The advisory board is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the division of criminal justice in the department of public safety and the executive director of the department of public safety, referred to in this section as the "executive director".

(2) (a) The advisory board shall consist of at least seventeen members appointed by the executive director, including but not limited to:

- (I) A judge;
- (II) An elected district attorney, the assistant district attorney, or a chief deputy district attorney;
- (III) A member of a crime victim compensation board created in section 24-4.1-103;
- (IV) A member of a local victims and witnesses assistance and law enforcement board created in section 24-4.2-101;
- (V) An administrator of crime victim compensation from a district attorney's office;
- (VI) An administrator of victims and witnesses assistance from a district attorney's office;
- (VII) A representative of a statewide victims' organization;
- (VIII) A judicial district administrator or judicial district representative;
- (IX) A representative of a domestic violence program;
- (X) A representative of a sexual assault program;
- (XI) A sheriff or sheriff's representative;
- (XII) A police chief or police representative;
- (XIII) A deputy district attorney;
- (XIV) A victim of a crime of violence; and

(XV) Three members of the community at large.

(b) The executive director may consider geographic diversity when making appointments to the advisory board.

(c) The term of office for each member of the advisory board is three years. A member shall not serve more than three consecutive three-year terms. A member of the advisory board on May 19, 2022, who has served more than three consecutive terms may serve the remainder of the member's current term, but shall not serve a consecutive subsequent term.

(d) Members of the advisory board shall serve at the pleasure of the executive director or until the member no longer serves in the position for which he or she was appointed to the advisory board, at which time a vacancy shall be deemed to exist on the advisory board. If a vacancy arises on the advisory board, the executive director shall appoint an appropriate person to serve for the remainder of the unexpired term.

(e) The executive director may reappoint a person to serve subsequent terms on the advisory board, but the executive director shall not appoint a person to serve more than three consecutive terms. The executive director shall annually appoint a chairperson of the advisory board who shall preside over the advisory board's meetings.

(f) Members of the advisory board shall serve without compensation but may be reimbursed for actual travel expenses incurred in the performance of their duties.

(3) ***[Editor's note: This version of the introductory portion to subsection (3) is effective until January 1, 2024.]*** The advisory board's powers and duties shall include, but need not be limited to, the following:

(3) ***[Editor's note: This version of the introductory portion to subsection (3) is effective January 1, 2024.]*** The advisory board's powers and duties include, but are not limited to, the following:

(a) To develop and revise, when necessary, standards for the administration of the crime victim compensation fund established in section 24-4.1-117 in each judicial district and the victims and witnesses assistance and law enforcement fund established in section 24-4.2-103 in each judicial district, and to develop, revise when necessary, and impose sanctions for violating these standards;

(b) To review, pursuant to section 24-4.1-303 (17), any reports of noncompliance with this article;

(c) To distribute profits from crime pursuant to section 24-4.1-201;

(d) To advise and make recommendations to the division of criminal justice in the department of public safety concerning the award of grants pursuant to sections 24-33.5-506 and 24-33.5-507; and

(e) To establish subcommittees of the advisory board from within the membership of the advisory board, which subcommittees shall include, but need not be limited to:

(I) A standards subcommittee that shall make recommendations to the advisory board concerning the development and revision, when necessary, of standards and sanctions for the violation of standards to assist the advisory board in implementing paragraph (a) of this subsection (3); and

(II) A victim rights subcommittee that shall review, pursuant to section 24-4.1-303 (17), any reports of noncompliance with this article to assist the advisory board in implementing paragraph (b) of this subsection (3);

(f) *[Editor's note: Subsection (3)(f) is effective January 1, 2024.]* To review any reports of noncompliance with section 13-10-104.5.

(4) The advisory board shall not release to the public any records submitted to or generated by the advisory board or a subcommittee of the advisory board for the purposes of the advisory board's or the subcommittee's review, pursuant to paragraph (b) of subsection (3) of this section, of a report of noncompliance with this article until the report of noncompliance has been reviewed and resolved by the advisory board. The advisory board shall redact all victim-identifying information from any document released to the public.

24-4.1-119. Costs and surcharges levied on criminal actions and traffic offenses. (1) (a) Except as provided in subsection (1)(c) of this section, a cost of one hundred sixty-three dollars for felonies, seventy-eight dollars for misdemeanors, forty-six dollars for class 1 misdemeanor traffic offenses, and thirty-three dollars for class 2 misdemeanor traffic offenses is levied on each criminal action resulting in a conviction or in a deferred judgment and sentence, as provided for in section 18-1.3-102, which criminal action is charged pursuant to state statute. The defendant shall pay these costs to the clerk of the court. Each clerk shall transmit the costs received to the court administrator of the judicial district in which the offense occurred for credit to the crime victim compensation fund established in that judicial district.

(b) The costs required by paragraph (a) of this subsection (1) shall not be levied on criminal actions which are charged pursuant to the penalty assessment provisions of section 42-4-1701, C.R.S., or to any violations of articles 1 to 15 of title 33, C.R.S.

(c) A cost of thirty-three dollars is hereby levied on each criminal action resulting in a conviction or in a deferred judgment and sentence, as provided for in section 18-1.3-102, C.R.S., of a violation of section 42-4-1301 (1) or (2), C.R.S. This cost shall be paid to the clerk of the court, who shall deposit the same in the crime victim compensation fund established in section 24-4.1-117.

(d) and (e) Repealed.

(f) (I) A surcharge is hereby levied against each penalty assessment imposed for a violation of a class A or class B traffic infraction or class 1 or class 2 misdemeanor traffic offense pursuant to section 42-4-1701, C.R.S. The amount of the surcharge shall be one half of the amount specified in the penalty and surcharge schedule in section 42-4-1701 (4), C.R.S., or, if no surcharge amount is specified, the surcharge shall be calculated as thirty-seven percent of the penalty imposed. All moneys collected by the department of revenue pursuant to this paragraph (f) shall be transmitted to the court administrator of the judicial district in which the infraction occurred for credit to the crime victim compensation fund established in that judicial district as provided in section 42-1-217, C.R.S.

(II) All calculated surcharge amounts pursuant to this paragraph (f) resulting in dollars and cents shall be rounded down to the nearest whole dollar.

(III) The surcharges levied pursuant to this paragraph (f) are separate and distinct from surcharges levied pursuant to section 24-4.2-104 for the victims and witnesses assistance and law enforcement fund.

(g) (I) A surcharge of eight dollars is levied against each penalty imposed for violation of a civil infraction pursuant to section 16-2.3-101. The clerk of the court shall transmit all money collected to the court administrator of the judicial department in which the offense occurred for credit to the crime victim compensation fund established in that judicial district.

(II) The surcharges levied pursuant to this subsection (1)(g) are separate and distinct from surcharges levied pursuant to section 24-4.2-104 for the victims and witnesses assistance and law enforcement fund.

(1.5) A cost or surcharge levied pursuant to this section may not be suspended or waived by the court unless the court determines that the defendant against whom the cost or surcharge is levied is indigent.

(2) For purposes of determining the order of priority for payments required of a defendant pursuant to section 18-1.3-204 (2.5), C.R.S., the payments to the victim compensation fund required under this part 1 shall be the first obligation of the defendant.

(3) The provisions of sections 18-1.3-701 and 18-1.3-702, C.R.S., shall be applicable as to the collection of costs levied pursuant to this part 1.

PART 2

COMPENSATION FROM BENEFITS OF CRIME

24-4.1-201. Distribution of profits from crime - escrow account - civil suit by victim - definitions. (1) The general assembly hereby finds that the state has a compelling interest in preventing any person who is convicted of a crime from profiting from the crime and in recompensing victims of the crime. It is therefore the intent of the general assembly to provide a mechanism whereby any profits from a crime that are received by the person convicted of the crime are available as restitution to the victims of the crime.

(1.3) For purposes of this part 2, "victim" means any natural person against whom any crime has been perpetrated or attempted, unless the person is accountable for the crime or a crime arising from the same conduct, criminal episode or plan or if such person is deceased or incapacitated, the person's spouse, parent, child, sibling, grandparent, significant other, or other lawful representative. For purposes of this part 2, any person under the age of eighteen years is considered incapacitated, unless that person is emancipated.

(1.5) (a) For purposes of this part 2, "profits from the crime" means:

(I) Any property obtained through or income generated from the commission of the crime of which the defendant was convicted;

(II) Any property obtained by or income generated from the sale, conversion, or exchange of proceeds of the crime of which the defendant was convicted, including any gain realized by such sale, conversion, or exchange; and

(III) Any property that the defendant obtained or income generated as a result of having committed the crime of which the defendant was convicted, including any assets obtained through the use of unique knowledge obtained during the commission of, or in preparation for the commission of, the crime, as well as any property obtained by or income generated from the sale, conversion, or exchange of such property and any gain realized by such sale, conversion, or exchange.

(b) (I) Any person who contracts with a person convicted of a crime in this state, or such person's representative or assignee, for payment of any profits from the crime of which such person is convicted shall pay to the crime victim services advisory board created in section 24-4.1-117.3 (1), referred to in this part 2 as the "board", any money that would otherwise by terms of the contract be paid to the convicted person or such person's representatives or assignees. The board shall distribute the money as described in paragraph (b.5) of this subsection (1.5).

(II) Any person or any person's agent or other legal representative who contracts with a convicted person, or the convicted person's representative or assignee, in the manner described in subparagraph (I) of this paragraph (b), shall:

(A) Submit a copy of the contract or a summary of the terms of an oral agreement to the board;

(B) Pay over to the board any moneys or consideration not subject to an order of restitution and that by the terms of the contract would be otherwise owing to the convicted person or owing to a representative or assignee of the convicted person.

(b.5) If there is a court order of restitution in the criminal case resulting from the crime that remains unpaid, any money received under paragraph (b) of this subsection (1.5) must first be applied to that order of restitution. If there is no outstanding balance from an order of restitution or there remains additional money, and all victims are identified and can be located, the money received or the remaining portion must be apportioned pro rata to the identified victims. For purposes of this section, "victim" has the same meaning as in section 24-4.1-302 (5). If all victims are not known or cannot be located, the board shall deposit the remaining money in an escrow account for the benefit of the victims.

(c) Upon the establishment of an escrow account, any person who is a victim of the crime from which a convicted person receives profits under paragraph (b) of this subsection (1.5) may, within three years of establishment of the escrow account, enforce any judgment entered against the convicted person against the money on deposit in the escrow account. If no judgment has been entered, the victim may bring a civil action in a court of competent jurisdiction to recover a judgment against the convicted person or such person's representatives or designees. After all filed claims are established, the board shall distribute the money in the escrow account to satisfy the claims, or such fraction of each claim as can be fulfilled by the available money.

(d) (I) Upon establishing an escrow account pursuant to paragraph (b) of this subsection (1.5), the board shall notify any victims of the crime of which the person was convicted at such victims' last known addresses of the establishment of the escrow account.

(II) Unless all victims have been identified and can be located, the board shall publish at least once annually from the date of the establishment of the escrow account, a notice of the

escrow account's establishment in a newspaper having general circulation throughout the county in which the crime was committed. The expenses of notification shall be paid from the amount received in the escrow account. The board, in its discretion, may provide for such additional notice as it deems necessary.

(III) The notice required under subparagraphs (I) and (II) of this paragraph (d) shall specify the existence of the escrow account, the amount on deposit, and the victim's right to execute an order of restitution or bring a civil action to recover against the moneys in the escrow account within three years after the date the escrow account is established.

(e) (I) Any person who knowingly fails to comply with any requirement of subparagraph (II) of paragraph (b) of this subsection (1.5) shall be liable for a civil penalty of not less than ten thousand dollars nor more than three times the contract amount.

(II) If two or more persons are adjudged liable for the civil penalty imposed, such persons shall be jointly and severally liable.

(III) After notice and opportunity to be heard is provided, the court, by order of judgment, may assess the penalty described in this paragraph (e). All moneys received from the payment of these penalties shall be paid over to the board.

(IV) In any action or proceeding brought to enforce the contract provisions of this subsection (1.5), the court shall have jurisdiction to grant the attorney general, without bond or other undertaking, any injunctive relief necessary to prevent any payment under a contract that is prohibited under this subsection (1.5).

(1.7) For purposes of this section, "person" means any natural person, firm, corporation, partnership, association, or other legal entity.

(2) If funds remain in the escrow account after payment of a money judgment pursuant to subsection (1) of this section and if no civil actions are pending under this section after three years from the establishment of an escrow account, the board shall notify the department of corrections of the existence of such escrow account. The department of corrections shall certify to the board a statement of the costs of maintenance of the person in the state correctional institution or institutions at which the person was incarcerated. A statement of the cost of maintenance shall be submitted annually for payment to the department of corrections by the board until such time as the person is released from custody of the state. No such payment shall be made upon the dismissal of the charges against any individual whose proceeds are placed in the escrow account.

(3) Upon the dismissal of the charges against any individual whose proceeds are placed in the escrow account or upon a showing by the defendant that three years have elapsed from the establishment of an escrow account and that no civil actions are pending against him or her under this section, the board shall immediately pay any money in the escrow account to the defendant except for funds paid to the department of corrections and anticipated as necessary for future payment to the department of corrections as set forth in subsection (2) of this section.

(4) If an escrow account is established under this section, no otherwise applicable statute of limitations on the time within which civil action may be brought bars action by a victim of a crime committed by the person accused or convicted of the crime, as to a claim resulting from the crime, until three years have elapsed from the time the escrow account was established.

(4.5) The escrow account shall be established for a period of three years. If an action is filed by a victim to recover the victim's interest in the escrow account within such three-year period, the escrow account shall continue until the conclusion of such action.

(5) The board shall make payments from an escrow account to the accused upon an order of the court after a showing by the accused that:

(a) The money will be used for the exclusive purpose of retaining legal representation at any stage of the civil or criminal proceedings against him, including the appeals process; and

(b) He has insufficient assets, other than funds in the escrow account and assets which could be claimed as exempt from execution under state law, to provide for payment of the expenses of legal representation.

(6) The attorney general, at the request of the board, shall bring an action to cause profits from the crime to be paid over and held in an escrow account established by the board.

(oo) Criminal invasion of privacy, in violation of section 18-7-801.

(1.2) "Cold case" means a felony crime reported to law enforcement that has remained unsolved for over one year after the crime was initially reported to law enforcement and for which the applicable statute of limitations has not expired.

(1.3) "Correctional facility" means any private or public entity providing correctional services to offenders pursuant to a court order including, but not limited to a county jail, a

community corrections provider, the division of youth services, and the department of corrections.

(1.5) "Correctional official" means any employee of a correctional facility.

(2) "Critical stages" means the following stages of the criminal justice process:

(a) The filing of charges against a person accused of a crime;

(a.3) Any hearing for the disclosure of the name and identifying information of a child victim or child witness pursuant to section 24-72-304 (4.5)(a.5);

(a.5) The decision not to file charges against a person accused of a crime;

(a.7) The decision to enter into a diversion agreement pursuant to section 18-1.3-101, C.R.S.;

(b) The preliminary hearing;

(c) (I) Any court action involving a bond reduction or modification at which the following occurs:

(A) A bond is set lower than the scheduled or customary amount for the specific charge, including any adjustments made by the court to the amount of bond to correspond to the specific charge to which the defendant pled guilty or for which the defendant was convicted, if the adjusted bond is lower than the scheduled or customary amount for the specific charge;

(B) A change in the type of bond;

(C) A modification to a condition of the bond;

(D) A defendant is permitted to appear without posting a bond;

(E) In a case involving a capital offense, the court grants the defendant's motion for admission to bail pursuant to section 16-4-101 (3), C.R.S.; or

(F) For jurisdictions that do not have a bond schedule or customary amount for bond, a bond is modified to a lower amount than that set at the initial bond hearing.

(II) Notwithstanding the provisions of subparagraph (I) of this paragraph (c), the following shall not constitute a bond reduction or modification:

(A) The initial setting of a bond, whether set by the court at the first appearance or by another entity authorized to do so by the court prior to the first appearance;

(B) The setting of a new bond upon the filing of charges by the district attorney, so long as the bond is set at or above the scheduled or customary amount for the specific charge filed; and

(C) For nonbailable offenses pursuant to section 16-4-101, C.R.S., the subsequent setting of a bond by the court.

(d) The arraignment of a person accused of a crime;

(e) Any hearing on motions concerning evidentiary matters or pre-plea or post-plea relief;

(e.5) Any subpoena or application for records concerning the victim's medical history; mental health; education; victim's compensation; or records that are privileged pursuant to section 13-90-107;

(f) Any disposition of the complaint or charges against the person accused;

(g) The trial;

(h) Any sentencing or resentencing hearing;

(i) Any appellate review or appellate decision;

(j) Any modification of the sentence pursuant to rule 35 (a) or 35 (b) of the Colorado rules of criminal procedure or any other provision of state or federal law;

- (j.5) Any court-ordered modification of the terms and conditions of probation as described in section 18-1.3-204 or 19-2.5-1108 and as outlined in section 24-4.1-303 (13.5)(a);
- (k) Any probation revocation hearing;
- (k.3) The filing of any complaint, summons, or warrant filed by the probation department;
- (k.5) The change of venue or transfer of probation supervision from one jurisdiction to another;
- (k.7) The request for any release from probation supervision prior to the expiration of the defendant's sentence;
- (l) An attack on a judgment or conviction for which a court hearing is set;
- (m) Any parole application hearing and full parole board review hearing;
- (n) The parole, release, or discharge from imprisonment of a person convicted of a crime;
- (o) Any parole revocation hearing;
- (p) The transfer to or placement of a person convicted of a crime in a nonsecured facility;
- (q) The transfer, release, or escape of a person charged with or convicted of a crime from any state hospital;
- (r) Any petition or motion to terminate sex offender registration filed pursuant to section 16-22-113;
- (r.3) (I) Except as provided in subsection (2)(r.3)(II) of this section, any hearing concerning a petition for expungement as described in section 19-1-306.
- (II) The entry of an order of expungement is not a critical stage if:
 - (A) The case resulted in a not guilty verdict at trial;
 - (B) The case was dismissed in its entirety;
 - (C) The juvenile completed a sentence for a petty offense, any drug petty offense, any level 1 or level 2 drug misdemeanor, or a class 2 or class 3 misdemeanor offense not involving unlawful sexual behavior as defined in section 16-22-109 (9), domestic violence as described in section 18-6-800.3, or a crime that is a crime listed under section 24-4.1-302 (1); or
 - (D) The juvenile completed a sentence for a municipal offense not involving domestic violence as described in section 18-6-800.3.
- (s) The execution of an offender in a capital case;
- (t) A hearing held pursuant to section 18-1-414 (2)(b), C.R.S.;
- (u) The decision, whether by court order, stipulation of the parties, or otherwise, to conduct postconviction DNA testing pursuant to section 18-1-413, the results of any such postconviction DNA testing, and court proceedings initiated based on the result of the postconviction DNA testing. An inmate's written or oral request for such testing is not a "critical stage".
- (u.5) A hearing held pursuant to section 18-1-416 (1.5);
- (v) A hearing held pursuant to section 24-72-706, 24-72-709, or 24-72-710;
- (w) A hearing held pursuant to section 24-31-902 (2)(c);
- (x) A hearing held pursuant to section 18-1.3-103.7 or 19-2.5-1118.5;
- (y) A petition for modification of sentence filed pursuant to section 18-1.3-406 (1)(b) and any associated hearing;

(z) A petition for modification of sentence filed pursuant to section 18-1.3-801 (6) and any associated hearing.

(3) "Lawful representative" means any person who is designated by the victim or appointed by the court to act in the best interests of the victim.

(3.5) "Modification of sentence" means an action taken by the court to modify the length, terms, or conditions of an offender's sentence pursuant to rule 35 (a) or (b) of the Colorado rules of criminal procedure; a resentencing following a probation revocation hearing; or a request for early termination of probation. As used in this subsection (3.5), "action taken by the court" includes an order by the court modifying an offender's sentence upon review of the written motion without a hearing but does not include an order denying a motion to modify a sentence without a hearing.

(4) "Significant other" means any person who is in a family-type living arrangement with a victim and who would constitute a spouse of the victim if the victim and such person were married.

(5) "Victim" means any natural person against whom any crime has been perpetrated or attempted, unless the person is accountable for the crime or a crime arising from the same conduct or plan as crime is defined under the laws of this state or of the United States, or, if such person is deceased or incapacitated, the person's spouse, parent, legal guardian, child, sibling, grandparent, grandchild, significant other, or other lawful representative. For purposes of notification under this part 3, any person under the age of eighteen years is considered incapacitated, unless that person is legally emancipated. It is the intent of the general assembly that this definition of the term "victim" shall apply only to this part 3 and shall not be applied to any other provision of the laws of the state of Colorado that refer to the term "victim".

(6) "Victim's immediate family" means the spouse, any child by birth or adoption, any stepchild, the parent, the stepparent, a sibling, a legal guardian, significant other, or a lawful representative of the victim.

(7) "Witness" means any natural person:

- (a) Having knowledge of the existence or nonexistence of facts relating to any crime;
- (b) Whose declaration under oath is received or has been received as evidence for any purpose;
- (c) Who has reported any crime to any peace officer, correctional officer, or judicial officer;
- (d) Who has been served with a subpoena issued under the authority of any court in this state, of any other state, or of the United States; or
- (e) Who would be believed by any reasonable person to be an individual described in paragraph (a), (b), (c), or (d) of this subsection (7).

24-4.1-302.5. Rights afforded to victims - definitions. (1) In order to preserve and protect a victim's rights to justice and due process, each victim of a crime has the following rights:

(a) The right to be treated with fairness, respect, and dignity, and to be free from intimidation, harassment, or abuse, throughout the criminal justice process;

(b) The right to be informed of and be present by appearing in person, by phone, virtually by audio or video, or similar technology for all critical stages of the criminal justice process as specified in section 24-4.1-302 (2); except that the victim shall have the right to be informed of, without being present for, the critical stages described in section 24-4.1-302 (2)(a), (2)(a.5), (2)(a.7), (2)(e.5), (2)(k.3), (2)(n), (2)(p), (2)(q), (2)(r), and (2)(u);

(b.5) Repealed.

(b.6) For a victim of an offense resulting in a juvenile felony adjudication, the right to be informed of the filing of any petition or motion to legally possess, use, or carry a firearm or other weapon pursuant to section 18-12-108 (3)(b);

(b.7) For a victim of a sex offense, the right to be informed of the filing of any petition or motion filed to terminate sex offender registration pursuant to section 16-22-103 (5) or 16-22-113 (2) and (2.5);

(b.8) For a victim who has had forensic medical evidence collected pursuant to section 12-240-139 (1)(b) that has not resulted in a conviction or plea of guilty, the right to be notified by the law enforcement agency with jurisdiction for the case, upon request, of the status and location of the victim's forensic medical evidence including:

(I) The right to be notified that the forensic medical evidence has been submitted to an accredited crime lab for testing as required by the rules promulgated pursuant to section 24-33.5-113;

(II) The right to be notified when the law enforcement agency has received the results of the medical forensic evidence DNA analysis from the accredited crime laboratory;

(III) The right to be informed of whether a DNA sample was obtained from the analysis and whether or not there are matches to DNA profiles in state or federal databases;

(IV) The right to be informed at least sixty days prior to the destruction of forensic medical evidence collected in connection with the alleged sex offense;

(V) The right to file, prior to the expiration of the sixty-day period, an objection with the law enforcement agency, the Colorado bureau of investigation, or the accredited crime laboratory that is proposing to destroy the forensic medical evidence;

(VI) The right to be informed of any change in status of the case, including if the case has been closed or reopened; and

(VII) The right to receive a physical document identifying the rights under law after the exam has been completed;

(b.9) The right to receive a free copy of the initial incident report from the investigating law enforcement agency; except that the release of a document associated with the investigation

is at the discretion of the law enforcement agency based on the status of the case or security and safety concerns in a correctional facility, local jail, or private contract prison as defined in section 17-1-102. The initial incident report must contain, at a minimum, the victim's name, the offender's name, the date of the crime, the charges, and a summary of the incident so the victim has sufficient detail to help the victim with, including but not limited to, insurance claims, employer intercession, protection orders, and landlord-tenant notification. The law enforcement agency may redact the names of other victims involved in the incident who are not related to the victim requesting the report and any personal identifying information, including but not limited to social security numbers, driver's license numbers, telephone numbers, e-mail addresses, and physical addresses related to parties or witnesses in the case. The investigating law enforcement agency shall notify the district attorney of the information the victim received in the incident report and when it was provided to the victim. The district attorney shall provide this information to any defendant involved in the case through the discovery process.

(c) (I) Except as otherwise provided in subsection (1)(c)(II) of this section:

(A) The right to be informed when a person who is accused or convicted of a crime against the victim is released or discharged from county jail; and

(B) The right to be informed when a person who is accused or convicted of a crime against the victim is released or discharged from custody other than county jail, is paroled, escapes from a secure or nonsecure correctional facility or program, absconds from probation or parole, or commits an unauthorized absence as described in section 18-8-208.2 (1).

(II) With respect to the release, discharge, or permanent transfer of a person from a county jail or correctional facility, the provisions of subparagraph (I) of this paragraph (c) shall apply when the person released, discharged, or permanently transferred is no longer within the care and control of the supervising law enforcement or correctional agency. The provisions of subparagraph (I) of this paragraph (c) shall not apply to the temporary transfer of the care and control of a person from a county jail or a correctional facility by the supervising law enforcement or correctional agency to another equally or more secure county jail or correctional facility, so long as the person will return to the care and control of the transferring supervisory agency.

(d) The right to be heard at any court proceeding:

(I) Involving the defendant's bond as specified in section 24-4.1-302 (2)(c). If there is a request to decrease or modify the bond or bond conditions, the court shall set a hearing pursuant to section 16-4-109 (1), and the district attorney shall notify the victim of the hearing.

(I.5) Involving a hearing for the disclosure of the name and identifying information of a child victim or child witness pursuant to section 24-72-304 (4.5)(a.5);

(II) At which the court accepts a plea of nolo contendere;

(III) At which the court accepts a negotiated plea agreement;

(IV) At which a person accused or convicted of a crime against the victim is sentenced or resentenced;

(V) At which the sentence of a person accused or convicted of a crime against the victim is modified;

(VI) At which the defendant requests a modification of the no contact provision of the mandatory criminal protection order pursuant to section 18-1-1001 or 19-2.5-607;

(VII) Involving any application to the court for the issuance of a subpoena for records concerning the victim's medical history, mental health, education, or victim compensation, or any other records that are privileged pursuant to section 13-90-107;

(VIII) Involving a petition for expungement as described in section 19-1-306;

(IX) Involving a hearing as described in section 24-31-902 (2)(c);

(X) Involving a hearing held pursuant to section 24-72-706, 24-72-709, or 24-72-710; or

(XI) Involving a hearing held pursuant to section 18-1.3-103.7 or 19-2.5-1118.5.

(d.5) (I) If a victim or a victim's designee is unavailable to be present for the critical stages described in subsection (1)(d) of this section and the victim or the victim's designee wishes to address the court, the right to request that the court, within the court's resources, arrange and provide the means for the victim and the victim's designee to provide input to the court beyond a written victim impact statement, which may include, but need not be limited to, appearing by phone, virtually by video or audio, or similar technology.

(II) For purposes of this paragraph (d.5), "unavailable" means that the victim or the victim's designee is physically unable to attend the court hearing, may sustain a financial hardship to attend the court hearing, is concerned for his or her safety if he or she attends the court hearing, may suffer significant emotional impact by attending the hearing, or is unavailable for other good cause.

(III) The victim or the victim's designee shall notify the district attorney within a reasonable time that the victim or the victim's designee is unavailable to attend the court hearing. The district attorney's office shall then inform the court that the victim or the victim's designee, due to the victim's or the victim's designee's unavailability, is requesting the court to arrange for and provide the means to address the court, which must include but need not be limited to appearing by phone, virtually by video or audio, or similar technology. The district attorney shall inform the victim or the victim's designee of the available options to appear remotely.

(IV) This subsection (1)(d.5) applies to a victim who is incarcerated or otherwise being held in a local county jail, the department of corrections, or the division of youth services in the department of human services, but is limited to participation by telephone or appearing virtually by video or audio, or similar technology.

(e) The right to consult with the prosecution after any crime against the victim has been charged, prior to any prefile or post filing diversion offer, prior to any disposition of the case, or prior to any trial of the case, and the right to be informed of the final disposition of the case. The right to consult with the prosecution must include an explanation to the victim of the possibility that the defendant may not serve the defendant's entire sentence in the department of corrections because the defendant may receive good time credits or earned time while incarcerated;

(e.2) The right to be informed if a district attorney grants early termination to an offender participating in a diversion program and the date of termination from the diversion program;

(f) The right to be informed by local law enforcement agencies, prior to the filing of charges with the court, or by the district attorney, after the filing of charges with the court, of the status of any case concerning a crime against the victim, and any scheduling changes or cancellations, if such changes or cancellations are known in advance;

(g) The right to be present at the sentencing hearing, including any hearing conducted pursuant to section 18-1.3-1201 or 18-1.4-102, C.R.S., for cases involving class 1 felonies, of any person convicted of a crime against such victim, and to inform the district attorney and the

court, in writing, by a victim impact statement, and by an oral statement, of the harm that the victim has sustained as a result of the crime, with the determination of whether the victim makes written input or oral input, or both, to be made at the sole discretion of the victim;

(h) The right to have the court determine the amount, if any, of restitution to be paid to a victim pursuant to part 6 of article 1.3 of title 18, C.R.S., by any person convicted of a crime against such victim for the actual pecuniary damages that resulted from the commission of the crime;

(i) The right to be informed of the victim's right to pursue a civil judgment against any person convicted of a crime against the victim for any damages incurred by the victim as a result of the commission of the crime regardless of whether the court has ordered such person to make restitution to the victim;

(i.5) (Deleted by amendment, L. 2006, p. 645, § 4, effective July 1, 2006.)

(j) The right to be informed of any proceeding at which any postconviction release from confinement in a secure state correctional facility is being considered for any person convicted of a crime against the victim and the right to be present by appearing in person, by phone, or virtually by video or audio, or similar technology, and heard at any such proceeding or to provide written information. For purposes of this subsection (1), "proceeding" means reconsideration of sentence, a parole hearing, a full parole board review, revocation hearing, rescission hearing, commutation of sentence, or consideration for placement in the specialized program developed by the department of corrections pursuant to section 17-34-102.

(j.2) The right to be informed of any request for progression from the state mental health hospital on behalf of a person in its custody as a result of a criminal case involving the victim, and the right to be present by appearing in person, by phone, or virtually by video or audio, or similar technology, and heard at any hearing during which a court considers such a request. For purposes of this subsection (1)(j.2), "request for progression" includes any request for off-grounds or unsupervised privileges, community placement, conditional release, unconditional discharge, or a special furlough.

(j.3) The right to be notified of a referral of an offender to community corrections;

(j.5) (I) The right to provide a written victim impact statement that must be included with any referral made by the department of corrections or a district court to place an offender in a community corrections facility or program. A community corrections board may allow a victim to provide an oral statement by appearing in person, by phone, or virtually by video or audio, or similar technology, to the community corrections board when an offender is being considered for a direct sentence to community corrections and may place reasonable limits on the victim's oral statement.

(II) For purposes of this subsection (1)(j.5), the victim shall have the right to provide a separate oral statement by appearing in person, by phone, or virtually by video or audio, or similar technology, to the community corrections board considering a transitional referral, but the board shall have discretion to place reasonable parameters on the victim's oral statement. If a community corrections board denies the offender's referral to community corrections, the victim's right under this subsection (1)(j.5)(II) to provide an oral statement must not take effect.

(III) For purposes of this subsection (1)(j.5), if a victim or a victim's designee is unavailable to be present for a proceeding to consider an offender for a direct sentence or transitional referral to community corrections as described in subsection (1)(j.5)(I) of this section, and the victim or the victim's designee wishes to address the community corrections

board, the victim or the victim's designee shall notify the community corrections board within a reasonable time that the victim is unavailable to attend the proceeding but would like to make a statement. Within its resources, the community corrections board shall arrange for and provide the means for the victim to address the board, which means may include, but need not be limited to, appearing in person, by phone, or virtually by audio or video, or similar technology.

(IV) For purposes of this subsection (1)(j.5), "unavailable" means the victim or the victim's designee is physically unable to attend the proceeding, may sustain a financial hardship to attend the proceeding, is concerned for his or her safety if he or she attends the proceeding, may suffer significant emotional impact by attending the proceeding, or is unavailable for other good cause.

(V) This subsection (1)(j.5) applies to a victim who is incarcerated or otherwise being held in a local county jail, the department of corrections, or the division of youth corrections in the department of human services but is limited to participation by appearing in person, by phone, or virtually by audio or video, or similar technology.

(j.7) The right, at the discretion of the district attorney, to view all or a portion of the presentence report of the probation department;

(j.8) The right, upon request, to obtain any incident recording as described in section 24-31-902;

(k) The right to promptly receive any property that belongs to a victim and that is being held by a prosecutorial or law enforcement agency unless there are evidentiary reasons for the retention of such property;

(l) The right to be informed of the availability of financial assistance and community services for victims, the immediate families of victims, and witnesses, which assistance and community services shall include, but shall not be limited to, crisis intervention services, victim compensation funds, victim assistance resources, legal resources, mental health services, social services, medical resources, rehabilitative services, and financial assistance services, and the right to be informed about the application process for such services;

(l.5) The right to be informed about the possibility of restorative justice practices, as defined in section 18-1-901 (3)(o.5), C.R.S., which includes victim-offender conferences;

(m) The right to be informed about what steps can be taken by a victim or a witness, including information regarding protection services, in case there is any intimidation or harassment by a person accused or convicted of a crime against the victim, or any other person acting on behalf of the accused or convicted person;

(n) The right to be provided with appropriate employer intercession services to encourage the victim's employer to cooperate with the criminal justice system in order to minimize the loss of employment, pay, or other benefits resulting from a victim's court appearances or other required meetings with criminal justice officials;

(o) The right to be assured that in any criminal proceeding the court, the prosecutor, and other law enforcement officials will take appropriate action to achieve a swift and fair resolution of the proceedings;

(p) The right to be provided, whenever practicable, with a secure waiting area during court proceedings that does not require a victim or a witness to be seen or to be in close proximity to the person accused or convicted of a crime against the victim or such person's family or friends;

(q) The right to be informed when a person convicted of a crime against the victim is placed in or transferred to a less secure public or private correctional facility or program;

(q.5) The right to be informed of the results of a probation or parole revocation hearing;

(r) The right to be informed when a person who is or was charged with or convicted of a crime against the victim escapes or is permanently or conditionally transferred or released from any public hospital, private hospital, or state hospital;

(s) The right to be informed of any rights which the victim has pursuant to the constitution of the United States or the state of Colorado;

(t) The right to be informed of the process for enforcing compliance with this article pursuant to section 24-4.1-303 (17);

(u) The right to be informed of the results of any testing for a sexually transmitted infection that is ordered and performed pursuant to section 18-3-415, 25-4-408 (6), or 25-4-412, C.R.S.;

(v) The right to prevent any party at any court proceeding from compelling testimony regarding the current address, telephone number, place of employment, or other locating information of the victim unless the victim consents or the court orders disclosure upon a finding that a reasonable and articulable need for the information exists. Any proceeding conducted by the court concerning whether to order disclosure shall be in camera.

(w) The right to have the district attorney, a law enforcement agency, a probation department, a state or private correctional facility, the department of human services, or the Colorado mental health institute at Pueblo make all reasonable efforts to exclude or redact a victim's social security number or a witness' social security number from a criminal justice document or record created or compiled as a result of a criminal investigation when the document or record is released to anyone other than the victim, the defense attorney of record, the defense attorney's agent, or a criminal justice agency that has duties under this article;

(x) The right to be notified of how to request protection of their address pursuant to the Colorado rules of criminal procedure;

(y) The right to receive a copy of the victim impact statement form from the district attorney's office;

(z) The right to be notified of a hearing concerning any motion filed for or petition for sealing of records described in section 24-72-706 or 24-72-709 or 24-72-710 filed by a defendant in the criminal case whose crime falls under section 24-4.1-302 (1);

(aa) The right to be informed of the governor's decision to commute or pardon a person convicted of a crime against the victim before such information is publicly disclosed.

(1.6) The right to be informed of the existence of a criminal protection order pursuant to section 18-1-1001 or 19-2.5-607 and, upon request of the victim, information about provisions that may be added or modified, and the process for requesting such an addition or modification.

(2) Subsection (1) of this section shall not be construed to imply that any victim who is incarcerated by the department of corrections or any local law enforcement agency has a right to be released to attend any hearing or that the department of corrections or the local law enforcement agency has any duty to transport such incarcerated victim to any hearing.

(3) Municipalities and municipal courts shall be encouraged to adopt policies which afford the rights granted to crime victims pursuant to this section to crime victims at the municipal court level, to the extent the adoption of such policies is practicable in the particular municipality.

(4) (a) If a victim contacts a criminal justice agency regarding a crime that occurred before 1993, and the offender who committed the crime is currently serving a sentence for the crime, the victim may request notification of any future critical stages of the criminal proceedings. This provision does not require a criminal justice agency to proactively locate victims of crimes that occurred before 1993.

(b) If an arrest is made for a crime committed before 1993 that was previously unsolved, the appropriate criminal justice agency shall notify the crime victim of all future critical stages.

24-4.1-303. Procedures for ensuring rights of victims of crimes. (1) Law enforcement agencies, prosecutorial agencies, judicial agencies, and correctional agencies shall ensure that victims of crimes are afforded the rights described in section 24-4.1-302.5.

(1.5) If a crime victim is deceased or incapacitated, as defined in section 24-4.1-302 (5), one or more people, as described in section 24-4.1-302 (6), may represent the interests of the victim as the victim's designee and may have the right to be informed, present, or heard at any proceeding pursuant to section 24-4.1-302.5 (1)(d), (1)(j), and (1)(j.5) and subsections (13.5)(a)(III), (13.5)(a)(IV), and (14)(d) of this section.

(2) All correctional officials shall keep confidential the address, telephone number, place of employment, or other personal information of such victim or members of such victim's immediate family.

(3) The district attorney's office, if practicable, shall inform the victim of any pending motion that may substantially delay the prosecution. The district attorney shall inform the court of the victim's position on the motion, if any. If the victim has objected, the court shall state in writing or on the record prior to granting any delay that the objection was considered.

(3.5) The district attorney's office, if practicable, shall inform the victim of any pending motion or decision by the district attorney to sequester the victim from a critical stage in the case. The district attorney shall inform the court of the victim's position on the motion or the district attorney's decision, if any. If the victim has objected, then the court, before granting the sequestration order, shall state in writing or on the record that the victim's objection was considered and state the basis for the court's decision. If a victim is sequestered, the district attorney must undertake best efforts to prioritize the timing of the victim's testimony and minimize the amount of time the victim is sequestered from the critical stages in the case.

(4) After a crime has been charged, or as part of a pre-filing or post-filing diversion offer, unless inconsistent with the requirements of investigative activities, the district attorney shall consult, if practicable, with the victim concerning the reduction of charges, negotiated pleas, diversion, dismissal, seeking of death penalty, or other disposition. The district attorney shall explain to the victim the possibility that the defendant may not serve the defendant's entire sentence in the department of corrections because the defendant may receive good time credits or earned time while incarcerated. Failure to comply with this subsection (4) does not invalidate any decision, agreement, or disposition. This subsection (4) must not be construed as a restriction on or delegation of the district attorney's authority under the constitution and laws of this state.

(5) All reasonable attempts shall be made to protect any victim or the victim's immediate family from harm, harassment, intimidation, or retaliation arising from cooperating in the reporting, investigation, and prosecution of a crime. Law enforcement officials and the district attorney shall provide reasonable efforts to minimize contact between the victim and the victim's immediate family and the defendant and the relatives of the defendant before, during, and immediately after a judicial proceeding. Whenever possible, a waiting area shall be provided that is separate in both proximity and sight from that of the defendant, the defendant's relatives, and any defense witnesses.

(6) (a) A victim or an individual designated by the victim may be present at all critical stages of a criminal proceeding regarding any crime against such victim unless the court or the district attorney determines that exclusion of the victim is necessary to protect the defendant's right to a fair trial or the confidentiality of juvenile proceedings. If the victim is present, the court, at the victim's request, may permit the presence of an individual to provide support to the victim.

(b) A victim may be present at the phase of the trial at which the defendant is determined to be guilty or not guilty and may be heard at such phase of the trial if called to testify by the district attorney, defense, or court if any such statement would be relevant.

(c) The court shall make all reasonable efforts to accommodate the victim upon the return of a verdict by the jury. If the court is informed by the district attorney that the victim is en route to the courtroom for the reading of the verdict, the court shall state on the record that it has considered the information provided by the district attorney prior to the return of the verdict by the jury.

(7) When a victim's property is no longer needed for evidentiary reasons, the district attorney or any law enforcement agency shall, upon request of the victim, return such property to the victim within five working days unless the property is contraband or subject to forfeiture proceedings.

(8) An employer may not discharge or discipline any victim or a member of a victim's immediate family for honoring a subpoena to testify in a criminal proceeding or for participating in the preparation of a criminal proceeding.

(9) The district attorney and any law enforcement agency shall inform each victim as to the availability of the following services:

(a) Follow-up support for the victim and the victim's immediate family in order to ensure that the necessary assistance is received by such persons;

(b) Services for child victims and elderly victims, and services for victims who are persons with disabilities, which are directed to the special needs of such victims;

(c) Referral to special counseling facilities and community service agencies by providing the names and telephone numbers of such facilities or agencies, whether public or private, which provide such services as crisis intervention services, victim compensation funds, victim assistance resources, legal resources, mental health services, social services, medical resources, rehabilitative services, financial assistance, and other support services;

(d) Transportation and household assistance to promote the participation of any victim or the victim's immediate family in the criminal proceedings;

(e) Assistance in dealing with creditors and credit reporting agencies to deal with any financial setbacks caused by the commission of a crime;

(f) Interpretation services and information printed in languages other than the English language;

(g) Child care services to enable a victim or the victim's immediate family to give testimony or otherwise participate in the prosecution of a criminal proceeding; and

(h) The existence of a criminal protection order pursuant to section 18-1-1001 or 19-2.5-607 and, upon request of the victim, information about provisions that may be added or modified and the process for requesting such an addition or modification.

(10) (a) After the initial contact between a victim and a law enforcement agency responsible for investigating a crime, the agency shall promptly give the victim the following information in writing:

(I) A statement of the victim's rights as enumerated in this article;

(II) Information concerning the availability of victim assistance, medical, and emergency services;

(III) Information concerning the availability of compensatory benefits pursuant to this article and the name, address, and telephone number of any person to contact to obtain such benefits;

(IV) The availability of protection for the victim from the person accused of committing a crime against the victim, including protective court orders; and

(V) The right of a victim to request a copy of the law enforcement report and other documents related to the case, including the right to receive a free copy of the initial incident report. The release of any documents associated with the investigation is at the discretion of the law enforcement agency based on the status of the case.

(b) As soon as available, the law enforcement agency shall give to each victim, as appropriate, the following information:

(I) The business address and business telephone number of the office of the district attorney;

(II) The file number of the case and the name, business address, and business telephone number of any law enforcement officer assigned to investigate the case;

(III) Unless such information would be inconsistent with the requirements of the investigation, information as to whether a suspect has been taken into custody and, if known, whether the suspect has been released, any conditions imposed upon such release, and further notification that may be required pursuant to section 24-4.1-302.5 (1)(c);

(IV) Upon request of the victim, the law enforcement agency shall provide the victim in a cold case information concerning any change in the status of the case. In addition, the law enforcement agency shall provide an update at least annually to the victim concerning the status

of a cold case involving one or more crimes for which the criminal statute of limitations is longer than three years.

(V) Any final decision not to file misdemeanor charges against a person accused of committing any crime specified in section 24-4.1-302 (1) against the victim unless law enforcement and the district attorney's office in a judicial district have developed a policy specifying the manner in which to inform victims of decisions not to file charges in a case.

(11) The district attorney shall inform a victim of the following:

(a) The filing of charges against a person accused of committing any of the crimes specified in section 24-4.1-302 (1) against the victim, including an explanation of the charges when necessary; or a final decision not to file felony charges against a person for whom law enforcement has requested, pursuant to section 16-21-103 (2)(a), C.R.S., the filing of charges for any of the crimes specified in section 24-4.1-302 (1) committed against the victim unless law enforcement and the district attorney's office in a judicial district have developed a policy specifying the manner in which to inform victims of decisions not to file charges in a case;

(a.5) The charges to be filed, prior to filing of the charges, if the most serious charge to be filed is lower than the most serious charge for which the individual was arrested and the filing of the lower charge may result in the court issuing a new, lower bond;

(b) Any of the critical stages specified in section 24-4.1-302 (2)(a) to (2)(j), (2)(l), and (2)(u.5) of a criminal proceeding relating to a person accused of a crime against the victim; except that the district attorney shall not be obligated to inform the victim of any appellate review undertaken by the attorney general's office;

(b.3) Any hearing for the disclosure of the name and identifying information of a child victim or child witness pursuant to section 24-72-304 (4.5)(a.5);

(b.5) Any critical stage described in section 24-4.1-302 (2)(r.3) relating to a hearing concerning a petition for the expungement of juvenile records, which records concern an offense committed by the juvenile against the victim;

(b.7) Any motion filed, unless the motion is denied because the motion is either insufficient or the defendant is not entitled to relief, or any hearing concerning a motion or petition for sealing of records as described in section 24-72-706, 24-72-709, or 24-72-710 that was filed by a defendant in the criminal case and whose crime falls under section 24-4.1-302 (1). The notification should be made using the last known contact information that is available for the victim.

(c) The assignment of any case regarding a crime against the victim, including the file number of such case and, if available, the name, business address, and business telephone number of any deputy district attorney assigned to the case, and the court room to which the case is assigned;

(d) The date, time, and place of any of the critical stages specified in section 24-4.1-302 (2)(a) to (2)(j) and (2)(l) of the proceeding;

(e) The availability of benefits pursuant to this article and the name, address, and telephone number of any person to contact to obtain such benefits;

(f) The availability of transportation to and from any court proceeding for any victim, except as provided in section 24-4.1-302.5 (2);

(g) The availability of restorative justice practices, as defined in section 18-1-901 (3)(o.5), C.R.S., which includes victim-offender conferences;

(h) The right to complete a written victim impact statement. The victim has the option to complete the statement on a form provided by the district attorney's office. The district attorney shall inform the victim that the defendant has a right to view the victim impact statement.

(i) The availability of the district attorney to seek a court order to protect a victim's residential address.

(12) Unless a victim requests otherwise, the district attorney shall inform each victim of the following:

(a) The function of a presentence report, including the name and telephone number of the probation office preparing any such report regarding a person convicted of a crime against the victim, and the right of a victim, or a member of the victim's immediate family, to make a victim impact statement pursuant to this article;

(b) The defendant's right to view the presentence report and the victim impact statement;

(c) The date, time, and location of any sentencing or resentencing hearing;

(d) The right of the victim, or a member of the victim's immediate family, to attend and to express an opinion at the sentencing hearing as to the appropriateness of any sentence proposed to the court for consideration;

(e) Any sentence imposed;

(f) (I) The date, time, and location of any hearing for modification of a sentence pursuant to rule 35 (a) or rule 35 (b) of the Colorado rules of criminal procedure or any provision of state or federal law; except that a district attorney is not required to inform each victim of a resentencing following a probation revocation hearing or a request for early termination of probation. For both probation revocation hearings and requests for early termination, it is the responsibility of the probation department to notify the victim if the victim has requested post-sentencing notification.

(II) If a hearing is not scheduled and the court has reviewed a written motion for modification of sentence and is considering granting any part of the motion without a hearing, the court shall inform the district attorney, and the district attorney shall notify and receive input from the victim to give to the court before the court rules on the motion.

(III) If the court has reviewed and denied the written motion without a hearing, the district attorney is not required to notify the victim regarding the filing of or ruling on the motion.

(IV) This paragraph (f) does not modify the probation department's responsibility to notify a victim that has opted to receive notifications described in subsection (13.5) of this section.

(f.5) Any motion to modify the terms and conditions of an unsupervised deferred sentence for which the district attorney's office is the monitoring agency. The procedures for notifying victims outlined in subparagraphs (I) and (II) of paragraph (f) of this subsection (12) apply to the district attorney and the court with regard to this motion.

(g) The right to receive information from correctional officials concerning the imprisonment and release of a person convicted of a crime against the victim pursuant to subsection (14) of this section;

(g.5) The right to receive information from the state mental health hospital concerning the custody and release of an offender who was ordered by a court into the hospital's custody pursuant to subsection (14.2) of this section;

(h) The right to receive information from the probation department concerning information outlined in subsection (13.5) of this section regarding a person convicted of a crime against the victim;

(i) The decision, whether by court order, stipulation of the parties, or otherwise, to conduct postconviction DNA testing to establish the actual innocence of the person convicted of a crime against the victim. If court proceedings are initiated based on the results of the postconviction DNA testing, the victim shall be notified of the court proceedings by the district attorney's office that filed and prosecuted the charges resulting in the entry of the judgment of conviction challenged by the defendant. If the attorney general's office is the agency that decides to conduct postconviction DNA testing, the attorney general's office is responsible for notifying the victim.

(j) The right to be informed of a request for progression from the state mental health hospital on behalf of a person in its custody as a result of a criminal case involving the victim.

(13) If a person convicted of a crime against the victim seeks appellate review or attacks the conviction or sentence, the district attorney or the office of the attorney general, whichever is appropriate, shall inform the victim of the status of the case and of the decision of the court.

(13.5) (a) Following a sentence to probation and upon the written request of a victim, the probation department shall notify the victim of the following information regarding any person who was charged with or convicted of a crime against the victim:

(I) The location and telephone number of the probation department responsible for the supervision of the person;

(II) The date of the person's termination from probation supervision;

(III) Any request for release of the person in advance of the person's imposed sentence or period of probation, including notification of the victim's right to be present and heard at the hearing and notification of the results of such a hearing pursuant to section 24-4.1-302.5 (1)(d). If a hearing is not scheduled and the court has reviewed a written motion for early termination of probation and is considering granting the motion without a hearing, the court shall inform the probation department and the district attorney's office, and the probation department shall notify and receive input from the victim to give to the court before the court rules on the motion. If the court has reviewed and denied such a request without a hearing, the probation department is not required to notify the victim regarding the filing of or ruling on the request.

(IV) Any probation revocation or modification hearing at which the person's sentence may be reconsidered or modified and any changes in the scheduling of the hearings, including notification of the victim's right to be present and heard at the hearing and notification of the results of such a hearing pursuant to section 24-4.1-302.5 (1)(d). If a hearing is not scheduled and the court has reviewed a written motion for modification of sentence and is considering granting any part of the motion without a hearing, the court shall inform the probation department and the district attorney's office, and the probation department shall notify and receive input from the victim to give to the court before the court rules on the motion. If the court has reviewed and denied the written motion without a hearing, the probation department is not required to notify the victim regarding the filing of or ruling on the motion.

(V) Any motion filed by the probation department requesting permission from the court to modify the terms and conditions of probation as described in section 18-1.3-204 or 19-2.5-1108 if the motion has not been denied by the court without a hearing;

(V.5) Any change of venue, transfer of probation supervision from one jurisdiction to another, or interstate compact transfer of probation supervision;

(VI) Any complaint, summons, or warrant filed by the probation department;

(VII) The death of the person while under the jurisdiction of the probation department;

(VIII) Concerning domestic violence cases, any conduct by the probationer that results in an increase in the supervision level by the probation department; and

(IX) Any court-ordered modification of the terms and conditions of probation as described in section 18-1.3-204 or 19-2.5-1108.

(b) Repealed.

(14) Upon receipt of a written victim impact statement as provided in section 24-4.1-302.5 (1)(j.5), the department of corrections shall include the statement with any referral made by the department of corrections or a district court to place an offender in a public or private community corrections facility or program. The department of corrections or the public or private local corrections authorities shall notify the victim of the following information regarding any person who was charged with or convicted of a crime against the victim:

(a) The institution in which such person is incarcerated or otherwise being held;

(b) The projected date of such person's release from confinement;

(c) Any release of such person on furlough or work release or to a community correctional facility or other program, or statutory discharge in advance of such release;

(d) Any scheduled parole hearings or full parole board reviews regarding the person and any changes in the scheduling of such hearings, including notification of the victim's right to be present and heard at such hearings;

(e) Any escape or unauthorized absence as described in section 18-8-208.2 (1) by such person, or transfer or release from any state hospital, a detention facility, a correctional facility, a community correctional facility, or other program, and any subsequent recapture of such person;

(f) Repealed.

(g) The transfer to or placement in a nonsecured facility of a person convicted of a crime, any release or discharge from confinement of the person, and any conditions attached to the release;

(h) The death of the person while in custody or while under the jurisdiction of the state of Colorado concerning the crime;

(i) The transition of the person from a residential facility to a nonresidential setting;

(j) Any decision by the parole board and any decision by the governor to commute the sentence of the person or pardon the person; and

(k) The date, time, and location of a scheduled execution.

(14.1) The Colorado mental health institute at Pueblo, or the Colorado mental health institute at Fort Logan, as may be applicable, shall notify the victim of the following information regarding any person who was charged with or convicted of a crime against the victim:

(a) The institution in which the person resides;

(b) Any release of the person on furlough or other program, in advance of such release;

(c) Any other transfer or release from the state hospital;

(d) Any escape by the person and any subsequent recapture of the person; and

(e) The death of the person while in custody or while under the jurisdiction of the state.

(14.2) Upon receipt of a written statement as provided in section 24-4.1-302.5 (1)(j.5), the department of human services, division of youth services, shall include the statement with

any referral made by the department of human services or a district court to place an offender in a public or private community corrections facility or program. The department of human services and any state hospital shall notify the victim of the following information regarding any person who was charged with or adjudicated of a crime against the victim:

- (a) The institution in which such person is incarcerated or otherwise being held;
- (b) The projected date of such person's release from confinement;
- (c) Any release of such person on furlough or work release or to a community correctional facility or other program, in advance of such release;
- (d) Repealed.
- (e) Any escape or unauthorized absence as described in section 18-8-208.2 (1) by the person, or transfer or release from any state hospital, a detention facility, a correctional facility, a community correctional facility, parole supervision, or other program, and any subsequent recapture of the person;
- (f) Any decision by the governor to commute the sentence of the person or pardon the person;
- (g) The transfer to or placement in a nonsecured facility of a person adjudicated of a crime, any release or discharge from the sentence of the person, and any conditions attached to the release;
- (h) The death of the person while in custody or while under the jurisdiction of the state;
- (i) Any request by the department of human services to the juvenile court to modify the sentence to commitment and any decision by the juvenile court to modify the sentence to commitment; and
- (j) Any placement change that occurs during the person's parole that may affect the victim's safety, as determined by the division of youth services.

(14.3) The juvenile parole board shall notify the victim of the following information regarding any person who was charged with or adjudicated of an offense against the victim:

- (a) Any scheduled juvenile parole hearings pursuant to sections 19-2.5-1203 and 19-2.5-1206 regarding the person, any change in the scheduling of such a hearing in advance of the hearing, the victim's right to be present and heard at such hearings, the results of any such hearing, any parole decision to release the person, and the terms and conditions of any such release; and
- (b) and (c) (Deleted by amendment, L. 2022.)
- (d) Any discharge from juvenile parole.

(14.4) The court or its designee, pursuant to section 18-3-415, C.R.S., shall disclose the results of any testing for a sexually transmitted infection that is ordered and performed pursuant to section 18-3-415, 25-4-408 (6), or 25-4-412, C.R.S., to any victim of a sexual offense in the case in which the testing was ordered. Disclosure of diagnostic test results must comply with the requirements of section 25-4-410 (2), C.R.S.

(14.5) (a) At any proceeding specified in section 24-4.1-302.5 (1)(d), the court shall inquire whether the victim is present and wishes to address the court. The court shall advise the victim of his or her right to address the court regarding issues relevant to the case.

(a.5) A party issuing a subpoena pursuant to rule 17 of the Colorado rules of criminal procedure for the production of the privileged records of a victim pursuant to section 13-90-107 or a subpoena requesting the compensation records of a victim pursuant to section 24-4.1-107.5 shall file with the court and serve on any opposing party:

- (I) A copy of the subpoena;
 - (II) A certificate stating that the party has a good-faith belief that there is a lawful basis for issuing the subpoena;
 - (III) A copy of the written notice served on recipients that advises that a party may not release records until the court orders the release of the records at a hearing and that a party may only provide the records to the court if the court orders the party to release the records; and
 - (IV) A motion stating the party's lawful basis for the subpoena and, if subject to a claim of privilege pursuant to section 13-90-107, a good-faith claim that the victim has expressly or impliedly waived any privilege to allow the court to properly receive the records.
- (b) (I) At a proceeding specified in section 24-4.1-302.5 (1)(d)(VII), after considering all relevant evidence, the court shall quash any subpoena and shall not receive any records protected by privilege pursuant to section 13-90-107 unless the court finds, based upon evidence, that a victim expressly or impliedly waived the statutory privilege. In considering whether to receive and release any records relating to the victim, the court shall determine whether:
- (A) There is a reasonable likelihood that the subpoenaed records exist;
 - (B) The subpoenaed records are evidentiary and relevant;
 - (C) The subpoenaed records cannot be reasonably procured in advance of the trial despite due diligence;
 - (D) The party cannot properly prepare for trial without production and inspection of the subpoenaed records, and failure to inspect the subpoenaed records in advance may unreasonably delay the trial; and
 - (E) The application to review the subpoenaed records is made in good faith.
- (II) If the court conducts a hearing on the application for the issuance of subpoenaed records, the court shall proceed only after input from the victim, unless the victim is unavailable and the court finds that the district attorney notified the victim or made all reasonable efforts to notify the victim.
- (III) If after the hearing, the court orders the production of records, the court shall enter orders to set a timeline of no less than seven days for the party to arrange production of the records to the court; except that the court may order production in less than seven days to avoid the delay of a jury trial.
- (c) The court shall inform the probation department and the district attorney's office before any hearing regarding any request by the probationer for early termination of probation or any change in the terms and conditions of probation.
- (d) The court shall provide the victim or the victim's designee with translation or interpretation services as needed during all critical stages of the hearing. The victim or the victim's designee shall notify the district attorney within a reasonable time that the victim or the victim's designee needs an interpreter for the critical stages of the hearing. The district attorney's office shall inform the court that the victim or victim's designee requests that the court arrange for translation or interpretation services.
- (e) The court shall require the defendant to be present by appearing in person, by phone, or virtually by audio or video, or similar technology, during the sentencing hearing to hear the victim's impact statement, unless the court excludes the defendant.
- (14.7) (a) The court or its designee shall ensure that victim information be provided to any entity responsible for victim notification after the defendant is sentenced.

(b) The court shall notify the victim of petitions or motions filed to cease sex offender registration pursuant to sections 16-22-103 (5) and 16-22-113 (2) and (2.5).

(14.9) (a) If, in a case of an alleged sex offense that has not resulted in a conviction or plea of guilty or when a law enforcement report or a medical report is filed pursuant to section 12-240-139 (1)(b)(I), the law enforcement agency, the Colorado bureau of investigation, or the accredited crime laboratory with custody of forensic medical evidence wants to destroy the evidence, it shall notify the victim at least sixty days prior to the destruction of the forensic medical evidence.

(b) When a victim objects to the destruction of forensic medical evidence after receiving notice pursuant to subsection (14.9)(a) of this section, the law enforcement agency, the Colorado bureau of investigation, or the accredited crime laboratory shall retain the forensic medical evidence for an additional ten years.

(15) (a) Unless specifically stated otherwise, the requirements of this section to provide information to the victim may be satisfied by either written, electronic, or oral communication with the victim or the victim's designee. The person responsible for providing the information shall do so in a timely manner and advise the victim or the victim's designee of any significant changes in the information. The victim or the victim's designee shall keep appropriate criminal justice authorities informed of the name, address, electronic mail address, if available, and telephone number of the person to whom the information should be provided, and any changes of the name, address, electronic mail address, and telephone number.

(a.5) A victim who turns eighteen years of age has the right to request notification from a criminal justice agency and to become the primary point of contact. The designee for the victim shall also continue to receive notifications if the designee has requested notification; except that the notifying agency has the discretion to notify only the victim if the victim so requests or if the agency deems that extenuating and documentable circumstances justify discontinuing notification to the victim's designee. The right of a victim's designee to address the court remains in effect even if the victim requests notification from a criminal justice agency.

(b) An agency that is required to notify a victim under this part 3 shall make reasonable attempts to contact the victim or the victim's designee by mail, electronic communication, if the victim or the victim's designee has provided an electronic mail address, and by telephone. If the victim or the victim's designee does not provide the agency with a forwarding address, electronic mail address, and telephone number and the agency is unable to locate the victim or the victim's designee after reasonable attempts have been made to contact the victim or the victim's designee, the agency shall be deemed to have met its obligation under this part 3 and shall not be required to notify the victim or victim's designee until the victim or victim's designee provides the agency with the current address, electronic mail address, if available, and telephone of the victim and the name of the victim's current designee, if applicable.

(c) An agency that is required to notify a victim under this part 3 may use an automated victim notification system.

(d) Using recommendations from victim advocates, the person responsible for providing information pursuant to this section shall ensure the information required is in plain and easy-to-understand language. To the extent practicable, any written or electronic notice must ensure that information about the release, discharge, transfer, parole, escape, abscondence, or unauthorized absence of a person accused or convicted of a crime against the victim is presented

prominently and in a manner intended to increase the likelihood of the victim's attention to the notice.

(16) A defendant or person accused or convicted of a crime against the victim shall have no standing to object to any failure to comply with this article.

(17) Any affected person, except as provided in subsection (16) of this section, may enforce compliance with this article by notifying the crime victim services advisory board created in section 24-4.1-117.3 (1) of any noncompliance with this article. The crime victim services advisory board shall review any report of noncompliance, and, if the board determines that the report of noncompliance has a basis in fact and cannot be resolved, the board shall refer the report of noncompliance to the governor, who shall request that the attorney general file suit to enforce compliance with this article. A person, corporation, or other legal entity shall not be entitled to claim or to receive any damages or other financial redress for any failure to comply with this article.

(18) The district attorney, a law enforcement agency, a probation department, a state or private correctional facility, the department of human services, or the Colorado mental health institute at Pueblo shall make all reasonable efforts to exclude or redact a victim's social security number or a witness' social security number from any criminal justice document or record created or compiled as a result of a criminal investigation when the document or record is released to anyone other than the victim, a criminal justice agency that has duties under this article, or the attorney for the defendant.

24-4.1-304. Child victim or witness - rights and services. (1) In addition to all rights afforded to a victim or witness under section 24-4.1-302.5, law enforcement agencies, prosecutors, and judges are encouraged to designate one or more persons to provide the following services on behalf of a child who is involved in criminal proceedings as a victim or a witness:

(a) To explain, in language understood by the child, all legal proceedings in which the child will be involved;

(b) To act, as a friend of the court, to advise the judge, whenever appropriate, of the child's ability to understand and cooperate in any court proceeding;

(c) To assist the child and the child's family in coping with the emotional impact of the crime and any subsequent criminal proceeding in which the child is involved;

(d) To advise the district attorney concerning the ability of a child witness to cooperate with the prosecution and concerning the potential effects of the proceeding on the child.

24-4.1-305. Disclosure by agent of defense-initiated victim outreach required - definition. (1) When any person attempting defense-initiated victim outreach contacts any victim of any crime, the person shall immediately provide full and unambiguous disclosure of:

(a) The person's legal name; and
(b) The fact that the person is acting as an agent for the person accused of the crime or for the defense team of such person.

(2) (a) As used in this section, unless the context requires otherwise, "defense-initiated victim outreach" means any effort by the defense team, including but not limited to a victim liaison, victim outreach specialist, social worker, investigator, or other individual, to directly or indirectly contact a victim or a victim's family member on behalf of the defendant or defense counsel.

(b) The definition in paragraph (a) of this subsection (2) does not require the identified members of a defense team to comply with any guidelines or standards promulgated by any professional defense-initiated victim outreach organization.

PART 4

CERTIFICATION OF CERTAIN FEDERAL IMMIGRATION FORMS

24-4.1-401. Definitions. As used in this part 4, unless the context otherwise requires:

(1) "Certification form" or "certification" means the federal form I-918, supplement B, "U Nonimmigrant Status Certification", or any successor form, required under 8 U.S.C. sec. 1184 (p)(1) and 8 CFR 214.14 (c)(2)(i) and as defined under 8 CFR 214.14 (a)(12), which confirms that the petitioner is a victim of qualifying criminal activity and has been helpful, is being helpful, or is likely to be helpful in the investigation or prosecution of the qualifying criminal activity of which the petitioner is a victim.

(2) "Certifying agency" or "agency" has the same meaning as defined in 8 CFR 214.14 (a)(2) and includes but is not limited to:

(a) A state or local law enforcement agency;
(b) The office of a district, county, or city attorney;
(c) A court;
(d) The office of the attorney general;
(e) Any other agency that is responsible for the detection, investigation, or prosecution of a qualifying crime or criminal activity; or
(f) Entities that have criminal detection or investigative jurisdiction in their respective areas of expertise, including but not limited to a county department of human or social services and the department of labor and employment.

(3) "Certifying official" has the same meaning as defined in 8 CFR 214.14 (a)(3) and includes but is not limited to:

- (a) The head of the certifying agency;
- (b) A person in a supervisory role who has been specifically designated by the head of a certifying agency to issue certifications on behalf of that agency; or
- (c) A judge or magistrate.

(4) "Qualifying criminal activity" has the same meaning as defined in 8 CFR 214.14 (a)(9), including any activity that constitutes a crime as defined pursuant to Colorado law, regardless of the statutory language or title used pursuant to Colorado law, for which the nature and elements of the offenses are substantially similar to the general categories of offenses enumerated in 8 U.S.C. sec. 1101 (a)(15)(U), or any other similar criminal activities, and the attempt, conspiracy, or solicitation to commit any of those offenses.

(5) "Victim of qualifying criminal activity" or "victim" has the same meaning as defined in 8 CFR 214.14 (a)(14) and includes an individual who has suffered direct and proximate harm as a result of the commission of qualifying criminal activity, including direct victims; indirect victims, as defined under 8 CFR 214.14 (a)(14)(i), regardless of the direct victim's immigration or citizenship status; and bystander victims, as recognized under the federal register at 72 FR 53016.

24-4.1-402. Immigration certification forms - completion deadlines. (1) For the time period of September 1, 2021, through June 30, 2022, and except as provided in subsection (2) of this section, a certifying agency shall process and either sign or decline to sign a certification form within one hundred twenty days after receipt of a request.

(2) For the time period of September 1, 2021, through June 30, 2022, a certifying agency shall process and either sign or decline to sign a certification form within sixty days after receipt of a request if:

(a) The requestor provides documentation that he or she is in federal immigration removal proceedings; or

(b) The requestor provides documentation that one or more children, parents, or siblings of the requestor would become ineligible for U nonimmigrant status by virtue of age within sixty business days after the date that the certifying official receives the certification form request.

(3) On and after July 1, 2022, and except as provided in subsection (4) of this section, a certifying agency shall process and either sign or decline to sign a certification form within ninety days after receipt of a request.

(4) On and after July 1, 2022, a certifying agency shall process and either sign or decline to sign a certification form within thirty days after receipt of a request if:

(a) The requestor provides documentation that he or she is in federal immigration removal proceedings; or

(b) The requestor provides documentation that one or more children, parents, or siblings of the requestor would become ineligible for U nonimmigrant status by virtue of age within sixty business days after the date that the certifying official receives the certification form request.

Source: L. 2021: Entire part added, (HB 21-1060), ch. 126, p. 511, § 1, effective September 1.

24-4.1-403. Certification forms - signature requirement - limitation on factors for consideration. (1) Upon request, a certifying official from a certifying agency shall execute and sign the certification form when it is determined that the victim:

- (a) Was a victim of qualifying criminal activity; and
- (b) Has been helpful, is being helpful, or is likely to be helpful to the detection, investigation, or prosecution of that qualifying criminal activity.

(2) (a) For purposes of determining helpfulness pursuant to subsection (1)(b) of this section, a victim is helpful, has been helpful, or is likely to be helpful to the detection, investigation, or prosecution of that qualifying criminal activity if there is no documentation that the victim refused or failed to provide assistance reasonably requested by law enforcement.

(b) A certifying agency's inability to communicate with a victim due to the victim's language must not be considered a refusal or failure to provide assistance.

(3) The certifying agency shall not consider any other factors in deciding whether to sign the certification form, except whether the individual was a victim of qualifying criminal activity and the victim's helpfulness, as specified in subsection (1) of this section.

(4) If a certifying official or agency signs the certification form, the official or agency shall return the signed certification form to the requestor, along with, free of charge, relevant pages of offense reports related to the qualifying criminal activity subject to release by law, unless already provided by another agency. The timing of release of such reports for open investigations or prosecutions is subject to the certifying agency's discretion.

(5) The certifying agency is neither a sponsor nor a decision-maker in the granting of a U visa. A certifying official's completion of a certification form is not sufficient evidence that an applicant for a U visa has met all eligibility requirements and does not guarantee that the victim will receive a U visa. It is the exclusive responsibility of federal immigration officials to determine whether a person is eligible for a U visa. Completion of a certification form by a certifying official merely verifies factual information relevant for federal immigration officials to determine eligibility for a U visa. By completing a certification form, the certifying official attests that the information is true and correct to the best of the certifying official's knowledge.

(6) More than one victim may be identified and provided with certification, depending upon the circumstances.

(7) If a certifying official or agency declines to sign the certification form, the official or agency shall, in writing, notify the requestor of the reason or reasons for the denial within the times set forth in section 24-4.1-402. The denial notification must contain a detailed explanation of the reason or reasons for the denial, consisting of one of the following:

- (a) Lack of jurisdiction over the certification form request due to the certifying agency not having been involved in the detection, investigation, or prosecution of the qualifying criminal activity;

- (b) The requestor was not a victim of qualifying criminal activity; or

- (c) Lack of helpfulness, including documented instances of failure or refusal to comply with reasonable requests for assistance.

(8) Upon receiving notice that a request for a certification form pursuant to this section is denied, a requestor may provide supplemental information to the certifying agency and request that the certification form denial be reviewed by the certifying agency.

(9) A requestor may seek a subsequent certification from the same certifying agency or may seek certification from multiple certifying agencies.

24-4.1-406. Reports. (1) On or before September 1, 2022, and on or before each March 1 thereafter, a certifying agency that receives a request for a certification shall report to the division of criminal justice in the department of public safety on an annual basis and in aggregate form, subject to the restrictions set forth in section 24-4.1-404, the following:

- (a) The number of requests for certification received;
 - (b) The number of certifications that were signed;
 - (c) The total number that were denied;
 - (d) The number of certifications that were denied for each reason specified pursuant to section 24-4.1-403 (7); and
 - (e) The number of decisions that fell outside the prescribed completion deadlines.
- (2) The division shall make the reports available to the public upon request.

PART 5

BRAIN INJURY SUPPORT FOR VICTIMS OF VIOLENT CRIMES IN THE CRIMINAL JUSTICE SYSTEM

Cross references: For the legislative declaration in SB 22-057, see section 1 of chapter 275, Session Laws of Colorado 2022.

24-4.1-501. Definitions. As used in this part 5, unless the context otherwise requires:

- (1) "Brain injury" has the same meaning as set forth in section 26-1-301.
- (2) "Entity" means a state organization or other organization that would contract with the state to run a pilot program, as described in section 24-4.1-502.
- (3) "Office" means the office for victims programs in the division of criminal justice in the department of public safety.
- (4) "Pilot program" means the victims of a violent crime brain injury pilot program described in section 24-4.1-502.
- (5) "Task force" means the victims of a violent crime brain injury task force created in section 24-4.1-502.
- (6) "Victim of a violent crime" or "victim" means a person who was the victim of a crime in which physical force was used against that person. It is the intent of the general assembly that this definition of the term "victim of a violent crime" or "victim" only applies to this part 5 and does not apply to any other provision of the laws of the state of Colorado that refer to the term "victim of a violent crime" or "victim".

Source: L. 2022: Entire part added, (SB 22-057), ch. 275, p. 1976, § 2, effective May 31.

24-4.1-502. Victims of a violent crime brain injury task force - established - duties - membership - report - repeal. (1) On or before August 1, 2022, the office for victims programs shall establish the victims of a violent crime brain injury task force. The purpose of the task force is to develop a plan for the creation and implementation of a pilot program for identification, screening, support, and services of victims of violent crimes for brain injury and providing those who screen positive the appropriate support and services. At a minimum, the plan must include:

- (a) Identification of the type of entity or entities best suited to conduct a pilot program;
- (b) A process for selecting the entity or entities that would run a pilot program;
- (c) Identification of the staff position or positions in the entity that ultimately participates in a pilot program that will be responsible for identifying victims with possible brain injuries, and the training requirements for such positions;
- (d) Procedures for identifying and screening individual victims for possible brain injuries;
- (e) Procedures for scheduling or referring each victim who screens positive for brain injuries for a neuropsychological assessment;
- (f) Collection of statistical information, including rate of brain injury among different population groups, rate of causes of brain injuries, and other statistics as determined by the task force;
- (g) Explanation of necessary actions to implement a pilot program, including an application and selection process for the final participating entity;
- (h) Guidelines for selecting a contractor if the design includes contract services;
- (i) Procedures for evaluating the success of the pilot program, once established;
- (j) Criteria for determining if the pilot program, if established, should be expanded statewide; and
- (k) Procedures for establishing education and outreach programs.

(2) On or before August 1, 2022, the office shall appoint the following persons to serve on the task force:

- (a) A representative from the office;
- (b) A representative from an entity that has expressed an interest in participating in a pilot program;
- (c) A person who represents a statewide organization representing district attorneys, to be designated by the Colorado district attorneys' council;
- (d) A person who represents a legal advocacy group;
- (e) A person who represents an advocacy group for victims of violent crime;
- (f) A person who represents victim advocates in law enforcement or the criminal justice system;
- (g) A person who represents community-based victim advocates;
- (h) A person who represents the brain injury trauma unit of a medical facility;
- (i) A person who is a registered forensic nurse examiner in Colorado;
- (j) Two victims who have experienced brain injuries as a result of a violent crime;
- (k) Two research professionals who work in areas that include brain injury;
- (l) A person who represents a statewide organization representing chiefs of police;
- (m) A person who represents a statewide organization representing county sheriffs;
- (n) A representative from the department of human services; and
- (o) A person who represents an organization specializing in delivering brain injury services.

(3) In selecting members of the task force, preference must be given to persons who have served on the brain injury support in the criminal justice system task force, created in section 26-1-312.

(4) The members of the task force shall serve on a voluntary basis without compensation, but are entitled to compensation for actual and necessary expenses incurred in the performance of the task force member's duties.

(5) On or before January 1, 2023, the task force shall complete its final plan and submit it to the judiciary committees of the senate and the house of representatives, the health and human services committee of the senate, and the public health and human services and behavioral health committee of the house of representatives, or any successor committees.

(6) This section is repealed, effective June 30, 2026.

ARTICLE 4.2

Assistance to Victims of and Witnesses to Crimes and Aid to Law Enforcement Act

Cross references: For constitutional provisions relating to the rights of crime victims, see section 16a of article II of the Colorado constitution; for the "Colorado Victim and Witness Protection Act of 1984", see part 7 of article 8 of title 18; for compensation to crime victims, see parts 1 and 2 of article 4.1 of this title; for rights of victims of and witnesses to crimes, see part 3 of article 4.1 of this title.

24-4.2-101. Victims and witnesses assistance and law enforcement board - creation.

(1) There is hereby created in each judicial district a victims and witnesses assistance and law enforcement board, referred to in this article as the "board". Each board shall be composed of five members to be appointed by the chief judge of the judicial district. In making such appointments, the chief judge shall consider whether an appointee represents or belongs to an organization, public or private, which might reasonably be anticipated to be a recipient of moneys pursuant to this article. In multicounty judicial districts, to the extent possible, members shall fairly reflect the population of the judicial district. The board shall designate one of its members as chairman.

(2) The term of office of each member of the board shall be three years; except that, of those members first appointed, one shall be appointed for a one-year term, two for two-year terms, and two for three-year terms. All vacancies, except through the expiration of term, shall be filled for the unexpired term only. Each member may be reappointed once and serve two consecutive terms. A person may be reappointed to the board thereafter if it has been at least one year since such person served on the board.

(3) Members of the board shall receive no compensation.

24-4.2-103. Victims and witnesses assistance and law enforcement fund - control of fund. (1) The victims and witnesses assistance and law enforcement fund is hereby established in the office of the court administrator of each judicial district and is referred to in this article as the "fund". The fund shall consist of all moneys paid as a surcharge as provided in section 24-4.2-104.

(1.5) In addition to the money paid into the fund pursuant to subsection (1) of this section, the fund consists of money paid pursuant to section 17-27-104 (4)(b)(IV), money transferred from the marijuana tax cash fund pursuant to section 39-28.8-501 (4.9)(c), and any other money that the general assembly may appropriate or transfer to the fund.

(1.7) (a) In addition to the money paid into the fund pursuant to subsections (1) and (1.5) of this section, the fund consists of money appropriated by the general assembly from the economic recovery and relief cash fund, created in section 24-75-228, as enacted by Senate Bill 21-291, enacted in 2021, to the office of the court administrator for distribution to the district attorney's office of each judicial district to be used for victims and witness assistance and law enforcement programs and purposes described in sections 24-4.2-103 and 24-4.2-105.

(b) Money appropriated pursuant to this subsection (1.7) from the economic recovery and relief cash fund, created in section 24-75-228, as enacted by Senate Bill 21-291, enacted in 2021, must only fund programs and purposes that also conform with the allowable purposes set forth in the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended. The office of the state court administrator shall, in consultation with the

division of criminal justice and the victims and witness assistance and law enforcement program administrators in each judicial district, distribute the money appropriated pursuant to this subsection (1.7) based on need.

(c) Notwithstanding the provisions of subsection (4) of this section, the district attorney's office of each judicial district may use up to ten percent of any money appropriated pursuant to this subsection (1.7) for development and administrative costs incurred by the district attorney's office pursuant to this section in the provision of programs and services allowed pursuant to the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended.

(d) The requirements set forth in section 24-4.2-105 (1) do not apply to this subsection (1.7).

(1.8) (a) Within three days after May 19, 2022, the state treasurer shall transfer three million dollars to the fund from the economic recovery and relief cash fund created in section 24-75-228 for distribution to district attorneys' offices for victims and witnesses programs and purposes described in sections 24-4.2-103 and 24-4.2-105. The office of the state court administrator shall, in consultation with the division of criminal justice and the victims and witness assistance and law enforcement program administrators in each judicial district, distribute the money transferred pursuant to this subsection (1.8) based on need.

(b) The judicial department and each recipient of money from the fund shall comply with the compliance, reporting, record-keeping, and program evaluation requirements established by the office of state planning and budgeting and the state controller in accordance with section 24-75-226 (5).

(c) Notwithstanding the provisions of subsection (4) of this section, a district attorney's office may use up to ten percent of any money distributed pursuant to this subsection (1.8) for development and administrative costs incurred by the district attorney's office pursuant to this section.

(d) The requirements set forth in section 24-4.2-105 (1) do not apply to this subsection (1.8).

(2) All money deposited in the fund shall be deposited in an interest-bearing account, which would be a legal investment for the state treasurer. All interest and income derived from the deposit and investment of money in the fund shall be credited to the fund, except as otherwise provided in section 24-75-226 (4)(c)(II).

(3) At the conclusion of each fiscal year, all moneys remaining in the fund shall remain in the fund for allocation as originally designated under section 24-4.2-105.

(4) All moneys deposited in the fund shall be used solely for the purposes designated in section 24-4.2-105; except that the district attorney may use up to an aggregate of ten percent of the total amount of moneys in the fund for administrative costs incurred pursuant to this article and for preparation of victim impact statements required pursuant to section 16-11-102 (1), C.R.S. The board shall determine the manner of reimbursement for preparation of victim impact statements and the method of establishing actual costs for such preparation.

(5) The priority use for moneys in the fund created in this section shall be for the implementation of the rights afforded to crime victims pursuant to section 24-4.1-302.5 and the provision of the services and programs delineated in sections 24-4.1-303, 24-4.1-304, and 24-4.2-105 (4) related to all crimes as defined by section 24-4.1-302 (1).

(6) Repealed.

24-4.2-104. Surcharges levied on criminal actions and traffic offenses. (1) (a) (I) A surcharge equal to thirty-seven percent of the fine imposed for each felony, misdemeanor, or class 1 or class 2 misdemeanor traffic offense, or a surcharge of one hundred sixty-three dollars for felonies, seventy-eight dollars for misdemeanors, forty-six dollars for class 1 misdemeanor traffic offenses, and thirty-three dollars for class 2 misdemeanor traffic offenses, whichever amount is greater, except as otherwise provided in subsection (1)(b) of this section, is levied on each criminal action resulting in a conviction or in a deferred judgment and sentence, as provided in section 18-1.3-102, which criminal action is charged pursuant to state statute. The defendant shall pay these surcharges to the clerk of the court. Each clerk shall transmit the money to the court administrator of the judicial district in which the offense occurred for credit to the victims and witnesses assistance and law enforcement fund established in that judicial district.

(II) (A) In addition to any other surcharge provided for in this section, a surcharge of one thousand three hundred dollars shall be levied on each criminal action resulting in a conviction or in a deferred judgment and sentence, as provided in section 18-1.3-102, C.R.S., which criminal action is charged pursuant to the statutes listed in sub-subparagraph (B) of this subparagraph (II). These surcharges shall be paid to the clerk of the court by the defendant. Any moneys collected by the clerk pursuant to this subparagraph (II) shall be transmitted to the court administrator of the judicial district in which the offense occurred for credit to the victims and witnesses assistance and law enforcement fund established in that judicial district.

(B) The surcharge in sub-subparagraph (A) of this subparagraph (II) shall apply to charges brought pursuant to the following sections: 18-3-305, 18-3-402, 18-3-403, as it existed prior to July 1, 2000, 18-3-404, 18-3-405, 18-3-405.3, 18-3-405.5, 18-3-503, 18-3-504, 18-6-301, 18-6-302, 18-6-403, 18-6-404, 18-7-302, 18-7-402, 18-7-405, 18-7-405.5, and 18-7-406, C.R.S., or any attempt to commit any of these crimes.

(C) (Deleted by amendment, L. 93, p. 2054, § 5, effective June 9, 1993.)

(b) (I) A surcharge shall be levied against a penalty assessment imposed for a violation of a class A or class B traffic infraction or class 1 or class 2 misdemeanor traffic offense pursuant to section 42-4-1701, C.R.S. The amount of such surcharge shall be one half of the amount specified in the penalty and surcharge schedule in section 42-4-1701 (4), C.R.S., or, if no amount is specified, thirty-seven percent of the penalty imposed. All moneys collected by the

department of revenue pursuant to this subparagraph (I) shall be transmitted to the court administrator of the judicial district in which the infraction occurred for credit to the victims and witnesses assistance and law enforcement fund established in that judicial district as provided in section 42-1-217, C.R.S. Surcharges paid to the clerk of the court pursuant to this subparagraph (I) shall be transmitted to the court administrator of the judicial district in which the offense was committed for credit to the victims and witnesses assistance and law enforcement fund established in that judicial district.

(II) A surcharge shall be levied against all penalty assessments issued pursuant to section 33-6-104, C.R.S., in an amount equal to thirty-seven percent of the penalty imposed. Any moneys collected by the division of parks and wildlife pursuant to this subparagraph (II) shall be transmitted to the court administrator of the judicial district in which the offense was committed for credit to the victims and witnesses assistance and law enforcement fund established in that judicial district.

(III) A surcharge of eight dollars is levied against each penalty imposed for violation of a civil infraction pursuant to section 16-2.3-101. The clerk of the court shall transmit all money collected to the court administrator of the judicial department in which the offense occurred for credit to the victims and witnesses assistance and law enforcement fund established in that judicial district.

(c) All calculated surcharge amounts resulting in dollars and cents shall be rounded down to the nearest whole dollar. The surcharge levied by this section may not be suspended or waived by the court unless the court determines that the defendant is indigent.

(d) The surcharges levied pursuant to this subsection (1) are separate and distinct from costs levied pursuant to section 24-4.1-119 for the crime victim compensation fund.

(1.5) Repealed.

(2) The provisions of sections 18-1.3-701 and 18-1.3-702, C.R.S., shall be applicable to the collection of costs levied pursuant to this section.

24-4.2-105. Allocation of moneys from fund - application for grants - disbursements.

(1) Thirteen percent of the aggregate amount of the moneys in the fund, after payment of the expenses specified in section 24-4.2-103 (4), shall be deposited with the state treasurer to the credit of the fund created pursuant to section 24-33.5-506.

(2) Not less than eighty-five percent of the net aggregate of the fund remaining after the deduction of the amounts specified in subsection (1) of this section shall be allocated for the purchase of victims and witnesses services pursuant to subsection (4) of this section, and the remaining moneys may be allocated to the police departments, sheriffs' departments, and district attorneys for the purposes specified in subsection (3) of this section.

(2.5) (a) The board shall not accept, evaluate, or approve any application requesting grants of money from the fund submitted by, or on behalf of, any state agency, including local offices of such agencies; except that:

(I) The court administrator of each judicial district may apply for grants of moneys for the purpose of collecting all moneys assessed by the courts, including moneys owed pursuant to this article, and collecting and disbursing restitution owed to victims of crime; and

(II) The local probation department may apply for grants of moneys for the purpose of implementing the rights of victims established pursuant to article 4.1 of this title.

(b) The state judicial department shall study alternative methods for funding the collection of restitution owed to victims of crime.

(3) The board shall accept and evaluate applications from the law enforcement agencies listed in subsection (2) of this section requesting grants of moneys for the following purposes, including, but not limited to, purchase of equipment, training programs, and additional personnel. Such moneys shall not be used for defraying the costs of routine and ongoing operating expenses.

(4) The board is authorized to enter into contracts for the purchase and coordination of victims and witnesses assistance services with persons or agencies which the board deems appropriate. Victims and witnesses assistance services may be used for the following:

(a) Provision of services for early crisis intervention;

(b) Provision of telephone lines for victims and witnesses assistance;

(c) Referral of victims to appropriate social service and victim compensation programs and assistance in filling out forms for compensation;

- (c.5) Assistance programs for victims and their families;
- (d) Education of victims and witnesses about the operation of the criminal justice system;
- (e) Assistance in prompt return of the victims' property;
- (f) Notification to the victim of the progress of the investigation, the defendant's arrest, subsequent bail determinations, and the status of the case;
- (g) Intercession with the employers or creditors of victims or witnesses;
- (h) Assistance to the elderly and to persons with disabilities in arranging transportation to and from court;
- (i) Provision of translator services;
- (j) Coordination of efforts to assure that victims have a secure place to wait before testifying;
- (k) Provision of counseling or assistance during court appearances when appropriate;
- (l) Protection from threats of harm and other forms of intimidation; and
- (m) Special advocate services.

(4.3) (a) Moneys allocated for the purposes specified in subsections (3) and (4) of this section shall only be used for the purchases of equipment, training programs, additional personnel, and victims and witnesses services that are directly related to the implementation of the rights afforded to crime victims pursuant to section 24-4.1-302.5 and the provision of services delineated pursuant to sections 24-4.1-303 and 24-4.1-304.

(b) Equipment that may be purchased with such moneys includes technical equipment directly related to the immediate individual physical safety of crime victims.

(c) Grants of moneys may be approved for registration fees and expenses for lodging, travel, and meals for those in-state training programs specifically directed toward delivery of services to crime victims and for the actual cost of providing the necessary staff training directly related to the implementation of the rights afforded to crime victims pursuant to section 24-4.1-302.5 and the provision of services delineated pursuant to sections 24-4.1-303 and 24-4.1-304. Nothing in this subsection (4.3) shall preclude volunteer board members from receiving reimbursement for actual and necessary expenses incurred at in-state training programs held pursuant to this paragraph (c). Expenses for lodging, travel, and meals which may be reimbursed pursuant to this paragraph (c) shall not exceed the state government expense reimbursement guidelines.

(4.7) A requesting agency or person shall acknowledge in writing that such agency or person has read and understands the rights afforded to crime victims pursuant to section 24-4.1-302.5 and the services delineated pursuant to sections 24-4.1-303 and 24-4.1-304. Such written acknowledgment shall be attached to such requesting agency's or person's application for moneys pursuant to this section. The board shall not accept for evaluation any application for a grant of moneys pursuant to this section until the requesting agency or person provides the board with such written acknowledgment.

(5) The board shall specify levels and types of services to be provided pursuant to this section and shall review expenditures in accord with these standards.

(6) Upon a finding by the board that a disbursement shall be made from the fund, the board shall submit a written request for payment to the court administrator who shall remit payment in accordance with the request.

(7) For purposes of this section:

(a) "Victim" and "witness" mean "victim" and "witness" as defined in section 24-4.1-302.

(b) "Special advocate services" means the services offered to aid victims who are children, including, but not limited to, court-appointed special advocate (CASA) programs, sexual assault treatment and prevention programs, community-based youth and family servicing programs, gang alternative programs, school-based intervention and prevention programs, big brother and big sister programs offering aid to children who are victims, restitution programs, partners programs offering aid to children who are victims, and child abuse treatment programs.

(c) "Court-Appointed Special Advocate" or "CASA" means a trained volunteer appointed by the court pursuant to the provisions of part 2 of article 1 of title 19, C.R.S., in a district to aid the court by providing independent and objective information as directed by the court, regarding children involved in actions brought pursuant to this title.

ARTICLE 5

Public Employment - Eligibility

24-5-101. Effect of criminal conviction on employment rights - fee - determination.

(1) (a) Except as otherwise provided in subsection (1)(b) of this section, the fact that a person has been convicted of a felony or other offense involving moral turpitude shall not, in and of itself, prevent the person from applying for and obtaining public employment or from applying for and receiving a license, certification, permit, or registration required by the laws of this state to follow any business, occupation, or profession.

(b) This subsection (1) does not apply to:

(I) The offices and convictions described in section 4 of article XII of the state constitution;

(II) The certification and revocation of certification of peace officers as provided in section 24-31-305;

(III) The employment of personnel in positions involving direct contact with vulnerable persons as specified in section 27-90-111, C.R.S.;

(IV) The licensure or authorization of educators prohibited pursuant to section 22-60.5-107 (2), (2.5), or (2.6), C.R.S.;

(V) The employment of persons in public or private correctional facilities pursuant to sections 17-1-109.5 and 17-1-202 (1)(a)(I) and (1.5), and the employment of persons in public or private juvenile facilities pursuant to sections 19-2.5-1505 and 19-2.5-1519 (4);

(VI) The employment of persons by the public employees' retirement association created pursuant to section 24-51-201 who, upon the commencement of that employment, will have access to association investment information, association assets, or financial, demographic, or other information relating to association members or beneficiaries; and

(VII) (A) The employment of persons by the department of public safety, the department of corrections, and the department of revenue.

(B) The exception in subsection (1)(b)(VII)(A) of this section does not apply to positions within the wildland fire management section in the department of public safety.

(2) (a) Whenever any state or local agency is required to make a finding that an applicant for a license, certification, permit, or registration is a person of good moral character as a condition to the issuance thereof, or evaluate the impact of an applicant's criminal record, the fact that such applicant has, at some time prior thereto, been convicted of a felony or other offense involving moral turpitude, and pertinent circumstances connected with such conviction, shall be given consideration in determining whether, in fact, the applicant is qualified. The intent of this section is to expand employment opportunities for persons who, notwithstanding that fact of conviction of an offense, have been rehabilitated and are ready to accept the responsibilities of a law-abiding and productive member of society.

(b) In evaluating an applicant, an agency shall comply with subsection (4) of this section and shall not use the determination of the following information as a basis for denial or taking adverse action against any applicant otherwise qualified:

(I) The applicant has been arrested for or charged with but not convicted of a criminal offense and the criminal case is not actively pending; except that, an agency may consider the conduct underlying the arrest;

(II) The applicant has been convicted of a criminal offense but pardoned;

(III) The applicant has been convicted of a criminal offense but records of the conviction have been sealed or expunged;

(IV) A court has issued an order of collateral relief specific to the credential sought by the applicant; or

(V) The applicant has been adjudicated for committing a delinquent act in a juvenile proceeding.

(3) (a) Unless statute prohibits the employment of a person with a specific criminal conviction for a particular position, an agency shall not advertise the position with a statement that a person with a criminal record may not apply for the position or place on the application a statement that a person with a criminal record may not apply for the position.

(b) (I) With the exception of the department of corrections and the department of public safety, the agency shall not perform a background check until the agency determines that an applicant is a finalist or makes a conditional offer of employment to the applicant.

(II) The exception in subsection (3)(b)(I) of this section does not apply to positions within the wildland fire management section in the department of public safety.

(c) If, after determining that an applicant is a finalist or after making a conditional offer of employment to an applicant, the agency determines that the applicant has a criminal history, the agency shall comply with subsection (4) of this section and shall not use the determination of the following information as a basis for not making an offer of employment or for withdrawing the conditional offer of employment:

(I) The applicant has been arrested for or charged with but not convicted of a criminal offense and the criminal case is not actively pending;

(II) The applicant has been convicted of a criminal offense but pardoned;

(III) The applicant has been convicted of a criminal offense but records of the conviction have been sealed or expunged; or

(IV) A court has issued an order of collateral relief specific to the employment sought by the applicant.

(d) and (e) Repealed.

(4) Except as provided in subsection (6) of this section, when considering an applicant for a license, certification, permit, or registration pursuant to subsection (2) of this section or, if, after determining that an applicant is a finalist or making a conditional offer of employment to an applicant, the agency determines that the applicant has a conviction other than as described in subsection (2)(b) or (3)(c) of this section, the agency shall consider the following factors when determining whether the conviction disqualifies the applicant:

(a) The nature of the conviction;

(b) Whether there is a direct relationship between the conviction and the position's duties and responsibilities and the bearing, if any, the conviction may have on the applicant's fitness or ability to perform one or more such duties and responsibilities, including whether the conviction was for unlawful sexual behavior as listed in section 16-22-102 (9); whether the duties of employment would place a coworker or the public in a vulnerable position; and whether the applicant will be directly responsible for the care of individuals susceptible to abuse or mistreatment because of the individual's circumstances, including the individual's age, disability, frailty, mental health disorder, developmental disability, or ill health;

(c) Any information produced by the applicant or produced on his or her behalf regarding his or her rehabilitation and good conduct; and

(d) The time that has elapsed since the conviction.

(5) Notwithstanding any other provision of law to the contrary, the provisions of this section apply to the office of the governor.

(6) (a) If, at any stage in the hiring process, the department of corrections or the department of public safety determines that the applicant has been convicted of a crime, the department must consider the factors listed in subsections (4)(a) to (4)(d) of this section when determining whether the conviction disqualifies the applicant for the position.

(b) Notwithstanding subsection (6)(a) of this section, if, after determining that an applicant for a position within the wildland fire management section in the department of public safety is a finalist or when making a conditional offer of employment to the applicant, the

department of public safety determines the applicant has been convicted of a crime, the department must consider the factors listed in subsections (4)(a) to (4)(d) of this section when determining whether the conviction disqualifies the applicant for the position.

(7) Before a state or local agency makes a final determination that a criminal conviction disqualifies an applicant from receiving a license, certification, permit, or registration, the agency shall provide the applicant with written notice that describes:

(a) The specific conviction that is the basis for the disqualification;

(b) The reasons the conviction was determined to be disqualifying, including findings for each of the factors in subsection (4) of this section that the agency deemed relevant to the determination; and

(c) The right to submit additional evidence relevant to each of the factors listed in subsection (4) of this section, consistent with section 24-4-104.

(8) A state or local agency that makes a final determination that a criminal conviction will prevent an applicant from receiving a license, certification, permit, or registration shall issue the determination in writing and shall include notice of the right to appeal the determination and notice of the earliest date the applicant may reapply for the credential in accordance with section 24-4-106.

24-5-102. Employee information - student loan repayment and forgiveness programs - legislative declaration - definitions. (1) (a) The general assembly finds and declares that:

(I) Many Coloradans have federal student loans made through the United States department of education's direct loan program or the federal family education loan program;

(II) Large amounts of student loan debt and insecurity in the job market have resulted in high student loan default rates;

(III) However, many borrowers qualify for loan repayment programs that allow for lower monthly payments;

(IV) In addition, there are federal programs that allow borrowers to have their loans forgiven after working for a certain period of time in the public sector, as a teacher, or for a nonprofit public service organization;

(V) The federal consumer financial protection bureau has a toolkit and resources to help employers assist their employees in accessing the federal programs;

(VI) As a public sector employer, Colorado can help qualified employees access federal loan repayment and loan forgiveness programs for which they may qualify by providing information to its employees about these federal programs; and

(VII) Further, school districts, the state charter school institute, local governmental entities, and nonprofit public service organizations can assist their employees by providing information about these federal programs.

(b) Therefore, the general assembly declares that employees will benefit from receiving information about federal student loan programs that provide assistance through loan repayment options or loan forgiveness.

(2) As used in this section, unless the context otherwise requires:

(a) "Public service loan forgiveness program" means the loan forgiveness program set forth in 34 CFR 685.219.

(b) "Teacher loan forgiveness program" means the loan forgiveness program set forth in 34 CFR 685.217.

(3) (a) On or before December 31, 2019, the department of personnel shall develop informational materials described in subsection (3)(e) of this section to increase awareness of the public service loan forgiveness program, the teacher loan forgiveness program, and federal student loan repayment options, including income-sensitive repayment programs. In lieu of developing the informational materials, the department of personnel may provide materials published by a federal agency that include the required information.

(b) On or before January 1, 2020, and on or before January 1 each year thereafter, the department of personnel shall facilitate the distribution of the informational materials to:

(I) All state employees;

(II) The department of education, for distribution to each school district and board of cooperative services and to the state charter school institute for the benefit of teachers employed by a school district, a district charter school, a board of cooperative services, or by an institute charter school;

(III) The department of higher education, for distribution to the governing board for each state institution of higher education for the benefit of employees of state institutions of higher education;

(IV) The secretary of state, for posting the informational materials on the secretary of state's website for distribution to nonprofit public service organizations, as defined in 34 CFR 685.219, for the benefit of the employees of nonprofit public service organizations; and

(V) The division of local government in the department of local affairs, for distribution to local governmental entities, as defined in section 24-32-104 (1)(m)(II).

(c) In addition to annual distribution, the department of personnel shall facilitate the distribution of the informational materials to newly hired state employees as part of its employee orientation process.

(d) The department of personnel may distribute the informational materials to state employees or human resources directors through an e-mail or as part of a mailing or regular communication to state employees.

(e) The information provided pursuant to this section must include a summary of the public service loan forgiveness program, the teacher loan forgiveness program, and federal student loan repayment programs, including who may be eligible for the programs, steps that an eligible employee must take in order to participate in the programs, and a recommendation that employees contact their student loan servicer or private education lender or an ombudsman at the state, if one exists, for additional information.

(f) The department of personnel shall make the informational materials available on the department of personnel's website. The department of personnel shall verify the information's accuracy at least annually and update the informational materials as necessary. The department of personnel shall distribute updated informational materials to the entities included in subsection (3)(b) of this section.

- (f) Each member of the board of regents of the university of Colorado;
- (g) Each member of the public utilities commission.
- (h) Repealed.

(1.5) The provisions of subsection (1) of this section apply to any person who is serving in any position noted in said subsection (1) on July 1, 1979.

(1.7) Notwithstanding any other provision of this section, any person who has timely filed an amended statement with the secretary of state pursuant to subsection (4) of this section is not required to additionally file a disclosure statement satisfying the requirements of subsection (1) of this section by the January 10 following his or her election, reelection, appointment, or retention in office.

(2) **[Editor's note: This version of the introductory portion to subsection (2) is effective until January 1, 2024.]** Disclosure shall include:

(2) **[Editor's note: This version of the introductory portion to subsection (2) is effective January 1, 2024.]** Disclosure must include the following for the previous calendar year, unless otherwise specified:

(a) **[Editor's note: This version of subsection (2)(a) is effective until January 1, 2024.]** The names of any source or sources of any income, including capital gains, whether or not taxable, of the person making disclosure, his spouse, and minor children residing with him;

(a) **[Editor's note: This version of subsection (2)(a) is effective January 1, 2024.]** The names, and amounts, disclosed as a range included in the form prescribed by the secretary of state, of any source or sources of any income, including capital gains, whether or not taxable, of the person making disclosure, the person's spouse, and any minor children residing with the person making the disclosure;

(b) The name of each business, insurance policy, or trust in which he, his spouse, or minor children residing with him has a financial interest in excess of five thousand dollars;

(c) The legal description of any interest in real property, including an option to buy, in the state in which the person making disclosure, his spouse, or minor children residing with him have any interest, direct or indirect, the market value of which is in excess of five thousand dollars;

(d) ***[Editor's note: This version of subsection (2)(d) is effective until January 1, 2024.]*** The identity, by name, of all offices, directorships, and fiduciary relationships held by the person making disclosure, his spouse, and minor children residing with him;

(d) ***[Editor's note: This version of subsection (2)(d) is effective January 1, 2024.]*** The identity, by name, of all offices, directorships, and fiduciary relationships held by the person making disclosure, the person's spouse, and any minor children residing with the person making the disclosure, including whether the position is compensated or uncompensated;

(e) The identity, by name, of any person, firm, or organization for whom compensated lobbying is done by any person associated with the person making disclosure if the benefits of such compensation are or may be shared by the person making disclosure, directly or indirectly;

(f) ***[Editor's note: This version of subsection (2)(f) is effective until January 1, 2024.]*** The name of each creditor to whom the person making disclosure, his spouse, or minor children owe money in excess of one thousand dollars and the interest rate;

(f) ***[Editor's note: This version of subsection (2)(f) is effective January 1, 2024.]*** The name of each creditor to whom the person making disclosure, the person's spouse, or the person's minor children owe money in excess of one thousand dollars, including the interest rate and the highest amount owed, disclosed as a range included in the form prescribed by the secretary of state, for the calendar year covered in the statement;

(g) A list of businesses with which the person making disclosure or his spouse are associated that do business with or are regulated by the state and the nature of such business or regulation;

(h) ***[Editor's note: This version of subsection (2)(h) is effective until January 1, 2024.]*** Such additional information as the person making disclosure might desire.

(h) ***[Editor's note: This version of subsection (2)(h) is effective January 1, 2024.]*** The sources of compensation exceeding five thousand dollars received by the person making the disclosure or the person's business affiliation for services provided directly by the person making the disclosure during the current year and during the prior calendar year, if the source is a person or entity that is regulated by the state or pays for a lobbyist that conducts lobbying at the general assembly or at a state regulatory body. This includes the names of clients and customers of any affiliated corporation, firm, partnership, or other business enterprise and a description of the duties performed or services rendered for each source of compensation if the person making the disclosure directly provided the services generating a fee or payment of more than five thousand dollars. The person making the disclosure may exclude any information considered confidential as a result of a privileged relationship recognized by law. If the person making the disclosure withholds information as a result of a privileged relationship, the person shall still disclose the existence of the source of compensation and an explanation for why information was withheld.

(i) ***[Editor's note: Subsection (2)(i) is effective January 1, 2024.]*** Any additional information that the person making the disclosure deems necessary.

(3) Any disclosure statement shall be amended no more than thirty days after any termination or acquisition of interests as to which disclosure is required.

(4) (a) Any person required by this section to file a disclosure statement shall, on or before January 10 of each calendar year, file an amended statement with the secretary of state or notify the secretary of state in writing that the person has had no change of condition since the previous filing of a disclosure statement.

(b) Any incumbent seeking reelection is not required to file a separate disclosure statement required by section 1-45-110 if the incumbent has filed a disclosure statement as required by subsection (4)(a) of this section.

(5) Each disclosure statement, amended statement, or notification that no amendment is required shall be public information, available to any person upon request during normal working hours.

(6) Any person subject to the provisions of this section may elect to file with the secretary of state annually a copy of his federal income tax return and any separate federal income tax return filed by his spouse or minor children residing with him together with a certified statement of any investments held by him, his spouse, or minor children residing with him which are not reflected by the income tax returns in lieu of complying with the provisions of subsections (1) to (4) of this section, which tax return and any statement filed under the provisions of this subsection (6) shall be public information.

(7) Any person who willfully files a false or incomplete disclosure statement, amendment, or notice that no amendment is required, or who willfully files a false or incomplete copy of any federal income tax return or a false or incomplete certified statement of investments, or who willfully fails to make any filing required by this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than one thousand dollars nor more than five thousand dollars.

24-6-203. Reporting by incumbents and elected candidates - gifts, honoraria, and other benefits - prohibition on monetary gifts - penalty - definitions. (1) (a) As used in this section, the terms "appropriate officer" and "candidate" shall have the meanings ascribed to them in section 1-45-103, C.R.S., of the "Fair Campaign Practices Act".

(b) (I) As used in this section, the term "public office" means any office voted for in this state at any election. "Public office" includes, without limitation, the governor, lieutenant governor, secretary of state, attorney general, and state treasurer; a member of the general assembly or the state board of education; a regent of the university of Colorado; a judge on the Colorado court of appeals or the Colorado supreme court; a district attorney; or an officer of a county, municipality, city and county, school district, or any elective office within a special district for which the annual compensation exceeds two thousand four hundred dollars.

- (II) "Public office" does not include:
 - (A) The office of president or vice president of the United States;
 - (B) The office of senator or representative in the congress of the United States;
 - (C) Any office in a political party chosen pursuant to sections 1-3-103, 1-4-403, and 1-4-701, C.R.S.; or
 - (D) Any political party office in an assembly or convention, including delegates thereto.
 - (E) Repealed.
- (III) Repealed.

(c) As used in this section, "covered state office" means the governor, lieutenant governor, secretary of state, attorney general, state treasurer, a member of the state board of education, a regent of the university of Colorado, a member of the general assembly, or a district attorney.

(2) Every incumbent in or candidate elected to public office who receives from any other person any item described in subsection (3) of this section in connection with the incumbent's or elected candidate's public service shall file with the appropriate officer, on or before January 15, April 15, July 15, and October 15 of each year, a report covering the period since the last report. The requirement of this subsection (2) pertaining to the report due January 15 shall extend to an incumbent leaving public office between October 15 and January 15, who shall file with the appropriate officer by January 15 a report that covers any items received during the period since the last report. Such report shall be on forms prescribed by the secretary of state and shall contain, at a minimum, the name of the person from whom the item was received and the amount or value and the date of receipt. The secretary of state shall furnish such forms to municipal clerks, to county clerk and recorders, and to incumbents and elected candidates for state offices and district offices of districts greater than a county free of charge for use by incumbents and elected candidates required to file such forms. If any incumbent in or candidate elected to public office does not receive any such item, he or she shall not be required to file such report.

(3) The reports required by subsection (2) of this section shall include the following:

(a) In the case of a candidate elected to public office who is not an incumbent and has not yet been sworn into such office and subject to the requirements of subsection (3.5) of this section, any money, including but not limited to a loan, pledge, or advance of money or a guarantee of a loan of money, or any forbearance or forgiveness of indebtedness from any person, with a value greater than fifty-three dollars;

(b) In the case of a candidate elected to public office who is not an incumbent and has not yet been sworn into such office and subject to the requirements of subsection (3.5) of this section, any gift of any item of real or personal property, other than money, with a value greater than fifty-three dollars;

(c) In the case of a candidate elected to public office who is not an incumbent and has not yet been sworn into such office, any loan of any item of real or personal property, other than money, if the value of the loan is greater than fifty-three dollars. For such purpose, the "value of the loan" means the cost saved or avoided by the elected candidate by not borrowing, leasing, or purchasing comparable property from a source available to the general public.

(d) Any payment for a speech, appearance, or publication;

(e) In the case of a candidate elected to public office who is not an incumbent and has not yet been sworn into such office, tickets to sporting, recreational, educational, or cultural events with a value greater than fifty-three dollars for any single event;

(f) Payment of or reimbursement for actual and necessary expenditures for travel and lodging for attendance at a convention, fact-finding mission or trip, or other meeting that the incumbent or elected candidate who has been sworn into public office is permitted to accept or receive in accordance with the provisions of section 3 of article XXIX of the state constitution, unless the payment of or reimbursement for such expenditures is made from public funds of a state or local government in the case of an incumbent or elected candidate subject to the provisions of said article or from the funds of any association of public officials or public entities whose membership includes the incumbent's or elected candidate's office or the governmental entity in which such office is held;

(g) Subject to the provisions of section 3 of article XXIX of the state constitution, any gift of a meal to a fund-raising event of a political party;

(h) Payment of or reimbursement for actual and necessary expenses for travel and lodging for attendance at a convention, fact-finding mission or trip, or other meeting that is from an organization declared to be a joint governmental agency by section 2-3-311, C.R.S.

