

Re: Parkway Impact to I/270-76
Transportation Bill 1242

My name is Bettie CREAM, an
Elyria/Swansca Resident for over 65 years.

The Elyria/Swansca Neighborhood
have protested over 10 years plus to be
saved from ~~this~~ destruction.

Elyria is one of the original
towns built in Denver. It brought
the livestock industry to the North Area.
When a town is built it has a heart,
Elyria has a heart. It also has the
footprints of history, family heritage
and past voices of the West.

Over 50 years ago C.D.O.T. carved
I-70 through Elyria and broke its heart.
Now C.D.O.T. wants to totally devastate
it again by widening the lanes in a 40' ditch.

Our Neighborhood is 85% Latino and a low
income population. Elyria wants to be
a community again. Not just an area
full of roads. We are asking the
transportation committee to ~~not~~ ~~to~~ join^{us} in the
widening of I-76 and 270 north. Let Elyria
be a community again, not just a race track
and let Elyria have a heart again.

Thanks, Bettie CREAM 4344 Josephine St. Denver CO 80216
