Jo Feder For League of Women Voters of Colorado, Legislative Action Committee	<p data-bbox="565 373 1461 630">My name is Jo Feder and I am testifying in support of HB22-1056 as a member of the League of Women Voters of Colorado's Legislative Action Committee. The League believes it is desirable for children to be raised in their own homes and educated in their own communities whenever possible. Institutions used for the care of children should meet modern standards with emphasis placed on individual care, caseworkers, service and records.</p> <p data-bbox="565 672 1461 772">This bill sets up emergency temporary shelter and emphasizes returning children to their home or placement in an alternative setting with five days which is desirable.</p>