(3.5) (a) Each incumbent in or candidate elected to covered state office is prohibited from knowingly receiving or accepting from any other person, in connection with the public service of the incumbent or elected candidate:

(I) A gift of any money, including but not limited to a loan, pledge, or advance of money, a guarantee of a loan of money, or any monetary payment given, directly or indirectly, for the purpose of defraying any expenses related to the official duties undertaken by the incumbent or elected candidate; or

(II) An in-kind gift.

(b) Nothing in paragraph (a) of this subsection (3.5) shall be construed to prohibit an incumbent or elected candidate from receiving a salary or other compensation paid to the incumbent or elected candidate in connection with the performance of his or her official duties, including, without limitation, payment for a speech, appearance, or publication or payment of or reimbursement for actual and necessary expenditures for travel and lodging to the extent the incumbent or elected candidate who has been sworn into covered state office is permitted to accept or receive such items in accordance with the provisions of section 3 of article XXIX of the state constitution.

(c) For purposes of this subsection (3.5), an "in-kind gift" means any gift of equipment, goods, supplies, property, services, or anything else, the value of which exceeds fifty dollars in the aggregate in any one calendar year, given, directly or indirectly, to an incumbent in or candidate elected to covered state office for the purpose of defraying any expenses related to the official duties undertaken by the incumbent or elected candidate.

(3.7) Notwithstanding any other provision of this section, no incumbent in or candidate elected to covered state office shall accept a gift of any money from any person who is a professional or volunteer lobbyist or from a corporation or labor organization.

(4) The reports required by subsection (2) of this section need not include the following:

(a) A contribution or contribution in kind that has already been reported pursuant to section 1-45-108, C.R.S.;

(b) Any unsolicited item of trivial value as described in section 3 (3)(b) of article XXIX of the state constitution;

(c) An unsolicited token or award of appreciation as described in section 3 (3)(c) of article XXIX of the state constitution;

(d) Payment of or reimbursement for actual and necessary expenditures for travel and lodging for attendance at a convention, fact-finding mission or trip, or other meeting that the incumbent or elected candidate is permitted to accept or receive in accordance with the provisions of section 3 of article XXIX of the state constitution, if the payment of or reimbursement for such expenditures is made from public funds of a state or local government in the case of an incumbent or elected candidate subject to the provisions of said article or from the funds of any association of public officials or public entities whose membership includes the incumbent's or elected candidate's office or the governmental entity in which such office is held;

(e) Payment of salary from employment, including other government employment, in addition to that earned from being a member of the general assembly or by reason of service in other public office;

(f) Except as otherwise described in this subsection (4), any other gift or thing of value an incumbent or elected candidate who has been sworn into public office is permitted to solicit, accept, or receive in accordance with the provisions of section 3 of article XXIX of the state constitution.

(5) Any person who provides an incumbent or elected candidate with any item required to be reported by the incumbent or elected candidate pursuant to this section shall, at the time the item is provided, furnish the recipient with a written statement of the dollar value of the item.

(6) Nothing contained in this section shall relieve any person from the disclosure requirements of part 3 of article 6 of this title, relating to the regulation of lobbyists.

(7) Any person who willfully files a false or incomplete report pursuant to this section, who willfully fails to file a report required by this section, who willfully fails to provide the statement of value required by subsection (5) of this section, or who violates any provision of subsection (3.5) of this section is guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine of not less than fifty dollars nor more than one thousand dollars.

(8) The amount of the gift limit specified in subsection (3) of this section, set at fifty-three dollars as of August 8, 2012, shall be identical to the amount of the gift limit under section 3 of article XXIX of the state constitution, and shall be adjusted for inflation contemporaneously with any adjustment of the constitutional gift limit pursuant to section 3 (6) of article XXIX.

PART 3

REGULATION OF LOBBYISTS

24-6-301. Definitions - legislative declaration. As used in this part 3, unless the context otherwise requires:

(1) "Client" means the person who employs or retains the professional services of one or more lobbyists to undertake lobbying on behalf of that person. For the purposes of this part 3, a professional lobbyist is not a client of another lobbyist for whom he or she undertakes lobbying on a subcontract basis nor is the professional lobbyist a client of either a lobbying firm or any other person that employs or retains one or more professional lobbyists to undertake lobbying on behalf of one or more clients. Where the client is an organization or entity, nothing in this subsection (1) requires the organization or entity to provide the names of any of its shareholders, investors, business partners, coalition partners, members, donors, or supporters, as applicable.

(1.3) "Communication" includes but is not limited to a transmittal of information, data, ideas, opinions, or anything of a similar nature, either oral, written, or by any other means, to a covered official.

(1.5) "Contribution" means a gift, subscription, loan, advance, or deposit of money or anything of value and includes a contract, promise, or agreement, whether or not legally enforceable, to make a contribution. "Contribution" also includes the compensation and reimbursement for expenses of a person required to file a disclosure statement under section 24-6-302.

(1.7) "Covered official" means:

(a) For the type of lobbying defined in subparagraphs (I), (II.5), and (III) of paragraph (a) of subsection (3.5) of this section, the governor, the lieutenant governor, a member of the general assembly, or the director of research of the legislative council of the general assembly or any member of legislative council staff;

(b) For the type of lobbying defined in subparagraph (IV) of paragraph (a) of subsection (3.5) of this section, a member of a rule-making board or commission or a rule-making official of a state agency which has jurisdiction over the subject matter of a rule, standard, or rate.

(1.9) (a) "Disclosure statement" means a written statement that contains:

(I) The name and address of each client or other professional lobbyist who has made a contribution totaling one hundred dollars or more for lobbying and the amount paid since the previous disclosure report;

(II) The total sum of the contributions made to or for the disclosing person for lobbying since the last disclosure statement which are not stated under subparagraph (I) of this paragraph (a);

(III) The total sum of all contributions made to or for the disclosing person for lobbying since the last disclosure statement and during the fiscal year;

(IV) The name of the covered official to or for whom such expenditures of more than fifty-three dollars have been made by or on behalf of the disclosing person for gift or entertainment purposes in connection with lobbying or for whom an expenditure was made by or on behalf of the disclosing person for a gift of a meal at a fund-raising event of a political party described in section 1-45-105.5 (1)(c)(IV), C.R.S., during either the first six months or the second six months of a state fiscal year and the amount, date, and principal purpose of the gift or entertainment, if the covered official or a member of his or her family actually received such gift

or entertainment, but expenditures of one dollar or less shall be reported under subparagraph (V) of this paragraph (a). All amounts that a professional lobbyist spends on a covered official for which the lobbyist is reimbursed, or the source of which is a contribution, shall be deemed to be for gift or entertainment purposes.

(V) The total sum of all such expenditures made by or on behalf of the disclosing person to covered officials for gift or entertainment purposes in connection with lobbying since the last disclosure statement that are not stated under subparagraph (IV) of this paragraph (a);

(VI) (Deleted by amendment, L. 96, p. 1081, § 1, effective August 7, 1996.)

(VII) The total sum of all expenditures made by or on behalf of the disclosing person in connection with lobbying, other than gift and entertainment expenditures, since the last disclosure statement which are not stated under subparagraph (VI) of this paragraph (a);

(VIII) The total sum of all expenditures made by or on behalf of the disclosing person in connection with lobbying since the last disclosure statement and during the fiscal year;

(IX) A statement, which shall only be given by a professional lobbyist, which contains the names of, and the amounts of any expenditures or contributions made to, any papers, periodicals, magazines, radio or television stations, or other media of mass communication to whom expenditures or contributions were made in which the professional lobbyist or his employer or agent has caused to be published any advertisements, articles, or editorials relating to lobbying; except that this information is not required for regular or routine publications sent primarily to the members of the professional lobbyist's organization, which publications contain information relating to his lobbying;

(X) The nature of the legislation, standards, rules, or rates for which the disclosing person is lobbying and, where known, the specific legislation, standards, rules, or rates. In the case of specific legislation, the professional lobbyist shall include the bill number of the legislation, and whether such lobbyist's client is supporting, opposing, amending, or monitoring the legislation at the time of the disclosure statement. The professional lobbyist shall specify that his or her representation is accurate as of the date of disclosure only and that the representation is not binding and is subject to change after the date and before the time the next disclosure statement is due. If a professional lobbyist fails to show any bill numbers or nature of the legislation, as applicable, such lobbyist shall affirm that he or she was not retained in connection with any legislation. Nothing in this subparagraph (X) requires any additional disclosure on the part of a lobbyist before the next applicable reporting deadline pursuant to section 24-6-302 (3). For purposes of this subparagraph (X), "legislation" means the process of making or enacting law in written form in the form of codes, statutes, or rules. Nothing in this subparagraph (X) requires a lobbyist to amend a previously filed disclosure statement upon learning the bill number of a previously disclosed piece of legislation.

(XI) If the client or professional lobbyist is an individual, the name and address of the individual and a description of the business activity in which the individual is engaged. If the client or professional lobbyist is a business entity, a description of the business entity in which the client or lobbyist is engaged and the name or names of the entity's chief executive officer, partners, or other designated contact person, as applicable. If the client or lobbyist is an industry, trade, organization or group of persons, or professional association, a description of the industry, trade, organization or group of persons, or profession that the lobbyist represents.

(XII) A statement detailing any direct business association of the disclosing person in any pending legislation, measure, or question. For purposes of this subparagraph (XII), a "direct

business association" means that, in connection with a pending bill, measure, or question, the passage or failure of the bill, measure, or question will result in the disclosing person deriving a direct financial or pecuniary benefit that is greater than any such benefit derived by or shared by other persons in the disclosing person's profession, occupation, or industry. A disclosing person shall not be deemed to have a direct personal relationship in a pending bill, measure, or question where such interest arises from a bill, measure, or question that affects the entire membership of a class to which the disclosing person belongs.

(b) The secretary of state shall prescribe a form for disclosure statements, which shall contain:

(I) A statement, which the disclosing person may adopt, if true, that no change has occurred since the prior month's disclosure statement, in which case the information required by paragraph (a) of this subsection (1.9) may be omitted;

(II) A statement, which the disclosing person may adopt, if true, that no unreported contributions for lobbying are receivable and that no unreported expenditures for lobbying will be made during the remainder of the fiscal year;

(III) A statement which the disclosing person shall sign indicating that the information provided is correct and complete; but notarization of such statement shall not be required. The disclosing person, in signing such statement, shall be subject to section 18-8-503, C.R.S., concerning false statements made to a public servant.

(c) Whenever a person required to file a disclosure statement under this part 3 solicits, collects, or receives contributions which are used for lobbying as well as for other purposes, or makes an expenditure which is attributable to lobbying as well as to other purposes, such contributions and expenditures shall be allocated between lobbying and other purposes, and the disclosure statement shall contain that portion allocated to lobbying.

(2) "Expenditure" means a payment, distribution, loan, advance, deposit, or gift of money or anything of value and includes a contract, promise, or agreement, whether or not legally enforceable, to make an expenditure.

(2.3) "Fiscal year" means the period commencing July 1 of a calendar year and concluding June 30 of the following calendar year.

(2.5) "Gross income for lobbying" means the total amount received from a client, including compensation for services, fees, and similar payments, before any deductions are made, by a professional lobbyist for lobbying or by a lobbying firm.

(3) Repealed.

(3.5) (a) "Lobbying" means communicating directly, or soliciting others to communicate, with a covered official for the purpose of aiding in or influencing:

(I) The drafting, introduction, sponsorship, consideration, debate, amendment, passage, defeat, approval, or veto by any covered official on:

(A) Any bill, resolution, amendment, nomination, appointment, or report, whether or not in writing, pending or proposed for consideration by either house of the general assembly or committee thereof, whether or not the general assembly is in session;

(B) Any other matter pending or proposed in writing by any covered official for consideration by either house of the general assembly or a committee thereof, whether or not the general assembly is in session;

(II) Repealed.

(II.5) The preparation of a fiscal summary or an initial fiscal impact statement required by section 1-40-105.5;

(III) The convening of a special session of the general assembly or the specification of business to be transacted at such special session;

(IV) The drafting, consideration, amendment, adoption, or defeat of any rule, standard, or rate of any state agency having rule-making authority.

(b) Subject to the exclusions and provisions of this paragraph (b), for the purpose of determining when contributions and expenditures become reportable in disclosure statements, "lobbying" includes activities undertaken by the person engaging in lobbying and persons acting at his request to prepare for lobbying which in fact ultimately occurs, provided:

(I) No such reports shall be required for activities occurring prior to the preceding fiscal year;

(II) Expenditures shall not be reported when such expenditures are incurred by a person in the ordinary course of the business or affairs of such person and are not made for lobbying. Such nonreportable expenditures will include, but not be limited to, the keeping of books of account and the routine collection of statistics and other data.

(c) "Lobbying" does not include communications made by a person in response to a statute, rule, regulation, or order requiring such a communication.

(d) (I) "Lobbying" does not include communications by a person who appears before a committee of the general assembly or a rule-making board or commission solely as a result of an affirmative vote by the committee, board, or commission issuing a mandatory order or subpoena commanding that the person appear and testify, or making such a person a respondent in such a proceeding whether or not the person is reimbursed by the committee, board, or commission for expenses incurred in making such appearance.

(II) (Deleted by amendment, L. 2004, p. 431, § 1, effective August 4, 2004.)

(III) (A) **Legislative declaration.** The general assembly hereby declares its support of the "Colorado Sunshine Act of 1972" and the open process that it has brought to the legislative process in Colorado. The general assembly's intent in enacting this subparagraph (III) is to achieve a more uniform application of the lobbying laws to witness testimony and to clarify the ability of the public to provide testimony to the general assembly and to state agencies.

(B) "Lobbying" excludes persons who are not otherwise registered as lobbyists and who limit their activities to appearances to give testimony or provide information to committees of the general assembly or at public hearings of state agencies or who give testimony or provide information at the request of public officials or employees and who clearly identify themselves and the interest for whom they are testifying or providing information.

(e) "Lobbying" does not include communications made by an attorney-at-law when such communications are made on behalf of a client whose name has been identified and when such communications constitute the practice of law subject to control by the judicial branch of the state of Colorado.

(f) "Lobbying" does not include duties performed by employees of the legislative department.

(3.6) "Lobbying firm" means a person or entity employing one or more professional lobbyists to lobby on behalf of a client that is not the person or entity. "Lobbying firm" includes a self-employed professional lobbyist.

(3.7) "Lobbyist" means either a professional or a volunteer lobbyist.

(4) "Person" means an individual, limited liability company, partnership, committee, association, corporation, or any other organization or group of persons.

(5) "Political committee" means any committee, association, or organization which accepts contributions or makes expenditures for the purpose of influencing or attempting to influence the election of candidates or presidential and vice-presidential electors or any duly authorized committee or subcommittee of a national, state, or local political party.

(5.5) Repealed.

(6) "Professional lobbyist" means a person, business entity, including a sole proprietorship, or an employee of a client, who is compensated by a client or another professional lobbyist for lobbying. "Professional lobbyist" does not include any volunteer lobbyist, any state official or employee acting in his official capacity, except as provided in section 24-6-303.5, any elected public official acting in his official capacity, or any individual who appears as counsel or advisor in an adjudicatory proceeding.

(7) "Volunteer lobbyist" means any individual who engages in lobbying and whose only receipt of money or other thing of value consists of nothing more than reimbursement for actual and reasonable expenses incurred for personal needs, such as meals, travel, lodging, and parking, while engaged in lobbying or for actual expenses incurred in informing the organization making the reimbursement or the members thereof of his lobbying.

24-6-302. Disclosure statements - required - definition.

(1) (Deleted by amendment, L. 96, p. 1081, § 2, effective August 7, 1996.)

(2) Any person who makes expenditures for gifts or entertainment purposes for the benefit of covered officials in the aggregate amount of two hundred dollars in a state fiscal year shall file disclosure statements with the secretary of state in accordance with this section. Such disclosure statements shall not include actual and reasonable expenses incurred for personal needs, such as meals, travel, lodging, and parking.

(2.5) (a) A professional lobbyist and any lobbying firm shall file a monthly disclosure statement with the secretary of state no later than the fifteenth day after the end of the first calendar month, and each subsequent month, in which the lobbyist received any income or made any expenditures for lobbying. In the case of a single-member lobbying firm, if a disclosure statement includes the name of the professional lobbyist and the name of a lobbying firm that solely employs the lobbyist, a single disclosure statement may be filed with the secretary of state on behalf of both the professional lobbyist and the lobbying firm.

(b) No disclosure statement shall be required of a person who is described in a disclosure statement of a professional lobbyist pursuant to paragraph (a) of this subsection (2.5).

(c) Nothing in this subsection (2.5) shall be construed to require a professional lobbyist or a firm organized for professional lobbying purposes that is engaged in lobbying for a trade association, public interest group, or governmental organization to include in the disclosure statement of such lobbyist or firm any dues, assessments, or fees collected by such association, group, or organization for lobbying purposes.

(3) (a) (Deleted by amendment, L. 2014.)

(b) In addition to the monthly disclosure statement, a professional lobbyist shall file with the secretary of state an annual disclosure statement for the entire fiscal year no later than July 15 that covers the immediately preceding fiscal year. The annual disclosure statement must contain the name of and total gross income for lobbying received from each client or other professional lobbyist for whom the lobbyist lobbied during the previous fiscal year. If a professional lobbyist receives business from another professional lobbyist on a subcontract basis, the lobbyist receiving such business shall describe in an annual disclosure statement the total gross income received from the professional lobbyist under the subcontract who is contemporaneously reporting the subcontracting business on his or her annual disclosure statement.

(4) If a professional lobbyist determines at any time during a fiscal year that he or she will not lobby or receive lobbying income for the remainder of the fiscal year, the lobbyist may file an annual disclosure statement at such time, and thereafter need not file subsequent monthly disclosure statements until he or she resumes lobbying.

(5) This section shall not apply to any political committee, volunteer lobbyist, citizen who lobbies on his or her own behalf, state official or employee acting in his or her official capacity, except as provided in section 24-6-303.5, or elected public official acting in his or her official capacity.

(6) (a) During the period that the general assembly is not in regular or special session, a professional lobbyist shall notify the secretary of state in writing within five business days after an oral or written agreement to engage in lobbying for any person or client not disclosed in the registration statement filed pursuant to section 24-6-303 (1). During the period that the general assembly is in regular or special session, a professional lobbyist shall notify the secretary of state

after an agreement to engage in lobbying for any person or client not disclosed in the registration statement filed pursuant to section 24-6-303 (1), either by means of the electronic filing system created in section 24-6-303 (6.3) or by facsimile transmission in accordance with the following:

(I) In the case of a written agreement to engage the lobbyist, disclosure shall be made within twenty-four hours after the date of the agreement; and

(II) In the case of an oral agreement to engage the lobbyist, the disclosure shall be made within twenty-four hours after the date of a subsequent written agreement between the parties, the commencing of lobbying activities, or the date the lobbyist receives any payment on the agreement, whichever occurs first.

(b) A professional lobbyist who provides the notification under paragraph (a) of this subsection (6) shall file, concurrently with the next disclosure statement due after such notification, a signed written statement that contains:

(I) The name and address of the person described in such notification; and

(II) A summary of the terms related to lobbying under the agreement between such person and the professional lobbyist. A professional lobbyist shall also update his or her registration within twenty-four hours if he or she agrees to lobby for a client or other lobbyist on a subcontract basis who is not disclosed in the lobbyist's original registration statement.

(6.5) (a) In addition to any other disclosure required by this part 3, during the period that the general assembly is in regular or special session, a professional lobbyist shall notify the secretary of state by means of the electronic filing system created in section 24-6-303 (6.3) within seventy-two hours after:

(I) The lobbyist agrees to undertake lobbying in connection with new legislation, standards, rules, or rates for either a new or existing client of the lobbyist; or

(II) The lobbyist takes a new position on a new or existing bill for a new or existing client of the lobbyist.

(b) During the period that the general assembly is in regular or special session, where the lobbyist agrees to undertake lobbying in connection with new or existing legislation for either a new or existing client, the disclosure required by subsection (6.5)(a) of this section includes the bill number of the legislation at issue and whether the lobbyist's client is supporting, opposing, amending, or monitoring the legislation at the time the lobbyist agrees to undertake lobbying in connection with the legislation or takes a new position.

(7) In addition to the criminal penalty provided for in section 24-6-309 (1), the secretary of state, after proper notification by certified mail, shall impose an additional penalty of twenty dollars per day for each business day that a disclosure statement required to be filed by this section is not filed by the close of the business day on the day due up to and including the first ten business days on which the disclosure statement has not been filed after the day due. For failure to file a disclosure statement required to be filed by this section by the close of the eleventh business day on which the disclosure statement has not been filed after the day due, in addition to the criminal penalty provided for in section 24-6-309 (1), the secretary of state shall impose an additional penalty of fifty dollars for each day thereafter that a disclosure statement required to be filed by this section is not filed by the close of the business day. The secretary of state may excuse the payment of any penalty imposed by this subsection (7), or reduce the amount of any penalty imposed, for bona fide personal emergencies. Revenues collected from penalties assessed by the secretary of state shall be deposited in the department of state cash fund created in section 24-21-104 (3).

(8) Notwithstanding any other provision of this part 3, an attorney who is registered as a professional lobbyist is required to disclose information about the clients for whom he or she lobbies in accordance with this part 3 to the same extent as a professional lobbyist who is not an attorney. An attorney who is registered as a professional lobbyist may not decline to disclose his or her lobbying as such lobbying is required to be disclosed in accordance with this part 3 on the grounds that the lobbying is protected against disclosure as confidential matters between an attorney and a client.

(9) Notwithstanding any other provision of this part 3, in connection with any requirement to disclose the identity of a client in this section or section 24-6-303, "client" means, in accordance with section 24-6-301 (1), the name of the person who employs or retains the professional services of a lobbyist, a lobbying firm, or any other person or entity to undertake lobbying on its behalf. In connection with any requirement in this section or section 24-6-303 to disclose the identity of a client, a professional lobbyist who is a natural person and who is employed or retained by a lobbying firm or any other firm or entity may disclose the name of the lobbying firm or other person or entity by means of which, or under the name of which, a professional lobbyist does business, but to satisfy such disclosure requirement the lobbyist shall also disclose the name of the client who employs or retains the professional services of the lobbyist, or a lobbying firm or any other person or entity that employs or retains the lobbyist, to undertake lobbying on its behalf.

24-6-303. Registration as professional lobbyist - filing of disclosure statements - certificate of registration - legislative declaration. (1) Before lobbying, a professional lobbyist shall file an electronic registration statement with the secretary of state that contains:

(a) His or her full legal name, business address, and business telephone number;
(b) The name, address, and telephone number of his or her employer, if applicable;
(c) The name, address, and telephone number of the client for whom he or she will be lobbying; and

(d) The name, address, and telephone number of any other professional lobbyist for whom he or she is lobbying on a subcontract basis.

(1.3) (a) At the time a professional lobbyist files a registration statement in accordance with subsection (1) of this section prior to engaging in lobbying, and each time such lobbyist

files an updated registration statement in accordance with subsection (1.5) of this section, such individual shall pay a registration fee in an amount that shall be set by the secretary of state by rule promulgated in accordance with article 4 of this title and shall be set at a level that offsets the costs to the secretary of state of providing electronic access to information pursuant to section 24-6-304 (2), and in processing and maintaining the disclosure information required by this part 3. The secretary of state shall charge a reduced fee to a professional lobbyist that files his or her registration statement pursuant to paragraph (b) of subsection (6.3) of this section. The secretary of state may waive the fee of a professional lobbyist for a not-for-profit organization who derives his or her compensation solely from the organization. A volunteer lobbyist shall be exempt from the requirement to pay the registration fee mandated by this paragraph (a).

(b) All fees collected pursuant to the provisions of this subsection (1.3) shall be credited to the department of state cash fund created in section 24-21-104 (3)(b).

(1.5) A professional lobbyist shall file an updated registration statement on or before July 15 of each year unless at that time he or she is no longer a professional lobbyist. Registration under this subsection (1.5) shall be effective until July 1 of the next year.

(2) A professional lobbyist shall file disclosure statements as required by section 24-6-302.

(3) Consistent with the requirements of subsection (6.3) of this section, a hard copy of all registration statements and disclosure statements of professional lobbyists and lobbying firms must be compiled by the secretary of state within thirty days after the end of the calendar month for which such information is filed and shall be organized alphabetically according to the names of the lobbyists and firms.

(4) No individual shall act as a professional lobbyist unless he has received a certificate of registration as provided in section 24-6-305 (1).

(5) An individual shall not be considered a lobbyist solely because of his or her appearance as a witness in rule, standard, or rate-making proceedings.

(6) This section shall not apply to any political committee, volunteer lobbyist, citizen who lobbies on his or her own behalf, state official or employee acting in his or her official capacity, except as provided in section 24-6-303.5, or elected public official acting in his or her official capacity.

(6.3) (a) No later than January 1, 2002, the secretary of state shall establish, operate, and maintain a system that enables electronic filing of the reports required by this part 3 by utilizing the internet. Rules concerning the manner in which reports required by this part 3 may be filed electronically, including but not limited to the information to be contained in such reports, the procedure for amending such reports, and public access to the electronic filing system, shall be promulgated by the secretary of state in accordance with article 4 of this title.

(b) In addition to any other method of filing, any person subject to the filing requirements of this part 3 or his or her duly authorized agent may use the electronic filing system described in paragraph (a) of this subsection (6.3) in order to meet such filing requirements.

(7) Repealed.

24-6-303.5. Lobbying by state officials and employees. (1) (a) Each principal department of state government, as defined in section 24-1-110, shall designate one person who shall be responsible for any lobbying of the type defined in section 24-6-301 (3.5)(a)(I) or (3.5)(a)(III) by a state official or employee on behalf of said principal department. All designated persons from the principal departments, as well as any person lobbying, as defined in section 24-6-301 (3.5)(a)(I) or (3.5)(a)(III), on behalf of an institution or governing board of higher education, shall register with the secretary of state by filing a written statement on or before January 15 of each year. Such registration statement shall be on a form prescribed by the secretary of state and shall include the following:

(I) The designated person's full legal name, principal department address, and business telephone number;

(II) The name of any state official or employee who is lobbying on behalf of the principal department, the name of such person's division or unit within the principal department, his classification or job title, and the address and telephone number of his division or unit.

(b) Copies of the original documents filed with the secretary of state shall be filed with the governor's office, the secretary of the senate, and the chief clerk of the house of representatives.

(c) Any amendments to the original registration statement shall be filed with the secretary of state within seven days of the pertinent change.

(2) (a) In addition to the registration statement filed pursuant to subsection (1) of this section, the designated person, and any person lobbying on behalf of an institution or governing board of higher education, shall file, monthly, a disclosure statement with the secretary of state in accordance with this subsection (2). The secretary of state shall prescribe the form for such disclosure statement, which shall include:

(I) The legislation on which lobbying is being performed;

(II) Any expenditure of public funds used for lobbying and the amount thereof;

(III) An estimate of the time spent on lobbying or preparation thereof by any state official or employee named in the registration statement or any other employee of the principal department.

(b) Disclosure statements shall be filed within fifteen days after the end of the first calendar month and shall be filed within fifteen days after the end of each subsequent month during the fiscal year.

(3) For purposes of this section, "state official or employee" means an individual who is compensated by a state of Colorado warrant and receives state of Colorado employee benefits except a lobbyist hired on a contract basis if he is currently registered under sections 24-6-302 and 24-6-303 or a lobbyist who registers as a professional lobbyist pursuant to sections 24-6-302 and 24-6-303.

(4) This section shall not apply to the following persons:

(a) Members of the public utilities commission, the industrial claim appeals office, the state board of land commissioners, the office of the property tax administrator, the state parole board, and the state personnel board;

(b) Members of any board or commission serving without compensation except for per diem allowances provided by law and reimbursement of expenses;

(c) Members of the governor's cabinet and personal staff employees in the offices of the governor and the lieutenant governor whose functions are confined to such offices and who report directly to the governor or lieutenant governor;

(d) Appointees to fill vacancies in elective offices;

(e) One deputy of each elective officer other than the governor and lieutenant governor specified in section 1 of article IV of the state constitution;

(f) Members, officers, and employees of the legislative branch;

(g) Members, officers, and employees of the judicial branch; specifically, municipal, state, and federal judges and the state court administrator and his designee; and

(h) Any state official or employee communicating with a covered official in response to an inquiry of that covered official or when testifying before any committee of the general assembly upon request of a committee member.

(5) Any person who engages in lobbying for a principal department but who is not a state official or employee shall comply with the requirements of sections 24-6-302 and 24-6-303.

24-6-304. Records - preservation - public inspection - electronic access. (1) Each person required to file statements or reports under this part 3 shall maintain for a period of five years such records relating to such statements or reports as the secretary of state determines by regulation are necessary for the effective implementation of this part 3.

(2) (a) Any statement required by this part 3 to be filed with the secretary of state shall be preserved by the secretary of state for a period of five years after the date of filing, shall constitute part of the public records of that office, and shall be open and readily accessible for public inspection. The secretary of state shall implement a computer information system that will allow computer users to cross-reference and review, using the name of a professional lobbyist or any other person, any disclosure statement or other written statement filed pursuant to section 24-6-302 and registration statement filed pursuant to section 24-6-303 on which the name of such lobbyist or other person appears.

(b) No later than January 1, 2002, the secretary of state shall establish, operate, and maintain a website on the internet, or modify an existing site, that will allow computer users electronic read-only access to the information required to be filed by this part 3 free of charge.

All information required to be filed by this part 3 that is filed electronically shall be made available:

- (I) On the website within twenty-four hours after filing; and
- (II) In a form that allows a computer user to cross-reference and review, using the name of a professional lobbyist or any other person, any disclosure statement or other written statement filed pursuant to section 24-6-302 and registration statement filed pursuant to section 24-6-303 on which the name of such lobbyist or other person appears.

24-6-304.5. Examination of books and records. (1) The secretary of state has the power to request to examine or cause to be examined the books and records of any individual who has received or is seeking to renew a certificate of registration as a lobbyist as such books and records may relate to lobbying.

(2) Failure of a registrant or an applicant for renewal of the certificate of registration to comply with a request from the secretary of state to furnish the information in subsection (1) of this section shall be grounds for the secretary of state to proceed to use his powers to revoke or suspend a certificate of registration or bar an individual from registration as provided in section 24-6-305.

24-6-305. Powers of the secretary of state - granting and revoking of certificates - barring from registration - imposition of penalties - notification of substantial violation. (1) It is the duty and responsibility of the secretary of state:

(a) To grant a certificate of registration as a lobbyist to any individual who registers under the provisions of this section and who supplies the information required in this part 3;

(b) To revoke the certificate of registration of any individual who has been convicted of violating any of the provisions of this part 3;

(c) and (d) Repealed.

(e) To revoke the certificate of registration of any individual whose lobbying privileges before the general assembly have been suspended following action on a written complaint against the person in accordance with the rules on lobbying practices promulgated by the general assembly.

(1.5) (a) In the case of revocation of a certificate of registration in accordance with the provisions of paragraph (b) or (e) of subsection (1) of this section, the secretary of state shall additionally indicate the revocation on the website and shall send written notice of the revocation by United States mail to each client or other lobbyist for whom the individual lobbies as shown on the individual's registration statement filed pursuant to section 24-6-303 (1).

(b) In the case of censure that has been adopted by the general assembly, the secretary of state shall send a copy of the resolution by United States mail to each client or other lobbyist for

whom the individual lobbies as shown on the individual's registration statement filed pursuant to section 24-6-303 (1).

(2) In addition to any other powers conferred by this section, the secretary of state may:

(a) Revoke, or suspend for a maximum period of one year, or bar from registration for a maximum period of one year or the remainder of the legislative biennium, whichever is longer, the certificate of registration required by section 24-6-303 for failure to file the reports required by section 24-6-303, provide the information required by section 24-6-304.5, or pay fully any penalty imposed pursuant to section 24-6-302 (7); but no certificate may be revoked or suspended within thirty days after the failure to file such a report if, prior to the last day for filing such reports, the secretary of state has been informed in writing of extenuating circumstances justifying such failure. Any revocation or suspension of a certificate of registration or bar from registration shall be in accordance with the provisions of article 4 of this title.

(b) Adopt rules and regulations in accordance with the provisions of article 4 of this title to define, interpret, implement, and enforce the provisions of this part 3 and to prevent the evasion of the requirements of this part 3;

(c) On his or her own motion or on the verified complaint of any person, investigate the activities of any person who is or who has allegedly been engaged in lobbying and who may be in violation of the requirements of this part 3;

(d) Apply to the district court of the city and county of Denver for the issuance of an order requiring any individual who is believed by the secretary of state to be engaging in lobbying as a professional lobbyist as defined in section 24-6-301 without having received a certificate of registration as required by the provisions of section 24-6-303 to produce documentary evidence which is relevant or material or to give testimony which is relevant or material to the matter in question.

(3) If the secretary of state has reasonable grounds to believe that any person is in violation of section 24-6-302 or 24-6-303, the secretary of state may, after notice has been given and a hearing held in accordance with the provisions of article 4 of this title, issue a cease-and-desist order. Such order shall set forth the provisions of this part 3 found to be violated and the facts found to be the violation. Any person subject to a cease-and-desist order shall be entitled, upon request, to judicial review in accordance with the provisions of article 4 of this title.

(4) The secretary of state shall timely inform the president of the state senate and the speaker of the state house of representatives whenever the secretary of state has reasonable grounds to believe that a violation of section 24-6-302 or 24-6-303 has occurred that the secretary of state deems substantial.

24-6-306. Employment of legislators, legislative employees, or state employees - filing of statement. If any person who engages in lobbying employs or causes his employer to employ any member of the general assembly, any member of a rule-making board or commission, any rule-making official of a state agency, any employee of the general assembly, or any full-time state employee who remains in the partial employ of the state or any agency thereof, the new employer shall file a statement under oath with the secretary of state within fifteen days after such employment. The statement shall specify the nature of the employment, the name of the individual to be paid thereunder, and the amount of pay or consideration to be paid thereunder.

24-6-308. Prohibited practices. (1) No person engaged in lobbying shall:

(a) Make any agreement under which any consideration is to be given, transferred, or paid to any person contingent upon the passage or defeat of any legislation; the making or defeat of any rule, standard, or rate by any state agency; or the approval or veto of any legislation by the governor of this state;

(b) Knowingly attempt to deceive, or make a false statement to, a covered official regarding any material fact relating to a matter that is within the scope of duties of the covered official;

(c) Conceal from a covered official the identity of the person or entity for whom the lobbyist is lobbying;

(d) Knowingly use a fictitious name, or a real name without the consent of the person whose name is used, to communicate with a covered official;

(e) Knowingly represent an interest adverse to the lobbyist's client without first obtaining the consent of the client after full disclosure by the lobbyist of the adverse interest;

(f) Make any form of payment to a covered official as compensation for any interest in real or personal property or the provision of services in excess of the amount of compensation that would be paid by a person who is not a lobbyist for such interest or services in the ordinary course of business;

(g) Make a loan to a covered official or engage in any other transaction with a covered official with the intention of making the covered official personally obligated to the lobbyist;

(h) Attempt to influence the vote of a covered official in connection with any pending matter by threat of a political reprisal, including without limitation the promise of financial support of, or opposition to, the covered official's candidacy at any future election;

(i) Seek to influence a covered official by communicating with the covered official's employer;

(j) Cause to be introduced, or influence the introduction of, any bill, resolution, amendment, standard, rule, or rate for the purpose of afterwards being employed to secure its passage or defeat;

(k) Receive compensation for lobbying while serving as a state officer or employee of the state central committee of a political party;

(l) Make a campaign contribution in excess of the applicable limitations established by law or rule or make, solicit, or promise to solicit a campaign contribution during the period when lobbyists are prohibited from making such contributions under section 1-45-105.5, C.R.S.;

(m) Employ, subcontract, or pay compensation to a person for lobbying who has not registered as a lobbyist; or

(n) Engage in any other practice that discredits the practice of lobbying or the general assembly.

(2) Any person who believes that a lobbyist has committed any act or omission in violation of this section may file a complaint with the secretary of state or any member of the executive committee of the general assembly in accordance with the procedures for filing a complaint against a lobbyist under the joint rules of the senate and the house of representatives. Upon receipt of a complaint, the secretary of state may act upon alleged violations of this section to enforce governing laws or rules or may refer the matter to the executive committee of the general assembly.

24-6-309. Offenses - penalties - injunctions. (1) Any person who violates any of the provisions of this part 3, except for the commission of any of the practices listed in section 24-6-308 (1)(b) to (1)(e) and (1)(h) to (1)(n), willfully files any document provided for in this part 3 that contains any materially false statement or material omission, or willfully fails to comply with any material requirement of this part 3 commits a petty offense.

(2) Whenever it appears that any person has engaged or is about to engage in any act or practice constituting a violation of any provision of this part 3 or any rule or order under this part 3, the secretary of state may bring an action in district court to enjoin the acts or practices and to enforce compliance with this part 3 or any rule or order under this part 3.

PART 4

OPEN MEETINGS LAW

24-6-401. Declaration of policy. It is declared to be a matter of statewide concern and the policy of this state that the formation of public policy is public business and may not be conducted in secret.

Source: Initiated 72. L. 73: p. 1666, § 1. **C.R.S. 1963:** § 3-37-401. **L. 91:** Entire section amended, p. 815, § 1, effective June 1.

24-6-402. Meetings - open to public - legislative declaration - definitions. (1) For the purposes of this section:

(a) (I) "Local public body" means any board, committee, commission, authority, or other advisory, policy-making, rule-making, or formally constituted body of any political subdivision of the state and any public or private entity to which a political subdivision, or an official thereof, has delegated a governmental decision-making function but does not include persons on the administrative staff of the local public body.

(II) Notwithstanding the provisions of subparagraph (I) of this paragraph (a), in order to assure school board transparency "local public body" shall include members of a board of education, school administration personnel, or a combination thereof who are involved in a meeting with a representative of employees at which a collective bargaining agreement is discussed.

(III) Notwithstanding the provisions of subparagraph (I) of this paragraph (a), "local public body" includes the governing board of an institute charter school that is authorized pursuant to part 5 of article 30.5 of title 22, C.R.S.

(b) "Meeting" means any kind of gathering, convened to discuss public business, in person, by telephone, electronically, or by other means of communication.

(c) "Political subdivision of the state" includes, but is not limited to, any county, city, city and county, town, home rule city, home rule county, home rule city and county, school district, special district, local improvement district, special improvement district, or service district.

(d) (I) "State public body" means any board, committee, commission, or other advisory, policy-making, rule-making, decision-making, or formally constituted body of any state agency, state authority, governing board of a state institution of higher education including the regents of the university of Colorado, a nonprofit corporation incorporated pursuant to section 23-5-121 (2), C.R.S., or the general assembly, and any public or private entity to which the state, or an official thereof, has delegated a governmental decision-making function but does not include persons on the administrative staff of the state public body.

(II) Notwithstanding the provisions of subparagraph (I) of this paragraph (d), "state public body" does not include the governing board of an institute charter school that is authorized pursuant to part 5 of article 30.5 of title 22, C.R.S.

(2) (a) All meetings of two or more members of any state public body at which any public business is discussed or at which any formal action may be taken are declared to be public meetings open to the public at all times.

(b) All meetings of a quorum or three or more members of any local public body, whichever is fewer, at which any public business is discussed or at which any formal action may be taken are declared to be public meetings open to the public at all times.

(c) (I) Any meetings at which the adoption of any proposed policy, position, resolution, rule, regulation, or formal action occurs or at which a majority or quorum of the body is in attendance, or is expected to be in attendance, shall be held only after full and timely notice to the public. In addition to any other means of full and timely notice, a local public body shall be deemed to have given full and timely notice if the notice of the meeting is posted in a designated public place within the boundaries of the local public body no less than twenty-four hours prior to the holding of the meeting. The public place or places for posting such notice shall be designated annually at the local public body's first regular meeting of each calendar year. The posting shall include specific agenda information where possible.

(II) The general assembly hereby finds and declares that:

(A) It is the intent of the general assembly that local governments transition from posting physical notices of public meetings in physical locations to posting notices on a website, social media account, or other official online presence of the local government to the greatest extent practicable;

(B) It is the intent of the general assembly to relieve a local government of the requirement to physically post meeting notices, with certain exceptions, if the local government complies with the requirements of online posted notices of meetings;

(C) A number of factors may affect the ability of some local governments to easily establish a website, post meeting notices online, and otherwise benefit from having an online presence, including the availability of broadband or reliable broadband, the lack of cellular telephone and data services, and fiscal or staffing constraints of the local government;

(D) Local governments are encouraged to avail themselves of existing free resources for creating a website and receiving content management assistance from the Colorado statewide internet portal authority and statewide associations representing local governmental entities; and

(E) It is the intent of the general assembly to closely monitor the transition to providing notices of public meetings online over the next two years and, if significant progress is not made, to bring legislation mandating in statute that all notices be posted online except in very narrow circumstances that are beyond the control of a local government.

(III) On and after July 1, 2019, a local public body shall be deemed to have given full and timely notice of a public meeting if the local public body posts the notice, with specific agenda information if available, no less than twenty-four hours prior to the holding of the meeting on a public website of the local public body. The notice must be accessible at no charge to the public. The local public body shall, to the extent feasible, make the notices searchable by type of meeting, date of meeting, time of meeting, agenda contents, and any other category deemed appropriate by the local public body and shall consider linking the notices to any appropriate social media accounts of the local public body. A local public body that provides

notice on a website pursuant to this subsection (2)(c)(III) shall provide the address of the website to the department of local affairs for inclusion in the inventory maintained pursuant to section 24-32-116. A local public body that posts a notice of a public meeting on a public website pursuant to this subsection (2)(c)(III) may in its discretion also post a notice by any other means including in a designated public place pursuant to subsection (2)(c)(I) of this section; except that nothing in this section shall be construed to require such other posting. A local public body that posts notices of public meetings on a public website pursuant to this subsection (2)(c)(III) shall designate a public place within the boundaries of the local public body at which it may post a notice no less than twenty-four hours prior to a meeting if it is unable to post a notice online in exigent or emergency circumstances such as a power outage or an interruption in internet service that prevents the public from accessing the notice online.

(IV) For purposes of this section, "local public body" includes municipalities, counties, school districts, and special districts.

(d) (I) Minutes of any meeting of a state public body shall be taken and promptly recorded, and such records shall be open to public inspection. The minutes of a meeting during which an executive session authorized under subsection (3) of this section is held shall reflect the topic of the discussion at the executive session.

(II) Minutes of any meeting of a local public body at which the adoption of any proposed policy, position, resolution, rule, regulation, or formal action occurs or could occur shall be taken and promptly recorded, and such records shall be open to public inspection. The minutes of a meeting during which an executive session authorized under subsection (4) of this section is held shall reflect the topic of the discussion at the executive session.

(III) If elected officials exchange electronic mail to discuss pending legislation or other public business among themselves, the electronic mail is subject to the requirements of this section. Electronic mail communication between elected officials that does not relate to the merits or substance of pending legislation or other public business, including electronic mail communication regarding scheduling and availability or electronic mail communication that is sent by an elected official for the purpose of forwarding information, responding to an inquiry from an individual who is not a member of the state or local public body, or posing a question for later discussion by the public body, shall not be considered a "meeting" within the meaning of this section. For purposes of this subsection (2)(d)(III), "merits or substance" means any discussion, debate, or exchange of ideas, either generally or specifically, related to the essence of any public policy proposition, specific proposal, or any other matter being considered by the governing entity.

(IV) Neither a state nor a local public body may adopt any proposed policy, position, resolution, rule, or regulation or take formal action by secret ballot unless otherwise authorized in accordance with the provisions of this subparagraph (IV). Notwithstanding any other provision of this section, a vote to elect leadership of a state or local public body by that same public body may be taken by secret ballot, and a secret ballot may be used in connection with the election by a state or local public body of members of a search committee, which committee is otherwise subject to the requirements of this section, but the outcome of the vote shall be recorded contemporaneously in the minutes of the body in accordance with the requirements of this section. Nothing in this subparagraph (IV) shall be construed to affect the authority of a board of education to use a secret ballot in accordance with the requirements of section 22-32-108 (6), C.R.S. For purposes of this subparagraph (IV), "secret ballot" means a vote cast

in such a way that the identity of the person voting or the position taken in such vote is withheld from the public.

(d.5) (I) (A) Discussions that occur in an executive session of a state public body shall be electronically recorded. If a state public body electronically recorded the minutes of its open meetings on or after August 8, 2001, the state public body shall continue to electronically record the minutes of its open meetings that occur on or after August 8, 2001; except that electronic recording shall not be required for two successive meetings of the state public body while the regularly used electronic equipment is inoperable. A state public body may satisfy the electronic recording requirements of this sub-subparagraph (A) by making any form of electronic recording of the discussions in an executive session of the state public body. Except as provided in sub-subparagraph (B) of this subparagraph (I), the electronic recording of an executive session shall reflect the specific citation to the provision in subsection (3) of this section that authorizes the state public body to meet in an executive session and the actual contents of the discussion during the session. The provisions of this sub-subparagraph (A) shall not apply to discussions of individual students by a state public body pursuant to paragraph (b) of subsection (3) of this section.

(B) If, in the opinion of the attorney who is representing a governing board of a state institution of higher education, including the regents of the university of Colorado, and is in attendance at an executive session that has been properly announced pursuant to paragraph (a) of subsection (3) of this section, all or a portion of the discussion during the executive session constitutes a privileged attorney-client communication, no record or electronic recording shall be required to be kept of the part of the discussion that constitutes a privileged attorney-client communication. The electronic recording of said executive session discussion shall reflect that no further record or electronic recording was kept of the discussion based on the opinion of the attorney representing the governing board of a state institution of higher education, including the regents of the university of Colorado, as stated for the record during the executive session, that the discussion constituted a privileged attorney-client communication, or the attorney representing the governing board of a state institution of higher education, including the regents of the university of Colorado, may provide a signed statement attesting that the portion of the executive session that was not recorded constituted a privileged attorney-client communication in the opinion of the attorney.

(C) If a court finds, upon application of a person seeking access to the record of the executive session of a state public body in accordance with section 24-72-204 (5.5) and after an in camera review of the record of the executive session, that the state public body engaged in substantial discussion of any matters not enumerated in subsection (3) of this section or that the body adopted a proposed policy, position, resolution, rule, regulation, or formal action in the executive session in contravention of paragraph (a) of subsection (3) of this section, the portion of the record of the executive session that reflects the substantial discussion of matters not enumerated in subsection (3) of this section or the adoption of a proposed policy, position, resolution, rule, regulation, or formal action shall be open to public inspection pursuant to section 24-72-204 (5.5).

(D) No portion of the record of an executive session of a state public body shall be open for public inspection or subject to discovery in any administrative or judicial proceeding, except upon the consent of the state public body or as provided in sub-subparagraph (C) of this subparagraph (I) and section 24-72-204 (5.5).

(E) The record of an executive session of a state public body recorded pursuant to sub-subparagraph (A) of this subparagraph (I) shall be retained for at least ninety days after the date of the executive session.

(II) (A) Discussions that occur in an executive session of a local public body shall be electronically recorded. If a local public body electronically recorded the minutes of its open meetings on or after August 8, 2001, the local public body shall continue to electronically record the minutes of its open meetings that occur on or after August 8, 2001; except that electronic recording shall not be required for two successive meetings of the local public body while the regularly used electronic equipment is inoperable. A local public body may satisfy the electronic recording requirements of this sub-subparagraph (A) by making any form of electronic recording of the discussions in an executive session of the local public body. Except as provided in sub-subparagraph (B) of this subparagraph (II), the electronic recording of an executive session shall reflect the specific citation to the provision in subsection (4) of this section that authorizes the local public body to meet in an executive session and the actual contents of the discussion during the session. The provisions of this sub-subparagraph (A) shall not apply to discussions of individual students by a local public body pursuant to paragraph (h) of subsection (4) of this section.

(B) If, in the opinion of the attorney who is representing the local public body and who is in attendance at an executive session that has been properly announced pursuant to subsection (4) of this section, all or a portion of the discussion during the executive session constitutes a privileged attorney-client communication, no record or electronic recording shall be required to be kept of the part of the discussion that constitutes a privileged attorney-client communication. The electronic recording of said executive session discussion shall reflect that no further record or electronic recording was kept of the discussion based on the opinion of the attorney representing the local public body, as stated for the record during the executive session, that the discussion constituted a privileged attorney-client communication, or the attorney representing the local public body may provide a signed statement attesting that the portion of the executive session that was not recorded constituted a privileged attorney-client communication in the opinion of the attorney.

(C) If a court finds, upon application of a person seeking access to the record of the executive session of a local public body in accordance with section 24-72-204 (5.5) and after an in camera review of the record of the executive session, that the local public body engaged in substantial discussion of any matters not enumerated in subsection (4) of this section or that the body adopted a proposed policy, position, resolution, rule, regulation, or formal action in the executive session in contravention of subsection (4) of this section, the portion of the record of the executive session that reflects the substantial discussion of matters not enumerated in subsection (4) of this section or the adoption of a proposed policy, position, resolution, rule, regulation, or formal action shall be open to public inspection pursuant to section 24-72-204 (5.5).

(D) No portion of the record of an executive session of a local public body shall be open for public inspection or subject to discovery in any administrative or judicial proceeding, except upon the consent of the local public body or as provided in sub-subparagraph (C) of this subparagraph (II) and section 24-72-204 (5.5).

(E) Except as otherwise required by section 22-32-108 (5)(e), C.R.S., the record of an executive session of a local public body recorded pursuant to sub-subparagraph (A) of this subparagraph (II) shall be retained for at least ninety days after the date of the executive session.

(e) This part 4 does not apply to any chance meeting or social gathering at which discussion of public business is not the central purpose.

(f) The provisions of paragraph (c) of this subsection (2) shall not be construed to apply to the day-to-day oversight of property or supervision of employees by county commissioners. Except as set forth in this paragraph (f), the provisions of this paragraph (f) shall not be interpreted to alter any requirements of paragraph (c) of this subsection (2).

(3) (a) The members of a state public body subject to this part 4, upon the announcement by the state public body to the public of the topic for discussion in the executive session, including specific citation to the provision of this subsection (3) authorizing the body to meet in an executive session and identification of the particular matter to be discussed in as much detail as possible without compromising the purpose for which the executive session is authorized, and the affirmative vote of two-thirds of the entire membership of the body after such announcement, may hold an executive session only at a regular or special meeting and for the sole purpose of considering any of the matters enumerated in subsection (3)(b) of this section or the following matters; except that no adoption of any proposed policy, position, resolution, rule, regulation, or formal action, except the review, approval, and amendment of the minutes of an executive session recorded pursuant to subsection (2)(d.5)(I) of this section, shall occur at any executive session that is not open to the public:

(I) The purchase of property for public purposes, or the sale of property at competitive bidding, if premature disclosure of information would give an unfair competitive or bargaining advantage to a person whose personal, private interest is adverse to the general public interest. No member of the state public body shall use this paragraph (a) as a subterfuge for providing covert information to prospective buyers or sellers. Governing boards of state institutions of higher education including the regents of the university of Colorado may also consider the acquisition of property as a gift in an executive session, only if such executive session is requested by the donor.

(II) Conferences with an attorney representing the state public body concerning disputes involving the public body that are the subject of pending or imminent court action, concerning specific claims or grievances, or for purposes of receiving legal advice on specific legal questions. Mere presence or participation of an attorney at an executive session of a state public body is not sufficient to satisfy the requirements of this subsection (3).

(III) Matters required to be kept confidential by federal law or rules, state statutes, or in accordance with the requirements of any joint rule of the senate and house of representatives pertaining to lobbying practices or workplace harassment or workplace expectations policies;

(IV) Specialized details of security arrangements or investigations, including defenses against terrorism, both domestic and foreign, and including where disclosure of the matters discussed might reveal information that could be used for the purpose of committing, or avoiding prosecution for, a violation of the law;

(V) Determining positions relative to matters that may be subject to negotiations with employees or employee organizations; developing strategy for and receiving reports on the progress of such negotiations; and instructing negotiators;

(VI) With respect to the board of regents of the university of Colorado and the board of directors of the university of Colorado hospital authority created pursuant to article 21 of title 23, C.R.S., matters concerning the modification, initiation, or cessation of patient care programs at the university hospital operated by the university of Colorado hospital authority pursuant to part 5 of article 21 of title 23, C.R.S., (including the university of Colorado psychiatric hospital), and receiving reports with regard to any of the above, if premature disclosure of information would give an unfair competitive or bargaining advantage to any person or entity;

(VII) With respect to nonprofit corporations incorporated pursuant to section 23-5-121 (2), C.R.S., matters concerning trade secrets, privileged information, and confidential commercial, financial, geological, or geophysical data furnished by or obtained from any person;

(VIII) With respect to the governing board of a state institution of higher education and any committee thereof, consideration of nominations for the awarding of honorary degrees, medals, and other honorary awards by the institution and consideration of proposals for the naming of a building or a portion of a building for a person or persons.

(b) (I) All meetings held by members of a state public body subject to this part 4 to consider the appointment or employment of a public official or employee or the dismissal, discipline, promotion, demotion, or compensation of, or the investigation of charges or complaints against, a public official or employee shall be open to the public unless said applicant, official, or employee requests an executive session. Governing boards of institutions of higher education including the regents of the university of Colorado may, upon their own affirmative vote, hold executive sessions to consider the matters listed in this paragraph (b). Executive sessions may be held to review administrative actions regarding investigation of charges or complaints and attendant investigative reports against students where public disclosure could adversely affect the person or persons involved, unless the students have specifically consented to or requested the disclosure of such matters. An executive session may be held only at a regular or special meeting of the state public body and only upon the announcement by the public body to the public of the topic for discussion in the executive session and the affirmative vote of two-thirds of the entire membership of the body after such announcement.

(II) The provisions of subparagraph (I) of this paragraph (b) shall not apply to discussions concerning any member of the state public body, any elected official, or the appointment of a person to fill the office of a member of the state public body or an elected official or to discussions of personnel policies that do not require the discussion of matters personal to particular employees.

(c) Notwithstanding the provisions of paragraphs (a) and (b) of this subsection (3), the state board of parole created in part 2 of article 2 of title 17, C.R.S., may proceed in executive session to consider matters connected with any parole proceedings under the jurisdiction of said board; except that no final parole decisions shall be made by said board while in executive session. Such executive session may be held only at a regular or special meeting of the state board of parole and only upon the affirmative vote of two-thirds of the membership of the board present at such meeting.

(d) Notwithstanding any provision of paragraph (a) or (b) of this subsection (3) to the contrary, upon the affirmative vote of two-thirds of the members of the governing board of an institution of higher education who are authorized to vote, the governing board may hold an executive session in accordance with the provisions of this subsection (3).

(3.5) A search committee of a state public body or local public body shall establish job search goals, including the writing of the job description, deadlines for applications, requirements for applicants, selection procedures, and the time frame for appointing or employing a chief executive officer of an agency, authority, institution, or other entity at an open meeting. The state or local public body shall name one or more candidates as finalists for the position of chief executive officer. The state or local public body shall make public the finalist or finalists under consideration for the position of chief executive officer no later than fourteen days prior to appointing or employing a finalist to fill the position. No offer of appointment or employment shall be made prior to this public notice. Records submitted by or on behalf of a finalist for such position shall be subject to section 24-72-204 (3)(a)(XI). Nothing in this subsection (3.5) shall be construed to prohibit a search committee from holding an executive session to consider appointment or employment matters not described in this subsection (3.5) and otherwise authorized by this section.

(4) The members of a local public body subject to this part 4, upon the announcement by the local public body to the public of the topic for discussion in the executive session, including specific citation to this subsection (4) authorizing the body to meet in an executive session and identification of the particular matter to be discussed in as much detail as possible without compromising the purpose for which the executive session is authorized, and the affirmative vote of two-thirds of the quorum present, after such announcement, may hold an executive session only at a regular or special meeting and for the sole purpose of considering any of the following matters; except that no adoption of any proposed policy, position, resolution, rule, regulation, or formal action, except the review, approval, and amendment of the minutes of an executive session recorded pursuant to subsection (2)(d.5)(II) of this section, shall occur at any executive session that is not open to the public:

(a) The purchase, acquisition, lease, transfer, or sale of any real, personal, or other property interest; except that no executive session shall be held for the purpose of concealing the fact that a member of the local public body has a personal interest in such purchase, acquisition, lease, transfer, or sale;

(b) Conferences with an attorney for the local public body for the purposes of receiving legal advice on specific legal questions. Mere presence or participation of an attorney at an executive session of the local public body is not sufficient to satisfy the requirements of this subsection (4).

(c) Matters required to be kept confidential by federal or state law or rules and regulations. The local public body shall announce the specific citation of the statutes or rules that are the basis for such confidentiality before holding the executive session.

(d) Specialized details of security arrangements or investigations, including defenses against terrorism, both domestic and foreign, and including where disclosure of the matters discussed might reveal information that could be used for the purpose of committing, or avoiding prosecution for, a violation of the law;

(e) (I) Determining positions relative to matters that may be subject to negotiations; developing strategy for negotiations; and instructing negotiators.

(II) Subsection (4)(e)(I) of this section shall not apply to a meeting of the members of a board of education of a school district:

(A) During which negotiations relating to collective bargaining, as defined in section 8-3-104 (3), are discussed; or

(B) During which negotiations for employment contracts, other than negotiations for an individual employee's contract, are discussed.

(III) Notwithstanding subsection (4)(e)(II) of this section, the members of a board of education of a school district may hold an executive session in accordance with the requirements of this subsection (4)(e) for the purpose of developing the strategy of the school district for negotiations relating to collective bargaining or employment contracts.

(f) (I) Personnel matters except if the employee who is the subject of the session has requested an open meeting, or if the personnel matter involves more than one employee, all of the employees have requested an open meeting. With respect to hearings held pursuant to the "Teacher Employment, Compensation, and Dismissal Act of 1990", article 63 of title 22, C.R.S., the provisions of section 22-63-302 (7)(a), C.R.S., shall govern in lieu of the provisions of this subsection (4).

(II) The provisions of subparagraph (I) of this paragraph (f) shall not apply to discussions concerning any member of the local public body, any elected official, or the appointment of a person to fill the office of a member of the local public body or an elected official or to discussions of personnel policies that do not require the discussion of matters personal to particular employees.

(g) Consideration of any documents protected by the mandatory nondisclosure provisions of the "Colorado Open Records Act", part 2 of article 72 of this title; except that all consideration of documents or records that are work product as defined in section 24-72-202 (6.5) or that are subject to the governmental or deliberative process privilege shall occur in a public meeting unless an executive session is otherwise allowed pursuant to this subsection (4);

(h) Discussion of individual students where public disclosure would adversely affect the person or persons involved.

(i) (I) If the local public body is the board of education of a school district, the governing body of a district charter school that is authorized pursuant to part 1 of article 30.5 of title 22, or the governing board of an institute charter school that is authorized pursuant to part 5 of article 30.5 of title 22, negotiations concerning the terms of an employment contract with one or more finalists for the position of chief executive officer if:

(A) The board or governing body has named more than one candidate as a finalist for the position of chief executive officer pursuant to subsection (3.5) of this section; and

(B) The board or governing body holds a forum open to the public to conduct interviews with each of the finalists.

(II) The board or governing body may, in addition to interviewing finalists in a public forum, interview finalists in executive session.

(III) The board or governing body may instruct personnel and representatives to begin contract negotiations with one or more candidates in executive session, including the necessary process to prioritize, for the purposes of negotiation, one or more finalists after public forums have been completed.

(IV) Prioritizing among the finalists and beginning negotiations with one or more of the finalists shall not constitute formal action or adoption by the board or governing body. Such formal action occurs only when the board or governing body comes into public session and casts votes on their preferred next chief executive officer. No formal adoption is deemed to have taken place until a public vote has occurred.

(V) As used in this subsection (4)(i), "chief executive officer" means a superintendent of a school district or a chief executive officer of a charter school.

(5) (Deleted by amendment, L. 96, p. 691, §1, effective July 1, 1996.)

(6) The limitations imposed by subsections (3), (4), and (5) of this section do not apply to matters which are covered by section 14 of article V of the state constitution.

(7) The secretary or clerk of each state public body or local public body shall maintain a list of persons who, within the previous two years, have requested notification of all meetings or of meetings when certain specified policies will be discussed and shall provide reasonable advance notification of such meetings, provided, however, that unintentional failure to provide such advance notice will not nullify actions taken at an otherwise properly published meeting. The provisions of this subsection (7) shall not apply to the day-to-day oversight of property or supervision of employees by county commissioners, as provided in paragraph (f) of subsection (2) of this section.

(8) No resolution, rule, regulation, ordinance, or formal action of a state or local public body shall be valid unless taken or made at a meeting that meets the requirements of subsection (2) of this section.

(9) (a) Any person denied or threatened with denial of any of the rights that are conferred on the public by this part 4 has suffered an injury in fact and, therefore, has standing to challenge the violation of this part 4.

(b) The courts of record of this state shall have jurisdiction to issue injunctions to enforce the purposes of this section upon application by any citizen of this state. In any action in which the court finds a violation of this section, the court shall award the citizen prevailing in such action costs and reasonable attorney fees. In the event the court does not find a violation of this section, it shall award costs and reasonable attorney fees to the prevailing party if the court finds that the action was frivolous, vexatious, or groundless.

(10) Any provision of this section declared to be unconstitutional or otherwise invalid shall not impair the remaining provisions of this section, and, to this end, the provisions of this section are declared to be severable.

Editor's note: (1) Subsection (2.3)(f) was amended by House Bill No. 1143, enacted by the General Assembly at its first regular session in 1989, as a conforming amendment necessitated by the authorization for the operation of the university of Colorado university hospital by a nonprofit-nonstock corporation. The Colorado Supreme Court subsequently declared House Bill No. 1143 unconstitutional in its entirety. See *Colorado Association of Public Employees v. Board of Regents*, 804 P.2d 138 (Colo. 1990). Senate Bill 91-225, enacted by the General Assembly at its first regular session in 1991, authorized the operation of university hospital by a newly created university of Colorado hospital authority. Since the previous act was declared unconstitutional in its entirety, the General Assembly elected to make a similar conforming amendment in Senate Bill 91-225. However, subsection (2.3)(f) was amended in Senate Bill 91-33, enacted by the General Assembly at its first regular session in 1991. The provisions of said subsection (2.3)(f) were moved to subsection (3)(a), and, therefore, said subsection was the version amended. For further explanation of the circumstances surrounding the enactment of Senate Bill 91-225, see the legislative declaration contained in section 1 of chapter 99, Session Laws of Colorado 1991.

(2) The vote count on the measure at the general election held November 4, 2014, was as follows:

FOR: 1,364,747

AGAINST: 582,473

PART 5

ENCRYPTION OF RADIO COMMUNICATIONS BY GOVERNMENTAL ENTITIES

24-6-501. Definitions. As used in this part 5, unless the context otherwise requires:

(1) "Encryption" means the encoding of voice communication on an analog or digitally modulated radio carrier, which encoding renders the communication difficult or impossible to be monitored by commercially available radio receivers or scanners.

(2) "Law enforcement agency" means a municipal police department or a county sheriff's office.

(3) "Media" means a news media entity associated with a statewide organization representing FCC-licensed broadcasting entities or a statewide organization representing a majority of Colorado newspapers.

(4) "Radio communications" means any communication by way of transmission of a radio frequency carrier to base, mobile, or portable radio transceivers by either analog or digital modulation.

(5) "Scanner" means a radio receiver designed for the purpose of monitoring multiple radio carriers simultaneously.

24-6-502. Public broadcast of governmental radio communications - encryption policy. A law enforcement agency that encrypts all of its radio communications shall create a communications access policy, through collaboration with Colorado-based media outlets, that includes an agreement governing access for the media to primary dispatch channels or talk groups through commercially available radio receivers, scanners, or any other feasible technology. The policy may include, but is not limited to, verification of media credentials; reasonable restrictions on the use of the commercially available radio receivers, scanners, or other feasible technology; and financial or other costs related to the sale, lease, or loan of the commercially available radio receivers, scanners, or any other feasible technology.

ARTICLE 7

State Security Officers

24-7-100.2. Legislative declaration. (1) The general assembly hereby finds that the efforts of security officers employed by institutions of higher education to protect the persons and property of their environments are important elements of effective public safety management.

(2) The general assembly acknowledges the operational and environmental acumen of security officers of institutions of higher education regarding their facilities and the importance of including representatives of the institutions in emergency preparedness planning and training

efforts conducted by local law enforcement agencies and emergency planning agencies intended to reduce the likelihood of, and develop effective responses to, emergency situations occurring at their facilities.

(3) The general assembly hereby encourages ongoing cooperation efforts among local law enforcement agencies, emergency planning agencies, and the security officers of institutions of higher education regarding emergency preparedness and response planning and training and development of communication capabilities supporting effective coordination among these groups during emergencies.

ARTICLE 8

Governor-elect - Transition to New Administration

24-8-101. Legislative declaration. The general assembly declares it to be in the public interest that the transition from the administration of one governor to that of another be efficient and carefully planned. It is the purpose of this article to provide the governor-elect with sufficient resources to effect such a transition, including temporary office space, staff services, access to budgetary and other necessary and desirable information, and cooperation of officials and employees of the executive branch of state government.

Source: L. 69: p. 95, § 1. C.R.S. 1963: § 3-29-1.

24-8-102. Office space, supplies, and equipment. The department of personnel shall provide the governor-elect and the governor-elect's staff with suitable office space in the capitol building, together with sufficient furnishings, supplies, equipment, and telephone service for the period between the general election and the inauguration.

Source: L. 69: p. 95, § 2. C.R.S. 1963: § 3-29-2. L. 95: Entire section amended, p. 639, § 29, effective July 1.

24-8-103. Access to information. (1) The governor and executive director of the department of personnel shall cooperate with the governor-elect and the governor-elect's staff to enable the governor-elect to adequately prepare his or her policy priorities, budget recommendations, legislative program, and messages to the general assembly. To implement the provisions of this section, the governor-elect and authorized staff shall have full access to:

(a) All reports, estimates, minutes of hearings, and other information in the executive department of state government pertaining to estimated revenues and the proposed executive budget for the next fiscal year or years;

(b) All information relating to the problems, policies, and plans of any department of the executive branch of state government;

(c) The official records of the governor's office.

24-8-104. Staff personnel - state employees. The governor-elect shall be entitled to contract for the assistance and services of persons of his own choosing for the period between

the general election and the inauguration, and they shall receive reasonable compensation for their services within the limits of appropriations made under section 24-8-105. Such persons shall not otherwise be classified as state employees, nor shall they be subject to the state personnel system laws during such period. In addition, upon request of the governor-elect, the executive director of any department shall assign an employee of his department to assist the governor-elect and his staff for such time as may be necessary between the general election and the inauguration.

ARTICLE 9

Compensation of State Officers

24-9-101. Salaries of elected state officials. (1) The following state officials shall receive annual salaries and allowances, payable monthly, as follows:

(a) Governor:

(I) Repealed.

(II) (A) The salary payable to the governor for each year of the term commencing on the second Tuesday in January 2019 is an amount equal to sixty-six percent of the total annual salary paid to the chief justice of the state supreme court on January 10, 2019.

(B) Each subsequent salary paid under this paragraph (a) must be adjusted on a quadrennial basis so that, beginning with the first day of each four-year gubernatorial term, and applying to each year of that term, the governor's annual salary is an amount equal to sixty-six percent of the total annual salary earned by the chief justice of the supreme court on the first day of the governor's term.

(b) Lieutenant governor:

(I) Repealed.

(II) (A) The salary payable to the lieutenant governor for each year of the term commencing on the second Tuesday in January 2019 is an amount equal to fifty-eight percent of

the total annual salary paid to the judges of the county court in Class B counties, as defined in section 13-6-201, C.R.S., on January 10, 2019.

(B) Each subsequent salary paid under this paragraph (b) must be adjusted on a quadrennial basis so that, beginning with the first day of each four-year term, and applying to each year of that term, the lieutenant governor's annual salary is an amount equal to fifty-eight percent of the total annual salary earned by the judges of the county court in Class B counties on the first day of the lieutenant governor's term.

(III) Notwithstanding any provision of subparagraph (II) of this paragraph (b) to the contrary, if the lieutenant governor is concurrently serving as the head of a principal department and the salary for the head of that principal department is greater than that to which the lieutenant governor is entitled under this paragraph (b), the lieutenant governor shall also be paid that portion of the salary for the head of the principal department that, when added to the amount of the salary paid under this paragraph (b), equals the amount paid to the head of that principal department.

(IV) Notwithstanding subsection (1)(b)(II) of this section, if the lieutenant governor is concurrently serving as the director of the office of saving people money on healthcare within the office of the governor and the salary for the director of the office of saving people money on healthcare is greater than the amount to which the lieutenant governor is entitled under this subsection (1)(b), the lieutenant governor shall also be paid that portion of the salary for the director of the office of saving people money on healthcare that, when added to the amount of the salary paid under this subsection (1)(b), equals the amount paid to the director of the office of saving people money on healthcare.

(c) President of the senate, speaker of the house of representatives, minority leader of the senate, or minority leader of the house of representatives, while for any reason acting as governor, the sum of twenty dollars per day as expenses;

(d) Attorney general:

(I) Repealed.

(II) (A) The salary payable to the attorney general for each year of the term commencing on the second Tuesday in January 2019 is an amount equal to sixty percent of the total annual salary paid to the chief judge of the court of appeals on January 10, 2019.

(B) Each subsequent salary paid under this paragraph (d) must be adjusted on a quadrennial basis so that, beginning with the first day of each four-year term, and applying to each year of that term, the attorney general's annual salary is an amount equal to sixty percent of the total annual salary earned by the chief judge of the court of appeals on the first day of the attorney general's term.

(e) Secretary of state:

(I) Repealed.

(II) (A) The salary payable to the secretary of state for each year of the term commencing on the second Tuesday in January 2019 is an amount equal to fifty-eight percent of the total annual salary paid to the judges of the county court in Class B counties, as defined in section 13-6-201, C.R.S., on January 10, 2019.

(B) Each subsequent salary paid under this paragraph (e) must be adjusted on a quadrennial basis so that, beginning with the first day of each four-year term, and applying to each year of that term, the secretary of state's annual salary is an amount equal to fifty-eight

percent of the total annual salary earned by the judges of the county court in Class B counties on the first day of the secretary of state's term.

(f) State treasurer:

(I) Repealed.

(II) (A) The salary payable to the state treasurer for each year of the term commencing on the second Tuesday in January 2019 is an amount equal to fifty-eight percent of the total annual salary paid to the judges of the county court in Class B counties, as defined in section 13-6-201, C.R.S., on January 10, 2019.

(B) Each subsequent salary paid under this paragraph (f) must be adjusted on a quadrennial basis so that, beginning with the first day of each four-year term, and applying to each year of that term, the state treasurer's annual salary is an amount equal to fifty-eight percent of the total annual salary earned by the judges of the county court in Class B counties on the first day of the state treasurer's term.

(2) Any official who assumes his or her position by reason of filling a vacancy shall be paid the same salary as that to which the vacating official was entitled.

(3) Repealed.

(4) Nothing in this section authorizes the salary of any elected state official to be modified while he or she is serving his or her official term.

(5) The director of research of the legislative council appointed pursuant to section 2-3-304 (1), C.R.S., shall post the amount of the current annual salary payable to each elected official pursuant to this section on the website of the general assembly. In addition, the department of each elected official shall publish the amount of the current annual salary payable to the elected official on the website of department.

Governmental Immunity

Editor's note: The doctrine of sovereign immunity of the state, school districts, and counties was prospectively overruled in three Colorado supreme court decisions announced contemporaneously prior to July 1, 1972, the effective date of this article. In these decisions, the court held that the legislature had full authority to restore the doctrine, in whole or in part. The decisions are: *Evans v. Board of County Comm'rs of County of El Paso*, 174 Colo. 97, 482 P.2d 968 (1971); *Flournoy v. School Dist. No. 1 in City and County of Denver*, 174 Colo. 110, 482 P.2d 966 (1971); and *Proffitt v. State*, 174 Colo. 113, 482 P.2d 965 (1971).

24-10-102. Declaration of policy. It is recognized by the general assembly that the doctrine of sovereign immunity, whereunder the state and its political subdivisions are often immune from suit for injury suffered by private persons, is, in some instances, an inequitable doctrine. The general assembly also recognizes that the supreme court has abrogated the doctrine of sovereign immunity effective July 1, 1972, and that thereafter the doctrine shall be recognized only to such extent as may be provided by statute. The general assembly also recognizes that the state and its political subdivisions provide essential public services and functions and that unlimited liability could disrupt or make prohibitively expensive the provision of such essential public services and functions. The general assembly further recognizes that the taxpayers would ultimately bear the fiscal burdens of unlimited liability and that limitations on the liability of public entities and public employees are necessary in order to protect the taxpayers against excessive fiscal burdens. It is also recognized that public employees, whether elected or appointed, should be provided with protection from unlimited liability so that such public employees are not discouraged from providing the services or functions required by the citizens or from exercising the powers authorized or required by law. It is further recognized that the state, its political subdivisions, and the public employees of such public entities, by virtue of the services and functions provided, the powers exercised, and the consequences of unlimited liability to the governmental process, should be liable for their actions and those of their agents only to such an extent and subject to such conditions as are provided by this article. The general assembly also recognizes the desirability of including within one article all the circumstances under which the state, any of its political subdivisions, or the public employees of such public entities may be liable in actions which lie in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by a claimant and that the distinction for liability purposes between governmental and proprietary functions should be abolished.

24-10-103. Definitions. As used in this article 10, unless the context otherwise requires:

(1) "Controlled agricultural burn" means a technique used in farming to clear the land of any existing crop residue, kill weeds and weed seeds, or to reduce fuel buildup and decrease the likelihood of a future fire.

(1.3) "Dangerous condition" means either a physical condition of a facility or the use thereof that constitutes an unreasonable risk to the health or safety of the public, which is known to exist or which in the exercise of reasonable care should have been known to exist and which condition is proximately caused by the negligent act or omission of the public entity or public employee in constructing or maintaining such facility. For the purposes of this subsection (1.3), a dangerous condition should have been known to exist if it is established that the condition had existed for such a period and was of such a nature that, in the exercise of reasonable care, such condition and its dangerous character should have been discovered. A dangerous condition shall not exist solely because the design of any facility is inadequate. The mere existence of wind, water, snow, ice, or temperature shall not, by itself, constitute a dangerous condition.

(1.5) "Health-care practitioner" means a physician, dentist, clinical psychologist, or any other person acting at the direction or under the supervision or control of any such persons.

(2) "Injury" means death, injury to a person, damage to or loss of property, of whatsoever kind, which, if inflicted by a private person, would lie in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by a claimant.

(2.5) "Maintenance" means the act or omission of a public entity or public employee in keeping a facility in the same general state of repair or efficiency as initially constructed or in preserving a facility from decline or failure. "Maintenance" does not include any duty to upgrade, modernize, modify, or improve the design or construction of a facility.

(2.7) "Motor vehicle" means a motor vehicle as defined in section 42-1-102, C.R.S., and a light rail car or engine owned or leased by a public entity.

(3) (a) "Operation" means the act or omission of a public entity or public employee in the exercise and performance of the powers, duties, and functions vested in them by law with respect to the purposes of any public hospital, jail, or public water, gas, sanitation, power, or swimming facility. "Operation" does not include any duty to upgrade, modernize, modify, or improve the design or construction of a facility.

(b) The term "operation" shall not be construed to include:

(I) A failure to exercise or perform any powers, duties, or functions not vested by law in a public entity or employee with respect to the purposes of any public facility set forth in paragraph (a) of this subsection (3);

(II) A negligent or inadequate inspection or a failure to make an inspection of any property, except property owned or leased by the public entity, to determine whether such property constitutes a hazard to the health or safety of the public.

(3.5) "Prescribed fire" means the application of fire in accordance with a written prescription for vegetative fuels and excludes a controlled agricultural burn.

(4) (a) "Public employee" means an officer, employee, servant, or authorized volunteer of the public entity, whether or not compensated, elected, or appointed, but does not include an independent contractor or any person who is sentenced to participate in any type of useful public service. For the purposes of this subsection (4), "authorized volunteer" means a person who performs an act for the benefit of a public entity at the request of and subject to the control of such public entity and includes a qualified volunteer as defined in section 24-33.5-802 (9).

(b) "Public employee" includes any of the following:

(I) Any health-care practitioner employed by a public entity, except for any health-care practitioner who is employed on less than a full-time basis by a public entity and who additionally has an independent or other health-care practice. Any such person employed on less than a full-time basis by a county or a district public health agency and who additionally has an independent or other health-care practice shall maintain the status of a public employee only when such person engages in activities at or for the county or the district public health agency that are within the course and scope of such person's responsibilities as an employee of the county or the district public health agency. For purposes of this subparagraph (I), work performed as an employee of another public entity or of an entity of the United States government shall not be considered to be an independent or other health-care practice.

(II) Any health-care practitioner employed part-time by and holding a clinical faculty appointment at a public entity as to any injury caused by a health-care practitioner-in-training under such health-care practitioner's supervision. Any such person shall maintain the status of a public employee when such person engages in supervisory and educational activities over a health-care practitioner-in-training at a nonpublic entity if said activities are within the course and scope of such person's responsibilities as an employee of a public entity.

(III) Any health-care practitioner-in-training who is duly enrolled and matriculated in an educational program of a public entity and who is working at either a public entity or a nonpublic entity. Any such person shall maintain the status of a public employee when such person engages in professional or educational activities at a nonpublic entity if said activities are within the course and scope of such person's responsibilities as a student or employee of a public entity.

(IV) Any health-care practitioner who is a nurse licensed under part 1 of article 255 of title 12 employed by a public entity. Any such person shall maintain the status of a public employee only when such person engages in activities at or for the public entity that are within the course and scope of such person's responsibilities as an employee of the public entity.

(V) Any health-care practitioner who volunteers services at or on behalf of a public entity, or who volunteers services as a participant in the community maternity services program;

(VI) Any release hearing officer utilized by the department of corrections and the state board of parole pursuant to section 17-2-217 (1), C.R.S. A release hearing officer shall maintain the status of a public employee only when the release hearing officer engages in activities that are within the course and scope of his or her responsibilities as a release hearing officer.

(VII) Any administrative hearing officer utilized by the department of corrections and the state board of parole pursuant to section 17-2-201 (3)(h)(I). An administrative hearing officer shall maintain the status of a public employee only when the administrative hearing officer engages in activities that are within the course and scope of his or her responsibilities as an administrative hearing officer.

(c) Except for persons identified in subsections (4)(b)(II), (4)(b)(III), and (4)(b)(V) of this section, "public employee" shall not include any health-care practitioner or any health-care professional as defined in section 13-64-202 (4) who is employed by the university of Colorado hospital authority unless the practitioner or professional is providing services within the course and scope of the person's responsibilities as an employee or volunteer of the university of Colorado hospital authority in a facility that is either located on the Anschutz medical campus or that is operating under the hospital license issued to the university hospital pursuant to part 1 of article 3 of title 25, including off-campus locations. The "Health Care Availability Act", article

64 of title 13, is applicable to health-care practitioners and health-care professionals employed by the university of Colorado hospital authority that are not immune from liability under section 24-10-118 because of the definition of "public employee" specified in this subsection (4)(c).

(5) "Public entity" means the state, the judicial department of the state, any county, city and county, municipality, school district, special improvement district, and every other kind of district, agency, instrumentality, or political subdivision thereof organized pursuant to law and any separate entity created by intergovernmental contract or cooperation only between or among the state, county, city and county, municipality, school district, special improvement district, and every other kind of district, agency, instrumentality, or political subdivision thereof.

(5.5) "Public sanitation facility" means structures and related apparatus used in the collection, treatment, or disposition of sewage or industrial wastes of a liquid nature that is operated and maintained by a public entity. "Public sanitation facility" does not include: A public water facility; a natural watercourse even if dammed, channelized, or containing storm water runoff, discharge from a storm sewer, or discharge from a sewage treatment plant outfall; a drainage, borrow, or irrigation ditch even if the ditch contains storm water runoff or discharge from storm sewers; a curb and gutter system; or other drainage, flood control, and storm water facilities.

(5.7) "Public water facility" means structures and related apparatus used in the collection, treatment, or distribution of water for domestic and other legal uses that is operated and maintained by a public entity. "Public water facility" does not include: A public sanitation facility; a natural watercourse even if dammed, channelized, or used for transporting domestic water supplies; a drainage, borrow, or irrigation ditch even if dammed, channelized, or containing storm water runoff or discharge; or a curb and gutter system.

(6) "Sidewalk" means that portion of a public roadway between the curb lines or the lateral lines of the traveled portion and the adjacent property lines which is constructed, designed, maintained, and intended for the use of pedestrians.

(7) "State" means the government of the state; every executive department, board, commission, committee, bureau, and office; and every state institution of higher education, whether established by the state constitution or by law, and every governing board thereof. "State" does not include the judicial department, a county, municipality, city and county, school district, special district, or any other kind of district, instrumentality, political subdivision, or public corporation organized pursuant to law.

24-10-104. Waiver of sovereign immunity. Notwithstanding any provision of law to the contrary, the governing body of a public entity, by resolution, may waive the immunity granted in section 24-10-106 for the types of injuries described in the resolution. Any such waiver may be withdrawn by the governing body by resolution. A resolution adopted pursuant to this section shall apply only to injuries occurring subsequent to the adoption of such resolution.

24-10-105. Prior waiver of immunity - effect - indirect claims not separate. (1) It is the intent of this article to cover all actions which lie in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by the claimant. No public entity shall be liable for such actions except as provided in this article, and no public employee shall be liable for injuries arising out of an act or omission occurring during the performance of his or her duties and within the scope of his or her employment, unless such act or omission was willful and wanton, except as provided in this article. Nothing in this section shall be construed to allow any action which lies in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by a claimant to be brought against a public employee except in compliance with the requirements of this article.

(2) (a) A reference in this article to an injury, claim, or action that "lies in tort or could lie in tort" shall be construed in all cases to include, in addition to a direct claim or action, a claim or action asserted by way of assignment or subrogation to recover from a public entity or public employee the amount paid on a damages claim or the amount that may become payable on a damages claim because of the occurrence of an injury, as defined in section 24-10-103 (2).

(b) In any case in which an assignee or subrogee asserts an injury governed by this article:

(I) The injury shall not be deemed to be separate from the injury suffered by the assignor or subrogor; and

(II) Pursuant to section 24-10-114 (1.5), the assignment or subrogation concerning the injury shall not be deemed to be a separate occurrence with regard to limitations on judgments.

24-10-106. Immunity and partial waiver. (1) A public entity shall be immune from liability in all claims for injury which lie in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by the claimant except as provided otherwise in this section. Sovereign immunity is waived by a public entity in an action for injuries resulting from:

(a) The operation of a motor vehicle, owned or leased by such public entity, by a public employee while in the course of employment, except emergency vehicles operating within the provisions of section 42-4-108 (2) and (3), C.R.S.;

(b) The operation of any public hospital, correctional facility, as defined in section 17-1-102, C.R.S., or jail by such public entity;

(c) A dangerous condition of any public building;

(d) (I) A dangerous condition of a public highway, road, or street which physically interferes with the movement of traffic on the paved portion, if paved, or on the portion customarily used for travel by motor vehicles, if unpaved, of any public highway, road, street, or sidewalk within the corporate limits of any municipality, or of any highway which is a part of the federal interstate highway system or the federal primary highway system, or of any highway which is a part of the federal secondary highway system, or of any highway which is a part of the state highway system on that portion of such highway, road, street, or sidewalk which was designed and intended for public travel or parking thereon. As used in this section, the phrase "physically interferes with the movement of traffic" shall not include traffic signs, signals, or markings, or the lack thereof. Nothing in this subparagraph (I) shall preclude a particular dangerous accumulation of snow, ice, sand, or gravel from being found to constitute a dangerous condition in the surface of a public roadway when the entity fails to use existing means available to it for removal or mitigation of such accumulation and when the public entity had actual notice through the proper public official responsible for the roadway and had a reasonable time to act.

(II) A dangerous condition caused by the failure to realign a stop sign or yield sign which was turned, without authorization of the public entity, in a manner which reassigned the right-of-way upon intersecting public highways, roads, or streets, or the failure to repair a traffic control signal on which conflicting directions are displayed;

(III) A dangerous condition caused by an accumulation of snow and ice which physically interferes with public access on walks leading to a public building open for public business when a public entity fails to use existing means available to it for removal or mitigation of such

accumulation and when the public entity had actual notice of such condition and a reasonable time to act.

(e) A dangerous condition of any public hospital, jail, public facility located in any park or recreation area maintained by a public entity, or public water, gas, sanitation, electrical, power, or swimming facility. Nothing in this paragraph (e) or in paragraph (d) of this subsection (1) shall be construed to prevent a public entity from asserting sovereign immunity for an injury caused by the natural condition of any unimproved property, whether or not such property is located in a park or recreation area or on a highway, road, or street right-of-way.

(f) The operation and maintenance of any public water facility, gas facility, sanitation facility, electrical facility, power facility, or swimming facility by such public entity;

(g) The operation and maintenance of a qualified state capital asset that is the subject of a leveraged leasing agreement pursuant to the provisions of part 10 of article 82 of this title;

(h) Failure to perform an education employment required background check as described in section 13-80-103.9, C.R.S.;

(i) An action brought pursuant to section 13-21-128; or

(j) An action brought pursuant to part 12 of article 20 of title 13, whether the conduct alleged occurred before, on, or after January 1, 2022.

(1.5) (a) The waiver of sovereign immunity created in paragraphs (b) and (e) of subsection (1) of this section does not apply to claimants who have been convicted of a crime and incarcerated in a correctional facility or jail pursuant to such conviction, and such correctional facility or jail shall be immune from liability as set forth in subsection (1) of this section.

(b) The waiver of sovereign immunity created in paragraphs (b) and (e) of subsection (1) of this section does apply to claimants who are incarcerated but not yet convicted of the crime for which such claimants are being incarcerated if such claimants can show injury due to negligence.

(c) The waiver of sovereign immunity created in paragraph (e) of subsection (1) of this section does not apply to any backcountry landing facility located in whole or in part within any park or recreation area maintained by a public entity. For purposes of this paragraph (c), "backcountry landing facility" means any area of land or water that is unpaved, unlighted, and in a primitive condition and is used or intended for the landing and takeoff of aircraft, and includes any land or water appurtenant to such area.

(2) Nothing in this section or in section 24-10-104 shall be construed to constitute a waiver of sovereign immunity where the injury arises from the act, or failure to act, of a public employee where the act is the type of act for which the public employee would be or heretofore has been personally immune from liability.

(3) In addition to the immunity provided in subsection (1) of this section, a public entity shall also have the same immunity as a public employee for any act or failure to act for which a public employee would be or heretofore has been personally immune from liability.

(4) No rule of law imposing absolute or strict liability shall be applied in any action against a public entity or a public employee for an injury resulting from a dangerous condition of, or the operation and maintenance of, a public water facility or public sanitation facility. No liability shall be imposed in any such action unless negligence is proven.

(5) The immunity from liability granted in subsection (1) of this section shall not apply to the university of Colorado hospital authority except for any hospital, clinic, surgery center,

department, or other facility owned or operated by the authority that is located on the Anschutz medical campus or that is a facility operating under the hospital license issued to the university hospital pursuant to part 1 of article 3 of title 25, including off-campus locations. The "Health Care Availability Act", article 64 of title 13, is applicable to health-care institutions as defined in section 13-64-202 (3) that are not immune from liability under this section because of this section.

(6) Notwithstanding any other provision of law, nothing in subsections (4) or (5) of this section shall be construed to grant any additional immunity from liability beyond that which is otherwise provided in this article 10.

24-10-106.1. Immunity and partial waiver - claims against the state - injuries from prescribed fire - on or after January 1, 2012. (1) Notwithstanding any other provision of this article, the state shall be immune from liability in all claims for injury that lie in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by the claimant except as provided otherwise in this section or section 24-10-106. In addition to any other claims for which the state waives immunity under this article, sovereign immunity is waived by the state in an action for injuries resulting from a prescribed fire started or maintained by the state or any of its employees on or after January 1, 2012.

(2) Nothing in this section shall be construed to constitute a waiver of sovereign immunity if the injury arises from any act, or failure to act, of a state employee if the act is the type of act for which the state employee would be or heretofore has been personally immune from liability.

(3) In addition to the immunity provided under subsection (1) of this section, the state shall also have the same immunity as a state employee for any act or failure to act for which a state employee would be or heretofore has been personally immune from liability.

(4) No rule of law imposing absolute or strict liability shall be applied in any action against the state for an injury resulting from a prescribed fire started or maintained by the state or any of its employees. No liability shall be imposed in any such action unless negligence is proven.

24-10-106.3. Immunity and partial waiver - claims for serious bodily injury or death on public school property or at school-sponsored events resulting from incidents of school violence - short title - definitions. (1) This section shall be known and may be cited as the "Claire Davis School Safety Act".

(2) **Definitions.** For purposes of this section, unless the context otherwise requires:

(a) "Charter school" means a charter school or an institute charter school established pursuant to article 30.5 of title 22, C.R.S.

(b) "Crime of violence" means that the person committed, conspired to commit, or attempted to commit one of the following crimes:

(I) Murder;

(II) First degree assault; or

(III) A felony sexual assault, as defined in section 18-3-402, C.R.S.

(c) "Incident of school violence" means an occurrence at a public school or public school-sponsored activity in which a person:

(I) Engaged in a crime of violence; and

(II) The actions described in subparagraph (I) of this paragraph (c) by that person caused serious bodily injury or death to any other person.

(d) "Public school" has the same meaning as provided in section 22-1-101, C.R.S., and includes a charter school or institute charter school.

(e) "School district" means a school district organized pursuant to article 30 of title 22, C.R.S., and the charter school institute established pursuant to section 22-30.5-503, C.R.S.

(f) "Serious bodily injury" means bodily injury that, either at the time of the actual injury or a later time, involves a substantial risk of death, a substantial risk of serious permanent disfigurement, or a substantial risk of protracted loss or impairment of the function of any part or organ of the body.

(3) **Recognition of duty of care.** All school districts and charter schools and their employees in this state have a duty to exercise reasonable care to protect all students, faculty, and staff from harm from acts committed by another person when the harm is reasonably foreseeable, while such students, faculty, and staff are within the school facilities or are participating in school-sponsored activities.

(4) **Limited waiver of sovereign immunity.** Notwithstanding any other provision of this article, a public school district or charter school is immune from liability in all claims for injury that lie in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by the claimant except as otherwise provided in this section or in this article. In addition to any other claims for which the "Colorado Governmental Immunity Act" waives sovereign immunity in this article, sovereign immunity is waived under the "Colorado Governmental Immunity Act" with respect to school districts and charter schools for a claim of a breach of the duty of care established in subsection (3) of this section by the school district, a charter school, or an employee of the school district or charter school arising from an incident of school violence on or after June 3, 2015, and, with respect to such claims, the provisions of article 12 of title 22, C.R.S., do not apply to school districts and charter schools. An employee of

a public school, school district, or a charter school is not subject to suit under this section in his or her individual capacity unless the employee's actions or omissions are willful and wanton.

(5) A public school, school district, or charter school shall not be found negligent under this section solely as a result of not expelling or suspending any student.

(6) Nothing in this section shall be construed to constitute a waiver of sovereign immunity by a school district or charter school if the injury arises from any act, or failure to act, of an employee of the school district or charter school if the act is the type of act for which the school district or charter school employee would be or heretofore has been personally immune from liability.

(7) In addition to the immunity provided under this section, the school district and charter school shall also have the same immunity as a school district or charter school employee for any act or failure to act for which a school district or charter school employee would be or heretofore has been personally immune from liability.

(8) No rule of law imposing absolute or strict liability shall be applied in any action filed against a school district or charter school pursuant to this section for serious bodily injury or death caused by a breach of the duty of care, established pursuant to subsection (3) of this section. No liability shall be imposed in any such action unless negligence is proven.

(9) (a) Except as provided in paragraph (b) of this subsection (9), the maximum amount of damages that may be recovered under this article in any single occurrence from a school district or charter school for a claim brought under this section is governed by the limits set forth in section 24-10-114 (1).

(b) Repealed.

(10) In order to promote vigorous discovery of events leading to an incident of school violence in any action brought under this section, an offer of judgment by a defendant under section 13-17-202, C.R.S., prior to the completion of discovery, is not deemed rejected if not accepted until fourteen days after the completion of discovery, and the plaintiff is not liable for costs due to not accepting such an offer of judgment until fourteen days after the completion of discovery. If a defendant refuses to answer a complaint, or a default judgment is entered against a defendant for failure to answer a complaint, or a defendant confesses liability in an action brought under this section, the court shall allow full discovery upon request of the plaintiff.

24-10-106.5. Duty of care. (1) In order to encourage the provision of services to protect the public health and safety and to allow public entities to allocate their limited fiscal resources, a public entity or public employee shall not be deemed to have assumed a duty of care where none otherwise existed by the performance of a service or an act of assistance for the benefit of any person. The adoption of a policy or a regulation to protect any person's health or safety shall

not give rise to a duty of care on the part of a public entity or public employee where none otherwise existed. In addition, the enforcement of or failure to enforce any such policy or regulation or the mere fact that an inspection was conducted in the course of enforcing such policy or regulation shall not give rise to a duty of care where none otherwise existed; however, in a situation in which sovereign immunity has been waived in accordance with the provisions of this article, nothing shall be deemed to foreclose the assumption of a duty of care by a public entity or public employee when the public entity or public employee requires any person to perform any act as the result of such an inspection or as the result of the application of such policy or regulation. Nothing in this section shall be construed to relieve a public entity of a duty of care expressly imposed under other statutory provision.

(2) Except as otherwise provided in section 24-10-106.3, which recognizes a duty of reasonable care upon public school districts, charter schools, and their employees, nothing in this article shall be deemed to create any duty of care.

24-10-107. Determination of liability. Except as otherwise provided in this article, where sovereign immunity is not a bar under section 24-10-106, liability of the public entity shall be determined in the same manner as if the public entity were a private person.

24-10-108. Sovereign immunity a bar. Except as provided in sections 24-10-104 to 24-10-106 and 24-10-106.3, sovereign immunity shall be a bar to any action against a public entity for injury which lies in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by a claimant. If a public entity raises the issue of sovereign immunity prior to or after the commencement of discovery, the court shall suspend discovery, except any discovery necessary to decide the issue of sovereign immunity and shall decide such issue on motion. The court's decision on such motion shall be a final judgment and shall be subject to interlocutory appeal.

24-10-109. Notice required - contents - to whom given - limitations. (1) Any person claiming to have suffered an injury by a public entity or by an employee thereof while in the

course of such employment, whether or not by a willful and wanton act or omission, shall file a written notice as provided in this section within one hundred eighty-two days after the date of the discovery of the injury, regardless of whether the person then knew all of the elements of a claim or of a cause of action for such injury. Compliance with the provisions of this section shall be a jurisdictional prerequisite to any action brought under the provisions of this article, and failure of compliance shall forever bar any such action.

(2) The notice shall contain the following:

(a) The name and address of the claimant and the name and address of his attorney, if any;

(b) A concise statement of the factual basis of the claim, including the date, time, place, and circumstances of the act, omission, or event complained of;

(c) The name and address of any public employee involved, if known;

(d) A concise statement of the nature and the extent of the injury claimed to have been suffered;

(e) A statement of the amount of monetary damages that is being requested.

(3) (a) If the claim is against the state or an employee thereof, the notice shall be filed with the attorney general. If the claim is against any other public entity or an employee thereof, the notice shall be filed with the governing body of the public entity or the attorney representing the public entity. Such notice shall be effective upon mailing by registered or certified mail, return receipt requested, or upon personal service.

(b) A notice required under this section that is properly filed with a public entity's agent listed in the inventory of local governmental entities pursuant to section 24-32-116, is deemed to satisfy the requirements of this section.

(4) When the claim is one for death by wrongful act or omission, the notice may be presented by the personal representative, surviving spouse, or next of kin of the deceased.

(5) Any action brought pursuant to this article shall be commenced within the time period provided for that type of action in articles 80 and 81 of title 13, C.R.S., relating to limitation of actions, or it shall be forever barred; except that, if compliance with the provisions of subsection (6) of this section would otherwise result in the barring of an action, such time period shall be extended by the time period required for compliance with the provisions of subsection (6) of this section.

(6) No action brought pursuant to this article shall be commenced until after the claimant who has filed timely notice pursuant to subsection (1) of this section has received notice from the public entity that the public entity has denied the claim or until after ninety days has passed following the filing of the notice of claim required by this section, whichever occurs first.

(7) The notice required pursuant to this section does not apply to claims made pursuant to the waiver of governmental immunity described in section 24-10-106 (1)(j) and any action brought pursuant to part 12 of article 20 of title 13 thereto is not barred under this section.

24-10-110. Defense of public employees - payment of judgments or settlements against public employees. (1) A public entity shall be liable for:

(a) The costs of the defense of any of its public employees, whether such defense is assumed by the public entity or handled by the legal staff of the public entity or by other counsel, in the discretion of the public entity, where the claim against the public employee arises out of injuries sustained from an act or omission of such employee occurring during the performance of his duties and within the scope of his employment, except where such act or omission is willful and wanton;

(b) (I) The payment of all judgments and settlements of claims against any of its public employees where the claim against the public employee arises out of injuries sustained from an act or omission of such employee occurring during the performance of his duties and within the scope of his employment, except where such act or omission is willful and wanton or where sovereign immunity bars the action against the public entity, if the employee does not compromise or settle the claim without the consent of the public entity; and

(II) The payment of all judgments and settlements of claims against any of its public employees where the claim against the public employee arises out of injuries sustained from an act or omission of such employee occurring during the performance of his or her duties and within the scope of employment, except where such act or omission is willful and wanton, even though sovereign immunity would otherwise bar the action, when the public employee is operating an emergency vehicle within the provisions of section 42-4-108 (2) and (3), C.R.S., if the employee does not compromise or settle the claim without the consent of the public entity.

(1.5) Where a claim against a public employee arises out of injuries sustained from an act or omission of such employee which occurred or is alleged in the complaint to have occurred during the performance of his duties and within the scope of his employment, the public entity shall be liable for the reasonable costs of the defense and reasonable attorney fees of its public employee unless:

(a) It is determined by a court that the injuries did not arise out of an act or omission of such employee occurring during the performance of his duties and within the scope of his employment or that the act or omission of such employee was willful and wanton. If it is so determined, the public entity may request and the court shall order such employee to reimburse the public entity for reasonable costs and reasonable attorney fees incurred in the defense of such employee; or

(b) The public employee compromises or settles the claim without the consent of the public entity.

(2) The provisions of subsection (1) of this section shall not apply where a public entity is not made a party defendant in an action and such public entity is not notified of the existence of such action in writing by the plaintiff or such employee within fifteen days after commencement of the action. In addition, the provisions of subsection (1) of this section shall not apply where such employee willfully and knowingly fails to notify the public entity of the incident or occurrence which led to the claim within a reasonable time after such incident or occurrence, if such incident or occurrence could reasonably have been expected to lead to a claim.

(3) Repealed.

(4) Where the public entity is made a codefendant with its public employee, it shall notify such employee in writing within fifteen days after the commencement of such action whether it will assume the defense of such employee. Where the public entity is not made a codefendant, it shall notify such employee whether it will assume such defense within fifteen days after receiving written notice from the public employee of the existence of such action.

(5) (a) In any action in which allegations are made that an act or omission of a public employee was willful and wanton, the specific factual basis of such allegations shall be stated in the complaint.

(b) Failure to plead the factual basis of an allegation that an act or omission of a public employee was willful and wanton shall result in dismissal of the claim for failure to state a claim upon which relief can be granted.

(c) In any action against a public employee in which exemplary damages are sought based on allegations that an act or omission of a public employee was willful and wanton, if the plaintiff does not substantially prevail on his claim that such act or omission was willful and wanton, the court shall award attorney fees against the plaintiff or the plaintiff's attorney or both and in favor of the public employee.

(6) The provisions of subsection (5) of this section are in addition to and not in lieu of the provisions of article 17 of title 13, C.R.S.

24-10-111. Judgment against public entity or public employee - effect. (1) Any judgment against a public entity shall constitute a complete bar to any action for injury by the claimant, by reason of the same subject matter, against any public employee whose act or omission gave rise to the claim.

(2) Any judgment against any public employee whose act or omission gave rise to the claim shall constitute a complete bar to any action for injury by the claimant, by reason of the same subject matter, against a public entity.

(3) Nothing contained in the provisions of this section shall be construed as preventing the joinder of any public entity or employee of such public entity in the same action.

24-10-112. Compromise of claims - settlement of actions. (1) (a) (I) A claim against the state may be compromised or settled for and on behalf of the state by the attorney general, with the concurrence of the head of the affected department, agency, board, commission, institution, hospital, college, university, or other instrumentality thereof, except as provided in part 15 of article 30 of this title.

(II) Repealed.

(b) Repealed.

(2) Claims against public entities, other than the state, may be compromised or settled by the governing body of the public entity or in such manner as the governing body may designate.

24-10-113. Payment of judgments. (1) A public entity or designated insurer shall pay any compromise, settlement, or final judgment in the manner provided in this section, and an action pursuant to the Colorado rules of civil procedure shall be an appropriate remedy to compel a public entity to perform an act required under this section.

(2) The state and the governing body of any other public entity shall pay, to the extent funds are available in the fiscal year in which it becomes final, any judgment out of any funds to the credit of the public entity that are available from any or all of the following:

(a) A self-insurance reserve fund;

(b) Funds that are unappropriated for any other purpose unless the use of such funds is restricted by law or contract to other purposes;

(c) Funds that are appropriated for the current fiscal year for the payment of such judgments and not previously encumbered.

(3) If a public entity is unable to pay a judgment during the fiscal year in which it becomes final because of lack of available funds, the public entity shall levy a tax, in a separate item to cover such judgment, sufficient to discharge such judgment in the next fiscal year or in the succeeding fiscal year if the budget of the public entity has been finally adopted for the fiscal year in which the judgment becomes final before such judgment becomes final; but in no event shall such annual levy for one or more judgments exceed a total of ten mills, exclusive of existing mill levies. The public entity shall continue to levy such tax, not to exceed a total annual levy of ten mills, exclusive of existing mill levies, but in no event less than ten mills if such judgment will not be discharged by a lesser levy, until such judgment is discharged. In the event that more than one judgment is unsatisfied and a ten-mill levy is insufficient to satisfy the judgments in one year, the proceeds of the ten-mill levy shall be prorated annually among the judgment creditors in the proportion that each outstanding judgment bears to the total judgments outstanding.

24-10-113.5. Attorney general to notify general assembly. (1) If a final money judgment is obtained against the state, payment of which requires an appropriation, and the appropriate appellate remedies have been exhausted or the time limit for such remedies has expired, the attorney general, within twenty days after such occurrence, shall certify to the speaker of the house of representatives and the president of the senate, or the director of the

office of legislative legal services if the general assembly is not in session, the title of the action, the civil action number, and the amount of money due and owing for the payment in full satisfaction of the final judgment.

(2) If a claim against the state is settled and such settlement requires an appropriation by the general assembly, the attorney general, within twenty days after such settlement, shall make the certification required by subsection (1) of this section, which certification shall state the names of the parties and the amount of money necessary for the settlement.

24-10-114. Limitations on judgments - recommendation to general assembly - authorization of additional payment - lower north fork wildfire claims. (1) (a) The maximum amount that may be recovered under this article in any single occurrence, whether from one or more public entities and public employees, shall be:

(I) For any injury to one person in any single occurrence, the sum of three hundred fifty thousand dollars;

(II) For an injury to two or more persons in any single occurrence, the sum of nine hundred ninety thousand dollars; except that, in such instance, no person may recover in excess of three hundred fifty thousand dollars.

(b) The amounts specified in subsection (1)(a) of this section shall be adjusted by an amount reflecting the percentage change over a four-year period in the United States department of labor, bureau of labor statistics, consumer price index for Denver-Aurora-Lakewood for all items and all urban consumers, or its applicable predecessor or successor index. On or before January 1, 2018, and by January 1 every fourth year thereafter, the secretary of state shall calculate the adjusted dollar amount for the immediately preceding four-year period as of the date of the calculation. The adjusted amount shall be rounded upward to the nearest one-thousand-dollar increment. The secretary of state shall certify the amount of the adjustment for the particular four-year period and shall publish the amount of the adjustment on the secretary of state's website.

(1.5) For purposes of subsection (1) of this section, an assignment or subrogation to recover damages paid or payable for an injury shall not be deemed to be a separate occurrence.

(2) The governing body of a public entity, by resolution, may increase any maximum amount set out in subsection (1) of this section that may be recovered from the public entity for the type of injury described in the resolution. The amount of the recovery that may be had shall not exceed the amount set out in such resolution for the type of injury described therein. Any such increase may be reduced, increased, or repealed by the governing body by resolution. A resolution adopted pursuant to this subsection (2) shall apply only to injuries occurring subsequent to the adoption of such resolution.

(3) Nothing in this section shall be construed to permit the recovery of damages for types of actions authorized under part 2 of article 21 of title 13, C.R.S., in an amount in excess of the amounts specified in said article.

(4) (a) A public entity shall not be liable either directly or by indemnification for punitive or exemplary damages or for damages for outrageous conduct, except as otherwise determined by a public entity pursuant to section 24-10-118 (5).

(b) A railroad operating in interstate commerce that sells to a public entity, or allows the public entity to use, such railroad's property or tracks for the provision of public passenger rail service shall not be liable either directly or by indemnification for punitive or exemplary damages or for damages for outrageous conduct to any person for any accident or injury arising out of the operation and maintenance of the public passenger rail service by a public entity.

(5) Notwithstanding the maximum amounts that may be recovered from a public entity set forth in subsection (1) of this section, an amount may be recovered from the state under this article in excess of the maximum amounts only if paragraph (a) or (b) of this subsection (5) applies:

(a) The general assembly acting by bill authorizes payment of all or a portion of any judgment against the state that exceeds the maximum amount. Any claimant may present either proof of judgment or an order of a district court granting a claimant's request for entry of judgment in the amount of an award of damages recommended by a special master or a comparable order to the general assembly and request payment of that portion of the judgment or order that exceeds the maximum amount. Any such judgment or order approved for payment by the general assembly shall be paid from the general fund.

(b) (I) Except as otherwise provided in subparagraphs (II) and (III) of this paragraph (b), the state claims board created in section 24-30-1508 (1), referred to in this paragraph (b) as the board, acting in accordance with its authority under section 24-30-1515, compromises or settles a claim on behalf of the state for the maximum liability limits under this article and determines, in its sole discretion, to recommend to the general assembly that an additional payment be made and the general assembly, by bill, authorizes all or any portion of the additional payment. In determining whether to make such recommendation, the board shall consider interests of fairness, the public interest, and the interests of the state. A recommendation made under this paragraph (b) shall not include payment for noneconomic loss or injury and shall be reduced to the extent the claimant's loss is or will be covered by another source, including, without limitation, any insurance proceeds that have been paid or will be paid, and no insurer has a right of subrogation, assignment, or any other right against the claimant or the state for any additional payment or any portion of such payment that is approved by the general assembly. Any additional payment or any portion of such payment approved by the general assembly shall be paid from the general fund. For purposes of this paragraph (b), an "additional payment" means the payment to a claimant in excess of the maximum liability limits pursuant to this paragraph (b) that may be authorized by the general assembly upon a recommendation from the board.

(II) In connection with a recommendation made by the board under subparagraph (I) of this paragraph (b) to make an additional payment to one or more claimants resulting from a claim of an injury arising out of the lower north fork wildfire in March 2012 that is received by the general assembly while the general assembly is adjourned sine die, upon certification from the department of law that the requirements of this paragraph (b) have been satisfied and on or after July 1, 2013, the office of the state controller may pay one or more additional payments to such claimants from moneys previously appropriated by bill until such specifically appropriated moneys are exhausted or replenished.

(III) In connection with any claim arising out of an injury occurring on or after May 25, 2013, that is not described in subparagraph (II) of this paragraph (b), where the board has made a recommendation to the general assembly for an additional payment under this paragraph (b) while the general assembly is adjourned sine die, the payment is authorized where all of the

members of the joint budget committee have voted to authorize the additional payment; except that payment in accordance with the recommendation shall not be made until the general assembly has ratified by bill the authorization to make the payment.

24-10-114.5. Limitation on attorney fees in class action litigation. If the plaintiffs prevail in any class action litigation brought against any public entity, the amount of attorney fees which the plaintiffs' attorney is entitled to receive out of any award to the plaintiffs shall be determined by the court; except that such amount shall not exceed two hundred fifty thousand dollars. Such limitation shall apply where the public entity pays the attorney fees directly to the plaintiffs' attorneys or where the public entity is required to pay the attorney fees indirectly through any program it administers by reducing the benefits or amounts due to the individual plaintiffs.

