HB25-1087 Confidentiality Requirements Mental Health Support

Bryce Griffin For themselves	My name is Bryce Griffin. I am a Corporal with the Larimer County Sheriff's Office. I am also the Peer Support Team Coordinator for our agency. I am in favor of this bill. I believe this will remove another roadblock for our law enforcement personnel to get mental health help. By widening and clarifying the confidentiality, it will encourage more people to reach out for help when they need it. People often times will not reach out for mental health help because they are afraid of people finding out that they are struggling. This bill will safeguard this information and will in turn, keep our officers healthier and able to do their jobs which in turn makes our communities better and stronger. Thank you for your consideration.
