Article 47.2—Tribal-state Gaming Compact

OLLS suggested this article be moved to Title 24, Article 60, Interstate Compacts and Agreements. There was no public comment on the suggestion. If you have comments, please provide them to Esther van Mourik.

In a later meeting, it was subsequently learned that there are two compacts that have been entered into as a result of the authority granted in this article, and OLLS may need to consider codifying the agreements along with the provision of authority.

Additionally, during a discussion in the meeting with the Department of Revenue representatives and stakeholders about the limited gaming article, it was suggested that it might make more sense to move the gaming compact language, along with the limited gaming article, to a proposed new title (see summary from the Department of Revenue meeting). OLLS will invite a Governor's Office representative to the next stakeholder meeting in order to encourage discussion.
