**Performance Characteristics**

**Analytical Performance:**

**Limit of Detection (LoD):**

LoD studies determine the lowest detectable concentration of 2019-nCoV at which approximately 95% of all (true positive) replicates test positive. The LoD was determined by limiting dilution studies using characterized samples.

The analytical sensitivity of the rRT-PCR assays contained in the CDC 2019 Novel Coronavirus (2019-nCoV) Real-Time RT-PCR Diagnostic Panel were determined in Limit of Detection studies. Since no quantified virus isolates of the 2019-nCoV were available for CDC use at the time the test was developed and this study conducted, assays designed for detection of the 2019-nCoV RNA were tested with characterized stocks of in vitro transcribed full length RNA (N gene; GenBank accession: MN908947.2) of known titer (RNA copies/ $\mu$ L) spiked into a diluent consisting of a suspension of human A549 cells and viral transport medium (VTM) to mimic clinical specimen. Samples were extracted using the QIAGEN EZ1 Advanced XL instrument and EZ1 DSP Virus Kit (Cat# 62724) and manually with the QIAGEN DSP Viral RNA Mini Kit (Cat# 61904). Real-Time RT-PCR assays were performed using the Thermo Fisher Scientific TaqPath™ 1-Step RT-qPCR Master Mix, CG (Cat# A15299) on the Applied Biosystems™ 7500 Fast Dx Real-Time PCR Instrument according to the CDC 2019-nCoV Real-Time RT-PCR Diagnostic Panel instructions for use.

At their May 11, 2021, Business Meeting, the Board of Douglas County Commissioners passed a resolution [Declaring that Douglas County Residents are Free to Choose How to Protect Their Lives and Livelihoods From COVID-19.](#)

In summary, the resolution states that the Board is opposed to any ongoing mask mandate, requiring proof of vaccination, and any other related restrictions that potentially disenfranchise local citizens of the right to make their own health care choices for themselves and move freely within society.

Commissioners Abe Laydon and George Teal voted in favor of the resolution, while Commissioner Lora Thomas voted against.
