

Abdul Juma

Thank You Honorable Chairman Foote and Committee Members,

My name is Abdul Juma and my address is [REDACTED] and I am a member at the Columbine Bridge Project and on the Youth Action Board.

I am here to talk about why teachers should have gun at school but they should keep it in a safe place that only the teachers and staff will know. The teachers should also get trained on how to use them in a lock down.

I care about this because some of the kids at school are scared of guns and some other students might want to get the guns and try to use it at school. Also some teachers might not use them safely when they are mad at kids.

I would be very grateful it if you voted in favor of this bill.

This issue matters to me because I am a student, and a shooting might happen at my school and my friends could get hurt.

I greatly appreciate your willingness to listen to my testimony and hear what kids feel and how they are scared of a lock down. Parents are also afraid of lock downs and school shootings and this bill could help.

Thank you for your time and consideration.