24-10-115. Authority for public entities other than the state to obtain insurance. (1) A public entity, other than the state, either by itself or in conjunction with any one or more public entities may:

(a) Insure against all or any part of its liability for an injury for which it might be liable under this article;

(b) Insure any public employee acting within the scope of his employment against all or any part of such liability for an injury for which he might be liable under this article;

(c) Insure against the expense of defending a claim for injury against the public entity or its employees, whether or not liability exists on such claim;

(d) Insure against all or part of its liability or the liability of a railroad for claims arising from the passenger rail operations of a public entity on property or tracks owned by, or purchased from, a railroad.

(2) The insurance authorized by subsection (1) of this section may be provided by:

(a) Self-insurance, which may be funded by appropriations to establish or maintain reserves for self-insurance purposes;

(b) An insurance company authorized to do business in this state which meets all of the requirements of the division of insurance for that purpose;

(c) A combination of the methods of obtaining insurance authorized in paragraphs (a) and (b) of this subsection (2);

(d) Any risk management pool of public passenger rail services authorized to be created pursuant to the federal "Product Liability Risk Retention Act of 1981", 15 U.S.C. sec. 3901 et seq., as amended.

(3) A public entity, other than the state and other than a school district, may establish and maintain an insurance reserve fund for self-insurance purposes and may include in the annual tax levy of the public entity such amounts as are determined by its governing body to be necessary for the uses and purposes of the insurance reserve fund, subject to the limitations imposed by section 29-1-301, C.R.S., or such public entity may appropriate from any unexpended balance in the general fund such amounts as the governing body shall deem necessary for the purposes and uses of the insurance reserve fund, or both. A school district shall establish and maintain an insurance reserve fund in accordance with the provisions of section 22-45-103 (1)(e), C.R.S., for liability and property damage self-insurance purposes, including workers' compensation pursuant to section 8-44-204 (2), C.R.S., using moneys allocated thereto pursuant to the provisions of section 22-54-105 (2), C.R.S. The fund established pursuant to this subsection (3) shall be kept separate and apart from all other funds and shall be used only for the payment of administrative and legal expenses necessary for the operation of the fund and for the payment of claims against the public entity which have been settled or compromised or judgments rendered against the public entity for injury under the provisions of this article and for attorney fees and for the costs of defense of claims and to secure and pay for premiums on insurance as provided in this article.

(4) Policies written pursuant to this section and section 24-10-116 shall insure all of the risks and liabilities arising under this article, including costs of defense, unless the public entity requests in writing and obtains lesser coverage, in which event the policy issued shall conspicuously itemize the risks and liabilities not covered.

(5) A self-insurance fund established by a public entity which is subject to section 29-1-108, C.R.S., shall not be construed to be unexpended funds for budgetary purposes and shall be accumulated and held over for use in subsequent years.

(6) Repealed.

(7) Policies written, self-insurance funds established, or risk management pools entered into by a public entity for the purpose of insuring a public entity as described in paragraph (d) of subsection (1) of this section shall maintain such levels of insurance as are sufficient to insure against the maximum liability permitted against a railroad or its indemnitor pursuant to 49 U.S.C. sec. 28103.

Editor's note: Subsection (6) was enacted in House Bill No. 1143, enacted by the General Assembly at its first regular session in 1989, as a conforming amendment necessitated by the authorization for the operation of the university of Colorado university hospital by a nonprofit-nonstock corporation. The Colorado Supreme Court subsequently declared House Bill No. 1143 unconstitutional in its entirety. See *Colorado Association of Public Employees v. Board of Regents*, 804 P.2d 138 (Colo. 1990). Senate Bill 91-225, enacted by the General Assembly at its first regular session in 1991, authorized the operation of university hospital by a newly created university of Colorado hospital authority. 24-10-115.5. Authority for public entities to pool insurance coverage. (1) Public entities may cooperate with one another to form a self-insurance pool to provide all or part of the insurance coverage authorized by this article or by section 29-5-111, C.R.S., for the cooperating public entities. Any such self-insurance pool may provide such coverage by the methods authorized in sections 24-10-115 (2) and 24-10-116 (2), by any different methods if approved by the commissioner of insurance, or by any combination thereof. Any such insurance pool shall be formed pursuant to the provisions of part 2 of article 1 of title 29, C.R.S. The provisions of articles 10.5 and 47 of title 11, C.R.S., shall apply to moneys of such self-insurance pool.

(2) Any self-insurance pool authorized by subsection (1) of this section shall not be construed to be an insurance company nor otherwise subject to the laws of this state regulating insurance or insurance companies; except that the pool shall comply with the applicable provisions of sections 10-1-203 and 10-1-204 (1) to (5).

(3) Prior to the formation of a self-insurance pool, there shall be submitted to the commissioner of insurance a complete written proposal of the pool's operation, including, but not limited to, the administration, claims adjusting, membership, and capitalization of the pool. The commissioner shall review the proposal within thirty days after receipt to assure that proper insurance techniques and procedures are included in the proposal. After such review, the commissioner shall have the right to approve or disapprove the proposal. If the commissioner approves the proposal, he shall issue a certificate of authority. The costs of such review shall be paid by the public entities desiring to form such a pool. Any such payment received by the commissioner is hereby appropriated to the division of insurance in addition to any other funds appropriated for its normal operation.

(4) Each self-insurance pool for public entities created in this state shall file, with the commissioner of insurance on or before March 30 of each year, a written report in a form prescribed by the commissioner, signed and verified by its chief executive officer as to its condition. Such report shall include a detailed statement of assets and liabilities, the amount and character of the business transacted, and the moneys reserved and expended during the year.

(5) The commissioner of insurance, or any person authorized by him, shall conduct an insurance examination at least once a year to determine that proper underwriting techniques and sound funding, loss reserves, and claims procedures are being followed. This examination shall be paid for by the self-insurance pool out of its funds at the same rate as provided for foreign insurance companies under section 10-1-204 (9), C.R.S.

(6) (a) The certificate of authority issued to a public entity under this section may be revoked or suspended by the commissioner of insurance for any of the following reasons:

(I) Insolvency or impairment;

(II) Refusal or failure to submit an annual report as required by subsection (4) of this section;

(III) Failure to comply with the provisions of its own ordinances, resolutions, contracts, or other conditions relating to the self-insurance pool;

(IV) Failure to submit to examination or any legal obligation relative thereto;

(V) Refusal to pay the cost of examination as required by subsection (5) of this section;

(VI) Use of methods which, although not otherwise specifically proscribed by law, nevertheless render the operation of the self-insurance pool hazardous, or its condition unsound, to the public;

(VII) Failure to otherwise comply with the law of this state, if such failure renders the operation of the self-insurance pool hazardous to the public.

(b) If the commissioner of insurance finds upon examination, hearing, or other evidence that any participating public entity has committed any of the acts specified in paragraph (a) of this subsection (6) or any act otherwise prohibited in this section, the commissioner may suspend or revoke such certificate of authority if he deems it in the best interest of the public. Notice of any revocation shall be published in one or more daily newspapers in Denver which have a general state circulation. Before suspending or revoking any certificate of authority of a public entity, the commissioner shall grant the public entity fifteen days in which to show cause why such action should not be taken.

(7) Any public entity pool formed under this article and under article 13 of title 29, C.R.S., and the members thereof, may combine and commingle all funds appropriated by the members and received by the pool for liability or property insurance or self-insurance or for other purposes of the pool.

(8) (a) Any self-insurance pool organized pursuant to this section may invest in securities meeting the investment requirements established in part 6 of article 75 of this title and may also invest in membership claim deductibles and in any other security or other investment authorized for such pools by the commissioner of insurance.

(b) Any public entity which is a member of a self-insurance pool which is organized pursuant to this section or any instrumentality formed by two or more of such members may invest in subordinated debentures issued by such self-insurance pool.

(9) In addition to liability coverage pursuant to subsection (1) of this section and property coverage pursuant to section 29-13-102, C.R.S., a self-insurance pool authorized by

subsection (1) of this section may provide workers' compensation coverage pursuant to section 8-44-204, C.R.S., and firefighter heart and circulatory malfunction benefits pursuant to section 29-5-302, C.R.S.

24-10-116. State required to obtain insurance. (1) The state shall obtain insurance to:

- (a) Insure itself against all or any part of any liability for an injury for which it might be liable under this article;
- (b) Insure any of its public employees acting within the scope of their employment against all or any part of his liability for injury for which he might be liable under this article;
- (c) Insure against the expense of defending a claim for injury against the state or its public employees, whether or not liability exists on such claim.

(2) The insurance required under subsection (1) of this section may be provided by:

- (a) Self-insurance, which may be funded by appropriations to establish or maintain reserves for self-insurance purposes;
- (b) An insurance company authorized to do business in this state which meets all the requirements of the division of insurance for that purpose;
- (c) A combination of the methods of obtaining insurance authorized in paragraphs (a) and (b) of this subsection (2).

24-10-118. Actions against public employees - requirements and limitations. (1) Any action against a public employee, whether brought pursuant to this article, section 29-5-111, C.R.S., the common law, or otherwise, which lies in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by the claimant and which arises out of injuries sustained from an act or omission of such employee which occurred or is alleged in the complaint to have occurred during the performance of his duties and within the scope of his

employment, unless the act or omission causing such injury was willful and wanton, shall be subject to the following requirements and limitations, regardless of whether or not such action against a public employee is one for which the public entity might be liable for costs of defense, attorney fees, or payment of judgment or settlement under section 24-10-110:

(a) Compliance with the provisions of section 24-10-109, in the forms and within the times provided by section 24-10-109, shall be a jurisdictional prerequisite to any such action against a public employee, and shall be required whether or not the injury sustained is alleged in the complaint to have occurred as the result of the willful and wanton act of such employee, and failure of compliance shall forever bar any such action against a public employee. Any such action against a public employee shall be commenced within the time period provided for that type of action in articles 80 and 81 of title 13, C.R.S., relating to limitation of actions, or it shall be forever barred.

(b) The maximum amounts that may be recovered in any such action against a public employee shall be as provided in section 24-10-114 (1), (2), and (3).

(c) A public employee shall not be liable for punitive or exemplary damages arising out of an act or omission occurring during the performance of his duties and within the scope of his employment, unless such act or omission was willful and wanton.

(d) The fact that a plaintiff sues both a public entity and a public employee shall not be deemed to increase any of the maximum amounts that may be recovered in any such action as provided in this section or in section 24-10-114.

(2) (a) A public employee shall be immune from liability in any claim for injury, whether brought pursuant to this article, section 29-5-111, C.R.S., the common law, or otherwise, which lies in tort or could lie in tort regardless of whether that may be the type of action or the form of relief chosen by a claimant and which arises out of an act or omission of such employee occurring during the performance of his duties and within the scope of his employment unless the act or omission causing such injury was willful and wanton; except that no such immunity may be asserted in an action for injuries resulting from the circumstances specified in section 24-10-106 (1).

(b) Any member of any state board, commission, or other advisory body appointed pursuant to statute, executive order, or otherwise, and any other person acting as a consultant or witness before any such body, shall be immune from liability in any civil action brought against said person for acts occurring while the person was acting as such a member, consultant, or witness, if such person was acting in good faith within the scope of such person's respective capacity, makes a reasonable effort to obtain the facts of the matter as to which action was taken, and acts in the reasonable belief that the action taken by such person was warranted by the facts.

(2.5) If a public employee raises the issue of sovereign immunity prior to or after the commencement of discovery, the court shall suspend discovery; except that any discovery necessary to decide the issue of sovereign immunity shall be allowed to proceed, and the court shall decide such issue on motion. The court's decision on such motion shall be a final judgment and shall be subject to interlocutory appeal.

(3) Nothing in this section shall be construed to allow any action which lies in tort or could lie in tort regardless of whether that may be the type of action or the form or relief chosen by a claimant to be brought against a public employee except in compliance with the requirements of this article.

(4) The immunities provided for in this article shall be in addition to any common-law immunity applicable to a public employee.

(5) Notwithstanding any provision of this article to the contrary, a public entity may, if it determines by resolution adopted at an open public meeting by the governing body of the public entity that it is in the public interest to do so, defend a public employee against a claim for punitive damages or pay or settle any punitive damage claim against a public employee.

Holidays

24-11-101. Legal holidays - effect. (1) The following days, viz: The first day of January, commonly called New Year's day; the third Monday in January, which shall be observed as the birthday of Dr. Martin Luther King, Jr.; the third Monday in February, commonly called Washington-Lincoln day; the last Monday in May, commonly called Memorial day; the nineteenth day of June, commonly called Juneteenth; the fourth day of July, commonly called Independence day; the first Monday in September, commonly called Labor day; the first Monday in October, commonly called Frances Xavier Cabrini day; the eleventh day of November, commonly called Veterans' day; the fourth Thursday in November, commonly called Thanksgiving day; the twenty-fifth day of December, commonly called Christmas day; and any day appointed or recommended by the governor of this state or the president of the United States as a day of fasting or prayer or thanksgiving, are hereby declared to be legal holidays and shall, for all purposes whatsoever, as regards the presenting for payment or acceptance and the protesting and giving notice of the dishonor of bills of exchange, drafts, bank checks, promissory

notes, or other negotiable instruments and also for the holding of courts, be treated and considered as is the first day of the week commonly called Sunday.

(2) In case any of said holidays or any other legal holiday so designated falls upon a Sunday, then the Monday following shall be considered as the holiday, and all notes, bills, drafts, checks, or other negotiable instruments falling due or maturing on either of said days shall be deemed to be payable on the next succeeding business day. In case the return or adjourned day in any suit, matter, or hearing before any court comes on any day referred to in this section, such suit, matter, or proceeding, commenced or adjourned as aforesaid, shall not, by reason of coming on any such day, abate, but the same shall stand continued to the next succeeding day at the same time and place, unless the next day is Sunday, when in such case the same shall stand continued to the next succeeding secular or business day at the same time and place. Nothing in this section shall prevent the issuing or serving of process on any of the days mentioned in this section or on Sunday.

(3) The provisions of this section shall not operate to prohibit agencies in the executive branch of state government from doing business on any of the legal holidays named in this article. Employees under the jurisdiction of the state personnel system who are required to work on any of the legal holidays named in this article shall be granted an alternate day off in the same fiscal year or be paid in accordance with the state personnel system or state fiscal rules.

Oaths and Affirmations

24-12-101. Form of oath or affirmation for public office - requirements for oath or affirmation. (1) When a person is required to take an oath or affirmation before the person enters upon the discharge of a public office or position, the form of the oath or affirmation is as follows:

I [name], do [select swear, affirm, or swear by the everliving God] that I will support the constitution of the United States, the constitution of the state of Colorado, and the laws of the state of Colorado, and will faithfully perform the duties of the office of [name of office or position] upon which I am about to enter to the best of my ability.

If choosing to swear an oath, the person swearing shall do so with an uplifted hand.

(2) The oath or affirmation must be:

(a) In writing and signed by the person taking the oath or affirmation;

(b) Administered as provided in section 24-12-103; and

(c) Taken, signed, administered, and filed as specified in subsection (3) of this section before the person enters upon the public office or position.

(3) Officers of the executive department, judges of the supreme and subsidiary courts, and district attorneys shall file their oaths or affirmations of office with the secretary of state. Every other person required by law to file an oath or affirmation of office shall file with the county clerk of the county wherein the person was elected or appointed.

24-12-104. Officers in armed forces empowered to perform notarial acts. (1) In addition to the acknowledgment of instruments and the performance of other notarial acts in the manner and form and as otherwise authorized by law, instruments may be acknowledged, documents attested, oaths and affirmations administered, depositions and affidavits executed, and other notarial acts performed before or by any commissioned officer in active service of the armed forces of the United States or any such officer performing inactive-duty training with the equivalent rank of second lieutenant or higher in any component part of the armed forces of the United States, by or for any person who is a member of the armed forces of the United States, or is serving as a merchant seaman outside the limits of the United States included within the fifty

states and the District of Columbia, or is outside said limits by permission, assignment, or direction of any department or official of the United States government, in connection with any activity pertaining to the prosecution of any war in which the United States is then engaged.

(2) Such acknowledgment of instruments, attestation of documents, administration of oaths and affirmations, execution of depositions and affidavits, and performance of other notarial acts, whenever made or taken, are hereby declared legal, valid, and binding, and instruments and documents so acknowledged, authenticated, or sworn to shall be admissible in evidence and eligible to record in this state under the same circumstances and with the same force and effect as if such acknowledgment, attestation, oath, affirmation, deposition, affidavit, or other notarial act had been made or taken within this state before or by a duly qualified officer or official as otherwise provided by law.

(3) In the taking of acknowledgments and the performing of other notarial acts requiring certification, a certificate indorsed upon or attached to the instrument or document that shows the date of the notarial act and that states, in substance, that the person appearing before the officer acknowledged the instrument as his or her act or made or signed the instrument or document under oath or affirmation shall be sufficient for all intents and purposes. The instrument or document shall not be rendered invalid by the failure to state the place of execution or acknowledgment.

(4) If the signature, rank, and branch of service or subdivision thereof of any such commissioned officer appears upon such instrument or document or certificate, no further proof of the authority of such officer so to act shall be required, and such action by such commissioned officer shall be prima facie evidence that the person making such oath or acknowledgment is within the purview of this section.

(5) If any instrument is acknowledged substantially as provided in this section, whether such acknowledgment has been taken before or after February 27, 1943, such acknowledgment shall be prima facie evidence of proper execution of such instrument and shall carry with it the presumptions provided for by section 38-35-101, C.R.S.

24-13-105. County board to examine bonds - new bond. It is the duty of the board of county commissioners of each county, at each regular term, on the first day of each term, to examine and inquire into the sufficiency of the official bond of the county treasurer, sheriff, coroner, county assessor, county clerk and recorder, and county surveyor and all other official bonds given by any county officer, as required by law. If it appears that one or more of the sureties on the official bond of any such county officer have removed from the county, died, or become insolvent or of doubtful solvency, the board of county commissioners shall cause such officer to be summoned to appear before said board, on a day to be named in said summons, to show cause why he should not be required to give a new bond, with sufficient surety. If, at the appointed time, he fails to satisfy said board as to the sufficiency of the present surety, an order shall be entered of record by said board, requiring such officer to file in the office of the county clerk and recorder, within twenty days, a new bond, to be approved as required by law, unless the number and pecuniary ability of other sureties on the bond are such as to satisfy the board that the bond is sufficient, notwithstanding the fact that one or more of the sureties on said bond may have removed, died, or become insolvent or of doubtful solvency, in which case the bond in question, in the discretion of said board, may be held to be sufficient.

24-13-109. Release of sureties - notice. Any person who is the surety of any sheriff, coroner, county clerk and recorder, county treasurer, county surveyor, or other county officer shall have the power of releasing himself from further liability as such surety for such officer by filing in the office of the county clerk and recorder a notice that he is no longer willing to be surety for such officer. If the person so desiring to be released from such surety is suretyship for the county clerk and recorder, in addition to such filing of notice, he shall deliver a copy of the notice to the chairman of the board of county commissioners or, if he is absent, to some other member of said board.

24-13-110. Duty of county clerk and recorder. When any notice is filed with the county clerk and recorder, he shall immediately give notice thereof to such officer, who shall thereupon file other surety, to be approved by the board of county commissioners if the same is then in session or if a session thereof is commenced within ten days after notice has been given,

but, if said board is not in session nor a session thereof is commenced within ten days thereafter, the officer within ten days shall file said bond with the county clerk and recorder, who shall judge of the sufficiency of said bond, subject to the decision and approval of said board of county commissioners at their first meeting thereafter. If such notice relates to the surety of the county clerk and recorder, it is the duty of the county commissioner to whom the copy of such notice is given immediately to require said clerk to file other surety to be approved by the board of county commissioners in like manner, but, if said board is not in session, the county commissioner to whom such notice may be given may approve such surety, subject to the decision and approval of the said board at its first meeting thereafter.

24-13-116. Approval of bonds - clerk of county board. The county treasurer, county assessor, county clerk and recorder, or any county officer shall file his official bond in the office of the county clerk and recorder, which bond shall be executed as required by law and shall be approved by the board of county commissioners in open session. If said board is not in session on the filing of such bond, then the county clerk and recorder shall judge of its sufficiency, subject to the final decision and approval of said board at its first meeting thereafter. If said board is not in session, the county clerk and recorder, in filing his bond, shall present the same to the chairman of the board of county commissioners or, in case of his absence or inability to act, to one of the other members of said board, who shall judge of its sufficiency, subject to the decision and approval of said board at its first meeting thereafter.

Liability - State and County Employees

24-14-101. Definitions. As used in this article, unless the context otherwise requires:

- (1) "Agent" means any person duly authorized by an officer or employee to perform an act within the course of his service or employment.
- (2) "Employee" means any employee of the state or its governmental subdivisions.
- (3) "Officer" means any elected or appointed public official.
- (4) "State" means any agency or department of the state of Colorado, a county, or a city and county.

24-14-102. Authorize purchase of liability insurance and crime insurance in lieu of a public official personal surety bond - definitions. (1) The head of a department of the state of Colorado, with the approval of the governor or, in the case of the county or city and county, the chief executive officer or board of county commissioners, subject to appropriations being available therefor, is hereby authorized to procure insurance, through the department of personnel as provided in the "Procurement Code", articles 101 to 112 of this title 24, for the purpose of insuring its officers, employees, and agents against any liability, other than a liability that may be insured against under the "Workers' Compensation Act of Colorado", articles 40 to 47 of title 8, for injuries or damages resulting from their negligence or other tortious conduct during the course of their service or employment. Counties or cities and counties are authorized to insure their officers, employees, and agents against similar liabilities.

(2) (a) Whenever a person is required by law to provide or purchase a personal surety bond as a condition of serving in a public elected, appointed, or employed position, the public entity for which the person will serve may, in lieu of the required bond, purchase crime insurance to protect the public entity from any dishonesty, theft, or fraud by the person. However, this section does not apply to the bond required of the state treasurer pursuant to section 24-22-101.

(b) If a public entity purchases crime insurance in lieu of a personal surety bond pursuant to this subsection (2), the public official or employee is relieved of all statutory requirements related to the personal surety bond, including requirements as to the type, provider, form, amount, or filing of the personal surety bond. The public entity is likewise relieved of any statutory requirements related to the personal surety bond of the public official or employee.

(c) Crime insurance purchased pursuant to this subsection (2) must be purchased from an insurance provider licensed in the state of Colorado. The public entity shall pay the premiums for the insurance.

(d) As used in this subsection (2), unless the context otherwise requires:

(I) "Crime insurance" means a form of insurance to protect public assets from loss due to dishonesty, theft, or fraud by a public official.

(II) "Personal surety bond" means a bond, surety, surety bond, surety company bond, corporate surety bond, corporate fidelity bond, individual bond, schedule bond, blanket bond, or official bond.

(III) "Public entity" means the state of Colorado, principal departments listed in section 24-1-110, public colleges and universities, state or local commissions, state or local authorities, counties, cities, cities and counties, towns, municipalities, districts, special districts, boards, and school districts.

24-16-103. Definitions. As used in this article, unless the context otherwise requires:

(1) "Agency of government" means any state agency, department, division, board, bureau, commission, institution, or section which is a budgetary unit exercising purchasing authority or discretion.

(2) "Contract" means any agreement for public works for a fixed or determinable amount duly awarded after advertisement and competitive bid.

(3) "Cost" means the total cost of labor, materials, provisions, supplies, equipment rentals, equipment purchases, insurance, supervision, engineering, clerical and accounting

services, the value of the use of equipment, including depreciation, owned by an agency of government, and reasonable estimates of other administrative costs not otherwise directly attributable to the project which may be reasonably apportioned to such project in accordance with generally accepted cost accounting principles and standards.

(4) "Generally accepted cost accounting principles and standards" means those accounting principles and standards promulgated by the cost accounting standards board of the American institute of certified public accountants which pertain to contractors engaged in the performance of government contracts.

(5) "Project" means any public work for which appropriation or expenditure of funds may be reasonably expected to exceed twenty-five thousand dollars in the aggregate for any fiscal year.

(6) "Public work" means any construction, alteration, repair, or improvement of any land, building, structure, facility, road, highway, or other public improvement suitable for and intended for use in the promotion of the public health, welfare, or safety or maintenance programs for the upkeep of public roads, highways, or bridge structures; except that "public works" does not include routine maintenance that is not definable by a stop or start time or by geographical limits.

(7) "Responsible agency of government" means the agency of government which has fiscal accountability for a project.

(8) "Responsible official" means the person having overall responsibility, including delegated authority, for keeping the accounting records of the responsible agency of government.

24-16-105. Account and record of costs. Whenever an agency of government undertakes any public work project by any means or method other than by contract, it shall cause to be kept and preserved a full, true, and accurate record of the cost of such project. Such records shall be kept and maintained by a responsible official on behalf of the responsible agency of government. To the extent the responsible agency of government contracts with any other agency of government in connection with a project, such other agency shall provide all necessary data or information to enable the responsible agency of government to document a full, true, and accurate record of the cost of such project, which data or information shall be kept in an orderly manner by the responsible agency of government for a period of at least six years after completion of the project. All such records shall be considered public records and shall be made available for public inspection.

24-16-106. Rules and regulations. On or after July 1, 1981, but before January 1, 1982, the department of personnel shall promulgate rules and regulations which are designed to implement the provisions of this article. In promulgating such rules and regulations, the controller may seek the advice of the advisory committee on governmental accounting appointed pursuant to section 29-1-503, C.R.S., but the advice of such committee shall not be binding upon the controller. He shall at all times be concerned with the promulgation and implementation of rules and regulations concerning the obligation of agencies of government to keep certain project records, even if duplicative, in accordance with generally accepted cost accounting principles and standards. Upon request of local government officials, the department of personnel may assist local government officials in implementing cost accounting procedures.

STATE CONTINGENCY-BASED CONTRACTS

24-17-201. Short title. This part 2 shall be known and may be cited as the "State Contingency-Based Contracts Act".

Source: L. 2004: Entire part added, p. 1124, § 1, effective May 27.

24-17-202. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) Under certain circumstances, contingency-based contracts can benefit the state by reducing state agencies' fixed contractual costs and linking state agency expenditures to the achievement of desired results, but contingency-based contracts can also have unintended adverse consequences that impact state finances in ways that a contracting state agency might not foresee.

(b) Contracting is a function of the executive branch of state government, but the power to appropriate state moneys is a legislative function, and it is necessary and appropriate to provide limited legislative guidance to the executive branch regarding contingency-based contracts in order to protect state finances and the appropriations process from possible unintended adverse effects of contingency-based contracts.

(2) The general assembly further finds and declares that:

(a) Existing statutes expressly authorize certain state agencies to enter into contingency-based contracts in specified circumstances, and these statutes reflect the considered judgment of the general assembly that contingency-based contracts are appropriate in those circumstances. It is not the intent of the general assembly to subject contingency-based contracts entered into pursuant to specific statutory authorization to the requirements of this part 2.

(b) Because the office of state planning and budgeting is the executive branch agency that makes state economic forecasts for the executive branch and oversees the participation of the executive branch in the state budgeting process, it is the state agency best suited to determine, in accordance with the guidelines set forth in this part 2, whether a contingency-based contract not expressly authorized by statute is appropriate.

Source: L. 2004: Entire part added, p. 1124, § 1, effective May 27.

24-17-203. Definitions. As used in this part 2, unless the context otherwise requires:

(1) "Contingency-based contract" means a contract entered into by a state agency and a vendor for services that:

(a) Requires all or part of the vendor's compensation to be computed by multiplying a stated percentage times the amount of measurable savings in the state agency's expenditures or costs of operation that are demonstrably attributable to the vendor's services under the contract; and

(b) Is entered into without the authority of a state statute that specifically authorizes the agency to enter into such a contract.

(2) "Office" means the office of state planning and budgeting created in section 24-37-102.

Source: L. 2004: Entire part added, p. 1125, § 1, effective May 27.

24-17-204. Review of contingency-based contracts by office of state planning and budgeting. (1) No contingency-based contract shall be deemed valid unless the head of the principal department of state government entering into the contract or containing the agency entering into the contract submits the contract and an analysis of the contract to the office as required by paragraph (b) of subsection (2) of this section and the office approves the contract and transmits its approval in writing to the department. The state controller shall also promptly forward each contingency-based contract that it reviews pursuant to section 24-30-202 to the office.

(2) (a) Whenever a principal department of state government or another state agency enters into a contingency-based contract, the department or agency shall prepare an analysis of the contract that addresses:

(I) The extent to which the contract requires the vendor's compensation to be computed on a contingency basis and the maximum potential contractual liability to pay contingency-based compensation to the vendor;

(II) The extent to which it is necessary to offer contingency-based compensation to the vendor and the amount of any reduction in fixed contractual costs achieved by offering contingency-based compensation;

(III) The extent to which the contractually specified performance measure used to determine contingency-based compensation is appropriate and capable of being accurately determined;

(IV) The extent to which the contingency-based compensation specified in the contract might affect the state budgeting and appropriations process; and

(V) Any other factors that the department or agency deems relevant to consider in evaluating the contract.

(b) The head of a principal department of state government entering into a contingency-based contract or containing an agency entering into a contingency-based contract shall sign both the contract and the analysis prepared pursuant to paragraph (a) of this subsection (2) and shall submit both the contract and the analysis to the office so that the office may approve or disapprove the contract.

(c) Upon receipt of a contingency-based contract and analysis, the office shall review and either approve or disapprove the contract. The office shall promptly transmit written notification of a decision to approve a contingency-based contract to the head of the principal department that submitted the contract to the office and the joint budget committee of the general assembly. The office shall promptly transmit written notification of a decision to disapprove a contingency-based contract only to the head of the principal department that submitted the contract to the office.

24-17-205. Existing legal requirements not superseded. The provisions of this part 2 shall not be construed to repeal, supersede, or otherwise affect any other statutory provisions that limit the use of or require review or approval of contingency-based contracts. Nothing in this part 2 shall be construed to authorize or prohibit a state agency from entering into a contingency-based contract in the absence of a statute that specifically authorizes the state agency to enter into such a contract.

PART 1

CODE OF ETHICS

24-18-101. Legislative declaration. The general assembly recognizes the importance of the participation of the citizens of this state in all levels of government in the state. The general assembly further recognizes that, when citizens of this state obtain public office, conflicts may arise between the public duty of such a citizen and his or her private interest. The general assembly hereby declares that the prescription of some standards of conduct common to those citizens involved with government is beneficial to all residents of the state. The provisions of this part 1 recognize that some actions are conflicts per se between public duty and private interest while other actions may or may not pose such conflicts depending upon the surrounding circumstances.

Source: L. 88: Entire article added, p. 899, § 1, effective July 1.

24-18-102. Definitions. As used in this part 1, unless the context otherwise requires:

(1) "Business" means any corporation, limited liability company, partnership, sole proprietorship, trust or foundation, or other individual or organization carrying on a business, whether or not operated for profit.

(2) "Compensation" means any money, thing of value, or economic benefit conferred on or received by any person in return for services rendered or to be rendered by himself or another.

(3) "Employee" means any temporary or permanent employee of a state agency or any local government, except a member of the general assembly and an employee under contract to the state.

(4) "Financial interest" means a substantial interest held by an individual which is:

- (a) An ownership interest in a business;
 - (b) A creditor interest in an insolvent business;
 - (c) An employment or a prospective employment for which negotiations have begun;
 - (d) An ownership interest in real or personal property;
 - (e) A loan or any other debtor interest; or
 - (f) A directorship or officership in a business.
- (5) "Local government" means the government of any county, city and county, city, town, special district, or school district.
- (6) "Local government official" means an elected or appointed official of a local government, but does not include an employee of a local government. Local government official includes a member of the board of commissioners of any airport authority created pursuant to article 3 of title 41.
- (7) "Official act" or "official action" means any vote, decision, recommendation, approval, disapproval, or other action, including inaction, which involves the use of discretionary authority.
- (8) "Public officer" means any elected officer, the head of a principal department of the executive branch, and any other state officer. "Public officer" does not include a member of the general assembly, a member of the judiciary, any local government official, or any member of a board, commission, council, or committee who receives no compensation other than a per diem allowance or necessary and reasonable expenses.
- (9) "State agency" means the state; the general assembly and its committees; every executive department, board, commission, committee, bureau, and office; every state institution of higher education, whether established by the state constitution or by law, and every governing board thereof; and every independent commission and other political subdivision of the state government except the courts.

24-18-103. Public trust - breach of fiduciary duty. (1) The holding of public office or employment is a public trust, created by the confidence which the electorate reposes in the integrity of public officers, members of the general assembly, local government officials, and employees. A public officer, member of the general assembly, local government official, or employee shall carry out his duties for the benefit of the people of the state.

(2) A public officer, member of the general assembly, local government official, or employee whose conduct departs from his fiduciary duty is liable to the people of the state as a trustee of property and shall suffer such other liabilities as a private fiduciary would suffer for abuse of his trust. The district attorney of the district where the trust is violated may bring appropriate judicial proceedings on behalf of the people. Any moneys collected in such actions shall be paid to the general fund of the state or local government. Judicial proceedings pursuant to this section shall be in addition to any criminal action which may be brought against such public officer, member of the general assembly, local government official, or employee.

24-18-104. Rules of conduct for all public officers, members of the general assembly, local government officials, and employees. (1) Proof beyond a reasonable doubt of commission of any act enumerated in this section is proof that the actor has breached his fiduciary duty and the public trust. A public officer, a member of the general assembly, a local government official, or an employee shall not:

(a) Disclose or use confidential information acquired in the course of his official duties in order to further substantially his personal financial interests; or

(b) Accept a gift of substantial value or a substantial economic benefit tantamount to a gift of substantial value:

(I) Which would tend improperly to influence a reasonable person in his position to depart from the faithful and impartial discharge of his public duties; or

(II) Which he knows or which a reasonable person in his position should know under the circumstances is primarily for the purpose of rewarding him for official action he has taken.

(2) An economic benefit tantamount to a gift of substantial value includes without limitation:

(a) A loan at a rate of interest substantially lower than the commercial rate then currently prevalent for similar loans and compensation received for private services rendered at a rate substantially exceeding the fair market value of such services; or

(b) The acceptance by a public officer, a member of the general assembly, a local government official, or an employee of goods or services for his or her own personal benefit offered by a person who is at the same time providing goods or services to the state or a local government under a contract or other means by which the person receives payment or other compensation from the state or local government, as applicable, for which the officer, member, official, or employee serves, unless the totality of the circumstances attendant to the acceptance of the goods or services indicates that the transaction is legitimate, the terms are fair to both parties, the transaction is supported by full and adequate consideration, and the officer, member, official, or employee does not receive any substantial benefit resulting from his or her official or governmental status that is unavailable to members of the public generally.

(3) The following are not gifts of substantial value or gifts of substantial economic benefit tantamount to gifts of substantial value for purposes of this section:

(a) Campaign contributions and contributions in kind reported as required by section 1-45-108, C.R.S.;

(b) An unsolicited item of trivial value;

(b.5) A gift with a fair market value of fifty-three dollars or less that is given to the public officer, member of the general assembly, local government official, or employee by a person other than a professional lobbyist.

(c) An unsolicited token or award of appreciation as described in section 3 (3)(c) of article XXIX of the state constitution;

(c.5) Unsolicited informational material, publications, or subscriptions related to the performance of official duties on the part of the public officer, member of the general assembly, local government official, or employee;

(d) Payment of or reimbursement for reasonable expenses paid by a nonprofit organization or state and local government in connection with attendance at a convention, fact-finding mission or trip, or other meeting as permitted in accordance with the provisions of section 3 (3)(f) of article XXIX of the state constitution;

(e) Payment of or reimbursement for admission to, and the cost of food or beverages consumed at, a reception, meal, or meeting that may be accepted or received in accordance with the provisions of section 3 (3)(e) of article XXIX of the state constitution;

(f) A gift given by an individual who is a relative or personal friend of the public officer, member of the general assembly, local government official, or employee on a special occasion.

(g) Payment for speeches, appearances, or publications that may be accepted or received by the public officer, member of the general assembly, local government official, or employee in accordance with the provisions of section 3 of article XXIX of the state constitution that are reported pursuant to section 24-6-203 (3)(d);

(h) Payment of salary from employment, including other government employment, in addition to that earned from being a member of the general assembly or by reason of service in other public office;

(i) A component of the compensation paid or other incentive given to the public officer, member of the general assembly, local government official, or employee in the normal course of employment; and

(j) Any other gift or thing of value a public officer, member of the general assembly, local government official, or employee is permitted to solicit, accept, or receive in accordance with the provisions of section 3 of article XXIX of the state constitution, the acceptance of which is not otherwise prohibited by law.

(4) The provisions of this section are distinct from and in addition to the reporting requirements of section 1-45-108, C.R.S., and section 24-6-203, and do not relieve an incumbent in or elected candidate to public office from reporting an item described in subsection (3) of this section, if such reporting provisions apply.

(5) The amount of the gift limit specified in paragraph (b.5) of subsection (3) of this section, set at fifty-three dollars as of August 8, 2012, shall be identical to the amount of the gift limit under section 3 of article XXIX of the state constitution, and shall be adjusted for inflation contemporaneously with any adjustment of the constitutional gift limit pursuant to section 3 (6) of article XXIX.

24-18-105. Ethical principles for public officers, local government officials, and employees. (1) The principles in this section are intended as guides to conduct and do not constitute violations as such of the public trust of office or employment in state or local government.

(2) A public officer, a local government official, or an employee should not acquire or hold an interest in any business or undertaking which he has reason to believe may be directly and substantially affected to its economic benefit by official action to be taken by an agency over which he has substantive authority.

(3) A public officer, a local government official, or an employee should not, within six months following the termination of his office or employment, obtain employment in which he will take direct advantage, unavailable to others, of matters with which he was directly involved

during his term of employment. These matters include rules, other than rules of general application, which he actively helped to formulate and applications, claims, or contested cases in the consideration of which he was an active participant.

(4) A public officer, a local government official, or an employee should not perform an official act directly and substantially affecting a business or other undertaking to its economic detriment when he has a substantial financial interest in a competing firm or undertaking.

(5) Public officers, local government officials, and employees are discouraged from assisting or enabling members of their immediate family in obtaining employment, a gift of substantial value, or an economic benefit tantamount to a gift of substantial value from a person whom the officer, official, or employee is in a position to reward with official action or has rewarded with official action in the past.

24-18-106. Rules of conduct for members of the general assembly. (1) Proof beyond a reasonable doubt of commission of any act enumerated in this section is proof that the member of the general assembly committing the act has breached his fiduciary duty and the public trust. A member of the general assembly shall not accept a fee, a contingent fee, or any other compensation, except his official compensation provided by statute, for promoting or opposing the passage of legislation.

(2) It shall not be a breach of fiduciary duty and the public trust for a member of the general assembly to:

(a) Use state facilities or equipment to communicate or correspond with a member's constituents, family members, or business associates;

(b) Accept or receive a benefit as an indirect consequence of transacting state business; or

(c) Accept the payment of or reimbursement for actual and necessary expenses for travel, board, and lodging from any organization declared to be a joint governmental agency of this state under section 2-3-311 (2), C.R.S., if:

(I) (A) The expenses are related to the member's attendance at a convention or meeting of the joint governmental agency at which the member is scheduled to deliver a speech, make a presentation, participate on a panel, or represent the state of Colorado or for some other legitimate state purpose;

(B) The travel, board, and lodging arrangements are appropriate for purposes of the member's attendance at the convention or meeting;

(C) The duration of the member's stay is no longer than is reasonably necessary for the member to accomplish the purpose of his or her attendance at the convention or meeting;

(D) The member is not currently and will not subsequent to the convention or meeting be in a position to take any official action that will benefit the joint governmental agency; and

(E) The attendance at conventions or meetings of the joint governmental agency has been approved by the executive committee of the legislative council or by the leadership of the house of the general assembly to which the member belongs; or

(II) The general assembly pays regular monthly, annual, or other periodic dues to the joint governmental agency that are invoiced expressly to cover travel, board, and lodging

expenses for the attendance of members at conventions or meetings of the joint governmental agency.

(3) Notwithstanding any other provision of law, no member of the general assembly shall lobby, solicit lobbying business or contracts, or otherwise establish a lobbying business or practice respecting issues before the general assembly prior to the expiration of his or her term. Where the member tenders his or her resignation prior to the expiration of his or her term, the requirements of this subsection (3) shall apply up through the date of the member's resignation from office.

24-18-107. Ethical principles for members of the general assembly. (1) The principles in this section are intended only as guides to a member of the general assembly in determining whether or not his conduct is ethical.

(2) A member of the general assembly who has a personal or private interest in any measure or bill proposed or pending before the general assembly shall disclose the fact to the house of which he is a member and shall not vote thereon. In deciding whether or not he has such an interest, a member shall consider, among other things, the following:

- (a) Whether the interest impedes his independence of judgment;
- (b) The effect of his participation on public confidence in the integrity of the general assembly; and
- (c) Whether his participation is likely to have any significant effect on the disposition of the matter.

(3) An interest situation does not arise from legislation affecting the entire membership of a class.

(4) If a member of the general assembly elects to disclose the interest, he shall do so as provided in the rules of the house of representatives or the senate, but in no case shall failure to disclose constitute a breach of the public trust of legislative office.

24-18-108. Rules of conduct for public officers and state employees. (1) Proof beyond a reasonable doubt of commission of any act enumerated in this section is proof that the actor has breached his fiduciary duty.

(2) A public officer or a state employee shall not:

- (a) Engage in a substantial financial transaction for his private business purposes with a person whom he inspects, regulates, or supervises in the course of his official duties;
- (b) Assist any person for a fee or other compensation in obtaining any contract, claim, license, or other economic benefit from his agency;

(c) Assist any person for a contingent fee in obtaining any contract, claim, license, or other economic benefit from any state agency; or

(d) Perform an official act directly and substantially affecting to its economic benefit a business or other undertaking in which he either has a substantial financial interest or is engaged as counsel, consultant, representative, or agent.

(3) A head of a principal department or a member of a quasi-judicial or rule-making agency may perform an official act notwithstanding paragraph (d) of subsection (2) of this section if his participation is necessary to the administration of a statute and if he complies with the voluntary disclosure procedures under section 24-18-110.

24-18-109. Rules of conduct for local government officials and employees. (1) Proof beyond a reasonable doubt of commission of any act enumerated in this section is proof that the actor has breached his fiduciary duty and the public trust.

(2) A local government official or local government employee shall not:

(a) Engage in a substantial financial transaction for his private business purposes with a person whom he inspects or supervises in the course of his official duties;

(b) Perform an official act directly and substantially affecting to its economic benefit a business or other undertaking in which he either has a substantial financial interest or is engaged as counsel, consultant, representative, or agent; or

(c) Accept goods or services for his or her own personal benefit offered by a person who is at the same time providing goods or services to the local government for which the official or employee serves, under a contract or other means by which the person receives payment or other compensation from the local government, unless the totality of the circumstances attendant to the acceptance of the goods or services indicates that the transaction is legitimate, the terms are fair to both parties, the transaction is supported by full and adequate consideration, and the official or employee does not receive any substantial benefit resulting from his or her official or governmental status that is unavailable to members of the public generally.

(3) (a) A member of the governing body of a local government who has a personal or private interest in any matter proposed or pending before the governing body shall disclose such interest to the governing body and shall not vote thereon and shall refrain from attempting to influence the decisions of the other members of the governing body in voting on the matter.

(b) A member of the governing body of a local government may vote notwithstanding paragraph (a) of this subsection (3) if his participation is necessary to obtain a quorum or otherwise enable the body to act and if he complies with the voluntary disclosure procedures under section 24-18-110.

(4) It shall not be a breach of fiduciary duty and the public trust for a local government official or local government employee to:

(a) Use local government facilities or equipment to communicate or correspond with a member's constituents, family members, or business associates; or

(b) Accept or receive a benefit as an indirect consequence of transacting local government business.

(5) (a) Notwithstanding any other provision of this article 18, it is neither a conflict of interest nor a breach of fiduciary duty or the public trust for a local government official who is a member of the governing body of a local government to serve on a board of directors of a nonprofit entity and, when serving on the governing body, to vote on matters that may pertain to or benefit the nonprofit entity.

(b) (I) Except as provided in subsection (5)(b)(II) of this section, a local government official is not required to provide or file a disclosure or otherwise comply with the requirements of subsection (3) of this section unless the local government official has a financial interest in, or the local government official or an immediate family member receives services from, the nonprofit entity independent of the official's membership on the board of directors of the nonprofit entity.

(II) A local government official who serves on the board of directors of a nonprofit entity shall publicly announce his or her relationship with the nonprofit entity before voting on a matter that provides a direct and substantial economic benefit to the nonprofit entity.

24-18-110. Voluntary disclosure. A member of a board, commission, council, or committee who receives no compensation other than a per diem allowance or necessary and reasonable expenses, a member of the general assembly, a public officer, a local government official, or an employee may, prior to acting in a manner which may impinge on his fiduciary duty and the public trust, disclose the nature of his private interest. Members of the general assembly shall make disclosure as provided in the rules of the house of representatives and the senate, and all others shall make the disclosure in writing to the secretary of state, listing the amount of his financial interest, if any, the purpose and duration of his services rendered, if any, and the compensation received for the services or such other information as is necessary to describe his interest. If he then performs the official act involved, he shall state for the record the fact and summary nature of the interest disclosed at the time of performing the act. Such disclosure shall constitute an affirmative defense to any civil or criminal action or any other sanction.

24-18-113. Board of ethics for the general assembly - created - duties. (1) (a) There is hereby created a board of ethics for the general assembly. The board shall consist of four legislative members. One member shall be appointed by and serve at the pleasure of the majority leader of the house of representatives; one member shall be appointed by and serve at the pleasure of the majority leader of the senate; one member shall be appointed by and serve at the pleasure of the minority leader of the house of representatives; and one member shall be appointed by and serve at the pleasure of the minority leader of the senate.

(b) The terms of the members appointed by the majority and minority leaders of the house of representatives and the senate and who are serving on March 22, 2007, shall be extended to and expire on or shall terminate on the convening date of the first regular session of the sixty-seventh general assembly. As soon as practicable after such convening date, the majority and minority leaders of the house of representatives and the senate shall each appoint or reappoint members in the same manner as provided in paragraph (a) of this subsection (1). Thereafter, the terms of members appointed or reappointed by the majority and minority leaders of the house of representatives and the senate shall expire on the convening date of the first regular session of each general assembly, and all subsequent appointments and reappointments by the majority and minority leaders of the house of representatives and the senate shall be made as soon as practicable after such convening date. The person making the original appointment or reappointment shall fill any vacancy by appointment for the remainder of an unexpired term. Members appointed or reappointed by the majority and minority leaders of the house of representatives and the senate shall continue in office until the member's successor is appointed.

(c) The members of the board of ethics for the general assembly are entitled to receive compensation and reimbursement of expenses as provided in section 2-2-326, C.R.S.

(2) The board of ethics for the general assembly shall, upon written request of a member of the general assembly, issue advisory opinions concerning issues relating to the requesting member's conduct and the provisions of this article.

PART 2

PROSCRIBED ACTS RELATED TO CONTRACTS AND CLAIMS

24-18-201. Interests in contracts. (1) Members of the general assembly, public officers, local government officials, or employees shall not be interested in any contract made by them in their official capacity or by any body, agency, or board of which they are members or employees. A former employee may not, within six months following the termination of his employment, contract or be employed by an employer who contracts with a state agency or any local government involving matters with which he was directly involved during his employment. For purposes of this section, the term:

(a) "Be interested in" does not include holding a minority interest in a corporation.

(b) "Contract" does not include:

(I) Contracts awarded to the lowest responsible bidder based on competitive bidding procedures;

(II) Merchandise sold to the highest bidder at public auctions;

(III) Investments or deposits in financial institutions which are in the business of loaning or receiving moneys;

(IV) A contract with an interested party if, because of geographic restrictions, a local government could not otherwise reasonably afford itself of the subject of the contract. It shall be presumed that a local government could not otherwise reasonably afford itself of the subject of a contract if the additional cost to the local government is greater than ten percent of a contract with an interested party or if the contract is for services that must be performed within a limited time period and no other contractor can provide those services within that time period.

(V) A contract with respect to which any member of the general assembly, public officer, local government official, or employee has disclosed a personal interest and has not voted thereon or with respect to which any member of the governing body of a local government has voted thereon in accordance with section 24-18-109 (3)(b) or 31-4-404 (3), C.R.S. Any such disclosure shall be made: To the governing body, for local government officials and employees; in accordance with the rules of the house of representatives and the senate, for members of the general assembly; and to the secretary of state, for all others.

PART 3

USE OF FACIAL RECOGNITION SERVICES BY STATE AND LOCAL GOVERNMENT AGENCIES

24-18-301. Definitions. As used in this part 3, unless the context otherwise requires:

- (1) "Accountability report" means a report developed pursuant to section 24-18-302 (2).
- (2) "Agency" means:
 - (a) An agency of the state government or of a local government; or
 - (b) A state institution of higher education.
- (3) "Decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals" means decisions that:
 - (a) Result in the provision or denial of financial and lending services, housing, insurance, education enrollment, criminal justice, employment opportunities, health-care services, or access to basic necessities such as food and water; or
 - (b) Impact the civil rights of individuals.
- (4) "Enroll", "enrolled", or "enrolling" means:
 - (a) The process by which a facial recognition service:
 - (I) Creates a facial template from one or more images of an individual; and
 - (II) Adds the facial template to a gallery that is used by the facial recognition service for recognition or persistent tracking of individuals; or
 - (b) The act of adding an existing facial template directly into a gallery that is used by a facial recognition service.
- (5) (a) "Facial recognition service" means technology that analyzes facial features to facilitate the identification, verification, or persistent tracking of individuals in still or video images.
 - (b) "Facial recognition service" does not include:
 - (I) The analysis of facial features to grant or deny access to an electronic device;
 - (II) A generally available consumer product, including a tablet or smartphone, that allows for the analysis of facial features in order to facilitate the user's ability to manage an address book or still or video images for personal or household use; or
 - (III) The use of an automated or semiautomated process by a law enforcement agency for the purpose of redacting a recording for release or disclosure to protect the privacy of a subject depicted in the recording, so long as the process does not generate or result in the retention of any biometric data or surveillance information.
- (6) "Facial template" means a machine-interpretable pattern of facial features that is extracted from one or more images of an individual by a facial recognition service.
- (7) "Identification" means the use of a facial recognition service by an agency to determine whether an unknown individual matches any individual whose identity is known to the agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.
- (8) "Local government" means a statutory or home rule municipality, a county, or a city and county.
- (9) "Meaningful human review" means review or oversight by one or more individuals who are trained in accordance with section 24-18-305 and who have the authority to alter a decision under review.
- (10) "Nonidentifying demographic data" means data that is not linked or reasonably linkable to an identified or identifiable individual and includes information about an individual's gender, race, ethnicity, age, or location.

(11) (a) "Ongoing surveillance" means the continual use of a facial recognition service by an agency to track in real time the physical movements of a specified individual through one or more public places.

(b) "Ongoing surveillance" does not include a single recognition or attempted recognition of an individual if no attempt is made to subsequently track that individual's movement over time after the individual has been recognized.

(12) "Persistent tracking" means the use of a facial recognition service by an agency to track the movements of an individual on a persistent basis without identification or verification of the individual. Tracking becomes persistent as soon as:

(a) The facial template that permits the tracking is maintained for more than forty-eight hours after first enrolling that template; or

(b) Data created by the facial recognition service is linked to any other data such that the individual who has been tracked is identified or identifiable.

(13) "Recognition" means the use of a facial recognition service by an agency to determine whether an unknown individual matches:

(a) Any individual who has been enrolled in a gallery used by the facial recognition service; or

(b) A specific individual who has been enrolled in a gallery used by the facial recognition service.

(14) "Reporting authority" means:

(a) For a local government agency, the city council, county commission, or other local government agency in which legislative powers are vested; and

(b) For a state agency, the office of information technology created in section 24-37.5-103.

(15) "Verification" means the use of a facial recognition service by an agency to determine whether an individual is a specific individual whose identity is known to the agency and who has been enrolled by reference to that identity in a gallery used by the facial recognition service.

Source: L. 2022: Entire part added, (SB 22-113), ch. 463, p. 3284, § 4, effective August 10.

24-18-302. Notice of intent to use facial recognition service - accountability reports - public review and comment - notice - exemption. (1) On and after August 10, 2022, an agency that uses or intends to develop, procure, or use a facial recognition service shall file with its reporting authority a notice of intent to develop, procure, use, or continue to use the facial recognition service and specify a purpose for which the technology is to be used.

(2) Except as described in subsection (8) of this section, after filing the notice of intent described in subsection (1) of this section, and prior to developing, procuring, using, or continuing to use a facial recognition service, an agency shall produce an accountability report for the facial recognition service. An accountability report must include:

(a) (I) The name, vendor, and version of the facial recognition service; and

(II) A description of its general capabilities and limitations, including reasonably foreseeable capabilities outside the scope of the agency's proposed use;

(b) (I) The type of data inputs that the facial recognition service uses;

- (II) How data is generated, collected, and processed; and
- (III) The type of data the facial recognition service is reasonably likely to generate;
- (c) A description of the purpose and proposed use of the facial recognition service, including:
 - (I) What decision will be used to make or support the facial recognition service; and
 - (II) The intended benefits of the proposed use, including any data or research demonstrating those benefits;
 - (d) A clear use and data management policy, including protocols for the following:
 - (I) How, when, and by whom the facial recognition service will be deployed or used; to whom data will be available; the factors that will be used to determine where, when, and how the technology is deployed; and other relevant information, such as whether the technology will be operated continuously or used only under specific circumstances;
 - (II) If the facial recognition service will be operated or used by an entity on the agency's behalf, a description of the entity's access and any applicable protocols;
 - (III) Any measures taken to minimize inadvertent collection of additional data beyond the amount necessary for the specific purpose for which the facial recognition service will be used;
 - (IV) Data integrity and retention policies applicable to the data collected using the facial recognition service, including how the agency will maintain and update records used in connection with the service, how long the agency will keep the data, and the processes by which data will be deleted;
 - (V) What processes will be required prior to each use of the facial recognition service;
 - (VI) Data security measures applicable to the facial recognition service, including:
 - (A) How data collected using the facial recognition service will be securely stored and accessed; and
 - (B) If an agency intends to share access to the facial recognition service or the data from that facial recognition service with any third party that is not a law enforcement agency, the rules and procedures by which the agency will ensure that the third party complies with the agency's use and data management policy;
 - (VII) The agency's training procedures, including those implemented in accordance with section 24-18-305, and how the agency will ensure that all personnel who operate the facial recognition service or access its data are knowledgeable about and able to ensure compliance with the use and data management policy before using the facial recognition service; and
 - (VIII) Any other policies that will govern use of the facial recognition service;
 - (e) The agency's testing procedures, including its processes for periodically undertaking operational tests of the facial recognition service in accordance with section 24-18-304;
 - (f) Information concerning the facial recognition service's rate of false matches, potential impacts on protected subpopulations, and how the agency will address error rates that are determined independently to be greater than one percent;
 - (g) A description of any potential impacts of the facial recognition service on civil rights and liberties, including potential impacts to privacy and potential disparate impacts on marginalized communities, including the specific steps the agency will take to mitigate the potential impacts; and

(h) The agency's procedures for receiving feedback, including the channels for receiving feedback, from individuals affected by the use of the facial recognition service and from the community at large, as well as the procedures for responding to feedback.

(3) Prior to finalizing an accountability report, an agency shall:

(a) Allow for a public review and comment period;

(b) Hold at least three public meetings to obtain feedback from communities; and

(c) Consider the issues raised by the public through the public meetings.

(4) At least ninety days before an agency puts a facial recognition service into operational use, the agency shall post the final adopted accountability report on the agency's public website and submit it to the agency's reporting authority. The reporting authority shall post the most recent version of each submitted accountability report on its public website.

(5) An agency shall update its final accountability report and submit the updated accountability report to the agency's reporting authority at least every two years.

(6) An agency seeking to procure a facial recognition service must require each vendor to disclose any complaints or reports of bias regarding the vendor's facial recognition service.

(7) An agency seeking to use a facial recognition service for a purpose not disclosed in the agency's existing accountability report must:

(a) Seek and consider public comments and community input concerning the proposed new use; and

(b) In response to such comments and input, adopt an updated accountability report as described in this section.

(8) The requirements of subsections (2), (3), (4), (5), and (7) of this section concerning accountability reports do not apply to an agency's procurement or use of a facial recognition service if:

(a) The facial recognition service is part of a generally available consumer product;

(b) The facial recognition service is included in the consumer product only for personal or household use; and

(c) The agency certifies publicly that the facial recognition service is not the reason for the agency's procurement or use of the consumer product and will not be used for governmental purposes.

24-18-304. Use of facial recognition service - testing required before use in certain contexts - testing capability required - exemption. (1) Except as described in subsection (4) of this section, before deploying a facial recognition service in a context in which it will be used

to make decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals, an agency must test the facial recognition service in operational conditions. An agency must take reasonable steps to ensure best quality results by following all guidance provided by the developer of the facial recognition service.

(2) (a) Except as described in subsection (4) of this section, an agency that deploys a facial recognition service shall require the facial recognition service provider to make available an application programming interface or other technical capability, chosen by the provider, to enable legitimate, independent, and reasonable tests of the facial recognition service for accuracy and to identify unfair performance differences across distinct subpopulations, including subpopulations that are defined by visually detectable characteristics such as:

(I) Race, skin tone, ethnicity, gender, age, or disability status; or

(II) Other protected characteristics that are objectively determinable or self-identified by the individuals portrayed in the testing dataset.

(b) If the results of independent testing identify material unfair performance differences across subpopulations, the provider must develop and implement a plan to mitigate the identified performance differences within ninety days after receipt of the results.

(c) Subsection (2)(a) of this section does not require a provider to disclose proprietary material or make available an application programming interface or other technical capability in a manner that would increase the risk of cyber attacks. Providers bear the burden of minimizing these risks when making an application programming interface or other technical capability available for testing purposes.

(3) Nothing in this section requires an agency to collect or provide data to a facial recognition service provider to satisfy the requirements in subsection (1) of this section.

(4) The requirements of subsections (1) and (2) of this section do not apply if the facial recognition service provider is a participant in the face recognition vendor test ongoing project of the national institute of standards and technology.

24-18-305. Use of facial recognition service - training of users required. (1) An agency using a facial recognition service must conduct periodic training of all individuals who operate a facial recognition service or who process personal data obtained from the use of a facial recognition service.

(2) The training required by subsection (1) of this section must include coverage of:

(a) The capabilities and limitations of the facial recognition service;

(b) Procedures to interpret and act on the output of the facial recognition service; and

(c) To the extent applicable to the deployment context, the meaningful human review requirement for decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals.

24-18-307. Use of facial recognition service by law enforcement agencies - surveillance and tracking - prohibited uses - warrants. (1) A law enforcement agency shall not use a facial recognition service to engage in ongoing surveillance, conduct real-time or near real-time identification, or start persistent tracking unless:

- (a) The law enforcement agency obtains a warrant authorizing such use;
- (b) Such use is necessary to develop leads in an investigation;
- (c) The law enforcement agency has established probable cause for such use; or
- (d) The law enforcement agency obtains a court order authorizing the use of the service for the sole purpose of locating or identifying a missing person or identifying a deceased person. A court may issue an ex parte order under this subsection (1)(d) if a law enforcement officer certifies and the court finds that the information likely to be obtained is relevant to locating or identifying a missing person or identifying a deceased person.

(2) A law enforcement agency shall not apply a facial recognition service to any individual based on the individual's religious, political, or social views or activities; participation in a particular noncriminal organization or lawful event; or actual or perceived race, ethnicity, citizenship, place of origin, immigration status, age, disability, gender, gender expression, gender identity, sexual orientation, or other characteristic protected by law.

(3) A law enforcement agency shall not use a facial recognition service to create a record depicting any individual's exercise of rights guaranteed by the first amendment of the United States constitution and by section 10 of article II of the state constitution.

(4) A law enforcement agency shall not use the results of a facial recognition service as the sole basis to establish probable cause in a criminal investigation. The results of a facial recognition service may be used in conjunction with other information and evidence lawfully obtained by a law enforcement officer to establish probable cause in a criminal investigation.

(5) A law enforcement agency shall not substantively manipulate an image for use in a facial recognition service in a manner not consistent with the facial recognition service provider's intended use and training.

24-18-308. Use of facial recognition service by agencies - disclosure to criminal defendant required - warrants. (1) An agency shall disclose its use of a facial recognition service on a criminal defendant to that defendant in a timely manner prior to trial.

(2) In January of each year, any judge who has issued or extended a warrant for the use of a facial recognition service as described in section 24-18-307 during the preceding year, or

who has denied approval of such a warrant during that year, shall report to the state court administrator:

- (a) The fact that a warrant or extension was applied for;
 - (b) The fact that the warrant or extension was granted as applied for, was modified, or was denied;
 - (c) The period of surveillance authorized by the warrant and the number and duration of any extensions of the warrant;
 - (d) The identity of the applying investigative or law enforcement officer and agency making the application and the person authorizing the application; and
 - (e) The nature of the public spaces where the surveillance was conducted.
- (3) In January of each year, any agency that has applied for a warrant or an extension of a warrant for the use of a facial recognition service to engage in any surveillance as described in section 24-18-307 shall provide to the agency's reporting authority a report summarizing nonidentifying demographic data of individuals named in warrant applications as subjects of surveillance with the use of a facial recognition service.

24-18-309. Use of facial recognition service - applicability and exemptions. (1) Notwithstanding any provision of this part 3 to the contrary, this part 3 does not apply to:

- (a) An agency that:
 - (I) Is required to use a specific facial recognition service pursuant to a federal regulation or order, or that uses a facial recognition service in partnership with a federal agency to fulfill a congressional mandate, fulfill aviation security directives, or comply with federal law;
 - (II) Uses a facial recognition service in association with a federal agency to verify the identity of individuals presenting themselves for travel at an airport; or
 - (III) Uses a facial recognition service in connection with a physical access control system in order to grant or deny access to a secure area;
- (b) The use of a facial recognition service solely for research purposes by a state agency so long as the use does not result in or affect any decisions that produce legal effects concerning individuals or similarly significant effects concerning individuals; or
- (c) A utility.

Social Media Civility

24-18.3-101. Bullying, harassment, and intimidation - state elected official - social media - legislative declaration - definitions. (1) (a) The general assembly finds and declares that the private social media administered by a state elected official or designee is a private account and does not create a public forum;

(b) A state elected official has no duty to create or maintain private social media and no state law, ordinance, or regulation compels creation or maintenance of private social media by a state elected official; and

(c) Therefore, the general assembly determines that it is appropriate to acknowledge in law that a state elected official or designee has discretion to restrict or remove a user of private social media that is administered by the state elected official or designee for any reason, including bullying, harassment or intimidation of other users of the private social media administered by the state elected official or designee.

(2) As used in this section, unless the context otherwise requires:

(a) "Bullying" means intending to coerce or cause any physical, mental, or emotional harm to any individual by written expression, an electronic act or gesture, or a pattern of behavior.

(b) "Harassment" means:

(I) Directly or indirectly initiating communication with an individual or directing language toward another individual, anonymously or otherwise, by data network, instant message, computer, computer network, computer system, or any other interactive electronic medium in a manner intended to alarm or cause substantial emotional distress or threaten bodily injury or property damage; or

(II) Making any obscene comment, suggestion, request, or proposal by computer, computer network, computer system, or any other electronic medium.

(c) "Intimidation" means directly or indirectly inflicting or threatening the infliction of any injury, damage, harm, or loss upon an individual.

(d) "Obscene" means a patently offensive description of sexual acts or solicitation to commit sexual acts.

(e) "Private social media" means social media that is not supported by the resources of the state government and is not required by state law, ordinance, or regulation to be created or maintained by a state elected official.

(f) "Social media" means any electronic medium, including an interactive computer service, telephone network, or data network that allows users to create, share, and view user-generated content including videos, still photographs, blogs, video blogs, podcasts, instant messages, electronic mail, or internet website profiles.

(g) "State elected official" means an individual serving in an elected position in the state government.

(3) A state elected official may permanently or temporarily restrict or bar an individual from using the private social media that is administered by a state elected official or their designee for any reason, including bullying, harassment, or intimidation, in the state elected official's sole discretion.

(4) This section is not intended to infringe upon any right guaranteed to any individual by the first amendment to the United States constitution or section 10 of article II of the Colorado constitution or to prevent the expression of any religious, political, or philosophical views.

Independent Ethics Commission

24-18.5-101. Independent ethics commission - establishment - membership - subpoena power - definitions. (1) As used in this article, unless the context otherwise requires:

(a) "Article XXIX" means article XXIX of the state constitution approved by the voters at the 2006 general election.

(b) "Commission" means the independent ethics commission created in section 5 (1) of article XXIX.

(2) (a) The independent ethics commission, originally established in the office of administrative courts in the department of personnel created in section 24-30-1001, is hereby transferred to and established in the judicial department as an independent agency, effective on June 10, 2010. The commission shall consist of five members. The appointing authorities for the commission members, the order of appointment of such members, and other requirements pertaining to commission membership shall be as specified in section 5 (2) of article XXIX. Subject to the requirements of paragraph (b) of this subsection (2), the member appointed by the senate pursuant to section 5 (2)(a)(I) of article XXIX shall be appointed by the president of the senate with the approval of two-thirds of the members elected to the senate. Subject to the requirements of paragraph (b) of this subsection (2), the member appointed by the house of representatives pursuant to section 5 (2)(a)(II) of article XXIX shall be appointed by the speaker of the house of representatives with the approval of two-thirds of the members elected to the house of representatives.

(b) In connection with the appointment of commission members, no more than two members appointed to the commission shall be affiliated with the same political party.

(c) The commission members shall be appointed to four-year terms; except that the first member appointed by the senate and the first member appointed by the governor shall initially serve two-year terms. Appointments to the commission by the senate and the house of representatives shall be made no later than May 1, 2007, and the initial terms of commission members shall commence July 1, 2007.

(3) Commission members shall serve without compensation; except that commission members shall be reimbursed for the actual and necessary expenses that they incur in carrying out their duties and responsibilities as commission members.

(4) In accordance with the provisions of section 5 of article XXIX, the powers and duties of the commission shall be as follows:

(a) To hear complaints, issue findings, and assess penalties on ethics issues arising under article XXIX and other standards of conduct and reporting requirements as provided by law; and

(b) (I) To issue advisory opinions and letter rulings on ethics issues arising under article XXIX and other standards of conduct and reporting requirements as provided by law.

(II) The commission shall prepare a response to a request for an advisory opinion from a public officer, member of the general assembly, local government official, or government employee as to whether particular action by such officer, member, official, or employee satisfies the requirements of article XXIX as soon as practicable after the request is made to the commission.

(III) Any person who is not a public officer, member of the general assembly, local government official, or government employee may submit a request to the commission for a letter ruling concerning whether potential conduct of the person making the request satisfies the requirements of article XXIX. In such case, the commission shall issue a response to the request as soon as practicable.

(IV) Each advisory opinion or letter ruling, as applicable, issued by the commission shall be a public document and shall be promptly posted on a website that shall be maintained by the commission; except that, in the case of a letter ruling, the commission shall redact the name of the person requesting the ruling or other identifying information before it is posted on the website.

(5) (a) Subject to the provisions of paragraph (c) of this subsection (5), the commission shall dismiss as frivolous any complaint filed under article XXIX that fails to allege that a public officer, member of the general assembly, local government official, or government employee has accepted or received any gift or other thing of value for private gain or personal financial gain.

(b) For purposes of this subsection (5):

(I) "Official act" shall have the same meaning as set forth in section 24-18-102 (7).

(II) "Private gain" or "personal financial gain" means any money, forbearance, forgiveness of indebtedness, gift, or other thing of value given or offered by a person seeking to influence an official act that is performed in the course and scope of the public duties of a public officer, member of the general assembly, local government official, or government employee.

(c) This subsection (5) is repealed if the Colorado supreme court holds, in response to one or more written questions submitted by the general assembly pursuant to section 3 of article VI of the state constitution, that the standard of accepting or receiving "any gift or other thing of value for private gain or personal financial gain" specified in paragraph (a) of this subsection (5) is unconstitutional in applying section 3 (1) or (2) of article XXIX.

(6) Pursuant to the provisions of section 5 (1) of article XXIX, the commission shall adopt reasonable rules as may be necessary for the purpose of administering and enforcing the provisions of article XXIX and any other standards of conduct and reporting requirements as provided by law. Any rules shall be promulgated in accordance with the requirements of article 4 of this title.

(7) Subject to available appropriations, the commission may employ such staff as it deems necessary to enable it to carry out its functions in accordance with the requirements of this article and article XXIX.

(8) No subpoena requiring the attendance of a witness or the production of documents shall be issued by the commission unless a motion to issue any such subpoena has been made by one member of the commission and approved by no fewer than four members of the commission.

(9) Any final action of the commission concerning a complaint shall be subject to judicial review by the district court for the city and county of Denver.

(10) Any state employee on the staff of the commission as of June 10, 2010, shall be transferred with the agency and shall become an employee of the agency.

Payment of Postemployment Compensation to Government-supported Employees

24-19-101. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) The payment of compensation to government-supported officials or employees after such officials or employees have ended their employment creates unnecessary costs, which ultimately are borne by the taxpayers of this state.

(b) In order to reduce government costs, it is necessary for the state to limit the payment of postemployment compensation to government-supported officials and employees.

(c) The continued payment of compensation to any official or employee after such official or employee has ended his or her service with a governmental unit or government-financed entity not only affects the finances of such governmental unit or government-financed entity, but also has a serious impact on the state as a whole because of the total effect of such compensation payment arrangements on the ability of state and local governments to provide services using the scarce resources that are available. Further, the general assembly finds and declares that the provision of large payments to government-supported officials and employees after their employment has ended has caused grave damage to the trust of the citizens of this state in their state and local government officials. Because of these concerns, the general assembly finds and declares that this is a matter of statewide concern.

24-19-102. Definitions. For the purposes of this article, unless the context otherwise requires:

(1) "Government-financed entity" means any organization, group, or other entity if:

(a) Such entity is composed of members which are governmental units or who are officials or employees of governmental units; and

(b) At least fifty percent of the annual operating budget for such entity is derived from dues, contributions, or other payments received from governmental units.

(2) "Government-supported official or employee" means any person who is employed or who was employed by a governmental unit or by a government-financed entity and who is or was a manager, an official, or an administrator for such governmental unit or government-financed entity.

(3) (a) "Governmental unit" means the state of Colorado, any department, division, section, unit, office, commission, board, institution, institution of higher education, or other agency of the executive, legislative, or judicial branch of the state government, or any local government, authority, public corporation, body politic, or other instrumentality of the state.

(b) "Governmental unit" does not include the university of Colorado hospital authority created pursuant to section 23-21-503, C.R.S., or the Denver health and hospital authority created in section 25-29-103, C.R.S.

(4) "Local government" means a county, municipality, city and county, or school district or a special district created pursuant to the "Special District Act", article 1 of title 32, C.R.S.

(5) (a) "Postemployment compensation" means compensation paid to a government-supported official or employee after termination of such government-supported official or employee's employment from a particular employment position with a governmental unit or a government-financed entity or after termination of the performance of actual services for such governmental unit or government-financed entity in such employment position if such compensation was not earned prior to such termination or, for an official or employee who becomes employed in a new position with the governmental unit or government-financed entity after such termination, if such compensation was not earned in the new position. "Postemployment compensation" shall include, but is not limited to, the provision of any unearned postemployment employee benefits. "Postemployment compensation" does not include the following:

(I) Any retirement benefits earned by a government-supported official or employee during the employment of such official or employee with a governmental unit or government-financed entity;

(II) Any payment made as a part of a bona fide early retirement program that is available to a class of five or more government-supported officials or employees;

(III) Any payments of deferred compensation that have been earned by a government-supported official or employee during the employment of such official or employee with a governmental unit or government-financed entity;

(IV) Any workers' compensation payment; or

(V) Any unemployment compensation payment.

(b) The term "postemployment compensation" includes any retirement benefits or any payments of deferred compensation to be paid into a retirement fund or deferred compensation plan after termination of performance of actual services for the particular employment position in the usual course of said employment. The prohibition of postemployment compensation is intended to eliminate any employment contract provision that binds the employer to make payments into a retirement fund or deferred compensation program after termination of performance of actual services in an employment position. Said prohibition is not intended to forbid the receipt of benefits or payments earned during actual performance of services if these benefits or payments are to be credited to or received by the employee after termination of actual performance of services for an employment position.

(c) Unless otherwise excluded by the provisions of this article, the term "postemployment compensation" includes any payment made to a government-supported official or employee after the term of employment of such official or employee in a particular employment position has ended pursuant to a settlement agreement between a governmental unit or government-financed entity and the official or employee; except that such payment is not postemployment compensation if such payment is made as part of a bona fide settlement of a legitimate legal dispute.

24-19-103. Prohibition against postemployment compensation - exception. (1)

Except as provided in subsection (2) of this section, notwithstanding any other provision of law to the contrary, no governmental unit or government-financed entity shall pay postemployment compensation to any government-supported official or employee.

(2) (a) At the option of the appointing authority for any government-supported official or employee, such official or employee may be provided postemployment compensation that consists of the payment of up to a maximum of three months of salary for such official or employee and the provision of up to a maximum of three months of employee benefits for such official or employee. No postemployment compensation shall be provided other than cash payments and the provision of employee benefits. Postemployment compensation may be approved and provided only if the government-supported official or employee who is to receive such compensation was employed by the governmental unit or government-financed entity for less than five years; except that postemployment compensation may be approved and provided for an official or employee of a state institution of higher education or of the Auraria higher education center, regardless of the length of employment.

(b) Postemployment compensation may be provided to any government-supported official or employee only if the appointing authority for the official or employee takes positive action to approve such compensation. The provisions of this subsection (2) shall not be construed to authorize any employment contract term requiring the provision of postemployment compensation in violation of the provisions of section 24-19-104. Postemployment compensation payments shall be solely the option of the appointing authority for a government-supported official or employee and no official or employee shall be entitled to or have any right to receive any postemployment compensation.

(3) Any employment contract, employment contract extension, or other agreement between a governmental unit or government-financed entity and a government-supported official or employee that is not substantially in compliance with this section is null and void. Any payment made to any person by a governmental unit or government-financed entity in violation of this section is illegal and the recipient of such payment shall return the payment to the governmental unit or government-financed entity.

24-19-104. Terms of employment contracts - public inspection. (1) Except as expressly permitted pursuant to subsection (1.5) of this section, if any governmental unit or government-financed entity enters into an employment contract or employment contract extension with a government-supported official or employee, such employment contract or employment contract extension shall contain terms that clearly state that:

(a) Such employment contract is subject to termination by either party to such contract at any time during the term of such contract and that such official or employee shall be deemed to be an employee-at-will;

(b) No compensation, whether as a buy-out of the remaining term of the contract, as liquidated damages, or as any other form of remuneration, shall be owed or paid to such government-supported official or employee upon or after the termination of such contract except for compensation that was earned prior to termination prorated to the date of termination; and

(c) If the contract is not substantially in compliance with the prohibition against payment of postemployment compensation, the contract is null and void.

(1.5) (a) Notwithstanding the provisions of subsection (1)(a) of this section, each system of higher education and each campus of each state institution of higher education may have in effect employment contracts or employment contract extensions having a duration not more than five years with not more than six government-supported officials or employees if:

(I) The governing board of the institution determines that the contract or extension is necessary for the hiring or retaining of the employee in light of prevailing market conditions and competitive employment practices in other states;

(II) The contract contains a clause that the institution remains free to terminate the contract or extension without penalty if sufficient funds are not appropriated.

(b) Nothing in this subsection (1.5) shall be construed to exempt any governmental unit or government-financed entity from the requirements of section 24-19-103.

(c) Notwithstanding the provisions of paragraph (a) of subsection (1) of this section or paragraph (a) of this subsection (1.5), each system of higher education and each campus of each state institution of higher education may have in effect an unlimited number of employment contracts or employment contract extensions having a duration of not more than five years with an unlimited number of government-supported officials or employees if the employment contracts or employment contract extensions are for research to be performed in university settings. A contract executed pursuant to this paragraph (c) shall include a provision that the contract shall become unenforceable if, during the term of the contract, the system of higher education or campus of a state institution of higher education that is a party to the contract:

(I) Ceases to be an enterprise, as defined in section 20 (2)(d) of article X of the state constitution; and

(II) Lacks present cash reserves sufficient to pledge irrevocably to satisfy the terms of the contract.

(d) Notwithstanding the provisions of subsection (1)(a) or (1.5)(a) of this section, each system of higher education and each campus of each state institution of higher education may, subject to the approval of the chief executive officer of the system or institution and any rules or limitations established by the chief executive officer, have in effect an unlimited number of term employment contracts or term employment contract extensions having a duration of five years or fewer with an unlimited number of government-supported officials or employees if the term employment contracts or term employment contract extensions are for half-time or longer, non-tenure-track classroom teaching appointments or librarian appointments. A person employed in a classroom teaching appointment pursuant to a term employment contract or term employment contract extension described in this subsection (1.5) may have duties in addition to classroom teaching, as described in the contract or contract extension. A term employment contract or term employment contract extension executed pursuant to this subsection (1.5) must include a provision stating the contract or contract extension is unenforceable if, during the term of the contract or contract extension, the system of higher education or campus of a state institution of higher education that is a party to the contract:

(I) Ceases to be an enterprise, as defined in section 20 (2)(d) of article X of the state constitution; and

(II) Lacks present cash reserves sufficient to pledge irrevocably to satisfy the terms of the contract.

(2) If any governmental unit or government-financed entity enters into an employment contract or employment contract extension with any government-supported official or employee on or after July 1, 1993, such governmental unit or government-financed entity shall make the terms of such contract available to the public for inspection and copying during regular business hours.

(3) The provisions of this section shall not be interpreted to authorize the termination of any government-supported official or employee for any reason that is contrary to applicable federal, state, or local law.

(4) (a) No governmental unit or government-financed entity shall enter into an employment contract with a government-supported official or employee or extend an existing employment contract with a government-supported official or employee if such employment contract or contract extension contains any provisions that are intended to evade the requirements of this article. Contractual provisions that are prohibited under the provisions of subsection (1) of this section include, but are not limited to, any provision that allows a government-supported official or employee to earn an unreasonably large portion of contractual compensation during the early stages of the term of employment of such government-supported official or employee.

(b) The provisions of paragraph (a) of this subsection (4) shall not be interpreted to prohibit the reimbursement of any actual relocation expenses of government-supported officials or employees or the payment of reasonable incentives for accepting employment to government-supported officials or employees.

24-19-105. Settlement agreements - public inspection - filing with the department of personnel. (1) (a) Notwithstanding any other law to the contrary, if any settlement agreement between a governmental unit or government-financed entity and a government-supported official or employee settles any employment dispute between such parties and involves the payment of any compensation to such official or employee after the term of employment of such official or employee in a particular employment position has ended, information regarding any amounts paid or benefits provided under such settlement agreement shall be a matter of public record. Any governmental unit or government-financed entity that is a party to such a settlement agreement shall make such information available for public inspection and copying during regular business hours.

(b) If a state governmental unit enters into a settlement agreement to settle any employment dispute with a government-supported official or employee, the state governmental unit shall file a copy of the final settlement agreement with the department of personnel, which shall be a public record pursuant to the provisions of part 2 of article 72 of this title.

(2) The provisions of subsection (1) of this section shall apply to:

(a) Any settlement agreement entered into on or after July 1, 1993; and

(b) Any settlement agreement entered into prior to July 1, 1993, if no other provision of law would prohibit public disclosure of the provisions of such settlement agreement.

24-19-108. Exceptions - definition. (1) The provisions of this article 19 shall not apply to the following:

(a) Any employee employed by the state government or any other governmental unit who is to hold his or her position of employment during efficient service or until reaching retirement age under an employment system denominated as civil service, classified service, or any similar employment system classification;

(b) Any tenured or tenure track faculty member whose primary job assignment is teaching, research, or both teaching and research and who is employed at a state institution of higher education or any specialty track faculty member whose primary job assignment is clinical care and who is employed at a state institution of higher education;

(c) Any employee employed by a unit of local government whose governing body is directly elected by the electors of such local government;

(d) Any certified employee who is separated from state service due to lack of work, lack of funds, or reorganization and who receives postemployment compensation or other benefits authorized by a layoff plan established by the state personnel director pursuant to section 24-50-124 (1)(d)(I); or

(e) Any employee employed at a state institution of higher education whose position is funded by revenues generated through auxiliary activities. For purposes of this subsection (1)(e), "auxiliary activities" means institutional activities managed and accounted for as self-supporting activities.

Alternative Forms of Payment to the State

24-19.5-101. Definitions. As used in this article, unless the context otherwise requires:

(1) "Alternative forms of payment" means forms of payment, including but not limited to credit, charge, or debit cards, other than cash or check.

(2) "Collector state governmental entity" means any state governmental entity that collects moneys payable to the state that the state governmental entity must remit to one or more other state or local governmental entities.

(3) "Moneys payable to the state" means moneys owed or paid to any state governmental entity other than bail bonds, judicial bonds, or other moneys that the state governmental entity must return to the payer upon the satisfaction of one or more specified conditions by the payer.

(4) "Provider of alternative forms of payment" means a person or entity, including but not limited to an issuer of credit, charge, or debit cards, that provides its customers with the ability to use one or more alternative forms of payment.

(5) "State governmental entity" means the state, any department, agency, or other entity of the state, any state-sponsored institution of higher education, or any authorized agent of any of the foregoing.

Source: **L. 99:** Entire article added, p. 426, § 1, effective August 4.

24-19.5-102. Acceptance of alternative forms of payment for the payment of moneys payable to the state - allocation of costs. (1) Any state governmental entity responsible for the

collection of moneys payable to the state may accept one or more alternative forms of payment for the payment of such moneys in accordance with the provisions of this article.

(2) A collector state governmental entity that chooses to accept one or more alternative forms of payment for the payment of moneys payable to the state that the collector state governmental entity must remit to one or more other governmental entities shall either:

(a) Remit to such other governmental entities the gross amount of any payments made by alternative forms of payment that the collector state governmental entity is required to remit to such other governmental entities notwithstanding the deduction of any moneys from such gross amount by any provider of alternative forms of payment pursuant to a master agreement or other agreement authorized by this article; or

(b) Enter into an intergovernmental agreement with each such other governmental entity regarding the allocation of the costs of accepting such alternative forms of payment.

24-19.5-103. Limitations on convenience fees for the use of alternative forms of payment.

(1) and (2) (Deleted by amendment, L. 2003, p. 1441, § 1, effective April 29, 2003.)

(3) A state governmental entity may impose a convenience fee on persons who use alternative forms of payment, but the amount of any convenience fee imposed on or after April 29, 2003, shall not exceed the actual additional cost incurred by the state governmental agency to process the transaction by alternative form of payment. Any convenience fee on a transaction involving an alternative form of payment shall be imposed in accordance with the master agreement negotiated by the state treasurer and the rules of the alternative payment provider.

24-19.5-104. Master agreements - authority of state treasurer. (1) The state treasurer may negotiate and enter into one or more contractual master agreements with providers of alternative forms of payment in accordance with law. To ensure that state governmental entities accept alternative forms of payment in the most consumer-oriented, uniform, and cost-effective manner possible, any state governmental entity that wishes to accept one or more alternative forms of payment shall do so by joining in any master agreements entered into by the state treasurer with respect to such alternative forms of payment. However, the existence of a master agreement covering a particular alternative form of payment shall not require any state governmental entity to accept such alternative form of payment.

(2) The state treasurer shall enter into no more than one master agreement covering any particular alternative form of payment. Any provider of alternative forms of payment that wishes to have one or more state governmental entities accept the alternative forms of payment that it provides shall be a party to any master agreements covering such alternative forms of payment and shall be subject to the same terms and conditions as all other providers of alternative forms of payment that are parties to such agreements. However, this subsection (2) shall not require the state treasurer to include any particular provider of alternative forms of payment as a party to any master agreement.

(3) Notwithstanding the provisions of subsection (1) of this section, the following state governmental entities may accept alternative forms of payment without joining a master agreement entered into by the state treasurer:

(a) Judicial or legislative state governmental entities that are not part of the executive branch of state government; and

(b) State governmental entities that, on or before August 4, 1999, were accepting one or more alternative forms of payment for the payment of moneys payable to the state and had one or more contracts with one or more providers of alternative forms of payment that enabled the state governmental entity to accept such alternative forms of payment.

(4) No later than sixty days following the end of any given fiscal year, the state treasurer shall report to the joint budget committee the total amount of:

(a) Gross payments payable to the state that were made to state governmental entities by alternative forms of payment pursuant to master agreements during such fiscal year; and

(b) Net revenues remitted to state governmental entities by providers of alternative forms of payment pursuant to master agreements during such fiscal year.

(5) The state treasurer may promulgate rules governing master agreements, including but not limited to rules governing the negotiation and administration of such agreements. The state treasurer shall promulgate such rules in accordance with article 4 of this title.

Recovery of Federal Reimbursement for Costs Associated with Illegal Immigration

Law reviews: For article, "2006 Immigration Legislation in Colorado", see 35 Colo. Law. 79 (Oct. 2006).

24-19.7-101. Legislative declaration. (1) The general assembly finds that:

(a) The costs incurred by Colorado in addressing illegal immigration have increased in the last three years and are placing a burden on the state's budgetary and human resources;

(b) The areas in which these costs have dramatically increased include, but are not limited to, identifying illegal immigrants, processing illegal immigrants through the criminal justice system, incarcerating illegal immigrants, and providing education, medical assistance, health care, and foster care for illegal immigrants;

(c) At the same time, federal funding to assist states in dealing with illegal immigration has decreased, yet the federal government is asking state governments to do even more with their own funds to enforce federal immigration laws and preserve homeland security, which are essentially federal responsibilities; and

(d) The federal government is in arrears on its obligation to reimburse states for costs incurred by the states in dealing with illegal immigration.

(2) The general assembly, therefore, determines that it is necessary for the state of Colorado to protect its interests and seek the recovery of reimbursement available under federal law for the costs incurred by this state in dealing with illegal immigration.

24-19.7-102. Illegal immigration - recovery of state's costs - attorney general to pursue remedies. (1) On and after July 31, 2006, the attorney general, on behalf of the state of Colorado, shall pursue all available remedies to recover any moneys owing from the federal government to the state for the reimbursement of costs incurred by the state in dealing with illegal immigration.

(2) On or before December 31, 2006, and on or before December 31, 2007, the attorney general shall file a written report with the governor, the president of the senate, the speaker of the house of representatives, and the chair of the joint budget committee that details the progress and status of the attorney general's pursuit of remedies.

Directive to the Attorney General to Demand Federal Enforcement of Existing Federal Immigration Laws

Editor's note: This article was enacted by House Bill 06S-1022. That bill contained a referendum clause and was approved by a vote of the registered electors of the state of Colorado on November 7, 2006. This article was effective upon proclamation of the governor, December 31, 2007. The vote count for the measure was as follows:

FOR: 830,628

AGAINST: 660,012

Law reviews: For article, "2006 Immigration Legislation in Colorado", see 35 Colo. Law. 79 (Oct. 2006).

24-19.8-101. Legislative declaration. The general assembly hereby finds and declares that the failure to enforce immigration laws at the federal level places an undue burden on state government resources and that there is a limitation on what can be done at the state level to enforce the federal laws and to implement laws at the state level. The general assembly further finds that the state of Colorado spends a disproportionate share of its limited tax revenue on public services and benefits such as health care, law enforcement, criminal defense and

incarceration, and education that are provided to illegal aliens as a result of the federal government's failure to enforce immigration laws. Therefore, the Colorado state attorney general shall initiate or join other states in a lawsuit against the United States attorney general to demand the enforcement of all existing federal immigration laws by the federal government.

Restrictions on Travel-related Expenditures by Public Entities

24-19.9-101. Definitions. As used in this article, unless the context otherwise requires:

(1) "Covered person" means a member of the board of directors or comparable governing body, officer, or employee of a public entity.

(2) "Institution of higher education" means a state university or college, community college, local district college, or area technical college described in title 23, C.R.S.

(3) "Public entity" means any instrumentality of the state that is not an agency of the state and that is not subject to administrative direction by any department, commission, bureau, or agency of the state and includes any service authority, law enforcement authority, special purpose authority, or institution of higher education. "Public entity" shall not include any county, municipality, school district, or any special district formed pursuant to title 32, C.R.S.

(4) "Special purpose authority" shall have the same meaning as set forth in section 24-77-102 (15).

(5) "Travel-related expenditures" means expenditures made by a public entity to cover expenses incurred by a covered person for lodging, meals, and incidental expenses in connection with travel undertaken by the covered person for business-related purposes.

Source: L. 2011: Entire article added, (HB 11-1211), ch. 214, p. 938, § 1, effective July 1. **L. 2016:** (2) amended, (HB 16-1082), ch. 58, p. 151, § 38, effective August 10.

24-19.9-102. Restrictions on travel-related expenditures - covered persons - mandatory reimbursement of excess - exemptions. (1) (a) In the absence of extenuating circumstances, no public entity may make travel-related expenditures on behalf of any covered person in an amount that would exceed, on a daily basis, two times the maximum allowable federal per diem rate that governs the location in which the person is traveling, rounded up to the nearest whole dollar, as determined by the United States general services administration, as of October 1 of the calendar year immediately preceding the fiscal year in which the per diem rate is to be used.

(b) Notwithstanding any other provision of this section, the public entity may make:

(I) Lodging expenditures that are above two times the federal per diem rate for travel-related expenditures in connection with an educational conference where an entity other than the public entity is hosting the conference and the person or entity organizing the conference selected the conference hotel or hotels; or

(II) Travel expenditures that are directly related to a program or a business purpose of a state institution of higher education or a state hospital authority.

(c) In the circumstances described in subparagraph (I) or (II) of paragraph (b) of this subsection (1), the public entity shall make available for review by its governing body or for public inspection, upon the provision of reasonable notice, itemization of any expenditures satisfying such exceptions to the requirements of this section.

(d) Notwithstanding any other provision of this article, "travel-related expenditures" shall not include the actual costs of travel undertaken by the covered person for business-related purposes including, without limitation, airline fares, taxicab fares, automobile rentals, or reimbursement for automobile mileage expenses.

(2) If the public entity makes travel-related expenditures on behalf of a covered person in excess of the amount authorized by subsection (1) of this section, the covered person shall reimburse the fund of the public entity from which such moneys were diverted for the entire sum in excess of such authorized amount.

(3) A public entity shall make no travel-related expenditures on behalf of the spouse or a member of the immediate family of a covered person. In the event a public entity makes travel-related expenditures on behalf of the spouse or a member of the immediate family of a covered person, the covered person shall reimburse the fund of the public entity from which such moneys were diverted for the entire sum spent by the entity on such expenditures.

24-19.9-103. Enforcement - complaint procedure - sanctions. (1) Any person who believes that a violation of section 24-19.9-102 has occurred may file a written complaint with the secretary of state within one hundred eighty days of the date of the alleged violation. The secretary of state shall refer the complaint to an administrative law judge within three days of the filing of the complaint. The administrative law judge shall hold a hearing within fifteen days of the referral of the complaint and shall render a decision within fifteen days of the hearing. The defendant shall be granted an extension of up to thirty days upon the defendant's motion or longer upon a showing of good cause. If the administrative law judge determines that such violation has occurred, such decision shall include any appropriate order, sanction, or relief, including:

(a) An order directing the covered person, or the spouse or a member of the immediate family of a covered person, as applicable, on whose behalf travel-related expenditures were made by the public entity in violation of section 24-19.9-102, to reimburse the fund of the public entity from which such moneys were diverted for some or all of the expenditures in accordance with the requirements of section 24-19.9-102;

(b) Injunctive relief; or

(c) A restraining order to enjoin the continuance of the violation.

(2) The decision of the administrative law judge shall be final and subject to review by the court of appeals, pursuant to section 24-4-106 (11). The secretary of state and the administrative law judge are not necessary parties to the review. The decision may be enforced by the secretary of state or, if the secretary of state does not file an enforcement action within thirty days of the decision, in a private cause of action by the person filing the complaint. Any

private action brought under this section shall be brought within one year of the date of the violation in state district court. The prevailing party in a private enforcement action shall be entitled to reasonable attorney fees and costs.

24-20-110. Transfer of employees to office of innovation and technology. On July 1, 1999, certain employees of the Colorado advanced technology institute prior to said date shall be transferred to and become employees of the office of technology and innovation created in the office of the governor. Any such employees who are classified employees in the state personnel system at the time of the transfer shall retain all rights to the personnel system and retirement benefits pursuant to the laws of this state, and their services shall be deemed to have been continuous. All transfers and any abolishment of positions in the state personnel system shall be made and processed in accordance with state personnel system laws and regulations. The transfer of employees pursuant to this section shall be made in accordance with the provisions of section 12 of House Bill 99-1359, enacted at the first regular session of the sixty-second general assembly.

24-20-111. Climate change position created - duties - report. (1) (a) There shall be a position created by the governor within the executive branch, which position must include the term "climate change" in its title, to assess climate change issues in the state.

(b) The organizational location of the position created under paragraph (a) of this subsection (1) of this section shall be at the discretion of the governor and may utilize existing

resources as appropriate. In order to reduce the costs associated with creating the climate change position, nothing in this section precludes the person named to the position established under paragraph (a) of this subsection (1) of this section from holding other titles or performing other functions within any department or office of the executive branch.

(2) The duties of the position created pursuant to subsection (1) of this section include, at a minimum:

(a) Development and periodic update of a climate action plan or similar document that sets forth a strategy, including specific policy recommendations, that the state could use to address climate change and reduce its greenhouse gas emissions; and

(b) Collaboration with other entities regarding climate change preparedness studies.

(3) (a) The governor or his or her designee shall submit an annual report to the house agriculture, livestock, and natural resources committee, the house transportation and energy committee, and the senate agriculture, natural resources, and energy committee, or any successor committees, on climate change issues generally, the current climate action plan developed under this section, and the specific ways in which climate change affects the state. The report may address, as appropriate, the correlations between climate change and wildfires, bark beetle infestation, snowpack, water storage, drought, and statewide emissions of greenhouse gases. The report shall include information regarding efforts to reduce emissions of gases and to reform practices known to exacerbate climate change effects. The report shall also include additional prospective proposals to prepare the state for the effects of climate change and proposals to further reduce the factors that contribute to climate change within Colorado.

(b) The development of a climate action plan in accordance with this section must take into account previous action plans developed by the state and goals and directives contained in executive orders issued by the governor.

(c) The report required by this subsection (3) is exempt from the automatic expiration described in section 24-1-136 (11).

24-20-112. Implementation of section 16 of article XVIII of the Colorado constitution - criteria for pesticide use - education oversight and materials - rules. (1) The governor shall designate a state agency to promulgate rules to designate criteria that identify pesticides that may be used in the cultivation of marijuana as authorized pursuant to article 10 of title 44. The designated agency may consult with other state agencies in promulgating the rules. The agency shall publish a list of pesticides that meet the criteria on its website.

(2) The governor shall designate a state agency to work with a private advisory group to develop good cultivation and handling practices for the marijuana industry. The designated agency is encouraged to assist in the formation of a private advisory group. If a private advisory group develops good cultivation and handling practices, an entity licensed pursuant to article 10 of title 44 that follows those practices may include a statement of compliance on its label after

receiving certification of compliance. The designated agency may consult with other state agencies to receive technical assistance.

(3) The governor shall designate a state agency to work with a private advisory group to develop good laboratory practices for the retail marijuana industry. The designated agency is strongly encouraged to assist in the formation of a private advisory group. The designated agency may consult with other state agencies to receive technical assistance.

(4) The governor shall designate a state agency that must establish an educational oversight committee composed of members with relevant experience in marijuana issues. The committee shall develop and implement recommendations for education of all necessary stakeholders on issues related to marijuana use, cultivation, and any other relevant issues. The committee shall encourage professions to include marijuana education, if appropriate, as a part of continuing education programs.

(5) The governor shall designate a state agency that shall establish educational materials regarding appropriate retail marijuana use and prevention of marijuana use by those under twenty-one years of age. In establishing educational materials, to the greatest extent possible, the state agency shall utilize established best practices and existing federal and state resources.

24-20-113. Governor to provide technical assistance in federal land issues. (1) (a) The governor, in cooperation with the executive director of the department of natural resources, the commissioner of agriculture, and the executive director of the department of local affairs, shall make available to interested local governments technical support to aid local governments in:

- (I) Entering into cooperating agency relationships with federal agencies;
 - (II) Sharing information and expertise with federal land managers;
 - (III) Developing local land use plans within the meaning of part 1 of article 28 of title 30 and article 23 of title 31, C.R.S.;
 - (IV) Hiring consultants to perform analyses of local government interests;
 - (V) Entering into memoranda of understanding with federal land management agencies;
- or

(VI) Implementing similar methods to improve coordination, cooperation, and collaboration in federal land management decision-making.

(b) The governor may establish an advisory committee to provide technical assistance as described in paragraph (a) of this subsection (1) for one or more federal land management decision-making processes if the governor determines that the advisory committee would provide effective and efficient technical support for collaborative engagement.

(2) The governor, in cooperation with the executive director of the department of natural resources, the commissioner of agriculture, and the executive director of the department of local affairs, shall notify local governments of the availability of technical assistance as described in subsection (1) of this section.

24-20-501. Governor's commission on community service - creation - definition. The governor's commission on community service, referred to in this part 5 as the "commission", is created in the office of the lieutenant governor.

Source: L. 2018: Entire part added, (HB 18-1324), ch. 188, p. 1264, § 2, effective August 8.

24-20-502. Membership and organization - definition. (1) The commission consists of at least fifteen, but not more than twenty, voting members as follows:

(a) The commissioner of education or the commissioner's designee; and
(b) At least fourteen, but not more than nineteen, members appointed by the governor as follows:

(I) A representative of a community-based agency or organization in the state;
(II) A representative of local government;
(III) A representative of local labor organizations;
(IV) An individual between the ages of sixteen and twenty-five, inclusive, who is a participant or supervisor of a service program for school-age youth or of a campus-based or national service program;

(V) A representative of a national service program;
(VI) A representative of business;
(VII) An individual with expertise in the educational, training, and development needs of youth, particularly disadvantaged youth;

(VIII) An individual with experience in promoting the involvement of adults age fifty-five and older in service and volunteerism; and

(IX) At least six, but not more than ten, individuals who have knowledge in the fields of community service, volunteerism, literacy, mentoring, or other subject areas as necessary for the needs of the commission's programs.

(c) A representative of the corporation for national and community service, referred to in this part 5 as the "corporation", shall be an ex officio nonvoting member of the commission. The governor may appoint additional ex officio nonvoting members in accordance with 42 U.S.C. sec. 12582.

(3) Not more than a minimum majority of the voting members of the commission may be affiliated with the same political party.

(4) (a) In making appointments, the governor shall ensure, to the maximum extent possible, that the membership of the commission is diverse.

(b) Members appointed by the governor serve terms of three years; except that the terms shall be staggered so that no more than a minimum majority of the appointed members' terms expire in the same year.

(c) The governor may reappoint a member for one additional consecutive term. In the event of a vacancy in an appointed position, the governor shall appoint a member to fill the position for the remainder of the term.

(5) The voting members of the commission shall annually elect one of the voting members to serve as chair for a term of one year.

(6) Members serve without compensation; except that members are entitled to reimbursement for actual and necessary travel expenses incurred in the performance of their duties.

(7) On or before January 1 of each year, the commission shall submit a report to the governor summarizing the activities of the commission during the preceding year.

Source: **L. 2018:** Entire part added, (HB 18-1324), ch. 188, p. 1264, § 2, effective August 8. **L. 2022:** (3), (4)(b), and (7) amended, (SB 22-013), ch. 2, p. 46, § 56, effective February 25.

24-20-503. Powers and duties. (1) The commission shall meet at least six times per year and may meet more frequently at the discretion of the commission.

(2) Commission members shall abide by all federal and state regulations relating to the establishment of the commission. The commission may adopt bylaws and policies as necessary to fulfill the purposes of this part 5.

(3) In accordance with 42 U.S.C. sec. 12638, the primary duties, responsibilities, and functions of the commission include:

(a) Recommending to the governor a three-year comprehensive national and community service plan for the state that is developed through an open and public process, is updated annually, and ensures outreach to diverse community-based agencies that serve underrepresented populations;

(b) Administering a competitive process in compliance with federal regulations to select service programs to be included in the applications to the corporation;

(c) Assisting in the development of service grant programs;

(d) Preparing for the governor an application to the corporation to receive funding and educational awards for programs selected pursuant to 42 U.S.C. sec. 12582;

(e) Administering, overseeing, and monitoring the performance and progress of funded programs, including working with the governor and the corporation to implement comprehensive, nonduplicative evaluation and monitoring systems;

(f) Providing technical assistance to local nonprofit organizations and other entities in planning programs, applying for funds, and implementing high-quality programs;

(g) Developing mechanisms for recruitment and placement of people interested in participating in service programs;

(h) Assisting the department of education in preparing the application to the corporation for programs described in 42 U.S.C. sec. 12525;

(i) Assisting in the provision of health care and childcare benefits under 42 U.S.C. sec. 12594 to participants in service programs that receive assistance under 42 U.S.C. sec. 12571;

(j) Coordinating commission activities with other state agencies that administer federal financial assistance programs under the federal "Community Service Block Grant Act", 42 U.S.C. sec. 9901, et seq.;

(k) Coordinating the commission's efforts with the priorities and initiatives of the governor's office through continued discussion and consideration of the governor's recommendations;

(l) Preparing the application of the state under 42 U.S.C. sec. 12582 for the approval of service positions that include the national service education award;

(m) Making recommendations to the corporation with respect to priorities for programs receiving assistance under the federal "Domestic Volunteer Service Act of 1973", 42 U.S.C. sec. 4950, et seq.;

(n) Developing projects, training methods, curriculum materials, and other materials and activities related to national service programs that receive assistance directly from the corporation or from the state using assistance provided under 42 U.S.C. sec. 12571 for use by programs that request such projects, methods, materials, and activities; and

(o) Conducting such other state programs as are consistent with or authorized by the corporation.

(4) To accomplish the purposes of this part 5, the commission may:

(a) Delegate nonpolicy-making duties to a state agency or public or private nonprofit organizations, subject to such requirements as the corporation may prescribe, or as necessary to implement a federal program or requirement; and

(b) Seek, accept, and expend gifts, grants, or donations from private or public sources.

(5) At the request of the commission, the office of the lieutenant governor shall provide office space, equipment, and staff services as necessary to implement this part 5.

ARTICLE 21

Secretary of State - Department of State

PART 1

GENERAL PROVISIONS

24-21-101. Office at seat of government - duties - bond. (1) The secretary of state shall keep office at the seat of government and perform all the duties which may be required of the secretary of state by law. The secretary of state shall have charge of and keep all the acts and resolutions of the territorial legislature and of the general assembly of the state, the enrolled copy of the constitution of the state, and all bonds, books, records, maps, registers, and papers of a public character which may be deposited, to be kept in the office. The secretary of state shall give a bond to the state of Colorado in the sum of ten thousand dollars, conditioned for the faithful discharge of the duties of the office, said bond to be approved by the governor and attorney general and to be deposited in the office of the state treasurer.

(2) The secretary of state shall have such other powers, duties, and functions as are prescribed for heads of principal departments in the "Administrative Organization Act of 1968", article 1 of this title.

24-21-104. Fees of secretary of state. (1) (a) (I) The secretary of state shall charge fees, which shall be determined and collected pursuant to subsection (3) of this section, for:

- (A) Filing each body corporate and politic document;
- (B) Filing each facsimile signature;
- (C) Each notary public's commission;
- (D) Each foreign commission;
- (E) Each official certificate;
- (F) Administering each oath;
- (G) Each filing made in accordance with sections 6-13-201 and 6-13-202;
- (H) Any transcripts or copies of papers and records, computer tapes, microfilm, or microfiche; and

(I) Any other papers officially executed and other official work that is done in the secretary of state's office.

(II) The secretary of state shall not deliver any commission, file for record any certificate, or do any other official work until the applicable fee for the work has first been paid.

(III) At the time of service of any subpoena upon the secretary of state or any of his or her deputies or employees, a fee of fifty dollars and a fee of ten dollars for meals and mileage at the rate prescribed for state officers and employees in section 24-9-104 for each mile actually and necessarily traveled in going to and returning from the place named in the subpoena shall be

paid to the department of state cash fund. If the person named in the subpoena is required to attend the place named in the subpoena for more than one day, the sum of forty-four dollars for each day of attendance shall be paid, in advance, to the department of state cash fund to cover the expenses of the person named in the subpoena.

(b) Notwithstanding the amount specified for any fee in paragraph (a) of this subsection (1), the secretary of state by rule or as otherwise provided by law may reduce the amount of one or more of the fees if necessary pursuant to section 24-75-402 (3), to reduce the uncommitted reserves of the fund to which all or any portion of one or more of the fees is credited. After the uncommitted reserves of the fund are sufficiently reduced, the secretary of state by rule or as otherwise provided by law may increase the amount of one or more of the fees as provided in section 24-75-402 (4).

(2) Except as otherwise provided by statute, the secretary of state is authorized to maintain an accounts receivable system for the collection of fees charged for papers officially executed and all other official work which may be done in his office.

(3) (a) This subsection (3) shall apply, where referenced by statute, to all fees charged by the secretary of state.

(b) The department of state shall adjust its fees so that the revenue generated from the fees approximates its direct and indirect costs, including the cost of maintenance and improvements necessary for the distribution of electronic records; except that the department may reduce its fees to generate revenue in an amount less than costs if necessary pursuant to section 24-75-402 (3). Such costs shall not include the costs paid by the amounts appropriated by the general assembly from the general fund to the department of state for elections pursuant to section 24-21-104.5. Such fees shall remain in effect for the fiscal year following the adjustment. All fees collected by the department shall be transmitted to the state treasurer, who shall credit the same to the department of state cash fund, which fund is hereby created. All money credited to the department of state cash fund shall be used as provided in this section and shall not be deposited in or transferred to the general fund of this state or any other fund. The money credited or transferred to the department of state cash fund is available for appropriation by the general assembly to the department of state in the general appropriation bill or pursuant to section 24-9-105 (2).

(c) Beginning July 1, 1984, and each July 1 thereafter, whenever moneys appropriated to the department of state during the prior fiscal year are unexpended, said moneys shall be made a part of the appropriation to the department of state for the next fiscal year, and such amount shall not be raised from fees collected by the department of state. If a supplemental appropriation is made to the department of state for its activities, the fees of the department of state shall be adjusted by an additional amount that is sufficient to compensate for such supplemental appropriation. Funds appropriated to the department of state in the general appropriation bill from the department of state cash fund shall be designated as cash funds and shall not exceed the amount anticipated to be raised from fees collected by the department of state.

(d) (I) Notwithstanding any provision of paragraph (b) of this subsection (3) to the contrary, for the fiscal year beginning July 1, 1984, the general assembly, acting by bill, may direct the state treasurer to deduct from the department of state cash fund any unappropriated moneys in said fund and to credit such moneys to the general fund.

(II) Repealed.

(III) Notwithstanding any provision of paragraph (b) of this subsection (3) to the contrary, on July 1, 1997, the state treasurer shall deduct one million dollars from the department of state cash fund and transfer such sum to the state rail bank fund created in section 43-1-1309, C.R.S.

(IV) and (V) Repealed.

(VI) Notwithstanding any provision of paragraph (b) of this subsection (3) to the contrary, on July 1, 1998, the state treasurer shall deduct three million dollars from the department of state cash fund and transfer such sum to the state public school fund created in section 22-54-114, C.R.S.

(VII) Notwithstanding any provision of paragraph (b) of this subsection (3) to the contrary, in addition to any transfers authorized in H.B. 98-1234, on July 1, 1998, the state treasurer shall deduct one million dollars from the department of state cash fund and transfer such sum to the state public school fund created in section 22-54-114, C.R.S.

(VIII) Notwithstanding any provision of paragraph (b) of this subsection (3) to the contrary, on July 1, 1998, the state treasurer shall deduct one million seven hundred thousand dollars from the department of state cash fund and transfer such sum to the children's basic health plan trust fund created in section 25.5-8-105, C.R.S.

(IX) Repealed.

(X) Notwithstanding any provision of paragraph (b) of this subsection (3) to the contrary, on March 27, 2002, the state treasurer shall deduct one million two hundred thousand dollars from the department of state cash fund and transfer such sum to the general fund.

(XI) Notwithstanding any provision of paragraph (b) of this subsection (3) to the contrary, on March 5, 2003, the state treasurer shall deduct two million two hundred thousand dollars from the department of state cash fund and transfer such sum to the general fund.

(XII) Notwithstanding any provision of paragraph (b) of this subsection (3) to the contrary, on March 5, 2003, the state treasurer shall deduct five hundred thousand dollars from the department of state cash fund and transfer such sum to the general fund.

(XII.5) to (XV) Repealed.

(e) (Deleted by amendment, L. 97, p. 1484, § 1, effective July 1, 1997.)

(f) Repealed.

