2. To generally require the four candidates that receive the highest number of votes at the all-candidate primary election to be placed on the ballot for the general election for the corresponding covered offices and provide for exceptions when there are fewer than four candidates or when a candidate who would otherwise be placed on the ballot becomes unavailable to be placed on the ballot;

Substantive Comments and Questions

The substance of the proposed initiative raises the following comments and questions:

1. Article V, section 1 (5.5) of the Colorado constitution requires all proposed initiatives to have a single subject. What is the single subject of each of the proposed initiatives?
2. The following questions and comments relate to the provisions concerning "Instant Runoff Presidential General Elections" in proposed section 1-4-301.5 in proposed initiatives 2023-2024 ## 209 to 212:
 - a. Proposed section 1-4-301.5 refers to "slates" of candidates for the offices of president and vice president of the United States. This term is not defined in the initiative and does not appear elsewhere in article 4 of title 1 of the Colorado Revised Statutes. Do you think this term should be defined to avoid ambiguity?
 - b. Should section 1-5-409, which states that "Each office in every election shall be voted upon separately, and no emblem, device, or political party designation shall be used on the official ballot at any election by which an eligible elector may vote for more than one office by placing a single cross mark on the ballot or by writing in the name of any political party or political organization," be amended in order to comport with proposed section 1-4-301.5?
3. The following question relates to the provision concerning the "**Effective date – applicability**" clause in proposed initiatives 2023-2024 # 211 to 218:

- a. Would the proposed initiatives referenced in subsection (2) also be conditioned on the passage of separate proposed initiatives? If not, would the structure of general elections be impacted if only one of the proposed initiatives was passed?

Technical Comments

The following comments address technical issues raised by the form of the proposed initiative. These comments will be read aloud at the public meeting only if the proponents so request. You will have the opportunity to ask questions about these comments at the review and comment meeting. Please consider revising the proposed initiative as suggested below.

1. The following technical comments relate to proposed initiative #209:
 - a. When writing amending clauses, there should be no space between the subsection and paragraph number (i.e. "(2)(b)" rather than "(2) (b)"). (This happens on page 12 and 13).
 - b. In section 1-4-1304 (1), the word "and" does not need to appear twice. Also, there should be a blank line between paragraphs (b)(I) and (c). (On page 16).
 - c. When adding a section number to a list of existing section numbers, in order to make the addition clear, the new section number should be expressed in ***bold italics***. This applies to "1-4-802.5" in section 1-4-1304 (1) of the proposed initiative. (On page 16).
2. The following technical comment relates to proposed initiative #211:
 - a. When a statutory subsection contains definitions, typically the headnote of the section will reflect this (i.e. "**1-4-207. General elections for covered offices – definitions.**" rather than "**1-4-207. General elections for covered offices.**") (Page 1).
3. The following technical comment relates to proposed initiative # 213:
 - a. When striking words and adding new words, the words that are being stricken should appear before words that are being added in small caps (i.e. "for ~~a particular~~ AN OFFICE OTHER THAN A COVERED office" rather than "for AN OFFICE OTHER THAN A COVERED ~~a particular~~ office"). (Pages 6 and 7).
4. The following technical comment relates to proposed initiative # 214:

- a. When creating a new subsection, the subsection number only needs to be written once. (Page 6, (1.5) is repeated.)
- b. When amending a word so that it appears in the plural form rather than singular, strike the entire singular word and re-write the plural in small capitals (i.e. "~~candidate~~ CANDIDATES" rather than "candidates"). (Page 6).
