**WHAT HAVE YOUR STATE SENATORS BEEN UP TO?**

HEARING THURSDAY 4/18 TO PASS THIS BILL! (SB226) - The bill prohibits any state-level collaboration that attempts to reduce carbon dioxide emissions. It also blocks the governor from promoting the goals of the Paris Climate Accord.

**WHAT HAVE YOUR STATE SENATORS ALREADY DONE?**

Passed a bill allowing frackers to blackmail cities/counties into letting them frack anywhere (SB192)

Passed a bill (SB230) that requires an owner forced to allow fracking to pay the other owners 200% of the forced-owner's share of the costs of drilling, including equipment. The bill increases the penalty to 300% for wells greater than 5,000 feet in depth and for [all] horizontal wells.

Blocked a bill (SB-64) requiring transition to 100% clean electricity by 2050

Blocked a bill (HB1274) to Reduce Greenhouse Gases (GHGs) by 80% by 2050.

Blocked a bill (SB117) to collect climate change data

Blocked a bill (HB1071) requiring frackers to place public health/safety over profits (going against the courts/Martinez decision)

Blocked (SB48) a bill allowing local communities to define how frackers can operate in a jurisdiction

Blocked a bill (HB2160) encouraging [not requiring] utilities to provide EV infrastructure

Blocked a bill (SB63) requiring frackers to properly fund accident and land reclamation