(g) All moneys collected by the office of the secretary of state pursuant to section 4-9-525, C.R.S., shall be transferred to the state treasurer and credited to the department of state cash fund pursuant to this subsection (3).

(h) (Deleted by amendment, L. 98, p. 1331, § 42, effective June 1, 1998.)

(i) and (j) Repealed.

(k) On July 1, 2022, the state treasurer shall transfer eight million four hundred thirty-five thousand dollars from the general fund to the department of state cash fund for use by the department for the fiscal year commencing on July 1, 2022, to establish a credit program to reduce certain business fees calculated under subsection (3)(b) of this section. The credit program set forth in this subsection (3)(k) to reduce certain business fees shall end on or before June 30, 2023, unless otherwise extended by the general assembly.

(4) For fiscal years beginning on or after July 1, 2015, and for purposes of section 24-75-402, the alternative maximum reserve for the department of state cash fund is equal to sixteen and five-tenths percent of the total amount the department of state expended from the fund during the fiscal year, plus an amount equal to the amount of unexpended money from an

appropriation to the department of state from the fund for the fiscal year to reimburse county clerk and recorders in accordance with section 24-21-104.5 for election costs.

24-21-104.5. General fund appropriation - cash fund appropriation - elections - legislative intent. (1) The general assembly is authorized to appropriate money from the department of state cash fund to the department of state to cover the costs of the local county clerk and recorders relating to the conduct of presidential primary elections, general elections, and November odd-year elections. If the amount of money in the department of state cash fund is insufficient to cover such costs, the general assembly may appropriate additional general fund money to cover such costs after exhausting all money in the department of state cash fund. The intent of the general assembly is to authorize the appropriation of department of state cash fund money and general fund money to the department of state to offset some of the costs of local county clerk and recorders associated with the additional election duties and requirements resulting from the preparation and conduct of presidential primary elections and from the passage of section 20 of article X of the state constitution and from the increased number of initiatives that are being filed.

(2) For a presidential primary election, as defined in section 1-4-1202 (2), the general assembly shall appropriate money from the general fund to cover the costs of the election incurred by the state arising from the preparation and conduct of a presidential primary election in accordance with part 12 of article 4 of title 1. In addition, by means of an appropriation from the general fund, the state shall also reimburse the counties for all of the actual direct costs they incur arising from the preparation and conduct of such election in accordance with part 12 of article 4 of title 1. By rule promulgated in accordance with article 4 of this title 24, the secretary of state shall determine the type of actual direct costs for which the counties are entitled to reimbursement pursuant to section 1-4-1203 (5) and this subsection (2).

(3) The general assembly shall annually appropriate money from the general fund to the department of state as necessary to pay for the costs of implementing the provisions of House Bill 21-1071, enacted in 2021.

24-21-110. Applications for licenses - authority to suspend licenses - rules. (1) Every application by an individual for a license issued by the department of state or any authorized agent of such department shall require the applicant's name, address, and social security number.

(2) The department of state or any authorized agent of the department shall deny, suspend, or revoke any license pursuant to the provisions of section 26-13-126, C.R.S., and any rules promulgated in furtherance thereof, if the department or agent thereof receives a notice to deny, suspend, or revoke from the state child support enforcement agency because the licensee or applicant is out of compliance with a court or administrative order for current child support, child support debt, retroactive child support, child support arrearages, or child support when combined with maintenance or because the licensee or applicant has failed to comply with a properly issued subpoena or warrant relating to a paternity or child support proceeding. Any

such denial, suspension, or revocation shall be in accordance with the procedures specified by rule of the department of state, rules promulgated by the state board of human services, and any memorandum of understanding entered into between the department of state or an authorized agent thereof and the state child support enforcement agency for the implementation of this section and section 26-13-126, C.R.S.

(3) (a) The department of state shall enter into a memorandum of understanding with the state child support enforcement agency, which memorandum shall identify the relative responsibilities of the department of state and the state child support enforcement agency in the department of human services with respect to the implementation of this section and section 26-13-126, C.R.S.

(b) The appropriate rule-making body of the department of state is authorized to promulgate rules to implement the provisions of this section.

(4) For purposes of this section, "license" means any recognition, authority, or permission that the department of state or any authorized agent of such department is authorized by law to issue for an individual to practice a profession or occupation or for an individual to participate in any recreational activity. "License" may include, but is not necessarily limited to, any license, certificate, certification, letter of authorization, or registration issued for an individual to practice a profession or occupation or for an individual to participate in any recreational activity.

24-21-111. Electronic filing - authority - electronic access - passwords - rules. (1) (a) Notwithstanding any provision of law to the contrary, the secretary of state may require any filing to be made by electronic means as determined by the secretary of state.

(b) In order to ensure the security of the secretary of state's online business filing system, the secretary shall implement, under such conditions as the secretary may determine, a password-protected system for and take appropriate actions to address fraudulent activities against altering data in any filings, updates, or other filing requirements under title 7, C.R.S., while still allowing for access to and retrieval of publicly available records, including a certificate of good standing, without a password.

(2) Where a document is stored by the secretary of state or the department of state and available to the public by electronic means, the secretary of state, to the extent it is reasonable and feasible, may designate electronic access as the sole means of access to the document.

(3) The secretary of state may use a phase-in period or any other method to mitigate hardship caused by mandatory electronic services that are required pursuant to subsections (1) and (2) of this section. The secretary of state may provide exceptions from such mandatory electronic services where hardship or other good cause is shown. If the secretary of state requires any filing to be made by electronic means or designates electronic access as the sole means of access to a document, the secretary of state shall assure that such filing may be made or such

access attained by means that do not require use by the public of customized or specially designed electronic hardware or software.

(4) As used in this section, unless the context otherwise requires:

(a) "Document" means a document, record, or other information.

(b) "Filing" means a document required or permitted by law to be filed with the department of state or the secretary of state or a document required or permitted by law to be delivered to the department or the secretary of state and filed by the department or the secretary of state.

24-21-111.5. Electronic filing system - improvements - integration with other systems. (1) At the earliest practicable date, the secretary of state shall develop and implement enhancements to the online business filing information systems. The enhancements must include at least the following:

(a) Enhancements to user accounts that:

(I) Allow for the association of multiple business records in one account;

(II) Allow a user to file multiple documents at one time;

(III) Create a system that allows a user to pay for multiple filings at one time; and

(IV) Create, at the secretary's discretion, the ability for a user to store payment information, view the user's balance, view the user's transaction history, and add money to the user's account;

(b) Enhancements for registered agents and to record management systems that allow a registered agent to quickly identify the business entities and charitable organizations for which the registered agent is listed and to determine when reports are due;

(c) Enhancements for external certifications that allow users to obtain certified documents, certificates of fact, and any other similar authentications that the secretary deems necessary;

(d) Enhancements that allow for the online filing of documents that would guide the user through the filing process;

(e) Enhancements that allow for the integration of any documents filed pursuant to title 7, C.R.S., with any documents filed pursuant to article 16 of title 6, C.R.S., as well as any changes the secretary deems necessary to implement such integration, including changes involving the filing of registration statements, amendments, and renewals, and changes to the search function; and

(f) Enhancements that allow users greater search functionality, provide more useful and specific search results, and allow for greater usability.

24-21-112. Electronic verification program - notice - definitions. (1) As used in this section:

(a) "Electronic verification program" or "e-verify program" means the electronic employment verification program that is authorized in 8 U.S.C. sec. 1324a and jointly administered by the United States department of homeland security and the social security administration, or its successor program.

(b) "Employer" means a person transacting business in Colorado who, at any time, employs another person to perform services of any nature and who has control of the payment of wages for such services or is the officer, agent, or employee of the person having control of the payment of wages.

(2) The secretary of state, in consultation with the department of labor and employment, shall post on the secretary of state's website information pertaining to the prohibition against hiring or continuing to employ an unauthorized alien, as defined in 8 U.S.C. sec. 1324a (h)(3), and the availability of and the requirements for participation in the electronic verification program as a means for employers to verify the work eligibility status of new employees. The website posting required by this subsection (2) shall appear in the same format as required by section 8-2-124 (2)(a), C.R.S., and shall appear in a conspicuous location on the secretary of state's website. The secretary of state's website shall also provide a link to the e-verify website available through the internet portal for the United States citizenship and immigration services, or its successor agency.

24-21-113. Secretary of state business software licensing - business computer systems maintenance and enhancement cash fund. (1) The secretary of state may charge fees for the licensing or sale of business and licensing software developed by the department of state.

(2) The secretary of state shall transmit all fees collected pursuant to subsection (1) of this section to the state treasurer, who shall credit them to the business computer systems maintenance and enhancement cash fund, which fund is hereby created. The secretary of state shall use the moneys credited to the fund only for the maintenance or enhancement of the department of state's business computer systems. Moneys transferred to the fund shall not be deposited in or transferred to the general fund of this state or any other fund. The moneys credited to the fund are available for appropriation by the general assembly to the department of state in the general appropriation bill.

24-21-116. Business intelligence center program - creation - public data - contests - legislative declaration - definitions - repeal. (1) (a) The general assembly hereby finds and declares that:

(I) Public data is a valuable resource that can assist businesses with strategic planning and decision-making;

(II) State agencies collect volumes of public business and economic data, but this data is often held in legacy systems or difficult-to-use formats and made available on disparate websites;

(III) The data would be more easily accessible if it was made available on a single, publicly available platform, such as the Colorado information marketplace;

(IV) The data is more valuable if it is machine-readable and formatted in a manner that allows for reference across data sets;

(V) The private sector can be an important partner in creating tools that analyze the data for greater insight;

(VI) The department of state, which has expertise with a digital business registry and other public data, has received appropriations in the annual general appropriations act and successfully operated a business intelligence center as a pilot project; and

(VII) The continuation of the business intelligence center program will provide businesses with greater access to public data, which will foster a better business environment in the state.

(b) Now, therefore, it is the intent of the general assembly to create a business intelligence center program in state law to streamline access to public data and provide resources to make the data more useful.

(2) As used in this section:

(a) "Advisory board" means the business intelligence center advisory board created in paragraph (a) of subsection (4) of this section.

(b) "Department" means the department of state.

(c) "Program" means the business intelligence center program created in subsection (3) of this section.

(d) "Public data" means data collected by a state agency or local government that is not required by law to be confidential.

(e) "State agency" means any department, commission, council, board, bureau, committee, institution of higher education, agency, or other governmental unit of the executive branch of state government.

(3) The business intelligence center program is created within the department of state. The purpose of the program is to streamline access to public data and to provide resources to make the data more useful. In operating the program, the department may:

(a) Assist state agencies in formatting and publishing data to a publicly available platform in a machine-readable format;

(b) Provide resources to facilitate the more effective use of public data;

(c) Solicit feedback from the business community to identify the types of public data and research tools that would be helpful;

(d) Conduct public contests to develop application software or other tools to help businesses effectively use public data, which contests may include cash awards and other incentives; and

(e) Assist local governments in publishing public data.

(4) (a) The business intelligence center advisory board is created in the department to assist the department in the operation of the program.

(b) The advisory board consists of:

(I) The secretary of state or his or her designee;

(II) A representative from the governor's office;

(III) A representative from the Colorado office of economic development created in section 24-48.5-101;

(IV) A representative from the office of information technology created in section 24-37.5-103;

(V) A representative from the statewide internet portal authority created in section 24-37.7-102; and

(VI) Up to six additional representatives whom the secretary of state appoints from state or local government, the private sector, or the nonprofit community. The secretary of state or his or her designee may also invite additional representatives to attend board meetings and participate as non-voting members.

(c) The secretary of state or his or her designee shall chair the board. The board shall meet at the chairperson's discretion. Members of the advisory board serve without compensation and without reimbursement for expenses.

(d) This subsection (4) is repealed, effective September 1, 2026. Prior to such repeal, the department of regulatory agencies shall review the advisory board as provided in section 2-3-1203, C.R.S.

(5) The department may contract with public or private entities to operate any part of the program.

(6) A public contest conducted by the department in accordance with subsection (3)(d) of this section is not subject to the "Procurement Code", articles 101 to 112 of this title 24.

(7) A state agency is not required to provide any public data to the department under the program. A state agency's participation in the program is voluntary. If a state agency accepts the department's assistance, the state agency controls the scope, timeline, and format of the publication of the public data.

(8) The secretary of state may seek, accept, and expend gifts, grants, or donations from private or public sources for direct and indirect program costs. Any state money received in accordance with this subsection (8) is deposited into the department of state cash fund created in section 24-21-104 (3) and continuously appropriated to the department for direct and indirect program costs.

24-21-117. Encryption and data integrity techniques - research and development. In conjunction with the efforts of the office of information technology regarding cyber coding cryptology for state records pursuant to section 24-37.5-407, the department of state, in conjunction with upgrades to the department of state's business suite, shall consider research, development, and implementation for appropriate encryption and data integrity techniques, including distributed ledger technologies such as blockchains. After accepting business licensing records, the department of state shall consider ensuring the integrity of those transactions by secure methods, including distributed ledger technologies, to protect against falsification, create visibility to identify external hacking threats, and to improve internal data security. When distributing department of state data to other departments and agencies, the department of state shall consider using distributed ledger technologies, including blockchains, as a means of protecting data across jurisdictions.

ADDRESS CONFIDENTIALITY FOR VICTIMS OF DOMESTIC VIOLENCE, A SEXUAL OFFENSE, OR STALKING

24-21-201 to 24-21-214. (Repealed)

Source: L. 2011: Entire part repealed, (HB 11-1080), ch. 256, p. 1108, § 1, effective June 2.

Editor's note: This part 2 was added in 2007. For amendments to this part 2 prior to its repeal in 2011, consult the 2010 Colorado Revised Statutes and the Colorado statutory research explanatory note beginning on page vii in the front of this volume. This part 2 was relocated to

part 21 of article 30 of this title. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated in said part 21.

PART 3

REDACTION OF TAX IDENTIFICATION NUMBERS

Editor's note: Section 3 of chapter 336, Session Laws of Colorado 2009, provides that the act adding this part 3 applies to any secured transaction record in the possession of the secretary of state before, on, or after June 1, 2009.

24-21-301. Definitions. As used in this part 3, unless the context otherwise requires:

(1) "Redact" means to obscure information contained in a copy of a secured transaction record.

(2) "Secured transaction record" means a record that has been filed in the office of the secretary of state pursuant to part 5 of article 9 or article 9.5 or 9.7 of title 4, C.R.S.

(3) "Tax identification number" means a grouping of numerical digits in a secured transaction record that the secretary of state deems likely to be the social security number or individual taxpayer identification number of an individual identified in such secured transaction record.

Source: L. 2009: Entire part added, (SB 09-283), ch. 336, p. 1778, § 1, effective June 1.

24-21-302. Redaction of tax identification number from secured transaction records - liability - rules. (1) The secretary of state may redact any tax identification number contained in a secured transaction record and, for this purpose, may use commercially available or other redaction software or other methods determined by the secretary of state to be cost effective.

(2) Subject to the provisions of section 4-9-522, C.R.S., the secretary of state shall retain the unredacted original of a secured transaction record that contains a tax identification number. Notwithstanding any provision of part 2 of article 72 of this title or any other provision of law, the secretary of state shall not be required to open any such unredacted original to public inspection; except that a complete copy of the unredacted original of such secured transaction record shall be furnished upon application to the secretary of state for a certified copy of that specific secured transaction record.

(3) (a) Any person who believes that the secretary of state has redacted information in a copy of a specific secured transaction record other than the social security number or individual taxpayer identification number of an individual identified in such secured transaction record may apply to the secretary of state for the restoration of such redacted information.

(b) If, upon application pursuant to paragraph (a) of this subsection (3), the secretary of state determines that such redacted information is not the social security number or individual taxpayer identification number of an individual identified in such secured transaction record, the secretary of state shall restore such redacted information so that the information is perceivable, accessible, and open to public inspection.

(c) Nothing in this section shall preclude the restoration of redacted information that the secretary of state determines should not have been redacted.

(4) The secretary of state shall not be liable for redacting or failing to redact a tax identification number pursuant to this section.

(5) The secretary of state may promulgate rules in accordance with article 4 of this title to administer the provisions of this section, including any rules necessary to establish procedures for requesting the redaction of a tax identification number or the restoration of redacted information that is not the social security number or individual taxpayer identification number of an individual identified in such secured transaction record.

PART 4

ELECTRONIC RECORDING TECHNOLOGY BOARD

24-21-401. Definitions. As used in this part 4, unless the context otherwise requires:

(1) "Board" means the electronic recording technology board created in section 24-21-402 (1).

(2) "Electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

(3) "Electronic filing system" means the document management system used by a clerk and recorder to comply with the statutory requirements set forth in part 4 of article 10 of title 30, C.R.S., for:

(a) Electronic documents received for recording or filing in the clerk and recorder's office; and

(b) Paper documents received for recording or filing in the clerk and recorder's office that are converted from paper, microfilm, or microfiche into an electronic format.

(4) "Fund" means the electronic recording technology fund created in section 24-21-404 (1).

Source: L. 2016: Entire part added, (SB 16-115), ch. 356, p. 1478, § 3, effective June 10.

24-21-402. Electronic recording technology board - creation - enterprise status. (1)

(a) The electronic recording technology board is created in the department of state. The board is a **type 1** entity, as defined in section 24-1-105. The board consists of the secretary of state, or the secretary of state's designee, and eight other members appointed as follows:

(I) One member from the real estate section of the Colorado bar association appointed by the governor;

(II) One member from the title industry appointed by the governor;

(III) One member from the mortgage lending industry appointed by the secretary of state;

(IV) Three members who are clerk and recorders from a first or second class county as designated in section 30-1-101, C.R.S., with one appointed by the speaker of the house of representatives and the other two appointed by the secretary of state; and

(V) Two members who are clerk and recorders from a third, fourth, or fifth class county as designated in section 30-1-101, C.R.S., with one appointed by the president of the senate and the other appointed by the secretary of state.

(b) All of the board members other than the secretary of state, or the secretary's designee, serve two-year terms; except that the terms shall be staggered so that no more than five members' terms expire in the same year.

(c) Board members serve without compensation; except that board members are entitled to reimbursement from the fund for actual and necessary expenses incurred in the performance of their duties. A vacancy on the board is filled in the same manner as the original appointment was made. A person appointed to fill a vacancy serves for the remainder of the unexpired term.

(2) The board constitutes an enterprise for purposes of section 20 of article X of the state constitution so long as it retains the authority to issue revenue bonds under section 24-21-405 and receives less than ten percent of its total revenues in grants from all Colorado state and local governments combined. The business purpose of the board is to develop and modernize electronic filing systems throughout the state. So long as it constitutes an enterprise under this section, the board is not subject to any provisions of section 20 of article X of the state constitution.

24-21-403. Core goals - powers and duties - rules. (1) The general assembly hereby declares that the core goals in developing and modernizing electronic filing systems are to:

(a) Assure the security, accuracy, and preservation of public records required to be maintained by a clerk and recorder;

(b) Maintain the privacy of personal identifying information, online public access to which is not necessary to the proper functioning of land title records or other public records required to be maintained by a clerk and recorder;

(c) Assure that the sequence in which documents are received by a clerk and recorder for recording or filing is accurately reflected, to the greatest extent practicable, in the records of the clerk and recorder, regardless of whether documents are received electronically or by other means;

(d) Provide for online public access to public records maintained by a clerk and recorder; and

(e) Assure that electronic filing systems used in different counties are similar so as to facilitate the submission and searching of electronic records.

(2) In order to accomplish its business purpose, the board may impose an electronic filing surcharge of up to two dollars that is uniformly collected on all documents received by a county clerk and recorder for recording or filing on or after January 1, 2017, through April 30, 2026.

- (3) The board shall:
 - (a) Develop a strategic plan that incorporates the core goals;
 - (b) Determine functionality standards for an electronic filing system that support the core goals;
 - (c) Issue a request for proposal for electronic filing system equipment and software that the counties may choose to acquire;
 - (d) Develop best practices for an electronic filing system;
 - (e) Provide training to clerk and recorders related to electronic filing systems;
 - (f) Award grants in accordance with section 24-21-404; and
 - (g) Prepare reports in accordance with section 24-21-406.
- (4) The board may:
 - (a) Issue bonds in accordance with section 24-21-405; and
 - (b) Promulgate any rules necessary to administer the provisions of this part 4.

24-21-404. Electronic recording technology fund - electronic filing - grants. (1) (a) The electronic recording technology fund is created in the state treasury and consists of money credited thereto in accordance with section 30-10-421 (3)(a), C.R.S. The money in the fund is continuously appropriated to the board to award grants under subsection (2) of this section and for any other purpose authorized by this part 4, including any direct and indirect administrative expenses.

(b) The money in the fund shall not be deposited in or transferred to the general fund or any other fund. All interest and income derived from the investment and deposit of money in the fund are credited to the fund. Any unexpended and unencumbered money in the fund at the end of a fiscal year shall remain in the fund and not be credited or transferred to the general fund or another fund.

(2) (a) The board shall use money in the fund to award grants to counties to:

- (I) Establish, maintain, improve, or replace their electronic filing systems; and
- (II) Improve the security of a county's general information technology systems, if the improvement is necessary to improve the security of the county's electronic filing system.

(b) (I) The board shall award grants, whenever possible, in a manner that is designed to achieve the core goals specified in section 24-21-403 (1) over a reasonable period. In making grants to maintain existing electronic filing systems, the board shall give priority to rural counties and to counties that do not have sufficient revenue from the surcharge proceeds retained in accordance with section 30-10-421 (3)(b) to maintain their electronic filing systems. The board shall develop a grant application process and award grants based on a scoring system that incorporates the core goals.

(II) The board may approve a grant application to establish, maintain, improve, or replace an electronic filing system notwithstanding that a portion of the grant will be used to enable the system to receive, store, manage, and provide online access to public documents that are maintained by the county clerk and recorder but that are not related to real property.

(3) A county that receives a grant from the board shall cooperate with the board in its preparation of the report required by section 24-21-406 (1).

24-21-406. Reporting - annual - five-year report. (1) Notwithstanding section 24-1-136 (11), on or before September 1, 2017, and each September 1 thereafter until September 1, 2025, the board shall prepare a report that, for each grant made during the prior fiscal year, describes the:

- (a) County that received the grant;
- (b) Grant amount;
- (c) Purpose of the grant; and
- (d) Grant outcomes.

(2) The board shall follow-up with a county that receives a grant as necessary for the department of state to complete the report. The department shall publish a copy of the report on the department's website.

(3) On or before January 1, 2021, and before January 1, 2026, the board shall report to the general assembly about the overall success of the grant program established by this part 4.

PART 5

REVISED UNIFORM LAW ON NOTARIAL ACTS

Editor's note: The effective date of this part 5 in Senate Bill 17-132 was changed from August 9, 2017, to July 1, 2018, by Senate Bill 17-294. (See L. 2017, p. 1418.)

Law reviews: For article, "Colorado's New Uniform Electronic Wills Act", see 51 Colo. Law. 46 (Feb. 2022).

24-21-501. Short title. The short title of this part 5 is the "Revised Uniform Law on Notarial Acts".

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 787, § 2, effective July 1, 2018.

24-21-502. Definitions. In this part 5:

(1) "Acknowledgment" means a declaration by an individual before a notarial officer that the individual has signed a record for the purpose stated in the record and, if the record is signed in a representative capacity, that the individual signed the record with proper authority and signed it as the act of the individual or entity identified in the record.

(1.3) "Audio-video communication" means communication by which an individual is able to see, hear, and communicate with a remotely located individual in real time using electronic means.

(1.7) "Credential" means a tangible record evidencing the identity of an individual.

(2) "Electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

(3) "Electronic record" means a record containing information that is created, generated, sent, communicated, received, or stored by electronic means.

(4) "Electronic signature" means an electronic symbol, sound, or process attached to or logically associated with an electronic record and executed or adopted by an individual with the intent to sign the electronic record.

(5) "In a representative capacity" means acting as:

(a) An authorized officer, agent, partner, trustee, or other representative for a person other than an individual;

(b) A public officer, personal representative, guardian, or other representative, in the capacity stated in a record;

(c) An agent or attorney-in-fact for a principal; or

(d) An authorized representative of another in any other capacity.

(5.5) "Interpreter" means an individual who provides interpreter services when a notarial officer and an individual executing a record do not communicate in the same language.

(6) "Notarial act" means an act, whether performed with respect to a tangible or electronic record, that a notarial officer may perform under the law of this state. The term includes taking an acknowledgment, administering an oath or affirmation, taking a deposition or other sworn testimony, taking a verification on oath or affirmation, witnessing or attesting a signature, certifying a copy, and noting a protest of a negotiable instrument.

(7) "Notarial officer" means a notary public or other individual authorized to perform a notarial act.

(8) "Notary public" means an individual commissioned to perform a notarial act by the secretary of state.

(9) "Official stamp" means a physical image affixed to a tangible record or an electronic image attached to or logically associated with an electronic record.

(10) "Person" means an individual, corporation, business trust, statutory trust, estate, trust, partnership, limited liability company, association, joint venture, public corporation, government or governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.

(10.5) "Real-time" or "in real time" means, with respect to an interaction between individuals by means of audio-video communication, that the individuals can see and hear each

other substantially simultaneously and without interruption or disconnection. Delays of a few seconds that are inherent in the method of communication do not prevent the interaction from being considered to have occurred in real time.

(11) "Record" means information that is inscribed on a tangible medium or that is stored in an electronic or other medium and is retrievable in perceivable form.

(11.3) "Remotely located individual" means an individual who is not in the physical presence of the notary public who performs a notarial act under this section.

(11.5) "Remote notarization" means an electronic notarial act performed with respect only to an electronic record by means of real-time audio-video communication in accordance with section 24-21-514.5 and rules adopted by the secretary of state.

(11.7) "Remote notarization system" means an electronic device or process that:

(a) Allows a notary public and a remotely located individual to communicate with each other simultaneously by sight and sound; and

(b) When necessary and consistent with other applicable law, facilitates communication with a remotely located individual who has a vision, hearing, or speech impairment.

(12) "Sign" means, with present intent to authenticate or adopt a record:

(a) To execute or adopt a tangible symbol; or

(b) To attach to or logically associate with the record an electronic symbol, sound, or process.

(13) "Signature" means a tangible symbol or an electronic signature that evidences the signing of a record.

(14) "Stamping device" means:

(a) A physical device capable of affixing to a tangible record an official stamp; or

(b) An electronic device or process capable of attaching to or logically associating with an electronic record an official stamp.

(15) "State" means a state of the United States, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States.

(15.5) "Tamper-evident" means the use of a set of applications, programs, hardware, software, or other technologies that will display evidence of any changes made to an electronic record.

(16) "Verification on oath or affirmation" means a declaration, made by an individual on oath or affirmation before a notarial officer, that a statement in a record is true.

24-21-503. Applicability. This part 5 applies to a notarial act performed on or after July 1, 2018.

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 789, § 2, effective July 1, 2018.

24-21-504. Authority to perform notarial act. (1) A notarial officer may perform a notarial act authorized by this part 5 or by law of this state other than this part 5.

(2) A notarial officer shall not perform a notarial act with respect to a record in which the officer has a disqualifying interest. For the purposes of this section, a notarial officer has a disqualifying interest in a record if:

(a) The officer or the officer's spouse, partner in a civil union, ancestor, descendent, or sibling is a party to or is named in the record that is to be notarized; or

(b) The officer or the officer's spouse or partner in a civil union may receive directly, and as a proximate result of the notarization, any advantage, right, title, interest, cash, or property exceeding in value the sum of any fee properly received in accordance with this part 5.

(3) A notarial act performed in violation of this section is voidable.

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 789, § 2, effective July 1, 2018.

24-21-505. Requirements for certain notarial acts. (1) A notarial officer who takes an acknowledgment of a record shall determine, from personal knowledge or satisfactory evidence of the identity of the individual, that the individual appearing before the officer and making the acknowledgment has the identity claimed and that the signature on the record is the signature of the individual.

(2) A notarial officer who takes a verification of a statement on oath or affirmation shall determine, from personal knowledge or satisfactory evidence of the identity of the individual, that the individual appearing before the officer and making the verification has the identity claimed and that the signature on the statement verified is the signature of the individual.

(3) A notarial officer who witnesses or attests to a signature shall determine, from personal knowledge or satisfactory evidence of the identity of the individual, that the individual appearing before the officer and signing the record has the identity claimed.

(4) (a) A notarial officer who certifies a copy of a record or an item that was copied shall determine that the copy is a full, true, and accurate transcription or reproduction of the record or item.

(b) A notarial officer shall not certify a copy of a record that can be obtained from any of the following offices in this state:

(I) A clerk and recorder of public documents;

(II) The secretary of state;

(III) The state archives; or

(IV) An office of vital records.

(c) A notarial officer shall not certify a copy of a record if the record states on its face that it is illegal to copy the record.

(5) (a) A notarial officer who makes or notes a protest of a negotiable instrument shall determine the matters set forth in section 4-3-505 (b) of the "Uniform Commercial Code".

(b) A notary public shall not make or note a protest of a negotiable instrument unless the notary is an employee of a financial institution acting in the course and scope of the notary's employment with the financial institution.

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 789, § 2, effective July 1, 2018.

24-21-506. Personal appearance required - definition. (1) If a notarial act relates to a statement made in or a signature executed on a record, the individual making the statement or executing the signature shall appear personally before the notarial officer.

(2) As used in this section, "appear personally" means:

(a) Being in the same physical location as another individual and close enough to see, hear, communicate with, and exchange tangible identification credentials with that individual; or

(b) Interacting with a remotely located individual by means of real-time audio-video communication in compliance with section 24-21-514.5 and rules adopted by the secretary of state.

24-21-507. Identification of individual. (1) A notarial officer has personal knowledge of the identity of an individual appearing before the officer if the individual is personally known to the officer through dealings sufficient to provide reasonable certainty that the individual has the identity claimed.

(2) A notarial officer has satisfactory evidence of the identity of an individual appearing before the officer if the officer can identify the individual:

(a) By means of:

(I) A passport, driver's license, or government-issued nondriver identification card that is current or expired not more than one year before performance of the notarial act; or

(II) Another form of government identification issued to the individual that is current or expired not more than one year before performance of the notarial act, contains the signature or a photograph of the individual, and is satisfactory to the officer; or

(b) By a verification on oath or affirmation of a credible witness personally appearing before the officer and known to the officer or whom the officer can identify on the basis of a passport, driver's license, or government-issued nondriver identification card that is current or expired not more than one year before performance of the notarial act.

(3) A notarial officer may require an individual to provide additional information or identification credentials necessary to assure the officer of the identity of the individual.

24-21-508. Authority to refuse to perform notarial act. (1) A notarial officer may refuse to perform a notarial act if the officer is not satisfied that:

(a) The individual executing the record is competent or has the capacity to execute the record; or

(b) The individual's signature is knowingly and voluntarily made.

(2) A notarial officer may refuse to perform a notarial act unless refusal is prohibited by law other than this part 5.

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 791, § 2, effective July 1, 2018.

24-21-509. Signature if individual unable to sign. (1) If an individual is physically unable to sign a record, the individual may, in the presence of the notarial officer, direct an individual other than the notarial officer to sign the individual's name on the record. The notarial officer shall insert "Signature affixed by (name of other individual) at the direction of (name of individual)" or words of similar import under or near the signature.

(2) A notary public may use signals or electronic or mechanical means to take an acknowledgment from, administer an oath or affirmation to, or otherwise communicate with any individual in the presence of the notary public when it appears that the individual is unable to communicate verbally or in writing.

24-21-510. Notarial act in this state. (1) A notarial act may be performed in this state by:

(a) A notary public of this state;

(b) A judge, clerk, or deputy clerk of a court of this state; or

(c) Any other individual authorized to perform the specific act by the law of this state.

(2) The signature and title of an individual performing a notarial act in this state are prima facie evidence that the signature is genuine and that the individual holds the designated title.

(3) The signature and title of a notarial officer described in subsection (1)(a) or (1)(b) of this section conclusively establish the authority of the officer to perform the notarial act.

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 792, § 2, effective July 1, 2018.

24-21-511. Notarial act in another state. (1) A notarial act performed in another state has the same effect under the law of this state as if performed by a notarial officer of this state if the act performed in that state is performed by:

(a) A notary public of that state;

(b) A judge, clerk, or deputy clerk of a court of that state; or

(c) Any other individual authorized by the law of that state to perform the notarial act.

(2) The signature and title of an individual performing a notarial act in another state are prima facie evidence that the signature is genuine and that the individual holds the designated title.

(3) The signature and title of a notarial officer described in subsection (1)(a) or (1)(b) of this section conclusively establish the authority of the officer to perform the notarial act.

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 792, § 2, effective July 1, 2018.

24-21-512. Notarial act under authority of federally recognized Indian tribe. (1) A notarial act performed under the authority and in the jurisdiction of a federally recognized Indian tribe has the same effect as if performed by a notarial officer of this state if the act performed in the jurisdiction of the tribe is performed by:

- (a) A notary public of the tribe;
- (b) A judge, clerk, or deputy clerk of a court of the tribe; or
- (c) Any other individual authorized by the law of the tribe to perform the notarial act.

(2) The signature and title of an individual performing a notarial act under the authority of and in the jurisdiction of a federally recognized Indian tribe are prima facie evidence that the signature is genuine and that the individual holds the designated title.

(3) The signature and title of a notarial officer described in subsection (1)(a) or (1)(b) of this section conclusively establish the authority of the officer to perform the notarial act.

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 792, § 2, effective July 1, 2018.

24-21-513. Notarial act under federal authority. (1) A notarial act performed under federal law has the same effect under the law of this state as if performed by a notarial officer of this state if the act performed under federal law is performed by:

- (a) A judge, clerk, or deputy clerk of a court;
- (b) An individual in military service or performing duties under the authority of military service who is authorized to perform notarial acts under federal law;
- (c) An individual designated a notarizing officer by the United States department of state for performing notarial acts overseas; or

(d) Any other individual authorized by federal law to perform the notarial act.

(2) The signature and title of an individual acting under federal authority and performing a notarial act are prima facie evidence that the signature is genuine and that the individual holds the designated title.

(3) The signature and title of an officer described in subsection (1)(a), (1)(b), or (1)(c) of this section conclusively establish the authority of the officer to perform the notarial act.

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 793, § 2, effective July 1, 2018.

24-21-514. Foreign notarial act. (1) In this section, "foreign state" means a government other than the United States, a state, or a federally recognized Indian tribe.

(2) If a notarial act is performed under authority and in the jurisdiction of a foreign state or constituent unit of the foreign state or is performed under the authority of a multinational or international governmental organization, the act has the same effect under the law of this state as if performed by a notarial officer of this state.

(3) If the title of office and indication of authority to perform notarial acts in a foreign state appears in a digest of foreign law or in a list customarily used as a source for that information, the authority of an officer with that title to perform notarial acts is conclusively established.

(4) The signature and official stamp of an individual holding an office described in subsection (3) of this section are prima facie evidence that the signature is genuine and the individual holds the designated title.

(5) An apostille in the form prescribed by the Hague Convention of October 5, 1961, and issued by a foreign state party to the convention conclusively establishes that the signature of the notarial officer is genuine and that the officer holds the indicated office.

(6) A consular authentication issued by an individual designated by the United States department of state as a notarizing officer for performing notarial acts overseas and attached to the record with respect to which the notarial act is performed conclusively establishes that the signature of the notarial officer is genuine and that the officer holds the indicated office.

24-21-514.5. Audio-video communication - definitions. (1) As used in this section:

(a) "Credential analysis" means a process or service that complies with any rules adopted by the secretary of state through which a third party affirms the validity of a government-issued identification credential through the review of public or proprietary data sources.

(b) "Dynamic, knowledge-based authentication assessment" means an identity assessment that is based on a set of questions formulated from public or private data sources for which the remotely located individual taking the assessment has not previously provided an answer and that meets any rules adopted by the secretary of state.

(c) "Outside the United States" means a location outside the geographic boundaries of the United States, Puerto Rico, the United States Virgin Islands, and any territory or insular possession subject to the jurisdiction of the United States.

(d) "Public key certificate" means an electronic credential that is used to identify a remotely located individual who signed an electronic record with the credential.

(e) "Remote presentation" means transmission to the notary public through communication technology of an image of a government-issued identification credential that is of sufficient quality to enable the notary public to:

(I) Identify the remotely located individual seeking the notary public's services; and

(II) Perform credential analysis.

(2) (a) Except as provided in subsection (2)(b) of this section, a notary public may perform a remote notarization only with respect to an electronic record and in compliance with this section and any rules adopted by the secretary of state for a remotely located individual who is located:

(I) In this state;

- (II) Outside of this state but within the United States; or
- (III) Outside the United States if:
 - (A) The notary public has no actual knowledge that the notarial act is prohibited in the jurisdiction in which the remotely located individual is physically located at the time of the act; and
 - (B) The remotely located individual confirms to the notary public that the requested notarial act and the record relate to: A matter that will be filed with or is currently before a court, governmental entity, or other entity in the United States; property located in the United States; or a transaction substantially connected to the United States.
 - (b) A notary public shall not use a remote notarization system to notarize:
 - (I) A record relating to the electoral process; or
 - (II) Except as provided in the "Colorado Uniform Electronic Wills Act", part 13 of article 11 of title 15, a will, codicil, document purporting to be a will or codicil, or any acknowledgment required under section 15-11-502 or 15-11-504.
 - (3) Before a notary public performs the notary public's initial notarization using a remote notarization system, the notary public shall notify the secretary of state that the notary public will be performing remote notarizations and shall identify each remote notarization system that the notary public intends to use. The remote notarization system must conform to this part 5 and any rules adopted by the secretary of state. The notice must be submitted in the format required by the secretary of state and must:
 - (a) Include an affirmation that the notary public has read and will comply with this section and all rules adopted by the secretary of state; and
 - (b) Be accompanied by proof that the notary public has successfully completed any training and examination required by the secretary of state.
 - (4) A notary public who performs a notarial act for a remotely located individual by means of audio-video communication must:
 - (a) Be located within this state at the time the notarial act is performed;
 - (b) Execute the notarial act in a single, real-time session;
 - (c) Confirm that any record that is signed, acknowledged, or otherwise presented for notarization by the remotely located individual is the same record signed by the notary public;
 - (d) Confirm that the quality of the audio-video communication is sufficient to make the determinations required for the notarial act under this part 5 and any other law of this state; and
 - (e) Identify the venue for the notarial act as the jurisdiction within the state of Colorado where the notary public is physically located while performing the act.
 - (5) A remote notarization system used to perform remote notarizations must:
 - (a) Require the notary public, the remotely located individual, and any required witness to access the system through an authentication procedure that complies with rules adopted by the secretary of state regarding security and access;
 - (b) Enable the notary public to verify the identity of the remotely located individual and any required witness by means of personal knowledge or satisfactory evidence of identity in compliance with subsection (6) of this section; and
 - (c) Confirm that the notary public, the remotely located individual, and any required witness are viewing the same record and that all signatures, changes, and attachments to the record are made in real time.

(6) (a) A notary public shall determine from personal knowledge or satisfactory evidence of identity as described in subsection (6)(b) of this section that the remotely located individual appearing before the notary public by means of audio-video communication is the individual that he or she purports to be.

(b) A notary public has satisfactory evidence of identity if the notary public can identify the remotely located individual who personally appears before the notary public by means of audio-video communication by using at least one of the following methods:

(I) The oath or affirmation of a credible witness who personally knows the remotely located individual, is personally known to the notary public, and is in the physical presence of the notary public or the remotely located individual during the remote notarization;

(II) Remote presentation and credential analysis of a government-issued identification credential, and the data contained on the credential, that contains the signature and a photograph of the remotely located individual, and at least one of the following:

(A) A dynamic, knowledge-based authentication assessment by a trusted third party that complies with rules adopted by the secretary of state;

(B) A valid public key certificate that complies with rules adopted by the secretary of state; or

(C) An identity verification by a trusted third party that complies with rules adopted by the secretary of state; or

(III) Any other method that complies with rules adopted by the secretary of state.

(7) Without limiting the authority of a notary public under section 24-21-508 to refuse to perform a notarial act, a notary public may refuse to perform a notarial act under this section if the notary public is not satisfied that the requirements of this section are met.

(8) The certificate of notarial act for a remote notarization must, in addition to complying with the requirements of section 24-21-515, indicate that the notarial act was performed using audio-video communication technology.

(9) (a) A notary public shall create an audio-video recording of a remote notarization if:

(I) The notary public first discloses to the remotely located individual the fact of the recording and the details of its intended storage, including where and for how long it will be stored;

(II) The remotely located individual explicitly consents to both the recording and the storage of the recording; and

(III) The recording is stored and secured in compliance with rules adopted by the secretary of state.

(b) The audio-video recording required by this subsection (9) must be in addition to the journal entry for the notarial act where required by section 24-21-519. The recording must include the information described in this subsection (9)(b). A notary public shall make a good-faith effort to not include any other information on the recording. Any other information included on the recording is not admissible in any court of law, legal proceeding, or administrative hearing for any purpose, nor is the information admissible in any proceeding in any other court of law, legal proceeding, or administrative hearing if Colorado law applies with respect to remote notarization. The recording must include:

(I) At the commencement of the recording, a recitation by the notary public of information sufficient to identify the notarial act, including the name of the notary public, the date and time of the notarial act, a description of the nature of the document or documents to

which the notarial act is to relate, the identity of the remotely located individual whose signature is to be the subject of the notarial act and of any person who will act as a credible witness to identify the individual signer, and the method or methods by which the remotely located individual and any credible witness will be identified to the notary public;

(II) A declaration by the remotely located individual that the individual's signature on the record is knowingly and voluntarily made;

(III) If the remotely located individual for whom the notarial act is being performed is identified by personal knowledge, an explanation by the notary public as to how the notary public knows the remotely located individual and how long the notary public has known the remotely located individual;

(IV) If the remotely located individual for whom the notarial act is being performed is identified by a credible witness:

(A) A statement by the notary public as to how the notary public knows the credible witness and how long the notary public has known the credible witness; and

(B) An explanation by the credible witness as to how the credible witness knows the remotely located individual and how long the credible witness has known the remotely located individual; and

(V) The statements, acts, and conduct necessary to perform the requested notarial act or supervision of signing or witnessing of the subject record.

(c) The provisions of section 24-21-519 that relate to the security, inspection, copying, and retention and disposition of a notary public's journal apply equally to the security, inspection, copying, and retention and disposition of audio-video recordings allowed by this section.

(d) The failure of a notary public to perform a duty or meet a requirement specified in this subsection (9) does not invalidate a remote notarization performed by the notary public. A notary public is not liable to any person for damages claimed to arise from a failure to perform a duty or meet a requirement specified in subsection (9)(b) of this section.

(10) Regardless of the physical location of the remotely located individual at the time of the notarial act, the validity of a remote notarization performed by a notary in this state is governed by the laws of this state, including any rules adopted by the secretary of state pursuant to this part 5.

(11) To be eligible for approval by the secretary of state under section 24-21-527 (1)(h), a provider of a remote notarization system or storage system must:

(a) Certify to the secretary of state that the provider and the system comply with the requirements of this section and the rules adopted under section 24-21-527;

(b) Maintain a usual place of business in this state or, if a foreign entity, appoint and maintain a registered agent, in accordance with section 7-90-701 by filing a statement of foreign entity authority in accordance with section 7-90-803, with authority to accept service of process in connection with a civil action or other proceeding; and

(c) Not use, sell, or offer to sell to another person or transfer to another person for use or sale any personal information obtained under this section that identifies a remotely located individual, a witness to a remote notarization, or a person named in a record presented for remote notarization, except:

(I) As necessary to facilitate performance of a notarial act;

(II) To effect, administer, enforce, service, or process a record provided by or on behalf of the individual or the transaction of which the record is a part;

(III) In accordance with this part 5 and the rules adopted pursuant to this part 5 or other applicable federal, state, or local law, or to comply with a lawful subpoena or court order; or

(IV) In connection with a proposed or actual sale, merger, transfer, or exchange of all or a portion of a business or operating unit of the provider, if the personal information concerns only customers of the business or unit and the transferee agrees to comply with the restrictions set forth in this subsection (11).

(12) Subject to applicable law other than this article 21, if a record is privileged pursuant to section 13-90-107 (1)(b), the corresponding electronic record secured and stored by the remote notarization system as provided in this article 21 remains privileged.

24-21-514.7. Interpreters - use in facilitation of notarial acts - limitations. (1) If a notarial officer and an individual for whom a notarial act is to be performed do not communicate in the same language, an interpreter who communicates in a language in common with both the notarial officer and the individual may be used to facilitate the notarial act. A notarial officer may rely on representations made by the interpreter on behalf of the individual for whom the notarial act is performed as factual. Any errors in interpretation are not attributable to the notarial officer, and the notarial officer is not liable in any disputes arising from such errors.

(2) An interpreter shall appear personally, as defined in section 24-21-506 (2), before the notarial officer. An interpreter appearing personally before the notarial officer shall be identified pursuant to section 24-21-507 or, if appearing personally by means of real-time audio-video communication, pursuant to section 24-21-514.5.

(3) (a) An interpreter shall not provide interpreter services when the interpreter has a disqualifying interest in the transaction. For the purposes of this subsection (3), an interpreter has a disqualifying interest in a transaction if:

(I) The interpreter or the interpreter's spouse, partner in a civil union, ancestor, descendant, or sibling is a party to or is named in the record that is to be notarized; or

(II) The interpreter or the interpreter's spouse or partner in a civil union may receive directly and as a proximate result of the notarization any advantage, right, title, interest, cash, or property. This subsection (3)(a)(II) does not apply to a reasonable fee received by the interpreter for providing interpreter services.

(b) A notarial act is voidable if interpreter services are provided in violation of this subsection (3) in relation to the notarial act.

(4) (a) If a notarial officer does not communicate in the same language as the individual executing the record with respect to which the notarial officer is performing a notarial act, the notarial officer is not liable in any legal action regarding a dispute that directly results from an error in interpretation.

(b) A party who files an action for damages based on a violation of this part 5 related to a notarial act that a notarial officer performed in accordance with this section has the burden of proof in establishing that the dispute is related to a cause other than the interpretation.

(5) Nothing in this section limits a notarial officer's authority to refuse to perform a notarial act as set forth in section 24-21-508.

(6) In addition to complying with the requirements of section 24-21-515, the certificate of notarial act for a remote notarization that was performed using an interpreter must indicate that the notarial act was performed using an interpreter and include the name and credential or certification number, if any, of the interpreter.

Source: L. 2023: Entire section added, (SB 23-153), ch. 212, p. 1098, § 2, effective September 1.

24-21-515. Certificate of notarial act. (1) A notarial act must be evidenced by a certificate. The certificate must:

- (a) Be executed contemporaneously with the performance of the notarial act;
- (b) Be signed and dated by the notarial officer and, if the notarial officer is a notary public, be signed in the same manner as on file with the secretary of state;
- (c) Identify the county and state in which the notarial act is performed; and
- (d) Contain the title of office of the notarial officer.
- (e) Repealed.

(2) If a notarial act regarding a tangible record is performed by a notary public, an official stamp must be affixed to the certificate. If a notarial act is performed regarding a tangible record by a notarial officer other than a notary public and the certificate contains the information specified in subsections (1)(b), (1)(c), and (1)(d) of this section, an official stamp may be affixed to the certificate. If a notarial act regarding an electronic record is performed by a notarial officer and the certificate contains the information specified in subsections (1)(b), (1)(c), and (1)(d) of this section, an official stamp may be attached to or logically associated with the certificate.

(3) A certificate of a notarial act is sufficient if it meets the requirements of subsections (1) and (2) of this section and:

- (a) Is in a short form set forth in section 24-21-516;
- (b) Is in a form otherwise permitted by the law of this state;
- (c) Is in a form permitted by the law applicable in the jurisdiction in which the notarial act was performed; or
- (d) Sets forth actions of the notarial officer that are sufficient to meet the requirements of the notarial act as provided in sections 24-21-505, 24-21-506, and 24-21-507 and, if applicable, section 24-21-514.5 or law of this state other than this part 5.

(4) By executing a certificate of a notarial act, a notarial officer certifies that the officer has complied with the requirements and made the determinations specified in sections 24-21-504, 24-21-505, and 24-21-506 and, if applicable, section 24-21-514.5.

(5) A notarial officer shall not affix the officer's signature to, or logically associate it with, a certificate until the notarial act has been performed.

(6) If a notarial act is performed regarding a tangible record, a certificate must be part of, or securely attached to, the record. If a notarial act is performed regarding an electronic record,

the certificate must be affixed to, or logically associated with, the electronic record. If the secretary of state has established standards pursuant to section 24-21-527 for attaching, affixing, or logically associating the certificate, the process must conform to the standards.

24-21-517. Official stamp. (1) The official stamp of a notary public must:
(a) Be rectangular and contain only the outline of the seal and the following information printed within the outline of the seal:
(I) The notary public's name, as it appears on the notary's certificate of commission;
(II) The notary's identification number;
(III) The notary's commission expiration date;
(IV) The words "state of Colorado"; and
(V) The words "notary public"; and
(b) Be capable of being copied together with the record to which it is affixed or attached or with which it is logically associated.
(2) A notary public shall not provide, keep, or use a seal embosser.

24-21-518. Stamping device. (1) A notary public is responsible for the security of the notary public's stamping device and may not allow another individual to use the device to perform a notarial act. On resignation from, or the revocation or expiration of, the notary public's commission, or on the expiration of the date set forth in the stamping device, if any, the notary public shall disable the stamping device by destroying, defacing, damaging, erasing, or securing

it against use in a manner that renders it unusable. On the death or adjudication of incompetency of a notary public, the notary public's personal representative or guardian or any other person knowingly in possession of the stamping device shall render it unusable by destroying, defacing, damaging, erasing, or securing it against use in a manner that renders it unusable.

(2) If a notary public's stamping device is lost or stolen, the notary public or the notary public's personal representative or guardian shall notify the secretary of state in writing within thirty days after discovering that the device is lost or stolen.

24-21-519. Journal. (1) A notary public shall maintain a journal in which the notary public chronicles all notarial acts that the notary public performs. The notary public shall retain the journal for ten years after the performance of the last notarial act chronicled in the journal.

(2) (a) A journal may be created on a tangible medium or in an electronic format. If a journal is maintained on a tangible medium, it must be a permanent, bound register with numbered pages. If a journal is maintained in an electronic format, it must be in a permanent, tamper-evident electronic format complying with the rules of the secretary of state.

(b) A notary public who performs a remote notarization shall maintain a journal in an electronic format with regard to each remote notarization.

(3) An entry in a journal must be made contemporaneously with performance of a notarial act and contain the following information:

- (a) The date and time of the notarial act;
- (b) A description of the record, if any, and type of notarial act;
- (c) The full name and address of each individual for whom the notarial act is performed;
- (d) The signature or electronic signature of each individual for whom the notarial act is performed;

(e) If identity of the individual is based on personal knowledge, a statement to that effect;

(f) If identity of the individual is based on satisfactory evidence, a brief description of the method of identification and the type of identification credential presented, if any;

(g) The full name and address of any interpreter who provided interpreter services to facilitate the notarial act;

(h) The certification or credential number of any interpreter who provided interpreter services to facilitate the notarial act; and

(i) The fee, if any, charged by the notary public.

(4) A notary public is responsible for the security of the notary public's journal. A notary public shall keep the journal in a secure area under the exclusive control of the notary, and shall not allow any other notary to use the journal.

(5) Upon written request of any member of the public, which request must include the name of the parties, the type of document, and the month and year in which a record was notarized, a notary public may supply a certified copy of the line item representing the requested transaction. A notary public may charge the fee allowed in section 24-21-529 for each certified copy of a line item, and shall record the transaction in the notary's journal.

(6) The secretary of state may audit or inspect a notary public's journal without restriction. A notary public shall surrender the notary's journal to the secretary of state upon receiving a written request.

(7) A certified peace officer, as defined in section 16-2.5-102, acting in the course of an official investigation may inspect a notary public's journal without restriction.

(8) If a notary public's journal is lost or stolen, the notary public shall notify the secretary of state in writing within thirty days after discovering that the journal is lost or stolen.

(9) On resignation from, or the revocation or expiration of, a notary public's commission, the notary public shall retain the notary public's journal in accordance with subsection (1) of this section and inform the secretary of state where the journal is located.

(10) (a) Instead of retaining a journal as provided in subsections (1) and (9) of this section, a current or former notary public may:

(I) Transmit the journal to the state archives established pursuant to part 1 of article 80 of this title 24; or

(II) Leave the journal with the notary's firm or employer in the regular course of business.

(b) If notary public acts pursuant to subsection (10)(a) of this section, the notary public is no longer subject to subsection (5) of this section and shall notify the secretary of state in writing whether the notary has transmitted the journal to the state archives or the firm or employer, including the contact information for the firm or employer if the notary leaves the journal with the notary's firm or employer.

(c) Instead of maintaining a journal as required by subsection (1) of this section, a notary public may maintain the original or a copy, including an electronic record, of a document that contains the information otherwise required to be entered in the notary's journal if the notary's firm or employer retains the original, copy, or electronic record in the regular course of business.

(11) On the death or adjudication of incompetency of a current or former notary public, the notary public's personal representative or guardian or any other person knowingly in possession of the journal shall transmit it to the state archives established pursuant to part 1 of article 80 of this title 24. The person shall notify the secretary of state in writing when the person transmits the journal to the state archives.

24-21-520. Notification regarding performance of notarial act on electronic record - selection of technology. (1) A notary public may select one or more tamper-evident technologies to perform notarial acts with respect to electronic records. A person may not require a notary public to perform a notarial act with respect to an electronic record with a technology that the notary public has not selected.

(2) Before a notary public performs the notary public's initial notarial act with respect to an electronic record, a notary public shall notify the secretary of state that the notary public will be performing notarial acts with respect to electronic records and identify the technology the notary public intends to use. If the secretary of state has established standards for approval of technology pursuant to section 24-21-527, the technology must conform to the standards. If the technology conforms to the standards, the secretary of state shall approve the use of the technology.

(3) In every instance, the electronic signature of a notary public must contain or be accompanied by the following elements, all of which must be immediately perceptible and reproducible in the electronic record to which the notary's electronic signature is attached: The notary's name, as it appears on the notary's certificate of commission; the notary's identification number; the words "notary public" and "state of Colorado"; a document authentication number issued by the secretary of state; and the words "my commission expires" followed by the expiration date of the notary's commission. A notary's electronic signature must conform to any standards promulgated by the secretary of state.

24-21-521. Commission as notary public - qualifications - no immunity or benefit.

(1) An individual qualified under subsection (3) of this section may apply to the secretary of state for a commission as a notary public. The applicant shall comply with and provide the information required by rules established by the secretary of state and pay any application fee. In accordance with section 24-21-111 (1), the secretary of state may require, at the secretary of state's discretion, the application required by this section, and any renewal of the application, to be made by electronic means designated by the secretary of state.

(2) In accordance with section 42-1-211, the department of state and the department of revenue shall allow for the exchange of information and data collected by the systems used by the departments to collect information on legal names and signatures of all applicants for driver's licenses or state identification cards.

(3) An applicant for a commission as a notary public must:

- (a) Be at least eighteen years of age;
- (b) Be a citizen or permanent legal resident of the United States or otherwise lawfully present in the United States;
- (c) Be a resident of or have a place of employment or practice in this state;
- (d) Be able to read and write English;
- (e) Not be disqualified to receive a commission under section 24-21-523; and
- (f) Have passed the examination required under section 24-21-522 (1).

(4) The secretary of state shall verify the lawful presence in the United States of each applicant by:

- (a) Accepting one of the following documents from the applicant:
 - (I) A United States military card or a military dependent's identification card;
 - (II) A United States Coast Guard Merchant Mariner card;
 - (III) A Native American tribal document;

(IV) A valid Colorado driver's license or a Colorado identification card issued pursuant to article 2 of title 42, unless the applicant holds a license or card issued pursuant to part 5 of article 2 of title 42;

(V) A valid driver's license or identification card issued by another state, the District of Columbia, Puerto Rico, the United States Virgin Islands, or any territory or insular possession subject to the jurisdiction of the United States that is compliant with the federal "REAL ID Act", as amended;

(VI) A valid United States passport;

(VII) A valid United States permanent resident card; or

(VIII) Any other valid type of identification that requires proof of lawful presence in the United States to obtain; and

(b) Executing an affidavit stating that the applicant is:

(I) A United States citizen or legal permanent resident; or

(II) Otherwise lawfully present in the United States pursuant to federal law.

(5) Before issuance of a commission as a notary public, an applicant for the commission shall take the following affirmation in the presence of a person qualified to administer an affirmation in this state:

I, (name of applicant) , solemnly affirm, under the penalty of perjury in the second degree, as defined in section 18-8-503, Colorado Revised Statutes, that I have carefully read the notary law of this state, and, if appointed and commissioned as a notary public, I will faithfully perform, to the best of my ability, all notarial acts in conformance with the law.

(Signature of applicant)

Subscribed and affirmed before me this ____ day of _____, 20____.

(Official signature and seal of person qualified to administer affirmation)

(6) On compliance with this section, the secretary of state shall issue a commission as a notary public to an applicant for a term of four years, unless revoked in accordance with section 24-21-523. An applicant who has been denied appointment and commission may appeal the decision in accordance with article 4 of this title 24.

(7) A commission to act as a notary public authorizes the notary public to perform notarial acts. The commission does not provide the notary public any immunity or benefit conferred by law of this state on public officials or employees.

24-21-522. Examination of notary public. (1) An applicant for a commission as a notary public who does not hold a commission in this state must pass an examination administered by the secretary of state or an entity approved by the secretary of state. The examination must be based on the course of study described in subsection (2) of this section.

(2) The secretary of state or an entity approved by the secretary of state shall offer regularly a course of study to applicants who do not hold commissions as notaries public in this

state. The course must cover the laws, rules, procedures, and ethics relevant to notarial acts. The office of the secretary of state may enter into a contract with a private contractor or contractors to conduct notary training programs. The contractor or contractors may charge a fee for any such training program.

24-21-523. Grounds to deny, refuse to renew, revoke, suspend, or condition commission of notary public. (1) The secretary of state may deny, refuse to renew, revoke, suspend, or impose a condition on a commission as notary public for:

- (a) Failure to comply with this part 5;
- (b) A substantial and material misstatement or omission of fact in the application for a commission as a notary public submitted to the secretary of state;
- (c) Notwithstanding section 24-5-101, a conviction of the applicant or notary public of any felony or, in the prior five years, a misdemeanor involving dishonesty;
- (d) A finding against, or admission of liability by, the applicant or notary public in any legal proceeding or disciplinary action based on the applicant's or notary public's fraud, dishonesty, or deceit;
- (e) Failure by the notary public to discharge any duty required of a notary public, whether by this part 5, rules of the secretary of state, or any federal or state law;
- (f) Use of false or misleading advertising or representation by the notary public representing that the notary has a duty, right, or privilege that the notary does not have;
- (g) Violation by the notary public of a rule of the secretary of state regarding a notary public;
- (h) Denial, refusal to renew, revocation, suspension, or conditioning of a notary public commission in another state;
- (i) A finding by a court of this state that the applicant or notary public has engaged in the unauthorized practice of law;
- (j) Failure to comply with any term of suspension or condition imposed on the commission of a notary public under this section; or
- (k) Performance of any notarial act while not currently commissioned by the secretary of state.

(2) Whenever the secretary of state or the secretary of state's designee believes that a violation of this part 5 has occurred, the secretary of state or the secretary of state's designee may investigate the violation. The secretary of state or the secretary of state's designee may also investigate possible violations of this part 5 upon a signed complaint from any person. However, this section does not authorize the secretary of state or the secretary of state's designee to investigate a potential violation concerning an action taken by an interpreter during a notarial act.

(3) If the secretary of state denies, refuses to renew, revokes, suspends, or imposes conditions on a commission as a notary public, the applicant or notary public is entitled to timely notice and hearing in accordance with the "State Administrative Procedure Act", article 4 of this title 24.

(4) When a complaint or investigation results in a finding of misconduct that, in the secretary of state's discretion, does not warrant initiation of a disciplinary proceeding, the secretary of state may take nondisciplinary action. For the purposes of this subsection (4), nondisciplinary action includes the issuance of a letter of admonition, which may be placed in the notary public's file.

(5) The authority of the secretary of state to deny, refuse to renew, suspend, revoke, or impose conditions on a commission as a notary public does not prevent a person from seeking and obtaining other criminal or civil remedies provided by law.

(6) A person whose notary commission has been revoked pursuant to this part 5 may not apply for or receive a commission and appointment as a notary.

24-21-524. Database of notaries public. (1) The secretary of state shall maintain an electronic database of notaries public:

(a) Through which a person may verify the authority of a notary public to perform notarial acts; and

(b) Which indicates whether a notary public has notified the secretary of state that the notary public will be performing notarial acts on electronic records.

Source: L. 2017: Entire part added, (SB 17-132), ch. 207, p. 803, § 2, effective July 1, 2018.

24-21-525. Prohibited acts. (1) A commission as a notary public does not authorize an individual to:

(a) Assist persons in drafting legal records, give legal advice, or otherwise practice law;
(b) Act as an immigration consultant or an expert on immigration matters;
(c) Represent a person in a judicial or administrative proceeding relating to immigration to the United States, United States citizenship, or related matters; or

(d) Receive compensation for performing any of the activities listed in this subsection (1).

(2) A notary public shall not engage in false or deceptive advertising.

(3) A notary public, other than an attorney licensed to practice law in this state, shall not use the term "notario" or "notario publico".

(4) A notary public, other than an attorney licensed to practice law in this state, shall not advertise or represent that the notary public may assist persons in drafting legal records, give legal advice, or otherwise practice law. If a notary public who is not an attorney licensed to practice law in this state in any manner advertises or represents that the notary public offers notarial services, whether orally or in a record, including broadcast media, print media, and the internet, the notary public shall include the following statement, or an alternate statement authorized or required by the secretary of state, in the advertisement or representation, prominently and in each language used in the advertisement or representation: "I am not an attorney licensed to practice law in the state of Colorado and I may not give legal advice or accept fees for legal advice. I am not an immigration consultant, nor am I an expert on

immigration matters. If you suspect fraud, you may contact the Colorado attorney general's office or the Colorado supreme court." If the form of advertisement or representation is not broadcast media, print media, or the internet and does not permit inclusion of the statement required by this subsection (4) because of size, it must be displayed prominently or provided at the place of performance of the notarial act before the notarial act is performed.

(5) A notary public, other than an attorney licensed to practice law in this state, shall not engage in conduct that constitutes a deceptive trade practice pursuant to section 6-1-727.

(6) Except as otherwise allowed by law, a notary public shall not withhold access to or possession of an original record provided by a person that seeks performance of a notarial act by the notary public.

(7) A notary public shall not perform any notarial act with respect to a record that is blank or that contains unfilled blanks in its text.

24-21-526. Validity of notarial acts. Except as otherwise provided in section 24-21-504 (2), the failure of a notarial officer to perform a duty or meet a requirement specified in this part 5 does not invalidate a notarial act performed by the notarial officer. The validity of a notarial act under this part 5 does not prevent an aggrieved person from seeking to invalidate the record or transaction that is the subject of the notarial act or from seeking other remedies based on law of this state other than this part 5 or law of the United States. This section does not validate a purported notarial act performed by an individual who does not have the authority to perform notarial acts.

24-21-527. Rules - definitions. (1) The secretary of state may adopt rules to implement this part 5 in accordance with article 4 of this title 24. Rules adopted regarding the performance of notarial acts with respect to electronic records may not require, or accord greater legal status or effect to, the implementation or application of a specific technology or technical specification. The rules may:

(a) Prescribe the manner of performing notarial acts regarding tangible and electronic records;

(b) Include provisions to ensure that any change to or tampering with a record bearing a certificate of a notarial act is self-evident;

(c) Include provisions to ensure integrity in the creation, transmittal, storage, or authentication of electronic records or signatures;

(d) Prescribe the process of granting, renewing, conditioning, denying, suspending, or revoking a notary public commission and assuring the trustworthiness of an individual holding a commission as notary public, including rules for use of the electronic filing system;

(e) Include provisions to prevent fraud or mistake in the performance of notarial acts;

(f) Provide for the administration of the examination under section 24-21-522 (1) and the course of study under section 24-21-522 (2);

(g) Prescribe the manner of performing notarial acts using audio-video communication technology, including provisions to ensure the security, integrity, and accessibility of records relating to those acts; and

(h) Prescribe requirements for the approval and use of remote notarization systems and storage systems.

(2) In adopting, amending, or repealing rules about notarial acts with respect to electronic records, the secretary of state shall consider, so far as is consistent with this part 5:

(a) The most recent standards regarding electronic records promulgated by national bodies, such as the National Association of Secretaries of State;

(b) Standards, practices, and customs of other jurisdictions that substantially enact this part 5; and

(c) The views of governmental officials and entities and other interested persons.

(3) (a) As used in this subsection (3):

(I) "Interim period" means the period beginning on March 30, 2020, and ending on December 31, 2020.

(II) "Temporary rule" means rule 5 of the notary program rules as adopted by the secretary of state effective March 30, 2020, and published at 8 CCR 1505-11, and any analogous successor emergency rule of the notary program that authorizes remote notarizations.

(b) and (c) Repealed.

(d) A notarial act performed during the interim period with respect to a remotely located individual that complied with the temporary rule is not invalid due to the lack of express statutory authority for the notarial act.

(e) and (f) Repealed.

24-21-529. Notary's fees. (1) Except as specified in subsection (2) of this section, the fees of a notary public may be, but must not exceed, fifteen dollars for each document attested by a person before a notary, except as otherwise provided by law. The fee for each such document must include all duties and functions required to complete the notarial act in accordance with this part 5.

(2) In lieu of the fee authorized in subsection (1) of this section, a notary public may charge a fee, not to exceed twenty-five dollars, for the notary's electronic signature.

24-21-530. Change of name or address. A notary public shall notify the secretary of state within thirty days after he or she changes his or her name, business address, or residential address. In the case of a name change, the notary public shall include a sample of the notary's handwritten official signature on the notice. Pursuant to section 24-21-104 (3), the secretary of state shall determine the amount of, and collect, the fee, payable to the secretary of state, for recording notice of change of name or address.

24-21-531. Official misconduct by a notary public - liability of notary or surety. (1) A notary public who knowingly and willfully violates the duties imposed by this part 5 commits official misconduct and is guilty of a petty offense.

(2) A notary public and the surety or sureties on his or her bond are liable to the persons involved for all damages proximately caused by the notary's official misconduct.

(3) Nothing in this part 5 shall be construed to deny a notary public the right to obtain a surety bond or insurance on a voluntary basis to provide coverage for liability.

24-21-534. Certification restrictions. (1) The secretary of state may issue certificates or apostilles attesting to the authenticity of a notarial act performed by a commissioned notary public.

(2) The secretary of state shall not certify a signature of a notary public on:

(a) A record that is not properly notarized in accordance with the requirements of this part 5;

(b) A record:

(I) Regarding allegiance to a government or jurisdiction;

(II) Relating to the relinquishment or renunciation of citizenship, sovereignty, in itinere status or world service authority; or

(III) Setting forth or implying for the bearer a claim of immunity from the law of this state or federal law.

PART 6

BINGO AND RAFFLES LAW

Editor's note: This part 6 was added with relocations in 2017. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated. For a detailed comparison of this part 6, see the comparative tables located in the back of the index.

24-21-601. Short title. The short title of this part 6 is the "Bingo and Raffles Law".

Source: L. 2017: Entire part added with relocations, (SB 17-232), ch. 233, p. 908, § 2, effective May 23.

Editor's note: This section is similar to former § 12-9-101 as it existed prior to 2017.

24-21-602. Definitions. As used in this part 6, unless the context otherwise requires:

(1) "Bingo" means:

(a) A bingo strip card game; or

(b) A game of chance played, with or without the aid of an electronic device, for prizes using cards or sheets containing five rows of five squares bearing numbers, except for the center square, which is a free space. Traditional bingo also requires that the letters "B I N G O" appear in order over each column. The holder of a card or sheet matches the numbers on such card or sheet to numbers randomly drawn. The game is won when a previously designated arrangement of numbers on such card or sheet is covered.

(2) "Bingo aid computer system" means a computer system that interfaces with and controls the use of electronic devices used as aids in the game of bingo.

(3) "Bingo-raffle licensee" means any qualified organization to which a bingo-raffle license has been issued by the licensing authority.

(4) "Bingo-raffle manufacturer" means a person, other than a bingo-raffle licensee, who makes, assembles, produces, or otherwise prepares pull tabs, bingo cards or sheets, electronic devices used as aids in the game of bingo, or other equipment or parts thereof for games of chance. "Bingo-raffle manufacturer" does not include a person who prints raffle tickets, other than pull tabs, for and at the request of a bingo-raffle licensee.

(5) "Bingo-raffle supplier" means a person, other than a bingo-raffle licensee, who sells, distributes, or otherwise furnishes pull tabs, bingo cards or sheets, electronic devices used as aids in the game of bingo, or other games of chance equipment. "Bingo-raffle supplier" does not include a person who prints raffle tickets, other than pull tabs, for and at the request of a bingo-raffle licensee.

(5.5) "Bingo strip card game" means a type of bingo that is played with a strip of up to five connected paper bingo cards, with each card containing a concealed grid of preprinted numbers ranging from one to seventy-five. The winner is the first player to match the numbers drawn on one or more bingo balls to the prearranged pattern of numbers on a card. The maximum prize for an individual card may not exceed one thousand dollars.

(6) "Board" means the Colorado bingo-raffle advisory board created in section 24-21-630.

(7) "Card" means either a disposable and nonreusable paper bingo card identified by color, serial number, and card number, or a reusable bingo card intended for repeated use, including but not limited to a hard card or shutter card. "Card" does not include an electronic representation or electronic image of a bingo card.

(8) "Charitable gaming" means bingo, pull tab games, and raffles.

(9) "Charitable organization" means any organization, not for pecuniary profit, that is operated for the relief of poverty, distress, or other condition of public concern within this state and that has been so engaged for five years prior to making application for a license under this part 6.

(10) "Chartered branch or lodge or chapter of a national or state organization" means any such branch or lodge or chapter that is a civic or service organization, not for pecuniary profit, and authorized by its written constitution, charter, articles of incorporation, or bylaws to engage in a fraternal, civic, or service purpose within this state and that has been so engaged for five years prior to making application for a license under this part 6.

(11) "Commercial bingo facility" means premises rented by a bingo-raffle licensee for the purpose of conducting games of chance.

(12) "Commercial landlord" means any person renting or offering to rent a commercial bingo facility to any bingo-raffle licensee.

(13) "Deal" means each separate package or series of packages of pull tabs with the same name, form number, and serial number.

(14) "Dues-paying membership" means those members of an organization who pay regular monthly, annual, or other periodic dues or who are excused from paying such dues by the bylaws, articles of incorporation, or charter of the organization and those who contribute voluntarily to the corporation or organization to which they belong for the support of such corporation or organization.

(15) "Educational organization" means any organization within this state, not organized for pecuniary profit, whose primary purpose is educational in nature and designed to develop the

capabilities of individuals by instruction and that has been in existence for five years prior to making application for a license under this part 6.

(16) "Equipment" means: With respect to bingo or lotto, the receptacle and numbered objects drawn from it, the master board upon which such objects are placed as drawn, the cards or sheets bearing numbers or other designations to be covered and the objects used to cover them, the board or signs, however operated, used to announce or display the numbers or designations as they are drawn, public address system, and all other articles essential to the operation, conduct, and playing of bingo or lotto; or, with respect to raffles, implements, devices, and machines designed, intended, or used for the conduct of raffles and the identification of the winning number or unit and the ticket or other evidence or right to participate in raffles. "Equipment" includes electronic devices used as aids in the game of bingo.

(17) "Exempt organization" means an organization:

(a) That is exempt from taxation under section 501 (c)(3) of the federal "Internal Revenue Code of 1954", as amended;

(b) Of the type commonly known as a community chest, which organizes and carries out intensive, limited-time, and community-wide fund drive campaigns by volunteer workers soliciting charitable contributions from a broad base of citizens and businesses in the community with the objective of providing financial support to other organizations that are exempt from taxation under section 501 (c)(3) of the federal "Internal Revenue Code of 1954", as amended, and that provides charitable, educational, civic, health, or human services within the same community and that has the further objective of minimizing the necessity for multiple, overlapping, and competing fund drives by such recipient organizations to enable them to deliver such services;

(c) That assists in acquiring noncash prizes donated by participating private businesses or government agencies as an ancillary means of creating interest in a charitable fund-raising drive held by such business or agency;

(d) That collects voluntary contributions and distributes more than eighty percent of such contributions to other organizations that are exempt from taxation under section 501 (c)(3) of the federal "Internal Revenue Code of 1954", as amended, and that provide charitable, educational, civic, health, or human services;

(e) On behalf of whose fund-raising drives drawings are held by participating private businesses or government agencies, which drawings are open only to the employees of such businesses or agencies and are not open to the general public;

(f) Whose fund-raising drives are jointly planned and managed by the participating private businesses and government agencies; and

(g) Whose fund-raising drives include only the awarding of noncash prizes by the participating private businesses or government agencies.

(18) "Fraternal organization" means any organization within this state, including college and high school fraternities, not for pecuniary profit, that is a branch, lodge, or chapter of a national or state organization and exists for the common business, brotherhood, or other interests of its members and that has so existed for five years prior to making application for a license under this part 6. "Fraternal organization" also includes a graduate or alumni division or branch of a college fraternity, which division or branch holds a charter issued by the state of Colorado and that meets all other criteria set forth in this subsection (18). As used in this subsection (18), "fraternity" includes a sorority.

(19) "Game of chance" means that specific kind of game of chance commonly known as bingo or lotto in which prizes are awarded on the basis of designated numbers or symbols on a card conforming to numbers or symbols selected at random and that specific kind of game of chance commonly known as raffles that is conducted by drawing for prizes or the allotment of prizes by chance, by the selling of shares or tickets or rights to participate in such a game.

(20) "Gross receipts" means receipts from the sale of shares, tickets, or rights in any manner connected with participation in a game of chance or the right to participate therein, including any admission fee or charge, the sale of equipment or supplies, the sale or lease of electronic devices used as aids in the game of bingo, and all other miscellaneous receipts.

(21) "Labor organization" means any organization, not for pecuniary profit, within this state that exists for the purpose, in whole or in part, of dealing with employers concerning grievances, labor disputes, wages, rates of pay, hours of employment, or conditions of work and that has existed for such purpose and has been so engaged for five years prior to making application for a license under this part 6.

(22) "Landlord licensee" means the holder of a current, valid commercial landlord license.

(23) "Lawful purposes" means the lawful purposes of organizations permitted to conduct games of chance, as provided in section 2 of article XVIII of the state constitution.

(24) "Lawful use" means the devotion of the entire net proceeds of a game of chance exclusively to lawful purposes.

(25) "License" means any license or certification issued by the licensing authority pursuant to this part 6, including, without limitation, the certification of a games manager pursuant to section 24-21-610.

(26) "Licensed agent" means an individual who holds a current, valid agent's license for a bingo-raffle manufacturer or supplier.

(27) "Licensee" means the holder of any license or certification issued by the licensing authority pursuant to this part 6. "Licensee" includes the former holder of such license or certification for purposes of investigation of activities that took place during the period in which such license or certification was effective.

(28) "Licensing authority" means the secretary of state or his or her duly authorized deputy.

(29) "Manufacturer's agent" means an individual who represents a manufacturer in any of its activities in connection with the presales, driver sales, or distribution with excess stock of pull tabs, bingo cards or sheets, electronic devices used as aids in the game of bingo, or other games of chance equipment; except employees of commercial delivery services.

(30) "Manufacturer licensee" means the holder of a current, valid Colorado manufacturer license.

(31) "Member" means an individual who has qualified for membership in a qualified organization pursuant to its bylaws, articles of incorporation, charter, rules, or other written statement.

(32) "Net proceeds" means the receipts less such expenses, charges, fees, and deductions as are specifically authorized under this part 6.

(33) "Occasion" means a single gathering or session at which a series of successive bingo games is played.

(34) "Person" means a natural person, firm, association, corporation, or other legal entity.

(35) "Premises" means any room, hall, enclosure, or outdoor area used for the purpose of playing a game of chance.

(36) "Pull tab game" means a type of game of chance commonly known as a pickle, break-open, jar raffle, last sale ticket, or seal card for which tickets are preprinted with markings distinguishing winners and nonwinners, each ticket so made that its markings and winning or nonwinning status cannot be known or revealed until the ticket is broken or torn apart.

(37) (a) "Qualified organization" means any bona fide chartered branch, lodge, or chapter of a national or state organization or any bona fide religious, charitable, labor, fraternal, educational, voluntary firefighters', or veterans' organization operating without profit to its members that has been in existence continuously for a period of five years immediately prior to the making of an application for a license under this part 6 and that has had, during the entire five-year period, a dues-paying membership engaged in carrying out the objects of said corporation or organization.

(b) "Qualified organization" includes, without limitation:

(I) A political party; and

(II) The Colorado state fair authority.

(38) "Raffle" means a game in which a participant buys a ticket for a chance at a prize with the winner determined by a random method as determined by rules of the licensing authority, or a pull tab ticket as described in subsection (36) of this section. The term "raffle" does not include any activity that is authorized or regulated by the state lottery division pursuant to article 40 of title 44 or the "Limited Gaming Act of 1991", article 30 of title 44.

(39) "Religious organization" means any organization, church, body of communicants, or group, not for pecuniary profit, gathered in common membership for mutual support and edification in piety, worship, and religious observances or a society, not for pecuniary profit, of individuals united for religious purposes at a definite place, which organization, church, body of communicants, group, or society has been so gathered or united for five years prior to making application for a license under this part 6.

(40) "Sheet" means a leaf of paper upon which is printed one or more disposable bingo cards.

(41) "Supplier's agent" means an individual who represents a bingo-raffle supplier in the course of the bingo-raffle supplier's presales, driver sales, or distribution with excess bingo-supplier stock, electronic devices used as aids in the game of bingo, or chance equipment on hand; except that the term does not include employees of commercial delivery services.

(42) "Supplier licensee" means the holder of a current, valid Colorado supplier license.

(43) "Veterans' organization" means any organization within this state or any branch, lodge, or chapter of a national or state organization within this state, not for pecuniary profit, the membership of which consists of individuals who were members of the armed services or forces of the United States, that has been in existence for five years prior to making application for a license under this part 6.

(44) "Voluntary firefighters' organization" means any organization within this state, not for pecuniary profit, established by the state or any of its political subdivisions that has been in existence for five years prior to making application for a license under this part 6.

Editor's note: This section is similar to former § 12-9-102.3 as it existed prior to 2017.

24-21-604. Legislative declaration - consideration for tickets - conditions - rules. (1) The general assembly hereby finds and declares that prize promotions involving the conduct of free product giveaways through the use of free chances for purposes of commercial advertisement, the creation of goodwill, the promotion of new products or services, or the collection of names should not be subject to regulation under this part 6. The giveaways described in this subsection (1) are exempt from regulation under this part 6 when all of the conditions set forth in this section are satisfied.

(2) No award of prizes by chance for a purpose set forth in subsection (1) of this section is a lottery or game of chance, nor is any share, ticket, or right to participate in an award of prizes deemed to have been sold or charged for, notwithstanding that the award is made to persons who have paid a fee entitling them to general admission to the grounds or premises on which the award is made, if each share or ticket by means of which the award is made is given away free of charge and without any obligation on the part of the person receiving it.

(3) (a) (I) A licensee may conduct a prize promotion on the licensed premises, whether the premises are rented or owned by the licensee. A licensee shall clearly disclose, in the rental agreement or otherwise, the promotion and its cost, if any, to the licensee, pursuant to rules adopted by the licensing authority.

(II) A landlord licensee shall not require a bingo-raffle licensee to participate in or conduct a promotion under this section, nor may a games manager for any occasion assist in any promotion conducted during an occasion by a landlord licensee. Prizes offered as part of a promotion are not prizes subject to limitation under section 24-21-617 (5).

(b) Before conducting a promotion under this section, the licensee shall provide evidence of ownership, free and clear, of the prizes to be offered unless all of the prizes are available for viewing on the premises on the day they are to be awarded. The licensee offering any promotional prize shall disclose, at the beginning of the promotion, full and complete

information identifying the prizes to be awarded and the method by which the prizes may be won.

(c) Within ten days after the award of any prize, the licensee shall file with the licensing authority a written report containing a description of the prize, the value of the prize, and such other information as the licensing authority may require by rule. Any prize offered pursuant to this section must be awarded by the end of the calendar quarter in which it was offered.

(d) The licensing authority may establish by rule the maximum amount or value of a cash prize or a prize of a product or service that may be awarded; except that such maximum amount must be at least one thousand dollars.

(4) A bingo-raffle licensee may, directly or through a third party, presell tickets to a charitable gaming event.

24-21-605. Licensing and enforcement authority - powers - rules - duties - license suspension or revocation proceedings - definitions. (1) The secretary of state is hereby designated as the "licensing authority" of this part 6. As licensing authority, the secretary of state's powers and duties are as follows:

(a) (I) To grant or refuse to grant bingo-raffle licenses under this part 6 and to grant or refuse to grant licenses to landlords, manufacturers, manufacturers' agents, suppliers, and suppliers' agents. If any such license application has not been approved or disapproved within forty-five days after the licensing authority has received all information that constitutes a complete application, the license shall be deemed to be approved. The licensing authority shall notify the applicant upon receipt of all information that the licensing authority deems a complete application. Such notification shall be the start of the forty-five-day period in which the licensing authority shall affirmatively act upon the application. The licensing authority's failure to act upon an application within forty-five days after receipt shall not preclude the licensing authority from later filing a complaint challenging the application on the ground that it is in conflict with the Colorado constitution or this part 6. All such licenses and applications for such licenses shall be made available for inspection by the public. In addition, the licensing authority has the power and the responsibility, after investigation and hearing before an administrative law judge, to suspend or revoke any license issued by the licensing authority, in accordance with any order of such administrative law judge. When a license is ordered suspended or revoked, the licensee shall surrender the license to the licensing authority on or before the effective date of the suspension or revocation. No license is valid beyond the effective date of the suspension or revocation, whether surrendered or not. Any bingo-raffle license may be temporarily suspended for a period not to exceed ten days pending any prosecution, investigation, or public hearing.

(II) In lieu of seeking a suspension or revocation of any license issued by the licensing authority, the licensing authority may impose a reasonable fine for any violation of this part 6 or any rule adopted pursuant to this part 6, not to exceed one hundred dollars per citation. The imposition of any such fine may be appealed to an administrative law judge.

(III) An applicant may request administrative review of a refusal by the licensing authority to grant or renew a license in accordance with subsection (3) of this section. To be entitled to administrative review, the applicant must request the review in writing within sixty days after the date of the licensing authority's refusal.

(IV) If a licensee or bingo-raffle affiliate fails within forty-five days after a written request by the licensing authority to voluntarily produce records at the office of the licensing authority, or if a licensee fails to file a report within the time required by this part 6, or if such report is not properly verified or is not fully, accurately, and truthfully completed on its face, the licensing authority may refuse to renew the licensee's license until the licensee has corrected such failure or deficiency. If the licensing authority refuses to renew a license pursuant to this subsection (1)(a)(IV), the licensee shall not engage in activity authorized by such license until such license is renewed.

(b) To supervise the administration and enforcement of this part 6 and, in consultation with the board, to adopt, amend, and repeal rules governing the holding, operating, and conducting of games of chance, the purchase of equipment, the establishment of a schedule of reasonable fines, not to exceed one hundred dollars per citation, for violation by licensees of this part 6 or of rules adopted pursuant to this part 6, to the end that games of chance shall be held, operated, and conducted only by licensees for the purposes and in conformity with the state constitution and the provisions of this part 6;

(c) To provide forms for and supervise the filing of any reports made by mail, computer, electronic mail, or any other electronic device by any licensee. As soon as possible after July 1, 2006, the licensing authority shall ensure that delivery of a document subject to this part 6 by an applicant or a licensee may be accomplished electronically without the necessity for presentation of a physical original document, report, or image, if all required information is included and is readily retrievable from the data transmitted. The licensing authority may, by rule, require certain organizations to file reports and other documents electronically. All electronically filed documents shall be stored by the licensing authority in an electronic or other medium and shall be retrievable by the licensing authority in an understandable and readable form. Notwithstanding any other provision of law requiring the signature of, or execution by, a person on a document, no such signature shall be required when the document is submitted electronically. Causing a document to be delivered to the licensing authority by an applicant or a licensee shall constitute the affirmation or acknowledgment of the individual causing the delivery, under penalty of perjury, that the document is the individual's act and deed or the act and deed of the organization or entity on whose behalf the document was delivered and that the facts stated in the document are true.

(d) Upon application by any licensee, to issue a letter ruling granting approval for any new concept, method, technology, practice, or procedure that may be applied to, or used in the conduct of, games of chance that are not in conflict with the constitution or this part 6. Application for such approval shall be submitted in a form prescribed by the licensing authority. If an application is not acted upon within forty-five days after receipt by the licensing authority, the licensee may implement such concept, method, technology, practice, or procedure so long as it is not in conflict with the constitution or this part 6; except that the licensing authority's failure to act upon an application within forty-five days after receipt shall not preclude the licensing authority from later filing a complaint challenging such concept, method, technology, practice,

or procedure on the ground that it is in conflict with the constitution or this part 6. An adverse ruling on such application may be appealed to an administrative law judge.

(e) To keep records of all actions and transactions relating to licensing and enforcement activity;

(f) To prepare and transmit annually, in the form and manner prescribed by the heads of the principal departments pursuant to section 24-1-136, a report accounting to the governor for the efficient discharge of all responsibilities assigned by law or directive to the authority, and to issue publications of the authority intended for circulation in quantity outside the executive branch in accordance with section 24-1-136;

(g) To license devices for reading pull tabs as provided in section 24-21-619; except that the licensing authority shall not impose or collect any fee for the issuance of such a license.

(2) For the purpose of any investigation or examination of records, the licensing authority or any officer designated by the licensing authority may require, at the office of the licensing authority, the production of any books, papers, correspondence, memoranda, agreements, or other documents or records that the licensing authority deems relevant or material to the inquiry. In case of refusal to obey a request for the production of documents issued to any licensee or an affiliate of a licensee, the district court of the city and county of Denver, upon application by the licensing authority, may issue an order requiring that person to appear before the licensing authority or the officer designated by the licensing authority to produce documents or to give evidence touching upon the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(3) The licensing authority may revoke, suspend, annul, limit, modify, or refuse to grant or renew a license in accordance with section 24-4-104. Hearings that are held to administratively review the licensing authority's decision to refuse to grant or renew a license or to determine whether a licensee's license should be revoked, suspended, annulled, limited, or modified shall be conducted by an administrative law judge appointed pursuant to part 10 of article 30 of this title 24 and shall be held in the manner and pursuant to the rules and procedures described in sections 24-4-104, 24-4-105, and 24-4-106. An administrative law judge shall hold and conclude hearings in accordance with the rules, with reasonable dispatch and without unnecessary delay, and shall issue a decision within ten days after the hearing.

(4) (a) Upon a finding by an administrative law judge of a violation of this part 6, the rules adopted pursuant to this part 6, or any other provision of law, such as would warrant the revocation, suspension, annulment, limitation, or modification of a license, in addition to any other penalties that may be imposed, the licensing authority may declare the violator ineligible to conduct a game of bingo and to apply for a license pursuant to this part 6 for a period not exceeding one year after the date of the declaration or a shorter period designated by the licensing authority pursuant to this subsection (4). The licensing authority shall designate a shorter period of license ineligibility only in the absence of aggravating factors associated with the violation for which the revocation was imposed. Aggravating factors include willfulness, intent, a previous intentional violation of this part 6, and violations involving theft or fraud. The declaration of ineligibility may be extended to include, in addition to the violator, any of its subsidiary organizations, its parent organization, or otherwise, affiliated with the violator when, in the opinion of the licensing authority, the circumstances of the violation warrant such action.

(b) The decision of the administrative law judge in any controversy concerning licensing, the imposition of a fine, or the approval of any proposed new concept, method,

technology, practice, or procedure is final and subject to review by the court of appeals, pursuant to section 24-4-106 (11).

(5) Upon an administrative or judicial finding of a violation of this part 6, the rules adopted pursuant to this part 6, or any other provision of law, such as would warrant the suspension or revocation of a license, the licensing authority, in addition to any other penalties that may be imposed, may issue an order excluding the violator or any owner, officer, director, or games manager of the violator from the licensed premises during the conduct of games of chance.

24-21-606. Fees - department of state cash fund. (1) All fees collected by the licensing authority pursuant to this part 6 shall be transmitted to the state treasurer, who shall credit them to the department of state cash fund created in section 24-21-104 (3)(b), also referred to in this section as the "fund". The money in the fund is subject to annual appropriation by the general assembly for the purposes of financing the licensing and enforcement activities of the secretary of state as specified in this part 6.

(2) (a) Fees authorized by this part 6 shall be established by the licensing authority, in consultation with the board, in amounts sufficient to ensure that the total revenue generated by the collection of such fees approximates the direct and indirect costs incurred by the licensing authority in carrying out its duties under this part 6. The amounts of all fees shall be reviewed annually. The licensing authority shall furnish to the board both an annual and a quarterly accounting of all fee and fine revenues received and expenditures made pursuant to this part 6, together with a list of all fees in effect.

(b) The cost of implementing the electronic application and report filing system required by section 24-21-605 (1)(c), including the cost of promulgating any new or amended rules for use of the system, shall be recovered through a temporary fee increase or surcharge assessed on licensees during the first five years of operation of the system. The licensing authority shall establish the temporary fee or surcharge on a sliding or graduated scale, based on the quarterly gross receipts of each licensee that is required to file quarterly reports or pay fees under section 24-21-621 (4) or 24-21-622 (6)(b), and in an amount sufficient to recover all of such costs within the five-year period.

(3) All fines assessed pursuant to this part 6 shall be paid to the state treasurer who shall credit the same to the general fund of the state.

24-21-607. Bingo-raffle license - fee. (1) A bona fide chartered branch, lodge, or chapter of a national or state organization or any bona fide religious, charitable, labor, fraternal,

educational, voluntary firefighters', or veterans' organization or any association, successor, or combination of association and successor of any of these organizations that operates without profit to its members, has been in existence continuously for a period of five years immediately prior to the making of application for a bingo-raffle license under this part 6, and has had during the entire five-year period dues-paying members engaged in carrying out the objects of the corporation or organization is eligible for a bingo-raffle license to be issued by the licensing authority under this part 6. If a license is revoked, the bingo-raffle licensee and holder thereof is not eligible to apply for another license under subsection (2) of this section for no more than one year after the date of the revocation.

(2) The bingo-raffle licenses provided by this part 6 shall be issued by the licensing authority to applicants qualified under this part 6 upon payment of a fee established in accordance with section 24-21-606 (2). Licenses expire at the end of the calendar year in which they were issued by the licensing authority and may be renewed by the licensing authority upon the filing of an application for renewal thereof provided by the licensing authority and the payment of the fee established for the renewal. No license granted under this part 6 or any renewal thereof is transferable. The fees required to be paid for a new or renewal license shall be deposited in the department of state cash fund created in section 24-21-104 (3)(b).

Editor's note: This section is similar to former § 12-9-104 as it existed prior to 2017.

24-21-608. Landlord licensees - stipulations. (1) A person other than a landlord licensee shall not rent or offer to rent to any bingo-raffle licensee any premises to be used to conduct games of chance. A lease of the premises for a bingo occasion must be for a period of at least five consecutive hours unless the landlord licensee and bingo-raffle licensee agree to a shorter or longer period. The amount of rent to be charged, and the method used to calculate such rent, shall be established by agreement between the parties.

(2) No landlord licensee or any employee of a landlord licensee shall require, induce, or coerce a bingo-raffle licensee to enter into any contract, agreement, or lease contrary to this part 6.

(3) No landlord licensee or any employee of a landlord licensee shall require, induce, or coerce a bingo-raffle licensee to purchase supplies or equipment, or to purchase or lease electronic devices used as aids in the game of bingo, from a particular supplier, distributor, or manufacturer as a condition of conducting games of chance at a commercial bingo facility.

(4) Rent charged to a bingo-raffle licensee by a landlord licensee for the use of a commercial bingo facility shall cover all expenses and items reasonably necessary for the use of the commercial bingo facility for a bingo occasion including, but not limited to, insurance and maintenance for such facility, adequate and secure storage space, restrooms, janitorial services, and utilities.

(5) No activity or business other than licensed games of chance may be conducted in a commercial bingo facility within space leased to a bingo-raffle licensee during the time allocated to the bingo-raffle licensee with the exception of the sale of food, beverages, bingo-related merchandise and supplies, the operation of an automated cash service device, and such other

activities and businesses as the bingo-raffle licensee may agree to. A landlord licensee may conduct other businesses and activities in space not included in the bingo-raffle licensee's rental agreement and in which games of chance are not held.

(6) A landlord licensee or any employee or agent of a landlord licensee shall not be a party responsible for or assisting with the conduct, management, or operation of any game of chance within Colorado; except that a landlord licensee that is also a bingo-raffle licensee may conduct such activities as its bingo-raffle license allows exclusively on its own behalf.

(7) Notwithstanding subsection (6) of this section, a landlord, supplier, or manufacturer licensee may instruct and train a bingo-raffle licensee in the repair, operation, and maintenance of bingo-raffle equipment, subject to specific criteria established by rule.

(8) Every landlord licensee shall file with the licensing authority all leases, agreements, and other documents required in order for a bingo-raffle licensee to lease its commercial bingo facility.

24-21-609. Application for bingo-raffle license. (1) Each applicant for a bingo-raffle license to be issued under this section shall file with the licensing authority a written application in the form prescribed by the licensing authority, duly executed and verified, and in which shall be stated:

- (a) The name and address of the applicant;
- (b) Sufficient facts relating to its incorporation and organization to enable the licensing authority to determine whether or not it is a bona fide chartered branch, lodge, or chapter of a national or state organization or a bona fide religious, charitable, labor, fraternal, educational, voluntary firefighters', or veterans' organization that operates without profit to its members, has been in existence continuously for a period of five years immediately prior to the making of said application for such license, and has had during the entire five-year period dues-paying members engaged in carrying out the objectives of said applicant;
- (c) The names and addresses of its officers;
- (d) The specific kind of games of chance intended to be held, operated, and conducted by the applicant;
- (e) (I) The place where such games of chance are intended to be held, operated, and conducted by the applicant under the license applied for; or
(II) In the case of the application of an exempt organization, the place or places where drawings are intended to be held, operated, and conducted by the organization under the license applied for;
- (f) A statement that no commission, salary, compensation, reward, or recompense will be paid to any person for holding, operating, or conducting such games of chance or for assisting therein except as otherwise provided in this part 6;
- (g) Such other information deemed advisable by the licensing authority to ensure that the applicant falls within the restrictions set forth by the state constitution.

(2) (a) In each application there shall be designated active members of the applicant organization under whom the games of chance described in the application are to be held, operated, and conducted, and to the application shall be appended a statement executed by the applicant and by the members so designated that they will be responsible for the holding, operation, and conduct of such games of chance in accordance with the terms of the license and this part 6.

(b) Each designated games manager must have been an active member of the applicant for at least the six months immediately preceding his or her designation and shall be certified by the licensing authority pursuant to section 24-21-610 before assuming games management duties.

(3) In the event any premises are to be leased or rented in connection with the holding, operating, or conducting of any game of chance under this part 6, a written statement shall accompany the application signed and verified by the applicant, which must state the address of the leased or rented premises and the amount of rent that will be paid for said premises and which must certify that the premises are to be rented from a landlord licensee.

24-21-610. Games managers - certification. (1) The licensing authority shall issue a games manager certification to any qualified applicant who has demonstrated sufficient knowledge of this part 6, as determined by the licensing authority, and who has paid the fee established in accordance with section 24-21-606 (2). A games manager certification shall be valid for a time period to be determined by the licensing authority by rule, and may be denied, suspended, or revoked for any violation of this part 6 or any rule or order of the licensing authority promulgated or issued pursuant to this part 6.

(2) A person is not eligible for certification or to act as a games manager in the conduct of a game of chance pursuant to this part 6 unless the person is eighteen years of age or older.

(3) A person is not eligible for certification or to act as a games manager in the conduct of any game of chance pursuant to this part 6 if the person has been convicted of any misdemeanor involving gambling or any felony.

(4) Unless authorized by the licensing authority in accordance with the rules of the licensing authority, a person shall not be designated or serve as a games manager for more than three bingo-raffle licensees simultaneously. The licensing authority may promulgate rules establishing the circumstances under which a person may be designated and serve as games manager for more than three bingo-raffle licensees.

24-21-611. Application for landlord license - fee. (1) Each applicant for a landlord license shall file with the licensing authority a written application, duly executed and verified, in the form presented by the licensing authority, which application shall include, but not be limited to, the following information:

(a) The name and address of the landlord and, if such commercial landlord is a corporation, partnership, association, or other business entity, the names and addresses of all partners, associates, and persons holding an ownership interest of ten percent or more;

(b) The name and address of the landlord's resident agent if the commercial landlord does not reside in Colorado and the location in Colorado where its records will be available to the licensing authority;

(c) The location of the premises for which the applicant is seeking such license;

(d) A statement by the landlord or the chief executive officer of the landlord that the landlord is familiar with the provisions of this part 6 as to commercial bingo facilities and landlords thereof and accepts responsibility for compliance with such provisions;

(e) A statement by the landlord or the chief executive of the landlord that the primary purpose of the premises described in subsection (1)(c) of this section is the conduct of bingo occasions.

(2) Each application shall designate an individual who shall act as agent for the landlord and who shall receive all communications concerning the license.

(3) Each application must include an affidavit signed by the applicant stating whether the landlord has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18 within the previous ten years. If the landlord is a corporation, limited liability company, or partnership, the affidavit must make the verification as to each officer and director of the corporation, each member and manager of the limited liability company, or each partner and associate of the partnership. A person that has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18 within the previous ten years is ineligible for a license issued pursuant to this section. A person that has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18 within more than the previous ten years shall disclose the information related to the conviction required by the licensing authority.

(4) A landlord license expires at the end of the calendar year in which it was issued. Each license issued shall be conspicuously displayed at the premises for which the license has been issued. No landlord license is transferable. The annual fee for each landlord license shall be established in accordance with section 24-21-606 (2).

24-21-612. Application for manufacturer license. (1) Each application for a manufacturer license must include, but not be limited to, the following information:

(a) The name and address of the applicant;

(b) The name and address of the manufacturer and, if the manufacturer is a corporation, the name and address of each officer, director, and shareholder holding an ownership interest of ten percent or more;

(c) A description of the equipment manufactured in connection with games of chance activities in Colorado;

(d) The name and address of the resident agent of the manufacturer if the applicant does not reside in Colorado and the location in Colorado where the records of the manufacturer will be available to the licensing authority;

(e) The names and addresses of the Colorado suppliers and agents of the manufacturer; and

(f) A statement by the manufacturer or the chief executive officer of the manufacturer that such manufacturer is familiar with the provisions of this part 6 as to bingo-raffle manufacturers and accepts responsibility for compliance with such provisions.

(2) Each application for a manufacturer license must include a statement regarding whether the applicant; its owners; its officers or directors if a corporation; or its members, managers, partners, or associates if another business entity, has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18. A person that has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18 within the previous ten years is ineligible for a license issued pursuant to this section. A person that has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18 within more than the previous ten years shall disclose the information related to the conviction required by the licensing authority.

(3) Any bingo-raffle manufacturer, upon filing a true, complete, written, verified application in the form presented by the licensing authority, together with the fee for the license, is eligible for a manufacturer license. A manufacturer license shall be renewed annually, on or before March 31 of each year in which such licensee engages in or anticipates engaging in a licensed activity. A manufacturer license is nontransferable. The annual fee for each license shall be established in accordance with section 24-21-606 (2).

24-21-613. Application for supplier license. (1) Each application for a supplier license must include, but not be limited to, the following information:

(a) The name and address of the applicant;

(b) The name and address of the supplier and, if the supplier is a corporation, the name and address of each officer, director, and shareholder holding an ownership interest of ten percent or more;

(c) A description of the equipment and supplies sold or distributed in connection with games of chance activities in Colorado;

(d) The name and address of the resident agent of the supplier if the applicant does not reside in Colorado and the location in Colorado where the records of the supplier will be available to the licensing authority;

(e) The names and addresses of the Colorado manufacturers and Colorado agents of the supplier; and

(f) A statement by the supplier or the chief executive officer of the supplier that such supplier is familiar with the provisions of this part 6 as to bingo-raffle suppliers and accepts responsibility for compliance with such provisions.

(2) Each application for a supplier license must include a statement regarding whether the applicant; its owners; its officers or directors if a corporation; or its members, managers, partners, or associates if another business entity, has been convicted of any felony, theft by deception, or offense involving gambling as defined in article 10 of title 18. A person that has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18 within the previous ten years is ineligible for a license issued pursuant to this section. A person that has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18 within more than the previous ten years shall disclose the information related to the conviction required by the licensing authority.

(3) Any bingo-raffle supplier, upon filing a true, complete, written, verified application in the form presented by the licensing authority, together with the fee for the license, is eligible for a supplier license. A supplier license shall be renewed annually, on or before March 31 of each year in which such licensee engages in or anticipates engaging in a licensed activity. A supplier license is nontransferable. The annual fee for each license shall be established in accordance with section 24-21-606 (2).

24-21-614. Application for manufacturer's agent license or supplier's agent license.

(1) Each application for a manufacturer's agent license or supplier's agent license must include, but not be limited to, the following information:

(a) The name and address of the applicant;

(b) The name and address of the supplier or manufacturer represented by the applicant;

(c) A statement by the applicant that he or she has read, understands, and will comply with this part 6 as to manufacturer's and supplier's agents and the conditions of the agent's license;

(d) A statement by the chief executive officer of the manufacturer or supplier represented by the agent, which statement acknowledges consent to representation by the applicant; and

(e) The location in Colorado where the agent's records of sales and distributions of bingo and raffle equipment and supplies will be available to the licensing authority.

(2) Each agent's application must include a statement regarding whether the applicant has been convicted of any felony, theft by deception, or offense involving gambling as defined in article 10 of title 18. A person that has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18 within the previous ten years is ineligible for a license issued pursuant to this section. A person that has been convicted of any felony, theft by deception, or gambling-related offense as defined in article 10 of title 18 within

more than the previous ten years shall disclose the information related to the conviction required by the licensing authority.

(3) Any supplier's agent or manufacturer's agent, upon filing a complete, written, verified application in the form presented by the licensing authority, together with the fee for the license, is eligible for a manufacturer's or supplier's agent license. A manufacturer's or supplier's agent license shall be renewed annually, on or before March 31 of each year in which such licensee engages in or anticipates engaging in a licensed activity. Neither a manufacturer's agent license nor a supplier's agent license is transferable. The annual fee for each license shall be established in accordance with section 24-21-606 (2).

24-21-615. Persons permitted to conduct games of chance - form of bingo-raffle licenses - display. (1) A person, firm, or organization within this state shall not conduct a game of chance without a bingo-raffle license issued by the licensing authority. Only an active member of the organization to which the bingo-raffle license is issued may hold, operate, or conduct games of chance under a license issued under this part 6, and a person shall not assist in the holding, operating, or conducting of any games of chance under a bingo-raffle license except an active member or a member of an organization or association that is an auxiliary to the licensee, a member of an organization or association of which the licensee is an auxiliary, or a member of an organization or association that is affiliated with the licensee by being, with it, auxiliary to another organization or association. A licensee shall incur or pay only bona fide expenses in a reasonable amount for goods, wares, and merchandise furnished or services rendered that are reasonably necessary for the holding, operating, or conducting of a game of chance.

(2) Each bingo-raffle license must contain a statement of the name and address of the licensee and the place where bingo or lotto games or the drawing of the raffles is to be held. If the bingo-raffle licensee moves from the games or drawing location listed on its license, the bingo-raffle licensee must notify the licensing authority in writing prior to commencing bingo or conducting a raffle drawing at the new location. The licensing authority may issue a letter of authorization to move the location of the bingo or lotto games or the drawing of the raffles. The letter of authorization must remain with the original license and must be available for inspection at the place where games or drawings are to be held. A license issued for an exempt organization must include the place or places where drawings are to be held. Except as specified in subsection (4) of this section, each bingo-raffle license issued for the conduct of any games of chance must be conspicuously displayed at the place where the game is to be conducted or the drawings held at all times during the conduct thereof. An exempt organization may comply with this section by providing written notice of a license to all employees of a participating private business or government agency holding a fund-raising drive that includes a drawing on behalf of the organization. The notice must state that the license is available for public inspection during reasonable business hours and must specify where the license is maintained for inspection.

(3) A licensee shall conspicuously display, at the place where a game is being conducted, its license issued for the conduct of games of chance at all times during the conduct of the game and for at least thirty minutes after the last game has been concluded.

(4) Notwithstanding subsection (2) of this section, a bingo-raffle licensee conducting a pull tab game for the benefit of its members and guests on premises that are owned by it, or leased by it for purposes other than the conduct of a bingo occasion, may display a copy of its license, in a format approved by the licensing authority, on the premises during any time the licensee is also conducting a bingo or raffle occasion at a separate location.

24-21-616. Form of landlord license - display - fee. (1) Each landlord license must contain a statement of the name and address of the licensee and the location of the premises. Each license issued shall be conspicuously displayed at the premises for which the license has been issued.

(2) A landlord license shall be issued to qualified applicants by the licensing authority upon payment of a fee and completion and approval of the landlord license application pursuant to section 24-21-611. The license expires at the end of the calendar year in which it was issued by the licensing authority and may be renewed upon the filing and approval of an application for renewal provided by the licensing authority and the payment of a fee. No landlord license is transferable. The fees required to be paid for new and renewed licenses shall be established in accordance with section 24-21-606 (2).

Editor's note: This section is similar to former § 12-9-106.5 as it existed prior to 2017.

24-21-617. General conduct games of chance - premises - equipment - expenses - rules. (1) A licensee shall not hold, operate, or conduct a game of bingo or lotto more often than as specified by the licensing authority by rule, after consultation with the board.

(2) A person or licensee shall not permit any person under eighteen years of age to purchase the opportunity to participate in any game of chance or purchase a ticket in a pull tab game.

(3) A person or licensee shall not permit any person under fourteen years of age to assist in the conduct of bingo or pull tabs.

(4) A licensee shall not offer or give an alcoholic beverage as a prize in a game of chance.

(5) The licensing authority shall establish by rule the method of play and amount of prizes that may be awarded; except that the maximum prize that may be awarded must be at least five hundred dollars.

(6) Food offered in the course of a volunteer duty shift and consumed on the premises where the game of chance is being conducted is not remuneration if the retail value of the food offered does not exceed the maximum amount per volunteer set by rule.

(7) (a) The officers of a bingo-raffle licensee shall designate one or more bona fide, active members of the licensee as its games managers to be in charge of and primarily responsible for the conduct of the games of bingo or lotto on each occasion. The games managers shall supervise all activities on the occasion for which they are in charge and are responsible for making all required reports. The games managers, governing board of the licensee, and the individual acting in the role of a treasurer on behalf of the licensee must be familiar with all applicable provisions of state law, the rules of the licensing authority, and the license. The governing board of the licensee is ultimately responsible for the maintenance of books and records and the filing of the reports pursuant to this section. At least one games manager shall be present on the premises continuously during the games and for a period sufficient to ensure that all books and records for the occasion have been closed and that all supplies and equipment have been secured.

(b) An exempt organization may designate more than one of its bona fide, active members in order to comply with this subsection (7).

(8) The officers of a bingo-raffle licensee shall designate an officer to be in full charge of and primarily responsible for the proper utilization of the entire net proceeds of any game in accordance with the state law.

(9) The premises where any game of chance is being held, operated, or conducted, or is intended to be held, operated, or conducted, or where it is intended that any equipment be used, must be kept open to inspection at all times by the licensing authority, its agents and employees, and peace officers of any political subdivision of the state.

(10) (a) In conducting a bingo or pull tab game, a bingo-raffle licensee may operate equipment if the bingo-raffle licensee:

(I) Leases the equipment from a manufacturer licensee or supplier licensee on premises that are owned, leased, or rented by the licensee, used as the licensee's principal place of business, and controlled so that admittance to the premises is limited to the licensee's members and bona fide guests;

(II) Owns the equipment; or

(III) Leases equipment that is owned or leased by a landlord licensee.

(b) Nothing in this subsection (10) prohibits a bingo-raffle licensee from leasing electronic devices used as aids in the game of bingo.

(11) A licensee shall not possess, use, sell, offer for sale, or put into play any bingo or pull tab game, ticket, card, or sheet unless it conforms to the definitions and requirements of this part 6 and was purchased by the licensee from a licensed bingo-raffle manufacturer or supplier or from a licensed agent of a bingo-raffle manufacturer or supplier. A licensee shall not possess, use, sell, offer for sale, or put into play any electronic device used as an aid in the game of bingo or any other equipment unless it conforms to the requirements of this part 6 and was purchased or leased by the licensee from a licensed bingo-raffle manufacturer or supplier or from a licensed agent of a bingo-raffle manufacturer or supplier.

