Anadelia X For Colorado Peoples Alliance	I worked in housekeeping at Gaylords Rockies Resorts at the beginning of the pandemic and was lowered hours and eventually laid off. There is no job for us, some girls were able to get a few days in other resorts but I am older and it's more difficult. My son and I were in a car accident and our car was totaled. We don't know how we will pay for rent and I was only given until the 5th. Some friends bring us food sometimes but it is just hard to stay afloat. Neither of us are eligible for relief and don't have family in Colorado. My husband went back to our country 3 years ago and we are alone here. I don't know what to do if I can't find a job. We have worked very hard since we moved to this Country, and it is hard to imagine that we would be in this hardship. Please support this bill to help families like mine.
