Bill 1032

1-30-19

I can't believe I am sitting here today.

Let us talk about dignity, respect, and self-protection.

But let us look deeper at why people have chosen

"alternative" lifestyles. I have ~~s~~ at least 3 friends

who have had abortions, 3 friends who have engaged

in homosexual relationships, and many others

who are still in homosexual relationships - ^{all as a result} of some type of offense.

The ~~core~~ pain that exists in each of these

individuals is nothing less than torment.

"Healthy" relationships seem to have different

definitions. Religion aside... what happened

to the simple reality that it is a man & woman

that come together to procreate? No, we are not

to bully those who are suffering this torment,

who are reaching out in any way they can

to cope. But let us find ways to gently

get to the core of their pain so that they

no longer feel they have to hide from the

offenses that have caused them to make

decisions that bring on further pain.

Please, vote No!

Dear Representatives:
As a Colorado voter I would like
to communicate that I am against
HB 19-1032.

The wording in this bill as it
states "However nothing in this section
requires written notification for
programming on gender, gender
expression, sexual orientation, or
healthy relationships that occurs
outside the context of Human
Sexuality Instruction" So implying
this bill gives an option ~~to opt~~ to opt
out is untrue and a lie. Refer
to 1032 & TLB.

Thank you,
Shanon Conley

My name is Vicki Wiese and I represent myself. I am a mother of 4 children and 8 grand-children. I recently educated myself concerning this bill and was absolutely appalled ~~at~~ ^{at} the explicit sexual content agenda of the Comprehensive Sexuality Education ~~Curriculum~~. From my research I learned that the ^{History} basis of the ~~Curriculum~~ ^{bill} is backed by the Kinsey Report. Kinsey is credited for the sexual revolution of the 60's + 70's. He used detail diaries of pedophiles detailing sexual exploits of children as young as 2 months old. Kinsey rejoiced at the detail diaries of the pedophiles. (ref New York Times article 10/3/2004)

The data was published in his research "Sexual Behavior in the Human Male". Judith Beisman an independent researcher (2 decades of research) called Kinsey "A man who produced and directed the rape and torture of hundreds of infants and children - Disgusting ^{this is the} foundation!".

Sue Ellen Browder, an award winning investigative journalist brings to light some of the main criticisms of Kinsey's scientifically flawed version of the truth regarding human sexuality.

Before the sexual revolution only 2 sexually transmitted diseases were gonorrhea + syphilis.

who has more than 3 or more sex partners increases her risk of cervical cancer by as much as 1,500 percent. Kinsey

~~He~~ saw sex as an animal instinct with no morality. Kinsey saw no difference between a man having sex with a woman or a sheep. Kinsey trained pedophile observers who sexually abused more than 300 minors.

According to the US Dept of education sex crimes between ~~students~~ are increasing between female teachers and students.

will this soon be considered a healthy relationship?

What is age appropriate? What is positive sex concept? What is a healthy relationship?

It fails to teach the emotional psychological and physical health risks of promiscuous sexual activity.

Testimony of Michelle Blair 1/30/19

Dear Panel,

I vote no to HB 1032. This topic of sex ed should be taught by the family. This should be the parents decision; when and how.

This topic should not be taught by health personell / the government. They should not decide when. How do they determine age appropriate? I don't believe anyone but the parents should determine this.

Every child is different and learns at a different time. I represent myself and my family and we vote ~~no~~ to this bill, HB 1032.

This is not the answer to unwanted pregnancies, AIDS, etc.

PS. what other subject in school do kids decide ~~if they get~~ what information they should be taught.

MY NAME IS BURT YELIN, I REPRESENT CONG. ROSEN ISRAEL,
WHERE I HAVE BEEN THE RABBI FOR 34 YEARS.

I WILL REFRAIN FROM REITERATING THE TESTIMONY THAT RENDERS
THIS BILL IMMORAL.

I WISH TO ADDRESS WHAT I SEE AS AN INCONSISTENT SENSE
OF MORALITY BEING PROPOSED

THE NUMEROUS ADULT VIDEO SHOPS ARE RESTRICTED, CHILDREN
CANNOT ENTER. THESE SHOW EXPLICIT SEXUAL CONTENT.

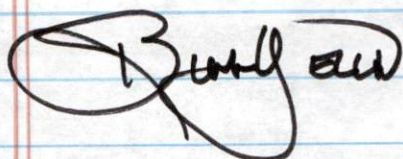

I AGREE WITH NOT EXPOSING CHILDREN TO THIS.

HOWEVER, THIS BILL WOULD ALLOW THESE SAME FILMS,
UNDER THE GUISE OF EDUCATION, TO BE SHOWN IN
SCHOOLS. THIS WOULD, IN EFFECT, SANCTION THE
BEHAVIOR SEEN.