(12) In order to possess, use, sell, offer for sale, or put into play any bingo or pull tab game, ticket, card, or sheet, a licensee must have at the location of the game an invoice from its

licensed supplier showing at least the name, description, and serial number of the pull tab deal, card, or sheet.

(13) The licensing authority shall establish, by rule, safeguards to protect the bingo-raffle licensee's players against defaults in charitable gaming debts owed or to become payable by the bingo-raffle licensee.

(14) The net proceeds derived from the holding of games of chance must be devoted, within one year, to the lawful purposes of the organization permitted to conduct the game of chance. Any organization desiring to hold the net proceeds of games of chance for a period longer than one year must apply to the licensing authority for special permission and, upon good cause shown, the licensing authority may grant the request.

(15) The licensing authority may require a licensee that does not report, during any one-year licensing period, positive net proceeds to show cause before the licensing authority why its right to conduct games of chance should not be suspended or revoked. The licensing authority may establish by rule the conditions for suspending, revoking, or refusing to renew a license to conduct charitable gaming for failure to report positive net proceeds.

24-21-618. Conduct of bingo games. (1) In the playing of bingo, only persons who are physically present on the premises where the game is actually conducted may participate as players in the game.

(2) (a) A person shall not act as a caller or assistant to the caller in the conduct of any game of bingo unless the person has been a member in good standing of the bingo-raffle licensee conducting the game or one of its licensed auxiliaries for at least three months immediately prior to the date of the game, is of good moral character, and never has been convicted of a misdemeanor involving gambling or any felony.

(b) An owner, co-owner, or lessee of premises or, if a corporation is the owner of the premises, any officer, director, or stockholder owning more than ten percent of the outstanding stock must not be a person responsible for or assisting in the holding, operating, or conducting of any game of bingo.

(3) (a) The equipment used in the playing of bingo and the method of play must be such that each card has an equal opportunity to win. The objects or balls to be drawn must be essentially the same as to size, shape, weight, balance, and all other characteristics that may influence their selection. All objects or balls must be present in the receptacle before each game begins. All numbers announced must be plainly and clearly audible to all the players present. Where more than one room is used for any one game, the receptacle and the caller must be present in the room where the greatest number of players are present, and all numbers announced must be plainly audible to the players in the aforesaid room and also audible to the players in the other rooms.

(b) The receptacle and the caller must be visible to all the players at all times except where more than one room is used for any one game, in which case subsection (3)(a) of this section applies.

(c) The particular arrangement of numbers required to be covered in order to win the game and the amount of the prize must be clearly and audibly described and announced to the players immediately before each game begins.

(d) An operator shall not reserve or allow to be reserved any bingo cards for use by players except braille cards or other cards for use by legally blind players. A person who is legally blind may use his or her personal braille cards when a licensed organization does not provide such cards. A licensed organization may inspect and reject any personal braille card. A person who is legally blind or an individual with a disability may use a braille card or hard card in place of a purchased disposable paper bingo card.

(e) Any player may call for a verification of all numbers drawn at the time a winner is determined and for a verification of the objects or balls remaining in the receptacle and not yet drawn. The verification shall be made in the immediate presence of the member designated to be in charge of the occasion, but if that member is also the caller, then in the immediate presence of any officer of the licensee.

(4) When any merchandise prize is awarded in a game of bingo, its value is its current retail price. A merchandise prize is not redeemable or convertible into cash directly or indirectly.

(5) (a) Notwithstanding the limitations stated in section 24-21-617 (5), during a bingo occasion a bingo-raffle licensee may also start a single game of progressive bingo, in an amount established by rule by the licensing authority, in which the game is won when a previously designated arrangement of numbers or spaces on the card or sheet is covered within a previously designated number of objects or balls drawn. If the game is not won within the drawing of the previously designated number of objects or balls, the game must be replayed either during each subsequent occasion the licensee conducts at the same location or during each subsequent occasion that falls on the same day of the week at the same location, using the previously designated arrangement of numbers or spaces.

(b) A bingo-raffle licensee may award a consolation prize for a game of progressive bingo. The bingo-raffle licensee determines the amount of the consolation prize. Notice of the amount must be conspicuously displayed before the beginning of the bingo-raffle occasion, and the amount is included as part of the aggregate amount of all prizes offered or given in games played on a single occasion, as set forth in subsection (5)(a) of this section. If a consolation prize is offered and the progressive prize is not won, the game continues until the previously designated arrangement of numbers or spaces on the card or sheet is covered, regardless of the number of balls drawn, in order to determine the winner of the consolation prize. If a consolation prize is not offered, the progressive game ends when the last of the previously designated number of balls is drawn and must be replayed in accordance with subsection (5)(a) of this section. If a consolation prize is offered and the progressive prize is won, the licensee may opt to award the consolation prize during that occasion. If the consolation prize is awarded, the licensee must include the total amount of the consolation prize in the total amount of any subsequent games offered in the session, not to exceed the maximum allowed for the occasion.

(c) A bingo-raffle licensee may fund a secondary jackpot from ten percent of the gross proceeds collected from the sale of progressive cards or sheets at the occasion where the game is offered. Notwithstanding the limitation stated in subsection (5)(a) of this section, the amount in

the secondary jackpot may be used to start a single game of progressive bingo after a previous progressive jackpot is won.

(d) The licensing authority may establish by rule the maximum jackpot that may be awarded in a progressive bingo game; except that the maximum jackpot must be at least fifteen thousand dollars.

(e) The licensing authority may establish by rule the maximum number of progressive bingo games, not less than one, that may be conducted during an occasion. In order to ensure that all prizes offered are timely awarded, the licensing authority may limit by rule the number of occasions in which a progressive bingo game may be conducted before a prize must be awarded; except that the maximum number of occasions must be at least thirty.

(6) (a) Equipment, prizes, and supplies for games of bingo must not be purchased or sold at prices in excess of the usual price thereof. A licensee shall not sell or offer for sale any game of chance, or supplies for a game of chance, that is not authorized by this part 6 or by rules adopted by the licensing authority pursuant to this part 6.

(b) Cards and sheets that are designed or intended for use with electronic devices used as aids in the game of bingo shall not be purchased or sold at prices in excess of the usual price of cards and sheets that are not designed or intended for use with electronic devices used as aids in the game of bingo. Charges imposed by any manufacturer, supplier, agent thereof, or bingo-raffle licensee for cards and sheets that are designed or intended for use with electronic devices used as aids in the game of bingo shall be stated and imposed separately from any charges imposed by the manufacturer, supplier, agent thereof, or bingo-raffle licensee for the purchase, lease, or use of electronic devices used as aids in the game of bingo. Manufacturers, suppliers, and their agents shall not include costs attributable to the manufacture or distribution of electronic devices used as aids in the game of bingo in charges imposed for the purchase or lease of equipment, including cards and sheets.

(7) (a) If a card or sheet is played with the aid of an electronic device, a winning bingo may be determined and verified either by reference to the card or sheet or by reference to the electronic device. Nothing in this part 6 authorizes the playing of bingo solely by means of an electronic device.

(b) A bingo-raffle licensee shall adequately mark, destroy, or dispose of cards or sheets played with the aid of an electronic device in order to prevent the reuse of those cards or sheets.

(c) The licensing authority may establish by rule the maximum number of bingo cards that a bingo player who plays using the aid of an electronic device is permitted to use with the aid of such a device per game; except that the maximum number must be at least one hundred.

(d) A bingo-raffle licensee is not required to use or offer the use of electronic devices used as aids in the game of bingo during a bingo session.

(8) (a) With the application for a letter ruling pursuant to section 24-21-605 (1)(d) for the approval of a new type of electronic device used in the aid of bingo, the manufacturer of the device must provide the following to the licensing authority:

(I) A prototype of the new type of electronic device used in the aid of bingo with a prototype bingo aid computer system and a user's manual used for such electronic device; and

(II) A certification by the manufacturer that the new type of electronic device used in the aid of bingo and all such electronic devices used in the state meet the following standards:

(A) The electronic device provides a means for the input of numbers announced by a bingo caller;

(B) The electronic device compares the numbers entered to the numbers contained on bingo cards previously stored in the electronic database of the electronic device;

(C) The electronic device identifies winning bingo patterns; and

(D) The electronic device signals when a winning bingo pattern is achieved.

(b) The licensing authority shall return the prototype electronic device used in the aid of bingo, the prototype bingo aid computer system, and the user's manual submitted pursuant to subsection (8)(a)(I) of this section no later than forty-five days after receiving the items.

(c) When a complaint regarding an electronic device used in the aid of bingo that is in use in the state of Colorado has been filed with the licensing authority, the manufacturer of the device shall provide to the licensing authority a sample of the device and bingo aid computer system to assist the investigation by the licensing authority. The licensing authority shall return the electronic device and bingo aid computer system no later than forty-five days after receiving them unless they are needed longer to complete the investigation.

(d) Any electronic device used in the aid of bingo, bingo aid computer system, or user's manual for such a device that is in the custody of the licensing authority pursuant to this section is not a public record.

(9) A bingo aid computer system used by a bingo-raffle licensee for bingo sessions must meet the following standards:

(a) The system must contain a record of all transactions occurring during a bingo-raffle session. The record must be retained in memory until the transactions have been totaled, printed, and cleared by the bingo-raffle licensee, regardless of whether the power supply has been interrupted.

(b) The system must be able to compute and total all transactions processed by the system during a bingo-raffle session and to print all information required by the licensing authority, in the form prescribed by the licensing authority.

(c) The system must maintain and control the time, date of sale, and transaction number, keeping the information secure enough that only a manufacturer's qualified personnel can change or reset the information. The manufacturer's qualified personnel shall retain a detailed record for each service call that involves a change of the time, date of sale, or transaction number.

(10) If an electronic device used as an aid in the game of bingo complies with subsections (8)(a)(II)(A) to (8)(a)(II)(D) of this section, and if the bingo aid computer system for the electronic device substantially complies with the requirements of subsection (9) of this section, the licensing authority shall approve the electronic device and computer system for use by a letter ruling pursuant to section 24-21-605 (1)(d).

24-21-619. Conduct of pull tabs - license revocation - rules - definitions. (1) A licensee shall not sell, offer for sale, or put into play any pull tab ticket except at the location of and during its licensed bingo occasions or upon premises that are:

(a) Owned, leased, or rented by the bingo-raffle licensee, used as its principal place of business, and controlled so that admittance to the premises is limited to the bingo-raffle licensee's members and bona fide guests; or

(b) Owned, leased, or rented by a landlord licensee.

(2) A bingo-raffle licensee may offer a prize to the purchaser of a last sale ticket in a pull tab game, deal, or series without regard to its winning or nonwinning status as revealed if broken or torn apart.

(3) A bingo-raffle licensee may offer one or more event pull tab series. For the purposes of this subsection (3):

(a) "Event pull tab series" means a pull tab series that includes a predetermined number of paper pull tabs that allow a player to advance to an event round.

(b) "Event round" means a secondary element of chance where the prizes are determined based on pull tabs that match specific winning numbers drawn in a bingo game and the winning numbers shall fall within numbers one to seventy-five, inclusive.

(4) (a) A bingo-raffle licensee may offer a progressive pull tab game in which a prize may be carried over and increased from one deal to another until a prize is awarded. The game may include a subsequent pull tab deal bearing a different serial number from that offered in a previous deal. A licensee shall not offer or give a prize greater, in amount or value, than five thousand dollars in any progressive pull tab game. The licensing authority may limit by rule the types of progressive pull tab games allowed to be sold by supplier licensees.

(b) When a deal of progressive pull tabs is received in two or more packages, boxes, or other containers, all of the progressive pull tabs from the respective packages, boxes, or other containers must be placed out for play at the same time.

(5) (a) A licensee shall not possess, use, sell, offer for sale, or put into play any computerized or electromechanical facsimile of a pull tab game.

(b) A licensee shall not possess, use, sell, offer for sale, or put into play any device that reveals the winning or nonwinning status of a pull tab ticket unless the device has been tested, approved, and licensed pursuant to subsection (6) of this section and not subsequently altered or tampered with.

(c) Any of the following persons that are found to have violated subsection (5)(a) of this section are subject to immediate and permanent revocation of all licenses issued under this part 6:

(I) The manufacturer of the device;

(II) The supplier through which the device was supplied;

(III) The landlord licensee on whose premises the device was found; and

(IV) The bingo-raffle licensee of the occasion during which the device was present.

(6) (a) The licensing authority shall test, inspect, and license every mechanical, electronic, or electromechanical device that reveals the winning or nonwinning status of a pull tab ticket before the device is used in charitable gaming. The licensing authority shall employ an independent contractor to conduct the tests and inspections, the cost of which shall be borne by the manufacturer or supplier seeking approval of the device. The licensing authority shall not issue a license for a device until the device is secured in a manner prescribed by the licensing authority and the contractor receives payment in full for the cost of all tests and inspections.

(b) Every person shipping or importing into Colorado a device subject to subsection (6)(a) of this section shall provide the licensing authority with a copy of the shipping invoice at

the time of shipment. The invoice must contain, at a minimum, the destination of the shipment and the serial number and description of each device being transported.

(c) Every person receiving a device subject to subsection (6)(a) of this section shall, upon receipt of the device, provide the licensing authority with the serial number and description of each device received and information describing the location of each device. The requirements of this subsection (6)(c) apply regardless of whether the device is received from a licensed supplier or from any other source.

(d) A device licensed pursuant to this subsection (6) is licensed for and may only be used in one specific licensed location identified by the licensing authority. Any movement of the device from the licensed location for use at another licensed location shall be reported to and must be approved by the licensing authority in advance.

(e) The licensing authority may adopt rules and prescribe all necessary forms in furtherance of this subsection (6).

(f) Notwithstanding any other provision of this part 6, the licensing authority shall not license:

(I) A pull tab game that is stored, electronically or otherwise, within a device and designed to be played on such device; or

(II) Any device that qualifies as a slot machine pursuant to section 9 (4)(c) of article XVIII of the Colorado constitution.

(g) The prohibition contained in subsection (6)(f) of this section does not prohibit the licensing of:

(I) A device that merely dispenses pull tab tickets to players; or

(II) A device that merely reads or validates a pull tab ticket inserted by a player, if:

(A) The pull tab ticket itself displays its winning or nonwinning status so that use of the device is not required to determine such status; and

(B) The device cannot be used in a manner that would qualify it as a slot machine pursuant to section 9 (4)(c) of article XVIII of the Colorado constitution.

24-21-620. Conduct of raffles - rules. (1) The licensing authority shall not require an exempt organization to use raffle tickets in any particular form or displaying any particular information that would cause undue expense to the exempt organization and therefore interfere with the charitable fund-raising drive of the organization.

(2) (a) A bingo-raffle licensee may offer a progressive raffle in which a jackpot may be carried over and increased from one drawing to another until the jackpot is awarded. If the jackpot is not awarded at a drawing, the bingo-raffle licensee shall conduct a new drawing at the same location at a time and date determined by the bingo-raffle licensee.

(b) A bingo-raffle licensee may award a consolation prize for a progressive raffle. The bingo-raffle licensee may designate the consolation prize as either a specified amount or a specified percentage of the gross proceeds collected from the sale of raffle tickets for a particular

drawing. The bingo-raffle licensee may determine the amount of the jackpot based on the gross proceeds collected from the sale of raffle tickets for a particular drawing plus the value of the jackpot carried over from previous drawings in which the jackpot was not awarded. If a consolation prize is offered and the progressive prize is won, the licensee may opt to award the consolation prize for that particular drawing.

(c) If the bingo-raffle licensee offers a consolation prize, the bingo-raffle licensee shall, before the drawing:

(I) Designate the specific amount or specific percentage of the gross proceeds collected from the sale of raffle tickets that the consolation prize equals; and

(II) Conspicuously display the amount or percentage of the gross proceeds collected that the consolation prize equals.

(d) The licensing authority may establish by rule the maximum jackpot that a bingo-raffle licensee may award for a progressive raffle; except that, notwithstanding section 24-21-617 (5), the maximum jackpot must be at least fifteen thousand dollars. The maximum jackpot does not include the aggregate amount of consolation prizes awarded.

(e) The licensing authority may establish by rule the maximum number of progressive raffles that a bingo-raffle licensee may conduct simultaneously. To ensure that all prizes offered are timely awarded, the licensing authority may limit by rule the number of drawings that a bingo-raffle licensee may conduct before a jackpot must be awarded; except that the maximum number of drawings must be at least thirty.

(f) (I) The licensing authority may establish by rule the permitted methods of conducting a progressive raffle.

(II) The licensing authority may not prohibit those methods of conducting a progressive raffle in which the participant whose ticket number is drawn wins both a prize for the winning ticket number and a chance to win the jackpot.

24-21-621. Persons permitted to manufacture and distribute games of chance equipment - reporting requirements. (1) A person other than a manufacturer licensee or licensed agent shall not act as a bingo-raffle manufacturer within Colorado. The manufacture of electronic devices used as aids in the game of bingo, and the printing of raffle tickets other than pull tabs, as designed and requested by a licensee, does not constitute the manufacture of games of chance equipment; except that such electronic devices are subject to the reporting requirements of subsections (4) and (5) of this section, and the fees established by the licensing authority in accordance with section 24-21-606 (2) and subsection (4) of this section.

(2) An individual shall not act for or represent a landlord, manufacturer, or supplier licensee with respect to an activity covered by such license unless such individual is the licensee's owner, officer, director, partner, member, or ten percent or more shareholder of record with the licensing authority, or is the manufacturer's or supplier's licensed agent. A manufacturer or supplier licensee shall not allow any person not authorized by this subsection (2) to represent it or serve as its agent with regard to any Colorado transaction.

(3) Except to the extent otherwise provided in section 24-21-615 (1), a manufacturer or supplier licensee or licensed agent shall not buy, receive, sell, lease, furnish, or distribute any pull tabs, bingo cards or sheets, electronic devices used as aids in the game of bingo, or other games of chance equipment from or to any person within Colorado other than manufacturer or supplier licensees or agents and bingo-raffle licensees; except that:

(a) A landlord licensee, supplier, or manufacturer or its agent may sell, donate, or distribute cards, sheets, equipment, or electronic devices used as aids in the game of bingo for the playing of bingo not for resale to nursing homes and other entities that distribute the cards, sheets, or electronic devices and allow playing of the game free of charge, without consideration given or received by any person for the privilege of playing; and

(b) A bingo-raffle licensee may sell or donate its used equipment to another bingo-raffle licensee.

(4) Every manufacturer and supplier licensee shall file, upon forms prescribed by the licensing authority, quarterly reports on its licensed activities within Colorado. The reports must be accompanied by quarterly fees established by the licensing authority in accordance with section 24-21-606 (2) and deposited in the department of state cash fund created in section 24-21-104 (3)(b). The reports shall be filed with the licensing authority no later than April 30, July 31, October 31, and January 31 of each year licensed, and each report must cover the preceding calendar quarter. Reports must enumerate by quantity, purchaser or lessee, and price the pull tabs, bingo cards or sheets, electronic devices used as aids in the game of bingo, and other games of chance equipment manufactured, conveyed, or distributed within Colorado or for use or distribution in Colorado and must include the licensee's total sales, including amounts realized from leases, of equipment and electronic devices used as aids in the game of bingo and the names and addresses of all Colorado suppliers or agents of the licensee and shall be signed and verified by the owner or the chief executive officer of the licensee. These quarterly reports are not public records as defined in section 24-72-202.

(5) Every manufacturer or supplier licensee, and every licensed agent for such licensee, shall keep and maintain complete and accurate records, in accord with generally accepted accounting principles, of all licensed activities. The records shall include invoices for all games of chance equipment or electronic devices used as aids in the game of bingo conveyed or distributed within Colorado, or for use or distribution in Colorado, which invoices are specific as to the nature, description, quantity, and serial numbers of the pull tabs, bingo cards or sheets, electronic devices used as aids in the game of bingo, and other equipment so conveyed or distributed. The records shall also show all receipts and expenditures made in connection with licensed activities, including, but not limited to, records of sales by dates, purchasers, and items sold or leased, monthly bank account reconciliations, disbursement records, and credit memos for any returned items. These records shall be maintained for a period of at least three years.

(6) A manufacturer or supplier licensee or licensed agent must not be a person responsible for or assisting in the conduct, management, or operation of any game of chance within Colorado.

24-21-622. Bingo-raffle licensee's statement of receipts - expenses - fee - definitions.

(1) (a) On or before April 30, July 31, October 31, and January 31 of each year, every bingo-raffle licensee shall file with the licensing authority upon forms prescribed by the licensing authority a duly verified statement covering the preceding calendar quarter showing the amount of the gross receipts derived during said periods from games of chance, the expenses incurred or paid, and a brief description of the classification of such expenses, the net proceeds derived from games of chance, and the uses to which such net proceeds have been or are to be applied. Each licensee shall maintain and keep such books and records as may be necessary to substantiate the particulars of each such report.

(b) Exempt organizations are not subject to the requirements of this subsection (1), except to the extent that they shall file with the licensing authority statements showing the amount of the gross proceeds from their fund-raising drives and identifying all organizations receiving portions of such proceeds and the amounts received by each such organization.

(2) (a) If a bingo-raffle licensee fails to file reports within the time required or if reports are not properly verified or not fully, accurately, and truthfully completed, any existing license may be suspended until such time as the default has been corrected.

(b) Exempt organizations are subject to the requirements of this subsection (2) only to the extent that such requirements apply to subsection (1)(b) of this section.

(3) (a) All money collected or received from the sale of admission, extra regular cards, bingo strip cards, special game cards, sale of supplies, and all other receipts from the games of bingo, raffles, and pull tab games shall be deposited in a special checking or savings account, or both, of the licensee, which must contain only this money. If the licensee conducts progressive games of chance, the licensee may maintain one additional checking or savings account, which must contain only money received from the sale of progressive games. The licensee may withdraw money from these accounts only by consecutively numbered checks or withdrawal slips or by electronic transactions referenced by transaction number or date. A check or withdrawal slip must not be drawn to "cash" or a fictitious payee. The licensee shall maintain all of its books and records in accordance with generally accepted accounting principles.

(b) Exempt organizations are not subject to this subsection (3).

(4) No part of the net proceeds, after they have been given over to another organization, shall be used by the donee organization to pay any person for services rendered or materials purchased in connection with the conducting of bingo by the donor organization.

(5) No item of expense shall be incurred or paid in connection with holding, operating, or conducting a game of chance pursuant to a bingo-raffle license except bona fide expenses of a reasonable amount. Such expenses include those incurred in connection with all games of chance, for the following purposes:

(a) Advertising and marketing;

(b) Legal fees related to any action brought by the licensing authority against the bingo-raffle licensee in connection with games of chance;

(c) The purchase of goods, wares, and merchandise furnished to the licensee for the purpose of operating games of chance pursuant to this part 6;

(d) The purchase or lease of electronic devices used as aids in the game of bingo;

(e) Payment for services rendered that are reasonably necessary for repairs of equipment and operating or conducting games of chance;

(f) Rent, if the premises are rented, or for janitorial services if not rented;

- (g) Accountant's fees; and
- (h) License fees.

(6) (a) For the purposes enumerated in subsection (5) of this section, the following terms have the following meanings:

(I) "Goods, wares, and merchandise" means prizes, equipment, and articles of a minor nature.

(II) "Services rendered" means:

(A) The repair of equipment;

(B) Compensation to bookkeepers or accountants for services in preparing financial reports for a reasonable amount as determined by the licensing authority by rule. A landlord, manufacturer, or supplier licensee, or employee of a landlord, manufacturer, or supplier licensee, shall not act as a bookkeeper or accountant for a bingo-raffle licensee, nor shall a landlord, manufacturer, or supplier licensee offer or provide accounting or bookkeeping services in connection with the preparation of financial reports on bingo-raffle activities, except for the transfer or encoding of data necessitated by the sale, upgrade, or maintenance of accounting software sold or leased to a bingo-raffle licensee by a landlord, manufacturer, or supplier licensee. A landlord licensee that is also a bingo-raffle licensee may act as a bookkeeper or accountant on such licensee's own behalf.

(C) The rental of premises;

(D) A reasonable amount for janitorial service as determined by the licensing authority in rules for each occasion; and

(E) A reasonable amount for security expense based on established need as determined by the licensing authority in rules for each occasion.

(b) There shall be paid to the licensing authority an administrative fee, established in accordance with section 24-21-606 (2), upon the gross receipts of any game of chance held, operated, or conducted under this part 6; except that an exempt organization shall not be charged more than twenty dollars per year. All administrative fees collected by the licensing authority under this part 6 shall be deposited in the department of state cash fund created in section 24-21-104 (3)(b).

(7) Each licensee, at the time each financial report is submitted to the licensing authority, shall pay to the order of the licensing authority the amount of administration expense provided in subsection (6) of this section.

24-21-623. Examination of books and records - rules. The licensing authority and its agents have power to examine or cause to be examined the books and records of any licensee to which any license is issued pursuant to this part 6 insofar as they may relate to any transactions connected with activities under the license. The licensing authority may require by rule that licensees that have failed to keep proper books and records, or to maintain their books and records in accordance with generally accepted accounting principles, adopt certain internal

financial controls and attend training to ensure the integrity of the reporting of games of chance activities pursuant to this part 6.

24-21-625. Volunteer services - legislative declaration - immunity. (1) The Colorado constitution recognizes that the conduct of charitable gaming activities is directly related to the need of nonprofit organizations to fulfill their lawful purposes. Notwithstanding this recognition, however, the willingness of bingo-raffle volunteers to offer their services has been increasingly deterred by a perception that they put personal assets at risk should a tort action be filed seeking damages arising from their volunteer activities.

(2) All bingo-raffle volunteers are immune from civil actions and liabilities pursuant to section 13-21-115.5, which provides that volunteers are not personally liable for their acts or omissions if they are acting in good faith and within the scope of their official function and duty for a charitable organization, with respect to such organization's conduct of games of chance. Bingo-raffle volunteers are not liable under this section if the harm is not caused by willful and wanton misconduct, gross negligence, reckless misconduct, or a conscious, flagrant indifference to the rights or safety of the individual harmed.

24-21-626. Unfair trade practices. (1) The provisions of the "Unfair Practices Act", article 2 of title 6, and the "Colorado State Antitrust Act of 2023", article 4 of title 6, are specifically applicable to charitable gaming activities conducted by any licensee. Within thirty

days after receiving a complaint alleging a violation of either of the acts, the licensing authority shall transmit the complaint to the attorney general.

(2) The licensing authority shall revoke the license of a licensee that violates any provision of article 2 of title 6 or article 4 of title 6 for a period of one year after the date of the finding of the violation. Upon the expiration of such period, the licensee may apply for the issuance of a new license.

(2) Section 77 of chapter 427 (HB 23-1192), Session Laws of Colorado 2023, provides that the act changing this section applies to conduct occurring on or after June 7, 2023.

24-21-627. Common members - bingo-raffle licensees - definition. (1) For the purposes of this section, "bingo-raffle licensee affiliate" means the following:

(a) A person that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with, a bingo-raffle licensee specified; or

(b) A person that has an officer, director, member, manager, partner, games manager, salaried employee, or immediate family member in common with a bingo-raffle licensee.

(2) Proceeds from a bingo or raffle game that are transferred from a bingo-raffle licensee to a bingo-raffle licensee's affiliate shall not be used to pay the salary, remuneration, or expenses of any officer, director, member, manager, partner, games manager, or employee of such affiliate. The donee entity or organization shall deposit all such transferred proceeds in a segregated account that contains only such donations, and the transferred proceeds shall not be commingled with other funds of the donee entity or organization. The licensing authority and its agents may examine or cause to be examined the books and records of any donee entity or organization insofar as they may relate to account or to any transactions connected with bingo or raffle proceeds.

24-21-628. Enforcement. It is the duty of all sheriffs and police officers to enforce this part 6, to receive complaints, to initiate investigations, and to arrest and complain against any person violating this part 6. It is the duty of the district attorney of the respective districts of this state to prosecute all violations of this part 6 in the manner and form as is now provided by law for the prosecutions of crimes and misdemeanors, and it is a violation of this part 6 for any such person knowingly to fail to perform his or her duty under this section.

24-21-630. Colorado bingo-raffle advisory board - creation. (1) There is hereby created, within the department of state, the Colorado bingo-raffle advisory board.

(2) The board consists of nine members, all of whom must be citizens of the United States who have been residents of the state for at least the past five years. A member must not have been convicted of a felony or gambling-related offense, notwithstanding section 24-5-101. No more than five of the nine members may be members of the same political party. At the first meeting of each fiscal year, a majority of the members must choose a chair and vice-chair of the board from the membership. Membership and operation of the board must additionally meet the following requirements:

(a) (I) Three members of the board must be bona fide members of a bingo-raffle licensee that is classified as a religious organization, a charitable organization, a labor organization, an educational organization, or a voluntary firefighter's organization; except that no more than one member shall be appointed from any one such classification;

(II) One member of the board must be a bona fide member of a bingo-raffle licensee that is a veterans' organization;

(III) One member of the board must be a bona fide member of a bingo-raffle licensee that is a fraternal organization;

(IV) One member of the board must be a supplier licensee;

(V) Two members of the board must be landlord licensees; and

(VI) One member of the board must be a registered elector of the state who is not employed by or an officer or director of a licensee, does not have a financial interest in any license, and does not have an active part in the conduct or management of games of chance by any bingo-raffle licensee.

(b) (I) Of the five members of the board who are categorized as bona fide members of a bingo-raffle licensee, two shall be appointed by the president of the senate, two shall be appointed by the speaker of the house of representatives, and one shall be appointed jointly by the president and the speaker.

(II) Of the two members of the board who are categorized as landlord licensees, one shall be appointed by the president of the senate and one shall be appointed by the speaker of the house of representatives.

(III) The president of the senate shall appoint the member of the board who is a supplier licensee. The speaker of the house shall appoint the member of the board who is a registered elector.

(c) All appointments are for terms of four years. No member of the board is eligible to serve more than two consecutive terms.

(d) Any vacancy on the board shall be filled for the unexpired term in the same manner as the original appointment. The member appointed to fill such vacancy shall be from the same category described in subsection (2)(a) of this section as the member vacating the position.

(e) A member of the board having a direct personal or private interest in any matter before the board shall disclose such fact on the board's record. A member may disqualify himself or herself for any cause deemed by him or her to be sufficient.

(f) The appointing officer shall terminate the term of any member of the board who misses more than two consecutive regular board meetings without good cause, or who no longer meets the requirements for membership imposed by this section. The member's successor shall be appointed in the manner provided for appointments under this section.

(g) Board members are entitled to receive as compensation for their services fifty dollars for each day spent in the conduct of board business, not to exceed five hundred dollars per member per year, and are entitled to be reimbursed for necessary travel and other reasonable expenses incurred in the performance of their official duties.

(h) Prior to commencing his or her term of service, each person nominated to serve on the board shall file with the secretary of state a financial disclosure statement in the form required and prescribed by the licensing authority and as commonly used for other Colorado boards and commissions. Such statement shall be renewed as of each January 1 during the member's term of office.

(i) The board shall hold at least two meetings each year and such additional meetings as the members may deem necessary. In addition, special meetings may be called by the chair, any three board members, or the licensing authority if written notification of the meeting is delivered to each member at least seventy-two hours before the meeting. Notwithstanding section 24-6-402, in emergency situations in which a majority of the board certifies that exigencies of time require that the board meet without delay, the requirements of public notice and of seventy-two hours' actual advance written notice to members may be dispensed with, and board members as well as the public shall receive such notice as is reasonable under the circumstances.

(j) A majority of the board constitutes a quorum, and the concurrence of a majority of the members present is required for any final determination by the board.

(k) The board shall keep a complete and accurate record of all its meetings.

24-21-631. Board - duties. (1) In addition to any other duties set forth in this part 6, the board shall:

(a) Conduct a continuous study of charitable gaming throughout the state for the purpose of ascertaining any defects in this part 6 or in the rules promulgated pursuant to this part 6; and

- (b) Formulate and recommend changes to this part 6 to the general assembly.
- (2) The board shall offer advice to the licensing authority upon subjects that include, but are not limited to, the following:
 - (a) The types of charitable gaming activities to be conducted, the rules for those activities, and the number of occasions per year upon which a licensee may hold, operate, or conduct a game of bingo or lotto;
 - (b) The requirements, qualifications, and grounds for the issuance of all types of permanent and temporary licenses required for the conduct of charitable gaming;
 - (c) The requirements, qualifications, and grounds for the revocation, suspension, and summary suspension of all licenses required for the conduct of charitable gaming;
 - (d) Activities that constitute fraud, cheating, or illegal activities;
 - (e) The granting of licenses with special conditions or for limited periods, or both;
 - (f) The establishment of a schedule of reasonable fines to be assessed in lieu of license revocation or suspension for violations of this part 6 or any rule adopted pursuant to this part 6;
 - (g) The amount of fees for licenses issued by the licensing authority and for the performance of administrative services pursuant to this part 6;
 - (h) The establishment of criteria under which a person may serve as a games manager;
 - (i) The content and conduct of classes or training seminars to benefit bingo-raffle charitable licensees, officers, and volunteers to better account for funds collected from games of chance;
 - (j) Standardized rules, procedures, and policies to clarify and simplify the auditing of licensees' records;
 - (k) The types of charitable gaming activities to be conducted in the future, based upon a continuing review of the available state of the art of equipment in Colorado and elsewhere, and the policies and procedures approved and implemented by other states for the conduct of their charitable gaming activities; and
 - (l) The conditions for a licensee's plan for disposal of any equipment and the distribution of any remaining net proceeds upon termination of a bingo-raffle license for the licensee's failure to timely or sufficiently renew such license.

ARTICLE 22

State Treasurer

Editor's note: This article was numbered as article 3 of chapter 132, C.R.S. 1963. The substantive provisions of this article were repealed and reenacted in 1971, resulting in the addition, relocation, and elimination of sections as well as subject matter. For amendments to this article prior to 1971, consult the Colorado statutory research explanatory note beginning on page vii in the front of this volume.

24-22-101. Oath or affirmation - bond and sureties - conditions of bond. (1) On or before the second Tuesday in January after his or her election, the state treasurer shall take an oath or affirmation in accordance with section 24-12-101 and shall give a bond to the people of the state of Colorado in the sum of one million dollars, with not less than ten individual sureties or one or more surety companies authorized to do business in this state. The bond and each surety shall be approved by the governor and the attorney general and held in the custody of the secretary of state.

(2) The conditions of said bond shall be in substance that the state treasurer and all persons employed in the treasury department under his supervision shall faithfully discharge their respective duties and trusts and that the state treasurer shall be held responsible against all risks and losses whatsoever for all state moneys coming into his hands or received by the treasury department.

(3) If the bond is furnished by one or more surety companies, the entire premium therefor shall be paid by the state, and the general assembly shall appropriate the amount thereof.

(4) Whenever the governor, with the concurrence of the attorney general, deems the surety on said bond to be insufficient for the said sum of one million dollars, he may demand, and the state treasurer shall give, additional bond with sureties, at the cost of the state, to be approved by the governor and the attorney general.

24-22-107. Duties and powers of state treasurer. (1) The state treasurer shall prepare and submit to the governor a quarterly report showing the condition of the state treasury, the amount of state moneys on hand and on deposit, the amount of securities held in custody, a list of the funds and accounts carried on the records of the treasury department, and such other information as he may deem appropriate.

(2) He shall furnish information in writing to the governor or either house of the general assembly, whenever requested, upon any subject pertaining to the treasury department or touching upon any duty of his office.

(3) Repealed.

(4) He may issue publications circulated in quantity outside the executive branch of state government in accordance with the provisions of section 24-1-136.

(5) He shall perform any other duty which may be required by law.

(6) The state treasurer shall be the state's cash management officer responsible for the efficient management of all state cash and shall perform the duties necessary to carry out such function, in consultation with the governor.

(6.5) The state treasurer may provide technical assistance to any state or local governmental entity, upon the request of such entity, concerning the efficient management of the entity's public funds. Such technical assistance may include, but is not limited to, providing advice or recommendations relative to cash management, investments, and banking services. The treasurer shall not be liable to any state or local governmental entity for any loss of public funds resulting from the technical assistance provided to such entity by the treasurer if the treasurer, in the good faith performance of the treasurer's duties as a public official, has complied with the standards established in part 6 of article 75 of this title for the investment of public funds in securities. A state or local governmental entity may reimburse the treasurer for any reasonable travel expenses incurred by the treasurer in providing technical assistance pursuant to this subsection (6.5) to such state or local governmental entity.

(7) The state treasurer shall have such other powers, duties, and functions as are prescribed for heads of principal departments in the "Administrative Organization Act of 1968", article 1 of this title.

24-22-115. Tobacco litigation settlement cash fund - health-care supplemental appropriations and overexpenditures account - creation. (1) (a) There is hereby created in the state treasury the tobacco litigation settlement cash fund. The cash fund consists of all moneys transmitted to the state treasurer in accordance with the terms of the master settlement agreement, the smokeless tobacco master settlement agreement, and the consent decree approved and entered by the court in the case denominated *State of Colorado, ex rel. Gale A. Norton, Attorney General v. R.J. Reynolds Tobacco Co.; American Tobacco Co., Inc.; Brown & Williamson Tobacco Corp.; Liggett & Myers, Inc.; Lorillard Tobacco Co., Inc.; Philip Morris, Inc.; United States Tobacco Co.; B.A.T. Industries, P.L.C.; The Council For Tobacco Research--U.S.A., Inc.; and Tobacco Institute, Inc.*, Case No. 97 CV 3432, in the district court for the city and county of Denver. Except as provided in subsection (2) of this section, all interest derived from the deposit and investment of moneys in the cash fund shall be credited to the cash fund; except that, beginning with the fiscal year 2001-02, and each fiscal year thereafter, all interest derived from the deposit and investment of moneys in the cash fund shall be credited to the breast and cervical cancer prevention and treatment fund created pursuant to

section 25.5-5-308, C.R.S. Except as provided in subsection (2) of this section, all moneys in the cash fund shall be subject to appropriation by the general assembly for such purposes as may be authorized by law in accordance with the terms of the settlement agreements and the consent decree.

(b) Except as otherwise provided in subsection (1)(d) of this section, on and after July 1, 2011, all unexpended and unencumbered moneys in the cash fund shall remain in the fund until expended in order to reduce the share of allocations made from current-year receipts of settlement moneys as required by section 24-75-1104.5 (1.3).

(c) and (d) Repealed.

(2) (a) There is hereby created in the state treasury, as an account within the tobacco litigation settlement cash fund established pursuant to subsection (1) of this section, the tobacco settlement defense account, which shall be used by the department of law: To defend the state in lawsuits arising out of challenges to or arising under the provisions of the master settlement agreement, the smokeless tobacco master settlement agreement, and the consent decree approved and entered by the court in the case denominated *State of Colorado, ex rel. Gale A. Norton, Attorney General v. R.J. Reynolds Tobacco Co.; American Tobacco Co., Inc.; Brown & Williamson Tobacco Corp.; Liggett & Myers, Inc.; Lorillard Tobacco Co., Inc.; Philip Morris, Inc.; United States Tobacco Co.; B.A.T. Industries, P.L.C.; The Council For Tobacco Research--U.S.A., Inc.; and Tobacco Institute, Inc.*, Case No. 97 CV 3432, in the district court for the city and county of Denver, or duly enacted Colorado laws related to the tobacco litigation settlement, including, but without limitation, this section, section 24-22-116, and parts 2 and 3 of article 28 of title 39, C.R.S.; to defend the state against claims of entitlement to tobacco litigation settlement moneys by any person, as defined in section 2-4-401 (8), C.R.S.; to enforce and defend all rights and obligations of the state under said settlement agreements, decree, or laws; and to resolve any dispute with any participating manufacturer, as defined in section 39-28-302 (6), C.R.S., or nonparticipating manufacturer, as defined in section 39-28-302 (5), C.R.S., that arises under the provisions of said settlement agreements, decree, or laws. The tobacco settlement defense account may also be used by the department of revenue to help administer, coordinate, and support the activities of the department of revenue and the department of law, including the investigation of and response to settlement agreement manufacture and distribution reporting irregularities identified by the department of law. Notwithstanding the provisions of subsection (1) of this section, the tobacco settlement defense account consists of all tobacco litigation settlement moneys received by the attorney general and transmitted to the state treasurer to compensate the state for attorney fees, court costs, or other expenses incurred by the state in obtaining the tobacco litigation settlement, all tobacco litigation settlement moneys transferred to the account as required by section 24-75-1104.5 (1.7)(i), and all interest derived from the deposit and investment of moneys in the tobacco settlement defense account. Any moneys received by the state treasurer to compensate the state for attorney fees, court costs, or other expenses, including all interest derived from the deposit and investment of such moneys after receipt by the state treasurer, shall be transferred to the tobacco settlement defense account for use in accordance with the provisions of this subsection (2).

(b) All money in the tobacco settlement defense account is subject to annual appropriation by the general assembly to the department of law and the department of revenue. Notwithstanding the provisions of subsection (1) of this section, at the end of any fiscal year, all unexpended and unencumbered money and all money not appropriated for the following fiscal

year in the tobacco settlement defense account remain in the tobacco settlement defense account to be used for the purposes set forth in this subsection (2).

No such contract had been entered into as of December 15, 2003. (See L. 2003, p. 2544.)

24-22-115.6. Miscellaneous tobacco litigation settlement moneys. (1) Notwithstanding the provisions of section 24-22-115, any tobacco litigation settlement moneys received by the state are subject to appropriation by the general assembly if the purpose for which the moneys may be expended is not specified or approved by a court or other non-Colorado authority.

(2) When any agency of state government proposes that any tobacco litigation settlement moneys are custodial in nature, the agency shall notify the joint budget committee in writing and shall explain the basis for determining that the moneys are custodial and shall set forth the purpose for which the agency intends to expend such moneys.

Editor's note: Section 4 of chapter 181, Session Laws of Colorado 2000, provides that the act amending this section applies to all moneys transmitted to the state treasurer before, on, or after May 23, 2000, to compensate the state for attorney fees, court costs, and other expenses incurred by the state in obtaining the tobacco litigation settlement.

24-22-116. Legislative declaration - exclusion of tobacco litigation settlement moneys from fiscal year spending. (1) The general assembly hereby finds and declares that:

(a) In 1992, the voters of this state approved section 20 of article X of the state constitution, which limits fiscal year spending of state government;

(b) Section 20 (2)(e) of article X defines "fiscal year spending" to include all revenues and expenditures except those for refunds and those from certain sources, such as federal funds and damage awards;

(c) In exercising its legislative prerogative to enact legislation to implement section 20 of article X as it relates to state government, the general assembly enacted article 77 of this title during the 1993 regular session;

(d) As part of this implementing legislation, the general assembly defined certain terms that were necessary for the implementation of section 20 of article X but were not defined by the constitutional provision;

(e) The general assembly defined "damage award" to include any pecuniary compensation received by the state as a result of any judgment or allowance in favor of the state;

(f) The exclusion from state fiscal year spending of monetary awards to the state as the result of court action is consistent with the purpose of section 20 of article X, which is to protect taxpayers from unwarranted tax increases, since such monetary awards are not revenue raised by the state from taxpayers;

(g) The inclusion in state fiscal year spending of revenue over which the state has no control might imperil other state projects and programs, since fluctuations in such revenue can cause the state to exceed its constitutional spending limit and the refund of excess revenue could take away from another part of the state's budget;

(h) Due to this potential impact, the inclusion of such monetary awards in state fiscal year spending would discourage or prevent the state from pursuing legal action to protect the state's interests as authorized by law;

(i) All of the moneys received by the state in accordance with the terms of the master settlement agreement, the smokeless tobacco master settlement agreement, and the consent decree entered by the court in the case denominated *State of Colorado, ex rel. Gale A. Norton, Attorney General v. R.J. Reynolds Tobacco Co.; American Tobacco Co., Inc.; Brown & Williamson Tobacco Corp.; Liggett & Myers, Inc.; Lorillard Tobacco Co., Inc.; Philip Morris, Inc.; United States Tobacco Co.; B.A.T. Industries, P.L.C.; The Council For Tobacco Research--U.S.A., Inc.; and Tobacco Institute, Inc.*, Case No. 97 CV 3432, in the district court for the city and county of Denver, and credited to the tobacco litigation settlement cash fund created in section 24-22-115 (1), including moneys transferred to the tobacco settlement defense account created in said cash fund pursuant to section 24-22-115 (2), are in settlement of the state of Colorado's antitrust, consumer protection, public nuisance, racketeering, and other statutory claims for relief against defendants in said action;

(j) (I) The moneys received by the state in accordance with said master settlement agreements and said consent decree are in settlement of nine statutory claims for relief made by the state against defendants in said action, three of which were based upon violations of the "Colorado Consumer Protection Act", two of which were based upon violations of the "Colorado Organized Crime Control Act", two of which were based upon violations of state public nuisance statutes, and only one of which was based upon violations of the "Colorado Antitrust Act of 1992" and the impact of such violations on increased health-care costs and expenditures of the state; and

(II) The state will take any legal action necessary to oppose any claim of the federal government to any portion of the moneys received by the state in accordance with said master settlement agreements and said consent decree for claims not related to such increased health-care costs and expenditures and for any amount of such moneys in excess of federal payments made for such increased health-care costs and expenditures;

(k) Monetary awards to the state as the result of said court action, including those distributed to local governments, satisfy the definition of "damage awards" and therefore are excluded from fiscal year spending.

(2) (a) (I) For purposes of section 20 of article X of the state constitution and article 77 of this title, any moneys credited to the tobacco litigation settlement cash fund in accordance with section 24-22-115 (1), including moneys transferred to the tobacco settlement defense account created in said cash fund pursuant to section 24-22-115 (2), are damage awards, as defined in section 24-77-102 (2), or interest accruing on such damage awards. Any moneys credited to or expended from the tobacco litigation settlement cash fund, including the tobacco settlement defense account, are not included in state fiscal year spending, as defined in section 24-77-102 (17), for any state fiscal year.

(II) Repealed.

(b) For purposes of section 20 of article X of the state constitution and article 77 of this title, any moneys expended from the tobacco litigation settlement cash fund created in section 24-22-115 (1), including the tobacco settlement defense account created in said cash fund pursuant to section 24-22-115 (2), and received by any local government are damage awards or interest accruing on such damage awards and are not included in the fiscal year spending of the receiving local government for any budget year.

(2) Subsection (2)(a)(II)(B) provided for the repeal of subsection (2)(a)(II), effective December 15, 2003, unless the state treasurer and the tobacco litigation settlement financing corporation entered into at least one property sale contract pursuant to article 82.5 of this title. No such contract had been entered into as of December 15, 2003. (See L. 2003, p. 2547.)

24-22-117. Tobacco tax cash fund - accounts - creation - legislative declaration. (1)

(a) There is hereby created in the state treasury the tobacco tax cash fund, which fund is referred to in this section as the "cash fund". The cash fund consists of money collected from the cigarette and tobacco taxes imposed pursuant to section 21 of article X of the state constitution and money transferred in accordance with section 24-22-118 (2). All interest and income derived from the deposit and investment of money in the cash fund shall be credited to the cash fund; except that all interest and income derived from the deposit and investment of money in the cash fund during the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years shall be credited to the general

fund. Any unexpended and unencumbered money remaining in the cash fund at the end of a fiscal year shall remain in the cash fund and shall not be credited or transferred to the general fund or any other fund, except as otherwise provided in this section.

(b) Repealed.

(c) For each fiscal year from the 2004-05 fiscal year through the 2007-08 fiscal year and for the 2012-13 fiscal year and each fiscal year thereafter, the general assembly shall annually appropriate three percent of the moneys estimated to be deposited in that fiscal year into the cash fund, plus three percent of the interest and income earned on the deposit and investment of moneys in the cash fund, and, for the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years, the general assembly shall annually appropriate three percent of the moneys estimated to be deposited in that fiscal year into the cash fund, for health-related purposes to provide revenue for the state's general fund and the old age pension program and for municipal and county governments to compensate proportionately for tax revenue reductions attributable to lower cigarette and tobacco sales resulting from the implementation of the tax imposed pursuant to section 21 of article X of the state constitution, as follows:

(I) (A) Twenty percent of the moneys specified in this paragraph (c) to the state's general fund for health-related purposes.

(B) Beginning in fiscal year 2006-07 and for fiscal year 2007-08 through fiscal year 2010-11, of the moneys specified in sub-subparagraph (A) of this subparagraph (I), fifty percent shall be appropriated for the purposes of providing immunizations performed by county or district public health agencies in areas that were served by county public health nursing services prior to July 1, 2008, and fifty percent shall be appropriated to the pediatric specialty hospital fund, created in paragraph (e) of subsection (2) of this section, for the purposes of augmenting hospital reimbursement rates for regional pediatric trauma centers as defined in section 25-3.5-703 (4)(f), C.R.S., under the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5, C.R.S.

(B.5) Beginning in fiscal year 2011-12 and for each fiscal year thereafter, of the moneys specified in sub-subparagraph (A) of this subparagraph (I), fifty percent shall be appropriated for the purposes of providing immunizations performed by county or district public health agencies in areas that were served by county public health nursing services prior to July 1, 2008, and fifty percent shall be appropriated for expenditures in the children's basic health plan created in article 8 of title 25.5, C.R.S.

(C) Repealed.

(II) Fifty percent of the moneys specified in this paragraph (c) to provide health-related services under the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S., for persons who qualify to receive old age pensions; and

(III) Thirty percent of the moneys specified in this paragraph (c) to the department of revenue to be apportioned to municipal and county governments in amounts consistent with the provisions of section 39-22-623, C.R.S.

(2) There are hereby created in the state treasury the following funds:

(a) (I) The health care expansion fund to be administered by the department of health care policy and financing. The state treasurer and the controller shall transfer an amount equal to forty-six percent of the moneys deposited into the cash fund, plus forty-six percent of the interest and income earned on the deposit and investment of moneys in the cash fund, to the health care expansion fund; except that, for fiscal year 2004-05, the state treasurer and the state controller

shall transfer an amount equal to forty-six percent of the moneys deposited into the cash fund less the amount of money sufficient to fund the reinstatement of medical assistance benefits for legal immigrants as provided for in House Bill 05-1086, enacted at the first regular session of the sixty-fifth general assembly, and except that, for the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years, the state treasurer and the controller shall transfer to the health care expansion fund only an amount equal to forty-six percent of the moneys deposited into the cash fund. All interest and income derived from the deposit and investment of moneys in the health care expansion fund shall be credited to the health care expansion fund; except that all interest and income derived from the deposit and investment of moneys in the health care expansion fund during the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years shall be credited to the general fund. Any unexpended and unencumbered moneys remaining in the health care expansion fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or any other fund.

(II) Except as provided in subparagraph (III) of this paragraph (a), for fiscal year 2005-06 and each fiscal year thereafter, moneys in the health care expansion fund shall be annually appropriated by the general assembly to the department of health care policy and financing for the following purposes:

(A) To increase eligibility in the children's basic health plan, article 8 of title 25.5, C.R.S., for children and pregnant women from one hundred eighty-five percent to two hundred percent of the federal poverty line;

(B) To remove the asset test under the medical assistance program, articles 4, 5, and 6 of title 25.5, C.R.S., for children and families;

(C) To expand the number of children that can be enrolled in the children's home- and community-based service waiver program, section 25.5-6-901, C.R.S., and the children's extensive support waiver program;

(D) To increase eligibility in the medical assistance program, articles 4, 5, and 6 of title 25.5, C.R.S., to at least sixty percent of the federal poverty line for a parent of a child who is eligible for the medical assistance program or the children's basic health plan, article 8 of title 25.5, C.R.S.;

(E) To fund medical assistance to legal immigrants pursuant to section 25.5-5-201, C.R.S.;

(F) To pay for enrollment increases above the average enrollment for state fiscal year 2003-04 in the children's basic health plan, article 8 of title 25.5, C.R.S., or, for state fiscal year 2011-12 and for each fiscal year thereafter, to pay for costs associated with children enrolled in the medical assistance program, articles 4, 5, and 6 of title 25.5, C.R.S., whose family income is more than one hundred percent but does not exceed one hundred thirty-three percent of the federal poverty line and who would have been eligible for enrollment in the children's basic health plan prior to September 1, 2011;

(G) To provide up to five hundred forty thousand dollars for cost-effective marketing to increase the enrollment of eligible children and pregnant women in the children's basic health plan, article 8 of title 25.5, C.R.S.;

(H) To provide presumptive eligibility to pregnant women under the medical assistance program, articles 4, 5, and 6 of title 25.5, C.R.S.; and

(I) To provide funding for extending medicaid eligibility for persons who are in the foster care system immediately prior to emancipation, as set forth in section 25.5-5-101 (1)(e), C.R.S.

(III) Moneys transferred to the health care expansion fund in fiscal year 2004-05, less the amount necessary for the administrative costs of the department of health care policy and financing to facilitate the program expansions specified in subparagraph (II) of this paragraph (a), shall remain in the health care expansion fund as a reserve. Beginning in fiscal year 2005-06 and for each fiscal year thereafter, ten percent of the moneys transferred in each fiscal year to the health care expansion fund and any unexpended and unencumbered moneys remaining in the health care expansion fund at the end of a fiscal year shall remain in the fund and be added to the reserve until the first time the reserve balance is equal to the amount annually transferred to the health care expansion fund. Moneys in the health care expansion fund that are designated as reserve moneys, up to one-half of the amount annually transferred to the health care expansion fund, may be expended only if the appropriations necessary to sustain the populations specified in subparagraph (II) of this paragraph (a) exceed the annual transfer of moneys to the health care expansion fund.

(IV) and (V) Repealed.

(b) (I) The primary care fund to be administered by the department of health care policy and financing. The state treasurer and the controller shall transfer an amount equal to nineteen percent of the moneys deposited into the cash fund, plus nineteen percent of the interest and income earned on the deposit and investment of those moneys, to the primary care fund; except that, for the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years, the state treasurer and the controller shall transfer to the primary care fund only an amount equal to nineteen percent of the moneys deposited into the cash fund. All interest and income derived from the deposit and investment of moneys in the primary care fund shall be credited to the primary care fund; except that all interest and income derived from the deposit and investment of moneys in the primary care fund during the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years shall be credited to the general fund. Any unexpended and unencumbered moneys remaining in the primary care fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or any other fund.

(II) For fiscal year 2005-06 and each fiscal year thereafter, moneys in the primary care fund shall be annually appropriated by the general assembly to the department of health care policy and financing for comprehensive primary care as specified in part 3 of article 3 of title 25.5, C.R.S.

(III) to (V) Repealed.

(c) (I) The tobacco education programs fund is to be administered by the department of public health and environment. The state treasurer and the controller shall transfer an amount equal to sixteen percent of the money deposited into the cash fund, plus sixteen percent of the interest and income earned on the deposit and investment of such money and the amounts specified in section 24-22-118 (2), to the tobacco education programs fund; except that, for the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years, the state treasurer and the controller shall transfer to the tobacco education programs fund only an amount equal to sixteen percent of the money deposited into the cash fund. All interest and income derived from the deposit and investment of money in the tobacco education programs fund shall be credited to the tobacco education programs fund; except that all interest and income derived from the deposit and

investment of money in the tobacco education programs fund during the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years shall be credited to the general fund. Any unexpended and unencumbered money remaining in the tobacco education programs fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or any other fund.

(II) The interest and income derived from the deposit and investment of moneys in the tobacco education programs fund and credited to the tobacco education programs fund may be used to give credit to a wholesaler or distributor for taxes paid on cigarettes or other tobacco products that are bad debts pursuant to sections 39-28-104 and 39-28.5-107, C.R.S.; except that the interest earned on the tobacco education programs fund shall be used only for that portion of the bad debt attributable to the taxes imposed pursuant to section 21 of article X of the state constitution.

(III) For fiscal year 2005-06 and each fiscal year thereafter, moneys in the tobacco education programs fund shall be annually appropriated by the general assembly as follows:

(A) To the prevention services division of the department of public health and environment for the tobacco education, prevention, and cessation programs specified in part 8 of article 3.5 of title 25, C.R.S.; and

(B) Up to three hundred fifty thousand dollars to the division of liquor enforcement in the department of revenue for the purpose of enforcing laws relating to the sale of tobacco to minors.

(III.5) For fiscal year 2011-12 and for each fiscal year thereafter, the general assembly may annually appropriate moneys in the tobacco education programs fund to the department of health care policy and financing in order to allow the department to obtain federal matching funds for the Colorado quitline program.

(IV) Repealed.

(d) (I) The prevention, early detection, and treatment fund to be administered by the department of public health and environment. The state treasurer and the controller shall transfer an amount equal to sixteen percent of the moneys deposited into the cash fund, plus sixteen percent of the interest and income earned on the deposit and investment of those moneys, to the prevention, early detection, and treatment fund; except that, for the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years, the state treasurer and the controller shall transfer to the prevention, early detection, and treatment fund only an amount equal to sixteen percent of the moneys deposited into the cash fund. All interest and income derived from the deposit and investment of moneys in the prevention, early detection, and treatment fund shall be credited to the prevention, early detection, and treatment fund; except that all interest and income derived from the deposit and investment of moneys in the prevention, early detection, and treatment fund during the 2008-09, 2009-10, 2010-11, and 2011-12 fiscal years shall be credited to the general fund. Any unexpended and unencumbered moneys remaining in the prevention, early detection, and treatment fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or any other fund. The moneys in the prevention, early detection, and treatment fund shall be annually appropriated by the general assembly to the department of public health and environment for allocation by the department consistent with the provisions of this paragraph (d).

(II) Of the moneys appropriated annually by the general assembly to the department of public health and environment pursuant to subparagraph (I) of this paragraph (d), moneys shall

be annually allocated by the department of public health and environment for breast and cervical cancer screenings pursuant to section 25-4-1505, C.R.S., in the following amounts not to exceed five million dollars in any fiscal year:

(A) For the 2005-06 fiscal year, fourteen percent of the amount appropriated pursuant to subparagraph (I) of this paragraph (d);

(B) For the 2006-07 fiscal year, sixteen percent of the amount appropriated pursuant to subparagraph (I) of this paragraph (d);

(C) For the 2007-08 fiscal year, eighteen percent of the amount appropriated pursuant to subparagraph (I) of this paragraph (d); and

(D) For the 2008-09 fiscal year and each fiscal year thereafter, twenty percent of the amount appropriated pursuant to subparagraph (I) of this paragraph (d).

(III) For fiscal year 2005-06, and each fiscal year thereafter, fifteen percent of the money transferred to the prevention, early detection, and treatment fund shall be transferred to the health disparities grant program fund created in subsection (2)(f) of this section for the health disparities and community grant program in part 22 of article 4 of title 25.

(IV) and (IV.5) Repealed.

(V) (A) For fiscal year 2008-09 and each fiscal year thereafter, after the allocations made pursuant to subparagraphs (II) and (III) of this paragraph (d), moneys in the prevention, early detection, and treatment fund shall be annually appropriated by the general assembly to the prevention services division of the department of public health and environment for the cancer, cardiovascular disease, and chronic pulmonary disease prevention, early detection, and treatment program established in part 3 of article 20.5 of title 25, C.R.S.

(B) and (C) Repealed.

(VI) Pursuant to the declaration of a state fiscal emergency as described in subparagraph (III) of paragraph (b) of subsection (6) of this section, notwithstanding any provisions of subparagraphs (II), (III), (IV.5), and (V) of this paragraph (d) to the contrary, for fiscal year 2011-12, the general assembly shall appropriate moneys in the prevention, early detection, and treatment fund for the purposes described in subparagraphs (II), (III), (IV.5), and (V) of this paragraph (d), as well as any other health-related purpose and to serve populations enrolled in the children's basic health plan and the Colorado medical assistance program at the programs' respective levels of enrollment as of January 1, 2005.

(e) Repealed.

(f) (I) The health disparities grant program fund to be administered by the department of public health and environment. Money must be transferred to the health disparities grant program fund as described in subsection (2)(d)(III) of this section. The health disparities grant program fund also consists of any other money appropriated to the health disparities grant program fund by the general assembly. All interest and income derived from the deposit and investment of money in the health disparities grant program fund must be credited to the health disparities grant program fund. Any unexpended or unencumbered money remaining in the health disparities grant program fund at the end of the fiscal year must remain in the fund and shall not be credited to the general fund or any other fund. The money in the health disparities grant program fund must be annually appropriated by the general assembly to the department of public health and environment for allocation by the department of public health and environment consistent with the provisions of subsection (2)(d) of this section.

(II) to (IV) Repealed.

(3) For purposes of section 20 of article X of the state constitution and article 77 of this title, any moneys collected or expended from the imposition of the cigarette and tobacco tax imposed pursuant to section 21 of article X of the state constitution are not included in fiscal year spending, as defined in section 20 of article X of the state constitution, and are excluded from the spending limit contained in section 24-75-201.1 and any corresponding spending limits on local governments receiving such revenues.

(4) Moneys appropriated to the health care expansion fund, the primary care fund, and the prevention, early detection, and treatment fund shall be used to supplement revenues that are appropriated by the general assembly for health-related purposes as of January 1, 2005, and shall not be used to supplant those appropriations.

(5) The moneys generated by the implementation of the tax pursuant to section 21 of article X of the state constitution shall be appropriated by the general assembly and utilized by the recipients of the moneys only for such purposes as are specified in section 21 of article X of the state constitution. The moneys shall not be utilized:

(a) For the purposes of lobbying as defined in section 24-6-301 (3.5)(a); or

(b) To support or oppose any ballot issue or ballot question.

(6) (a) Notwithstanding any other provision of law, the general assembly may use revenue generated by the implementation of the cigarette and tobacco taxes pursuant to sections 39-28-103.5 and 39-28.5-102.5, C.R.S., and section 21 of article X of the state constitution for any health-related purpose and to serve populations enrolled in the children's basic health plan and the Colorado medical assistance program at the respective program levels of enrollment as of January 1, 2005. Such use of revenue shall be preceded by a declaration of a state fiscal emergency, which shall be adopted by a joint resolution, approved by a two-thirds majority vote of the members of the senate and of the house of representatives, and signed by the governor. The declaration shall apply only to a single fiscal year.

(b) to (d) Repealed.

(7) The general assembly hereby finds and declares that for purposes of this section and section 21 (5) of article X of the state constitution, interest or income credited to the general fund pursuant to paragraph (a) of subsection (1) of this section and paragraphs (a) to (d) and (f) of subsection (2) of this section are not revenues generated by operation of section 21 (2) of article X of the state constitution.

ARTICLE 25

Colorado Interagency Working Group on School Safety

24-25-101. Legislative declaration. (1) The general assembly finds and declares that:

(a) Ensuring the safety of students, teachers, and other employees while at school is a paramount concern for the citizens of Colorado;

(b) Improving the effective administration of school safety programs and funding is critical to providing safe schools; and

(c) Maintaining school safety through the most cost-effective use of limited state resources is in the interest of the people of the state of Colorado.

(2) Therefore, the general assembly declares that a working group comprised of state and local agency officials must be formed to increase coordination of school safety programs across state government and annually report to the governor, the speaker of the house of representatives, and the president of the senate on their activities.

24-25-103. Duties of the working group - mission. (1) The mission of the working group is to enhance school safety through the cost-effective use of public resources. The work of the working group will focus on evidence-based best practices.

(2) The working group shall:

(a) Study and implement recommendations of the state auditor's report regarding school safety released September 2019;

(b) Consider program organization and recommend reorganization if necessary;

(c) Identify shared metrics to examine program effectiveness;

(d) Facilitate interagency coordination and communication;

(e) Increase transparency and accessibility of state grants and resources, particularly for school districts without a grant writer, which includes improving outreach and may include developing common grant applications;

(f) Facilitate and address data sharing, including allowable data sharing at the local level, when appropriate and allowable under state and federal law; and

(g) Address school safety program challenges in a coordinated way.

(3) The working group may use available resources, modalities, and nonmembers from interested members of the community to focus on specific subject matters.

(4) The school safety resource center serves as the clearinghouse for all materials produced by the working group.

(5) The division of criminal justice in the department of public safety, in consultation with the department of education, shall provide resources for data collection, research, analysis, and publication of the working group's findings and reports.

24-25-104. Colorado working group on school safety cash fund - created - gifts, grants, and donations. (1) The department of public safety and the working group are authorized to accept gifts, grants, or donations, including in-kind donations from private or public sources, for the purposes of this article 25. All private and public money received through gifts, grants, or donations by the department of public safety or by the working group must be transmitted to the state treasurer, who shall credit the same to the Colorado working group on school safety cash fund, which fund is created in the state treasury and referred to in this article 25 as the "cash fund". The state treasurer shall invest any money in the cash fund not expended for the purposes of this article 25 as provided in section 24-36-113. All interest and income derived from the investment and deposit of money in the cash fund must be credited to the cash fund. Any unexpended and unencumbered money remaining in the cash fund at the end of any fiscal year remains in the cash fund and shall not be credited or transferred to the general fund or any other fund.

(2) The department of public safety is not required to solicit gifts, grants, or donations from any source for the purposes of this article 25.

24-30-104. Burnham Yard rail property site - required development planning. The executive director of the department of personnel shall engage with stakeholders including the city and county of Denver, the department of transportation, the department of local affairs, the regional transportation district created in section 32-9-105, and the communities, including disproportionately impacted communities, as defined in section 24-4-109 (2)(b)(II), and registered neighborhood organizations in the vicinity of the Burnham Yards rail property to create a site plan to support transit-oriented development at the Burnham Yard rail property site and potential recommendations for how to suballocate parcels for various beneficial uses at the site. The executive director shall, in consultation with the other governmental stakeholders named in this section, actively reach out to the communities, including disproportionately impacted communities, and registered neighborhood organizations in the vicinity of the Burnham Yards rail property regarding all stages of the development of the property, provide meaningful opportunities for members of those communities to express their views regarding the development of the property, and endeavor to identify groups or individuals from those communities who are interested in and capable of representing the interests of those communities throughout the development process. The executive director shall also identify any additional stakeholders, and as appropriate already engaged stakeholders, to engage with who may have an interest in developing the suballocated parcels for the best use such as the department of local affairs for affordable housing, local housing authorities, and the great

outdoors Colorado program for potential green space development. The site plan must consider opportunities for the site including front range passenger rail service, multi-family and affordable housing development, community benefits, green spaces, parkland, recreational opportunities, retail, and links to transit and multi-modal options to connect the site to the surrounding community. The site plan must promote the development and operation of quality public private partnership opportunities and include a well-defined framework to facilitate collaboration between public and private entities in infrastructure development and operation and enable investment of public and private capital.

PART 2

ACCOUNTS AND CONTROL

24-30-201. Accounts and control - controller. (1) The powers, duties, and functions concerning accounts and control as set forth in this part 2 are the responsibility of the state controller. The executive director of the department of personnel shall appoint the controller, subject to section 13 of article XII of the state constitution. The controller must be bonded in such amount as the executive director shall fix. The powers and duties of the controller are:

(a) To keep in continuous touch with the operations, plans, and needs of the several departments and other agencies of the state and with the sources and amounts of revenue and other receipts of the state;

(b) Repealed.

(c) To examine and approve work programs and quarterly allotments to the several departments and changes therein;

(d) To examine and approve all statements and reports on the financial condition and estimated future financial condition and the operations of the state government and the several budget units before any such reports are released to the governor, to the general assembly, or for publication; receive and deal with all requests for information as to financial conditions and operations of the state; and prepare such statements of unit costs and other cost statistics as may be required from time to time or requested by the governor or the general assembly;

(e) To manage the finances and financial affairs of the state, except as otherwise provided in section 5 (2) of article VIII of the state constitution and by law for institutions of higher education and for the Auraria higher education center;

(f) To coordinate all the procedures for financial administration and financial control so as to integrate them into an adequate and unified system, including the devising, prescribing, and installing of accounting forms, records, and procedures for all state agencies;

(g) To conduct all central accounting and fiscal reporting for the state as a whole;

(h) To maintain a current audit of all cash, cash receipts, and receivables; to preaudit and control the incurring of obligations; and to preaudit all disbursements;

(i) To issue warrants and checks for the payment of claims against the state;

(j) To assist state agencies in their efforts to recover money owing to the state;

(k) To control all supply stocks, property, and equipment in use and enforce the keeping of inventory accounts.

(l) Repealed.

(2) The powers, duties, and functions of the department of personnel include the powers, duties, and functions concerning accounts and control and the office of the controller. The office of the controller is a **type 2** entity, as defined in section 24-1-105.

24-30-202. Procedures - vouchers, warrants, and checks - rules - penalties - definitions. (1) No disbursements shall be made in payment of any liability incurred on behalf of the state, other than from petty cash or by any alternative means of payment approved by fiscal rule promulgated by the controller, unless there has been previously filed with the office of the state controller a commitment voucher. The commitment voucher may be in the form of an advice of employment, a purchase order, a copy of a contract, or a travel authorization or in other form appropriate to the type of transaction as prescribed by the controller. Any state contract involving the payment of money by the state shall contain a clause providing that the contract shall not be deemed valid until it has been approved by the controller or such assistant as he or she may designate; except that a state contract for a major information technology project as defined in section 24-37.5-102 (19) shall contain a clause providing that the contract

shall not be deemed valid until it has been approved by the chief information officer or the chief information officer's designee. Such contracts entered into on or after July 1, 1997, shall also contain a clause notifying the other party to the contract of the controller's authority to withhold debts owed to state agencies under the vendor offset intercept system pursuant to section 24-30-202.4 (3.5)(a)(I) and the types of debts that are subject to withholding under said system. The form and content of and procedures for filing such vouchers shall be prescribed by the fiscal rules promulgated by the controller.

(2) The controller, or such assistant as he may designate, shall examine each commitment voucher to ascertain whether or not the proposed expenditure is authorized by the appropriation and allotment to which it is proposed to be charged, whether or not the prices or rates are in accordance with law or administrative rules or are fair and reasonable and whether or not the amount of the expenditure exceeds the unencumbered balance of the allotment. The controller or his designated assistant shall record his approval or disapproval either on the face of each voucher or by electronically entering such approval or disapproval in the state computer-based accounting system. The head of the state department, institution, or other agency involved shall be notified of any proposed expenditures that are disallowed.

(3) In no event shall the head of any state department, institution, or other agency or the controller, either by himself or through any assistant designated by him, approve any commitment voucher involving expenditure of any sum in excess of the unencumbered balance of the appropriation to which the resulting disbursement would be charged. No person shall incur or order or vote for the incurrence of any obligation against the state in excess of or for any expenditure not authorized by appropriation and approved commitment voucher except as expressly authorized by this section. Any such obligation so raised in contravention of this section shall not be binding against the state but shall be null and void ab initio and incapable of ratification by any administrative authority of the state to give effect thereto against the state. But every person incurring or ordering or voting for the incurrence of such obligation and his surety shall be jointly and severally liable therefor.

(4) The controller is hereby authorized to grant special authority for any department, institution, or other agency, during any fiscal year, to make specific purchases of supplies or materials to be used in the next ensuing fiscal year or to enter into contracts in anticipation of appropriations already made or to be made for the next ensuing fiscal year for any purpose authorized by any existing law, including contracts by the department of transportation for state highway reconstruction, repair, maintenance, and capacity expansion projects to be funded by the revenues appropriated out of the capital construction fund under section 24-75-302 (2), but in no case for any amount exceeding that necessary to meet the requirements for the first quarter of the next fiscal year. No such purchase order shall be issued nor contract entered into unless such purchase order or contract has been approved and countersigned by the controller or the controller's authorized agent, whose duty it shall be to see that the special authority so granted is not exceeded; except that this restriction shall not apply to contracts for capital outlay projects for which appropriations have been provided for obligations to be incurred in two or more fiscal years. Payments made at the close of a fiscal year under such authority shall be treated as deferred charges to the appropriations and expenses of the next ensuing fiscal year until the beginning of such year.

(5) (a) No money of the state or for which the state is responsible shall be withdrawn from the treasury or otherwise disbursed for any purpose except to pay obligations under

expenditures authorized by appropriation and allotment and not in excess of the amount so authorized. Each such expenditure shall have been authorized by the head of the department, institution, or other agency by or for which the expenditure was made. Such authorization shall contain the manual or facsimile signature of the head of the department, institution, or agency or any assistant designated by him. The controller, or his authorized agent, shall have approved a commitment voucher therefor, and a claim on a prescribed form shall have been submitted to and approved by the controller or his agent. The provisions of this section shall not be construed to apply to withdrawals of funds from any state depository bank for immediate redeposit in any other state depository bank or for investment.

(b) If a state department, institution, or agency enters into a contract to purchase real property or any interest therein that has a total purchase price of more than one hundred thousand dollars, the contract must contain a contingency clause that requires the state to secure an appraisal of the subject real property or interest therein prior to closing by an independent appraiser licensed in the state of Colorado to substantiate the purchase price and that makes the closing of the purchase contingent on the approval of the contract by the state controller. When the state department, institution, or agency entering into the contract receives the appraisal, the state department, institution, or agency shall provide a copy of the appraisal to the state controller. This subsection (5)(b) shall not apply to the acquisition of property by the department of transportation for the construction, maintenance, or supervision of the public highways of this state, nor shall it apply to any additional financed purchase of an asset or certificate of participation agreement entered into pursuant to the master lease program authorized by part 7 of article 82 of this title 24.

(c) (I) If a state department, institution, or agency enters into an option to purchase real property or any interest therein that has a total purchase price of more than one hundred thousand dollars, the appraisal requirement described in paragraph (b) of this subsection (5) must occur prior to closing on the purchase of the real property or interest therein.

(II) Prior to a state department, institution, or agency entering into an option to purchase real property or any interest therein that has a total purchase price of more than one hundred thousand dollars, the state department, institution, or agency shall obtain a written broker opinion of value completed by an independent broker licensed in the state of Colorado or an appraisal by an independent appraiser licensed in the state of Colorado of the subject property in order to complete a thorough analysis of the property or interests therein being considered. The opinion of value or the appraisal must be forwarded to the state controller prior to the state controller approving the option to purchase contract.

(5.5) Any commitment voucher that provides that the financial obligations of the state in subsequent fiscal years are contingent upon funds for that purpose being appropriated, budgeted, and otherwise made available shall not be deemed to create any state multiple-fiscal year direct or indirect debt or other financial obligation whatsoever for purposes of section 20 (4)(b) of article X of the state constitution. If a financed purchase of an asset or certificate of participation agreement is subject to the requirement of specific authorization by the general assembly under part 8 of article 82 of this title 24, such committees shall make a recommendation to the general assembly concerning whether to authorize the financed purchase of an asset or certificate of participation agreement. The department of personnel and the Colorado commission on higher education shall maintain comparative data which will assist in determining the relative costs to

the state, over the entire term of the arrangement, of financing the purchase or lease of property through pay-as-you-go methods, certificates of participation, or other arrangements.

(6) The controller shall prescribe the form of warrants and checks to be drawn upon the state treasurer. All warrants and checks for approved expenditures and claims shall be drawn and issued under direction of the controller or his or her authorized agent and transmitted to the department of the treasury to be recorded.

(7) Each warrant and check drawn and issued shall be signed by the controller and countersigned by the state treasurer. Facsimiles of such signature and countersignature may be affixed by a mechanical device. The signature of the controller on a warrant or check, however affixed, shall constitute full and complete authority to the state treasurer to pay the amount thereof upon presentation to him or her.

(8) Each warrant or check drawn and issued shall bear a notation clearly printed in a prominent position upon its face stating that it shall be void after six months from its date of issue. Upon satisfactory proof furnished of loss or destruction, during said six-month period, of any warrant or check drawn and issued in payment of an approved expenditure or claim, the controller shall cause a duplicate of such lost or destroyed warrant or check to be drawn and issued in favor of the original payee or his or her assignee, as the case may be. The issuing state agency shall thereupon void said original warrant or check, and, if it thereafter is presented for payment, the state treasurer shall refuse payment thereof.

(8.5) Any other provision of law to the contrary notwithstanding, the controller may, after adequate notification to the state treasurer, make payment by means of an electronic fund transfer. Payment by electronic fund transfer shall be in lieu of payment by state warrant or check and shall discharge the controller's obligation with respect to payment. Any unauthorized use of the electronic fund transfer capability shall be reported to the controller within twenty-four hours after occurrence or disclosure becomes known. Immediately upon discovery of unauthorized use, measures that will prevent further unauthorized use shall be implemented.

(9) (a) Every warrant and check drawn and issued that has not been presented to the state treasurer for payment and remains unpaid shall be canceled pursuant to fiscal rules promulgated by the state controller and transferred to the unclaimed property trust fund created in section 38-13-116.5; except that the amount of any warrant or check drawn on the wildlife cash fund created in section 33-1-112 (1), other than a warrant or check refunding a license fee submitted as part of an unsuccessful limited license application, shall be credited to that fund and the amount of any warrant or check representing money received by the federal government shall be processed in accordance with federal program guidelines for disposition of those moneys.

(b) If at any time thereafter application is made to the controller for reissuance of any warrant or check that has been canceled and expunged from the records and it appears that the expenditure or claim that the canceled warrant or check represented is still valid and unpaid, the controller shall issue a new warrant or check, and the amount thereof shall be charged to the fund or account to which the amount of the canceled warrant or check was previously credited.

(c) In the event of any conflict between this subsection (9) and any provision of the "Revised Uniform Unclaimed Property Act", article 13 of title 38, the provisions of the "Revised Uniform Unclaimed Property Act" shall control; except that this subsection (9) shall control with regard to:

- (I) A tax warrant or check;
- (II) Repealed.

(III) That portion of a warrant or check representing moneys received from the federal government;

(IV) A warrant or check drawn on the wildlife cash fund created in section 33-1-112 (1), C.R.S., other than a warrant or check refunding a license fee submitted as part of an unsuccessful limited license application.

(d) Notwithstanding any provision of this subsection (9) to the contrary, the provisions of this subsection (9) shall not apply to any warrant or check drawn by an institution of higher education or by the Auraria higher education center that is exempt from the state fiscal rules pursuant to paragraph (b) of subsection (13) of this section.

(10) The attorney general shall be the legal adviser of the controller and to the attorney general shall be referred any question concerning the legality of any obligation by or claim against the state.

(11) It is the duty of the controller to keep up to date a detailed list of all sources from which moneys accrue to the state, classified according to the departments, institutions, and other agencies responsible for the collection of the moneys, showing for each of the several units: The several kinds of taxes, fees, and other charges collected or to be collected; the name of the person responsible for collecting public moneys from each such source; and the name of the employee actually engaged in collecting, handling, and depositing such moneys. The controller has the power, and it is his duty with respect to each state tax, to prescribe or approve such accounts and procedures as will provide adequate accounting and current internal audit control of unpaid taxes and other charges and the proceeds of collections and as will furnish the information required for the maintenance of the general accounts of the state. The controller has the power and it is his duty to prescribe the forms to be used by the several units for licenses, permits, and certificates for which fees are prescribed by law and to establish controls of the supplies of such forms.

(12) The controller shall prescribe and cause to be installed a unified and integrated system of accounts for the state. Except as otherwise provided in sections 24-75-201 (2) and 25.5-4-201, C.R.S., such system shall be based upon the accrual system of accounting, as enunciated by the governmental accounting standards board, which shall include:

(a) A set of budgetary control accounts for each fund, which shall be maintained pursuant to the accounts and control functions of the department of personnel;

(b) A set of general controlling proprietary and operating accounts for each fund, which shall be maintained pursuant to the accounts and control functions of the department of personnel, recording the transactions of the fund in summary form and showing the actual current assets, prepaid expenses, current liabilities, deferred credits to income, reserves, actual income, actual expenditures, and current surplus or deficit as the case may be;

(c) A uniform classification of the sources of revenue and nonrevenue receipts, which shall be observed by all the departments, institutions, and other agencies;

(d) A standard classification of the departments, institutions, and other agencies and their principal functions, by major functions of government;

(e) A standard classification of expenditures by activities;

(f) A unified classification of ordinary recurring expenses, extraordinary expenses, and capital outlays, respectively, by the kinds of commodities and services involved, which shall be observed in reporting expenditures, in preparing budget estimates, and in allotting appropriations.

(13) (a) The controller shall promulgate fiscal rules to carry out the functions assigned and the procedures prescribed by this section. Such rules relating to the forms, records, and procedures involved in financial administration shall be binding upon the several departments, institutions, including institutions of higher education except as otherwise provided in paragraph (b) of this subsection (13), and other agencies of the state and upon their several officers and employees.

(b) It is the intent of the general assembly that fiscal rules promulgated by the controller shall be applicable to any institution of higher education; except that the governing board of an institution of higher education that has adopted fiscal procedures and has determined that the fiscal procedures provide adequate safeguards for the proper expenditure of the moneys of the institution may elect to exempt the institution from the fiscal rules promulgated by the controller pursuant to this subsection (13), including any procedures or forms required by law to be promulgated by the controller and any review or approval required to be performed by the controller, and shall not be required to comply with rules promulgated pursuant to this subsection (13) or with the provisions of subsection (1), (5)(b), (20.1), (22), or (26) of this section. The provisions of this paragraph (b) shall also apply to the board of directors of the Auraria higher education center with regard to the expenditure of moneys of the auraria higher education center.

(c) Repealed.

(d) An institution of higher education, including the auraria higher education center, that is exempt from the state fiscal rules pursuant to paragraph (b) of this subsection (13) shall continue to provide to the controller such information as is necessary to enable the controller to meet the obligations set forth in subsection (11) of this section and sections 24-17-102 and 24-30-204; except that an institution of higher education shall be required to provide only such data and reports as are readily accessible to the institution or presently generated by the institution.

(14) If the controller or any other state employee knowingly draws or issues any warrant or check upon the state treasurer not authorized by law, he or she commits a class 2 misdemeanor.

(15) Any person holding the office of state treasurer or controller or any other state officer or employee who, directly or indirectly, receives from any person, body of persons, association, or corporation, for himself or herself or otherwise than in behalf of the state, any reward, compensation, or profit, either in money or other property or thing of value, in consideration of the loan to or deposit with any such person, body of persons, association, or corporation of any public money or other property belonging to the state or in the consideration of the approval or payment of any claim against the state or any other agreement or arrangement touching the use of such money or uses or knowingly permits the use of any such money for any purposes not authorized by law commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(16) Any person who, directly or indirectly, pays or gives to anyone holding the office of state treasurer or controller or to any other state officer or employee or other person any reward or compensation, either in money or other property or things of value, in consideration of the loan to or deposit with any such person, body of persons, association, or corporation of any public money belonging to the state or for which the state is responsible or in consideration of the approval or payment of any claim against the state or of any other agreement or arrangement

touching the use of such money commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(17) Any state officer or employee who willfully neglects or refuses to perform the officer's or employee's duty as prescribed in this section or as prescribed in the fiscal rules promulgated by the controller in conformity with this section commits a civil infraction.

(18) (a) to (e) Repealed.

(f) All state agencies are required to make and preserve records of employees' wages and hours and other conditions and practices of employment.

(g) to (j) Repealed.

(19) If any money of the state is paid out from any appropriation or fund for any purpose and such money, or any part thereof, is for any reason subsequently refunded to the state, the controller is authorized to order the money so refunded to be credited to the fund or appropriation from which it was originally paid.

(20) Repealed.

(20.1) The controller, or the controller's designee, is hereby authorized, upon written request made to the controller, to allow any state department, institution, or agency to draw upon its appropriation a sum set by fiscal rule promulgated by the controller, which fiscal rule may not authorize a sum in excess of two thousand five hundred dollars, and considered appropriate for the circumstances, to be used for the payment of incidental expenses. Items of postage, express, telegrams, and other incidental expenses may be paid from such moneys. At the end of each month, or as often as is practicable, the department, institution, or agency making such incidental expenditures shall submit a voucher to the controller covering the total amount of such expenditures and shall submit a list of all such expenditures, together with proper receipts, if any, and the controller shall draw the controller's warrant or check against the proper appropriation to cover all items of expenditures that the controller approves. The controller is also authorized, upon the request of any state department, institution, or agency, to allow a reasonable advance of moneys to employees and officials for authorized travel on official state business not to exceed an amount set by fiscal rule promulgated by the controller.

(21) If, as a result of fire or other insured loss to state property, the state receives moneys from any insurance company, the controller is authorized to deposit such moneys in an account from which he may, without regard to the provisions of part 3 of article 37 of this title and without further legislative action, reimburse contractors for repair, replacement, or reconstruction of state properties damaged or destroyed under a contract executed in accordance with state contracting laws and procedures in effect at the time of the execution of the contract. If the amount of insurance recovery exceeds the actual cost of such repair, replacement, or reconstruction, any balance remaining in said account after payment of actual costs shall revert to the general fund. With respect to the loss or damage to state property which is not insured or the loss or damage to state property which is insured but the insurance does not fully cover the loss or damage, the controller may, with the approval of the governor, without further legislative action, reimburse contractors for the repair, replacement, or reconstruction of such state property up to a maximum amount of one hundred thousand dollars; except that the controller is not authorized to provide for reimbursement for repair, replacement, or reconstruction of state property if the state is self-insured for loss or damage to state property.

(22) The controller shall make uniform and equitable fiscal rules controlling the types of perquisites which may be allowed state employees in the executive branch of government in

addition to their regular salaries. Such rules shall include the eligibility of employees to receive such perquisites, the charges to be made for such perquisites, and the method of payment of such charges to the state. Before such rules become effective, they shall be approved by the governor. No employee shall have authority to grant to himself or herself or to any other employee under his or her supervision any perquisite, nor shall any employee receive any perquisite without full payment therefor, except as provided for by statute or by the rules of the controller as authorized in this section. Charges prescribed by such rules shall be reviewed annually by the controller.

(23) Repealed.

(24) (a) The controller shall promulgate fiscal rules requiring that disbursements made in the payment of any liability incurred on behalf of the executive branch of this state be made within forty-five days after such liability was incurred or shall pay interest from the forty-fifth day at a rate of one percent per month on the unpaid balance until the account is paid in full.

(b) As used in subsection (24)(a) of this section, "liability incurred on behalf of the state" means the receipt of supplies, as defined in section 24-101-301 (47), or services, as defined in section 24-101-301 (42), and receipt of a correct notice of the amount due, by the state agency procuring such supplies or services from a nongovernmental entity. No liability is incurred on behalf of the state if a good faith dispute exists as to the state's obligation to pay all or a portion of the account. Nothing in this subsection (24) shall be construed to affect any provision for the time of payment in a written contract between a state agency procuring services or supplies and a nongovernmental entity.

(25) (a) (Deleted by amendment, L. 2005, p. 278, § 9, effective August 8, 2005.)

(b) On July 1, 1985, the controller shall, by fiscal rule, provide for the assessment of a reasonable monetary penalty based on cost against any person who issues a check returned for insufficient funds to any state department, institution, or agency in payment of fees, fines, or other moneys due the state.

(c) For the purposes of this subsection (25), "insufficient funds" means not having a sufficient balance in account with a bank or other drawee for the payment of a check when presented for payment within thirty days after issue.

(d) The penalty provided for in this subsection (25) shall be assessed in addition to any other penalties provided by law except for the penalty provided in section 24-35-114 relating to checks issued to the department of revenue.

(26) The controller shall promulgate equitable fiscal rules concerning travel policies applicable to state employees, including methods of transportation, travel advances, reimbursements, travel allowances, use of travel agents, and use of state or privately owned vehicles, and may promulgate such rules for the implementation of a state travel policy as he deems necessary to assure fair and reasonable expenditures.

(27) To avoid the imposition of duplicative or excessively burdensome or numerous reporting requirements upon state-supported institutions of higher education and to encourage the promulgation of reporting rules that, to the extent possible, require such institutions to provide only data and reports readily accessible to or presently generated by such institutions, the controller shall consult with the Colorado commission on higher education before adopting, amending, or repealing rules affecting or creating reporting requirements applicable to such institutions.

(28) (a) As used in this subsection (28):

(I) (A) "Charitable food organization" means a charitable organization, including a faith-based organization, exempt from federal taxation under the provisions of the federal "Internal Revenue Code of 1986", as amended, that distributes food directly or indirectly for hunger relief in the community.

(B) "Charitable food organization" includes a school food authority as defined in section 22-32-120 (8).

(II) "State agricultural products" means agricultural products produced in the state in accordance with section 24-103-907 (3)(a).

(b) The controller shall promulgate fiscal rules to clarify that state agencies may, under review of the state controller, provide for advance payment for the purchase of state agricultural products by a charitable food organization using state grant money, and may include, as the controller deems necessary, rules for the implementation of the advance payment policy including proper accounting, compliance with industry standards, and determination that the advance payment provides a benefit to the state at least equal to the cost and risk of the advance payment.

24-30-202.4. Collection of debts due the state - state agency options - controller's duties - offsetting disbursements - definitions. (1) A state agency is responsible for the collection of any debt owed to it. The controller shall advise the various state agencies concerning the collection of debts due the state through the agencies, in accordance with the fiscal rules promulgated by the controller in accordance with subsection (2) of this section, to achieve the prompt collection of debts due the agencies.

(2) (a) The controller shall promulgate fiscal rules for collection of debts due to a state agency; except that the fiscal rules do not apply to those debts under the jurisdiction of the department of revenue referred to in section 24-35-108 (1)(a). The controller shall include in the fiscal rules any requirements for a state agency to refer a debt to private counsel or a private collection agency under subsection (2)(b) of this section or to certify a debt to the department of revenue under subsection (2.5) of this section.

(b) A state agency may refer the debt to a private counsel or private collection agency. The controller shall establish a list of private counsel or private collection agencies that a state agency may contract with for debt collection services. The controller must select the private counsel or private collection agencies included in the list of private counsel or private collection

agencies through competition pursuant to the "Procurement Code", articles 101 to 112 of this title 24.

(2.5) A state agency may certify the amount of a debt due to the state to the department of revenue in order for the department to provide lottery offsets in accordance with section 24-30-202.7, and an offset of a state tax refund due the debtor under section 39-21-108 (3), and to the registry operator in order for the registry operator to provide limited gaming offsets in accordance with the "Gambling Payment Intercept Act", part 6 of article 35 of this title 24.

(3) (a) (Deleted by amendment, L. 2021.)

(b) (Deleted by amendment, L. 91, p. 839, § 1, effective January 1, 1992.)

(c) The controller, with the consent of the state treasurer, is authorized to release or compromise any debt due the state, but only in accordance with the rules applicable thereto. Such rules may provide delegated authority and criteria for release and compromise of debts and may include provisions to prohibit the referral of debts for tax offset based on the age or amounts of debts.

(d) Proceeds of debts collected by a state agency or by a private counsel or private collection agency are accounted for and paid into the fund from which the receivable was derived, and if the fund is no longer in existence, it is paid into the general fund.

(e) Repealed.

(f) and (g) (Deleted by amendment, L. 2021.)

(3.5) (a) (I) The controller shall approve disbursements from state funds from the state's central accounting system in accordance with section 24-30-202 (2). If there is an unpaid balance or debt owed, a state agency may direct the controller to withhold the amount of the disbursement that does not exceed the amount of:

(A) Any unpaid child support debt as set forth in section 14-14-104, or child support arrearages that are the subject of enforcement services provided pursuant to section 26-13-106, as certified by the department of human services;

(B) Any unpaid balance of tax, accrued interest, or other charges specified in article 21 of title 39, that is subject to offset under section 39-21-108 (3), and owing by the payee according to the records of the controller;

(C) Any unpaid debt owing to the state or any agency thereof by a payee, the amount of which is found to be owing as a result of a final agency determination or the amount of which has been reduced to judgment;

(D) Any unpaid loan due to the student loan division of the department of higher education as set forth in section 23-3.1-104 (1)(p), found to be owing to the division by a payee as a result of final agency determination; or

(E) Any amount required to be paid to the unemployment compensation fund pursuant to articles 70 to 82 of title 8, the amount of which has been determined to be owing as a result of a final agency determination or judicial decision or that has been reduced to judgment by the division of unemployment insurance in the department of labor and employment.

(II) Any money withheld for payment of child support debt or child support arrearages pursuant to subsection (3.5)(a)(I) of this section is deposited with the state treasurer for disbursement by the department of human services. For all names and amounts certified by the department of human services pursuant to section 26-13-111, the controller shall provide to the department of human services the payees' names and associated amounts deposited with the state

treasurer pursuant to this subsection (3.5)(a)(II) and any other identifying information as required by the department of human services.

(III) Any money withheld for payment of an unpaid balance of tax, interest, or other charges specified in subsection (3.5)(a)(I) of this section and subject to offset under section 39-21-108 (3), is deposited with the state treasurer. For all names and amounts submitted by the executive director of the department of revenue pursuant to section 39-21-114 (10), the controller shall provide to the department the payees' names and associated amounts deposited with the state treasurer pursuant to this subsection (3.5)(a)(III).

(IV) Any money withheld for payment of an unpaid debt owing to the state pursuant to subsection (3.5)(a)(I) of this section is deposited with the state treasurer. For all names and amounts certified by a state agency pursuant to subsection (3.5)(a) of this section, the controller shall provide to the state agency the payees' names and associated amounts deposited with the state treasurer pursuant to this subsection (3.5)(a)(IV).

(V) All money withheld for payment of a student loan division debt pursuant to subsection (3.5)(a)(I) of this section is deposited with the state treasurer for disbursement by the state treasurer to the division. For all names and amounts certified by the division pursuant to section 23-3.1-104 (1)(q), the controller shall provide to the division the payees' names and associated amounts deposited with the state treasurer pursuant to this subsection (3.5)(a)(V).

(VI) The controller shall deposit with the state treasurer any money withheld for payment of unemployment compensation debt pursuant to subsection (3.5)(a)(I) of this section, and the state treasurer shall credit the money to the unemployment compensation fund. For all names and amounts certified by the division of unemployment insurance, the controller shall provide to the division the payees' names and associated amounts deposited with the state treasurer pursuant to this subsection (3.5)(a)(VI).

(VII) The controller shall pay any approved disbursement in excess of the unpaid balance or debt to the approved payee.

(b) In the event that there are debts for unpaid child support, as set forth in section 26-13-111, debts for an unpaid balance of tax, interest, or other charges pursuant to article 21 of title 39, and other debts owing to the state or any agency thereof as set forth in subsection (3.5)(a)(I) of this section, the amount withheld pursuant to subsection (3.5)(a)(I) of this section is credited to the unpaid debts and is applied first to those unpaid debts in the order they appear in this subsection (3.5)(b), and any remaining amounts withheld pursuant to subsection (3.5)(a)(I) of this section is applied based on the priority determined by the controller.

(c) (Deleted by amendment, L. 2021.)

(4) (Deleted by amendment, L. 99, p. 689, § 9, effective August 4, 1999.)

(5) (Deleted by amendment, L. 2021.)

(6) Any contract awarded to private counsel or private collection agency shall require that the contractor remain licensed under the contractor's respective occupational licensing statutes or rules during the term of the contract. The contract shall require that a private counsel or private collection agency shall at all times act in compliance with the provisions of the "Colorado Fair Debt Collection Practices Act", article 16 of title 5, and in compliance with any rules promulgated by the controller.

(7) (Deleted by amendment, L. 2021.)

(8) (a) A collection fee for a private collection agency shall not exceed eighteen percent of the debt, and the fee for private counsel shall not exceed twenty-five percent of the debt. All

fees collected and retained by a private collection agency or private counsel as payment for services collecting a debt that are not deposited in the state treasury are not subject to article 36 of title 24 or section 20 of article X of the state constitution.

(b) The debtor is liable for repayment of the total amount of a debt due to the state, including collection fee charged by the private collection agency or private counsel, plus allowable fees and costs pursuant to subsection (8)(c) of this section and the delinquency charge pursuant to section 24-79.5-102.

(c) If a debt due to the state is litigated and the state prevails, in addition to the collection fee, the debtor shall also be liable for the following:

(I) Reasonable attorney fees as may be determined by the court;

(II) Court costs as described in section 13-16-122; and

(III) Fees incurred by the state's attorney in processing the litigation and collection of any judgment.

(d) If a debt due to the state is in the form of a check, draft, or order not paid upon presentment, the state agency is entitled, in addition to a collection fee, if applicable, to collect damages as specified in section 13-21-109 (1)(b)(II) and (2)(a).

24-30-202.7. Lottery winnings offset - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Debtor" means a person who owes an outstanding debt.

(b) "Outstanding debt" means any unpaid debt due to the state that is certified by a state agency pursuant to section 24-30-202.4 (2.5), including the collection fee and any allowable fees and costs pursuant to section 24-30-202.4 (8).

(2) A state agency shall provide to the department of revenue the social security number of the debtor, the amount of the debtor's outstanding debt, and any other identifying information required by the department of revenue.

(3) Upon receiving notification from the department of revenue that a lottery cash prize winner appears among those certified by a state agency, the department of revenue shall notify the debtor, in writing, that the state intends to offset the debtor's outstanding debt against the debtor's winnings from the state lottery.

(4) Upon notification by the department of revenue of amounts deposited with the state treasurer pursuant to section 44-40-113, the proceeds of the outstanding debt collected shall be accounted for and deposited into the fund or funds required pursuant to section 24-30-202.4 (3)(d).

(5) The executive director of the department of personnel shall promulgate rules pursuant to article 4 of this title establishing procedures to implement this section.

24-30-203. Refunds of money erroneously collected. (1) In all cases not otherwise provided for by specific statute, whenever any money not owed or belonging to the state of Colorado is collected or received by the state of Colorado through mistake either of law or of fact, upon proper showing made to the satisfaction of the head of the department of the state of

Colorado that collected or received such money and upon proper voucher drawn by such department head and approved by the governor and controller, the controller is authorized to draw a warrant or check to refund such money to the person from whom it was collected or received. Such refund shall be made from the fund into which such money was deposited. No refund made under the authority of this section shall be made unless a claim therefor is filed within one year after such money is collected or received by the state of Colorado.

(2) Nothing in this section shall alter, modify, or amend the procedure, time of filing claims, or methods of processing or paying refunds specifically provided for in other statutes.

24-30-204. Fiscal year. (1) The fiscal year of the state government shall commence on July 1 and end on June 30 of each year. This fiscal year shall be followed in making appropriations and in financial reporting and shall be uniformly adopted by all departments, institutions, and agencies in the state government except the department of transportation, which shall prepare and submit its budget as required by law. Financial statements for the fiscal year shall be submitted by each department, institution, or agency to the controller no later than August 25. Notwithstanding section 24-1-136 (11)(a)(I), the controller shall prepare financial statements in accordance with generally accepted accounting principles and submit these financial statements to the governor and the general assembly no later than September 20. The controller may grant an extension, not to exceed twenty days, to any department, institution, or agency because of administrative hardship in complying with this section.

(2) (a) For fiscal years commencing on or after July 1, 1992, in addition to the financial statements required pursuant to subsection (1) of this section, all departments, institutions, and agencies in the state government shall submit a quarterly report of financial information to the controller no later than thirty days after the last day of each fiscal year quarter. Such report shall include such financial information as deemed reasonable and necessary by the controller. Such report shall include, but shall not be limited to, sufficient financial information for the controller to determine if such department, institution, or agency is properly crediting monthly revenues and accruals and is properly billing the federal government, in a timely manner, for reimbursement of state moneys expended for federal programs. The controller shall work with

all departments to develop a format for such quarterly report of each department, institution, and agency.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (2), a governing board that implements a capital construction or acquisition project as described in section 23-1-106 (9), C.R.S., is not required to submit for the project quarterly reports as described in paragraph (a) of this subsection (2).

(3) The official books of the state shall be closed no later than thirty-five days after the end of the fiscal year. As of this date, all adjusted revenue, expenditures, and expense accounts shall be closed into the state accounting system in order to divide the financial details of the state into comparable periods.

24-30-205. Duties of controller. The controller shall be devoted full time to the duties of the office and shall follow no other gainful employment. During the consideration of the budget and appropriation bills by the general assembly, it is the controller's duty, upon demand by either house of the general assembly or any committee thereof, to appear before the same and render any testimony, explanation, or assistance required. The controller shall have the technical and clerical assistance as, in the opinion of the governor, the execution of the controller's duties requires. The controller shall be furnished with suitable office space for the performance of the controller's duties.

24-30-207. Reports of revenue and expenditures.

(1) Repealed.

(2) On or before September 15 of each year, the controller shall prepare and transmit to the executive director of the department of revenue a graphic summary of statewide revenue and expenditures of the state as published in the controller's comprehensive annual financial report. The executive director of the department of revenue shall print such summary each year in a prominent location on the state income tax instruction booklet. The summary shall be for the last complete fiscal year.

(3) For the 1997-98 fiscal year and for each fiscal year thereafter, the controller shall prepare a report for the state ascertaining the amount of uncommitted reserves, as defined in section 24-75-402 (2)(h), credited to each state cash fund, as defined by section 24-75-402 (2)(b). The state controller shall include in the report the amount of the capital reserve that is excluded from the definition of "uncommitted reserves" in accordance with section 24-75-402 (2)(h)(I). The state auditor shall audit such report. Such report must be delivered to the office of state planning and budgeting and to the joint budget committee of the general assembly on or before September 20 of each year.

24-30-209. Statewide financial and human resources information technology systems - billing process - statewide financial information technology systems cash fund - creation. (1) The executive director of the department of personnel or the executive director's designee shall develop a method for billing users of the department's statewide financial and human resources information technology systems services for the full cost of the service, including materials; depreciation related to capital costs; labor; and administrative overhead. Any moneys generated from the billing required pursuant to this subsection (1) shall be deposited in the statewide financial information technology systems cash fund created in subsection (2) of this section.

(2) (a) There is hereby created in the state treasury the statewide financial information technology systems cash fund. The fund consists of moneys deposited into the fund pursuant to subsection (1) of this section. The moneys in the fund are annually appropriated to the department of personnel for the costs of information technology maintenance and upgrades and for the direct and indirect costs of the department in connection with statewide financial and human resources information technology systems.

(b) All interest earned on the investment of moneys in the statewide financial information technology systems cash fund is credited to the fund. Any unexpended and unencumbered moneys in the fund at the end of any fiscal year remain in the fund and do not revert to the general fund or any other fund.

24-30-210. Cash fund solvency fund - creation - loans - report - legislative declaration. (1) The general assembly hereby finds and declares that:

(a) When fee-funded programs use multi-year licensing and service periods, state agencies may have revenue shortfalls during off-cycle years in which revenue collections are dramatically lower than they are in on-cycle years;

(b) The COVID-19 pandemic has reduced fee revenue or disrupted the fee cycle for many state programs, which exacerbates the need for a multi-year, cash-management solution to smooth out revenue fluctuations;

(c) Fee-funded state programs should be able to weather the current and future economic downturns without resorting to large, short-term fee increases on businesses and Coloradans as they are recovering from the downturn; and

(d) Providing fee-funded programs adequate, multi-year flexibility to manage cash flows while also maintaining the existing safeguards against overcharging fee payers for services is an important state function.

(2) The cash fund solvency fund, referred to in this section as the "fund", is hereby created in the state treasury. The fund consists of money credited to the fund pursuant to subsection (4) of this section and any other money that the general assembly may appropriate or transfer to the fund. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the cash fund solvency fund to the fund.

(3) (a) Notwithstanding any provision of law to the contrary, upon the request of the office of state planning and budgeting, the state controller may transfer money from the fund to another cash fund if the state controller determines that:

(I) The primary source of revenue in the cash fund is from fee revenue;

(II) The fee revenue is collected on a multi-year licensing and service period or there has been an unexpected, significant decrease in fee revenue collected; and

(III) The cash fund will have a deficit based on current expenditures in the absence of a significant fee increase, unless a loan is made to the cash fund.

(b) After a transfer to a cash fund under subsection (3)(a) of this section, the state controller shall transfer the same amount of money from the cash fund back to the cash fund solvency fund in one or more installments. The state controller shall establish the terms of the repayment transfers, which may be over multiple fiscal years.

(4) On July 1, 2021, the state treasurer shall transfer three million one hundred thousand dollars from the general fund to the fund.

(5) Notwithstanding section 24-1-136 (11), on or before November 1, 2021, and each November 1 thereafter, the state controller shall annually report to the joint budget committee and the office of state planning and budgeting about any transfers that have been made under this section, the terms of the repayment transfers, and the amount that has been repaid.

PART 10

DIVISION OF ADMINISTRATIVE HEARINGS

Law reviews: For article, "Hidden in Plain Sight: The Office of Administrative Courts' ADR Program", see 43 Colo. Law. 31 (Jan. 2014).

24-30-1001. Office of administrative courts - administrative courts cash fund - creation. (1) Effective July 1, 2005, there is created the office of administrative courts in the department of personnel, the head of which is the executive director of the department of personnel. The office of administrative courts is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the department of personnel.

(2) The executive director of the department of personnel shall establish and maintain administrative offices and courts for the office of administrative courts in Denver, and in the southern region and on the western slope of the state, in addition to such other offices and courts as the executive director deems necessary to carry out the powers, duties, and functions of the office of administrative courts.

(3) The executive director of the department of personnel shall establish any fees or cost allocation billing process necessary to pay for the direct and indirect costs of the office of administrative courts. The department of personnel shall not establish a fee for individuals or beneficiaries that have a right to an administrative hearing without prior approval of the associated state agency and formal rule-making related to the fee pursuant to article 4 of this title. All moneys collected shall be transmitted to the state treasurer, who shall credit the same to the administrative courts cash fund, which fund is hereby created. The moneys in the fund shall be subject to annual appropriation by the general assembly for the direct and indirect costs of the office of administrative courts. All interest derived from the deposit and investment of moneys in

the fund shall be credited to the fund. Any unexpended and unencumbered moneys remaining in the fund at the end of a fiscal year shall remain in the fund and shall not be credited or transferred to the general fund or any other fund.

24-30-1003. Administrative law judges - appointment - qualifications - standards of conduct. (1) The executive director of the department of personnel may appoint such administrative law judges except those employed pursuant to sections 24-50-103 (7) and 40-2-104, C.R.S., as may be necessary to provide services to each state agency, except the state personnel board and the public utilities commission, entitled to use administrative law judges. Administrative law judges shall be appointed in accordance with the provisions of section 13 of article XII of the state constitution and the laws and rules governing the state personnel system.

(1.5) The director of the office of administrative courts shall appoint and assign administrative law judges to hear particular cases or classes of cases that come before the office of administrative courts in a manner that, in the discretion of such director, is necessary and appropriate to provide services to each state agency.

(2) Any administrative law judge shall meet the same qualifications as a district court judge as provided in section 11 of article VI of the state constitution.

(3) (Deleted by amendment, L. 91, p. 1340, § 57, effective July 1, 1991.)

(4) (a) Administrative law judges appointed pursuant to this section shall be subject to the standards of conduct set forth in the Colorado code of judicial conduct. The performance

review plan for each administrative law judge shall include this Colorado code of judicial conduct.

(b) A complaint alleging a violation of the Colorado code of judicial conduct shall be referred to the executive director of the department of personnel who shall investigate the complaint and determine if the administrative law judge violated any canons of the code. Such administrative law judge shall be subject to the disciplinary procedures set forth in rules adopted by the state personnel board.

(c) If the decision is unsatisfactory to any party, an appeal may be made to the board of ethics for the executive branch of state government in the office of the governor.

(d) If the administrative law judge is found by the executive director or the board of ethics to have acted in violation of the canons of the Colorado code of judicial conduct, then the decision shall be made a part of the personnel file of the administrative law judge against whom the complaint was filed.

(5) In addition to the authority set forth in section 24-4-105 or as otherwise provided by law, administrative law judges in the office of administrative courts shall have the power to:

(a) Issue subpoenas, administer oaths, and control the course of trials and other proceedings before them; and

(b) Engage in or encourage the use of alternative dispute resolution as appropriate.

(6) Repealed.

PART 11

DIVISION OF CENTRAL SERVICES

24-30-1101. Legislative findings and declarations. (1) The general assembly hereby finds, determines, and declares that:

(a) Services such as printing, document management, mail-related services, microfilm, graphic arts, fleet management, and other similar services are being widely used by the state of Colorado as a practical and economical means of improving administrative production and efficiency;

(b) and (c) (Deleted by amendment, L. 2004, p. 305, § 1, effective August 4, 2004.)

(d) Meeting the service needs of state departments, institutions, and agencies in efficient and economical ways within the resource capabilities of the state is the prime goal of the department of personnel policy;

(e) To most effectively utilize resources committed to existing services and to assure the best services at competitive costs to user agencies while preserving the managerial prerogatives and responsibilities assigned to department and agency heads by statute and otherwise, it is necessary to establish central planning, control, and coordination of service activities.

24-30-1102. Definitions. As used in this part 11, unless the context otherwise requires:

(1) "Cost" means the direct cost of providing goods or services including, but not limited to, the total cost of labor and all related benefits, maintenance costs, materials, provisions, supplies, equipment rentals, equipment purchases, insurance, financing, supervision, engineering, clerical and accounting services, the value of the use of equipment, including its depreciation or replacement value, and an equitable share of other administrative costs not otherwise directly attributable to a particular good or service which may be reasonably apportioned to each particular service in accordance with generally accepted accounting principles and standards.

(2) "Director" or "executive director" means the executive director of the department of personnel.

