

Colorado School Districts

Concurrent Enrollment 2015-16

*Shaded districts have at least one participating student in CE

167 of 178 Colorado school districts offer concurrent enrollment/ college class options.

Of the remaining 11 districts, 4 offer AP classes to students.

The 7 districts that do not offer college or AP classes serve approximately 820 students. This equates to 0.09% of all Colorado students.

99.91% do have access to college and/or AP classes.
