BY: Ryan Haley

DATE: 1/30/19

TIME: 2:34 PM

PARTIES PRESENT: Health & Insurance Committee & 300+ witnesses

NOTES: This Bill, HB19-1032, is legislative overreach, especially since Colorado is a local control state. It also appears to disproportionately represent a very small minority of Colorado residents. A 2017 Gallup poll found that an estimated 4.3% of Coloradans identify as LGBTQ, yet 7 out of 8 members of the oversight entity referred to in HB1032 must be those "who are members of groups of people who have been or might be discriminated against", ostensibly meaning LGBTQ members. 7/8 members is 87.5%, so unless there are at least 163 members of this oversight committee this is a disproportionate representation of a very small minority. Additionally, it is not normative nor healthy to be explicitly instructing 4th-graders on sex, regardless of orientation or gender identity. Finally, prohibiting "the explicit or implicit teaching or endorsing" of religious ideology... is a violation of freedom of speech and freedom of religion.

NOTES:

I strongly oppose this evil bill
as have been stated it is a total
perversion - indoctrinating, Do Not ~~expensive~~
with our children.

Sexual education belong to their parents
Not to the school. Stop this mental disorder!

this is not to be a Law

Why? Children don't belong to the government
they belong to their ~~pop~~ parents

I agree that should not be violence

We all know Planned Parenthood is

Not about caring for children

selling babies part is horrendous

Killing babies even to the 9 month. - Murder!

Sexual consent is for older, mature
children - Not for small kids

I continually hear that parent can opt out

I hope that is truly a FACT -
and be done!

I strongly oppose this bill

As a citizen of the State of Colorado, we implore you to oppose HB-1032. We can all agree that $4 + 4 = 8$, but we all have differing views on how our children should be taught about sex, sexual orientation, gender identity, and contraception, etc. We firmly believe the state has no right to impose its belief on its citizens, who pay taxes to support these schools. The text of the bill states that parents have the right to opt out, however, the text also states no parental notice is required regarding comprehensive sex education in other contexts.

These decisions are better left to the school boards and parents, who are the primary educators of their children. The more control the state has, the less control parents have, and that is a step in the wrong direction.

Sincerely, Gabriel Kalmar and Holly Kalmar

I am a parent of 5 children. As my choice I choose a Colorado charter school. explicitly b/c I do not support ^{comprehensive} Human Sexuality Curriculum being taught by the state. These are not the values of our school or our family. This bill would mandate morally compromising content. There is no scientific research that supports the content of what is being taught. As a resident of Colorado I appreciate my right to choose the school I feel fits my family. The Government shouldn't be involved in the curriculum choice of the people.

I am in opposition of this bill. This bill seeking the silencing of religious view points.

As a citizen and a parent and a voter in Co,
It is my desire that LGBT values should not
be a part of the school's curriculum. If my child
were to have questions about sexuality, they can
discuss it with me as their parent. This should not
be something the school should be teaching our
children, or to be pushed on them. Taking the
power away from the parent and exposing them
to your ideals is wrong.

Students whose parents have chosen to opt their child out of sex education are risking that their child will be bullied/~~black-balled~~ black-balled by other students who ~~are~~ attended the sex education classes.

A bill on teaching students their right to choose when they are ready is what needs to be taught. That it's okay to say "no" to an experience they are not ready for.

- More than 1 million sexually transmitted Diseases (STD) are acquired every day worldwide.
- EACH YEAR, THERE ARE AN ESTIMATED 357 MILLION NEW INFECTIONS WITH 1 OF 4 STD'S: CHLAMYDIA, gonorrhea, syphilis and trichomoniasis.
- More than 500 Million people are estimated to have genital infection with herpes simplex virus (HSV).
- More than 290 million women have a Human Papillomavirus (HPV) infection (1).
- STD's such as HSV type 2 and syphilis can increase the risk of HIV acquisition.
- In some cases, STD's can have serious reproductive health consequences beyond the immediate impact of the infection itself (e.g., infertility or mother-to-child transmission).
- STD's like herpes and syphilis can increase the risk of HIV acquisition three-fold or more.
- HPV infection causes 528,000 cases of cervical cancer and 266,000 cervical cancer deaths each year.
- STD'S SUCH AS GONORRHEA and CHLAMYDIA are major causes of Pelvic inflammatory disease (PID) and infertility in women. (Aug. 3, 2016 WHO Statistics)