(3) (Deleted by amendment, L. 96, p. 1497, § 8, effective June 1, 1996.)

(4) "Services" means printing, document management, mail-related services, microfilm, graphic arts, fleet management, and other similar support functions that are or may be used by the state of Colorado as a practical and economical means of improving administrative production and efficiency.

(5) "State agency" means this state or any department, board, bureau, commission, institution, or other agency of the state; except that "state agency" shall not include any state institution of higher education, the Auraria higher education center, or the state board of stock inspection commissioners, created pursuant to section 35-41-101, C.R.S.

(6) (a) "State-owned motor vehicle" means all motor vehicles owned by the state or any agency of the state that shall include all two- and four-wheel drive trucks, all passenger vehicles including cars, vans, station wagons and other similar passenger vehicles, and any other vehicle not described herein that may be designated as a state-owned motor vehicle if a state agency requests such designation; except that "state-owned motor vehicle" shall not include any vehicle rated at one ton or more that is:

(I) (Deleted by amendment, L. 2010, (SB 10-003), ch. 391, p. 1851, § 29, effective June 9, 2010.)

(II) A specialized vehicle used for the purposes of construction or maintenance, and owned, operated, or controlled by the department of transportation.

(b) "State-owned motor vehicle" shall not include any vehicle donated to a specific state agency.

24-30-1104. Functions of the department - definitions - rules. (1) Within the counties of Adams, Arapahoe, Boulder, Douglas, Pueblo, El Paso, and Jefferson, the city and county of Broomfield, and the city and county of Denver, and within any other areas in the state of Colorado where central services are offered, the department of personnel shall perform the following functions for the executive branch of the state of Colorado, its departments, institutions, and agencies, under the direction of the executive director:

(a) Formulate, in consultation with state departments, institutions, and agencies, recommendations for a strategic plan for approval of the executive director of the department of personnel and the governor no later than January 1 of 2005 and every five years thereafter;

(b) Review all existing and future services, service applications, software related to services, planning systems, personnel, equipment, and facilities and establish priorities for those that are necessary and desirable to accomplish the purposes of this part 11;

(c) Establish procedures and standards for management of service functions set forth in this part 11 for all state departments, institutions, and agencies;

(d) Establish and maintain facilities as needed to carry out the duties set forth in this part 11, including but not limited to those listed;

(e) (Deleted by amendment, L. 2004, p. 306, § 3, effective August 4, 2004.)

(f) Advise the governor and the general assembly on central services matters;

(g) Prepare and submit such reports as are required by this part 11 or which the governor or the general assembly may request;

(h) Approve or disapprove the acquisition of services, service equipment, and software related to services by any state department, institution, or agency and approve, modify, or disapprove the staffing pattern for service operations by any state department, institution, or agency in accordance with the approved plan;

(i) Continually study and assess service operations and needs of state departments, institutions, and agencies;

(j) Provide services, equipment, and facilities as required pursuant to this part 11 for state departments, institutions, and agencies according to their needs;

(k) Establish, in consultation with other state departments, institutions, and agencies, techniques and standards for microfilm, digital imaging, and digital conversion and evidentiary certification of photographs, microphotographs, or reproductions;

(l) Notify state agencies through written statements, which may include electronic statements, prepared by the department of personnel that state agencies may obtain goods and services directly from the private sector, if the cost and quality of such goods or services offered by the private sector are competitive with those provided by the department of personnel;

(m) Offer services to any state institution of higher education that chooses to purchase such services. When an institution of higher education intends to purchase a service provided by the department, the institution shall include the department in any solicitation or vendor qualification process for the service. Whenever practicable, institutions of higher education shall seek partnerships with the department for the purpose of procuring services at a cost savings to the institution and the state.

(1.5) The department of personnel shall establish a rule providing for a waiver to a state agency of subsection (1) of this section when the state agency can procure the services described in this part 11 at a net cost savings to the state.

(2) In addition to the county-specific functions set forth in subsection (1) of this section, the department of personnel shall take such steps as are necessary to fully implement a central state motor vehicle fleet system by January 1, 1993. The provisions of the motor vehicle fleet system created pursuant to this subsection (2) apply to the executive branch of the state of Colorado, its departments, its institutions, and its agencies; except that the governing board of each institution of higher education, by formal action of the board, and the Colorado commission on higher education, by formal action of the commission, may elect to be exempt from the provisions of this subsection (2) and may obtain a motor vehicle fleet system independent of the state motor vehicle fleet system. Under the direction of the executive director, the department of

personnel shall perform the following functions pertaining to the motor vehicle fleet system throughout the state:

(a) Establish and operate a central state motor vehicle fleet system and such subsidiary-related facilities as are necessary to provide for the efficient and economical use of state-owned motor vehicles by state officers and employees;

(b) Establish and operate central facilities for the maintenance, repair, and storage of state-owned passenger motor vehicles for the use of state agencies; utilize any available state facilities for that purpose; and enter into contracts with such facilities as are necessary to carry out the provisions of this part 11;

(c) (I) Adopt uniform rules for motor vehicle acquisition, operation, maintenance, repair, and disposal standards. Uniform rules adopted by the executive director of the department of personnel pertaining to acquisition of motor vehicles by lease or purchase shall provide that low energy consumption shall be a favorable factor in determining the low responsible bidder. The size of any passenger motor vehicle shall not be greater than necessary to accomplish its purpose.

(II) By January 1, 2008, the executive director shall adopt a policy to significantly increase the utilization of alternative fuels and that establishes increasing utilization objectives for each following year. To encourage compliance with this policy, the rules promulgated pursuant to this subsection (2)(c) may establish progressively more stringent percentage mileposts and, for fiscal years commencing after July 1, 2004, require the collection of data concerning the annual percentage of state-owned bi-fueled vehicles that were fueled exclusively with an alternative fuel. For the years commencing on January 1, 2008, and January 1, 2009, the executive director shall purchase flexible fuel vehicles or hybrid vehicles, subject to availability, unless the increased cost of such vehicle is more than ten percent over the cost of a comparable dedicated petroleum fuel vehicle. Beginning on January 1, 2010, the executive director shall purchase motor vehicles that operate on compressed natural gas, plug-in hybrid electric vehicles, or vehicles that operate on other alternative fuels, subject to their availability and the availability of adequate fuel and fueling infrastructure, if either the increased base cost of such vehicle or the increased life-cycle cost of such vehicle is not more than ten percent over the cost of a comparable dedicated petroleum fuel vehicle. The executive director shall adopt a policy to allow some vehicles to be exempted from this requirement. Notwithstanding section 24-1-136 (11)(a)(I), the executive director or the director's designee shall submit an annual report to the transportation committees of the senate and the house of representatives, or any successor committees, and the joint budget committee of the general assembly, detailing the items specified in subsection (2)(c)(V) of this section. As used in this subsection (2)(c)(II):

(A) "Flexible fuel vehicle" means any dedicated flexible-fuel or dual-fuel vehicle designed to operate on at least one alternative fuel.

(B) "Hybrid vehicle" means a motor vehicle with a hybrid propulsion system that uses an alternative fuel by operating on both an alternative fuel, including electricity, and a traditional fuel.

(III) For purposes of this subsection (2)(c):

(A) "Alternative fuel" means compressed natural gas, propane, ethanol, or any mixture of ethanol containing eighty-five percent or more ethanol by volume with gasoline or other fuels, electricity, or any other fuels, which fuels may include, but are not limited to, clean diesel and reformulated gasoline so long as these other fuels make comparable reductions in carbon

monoxide emissions and brown cloud pollutants as determined by the air quality control commission created in section 25-7-104. "Alternative fuel" does not include any fuel product, as defined in section 25-7-139 (3)(c), that contains or is treated with methyl tertiary butyl ether (MTBE).

(B) "Bi-fueled vehicle" means a motor vehicle, which may be purchased to comply with applicable federal requirements including, but not limited to, the federal "Energy Policy Act of 1992", 42 U.S.C. sec. 13257, and 42 U.S.C. sec. 7587, that can operate on both an alternative fuel and a traditional fuel or that can operate alternately on a traditional fuel and an alternative fuel.

(C) "Biodiesel" means fuel composed of mono-alkyl esters of long chain fatty acids derived from plant or animal matter that meet ASTM specifications and that is produced in Colorado.

(D) "Life-cycle cost" means the purchase cost of a vehicle minus the resale value at the end of the vehicle's expected useful life, in addition to the fuel, operating, and maintenance costs incurred during the vehicle's expected useful life. Fuel costs per mile traveled shall be calculated based on the reference case projections published by the United States energy information administration for the expected useful life of the vehicle. The expected useful life of a vehicle shall be the standard that is set by the state fleet management program for analysis and life-cycle costing purposes.

(IV) (A) By January 1, 2007, the director shall adopt a policy that all state-owned diesel vehicles and equipment shall be fueled with a fuel blend of twenty percent biodiesel and eighty percent petroleum diesel, subject to availability and so long as the price is no greater than ten cents more per gallon than the price of diesel fuel. The director shall provide for the proper administration, implementation, and enforcement of the policy.

(B) Repealed.

(V) Notwithstanding section 24-1-136 (11)(a)(I), on or before November 1, 2013, and each November 1 thereafter, the executive director or the director's designee shall submit a report to the general assembly as specified in subsection (2)(c)(II) of this section. The report must include, but need not be limited to, the following:

(A) The number of vehicles that the executive director or the director's designee purchased since January 1, 2008, for the motor vehicle fleet system that operate on compressed natural gas and other alternative fuels;

(B) An estimate of the number of dedicated petroleum fuel vehicles that the executive director or the director's designee purchased for the motor vehicle fleet system since January 1, 2008, instead of a vehicle that operates on compressed natural gas or other alternative fuel because the base cost or life-cycle cost of the compressed natural gas vehicle or other alternative fuel vehicle was more than ten percent over the cost of a comparable dedicated petroleum fuel vehicle;

(C) An explanation of the availability of adequate fuel and fueling infrastructure in the state for compressed natural gas vehicles and other alternative fuel vehicles and whether limited availability of fuel or fueling infrastructure contributes to the purchase of dedicated petroleum fuel vehicles for the motor vehicle fleet system instead of vehicles that operate on compressed natural gas and other alternative fuels;

(D) A summary of the policy that allows the executive director to exempt some vehicles from the requirement to purchase vehicles that operate on compressed natural gas and the

percentage of dedicated petroleum fuel vehicles that the director purchased pursuant to this exemption;

(E) A summary of the administrative procedures or policies in place within the department, if any, that are intended to facilitate the purchase of vehicles that operate on compressed natural gas and other alternative fuels;

(F) The executive director's suggested changes to the requirements and limitations of subparagraph (II) of this paragraph (c) or other state law that would facilitate the gradual conversion of the motor vehicle fleet system to vehicles that operate on compressed natural gas and other alternative fuels, allow the state to account for the benefit of reduced emissions from vehicles that operate on compressed natural gas and other alternative fuels in its analysis regarding the purchase of such vehicles, and enable the department to provide the best value to the state in the motor vehicle fleet system while purchasing vehicles that operate on compressed natural gas and other alternative fuels; and

(G) A plan for putting in place the infrastructure necessary to support vehicles in the state's motor vehicle fleet system that operate on compressed natural gas and other alternative fuels.

(d) (I) Require that all state agencies transfer custody of certificates of title to all state-owned motor vehicles that are owned by such agencies to the department of personnel for the purpose of compiling complete data on all motor vehicles owned by the state;

(II) Require that all motor vehicles presently owned by state agencies be entered into the state fleet management program. Per-mile costs for the program shall be determined by criteria established by the department of personnel.

(III) (Deleted by amendment, L. 96, p. 1498, § 10, effective June 1, 1996.)

(IV) Require that any department, institution, or agency of the executive branch of the state that owns, operates, or controls vehicles that are not part of the central state motor vehicle fleet system provide the department of personnel with information requested by the department for the purpose of compiling complete data on all motor vehicles owned by the state.

(e) Require that all vehicles purchased after July 1, 1992, shall be owned by the department of personnel and leased and permanently assigned to state agencies. Purchases shall be based on specifications as requested by the state agency in cooperation and consultation with the department of personnel and the motor vehicle advisory council.

(f) Maintain, store, repair, dispose of, and replace state-owned motor vehicles under the control of the department of personnel. The department of personnel shall ensure that state-owned motor vehicles are not routinely replaced until they meet the replacement criteria relating to mileage, cost, safety, and other relevant factors established by the department.

(g) Establish and maintain a centralized record-keeping system for the acquisition, operation, maintenance, repair, and disposal of all motor vehicles in the fleet;

(h) Assign suitable transportation, either on a temporary or permanent basis to any state agency upon: Proper requisition; proper showing of need for use on authorized state business; or approved commuting as provided in section 24-30-1113;

(i) Establish and maintain a record-keeping system for the assignment and use of each vehicle in the motor fleet, which shall include:

(I) Verification from the executive director of a state agency or the executive director's designee that any employee driving a state vehicle has a valid driver's license;

(II) A statement of the authorized state business or other approved purpose for which the vehicle is assigned;

(III) Any other information which the director determines is necessary to carry out the purposes and provisions of this part 11;

(j) (Deleted by amendment, L. 2004, p. 306, § 3, effective August 4, 2004.)

(k) Allocate and charge against each state agency to which transportation is furnished, on the basis of mileage or on the basis of the period of time for which each vehicle is assigned to the agency, its proportionate part of the cost of maintenance and operation of the motor vehicle fleet;

(l) Enforce such rules and regulations as may be adopted by the director pursuant to the provisions of this part 11;

(m) Delegate or conditionally delegate to the respective heads of agencies to which state-owned motor vehicles are permanently assigned such duties as may be designated by the director for the enforcement of all or part of the rules and regulations adopted by the department of personnel;

(n) Require state agencies, officers, and employees to keep all records and make all reports regarding state-owned motor vehicle use as provided in rules and regulations adopted by the department of personnel;

(o) (Deleted by amendment, L. 2004, p. 306, § 3, effective August 4, 2004.)

(p) Negotiate and enter into contracts for the purchase or lease of such personal property as is deemed necessary to achieve the purposes and provisions of this part 11;

(q) Adopt an annual operating budget;

(r) Supervise and be responsible for the expenditure of moneys appropriated to carry out the purposes and provisions of this part 11;

(s) Exercise any other powers or perform any other duties that are reasonably necessary for the fulfillment of the powers and duties assigned to the department of personnel pursuant to this part 11; and

(t) Require that the federal environmental protection agency mile-per-gallon rating for all motor vehicles purchased for the state-owned motor vehicle fleet on or after January 1, 2007, meet or exceed the average fuel efficiency standards as established pursuant to the federal "Energy Policy and Conservation Act", 15 U.S.C. sec. 2001, et seq., recodified as 49 U.S.C. sec. 32901 et seq.

(3) Repealed.

(4) In addition to any other duties imposed by this section, the department of personnel shall establish and maintain a program for parking permits and building and grounds maintenance for the state capitol buildings group pursuant to part 1 of article 82 of this title.

24-30-1105. Powers of the executive director - penalties. (1) In order to perform the duties and functions set forth in this part 11, the executive director of the department of personnel shall, in relation to departments, institutions, and agencies of the executive branch:

(a) Approve the equipment, software related to services, and facilities with which specific services shall be performed by or for any state department, institution, or agency in accordance with the approved plan;

(b) Prescribe standards governing the selection and operation of service equipment by or for any state department, institution, or agency;

(c) Adopt such rules and regulations as may be necessary to carry out the purposes and provisions of this part 11;

(d) Contract for such services as the department of personnel may require for purposes of this part 11;

(e) Require such reports from other departments, institutions, and agencies as may be necessary;

(f) Recommend to the governor the transfer of funds, equipment, supplies, and personnel from existing departments, institutions, and agencies to the department of personnel or to such other agency as may be necessary to accomplish the purposes of this part 11, such transfer to be effective upon the approval by the governor;

(g) Certify for evidentiary purposes as true copies of the originals, before the originals are destroyed or lost, photographs, microphotographs, or reproductions on film created by the department of personnel. Such certified photographs, microphotographs, or reproductions shall have the same legal force and effect as if certified by the original custodian of the records.

(h) In performance of such microfilm services as may be requested by the custodians of the types of documents referred to in this paragraph (h):

(I) Have rights of reasonable access in person or through employees to all types of nonconfidential documents in the possession of the state of Colorado, its departments, institutions, or agencies;

(II) Have rights of reasonable access in person or through specifically designated employees to all types of confidential documents in the possession of the state of Colorado, its departments, institutions, or agencies;

(III) Assist custodians of documents upon which microfilm, digital imaging, and digital conversion services have been performed in the lawful disposition of such documents pursuant to section 24-80-103;

(i) Have power to enter into contracts with other governmental entities in the state of Colorado for the purpose of furnishing services;

(j) Establish policies jointly with the supreme court of the state of Colorado for the expungement and sealing of official state records with a view to the technical and evidentiary problems attendant to expungement or sealing of photographs, microphotographs, and reproductions.

(2) (a) Except in accordance with judicial order or as otherwise provided by law, the executive director or the employees of the department of personnel shall not divulge or make known in any way any information disclosed in any confidential document to which the employees have access in performing the duties specified in this part 11.

(b) Officials or employees of the state who violate this subsection (2) commit a class 2 misdemeanor. Such persons shall, in addition to these penalties, be subject to removal or dismissal from public service on grounds of malfeasance in office.

24-30-1108. Revolving fund - service charges - pricing policy. (1) There is hereby created a department of personnel revolving fund for use in acquiring such materials, supplies, labor, and overhead as are required. Moneys collected and deposited in the fund shall be from state and local government user fees and from rebates, including, but not limited to, rebates from car rentals, travel agencies, lodging, and travel cards. The fund shall be under the direction of the executive director.

(2) Users of department services shall be charged the full cost of the particular service, which shall include the cost of all material, labor, and overhead.

(3) The executive director shall have a pricing policy of remaining competitive with or at a lower rate than private industry in the operation of any service function which the executive director establishes.

(4) The executive director shall keep a full, true, and accurate record of the costs of providing each particular service.

(5) Repealed.

(6) (a) (I) Repealed.

(II) Any uncommitted capital outlay reserves at the end of a given fiscal year may be used for capital outlay subject to an appropriation in the annual general appropriation act.

- (b) For purposes of this subsection (6), unless the context otherwise requires:
- (I) "Capital outlay" has the same meaning as set forth in section 24-75-112 (1)(a).
 - (II) "Capital outlay reserve" means any accumulated depreciation identified in fund balance reports prepared by the department of personnel.

24-30-1112. Permanent assignment of vehicles - state agency - verification of minimum mileage - revocation. (1) A state-owned motor vehicle that is part of the state motor vehicle fleet established pursuant to section 24-30-1104 (2) may be assigned by the department

of personnel to a state agency pursuant to this section. In addition, any state-owned motor vehicle that is assigned to a state agency may be further assigned by the executive director of the state agency or by the executive director's designee to an officer or employee of the state agency pursuant to section 24-30-1113.

(2) Unless a state agency can justify to the department of personnel the need for permanent assignment of a vehicle because of its unique use, the department of personnel may permanently assign a state-owned motor vehicle to a state agency only if the use of the vehicle by the state agency is likely to meet the minimum required mileage established by the department of personnel for the utilization classification associated with the vehicle's intended work function and the use of such vehicle by the state agency complies with any additional criteria established by the department of personnel in rules. A vehicle that is assigned to a state agency must be parked at a state facility, as defined by rule, when the vehicle is not in use unless the vehicle has been assigned to an officer or employee of the state agency pursuant to section 24-30-1113.

(3) The department of personnel shall establish a program and adopt rules providing for annual verification that each state-owned motor vehicle permanently assigned to a state agency has met the minimum required mileage based on the appropriate utilization classification. If verification establishes that a vehicle has not met the minimum annual mileage rate and other criteria established in rules and if the responsible state agency cannot justify such lower mileage or failure to meet other criteria, the department of personnel shall revoke the permanent assignment of the vehicle immediately.

(4) The department of personnel shall adopt rules governing the procedure for revocation of assignment of state-owned motor vehicles that have been permanently assigned to a state agency. Revocation of assignment shall occur when the department of personnel determines that:

(a) The vehicle has been used for other than official business or has been used for commuting without being assigned to an officer or employee of the state agency pursuant to section 24-30-1113;

(b) (I) The state agency has not submitted reports or other documentation to the department of personnel that it is required to submit pursuant to rules adopted by the department; or

(II) Any reports or other documentation that the state agency has submitted fail to meet the standards established in rules adopted by the department of personnel for the submission of such reports and documentation and the state agency has not cured the deficiencies within thirty days after receiving notification from the department of personnel of such deficiency;

(c) The state agency has knowingly and willfully supplied false information to the department of personnel regarding the permanent assignment of the motor vehicle to the state agency;

(d) A state-owned motor vehicle has been abused; or

(e) A violation of other rules promulgated by the department of personnel has occurred, which warrants revocation of assignment to the state agency as specified in the rules adopted by the department of personnel.

(5) The department of personnel shall not honor new requisitions for assignment of vehicle following the revocation of assignment until the department of personnel is assured that the violation for which a vehicle was previously revoked will not recur.

24-30-1113. Assignment of vehicles to state agency officers or employees - report to legislative audit committee - definition. (1) Notwithstanding section 24-30-1102 (5), as used in this section, unless the context otherwise requires, "state agency" means the state or any department, board, bureau, commission, institution, or other agency of the state; except that "state agency" does not include any state institution of higher education, the Auraria higher education center, or the legislative and judicial branches of state government. As used in this section, "state agency" does include the state board of stock inspection commissioners, created in section 35-41-101.

(2) (a) The executive director of a state agency or the executive director's designee may assign a state-owned motor vehicle that has been assigned to the state agency pursuant to section 24-30-1112 to an officer or employee of the state agency for conducting state business and commuting. Commuting includes traveling from an officer's or employee's personal residence to one or more regular places of business but does not include traveling away from home as defined by the federal internal revenue service. A state-owned motor vehicle may be parked at the personal residence of an officer or employee of a state agency for more than one day per month only if the state agency has assigned the vehicle to the officer or employee pursuant to this section or if the officer or employee is using the vehicle to travel away from home. An officer or employee shall not use a state-owned motor vehicle for commuting unless such use is authorized pursuant to this section. The assignment of a state-owned motor vehicle pursuant to this section must comply with the requirements of section 24-30-1112.

(b) The executive director of a state agency or the executive director's designee must authorize the assignment of a vehicle in writing and submit the authorization and any supporting documentation to the executive director of the department of personnel for final approval. The executive director of a state agency or the executive director's designee shall authorize the assignment of a vehicle only if:

(I) Assignment of the vehicle is necessary to conduct official and legitimate state business;

(II) Assignment of the vehicle satisfies at least one of the following requirements:

(A) The vehicle meets the federal internal revenue service definition of qualified nonpersonal use, as specified in 26 CFR 1.274-5 (k); or

(B) The assignment of the vehicle is the most cost-efficient means of transportation, as defined in rules adopted by the department of personnel, to the state agency; and

(III) Assignment of the vehicle complies with any additional criteria established in rules adopted by the department of personnel.

(c) An executive director of a state agency or the executive director's designee who authorizes the assignment of a state-owned motor vehicle to an officer or employee of the state agency shall maintain documentation of the assignment, including the executive director's justification for authorizing the assignment of the vehicle. At least annually, the executive director of a state agency or the executive director's designee shall review each assignment of a vehicle to ensure that the assignment complies with the requirements of this section.

(3) The executive director of the department of personnel or the state controller, or the designee of either official, as applicable, shall review any assignment of a state-owned motor vehicle to an officer or employee of a state agency. The executive director of the department of personnel or the state controller, or the designee of either official, as applicable, shall verify that the assignment of the vehicle complies with the requirements specified in subsection (2) of this section and the regulations of the federal internal revenue service. If the review establishes that the assignment of a vehicle does not comply with such requirements, the executive director of the department of personnel shall revoke the assignment of the vehicle.

(4) In addition to the initial approval required by subsection (3) of this section, the department of personnel shall establish a program and adopt rules providing for annual review and verification by the executive director of the department of personnel or the state controller, or the designee of either official, as applicable, that each state-owned motor vehicle assigned to an officer or employee of a state agency still complies with the requirements of subsection (2) of this section and the regulations of the federal internal revenue service. The requirements of this subsection (4) apply to all state-owned motor vehicles, whether they were assigned before, on, or after September 1, 2017. If the verification process establishes that the assignment of a vehicle no longer complies with subsection (2) of this section or the regulations of the federal internal revenue service, the department of personnel shall revoke the assignment of the vehicle.

(5) Any officer or employee of a state agency who is assigned a state-owned motor vehicle because it is the most cost-efficient means of transportation as specified in subsection (2)(b)(II)(B) of this section is required to pay income tax on the value of the fringe benefit of the vehicle. The state controller, or the state controller's designee, shall calculate and report as income the value of the fringe benefit of the vehicle in accordance with the regulations of the federal internal revenue service. The state controller shall promulgate rules regarding how the value of the fringe benefit will be calculated and reported.

(6) The executive director of the department of personnel, or the executive director's designee, and the state controller, or state controller's designee, shall promulgate rules as required in this section and may promulgate additional rules deemed necessary for the implementation of this section. Such rules shall be promulgated in accordance with article 4 of this title 24.

(7) Repealed.

24-30-1114. Restrictions on assignment of vehicles. (1) Requisitions for assignment or reassignment of state-owned motor vehicles shall not be honored when the purpose of the assignment or reassignment is to provide a newer or lower mileage vehicle to a state officer or

employee on the basis of rank, position, management authority, length of service, or other nonessential purpose.

(2) Special use vehicles, including but not limited to four-wheel drive and law enforcement vehicles, shall be assigned only to those agencies and individuals authorized or otherwise designated by the department of personnel to operate such vehicles.

24-30-1115. Motor fleet management fund - creation. (1) There is hereby created a fund to be known as the motor fleet management fund, which shall be administered by the department of personnel and which shall consist of all moneys which may be transferred thereto in accordance with section 24-30-1104 (2)(k).

(2) The moneys in the fund shall be subject to annual appropriation by the general assembly for the purposes of this part 11. Any moneys not appropriated shall remain in the fund and shall not be transferred to or revert to the general fund of the state at the end of any fiscal year. Subject to severe budget constraints and annual appropriation, a portion of the state motor fleet shall be replaced each year. The number of motor vehicles to be replaced annually shall be based on a methodology provided by the department of personnel and approved by the general assembly.

(3) Notwithstanding any provision of this section to the contrary, on April 20, 2009, the state treasurer shall deduct one million dollars from the motor fleet management fund and transfer such sum to the general fund.

(4) Notwithstanding any provision of this section to the contrary, on April 15, 2010, the state treasurer shall deduct three hundred ninety-seven thousand one hundred forty-three dollars from the motor fleet management fund and transfer such sum to the general fund.

24-30-1302. State buildings - transfer. (1) The powers, duties, and functions of the department of personnel include the powers, duties, and functions relating to state buildings that were formerly vested in the office of state planning and budgeting.

(2) Effective July 1, 1979, the officers and employees of the office of state planning and budgeting engaged prior to such date in the performance of the powers, duties, and functions vested by this part 13 in the department shall become employees of the department and shall retain all rights to state personnel system and retirement benefits under the laws of this state, and their services shall be deemed to have been continuous. Effective July 1, 1979, all of the books, records, reports, equipment, property, accounts, liabilities, and funds of the office of state planning and budgeting which pertain to the powers, duties, and functions vested by this part 13 in the department shall be transferred thereto.

(3) Whenever the powers, duties, or functions vested by this part 13 are referred to in any other statute or in any contract or other document and designate the former division of public works, or its predecessor, or the office of state planning and budgeting, such designation shall be deemed to apply solely to the department of personnel.

24-30-1302.5. Office of the state architect. (1) There is created within the department an office of the state architect, the head of which is the state architect. The state architect is designated by the executive director of the department, subject to the provisions of section 13 of article XII of the state constitution, and the state architect must be qualified by training in architecture and planning. The state architect shall appoint the necessary staff of the office of the

state architect in accordance with the provisions of section 13 of article XII of the state constitution.

(2) The state architect shall exercise all powers necessary and proper for the discharge of his or her duties as specified in this part 13 and part 14 of this article.

24-30-1303. Office of the state architect - responsibilities. (1) The office of the state architect shall:

(a) With the approval of the governor, negotiate and execute leases on behalf of the state for real property needed for state use and, as provided in section 24-82-102 (2), negotiate and execute leases of real property not presently needed for state use;

(a.5) Notwithstanding section 24-30-1301 (15)(a), with the approval of the governor, negotiate and execute leases on behalf of the state for privately owned property, including land, office space, buildings, and special use interests;

(b) With the approval of the governor, negotiate and approve easements and rights-of-way across nonstate land on behalf of the state and, as provided in section 24-82-202, negotiate and approve easements and rights-of-way across land owned by or under the control of the state;

(c) Repealed.

(d) Supervise and be responsible for the expenditure of funds appropriated by the general assembly for capital construction, capital renewal, and controlled maintenance projects for state agencies and state institutions of higher education;

(e) Maintain a current record of balances by project in the capital construction and controlled maintenance funds;

(f) Cause to be developed and enforced methods of internal control, on standardized basis within individual state agencies, that will assure compliance with appropriations provisions and executive orders;

(g) Repealed.

(h) Develop, or cause to be developed, with the approval of the governor, specific standards relating to office space, to architectural, structural, mechanical, and electrical systems in such office space, and to energy conservation in such office space, except in higher education as provided in section 23-1-106, C.R.S., which shall be the basis for approving facilities master plans, facility program plans, schematic designs, design development phases, and construction documents relating to the lease, acquisition, or construction of office space; except that such standards shall be approved by the president of the senate and the speaker of the house of representatives when they concern space, systems, or energy conservation in that portion of the capitol buildings group which is under the jurisdiction of the general assembly;

(i) Develop a construction procedures manual for real property, with the approval of the governor;

(j) Develop, or cause to be developed, standards of inspection, with the approval of the governor, which shall be the basis of all inspections and be responsible for assuring the uniform inspection of construction projects by the state agencies, utilizing such resources as may be locally available, in conjunction with the architect, engineer, or consultant;

(k) Coordinate initiation of budget requests for those capital construction or capital renewal projects for which the executive director shall be designated as principal representative by the governor;

(k.5) Coordinate initiation of budget requests for controlled maintenance projects and make recommendations concerning such requests to the capital development committee and to the office of state planning and budgeting. In the event that a controlled maintenance request exceeds approximately five hundred thousand dollars, the executive director may require the department making the request to prepare a feasibility study or program plan for the request. The executive director may establish guidelines or criteria for such feasibility study or program plan.

(l) and (m) Repealed.

(n) (I) (Deleted by amendment, L. 94, p. 567, § 20, effective April 6, 1994.)

(II) Develop, or cause to be developed, methods of control on a standardized basis for all state agencies and state institutions of higher education to ensure conformity of physical planning with approved building codes and of construction with approved physical planning.

(o) (Deleted by amendment, L. 94, p. 567, § 20, effective April 6, 1994.)

(p) Develop and maintain, or cause to be developed and maintained, at state agencies and state institutions of higher education approved lists of qualified architects, industrial hygienists, engineers, landscape architects, land surveyors, and consultants from which the principal representative shall make a selection, including therein such information as may be required by part 14 of this article;

(q) Develop and maintain, or cause to be developed and maintained, at state agencies and state institutions of higher education approved lists of qualified contractors to bid on construction projects and promulgate rules and regulations as may be necessary for contractor prequalification processes for bidding on construction projects;

(r) Promulgate rules for independent third-party review of facility program plans, schematic design, design development, and construction documents to assure compliance with appropriate building codes, approved construction standards, and the appropriation and to assure the review of cost estimates prior to authorization of the calling of bids for compliance with the appropriation. In the event the executive director or his designee, after such review, finds that facility program plans, schematic design, design development, or construction documents do not comply with approved construction standards and the appropriation or that cost estimates do not comply with the appropriation, he shall immediately notify the principal representative in writing of his findings and make appropriate recommendations. Upon receipt of such notice, the principal representative shall take action as necessary to implement the recommendations and bring the project into compliance, continuing or modifying plans, designs, construction documents, or cost estimates as the case may be.

(s) (I) Promulgate rules and regulations for the administration of the bid procedure and acceptable methods for determining the lowest responsible bidder;

(II) In cooperation with the project architect, engineer, or consultant, be responsible for the administration of the bid procedure for state agencies and state institutions of higher education without staff capability and perform such additional functions as the office may determine;

(III) When directly responsible for the bid procedure, recommend the lowest responsible bid to the principal representative, after consultation with the project architect, engineer, or consultant;

(IV) Promulgate, with the assistance of the attorney general and the state controller, standardized contract language for agreements between architects, engineers, or consultants and state agencies or state institutions of higher education and language for construction contracts between contractors or construction managers and state agencies or state institutions of higher education;

(V) Review and approve modifications to such standard contract language;

(s.5) Work with the office of state planning and budgeting, the Colorado commission on higher education, the department of higher education, and a representative from a state institution of higher education to develop and establish criteria for recommending capital construction projects;

(t) (I) Make recommendations on capital construction and capital renewal project requests made by each state agency after the requests have been reviewed by the office as specified in section 24-30-1311, and submit recommendations for the same to the office of state planning and budgeting in a timely manner so that the office of state planning and budgeting can meet the deadlines set forth in section 24-37-304 (1)(c.3). The state architect may not recommend capital construction project requests if such projects are not included in the state agency's facility program plan that is approved as required in section 24-30-1311, unless the state architect determines that there exists a sound reason why the requested project is not included in the facility program plan.

(II) Be responsible for the preparation of the state's controlled maintenance budget request and submit recommendations for the same to the office of state planning and budgeting and the capital development committee;

(u) and (v) Repealed.

(w) Develop and maintain, or cause to be developed and maintained, life-cycle cost analysis methods for real property and, prior to beginning construction, assure that such methods are reviewed by an independent third party to ensure compliance with sections 24-30-1304 and 24-30-1305. The office shall review and approve specific exceptions to systems selected for construction, which systems are not found to be the best choice on a life-cycle basis.

(x) and (y) Repealed.

(z) Establish minimum building codes, with the approval of the governor and the general assembly after the recommendations and review of the capital development committee, for all construction by state agencies and state institutions of higher education on real property or state lease-purchased buildings. At the discretion of the office, said codes may apply to state-leased buildings where local building codes may not exist.

(aa) Repealed.

(bb) Develop and maintain a list of the information required to be included in facility management plans and updates submitted pursuant to section 24-30-1303.5 (3.5);

(cc) Develop procedures for the submission of facility management plans and updates pursuant to section 24-30-1303.5 (3.5); and

(dd) Review facility management plans and updates submitted pursuant to section 24-30-1303.5 (3.5) and submit a report regarding such plans and updates to the office of state planning and budgeting and the capital development committee.

(ee) (Deleted by amendment, L. 2009, (SB 09-292), ch. 369, p. 1967, § 75, effective August 5, 2009.)

(ff) (I) (A) On or before January 1, 2025, adopt and enforce an energy code that achieves equivalent or better energy performance than the 2021 international energy conservation code and the model electric ready and solar ready code language developed for adoption by the energy code board pursuant to section 24-38.5-401 (5). This energy code must apply to all construction by state agencies on state-owned properties or facilities or on properties or facilities that are leased by the state under a financed purchase of an asset or certificate of participation agreement.

(B) On or before January 1, 2030, adopt and enforce an energy code that achieves equivalent or better energy and carbon emissions performance than the model low energy and carbon code developed for adoption by the energy code board pursuant to section 24-38.5-401 (6). This energy code must apply to all construction by state agencies on state-owned properties or facilities or on properties or facilities that are leased by the state under a financed purchase of an asset or certificate of participation agreement.

(II) Notwithstanding any other provision of this subsection (1)(ff), the office of the state architect may make any amendments to an energy code that the office of the state architect deems appropriate, so long as the amendments do not decrease the effectiveness or energy efficiency of the energy code.

(III) Nothing in this subsection (1)(ff) restricts the ability of an investor-owned utility with approval from the public utilities commission to:

(A) Provide incentives or other energy efficiency program services to help the office of the state architect or builders comply with the requirements of this subsection (1)(ff); or

(B) Earn shareholder incentives and claim credits toward its regulatory requirements for energy or greenhouse gas emission savings achieved as a result of incentives provided by the utility to help the office of the state architect or builders comply with the requirements of this subsection (1)(ff).

(IV) A utility not subject to regulation by the public utilities commission may provide incentives or other energy efficiency program services as they so choose to assist the office of the state architect or any builders in complying with the requirements of this subsection (1)(ff).

(V) (A) A utility shall be allowed to count mass-based emissions reductions associated with the requirements of this subsection (1)(ff) towards compliance with its requirements under section 25-7-105 (1)(e)(X.7) or (1)(e)(X.8), section 40-3.2-108 (3)(b), or any similar greenhouse gas emissions reduction program or set of requirements.

(B) A utility subject to regulation by the public utilities commission shall not be allowed to count energy savings or greenhouse gas emissions reductions achieved through the requirements of this subsection (1)(ff) for the purpose of calculating a shareholder incentive established pursuant to sections 40-3.2-103 (2)(d) and 40-3.2-104 (5) if the utility has not provided a financial investment for code adoption as documented in a plan approved by the commission.

(2) The provisions of subsection (1) of this section shall not apply to lands under the jurisdiction of the state board of land commissioners or to leases of land held by the division of parks and wildlife.

(3) (a) All real property, except public roads and highways, projects under the supervision of the division of parks and wildlife, and real property under the supervision of the judicial department, erected for state purposes shall be constructed in conformity with a construction procedures manual for real property prepared by the office and approved by the

governor. Such construction shall be made only upon plans, designs, and construction documents that comply with approved state standards and rules promulgated pursuant to this section.

(b) Projects under the supervision of the division of parks and wildlife that are excluded from paragraph (a) of this subsection (3), shall:

(I) Maintain a current record of balances by capital project, including but not limited to:

(A) Planned budgets, actual expenditures, and additions or deletions to and components of projects; and

(B) Items categorized for professional services, construction or improvement, contingencies, and moveable equipment.

(II) Notwithstanding section 24-1-136 (11)(a)(I), report the current record of balances by capital project on or before September 15, 2001, not less than one time annually on or before each September 15 thereafter to the office of state planning and budgeting, the joint budget committee, and the capital development committee.

(c) (I) All real property under the supervision of the judicial department erected for state purposes shall be constructed in conformity with a construction procedures manual for real property based on acceptable industry standards. Such construction shall be made only upon plans, designs, and construction documents that comply with approved state standards.

(II) The judicial department is authorized to hire private construction managers to supervise their capital construction, controlled maintenance, or capital renewal projects. The cost of such construction managers shall be paid for from moneys appropriated for the specific capital construction, controlled maintenance, or capital renewal project.

(III) The judicial department is authorized to perform the responsibilities and functions described in paragraph (a) of subsection (1) of this section for any real property under the supervision of the judicial department.

(4) When the principal representative is a legislative agency, the principal representative may request, and the office shall provide to the principal representative within five working days of such request, a progress report of the office's actions undertaken as of the date of the request towards completion of any of the office's duties set forth in subsection (1) of this section.

(5) (a) The office may delegate to state agencies or state institutions of higher education any or all of the responsibilities and functions outlined in this part 13 and the office's responsibilities and functions under part 14 of this article, pursuant to rules and regulations promulgated by the department, when the state agency or state institution of higher education has the professional or technical capability on staff to perform such functions competently.

(b) The office may authorize state agencies or state institutions of higher education to hire private construction managers to supervise the capital construction, controlled maintenance, or capital renewal projects. The cost of such construction manager shall be paid from moneys appropriated for the specific capital construction, controlled maintenance, or capital renewal projects. This paragraph (b) does not apply to projects under the supervision of the department of transportation.

(c) If the state architect determines that the governing board of a state institution of higher education has adopted procedures that adequately meet the safeguards set forth in the requirements of part 14 of this article and article 92 of this title, the state architect may exempt the institution from any of the procedural requirements of part 14 of this article and article 92 of this title in regard to a capital construction project to be constructed pursuant to the provisions of section 23-1-106 (9), C.R.S.; except that the selection of any contractor to perform professional

services as defined in section 24-30-1402 (6) must be made in accordance with the criteria set forth in section 24-30-1403 (2).

(d) Upon application by any state agency or state institution of higher education that demonstrates internal expertise related to the leasing and acquisition of commercial real property, the office may delegate an individual employed by the state agency or state institution of higher education to act on behalf of the office in the performance of the responsibilities and functions described in paragraph (a) of subsection (1) of this section. The delegation authorized pursuant to this paragraph (d) may include, with the consent of the office, the authority to waive the use of the office-approved real estate lease form or real estate lease amendment form.

(6) Nothing in this article is intended to diminish the authority granted to the judicial department or the state court administrator in Senate Bill 08-206.

24-30-1303.5. Office of the state architect to prepare and maintain inventory of state property - vacant facilities. (1) The office shall obtain and maintain a correct and current inventory of all real property owned by or held in trust for the state or any state agency or state institution of higher education, and, in cooperation with the attorney general, correct any defects in title to said real property necessary to vest marketable title in the state.

(2) Such inventory must include sufficient information to identify such real property with respect to which unit of the state has control thereof, where such real property is located, and when and from what source the real property was acquired, including subsequent improvements. The office shall establish and maintain an accurate index system which will assure that inquiries as to the location and control of all such real property will be promptly answered.

(3) The office shall establish procedures whereby each state agency and state institution of higher education is required to report all acquisitions of real property, including improvements, and all dispositions thereof to the office to enable the inventory to be promptly and accurately maintained with respect to such changes. The report must include a copy of each purchase or sale agreement pertaining to the acquisition or disposition of real property, including improvements, or, if such agreements are not available, such other documents describing the terms and conditions of the transaction as the office finds to be appropriate in order to maintain the information required by subsection (2) of this section. For each transaction involving the acquisition or disposition of real property, the state agency or the state institution of higher education shall also provide to the department a copy of the deed pertaining to the real property after the deed has been recorded.

(3.5) (a) With respect to all real property owned by or held in trust for the state or any state agency or state institution of higher education, each state agency or state institution of higher education shall identify any vacant facility under its control. As used in this section, "vacant" means:

- (I) Unoccupied;
- (II) Unused in whole or in part for the purposes for which the improvement was designed, intended, or remodeled; or
- (III) Without current defined plans by the state agency or state institution of higher education for the next fiscal year.

(b) A state agency or state institution of higher education must submit for the approval of the office a facility management plan for any vacant facility consistent with the procedures established by the office. The state agency or state institution of higher education must submit the facility management plan to the office within thirty days after the facility becomes vacant. In addition to any other information required by the office, the facility management plan must include the following:

- (I) A financial analysis of the possible uses of the facility;
- (II) Any plans for the disposal of the facility through sale, lease, demolition, or otherwise;

(III) If the state agency or state institution of higher education does not intend to dispose of the facility during the next fiscal year, a plan for the proposed controlled maintenance, if any, necessary to avoid the deterioration of the vacant facility; and

(IV) Whether the facility has or is eligible to receive a national, state, or local historic designation or listing.

(c) (I) For each year after the office approves a facility management plan, the state agency or state institution of higher education shall submit an annual facility management plan update consistent with the procedures established by the office. The update must be submitted on or before November 1 of the year following the approval of a facility management plan and each November 1 thereafter until such time that the facility is no longer vacant. In addition to any other information required by the office, the update must identify all actions taken by the state agency or state institution of higher education within the last year consistent with the facility management plan. If based on the update or on any other information known by the office, the office determines that the state agency or state institution of higher education has failed to comply with the provisions of an approved facility management plan, the office may revoke the approval of the facility management plan. If the office revokes approval of the facility management plan, a state agency or state institution of higher education is required to submit a new facility management plan for the vacant facility subject to the provisions of this subsection (3.5).

(II) In addition to any other requirements of subparagraph (I) of this paragraph (c), the facility management plan update must describe any changes proposed by the state agency or state institution of higher education to the facility management plan. Any proposed changes to the facility management plan are subject to the approval of the office, and any approved changes become part of the facility management plan for purposes of future updates.

(d) Any facility management plan or update required to be submitted by a state institution of higher education pursuant to this subsection (3.5) must be submitted to the Colorado commission on higher education instead of the office. The commission shall submit a copy of the facility management plan or update and the commission's recommendations regarding it to the office.

(e) Repealed.

(f) No state agency or state institution of higher education is eligible for any capital construction appropriations until the office approves a facility management plan for all vacant facilities controlled by the state agency or state institution of higher education; except that the capital development committee may exempt a state agency or state institution of higher education from the provisions of this paragraph (f).

(4) For purposes of maintaining a current inventory, no acquisition or disposition of real property may be made and no funds or other valuable consideration may be given by a state agency or state institution of higher education for such acquisition, nor may any final document of conveyance of real property be transmitted to a purchaser, until a complete report on such transaction as required pursuant to subsection (3) of this section has been filed with the office and the office has issued a written acknowledgment of the receipt of such report to the state agency or state institution of higher education. Such written acknowledgment must be issued without delay, and nothing in this section should be construed to give the office any power to approve or disapprove any acquisition or disposition of real property, improvements thereon, or other capital assets.

(5) (Deleted by amendment, L. 2014.)

(5.5) The office shall cause to be developed performance criteria for real property. An analysis must be made upon selected real property against the performance criteria to assess whether the selected real property should be considered for sale or other disposition if such real property is not performing and is determined not to be of sound investment value, or should be held for an identified future state need. The office may contract to maintain such inventories, develop such performance criteria, and perform such analysis and may enter exclusive brokerage agreements on behalf of state agencies and state institutions of higher education to the extent necessary to accomplish the maintenance of such inventory and such analysis. The office shall make recommendations to the capital development committee regarding various real property management strategies resulting from such analysis. This subsection (5.5) does not apply to property that is subject to the provisions of section 43-1-106 (8)(n), C.R.S.

(6) Notwithstanding section 24-1-136 (11)(a)(I), the office shall prepare an annual report of the acquisitions and dispositions of real property subject to this section and make the report available to the members of the capital development committee. Such report must include a description of the real property and its present use and value.

24-30-1303.7. Controlled maintenance projects - flexibility in administering appropriations. (1) When the actual cost of a controlled maintenance project exceeds the amount specifically appropriated for such project in the annual general appropriation act or when an emergency need arises for a new controlled maintenance project, the executive director may eliminate one or more projects authorized by appropriation in the general appropriation act and utilize the savings to cover such additional cost or the cost of the emergency project. When the actual cost of a controlled maintenance project is less than the amount specifically appropriated for such project in the annual general appropriation act, the executive director may apply such savings to other appropriated controlled maintenance projects.

(2) and (3) Repealed.

24-30-1303.8. Governor's mansion maintenance fund - creation - report. (1) (a) The governor's mansion maintenance fund, referred to in this section as the "fund", is hereby created

in the state treasury. The fund consists of money earned from the operation of the governor's mansion, such as rental fees, and any proceeds from the lease of the parking lot associated with the governor's mansion property, which money is credited to the fund by the state treasurer, and any other money that the general assembly may appropriate or transfer to the fund. The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund. Subject to annual appropriation by the general assembly, the governor's office may expend money from the fund for any operating costs for any governor's mansion activities and the department may expend money from the fund for controlled maintenance of the governor's mansion; except that the capital development committee shall review any appropriation requests for controlled maintenance and shall forward its recommendations to the joint budget committee.

(b) No later than December 1, 2018, and each December 1 thereafter, the department shall provide a report to the capital development committee regarding the fund balance and information regarding the controlled maintenance needs of the governor's mansion.

(2) If the money in the fund is insufficient to cover the cost of a controlled maintenance project, the department may submit a controlled maintenance budget request for the governor's mansion with the office of state planning and budgeting to be included with the office of state planning and budgeting's submission to the capital development committee made pursuant to section 24-37-304 (1)(c.3)(I)(D).

24-30-1303.9. Eligibility for state controlled maintenance funding - legislative declaration. (1) The office of the state architect shall develop guidelines in order to establish when real property is eligible for controlled maintenance funding, subject to the limitations set forth in this section. The guidelines must address the timing of such eligibility with respect to the dates on which acquisition, construction, additions, renovations, or corrective repairs of real property occurred.

(2) The guidelines shall be annually reviewed and approved by the capital development committee.

(3) The guidelines shall provide for a waiver of eligibility requirements that a state agency or state institution of higher education may request in writing. If the state architect determines that special consideration is appropriate, he or she shall seek approval from the capital development committee.

(4) The guidelines shall be posted on the website of the office of the state architect.

(5) Notwithstanding the eligibility requirements specified in this section, if a need arises for emergency controlled maintenance funding, the state agency or state institution of higher education shall communicate such need to the state architect in writing, and the state architect, in his or her discretion, may use moneys in the emergency controlled maintenance account created in section 24-75-302 (3.2) to fund such emergency controlled maintenance need. The state architect shall annually provide an emergency controlled maintenance funding status report to the capital development committee that shows spending for emergency controlled maintenance projects from the emergency controlled maintenance account.

(6) Any corrective repairs or replacement as part of a controlled maintenance project must be suitable for retention or use for at least five years.

(7) (a) Controlled maintenance funds may not be used for:

(I) Corrective repairs or replacement of real property and replacement or repair of the fixed or movable equipment necessary for the operation of real property, when such work is funded in a state agency's or state institution of higher education's operating budget;

(II) Auxiliary facilities as defined in section 23-1-106 (10.3);

(III) Leasehold interests in real property;

(IV) Any work properly categorized as capital construction;

(V) Facilities described in section 23-1-106 (10.2)(a)(III); or

(VI) Any real property acquired by a state agency or a state institution of higher education through a financed purchase of an asset or certificate of participation agreement where the financed purchase of an asset or certificate of participation agreement requires authorization set forth in section 24-82-801.

(b) Minor maintenance items shall not be accumulated to create a controlled maintenance project, nor shall minor maintenance work be accomplished as a part of a controlled maintenance project unless the work is directly related to the project.

(8) Notwithstanding this section, controlled maintenance funds may be used for real property leased and operated by the department of human services or the department of corrections.

(9) Notwithstanding this section, controlled maintenance funds may be used for real property that is transferred from the San Juan basin area vocational school to Pueblo community college as part of a merger transaction between the San Juan basin area vocational school and Pueblo community college.

(10) Notwithstanding this section, controlled maintenance funds may be used for academic facility as defined in section 23-1-106 (10.3), C.R.S.

24-30-1304. Life-cycle cost - legislative findings and declaration. (1) The general assembly hereby finds:

(a) That state-owned real property has a significant impact on the state's consumption of energy;

(b) That energy conservation practices adopted for the design, construction, and utilization of this real property will have a beneficial effect on the state's overall supply of energy;

(c) That the cost of the energy consumed by this real property over the life of the real property must be considered, in addition to the initial cost of constructing such real property; and

(d) That the cost of energy is significant, and facility designs must take into consideration the total life-cycle cost, including the initial construction cost, the cost, over the economic life of the real property, of the energy consumed, replacement costs, and the cost of operation and maintenance of the real property, including energy consumption.

(2) The general assembly declares that it is the policy of this state to ensure that energy conservation practices are employed in the design of state-owned real property. To this end the general assembly requires all state agencies and state institutions of higher education to analyze the life-cycle cost of all real property constructed or renovated, over its economic life, in addition to the initial construction or renovation cost.

24-30-1305. Life-cycle cost - application - definitions. (1) The general assembly authorizes and directs that state agencies and state institutions of higher education shall employ design and construction methods for real property under their jurisdiction, in such a manner as to further the policy declared in section 24-30-1304, insuring that life-cycle cost analyses and energy conservation practices are employed in new or renovated real property.

(2) The life-cycle cost analysis must include but not be limited to such elements as:

(a) The coordination, orientation, and positioning of the facility on its physical site;

(b) The amount and type of fenestration employed in the facility;

(c) Thermal performance and efficiency characteristics of materials incorporated into the facility design;

(d) The variable occupancy and operating conditions of the facility, including illumination levels; and

(e) Architectural features which affect energy consumption.

(f) (Deleted by amendment, L. 2014.)

(3) The life-cycle cost analysis performed for real property with a facility of twenty thousand or more gross square feet with significant energy demands must provide but not be limited to the following information:

(a) The initial estimated cost of each energy-consuming system being compared and evaluated;

(b) The estimated annual operating cost of all utility requirements, including consideration of possible escalating costs of energy. The office may rely on any national or locally appropriate fuel escalating methodology approved by the office of the state architect in performing life-cycle cost analyses.

(c) The estimated annual cost of maintaining each energy-consuming system;

(d) The average estimated replacement cost for each system expressed in annual terms for the economic life of the facility;

(e) The use of biofuel to provide supplemental or exclusive heating, power, or both for the facility. For a renovation of such a facility, the cost analysis regarding the use of biofuel must consider any stranded utility costs; and

(f) An energy consumption analysis of such real property's heating, ventilating, and air conditioning system, lighting system, and all other energy-consuming systems. The energy consumption analysis of the operation of energy-consuming systems in the real property should include but not be limited to:

(I) The comparison of two or more system alternatives;

(II) The simulation or engineering evaluation of each system over the entire range of operation of the real property for a year's operating period; and

(III) The engineering evaluation of the energy consumption of component equipment in each system considering the operation of such components at other than full or rated outputs.

(4) The life-cycle cost analysis shall be certified by a licensed architect or professional engineer, or by both architect and engineer, particularly qualified by training and experience for the type of work involved.

(5) In order to protect the integrity of historic buildings, no provision of section 24-30-1304 or this section should be interpreted to require such analysis with respect to any real property eligible for, nominated to, or entered in the national register of historic places, designated by statute, or included in an established list of places compiled by the state historical society.

(6) Selection of the optimum system or combination of systems to be incorporated into the design of real property must be based on the life-cycle cost analysis over the economic life of the real property, unless a request for an alternative system is made and approved by the office prior to beginning construction.

(7) The principal representatives of all state agencies and state institutions of higher education are responsible for implementing the provisions of this section and the policy established in section 24-30-1304.

(8) The provisions of section 24-30-1304 and this section shall not apply to municipalities or counties nor to any agency or department of any municipality or county.

(9) Repealed.

(10) As used in this section, unless the context otherwise requires:

(a) "Biofuel" means nontoxic plant matter consisting of agricultural or silvicultural crops or their byproducts, urban wood waste, mill residue, slash, or brush.

(b) "Energy consumption analysis" means the evaluation of all energy-consuming systems and components by demand and type of energy, including the internal energy load imposed on real property by its occupants, equipment, and components and the external energy load imposed on the real property by climatic conditions.

24-30-1305.5. High performance standards - report - legislative declaration - definition. (1) The office shall, in consultation with the Colorado commission on higher education, adopt and update from time to time a high performance standard certification program.

(2) A state agency or state institution of higher education controlling the substantial renovation, design, or new construction of a building shall, pursuant to the program adopted in subsection (1) of this section, perform the substantial renovation, design, or new construction to achieve the highest performance certification attainable as certified by an independent third party pursuant to the high performance standard certification program. A certification is attainable if the increased initial costs of the substantial renovation, design, or new construction, including the time value of money, to achieve the highest performance certification attainable can be recouped from decreased operational costs within fifteen years.

(3) (a) For all buildings that started the design process on or after January 1, 2010, each state agency or state institution of higher education shall monitor, track, and verify utility vendor bill data pertaining to the building and must annually report to the office. The annual report must also include information related to building performance based on the building's utility consumption.

(b) The general assembly hereby finds, determines, and declares that buildings that have achieved the highest performance certification attainable and started the design process prior to January 1, 2010, are strongly encouraged to monitor, track, and verify utility vendor bill data pertaining to such building in order to ensure that the increased initial costs to achieve the highest performance certification attainable are in fact recouped. If such data is monitored, tracked, and verified, then the state agency or state institution of higher education must annually report to the office. If such data is not monitored, tracked, and verified, then the state agency or state institution of higher education must provide the office, in writing, a reasonable explanation and also must work with the office to find a way to start monitoring, tracking, verifying, and reporting such data.

(c) The state agency or state institution of higher education, not a utility company, shall compile the utility vendor bill data.

(4) If the state agency or state institution of higher education estimates that the increased initial costs of the substantial renovation, design, or new construction, including the time value of money, to achieve the highest performance certification attainable will exceed five percent of the total cost of the substantial renovation, design, or new construction, the capital development committee shall specifically examine such estimate before approving any appropriation for the substantial renovation, design, or new construction.

(5) If a building undergoing substantial renovation cannot achieve high performance due to either the historical nature of the building or because the increased costs of renovating the building cannot be recouped from decreased operational costs within fifteen years, an accredited professional shall assert in writing that, as much as possible, the substantial renovation has been consistent with the high performance standard certification program.

(6) Any design or new construction of a building of less than five thousand square feet that is, but for its size, otherwise subject to this section and any minor renovation and controlled maintenance of a building that is subject to this section must be executed to the high performance standards adopted in the high performance standard certification program even if high performance certification is not sought at that time.

(7) Notwithstanding section 24-1-136 (11)(a)(I), the office shall report annually to the capital development committee regarding contracting documents, project guidelines, and reporting and tracking procedures related to the implementation of this section.

(8) As used in this section, unless the context otherwise requires:

(a) (I) "Building" means a facility that:

(A) Is substantially renovated, designed, or constructed with state moneys or with moneys guaranteed or insured by a state agency or state institution of higher education and such moneys constitute at least twenty-five percent of the project cost;

(B) Contains five thousand or more gross square feet;

(C) Includes a heating, ventilation, or air conditioning system; and

(D) Did not enter the design phase prior to January 1, 2008.

(II) "Building" includes an academic facility as defined in section 23-1-106 (10.3)(a), C.R.S., including an academic facility as defined in the guidelines described in section 23-1-106 (10.2)(b)(I), C.R.S.

(III) "Building" does not include:

(A) An auxiliary facility as defined in section 23-1-106 (10.3)(b), C.R.S., including an auxiliary facility as defined in the guidelines described in section 23-1-106 (10.2)(b)(I), C.R.S.; or

(B) A publicly assisted housing project as defined in section 24-32-718.

(b) "High performance standard certification program" means a real property renovation, design, and construction standard that:

(I) Is quantifiable, measurable, and verifiable as certified by an independent third party;

(II) Reduces the operating costs of real property by reducing the consumption of energy, water, and other resources;

(III) Results in the recovery of the increased initial capital costs attributable to compliance with the program over time by reducing long-term energy, maintenance, and operating costs;

(IV) Improves the indoor environmental quality of real property for a healthier work environment;

(V) Encourages the use of products harvested, created, or mined within Colorado, regardless of product certification status;

(VI) Protects Colorado's environment; and

(VII) Complies with the federal secretary of the interior's standards for the treatment of historic real property when such work will affect real property fifty years of age or older, unless

the state historical society, designated in section 24-80-201, determines that such real property is not of historical significance as defined in section 24-80.1-102 (6).

(c) "Substantial renovation" means any renovation with a cost that exceeds twenty-five percent of the value of the building.

(d) "Utility vendor bill data" means information or data limited to the usage data measured by the state agency or state institution of higher education or the information or data required to meet minimum program standards by an independent third party pursuant to the high performance standard certification program.

24-30-1306. Acceptance of gifts and grants. The department and the office, with the approval of the governor, are specifically empowered to receive and expend all grants, gifts, and bequests, where such grants, gifts, or bequests involve no state funds for acquisition, construction, or operation, including federal funds available for the purposes for which the department exists, and to contract with the United States and all other legal entities with respect thereto. The department and the office may provide, where such funds are specifically appropriated, matching funds wherever funds, grants, gifts, bequests, and contractual assistance are available on such basis. The department and the office shall provide such information, reports, and services as may be necessary to secure such financial aid.

24-30-1307. Legislative declaration. The purpose of this part 13 is to allow the office of the state architect to develop the policies and standards for state agencies and state institutions of higher education to follow for the major renovation or new construction of real property and to allow the office to delegate the authority to implement such policies and standards to the individual state agencies or state institutions of higher education. It is not the purpose of this part 13 to require state agencies or state institutions of higher education to add FTEs or incur additional expenditures to implement the provisions of this part 13.

24-30-1310. Funding for capital construction, controlled maintenance, or capital renewal - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Annual depreciation-lease equivalent payment" means an amount equal to the recorded depreciation of the capital asset acquired, repaired, improved, replaced, renovated, or constructed with an appropriation from the general fund, the capital construction fund, or the controlled maintenance trust fund, based on the depreciation period, as calculated by the state agency or the state institution of higher education, which calculation the state institution of higher education shall report to the department of higher education. The amount is calculated from the date of acquisition or the date of completion of the repair, improvement, replacement, renovation, or construction to June 30 of the fiscal year of acquisition or completion. The amount continues to be annually calculated on a fiscal year basis until the depreciation for the capital asset is no longer recorded.

(b) "Appropriation" means an appropriation in the capital construction section of the annual general appropriation act, not including appropriations for information technology projects, and not including any appropriations made from the information technology capital account in the capital construction fund created in section 24-75-302 (3.7).

(c) "Capital construction fund" means the capital construction fund created in section 24-75-302.

(d) "Cash fund" does not include:

(I) The lottery fund created in section 44-40-111;

(II) The limited gaming fund created in section 44-30-701 (1);

(III) Money allocated to the division of parks and wildlife from lottery proceeds as specified in section 3 of article XXVII of the state constitution;

(IV) The regional center depreciation account in the capital construction fund, created in section 24-75-302 (3.8)(a); or

(V) The legislative department cash fund created in section 2-2-1601 (1)(a) and the redistricting account of the legislative department cash fund created in section 2-2-1601 (2.5).

(e) "Controlled maintenance trust fund" means the controlled maintenance trust fund created in section 24-75-302.5.

(f) "Depreciation" means an amount calculated and recorded in accordance with generally accepted accounting principles.

(g) "Depreciation period" means a period determined in fiscal procedures issued by the state controller or the state institution of higher education.

(h) "Project cost" means the depreciable components of the total project cost as reflected in the appropriation; except that, if the project is financed, the total project cost does not include any financing costs.

(2) Except for the 2020-21 annual general appropriation act, for every appropriation in the capital construction section of the 2015-16 annual general appropriation act and every appropriation in the capital construction section of each annual general appropriation act thereafter, not including appropriations for information technology projects, additional funding must be set aside as follows:

(a) (I) If the funding source for the appropriation is from a cash fund, the state agency shall annually calculate an amount equal to the recorded depreciation of the capital asset or capital assets acquired, repaired, improved, replaced, renovated, or constructed with the appropriation based on the depreciation period, the general assembly shall include an annual depreciation-lease equivalent payment line item payable from the cash fund in the operating section of the annual general appropriation act for the state agency, and, except as otherwise provided in subsection (2)(a)(II) of this section, on June 30 the state controller shall credit such amount from the cash fund that was the source of the funding for the appropriation to a capital reserve account established by the state agency in such cash fund as specified in section 24-75-403 (2).

(II) (A) On September 1, 2022, the state treasurer shall transfer any amounts credited on June 30, 2022, to state agency capital reserve accounts pursuant to subsection (2)(a)(I) of this section to the capitol complex renovation fund created in section 24-30-1313.

(B) On June 30, 2023, the state controller shall credit the amount calculated pursuant to subsection (2)(a)(I) of this section from the cash fund that was the source of the funding for the appropriation to the capitol complex renovation fund created in section 24-30-1313.

(C) On July 1, 2023, and on each July 1 thereafter through July 1, 2028, the state controller shall credit the amount calculated pursuant to subsection (2)(a)(I) of this section from the cash fund that was the source of the funding for the appropriation to the capitol complex renovation fund created in section 24-30-1313.

(b) (I) If the funding source for the appropriation is from the general fund, the capital construction fund, the revenue loss restoration cash fund, or the controlled maintenance trust fund, the general assembly shall include an annual depreciation-lease equivalent payment line item payable from the general fund in the operating section of the annual general appropriation act for each state agency, including the department of higher education. Except as otherwise provided in subsection (2)(b)(II) of this section, on June 30 the state controller shall credit the annual depreciation-lease equivalent payment line item to the capital construction fund; except that, of such payment, an amount equal to one percent of the project cost will be deducted from the payment and credited to the principal of the controlled maintenance trust fund.

(II) (A) On September 1, 2022, the state treasurer shall transfer any amounts credited on June 30, 2022, to the capital construction fund and the controlled maintenance trust fund pursuant to subsection (2)(b)(I) of this section to the capitol complex renovation fund created in section 24-30-1313.

(B) On June 30, 2023, the state controller shall credit the annual depreciation-lease equivalent payment calculated pursuant to subsection (2)(b)(I) of this section to the capitol complex renovation fund created in section 24-30-1313.

(C) On July 1, 2023, and on each July 1 thereafter through July 1, 2028, the state controller shall credit the annual depreciation-lease equivalent payment calculated pursuant to subsection (2)(b)(I) of this section to the capitol complex renovation fund created in section 24-30-1313.

(c) If the funding source for the appropriation is a financing arrangement, including a financed purchase of an asset or certificate of participation agreement allowed pursuant to section 24-82-802, and the source of the funding for the financing payment is:

(I) (A) From a cash fund, then the state agency shall annually calculate an amount equal to one percent of the project cost and the general assembly shall include an annual controlled maintenance line item payable from the cash fund in the operating section of the annual general appropriation act for each state agency equal to such amount. Except as otherwise provided in subsection (2)(c)(I)(B) of this section, on June 30 the state controller shall credit such amount to a capital reserve account established by the state agency in the cash fund as specified in section 24-75-403 (2).

(B) On September 1, 2022, the state treasurer shall transfer any amounts credited on June 30, 2022, to state agency capital reserve accounts pursuant to subsection (2)(c)(I)(A) of this section to the capitol complex renovation fund created in section 24-30-1313. On June 30, 2023, on July 1, 2023, and on each July 1 thereafter through July 1, 2028, the state controller shall credit the amount calculated pursuant to subsection (2)(c)(I)(A) of this section to the capitol complex renovation fund created in section 24-30-1313;

(II) (A) From the general fund, the capital construction fund, or the controlled maintenance trust fund, then the general assembly shall include an annual controlled maintenance line item payable from the general fund in the operating section of the annual general appropriation act for each state agency, including the department of higher education, equal to one percent of the project cost, as calculated by the state agency or the state institution of higher education, which calculation the state institution of higher education shall report to the department of higher education. Except as otherwise provided in subsection (2)(c)(II)(B) of this section, on June 30 the state controller shall credit such amount to the controlled maintenance trust fund.

(B) On September 1, 2022, the state treasurer shall transfer any amounts credited on June 30, 2022, to the controlled maintenance trust fund pursuant to subsection (2)(c)(II)(B) of this section to the capitol complex renovation fund created in section 24-30-1313. On June 30, 2023, on July 1, 2023, and on each July 1 thereafter through July 1, 2028, the state controller shall credit the amount calculated pursuant to subsection (2)(c)(II)(A) of this section to the capitol complex renovation fund created in section 24-30-1313;

(d) If the funding source for the appropriation is a combination of the funding sources described in subsections (2)(a), (2)(b), and (2)(c) of this section, then the annual set aside must be made in proportion to the funding source.

(3) Each state agency that terminates a lease for private space on or after July 1, 2023, shall calculate the annual reduction in its costs for leased space. Beginning in the 2023-24 fiscal year, the general assembly shall transfer to the capital construction fund an amount equal to each state agency's annual reduction in lease costs. Such amount shall be from the fund that was the source of the funding for the lease. The annual transfer required in this subsection (3) shall continue in each fiscal year until the state treasurer determines that the amount transferred to the capital construction fund pursuant to this subsection (3) equals the amount transferred to the capitol complex renovation fund created in section 24-30-1313.

24-30-1311. Statewide planning function - responsibilities. (1) (a) Commencing with the 2017-18 fiscal year, and each fiscal year thereafter, and in accordance with the office of state planning and budgeting's budget instructions, a state agency shall annually submit all capital construction budget requests, including any amended requests, to the office for review.

(b) Commencing with the 2016-17 fiscal year, and each fiscal year thereafter, and prior to the submission of a supplemental appropriations request to the office of state planning and budgeting, every state agency shall submit supplemental appropriations requests for capital construction to the office for review.

(2) The office shall review all the submissions it receives pursuant to subsection (1) of this section and make the recommendations required in section 24-30-1303 (1)(t)(I) in a timely manner to allow the office of state planning and budgeting to meet the deadlines specified in section 24-37-304 (1)(c.3).

(3) (a) Each state agency shall forward operational master plans, facilities master plans, facilities program plans, and five-year plans to the office. The office shall review operational master plans and approve the facilities master plans, facilities program plans, and five-year plans described in section 24-1-136.5.

(b) The office shall annually provide the capital development committee with a report on approved facility management plans and facility program plans, and shall also provide the committee with copies of approved five-year plans for each state agency.

(4) The office shall develop, or cause to be developed, after consultation with the office of state planning and budgeting pursuant to section 24-37-201, standards for the preparation of current facilities master plans coordinated with operational master plans, and facility program plans coordinated with operational program plans for each state agency, except state institutions of higher education as provided in section 23-1-106, C.R.S.

(5) The office shall coordinate the preparation and maintenance of long-range master plans pursuant to section 24-1-136.5 that recommend executive and legislative actions for achieving desired state objectives and that include recommended methods for evaluation.

(6) The office is authorized to accept and receive grants and services relevant to state planning from the federal government, other state agencies, local governments, and private and civic sources.

(7) It is the general assembly's intent that the office consult with all stakeholders in establishing new procedures related to its statewide planning functions and that the current process for review of any capital construction or capital renewal request for state institutions of higher education, aside from the changes set forth in Senate Bill 15-270, remain the same.

24-30-1312. Accessibility signage for facilities. Instead of the international symbol of accessibility icon of a character in a wheelchair, any required accessibility signage in a facility must depict an accessible icon with a more dynamic character who leans forward in the wheelchair and who shows a sense of movement. This requirement applies to the construction, acquisition, or substantial renovation, as defined in section 24-30-1305.5 (8)(c), of any facility that contains five thousand or more gross square feet, undertaken on and after the date the state architect obtains approval from the United States department of justice that, on a statewide basis, the accessible icon provides equal or greater access to persons with disabilities and is thus an equivalent facilitation under the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., as amended. The state architect shall, with assistance from the Colorado advisory council for persons with disabilities created in section 26-24-103, seek this approval no later than January 1, 2021.

24-30-1313. Capitol complex renovation fund - created - repeal. (1) The capitol complex renovation fund, referred to in this section as the "fund", is created in the state treasury. The fund consists of money credited to the fund pursuant to section 24-30-1310 (2), money transferred to the fund pursuant to sections 24-75-307 (2.5) and (4), and any other money that the general assembly may appropriate or transfer to the fund.

(2) The state treasurer shall credit all interest and income derived from the deposit and investment of money in the fund to the fund.

(3) Any unexpended and unencumbered money remaining in the fund at the end of a fiscal year remains in the fund.

(4) (a) Except as otherwise provided in subsection (4)(b) of this section, money in the fund is annually appropriated to the department of personnel for capital construction needs for existing state-owned buildings in the capitol complex as specified in subsection (5) of this section. Any unexpended and unencumbered money from an appropriation made from the fund remains available for expenditure by the department for the purposes specified in subsection (5) of this section for the next two fiscal years without further appropriation.

(b) Of the total amount of money appropriated to the department of personnel pursuant to this section, up to twenty-three million dollars shall be available for the general assembly to use for improvement projects in legislative spaces in the capitol complex, including the renovation of the space in the capitol building annex at 1375 Sherman street that is designated as legislative space pursuant to section 24-82-101 (4)(a), subject to approval of the executive committee of the legislative council.

(5) (a) The money in the fund shall be used to fund certain capital construction needs for existing state-owned buildings in the capitol complex, including:

(I) Renovations to the capitol building annex at 1375 Sherman street, the centennial building at 1313 Sherman street, and the state-owned building at 1570 Grant street;

(II) Installation of electric vehicle charging stations at the state-owned building at 1570 Grant street;

(III) LEED certification for the capitol building annex at 1375 Sherman street, the centennial building at 1313 Sherman street, and the state-owned building at 1570 Grant street;

(IV) Security improvements to the capitol complex, including security elements in the governor's office and the capitol building annex at 1375 Sherman street and wedge barriers at the capitol building parking circle entrance locations; and

(V) Improvement projects to the legislative spaces in the capitol building at the discretion of the general assembly.

(b) Any project pursuant to subsection (5)(a)(IV) or (5)(a)(V) of this section that will occur within the public and ceremonial areas of the state capitol building or the surrounding grounds of the state capitol building is subject to review by the capitol building advisory committee pursuant to section 24-82-108 and approval by the capital development committee created in section 2-3-1302.

(6) The state treasurer shall transfer all unexpended and unencumbered money in the fund on June 30, 2030, to the capital construction fund created in section 24-75-302.

(7) This section is repealed, effective July 1, 2030.

24-30-1314. Capitol complex renovation - report - repeal. (1) Beginning July 1, 2023, the department of personnel shall report quarterly to the capital development committee regarding the status of the capitol complex renovations funded with money from the capitol complex renovation fund created in section 24-30-1313. At a minimum, the report shall include:

(a) A list of private office spaces that state agencies are leasing at the time of the report, the remaining duration of each lease, and the estimated costs of terminating each lease early;

(b) The annual reduction in each state agency's costs for leased private office space, as calculated pursuant to section 24-30-1310 (3); and

(c) A project update for each building renovation project in the capitol complex that is funded with money from the capitol complex renovation fund.

(2) Notwithstanding the requirement in section 24-1-136 (11)(a)(I), the requirement to submit the report required in subsection (1) of this section continues indefinitely.

(3) This section is repealed, effective July 1, 2030.

PART 14

NEGOTIATION OF CONSULTANTS' CONTRACTS

24-30-1401. Legislative declaration. The purpose of this part 14 is to provide managerial control by the state over competitive negotiations for the acquisition of the professional services provided by architects, industrial hygienists, engineers, landscape architects, and land surveyors. It is hereby declared to be the policy of this state to publicly announce requirements for such professional services, to encourage all qualified persons to put themselves in a position to be considered for a contract, and to negotiate contracts for such professional services on the basis of demonstrated competence and qualification for the types of professional services required and on the basis of the furnishing of such professional services at fair and reasonable fees.

Source: L. 79: Entire part added, p. 890, § 1, effective July 1. **L. 97:** Entire section amended, p. 108, § 2, effective March 24.

24-30-1402. Definitions. As used in this part 14, unless the context otherwise requires:

(1) "Certified industrial hygienist" means an individual that is certified by the American board of industrial hygiene or its successor.

(1.5) "Continuing contract" means a contract for professional services entered into pursuant to this part 14 between a state agency or state institution of higher education and a person, whereby the person provides professional services to the state agency or state institution of higher education for work of a specified nature as outlined in the contract required by the state agency or state institution of higher education with no specific time limitation. Any such contract shall provide a termination clause.

(2) "Department" means the department of personnel.

(2.2) "Industrial hygienist" means an individual who has obtained a baccalaureate or graduate degree in industrial hygiene, biology, chemistry, engineering, physics, or a closely related physical or biological science from an accredited college or university. The special studies and training of such individual shall be sufficient in the cognate sciences to provide the ability and competency to:

(a) Anticipate and recognize the environmental factors and stresses associated with work and work operations and to understand their effects on individuals and their well-being;

(b) Evaluate on the basis of training and experience and with the aid of quantitative measurement techniques the magnitude of such environmental factors and stresses in terms of their ability to impair human health and well-being;

(c) (I) Prescribe methods to prevent, eliminate, control, or reduce such factors and stresses and their effects.

(II) Any individual who has practiced within the scope of the meaning of industrial hygiene for a period of not less than five years immediately prior to July 1, 1997, is exempt from the degree requirements set forth in this subsection (2.2).

(III) Any individual who has a two-year associate of applied science degree in environmental science from an accredited college or university and in addition not less than four years practice immediately prior to July 1, 1997, within the scope of the meaning of industrial hygiene is exempt from the degree requirements set forth in this subsection (2.2).

(3) "Person" means an individual, a corporation, a limited liability company, a partnership, a business trust, an association, a firm, or any other legal entity.

(3.5) "Practice of industrial hygiene" means the performance of professional services, including but not limited to consulting, investigating, sampling, or testing in connection with the anticipation, recognition, evaluation, and control of those environmental factors or stresses arising in or from the workplace that may cause sickness, impaired health, or significant discomfort to workers or the public. "Practice of industrial hygiene" includes but is not limited to the identification, sampling, and testing of chemical, physical, biological, and ergonomic stresses and the development of physical, administrative, personal protective equipment, and training methods to prevent, eliminate, control, or reduce such factors and stresses and their effects. The term does not include the practice of architecture, as defined in section 12-120-402 (5), or the practice of engineering, as defined in section 12-120-202 (6).

(4) "Practice of landscape architecture" means the performance of professional services such as consultation, investigation, reconnaissance, research, planning, design, or responsible supervision in connection with the development of land areas or land use, where and to the extent that the dominant purpose of any such service is the preservation and development of existing and proposed land features, ground surface, planting, naturalistic features, and esthetic values. "Practice of landscape architecture" includes the design, location, and arrangement of such tangible objects and features as are incidental and necessary to the purposes outlined in this subsection (4), but the term does not include the making of land surveys or final engineered plats for official recording, integration of design of structures of earth, or other construction materials.

(5) "Principal representative" means the governing board of a state agency or state institution of higher education or, if there is no governing board, the executive head of a state agency or state institution of higher education, as designated by the governor or the general assembly.

(6) "Professional services" means those services within the scope of the following:

- (a) The practice of architecture, as defined in section 12-120-402 (5);
- (b) The practice of engineering, as defined in section 12-120-202 (6);
- (c) The practice of professional land surveying, as defined in section 12-120-302 (5);
- (d) The practice of landscape architecture, as defined in subsection (4) of this section;
- (e) The practice of industrial hygiene, as defined in subsection (3.5) of this section.
- (7) "State agency" has the same meaning as set forth in section 24-30-1301 (17).

(8) "State institution of higher education" has the same meaning as set forth in section 24-30-1301 (18).

24-30-1403. Professional services - listings - preliminary selections. (1) Any person desiring to provide professional services to a state agency or a state institution of higher education shall annually submit to the office of the state architect a statement of qualifications and performance data and such other information as may be required by the office. The office may request such person to update such statement before the anniversary date in order to reflect changed conditions in the status of such person.

(2) (a) For each proposed project for which professional services are required and where the fee for such professional services is estimated to equal or exceed twenty-five thousand dollars, the principal representative of the state agency or state institution of higher education for which the project is to be done shall evaluate current statements of qualifications and performance data on file with the office of the state architect and shall conduct discussions with no less than three persons regarding their qualifications, approaches to the project, abilities to furnish the required professional services, anticipated design concepts, and use of alternative methods of approach for furnishing the required professional services. The principal representative shall then select, in order of preference, no less than three persons ranked in order and deemed to be most highly qualified to perform the required professional services after considering, and based upon, such factors as the ability of professional personnel, past performance, willingness to meet time and budget requirements, location, current and projected work loads, the volume of work previously awarded to the person by the state agency or state institution of higher education, and the extent to which said persons have and will involve minority subcontractors, with the object of effecting an equitable distribution of contracts among qualified persons as long as such distribution does not violate the principle of selection of the most highly qualified person. In selection pursuant to this section, Colorado firms shall be given preference when qualifications appear to be equal. All selections are subject to approval by the principal representative, and all contracts between the principal representative and such selected professionals shall be consistent with appropriation and legislative intent.

(b) The requirements of paragraph (a) of this subsection (2) shall not apply to the state board of land commissioners, established in article 1 of title 36, C.R.S., in connection with contract expenditures from the state board of land commissioners investment and development fund created in section 36-1-153, C.R.S., or the commercial real property operating fund created in section 36-1-153.7, C.R.S.

24-30-1404. Contracts - definition. (1) The principal representative shall negotiate a contract with the highest qualified person providing professional services for such services at compensation which the principal representative determines in writing to be fair and reasonable. In making such decision, the principal representative shall take into account the estimated value of the services to be rendered and the scope, complexity, and professional nature thereof. For all lump-sum or cost-plus-a-fixed-fee professional service contracts, the principal representative shall require the firm receiving the award to execute a certificate stating that wage rates and other factual unit costs supporting the compensation to be paid by the state agency or state institution of higher education for the professional services are accurate, complete, and current at the time of contracting. Any professional service contract under which such a certificate is required shall contain a provision that the original contract price and any additions thereto shall be adjusted to exclude any significant sums by which the principal representative determines the contract price had been increased due to inaccurate, incomplete, or noncurrent wage rates and other factual unit costs. All such contract adjustments shall be made within one year following the end of the contract.

(2) If the principal representative is unable to negotiate a satisfactory contract with the person considered to be the most qualified at a price the principal representative determines to be fair and reasonable, negotiations with that person shall be formally terminated. The principal representative shall then undertake negotiations with the second most qualified person. If the principal representative fails to negotiate a contract with the second most qualified person, the principal representative shall formally terminate such negotiations. The principal representative shall then undertake negotiations with the third most qualified person.

(3) Upon completion of negotiations with the third most qualified person, the principal representative shall be allowed to enter into renegotiations with any or all of the three most qualified persons to arrive at a satisfactory contractual arrangement, if possible. The principal representative shall have the authority to reject all bids and restructure or redesign the proposed project.

(4) Each contract for professional services entered into by the principal representative shall contain a prohibition against contingent fees as follows: The architect, or professional land surveyor, or professional engineer, or landscape architect, as applicable, warrants that he has not

employed or retained any company or person, other than a bona fide employee working solely for him, to solicit or secure this contract and that he has not paid or agreed to pay any person, company, corporation, individual, or firm, other than a bona fide employee working solely for him, any fee, commission, percentage, gift, or other consideration contingent upon or resulting from the award or the making of this contract.

(5) Upon any violation of this section, the principal representative shall have the right to terminate the contract without liability and, at its discretion, to deduct from the contract price, or otherwise recover, the full amount of such fee, commission, percentage, or consideration.

(6) Nothing in this part 14 shall be construed to prohibit continuing contracts between state agencies or state institutions of higher education and persons providing professional services. All selections, contracts, and negotiations undertaken pursuant to this part 14 and all processes and procedures in connection with such matters shall be in conformity with this part 14.

(7) (a) Except as provided in subsections (7)(b), (7)(c), (7)(e), (7)(f), (7)(g), and (7)(h) of this section, any professional services contract entered into pursuant to the provisions of this part 14 shall be executed and encumbered within six months after the date on which the appropriation that includes the project for which the professional services are required becomes law. If no professional services contract is required for a particular project, the contract with the contractor for the project shall be entered into within six months after the appropriation. If a state agency or state institution of higher education determines that the nature of a particular project is such that the deadlines imposed by this section cannot be met, the state agency or state institution of higher education may request the capital development committee to recommend to the controller that the deadline be waived for that project. The controller, in consultation with the capital development committee may grant a waiver from the deadlines. This subsection (7) shall not apply to projects under the supervision of the department of transportation. This subsection (7) shall not affect any priority established pursuant to section 44-40-111 (11) in the general appropriation act for expenditures for projects to be financed from net lottery proceeds appropriated for capital construction.

(b) The deadlines established in paragraph (a) of this subsection (7) shall apply to projects funded with net lottery proceeds, but the six-month period shall begin to run only when an agency receives a distribution from such proceeds for a particular project.

(c) This subsection (7) shall not apply to:

(I) Maintenance, repair, and improvement projects included in the capital construction section of the general appropriation act or in any supplemental appropriation act for the division of parks and wildlife in the department of natural resources;

(II) The acquisition of any easement by the division of parks and wildlife in the department of natural resources;

(III) Grants for off-highway vehicle trail purposes made pursuant to section 33-14.5-106, C.R.S.;

(IV) Projects included in the capital construction section of the general appropriation act for the hazardous materials and waste management division in the department of public health and environment, or in any supplemental appropriation act, which projects are listed as remediation pursuant to the federal "Comprehensive Environmental Response, Compensation, and Liability Act of 1980", 42 U.S.C. sec. 9601 et seq., as amended, brownfields redevelopment, or natural resource damage repair, replacement, or restoration.

(d) The provisions of this subsection (7) shall not be construed to limit the authority of any state agency or state institution of higher education to amend a contract in order to provide for technical corrections, provision of unanticipated work, extensions of performance periods, or other modifications which are necessary to secure satisfactory completion of the work and provision of goods and services within the scope of the original contract.

(e) In the event that the governor restricts or delays the expenditure of moneys for a project for which a professional services contract is required pursuant to the authority granted the governor in section 24-75-201.5, the running of the six-month deadline imposed in paragraph (a) of this subsection (7) for such projects shall be tolled until such time as the restriction or delay is no longer in effect.

(f) In the event that an appropriation is made to a state agency or state institution of higher education for allocation to other state agencies or state institutions of higher education, the six-month period applies to the execution and encumbrance of a contract by the agency or institution receiving the allocation and begins to run from the date of the allocation by the agency or institution that received the original appropriation. Nothing in this paragraph (f) shall be construed to extend the duration of any appropriation.

(g) This subsection (7) shall not apply to:

(I) A capital construction project at a state institution of higher education that is to be constructed solely from cash funds held by the institution or federal funds made available for the project or a combination of the cash funds and the federal funds; or

(II) The state board of land commissioners, established in article 1 of title 36, C.R.S., in connection with contract expenditures from the state board of land commissioners investment and development fund created in section 36-1-153, C.R.S., or the commercial real property operating fund created in section 36-1-153.7, C.R.S.

(h) The six-month deadline imposed by subsection (7)(a) of this section does not apply to information technology projects that are overseen by the joint technology committee pursuant to part 17 of article 3 of title 2. As used in this subsection (7)(h), "information technology" has the meaning provided in section 2-3-1701 (7).

PART 15

RISK MANAGEMENT

24-30-1501. Legislative declaration. (1) The general assembly recognizes that the general liability and automobile liability insurance policies of the state of Colorado have been canceled, that no responsive bids were received, and that, as a direct result, the governor called an extraordinary session of the general assembly to address the need for a method to protect the state and its employees against claims brought under the "Colorado Governmental Immunity Act", article 10 of this title, and arising under federal law. The general assembly further recognizes that the consequences of uninsured liability of the state, including failure to respond to meritorious claims in a timely fashion and greater ultimate costs of settlement caused by failure to investigate claims in an orderly and timely manner, are undesirable. The general assembly hereby declares, therefore, that the appropriate remedy is to create a reserve fund for purposes of self-insurance of the state. The general assembly declares that the purpose of this part 15 is to create a self-insurance fund, provide a mechanism for claims adjustment, investigation, and defense, and authorize the settlement and payment of claims and the payment of judgments rendered against the state. The general assembly also recognizes that no responsible bids have been received for property insurance policies for the state of Colorado and that a method for covering loss or damage to state property is needed. The general assembly hereby declares that the appropriate remedy is to create a reserve for purposes of self-insurance of the state for loss or damage to state property. The general assembly declares that its intent is to explore, on an annual basis, the availability of commercial liability insurance policies and property damage insurance policies, considering the possibility that the insurance industry can provide coverage in the future that is less expensive than the costs of operating a risk management system and paying for claims out of the risk management fund and out of the self-insured property fund.

(2) The general assembly recognizes that liability claims arising prior to September 15, 1985, exist for which no commercial insurance coverage is available. The general assembly hereby finds and declares that the risk management system will provide an appropriate remedy for such claims and that the department of personnel should be authorized to administer such claims.

(3) The general assembly also recognizes that the provision of workers' compensation insurance for state employees has become expensive. The general assembly hereby finds and declares that the administration of workers' compensation for state employees out of a separate account in the risk management fund as a self-insurance measure is an appropriate response to the high cost of workers' compensation insurance.

24-30-1502. Definitions. As used in this part 15, unless the context otherwise requires:
(1) "Board" means the state claims board created in section 24-30-1508.

(2) Repealed.

(3) "Executive director" means the executive director of the department of personnel.

(4) "Final money judgment" means any judgment for monetary damages against the state after all appropriate appeals of such judgment have been exhausted.

(4.3) "Liability protection" means professional liability protection for damages from any negligent professional act, error, or omission on the part of the members of the board of supervisors of each local conservation district.

(4.5) "Property" means both real property as defined in section 39-1-102 (14) and personal property as defined in section 39-1-102 (11). For purposes of the self-insured property fund, "personal property" means personal property owned by the state of Colorado or personal property leased by the state of Colorado for which the state is required to provide insurance under the terms of a lease, financed purchase of an asset, or certificate of participation agreement. For purposes of the self-insured property fund, "personal property" does not include aircraft owned by the state of Colorado or vehicles licensed for use on highways or roads. For purposes of the self-insured property fund, "real property" means buildings owned by the state of Colorado or buildings leased by the state of Colorado for which the state is required to provide insurance under the terms of a lease or financed purchase of an asset agreement, or certificate of participation.

(5) (a) "State agency" means any principal department of the state, any state agency, institution, or hospital, any board, commission, advisory board, or other entity established by law within or as an advisory to any existing state department, institution, or agency, and any state-supported institution of higher education or other instrumentality thereof, except as provided in paragraph (b) of this subsection (5) and in section 24-30-1517 (2), and the legislative and judicial departments of the state. The term also includes the Colorado state fair authority created pursuant to section 35-65-401, C.R.S., and any conservation district organized and certified pursuant to article 70 of title 35, C.R.S.; except that, in the case of conservation districts, such inclusion under the risk management fund is only for the purpose of liability protection as defined in subsection (4.3) of this section.

(b) The governing board of each institution of higher education, including the Auraria higher education center established in article 70 of title 23, C.R.S., by formal action of the governing board, and the Colorado commission on higher education, by formal action of the commission, may elect to be excluded from the meaning of "state agency" pursuant to this subsection (5) and may obtain a risk management program independent of the program created pursuant to this part 15. Nothing in this paragraph (b) shall be construed to affect the exempt status of any institution in the university of Colorado system, including the university of Colorado at Boulder, Denver, and Colorado Springs, and the university of Colorado health sciences center, from the state risk management system pursuant to section 24-30-1517 (2), or to require the governing board of any such institution in the university of Colorado system to take formal action in order to be exempt from the definition of "state agency".

(6) "Workers' compensation" means protection afforded to a state employee pursuant to articles 40 to 47 of title 8, C.R.S.

24-30-1503.5. Risk management system - independent program. (1) If an institution of higher education, the Auraria higher education center established in article 70 of title 23, C.R.S., or the Colorado commission on higher education elects to be excluded from the meaning of "state agency" and to obtain an independent risk management program pursuant to section 24-30-1502 (5)(b), such institution, center, or commission shall conduct an analysis of the institution's, center's, or commission's ability to provide workers' compensation and the estimated property and liability losses, insurance costs, and administrative costs of risk management that the institution, center, or commission will incur by implementing an independent program.

(2) Before any institution of higher education, the Auraria higher education center established in article 70 of title 23, C.R.S., or the Colorado commission on higher education implements an independent risk management program, the institution, center, or commission, as applicable, shall submit a written report detailing the findings of the analysis conducted pursuant to subsection (1) of this section to the president of the senate, the speaker of the house of representatives, the majority and minority leaders of the senate and the house of representatives, the members of the joint budget committee, the members of the business affairs and labor

committee in the house of representatives, or any successor committee, and the members of the business, labor, and technology committee in the senate, or any successor committee.

(3) In the event that an institution of higher education, the Auraria higher education center established in article 70 of title 23, C.R.S., or the Colorado commission on higher education implements an independent risk management program, the institution, center, or commission shall conduct the analysis and submit the report required pursuant to this section within the existing resources of the institution, center, or commission, as applicable.

24-30-1504. Powers and duties of the department. (1) The department of personnel shall have the following powers and duties:

(a) To coordinate and administer a comprehensive risk management program that serves all state agencies;

(b) To administer, supervise, and manage the investigation and adjustment of claims brought against the state;

(c) To administer, supervise, and manage the legal defense of claims brought against the state;

(d) To recommend to the executive director those persons or parties who may contract with the state to provide claims investigation, claims adjustment, support services, or legal services;

(e) To assist and supervise any parties who have contracted with the state to provide claims investigation, claims adjustment, support services, or legal services pursuant to this part 15;

(f) To develop and administer a system that identifies the property and liability losses, insurance costs, and administrative costs of risk management incurred by each state agency;

(g) To establish and administer a program to reduce property and liability losses incurred by each state agency;

(h) To establish and administer a program of inspection of state property;

(i) To investigate and to direct or deny payment for claims for loss or damage to state property;

(j) To establish and administer a program for the payment or denial of liability claims arising prior to September 15, 1985, for which no commercial liability insurance exists;

(k) To establish and administer a workers' compensation self-insurance program for state employees or to procure commercial workers' compensation insurance therefor;

(l) To establish and administer a pilot program beginning July 1, 1999, for the purpose of developing a statewide database and uniform reporting system to track employment claims brought against state agencies and the losses incurred as a result of such claims. The pilot program shall include:

(I) A minimum of three agencies selected by the department of personnel, including at least one institution of higher education and one department of the executive branch other than the department of higher education; and

(II) Repealed.

(m) On and after July 1, 2001, to establish and administer a statewide database and uniform reporting system to track employment claims brought against state agencies and the losses incurred as a result of such claims, except as excluded pursuant to sections 24-30-1502 (5)(b) and 24-30-1517 (2).

24-30-1505. Powers of the executive director. (1) In order to perform the powers and duties set forth in this part 15, the executive director shall exercise the following powers:

(a) Supervise the development and administration of the following risk management programs:

- (I) A comprehensive risk management program;
- (II) A program identifying property and liability losses, insurance costs, and administrative costs of risk management incurred by each state agency;
- (III) A program to reduce property and liability losses incurred by each state agency;
- (IV) A program of inspection of state property;
- (V) The pilot program described in section 24-30-1504 (1)(l) and the statewide database and uniform tracking system described in section 24-30-1504 (1)(m) for the purpose of tracking employment claims brought against state agencies and the losses incurred as a result of such claims, except as excluded pursuant to sections 24-30-1502 (5)(b) and 24-30-1517 (2). In developing and administering such programs, the executive director may:

(A) Adopt rules that define relevant terms including, but not limited to, "claims" and "losses"; and

(B) Require state agencies, including institutions of higher education, to submit such information as is necessary to implement the programs.

- (b) Manage the investigation and adjustment of claims brought against the state;
- (c) Manage the legal defense of claims brought against the state;
- (d) Supervise any parties who have contracted with the state to provide claims investigation, claims adjustment, support services, or legal services pursuant to this part 15;
- (e) Identify and evaluate the exposure of state agencies to claims for property and liability losses;
- (f) Repealed.
- (g) Assist state agencies to develop and use proper insurance and indemnity clauses in state contracts;
- (h) Manage the investigation and adjustment of claims for loss or damage to state property;
- (i) Investigate and direct or deny payment of liability claims arising prior to September 15, 1985, for which no commercial liability insurance exists;
- (j) Manage the workers' compensation self-insurance program for state employees or the procurement of commercial workers' compensation insurance therefor.

(2) The executive director shall determine the need, if any, for procuring commercial insurance to protect the state against liability and the specifications for such insurance. The acquisition of any insurance shall be pursuant to the state "Procurement Code", articles 101 to 112 of this title 24. In the event that no responsible responses to an invitation for bids are received, the executive director may negotiate with any agent, broker, or insurance company to secure the required coverage or necessary coverage. Such negotiated policy or policies shall be subject to the approval of the board.

24-30-1509. Powers and duties of the board. (1) The board shall have the following powers and duties:

(a) To oversee the management of the risk management fund created in section 24-30-1510;

(b) To compromise or settle claims on behalf of the state in the amounts authorized in section 24-30-1515 (2)(a)(V) and pursuant to the procedures set forth in section 24-30-1515;

(c) To adopt rules to govern its own organization and proceedings;

(d) To determine whether to recommend to the general assembly that the general assembly, by bill, authorize all or any portion of an additional payment to a claimant in accordance with the provisions of section 24-10-114 (5)(b).

24-30-1510. Risk management fund - creation - authorized and unauthorized payments. (1) (a) There is hereby created in the state treasury a fund to be known as the risk management fund, which shall consist of all moneys that may be appropriated thereto by the general assembly or that may be otherwise made available to it by the general assembly. Moneys "otherwise made available" shall be deemed to include transfers of moneys to the fund authorized in the general appropriation act. All interest earned from the investment of moneys in the risk management fund shall be credited to the risk management fund and become a part thereof. The moneys in the fund are hereby continuously appropriated for the purposes of the risk management fund other than the direct and indirect administrative costs of operating the risk management system. The general assembly shall make annual appropriations from the fund for the direct and indirect administrative costs of operating the risk management system that are attributable to the operation of the risk management fund. At the end of any fiscal year, all unexpended and unencumbered moneys in the fund shall remain therein and shall not be credited or transferred to the general fund or any other fund.

(b) Notwithstanding any provision of this section to the contrary, on June 1, 2009, the state treasurer shall deduct ten million ten thousand five hundred ninety-nine dollars from the risk management fund and transfer such sum to the general fund.

(2) The risk management fund shall maintain reserves for incurred but unpaid claims, including general liability and automobile liability claims. The risk management fund shall maintain reserves to provide for the contingency that the reserves set aside in the fund to meet

estimated expenses are inadequate to cover the actual expenses realized. The board after consultation with the executive director shall recommend the amount of money that is required to maintain adequate reserves. Adequate reserves shall be maintained in the risk management fund subject to available appropriations made by the general assembly in its discretion.

(3) Expenditures out of the risk management fund must be made in accordance with subsection (1) of this section and only for the following purposes:

(a) To pay liability claims and expenses related thereto, brought against the state, its officials, or its employees pursuant to the "Colorado Governmental Immunity Act", article 10 of this title; claims against the state, its officials, or its employees arising under federal law, which the state is legally obligated to pay and which are compromised or settled pursuant to section 24-30-1515 or in which a final money judgment against the state has been entered; or claims for compensatory damages against the state, its officials, or its employees pursuant to section 24-34-405;

(b) To pay the administrative costs of operating the risk management system and the costs of purchasing services pursuant to sections 24-30-1506, 24-30-1507, and 24-30-1513;

(c) To procure and pay premiums for one or more policies of insurance purchased pursuant to this part 15 to protect against all or any portion of the potential liabilities of the state of Colorado or of any state agency or its officers and employees;

(d) To pay any deductible or self-insured retention contained in any insurance policy purchased by or at the direction of the executive director;

(e) To pay liability claims and expenses related thereto when a state agency has contracted to defend and hold harmless the owner of property leased to the state agency for a state purpose if such contract limits the state's obligation to claims arising from alleged negligent acts or omissions of the state agency and of its public employees which occurred or are alleged to have occurred during the performance of their duties and within the scope of their employment, except where such acts or omissions are willful and wanton. Such claims shall be subject to the limitations of the "Colorado Governmental Immunity Act", article 10 of this title. No such contract shall be valid unless approved in writing by the executive director and meets the requirements of this paragraph (e).

(f) To make payments in accordance with section 24-30-1510.7;

(g) To fund an employee assistance program established and operated by the executive director pursuant to section 24-50-604 (1)(k);

(h) To pay the defense of liability claims and expenses related thereto, brought against an expert witness or consultant who has statutory immunity from civil suit and who has been retained by a board or commission within the department of regulatory agencies, to render expert testimony or expert opinion or provide consultative advice, in connection with a prospective or pending disciplinary action, and who does render expert testimony or expert opinion, or provide consultative advice, to a board or commission within the department of regulatory agencies in good faith and within the scope of his or her expertise;

(i) To pay liability claims and expenses incurred pursuant to section 24-82-1005 (2).

(4) Moneys in the risk management fund shall not be used to pay any of the following:

(a) Claims brought pursuant to the "Colorado Governmental Immunity Act", article 10 of this title, for which governmental immunity has not been waived pursuant to section 24-10-106;

(b) Claims which are actionable in contract except for claims relating to employment contracts and except for claims arising pursuant to paragraph (e) of subsection (3) of this section;

(c) Claims for liabilities or losses which are covered under commercial insurance policies purchased by the state;

(d) Expenses for complying with successful claims for injunctive relief;

(e) Any other claim or expense not set forth in subsection (3) of this section.

(5) As of July 1, 2000, Pinnacol Assurance created pursuant to section 8-45-101, C.R.S., is no longer included within, or part of, the risk management fund created pursuant to this section and the department of personnel assumes no responsibility and bears no financial obligation for the defense of, or liability for, any claims or lawsuits asserted against Pinnacol Assurance.

24-30-1510.5. Self-insured property fund - creation - authorized and unauthorized payments - executive director authorized to make payments. (1) (a) There is hereby created in the state treasury a fund to be known as the self-insured property fund, which shall consist of all moneys that may be appropriated thereto by the general assembly or which may be otherwise made available to it by the general assembly. Moneys "otherwise made available" shall be

deemed to include transfers of moneys to the fund authorized in the general appropriation act. All interest earned from the investment of moneys in the self-insured property fund shall be credited to the self-insured property fund and become a part thereof. The moneys in the fund are hereby continuously appropriated for the purposes of the self-insured property fund other than the direct and indirect administrative costs of operating the risk management system. The general assembly shall make annual appropriations from the fund for the direct and indirect administrative costs of operating the risk management system that are attributable to the operation of the self-insured property fund. At the end of any fiscal year, all unexpended and unencumbered moneys in the fund shall remain therein and shall not be credited or transferred to the general fund or any other fund.

(b) Notwithstanding any provision of this section to the contrary, on June 1, 2009, the state treasurer shall deduct one million two hundred ninety-five thousand fifty-five dollars from the self-insured property fund and transfer such sum to the general fund.

(2) The self-insured property fund shall maintain reserves for incurred but unpaid loss or damage claims to state property. The self-insured property fund shall maintain reserves to provide for the contingency that the reserves set aside in the fund to meet estimated expenses are inadequate to cover the actual expenses realized. The executive director shall recommend the amount of money that is required to maintain adequate reserves. Adequate reserves shall be maintained in the self-insured property fund subject to available appropriations made by the general assembly in its discretion.

(3) Expenditures shall be made out of the self-insured property fund in accordance with subsection (1) of this section only for the following purposes:

(a) To pay claims for loss or damage to state property subject to the following conditions:

(I) Claims for loss or damage to real property shall be based on replacement cost;

(II) Claims for loss or damage to personal property shall be based on actual cash value;

(III) The loss or damage to property on which the claim is based shall have been caused by one or more of the hazards covered under the self-insured property fund as set forth in subsection (5) of this section;

(IV) The principal state department shall pay a five-thousand-dollar deductible for each occurrence;

(b) To procure and pay premiums for one or more policies of insurance purchased pursuant to this part 15 to protect against loss or damage to state property;

(c) To pay the administrative costs of operating the risk management system.

(4) Moneys in the self-insured property fund shall not be used to pay the following:

(a) Claims for loss or damage to state property which are specifically insured by a commercial insurance policy;

(b) Claims for extra expense and normal wear and tear.

(5) The self-insured property fund shall provide self-insurance for loss or damage to state property due to the following hazards:

(a) Fire and lightning; except that coverage shall not be provided if the state agency does not report such incident or occurrence to the appropriate fire department;

(b) Windstorm and hail;

(c) Debris removal in connection with a hazard that is covered under the self-insured property fund;

- (d) Explosion;
- (e) Sudden and accidental damage from smoke;
- (f) Vandalism and malicious mischief;
- (g) Theft of state-owned property; except that coverage shall not be provided if the state agency does not report such theft to the appropriate law enforcement agency;
- (h) Damage from the weight of ice or snow; except that outdoor equipment, awnings, fences, pavements, patios, swimming pools, wharves, and docks are not covered;
- (i) Flood;
- (j) Earthquake;
- (k) Business interruption if the state is obligated under the terms of a lease or bond issue to continue making payments on the state property after the loss or damage has occurred and if the business interruption is caused by a hazard that is covered under the self-insured property fund;
- (l) Any other hazard that the executive director determines pursuant to rule and regulation is appropriate for inclusion under the self-insured property fund.
- (6) The executive director or a designee of the executive director is authorized to pay property claims of a state agency subject to available funds in the self-insured property fund and subject to the limitations in this section. The executive director or a designee of the executive director is authorized to provide for the repair and replacement of property consistent with the provisions of this part 15 and is authorized to provide for the payment of the costs of such repair and replacement out of the self-insured property fund. Disbursements from the self-insured property fund for claims of state agencies for loss or damage to property shall be paid by the state treasurer upon warrants drawn in accordance with the law upon vouchers issued by the department of personnel.
- (7) Repealed.

24-30-1510.7. Workers' compensation for state employees. (1) (a) There is hereby created, as a separate account in the risk management fund, the state employee workers' compensation account, which consists of all moneys that may be appropriated thereto by the general assembly and that may be otherwise made available to it by the general assembly for the purpose of establishing a workers' compensation self-insurance program for state employees or for the procurement of commercial workers' compensation insurance in accordance with

subsection (2) of this section. Moneys "otherwise made available" include transfers of moneys to the account authorized in the general appropriation act. The moneys in the account are continuously appropriated for the purposes of the state employee workers' compensation account other than the direct and indirect administrative costs of operating the risk management system, including legal services, litigation expenses, and third-party administrator expenses. The general assembly shall make annual appropriations from the account for the direct and indirect administrative costs of operating the risk management system, including legal services, litigation expenses, and third-party administrator expenses, that are attributable to the operation of the state employee workers' compensation account. At the end of any fiscal year, all unexpended and unencumbered moneys in the account must remain in the account and may not be credited or transferred to the general fund or any other fund. All interest earned from the investment of moneys in the account pursuant to this section must be credited to and become part of the account.

(b) (Deleted by amendment, L. 2014.)

(2) Expenditures shall be made out of the state employee workers' compensation account in the risk management fund in accordance with subsection (1) of this section only for the following purposes:

(a) To pay workers' compensation benefits to state employees in accordance with articles 40 to 47 of title 8, C.R.S., and to pay the administrative costs of operating the department of personnel in relation to the workers' compensation self-insurance program for state employees;

(b) To pay the premium for commercial workers' compensation insurance, if the state elects not to be self-insured for workers' compensation purposes.

(3) Prior to July 1, 1990, nothing in this section shall apply to the department of institutions; but this section shall apply to the department of human services beginning on July 1, 1990.

(4) Amounts which are recorded in the state employee workers' compensation account as claims, including reserves, but which are not required to be paid in the current fiscal year shall not be considered as expenditures in excess of the amount authorized by an item of appropriation for purposes of section 24-75-109.

(5) (a) (I) Notwithstanding section 8-44-105, C.R.S., if the state elects to self-insure workers' compensation claims as authorized in this section or to insure for such claims through an entity other than Pinnacol Assurance, created in section 8-45-101, C.R.S., on and after the effective date of such election, the state shall be directly and primarily liable for all liabilities due on all workers' compensation claims after such election that arise on and after the beginning date of the initial policy period in the annually renewable memorandum of agreement containing a premium payment plan in effect between the state and Pinnacol Assurance.

(II) In no event shall the department of personnel elect to self-insure for workers' compensation claims prior to the beginning of a fiscal year in which the general assembly appropriates sufficient funds for such self-insurance.

(b) (I) Funding of the liability obligations assumed by the state from Pinnacol Assurance pursuant to paragraph (a) of this subsection (5) beyond a current fiscal year is contingent upon funds for that purpose being appropriated, budgeted, and otherwise made available.

(II) Nothing in this paragraph (b) shall be construed to relieve the state of any liability obligation if the state elects to self-insure or insure through an entity other than Pinnacol Assurance pursuant to paragraph (a) of this subsection (5).

(c) Notwithstanding the provisions of section 8-44-201 (1), C.R.S., if the state elects to self-insure workers' compensation claims as authorized in this section, the executive director of the department of labor and employment shall not prescribe or apply security requirements in granting or continuing permission for such state self-insurance program.

24-30-1511.5. State self-insurance funds - transfers - definition. (1) As used in this section, "state self-insurance fund" means the risk management fund created in section 24-30-1510 (1) excluding the state employee workers' compensation account; the self-insured property fund created in section 24-30-1510.5; or the state employee workers' compensation account in the risk management fund created in section 24-30-1510.7.

(2) If there is an insufficient cash balance in a state self-insurance fund for any allowable expenditure other than the direct and indirect administrative costs of operating the risk management system, then the executive director may request the state treasurer to transfer money from another state self-insurance fund's reserve balance to the fund with the deficiency. The amount of the requested transfer shall not exceed the amount of the deficiency. The state treasurer shall transfer the money between the state self-insurance funds as requested. In the next annual general appropriations act that is enacted after the transfer is made, the general assembly shall appropriate an amount equal to the transfer to the state self-insurance fund from which the money was deducted, in addition to any other amounts appropriated to the fund.

(3) The department of personnel may expend the money transferred in accordance with subsection (2) of this section for any purpose for which money in the state self-insurance fund is continuously appropriated but shall not expend any of the money for the direct and indirect administrative costs of operating the risk management system.

