

Senate Local Government & Housing

04/09/2025 Upon Adjournment

HB25-1211 Tap Fees Imposed by Special Districts

Typed Text of Testimony Submitted

Name, Position, Representing	Typed Text of Testimony
<p>Joan Poston Amend themselves</p>	<p>Dear Members of the Local Government and Housing Committee,</p> <p>Please review what you are trying to accomplish, with the selective enforcement of water taps.</p> <p>This bill is unfair and leads to the regulation of a certain population.</p> <p>If you think that water taps are so restrictive and do not help with the conservation of water, why just regulate just a special group and not the whole state?</p> <p>Without amendment to include the whole state, the bill becomes arbitrary and capricious, and open to law suits.</p> <p>Last spring, this bill was introduced as HB24-1463 restriction on tap fees, sponsored by Rep. C. Degruy Kennedy, and was rejected resoundingly.</p> <p>Why is it only good for a select population and not for the whole state?</p> <p>Sincerely, Joan Poston MT(ASCP)</p>
<p>Mike Scheid Against East Larimer County (ELCO) Water District</p>	<p>My name is Mike Scheid. I am the General Manager for and providing this written testimony on behalf the East Larimer County (ELCO) Water District.</p> <p>ELCO provides potable water service to approximately 25,000 residents in a 53-square mile area located north and east of the City of Fort Collins.</p> <p>While the Reengrossed form of House Bill 25-1211 is a substantial improvement over the earlier versions, ELCO remains in opposition to passage of the Bill.</p>

	<p>If the minor amendments proposed by Senator Kirkmeyer are incorporated into the language of the Bill, ELCO's position on House Bill 25-1211 would shift from "against", to "amend".</p> <p>Thank you.</p>
