Jeany Rush For themselves	<p>TO: Senate State, Veterans, &amp; Military Affairs Committee</p> <p>RE: SB25-138 Permanent Reductions to State Income Tax</p> <p>Sponsor: Carson 2-27-25</p> <p>FROM: Jeany Rush, Colorado Springs Constituent</p> <p>VOTE: YES</p> <p>Permanent Reduction of State Income Tax, is something I support, and further, should be done much sooner.</p> <p>Why cannot this be done in the next 5 years. Perhaps even sooner!</p> <p>This bill refers to taxable income of individuals, estates, trusts, and corporations. Taxing estates, properties transferred when there is a death, should not even be allowed.</p> <p>People have paid taxes when they purchase, when they improve, when they sell, when they invest, and should not also have to pay taxes when they transfer to their families, etc. The IRS and the Federal Reserve should not exist as they are currently. There is a lot of</p> <p>truth to come out in the next 6 months.</p> <p>I would suggest you all watch: The Great Taking Its free and findable on youtube, rumble.</p> <p>Further, if we tax, it would be much more beneficial, and fair to make it a fair tax on products.</p> <p>Not sure what that rate would be but certainly not more than 10%. In light of the Trillions of dollars the current administration is finding which have been squandered, abused, sent to foreign nations, is beyond horrible. We all have suffered, while too many politicians, institutions, NGO's etc. have taken from the taxpayers. I welcome accountability, and a reckoning for stopping these thefts, and hope it will bring in a much more accountable era for us all.</p> <p>The residents of Colorado have been over taxed, penalized, and harmed in the last 4 or more years, and that harm is not sustainable for most in the middle class. Communist countries destroy middle class citizens to gain control of people. I hope we stop that trend in our state, and I welcome more bills like this one to right the wrongs, and basically give back what was taken from the people.</p>
