

TO WHOM IT MAY CONCERN:

I'VE BEEN ON FOODS THE PAST 4 YEARS DUE TO BEING  
HOMELESS, I CURRENTLY USE SNAP TO PURCHASE  
GROCERIES. ONE OF MY BIGGEST ISSUES IS NOT HAVING  
HOT FOOD TO CONSUME. ITS OFTEN HARD TO FIND  
PLACES THAT WILL ALLOW ACCESS TO COOK MEALS.  
IT WOULD BE AWESOME TO PURCHASE FOOD FROM  
A FEW SELECT RESTAURANTS) CHAINS LIKE  
DENNY'S, IHOP, MCDONALD'S, BURGER KING, AND WENDY'S  
THIS WOULD BE QUITE ADVANTAGEOUS FOR THE  
HOMELESS COMMUNITY TO RECEIVE HOT MEALS.

Made would have nice  
Being in a situation that was  
not a choice of mine but was  
the consequence of life. I would have  
never thought a prepared meal would  
be something I could ever really  
have in my life. and it wasn't!  
Even though a cooked meal is something  
every living being should have once in  
a while. If there are restaurants  
willing to except EBT as a form of  
payment then why not let it be  
available to people who rely on  
EBT as a life source. People may look  
at it as a privilege to dine at a restaurant,  
but who decides who is privileged and  
who is not? I don't think any man or  
woman would be qualified to make a decision  
like that.

Thanks for your time  
Respectfully Jackie Seigmiller

I Hop food all time

I Hop food hot food good food its good  
to eat that is diffent. It wood be nice eat  
in restaurants that would help help to benefit  
restaurants in the people on foodstamps  
thank you

Edward Rodriguez,

I currently am not receiving  
Snap Benefits. However, there was a time  
in my life that if I was not given  
the Blessing of food Stamps I'm not sure  
I would have survived that period of my  
life. I was thankful and at no time  
would I want to seem ungrateful.  
With that being said, although having  
the options of many food products that  
I could have made a meal for myself,  
The option of having a place or even  
the tools needed to make a meal were  
just not available at the time. Not  
for me. I agree that having the option  
to sit down in a warm place  
once in a while and have a meal already

I HAVE BEEN HOMELESS SINCE 2018 AND DID NOT  
 START GETTING FOOD STAMPS UNTILL NOVEMBER  
 2024 WHEN I DECIDED TO CHANGE MY LIFE  
 AND STOP DOING DRUGS THIS ALSO MEANT I NEEDED  
 TO STOP COMMITTING CRIMES TO PAY FOR DRUGS,  
 FOOD AND HOTEL ROOMS AND WHATEVER ELSE I NEEDED  
 THE POSITION I AM IN NOW DOESNT ALLOW FOR  
 COOKING JUST A MICROWAVE WHITCH DOES NOT  
 ALLOW FOR HEALTHY BALANCED DIET BEING ABLE TO  
 USE STAMPS AT RESTAURANTS WOULD IMPROVE MY DIET  
 AND MY HEALTH AND PROVIDE SANITARY FOOD IN A NON  
 THREATENING ENVIRONMENT SEVERAL RESTAURANTS OFTEN RUN  
 SPEACIALS THAT REALY IS WHAT PEOPLE LIVING ON THE STREETS  
 MUCH HEALTHYER THEN WHAT CAN BE OBTAIN FROM LIMITED STORES  
 OR IN THERE CARS OR HOTELS CAN IMPROVE ANY ONES HEALTH  
 I SURVIVED 5 YEARS ON PROSED FOOD AND NOW MY HEALTH  
 HAS DETERIORATED FRESH FOOD WILL IMPROVE ANY ONE'S HEALTH  
 AND MAYBE A CHANGE IN POLICY WILL KEEP PEOPLE FROM  
 WAITING TILL A RESTAURANT CLOSES AND GRABING FOOD OUT OF  
 THE DUMPSLER I FEEL THAT NO MAN SHOULD BE THAT  
 DESPERATE WHILE OTHER PEOPLE THROW FOOD AWAY EVERY  
 DAY

Hello,

My name is Blaine Smith and during  
my time either jobless or homeless, I've  
deeply depended on the Colorado SNAP  
Program. To be honest I believe it's

an amazing program not only does it  
prevent people & families from starving  
but it also helps eliminate theft across  
the state. From previous experience of  
being homeless it's difficult to always  
find or have a place or equipment to cook  
and or store the food. By allowing SNAP  
to be used with most stores is great

but by allowing restaurants to participate  
in the program it would not only benefit  
our local restaurants by providing more business  
in the community, It would also give low

income families a chance to dine out &  
experience what most cannot. This change  
would bring more good with zero consequences.

Also increasing the income limit to match the Medicaid  
limit would be highly recommended. I know senior citizens  
that get \$25 a month that barely buy eggs  
and that are struggling
