Autumn Brooks For Self	I am Autumn Brooks a cannabis patient and a mother of a cannabis patient. I am writing to refer to my emails to committee members with my testimony in favor of HB21-1058, as it does not appear I will be able to testify with the time constraints. I also was having trouble trying to upload my testimony here. Hence, I am referencing my emails.
Crystal Beattie For Self	Hello!! Due to the limited access and availability for Americans with Disabilities I ask that you vote yes on HB 21-1058. Having telehealth available during this pandemic has been the utmost helpful being so immune compromised. I am able to visit with my doctor online and obtain my medical card with ease and no stress which is extremely important in my life. Vote Yes!!!