24-30-1515. Compromise or settlement of claims - authority. (1) A claim against the state or against a state official or employee whose defense has been assumed by the state may be

compromised or settled on behalf of the state according to the requirements set forth in subsection (2) of this section. Prior to settling a claim of more than fifty thousand dollars, the board or the person authorized to settle the claim shall consult with the head of the affected state agency to assess the appropriateness of the proposed compromise or settlement amount. In settling a claim, the board or the person authorized to settle the claim may require the execution and presentation of those documents required by rule and regulation including those documents which discharge or hold harmless the state of all liability under the claim.

(2) (a) The following parties are authorized to make compromises or settlements on behalf of the state in the following amounts:

(I) A claims adjuster employed by the department of personnel or under contract with the department of personnel is authorized to settle claims for an amount not to exceed five thousand dollars;

(II) The claims manager of the department of personnel is authorized to settle and direct payment in settlement of claims for an amount not to exceed twenty-five thousand dollars;

(III) The state risk manager is authorized to settle and direct payment in settlement of claims for an amount not to exceed fifty thousand dollars;

(IV) The executive director is authorized to settle and direct payment in settlement of claims for an amount not to exceed one hundred thousand dollars;

(V) The board is authorized to settle and direct payment in settlement of claims for an amount of one hundred thousand dollars or more but not to exceed the maximum liability limits under the "Colorado Governmental Immunity Act", as set forth in section 24-10-114.

(b) The board is authorized to settle and direct payments in settlement of claims brought under federal law.

(3) Disbursements from the risk management fund for claims compromised or settled in accordance with this part 15 shall be paid by the state treasurer upon warrants drawn in accordance with law upon vouchers issued by the department of personnel upon order of the board or person authorized in subsection (2) of this section to make such compromise or settlement.

(4) The provisions of the "State Administrative Procedure Act", article 4 of this title, shall not be applicable to the payment or settlement of claims pursuant to this part 15. Any person or party adversely affected or aggrieved in compromising or settling a claim shall pursue such remedy in a district court of this state pursuant to the Colorado rules of civil procedure.

24-30-1516. Rules and regulations. (1) In order to carry out the purposes of this part 15, the executive director may promulgate reasonable rules and regulations governing the following:

(a) The administration of the programs authorized in this part 15;

(b) The management and administration of the investigation and adjustment of claims brought against the state, its officials, and its employees and of claims of state agencies for loss or damage to state property;

(c) The management and administration of legal defense of claims brought against the state, its officials, and its employees;

(d) The general supervision of parties who have contracted with the state to provide claims investigation, claims adjustment, support services, or legal services;

(e) Specifications on documents required to present a claim for compromise or settlement;

(f) Specifications on documents required to discharge or hold harmless the state from liability under a claim;

PART 18

STATEWIDE TELECOMMUNICATIONS NETWORK

24-30-1801. Legislative declaration. (1) The general assembly hereby finds and declares that there is a lack of coordination among the various state agencies regarding the utilization of telecommunications facilities and services. The general assembly further finds that

better coordination of such facilities and services, particularly among the governing boards of the institutions of higher education, the department of higher education, the department of education, and the school districts across the state, would result in improved education programs and a more cost-effective telecommunications system. The use of telecommunications services and facilities to expand educational opportunity, however, does not mean that the role of the teacher in the classroom should be diminished.

(2) The general assembly hereby finds that the development and use of a statewide telecommunications network will accelerate economic development within the state. The general assembly further finds that cooperation and participation by medical and health facilities, public and private economic development organizations, the judicial system, and local governments in developing a statewide telecommunications network will facilitate expansion of such network to its full potential and encourage economic growth and development within Colorado.

PART 20

UTILITY COST-SAVINGS MEASURES

24-30-2001. Definitions. As used in this part 20, unless the context otherwise requires:

(1) "Energy cost-savings contract" means a utility cost-savings contract or a vehicle fleet operational and fuel cost-savings contract.

(1.3) "Energy cost-savings measure" means a utility cost-savings measure or a vehicle fleet operational and fuel cost-savings measure.

(1.5) "Energy performance contract" means a contract for evaluations, recommendations, or implementation of one or more energy cost-savings measures designed to produce utility cost savings, operation and maintenance cost savings, or vehicle fleet operational and fuel cost savings, which contract:

(a) Sets forth savings attributable to the calculated energy cost savings or operation and maintenance cost savings for each year during the contract period;

(b) Provides that the amount of actual savings for each year during the contract period shall exceed annual contract payments, including maintenance costs, to be made during such year by the state agency contracting for the energy cost-savings measures; except that, for the purposes of this part 20 only, the term "annual contract payments" does not include moneys received by the state from rebates, gifts, grants, or donations specifically designated by the gifting, granting, or donating party for the design or implementation of an energy cost-savings measure or state moneys that have been specifically appropriated in a distinct line item, or, in the case of the department of transportation, otherwise set aside in the department's budget, for the design or implementation of an energy cost-savings measure that is wholly addressed within the scope of the energy cost-savings contract;

(c) Requires the party entering into the energy performance contract with the state agency to provide a written guarantee that the sum of energy cost savings and operation and maintenance cost savings for each year during the first three years of the contract period shall not be less than the calculated savings for that year described in paragraph (a) of this subsection (1.5); and

(d) Requires payments by a state agency to be made within twelve years after the date of the execution of the contract; except that the maximum term of the payments shall be less than the cost-weighted average useful life of energy cost-savings equipment for which the contract is made, not to exceed twenty-five years.

(2) "Operation and maintenance cost savings" means a measurable decrease in operation and maintenance costs that is a direct result of the implementation of one or more utility cost-savings measures or one or more vehicle fleet operational and fuel cost-savings measures. Such savings shall be calculated in comparison with an established baseline of operation and maintenance costs.

(3) "Shared-savings contract" means a contract for one or more energy cost-savings measures that do not involve capital equipment projects, which contract:

(a) Provides that all payments to be made by the state agency contracting for the energy cost-savings measures shall be a stated percentage of calculated savings of energy costs attributable to such measures over a defined period of time and that such payments shall be made only to the extent that such savings occur; except that this paragraph (a) shall not apply to payments for maintenance and repairs and obligations on termination of the contract prior to its expiration;

(b) Provides for an initial contract period of no longer than ten years; and

(c) Requires no additional capital investment or contribution of funds.

(4) "State agency" means a department or institution of this state, including institutions of higher education.

(5) "Utility cost savings" means:

(a) A cost savings caused by a reduction in metered or measured physical quantities of a bulk fuel or utility resulting from the implementation of one or more energy conservation measures when compared with an established baseline of usage; or

(b) A decrease in utility costs as a result of changes in applicable utility rates or utility service suppliers. The savings shall be calculated in comparison with an established baseline of utility costs.

(6) "Utility cost-savings contract" means an energy performance contract or a shared-savings contract or any other agreement in which utility cost savings are used to pay for services or equipment.

(7) "Utility cost-savings measure" means any installation, modification, or service that is designed to reduce energy consumption and related operating costs in buildings and other facilities and includes, but is not limited to, the following:

(a) Insulation in walls, roofs, floors, and foundations and in heating and cooling distribution systems;

(b) Heating, ventilating, or air conditioning and distribution system modifications or replacements in buildings or central plants;

(c) Automatic energy control systems;

(d) Replacement or modification of lighting fixtures;

(e) Energy recovery systems;

(f) Renewable energy and alternate energy systems;

(g) Cogeneration systems that produce steam or forms of energy, such as heat or electricity, for use primarily within a building or complex of buildings;

(h) Devices that reduce water consumption or sewer charges;

(i) Changes in operation and maintenance practices;

(j) Procurement of low-cost energy supplies of all types, including electricity, natural gas, and other fuel sources, and water;

(k) Indoor air quality improvements that conform to applicable building code requirements;

(l) Daylighting systems;

(m) Building operation programs that reduce utility and operating costs including, but not limited to, computerized energy management and consumption tracking programs, staff and occupant training, and other similar activities;

(n) Services to reduce utility costs by identifying utility errors and optimizing existing rate schedules under which service is provided; and

(o) Any other location, orientation, or design choice related to, or installation, modification of installation, or remodeling of, building infrastructure improvements that produce utility or operational cost savings for their appointed functions in compliance with applicable state and local building codes.

(8) "Vehicle fleet operational and fuel cost savings" means a measurable decrease in the operation and maintenance costs of state vehicles that is associated with fuel or maintenance based on higher efficiency ratings or alternative fueling methods, including but not limited to savings from the reduction in maintenance requirements and a reduction in or the elimination of

projected fuel purchase expenses as a direct result of investment in higher efficiency or alternative fuel vehicles or vehicle or charging infrastructure.

(9) "Vehicle fleet operational and fuel cost-savings contract" means an energy performance contract or shared-savings contract or any other agreement in which vehicle fleet operational and fuel cost savings are used to pay for the cost of the vehicle or associated capital investments.

(10) "Vehicle fleet operational and fuel cost-savings measure" means any installation, modification, or service that is designed to reduce energy consumption and related operating costs in vehicles and includes, but is not limited to, the following:

- (a) Vehicle purchase or lease costs either in full or in part;
- (b) Charging or fueling infrastructure to appropriately charge or fuel alternative fuel vehicles included in an energy cost-savings contract.

24-30-2002. Contracts for energy analysis and recommendations. (1) Subject to subsection (2) of this section, and in accordance with section 24-30-1104 (2), where applicable, a state agency may contract with any entity or person experienced in the design and implementation of energy conservation for an energy analysis and recommendations pertaining to measures that would significantly increase:

- (a) Utility cost savings and operation and maintenance cost savings in buildings or other facilities owned or rented by the state agency; or
- (b) Vehicle fleet operational and fuel cost savings in state fleet vehicles.

(2) The state personnel director or the state personnel director's designee may authorize a state agency to enter into such a contract. The contract shall be negotiated by the state agency pursuant to the negotiation requirements described in part 14 of this article; except that direct, indirect, overhead, and other costs and rates may be solicited and considered in the evaluation of qualifications and included in any resulting contract. The contract may include provisions that define the rate, amount, and nature of costs that may be proposed in any subsequent energy cost-savings contract, that describe the content of the analysis, and that reserve the option of the state agency to negotiate a suitable energy cost-savings contract.

(3) Such energy analysis and recommendations shall include the following, as applicable:

- (a) Estimates of the amounts by which utility cost savings and operation and maintenance cost savings would increase and estimates of all costs of such utility cost-savings measures or energy-savings measures, including, but not limited to, itemized costs of design, engineering, equipment, materials, installation, maintenance, repairs, and debt service; or
- (b) Estimates of the amounts by which vehicle fleet operational and fuel cost savings would increase and estimates of all costs of such vehicle fleet operational and fuel cost-savings measures.

(4) Payment by a state agency for an energy analysis and recommendations contract may be made from moneys appropriated to the state agency for operating expenses or utilities, as

applicable, or payments may be deferred and incorporated into a subsequent energy cost-savings contract.

24-30-2003. Energy cost-savings contracts. (1) A state agency may enter into an energy cost-savings contract with any person or entity experienced in the design and implementation of utility cost-savings measures for buildings or other facilities, with any person or entity experienced in the calculation and analysis of vehicle fleet operational and fuel cost savings, or with the entity or person who performed the energy analysis and recommendations pursuant to section 24-30-2002 if:

(a) (I) In the case of a utility cost-savings contract, the energy analysis and recommendations made pursuant to section 24-30-2002 indicate that the expected annual contract payments required under the utility cost-savings contract and any additional maintenance costs for one or more utility cost-savings measures are expected to be equal to or less than the sum of the utility cost savings and operation and maintenance cost savings achieved by the implementation of such measures on an annual basis; or

(II) In the case of a vehicle fleet operational and fuel cost-savings contract, the energy analysis and recommendations made pursuant to section 24-30-2002 indicate that the expected annual contract payments required under the vehicle fleet operational and fuel cost-savings contract for one or more vehicle fleet operational and fuel cost-savings measures are expected to be equal to or less than the sum of the vehicle fleet cost savings achieved by the implementation of such measures on an annual basis; and

(b) The state personnel director or the director's designee, with input from the director of the state energy office, pursuant to criteria contained in procedures established by the state personnel director, approves the energy analysis and recommendations made pursuant to section 24-30-2002.

(2) (a) Except as provided in paragraph (b) of this subsection (2), an energy cost-savings contract shall be negotiated by the state agency pursuant to the negotiation requirements described in part 14 of this article.

(b) The negotiation requirements described in part 14 of this article and any other state competitive bidding or procurement provision shall not apply to a state agency that enters into an energy cost-savings contract with the entity or person who performed the energy analysis for and made recommendations to the state agency pursuant to section 24-30-2002.

(3) An energy cost-savings contract may include appropriate financed purchase of an asset or certificate of participation or other authorized financing agreements.

(4) The legislative authorization required by section 24-82-801 (1) shall not apply to a financed purchase of an asset or certificate of participation agreement in an energy cost-savings contract and no subsequent legislative authorization shall be required for any payment made pursuant to such an agreement.

(5) Payments by a state agency required under an energy cost-savings contract may be made from moneys appropriated to the state agency for operating expenses or utilities appropriations available to the state agency at the time the contract payments are due.

(6) The provisions of articles 91 and 92 of this title shall not apply to utility cost-savings contracts.

(7) Utility cost-savings contracts shall be subject only to the supervisory provisions of part 13 of this article.

(8) All savings realized as a result of an energy cost-savings contract that are in excess of the annual calculated savings by such contract may be utilized as provided in section 24-75-108 (3).

(9) The energy cost-savings contracts authorized by this section shall provide that all of the obligations of the state under such contracts shall be subject to the action of the general assembly in annually making moneys available for all payments thereunder and that the obligations shall not be deemed or construed as creating an indebtedness of the state within the meaning of any provision of the state constitution or the laws of the state concerning or limiting the creation of indebtedness by the state and shall not constitute a multiple fiscal-year direct or indirect debt or other financial obligation of the state within the meaning of section 20 (4) of article X of the constitution.

(10) The state personnel director may establish procedures containing criteria for authorization of energy cost-savings contracts.

PART 21

ADDRESS CONFIDENTIALITY PROGRAM

Editor's note: This part 21 was added with relocations in 2011. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

24-30-2101. Short title. This part 21 shall be known and may be cited as the "Address Confidentiality Program Act".

Source: **L. 2011:** Entire part added with relocations, (HB 11-1080), ch. 256, p. 1108, § 2, effective June 2.

Editor's note: This section is similar to former § 24-21-201 as it existed prior to 2011.

24-30-2102. Legislative declaration. (1) The general assembly finds and declares that a person attempting to escape from actual or threatened domestic violence, a sexual offense, or stalking frequently moves to a new address in order to prevent an assailant or potential assailant from finding the victim. This new address, however, is only useful if an assailant or potential assailant does not discover it. Additionally, people involved in the provision of reproductive

health care are at a heightened risk of actual or threatened violence, stalking, or other social harms.

(1.5) Therefore, in order to help victims of domestic violence, a sexual offense, or stalking, and to assist and protect individuals involved in the provision of reproductive health care, it is the intent of the general assembly to establish an address confidentiality program, whereby the confidentiality of a victim's or an individual involved in the provision of reproductive health care's address may be maintained through, among other things, the use of a substitute address for purposes of public records and confidential mail forwarding.

(2) The general assembly further finds and declares that the desired result of the "Address Confidentiality Program Act" for the purpose of post-enactment review is to establish a substitute address for a program participant that is used by state and local government agencies whenever possible; to permit agencies to have access to the participant's actual address when appropriate; to establish a mail forwarding system for program participants; and to ensure that there is adequate funding to pay the program costs for all persons who apply to the program.

(3) The general assembly further declares that private entities, including but not limited to private businesses, can help protect program participants by seeking to prevent the disclosure of unique identifying information that could jeopardize the safety of program participants. The general assembly recognizes that a legitimate need for private entities to request and have access to an individual's actual address often exists and that the opportunity exists for private entities to partner with state and local governmental agencies in the effort to protect the safety of program participants.

24-30-2103. Definitions. As used in this part 21, unless the context otherwise requires:

(1) "Actual address" means a residential, work, or school address as specified on the individual's application to be a program participant under this part 21, and includes the county, voting precinct number, and any unique identifying information related to the individual's residential, work, or school address.

(2) "Address confidentiality program" or "program" means the program created under this part 21 in the department to protect the confidentiality of the actual address of a relocated protected health-care worker or a relocated victim of domestic violence, a sexual offense, or stalking.

(3) "Applicant" means an individual identified as such in an application received by the executive director or his or her designee pursuant to section 24-30-2105.

(4) "Application assistant" means a person designated by the executive director or his or her designee to assist an applicant in the preparation of an application to participate in the address confidentiality program.

- (5) "Department" means the department of personnel created in section 24-1-128.
- (6) "Domestic violence" means an act described in section 18-6-800.3 (1), C.R.S.
- (7) "Executive director" means the executive director of the department.
- (8) "Person" means any individual, corporation, limited liability company, partnership, trust, estate, or other association or any state, the United States, or any subdivision thereof.
- (9) "Program participant" or "participant" means an individual accepted into the address confidentiality program in accordance with this part 21.
- (9.5) "Protected health-care worker" means a reproductive health-care provider, or an employee, volunteer, patient, or immediate family member of a reproductive health-care provider, engaged in the provision, facilitation, or promotion of a legally protected health-care activity, as defined in section 12-30-121 (1)(d).
- (10) "Public record" means all documents, papers, letters, maps, books, photographs, films, sound recordings, magnetic or other tapes, digital data, artifacts, or other documentary material, regardless of physical form or characteristics, made or received pursuant to law or ordinance in connection with the transaction of public business by a state or local government agency.
- (11) "Sexual offense" means an act described in part 4 of article 3, or article 6 or 7 of title 18, C.R.S.
- (12) "Stalking" means an act of harassment as described in section 18-9-111, C.R.S., or stalking as described in section 18-3-602, C.R.S.
- (13) "State or local government agency" or "agency" means every elected or appointed state or local public office, public officer, or official; board, commission, bureau, committee, council, department, authority, agency, institution of higher education, or other unit of the executive, legislative, or judicial branch of the state; or any city, county, city and county, town, special district, school district, local improvement district, or any other kind of municipal, quasi-municipal, or public corporation.
- (14) "Substitute address" means an address designated by the executive director or his or her designee under the address confidentiality program that is used instead of an actual address as set forth in this part 21.

24-30-2104. Address confidentiality program - creation - substitute address - uses - service by mail - application assistance centers. (1) There is created the address

confidentiality program in the department to protect the confidentiality of the actual address of a relocated protected health-care worker or a relocated victim of domestic violence, a sexual offense, or stalking and to prevent the victim's assailants or potential assailants from finding the victim through public records. Under the program, the executive director or the executive director's designee shall:

(a) Designate a substitute address for a program participant that shall be used by state and local government agencies as set forth in this part 21; and

(b) Receive mail sent to a program participant at a substitute address and forward the mail to the participant as set forth in subsection (2) of this section.

(2) The executive director or his or her designee shall receive first-class, certified, or registered mail on behalf of a program participant and forward the mail to the participant for no charge. The executive director or his or her designee may arrange to receive and forward other classes or kinds of mail at the participant's expense. Neither the executive director nor his or her designee shall be required to track or otherwise maintain records of any mail received on behalf of a participant unless the mail is certified or registered mail.

(3) (a) Notwithstanding any provision of law to the contrary, a program participant may be served by registered mail or by certified mail, return receipt requested, addressed to the participant at his or her substitute address with any process, notice, or demand required or permitted by law to be served on the program participant. Service is perfected under this subsection (3) at the earliest of:

(I) The date the program participant receives the process, notice, or demand; or

(II) Five days after the date shown on the return receipt if signed on behalf of the program participant.

(b) This subsection (3) does not prescribe the only means, or necessarily the required means, of serving a program participant in the state.

(c) Whenever the laws of the state provide a program participant a legal right to act within a prescribed period of ten days or less after the service of a notice or other paper upon the participant and the notice or paper is served upon the participant by mail pursuant to this subsection (3) or by first-class mail as otherwise authorized by law, five days shall be added to the prescribed period.

(4) The executive director or the executive director's designee may designate as an application assistant any person who:

(a) Provides counseling, referral, or other services to victims of domestic violence, a sexual offense, or stalking, if applicable;

(b) Completes any training and registration process required by the executive director or the executive director's designee, if applicable; and

(c) Provides counseling, referrals, or other services to individuals accessing a legally protected health-care activity, as defined in section 12-30-121 (1)(d), if applicable.

(5) Any assistance and counseling rendered by the executive director or his or her designee or an application assistant to an applicant related to this part 21 shall in no way be construed as legal advice.

24-30-2105. Filing and certification of applications - authorization card. (1) On and after July 1, 2008, upon the recommendation of an application assistant, an individual may apply to the executive director or his or her designee to participate in the address confidentiality program. The following individuals may apply to the executive director or his or her designee to have an address designated by the executive director or his or her designee to serve as the substitute address of the individual and any individuals designated in paragraph (j) of subsection (3) of this section:

- (a) An adult individual;
- (b) A parent or guardian acting on behalf of a minor when the minor resides with the individual; or

- (c) A guardian acting on behalf of an incapacitated individual.

(2) An application assistant shall assist the individual in the preparation of the application. The application shall be dated, signed, and verified by the applicant and shall be signed and dated by the application assistant who assisted in the preparation of the application. The signature of the application assistant shall serve as the recommendation by such person that the applicant have an address designated by the executive director or his or her designee to serve as the substitute address of the applicant. A minor or incapacitated individual on whose behalf a parent or guardian completes an application pursuant to the authority set forth in paragraph (b) or (c) of subsection (1) of this section shall be considered the applicant, but any statements that are required to be made by the applicant shall be made by the parent or guardian acting on behalf of the minor or incapacitated individual.

(3) The application must be on a form prescribed by the executive director or the executive director's designee and must contain the following:

- (a) The applicant's name;
- (b) A statement by the applicant that the applicant is a victim of domestic violence, a sexual offense, or stalking and that the applicant fears for the applicant's safety, if applicable;
- (c) Evidence that the applicant is a victim of domestic violence, a sexual offense, or stalking, if applicable. This evidence may include any of the following:

- (I) Law enforcement, court, or other state or local government agency or federal agency records or files;

- (II) Documentation from a domestic violence program or facility, including but not limited to a battered women's shelter or safe house, if the applicant is alleged to be a victim of domestic violence;

- (III) Documentation from a sexual assault program if the applicant is alleged to be a victim of a sexual offense; or

- (IV) Documentation from a religious, medical, or other professional from whom the applicant has sought assistance in dealing with the alleged domestic violence, sexual offense, or stalking.

- (d) A statement by the applicant that disclosure of the applicant's actual address would endanger the applicant's safety;

(e) A statement by the applicant that the applicant has confidentially relocated in the past ninety days or will confidentially relocate in the state;

(f) A designation of the executive director or his or her designee as an agent for the applicant for purposes of receiving certain mail;

(g) The mailing address and telephone number where the applicant can be contacted by the executive director or his or her designee;

(h) The actual address that the applicant requests not to be disclosed by the executive director or the executive director's designee that directly relates to the increased risk of domestic violence, a sexual offense, or stalking, or increased risk of actual or threatened violence, stalking, or other social harms due to the provision of a legally protected health-care activity, as defined in section 12-30-121 (1)(d);

(i) A statement as to whether there is any existing court order or court action involving the applicant or an individual identified in paragraph (j) of this subsection (3) related to dissolution of marriage proceedings, child support, or the allocation of parental responsibilities or parenting time and the court that issued the order or has jurisdiction over the action;

(j) The name of any person who resides with the applicant who also needs to be a program participant in order to ensure the safety of the applicant and, if the person named in the application is eighteen years of age or older, the consent of such person to be a program participant;

(k) A statement by the applicant, under penalty of perjury, that to the best of the applicant's knowledge, the information contained in the application is true; and

(l) A statement by the applicant, under penalty of perjury, that the applicant is a protected health-care worker or provides, refers, or assists patients in accessing a legally protected health-care activity, as defined in section 12-30-121 (1)(d), if applicable.

(4) Upon determining that an application has been properly completed, the executive director or his or her designee shall certify the applicant and any individual who is identified in paragraph (j) of subsection (3) of this section as a program participant. Upon certification, the executive director or his or her designee shall issue to the participant an address confidentiality program authorization card, which shall include the participant's substitute address. The card shall remain valid for so long as the participant remains certified under the program.

(5) Applicants and individuals identified in paragraph (j) of subsection (3) of this section shall be certified for four years following the date of filing unless the certification is withdrawn or canceled prior to the end of the four-year period. A program participant may withdraw the certification by filing a request for withdrawal acknowledged before a notary public. A certification may be renewed by filing a renewal application with the executive director or his or her designee at least thirty days prior to expiration of the current certification. The renewal application shall be dated, signed, and verified by the applicant. The renewal application shall contain:

(a) Any statement or information that is required by subsection (3) of this section that has changed from the original application or a prior renewal application; and

(b) A statement by the applicant, under penalty of perjury, that to the best of the applicant's knowledge, the information contained in the renewal application and a prior application is true.

24-30-2106. Change of name, address, or telephone number. (1) A program participant shall notify the executive director or his or her designee within thirty days after the participant has obtained a legal name change by providing the executive director or his or her designee a certified copy of any judgment or order evidencing the change or any other documentation the executive director or his or her designee deems to be sufficient evidence of the name change.

(2) A program participant shall notify the executive director or his or her designee of a change in address or telephone number from the address or telephone number listed for the participant on the application pursuant to the requirements set forth in section 24-30-2105 (3)(g) and (3)(h) no later than seven days after the change occurs.

24-30-2107. Certification cancellation - records. (1) The certification of a program participant shall be canceled under any of the following circumstances:

(a) The program participant files a request for withdrawal of the certification pursuant to section 24-30-2105 (5).

(b) The program participant fails to notify the executive director or his or her designee of a change in the participant's name, address, or telephone number listed on the application pursuant to section 24-30-2106.

(c) The program participant or parent or guardian who completes an application on behalf of an applicant knowingly submitted false information in the program application.

(d) Mail forwarded to the program participant by the executive director or his or her designee is returned as undeliverable.

(2) If the executive director or his or her designee determines that there is one or more grounds for canceling certification of a program participant pursuant to subsection (1) of this section, the executive director or his or her designee shall send notice of cancellation to the program participant. Notice of cancellation shall set out the reasons for cancellation. The participant shall have thirty days to appeal the cancellation decision under procedures developed by the executive director or his or her designee.

(3) An individual who ceases to be a program participant is responsible for notifying persons who use the substitute address that the designated substitute address is no longer valid.

Editor's note: This section is similar to former § 24-21-207 as it existed prior to 2011.

24-30-2108. Address use by state or local government agencies. (1) The program participant, and not the executive director or his or her designee, is responsible for requesting that a state or local government agency use the participant's substitute address as the participant's residential, work, or school address for all purposes for which the agency requires or requests such residential, work, or school address.

(2) Except as otherwise provided in this section or unless the executive director or his or her designee grants a state or local government agency's request for a disclosure pursuant to section 24-30-2110, when a program participant submits a current and valid address confidentiality program authorization card to the agency, the agency shall accept the substitute address designation by the executive director or his or her designee on the card as the participant's address to be used as the participant's residential, work, or school address when creating a new public record. The substitute address given to the agency shall be the last known address for the participant used by the agency until such time that the agency receives notification pursuant to section 24-30-2107 (3). The agency may make a photocopy of the card for the records of the agency and thereafter shall immediately return the card to the program participant.

(3) (a) A designated election official as defined in section 1-1-104 (8), C.R.S., shall use the actual address of a program participant for precinct designation and all official election-related purposes and shall keep the participant's actual address confidential from the public. The election official shall use the substitute address for all correspondence and mailings placed in the United States mail. The substitute address shall not be used as an address for voter registration.

(b) A state or local government agency's access to a program participant's voter registration shall be governed by the disclosure process set forth in section 24-30-2110.

(c) The provisions of this subsection (3) shall apply only to a program participant who submits a current and valid address confidentiality program authorization card when registering to vote.

(d) The provisions of this subsection (3) shall not apply to a program participant who registers to vote pursuant to section 1-2-213, C.R.S.

(4) Repealed.

(5) The substitute address shall not be used for purposes of listing, appraising, or assessing property taxes and collecting property taxes under the provisions of title 39, C.R.S.

(6) Whenever a program participant is required by law to swear or affirm to the participant's address, the participant may use his or her substitute address.

(7) The substitute address shall not be used for purposes of assessing any taxes or fees on a motor vehicle or for titling or registering a motor vehicle. Notwithstanding any provision of section 24-72-204 (7) to the contrary, any record that includes a program participant's actual address pursuant to this subsection (7) shall be confidential and not available for inspection by anyone other than the program participant.

(8) The substitute address shall not be used on any document related to real property recorded with a county clerk and recorder.

(9) A school district shall accept the substitute address as the address of record and shall verify student enrollment eligibility through the executive director or his or her designee. The executive director or his or her designee shall facilitate the transfer of student records from one school to another.

(10) Except as otherwise provided in this section, a program participant's actual address and telephone number maintained by a state or local government agency or disclosed by the executive director or his or her designee is not a public record that is subject to inspection pursuant to the provisions of part 2 of article 72 of this title. This subsection (10) shall not apply to the following:

(a) To any public record created more than ninety days prior to the date that the program participant applied to be certified in the program; or

(b) If a program participant voluntarily requests that a state or local government agency use the participant's actual address or voluntarily gives the actual address to the state or local government agency.

(11) For any public record created within ninety days prior to the date that a program participant applied to be certified in the program, a state or local government agency shall redact the actual address from a public record or change the actual address to the substitute address in the public record, if a program participant who presents a current and valid program authorization card requests the agency that maintains the public record to use the substitute address instead of the actual address on the public record.

24-30-2109. Disclosure of actual address prohibited. (1) The executive director or his or her designee is prohibited from disclosing any address or telephone number of a program participant other than the substitute address designated by the executive director or his or her designee, except under any of the following circumstances:

(a) The information is required by direction of a court order pursuant to section 24-30-2111. However, any person to whom a program participant's address or telephone number has been disclosed shall not disclose the address or telephone number to any other person unless permitted to do so by order of the court.

(b) The executive director or his or her designee grants a request by an agency pursuant to section 24-30-2110.

(c) The program participant is required to disclose the participant's actual address as part of a registration required by the "Colorado Sex Offender Registration Act", article 22 of title 16, C.R.S.

(2) The executive director or his or her designee shall provide immediate notification of disclosure to a program participant when disclosure is made pursuant to paragraph (a) or (b) of subsection (1) of this section.

(3) If, at the time of application, an applicant or an individual designated in section 24-30-2105 (3)(j) is subject to a court order related to dissolution of marriage proceedings, child support, or the allocation of parental responsibilities or parenting time, the executive director or his or her designee shall notify the court that issued the order of the certification of the program participant in the address confidentiality program and the substitute address designated by the executive director or his or her designee. If, at the time of application, an applicant or an individual designated in section 24-30-2105 (3)(j) is involved in a court action related to dissolution of marriage proceedings, child support, or the allocation of parental responsibilities or parenting time, the executive director or his or her designee shall notify the court having jurisdiction over the action of the certification of the applicant in the address confidentiality program and the substitute address designated by the executive director or his or her designee.

(4) No person shall knowingly and intentionally obtain a program participant's actual address or telephone number from the executive director or his or her designee or an agency knowing that the person is not authorized to obtain the address information.

(5) No employee of the executive director or his or her designee or of an agency shall knowingly and intentionally disclose a program participant's actual address or telephone number unless the disclosure is permissible by law. This subsection (5) only applies when an employee obtains a participant's actual address or telephone number during the course of the employee's official duties and, at the time of disclosure, the employee has specific knowledge that the actual address or telephone number disclosed belongs to a participant.

(6) Any person who knowingly and intentionally obtains or discloses information in violation of this part 21 shall be guilty of a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

24-30-2110. Request for disclosure. (1) A state or local government agency requesting disclosure of a program participant's actual address pursuant to this section shall make such a request in writing on agency letterhead and shall provide the executive director or his or her designee with the following information:

(a) The name of the program participant for whom the agency seeks disclosure of the actual address;

(b) A statement, with explanation, setting forth the reason or reasons that the agency needs the program participant's actual address and a statement that the agency cannot meet its statutory or administrative obligations without disclosure of the participant's actual address;

(c) A particular statement of facts showing that other methods to locate the program participant or the participant's actual address have been tried and have failed or that the methods reasonably appear to be unlikely to succeed;

(d) A statement that the agency has adopted a procedure setting forth the steps the agency will take to protect the confidentiality of the program participant's actual address; and

(e) Any other information as the executive director or his or her designee may reasonably request in order to identify the program participant in the records of the executive director or his or her designee.

(2) (a) The executive director or his or her designee shall provide the program participant with notice of a request for disclosure received pursuant to subsection (1) of this section, and, to the extent possible, the participant shall be afforded an opportunity to be heard regarding the request.

(b) Except as otherwise provided in paragraph (c) of this subsection (2), the executive director or his or her designee shall provide the program participant with written notification whenever a request for a disclosure has been granted or denied pursuant to this section.

(c) No notice or opportunity to be heard shall be given to the program participant when the request for disclosure is made by a state or local law enforcement agency conducting a criminal investigation involving alleged criminal conduct by the participant or when providing notice to the participant would jeopardize an ongoing criminal investigation or the safety of law enforcement personnel.

(3) The executive director or his or her designee shall promptly conduct a review of all requests received pursuant to this section. In conducting a review, the executive director or his or her designee shall consider all information received pursuant to subsections (1) and (2) of this section and any other appropriate information that the executive director or his or her designee may require.

(4) The executive director or his or her designee shall grant a state or local government agency's request for disclosure and disclose a program participant's actual address pursuant to this section if:

(a) The agency has a bona fide statutory or administrative need for the actual address.

(b) The actual address will only be used for the purpose stated in the request.

(c) Other methods to locate the program participant or the participant's actual address have been tried and have failed or such methods reasonably appear to be unlikely to succeed.

(d) The agency has adopted a procedure for protecting the confidentiality of the actual address of the program participant.

(5) Upon granting a request for disclosure pursuant to this section, the executive director or his or her designee shall provide the state or local government agency with the disclosure that contains:

(a) The program participant's actual address;

(b) A statement setting forth the permitted use of the actual address and the names or classes of persons permitted to have access to and use of the actual address;

(c) A statement that the agency is required to limit access to and use of the actual address to the permitted use and persons set forth in the disclosure; and

(d) The date on which the permitted use expires, if expiration is appropriate, after which the agency may no longer maintain, use, or have access to the actual address.

(6) A state or local government agency whose request is granted by the executive director or his or her designee pursuant to this section shall:

(a) Limit the use of the program participant's actual address to the purposes set forth in the disclosure;

(b) Limit the access to the program participant's actual address to the persons or classes of persons set forth in the disclosure;

(c) Cease to use and dispose of the program participant's actual address upon the expiration of the permitted use, if applicable; and

(d) Except as otherwise set forth in the disclosure, maintain the confidentiality of a program participant's actual address.

(7) Upon denial of a state or local government agency's request for disclosure, the executive director or his or her designee shall provide prompt written notification to the agency stating that the agency's request has been denied and setting forth the specific reasons for the denial.

(8) A state or local government agency may file written exceptions with the executive director or his or her designee no more than fifteen days after written notification is provided pursuant to subsection (7) of this section. The exceptions shall restate the information contained in the request for disclosure, state the grounds upon which the agency asserts that the request for disclosure should be granted and specifically respond to the executive director's or his or her designee's specific reasons for denial.

(9) Unless the state or local government agency filing exceptions agrees otherwise, the executive director or his or her designee shall make a final determination regarding the exceptions within thirty days after the filing of exceptions pursuant to subsection (8) of this section. Prior to making a final determination regarding the exceptions, the executive director or his or her designee may request additional information from the agency or the program participant and conduct a hearing. If the final determination of the executive director or his or her designee is that the denial of the agency's request for disclosure was properly denied, the executive director or his or her designee shall provide the agency with written notification of this final determination stating that the agency's request has again been denied and setting forth the specific reasons for the denial. If the final determination of the executive director or his or her designee is that the denial of the agency's request for disclosure has been improperly denied, the executive director or his or her designee shall grant the agency's request for disclosure in accordance with this section. The final determination of the executive director or his or her designee shall constitute final agency action.

(10) The record before any judicial review of a final agency action pursuant to subsection (9) of this section shall consist of the state or local government agency's request for disclosure, the executive director's or his or her designee's written response, the agency's exceptions, the hearing transcript, if any, and the executive director's or his or her designee's final determination.

(11) During any period of review, evaluation, or appeal, the agency shall, to the extent possible, accept and use the program participant's substitute address.

(12) Notwithstanding any other provision of this section, the executive director or his or her designee shall establish an expedited process for disclosure to be used by a criminal justice official or agency for situations where disclosure is required pursuant to a criminal justice trial, hearing, proceeding, or investigation involving a program participant. An official or agency receiving information pursuant to this subsection (12) shall certify to the executive director or his or her designee that the official or agency has a system in place to protect the confidentiality of a participant's actual address from the public and from personnel who are not involved in the trial, hearing, proceeding, or investigation.

(13) Nothing in this section shall be construed to prevent the executive director or his or her designee from granting a request for disclosure to a state or local government agency pursuant to this section upon receipt of a program participant's written consent to do so.

24-30-2111. Disclosure of address or unique identifying information in criminal and civil proceedings. A person shall not be compelled to disclose a program participant's actual address or any unique identifying information related to the participant's residence, work, or school during the discovery phase of or during a proceeding before a court of competent jurisdiction or administrative tribunal unless the court or administrative tribunal finds, based upon a preponderance of the evidence, that the disclosure is required in the interests of justice and that the potential harm to the program participant is substantially outweighed by the public interest in the disclosure and that no other alternative would satisfy that necessity. A court or administrative tribunal may seal the portion of any record that contains a program participant's actual address. Nothing in this section prevents a state or local government agency, in its discretion, from using a program participant's actual address in any document or record filed with a court or administrative tribunal if, at the time of filing, the document or record is not a public record.

24-30-2112. Participation in the program - orders relating to allocation of parental responsibilities or parenting time. (1) Nothing in this part 21, nor participation in the program, shall affect an order relating to the allocation of parental responsibilities or parenting time in effect prior to or during program participation.

(2) Program participation does not constitute evidence of domestic violence, a sexual offense, or stalking and shall not be considered for purposes of making an order allocating parental responsibilities or parenting time; except that a court may consider practical measures to keep a program participant's actual address confidential when making an order allocating parental responsibilities or parenting time.

24-30-2114. Surcharge - collection and distribution - address confidentiality program surcharge fund - creation - definitions. (1) On and after July 1, 2007, each person who is convicted of the crimes set forth in subsection (2) of this section shall be required to pay a surcharge of twenty-eight dollars to the clerk of the court for the judicial district in which the conviction occurs.

(2) The following crimes shall be subject to the surcharge set forth in subsection (1) of this section:

- (a) Stalking;
- (b) A crime, the underlying factual basis of which has been found by the court on the record to include an act of domestic violence; or
- (c) Criminal attempt, conspiracy, or solicitation to commit the crimes set forth in paragraphs (a) and (b) of this subsection (2).

(3) The clerk of the court shall allocate the surcharge required by this section as follows:

(a) Five percent shall be retained by the clerk of the court for administrative costs incurred pursuant to this section. Such amount retained shall be transmitted to the state treasurer for deposit in the judicial stabilization cash fund created in section 13-32-101 (6), C.R.S.

(b) Ninety-five percent shall be transferred to the state treasurer, who shall credit the same to the address confidentiality program surcharge fund created pursuant to subsection (4) of this section.

(4) (a) There is hereby created in the state treasury the address confidentiality program surcharge fund, which shall consist of moneys received by the state treasurer pursuant to this section. The moneys in the fund shall be subject to annual appropriation by the general assembly to the department for the purpose of paying for the costs incurred by the executive director or his or her designee in the administration of the program. All interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. Any moneys not appropriated by the general assembly shall remain in the fund and shall not be transferred or revert to the general fund at the end of any fiscal year.

(b) (Deleted by amendment, L. 2011, (HB 11-1080), ch. 256, p. 1121, § 2, effective June 2, 2011.)

(c) Repealed.

(5) The court may waive all or any portion of the surcharge required by this section if the court finds that a person subject to the surcharge is indigent or financially unable to pay all or any portion of the surcharge. The court may waive only that portion of the surcharge that the court finds that the person is financially unable to pay.

(6) As used in this section, "convicted" and "conviction" mean a plea of guilty accepted by the court, including a plea of guilty entered pursuant to a deferred sentence under section

18-1.3-102, C.R.S., a verdict of guilty by a judge or jury, or a plea of no contest accepted by the court.

24-30-2115. Address confidentiality program fund - creation - appropriations. (1) There is created in the state treasury the address confidentiality program fund, referred to in this section as the "fund". The fund consists of any gifts, grants, donations, or appropriations received by the department for the fund pursuant to subsection (2) of this section. The money in the fund shall be continuously appropriated by the general assembly to the department for the purpose of paying for the costs incurred by the executive director or the executive director's designee in the administration of the program. All interest derived from the deposit and investment of money in the fund shall be credited to the fund. Any money not appropriated by the general assembly shall remain in the fund and shall not be transferred or revert to the general fund at the end of any fiscal year.

(2) (a) The department is authorized to seek, accept, and expend gifts, grants, and donations from private or public sources for the implementation of the program. All private and public funds received through gifts, grants, and donations shall be transmitted to the state treasurer, who shall credit the same to the fund.

(b) The general assembly shall appropriate money from the economic recovery and relief cash fund, created in section 24-75-228, as enacted by Senate Bill 21-291, enacted in 2021, to the department to be used for the program, so long as the expenses such money is used for are for purposes or programs that also conform with the allowable purposes set forth in the federal "American Rescue Plan Act of 2021", Pub.L. 117-2, as the act may be subsequently amended. The department may use up to five percent of any money appropriated by the general assembly pursuant to this subsection (2)(b) for development and administrative costs incurred by the department pursuant to this subsection (2)(b).

PART 22

LAURA HERSHEY DISABILITY SUPPORT ACT

Editor's note: This part 22 was added in 2011. It was amended with relocations in 2016, resulting in the addition, relocation, or elimination of sections as well as subject matter. For amendments to this part 22 prior to 2016, consult the 2015 Colorado Revised Statutes and the

Colorado statutory research explanatory note beginning on page vii in the front of this volume. Former C.R.S. section numbers are shown in editor's notes following those sections that were relocated.

24-30-2201. Short title. The short title of this part 22 is the "Laura Hershey Disability Support Act".

Source: L. 2016: Entire part amended with relocations, (HB 16-1362), ch. 319, p. 1286, § 1, effective August 10.

24-30-2202. Definitions. As used in this part 22, unless the context otherwise requires:

(1) "Committee" means the Colorado disability funding committee created in section 24-30-2203.

(2) "Contract entity" means the entity the committee contracts with to implement sections 24-30-2206 to 24-30-2210.

(3) "Disability benefits" means cash payments from social security disability insurance under Title II of the federal "Social Security Act", 42 U.S.C. sec. 401 et seq., as amended, cash payments made by the federal government to persons who are aged, blind, or disabled under Title XVI of the federal "Social Security Act", 42 U.S.C. sec. 401 et seq., as amended, and long-term care under the "Colorado Medical Assistance Act", articles 4 to 6 of title 25.5, C.R.S.

(4) "Fund" means the disability support fund created in section 24-30-2205.5.

(5) "Nonprofit entity" means an entity incorporated under the "Colorado Revised Nonprofit Corporation Act", articles 121 to 137 of title 7, C.R.S., or a tax-exempt entity under 26 U.S.C. sec. 501 (c)(3) of the federal "Internal Revenue Code of 1986".

(6) "Recipient" means a person who receives disability benefits or long-term care services.

(7) "Registration number" means the unique combination of letters and numbers assigned to a vehicle by the department under section 42-3-201, C.R.S., and required to be displayed on the license plate by section 42-3-202, C.R.S.

(8) "Vehicle" means a vehicle required to be registered pursuant to part 1 of article 3 of title 42, C.R.S.

Source: L. 2016: Entire part amended with relocations, (HB 16-1362), ch. 319, p. 1286, § 1, effective August 10.

24-30-2203. Colorado disability funding committee. (1) The Colorado disability funding committee is hereby created within the department of personnel. The committee consists of thirteen members appointed by the governor, the majority of whom are persons with disabilities, persons with immediate family members who are persons with disabilities, or persons who are care-givers to a family member who is a person with disabilities. In making the appointments, the governor shall ensure that the committee has members with experience in or knowledge of business and business management; nonprofit entities and managing nonprofit entities; advocacy for persons with disabilities; the practice of medicine; and the practice of law with experience working with persons with disabilities.

(2) Members of the committee serve three-year terms; except that the terms shall be staggered so that no more than five members' terms expire in the same year. The governor shall not appoint a member for more than two consecutive terms.

(3) An act of the committee is void unless a majority of the appointed members has voted in favor of the act.

(4) The committee shall implement this part 22 using the fund.

(5) The committee is authorized to seek and accept grants or donations from private or public sources for the purposes of this part 22; except that the committee shall not accept a gift, grant, or donation that is subject to conditions that are inconsistent with this part 22 or part 13 of article 75 of this title regarding the status of grants and donations made to state agencies.

(6) The committee has the following duties and powers:

(a) To sue and be sued and otherwise assert or defend the committee's legal interests;

(b) To prepare and sign contracts;

(c) To have and exercise all rights and powers necessary or incidental to, or implied from, the specific powers granted in this part 22;

(d) To fix the time and place at which meetings may be held;

(e) To adopt and use a seal and to alter the same at its pleasure;

(f) To authorize an auctioneer or other seller of a registration number to retain a reasonable commission as determined by the committee;

(g) To make business decisions to implement this part 22;

(h) To create incentives for holders to turn in currently issued registration numbers if any actual costs are reimbursed to the state from the sale;

(i) To authorize and sell license plates made of alternative materials if approved by the department of revenue; and

(j) To sell the right to use additional license plate options, such as historically issued backgrounds, for a fee if the option is approved by the department of revenue and the Colorado state patrol.

(7) (a) The committee may obtain the services of professional advisors or contract with employees to handle the conduct of all meetings, carry out its administrative functions for meetings and committee business, or handle the committee's auctions.

(b) The department of personnel may hire employees to handle the administrative aspects of supporting the committee resulting from the committee being within the department of personnel.

(8) The attorney general is the legal counsel for the committee.

(9) Committee members do not receive compensation for performing official duties of the committee but may receive a per diem or reimbursement for travel and other reasonable and necessary expenses for performing official duties of the committee. The per diem or reimbursement is paid from the fund.

(10) The department of public safety may prohibit any action of the committee or its agents that concerns the sale of license plates or registration numbers if the decision would affect the policy of the state of Colorado as it relates to the use or display of license plates or registration numbers.

24-30-2204. Program to assist persons to obtain disability benefits - repeal. (1)

When adequate funding is available, the committee shall invite nonprofit entities to submit a proposal for a program to aid persons with disabilities in accessing disability benefits. To qualify, the nonprofit organization must be based in Colorado and governed by a board that:

(a) Is composed of persons with a demonstrated commitment to improving the lives of recipients with disabilities;

(b) Contains members who understand a range of disabilities; and

(c) Contains a majority of members who are persons with disabilities, persons with immediate family members who are persons with disabilities, or persons who are care givers to a family member who is a person with disabilities; or:

(I) and (II) (Deleted by amendment, L. 2022.)

(III) Has a contract with an organization that meets the above criteria to assume the disability perspective.

(2) (a) (I) The committee shall review the proposed programs and shall award a contract to one or more entities that best meet the requirements of this section in accordance with the "Procurement Code", articles 101 to 112 of this title 24.

(II) The term of each contract is up to three years. The committee shall include evaluation criteria in the contract with metrics that must be met at least once a year to continue funding.

(III) (Deleted by amendment, L. 2022.)

(b) The committee shall not award a contract unless the proposal includes:

(I) A system for evaluating whether a person with a disability is reasonably able to navigate the application process to obtain disability benefits, health care, and employment;

(II) A system for prioritizing the need of applicants based upon the evaluations;

(III) A plan for assisting persons with disabilities in navigating the processes of obtaining and retaining disability benefits, health care, and employment;

(IV) A plan for establishment of working relationships with state agencies, county departments of human or social services, health-care providers, the United States social security administration, and the business community;

(V) A policy of preferential hiring of persons with disabilities;

(VI) Reasonable standards for accounting control of expenditures; and

(VII) Metrics to evaluate the program's quality and cost-effectiveness.

(VIII) Repealed.

(c) The committee shall not discriminate against a contracting entity for advocacy concerning persons with disabilities.

(d) To the greatest extent possible, the committee shall ensure through one or more contracts pursuant to this section that persons with disabilities are served statewide.

(3) The entity awarded a contract under this section shall make quarterly reports of expenditures to the committee. The committee shall include in the contract a method and format for making the reports.

24-30-2204.5. Program to investigate, fund, and pilot projects or programs to benefit persons with disabilities. (1) The committee shall accept and review proposals to fund projects or programs, or both, that study or pilot new and innovative ideas that will lead to an improved quality of life or increased independence for persons with disabilities. Proposals may be accepted throughout the year, and grants or loans may be made by the committee at its regular meetings. The fund created in section 24-30-2205.5 shall be the sole source to fund any grants or loans made pursuant to this section.

(2) To be eligible for funding pursuant to this section, a project or program must:

(a) Demonstrate a capability to be self-sustaining or otherwise be able to develop long-term independent funding;

(b) Have a governing body, board, or ownership that is composed of persons with a demonstrated commitment to improving the lives of persons with disabilities, the majority of whom are persons with disabilities, persons with immediate family members who are persons with disabilities, or persons who are caregivers to a family member who is a person with disabilities; and

(c) In the case of a sole proprietorship, have an owner who is a person with a demonstrated commitment to improving the lives of persons with disabilities, who is a person with a disability, a person with an immediate family member who is a person with a disability, or a person who is a care giver to a family member who is a person with a disability.

24-30-2205.5. Disability support fund. (1) There is hereby created in the state treasury the disability support fund, which shall consist of money transferred to the fund in accordance with section 25.5-5-308 (8), C.R.S., from the sale of registration numbers under this part 22, any money that may be appropriated to the fund by the general assembly, and any gifts, grants, or donations received by the department of personnel for the purpose of implementing this part 22.

(2) The money in the fund is subject to annual appropriation by the general assembly for the direct and indirect costs associated with the implementation of this part 22. Any money in the fund not expended for the purpose of this section may be invested by the state treasurer as

provided by law. All interest and income derived from the investment and deposit of money in the fund must be credited to the fund. Any unexpended and unencumbered money remaining in the fund at the end of a fiscal year must remain in the fund for use as provided in this part 22 and not be credited or transferred to the general fund or another fund. If this section is repealed, prior to its repeal, all unexpended and unencumbered money remaining in the fund must be transferred to the general fund.

(3) Any money used to implement additional license plate options shall not be transferred to the department of revenue. The committee or contract entity shall transfer the money directly to the division of correctional industries.

(4) The committee shall evaluate the cost of implementing section 24-30-2204 at least once annually and, if it is financially feasible to implement that section, shall implement section 24-30-2204 before implementing section 24-30-2204.5.

24-30-2206. License to buy and sell selected registration numbers for license plates.

(1) The state or a person may sell, and the state or a person may purchase, the exclusive right to use a registration number selected by the committee under section 24-30-2208 for the purpose of registering a vehicle under article 3 of title 42, C.R.S.

(2) The right to use a registration number is a license, the use of which is subject to compliance with this part 22. The duration of the license is determined by the committee.

Editor's note: This section was similar to former § 42-1-403 as it existed prior to 2016.

24-30-2208. Sale of registration numbers. (1) The committee shall raise money by selling to a buyer the right to use valuable letter and number combinations for a registration number. The committee shall auction registration numbers that are likely to be worth substantially more than the average value of a registration number.

(2) (a) The committee shall study the market and determine which registration numbers are the most valuable, including both the types of plates currently issued and any type of plate that has been historically issued. Based on the study, the committee shall select the most valuable registration numbers and request the department of revenue to verify whether plates

with the registration numbers are currently issued. The committee and the department of revenue shall enter into an agreement establishing a process for requesting registration numbers that specifies the frequency of these requests.

(b) Upon receiving the committee's request, the department of revenue shall verify whether the plates are currently issued. For purposes of this subsection (2)(b) and subsection (2)(c) of this section, a plate that expires due to the operation of section 42-3-115 (5)(a) is considered currently issued until the right of the owner of the motor vehicle to which the expired plate was affixed to apply to use the registration number of the expired plate when registering another motor vehicle expires. If the plate is not currently issued, the department shall reserve the registration number until the committee notifies the department to release the registration number.

(c) If a registration number is not currently issued, the committee may sell the right to use the registration number in a manner calculated to bring the highest price; except that the department of revenue may deny the sale or use of a registration number that is offensive or inappropriate.

24-30-2209. Creation of a private market for registration numbers - fee. (1) The committee shall raise money by creating a market, which may include an online site, for registration numbers using methods that are commercially reasonable, account for expenditures, and ensure the collection of the state's approval and transfer royalty.

(2) The royalty for the state's approval and transfer of the right to use a registration number is twenty-five percent of the sale price of the transfer. At the time of sale, the purchaser shall pay the royalty to the committee. This payment is in addition to and not in lieu of the normal registration fees, sales or use taxes, or specific ownership tax.

(3) A person shall not sell a registration number and the department of revenue shall not assign a registration number as a result of the right to use the number being sold to a vehicle unless the registration number was sold using the market created by the committee.

Editor's note: This section is similar to former § 42-1-405 as it existed prior to 2016.

24-30-2210. Administration. (1) The committee shall notify the department of revenue when the right to use a registration number has been sold and the committee has collected the

state's sale proceeds or approval and transfer royalty. Upon receiving the notice, the department of revenue shall create a record in Colorado DRIVES, created in section 42-1-211, containing the name of the buyer, the vehicle identification number, if applicable, and the corresponding registration number.

(2) If the registration number consists of a combination of letters and numbers that is not within the normal format of license plate currently produced for the department of revenue, the department of revenue shall issue the plates as personalized plates under section 42-3-211, C.R.S.; except that, notwithstanding section 42-3-211, C.R.S., the committee may sell, and the buyer or any subsequent buyer may use:

- (a) A registration number or letter of one position; or
- (b) Any symbol on the standard American keyboard or approved by the committee.

(3) The committee shall transfer the money collected under this part 22 to the state treasurer, who shall credit the money to the fund created in section 24-30-2205.5.

(4) The committee may contract with one or more public or private entities to implement this part 22.

(5) Any money received by the committee from the sale of registration numbers shall be deposited in the fund.

24-30-2211. Implementation. (1) Except as provided for in subsection (2) of this section, the general assembly does not intend to require the department of personnel to expend money to implement this part 22. Notwithstanding any other section of this part 22, the department of personnel and the committee need not implement this part 22 until the fund contains enough money to implement this part 22.

(2) The department of personnel shall begin implementation of section 24-30-2204.5 at such time as the fund contains sufficient funds for implementation, as determined by the committee.

(3) The committee shall contract with an entity to sell registration numbers and additional options by delegating the committee's authority concerning these sales in accordance with sections 24-30-2206 to 24-30-2210. The committee shall retain oversight of the contract entity.

24-31-104.5. Funding for insurance fraud investigations and prosecutions - creation of fund. (1) (a) For the purpose of providing adequate funds to the Colorado department of law for the investigation and prosecution of allegations of insurance fraud, in addition to any other

fee collected pursuant to section 10-3-207 (1), C.R.S., each entity regulated by the division of insurance shall pay to the division a nonrefundable annual fee. Based upon the appropriations made to the department of law from the insurance fraud cash fund and the recommendation of the attorney general, the commissioner of insurance shall set the fee so that the revenue generated from the fee approximates the direct and indirect costs of the investigation and prosecution of allegations of insurance fraud. The fee shall not exceed three thousand dollars and is payable on or before March 1 of each year.

(b) The commissioner of insurance shall establish a tiered fee schedule that sets the annual fee required by paragraph (a) of this subsection (1) based upon the prior year's direct written premiums, gross contract funds, or charges received in Colorado by each regulated entity. The regulated entities with direct written premiums, gross contract funds, or charges received in Colorado in excess of one million dollars shall pay one fee, and the regulated entities with one million dollars or less shall pay a lesser fee.

(2) The division of insurance shall transmit fees collected pursuant to subsection (1) of this section to the state treasurer for deposit in the insurance fraud cash fund, which fund is hereby created in the state treasury. The fund consists of fees collected pursuant to this section and any other moneys deposited into the fund. Interest derived from the deposit and investment of moneys in the fund shall be credited to the fund. The moneys in the fund are subject to annual appropriation by the general assembly to the department of law for use in investigating and prosecuting allegations of insurance fraud. Any unexpended and unencumbered moneys remaining in the fund at the end of any fiscal year remain in the fund and do not revert to the general fund.

(3) Notwithstanding section 24-1-136 (11)(a)(I), the attorney general shall provide annual reports to the joint budget committee, the senate business, labor, and technology committee, and the house economic and business development committee, or any successor committees, and shall post on the attorney general's website a statistical report of the number of full-time employees dedicated to insurance fraud, referrals, open investigations, convictions, arrests, and actions initiated, and the number of restitutions, fines, costs, and forfeitures obtained, from the investigation and prosecution of insurance fraud as provided in this section. In the report, the attorney general shall make his or her best effort to delineate between the types of cases prosecuted by line of insurance.

24-31-106. Rights of crime victims - victims' services coordinator. (1) To ensure that the constitutional and statutory rights of victims are preserved in criminal cases being prosecuted

or defended by the department, the attorney general may appoint, in accordance with section 13 of article XII of the state constitution, a victims' services coordinator.

(2) The victims' services coordinator shall perform such services as designated by the attorney general to ensure that victims of crime are afforded the rights described in section 24-4.1-302.5 with regard to criminal cases being prosecuted or defended by the department.

(3) The attorney general may further direct the victims' services coordinator to provide appropriate services to the victims of crime, as defined by section 18-1-104 (1), whose cases are being handled on appeal by the department.

(4) The position of victims' services coordinator is subject to the state personnel system and shall be properly classified under the state personnel director's classification system.

24-31-107. Applications for licenses - authority to suspend licenses - rules. (1) Every application by an individual for a license issued by the department of law or any authorized agent of such department shall require the applicant's name, address, and social security number.

(2) The department of law or any authorized agent of the department shall deny, suspend, or revoke any license pursuant to the provisions of section 26-13-126, C.R.S., and any rules promulgated in furtherance thereof, if the department or agent thereof receives a notice to deny, suspend, or revoke from the state child support enforcement agency because the licensee or applicant is out of compliance with a court or administrative order for current child support, child support debt, retroactive child support, child support arrearages, or child support when combined with maintenance or because the licensee or applicant has failed to comply with a properly issued subpoena or warrant relating to a paternity or child support proceeding. Any such denial, suspension, or revocation shall be in accordance with the procedures specified by rule of the department of law, rules promulgated by the state board of human services, and any memorandum of understanding entered into between the department of law or an authorized agent thereof and the state child support enforcement agency for the implementation of this section and section 26-13-126, C.R.S.

(3) (a) The department of law shall enter into a memorandum of understanding with the state child support enforcement agency, which memorandum shall identify the relative responsibilities of the department of law and the state child support enforcement agency in the department of human services with respect to the implementation of this section and section 26-13-126, C.R.S.

(b) The appropriate rule-making body of the department of law is authorized to promulgate rules to implement the provisions of this section.

(4) For purposes of this section, "license" means any recognition, authority, or permission that the department of law or any authorized agent of such department is authorized by law to issue for an individual to practice a profession or occupation or for an individual to participate in any recreational activity. "License" may include, but is not necessarily limited to, any license, certificate, certification, letter of authorization, or registration issued for an individual to practice a profession or occupation or for an individual to participate in any recreational activity.

Editor's note: Section 51(2) of chapter 236, Session Laws of Colorado 1997, provides that the act enacting this section applies to all orders whether entered on, before, or after July 1, 1997.

24-31-108. Receipt of money - subject to appropriation - exception for custodial money - legal services cash fund - creation - definition. (1) Any money received by the attorney general belonging to the state or received by the attorney general in his or her official capacity must be paid as soon as practicable to the department of the treasury and, generally, the attorney general has such legal duties in regard to the activities of the state and its various departments, boards, commissions, bureaus, and agencies as are imposed by law.

(2) (a) Except as otherwise provided in this section, any money received by the attorney general and paid to the department of the treasury pursuant to subsection (1) of this section is subject to annual appropriation by the general assembly.

(b) The department may solicit, accept, and expend gifts, grants, and donations from public and private sources for the purpose of this article 31; except that the department may not accept a gift, grant, or donation that is subject to conditions inconsistent with this article 31 or any other law of the state. The department shall transmit all money it collects pursuant to this subsection (2)(b) to the state treasurer to be credited to the particular fund the department deems most appropriate. Gifts, grants, or donations that are credited to a fund under this subsection (2)(b) and that qualify as state money are continuously appropriated to the department for the purposes of this article 31.

(3) Any money received by the attorney general as an award of attorney fees or costs that is not custodial money must be placed in a separate attorney fees and costs account and is subject to annual appropriation by the general assembly for legal services provided by the department.

(4) There is hereby created in the state treasury the legal services cash fund, also referred to in this subsection (4) as the "fund". The department shall transmit all money received from state agencies as payment for legal services to the state treasurer, who shall credit the same to the fund. The money in the fund and all interest earned on such money is subject to annual appropriation by the general assembly to the department for the direct and indirect costs associated with providing legal services to state governmental entities and for any of the department's litigation expenses. Any unexpended money in the fund at the end of the fiscal year remains in the fund and shall not be credited or transferred to any other fund.

(5) If all or a portion of any money received by the attorney general and paid to the department of the treasury pursuant to subsection (2) of this section is custodial money, the attorney general shall direct the state treasurer in writing to place such custodial money in a separate account. Any custodial money placed in a separate account pursuant to this subsection (5) is not subject to annual appropriation by the general assembly. A copy of the written direction to the state treasurer must be delivered to the joint budget committee. Such written direction must set forth the basis for the attorney general's determination that the money is custodial money and must specify the manner in which the money will be expended. Such written direction must be given to the state treasurer within thirty days after the date the money is paid to the department of the treasury. Any custodial money placed in a separate account

pursuant to this subsection (5) must be expended only for the purposes for which the money has been provided. The department shall provide with its annual budget request an accounting of how custodial money has been or will be expended. For informational purposes, the expenditure of such money may be indicated in the annual general appropriation act.

(6) (a) As used in this section, unless the context otherwise requires, "custodial money" means money received by the attorney general:

- (I) That originated from a source other than the state of Colorado;
- (II) That is awarded or otherwise provided to the state for a particular purpose;
- (III) For which the state is acting as a custodian or trustee to carry out the particular purpose for which the money has been provided.

(b) Notwithstanding subsection (6)(a) of this section, "custodial money" does not include the following:

- (I) Money in the tobacco litigation settlement cash fund created in section 24-22-115; or
- (II) Tobacco litigation settlement money subject to appropriation or expenditure pursuant to section 24-22-115.6.

24-31-111. Legal services to state agencies - definitions. (1) The attorney general shall provide legal services for each state agency as provided in section 24-31-101. The attorney general shall assign one or more deputy attorneys general or assistant attorneys general to perform legal services for each state agency requiring such services.

(2) No state agency shall appoint, solicit, or employ any person to perform legal services except in accordance with this part 1.

(3) Legal services provided to state agencies are subject to supervision of the attorney general and must be rendered in accordance with the legal policies of the state as determined by the attorney general.

(4) No assistant solicitor general, deputy attorney general, or assistant attorney general may appear in any court of this state or of the United States on behalf of a state agency unless specifically authorized to so appear by the attorney general.

(5) Whenever the attorney general is unable, has failed, or refuses to provide legal services to a state agency, as determined by the governor if the agency is in the executive branch, or by the chief justice if the agency is in the judicial branch, or by the state auditor if the agency is the office of the state auditor, the agency may employ counsel of its choosing to provide such legal services. Any expense incurred due to the employment of counsel pursuant to this subsection (5) is a lawful charge against appropriations for this purpose made by the general assembly to the department of law.

(6) As used in this section:

(a) "Legal services" means providing legal counsel by an attorney-at-law for a state agency, including representation in court, providing legal advice, and issuance of formal and informal legal opinions.

(b) "State agency" means any department, division, section, unit, office, officer, commission, board, institution, institution of higher education, or other agency of the executive department and judicial department of state government. "State agency" does not mean the legislative department except for the state auditor in accordance with section 2-3-104.5.

24-31-113. Public integrity - patterns and practices. It is unlawful for any governmental authority, or any agent thereof, or any person acting on behalf of a governmental authority, to engage in a pattern or practice of conduct by peace officers or by officials or employees of any governmental agency that deprives persons of rights, privileges, or immunities secured or protected by the constitution or laws of the United States or the state of Colorado. Whenever the attorney general has reasonable cause to believe that a violation of this section has occurred, the attorney general, for or in the name of the state of Colorado, may in a civil action obtain any and all appropriate relief to eliminate the pattern or practice. Before filing suit, the attorney general shall notify the government authority or any agent thereof, and provide it with the factual basis that supports his or her reasonable cause to believe a violation occurred. Upon receipt of the factual basis, the government authority, or any agent thereof, has sixty days to change or eliminate the identified pattern or practice. If the identified pattern or practice is not changed and permanently eliminated after sixty days, the attorney general may file a civil lawsuit. The attorney general may issue subpoenas for any purpose in conducting an investigation under this section.

24-31-114. No-knock and forced entry study group - repeal. (Repealed)

Source: L. 2021: Entire section added, (HB 21-1250), ch. 458, p. 3070, § 21, effective July 6.

Editor's note: Subsection (6) provided for the repeal of this section, effective June 30, 2022. (See L. 2021, p. 3070.)

24-31-115. Housing unit - powers of attorney general or district attorney - subpoenas - document production - remedies - injunctive relief - penalties. (1) When there is reason to believe that there is a potential violation of law that risks harm to a consumer, public health, or public safety, that is based on a substantiated complaint, the attorney general may investigate any person or organization subject to this article 31. A complaint is not necessary if the information is provided by an agency of the federal, state, or a local government that regulates or provides protections for consumers, tenants, and mobile home residents. The attorney general may direct or subpoena any person whose testimony may be required about potential violations of law and may direct or subpoena the person to produce records the attorney general considers relevant to the inquiry. Nothing in this section limits the scope of the attorney general's authority to review and investigate potential violations of law or harm discovered in the course of an investigation.

(2) Nothing in this section impacts or affects banking examinations and regulations promulgated by primary federal and state banking authorities, notwithstanding the authority that may be exercised by the attorney general under section 11-51-603.5.

(3) **Venue for actions.** Until the Colorado supreme court adopts a venue provision relating to this article 31, actions instituted pursuant to this article 31 may be brought in any county in which:

(a) An alleged violation occurred or in which any portion of a transaction involving an alleged violation occurred;

(b) The principal place of business of any defendant is located; or

(c) Any defendant resides.

(4) **Powers.** (a) When the attorney general has reasonable cause to believe that any person, whether in this state or elsewhere, has engaged in or is engaging in a violation of any of the provisions listed in section 24-31-101 (1)(i)(IX) to (1)(i)(XIV), the attorney general may:

(I) Request the person to file a statement or a report in writing, under oath or otherwise, on forms prescribed by the attorney general, with respect to all facts and circumstances concerning the advertisement of property by the person and any other data and information the attorney general deems necessary;

(II) Examine under oath any person in connection with the sale or advertisement of any property;

(III) Examine any property or sample thereof, record, book, document, account, or paper the attorney general deems necessary; and

(IV) Make true copies, at the expense of the attorney general, of any record, book, document, account, or paper examined pursuant to subsection (4)(c) of this section, which copies may be offered into evidence in lieu of producing the originals in any actions brought by the attorney general.

(b) For purposes of this section, "reasonable cause" is based upon a complaint concerning a potential violation of the law when the attorney general believes the alleged violation may affect more than one person or be part of a series of related violations affecting multiple persons.

(c) Any request for personally identifiable information made pursuant to this subsection (4) is subject to the requirements of subsection (5) of this section.

(5) **Subpoenas - production of documents.** (a) When the attorney general has reasonable cause to believe that a person, whether in this state or elsewhere, has engaged in or is engaging in a violation of any of the provisions listed in section 24-31-101 (1)(i)(IX) to (1)(i)(XIV), the attorney general, in addition to any other powers conferred upon the attorney general by this article 31, may issue subpoenas to require the attendance of witnesses or the production of documents, administer oaths, conduct hearings in aid of any investigation or inquiry, and prescribe such forms and promulgate such rules as may be necessary to administer the provisions of this article 31.

(b) Service of any notice or subpoena must be made in the manner prescribed by law or as provided in rule 4 of the Colorado rules of civil procedure.

(c) If the records of a person who has been issued a subpoena are located outside this state, the person shall either:

(I) Make them available to the attorney general at a convenient location within this state; or

(II) Pay the reasonable and necessary expenses for the attorney general or district attorney, or the attorney general's or district attorney's designee, to examine the records at the location at which the documents are maintained.

(d) The attorney general or district attorney may designate representatives, including comparable officials of the state in which the records are located, to inspect the records on behalf of the attorney general or district attorney.

(6) **Inadmissible testimony.** (a) Any testimony obtained by the attorney general pursuant to compulsory process under this article 31 or any information derived directly or indirectly from such testimony shall not be admissible in evidence in any criminal prosecution against the person so compelled to testify. This subsection (6) shall not be construed to prevent any law enforcement officer from independently producing or obtaining the same or similar facts, information, or evidence for use in any criminal prosecution.

(b) Subject to subsection (8) of this section, the records of investigations or intelligence information of the attorney general obtained under this article 31 may constitute public records available for inspection by the public at the sole discretion of the attorney general. This subsection (6)(b) shall not be construed to prevent the attorney general from issuing public statements describing or warning of any course of conduct or any conspiracy that constitutes a violation of any of the provisions listed in section 24-31-101 (1)(i)(IX) to (1)(i)(XIV), whether on a local, statewide, regional, or nationwide basis.

(7) **Remedies.** If any person fails to cooperate with any investigation pursuant to this article 31 or fails to obey any subpoena pursuant to this article 31, the attorney general may apply to the applicable district court for an appropriate order to effect the purposes of this article. The application must state that there are reasonable grounds to believe that the order applied for is necessary to investigate a violation of this article 31. If the court is satisfied that reasonable grounds exist, the court in its order may:

- (a) Grant injunctive relief restraining the advertisement of any property by such person;
- (b) Require the attendance of or the production of documents by such person, or both; or
- (c) Grant such other or further relief as may be necessary to obtain compliance by such person.

(8) **Injunctive authority - assurances of discontinuance.** (a) Whenever the attorney general has cause to believe that a person has engaged in or is engaging in a violation of any of the provisions listed in section 24-31-101 (1)(i)(IX) to (1)(i)(XIV), the attorney general may apply for and obtain, in an action in the appropriate district court of this state, a temporary restraining order or injunction, or both, pursuant to the Colorado rules of civil procedure, prohibiting the person from continuing or engaging in such practices, or doing any act in furtherance of such practices. The court may make such orders or judgments as is necessary to:

- (I) Prevent the use or employment by such person of any such practices;
- (II) Completely compensate or restore the original position of any person injured by means of any such practice; or
- (III) Prevent any unjust enrichment by any person through the use or employment of any practice that is in violation of any of the provisions listed in section 24-31-101 (1)(i)(IX) to (1)(i)(XIV).

(b) Where the attorney general has authority to institute a civil action or other proceeding pursuant to the provisions of this article, the attorney general may accept, in lieu thereof or as a part thereof, an assurance of discontinuance of any practice that constitutes a

violation of any of the provisions that are listed in section 24-31-101 (1)(i)(IX) to (1)(i)(XIV). Any such assurance of discontinuance may include a stipulation for the voluntary payment by the alleged violator of the costs of investigation and the costs of any action or proceeding by the attorney general or a district attorney and any amount necessary to restore to any person any money or property that may have been acquired by the alleged violator by means of a violation of any of the provisions that are listed in section 24-31-101 (1)(i)(IX) to (1)(i)(XIV). Any such assurance or discontinuance accepted by the attorney general and any such stipulation filed with the court as a part of any such action or proceeding is a matter of public record unless the attorney general determines, in the attorney general's sole discretion, that the assurance of discontinuance and any stipulation are confidential to the parties to the action or proceeding and to the court and its employees. Upon the filing of a civil action by the attorney general alleging that a confidential assurance of discontinuance or stipulation accepted pursuant to this subsection (8)(b) has been violated, the assurance of discontinuance or stipulation is deemed a public record and open to inspection by any person. Proof by a preponderance of the evidence of a violation of any such assurance or stipulation constitutes prima facie evidence of a deceptive trade practice for the purposes of any civil action or proceeding brought thereafter by the attorney general, whether a new action or a subsequent motion or petition in any pending action or proceeding.

(9) **Penalties.** In order to enforce the provisions of this article 31, in addition to any penalties stated in this article 31, the attorney general may seek any of the penalties or other enforcement mechanisms specified in the "Immigrant Tenant Protection Act", part 12 of article 12 of title 38; the "Mobile Home Park Act", part 2 of article 12 of title 38; the "Mobile Home Park Act Dispute Resolution and Enforcement Program", part 11 of article 12 of title 38; part 1 of article 12 of title 38; part 7 of article 12 of title 38; and section 38-12-904 (1)(b), along with costs to enforce these provisions.

(10) **Limitations.** All actions brought under this article 31 must be commenced within three years after the date on which a violation occurred or the date on which the last in a series of such acts or practices occurred or within three years after the consumer discovered or in the exercise of reasonable diligence should have discovered the violation. The period of limitation provided in this section may be extended for a period of one year if the attorney general proves that failure to timely commence the action was caused by the defendant engaging in conduct calculated to induce the attorney general to refrain from or postpone the commencement of the action.

PART 3

PEACE OFFICERS STANDARDS AND TRAINING

Cross references: For the legislative declaration contained in the 1992 act enacting this part 3, see section 12 of chapter 167, Session Laws of Colorado 1992.

24-31-301. Definitions. As used in this part 3, unless the context otherwise requires:

(1) "Applicant" means any person seeking certification to serve as a peace officer or a reserve peace officer.

(1.5) "Basic training" means the basic law enforcement training received by a peace officer at any approved law enforcement training academy.

(2) "Certification" means the issuance to an applicant of a signed instrument evidencing that such applicant has met the requirements imposed by this part 3 and the P.O.S.T. board. Certification includes "basic certification" and "provisional certification" that shall be issued to peace officers, "reserve certification" that shall be issued to reserve peace officers, and such additional certifications as the board may approve for peace officers.

(3) (Deleted by amendment, L. 94, p. 1725, § 3, effective May 31, 1994.)

(3.5) Repealed.

(4) "Local government representative" means a member of a board of county commissioners, member of a city or town council or board of trustees, or mayor of a city or town or city and county.

(5) "Peace officer" means any person described in section 16-2.5-101, C.R.S., and who has not been convicted of a felony or convicted on or after July 1, 2001, of any misdemeanor as described in section 24-31-305 (1.5), or released or discharged from the armed forces of the United States under dishonorable conditions.

(5.5) "Reserve peace officer" means any person described in section 16-2.5-110, C.R.S., and who has not been convicted of a felony or convicted on or after July 1, 2001, of any

misdeemeanor as described in section 24-31-305 (1.5), or released or discharged from the armed forces of the United States under dishonorable conditions.

(6) "Training academy" means any school approved by the P.O.S.T. board where peace officers and reserve peace officers receive instruction and training.

(7) "Training program" means a course of instruction approved by the P.O.S.T. board for peace officer or reserve peace officer certification and other peace officer training programs.

24-31-302. Creation of board. (1) There is hereby created, within the department of law, the peace officers standards and training board, referred to in this part 3 as the "P.O.S.T. board".

(2) The P.O.S.T. board is a **type 2** entity, as defined in section 24-1-105, and exercises its powers and performs its duties and functions under the department of law.

(3) (a) The P.O.S.T. board consists of twenty-four members. The chair of the P.O.S.T. board is the attorney general, and the board shall annually elect from its members a vice-chair. The other members shall be:

(I) The special agent in charge of the Denver division of the federal bureau of investigation;

(II) The executive director of the department of public safety or the executive director's designee;

(III) The following members appointed by the governor for terms of three years:

(A) One local government representative;

(B) Six active chiefs of police from municipalities of this state or state institutions of higher education;

(C) Six active sheriffs from counties of this state;

(D) Three active peace officers with a rank of sergeant or below; and

(E) Five non-law enforcement members. The non-law enforcement members shall complete a citizens' law enforcement academy prior to appointment or within one year after appointment.

(b) If any chief of police, sheriff, peace officer, non-law enforcement member, or local government representative vacates such office during the term for which the member was appointed to the P.O.S.T. board, a vacancy on the board exists. Any vacancy shall be filled by appointment by the governor for the unexpired term.

(c) In order to create a diversified board, the governor shall consider an applicant's age, gender, race, professional experience, and geographic location when making appointments to the board.

(d) In order to create diversified subject matter expertise committees, the chair of the P.O.S.T. board shall consider an applicant's age, gender, race, professional experience, and geographic location when making appointments to the committees.

(4) The members of the P.O.S.T. board shall receive no compensation for their services but may be reimbursed for actual and necessary expenses incurred in the performance of their official duties.

24-31-303. Duties - powers of the P.O.S.T. board - definition. (1) The P.O.S.T. board has the following duties:

(a) To approve and to revoke the approval of training programs and training academies, and to establish reasonable standards pertaining to such approval and revocation;

(b) To conduct periodic evaluations of training programs and inspections of training academies;

(c) To establish procedures for determining whether or not an applicant has met the standards which have been set;

(d) To certify qualified applicants and withhold, suspend, or revoke certification;

(e) To certify inspectors of vehicle identification numbers, promulgate rules deemed necessary by the board for certification of inspectors of vehicle identification numbers, and approve related training courses;

(f) To require a background investigation of each applicant by means of fingerprint checks through the Colorado bureau of investigation and the federal bureau of investigation or such other means as the P.O.S.T. board deems necessary for such investigation;

(g) To promulgate rules and regulations deemed necessary by such board for the certification of applicants to serve as peace officers or reserve peace officers in the state pursuant to the provisions of article 4 of this title;

(h) To establish standards for training in bail recovery practices;

(i) To promulgate rules and regulations that establish the criteria that shall be applied in determining whether to recommend peace officer status for a group or specific position as provided in section 16-2.5-201 (4), C.R.S.;

(j) To establish standards for training of school resource officers, as described in section 24-31-312;

(k) To establish training standards to prepare law enforcement officers to recognize and address incidents of abuse and exploitation of at-risk elders, as described in sections 18-6.5-102 (1) and (10), C.R.S.;

(l) To promulgate rules deemed necessary by the board concerning annual in-service training requirements for certified peace officers, including but not limited to evaluation of the

training program and processes to ensure substantial compliance by law enforcement agencies, departments, and individual peace officers;

(m) In addition to all other powers conferred and imposed upon the board in this article, the board has the power and duty to adopt and promulgate, under the provisions of section 24-4-103, rules as the board may deem necessary or proper to carry out the provisions and purposes of this article, which rules must be fair, impartial, and nondiscriminatory;

(n) To complete a review and evaluation of the basic academy curriculum, including using community outreach as a review and evaluation component, by July 1, 2016, and every five years thereafter;

(o) (I) To establish, add, and remove, as necessary, subject matter expertise committees to:

(A) Develop skills training programs, academic curriculums, and P.O.S.T. board rules;

(B) Review documents for and approve or deny academy programs, lesson plans, training sites, and skills instructors; and

(C) Assist P.O.S.T. board staff with academy inspections and skills test-outs;

(II) (A) In order to create diversified subject matter expertise committees, the chair of the P.O.S.T. board shall consider an applicant's age, gender, race, professional experience, and geographic location when making appointments to the committees.

(B) If available, each subject matter committee shall include at least two non-law enforcement members who have law enforcement expertise or expertise in providing effective training through professional experience or subject matter training.

(p) To develop a community outreach program that informs the public of the role and duties of the P.O.S.T. board;

(q) To develop a recruitment program that creates a diversified applicant pool for appointments to the P.O.S.T. board and the subject matter expertise committees; and

(r) (I) Subject to available appropriations, beginning on January 1, 2022, to create and maintain a database, in a searchable format to be published on its website, containing information related to a peace officer's:

(A) Untruthfulness;

(B) Three or more failures to follow P.O.S.T. board training requirements within ten consecutive years;

(C) Revocation of the certification by the P.O.S.T. board, including the basis for the revocation;

(D) Termination for cause by the peace officer's employer unless the termination is overturned or reversed by an appellate process. A notation must be placed next to the officer's name during the pendency of any appellate process.

(E) Resignation or retirement while under investigation by the peace officer's employing law enforcement agency, a district attorney, or the attorney general that could result in being entered into the database in this subsection (1)(r);

(F) Resignation or retirement following an incident that leads to the opening of an investigation within six months following the peace officer's resignation or retirement that could result in being entered into the database in this subsection (1)(r);

(G) Being the subject of a criminal investigation for a crime that could result in revocation or suspension of certification pursuant to section 24-31-305 or 24-31-904 or the filing of criminal charges for such a crime. The investigating law enforcement agency shall notify the

P.O.S.T. board of the investigation or filing of criminal charges as soon as practicable, in a manner prescribed in P.O.S.T. board rule, so long as such notification is unlikely to disrupt or impede an investigation.

(H) Actions as described by the applicable statutory provision identifying the basis for the credibility disclosure notification as set forth in section 16-2.5-502 (2)(c)(I).

(II) Law enforcement agencies shall report to the P.O.S.T. board the information required in this subsection (1)(r) in a format determined by the P.O.S.T. board. Failure to submit such information is subject to a fine set in rule by the P.O.S.T. board.

(III) For purposes of this subsection (1)(r), "untruthfulness" means a peace officer knowingly made an untruthful statement concerning a material fact or knowingly omitted a material fact on an official criminal justice record, while testifying under oath, or during an internal affairs investigation or administrative investigation and disciplinary process.

(IV) Termination for cause.

(s) To collaborate with the commission on improving first responder interactions with persons with disabilities, in the manner described in part 10 of this article 31.

(t) By January 1, 2022, to adopt procedures to allow a peace officer to seek review of the peace officer's status in the database created pursuant to subsection (1)(r) of this section based on the peace officer's presentation of new evidence to show the peace officer's record may be removed from the database.

(u) To develop a live virtual training program for peace officers on the implementation of section 19-2.5-203 (8) to ensure uniform enforcement of the law. The state shall provide this training on at least ten different dates prior to February 28, 2024. The state shall cover any reasonable direct costs to local law enforcement agencies associated with the training. Notwithstanding section 24-31-310 (3), the general assembly may appropriate money from the general fund to carry out the purposes of this subsection (1)(u). The training must include, at a minimum, education for peace officers on:

(I) Understanding juvenile development and culture and their impact on interviews of juveniles and custodial interrogations of juveniles;

(II) Interpreting juvenile behavior during an interview or custodial interrogation;

(III) Techniques for building and establishing rapport with juveniles;

(IV) Alternative communication methods for juveniles with intellectual and developmental disabilities, as required by the federal "Americans with Disabilities Act of 1990", 42 U.S.C. sec. 12101 et seq., as amended;

(V) Constructing age-appropriate statements and questions for interviews of juveniles and custodial interrogations of juveniles; and

(VI) Cautions and considerations for interviewing and interrogating juveniles in custody, including how to reduce the likelihood of false or coerced confessions.

(2) (a) The P.O.S.T. board may charge the following fees, the proceeds of which may be used to support the certification of applicants pursuant to this part 3:

(I) For the manuals or other materials that the board may publish in connection with its functions, an amount not to exceed twenty dollars per publication; and

(II) For the administration of certification and skills examinations, an amount not to exceed one hundred fifty dollars per examination per applicant.

(b) There is hereby created in the state treasury a P.O.S.T. board cash fund. The fees collected pursuant to paragraph (a) of this subsection (2) and pursuant to section 42-3-304 (24),

C.R.S., shall be transmitted to the state treasurer who shall credit such revenue to the P.O.S.T. board cash fund. It is the intent of the general assembly that the fees collected shall cover all direct and indirect costs incurred pursuant to this section. In accordance with section 24-36-114, all interest derived from the deposit and investment of moneys in the P.O.S.T. board cash fund shall be credited to the general fund. All moneys in the P.O.S.T. board cash fund shall be subject to annual appropriation by the general assembly and shall be used for the purposes set forth in this subsection (2) and in section 24-31-310. At the end of any fiscal year, all unexpended and unencumbered moneys in the P.O.S.T. board cash fund shall remain in the fund and shall not revert to the general fund or any other fund.

(3) The P.O.S.T. board may make grants to local governments, any college or university, or any nonprofit for the purpose of funding the training programs required by this section.

(4) (Deleted by amendment, L. 98, p. 749, §2, effective May 22, 1998.)

(5) It is unlawful for any person to serve as a peace officer, as described in section 16-2.5-102, C.R.S., or a reserve peace officer as defined in section 16-2.5-110, C.R.S., in this state unless such person:

(a) Is certified pursuant to this part 3; and

(b) Has undergone both a physical and a psychological evaluation to determine such person's fitness to serve as a peace officer or a reserve peace officer. Such evaluations shall have been performed within one year prior to the date of appointment by a physician and either a psychologist or psychiatrist licensed by the state of Colorado.

(6) Repealed.

24-31-304. Applicant for training - fingerprint-based criminal history record check.

(1) For purposes of this section, "training academy" means a basic or reserve peace officer training program approved by the P.O.S.T. board that is offered by a training academy, community college, college, or university.

(2) A training academy shall not enroll as a student a person who has been convicted of an offense that would result in the denial of certification pursuant to section 24-31-305 (1.5).

(3) (a) A person seeking to enroll in a training academy shall submit a set of fingerprints to the training academy prior to enrolling in the academy. The training academy shall forward the fingerprints to the Colorado bureau of investigation for the purpose of obtaining a fingerprint-based criminal history record check. Upon receipt of fingerprints and payment for the costs, the Colorado bureau of investigation shall conduct a state and national fingerprint-based criminal history record check utilizing records of the Colorado bureau of investigation and the federal bureau of investigation. The P.O.S.T. board is the authorized agency to receive information regarding the result of a national criminal history record check. The P.O.S.T. board shall notify the training academy if the fingerprint-based criminal history record check indicates that the person is prohibited from enrolling in the training academy pursuant to subsection (2) of this section. The person seeking to enroll in the training academy shall bear only the actual costs of the state and national fingerprint-based criminal history record check.

(b) When the results of a fingerprint-based criminal history record check of a person seeking to enroll in a training academy performed pursuant to this section reveal a record of arrest without a disposition, the P.O.S.T. board shall require that person to submit to a name-based judicial record check, as defined in section 22-2-119.3 (6)(d).

(4) (a) Notwithstanding the provisions of subsection (2) of this section and section 24-31-305 (1.5) to the contrary, if the person anticipates that he or she will be prohibited from enrolling in the training academy on the grounds that the person has been convicted on or after July 1, 2001, of one or more of the misdemeanors described in section 24-31-305 (1.5), the person may, at the time of applying for admission to the training academy, notify the P.O.S.T. board of the conviction or convictions and request the P.O.S.T. board to grant the person permission to enroll in the training academy.

(b) The P.O.S.T. board shall promulgate rules deemed necessary by the board concerning the procedures for the granting of permission to enroll in a training academy pursuant to this subsection (4). The P.O.S.T. board, in promulgating the rules, shall take into consideration the procedures for the granting of exemptions to denials of certification and the

withdrawal of denials of certification described in section 24-31-305 (1.6). The P.O.S.T. board, in promulgating the rules, may specify that an applicant for certification pursuant to section 24-31-305 need not submit a set of fingerprints at the time of applying for the certification if the applicant has already submitted a set of fingerprints pursuant to this section.

24-31-305. Certification - issuance - renewal - revocation - rules - definition. (1) (a) Basic peace officer certification requirements shall include:

- (I) Successful completion of a high school education or its equivalent;
- (II) Successful completion of basic training approved by the P.O.S.T. board;
- (III) Passage of examinations administered by the P.O.S.T. board; and
- (IV) Current first aid and cardiopulmonary resuscitation certificates or their equivalents.

(b) The training required for basic certification may be obtained through a training program conducted by a training academy approved by the P.O.S.T. board or completion of requirements of another state, federal, or tribal jurisdiction having standards deemed at least equivalent to those established pursuant to this part 3.

(c) Repealed.

(1.3) Reserve peace officer certification requirements shall include:

- (a) Successful completion of a high school education or its equivalent;
- (b) Successful completion of reserve training approved by the P.O.S.T. board; and
- (c) Current first aid and cardiopulmonary resuscitation certificates or their equivalents.

(1.5) (a) The P.O.S.T. board shall deny certification to any person who has been convicted of:

- (I) A felony;
- (II) Any misdemeanor in violation of sections 18-3-204, 18-3-402, 18-3-404, 18-3-405.5, and 18-3-412.5, C.R.S.;
- (III) Any misdemeanor in violation of sections 18-7-201, 18-7-202, 18-7-203, 18-7-204, 18-7-302, and 18-7-601, C.R.S.;
- (IV) Any misdemeanor in violation of any section of article 8 of title 18, C.R.S.;
- (V) Any misdemeanor in violation of sections 18-9-111 and 18-9-121, C.R.S.;
- (VI) Any misdemeanor in violation of sections 18-18-404, 18-18-405, 18-18-406, and 18-18-411, C.R.S.;
- (VII) Any misdemeanor in violation of section 18-6-403 (3)(b.5), C.R.S., as it existed prior to July 1, 2006;
- (VIII) Any misdemeanor in violation of federal law or the law of any state that is the equivalent of any of the offenses specified in subparagraphs (I) to (VII) of this subsection (1.5)(a); or
- (IX) Any local municipal ordinance that is the equivalent of any of the offenses specified in subparagraphs (I) to (VII) of this subsection (1.5)(a).

(b) The P.O.S.T. board must deny certification to any person who entered into one of the following for a crime listed in paragraph (a) of this subsection (1.5) if the P.O.S.T. board determines that certification is not in the public interest:

(I) A deferred judgment and sentencing agreement or deferred sentencing agreement, whether pending or successfully completed;

(II) A deferred prosecution agreement, whether pending or successfully completed; or

(III) A pretrial diversion agreement, whether pending or successfully completed.

(1.6) (a) Notwithstanding the provisions of subsection (1.5) of this section, if an applicant anticipates prior to the denial of certification that he or she will be denied certification on the ground that the applicant has been convicted on or after July 1, 2001, of any misdemeanor or misdemeanors described in subsection (1.5) of this section, the applicant or the chief law enforcement officer of the agency, if any, employing such applicant may, at the time of the application for certification, notify the P.O.S.T. board of such conviction or convictions and request the board to grant the applicant an exemption from denial of certification.

(b) Notwithstanding the provisions of subsection (1.5) of this section, if an applicant is denied certification on the ground that the applicant has been convicted on or after July 1, 2001, of any misdemeanor or misdemeanors described in subsection (1.5) of this section, the applicant or the chief law enforcement officer of the agency, if any, employing such applicant may, within thirty days after the effective date of denial, request that the P.O.S.T. board withdraw the denial of certification.

(c) The P.O.S.T. board shall promulgate rules and regulations deemed necessary by the board concerning the procedures for the granting of exemptions to denials of certification and the withdrawal of denials of certification under this subsection (1.6).

(1.7) (a) Unless revoked or voluntarily surrendered, a basic certification or reserve certification issued pursuant to this part 3 is valid as long as the certificate holder is continuously serving as a peace officer or reserve peace officer.

(b) If a basic or reserve certificate holder has not served as a peace officer or reserve peace officer for a total of at least six months during any consecutive three-year period, the certification automatically expires at the end of such three-year period, unless the certificate holder is then serving as a peace officer or reserve peace officer or had previously voluntarily surrendered his or her certificate.

(c) The P.O.S.T. board may promulgate rules for the renewal of certification that expired pursuant to paragraph (b) of this subsection (1.7).

(2) (a) A certification issued pursuant to subsection (1) or (1.3) of this section or section 24-31-308 shall be suspended or revoked by the P.O.S.T. board if the certificate holder has been convicted of a felony at any time, or has been convicted on or after July 1, 2001, of any misdemeanor or misdemeanors described in subsection (1.5) of this section, or has otherwise failed to meet the certification requirements established by the board.

(b) (I) Notwithstanding the provisions of paragraph (a) of this subsection (2), if the certification of a certificate holder is revoked pursuant to paragraph (a) of this subsection (2) on the ground that the certificate holder has been convicted on or after July 1, 2001, of any misdemeanor or misdemeanors described in subsection (1.5) of this section, the certificate holder or the chief law enforcement officer of the agency, if any, employing such certificate holder may, within thirty days after the effective date of the revocation, request the P.O.S.T. board to reinstate the certification.

(II) The P.O.S.T. board shall promulgate rules and regulations deemed necessary by the board concerning the procedures for the reinstatement of revocations of certification.

(2.5) (a) Notwithstanding the provisions of subsection (2) of this section, the P.O.S.T. board shall revoke a certification issued to a person pursuant to subsection (1) or (1.3) of this section or section 24-31-308 if:

(I) The law enforcement agency that employs or employed the certificate holder notifies the P.O.S.T. board that, on or after August 2, 2019, the certificate holder knowingly made an untruthful statement concerning a material fact or knowingly omitted a material fact on an official criminal justice record, while testifying under oath, or during an internal affairs investigation or administrative investigation and disciplinary process; and

(II) The law enforcement agency certifies that:

(A) It completed an administrative process defined by a published policy of the law enforcement agency, which policy was in effect at the time that the alleged untruthful statement concerning a material fact or knowing omission of material fact occurred;

(B) Through that administrative investigation and disciplinary process, the law enforcement agency determined by a clear and convincing standard of the evidence that, on or after August 2, 2019, the certificate holder knowingly made an untruthful statement concerning a material fact or knowingly omitted a material fact on an official criminal justice record, while testifying under oath, or during an internal affairs investigation or comparable administrative investigation; and

(C) The certificate holder has elected not to exercise, or has exhausted, the internal disciplinary appeal rights provided by the officer's employer; and

(III) The certificate holder, after receiving the notice from the P.O.S.T. board described in subsection (2.5)(e) of this section, either does not request a hearing, or requests a hearing and the hearing officer has determined, after conducting the hearing pursuant to the rules of the P.O.S.T. board and in compliance with sections 24-4-104 and 24-4-105, that the certificate holder knowingly made an untruthful statement concerning a material fact or knowingly omitted a material fact on an official criminal justice record, while testifying under oath, or during an internal affairs investigation or administrative investigation and disciplinary process.

(b) A law enforcement agency that makes a determination described in subsection (2.5)(a)(II) of this section shall report such fact to the P.O.S.T. board on a form that is prescribed by the P.O.S.T. board. The form must require the official submitting the form to attest, under penalty of perjury, that, to the best of the official's knowledge and belief, the statements on the form are true, correct, and complete, and that any false statement, misstatement, or inaccuracy may result in revocation of the official's certification as well as criminal prosecution.

(c) If a certificate holder who is the subject of an investigation described in subsection (2.5)(a)(II) of this section resigns or refuses to cooperate in the investigation, the investigating law enforcement agency shall complete the investigation with or without the subject's participation. If the results of the investigation demonstrate by a clear and convincing standard of the evidence that, on or after August 2, 2019, the certificate holder knowingly made an untruthful statement concerning a material fact or knowingly omitted a material fact on an official criminal justice record, while testifying under oath, or during an internal affairs investigation or administrative investigation and disciplinary process, the law enforcement agency shall notify the P.O.S.T. board and request revocation of the certificate holder's certification on a form prescribed by the P.O.S.T. board.

(d) The records of any law enforcement agency that are submitted for review by the P.O.S.T. board for the purposes of this subsection (2.5) remain the property of the reporting law enforcement agency and are not subject to public release by the P.O.S.T. board.

(e) Upon receipt of the form from a law enforcement agency pursuant to subsection (2.5)(b) of this section, the P.O.S.T. board shall notify the certificate holder of the certificate holder's right to request a show cause hearing pursuant to the rules of the P.O.S.T. board and in compliance with sections 24-4-104 and 24-4-105.

(f) A person who has had his or her P.O.S.T. certification revoked pursuant to this subsection (2.5) may appeal the decision to the full P.O.S.T. board pursuant to the rules of the P.O.S.T. board and section 24-4-105, and may seek judicial review pursuant to the provisions of section 24-4-106.

(g) If a certificate holder's certificate is revoked pursuant to this section and a court of record subsequently reverses or vacates the finding that, on or after August 2, 2019, the certificate holder knowingly made an untruthful statement concerning a material fact or knowingly omitted a material fact on an official criminal justice record, while testifying under oath, or during an internal affairs investigation or administrative investigation and disciplinary process, the certificate holder may request reinstatement of his or her certificate by providing documentation of the court's ruling to the P.O.S.T. board within forty-five days after the court's ruling.

(h) If a law enforcement agency is notified that a peace officer who is employed or who was employed by the agency is alleged to have knowingly made an untruthful statement concerning a material fact or knowingly omitted a material fact on an official criminal justice record, while testifying under oath, or during an internal affairs investigation or administrative investigation and disciplinary process, on or after August 2, 2019, the agency employing the peace officer, or the last law enforcement agency to employ the peace officer, shall investigate the allegation unless the accused peace officer has not been employed by the agency for at least six months preceding the date upon which the agency is notified of the allegation, in which case the agency may investigate the allegation.

(i) Nothing in this section prohibits the lawful use of deception or omission of facts by a peace officer while he or she is conducting an investigation of criminal activity.

(j) For the purposes of this subsection (2.5), "administrative investigation and disciplinary process" means an employer's formal process of internal control that assures that an allegation of violation of employer rules, policy, procedure, or other misconduct or improper actions by an employee are subject to a complete and objective investigation resulting in findings of fact and disciplinary action for any substantiated violation.

(k) The P.O.S.T. board may promulgate rules for the implementation of this subsection (2.5).

(2.7) The P.O.S.T. board may revoke the certification of a peace officer who fails to satisfactorily complete peace officer training required by the P.O.S.T. board. Prior to revoking the peace officer's certification, the P.O.S.T. board shall notify the peace officer of his or her failure to complete the training required by the P.O.S.T. board and give the peace officer thirty calendar days to satisfactorily complete the peace officer training required by the P.O.S.T. board.

(3) Certification shall not vest tenure or related rights. The policies, if any, of the employing agency shall govern such rights. Additional certification reflecting higher levels of

proficiency may, at the discretion of the employing agency, be required in hiring, retaining, or promoting peace officers.

(4) The P.O.S.T. board may grant variances from the requirements of this section to any individual, including any individual called to active duty by the armed forces of the United States, if strict application thereof would result in practical difficulty or unnecessary hardship and where the variance would not conflict with the basic purposes and policies of this part 3. The P.O.S.T. board shall promulgate rules regarding the procedure for applying for and granting variances pursuant to this subsection (4).

(5) If a law enforcement agency hires a new employee, appoints a new employee, or transfers an existing employee to a position requiring P.O.S.T. certification, prior to such hire, appointment, or transfer the law enforcement agency shall determine if the person has a record contained in the database created in section 24-31-303 (1)(r). If the person is listed in the database and the law enforcement agency proceeds to employ the person in a position requiring P.O.S.T. certification, the agency shall notify the P.O.S.T. board of the hire, appointment, or transfer in a format determined by the P.O.S.T. board.

24-31-307. Enforcement. (1) The P.O.S.T. board shall have the power to promulgate rules for enforcement of this part 3.

(2) The attorney general may enforce the provisions of this part 3 through an action in district court for injunctive or other appropriate relief against:

(a) Any individual undertaking or attempting to undertake any duties as a peace officer or a reserve peace officer in this state in violation of this part 3; and

(b) Any agency permitting any individual to undertake or attempt to undertake any duties as a peace officer or a reserve peace officer in this state under the auspices of such agency in violation of this part 3.

(3) The attorney general may bring criminal charges for violations of this part 3 if the violation is knowingly or intentional, or impose fines, as set in P.O.S.T. board rule, upon any individual officer or agency for failure to comply with this part 3 or any rule promulgated under this part 3.

(3.5) Any person or law enforcement agency that knowingly or intentionally provides inaccurate data for the database created pursuant to section 24-31-303 (1)(r) is subject to a fine set in rule by the P.O.S.T. board, and, if the person is a P.O.S.T. certified peace officer, the officer is subject to revocation or suspension of the officer's P.O.S.T. certification by the P.O.S.T. board. A person or law enforcement agency that truthfully and accurately reports information pursuant to section 24-31-303 (1)(r) in good faith is not liable under this subsection (3.5).

(4) The attorney general shall be entitled to recover reasonable attorney fees and costs against the defendant in any enforcement action under this part 3, if the attorney general prevails.

24-31-308. Reciprocity - provisional certificate. (1) The P.O.S.T. board is authorized to grant a provisional certificate to any person who:

(a) Has been authorized to act as a peace officer in another state or federal jurisdiction, excluding the armed forces, within the preceding three years and has served as a certified law enforcement officer in good standing in such other state or federal jurisdiction for more than one year;

(b) Passes the certification examination required pursuant to this part 3; and

(c) Possesses current first aid and cardiopulmonary resuscitation certificates or their equivalent.

(2) (a) The P.O.S.T. board is authorized to grant a basic certification to a person who meets the criteria established for basic certification by rule of the P.O.S.T. board.

(b) Any rule of the P.O.S.T. board establishing the criteria for basic certification shall provide that a basic certification will be issued only after an applicant has successfully demonstrated to the P.O.S.T. board a proficiency in all skill areas as required by section 24-31-305.

(3) (a) A provisional certificate shall be valid for six months.

(b) Upon a showing of good cause, the P.O.S.T. board may renew a provisional certificate once for a period not to exceed an additional six months.

24-31-309. Profiling - officer identification - training - definition. (1) (a) The general assembly finds, determines, and declares that profiling is a practice that presents a great danger to the fundamental principles of our constitutional republic and is abhorrent and cannot be tolerated.

(b) The general assembly further finds and declares that motorists who have been stopped by peace officers for no reason other than the color of their skin or their apparent race, ethnicity, age, or gender are the victims of discriminatory practices.

(c) The general assembly further finds and declares that Colorado peace officers risk their lives every day. The people of Colorado greatly appreciate the hard work and dedication of peace officers in protecting public safety. The good name of these peace officers should not be tarnished by the actions of those who commit discriminatory practices.

(d) It is therefore the intent of the general assembly in adopting this section to provide a means of identification of peace officers who are engaging in profiling, to underscore the accountability of those peace officers for their actions, and to provide training to those peace officers on how to avoid profiling.

(2) **Definitions.** For purposes of this section:

(a) "Legal basis" means any basis authorized by statute or that the Colorado supreme court or United States supreme court has determined is lawful pursuant to section 7 of article II of the state constitution or the fourth amendment to the United States constitution.

(b) "Profiling" means the practice of relying solely on race, ethnicity, gender, national origin, language, religion, sexual orientation, gender identity, gender expression, age, or disability in:

(I) Determining the existence of probable cause to place in custody or arrest an individual or in constituting a reasonable and articulable suspicion that an offense has been or is being committed so as to justify the detention of an individual or the investigatory stop of a vehicle; or

(II) Determining the scope, substance, or duration of an investigation or law enforcement activity to which a person will be subjected.

(3) **Profiling practices prohibited.** Profiling as defined in subsection (2) of this section is prohibited; except that a peace officer may use age when making law enforcement decisions if the peace officer is investigating a juvenile status offense.

(3.5) A peace officer, as defined in section 24-31-901 (3), shall have a legal basis for making a contact, as defined in section 24-31-901 (1), whether consensual or nonconsensual, with a member of the public for purposes of enforcing the law or investigating possible violations of the law. After making a contact, a peace officer, as defined in section 24-31-901 (3), shall report to the peace officer's employing agency:

(a) The perceived demographic information of the person contacted, provided that the identification of these characteristics is based on the observation and perception of the peace officer making the contact and other available data;

(b) Whether the contact was a traffic stop;

(c) The time, date, and location of the contact;

(d) The duration of the contact;

(e) The reason for the contact;

(f) The suspected crime;

(g) The result of the contact, such as:

(I) No action, warning, citation, property seizure, or arrest;

(II) If a warning or citation was issued, the warning provided or violation cited;

(III) If an arrest was made, the offense charged;

(IV) If the contact was a traffic stop, the information collected, which is limited to the driver;

(h) The actions taken by the peace officer during the contact, including but not limited to whether:

(I) The peace officer asked for consent to search the person, vehicle, or other property, and, if so, whether consent was provided;

(II) The peace officer searched the person, a vehicle, or any property, and, if so, the basis for the search and the type of contraband or evidence discovered, if any;

(III) The peace officer seized any property, and, if so, the type of property that was seized and the basis for seizing the property;

(IV) A peace officer unholstered or brandished a weapon during the contact, and, if so, the type of weapon; and

(V) A peace officer discharged a weapon during the contact.

(4) (a) A peace officer certified pursuant to this part 3 shall provide, without being asked, the peace officer's business card to any person whom the peace officer has detained in a traffic stop but has not cited or arrested. The business card must include identifying information about the peace officer, including but not limited to the peace officer's name, division, precinct, and badge or other identification number; a telephone number that may be used, if necessary, to report any comments, positive or negative, regarding the traffic stop; and information about how to file a complaint related to the contact. The identity of the reporting person and the report of any such comments that constitute a complaint must initially be kept confidential by the receiving law enforcement agency, to the extent permitted by law. The receiving law enforcement agency shall be permitted to obtain some identifying information regarding the complaint to allow initial processing of the complaint. If it becomes necessary for the further processing of the complaint for the complainant to disclose the complainant's identity, the complainant shall do so or, at the option of the receiving law enforcement agency, the complaint may be dismissed.

(b) The provisions of paragraph (a) of this subsection (4) shall not apply to authorized undercover operations conducted by any law enforcement agency.

(c) Each law enforcement agency in the state shall compile on at least an annual basis any information derived from telephone calls received due to the distribution of business cards as described in paragraph (a) of this subsection (4) and that allege profiling. The agency shall make such information available to the public but shall not include the names of peace officers or the names of persons alleging profiling in such information. The agency may also include in such information the costs to the agency of complying with the provisions of this subsection (4).

(5) The training provided for peace officers shall include an examination of the patterns, practices, and protocols that result in profiling and prescribe patterns, practices, and protocols that prevent profiling. On or before August 1, 2001, the P.O.S.T. board shall certify the curriculum for such training.

(6) No later than six months after June 5, 2001, each law enforcement agency in the state shall have written policies, procedures, and training in place that are specifically designed to address profiling. Each peace officer employed by such law enforcement agency shall receive such training. The written policies and procedures shall be made available to the public for inspection during regular business hours.

24-31-310. Resources for the training of peace officers - peace officers in rural jurisdictions - legislative declaration. (1) The general assembly hereby finds and declares that Colorado peace officers risk their lives every day in the normal course of their duties. On the roads and highways and throughout the state, peace officers are expected to make quick and difficult decisions that concern both public and officer safety. The general assembly further finds and declares that good training is crucial for peace officers to make decisions that are in the best interests of the health and safety of the citizens of Colorado. The general assembly recognizes that the P.O.S.T. board oversees peace officer training programs and that in the past the state has provided funding for such training programs. The general assembly further recognizes that the state has not provided funding for peace officer training programs since 1992, and that the lack of state funding has had a significant impact on the training of peace officers in the state. Therefore, it is the intent of this section to reimplement state funding for peace officer training

programs and to enable the P.O.S.T. board to provide substantial training for peace officers who serve the citizens of Colorado.

(2) The money collected and transferred to the P.O.S.T. board cash fund pursuant to section 42-3-304 (24) must be used to provide training programs for peace officers, especially peace officers in rural and smaller jurisdictions that have limited resources due to the size or location of such jurisdictions. The money must be used and distributed pursuant to subsection (3) or (4) of this section.

(3) The money collected and transferred to the P.O.S.T. board cash fund pursuant to section 42-3-304 (24) must be used and distributed as determined by the P.O.S.T. board. The money in the fund must be used to pay the salary and benefits of any employee hired by the department of law in order to administer the peace officer training programs and to cover any other costs incurred by the P.O.S.T. board in connection with such programs. Under no circumstance shall general fund money be used to cover such costs incurred by the department of law or the P.O.S.T. board.

(4) (a) Subject to the available money collected, transferred to, and remaining in the P.O.S.T. board cash fund, the P.O.S.T. board may establish a scholarship program for law enforcement agencies in rural and smaller jurisdictions with limited resources due to their size or location to assist the agencies with the payment of tuition costs for peace officer candidates to attend an approved basic law enforcement training academy. A person whose tuition costs to attend an approved basic law enforcement training academy were paid for pursuant to this subsection (4) must be employed for at least three years by a law enforcement agency in a rural and small jurisdiction after attending the approved basic law enforcement training academy or the person shall reimburse the cost of attending the basic law enforcement training academy to the P.O.S.T. board.

