Testimony Report HB21-1028

Aubrey	Hasvold	For	Colorado Coalition for the Homeless	<p>Member of the House Transportation and Local Government Committee, _x000D_ _x000D_</p> <p>On behalf of the Colorado Coalition for the Homeless, I urge you to support HB21-1028 to implement annual public reporting of affordable housing funding and creation by the Department of Local Affairs' (DOLA) Division of Housing. _x000D_ _x000D_</p> <p>Colorado has been faced with a housing crisis for years. According to DOLA, there are an estimated 170,057 Colorado households living at or below 30 percent of the area median income (AMI), with only 31 affordable and available units per 100 of these households. This situation has only worsened during COVID-19. _x000D_ _x000D_</p> <p>The Colorado General Assembly must ensure that all Coloradans, particularly those facing the greatest barriers to housing stability, are able to access safe, secure, sanitary housing options. To achieve this goal, we must better understand what dollars are available, how they are being used, and where the gaps are. _x000D_ _x000D_</p> <p>Because everyone benefits when all Coloradans have a place to call home, I respectfully ask for your "yes" vote on HB21-1028. Thank you for your consideration. _x000D_</p>	3/10/2021 10:50