THE TESTIMONY OF VARIOUS DOCTORS INDICATED THEY
WERE WRONG IN THEIR EARLIER OPPOSITION TO
SHOWING CHILDREN GRAPHIC SEXUAL CONTENT.
WHAT IF THEY ARE WRONG AGAIN?

SHOWING YOUNG CHILDREN PORNOGRAPHY CANNOT BE
A GOOD IDEA. IN EVERY OTHER ARENA OF OUR
SOCIETY THEY WOULD BE PROTECTED FROM
SEEING THIS MATERIAL.

THANK YOU FOR LISTENING.

The Legislators ~~and Supporters~~ in support of this bill insist it will not be a method to "instruct" our youth on techniques for practices of sexual activity.

However many of the youth who have spoken in favor of this bill believe it's institution would in-fact be a way for them to learn how to have "safe sex" whether in a heterosexual or a LGBTQ relationship.

This disparity is evidence that this poorly thought out bill will not be the answer that even the proponents believe it will be.

Please vote No on HB19-1032.

No vote for the welfare of our children
Where is the morality?.

A No vote on LGBTQ. 1032
— This Bill is outrageous.

Sexual preferences should not by a group
be allowed to be forced on our children.

This responsibility and obligation belongs
to the parents and family. Not the government

This bill is dangerous to the mental, physical,
stability of our children. Compared to the
dangers of people in bandage to pornography.
Because this is what our children would
be forced to view. Damaging results. on
their lives.

We already have a suicide rate that's off
the charts. Because of identity crises.
Abused minds.

This dangerous attempt to pass this
Bill needs to be stopped in its tracks now.

Is the state prepared to foot a
Bill for mental health. - Assume all responsibility
morally and legally??

I saw in my own family with a brother
who practiced Homosexuality, Gay life
style. Died from Aids after a painful
ordeal daily, until he passed.

I stand firm that the state has
no right to interfere with the rights
of parents and children by taking
their right to say No - NO means
No.

My name is Kristana Slie. I am a mom, a teacher, and I lead an anti-human trafficking task force.

The problems with this bill:

1) it forces the teaching of gay, lesbian, & transgender sexuality as normal without allowing any moral constraints. This bill is simply indoctrination.

2) This bill discriminates against people with moral values.

3) This bill takes authority away from the parents

4) it will cause confusion among young people

As a society, we call what is good, evil, and what is evil, good. We are upside down and backwards.

The majority of the population believes in traditional marriage and gender values. It is the parents' role to teach their children morals. Why would the school go to great effort to undermine the parent's values of traditional marriage and gender by forcibly teaching their children the opposite? It is not the state's role to decide what values should be taught. The motive is obviously not to help the family or the children but to force the will of the minority on the majority. Lawmakers should not take it upon themselves to force the schools to teach morals that the teachers & parents do not agree with. You are overstepping your authority. The moral training and education of the child is the parent's authority, not the lawmakers. Lawmakers need to stop legislating morality and trying to dominate other spheres of authority.

School system? Schools should be places for learning reading, writing, & math, not a social experiment for the latest political agenda. What is the purpose of forcing sexual perversion on our children?

To pass HB 1032 would cause a generation of young people to stumble into confusion. Confusion about their identity. It could take them a lifetime to sort through the confusion. The Bible is very clear that ~~it would be better~~ we should not cause little ones to stumble.

As I listen to the testimonies, the debate is over what should be taught during school sex education. The answer is to leave this topic to the parents, not the state.

Please vote NO on HB-1032

Healthy sex + relationships boundaries are set by God, the one true God of the Bible + creator of all things. He (God) set sex for in committed marriage by a man + a woman. Two men or two women cannot have babies as God created us. Marriage should be honored by all + the marriage bed kept pure, for God will judge the adulterer and all the sexually immoral. Hebrews 13:4

The marriage relationship of one man + one woman is an analogy to point to the spiritual relationship with God to be healthy. God so desires a healthy committed relationship with each of us. HB-1032 teaches the perversion (shift away from the pure + healthy sexuality). The perversion of sex leads us away from GOD who created us for relationship with God first + than other people.

us Please vote NO as this teaching will draw us away from GOD Not closer to GOD

Statement from Ellen Lukan,
Denver mom & entrepreneur

This bill institutionalizes the child abuse of our Colorado children thru forcing information and ideology on them that is supported by a small segment of the general population. This bill trespasses on constitutional rights, freedom of speech and parental rights.

In an increasingly confusing world, our children deserve stability.

Information about human biology provides stability while this curriculum is designed to confuse & prematurely sexualize our children. There is zero science that alternative sexualities produce healthy human beings in contrast to the pillar of strength & stability the traditional family has provided for thousands of years.
