AutoSock® is the traction device for icy and snowy roads

- ⊕ Easy and fast to fit and remove, even in cold and difficult weather
- ⊕ Highly effective temporary aid on snow and ice
- ⊕ Tested and approved by TUV, an independent road and transport research institute in Germany
- ⊕ Lightweight and easy to store
- ⊕ Reusable and machine washable
- ⊕ Quiet and not noticeable while driving
- ⊕ Approved for use by leading car manufacturers
- ⊕ Works with all electronics (traction control systems, ABS)
- ⊕ Does not cause damage to rims, suspension, or body
- ⊕ Usable with alloy rims - even when snow chains must not be mounted!
- ⊕ Meets CDOT criteria in Colorado as an alternative traction device to tires chains and Onorm Austrian strict chain requirements for passenger and truck vehicles.
- ⊕ Now meets California, Washington, and Oregon requirements for an alternative traction device to chains
