The General Assembly has expressed its intent that this funding be used to prioritize retention of first generation, underrepresented minority, and low income students in FY 2021-22 and future years consistent with the goals of Colorado's Higher Education Master Plan. It has indicated that this may include the development, enhancement, and expansion of programs to recruit and retain such students as well as steps to reduce the cost of higher education through tuition rate freezes, reductions, and need-based scholarships for Colorado resident students. The General Assembly anticipates that the Colorado Commission on Higher Education may incorporate conditions in fee-for-service contracts with state institutions and grants with local district colleges and area technical colleges to ensure *that the additional \$41.8 million in funding allocated to the institutions* is used to supplement and not supplant existing institutional efforts to recruit and retain first generation, underrepresented minority, and low-income students, including reducing the financial barriers to students pursuing higher education through tuition rate freezes, reductions, and need-based scholarships for Colorado resident students. The Commission is requested to coordinate and submit a report to the Joint Budget Committee by October 1, 2021 that describes how these funds will be used for FY 2021-22 and future years.
