Re: Letter of Support – H.B. 20-1044 – Concerning modifications to the pension plans administered by the fire and police pension association

On November 7, 2019, the Special District Association of Colorado (SDA) Board of Directors voted to support legislation that has been introduced in the Second Regular Session of the 72nd General Assembly as H.B. 20-1044 – Concerning modifications to the pension plans administered by the fire and police pension association.

This legislation was developed over a series of Task Force meetings sponsored by the FPPA. The Task Force was comprised of a broad spectrum of stakeholders who are intimately involved in the operations of this vital program. The open process brought forth numerous suggestions to ensure the future solvency of the FPPA.

In the end, the Task Force developed a package of statutory modifications that gained consensus support. Few efforts of this size and magnitude are able to achieve unanimous support and the Task Force operated in a consensus environment.

The SDA Board considered the proposed legislation and voted to support the bill that would be introduced in the 2020 legislative session. The proposal is now in the form of H.B. 20-1044.