THE ONLY 100% EFFECTIVE WAY TO PREVENT SEXUAL TRANSMISSION OF HIV AND STD'S IS THROUGH ABSTINENCE. Abstinence is the only method to completely eliminate the possibility of sexual transmission of HIV or STD's

Sex Ed ~~is~~ belongs to the parents. Colorado is failing the parents and students ~~is~~ by implementing this bill.

In a recent publication, 67% are on track in English to be college ready. They are only 43% on track for college in math. Why are you not focusing on accountability for teaching math & english which is way below the national average. If the state of Colorado is failing so poorly in these areas, what makes you think that the schools are qualified to teach comprehensive sex-ed & what are the odds that it will be taught correctly based upon their current performance of standards, at a bare minimum you should postpone this bill until Colorado is at least at the National Average on Math & English scores — Vote No

Those who oppose this bill have differing views of the validity of "facts" as presented in this bill.

Colorado government should not dictate which sexual "facts" are taught to our children.

"Facts" vary, depending upon who your speaking with or which internet link you're looking at.

Those with liberal mindsets respond to the facts presented without considering that those who oppose them, don't view all of these "sexual facts" as truth.

Adults should find common ground before imposing directives on our children.

Please, vote NO on this bill.

Thank you,

Helen Williams!

Hi, I vote NO on Bill HB1032
It will hurt our future generations,
on the way they think, and behave.
Children are innocent, and they
should be taught by their parents
about sexuality. Let no evil ways
come to schools in deceiving a
child, and it should be a choice of
their hearts not in a forceful
way.

Testify:

Good Afternoon Committee Chair Members:

My name is Mocha Fuller and as a Christian, Parent and Colorado voter, I implore you to vote NO on HB19-1032. This bill is designed to promote a form of cultural shifting, or change, in our children.

Culture change is a term used in public policy making, that emphasizes the influence of **cultural** capital on individual and community behavior. It has been sometimes called repositioning of **culture**, which **means** the reconstruction of the **cultural** concept of a society.

HB19-1032 is designed to force our children and grandchildren into a type of thinking and training that goes against our Christian values and beliefs according to the WORD of GOD, which is, The BIBLE. This is a type of brainwashing practice which means :

the process of pressuring someone into adopting radically different beliefs by using systematic and often forcible means. This is not appropriate practice or appropriate behavior nor does it have anything to do with the fundamental or foundational educational training and values of the original school curriculum, that most of you and I grew up with. Teaching a child how to be a different gender than what the LORD, JESUS CHRIST has made he or she to be, goes against the Holy Scriptures. GOD does not make mistakes.

HB19-1032 is not in the best interest of our children. Life has enough challenges without added pressures from the state pushing their agenda to create confusion and discord for our children and families.

This bill proposes to take the local control of education from Colorado School Districts, which make the decisions on issues regarding school curriculum and give it to the State Legislature to interfere in the decisions that are not their business , and should be best left, to our local school boards.

I want you to think about this Bible Scripture found in:

2 Corinthians 4:4 New Living Translation (NLT)

“Satan, who is the god of this world, has blinded the minds of those who don’t believe. They are unable to see the glorious light of the Good News. They don’t understand this message about the glory of Christ, who is the exact likeness of God.

We, the Christian community, therefore respectfully reserve the right to refuse any bill or proposal by the government that forces us to accept all forms of sexual perversion prohibited by the HOLY BIBLE. We proclaim that JESUS has provided the cure for all sin and therefore reach out to the sinner in love, but do not embrace the sin, knowing its destructive nature.

Therefore, we as Christians, choose to obey God rather than man.

Please VOTE NO on HB19-1032
