Honorable Members of the House Business Affairs and Labor Committee,

The Colorado Springs Chamber of Commerce and Economic Development Corporation supports the passage of SB 19-103.

This common-sense legislation ensures that our future entrepreneurs have the opportunity to run small businesses legally and without unnecessary interference. SB 19-103 removes heavy-handed laws currently on the books prohibiting children from running occasional businesses like shoveling snow, mowing lawns, or selling lemonade or baked goods. These kinds of endeavors are time-honored ways to learn skills like making change, marketing services, charging appropriate rates, and managing income and outflow.

The State of Colorado should be encouraging kids to who take the initiative to learn these skills through these kinds of businesses, and we applaud the sponsors of SB 19-103 for sponsoring legislation to do so.

Respectfully,

A handwritten signature in cursive script that reads "Rachel Beck".

Rachel Beck  
Vice President