(b) The P.O.S.T. board shall promulgate rules as may be necessary to implement and administer the scholarship program.

(c) As used in this subsection (4), unless the context otherwise requires, "rural" means an area defined or designated as rural by the federal office of management and budget.

24-31-311. DNA evidence - collection - retention. (1) The training provided for peace officers shall include proper collection and retention techniques, practices, and protocols for evidence that may contain biological or DNA evidence. On or before August 1, 2009, the P.O.S.T. board shall certify the curriculum for the training. After August 1, 2009, the training shall be provided to persons who enroll in a training academy for basic peace officer training and to all peace officers described in section 16-2.5-101, C.R.S., who are certified by the P.O.S.T. board pursuant to this part 3 prior to August 1, 2009.

(2) The P.O.S.T. board may develop a specialized certification program that concentrates on the proper techniques, practices, and protocols for evidence collection with emphasis on evidence that may contain biological or DNA evidence.

24-31-312. School resource officer training. (1) On or before January 1, 2014, the P.O.S.T. board shall identify a school resource officer training curriculum to prepare peace officers.

(2) To the extent practicable, the training curriculum described in subsection (1) of this section shall incorporate the suggestions of relevant stakeholders and advocates.

(3) (a) In assigning peace officers to serve as school resource officers pursuant to section 22-32-146, C.R.S., each law enforcement agency is encouraged to ensure that such peace officers have successfully completed the school resource officer training curriculum described in subsection (1) of this section, or will complete said training within six months after beginning the assignment.

(b) On and after January 1, 2015, each county sheriff and each municipal law enforcement agency of the state shall employ at least one peace officer who has successfully completed the training curriculum described in subsection (1) of this section.

(4) For the purposes of section 22-32-146, C.R.S., the training curriculum provided pursuant to subsection (1) of this section shall include a means of recognizing and identifying peace officers who successfully complete the training curriculum.

(5) In providing the training curriculum described in subsection (1) of this section, the P.O.S.T. board may include provisions to allow for the awarding of credit to a peace officer who has successfully completed a school resource officer certification curriculum offered by one or more public or private entities, which entities shall be identified by the P.O.S.T. board.

(6) The P.O.S.T. board may charge a fee to each peace officer who enrolls in the training curriculum described in subsection (1) of this section. The amount of the fee shall not exceed the direct and indirect costs incurred by the P.O.S.T. board in providing the curriculum.

(7) The P.O.S.T. board, with respect to the hiring, training, and evaluation of school resource officers and professionalizing a school-police partnership, shall create a model policy for selecting school resource officers pursuant to the general duties and responsibilities granted to the P.O.S.T. board pursuant to section 24-31-303. The P.O.S.T. board shall consult with school board members, school resource officers, K-12 advocates, and other relevant stakeholders, including student groups, in the development of the model policy. The department of education shall post the model policy on its website and distribute the policy to school districts, charter schools, and institute charter schools for consideration and possible adoption. The model policy may be used by school districts, charter schools, institute charter schools, and police departments. The model policy must, at a minimum, require that:

(a) Once selected, school resource officers must be fully trained in standard best practices, as set forth by a national association of school resource officers;

(b) A candidate demonstrate, whenever possible, a record of experience developing positive relationships with youth, which may include participation in youth or community policing programs;

(c) A candidate voluntarily apply to serve as a school resource officer; and

(d) The employing law enforcement agency and school district jointly create an evaluation process to evaluate school resource officers.

24-31-313. Training concerning abuse and exploitation of at-risk elders. (1) On or before January 1, 2014, the P.O.S.T. board shall create and implement a training curriculum to prepare peace officers to recognize and address incidents of abuse and exploitation of at-risk elders, as described in sections 18-6.5-102 (1) and (10), C.R.S.

(2) On and after January 1, 2015, each county sheriff and each municipal law enforcement agency of the state shall employ at least one peace officer who has successfully completed the training curriculum described in subsection (1) of this section.

(3) The training curriculum provided pursuant to subsection (1) of this section shall include a means of recognizing and identifying peace officers who successfully complete the training curriculum.

(4) In providing the training curriculum described in subsection (1) of this section, the P.O.S.T. board may include provisions to allow for the awarding of credit to a peace officer who has successfully completed a similar training curriculum offered by one or more public or private entities, which entities shall be identified by the P.O.S.T. board.

(5) The P.O.S.T. board may charge a fee to each peace officer who enrolls in the training curriculum described in subsection (1) of this section. The amount of the fee shall not exceed the direct and indirect costs incurred by the P.O.S.T. board in providing the curriculum.

24-31-315. Annual in-service training requirements. (1) (a) The annual in-service training programs must include proper restraint and holds training, a two-hour anti-bias training program, and, in alternating years, either a two-hour community policing and community partnerships training program or a two-hour situation de-escalation training program. The programs and curriculum may include interactive web-based training. Each certified peace officer shall satisfactorily complete the training by July 1, 2017, and shall satisfactorily complete the training at least once every five years thereafter.

(b) Subject to available appropriations, beginning July 1, 2022, the annual in-service training programs must include the in-service curriculum for training concerning interactions with persons with disabilities recommended by the commission on improving first responder interactions with persons with disabilities pursuant to section 24-31-1004.

(2) (a) The P.O.S.T. board shall suspend a peace officer's certification if the peace officer fails to comply with the training requirements in subsection (1) of this section. The P.O.S.T. board shall reinstate a peace officer's certification that was suspended pursuant to this paragraph (a) upon completion of the training requirements in subsection (1) of this section.

(b) Notwithstanding the provisions of paragraph (a) of this subsection (2), the P.O.S.T. board shall not suspend a peace officer's certification if the peace officer has not complied with the training requirements of subsection (1) of this section because the officer is not serving as a full-time peace officer. When the officer returns to his or her full-time peace-officer duties, he or she shall have six months to complete the training required by subsection (1) of this section.

(c) Prior to suspension of a peace officer's certification pursuant to paragraph (a) of this subsection (2), the peace officer must be afforded due process to the extent required by law.

24-31-316. Attorney general to provide identification cards to retired peace officers upon request - definitions. (1) As used in this section, unless the context otherwise requires:

(a) "Peace officer" means a certified peace officer described in section 16-2.5-102.

(b) "Photographic identification" means a photographic identification that satisfies the description at 18 U.S.C. sec. 926C (d).

(2) Except as described in subsection (3) of this section, on and after August 7, 2013, if the department had a policy in effect as of August 7, 2013, of issuing photographic identification to peace officers who have retired from the department, and the department discontinues said policy after August 7, 2013, the department shall continue to provide such photographic identification to peace officers who have retired from the department if:

(a) The peace officer requests the identification;

(b) The peace officer retired from the department before the date upon which the department discontinued the policy; and

(c) The peace officer is a qualified retired law enforcement officer, as defined in 18 U.S.C. sec. 926C (c).

(3) Before issuing or renewing a photographic identification to a retired law enforcement officer pursuant to this section, a law enforcement agency of the state shall complete a criminal background check of the officer through a search of the national instant criminal background check system created by the federal "Brady Handgun Violence Prevention Act" , Pub. L. 103-159, the relevant portion of which is codified at 18 U.S.C. sec. 922 (t), and a search of the state integrated criminal justice information system. If the background check indicates that the officer is prohibited from possessing a firearm by state or federal law, the law enforcement agency shall not issue the photographic identification.

(4) The department may charge a fee for issuing a photographic identification to a retired peace officer pursuant to subsection (2) of this section, which fee shall not exceed the direct and indirect costs assumed by the department in issuing the photographic identification.

(5) Notwithstanding any other provision of this section, the department shall not be required to issue a photographic identification to a particular peace officer if the attorney general elects not to do so.

(6) If the department denies a photographic identification to a retired peace officer who requests a photographic identification pursuant to this section, the department shall provide the retired peace officer a written statement setting forth the reason for the denial.

PART 4

ENFORCEMENT OF TOBACCO SETTLEMENT

24-31-401. Definitions. As used in this part 4, unless the context otherwise requires:

(1) "Smokeless tobacco settlement" means the settlement agreement between the state of Colorado and various domestic smokeless tobacco products manufacturers, dated November 23, 1998, which was approved by the district court of the city and county of Denver as part of a consent decree dated November 25, 1998, in the case denominated *State of Colorado, ex rel. Gale A. Norton, Attorney General v. R.J. Reynolds Tobacco Co.; American Tobacco Co., Inc.; Brown & Williamson Tobacco Corp.; Liggett & Myers, Inc.; Lorillard Tobacco Co., Inc.; Philip Morris, Inc.; United States Tobacco Co.; B.A.T. Industries, P.L.C.; The Council For Tobacco Research--U.S.A., Inc.; and Tobacco Institute, Inc.*, Case No. 97 CV 3432.

(2) "Tobacco settlement" means the settlement agreement between the state of Colorado and various domestic tobacco products manufacturers, dated November 23, 1998, which was approved by the district court of the city and county of Denver as part of a consent decree dated November 25, 1998, in the case denominated *State of Colorado, ex rel. Gale A. Norton, Attorney General v. R.J. Reynolds Tobacco Co.; American Tobacco Co., Inc.; Brown & Williamson Tobacco Corp.; Liggett & Myers, Inc.; Lorillard Tobacco Co., Inc.; Philip Morris, Inc.; United*

States Tobacco Co.; B.A.T. Industries, P.L.C.; The Council For Tobacco Research--U.S.A., Inc.; and Tobacco Institute, Inc., Case No. 97 CV 3432.

24-31-402. Enforcement by attorney general. (1) The general assembly hereby finds that both the tobacco settlement and the smokeless tobacco settlement impose numerous duties and obligations on the parties to those settlement agreements relating to the marketing and advertising of tobacco products and the payment of damages to the state. The general assembly further finds that most of these duties and obligations continue for a minimum of twenty-five years from the dates of the settlement agreements. Therefore, the attorney general shall oversee and take the necessary actions to enforce compliance with the provisions of the tobacco settlement agreement and the smokeless tobacco settlement agreement, consistent with the duties and obligations set forth in said settlement agreements and with Colorado law.

(2) The enforcement duty specified in subsection (1) of this section is in addition to and does not limit the authority of the attorney general otherwise existing under common law or the statutes of this state.

24-31-602. Legislative declaration. (1) The general assembly hereby finds and declares that:

(a) The purpose of this part 6 is to empower students and the community by offering a comprehensive program of education, awareness, and training and a readily accessible tool that allows students and the community to easily provide anonymous information about unsafe, potentially harmful, dangerous, violent, or criminal activities in schools, or the threat of these activities, to appropriate law enforcement and public safety agencies and school officials; and

(b) The ability to anonymously report information about unsafe, potentially harmful, dangerous, violent, or criminal activities in schools before or after they have occurred is critical in reducing, responding to, and recovering from these types of events in schools.

(2) The general assembly therefore finds that it is appropriate and necessary to provide for the anonymity of a person who provides information to law enforcement and public safety agencies and school officials and to provide for the confidentiality of associated materials.

24-31-606. Safe2tell program - creation - duties. (1) There is created, within the department, the safe2tell program.

(2) The program must:

(a) Establish and maintain methods of anonymous reporting concerning unsafe, potentially harmful, dangerous, violent, or criminal activities in schools or the threat of those activities;

(b) Establish methods and procedures to ensure that the identity of the reporting parties remains unknown to all persons and entities, including law enforcement officers and employees operating the program;

(c) Establish methods and procedures so that information obtained from a reporting party who voluntarily discloses his or her identity and verifies that he or she is willing to be identified may be shared with law enforcement officers, employees operating the program, and school officials;

(d) Establish methods and procedures to ensure that a reporting party's identity that becomes known through any means other than voluntary disclosure is not further disclosed;

(e) Promptly forward information received by the program to the appropriate law enforcement or public safety agency or school officials. The program is not required to forward information if the call was transferred to the statewide behavioral crisis response system created pursuant to section 27-60-103.

(f) Train law enforcement dispatch centers, school districts, individual schools, and other entities determined by the attorney general on appropriate awareness and response to safe2tell tips. Training materials outlining appropriate response to safe2tell tips may be developed in collaboration with stakeholders to ensure standardized messaging.

(g) Provide safe2tell awareness and educational materials to all elementary and secondary schools in Colorado with a primary focus on targeting marketing materials to Colorado school-age children, teachers, administrators, education professionals, and, subject to available funds, other youth-related organizations, including boys and girls clubs and 4-H extension offices, at no charge to the school or recipient. The materials described in this subsection (2)(g) and subsection (2)(h) of this section must include an explanation of the circumstances pursuant to section 24-31-607 (3) or (4) when a student's report may not remain anonymous.

(h) Provide safe2tell awareness and education materials to Boys & Girls Clubs and 4-H extension offices in Colorado at no charge to the Boys & Girls Clubs and 4-H extension offices on or before June 30, 2017, and annually each fiscal year thereafter;

(i) Develop training curriculum and teaching materials for a train the trainer program;

(j) Annually organize, host, and conduct training in all geographic regions of the state and provide related materials to persons who attend the training at no charge to the attendee;

(k) Provide training and support to all elementary and secondary schools and school districts in Colorado regarding school safety related to the safe2tell program, including answering questions and discussing reports received by the program;

(l) Provide educational materials to all elementary and secondary schools in Colorado aimed at preventing misuse of the program;

(m) Provide technical assistance and support to law enforcement officials and school officials when there is misuse of the program; and

(n) Analyze and follow up with law enforcement and schools to determine the outcome of a report made to the program, including actions taken on the report.

(3) On or before February 1, 2021, the department, in collaboration with stakeholders, shall devise a process and develop standardized protocols so that any communication related to mental health or substance use received by safe2tell, including any communication related to another person, may be transferred, as appropriate, to the statewide behavioral crisis response system created pursuant to section 27-60-103.

(4) Beginning on or before August 1, 2024, the department shall annually convene a training meeting for school resource officers, as described in section 22-32-146, and school officials to discuss best practices in responding to safe2tell reports, including defining roles, communication about a report, outcome reporting, and training resources to improve school resource officers' support of students and school staff. Safe2tell may conduct a survey to collect data and discussions regarding safe2tell operations.

24-31-607. In camera review - confidentiality of materials - criminal penalty. (1) (a) The safe2tell program and persons implementing and operating the program shall not be compelled to produce any materials except on the motion of a criminal defendant to the court in which the offense is being tried, supported by an affidavit establishing that the materials contain impeachment evidence or evidence that is exculpatory to the defendant in the trial of that offense.

(b) If the defendant's motion is granted, the court shall conduct an ex parte in camera review of materials produced under the defendant's subpoena.

(c) If the court determines that the produced materials contain impeachment evidence or evidence that is exculpatory to the defendant, the court shall order the materials to be produced to the defendant pursuant to a protective order that includes, at a minimum, the redaction of the reporting party's identity and limitations on the use of the materials, as needed, unless contrary to state or federal law. Any materials excised pursuant to a judicial order following the in camera review shall be sealed and preserved in the records of the court, to be made available to the appellate court in the event of an appeal. After the time for appeal has expired, the court shall return the materials to the program.

(2) (a) Materials created or obtained through the implementation or operation of the program are confidential, and a person shall not disclose the material. The program and persons implementing or operating the program may be compelled to produce the materials only before a court or other tribunal and only pursuant to court order for an in camera review. Any such review shall be limited to an inspection of materials that are material to the specific case pending before the court. The attorney general acting on behalf of the safe2tell program shall have standing in any action to oppose the disclosure of materials in the custody of the safe2tell program.

(b) A person who knowingly discloses materials in violation of the provisions of this subsection (2) commits a class 1 misdemeanor.

(3) Notwithstanding any provision to the contrary, upon request by a law enforcement agency, the attorney general may disclose to law enforcement personnel any materials or information obtained through the implementation or operation of the program if the attorney general reasonably deems such disclosure necessary for the prevention of imminent physical harm or serious bodily injury to one or more persons.

(4) (a) (I) Notwithstanding subsections (2)(a) and (2)(b) of this section, a court may issue a court order for production of records, under seal, on request of a law enforcement agency, public safety agency, or district attorney, for program materials identifying a reporting party if the court, following an in-camera review of an affidavit and any other relevant material or evidence provided under seal by the requesting party, determines probable cause exists that a reporting party to the program knowingly used the program in the commission of false reporting of an emergency, as defined in section 18-8-111 (2), and that release of program materials is justified on balance in view of the probable violation and the program purpose of anonymity.

(II) Any such request for a court order for production of records may be filed only after reasonable notice is provided to the attorney general. The requesting party shall note any response from the attorney general in the affidavit and the court shall consider the note in reviewing any application for a court order under this section.

(b) (I) A court shall order that a warrant issued pursuant to subsection (4)(a) of this section, and any related evidence used to obtain such warrant, be sealed. The program and any law enforcement agency, public safety agency, or district attorney that receives information pursuant to subsection (4)(a) of this section shall keep the information confidential.

(II) (A) A court may lift the sealing and confidentiality of the information, prior to the filing of charges, only on a motion of a district attorney upon showing of good cause following an in-camera review of the information. The district attorney shall provide reasonable notice and the opportunity to respond to the department of any motion to lift the seal filed pursuant to this section, prior to filing a motion pursuant to this section.

(B) Upon filing of charges against any person for charges that rely on information provided pursuant to a court order under this section, any sealing order will immediately expire and the information is subject to discovery obligations and necessary protective orders to preclude further dissemination of the material.

(c) If a district attorney is considering filing any criminal charges as a result of a production of records issued pursuant to subsection (4)(a) of this section, the district attorney shall first consider referring the alleged responsible person for an assessment for suitability to participate in restorative justice practices.

24-31-610. Safe2tell cash fund - creation. (1) There is created in the state treasury the safe2tell cash fund, referred to in this section as the "fund". Moneys in the fund are subject to annual appropriation. The fund consists of:

(a) Fees charged by the department of law to cover the actual costs of producing and distributing manuals and other public awareness materials;

(b) Any revenues received pursuant to section 24-31-108 (2)(b);

(c) Any moneys held by the safe2tell nonprofit as of June 30, 2014, that are transferred to the fund pursuant to section 24-31-608 (2); and

(d) Any moneys that may be appropriated by the general assembly.

(2) All interest derived from the deposit and investment of moneys in the fund are credited to the fund. At the end of each fiscal year, all unexpended and unencumbered moneys in the fund remain in the fund and shall not be credited or transferred to the general fund or any other fund.

24-31-611. Annual report. (1) On or before December 1, 2018, and on or before December 1 of each year thereafter, the program shall analyze data from the preceding fiscal year and prepare a written report. The program shall post the report on the program's website and shall submit the report to the education and judiciary committees of the house of representatives and the senate, or any successor committees, by January 1 of the year following publication of the report. The report must include data from the preceding fiscal year concerning the following and any recommendations concerning the following to the extent the information is available:

(a) A summary of outcomes and actions taken on reports made to the program;

(b) The number of safe2tell reports by category, broken down by month;

(c) The total number of incidents of misuse of the program, broken down into categories;

(d) The number of reports received involving a single incident;

(e) The number of times safe2tell was used by a reporting party to make a threat against or otherwise harm another person;

(f) The number of times a reporting party was in crisis and was reporting to the program to obtain assistance and the time it took to identify the reporting party and respond;

(g) The effectiveness of the safe2tell dispatch center in the department of public safety; and

(h) Recommendations regarding how to improve the program based on the available data.

(2) Notwithstanding the provisions of section 24-1-136 (11)(a)(I), the requirement for the report in subsection (1) of this section continues indefinitely.

24-31-701. Definitions. As used in this part 7, unless the context requires otherwise:

- (1) "Department" means the department of law.
- (2) Repealed.
- (3) "Review board" means the Colorado domestic violence fatality review board created in section 24-31-702.
- (4) "Review team" means a local or regional domestic violence fatality review team.

Source: L. 2017: Entire part added, (SB 17-126), ch. 400, p. 2082, § 2, effective August 9. **L. 2022:** (2) repealed, (SB 22-100), ch. 143, p. 941, § 5, effective May 2.

24-31-702. Colorado domestic violence fatality review board - creation - membership - purpose - duties. (1) The Colorado domestic violence fatality review board is established in the department to:

- (a) Examine data collected by review teams during the preceding year;
- (b) Identify measures to help prevent domestic violence fatalities and near-death incidents;
- (c) Establish uniform methods for collecting, analyzing, and storing data relating to domestic violence fatalities and near-death incidents; and
- (d) Make annual policy recommendations concerning domestic violence to the general assembly.

(2) (a) The review board includes the attorney general or his or her designee, who shall act as chair, and at least seventeen but not more than twenty other members, to be appointed by the attorney general on or before October 1, 2017, as follows:

- (I) A medical professional with forensic experience;
- (II) A domestic violence advocate representing a shelter or other domestic violence service organizations, who may not testify without consent of a victim pursuant to section 13-90-107 (1)(k)(II);
- (III) A criminal defense attorney;
- (IV) A representative of a law enforcement agency;
- (V) The executive director of the department of public health and environment, or his or her designee;

(VI) A representative of a city attorney's office in Colorado who has experience working with victims of domestic violence or prosecuting domestic violence offenders;

(VII) A representative of a statewide nonprofit organization that offers training and expert advice to domestic violence programs that serve survivors of domestic violence, dating violence, and stalking;

(VIII) A representative of the department of human services' adult protection services;

(IX) A representative of the department of human services' child protection services;

(X) A representative of a probation, parole, or community corrections program;

(XI) A representative designated by the Colorado district attorneys' council;

(XII) A representative of a domestic violence treatment provider specializing in offender treatment;

(XIII) Two domestic violence survivors;

(XIV) A representative of the domestic violence offender management board created in section 16-11.8-103;

(XV) A representative of the Denver metro domestic violence fatality review committee;

(XVI) A judge or magistrate; and

(XVII) Such other members as the attorney general may determine, whose contributions would be valuable to the work of the review board; except that the attorney general may not appoint more than two members pursuant to this subsection (2)(a)(XVII).

(b) The review board must, to the extent practicable:

(I) Include members from throughout the state;

(II) Include members with disabilities;

(III) Reflect the ethnic diversity of the state; and

(IV) Include members who have knowledge of and experience with domestic violence.

(c) Members of the review board, other than the attorney general, serve for four-year terms and are eligible for reappointment no more than two times at the expiration of a four-year term.

(d) Members of the review board serve without compensation but may receive per diem and reimbursement for costs, subject to the availability of funds.

(e) The attorney general may fill any vacancies on the review board at any time.

(f) Before commencing service on the review team, each member shall submit the member's fingerprints to the Colorado bureau of investigation for the purposes of a criminal background check. The bureau shall forward the results of each background check to the attorney general. When the results of a fingerprint-based criminal history record check of a member performed pursuant to this section reveal a record of arrest without a disposition, the attorney general shall require that member to submit to a name-based judicial record check, as defined in section 22-2-119.3 (6)(d).

(3) The review board shall convene its first meeting on or before November 1, 2017, and shall meet thereafter as determined by the membership.

(4) The review board shall coordinate with review teams to collect data, review and analyze the data, and prepare recommendations for the general assembly. The review board shall submit a written report of its recommendations to the health and human services and judiciary committees of the senate and the public health care and human services and judiciary committees of the house of representatives, or any successor committees, on or before December 1, 2018, and on or before December 1 each year thereafter. Notwithstanding the provisions of

section 24-1-136 (11)(a)(I), the report required in this subsection (4) expires on September 1, 2022. The review board shall make the report available to the public on the department's website. The report may include, but is not limited to, the following:

(a) Recommendations for improving communication between public and private organizations and agencies;

(b) The number of domestic violence fatalities and near-death incidents that occurred in each county during the preceding year and the factors associated with each fatality;

(c) Recommendations for:

(I) Reducing the incidence of domestic violence in the state; and

(II) Improving responses to domestic violence incidents by the legal system and by communities; and

(d) Recommendations directed at primary prevention of domestic violence.

(5) Case review data will be stored in the manner determined by the review board. The review board shall work with review teams to incorporate and maintain existing data collection methods.

(6) In addition to collaborating with review teams, the review board may collaborate with other agencies or organizations to fulfill its duties pursuant to this part 7.

(7) Notwithstanding any provision of this section, the review board is authorized to review case data only from cases that have been closed by each law enforcement agency that investigated or prosecuted each such case.

(8) The review board shall provide technical assistance and training to local governments as needed to help establish and maintain a review team and shall provide technical assistance and training to existing review teams as needed.

(9) The review board shall pursue implementation of any review board recommendations pertaining, but not limited to:

(a) Improving communication and information-sharing between public and private organizations and agencies as to domestic violence incidents and risk;

(b) Reducing the incidence of domestic violence and domestic violence fatalities in the state; and

(c) Improving responses to domestic violence incidents.

(10) The review board shall provide any necessary coordination between local governments and organizations to assist with domestic violence prevention and responses to fatalities.

(11) The review board shall make a recommendation in its 2022 annual written report whether and how diversity, equity, and inclusion training could be provided for individuals who provide initial call response functions and could be provided for local boards who may conduct a fatality review to create greater trust between local agencies and victims of domestic violence.

(12) (a) The review board shall coordinate with stakeholders to develop best practices for collecting data on domestic violence-related fatalities.

(b) The review board and local review teams shall coordinate to implement effective information-sharing related to identified domestic violence fatalities.

(13) (a) The review board shall perform outreach to local governments and organizations to promote the development of local review teams.

(b) The review board shall prioritize development and support of local review teams in underserved and rural communities.

24-31-703. Local and regional domestic violence fatality review teams - creation - membership - purpose - duties. (1) A city, county, or district court may establish a review team to review fatal and near-fatal incidents of domestic violence, related domestic violence matters, and suicides related to domestic abuse.

(2) In establishing a review team, a city, county, or district court, to the extent practicable, shall select team members with subject-matter expertise from the following entities, with an attempt to reflect the racial and ethnic makeup of the city, county, or judicial district:

- (a) Appropriate county departments;
- (b) Domestic violence service providers;
- (c) Law enforcement agencies;
- (d) Prosecutors' offices;
- (e) One or more county departments of public health;
- (f) One or more county departments of human or social services;
- (g) One or more coroner's offices or county medical examiner's offices or designees thereof;
- (h) Batterer intervention services providers;
- (i) The local parole division of the state board of parole;
- (j) The local probation department;
- (k) Hospitals;
- (l) Judges of the county and district courts;
- (m) Clerks of the county and district courts; and
- (n) Survivors of domestic violence.

(3) (a) Each review team shall collect data on domestic violence fatalities and near-death incidents, conduct individual case reviews of domestic violence fatalities and near-death incidents, document case characteristics of those case reviews, and report this information to their communities and to the review board.

(b) Each review team shall determine its own structure and activities; except that, to ensure statewide consistency, each review team shall use any uniform method for collecting, analyzing, or storing data that is established by the review board pursuant to section 24-31-702 (1)(c).

(c) Each review team shall determine which incidents to review. A review by a review team may include examination and consideration of:

- (I) Events leading up to the domestic violence incident;
- (II) Available resources of the criminal legal system and community;
- (III) Current laws and policies;
- (IV) Actions taken by individuals and agencies, including individuals and agencies of the criminal justice and human services systems, related to the incident and the parties; and
- (V) Any other information or action deemed relevant by the review team, including a review of public records and records for which public records exemptions are granted.

(4) Each review team shall submit data and recommendations to the review board:

(a) On or before September 1 of each year following the year in which the review team was established; or

(b) In the case of a review team in existence on August 9, 2017, on or before September 1, 2018, and on or before September 1 each year thereafter.

(5) (a) Notwithstanding subsection (1) of this section, no more than one review team may be created in any judicial district. Review teams in existence on August 9, 2017, are recognized as review teams under this part 7.

(b) Nothing in this section requires the formation of a review team.

(6) If a local or regional child fatality prevention review team is created in a judicial district pursuant to section 25-20.5-404, it may operate as a domestic violence review team pursuant to this section, so long as it:

(a) Uses a uniform method for collecting, analyzing, or storing data that is established by the review board pursuant to section 24-31-702 (1)(c); and

(b) Includes domestic violence expertise from entities described in subsection (2) of this section.

(7) Notwithstanding any provision of this section, a local or regional child fatality prevention review team is authorized to review case data only from cases that have been closed by each law enforcement agency that investigated or prosecuted each such case.

24-31-704. Access to records - confidentiality - public access - immunity. (1) (a) Notwithstanding any other state law to the contrary, but subject to the requirements of applicable provisions of federal law, the review board and review teams have access to records and information that are relevant to a review of a domestic violence fatality and that are in the possession of a state or local governmental agency.

(b) The review board and review teams may access mental health and substance abuse treatment records only with the written consent of appropriate parties in accordance with applicable federal and state law.

(2) (a) All review board and review team meetings; activities of the review board and review teams, including activities of any issue-specific panel or ad hoc subcommittee formed by the review board or by review teams; review board and review team meeting notes and statements; health information and medical records obtained by the review board or by review teams; and any information obtained by the department in connection with the review board or review teams are confidential and are not subject to:

(I) The open meetings provisions of the "Colorado Sunshine Act of 1972" set forth in section 24-6-402;

(II) The "Colorado Open Records Act", part 2 of article 72 of title 24; or

(III) Subpoena, discovery, or introduction into evidence in any civil or criminal proceeding, unless the information was obtained from another source that is separate and apart from the review board or review teams.

(b) Each member of the review board, each member of a review team, and each invited participant at a meeting shall sign a statement indicating an understanding of and adherence to confidentiality requirements. A person who knowingly violates confidentiality requirements

commits a petty offense and, upon conviction, shall be punished as provided in section 18-1.3-503.

(c) A member of the review board, a member of a review team, a person who attends a review team meeting, and a person who presents information to a review team are not subject to examination in any civil or criminal proceeding concerning information presented to members of the review team or opinions formed by the review team based on that information. A person may, however, be examined concerning information reviewed by the review board or a review team that is otherwise available to the public or that is required to be revealed by that person in an official capacity.

(d) Information, documents, records, notes, memoranda, and data of the review board and the review teams are not subject to subpoena, discovery, or introduction into evidence in any action in any court or before any tribunal, board, agency, or person and may not be exhibited or disclosed in any way by any person unless the information was obtained from another source that is separate and apart from the review board or review teams, except as may be necessary for furthering the duties of the review board or the review teams or in response to an alleged violation of a confidentiality agreement pursuant to subsection (2)(b) of this section.

(3) A member of the review board, a member of a review team, and any person acting as a witness to, incident reporter to, or investigator for the review board or a review team is not liable for any act or proceeding undertaken or performed within the scope of the functions of the review board or review team unless he or she acted in bad faith, with malicious purpose, or in a manner exhibiting wanton and willful disregard of human rights, safety, or property.

(1) "Abuse" means willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical or financial harm or pain or mental anguish, including any acts or omissions that constitute a criminal violation under state law.

(2) "Beneficiary" means any individual who receives goods or services from a provider under the medicaid program.

(3) "Benefit" means any benefit authorized under the "Colorado Medical Assistance Act".

(4) "Claim" means any communication submitted to the medicaid program or to a person that has contracted with the medicaid program, whether oral, written, electronic, or magnetic, that identifies a good, item, or service as reimbursable under the medicaid program; is used to authorize the provision of services under the medicaid program; serves as an invoice for services provided under contract with the medicaid program; or states income or expense and is or may be used to determine a rate of payment under the medicaid program.

(5) "Colorado Medical Assistance Act" means articles 4 to 6 of title 25.5.

(6) "Exploitation" means the wrongful taking or use of funds or property of a patient residing in a health-care facility or board and care facility that constitutes a criminal violation under state law.

(7) "Knowingly" and "willfully" have the same meaning as set forth in section 18-1-501 (6).

(8) "Material information" means an assertion or information directly pertaining to a claim, record, statement, or representation that a reasonable person knows or should know will affect the action, conduct, or decision of the person who receives or is intended to receive the asserted information in a manner that would directly or indirectly benefit the person making the assertion.

(9) "Medicaid fraud and waste" means any act, by commission or omission, as described in section 24-31-808.

(10) "Medicaid program" means the medical assistance program authorized by Title XIX of the federal "Social Security Act" and implemented by the "Colorado Medical Assistance Act".

(11) "Neglect" means willful failure to provide goods and services necessary to avoid physical harm, mental anguish, or mental illness, including any neglect that constitutes a criminal violation under state law.

(12) "Person" means an individual, public or private institution, corporation, partnership, association, or managed care entity.

(13) "Provider" means any person, employee, agent, representative, contractor, or subcontractor of a person:

(a) Who has entered into a provider agreement with the department of health care policy and financing to provide goods or services pursuant to the medicaid program;

(b) Who has entered into an agreement with a party to such a provider agreement under which the person agrees to provide goods or services that are reimbursable under the medicaid program;

(c) Who is reimbursed or receives compensation for delivering, purporting to deliver, or arranging for the delivery of health-care goods or services from the medicaid program;

(d) Who is defined as such in section 25.5-4-103 (19); or

(e) Who is defined as such in section 25.5-4-416 (1).

(14) "Records" means any medical, professional, or business records relating to the treatment or care of any beneficiary, to goods or services provided to any beneficiary, or to rates paid for goods or services provided to any beneficiary and any records that are required to be kept by the rules of the medicaid program.

(15) "Statement or representation" means any oral, written, or electronic communication that is used to identify an item of goods or a service for which reimbursement may be made under the medicaid program or that states income and expense and is or may be used to determine a rate of reimbursement under the medicaid program, that may serve as the basis for the calculation of a payment to a provider, or that may serve as a basis for receiving payment.

(16) "Unit" means the medicaid fraud control unit created in section 24-31-802.

24-31-802. Medicaid fraud control unit - creation - duties. There is created within the department of law and under the control of the office of the attorney general the medicaid fraud control unit. The unit shall investigate and prosecute fraud, misuse, waste, and abuse committed by medicaid providers and investigate and prosecute cases of patient abuse, neglect, and exploitation.

Source: L. 2018: Entire part added, (HB 18-1211), ch. 159, p. 1114, § 2, effective January 1, 2019.

24-31-803. Medicaid fraud reporting. The department of health care policy and financing; the department of public health and environment; managed care entities; and their fiscal agents, contractors, or subcontractors, shall refer all cases where the agency or entity has reasonable cause to believe that there is suspected medicaid fraud and waste as well as patient abuse, neglect, and exploitation to the unit for the purpose of investigation, civil action, or criminal action. Nothing contained in this part 8 prohibits the attorney general from pursuing cases of suspected medicaid fraud and waste or patient abuse, neglect, and exploitation cases absent such a referral.

24-31-804. Medicaid fraud control unit - displayed information. The department of health care policy and financing may require that a notification be included in any explanation of benefits provided to a beneficiary that explains the process and contact information for reporting to the unit suspected medicaid fraud and waste as well as patient abuse, neglect, and exploitation. Any notification required pursuant to this section must be placed in a conspicuous location within the explanation of benefits and must include a statement that all reports to the unit may be filed anonymously by persons suspecting fraudulent activity.

Source: L. 2018: Entire part added, (HB 18-1211), ch. 159, p. 1115, § 2, effective January 1, 2019.

24-31-805. Medicaid fraud control unit authority and responsibilities. (1) In carrying out the responsibilities of this section, the unit has the authority to:

(a) Investigate and prosecute civil actions and proceedings, pursuant to section 25.5-4-301 (2) or sections 25.5-4-303.5 to 25.5-4-310;

(b) Investigate and prosecute criminal medicaid fraud and waste pursuant to this part 8 and title 18;

(c) Investigate and prosecute patient abuse, neglect, or exploitation provided that prior to the filing of any criminal charges involving patient abuse, neglect, or exploitation by either complaint or grand jury indictment the unit shall first consult with the district attorney of the judicial district where the prosecution would be initiated. If after such consultation the district attorney agrees with the filing of charges, the unit shall cross-designate the district attorney or his or her designated assistant or deputy district attorney as a special assistant attorney general on the case. If after such consultation the district attorney does not agree with the filing of charges, the unit may file the case independently.

(d) Issue or cause to be issued civil investigative demands and subpoenas or other process in aid of investigations and prosecutions;

(e) Administer oaths and take sworn statements under penalty of perjury; and

(f) Serve and execute, in any county, search warrants that relate to investigations.

Source: L. 2018: Entire part added, (HB 18-1211), ch. 159, p. 1115, § 2, effective January 1, 2019.

24-31-806. Civil investigative demands and subpoenas. (1) Civil investigative demands issued pursuant to this part 8 are subject to the requirements of section 25.5-4-309.

(2) Subpoenas issued pursuant to this part 8 must comply with the provisions of article 90 of title 13 and any court rule.

(3) Any testimony obtained pursuant to a civil investigative demand issued pursuant to this section is not admissible in evidence in any criminal prosecution against the person compelled to testify pursuant to the civil investigative demand. The provisions of this subsection (3) do not prevent the attorney general from independently producing or obtaining the same or similar facts, information, or evidence for use in any criminal prosecution.

Source: L. 2018: Entire part added, (HB 18-1211), ch. 159, p. 1116, § 2, effective January 1, 2019.

24-31-807. Provider applications - false statements - penalties. (1) Each application to participate as a provider in the medicaid program, including amendments, updates, renewals, or revalidations thereof; each report stating income or expense upon which rates of payment are or may be based; and each invoice for payment for a good or service provided to a beneficiary must contain a statement that all matters stated therein are true and accurate, and the statement must be signed by the individual authorized by the provider.

(2) An application under subsection (1) of this section is a public record or instrument as described in section 18-5-102 (1)(d).

Source: L. 2018: Entire part added, (HB 18-1211), ch. 159, p. 1116, § 2, effective January 1, 2019.

24-31-808. Medicaid fraud and waste - penalties - definition. (1) A person commits medicaid fraud and waste when that person knowingly and willfully:

(a) With intent to defraud, makes a claim, or causes a claim to be made, knowing the claim contains material information that is false, in whole or in part, by commission or omission;

(b) With intent to defraud, makes a statement or representation, or causes a statement or representation to be made, for use in obtaining or seeking to obtain authorization to provide a good or a service, knowing the statement or representation contains material information that is false, in whole or in part, by commission or omission;

(c) With intent to defraud, makes a statement or representation, or causes a statement or representation to be made, for use by another in obtaining a good or a service under the medicaid program, knowing the statement or representation contains material information that is false, in whole or in part, by commission or omission;

(d) With intent to defraud, makes a statement or representation, or causes a statement or representation to be made, for use in qualifying as a provider of a good or service under the medicaid program, knowing the statement or representation contains material information that is false, in whole or in part, by commission or omission;

(e) With intent to defraud, signs or submits, or causes to be signed or submitted, a statement described in section 24-31-807 with the knowledge that the application, report, claim, or invoice for services provided under contract contains material information that is false, in whole or in part, by commission or omission;

(f) Except as authorized by law, and without consent of the beneficiary, charges any beneficiary money or other consideration in addition to or in excess of rates of remuneration established under the medicaid program for the services provided to the beneficiary;

(g) Having submitted a claim for or received payment for a good or a service under the medicaid program:

(I) With the intent to prevent their disclosure and review by representatives of the state or their designees, alters, falsifies, or conceals any records that are necessary to fully disclose the nature of all goods or services for which the claim was submitted, or for which reimbursement was received; destroys or removes such records; or fails to maintain such records as required by law or the rules of the department of health care policy and financing for a period of at least six years following the date on which payment was received; or

(II) Alters, falsifies, or conceals any records that are necessary to disclose fully all income and expenditures upon which rates of reimbursements were based, or destroys or removes such records with the intent to prevent their review by representatives of the state or their designees;

(h) Makes or causes to be made a statement or representation for use in qualifying as a provider of a good or service under the medicaid program stating that he or she is in compliance with all provisions of section 25.5-4-416, knowing that the statement or representation contains material information that is false, in whole or in part, through commission or omission; or

(i) Except as authorized by law, and without consent of the beneficiary, recovers or attempts to recover payment from a beneficiary under the medicaid program or from the beneficiary's family or fails to credit the state for payments received from other sources.

(2) Absent knowing or willful conduct, a provider is not liable for medicaid fraud and waste committed by a third party. A provider does not knowingly and willfully violate a requirement, standard, or directive contained in written materials issued by the department of health care policy and financing that was not promulgated in accordance with the "State Administrative Procedure Act", article 4 of title 24, unless the provider has actual knowledge of such requirement, standard, or directive at the time of the violation.

(3) Medicaid fraud in violation of subsections (1)(a) to (1)(c) or (1)(f) of this section is:

(a) A petty offense if the aggregate amount of payments illegally claimed or received is less than three hundred dollars;

(b) Repealed.

(c) A class 2 misdemeanor if the aggregate amount of payments illegally claimed or received is three hundred dollars or more but less than one thousand dollars;

(d) A class 1 misdemeanor if the aggregate amount of payments illegally claimed or received is one thousand dollars or more but less than two thousand dollars;

(e) A class 6 felony where the aggregate amount of payments illegally claimed or received is two thousand dollars or more but less than five thousand dollars;

(f) A class 5 felony where the aggregate amount of payments illegally claimed or received is five thousand dollars or more but less than twenty thousand dollars;

(g) A class 4 felony where the aggregate amount of payments illegally claimed or received is twenty thousand dollars or more but less than one hundred thousand dollars;

(h) A class 3 felony where the aggregate amount of payments illegally claimed or received is one hundred thousand dollars or more but less than one million dollars; and

(i) A class 2 felony where the aggregate amount of payments illegally claimed or received is one million dollars or more.

(4) Medicaid fraud as a violation of subsection (1)(d), (1)(e), (1)(g), (1)(h), or (1)(i) of this section is a class 5 felony and shall be punished as provided in section 18-1.3-401.

(5) A person may not be convicted of medicaid fraud and waste in addition to theft or forgery with respect to the same transaction.

Editor's note: Subsection (3)(b)(II) provided for the repeal of subsection (3)(b), effective March 1, 2022. (See L. 2021, p. 3226.)

24-31-809. Unlawful remuneration - penalties. (1) Except as provided in subsection (2) of this section, it is unlawful for any person to knowingly offer, pay, solicit, or receive any remuneration including, but not limited to, any kickback, bribe, or rebate, directly or indirectly, overtly or covertly, in cash or in kind:

(a) In return for the referral of an individual to a person for the furnishing or arranging of any good or service for which payment may be made in whole or in part pursuant to the "Colorado Medical Assistance Act"; or

(b) In return for purchasing, leasing, ordering, or arranging for or recommending the purchase, lease, or ordering of any good, facility, service, or item for which payment may be made in whole or in part pursuant to the "Colorado Medical Assistance Act".

(2) It shall not be unlawful under subsection (1) of this section if the remuneration obtained by the provider or other entity is:

(a) Permitted pursuant to section 25.5-4-414 or any statutory exceptions or safe harbor regulations under the federal "Anti-Kickback Statute", 42 U.S.C. sec. 1320a-7b (b), as amended;

(b) Properly disclosed and appropriately reflected in the claims or cost documents submitted under the "Colorado Medical Assistance Act";

(c) Paid by an employer to an employee who has a bona fide employment relationship with such employer for employment in providing the service; or

(d) Paid by a vendor of goods or services to a person authorized to act as a purchasing agent for a group of providers, and:

(I) The person has a written contract with the providers that specifies the amount to be paid to the person, which amount may be a fixed amount or a fixed percentage of the value of the purchase made by the person; or

(II) In the case of a provider of services, the person discloses, in such form and manner as the department of health care policy and financing requires, to the provider and, upon request, to the department of health care policy and financing the amount received from each such vendor with respect to purchases made by or on behalf of the provider.

(3) A violation of this section is a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501.

24-31-810. Other remedies available. (1) The provisions of this part 8 are not intended to be exclusive remedies and do not preclude the use of any other criminal prosecution directly related to criminal medicaid fraud and waste, as well as criminal patient abuse, neglect, and exploitation, or any other civil remedy for any act that is in violation of this part 8.

(2) In addition to any penalties provided for in this part 8, a claim under the "Colorado Medical Assistance Act" that includes items or services resulting from a violation of this part 8 or the federal "Anti-Kickback Statute", 42 U.S.C. 1320a-7b (b), as amended, constitutes a false claim for purposes of the "Colorado Medicaid False Claims Act", sections 25.5-4-303.5 to 25.5-4-310.

PART 9

LAW ENFORCEMENT INTEGRITY

Cross references: For the legislative declaration in SB 20-217, see section 1 of chapter 110, Session Laws of Colorado 2020.

24-31-901. Definitions. As used in this part 9, unless the context otherwise requires:

(1) "Contact" means an in-person interaction with an individual, whether or not the person is in a motor vehicle, initiated by a peace officer, whether consensual or nonconsensual, for the purpose of enforcing the law or investigating possible violations of the law. "Contact" does not include routine interactions with the public at the point of entry or exit from a controlled area; a non-investigatory and consensual interaction with a member of the public, initiated by a member of the public, unless and until the interaction progresses into an investigation of a possible violation of the law; a motorist assist; undercover interactions; or routine interactions with persons detained in a jail or detention facility.

(2) "Demographic information" means race, ethnicity, sex, and approximate age.

(2.5) "Exonerated" means dismissal of charges by the court or appropriate prosecutor or a not guilty verdict in a criminal prosecution, a finding of no liability in a civil action, a finding of no culpability or no liability or similar determination in an administrative proceeding, or a finding of not sustained in an internal investigation; except that a finding of no culpability or no liability in an administrative proceeding or a finding of not sustained in an internal investigation does not mean "exonerated" if the officer is found guilty in a subsequent criminal prosecution for the same conduct or found liable for the same conduct in a civil action.

(3) "Peace officer" means any person employed by a political subdivision of the state required to be certified by the P.O.S.T. board pursuant to section 16-2.5-102, a Colorado state patrol officer as described in section 16-2.5-114, and any noncertified deputy sheriff as described in section 16-2.5-103 (2).

(4) "Physical force" means the application of physical techniques or tactics, chemical agents, or weapons to another person.

(4.5) "P.O.S.T. board" means the peace officers standards and training board created in section 24-31-302.

(5) "Serious bodily injury" has the same meaning as in section 18-1-901 (3)(p).

(6) "Tamper" means to intentionally damage, disable, dislodge, or obstruct the sight or sound or otherwise impair functionality of the body-worn camera or to intentionally damage, delete, or fail to upload some or all portions of the video and audio.

(7) "Weapon" means a firearm, long gun, taser, baton, nun chucks, or projectile.

Source: L. 2020: Entire part added, (SB 20-217), ch. 110, p. 445, § 2, effective June 19.
L. 2021: (1) amended and (2.5), (4.5), and (7) added, (HB 21-1250), ch. 458, p. 3054, § 1, effective July 6.

24-31-902. Incident recordings - release - tampering - fine. (1) (a) (I) By July 1, 2023, all local law enforcement agencies in the state and the Colorado state patrol shall provide body-worn cameras for each peace officer of the law enforcement agency who interacts with members of the public. Law enforcement agencies may seek funding pursuant to section 24-33.5-519.

(II) (A) Except as provided in subsection (1)(a)(II)(B) or (1)(a)(II)(C) of this section, a peace officer shall wear and activate a body-worn camera or dash camera, if the peace officer's vehicle is equipped with a dash camera, when responding to a call for service, entering into a premises for the purposes of enforcing the law or in response to a call for service, during a welfare check except for a motorist assist, or during any interaction with the public initiated by the peace officer, whether consensual or nonconsensual, for the purpose of enforcing the law or investigating possible violations of the law. The body-worn camera or dash camera does not need to be on when en route to a call for service, but should be turned on shortly before the vehicle approaches the scene.

(B) A peace officer may turn off a body-worn camera to avoid recording personal information that is not case related; when working on an unrelated assignment; when there is a long break in the incident; and in administrative, tactical, and management discussions when civilians are not present.

(C) A peace officer does not need to wear or activate a body-worn camera if the peace officer is working undercover.

(D) The provisions of this subsection (1)(a)(II) do not apply to jail peace officers or staff of a local law enforcement agency working in any place in the jail that has functioning video cameras; except that this subsection (1)(a)(II) applies to jail peace officers when performing a task that requires an anticipated use of force, including cell extractions and restraint chairs. The provisions of this subsection (1)(a)(II) also do not apply to the civilian or administrative staff of the Colorado state patrol or a local law enforcement agency, the executive detail of the Colorado state patrol, and peace officers working in a courtroom.

(III) If a peace officer fails to activate a body-worn camera or dash camera as required by this section or tampers with body-worn- or dash-camera footage or operation when required to activate the camera, there is a permissive inference in any investigation or legal proceeding, excluding criminal proceedings against the peace officer, that the missing footage would have reflected misconduct by the peace officer. If a peace officer fails to activate or reactivate his or her body-worn camera as required by this section or tampers with body-worn- or dash-camera footage or operation when required to activate the camera, any statements or conduct sought to be introduced in a prosecution through the peace officer related to the incident that were not recorded due to the peace officer's failure to activate or reactivate the body-worn camera as required by this section or if the statement or conduct was not recorded by other means creates a rebuttable presumption of inadmissibility. Notwithstanding any other provision of law, this subsection (1)(a)(III) does not apply if the body-worn camera was not activated due to a malfunction of the body-worn camera and the peace officer was not aware of the malfunction, or was unable to rectify it, prior to the incident, provided that the law enforcement agency's documentation shows the peace officer checked the functionality of the body-worn camera at the beginning of his or her shift.

(IV) (A) In addition to any criminal liability and penalty under the law, if a court, administrative law judge, hearing officer, or a final decision in an internal investigation finds

that a peace officer intentionally failed to activate a body-worn camera or dash camera or tampered with any body-worn or dash camera, except as permitted in this section, the peace officer's employer shall impose discipline up to and including termination, to the extent permitted by applicable constitutional and statutory personnel laws and case law.

(B) In addition to any criminal liability and penalty under the law, if a court, administrative law judge, hearing officer, or a final decision in an internal investigation finds that a peace officer intentionally failed to activate a body-worn camera or dash camera or tampered with any body-worn or dash camera, except as permitted in this section, with the intent to conceal unlawful or inappropriate actions or obstruct justice, the P.O.S.T. board shall suspend the peace officer's certification for a period of not less than one year and the suspension may only be lifted within the period of the suspension if the peace officer is exonerated by a court, administrative law judge, or internal affairs investigation.

(C) In addition to any criminal liability and penalty under the law, if a court, administrative law judge, hearing officer, or a final decision in an internal investigation finds that a peace officer intentionally failed to activate a body-worn camera or dash camera or tampered with any body-worn or dash camera, except as permitted in this section, with the intent to conceal unlawful or inappropriate actions, or obstruct justice, in an incident resulting in a civilian death or serious bodily injury, the P.O.S.T. board shall permanently revoke the peace officer's certification and the revocation may only be overturned if the peace officer is exonerated by a court, administrative law judge, or internal affairs investigation.

(b) A local law enforcement agency and the Colorado state patrol shall establish and follow a retention schedule for body-worn camera recordings in compliance with Colorado state archives rules and direction.

(2) (a) For all incidents in which there is a complaint of peace officer misconduct by another peace officer, a civilian, or nonprofit organization, through notice to the law enforcement agency involved in the alleged misconduct, the local law enforcement agency or the Colorado state patrol shall release, upon request, all unedited video and audio recordings of the incident, including those from body-worn cameras, dash cameras, or otherwise collected through investigation, to the public within twenty-one days after the local law enforcement agency or the Colorado state patrol received the request for release of the video or audio recordings.

(b) (I) All video and audio recordings depicting a death must be provided upon request to the victim's spouse, parent, legal guardian, child, sibling, grandparent, grandchild, significant other, or other lawful representative, and such person shall be notified of his or her right, pursuant to section 24-4.1-302.5 (1)(j.8), to receive and review the recording at least seventy-two hours prior to public disclosure. A person seventeen years of age and under is considered incapacitated, unless legally emancipated.

(II) (A) Notwithstanding any other provision of this section, any video that raises substantial privacy concerns for criminal defendants, victims, witnesses, juveniles, or informants, including video depicting nudity; a sexual assault; a medical emergency; private medical information; a mental health crisis; a victim interview; a minor, including any images or information that might undermine the requirement to keep certain juvenile records confidential; any personal information other than the name of any person not arrested, cited, charged, or issued a written warning, including a government-issued identification number, date of birth, address, or financial information; significantly explicit and gruesome bodily injury, unless the injury was caused by a peace officer; or the interior of a home or treatment facility, shall be

blurred to protect the substantial privacy interest while still allowing public release. Unblurred footage shall not be released without the written authorization of the victim or, if the victim is deceased or incapacitated, the written authorization of the victim's next of kin. A person seventeen years of age and under is considered incapacitated, unless legally emancipated. This subsection (2)(b)(II)(A) does not permit the removal of any portion of the video.

(B) If blurring is insufficient to protect the substantial privacy interest, the local law enforcement agency or the Colorado state patrol shall, upon request, release the video to the victim or, if the victim is deceased or incapacitated, to the victim's spouse, parent, legal guardian, child, sibling, grandparent, grandchild, significant other, or other lawful representative within twenty days after receipt of the complaint of misconduct. In cases in which the recording is not released to the public pursuant to this subsection (2)(b)(II)(B), the local law enforcement agency shall notify the person whose privacy interest is implicated, if contact information is known, within twenty days after receipt of the complaint of misconduct, and inform the person of his or her right to waive the privacy interest.

(C) A witness, victim, or criminal defendant may waive in writing the individual privacy interest that may be implicated by public release. Upon receipt of a written waiver of the applicable privacy interest, accompanied by a request for release, the law enforcement agency may not redact or withhold release to protect that privacy interest.

(III) Any video that would substantially interfere with or jeopardize an active or ongoing investigation may be withheld from the public; except that the video shall be released no later than forty-five days from the date of the allegation of misconduct; except that in a case in which the only offenses charged are statutory traffic infractions, the release of the video may be delayed pursuant to rule 8 of the Colorado rules for traffic infractions. In all cases when release of a video is delayed in reliance on this subsection (2)(b)(III), the prosecuting attorney shall prepare a written explanation of the interference or jeopardy that justifies the delayed release, contemporaneous with the refusal to release the video. Upon release of the video, the prosecuting attorney shall release the written explanation to the public.

(c) If criminal charges have been filed against any party to the incident, that party must file any constitutional objection to release of the recording in the pending criminal case before the twenty-one-day period expires. Only in cases in which there is a pending criminal investigation or prosecution of a party to the incident, the twenty-one-day period shall begin from the date of appointment of counsel, the filing of an entry of appearance by counsel, or the election to proceed pro se by the defendant, receipt of the criminal complaint, and the defendant's receipt of the video in discovery in the criminal prosecution made on the record before a judge. If the defendant elects to proceed pro se in the criminal case, the court shall advise the defendant of the twenty-one-day deadline for the defendant to file any constitutional objection to release of the recording in the pending criminal case as part of the court's advisement. The court shall hold a hearing on any objection no later than seven days after it is filed and issue a ruling no later than three days after the hearing. The hearing is considered a critical stage as defined in section 24-4.1-302 and gives victims the right to be heard pursuant to section 24-4.1-302.5.

(3) Subsection (1)(a)(III) of this section, as it relates to only an officer tampering with body-worn or dash-camera footage or operation, and subsection (2) of this section apply on and after July 6, 2021, when a peace officer is wearing a body-worn camera or the officer's vehicle is equipped with a dash camera. If a peace officer is wearing a body-worn camera or the officer's

vehicle is equipped with a dash camera, the remaining portions of this section apply on and after July 1, 2022. This section does not require a law enforcement agency to provide its law enforcement officers with body-worn cameras prior to July 1, 2023.

24-31-903. Division of criminal justice report. (1) Beginning July 1, 2023, the division of criminal justice in the department of public safety shall create an annual report including all of the information that is reported to the division pursuant to subsection (2) of this section, aggregated and broken down by the law enforcement agency that employs peace officers, along with the underlying data.

(2) Beginning April 1, 2022, the Colorado state patrol and each local law enforcement agency that employs peace officers shall report to the division of criminal justice the following using data-collection methods developed for this purpose by the division of criminal justice in conjunction with the Colorado bureau of investigation and local law enforcement agencies:

(a) All use of force by its peace officers that results in death or serious bodily injury or that involves the use of a weapon, including:

(I) The date, time, and location of the use of force;

(II) The perceived demographic information of the person contacted, provided that the identification of these characteristics is based on the observation and perception of the peace officer making the contact and other available data;

(III) The names of all peace officers who were at the scene, identified by whether the peace officer was involved in the use of force or not; except that the identity of other peace officers at the scene not directly involved in the use of force shall be identified by the officer's identification number issued by the P.O.S.T. board unless the peace officer is charged criminally or is a defendant to a civil suit as a result arising from the use of force;

(IV) The type of force used, the severity and nature of the injury, whether the peace officer suffered physical injury, and the severity of the peace officer's injury;

(V) Whether the peace officer was on duty at the time of the use of force;

(VI) Whether a peace officer unholstered or brandished a weapon during the incident, and, if so, the type of weapon;

(VII) Whether a peace officer discharged a weapon during the incident;

(VIII) Whether the use of force resulted in a law enforcement agency investigation and the result of the investigation;

(IX) Whether the use of force resulted in a civilian complaint and the resolution of that complaint;

(X) Whether an ambulance was called to the scene and whether a person was transported to a hospital from the scene whether in an ambulance or other transportation; and

(XI) Whether the person contacted exhibited a weapon during the interaction leading up to the injury or death, and, if so, the type of weapon and whether it was discovered before or after the use of force;

(b) All instances when a peace officer resigned while under investigation for violating department policy;

(c) All data relating to contacts and entries into a residence, including a forcible entry, conducted by its peace officers, including:

(I) The perceived demographic information of the person contacted provided that the identification of these characteristics is based on the observation and perception of the peace officer making the contact and other available data; except that this subsection (2)(c)(I) does not apply to a person contacted who is a witness to a crime or a survivor of a crime;

(II) Whether the contact was a traffic stop;

(II.5) Whether the contact was a showup, as defined in section 16-1-110 (1)(b);

(III) The time, date, and location of the contact;

(IV) The duration of the contact;

(V) The reason for the contact;

(VI) The suspected crime;

(VII) The result of the contact, such as:

(A) No action, warning, citation, property seizure, or arrest;

(B) If a warning or citation was issued, the warning provided or violation cited;

(C) If an arrest was made, the offense charged;

(D) If the contact was a traffic stop, the information collected, which is limited to the driver;

(E) If the contact was a showup, the information collected pursuant to section 16-1-109 (6) for the eyewitness and the subject.

(VIII) The actions taken by the peace officer during the contact, including but not limited to whether:

(A) The peace officer asked for consent to search the person, and, if so, whether consent was provided;

(B) The peace officer searched the person, a vehicle, or any property, and, if so, the basis for the search and the type of contraband or evidence discovered, if any;

(C) The peace officer seized any property and, if so, the type of property that was seized and the basis for seizing the property;

(D) A peace officer unholstered or brandished a weapon during the contact, and, if so, the type of weapon; and

(E) A peace officer discharged a weapon during the contact;

(d) All instances of unannounced entry into a residence, with or without a warrant, including:

(I) The date, time, and location of the use of unannounced entry;

(II) The perceived demographic information of the subject of the unannounced entry, provided that the identification of these characteristics is based on the observation and perception of the peace officer making the entry and other available data;

(III) Whether a peace officer unholstered or brandished a weapon during the unannounced entry, and, if so, the type of weapon; and

(IV) Whether a peace officer discharged a weapon during the unannounced entry.

(e) The number of officer-involved civilian deaths.

(3) The Colorado state patrol and local law enforcement agencies shall not report the name, address, social security number, or other unique personal identifying information of the subject of the use of force, victim of the official misconduct, eyewitness or subject in a showup, or persons contacted, searched, or subjected to a property seizure. Notwithstanding any provision of law to the contrary, the data reported pursuant to this section is available to the public pursuant to subsection (4) of this section.

(4) The division of criminal justice shall maintain a statewide database with data collected pursuant to this section, in a searchable format, and publish the database on its website.

(5) The Colorado state patrol and any local law enforcement agency that fails to meet its reporting requirements pursuant to this section is subject to the suspension of its funding by its appropriating authority.

24-31-904. Peace officer certification discipline. (1) (a) Notwithstanding any provision of law, the P.O.S.T. board shall permanently revoke a peace officer's certification if:

(I) The P.O.S.T. certified peace officer is convicted of or pleads guilty or nolo contendere to a crime involving the unlawful use of physical force or a crime involving the failure to intervene in the use of unlawful force and the incident resulted in serious bodily injury or death to another person;

(II) The P.O.S.T. certified peace officer is found civilly liable for the use of unlawful physical force, or is found civilly liable for failure to intervene in the use of unlawful force and the incident resulted in serious bodily injury or death to another person;

(III) An administrative law judge, hearing officer, or internal investigation finds that a peace officer used unlawful physical force, failed to intervene, or violated section 18-1-707, and the incident resulted in serious bodily injury or death to another person;

(IV) An administrative law judge, hearing officer, or internal investigation finds that a peace officer failed to intervene pursuant to section 18-8-805 (5) and the incident resulted in death to another person; or

(V) An administrative law judge, hearing officer, or internal investigation finds that a peace officer violated section 18-8-805 (1) or (2)(a)(I) and the incident resulted in death to another person.

(b) The P.O.S.T. board shall not, under any circumstances, reinstate the peace officer's certification or grant new certification to the peace officer unless the peace officer is exonerated by an administrative law judge, hearing officer, or court. The P.O.S.T. board shall record each

peace officer whose certification is revoked pursuant to this section in the database created pursuant to section 24-31-303 (1)(r).

(2) (a) Notwithstanding any provision of law, the P.O.S.T. board shall suspend a peace officer's certification for at least a year if:

(I) The P.O.S.T. certified peace officer is convicted of or pleads guilty or nolo contendere to a crime involving the unlawful use or threatened use of physical force or a crime involving the failure to intervene in the use of unlawful force and the incident did not result in serious bodily injury or death to another person;

(II) The P.O.S.T. certified peace officer is found civilly liable for the use or threatened use of unlawful physical force, or is found civilly liable for failure to intervene in the use of unlawful force and the incident did not result in serious bodily injury or death to another person;

(III) An administrative law judge, hearing officer, or internal investigation finds that a peace officer used or threatened to use unlawful physical force, failed to intervene, or violated section 18-1-707, and the incident did not result in serious bodily injury or death to another person; or

(IV) An administrative law judge, hearing officer, or internal investigation finds that a peace officer failed to intervene pursuant to section 18-8-805 (5), or violated section 18-8-805 (1) or (2)(a)(I), and the incident did not result in death to another person.

(b) The P.O.S.T. board shall reinstate the peace officer's certification if the peace officer is exonerated by an administrative law judge, hearing officer, or court.

(3) Notwithstanding this section, the P.O.S.T. board shall not suspend or revoke a peace officer's certification based on a final decision of an internal investigation unless and until subsections (3)(a) and (3)(b) of this section are complied with, no later than one hundred eighty days after the date the law enforcement agency reports an incident to the P.O.S.T. board:

(a) The law enforcement agency that employs or employed the peace officer shall notify the P.O.S.T. board upon any sustained findings of subsection (1)(a)(III) or (2)(a)(III) of this section, in a manner designated by the P.O.S.T. board. Upon receipt of the notification, the P.O.S.T. board shall notify the certificate holder of the certificate holder's right to request a hearing. Upon request of the P.O.S.T. board, the reporting agency shall provide relevant documents related to the sustained findings of subsection (1)(a)(III) or (2)(a)(III) of this section. For the purposes of this subsection (3), the records of any law enforcement agency that are submitted for review by the P.O.S.T. board remain the property of the reporting law enforcement agency and are not subject to public release by the P.O.S.T. board.

(b) The certificate holder must request a hearing within thirty days after receipt of the P.O.S.T. board's notification. Upon the request by the certificate holder, the P.O.S.T. board shall refer the matter to an administrative law judge, who shall conduct a hearing in compliance with sections 24-4-104 and 24-4-105 to determine if the officer engaged in the alleged conduct.

(c) If the certificate holder either does not request a hearing or requests a hearing and the administrative law judge determines, after conducting the hearing pursuant to the rules of the P.O.S.T. board and in compliance with sections 24-4-104 and 24-4-105, that the certificate holder violated subsection (1)(a)(III) or (2)(a)(III) of this section, the P.O.S.T. board shall revoke or suspend the peace officer's certification pursuant to subsection (1)(a) or (2)(a) of this section.

(4) The P.O.S.T. board has the authority to permanently revoke or suspend the certification of any peace officer who enters into a deferred judgement, deferred prosecution, or

diversion agreement for a crime involving the unlawful use of physical force or a crime involving the failure to intervene in the unlawful use of force.

24-31-906. Retaliation against whistleblower officers prohibited. (1) A peace officer's employer or the employer's agent shall not discharge; discipline; demote; deny a promotion, transfer, or reassign; discriminate against; harass; or threaten a peace officer's employment because the peace officer disclosed information that shows:

- (a) A danger to public health or safety; or
- (b) A violation of law or policy committed by another peace officer.

(2) No later than January 1, 2022, all law enforcement agencies that employ P.O.S.T.-certified peace officers shall provide a training available to employees, a workplace posting, or both regarding the requirements of this section. If the law enforcement agency provides a posting, the law enforcement agency shall place the posting in an area that is readily accessible to all employees and printed in a readable format. For new employees hired after the date of the training for existing employees, the law enforcement agency shall provide the training during the employee's orientation.

(3) An employee or agent of a law enforcement agency that knowingly or intentionally violates subsection (1) of this section shall be disciplined appropriately by the law enforcement agency.

PART 10

COMMISSION ON IMPROVING FIRST RESPONDER

INTERACTIONS WITH PERSONS WITH DISABILITIES

24-31-1001. Definitions. As used in this part 10, unless the context otherwise requires:

(1) "Commission" means the commission on improving first responder interactions with persons with disabilities created in section 24-31-1002.

(2) "First responder" means a peace officer, firefighter, or emergency medical service provider.

(3) "Person with a disability" has the same meaning set forth in section 18-6.5-102 (11), and includes a person with dementia diseases and related disabilities.

(4) "P.O.S.T. board" means the peace officers standards and training board created in section 24-31-302.

Source: L. 2021: Entire part added, (HB 21-1122), ch. 405, p. 2687, § 1, effective June 30.

24-31-1002. Commission - membership - duties. (1) There is created within the department of law and under the control of the office of the attorney general the commission on improving first responder interactions with persons with disabilities.

(2) The commission consists of twelve members, appointed by the attorney general, as follows:

- (a) Two persons with a disability;
- (b) Two parents of a child with a disability;
- (c) Two representatives from organizations that advocate for persons with disabilities who are recommended by the organization, one of whom also represents the interests of seniors or an aging advocacy organization;

(d) A person who meets the qualifications described in subsection (2)(a), (2)(b), or (2)(c) of this section and who represents a disability community that is not represented by the persons appointed pursuant to subsection (2)(a), (2)(b), or (2)(c) of this section;

(e) A representative of a statewide organization of current and former peace officers;

(f) A representative of a statewide organization of chiefs of police;

(g) A representative of a statewide organization of county sheriffs;

(h) One member of the P.O.S.T. board; and

(i) A member of the P.O.S.T. board's curriculum subject matter expert committee.

(3) (a) The attorney general shall appoint members to the commission no later than September 15, 2021.

(b) In making appointments to the commission pursuant to subsection (2) of this section, the attorney general shall ensure, to the greatest extent possible, that the membership of the commission is representative of the ethnic, cultural, age, and gender diversity of the state and of all geographic areas of the state, including rural areas.

(4) Members of the commission serve without compensation but the department of law shall reimburse members for all actual and necessary expenses incurred in the performance of their duties.

(5) The attorney general's office shall provide a staff member to coordinate and support the commission and help implement the commission's recommendations.

(6) (a) The attorney general's office shall convene the first meeting of the commission no later than October 15, 2021. At the first meeting, commission members shall select from among the membership a person to serve as chair of the commission.

(b) The commission shall meet upon the call of the chair as necessary to complete its duties specified in this part 10, but must meet at least once per quarter.

24-31-1003. Study of training concerning interactions with persons with disabilities - report. (1) The commission shall, in collaboration with the P.O.S.T. board, evaluate existing training for peace officers concerning interactions with persons with disabilities. The commission shall examine:

(a) Whether the training is included as a part of basic training or any other training program approved by the P.O.S.T. board and provided by a law enforcement training academy;

(b) (I) If the training is required, the number of hours of training required; or

(II) If the training is optional, the number of hours of training offered; and

(c) The qualifications and experience required of instructors who provide the training.

(2) The commission shall review existing training curricula concerning first responder interactions with persons with disabilities offered by organizations in Colorado and other states. The commission's review must include identifying existing curricula offered by governmental agencies and nongovernmental organizations, evaluating whether any identified existing and available curricula is adequate to train peace officers in Colorado, and whether any existing curricula could be modified to properly train peace officers in Colorado.

Source: L. 2021: Entire part added, (HB 21-1122), ch. 405, p. 2689, § 1, effective June 30.

24-31-1004. Recommend training curriculum for peace officers. (1) (a) On or before February 28, 2022, and after completing the study described in section 24-31-1003, the commission shall recommend to the P.O.S.T. board the curriculum for peace officer training concerning interactions with persons with disabilities to be used in basic training and other training programs approved by the P.O.S.T. board and that may be offered to first responders that are not required to take P.O.S.T. board approved training.

(b) The recommended curriculum must include an initial training curriculum that can be offered as part of basic law enforcement training and an annual in-service training curriculum.

(2) In recommending a curriculum pursuant to this section, the commission must:

(a) Recommend a curriculum that meets or exceeds the standards of the existing curriculum offered to first responders identified by the committee in its study of the existing curriculum;

(b) Consider existing basic training and annual in-service training requirements for peace officers to ensure that the recommended curriculum can be implemented effectively and with the least possible duplication of existing training requirements and administrative and financial burden on peace officers, law enforcement agencies, and law enforcement training academies;

(c) Study the existing training requirement concerning abuse and exploitation of at-risk adults with intellectual and developmental disabilities described in section 24-31-313.5 and consider recommending a curriculum that may satisfy the existing requirement; and

(d) Consider the results of any audit that examined first responder interactions with persons with disabilities in Colorado.

(3) (a) After implementation of the curriculum as described in section 24-31-317, the commission shall examine any challenges faced by the P.O.S.T. board, law enforcement agencies, and law enforcement training academies with implementing the curriculum, including resource availability; periodically assess the effectiveness of the curriculum; and determine whether any changes need to be made to the curriculum.

(b) If, after the implementation of the curriculum, the commission determines that the curriculum should be changed, it may recommend changes to the P.O.S.T. board. The P.O.S.T. board may adopt the recommended changes.

(4) The commission may identify and recommend an existing training curriculum appropriate for first responders who are not peace officers.

PART 11

FINANCIAL EMPOWERMENT FOR COLORADO RESIDENTS

24-31-1101. Financial empowerment office - creation - director. (1) There is hereby created in the department of law the financial empowerment office, the head of which is the

director of the office. The financial empowerment office and the director of the office shall exercise their powers and perform their duties and functions under the department of law as if transferred to the department by a **type 2** transfer, as such transfer is defined in the "Administrative Organization Act of 1968", article 1 of this title 24.

(2) The director of the financial empowerment office shall be appointed by the attorney general. The director may hire staff as necessary to perform the duties and functions of the office. The office shall also consist of a manager who shall be appointed by the director.

Source: L. 2021: Entire part added, (SB 21-148), ch. 315, p. 1946, § 1, effective July 1.

24-31-1102. Financial empowerment office - purpose - duties. (1) The purpose of the financial empowerment office is to grow the financial resilience and well-being of Coloradans through community-derived goals and strategies, including but not limited to:

- (a) Expanding access to safe and affordable banking;
- (b) Increasing access to safe, affordable, low-cost credit offered at costs that do not exceed the finance charges permitted by Colorado law;
- (c) Expanding access to free individual financial counseling and coaching;
- (d) Expanding community wealth-building strategies; and
- (e) Identifying barriers to financial empowerment and financial stability.

(2) The financial empowerment office may partner with state and federal agencies, local governments, tribal nations, community organizations, financial institutions, local service providers, philanthropic organizations, and other organizations as necessary to achieve the purposes of the office. In furtherance of achieving the purposes of the office, subject to available appropriations, the office may develop or promote new or existing:

- (a) Methods, programs, and policies to increase access to safe and affordable financial products;
- (b) Tools and resources that advance, increase, and improve Colorado residents' financial management, including strategies for debt management and reduction, increasing savings, and creating and retaining assets that promote personal financial stability;
- (c) Community-informed strategies that dismantle systemic barriers to building ownership and wealth for all, especially low-income communities and communities of color; and
- (d) Tools that promote financial stability such as those that assist with service navigation, eviction avoidance, or connections to income supports.

(3) The financial empowerment office shall, subject to available appropriations:

(a) Support the organization of local community efforts to define and lead tailored financial resilience strategies based on local context, priorities, and expertise from those serving these communities. Stakeholders may include but are not limited to representatives of older adults, younger adults, communities of color, underbanked and unbanked Coloradans, immigrants, Coloradans of low income, banks, credit unions, local service providers, local government agencies, and philanthropic organizations.

(b) Align, support, and build ties among the numerous and diverse efforts to build financial education and well-being in communities across Colorado;

(c) Establish a council comprised of financial institutions, the office of the state treasurer, local and state officials, tribal nations, philanthropic and community organizations, and other organizations or persons determined by the director to assist the director in defining,

identifying, creating, expanding, and increasing access to ownership, financial well-being, and safe and affordable banking and financial services that help improve the financial stability of unbanked and underbanked individuals and families and to assist the director in identifying products and practices that may undermine financial stability. At no point shall the majority of council members be representative of or have ties to the financial services industry and every effort shall be made to include representatives of under-represented communities.

(d) Work with stakeholders to increase access to safe and affordable credit-building loans and financial products;

(e) Work with state authorities and other stakeholders to expand access to safe and affordable banking products with low fees and easy account access, as well as safe and affordable credit-building loans offered by financial service providers licensed in Colorado at costs that do not exceed the finance charges permitted by Colorado law;

(f) Work with stakeholders to identify products and practices that may undermine financial stability;

(g) Develop technical assistance to launch or expand financial coaching and counseling efforts locally;

(h) Track community feedback on consumer financial abuses permitting the accused business thirty days to respond prior to any public disclosure, and coordinate with the consumer protection division within the department of law and the department of regulatory agencies to connect consumers with existing resources and educate the public on their related consumer rights.

(4) The financial empowerment office has no independent examination or regulatory authority, but nothing in this part 11 shall be construed to limit the authorities of the attorney general, the administrator designated in section 5-6-103, or the department of regulatory agencies.

(5) The department of law shall annually report on the state of affordable banking access in Colorado, the activities of the office of financial empowerment, and local partnerships in implementing the objectives of the office as a part of its presentation to its committee of reference at a hearing held pursuant to section 2-7-203 (2)(a) of the "State Measurement for Accountable, Responsive, and Transparent (SMART) Government Act". The report shall address access to secure, safe, and affordable financial products, including:

(a) Geographic and racial equity considerations;

(b) An examination of existing financial products regulated by the state of Colorado and other financial products that are being offered within Colorado;

(c) Recommendations for reforms that would encourage greater access to secure, safe, and affordable financial products or would provide better protections to consumers; and

(d) An examination of local financial empowerment work and the impact on economic security and mobility of residents.

24-31-1202. Definitions. As used in this part 12, unless the context otherwise requires:

(1) (a) "Claim" means a request or demand, whether under a contract or otherwise, for money or property and whether or not the state or a political subdivision has title to the money or property, that is:

(I) Presented to an officer, employee, or agent of the state or political subdivision; or

(II) Made to a contractor, grantee, or other recipient, if the money or property is to be spent or used on the state's or political subdivision's behalf or to advance a government program or interest, and if the state or political subdivision:

(A) Provides or has provided any portion of the money or property requested or demanded; or

(B) Will reimburse such contractor, grantee, or other recipient for any portion of the money or property that is requested or demanded.

(b) "Claim" includes the failure to pay or the underpayment of an obligation owed to the state.

(c) "Claim" does not include a request or demand for money or property that the state or a political subdivision has paid:

(I) To an individual as compensation for employment by the state or political subdivision;

(II) As an income subsidy with no restrictions on that individual's use of the money or property;

(III) To an individual as part of a government assistance program in an amount less than ten thousand dollars in a calendar year; or

(IV) To a person under the "Colorado Medical Assistance Act", articles 4, 5, and 6 of title 25.5.

(2) "Department" means the department of law.

(3) "Fund" means the false claims recovery cash fund created in section 24-31-1209.

(4) (a) "Knowing" or "knowingly" mean that a person, with respect to information about a claim:

(I) Has actual knowledge of the falsity of the information;

(II) Acts in deliberate ignorance of the truth or falsity of the information; or

(III) Acts in reckless disregard of the truth or falsity of the information.

(b) "Knowing" or "knowingly" does not require proof of specific intent to defraud. A person who acts merely negligently with respect to information is not deemed to have acted knowingly, unless the person acts with reckless disregard of the truth or falsity of the information.

(5) "Material" means having a natural tendency to influence, or be capable of influencing, the payment or receipt of money or property.

(6) "Obligation" means an established duty, whether or not fixed, arising from an express or implied contractual, grantor-grantee, or licensor-licensee relationship; from a

fee-based or similar relationship; from statute or regulation; or from the retention of any overpayment.

(7) "Person" means any individual, corporation, business trust, estate, trust, limited liability company, partnership, association, or other nongovernmental legal entity.

(8) "Political subdivision" has the same meaning as set forth in section 24-72-202.

(9) "Proceeds" means all money, property, damages, double damages, treble damages, civil penalties, and payments for costs of compliance, including reasonable costs and attorney fees, realized by the state whether as a result of any settlement of or judgment entered in any action brought pursuant to this part 12.

24-31-1203. False claims - civil liability for certain acts - penalty - exception. (1) Subject to subsection (2) of this section and except as otherwise provided in subsection (5) of this section, a person is liable to the state for a civil penalty of not less than eleven thousand eight hundred dollars and not more than twenty-three thousand six hundred dollars per violation, plus three times the amount of damages that the state sustains because of the act of that person, if that person:

(a) Knowingly presents, or causes to be presented, a false or fraudulent claim for payment or approval;

(b) Knowingly makes, uses, or causes to be made or used a false record or statement material to a false or fraudulent claim;

(c) Has possession, custody, or control of property or money used, or to be used, by the state or political subdivision and knowingly delivers, or causes to be delivered, less than all of the money or property;

(d) Authorizes the making or delivery of a document certifying receipt of property used, or to be used, by the state or political subdivision and, with the intent to defraud the state or political subdivision, makes or delivers the receipt without completely knowing that the information on the receipt is true;

(e) Knowingly buys, or receives as a pledge of an obligation or debt, public property from an officer or employee of the state or political subdivision who lawfully may not sell or pledge the property;

(f) Knowingly makes, uses, or causes to be made or used a false record or statement material to an obligation to pay or transmit money or property to the state or political subdivision, or knowingly conceals or knowingly and improperly avoids or decreases an obligation to pay or transmit money or property to the state or political subdivision;

(g) Knowingly makes, uses, or causes to be made or used, a false record or statement resulting in the underpayment of premiums owed to the unemployment compensation fund established in section 8-77-101 or in the payment of unemployment insurance benefits of more than fifteen thousand dollars in a calendar year; or

(h) Conspires to commit a violation of subsections (1)(a) to (1)(g) of this section.

(2) (a) Notwithstanding the amount of damages authorized in subsection (1) of this section, for a person who violates subsection (1) of this section, the court may assess reduced

damages and penalties as described in subsection (2)(b) or (2)(c) of this section if the court finds that:

(I) The person who committed the violation furnished to the officials of the state or political subdivision responsible for investigating false claims violations all information about the violation known to the person and furnished said information within thirty days after the date on which the person first learned of a potential violation;

(II) At the time the person furnished the information about the violation to the officials of the state or political subdivision, the person did not have actual or constructive knowledge of the existence of an investigation into the violation; and

(III) The person fully cooperated with any investigation of the violation by the state.

(b) If a person described in subsection (2)(a) of this section furnished information about the violation to the officials of the state or political subdivision before a criminal prosecution, civil action, or administrative action was commenced with respect to the violation, the court shall assess one and one-half the amount of actual damages resulting from the false claim, including interest from the date of the fraud to the date of full repayment of all damages, that the state or political subdivision sustains because of the violation and a civil penalty of not less than five thousand nine hundred dollars and not more than eleven thousand eight hundred dollars per violation.

(c) If a person described in subsection (2)(a) of this section furnished information about the violation to the officials of the state while a criminal prosecution, civil action, or administrative action concerning the violation was under seal pursuant to section 24-31-1204 (3)(b), the court shall assess double the amount of actual damages resulting from the false claim, including interest from the date of the fraud to the date of full repayment of all damages, that the state or political subdivision sustains because of the violation and a civil penalty of not less than seven thousand eight hundred dollars and not more than fifteen thousand seven hundred dollars per violation.

(d) The attorney general may determine whether a person meets the criteria described in subsection (2)(a) of this section and submit the determination and reasoning to the court, which the court may consider when making a finding as to whether the person satisfies the criteria described in subsection (2)(a) of this section.

(3) Any information furnished pursuant to subsection (2) of this section is exempt from disclosure pursuant to the "Colorado Open Records Act", part 2 of article 72 of this title 24.

(4) A person who violates this section is also liable to the state for reasonable attorney fees and the costs incurred during the enforcement of this part 12.

(5) This section does not apply to claims, records, or statements made pursuant to title 39.

(6) (a) The maximum and minimum amounts for the civil penalties described in this section must be adjusted for inflation on July 1, 2023, and each July 1 thereafter. The adjustment made pursuant to this subsection (6) must be rounded upward or downward to the nearest ten-dollar increment. The secretary of state shall certify the adjusted maximum and minimum amounts for civil penalties within fourteen days after the appropriate information is available.

(b) For each action brought pursuant to this part 12, the applicable minimum and maximum amounts for a civil penalty are the amounts in effect on the date the cause of action accrues.

(c) As used in this section, "inflation" means the annual percentage change in the Denver-Aurora-Lakewood consumer price index, or its applicable successor index, published by the United States department of labor bureau of labor statistics.

(7) For accounting purposes, a fine or penalty received by the state pursuant to this part 12 is a damage award.

(8) (a) Subject to section 24-31-1204 (4)(e), if the attorney general has authority to bring or intervene in a civil action pursuant to this part 12, the attorney general may accept from a person alleged to have violated subsection (1) of this section, in lieu of or as a part of a civil action, an assurance of discontinuance or a consent order approved by a court of competent jurisdiction of the alleged violation of this part 12. The assurance or consent order may include a stipulation for the voluntary payment by the alleged violator of any relief authorized by this part 12, including payment for investigation and litigation costs incurred by the attorney general or private person who brought an action pursuant to section 24-31-1204 (3), and actual damages resulting from the false claim plus any authorized multiplier, interest, and civil money penalty.

(b) An assurance of discontinuance or consent order accepted by the attorney general precludes a separate action pursuant to section 24-31-1204 (3) by any person based on the same factual circumstances, except for an action based on a violation of the assurance of discontinuance or consent order.

(c) An assurance of discontinuance accepted by the attorney general and any consent order filed with the court as a part of an action is a matter of public record unless the attorney general determines, at the attorney general's discretion, that it is confidential to the parties to the action or proceeding and to the court and its employees. Upon the filing of a civil action or a motion or petition in a pending civil action by the attorney general alleging that a person has violated a confidential assurance of discontinuance or consent order accepted pursuant to this subsection (8), the assurance of discontinuance or consent order is a public record and open to inspection by any person.

(d) Proof by a preponderance of the evidence of a violation of an assurance or stipulation or consent order is prima facie evidence of a violation for the purposes of any civil action or proceeding brought by the attorney general after the alleged violation of the assurance or stipulation or consent order, whether a new action or a motion or petition in a pending action or proceeding.

24-31-1204. Civil actions for false claims - claims for retaliation - definitions. (1) Responsibility of attorney general. (a) The attorney general shall diligently investigate a violation of section 24-31-1203. If the attorney general finds that a person has violated or is violating section 24-31-1203, the attorney general may bring a civil action against the person pursuant to this section.

(b) In any action brought pursuant to this part 12 in which the attorney general is a party, either as the plaintiff or as an intervenor, the court may dismiss the action upon motion of the attorney general following the notice and opportunity for a hearing pursuant to subsection (4)(b)(I) of this section. In determining whether to file a motion to dismiss, the attorney general shall consider the severity of the false claim, program or population impacted by the false claim,

duration of the fraud, weight and materiality of the evidence, other means to make the program whole, and other factors the attorney general deems relevant. The attorney general's decision-making process concerning a motion to dismiss and any records related to the decision-making process are not discoverable in any action.

(2) **Role of the office of the state auditor.** (a) Notwithstanding any other state law requiring the state auditor to keep information confidential, if in the course of its audit authority, the office of the state auditor identifies information of potential false claims submitted to the state or a political subdivision, the state auditor may share any information with the attorney general or the political subdivision. The state auditor may participate, with the consent of the attorney general, in any subsequent investigation or prosecution of that false claim.

(b) If the state auditor elects to participate in any investigation and prosecution of a false claim, the state auditor's interests will be represented by the attorney general.

(3) **Actions by private persons.** (a) A person may bring a civil action for a violation of section 24-31-1203 for the person and for the state. The action must be brought in the name of the state. The court shall not dismiss an action upon motion of the private person who brought the action unless the attorney general gives written consent to the dismissal and reasons for consenting.

(b) (I) A person who brings an action shall serve on the state, pursuant to rule 4 of the Colorado rules of civil procedure, a copy of the complaint and written disclosure of substantially all material evidence and information the person possesses; except that the person shall not disclose any evidence or information that the person reasonably believes is protected by the defendant's attorney-client privilege unless the privilege was waived, inadvertently or otherwise, by the person who holds the privilege; an exception to the privilege applies; or disclosure of the information is permitted by an attorney pursuant to 17 CFR 205.3 (d)(2), the applicable Colorado rules of professional conduct, or otherwise. The complaint must be filed in camera, must remain under seal for at least sixty-three days, and must not be served on the defendant until the court so orders. The state may elect to intervene and proceed with the action within sixty-three days after it receives both the complaint and the material evidence and information.

(II) In determining whether to intervene and proceed with an action pursuant to this subsection (3)(b), the attorney general shall consider the factors described in subsection (1)(b) of this section. The attorney general's decision-making process concerning whether to intervene and any records related to the decision-making process are not discoverable in any action.

(c) The state may, for good cause shown, move the court for extensions of the time during which the complaint remains under seal pursuant to subsection (3)(b) of this section. The motion may be supported by affidavits or other submissions in camera. The defendant is not required to respond to any complaint filed pursuant to this section until twenty-one days after the complaint is unsealed and served upon the defendant pursuant to rule 4 of the Colorado rules of civil procedure.

(d) Before the expiration of the sixty-three-day period pursuant to subsection (3)(b) of this section and any extensions obtained pursuant to subsection (3)(c) of this section, the state shall:

(I) Proceed with the action, in which case the state shall conduct the action; or

(II) Notify the court that it declines to take over the action, in which case the person who brought the action has the right to continue the action.

(e) When a person brings an action pursuant to this subsection (3), only the state may intervene or bring a related action based on the facts underlying the pending action.

(f) Any information provided by a person to the state pursuant to this subsection (3) is exempt from disclosure pursuant to the "Colorado Open Records Act", part 2 of article 72 of this title 24.

(4) Rights of parties to private actions. (a) If the state proceeds with an action brought pursuant to subsection (3) of this section, it has the primary responsibility for prosecuting the action and is not bound by an act of the person who brought the action. The person has the right to continue as a party to the action, subject to the limitations set forth in subsection (3)(b) of this section.

(b) (I) The state may, at any time, dismiss the action, in whole or in part, notwithstanding the objections of the person who brought the action if the person has been notified by the state of the filing of the motion and the court has provided the person with an opportunity for a hearing on the motion.

(II) The state may settle the action with the defendant notwithstanding the objections of the person who brought the action if the court determines, after a hearing, that the proposed settlement is fair, adequate, and reasonable under all the circumstances. Upon a showing of good cause, the court may hold the hearing in camera.

(III) Upon a showing by the state that unrestricted participation during the course of the litigation by the person who brought the action would interfere with or unduly delay the state's prosecution of the case, or would be repetitious, irrelevant, or for purposes of harassment, the court may, in its discretion, impose limitations on the person's participation, including but not limited to:

(A) Limiting the number of witnesses the person may call;

(B) Limiting the length of the testimony of the witnesses called by the person;

(C) Limiting the person's cross-examination of witnesses; and

(D) Otherwise limiting the participation by the person in the litigation.

(IV) Upon a showing by the defendant that unrestricted participation during the course of the litigation by the person who brought the action would be for purposes of harassment or would cause the defendant undue burden or unnecessary expense, the court may limit the participation by the person in the litigation as described in subsection (4)(b)(III) of this section.

(c) The fact that the state has elected not to proceed with an action is not a basis for a motion to dismiss, motion for determination of a question of law, or motion for summary judgment, nor is it a basis to deny the court jurisdiction over the action, but if the attorney general submits to the court the attorney general's reasons for not proceeding with the action, the court may consider the reasons when deciding a motion or whether the court has jurisdiction. If the state so requests, it must be served with copies of all pleadings filed in the action and, at the state's expense, be supplied with copies of all deposition transcripts. When the person proceeds with the action, the court, without limiting the status and rights of the person, may nevertheless permit the state to intervene at a later date upon a showing of good cause.

(d) Regardless of whether the state proceeds with the action, upon a showing by the state or political subdivision that certain actions of discovery by the person who brought the action would interfere with the state's investigation or prosecution of a criminal or civil matter arising out of the same facts, the court may stay the discovery for a period of not more than sixty-three days. The showing by the state must be conducted in camera. The court may extend the

sixty-three-day period upon a further showing that the state has pursued the criminal or civil investigation or proceedings with reasonable diligence and that any proposed discovery in the civil action will interfere with the ongoing criminal or civil investigation or proceedings.

(e) Notwithstanding subsection (3) of this section, the state may elect to pursue its claim through any alternate remedy available to the state. If an alternate remedy is pursued in another proceeding, the person who brought the action pursuant to subsection (3) of this section has the same rights in that proceeding as the person would have had if the action had continued pursuant to this section. Any finding of fact or conclusion of law made in the other proceeding that has become final is binding on all parties to an action brought pursuant to this section. For purposes of this subsection (4)(e), a finding or conclusion is final if it has been finally determined on appeal to the appropriate court of the state, if all time for filing such an appeal with respect to the finding or conclusion has expired, or if the finding or conclusion is not subject to judicial review.

(5) **Award to a person who brings an action.** (a) (I) Subject to subsection (5)(a)(II) of this section, if the state proceeds with an action brought by a person pursuant to subsection (3) of this section, the court shall award the person at least fifteen percent but not more than twenty-five percent of the proceeds received from the action or settlement of the claim, depending upon the extent to which the person substantially contributed to the investigation and prosecution of the action.

(II) If the court finds the action to be based primarily on disclosures of specific information, other than information provided by the person who brought the action, relating to allegations or transactions in a criminal, civil, or administrative hearing; in a legislative, administrative, or formal audit report, hearing, or investigation; or from the news media, the court may award to the person such sums as it considers appropriate but in no case more than ten percent of the proceeds. In making its determination, the court shall consider the significance of the information provided by the person and the role of the person in advancing the case to litigation.

(III) Any payment to a person made pursuant to this subsection (5)(a) must be made from the proceeds. In addition to an award made pursuant to subsection (5)(a)(I) or (5)(a)(II) of this section, the court shall award the person an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorney fees and costs. The court shall award all of the expenses, fees, and costs against the defendant.

(IV) If the person who brought the action is a government employee who, in the course of the person's work for the state gains knowledge of any information that forms, in whole or in part, the basis of the person's claim, the court shall award to the state that employs the person the amount that would otherwise be awarded to the person pursuant to this subsection (5).

(b) If the state does not intervene in and proceed with an action pursuant to subsection (3)(b) of this section, the person prevailing in the action or settling the claim must receive an amount that the court decides is reasonable for collecting the civil penalty and damages. The amount must be at least twenty-five percent but not more than thirty percent of the proceeds received from the action or settlement and must be paid out of the proceeds. The court shall award the person an amount for reasonable expenses that the court finds to have been necessarily incurred, plus reasonable attorney fees and costs. The court shall award all of the expenses, fees, and costs against the defendant.

(c) Regardless of whether the state intervenes in and proceeds with an action pursuant to subsection (3)(b) of this section, if the court finds that the action was brought by a person who

planned and initiated the violation of section 24-31-1203 upon which the action was brought, the court may, to the extent the court considers appropriate, reduce the share of the proceeds of the action that the person would otherwise receive pursuant to this subsection (5), taking into account the role of the person in advancing the case to litigation and any relevant circumstances pertaining to the violation. If the person is convicted of criminal conduct arising from his or her role in the violation of section 24-31-1203, the court shall dismiss the person from the civil action and the person must not receive any share of the proceeds of the action. Such dismissal does not prejudice the right of the state to continue the action.

(d) If the state does not intervene in and proceed with an action pursuant to subsection (3)(b) of this section and the person who brought the action pursues the action, the court may award to the defendant reasonable attorney fees and expenses if the defendant prevails in the action and the court finds that the claim of the person was clearly frivolous, clearly vexatious, or brought primarily for purposes of harassment.

(6) **Certain actions barred.** (a) A court does not have jurisdiction over an action brought pursuant to this section:

(I) Against a serving member of the general assembly, a member of the state judiciary, an executive director of a state agency, or an elected official in the executive branch of the state of Colorado acting in the member's, executive director's, or official's official capacity;

(II) Against a serving elected official of a political subdivision, a member of a political subdivision's judiciary, or an appointed official of a political subdivision acting in the member's or official's official capacity; or

(III) If the action is brought by a person pursuant to subsection (3) of this section and is based on evidence or information known to the state when the action was brought.

(b) A person may not bring an action pursuant to subsection (3) of this section that is based upon allegations or transactions that are the subject of a civil suit in a court of this state or an administrative civil money penalty proceeding in which the state is already a party.

(c) (I) A court shall dismiss an action or claim brought pursuant to subsection (3) of this section if the action pursued by the person is based upon substantially the same allegations or transactions publicly disclosed in a criminal, civil, or administrative hearing; in a legislative, administrative, or formal audit report, hearing, or investigation; or from the news media, unless:

(A) The state intervenes and prosecutes the action pursuant to subsection (3)(b) of this section;

(B) The state opposes dismissal; or

(C) The person who brought the action is an original source of the information that is the basis for the action.

(II) As used in this subsection (6)(c), "original source" means an individual who:

(A) Prior to public disclosure pursuant to subsection (6)(c)(I) of this section, has voluntarily disclosed to the state the information on which the allegations or transactions in a claim are based; or

(B) Has knowledge that is independent of and materially adds to the publicly disclosed allegations or transactions and has voluntarily provided the information to the state before filing an action pursuant to subsection (3) of this section.

(7) **State not liable for certain expenses.** The state is not liable for expenses that a person incurs in bringing an action pursuant to subsection (3) of this section.

(8) **Private action for retaliation.** (a) As used in this subsection (8), unless the context otherwise requires:

(I) "Confidential information" includes documents; e-mails and other electronic data; medical records; financial records; trade secret information; intellectual property; or information that is subject to an employment agreement, confidentiality agreement, or nondisclosure agreement or for which the person who brought the action pursuant to subsection (3) of this section has a fiduciary obligation to maintain as confidential. Confidential information does not include information that is protected by the defendant's attorney-client privilege unless the privilege was waived, inadvertently or otherwise, by the person who holds the privilege; an exception to the privilege applies; or disclosure of the information is permitted by an attorney pursuant to 17 CFR 205.3 (d)(2), the applicable Colorado rules of professional conduct, or otherwise.

(II) "Lawful acts" includes, but is not limited to, the following:

(A) Conducting or assisting with an investigation for, initiation of, testimony for, or assistance in an action filed or to be filed pursuant to this section, or conducting or assisting with an investigation when there is a reasonable belief of a potential violation of this section;

(B) Meeting with potential or retained counsel or agents or representatives of the state about the matter that is the subject of an action filed or to be filed pursuant to this section;

(C) Providing the individual's counsel or agents or representatives of the state with confidential information; or

(D) Filing an action pursuant to this section.

(b) An employee, contractor, or agent is entitled to all relief necessary to make that individual whole if the individual is discharged, demoted, suspended, threatened, harassed, intimidated, sued, defamed, blacklisted, or in any other manner retaliated against or discriminated against in the terms and conditions of the individual's employment, contract, business, or profession by the defendant or by any other person because of lawful acts done by the individual or associated others in furtherance of an action brought pursuant to this section or in furtherance of an effort to stop any violation, or what the individual reasonably believes to be a violation, of section 24-31-1203.

(c) (I) If the disclosure of confidential information is in furtherance of an action brought pursuant to this section or in furtherance of an effort to stop any violation, or what the individual reasonably believes to be a violation, of section 24-31-1203, an individual has a privilege to disclose the confidential information to:

(A) The individual's counsel;

(B) A person with whom the individual has a statutory or common law privilege; or

(C) An agent or authorized representative of the state.

(II) The individual's disclosure of confidential information to the individual's counsel or to an agent or authorized representative of the state does not constitute a waiver by a defendant of any right or privilege that the defendant may be entitled to invoke.

(d) (I) An individual seeking relief pursuant to this subsection (8) may seek relief by:

(A) Filing a motion in the action brought pursuant to subsection (3) of this section; or

(B) Bringing a separate action in an appropriate court of the state for the relief provided pursuant to this subsection (8).

(II) An individual who seeks relief pursuant to this subsection (8) is entitled to all relief necessary to make the individual whole. The relief must include, but is not limited to:

(A) If the individual is an employee, reinstatement with the same seniority status the individual would have had but for the discrimination, twice the amount of back pay, and interest on the back pay;

(B) If the individual is a contractor, subcontractor, or independent contractor, reinstatement of a contract or subcontract that was canceled, nonrenewed, or modified because of retaliation, with all compensation or contractual consideration that the individual would have received had the contract or subcontract not been canceled, nonrenewed, or modified; and

(C) Compensation for any special damages sustained as a result of the discrimination or retaliation, including litigation costs and reasonable attorney fees.

(e) (I) The court shall award the individual not less than the damages described in subsection (8)(d)(II) of this section if a defendant, employer, or other person retaliates against an individual by bringing another action against the individual for:

(A) Acts later determined to be lawful acts;

(B) Disclosure of confidential information to counsel or an agent or representative of the state pursuant to this subsection (8);

(C) Violating an employment contract, confidentiality agreement, nondisclosure agreement, or other agreement; or

(D) Committing any other tort or breach of duty and the court hearing the action determines by a preponderance of the evidence that the defendant, employer, or other person brought the lawsuit against the individual for the purpose of retaliating against the individual.

(II) In addition to any other remedy or share of the proceeds of the action to which the individual is entitled pursuant to this subsection (8) and regardless of whether the individual is determined to be entitled to share in the proceeds of the action or claim filed pursuant to subsection (3) of this section, in addition to any other consequential damages permitted by law, the damages for a violation of this subsection (8)(e) must be not less than:

(A) Twice the individual's actual attorney fees and costs if the defendant, employer, or other person brought the lawsuit against the individual in a court in the state of Colorado; or

(B) Three times the individual's actual attorney fees and costs if the defendant, employer, or other person brought the lawsuit in a jurisdiction outside of Colorado.

(f) (I) The court hearing the action brought pursuant to subsection (3) of this section has jurisdiction to hear a private action or motion for retaliation brought pursuant to this subsection (8).

(II) Upon motion by the individual, the venue of an action filed in another court of the state of Colorado against the individual by the defendant, the employer of the person who brought the action pursuant to subsection (3) of this section, or other person arising out of the subject matter of the action brought pursuant to subsection (3) of this section must be changed to the court hearing the action brought pursuant to subsection (3) of this section.

(9) **Discovery in other actions.** (a) If a person who brings an action pursuant to subsection (3) of this section is a party to or witness in an action other than an action brought pursuant to subsection (3) of this section, referred to in this subsection (9) as an "other action", and a party in the other action seeks discovery from the person of information about other lawsuits, which discovery would require the person to disclose information about an action filed pursuant to subsection (3) of this section while that action is still under seal, the person shall:

(I) Within a reasonable time, notify the state investigating the action brought pursuant to subsection (3) of this section of the pending discovery request; and

(II) Respond to the discovery request by stating only that the matter is confidential, without further elaboration, and shall maintain that response until the state elects to proceed or not proceed with the action brought pursuant to subsection (3) of this section or until the court lifts the seal.

(b) If necessary, in any other action, a person who brought the action pursuant to subsection (3) of this section or the attorney general may file an ex parte motion, in camera and under seal, seeking a protective order or an extension of time for the person to respond to a discovery request. If a party in the other action moves to compel an answer to the discovery, the person who brought the action pursuant to subsection (3) of this section shall file, ex parte and in camera, a response to the motion to compel, in which the attorney general may join. The response to the motion to compel must remain under seal until such time as the state elects to proceed or not proceed with the action or until such time as the court lifts the seal.

(c) Notwithstanding any provision of this subsection (9) to the contrary, information about an action filed pursuant to subsection (3) of this section that is protected by the defendant's attorney-client privilege is not discoverable in any other action unless the privilege was waived, inadvertently or otherwise, by the person who holds the privilege; an exception to the privilege applies; or disclosure of the information is permitted by an attorney pursuant to 17 CFR 205.3 (d)(2), the applicable Colorado rules of professional conduct, or otherwise.

24-31-1205. False claims action procedures - limitation on action - standard of proof. (1) A civil action pursuant to section 24-31-1204 may not be brought after the later of:

(a) More than six years after the date on which the violation of section 24-31-1203 is committed or the date on which the last in a series of such acts or practices occurred, whichever is later; or

(b) More than three years after the date on which facts material to the right of action are known or reasonably should have been known by the official of the state charged with responsibility to act in the circumstances, but in no event more than ten years after the date on which the violation of section 24-31-1203 was committed.

(2) (a) If the state elects to intervene and proceed with an action brought pursuant to section 24-31-1204, the state may file its own complaint or amend the original complaint to:

(I) Clarify and add detail, and add additional defendants, to the claims in which the state is intervening; and

(II) Add any additional claims and defendants with respect to which the state contends it is entitled to relief.

(b) For statute of limitations purposes, any pleadings by the state relate back to the filing date of the original complaint filed by a person pursuant to section 24-31-1204 (3), to the extent that the state's claim arises out of the conduct, transactions, or occurrences set forth, or attempted to be set forth, in the original complaint.

(3) In an action brought pursuant to section 24-31-1204, the state or person who brought the action pursuant to section 24-31-1204 (3) must prove all essential elements of the cause of action, including damages, by a preponderance of the evidence.

(4) Notwithstanding any other provision of law, the Colorado rules of criminal procedure, or the Colorado rules of evidence, a final judgment rendered in favor of the state in a criminal proceeding charging fraud or false statements, whether upon a verdict after trial or upon a plea of guilty or nolo contendere, shall estop the defendant from denying the essential elements of the offense in any action that involves the same transaction as in the criminal proceeding and that is brought pursuant to section 24-31-1204.

24-31-1206. Jurisdiction. An action described in this part 12 may be brought in any judicial district in which the defendant or, in the case of multiple defendants, any one defendant can be found, resides, or transacts business, or in which an act proscribed by section 24-31-1203 occurred. A person bringing an action pursuant to this part 12 shall file the complaint in a district court or a federal court with jurisdiction over the action and shall not file the complaint in any other court. The appropriate district court shall issue a summons as required by the Colorado rules of civil procedure and serve the summons at any place.

24-31-1207. False claims civil investigation demands. (1) When the attorney general has reasonable cause to believe that any person, whether in this state or elsewhere, has engaged in or is engaging in any violation of section 24-31-1203, the attorney general may:

(a) Request the person file a statement or report in writing under oath or otherwise, on forms prescribed by the attorney general, as to all facts and circumstances concerning the alleged violations by the person and any other data and information the attorney general deems necessary; except that the person is not required to disclose any information that is protected by the person's attorney-client privilege unless the privilege was waived, inadvertently or otherwise, by the person who holds the privilege; an exception to the privilege applies; or disclosure of the information is permitted by an attorney pursuant to 17 CFR 205.3 (d)(2), the applicable Colorado rules of professional conduct, or otherwise.

(b) Examine under oath any person in connection with the alleged violations;

(c) Examine any property or sample thereof, or any nonprivileged record, book, document, account, or paper the attorney general deems necessary;

(d) Make true copies, at the expense of the attorney general, of any nonprivileged record, book, document, account, or paper examined pursuant to subsection (1)(c) of this section, which copies may be offered into evidence in lieu of the originals thereof in an action brought pursuant to this part 12; and

(e) Pursuant to any order of any district court, impound any sample of property that is material to any alleged violation of this part 12 and retain the same in the attorney general's possession until completion of all proceedings undertaken pursuant to this part 12. A district court shall not issue an order described in this subsection (1)(e) without giving full opportunity to the accused to be heard and unless the attorney general has proven by clear and convincing

evidence that the order will not impair the business activities of the person to whom the order is directed.

(2) When the attorney general has reasonable cause to believe that a person, whether in this state or elsewhere, has engaged in or is engaging in a violation of section 24-31-1203, the attorney general may issue subpoenas to require the attendance of witnesses or the production of documents, administer oaths, conduct hearings in aid of any investigation or inquiry, and prescribe such forms as may be necessary to administer this part 12.

(3) The attorney general may issue subpoenas to any public or private corporation or partnership or association or governmental entity to produce witnesses to appear and give oral testimony at investigative hearings. The subpoenas may designate with reasonable particularity the matters on which examination is requested. In response to the subpoena, the entity shall designate one or more officers, directors, or managing agents, or designate other persons, to testify on its behalf.

(4) A notice or subpoena may be served in the manner prescribed by law or as provided in rule 4 of the Colorado rules of civil procedure.

(5) (a) If the records of a person who has been issued a subpoena are located outside this state, the person shall either:

(I) Make them available to the attorney general either electronically or at a convenient location within this state; or

(II) Pay the reasonable and necessary expenses for the attorney general, or the attorney general's designee, to examine the records at the place where they are maintained.

(b) The attorney general may designate representatives, including comparable officials of the state in which the records are located, to inspect the records on behalf of the attorney general.

(6) If any person fails to cooperate with any investigation pursuant to this section or fails to obey any subpoena issued pursuant to this section, the attorney general may apply to the appropriate district court for an appropriate order to effectuate the purposes of this part 12. At the request of the attorney general, the application may be filed in camera and kept confidential to maintain the confidentiality of the attorney general's investigation. The application must state that there are reasonable grounds to believe that the order applied for is necessary to investigate a violation of this part 12. If the court is satisfied that reasonable grounds exist, the court in its order may:

(a) Grant appropriate injunctive relief;

(b) Require attendance of or the production of documents by the person, or both;

(c) Grant other or further relief as may be necessary to obtain compliance by the person.

24-31-1209. Use of recoveries - false claims recovery cash fund - creation. (1) The state treasurer shall transfer all proceeds retained by the state from a false claims action brought pursuant to this part 12 to the false claims recovery cash fund, which is hereby created.

(2) Any money in the fund not expended for the purpose of this section may be invested by the state treasurer as provided by law. All interest and income derived from investment and deposit of money in the fund shall be credited to the fund.

(3) (a) Subject to annual appropriation by the general assembly, the department may expend money from the fund for necessary actual costs of carrying out its duties pursuant to this part 12.

(b) (I) When proceeds retained by the state from a false claims action are deposited into the fund, the attorney general shall determine the amount of the proceeds that should remain in the fund for use by the department for the costs of carrying out its duties pursuant to this part 12 and the amount of any proceeds deposited into the fund that are attributable to a political subdivision.

(II) If the amount of the proceeds is equal to or exceeds the amount of the false claim plus the department's costs, the attorney general shall direct the state treasurer to transfer to the original fund from which the false claim was paid an amount equal to the false claim. If all or part of the proceeds are attributable to a political subdivision, the attorney general shall direct the treasurer to pay to the political subdivision, as described in subsection (3)(c) of this section, an amount equal to the false claim.

(III) If the amount of the proceeds is less than the amount of the false claim plus the department's costs, the attorney general shall direct the state treasurer to transfer to the original fund from which the false claim was paid a pro-rated amount based on the actual recovery. If all or part of the proceeds are attributable to a political subdivision, the attorney general shall direct the treasurer to pay to the political subdivision, as described in subsection (3)(c) of this section, a pro-rated amount based on the actual recovery.

(IV) For the purposes of a false claims action involving a violation of section 24-31-1203(1)(g), the relevant fund is the unemployment compensation fund established in section 8-77-101.

(c) No later than seven days after the attorney general directs the state treasurer to make a payment to a political subdivision pursuant to subsection (3)(b) of this section, the state treasurer shall issue a warrant to be paid upon demand from the fund to the political subdivision in the amount specified by the attorney general.
